

Ancient 1971

Chapter 1971 Destroy it

At this moment, the eyes of the High Priest of the Black God Clan were full of incredulity.

He was connected to the heart of the ancient evil demon, so he could feel that the ancient evil demon was full of fear at this time.

"How can something like an ancient evil demon, which is comparable to gods, feel fear?"

This made the High Priest of the Black God Clan feel a little weird.

Because in his understanding, the ancient evil demon is comparable to the gods and is a supreme existence. There is simply nothing in this world that can make the ancient evil demon feel afraid.

But at this moment, something impossible happened.

And the person who caused all of this was an ordinary-looking human boy.

"How is this possible! I don't believe it!"

The high priest of the Black God Clan let out an incredible roar at this time. .??.

"Buzz!"

But at this time, the evil eye between Ye Feng's eyebrows burst out with dark power.

As Ye Feng floated forward, the huge and majestic ancient evil demon, like a dark mountain, slowly retreated at this moment, obviously out of fear.

"Ancient evil! Your emperor is back!"

Ye Feng suddenly spoke up.

Exuding the majesty of the Dark Emperor.

The Eye of Sin is the most essence of the Dark Emperor.

So at this time, Ye Feng merged with the Eye of Sin, which is equivalent to becoming the spokesperson of the Dark Emperor.

For all the dark races, Ye Feng can be said to be the emperor by blood.

So at this moment, the moment Ye Feng finished speaking.

Under the shocked gazes of countless people, the terrifying ancient evil demon suddenly knelt down in fear.

An ancient evil demon full of ferociousness knelt down to Ye Feng at this moment.

This scene has an extremely terrifying visual impact.

"How can this be....."

"How could a noble ancient evil demon kneel down to a human boy?"

...

At this time, countless Black God Clan members saw the scene in front of them, their eyes widened, and their faces were filled with dull expressions.

At this time, they were completely suspicious of life.

Because everything that happened today had a huge impact on their cognition, it could be said that their outlook was shattered.

"impossible!"

At this time, the High Priest of the Black God Clan suddenly roared crazily, raised the ruby scepter in his hand, and shouted: "Ancient Evil! Obey my order! Crush this human boy to death!"

"it's useless."

Ye Feng suddenly spoke up.

He looked at the high priest of the Black God Clan who looked crazy and ugly, smiled indifferently and said: "High Priest of the Black God Clan, thank you for cultivating this ancient evil demon for me over the years. This ancient evil demon will be my helper in the future. "

When the high priest of the Black God Clan heard what Ye Feng said, his face immediately turned red. He was so angry that he pointed his finger in the direction of Ye Feng, trembling his fingers, and said loudly: "You... poof!!"

The high priest of the Black God Clan couldn't even say a word at this time. He was so angry that he spat out a mouthful of blood, and then fell from the sky. \u003c

br\u003e

Looking at this scene, all the Black God Clan members felt deep despair and powerlessness.

At this time, Emperor Chu, who was floating next to Ye Feng, took action.

"Boom!"

Emperor Chu instantly transformed from a small red light man into a majestic red light giant tens of thousands of meters tall.

He jumped down from a high altitude in one fell swoop and pinned the mountain-like ancient evil demon to the ground.

Although now Ye Feng has temporarily frightened the ancient evil demon through the Eye of Sin.

But if he wants to truly control this ancient evil demon and use it for himself, Ye Feng also needs to imprint his own soul mark on the head of this ancient evil demon. This is the most guaranteed way.

"Roar!!"

The ancient evil demon seemed to feel an inexplicable crisis. He immediately struggled crazily and made a terrifying roar. His body was covered in black light, which almost covered up the light of Emperor Chu's giant red light.

At this time, Emperor Chu shouted at Ye Feng, who was floating in the sky not far away: "Hurry up and take action! I can't suppress it anymore! This ancient evil demon is really fierce!"

When Ye Feng saw this scene, he immediately nodded and flew in front of the ancient evil demon.

The ancient evil demon was extremely huge, and its head was as big as a mountain.

Ye Feng floated in front of the ancient evil demon at this time, and his whole body was only as big as one of the ancient evil demon's eyes.

But at this moment, Ye Feng used the Eye of Sin, and the aura of the Dark Emperor on his body was infinitely majestic, crushing the ancient evil to death.

At this time, Ye Feng immediately stretched out a hand and pressed it directly on the huge ugly head of the ancient evil demon.

"Soul Emperor Seal!"

At this moment, Ye Feng released his powerful soul inheritance.

Soul Emperor Seal!

boom! !

Almost at the next moment, Ye Feng's soul body directly entered the soul world of the ancient evil demon.

Then he began to imprint his own soul mark on the soul world of the ancient evil demon.

There is the suppression of the Eye of Sin, coupled with the terror of the Soul Emperor Seal itself.

Ye Feng successfully imprinted his soul imprint on the soul world of the ancient evil demon.

"It's done!"

The next moment, Ye Feng's eyes were filled with joy and he immediately spoke out.

"call!"

Emperor Chu also breathed a sigh of relief at this time, and immediately let go of the ancient evil demon in his hand, and then turned into a red light and returned to Ye Feng's storage ring.

At this moment, Ye Feng stood on top of the ancient evil demon. With Ye Feng's thought, the ancient evil demon immediately stood up.

Boom!

Boom!

Ye Feng controlled the majestic body of the ancient evil demon and stepped forward fiercely, directly trampling all the snowy mountains where the Black God Clan lived.

Broken.

The power of the ancient evil demon is really terrifying!

Although it has just been hatched, it already has the cultivation level of the seventh level of the God Emperor Realm and the Tenth Level of Heavenly Perfection!

And you must know that the ancient evil demon's current body is stronger and stronger than Ye Feng's current chaotic body on the tenth level in the early stage of the fourth heaven.

"Boom!"

"Boom!"

Ye Feng stood on the head of the ancient evil demon and controlled the ancient evil demon. In almost a few moments, he had destroyed all the buildings of the entire Black God Clan.

"Hahaha! This kind of power is so terrifying! It's so exciting! Destroy it! Destroy everything!"

Ye Feng laughed loudly and controlled the ancient evil demon. The terrifying destructive power made all the members of the Black God Clan feel deep despair.

At this time, the high priest of the Black God Clan suddenly turned extremely pale.

He wanted to escape.

"boom!"

But at this moment.

A big hand of an ancient evil that covered the sky had already covered the top of his head, directly grabbing the high priest of the Black God Clan and sending it to Ye Feng.

At this time, looking at Ye Feng, who was standing high above the ancient evil demon, the eyes of the high priest of the Black God Clan were full of despair.

All his efforts and the hundreds of years of accumulation of the Black God Clan were all contributed to the ancient evil demon.

But now all of this has become Ye Feng's wedding dress.

The high priest of the Black God Clan stared at Ye Feng, showed a sad smile, and said loudly: "Human race, don't be complacent for too long, you have been assimilated by the dark race, and you are destined to be the enemy of the entire God Realm in the future. You will be hunted down by countless strong men until you have no way to go to heaven and no way to the earth. I believe you will soon come to the underworld to accompany me..."

Poof!

But before the High Priest of the Black God Clan finished speaking, Ye Feng controlled the ancient evil demon and had already crushed the High Priest of the Black God Clan to pieces.

"You don't need to worry about my affairs yet."

Ye Feng looked at the broken body of the Black God Clan's high priest and just smiled coldly.

"Swallow!"

And at the next moment, Ye Feng released the Devouring Domain at once, covering the just-dead High Priest of the Black God Clan in his own devouring vortex, and then began to frantically absorb all the energy in the body of the Black God Clan High Priest. Skill and blood energy.

"Rumble..."

Waves of pure and majestic power were immediately injected into Ye Feng's body, quickly strengthening his cultivation and skills.

At this time, Emperor Chu just suddenly flew out of the storage ring.

With a hint of excitement in his eyes, he picked up the ruby black scepter that fell to the ground after the high priest died.

"The origin of the magic weapon in this scepter seems to be very delicious. I should be able to continue evolving after I swallow it."

Emperor Chu murmured, and then returned to the storage ring with the black scepter set with rubies.

And this time.

"boom!"

"boom!"

\u003e "Boom!"

Three huge new martial arts auras burst out from Ye Feng's body.

After devouring and refining the entire high priest of the Black God Clan, Ye Feng directly broke through the third heaven, from the sixth level of the third level of the divine realm to the sixth level of the sixth level of the divine realm!

“The breakthrough feels so good!”

Ye Feng opened his eyes.

The eyes exuding black energy suddenly focused on the groups of Black God Clan members below.

This Black God Clan has been gestating in the ruins of this ancient civilization for nearly hundreds of thousands of years.

Therefore, there are nearly hundreds of thousands of Black Gods in the entire Black Gods tribe.

At this moment, Ye Feng directly ordered the ancient evil demon: "Don't let any Black God clan go, I will refine the entire Black God clan today!"

Ye Feng's words pronounced the fate of the entire Black God Clan.

That is, perish!

"Boom!"

At this moment, the ancient evil demon immediately waved its huge hands, and the big black hands that covered the sky were snapped from high altitude. All the Black God clan members were shattered amidst screams. The black His blood stained the entire mountain.

"Eat it to your heart's content!"

Ye Feng didn't hesitate at this time, his eyes were cold and ruthless, and he fully released his devouring domain.

Buzz!

At this moment, the entire sky turned dark.

A kingdom of darkness spread from Ye Feng to the surroundings, covering the entire high mountains.

Hundreds of thousands of Black Gods, all their blood energy was absorbed at this time.

Although these ordinary members of the Black God Clan are not powerful.

But after all, it is a relatively advanced ancient race.

Therefore, the energy provided by hundreds of thousands of Black Gods together is quite majestic.

"Rumble..."

At this moment, waves of majestic energy, like the Yangtze River, began to pour into Ye Feng's body, roaring and roaring in his limbs, like a furious dragon.

"boom!"

The sixth level of the divine realm, the seventh heaven!

"boom!"

The sixth level, the eighth level of the divine realm!

"boom!"

The sixth level of the divine realm, the ninth level!

Finally, Ye Feng's cultivation stopped.

At this time, Ye Feng could feel the extremely terrifying power surging in his body.

This time when he came to the Black God Clan, not only did his cultivation level get a huge improvement, but he also got such a super powerful combat power from the ancient evil demon, which was equivalent to a terrifying war machine. Ye Feng can be said to have gained a huge amount.

At this time, Ye Feng looked down from high in the sky.

He saw bones all over the mountains and plains.

Those are all dead Black Gods.

All the blood, energy and life were swallowed up.

"Come on, it's time to leave."

Chapter 1972 Angry from shame

On the way back, Ye Feng put the ancient evil spirit in a storage ring.

