Chapter 1951 Terrifying Energy

"ah!"

"ah!"

"..."

At this moment, under the dark night, on the extremely desolate land, a group of hundreds of God King Realm experts from all major races were howling miserably.

All the life energy in their bodies was being absorbed by the blood sacrifice formation, and was all integrated into the huge blood-colored elixir high in the sky.

This is an extremely evil method of blood sacrifice!

In the end, all the hundreds of powerful people in the God King realm will be sacrificed, turning into a huge blood pill, containing boundless blood energy.

Once this blood pill is fully formed, if you swallow it and refine it, you will definitely get a huge improvement in your skill!

At this moment, the city lord of the Golden Armor City stared at the blood pill that was slowly forming on the huge formation, with a blazing fire of ambition in his eyes.

The city lord's daughter also stood quietly behind her, wanting to witness the glorious scene that followed. ??

Half an hour later.

There were no more screams in the formation.

Because hundreds of God King Realm experts were all turned into withered bones and scattered on the ground. It looked shocking. The scene was very terrifying and had a strange shock.

"It's finally almost ready!"

The Lord of the Golden Armor City couldn't help but murmured, his tone full of excitement.

But at this time, he actually started to step back a little.

The city lord's daughter was very confused and asked: "Father, this blood pill has already taken shape, why do we have to retreat?"

The Lord of the Golden Armor City immediately spoke up and said: "The blood elixir condensed by this blood sacrifice method is already a thing that goes against the heavens and is an evil thing. The moment it takes shape, it will cause the thunder of heavenly tribulation to fall, but as long as we wait for a while , just wait until the catastrophe disappears, and then get the fully formed blood pill."
"

When the city lord's daughter heard this, she immediately nodded and followed the city lord back.

"Rumble..."

And sure enough, at this moment, a thick dark cloud appeared above the dark night.

Among the thick dark clouds, streaks of blue-purple thunder appeared.

"Crack!"

Suddenly at this moment, a thick thunderous light instantly struck down from the dark clouds, shining brightly in the entire night sky, very bright.

That bolt of thunder suddenly hit the blood pill high in the sky below.

The aura of destruction exuded by the Thunder Tribulation made even the superpowerful Lord of the Golden Armor City feel a deep sense of fear.

The city lord's daughter also had a look of fear in her eyes at this time, and said loudly: "Father is right, the blood pill condensed through this evil blood sacrifice formation has indeed caused a thunderous catastrophe from God."

The thunder that shines with blue-purple light exudes a destructive energy like the power of God, making people feel extremely insignificant.

"It's now!"

And when the second ray of thunder struck down, Ye Feng's eyes immediately lit up and he took action in an instant.

"Buzz!"

At this moment, Ye Feng directly used the power of the space gem to directly open up a space wormhole in his hidden position and above the floating blood pill.

Ye Feng's figure suddenly spanned a large distance and appeared next to the blood pill.

The huge blood pill is very large, about the size of a person, exuding a huge amount of blood energy, and it seems to contain a vast ocean of blood.

The moment Ye Feng appeared, not far away, the Lord of Jinjia City and his daughter, who were paying close attention to the Blood Pill, immediately discovered Ye Feng's traces.

"A thief wants to steal our blood pills!"

The city lord's daughter immediately exclaimed.

However, the Lord of the Golden Armor City did not panic at all and said with a sneer: "This boy is too young! He dares to appear around the blood pill under the thunder of the heavenly tribulation. He will definitely be dead the next moment!"

Boom!

And sure enough, at the next moment, a huge bolt of thunder and lightning struck down from the dark clouds high in the sky and hit Ye Feng directly.

"Let me tell you, any creature that dares to get close to the thunder and lightning of the Heavenly Tribulation will be affected and be chopped into pieces by the thunder and lightning descending from the sky in an instant! Completely dead! Turn into ashes!"

The Lord of the Golden Armor City was speaking at this time, with a mocking smile on his face, seeming to be mocking the young man's ignorance.

"Father! Look! He's not dead!"

But suddenly I felt that at this time, the city lord's daughter seemed to have seen something incredible, and she couldn't help but scream in surprise.

"What?"

At this moment, the city lord of Jinjia City also looked not far away.

The scene in front of him immediately stunned him.

Because he saw it.

Under the crazy attacks of thunder and lightning, the young man from the human race still stood around and did not suffer any harm at all.

"How can this be?!"

The Lord of Jinjia City saw this scene and almost stared out of his eyes in shock.

But at the next moment, the super master of the Golden Armor clan seemed to have discovered something, and stared at a small and inconspicuous talisman floating above Ye Feng's head.

Just that little magic talisman resisted all the thunder tribulations.

"That...is it the legendary Thunder Ancestral Talisman? That's right! Only the legendary Thunder Ancestral Talisman can withstand the most terrifying power of thunder and lightning in the world!"

At this time, the Lord of Jinjia City was suddenly shocked and lost all his confidence in an instant.

He never thought that a seemingly ordinary human boy would possess such an extremely rare treasure as the Thunder Ancestral Talisman!

"don't want!!!"

The Lord of the Golden Armor City immediately roared.

"Uh-huh!"

But at this time, Ye Feng had already put the huge blood pill into his storage ring, and then fled as fast as he could.

"Little thief! I will cut you to death with a thousand knives!!!"

Seeing that all of my great efforts were wasted in an instant and became someone else's wedding dress.

At this moment, the Lord of Jinjia City was extremely angry.

He immediately chased Ye Feng crazily in the direction where he had escaped.

The city lord's daughter also followed up quickly, with a look of shock and anger on her face.

After all, no one would have thought that there would be a human kid hiding around in such a wilderness.

"Father, don't worry too much! The cultivation aura of that human boy is similar to mine, and he is only half-step to the God King realm. With your monstrous cultivation, father, you can easily catch that human boy and put that Get back this precious blood pill!"

...

At this time, in the dark forest, the moment Ye Feng had just escaped, he immediately felt a huge spiritual will, which suddenly enveloped him like a vast ocean, overwhelming and terrifying.

"He is worthy of being a god at the sixth level.

A strong person! Moreover, it is still at the tenth level of the Divine Realm, the Great Perfection Realm! This kind of spiritual thought, this kind of power and aura, is really terrifying, it makes me feel irresistible! "

Ye Feng was thinking secretly while running away.

At this time, Ye Feng immediately spoke up and said: "Emperor Chu, just now you said that I grabbed the blood pill, swallowed it and refined it directly, and after breaking through the cultivation level, we can join forces and fight against the Lord of the Golden Armor City. But I find that I don't have time to refine it now!"

Emperor Chu transformed into a small crimson light person, flew out of the storage spirit ring, and said loudly: "I will escape on your behalf now. You immediately enter your storage spirit ring and give the blood pill to Refined."

When Ye Feng heard what Emperor Chu said, his eyes immediately lit up and he nodded quickly. He took off the storage ring from his finger and handed it to Emperor Chu who was in the form of a red light person next to him. .

The red light person that Emperor Chu became at this time was very small, and he hugged the storage ring directly. .???.??

Uh-huh!

At this time, Ye Feng jumped directly into the space where the spiritual ring was stored.

There are a lot of things inside the storage ring, which is as messy as a utility room.

Ye Feng entered the storage ring space. At this time, he really had no intention to organize some of the stored things in his storage ring. He directly found the huge blood pill floating in the space, and then released it directly. Swallowing the realm, began to crazily devour the majestic blood essence in the blood pill.

"You little bastard of the human race! You can't run away! I will cut you into pieces! I'll let you know how cruel the consequences of offending me will be!"

The voice of the Lord of the Golden Armor City, full of murderous intent, came from outside the storage ring.

But Ye Feng didn't care about so much and devoted himself wholeheartedly to devouring and refining the blood pills in front of him.

Ye Feng believed that with Emperor Chu's ability, although he was unable to fight against the powerful Lord of the Golden Armor City who was at the tenth level of the Divine Realm, he would not be overtaken if he escaped and should be able to sustain him until he finished refining the blood pill.

"boom!"

"boom!"

"..."

At this time, groups of black swallowing whirlpools rushed out of Ye Feng's body, directly forming a dark field and covering the huge blood pill.

"Gululu, Gululu..."

At this moment, the Dark Realm suddenly produced a huge suction force, which madly sucked out all the blood energy in the blood pill, and then injected it into Ye Feng's body.

"Rumble..."

At this moment, Ye Feng's entire body was as if a volcano had erupted, filled with infinite power.

You must know that this huge blood pill sacrificed the blood of hundreds of powerful God King Realm warriors from different races.

This is a heaven-defying thing that even the Lord of Jinjia City, who is the sixth-level divine master and the tenth heavenly perfection, covets!

This shows its value.

It's priceless!

"boom!"

Almost at the next moment, such terrifying and majestic blood energy broke through Ye Feng's current bottleneck.

In an instant, he broke the bottleneck of the current half-step God King Realm, and rushed directly into the fifth level of the Titled God Realm, the God Emperor Realm First Level!

And that's not all!

This has just consumed a small part of the energy of the blood pill!

"This time, let's make a crazy breakthrough!"

At this moment, Ye Feng is in the space where the spiritual ring is stored.

He looked up to the sky and smiled, feeling extremely happy in his heart.

This feeling of gaining huge energy!

This feeling of rapid breakthrough!

Ignore any feelings of bottlenecks!

It's so cool!

"boom!"

The second level of the Divine Emperor Realm!

"boom!"

The third level of the Divine Emperor Realm!

"boom!"

The fourth level of the Divine Emperor Realm!

"boom!"

The fifth level of the Divine Emperor Realm!

It wasn't until this moment that Ye Feng's cultivation finally stopped.

The energy this blood pill brought to him was really terrifying!

"Uh-huh!"

Ye Feng couldn't wait to fly out of the storage ring, wanting to help Emperor Chu and preparing to fight to the death with the Lord of the Golden Armor City!

But the moment Ye Feng flew out, he saw Emperor Chu holding the storage ring, legs crossed, lying boredly on a hillside.

Ye Feng immediately had a big question mark on his head: "What's going on?"

Emperor Chu said aloud: "I have already gotten rid of that terrifying golden armor clan. I used a displacement technique from ancient times to get rid of it very easily. Master, you are storing the spiritual ring." I have been practicing for five days and five nights."

"Five days and five nights?"

When Ye Feng heard what Emperor Chu said, his eyes were immediately startled and he said: "Then I need to rush back to the Ascension Gate immediately. The True Inheritance Trial may start at any time!"

Ye Feng was secretly relieved that Emperor Chu had directly dumped the Lord of the Golden Armor City.

After all, even if he has refined the blood pill and improved his cultivation so much, he probably won't be able to match a super strong person in the tenth level of the sixth level of the Divine Sovereign Realm.

There is no need for Ye Feng to take this risk and fight to the death.

