

Ancient 2011

Chapter 2011 Yanhu Clan

This inner elixir is the inner elixir of the savage beast overlord at the tenth level of the Dao Emperor.

It contains a very strong essence of monsters.

You know, an inner elixir condenses almost 80% of the life energy of an evil beast.

Therefore, at this moment, as Ye Feng devoured it, a majestic and terrifying energy burst out in Ye Feng's body in an instant.

For Ye Feng, he is not lacking in the accumulation of energy, but what is lacking is that he can instantly get a terrifying and majestic power to break through his bottleneck instantly.

And this inner elixir just solved Ye Feng's troubles for so many days.

"Boom!!"

This was an extremely terrifying energy, which instantly broke through Ye Feng's bottleneck.

Ye Feng's skill and cultivation level suddenly evolved tremendously.

"boom!"

Ye Feng's body immediately burst out with a new and powerful martial arts aura.

That terrifying momentum spread in all directions at this time, causing the entire caravan of several hundred people to become unstable and shake violently.

"what happened?"

Everyone in the Thunder Chamber of Commerce could not help but look horrified at this moment.

Chairman Zhao Wuji also had a look of horror in his eyes. He sensed the aura erupting from Ye Feng. It was the third level of the Tao Realm and the powerful cultivation level of the Tao Emperor.

"This young man suddenly made a breakthrough to become a Dao Emperor?"

Zhao Wuji was shocked in his heart.

But the next moment, he immediately said to the entire caravan: "Don't panic, everyone, it's brother Ye Feng who has made a breakthrough in cultivation. We don't need to worry about it and continue to move forward steadily."

And this time.

In a luxurious carriage.

Ye Feng's eyes showed joy.

Because with the help of that inner elixir, he finally broke through the bottleneck of half-step emperor that had troubled him for many days in an instant.

Moreover, when he broke through to the first level of Dao Emperor, the inner elixir still had nearly a quarter of the energy left, allowing Ye Feng's skill to continue to grow.

At this time, Ye Feng's cultivation has broken through to the third level of the Tao Realm, the Tao Emperor's Second Heaven!

His combat power also increased a lot all of a sudden.

At this moment, Ye Feng's cultivation level has reached the level of Dao Emperor, which is almost comparable to that of the Phoenix Human Emperor in the wilderness.

At this time, Ye Feng was very satisfied with his breakthrough.

I have to say that it was pretty good to meet the Thunder Chamber of Commerce from Tianxia City this time.

At least Ye Feng could get such a precious inner elixir, and he could also follow this chamber of commerce and walk directly out of the wild jungle.

To be honest, Ye Feng was walking in the wild jungle these days and almost got lost.

Now, if you follow this group of caravans, you can not only live in a luxurious carriage and have a good rest, but you will not get lost. You can follow the entire chamber of commerce team to get out of this wild jungle.

In the afternoon of this day, Ye Feng walked out of his luxury carriage.

At this time, Ye Feng rode on a wild dragon blood horse and came to the side of Zhao Wuji, the president of the Thunder Chamber of Commerce.

Zhao Wuji looked at Ye Feng at this time, smiled and said: "Brother Ye Feng, don't be anxious, it is estimated that there are still a few days of journey before we can completely get out of this vast and endless wild jungle and arrive at Qingtian Domain Tianxia City."

Ye Feng nodded and said aloud: "This time, I would like to thank President Zhao for being so generous and directly giving me an inner elixir of the Tao Emperor's tenth level."

Zhao Wuji laughed loudly and said boldly: "Brother Ye Feng was able to rescue our entire Thunder Chamber of Commerce without fear of danger. This is what we should do. By the way, did little brother Ye Feng break through to the realm of Dao Emperor before? ? The momentum was so terrifying that our entire caravan was startled, thinking that some terrifying monster had jumped out of the wild jungle. "

Ye Feng laughed and said: "I have indeed made a breakthrough, and now I have reached the second level of the Dao Emperor."

"Dao Emperor Second Heaven?"

"hiss!"

Zhao Wuji couldn't help but sucked in a breath of cold air, then his eyes were filled with shock, and he said with a bitter smile: "You really can't compare with others. My son is probably about the same age as little brother Ye Feng, and he is still banned.

Wandering in the realm of gods. "

Ye Feng smiled and didn't say much.

After all, there is no comparison.

Zhao Wuji's son was just a young man from a small city on the edge of the Qingtian Territory.

As for Ye Feng, after many layers of selection, he stood out from the Ascension God Sect and was going to the Blue Sky Holy Land as a top genius.

At this moment, seeing that Ye Feng was silent, Zhao Wuji quickly changed the topic and said: "With the current cultivation level of little brother Ye Feng, if we reach Tianxia City, let alone the younger generation, there will be many elders who are strong. He is no match for little brother Ye Feng."??

Ye Feng nodded and said aloud: "I came to Tianxia City just to get some elixirs that can increase my cultivation and foundation. I don't want to get involved in any struggle."

Ye Feng heard the hidden meaning of what Zhao Wuji said at this time, and he probably wanted to cooperate with Ye Feng to stir up trouble in Tianxia City.

But Ye Feng is not very interested in this. He will not stay in a fringe city like Tianxia City for too long. He may leave soon and go to Qingtian Holy Land.

Zhao Wuji heard what Ye Feng said at this time and knew what Ye Feng meant, so he didn't say anything more. After laughing, he began to discuss various situations and news about Qingtian Territory with Ye Feng.

Uh-huh!

Uh-huh!

Uh-huh!

Just in the afternoon of this day, when the entire caravan passed through an area, suddenly extremely sharp arrows were shot out from the surrounding jungle.

"There's an ambush!"

The entire Thunder Chamber of Commerce immediately began to boil. Each member raised the black iron shield in his hand and began to resist the arrows.

However, these arrows are not very harmful, they are just a distraction.

At this time, Zhao Wuji said with some confusion: "In this inaccessible and wild jungle, how could there be such an ambush with arrows forged by the human race?"

Ye Feng, who was standing beside him, was turning his Divine Eyes of Creation and looked towards the jungle ahead.

Found a large group of tiger-headed humans wearing fiery red armor.

The figure was standing deep in the jungle hidden by countless trees, not knowing what he was doing.

Ye Feng immediately spoke up and said: "I passed through the layers of jungle cover and saw many figures with tiger heads and human bodies. They were all wearing fiery red armor."

When Zhao Wuji heard what Ye Feng said, his eyes showed a hint of surprise: "The tiger-headed figure wearing fiery red armor seems to be the Yanhu tribe, which is a quite powerful alien tribe near our Qingtian Territory. But their place of residence is not in this wild jungle, but in a Valley of

Fire not far from Tiandi City. What are they doing here? And they have set up traps, as if to interfere with us and prevent us from moving forward. ”

Just when Zhao Wuji and Ye Feng were talking.

Boom!

Suddenly the jungle in front was split open by a powerful force.

A young man from the Yanhu tribe wearing a fiery red robe, surrounded by more than a dozen experts from the Yanhu tribe, slowly walked out of the jungle ahead.

This young man from the Yanhu tribe immediately stared at Zhao Wuji's entire caravan and said coldly: "It turns out to be a group of human caravans. Get out of here and take a detour from other places. No passing is allowed in front!"

This young man from the Yanhu clan has a very powerful cultivation level, and he is actually a powerful being at the third level of the Dao Realm, the Dao Emperor, Sixth Heaven.

It has to be said that the Qingtian Domain is a large domain, and the alien races living here are much stronger than the alien races near small domains like the Desolate Domain.

