

Ancient 1961

Chapter 1961 Powerful Ancient Vision

The cultivation strength of this senior brother of the Jinjia clan is still very terrifying. He is at the sixth level of the divine realm and the tenth level of heavenly perfection.

This is simply comparable to the city lord of the Golden Armor City at that time, and even a little more powerful than that city lord.

Because you must know that this senior brother of the Jinjia Clan is not only powerful in cultivation, but also the supreme genius of the Jinjia Clan. His combat power cannot be calculated based on ordinary cultivation levels. His combat power may surpass the sixth level gods. Respect the realm.

"Now that we've met you, there's no reason why I shouldn't kill you!"

Ye Feng also spoke up at this time, his tone extremely confident.

Although this senior brother of the Golden Armor clan is very powerful, Ye Feng's current cultivation level is many times stronger than before.

He already has confidence that he can face the strong men at the sixth level of God Realm alone.

"Human boy! Your cultivation is so much worse than mine! You will definitely die in my hands today!"

The eldest brother of the Jinjia Clan laughed, his tone full of disdain.

"Boom!"

His whole body turned into a stream of extremely fast light and struck directly, and his hands were two golden claws. At this time, under this terrifying impact, he could definitely cut anything in the world in half.

This kind of attack is extremely terrifying, using one's own body as an attack weapon, giving full play to the powerful body of the Golden Armor Clan.

Obviously, the purpose of this senior brother of the Golden Armor Clan was very simple, that is, to kill Ye Feng at close range. He wanted to watch the bloody scene where Ye Feng was crushed by him in an instant, which excited him.

"Confrontation with physical strength? What is there to be afraid of!"

Ye Feng also shouted loudly at this time, clenched his fists with both hands, and struck forward fiercely.

A terrifying chaotic force instantly erupted in Ye Feng's fists, creating a terrifying energy frenzy.

Boom! !

The golden claws and chaotic fists collided together, and an earth-shattering roar broke out. It was like a thunder roaring out of thin air. The entire ancient ruins trembled. Countless buildings around them collapsed and the earth cracked. The energy aftermath produced by this collision was truly terrifying and destructive. It was as if the end of the world was coming and the earth was falling apart.

"Uh-huh!"

"Uh-huh!"

At this moment, both sides retreated one after another, and no one took advantage.

The eldest brother of the Jinjia clan showed a look of surprise in his eyes, and couldn't help but say: "Human race, what kind of physique do you have? You can actually block the red gold claws inherited from my ancient ancestors!"

When Ye Feng heard this, he just smiled coldly and said: "I am just an ordinary human. If you are surprised, it is because you are too weak."

"Shut up!"

The eldest brother of the Jinjia clan was furious in an instant. A golden giant sword suddenly appeared in his hand, burning with golden flames. It looked very ferocious and contained terrifying weapon power.

"God-killing sword! Kill!"

The eldest brother of the Jinjia Clan held the golden giant sword, instantly rose into the sky, and then slashed fiercely at Ye Feng in front of him.

This golden giant sword is definitely the most precious treasure among the Jinjia clan. The aura emanating from the golden giant sword is as if it can destroy the heaven and the earth.

The moment the eldest brother of the Jinjia Clan came out to kill, the golden giant sword suddenly expanded in the sky, directly enlarging into a sword with a length of tens of thousands of meters, full of infinite power and sharpness. In an instant, it was chopped down, like a natural chasm bombarding it.

It is definitely capable of splitting mountains, splitting the ground, and tearing apart the sky, not to mention the tiny figure of Ye Feng.

"The Reincarnation Kung Fu of the Heavens!"

Ye Feng roared loudly at this time, and his hands were in the shape of holding the sky. In an instant, a huge vortex of six reincarnations appeared above his hands, full of the power of reincarnation.

A huge samsara gear appeared, directly blocking the golden giant sword and stirring it into the samsara. The power of the golden giant sword disintegrated inch by inch.

"The Heavenly Reincarnation Technique of the Yuhua Shenmen? I didn't expect that a small core disciple like you would actually learn it. It seems that your status in the Yuhua Shenmen is very extraordinary. So I will kill you even more, otherwise you will be in trouble in the future. It will become a big disaster for our Jinjia clan, and even change the pattern of the entire wilderness!"

The eldest brother of the Jinjia Clan has fought against Ye Feng so many times. At this moment, he also realized that the other party was definitely not as simple as he thought. A very powerful human race prodigy, a level lower than himself, was still able to compete. After such a long time, it can be said to be extremely terrifying. This potential is simply astonishing. If it grows up, the future is limitless, and maybe a powerful figure of the Human Emperor level can once again appear in the wilderness.

So thinking of this, the elder brother of the Jinjia Clan felt even more anxious.

"Boy! You must die!"

At this moment, the entire body of the eldest brother of the Jinjia Clan suddenly burst into bright golden light, and his entire body suddenly turned into a huge beast at this moment, like a unicorn covered with golden scales.

This is his golden armor clan body!

It's a beast state!

Once the Golden Armor clan manifests their original state, whether it is the vastness of their skills, the strength of their bodies, or their attack power and ferocity, they will be greatly improved.

"Boom!"

The eldest brother of the Jinjia Clan transformed into his true form, and the unicorn covered with golden scales came thundering from high in the sky, like countless armies crushing the void. The power was so majestic and terrifying that it could crush everything.

"Boom!!"

The thick hoofs trampled down hard, sending Ye Feng flying several hundred meters away.

It has to be said that when the eldest brother of the Golden Armor Clan turns into his true form, his true combat power is at its strongest.

"You human boy, you will eventually die in my hands!"

The eldest brother of the Jinjia Clan burst into hearty laughter.

But Ye Feng's eyes showed an inexplicable smile at this time, and he said loudly: "You have shown your biggest trump card, then it is my turn."

The eldest brother of the Jinjia clan immediately stared blankly and said loudly: "Boy, what other trump cards do you have? Isn't the reincarnation skill of the heavens your biggest trump card?"

Ye Feng laughed loudly: "If the reincarnation skill of the heavens is my biggest trump card, then I don't know how many times I have died."

At this moment, Ye Feng, without any hesitation, instantly displayed the ancient vision of the Golden Troll that he had cultivated with great care!

The ancient vision of the golden troll!

This was stolen by Lu Qianqian, a disciple of Qingtian Holy Land, from the ancient dark race of the Golden Demon Clan.

It is a very powerful ancient vision cultivation method!

It can turn an ordinary genius into a peerless genius!

This shows how precious and powerful this ancient vision cultivation method is.

Before Lu Qianqian left, he gave this ancient vision cultivation method to Ye Feng to repay his life-saving grace.

In this short period of time, Ye Feng spent a huge amount of money and contribution points to successfully cultivate the ancient vision of the golden troll, in order to be able to make a splash in the True Inheritance Trial.

At this moment, Ye Feng met this difficult senior brother of the Golden Armor clan. Without any hesitation, he directly released the ancient vision of the golden troll.

Buzz!

Almost at this moment, a majestic and terrifying vision appeared around Ye Feng in an instant.

An unparalleled golden giant, which was tens of thousands or even hundreds of thousands of feet tall, appeared behind Ye Feng and stood up from the void, covering the sky and the sun, with the blue sky above its head and the nine ghosts under its feet. , full of boundless shock.

The power is so great. The ancient golden troll seems to be a real existence. It stands proudly under the sky, penetrates the clouds into the sky, and towers high in the sky. The whole body is like an ancient sacred mountain, full of endless majesty. and the vicissitudes of life, giving people an extremely shocking visual impact and a sense of reality.

"What? This is the legendary golden troll! It can fight the ancient true dragon, and it is like an ancient god and demon! Is this an ancient vision? Human boy, how can you awaken this ancient vision as a human? ??"

At this moment, the eldest brother of the Jinjia Clan suddenly showed a horrified expression on his face.

He never thought that the other human race could actually cultivate and awaken such a terrifying ancient vision of the golden demon race!

"This is unscientific!"

The eldest brother of the Golden Armor Clan couldn't help but roared angrily.

"Die!"

But Ye Feng's eyes were extremely cold at this time, and he directly controlled the ancient vision to bombard the senior brother of the Golden Armor Clan.

"Boom!"

The golden troll stretched out a big black hand that covered the sky and the sun, like the boundless earth covering the entire sky. It suddenly covered the senior brother of the Golden Armor Clan below and slammed him into the ground.

"ah!!"

The eldest brother of the Golden Armor Clan let out a howl of incomparable pain in an instant. No matter how strong his body was, at this moment he was suppressed by the terrifying ancient vision and turned into a puddle of meat!

The eldest brother of the Jinjia Clan is dead!

"It is indeed the top ancient vision of the Golden Demon Clan! It is really too powerful!"

Even Ye Feng himself couldn't help but sigh at this time.

However, the energy consumed by this ancient vision is also extremely huge.

Although the blow just now was very terrifying, it consumed nearly all of Ye Feng's energy in an instant.

However, the effect was obvious and very powerful, directly turning the senior brother of the Jinjia Clan into a puddle of meat.

Uh-huh!

At this moment, Ye Feng landed from high altitude in an instant, and extracted the storage ring of the senior brother of the Jinjia Clan from the mass of meat sauce.

Then he began to release the Devouring Domain and began to devour the surrounding Golden Armor clan.

"Rumble..."

The other ordinary Jinjia clan did not provide much energy, but the senior brother of the Jinjia clan made Ye Feng feel that his power was growing rapidly.

After all, this senior brother of the Golden Armor Clan

But it is a powerful existence at the sixth level of the divine realm, the tenth level of heavenly perfection.

Among the Golden Armor clan who participated in the True Inheritance Trial this time, they are definitely the top group.

Therefore, his skills are very powerful, and his blood energy is also extremely majestic.

"boom!"

"boom!"

After finishing the devouring, Ye Feng's cultivation level immediately broke through two heavens in a row, directly stepping into the fifth level of the Titled God Realm, the tenth level of the Divine Emperor Realm, and the Great Perfection Realm!

It's just one step away from entering the sixth level of the Divine Realm!

However, Ye Feng knew very well that his body was like a bottomless pit, especially when he crossed a big barrier from the tenth level of the Divine Emperor Realm to the Divine Exalted Realm.

The energy required to cross a large level like this is absolutely terrifying, and is many times greater than breaking through the first level of a realm.