This time he was able to get the Blood Pill, which was much more advanced and more useful than the God Emperor Pill.

If he just obtained the Divine Emperor Pill through a safe auction, it would probably cost a huge amount of wealth, and swallowing the Divine Emperor Pill would only allow Ye Feng to break through to the first level of the Divine Emperor Realm at most.

Up to now, Ye Feng had obtained a heaven-defying blood pill without spending any money, and he had also made a crazy breakthrough to the fifth level of the God Emperor Realm.

This is a huge profit!

At this time, Ye Feng looked around and asked with some confusion: "Emperor Chu, where are we now?"

Emperor Chu said aloud: "I don't know either. Anyway, in order to get rid of that strong man from the Golden Armor Clan, I ran towards the deepest wilderness forest. Maybe we are already far away from the wilderness now, and we are no longer there. It's the territory of the human race."

When Ye Feng heard what Emperor Chu said, he was immediately dumbfounded, "So, we are lost in the endless jungle, lost?"

Emperor Chu nodded with difficulty, and said with some embarrassment: "That seems to be the case, Master. I guess you won't be able to catch up with the True Inheritance Trial."

Ye Feng: "..."

"Let's first see if there are any tribes around here, and find out where this place is and how far it is from the wilderness."

In the end, Ye Feng made such a decision. He would never give up on the True Inheritance Trial. It was really important to Ye Feng now, because he needed the support of many resources from the Yuhua Shenmen.

"help me....."

Just when Ye Feng was about to explore the surrounding situation, his sensitive soul force suddenly captured an extremely weak cry for help from a certain direction not far away. From the sound, it seemed to be a young woman.

Chapter 1952 Lu Qianqian

The woman's cry for help was very weak.

At this moment, there was a sudden sound, which made Ye Feng's eyes move immediately.

"There are people here? It seems I can ask where this place is."

Ye Feng's eyes suddenly lit up with joy.

Originally, he thought he was lost in this endless jungle and it would be difficult to get out.

But now the sudden cry for help gave Ye Feng hope.

Uh-huh!

Almost at this moment, Ye Feng's figure moved towards the direction where the sound came from.

Soon he came to a valley and saw a group of humanoid creatures with black and golden scales all over their bodies, hunting for something under the valley not far away. ??

These seem to be a dark race.

Ye Feng saw a beautiful woman wearing a blue gown in a hidden jungle in the valley. She was very heroic, but she was obviously seriously injured at the moment. Her face was pale, and blood was flowing from the corner of her mouth. She looked in danger, almost dying. .

Although her hiding place is very hidden, the dark races who are searching for her will arrive at her hiding place at night and will soon find her.

"help me....."

The young woman suddenly saw Ye Feng appearing on the edge of the valley.

She was calling out with her spiritual thoughts, although she had reached the point of despair, otherwise she would not have been able to ask for help so urgently.

"Found her!"

Suddenly at this moment, a dark race creature suddenly shouted loudly.

He found traces of the young woman.

"Disciple of the Blue Sky Holy Land! You actually dare to go deep into our Golden Demon Clan and steal our most powerful ancient vision scroll! This is so bold! You will definitely die today!"

A dark race shouted loudly.

These dark races, calling themselves the Golden Demon Race, are probably a very powerful dark race.

"A disciple of Qingtian Holy Land?"

"Golden Demon Clan?"

"You've never heard of it?"

At this time, Ye Feng, who was at the edge of the valley, heard the voices of the dark races below, and a trace of doubt suddenly appeared in his eyes.

But at this time, since the other party has been discovered by the dark demons, and it is still a human race, Ye Feng naturally wants to lend a helping hand, and he also needs to ask this young woman what kind of place is here and how to get out of this place. The endless forest area, back to the wilderness.

Uh-huh!

Almost at this moment, Ye Feng immediately jumped from the edge of the valley into the valley.

He stood directly where the young woman was hiding.

Now after swallowing the blood pill, Ye Feng's cultivation level can be said to have increased tremendously.

So now, even if he faces these very powerful golden demons, he doesn't have much fear.

However, Ye Feng was still secretly surprised.

With his current cultivation level, even among the Yuhua Divine Sect, he is considered to be a first-rate powerhouse in the entire wilderness.

But this group of golden demons who suddenly appeared all had similar cultivation levels to themselves.

It can be seen that the background of this golden demon clan is absolutely terrifying.

The severely injured young woman in front of her was even more powerful than herself. She must have encountered a truly strong person from the Golden Demon Clan before and suffered heavy losses, so she was chased by this group of Golden Demon Clan soldiers. So miserable.

"Thank you for coming to save me! Take me and run away quickly!"

When the young woman saw Ye Feng standing in front of her, her eyes lit up and she said with joy.

"Escape? Why are you running away? Since you have encountered these dark races, you must get rid of them quickly! Kill them all!"

Ye Feng naturally had his own reasons for saving this young woman. The first was to ask for directions, the second was to take action because the other party was also a human race, and the third was because these golden demons seemed to have a very high life level. Killing and devouring it should improve your cultivation skills a lot.

Now that his cultivation has reached the level of the God Emperor, Ye Feng can be regarded as an expert and bold person.

He was directly alone, facing a dozen golden demons of the same level in the valley.

However, Ye Feng's confidence turned into arrogance in the eyes of the young woman.

The young woman suddenly became anxious and said: "Young man, which sect are you a disciple of? These dark races are the top-ranked golden demons. With the same level of cultivation, we humans may not be able to defeat them one-on-one. Not to mention that there are now more than a dozen golden demons with the same cultivation level as you. Don't act out of anger. If you fight them alone now, it is no different than going to die! "

Although this young woman was very grateful to Ye Feng for being able to stand in front of him.

But she also felt anxious and helpless because of Ye Feng's pride.

Because the young woman comes from a super sect, she knows very well how powerful racial talents these golden demons have. Among the same level, they can definitely crush the warriors of the human race, not to mention that there are more than a dozen of them who are the same as Ye Feng. A golden demon with a high level of cultivation.

In this young woman's opinion, Ye Feng might be a young master from a big family. He is young and energetic, which is why he is so conceited. Even when facing more than a dozen golden demons, he seems so casual.

"Huh? Another human kid showed up somewhere?"

Suddenly a golden demon couldn't help but speak out, with a look of surprise in his eyes.

After all, this place is very far away from the human territory, and it is already deep in the endless forest, basically inaccessible.

"Just a useless human kid! Get rid of him quickly! Lu Qianqian, the top genius of the Blue Sky Holy Land, must completely kill her! If she is allowed to cultivate into the ancient vision scroll she stole, the Blue Sky Holy Land will have to The emergence of a peerless genius will be a huge threat and disaster to us, the Golden Demon Clan!"

At this time, another golden demon clan spoke up, with a deep murderous intent in his tone.

"Boom!"

“Boom!

"..."

r\u003e

Almost at this moment, more than a dozen golden demons all burst out with terrifying demonic energy, as if ancient demons had awakened, and all of a sudden they started to kill Ye Feng and Lu Qianqian. go!

"It's over! We've missed the best opportunity to escape!"

Lu Qianqian, a female disciple of the Blue Sky Holy Land, immediately showed a look of despair in her beautiful eyes.

"boom!!"

But suddenly at this moment, Ye Feng suddenly burst out with an extremely terrifying aura.

The moment this momentum appeared, it was like a vast ocean, knocking away all the dozen golden demons that rushed over.

"What?"

At this moment, Lu Qianqian's expression of helplessness and despair suddenly froze, and she was a little dumbfounded.

How could this seemingly ordinary young man be so strong?

.....

.....

"This kind of powerful qualification is already comparable to what I had back then!"

At this time, the young woman was thinking secretly in her heart.

She stared at Ye Feng's extremely young face, and the young woman was very confused.

In the nearest area, how could such a powerful genius appear in the human race, but she had never heard of him.

"Is it a genius from a small place? But how could such a powerful genius appear in a small place?"

At this moment, Lu Qianqian's heart was full of surprise and confusion.

She decided that after this crisis was over, she must ask where exactly this boy came from.

With such a wonderful talent, although his cultivation level is a bit low, his talent and potential are very powerful.

Even in their Qingtian Holy Land, if he is trained a little and given enough resources, he will definitely become a very powerful person, even no less than her at her peak.

And just when Lu Qianqian was thinking secretly in her heart.

Not far away, there were more than a dozen golden demons, their eyes filled with horror.

They originally thought that the ordinary-looking young tribal boy in front of them was a very weak growth, and they could easily kill him.

But the real result surprised them all.

Because more than a dozen of them joined together, they were all blown away by Ye Feng's momentum.

This kind of powerful aura is really terrifying, and it is not like what an ordinary boy in the God Emperor Realm can burst out.

Even a strong human being who has reached the tenth level of the Divine Emperor Realm cannot burst out with such terrifying power all of a sudden. It is really astonishing.

"Let's run away first! Report it to the Dark Head! Let him deal with this terrifying young man!"

At this time, a group of golden demons retreated towards the rear, with deep fear in their eyes.

Lu Qianqian suddenly shouted at this time: "Don't let them escape! The Dark Head is extremely terrifying, and I was injured by the Dark Head!"

Ye Feng nodded and smiled coldly: "Of course I won't let these golden demons leave just like that. Since we have already encountered them, they can't leave."

Boom!

Almost as soon as Ye Feng finished speaking, he grabbed forward with one hand.

Boom!

A big black hand suddenly appeared in the sky. It was composed of the vitality of heaven and earth and was full of infinite power. It instantly blasted away at the dozen or so golden demons in the God Emperor realm.

"Work together to resist!"

More than a dozen golden demons in the God Emperor Realm condensed a black shield, and they were all combined together to form a huge demon shield, like a steel city wall, able to withstand anything in the world. Power attack.

"Boom!"

Ye Feng's condensed vitality hand, like the hand of a god, crashed down from high altitude in an instant, directly hitting the huge shield, making an extremely terrifying roar.

This huge roar is like the sound of heaven and earth, like mountains collapsing, like the earth cracking, the sky is falling apart, and volcanoes erupt, waking up all the beasts sleeping in the darkness in the entire endless wilderness. .

"Crack, click, click..."

And at the next moment, the huge black shield began to shatter.

"What a terrifying power!"

Even Lu Qianqian, a mysterious disciple of the Blue Sky Holy Land, was shocked by this powerful god-like power at this moment.

She couldn't help but murmured, "I'm afraid that even in our Blue Sky Holy Land, there are very few beings with such a powerful body. This kind of body power is as if it is made of the strongest divine iron in the world. The vastness The magic power is like a vast ocean, like an ancient beast roaring, which has a huge impact on people's hearts. "

At this time, the most shocking thing was actually the dozen golden demons.

These golden demons have always felt that they are in the same realm. Whether it is the physical strength or the prowess of their skills, they are all far beyond the human race of the same realm.