At this time, Zhao Wuji looked at the young man from the Yanhu tribe. Not wanting to cause trouble, he immediately said, "Okay, let's take a detour."

Ye Feng didn't have any objections to this. After all, he didn't want to form enmity with such a powerful alien race now.

But at this moment, the young man from the Yanhu tribe saw Zhao Wuji's weak performance. He felt that Zhao Wuji was easy to bully, and suddenly a sarcastic smile appeared on his face, and he said loudly: "You human caravans, the team There must be a lot of good stuff in the consigned goods. How about leaving half of the goods and letting you leave completely? "

"you.....!"

Hearing this young man from the Yanhu tribe suddenly say this, Zhao Wuji immediately showed deep anger on his face.

Chapter 2012 Massacre

At this time, what this young man from the Yanhu tribe said was very arrogant. He obviously thought that the other person was from the human race, so he started to bully him.

After all, the human race is a weak race in the Qingtian Domain.

Although many strong people from the human race are working hard to change this situation, currently, the human race is a weak race in the eyes of many powerful alien races.

At this moment, Zhao Wuji had deep anger on his face.

He had already compromised and was ready to take a detour, but he didn't expect that the other party asked him to keep half of the goods.

This is simply outrageous to the extreme.

"It's too much!"

All members of the Thunder Chamber of Commerce felt deeply ashamed at this moment.

An extremely powerful aura suddenly burst out from the young man of the Yanhu tribe.

"Boom!"

Like a vast sea, it suddenly erupted from his body, directly suppressing hundreds of people in the entire chamber of commerce and almost fell to the ground.

The young man from the Yanhu tribe laughed loudly and said loudly: "It's you weak humans that I bully! What can you do to me?"

Obviously, in the eyes of this young man from the Yanhu tribe, the human race is a race that he can bully and humiliate at will, which gives him a sense of superiority.

I have to say that although this young man from the Yanhu clan is very arrogant, his cultivation is indeed very powerful.

The terrifying coercion of the Dao Emperor's Sixth Heaven made everyone in the Thunder Chamber of Commerce feel a deep depression and a death threat.

Even Zhao Wuji, the president of the Thunder Chamber of Commerce, is just a Taoist king and is no match for this young man from the Yanhu tribe. Zhao Wuji's eyes were extremely ugly at this moment.

"boom!"

But suddenly at this moment, Ye Feng suddenly burst out with an extremely powerful momentum.

That violent momentum instantly shattered the pressure on the young man from the Yanhu tribe.

"call!"

Everyone in the Thunder Chamber of Commerce suddenly

He just couldn't help but let out a sigh of relief and felt the pressure on his body disappear.

"Um?"

At this time, the young man from the Yanhu tribe suddenly stared at Ye Feng with his scarlet eyes, and said with a cold smile: "I didn't expect that there is such a person in your small team. The young Dao Emperor, but it's a pity that he is only the second level Dao Emperor, which is not enough in front of me."

At this time, this young man from the Yanhu clan said that he suddenly took out a golden spur from his storage ring.

"boom!"

The young man from the Yanhu clan held a golden spur in his hand, and without even saying hello, he just slashed towards Ye Feng.

Obviously, in the eyes of this alien race, human life is of no importance at all. He can kill at any time as long as he wants to.

"Today I want to let you know that we humans are not easy to bully."

Ye Feng suddenly spoke coldly, with a cold murderous intent in his tone.

"boom!"

Ye Feng stretched out a hand and grabbed the golden halberd that was attacking.

Seeing this scene, a group of other experts from the Yanhu Clan couldn't help but burst into sarcastic laughter.

"Is there something wrong with this human boy's brain? He actually dares to pick up our young master's golden spur with his hands?"

"That is an extremely powerful magic weapon! It can split mountains and rivers! It was specially refined by our family master for the young master!"

"I guess this human kid will be split in half in an instant and die on the spot!"

...

At this moment, a group of experts from the Yanhu Clan couldn't help but laugh out loud.

"Idiot!"

At this time, seeing Ye Feng trying to catch his golden spur with his bare hands, the young man from the Yanhu clan, a young man from a certain Yanhu clan family,

Lord, I couldn't help but sneer at this moment.

"when!"

But at the next moment, a harsh metal collision suddenly sounded.

Ye Feng's palm unexpectedly grabbed the golden halberd without any damage at all. The sharp blade of the golden halberd did not even scratch the skin on the surface of Ye Feng's palm.

"What?!"

Everyone who saw this scene immediately widened their eyes. .??.

The group of Yanhu clan masters who had been laughing at Ye Feng just now suddenly had stiff smiles on their faces.

"How can this be?"

At this time, the young man from the Yanhu tribe who was holding the golden spur suddenly widened his eyes and almost lost his eyeballs in shock.

He was very aware of the terrifying destructive power of his golden halberd.

But in the end, he never expected that the hand of the young human boy opposite him was like a unicorn arm, extremely strong and extremely powerful.

Because at this time, the young man from the Yanhu tribe discovered that his golden spur was grabbed by Ye Feng with one hand and could not move at all.

"Who is this human boy?"

The young man from the Yanhu tribe subconsciously felt that he had offended the wrong person.

But he, who was so proud of himself, not only did not flinch at this moment, but instead shouted loudly: "The flaming tiger roars in the sky!"

Boom! !

Suddenly, this young man from the Yanhu tribe turned into a huge flaming tiger, turned into his own body, and rushed towards Ye Feng.

"Die!"

Ye Feng's eyes were cold and he took out his fifty-meter-long steel sword directly from the storage ring, and instantly slashed at the flaming tiger in front of him.

"boom!"

"Pfft!!"

The flaming tiger that rushed over, the entire huge tiger body

, was cut in half by a steel sword more than fifty meters long, blood spattered, and he died instantly.

"Little Lord!!"

When the dozen or so Yanhu tribe masters behind them saw this scene, their eyes were immediately split open.

"You little bastard of the human race! How dare you kill our young master! You will die today!!"

The dozen or so masters of the Yanhu Clan are all powerful beings from the seventh or even eighth heaven of the Dao Emperor.

They all burst out with terrifying momentum and attacked Ye Feng crazily.

Facing the terrifying offensive of those dozen strong men, Ye Feng grinned and said without any fear: "Since you want to come and die, then I will help you and go on a killing spree today!"

Dzogchen future body!

Almost at this moment, Ye Feng directly called out the future body of Dzogchen, possessing the powerful cultivation level of Tao Emperor, the third level of Dao Realm, Tenth Heavenly Dzogchen!

"What?"

"This is the aura of perfect cultivation at the tenth level of the Dao Emperor Realm!"

"No! This human boy has incredible secret skills!"

...

At this moment, more than a dozen experts from the Yanhu Clan immediately retreated.

"It's too late to leave now!"

Ye Feng and the Dzogchen future body merged into one. In a short period of time, he instantly possessed the Dzogchen cultivation level of the tenth level of the Dao Emperor Realm!

The reincarnation power of the heavens!

At this moment, Ye Feng, with his cultivation at the tenth level of the Dao Emperor Realm, unleashed this set of secret techniques to control the sect of the Feathered God Sect.

"Rumble..."

Suddenly, in front of him, under the entire sky, an extremely vast whirlpool of reincarnation appeared, and more than a dozen masters of the Yanhu clan were drawn into it.

"ah....."

Suddenly a series of screams sounded.

At this time, the bodies of more than a dozen experts from the Yanhu Clan were being quickly divided, shattered, and disintegrated in the whirlpool of reincarnation.

Chapter 2013 Quiet Canyon

"ah....."

