Chapter 1991 How to fight this?

At this moment, the Heavenly Dragon God Lord was extremely frightened.

And his heart was filled with deep doubts.

Why is Ye Feng so lucky?

Every time he chased Ye Feng, he happened to meet the Phoenix Human Emperor to help him.

After chasing Ye Feng this time, Lord Tianlong found out in despair that Ye Feng, a young man, had too many tricks and cards, and they were endless.

"I can not be reconciled!!" .??.

Lord Tianlong suddenly got up from the ground.

His eyes and aura became colder and colder than ever before.

"Ye Feng, you are really an amazing and talented person. You forced me to do everything. Even if I risk my life today, I will kill you! As long as I get all the treasures on you, absorb If I lose your luck, then the entire human race will be unstoppable to me!"

At this time, Lord Tianlong said some very greedy words.

But these words were full of shock and admiration for Ye Feng.

Obviously, Ye Feng is now so talented that his enemies can't help but sigh that he is a monster.

At this time, Lord Tianlong became more and more greedy towards Ye Feng.

He instantly shouted: "Burn my Dragon Emperor's blood!"

"Wow!"

At this moment, in the head of Lord Tianlong, the Dragon Emperor's blood that he had condensed for twenty years suddenly began to burn, and a terrifying energy exploded instantly!

"boom!!"

A kind of terrifying and boundless energy and momentum suddenly rose from the body of Lord Tianlong.

The heavy injuries suffered by Lord Tianlong were all recovered in an instant.

hold head high!

Even accompanied by a loud dragon roar, a golden dragon soul suddenly rose from the body of the Heavenly Dragon God Lord, surrounding the Heavenly Dragon God Lord, making him look like an ancient Dragon Emperor had come to life.

This kind of power is so vast!

It's so hard to help but want to worship!

Even Ye Feng felt a sense of suffocation at this time.

It seems this

The powerful inheritance that Lord Tianlong received from the ancient Tianlong Cave is still very powerful.

"The Dragon Emperor's pressure is of no use to me!"

Ye Feng suddenly spoke up.

"The Heavenly Dragon Emperor's Technique!"

At this moment, Ye Feng also activated the inheritance of Emperor Tianlong.

Although Ye Feng's cultivation is indeed not as powerful as the Heavenly Dragon God Lord.

But Emperor Tianlong, as the emperor of the Tianlong clan, naturally has the highest inheritance.

The inheritance of the Lord Tianlong may only be the inheritance of a certain powerful person from the Tianlong clan, but after all, it is not as good as the real supreme emperor of the Tianlong clan.

"hold head high!"

Along with a loud dragon roar, a huge golden dragon soul also emerged from Ye Feng's body.

At this moment, a very strange scene appeared in the sky.

Two huge golden dragon souls roared at each other.

Lord Tianlong seemed a little unbelievable, and couldn't help but say: "With your small cultivation, you have actually learned the inheritance of Emperor Tianlong! How could you comprehend it so quickly? I thought only Gu Taixu had learned it!"

At this moment, the Heavenly Dragon God Lord immediately burst out with his powerful power and roared: "No matter what, now I have burned a drop of the Dragon Emperor's blood. That is the achievement that I have been practicing for twenty years. Now I'm at the top of my game, who can stop me?"

The Lord Tianlong exudes golden divine light, and a huge dragon soul surrounds him. A thick layer of golden dragon scales even grows on the surface of his entire body, which looks very strange, making him look like a dragon-blooded warrior. , full of fighting power.

"boom!"

At this moment, Lord Tianlong rushed towards Ye Feng. His body collided with the space, and even produced a sonic boom. It was obviously very terrifying and extremely fast.

"Ye Feng boy! You are dead!"

Lord Tianlong laughed cruelly

Voice.

The next moment, he had arrived in front of Ye Feng. His golden claws, like a golden sword, were extremely sharp and pierced into Ye Feng's body.

Buzz!

But the next moment, Ye Feng's figure disappeared in an instant.

The "Ye Feng" that Lord Tianlong penetrated was just an afterimage of Ye Feng.

"What? Faster than me transforming into the Dragon Emperor state?"

Lord Tianlong looked at the afterimage in front of him slowly disappearing, and his expression suddenly changed.

"Boom!"

And at the next moment, Ye Feng's true identity rushed out from the void behind Lord Tianlong and punched him in the back.

"boom!!"

An extremely terrifying force broke out.

With Ye Feng in the state of the Heavenly Dragon Emperor Technique, coupled with the terrifying power of the Chaos Body, the destructive power of this punch can be described as extremely terrifying.

"Crack!"

Even if Lord Tianlong is in the Dragon Emperor state, the spine on his back is shattered in an instant.

"ah!!"

He immediately let out a scream, obviously in extreme pain.

"Boy! You are so insidious!!"

Lord Tianlong roared loudly and directly displayed a set of powerful and destructive inheritance of the Dragon Emperor state.

"The Totem of the Beginning of Tribulations, the Holy Broken Emperor Dragon Soul, explodes with light waves!"

Suddenly, Lord Tianlong roared loudly and spoke out a secret killing technique with a very long name, but it was indeed extremely profound.

"Boom!"

And almost at the next moment, the golden dragon soul on the body of the Lord Tianlong suddenly differentiated into tens of thousands of golden beams. Just like the return of ten thousand swords to the sect, all of a sudden, with him as the center, the surrounding space range of thousands of miles was covered. They were all wrapped up and then bombed like crazy, as if thousands of bombs were detonated at once.

A visually shocking scene appeared on the field.

The land with a radius of thousands of miles is all

It was covered in golden explosions, as if it had been bombarded tens of thousands of times in turn. A huge crater appeared on the entire earth, and the sky was almost exploded.

Endless gunpowder smoke rose up, the sky was filled with dust covering the sun and moon, and the entire desert seemed to be destroyed.

It has to be said that although the secret killing technique finally released by the Lord Tianlong has a long name, its power is indeed terrifying.

"Ahem..."

In the endless smoke and dust, accompanied by a cough, Lord Tianlong walked out of the smoke and dust with his clothes in pieces, blood flowing from the corner of his mouth, and his hair disheveled.

He looked at the endless ruins around him. Even the two terrifying giant beasts before, the ancient evil demon and the blue dragon, were all covered in blood after being bombed. They were lying in the ruins in the distance, dying.

Obviously, this is a kind of destructive technique that kills ten thousand enemies and damages eight thousand others.

Although the Lord Tianlong had exhausted all his power at this time, he was also about to die from being blown up.

But he laughed.

Because there was no trace of Ye Feng among the ruins that were destroyed for thousands of miles around.

In other words, Ye Feng was blown into ashes!

"Hahahahaha..."

Lord Tianlong laughed wildly.

"what are you laughing at?"

But suddenly at this moment, a young voice suddenly sounded in the empty ruins.

"What....."

The next moment, under the dull gaze of Lord Tianlong, Ye Feng, dressed in white and fluttering, walked out of a wormhole in the void without suffering any harm.

"Void Wormhole....."

Lord Tianlong looked at the dark space wormhole and was completely desperate, "Who are you? Do you also know the innate abilities of the legendary ancient divine worms?"

Ye Feng used various methods in an endless stream, and even created a wormhole in the void, which made Lord Tianlong feel deep despair.

This is simply impossible to defeat!

How to fight this?

Chapter 1992 Shock and Sigh

Ye Feng's incredible methods completely made Lord Tianlong feel despair.

Because even the last taboo method of Lord Tianlong, the self-mutilating horrific explosion, failed to harm Ye Feng.

Ye Feng used the space gem to open up a deeper void wormhole in the void where he was.

He was hiding in the void wormhole, and the explosions outside could not harm him at all.

Because the void wormhole is a place in space that is deeper than the void, which is equivalent to not being in the same dimension as the outside world.

Therefore, the final explosion of Lord Tianlong, even if it almost shattered the space, still could not hurt Ye Feng.

At this moment, Ye Feng's eyes were extremely cold, staring at the desperate Heavenly Dragon God Lord on the ground, and said with a cold smile: "Do you know why I left the Yuhua Divine Gate alone? That's because I'm not afraid of you at all. If I was afraid of you, I would probably take God Lord Taixu with me."

Lord Tianlong's eyes were full of deathly gray at this time. Even if Ye Feng was talking, he didn't care at all. His martial arts will had been completely crushed by Ye Feng and he had lost any confidence.

Ye Feng saw the pitiful appearance of Lord Tianlong, but he just said: "People like you are already useless and mentally disabled, so you can become my nourishment."

Boom!

Ye Feng arrived in front of the Lord Tianlong in an instant and directly released his own swallowing vortex.

"Boom!"

The large area of darkness devoured the realm, directly surrounding the Heavenly Dragon God Lord.

"Crash la la la..."

Suddenly, there was a stream of extremely pure power, which was directly absorbed from the body of the Lord Tianlong by the Devouring Domain, and then injected into Ye Feng's body.

Lord Tianlong is a powerful person who has reached the tenth level of the Taoist realm.

Moreover, he has cultivated the inheritance of the very powerful Tianlong clan, and his strength and skills are much more powerful than those two men in black robes before.

So at this moment

At that moment, Ye Feng was devouring the Heavenly Dragon God Lord. He felt that the Heavenly Dragon God Lord's skill and blood energy were stronger than the combined power of the two black-robed men killed by the Phoenix Human Emperor before.

Half an hour later.

"boom!!"

In an instant, an extremely terrifying momentum burst out from Ye Feng's body.

With the help of Lord Tianlong's vigorous skills and vitality essence, Ye Feng successfully broke through the bottleneck of the Half-Trail Realm. From the Half-Trail Realm, he entered the first level of the Tao Realm and entered the first level of the Tao Realm. sky!

"Master Tianlong! You are really timely! I came out this time just to think about whether I could break through my cultivation level. I didn't expect you to come and help me."

At this time, Ye Feng looked at the devoured and shriveled body of Lord Tianlong in front of him and said with a cold smile.