So in their eyes, although some human races are very powerful, they still feel that the human race is a weak race.

But at this moment, the power Ye Feng burst out was majestic, vast, as vast as the sea, and as ferocious as the tide. It really shocked these dozen golden demons, and even made them doubt their lives.

"Is this kid a human race? Why does he feel more scary than the cubs of some ancient divine dragons?"

A group of golden demons couldn't help but exclaimed, their eyes filled with deep shock.

This is the first time they have encountered such a powerful human race. Although its cultivation level is indeed not high, the potential it shows,

But it made them, the golden demon clan, feel terrified.

They couldn't even imagine what kind of terrifying power this young human race would unleash if it fully grew up.

"The Reincarnation Kung Fu of the Heavens!"

But just when this group of golden demons were doubting their lives, Ye Feng was not idle. He directly displayed the extremely powerful inheritance, the authentic secret skill of Yuhua Shenmen, and the reincarnation skill of the heavens.

"Rumble..."

Almost at this moment, the terrifying scene of the destruction of the six realms of reincarnation appeared all around Ye Feng.

This is not an ancient vision. ??

But it is already comparable to some powerful vision powers.

The reincarnation of the heavens, exuding vast reincarnation energy, turned into a vast white river of time, like the wheel of history, crushing the entire void, covering more than a dozen golden demons in an instant.

In an instant, these dozen golden demons were being crushed mercilessly as if they had fallen into the great millstone of reincarnation. Their bodies, spirits, including the armors and weapons on their bodies, were being violently crushed. Among them, it is disintegrating and shattering inch by inch.

"This kind of inheritance? It seems to be the All-Heavens Reincarnation Technique of the Ascension God Sect? Some newcomers to the Ascension Gods who entered our Qingtian Holy Land seem to have used this All-Heavens Reincarnation Technique, but the burst of their All-Heavens Reincarnation Technique The power and secrets are much weaker than this young man, and this young man has truly understood the secrets of reincarnation in the Heavens of Reincarnation Technique. The energy that explodes really gives people the feeling of the world collapsing. "

At this moment, Lu Qianqian, who was half lying behind and seriously injured, had a look of surprise in her beautiful eyes.

At this time, Ye Feng had already rushed forward and instantly released the Devouring Domain, a dark kingdom that immediately enveloped the dozen or so crushed golden demons.

"Boom!"

In an instant, the terrifying blood energy was swallowed and absorbed by Ye Feng, and all of it was injected into Ye Feng's body, quickly strengthening his life essence and martial arts foundation.

However, Ye Feng temporarily suppressed the aura that was about to break through, and temporarily sealed this abundant blood energy in his body.

Because his devouring ability was too weird, Ye Feng didn't want to be exposed in front of this strange young woman for the time being.

At this time, after Ye Fengzhu killed more than a dozen golden demons, he immediately turned around and looked at Lu Qianqian who was not far away, and said loudly: "Your danger has been resolved for the time being."

But the moment Ye Feng finished speaking.

"Buzz!"

A huge spiritual thought that was extremely terrifying, countless times more vast and powerful than the previous Lord of the Golden Armor City, suddenly invaded from a distance, overwhelming the sky, and instantly locked onto the two people in the jungle.

"Buzz!"

"Buzz!"

Even at this time, two blood-moon-like eyes appeared in the dark sky above their heads, emitting scarlet light and full of unparalleled majesty. It was like a demon god awakening in the darkness. In an instant Staring at the two people below, it gave people a sense of extreme fear and shock.

"It's the Dark Head!"

"He found us!"

At this moment, Lu Qianqian couldn't help but exclaimed.

Even this mysterious Qingtian Holy Land disciple had a look of fear in his eyes at this moment.

This shows how terrifying and powerful this dark leader is!

Almost at this moment, Ye Feng himself felt an extreme fear rising in his heart.

He felt an inexplicable sense of huge crisis, covering the entire heaven and earth in an instant.

Almost at this moment, Ye Feng had only one thought left in his heart.

"escape!"

At this time, Ye Feng didn't care what Lu Qianqian thought, he just picked her up and ran towards the distance.

On the way, Ye Feng quickly said to Lu Qianqian: "Hurry up and show the way. When we return to the territory of the human race, we can avoid the pursuit of this dark leader."

Lu Qianqian's eyes were extremely ugly, and she said aloud: "In order to steal the most valuable precious treasure from the Golden Demon Clan this time, I have left the Qingtian Territory a long way away. It is impossible for us to be chased by the Dark Head of State now. After that, he escaped for such a long time and entered the Qingtian Domain."

Ye Feng immediately shook his head: "Blue Sky Territory? What kind of place is that? I have never heard of it. It should not be far away from the Desolate Territory. I escaped here from the Desolate Territory, and I didn't escape much." For a long time, as long as you take me to the wilderness, I can instantly send a distress signal from the Yuhua Shenmen, and then the strong humans from the Yuhua Shenmen will come to rescue us. "

Lu Qianqian immediately stared at Ye Feng and said loudly: "So you are really a disciple of the Yuhua Shenmen! Okay! This place is indeed very close to the wilderness. Although your cultivation is still relatively weak, your The level of power is the most majestic I have ever seen in the same realm. From here to the wilderness, maybe we can really escape."

Almost at the next moment, Lu Qianqian immediately helped Ye Feng guide the direction and flew towards the wilderness.

Above the night, two huge eyes like blood moons stared at the two people below.

Ye Feng didn't care, he just ran towards the direction directed by Lu Qianqian wholeheartedly.

"You can't escape!"

The majestic and terrifying sound sounded throughout the dark jungle, like the power of God.

"boom!"

"boom"

The moment the Dark Head of State's voice sounded, two huge blood-red eyes in the sky suddenly erupted into two blood-red light pillars, bombarding them downwards.

When Lu Qianqian saw this, he was immediately shocked and couldn't help but said: "Ye Feng! Be careful! This is a long-distance soul attack carried out by the head of darkness through those two bloody eyes! This is a threat to our human warriors The damage to the soul is huge."

Ye Feng's eyes were extremely calm at this time and he said aloud

Said: "If he used this method to attack me face to face, my soul might be wiped out instantly! But from such a long distance, I can feel that the lethality has been reduced too much."

The moment Ye Feng finished speaking, a huge thunder soul giant suddenly stood up on his body.

It is the Thunder Soul Emperor in the Soul Emperor Seal!

"Roar!"

The Thunder Emperor held a huge scepter, roared to the sky, and violently attacked high in the sky in an instant.

The two blood-red light pillars were blasted into countless fragments by the Thunder Emperor in an instant, scattered throughout the dark night.

"What? Ye Feng, you are actually a soul master!"

Lu Qianqian couldn't help but exclaimed immediately.

At this time, as the contact with Ye Feng lasted longer, Lu Qianqian, who came from Qingtian Holy Land and seemed to be a super sect disciple countless times more advanced than Yuhua Shenmen, felt more and more that if he was in the same realm of cultivation, , I'm afraid I can't compare to Ye Feng at all.

Unless he can successfully cultivate the ancient vision scroll he just stole from the Golden Demon Clan.

"Being a disciple of the Yuhua Shenmen means that we are likely to become senior sisters and brothers in the same sect in the future..."

Lu Qianqian secretly thought in her heart, looking at the stern face of the young man holding her, her state of mind, which had not fluctuated for many years, suddenly showed a slight ripple.

At this time, the surprised and uncertain voice of the Dark Head of State was heard from high in the sky: "What? My Nine Nether Heavenly Eye soul attack was shattered by a little human ant like you?"

Although he knew that attacking from a long distance, the lethality was much smaller.

But in the initial thoughts of the Dark Head of State, the human boy holding Lu Qianqian was just a small God Emperor warrior. In his eyes, he was just a small ant. Even if his lethality was greatly reduced, it can also obliterate its soul in an instant.

But the result was far beyond the dark leader's expectations.

This human ant seems to have the power of a giant hidden in its seemingly small body, and its soul is extremely terrifying.

"When did such a heaven-defying genius appear among the human race in this area?"

At this moment, even the Dark Head, a powerful being among the golden demon clan, was slightly shocked by Ye Feng's talent.

Because Ye Feng's endless methods not only shocked the people around him, but also made his enemies increasingly surprised.

"Even if my Nine Nether Heavenly Eyes can't kill you, you are destined to be unable to escape. This place is still a long way from the Blue Sky Territory. My true body is coming soon. You just wait to die. ,Hahaha!"

The Dark Head of State let out a cruel laugh.

But what he didn't know was that the direction Ye Feng and Lu Qianqian were escaping at this time was not to the distant Qingtian Territory at all, but to the nearest Desolate Territory.

Although the Desolate Territory is just a purely human territory, it is not like the Qingtian Territory, which is a large territory that includes the human race and is composed of many powerful races.

But there is also a human emperor in the wilderness.

So under the guidance of Lu Qianqian's living map, Ye Feng stepped onto the wilderness territory.

The Dark Head of State felt that something was wrong.

"What? The direction you are escaping from is not the Qingtian Territory at all! It is the Desolate Territory!"

The dark leader's slightly surprised voice sounded.

Although the Desolate Domain is just a small subsidiary domain of the Blue Sky Domain, it is composed of pure human beings.

But there are also powerful beings in the human race, such as the Human Emperor in the human race.

So at this time, the Dark Head also felt a sense of fear.

But the treasure of their golden demon clan was stolen by Lu Qianqian.

Moreover, he felt very threatened by Ye Feng, a human boy with incredible talent, and needed to be completely eliminated.

So at this time, the Dark Head of State did not stop. He manifested a dark giant that reached the sky. He stood directly under the night sky, bursting out with monstrous power, a big dark hand, like an ancient The demon god grabbed it across time and space, and grabbed it directly in the direction of Ye Feng and Lu Qianqian in the distance.

"The wilderness is the territory of our human race. Any evil alien race cannot step into the wilderness without permission! Otherwise, they will be killed without mercy!"

And almost at the moment when the dark hand of the Dark Head was about to fall completely.

Suddenly, a huge and majestic voice sounded throughout the world.

And almost at the moment when the voice fell, Ye Feng and Lu Qianqian saw a magnificent figure appear in the night sky.

This figure turned out to be a woman, but she was extremely beautiful. Her body was burning with monstrous crimson flames, and there was an ancient phoenix manifesting behind her, full of endless momentum and power.

She stretched out a plain white palm, and almost instantly, she crushed the dark hand of the Dark Head of State and exploded it into countless pieces.

"ah!"

The Dark Head of State suddenly let out a painful scream.

"Phoenix Human Emperor of the Wasteland! I didn't expect that you haven't fallen after so many years! You are even stronger than you were back then! Did you really find the legendary true Phoenix from under the endless abyss of the Meteor God Mausoleum? Blood, the true blood of the phoenix was refined, and the immortal phoenix true body was successfully condensed!"