So at this time, Ye Feng immediately looked at the little red light man floating beside him and said loudly: "Whether I can undergo the final transformation depends on you, Emperor Chu. I hope you

can recall the long-lasting memories and find Where is the secret treasury of the Great Chu Kingdom?"

Emperor Chu immediately nodded and said: "I have determined several directions. Ye Feng, hurry up and look for it. It should be somewhere in these directions."

Ye Feng nodded, then jumped up and flew towards the depths of this ancient ruins.

In order to avoid long nights and many dreams, Ye Feng is now too lazy to explore some ancient buildings passing by that may contain treasures.

After all, the treasures that may be hidden in these passing ancient buildings are mediocre compared to the small treasury that Emperor Chu kept privately.

In order to break through the last huge bottleneck, Ye Feng must quickly find the small secret treasury.

Because according to what Emperor Chu said, he had a lot of Chaos Holy Crystals in his private treasury back then.

Chaos Holy Crystal, this rare material, will not only greatly improve Ye Feng's skills, but also increase the strength of Ye Feng's body and become stronger.

Because Ye Feng himself is a Chaos Body, the Chaos Holy Qi contained in the Chaos Holy Crystal has huge benefits for the improvement of his Chaos Body, and is equivalent to an extremely precious nourishment.

Emperor Chu was also looking forward to it at this time, and couldn't help but say aloud: "If you can find the small treasury I secretly kept, if I remember correctly, there is also the jade seal of my great Chu Kingdom in it, which is extremely precious. It is made of the Heavenly Emperor Jade. When the time comes, I can directly replace my current blood divine bead with the Divine Kingdom Jade Seal. The Divine Kingdom Jade Seal is much more advanced than the Blood Divine Bead. That is the Heavenly Emperor Jade. That My strength will also increase tremendously, which is equivalent to replacing a shotgun with a cannon!"

At this moment, both of them have great expectations for that small treasury.

Ye Feng ran quickly and searched quickly.

Finally on this night.

Ye Feng came to the third location that Emperor Chu had guessed and cleared a large area of ruins on the ground.

"when!"

His hands struck under the ruins, and suddenly there was a crisp bronze sound like a metal collision.

"found it!"

When Emperor Chu heard the crisp sound like the collision of bronze, he immediately shouted excitedly: "The small treasury is here! I used millions of copper mountains in the north to cast the small treasury! Underneath is a bronze There is a small treasury in the deepest part of the Immortal Palace. Ye Feng, hurry in and let's go find the small treasury!"

Chapter 1962 Nine Turns Golden Body Pill

With the help of Emperor Chu, Ye Feng quickly found the entrance to the Bronze Immortal Palace underground.

After he entered it, he found that there was a breath of living things floating inside.

Emperor Chu's eyes changed slightly, and he couldn't help but said: "Did someone get there first?"

What I worried about still happened.

Ye Feng immediately galloped towards the depths of the Bronze Immortal Palace.

At this time, there was an urgency in his heart.

It would be a huge loss if someone really got there first.

After all, this Bronze Immortal Palace originally belonged to Emperor Chu, and it belonged to him.

Ye Feng would feel very uncomfortable if others were allowed to get there first.

But when he walked into the depths of the Bronze Immortal Palace, he immediately breathed a sigh of relief.

He saw a group of people standing in front of the deepest wall of the Bronze Immortal Palace.

There are two passages on the left and right sides of this bronze wall. Two words are written with extremely thick blood, namely "life" and "death".

This means that one passage is the door of life and the other is the door of death.

This group of strong men who first entered the Bronze Immortal Palace seemed not to be the disciples of the Ascension God Sect or the disciples of the Golden Armor Clan outside, but the native creatures born in this ancient ruins civilization.

Their cultivation levels are all very powerful, and each of them is actually a fifth or sixth level existence.

However, they were stunned at this time, not knowing what to do.

Because this group of people knew very well that the person who forged this Bronze Immortal Palace must be an ancient powerful person.

Although the door of life and the door of death are written on it, they are all written in thick blood, which looks very strange. The door of life does not mean that it is the passage that should be entered. Maybe the door of death is the correct way, after all. Ancient people liked to joke.

So this group of strong men froze on the spot, not knowing what to do.

No one was sure which passage to take.

Ye Feng walked over from behind and saw the gates of life and death written on the bronze wall. They were all written with thick blood and seemed to exude a strange aura.

"It tastes like that."

Ye Feng couldn't help but look at the little red light man sitting on his shoulder, and couldn't help but whisper: "Emperor Chu, I didn't expect you to do something like this. The door of life and the door of death are written on the red blood. This scene And the operation is so interesting."

Emperor Chu scratched his head in embarrassment and said: "This is not to prevent tomb robbers. In fact, these two passages are fake. The real passage is not in this main hall, but in the third one beside this main hall." In the small palace."

Ye Feng nodded and left the central hall directly, heading towards a group of small palace areas nearby.

At this time, a group of powerful beings standing in front of the Gate of Life and the Gate of Death, still thinking about which passage to take, naturally noticed Ye Feng who came in from behind.

They sensed that Ye Feng's cultivation aura was also very powerful, so they did not provoke Ye Feng rashly.

At this time, he saw Ye Feng walking towards the group of unimportant small palaces around him. Someone among this group of strong men couldn't help laughing and said: "It seems that this kid is scared and knows that he can't compete with strong men like us." There was competition among the people, so I went to those small palaces to find some leftovers."

A group of strong men nodded and agreed with this statement.

An old man at the head said: "We don't need to worry about other people for the time being, as long as they don't pose a threat to us, we should hurry up and study where to go now.

A channel. "

...

And just when this group of local creatures were concentrating on studying the door to life or the door to death.

Ye Feng, alone, had arrived at the third small palace under the guidance of Emperor Chu.

This small hall was completely empty, and it had obviously been ransacked by the group of people.

But Ye Feng didn't care at all and walked directly to an inconspicuous wall of this small palace.

Following Emperor Chu's instructions, Ye Feng patted the third brick on the upper left side of the wall.

"Crack, click, click..."

Almost at this moment, the entire wall cracked, and then slowly moved towards the surroundings, and a small dark hole appeared.

This is the real gateway to the small treasury!

Ye Feng couldn't help but sigh: "Those people probably never imagined that the real passage would be here."

Emperor Chu was quite proud and said aloud: "I left this passage completely according to the mechanisms in the mortal world. Most people can't find it at all, because those who can come here are basically practitioners. These powerful The habitual thinking of cultivators is to use their spiritual thoughts to explore and see where there are spiritual energy fluctuations or formation fluctuations. They never imagined that the most primitive mechanism would be used to hide the real passage. "

Ye Feng nodded and said aloud: "Without your guidance, maybe I wouldn't be able to find it, because when I step into the path of cultivation, I will subconsciously use the inertial thinking in the cultivation world to explore some passages, instead of Thinking about some hidden skills in the mortal world, such as this kind of mechanism technique that does not rely on formations at all, few practitioners can break their inertial thinking to think of this. "

As the two of them talked, Ye Feng walked directly into the real passage.

all the way

It was smooth sailing and we soon arrived at the final location.

It is a very deep underground space.

Ye Feng immediately saw a bunch of treasures placed there in an orderly manner, looking very dazzling.

Although there are not as many things as expected, almost all of them are extremely precious things.

After all, this was a treasure that was privately kept by Emperor Chu, the emperor of the great Kingdom of Chu. This shows how precious it is!

"Finally I saw the jade seal of the Kingdom of God that I used to have!"

Emperor Chu was the first to rush out, extracting a huge jade seal, and then began to integrate his soul into it, preparing to replace it with a new one.

At this time, Ye Feng also focused his attention on this pile of treasures.

The first thing he stared at was not the Chaos Holy Crystal, but a round golden elixir the size of a fist.

On the surface of this golden elixir, the golden medicinal energy condensed into small holy monks meditating, nine in total, lifelike and looking very magical.

While fusing the jade seal of the Kingdom of Chu, Emperor Chu explained: "This is a very precious Nine-turn Golden Body Pill. It was from a Tao realm far away in the Western Desert when I was the emperor of the Kingdom of Chu. The holy monk came to visit our Kingdom of Great Chu, and the tributes he brought are very precious, and they should be of great help to you now, Ye Feng."

Ye Feng couldn't help but nodded, staring at the fist-sized Nine-Turn Golden Body Pill, with a hint of excitement in his tone, and said: "I can feel it from this golden pill. The energy is as vast as the vast sea, and it is an extremely pure Buddhist power. It is so pure that I estimate it can be compared to the relics of a Dzogchen monk in the tenth level of the God Emperor Realm."

After saying that, Ye Feng immediately swallowed the Nine-turn Golden Body Pill and started refining it on the spot!

Chapter 1963 Distress Signal

The moment Ye Feng swallowed the Nine-turn Golden Body Pill, he immediately felt a terrifying and boundless energy burst out in his body.

"Boom!"

At this moment, that kind of energy frenzy even passed through Ye Feng's body, making Ye Feng's skin exude golden immortal light, looking extremely magical.

Even when Ye Feng was refining the elixir, phantoms of ancient Buddhas appeared in the void behind him. They seemed to be full of sacred light, giving people a very vast feeling.

At this moment, Ye Feng felt that with the help of the Nine-turn Golden Body Pill, his skills were rapidly breaking through and growing.

Finally just half an hour later.

"Boom!!" .??.

A majestic and boundless momentum, like a vast ocean, suddenly burst out from Ye Feng's body and spread in all directions. The surrounding ground could not withstand the terrifying pressure, and everything was clicking. Shattered.

The momentum of this breakthrough is really terrifying. It can be described as majestic, as if a new and powerful life form was born, completely transformed.

At this moment, Ye Feng's cultivation, finally under the impact of this ancient pill, successfully broke the bottleneck of the fifth level of the Titled God Realm, the tenth level of the Divine Emperor Realm, and directly stepped into the sixth level. Level of God Realm!

"First level of the Divine Realm!"

“Finally, this big bottleneck has been completely broken through!”

Ye Feng's face was filled with joy at this time.

If you practice on your own, I don't know when it will take you to break through this big bottleneck.

Even if it is devoured by many strong men, it may require the energy of an extremely advanced warrior to break through.

But now, with just one pill in this small treasury, Ye Feng suddenly broke through this big bottleneck.

have to say,

Every one of these things that Emperor Chu collected back then was really a good treasure.

At this moment, Ye Feng looked not far away. At this time, Emperor Chu had merged his soul with the jade seal of the Kingdom of God, completely abandoning the low-level body of the Blood Soul Pearl.

