

Ancient 1941

Chapter 1941 It's over now

Ye Feng displayed the Heavenly Reincarnation Kung Fu, which shocked everyone present.

The power created by this top-notch inheritance is indeed an eye-opener for everyone.

Princess Loulan, who was originally extremely worried, saw this scene on the court and saw Ye Feng showing off his power. She immediately felt relieved and had a happy smile on her face.

This time she was really lucky, she unexpectedly found such a powerful disciple of the Ascension God Sect.

If only an ordinary core disciple comes, I am afraid that this time he will really suffer disaster in the Scorpion tribe.

At this moment, Ye Feng stepped high in the sky, his whole body exuding divine light, and the vast vision of reincarnation in the heavens kept spinning around him, making him look like a young Lord of Reincarnation, full of impeccable energy. .

The sixteen elders of the Scorpion Tribe surrounding him, even though their cultivation levels were stronger than Ye Feng at this time, they still felt a deep fear and a kind of despair from their hearts.

Originally, they wanted to make Ye Feng feel desperate, but now it is themselves who are ultimately desperate.

Because Ye Feng's current state is simply invulnerable and cannot hurt him at all.

"You've finished attacking, now it's my turn."

Suddenly at this moment, Ye Feng slowly spoke out.

There was endless coldness and murderous intent in his tone.

Facing these cruel aliens, Ye Feng would not show any mercy at all.

"boom!"

The visions of the reincarnation power of the heavens were swirling around Ye Feng, and he punched directly in a certain direction not far away.

"Boom!"

At this moment, a terrifying beam of energy burst out from Ye Feng's fist, directly shattering the void, like an indestructible river of energy, instantly destroying the three demons standing in this direction. The elders of the Scorpion Tribe were blown to pieces.

"ah!"

"ah!"

...

Almost at this moment, painful howls were heard from high in the sky.

Countless members of the Scorpion Clan looked at the scene high in the sky, their bodies trembling and their eyes filled with fear.

"Human boy! No matter how strong you are today! You can't be as strong as me!"

Suddenly at this time, the old patriarch below took action.

This old patriarch of the Scorpion Clan suddenly emitted an aura of cultivation at the fifth level of the God-Emperor Realm!

This is a terrifying and boundless momentum!

It immediately took the place by storm!

Even Ye Feng was almost blown away.

"What? This old patriarch of the Scorpion Clan is actually a super strong man at the fifth level of the Titled God Realm, the God Emperor Realm!?"

At this moment, Princess Loulan and others not far away suddenly turned extremely pale.

This Scorpion tribe is indeed a powerful alien race in the desert. Even if it is just a small tribe, it still hides such a powerful existence.

"A powerful man in the Divine Emperor Realm! He is indeed so terrifying!"

At this moment, Ye Feng felt that his body was being suppressed, and he felt like he couldn't move.

"Human boy, even if I try my best to consume my life span, I will kill you directly!"

The leader of the Scorpion Clan laughed cruelly.

"Emperor Chu, it's your turn to take action."

Ye Feng suddenly said something at this time, which made everyone present feel a little confused.

"Emperor Chu? Who is it?"

A group of strong men from the Scorpion Clan looked around, but did not find any human figures.

"boom!!"

But the next moment, they saw a shocking scene.

Ye Feng's storage spirit ring suddenly burst out with a crimson light, condensing in front of him into a red giant of light that was tens of thousands of feet tall!

"What is this?!"

The leader of the Scorpion Tribe, who originally wanted to completely wipe out Ye Feng, was stunned when he saw the red giant of light suddenly appearing in front of him and felt the vast and vast aura.

"Boom!!"

And at this moment, the red giant of light suddenly stretched out a big blood-red hand, like the palm of a god, covering the sky and the earth, and instantly bombarded it from high in the sky, with an irresistible force. Terrible destructive power.

"No!!" ??

The leader of the Scorpion clan roared in fear.

But at the next moment, his entire body was bombarded by the big blood-red hand.

Almost at this moment, the entire earth shook violently, and the entire basin continued to collapse.

The power of this big blood-red hand is truly terrifying. It has the power to move mountains, fill seas, and destroy heaven and earth!

And at the next moment, the red giant of light dispersed.

The place where the big blood-red hand bombarded just now has turned into ruins.

The body of the old patriarch of the Scorpion Tribe was beaten to pieces, and he died tragically on the spot!

A powerful man from the God-Emperor Realm of the Scorpion Clan died!

"hiss!"

At this time, Princess Loulan and a group of royal guards standing in the rear couldn't help but gasp when they saw the scene on the field.

Their hearts were still recalling the shocking scene where the red giant of light appeared just now.

The feeling was so shocking.

Has a strong visual impact!

I'm afraid they will never forget the horrific scene they saw today.

"It's over now..."

At this time, all the members of the Scorpion Tribe collapsed on the ground, as if all their strength had been drained from their bodies in an instant, and they had no intention of resisting at all.

"Princess, go and save your father."

Suddenly, Ye Feng stood high in the sky and spoke to Princess Loulan behind him.

"OK!!"

Princess Loulan looked overjoyed and immediately led a group of royal guards into the inner area of the Scorpion Tribe to find the king of the ancient Loulan Kingdom.

At this moment, Ye Feng stood high in the sky, looking at the corpses of many powerful Scorpion clan members below, as well as the tens of thousands of ordinary Scorpion clan members.

There was a cold smile in his eyes.

"Swallow!"

The cold and ruthless words seemed to pronounce the fate of all the Scorpions.

"Boom!"

Almost at the next moment, groups of dark swallowing whirlpools rushed out of Ye Feng's body, directly covering the entire Scorpion tribe.

The entire Scorpion Clan area suddenly turned into a kingdom of darkness!

Waves of terrifying devouring power appeared in this dark kingdom in an instant, and all the dead or living Scorpions began to forcibly devour their strength and life essence.

"ah!"

"ah!

"..."

The entire Scorpion Tribe suddenly heard screams from countless members of the Scorpion Tribe. They watched helplessly as their bodies shrank, lost all their lives, and were drained of all their strength. This feeling was really real. It makes people despair to the extreme.

The entire Scorpion tribe suddenly turned into a hell on earth!

Chapter 1942 Mission Completed

"Rumble..."

As the kingdom of darkness enveloped the entire Scorpion tribe, huge streams of life essence and energy were extracted in an instant, and then injected into Ye Feng's body high in the sky.

At this moment, Ye Feng's power is growing rapidly.

Although ordinary Demon Scorpion tribe members cannot provide much powerful power, there are tens of thousands of Demon Scorpion tribesmen after all, and there are also more than a dozen powerful Demon Scorpion tribe elders, as well as one of the most powerful Demon Scorpion tribe chiefs.

The energy they all provide together is quite considerable.

"boom!!"

Almost half an hour later, Ye Feng suddenly burst out with a powerful martial arts aura.

That's the momentum of a breakthrough!

At this moment, with the help of that huge power, Ye Feng successfully broke through and entered the second level of the tenth level of the Divine General Realm!

And at this moment, his power is still growing.

Another half hour passed.

"Boom!"

A more powerful momentum broke out.

Ye Feng's cultivation has directly surpassed the second level of the Titled God Realm, the Divine General Realm, the Tenth Level of Perfection, broke through the level, and entered the third level of the Divine King Realm!

"First level of the Divine Lord Realm!"

There was unconcealable joy in Ye Feng's eyes.

Because with his current improvement in cultivation, he needs huge abilities to break through a small level, let alone directly break through a major level.

But this time, with the help of the energy of all the creatures in the entire Scorpion Tribe, Ye Feng successfully broke through this bottleneck!

He directly stepped into the third level of Titled God Realm and the first level of Divine Lord Realm!

For Ye Feng, this harvest is already huge!

At that time, in the central hall of Yuhua Shenmen, under the disdainful eyes of countless disciples, Ye Feng still accepted this seemingly difficult rescue mission.

.

The reason is very simple. Firstly, Ye Feng wants the extremely precious Tianxiang Cardamom Pill from the ancient Loulan Kingdom. Secondly, Ye Feng wants to enter the desert area to kill these powerful aliens so that he can replenish his cultivation energy. , Third point, Ye Feng knew that this time the rescue mission would definitely encounter a strong person from the alien race, and he might not be able to defeat him at all, but he had a powerful guy like Emperor Chu in him. If he really couldn't defeat him, he would just let Emperor Chu Just take action.

When Ye Feng was training outside before, he never let Emperor Chu take action, mainly to sharpen his martial arts experience and will.

But now for the True Inheritance Trial, Ye Feng couldn't care about so much, and directly asked Emperor Chu to quickly deal with such a powerful person as the leader of the Scorpion Clan, so that he could quickly devour and grow, and strive to improve as much as possible within half a month. One's own cultivation.

The True Inheritance Trial is very important, and can be said to be the most important trial in the Ascension God Sect.

If you can stand out in the True Inheritance Trial, then you will be able to gain the attention of the Yuhua Shenmen!

At this time, the entire Scorpion Tribe was silent.

Because all the Scorpion clan members died on the spot.

At this time, a group of people came out of the inner area of the Scorpion tribe.

It was Princess Loulan and a group of royal guards.

Among them stood a middle-aged man who looked very embarrassed.

This middle-aged man was still wearing an imperial robe, but now his hair was disheveled, his face was covered in mud, and his clothes were torn and scarred.

Obviously this middle-aged man is the king of the ancient Loulan Kingdom.

Uh-huh!

At this time, Ye Feng finished devouring it, put away his momentum, and instantly landed from high altitude, directly landing in front of this group of people.

before.

Seeing the arrival of Ye Feng, Princess Loulan immediately said respectfully: "Thank you for your help this time, sir, otherwise my father might have died in the Scorpion Tribe."

Having witnessed the tragic battle just now, Princess Loulan knew very well that if only an ordinary core disciple of the Yuhua Shenmen came this time, I'm afraid they would all die here.