The leader of darkness made an extremely angry voice, and then the endless darkness quickly receded.

The Phoenix Human Emperor seemed to know that the Dark Head of State was not that easy to deal with, so he did not take advantage of the victory to pursue him, otherwise it would most likely provoke an all-out war between the entire wilderness and the Golden Demon Clan.

After all, the top leaders of every major force or race cannot be killed casually. A Human Emperor like the Phoenix Human Emperor who protects the wilderness will have many more things to consider.

At this moment, Ye Feng, who was holding Lu Qianqian underneath, breathed a sigh of relief.

Chapter 1953: Golden Troll Ancient Vision

At this time, the Dark Head of State finally retreated and disappeared completely.

At this time, Ye Feng breathed a sigh of relief and put down Lu Qianqian in his arms.

At this time, they were ready to thank the Phoenix Human Emperor who had just appeared.

But at this moment, the Phoenix Human Emperor probably didn't even notice that the two little ones, their peerless graceful figures burning with flames, had disappeared into the sky.

At this moment, Ye Feng looked at Lu Qianqian and said, "Our danger is finally over."

Lu Qianqian nodded, with gratitude in her beautiful eyes, and said loudly: "Thank you so much, Ye Feng, this time. If you hadn't suddenly appeared, Ye Feng, maybe I would have been killed by the devil."

Ye Feng didn't say anything, just nodded, and then began to restore the cultivation he had just consumed.

At this time, Lu Qianqian also took out the healing pills from her storage ring, swallowed them directly, and began to restore her cultivation.

Three days passed. ??

Lu Qianqian's face also changed from pale to rosy.

She finally recovered some of her cultivation.

Ye Feng could feel that Lu Qianqian's cultivation aura was much stronger than his own, and she was probably at least a sixth-level god-level expert.

At this time, Ye Feng finally found an opportunity and asked: "Miss Lu, your cultivation has almost recovered, right?"

Lu Qianqian shook her head and said aloud: "There is still more than half of my recovery, but my current cultivation level is enough for me to return to Qingtian Holy Land safely."

Ye Feng's eyes showed doubts at this time, and he couldn't help but ask: "Miss Lu, actually I have always been very curious, where is the Qingtian Holy Land where you are, and is it a very powerful sect? , how come I have never heard of it, is it a sect in our human race? "

After hearing Ye Feng's series of questions, Lu Qianqian just smiled and explained very patiently: "The Blue Sky Territory is several times larger than the seven major human domain areas combined, and the Blue Sky Holy Land where I am located is the Blue Sky Territory. Hegemony, do you understand?"

Ye Feng heard what Lu Qianqian said at this time, and his eyes suddenly showed a hint of horror.

"The Qingtian Domain is so big?"

"To put it this way, the Blue Sky Holy Land where Miss Lu is located is simply a super giant. Even the Yuhua Sect where I am located is far inferior to the Blue Sky Holy Land."

Ye Feng couldn't help but exclaimed.

Lu Qianqian smiled and nodded, and said aloud: "The Yuhua Shenmen is indeed a vassal force of the Blue Sky Holy Land. In the Blue Sky Holy Land, there are young geniuses and super strong men from all major races, including of course our human race. , I came to the Holy Land of Blue Sky from another of the seven domains of the human race. Ye Feng, the Ascension Gate where you are, will also send a group of the most amazing and talented top geniuses into the Holy Land of Blue Sky every ten years to further their studies. Practice and strive to become stronger, so as to protect the wilderness and the entire human territory. You have to know that the strong men of our human race are not only in the seven major domains of the human race, but also throughout the entire God Realm, even in the human race. In the most prosperous area of the God Realm, there are legends about the strong men of our human race. Of course, the most powerful men of the human race are still not as good as some of the top super sects, but they also have some reputations, otherwise it would be impossible Our Seven Domains, the ancestral land of the human race, will remain stable for so many years without being annexed by other powerful races, because there are still many

The powerful human beings were frightened outside. "

Hearing Lu Qianqian's words, Ye Feng immediately understood. It turned out that his knowledge was still too shallow. The outside world was so wonderful.

For many people, the seven major domains of the human race are the ancestral land of the human race. It can be said that it is only the weakest place that provides shelter.

The real strong men of the human race are all outside, writing their own legends and legends, shocking many races.

Ye Feng felt his blood boiling when he heard it.

Did Lu Qianqian see Ye Feng's inner thoughts? She couldn't help but smile and said: "From my observation of you, your talent is extremely powerful. I am always a little surprised, so don't worry. After a while, I believe that you will be able to worship at Qingtian Holy Land through the Yuhua Shenmen. By then we will be senior sister and junior brother, and I will be waiting for you at Qingtian Holy Land."

After saying that, Lu Qianqian walked towards the distance.

But suddenly at this moment, she seemed to think of something, and turned around suddenly and returned to Ye Feng again.

At this time, Lu Qianqian stretched out a small white hand, holding an ancient scroll, and placed it directly in Ye Feng's palm.

Lu Qianqian's eyes had a mysterious look in her eyes, and she said with a smile: "I almost forgot about your life-saving grace this time. I cannot thank you enough for your kindness. This ancient vision scroll is what I learned from the Golden Demon." What was stolen from the ancient ancestral land of the tribe is a very powerful ancient vision cultivation method. I have successfully cultivated it on the way to escape. Now I will give it to you. I hope you will practice it well in the future. Qingtian Holy Land, let's have a good talk."

After saying that, Lu Qianqian walked towards the distance without looking back.

At this time, Ye Feng was standing there, holding the heavy scroll of ancient visions in his hand, and slowly opened it.

"Golden Troll."

Four ancient characters are engraved on this ancient vision scroll.

"The method of cultivating ancient visions! This is a good thing! Especially the ancient visions of a powerful dark race like the Golden Demon Clan! It is probably comparable to the inheritance of the Tao Realm level. It seems that the little girl is still very fond of you. You're generous, I guess I'm attracted to you, otherwise I wouldn't be able to give you something of such great value even if it's a life-saving gift."

At this moment, Emperor Chu transformed into a small red light person and flew out of Ye Feng's storage ring, staring at the scroll with curious eyes.

Emperor Chu said aloud: "The ancient vision of the Golden Troll, if I remember correctly, should be one of the three ancient visions of the Golden Demon Clan. It has incredible power. Once it is successfully cultivated, a An ordinary genius immediately turned into an extremely talented person with powerful ancient visions."

Ye Feng's eyes were also filled with excitement at this time. He did not expect that Lu Qianqian, a female disciple of Qingtian Holy Land, would directly give such a priceless thing to him.

"Hurry up and return to the sect to practice. If I can successfully cultivate this ancient vision, then I really won't be afraid of anyone in this true inheritance trial."

Ye Feng thought to himself, and then quickly ran away in a certain direction in the distance.

That direction is exactly the direction where the Overlord of the Wilderness has emerged from the Divine Sect.

After being out for so many days, I finally want to return to the sect.

After such a long period of experience, Ye Feng has accumulated a lot of rare materials, and this time he may be able to exchange for huge contribution points. At this time, the Dark Head of State finally retreated and completely disappeared.

At this time, Ye Feng breathed a sigh of relief and put down Lu Qianqian in his arms.

That direction is exactly the direction where the overlord of the wilderness has emerged from the Shenmen.

After being out for so many days, I finally want to return to the sect.

After such a long period of experience, Ye Feng has accumulated a lot of rare materials, and this time he may be able to exchange for huge contribution points.

Chapter 1954 Domineering attack

After Ye Feng returned to the Yuhua Shenmen, the first thing he did was to send all the rare materials he had no use to the central hall and exchange them for sect contribution points.

This time he redeemed nearly 50,000 contribution points!

It can be said that this is a huge fortune.

Ye Feng used all 50,000 contribution points to buy the Enlightenment Pill.

A whole thousand Enlightenment Pills!

As for purchasing so many Enlightenment Pills, Ye Feng's purpose is simple, that is, to fully comprehend the ancient vision of the Golden Troll in the shortest possible time.

Now the soul gem has fallen into a temporary slumber because of its tit-for-tat confrontation with the Dark Emperor.

Although Ye Feng's own comprehension ability is also very evil, it is not enough to quickly comprehend the ancient visions of the golden troll, the top golden demon clan.

So he directly used all the contribution points to buy the Enlightenment Pill.

So it's just a short night.

Ye Feng successfully comprehended the vision of the golden troll!

"Buzz!"

At this time, Ye Feng directly released the ancient vision of the golden troll in his residence.

Boom!

Almost at this moment, in the space behind Ye Feng, a majestic golden troll with a height of tens of thousands of feet stood up.

Full of endless monstrous power!

Just the vision alone is estimated to be able to collapse thousands of mountains in an instant, with extremely terrifying destructive and oppressive power.

"It's so powerful! It is indeed the top ancient vision among the golden demons!"

Ye Feng was extremely satisfied at this time.

The next moment he put away his momentum.

At this moment, Ye Feng had a reverie about the Blue Sky Holy Land.

It seems that this time he must win the highest ranking in the True Inheritance Trial.

Only in this way can the upper echelons of Yuhua Shenmen pay attention and enter the Qingtian Holy Land as soon as possible.

I have seen how powerful Lu Qianqian is, and I have also seen that the outside world is more exciting, and that the Blue Sky Domain is several times more majestic and vast than the other domains of the human race combined.

All of this made Ye Feng look forward to Qingtian Holy Land.

At this time, Ye Feng was not that interested in the Yuhua Shenmen.

It can't be said that I'm not interested anymore, it's just that my interest has weakened.

It turns out that Ye Feng's biggest goal is to become a high-ranking figure in the Yuhua Shenmen.

But now Ye Feng's goal is to enter the Qingtian Holy Land and compete with the more powerful geniuses.

Because there are not only the top geniuses of the human race, but also the peerless geniuses from all major races in the Blue Sky Territory.

It will be exciting!

Ye Feng walked out of his residence at this time and walked towards the core disciple area.

He was going to find a few friends he had met before, a few people from the Divine Sword Club, the president Zuo Wudao, and the two vice-presidents, Fang Xiaoling and Gu Jiansheng.

These three are all core disciples.

Ye Feng's ability to directly participate in the True Inheritance Trial this time is inseparable from the guarantee of the three of them.

So this time Ye Feng also agreed to team up with the three of them during the True Inheritance Trial.

And Ye Feng also needs these three old disciples to provide him with various information.

Before Ye Feng went to the core disciple area, he wanted to find three people from the Divine Sword Club and ask them when exactly the True Inheritance Trial would start. It was probably going to be soon.

But just when Ye Feng arrived at the core disciple area.

He suddenly heard a scream.

"ah!"

This scream sounded a bit familiar to Ye Feng.

"It seems to be Zuo Wudao, the president of the Divine Sword Club!"

Ye Feng's eyes changed slightly, and he immediately rushed in that direction.