The identity of the ancient evil demon is very special, so it cannot be revealed to the outside. If it is discovered by other powerful people, there will definitely be a lot of trouble.

Therefore, Ye Feng knew very well that the Ancient Evil Demon's trump card would not be revealed easily after he went out.

It can only be regarded as a hidden trump card.

It can only be released if forced to do so.

Otherwise, the trouble will be huge.

Ye Feng's speed was very fast, and he arrived at the exit of the ancient civilization ruins in a blink of an eye.

It has been a month since the True Inheritance Trial.

So at this time, it's time to go out.

When Ye Feng went out, he immediately saw that many core disciples of Yuhua Shenmen had gathered outside.

There were nearly half fewer people than when they first came to participate in the True Inheritance Trial.

Therefore, in this true inheritance trial, the core disciples of Yuhua Shenmen suffered a lot.

But those who stayed were all elites.

All of them are extraordinary people who have experienced blood and fire.

But at this time, the situation on the side of the Golden Armor clan was even worse.

At this time, outside, Ye Feng saw that where the Jinjia Clan was, the leader of the Jinjia Clan was standing there alone.

Obviously, in this True Inheritance Trial, not a single genius from the Golden Armor Clan came out.

Only Ye Feng knew what was going on.

Because almost all the Jinjia clan have been killed by him now.

At this time, Ye Feng walked to the core disciple area of Yuhua Shenmen.

He saw three members of the Excalibur Club in the crowd.

At this time, Fang Xiaoling and others saw Ye Feng returning safely, with joy in their eyes.

Ye Feng walked over and whispered: "Everything has been resolved. You didn't tell the elders about this, right?"

Fang Xiaoling immediately shook his head and whispered: "We strictly follow what you said, Ye Feng. We will not tell the elders until the final moment."

Ye Feng immediately nodded. It would be better for others not to know about this matter.

If you find out and it involves you, it will be more troublesome. Then you may not even be able to explain it clearly, and you may even be targeted by some super powerful people.

After all, ancient evil spirits are growing ancient creatures, and some big forces are extremely eager to do so.

If a big force gets the ancient evil demon, they can use various resources to cultivate it, and it is even possible to cultivate a super trump card that can become the basis for the suppression of the entire big force.

At this time, Ye Feng stood obediently in the crowd of core disciples of Yuhua Shenmen and said nothing.

In the following time, core disciples of the Yuhua Shenmen came back from the world of ancient civilization ruins one after another.

The disciples of the entire Yuhua Shenmen stood densely packed together.

But looking at the Jinjia Clan area not far away and opposite, the former leader of the Jinjia Clan is still standing there alone, looking extremely desolate.

"what happened?"

The leader of the Golden Armor Clan looked very ugly.

Because this is almost the end of the True Inheritance Trial, and no genius from their Golden Armor Clan has come out.

Even the most powerful genius of their Golden Armor Clan has no trace of him until now.

At this moment, the leader of the Golden Armor Clan was about to explode.

Could it be that their Jinjia Clan has been completely wiped out?

At this time, suddenly a figure covered with golden scales walked out of the stumbling ruins of ancient civilization.

This is a genius from the Golden Armor Clan!

One came out!

At this time, the entrance to the ancient civilization ruins has been slowly closed.

"impossible!!"

At this moment, the leader of the Golden Armor Clan's mentality exploded.

A large number of core disciples came out of the Yuhua Shenmen opposite.

But in the end, only one of their Golden Armor clan came out.

This strong contrast made the elders of the Jinjia clan look gloomy and crazy to the extreme.

The elder of the Jinjia Clan immediately stared at a group of Yuhua Shenmen disciples not far away, his eyes were extremely fierce, and he yelled: "You guys! What on earth did our geniuses from the Jinjia Clan go through inside?" ?"

A group of core disciples of the Yuhua Shenmen were now being pressured by the elders of the Golden Armor Clan, and they couldn't help but retreat under the pressure.

At this time, Ye Feng stepped forward fiercely, and a terrifying aura suddenly burst out from his body.

"Boom!!"

That kind of terrifying momentum was like a vast ocean, like an ancient giant suddenly stood up from the ground, resisting all the pressure from the elders of the Golden Armor Clan.

"What?!"

At this moment, the powerful momentum erupting from Ye Feng simply caused everyone in the audience to fall into deep shock.

Especially the elder of the Golden Armor clan opposite, a look of horror immediately appeared on his face.

"The sixth level of the divine realm, the ninth level!!"

"Boy! How could you have such a strong cultivation level?"

"No wonder none of the geniuses from our Golden Armor Clan came out! You must have killed them all! You are really guilty!"

The elder of the Golden Armor Clan immediately roared angrily.

There was a look of extreme madness on his face.

At this time, a group of core disciples of the Ascension God Sect suddenly stood up and said: "You geniuses from the Golden Armor Clan actually dare to join forces with the evil Black God Clan to destroy the core of our Ascension God Sect. All the disciples were trapped and killed. Fortunately, Senior Brother Ye Feng is so powerful that he succeeded us. Now you still have the nerve to say that Senior Brother Ye Feng's sins are monstrous. I think it's you, the Jinjia Clan, who are guilty of monstrous sins!

"

At this time, a group of core disciples of the Yuhua Shenmen were talking, and the elder of the Golden Armor Clan immediately showed a deep and ferocious look on his face.

"I don't care! I only know that this hateful boy killed all the geniuses of our Golden Armor clan. This is a heinous crime. I will kill this boy on the spot!!"

The elder of the Golden Armor clan made a cruel voice.

boom!

His entire body suddenly began to expand, and it expanded directly across the entire earth into a golden snake that was truly several kilometers long!

This is the true form of the elder of the Golden Armor Clan!

"Rumble..."

The big snake covered with golden scales was full of monstrous rage, overwhelming the sky, and roared away in the direction of Ye Feng in an instant.

Full of boundless destructive power and power!

At this moment, the elder of the Jinjia clan was obviously furious.

He only has crazy killing intent in his heart now, and wants to kill Ye Feng, the most brilliant disciple of Yuhua Shenmen!

Only in this way can the elders of the Jinjia Clan feel better.

And this time.

Ye Feng's eyes were extremely calm.

He stared at the golden snake that was coming towards him, without any fear in his eyes.

If it were before, Ye Feng would still be very afraid of this kind of elder powerhouse.

So now after going through the baptism of this True Inheritance Trial, Ye Feng has grown to an extremely powerful level and is no longer afraid of these elders of the Golden Armor Clan.

Ye Feng's eyes were extremely cold at this time, like sharp swords, and he said fiercely: "Elder of the Golden Armor Clan! If you want to fight me, then I will play with you!"

boom!

Under the excited gazes of many core disciples of the Yuhua Shen Sect, Ye Feng's whole body suddenly burst out with divine light, like a young god, suddenly rushed to the sky, bursting out with unparalleled combat power!

Chapter 1973: Overcoming the Elders of the Golden Armor Clan

At this moment, Ye Feng rushed to the sky, and the divine light blooming from his body shone brightly across the sky, dazzling and dazzling, giving people a very shocking feeling.

The big golden snake not far away was uttering words at this moment: "Boy! I didn't expect you to have the courage to fight me! Then I will help you and let you die without a burial place!"

At this moment, the golden snake spat out a large red seal from its mouth.

This big red seal suddenly expanded into the size of a mountain in the high air. It was majestic and boundless, exuding a vast and suffocating aura, and contained immense power, as if it could suppress everything.

But at this time, Ye Feng just waved his big palm and slapped it hard towards the big red seal.

"Clang!!"

A huge roar suddenly sounded high in the sky.

"What?"

What shocked the golden snake was that one of Ye Feng's hands and fingers were like iron bars, and they were able to withstand the red seal.

"What a powerful body!"

The last group of core disciples of the Yuhua Shenmen couldn't help but exclaimed.

"As expected of Senior Brother Ye! That's amazing!"

Everyone couldn't help but feel excited.

It must be said that this is a very encouraging thing for a super monster to appear in their Ascension God Sect who can compete with the elders of the Golden Armor Clan.

Not only did they defeat the other young talents!

He is able to compete head-on with the opponent's elders and strong men!

"The combat power explodes!"

"Senior Brother Ye is violent!"

At this moment, a group of core disciples of the Yuhua Shenmen could not help but cheer.

And at this moment, high in the sky.

Ye Feng's big chaotic-colored hand repeatedly struck the big red seal, making a series of metallic roars that resounded throughout the sky.

Even at the end, fingerprints appeared on the surface of the big red seal, which looked shocking. It was an unimaginable force that made people frightened.

But at this time, Ye Feng was quite surprised in his heart.

He knew that his Chaos Body was very powerful, enough to shatter many magical weapons.

But unexpectedly, the big red seal spit out by the golden snake was not damaged, but there were some palm prints made by himself.

But just when Ye Feng was secretly surprised, the elder of the Golden Armor clan who turned into a golden snake opposite him was filled with deep shock at this moment.

Because of his big red seal, the magic weapon that he has been practicing for hundreds of years is made of an extremely strong material. Even the power of the top tenth level of the God Emperor Realm and Dzogchen Dzogchen is strong in the Titled God Realm. , and it cannot be destroyed.

But at this moment, the core disciple of Yuhuashen Sect in front of him, such a young boy, is suddenly

With his palm, he made so many finger prints on the surface of the big red seal.

This is simply unimaginable!

"What is this boy's body made of?"

At this moment, the golden snake's eyes were full of surprise and uncertainty.

Originally, the golden snake felt that if it transformed into its true form, it would definitely be able to crush a young man like Ye Feng.

But in the end, Ye Feng's super fighting power and terrifying body strength deeply shocked the Jinjia clan elders.

"The Golden Emperor controls the sky!"

Suddenly at this moment, the elder of the Golden Armor clan roared.

He has displayed a very powerful inheritance.

The golden snake suddenly merged with the red seal and turned into an extremely huge metal giant. The whole body was made of gold and was full of cold and terrifying power.

"Boom!"

This is the Golden Emperor!

It is a very ancient fusion technique of the Jinjia Clan!

A weapon giant that can fuse its body with powerful magic weapons and then transform into a living body. It has incredible defense and hardness, as well as extremely terrifying attack power and destructive power.

"The Reincarnation Kung Fu of the Heavens!"

At this moment, Ye Feng did not hesitate at all, and directly used the Heavenly Reincarnation Kung Fu, a secret skill of the Feathered God Sect, to counter the fusion technique of the elder of the Golden Armor Clan on the opposite side.

If Ye Feng had just entered the Yuhua Shenmen in the past when his cultivation was relatively weak, he would naturally not have performed the Heavenly Reincarnation Skill under the spotlight, as this might arouse others' suspicion.

But now, Ye Feng has entered the ninth level of the sixth level of the Divine Realm. His strength is already considered the most powerful among the core disciples, second only to the legendary Holy Son.

