

Ancient 1921

Chapter 1921 Promotion Channels

When Ye Feng arrived at the center of the Yuhuashen Gate, he immediately saw an extremely majestic hall, standing on a huge mountain.

The entire hall was made of bronze, and it looked extremely majestic.

At this moment, Ye Feng flew up directly.

But before he entered the bronze hall, he was already stopped by two people at the door.

These two people are the guardians of the Bronze Hall. They are wearing silver armor and look powerful.

A man in silver armor immediately spoke out: "In the core hall of Shenmen, outer disciples have low status and are not allowed to enter."

Buzz!

But at this moment, Ye Feng didn't say any nonsense and directly released his cultivation momentum.

That was clearly the aura of the Titled God Realm!

"The tenth level of the divine weapon realm!"

The two guardians in silver armor couldn't help but exclaimed.

With this kind of cultivation, let alone the outer sect, even among the inner sect, he is definitely a first-rate master.

At this time, the two silver armored guardians were thinking that this young man was probably the kind of person who had been practicing outside for a long time and wanted to make a splash in the inner sect competition.

A silver-armored guardian immediately raised his hands respectfully and said, "It turns out to be a senior fellow from the Titled God Realm! We are ignorant! Senior brother, please come in!"

Watching the changes in the attitudes of the guardians in front of them, from indifference at the beginning to compliments now.

Ye Feng knew very well in his heart that no matter where he went, he would always be respected by his strength.

If you have strong strength, you can gain respect from others wherever you go.

And if you are extremely weak, you will be treated like an ant everywhere.

At this time, Ye Feng nodded and walked directly into the core hall.

There are many disciples of the Ascension God Sect in the main hall, most of them are inner sect disciples, and there are also some extremely powerful core disciples who are at the advanced level of the Titled God Realm.

Ye Feng ignored these people and walked to the counter first, looked at the very cute junior sister behind the counter, and said loudly: "Junior sister, I want to certify the inner disciple."

The cute junior sister immediately turned her face and stared at Ye Feng. She seemed a little surprised that such a young outer disciple would become an inner disciple seriously?

However, this cute junior sister didn't say much and just went about business. She usually took Ye Feng's identity token and started using a special spirit pattern pen to write on Ye Feng's identity token.

Enter something into the card.

"Okay, senior brother, your identity token has become an inner disciple."

The cute junior sister immediately spoke up.

Ye Feng nodded, took away his identity token, and then asked with a trace of inquiry in his eyes: "By the way, junior sister, I want to ask something. Among our Yuhua Shenmen, except Besides the inner sect competition, are there any other channels through which I can be promoted?"

Ye Feng was new to Yuhuashenmen and really didn't understand these things.

When the cute junior sister heard what Ye Feng said, she immediately smiled and said: "Senior brother, you have entered the Titled God Realm. You are so powerful, but you don't even know these basic common sense. It seems that senior brother is a A man of asceticism."

Ye Feng smiled and said aloud: "Since I entered the Yuhuashenmen, I have been practicing hard. Basically, I spent all the time practicing in the wilderness, so for the Yuhuashenmen, Some of the rules are really unclear, so I just came here now to ask my junior sister to tell me."

When the lovely junior sister heard what Ye Feng said, she immediately smiled and said: "Okay, since this senior brother wants to hear what he wants to hear, then I will tell you. In our Yuhua Shenmen, if you want to be promoted to a higher status level, the first step is to participate in the inner sect competition. If you can stand out in the inner sect competition, it means that you are a precious disciple in the inner sect and will get many privileges, such as entering some places that ordinary disciples cannot enter. Practice in the holy land and enter the inheritance temple to exchange for powerful inheritance."

Ye Feng nodded: "It seems that this inner sect competition is very important."

The cute junior sister smiled and said: "With senior brother's current level of cultivation, if he directly participates in the inner sect competition, there will be no problem, and he can even directly become a first-rate genius among the inner sects. However, I advise senior brother to still Set your goals higher and go directly to the core competition."

Ye Feng's eyes showed a hint of surprise, and he said loudly: "The core competition should be more important than the inner sect competition."

The lovely junior sister nodded and said with a smile: "Of course, the core competition is the second channel for promotion, followed by the True Inheritance Trial, and finally the Holy Son Selection. If senior brother can reach the last step, he is qualified. If we participate in the selection of the Holy Son, then maybe our senior brothers can become the direct disciples of the Human Emperor of the Wilderness who is the leader of our Ascension God Sect."

Ye Feng heard what this cute junior sister said so much, and finally understood the promotion mechanism of the entire Yuhua Shenmen.

A certain understanding.

Inner door competition!

Core competition!

True test!

Selection of the Holy Son!

Step by step, if you can participate in the final selection of the Holy Son, you may even become the apprentice of the Human Emperor in the wilderness!

This is an unimaginable honor!

I'm afraid it's the inner dream of every young human race!

At this time, Emperor Chu spoke in Ye Feng's mind: "Ye Feng, if you have the opportunity, you must strive to become the disciple of the Human Emperor. The Human Emperor represents the most powerful existence in the human race, and his cultivation is unfathomable. To you, There are huge benefits for the future."

Ye Feng nodded slightly. No need for Emperor Chu to tell him, Ye Feng also knew how great the benefits of becoming a disciple of the Human Emperor were. It was tantamount to becoming the hope for the future of the human race.

At this time, Ye Feng thanked this lovely junior sister again and again, and then gave this lovely junior sister a divine crystal as a reward.

Next, Ye Feng walked to another part of the central hall and exchanged all the rare treasures on his body such as golden thunderwood that he could not use for contribution points.

A total of nine thousand contribution points were exchanged, which can be said to be a huge fortune.

After Ye Feng left the central hall, he walked directly towards the inheritance temple.

He wanted to see if he could redeem some powerful martial arts inheritance.

Although he also has many powerful inheritances, top-level inheritances such as the Heavenly Reincarnation Technique and the Divine Elephant Prison Suppressing Technique cannot be easily used in public. Otherwise, not only may one's identity be exposed, but one may even cause trouble. Coveted by the strong.

Half an hour later, Ye Feng arrived at the Heritage Temple, but what shocked him was that when he saw that the lowest-priced inheritance required 90,000 contribution points, Ye Feng immediately stopped talking.

It seems that my nine thousand contribution points are not enough in front of the Heritage Temple.

"It seems that I can only exchange it for some pills to increase my cultivation."

Ye Feng shook his head helplessly.

However, he also understands that after all, the inheritances that can be selected into the inheritance temple must be extremely powerful and advanced, and naturally require a huge amount of contribution points to redeem them.

But just when Ye Feng was about to turn around and leave, a bell suddenly rang not far away.

"Dang Dang Dang!"

This kind of reputation seemed to represent some special meaning. Ye Feng immediately saw that many of the inner disciples of the Yuhua Shenmen in the mountains around him, including even the core disciples, were all

They are all walking quickly in a certain direction.

Ye Feng immediately stopped someone and asked: "Sister, what does this bell mean? Why do I see everyone walking in such a hurry in this direction?"

This senior sister with a big head glanced at Ye Feng and said quickly: "Junior brother, you must have just been promoted to an inner disciple. The ringing of the bell means that God Lord Hongchen is about to give a public sermon. This is an unexpected event. It's something that cannot be asked for, so many disciples will listen to the sermon."

After saying that, the senior sister immediately jumped up and disappeared from Ye Feng's eyes in the blink of an eye. Now she couldn't wait any longer.

"Lord of the Red Dust God?"

Ye Feng murmured at this time.

There are ten divine masters in the Yuhua Shenmen. Each of them is a Tao realm existence that has surpassed the title of god realm. They are very powerful. They can be said to be the top existences in the wilderness, second only to the legendary ones. The human emperor.

Being able to listen to the sermons of a god-level figure is indeed enough to drive everyone crazy.

Ye Feng saw at this time that even many elder-level figures were rushing towards the direction where the bell rang.

"This God Lord of the Red Dust seems to be a very good big shot. He actually has time to preach publicly occasionally. This is a good deed that benefits everyone."

Ye Feng thought in his heart and followed the others quickly in that direction.

In addition to listening to the sermons of this mortal god, Ye Feng also had a small thought in his heart.

This time I hit a wall in the inheritance temple and didn't get a single inheritance.

This made Ye Feng a little depressed.

But this time, I was able to publicly meet a human god to preach.

Ye Feng secretly thought to himself, "I wonder if the fourth bloodline talent "Celestial Mirror" awakened by the Chaos Emperor Art can be used to copy the Lord of the Red Dust, so that I can get the energy copy of the Lord of the Red Dust. Fight with him continuously and obtain the inheritance of a divine master!"

The more Ye Feng thought about it, the more excited he became, but he also knew that although the Emperor's Divine Mirror could completely copy the copies of other powerful men, it would require a huge amount of his own soul power.

The last time Ye Feng copied Princess Coral, he almost exhausted his power.

But now Ye Feng's cultivation level has been greatly improved, and his soul power has also reached a higher level.

I wonder if it is possible to copy a big shot at the level of a god into the space of the Divine Mirror of the Emperor.

If possible, then Ye Feng will definitely make a lot of money!

Chapter 1922 Core Disciple Group

At this time, Ye Feng followed a group of other disciples and quickly flew in that direction in the distance.

Soon he arrived at his destination.

This is a towering mountain with many fairy mists surrounding it, making it look like a fairyland.

At this time, high in the sky shrouded in fairy mist, there was a great hall emitting white divine light.

At this time, in the hall, there was an extremely beautiful and hazy figure sitting.

This is a woman, like a fairy above the nine heavens, looking full of endless holiness and nobility.

This one is the Lord of Red Dust!

She is the only female god lord among the top ten god lords of Yuhua Shenmen!

"very powerful."

At this time, Ye Feng came to the foot of the mountain shrouded in fairy mist, and immediately felt an unfathomable aura. .??.

He looked at the Lord of Red Dust sitting in the main hall high in the sky, and felt that he was a god-like figure.

He is worthy of being named a god-lord level figure in the Yuhua Shenmen.

This is a Tao Realm existence that truly transcends the level of the Titled God Realm!

Possessing extremely terrifying cultivation and strength!

It can be said that it is the mainstay of the Yuhua Shenmen and even the entire human race in the wilderness!

At this time, everyone present looked at the Red Dust God Lord with deep respect and awe.

Because to them, the top ten god-lord level figures are definitely the most advanced and noble beings in the Feathered God Sect.

