

Ancient 2001

Chapter 2001 I'm fighting the elite

Ye Feng is currently refining the fragments left by the Lord of Era in his own room.

"Rumble..."

Waves of majestic skill energy were immediately injected into Ye Feng's body.

For Ye Feng, the energy of the Era God Lord is still very abundant. After all, he is a half-step king at the second level of the Tao Realm.

"boom!"

A huge momentum burst out from Ye Feng's body.

He broke through and stepped directly into the fifth level of the Dao realm.

Next, the skill continues to increase.

But in the end, he failed to continue to break through.

This made Ye Feng smile slightly, "My body is becoming more and more like a bottomless pit."

And at this time.

"Dong dong dong!"

Suddenly there was a knock on the door.

"who is it?"

Ye Feng looked a little confused, walked forward and opened the door.

Outside the door, a graceful and graceful figure was standing.

"Senior Phoenix Human Emperor?"

Ye Feng was a little surprised. The sudden appearance of this human emperor in the wilderness was indeed a bit unexpected.

The Phoenix Human Emperor saw the surprise in Ye Feng's eyes, and a faint smile appeared on his beautiful face, and said loudly: "What? I'm not welcome?"

"Of course you are welcome."

Ye Feng immediately invited the Phoenix Human Emperor into the room, and then asked aloud: "But I am still a little strange, why does Senior Phoenix come here?"

The Phoenix Human Emperor stared at Ye Feng and said loudly: "I also want to contribute my own strength to this dark battle, so I came here. Ye Feng, when the time comes to destroy the altar of the dark race, I will accompany you. Go, you'll be safer."

When Ye Feng heard what the Phoenix Human Emperor said, he immediately understood. It turned out that she was here for him.

At this moment, the Phoenix Human Emperor stared at Ye Feng with his beautiful eyes, seeming to be a little appreciative, and said loudly: "Before, you were still a little guy in my eyes, but I didn't expect you to progress so fast. In such a short period of time, You have already entered the realm of Tao, and your combat prowess is also very outstanding, which makes me very impressed. "

Ye Feng smiled and said, "Senior Phoenix is so ridiculous. I'm just lucky."

The Phoenix Human Emperor suddenly spoke up: "Can you please stop calling me senior one at a time, as if I am too old? You can just call me Phoenix from now on."

Ye Feng's eyes were stunned for a moment, and then he could only nod.

The Phoenix Human Emperor carefully observed Ye Feng at this time.

He glanced up and down his whole body, and then said aloud: "How is your Tianlong Emperor's inheritance and cultivation going?"

Ye Feng said: "I have almost mastered the Tianlong Emperor Technique, and even comprehended its ultimate secret attack: the infinite destruction of the ancient divine dragon, the super god's big explosion light wave. I used this move before to directly defeat The six great gods join forces."

The Phoenix Human Emperor's beautiful eyes lit up slightly, and he said aloud: "The ancient divine dragon infinitely destroys the super god's big explosion light wave? I didn't expect that you have even understood the most powerful attack method of the Tianlong Emperor. It seems that you are really right. The Heavenly Dragon Emperor Technique has been thoroughly comprehended and mastered. This is great. We can practice together."

Ye Feng's eyes were stunned and he said aloud: "Are we going to cooperate in training so soon?"

The Phoenix Human Emperor stared at Ye Feng and said aloud: "I know you are going to the Blue Sky Holy Land in the Blue Sky Territory soon, so we don't have much time to get along with each other. Let's take advantage of this opportunity to work together and practice well. For a moment, this will be of great benefit to your inheritance and cultivation."

When Ye Feng heard what the Phoenix Human Emperor said, he felt moved in his heart.

After all, his current body is like a bottomless pit, and it is too difficult to break through.

If he can cooperate with a strong person like the Phoenix Human Emperor, who is at the Tao Emperor level of the third level of the Tao Realm, and their skills complement each other, it will definitely be a good choice for Ye Feng.

Therefore, Ye Feng did not hesitate at this time and directly agreed to the Phoenix Human Emperor's cooperative training plan.

Ye Feng asked: "Then how should we cooperate in cultivation?"

The Phoenix Human Emperor spoke out: "Your Heavenly Dragon Emperor Technique and my Phoenix inheritance have a natural complementarity and promotion, so we only need to use our respective bodies as a medium to communicate with each other. By connecting them, we can continuously complement each other."

When Ye Feng heard what the Phoenix Human Emperor said, he couldn't help but ask: "It's my first time, I don't have much experience, and I don't know how to use the body as a medium. Next, I ask Senior Phoenix to teach me step by step."

An inexplicable smile appeared on the Phoenix Human Emperor's beautiful face at this time, and he said aloud: "Don't worry, I will teach you how to do it later. You just need to use your Tianlong Emperor Art, and then enjoy the whole process." Just the cultivation process."

After the words fell, the Phoenix Human Emperor's graceful figure moved slightly and walked towards Ye Feng...

...

In the following time, Ye Feng was training in cooperation with the Phoenix Human Emperor.

I have to say that the Heavenly Dragon Emperor Technique and the Phoenix Heritage

There is indeed a natural mutual promotion effect.

In just a few days, Ye Feng's cultivation level has improved tremendously.

He actually broke through the first level of heaven and entered the sixth level of Taoism.

The Phoenix Human Emperor also received a lot of pure dragon essence from Ye Feng, and her cultivation level also improved a lot.

Both of them are very knowledgeable about this.

They don't want to waste time at all and don't have any rest.

I practiced in the room for seven days and seven nights...

...

Early morning on the eighth day.

The huge warship of the Yuhua Shenmen, and the human army composed of hundreds of thousands of disciples underneath, finally arrived at the edge of the dark battlefield.

Looking into the distance, there are no green mountains and green waters on the earth.

In the area in the distance, the ground began to look dark brown and lifeless. Even the sky high in the sky changed, becoming gloomy and dim. There was even a blood-colored moon hanging on it, which made people feel a deep feeling in their hearts. Deep chill.

"Here we are."

At this time, Ye Feng was dressed in white clothes and stood on the deck of the ancient warship, looking into the distance.

The Eight Great God Lords stood behind him, looking at the dark battlefield in the distance, and their expressions became serious.

The fiery red figure of the Phoenix Human Emperor stood beside Ye Feng and said loudly: "I have been to this dark battlefield once. It is very dangerous. An army of dark races may gather here at any time. We must be careful."

Ye Feng nodded and said aloud: "Let's not waste time, hurry up and push forward, and try to join the human armies from other domains entering the dark battlefield from different directions as soon as possible. When we have advanced a long enough distance, I will go alone to destroy the altar of the dark race."

At this moment, the Phoenix Human Emperor suddenly stretched out a small white jade hand, held Ye Feng's palm, and said loudly: "I will go with you."

"Um?"

The eight divine masters behind him were almost shocked when they saw that the Phoenix Human Emperor actually took the initiative to hold hands with Ye Feng.

Ye Feng shook his head slightly at this time, looked at the Phoenix Human Emperor beside him, and said loudly: "I need to go on this mission alone, it is too dangerous for you to go, and I have the talent to restrain the dark race. At the critical moment, it's still possible to escape, so don't worry."

When the Phoenix Human Emperor heard Ye Feng's insistence, he could only nod his head, say nothing more, and listen to Ye Feng in everything.

"The commander-in-chief is really powerful. He can bring down such an unparalleled figure as the Phoenix Human Emperor.

All the beautiful women are so obedient, which is simply unbelievable. "

The male gods behind him looked at Ye Feng with eyes full of deep admiration.

"Rumble..."

Suddenly at this moment, there was a huge roar on the dark battlefield not far away.

That's the sound of running and marching!

"Report!"

In front of the ancient warship, a core disciple of the Yuhua Shenmen flew over, clasped his fists and said: "Report to the commander, a large group of Scorpion Clan troops from the dark race are found ahead. Should we continue to move forward or retreat?"

Ye Feng immediately said: "Keep moving forward! All the dark races will be crushed! March towards the center of the dark battlefield with all your strength!"

A god lord behind suddenly stepped forward and whispered: "Commander, the Scorpion Tribe is a branch of the extremely powerful dark race. In this dark battlefield, they are known as the elite of the dark race! Should we go around it? Temporarily avoid the edge?"

"What a bullshit elite!"

Ye Feng suddenly shouted: "I am fighting the elites!"

After finishing speaking, Ye Feng immediately ordered to the surroundings: "The eight divine masters, as well as all the army of disciples of the Feathered God Sect, prepare for battle! Crush the elite of the Demon Scorpion Clan directly. Today's Demon Scorpion Clan If they encounter me, it's bad luck for them!"

"Yes, Commander!"

When a group of divine masters saw Ye Feng's decisive voice, they all stopped trying to persuade him and directly burst out with powerful force, leading the army to rush forward fiercely.

At this time, the Phoenix Human Emperor also suddenly soared into the sky, turning into a huge phoenix with burning flames, hovering in the entire sky, protecting the entire human army of the Yuhua Shenmen.

At this moment, Ye Feng also took out a large sword more than fifty meters long from the storage ring.

This large sword, which is more than fifty meters long, was specially made for him by Ye Feng, who asked the weapon-refining master of Yuhuashenmen before leaving.