Accompanied by screams, more than a dozen experts from the Yanhu clan were all shattered by the whirlpool of reincarnation and turned into blood mist and fragments.

"Too strong!"

At this moment, everyone in the chamber of commerce team behind them looked at the scene in front of them with extremely shocked expressions.

"He is worthy of being a peerless genius who wants to enter the Holy Land of Blue Sky. As expected, his methods and strength are extremely powerful."

At this time, even Zhao Wuji, the president of the Chamber of Commerce, couldn't help but praise him.

At this moment, Ye Feng looked at the killed dozens of Yanhu clan masters and the young man from the Yanhu clan, and immediately released the Devouring Domain without any hesitation.

"Boom!"

Suddenly, a large area of darkness directly covered the blood and corpses of more than a dozen strong Yanhu clan men in front.

"Crash..."

Suddenly, a large amount of majestic energy was swallowed up directly, and then injected into Ye Feng's body, quickly increasing his power.

At this moment, Ye Feng's cultivation level once again made a rapid breakthrough.

Waves of powerful martial arts aura continued to erupt from his body.

"boom!"

Tao Emperor Third Heaven!

"boom!"

Dao Emperor Fourth Heaven!

"boom!"

Dao Emperor Fifth Heaven! !

At this time, Ye Feng let out a long breath. Unexpectedly, this time he suddenly broke through the third level of heaven, directly from the second level of Dao Emperor, to the fifth level of Dao Emperor in a short period of time.

At this moment, Ye Feng could feel that with the improvement of his cultivation level, his whole body's strength was boiling rapidly, and his combat power was getting stronger and stronger.

But at this time, Ye Feng's face didn't show much joy of breakthrough.

Instead, his eyes were a little downcast at this time.

Because of what happened just now, Ye Feng felt secretly depressed and angry.

It seems that the human race is synonymous with weakness in the eyes of many alien races. Whenever many alien races encounter the human race, they will have a natural sense of contempt. Even if the human race does not provoke them, those alien races will take the initiative to bully the human race.

This made Ye Feng feel depressed and angry at this moment.

At this time, Zhao Wuji came over from not far away and said respectfully: "Congratulations to Brother Ye Feng for another breakthrough!"

But at this time, Zhao Wuji suddenly noticed the gloomy look on Ye Feng's face.

He didn't know what happened, and asked with some surprise: "Brother Ye Feng, what's wrong with you? Aren't you happy about killing these powerful aliens?"

Ye Feng turned slightly at this time, looked at Zhao Wuji beside him, and said loudly: "President Zhao, in the Qingtian Territory, our human race is a weak existence, and any foreign race we encounter will be bullied. ?"

When Zhao Wuji heard what Ye Feng said, he immediately understood why Ye Feng was a little depressed.

The smile on Zhao Wuji's face disappeared at this time, and his expression showed a trace of gloominess, and he said aloud: "Brother Ye Feng may have just come out of the human race territory, so he doesn't know much about the situation outside, even if it is as small as the Qingtian Domain In a large place, many powerful races coexist, and our human race is indeed a weak race among them. Many powerful alien races encounter our human race, and almost all of them have a natural sense of superiority and look down upon our human race. I think it is a weak race. If our human race didn't have some top-notch strong men outside to intimidate us, maybe our human race would have been mercilessly slaughtered as soon as we left the human race territory, and even the human race territory would have been destroyed. Therefore, among our human race The truly powerful one is not the Human Emperor, but

They are the top human race warriors who are wandering around. "

When Ye Feng heard what Zhao Wuji said, he nodded slightly and said nothing more.

But his heart was filled with a kind of anger.

Ye Feng's eyes suddenly revealed a look of determination.

"One day, I want to make the entire human race glorious. I want all the alien races to encounter our human race and no longer feel contempt in their hearts, but subconscious awe!"

Ye Feng was thinking secretly in his heart at this time and made a huge ambition for himself.

At this moment, Zhao Wuji suddenly spoke up: "Brother Ye Feng, don't you think it's a little strange? Why in such an inaccessible and wild jungle, such a member of a big family of the Yanhu tribe suddenly appeared? The young master and the master will not allow us to take the road in front of us."

Ye Feng nodded slightly, his eyes flashed, and he said aloud: "I guess there must be some secret at the end of this road, so I asked this young master of a big family of the Yanhu Clan to bring a dozen powerful masters, guard here and don't let other people get close."

Zhao Wuji immediately showed a hint of excitement in his eyes and said loudly: "For this group of Yanhu clan masters to be so vigilant, it seems that there is a lot of secrets at the end of this road, which may be a very precious opportunity. good fortune."

When Ye Feng heard what Zhao Wuji said, he couldn't help but reveal a smile on his face and said, "Is President Zhao excited?"

Zhao Wuji chuckled and said, "Brother Ye Feng must be excited too."

Ye Feng nodded, looked at the end of the road, and said loudly: "Let your Chamber of Commerce team settle down here first, and our two strongest people will go to the front to see what is going on."

Zhao Wuji said aloud: "Okay, that's my plan too."

At this time, Zhao Wuji looked at the housekeeper behind him and issued an order: "

You lead the entire caravan to set up camp here first, and find a secluded place around here where you can hide your traces. You must take safety precautions. "

The butler immediately said respectfully: "Yes, Mr. President!"

After finishing speaking, the housekeeper led a group of leading warriors and began to order the entire caravan to find a relatively private place to set up camp temporarily.

At this time, Zhao Wuji looked at Ye Feng, as if he couldn't wait any longer, and said, "Then let's go to the front to explore."

Ye Feng nodded and lurked towards the jungle ahead with Zhao Wuji.

Their speed was very fast, and in the blink of an eye they passed through more than ten kilometers of jungle and arrived at a very quiet canyon area.

"Crash!"

The canyon here is very quiet, with waterfalls falling from the sky in the distance, green vegetation, chirping insects and birds, it feels like a paradise.

"I didn't expect that there would be such a quiet canyon in the wild and dangerous jungle." Zhao Wuji couldn't help but said.

"Look there!"

At this time, Ye Feng pointed in a certain direction of the canyon and said loudly: "That's the Yanhu tribe!"

Zhao Wuji looked in the direction Ye Feng pointed at this time, and his eyes were suddenly startled.

In the field of vision of the two of them, at the bottom of the extremely quiet canyon ahead, there was a large group of experts from the Yanhu tribe, knocking on the surrounding rock walls, as if they were looking for some hidden mechanism.

At this time, the leader of this group of Yanhu Clan was a middle-aged man wearing a purple robe.

The cultivation aura of this middle-aged man from the Yanhu Clan has impressively surpassed that of the third-level Tao Emperor, and he is a super strong man at the fourth-level Taoist level in the Tao Realm!

That kind of powerful aura made Ye Feng a little afraid at this time.

Chapter 2014 Ice Kirin

At this moment, the two people who were observing secretly had a hint of fear in their eyes.

Both Zhao Wuji and Ye Feng knew that the group of powerful Yanhu clan men below were not easy to mess with.

The group of Yanhu clan that blocked their way before should be the same group as the group at the bottom of the canyon.

Zhao Wuji's eyes flickered as he looked at Ye Feng and couldn't help but said: "Brother Ye Feng, these strong men from the Yanhu Clan are not easy to mess with. How about we withdraw?"

Ye Feng thought for a while and said: "I know you are worried that your caravan will be affected. Let's do this. You go back and take your caravan out of this area first. I will check the situation here first. If that doesn't work, I'll go back and join you. If I can take the risk, it's easier for me to do it alone."

