Chapter 201 Surrender

"Don't kill me! I am willing to become your subordinate!"

At this time, the flame protector who was about to lose his strength in the frenzy of Ye Feng's power suddenly spoke up.

This great beauty, who is the most beautiful woman in the world, is also a super master of the ninth level of martial arts. At this moment, she suddenly surrendered.

"Become my subordinate?"

Ye Feng's eyes showed a look of interest and said: "It is indeed much more cost-effective to have a master from the ninth level of Wuzong become my subordinate than to kill him."

Speaking at this time, the flame protector immediately revealed a happy look in his beautiful eyes.

Her expression remained unchanged, but she was secretly thinking, if I wait until I get out of trouble, I will kill you directly.

But at this time, Ye Feng's next words immediately caused the flame protector's expression to change.

Ye Feng held a small poison-eating insect in his hand and said: "But if you want to succumb to my command, you must swallow a poison-eating insect. If you have any intention of resisting, this little insect will instantly kill you." All the internal organs in your body are torn and eaten inch by inch."

At this time, as if to match what Ye Feng said, the poison-eating insect actually opened its small mouth, revealing its silver fangs that were densely packed like saw teeth.

"Gulu!"

The flame protector couldn't help but swallowed his saliva at this time, obviously frightened.

But in order to survive, the Flame Protector finally gave in.

The little poison-eating insect was forced to be swallowed by Ye Feng.

From then on, the Flame Protector knew that he would never be able to disobey any of Ye Feng's orders again.

"Flame! How dare you betray the Sky Poison Sect?!"

At this time, the Giant Spirit Protector and the Great Seal Protector who were fighting Lei Wuji not far away were both shocked and angry.

They never expected that Ye Feng would suddenly burst out with such a powerful force, which was simply unbelievable.

You know, Ye Feng really

His cultivation level is only half a step in martial arts.

He has not even stepped into the true realm of martial arts!

However, in an instant, he killed the magic sword protector and subdued the flame protector.

This rapid change from front to back made both the Giant Spirit Protector and the Great Seal Protector somewhat unacceptable.

"Fire Protector, since you have succumbed and become my subordinate, now is the time for you to make a pledge. Now, you must kill another protector as a pledge to join me!"

Ye Feng's voice sounded at this time, without any emotion.

On this day, the four guardians of Tiandu Sect dared to set up a sinister trap to kill themselves.

Ye Feng naturally wanted to get rid of the four of them quickly.

At this time, when the Flame Protector heard what Ye Feng said, his expression suddenly changed.

Because Ye Feng asked her to kill her companions, this was something she couldn't accept.

"Although I have become your subordinate, your request is too much, and I cannot accept it." The flame protector said to Ye Feng with a cold and beautiful face.

Obviously, she didn't want to obey Ye Feng's unreasonable request.

"Do you think this is me asking you?"

Ye Feng suddenly laughed, a smile that made people's hair stand on end. His eyes suddenly glared, full of majesty and domineering, and he shouted at the flame protector: "I am ordering you, do you understand? Ah!"

Almost at the moment Ye Feng finished speaking, the flame protector's face suddenly turned extremely pale.

Because she felt a huge pain in her internal organs.

"It's poison-eating insects tearing your body apart."

Ye Feng's cold words sounded.

"Stop torturing me! I'm going to kill them!"

The flame protector was so frightened that she was covered in cold sweat. She finally knew that Ye Feng, who looked like just a boy, was really like a demon emperor at times, dominating himself!

"Don't kill me! I am willing to become your subordinate!"

"Gulu!"

The flame protector couldn't help but swallowed his saliva at this time, obviously frightened.

Chapter 202 The Bloodline of the Giant Spirit God

"Fire Girl, how dare you?!"

I heard that Flame Protector really promised Ye Feng to take action against them.

The Giant Spirit Protector and the Great Seal Protector immediately panicked.

Because one Lei Wuji had already made it very difficult for them to resist.

And now if Flame Guardian, a master of the same level, joins, they may really fall here.

"Flame Protector, the Sky Poison Sect has trained you for so many years and has allowed you to achieve your current achievements. Do you really want to put us to death?"

The giant spirit guardian was extremely furious at this time. He smashed Lei Wuji's thunder beam with an axe, while shouting loudly.

"He who knows the current affairs is a hero."

The flame protector spoke with a cold tone. It was obvious that she had accepted her fate now.

Now that he has accepted his fate, the flame protector is ready to go all the way to darkness.

She stared at the Giant Spirit Protector and the Great Seal Protector, and said coldly without any emotion in her tone: "You two must die. In this case, maybe Master Ye Feng will have a better attitude towards me."

When Ye Feng heard what the flame girl said, he couldn't help but look at the flame girl in surprise. He didn't expect that the flame girl had a bit of an arrogant temper.

Obviously what Flame Girl said "Master Ye Feng treats me better" was complaining about Ye Feng's anger at her just now.

Ye Feng just shook his head and smiled dumbly.

"Phoenix Phantom Feather!"

"Fire burns the sky!"

Flame Girl is indeed a super master of the Ninth Level of the Martial Sect.

As soon as she joined the battlefield, thousands of fiery red feathers were released all over her body.