So at this time, even if Ye Feng lets others know that he has practiced the Heavenly Reincarnation Skill, it doesn't matter. No one will doubt how he obtained the Heavenly Reincarnation Skill.

And even if others knew that he had obtained the reincarnation skill of the heavens through senior Shen Cangtian, no one would dare to say anything, because Ye Feng has now stood at a completely new level in the Yuhua Shenmen.

Moreover, Ye Feng is no longer afraid of Senior Shen Cangtian's enemy, the Lord of Era.

Although the Lord of the Era God is one of the ten great Lords of the Yuhua Shenmen, he has surpassed the level of the Titled God Realm and the Dao Realm.

But Ye Feng now knows that after this true inheritance trial, he is very likely to become the Holy Son. Even if he cannot become the Holy Son, he will become a core seed figure that the upper levels of the sect focus on cultivating.

Even if that Era God Lord has a good relationship with Shen Cangtian,

, will come to deal with him, Ye Feng is not afraid.

Because the upper echelons of the sect will not allow the Lord of Era to mess around.

Moreover, Ye Feng knew that he had saved Gu Taixu, the first-generation god lord of the Yuhua Shenmen for three thousand years in the ancient Tianlong Cave, and he had made a huge contribution to the Yuhua Shenmen. As long as he did not act recklessly, he could be said to be a leader in the Yuhua Shenmen. It's rampant.

So at this moment, Ye Feng did not hesitate at all, and directly released the reincarnation skill of the heavens to confront the elders of the Jinjia clan. ??

"Boom!"

A whirlpool of reincarnation suddenly appeared in front of Ye Feng. In the center of the whirlpool was a huge gear, which was the gear of destiny!

Every rotation of the gear of destiny will make Ye Feng's reincarnation vortex generate huge power, as if the six reincarnations have descended on the world, able to disintegrate all power and pull all existence into the abyss of reincarnation, making it impossible to escape.

"Boom!"

At this time, the golden metal giant that the elder of the Golden Armor Clan merged with his powerful magic weapon was suddenly restrained by the whirlpool of reincarnation. The two were evenly matched, and they were stalemate high in the sky.

"The Reincarnation Skill of the Heavens! I didn't expect you to have learned the secret technique of Yuhua Shenmen! No wonder it is so powerful! But if this is your final trump card, then I can only say that you will die next!"

The golden metal giant opened its big mouth at this time and spit out a golden light wave like a blazing flame.

"Boom!"

The golden light wave was extremely vast, like a golden blazing sun. It melted all the surrounding heaven and earth and everything in it. The scene was extremely terrifying.

This golden light wave is obviously the natal light of the golden metal giant, possessing the destructive and destructive power to melt everything.

"This is the golden fire of the Jinjia Clan! It can burn and melt all things in the world! It is said that the leader of the Jinjia Clan has tempered his own golden fire to an incredible level. When he opens his mouth and spits out the golden fire, it is like a round of fire. The golden sun can burn mountains and boil seas, and melt the entire earth!"

At this moment, a group of powerful core disciples of the Yuhua Shenmen couldn't help but change their expressions and retreated crazily towards the rear.

None of them could withstand the terrifying melting power of this golden fire.

Even if there are thousands of core disciples together, they cannot defend together.

From this, it can be seen that the golden light wave spit out by the elder of the Jinjia clan at this moment is terrifying.

"Do you want to take action?"

At this time, the leader of Yuhua Shenmen, who had been standing on the Black Iron City in the rear, looked at the direction not far away, and saw a bright golden color that had been dyed brightly by the golden light wave flames.

The leader of the Yuhua Shenmen couldn't help but murmured.

He never took action because he saw

The extraordinary thing about Ye Feng was that he felt that Ye Feng could defeat this Jinjia Clan elder.

But what he never expected was that the elder of the Jinjia clan, who was obviously determined to kill Ye Feng, was forced to use the magic weapon fusion technique, and finally used his trump card, directly killing his golden fire. They were all bombarded, obviously intending to kill Ye Feng.

A peerless monster like Ye Feng is the greatest treasure of the Yuhuashen Sect. Naturally, it is impossible for the leader of the Yuhuashenmen's True Inheritance Trial to let Ye Feng be harmed.

Seeing that Ye Feng might be about to die at this moment, the purple-robed elders in the Black Iron City immediately prepared to help.

"Huh? That's..."

But suddenly at this moment, the leader of the Yuhua Shenmen, who was about to take action, suddenly stopped again.

Because he saw that at this moment, flames of different colors emerged from Ye Feng's body. There were several kinds of flames, and all of them were powerful flames, surrounding Ye Feng. He actually blocked the golden light wave and the natal golden fire.

In fact, the flames on Ye Feng's body are constantly devouring the golden fire of the Golden Armor clan, as if they are trying to plunder it and become their own food.

"this....."

The leader of the Yuhua Shenmen was suddenly stunned.

This was the first time he had seen this incredible situation.

You know, the reason why the Golden Armor Clan is able to gain a foothold in this area is that the almost unsolvable golden fire accounts for a large proportion.

But now, Ye Feng resisted the golden fire, and even directly plundered and devoured it.

At this moment, a group of thousands of core disciples of the Yuhua Shenmen who were about to retreat crazily were stunned for a moment, and then began to cheer crazily.

"Senior Brother Ye is so awesome! So invincible!"

"Senior Brother Ye is really powerful!"

"I have been coming to Yuhuashenmen for so many years, and I have never seen anyone as evil as Senior Brother Ye."

"It's against the heavens! It's really against the heavens!"

"Idol! Senior Brother Ye will be my idol from now on!!"

...

Almost at this moment, among the thousands of core disciples, the eyes of the male disciples were full of deep awe, and the female disciples were also extremely excited. They stared at Ye Feng's incomparable heroic figure and unparalleled figure high in the sky. Her heroic figure and beautiful eyes have little stars of adoration popping out.

"How can it be!!"

At this time, the elder of the Jinjia Clan suddenly let out a horrified scream when he saw that the natal golden fire he had released was being engulfed by the flames of various colors around Ye Feng, turning into a golden metal giant.

Ye Feng's eyes were extremely calm at this time. He was running the Ancient Burning Heaven Technique and began to smelt this natal golden fire.

Chapter 1974 Leave quickly

Buzz!

At this moment, Ye Feng activated the Ancient Burning Heaven Technique and began to absorb and fuse the powerful golden fire of his life.

"How can this be!"

The elder of the Jinjia Clan made a terrifying sound.

There was a tremor in that voice.

Because he never thought that the golden fire of his own life, which he was most proud of, would be absorbed by the other human race.

"This is impossible!"

The elder of the Golden Armor Clan, who had turned into a golden metal giant, roared and increased the injection of his natal golden fire.

But all is to no avail. .??.

Under the smelting of Ye Feng's Ancient Burning Heaven Art, no matter how much golden fire the Jinjia Clan elder injected, it was still all absorbed by Ye Feng and integrated into Ye Feng's natal flame.

At this moment, the multi-colored flames on Ye Feng's body once again had a golden flame, which was the golden fire.

Ye Feng could feel that the original quality of his natal flame had once again been improved by one level.

The level of his natal flame at this time was successfully upgraded from the second-grade mid-level to the second-grade high-level.

At this moment, Ye Feng stared at the ugly gold metal giant in front of him, with a cracked smile at the corner of his mouth, and said loudly: "Elder of the Jinjia Clan, I want to thank you for giving me another powerful and advanced gold for free. Fire has transformed my natural flame, and I am stronger now."

"Boom!!"

Almost at this moment, Ye Feng suddenly punched out.

His fist was all burning with his natal flame, full of infinite explosive and destructive power.

"Pfft!"

Almost at the next moment, Ye Feng's flaming fist punched through the chest of the golden metal giant in front of him.

"ah!!"

The elder of the Golden Armor Clan suddenly let out a loud roar of extreme pain.

He never thought that Ye Feng, a seemingly ordinary human race boy, could burst out with such terrifying and boundless fighting power.

Moreover, the method in hand is still very weird. Even the golden fire that the Jinjia clan is proud of was eventually absorbed by Ye Feng. Instead, it became Ye Feng's nourishment, improving Ye Feng's natural flame.

This is incredible!

Even call it incredible!

"don't want!"

Seeing Ye Feng continue to rush over, the elders of the Jinjia clan looked frightened and begged for mercy.

"It's too late to beg for mercy now!"

Ye Feng smiled coldly, and under everyone's shocked gaze, he suddenly stretched out a palm and crushed the head of the Jinjia Clan elder.

"ah!"

Along with an earth-shattering scream, the elder of the Golden Armor Clan died instantly.

"hiss!"

"died?!"

Seeing that the elder of the Jinjia Tribe had his head crushed by Ye Feng's hand, a group of core disciples of the Yuhua Shenmen on the field were suddenly shocked.

In their eyes, the Jinjia Clan are very powerful. Let alone the elders of the Jinjia Clan, they are the young geniuses of the Jinjia Clan. Many core disciples dare not kill them for fear of causing huge disasters.

But now Ye Feng, directly under the eyes of everyone, killed an extremely powerful elder of the Golden Armor clan. This is simply shocking. It is something that many human races in the wilderness do not dare to do.

.

At this moment, several core disciples walked up to Ye Feng and said with some concern: "Senior Brother Ye Feng, if we kill this Jinjia Clan elder like this, will it cause great harm?"

Ye Feng shook his head with a smile and said: "In any case, I have killed many Jinjia clan geniuses in the ancient civilization ruins. Even if there is trouble, I have already had trouble, and I don't care anymore. Kill one more Jinjia clan elder."

"Don't worry about the so-called consequences."

Suddenly at this time, the purple-robed elder standing on the Black Iron City came over.

The leader of the core disciples of the Yuhua Shenmen stared at Ye Feng at this time and said loudly: "After returning to the sect this time, I will commend Ye Feng for your achievements. The upper level of the sect will definitely protect you. It's safe. If the strong men of the Golden Armor clan want to kill you, that is definitely something we cannot allow. You must be safe, don't worry."

Obviously, the purple-robed elder also hates the Jinjia clan extremely.

Over the years, strong men from the Golden Armor Clan have emerged in large numbers, and they have been vying for territory in the human race's wilderness.

Therefore, although the two major races signed a peace agreement on the surface, they have been fighting openly and secretly secretly.

Therefore, they are naturally very hostile to the elders of the Golden Armor Clan and Yuhua Shenmen.

At this time, Ye Feng nodded slightly.

In any case, now that you have established a relationship with this Jinjia clan, you don't have to worry about anything anymore, just let it go.

If they dare to offend me, then they will all be killed.

At this time, Ye Feng grabbed the body of the Jinjia Clan elder who was killed by him and put it into his storage ring, waiting to be returned to the sect for refining.