This is made of ten thousand years of cold iron from the sky, and is full of unparalleled sharpness and weight. On the battlefield, this is definitely a killer weapon!

Ye Feng naturally chose this weapon to match his powerful Chaos Body.

"When we meet on a narrow road, the brave one wins!"

"Kill me!!"

Ye Feng also roared at this moment, directly holding the fifty-meter-long sword in his hand, he instantly rushed to the front of the army and slashed madly at the Scorpion army on the dark battlefield.

Chapter 2002 Continuous Energy

Boom!

Boom! !

Ye Feng led many armies of Feathered God Sect disciples to instantly launch a ferocious attack, and instantly stunned the patrolling Scorpion Clan army.

"It's the human army!!"

"Why did an army of hundreds of thousands of people suddenly appear?"

"This is the territory of our dark race? How can these human races be so bold!"

...

Almost at this moment, the Scorpion Clan army was caught off guard and was instantly defeated. Groups of Scorpion Clan soldiers could not help but scream in shock and anger.

"Pfft!"

But just as they were shouting in panic, a gleaming, fifty-meter-long broadsword, which was very exaggerated, slashed down from high in the sky. The sword was raised and dropped, and the whole thing was chopped into pieces in an instant. Thousands of Scorpion soldiers.

"As expected of the sword made by the weapon-refining master of Yuhua Shenmen, it is indeed very convenient to use on this battlefield!"

At this time, Ye Feng held a steel sword more than fifty meters long and rushed into the Scorpion Clan army. He slashed and slashed wildly. When he raised the knife and dropped it, his blood surged. It was full of visual shock. It was simply... A fusion of violence and aesthetics.

"The commander is invincible!"

"The commander is invincible!"

"..."

Seeing Ye Feng's extremely brave killing scene, all the disciples of the Yuhua Shenmen were shouting excitedly at this moment. Their fighting spirit was high, they fought hard, and their morale increased greatly.

"Human race! You are so presumptuous! How dare you invade the territory of our dark race! You will all die today!"

Suddenly at this moment, a majestic Scorpion general who was several hundred meters tall suddenly rushed over from the rear of the Scorpion army, full of unparalleled power.

"Your opponent is me!"

"

Suddenly the Lord of the Battle Ax roared loudly, and his whole body expanded into a small giant. Then he held the steel battle ax in his hand and smashed directly at the several hundred meters tall Scorpion Tribe general.

"Boom!"

The two powerful men fought together, causing a huge roar in an instant. The entire battlefield was shaking violently, the earth was broken, and the mountains collapsed.

"Fire from heaven!"

Suddenly at this moment, a majestic voice sounded from behind the human army at Yuhuashenmen.

That was the Lord of Fire God starting to launch a spell attack from the rear!

"Boom!"

Immediately, there were endless flaming meteorites, which landed directly from high in the sky and smashed crazily on the position of the Scorpion Clan army on the opposite side.

"ah!"

"ah!"

"..."

This kind of group attack immediately caused countless strong Scorpion clan men to scream in agony, and were either smashed to death or buried in a sea of fire and burned alive.

It has to be said that the output of the Lord of Fire is still very powerful. This kind of group attack plays a very important role in such a huge battle.

And just when the whole battlefield was fighting quickly.

Ye Feng also secretly released his Devouring Domain.

The reason why he charged at the front of the army was not only to boost morale, but also because Ye Feng could release the devouring domain and unscrupulously devoured the energy and blood of all the creatures killed on the field.

At this time, groups of swallowing whirlpools

The vortex suddenly appeared.

Because the entire world in this dark battlefield was extremely dark, no one could notice or observe Ye Feng's release of the Devouring Domain.

"Rumble..."

Almost at this moment, along with the crazy fighting, boundless energy of blood was injected into Ye Feng's body in an instant.

This army of demon scorpions is the elite of the dark race, so even some weak demon scorpions have extremely rich blood energy and skills in their bodies.

At this time, Ye Feng continued to devour, and he could feel that the entire battlefield was like a vast ocean of energy, constantly strengthening his cultivation skills.

"Boom!"

Entering the seventh heaven of Taoism!

"boom!"

Entering the eighth level of Taoism!

"Boom!"

Entering the ninth level of Taoism!

The entire Scorpion Clan army provided Ye Feng with unparalleled strength, allowing his cultivation to reach several levels at this moment, and his combat power was greatly enhanced.

At this time, the battle was almost over on the entire battlefield.

Under the leadership of Ye Feng, an extremely ferocious commander, and with the help of eight divine masters, and the help of the Phoenix Human Emperor, it was simply overwhelming.

At this moment, Ye Feng looked at everyone in the audience and shouted loudly: "Look! Even the elites of the dark race will be crushed in the face of absolute power! The dark race is not as powerful as they imagined. It's scary. They are also living beings, not invulnerable. They can also die and be afraid!"

At this time, Ye Feng's words completely made the whole place boil.

In fact, among many human disciples of the Ascension God Sect,

, many people have an innate fear of dark races.

Therefore, what the human race lacks most is not strength, but the courage to fight against the dark race.

In today's battle, Ye Feng gave all the human disciples a kind of courage that is not afraid of anything.

"The hymn of humanity is the hymn of courage!"

Ye Feng said this out loud.

All the young disciples of Yuhua Shenmen in the audience looked excited and excited.

This battle brought them great significance.

At this time, the eight great gods also stared at Ye Feng with sighs in their eyes.

They knew that this young man was a born commander!

The Phoenix Human Emperor was covered in burning flames and stood high in the sky. His beautiful eyes looked through the flames at Ye Feng below, and there was also a rare tenderness in his eyes.

"Rumble..."

At this moment, somewhere not far from the dark battlefield, there was a sudden cry of killing and roaring.

"There should also be fighting breaking out in that direction."

At this time, the Phoenix Human Emperor spoke from high in the sky: "That's the north. It should be the human armies in the northern regions of our human land. It seems that they have also encountered resistance from the dark demons and are fighting bloody battles."

Ye Feng immediately nodded and said, "Let's go support them!"

At this time, Ye Feng looked in that direction with joy in his eyes. The battle that broke out in this dark battlefield was really good for him, and it could provide him with a steady stream of energy accumulation.

"Boom!"

The entire army of Yuhua Shenmen immediately attacked in that direction.

Chapter 2003 The Saint of the Ten Thousand Swords Sect

When Ye Feng arrived with a group of Yuhua Shenmen's army.

They saw a large, dense mass of dark race, which seemed to be a kind of bull demon with a human body and a bull's head. There were hundreds of thousands of demons in their army, surrounding tens of thousands of people.

The tens of thousands of people stood together at this time, and each of them actually had a flying sword. They controlled the flying sword, and the tens of thousands of flying swords formed a large metal shield, which was resisting the attack of hundreds of thousands of cattle demons.

However, the Bull Demon Clan's army is too large, and many of the powerful Bull Demon Clan's bodies are covered with black scales, just like strong black iron armor. Many lower-level flying swords can't even pierce through them. The defensive scales of the strong men of the Bull Demon Tribe cannot be broken.

This besieged human army is an army composed of disciples of the Ten Thousand Swords Divine Sect!

from another domain.

At this moment, many disciples of the Ten Thousand Swords Sect showed deep despair in their eyes.

Even their commander, Ji Ziling, a saint from the Ten Thousand Swords Sect who held a holy sword, showed a trace of despair in her beautiful eyes at this moment.

Because they were completely surrounded by an army of hundreds of thousands of bull demons, and there was no way they could escape. Now it was like a battle between trapped beasts, and it all depended on when they would run out of strength.

"Master, I'm sorry. I failed to live up to your request. This time, I'm afraid all the disciples of our Ten Thousand Swords Divine Sect will be wiped out. Even I will die on this dark battlefield..."

At this time, Ji Ziling, the saint of the Ten Thousand Swords Divine Sect, holds the holy sword in her hand, and her cold and noble beautiful face shows a trace of fighting spirit born of death. She is ready to directly burn her life force and kill a few more cows before she dies. Demon clan.

"Boom!!"

But suddenly at this time.

A scene that shocked all the disciples of the Wanjian Divine Sect happened.

A steel sword with a length of more than fifty meters struck down from high altitude in an instant, and instantly opened a bloody gash in the surrounding army of bull demons.

"This is?"

Countless thousands of Sword God Sect disciples could not help but move their eyes at this time.

Ji Ziling, the saint of the Ten Thousand Swords Divine Sect, was also startled at this moment. She couldn't help but said: "Someone is coming to support us? Which force will it be?"

"Boom!"

And at this moment, an extremely young figure, holding a fifty-meter-long steel sword, rushed over immediately. He quickly raised and lowered the sword with his hand, and unexpectedly wiped out the densely packed army of bull demons. More than half of it was chopped off!

"this....."

The young man holding a fifty-meter-long steel sword in his hand was really brutal in his fighting style, full of directness and brutality, which deeply shocked people.

This is simply like the fighting style of a street gangster. He directly uses a big knife to slash wildly, but it is very effective. It directly smashes the dense formation of the Bull Demon Clan army.

Very scattered.

"What a fierce young man!"

"Killing these bull demons is just like chopping melons and vegetables!"

Tens of thousands of disciples of the Ten Thousand Swords Divine Sect, regardless of gender, couldn't help but look shocked when they saw Ye Feng's powerful and brutal fighting style.