At this time, the ancient evil demon not far away actually devoured the green dragon alive.

"Boom!"

A terrifying and boundless demonic energy burst out from the ancient evil demon in an instant.

The ancient evil demon actually digested the entire cyan dragon, and his power suddenly broke through, directly reaching the second level of Tao Realm, the Tao King.

Seeing this, Ye Feng immediately showed a satisfied smile on his face and said loudly: "You have swallowed the breakthrough, which is quite good."

The ancient evil demon immediately rushed over and entered Ye Feng's storage ring.

Next, after Ye Feng plundered the storage ring from Lord Tianlong, he walked directly towards the Cangtian Empire in the distance.

Soon Ye Feng came to the border of Cangtian Empire.

But at this moment, he saw an extremely ferocious army of monsters, numbering hundreds of thousands, and they were attacking under the command of a powerful demon.

The entire Cangtian Empire.

...

At this moment.

In the imperial capital of Cangtian Empire.

Shen Cangtian, the Lord of Cangtian back then, has obviously become the emperor of the Cangtian Empire.

He was wearing a black dragon robe and a flat crown on his head. He looked at the army of hundreds of thousands of monsters approaching the city with extremely ugly eyes.

Because this army of monsters is so ferocious that even the troops of their Cangtian Empire cannot resist it.

"Your Majesty, you'd better escape first, let's cut off the escape route!"

At this time, there were many civil and military officials around, and they all spoke out. .???.??

There was also despair in their eyes, and they were even ready to fight.

Shen Cangtian is very unwilling. He has created such a huge Cangtian Empire. Will it be destroyed by the trampling of these monsters today?

"boom!!"

And suddenly at this moment, a majestic hand suddenly appeared in the sky, covering the sky and the sun, full of endless pressure.

It was bombarded all at once, and almost at that moment, the army of hundreds of thousands of Warcraft was smashed to pieces and turned into fragments.

"What?!"

Shen Cangtian and a group of civil and military officials looked at the sudden scene in front of them and fell into deep shock.

They never expected that the Cangtian Empire, which was originally in a certain death situation, would suddenly receive help from a mysterious and powerful person.

Can you destroy an army of hundreds of thousands of monsters with one hand?

What a powerful and powerful cultivation level this must be?

Even Shen Cangtian, the Cangtian Emperor, was a little dumbfounded at this moment.

All civil and military officials were shocked.

"What's going on? How is it possible?"

But at this time, the commander-in-chief of more than ten people

The powerful demon general of the army of ten thousand monsters was dumbfounded when he saw the entire army being wiped out in an instant.

"Uh-huh!"

And at this time, a young boy in white clothes suddenly descended from the sky.

It's Ye Feng!

"Ye Feng! It turns out to be you! Are you so powerful now?"

When Shen Cangtian saw Ye Feng's familiar figure, he immediately understood who had taken action.

It turned out to be that young prodigy with unrivaled splendor and talent!

"Destroyed an army of hundreds of thousands of monsters with one hand! Ye Feng, Ye Feng, what level of terror have you reached now?"

At this moment, Shen Cangtian felt the shock and sigh from the heart.

However, Shen Cangtian was filled with boundless excitement at this time, because he knew that with Ye Feng back, the Cangtian Empire would be safe.

Moreover, Ye Feng is back, and he is back with such earth-shattering cultivation, so should the promise that this young man made in front of him back then be fulfilled?

Thinking of this, Shen Cangtian became even more excited, even more excited than when he ascended the throne and became emperor.

Because his ultimate dream is to return to the Yuhua Shenmen, pursue martial arts power again, and be able to let the sect clear his name. He was framed back then, and he did not steal the sect's elixir treasures. He was framed. Expelled from the sect.

"Lord Cangtian, long time no see."

Ye Feng flew from a distance at this time, landed on the city wall, and came to Shen Cangtian.

Shen Cangtian immediately shouted happily: "Ye Feng! What level have you reached now?"

Ye Feng smiled slightly and said aloud: "The ten great masters of the Yuhua Shenmen are no longer my opponents."

"hiss!"

Almost at the moment Ye Feng finished speaking, Shen Cangtian couldn't help but take a breath of cold air. As a former disciple of the Yuhua Shenmen, he knew exactly what this meant.

Chapter 1993 The Kingdom of Darkness

"None of the ten great gods are your opponent now?"

Shen Cangtian was completely shocked at this time.

Originally, he thought Ye Feng might have become a core disciple and come back to take him back.

But now it seems that Shen Cangtian has discovered that the familiar young man in front of him may have become a great figure in the Yuhua Shenmen.

But no matter what, Shen Cangtian was very happy because his original decision was correct and he didn't misjudge the person at the beginning.

At this moment, at the top of the destroyed army of Warcraft not far away, a demon commander with powerful cultivation suddenly spoke out: "Human boy, who are you? This time we plan to attack the Cangtian Empire, but we Under the orders of the Dark Demon Kingdom, the most powerful underground demon clan, you dare to destroy my army of monsters. This is the permanent army of the Dark Demon Kingdom. You have offended the most powerful and terrifying Dark Demon Kingdom. You Just wait to die!"

Ye Feng suddenly spoke up: "The weakest underground demon race among the dark races? How dare this small race dare to challenge me?"

The demon commander who was not far away immediately changed his expression and shouted angrily: "Human boy! Don't be too arrogant!" .??.

"So much nonsense."

Suddenly Ye Feng made a sound and grabbed the distance with one hand.

Although thousands of meters apart.

The moment Ye Feng shook hands with Xu Kong.

"Crack!"

The demon commander who was shouting suddenly burst into pieces.

"hiss!"

"What a terrifying strength!"

When everyone saw this scene, they couldn't help showing horror in their eyes.

At this time, Ye Feng suddenly breathed in on the entire field.

"Crash!"

In an instant, all the blood energy of the entire battlefield was swallowed up by Ye Feng.

"Buzz

!"

At this moment, his power increased a lot, but there was no breakthrough. After all, these were just a group of weak creatures.

At this time, Shen Cangtian spoke up and said: "Ye Feng, what the demon commander just said is true. This army of demon beasts is indeed from the underground demon clan under the earth and is part of the army of the Dark Demon Kingdom. Now you killing them all may cause disaster, should we go to Yuhuashenmen for help?"

Ye Feng suddenly laughed and said aloud: "I am already here. Who can you turn to when you go to Yuhuashenmen? If I can't solve the problem, no one in Yuhuashenmen can solve it."

Ye Feng said this very calmly, but his words revealed a boundless confidence and domineering power.

When Shen Cangtian heard what Ye Feng said, he could only smile slightly. He didn't recognize the familiar young man from back then.

Perhaps, in the Yuhua Shenmen, Ye Feng has grown too much and is no longer at the same level as his god Cangtian, so his thoughts on things are different.

This is when Ye Feng looked at the god Cangtian in front of him and knew that the other party was worried that the underground demons would attack again and destroy the entire Cangtian Empire.

At this time, Ye Feng thought about it and suddenly said to Shen Cangtian: "Lord Cangtian, I will take you to the underground and destroy the dark demon kingdom, then you should not have anything to worry about. "

"What did you say?"

Shen Cangtian looked stunned, wondering if there was something wrong with his ears and he heard wrongly.

"Uh-huh!"

But the next moment, Ye Feng had already grabbed his shoulder and took him across the mountains and the sea in an instant, and through the sea of people.

Almost in an instant, the two of them had reached the edge of the Cangtian Empire.

Frontier land.

This is already a dense jungle in the frontier land.

The entrance to the place where the underground demons live is hidden in this jungle.

Buzz! .??.

Under Ye Feng's powerful soul exploration, he quickly found the intersection.

With Shen Cangtian and Ye Feng, they jumped directly into the ground.

They traveled directly through many levels and arrived at the deepest level, the eighteenth level.

This is a vast dark land.

At the end of the earth, there is a magnificent ancient city building.

That's where the Dark Kingdom is!

It is also the final home of the underground demon clan.

Shen Cangtian was a little frightened at this time. He didn't expect that Ye Feng would come as soon as he said it. In the blink of an eye, they had arrived at the most dangerous depths of the ground.

"Enemy attack! Enemy attack!"

"A strong man from the human race has arrived!"

The moment Ye Feng and Shen Cangtian arrived, waves of warning sounds immediately sounded in the Black Demon Kingdom not far away.

The tall underground demons all wore strong armor and held weapons exuding demonic energy in their hands. There were hundreds of thousands of troops. They all ran out of the Dark Demon Kingdom and guarded the city gate. outside.

Shen Cangtian was so frightened by the soaring demonic energy that he almost fainted.

He had never done such a bold thing before, going directly to the lair of the underground demons.

This is simply unimaginable!

But at this time, Ye Feng's eyes were extremely calm. He flew directly to the sky, and then said loudly: "Today, I will judge the fate of the entire underground demon clan!"

This group of underground demons live in the dark depths of the earth and are very cruel and evil. You know

They ran to the ground, burned, killed and looted, treating human beings as food, killing and trampling them at will.

Ye Feng has long wanted to eliminate these evil dark races.

The underground demon clan is one of the extremely low-ranking dark races. They are many times weaker than those powerful dark races, such as the Botian clan and the golden demon clan.

That's why Ye Feng dared to come here.

At this moment, Ye Feng's whole body suddenly burst into divine light, shining brightly in the darkness of the entire eighteenth floor.

"Everyone shoot me arrows! Shoot that strong human being!"

The demon commanders of a group of underground demons immediately shouted loudly.

"boom!"

"boom!"

"boom!"

Almost at this moment, countless arrows emitting magic light were shot out by a group of hundreds of thousands in an instant, and they headed towards Ye Feng to assassinate him crazily.

"How can the light of fireflies compete with the bright moon?"

Ye Feng suddenly stretched out a hand and pressed it down.

And with this action of his.

"Boom!"

The boundless vitality of heaven and earth surged, condensing into a big hand of chaos that covered the sky and the sun, filled with endless pressure and power. It bombarded it all at once, shattering all the arrows in the sky, and then It hit the ground hard and instantly wiped out nearly half of the underground demon army!