Because this small Scorpion tribe has an extremely rich foundation.

"Is this the master disciple from Yuhuashenmen?"

At this time, the king of Loulan Ancient Kingdom who was rescued also quickly bowed respectfully.

Even if he is the king of an ancient desert country and the lord of a country, he still needs to be respectful when he sees a prodigy of a dominant force like Ye Feng.

Ye Feng just waved his hands indifferently and said: "Now that the king has been successfully rescued, it means that my mission has been completed, so can you give me my reward, the Tianxiang Cardamom Pill? "

Princess Loulan immediately said: "That Tianxiang Cardamom Pill is not with me, but is kept in the treasury of our ancient Loulan country. Mr. Ye Feng, please go back with us to get it." ??

Ye Feng heard what Princess Loulan said and knew that the other party must want him to escort them back to the country.

After all, Princess Loulan already knew before that there might be a traitor in the ancient Loulan Kingdom, and they would most likely ambush her on the way.

Ye Feng didn't care about this. He just wanted to get the Tian Fragrant Cardamom Pill as soon as possible and swallow it to strengthen his cultivation and increase his power for hundreds of years.

Ye Feng nodded and said, "Then I will escort you on your last journey."

...

With the escort of Ye Feng, a powerful master, the group of people would not encounter any dangers along the way. In less than half a day, they had returned to

The ancient country of Loulan.

The return of the king of the ancient Loulan Kingdom is very secret, and only the people in the palace know about it.

After all, the news that the king was trapped had been blocked before, otherwise it would cause panic in the entire ancient Loulan Kingdom.

On the way back, Princess Loulan also told the king about Ye Feng's suspicion that there was a traitor in their ancient country.

The king of the ancient Loulan Kingdom not only had no doubts about this, but agreed very much, and said loudly: "I have long suspected that there are traitors in the palace who are colluding with foreign races. Otherwise, the last time I went out alone to look for treasures, I wouldn't have been suddenly captured. So many strong men from the Scorpion Clan surrounded me and imprisoned me. Only a few people knew about my outing, but the Scorpion Clan knew about it in advance, so there must be a traitor in the palace. The news that has been revealed to the Scorpion Clan."

When Princess Loulan heard what her father said, she was a little worried and said: "Since the traitor dared to collude with the Scorpion Tribe, he will definitely collude with other alien races in our desert area. We must find that traitor." Come out, but how to find it?"

The king of Loulan Ancient Kingdom thought for a moment, and then said aloud: "The news that the entire powerful Scorpion Tribe was wiped out by Master Ye Feng will definitely be known to the hidden traitor, so we now blockade the entire imperial city, and then one If anyone acts in a panic and wants to leave the imperial city secretly, he must be a traitor!"

When Princess Loulan heard this, she immediately nodded and said: "While Mr. Ye Feng is still in seclusion in our palace refining the Tianxiang Cardamom Pill, we will seize the time to investigate. If we find the traitor, we will not be able to defeat him. Ye Master Feng will definitely take action."

The king of Loulan Ancient Kingdom also said aloud at this time: "You and I have the same idea, so let's take action as soon as possible."

Princess Loulan immediately walked towards the outside of the palace and said, "I'll make arrangements right away."

...

Chapter 1943 Changes in the Eye of Sin

At this moment, Ye Feng was refining the Tianxiang Cardamom Pill in a remote place deep in the palace of the ancient Loulan Kingdom.

For Ye Feng, after rescuing the king of the ancient Loulan Kingdom, his mission was completed, and he didn't want to worry about other trivial matters.

So after Ye Feng got the Tianxiang Cardamom Pill, he directly asked Princess Loulan to arrange a secret training room for him, so that he could refine the Tianxiang Cardamom Pill in peace.

"Buzz!"

At this time, nearly half a day had passed since Ye Feng swallowed the Tianxiang Cardamom Pill.

This elixir was so magical that Ye Feng spent nearly half a day refining it before he began to distribute the entire elixir's power throughout his body. ??

At this moment, Ye Feng could feel that every cell in his body was greedily absorbing the energy of Tianxiang Cardamom.

Tianxiang cardamom is a very rare spiritual material that can only be obtained from icebergs that have grown for tens of millions of years.

That's why Ye Feng accepted this mission, because the essence of cardamom can greatly enhance his vitality, and his cultivation skills will also be fully increased.

Along with the energy of Tianxiang Cardamom, it began to spread in Ye Feng's body.

His cultivation also began to undergo violent breakthroughs.

"boom!"

The third level of the Titled God Realm, the second level of the Divine King Realm!

"boom!"

The third level of the Titled God Realm, the third level of the Divine King Realm!

"boom!"

The third level of Titled God Realm and the fourth level of Divine King Realm!

Finally, the momentum of breakthrough in cultivation stopped.

"A small elixir of heavenly fragrant cardamom actually allowed me to break through the third level of heaven and directly step into the fourth level of the Divine Lord Realm. It is really incredible. It is worthy of the rare spiritual medicinal power of heavenly fragrant cardamom essence."

Ye Feng couldn't help but murmur at this moment.

You must know that with Ye Feng's current level of cultivation, if he wants to break through now, he will need huge amounts of energy to accumulate.

But a small pill provided a huge surge of energy like a flood, which was really frightening.

"Now that my cultivation has reached the fourth level of the third-level God-Emperor Realm, I may try to see if I can devour the two ancient dark races of the seventh-level God-Emperor Realm."

Ye Feng's thoughts moved at this moment, and two ancient dark races trapped by red energy chains immediately appeared on the ground in front of him.

They are a Hydra and a dark race like Batman.

Both of these are ancient dark races in the God-Emperor realm.

Although it is only the first level of the God Emperor Realm.

But after all, it is the top seventh level existence in the realm of titled gods.

The blood essence and skill contained in the body are all huge to the extreme.

"Human ants, I advise you to release us as soon as possible, otherwise when we break free of the seal, sooner or later, you, a human boy, will be eaten alive!"

The nine-headed serpent made a ferocious sound at this time, with deep darkness and murder in its tone.

Ye Feng's face was very calm at this time. He just stared at the two ancient dark races in front of him, and then suddenly stretched out a hand and grabbed the two dark races.

"Swallow!"

In an instant, masses of darkness swallowing whirlpools rushed out of Ye Feng's palm, forming a dark realm and shrouding the two ancient dark races.

This is an extremely terrifying devouring power, which suddenly exploded in Ye Feng's palm.

Sent.

But in the end, Ye Feng was disappointed to find that his current cultivation and devouring power could not absorb the energy of these two living ancient dark races in the God Emperor Realm.

"Hahaha! You ant of the human race, don't waste your efforts! We are great beings of the God Emperor Realm who stand at the top of the Titled God Realm. You have no power to kill us!"

At this time, the dark race of bat-men with black wings on their back also laughed loudly, with a sarcastic and unscrupulous tone.

Ye Feng's eyes were a little ugly when he saw this, but he didn't say anything more, and prepared to put these two ancient dark races into the storage spirit ring again, and try to devour them alive when his cultivation level becomes stronger.

Buzz!

But suddenly at this moment, Ye Feng's eyebrows suddenly moved.

A pitch-black eye appeared between Ye Feng's eyebrows.

But at the next moment, golden seals began to appear on the surface of the black eyes, seeming to suppress them.

These black eyes are the eyes of sin, the eyes of the first generation of the Dark Emperor of the Botian clan.

The golden seal pattern that appears on the surface of the Eye of Sin is the seal left by the ancient Taixu at that time.

But for some reason, the Eye of Sin suddenly started to move.

At this moment, Ye Feng felt that his heart was filled with an extremely cruel killing intent.

Even Emperor Chu in the storage ring felt the fierce aura that suddenly emanated from Ye Feng, and was so shocked that he immediately flew out of the storage ring.

But at this time, the two ancient dark races in the God Emperor Realm who were extremely arrogant in front of them suddenly panicked.

They stared at the sinful eyes between Ye Feng's eyebrows, and their eyes were instantly filled with shock.

"What! This is His Majesty's Eye of Sin! How could it be integrated into the body of a human boy?"

"This is impossible! Only the descendants of the Botian Clan can fuse the evil eyes of His Majesty the Dark Emperor!"

At this time, the two ancient dark races were shocked and couldn't help but scream.

What they don't know is that Ye Feng's inheritance is extremely special, and it is a chaotic body that can accommodate power of any attribute in the world.

That's why it can accommodate the evil eye!

At this time, Ye Feng's expression also changed. He did not expect that the Eye of Sin would move out of his control.

"boom!"

And suddenly at the next moment, two black tentacles suddenly appeared in the Eye of Sin, piercing the heads of the two ancient dark races in the God Emperor Realm in front of them.

"Gululu!"

"Gululu!"

Almost at this moment, those two dark tentacles were like straws, draining the two ancient dark races of the God Emperor Realm dry in an instant.

Snap!

Snap!

The two shriveled and lifeless corpses fell to the ground in an instant.

At this moment, Ye Feng suddenly received an extremely pure power feedback from the Eye of Sin.

It was an unimaginable kind of pure energy, containing vast origins, and it was instantly integrated into Ye Feng's entire body.

"boom!"

"boom!"

"boom!"

...

Almost at this moment, under the feedback of the extremely pure and majestic energy, Ye Feng's skill skyrocketed instantly, just like a whale swallowing sea water. His cultivation aura suddenly broke through quickly. A burst of martial arts momentum spread in all directions.

"The third level of the fifth level of the Divine Lord Realm!"

"The third level, the sixth level of the Divine Lord Realm!"

"The third level of the Divine Lord Realm, seventh heaven!"

"..."

At this moment, Ye Feng felt that all the bones in his body were shaking rapidly.

It feels like the whole person is soaring into the sky all of a sudden!

So cool!

Finally, Ye Feng's cultivation finally came to a complete stop at the third level of the Divine Lord Realm, the Tenth Heavenly Level!

