

Ancient 1931

Chapter 1931 Escape

At this time, he was facing this important figure from the Ascended God Sect three thousand years ago, the first-generation God Lord Gu Taixu, God Lord Taixu.

Ye Feng's eyes flickered slightly.

Although the old man directly told his identity.

But no one knows whether the identity of this old man is true or not. .??.

Moreover, Ye Feng was also worried that this old man had obviously run out of gas.

If I save him, will he directly take away his soul?

"Even if this Lord Taixu really wants to seize me, I have the soul gem protecting my soul, so I won't be afraid at all."

Ye Feng secretly calculated in his heart.

Then he said aloud: "Okay, Senior Taixu, then I will save you, but after I rescued you, you need to enter the deepest part of this dark underground palace with me to see what happened to the Tianlong Emperor back then. "

Gu Taixu's old eyes opened, and he said tiredly: "Okay, everything depends on you..."

Buzz!

At this time, Ye Feng secretly asked Emperor Chu to prepare.

If Gu Taixu suddenly takes action, he doesn't have to be so passive.

As for not saving this ancient Taixu, Ye Feng is not willing to do so. After all, this ancient Taixu knows the secrets about the Tianlong Emperor, and if the other party is sincere, then after he saves him, he will wait for the Lord Taixu to return to the Yuhuashen. Well, then my status as a savior will definitely rise with the tide.

So Ye Feng thought it over in his mind and came to the rescue.

"boom!"

When Ye Feng waved his fist and bombarded those tens of thousands of bone palms, he was unable to crush those palms.

"The Goddess's Infinite Power!"

"Ancient Divine Ring!"

"The Divine Elephant's Prison-Suppressing Skill!"

At this moment, Ye Feng immediately increased his combat power infinitely and released his most powerful inherited martial arts.

"Rumble..."

But when all this power was poured into those bone-white palms, it did not cause any fluctuations at all.

Each of those tens of thousands of white bone palms seemed to be made of divine iron, extremely strong and terrifying.

"As expected of the Bone Hand who was able to imprison a god-level figure in a stone wall back then. He couldn't break it at all."

Ye Feng couldn't help but murmur at this time.

"Little friend."

At this time, the God Lord Gu Taixu, who was trapped in the stone wall, spoke up and said: "These white bone hands are the most terrifying hands of the ancient dark race, the white bone clan. Your current cultivation level cannot break them."

Ye Feng looked confused and said, "What should we do?"

Gu Taixu said: "You transfer some power to me, and as long as I restore some vitality, I can break the prison of these big bones. Back then, I encountered an extremely terrifying dark creature from the Tao Realm. Although I took it I was beheaded, but I myself suffered heavy injuries, so I was taken advantage of by these tens of thousands of bones and bones, and imprisoned me in this stone wall for three thousand years. During these three thousand years, they continued to consume my life force, making it impossible for me to gather mana. Break their seals."

Ye Feng heard this, thought for a moment, then nodded and said: "Okay, then I will transfer some mana to you, Senior Taixu."

Buzz!

At this time, Ye Feng stepped forward and instantly stretched out a finger and touched the brow of the skinny old man "embedded" in the stone wall.

"Buzz!"

Almost at this moment, Ye Feng immediately felt that the mana he had output disappeared like a mud cow entering the sea.

The next moment, an extremely terrifying aura emanated from the skinny old man's body.

"Break it for me!"

Suddenly, at this moment, the skinny old man used a trace of mana transferred to him by Ye Feng, and in an instant he burst out with his god-level combat power.

"Boom!!!"

A terrifying and boundless energy fluctuation, like a vast ocean, erupted from Gu Taixu's withered body in an instant, like thunder or a volcano erupting.

"Click, click..."

Visible to the naked eye, those big bones of the hands that Ye Feng tried his best to leave no traces of were being broken rapidly and continuously under the struggle of Gu Taixu's old body that was about to decay.

"boom!!!"

And at the next moment, Gu Taixu shouted loudly, and three thousand divine halos surged out from his old and skinny body, blasting and shattering all the tens of thousands of white bone hands around him.

Almost at this moment, Gu Taixu finally got out of his trap, like a real dragon, breaking through the seal from the bounds of the endless abyss and flying into the nine heavens again.

The skinny old man walked out of the broken stone wall.

Although he is old, his eyes are shining, and his whole body exudes an aura of unfathomable vastness like an abyss or hell.

The first-generation God Lord of the Yuhua Shenmen three thousand years ago, God Lord Taixu, is completely out of trouble!

At this time, Gu Taixu, who broke through the restraints, opened his mouth and sucked in.

All the vitality of heaven and earth within a few hundred miles was swallowed into his stomach.

Buzz!

In an instant, Gu Taixu's old and skinny body suddenly became plumper, his face and demeanor became much younger, and even his white hair began to turn black.

It can be seen from this that for the past three thousand years, Gu Taixu had been trapped in the stone wall and held by countless bones and bones, and how much terrible torture he had endured.

Fortunately, Gu Taixu had no ill intentions. He smiled at Ye Feng and said, "Thank you for your help, little friend. What's your name?"

Ye Feng immediately clasped his fists and said: "Senior Taixu, my name is Ye Feng, and I am now the core disciple of Yuhua Shenmen."

"Oh really?"

Gu Taixu was very happy and said: "So Ye Feng, you are a disciple of the Yuhua Shenmen, so we are from the same sect. It is really fate that you were saved by a junior from the same sect three thousand years later."

At this time, Gu Taixu said, suddenly coughing violently, and coughed up a mouthful of black blood.

"Senior Taixu, this..."

Ye Feng's eyes were immediately startled.

Although at this moment Gu Taixu swallowed the vitality of heaven and earth for hundreds of miles, he seemed to have regained a lot of vitality.

But Ye Feng has the Divine Eye of Creation and can see that wisps of terrifying black death energy have always been surrounding the surface of Gu Taixu's body, which ordinary people cannot see.

At this time, Gu Taixu smiled helplessly and said: "In that battle three thousand years ago, I was not only severely injured, but I was also poisoned by the ancient dark race. This kind of poison is probably even poisonous to the top few poison-eating insects on the ancient spiritual insect list. It

can be poisoned to death, so I have been running out of gas in the past three thousand years. I don't know how long I can live..."

Speaking of this, the unparalleled and magnificent Taixu God Lord couldn't help but sigh, feeling like a strong man in his twilight years, with a sense of twilight and powerlessness.

Ye Feng's eyes also darkened, and then he said: "When we finish exploring this dark underground palace and return to the Yuhua Divine Gate, the upper level of the Yuhua Divine Gate will definitely have a way to save you, Senior Taixu! Our Human Emperor in the wilderness, Right in the Yuhua Shenmen!"

"Human Emperor?"

Gu Taixu's eyes revealed a look of surprise, and he said: "Three thousand years after I was absent, a human emperor was born in our wilderness. That's great. The pressure on our Ascension God Sect should not be as great as before. Back then, the Ascension God Sect The old sect leader, my master, exhausted all resources to train me and had great hopes for me. He hoped that I would become the Human Emperor. Unfortunately, I was too young and energetic at the time and did not listen to others' advice. , entered the depths of the ancient Tianlong Cave, but encountered an unexpected event, and failed the sect's expectations of me. After going back this time, I must do a good job for

Yuhua Shenmen contributes his waste heat. "

Hearing this, Ye Feng couldn't help but ask: "Senior Taixu, shall we continue to go deep into the depths of this underground palace?"

Gu Taixu was silent for a while, and then his eyes showed the same light as Ye Feng.

It is a curiosity about the unknown.

It is a spirit of adventure that grows deep in our bones.

Gu Taixu said: "The secret I know about the Tianlong Emperor is that the Tianlong Emperor came to the depths of the ancient Tianlong Cave for thousands of years, not to practice, but to be alone, in order to suppress most of the people he had almost conquered back then. A super dark race in the God Realm, a super race among the dark races, the top race, the top dark race that makes countless beings in the God Realm fearful, the Botian Clan!"

Ye Feng's eyes were shocked and he said: "Botian Clan! Did they almost conquer most of the God Realm back then?"

How vast and endless is the divine world?

And there are countless powerful races surviving!

You must know that the seven domains currently controlled by the human race are just a small corner of the vast land of the God Realm.

But the Botian Clan almost conquered and enslaved most of the God Realm back then?

What a vast territory that must be!

How terrifying must the Botian Clan, the super top race among the dark races, have to be able to do this?

What shocked Ye Feng the most was how powerful the Tianlong Emperor must be to be able to suppress a dark super race like the Botian Clan alone?

But at this time, Ye Feng also understood why so many types of dark races appeared in the depths of the ancient Tianlong Cave.

It seems that these dark races all followed the super dark race of the Botian Clan back then.

Gu Taixu saw Ye Feng in shock at this time. He smiled slightly and said: "The Tianlong Emperor is not as powerful as you think. The place he suppressed is just a small branch of the Botian Clan, but It's also very scary."

Ye Feng nodded slightly and said: "In any case, like Senior Taixu, I want to know whether Emperor Tianlong is still alive now. After suppressing the Botian Clan, a dark super race, did he fall or make a breakthrough? He reached the realm and became an immortal."

When Gu Taixu heard Ye Feng say this, a bright light suddenly appeared in his old eyes, making him seem to have returned to that time three thousand years ago.

Gu Taixu looked into the depths of the dark underground palace, with a vicissitude of tone and deep eyes, and said slowly: "Then let's set off, walk the last stretch of the journey that no one has completed, and witness the last traces of the Tianlong Emperor!"

Chapter 1932 Three Thousand Worlds

For Ye Feng, being able to rescue the first-generation god master of Yuhuashenmen three thousand years ago from the depths of this dark underground palace can be regarded as a great contribution to Yuhuashenmen.

Even for the entire human race, it can be considered a considerable contribution.

Because the current situation of the human race is really too difficult. If one more god-level figure comes, it will greatly improve the difficult situation of the entire human race.