"What?!"

Seeing that their attacks were completely ineffective and even damaged an army of hundreds of thousands in an instant, the remaining group of strong underground demons immediately became extremely desperate.

"His Majesty the Dark Demon Emperor, please take action! Kill the powerful enemy!"

At this moment, countless underground demons immediately shouted frantically towards the depths of the Dark Demon Kingdom.

Chapter 1994 Kill them all

Ye Feng's power is really too powerful.

It was simply devastating.

He stood high in the sky, his whole body exuding divine light.

It was as if a human god had arrived, invincible and looking down upon the world.

At this time, Shen Cangtian was standing in the distance, watching all this, feeling terrified.

He was frightened just now because he faced the extremely ferocious underground demon clan.

But now he is frightened, which is a kind of excited fright, because Ye Feng is so powerful!

It is already powerful beyond the imagination of God Cangtian!

When Shen Cangtian became a disciple at the Yuhua Shenmen, he had only heard of the ten major divine masters, and did not know what kind of power the existence of the divine master level possessed.

But now that he saw Ye Feng's power, Shen Cangtian understood that a figure at the level of a god master simply possessed earth-shattering power.

One person can provoke a powerful and cruel alien race!

It's really exciting!

Even though Shen Cangtian's heart has gone through many changes, at this moment, he seems to have rediscovered the passion of his youth and feels boundless.

"Ye Feng! Kill these evil and bloodthirsty demon bastards!"

God Cangtian was shouting and roaring from behind.

When Ye Feng heard this, he just smiled slightly.

This time he brought Shen Cangtian here for several reasons. The first was to eliminate future troubles, the second was to find a strong person among the demons to devour, and the third was to awaken the blood and motivation in Shen Cangtian's heart.

Because this time Ye Feng came back to take Shen Cangtian to the Yuhua Shenmen again.

In a place with fierce competition like Yuhuashenmen, Shen Cangtian needs to awaken the passion of the past in order to regain a foothold in Yuhuashenmen.

In this case, Ye Feng can rest assured after leaving the Yuhua Shenmen and heading to Qingtian Holy Land.

So this time, Ye Feng's main purpose is to let Shen Cangtian know how terrifying the true power of martial arts is.

"Who dares to come to my Dark Demonic Kingdom and act recklessly?"

And suddenly at this moment, a majestic voice sounded.

Buzz!

Accompanied by this majestic voice, a tall middle-aged man with jet black scales covering his body and two black horns on his head stepped from the depths of the Dark Demonic Kingdom.

Buzz!

The aura of cultivation emanating from this powerful demon clan is clearly the second level of the Dao Realm, the Dao King, First Level!

"Welcome to His Majesty the Dark Demon Emperor!!"

The moment this middle-aged man appeared, the remaining hundreds of thousands of underground demons on the field cheered excitedly, their eyes full of hope.

Obviously, in the eyes of this group of demons, the Black Demon Emperor is definitely the most powerful being in their hearts and is all their hope.

At this time, the Dark Demon Emperor walked slowly, and the entire sky turned pitch black, and the sky was filled with violent demonic energy. The scene was very scary, almost like a doomsday scene.

But at this time, Ye Feng, who was standing high in the sky, his eyes were still extremely calm, and there was even a trace of a smile on his face: "The second level of the Tao Realm, the Tao King First Level, finally came. A decent strong man, luckily he didn't disappoint me."

The Black Demon Emperor's eyes, which were glowing with scarlet blood, stared at Ye Feng not far away, with a ferocious smile on his face, and said loudly: "Young man from the human race, you are quite courageous, you actually dare to tease me. ? You are truly amazing and talented, and you have entered the realm of Tao at a young age.

But your cultivation level is still too weak. You are only at the first level of Dao Realm. You still don't kneel down when you see me. You dare to say such bold words. I can only say that your courage is commendable. "

At this time, in the eyes of the Black Demon Emperor, Ye Feng was just a young human being who was not afraid of tigers.

At this time, Ye Feng suddenly smiled: "Since I entered the path of cultivation, there have been too many people who despised me, but in the end they all died."

"presumptuous!"

The Black Demon Emperor made a majestic cold shout at this time. He stared at Ye Feng and said loudly: "Young boy of the human race, you have killed so many of my army of Warcraft today. You

have committed a heinous crime. Today You will definitely die, I will crush every bone in your body inch by inch with my own hands!"

At this time, the Dark Demon Emperor spoke, his tone full of cruelty.

"Dark Souls!"

The Dark Demon Emperor roared loudly at this time, and the countless demonic energy around him immediately condensed into a huge dark soul, turning into a dark giant, full of endless power, and the entire underground earth was shaking violently.

"Boom!"

The dark soul rushed towards Ye Feng all of a sudden. The huge dark body was full of unparalleled pressure.

At this moment, space cracks appeared in the high sky where Ye Feng was floating. It was obvious that the entire space oppressed by that momentum was about to be shattered.

It has to be said that this Black Demon Emperor, as the emperor of the underground demon clan, is still very powerful.

There was no fear in Ye Feng's eyes, but he stared at the Black Demon Emperor with joy in his eyes.

The blood energy contained in such a powerful demon emperor must be extremely abundant. If he swallows it, he will definitely gain huge growth.

"The ancient vision of the golden troll!"

At this moment, Ye Feng did not hesitate at all and directly displayed his most powerful martial arts inheritance.

Buzz!

Behind him, a huge golden ancient demon stood up and collided with the dark soul that rushed over, making a thunderous roar.

"This is an ancient vision of the powerful golden demons of our dark race! How can you, a human race, know such a forbidden method?"

The Black Demon Emperor not far away suddenly showed a trace of surprise in his eyes.

But the next moment, the surprise in the Black Demon Emperor's eyes suddenly turned into greed.

He couldn't help laughing out loud: "Hahahaha! Human boy, you are really a gift from God to me! After I kill you, I will extract the ancient vision of the golden troll from you and integrate it into my body. Then my demon bloodline may be greatly improved, and it is not impossible to become a high-level existence in the demon clan in the future!" Ye Feng smiled coldly and said: "You are such an emperor of the underground demon clan, and your cultivation strength is so strong. If I kill you and let you swallow up your blood essence and life energy for a lifetime, then I will also get a huge increase." When the Black Demon Emperor heard what Ye Feng said, he immediately felt humiliated and shouted: "Boy, shut up! How dare you treat this as your food? Damn it! You are humiliating me!!!" Ye Feng shouted: "The Reincarnation of the Heavens!" Boom! The infinite vortex of the fate of the six reincarnations enveloped the Black Demon Emperor opposite! "Great Nine Tribulations Demonic Art!"

The Black Demon Emperor also attacked at this moment, directly releasing the power of his inherited art.

Crash!

Crash!

Almost at this moment, countless black lightnings rushed out of the Black Demon Emperor's body, instantly bombarding the front, and directly shattered all the reincarnation vortexes. ??

"Emperor Suppression Tower!"

At this time, Ye Feng also held the Emperor Suppression Tower in his hand, appeared directly above the head of the Black Demon Emperor, and then smashed it down fiercely.

"Boom!!"

Ye Feng's power itself is extremely powerful, and the Emperor Suppression Tower is the life magic weapon of the Supreme Master of the Yuhua Divine Gate.

At this moment, when it hit the Black Demon Emperor, many of his bones were smashed, and then he was smashed hard on the ground, creating a ruin.

"Damn it! Boy, die for me!"

In the ruins, the Black Demon Emperor roared, thousands of black lightning flashed all over his body, full of boundless destructive aura, and soared into the sky in an instant, killing directly in front of Ye Feng.

"Crackle!"

Those terrible black lightnings, like thunder from heaven, instantly electrocuted Ye Feng's whole body and made him scorch and retreat madly.

"Ten thousand feet of red dust!"

At this moment, Ye Feng directly used the trump card of the Lord of Red Dust, the Ten Thousand Feet of Red Dust Vision.

Instantly, a world of red dust enveloped the Black Demon Emperor.

"It's useless!"

The next moment, what made Ye Feng's face change slightly was that the Black Demon Emperor was not affected by the illusion of the Red Dust Vision at all.

The Black Demon Emperor laughed out loud: "I am the emperor of the demon clan, and I am not interested in the reincarnation of the mortal world in your human race! So your mortal world vision has no effect on me at all. It seems that your master is the mortal god of Yuhua Divine Gate."

Ye Feng ignored the Black Demon Emperor and remained silent.

The Black Demon Emperor laughed out loud: "Boy, you have no tricks, right? Now you are the lamb to be slaughtered on the chopping board of this seat, and I will kill you however I want!"

Ye Feng suddenly said: "This is just my normal state. It seems that the difference in cultivation between the realms of Tao has a great impact on combat power."

When the Black Demon Emperor heard Ye Feng say this, he immediately sneered: "What other state do you have? I think you are afraid?"

Ancient Divine Ring!

Goddess Infinite Dharma!

Dharma Heaven and Earth!

Almost at this moment, Ye Feng immediately displayed his hidden talent.

Boom boom...

The next moment, Ye Feng suddenly expanded into a golden giant of the ancient race with a chest circumference of tens of thousands of feet tall.

And there were thousands of ancient divine rings shining on his body!

There was even a huge phantom of an ancient goddess behind him, blessing him with the power of blessing.

"Buzz!"

At this moment, Ye Feng's state instantly became the peak!

His combat power value, under the blessing of several secret techniques, was also maxed out at once.

The terrifying and boundless power surged and boiled in Ye Feng's whole body.

"What kind of means is this?"

The Black Demon Emperor, who was originally sneering, suddenly saw the golden giant tens of thousands of feet tall rising from the ground in front of him, and felt the vast and terrifying oppression, and his face changed slightly.

"Boom!!"

But at this moment, Ye Feng didn't waste words, he just clenched his fist, a big golden fist, like a golden sun, instantly fell from the sky, like a comet hitting the earth, full of unparalleled impact and destructive power.