When Zhao Wuji heard what Ye Feng said, he immediately nodded and said, "Thank you, Brother Ye Feng, for your understanding. I'll withdraw first."

After Zhao Wuji finished speaking, he left the place and moved toward the rear.

Ye Feng did not blame Zhao Wuji for running away, because he knew that Zhao Wuji was different from a lonely man like himself.

Ye Feng is just a lonely man, nothing can threaten his existence.

But Zhao Wuji is different. Zhao Wuji has a caravan of several hundred people. If he takes action rashly, he may indeed implicate the owners of the nearby caravan.

Therefore, Ye Feng has met many people since he started practicing cultivation, but Ye Feng knows that most of these people are just passers-by in his life.

Perhaps when one day I can really reach the pinnacle of martial arts and become the supreme master, I am afraid that I will be able to truly stabilize and no longer be so wandering.

But thinking of his father who was in a state of chaos, and his mother who was forcibly taken back by the Chaos God Clan, Ye Feng felt unwilling in his heart.

He didn't want this feeling of unwillingness and powerlessness, so he had to pursue the long road to the peak of martial arts alone!

Just when Ye Feng was thinking.

suddenly bottom

There was a roar in the canyon.

"Click, click..."

An expert from the Yanhu Clan seems to have really found the mechanism.

At this time, a stone wall at the bottom of the canyon began to split on both sides, and an extremely deep and dark passage appeared in the middle, which seemed to be connected to a mysterious place deep in the mountains.

"Get in quickly!"

Among the group of Yanhu masters below, the most powerful one, a middle-aged man in purple robe and a third-level Taoist at the fourth level of the Tao Realm, immediately spoke out with excitement in his eyes.

Wow!

Wow!

It was a group of strong men from the Yanhu tribe who walked into the dark stone wall passage.

The canyon below was once again silent.

At this time, Ye Feng's eyes flashed slightly, and after thinking for a moment, he decided to follow him.

Uh-huh!

Ye Feng jumped directly into the canyon from high altitude.

Then he gathered all his breath and walked into the pitch-black valley passage.

Soon, Ye Feng came to the end.

The next moment he saw, a group of masters from the Yanhu Clan were besieging a Qilin that was exuding the aura of ice!

This unicorn evil beast is very huge, its whole body exudes cold ice air, its scales are like pieces of blue ice crystals, and it looks very magical.

"It seems like an ancient ice unicorn living deep in the mountains."

Ye Feng murmured.

At this time, he did not take action rashly, but hid in a dark corner, waiting for the best time.

At this moment, Ye Feng observed that this group of strong men from the Yanhu clan were besieging the ferocious ice unicorn, mainly because of the orb that the ice unicorn was guarding that exuded ice-blue divine light.

"It seems to be the Ice Pearl."

Emperor Chu's voice came from the storage ring at this time: "This should be a very ancient creature with ice attributes. The ice beads left behind after its death should be very precious."

Ye Feng nodded and whispered: "I can feel a very terrifying energy from the Ice Yuan Pearl, as if there is a long river of ice contained in it. It seems that the Yanhu Clan has come here. , just to find this Ice Pearl, I don't know where they got the news. They can find such an exact location in such deep mountains and wilderness. But this time I was lucky and happened to meet it. Then I You have to find a way to plunder it."

Facing these alien races who had extreme contempt for the human race, Ye Feng's heart was naturally full of hostility.

After all, Ye Feng's great ambition is that the human race can stand up and become a glorious race on the land of the gods.

This is the grand wish born in Ye Feng's heart after seeing the human race being bullied by various foreign races.

If Ye Feng practiced hard before to control his own destiny and save his husband and mother.

So now he has another ideal, which is more noble and grand, and that is to lead the entire human race to glory!

...

At this moment.

"Boom!"

"Boom!"

The attacks from the strong men of the Yanhu Clan all turned into waves of destructive light, falling on the ice unicorn.

But this ice unicorn is very powerful.

Even in the face of attacks from dozens of strong men from the Yanhu tribe, he is still standing strong until now, and he did not even suffer any serious injuries on his body.

br

"let me!"

Suddenly at this time, the most powerful middle-aged man in purple robes in the Yanhu clan suddenly roared.

"Boom!"

The powerful power of the fourth level Taoist level suddenly burst out from his body.

"The flame dragon roars!"

The middle-aged man in purple robe displayed a powerful inheritance from the Yanhu clan.

Boom!

An extremely bright light of fire suddenly erupted from his body, condensing directly in the sky to form a dragon of fire, full of unparalleled momentum, and it is also a fire attribute that has a strong restraint effect on the ice attribute. attack.

"Boom!!"

Almost at the next moment, this dragon of fire immediately charged down crazily, directly bombarding the ice unicorn.

"howl!"

Accompanied by a shrill howl, the ice unicorn's belly was shattered by the attack, and it fell to the ground whiningly.

"Hmph! An evil beast dares to fight against us. He really doesn't know how to live or die!"

The purple-robed middle-aged man who led the Yanhu clan smiled coldly, and then led dozens of Yanhu clan masters and walked towards the Ice Yuan Pearl in an instant.

But I remember when they just approached the Ice Pearl.

Suddenly, a fierce light suddenly appeared in the huge eyes of the dying ice unicorn.

"Boom!!"

This ice unicorn unexpectedly exploded at the last moment when the group of Flame Tiger Clan masters were approaching!

"Boom!"

Suddenly, a terrifying roar sounded throughout the depths of the mountain.

Each and every strong man from the Yanhu Clan was involved in this final self-destruction whirlpool.

Chapter 2015 Lots of luck

"Boom!"

A terrifying roar suddenly exploded in the space inside the entire mountain.

It was an extremely terrifying ice storm, full of destructiveness and freezing properties.

It lasted for half an hour.

Wait until the aftermath of the explosion dissipates.

On the entire field, all the strong men of the Yanhu tribe were blown into ice crystal fragments.

The ice unicorn also exploded and shattered.

"Ahem!"

But at this time, along with a cough, a tall figure stood up from the center of the explosion.

This figure is none other than the middle-aged man in purple robe who led the team from the Yanhu tribe before.

This middle-aged man in purple robe possesses the powerful cultivation level of the third level of Taoism, the fourth level of the Tao Realm.

Therefore, despite the self-destruction of the Ice Kirin, he was still not killed and survived.

But at this time, the middle-aged man in purple robe had also been seriously injured by the explosion and was dying.

He struggled to stand up, with an extremely gloomy look on his face.

Obviously, this middle-aged man in purple robe never thought that the ice unicorn was still planning on their group of intruders when he was dying, and directly blew himself up to kill them all.

"Fortunately, my cultivation is strong enough to withstand the aftermath of the final explosion."

The middle-aged man in purple robe felt extremely lucky that he had saved his life.

At this time, his eyes were fixed on the Ice Yuan Pearl not far away that was emitting ice blue light.

"These wonders of heaven and earth are mine."

The man in purple robe immediately walked over and wanted to take it directly in his hand.

"Uh-huh!"

But suddenly at this moment, a young man in white clothes stood beside the Ice Yuan Pearl one step ahead of him. Under the incredible gaze of the middle-aged man in purple robe, he gave the Ice Yuan Pearl to Take it in your hand.

The young man dressed in white is naturally already

Ye Feng has been lurking for a long time.

Ye Feng originally thought there was no chance, but he didn't expect the ice unicorn to explode at the last moment.

This allowed Ye Feng to obtain the Ice Yuan Pearl without any effort. It can be said that he was extremely lucky.