After all now

With so many people present, I can't directly devour and refine it.

The impact is too bad.

At this time, the purple-robed elder spoke out in front of the audience: "All surviving core disciples, hurry back to the Black Iron City at this time, and we hurry back to the sect, otherwise the most powerful people from the Golden Armor Clan will come over. , it's not easy for us to escape."

"Yes, elder!"

The core disciples of the Yuhua Shenmen all spoke out one after another, and then jumped up to the Black Iron City.

Ye Feng also jumped to the Black Iron City at this time.

Now, as the purple-robed elder said, it is most correct to leave as soon as possible.

After all, the Jinjia Clan suffered heavy losses in this True Inheritance Trial. If a powerful person from the Jinjia Clan really comes, there will be huge and serious consequences, and they may not be able to escape.

So at this time, it's best to leave as soon as possible.

Boom!

After everyone entered the Black Iron City, the entire huge black city immediately flew to high altitude, and then flew towards the direction of the Feathered God Gate, like a huge steel beast flying high in the sky, full of energy. With huge pressure and power.

Along the way, many beasts in the sky did not dare to resist the Black Iron City. Even the king of evil beasts in the sky were smashed into pieces when they touched the Black Iron City.

"You actually allowed us, the Jinjia Clan, to be wiped out. You can't just leave like that. You will all be buried with the geniuses of our Jinjia Clan."

Suddenly at this time, a majestic voice sounded.

"Oops! This voice seems to be the voice of the leader of the Golden Armor Clan!"

On the Black Iron City, the purple-robed elder who was driving the Black Iron City suddenly changed his eyes slightly.

Chapter 1975 Feeling of powerlessness

The majestic voice that suddenly sounded from high in the sky made everyone in the Black Iron City tremble inwardly.

Especially the purple-robed elder had an ugly look in his eyes.

Because of this voice, he recognized that it should be the voice of the leader of the Golden Armor Clan.

The leader of the Golden Armor Clan is definitely one of the top strong men in this area.

It is an existence at the level of the Tao Realm that transcends the Titled God Realm!

At this time, Ye Feng was also standing in the Black Iron City. For a moment, he felt an extremely terrifying aura that made people palpitate, and it instantly descended from high in the sky.

"Clang!"

As a result, at this moment, the entire Black Iron City seemed to have suddenly lost its ability to fly. It suddenly fell from a high altitude and hit the earth hard, directly smashing a large area of the ground and burying it. In ruins.

"It's the leader of the Golden Armor Clan!"

At this time, many core disciples came out of the Black Iron City one after another.

With a hint of shock and anger in their eyes, they looked in a certain direction not far away.

At this time, everyone saw that at the end of the sky not far away, the endless golden light formed a golden giant, towering under the sky, looking full of boundless shock.

That golden giant seemed to be full of endless majestic momentum, which made people fearful when they saw it, and they couldn't help but want to worship him.

This golden giant was manifested by the leader of the Golden Armor Clan.

This is definitely a being in the realm of Tao that transcends the realm of titled gods!

The aura on his body was really terrifying and powerful.

At this moment, the golden giant immediately strode over from a distance. With a step of tens of thousands of miles, he was in front of everyone in an instant.

It brought an extremely strong visual impact and spiritual impact to everyone.

At this time, everyone looked up and saw that the golden giant was hundreds of thousands of feet tall. It really looked like the only god in the world.

At this time, the golden giant was exuding terrifying and boundless pressure. All the core disciples of the Yuhua Shenmen on the field were trembling all over and could not help but kneel down.

This is a kind of terrifying pressure at the level of a super strong person in the Tao Realm.

The leader of the core disciples of Yuhua Shenmen, the purple-robed elder was staring at the golden giant in front of him with an extremely ugly look in his eyes. He couldn't help but said: "Chief of the Golden Armor Clan, you are such a Dao Realm level being. , dare to abandon your own face and take action against us juniors, aren't you afraid that the super strong ones from our Ascension God Sect will take action and fight to the death with your Golden Armor Clan?"

The golden giant immediately made a majestic and indifferent voice: "Who do you think among you Yuhua Shenmen dares to fight me? You must know that the Human Emperor will not care about the affairs between our two races, because you Human Emperor , we have reached an agreement with the Golden Emperor of our Jinjia clan and will not interfere with the affairs of the younger generation. "

At this time, the leader of the Golden Armor Clan said that the golden giant he had manifested directly emitted golden light from his pupils, forming a golden prison, which suddenly feathered all the people around the entire Black Iron City. All the core disciples of Shenmen were surrounded.

"this....."

Seeing the leader of the Golden Armor Clan imprisoning them without saying a word, the purple-robed elder shouted angrily: "Chief of the Golden Armor Clan! Do you really want to kill us all?"

The golden giant made a disdainful sound and said: "Who are you? Are you qualified to talk to me? Shut up! Your fate will be judged by me!"

Boom!

Almost at the moment the golden giant finished speaking.

He directly stretched out a big hand, and immediately bombarded it. Like a golden mountain, full of infinite weight, it directly bombarded the purple-robed elder, a strong man in the God Emperor realm, to the ground.

"Crunch, crunch..."

Big golden hands like mountains pressed on the back of the purple-robed elder, suppressing him until he collapsed to the ground. Blood was dripping from his eyes and bones all over his body were broken.

The purple-robed elder would rather die than give in. He straightened his spine and stared at the golden giant with blood-flowing eyes. He struggled and said: "Chief of the Golden Armor Clan, I...Cao...you... puff!"

The purple-robed elder spat out a mouthful of blood all of a sudden and almost fainted.

"Boom!"

Suddenly at this moment, a figure flashed to the side of the purple-robed elder. He immediately helped the purple-robed elder up, and then used his body to hold up the big golden hand like a mountain.

This figure is Ye Feng! .??.

Ye Feng stared at the golden giant at this time and said coldly: "I killed all the geniuses of the Jinjia clan and the leader of the Jinjia clan. If you want to imprison me, just imprison me. All this has nothing to do with my fellow disciples and elders."

Seeing Ye Feng stepping forward directly, many core disciples of the Yuhua Shenmen couldn't help but burst into tears.

At this time, the purple-robed elder with blood flowing from his eyes stared at Ye Feng beside him, and couldn't help but said: "Don't come out! You are the most talented person in the future of our Yuhua Shenmen, you shouldn't come out! Blame me Too weak to protect you."

At this time, the purple-robed elder was so angry that he fainted.

At this time, the leader of the Jinjia Clan, who transformed into a golden giant, stared at Ye Feng who suddenly appeared below with his golden eyes.

He never thought that the culprit who killed all the top geniuses of the Golden Armor Clan, and even the elder who led the team, was actually such a young-looking human race boy.

But it is because of this huge contrast that this

The leader of the Golden Armor Clan suddenly realized that the human boy in white clothes and snow in front of him was definitely a peerless existence that surpassed every generation of Yuhua Shenmen and Tianjiao.

Once he is given time to grow, he will definitely grow into an extremely terrifying big shot, or even a brand new human emperor.

Because even the leader of the Golden Armor Clan has never seen a young man with such terrifying fighting power.

It is conceivable that once he has super cultivation, he will definitely be able to burst out with earth-shattering combat power!

At this moment, the golden giant suddenly sneered: "You are a brave boy, but for the heinous crime you committed, I can only take you back and let all the elders of our Golden Armor clan judge you."

At this time, the leader of the Jinjia Clan was thinking of an extremely sinister plan, which was to take Ye Feng, an extremely terrifying human monster, directly back to his Jinjia Clan, wipe out Ye Feng's soul, and leave him behind. That powerful body was then transformed into a peerless genius of the Golden Armor Clan!

This evil plan was instantly born in the heart of the Jinjia clan leader.

So at this moment, the leader of the Jinjia Clan is only interested in Ye Feng, and he doesn't care about other people at all.

Buzz!

Almost at this moment, the leader of the Golden Armor Clan stretched out a big golden hand, full of irresistible power, and instantly grabbed Ye Feng, trying to completely imprison Ye Feng.

"No!"

At this time, many of the core disciples of the Yuhua Shen Sect showed unwilling expressions on their faces.

Because for them, Ye Feng saved them. Ye Feng can be said to be their savior and even the idol of many people.

But now, the leader of the Jinjia Clan, an older and powerful man, wants to capture Ye Feng directly.

This deep feeling of powerlessness makes all the core disciples of Yuhua Shenmen feel very uncomfortable.

Chapter 1976 Extremely Domineering

At this moment, the big golden hand, full of infinite weight, was about to catch Ye Feng.

Suddenly at this moment.

"Buzz!"

A huge ball of light suddenly flew over me from not far away, shrouding Ye Feng's entire body in it.

"Boom!" .??.

The golden giant's golden hand attacked the surface of the light group that enveloped Ye Feng, but was unable to break through the power of the light group.

"What?"

Everyone who saw this scene couldn't help but have horror in their eyes.

You know, this golden giant was manifested by the leader of the Golden Armor Clan.

The leader of the Golden Armor Clan is a transcendent existence in the Dao Realm that transcends the Titled God Realm!

But this small ball of light actually resisted the attacks of the powerful people in the Tao Realm!

"Um?"

At this time, even the leader of the Golden Armor Clan who had become a golden giant could not help but be a little surprised at this moment.

And suddenly the next moment.

boom!

boom!

boom!

...

A series of terrifying divine halos descended from the boundless heights in an instant, protecting Ye Feng's entire body.

There are a total of three thousand haloes, and in each halo, one can vaguely see a world hidden in it, and there seems to be countless lives living in it.

"Every halo is like a world!"

"A total of three thousand haloes and three thousand worlds!"

"Is this..."

A group of core disciples of the Yuhua Shenmen could not help but show deep excitement in their eyes.

They already guessed who the visitor was!

The secrets of the three thousand worlds can only be understood by one person in the entire Ascension God Sect.

That is, the first-generation God Lord of the Yuhua Divine Sect, Taixu God Lord, who disappeared three thousand years ago and has now returned!

"It's Senior Taixu here!"

Ye Feng's eyes suddenly lit up at this time.

This power of the three thousand god halo hides the majestic power of the three thousand worlds. Ye Feng has seen it with his own eyes before.

So at this time, he immediately felt a familiar breath coming.

Buzz!

Under the gaze of everyone, a young man wearing a blue robe with long black hair, with an extremely tall body, stepped down step by step from high in the sky.

Every step he took was like an ancient sacred mountain pressing down, full of endless pressure and power.

Even the golden giant incarnated as the leader of the Golden Armor Clan looked extremely fearful at this moment, and even couldn't help but stumble back several times.

step.

Finally, a young man with green robes and black hair stood next to Ye Feng and asked: "Ye Feng, are you okay? Did this old guy from the Jinjia tribe hurt you? If so, I Return it a hundredfold."