Each feather is like a crimson iron, as red as blood, emitting a blazing divine light that seems to be able to tear everything apart.

"Pfft!"

Djinn protector one

Without paying attention, a piece of flesh was torn apart by a crimson feather.

He immediately shouted: "Fire Girl, you even used the most powerful move. You really want to kill us! It turns out that a woman's heart is like a needle on the seabed!"

The Djinn protector obviously didn't expect that this flame woman would change her face at any time.

Just now they were partners working side by side, but in the blink of an eye they became mortal enemies who wanted to kill them.

The Great Seal Protector's eyes were extremely solemn at this time, and he said: "Ju Jiu Jue, let's break out first. There is no hope of victory. We must escape first!"

"good!"

boom!

At this time, both the Giant Spirit Protector and the Great Seal Protector released their most powerful power.

The Djinn Protector activates the blood of the ancient Djinn clan contained in his body.

Buzz!

His whole body suddenly expanded into a towering giant of more than 100 meters, possessing extremely terrifying brute strength.

"Heaven's broken legs!"

The giant spirit protector like a giant spirit god roared, and a big foot like a mountain, covering the sky and the sun, immediately stepped down from the sky.

"Boom!"

The terrifying power knocked both Lei Wuji and Flame Girl away in an instant.

"What terrible brute force!"

Lei Wuji's eyes were a little startled.

"Hahaha, my Giant Spirit God bloodline, you don't understand what real power is at all!"

The giant protector seemed to have found his confidence again. At this moment, he did not break out, but stepped towards Ye Feng in the distance with a big mountain-like foot.

Boom!

This foot was so huge and majestic that it suddenly covered it from the sky, as if it could trample a huge hole in the entire earth! "Fire Girl, how dare you?!"

I heard that Flame Protector really promised Ye Feng to take action against them.

Boom!

This foot was extremely huge and majestic, covering it from the sky at once, as if it could trample a huge hole in the entire earth!

Chapter 203 Piercing

Ye Feng's eyes were extremely calm.

Seeing the huge and towering feet stepping down, he just slowly pulled out the long sword on his back.

It was a rusty long sword that looked extremely poor.

"Hahaha, my Giant Spirit God bloodline makes my body as strong as divine iron. Boy, do you think a broken sword can withstand my crippled feet?"

At this time, the Djinn Protector immediately laughed crazily, his tone full of disdain.

"Ye Feng, don't be reckless! This giant spirit protector has inspired the giant spirit god's blood in your body, and you can't resist it temporarily!"

At this time, Lei Wuji, who was not far away, roared.

At this moment, everyone saw that Ye Feng's martial arts aura had been exhausted a lot.

Obviously, the punch he just fired must have consumed a huge amount of power, and his face was slightly pale.

So everyone is very worried at this time.

Even the flame girl's beautiful face showed worry.

Obviously Flame Girl has decided to join Ye Feng, and she naturally doesn't want Ye Feng to die like this.

At that time, she will really be in a dilemma, and may have to wander alone in the entire martial arts world.

"Here comes the sword!"

Ye Feng just roared loudly when facing the huge feet like a giant spirit god.

"boom!"

The long sword in his hand suddenly burst out with an extremely terrifying sword energy.

At this moment, under the horrified eyes of countless people, the rust on the sword body fell off inch by inch.

On the entire body of the rusty sword, a section of the pure white sword body was immediately exposed.

The pure white as silver sword body suddenly released endless thunder and lightning.

This kind of thunder and lightning is more pure and powerful than the thunder that Lei Wuji cultivates.

"What a pure source of thunder!"

Lei Wuji is all eyes at this time

The god was slightly startled.

He practices thunder attribute skills, so he is extremely sensitive to the pure power of thunder.

At this moment, he could feel a very terrifying and ancient majesty from the sword in Ye Feng's hand.

"What kind of sword is this?"

Lei Wuji was surprised and confused.

"kill!"

At this time, Ye Feng completed charging up and raised his sword with one hand in a piercing shape.

"Pfft!"

The rusty sword, filled with infinite thunder, had lost its rust and seemed to have become an unparalleled holy sword.

A huge thunderous sword light suddenly burst out from the sword body, tearing the sky apart in an instant!

"Pfft!"

The huge crippled foot was pierced in an instant, and blood splattered, dyeing the sky red.

"ah!!"

The giant spirit protector's face was originally triumphant, but suddenly it became extremely frightened.

He yelled in pain: "What? You pierced my giant spirit god's true body!!"

"What bullshit the true form of the giant spirit god! It's just the bloodline of the most common giant spirit clan from a thousand years ago!"

Ye Feng's true identity is the crown prince of the Creation Dynasty, the largest ruling force in the spiritual world for three thousand years!

Naturally, he could tell at a glance that the so-called giant spirit god bloodline of this giant spirit protector was just a fake.

It's just a very ordinary bloodline of the ancient giant spirit clan, not a very powerful physique.

So at this time, Ye Feng activated the power contained in the rusty sword, and instantly destroyed the so-called giant spirit god's true form as the guardian of the giant spirit!

"Boom!"