This was the first time they encountered such a young man who was slashing closely. He was very rough and direct. He didn't use any magic attacks or any martial arts inheritance at all. He rushed over with a knife and attacked all the bull demons. Cut to the ground.

"So powerful!"

At this moment, the commander-in-chief of the Ten Thousand Swords Sect, the saint Ji Ziling, was holding the holy sword in her hand and noticed Ye Feng's powerful strength.

With a knife, you can cut down the countless armies of the Bull Demon Clan. It seems easy, but in fact it is extremely difficult. It requires an extremely powerful body and extremely terrifying speed to be able to do all this. .

At this moment, Ye Feng's fierce figure was deeply imprinted in the heart of Ji Ziling, the saint of the Wanjian Divine Sect.

And just when the saint Ji Ziling was staring at Ye Feng in a daze.

"Hey, wake up!"

Ye Feng, carrying a fifty-meter-long sword, had already reached in front of Shengyu Ji Ziling, and warned: "Hurry up and cooperate with me, and attack with the Yuhua Shenmen army led by me from both inside and outside, and kill this group of hundreds of thousands." Destroy all the bull demons!"

"What?"

Ji Ziling's eyes immediately froze at this moment, and she couldn't help but said: "The entire army of two to three hundred thousand bull demons has such a profound foundation, even if the human races from our two major regions unite, they can't fight against them, right? "

The moment Ji Ziling finished speaking.

Suddenly, countless flaming meteorites fell from high in the sky.

"Boom!"

"Boom!"

Suddenly, a large army of bull demons was blown to pieces.

"Kill me!!"

At this time, the Battle Ax God Master was holding a steel axe, and led countless disciples of the Feathered God Sect from the outside to fight in, directly breaking up the formation of the entire Bull Demon Clan army.

"What a strong fighting force!"

Ji Ziling couldn't help but exclaimed when she saw this scene.

She never thought that the Feathered Divine Sect in the wilderness would have such powerful combat power.

And the most powerful thing is that this young man in front of him, who seems to have never been seen before, is still the most terrifying, and he has also become the commander-in-chief of the Yuhua Shenmen.

Ji Ziling's eyes showed a trace of surprise.

Staring at Ye Feng with a strange look, he couldn't help but ask: "Who are you?"

Ye Feng glanced at the saint of the Ten Thousand Swords Divine Sect and said loudly: "My name is Ye Feng, and now I am the commander-in-chief of the army of disciples of the Yuhua Shenmen. You should immediately ask your people to cooperate with me. We will directly start from within. Break out, join forces with the army outside, and wipe out all the Bull Demons!"

"Are you Ye Feng?!"

And just when Ye Feng finished introducing himself, Ji Ziling, the saint of the Ten Thousand Swords Divine Sect, suddenly burst out with a wonderful light in her beautiful eyes, and couldn't help but said with excitement: "You are the one who, with your own strength, Defeat the six divine masters Ye Feng! No wonder you can become the commander of the Yuhua Divine Sect! "

Obviously, Ji Ziling, the saint from the Wanjian Divine Sect, had already heard of Ye Feng's legendary deeds before, and she even seemed to be Ye Feng's little crush.

At this time, Ji Ziling actually saw Ye Feng and seemed a little excited. She couldn't help but stretched out her hand and grabbed Ye Feng's sleeve. Her beautiful eyes showed excitement and said: "Thank you, Ye Feng, for saving me!"

Ye Feng glanced at this saint in surprise, not expecting that she was unusually enthusiastic towards him.

"boom!"

Suddenly, a fiery red figure covered in flames descended from the sky and stood directly next to Ye Feng.

It's the Phoenix Human Emperor!

She stared at Ji Ziling coldly, and when she saw the other party's little hand holding Ye Feng's sleeve, she frowned slightly and said, "Saint of the Wanjian Sect, you and Ye Feng are not familiar with each other, please pay attention. Your behavior."

Not only did Ji Ziling not flinch, but she got even closer to Ye Feng, appearing very intimate. She looked at the Phoenix Human Emperor, with a cold snort on her beautiful face, and said: "Senior Brother Ye Feng and I are both members of the overlords of the major domains. Young top genius, what does it have to do with you, an old man, between us?"

Obviously, Ji Ziling recognized the identity of the Phoenix Human Emperor.

"Old-timer?"

When the Phoenix Human Emperor heard Ji Ziling's stinging words, his beautiful and mature face suddenly turned cold, and he slowly said: "You little vixen, if you have the guts, just say it again."

"Who is the little vixen?"

Ji Ziling was also angry and was about to say something.

But Ye Feng immediately interrupted them and said: "Tell me, you two, what grudges do you have, can we wait until the battle is over to resolve them? Let's quickly destroy the Bull Demon Clan army! This is very important to me!" "

"Is it important to you?"

Hearing Ye Feng say this.

Ji Ziling and the Phoenix Human Emperor looked at each other. At this moment, the two women burst out with powerful and terrifying power and began to kill the bull demon army crazily.

"Senior Brother Ye Feng! I will definitely work hard on things that are important to you.

! "

Ji Ziling held the holy sword in her hand and slashed wildly with all kinds of sword energy and sword light, killing the bull demons one after another miserably.

The Phoenix Human Emperor did not hesitate to give in. Balls of phoenix flames blasted out, directly burning large areas of the Bull Demon Tribe to death. She looked at Ye Feng and said very solemnly: "I will only do things that are important to you, Ye Feng." It's the best!"

Ji Ziling snorted not far away. The holy sword in her hand had been dyed red with the blood of the Bull Demon Tribe. She looked at the Phoenix Human Emperor not far away and snorted: "I am the best! Then we Let's see who kills more bull demons today!"

"good!"

The Phoenix Human Emperor spoke coldly: "Today I will let you, a young saint who doesn't know the heights of the sky and the earth, know how powerful I am as the Human Emperor of the Wilderness! I am the one who can best help Ye Feng. !"

Boom!

Boom!

Ji Ziling and the Phoenix Human Emperor took action frantically, and the entire Bull Demon Clan army was massacred one by one in an instant.

The scene is extremely tragic!

At this time, the disciples of the Wanjian Shen Sect and a group of disciples of the Yuhua Shen Sect on the field couldn't help but tremble when they looked at the two women who were killing crazily: "These two women are so terrifying..."

Ye Feng didn't expect that Ji Ziling and the Phoenix Human Emperor suddenly became tit for tat for some reason.

However, having two powerful women killing the bull demons for him would save him a lot of trouble.

Looking at the crazily slaughtering Bull Demon Clan army, he immediately lurked to the deepest part of the battlefield and began to release the Devouring Domain, crazily devouring the majestic energy of blood.

For a time, the power in Ye Feng's body was growing crazily at an incredible speed.

A total of more than 200,000 bull demons!

The gathering of that kind of blood energy is like a vast ocean, full of unparalleled majesty and majesty.

Now they have all become Ye Feng's nourishment, being swallowed up crazily by the Devouring Domain, and then burning, turning into extremely pure energy, which is injected into Ye Feng's body, strengthening his skills, cultivation, and life!

At this moment, Ye Feng's entire body surface emitted a strong red light, which was a sign of excessive vitality.

His skill and cultivation are also making rapid and crazy breakthroughs.

"boom!"

Entering the tenth level of Taoism!

"boom!"

Half trail king!

"boom!"

The second level of Dao Realm, Dao King, First Level!

"boom!"

The second level of the realm of Tao is the second level of the Tao King.

"boom!!"

The second level of Tao Realm, the third level of Tao King! !

Chapter 2004 Leaving the Army

When Ye Feng's cultivation broke through to the third level of Tao King, the second level of Tao Realm, almost the entire Bull Demon Tribe army had been killed.

It has to be said that this group of bull demon clan, which was supposed to be very fierce, was very unlucky. They happened to encounter Ye Feng and others passing by nearby, rushed over, helped Wanjian Shenzong out of the predicament, and in turn wiped out all the bull demon clan. .

At this time, the entire battle was coming to an end.

Many disciples of the Wanjian Shen Sect and the Yuhua Shen Sect have begun to meditate and adjust their breathing normally to regain their strength.

At this time, two women who had just finished their crazy killing spree landed from high in the sky.

"I didn't expect the Phoenix Human Emperor of the Desolate Realm to be so cruel. I originally thought she was a cold and noble goddess, very elegant." The disciples of the Wanjian Divine Sect were thinking secretly in their hearts at this time.

"I didn't expect that the Saint of the Ten Thousand Swords Sect would be so bloodthirsty. Wasn't it rumored that she loves peace before? She doesn't like killing. Sure enough, the rumors are all false." At this time, a group of disciples of the Yuhua Shen Sect were secretly thinking in their hearts. Think so.

Ji Ziling looked at the Phoenix Human Emperor at this time, the holy sword in her hand was still dripping with blood, and she said aloud: "I killed 96,000 bull demons."

The Phoenix Human Emperor suddenly showed a cold smile and said slowly: "I killed a hundred thousand heads! Saint of the Ten Thousand Swords Sect, you are too young and not suitable for Ye Feng."

"you....."