Ye Feng didn't look at Emperor Chu anymore, he immediately looked at other things.

"Chaos Holy Crystal!"

Ye Feng walked to a pile of crystals, all of which were Chaos Saint Crystals.

The chaotic holy energy contained in it has a huge tempering effect on Ye Feng's chaotic body.

At this moment, Ye Feng squatted down, held down the pile of chaos crystals with his hands, and began to absorb the chaos energy in them.

"Buzz buzz..."

The next moment, streams of very high-level chaotic energy surged into Ye Feng's body, constantly tempering every inch of his flesh and bones.

At this moment, with the integration of chaotic energy, Ye Feng's chaotic body and body strength are rapidly growing.

Ye Feng's chaotic body is currently at the first level of the initial stage of the fourth heaven.

At this moment, with the absorption of chaotic energy, his physique is growing rapidly.

"The second level of the early stage of the fourth heaven!"

"The third level of the early stage of the fourth heaven!"

"The fourth level of the early stage of the fourth heaven!"

"The fifth level of the early stage of the fourth heaven!"

...

The strength of Ye Feng's chaotic body finally underwent a huge transformation once again.

At this moment, with Ye Feng's body

As the strength of his body continued to increase, the pile of Chaos Holy Crystals he touched began to collapse, losing its original power and turning into a pile of rubble.

In the end, Ye Feng swallowed all the chaos energy contained in the chaos crystals.

The strength of his Chaos Body finally transformed to the tenth level of the initial stage of the fourth heaven of the Chaos Body!

This is a huge breakthrough!

Ye Feng could feel that his body at this moment was extremely strong, like it was made of divine iron, and it was many times stronger than before.

"Although I didn't make it to the middle stage, my body strength increased several times from the first level to the tenth level!"

Ye Feng murmured.

He continued to look around and found that it was empty.

This made Ye Feng a little surprised and asked: "Emperor Chu, is there nothing else?"

Emperor Chu smiled awkwardly and said: "There were a lot of good things in this small treasury back then, but I was a bit arrogant and extravagant back then, so many times the real treasury was in deficit, and wealth had to be transferred from my small private treasury. Over time, There is nothing, but Ye Feng, you have received huge help this time, at least you did not go to this small treasury in vain. "

When Ye Feng heard what Emperor Chu said, he could only shake his head helplessly and said: "In any case, it is not a waste of time. Not only has my cultivation level broken through a major bottleneck, but my physical strength has also improved a lot. It is considered a breakthrough." A huge opportunity has arisen."

Having said this, Ye Feng walked out of the passage, "Since there is nothing here, let's go out directly."

Emperor Chu immediately followed him like crazy.

In fact, the one who gained the most this time was Emperor Chu.

Because he directly integrated the jade seal passed down from the Kingdom of Chu!

\u003c

br\u003e This kind of jade seal from the Kingdom of God thousands of years ago is made of imperial jade, and its quality can be said to be comparable to that of a divine weapon.

So now that Emperor Chu is fused with the Yuxi, his strength has increased many times.

Ye Feng asked: "Emperor Chu, now that you have integrated the jade seal of the Kingdom of God, your strength must have greatly increased. What level of cultivation are you at now?"

Emperor Chu smiled proudly and said: "With the jade seal of the Kingdom of God, I am now estimated to be able to explode the power of the seventh level of the Titled God Realm, the God Emperor Realm!"

"God Emperor Realm!"

Ye Feng nodded with satisfaction and said: "That's great. This time we didn't come in vain. We got too many benefits."

Just as the two were talking, they had returned to the small room in the Bronze Immortal Palace.

At this moment, Ye Feng walked outside.

When he shuttled to the middle hall of the Bronze Immortal Palace, Ye Feng heard waves of faint screams coming from the passages of the Life Gate and the Death Gate.

This made Ye Feng couldn't help but smile. It seemed that the group of local creatures had encountered misfortune in both the gate of life and the gate of death.

Ye Feng didn't waste any time. After smiling slightly, he left the Bronze Immortal Palace.

When Ye Feng came to the ground again, he was ready to continue exploring the depths of this ancient ruins.

But just when he was about to set off.

"boom!"

In a certain direction not far away, a signal flare suddenly exploded high in the sky.

That signal flare turned out to be a distress signal from the core disciples of Yuhua Shenmen!

"Come on, let's go take a look!"

Ye Feng's eyes moved and he immediately ran towards the direction of the signal flare.

Chapter 1964 Lord Black Sword

Ye Feng's speed was very fast. In less than half an hour, he had arrived at the location of the distress signal.

This is an ancient city area.

At this time, the area where the signal flares were located was in a huge city.

Ye Feng lurked over without revealing his aura.

He approached the huge city and watched secretly.

Ye Feng immediately saw that in the huge city, a group of core disciples of the Yuhua Shenmen were surrounded.

Surrounding them were not only the Golden Armor clan, but also other strong men wearing ancient costumes.

"These powerful men should be native creatures in the ruins of ancient civilizations. Unexpectedly, they have united with the Golden Armor Clan and want to hunt our disciples of the Feathered God Sect."

Ye Feng watched secretly at this time, feeling a little surprised in his heart.

Unexpectedly, the Jinjia clan was very smart and could even think of uniting with the local strong men from the ruins of ancient civilizations to deal with the disciples of the Yuhua Shenmen.

At this time, Ye Feng observed carefully and saw that among the group of core disciples of the Besieged Yuhua Shenmen, there were more than a dozen people in total, including three people he knew. They were three members of the Divine Sword Club, left and right. There is no way, Fang Xiaoling and Gu Jian are born.

At this time, this group of core disciples of the Yuhua Shen Sect, with deep embarrassment and despair in their eyes, stared at the strong men from the Golden Armor Clan and a group of local strong men wearing ancient costumes who surrounded them.

If it were just a group of strong men from the Golden Armor Clan, then this group of core disciples of the Feathered God Sect felt that they could still give it a try.

But what they never expected was that the Jinjia clan used some means to make the local strong men living in the ruins of this ancient civilization work for them.

This is something that none of the core disciples of the Yuhua Shenmen expected.

This is equivalent to giving the geniuses of the Golden Armor Clan a huge boost.

At this time, the leader of the Golden Armor Clan was a young man wearing a black robe.

His face was no different from that of a human being, except that there was a golden scale between his eyebrows, giving him an aura of nobility.

At this moment, this young man in black robes from the Golden Armor Clan stared at a group of core disciples of the Yuhuashen Sect, like a wolf looking at a lamb, and sneered: "A group of the top core disciples of the Yuhuashenmen. , you will all be destroyed here today, and you will all die."

At this time, a group of core disciples of the Yuhua Shenmen all had very expressions on their faces.

Ugly.

A group of core disciples, including three members of the Divine Sword Society, all focused their attention on the young man who was leading them.

This young man is called Lu Ming, and he is the top being among the core disciples. He has a powerful cultivation level of the sixth level of the Titled God Realm, the third level of the God Sovereign Realm.

"Senior Brother Lu Ming, what should we do now?"

A group of core disciples all looked towards Lu Ming with hope in their eyes.

Because at this time, their greatest hope all fell on Lu Ming.

Lu Ming is the most powerful being among them, and he is also the senior brother they trust and admire in the Yuhua Shenmen.

At this time, Lu Ming's eyes were extremely embarrassed.

Because he is as powerful as he is, at this moment, facing the siege of a group of top geniuses from the Golden Armor clan and a group of local strong men, he has lost his position for a moment and doesn't know what to do.

"There is no other way now. The only way is for everyone to come together and fight against this group of golden armor clan and local strong men!"

Lu Ming suddenly spoke up, with a deep fighting spirit in his tone.

"good!"

"We will follow Senior Brother Lu Ming to fight against these hateful Jinjia Clan!

"Kill! Even if you die, you still have to support me!"

...

At this moment, a group of more than a dozen core disciples of the Yuhua Shenmen followed the advice of Senior Brother Lu Ming, and began to burst out with powerful momentum, and joined forces to attack forward.

"Uh-huh!"

However, just when a group of core disciples were halfway through the charge, Lu Ming, the senior brother, suddenly turned around and returned, immediately retreating towards the rear of the city.

"What?!"

This scene was something no one expected.

A group of core disciples of the Yuhua Shen Sect became extremely angry when they saw that their senior brother was so weak.

It turns out that what Lu Ming just said about fighting together was to let the fellow disciples around him block him so that he could have time to escape.

"Senior Brother Lu Ming! You are actually like this

Weakness! "

"Thankfully we have worshiped you for so long!"

At this time, a group of core disciples roared angrily.

But Lu Ming didn't respond to them at all. He just ran away, betraying his teammates and buying time for himself.

"Hahaha! I just said that the top core disciple of Yuhuashen Sect is a coward! Today, the facts have proven what I said!"

The young man in black robes headed by the Jinjia tribe was frightened when he saw Lu Ming. He immediately laughed out loud, full of disdain.

At this time, Lu Ming said: "They are all a group of ordinary core disciples. How can they compare with my status? My life is extremely precious! It doesn't matter if these ordinary disciples die, the Yuhua Shenmen can They have been cultivated continuously, but a genius of my level cannot just die in the face of the crowd tactics. My future is still very bright, and I still have great prospects..."

puff!

Just as Senior Brother Lu Ming kept talking, a pitch black sword suddenly appeared from high in the sky. It suddenly fell from the sky, filled with boundless terrifying power, and instantly chopped Lu Ming into pieces from head to toe.

Lu Ming didn't even scream. He didn't even know what happened. His whole body was chopped into two halves, and he fell instantly on the spot.

"hiss!"

Killing a strong man like Lu Ming, who was at the third level of the sixth level of the God Sovereign Realm, with one sword, making the other core disciples of the Yuhua Shenmen feel deeply powerless.

The strong man on the opposite side is really terrifying.

At this time, the big black sword that killed Lu Ming flew back and landed on an old man wearing a black robe.

This black-robed old man is a local strong man from ancient civilizations invited by the Golden Armor Clan. He is a super strong man at the sixth level of the Divine Realm and the tenth level of Heavenly Perfection!

The young man from the Golden Armor Clan immediately smiled and said, "Thank you, Lord Black Sword, for taking action."

The old man in black robe smiled coldly and said: "It is impossible to escape in front of me. Even if you betray your teammates, you can't buy him time. As long as the sword in my hand is lower than my level, , basically it can kill instantly."