Ye Feng rushed forward and trampled the giant guardian spirit to the ground, slamming his face into the mud on the ground.

"Ahh! Little brat, how dare you humiliate me like this!!"

The giant spirit protector let out an earth-shattering roar. He was a powerful person in the ninth level of the Wuzong. He was usually aloof, but he had never been treated like this! Ye Feng's eyes were extremely calm.

The giant spirit protector let out an earth-shattering roar. He was a strong man in the ninth level of the Wuzong. He was always aloof, but he had never been treated like this!

Chapter 204 All defeated

Ye Feng looked at the roaring giant spirit protector below with no mercy in his eyes.

This giant spirit protector was so vicious that he set up such a sinister poison corpse trap and wanted to trap and kill all the core disciples of the Sword Sect.

So at this time, Ye Feng severely punished the giant protector and stepped on the face of this so-called big shot and master in the mud.

"Ahhh!"

The giant spirit protector's eyes were filled with deep shame. He had always been aloof, but now he was being stepped on in the mud. This feeling and taste simply made him want to go crazy.

But it's all in vain, because he doesn't have any ability to resist now.

At this time, Ye Feng, after being infused with Shang's power, his combat power was almost comparable to that of a true martial master-level unparalleled powerhouse!

Therefore, even the top four guardians of Tiandu Sect cannot defeat Ye Feng alone.

At this time, Lei Wuji was extremely happy.

Originally, all the members of the Sword Sect were almost in dire straits.

But he didn't expect that he would turn against the wind in the end. Ye Feng suddenly burst out with such a powerful force, which almost shocked everyone's eyes.

The magic knife protector is dead, and the flame girl has surrendered and became Ye Feng's subordinate.

The Giant Spirit Protector was also trampled under Ye Feng's feet at this time, leaving only the last Great Seal Protector.

"Come here!"

Lei Wuji was still very powerful. When he grabbed it with his big hand, a giant thunder palm condensed in the void, and he immediately caught the Great Seal Protector who wanted to sneak away.

"Bang!"

Lei Wuji gave the Great Seal Protector a hard slap in the face, and directly knocked the Great Seal Protector to the ground, smashing into the ruins. He vomited blood and his breath suddenly became weak.

At this point, all the four guardians of Tiandu Sect have been defeated!

At this time, Ye Feng felt that all the strength in his body was gone.

"I'm exhausted, Ye Feng. I need to take a good rest for a while. The next step is up to you."

Shang's extremely tired voice sounded in his mind, and then fell silent.

Obviously, this time he extradited his power to Ye Feng, which severely damaged Shang Yuanqi.

Ye Feng immediately said in his mind with his mind: "Don't worry, there are a lot of opportunities in this ancient ruins. I will find the power of pure Yang. When the time comes, let Shang devour you, and you will be able to regain your strength."

"good....."

Shang's last voice came.

At this time, Lei Wuji seemed to sense the powerful aura on Ye Feng's body, and it suddenly became exhausted.

He immediately stepped to Ye Feng's side to protect his safety.

Uh-huh!

At this time, the graceful and perfect figure of the flame girl also came to Ye Feng's side.

She was holding a red sword, with a beautiful face and a cold face, standing beside Ye Feng, guarding him.

Lei Wuji whispered in Ye Feng's ear: "You have used up the power of the seal in your body just now. Be careful of this flame woman. This woman is very powerful, and despite her beauty, she is very vicious and cruel."

Ye Feng smiled and nodded, and said: "Uncle Wuji, don't worry, with this little guy like the poison-eating insect here, this flame girl doesn't dare to do anything to me, so she can only be obedient."

Ye Feng did not deliberately lower his voice when he spoke at this time, so the flame girl standing beside him heard it.

However, the flame girl just snorted and didn't say much.

After all, her life and death is indeed in Ye Feng's hands now, unless she can find a way to get rid of the poison-eating insect lurking in her body in the future.

"What to do with these two guys?"

Lei Wuji suddenly spoke up. He looked at the Giant Spirit Protector and the Great Seal Protector. Ye Feng looked at the roaring giant spirit protector below with no mercy in his eyes.

"What to do with these two guys?"

Lei Wuji suddenly spoke up. He looked at the Giant Spirit Protector and the Great Seal Protector.

Chapter 205 Devouring

Ye Feng looked at the Giant Spirit Protector and the Great Seal Protector in front of him, and suddenly said to the Flame Girl: "Come with me privately not far away. I want you to kill these two people with your own hands as a pledge of allegiance to me."

Saying that, Ye Feng held a Heavenly Poison Sect protector in one hand and walked towards a dilapidated palace not far away.

Neither Lei Wuji nor the core disciples of the Sword Sect present said anything.

After all, this is Ye Feng's private matter.

At this time, the crisis was over, and everyone quickly meditated and practiced on the spot to restore their previous lost cultivation.

At this time, the flame girl looked at Ye Feng's retreating back, bit her teeth, and immediately followed him.

Soon the two came to a dilapidated palace.

There are collapsed ancient buildings everywhere, looking extremely dilapidated.

But most importantly, there was no one around.

Bang!

At this time, Ye Feng threw the half-dead Giant Spirit Protector and Great Seal Protector on the ground.