"Amazing!"

Emperor Chu, who was watching the whole process, gave a thumbs up.

Ye Feng's eyes were filled with excitement at this time.

But he felt that during the whole process, the sinful eye that was sealed between his eyebrows seemed to have strengthened a lot, and it was even more ready to move, wanting to break through the seal at any time and control his mind and will.

Although Ye Feng made a lot of breakthroughs at once, it can be said that he gained a huge amount.

But he also felt a deep sense of crisis in his heart.

The Eye of Sin is so scary and weird.

If the Eye of Sin is allowed to grow like this, one day this eye of the Dark Emperor will break through the seal, and then you may not be able to suppress the cruelty, darkness, and ferocity in it!

"After returning to the Yuhua Shenmen this time, it seems that I still need to find Senior Taixu and ask him to think of ways to strengthen the seal, or dig out the sinful eye from the center of my eyebrows. This is simply It's like a time bomb that could drag me into a place of eternal destruction at any time."

Ye Feng was thinking secretly in his heart at this time.

Although he had gained a huge harvest just now, when the Eye of Sin moved, Ye Feng felt that his heart was filled with endless violence and cruelty.

He may turn into a complete devil at any time!

This feeling of not being in control is terrible.

So Ye Feng wants to solve this problem as soon as possible.

...

Early the next morning, Ye Feng walked out of the practice room after consolidating his breakthrough to the tenth level of the Divine Lord Realm.

He came to the palace and found Princess Loulan.

Ye Feng's first words were: "Princess, I want to know how your ancient country of Loulan got that Tianxiang Cardamom Pill?"

Ye Feng's idea is very simple. If he can get another Tianxiang Cardamom Pill, he may be able to break through the bottleneck of the tenth level of the Divine Lord Realm.

If he can break through to the fourth level of God King Realm before the True Inheritance Trial, then he will have a chance to stand out in the True Inheritance Trial, and even compete with those powerful core disciples for the top few positions.

Ye Feng still has ambition in his heart.

So he did not leave Loulan Ancient Kingdom directly, but went to Princess Loulan to inquire.

Princess Loulan smiled bitterly and said aloud: "The Heavenly Fragrant Cardamom Pill is the supreme elixir, and we in Loulan Ancient Kingdom also obtained it at an auction.

, at that time, no one knew that this elixir was Tianxiang Cardamom elixir, and they all thought it was just an ordinary elixir to increase my power. My father bought it to increase my cultivation. Unexpectedly, after we came back, we checked a lot of it. After reading ancient books, I finally recognized that this was a very rare natural cardamom pill. "

When Ye Feng heard what Princess Loulan said, his eyes suddenly flashed and he asked: "Which auction did the princess accidentally auction off?"

Princess Loulan said aloud: "It was auctioned from a large auction in Jinjia City. That large-scale auction was organized by the city lord of Jinjia City. Does Mr. Ye want to go to Jinjia City? There seems to be a large-scale auction there recently. Ye Young Master, you can try your luck, maybe you will meet him, Jinjia City is not far from our ancient Loulan Kingdom, and with Young Master Ye's superb cultivation, he will probably be able to arrive in a few hours. "

Ye Feng nodded and said loudly: "This rare and rare elixir has a great effect on me. I really want to go to the Golden Armor City you mentioned to try my luck. Maybe I will encounter it. "

Now that there are still five or six days left before the True Inheritance Trial, Ye Feng calculated the time and realized that even if he went to Jinjia City to participate in an auction, his return journey would not be delayed.

Ye Feng's realm is now at the third level of the Divine King Realm, tenth level. He very much hopes that his cultivation can break through the final bottleneck before the True Inheritance Trial and step into the fourth level of the Divine King Realm.

Seeing that Ye Feng really wanted to go, Princess Loulan couldn't help but remind her: "The Jinjia City is a large city located at the junction of the human race and the Jinjia tribe in our wilderness. There are human races and Jinjia tribes living in it. , but the city lord of Jinjia City is a strong man from the Jinjia Clan. Although we, the human race in the wilderness and the Jinjia Clan have signed a peace contract, Mr. Ye comes from the Yuhuashen Sect and should know better than me that this peace contract is just on the surface. Things, so when we humans enter the Jinjia City, we may be bullied by the Jinjia Clan. Mr. Ye can bear it when the time comes, and don't cause trouble, otherwise we are likely to be besieged by the powerful Jinjia Clan. "

Princess Loulan didn't look down on Ye Feng's strength, she was sincerely admonishing Ye Feng not to be impulsive.

After all, the overall strength of the Golden Armor Clan is much stronger than that of the Scorpion Clan.

Ye Feng nodded and said with a smile: "I won't offend anyone unless they offend me."

Princess Loulan saw Ye Feng say this and knew that Ye Feng didn't care about her advice. She also wanted to say some words of advice. After all, Ye Feng was recommended by her to go to Jinjia City to participate in the auction. If Ye Feng was in the gold price If there was an accident in the city, Princess Loulan would definitely blame herself.

But before Princess Loulan could say anything, a huge roar suddenly came from somewhere outside the palace.

"Boom!"

Even from a distance, this roar made the entire palace tremble violently, as if a major earthquake had occurred.

"what's the situation?"

Princess Loulan's eyes immediately changed.

Uh-huh!

And at this moment, a golden armored man covered in blood suddenly flew over from outside. He immediately knelt down on one knee and said hurriedly: "Your Highness the Princess! When His Majesty the King was besieging the traitor Champion, Unexpectedly, Champion Hou colluded with the underground dark race. At this time, Champion Hou is leading an army of hundreds of thousands of dark races and is attacking the city gate of our ancient Loulan Kingdom, wanting to kill us all!"

"What?!"

"The traitor, Champion Hou! He even colluded with the underground dark race!"

When Princess Loulan heard what the guard reported, her beautiful face immediately showed a look of great shock and anger.

Chapter 1944 Spell Gu

Princess Loulan was shocked by the news that Champion Hou had rebelled and colluded with the underground dark race.

She never thought that the champion, who was hailed as the most promising general in the future of Loulan Ancient Country, would do such a thing that betrayed the country and the race.

As a human race, and also a proud man of the human race, he actually colluded with the underground dark race and wanted to persecute his own country. This is really a heinous crime.

It can only be said to be a wolfish ambition!

At this time, the royal guard said anxiously: "Your Royal Highness, the Champion, with hundreds of thousands of dark race troops, is already violently attacking the city gate. Even His Majesty the King was attacked by a dark mage from the dark race. I'm seriously injured, what should I do now?"

Princess Loulan's face was full of worry at this time, because even their most powerful King, His Majesty, was defeated.

At this time, this beautiful princess looked towards Ye Feng beside her.

Ye Feng did not look at Princess Loulan, but looked at the guard in front of him who reported the situation, and asked aloud: "What is the overall strength of the dark race's army?"

The guard immediately responded respectfully: "Every dark race in the army has very ordinary cultivation. In fact, they are not very powerful. The truly powerful one is the dark wizard who commands the entire dark army. That dark wizard... The mage's method is very mysterious, and it seems to be able to specifically attack the souls of our human warriors. Even with His Majesty's cultivation, the dark mage attacked his soul in an instant, and he suffered heavy damage in an instant, and it seemed as if he was being attacked. The curse has been cast, and His Majesty the King has been in a state of confusion. The dark army led by the Champion and the Dark Archmage is about to invade the hinterland of our ancient Loulan country! "

Hearing this, Ye Feng nodded and said aloud: "The dark mage seems to be a soul practitioner from the dark race. Like the former great protector of the Scorpion tribe, he can directly cast spells to attack people's souls. I don't know what the strength is."

r\u003e

Ye Feng is quite interested in this dark mage.

Moreover, those hundreds of thousands of dark race armies may be very abundant energy for Ye Feng, which he can devour.

"Let's go and see how the situation is going. The Ancient Loulan Kingdom has vassalized our Yuhuashen Sect. I think the core disciples of the Yuhuashenmen cannot just watch the Ancient Loulan Kingdom be destroyed in the hands of foreigners."

At this time, Ye Feng spoke out to Princess Loulan next to him.

"Master Ye Feng is willing to take action? That would be great!"

Princess Loulan immediately couldn't help but said happily: "With Master Ye Feng taking action, there will be hope for this crisis."

The guard who reported the situation had a hint of surprise in his eyes.

He didn't know Ye Feng.

Because Ye Feng's arrival and the king's rescue were both a confidential operation, others did not know about it at all.

The reason why this royal guard was respectful to Ye Feng was because Ye Feng was standing next to Her Royal Highness, and his status was naturally extraordinary.

But the guard never expected that this young man who looked ordinary would gain such trust from Her Highness the Princess.

Who is he?

"Let's get there quickly."

At this time, Ye Feng grabbed Princess Loulan's shoulders and rushed into the sky in an instant, flying towards the battlefield outside the main city.

Soon they arrived at the city wall area of the ancient Loulan Kingdom.

At this time they landed on the city wall, and a huge palace was built on the city wall. It was the king who led many Loulan ancient kingdoms

The place where the human race army holds discussions.

At this time, Ye Feng and Princess Loulan walked in and immediately saw the king of the ancient Loulan Kingdom sitting on the top seat of the meeting hall.

It's just that now the king's face is entangled with black energy, and there is a faint blood-red light flickering between his eyebrows. It is obvious that he has been hit by a very vicious spell, which has suppressed all his cultivation and energy, making him look extremely depressed. Unbearable.

"Father!"

Seeing her father in this state, Princess Loulan immediately ran over with red eyes.

Obviously, from the surface, the king of the ancient Loulan Kingdom has been tortured to the point of decay, as if he is about to die at any time.

Ye Feng walked over.

The king of Loulan Ancient Kingdom immediately stood up weakly, but still remained respectful and said, "Master Ye Feng is here?"