However, Ye Feng knew that the old man next to him was poisoned by a strange poison that even poison-eating insects could not remove. He didn't know how long he could survive.

However, after all, Gu Taixu is a great figure at the level of a god-lord. He is an existence that has stepped into the realm of Tao. He is the first-generation god-lord who emerged from the divine sect three thousand years ago. His methods are powerful and he should not be affected by the poison of the ancient dark race for the time being.

At this time, the two of them continued walking towards the depths of the dark underground palace.

Along the way, they once again saw many ancient dark races living among them, and they would launch violent attacks on them from time to time.

There are many ancient races here. According to the God Lord Gu Taixu, they should have been the races that surrendered to the Botian Clan back then.

The deeper you go, the more terrifying the coldness in the air becomes.

In the end, even though Ye Feng had a chaotic body, the surface of his body began to crystallize, which was ice crystals.

"boom!"

However, Ye Feng circulated his energy and blood, and with a violent shock, his body suddenly melted all the ice crystals like a melting pot.

"Be careful, there are Yin soldiers ahead."

Suddenly at this time, Gu Taixu beside him spoke.

The old man looked forward with a trace of fear.

Ye Feng looked forward and immediately saw densely packed souls standing in a large area of land in front. These souls were all emitting blue light, wearing soul-state armor, and holding soul-state weapons in their hands. The weapons are obviously a group of Yin soldiers that were born in the Yin veins of heaven and earth. Countless strong men must have died here, so the innocent souls formed these Yin soldiers.

"The Yin soldiers took advantage of this, so we'd better avoid it."

Gu Taixu spoke out at this time, leading Ye Feng towards a hidden place aside.

At this time, Ye Feng faced the dense and endless yin soldiers, but he did not dare to release the Soul Emperor Seal to deal with and devour them.

Because with his current soul power level, he might be overwhelmed by the endless army of Yin soldiers before he can kill and devour many Yin soldiers.

Now, with Ye Feng's current cultivation level, he is still unable to actively use the full power of the soul gem. He can only activate the power of the soul gem when others invade his mind.

Otherwise, this group of evil soldiers can all be wiped out.

After all, the soul gem is the gem of the gods, and its power is endless.

After the endless Yin soldiers not far away left, Gu Taixu took Ye Feng out of the hiding place and continued to move towards the depths of the dark underground palace.

Along the way, they killed many ancient dark races that they had never seen before.

With the escort of the God Lord Taixu who escaped from trouble, even though the ancient Taixu is still skinny and old, it is not something that ordinary creatures can get close to. His strength is really powerful.

, which surprised Ye Feng and made him more confident about the future.

If he could transcend the realm of titled gods and step into the legendary realm of Tao, then he might be able to leave the human race and venture into the territories of powerful races outside.

The human race is the most magical race in the world. It is extremely weak when it is born, but it can become stronger and stronger with practice and continuous training. Its potential is unlimited. As long as you continue to push your potential, you can burst out. Terrible splendor.

Although many races are extremely powerful, they possess great strength and various racial talents from birth.

But many races have a power limit.

But the human race does not have this upper limit.

No one knows where the talent for martial arts training lies.

The human race can continue to become stronger, and there is no shackles on the upper limit of cultivation.

This makes many other races envious.

At this time, Ye Feng and Gu Taixu finally arrived at the deepest part of the Ancient Tianlong Cave.

This is also the deepest part of the dark underground palace.

In the distance there is a dark palace suspended high in the sky.

Waves of heart-stopping and depressing aura of terror emanated from the dark hall, giving people an extremely terrifying feeling.

"Would you like to go up?"

Ye Feng and Gu Taixu looked at each other, and then they nodded and rushed directly towards the dark hall high in the sky.

Because the last traces of Emperor Tianlong, and the things he might have left behind, should be in that dark hall.

But not before the two of them flew into the air.

"Boom!"

"Boom!"

Suddenly, the stone wall not far away exploded, and two behemoths walked out of it.

They were each a humanoid creature covered in pitch black scales, with black bat-like wings on its back, its eyes glowing scarlet, and its mouth full of silver fangs.

The other one was a black python, huge in size, with nine snake heads, each with two horns on its head.

These two creatures, at a glance, are known to be of the dark race, and they are dark creatures from the ancient times. They exude an ancient and boundless aura, and have a soul-stirring evil spirit. Ordinary people may be frightened to the point of weakening their legs and feet just by meeting them. .

"The ancient dark race!"

Gu Taixu spoke out, with a biting coldness in his tone.

"Ye Feng, back off!"

Emperor Chu's voice rang in Ye Feng's mind: "These two ancient dark races both possess the cultivation power of the seventh level of the Titled God Realm, the God Emperor Realm!"

"The top power in the Titled God Realm? The dark ancient race second only to the Dao Realm?"

Ye Feng's eyes were startled and he quickly walked behind Gu Taixu.

An ancient dark race of this level might be able to kill them instantly with just one encounter.

No matter how many methods and martial arts inheritance he has, he can't fight against this level of ancient dark race.

At this time, Ye Feng was a little lucky. Fortunately, he accidentally rescued Gu Taixu, the first generation of God Lord of the Ascension God Sect three thousand years ago.

Otherwise, if I came to the deepest place alone and encountered these two ancient dark races in the God-Emperor Realm, I would be really helpless and would be killed on the spot.

"Senior Taixu, should we retreat?"

At this time, Ye Feng hesitated and asked.

After all, the old man in front of him was already in a state of decay. He had just escaped from the trap and had not regained much strength at all.

Although ancient Taixu entered the realm of Tao three thousand years ago.

But now his strength is probably only one percent of what it was at its peak.

I wonder if it will be very difficult to fight against two dark ancient races of the God-Emperor Realm, the top ones in the Titled God Realm?

When Gu Taixu heard Ye Feng's voice, he just smiled slightly. In his old eyes, he suddenly revealed a peerless magnificence that looked down on the world. He slowly said: "Two ancient dark races in the God Emperor realm, Nothing to fear!"

Boom! !

Almost at the moment Gu Taixu finished speaking, two powerful ancient dark races rushed over from the opposite side.

In an instant, the infinite dark aura ignited the entire void, boiling and rolling, covering the entire world. There was terrifying black energy and killing light everywhere, like dark clouds in the sky, covering the sky and the sun, moving towards Ye Feng and Gu Taixu. The two people pressed forward, as if they could destroy everything.

Facing the endless murderous intent, although Gu Taixu was old and stooped, he stood upright at this moment.

At this moment, two bright and boundless divine lights suddenly bloomed in Gu Taixu's eyes.

At this moment, Gu Taixu seemed to have returned to the peak period three thousand years ago, with a powerful and boundless aura pouring out of him.

"Three thousand world!"

Suddenly Gu Taixu shouted loudly, and he stretched out a hand fiercely. In an instant, three thousand haloes burst out from his palm. Each halo was blooming with divine light. There is a small world contained in a halo, and it is all bombarded out, as if it can shake the sky and the earth, and all of a sudden the boundless dark magic energy and infinite killing light are shattered.

"Boom!"

"Boom!"

Accompanied by two violent collisions, the huge bodies of the two ancient dark races in the God-Emperor Realm were directly blasted away and hit the wall hard, spurting out black blood.

Ye Feng stood aside and watched the whole scene with shock in his eyes.

God Lord Gu Taixu is worthy of being the first generation God Lord who emerged from the Divine Sect three thousand years ago. Even though his cultivation is now exhausted and his life is almost exhausted, he is still able to burst out with such tyrannical and boundless power. In an instant, he can defeat two God Emperors. The ancient dark race caused heavy damage.

"Uh-huh!"

"Uh-huh!"

At this time, the two severely injured ancient dark race creatures were frightened and fled toward the other side of the wall.

"Three thousand world."

Gu Taixu spoke up again at this time. He waved his hand casually, and the three thousand halos instantly trapped the two severely damaged creatures of the ancient dark race.

"Roar!!"

"howl!!"

The two ancient dark races roared and roared, and the monstrous power of the God-Emperor realm exploded. They wanted to struggle, but they couldn't.

Because every divine halo contains the power of a world, even the dark races of the God-Emperor Realm, the top of the Titled God Realm, cannot escape the suppression of the Three Thousand Worlds.

Ye Feng looked on and was horrified, "Did Senior Taixu's three thousand auras really directly smelt the power of three thousand small worlds into it? Otherwise, it would be impossible to possess such terrifying power."

At this time, Ye Feng knew why Gu Taixu was so confident even though he was so weak and old. It turned out that he could directly use the powerful inheritance that he had successfully cultivated long ago, Three Thousand Worlds.

Three Thousand Worlds, for Gu Taixu, this is not just an inherited skill, it can even be regarded as a powerful magic weapon.

This really combines the intangible "Dharma" and the tangible "treasure".

This shows how amazingly talented this Taixu God Lord was back then. No wonder he was trained as the future Human Emperor of the Wilderness.

At this time, Ye Feng took a fancy to the two ancient dark races trapped by the locks, and immediately said: "Senior Taixu, these two ancient dark races who have suffered heavy losses, don't kill them first, can you send them to us?" To me? I have other uses."

Gu Taixu, who was about to kill the two dark races in the God-Emperor Realm, heard Ye Feng next to him say this, and couldn't help but reveal a look of surprise in his eyes.

However, he did not ask any more questions, but nodded slightly and said loudly: "Okay, since Ye Feng also needs it, I will give it to you, but you must be optimistic about these two ancient dark races, they are both titled gods. Once a God-Emperor Realm being at the highest level escapes from trouble, it will cause huge disaster to our entire human race."

If someone else made such a request, God Lord Taixu would never agree, but would directly obliterate these two dark races that pose a huge threat.

But it was Ye Feng who spoke out at this time. After Gu Taixu thought for a while, he gave Ye Feng the two ancient dark races.