Even, the golden giant fist rubbed against the air, creating a terrifying scene of burning air on the surface of the fist.

This scene, under the dark underground, is extremely shocking and full of unparalleled visual impact!

"You are a small human being! It is impossible to have such terrifying power!!"

The Dark Emperor roared loudly at this time, his face looked like crazy, and in an instant, his entire body began to expand, turning into a complete troll, charging towards the big golden fist in the sky.

"Boom!!"

Almost at the next moment, there was an earth-shattering roar throughout the world.

The boundless aftermath of the collision was like a vast ocean, pouring crazily towards the surroundings, destroying the entire land of thousands of miles. Countless buildings collapsed, mountains were shattered, and the entire underground world seemed to be destroyed. collapsed.

"ah!!"

And almost at the next moment, a miserable howl suddenly sounded.

On top of the endless ruins of the earth, the Dark Demon Emperor's burly body stood in place, but a huge blood hole had been blasted out of his chest, and he had suffered a fatal blow.

At this moment, high in the sky, the golden giant that Ye Feng transformed into did not suffer any damage. He stretched out a big golden hand and pinched the Black Demon Emperor in one fell swoop.

Ye Feng stared at the Black Demon Emperor and said coldly: "This is my peak state, you can't stop me."

Poof!

The moment Ye Feng finished speaking, he crushed the Black Demon Emperor to pieces with one hand.

The emperor of a generation of underground demons died!

"His Majesty the Dark Lord!!"

At this time, the remaining underground demons of the Dark Demon Kingdom in the distance suddenly looked extremely frightened, and their voices were full of anger, but also full of despair.

Because this human boy is so powerful, so powerful that the devil despairs!

At this moment, Shen Cangtian not far away witnessed the whole process, with a look of deep shock and sigh on his face, "Ye Feng, my vision back then was indeed correct. You are destined to

be a young dragon. As long as you enter Once you get on the big stage, you can soar into the sky and burst into light.”

At this time, Ye Feng killed the Black Demon Emperor, dispersed the golden body of the Dharma, and returned to its original size.

He looked at the numerous underground demons not far away, with no emotion in his eyes, and murmured coldly: "If they stay, they will be a disaster to the human race, so kill them all."

Boom!

Waves of terrifying energy immediately burst out from Ye Feng's body, like thousands of sword rains, directly killing all the hundreds of thousands of underground demons in the distance.

Rivers of blood!

"Swallowing the Realm."

The next moment, Ye Feng didn't hesitate at all, and a darkness swallowing field spread out from his body, covering the entire Dark Demon Kingdom.

Chapter 1995 Justice

As the kingdom of darkness envelopes the entire Dark Demonic Kingdom.

The terrifying devouring power sucked out all the energy and blood of all the living creatures in the entire dark kingdom, and then injected it into Ye Feng's body, crazily strengthening his cultivation and skills. .

For Ye Feng's current state, many underground demons are ordinary demons and are no longer of much use to Ye Feng.

So this time Ye Feng's biggest source of energy absorption was the slain Black Demon Emperor.

This Black Demon Emperor is, after all, a super strong man in the first level of the Dao King, the second level of the Dao Realm.

And as the emperor of the demon clan, the energy and skill contained in his body are naturally extremely majestic, as if they are like a vast ocean.

At this time, Ye Feng's momentum was rising steadily.

"boom!"

Entering the second level of Taoism! ??

"boom!"

Entering the third level of Taoism!

"boom!"

Entering the fourth level of Taoism!

Finally, at this moment, Ye Feng's cultivation stopped.

At this moment, on the entire eighteenth floor, among the countless ruins, every demon clan has turned into a skeleton and lost all their life essence.

At this time, Ye Feng walked towards the distance and said: "The underground demon clan has been destroyed. Lord Cangtian, let's go."

Shen Cangtian was still in deep shock at this moment. After hearing Ye Feng's words, he reacted and quickly followed.

The two people moved very quickly and returned to the Cangtian Empire in the blink of an eye.

Shen Cangtian took Ye Feng into the imperial palace of the empire.

It has to be said that the Imperial Palace of Cangtian Empire is very luxurious.

At this time, in the main hall of the central palace.

Ye Feng and Shen Cangtian stood opposite each other.

At this time, Ye Feng said aloud: "When will we set off back to the Yuhuashen Gate?"

God Cangtian spoke out

Said: "We can set off tomorrow."

At this time, he was looking at the thousands of miles of mountains and rivers outside the palace, seeming to be thinking about something.

Ye Feng suddenly smiled and said, "Lord Cangtian, are you reluctant to part with this country?"

"of course not."

Shen Cangtian shook his head, with a rather solemn expression, and said aloud: "My inner belief has always been to return to the Yuhua Shenmen, become a disciple of the Yuhua Shenmen, and pursue the power of martial arts practice."

Ye Feng nodded, then looked towards the boundless territory outside the palace, and said loudly: "Then after you, the Cangtian Emperor, leave, what should you do after you created this empire? Give it up to others?"

Shen Cangtian smiled and said aloud: "I believe that you will definitely have the ability to come back and take me back to the Feathered God Gate, so I have been looking for the art of clones for such a long time since you left, and I have refined it. An incarnation with the same soul and thoughts as me came out, and it was enough to let this clone of mine sit in the Cangtian Empire."

Ye Feng nodded and said aloud: "Incarnation outside the body is indeed a good choice, but you have to be careful not to let the avatar become another you with independent thoughts, otherwise he may betray you."

Shen Cangtian shook his head and said: "Don't worry, I have searched for so many secrets of clones, I have summarized them all together, and then created a set of clones of my own. We share the same mind and soul, so there will be no betrayal by clones." "

Ye Feng heard what Shen Cangtian said and nodded: "As long as you are confident."

...

Early the next morning.

Ye Feng and Shen Cangtian himself left the Cangtian Empire directly.

There was also an emperor clone in the main hall, and he waved at the two people.

Three whole days and three nights.

Both were on their way.

Finally on this afternoon.

Ye Feng and Shen Cangtian arrived at the Yuhua Divine Gate.

Shen Cangtian, a disciple who was expelled from the sect because of false accusations, now saw the familiar sect and buildings again, and couldn't help but burst into tears.

"Wait until it's over before you cry."

Ye Feng spoke up and said: "Now let's hurry up and go to the central hall. I will ask the Supreme Leader to administer justice to you. I will summon Ji Ning, the son of the Era God Lord, and you will confront him on the spot."

When Shen Cangtian heard what Ye Feng said, he immediately looked a little horrified and said loudly: "Shall we go directly to the supreme leader? That is a big shot who never sees the end of Shenlong."

Ye Feng smiled and said aloud: "You have to know that I am also a big shot in the Yuhua Shenmen now."

After saying that, Ye Feng took Shen Cangtian and flew directly towards the central hall.

When they came to the central hall, the Supreme Leader was waiting there for a long time.

Obviously, the Supreme Leader was aware of them the moment they entered the sect. .??.??

At this moment, Shen Cangtian immediately respectfully raised his hands and clasped his fists and said, "Disciple Shen Cangtian, I have met the Supreme Leader."

The Supreme Headmaster looked at Shen Cangtian, obviously not recognizing him, but seeing Ye Feng present, he still smiled slightly and said, "Not bad."

At this time, Shen Cangtian was about to continue saying something.

"Ye Feng you!"

But the Supreme Headmaster suddenly seemed to sense something. He stared at Ye Feng and couldn't help but said: "You have broken through to the Taoist realm?! And you have directly reached the fourth heaven? It's only been a few days?"

The Supreme Headmaster was shocked by Ye Feng's rapid breakthrough.

At this time, the Supreme Headmaster finally believed the words of his senior brother Gu Taixu: For Ye Feng, a breakthrough is as simple as eating and drinking.

"It's really incredible. This kid is really a hundred

A unique talent that is rare in ten thousand years, let alone in our human race, I am afraid that even compared with many races, this kind of talent is extremely evil..."

At this time, the Supreme Headmaster was thinking secretly, with a look of shock in his eyes.

Ye Feng suddenly spoke up at this time: "Supreme Headmaster, don't be shocked now, calm down, I am here this time to ask you to uphold justice for God Cangtian. He was framed by Ji Ning, the son of the Lord of Era, and thus was Expelled from the sect, what do you think the headmaster should do?"

If it was just Shen Cangtian who came by himself, perhaps the Supreme Headmaster would just let him go casually. After all, he was just an ordinary disciple.

But Ye Feng was here, and the Supreme Headmaster immediately said: "I will summon the Lord of Era and his son Ji Ning to come over now."

After finishing speaking, the Supreme Headmaster directly threw out a transmission talisman.

At this time, the Supreme Headmaster looked at Ye Feng and said, "Leave everything to me later. If the Lord of Era protects his son Ji Ning and threatens you, don't be impulsive. Although your cultivation has reached the Taoist realm, The Fourth Heaven, but the God Lord of the Epoch has already broken through the first level of the Dao Realm, the Tenth Heaven, and achieved the achievement of Half-Step King. His cultivation level is very terrifying, so don't act rashly."

When Ye Feng heard this, he secretly thought that he had just killed a real Taoist king.

However, he didn't bother to show off anything and just said, "I'll see what happens when the time comes."

At this moment, Ye Feng looked at Shen Cangtian beside him and found that the other person seemed very nervous and his face was a little pale.

Obviously, a big figure like the Lord of the Epoch has a huge sense of oppression on Shen Cangtian.

Even just hearing the name of the God Lord of the Epoch, Shen Cangtian felt a little scared in his heart.

However, Shen Cangtian also had excitement in his eyes, because he was about to meet his old enemy, Ji Ning.

Ye Feng patted Shen Cangtian on the shoulder and said with a smile: "Lord Cangtian, I will definitely do what I promised you. Just wait and see the good show later."

Chapter 1996 Abolition of Ji Ning

Outside the central hall of Yuhuashenmen.

Soon two figures came over.