Just when Ye Feng arrived at the area where the sound came from.

He saw two people fighting on a huge fighting stage.

There are countless core disciples watching around.

And what surprised Ye Feng was that apart from the core disciples of the human race of the Yuhua Shenmen, the other group of people watching turned out to be the Jinjia clan!

"It seems that our Yuhua Shenmen and the young prodigy from the Golden Armor Clan held a competition between geniuses!"

Ye Feng saw the scene in front of him and immediately guessed what happened here.

At this moment, sitting on top of the huge competition platform were a row of elders from the Yuhua Shenmen, as well as some elders from the Golden Armor Clan.

At this moment.

"ah!"

A shrill scream came from the competition stage once again.

Ye Feng guessed correctly that the owner of the scream was none other than Zuo Wudao, the president of the Divine Sword Club.

He can be regarded as his old friend.

This time in the True Inheritance Trial, I have to rely on this old friend.

Zuo Wudao's opponent at this time was a tall genius from the Golden Armor clan.

This genius of the Golden Armor Clan is extremely powerful in cultivation, and he is a powerful being in the first level of the fifth level of the Divine Emperor Realm!

Zuo Wudao was no match for this genius from the Golden Armor Clan. One of his hands was directly disabled by this genius from the Golden Armor Clan.

At this time, Zuo Wudao's eyes were filled with fear, and he quickly said, "I surrender!"

The referee was about to announce the result.

But at this time, the genius of the Golden Armor Clan had a ferocious smile on his face.

"I have no intention of admitting defeat. All my opponents were killed by me!"

The genius of the Golden Armor Clan immediately took action boldly, with sharp golden claws that could scratch Zuo Wudao to pieces in the next moment.

At this moment, many of the core disciples of Yuhua Shenmen present had extremely ugly eyes.

This genius of the Golden Armor Clan actually wants to kill people in public?

But no one dared to stop him.

Because this genius of the Golden Armor Clan is so fierce and unstoppable.

⋮

"Stop it!"

But suddenly at this moment, a loud shout suddenly sounded.

Uh-huh!

At the next moment, a tall figure of a young man in black had already jumped from the stage to the stage, stood in front of Zuo Wudao, and directly slapped the genius of the golden armor tribe away who rushed towards him.

"What?!"

"Did you send that powerful golden-armored prodigy flying with just one slap?"

At this moment, the entire field suddenly fell into a boil.

A group of core disciples of the Yuhua Shen Sect showed deep excitement in their eyes.

Swish, swish, swish!

At this moment, countless eyes instantly moved to the young man in black.

"Ye Feng! It's you!"

Zuo Wudao saw the person in front of him clearly at this time, and his eyes immediately showed excitement: "Ye Feng! You are already so powerful! Great!"

"who are you?"

At this time, the genius of the Golden Armor Clan who was knocked away suddenly got up from the ground, and then stared at Ye Feng who was standing in front of Zuo Wudao with extremely sinister eyes, and shouted: He said in a loud voice: "Boy! How dare you meddle in your own business! I will tear you apart!"

Ye Feng's eyes were extremely calm, and he said coldly: "You have to be merciful and merciful. My friend has already given up, and you still want to put him to death. Naturally, I will not stand by and watch. If you dare to do anything to me again, If I take action, I will let you know what regret is!"

Domineering!

Incomparably domineering!

After Ye Feng's words fell, the entire field suddenly erupted into a boiling sound.

In the battle between the two races before the True Inheritance Trial, the human disciples of the Ascension God Sect were always suppressed by the geniuses of the Golden Armor Clan, which made many core disciples of the Ascension God Sect feel deeply dissatisfied. willingly.

But now, Ye Feng's sudden appearance, powerful power, and domineering tone suddenly ignited the entire competition platform!

Chapter 1955 Another punch

In fact, Ye Feng is not well-known among the core disciples.

Because since he joined the Yuhuashen Sect, he has almost never participated in any of the Yuhuashenmen's outer sect competitions and inner sect competitions.

He finally became a core disciple with the guarantee of several friends.

So when Ye Feng appeared, many people didn't recognize him at all.

But most of the core disciples of the Yuhua Shen Sect, seeing how powerful Ye Feng was, being able to send the golden-armored prodigy away with just one slap, made them all excited.

"This junior brother who looks like a teenager is so awesome!"

"When did such a powerful being appear among the core disciples of our Yuhua Shenmen?"

"It should be that he is cultivating outside and not in our Ascension Gate, that's why we feel so strange."

...

At this time, all the core disciples could not help but speak out.

On the competition stage, Ye Feng asked Zuo Wudao to step down first.

Then he looked at the genius of the Golden Armor Clan opposite and said, "If you want to continue fighting, I can accompany you at any time."

The genius of the Golden Armor Clan stared at Ye Feng with extremely cold eyes and said loudly: "I don't believe you are so powerful. You must have succeeded in sneaking up on me at that moment. I will tear you alive next." broken!"

As the genius of the Golden Armor clan spoke, a huge aura suddenly erupted from his body.

In an instant, one of his hands turned into a golden claw, with a shimmering cold light, and he grabbed it in front of Ye Feng in an instant.

"boom!"

But the next moment, Ye Feng just punched out without any fancy.

Boom! !

A huge sound suddenly erupted across the entire sky.

It's like two mountains colliding together.

"Boom! Puff!!!"

Almost at the next moment, everyone in the audience was shocked.

That powerful golden armor clan in the first level of the God Emperor Realm

Tianjiao's entire arm was shattered by Ye Feng and turned into a bloody mist.

"ah!"

The genius of the Golden Armor Clan suddenly screamed and felt tremendous pain.

He saw that his entire arm was directly shattered, and a look of disbelief immediately appeared on his face: "What? How is this possible? My body in golden armor was shattered by a race as weak as the human race? "

At this moment, not to mention this genius of the Golden Armor Clan, even a group of senior strong men from the Golden Armor Clan sitting in the auditorium above the competition platform couldn't help but stand up at this moment.

Their eyes were filled with wonder.

Because as we all know, the bodies of the Golden Armor Clan are extremely powerful.

In the same realm, if they rely solely on the strength of their bodies, the Golden Armored Clan will definitely crush the Human Clan.

But what happened on the field now surprised everyone present.

A group of elders from the Yuhua Shenmen who were watching had smiles on their faces.

The core disciples of their Yuhua Shenmen just now have been suppressed by the Jinjia clan.

But now, the Ye Feng who came out of the sky was so fierce that he smashed the arm of a genius from the Golden Armor Clan.

The genius of the Golden Armor Clan who lost an arm finally knew he was afraid.

He immediately shrank his head and ran down the competition platform dejectedly, not daring to confront Ye Feng anymore.

"When did the Yuhua Shenmen produce such a powerful core disciple?"

A group of elders from the Golden Armor Clan couldn't help but speak out.

"I'm here to meet this young disciple of the Yuhua Shenmen!"

Suddenly at this time, another powerful genius of the Golden Armor Clan appeared.

He flew directly to the competition stage.

This genius of the Golden Armor Clan has a lot of

The aura of cultivation is impressively that of the sixth level of the Divine Emperor Realm!

Even more powerful than Ye Feng's fifth level of the Divine Emperor Realm.

The genius of the golden armor clan in the sixth level of the God Emperor Realm stared at Ye Feng at this time, his tone was also extremely cold, Senhan smiled and said loudly: "I will avenge my companions, I will kill you, this kid Trampled hard underfoot."

Ye Feng's eyes were always very calm, and he was not affected by other people's provocative words at all. He just said lightly: "You talk a lot of nonsense."

"court death!"

This genius of the Golden Armor Clan, who was in the sixth level of the Divine Emperor Realm, instantly burst out with a large golden light.

"Gold Wave Cut!"

He displayed a very powerful secret technique inherited from the Golden Armor Clan.

All the golden light on his body suddenly condensed into a huge golden rotating saw, spinning rapidly as if it could tear everything apart. ??

"One punch."

Ye Feng said lightly.

Boom!

He was still the same as before, without any bells and whistles, just punching out plainly.

But just such a mediocre fist burst out with tremendous power, as if there was an ancient beast contained in Ye Feng's fist.

"Boom!"

The golden light wave condensed by the golden armor clan prodigy who was in the sixth level of the God Emperor Realm was directly broken into countless pieces by Ye Feng's punch.

"Boom!"

At the next moment, a huge counter-shock force directly bombarded the golden armor clan genius at the sixth level of the God Emperor Realm.

"ah!"

The Jinjia Clan genius who just threatened to trample Ye Feng under his feet just screamed, spitting out a mouthful of blood in the air, then flew out and fell hard to the ground. Save people time.

One punch!

Another punch!

"Hiss!"

br

At this moment, everyone in the entire arena around the competition stage couldn't help but gasp.

They never thought that Ye Feng could be so powerful.

The genius of the Golden Armor Clan in the sixth level of the Divine Emperor Realm can be said to be the most powerful genius brought by the Golden Armor Clan this time.

But he was still knocked away by Ye Feng's punch.

This is really incredible!

This has never happened before!

The whole place suddenly fell into silence.

The elders and powerful men of the Golden Armor Clan all had ugly looks on their faces.

Every time before the True Inheritance Trial, they would bring some powerful disciples to the Feathering God Sect to compete and compete.

Every time in the past, the Golden Armor Clan defeated the human geniuses.

But this year, the Yuhua Shenmen produced such a powerful young man, who directly defeated all the invincible opponents in the world. However, the most powerful genius brought by their Golden Armor clan this time were defeated.

At this time, a group of senior strong men from the Golden Armor Clan didn't know what to say.

"let's go!"

In the end, the powerful elders of the Golden Armor Clan could only leave angrily.

But before leaving, an older man from the Golden Armor Clan gave Ye Feng a hard look, and seemed to threaten him and said: "Young man from the human race, don't be too proud. This time we brought a genius from the Golden Armor Clan. It's just a part, none of the real elites have come. When the True Inheritance Trial comes, all the elites of our Golden Armor Clan will be dispatched, and I think you will die in an ugly way."

After finishing speaking, a group of senior strong men from the Golden Armor Clan all left.

Ye Feng didn't care at all about this threat.

Because for Ye Feng, the Jinjia clan is no longer in his eyes.

Kill as many as you come!

At this time, an elder from the Yuhua Shenmen suddenly walked down from the high platform. He walked up to Ye Feng with a smile and said, "Young man, what's your name?"

Chapter 1956 Unknown Land

Ye Feng looked at the smiling old man in front of him and knew that he was a core elder with a noble status.

He immediately clasped his fists and said loudly: "My disciple's name is Ye Feng."

"Ye Feng?"

The core elder smiled, nodded, and said, "Then are you interested in becoming my teacher?"

The moment the core elder finished speaking, Ye Feng's eyes suddenly froze.