Ji Ziling immediately became a little angry, with a cold look on her young and beautiful face, and said: "Phoenix Human Emperor, for an old man like you, I think it is better to live alone for the rest of your life."

"If you dare to call me old again, believe it or not, I will kill you!"

The Phoenix Human Emperor's mature and cold face suddenly became cold, and he flew directly in front of Ji Ziling, releasing a huge amount of cold murderous intent.

"Who is afraid of whom!"

At this moment, Ji Ziling instantly activated the supreme power contained in the holy sword in her hand, emitting a terrifying wave that could destroy everything.

The war between the two women is about to break out!

"Boom!!"

At this moment, a terrifying aura suddenly erupted not far away, suddenly attracting the attention of the two women.

"That's the momentum of a breakthrough!"

Ji Ziling and the Phoenix Human Emperor couldn't help but have a look of surprise on their faces.

Because the momentum of that breakthrough was so huge, it was like a big explosion.

They looked not far away and found that the person who made the breakthrough was Ye Feng.

Uh-huh!

Uh-huh!

Two gorgeous women immediately flew to Ye Feng's side.

There was a look of surprise in the cold and mature eyes of the Phoenix Human Emperor, and he said loudly: "The Third Heaven of the Tao King!"

Ye Feng's breakthrough speed was so fast that even the Human Emperor of the Wilderness was shocked.

"Buzz!"

Suddenly, at the next moment, Ji Ziling, a young and lively saint of the Wanjian Shenzong, rushed forward and directly took one of Ye Feng's arms, with a look of admiration in her beautiful and young eyes: "Senior Brother Ye Feng is so amazing. ! He is worthy of being the top genius in the seven major domains of our human race!"

When the Phoenix Human Emperor saw this scene, he immediately couldn't help but said: "Let go of Ye Feng! How long have you known him just now?"

A hint of sneer appeared on Ji Ziling's young and beautiful face, and she held Ye Feng's arm tighter. She looked at the Phoenix Human Emperor and said loudly: "I am a person who dares to love and hate, and I just admire Ye Feng." Senior Brother Feng, what's wrong with me being closer to him? It has nothing to do with how long we've known each other."

"you.....!"

Phoenix Emperor heard Ji

When Zi Ling said this, a look of anger suddenly appeared on her mature and cold alluring face.

At this moment, many male disciples of the Ten Thousand Swords Divine Sect and the Yuhua Divine Sect not far away could not help but look envious when they saw that Ji Ziling and Phoenix Human Emperor, two peerless and beautiful women, were so jealous of Ye Feng. Jealousy and hate.

...

After the war.

Everyone was resting in place.

Ye Feng asked Ji Ziling and the Phoenix Human Emperor to stop temporarily and live in peace.

At this time, Ye Feng said: "We are not far away from the deep core area of the Dark Battlefield. There are human armies from other domains fighting around us. We can't go deeper because the deeper the core area of the Dark Battlefield is, the deeper it is. The deeper we go, the more terrifying the superpowers of the dark race will be, and we may be completely annihilated by then."

Several gods of the Feathered God Sect asked aloud: "Commander, then we will not enter the core area. We will fight the dark race in the peripheral area to attract attention for you to lurk into the core area."

Ye Feng nodded and said, "That's exactly what I mean."

"Senior Brother Ye Feng, do you want to go deep into the core area alone to destroy the summoning altar of the dark race?"

Ji Ziling, the saint of the Ten Thousand Swords Divine Sect, couldn't help but said: "I want to go with you! This is also a responsibility of our Ten Thousand Swords Divine Sect!"

Phoenix Human Emperor suddenly said: "I want to go too!"

At this time, several divine masters of the Yuhua Divine Sect closed their mouths when they saw this scene, not knowing what to say.

At this time, Ye Feng looked at Ji Ziling and the Phoenix Human Emperor in front of him, and said slowly: "I can only go on this mission alone. If you follow me, it will slow down my pace. You should use your greatest advantages. , that is, leading our two armies to fight in this outer area. "

\u003c

br\u003e As soon as Ye Feng finished speaking, Ji Ziling and the Phoenix Human Emperor fell silent and nodded one after another, indicating that they were obeying Ye Feng's orders.

This made the group of God Lords present, including several powerful elders of the Ten Thousand Swords Divine Sect, couldn't help but look in surprise.

They secretly admired Ye Feng. He was so powerful. I am afraid that Ye Feng was the only one present who could make Ji Ziling and Phoenix Human Emperor, two most beautiful women, obey their orders.

Next, the entire army began to set off.

Ye Feng, on the other hand, was alone, leaving the entire human army and lurking towards the deeper areas of the dark battlefield.

When Ye Feng completely left the human army, he walked on the pitch-black battlefield.

He began to operate the Chaos Heavenly Emperor Technique, circulate the power of creation in his body, and began to change his original skills and attributes.

Buzz!

Suddenly, waves of dark demonic energy began to emanate from Ye Feng's body.

Moreover, the evil eye in Ye Fengmei's heart also exudes the energy of a dark emperor, making Ye Feng look like a noble inheritor of the dark race.

"We still have to get into the dark race group first and inquire about the specific information, so that we can determine the specific location of the altar where the evil god of darkness will be summoned..."

Ye Feng, who was disguised as a dark race, was secretly planning in his heart at this time. He began to emit powerful soul power and scanned the surroundings. Soon he noticed that there was a huge building built 10,000 meters away in a certain direction nearby. The city of the dark race.

After all, this dark battlefield is the habitat of many dark races. Naturally, there are buildings where the dark races live and practice daily.

Ye Feng quickly flew towards the dark race city in the direction he was looking for, planning to go to the dark race city to inquire about the news first.

Chapter 2005 Approaching the Altar

Ye Feng was very fast and reached the dark city in a blink of an eye.

At this time, he used his skills and attributes to completely disguise himself as a dark race.

So when Ye Feng arrived at this dark city, he didn't notice him at all in the darkness.

Ye Feng directly entered the dark city.

In the dark city, there are many buildings, most of which are modeled after human cities.

There are all kinds of dark races walking on the street.

At this time, Ye Feng walked directly to the most prosperous and lively area of the city.

Ye Feng stayed in this dark city for three days and three nights.

During these three days and nights, Ye Feng's soul power was always radiating, eavesdropping on the conversations of all the dark races in the entire city.

Finally, after summarizing Ye Feng's overall information, he finally got the location of the altar summoned by the Dark Evil God.

Uh-huh!

Ye Feng did not stay in the dark city for too long. He left the city directly and lurked towards the location he had compiled.

But just when Ye Feng left the dark city, a group of evil-looking ancient dark races stared at him.

Ye Feng had just left the city and was halfway there.

Uh-huh!

Uh-huh!

Uh-huh!

Suddenly, several such races jumped out from the front and blocked his way.

At this time, a bull demon from the dark race spoke up: "Boy, you seem to be a newcomer in this area. Which ethnic group are you from? Don't you know our rules? If you leave the dark city, you must pay some accommodation fees."

Ye Feng stared at the bull demon and said expressionlessly: "Hurry up and get out of here, don't block my way."

"presumptuous!"

When a group of dark races heard Ye Feng speaking like this, they immediately smiled cruelly and said loudly: "Boy, I didn't expect you

You are so courageous, it seems we will stop talking nonsense, kill you directly, and plunder all your wealth! "

Obviously, this group of dark races specializes in robbing newcomers of their wealth.

"Boom!"

"Boom!"

Several dark races immediately attacked Ye Feng.

"A bunch of losers dare to block my way."

Ye Feng smiled coldly at this time.

These dark races are just existences in the Dao realm.

For me now, I am simply weak and pitiful.

"kill!"

Ye Feng uttered one word coldly and punched forward fiercely.

"Boom!"

It was truly an endlessly destructive terrifying energy frenzy, which suddenly burst out from Ye Feng's fist and turned into a devastating force, shattering all the dark races that rushed over in an instant.

"Swallow!"

At this time, Ye Feng devoured these killed dark races, and his skill increased a lot.

After taking care of these little eyesighted minions, Ye Feng didn't waste any time and quickly lurked in a certain direction.

Ye Feng walked for nearly half a month.

In the early morning of this day, he finally arrived at his destination.

At this moment, Ye Feng carefully lay on the ground and looked forward.

In the distance ahead is an endless dark land.

On this dark land, stands a huge ancient altar.

The entire huge altar is made of a very strong steel, with extremely complex patterns engraved on it.

Luo, at this moment, is emitting a strong magical light and looks very magical.

Buzz!

At this time, in the steel altar, there was a jet-black light pillar. It was extremely huge, reaching straight into the sky and penetrating the entire heaven and earth. It looked full of shock and exuded a kind of demonic energy that made people feel heart-stopping.

Ye Feng's eyes showed a hint of surprise at this time, and he couldn't help but murmured: "It seems that the steel altar is the altar for summoning the evil god of darkness."

At this moment, Ye Feng's heart was filled with a strong desire for destruction, which was to smash the huge steel altar directly.

But Ye Feng did not act rashly, because he knew that if he was exposed, he might be wiped out by countless strong men from the dark race.

After all, there are dark races with powerful auras guarding the huge altar at this time.

Most of them are at the Dao realm, and there are even Dao kings, powerful dark races at the Dao emperor level!

So that place is very dangerous.