"Emperor Chu, use your power to imprison these two ancient dark races that have suffered heavy losses."

At this time, Ye Feng put the two ancient dark races into the storage ring and asked Emperor Chu to take good care of them.

At this time, Ye Feng's heart was excited. These two ancient dark races were extremely powerful beings in the top level of the God Emperor Realm. They were very powerful creatures, containing endless skills and energy.

For Ye Feng, he must think of a way to devour these two ancient dark creatures after he goes out!

Chapter 1933 The Eye of Sin

Ye Feng was in a very good mood after receiving two ancient dark race creatures from the top level of the Titled God Realm, the God Emperor Realm.

Even if he entered this dark underground palace this time and found no trace of Emperor Tianlong or any treasure left behind, Ye Feng still felt that his trip was not in vain.

At this time, Gu Taixu took Ye Feng into the dark hall high in the sky.

The entire hall is made of a pitch black material, which looks like iron but not iron. It looks extremely cold and full of chilling feeling.

At this time, in the entire hall, there are strange statues standing on all four sides, which should be some kind of dark race.

At this time, Gu Taixu walked straight towards the center of the hall. In the center of the hall, there was a huge altar.

On top of the huge altar, there are some ancient fragments, like feathers, scattered on it.

Gu Taixu walked over, with a desolate look in his eyes, staring at the feather-like fragments, and sighed: "Emperor Tianlong failed to emerge and has fallen..."

Ye Feng also walked over at this time, looking at the fragments on the altar, with a trace of sadness in his eyes.

An ancient power as powerful as the Tianlong Emperor, able to suppress a Botian Clan, ultimately failed to cross the level above the Tao Realm, and ultimately failed and became a pile of fragments.

All I can say is that it is very sad.

Emperor Tianlong didn't leave anything behind. The entire hall was empty and there was nothing left behind.

Gu Taixu was a little disappointed. For tens of thousands of years, countless powerful people from various major races and human races wanted to enter the dark underground palace deep in the ancient Tianmen Cave, hoping to find the legacy of legendary figures such as the Tianlong Emperor.

But in the end, no one expected that the Tianlong Emperor failed and turned into a pile of fragments, completely falling without leaving anything behind.

Ancient Taixu

At this time, I felt a kind of regret in my heart. I regretted that I had been too impulsive and had been trapped in this dark underground palace for three thousand years, almost running out of gas.

Fortunately, Ye Feng accidentally saved him, otherwise Gu Taixu might really regret it for the rest of his life.

At this time, Gu Taixu sighed: "After going out this time, I must not waste my time anymore."

Having lost three thousand years of time, and now being poisoned, Gu Taixu, whose time is running out, has become more determined in his inner belief. After he goes out, he must make more contributions to the Ascension God Sect.

At this moment, Ye Feng suddenly looked into the depths of the altar and seemed to have discovered something. He suddenly said: "Senior Taixu, the deepest part of this altar seems to be emitting black light."

Ye Feng said this at this time, and walked over curiously.

He saw that deep in the center of this ancient altar, where the Emperor Tianlong was reduced to a pile of fragments, there was actually a black bead inlaid in the middle of the solid stone wall of the altar. At this time, Ye Feng saw In the past, I only felt that there was infinite black light in the black bead. This black bead gave Ye Feng the feeling of an eyeball, like the eyeball of the god of death.

This black bead, which looked like the eyeball of the god of death, exuded an extremely evil aura.

Gu Taixu also looked over at this time, staring at the black eye. Even the god master felt frightened and felt as if he had fallen into an ice cave.

"The place where Emperor Tianlong was seated...how could there be such an evil eye? No! This ancient altar is not the place where Emperor Tianlong practiced! When Emperor Tianlong was here, he was not practicing, but... Suppressing this evil altar! Or to be precise, suppressing that black eyeball!"

Gu Taixu seemed to have thought of something at this time, and even he, a god-level master, immediately showed a look of horror on his face.

This altar may not have been forged by Emperor Tianlong, but was something from the Botian Clan, a super dark race back then!

Emperor Tianlong is here to fight against the dark eyeball in this ancient altar!

"I remembered it! There is a record in an ancient book of the Yuhua Shenmen. Rumor has it that the Botian clan, who almost conquered and enslaved most of the God Realm, and the first generation of the Dark Emperor, was defeated by countless super overlord races in the God Realm. They joined forces to kill with difficulty, and then dismembered the body of the first-generation Dark Emperor of the Botian Clan. Only two eyes of the first-generation Dark Emperor of the Botian Clan were left in the world, which represented the power of the first-generation Dark Emperor of the Botian Clan. , even the powerful powers of countless super overlord races in the God Realm cannot be destroyed at all. They can only seal the two eyes of the first-generation Dark Emperor for generations. The two eyes of the first-generation Dark Emperor, It is called the "evil eye" by the world and represents something taboo!"

At this time, Gu Taixu was speaking, his voice was trembling, and he was staring at the dark eyeball in the middle of the ancient altar, feeling extremely terrified.

This black eyeball was actually worthy of being suppressed by Emperor Tianlong himself. Moreover, Emperor Tianlong fell because of it. There is a great possibility that it was the eyeball of the legendary first-generation Dark Emperor of the Botian clan, and it was the eye of sin!

At this time, Gu Taixu immediately pulled Ye Feng back and said urgently: "Let's go quickly! There is a great horror here! It's more terrifying than I thought before! It's not just the Tianlong Emperor and the Botian Clan here. The place of fighting is a forbidden place that seals the sinful eye of the first generation of Dark Emperor!"

Ye Feng was shocked when he saw a big figure like Gu Taixu at the level of a god. He also felt the seriousness and immediately followed Gu Taixu and flew out of the hall.

.

"Buzz!"

But suddenly at this moment, the ancient altar suddenly cracked into pieces, and every inch of extremely terrifying black light exuded a monstrous evil aura, containing boundless ferocity, emanating from the cracks. come out.

"Oops!"

Gu Taixu's expression changed drastically at this time.

Boom! !

And at the next moment, the entire ancient altar exploded.

A dark eyeball, the Eye of Sin, suddenly rushed out from the ancient altar, exuding boundless violence and infinite dark power, bombarding Ye Feng and Gu Taixu in the direction of Come.

"Three thousand world!!!"

At this moment, Gu Taixu roared loudly, and his whole body was filled with bright and boundless divine light. He violently released three thousand worlds, and three thousand divine haloes burst out from his body at once, heading towards Blast away with that sinful eye.

"Boom!"

But at the next moment, what made Gu Taixu's expression change drastically was that the three thousand world auras were simply fragile in front of the Eye of Sin, and were all smashed into pieces. The dark eyes exuded monstrous ferocity. It seemed that there was endless unwillingness of the first generation of the Dark Emperor of the Botian clan, and it suddenly enveloped the two of them.

"Chaos body?!"

A sudden thought of surprise came out of the Eye of Sin, and the dark eyes abandoned Gu Taixu and charged directly towards Ye Feng, piercing Ye Feng's eyebrows at once.

"No!!!"

When Gu Taixu saw this scene, he saw with his own eyes that Ye Feng, who had saved him, was pierced between his eyebrows by the eyes of sin. His eyes were split open, and his terrifying anger boiled boundlessly.

He knew that Ye Feng was dead.

Chapter 1934 The Terrifying Dark Emperor

The Eye of Sin was extremely terrifying, exuding a ferocious aura, like endless darkness, and suddenly enveloped Ye Feng's entire soul.

Almost at this moment, Ye Feng immediately felt a terrifying sting between his eyebrows.

Then the sinful eyes, the dark eyes, were boring into his mind.

It was as if his head had been cut open by a drill. Ye Feng had never felt such horrific pain.

At this moment, Ye Feng immediately shouted in pain.

In the world of his soul, the Eye of Sin instantly found the original body of his soul and wanted to seize it directly.

"Boom!"

But suddenly at this moment, the soul gem suddenly bloomed with golden light.

An extremely huge golden giant suddenly appeared in Ye Feng's soul world. .??.

Ye Feng's eyes immediately lit up, and he felt a deep sense of security.

Because the soul gem, the most mysterious among the gems of the gods, has always been Ye Feng's biggest trump card and method.

No matter what powerful being wants to seize him, it will basically be destroyed by the soul gem.

"Oh? Soul gems? The legendary gems of the gods? I once owned two of them, but unfortunately they disappeared in the final battle. Unexpectedly, this time I not only got a perfect chaotic body with unlimited potential , and there is also the most mysterious soul gem, which is great!"

But at this moment, what made Ye Feng's face change was that the voice coming out of the Sinful Eye did not have the slightest feeling of fear, but was filled with joy and excitement.

"Buzz!"

Almost at the next moment, endless black light burst out of the Eye of Sin, and an extremely dark dark giant immediately condensed in Ye Feng's soul world.

This dark giant is extremely majestic, vicissitudes of life, has eternal depth, and infinite power. It is like an invincible dark mage, giving people a deep sense of oppression. It is simply more powerful than gods!

This was the first generation of the Dark Emperor who almost conquered and enslaved the Botian Clan that enslaved most of the God Realm back then!

An existence that can rival the ancient gods!

Even able to peek into the power of the Lord!

Even the giant golden soul manifested by the soul gem did not have the slightest advantage in front of the dark emperor at this moment.

At this time, Ye Feng's eyes were filled with deep horror.

This was the first time he encountered an existence that could rival the soul gem, a gem of the gods.

For a moment, Ye Feng was a little unsure whether he would really die.

\u003e "Boom!"

Suddenly at this moment, the Dark Emperor took action.

The terrifying and boundless dark energy suddenly erupted in the entire soul world.

At this moment, the soul gem also took action.

The golden energy giant that manifested suddenly opened its mouth and spurted out countless golden rays of light, turning into thousands of golden blades. It was full of infinite terrifying cutting power and attacked the dark emperor at once.

Rumble...

Suddenly a deafening sound resounded throughout the entire soul world.