No wonder this core elder smiled so kindly. It turned out to be because he wanted to accept him as a disciple.

"Old man! Ye Feng's talent is so terrifying that he can beat up even the geniuses of the Golden Armor Clan. He is destined to leave our Ascension Gate and enter the wider Qingtian Holy Land in the future. What qualifications do you have to accept him as your disciple!"

At this time, several other elders in the audience came over and said with a hot temper.

When Ye Feng heard this, his eyes flashed slightly.

It seems that there is no need to say it myself, these elders have already said it for me.

And sure enough, the core elder immediately shook his head and sighed, "What you are saying is that I am indeed not qualified to accept Ye Feng as a disciple."

When Ye Feng heard what the core elder said, he immediately breathed a sigh of relief.

At this time, three people from the Divine Sword Club ran over not far away.

Zuo Wudao, the president of the Divine Sword Club, looked at Ye Feng at this time, his eyes full of gratitude, and said sincerely: "If it weren't for you Ye Feng this time, I'm afraid I would have been killed by that genius of the Golden Armor Clan. Killed."

Ye Feng smiled and said: "You're welcome, we are friends, and you helped me a lot before, allowing me to directly certify core disciples and participate in the true trial. By the way, when will the true trial start?"

Zuo Wudao immediately said: "The true trial will be held in three days. At that time, the core elders will take us to the trial place."

Ye Feng asked aloud: "You have been practicing in the Yuhua Shenmen, and you must have heard a lot of news. Where is the place where our true inheritance will be tested this time?"

Zuo Wudao shook his head and said aloud: "I really don't know this, but I heard that this time the true inheritance trial is in a very mysterious small world, and the genius of the Golden Armor Clan will be with us. Participating, so it is expected to be very dangerous, especially Ye Feng, you are now being targeted by the strong men of the Golden Armor Clan, so you should be even more careful."

Ye Feng nodded and said with a smile: "Don't worry about this. Even if I can't beat the top masters of the Golden Armor Clan, I can still run away. Moreover, my current cultivation level is not bad. I have already entered. Among the people of the same age in the vicinity who are in the fifth level of the Divine Emperor Realm, there are very few who can achieve similar cultivation levels to me."

Zuo Wudao, Fang Xiaoling and Gu Jiansheng, the three members of the Divine Sword Club couldn't help but sigh in their eyes when they heard what Ye Feng said.

You must know that not long ago, they met Ye Feng for the first time. Ye Feng's cultivation was still very weak, and he was a new disciple who had just entered the inner sect.

But now Ye Feng's level has improved so much in a short period of time, and it is even a level higher than the old core disciples like them.

This made several people feel amazed.

Especially the powerful combat power that Ye Feng showed on the competition stage just now shocked several people.

They have never seen such a monster genius before.

It's really the first time I've encountered it!

...

In the next few days, Ye Feng stayed quietly at his residence.

he will golden troll

The ancient visions continued to comprehend the Great Perfection.

And on this morning.

Accompanied by a loud roar.

Ye Feng walked out of Ji's residence all at once.

This roar represents the signal that the gathering of the True Inheritance Trial has begun.

When Ye Feng arrived at the core area, he found that thousands of core disciples had gathered here.

Among the crowd, Ye Feng quickly found three people from the Divine Sword Club.

Zuo Wudao, Fang Xiaoling and Gu Jiansheng all had a hint of excitement in their eyes at this time.

But they are the core disciples of the old brand.

It was a true inheritance trial held every five years, but it was their first time to participate.

In particular, they know very well that if they can stand out in the True Inheritance Trial, then they will have the qualification to be selected as the Holy Son of the Yuhua Shenmen.

You must know that the Yuhua Shenmen is the top overlord force standing in the wilderness of the human race.

If they can become the Holy Son of the Yuhua Shenmen, their status and identity will suddenly become extremely noble and noble.

Zuo Wudao said out loud at this time: "I heard that the saint sons of our Yuhua Shenmen will be sent to the legendary and huge Qingtian Holy Land to practice. They are truly behemoths."

When Ye Feng heard what the people around him said, his eyes moved slightly.

It seems that this group of veteran core disciples still have a relatively clear understanding of Qingtian Domain and Qingtian Holy Land.

"Boom!"

Suddenly at this moment, a huge war city suddenly appeared in the sky.

This huge city is suspended high in the sky

Above it, the entire body is made of black metal and looks very cold and ruthless, like a giant steel beast.

"It's the black iron city of the ancient elders!"

"This is the most powerful treasure in the Titled God Realm!"

"Yes, it is said that the ancient elder's black iron city not only has terrifying attack power, but also has a strong defense like a fortress. It can also accommodate tens of thousands of people. It can be said to be a must-have for home travel. "

...

At this time, many core disciples looked at the black iron city that suddenly appeared in the sky and couldn't help but talk.

Zuo Wudao suddenly said: "It seems that the leader of the team this time is Elder Gu. My elder is one of the top ten core elders in our core area. His combat power is extremely powerful. He is the final seventh in the Titled God Realm. For those who are powerful in the God-Emperor Realm, it seems that this time the sect attaches great importance to our True Inheritance Trial. I am afraid that it is also to prevent the powerful people from the Golden Armor Clan from not abiding by the treaty and killing us, which is why Elder Gu has such a powerful core. The elder came out to lead the team."

Just when everyone was talking secretly among themselves.

A young man wearing a purple robe appeared on the metallic black iron city high in the sky.

The moment this young man in purple robe appeared, a huge and boundless aura of a powerful God Emperor realm surged out of him. All the core disciples present who were talking about it couldn't help but hold their breath and stopped. Loud discussions.

The young man in purple robe said slowly: "Everyone enters the Black Iron City. This time, I will take you to the true trial place. This time, the true trial place is an unknown place that we have never explored before. , is a tomb that is a relic of an ancient civilization. It forms a small world of its own in the tomb. I hope you can gain something from it. Another point is that when you encounter the Golden Armor clan, kill them directly without mercy, and they will follow. We are the same."

Chapter 1957 The Talisman of the Strongest

The purple-robed elder said this and immediately ordered all the disciples to enter his black iron city.

Uh-huh!

Uh-huh!

Uh-huh!

One by one, the core disciples of the Yuhua Shenmen rushed into the sky and entered the black iron city of the purple-robed elder.

The Black Iron City is extremely huge, with an area as big as a small city.

Therefore, even if tens of thousands of core disciples enter, it will not seem crowded.

Ye Feng also entered with three members of the Divine Sword Club at this time.

They stood on the city wall, looking at the rapidly receding mountains and rivers below, and their hearts surged.

The place they were going to this time seemed to be the ruins of an ancient civilization.

Even the strong men of Yuhua Shenmen have never explored it before, it is an unknown place.

The unknown often represents great danger, but it also represents powerful opportunities.

Because no one has ever explored it, the chance fortunes and various rare treasures that may be hidden in it are impossible to be obtained by predecessors.

So at this time, many core disciples in Metro City had excited eyes.

Because it is very likely that they will get some kind of powerful creation from the ruins of the ancient civilization and soar into the sky.

After all, there have been many precedents before.

They became the Heavenly Dragon God Lord in the Divine Sect. The reason why they were so powerful and became a big figure at the level of God Lord was because the Heavenly Dragon God Lord entered the ancient Heavenly Dragon Cave before and received the inheritance of an ancient Heavenly Dragon Emperor. Therefore, he completely transformed from an ordinary disciple in one fell swoop. , for the sake of a peerless genius, he eventually became a god-level figure of the Yuhua Shenmen.

At this moment, Ye Feng and three members of the Divine Sword Club were discussing.

“Fang Xiaoling's beautiful eyes stared at Ye Feng, obviously very happy, and said loudly: "Ye Feng, I didn't expect you to become so much stronger this time when you went out. It seems that this time we will hug your lap. "

Ye Feng just shook his head and smiled, and said aloud: "There are still many powerful people, and there must be many powerful beings in the Golden Armor Clan. This time we enter the ruins of the ancient civilization where the True Inheritance Trial is, we still have to stay vigilant. You must be cautious, after all, in such a dangerous environment, the car may overturn if you are not careful. "

Fang Xiaoling nodded seriously, "Ye Feng, you are right. Anyway, I agree with everything you said. You are so awesome."

Seeing Fang Xiaoling's nymphomaniac eyes, the two companions Zuo Wudao and Gu Jiansheng beside them couldn't help but shook their heads.

The speed of the Black Iron City was very fast. In less than three days, it had completely left the wilderness and arrived in an endless deep mountain forest.

Finally, the Black Iron City landed on a huge mountain.

At this time, everyone walked out of the city one after another.

The purple-robed elder also said aloud: "We are here waiting for the arrival of the strong men of the Golden Armor clan, because this time the opening of the ancient civilization ruins requires the efforts of the strong men of our two races, otherwise the ancient civilization ruins cannot be opened. And this is also the reason why we did not explore in depth before. Our two races have reached a contract to let the most powerful disciples under our command go in to find opportunities for creation. However, I would like to remind you again that although our human race and the Jinjia race are superficially We have reached an agreement not to hurt each other and are in peaceful mode, but you should also know that if you really encounter a fight in private, you must take action, show no mercy, and kill Jin directly.

Clan A! "

"We remember the elders' teachings!"

Thousands of core disciples of the Yuhua Shenmen actually spoke out one after another.

And just when the purple-robed elder continued to tell the core disciples of Yuhua Shenmen some other things.

"Boom!"

Suddenly, in the distance, in the endless mountains, there was a sound like the roar of a volcano erupting.

It was a huge shock, like a big earthquake had occurred throughout the endless undead.

"That's the Golden Armor Clan coming."

At this time, the purple-robed elder who was leading the team looked towards the distance, his eyes cold and he spoke.

Rumble...

And at the next moment, in the slightly shocked eyes of many core disciples, in the endless mountains not far away, a golden snake with a chest of tens of thousands of meters came through the mountains and ridges, giving people a very... Shocking visual impact.

At this time, on top of the huge golden snake, there were densely packed golden armor clan geniuses.

"Elder Jin Snake, I didn't expect you to be late this time. It seems that in the previous competition, our Yuhua Shenmen made you, the Golden Armor Clan, afraid."

The moment the purple-robed elder saw the golden snake, he couldn't help laughing and said.

"Hmph, we just met some little monsters on the road and were delayed a little bit. How was it that you, the Feathered God Sect, were not severely beaten by us, the Golden Armor Clan?"

At this time, the big golden snake that crossed the mountains actually opened its mouth and made a sound.

Obviously, the strong man led by the Golden Armor clan this time is this majestic golden snake that is 10,000 meters tall.

The moment the purple-robed elder and the golden snake elder met,

It was a direct tit-for-tat confrontation, with a strong smell of gunpowder in his tone.

The geniuses on both sides looked at each other one after another, their eyes full of coldness.