The purple-robed middle-aged man from the Yanhu tribe saw this scene and a young human tribe suddenly appeared. He immediately said in a somewhat unbelievable voice: "This is a very secret place! And there are people with my son outside. With the masters of the Yanhu Clan guarding him, how could he suddenly break into such a human race?"

When Ye Feng heard what the man in purple robe said, he immediately smiled coldly and said: "Nothing should have happened originally, but it's a pity that your son is so arrogant that he actually wants to plunder the human body." Wealth, so I killed him in anger, and then I came here."

"What?!"

When the middle-aged man in purple robe heard what Ye Feng said, he immediately showed deep shock and anger on his face.

He immediately yelled and said, "I'm going to kill you, you damn human boy!!"

Ye Feng slapped him directly.

"Boom!"

An extremely terrifying force instantly slapped the middle-aged man in purple robe away.

The middle-aged man in purple robe hit the stone wall of the mountain not far away, spitting out a mouthful of blood and fell to the ground hard.

He doesn't have any strength to fight Ye Feng now.

Because the middle-aged man in purple robe had been seriously injured in the ice unicorn's self-destruction just now and was on the verge of death.

When he was seriously injured, even a super strong man at the level of Taoist Master would still be crushed by Ye Feng at will.

Ye Feng stared coldly at this purple-robed middle-aged man from the Yanhu tribe and said loudly: "People who are not from my tribe must have different minds. If you want to blame it, blame your dandy son for not growing up."

Eyes caught on me. "

After the words fell, Ye Feng stretched out one foot and stepped forward.

"Pfft!"

The head of the purple-robed middle-aged man from the Yanhu tribe was crushed to pieces in an instant.

The head of the Yanhu clan died instantly.

"Swallow!"

Next, Ye Feng didn't hesitate at all, and directly released the Devouring Domain and began to devour all the blood and energy around him.

Most of the dozens of other experts from the Yanhu Clan are just Taoist beings, and are of little use to Ye Feng. They are just a drop in the bucket.

What had the greatest impact on Ye Feng was the remaining blood energy of the self-destructed ice unicorn, and the middle-aged man in purple robes who had just died, the Taoist Master of the Yanhu Tribe.

"Rumble..."

A huge amount of energy was immediately injected into Ye Feng's body.

Ye Feng's cultivation skills at this moment are rapidly growing.

"boom!"

The third level of Dao Emperor Sixth Heaven!

"boom!"

The third level of Dao Emperor Seventh Heaven!

"boom!"

The third level of Dao Emperor Eighth Heaven!

At this time, Ye Feng's cultivation momentum stopped breaking through.

I have to say that the progress of Devour this time is quite big.

At this time, Ye Feng looked at the Ice Yuan Pearl in his hand. It contained ice energy, which could not make a big breakthrough in his own skill.

Emperor Chu spoke out in the storage ring at this time: "This Ice Yuan Pearl is a kind of heaven and earth soldier essence. It has a huge effect on me and can restore my strength."

Ye Feng nodded and threw the Ice Yuan Pearl into his storage ring.

Emperor Chu immediately began to absorb the ice energy essence from this ice yuan bead.

At this time, Ye Feng took a look around and found that there were no other treasures. He left here and returned to the wild jungle above the canyon.

Soon, under Ye Feng's soul exploration, he and Zhao Wuji, the president of the Thunder Chamber of Commerce, met again.

Zhao Wuji was very curious and couldn't help but said: "Brother Ye Feng, have you succeeded?"

Ye Feng nodded slightly, smiled and said, "All those strong men from the Yanhu Clan have been destroyed by me."

Zao Wuji immediately laughed excitedly: "That's great!"

Then the whole team started to move on.

With the guidance of the entire caravan, Ye Feng quickly followed the caravan out of the wild jungle and truly entered the scope of the Qingtian Territory.

The moment he entered the Qingtian Domain, Ye Feng could feel that the spiritual energy and vitality between the heaven and the earth were much stronger.

Obviously, the seven major domains where the human race is located are all relatively remote small domains, which can be said to be remote areas, so no powerful race pays attention to them because there is no value at all.

The truly strong people, the truly powerful races, all live in the great domain.

Although the Blue Sky Domain is not the largest domain in the God Realm, it is still a slightly larger domain. There are many powerful races living in it. The human race is not the protagonist, or even just a vassal-like existence.

Ye Feng followed Zhao Wuji to Tianxia City, a small city on the edge of Qingtian Territory.

However, Ye Feng had told Zhao Wuji before that he was not interested in the power struggle in this city, so Zhao Wuji did not disturb Ye Feng again.

After Ye Feng rested for a few days in Tianxia City, he started on the road, heading towards the Qingtian Holy Land, the center of the Qingtian Territory.

Now Ye Feng encountered many alien races in the wild jungle who had a contemptuous attitude towards the human race.

He has an increasing desire to become stronger quickly.

At that time, no matter which alien race dares to bully the human race, he will fight back with a pair of iron fists until all the alien races are convinced!

Chapter 2016 Recommendation Token

Ye Feng was very fast. This time he did not waste any more time. In less than half a month, he had arrived at the location of Qingtian Holy Land.

At this time, Ye Feng was standing at the foot of a huge mountain.

A huge towering building is standing in the sky above this mountain, floating in the sky, exuding a heavy and vast pressure, surrounded by wisps of colorful divine light, and there are all kinds of rare treasures among the clouds and mist. Beasts are leaping around, such as the unicorn burning with

flames, the crane emitting divine light, the cyan dragon, etc. It looks like they have arrived at an ancient mythical palace.

A huge stone tablet was inserted upside down at the foot of the mountain, with four vast and confused characters written on it: Holy Land of Blue Sky!

"This is the Holy Land of Qingtian."

Ye Feng looked at the huge stone tablet and took a deep breath.

Coming here means that you are about to enter a new world.

Because there are not only human cultivators in the Blue Sky Holy Land, the human race is only a very weak race among them, and there are many extremely powerful alien races in it.

Ye Feng knows very well that when he worships the Qingtian Holy Land and becomes its disciple, then what he will face will be all the races in the entire God Realm!

From now on, it will no longer be a small fight within the human race, but a competition with the entire world and all races, and competition with countless powerful alien races.

Ye Feng suddenly had many thoughts.

"Don't get close to the rest of the crowd!"

Suddenly at this moment, a young man wearing white armor walked over from not far away, staring at Ye Feng with a hint of impatience in his eyes.

This young man has a third eye between his eyebrows and a dark tail on his back. He doesn't know what race he is, but he seems to be a three-eyed cat.

The aura of cultivation on his body is impressively that of a Taoist level being at the fourth level of the Tao Realm.

This young man from the three-eyed cat tribe is a gatekeeper of Qingtian Holy Land.

He walked up to Ye Feng at this time, as if he wanted to expel Ye Feng, a stranger.

Ye Feng stared at this young man from the Sanye Cat Clan at this time, and was secretly shocked in his heart. Sure enough, the Blue Sky Holy Land was a super power with countless powerful races.

Even a guard guarding the door has a level of cultivation at the level of a Taoist.

Originally, Ye Feng thought that with his current cultivation level of the Eighth Heavenly Dao Emperor, he might be able to directly become an inner disciple or core disciple when he came to the Blue Sky Holy Land.

But what I never expected was that the general combat power of the Blue Sky Holy Land, the super overlord force in the Blue Sky Territory, was so high.

Ye Feng immediately restrained his pride at this time.

Perhaps these abilities of my own are very powerful in the human race's territory.

But when you come to such a large area where the God Realm is truly prosperous, you may only have ordinary cultivation.