The young man's words were extremely domineering.

But he has the qualifications to say this.

Because he is the first-generation divine master of the Yuhua Shenmen, Gu Taixu!

In that era three thousand years ago, this Taixu God Lord had already shocked countless areas around the entire wilderness.

At this moment, Ye Feng clasped his fists and said loudly: "The younger generation has not been harmed for the time being, but the people of the Jinjia clan are really disgusting. The younger generation can't beat me, and the older generation can't beat me. Now even the clan leader There are all kinds of ancestor-level figures coming out, which is really despising."

Ye Feng's sarcastic words were almost tit for tat, and the face of the leader of the Golden Armor Clan not far away turned gloomy in an instant.

But the leader of the Golden Armor Tribe just looked at them with fearful eyes and did not dare to say anything at all.

Because he knew very well how terrifying God Lord Taixu was.

At this moment, Gu Taixu's eyes were deep, and he suddenly stared at the golden giant not far away, and said loudly: "The Jinjia clan is indeed looked down upon. The younger generation can't compare with them, so they just want to sneak attack on the strong older generation. If I hadn't happened to be passing by here, I might have succeeded. "

Ye Feng felt relieved when he heard what Gu Taixu said.

He was originally very curious that Gu Taixu rushed over in such a long distance in an instant.

It turned out that Gu Taixu happened to be passing by here.

Just happened to come across what happened here.

Otherwise, the consequences would be disastrous.

At this time, the leader of the Golden Armor Clan suddenly spoke up: "Lord Taixu, I don't mean to be an enemy of your human race in the wilderness. It's just that this core disciple of your Yuhua Shenmen seems to be called Ye Feng. He is really He was so arrogant that he actually took the initiative to kill all the geniuses of our Golden Armor Clan during the True Inheritance Trial. Moreover, the leaders of our Golden Armor Clan were all killed by him. Do you think this is a sin? monstrous?"

"Shut up!"

Suddenly Gu Taixu shouted loudly, his eyes were extremely cold, and he said loudly: "In this true inheritance trial, killing each other is not prohibited in the first place. Even fellow disciples are not prohibited from killing each other, let alone the two of us. Between races, I think you should know this very well, and I heard from my disciples that the genius of your Golden Armor clan actually secretly colluded with the evil race Black God Clan in the ruins of the ancient civilization. We want to ambush all the disciples of our Yuhua Shenmen, and Ye Feng can kill them all. Not only is this not a sin, but it is a huge credit!"

"you....."

!"

Hearing what Gu Taixu said, the leader of the Golden Armor Clan immediately couldn't help but look extremely ugly.

"I'm not done yet!"

Gu Taixu continued to speak: "Moreover, the leader of your Jinjia clan dared to bully the small ones with his big one. He didn't understand the situation at all, so he attacked Ye Feng. Ye Feng killed him directly. This is reasonable. As you should, Chief of the Golden Armor Clan, I advise you to hurry up and get out, otherwise I will change my mind later and I may keep you here, so don't even think about leaving. "

Hearing Gu Taixu's domineering tone, all the disciples of the Yuhua Shenmen felt extremely excited.

He is worthy of being the first-generation God Lord of their Ascension God Sect!

It's really domineering!

At this time, Ye Feng also stared at Gu Taixu with excitement in his eyes.

Only those who are as powerful as Taixu in ancient times are qualified to say such words.

The leader of a powerful race, the Golden Armor Clan, did not dare to say anything more.

"Damn it..."

At this moment, the leader of the Jinjia Clan was extremely angry.

He really wanted to kill Ye Feng.

But now, the three thousand worlds of Ancient Taixu are guarding Ye Feng, and there is simply no way to start.

Not to mention him as the leader of the Jinjia Clan, all the elders of the Jinjia Clan's elders are here. I'm afraid they won't be able to snatch people from Gu Taixu's hands.

At this moment, the leader of the Jinjia Clan stared at Ye Feng, secretly thinking in his heart, what is the relationship between this young boy and Gu Taixu, so that he can actually let a big man like the Lord Taixu personally take action for him.

"Still not leaving?"

Seeing the golden giant still standing there, Gu Taixu finally showed a cold look in his eyes.

"Three thousand world!"

"The gods will punish you!"

Suddenly Gu Taixu spoke up.

There was an earth-shattering murderous intent in his tone.

"Boom!"

Gu Taixu suddenly stretched out his hand and grabbed it from a distance.

In an instant, three thousand worlds appeared, emitting tens of thousands of divine light, forming a world prison, and suddenly surrounded the Jinjia Clan's leader.

"broken!"

Gu Taixu shouted coldly.

"Rumble..."

Immediately, there was infinite power of the world, leaning down from the surroundings and pressing towards the leader of the Golden Armor Clan.

"Crack, click, click!"

At this moment, cracks appeared in the entire body of the golden giant manifested by the leader of the Jinjia Clan, as if porcelain had been broken.

"ah!"

Even a strong Taoist like the leader of the Jinjia Clan screamed in agony for a moment. The pain was so extreme that he felt that his whole body was about to break.

"hiss!"

"powerful!"

"Too strong!"

At this time, a group of core disciples from the Ascension God Sect around them couldn't help but take a breath of cold air.

Their Taixu Divine Lord is indeed the first generation of the Yuhua Divine Sect, and his strength is really terrifying.

At this moment, the purple-robed elder who fainted just now also woke up.

He saw everything on the court with an excited expression on his face.

"Very good!"

The arrival of Lord Taixu made all the people of Yuhua Shenmen feel great encouragement.

At this time, they also had doubts in their hearts.

Why did Lord Taixu become so powerful?

This kind of strength is definitely much higher than the current top ten gods in the Yuhua Shenmen.

And you must know that although God Lord Taixu is the first generation of God Lord three thousand years ago, he has been imprisoned in the forbidden place of ancient Tianlong Cave for three thousand years. Whether it is skill, physical strength, or energy, he has been imprisoned in the forbidden place of Tianlong Cave for three thousand years. suffered huge losses.

But even so, God Lord Taixu is still extremely powerful, even more powerful than the top ten newly promoted God Lords today.

How is this done?

At this time, Ye Feng looked at the Taixu God Lord who burst out with overwhelming power with a wave of his hand, his eyes twinkling slightly.

Others don't know, but Ye Feng knows that although the ancient Taixu senior was imprisoned for three thousand years, after being rescued by himself, they also discovered the biggest secret in the ancient Tianlong Cave, the inheritance of the Tianlong Emperor.

It's just that the inheritance of the Tianlong Emperor at that time was so profound that he even left a inheritance book all written in the ancient demon clan's words, which normal people couldn't understand at all.

Therefore, the inheritance book of Emperor Tianlong was taken away by Gu Taixu, and was planned to be given to some upper-level antiques who specialize in writing in the Yuhua Shenmen to study and see if they could decipher the inheritance recorded in it.

So at this time, Ye Feng looked at the ancient Taixu in his prime, and at the God Lord Taixu with his peerless cultivation and powerful power. He guessed in his heart that Senior Taixu might have deciphered the inheritance of the Tianlong Emperor. That's why he suddenly recovered all his cultivation, and became so powerful, and his martial arts also improved a lot.

"Senior Taixu doesn't know if he still remembers what he said at that time. If the code is passed down by Emperor Tianlong, he will pass it on to himself..."

Ye Feng couldn't help but murmured at this time.

Thinking that he would also receive the unparalleled inheritance of the Tianlong Emperor, he couldn't help but feel a little excited in his heart.

Chapter 1977 Small Gift

While Ye Feng was thinking secretly, Gu Taixu was walking step by step towards the leader of the Golden Armor Clan.

The golden giant that the leader of the Golden Armor Clan transformed into was surrounded by three thousand worlds, and his whole body was about to be broken.

At this moment, the leader of the Jinjia Clan made a horrified voice: "Gu Taixu! How did you become so powerful now? This is impossible! You have been imprisoned in the ancient Tianlong Cave for three thousand years! You should have been decayed and weak. But how come you are stronger than your original peak?"

At this moment, the leader of the Jinjia Clan was filled with huge doubts.

At this moment, the purple-robed elder walked up to Ye Feng and whispered: "A great figure like Lord Taixu, who has never seen the beginning of the dragon, actually took action directly for you. It's really shocking. Ye Feng, you can There is no need to worry about safety issues. Although the leader of the Jinjia Clan exists in the Tao Realm, he is probably only at the first level of the Tao Realm, the Entering Tao Realm. As for the Taixu God Lord of our Yuhua Shenmen, he is currently in the Dao Realm. According to my judgment, I have already entered the second level of the Tao Realm, the Tao King!"

When Ye Feng heard the purple-robed elder beside him say this, his eyes immediately moved. .??.

Ye Feng has always known that the Dao realm above the Titled God Realm is also a super realm.

The realm of Tao also contains several major levels.

Therefore, beings who are both in the realm of Tao are also divided into strong and weak ones.

At this time, Ye Feng was curious and couldn't help but asked: "Elder Purple Robe, can I ask how many levels there are in the realm of Tao?"

The purple-robed elder nodded and said aloud: "When a practitioner transcends the seven levels of the Titled God Realm and enters the realm of Tao, the practitioner must begin to understand the power of Heaven's Dao between heaven, earth and the universe, and must constantly Understanding the way of heaven, integrating the way of heaven into one's own body, one can continuously achieve breakthroughs in cultivation. The realm of Tao is divided into seven levels. The first level is the realm of entering the Tao, the second level is the King of Tao, and the third level is the Tao King.

The third level is the Tao Emperor, the fourth level is the Tao Lord, the fifth level is the Tao Sage, the sixth level is the Tao Emperor, and the seventh level is the final level, revered as the Tao Ancestor! "

When Ye Feng heard what the purple-robed elder said, he couldn't help but take a breath of air.

Unexpectedly, the realm of Tao is divided into so many levels.

It can be seen from this that the road to spiritual practice is still a long one.

Still very far away.

At this time, Ye Feng somewhat understood that the ten major divine masters of the Yuhua Shenmen, as well as the Jinjia clan leader who was trapped in the three thousand worlds at this moment, were probably all at the first level of the Tao realm, and Gu Taixu was A senior who originally may have only entered the first level of the Tao Realm, but recently it is estimated that with the help of the inheritance of the Tianlong Emperor, he has re-understood the Tao of Heaven and stepped into the second level of the Tao Realm, the Tao King!

"I wonder what level the Human Emperor of the Desolate Realm, the Phoenix Human Emperor, who scared the Dark Head of State away at that time, was? He was probably at least a third-level Dao Emperor in the Tao Realm, or even a fourth-level Dao Lord."

Ye Feng thought secretly in his heart.