The flame girl left, with a pair of beautiful eyes filled with a trace of hesitation.

Although she is indeed determined to follow Ye Feng now.

But she was still a little reluctant to kill her former partner.

But at this time, what surprised Flame Girl was that Ye Feng did not issue an order at all.

Ye Feng's entire attention was focused on the two Heavenly Poison Sect protectors on the ground.

"Ye Feng, I..."

The flame girl was about to say something.

"boom!"

"boom!"

But at this moment, Ye Feng suddenly stretched out two hands, with five fingers turning into claws, and instantly clasped them on the heads of the two super masters, the Giant Spirit Protector and the Great Seal Protector.

"Baby, what are you going to do?!"

The two Heavenly Poison Sect protectors were both shocked and angry at this moment.

They yelled: "Little brat, let us go quickly! Otherwise, the strong men from the Sky Poison Sect will kill you..."

"ah!!!

"

But before the two Heavenly Poison Sect protectors could say anything threatening,

They howled immediately.

Because at this time, Ye Feng's hands suddenly exerted force, and his five fingers suddenly pierced into their skulls.

A terrifying devouring force burst out instantly, and the five fingers were like five straws, quickly sucking out the power from the two Heavenly Poison Sect protectors.

No!

Not only their skills, but also their majestic energy and blood from the ninth level of the Martial Sect!

So at this time, whether it was the Giant Spirit Protector or the Great Seal Protector, their bodies were shriveling up quickly at a speed visible to the naked eye amidst screams.

This scene suddenly revealed an extreme fear in the eyes of the flame woman standing next to her.

She was staring at Ye Feng at this moment, looking at the young man's eyes with a deep black light, which was very strange and terrifying.

"You asked me to come here alone in front of everyone, not at all so that I could kill the Giant Spirit Protector and the Great Seal Protector, but because you wanted to use me as a shield to cover up your purpose of practicing this evil technique!"

The flame girl suddenly understood and said immediately.

"Evil Kung Fu?"

Ye Feng stared at the flame girl, smiled and shook his head and said: "There are no evil skills in this world, only evil people. Although I am not a good man or woman, but if I ask myself, I can distinguish right from wrong. I know what gratitude is and what it means." is the enemy."

After Ye Feng finished speaking, he snorted coldly and shook his hands suddenly.

"Boom!"

The Giant Spirit Protector and the Great Seal Protector, which had shriveled into something inhuman, immediately exploded and completely disappeared from this world.

The huge skills they had worked hard to cultivate for decades were completely plundered by Ye Feng in just a few minutes!

"Buzz!"

At this time, the power Ye Feng swallowed suddenly surged through his body.

He immediately sat down cross-legged and said to the flame girl: "Help me protect the law and don't let anyone get close!" Ye Feng looked at the giant spirit protector and the big seal protector in front of him, and suddenly said to the flame woman: "Come with me privately. Not far away, I want you to kill these two people with your own hands as a sign of your loyalty to me. "

Saying that, Ye Feng held a Heavenly Poison Sect protector in one hand and walked towards a dilapidated palace not far away.

Neither Lei Wuji nor the core disciples of the Sword Sect present said anything.

After all, this is Ye Feng's private matter.

At this time, the crisis was over, and everyone quickly meditated and practiced on the spot to restore their previously lost cultivation.

At this time, the flame girl looked at Ye Feng's retreating back, bit her teeth, and immediately followed him.

Soon the two came to a dilapidated palace.

There are collapsed ancient buildings everywhere, looking extremely dilapidated.

But most importantly, there was no one around.

Bang!

At this time, Ye Feng threw the half-dead Giant Spirit Protector and Great Seal Protector on the ground.

The flame girl left, with a pair of beautiful eyes filled with a trace of hesitation.

Although she is indeed determined to follow Ye Feng now.

But she was still a little reluctant to kill her former partner.

But at this time, what surprised Flame Girl was that Ye Feng did not issue an order at all.

Ye Feng's entire attention was focused on the two Heavenly Poison Sect protectors on the ground.

"Ye Feng, I..."

The flame girl was about to say something.

"boom!"

"boom!"

But at this moment, Ye Feng suddenly stretched out two hands, with five fingers turning into claws, and instantly clasped them on the heads of the two super masters, the Giant Spirit Protector and the Great Seal Protector.

"Baby, what are you going to do?!"

The two Heavenly Poison Sect protectors were both shocked and angry at this moment.

They yelled: "Little brat, let us go quickly! Otherwise, the strong men from the Sky Poison Sect will kill you..."

"ah!!!

"

But before the two Heavenly Poison Sect protectors could say anything threatening.

They howled immediately.

Because at this time, Ye Feng's hands suddenly exerted force, and his five fingers suddenly penetrated into their skulls.

A terrifying devouring force burst out instantly, and the five fingers were like five straws, quickly sucking out the power from the two Heavenly Poison Sect protectors.

No!

Not only their skills, but also their majestic energy and blood from the ninth level of the Martial Sect!

So at this time, whether it was the Giant Spirit Protector or the Great Seal Protector, their bodies were shriveling up quickly at a speed visible to the naked eye amidst screams.