Even if Ye Feng is now disguised as a dark race, his identity may be exposed at any time.

"The most important thing now is to get close to that altar."

At this moment, Ye Feng secretly calculated the distance.

As long as he can advance another thousand meters without being noticed, he can use the space gem to open up a long enough space wormhole and reach the location of the altar in an instant.

"It seems that we need to make some noise to divert the attention of these strong men guarded by the dark race."

At this time, Ye Feng released the ancient evil demon in the storage ring and said loudly: "Now you go to a distance and cause a huge noise to attract the attention of those dark races. Even if you die, you must delay their time. Do you understand?"

At this moment, in order to achieve his goal, Ye Feng can let the ancient evil demon sacrifice himself and attract people.

attention.

The ancient evil demon has long been controlled by Ye Feng, although it is obeying Ye Feng's orders.

The largest ancient evil demon immediately ran wildly towards the distance.

"Boom!"

Not long after, a huge roar sounded from somewhere in the distance of this land.

That's the ancient evil demon making a huge noise!

Sure enough, as Ye Feng expected, a group of dark race experts who were guarding the ancient altar were immediately attracted by the huge movement.

Many strong men of the dark race immediately ran in that direction.

"What happened? Go and see there!"

"Leave a group of strong men to guard the altar!"

...

At this moment, a group of strong men from the dark race spoke out one after another.

Although there are still many strong men of the dark race left guarding the ancient altar.

But their attention had already been attracted by the movement in the distance.

Ye Feng gathered all his breath at this time and moved forward nearly a kilometer.

"Space gem!"

In an instant, Ye Feng directly called out the space gem, and then a space wormhole opened up in front of him.

"Buzz!"

Ye Feng immediately stepped into the space wormhole with one foot.

The next time he appeared, Ye Feng's figure had already appeared on the edge of the huge altar.

There are no dark races here.

Because these dark race strong men simply did not dare to approach this ancient altar.

Because this altar is connected to a very mysterious dimensional interface, where the ancient dark evil god lives!

Chapter 2006 Look who I am

For Ye Feng, he is already half successful at this moment.

Because he was completely close to the altar that summoned the evil god of darkness.

Ye Feng's only thought now is to find a way to destroy this dark altar.

At this time, Ye Feng silently stretched out his hand and held down the steel altar.

The next moment he was the violent force of the chaotic body.

But in the end, the surface of the steel altar did not move at all, and not even a palm print appeared.

Therefore, Ye Feng immediately understood that it was simply impossible to destroy the steel altar with his own strength.

"Fortunately, I have the Protoss Gloves, which can continuously extract the properties of various objects. No matter how solid the object is, as I slowly extract the original properties, it will eventually be wiped out by touch."

A confident smile appeared on Ye Feng's face at this time.

There was a flash of light in his hand, and the next moment a glove made of a mixture of nine colors appeared.

These are the Protoss Gloves!

It is the bloodline talent awakened by the Chaos Heavenly Emperor Technique entering the second heaven.

Except for living things that cannot be extracted, any non-living object can have attributes that can be extracted and integrated into the glove user's body.

It can be said to be very magical.

"Buzz!"

At this time, Ye Feng was wearing the God Clan gloves and directly reached out to touch the ancient altar.

"boom....."

At this moment, Ye Feng immediately felt that his God Clan gloves quickly extracted the majestic attribute power.

"Dark Steel Attribute Extraction!"

"Strong attribute extraction!"

"Extraction of the evil god's power attributes!"

"Extraction of ancient will attributes!"

"Dark energy attribute extraction!"

"Dark Formation Attribute Extraction!"

"..."

At this moment, countless mysterious attributes, all very advanced attribute powers, were quickly extracted by the God Clan's gloves in an instant, and then integrated into Ye Feng's body.

In an instant, Ye Feng immediately felt that his chaotic body was growing rapidly.

Previously, Ye Feng's chaotic body was at the tenth level in the early stage of the fourth heaven.

But now the strength of his Chaos Body is increasing rapidly.

Boom!

"The first level of the middle stage of the fourth heaven of the Chaos Body!"

Boom!

"The second level of the middle stage of the fourth heaven of the Chaos Body!"

Boom!

"The third level of the middle stage of the fourth heaven of the chaotic body!"

...

The strength of Ye Feng's chaotic body at this moment is growing rapidly, and the origin of his body is undergoing a huge evolution.

Ye Feng's face was very happy. He didn't expect that the altar that summoned the ancient dark evil god actually contained so many attributes that could strengthen the chaotic body. It was really no less than a huge opportunity.

And just when Ye Feng's chaotic body was promoted to the ninth level in the middle stage of the fourth heaven.

"Buzz!"

A terrifying attraction suddenly erupted from the inside of the altar, sucking Ye Feng's entire body into the altar.

At this moment, Ye Feng was in the inner area of the ancient altar.

That violent suction seemed to be the anger of the ancient will in the altar!

Because Ye Feng absorbs the attribute power of the ancient altar, it is equivalent to absorbing the power of the ancient evil god.

Blood.

"I actually came to the altar?"

Ye Feng looked at the empty inner area of the altar at this time, and was about to continue using the God Clan gloves to absorb the attribute power.

"Human ant, you are so brave, you dare to lurk in the place where this evil god is about to awaken. You must die today."

Suddenly at this moment, a majestic voice sounded from the inner area of the altar.

Boom!

And almost at the next moment, a shadow of the dark evil god's will suddenly appeared in the entire space inside the altar.

This evil god of darkness has not yet completely descended, but now only the spiritual will of the evil god has descended.

But even if it was just the spiritual will of an ancient evil god of darkness, it was now manifested inside the altar, and it was filled with unparalleled terrifying power.

At this time, the phantom of the will of the mighty Dark Evil God appeared in front of Ye Feng.

His eyes shone with scarlet light, looking filled with extremely terrifying ferocity.

At this moment, Ye Feng raised his head and looked at the will of the dark evil god, but there was no look of fear on his face.

The will of the dark evil god seemed to have noticed this. He did not rush to take action. Instead, with a mocking look on his face, he stared at the tiny Ye Feng below and said loudly: "Human race, you are such a weak person." Poor thing, when you see this evil god, why don't you just kneel down and fear me?"

Ye Feng smiled coldly at this time and said aloud: "If the true form of your dark evil god comes, then I will definitely die, but now you are just using the ancient altar to communicate your will to come, just an ancient The will of the Great Evil God is not that scary to me."

"You are so brave!"

\u003c

br\u003e The Great Evil God of Darkness immediately made an angry voice: "Human boy, do you know that even this evil god's will can instantly kill countless weak Tao King-level ants like you?"

The powerful Tao King may be a super strong man to others, but in the eyes of this ancient dark evil god, even his will is just an ant.

At this moment, the evil god of darkness immediately made a murderous voice: "Human ants, this evil god doesn't want to talk nonsense to you anymore. This evil god is going to destroy you soon! You humans can't stop this evil god from coming. When the time comes, This evil god will lead the entire dark race in the God Realm to carry out endless conquests. The land of the God Realm will eventually become the paradise of our dark race, and this evil god will bring endless destruction, destruction and disaster!"

Ye Feng suddenly spoke up at this time: "The Great Ancient Evil God! Look who I am!"

boom! !

Almost at this moment, a gap opened between Ye Feng's eyebrows.

A pitch-black eyeball, the supreme evil eye of darkness, was revealed at once, exuding the terrifying majesty of the Dark Emperor!

The Dark Emperor is the most supreme emperor among the dark races.

And throughout the ages, only the first generation of Dark Emperors can still call themselves Dark Emperors, representing supreme majesty and power.

Even the so-called dark demons, dark evil gods, dark kings, etc. in other dimensional interfaces are all a group of younger brothers in front of the first generation dark emperor.

"This is....."

The Dark Evil God's will immediately revealed a horrified tone, and he couldn't help but say: "You are... are you the reincarnation of His Majesty the Dark Emperor?!"

The evil god of darkness was completely frightened at this moment.

Chapter 2007: Deceiving the Great Evil God of Darkness

Buzz!

The sinful eye between Ye Feng's eyebrows exuded the unparalleled majesty of the Dark Emperor.

Even a terrifying figure like the Great Evil God of Darkness was stunned at this moment.

For a moment, the evil god of darkness didn't know what to do and was a little at a loss.

At this time, Ye Feng said aloud: "You are right, I am the Dark Emperor, but I took the body of this human boy and now come to the dark battlefield just to find resources that can help me grow quickly. "

At this time, Ye Feng saw the shocked face of the Dark Evil God and simply started to enter bullshit mode.

At this time, Ye Feng's tone revealed the depth of eternity, and he said: "Our dark race was ruined back then. Even my body was destroyed, leaving only two evil eyes. Now my dark will is no longer there." Once revived, if I were not the Dark Emperor, do you think I could lurk in the center of the dark battlefield so easily?"

When the Evil God of Darkness heard what Ye Feng said, a look of confusion suddenly appeared on his face.

It is impossible not to doubt it.

But the Dark Evil God knows that the Dark Emperor's Eye of Sin is the most supreme artifact among the dark races. .??.

The Eye of Sin possesses the will of the Dark Emperor, and no living being in the world can escape the destruction of the Dark Emperor's will.