The Black Sword Venerable said, full of confidence.

At this time, a group of remaining feathers

The core disciples of Huashen Sect are even more desperate.

If they want to fight hard, they may not even have the chance to fight.

Because they might all be killed instantly by the Lord Black Sword.

Anyone who wants to support me probably won't have a chance.

"Damn it! You have to die like this under the conspiracy of the Golden Armor Clan! How did they get in touch with such a strong local man?"

At this moment, each of the core disciples of the Yuhua Shenmen roared unwillingly but desperately.

"Venerable Black Sword, please use one more sword to kill these core disciples of the Feathered God Sect in an instant, so that we, the people of the Golden Armor Clan, will not have to fight with them."

The young man headed by the Jinjia clan spoke up at this time.

Venerable Black Sword nodded slightly and killed the dozen or so core disciples of the Feathered God Sect. To him, it might be just trampling to death a dozen ants, and he didn't care.

"boom!"

The black giant sword once again erupted from the hands of the Lord Black Sword, turning into a giant sword that reached the sky and the earth, and suddenly slashed at the dozen core disciples in front of him.

Under that kind of terrifying pressure, the dozen or so core disciples of the Yuhua Shenmen only felt that the end was coming, and they did not even have the courage to resist. They could only stay where they were and wait for death. Their bodies were unable to move. The dark sword is really terrifying.

But just when countless core disciples were in despair, when the unparalleled black sword was about to strike.

"when!!"

Suddenly, a young figure in white clothes stood in front of them. He stretched out a hand and grabbed the black sword that struck down, making a metallic roar that was deafening!

"What?!"

Seeing this scene, the group of geniuses from the Golden Armor Clan, including the Lord Black Sword, all suddenly widened their eyes.

And a group of core disciples of the Yuhua Shenmen also had dull expressions.

The young figure in white clothes Shengxue turned his head slightly at this time, looked at the three members of the Divine Sword Club in the crowd, and said with a relaxed smile: "Your distress signal was sent out in time."

"It's Ye Feng!!"

Among the core disciples, Fang Xiaoling, the vice-president of the Divine Sword Club, immediately revealed a look of deep surprise in his beautiful eyes.

Chapter 1965 The terrifying battle

quiet!

Deadly quiet!

At this moment, the entire field fell into a dead silence.

Just now, everyone saw the pitch-black sword, which was extremely sharp and possessed extremely terrifying destructive and cutting power.

Even Senior Brother Lu Ming, a super prodigy of the third level of the sixth level of God Realm, was chopped into pieces by the dark sword and died instantly.

But at this moment, the cultivation level exuded by Ye Feng is not even as powerful as Lu Ming's cultivation level, and he is only at the first level of the sixth level of the divine realm.

But when everyone saw it, Ye Feng stretched out his hand and directly caught the mountain-like black sword with his palm.

The sharp blade, the impact that could destroy the world, the cutting power that could break mountains and rivers, had no effect on Ye Feng's palm.

Ye Feng's body seems to be made of divine iron and is indestructible. Even a strong man like the Black Sword Master, who is at the sixth level of the divine realm and the tenth level of heavenly perfection, cannot control his own divine weapons. He hurt Ye Feng and was immediately caught by Ye Feng with one hand.

This is incredible!

Everyone was shocked!

"How can it be?"

When the young man from the Golden Armor tribe saw this scene, he couldn't help shouting in horror: "How could a terrifying young man like you appear in the Yuhua Shenmen! I don't believe it! This is impossible!"

Ye Feng smiled coldly and said aloud: "Just because you don't believe it doesn't mean the fact doesn't exist."

After saying that, Ye Feng suddenly pressed his palm and crushed the big black sword into pieces.

Since refining the chaos energy in the Chaos Holy Crystal in Emperor Chu's small treasury, Ye Feng's body has become stronger and stronger.

At this moment, Ye Feng stepped forward and walked forward. A group of geniuses from the Golden Armor Clan couldn't help but quickly retreated, their eyes full of fear.

This young man from the Yuhua Shenmen just made one move and brought a huge psychological shock to them. It was so powerful that they could not resist it.

At this time, a group of golden-armored tribesmen turned their attention to the Black Sword Lord for help.

Venerable Black Sword also had a hint of embarrassment in his eyes at this time.

He is a

super strong person at the level of Dzogchen, the sixth level of the Divine Realm, tenth level.

But his dark sword at this time was crushed inch by inch by Ye Feng.

It can be said that it is a huge shame.

But Lord Black Sword also knew very well in his heart that the young man in white clothes and snow that suddenly appeared in front of him was definitely an extremely terrifying guy.

It's not that his pitch-black sword wasn't powerful. If it was really not powerful, it wouldn't have been possible for him to kill Lu Ming, the senior brother among the core disciples, in an instant.

Therefore, it is still because Ye Feng is too powerful.

"How can such a small young man possess such a powerful combat power? He is only the sixth level of the Divine Sovereign Realm, the First Heaven. He actually makes me, a strong man of the Tenth Heavenly Realm of the Divine Sovereign Realm, feel a little afraid. a feeling of."

At this moment, Lord Black Sword was thinking secretly in his heart.

But since he has agreed to help the Golden Armor Clan, and for the promise that the Golden Armor Clan promised him, Lord Black Sword will naturally not retreat at this time.

Lord Black Sword stared at Ye Feng and said slowly: "Young man, your combat prowess really impresses me, but you have to know that the sword-controlling technique just now is just a kind of inherited martial art that I learned. Learn, I still have a lot of trump cards that are so powerful that you can't imagine, so now I'm giving you a chance, hurry up and get out of here, I can spare your life."

Ye Feng suddenly laughed and said: "Venerable Black Sword, right? Why do I feel that you are afraid of me when you say these words, rather than threatening me?"

"presumptuous!"

The Lord Black Sword immediately shouted in shock and anger: "You are a little human boy, how can I be afraid of you? Okay! Since you, a human boy, want to die so much, then I will help you. ! Don't think that you can beat me just because you can block my sword skills, what comes next is my real power!"

Boom!

Almost at this moment, boundless majestic black energy suddenly emerged from the body of Lord Black Sword, and a black ocean was instantly formed in the entire sky.

, giving people a deep sense of depression as dark clouds threaten to overwhelm the city.

"What a terrifying black ocean! The true form of Lord Black Sword is definitely an extremely powerful old devil!"

A group of more than a dozen core disciples of the Yuhua Shenmen couldn't help but exclaimed.

Even when they were standing at the rear, they felt a deep sense of oppression. I felt like my body was about to be crushed.

Not to mention Ye Feng, who is bearing the brunt now. He is at the front. It is hard to imagine what kind of terrifying pressure he has endured?

At this time, a group of core disciples still had worried looks in their eyes.

Just now, Ye Feng's hand caught the dark sword, which gave them a huge shock.

After all, this Lord Black Sword is an out-and-out strong man at the tenth level of the Divine Realm, Great Perfection Level.

A super strong person with this kind of cultivation strength definitely has a lot of trump cards, which is very scary. .??.

"Ye Feng! You must work hard!"

At this time, the three members of the Divine Sword Club couldn't help but secretly clenched their fists.

"Young boy from the human race, I will judge your fate next!"

Lord Black Sword was stepping on an endless black ocean at this time. He looked down at Ye Feng and made a majestic voice, as if a generation of demon emperors were judging the fate of all people in the world.

"Boom!"

But suddenly at this moment, Ye Feng suddenly burst out with a super ferocious aura.

With all the energy and blood in his body, a bloody beam of light shot out from his entire body, swaying directly upwards and piercing through the black ocean.

Ye Feng stared at the Black Sword Lord high in the sky, and said with a cold smile: "So much nonsense, just take action, we will see the real deal!"

"How brave!"

Lord Black Sword roared and stretched out a hand downwards.

Boom! !

The black ocean behind him suddenly contained infinite demonic energy, condensed into a huge black hand, filled with unparalleled power. In an instant, it grabbed Ye Feng underneath, that kind of terrifying power, as if it could cover the entire land with a radius of thousands of miles.

broken.

"The Reincarnation Kung Fu of the Heavens!"

Ye Feng did not hesitate at this time and directly released his most powerful inheritance.

"Rumble..."

An endless realm of reincarnation, exuding vast divine light, suddenly appeared in front of Ye Feng. The gears of fate were spinning, as if they could crush everything.

"Break it for me!"

Looking at the big black hand grabbing from high in the sky.

Ye Feng roared loudly and directly punched out the reincarnation field formed by the reincarnation skill of the heavens.

"Boom!"

An unparalleled roar immediately erupted from high in the sky, filled with endless terrifying aftermath, shaking and shattering all the buildings and mountains within a hundred miles around.

"retreat!"

"Quickly retreat!"

The battle between Ye Feng and Lord Black Sword was like a fight between gods that affected Chiyu. Whether it was the core disciples of Yuhua Shenmen or the group of geniuses from the Golden Armor Clan, they all retreated crazily, their eyes full of deep concern. Marvel, the battle that broke out between these two beings was so terrifying in energy and so destructive that even the aftermath of the battle was irresistible.

At this time, both the core disciples of the Yuhua Shenmen and a group of geniuses from the Golden Armor Clan were deeply shocked and awed by Ye Feng.

They knew that Lord Black Sword was not a young man, but an old man who had practiced in the ruins of ancient civilization for countless years. He could be said to be an old monster.

But Ye Feng, this young Yuhua Shenmen disciple, can compete on a par with the Black Sword Venerable, which is really terrifying.

"When did such a heaven-defying figure appear in the Yuhua Shenmen?"

At this time, a group of talented people from the Golden Armor Clan felt extremely frightened.

If they hadn't invited the strong locals from the ruins of this ancient civilization, they probably wouldn't have had any chance of winning.

At this moment, a group of core disciples of the Huashen Sect were extremely nervous.

Because Ye Feng's next win or loss represents whether they are alive or dead.

Chapter 1966 The Pillar

Boom!

Boom! !

The battle in the sky has reached a fever pitch.

Blood fell from the sky from time to time, and no one knew whose blood it was.

Anyway, everyone below knew that at this moment, in the endless chaotic divine light in the sky, the two people were definitely fighting a final life-and-death battle. .???.??

"Sky Tyrant Dragon!"

Suddenly, an unparalleled roar from the sky rang out from the Black Sword Master.

Ang!

Following a loud dragon roar, a pitch-black dragon suddenly condensed behind the Black Sword Master, emitting a monstrous dragon power.