Moreover, God Lord Hongchen can be said to be the most friendly God Lord, because she often shows her traces and often preaches in person in the entire Yuhua God Sect, and many people have benefited a lot from it, let alone disciples. , even some powerful elders and protectors can gain a lot from the sermons of God Lord Hongchen.

Therefore, God Lord Hongchen may not be the most powerful among the ten God Lords, but he must be the most supported.

The other God Lords are basically in seclusion, and some have even been in seclusion for hundreds of years without appearing.

Or several other divine masters, they are all invisible figures, very mysterious, and basically ordinary people cannot see their whereabouts.

So at this moment, God Lord Hongchen appeared, and everyone was cheering, with deep excitement in their eyes.

For many people, every sermon given by God Lord Red World is tantamount to a chance blessing.

At this moment, Ye Feng saw that many disciples around him and even some very old people began to sit down on the spot, and their expressions began to become solemn, as if they were about to make a pilgrimage.

Ye Feng did not join in the fun at this time. He looked around and found a relatively remote place.

This is a place very far from the place high in the sky above the God of Red Dust.

Beneath a distant valley.

Basically no one comes here.

Because here you can hardly hear the voice of God Lord Hongchen preaching.

Ye Feng naturally does not need to listen to the sermons of this Red Dust God Lord. What he wants is to copy this Red Dust God Lord and enter his own Divine Mirror of the Heavenly Emperor.

At this moment, God Lord Hongchen suddenly opened his eyes in the hall high in the sky.

Almost at this moment, an extremely terrifying aura emanated from this woman's body, like an extremely heavy mountain, pressing on everyone's hearts, making everyone feel a kind of Feeling of suffocation.

"God Lord Hongchen seems to be more powerful than before!"

"No wonder she suddenly started preaching. It seems that her realm has broken through again."

"We are blessed again this time. Maybe we can break through right on the spot while listening to the Lord God's sermon."

...

At this moment, everyone present could not help but shout with excitement.

They were all waiting for God Lord Hongchen to begin his sermon.

At this time, under the remote valley, Ye Feng slowly released the fourth bloodline talent awakened by his Chaos Heavenly Emperor Technique: the Heavenly Emperor Divine Mirror.

Buzz!

Almost instantly, a huge mirror appeared in front of Ye Feng, emitting a hazy light of chaos.

"Start copying!"

Ye Feng didn't waste any time. He immediately activated the power of the Heavenly Emperor's Divine Mirror and shined it in the direction of the Red Dust Divine Lord high in the sky.

The Divine Mirror of the Heavenly Emperor is the most precious treasure in the world. It is a powerful talent awakened by Ye Feng. No matter how powerful the person is, they will not be alarmed when it is copied.

And at the next moment, Ye Feng suddenly felt that his soul power was rapidly drying up.

He felt that his brain had withered all of a sudden, as if he was about to die.

"Emperor Chu! Hurry up and lend me some soul power!"

At this time, Ye Feng immediately yelled.

Ye Feng never thought that the copy of God Lord Hongchen would be so terrifying.

The copying had just begun, and all of his ten thousand-level soul power had been completely consumed in one fell swoop.

It's really terrible!

It is indeed a powerful existence that has transcended the realm of titled gods and stepped into the realm of Tao!

At this time, Emperor Chu also sensed Ye Feng's rapidly depleting soul power. He immediately said: "Master! What are you doing! Why is the soul power depleted so quickly?"

? "

Emperor Chu didn't know the function of Ye Feng's Heavenly Emperor's Mirror, but at this moment he sensed that Ye Feng's soul power was rapidly depleting and he was about to die. He was immediately shocked and transferred his soul power into Ye Feng's mind. middle.

"Boom!"

With the powerful soul power of Emperor Chu, an ancient power, Ye Feng could finally copy it to his heart's content.

For half an hour, when the ancient power of Emperor Chu was almost drained, a copy of the God Lord of the Red Dust finally appeared in the Divine Mirror of the Emperor of Heaven.

"Done!"

Ye Feng's face was filled with joy.

"Master, give me a Shiquan Dabu Dan, I'm almost drained..."

Emperor Chu's weak voice sounded.

Ye Feng nodded, took a soul-replenishing elixir, put it into the storage ring, and asked Emperor Chu to take it himself.

The next moment, Ye Feng had left the place and left this place where the Lord of Mortal God preached.

Ye Feng was not very interested in these powerful men's sermons.

Because he doesn't need to understand the state of mind at all. As long as he has enough energy, Ye Feng can continue to improve.

Moreover, the simulated body of God Lord Hongchen has been copied into the Divine Mirror of Heaven. Ye Feng can enter the space of Divine Mirror of Heaven at any time, fight against Lord Hongchen, and secretly learn various martial arts moves and inheritance from Lord Hongchen.

However, Ye Feng knew that the clone of God Lord Hongchen was absolutely terrifying, because it had exactly the same characteristics as the original body.

Ye Feng felt that if he entered the Divine Mirror of the Heavenly Emperor and fought against the Lord of Red Dust, he would definitely be tortured miserably.

"It's better to wait until my cultivation level becomes stronger before fighting against the Lord of Red Dust. Otherwise, I will be killed by her in one move. Not only will I not learn anything, but it will also be very painful."

Ye Feng thought secretly in his heart.

When fighting the clone in the Emperor's Mirror, Ye Feng would not be killed. He would only be knocked out of the space of the Emperor's Mirror with one move.

This is still very painful for Ye Feng. Although he will not die, he will definitely suffer heavy injuries.

Therefore, if he wants to learn good things from the clone of God Lord Hongchen, Ye Feng is going to wait until his cultivation level becomes a little stronger, and then slowly consume the energy of the clone of God Lord Hongchen until only 100% is left. One, or only one-thousandth of it is left. When the time comes, the clone of God Lord Hongchen will be almost as good as his own. Then he can force the clone to use the life-saving martial arts inheritance, and he can learn it secretly.

At this time, Ye Feng left from where he was. What he didn't know was that the moment Ye Feng left, Lord Hongchen noticed him.

Of course, God Lord Hongchen was not aware of the Divine Mirror of the Emperor of Heaven.

r\u003e

But God Lord Hongchen feels strange that Ye Feng, a small inner disciple, can listen to the sermons of a powerful person like her, which is definitely a good thing that can only be encountered but cannot be asked for, but he has not yet preached, this boy Why did you run away?

"This young man is a little strange..."

God Lord Hongchen murmured in his heart.

But she only paid a little attention. After all, Ye Feng was too weak in her eyes, just an inconspicuous figure. God Lord Hongchen quickly turned his attention to the content of his sermon.

...

After Ye Feng left the place where he preached, he returned directly to his place of residence.

But just when he was about to enter the house, an old man who looked like an elder from the outer sect suddenly came over from a distance and said politely to Ye Feng: "Is your Excellency Ye Feng?"

Ye Feng looked at the old man and nodded with some confusion: "I am Ye Feng, what can I do for you, senior?"

"Senior, I don't dare to be one! I'm just an ordinary outer sect elder, I can't compare to a powerful inner sect disciple like you, Ye Feng."

Obviously, this old man knew that Ye Feng had just certified his identity as an inner disciple, and his cultivation was also very strong.

Ye Feng nodded and said loudly: "Does the elder want to see me for anything?"

The old man smiled and said, "That's it. The Inner Sect Competition is about to begin. I have been ordered to invite you, Ye Feng, to attend a small gathering before the Inner Sect Competition."

"reunion?"

Ye Feng's eyes showed a look of surprise, and he asked aloud: "Who asked you to come?"

The old man said aloud: "It is the president of the God Realm Association among the core disciples who asked me to invite you. His name is Zuo Wudao, and he is a powerful core disciple."

Hearing this, Ye Feng's eyes revealed a look of doubt, and he asked aloud: "I haven't even participated in the inner sect competition to become a core disciple, and someone is looking for me?"

When the old man heard what Ye Feng said, he immediately smiled and said: "With Ye Feng's current cultivation talent and the power you showed in Yuhua City before, you will definitely become the top three in the inner sect competition. It's a sure thing. The president of our Divine Sword Club, Zuo Wudao, is very interested in you, Ye Feng, so he wants to invite you to this party. By the way, he has something special to discuss with you."

"Something special?"

Ye Feng nodded and said aloud: "Since it is the invitation from senior brother, then I will go."

Ye Feng had nothing to do now, and just followed the old man towards the core disciple area of Yuhua Shenmen.

He wanted to figure out what special things Zuo Wudao, the president of the Divine Sword Society in this core group of disciples, wanted to discuss with him?

Chapter 1923 Reconciliation

When Ye Feng followed the old man to the location of the Divine Sword Club.

He saw a majestic palace standing on the ground in the distance.

Being able to have a main hall in the core area of Yuhua Shenmen shows that this Divine Sword Society is quite powerful and has a rich foundation. It is worthy of being a force formed by a core group of disciples.

When the old man brought Ye Feng here, he immediately smiled and said, "They should be waiting for you inside, just go in."

"good."

Ye Feng nodded and walked into the hall.

When Ye Feng entered the hall, he immediately saw four people.

The young man sitting at the top of the hall should be Zuo Wudao, the president of the Divine Sword Club. The aura of cultivation on his body is unfathomable and he is obviously very powerful.

Standing next to Zuo Wudao were a man and a woman. The man was a young man, carrying a dark sword on his back and wearing a white robe. He looked quite mysterious, while the woman was wearing a blue long gown. The skirt outlines the graceful figure of a beautiful young woman, but the aura on her body is extremely powerful and should not be underestimated.

As for the fourth person, he was a young man. At this time, he was staring at Ye Feng coldly, with a faint murderous intention in his eyes.

Ye Feng stared at the fourth young man, and suddenly felt that this young man looked familiar, and seemed to be somewhat similar to Nie Hong, the lord of Yuhua City.

But this young man is much younger than Nie Hong, like a younger version of Nie Hong.

Almost at this moment, Ye Feng immediately guessed something and couldn't help but said: "It seems that you are the younger brother in Yuhuashenmen that Nie Hong mentioned, Nie Tiange, the number one in the inner sect of Yuhuashenmen. Genius!"

Ye Feng noticed that the aura emanating from this young man who had murderous intentions towards him was clearly from the second level of the Titled God Realm.

The cultivation level of the sub-god general in the tenth level of heaven, Dzogchen.

He is worthy of being the number one genius of the inner sect. His cultivation is indeed extremely powerful, and his combat prowess is also probably very extraordinary.

"Pa bang bang..."