So at this time, although the Dark Evil God still had some doubts, he was still a little shocked by what Ye Feng said in front of him.

Moreover, the Evil God of Darkness is more willing to believe that Ye Feng is the reincarnation of the Dark Emperor.

Because there is simply no life that can resist the power of the evil eye in the dark earth.

It was because he saw that the evil god of darkness believed in him. Although Ye Feng's expression was very deep, he was happy inside.

I am afraid that this dark evil god will never think that Ye Feng has a soul gem in his body, which suppresses the evil eye of the dark emperor.

That's why Ye Feng was able to control the evil eye of the Dark Emperor.

At this moment, the will of the Dark Evil God immediately knelt down on one knee respectfully in front of Ye Feng and said: "Dear His Majesty the Dark Emperor, I just apologized for your unreasonableness. Next, please invite the Dark Emperor. If I can wait for my true form to arrive, then I am willing to accept the Dark Emperor as my commander, and then summon all the dark races to attack the entire human land, and then use the Human Emperor as the basis to spread and attack the entire God Realm."

Ye Feng suddenly spoke up: "Now I am too weak and need to grow up. Now you can manifest your will of the dark evil god and let all the strong men of the dark race who are guarding outside sacrifice their lives. I want to devour their dark energy."

The Evil God of Darkness heard what Ye Feng said, and heard that Ye Feng actually wanted to actively devour the dark energy, and was even more certain that Ye Feng was the reincarnation of the Dark Emperor.

Because if it weren't for the reincarnation of the Dark Emperor, Ye Feng, a human race, would never be able to swallow the power of darkness. Only the dark race in the world can swallow the power of the dark race.

At this time, the Evil God of Darkness immediately said excitedly: "Okay! It is an honor for those strong men of the dark race outside to be able to sacrifice their lives for His Majesty the Dark Emperor!"

The moment the voice of the great dark evil god fell, it started directly from the ancient altar.

Zhong rushed out.

At this time, there is a dark land outside.

The altar of darkness, which was originally extremely calm, suddenly erupted into a bright and boundless light of darkness.

The shadow of the Dark Evil God instantly appeared across the entire world.

"Meet the Great Evil God of Darkness!"

"Long live the Great Evil God of Darkness!"

"..."

Almost at the moment when the evil god of darkness manifested his will.

The groups of dark race powerhouses who were guarding outside the ancient altar, even the Tao King, and even the dark powerhouses at the Tao Emperor level, all knelt down and worshiped the manifested will of the evil god of darkness.

At this time, the evil god of darkness made a majestic voice: "Next, I need you to sacrifice your lives, burn your blood essence, dedicate your dark power, and enter the altar."

After the Dark Evil God finished speaking, a group of hundreds of dark race strong men around the altar all spoke respectfully.

They remained unconditionally obedient to the orders of the Dark Evil God.

"Dedicate your life to the evil god of darkness! This is our glory!"

A strong man of the dark race, who was at the level of the Tao King's Tenth Heaven, suddenly jumped into the light pillar of the Dark Altar. Today, his entire body exploded and turned into blood energy, which was injected into the inner space of the Dark Altar.

"I am also willing to give everything I have to the Great Evil God of Darkness!"

Groups of strong men from the dark race, all extremely fanatical believers at this time, roared loudly, jumped directly into the altar, and then began to self-destruct, giving up their lives and dark energy.

The Dark Evil God was very satisfied with this, nodded and said: "Very good, when my true form comes in person, I will definitely remember you younger generations who have dedicated their lives to the cause of our dark race."

And at this time.

Ye Feng, who was in the inner space of the ancient altar, saw at once that endless blood essence and dark energy flowed down from the entrance above the altar.

These blood essences and dark energy are all the energy generated by a group of Tao Kings, or even a group of Tao Kings self-destructing.

For Ye Feng, it was a huge and rich source of nourishment, and the energy contained was so huge that Ye Feng suddenly showed a look of extreme joy on his face.

"Sure enough, this kind of dark race is very easy to fool, but it is also because I do have the Eye of Sin. After all, the Eye of Sin is really terrible. It can completely suppress the dark race and even bring down the evil god of darkness. They were all stunned."

Ye Feng was thinking secretly in his heart at this time.

Then he no longer hesitated, and instantly released the Devouring Domain, swallowing all the countless life essences and dark energy flowing from the entrance to the altar into the Devouring Domain, and then began to inject it into his body.

The blood energy and life essence produced by the explosion of hundreds of Dao Kings and Dao Kings must be very majestic, and it is simply an unimaginable amount of terrifying energy.

So this time.

"Rumble..."

As energy like the vast ocean of the Yangtze River was injected into Ye Feng's body, Ye Feng's cultivation skills immediately began to make an incredible breakthrough! Buzz!

The sinful eye between Ye Feng's eyebrows exuded the unparalleled majesty of the Dark Emperor.

Even a terrifying figure like the Great Evil God of Darkness was stunned at this moment.

As energy like the vast ocean of the Yangtze River was injected into Ye Feng's body, Ye Feng's cultivation skills immediately began to make an incredible breakthrough!

Chapter 2008 Blue Sky Holy Land Token

At this moment, extremely terrifying majestic energy was continuously injected into Ye Feng's body.

This was something Ye Feng did not expect. He did not expect that the Dark Evil God would be deceived by him into letting all his subordinates, the strong men of the dark race, self-destruct and sacrifice their lives and energy.

"Rumble..."

At this moment, Ye Feng's entire body and limbs seemed to have endless ocean-like energy surging.

His cultivation skills are rapidly making breakthroughs.

"boom!"

Dao King Fourth Heaven!

"boom!"

Tao King Fifth Heaven!

"boom!"

Dao King Sixth Heaven!

"Boom!"

Tao King Seventh Heaven!

At this moment, Ye Feng's cultivation level was so high that he wanted to look up to the sky and scream.

This feeling of absorbing huge amounts of energy and quickly improving your cultivation level is so satisfying.

It was as if the whole person was about to emerge and ascend on the spot.

At this time, the blood energy outside the altar was still falling continuously, and it was all swallowed up by Ye Feng.

His cultivation continues to make breakthroughs.

"boom!"

Tao King Eighth Heaven!

"boom!"

Tao King Ninth Heaven!

"boom!"

Tao King Tenth Heaven!

"boom!"

Half-way king! ! !

Finally at this moment, the blood energy falling from the altar finally disappeared.

All the strong men of the dark race have sacrificed themselves.

And Ye Feng's cultivation level at this time also rose to a huge level during the whole process.

Directly from the third level of Tao King, he suddenly broke through to the Half-level King!

This kind of progress is simply huge!

You know, if it is an ordinary Tao King strongman who wants to directly break through from the Third Heaven to the Half-Tao King, I am afraid it will take decades of seclusion to achieve it.

But Ye Feng only spent a few minutes at this moment.

"This time I came to destroy the ancient dark altar was really not in vain!"

Ye Feng's eyes were full at this moment.

It's the color of excitement.

At this time, the ancient dark evil god suddenly re-entered the inner space of the altar from the outside.

The Dark Evil God looked at Ye Feng and said respectfully: "Dear His Majesty the Dark Emperor, how did you enjoy it?"

Ye Feng nodded with great satisfaction and said loudly: "You did a great job, but unfortunately, you still have to die."

Boom!

Almost at this moment, Ye Feng immediately activated the power of the Eye of Sin.

The extremely terrifying black hand of the Dark Emperor grabbed at the Dark Evil God in an instant, and crushed the Dark Evil God directly into pieces under the Dark Evil God's horrified gaze.

The remaining thought of the Dark Evil God spoke out: "Your Majesty, the Dark Emperor! Why do you do this to me?!"

Ye Feng smiled coldly and said: "There is no such thing as the Dark Emperor. The Dark Emperor's will has long been obliterated by me. I am a real human being."

"Boom!"

The moment Ye Feng finished speaking, the entire body of the Dark Evil God was crushed to pieces by the big black hands that appeared in the Eye of Sin.

At this time, Ye Feng had broken through to the half-step king level, and the strength of his Chaos Body had also increased a lot. His current combat power was more than ten times higher than before.

"Broken for me!"

Ye Feng roared and swung his fists towards the surroundings wildly.

The steel altar, which had long been weakened by the extraction of attribute power, was suddenly shattered by Ye Feng's hammer and turned into fragments, completely destroyed.

At this moment, the entire area around the dark altar was already empty.

Ye Feng was not in any danger at this time. He simply laughed and flew towards the way he came.

Soon he returned to the outskirts of the dark battlefield.

Under Ye Feng's careful search, he quickly found the Yuhuashenmen's army.

At this moment, the army of Yuhua Shenmen and the army of Wanjian Shenzong had separated.

They are fighting independently against an army of dark races.

At this time, Ye Feng flew over and immediately gave an order: "The whole army retreats, let's go back!"

Now that the altars of the ancient dark evil god have been destroyed, the next battle is meaningless.

The threat of the dark battlefield will no longer exist in a short time.

Hearing what Ye Feng said at this time, the eyes of the group of God Lords who were fighting, as well as the Phoenix Human Emperor, all brightened up.

They saw Ye Feng return safely and Ye Feng ordered the withdrawal, which showed that Ye Feng had succeeded.