At this moment, Ye Feng continued to ask: "Elder Purple Robe, what kind of state is there after surpassing the final Dao Ancestor after the seven levels of the Dao Realm?"

When the purple-robed elder heard Ye Feng ask this question, he couldn't help but smiled bitterly, shook his head, and said loudly: "Even I can't touch the level above the realm of Tao. I'm afraid only big figures like Lord Taixu can do it." , to know, by the way, Ye Feng, after returning to the sect this time, if you have a chance, you must ask the Taixu God Lord to see if you can enter the overlord force in the Qingtian Domain affiliated to our Desolate Domain. , Qingtian Holy Land!

It's a real big stage! There are countless geniuses in it, from all major races. I think it is the most suitable place for a peerless monster like you, Ye Feng. "

Ye Feng knew that Elder Zipao was really thinking about himself, so he immediately said solemnly: "I understand Elder Zipao's suggestion, and I will ask about it."

At this time, when he heard what the purple-robed elder said about the Blue Sky Holy Land in the Blue Sky Territory, Ye Feng couldn't help but recall a beautiful figure in his mind.

Ye Feng had previously rescued a female disciple from the Blue Sky Holy Land named Lu Qianqian. The ancient vision of the golden troll that Ye Feng obtained was stolen from the golden demon clan by Lu Qianqian and given to him.

Ye Feng still has a strong interest in the broader Blue Sky Domain and the more powerful Blue Sky Holy Land.

"Gu Taixu! You have actually become the second-level Dao King in the realm of Dao! How did you do it! You have been wasted for three thousand years. This is impossible!" .??.

Suddenly at this time, the leader of the Golden Armor Clan, who was trapped in the Three Thousand Worlds not far away, finally couldn't hold on anymore, and the password was to yell like crazy.

Gu Taixu smiled coldly, with a cold look in his deep eyes: "The patriarch selected by the elders of this generation of Jinjia Clan is not good. He is too weak. You actually dare to try to obliterate our Yuhua Shenmen's most amazing talent. You are such a talented person, I will pay you back a hundredfold!"

"Boom!"

Suddenly at this time, Gu Taixu stretched out a hand, and his hand immediately turned into the hand of the world, full of endless majesty and vastness, as if he had mastered the entire universe and stars, and he caught it in an instant. The space around the leader of the Golden Armor Clan was then squeezed fiercely.

"Crack, click, click!"

In an instant, in the horrified eyes of countless people, Gu Taixu's big hand actually crushed the entire space, and then

After that, the space fragments and cracks were quickly compressed, eventually forming an extremely dense space field, compressing the Jinjia clan leader, a super strong man at the first level of the Tao realm, into a small ball of diamond blood beads!

The diamonds surrounding this diamond blood bead are extremely compressed spaces with extremely high density.

And the blood-colored thing at the center of this diamond blood bead is exactly the blood essence and life essence of the Golden Armor clan leader!

A super strong man who entered the first level of the Tao Realm, the leader of the Golden Armor Clan, such a giant of a foreign race, was compressed into a diamond blood bead by Gu Taixu!

"hiss!"

At this moment, countless core disciples of the Feathered God Sect around them, including the purple-robed elder and Ye Feng himself, couldn't help but gasped when they saw this miraculous and unbelievably powerful means of power.

At this time, Gu Taixu came to Ye Feng with the diamond blood bead formed by compressing the head of the Golden Armor Clan, smiled and said: "Ye Feng, I have never repaid you much before. I will give you this diamond blood bead as a life-saving gift. Think of it as a small gift. It contains the life source of a powerful person who has entered the Dao realm, and it should be of great use to you. "

Wow!

The moment Gu Taixu finished speaking, there was an uproar in the entire field.

Suddenly, countless envious eyes were all focused on Ye Feng.

They never thought that this great figure in the sky, Lord Taixu, would be so kind to Ye Feng.

Although Lord Taixu said that this diamond blood bead was just a small gift.

But everyone knows that the life source compressed by the Jinjia clan leader is definitely a priceless thing!

Chapter 1978 The inheritance of Tianlong Emperor

At this time, amid the envy of countless people around him, Ye Feng put the diamond blood bead in Gu Taixu's hand into his own storage ring.

At this moment, Ye Feng could feel that there was a terrifying energy like a vast ocean hidden in a small diamond blood bead, which was simply majestic to the extreme.

At this time, Ye Feng was also very happy in his heart.

After all, this is the life source of a super strong person who has stepped into the realm of Tao.

Contains extremely vigorous energy!

If you can refine it yourself.

Perhaps his cultivation will reach an incredible height. ??

Suddenly at this time, Gu Taixu suddenly looked up to the sky.

At this time, high in the sky, a huge human head made of golden light appeared.

Like the head of a god.

Full of great coercion and majesty.

At this time, there was no fear in Gu Taixu's eyes. He just stood in front of Ye Feng, looked at the huge head made of golden light in the sky, and said loudly: "The Golden Emperor of the Golden Armor Clan, To think that you are still not dead after all these years."

"Golden Emperor?!"

At this moment, when they saw Gu Taixu's voice, many of the core disciples of the Yuhua Shenmen around them couldn't help but have a hint of horror in their eyes.

They had heard that the strongest man of the Golden Armor Clan and the patron saint of the Golden Armor Clan was called the Golden Emperor.

Just like the Phoenix Human Emperor, the patron saint of the human race in the wilderness.

He is the top strong man.

At this moment, even if Gu Taixu, the Taixu God Lord, was present, everyone felt a great pressure.

After all, a person at the level of a God Lord is weaker than an existence at the level of a Human Emperor.

At this time, the Golden Emperor, the patron saint of the Golden Armor Clan, who manifested a golden head, stared at Gu Taixu below, and said loudly: "Gu Taixu, it is not easy for you to reach your current level of cultivation. I won't embarrass you, as long as you hand over the young man named Ye Feng behind you, I will forgive you for killing our Jinjia clan leader today."

When everyone heard what the Golden Armor Clan's patron saint said, their eyes immediately showed horror.

The leader of the Jinjia Clan was killed, and Ye Feng was asked to pay for it.

This shows that the patron saint of the Golden Armor Clan attaches great importance to Ye Feng.

Ye Feng's value and future martial arts potential may have far exceeded that of the leader of the Jinjia Clan, a first-level Dao realm existence.

This is simply unimaginable!

You must know that Ye Feng's current cultivation level is only the sixth level of the Titled God Realm, the ninth level of the God Sovereign Realm.

Compared with the first level of Dao Realm, it is really far behind.

But even so, the most powerful patron saint of the Golden Armor Clan still wants Ye Feng's life.

This shows how precious Ye Feng's value at this moment is in the eyes of so many big shots.

At this time, Gu Taixu was naturally still cold, and said coldly: "Golden Emperor, an existence of your level is indeed very powerful, but this does not mean that I am afraid of you, even though I am in the realm of Tao The second-level Tao King, but you, the third-level Tao King, may not be able to be suppressed by me, why don't you give it a try?"

The patron saint of the Golden Armor Clan immediately spoke out: "Gu Taixu, I have made an agreement with the Phoenix Human Emperor in your wilderness. I will not take action against the Tao Realm existence in your wilderness. Hurry up and kill the person behind you." "Hand over Ye Feng, don't let me get really angry, otherwise the consequences will be very serious."

"You mean it's serious when you say it's serious?"

Gu Taixu suddenly shouted: "I want to take a look today

, are you, the so-called patron saint of the Golden Armor Clan, really as powerful as the rumors say!"

Boom!

Gu Taixu turned out to be very ferocious, and he immediately chose to take action.

This Taixu God Lord has a very hot temper.

"Boom!"

At this moment, three thousand worlds immediately burst out from Gu Taixu's body, and suddenly shrouded the golden head that appeared in the sky.

"The realm of Tao is not an ordinary realm. The difference between one realm and another is a world of difference, and the gap in strength and cultivation is as huge as the chasm."

The patron saint of the Golden Armor clan spoke out, and saw a huge golden palm appearing in the sky. With a flick of his finger, he directly knocked away the small world halos, making it impossible to get close to him.

"Too strong!"

At this time, a group of disciples from the Yuhua Shenmen couldn't help but exclaimed.

The other party is worthy of being the strongest person in the Golden Armor Clan. He is a being on the same level as the Phoenix Human Emperor in the Wilderness. He is extremely powerful.

At this time, Gu Taixu suddenly shouted: "Try this move of mine!!"

Suddenly Gu Taixu's whole body emitted a majestic golden light.

"hold head high!!"

An earth-shaking dragon roar suddenly came out from Gu Taixu's body, like an ancient giant beast roaring, making everyone feel a deep soul shock. That sound was simply The metal cracked through the stone, causing the surrounding mountains to shake and shake violently, and the earth was about to crack.

This is an extremely terrifying power!

Almost the next moment.

Gu Taixu's whole body suddenly turned into a golden dragon. The whole body was shrouded in nine colors of light, just like it was surrounded by a rainbow. Each rainbow contained monstrous power, which could Earth-shaking.

"Boom!"

The golden dragon directly hit the big golden hand high in the sky, and an earth-shaking roar suddenly erupted.

"Boom click..."

Almost at the next moment, the big hand manifested by the Golden Armor Clan's patron saint was shattered into pieces by the impact.

"This move is so powerful!"

"The whole person transformed directly into an ancient golden dragon! Full of monstrous destructive power!"

"This move doesn't seem to be the inheritance of our Feathered God Sect?"

...

At this time, a group of disciples from the Yuhua Shenmen couldn't help but exclaimed.

Even the purple-robed elder had a look of confusion on his face, because he had never seen this set of inheritance before.

At this time, Ye Feng's eyes were full of excitement.

Because he knew that the move that he suddenly turned into a dragon just now must be the inheritance of the Tianlong Emperor!

This shows that Gu Taixu has really deciphered the inheritance of Tianlong Emperor, and has successfully cultivated it. It has exploded with extremely terrifying power, which is simply earth-shattering and frightening.

"Ancient Taixu! What kind of inheritance do you have? Is it an inheritance from ancient times thousands of years ago?"

A voice with a hint of shock and anger suddenly sounded high in the sky.

At this time, Gu Taixu returned to the human form and said coldly: "A few days ago, I had a discussion with the Phoenix Human Emperor. My current strength is no better than yours."

These patron saint-level existences are no longer comparable. Golden Emperor, don't use your senior attitude to put pressure on me. This is of no use anymore. Hurry up and get out, or I will send a message to the Phoenix Human Emperor to come over. , the two of us will kill you directly, and then your entire Jinjia Clan will be destroyed! "

At this moment, Gu Taixu's words were simply domineering.

The patron saint of the golden armor clan on the other side was extremely angry for a moment.

A kind of pressure that destroyed the heaven and earth appeared in the entire world in an instant.