And suddenly at this moment, Zuo Wudao, the president of the Divine Sword Club who was sitting at the top of the hall, suddenly clapped his hands and said with a smile: "Junior Brother Ye Feng, you are indeed the strongest newcomer in this session. We In fact, I have been following you secretly for a long time. Since entering the Yuhua Shenmen, your cultivation has improved by leaps and bounds. This time I invite you to come. In addition to wanting to get to know you, there is also a special thing, that is, to let you and Junior Brother Nie Tiange reconciles."

reconciliation?

Ye Feng's eyes showed a look of surprise, as if he didn't expect that Zuo Wudao, a core disciple, invited him here specifically because of this incident.

Ye Feng looked at Nie Tiange, shrugged, and said loudly: "It was all because his brother was too greedy, so I taught him a lesson. I can do anything like reconciliation."

When Nie Tiange heard what Ye Feng said, his eyes immediately became extremely cold, and he said loudly: "But you just destroyed my brother!"

Facing Nie Tiange's cold murderous intent, Ye Feng's eyes were extremely calm, and he smiled and said: "Your brother wants to destroy me, so of course I will treat him in his own way. I will not kill him." He's pretty good."

Although Ye Feng's tone at this time was extremely calm, it exuded a terrifying domineering air.

"you.....!"

When Nie Tiange heard what Ye Feng said, a terrifying aura suddenly erupted from his body.

"Junior Brother Nie Tiange! Don't be impulsive!"

Suddenly at this moment

, Zuo Wudao, who was sitting at the top, suddenly shouted loudly.

He also burst out with a terrifying martial arts aura, which instantly suppressed Nie Tiange's aura.

This Zuo Wudao is worthy of being a core disciple. He even founded some kind of Divine Sword Society. He still has two brushes. His cultivation level is very powerful. He is estimated to be in the fourth level of the Titled God Realm, the God King Realm.

Ye Feng always had an expressionless face and seemed not to be afraid at all. He just stared at Nie Tiange and said loudly: "If you want to fight with me, I can accompany you at any time."

At this time, Zuo Wudao looked at Ye Feng and said: "Junior brother Nie Tiange is the number one genius of the inner sect. Now he has agreed to join our Divine Sword Club, so he can also be regarded as a member of our Divine Sword Club. This The reason I invited Junior Brother Ye Feng to come is actually to invite Junior Brother Ye Feng to join our Divine Sword Club. As long as you two join our Divine Sword Club, then we will all be a family and there will be no need for tit-for-tat. "

Nie Tiange was about to say something, but Ye Feng had already spoken first: "I'm sorry, Brother Zuo Wudao, I am not interested in joining any core disciple group for the time being. I am used to living alone, and it is impossible for this Nie Tiange to be with me. I am reconciled. From the first step I entered this hall, he has always had a strong murderous intention towards me, so there must be a fight between us. "

After saying that, Ye Feng turned around and walked towards the outside of the hall.

He thought there was something special.

It turned out to be such a boring thing.

What a waste of your time.

"Ye Feng! You are so brave!"

Suddenly at this moment, Nie Tiange finally couldn't bear it any longer and shouted loudly: "I will destroy you here today! I will avenge my brother! I can't wait for you to compete in the inner sect." Scrap it, I want it now

I will destroy you and kill you immediately! "

Boom!

Almost at this moment, Nie Tiange took action.

The extremely terrifying cultivation aura of the second level of the Titled God Realm, the Tenth Heavenly Level of the Divine General Realm, suddenly burst out from Nie Tiange.

At this time, Zuo Wudao in the main hall wanted to stop him.

But at this time, a man and a woman next to him suddenly stopped him and said loudly: "President, we better not get involved. This boy named Ye Feng is really too proud for being so rude to us. It's okay to let Nie Tiange teach him a lesson. When this Ye Feng is about to be beaten to death by Nie Tiange, we can rescue him, and maybe we can make this Ye Feng join our Divine Sword Club out of gratitude to us. "

When Zuo Wudao heard the two vice-presidents beside him saying this, his eyes flashed, and he nodded and said: "Fang Xiaoling and Gu Jiansheng, what you two said makes sense, so let's follow what you said. Let's do what we say, let's not take action first and let Nie Tiange teach this newcomer a lesson."

At this time, in the eyes of these three core disciples, it was obvious that Ye Feng was no match for Nie Tiange.

Although Ye Feng is considered a first-rate genius among the inner sect in their eyes, otherwise they would not invite Ye Feng over.

But compared to Nie Tiange, the inner sect's top genius, in the eyes of the three of them, Ye Feng was still a lot worse.

After all, cultivation strength cannot be compensated by relying on talent and the ability to fight at higher levels.

Nie Tiange has almost no opponent among the inner sect.

Even some ordinary core disciples are no match for Nie Tiange.

So at this time, in the eyes of the three people in the Divine Sword Society, Ye Feng's defeat is certain.

Chapter 1924 True Inheritance Trial

Outside the main hall.

"Buzz!"

Killing intent as cold as the ocean boiled across the entire sky.

At this time, high in the sky, Ye Feng and Nie Tiange faced each other from a distance.

Nie Tiange's eyes were extremely cold and he said loudly: "Ye Feng, don't think that you are very strong. In my eyes, you are very weak, even vulnerable. A big gap in realm is like a chasm. It is impossible to across."

Ye Feng didn't make a sound, just smiled coldly and didn't say much.

Nie Tiange continued: "I can give you a chance now. First, hand over the ancient golden talisman, the treasure you snatched from my brother, and then join the Divine Sword Club. However, you must obey the rules of the Divine Sword Club. My order is to become my attendant and serve me for ten years. Maybe I can consider sparing you today."

At this time, Nie Tiange spoke with a huge domineering tone.

Obviously, in Nie Tiange's eyes, he did not regard Ye Feng as his opponent at all. He felt that Ye Feng was just a weak newcomer. Although Ye Feng was stronger than other newcomers, he was just a slightly bigger ant. , you will die if you step on it casually.

Ye Feng suddenly spoke up: "Are you done? Let's fight directly after that."

"What? You...!"

Seeing Ye Feng's calm expression, which seemed to contain a trace of ridicule, Nie Tiange immediately became furious.

He immediately yelled: "How courageous! Since you want to die, then I will make it happen for you!"

Boom! !

A terrifying and boundless murderous aura erupted from Nie Tiange's body in an instant, spreading towards the surroundings like a vast ocean.

"Click..."

"Click..."

The countless mountains and ridges below were shattered and disintegrated inch by inch at this moment.

This Nie Tiange's power has to be said to be indeed terrifying.

Just a thought of killing caused such a terrifying scene, as if the end was coming, and the three core disciples of the Divine Sword Society who were watching not far away had a look of surprise in their eyes.

Zuo Wudao, the president of the God Realm Association, said: "The battle should be over soon. We will take action at the right time to save Ye Feng and make him grateful to us."

...

High in the sky.

Ye Feng's body also had a boiling fighting spirit.

His body began to glow, and facing a strong man like Nie Tiange, Ye Feng also felt a little bit of pressure.

But he was not afraid at all. Every drop of blood in his body was blooming with divine light and surging with monstrous power.

"Boy! I'll kill you with one move!"

Nie Tiange suddenly took action and directly displayed an extremely powerful martial arts inheritance.

"Bahuang is so powerful!"

Nie Tiange's arms suddenly swelled to be as thick as Tianzhu, as if he had become an ancient savage god, releasing the terrifying brute force of the Eight Desolations!

His two hands were like two mountains, grabbing at Ye Feng at once, capable of destroying everything, with terrifying and overwhelming power.

"The Goddess's Infinite Power!"

Ye Feng roared loudly at this moment, and his whole body was suddenly blessed by the divine light of the ancient goddess. All his powers were increased without limit, and he received a huge power bonus.

Even at this time, Ye Feng consumed his energy and blood and released a series of extremely bright ancient divine rings, all surrounding him, increasing his combat power multiple times.

"The Divine Elephant's Prison-Suppressing Skill!"

At this moment, Ye Feng directly burst out his powerful martial arts inheritance without asking for help.

Boom!

Suddenly, the terrifying scene of hell appeared in the void around Ye Feng, and his whole body suddenly expanded and turned into a heavenly idol made of white light, possessing boundless power and capable of suppressing hell.

"Boom!"

Ye Feng transformed into a divine elephant and punched out directly. The huge hoof emitted white light, like stars high in the sky. It was so majestic and vast that it collided with Nie Tiange's barbaric force from the opposite side. together.

"Boom!"

The entire field suddenly erupted with an earth-shaking roar. The sky seemed to be shattered and the earth was about to be crushed. The entire battle area was filled with apocalyptic scenes of destruction, countless divine lights and collision aftermath. It spread everywhere, destroying everything, as if nothing existed, everything was in ruins, it was shocking!

"What?! That Ye Feng actually burst out with such terrifying power?"

"You know, this Ye Feng is only at the first level of the Titled God Realm!"

The three core disciples of the Divine Sword Club who were watching the battle in the distance couldn't help but scream in surprise at this moment.

They even started to retreat, trying to avoid the aftermath of the terrifying collision.

At this moment, even Zuo Wudao, the president of the God Realm Association, had a look of astonishment in his eyes.

Originally, he thought that Nie Tiange would definitely be able to crush Ye Feng, and then he would rescue Ye Feng and make Ye Feng feel grateful to him.

But the result was something that none of the three people expected.

Ye Feng, a newcomer, suddenly burst out with such terrifying energy, which immediately enveloped Nie Tiange. The two of them fought fiercely, not at all like the one-sided crushing they had imagined before.

"Where does this Ye Feng come from? How can he be so terrifying? His fighting power is too strong!"

The young female vice-president of the Divine Sword Association was called Fang Xiaoling. At this time, she couldn't help but said: "We, the Divine Sword Association, cannot control such a person."

After hearing what Fang Xiaoling said, both the president Zuo Wudao and the other vice president Gu Jiansheng couldn't help but fell silent.

If they had heard such remarks before, they would definitely have scoffed at it. After all, what can a new member of the Ascension God Sect who has just been promoted to an inner disciple be capable of?

But now, looking at the terrifying scene of collision high in the sky in the distance, the three of them fell silent.

Such a peerless genius is indeed beyond the control of their small Divine Sword Society.

At this time, Zuo Wudao even felt a little lucky. Fortunately, he had not had any bad impressions with Ye Feng before. Otherwise, if such a person rose up in the Yuhua Shenmen, their Divine Sword Society would definitely not have any good results.

As soon as he thought about this, President Zuo Wudao immediately said to the two vice-presidents beside him: "When the war is over, no matter who loses or wins, we must be polite to Ye Fengke. This Ye Fengke, I dare to conclude that his future is absolutely limitless!"