The Phoenix Human Emperor flew in front of Ye Feng and said in surprise: "Ye Feng, have you destroyed the ancient altar?"

Ye Feng nodded and said with a smile: "I have eliminated the biggest threat. We have completed the task this time. We will return to the Yuhuashen Gate immediately."

"The commander seems to have broken through to half-step emperor?"

At this time, a group of divine masters from the Yuhua Divine Sect seemed to have discovered the change in Ye Feng's aura, and they were so horrified that their eyes almost fell out.

Ye Feng's breakthrough speed was unprecedented and unparalleled. It was really terrifying.

At this time, the Phoenix Human Emperor also noticed that Ye Feng's cultivation had become extremely powerful. She immediately couldn't help but said in surprise: "On the way back, we will continue to practice together!"

...

The human army of Yuhua Shenmen completely withdrew from the dark battlefield.

After half a month, I returned to the Yuhua Shenmen again.

Ye Feng came to the central hall of Yuhua Shenmen alone.

At this moment, two people were standing in the central hall.

It is the Supreme Leader and Gu Taixu.

At this time, the two old seniors looked at Ye Feng with smiles and said, "Has your secret mission been completed?"

Ye Feng nodded and said: "The ancient altar that summoned the evil god of darkness has been completely destroyed by me, and the core strong men of the dark race on the dark battlefield have also been completely killed and injured. As for why there are so many casualties, you just Don't ask, it's my personal secret."

Ye Feng couldn't say it in front of the two of them. He deceived the evil god of darkness and then let all the black people

The core strong men of the dark race all gave their lives to themselves.

Because even if he said it, the headmaster and Gu Taixu would not believe it.

Hearing Ye Feng's confirmation at this time, the Supreme Headmaster immediately put his hands on his hands and laughed: "Okay, okay! It's really great! From now on, there will be no more troubles in the dark battlefield outside our wilderness. This is all thanks to you, Ye Feng." "

At this time, Ye Feng stared at the two people and said with a smile: "The promise you promised me should be fulfilled."

Gu Taixu immediately smiled and said: "Don't worry, in fact, even if you fail to complete the task, with your talent and cultivation, it is worthy of our joint recommendation to enter the Blue Sky Holy Land."

At this time, the Supreme Headmaster took out a token from his storage ring, handed it to Ye Feng, and said loudly: "While you were leading the army to fight in the dark battlefield, Senior Brother Taixu and I had already gone to the Blue Sky Territory. I visited Qingtian Holy Land and successfully got you an entry-level identity token. As long as you take this token to Qingtian Holy Land, you can worship in Qingtian Holy Land and become its disciple."

Ye Feng's eyes lit up and he immediately put the token into his storage ring.

At this time, Gu Taixu said with a smile: "Ye Feng, the Supreme Headmaster and I have great expectations for you. You are going to the Qingtian Territory this time, and after entering the Qingtian Holy Land, you can't embarrass our Yuhua Shenmen. , let alone embarrass our human race, the Qingtian Domain is a large domain, which contains not only the human race's cultivating disciples, but also disciples from other powerful races. I hope you can strengthen our human race. "

Ye Feng immediately clasped his fists solemnly and said loudly: "I will definitely live up to the expectations of the two seniors!"

The Supreme Headmaster gave a bitter smile and said: "Ye Feng, your cultivation level has already broken through to the semi-step emperor level, which is much better than mine. Please don't call me senior. From now on, call me Xiao Mo." That's it."

"Xiao Mo..."

The corner of Ye Feng's mouth twitched. The Supreme Headmaster's last name seemed to be Mo. Unexpectedly, the Supreme Headmaster was quite good at joking.

At this time, Gu Taixu was quite proud. He stared at the supreme leader next to him and said loudly: "Little junior brother, it seems that I have won our bet. I will tell Ye Feng to go to such a dark and chaotic battlefield." , your cultivation will definitely increase greatly after you come back, hurry up and give me the Tianxuan heavy sword you lost in the bet, you can't default on it."

...

Chapter 2009 Wild Jungle

For Ye Feng now, he no longer has much nostalgia for the wilderness.

Because of his current cultivation and combat power, he is almost at the top of the seven major domains of the human race.

He wants to break into the wider world like those human race predecessors who broke out of the human race area.

And Qingtian Domain, Qingtian Holy Land, is Ye Feng's first stop.

When Ye Feng left the central hall, the Supreme Headmaster gave him a book of exercises.

This skill is called Yu Hua Ascension Technique, and it is the most authentic inheritance of Yu Hua Shenmen.

It is a level higher than the reincarnation power of all heavens.

Before Ye Feng left, the Supreme Headmaster finally gave him the most powerful inheritance of the Yuhua Shenmen.

Gu Taixu warned: "I hope you have a bright future, and I hope you will still be a young man when you return."

...

Ye Feng returned to his residence and looked at the place where he had lived for so long. After all, he was alone and left the Yuhua Shenmen.

Because for a powerful genius like Ye Feng, secretly leaving the Yuhua Shenmen is the most correct choice.

After all, if this news is revealed, there may be other powerful aliens who intercept and kill Ye Feng on his way out of the Yuhua Shenmen.

So Ye Feng secretly left the Yuhuashen Gate alone without disturbing anyone. This was the best choice.

At night, Ye Feng was alone. His back looked a little weathered and lonely, but full of an upward sense of power as he left the Yuhuashenmen.

He quickly stayed away from the Feathered Divine Sect, and even walked out of the wilderness and entered the land outside the human territory.

Ye Feng has a map in his hand, which guides the direction of Qingtian Domain and Qingtian Holy Land.

The Blue Sky Domain is extremely large, with an area dozens of times larger than the seven major domains of the human race combined.

As the dominant force in the Blue Sky Territory, one can imagine how profound the Blue Sky Holy Land's foundation must be.

However, after Ye Feng left the wilderness and the territory of the human race, he only felt like a trapped animal leaving the cage, yearning for the vast world outside.

So when Ye Feng walked out of the crowd

After entering the tribe's territory, he felt that his blood was boiling.

The adventurous factor that existed deep in his bones made Ye Feng not only not feel any pressure or danger, but also made him feel completely excited and excited.

With the Blue Sky Holy Land token given to him by the Supreme Leader and Gu Taixu, Ye Feng knew that he did not need to rush to the Blue Sky Holy Land in a hurry, because as long as he had this token in his hand, he could reach the Blue Sky Holy Land at any time. You can become a disciple of Qingtian Holy Land.

At this time, Ye Feng suddenly thought of Lu Qianqian, a disciple of the Blue Sky Holy Land whom he had accidentally met before. That cold and beautiful woman, he wondered if he could meet her again during this trip to the Blue Sky Holy Land.

If he could meet Lu Qianqian again, Ye Feng would have to thank her. After all, the golden troll vision of the strongest inheritance of the golden demon clan given to him by Lu Qianqian really helped Ye Feng a lot.

At this moment, Ye Feng was alone, walking in a wild land on the edge of Qingtian Territory.

As long as he passed through this wild land lined with ancient trees, Ye Feng had officially entered the Blue Sky Territory.

Of course, stepping into the Blue Sky Domain does not mean that you have reached the Blue Sky Holy Land.

After all, the Blue Sky Territory is extremely vast, and the Blue Sky Holy Land is located at the center of the Blue Sky Territory.

At this time, Ye Feng was walking in the endless wild jungle.

He just took advantage of this trip to the Blue Sky Holy Land to see if he could continue to accumulate his own strength and make breakthroughs.

After all, Ye Feng knew that competition for an extremely powerful overlord force like the Blue Sky Holy Land, which included top talents from all major races, would definitely be fierce.

Ye Feng knew that his future opponents would not only be prodigies among the human race, but also peerless geniuses among the powerful races.

Therefore, for Ye Feng, there is absolutely nothing wrong with increasing his strength as much as possible before entering the Blue Sky Holy Land.

After all, a place like the Blue Sky Holy Land, where geniuses from all major races gather, is not as safe as a simple human sect like the Yuhua Shenmen.

There must be competition among the major races, fierce competition, and powerful murderous intent and fighting.

With extremely powerful soul power, Ye Feng walked in this wild jungle without any surprises along the way.

He hunted down many powerful evil beasts in the wilderness, devoured a lot of energy and blood, and his skills also increased a lot.

After all, it is impossible to break through the bottleneck of the Half-Step King.

It can be seen that it is very difficult to break through to the true Dao Emperor.

It may be very difficult for ordinary people to break through, let alone Ye Feng, who has a body like a bottomless pit.

Naturally, it requires more energy, or encounters some huge opportunities, otherwise it will be difficult to break through the final bottleneck.

This matter made Ye Feng worried for many days.

Because the cultivation level has been unable to break through.

Even though he has swallowed the blood of many evil beasts.

"Crash!"

And on Ye Feng's seventh day walking in this wild jungle.

Suddenly he heard a very noisy sound coming from not far away.

Ye Feng instantly sensed that the fighting spirit of many powerful human beings was conveyed in the air.

"In such a deep and wild jungle, there is actually a strong man from the human race?"

Ye Feng was very curious, so he quickly restrained his aura and lurked in a certain direction not far away.

Soon he arrived at the destination where the noise was coming from.

Ye Feng immediately saw a large swath of giant ants burning with flames, frantically biting and devouring a caravan of several hundred people.