Obviously, it can be said that the Yuhua Shenmen and the Golden Armor Clan despise each other.

The purple-robed elder didn't say much at this time. He just said: "Elder Jin Snake, let's not waste any time between us. Let's open the ancient civilization ruins and let the geniuses under our command go in and see who is the real one." The ultimate winner!"

This time the True Inheritance Trial was held in the ruins of an ancient civilization, an unknown place.

The final victory is calculated based on the strength and number of the indigenous creatures killed in the ruins of this ancient civilization.

The moment the golden snake elder came over, he immediately transformed into an old man wearing a golden robe.

Elder Jin Snake smiled coldly and said aloud: "We two old guys really have nothing to say, so we should hurry up and open the ruins of this ancient civilization. However, I believe that you people from the Ascended God Sect will definitely lose miserably this time."

At this time, the Golden Snake elder was speaking, with a cold smile in his eyes, as if he was confident. I don't know where his confidence came from, but he seemed to have an ulterior motive.

At this time, the purple-robed elder didn't talk nonsense and directly took out a spiritual talisman that was shining with red light from his arms.

Elder Jin Snake also took out a spiritual talisman that shone with golden light at this time.

These two spiritual talismans were forged by the strongest in their respective forces. They contained the power of the strongest and could directly launch the power of the strongest to attack.

However, they can only be used once each, but it is enough. The powerful attacks of the two major groups, combined at this time, can definitely open the entrance to the ancient civilization ruins!

Chapter 1958 Flame Bull Demon

Buzz!

Buzz!

At this moment, the spiritual talismans in the hands of the purple-robed elder and the golden snake elder were thrown out.

From the two spiritual talismans, a brilliant beam of light burst out.

These were the powers of the two most powerful men. They were almost equal at this moment, and they suddenly bombarded a mountain in front of them.

"Boom!"

And almost at this moment, the mountain was instantly shattered into pieces by this terrifying power beam.

At the moment when the mountain was shattered, a huge formation, emitting monstrous light, suddenly rose from the lowest point of the mountain and appeared in everyone's field of vision.

The power of the two spiritual talismans had not disappeared at this time and continued to attack the huge formation.

That huge formation should be the guardian formation of the ancient civilization ruins here.

If you can tear this formation apart, you can enter the ruins of ancient civilization.

"Rumble..."

The confrontation lasted all day and night.

That protective formation was finally shattered.

This made everyone feel horrified.

Because you must know that those two spiritual talismans contain the power of the Yuhua Shenmen and the strongest members of the Golden Armor Clan.

But even so, it still took a whole day of fighting against the protective formation before it was shattered.

This shows how terrifying the ancient civilization relics that the guardian formation was guarding were.

I don't know what happened. That ancient civilization disappeared, and in the end only a ruins were left for future generations to explore.

"The protective formation has been broken! Come in quickly!"

At this time, the Golden Snake elder of the Golden Armor Clan immediately spoke out.

The purple-robed elder also immediately said to the thousands of core disciples of the Feathered God Sect behind him: "The entrance has been opened, hurry in, for

In one month's time, the teleportation talisman you carry will teleport you out. You must be careful of the local creatures in the ruins of ancient civilizations. Of course, you also need to be on guard against the top geniuses from the Golden Armor Clan. "

Each and every core disciple clasped their fists, and then quickly rushed towards the gap in the protective formation at the bottom of the mountain.

Ye Feng and the three members of the Divine Sword Society also suddenly entered the protective formation at this time.

Buzz!

At this moment, all of them felt a severe dizziness. It seemed that this was a teleportation formation that would instantly teleport them to the ruins of ancient civilization.

...

It seemed like a long time passed, and it seemed like just a moment.

"Bang!"

Ye Feng only felt that he fell from a high altitude all of a sudden, and then hit the ground hard.

At this time, Ye Feng opened his eyes. The habit he had developed over the years made him stand up in an instant. Then he released his momentum and began to look around vigilantly.

This is a volcanic area, and there are erupting volcanoes everywhere. Not far away, there is flowing red lava, exuding the hot smell of fire, which makes people burn.

"This should be somewhere in the ruins of ancient civilization."

Ye Feng murmured, and then quickly walked around.

Prepare to take a look at what is hidden in the ruins of this ancient civilization.

"Boom!"

Suddenly at this moment, when Ye Feng passed by a volcano crater, a large flame burst out from the crater instantly.

And in this lava flame, a bull demon with red scales all over his body suddenly appeared.

This seems to be a very ancient race, the Flame Bull Demon clan.

The flaming bull demon that came out of the volcano was extremely huge, hundreds of meters tall. He also held a huge sword burning with flames in his hand, and he suddenly came towards Ye Feng, the outside world. The uninvited guest hacked away.

"It turns out to be a creature that is at the fifth level of the Titled Divine Realm, the tenth level of the Divine Emperor Realm, and has perfected it!"

Ye Feng stared at the flaming bull demon covered in red scales with a look of surprise in his eyes.

I didn't expect that I had just arrived at the ruins of this ancient civilization and met such a powerful native creature.

The flame bull demon, holding the huge flame sword in his hand, roared and stepped towards Ye Feng.

However, he did not take action, but revealed an extremely ferocious aura.

Buzz!

Emperor Chu flew out of the Chuling Ring and turned into a small red light man, floating next to Ye Feng's head.

He couldn't help but said aloud: "Why do I feel a familiar atmosphere? Are these ancient civilization relics something leftover from my great Chu Kingdom?"

When Ye Feng heard what Emperor Chu said, his eyes showed a trace of surprise, and he couldn't help but said: "Then we have to search carefully, maybe there really is the Chu where you were back then. The remnants of the Kingdom of God, after all, the ruins of this ancient civilization are estimated to have a history of tens of millions of years, and this is an unknown land, no one has ever come in to explore it, everything is unknown and new. "

"Boom!"

"Boom!"

And while Ye Feng was talking with Emperor Chu.

The surrounding volcanoes were all filled with extremely tall flaming bull demons.

All of them held weapons burning with flames, including flaming giant swords, flaming war hammers, and so on.

\u003c

br\u003e There were more than a dozen tall flaming bull demons, all with evil eyes, staring at Ye Feng opposite.

Ye Feng felt the ferocious aura floating in the air, looked at the group of flaming bull demons, and couldn't help but said: "The person who came here is not good."

However, Emperor Chu suddenly reached Ye Feng's ear and whispered: "You are the one here."

Ye Feng glanced at Emperor Chu, then looked at the dozen flaming bull demons, and said loudly: "I didn't come here intentionally, I will leave immediately."

The aura of cultivation exuded by these dozen flaming bull demons is very powerful.

The weakest one is at the tenth level of the Divine Emperor Realm, Great Perfection.

The most powerful one is beyond the realm of the God Emperor.

Ye Feng doesn't want to fight with these flaming bull demons for the time being. After all, he first needs to familiarize himself with the environment in the ancient civilization ruins. He doesn't want to rush into it and consume his own strength. When the time comes, he will be in some dangerous situations and unable to resist.

So at this time, Ye Feng was ready to retreat and leave.

"Roar!!"

But suddenly at this moment, these flame bull demons suddenly roared crazily.

They all held the flame weapons in their hands and rushed towards Ye Feng, bursting out with extremely powerful murderous intent.

"It seems that a battle is still inevitable."

Ye Feng looked at the dozen flaming bull demons rushing over at this time, sighed secretly, and then his eyes showed a murderous look, and said loudly: "I originally wanted to explore the surrounding environment first, but I didn't expect it." You actually want to kill me, so I have to solve all your troubles first."

"The Reincarnation Kung Fu of the Heavens!"

At this moment, Ye Feng released his most powerful killing move without hesitation.

Because he wants a quick victory!

God knows what other sinister things are awakening around here.

Chapter 1959 Ruined Ruins

The Reincarnation Kung Fu of the Heavens is a unique skill inherited from the Zhenzong level in the Yuhua Shenmen.

Ye Feng displayed it at this time, and his power was even more powerful than before.

You know, Ye Feng's current cultivation level is the fifth level of the Titled God Realm, the fifth level of the Divine Emperor Realm.

He is many times stronger than when he just left the Cangtian territory.

Even Lord Cangtian is no longer Ye Feng's cultivation opponent.

When Ye Feng used the reincarnation skill of the heavens at this time, the space around him was suddenly rioted with the vitality of heaven and earth, and a large and terrifying scene appeared.

In front of Ye Feng, the scene of the reincarnation of the heavens immediately appeared, like the gears of fate, starting to rotate, and everything, everything, heaven and earth, would be crushed by reincarnation.

At this time, a dozen flaming bull demons rushed over and were directly involved in Ye Feng's reincarnation skill.

"Roar!!"

They let out angry roars, but everything was of no avail, because the power of the reincarnation skill of the heavens was so terrifying. Once involved in the gears of fate of reincarnation, even the flaming bull demon who was a level higher than Ye Feng could, are unable to break free from the shackles of reincarnation.

"Die all of them!"

Ye Feng's eyes were extremely cold at this time, and he activated the power of the reincarnation skill to the maximum.

Boom!

The entire high altitude suddenly turned into a chaotic and destructive field.

A dozen powerful flame bull demons were strangled in the field of reincarnation, their eyes filled with deep horror and pain.

They obviously never expected that this human boy who suddenly appeared did not seem to have strong cultivation, but once he released his martial arts inheritance, he could release such terrifying combat power. It was really terrifying.

"Don't kill us!!"

A powerful flaming bull demon actually spoke human words from its mouth at this time.

They were so frightened that they were ready to beg for mercy.

But Ye Feng's face was expressionless at this time, and he just stretched out his hand and grabbed it in the distance.

"Boom!!"

The field of reincarnation erupted into a more powerful force.

This force directly crushed all the dozen or so restrained Flame Bull Demons.

Poof!

Poof!

All the flaming bull demons exploded and turned into blood mist.

Ye Feng took a big gulp and swallowed this majestic blood energy directly into his stomach.

"Boom!"

Ye Feng immediately felt that a majestic energy suddenly appeared in his body, which was supporting the rapid growth of his skill and cultivation.

At this moment, a huge momentum burst out from Ye Feng's body.

"boom!"

The sixth level of the Divine Emperor Realm!

"boom!"

The Seventh Heaven of the Divine Emperor Realm!

"boom!"

The eighth level of the Divine Emperor Realm!

At this moment, Ye Feng's cultivation suddenly broke through the third level of heaven and entered the eighth level of God Emperor Realm, the fifth level of Titled God Realm!

It has to be said that the energy contained in each of these flame bull demons living in the volcanic zone of this ancient ruins civilization is extremely majestic, which is a great supplement to Ye Feng.

At this time, Ye Feng became interested. He immediately released his soul power, forming a huge ocean-like frenzy that enveloped the entire surrounding volcanic area.

Ye Feng wanted to search at this time to see if there was a powerful flame bull demon.