However, as the Qingtian Holy Land is the most powerful overlord force in the Qingtian Domain, the practitioners who can enter it are naturally very extraordinary.

This does not mean that the entire Qingtian Domain is so powerful.

It's just that the Blue Sky Holy Land happens to include all the top existences in the Blue Sky Domain.

"Boy, why are you still standing there? Didn't you hear me say that no one can get close to me?"

Seeing Ye Feng standing there, he was stunned.

, the young male guard of the three-eyed cat tribe couldn't help but remind him immediately.

Ye Feng seemed to have reacted. He took out the identity token from his storage ring and said loudly: "This senior brother, I am the disciple recommended by the Supreme Master of the Feathered God Sect in the Wilderness."

No matter which of the seven realms of the human race, there have been amazing figures who came out of the human race territory and entered a large domain like the Blue Sky Domain. They became famous and famous, and some of them became a party in the Blue Sky Domain. Some of the princes became commanders of a party, while others entered the Qingtian Holy Land and became powerful figures in the Holy Land.

Therefore, several overlord forces in the human territory, including the Yuhua Shenmen, have some rights to recommend their talents to enter the Qingtian Holy Land.

In layman's terms, this kind of recommended disciple is to build relationships and enter the Qingtian Holy Land through the back door.

"It turned out to be someone who used the back door."

The young man from the three-eyed cat tribe saw the recommendation token in Ye Feng's hand, muttered something, and then said: "Okay, I will take you into the Blue Sky Holy Land, but with your current weak cultivation, you can only take it first. You are arranged to be in the outer sect. Do you know any elders of the same clan in Qingtian Holy Land?"

Ye Feng shook his head and said, "I don't know anyone."

The young male guard heard what Ye Feng said and said aloud: "If you don't have any elders of the same clan in our Qingtian Holy Land, then you will have this recommendation token. You will also need to pass some simple entry tests before you can There is no way to become an outer disciple of our Qingtian Holy Land. I hope you can understand. After all, you have no backing."

When Ye Feng heard what the guard said, his eyes showed a look of surprise. It seemed that the relationship network was very important in a super power like Qingtian Holy Land.

However, he really didn't have any backing. It probably took a lot of effort for the Supreme Headmaster and Senior Taixu to get a recommendation token for themselves, which allowed them to quickly enter the Blue Sky Holy Land.

Ye Feng silently thanked the Supreme Headmaster and Senior Taixu for their efforts, then smiled and said to the young guard beside him: "Okay, I accept the entry test, what should I do?"

The young guard nodded and without saying anything else, he led Ye Feng through many buildings and finally arrived at a somewhat remote barren mountain.

At this time, Ye Feng saw that on this barren mountain, there were many young people of about the same age as himself, some from human race, some from other races, and some in complete human form, but they exuded a The auras of other races are obviously completely transformed.

As for why so many alien races like to take human form, Ye Feng once discussed it with a friend. It is because the human body is the most mysterious body structure among all races in the world, and the human body can be said to be the best among many races. The most beautiful existence.

At this time, the young guard next to him spoke up and said to Ye Feng: "Those young people normally want to join our Qingtian Holy Land. They need to go through many tests and are very strict before they can be selected to be called the Qingtian Holy Land." Disciple, as for someone like you who has a recommendation token, there must have been wonderful people in the human race forces before you who have contributed to our Qingtian Holy Land, so you can have a recommendation token. A disciple like you, Thanks to the grace of the ancestors of your race, you only need to pass a simple entrance test to become an outer disciple of our Qingtian Holy Land. "

When he said this, the young guard led Ye Feng to the top of this barren mountain. Ye Feng was very fast. This time he did not waste any more time. In less than half a month, he had arrived at the location of Qingtian Holy Land.

When he said this, the young guard led Ye Feng to the top of this barren mountain.

Chapter 2017 Ye Mo's Jealousy

When Ye Feng followed the young guard to the top of this barren mountain.

He found that there were quite a few people who had the same recommendation tokens as him, more than a dozen of them, all standing on the top of this barren mountain.

And among this group of people, Ye Feng unexpectedly met an acquaintance.

"Senior Brother Ye Feng! I didn't expect us to meet again!"

A light female voice sounded.

The next moment, a beautiful figure had already appeared in front of Ye Feng and took Ye Feng's arm.

This old acquaintance turned out to be Ji Ziling, the saint of the Ten Thousand Swords Divine Sect!

When Ye Feng was in the wilderness, he fought in the dark battlefield at the Yuhua Shenmen, and got acquainted with Ji Ziling, the saint of the Ten Thousand Swords Divine Sect.

Unexpectedly, Ji Ziling also came to the Blue Sky Holy Land.

But it is reasonable to think about it. After all, Ji Ziling is a saint of the Ten Thousand Swords Divine Sect, and like herself, the saint son of the Feathered Divine Sect, they are both top geniuses in the human race.

Being promoted to this Holy Land of Blue Sky is quite normal.

At this time, Ji Ziling was very happy when she saw Ye Feng's appearance. Her beautiful eyes were shining with splendor. She stared at Ye Feng and couldn't help but said: "I am so lucky! Brother Ye Feng, the two of us are really good." It's fate!"

Ye Feng looked at Ji Ziling, who was behaving affectionately next to him, and couldn't help but smile and said, "It's indeed quite fate. I really didn't expect you to come to the Holy Land of Qingtian this year."

Ji Ziling smiled and said aloud: "It was my master, the leader of the Ten Thousand Swords God Sect, who got me a recommendation token, allowing me to directly enter the Qingtian Holy Land. Of course, we will have a simple entry test later. But it is said that it is very simple, and you can basically pass it, unless you are a dandy who sneaks in, you will be eliminated. "

And just when Ji Ziling and Ye Feng were having a happy conversation.

There was a group of young disciples in the distance who were also promoted. In fact, many male disciples looked at Ye Feng with a trace of envy and jealousy.

Because Ji Ziling's beauty is one of the best, and she has a graceful figure and a very beautiful posture.

Therefore, not long after Ji Ziling stayed here, she had already become the leader of many men.

A goddess-level figure in the eyes of her disciples.

So at this time, seeing this goddess-level figure in his mind being so intimate with a strange man naturally aroused the envy, jealousy and hatred in the hearts of many male disciples.

"Okay! The new disciples with the recommendation tokens have been gathered, so let's start the entrance test."

At this time, a young man in black robe walked over from not far away.

There are a lot of black scales on this man's skin. He is obviously not a human race, but a powerful alien race. He is an elder-level existence in the Blue Sky Holy Land. His cultivation aura is very powerful, and ordinary people cannot see it at all. Regardless of the realm, I only know that the aura is very powerful.

The black-robed elder looked at a group of young people with recommendation tokens and said loudly: "You are all people with recommendation tokens. Thanks to the grace of your ancestors, you can directly enter our Qingtian Holy Land to learn cultivation, but this It does not give you a privilege to get through. At the very least, you still need to have a certain amount of cultivation talent. Therefore, in the next test, I will screen out some of the dandies who have mixed up with the geniuses. It is too early to quit now, so as not to be caught by me. It's not good to just slap down the barren mountain and leave him in a state of embarrassment."

At this time, the black-robed elder was speaking, and an extremely powerful aura of majesty suddenly erupted from his body, making many timid people tremble.

"I will not enter the Qingtian Holy Land!"

Suddenly a very thin young man walked out of the crowd.

"I am also a playboy who sneaked in."

Another chubby guy came out.

Obviously, this group of people wanted to get away with it, but at this time, they were frightened by the black-robed elder and directly admitted it.