Ye Feng immediately felt a huge turmoil in his soul, and he felt endless pain.

This is really a fight between gods and mortals!

"ah!"

Outside, Ye Feng roared in extreme pain, and all his orifices began to bleed. Sometimes his pupils were filled with golden light, and sometimes they exuded a strong and ferocious black aura.

"It's all my fault for bringing this child here, he's still so young!"

At this moment, Gu Taixu felt heartbroken when he saw Ye Feng bleeding from all his orifices.

At this time, Emperor Chu had no choice but to pray that Ye Feng's soul gem could defeat the dark and supreme thoughts of the Dark Emperor in the Eye of Sin.

"Rumble..."

In Ye Feng's soul world at this time, it was like a tsunami. Countless violent forces swept around, almost destroying Ye Feng's soul.

"Boom!"

Finally at a certain moment, the power of the Dark Emperor disappeared.

The soul gem also dispersed all the golden light, seemed to fall into silence, and completely failed in a short period of time.

Ye Feng was very shocked. There was such a powerful existence in the world. Just a thought could fight against the soul gem.

No wonder the first generation of the Dark Emperor was able to lead the Botian Clan and almost conquered and enslaved most of the God Realm.

Moreover, being united by countless powerful overlord race gods, they were unable to completely destroy the body of the Dark Emperor. They could only dismember him, leaving behind two evil eyes.

"call!"

Ye Feng let out a long breath and breathed a sigh of relief.

Although the soul suffered great turmoil, it was finally safe.

The soul gem and the Dark Emperor's thoughts cancel each other out

.

"boom!"

But before Ye Feng could be happy, the sinful eye suddenly emitted endless dark light and merged into Ye Feng's eyebrows, becoming Ye Feng's third eye. Exuding the evil and ferocious aura of the Botian Clan, Ye Feng looked a little evil.

At this moment, Ye Feng suddenly opened his eyes, and Gu Taixu stared at him, exclaimed and asked: "Ye Feng, are you still alive?"

Ye Feng nodded and did not explain why he was alive. Instead, he pointed at the sinful eye between his eyebrows and said: "Senior Taixu, I don't know what happened just now. The last sinful eye It has merged into my eyebrows and become my third eye. What should I do?"

Ye Feng didn't know if the Dark Emperor's thoughts still existed in this sinful eye.

Moreover, the most terrifying dark taboo thing in the world, the Eye of Sin, has become his third eye, which is equivalent to integrating into his body. I don't know if it is evil or a disaster?

Gu Taixu stared at Ye Feng, and at this time he also focused on the third eye of sin.

The Eye of Sin exudes endless ferocity and can pull people into darkness at any time, making the God Lord Gu Taixu feel a wave of heart palpitations.

Gu Taixu said aloud: "This time you did not abolish it, but turned the danger into safety. Even if the evil eye temporarily merges into your eyebrows, it should not cause any big disaster, but it is still a crime after all. Eye, after we return to the Yuhua Shenmen, I will try to see if I can dig out this sinful eye from the center of your eyebrows and seal it completely."

Ye Feng nodded and wanted to stand up, but suddenly at this moment, the Eye of Sin suddenly burst out with a dark and ferocious aura, and Ye Feng's whole person suddenly entered a dark state, as if he had turned into a The extremely cruel Botian Clan wanted to slaughter thousands of living creatures. An extremely cruel impulse arose in Ye Feng's heart, and he almost became a demon.

Although Ye Feng turned into a demon at this time, he felt that his power had increased thousands of times, which was extremely terrifying.

"This sinful eye is indeed an ominous thing!"

Gu Taixu spoke up at this time. He instantly stretched out his finger and immediately tapped the sinful eye on Ye Feng's eyebrows.

Boom!

Three thousand dazzling divine halos rushed out from Gu Taixu's fingers, and surrounded the sinful eye on Ye Feng's eyebrows.

Almost at the next moment, the dark light and ferocious aura erupted from the Eye of Sin.

, disappeared in an instant, and was forcibly suppressed into the Eye of Sin.

The ferocity and cruelty on Ye Feng's face disappeared, and his face turned a little pale. He couldn't help but said, "Thank you, Senior Taixu, for taking action."

Gu Taixu stared at Ye Feng and sighed, "I don't know if it is a blessing or a curse. I have used the secret of my three thousand worlds to temporarily seal this evil eye in the center of your eyebrows.

It should be able to Suppress it for a while and hope it doesn't explode soon, otherwise you will become a cruel demon who only knows about killing!"

At this time, Gu Taixu's words were full of a deep and profound meaning.

Ye Feng even suspected that if the Eye of Sin had not been integrated into his savior, perhaps the Taixu God Lord of the human race in front of him would have killed him on the spot and never caused further trouble.

Gu Taixu sighed, and then said: "We'd better leave this dark underground palace as soon as possible."

Ye Feng nodded and was about to leave.

But suddenly at this moment, Emperor Chu, a small red light man, suddenly flew towards the broken ruins of the altar not far away.

Ye Feng's eyes moved and he asked aloud: "Emperor Chu, did you discover something?"

At this time, the Eye of Sin has merged into Ye Feng's eyebrows, and the most dangerous thing here has temporarily calmed down.

So at this time, Ye Feng was not too afraid of anything strange in the dark hall.

Emperor Chu immediately took out a book made of a huge stone from the ruins, and said loudly: "You two, come and take a look, is this stone book left by Emperor Tianlong? I felt an extremely pure aura of the Dragon Emperor from above."

Gu Taixu's eyes moved fiercely at this time, his tone was full of surprise, and he said aloud: "Before I came to this dark underground palace, I consulted many ancient books and learned about the life of Emperor Tianlong. There are rumors that Emperor Tianlong has a habit, that is, all the insights you have gained from cultivation will be recorded in a book made of Chaos Stone on your body. Look at this stone book to see if it was made of Chaos Stone. If it is really that book If it's a book, that means we've got a priceless treasure!"

Uh-huh!

Ye Feng immediately flew over, stretched out his hand and pressed it on the huge stone book, and then used his power of chaos.

"Buzz!"

Almost at this moment, wisps of light gray chaotic energy immediately escaped from the surface of the stone book.

"This is a book forged from Chaos Stone!"

Ye Feng immediately expressed surprise.

Chapter 1935 The Supreme Headmaster Arrives

Ye Feng is a body of chaos, so his induction of the chaos stone is naturally extremely accurate.

At this time, Gu Taixu's old eyes also showed a look of surprise, and he immediately flew over, staring at the huge chaos stone book.

Every page of the Chaos Stone Book is engraved with strange and mysterious strokes that are incomprehensible. Some are like pictures, some are like words, and some are so messy that it is difficult to see the clue.

Ye Feng couldn't help but said: "Did Emperor Tianlong never study in those days?"

Gu Taixu heard what Ye Feng said, but his eyes were stunned, and then he smiled slightly and said: "This is the text of the Tianlong clan. It is very ancient. Even I don't know it very well. Bring this Chaos Stone Book with you first." Go back, this is a priceless treasure, let some masters from Yuhua Shenmen who specialize in studying ancient texts translate it."

At this time, Emperor Chu spoke up: "Can I swallow the source of the emperor's aura in this chaos stone book?"

Although this Chaos Stone Book is not a refined treasure, but a note used by Emperor Tianlong to record his cultivation insights.

However, the material of this Chaos Stone Book is very special, and it has always been placed close to the body of Emperor Tianlong. Therefore, over time, this Chaos Stone Book has also become a treasure. Emperor Chu is now one with the Blood God Pearl, and he has no regard for treasures. The original power is very longing.

Ye Feng was a little undecided at this time. After all, this Chaos Stone Book is a priceless treasure. If the source of the Emperor's breath in it is swallowed, it is not known whether it will have an impact on the things recorded in it.

At this time, Gu Taixu spoke up and said with a smile: "It doesn't matter. There is no problem if the source of the emperor's aura inside disappears. It will not affect the things recorded inside."

When Emperor Chu heard what Gu Taixu said, he immediately nodded, opened his mouth and swallowed directly. A layer of light yellow energy was swallowed by Emperor Chu at once.

Uh-huh!

The next moment, Emperor Chu turned into a red light and returned to Ye Feng's storage spirit ring, apparently to digest energy.

Gu Taixu stared at the red-light storage ring in Ye Feng's hand, and said slightly: "This thought

It's very strong, but it's different from ordinary soul thoughts. It feels like a weapon spirit to me. "

Ye Feng nodded and said, "Senior Taixu's guess is correct."

When he said this, Gu Taixu put the Chaos Stone Book into his body and said aloud: "After returning to the Ascension Gate, I successfully deciphered the contents of this Chaos Stone Book. I will I'll give you a copy."

Ye Feng nodded. The origin of the treasures in the Chaos Stone Book had been swallowed by Emperor Chu. The stone book itself no longer had much value. What was valuable was the cultivation insights and records left by Emperor Tianlong.

Ye Feng couldn't understand these things by himself. He needed Gu Taixu, as the God Lord, to have some old antiques from the upper level of the Yuhua Shenmen translate them.

So as long as Gu Taixu gives himself a successfully translated copy in the future, that will be enough.

"Let's leave. I don't know if there are any other dangers here. It's better to leave this land of right and wrong as soon as possible."

At this time, Gu Taixu spoke up.

Ye Feng also nodded. Although they have discovered many secrets in this dark underground palace, they always feel that there are other dangers deep in this dark underground palace, which makes Ye Feng feel a little uneasy, so it is better to leave as soon as possible.

With the protection of Gu Taixu, the two people quickly left the dark underground palace safely and returned to the outer area of the ancient Tianlong Cave.

At this time, Ye Feng saw that at the exit of the dark underground palace, a place of sacrifice, the decayed old dragon was still waiting there.

"Lord Ye Feng! You actually came out alive!"

The decayed old dragon came over immediately, his eyes full of joy.

Ye Feng said loudly: "Let's go, I will take you out of this ancient Tianlong Cave.