Ye Feng nodded slightly, glanced at the king of the ancient Loulan Kingdom, and then stretched out a finger and touched his forehead.

"Boom!"

Suddenly, a huge amount of soul power burst out from Ye Feng's fingers in an instant, and rushed directly into the soul of the king of the ancient Loulan Kingdom.

"Soul Emperor Seal!"

Almost at this moment, Ye Feng's spiritual thoughts immediately manifested a Thunder Soul Emperor in the soul world of the King of Loulan Ancient Kingdom.

The moment this Thunder Soul Emperor appeared, Ye Feng immediately saw that in the soul world of the King of Loulan Ancient Kingdom, a Gu worm with blood-red light appeared all over his body.

This Gu is not physical, but in a soul state. It is manifested by a very vicious spell. At this time, it is attached to the soul world of the King of Loulan Ancient Kingdom and is constantly eroding the soul of the King of Loulan Ancient Kingdom. Therefore, this A king appears to be

He looked so lethargic and depressed, as if he was about to run out of gas and belch at any moment.

Ye Feng's soul, Thunder Emperor, appeared in an instant and rushed towards the Gu worm that was emitting blood-red light.

"Ssssssssss!"

And the Gu insect manifested by the spell was also aware of Ye Feng's spiritual body at this moment, and it instantly let out a ferocious and evil howl.

It seemed to want to scare away the soul body that suddenly broke into its territory.

"Destroy!"

But at this time, the Thunder Soul Emperor manifested by Ye Feng had extremely cold eyes. He directly stretched out a hand and struck hard at the opponent.

"Crash!"

Immediately, endless thunder light opened up in the entire soul world.

How could that evil-looking Gu worm withstand Ye Feng's Soul Emperor Seal? It was simply vulnerable. It was directly destroyed by the endless thunder light and exploded into pieces of soul fragments.

"call!"

At this time, the Soul Thunder Emperor manifested by Ye Feng directly opened its mouth and swallowed all the soul fragments exploded by the soul Gu worm.

"Buzz!"

Almost at this moment, Ye Feng immediately felt that his soul power had increased by three levels.

It has grown to the 10,03rd level of soul power.

Although a small spell Gu insect is just a piece of cake for Ye Feng, it does not strengthen his soul at all.

But Ye Feng's eyes showed a hint of joy. A single spell from the Dark Master could improve his soul so much. If he could swallow the Dark Master whole, then his soul power would probably be sufficient. Grow!

Chapter 1945 Wind God Clan

At this time, Ye Feng withdrew his soul from the soul world of the king of Loulan Ancient Kingdom.

At this time, everyone in the entire meeting hall saw that when Ye Feng took his fingers away from the king's eyebrows, the black air on their king's face disappeared, and his whole person changed from apathetic. The state suddenly returned to a full state.

"Amazing!"

The weird soul spell that left everyone helpless was broken by Ye Feng with just one finger.

This is simply amazing.

At this time, all the royal members and civil and military officials of the ancient Loulan Kingdom in the entire hall, including the aloof generals, looked at the young man Ye Feng with a kind of deep awe in their eyes.

Everyone was secretly sighing in their hearts. He was worthy of being a disciple from the Yuhua Shenmen, and his skills were as expected.

At this time, the king of Loulan Ancient Kingdom also bowed respectfully and thanked him aloud: "Thank you, Mr. Ye Feng, for your life-saving grace. If Mr. Ye Feng had not arrived in time this time, I would have died."

Ye Feng nodded and said loudly: "This dark mage from the dark race has really extraordinary methods. He can actually cast weird soul spells. If I hadn't learned the soul master's methods in my early years, I might not be able to help you. "

When the king of the ancient Loulan Kingdom heard what Ye Feng said, he immediately burst into tears and said, "Master Ye Feng, can you help us, the ancient Loulan Kingdom, to overcome this disaster? We will give you whatever Master Ye Feng wants." , as long as it's what we have."

Ye Feng nodded slightly and said loudly: "As a disciple of the Yuhua Shenmen, I also have a responsibility to protect you ancient countries that vassal our Huashenmen. Besides, we are all human beings, and now the dark race invades our human race. Territory, of course I will not stand idly by."

When he said this, everyone in the entire hall showed deep admiration on their faces.

If everyone was in awe of Ye Feng before because of his strength and status, then when they look at Ye Feng now, they have admiration that they didn't have before, and they feel deep admiration in their hearts.

"It is truly a great blessing for our human race to have a peerless genius like Mr. Ye Feng!"

At this time, a group of Loulan ancients in the entire hall

All the civil and military officials of the country were excited and spoke out.

Princess Loulan's beautiful eyes were staring at Ye Feng with a look of deep admiration and fascination.

Such a perfect peerless man, even Her Royal Highness Princess Loulan, has a kind of fangirl-like admiration in her heart.

Ye Feng looked at the king at this time and asked: "How far is the enemy from us now?"

When the king of Loulan Ancient Kingdom heard what Ye Feng said, his face immediately showed a look of deep anger. He couldn't help but said: "It's all my fault for that traitor, Champion Hou. I really saw it wrong. I thought He is the future of our Loulan Ancient Country! Unexpectedly, he is an ambitious guy! And he is also a traitor to our entire human race! Under the leadership of Champion Hou, our Loulan Ancient Country has lost most of its territory, and now Champion Hou and the Dark Lord The mage has led a total of 200,000 dark race troops and has advanced to a place less than thirty miles away from our central city. I think they may launch a general attack tomorrow.

"

Ye Feng nodded and said: "Then we will launch an attack tonight and trap all these 200,000 troops. I am of great use. King, you send an army of 100,000 people to capture all the troops I gave you overnight." All the formation materials are placed around the area where the 200,000 dark race troops of the Champion and the Dark Archmage are stationed."

Ye Feng said at this time and threw a storage ring to the king of Loulan Ancient Kingdom in front of him.

This storage ring contains a very large trapping formation.

This super large trapping formation was a trophy that Ye Feng got when he killed an enemy.

Originally, Ye Feng felt that this trapping formation was very weak and had no great effect.

But in the face of such a situation of countless armies, this locking formation method does have a huge effect.

At this time, the king of Loulan Ancient Kingdom took the storage ring that Ye Feng threw to him, and immediately said with great joy: "Master Ye Feng, please don't worry, I will arrange for someone to send all the opponent's army as soon as possible tonight. Such formation materials were placed all around the garrison area, allowing Mr. Ye Feng to

Being able to deal with the champion Hou and the dark mage with all his heart. "

The king of Loulan Ancient Kingdom is not a fool. He knows very well that the reason why Ye Feng did this is to prepare to destroy all the ancient dark race armies.

This was a huge benefit to the king of the ancient Loulan Kingdom.

He was extremely happy inside.

The Scorpion Tribe has been wiped out by Ye Feng.

If Ye Feng can destroy all the dark race armies this time, then the ancient Loulan Kingdom will truly have no war in this desert area in the future.

Therefore, the king of the ancient Loulan Kingdom was naturally very enthusiastic. He immediately began to announce to the generals leading the army in the hall: "All of you gather here, and I will assign you various tasks. If you need to use this kind of formation, All the magic materials have been placed around the area where the entire dark race army is stationed overnight. You must be quick, even if you are exhausted, you have to arrange them all overnight!"

All the generals responded respectfully, and their eyes were extremely excited.

Because this time they may witness a very shocking battle.

That is to kill all the dark race armies in the desert!

At this moment, Princess Loulan suddenly walked up to Ye Feng, with a hint of hope in her beautiful eyes, and asked: "Master Ye Feng, is there anything I can do to help you? I also want to fight this time Consecrate yourself."

Ye Feng looked at the beautiful woman in front of him and said with a smile: "Your Highness, there is nothing going on. You can just watch the next battle with peace of mind."

After saying that, Ye Feng walked out of the hall. He was about to climb the city wall and use his soul power to sense the strength of the dark mage opposite.

When Ye Feng walked out of the hall, Princess Loulan looked at Ye Feng's leaving back, with a hint of disappointment in her beautiful eyes.

Obviously, Ye Feng's indifferent attitude made her feel a little sad and a little lost.

When the king of Loulan Ancient Kingdom saw this scene, he couldn't help but sigh and said: "Ling'er, I know what you are thinking. You have fallen in love with Mr. Ye Feng, but my father

I advise you to give up this idea. Mr. Ye Feng is a peerless genius in the Yuhua Shenmen, with a high status and a transcendent status. Although you are the princess of our ancient country of Loulan, you are a noble princess in the eyes of the common people, but in the eyes of the peerless

genius in this super overlord force, you are just an ordinary girl, so don't blame your father. Wang, tell the truth, you fell in love with Mr. Ye Feng, but it was just a fish falling in love with a bird. The love between a bird and a fish is destined to be a fateless outcome. "

Hearing what her father said, Princess Loulan's beautiful eyes turned red and she even wanted to shed tears.

She felt extremely uncomfortable inside, but she knew that her father was telling the truth.

"If I can become a proud woman of heaven, with strength and talent comparable to the disciples of great forces, will I be able to get closer to Master Ye Feng?"

Princess Loulan suddenly had this idea in her heart.

Although Ye Feng came to the ancient country of Loulan not long ago, everything Ye Feng showed, including his strength and cultivation, his character, his righteousness of the human race, his unfathomable methods, etc., had already completely conquered Loulan. The heart of a princess.

After meeting such an outstanding young man, Princess Loulan knew that she might never be tempted by those ordinary people again.

The king of the ancient Loulan Kingdom saw Princess Loulan froze on the spot. He could only sigh, turned around and left the hall to prepare for what Ye Feng had told him.

Princess Loulan seemed to have thought of something at this time. Her beautiful eyes seemed to have made some kind of determination. Suddenly she looked at a small simple ring on her little finger and murmured in a low voice, "Grandma Feng, I want to Okay, I am willing to give up my human body, activate the Wind God Clan bloodline in my body, and become a Wind God Clan creature, but you have to ensure that my cultivation talent is comparable to the powerful disciples of the Feathered God Sect."