"World-destroying Dragon Flame!"

The Black Sword Master merged with the pitch-black dragon. He opened his dragon mouth, and a beam of light emitting blood-black light suddenly burst out from the mouth of the pitch-black dragon, instantly piercing through the void and directly bombarding Ye Feng in front of him.

Even the reincarnation field condensed by Ye Feng's reincarnation of the heavens could not resist the blood-black light column at this moment, and was directly penetrated and shattered.

"Hahaha! Human boy, you have been struggling for so long that you are proud enough. Now you can die quietly!"

The black dragon laughed.

"It is not certain who will live and who will die."

At this time, facing the terrifying blood-black light column, the dragon flame of the dragon's destruction was enough to destroy the world.

Ye Feng's eyes were extremely calm, and all his skills surged in an instant, and he directly released his most powerful trump card for the time being, the ancient vision of the golden troll!

"Roar!"

A sound like an angry dragon roaring came from Ye Feng's body.

At this moment, a terrifying and boundless power aura instantly spread in all directions with Ye Feng as the center.

The next moment, in the shocked eyes of countless people, behind Ye Feng, in the endless darkness, a towering figure suddenly stood up.

It turned out to be a golden giant demon covered with dense golden scales!

Full of boundless shock and visual impact!

This is a very great life!

Full of boundless power!

Represents the peak combat power ceiling of the golden demon clan!

"Boom!!"

At this time, Ye Feng launched the ancient vision, and the golden giant demon punched out in an instant. The huge fist was like a sky hammer, as if it could smash the sky!

"Crack!!"

At this moment, the golden giant demon's fist shattered the blood-black light column in an instant, and punched directly on the head of the pitch-black dragon.

"Puff!"

The black dragon was blown up in an instant, and exploded into black air.

And the black sword master who merged into the black dragon screamed at this time, and flew backwards in countless black air, with all the bones in his body broken and bloody.

"Impossible! Impossible! This is the ancient vision of the golden troll! This is the top inheritance that only exists in the golden demon clan! How could you, a disciple of the Yuhua Divine Sect in a small wilderness, practice the ancient vision of the golden troll?!"

At this moment, the eyes of the Black Sword Venerable were filled with deep disbelief and fear.

"Die!"

At this time, Ye Feng did not hesitate at all, directly linked the golden troll behind him, and slapped the Black Sword Venerable.

"Boom boom!"

But with a roar like an earthquake, the whole earth was suddenly pressed into a bottomless pit by Ye Feng's slap.

At this moment, the extremely powerful Black Sword Venerable did not even have time to let out a scream. His whole body was directly smashed by Ye Feng's golden troll hand, turning into a pool of fragments, flowing in the big pit.

"Hiss!"

Everyone who saw this scene couldn't help but take a breath of cold air.

Ye Feng's strength is really too powerful!

Strong!

Incredibly strong!

Even a super-powerful person like the Black Sword Venerable, who was at the sixth level of the Divine Realm and the tenth level of the Great Perfection, eventually died in the hands of Ye Feng, dying tragically on the spot, without even a chance to escape.

At this moment, the core disciples of the Yuhua Divine Sect were stunned and stood there in a daze. They had never thought that such a monstrous genius would appear in their sect.

And a group of Jinjia clan prodigies not far away, after a brief shock and daze, immediately fled madly.

They were really scared by Ye Feng.

This young man from the Yuhua Divine Sect was so terrifying!

It brought them a huge shock!

Ye Feng's ferocity simply gave a group of Jinjia clan prodigies a new understanding of the human race.

It turns out that there are such invincible people in the human race!

"Run!"

At this moment, a group of Jinjia clan prodigies fled in all directions.

"You can't run away."

At this time, Ye Feng's cold voice sounded in the sky, as if judging the fate of all Jinjia clan members like the power of heaven.

"Boom!" Ye Feng stretched out a hand, and the vitality between heaven and earth surged. He immediately condensed into a huge black hand that covered the sky and sun, hitting all the escaping Jinjia clan geniuses. Although this was just a casual attack by Ye Feng.

But that time, the big hand also contained tremendous power.

"ah!"

"ah!"

"..."

At this time, accompanied by bursts of screams, a group of golden-armored geniuses were beaten until their chests were broken, and they died suddenly on the spot.

Only a young man from the Golden Armor Clan with the most powerful cultivation was left alive. However, his body was covered in scars and his leg bones were broken. He fell to the ground, almost dying.

His eyes were extremely horrified, looking at all the dead members of the Golden Armor Clan around him, and he felt extremely regretful in his heart, why he came to surround and kill these core disciples, thus attracting such a terrifying guy like Ye Feng.

"Sir, spare me!!!"

This young man from the Jinjia tribe suddenly fell to his knees on the ground, kowtowing in the direction of Ye Feng and begging for mercy.

All the core disciples of the Yuhua Shenmen were shocked when they saw this scene.

Are there times when the Golden Armor Clan is so cowardly?

"It's Ye Feng. Ye Feng shattered the so-called sense of superiority and the aloofness of these talented people of the Golden Armor Clan."

Fang Xiaoling spoke out in the crowd at this time. Her beautiful eyes were full of admiration as she looked at the figure of a young man in white clothes high in the sky.

In fact, not only Fang Xiaoling, but also a dozen core disciples of the Yuhua Shenmen looked at Ye Feng high in the sky with deep awe and admiration on their faces.

The so-called senior brother Lu Ming before, compared with Ye Feng, is not worthy of being called senior brother at all. He is an extremely weak clown!

An astonishingly talented person like Ye Feng is truly the backbone of their core disciples of the Ascension God Sect!

Chapter 1967 Black God Clan

Uh-huh!

The battle was over, and Ye Feng landed from high altitude.

With a cold look in his eyes, he looked at the young man from the Golden Armor clan who was kowtowing and begging for mercy not far away.

Ye Feng walked over slowly, his eyes radiating murderous intent.

The cold murderous aura that spread out made this young man from the Golden Armor tribe tremble all over.

He knew that Ye Feng definitely wanted to kill him.

The young man from the Jinjia clan suddenly shouted: "Sir, don't kill me! I have a secret to tell you!"

Ye Feng walked over, with a cold look in his eyes, and said loudly: "What secrets can you have?"

The young man from the golden beetle immediately replied in horror: "The reason why we are able to unite with the local strong men in the ruins of this ancient civilization is because we have reached a deal with them, that is, we will join forces to hunt down the core of the Feathered God Sect. Disciple, and then use the bodies and blood of these core disciples to feed a devil egg left by the ancient evil devil in an attempt to hatch a young ancient evil devil! "

"What?!"

"Using our body and blood to feed a devil's egg left by an ancient evil demon?"

At this moment, a group of core disciples of the Yuhua Shenmen heard what this young man from the Golden Armor tribe said. They all felt their bodies trembling and felt a chill.

Ye Feng also frowned and said aloud: "Where is the magic egg left by the ancient evil demon?"

The young man from the Golden Armor Clan immediately replied: "It is in the ancestral land of the Black God Clan."

"Black God Clan?"

Ye Feng's eyes were puzzled.

The young man from the Jinjia tribe immediately explained: "The Black Gods are the native race in the ancient civilization we have united with. They call themselves the Black Gods. Their bodies have the blood of ancient evil spirits flowing. They are the descendants of the God of Darkness, but this is just them. I don't know if what I said is true or not. I think it is false. It is probably the descendants of some ancient demons.

, because they are not as powerful as imagined. "

At this time, the young man from the Jinjia tribe actually still had the heart to complain.

Ye Feng stared at the young man from the Golden Armor Clan and asked aloud: "What is the cultivation level of the Black Sword Lord I just killed among the Black God Clan?"

The young man from the Golden Armor Clan replied: "Venerable Black Sword is already considered a first-class strong man in the Black God Clan, but there is an even more mysterious old man in the Black God Clan. All the Black God Clan members call him the High Priest. I I don't know how powerful this Black God Clan High Priest is, but it must be terrifying anyway, much more powerful than the Black Sword Lord. It was this Black God Clan High Priest who negotiated with us at the time, and they, the Black God Clan, helped us hunt down your Feathered God Clan. His core disciples, and we are helping him find you core disciples, and then use your bodies to feed them the eggs left behind by the ancient evil demon raised by the Black God Clan. "

When Ye Feng heard what the young man from the Jinjia tribe said, his face immediately showed an indifferent expression.

This Black God Clan does not seem to be a good person, but a very evil race.

At this moment, Ye Feng suddenly stared at the young man from the Golden Armor Clan in front of him and said loudly: "I don't have to kill you, but if you take me to the Black God Clan, I want to take the devil's egg left by the ancient evil. Destroy it! We must not allow an ancient evil spirit to be born, otherwise it will definitely pose a huge threat to the entire human race in the wilderness if it breaks free from the seal of this ancient civilization relic."

What Ye Feng said made the dozen or so core disciples of the Ascension God Sect behind him secretly praise him.

Only such a person can be called a person with perfect moral character and strength.

Of course, the reason why Ye Feng said this was because he still had his own thoughts in his heart.

The high priest of the Black God Clan

, is a powerful existence that surpasses the Lord Black Sword. If you can kill him and devour all his energy, your own skill may be greatly increased.

And in addition, there is actually a magic egg left by an ancient evil demon in this Black God Clan.

Ancient evil spirits, in ancient times, were terrifying existences that could fight against the gods in heaven and earth.

A magic egg left behind by an ancient evil spirit, which had been gestated for so many years, must have contained huge amounts of dark energy, which was a great tonic for Ye Feng.

As for the Black God Clan's high priest who was said by the young man from the Golden Armor Tribe to be extremely powerful, Ye Feng felt that he could give it a try.

Even if he can't defeat him, there is still Emperor Chu in the storage ring.

After Emperor Chu merged with the Imperial Seal of the Great Chu Divine Kingdom, his power increased tremendously. His current comprehensive strength is estimated to be comparable to that of the final seventh-level God Emperor Realm expert in the Titled God Realm.

So with such a big trump card, Ye Feng felt that he could take a risk.

Even if you can't fight then, you can still escape.

At this time, Ye Feng looked at the group of core disciples behind him and said, "You should leave first. I will take this young man from the Golden Armor Clan with me from the Black God Clan. I can do it alone."

"Ah? Senior Brother Ye Feng, do you want to go alone?"

At this moment, a group of core disciples couldn't help but exclaimed.

Moreover, they also called Ye Feng senior brother. Although Ye Feng was younger than them, this was a title of awe.