Said promises will definitely come true. "

The decayed old dragon was very happy and immediately nodded wildly.

At this time, Lao Long's eyes fell on Gu Taixu next to Ye Feng.

He looked at this group of old and skinny old men. They seemed extremely old and decayed, but they gave people a sense of unfathomable vastness.

"The old man coming out of the dark underground palace must be very scary."

Old Long thought secretly in his heart.

Two people and one dragon were very fast, and they had already walked out of the Ancient Tianlong Cave in just half a day.

And the moment they walked out of the Ancient Tianlong Cave, Gu Taixu, who was standing among them, suddenly burst out with divine light.

The endless vast energy of heaven and earth gathered from all directions at this moment, all automatically integrated into Gu Taixu's old body.

Almost at this moment, both Ye Feng and Lao Long saw in disbelief that Gu Taixu's ancient body began to become plump, strong and full of vitality with the endless injection of heaven and earth energy.

Even Gu Taixu's original white hair was turning black again at this moment.

He seemed to be rejuvenated at this moment, back to his prime youth.

Soon, the strange phenomenon of heaven and earth vitality here attracted the attention of many powerful people in the Yuhua Shenmen.

"Who dares to rob the spiritual energy in the core area of our Feathered God Sect?"

"Who is so brave? Let's go and take a look!"

"Such people must accept the trial of our Yuhua Shenmen Law Enforcement Hall!"

...

At this moment, many of the core figures in the Yuhua Shenmen spoke out one after another, and then gathered towards the entrance of the Ancient Tianlong Cave.

But just when this group of core people arrived at the entrance of the Ancient Tianlong Cave, they saw that figure and were stunned.

\u003e

Among this group of core figures, there are several powerful elders who are the supreme elders of the Yuhua Shenmen, extremely noble figures. But at this time, their eyes were extremely surprised, and they even said with some uncertainty: "This matter ...Uncle Taixu?"

"Uncle Taixu?"

At this moment, the old faces of this group of ancients from the Yuhua Shenmen actually showed a tearful expression.

They were filled with deep shock and at the same time a deep disbelief.

A character who disappeared for three thousand years is back again?

At this moment, Gu Taixu suddenly looked in a certain direction high in the sky and smiled slightly, as if he saw an acquaintance.

Buzz!

And at the next moment, an overwhelming and terrifying pressure appeared all over the sky.

That is the ultimate majesty!

The existence of the Tao Realm that has definitely surpassed the Titled God Realm has arrived!

At this moment, everyone's eyes were focused on the sky.

At this moment, a middle-aged man in green clothes appeared in the sky. He looked extremely gentle and elegant, but his eyes were full of boundless majesty. There was even a divine halo floating behind his head, exuding a majesty and aura. .

"See the Supreme Leader!"

Almost at this moment, a group of core figures from the Yuhua Shenmen all spoke respectfully.

The supreme leader? !

Ye Feng and Rotten Old Dragon's eyes were suddenly startled at this time.

The supreme leader of the Yuhua Shenmen has actually arrived in person!

This is an extremely terrifying existence!

He is the giant who truly stands at the pinnacle of the human race in the wilderness!

Second only to the human emperor, the patron saint of the human race!

At this moment, Gu Taixu's eyes were extremely calm, and with a smile on his face, he looked at the majestic Headmaster Supreme in the sky, and suddenly said: "Junior brother, long time no see."

Chapter 1936 Half a month

Junior brother?

At this time, everyone on the field couldn't help but tremble when they heard Gu Taixu's voice and the title of Supreme Headmaster.

The Supreme Headmaster is the commander-in-chief of the Ascension God Sect. He is the most mysterious and powerful being in the Ascension God Sect.

As the dominant force in the wilderness, the Yuhua Shenmen's leader is the supreme leader. Even among the seven major domains of the human race, he is a supreme figure. He is a transcendent existence where the divine dragon sees its head but never its tail.

But now, this old man who came out of the ancient Tianlong Cave actually calls the Supreme Leader his junior brother?

How scary this generation must be!

Gu Taixu was standing there with a very indifferent expression, looking around the entire field.

Ye Feng and the decayed old dragon were both standing behind Gu Taixu at this time. They did not expect that this old man's seniority would be so scary.

Even the most supreme headmaster of the Yuhua Shenmen is his junior brother.

At this time, the supreme leader of the Yuhua Shenmen, a big man who seemed to be indifferent and boundless, stared at the familiar figure of Gu Taixu, his eyes were a little red, and said loudly: "Senior brother, long time no see, it's been three thousand years. , you finally came back..."

Wow!

The words of the Supreme Leader made the many core figures who came around have very exciting expressions on their faces.

They never thought that this person turned out to be the legendary figure of the Yuhua Shenmen back then, the number one God Lord, Taixu God Lord!

...

The news of Gu Taixu's return soon spread throughout the entire Yuhua Shenmen, even throughout the entire wilderness, and even the seven major domains of the human race.

Many human forces in other domains all sent congratulatory messages.

Obviously, Gu Taixu's reputation back then was probably spread throughout the entire human territory.

Moreover, among the human race that is currently in crisis, there is suddenly a god-level existence at the level of the Tao Realm, which is a huge deterrent to other races around it.

Because if you want to cultivate a new god-level being at the realm of Tao, you don't know how much it will cost the human race.

r\u003e

...

Ye Feng did not follow Gu Taixu into the core area of the Yuhua Shenmen.

Even Ye Feng did not let Gu Taixu disclose the identity of his savior. Only the Supreme Master knew this secret.

Ye Feng knows very well that his current strength is still very weak.

Moreover, Gu Taixu has not yet become truly powerful. He has exhausted all his energy in the past three thousand years, and he still doesn't know what his fate will be in the future.

If I reveal the identity of my savior now, many people will definitely associate the secret of Emperor Tianlong with me.

At that time, he will become the target of public criticism.

Ancient Taixu is not afraid.

But Ye Feng is still too weak now, and he must be very worried about others targeting him.

You know, even if Gu Taixu and the Supreme Headmaster can protect themselves, they can't stay in the Yuhua Shenmen all the time.

There are always times of oversight.

Therefore, Ye Feng felt that it would be better for him not to have to climb the dragon and the phoenix now.

Only when your strength reaches a certain level can you be qualified to enter the inner circle of Yuhua Shenmen to compete.

After Ye Feng returned to his residence, he took a good look at his sinful eyes.

Every time Ye Feng tried to touch the Eye of Sin with his spiritual thoughts, he would feel a very violent and ferocious aura, like endless darkness and cruelty contained in the Eye of Sin.

Once released, Ye Feng may be able to gain earth-shaking power!

But Ye Feng may also become a madman, a human demon, and fall into an endless desire to kill.

Ye Feng was very afraid of this and no longer explored the secret of the evil eye.

He thought that when Gu Taixu regained his strength, he would go to him to see if there was a way to use this one.

The evil eye dug out from the center of his eyebrows and completely sealed this evil thing.

"Buzz!"

Suddenly at this moment, a very powerful aura emitted from the storage ring on Ye Feng's finger.

"It seems that Emperor Chu has made a breakthrough."

Ye Feng's eyes were filled with joy, and he immediately asked aloud: "Emperor Chu, you swallowed the origin of the treasure in the Chaos Stone Book, and what level of breakthrough did you reach?"

Emperor Chu's voice sounded at this time: "I am in the fifth level of the Titled God Realm, the God Emperor Realm. The origin of the treasures in the Chaos Stone Book is very good, which makes me very satisfied. Master, if you have the opportunity, help me find more of these ancient times. Treasures, as long as there are enough treasures from ancient times for me to swallow, I will continue to become stronger, and I will finally regain the glory of the emperor of the Great Chu Kingdom. "

Ye Feng nodded and said loudly: "Okay, I will definitely look for it. After all, your strength has increased, which is of great benefit to me. In this God Realm, which is in crisis, we all need to do it as soon as possible." Only by improving your cultivation strength can you survive safely. Only by surviving can you be qualified to talk about your dreams. "

Before, Ye Feng had always felt that the Chaos God Clan was weighing on his heart like a big mountain.

But now Ye Feng has looked away. The Chaos God Clan, the top overlord race in the God Realm, is absolutely terrifying and huge. It is impossible for him to fight against it at present.

So at this time, Ye Feng knew very well that he should slowly improve his strength first.

Ever since he saw the terrifying power of the first generation Dark Emperor of the Botian Clan, who was able to shake the gems of the gods, Ye Feng had a huge crisis in his heart.

Even if you have the gems of the gods, you may not be able to cope with everything.

Those super overlords who stand at the top of the pyramid of the God Realm all have monstrous power and incredible abilities.

Ye Feng even guessed that the first-generation Dark Emperor of the Botian clan might be infinitely close to the supreme master in cultivation, so

Yicai possesses such terrifying power.

Even the Soul Gem was almost scrapped during the fight with the Dark Emperor.

Now that the soul gem has fallen into a deep sleep, Ye Feng knows that there are many terrifying existences in this world that he cannot even imagine.

After taking a deep breath, Ye Feng paid more attention to the upcoming true inheritance trial.

"My current cultivation level is at the ninth level of the second level of the Divine General Realm. I am not considered top-notch among the core disciples. I am at the middle level at most. If I want to win the first place in this True Inheritance Trial, I will probably win. Very difficult."

Ye Feng secretly thought in his heart that this kind of true inheritance test would definitely be watched by the super strong ones from the Yuhua Shenmen at all times. Emperor Chu might not be able to take action, otherwise he might be found cheating, which would be more of a loss than the gain. .

Therefore, in this kind of true inheritance trial, everything depends on one's own strength in order to gain the attention of the upper echelons of the sect and obtain abundant training resources.

Ye Feng had no morals to kidnap Gu Taixu and asked Gu Taixu to give him unlimited cultivation resources.

Ye Feng feels that what he wants can only be achieved by relying on his own people to fight for it.