They were a middle-aged man and a young man.

The middle-aged man is the Era God Lord, one of the ten great God Lords of the Yuhua Shenmen.

The young man was Ji Ning, the son of the Lord of Era.

Although the two people were summoned by the Supreme Leader, their expressions were very unruly and they had a natural sense of superiority.

After all, the top ten divine masters and the supreme leader are at the same level in the Feathered God Sect. No one can restrict the other. It just means that the supreme leader has the greatest power, but in fact, the top ten gods have the most power. Sometimes I don't have much respect for the Supreme Leader.

At this time, the Lord of Era came with his son Ji Ning.

They walked into the central hall, and the Lord of Era immediately said: "Supreme Headmaster, why do you want us two?"

At this time, the Lord of Era God was talking as he looked towards the entire central hall. He saw Ye Feng and another unknown stranger.

At this time, the Supreme Headmaster spoke up and said: "The main reason why I asked the Lord of the Epoch Times and your son Ji Ning to come here this time was because of a false accusation back then."

When he said this, the Supreme Headmaster looked in Ye Feng's direction, meaning to let him speak.

Ye Feng nodded, walked forward with Shen Cangtian, looked at the young man Ji Ning, the son of the Lord of Era, and said loudly: "Do you know him?"

With a trace of impatience on his face, Ji Ning said aloud: "Why should I get to know a little person?"

Shen Cangtian's face turned red all of a sudden, and he said loudly: "Ji Ning! In the core trial back then, I was the first, but you ended up falsely accusing me of stealing the sect's martial arts inheritance. and treasures, and then bribed the elders of the Law Enforcement Hall to expel me, the core number one, from the sect, causing me to lose all the glory I should have had, and you actually say you don't recognize me now?"

When Ji Ning heard Shen Cangtian say this, he seemed to take a good look at Shen Cangtian. Then he obviously didn't care about his evil deeds at all. He chuckled and said: "It turns out that you are a disciple from a poor family with no background. I didn't directly Killing you is already the greatest kindness to you, but now you dare to confront me? For a person with no background, what can you do to me, even if it is really me who framed you?"

\u003e It has to be said that this Ji Ning is probably spoiled by the Lord of Era. Even if the Supreme Leader is present, he dares to say such words directly. It can be said that he is dandy and domineering to the extreme.

"you....."

When Shen Cangtian saw Ji Ning's arrogant and domineering appearance, he didn't care at all about his tragic experience. He immediately looked angry and wanted to fight Ji Ning.

"Leave it to me next."

At this time, Ye Feng suddenly spoke up and stood in front of Shen Cangtian.

At this time, Ji Ning saw Ye Feng, with a hint of sneer in his eyes, and said loudly: "Are you the new disciple who has recently become famous in the Yuhua Shenmen? Haha, I just want to say, don't be arrogant in front of me. Because you are not qualified yet."

Ye Feng didn't respond at all. He walked directly in front of Ji Ning and said, "I apologize to my friend Shen Cangtian."

Snapped!

Ye Feng said this and knocked Ji Ning to the ground with a slap.

"ah!"

Ji Ning's face immediately swelled into a pig's head, a blood-red palm print appeared, and he fell to the ground with several teeth knocked out.

This sudden attack was unexpected by everyone present.

Even Ji Ning's father, the Lord of Era, was stunned at this moment. It seemed that he did not expect Ye Feng to be so arrogant and teach his son a lesson in front of him.

"Ye Feng! You are so presumptuous!"

A terrifying aura suddenly erupted from the Lord of Era, and he shouted loudly: "Supreme Headmaster, please don't interfere today! I will personally teach Ye Feng, who is so unjust, a lesson!"

"boom!!"

But suddenly at this moment, Ye Feng's body burst out with a terrifying momentum.

This kind of aura is even more terrifying than the half-walking king aura of the God Lord of the Era!

Even behind Ye Feng, a golden giant monster with concentrated momentum appeared directly, directly suppressing the Lord of Era to the ground.

.

"How is it possible? How could you have such a powerful power??"

The Lord of Era was stunned for a moment.

He was originally a high-ranking divine figure.

Wherever he goes, thousands of people admire him, and even the Supreme Headmaster doesn't dare to provoke him.

But at this moment, he didn't even have the strength to fight back, and was directly pressed to the ground by Ye Feng's ancient vision.

This is simply a great shame!

"Stand up for me!!"

The God Lord of the Era roared, and intense white light erupted from his body, trying to break free from the oppression of the golden troll.

"Just lie down like this for now."

Ye Feng spoke up and increased the input of his power. Suddenly, the power of the golden troll became more and more powerful, directly suppressing the Lord of Era to the ground and unable to move at all.

The Lord of Era suddenly became desperate.

His self-confidence was shattered in an instant.

At this moment, the Lord of Era God knew that probably no one in the entire Yuhua Divine Sect could suppress this young evildoer Ye Feng.

At this time, the Era God Lord suddenly looked at the Supreme Headmaster who was not far away, and immediately said: "Brother, the Supreme Headmaster, come and save me!"

The Supreme Headmaster was also very angry because of the pride of the Era God Lord just now. He said in a calm voice: "Didn't you just tell me not to interfere today? Then I won't interfere."

After finishing speaking, the Supreme Headmaster directly closed his eyes and began to rest with his eyes closed.

"..."

When the Lord of Era saw this scene, his heart sank completely.

At this moment, Ji Ning looked at his extremely powerful father, who was suddenly pushed to the ground by Ye Feng. He had no strength to resist at all and could not move at all.

This dandy and domineering second generation was immediately frightened and confused.

Ye Feng looked at Ji Ning at this moment and said aloud: "You let my friend Shen Cangtian go to waste for decades, made his originally brilliant life so lonely, and endured endless pain and humiliation. Then Let me judge you today, Ji Ning. I will destroy your cultivation as punishment.

"

"No!"

Hearing what Ye Feng said, Ji Ning immediately trembled with fear.

But before he could beg for mercy, Ye Feng had already pointed out, and a divine light, like a sharp sword, pierced Ji Ning's dantian with a "poof" and instantly destroyed him.

At this moment, Ye Feng is simply a self-centered person, doing whatever he says, which makes people feel frightened.

"I'm useless..."

At this time, Ji Ning finally tasted the consequences of the crimes he committed decades ago.

He lay on the ground in despair, the look in his eyes was blurry.

"My son!!"

When the God Lord of Era saw this scene, his eyes were suddenly filled with boundless anger. He shouted loudly: "My son Ji Ning, you have the appearance of a human emperor! Ye Feng, you actually destroyed him? I want yours." Life!!"

Boom! !

An unparalleled terrifying force suddenly burst out from the body of the God Lord of the Era.

He was completely angry and exploded. He broke free from the golden troll's suppression in one fell swoop, and burst out with infinitely terrifying cold murderous aura. He stared at Ye Feng below, and roared: "No one can do anything today." You can't stop me from killing you!"

At this moment, the movement in the central hall here attracted the attention of all the disciples of the Yuhua Shenmen.

Countless disciples gathered one after another, all looking in the direction of the central hall with horrified faces.

"What happened? It seems that the Lord of the Epoch and Senior Brother Ye Feng are going to fight?"

"It seems to be true! What's going on? How could a big shot like the Lord of Epoch take action against a young disciple like Senior Brother Ye Feng? Does the Lord of Epoch really want to kill Senior Brother Ye Feng?"

"A big shot at the level of a God Lord is simply unstoppable. That is a big shot like a dragon. Ye Feng is in a terrible state now! It is probably because his recent achievements have been relatively

high, so he has offended an older powerhouse like the God Lord of the Epoch. So, The Lord of Era may want to teach Ye Feng a lesson and suppress his arrogance. "

...

At this moment, countless disciples of the Yuhua Shenmen who had gathered had expressions of surprise and uncertainty on their faces and were talking among themselves.

Chapter 1997 One battle is enough

At this moment, countless people in the entire Yuhua Shenmen were attracted.

Because the momentum generated by the Lord of Era and Ye Feng was really terrifying.

That terrifying whirlpool of momentum simply shook the entire Yuhua Shenmen.

All the disciples and protectors of the Yuhua Shenmen, including many elders, could not sit still at this moment. They all flew to the direction of the central hall, and then looked at the Era God Lord in the sky. .??.

The God Lord of the Era was standing high in the sky at this time, with an incomparably huge aura and an unparalleled cold killing intent, covering the entire high-altitude land.

At this moment, the Lord of Era stared at Ye Feng below, his eyes full of cold murderous intent, and said loudly: "Young Ye Feng! You have destroyed my son! Today I will also destroy you!"

The Supreme Leader was a little alarmed at this time and wanted to take action to stop all this.

"Buzz!"

But suddenly at this moment, Gu Taixu appeared next to the Supreme Headmaster.

Gu Taixu grabbed his junior brother, shook his head slightly, and said loudly: "Let's not get involved in this matter, let Ye Feng solve it by himself."

The Supreme Headmaster was a little surprised and said, "Senior Brother Taixu, aren't you worried about Ye Feng's safety?"

An inexplicable smile appeared on Gu Taixu's face, and he said aloud: "I am very confident in Ye Feng. Since he dares to confront the Lord of Era today, it means that he has the strength to compete with the Lord of Era."

When the Supreme Headmaster heard what Gu Taixu said, he could only nod doubtfully, "In any case, let's watch first. If Ye Feng encounters any danger later, we will take action to rescue him in time. We must not let him go." The Lord of the Era has destroyed Ye Feng, the peerless evildoer, otherwise it will be a huge loss not only for our Yuhua Divine Sect, but also for the entire human race."

In the eyes of the Supreme Headmaster, although Ye Feng is indeed stunning and stunning.

But Ye Feng's cultivation background is, after all, much worse than that of a god-lord level figure.

Ye Feng's current state is the fourth level of Dao Realm.

And his opponent, the God Lord of the Epoch, is a super strong man at the level of a half-walking king!

Therefore, in the heart of the Supreme Leader, there is still a big gap between Ye Feng and the Lord of Epoch.