From the simple ring, an old woman's voice immediately came out: "Little girl Fengling, you made the right choice. What's so good about being a human body? You activated your bloodline and became the Wind God Clan. With my help Next, you will definitely become the most powerful female genius of the Wind God Clan, and it is possible to take over the entire Wind God Clan in the future. By then, all the Feathered God Sects will be nothing more than ants in our eyes..."

...

Chapter 1946 Crushed to death with one hand

After Ye Feng left the main hall at this time, he walked directly to the huge and majestic city wall.

"Buzz!"

At this moment, he suddenly released his extremely powerful 10,000-level soul power.

Almost at this moment, a boundless soul power, like a vast ocean, emanated from Ye Feng's head, and then covered the entire desolate battlefield outside the city wall. .

At this time, his soul power was extending infinitely forward, like sea water that was about to flood the entire desert area.

Half an hour later, Ye Feng immediately sensed a very strange soul power fluctuation, which appeared in the desert area in the distance.

Ye Feng's soul power is extremely powerful, but he is not attacking rashly now, so as not to alert the enemy.

If the dark mage realizes that he is using his soul power to explore, there will definitely be no chance to use the trapping formation to surround the ancient dark race army tonight.

Therefore, Ye Feng did not touch the soul power of the Dark Master rashly.

He was just sensing from a distance.

Before going into battle, Ye Feng naturally needs to know himself and the enemy so that he can survive every battle.

If this dark mage is very terrifying, then Ye Feng will not take risks and will definitely take more prudent measures.

But after Ye Feng's remote sensing at this time, it seemed that this dark mage's soul power was stronger than his own, and it was a black soul power.

That's just stronger, Ye Feng is not afraid.

So at this time, Ye Feng took back his soul power with satisfaction.

This dark mage is not as scary as he imagined. If he puts it this way, he can directly attack with force tomorrow, and there is no need to be afraid of what will happen then.

And even if something unexpected happens, even though the soul gem is now in silence, Ye Feng has a sinful eye.

With the seal imposed by Gu Taixu, Ye Feng can try to use some evil eyes

The power can exert huge suppression on the dark race.

Although Ye Feng felt in his heart that the Eye of Sin was a huge scourge that might kill him at any time.

But sometimes Ye Feng has to admit that if the Eye of Sin is used a little bit, it can still explode with terrifying power.

Especially for those terrifying dark races, the Eye of Sin, the eye of the first-generation Dark Emperor, has incredible suppressive power.

Of course, Ye Feng would not activate the Eye of Sin unless absolutely necessary, because the consequences could be very serious and beyond his control.

...

Time passes quietly through your fingertips like quicksand.

Night has fallen in a blink of an eye.

In the dark night, human soldiers from the Loulan Ancient Kingdom held formation materials in their hands, which were large flags made of steel.

They secretly lurked to the outside of the area where the dark race army was stationed by Ye Feng's sense. Without disturbing these dark races, they began to plant the formation flags on the land of the entire stationed area, forming a formation. A huge encirclement surrounded the area where the ancient dark race army was stationed.

The whole process was extremely quiet, without disturbing any dark race.

A whole night passed, and the formation was very successful.

And just at dawn.

A majestic shout suddenly came from the direction of the imperial city of the ancient Loulan Kingdom:

"Great formation!"

"rise!"

Boom! !

Almost at the moment when the sound fell, a huge and terrifying vibration suddenly erupted on the ground deep in the distant battlefield.

And at this moment, a huge formation, emitting ten thousand feet of divine light, suddenly surrounded a huge area of the battlefield.

And in this huge area surrounded, there happened to be a full 200,000 dark race troops stationed.

The huge formation that suddenly lit up made all the dark race armies unable to help but become restless.

"What happened?! What is going on! Why is there such a big formation suddenly?"

"This seems to be the formation of the human race! When did Loulan Ancient Kingdom, a weak country, suddenly have a great formation mage?"

"And the most terrifying thing is that this formation has enveloped us invisibly! This formation requires countless manpower and material resources to set up, right? How is it done?!"

...

At this moment, the ancient dark race army was all restless.

All the dark races looked panicked at this time.

After all, most of these dark race armies are ordinary dark race creatures.

"Why are you panicking?"

Suddenly a loud roar sounded.

Buzz!

The next moment, a terrifying and violent black energy condensed into a huge dark figure high in the sky.

This huge dark figure is wearing a black robe. Of course, this black robe is made of black energy, making him look like a black god of death.

This figure is the Dark Master.

He is a very terrifying soul cultivator among the dark races.

It can even be said that he is not a simple cultivator, but a born archmage of the dark race.

Among many races, the creatures of many races are born with a certain kind of talent. They can be said to be God's favorites.

\u003e For example, this dark mage is a natural talent among the dark race.

His soul was very powerful when he was born, and he was able to use black magic. He was a born dark mage.

At this moment, the Dark Master appeared, and the entire 200,000 dark race army suddenly became quiet.

Obviously, this dark mage has a very high prestige among the ancient dark races.

At this time, a young man rose up from the army below.

This young man is the champion!

But his current cultivation level is much stronger than before!

Moreover, his entire body, including his face, was engraved with black magic patterns.

These magic patterns seemed to be natural, looking extremely ferocious and terrifying, even emitting a black light.

Obviously, the champion has now been blessed by the power of the dark race and has become much more powerful than before, but he has also become a strange creature that is neither human nor demonic.

At this time, the champion's eyes no longer contained the purity of the human race, but were filled with the ferocity and viciousness of the dark race.

The champion looked at the Dark Archmage and said aloud: "It seems to be a disciple of Yuhua Shenmen. I met him in the palace of Loulan Ancient Kingdom before. He must have set up a large formation. The royal family of Loulan Ancient Kingdom did not Such a background."

"A disciple of the Yuhua Shenmen?"

When the Dark Archmage heard what the Champion Hou said and heard the four words Yuhua Shenmen, he immediately showed fear in his eyes.

The champion laughed sinisterly and said: "Before, I was very afraid of the disciple of the Ascension God Sect, but after receiving the blessing of the power of the Dark Evil God, my strength has improved a lot, and now I have stepped into the world. The fourth level of the Titled God Realm, the God King Realm! If that kid from the Feathered God Sect dares to come, I can crush him to death with one hand!"

Chapter 1947 Origin Suppression

The moment the champion Hou finished speaking, an extremely powerful aura flew over from a short distance away.

It was Ye Feng, as well as the king and princess of the ancient Loulan Kingdom and a group of powerful people from the royal family.

At this time, the king of Loulan Ancient Kingdom stared at the dark archmage and champion lord opposite, his eyes extremely cold.

The king especially stared at the champion and said loudly: "Champion, as the prince of our ancient country of Loulan, you not only fell into the dark race, but also attacked the territory of our human race. Today you will die without a burial." land!"

"Hahaha!"

The champion's eyes immediately showed a hint of ferocity, and he laughed loudly and said: "Old man! Do you think you can destroy us just by inviting a small disciple of the Ascension God Sect? You are too naive. No more! I am no longer the same person I was before! Now that I have been blessed by the Dark Evil God, I am much stronger than before!"

"Hahaha....."

Along with the champion's crazy laughter, boundless black energy suddenly rose up from his whole body.

These were all dark energies, and at this time, they suddenly condensed into a huge and terrifying phenomenon in the space around the champion.

It turned out to be a black sun, like the eyes of an evil god, appearing high in the sky. The black sun exuded black power and covered the entire sky.

It's like the end of darkness is coming, darkness covers the entire world, and the breath of darkness covers the earth, pulling everything into the darkness of the abyss.

"Is this an ancient vision? It can actually exude such terrifying majesty!"

At this moment, many powerful royals in Loulan Ancient Kingdom could not help but exclaim.

The black sun radiating from the champion's body at this time burst out with endless dark light, covering the entire sky and earth, making everyone feel deep fear and feeling that their whole body was trembling.

"This is really an ancient vision!"

"Full of terrible majesty!"

"Although it is full of endless darkness, it gives people a noble and profound sense of vastness!"

...

At this moment, a group of powerful royals from Loulan Ancient Kingdom could not help but exclaim.

No one thought that the champion was so powerful now, and he had even condensed his own ancient vision.

You must know that even some peerless divine bodies and rare holy bodies in the human race may not be able to awaken ancient visions.

You must know that ancient visions have an extremely terrifying bonus to a cultivator's combat power.

Some unparalleled geniuses are even able to

Even with his own ancient vision, he can crush enemies of the same level without having to do it himself.

At this time, the champion received the blessing of the ancient dark evil god, and also condensed his own ancient vision. This was definitely an extremely terrifying power.

At this time, even the king of the ancient Loulan Kingdom was very confident in Ye Feng, a disciple of the Ascension God Sect, but at this moment, he felt a sense of fear in his heart.

Because the power of the Champion Lord at this time is really terrifying, just the ancient vision, the dark sun shrouded the whole place, and the darkness covered the sky and the earth, as if the end was coming.

At this time, a group of powerful royals couldn't help but retreat, unable to withstand the power exuded by the Dark Emperor.

Even Ye Feng felt a kind of pressure at this moment, coming from that dark day, which made his body somewhat unbearable.

"The power of the ancient vision is indeed as terrifying as the legend says."

Ye Feng's eyes were cold and stern at this time, staring at the Champion Hou not far away, especially at the black sun above the Champion's head, like the eyes of a death god, staring at him, exuding a monstrous ferocity. Power.

"Hahaha!"

The champion stared at Ye Feng at this time, with a deep mockery in his eyes, and said loudly: "Before, in my eyes, you were a high-ranking disciple of the Yuhua Shenmen, but now, you are already in front of me. Having become an ant, I have the power of an evil god, and you only deserve to be crushed to death by one of my hands!"

"Boom!"