The black-robed elder looked at these guys, smiled slightly, and said: "It's not bad to admit it on your own initiative. Qingtian Holy Land can keep you, but when you enter Qingtian Holy Land, you have to start from the beginning as a handyman disciple, even the outer disciples. Not really."

"Really?"

"We do!"

Several dandy boys who took the initiative to admit that they were not good immediately jumped for joy when they heard the black-robed elder's words.

For them, even being a handyman disciple in Qingtian Holy Land is much more respectable than being the second generation ancestor in a small domain. At least when they go back to visit relatives in the future, they can brag and have seen the big world. people.

At this time, the black-robed elder looked at the remaining group of young people and said loudly: "All of you remaining, show me your cultivation strength first."

"Yes, elder!"

One of the young people immediately spoke out.

"boom!"

"boom!"

"..."

At this moment, the entire field suddenly erupted with powerful momentum.

The cultivation of these young people is very extraordinary.

Although there is a recommendation token.

But those who are qualified to receive the recommendation token must be top geniuses among the forces behind them.

There are high and low levels of cultivation among a group of people.

Some are even as high as the fourth level of Taoism and the tenth heavenly perfection state.

The lower one is the realm of the second level Tao King.

Ye Feng's cultivation level is at the third level of Dao Emperor Eighth Heaven, which can only be regarded as above average.

"This term's election tokens are pretty good, much better than the last term, which was all a bunch of crooked things."

At this time, the black-robed elder seemed quite satisfied and said: "Okay, your cultivation is still up to standard. Next, you will be the outer disciples of our Qingtian Holy Land."

"What?"

"Is this the entry test?"

"Just look at your cultivation?"

At this time, a group of young people couldn't help but be a little stunned.

They thought they wanted to show off some of their martial arts skills, or fight against some strong person to show off their combat prowess or something like that.

Unexpectedly, this black-robed elder simply took a look at their cultivation realm.

At this time, the eyes of the black-robed elder suddenly fell on a young man wearing black clothes and standing as tall as a gun.

This young man in black is the most powerful being among all the people, and he is at the fourth level of Taoism, the tenth level of heavenly perfection.

At this time, the elder in black robe looked at the young man in black. He seemed very satisfied and admired him, and said loudly: "What is your name? Where are you from? You are very good, and I am very optimistic about you."

"Thank you for your appreciation, elder!"

The young man in black immediately clasped his fists respectfully and said, "My disciple's name is Ye Mo. He comes from the Black God's Hall of the Black Armor Clan. My father is the leader of the Black God's Hall."

At this time, Ye Mo was speaking, with a hint of pride in his tone.

A look of surprise appeared on the face of the black-robed elder at this time, and he couldn't help but said: "Your father is the leader of the Black God Temple? Yes, yes, it seems that you have the noble Black God blood of the Black Armor clan flowing in your body. You will do a lot in the future, I'm optimistic about you!"

The compliments from the black-robed elder made Ye Mo even more proud, and he even raised his head slightly in front of everyone to show his noble identity and status.

At this moment, Ye Mo's eyes suddenly fell on a young man dressed in white and snowy.

Ye Feng was a little surprised and didn't understand why Ye Mo suddenly looked at him.

And at the next moment, Ye Mo's message rang in his ears: "Boy, you'd better stay away from this beautiful junior sister next to you, otherwise I will make your life miserable after you officially enter the Blue Sky Holy Land. Can't survive."

Ye Feng heard Ye Mo's voice next to his ear and finally understood why. It turned out that Ye Mo was jealous because he and Ji Ziling were too close to each other, so he became angry from embarrassment.

Ye Feng smiled hoarsely, shook his head, looked at Ye Mo not far away, and sent a message back: "Childish."

"you.....!"

Seeing Ye Feng's eyes that looked like he was looking at a child, Ye Mo, the top genius of the Black Armor Clan, immediately turned gloomy.

Chapter 2018 Monument of Enlightenment

At this time, Ye Mo, the top genius of the Black Armor Clan, stared at Ye Feng with very unkind eyes.

Many people around noticed this scene.

When they saw the stunningly beautiful Ji Ziling beside Ye Feng, they all immediately understood what was going on.

It turns out that he is jealous of the beauty.

But at this time, a group of young people looked at Ye Feng with a hint of cynicism. .??.

Because they sensed that the cultivation aura on Ye Feng's body was only the eighth level of the Tao Emperor, the third level of the Tao Realm.

And Ye Mo, the top genius of the Black Armor Clan, has the terrifying cultivation level of a fourth-level Taoist Master, Ten Heavenly Perfection, and according to what the black-robed elder just said, Ye Mo has the noble blood of the Black God flowing in his body. , the combat power is undoubtedly strong.

Being targeted by such a terrifying guy, everyone knew that Ye Feng would either give up on the beautiful female companion next to him, or he would be badly damaged by Ye Mo.

But at the next moment, with everyone's stunned eyes, Ye Feng simply ignored Ye Mo's cold and threatening gloomy eyes, and directly pulled the beautiful Ji Ziling beside him and left this barren mountain.

"This human boy is definitely dead."

Many young geniuses from all major races saw Ye Mo's extremely gloomy expression at this time. They looked at Ye Feng's back and secretly thought this.

...

After Ye Feng and Ji Ziling left the barren mountain.

Ji Ziling's beautiful eyes suddenly showed a worried look, and she said to Ye Feng: "Senior Brother Ye Feng, I'm sorry for causing you trouble."

Obviously, Ji Ziling was not a fool. She also noticed the gloomy look from Ye Mo.

Ji Ziling was very afraid of the possessiveness of this powerful race.

But at the same time, the saint of the Ten Thousand Swords Sect was afraid that she would implicate Ye Feng.

So she was very tangled in her heart at this time.

"Buzz!"

But at the next moment, Ye Feng's strong palms suddenly grasped Ji Ziling's small white hands, bringing a sense of warmth and support to the saint of the Ten Thousand Swords Sect.

Ye Feng smiled warmly and said aloud: "Don't worry about this.

I didn't pay attention to that Ye Mo at all. If he comes and dares to trouble me, I will let him know what regret is, so you don't have to compromise because of this. I came to Qingtian Holy Land. In addition to becoming stronger, I also gain more The powerful power also has another purpose, which is to strengthen the human race! "

"What a magnificent human race!"

When Ji Ziling heard Ye Feng's words, she instantly felt Ye Feng's pure and strong heart.

Her beautiful eyes showed a hint of excitement, she grabbed Ye Feng's hand and said, "I am willing to work hard with Senior Brother Ye Feng!"

Ye Feng nodded and said very solemnly: "Practice for the rise of the human race!"

...

Next, Ye Feng and Ji Ziling both lived in the outer disciple area of Qingtian Holy Land.

In any case, the group of people with the recommendation tokens were treated well, and they directly became outer disciples.

Those geniuses who have passed normal tests may have similar cultivation abilities to them, but they all start from the lowest level as handyman disciples.

However, Ye Feng and others, with the recommendation tokens and thanks to the grace of their ancestors, can directly become outer disciples and enjoy the various basic cultivation resources issued by Qingtian Holy Land every month.

After Ye Feng lived in the outer disciple area, he lived not far from Ji Ziling. If there were any emergencies, everyone would have time to help each other.

Therefore, Ji Ziling often visited Ye Feng, which made many male disciples around Ye Feng's residence extremely envious. They had such a beautiful woman accompanying them every day.

In the early morning of this day, Ji Ziling came to the attic where Ye Feng lived as usual.

At this time, Ye Feng was reading the basic introduction book about Qingtian Domain and Qingtian Holy Land.