"It must be you who died today."

Suddenly at this time, under the spotlight of everyone, Ye Feng suddenly spoke out.

Boom!

He suddenly stepped on the ground, and his whole body instantly rushed to the sky, facing the Lord of the Era from a distance.

"This Ye Feng really dares to go toe-to-toe with such a big figure as the Lord of the Epoch Times?!"

Ye Feng's actions at this time shocked the entire field.

Countless disciples, protectors and elders all had looks of horror on their faces at this moment.

The God Lord of the Era is a super big man at the level of a God Lord!

But Ye Feng really flew high into the sky and wanted to fight the Lord of Era.

This is simply unthinkable.

How much courage does it take to be able to do this, to face a god-level figure head-on.

At this moment, Ji Ning, who was crippled on the ground in the central hall, immediately shouted angrily: "Dad!

Kill this Ye Feng! kill him! Avenge me! "

High in the sky.

Ye Feng and the Lord of Era faced each other from afar.

Buzz!

The murderous thoughts on the two of them spread out at this time, making the whole world become cold. Perhaps because of the extreme drop in temperature, the water vapor in the sky froze, and snowflakes actually fell from high in the sky.

"What two scary people! Just their murderous thoughts and momentum can change the weather!"

Everyone couldn't help but exclaimed in surprise.

"kill!"

Suddenly at this moment, the Lord of Era suddenly spoke up and slapped him in the face.

"Boom!"

In an instant, a white wave of light shot out directly from his palm, like the long river of time, capable of washing away everything and destroying everything.

"boom!"

But at this time, Ye Feng was not fancy at all. He directly clenched his fists, showing a chaotic color, and blasted wildly into the distance.

With his current cultivation level and his current body strength, although it was just an ordinary punch, the fist was like the most terrifying war spear in the world, shattering the entire space, and the air collision unexpectedly. There was a sonic boom.

This is an extremely terrifying impact!

An extremely terrifying destructive power!

"Boom!!"

Accompanied by a huge roar, Ye Feng's spear-like chaotic fist was indestructible, as if it was made of divine iron. It directly shattered the vast white river of time, and then severely bombarded the body of the Era God Lord. above.

Buzz!

At this moment, a piece of golden armor of divine light immediately appeared on the surface of the body of the Lord of Era.

It is a magic weapon hidden under the human skin. When it suffers unbearable damage, it will immediately appear and resist the damage.

Therefore, Ye Feng's punch did not penetrate the chest of the Era God Lord, but the terrifying impact had already passed through the golden divine light armor and hit the real body of the Era God Lord, causing him to spray violently. A mouthful of blood came out.

"ah!"

At this moment, the God Lord of Era felt that his internal organs were about to be shattered.

He spurted out blood, but his eyes were extremely angry, and he yelled: "Armor of the Gods!"

Boom!

Almost at this moment, the surface of the body of the Lord of Era was suddenly covered with pieces of golden armor.

These golden armors suddenly boosted the momentum of the God Lord of the Era, and his cultivation level even began to surpass that of the Half-Step King.

"Ye Feng is so terrifying! He actually forced the Lord of Era to directly release his most powerful trump card, the divine armor!"

"At first, I thought that the Lord of Era could kill Ye Feng with one slap. I didn't expect that Ye Feng was so powerful. You must know that Ye Feng is just a disciple, and he was able to kill someone at the level of the Lord of God.

The big shot was beaten until he vomited blood! "

...

At this moment, all high up in the sky, countless disciples and guardian elders of the Yuhua Shenmen could not help but scream in surprise.

Everyone had a look of horror on their faces. Even if they were beaten to death, they would never have imagined that this young man, Ye Feng, could be so terrifying.

"The Wrath of the Gods!"

At this time, high in the sky, the Lord of Era launched his ultimate move.

The golden armor all over his body suddenly burned with golden flames at this moment, and then formed a sea of fire, burning and melting the space.

Wow!

The sea of golden fire that filled the sky immediately enveloped Ye Feng.

But at this time, Ye Feng directly activated the Ancient Burning Heaven Technique, and natal flames composed of different colors suddenly appeared on his body.

The golden sea of fire that was burning fiercely could not harm him at all, and was even absorbed and directly assimilated by him.

"What?"

When the Lord of Era saw this scene, his eyes immediately showed a hint of horror.

But the next moment, the God Lord of the Epoch showed a terrifying killing light in his eyes. He was suddenly covered in divine armor and punched Ye Feng directly.

Equipped with divine armor, every move of the Era God Lord is filled with terrifying power.

He punched out, and the fist covered with golden armor was so powerful and heavy that it almost shattered the entire void.

It's hard to imagine what kind of terrifying power this is!

"Boom!"

At this time, Ye Feng also punched forward and collided with the fist of the Lord of Era, which was covered with metal armor. A harsh roar suddenly sounded in the void.

The rolling sound waves spread everywhere, and in an instant, the sky and the earth, and countless buildings were shaken to pieces.

"Hahaha! Boy! You can't defeat my divine armor!"

The Lord of Era immediately laughed out loud.

Ye Feng smiled coldly at this time: "Equipped with such a powerful armor, even my skin can't be penetrated. I don't know where you got the confidence to laugh. And until now, you have used all your cards, and I didn't even show any of my trump cards."

"you.....!"

Hearing what Ye Feng said, the expression of the Lord of the Epoch that was laughing suddenly stiffened.

And at the next moment, Ye Feng didn't hesitate at all and directly released his killing move.

"The Reincarnation Kung Fu of the Heavens!"

Boom!

The boundless and terrifying whirlpool of reincarnation blew away the Lord of Era in one fell swoop.

"Emperor Tower!"

The huge boundless dark golden pagoda suddenly descended from high altitude. With a click, it shattered the armor on the Lord of the Era. The armor fell off piece by piece, making the Lord of the Era look extremely frightened.

"don't want!!!"

At this time, the God Lord of the Epoch suddenly yelled in horror.

\u003e

But it's too late.

"The Heavenly Dragon Emperor's Technique!!!"

Ye Feng's whole body turned into a golden dragon in an instant, with golden light blooming all over his body, as if he had become the only true dragon emperor in the world, full of monstrous power, exuding a devastating impact, all of a sudden It was bombarded by the God Lord of the Epoch below.

"Rumble..."

Amidst a burst of earth-shattering roars and shattering sounds, the entire body of the God Lord of the Era was shattered and turned into several pieces, scattered on the ground, completely dead!

Lord of the Era, die!

"hiss!"

In the entire Yuhua Shenmen, countless disciples, protectors and elders were dumbfounded, and there were waves of gasps among the countless people.

Bang!

Ji Ning, who just yelled at his father to kill Ye Feng, felt like the sky was falling. He suddenly fell to the ground, lost his breath, and was frightened to death.

The Supreme Headmaster and Gu Taixu also looked at each other at this moment, seeing the incredible expression in each other's eyes.

After all, in their previous speculation, Ye Feng might be in danger.

But the result was completely unexpected.

Not only did Ye Feng not encounter any danger, but in a short period of time, he directly killed the Lord of Era God on the spot with a devastating offensive.

"A god lord died like this??"

At this moment, countless people in the audience were staring at the corpse of the Lord of Era that was broken into several pieces, with incredible expressions on their faces.

After all, in their eyes, the great figures at the level of god-lords are the most powerful, beings who cannot resist at all. They are legendary figures who can dominate the destiny of all people in the world.

But today, they saw with their own eyes the fall of a legend.

This has a huge impact on everyone's soul.

After a brief shock, everyone looked at Ye Feng and the young man's eyes, which were filled with endless awe and admiration for an instant.

Ye Feng's combat power is really terrifying!

"powerful!"

"Incredibly strong!"

At this time, even some of the elders and powerful men in the Ascension God Sect, or some supreme elders, all expressed heartfelt admiration.

"After this battle, Ye Feng's name will probably spread throughout the entire wilderness, and even the entire seven major domains of the human race!"

Someone let out a deep yell.

It is hard to imagine what kind of excitement this news will cause when it spreads throughout the world today.

Ye Feng's name will definitely resound throughout the entire human race!

To become famous, one battle is enough!

At this time, Shen Cangtian stood in the central hall, feeling that the frame-up and humiliation he had suffered over the past decades had finally been completely washed away.

He stared closely at the unparalleled Ye Feng in the sky. Even though he was a man, his eyes were filled with tears of excitement and excitement at this moment, "Thank you, thank you..."

Chapter 1998 Six Great God Lords

Ye Feng was currently standing high in the sky, looking around at the shocked gazes of everyone below, without any fluctuations in his heart.

Because for him, killing a half-step king like the Lord of the Epoch is not a great achievement.

Even Ye Feng didn't use up his trump cards at all in the process of killing the Lord of Era.

For example, he didn't even summon the Dzogchen future body because it was simply not necessary.

So at this time, compared with the scene of cheers from the audience, Ye Feng felt no fluctuation in his heart. He walked down from the sky with a calm face and put the broken body of the Lord of the Era into the storage ring.

After all, this is good nourishment.

At this moment, everyone saw Ye Feng's unwavering expression, and their hearts were filled with deep shock.

"Senior brother Ye Feng is so awesome! He has such a good attitude! He killed a god master without any trouble. He is indeed my idol!"

A young Yuhua Shenmen disciple could not help but speak out.

"This young man Ye Feng is indeed the future of our Yuhua Shenmen. He has such a powerful cultivation level and has done such earth-shattering feats, but he still has no worries in his heart. This shows that he is determined and is a peerless talent!"

At this time, some of the elders and powerful men in the Yuhua Shenmen couldn't help but praise, their voices full of appreciation.

As for the death of the God Lord of the Era, not many people paid attention to it.

Because Ye Feng's power is so deeply rooted in the hearts of the people.

Even if a big figure like the God Lord of the Epoch dies, it seems to be of no consequence.

Because the Yuhua Shenmen has a more powerful Ye Feng, it means it is safer and more stable.