Hearing what the president said, both Fang Xiaoling and Gu Jiansheng couldn't help but glance at Zuo Wudao, thinking that their president was really a chameleon. Just now, they thought that Ye Feng would definitely lose. Well, now he immediately praised Ye Feng as an unprecedented genius with an unlimited future.

Fang Xiaoling couldn't help but whisper: "It seems that the president is also a person who bullies the weak and fears the strong..."

Zuo Wudao heard Fang Xiaoling's mutterings, but he did not get angry. Instead, he said proudly: "The reason why I have been able to stay in Yuhuashenmen for so long and reach my current status is that I can adapt to the changing circumstances." You should all learn from me."

Seeing that his president actually admitted it directly, no matter he was wearing cyan

Fang Xiaoling, who was wearing a long skirt and a cold swordsman with a white robe and a black sword, was speechless for a moment.

"Boom!!"

At this moment, a terrifying roar suddenly erupted in the distant sky.

Uh-huh!

And at the next moment, a slightly embarrassed figure flew out from the center of the collision.

That turned out to be Nie Tiange! ??

At this time, the top genius of the inner sect, all his clothes were torn, his hair was disheveled, the surface of his body was full of cracks, and red blood was flowing out. He looked very miserable. He had suffered heavy injuries and was now exhausted. The only option is to retreat and escape.

"You showed murderous intent towards me! Obviously you want me to die! You still want to run away now? You can't run away!"

Ye Feng also rushed out from the aftermath of the collision, but at this time, his whole body was radiant, and every drop of blood was blooming with bright divine light. He looked like a young god came to the world, majestic and unparalleled. , with overwhelming power, looking down upon the world, unstoppable!

"The finger of eternal vicissitudes!"

Ye Feng suddenly stretched out a finger, and a huge mountain-like finger immediately landed from high in the sky. It directly hit Nie Tiange's back with a huge force.

"ah!!"

Nie Tiange screamed, his spine was broken, his body was almost broken into pieces, and his head almost moved.

"Spare me! I still have a bright future! I'll be a bull and a horse for you!!"

Nie Tiange actually began to beg for mercy at this time, his tone full of deep fear.

At this time, he understood that this so-called newcomer should not be messed with at all. He was an extremely terrifying existence.

Ye Feng stepped forward from the void at this time, his eyes were shining like a divine sword, extremely sharp, and he stared at Nie Tiange with a hint of ferocity in his eyes: "If I keep you alive, it will be like letting the tiger go back to the mountain, with endless troubles, so, You can only die!"

Nie Tiange suddenly cried out in horror: "This is the core area of the Yuhua Shenmen. Disciples cannot kill each other. If you kill me, you will also receive sanctions from the Law Enforcement Palace! You will also be abolished by then. !"

Ye Feng suddenly laughed and said, "I will just forge a life-and-death duel contract between the two of us."

"What? You...!"

Nie Tiange's expression immediately changed, and then he ran away crazily into the distance.

"There's no escape."

Ye Feng's cruel voice sounded.

Boom! !

The next moment, Ye Feng stretched out his hands and slapped the front.

"Boom!"

Immediately, two extremely huge spiritual energy hands, just like the opening and closing of heaven and earth, smashed the fleeing Nie Tiange into pieces, and directly beat him into a bloody mist.

"hiss!"

The three members of the Divine Sword Club who were watching not far away immediately couldn't help but gasp.

They didn't expect Ye Feng to be so ferocious!

Before they could stop him, Nie Tiange was beaten to pieces by Ye Feng!

This is simply an unimaginable result!

It's incredible!

Simply incredible!

At this time, Ye Feng grabbed it with his big hand and saw that there was no one around. He quietly and secretly collected all the blood energy after Nie Tiange's death into his cuffs, and then swallowed it.

In addition, Nie Tiange's storage spirit ring was also grabbed by Ye Feng and installed directly.

At this time, Ye Feng was very satisfied.

Sora landed.

Ye Feng looked at the three members of the Divine Sword Club not far away and said loudly: "I will forge a life-and-death duel contract with Nie Tiange. You can act as a third-party witness, okay?"

Although Ye Feng was only an inner disciple at this time, his gaze made the three core disciples feel a little chilly.

Zuo Wudao, the president of the Divine Sword Club not far away, immediately said: "Of course! I am happy to serve a peerless genius like you, Junior Brother Ye Feng!"

Ye Feng nodded with satisfaction, wrote a life and death contract on the spot, and then asked three people from the Divine Sword Club to place their fingerprints on the spot as witnesses.

"Okay, we should be able to deal with the group of people in the Law Enforcement Hall."

Ye Feng murmured, put the life-and-death duel contract into his storage ring, and waited for the people from the Law Enforcement Hall to come and give it to them.

Ye Feng wanted to leave.

But at this time, Zuo Wudao, the president of the Divine Sword Club, suddenly said: "Ye Feng, what are your plans next?"

Ye Feng turned around, looked at the venue of the Divine Sword Association, and said loudly: "I don't have any plans. I should participate in the inner sect competition first."

Inner gate competition?

At this time, when the three members of the Divine Sword Club heard what Ye Feng said, the corners of their mouths twitched slightly.

With the cultivation strength Ye Feng showed just now, participating in the inner sect competition will probably make everyone despair.

Zuo Wudao suddenly spoke up: "Ye Feng, with your current cultivation strength, you have already matched many core disciples. It is really a waste of time for you to participate in the inner sect competition now. You can directly participate in the true trial! As long as you pass the True Inheritance Trial, you will not only receive generous rewards, but you may also be selected by some Supreme Elders, or even the Ten Great God Lords, to become their True Inheritance disciples. From then on, your status will be second only to the legendary Holy Son! "

True test?

When Ye Feng heard this, a look of surprise immediately appeared on his face, and he couldn't help but said: "I didn't even participate in the Inner Sect Competition and the Core Competition. Can I directly participate in the True Inheritance Trial?"

The young female vice-president of the Divine Sword Club, named Fang Xiaoling, smiled and said: "Of course, as long as you go to the True Inheritance Hall to show that you are not weaker than the ordinary core disciples, and then add the three of us With the guarantee of the core disciples of the Divine Sword Society, you can directly skip the inner sect competition and the core competition, directly participate in the true inheritance trial, and reach the top in one step, soaring into the sky!"

When Ye Feng heard what Fang Xiaoling said, his eyes immediately lit up.

If this is really possible, it will indeed save you a lot of time.

The True Inheritance Trial is much more valuable than the Inner Sect Competition or the Core Competition.

At this time, Zuo Wudao said with a smile: "And the next true trial is about to start, there is still one month left, Ye Feng, you should be a little tired from the battle just now, you can go back to your place first After a few days of rest, I introduced you and asked Fang Xiaoling to take you to the True Inheritance Hall to verify your strength. After a few of us guarantee it, you can directly participate in the True Inheritance Trial in a month."

When Ye Feng heard what Zuo Wudao said, he knew that the other party was indeed sincerely helping him.

But Ye Feng also knew that the president of the Divine Sword Club was helping him to please him.

But since the other party helps him, that's enough.

Ye Feng smiled and said: "Then thank you three senior brothers and sisters."

Fang Xiaoling immediately smiled and said: "When the time comes for the true trial, can we form a team together?"

After Fang Xiaoling said this, the other two people also looked at Ye Feng.

Ye Feng thought for a moment, then nodded: "It's okay to form a team. After all, it's my first time to participate in the True Inheritance Trial. Let's help each other."

Chapter 1925 Ancient Tianlong Cave

When Ye Feng returned to his residence, sure enough, within a few days, people from the Law Enforcement Hall came to his door.

Several people from the Law Enforcement Hall were all aggressive and seemed to be preparing to find a way to give Ye Feng a good beating.

After all, for the people in the Law Enforcement Hall, if a disciple in a certain sect makes a mistake, they, the people in the Law Enforcement Hall, can get a lot of benefits from it.

For example, threatening this disciple and asking him to donate a certain amount of treasures can alleviate his certain crimes.

So at this time, two people from the Law Enforcement Palace broke into Ye Feng's residence and said loudly: "Ye Feng, right? A few days ago, you killed an inner disciple in the core disciple area. The disciple is called Nie Tiange. This is a huge sin in our Yuhua Shenmen. Just like there is hatred between you, you should not kill him directly. You can go back and accept the punishment with us. Of course, if you are willing to dedicate it to us. If you want some treasures, maybe we can ask the Lord of the Palace for mercy and let your punishment be slightly lighter. It depends on what level of treasures you bring to honor us. "

The two people from the Law Enforcement Hall were talking proudly at this time, as if they were waiting for Ye Feng to beg them.

After all, in their eyes, even some noble core disciples, once they commit a crime, need to be respectful to the people in the Law Enforcement Hall, and they do not dare to offend them in any way.

But at the next moment, what surprised the two law enforcement officials was extremely surprising.

Ye Feng just smiled slightly and took out the life-and-death duel contract that he had forged long ago.

"What's this?"

The two people from the Law Enforcement Hall immediately showed astonishment in their eyes and took the contract in their hands and looked at it carefully.

"This is impossible! How could a normal person directly sign such a life-and-death duel contract!"

The people from the Law Enforcement Palace immediately spoke out with somewhat ugly expressions.

"Who says it's impossible? I can testify for Junior Brother Ye Feng that we were all present when they were fighting."

Suddenly at this time, a light female voice suddenly sounded from outside Ye Feng's house.

The door opened, and a beautiful young woman wearing a blue dress walked in.

It was Fang Xiaoling, the vice-president of the Excalibur Society.

He is also a core disciple.

At this time, Fang Xiaoling looked at the two law enforcement hall disciples and said loudly: "This life and death duel contract can be witnessed by the president and vice president of our Divine Sword Association. It is true."

The two people from the Law Enforcement Hall saw that even the core disciples had spoken up for Ye Feng, so naturally they did not dare to pursue the matter further.

They took the life and death contract and immediately ran out in frustration.

This time they were very unlucky. They didn't get any benefits. It was a waste of time.

At this time, Ye Feng looked at Fang Xiaoling, smiled and said: "Thank you, Senior Sister Fang, for rescuing me.

"

Fang Xiaoling smiled: "It's just a little effort. This is what we promised you."

Ye Feng nodded and said aloud: "Sister Fang is here today to take me to verify my strength?"

Fang Xiaoling nodded and said aloud: "Yes, although there is still one month before the True Transmission Trial, you'd better verify your strength as early as possible. With the three core disciples of our Divine Sword Club vouching for you, you can participate in the True Transmission Trial." Lian is definitely qualified."