If there are, killing them all and then devouring them all may allow you to improve your cultivation to a higher level.

However, after Ye Feng investigated for a while, he found that there were no other flame bull demons in the entire volcanic area.

Obviously, this kind of powerful bull demon is very rare. It is not a certain ethnic group. It may be a creature naturally bred in this volcanic world.

"No wonder the energy in the body is so pure, it seems that it is indeed an innate creature bred by heaven and earth.

"

Ye Feng couldn't help but speak out at this time.

At this time, Ye Feng did not stay for too long. After collecting the fragments of the flame bull demons that he had killed on the ground as a performance assessment for the next True Inheritance Trial, Ye Feng left the volcanic area directly.

On the way, Ye Feng looked at the small red light man floating next to his head and asked aloud: "By the way, Emperor Chu, I heard you say before that you sensed the Great Chu Divine Kingdom where you were in this ancient civilization ruins. Can you accurately judge the smell of the relics now? We can first look for the remnants of the Great Chu Kingdom. As the emperor of the Great Chu Divine Kingdom, you should also be very interested."

Emperor Chu nodded, with a trace of curiosity in his tone, and couldn't help but say: "I am indeed very curious. Back then, we encountered a massive attack by the dark race, and our Kingdom of Chu was destroyed in an instant, but I didn't expect that in Tens of millions of years later, I can still sense the aura of something from the Kingdom of Dachu in the ruins of some ancient civilization. And anything that can make me feel the aura must be very precious, because I was a member of Dachu back then. The emperor of the Kingdom of God is disdainful of many things, and the ones that I can remember are definitely the few among the few. "

When Ye Feng heard what Emperor Chu said, he did not suspect that the other party was bragging. After all, Emperor Chu was the emperor of the Kingdom of Chu. The familiar things he could sense must be very precious, but he didn't know that they were hidden in the ruins of this ancient civilization. Where.

Emperor Chu continued to speak at this time: "Although it is impossible to determine the exact position and direction, I can sense the approximate direction now. Ye Feng, you set off towards the southwest, and I will sense it carefully."

Ye Feng nodded and said, "Okay, I'll keep on sensing while I'm on my way."

Ye Feng is still very interested in the precious things of the Kingdom of Chu.

After all, the Kingdom of Chu was the kingdom of the human race thousands of years ago, and its strength was undeniable. However, it was only encountered a massive attack by the dark race, so it was finally destroyed.

At that time, the human race did not have so many powerful beings, so they could not deter the major races, let alone the darkness.

The race is such a terrifying creature.

Therefore, many powerful sects or kingdoms of the human race at that time were likely to be annexed by other powerful races at any time. However, over thousands of years, the human race finally gave birth to the most powerful people generation after generation, and from the human race's After leaving the ancestral land, many humans even held high positions in the forces of many powerful races, so they maintained the basic survival place of the human race, that is, the seven major domains of the human race, and no longer suffered from the crisis of extinction.

Ye Feng's speed was very fast, and he left the volcanic area in a blink of an eye and came to a solid ground area.

There are very few vegetation or mountains growing on this ground area. Most of them are dilapidated ruins, and there is almost no end in sight at a glance.

At this moment, Ye Feng immediately understood that he might have arrived at the center of this ancient civilization ruins.

Because there are collapsed ancient buildings everywhere, many of them are decayed, overgrown with weeds, and look desolate and desolate.

However, some tall and majestic buildings and some ancient stone statues give people a sense of vicissitudes of life and make people marvel at their generosity.

"I don't know what happened to this powerful force back then. It was all destroyed at once, leaving only so many ancient ruins. It's really amazing."

At this moment, Ye Feng saw countless traces of dilapidation and couldn't help but shake his head and sigh.

But at this moment, Ye Feng suddenly saw Emperor Chu floating next to him. This little red light man suddenly froze high in the sky and became motionless.

Ye Feng couldn't help but asked in surprise: "Emperor Chu, what's wrong with you? Why are you suddenly stunned?"

Emperor Chu was staring blankly at the ancient ruins with no end in sight, and suddenly spoke with great difficulty: "Ye Feng, why do I feel that this land of ruined ruins with no end in sight? It's so

similar to the Great Chu Divine Kingdom that I established back then... Damn! Could this ancient civilization ruins be the ruins of the Great Chu Divine Kingdom that I established back then?"

Ye Feng: "..."

Chapter 1960 Senior Brother of the Golden Armor Clan

Ye Feng never thought that Emperor Chu would say such words.

The ruins of the ancient civilization they entered, this ancient civilization, turned out to be the Great Chu Divine Kingdom established by Emperor Chu back then?

"Tens of millions of years have passed, and I can't remember many things clearly, but I remember the landscape of this land, the countless dilapidated buildings that are familiar to me, and the Kingdom of Chu that I established back then. Exactly the same..."

Emperor Chu spoke up at this time.

The tone seemed a little lonely, very desolate, with a sense of sadness that lasted for thousands of years.

Ye Feng stretched out his hand, touched the little head of the red light man next to him, and said aloud: "Since everything has passed and you are not dead yet, there is still hope to re-establish a new Great Chu Divine Kingdom. , as for the dark race that destroyed your Kingdom of Great Chu, one day, when I reach the pinnacle of martial arts and become the legendary supreme master, I will launch endless conquests to destroy all those extremely vicious dark races. Fall! Let there never be any darkness and chaos in the entire God Realm!"

Ye Feng's words at this time were filled with deep determination.

Because since practicing, Ye Feng has never found any race as cruel as the dark race.

Therefore, Ye Feng has always had a goal in his heart, which is to clean up all the dark races and completely obliterate them.

At this time, Ye Feng's words seemed to restore Emperor Chu's confidence.

Emperor Chu nodded and said loudly: "Okay, I believe you!"

Ye Feng nodded and said: "We should make use of your memory now to find the precious treasures left by the Kingdom of Chu to strengthen our strength. Only in this way can we realize the dreams in our hearts, otherwise everything will be Bullshit."

Emperor Chu immediately said: "Of course I know this. Before the destruction, I secretly hid a small private treasury. But I don't quite remember where it is. I need to look for a few places to see.

Where exactly is it, Ye Feng, I will show you the direction now, you hurry up and find it, I hope no one has discovered my little private treasury for tens of millions of years. "

Ye Feng said aloud: "This ancient civilization relic is an unknown land. No one has ever come in. As long as your private treasury was not discovered by the dark race, it should still be there now."

Emperor Chu shook his head and said: "You have to know that this time, it is not just Ye Feng who entered the ruins of the ancient civilization, there are also many other disciples of yours, as well as the peerless talents of the Jinjia Clan. If they are lucky and meet each other suddenly, it is not impossible. "

When Ye Feng heard what Emperor Chu said, he immediately became anxious. He nodded immediately and said loudly: "Okay, let's set off as soon as possible. Don't let others get there first. That would be a big loss. After all, this is It's a treasure that belongs to you, Emperor Chu."

Emperor Chu closed his eyes at this time, sensed it carefully, then looked sharply in a certain direction and said loudly: "This is the direction, let's move forward quickly."

Uh-huh!

Ye Feng didn't even have time to talk, so he seized every moment to go to that place.

When Ye Feng was halfway there, he suddenly heard a noise coming from an ancient building around him.

"ah!"

"ah!"

There were also bursts of screams coming from this ancient building.

Ye Feng immediately looked curious and walked over.

But the moment he entered this ancient building, he immediately saw a cruel scene.

Only

After seeing several geniuses from the Jinjia Clan, Ling Chi executed all the disciples of the Yuhua Shenmen.

It's simply shocking!

It has to be said that these geniuses of the Golden Armor Clan are very cruel and will kill them at will, but they must be tortured so cruelly.

"Hey, here comes another boy from Yuhuashenmen. It seems that our fun can continue."

A peerless genius from the Golden Armor clan immediately spoke out.

"It's him! It was this kid who broke one of my arms in the fight!"

Suddenly at this moment, among the geniuses of the Golden Armor Clan, a genius with a broken arm suddenly spoke up, with deep hatred in his tone.

Ye Feng looked at the genius with a broken arm and found that this golden armor clan was the same golden armor clan that he had just returned to the Yuhua Divine Gate and broke an arm.

Unexpectedly, he also participated in this true inheritance trial.

"Oh? This human boy is the core disciple of the Yuhua Shenmen who excelled in the competition as you mentioned before?"

There were six geniuses from the Golden Armor Clan. The leader of the Golden Armor Clan, who was extremely tall, sneered.

The broken-arm genius immediately said: "Elder brother, it is this human boy who broke one of my arms, which made many elders of our Jin family feel unhappy. The elders said that if anyone can truly pass the test again, if you cut off this kid's head, you can get rich rewards after the true trial is over. Senior brother, please take action!"

The aura of this senior brother of the Jinjia Clan is clearly that of the sixth level of the Titled God Realm, the tenth level of the Divine Realm, and the Great Perfection of Heaven!

As expected of the senior brother of the Golden Armor Clan, this kind of cultivation is really too powerful!

There is only one step away from entering the final seventh level of the Titled God Realm, the God Emperor Realm!

At this moment, the genius with a broken arm immediately stared at Ye Feng, who had just walked into the ancient building, with a cold smile in his eyes, and said with a cruel smile: "Ye Feng, Ye Feng, there is a way to heaven, don't you?" Come on, there is no door in hell. You came here to throw yourself. You actually took the initiative to come to this place where we are, and happened to meet our senior brother from the Golden Armor Clan. Then your end will be very miserable. I am looking forward to seeing you later. You look like you're desperately begging for mercy. So, if you kneel down and beg me to spare your life, then I will reluctantly plead with Senior Brother to spare your life. How about that?"

"Boom!"

But the moment the arm-broken genius finished speaking, Ye Feng had already flashed in front of him, and punched out instantly, directly blasting the entire body of the proud golden-armored genius into pieces.

"You should have died a long time ago."

Ye Feng just left this sentence coldly.

"What?"

"You dare to take action in front of me?"

"Presumptuous! Too presumptuous!"

Ye Feng's sudden attack made the extremely powerful senior brother of the Jinjia Clan immediately become extremely furious.

boom! !

A terrifying and boundless cultivation aura of the sixth level of the tenth level of the divine realm burst out from the body of this senior brother of the Jinjia clan in an instant, like a vast ocean, hiding a monstrous murderous intention. Suddenly it swept towards Ye Feng.

The eldest brother of the Jinjia Clan stared at Ye Feng with extremely gloomy eyes and said loudly: "I don't care whether you are a peerless genius or a core disciple of the Yuhua Shenmen, but today you dare to be so bold and kill us in front of me. Disciple of the Golden Armor Clan, then I will punish you well. Not only will you die in the end, but before you die, I will torture you well. You know what it means to live worse than death, so that I can atone for the sin you just committed! "