But the next moment, this destructive aura and pressure all dissipated like a tide.

The patron saint of the Golden Armor Clan seemed to be really frightened by Gu Taixu's words, and finally chose to leave, choosing to avoid the limelight for the time being.

"too strong!!"

At this time, a group of disciples of the Yuhua Shenmen, including Ye Feng, all felt that the Lord Taixu today was not weak at all and was too powerful! ??

At this time, Ye Feng looked at Gu Taixu meaningfully and couldn't help but said: "Senior Taixu, that move just now was so wonderful!"

Gu Taixu couldn't help but smile, secretly sent a message to Ye Feng, and said aloud: "I know what you kid is thinking, yes, what I just used was the inheritance of Tianlong Emperor, Tianlong Emperor Technique, I Don't worry about what I promised you, I will do it. After all, we both found the secret of Emperor Tianlong together, and for the sake of the inheritance of Emperor Tianlong, you were possessed by one of the evil eyes of the Dark Emperor. , This makes me feel very guilty. Now come with me to the Black Iron City, and I will teach you the Heavenly Dragon Emperor's secrets. This set of inheritance contains the most powerful and powerful power in the world, as well as the power of the Dragon Clan. Pure energy should be able to help you continue to suppress the evil eye hidden in your eyebrows, and prevent the evil eye from erupting with dark power at any time and engulfing you."

At this time, after Gu Taixu finished transmitting the message, he walked directly into the Black Iron City alone.

Ye Feng's eyes showed a hint of excitement at this time, and he immediately followed him.

At this time, the purple-robed elder on the spot spoke up: "All disciples, let's move on and return to the Ascension Gate."

"It's the elder!"

At this time, all the core disciples of the Yuhua Shenmen clasped their fists and made noises.

At this time, everyone's expressions were a little complicated, even a little sad.

They never thought that this time the True Inheritance Trial would be so colorful and full of ups and downs.

In the end, even the patron saint of the Golden Armor Clan came out.

If Taixu God hadn't made great progress in his cultivation, I'm afraid they would really be in trouble this time.

At this time, seeing the power of the alien race, many core disciples lost their pride in their hearts.

They understood at this time that if they want to strengthen the human race, they must not only compare with their peers from other alien races, but also look to the strong men of the older generations and the strong men of all ages.

Because in this racial struggle where the jungle prevails, others don't care whether you are a younger or older generation. Weakness is the original sin, and strength is the fist.

"This time when I return to the Ascension God Sect, I will practice hard! Try to enter the realm of Tao as soon as possible! Then I will become the mainstay of our Ascension God Sect!"

At this moment, after experiencing the ups and downs of this time, each of the core disciples of the Yuhua Shenmen have grown a lot in their mental state and have more fighting spirit.

When the purple-robed elder saw this scene, a happy smile suddenly appeared on his face.

Sometimes a bit

Pressure is still good for practice.

And just as everyone walked onto the Black Iron City, the huge Black Iron City flew up and returned to the area of the Feathering God Gate.

At this time, Ye Feng followed Gu Taixu and arrived at the center of the Black Iron City. No one else disturbed him here.

At this moment, Gu Taixu turned around and looked at Ye Feng who was following behind him. He did not mention the matter of passing on the inheritance, but suddenly asked: "What are your thoughts on this experience?"

Ye Feng's eyes were stunned. He originally thought that Gu Taixu brought him here to teach the inheritance, but he didn't expect that he would ask himself such a question.

Ye Feng thought for a while and said: "It's still too dangerous outside, and once you show amazing talents, you will be targeted by super strong people from other alien races, and they will try their best to kill them, without even caring about the so-called strong elders." They have an agreement not to attack the younger generation of other races. Everything is about the jungle and the strong. There are no rules. The rules are all based on the same balance of power. "

Gu Taixu smiled with appreciation and said aloud: "Ye Feng, I'm glad that you can recognize the truth of this world. In this world of gods where the weak eat the strong, this is the reality. The real strong will not fight with you. As a rule, once you are targeted by a super strong person, the other party will not be embarrassed to attack you just because you are a young man. As long as you are a threat, he will try his best to kill you when you are weak. Obliterate and eliminate this kind of trouble, so I think you should be very clear about the future. You can't just compare with the younger generation, but be on par with all the strong ones. "

Ye Feng nodded solemnly and said aloud: "I have understood this truth a long time ago. It was not until today when I saw the patron saint of the Golden Armor clan desperately trying to kill me that I finally recognized this truth as Qian Zhen. Absolutely true."

Gu Taixu also sighed and said: "But when our human race has reached its peak state, the patron saint of the Golden Armor Clan will never take action like this. This is because our human race is not strong enough, so he will take action unscrupulously. , obliterating the future genius of our human race."

When he said this, Gu Taixu's old eyes revealed a true feeling of concern for the future of the human race.

At this time, Gu Taixu stared at Ye Feng and said loudly: "A large domain affiliated to our Desolate Domain is called Qingtian Domain. There is a powerful overlord force called Qingtian Holy Land. There are more powerful existences there, and there are also more powerful ones. The terrifying inheritance, I think you should be very interested in it, but for the time being I suggest you not to go to such a big place rashly, because your current background is still relatively weak, first practice and accumulate at the Feathered God Sect in our wilderness. Go ahead if you have enough background, otherwise I'm afraid you won't be able to handle the dangerous journey. After all, after you leave the wilderness, you won't have strong human beings like us to protect you."

Ye Feng nodded and said: "Thank you, Senior Taixu, for reminding me. I have also considered this. I have no plans to leave the wilderness for the time being. I will wait for a while."

Gu Taixu nodded, and then suddenly stretched out a finger and touched Ye Feng's head.

He said aloud: "I will now teach you the inheritance of the Tianlong Emperor, the Heavenly Dragon Emperor's Secret Art. This is a powerful inheritance created by the Tianlong Emperor thousands of years ago. Its power is terrifying. I think you have seen it just now. Well, this is the pinnacle inheritance in the realm of Tao. Not to mention the Feathered God Sect in our wilderness, even in the wider Blue Sky Domain and the Blue Sky Holy Land, this kind of inheritance is definitely ranked first, so you are good Enlightenment, and strive to understand it quickly, so that your survivability will also be improved. "

At this time, Gu Taixu said, a stream of golden profound energy was transmitted to Ye Feng's mind through Gu Taixu's finger in an instant.

Chapter 1979 Preliminary Enlightenment

At this moment, waves of extremely majestic inheritance secrets manifested themselves as golden energy exuding runes, which was rapidly injected into Ye Feng's mind.

That is the secret inheritance of Emperor Tianlong!

The Heavenly Dragon Emperor's Technique!

Gu Taixu has successfully comprehended it, so at this time he can very smoothly inject all the secrets of the Tianlong Emperor Art into Ye Feng's mind.

Ye Feng could feel at this time that it was a very majestic mystery, containing extremely terrifying inheritance information.

At this moment, Ye Feng felt as if his head had been burst.

He felt a little shocked in his heart. This was the first time he encountered such a huge inheritance secret.

Gu Taixu seemed to have seen Ye Feng's forehead dripping with cold sweat, and couldn't help but said: "Do you want to temporarily interrupt the transmission of the secrets of inheritance? I'm afraid that you won't be able to accept it for a while, and your soul may collapse."

Ye Feng immediately shook his head and said: "My soul can hold on. This kind of inheritance secret needs to be transmitted in one go. Otherwise, if it is interrupted, it will seriously affect my understanding at this moment."

When Gu Taixu heard what Ye Feng said, his eyes were suddenly startled, and he couldn't help but said: "Are you comprehending the secrets of the Heavenly Dragon Emperor's Art now? At this moment?"

Ye Feng nodded and said aloud: "Yes, I am indeed comprehending the secrets of the Heavenly Dragon Emperor's Art, and I have already comprehended half of it."

"real or fake?"

Even Gu Taixu was shocked by Ye Feng's words at this time.

You know, when Gu Taixu himself comprehended the Heavenly Dragon Emperor's Secret Art some time ago, he swallowed a top-quality Enlightenment Pill, and it actually took him nearly a month to comprehend half of it.

But at this moment, Ye Feng actually said that he had understood half of the Tianlong Emperor's Secret Art.

And at this time, the transmission of ancient Taixu's inherited secrets has not yet ended.

"How is this possible?"

Ancient Taixu was not

Knowing that Ye Feng's comprehension ability has been transformed by the soul gem, it is very terrifying.

So what Ye Feng said at this time was simply unbelievable.

Even Gu Taixu vaguely felt that Ye Feng was telling lies at this time.

Buzz!

But suddenly at this time, a piece of golden light suddenly rushed out from Ye Feng's Tianling Cap, and actually condensed into a small golden dragon on Ye Feng's head.

"Dragon Yuan gathers at the top!"

"This is a sign of preliminary understanding of the Heavenly Dragon Emperor's Secret Art!"

Gu Taixu, who originally thought that Ye Feng was talking big words, was dumbfounded when he saw the golden energy dragon condensed on top of Ye Feng's head.

Even Gu Taixu, the powerful God Lord Taixu, could not help but twitch the corner of his mouth slightly at this moment.

This powerful speed of enlightenment can only be described as a monster!

"Transmission completed!"

And at this time, Gu Taixu removed his finger from Ye Feng's head.

At this time, Ye Feng also opened his eyes, smiled slightly and said: "Senior Taixu, I have initially understood the Heavenly Dragon Emperor's Secret Art. I didn't expect that it took nearly three hours. It is definitely not as good as Taixu." Senior Xu, I made you laugh, Senior Taixu."

When Gu Taixu heard what Ye Feng said, the corner of his mouth immediately twitched.

You know, it took him several days to initially comprehend it, and a month to fully comprehend it.

Up to now, it only took Ye Feng three hours to initially comprehend it, and it is estimated that he will be able to fully comprehend it in a few days.

Gu Taixu didn't know how to answer Ye Feng at this time. He could only feel his neck slightly stiff.

He nodded, stroked his beard, and said loudly: "You are not bad."

At this time, Ye Feng's eyes were extremely excited and he said aloud: "The secret of the Heavenly Dragon Emperor's Art is so majestic. I feel extremely terrifying power from it. If I can fully comprehend it, it will definitely explode." The earth-shattering power is indeed the greatest treasure hidden in the ancient Tianlong Cave, and it is the pinnacle inheritance in the Tao Realm. It must be that the Tianlong Emperor was the most powerful existence in the Tao Realm. "

Gu Taixu nodded and said aloud: "Ye Feng, this Heavenly Dragon Emperor's Secret Art is very precious. You must not teach it casually. You must be careful even when using it to avoid being targeted. Unless your strength is already very strong, and I can protect this powerful inheritance."

Ye Feng said solemnly: "Thank you, Senior Taixu, for reminding me. I understand this."