Ye Feng thought for a while and said, "Okay, this has to be done anyway, so I will go with you and Senior Sister Fang today."

Fang Xiaoling nodded and led Ye Feng towards the core area.

The whole process went very smoothly. Under the leadership of Fang Xiaoling, a veteran core disciple, Ye Feng encountered almost no obstacles. He quickly verified his strength and became a core disciple. He also had the ability to participate in the true transmission test one month later. Qualifications for practicing.

At this time, Ye Feng felt that it was a good experience to meet three people from the Excalibur Club by chance.

Otherwise, you may not have the chance to directly participate in the True Inheritance Trial, which will waste a lot of time.

After sending Fang Xiaoling away, Ye Feng returned to his place of residence.

Since he is going to participate in the True Inheritance Trial this time, he will definitely meet very powerful core disciples, so he must improve his cultivation level, so that he can safely compete for

the top few in the True Inheritance Trial, and thus He stood out among them and was favored by some powerful elders in the Yuhua Shenmen.

"Crash!"

In the house, Ye Feng took out all the storage rings that he got from Nie Tiange.

Nie Tiange is the number one genius of the inner sect, and he has been practicing in the Yuhua Shenmen for such a long time. He is an old disciple, and his wealth is very strong.

At this time, Ye Feng poured out all the items in Nie Tiange's storage ring, and then he began to count them one by one.

"One hundred thousand yuan of high-grade divine crystal."

"Three tons of energy amethyst."

"Nineteen plants, a thousand-year-old treasure of heaven and earth."

"Three hundred and sixty-two top elixirs in the Titled God Realm."

"Bahuang Barbaric Strength, a God-Emperor-level inheritance."

"Ten thousand great tonic pills..."

When Ye Feng counted this place, his eyes revealed a look of surprise.

Unexpectedly, Nie Tiange actually carried 10,000 Shiquan Dabu Dan in his spiritual ring.

It seems that this Nie Tiange is also a wonderful person.

...

Half an hour later, Ye Feng finished counting all the wealth.

He piled all the resources that could improve his cultivation in front of him, then directly released the Devouring Domain and began to devour it crazily.

"Rumble..."

Ye Feng has no habit of storing resources. As long as there are training resources, he must devour them all. The most important thing is to grow into his true strength.

At this moment, huge waves of energy were all injected into Ye Feng's body.

Ye Feng suddenly felt that his skill was growing rapidly, even skyrocketing.

"boom!!"

With the accumulation of so many resources, Ye Feng's cultivation finally broke through the bottleneck of the first level!

Directly from the Great Perfection state of the tenth level of the Divine Weapon Realm, to the second level of the Titled God Realm, the first level of the Divine General Realm!

This big breakthrough made Ye Feng very happy.

After achieving a breakthrough in cultivation, Ye Feng moved his mind and manifested the Divine Mirror of the Heavenly Emperor.

Then he walked directly into the space world of the Heavenly Emperor's Divine Mirror.

When Ye Feng entered the world of the Heavenly Emperor's Mirror, he immediately saw a stunningly beautiful figure standing in the world of the Heavenly Emperor's Mirror, exuding a heart-stopping aura of suffocation.

That beautiful figure is exactly the copy of the Red Dust God Lord.

At this time, Ye Feng observed the Lord of Red Dust at close range and discovered that in his eyes, there were scenes of countless worlds being disillusioned.

"The inherited skills of this Hongchen God Lord, as well as his own strength, are absolutely terrifying to the extreme..."

Ye Feng murmured, and after observing closely, he was able to discover how powerful and terrifying the Lord of Red Dust was.

Ye Feng stared at the extremely perfect face of God Lord Hongchen, and couldn't help but sigh and murmured, "It would be great if you could take the initiative to teach me."

After thinking about it, Ye Feng felt that even if she were to fight against the clone of the God of Red Dust now, it would probably not consume much of her strength. Instead, she would be killed by one move and then suffer heavy losses, which would be more than worth the gain.

"It's better to wait until your cultivation becomes stronger before you challenge this Red Dust God Lord."

After murmuring, Ye Feng walked out of the Heavenly Emperor's Mirror.

He walked out of the house directly and walked towards the center of the Yuhuashen Gate.

A month later will be the True Inheritance Trial, and it will definitely be a battle between the strong and extremely dangerous.

Since Ye Feng chose to participate in the True Inheritance Trial, he naturally wanted to stand out in a month. Otherwise, it would be a waste of time to participate in the True Inheritance Trial.

.

Therefore, Ye Feng knew that within this month, he must improve his cultivation as much as possible. The stronger, the better.

The direction Ye Feng was walking in at this time was the core area of the Yuhua Divine Sect with a special training place.

Now Ye Feng has become a core disciple, and he has a lot of contribution points, so he can go to those special training places.

Some of these special cultivation places are natural, and some are forged by the most powerful ones in the Ascension God Sect.

Ye Feng needed a huge amount of energy to break through in cultivation, so he automatically ignored places such as the Enlightenment Tower, Sword Intent Pavilion, All Saints School, etc., and instead walked directly towards a special training place that could increase the strength of his body. .

Ye Feng's first choice was "Ancient Tianlong Cave"!

This ancient Tianlong Cave was not forged by the descendants of the Yuhua Shenmen, but was passed down from the ancient times tens of millions of years ago.

In the legendary Ancient Tianlong Cave, there once lived an ancient Tianlong that rivaled the Human Emperor. It is bottomless, and no one has explored what is at the deepest end until now.

Among the Yuhua Shenmen, few people dare to enter the ancient Tianlong Cave to practice.

Although it is said that the ancient Tianlong Cave contains the blood and bones of the ancient Tianlong, there are even some disciples with great luck who obtained the Tianlong Egg, and then dedicated it to the sect, and got a huge amount of contribution points, and really A little celestial dragon was hatched. If it is cultivated in the future, it will become a true ancient celestial dragon. It can really rival the Human Emperor and become the guardian of the entire Feathered Divine Sect and even the entire wilderness.

Therefore, the Ancient Tianlong Cave is the most mysterious and unpredictable place among all the special places in the Yuhua Shenmen.

But it is also full of endless dangers. It is said that it contains the ferocious soul of the ancient dragon, and has also given birth to many terrible things. In addition to tangible ferocious beasts, there are even legendary evil spirits, which are extremely terrifying.

Even some powerful elders in the Yuhua Shenmen did not dare to enter it.

Even the leader of the Yuhua Shen Sect once mentioned at the sect conference that if you are not particularly confident in your own strength, you must not rush into the ancient Tianlong Cave to practice and explore. If something goes wrong, the sect will not be responsible.

However, Ye Feng found these rumors more and more interesting.

This ancient Tianlong Cave may contain the bones and blood of dragons from ancient times, which will be of great help to me.

The ancient heavenly dragons are the most top-notch dragons among the dragons!

There is definitely a huge opportunity in the ancient Tianlong Cave.

Therefore, the purpose of Ye Feng's trip was to visit the Ancient Tianlong Cave.

He wanted to go in and have a look to see if he could get something that satisfied him.

Chapter 1926 The Rotten Old Dragon

The ancient Tianlong Cave is known as the most difficult special training place for the Ascending God Sect.

Since the establishment of the Yuhua Shenmen, countless people have been lost in the ancient Tianlong Cave within tens of thousands of years.

But there are also many people who have received great opportunities among the ancient heavenly dragons.

It is said that among the ten divine masters of the Yuhua Shenmen now, there is a divine master called the Heavenly Dragon God Master. He obtained the inheritance of the ancient Heavenly Dragon from the Ancient Heavenly Dragon Cave, and also obtained a complete skeleton of the Ancient Heavenly Dragon, which he integrated into his body. , then formed the body of a heavenly dragon, and finally became the God Lord.

Therefore, the senior officials of the Yuhua Shenmen love and hate the ancient Tianlong Cave, an extremely dangerous place. They do not want to seal it directly. This may prevent the birth of the Lord of Heavenly Dragon in the next moment, but they do not seal it. In other words, more and more disciples entered it because of greed, and all of them died. After all, no one had the good luck of the Lord Tianlong. This has greatly damaged the vitality of Yuhua Shenmen over the years.

However, the Ancient Tianlong Cave was not sealed in the end, because the master of the Yuhua Shenmen said that even if tens of thousands of geniuses died, as long as a big figure like the Lord Tianlong was born, it would all be worth it.

Half an hour later, Ye Feng was alone and spent 5,000 contribution points to enter the entrance of the ancient Tianlong Cave through a teleportation formation.

At this time, Ye Feng saw that he was standing at the door of a huge cave.

It was pitch black inside, and it was hard to see what was there. A heart-stopping cold breath emanated from the depths of the ancient Tianlong Cave, making Ye Feng feel a little chilly.

But in order to stand out in the true test a month later, Ye Feng must take risks to improve his strength.

This ancient Tianlong Cave is his best choice at present.

"It is said that this ancient Tianlong Cave has no end, and the deeper you go, the more dangerous it becomes. I don't know if it is true or not..."

Ye Feng murmured at this time and moved towards the cave in front of him.

At this time, a ring on his hand was emitting a faint red light, and it was Emperor Chu who was in it.

With the protection of Emperor Chu

, Ye Feng felt a lot more at ease.

After walking for a while, Ye Feng suddenly saw a bright light in front of him.

Uh-huh!

He immediately jumped up and dodged towards the direction of the bright light.

This is a stone chamber in a cave. There is a small pond in the middle of the stone chamber.

The water in this small pond is actually all red, exuding the breath of a dragon.

"This is a dragon's blood pool!"

Ye Fenglian showed a hint of joy. He didn't expect that he was so lucky. He didn't encounter any dangers along the way, but he suddenly encountered a dragon's blood pool.

Ye Feng could feel that the dragon blood essence contained in this dragon blood stone was very rich and abundant. He just took a breath and felt refreshed.

"Wow!"

Ye Feng almost didn't hesitate at all and jumped directly into the dragon's blood pool.

"Jie Jie Jie, you are really stupid. Do you really think you are so lucky? You actually got fooled! Hahaha! Great! My dragon blood pool will grow stronger again! When I accumulate enough With enough blood essence, I can be reborn in this blood pool!"

Suddenly at this moment, an extremely cold and evil voice suddenly sounded throughout the stone chamber.

At this time, Ye Feng immediately discovered that in the entire dragon blood pool, tiny tentacles suddenly appeared, like sharp thorns, piercing towards him, like straws, trying to Drain all of Ye Feng's blood.