Even after Ye Feng left the Ascension God Sect and went to a more vast and huge domain, he made some achievements, which would bring glory to the entire Ascension God Sect, and even this desolate domain.

At this moment, Ye Feng landed in the central hall, looked at the faces of the Supreme Headmaster and Gu Taixu who seemed to be a little shocked, couldn't help but spread his hands, and said loudly: "I didn't mean to kill the Era God Lord, I originally I just wanted to injure him and teach him a lesson, but I didn't expect that the first time I used the Heavenly Dragon Emperor Technique, I failed to control the power and directly shattered the Era God Lord."

When the Supreme Headmaster and Gu Taixu heard what Ye Feng said, they could only show a strange look on their faces and said nothing.

At this time, Ye Feng suddenly saw Ji Ning lying on the ground in the central hall.

The son of the God Lord of the Era was lying on the ground and expired.

Ye Feng looked at Shen Cangtian, couldn't help but nodded, and said in appreciation: "Very good, your martial arts killing will has awakened again, and you killed this person who once scared you."

Shen Cangtian shook his head, looked at Ji Ning lying on the ground, and said loudly: "He was scared to death by you, not me."

Ye Feng: "..."

At this moment, a group of figures shrouded in divine light suddenly appeared in the sky.

There are five or six figures in this group, and the aura of cultivation on their bodies is clearly that of the Tao realm.

Most of them are the cultivation of Dzogchen, the first level of the tenth level of Taoism.

There are also a few second-level half-walk kings.

Obviously, the six figures of divine light that suddenly appeared were six of the ten great divine masters.

Of course, now that the Heavenly Dragon God Lord and the Epoch God Lord are dead, it can be said that there are only eight God Lords left.

Now six came at once.

Six divine masters, their whole bodies shrouded in divine light, descended into the sky above the central hall.

Their eyes were all fixed on Ye Feng.

At this time, Ye Feng felt the cold and piercing eyes.

Obviously, these six god-lords are obviously hostile to him.

Suddenly at this moment, one of the six God Lords spoke up: "Supreme Headmaster, this Ye Feng is a man with wolfish ambitions. Ever since he came to our Ascension God Sect, he has been restless. Both God Lords are worried. He has died in his hands. I beg the Supreme Leader to expel this kind of person from the sect or imprison him permanently, otherwise we, the Ascending God Sect, will be in ruins."

Wow!

The moment the God Lord finished speaking, the entire venue was suddenly in a state of excitement.

No one expected that Ye Feng's power had aroused deep fear among a group of God Lord figures, making them very uneasy and even wanted to unite to expel Ye Feng.

At this time, Ye Feng's eyes were extremely cold and he suddenly said: "I don't have any wolf ambitions at all. You want to expel me because of

Regarding your status, in the past, no one could control you God Lords. Even the Supreme Leader could not check and balance you. You could act arbitrarily and control the most powerful power in the entire wilderness. However, my appearance has This balance has been broken. Because I have the power to kill the God Lord, I make you feel scared. I am afraid that one day you will use your power to do evil and be caught by me. I am afraid that I will kill you. This is what you want. The real reason for deporting me, right? "

This was Ye Feng's questioning voice. Every word was full of sonorous power, making everyone feel trembling in their hearts.

Even the six united God Lords fell silent for a moment.

Ye Feng said aloud: "The Lord Tianlong wanted to plunder the inheritance of the Heavenly Dragon Emperor from me and wanted to kill me in a sneak attack, so he was killed by me. The Lord of the Epoch Times asked his son to do evil, killing his fellow disciples and suppressing them. The rise of various disciples from poor families, who want to solidify the hierarchy of our Yuhuashen Sect and prevent the rise of disciples from poor families with no background, what's the harm if I kill such people? "

What Ye Feng continued to say at this time made all the disciples in the room, including some of the elders, feel a deep anger in their hearts.

At this time, they understood why the six gods suddenly united to expel Ye Feng. It turned out to be to prevent Ye Feng from breaking the class solidification that had been established over time.

At this moment, Ye Feng's words seemed to be deafening, making everyone suddenly realize that for so many years, big figures at the level of gods have controlled high-level power, allowing their families or their descendants to control everything. The closed disciples of Yuhua Shenmen have been trying hard for a long time but there is no hope.

This is the real reason why the six major gods united to expel Ye Feng!

At this moment, several divine masters from the six major divine clans seemed to have been hit by a pain point, and they immediately shouted coldly: "Ye Feng! Don't talk nonsense! We expelled you because you are too cruel. , not suitable for our Yuhua Shenmen!"

"Shut up, everyone!!"

Suddenly at this moment, the usually docile Headmaster Supreme suddenly roared.

The terrifying sound silenced the entire place in an instant.

The Supreme Headmaster's face looked very ugly at this time. He stared at the six divine masters who were jointly exerting pressure not far away, and said slowly: "How do you judge Ye Feng? You don't need to say any more. I

As the supreme leader of the Yuhua Shenmen, he has a certain destiny in his heart. "

"Headmaster Supreme!"

When the six God Lords heard that the Supreme Headmaster was so partial to Ye Feng, they immediately sounded a little shocked and angry.

"I told you to shut up and you are still talking nonsense here!"

Gu Taixu also suddenly spoke up at this time. He stared coldly at the six God Lords and said loudly: "If it weren't for the purpose of preserving the human power in our wilderness, I would directly join forces with Ye Feng to kill all six of you! "

Buzz!

It has to be said that Gu Taixu is still a ruthless person. As soon as he said these words, he immediately shut up the six great gods.

At this time, the Supreme Headmaster suddenly looked at everyone in the audience and said aloud: "Just taking advantage of everyone being here today, I want to announce something, that is, everyone who enters the dark battlefield next will be treated as Ye Ye. As the commander-in-chief, Feng obeys Ye Feng's orders and carries out this battle against the dark race!"

Wow! !

These words from the Headmaster Supreme made the whole place boil.

"What?"

"Let a brat lead us?"

"Although he is very capable, his qualifications are far inferior to ours!"

Suddenly, several God Lords couldn't help but speak out.

The Supreme Headmaster did not care about the words of these divine masters and just said calmly: "This is an order. Anyone who dares to disobey the order will violate the rules of the Yuhua Shenmen and will receive sanctions from the Yuhua Shenmen Law Enforcement Hall!"

"this.....!"

Several dissatisfied God Lords, although angry in their hearts, did not dare to say anything at this time and could only keep their mouths shut.

At this time, Ye Feng suddenly looked at the six god-lords and said loudly: "I know that several god-lords disobey me, but fists are the law. If I am alone, I can knock down all six of you god-lords. , then you will have to obey me, do you dare to challenge? "

"What?!"

Hearing Ye Feng's sudden words, not to mention the six divine masters, everyone on the field, including the Supreme Leader, couldn't help but change their expressions.

Do they think Ye Feng is crazy?

One person wants to challenge the six great gods?

It's incredible!

Chapter 1999 Are you convinced?

quiet!

Deadly quiet!

At this moment, everyone stared at Ye Feng standing above the central hall with incredible eyes.

What this young man said simply shocked the whole audience.

Even the Supreme Headmaster's face changed at this time. He couldn't help but walked to Ye Feng's side and whispered: "Ye Feng, don't be so willful! With the six divine masters united, not even

Senior Brother Taixu can resist it. ! This is no joke! If you speak arrogantly now, the six gods will seize the opportunity to defeat you, and your position as commander in the next battle will be lost. "

When Ye Feng heard what the Supreme Headmaster said, he just smiled slightly and said: "Don't worry, I am sure of myself. If I don't take action to suppress them, they won't be able to do it in the next battle." Following my orders may affect the entire battle. Aren't these six god masters disobedient to me? Then I will fight them now!"

After saying that, Ye Feng rushed directly to the sky, looked at the six great God Lords in the distance, and said loudly: "You guys go ahead and besiege me together. Today I will make you clear under the eyes of everyone." Totally convinced! ”

These six divine masters have no murderous intention towards Ye Feng, they just feel that Ye Feng should no longer stay at the Yuhua Divine Sect, and as their commander-in-chief, this young man Ye Feng really makes these six major divine masters dissatisfied.

After all, the only ones qualified to serve as commanders are the powerful elders like their God Lord.

At this moment, seeing Ye Feng really standing on their opposite side and asking them to take action, the six divine masters were stunned for a moment, not knowing whether it was better to take action or not to take action.

After all, if they take action and the six great gods besiege a young disciple of the sect, even if they win, the world will laugh out loud if the news spreads.

If they don't take action, they won't have any face today.

"good!"

Suddenly one of the six great lords spoke up and said: "The lord of the era does not

He is the most powerful among us. It is impossible for the six of us to attack at the same time. Wouldn't that be bullying a junior like you? Let me fight you alone. "

Boom!

After the Lord God finished speaking, a huge phantom of an ancient dragon elephant appeared all over his body.

He actually also practiced an ancient vision, which was very powerful.

"You can not!"

Ye Feng roared loudly at this time, bursting out all his power at once, activating the Dzogchen Future Body in an instant, and then merging with himself. Ye Feng immediately gained the power of the Dzogchen Future Body.

At this moment, Ye Feng directly burst out his most powerful peak power. Naturally, he wanted to completely shock everyone. He was too lazy to get involved in the battle and was dragging his feet. That was not Ye Feng's style.

"boom!!"

Ye Feng and Dzogchen's future body merged into one, and gained the peak power. He stretched out a hand, and transformed into a super big handprint that covered the sky and the sun in the sky. The incomparable offensive instantly blew away the God Lord who rushed over first.

"puff!!"

That kind of power was so terrifying. The ancient vision of the ancient dragon elephant released by the God Lord was directly shattered by Ye Feng's super large hand seal, and then the whole person spurted out a mouthful of blood and was shot away.

"What?!"

"Slap an extremely powerful god away with just one slap?!"

At this moment, everyone saw this shocking scene and couldn't help but tremble in horror.

"In the battle between Ye Feng and the Lord of the Epoch just now, he didn't use all his strength at all!"