Gu Taixu nodded and said with a smile: "You know, we are the only two people who have learned the inheritance of Emperor Tianlong now. Even my junior brother, who is the current leader of Yuhua Shenmen, I have not taught it to him. He, even if he begs me, I will ignore him. By the way, the Heavenly Dragon God Lord who got a huge treasure in the ancient Tianlong Cave and grew into a generation of God Lord, you have to be careful, he will definitely be very angry with this Heavenly Dragon Emperor Art. Greedy, he doesn't dare to ask for it from me, but he may attack you secretly. You must be careful about this, but as long as you are in the Yuhua Shenmen, no one dares to touch you. With me protecting you, no need to worry."

At this time, Gu Taixu's words were very confident.

But he also has this confidence.

After all, he has now cultivated the ancient Taixu inherited by the Tianlong Emperor, and coupled with his original powerful inheritance of Three Thousand Worlds, although he is now a second-level Dao King belonging to the Dao Realm, his real combat power is comparable to that of the third-level Tao Realm. If they could compare to the Tao Emperor of the third level, the Phoenix Human Emperor of the Desolate Realm, and the Golden Emperor, the patron saint of the Golden Armor Clan, they would be superpowers standing on the same level.

Ye Feng was a little lucky at this time. Fortunately, he happened to meet him in the ancient Tianlong Cave and accidentally saved the ancient Taixu.

Now he can enjoy this kind of preferential treatment that a group of saints from the Ascension God Sect cannot enjoy.

Although Ye Feng has always been relatively independent.

But it feels good to have a big shot supporting you, and it's quite delicious.

...

The Black Iron City is very fast.

A few days later, everyone finally returned to the Yuhua Shenmen.

Looking at the continuous ancient buildings, the mountains entwined with fairy energy, and the familiar sect lands, a group of core disciples of the Yuhua Shenmen who had just experienced the danger of life and death were all fierce. He breathed a sigh of relief, and his tense mental state suddenly relaxed.

After returning to the Yuhua Shenmen, they were finally completely safe and would not be ambushed by super powerful aliens.

At this moment, Gu Taixu had already left alone after imparting the secret of the inheritance of Emperor Tianlong to Ye Feng.

Ye Feng followed a group of core disciples and walked out of the Black Iron City.

At this time, the purple-robed elder looked at all the surviving core disciples, with a hint of relief in his eyes, and said loudly: "Your surviving group of disciples are all the elite among the elite. Next, you will all feel The most interesting thing is about to start, which is to start ranking and select the top three in this true trial. At that time, it is said that the Supreme Headmaster will come in person and issue rewards for you. There will even be people at the level of the top ten gods. Choose the young people they like from among you to be your true disciples."

"Very good!"

Hearing what the purple-robed elder said, a group of core disciples suddenly became excited, their eyes filled with anticipation.

This is an opportunity to soar into the sky!

Chapter 1980 Rewards from the Supreme Headmaster

Under the leadership of the purple-robed elder, a group of core disciples of the Yuhuashen Sect came to the central square of the Yuhuashenmen.

At this moment, several figures were already sitting on the high platform at the front of the square.

These figures are all exuding a strong divine light, and their true appearance and body shape cannot be seen clearly.

But every figure exudes a terrifying aura that makes one's heart palpitate.

These are all transcendent existences at the realm of Tao!

Obviously they are all god-level figures!

"There are seven God Lords in total. Unexpectedly, seven of the ten God Lords came at once!"

"It seems that we have a great chance this time. With so many divine masters choosing true disciples, we must show ourselves well later."

"Calm down, big shots at the level of God Lord are extremely strict in selecting disciples. We'd better not have too much hope, lest the greater the hope, the greater the disappointment."

...

At this moment, the thousands of core disciples who had returned from the Yuhua Shenmen True Inheritance Trial could not help but whisper.

At this time, Ye Feng was also standing among the crowd, looking at several divine figures standing on the high platform.

Feeling the powerful aura on these figures of divine light, they were the existence of the realm of Tao. They were very powerful and put great pressure on Ye Feng.

But at this time, Ye Feng's inner thoughts were not to worship these god-level figures as his masters.

What Ye Feng was thinking in his heart was how he could surpass these Taoist masters at the level of God Lord.

If other core disciples knew Ye Feng's inner thoughts, they would definitely be shocked.

Because they simply don't dare to have such bold ideas.

What they are thinking in their hearts is how to express themselves, and then strive to become the true disciples of these god-lord-level figures.

But Ye Feng is different from ordinary core disciples. His inner thoughts are how to surpass these big figures at the level of God Lord.

This is the difference in mentality!

Just when Ye Feng was observing secretly.

"boom"

Suddenly, a huge beam of light suddenly descended from high in the sky, directly bombarding the center of the high platform.

Buzz!

The next moment the divine light dissipated, a gentle middle-aged man appeared in everyone's sight.

This middle-aged man is wearing a white robe

, looks very elegant, like a middle-aged scholar, very approachable.

But the moment everyone saw this person, including several divine figures who had arrived in advance, they immediately clasped their fists and said respectfully: "See the supreme leader!"

That's right!

This elegant-looking middle-aged man is the top figure in the wilderness, the supreme leader of the Yuhua Shenmen!

The strength is unfathomable!

Even the major gods must pay their respects with a hint of awe.

At this time, the Supreme Headmaster waved his hand slightly and said with a smile: "You don't need to be polite. I am here today to reward these children."

At this time, the Supreme Headmaster looked at the purple-robed elder and said, "You start."

"Yes, the supreme leader!"

The purple-robed elder immediately clasped his fists.

Then he turned around, looked at the thousands of core disciples, and said aloud: "The local aliens you killed in the ancient civilization ruins in the True Inheritance Trial this time, including the Golden Armor Clan, can prove that you killed them. Take out everything."

"Yes, elder!"

A group of core disciples took out their trophies and piled them in front of themselves.

Ye Feng did not take out all the things, such as the high priest of the Black God Clan that he killed, etc. Otherwise, it might involve a lot of trouble, and he might also take out the ancient things he had conquered in his storage ring. The evil spirit was exposed.

So at this time, Ye Feng just took out some ordinary loot.

He didn't want to compete for the first place. After all, Ye Feng now has the inheritance of Emperor Tianlong and has also received the attention of the Lord Taixu. In fact, he no longer cares about these false names. In the Yuhua Divine Sect, Ye Feng knows his status. It's high enough.

But what Ye Feng never expected was.

I only took out some ordinary loot.

But as a result, statistics revealed that his trophies were still the most valuable.

Therefore, the purple-robed elder finally announced: "The first place in this true test is Ye Feng!"

Wow!

The entire field immediately burst into applause.

Those core disciples are applauding

.

They were truly convinced by Ye Feng.

Even this group of rebellious core disciples of the Yuhua Shenmen, after experiencing a series of previous events, were all very convinced by Ye Feng.

Look at the warm applause from the audience.

A group of God Lords, including the Supreme Headmaster, had a hint of surprise in their eyes.

Because in the past true inheritance trials, whoever won first place might arouse the envy and jealousy of other core disciples.

After all, the core disciples are all the mainstays of the Yuhua Shen Sect. They are all a group of rebellious young geniuses, and almost no one obeys anyone.

But the scene at this moment today was somewhat unexpected by all the big shots.

After all, the reaction of other core disciples after Ye Feng won the first place was a bit too unusual. Although it was a unified applause, there was a kind of recognition and admiration in their eyes.

"It seems that the young man that Senior Brother Taixu knows is really extraordinary."

At this moment, the Supreme Headmaster muttered secretly in his heart.

According to seniority, the Supreme Headmaster is actually Gu Taixu's younger junior brother.

When Gu Taixu came out of the Ancient Tianlong Cave, the Supreme Headmaster had already seen Ye Feng standing next to Gu Taixu.

The headmaster was very curious about this young man and wanted to ask Gu Taixu everything about Ye Feng.

However, Gu Taixu did not mention anything about what happened in the ancient Tianlong Cave, so the Supreme Leader did not know what Ye Feng was like.

But today, the Supreme Headmaster began to realize that this young disciple who came out of the Ancient Tianlong Cave with his senior brother Taixu seemed to be really unusual.

At this time, the purple-robed elder officially announced the names of the top ten:

"Congratulations to core disciple Ye Feng for winning first place in this true inheritance trial."

"Congratulations to core disciple Wang Fuxun for winning second place in this true inheritance trial."

"Congratulations to core disciple Liu Tiyu for winning third place in this true inheritance trial."

"Congratulations to core disciple Gu Bongui for winning fourth place in this true inheritance trial..."

"Congratulations to the core disciple, Shen Hubuzhao, for getting..."

"..."

At this moment, with the sound of the purple-robed elder falling down, the front line of this true test was revealed.

Ten names, all were announced.

"Okay, very good, you are all the future pillars of our Yuhua Shenmen."

The Supreme Headmaster nodded, then waved his hand.

Uh-huh!

Uh-huh!

Uh-huh!

Immediately, rays of divine light flew out from the palm of the supreme leader and landed in front of the top ten.

These ten light groups contain the rewards given to everyone by the Supreme Leader.

"Thank you, Master, for the reward!"

The top ten core disciples, including Ye Feng, all clasped their fists respectfully at this moment.

Their eyes were full of joy.

Because everyone knows very well that if the Supreme Leader gives them a reward under the spotlight, then this reward must be very precious.

After all, if the reward is too overwhelming, the Supreme Headmaster will lose face.

When a big shot like the Supreme Leader makes a move, it is definitely a big deal.

And the higher the ranking, the more valuable the rewards contained in the light group will be.

At this time, Ye Feng stretched out his hand and took the ball of light floating in front of him into his hand.

When he felt it slightly, his eyes suddenly lit up.

The reward contained in this light group is a small dark golden tower. The powerful military aura exuded is definitely a magic weapon at the level of the Dao Realm that surpasses the Titled God Realm!

"This small tower is called the Emperor's Tower. It was a magic weapon I used when I first entered the realm of Tao. It's pretty good."

Suddenly at this time, Ye Feng's ears heard the message from the Supreme Headmaster.

"Is it a magic weapon used by a top figure like the Supreme Leader?"

Ye Feng's eyes became brighter.

This Emperor Suppressing Tower is definitely a rare magic weapon!

The power must be very powerful!

Now Ye Feng is in need of a powerful magic weapon, and it just so happens that the Supreme Master gives him a powerful treasure. It's really like giving him a pillow when he feels sleepy.

And just when Ye Feng began to silently refine the Emperor's Tower, suddenly a tall figure shrouded in divine light jumped down from the high platform, and walked in front of Ye Feng under the attention of everyone. , said aloud: "Ye Feng, hello, I am Lord Tianlong. I wonder if you are interested in going to the corner with me to talk? I have something important to ask you."