Almost at the moment when the champion's voice fell, the black sun above his head immediately erupted with black divine beams.

Each ray of black light was like a pitch-black sharp sword, tearing through the void in an instant and stabbing Ye Feng directly like a thousand arrows piercing his heart.

"Eye of Sin!"

Ye Feng suddenly had a thought in his mind, and a gap immediately opened between his eyebrows.

In the gap between the eyebrows, a dark eye instantly appeared.

When the champion saw this scene, he laughed loudly and said: "Boy, manifest a small eye? Is this your method? Hahaha! You are really naive!"

But suddenly the moment Ye Feng's evil eye appeared.

The dark light on the entire field was instantly fixed high in the sky.

"What?"

When the champion Hou saw this scene, his eyes immediately showed surprise.

But the next moment, a scene that made Champion Hou even more horrified appeared.

The big black sun above his head started to move back after seeing the sinful eye exposed between Ye Feng's eyebrows.

It felt like it had encountered a natural enemy, or something that made it scary, and it quickly retreated.

"How can this be?!"

This time, the champion was even more horrified.

He originally had an invincible attitude and wanted to completely crush Ye Feng.

But the reality turned out to be completely different from what was imagined.

The ancient vision that he was proud of, at the moment Ye Feng's third eye opened, he quickly retreated like a mouse meeting a cat.

"This is impossible!"

At this time, even the dark mage was horrified and couldn't help but say: "This is the ancient vision given to you, the champion, by the Dark Evil God! It can suppress 90% of the powerful visions in the world! In our darkness How could one of the top ten most powerful ancient visions in the race take the initiative to retreat?"

At this moment, the Dark Master was extremely shocked.

Champion Hou was also in confusion at this time.

He originally thought that after receiving the blessing from Lord Evil God, he would be invincible in the desert and suppress all enemies in the world.

But I didn't expect that the ancient vision had just been released. Before it could be used properly, it was directly suppressed by one of Ye Feng's eyes.

"What eyes are those?"

At this time, both the champion and the dark archmage's eyes were filled with deep horror.

"Everyone get down here!"

And suddenly at this moment, Ye Feng suddenly roared loudly.

"boom!!"

Suddenly, an infinite black light burst out from Ye Feng's third eye, the eye of sin, filled with monstrous ferocity and cruelty, covering everything in front of him.

"Plop!"

"Plop!"

"..."

Almost at this moment, a scene that shocked everyone happened.

On the vast desert land ahead, all the dark races knelt on the ground following Ye Feng's voice.

A total of 200,000 troops, 200,000 dark races, these extremely ferocious creatures, all knelt on the ground.

Even the Dark Archmage and the Champion Hou couldn't help but kneel on the ground.

"No!!"

At this time, the champion's pride made him look crazy, and his expression was extremely ferocious.

But within his body was the power of the evil god that gave him great power. At this moment, he couldn't help but kneel on the ground. It was a kind of fear that originated from his origin.

"I actually knelt on the ground?"

At this time, the dark archmage also showed deep anger, horror, and confusion in his eyes.

At this moment, under the dim sky.

Ye Feng floats high in the sky.

The black eyes with split eyebrows exuded extremely terrifying power.

In front of him, hundreds of thousands of dark race armies, as well as dark archmages and champions, were all kneeling on the ground.

This scene is full of ultimate visual shock!

Ye Feng floated high in the sky, just like a king in the darkness, dominating the world with overwhelming power.

"That eye...what is it?"

At this moment, countless people on the field felt a kind of shock from the heart.

Originally, all the people in the Loulan Ancient Kingdom thought that there might be a horrific and brutal fight. By then, there would be rivers of blood, the entire desert area would be dyed red with blood, and maybe even the Loulan Ancient Kingdom might be destroyed.

But now, they didn't use a single soldier at all.

Just Ye Feng opened a pair of dark eyes and made all the dark race army kneel on the ground, completely surrendering.

That's a kind of pressure that comes from blood!

The dark archmage and the champion were trembling all over.

They struggled to get up.

But surrounded by Ye Feng's sinful eyes, he couldn't get up at all.

Because that's a terrible pressure that comes from the source of their power.

"I do not believe!!"

The champion was blessed by the power of the evil god. At this moment, he knelt directly in front of Ye Feng. His pride made his face look ferocious to the extreme, and he yelled crazily, as if he was crazy.

"The one who can really be crushed to death with one hand is me squeezing you to death, not you squeezing me to death."

Suddenly at this time, Ye Feng spoke up, his tone was infinitely cold and domineering.

boom!

Almost at this moment, Ye Feng immediately stretched out a hand and pressed forward.

A big black hand appeared in an instant, and under the horrified gaze of the champion, it directly crushed the champion's entire body, turning it into a pool of fragments that flowed on the ground.

Chapter 1948 Soul Power Improvement

It has to be said that the champion died miserably.

Originally, he had been blessed by the power of the evil god, controlled powerful power, and was high-spirited, ready to dominate the world.

But in the end, he was crushed to death by Ye Feng's hand, and was beaten directly into a ball of blood mist, which was very tragic.

"Too strong."

At this time, the powerful royal family of the ancient Loulan Kingdom behind them all had deep shock in their eyes.

Everyone looked at Ye Feng with eyes full of deep awe.

As expected of a disciple from the Yuhua Shenmen.

Sure enough, his method strength and cultivation skills are both extremely powerful.

At this time, Ye Feng looked at the dark mage.

Although the dark mage was extremely powerful, he still needed to surrender from the heart in front of the sinful eye in Ye Feng's eyebrows. He subconsciously knelt on the ground and could not get up at all.

"who are you?"

The dark mage raised his head with difficulty and looked at Ye Feng, with deep doubts and unwillingness in his eyes.

Obviously, the Dark Master has assembled an army of 200,000 dark races this time, and wants to unify the entire desert area, and even wipe out the entire human race.

But it got off to a bad start.

They have not yet approached the imperial city of Loulan Ancient Kingdom.

They have all been forced to surrender in front of a human boy.

It can be said that I am extremely frustrated!

But the Dark Archmage was extremely frightened and angry in his heart.

Because he found that he could not resist Ye Feng at all.

Especially when he stared at Ye Feng's unintentionally exposed black eyes, he felt that his inner control and even his own original power automatically made him kneel down, unable to stand up.

Ye Feng slowly walked up to the dark mage, with a slight smile in his eyes, and said aloud: "It doesn't matter who I am, the important thing is that you are like an ant in front of me, and the dark race, too, It's not as scary as I thought."

The Dark Archmage yelled: "If you didn't have this magical eye, I could crush you to death with one hand!"

"Pfft!"

But at the next moment, Ye Feng suddenly stretched out a hand and crushed the head of the chattering dark mage.

"Boom!"

Suddenly, I felt that at this time, a dark soul, exuding blood-red light, rushed out of the body of the dark mage.

This is the soul of the Dark Master!

Extremely terrible!

Exuding overwhelming soul pressure!

"Hahaha!"

The soul of the dark mage suddenly burst out into laughter: "Young boy from Yuhuashenmen! I also want to thank you for killing my body! Because I only have my soul left, your black one The eyes no longer have any influence on me, and I can unleash my own monstrous power! That is the ultimate soul power!"

The dark mage was extremely happy, and his soul suddenly expanded into a black soul giant, heading towards Ye Feng to kill him.

Obviously, the Dark Master at this moment is in his most powerful state, possessing complete soul power means, and will not be affected by the Eye of Sin, because it is a complete soul state.

But at this time, Ye Feng grinned and said loudly: "You are not the only one who knows how to use the soul master, I can also do it."

At the moment when the Dark Master's soul attacked Ye Feng.

"Soul Emperor Seal!"

Ye Feng suddenly displayed his powerful soul master heritage.

Boom!

Almost at this moment, a soul giant full of thunder suddenly emerged from Ye Feng's body.

It is the Soul Thunder Emperor!

This is not the actual Thunder.

It is the power of thunder in the soul!

"Boom!"

The Thunder Emperor held the thunder scepter in his hand and swung it fiercely forward. In an instant, he attacked thousands of thunder lights, and these were all soul-state thunder lights. They directly destroyed the darkness of the dark archmage. The soul was completely enveloped.

"Crack!"

Almost at the next moment, the dark mage's soul, shrouded in the light of thunder, seemed to be put into a frying pan, and the soul was immediately scorched to death by the electricity.

"ah!!"

The dark mage Yuanshen's originally aloof expression suddenly became extremely painful, and he couldn't help but howl out, filled with endless pain.

Because every lightning strike on his soul would cause him a kind of heart-wrenching pain.

At this time, Ye Feng did not waste any time and flew directly in front of the Dark Master Yuanshen, and then instantly released the Devouring Domain.

"Boom!"

A dark and boundless devouring realm suddenly appeared.

In an instant, the soul of the dark archmage was enveloped, and then the huge soul power of the dark archmage's soul was quickly absorbed and drained.

"No....."

The Dark Archmage roared in despair.

But all to no avail.

His soul is rapidly drying up.

At this time, Ye Feng was receiving a steady flow of huge soul power.

His soul power is currently undergoing a drastic improvement.

"Level 10,04!"

"Level 10,05!"

"Level 10,06!"

"..."

"Level 11,600!"

Until Ye Feng

His soul power increased to level 11,600, and his soul power finally stopped.

Ye Feng's eyes were extremely excited.

Unexpectedly, the soul of this dark archmage actually provided him with more than a thousand levels of soul power growth.

This is extremely rare.

And this time.

The Dark Archmage Yuanshen in the void has completely dimmed and finally disappeared.

At this time, Ye Feng looked at the 200,000 ancient black night race army not far away.

There was a deep cold and murderous look on his face.

"The Devouring Realm Shrouds!"

"From now on, there will be no more wars among our human race in the desert!"

Ye Feng spoke slowly.

There was a strong sense of confidence and domineering in his tone.

"Rumble..."