The three members of the Divine Sword Club also spoke out one after another: "Ye Feng, would it be too dangerous for you to go alone? Let's go with you so that we can take care of you then."

Ye Feng shook his head and said aloud: "You should first move towards this

Go forward to the exit of the ruins of an ancient civilization. The trial will be over soon. You can go out from the exit in time and deliver this news to me. If I haven't come back by then, you will immediately go out to find the sect who will lead the team this time. Elder, let him save me. "

Hearing what Ye Feng said, a group of core disciples of the Yuhua Shenmen all understood. It turned out that Ye Feng was trying to convey a message to them.

Fang Xiaoling spoke up at this time: "Brothers and sisters, let's do what Ye Feng said. If our strength follows Ye Feng, it may still be a drag on Ye Feng. Why don't we give full play to our role and get there quickly? At the exit of the ancient civilization ruins, go and inform the sect elders who are leading the team this time. If Ye Feng is really in danger, then we can take the elders back to the ancient ruins in time to save Ye Feng."

When a group of core disciples heard Fang Xiaoling's words, they all nodded in agreement.

Then they all clasped their fists at Ye Feng, and spoke with gratitude in their tone: "Thank you so much, Senior Brother Ye Feng, for helping us save our lives. I cannot thank you enough for your kindness. When we return to the Yuhuashenmen, we will definitely We jointly recommend you, Senior Brother Ye Feng, to become the Holy Son of Shenmen!"

Ye Feng laughed and said aloud: "Okay, then I will thank you all for your help."

After the words fell, a group of core disciples of the Yuhua Shenmen left one after another.

At this moment, the young man from the Golden Armor Clan stared at Ye Feng in confusion, and couldn't help but said: "You are too brave, are you really going to the Black God Clan? That Black God Clan?" The high priest is very terrifying, you are definitely no match for him."

Ye Feng ignored this young man from the Golden Armor clan. He flew directly to the high altitude, and then began to release the Devouring Domain downwards, killing all the geniuses from the

Golden Armor clan just now, as well as the dead Black Sword Lord. It was shrouded in the Devouring Domain and began to crazily devour all the blood and energy!

Chapter 1968 A deep sense of powerlessness

"Rumble..."

Waves of majestic energy, blood full of high-level energy, gathered from the entire surrounding land to Ye Feng's place at this moment.

"Buzz buzz!"

A stream of abundant energy was all integrated into Ye Feng's body, and was swallowed and refined by Ye Feng.

The energy provided by the dozen or so geniuses of the Golden Armor Clan was not much, and it was already a drop in the bucket for Ye Feng who was currently practicing.

But the Black Sword Lord, this super strong man from the Black God Clan who is the sixth level of the God Realm and the tenth level of the Great Perfection, has so much energy that it is like a vast ocean, like a mobile energy bank. .

Ye Feng's main source of energy at this moment is the Black Sword Lord.

As Lord Black Sword's body continued to wither, Ye Feng also gained enough energy.

His cultivation level immediately began to break through.

"boom!"

The sixth level, the second level of the divine realm!

"boom!"

The sixth level of the third level of the divine realm!

Ye Feng broke through the second heaven in a row and stepped from the first heaven of the Divine Realm to the third heaven of the Divine Realm!

I have to say that the energy provided by this Black Sword Master is quite good.

However, Ye Feng was indeed a little dissatisfied at this time, after all, there were still a few breakthroughs.

So at this time, Ye Feng's idea of going to the Black God Clan became more and more intense.

At this time, the young man from the Golden Armor clan who was watching the whole process not far away had his eyes filled with a trace of fear.

Because he saw that Ye Feng, a human race, actually practiced such evil skills, absorbing the energy of all the corpses and fragments of the dead Tianjiao of their Golden Armor clan, as well as the beheaded Black Sword Lord. , directly broke through the two heavens, this process is really weird.

Even this young man from the Jinjia Clan, the leader of the younger generation of the Jinjia Clan, felt his whole body trembling at this moment.

He even began to think that if he was swallowed by Ye Feng, he would also become a mummy.

How terrible would that be?

Can't even think about it.

The young man from the Jinjia clan could only silently mutter in his heart, this evil human boy must not refine himself.

"What are you mumbling about over there alone?"

Ye Feng suddenly came over.

"Huh? It's nothing, nothing!"

The young man from the Jinjia tribe immediately trembled with fear.

Ye Feng said: "Take me quickly to the hiding place of the Black God Clan. After I find the Black God Clan, I will keep my promise and let you regain your freedom."

Depend on. "

The young man from the Golden Armor Clan immediately said happily: "Okay, I will take you to the Black God Clan now!"

After hearing that he could regain his freedom, the young man from the Jinjia tribe was naturally extremely happy and excited.

He now regards Ye Feng as a big demon of the human race, who is more terrifying than those ordinary demons. Therefore, at this time, the young man from the Jinjia tribe naturally wants to cooperate with Ye Feng and does not dare to refuse at all. , dare not say no, just want to take Ye Feng to the destination of the Black God Clan as soon as possible, and then he can leave safely.

...

Both men are top talents and they are very fast.

In less than half a day, the young man from the Jinjia tribe had led Ye Feng through the mountains and arrived at the center of the wilderness.

There are huge trees everywhere that reach into the clouds and into the sky, and there are these ferocious beasts lurking around.

This is completely the center of this wild area. It looks full of wildness and danger like a primeval forest.

The young man from the Golden Armor clan pointed in a certain direction not far away and said loudly: "The Black God clan lives on the snow mountain not far away."

Ye Feng looked in the direction he pointed, and sure enough he saw a large mountain with snow falling all year round in the center of the jungle in the distance.

In the endless forest, there is a snow mountain. I have to say that the scene looks very abrupt, but also very shocking.

Ye Feng nodded and said, "I understand, you can leave now."

The young man from the Jinjia tribe was immediately happy and ready to turn around and leave.

He was finally out of Ye Feng's clutches.

"Whoosh whoosh!"

"Whoosh whoosh!"

But suddenly at this moment, black arrows suddenly burst out from the surrounding jungle. In an instant, thousands of arrows rained down where Ye Feng and the young man from the Jinjia tribe were standing. covered.

"Oops! We have been discovered by the powerful men of the Black God Clan!"

The young man from the Jinjia tribe couldn't help but exclaimed.

"Pfft!"

"Pfft!"

"..."

And at the next moment, the young man from the Golden Armor tribe was immediately pierced by countless terrifying specially-made arrows, and his body was instantly stabbed into a hedgehog. He fell to the ground and died immediately.

These thousands of arrows that suddenly rushed out were all covered with

It exudes black light and has extremely terrifying penetrating and destructive power. It is definitely an extremely terrifying war weapon among the Black God Clan. Otherwise, it would be impossible to assassinate the young man from the Golden Armor Clan instantly.

It has to be said that this young man from the Jinjia tribe, as a genius of the Jinjia tribe, died a useless person. He was shot to death by random arrows and died miserably on the spot.

"when!"

"when!"

"when!"

However, in stark contrast to the young man from the Jinjia tribe who was shot to death by random arrows in an instant, Ye Feng stood on the spot, and after those arrows emitting black light shot at his body, they fired out a series of arrows that seemed to have collided with each other. The crisp sound on the steel city wall could not pierce Ye Feng's skin at all, let alone his body.

Ye Feng stood there, his whole body was like an immortal monument, like a steel city wall made of divine iron. It was indestructible and extremely heavy. Those violent arrows could not cause any harm to him at all, as long as the assassination reached him. On his body, the arrow itself will be shattered and turned into fragments on the ground.

I have to say, this scene is very shocking!

At this time, Ye Feng walked towards the snow-capped mountains not far away with a faint smile on his face.

Since he had been discovered by the Black God Clan, Ye Feng didn't care anymore. He walked directly towards the place where the Black God Clan lived in the snowy mountains and paid a visit directly.

At this time, in the jungle, a group of Black God Clan members almost broke the bows and arrows in their hands, but they were unable to cause any harm to Ye Feng.

The archers of the Black God Clan looked at each other and saw the look of confusion on each other's faces.

"Who is this human boy? Why is his body so hard? Even our God-breaking arrows, which were blessed by the power of the high priest, did not pierce him, and did not even leave a trace of blood on his skin. Traces, this is terrible!"

A group of archers from the Black God Clan couldn't help but make noises at this time.

"Boom!!"

And suddenly at this moment, they heard a loud noise.

The next moment, a powerful hand of vitality appeared above the heads of hundreds of archers.

It was condensed by Ye Feng, covering the sky and the sun, and patted it down like a god-like big hand.

Boom! !

The entire land suddenly experienced violent turmoil.

Hundreds of archers from the Black God Clan were crushed to pieces by this big hand before they even had time to scream.

Ye Feng's body was surrounded by the black devouring realm, and his whole body seemed to be invaded by a dark realm, full of boundless oppression.

r\u003e

The vitality and blood energy of those dead creatures were automatically swallowed up by the black realm, and then injected into Ye Feng's body.

However, these are just small minions and do not have much growth effect on Ye Feng.

But in line with the principle of not wasting anything, Ye Feng directly released the Devouring Domain around him at this time, automatically devouring and refining the killed creatures.

Since Ye Feng came to the door today, he would naturally go on a killing spree to destroy all the Black Gods, and also destroy the ancient evil egg that might pose a huge threat.

"Crash!"

Just when Ye Feng had just advanced a few hundred meters, magical talismans flashing with flames flew over from a certain direction in front of him. There were tens of thousands of talismans, and they were all bombarded like bombs. When it arrived in front of Ye Feng, it exploded suddenly, producing endless destructive power and flames that were about to engulf Ye Feng's entire body.

At this moment, in the jungle not far away, a group of spiritual talisman masters from the Black God Clan looked at the area shrouded in flames in front of them with ruthless eyes, and said with a cold smile: "Three thousand explosive flames. The talisman is enough for this human boy to drink a pot of. Even if it doesn't kill him, it will definitely cause serious injuries. "

"Oh, is it so?"

But suddenly at this moment, Ye Feng's cold voice suddenly came out from the exploding flame area, causing a group of proud Talisman Masters from the Black God Clan to suddenly stiffen their expressions.

"What?!"

Next they saw an incredible scene.

Ye Feng was completely intact, still dressed in white as Shengxue, and walked out of the explosion area without suffering any damage at all.

"How can this be!"