Each of those ants seemed to be the most terrifying flame ants in the wilderness. Not only did they have scorching fire-attribute power, but they were also full of poison.

At this moment, the large caravan was completely

Thousands of flame ants surrounded him.

Although the members of those caravans are all strong among the human race, their cultivation is not weak. Although they have not entered the realm of Tao, they are also strong in the God Emperor realm, the top level of the Titled God Realm.

Among this group of caravans, there are several leaders with powerful auras. The aura of cultivation on their bodies is clearly that of the Tao realm, but most of them are existences who have entered the Tao realm.

The most powerful middle-aged man is a Dao King-level existence.

Even with such a powerful lineup, they were attacked miserably by a large swath of flame ants at this moment. Each member died, either burned to death by fire or poisoned, and directly torn apart by countless flame ants, and died. The situation was extremely miserable.

At this moment, Ye Feng stood on a big tree, looking at the scene on the field, looking at the densely packed thousands of flame poisonous ants, and felt a little numb.

This kind of flame poisonous ants will appear in swarms, there are thousands of them, and each flame poisonous ant is the size of a human head and very ferocious. If you encounter this terrible poisonous insect in the wilderness, Race, it can only wait for death.

Although the group of caravans were all human race, Ye Feng also felt that it was extremely difficult at this time. He felt that he should not take the risk and was about to turn around and leave.

"The strong man on the tree in front! Please give us a helping hand! If this strong man can help our entire caravan out of danger! Then I am willing to use a piece of the third level of the Tao Realm, the Tao Emperor's Ten Heavenly Great Perfection Level The inner elixir of the wild beast overlord as a reward!"

Suddenly at this moment, the middle-aged man who was the leader of the caravan suddenly shouted in the direction of Ye Feng.

"The evil beast inner elixir of the Dao Emperor's Tenth Heavenly Perfection?"

Ye Feng, who had been struggling to break through the Half-Step Emperor these days, heard the caravan president say these words. He immediately hesitated, then turned around and headed towards the group of flame poisonous ants. The caravan rushed over quickly.

On Ye Feng's way there, he directly called out poison-eating insects and let a group of poison-eating insects crawl all over his body, forming a set of poison-eating insect protective armor.

Chapter 2010 Tianxia City

With the protective armor composed of poison-eating insects, Ye Feng felt that his safety was guaranteed.

You know, the poison-eating insect has grown to this point, and it is not just as simple as protecting against poison. The strong insect shell is simply invulnerable to water and fire, and is indestructible to lightning.

Therefore, the armor composed of poison-eating insects has a natural protective effect against the vicious flame poisonous ants in the wild jungle.

"Boom!"

The moment Ye Feng rushed over, he waved his fists and wildly bombarded the surroundings.

Now Ye Feng's body is extremely terrifying, and every punch blasts out with terrifying concussive force.

"Pfft!"

"Pfft!"

"..." ???

Each flame poisonous ant was shattered instantly and exploded into countless pieces.

These poisonous ants the size of human heads did not have any blood at all, and all the poison contained in their bodies made Ye Feng give up the idea of devouring them.

However, the flames burning on these poisonous ants are quite good. Ye Feng can use the Ancient Burning Heaven Technique to absorb the flames on these poisonous ants and strengthen his own natal flame.

"So powerful!"

At this moment, everyone in the caravan was shocked as they watched Ye Feng crazily massacre among thousands of poisonous flame ants.

But the president of the chamber of commerce, seeing Ye Feng's bravery at this moment, couldn't help but have a look of joy in his eyes.

He saw Ye Feng standing on the big tree in front of him before, and felt that the aura emanating from this young man was very extraordinary.

Originally in a certain death situation, the president of this chamber of commerce just wanted to try to ask for help, what if the other party was really strong.

The final result made the president of this chamber of commerce very happy.

Because Ye Feng, this young man who suddenly appeared in the wild jungle, turned out to be so powerful.

And the armor on his body is very weird and very powerful.

, can actually prevent the bites and toxin attacks of those flame ants.

This also meant that the extremely vicious group of flame poisonous ants could not harm Ye Feng at all, and the battlefield became a one-sided massacre.

Half an hour later, Ye Feng killed all the poisonous ants.

The natal flame on his body absorbed the poisonous insect fire from thousands of poisonous flame ants, and its level was also improved. The level of the natal fire was directly upgraded from the second-grade high-level to the second-grade great achievement.

For Ye Feng, this was an unexpected surprise.

At this time, Ye Feng walked towards the caravan.

Everyone in the entire caravan looked at Ye Feng with a look of deep awe.

Because just now Ye Feng slaughtered thousands of fire poisonous ants, which was really shocking. He was like a young god with overwhelming power.

At this time, the president of this caravan, the middle-aged man, immediately stepped forward, clasped his fists and said solemnly: "I am Zhao Wuji, the president of the Thunder Chamber of Commerce in Tianxia City. Thank you little brother for this time. I would be very grateful to you for helping our entire caravan get out of danger."

Ye Feng looked at the middle-aged man, smiled casually, and said loudly: "The remuneration promised by President Zhao just now will not fail to be fulfilled."

"Of course I'll do it!"

Zhao Wuji laughed loudly, and immediately boldly took out a fist-sized inner elixir from the storage ring.

The inner elixir is red in color, and is still emitting a bright red light at this moment, containing very majestic demonic energy.

Zhao Wuji said aloud: "This is the inner elixir of the Dao Emperor's tenth level wild overlord beast. It is priceless. This time, it is the reward for my little brother's action."

At this time, many members of the caravan looked at the

An inner elixir has a fiery light in its eyes. This high-level inner elixir is obviously very valuable. It is also the most precious treasure among the treasures in their Thunder Chamber of Commerce.

At this time, Ye Feng took the inner elixir and was very satisfied. He said loudly: "President Zhao, what Tianxia City did you say you were from just now? Where is Tianxia City?"

Zhao Wuji immediately explained: "Tianxia City is an ancient city standing at the junction of Qingtian Territory and the wild jungle. Half of it is human race, and of course there are other races. They all trade in this place. After all, Tianxia City is adjacent to The wild jungle is home to many mercenaries and wandering warriors. It is a huge trading city, home to not only our Thunder Chamber of Commerce, but also many other large chambers of commerce."

Ye Feng nodded and said loudly: "I entered the wild jungle this time to pass through this wild jungle and reach the Qingtian Territory. It seems that our direction is the same, so President Zhao can take me with him. At the same time, I also need to enter the Qingtian Domain."

When Zhao Wuji heard that Ye Feng wanted to join them, he definitely agreed. He quickly said happily: "My little brother is willing to join our Chamber of Commerce. That would be great. I give him a warm welcome!"

For Zhao Wuji, if a master like Ye Feng can join their chamber of commerce, they will hardly encounter any huge dangers in this wild jungle.

In Zhao Wuji's opinion, Ye Feng was definitely a young disciple from a super big family or a super powerful force, a peerless genius level being, otherwise it would be impossible for him to possess such powerful combat power at such a young age.

Thinking of this, Zhao Wuji immediately spoke to the butler behind him and said: "Hurry up and arrange a luxurious carriage for this little brother to live in."

The butler immediately said respectfully: "Yes, President!"

Ye Feng smiled and said: "Oh, by the way, I haven't told you my name yet. My name is Ye Feng.

The purpose of traveling to Qingtian Domain is to worship in the Holy Land of Qingtian. "

When Zhao Wuji heard this, he immediately raised his hands and clasped his fists respectfully and said: "It turns out that little brother is a quasi-disciple of Qingtian Holy Land. No wonder he is so powerful. He is simply extremely talented and amazing. I admire little brother Ye Feng. It's like an endless river."

I have to say that as the president of a large chamber of commerce, Zhao Wuji's words sound very comfortable.

Ye Feng smiled and nodded, and said: "Anyway, I'm not in a hurry to go to the Blue Sky Holy Land. This time, I'll follow President Zhao and your Thunder Chamber of Commerce to the Tianxia City on the edge of the Blue Sky Territory. I need to see if that place can Purchase some heavenly and earthly treasures or elixirs that can increase your cultivation."

When Zhao Wuji heard what Ye Feng said, he immediately understood and said quickly: "Don't worry, little brother Ye Feng, when we return to Tianxia City, I will immediately arrange for

someone to inquire about the ability to increase your cultivation for you, little brother Ye Feng." of various elixirs and elixirs."

Seeing that Zhao Wuji was so aware of current affairs, Ye Feng laughed, then walked directly into the luxurious carriage and pulled down the curtain.

At this time, Zhao Wuji was very happy and immediately said to the entire chamber of commerce: "Let's move on and return to Tianxia City!"

Many members of the Thunder Chamber of Commerce felt a lot safer now because of the joining of Ye Feng, a great master. They all had a look of relief on their faces, and continued to walk in the wild jungle while pulling heavy goods. .

At this moment, in the luxurious carriage.

Ye Feng was alone, sitting cross-legged.

At this moment, Ye Feng wasted no time and directly took out the precious inner elixir he had just obtained, and immediately began to release the Devouring Domain, quickly swallowing the fist-sized inner elixir.

"Rumble..."

Suddenly, a boundless demonic energy was injected into Ye Feng's body.