This scene suddenly revealed an extreme fear in the eyes of the flame woman standing next to her.

She was staring at Ye Feng at this moment, looking at the young man's eyes with a deep black light, which was very strange and terrifying.

"You asked me to come here alone in front of everyone, not at all so that I could kill the Giant Spirit Protector and the Great Seal Protector, but because you wanted to use me as a shield to cover up your purpose of practicing this evil technique!"

The flame girl suddenly understood and said immediately.

"Evil Kung Fu?"

Ye Feng stared at the flame girl, smiled and shook his head and said: "There are no evil skills in this world, only evil people. Although I am not a good man or woman, but if I ask myself, I can distinguish right from wrong. I know what gratitude is and what it means." is the enemy."

After Ye Feng finished speaking, he snorted coldly and shook his hands suddenly.

"Boom!"

The Giant Spirit Protector and the Great Seal Protector, which had shriveled into something inhuman, immediately exploded and completely disappeared from this world.

The huge skills they had worked hard to cultivate for decades were completely plundered by Ye Feng in just a few minutes!

"Buzz!"

At this time, the power Ye Feng swallowed suddenly surged through his body.

He immediately sat down cross-legged and said to the flame woman: "Help me protect the law and don't let anyone get close!"

Chapter 206 Curiosity

Naturally, Flame Girl did not dare to disobey Ye Feng's order.

If the flame girl obeyed Ye Feng's orders before, it was only because of the poison-eating insect in her body.

But now that he has seen Ye Feng's strange skills, the flame protector of the Sky Poison Sect has a kind of faint awe and fear in his heart.

"boom!"

Half an hour later.

Ye Feng's body suddenly burst out with a huge and boundless martial arts aura.

In that feeling, Ye Feng was like an ancient overlord who had suddenly awakened, with the terrifying power to command all living beings and pierce the eternity.

"This kid is really incredible." The flame girl looked on with fear.

Ye Feng just broke through to the realm of Wuzong, and he already has such a powerful and terrifying power.

Then if he steps into Martial Lord, wouldn't it be earth-shattering?

"One Step Martial Arts is finally here!"

Ye Feng suddenly stood up, with golden light flashing in his eyes, like a magic sword piercing out of his eyes. It was so sharp that no one dared to look at him.

But the next moment, Ye Feng suddenly restrained all his violent aura.

He suddenly turned into an ordinary young man, making it impossible for anyone to notice anything strange.

The flame girl looked at Ye Feng and said half-jokingly: "If your elders and brothers outside your sect know that you secretly practice such a weird technique, what will they think?"

"I don't think much of it."

Ye Feng responded indifferently to Flame Girl's teasing and said: "In the face of life and death crises, in the face of great rights and wrongs, they are willing to pave a way for me to live. Even if they know that I practice this kind of technique, there will be no problem. The reason why I hid it from him

We just don't want to cause them any trouble. "

Ye Feng knew it very well, although he still didn't know where the spirit world was.

However, it is better not to publicize or reveal the divine art of creation he has cultivated and the overbearing devouring talent he possesses.

Otherwise, it would be terrible if we really met a three-thousand-year-old ancient powerhouse and recognized this inheritance.

Therefore, Ye Feng knew that he was too weak now, so he still needed to hibernate slowly, waiting for the final transformation.

Not long after, Ye Feng and Flame Girl walked out of the ruined palace.

Many core disciples of the Sword Sect have already cultivated their skills.

At this time, everyone including Jian Wushuang, Qin Aotian and others walked up to Ye Feng, cupped their fists together and said, "Thank you, Junior Brother Feng, for saving me this time."

Ye Feng's face was solemn, he bowed deeply to the many disciples of the Sword Sect, cupped his hands and said: "At this critical moment of life and death, all the brothers and sisters did not hesitate to stand in front of me. They regarded death as if they were home. In order to carve out a way for me to survive, I will always remember this kindness in my heart and dare not forget it!"

Ye Feng's words were extremely solemn and solemn. Everyone could see that they were not speaking on occasion.

The core disciples of Jian Wushuang, including Jian Wushuang, couldn't help but blush when they saw Ye Feng bowing deeply to them.

They knew that this young man deserved to look upon death as they did just now!

At this time, the flame girl couldn't help but glance at Ye Feng in surprise.

This young man in black, who had devoured the power of two great guardians just now, was extremely domineering, but in the blink of an eye, he would also be so affectionate and righteous.

This boy is really mysterious.

The flame girl unknowingly became curious about Ye Feng. Naturally, Flame Girl did not dare to disobey Ye Feng's order.

The flame girl unknowingly became curious about Ye Feng.

Chapter 207: Direct eradication

"Well, everyone has just experienced a life-and-death danger, which is actually not a bad thing. This has a huge effect on your martial arts practice and the experience of your mind."

Lei Wuji spoke up at this time and said to everyone: "Next, shall we continue to move forward, or shall we leave directly?"

"Definitely keep going!"

"Three of the four great guardians of the Sky Poison Sect have been killed, and there is another person who has become Junior Brother Feng. What should we be afraid of!"

"Yes, those bastards from the Royal Martial Arts Academy are a bit of a threat, but Junior Brother Youfeng, don't be afraid!"