Almost at this moment, a huge and boundless dark field suddenly became a battlefield covering the entire desert area.

It's like a kingdom of darkness has descended, pulling the world into an endless abyss.

"Boom boom boom!"

At this time, huge waves of devouring power suddenly erupted across the entire field.

Each of the armies of the ancient dark races, the ancient dark races all felt that the skills, life sources, and blood energy contained in their bodies were all passing by quickly, and were absorbed by the surrounding darkness.

"no, do not want!"

"I want to get out of here! I want to get out of this horrible place!"

...

At this moment, many dark race armies were completely shattered, and they were all shouting to escape for their lives.

But Ye Feng had already deployed huge trapping formations throughout their stationed area.

So not a single dark race can escape!

They will all become Ye Feng's meal!

Chapter 1949 God Emperor Pill

Although the total number of the dark race army of 200,000 is very large.

But these are all basically very ordinary dark creatures, with very little blood cell energy contained in their bodies.

But after all, there were a full number of two hundred thousand.

Therefore, Ye Feng's cultivation level experienced a breakthrough under such a huge energy push.

But in the end, he failed to completely enter the fourth level of the God King Realm. .??.

But it is at the level of the half-step God King realm.

Ye Feng had actually expected this.

After all, the 200,000 dark race army is a very ordinary dark race and cannot compare to a powerful existence.

So at this time, Ye Feng decided in his heart that he still wanted to go to the Golden Armor City that Princess Loulan mentioned.

See if you can happen to get a Tianxiang Cardamom Pill at the auction in the Golden Armor City, or other pills that can improve your cultivation level.

...

After this battle was over, everyone in the ancient Loulan Kingdom breathed a sigh of relief.

Ye Feng returned to the city wall of Loulan Ancient Kingdom and began to say goodbye to the king.

The king of Loulan Ancient Kingdom was very polite and respectful, and he held his hand in his hand and solemnly said: "Thank you Master Ye Feng for your help this time, otherwise I am afraid that our Loulan Ancient Kingdom will be destroyed in one day."

"The king is welcome. This is what I should do."

Ye Feng said something and turned around to leave.

"Master Ye Feng!"

But suddenly at this moment, a light female voice sounded from behind him.

Ye Feng turned around and looked over and found that it was Princess Loulan.

Princess Loulan was wearing a beautiful princess dress and walked up to Ye Feng. She stared at Ye Feng with a pair of big and light eyes and said loudly: "Master Ye Feng, you keep calling me princess. You probably don't know who I really am." His name?"

Ye Feng glanced at Princess Loulan in front of him in surprise, nodded slightly and said, "Princess, is there anything you need my help with?"

Princess Loulan shook her head, with an inexplicable emotion in her beautiful eyes, and said: "I have nothing to ask Mr. Ye Feng for help. I just hope that Mr. Ye Feng can know my name before leaving. My name is Feng." Ling, please Mr. Ye Feng can always remember me, this is what I hope for most."

Ye Feng felt that this Princess Loulan was a little strange, why he insisted on remembering her name. After all, in Ye Feng's understanding, he and the princess of the mortal country in front of him might never meet again in the future. opportunity, it was just a chance encounter.

However, Ye Feng did not express his inner thoughts, but nodded and said: "Fengling, I remember the princess's name. I hope we have the opportunity to meet again in the future."

Ye Feng just said a polite word

, he jumped directly and disappeared at the end of the endless desert area outside the city wall.

At this moment, looking at Ye Feng's leaving back, Fengling's beautiful eyes revealed a trace of reluctance and fascination. She slightly touched the simple ring on her little finger and couldn't help but murmured, "Master Ye Feng, we will definitely have the opportunity to meet again, and I hope that by then, I can make you look at me..."

...

The ancient Loulan Kingdom is not far from the Golden Armor City.

It only took Ye Feng half a day to arrive outside Jinjia City.

Jinjia City is an extremely huge ancient city with towering city walls that stretch like mountains. It looks majestic, indestructible and can withstand the torrent of steel.

The Golden Armor City stands at the junction of the Human Race's wilderness and the Golden Armor Clan's territory.

This place is very remote, but because of the existence of Jinjia City, it has become somewhat prosperous, and there is an endless flow of people every day.

Because of this Golden Armor City, the city owner will organize various large-scale auctions to continuously sell rare treasures from all major races, so that the wealth and treasures from the surrounding major races can be circulated to each other.

Therefore, this Golden Armor City attracts many strong men from all major races every day.

At this time, Ye Feng walked towards Jinjia City and soon came to the huge city gate.

After some simple questioning by the city gate soldiers, Ye Feng walked in easily.

But the moment Ye Feng entered the city, he immediately felt that there were some malicious eyes staring at him from a certain direction behind him.

"It seems like I'm being targeted by local gangsters?"

Ye Feng couldn't help but shook his head and smiled dumbly.

It seems that his fresh and refined appearance as a noble son has made many people from all walks of life in Jinjia City think that he is the son of a rich man, so they want to follow him.

Ye Feng instantly understood the thoughts behind those malicious glances.

However, Ye Feng did not abandon them, but deliberately guided these people into an alley.

Because these local gangsters played exactly this role for Ye Feng. Ye Feng had just arrived and needed to find these local gangsters to ask about the situation in Jinjia City.

Uh-huh!

At the entrance of an alley, Ye Feng ducked in.

The stalkers who saw this scene at this time were five or six local ruffians.

They also ducked into the alley in an instant.

But just as they entered the alley,

At that moment, they saw Ye Feng looking at them with a smile in his eyes.

"Boy! Have you discovered us a long time ago?"

Several ruffians from Jinjia City immediately showed a hint of surprise in their eyes.

They knew that if they didn't have huge confidence in their own strength, it would be impossible to discover them all at once, and they would also deliberately guide them into the alley.

"It's a tough idea! Get out!"

Several local ruffians knew that the young man in front of them was not easy to mess with, and they immediately prepared to leave.

"You're here, let's chat."

Ye Feng made a sound at this time and grabbed forward with one hand.

Boom!

Suddenly there was a riot of vitality high in the sky, and an invisible big hand of vitality directly pushed five or six ruffians with powerful cultivation to the ground, unable to move at all.

"Sir, please spare my life!!"

Several local ruffians immediately spoke out in fear.

They felt that the aura erupting from the young man in front of them turned out to be a strong man at the level of the Titled God Realm, and he was still half-step to the God King Realm!

This kind of cultivation strength is considered to be first-rate even in the entire Golden Armor City.

"What kind of existence have we messed with?"

Several local ruffians were secretly complaining.

Such a young boy turned out to be a strong man at the fourth level of the Titled God Realm and the half-step God King Realm!

This is the first time they have encountered this situation.

A local ruffian is very clever. He knows that the other party did not kill him directly, so he must have a purpose.

This local ruffian immediately knelt on the ground and kowtowed, and said respectfully: "If your lord needs anything, we will sacrifice our lives to help you! Please tell me clearly."

Ye Feng glanced at this clever ruffian with admiration, and then asked aloud: "I do have a few questions to ask you. If you answer me honestly, I will let you go."

Several local ruffians immediately kowtowed and said loudly: "The villain must tell you everything he knows!"

Ye Feng nodded and asked: "Who controls the City Lord's Mansion in Golden Armor City?"

A local ruffian immediately raised his head and answered quickly as if taking credit for it. He replied loudly: "The City Lord's Mansion is not controlled by us humans, but by the strong ones from the Golden Armor Clan. The City Lord is said to be from the Golden Armor Clan. A protector-level existence in the world must at least have the cultivation level of the sixth level of the Titled God Realm."

Ye Feng

Hearing this, he couldn't help but nodded. It seems that there are still super strong people in this golden armor city. It seems that he should restrain himself in this golden armor city next and not be too presumptuous, otherwise he may be in trouble.

So this is Ye Feng's purpose of deliberately not getting rid of these gangsters, because these local gangsters must know the best about Jinjia City, because they live in this area, and they must know all the news, big and small. a little.

Next, Ye Feng continued to ask: "One more question, are there any large-scale auctions in Jinjia City in recent days?"

"have!"

Another local ruffian rushed to answer and said: "I'm telling you! Tomorrow, in the central hall of the City Lord's Mansion, the City Lord will personally hold a large-scale auction. There will definitely be many people going there. If you have strong financial resources, Sir, You can also go and participate. It is said that in this large-scale auction, there will be peerless rare treasures, and even the legendary God Emperor Pill will appear. Sir, your current cultivation level is half-step to the God King realm. If you can get it at the auction, I bought a Divine Emperor Pill and after swallowing it, this pill can allow you to ignore any bottlenecks and instantly break through to the fifth level of the Divine Emperor Realm!"

It has to be said that although these ruffians are from the Three Religions and Nine Streams and their cultivation is not strong, they are all very clever. After hearing Ye Feng's inquiry about the auction, it is easy to think of what Ye Feng wants to get from the auction. things.

So this ruffian immediately revealed the news about the God Emperor Pill to Ye Feng.

The ruffian said aloud: "This news is kept secret from the outside world. Many people don't know it. I only know this secret news because I have a relative who works in the city lord's palace. When your Excellency attends the auction, Be sure to wait until the end and don't leave in the middle, otherwise you may miss the Divine Emperor Pill."

Divine Emperor Pill!

It can allow warriors in the God King Realm to break through to the God King Realm in an instant!

Ignore any bottlenecks!

I have to say that this news is very useful to Ye Feng.

He looked at the ruffian, nodded with satisfaction, and said: "I have asked you all the questions. I am very satisfied with your answers. Then I will keep my promise. Let's go."

After saying that, Ye Feng dissipated his momentum, then turned and left.

Ye Feng didn't bother to deal with such a ruffian.

The few local ruffians at the scene were relieved when they saw Ye Feng finally leaving.

"Where does this young man come from? Who is he? At such a young age, he has such terrifying cultivation. It is really shocking..."