Because Ye Feng is a person who doesn't like to owe others favors, and it's really hard to repay favors.

"There are still nearly half a month left before the True Inheritance Trial. I think I can accept some sect tasks released by the Feathered God Sect to see if I can earn some extra wealth to improve my cultivation."

At this time, Ye Feng murmured and walked towards the central hall of Yuhua Shenmen.

He was going to see if there was any sect mission suitable for him to complete for two reasons. The first was to gain experience, and the second was to earn extra wealth.

Ye Feng knew that he couldn't waste this half month.

But there is nothing else I can do at the moment.

If you just sit quietly and meditate to practice, your cultivation level will probably not improve much, and the half month before the True Inheritance Trial will be wasted.

Chapter 1937 Ancient Desert Country

Before going to the central hall, Ye Feng opened the space where he stored his spirit ring.

In the storage spirit ring, two very powerful ancient dark creatures are still imprisoned.

One is a nine-headed serpent, and the other is a humanoid creature with two black wings on its back, just like a bat-man.

These two ancient dark creatures were the gifts given to Ye Feng by the ancient Taixu before.

These two ancient dark creatures are both at the level of the God Emperor!

Very powerful!

Ye Feng saw at this time that red light emitted from Emperor Chu's body, forming a chain that bound these two ancient dark creatures.

But at this time, Ye Feng saw that the life essence of these two ancient dark creatures was very strong and extremely terrifying.

At this time, Emperor Chu saw Ye Feng looking at the space in the storage ring, and couldn't help but said: "These two dark creatures are too powerful, and it is impossible for you to devour them for the time being."

Ye Feng nodded and said aloud: "I know this, that's why I keep them imprisoned in the storage ring, otherwise they would have been devoured by me."

Emperor Chu was a little confused at this time and asked aloud: "At that time, you should have asked that ancient Taixu to kill these two powerful ancient dark creatures, and then you would devour them."

Ye Feng shook his head helplessly at this time and said: "If you kill these two ancient dark creatures directly, a lot of blood and energy will be lost. It feels like the gain is not worth the loss. Anyway, these two ancient dark creatures have been imprisoned. Let them Just stay in my storage spirit ring for the time being. When my cultivation is strong enough, I can then devour them alive. That will be the best use of it."

When Emperor Chu heard what Ye Feng said, he didn't say anything and fell silent.

...

In the central hall of Yuhua Shenmen, there are many disciples gathered here.

The central hall is not a place specifically for releasing sect tasks. There are many departments, such as the alchemy department, the identity authentication department, the entrance examination department, etc.

Ye Feng came all the way, hurriedly walked into the central hall, and directly found the task release area. He wanted to find a suitable task for him to complete.

There is still half a month left before the True Inheritance Trial, which is neither long nor short.

Ye Feng felt that he had better choose a safer and safer mission, otherwise it might delay the subsequent True Inheritance Trial, which would be more of a loss than a gain.

So in the end, Ye Feng chose a rescue mission.

This rescue mission is a mission issued by an ancient desert country under the command of Yuhua Shenmen.

This ancient desert country is called Loulan Ancient Country. It is said that the king of Loulan Ancient Country was imprisoned by the strong Scorpion Clan in the desert. The person who issued the mission was Princess Loulan of Loulan Ancient Country. If the rescue was successful, Princess Loulan would give Loulan Ancient Kingdom's The treasure of the country is given as reward.

This reward is a very precious and rare elixir called "Tianxiang Cardamom Pill". If taken, it can instantly increase the centuries-old skill of a human warrior.

"A hundred years of skill! That's an extremely powerful force!"

Ye Feng's heart was moved, and he directly took off the task list, and then walked towards the door of Yuhuashen.

Many people around saw Ye Feng's actions, with expressions in their eyes.

There was a look of surprise.

Because they know that this task is very difficult.

Because the desert area is the most dangerous area in the wilderness, there are extremely powerful and vicious scorpion tribes.

The Scorpion Clan is an extremely tyrannical existence. Even some of the top core disciples would not dare to go to that place rashly, let alone rescue the king of the ancient Loulan Kingdom. There must be many dangers.

But everyone saw that Ye Feng's cultivation aura was only at the second level. Wouldn't he just die if he went there?

"This kid is probably just promoted to a core disciple and is a little inflated. He actually took over such a difficult task from the beginning."

"It must be because I was attracted by the precious reward. The reward is indeed very precious, but you must have a life to get it."

...

In the central hall, many disciples who were choosing other tasks looked at the direction in which Ye Feng was going and couldn't help but shake their heads.

They felt that this young man was so bold that he dared to go to such a dangerous place alone. He was definitely dead.

At this time, Ye Feng walked out of the Ascension Gate alone.

The desert area where Loulan Ancient Kingdom is located is located in a very remote and remote place in the wilderness. It is connected to the extremely desolate Gobi and is almost no longer considered human territory.

Therefore, there are many extremely ferocious alien races here, such as the Scorpion Tribe, the Venomous Snake Tribe, the Bull Demon Tribe, etc., who survive in this desolate desert area, establish their own tribes, often hunt human beings, and regard human beings as their own food. , very cruel and evil.

The mission issued by Loulan Ancient Kingdom this time is to rescue the king of Loulan Ancient Kingdom.

But Ye Feng didn't know the specific location.

So after he left the Ascension Gate, he spent several days directly arriving at the imperial city of Loulan Ancient Kingdom, an ancient desert human nation.

Although it lives in the desert, the ancient country of Loulan does not give people a very shabby image. Instead, there are tall buildings everywhere, which look majestic and majestic.

But think about it and you know that if the comprehensive national strength of the ancient Loulan country was not strong, it would have been wiped out by the alien races living in the surrounding desert.

When Ye Feng arrived, he directly revealed his identity as a disciple of the Yuhua Shenmen.

Several guards from Loulan Ancient Kingdom respectfully invited Ye Feng into the palace in an instant.

In the main hall of the palace, Ye Feng saw the owner who issued this mission, the princess of the ancient Loulan Kingdom.

Princess Loulan is extremely beautiful. She wears special desert clothes and looks exotic.

Princess Loulan's beautiful face had a hint of worry. When she saw Ye Feng approaching, she seemed to have grasped the last hope and said quickly: "A disciple of Yuhua Shenmen, you can count on me." It's been almost half a month, and no one dares to accept this task. Since the young master has the confidence to come here, he must have the confidence to deal with the strong men of the Scorpion clan and rescue my father, right? "

Ye Feng saw Princess Loulan's beautiful eyes shining with the light of hope. He didn't say anything more. He just said: "Since I accepted this task, I do have a certain degree of confidence. Let's not waste time and hurry up." Go rescue your father."

Princess Loulan nodded immediately and led Ye Feng towards the outside of the palace. Before going to the central hall, Ye Feng opened the space where he stored his spirit ring.

In the storage spirit ring, two very powerful ancient dark creatures are still imprisoned.

One is a nine-headed serpent, and the other is a humanoid creature with two black wings on its back, just like a bat-man.

Very powerful!

Ye Feng saw at this time that red light emitted from Emperor Chu's body, forming a chain, binding these two ancient dark creatures.

But at this time, Ye Feng saw that the life essence of these two ancient dark creatures was very strong and extremely terrifying. .??.

At this time, Emperor Chu saw Ye Feng looking at the space in the storage ring, and couldn't help but said: "These two dark creatures are too powerful, and it is impossible for you to devour them for the time being."

Ye Feng nodded and said aloud: "I know this, that's why I keep them imprisoned in the storage ring, otherwise they would have been devoured by me."

Emperor Chu was a little confused at this time and asked aloud: "At that time, you should have asked that ancient Taixu to kill these two powerful ancient dark creatures, and then you could devour them."

Ye Feng shook his head helplessly at this time and said: "If you kill these two ancient dark creatures directly, a lot of blood and energy will be lost. It feels like the gain is not worth the loss. Anyway, these two ancient dark creatures have been imprisoned. Let them Just stay in my storage spirit ring for the time being, and when my cultivation is strong enough, I can devour them alive, and that will be the best use of it."

When Emperor Chu heard what Ye Feng said, he didn't say anything more and fell silent.

They felt that this young man was so bold that he dared to go to such a dangerous place alone. He was definitely dead.

At this time, Ye Feng walked out of the Ascension Gate alone.

The desert area where Loulan Ancient Kingdom is located is located in a very remote and remote place in the wilderness. It is connected to the extremely desolate Gobi and is hardly considered human territory anymore.

Therefore, there are many extremely ferocious alien races here, such as the Scorpion Tribe, the Venomous Snake Tribe, the Bull Demon Tribe, etc., who survive in this desolate desert area, establish their own tribes, often hunt human beings, and regard human beings as their own food. , very cruel and evil.

The mission issued by Loulan Ancient Kingdom this time is to rescue the king of Loulan Ancient Kingdom.

But Ye Feng didn't know the specific location.

So after he left the Ascension Gate, he spent several days directly arriving at the imperial city of Loulan Ancient Kingdom, an ancient desert human nation.

Although it lives in the desert, the ancient country of Loulan does not give people a very shabby image. Instead, there are tall buildings everywhere, which look majestic and majestic.

But if you think about it, you know that if the comprehensive national strength of the ancient Loulan country was not strong, it would have been wiped out by the alien races living in the surrounding desert.

When Ye Feng arrived, he directly revealed his identity as a disciple of the Yuhua Shenmen.

Several guards from Loulan Ancient Kingdom respectfully invited Ye Feng into the palace in an instant.

In the main hall of the palace, Ye Feng saw the owner who issued this mission, the princess of the ancient Loulan Kingdom.

Princess Loulan is extremely beautiful. She wears special desert clothes and looks exotic.