At this time, many core disciples of the Sword Sect spoke out one after another.

Lei Wuji smiled and nodded. The group of disciples he led had the blood of warriors after all.

And at this time, Lei Wuji knew that after this battle, Ye Feng truly had great power and prestige in the hearts of all the disciples of the Sword Sect.

The graceful figure of the flame girl moved and stood beside Ye Feng, silent. .???.??

She is not from the Sword Sect, but now that she is under Ye Feng's command, she naturally follows Ye Feng's lead.

Only now did Ye Feng have time to take a good look at this one of the four top protectors from the Sky Poison Sect.

I have to say that although the flame girl has a bit of a arrogant temper, she is indeed very beautiful. She is dressed in a fiery red dress, which outlines a peerless and perfect figure. On her white face that can be broken by blows, there is flowing water. With a faint holy radiance, it makes people only look at it from a distance but cannot get close to it.

Many of the core male disciples of the Sword Sect secretly swallowed their saliva when they saw the flame girl standing next to Ye Feng.

"What are you looking at?"

The flame girl didn't pay attention to other people's gazes at all. She just looked at Ye Feng beside her and saw that Ye Feng was also staring at her.

"Didn't see anything."

Ye Feng

Withdrawing his gaze, he looked at Lei Wuji and said: "Uncle Wuji, are you interested in directly eradicating the Sky Poison Sect after leaving the ancient ruins this time? The Sky Poison Sect is almost comparable to the Sword Sect and the Great Yan Imperial Family. If they are destroyed and their houses are confiscated, they will definitely get a lot of benefits. Now the four guardians of the Sky Poison Sect are dead, and their vitality is greatly damaged. "

"Eradicate it directly?"

The flame girl was immediately shocked and said: "Although the other three guardians of the Sky Poison Sect were killed by you, there are still many other strong men in the Sky Poison Sect, and the most powerful one in our Sky Poison Sect is the Sky Poison Sect. The master of the sect master, the previous generation of the old sect master of the Sky Poison Sect, has already stepped into the realm of martial master. It is very scary. Even the master of the Sword Sect did not dare to fight against the old sect of the Sky Poison Sect. host."

As the Flame Girl said, many core disciples of the Sword Sect showed solemn expressions in their eyes.

Obviously they all know that the Sky Poison Sect does have an invincible old sect leader, otherwise a poison-using sect like the Sky Poison Sect would not have existed in the Great Yan Dynasty for so many years.

Lei Wuji's eyes showed a trace of disdain at this time, and he said: "That guy from the Sky Poison Sect, when our generation was young and fighting, he was beaten by me. As for the old Sect Master of the Sky Poison Sect, then... It's up to this guy Ye Feng."

"rely on me?"

Ye Feng's eyes were a little strange.

The old master of the Tiandu Sect, upon hearing this, he knew that he was a master who was not easy to mess with.

Not to mention that Shang is now in a deep sleep, even if Shang is not in a deep sleep, with the help of Shang's power, his combat power can only soar to an ordinary one-step martial arts master at best.

As for the old sect masters of the Poison Sect that day, they were probably at least high-level martial masters.

But at this moment, looking at Lei Wuji's meaningful eyes, Ye Feng suddenly understood something.

His eyes suddenly changed slightly, and he said: "Uncle Wuji, do you mean to let Senior Bai take action?" "Okay, everyone has experienced life and death danger just now. In fact, it is not a bad thing. This is good for you." Martial arts practice and the experience of one's mind have extremely important effects."

Lei Wuji spoke up at this time and said to everyone: "Next, shall we continue to move forward, or shall we leave directly?"

"Definitely keep going!"

"Three of the four great guardians of the Sky Poison Sect have been killed, and there is another person who has become Junior Brother Feng. What should we be afraid of!"

His eyes suddenly changed slightly, and he said: "Uncle Wuji, do you mean to let Senior Bai take action?"

Chapter 208 The birth of the divine object

Lei Wuji looked at the astonished Ye Feng with a "you know" look in his eyes.

Then the sinister Uncle Wuji said directly to everyone in the audience: "Everyone, keep moving forward! The biggest threat to this ancient ruins has been defeated by us, let's have a great time!"

After saying that, many core disciples of the Sword Sect looked at the extremely excited Lei Wuji, their foreheads were covered with black lines, and they were obviously speechless for this Uncle Wuji who was suddenly happy and sad.

But everyone was still very interested in this ancient ruins, and they all followed Lei Wuji towards the distance.

Ye Feng also followed, and the Flame Girl naturally followed Ye Feng and stayed with him.

The next few days were calm, and everyone gained a lot of benefits from searching for treasures in this ancient ruins.

On this day, everyone came to a huge iceberg area. .??.

This large area of land was strangely condensed into ice fields, and heavy snow fell from the sky, making people extremely cold.

On the endless ice fields, there are mountains and rivers of ice and snow standing. They are all very majestic. They penetrate the clouds into the sky and have a vast and majestic momentum.

At this time, everyone couldn't help but marvel.

Because it is really incredible to be able to see such a large area of ice in this ancient ruins.

"There is also an ice field and snow lake!"