"Dang! Dang! Dang!"

But at the next moment, these straw-like things pierced Ye Feng's skin, and they made a sound like steel. Ye Feng's body was like a copper wall. These straw-like thorns could not penetrate at all. .

"What?!"

The evil and cold voice just now sounded again, but this time his tone was full of deep consternation.

It seems that he never expected that a small human body would be as strong as if it were made of divine iron.

"Even the young dragons of our Tianlong clan cannot have such a strong and strong body at your age and realm! Boy from the human race, do you have a special physique among the Yuhua Shenmen!"

The evil voice in the dark sounded again.

"You've been sneaking around! Just come out and talk to me!"

Ye Feng suddenly roared at this time, and suddenly grabbed the sharp straw-like thorns around him that he wanted to retreat.

"boom!!"

And almost at the next moment, Ye Feng's hands suddenly burst out with tremendous power. He grabbed those sharp thorns and pulled them out crazily!

"Boom!"

Almost at the next moment, the entire stone chamber was shaking violently.

At this moment, Ye Feng immediately saw that the water bottom of the Dragon Blood Pond cracked, and a giant dragon several kilometers long was pulled out.

However, this giant dragon that is several kilometers long is very skinny, almost skin and bones. Even the dragon horns on its head are rotten and have maggots crawling on it.

"It's a rotten old dragon that's about to die."

Ye Feng frowned, with a hint of disgust in his eyes.

This kind of rotten old dragon has almost exhausted its vitality and blood, and half of its body is about to be buried in the ground. Moreover, its bones and horns have rotted away and are of little value.

The sharp thorns that wanted to suck Ye Feng's blood before turned out to be the whiskers of this decayed old dragon.

Obviously this rotten old dragon has been lurking here for a long time. It seems that it wants to fill up the dragon's blood pool by killing the people who come in from the outside, and then attempts to reshape a new body of its own.

this one

The old dragon was pulled out at this time, his eyes full of horror. It seemed that he did not expect that Ye Feng, a young human race, had such a powerful power. He was like a humanoid beast, even stronger than the Tianlong clan. Be brutal.

The old dragon who was about to decay immediately begged for mercy: "My lord, there are a lot of them! Spare me, this old guy who is about to die! This blood pool all belongs to you, my lord!"

Ye Feng glanced at the old dragon, suddenly his eyes flashed, and he said aloud: "I will devour this pool of blood first, and you wait aside. I have something to ask you later, about this ancient Tianlong Cave." By chance, I think you, as an old dragon who is still alive in the Tianlong clan, should know better. You can lead the way for me later."

"What? You want me to lead you? Help you plunder the resources of our Tianlong clan?"

This old dragon's eyes suddenly became a little ugly.

"Um?"

But at this moment, Ye Feng's eyes suddenly darkened, and the terrifying and cold murderous intention instantly enveloped the old dragon, and he slowly said: "What? You don't want to?"

Old Long was so frightened that he immediately knelt on the ground, his face was very pale, and he said quickly: "I do, I do! But I don't know many places where chance and fortune are hidden."

Ye Feng nodded and said loudly: "I don't ask too much, as long as you tell me the place you know and take me there, but if I find out that you dare to hide something from me, then I will definitely tell you Just chop it into eight big pieces and stew it into a pot of old dragon soup!"

Stew... stew?

The old dragon trembled at his mouth and said quickly: "I will never dare to hide anything! Please don't worry, sir!"

"Um."

Ye Feng nodded with satisfaction, and then began to release the Devouring Domain.

Boom!

Boom!

Suddenly, darkness swallowed the whirlpools one after another, covering the entire bloody pool, and began to crazily devour the blood energy in it.

Chapter 1927 Underground Palace

"Rumble..."

The huge blood energy in the entire blood-colored pool is being continuously sucked out by the devouring vortex, and then injected into Ye Feng's body.

Ye Feng immediately felt that his whole body was glowing and heating.

The qi and blood contained in this ancient blood-colored pool are extraordinary. It is the blood of ancient heavenly dragons.

The decayed old dragon standing by looked at the dragon blood pool he had worked so hard to condense, which was being depleted by Ye Feng at a speed visible to the naked eye. A trace of physical pain suddenly appeared in his eyes. look.

But this rotten old dragon did not dare to resist at this time, because this human boy was simply a demon king. He was too cruel, and his strength was also incredible.

Although he is only at the first level of the Divine General Realm, the second level of the Titled God Realm, the decayed old dragon feels that the real combat power of this human boy is probably comparable to the strong men of the third level.

In fact, the decayed old dragon felt a hidden and mysterious palpitation from the human boy in front of him.

In other words, the human boy in front of him has other powerful trump cards, which are countless times more powerful and terrifying than the abilities displayed on the surface. .??.

"Crash!"

At this time, Ye Feng felt that the power in his body was boiling.

The aura on his body also began to continuously break through.

"Boom!"

With the explosion of a new and powerful momentum, Ye Feng's cultivation finally broke through.

"The second level of the divine general realm, the second level!"

"The second level of the third level of the divine general realm!"

"The second level of the fourth level of the Divine General Realm!"

At this time, the entire blood pool had dried up.

All the dragon blood essence was swallowed and absorbed by Ye Feng.

Clean and tidy.

Not a single bit was left.

When the decayed old dragon saw this scene, he covered his eyes with his dragon claws and was heartbroken.

But he didn't dare to get angry because he might be killed by Ye Feng at any time.

At this time, Ye Feng looked at the decayed old dragon and said: "Now you can show your value. Take me to some special places in this ancient Tianlong Cave, which contain opportunities and fortunes. Otherwise, there is no need for you to exist." "

Hearing Ye Feng's threat from Chi Guoguo, the rotten old dragon immediately nodded and bowed, and said loudly: "Don't worry, sir. Xiaolong, I will definitely satisfy you, sir."

After saying that, the decayed old dragon immediately walked forward, leading Ye Feng to a certain place.

The decayed old dragon has lived in this ancient Tianlong Cave for who knows how many years, and is still very familiar with the area near the ancient Tianlong Cave.

Under the leadership of the decayed old dragon, Ye Feng soon arrived at the first special place.

There was a huge tomb here. Ye Feng was a little confused. He looked at the decayed old dragon beside him and asked, "Why did you bring me to a tomb?"

The decayed old dragon immediately smiled and said: "My lord, you don't know. This tomb is the tomb of an ancient heavenly dragon, and it is also a heavenly dragon with the royal bloodline of the ancient heavenly dragon. It must be of great use to you. "

Hearing what the decayed old dragon said, Ye Feng was immediately surprised and said: "You actually betrayed your Tianlong clan royal family and brought me, a human, to the tomb of your Tianlong clan royal family. Do you want me to rob the tomb?"

The decadent old dragon chuckled and said aloud: "Since you have taken a fancy to me, I will naturally serve you sincerely. I also have a small wish. If you are satisfied with my service, can you bring me with you?" I leave here

The ancient Tianlong Cave allowed me to enter the Yuhua Divine Sect and become a disciple of the Yuhua Divine Sect. "

The Yuhua Shenmen is the most powerful overlord force in the wilderness. Although it is a human sect, some races that are not enemies of the human race can also enter the Yuhua Shenmen and become disciples.

Ye Feng glanced at the decayed old dragon, and then he understood why this old dragon was so enthusiastic.

It turns out it was for himself.

Ye Feng nodded and said aloud: "Let's see how you perform next. If you can satisfy me, I can indeed take you out of the Ancient Tianlong Cave, and even arrange for someone to help you authenticate as a disciple of the Feathered God Sect. Then you will be a foreign disciple of our Yuhua Shenmen, and no one will hunt you."

When the decayed old dragon heard what Ye Feng said, he immediately showed a look of joy on his face.

His long-lasting wish was to be able to reborn, leave the shackles of the ancient Tianlong Cave, go to the outside world, be free, and practice cultivation again.

However, because he was afraid that the powerful Yuhua Shenmen would think that he had evil intentions, the rotten old dragon had always been hiding under the water of the dragon blood pool, and did not dare to come out at all.

But now from Ye Feng, the decayed old dragon sees hope of regaining freedom.

At this time, under a series of instructions from the decayed old dragon, Ye Feng quickly entered the tomb of the ancient Tianlong royal family in front of him.

After entering this huge tomb, Ye Feng immediately saw an extremely brilliant underground building.

At this time, the decayed old dragon said instantly: "Sir, I have already plundered all the wealth and resources in this initial building, but they are all trivial things. They are not of much value. They are really valuable. Everything is stored in the palace at the center of the tomb. That palace is an underground cemetery. It was once the ancient Tianlong Cave Emperor and was specially cast for the corpse of this ancient Tianlong royal family. It can

Let this royal ancient dragon have a resting place after death. I have never dared to approach it because the undead souls of the ancient royal family are guarding it. "

Ye Feng's eyes showed a look of surprise, and he couldn't help but said: "The royal undead of the ancient Tianlong clan? How powerful is it?"

The decayed old dragon immediately replied: "For a peerless genius like you, sir, it should be nothing. The reason why I dare not approach is because the undead souls of the royal family have innate abilities for dragons of the same clan like me. Suppressive, so I never dare to get close."

Ye Feng nodded and said, "Then let's go take a look together."

The rotten old dragon suddenly looked a little panicked and said loudly: "Sir, I won't go. I will probably be killed by those royal undead instantly. It's too scary. I don't dare to approach."

Ye Feng stared at the old dragon with a smile and said loudly: "Are you still not a dragon, or are you not the top ancient dragon clan among the dragon clan? Why are you so cowardly? You have to

go with me, how do I know you are? You are not deliberately setting me up to let me enter a dangerous place so that you can escape."

Hearing what Ye Feng said, the decayed old dragon immediately cried out in fright: "Sir, please spare my life! My sincerity to you is astonishing! My admiration for you is like a torrential river! How could I do that? Framing the Lord!"

No matter what the decayed old dragon said, Ye Feng still dragged it and walked towards the underground palace in the distance.

Just when they were approaching the underground mausoleum palace, sure enough, there were dozens of dragon soldiers wearing golden armor, but the bodies inside the armor were already skinny bones or even skeletons, all of them exuding... The ferocious aura instantly surrounded Ye Feng and the decayed old dragon.

"Sir, help me!"

The decayed old dragon was so frightened that he immediately shrank behind Ye Feng, trembling all over.

Chapter 1928 Dragon's Bones and Dragon's Blood

Seeing the trembling appearance of the decayed old dragon, Ye Feng couldn't help but smile and shook his head.