Princess Loulan's beautiful face had a hint of worry. When she saw Ye Feng coming, she seemed to have grasped the last hope and said quickly: "A disciple of the Yuhua Shenmen, you can count on me." It's been almost half a month, and no one dares to accept this task. Since the young master has the confidence to come here, he must have the confidence to deal with the strong men of the Scorpion clan and rescue my father, right? "

Ye Feng saw Princess Loulan's beautiful eyes shining with the light of hope. He didn't say anything more, just said: "Since I accepted this task, I do have a certain degree of confidence. Let's not waste time and hurry up." Go rescue your father."

Princess Loulan nodded immediately and led Ye Feng towards the outside of the palace.

Chapter 1938 Traitor

The moment Princess Loulan took Ye Feng out of the palace.

Not far away, a young man wearing armor walked over.

Behind him were a group of dozens of golden armored guards, all of whom had a very powerful aura.

When the young man saw Princess Loulan holding Ye Feng's hand, his eyes immediately darkened.

He walked directly in front of the two of them, especially staring at Ye Feng, and said loudly: "Who are you, dare to be so close to our princess of Loulan Ancient Kingdom?"

Ye Feng's eyes were a little surprised at this time, and he didn't understand why this strange young man was so hostile to him.

At this moment, Princess Loulan suddenly said: "Champion Hou, I don't need you to worry about my affairs. You just need to protect the entire ancient Loulan Kingdom. The young man next to me is a high disciple from the Yuhuashen Sect. Don't be rude to him, or I will fall out with you."

Obviously, this Princess Loulan put all her hopes on Ye Feng.

"A disciple of the Yuhua Shenmen?"

When the champion heard what Princess Loulan said, his eyes immediately showed a hint of fear.

Obviously, even if this champion is a very high-status young figure in the ancient Loulan Kingdom, he subconsciously feels a deep fear when faced with the four words Yuhua Shenmen.

Then the champion didn't say anything more and just left with a group of guards.

Princess Loulan stared at Ye Feng next to her, with a hint of apology in her eyes, and said loudly: "The champion is like this, young and energetic, Master Ye Feng must not be offended."

Ye Feng shook his head, looked at the direction where the champion was leaving not far away, and said: "It doesn't matter, we should enter the desert area as soon as possible to rescue your father."

Princess Loulan nodded immediately and led Ye Feng towards the desert area.

What they didn't know at this time was that the champion looked at the two people leaving with a gloomy look in his eyes.

At this time, a golden-armored guard beside him said: "Master Marquis, I didn't expect that Her Highness the Princess would really find a powerful disciple of the Feathered God Sect. Will our plan be disrupted?"

The champion smiled coldly and said aloud: "I just sensed the cultivation aura of this Yuhua Shenmen disciple. He is a warrior of the second level of the Titled God Realm, the ninth level of the God General Realm. Although he is powerful, he is not powerful enough to let us To the point of fear, you immediately inform the tribal leader of the Demonic Scorpion Clan and ask him to set up a dragnet and wait for the arrival of the disciple of the Feathered God Sect and Her Royal Highness the Princess. After the disciple is killed, cooperate with me in a play of a hero saving a beauty. Then Her Royal Highness will definitely fall in love with me. Then I will secretly kill the king. Then the entire ancient Loulan Kingdom will be mine, and I will be the future. The Lord of the Ancient Loulan Kingdom!"

At this time, Champion Hou was speaking sentence by sentence, his tone full of deep ambition.

...

Ye Feng and Princess Loulan, with a group of powerful guards from the ancient desert country, soon arrived in the desert area outside.

According to the information Princess Loulan inquired about during this period, the king of their ancient Loulan country was imprisoned in a nearby Scorpion tribe.

The reason why this Scorpion tribe has not directly killed the king of Loulan Ancient Kingdom until now is because it has been negotiating with Loulan Ancient Kingdom and wants to annex most of the territory of Loulan Ancient Kingdom.

Therefore, Princess Loulan has been very sad during this period and doesn't know what to do.

What to do.

But now she can finally calm down a little in her heart, because she found a disciple of Yuhua Shenmen to help her.

At this time in the desolate desert area, Ye Feng asked aloud: "Princess, where is the ancient Scorpion tribe that imprisoned your father?"

Princess Loulan looked around and said aloud: "It should be nearby here, but the spy we sent out died mysteriously for unknown reasons, so we have never determined the specific location of the tribe."

Hearing this, Ye Feng nodded and said, "Since it's nearby, let me look for it."

Buzz!

At this moment, a huge amount of soul power emitted from Ye Feng's body in an instant, like a huge scanner, scanning the entire area within a radius of tens of thousands of meters.

"found it!"

Almost at the next moment, Ye Feng's eyes lit up.

His soul force sensed that not far from this desert area, there was a very low-lying basin. It was so inconspicuous that normal people would not be able to find it even if they walked on the edge.

But all this was uncovered by Ye Feng's soul power exploration.

But at this moment, Ye Feng was a little strange. There was indeed a Scorpion race living in the basin he explored.

But at this moment, the Demon Scorpion Race seems to know that someone is coming. At this moment, all the strong men of the Demon Scorpion Race are gearing up, holding the weapons in their hands, staring in a certain direction outside the basin, That direction was exactly where Ye Feng and the others were walking.

"Does this group of strong men from the Scorpion Tribe already know that we are coming to save the king?"

At this moment, Ye Feng was extremely confused.

At that moment, Ye Feng looked at the anxious Princess Loulan beside him and immediately guessed something.

He asked aloud: "Are there any traitors in your ancient Loulan Kingdom?"

"traitor?"

Princess Loulan was stunned by Ye Feng's sudden question. She shook her head and said, "Probably not. Our ancient Loulan country is very united and there can be no traitors."

Ye Feng said aloud: "But I sensed that the Scorpion Tribe that imprisoned your father is preparing for it at this moment. It seems that they already know that we will have strong people to rescue your father. Let's go and rescue your father." How could the news spread so quickly?"

When Princess Loulan heard what Ye Feng said, her face turned a little pale. She seemed to have thought of something and couldn't help but said: "If you say that, it seems to me that it is really similar. This time, my father was killed by the Scorpion Clan." The strong man was suddenly imprisoned and caught, as if there was someone behind the scenes. "

Ye Feng nodded and said: "No matter what, let's rescue your father first. As for whether there are any traitors in your Loulan ancient country, we will catch the leader of the Scorpion clan and interrogate him properly." knew."

Princess Loulan was a little worried and said aloud: "Since the news that I invited the disciples of the Yuhua Shenmen has been leaked, the Scorpion Tribe must have prepared everything. Do we still want to go now?"

"Of course I want to go."

Ye Feng smiled coldly and said aloud: "Even if they knew that there were disciples from the Yuhua Shenmen going to rescue your father, and made them fully prepared, they would never imagine that my strength is not at all It's not as simple as it seems, I will surprise them." The moment Princess Loulan took Ye Feng out of the palace.

Not far away, a young man wearing armor walked over.

Behind him were a group of dozens of golden armored guards, all of whom had a very powerful aura.

Chapter 1939 The Great Protector of the Scorpion Clan

Looking at Ye Feng's confident smile, Princess Loulan nodded and felt relieved.

Although Princess Loulan is still a little worried that they may be surrounded and killed by the powerful Scorpion clan.

But at this moment, Ye Feng's words were full of Senhan's domineering power, giving Princess Loulan an irresistible feeling.

In addition, Princess Loulan's father has been trapped in the Scorpion tribe for nearly half a month. If no rescue is carried out, her father may really be tortured to death.

At this time, Ye Feng led Princess Loulan and a group of royal guards from the ancient Loulan Kingdom towards the direction he sensed.

Princess Loulan and a group of royal guards were following behind Ye Feng, obediently.

Because they knew very well that the most decisive factor this time was all on Ye Feng.

It can be said that they can only be regarded as soy sauce.

Ye Feng also knew this, so he didn't care what the people behind him thought. He just walked in the direction of the induction.

Soon Ye Feng arrived at the edge of the basin.

He used the Divine Eye of Creation and immediately saw that inside the basin, countless Scorpion creatures with black scales on their bodies, with scorpions on their lower bodies and humanoid upper bodies, were living in it. At this time, all of their eyes were directed towards Looking in this direction, it was obvious that Ye Feng and the others had already known that they would come.

"They showed up!"

Suddenly at this moment, a Scorpion tribesman in the basin spoke up.

Uh-huh! Uh-huh! Uh-huh!

Almost at this moment, all eyes were looking towards the edge of the basin.

All the Scorpion clan members discovered Ye Feng's figure instantly.

When they saw how young Ye Feng's face was, all the powerful Scorpion tribe members burst into laughter.

"I thought there was one

As for the powerful elders in the Yuhua Shenmen, unexpectedly, a young boy came here. "

"Hahaha, this ancient Loulan country really can't recruit anyone, so they invited a small disciple of the Yuhua Shenmen. Fortunately, we are still here to prepare for so long and want to ambush, there is no need at all. "

...

At this moment, in the entire Demon Scorpion tribe, every member of the Demon Scorpion tribe laughed out loud, with deep cynicism in them.

Let them not take this young man Ye Feng seriously at all.

They are not just a few or a group of Scorpions, they are a whole large tribe of Scorpions!

There are tens of thousands of strong Scorpion clan members!

Moreover, there are also a number of powerful elders such as the unfathomable Scorpion Tribe Clan Leader.

To deal with such a young human boy, that is really a waste of time.

At this time, Princess Loulan came over with a group of royal guards.

They saw tens of thousands of strong Scorpion clan men laughing loudly below, and felt the terrifying Scorpion clan's demonic energy, and they couldn't help but turn a little pale.

There are so many strong men from the Scorpion Tribe, they simply can't resist them!

"I wonder if Young Master Ye Feng can withstand so many strong men from the Scorpion Tribe at such a young age?"

At this moment, even Princess Loulan had doubts in her heart.

It's not that she doesn't believe in Ye Feng's strength, it's that there are too many scorpions on the opposite side, and they are all extremely vicious, and they are all strong aliens in the desert.