Several local ruffians could not help but feel shocked in their hearts.

Chapter 1950 Shocking Conspiracy

That night, Ye Feng found an inn and stayed in Jinjia City.

At midnight, Ye Feng, who had huge soul power, suddenly felt an unusual movement.

At this moment, Ye Feng immediately woke up from his sleep state.

In this unfamiliar Jinjia City, Ye Feng was naturally vigilant in his sleep state.

Uh-huh!

At this moment, Ye Feng immediately walked out of the inn and came to the street outside.

At this moment, he suddenly saw a man in black with a golden mask on his face on the city wall in the distance. He climbed over the city wall and entered the city.

"Who is that? What's the purpose?"

Ye Feng sensed that the cultivation aura emanating from this man in black with a golden mask was the same as his own, a half-step God King level expert.

In this remote city, it is already very rare for a strong person to reach the level of God King.

But what really surprised Ye Feng was that the aura of the man in black wearing a golden mask was extremely secretive.

If Ye Feng's soul power hadn't broken through a lot, he might not have been aware of this person's existence.

Such a strong man with a secret heart must have an ulterior motive when he entered the Golden Armor City.

At this moment, Ye Feng was also concealing his aura, following secretly behind the golden masked man in black, hanging from a distance to see what he wanted to do, maybe there would be something to gain.

Ye Feng then followed the golden-masked man in black, twisting and turning throughout the city, and finally came to the city lord's palace.

"He is going to the City Lord's Mansion?"

"An enemy of the City Lord's Mansion?"

Ye Feng secretly guessed in his heart.

He saw with helpless eyes that the man in black with a golden mask lurked directly into the city lord's mansion.

Ye Feng did not follow him at this time.

Because he had learned from a few local ruffians before that the Lord of the City Lord's Mansion, a strong man from the Golden Armor Clan, was probably at the sixth level of the Titled God Realm, the God Sovereign Realm, and was not easy to mess with.

Ye Feng stood in the darkness outside, paying attention to the changes in the situation.

Less than half an hour.

"Boom!"

Suddenly, a huge sound erupted from the city lord's mansion.

This huge roar resounded throughout the entire Jinjia City.

"What happened?"

At this moment, everyone who was sleeping was awakened.

Everyone walked out of the inn and looked in the direction of the City Lord's Mansion.

And at this time.

"How dare you, thief! How dare you steal the God Emperor Pill that this city lord has worked so hard to refine for decades! Give me your life!"

A majestic voice suddenly sounded in the dark night.

That voice was the voice of the city lord!

"What

? Someone is stealing the God Emperor Pill? "

In the Golden Armor City, many powerful men from various races who came to participate in the auction were shocked at this moment.

Many of them came this time because of the Divine Emperor Pill.

And many powerful people don't know this secret at all.

At this time, when they heard the angry shout from the city lord, their expressions became extremely exciting.

"Uh-huh!"

"Uh-huh!"

And just when everyone was shocked, two figures chased each other and left Jinjia City in an instant.

The figure being chased was the man in black wearing a golden mask.

And the figure chasing behind him is naturally the city lord of the Golden Scarab!

He is a super strong man with a cultivation level of the sixth level of the Titled God Realm, the God Sovereign Realm!

"Let's follow up and take a look!"

"The golden masked man seems to have successfully stolen the God Emperor Pill! Otherwise, why would the city lord chase him?"

"Let's follow quickly! The Divine Emperor Pill is too precious and cannot be stolen like this!"

...

At this moment, many strong men in Jinjia City set off one after another, rushing towards the wilderness outside the city.

There are hundreds of strong men, all from various major races. Most of them are at the fourth level of the God King Realm. They all want to get the God Emperor Pill and directly break through to the God King Realm.

Ye Feng was the first person to discover this.

At this moment, he was the last person following hundreds of strong men.

Because Ye Feng vaguely felt that this matter was a bit strange.

If the person who stole the God Emperor Pill had been discovered by the city lord, the city lord's cultivation at the sixth level of the God Sovereign Realm would be enough to kill a thief who was half a step above the God King Realm in an instant.

But the result was that the city lord chased the thief and ran into the distance, and soon left the Golden Armor City area and entered the endless wilderness outside.

Ye Feng was extremely confused because he was the only one among everyone who knew that the thief's cultivation was not very strong.

Many of the other hundreds of strong men who chased him probably thought that the thief was just a little weaker than the city lord, so they chased after him and were inseparable from him.

But Ye Feng knew that the thief was not very powerful.

So this matter is somewhat suspicious.

Now Ye Feng couldn't guess what the truth was, but he hung far behind the hundreds of strong men who were chasing him, and walked slowly, letting those in front of him go through fire and water. This was the best choice.

Just after everyone chased for about hundreds of kilometers.

This place is already a complete wilderness.

It is no longer within the scope of the human race's wilderness.

Suddenly hundreds of people stopped.

Because they saw that on a mountain in front of them, the lord of the Golden Armor City was standing together with the man in black with a golden mask who had stolen the God Emperor Pill before.

There was no conflict between them at all. At this time, they just looked at the hundreds of strong men chasing after them with a sinister smile.

"what's the situation?"

Everyone was confused by the scene in front of them.

"It's a scam!"

Suddenly at this time, there were some smart people among the hundreds of strong men. They suddenly figured out something, their expressions suddenly changed, and they retreated crazily towards the rear.

"It's too late!"

But at this moment, the lord of Jinjia City suddenly laughed out loud.

He immediately stretched out a hand towards the front.

"Boom!"

At the next moment, a huge formation rose up around everyone in an instant, trapping all the hundreds of strong men who were chasing after them!

"What?!"

When everyone saw this scene, they couldn't help but look shocked.

At this time, the man in black with the golden mask slowly took off the mask on his face, revealing a beautiful face.

This is a young woman, but there are several golden scales on her beautiful face.

"This is the daughter of the city lord!"

Everyone immediately looked shocked.

They finally understood at this time.

It turns out that all this, the so-called theft, the so-called pursuit, is a conspiracy jointly carried out by the city lord and the city lord's daughter.

The purpose is to trap hundreds of people like them coming from all directions.

Everyone knows what to do next, that is to rob them of their wealth!

"Using the Divine Emperor Pill as bait, the city lord personally set a trap to catch hundreds of strong men from all directions and plunder all their wealth, which is a huge sum of money! This is simply a shocking conspiracy!"

No one thought that the lord of Jinjia City would do such an insidious thing.

At this moment, the city lord of Jinjia City looked at all the hundreds of extremely angry strong men, smiled coldly, and said: "Recently, my cultivation has reached the sixth level of the divine realm, the tenth heavenly perfection, but I have been unable to break through, so I just organized a super large auction to gather all the wandering warriors from all directions. Hundreds of you, the powerful God King Realm, will become the blood sacrifice materials for me to break through to the final seventh level of the God Emperor Realm! At the seventh level of the God Emperor, even if this matter is exposed, the forces behind you will not dare to touch me! Hahaha!"

At this moment, the moment the Lord of the Golden Armor City finished speaking.

The large formation that trapped hundreds of God King Realm experts suddenly turned blood red.

On the entire ground, lines of blood immediately appeared, forming an extremely mysterious blood sacrifice rune. It enveloped hundreds of strong men and frantically extracted the blood essence from their bodies. At the top of the entire formation, a round pill began to appear.

That's a huge blood pill!

It's slowly taking shape!

"Ah! Lord of the Golden Armor City! You are so cruel!"

"No! Don't! I have worked so hard to reach the realm of the God King. I don't want to be sacrificed to blood!"

...

At this moment, the hundreds of God King Realm powerhouses enveloped by the blood sacrifice formation felt endless pain, and they all howled miserably, filled with deep anger and unwillingness.

But the Lord of the Golden Armor City just looked at all this coldly, his eyes full of greed, "When the blood pill takes shape and I swallow it, I will be able to instantly break through to the final seventh level of the Titled God Realm, the God Emperor Realm! By that time Who can stop me? What does fame mean? Only strength is eternal!"

But at this time, no one discovered it.

In a dark dense forest not far away.

Ye Feng was lying on the ground, secretly watching the tragic scene outside.

His eyes were a little shocked.

Sure enough, I guessed it right!

What happened tonight turned out to be a shocking conspiracy!

Ye Feng wanted to leave here, it was too dangerous.

Buzz!

But at this time, Emperor Chu suddenly flew out of the storage spirit ring, staring at the huge blood pill that was slowly forming not far away with red eyes, and said aloud: "That is the ancient blood sacrifice." The blood pill condensed by magic is a great tonic! Master, are you really going to give up like this?"

Ye Feng shook his head and said aloud: "Even if you and I join forces, we can't fight against a super strong man like the Lord of the Golden Armor City who is at the tenth level of the sixth level of the Divine Realm."

Emperor Chu thought for a while and suddenly said: "There is a way to solve this problem."

Ye Feng's eyes moved and he asked aloud: "What can I do?"

Emperor Chu said: "As far as I know, the blood elixir condensed from this ancient blood sacrifice technique, especially the whole blood sacrifice of hundreds of God King Realm powerhouses, this blood elixir is something that defies the heavens. When it is fully formed, At that moment, you will encounter a thunder tribulation from heaven and earth before it can be fully formed. When the thunder tribulation comes, ordinary people dare not approach at all, otherwise they will be implicated by the thunder tribulation. Therefore, at the moment when the blood pill takes shape, the city lord of Jinjia City must We will retreat a little distance. At this time, it is the best time for us to take action. If we can grab the blood pill first and master, if you directly swallow the breakthrough, we will be able to defeat the evil Lord of the Golden Armor City. !"

When Ye Feng heard this, his eyes immediately lit up, and he couldn't help but said: "This method is indeed feasible! I have the Thunder Ancestral Talisman on my body, and I am not afraid of a mere thunderstorm. At that moment, maybe it really It's possible to grab the blood pill!"