It seems that this old dragon is not really trying to frame him secretly, but is really as timid as a mouse.

"I always feel like you are not a dragon, but a worm."

Ye Feng said to the decayed old dragon behind him.

Then, Ye Feng rushed forward directly.

"boom!"

Immediately, a divine light burst out from his body, and his energy and blood were extremely terrifying. It was like beacon fire and smoke, erupting from the top of Ye Feng's head.

At this moment, Ye Feng didn't even make a move. The boundless blood energy in his body had directly forced the dozens of undead dragon warriors around him back a dozen steps.

These dragon warriors are all in undead form, they are all dead warriors, and their bodies exude the most yin energy of heaven and earth. ??

So at this time, Ye Feng released his majestic momentum. His whole body was like a golden sun, exuding the most powerful energy. Naturally, these undead dragon warriors did not dare to approach Ye Feng.

"Sir, you are so powerful!"

The decayed old dragon hiding behind Ye Feng immediately couldn't help but scream in surprise.

He never thought that those extremely powerful undead dragon warriors, who could pose a huge threat to anyone, could only keep retreating in front of Ye Feng and did not dare to fight Ye Feng at all.

At this time, the old dragon could feel that the blood energy in Ye Feng was like a majestic sea. It was so powerful and vast. No wonder the undead did not dare to approach it.

Perhaps in the eyes of these undead dragon warriors, Ye Feng is not a person at all, but a moving golden sun, emitting extremely terrifying light and heat. Once they get close, they will be evaporated instantly.

"Great, I didn't expect this young master to be so powerful. Then after I go out, I will be able to join the Yuhuashenmen smoothly. This master's status in the Yuhuashenmen must be high."

At this time, Lao Long was extremely happy.

He was even a little lucky to meet Ye Feng at this time.

Otherwise, he wouldn't know how to

How long should I stay in this pitch-black ancient Tianlong Cave?

That's hopeless.

Despair in the dark is terrifying.

Now Ye Feng can be said to have brought light to Lao Long.

At this moment, Ye Feng stepped into the palace.

This palace is not as magnificent as imagined, but is made of white stone and looks a bit like the underworld.

However, this palace was originally built to house the dead ancient Tianlong royal family, so it looked like a palace of death.

Ye Feng didn't care about this. He just cared about whether there were any better treasures hidden in the palace.

At this time, the old dragon walked to Ye Feng's side and said loudly: "Sir, I am very sensitive to the treasures hidden by the ancient Tianlong clan. I am here to help you find out where the treasures are. Don't worry, I will not dare to swallow them all. It will be dedicated to the adults."

Ye Feng heard what the old dragon said, but he just nodded and said with a smile: "The task of finding the treasure will be left to you. I want to go deep into the palace to explore whether there is any inheritance from the ancient dragon."

This is the tomb of the ancient Tianlong royal family, and such a grand underground palace was specially built, so there must be good things hidden there.

"OK."

The old dragon immediately spoke out and then started looking for treasures around him.

At this time, Ye Feng was alone and walked into the deepest area of the palace.

There is actually a river in the deepest area, and a bridge is built on both sides of the river.

"Is this the legendary Naihe Bridge?"

Ye Feng smiled and felt that this ancient Tianlong clan was really interesting. They actually built a model of Naihe Bridge in this tomb for the deceased Tianlong clan royal family.

"It seems that the royal family members of the Tianlong clan who died here at that time were somewhat noble, no?"

However, such treatment is impossible. "

Ye Feng said and stepped directly onto the Naihe Bridge.

"Buzz!"

But suddenly at this moment, countless undead ghosts appeared all around, all roaring and ferocious, and they rushed towards Ye Feng in an instant.

"Huh? This Naihe Bridge seems to be a formation. It seems to be guarding something?"

Ye Feng's eyes moved slightly, and then he immediately released the Soul Emperor Seal.

"Boom!"

This time Ye Feng directly released the Thunder Emperor.

At this moment, a huge Thunder God stood up behind Ye Feng, holding a thunder battle ax in his hand. It looked boundless and terrifying, with an extremely vast and terrifying aura.

"Break it for me!"

At this time, Ye Feng merged into the giant thunder god, holding the thunder battle ax in his hand, and slashed across the entire surrounding area.

Boom!

Immediately, endless thunderous light erupted, and the extremely violent thunder and lightning light shattered all the surrounding undead ghosts at once.

Thunder has a special restraint effect on this kind of nihilistic Yin spirit.

What's more, what Ye Feng is now displaying is the most powerful inheritance among soul masters, the Soul Emperor Seal!

"Rumble..."

Following an extremely loud roar, the entire surrounding formation immediately collapsed, revealing the original scene.

"This is....."

At this time, the original appearance of this area appeared in front of Ye Feng.

He discovered that the Naihe Bridge he was standing on had turned into a huge dragon horn.

And the long river under the Naihe Bridge that looks like the underworld is not a long river at all, but an extremely huge dragon body!

However, this dragon body is different from the old dragons outside. It is not decayed at all, but looks extremely fresh, and the scales on the surface also have a cold metallic luster.

Obviously this is a very powerful ancient heavenly dragon. Although it has lost endless years and been hidden here by the illusion array for countless years, it still has not shown any signs of decay. Instead, it is still very fresh and exudes a kind of heart-stopping dragon. Wei, it feels like he is not dead, but just sleeping here.

The huge dragon horn under Ye Feng's feet was extremely ancient and majestic. It was golden in color and looked like it was made of pure gold. It looked very noble.

The huge celestial dragon has two golden dragon horns, but the dragon scales all over its body are pitch black. This strong color contrast gives people an extremely strong visual shock.

"This is a very rare golden dragon-horned celestial dragon. It is indeed the royal family among ancient celestial dragons."

Emperor Chu spoke out in the storage spirit ring at this time.

Buzz!

Emperor Chu turned into a small red light person, floating out of the storage ring, and hanging in the space beside Ye Feng's ear.

He stared at the body of the ancient heavenly dragon that looked very shocking and majestic, and said loudly: "Master, you can devour it to your heart's content now."

Ye Feng nodded and said aloud: "That rotten old dragon didn't lie to me after all, but he is looking for treasures alone outside. I still don't feel at ease. Emperor Chu, you don't have to protect me. There is no danger here." , you should go out and supervise that old dragon. It just so happens that you can also search for any ancient treasures that can help you recover in this huge palace. This is the royal tomb of the Tianlong clan, and it should have ancient treasures. The powerful treasure of the Tianlong clan was used as a burial object. You are now integrated with the Blood Divine Pearl. As long as there is a powerful treasure source to swallow, the Blood Soul Divine Pearl can evolve and your strength will also increase. "

When Emperor Chu heard what Ye Feng said, he immediately nodded, then turned into a red light and flew outside.

In the deepest part of the palace, Ye Feng sat down cross-legged, stretched out his hands, and his ten fingers were like iron bars, and suddenly "puff" and "puff" pierced the ancient strip under his feet. The bodies of the Tianlong royal family began to crazily absorb the dragon's blood, dragon's bones, and dragon's essence...

Chapter 1930 The Ancient Dark Race

It seemed that he was aware of the greed and fanaticism in Ye Feng's eyes.

The decayed old dragon's eyes immediately showed a trace of panic, and he couldn't help but said: "Sir, do you want to enter the dark depths of this sacrificial place?"

Ye Feng looked at Lao Long, his eyes flickered, and said loudly: "What's wrong? Can't I enter it?"

The decayed old dragon's body trembled, and he quickly spoke out to advise: "Sir, please don't take risks casually. This place of sacrifice is very dangerous, and the depth of darkness is the place where Emperor Tianlong emerged. It is connected in all directions, not only connected to The Feathered Divine Gate is connected to the outside world. There are many powerful ancient races and various prehistoric creatures that may appear in it. It is a very ancient and dangerous place. Do you really want to enter it? Your current cultivation level is actually not very powerful in the eyes of a truly strong person. If you encounter those prehistoric creatures or other powerful races, you will most likely die."

At this time, the old dragon spoke, his tone full of horror and panic.

Obviously he was very afraid of the dark depths of the sacrificial place, and he was not willing to set foot in that place at all. It seemed that it was full of dangers and taboos!

At this time, the decayed old dragon regretted telling this rumor, which made Ye Feng curious.

Ye Feng saw the fearful look on Old Long's face and said loudly: "I will go in alone to explore, so you don't need to follow me."

When Lao Long heard what Ye Feng said, he was still a little anxious and said: "Even if you go in alone, if you die, what will I do?"

Snapped!

Ye Feng slapped the old dragon's head directly, and said with a somewhat annoyed smile: "Can you stop cursing me? I haven't even entered yet, and you think I'm going to die?"

The old dragon was slapped by Ye Feng, and he immediately said in fear: "I'm not cursing you, sir, but that dark place is really terrifying. No one knows what is in it, who is it?" I don't know what happened to the Heavenly Dragon Emperor who reached the pinnacle of the Tao Realm and died in the depths of darkness."

At this time, the words spoken by the old dragon were full of deep fear, which made people feel a little creepy. It seemed that the darkness was full of endless dangers, and there were endless terrifying creatures lurking in it. As long as you entered it, it will be swallowed clean in an instant.

When Ye Feng heard what Old Long said so solemnly, he began to believe that there really was an extremely terrifying danger hidden deep in the darkness.

But since everyone has come, Ye Feng naturally won't just back down and leave directly. It feels like such a loss.

Since embarking on the journey of cultivation, Ye Feng has experienced strong winds and waves along the way, and has also developed his cautious character.

But be cautious. If you encounter an extremely powerful opportunity, Ye Feng is still willing to take risks.

Because Ye Feng knew very well that if he didn't take risks and practiced step by step, it would be a fool's errand to become the most powerful person.

All the strong men in this world cannot be trained step by step. Most of them have extremely deep luck and strong foundations to accumulate the most powerful power.

So at this moment, Ye Feng looked at the dark direction in the deepest part of the sacrificial place, took a deep breath, and then stepped towards that direction.

The decayed old dragon who was standing on the same spot looked at the direction in which Ye Feng was going, with a look of worry in his eyes, because he knew very well that even if Ye Feng, an extremely powerful evil genius, entered the dark place, they will also encounter unimaginable dangers, almost a narrow escape from death.

However, the old dragon still held a glimmer of hope for Ye Feng at this time. He did not leave directly, but stood at the entrance of the sacrificial place, preparing to wait for Ye Feng's return.

...

At this time, Ye Feng was alone and had entered the depths of the sacrificial place.