At this time everyone understood.

Ye Feng's true power has not been fully revealed yet.

This is his true power!

Slap a god master away with one slap!

"Let's go together!"

At this time, the remaining five divine masters who refused to admit defeat also took action one after another.

Boom!

Boom! !

At this moment, the power of the five major gods' joint attack suddenly changed the color of the whole world, the earth cracked, and the whole world seemed to be torn apart and destroyed by the violent force.

"Let the storm come more violently!"

At this time, Ye Feng also burst into flames instantly.

He wants to challenge the five great gods on his own!

"All the power is unleashed on me!"

"The Goddess's Infinite Power!"

"Ancient Divine Ring!"

"The future body of Dzogchen!"

"The ultimate secret of the Heavenly Dragon Emperor Technique - the infinite destruction of the ancient divine dragon and the super-god big explosion light wave!!"

Boom! !

At this moment, Ye Feng was completely ignited, and the power that exploded was poured out completely crazily, full of unparalleled destructive power and destructive power.

The endless golden wave of destruction enveloped the entire heaven and earth in an instant.

In an instant, Ye Feng turned into infinite light in the sight of countless people who were shocked and horrified!

At this moment, the Supreme Headmaster and Gu Taixu could not help but change their expressions. The two of them suddenly teamed up to set up a super huge protective mask, covering all the disciples of the Ascension God Sect present, as well as the entire The Yuhua Shenmen is all covered.

"Boom!!!"

And at this very moment, an earth-shattering roar suddenly sounded throughout the sky.

Infinitely terrifying light waves of destruction, chaotic and boundless aura of destruction, endless divine light, explosive aura, aura of destruction, etc., just like a nuclear explosion, completely exploded in the entire high altitude!

The world seems to no longer exist!

The terrifying frenzy of collision made everyone unable to help but close their eyes at this moment.

Until half an hour later.

"boom!"

"boom!"

"..."

Six figures fell from the destructive light wave high in the sky and fell hard to the ground.

These six figures were clearly the six great gods. However, the clothes of these big figures were all in tatters, their hair was disheveled, their faces were covered with mud and blood marks, and some were even vomiting blood. They looked extremely embarrassed. Obviously suffered a heavy blow.

"The six great gods have completely lost..."

Countless people saw this scene and were shocked to the point of being stunned.

And at this time.

"Pap, tap..."

Following waves of powerful footsteps, Ye Feng's tall figure slowly walked out of the endless ruins on the opposite side.

At this moment, Ye Feng, although his clothes were torn and his face was stained with blood, his black hair was dancing wildly in the wind, his eyes were bursting with intense divine light, and his aura was like a divine sword, almost piercing. Through the entire sky.

Coming from the endless ruins, this scene looks so shocking.

Everyone stared blankly at the young figure.

Ye Feng's momentum was still extremely terrifying at this time. He stared at the six great gods who fell on the ground opposite him, and said word by word: "Are you... convinced now?"

Chapter 2000 Set off to the dark battlefield

At this moment, the entire field was dead silent.

Even the supreme leader was stunned.

No one thought that Ye Feng, a young man, had such terrifying and terrifying power.

None of the six great gods are his opponents.

They were all fucked down!

At this time, several God Lords had trembling expressions on their faces. They stared at Ye Feng and asked, "What unbelievable methods did you use just now?"

Ye Feng looked at these divine masters, smiled faintly, and said, "You want to learn? I will teach you when I have time!"

"Wooooo0000..."

A group of great figures at the level of God Lord couldn't help crying when they heard Ye Feng's words at this moment.

Because they immediately understood that Ye Feng was not only stronger than them in strength, but also had a much stronger mentality than them. He was extremely open-minded and truly tolerant of all rivers.

Therefore, a group of big figures at the level of god masters realized the narrow-mindedness and shame in their hearts at this moment, and they all cried bitterly.

When many disciples saw this scene, they all didn't understand why several divine masters cried bitterly because of Ye Feng's words.

The Supreme Headmaster and Gu Taixu looked at each other and nodded slightly, their eyes filled with unconcealable admiration.

"This son has a promising future."

The Supreme Headmaster said with great sigh.

...

Three days later.

In the entire Yuhua Shenmen, countless disciples formed armies one after another and set off towards the wilderness area on the edge of the wilderness.

They are going to the dark battlefield to fight a huge battle with the dark race, to prevent the dark race from carrying out a very evil plan and resurrect the dark evil god.

At this moment, in the uppermost sky of this group of armies.

There is a huge ancient warship floating, full of the momentum of ancient wars.

On top of the ancient warship, a group of people stood.

There are now a total of eight divine masters of the Yuhua Shenmen. They are all standing there at this time, and their aura is endless.

It's so powerful and breathtaking.

But their eyes were filled with awe from the bottom of their hearts, staring at the young figure in white clothes at the front.

The figure in white clothes Shengxue is naturally Ye Feng.

Now Ye Feng's reputation has spread throughout the entire wilderness, and even the entire seven major domains of the human race.

Kill the God Lord of the Era!

Defeat the six great gods on their own and join forces!

This crazy battle made Ye Feng famous all over the world.

Now the Yuhua Shenmen's army participating in the dark war completely admires the commander Ye Feng from the bottom of his heart.

Even the Eight Great God Lords were in awe of Ye Feng, the young commander, from the bottom of their hearts.

At this time, they knew why the Headmaster Supreme and Gu Taixu were so optimistic about Ye Feng.

This is simply a peerless talent that only comes once in a million years!

Not to mention the entire human race, I am afraid that even among the dozen or so powerful races and tens of billions of creatures around the seven major domains of the human race, they are considered to be amazingly talented and stunning beings!

At this time, Ye Feng stood at the front of the ancient warship, overlooking the entire vast land below.

At this time, Ye Feng suddenly looked behind him and asked: "How long is it until the dark battlefield?"

A god master holding a battle ax said aloud: "It should be here soon, but before we enter the dark battlefield, we need to join forces with the human overlords in several other domains."

Hearing this, Ye Feng nodded slightly and said: "Our task this time is very difficult. When the time comes to enter the dark battlefield and have a large-scale battle with the ancient dark race, you eight God Lord-level figures will not only In order to fight against the strong men of the same level among the dark races, we also need to pay attention to the ordinary disciples who guard our Feathered God Sect."

This time, in order to organize this huge battle, Yuhua Shenmen dispatched hundreds of thousands of disciples.

This group of disciples are the fresh blood of the Ascension God Sect in the future, so

Be sure not to lose too much.

At this time, the eight great gods all understood this truth and nodded and said: "We understand, commander, don't worry."

Ye Feng nodded at this time and said aloud: "Next, I will arrange your respective tasks, because when the battle becomes chaotic, I may secretly lurk into the deepest part of the dark battlefield to destroy the attempts of those dark races. An altar to summon the evil god of darkness."

"The commander-in-chief wants to conduct a sneak attack alone?"

Hearing what Ye Feng said, the eight great gods couldn't help but look shocked.

Immediately, their hearts were filled with admiration.

If it were them, they asked themselves, they might not have the courage to dare to lurk into the deepest part of the dark battlefield alone to disrupt the coming of the Dark God.

But Ye Feng, a young man, possesses such unparalleled courage.

For a moment, the eight great gods were a little ashamed and felt inferior to themselves.

At this time, Ye Feng said aloud: "This is something that I have discussed with the Supreme Leader, and it is also something that I must do. So, on the battlefield, you eight God Lords still need to control everything."

At this time, Ye Feng said and began to assign tasks to each god.

"Lord Battle Axe, your advantage is the violent power, so when the war breaks out, you need to rush to the front of the army. As the sharpest knife, you can tear open the frontline defense of the dark race army on the opposite side. "

"Lord God of Fire, you are practicing the fire technique of group attack. When the time comes, you will stand in the safe area at the back of our human army and keep outputting fire attacks. Don't rush to the front line, because you The defense is too weak."

"God Lord of the Red Dust, the technique you practice is very special. I also have a certain understanding. It is a vision of the vast world of mortals that can produce extremely powerful illusions. However, the dark race does not accept this method, so your main task then is It is to be wary of the human forces in other domains. Although our seven domains work together to fight against the dark race, we have to guard against the overlord forces in other domains. After all, we humans

The internal fighting between clans is also very fierce. "

"Lord Titan God, you practice a very powerful body-training technique, and your body is filled with Titan blood. I want you to stand in the middle of our Feathered God Sect army during the battle. As the guardian of the entire army, once there is an attack that the ordinary army cannot withstand, you will immediately activate the Titan's divine blood and transform into the true form of the ancient Titan. As the strongest 'shield' of our army, you will protect everyone."

"And Lord Sirius, what you need to do is..."

...

At this moment, under Ye Feng's orders, all the tasks of the eight god masters were arranged.

The eight God Lords were really impressed by Ye Feng.

They realized that Ye Feng, a young man, could no longer be described as a genius or a monster. They could only say that he was definitely a rare genius.

Not only is his martial arts talent terrifying, but his combat prowess is also extremely terrifying, and his brain is extremely smart.

Simply an all-round talent!

After Ye Feng ordered everything, he felt relieved and returned to a cabin of the ancient warship alone, quietly waiting for the army to arrive on the dark battlefield and the coming storm.

On this night, a beautiful figure covered in burning flames descended from the sky and landed on the ancient warship of Yuhua Shenmen.

"Phoenix Emperor?"

A group of God Lords guarding the warship saw the arrival of the Phoenix Human Emperor at this time, and couldn't help but be curious and confused.

The Phoenix Human Emperor spoke out: "I'm here to help Ye Feng."

When several male gods of the Yuhua Shenmen heard what the Phoenix Human Emperor said, they were all secretly shocked, and then they couldn't help but think in secret shock and admiration.

"The commander-in-chief is so powerful. He secretly managed to take down a peerless figure like the Phoenix Human Emperor. Having this peerless and magnificent female emperor personally come to help him is simply a role model for our generation..."