"What is smelted into our Explosive Flame Talisman is an advanced flame like the Underground Demonic Heart Flame! How is it possible that it can't cause any harm to this human boy?"

"This is impossible! Even the high priest himself, if he was suddenly enveloped by three thousand Explosive Flame Talismans, would temporarily avoid the edge and choose to retreat, but this kid just carried it over like this!"

At this time, a group of Black God Clan spiritual talisman masters were so horrified that they almost stared out of their eyes.

They have never seen such a hard-core human boy!

No power can harm him at all!

"Even his white Shengxue clothes were not damaged? This is outrageous!"

"How can we fight this?"

A group of Black God Clan spiritual masters suddenly felt their moods sink to the bottom, feeling a deep sense of powerlessness.

Chapter 1969 Successful hatching

A group of Black God Clan spiritual masters did not dare to resist at this moment, and quickly fled towards the Black God Clan's base camp, which was the snow-capped mountain in the center of the forest.

Ye Feng was alone, his face was still extremely calm, his body was steady, and he slowly walked to the snow mountain.

"Enemy attack! Enemy attack!"

"Hurry up and prepare for defense! A strong man from the human race has broken into the territory of our Black God Clan!" ??

"That human race is an outsider, not a creature from the ruins of our ancient civilization. He is very powerful! All our traps are ineffective against him! They cannot harm him at all!"

...

At this time, members of the Black God Clan suddenly appeared on the entire snow mountain.

Their faces were extremely solemn, they held various weapons in their hands, and their bodies exuded an extremely aura. They stared at the young figure in white clothes and snow who was slowly walking up under the snow-capped mountains.

At this time, the seemingly young human boy made the entire ancient race of the Black God Clan feel like a formidable enemy.

"Human boy, this is not the place you should be."

On top of the snow-capped mountains, many strong men emerged from the Black God Clan. The leader was a high priest wearing ancient clothes. He looked at Ye Feng and spoke slowly, his tone full of threats.

At this time, Ye Feng's eyes were extremely calm. He just stared at the high priest of the Black God Clan standing on the snow mountain and said loudly: "You are the most powerful high priest in the Black God Clan. You are at the seventh level of god." The first level of the Imperial Realm is very powerful. I am surprised that such a strong person like you can be born in this small ancient civilization ruins. "

The high priest of the Black God Clan stared at Ye Feng at this time, with a trace of uncertainty in his old eyes.

Because he couldn't see through Ye Feng's cultivation, but Ye Feng could see through his cultivation at a glance.

This made the high priest of the Black God Clan feel very fearful.

At this time, the high priest of the Black God Clan said: "Since you know that I am so powerful, then you should leave as soon as possible. I don't care about your fault of breaking into our Black God Clan just now."

Ye Feng suddenly laughed loudly: "High Priest of the Black God Clan, why do you pretend to be confused because you understand? You clearly know that I am here today to eradicate this evil race of yours, but you didn't expect that you would threaten me to leave. So everything you said is nonsense."

The high priest of the Black God Clan had an extremely ugly look in his eyes: "That means there is no room for discussion! Then you just go to hell!"

Boom!

Almost at this moment, the High Priest of the Black God Clan took action.

A small black cauldron suddenly appeared in his palm.

"Crash!"

The moment the black cauldron was thrown by the high priest of the Black God Clan, it suddenly became as big as a mountain and moved directly towards Ye Feng to suppress it, capable of smashing a mountain ten thousand meters tall in an instant.

This is obviously a powerful magic weapon!

"boom!"

At this time, Ye Feng didn't show any bells and whistles, he just punched out with an ordinary punch.

It was such an ordinary punch, but it contained immense power. The next time, the black cauldron was sent flying backwards.

"World-destroying melting flames!"

Suddenly I felt that at this time, the high priest of the Black God Clan not far away roared.

Wow...

It was the huge black cauldron that turned over violently, and jet-black molten flames poured out of the cauldron's mouth.

This is a ten

Share the terrifying power of burning!

At this moment, many surrounding mountain trees and the earth were evaporated and turned into scorched earth, which was enough to see the horror of this world-destroying melting fire.

"The Ancient Burning Heaven Technique!"

At this time, facing the terrifying power of burning, Ye Feng roared and directly released the Ancient Burning Heaven Technique that he had practiced a long time ago.

This is a powerful fire attribute technique taught to Ye Feng by a senior he once met.

It can fuse many powerful flames in the world, cast the most powerful fire of one's own destiny, and make oneself the king in the flames.

The previous group of Black God Clan spiritual talisman masters used 3,000 explosive flame talismans, but they were unable to harm Ye Feng. That was because Ye Feng used the Ancient Burning Sky Technique to absorb all the power of the flames.

At this moment, Ye Feng once again used the Ancient Burning Heaven Technique. The world-destroying melting flame that was enough to burn the entire world was directly absorbed and devoured by Ye Feng, strengthening his natal fire.

"I have obtained another powerful source of fire, the High Priest of the Black God Clan. I would also like to thank you for giving me such a high-quality source of fire. My natal fire level has been increased again!"

Ye Feng laughed loudly at this time, which made the high priest of the Black God Clan not far away look extremely embarrassed.

Now Ye Feng's natal fire has been directly upgraded to the middle level of the second level from the beginning of the second level after being smelted by the world-destroying melting flame!

You must know that it is extremely difficult to practice the Ancient Burning Heaven Technique and improve the level of the natal fire.

Because the natal fire, even if it only increases by a small level, represents a qualitative evolution, which will greatly increase the terror of the natal fire.

Now, including the World-Destroying Molten Flame that Ye Feng had just absorbed and smelted, his natal fire has been fused with six powerful flames!

They are: Dragon Spirit Holy Fire, Extreme Cold Flame, Purple Flame Divine Fire, Heavenly Karma Fire, Dragon Flame, and the World-Destroying Melting Flame that was just fused.

These advanced flames were all accumulated one by one by Ye Feng since he started practicing.

He has not forgotten this powerful flame fusion in his body.

This time when attacking the Black God Clan, Ye Feng gave full play to his advantages.

At this moment, when many powerful men of the Black God Clan on the snow-capped mountains saw this scene, they couldn't help but show horror in their eyes.

"Who is this human boy? Not only is his body as strong as a god's, but he also seems to have a special physique with the attribute of fire!"

"Yes! It's terrible! The high priest worked so hard to extract so much world-destroying molten flame that could destroy the world, but that person actually swallowed it directly after so many years? This is simply terrible!"

"This is not a human race at all! He is an ancient evil beast wearing the skin of a human race boy!!!"

...

At this time, on the snow-capped mountains, countless members of the Black God Clan could not help but exclaim in disbelief.

The face of the old man, the high priest of the Black God Clan, suddenly turned extremely ugly.

This is the first time that the high priest has encountered such a difficult opponent.

And the other person is still a human boy.

He is still a young man from a race recognized as weak in the God Realm!

"How could such a heaven-defying guy appear among the human race?"

The face of the high priest of the Black God Clan

Extremely gloomy, he was thinking about countermeasures at this time.

He suddenly looked in a certain direction not far away, where there was a group of elders from the Black God Clan. The high priest quickly transmitted a message: "There is no time now! The enemy is coming! There is only one way left, and that is for you to sacrifice your life." Sacrifice your own life and let Lord Evil Demon's ancient evil egg be hatched quickly! Even the youngest evil demon is extremely powerful and can use the power of ancient evil demons to rival those in the tenth level of the God Emperor Realm. The existence of the Great Perfection level!"

After hearing the message from the High Priest of the Black God Clan, the elders immediately became extremely solemn and walked directly towards the back mountain of the Black God Clan.

They would sacrifice their lives for the noble Demon Lord's Demon Egg without any hesitation.

Ye Feng noticed a group of Black God Clan elders who suddenly left not far away.

He felt something was wrong in his heart and immediately flew in that direction.

"Boom!"

But at this time, the high priest of the Black God Clan suddenly began to expand rapidly, and finally turned into a majestic black werewolf that was several kilometers tall. He instantly blocked Ye Feng's path and yelled: "Human boy! Today is your death day!"

Ye Feng's eyes moved, and it turned out that the true body of the Black God Clan was actually the ancient werewolf bloodline.

"What did you ask those elders to do?"

Ye Feng's eyes were extremely cold as he stared at the high priest who had turned into a black werewolf.

The high priest laughed loudly: "You can't kill me in a short time! As long as I delay you for a while! Then you will definitely die!"

When Ye Feng heard what the high priest said, his face suddenly became gloomy, and he said loudly: "I guess you must be trying to hatch the ancient evil egg as soon as possible, and you are not willing to let your tribesmen sacrifice it for it. life!"

The high priest's face immediately changed, and he said loudly: "How do you know that there is a devil's egg of an ancient evil in our Black God Clan!"

Ye Feng smiled coldly and said aloud: "How do you think I came to your Black God Clan? Did I come here by mistake? Of course I killed the Black Sword Lord of your Black God Clan, and also killed I have killed all the geniuses of the Golden Armor Clan, leaving behind a traitor who brought me here. I have long known the biggest secret of your Black God Clan, so I will drive out this evil race of yours and kill them all once you give birth to ancient evil spirits! , will surely destroy all living beings!"

"Hahaha, you kid from the human race, you can't stop me!"

The high priest who turned into a black werewolf immediately laughed wildly: "Young man from the human race, the ancient evil demon will definitely be hatched! The road to hegemony of the Black God Clan will begin in the wilderness where you are!"

Ye Feng smiled coldly at this time and said: "You can't even deal with me, and you still want to start fighting for hegemony from the wilderness? Do you know how far our human race has developed now? I think you are staying here. It has been too many years and it has fallen behind. The outside world is changing with each passing day. Do you think you are strong? Do you think the ancient evil demon you hatched is strong? "

The moment the words fell, Ye Feng burst out with an extremely powerful momentum, and instantly rushed towards the high priest in front.

Ye Feng wants to prevent the ancient evil from hatching.

Even if the ancient evil demon really hatches and leaves this ancient ruins, the wilderness is protected by the Human Emperor, so it is estimated that the ancient evil demon will not be able to cause any trouble.

But Ye Feng knew that if the strong people outside knew that there was an ancient evil spirit inside, they would definitely kill them.

But in that case, Ye Feng would not be able to

Privately obtain this ancient evil egg.

Ye Feng's action this time was ultimately for his own benefit.

He wants to steal this ancient evil egg for himself!

Don't let others interfere!