There is a huge mountain passage here. The storage ring in his hand is emitting red light. It is obvious that Emperor Chu is always on guard.

After all, this is the most terrifying place for the ancient Tianlong clan, and it is also the place where a Tianlong Emperor finally disappeared mysteriously.

Feathering is a

Such a mysterious and mysterious process and state, it is not known whether he finally fell or became an immortal.

Therefore, Emperor Tianlong may still be alive!

Entering this dark place is very dangerous.

Ye Feng himself was also on full alert.

After advancing for a certain distance, he found that he had come to a dense underground stone passage.

This place is like a huge underground maze, surrounded by darkness, and ordinary people can't see anything at all.

Buzz!

Ye Feng activated the Divine Eyes of Creation at this time, and a deep light suddenly appeared in his eyes, allowing him to see everything around him in the darkness.

At this time, Ye Feng discerned the direction and slowly walked towards the depths of the dark maze underground.

Along the way, the other party saw the remains of many dead creatures on the ground, not only from humans, but also from other races.

It looks shocking!

Obviously, in these countless years, many strong men from other races, or strong men from the human race, have entered this dark underground palace.

They all seemed to want to find the Heavenly Dragon Emperor who once amazed an era.

The Heavenly Dragon Emperor, a transcendent being who has reached the pinnacle of the Tao Realm, is a group of beings at the pinnacle of the ancient era, and is even more powerful than the Human Emperor in the human race today.

Many powerful people from later generations want to find the footprints of the Tianlong Emperor, and want to find the inheritance of the Tianlong Emperor, which is a priceless thing.

So Ye Feng saw that there were many withered bones along the way, all in order to find traces of Emperor Tianlong. In this dark underground maze, he encountered an accident and died here.

Ye Feng even found many ancient storage rings on many dead bodies. After Ye Feng picked them up, he found that there were many ancient treasures hidden in the storage rings. This made Ye Feng unhappy. Come to think of it, there is such an unexpected surprise.

However, the deeper Ye Feng went into the dark underground palace, the more he felt the shadow of death hanging over his heart.

In the endless darkness around him, it was like there were extremely terrifying and ferocious creatures hiding in the darkness, watching his every move.

This feeling was very strong, making Ye Feng's whole body tense.

Although Ye Feng entered this dark underground palace to find the inheritance of Emperor Tianlong, even if he could not get the inheritance of Emperor Tianlong, it would be worthwhile to get a glimpse of the ancient traces of Emperor Tianlong.

In the practice of martial arts, many warriors have the mentality that if they hear the Tao in the morning, they will die in the evening.

At this moment, Ye Feng also had the same mentality.

"Uh-huh!"

Suddenly, at this moment, a figure exuding a terrifying murderous aura in the darkness rushed over and rushed towards Ye Feng.

"what?"

Ye Feng was so shocked that he waved his fist and blasted away in that direction.

"Boom!"

And at the next moment, Ye Feng felt that his fist collided with an extremely strong claw, and a powerful counterattack force erupted directly, pushing back the figure in the darkness.

Almost at this moment, Ye Feng turned his Divine Eye of Creation and immediately saw the figure. It was a humanoid creature with pitch-black scales all over its body and a single horn on its head. There were actually two pairs of eyes behind it. The wings look like a bat-man, but the whole body is covered with scales and is extremely strong.

The fist that collided with Ye Feng just now was the sharp claw of this batman.

Ye Feng's current chaotic body is extremely powerful, but when it collided with the batman's claws, it still did not cause any damage to it, but only knocked it back.

"It seems to be an ancient creature."

Emperor Chu spoke up at this time, with a hint of solemnity in his tone, and said: "This seems to be a dark race.

, the one we encountered may just be a weak dark race. "

A weak dark race?

Ye Feng's eyes showed a trace of surprise, because this weak dark race that Emperor Chu mentioned was actually able to block his attack.

In other words, my current strength can only be regarded as the weakest among the dark races living in this dark underground palace.

Suddenly at this moment, the dark race batman not far away came over again.

And Ye Feng heard it at this time. There seemed to be a lot of sounds in the surrounding dark passages, as if there were other dark races coming over.

These are all creatures from the ancient times. They are very powerful and have unusually strong bodies. They can even compete with Ye Feng's current fourth-level chaotic body.

"The Divine Elephant's Prison-Suppressing Skill!"

At this moment, Ye Feng no longer hesitated and directly displayed this set of inheritance from heaven.

Boom!

The Divine Elephant Prison-Suppressing Technique is originally a technique used by the divine elephants of heaven to suppress hell.

At this time, Ye Feng used the Divine Elephant Prison Suppression Skill, which was just right to restrain this dark race.

"Boom!"

Ye Feng transformed into a divine elephant, and his whole body erupted with a holy light, which instantly smashed the dark race bat man into pieces.

It turned into blood mist all over the sky!

"Wow"

At this moment, Ye Feng immediately devoured the bat man's energy and blood.

Then he saw that in the maze passage of the underground palace not far away, there were many dark races charging towards him in the darkness.

These dark races are not the bat-men just now, but have various forms.

"It seems that there are many dark races living in this dark underground palace. They are all creatures from the ancient times. I don't know where they came from. Those strong men who died along the way may have been killed by the creatures of these dark races. "

Ye Feng murmured at this time, secretly guessing in his heart.

But he was very confused, because this was the last whereabouts of the Tianlong Emperor, and it was the territory of the Tianlong Emperor. How could there be so many evil and cruel dark races in this future generation?

Could it be that this is not the residence of the Heavenly Dragon Emperor at all, but a lair of the dark race?

Then what did Emperor Tianlong come here for?

Could it be that he was not cultivating back then, but was here to kill the dark race?

Many mysteries arose in Ye Feng's heart.

But now that Ye Feng was in this vast and dark underground palace, there was nothing he could ask.

So at this time, Ye Feng could only choose to move forward and continue to go deep into this dark underground palace to see what the deepest secret of this dark underground palace was.

"Uh-huh!"

Ye Feng did not get entangled with the other dark creatures that came over. He immediately used the power of the space gem to penetrate forward. The walls of the maze could not stop him. Ye Feng walked straight towards the deepest part.

Ye Feng knew the consequences of entangled with these dark creatures. He might run out of power and die.

The purpose of Ye Feng coming to this dark underground palace was not to fight with these dark races, but to look for traces of Emperor Tianlong and see if he could find the strongest inheritance left by Emperor Tianlong.

At this moment, Ye Feng quickly lurked towards the depths of the dark underground palace.

Along the way, Ye Feng saw more and more dead bones lying on the road, obviously they had encountered accidents.

Next to these withered bones, many of them have handwriting written on them, which seems to contain the inner thoughts of the owners of these withered bones when they were still alive.

"My name is Tian Yangsheng, the great elder of the Ancient Sword Sect. In the 305th year of the Desolate Realm, I came here to look for traces of the Tianlong Emperor. Unfortunately, I was besieged by countless dark races that suddenly appeared. I fought hard to kill and suppressed a hundred thousand dark races. Race, seriously injured and dying, I left this writing. I hope that people in the future can take me as a warning and never get entangled with the dark race. As for why

Why are there so many dark races in the training ground of Emperor Tianlong? I don't know..."

The slightly messy handwriting stopped abruptly here, making Ye Feng frown.

The great elder of the Ancient Sword Sect, Tian Yangsheng, actually came here thousands of years ago, encountered an accident, and left behind a message of despair that made people feel chilly in their hearts.

After all, being able to kill 100,000 dark races, the strength of this senior Tian Yangsheng is absolutely terrifying.

But he still died.

Ye Feng was a little shaken at this moment. Should he continue to move forward and go deeper into the increasingly dangerous dark underground palace?

After all, this so-called training place of the Heavenly Dragon Emperor is full of weirdness, and it is really terrifying that countless powerful people from all over the world have died here.

"What happened to the training ground of Emperor Tianlong back then? How could a place that should have been a paradise in the cave become a dark and sinister cave?"

Ye Feng thought to himself, and finally gritted his teeth and chose to move on.

After all, we are already here. If we return, it will feel like we have wasted all our efforts.

The Little Light Man transformed by Emperor Chu at this time was also suspended around Ye Feng, always on guard. Even this ancient great power who lived thousands of years ago felt threatened. This shows that the depths of this dark underground palace are , I'm afraid it really hides a very terrifying secret.

Although Ye Feng was a little discouraged, his curiosity was getting heavier and heavier.

He continued to move forward and soon saw a lot of skeletons. These skeletons must have been extremely powerful beings to be able to enter such a deep place in the dark underground palace.

You must know that Ye Feng was able to get rid of the siege of so many ancient dark races because he possessed the space gem, and he directly ignored the space obstacles and shuttled directly through the indestructible stone walls of the dark underground palaces, and he was lucky enough to come to such a deep place. place.

But these seniors lying on the ground must have fought their way through the passages to get here.

Ye Feng continued to walk forward, wanting to explore the true secret in the deepest part of this dark underground palace.

Suddenly at this moment, a very weak voice suddenly sounded in his ears.

"help me....."

This voice was extremely old and revealed endless fatigue. It suddenly sounded in the silent darkness, making Ye Feng a little startled.

"Who's talking?"

Ye Feng immediately tried to respond.

"I'm here....."

The weak old voice sounded.

Ye Feng followed the voice and quickly noticed a stone wall not far ahead.

"This is....."

At this time, Ye Feng walked over and saw a horrifying scene.

On the stone wall, tens of thousands of skeletal palms were seen, exuding a heart-stopping ghostly aura, grabbing a skinny old man into the stone wall.

"This is the palm of the Bone Clan! The Bone Clan is also a powerful race of the ancient dark race. This race is very weird."

The red light man Chu Huang spoke in Ye Feng's ear.

"Another ancient dark race? This training place of Emperor Tianlong is simply like an endless devil's cave!"

Ye Feng felt a chill in his heart. At this moment, he looked at the skinny old man trapped in the stone wall, who was held by tens of thousands of bones. He asked aloud: "Who is the senior?"

The skinny old man opened his eyes, with only a trace of life left in his body. He seemed to have exhausted all his strength and said loudly: "I am the first divine master of Yuhua Shenmen three thousand years ago. My name is Gu Tai. Xu, three thousand years ago, everyone called me God Lord Taixu. Young man, can you save me? I will tell you the biggest secret about the ancient Tianlong Cave and the biggest secret about the Tianlong Emperor."

Hearing the voice of this skinny old man, Ye Feng's eyes immediately changed.

This skinny old man turned out to be the first-generation God Lord of the Yuhua Shenmen three thousand years ago?

That's a great man!