Several female disciples were very curious, with eager expressions on their beautiful faces.

Ye Feng was a little curious and asked the flame girl next to him: "What happened to the Icefield Snow Lake? Why are these senior sisters so excited?"

There was a trace of weirdness on the flame girl's beautiful face, she stared at Ye Feng and said, "Do you really want to know?"

"Yes I do."

"Okay, then I'll tell you."

The delicate face of the flame girl

When he reached Ye Feng's ear, he whispered: "Because there have been rumors in the world that the Icefield Snow Lake, a strange lake naturally formed by heaven and earth, contains a kind of power of creation, which can make us girls change somewhere. You have to be even more proud, do you understand?"

Ye Feng: "..."

No wonder these senior sisters are so excited.

So that's what happened.

Wow!

Wow!

At this time, each of the Sword Sect senior sisters took out bottles and cans, as well as some space bags containing huge spaces, and began to quickly fill up the water in the ice field and snow lake.

In the blink of an eye, the entire huge ice field and snow lake was pretended to be dry by dozens of Sword Sect senior sisters.

Ye Feng asked the flame girl, "Why don't you pretend to be a little bit?"

The flame girl was stunned for a moment, then deliberately straightened her graceful figure in front of Ye Feng and said, "Do you think I need it?"

Ye Feng looked at the "double peaks" that were about to touch his body, and couldn't help but said dumbly: "It's really not necessary."

When the flame girl saw Ye Feng deflated, she immediately smiled proudly.

I have to say that Flame Girl is one of the top beauties.

A smile that captivates people.

Let's smile again and conquer the country.

"Boom!"

Suddenly at this moment, a huge roar suddenly came from the distance.

This made everyone couldn't help but look surprised.

"boom!"

And almost at that moment, an extremely holy ice-blue light column suddenly appeared in the depths of the distant glacier polar region, rising from the ground and connecting to the sky. It looked extremely magnificent and shocking.

"A divine object is born!"

Lei Wuji's eyes became excited all of a sudden, and he screamed: "Go! Go! Go grab the sacred object!" Lei Wuji looked at the astonished Ye Feng with a "you know" look in his eyes.

Chapter 209 Ice Coffin

The divine object is born!

When everyone heard what Lei Wuji said, their eyes immediately showed ecstasy.

Because although they have found a lot of good things in these ancient ruins these days.

But none of the rumored treasures have been found.

So everyone was a little unwilling, even Ye Feng felt unwilling.

After all, we have come to this ancient ruins. If we can't get any real good treasures, it would be a pity to leave like this.

So at this time, looking at the icy blue light pillar connecting the sky, and being told this by Lei Wuji, everyone was naturally very excited.

The divine object is born!

This is a very rare thing.

"Walk!"

Everyone was riding the wind and wielding swords, and regardless of the rapid consumption of true energy, they all raised their own speed to a peak.

Uh-huh!

Uh-huh!

Uh-huh!

In an instant, the figures turned into sword lights, flying across the sky towards the distant direction where the strange phenomenon appeared.

Half an hour later, when everyone arrived, they immediately saw a majestic glacier several kilometers long, cracked in the middle.

The cracked glacier actually slid out of a huge palace.

In the center of the palace, there is a huge ice coffin.

In the ice coffin, there was actually a sleeping beauty lying in a red dress.

Everyone looked through the ice coffin and could clearly see the sleeping beauty's facial features and posture.

This is a woman who can amaze the ages. She has a perfect face. In addition to extreme beauty, she also gives people a sense of grace and dignity.

But at this time, this mysterious Sleeping Beauty is frozen in a mysterious ice coffin, and it is not known whether she is dead or alive.

Lei Wuji frowned and said: "This may be a strong man from ancient times who was frozen by the world. If he is dead, then it's okay. If he is alive and just sleeping, then we may touch something involving Taboo from ancient times."

"so serious?"

Many core disciples of the Sword Sect, including Ye Feng, Jian Wushuang and others, could not help but speak out.

"Of course it's that serious."

Lei Wuji spoke out: "Back then, in the back mountain of our Sword Sect, there was a vision of heaven and earth that shocked the world. As a result, countless strong men swarmed in, only to find that an ancient demon was sleeping. Many strong men took the sleeping The ancient demon was pulled out from thousands of iron ropes, but as soon as it touched the spiritual energy of heaven and earth from the outside world, the ancient demon revived in an instant, and its demonic power was so powerful that it almost wiped out all the powerful men present at the time. In the end, Senior Long took action. Only then did we defeat the ancient demon, otherwise the entire Sword Sect would be destroyed."

"hiss!"

Everyone was a little frightened when they heard Lei Wuji talking about this past incident.

They looked at the stunning red-clothed woman sleeping in the ice coffin, and they were unwilling to believe that this kind of peerless beauty was a dangerous existence involving ancient taboos.

"Look at her hands!"

Suddenly at this moment, a Sword Sect disciple exclaimed.

"This is....."

Everyone looked at Sleeping Beauty's hand in the ice coffin.

When everyone's attention was focused, the audience suddenly gasped.