So at this time, Ye Feng directly displayed the ancient vision of the golden troll and moved towards the high priest in the distance to suppress it.

A huge golden giant demon appeared behind Ye Feng, like an ancient demon god, standing up from the void, able to lift the sky and hold down the earth, full of vast momentum like the vast ocean, giving everyone It's all an extremely shocking visual impact.

"Crazy wolf howling in the sky!"

The high priest who turned into a black werewolf roared loudly, and a large amount of blood-red light suddenly emerged from his body. His hands immediately turned into dark claws, and he grabbed forward, as if to grab the entire body. Tiandu scratched out a piece of debris.

"Troll Crackdown!!"

Ye Feng also roared loudly at this time, fully erupting the power of the golden troll's ancient vision.

Boom! !

A boundless and huge fist, covering the sky and the sun, full of unparalleled impact and explosive power, hitting the entire void like a tsunami erupting, very terrifying.

"Boom!!"

"Crack!!"

Almost at the next moment, a fist of the golden troll smashed the high priest's wolf claw into pieces.

"ah!!"

The high priest of the Black God Clan immediately let out a scream.

"Get out of my way!"

Ye Feng stepped on the head of the golden troll. At this time, he controlled the golden troll's majestic body like a demon. He kicked out with a huge force and directly kicked the black werewolf far away. The rumble shattered a large area of the mountain.

"hiss!"

Countless members of the Black God Clan couldn't help but gasp when they saw this scene.

In their minds, this young boy from the human race was like a descendant of a demon god. He was full of unparalleled power and was simply unstoppable. He looked down upon the world.

"Wow!"

The high priest of the Black God Clan was directly kicked back to his original form, and became an old man again. A mouthful of blood suddenly spurted out from his mouth. The light in his eyes also dimmed a lot, and his vitality was exhausted.

"Buzz!"

But suddenly at this moment, a breath that made everyone in the room, including Ye Feng, feel extremely palpitated, came from the direction behind the Black God Clan's snow-capped mountains.

This kind of aura is full of deep ferocity, cruelty, endless evil, and bloodthirsty. It is simply like a fusion of all negative emotions.

"This breath is..."

Ye Feng stood on top of the golden troll's head, and his eyes were slightly startled at this moment.

Because of the sudden aura, even he felt deeply fearful.

"Hahaha....."

Suddenly at this time, the high priest of the Black God Clan who was buried in the ruins not far away and had exhausted his vitality burst into laughter. His old face was full of madness and ferociousness: "This is the aura of the ancient evil demon! The ancient evil egg has finally hatched successfully! The ancient evil demon is about to fully revive! No matter how strong you are, no

matter how strong you are, even if you are the descendant of the human god, with your current weak cultivation, no matter how strong your combat power is, you He will soon die without a burial place!"

Chapter 1970 It belongs to me

The moment the ancient evil spirit appeared, the high priest of the Black God Clan felt extremely excited.

A group of Black God Clan people on the snow-capped mountains were all cheering at this moment.

"Great! The ancient evil devil's egg has finally hatched successfully!"

"Soon our Black God Clan will fight for hegemony in the world!"

"Yes! The high priest said that even the ancient evil demon that has just been hatched has the cultivation level of the tenth level of the highest level of the Titled God Realm, the seventh level of the God Emperor Realm!"

...

At this moment, countless Black God Clan members could not help but cheer excitedly, their voices full of excitement.

Because their biggest backer has appeared!

That's the ancient evil that hatched from that magic egg!

Uh-huh!

At this time, Emperor Chu turned into a small red light person and flew out of the storage ring.

He stared at the direction behind the snow-capped mountains not far away, and his tone was also deeply solemn as he said, "Ye Feng, this aura is so scary, it seems like an ancient evil demon."

Ye Feng nodded, his eyes a little solemn at this time, and said loudly: "The devil egg left by the ancient evil devil has hatched successfully."

Emperor Chu also had a hint of surprise in his eyes at this time, secretly using his strength, and said: "It seems that we will have a tough battle next."

Just at this time.

Rumble...

Along with a tremor of the mountains and the ground, an extremely tall evil figure stood up from behind the snow-capped mountains.

This majestic figure was so tall that it was like a black mountain that suddenly rose from the ground and stood tall, giving people a very shocking visual impact.

At this moment, everyone saw clearly the true face of this ancient evil demon.

Although it has only just hatched, it is extremely majestic and has a very ferocious appearance.

This ancient evil demon is covered with densely packed black scales, glowing with a cold metallic luster under the sunlight, giving people a dark and deep sense of vicissitudes of life.

Moreover, this ancient evil demon has two huge black wings growing on the back of its tall body. There are no feathers on the black wings, and all they grow are dense black scales.

His face was blood red and sunken, and his pupils were like two blood-colored moons, blooming anytime and anywhere even during the day.

Shining with bright red light, it looks extremely evil.

In any case, the moment this ancient evil demon appeared, all the Black God Clan members cheered with extreme joy.

Because the Black God Clan has been lurking here for so many years just to wait for the hatching of this ancient evil demon.

If they rashly left this ancient ruins and entered the outside world, they would definitely be besieged by many powerful races.

But with such a terrifying ancient evil demon, who has just hatched and possesses the super-powerful cultivation of the tenth level of the God-Emperor Realm, it is definitely a terrifying trump card.

If this young ancient evil demon is given time, perhaps he will be able to grow directly beyond the Titled God Realm and step into the legendary Tao Realm in a few decades or even hundreds of years.

At that time, even if they, the Black God Clan, left this ancient civilization ruins and entered the outside world, they were no longer afraid of some powerful races around them.

At this moment.

Uh-huh!

The high priest of the Black God Clan struggled to get up, and then flew high into the sky.

Light flashed in his hand, and a black scepter appeared.

The top of the black scepter is inlaid with a blood-colored gemstone, which is the size of a fist and is emitting light.

At this time, the high priest of the Black God Clan held the ruby scepter in his hand, and immediately pointed in the direction of Ye Feng, and said cruelly: "Ancient evil demon! Follow my orders! Eat this human boy alive!"

At this moment, the high priest of the Black God Clan is filled with endless elation. With the ancient evil demon in his possession, he is no longer afraid of everything.

"Boom!"

The moment the words of the High Priest of the Black God Clan fell, the ancient evil demon, as tall and majestic as a dark mountain, suddenly stepped from behind the snow-capped mountains. The whole earth was shaking, and it suddenly ran towards Ye Feng. Go, stretch out a huge devil's claw, and grab Ye Feng at once.

"Let me test how powerful this ancient evil is!"

Ye Feng was also full of fighting spirit at this time.

His Chaos Body has just been improved.

Just try it now

Let's test whether the Chaos Body is currently comparable to a young ancient evil demon!

"Boom!"

At this moment, Ye Feng did not use any of his inheritance, but simply clenched his fists. He was preparing to attack at high altitude, and he immediately bombarded the claws that the ancient evil demon had grasped.

"Boom!"

Almost at the next moment, a huge roar sounded, shaking the entire sky and earth.

"boom!"

Almost at this moment, Ye Feng's fist hit the ancient evil demon's fingernails.

At this moment, he immediately felt a huge force that could not be resisted at all, and he was suddenly shocked back from the ancient evil devil's fingernails.

"What a powerful body! It is indeed an ancient evil demon! An ancient evil demon in its mature stage is comparable to gods!"

At this moment, Ye Feng was immediately blown away by a huge counter-shock force, and hit the ground with a roar, smashing a large area of buildings at once.

But at this time, the ancient evil demon seemed to feel a sense of pain, and his fingernails shrank slightly.

"Hahaha! It's so happy! It's so happy!"

With a crash, Ye Feng flew out of the ruins of the earth.

Although he seemed a little embarrassed at the moment, the fighting spirit in his eyes was getting stronger and stronger.

"The Reincarnation Kung Fu of All Heavens!!"

Ye Feng roared, and a large group of reincarnation gears suddenly appeared in front of him. Ye Feng pushed this huge wheel of fate, full of the power of reincarnation, and quickly pushed towards the ancient evil demon in front.

"Boom!"

At this time, the ancient evil demon once again stretched out its black claws, covering the sky and the sun, suppressing it with a rumble, and even shattered the wheel of reincarnation in one fell swoop.

"Too strong!!"

At this time, many members of the Black God Clan who saw this scene, including the High Priest of the Black God Clan, all spoke out excitedly.

This ancient evil demon is simply devastating, and no force can withstand his attack.

"Boom!"

"Boom!"

At this time, the ancient vision behind Ye Feng, the huge golden troll, suddenly stretched out two big hands.

, and in one fell swoop he caught the demonic claws of the suppressed ancient evil.

"Crack, click, click..."

But the power of the ancient evil demon was too great. At this time, even the golden troll, resisting the devil's claws with both hands, was retreating step by step, and the ground beneath his feet was shattered.

Ye Feng's eyes showed deep excitement: "What a powerful ancient evil! But it will soon be mine!"

Everything Ye Feng did just now was actually testing the power of this ancient evil demon.

Now that the experiment is over, this ancient evil power is very terrifying!

It is simply a steel fighting machine, like a heavy weapon of war, its power can really sweep across the world!

"What did this kid say?"

"He actually said that this ancient evil demon will soon belong to him! Hahaha! I almost died laughing!"

"Is this human boy mentally ill after being beaten so hard? How can he still say such nonsense when he is about to die? I think he has reached the end of his strength, and now he can only live with his mouth!"

...

At this moment, many people from the Black Armor clan on the snow-capped mountains burst into sarcastic laughter.

But high in the sky, Ye Feng's eyes were extremely solemn at this time, and he spoke to the little red light next to him: "Emperor Chu, you are now manifesting your power to suppress the ancient evil demon in place. I will use evil Eye, I have subdued this ancient evil demon with dark attributes! This is a powerful helper for growth! I really want to thank the Black God Clan for their hard work for so many years!"

Buzz!

And just as Ye Feng was talking, his eyebrows suddenly split.

A dark eye was revealed.

It is the eye of sin!

A terrifying dark power that made everyone on the field change their expressions was emitted in an instant.

Even the ancient evil demon opposite had a pair of scarlet eyes with a look of uncertainty at this moment, and actually began to retreat.

"What kind of eyes are these?!"

Seeing that the ancient evil demon retreated, all the Black God clan members with sarcastic smiles on their faces suddenly stiffened their smiles.

Even the high priest of the Black God Clan, whose originally triumphant expression at this moment suddenly froze.