Ye Feng's eyes were extremely indifferent at this time. He looked at the group of strong Scorpion clan men below and said silently: "You talk too much.

But I don't care, I'll just let you talk for a little longer, because you will all die in my hands next, and you will be speechless. "

"Boy, you're so arrogant!"

The moment Ye Feng said these words, one of the masters of the Scorpion Tribe in the underground basin shouted loudly, with a murderous intent in his tone.

"You human boy, let me end your life!"

A scorpion master with black scales on his body came out. His lower body was a scorpion with a long poisonous stinger. He looked extremely ferocious and terrifying.

The aura blooming from his body at this time was clearly the second level of the Titled God Realm, the Divine General Realm, the tenth level of the Great Perfection Realm.

This Scorpion Clan can be considered a master among the tribe.

At this time, his eyes were extremely ferocious, staring at Ye Feng on the edge of the basin, and said loudly: "Boy, you are too brave, you dare to break into our Scorpion tribe alone, I want you to know today, If you, disciples of the Yuhua Shenmen, dare to enter the area of our Demonic Scorpion Tribe, you are seeking your own death, just like breaking into a dragon's pond and a tiger's den!"

boom!

The moment the voice fell, the master of the Scorpion clan immediately took action. A dark divine light burst out from his body. The scorpion stinger on his back expanded extremely in an instant, and finally became An extremely huge poisonous thorn, like a spear soaked in poison, suddenly stabbed Ye Feng.

"The Great Protector has taken action, this human boy is dead!"

At this time, a group of Scorpion tribe members in the tribe sneered.

"You are too weak! Let your clan leader take action!"

But at this time, Ye Feng's eyes were extremely calm. He didn't use any martial arts at all, but punched out with a punch without any fancy.

\u003c

br\u003e "Boom!!"

The fist blooming with chaotic light suddenly hit the huge poisonous stinger, and a terrifying roar erupted in an instant.

"Kacha kacha..."

And at the next moment, what shocked countless people in the audience was that the huge poisonous stinger did not pierce Ye Feng's fist at all, but stung his own body, and it suddenly broke apart. .

"ah!"

The venomous stinger of the Scorpion Tribe, just like a human finger, was shattered by Ye Feng. The Scorpion Tribe master immediately howled miserably, feeling tremendous pain.

It's like the ten fingers connected to the heart have been severed.

"What?!"

"What is the body of this human boy made of? He actually shattered the sting of the Great Protector!"

"How is this possible! The poisonous sting of our Great Protector was born like a magical weapon. Later, after being blessed with various materials and tempered, it was shattered by that kid's fist! This is impossible!!"

...

Almost at this moment, many members of the Scorpion Tribe, who were originally full of cynicism, couldn't help but change their expressions when they saw the scene in the sky, and they all yelled in disbelief.

"Impossible! Even if you are a disciple of the Yuhua Shenmen with a strong inheritance, there is no way you can beat me!"

The great protector of the Scorpion clan immediately yelled, feeling that he had been humiliated, and suddenly used a secret technique of the Scorpion clan's blood.

“Yin Yang Curse!!

The Great Protector of the Scorpion Tribe made a low voice, and a jet-black light and a red light suddenly rushed out from his body. The two lights merged together and instantly turned into an extremely terrifying curse. , heading towards Ye Fengzhen to kill.

Chapter 1940 Disintegrate all attacks

At this time, the yin and yang curse released by the Scorpion Clan is very terrifying.

The huge spell symbol emits evil black and red light, as if it can wipe out the soul of a person in one go.

"This is an invisible spell attack! Human boy, you are dead! This is not something that any martial arts power can resist!"

The Great Protector of the Scorpion Clan sneered at this moment, his tone full of ferociousness.

"A small spell is nothing."

Ye Feng's eyes were extremely calm at this time, even with a hint of ridicule.

In an instant, his eyes began to operate the Divine Eyes of Creation.

"boom!"

Almost at this moment, two divine lights appeared in Ye Feng's eyes. They were not martial arts power, but the light of the soul!

"Boom!"

"Crack!"

Almost at the next moment, two divine lights emerged from Ye Feng's eyes, shattering the terrible yin and yang curse at once, and a burst of light flickered high in the sky.

"What?!"

"The oldest bloodline secret technique inherited from our Scorpion clan was so easily broken by this human boy?"

At this moment, not to mention the Great Protector of the Demon Scorpion Clan, but also many other powerful Scorpion Clan men, all had deep surprise in their eyes when they saw this scene.

Because the yin and yang curse of their Scorpion tribe has always been a powerful trump card to kill the enemy and win.

The Yin and Yang curse has always been released with no disadvantages.

But today, facing an ordinary young human race, this trump card was indeed broken and immediately became ineffective.

Therefore, many strong men from the Scorpion Tribe were staring at Ye Feng, a seemingly ordinary human boy, with deep incredulity in their eyes.

They never thought that this young human race boy was actually the most mysterious soul master in the human race!

"you....."

At this moment, the aloof look on the face of the great protector of the Scorpion Tribe finally disappeared completely.

, turned into deep panic and fear.

Because he discovered that his most powerful trump card was vulnerable to Ye Feng.

This made the great protector of the Scorpion clan feel very desperate!

Uh-huh!

The Great Protector of the Scorpion Clan quickly retreated, trying to escape to the inner area of the Scorpion Clan.

But at this moment, Ye Feng moved the space gem and instantly transferred it to his back.

"Boom!"

Ye Feng punched out instantly, and terrifying power exploded.

"Crack!"

Along with the sound of bones breaking, the back and cervical vertebrae of the Scorpion's great protector were directly shattered by Ye Feng.

"ah!!"

The Great Protector of the Scorpion Clan screamed, feeling tremendous pain.

But before he could call for help, Ye Feng had already torn his entire body into pieces with his hands.

The sky is stained with blood!

"hiss!"

Everyone felt chills in their bodies as they watched the Great Protector of the Scorpion Clan being torn to pieces and dying instantly.

But at the next moment, many strong men from the Scorpion Tribe felt extremely angry.

"This boy is so presumptuous! Knowing that this is the territory of our Scorpion Clan, he dares to kill my fellow Scorpion Clan members in public!"

"That's right! Let's take action together! Kill this daring boy from the human race!"

...

A group of strong men from the Scorpion Clan spoke out one after another at this time, their eyes full of killing intent.

Uh-huh!

Uh-huh!

Uh-huh!

At this moment, a total of sixteen strong men from the Scorpion Tribe who were at the third level of the Titled God Realm, the Divine Lord Realm, appeared.

The sky was exuding a monstrous demonic energy, which suddenly rose into the sky and surrounded Ye Feng.

Their bodies were filled with ferocious killing energy at this moment, like sixteen black light pillars reaching the sky, forming a blockade formation, trapping Ye Feng and making him feel like a trapped beast.

Ye Feng's eyes were still extremely calm at this time. He looked around and said with a smile: "You don't have to go to such trouble to trap me. I won't escape because I want to trap you Scorpions." Kill them all before leaving."

Ye Feng's tone was extremely calm, but it was full of overwhelming domineering power.

"What a boy! How dare you speak harshly when death is imminent! Next, I will let you know what pain and despair are!"

A group of more than a dozen strong men from the Scorpion Tribe shouted loudly at this time, with ferocious murderous intent in their tone.

"Crazy Devil's Heaven-Destroying Hand!"

"Yin Yang Demon Electric Slash!"

"The Ancient Dragon Demon Roar!"

"Death Burying Heaven Palm!"

"Nine Nether Demonic Light Waves!"

...

Almost at this moment, the strong men of the Scorpion Tribe who besieged Ye Feng released terrifying killing moves one after another in rage. Each killing move was extremely terrifying, and a terrifying wave broke out. Power.

Boom! !

Almost at this moment, countless divine lights and auras of death erupted from the surroundings, bombarding Ye Feng.

"Under the killing moves of the top sixteen elders of our Demon Scorpion Clan, let alone this human boy who is only a second-level God General Realm warrior, even if he is a fourth-level God King Realm warrior, under these sixteen terrifying Even under the attack, I will drink my hatred on the spot!"

At this time, among the Scorpion Tribe, the old tribe leader spoke up with infinite confidence in his tone.

"Oops! I didn't expect that there are so many strong men in this Demon Scorpion Tribe! I still underestimated the Demon Scorpion Tribe's background!"

At the edge of the basin in the back, Princess Loulan followed a group of royal guards when they saw this scene, and a look of deep worry suddenly appeared on her face.

And this time.

High in the sky, the center point of the area attacked by sixteen terrifying killing moves.

Ye Feng stood there alone, his face as calm as ever.

"The Reincarnation Kung Fu of the Heavens."

At this moment, Ye Feng slowly spoke out.

And the moment his voice fell.

Boom!

An extremely terrifying energy aura suddenly burst out from his body.

Almost at this moment, the huge six-path reincarnation phenomenon appeared directly around Ye Feng.

The wheel of fate began to spin, and the endless power of reincarnation seemed to pull the entire world into the terrifying tide of reincarnation, full of endless terror and vicissitudes!

These are the most top inheritances of Yuhua Shenmen, the reincarnation skill of the heavens!

"Rumble..."

The endless attacks around him were all pulled into the tide of reincarnation by Ye Feng's reincarnation skill. They all disappeared and all attacks were disintegrated.

"What?!"

Seeing this scene, the sixteen elders of the Scorpion Tribe suddenly widened their eyes, as if they couldn't believe what was happening in front of them.

Their attacks are extremely destructive.

But the result was that it was easily disintegrated by the other party.

"What kind of inheritance is this?"

Such huge doubts arose in everyone's mind.

At this time, the leader of the Scorpion Clan suddenly shouted in horror: "This is one of the top inheritances of the Yuhua Shenmen! This is the reincarnation skill of the heavens! This young man has the power of reincarnation! How is it possible? Could he? Is he the destined Holy Son? But his cultivation is so weak, it's impossible!"