Because the hands of Sleeping Beauty, which is stunning and stunning throughout the ages, are not small white hands with flesh and blood, but two white skeleton hands, exposed outside the sleeves.

Just now, everyone's focus was on the beautiful face of Sleeping Beauty, and they did not notice her hands.

At this time, when everyone looked at the Sleeping Beauty, they finally felt a little creepy in their hearts.

It is very possible that the charming woman in the ice coffin only has a beautiful face, but her body hidden under the red dress is all skeletons and bones!

"How weird."

The flame girl frowned at this time and said to Ye Feng: "Master, let's leave. I always feel that this place is very chilling. The ice coffin, the beautiful face, the skeleton body, isn't that a red and pink skeleton? , a bit scary..."

"Pink skull?"

When everyone heard this word, even Jian Wushuang, Qin Aotian, Ye Weiyang and others felt chills. The divine object is born!

When everyone heard what Lei Wuji said, their eyes immediately showed ecstasy.

As a result, countless strong men swarmed in, only to find that an ancient demon was sleeping. Many strong men took the sleeping The ancient demon was pulled out from thousands of iron ropes, but as soon as it came into contact with the spiritual energy of heaven and earth from the outside world, the ancient demon revived in an instant. Its demonic power was so powerful that it almost wiped out all the powerful men present at the time. In the end, Senior Long took action. Only then did we defeat the ancient demon, otherwise the entire Sword Sect would be destroyed."

"hiss!"

Everyone was a little frightened when they heard Lei Wuji talk about this past incident.

They looked at the stunning red-clothed woman sleeping in the ice coffin, and they were unwilling to believe that this kind of peerless beauty was a dangerous existence involving ancient taboos.

"Look at her hands!"

Suddenly at this moment, a Sword Sect disciple exclaimed.

"This is....."

Everyone looked at Sleeping Beauty's hand in the ice coffin.

When everyone's attention was focused, the audience suddenly gasped.

Because the hands of Sleeping Beauty, which is stunning and stunning throughout the ages, are not small white hands with flesh and blood, but two white skeleton hands, exposed outside the sleeves.

Just now, everyone's focus was on the beautiful face of Sleeping Beauty, and they did not notice her hands.

At this time, when everyone looked at the Sleeping Beauty, they finally felt a little creepy in their hearts.

It is very possible that the charming woman in the ice coffin only has a beautiful face, but her body hidden under the red dress is all skeletons and bones!

"How weird."

The flame girl frowned at this time and said to Ye Feng: "Master, let's leave. I always feel that this place is very chilling. The ice coffin, the beautiful face, the skeleton body, isn't that a red and pink skeleton? , a bit scary..."

"Pink skull?"

When everyone heard this word, even Jian Wushuang, Qin Aotian, Ye Weiyang and others felt a chill.

Ye Feng remained silent and didn't say much.

Jian Wushuang and others also hesitated and wanted to leave.

"Afraid of me!"

Suddenly Lei Wuji was irritated by the silence of the crowd, and he shouted: "We are warriors, with so much energy and blood that we can suppress all evil spirits and monsters!"

"You think this ice coffin and pink skull are weird and scary, right? Then smash her!"

Lei Wuji roared loudly, releasing endless thunderous light from his whole body.

He suddenly transformed into a powerful thunder god, his fists surged with destructive thunder god light, and the lightning flashed. In the astonished eyes of everyone, he directly smashed the ice coffin with one fist.

"Crunch, crunch..."

"Crack!"

But the next moment, Lei Wuji stepped down violently, crushing the pink skeleton's stunning face.

"Look! I asked you to look again! Are you still laughing? Laughing at your sister's smile!"

Lei Wuji spat at the pink skull that was crushed under his feet, and said, "Damn it, look, there's something weird about it. I'll crush it with just one foot and it'll be over!"

At this moment, everyone in the audience was stunned and couldn't help but give Lei Wuji a thumbs up.

"Let's go in and search for treasures."

Lei Wuji said

Then, he took the lead and entered the ancient palace behind the ice coffin.

This ancient palace slid out of the glacier with the ice coffin. It must be some kind of palace from ancient times, and it may contain some huge treasure.

So at this time, everyone's eyes were extremely excited, and they rushed into the palace that slipped out of the glacier.

Ye Feng and Flame Girl also rushed over.

The moment they entered the ancient palace that looked like it was made of ice, even though everyone was a strong man at the Wuzong level, they felt as if the blood in their bodies was about to freeze.

"Is this palace made of thousands of years of ice? It's so cold!"

Some people couldn't help but complain.

"Stop talking nonsense, hurry up and find something!" Lei Wuji ordered with a roar.

"yes."

Many disciples dispersed one after another.

At this time, Shang fell into a deep sleep, making Ye Feng unable to let Shang look for the treasure.

"Buzz!"

But now Ye Feng can be regarded as a soul master. He began to try to release the power of his soul and explore the surroundings.

However, the range released by Ye Feng's soul master was too small, and he could only detect the area within a few meters around him.

But this is not bad, so every time Ye Feng passes a room or dark room, he can just stand at the door and release his soul power to explore.

There is no need to go into each room to search like others.

His efficiency suddenly improved a lot.

"There are strong energy fluctuations."