From this basic introduction book, Ye Feng learned that the Qingtian Domain is above the entire God Realm. Although it can be regarded as a large domain, it is not a first-class domain.

And from this introductory book

In the book, Ye Feng learned a very important information point, that is, the Chaos Gods are the top three among the top 100 Gods standing at the top of the God Realm!

It can be called the super god among the gods!

The power is extremely huge!

It is an existence that almost stands at the pinnacle of the entire God Realm!

This created a certain amount of pressure in Ye Feng's heart.

He had known that the Chaos Gods must be very extraordinary.

But I didn't expect it to be so extraordinary.

And just when Ye Feng was deep in thought.

Ji Ziling knocked on the attic door and pulled Ye Feng out of his thoughts.

Ye Feng stood up, looked at Ji Ziling, and said, "Zi Ling is here."

Ji Ziling looked at the manual introducing the world of gods held in Ye Feng's hand. She seemed to have seen Ye Feng's sad and thoughtful look just now, and couldn't help but ask: "What is Senior Brother Ye Feng thinking about?"

Ye Feng smiled casually and said aloud: "I just feel that the divine world is too big, there are too many strong people, and I am very small."

Ji Ziling walked over, held Ye Feng's hand, with a warm and encouraging smile on her beautiful face, and said loudly: "Senior Brother Ye Feng is already amazing. Being able to come out of the small territory of the human race is already very impressive." That's great. Take your time on the road ahead. You can't eat a fat person in one bite."

Ye Feng smiled and said: "Zi Ling, you are right, the road must be walked step by step, we cannot rush this moment."

Ji Ziling smiled, nodded vigorously, and said, "Yes!"

At this time, Ji Ziling suddenly seemed to think of something, and said quickly: "Oh! You see, I have even forgotten the purpose of coming today. I heard from several disciples that there is a place in our outer gate area. In the center, there is an Enlightenment Monument. As long as you practice around the Enlightenment Monument, you will be able to understand the secrets inherited by some ancient powerful men in the Enlightenment Monument. If you are lucky, you may even get a complete set of The inheritance of ancient powerful men."

When Ye Feng heard what Ji Ziling said, a look of curiosity appeared in his eyes, and he said, "Oh? There is such a magical thing."

thing? Is it possible to obtain the inheritance of an ancient powerful person just by sitting next to meditating? I'm quite interested in this, after all, I don't have much powerful inheritance right now. "

At this time, Ye Feng stood up.

Ji Ziling said with a smile: "Let's go and take a look. There should be a lot of people there, and maybe we can make some new friends."

Ye Feng nodded slightly and followed Ji Ziling out of the pavilion where he lived, heading towards the center of the outer gate area.

The two of them moved very quickly, and in a blink of an eye they arrived at a square in the center of the outer gate area.

At this time, in the middle of the square, there was indeed a huge black stone monument standing.

Ji Ziling pointed at the dark stone tablet and said loudly: "That is the tablet of enlightenment."

At this moment, around the huge black Enlightenment Monument, many disciples stopped to watch, and some disciples were sitting cross-legged and practicing.

Ye Feng looked over and found that the surface of the Enlightenment Monument was inlaid with nine crystal stones of different colors. He didn't know what their specific functions were.

"Ye Feng, I didn't expect it to be such a coincidence that we meet here."

Suddenly at this moment, a voice with an unkind tone sounded.

A young man dressed in black walked over not far away, with a sinister look on his face.

This young man is Ye Mo.

At this time, Ye Mo looked at Ye Feng and said loudly: "I guess you, a human from a remote area, don't know that this Enlightenment Monument is actually a treasure that can test your own talent. As long as you put your hand on the Enlightenment Monument, if you feel it with your heart, you can stimulate the crystal stones on the Enlightenment Monument and make the crystals shine. People with stronger talents can make more crystals shine. There are nine crystal stones on this Enlightenment Monument. They have good talents. If you can make one or two crystals shine, you will be a genius if you can make four or five crystals shine. "

When he said this, Ye Mo, a genius from the Black Armor clan, immediately stared at Ye Feng, with a look of disdain and provocation in his eyes, and said loudly: "Human race, do you dare to compare with me? How are your talents?"

Chapter 2019 Changing Sorrow

At this moment, Ye Mo's words were very provocative.

The movement here also suddenly attracted many disciples from the surrounding Qingtian Holy Land.

Ye Feng stared at Ye Mo at this time, suddenly smiled and said: "You said it's a competition, it's not such a good thing, I'm too lazy to waste time with you."

Ye Mo suddenly took out a blood-red elixir from the storage ring.

The majestic power of this elixir, which exuded blood-red light, immediately attracted Ye Feng's attention.

At this time, Ye Mo said with a smile: "This is a Dragon's Blood Great Return Pill. It is of a very high grade. I brought it from my family before I came to Qingtian Holy Land. I originally wanted to break through to the fourth level. The bottleneck of Dao Zun's tenth level of Dzogchen is used by those who want to step into the fifth level of Dao Saint. But now I will use it as my bet. If Ye Feng, you can beat me in this talent test, I will use this one. I'll give you the extremely precious Dragon's Blood Great Return Pill. After you swallow it, you can instantly increase your skill for ten years. How about it?"

Ye Feng stared at the bloody pill and suddenly said, "Okay, I promise you. This will show your sincerity."

Ye Mo suddenly said: "But you haven't said what your bet is yet?"

Ye Feng suddenly smiled and said, "I won't lose."

hiss!

When the people around heard what Ye Feng said, they couldn't help but look surprised. No one expected that this young man who looked ordinary could speak so arrogantly, which was simply shocking.

Ye Mo suddenly sneered and said, "If you lose, I want you to leave the beautiful junior sister next to you immediately."

Ye Feng glanced at Ji Ziling beside him, and suddenly said: "I will not use my friends as bets, because that is a kind of disrespect for friends."

After the words fell, Ji Ziling's beautiful eyes turned a little red, which was because she was moved.

When Ye Mo heard what Ye Feng said, his face immediately darkened, "Humans are indeed cunning people. This Ye Feng is so good at talking..."

At this time, Ye Feng suddenly said: "Let's do this.

I have in my body the secret art of the Yuhua Shenmen that I came from, the Yuhua Ascension Technique, which is a very powerful inheritance, and this is my bet. "

Ye Mo nodded, then walked directly to the huge black monument of enlightenment, stretched out his hand and pressed it.

He looked at Ye Feng not far away, very proud, and said loudly: "Open your eyes, I will let you know what a true genius is!"

"Buzz!"

The next moment, in the eyes of everyone, six crystal stones on the entire Enlightenment Monument suddenly lit up!

"Six crystals light up!"

"This is a genius!"

Suddenly, there were exclamations of surprise all around.

Even some inner disciples may not be able to do this.

Everyone looked at Ye Mo with eyes full of awe.

Because he possesses such a powerful talent, he will definitely become a big shot in the Blue Sky Holy Land in the future.

At this moment, Ji Ziling looked a little worried and couldn't help but whisper: "Senior Brother Ye Feng, I have tested it before and my talent can only make four crystals light up."

Hearing this, Ye Feng nodded slightly and said, "Don't worry."

At this time, Ye Mo suddenly looked at Ye Feng and said proudly: "Come on, let me see what your talent is."

Ye Feng's face was very calm. He walked to the enlightenment monument and stretched out his hand to press it.

"boom!"

Suddenly at this moment, nine crystals suddenly lit up at the same time!

The bright light was so dazzling that it almost blinded everyone in the room.

"What?!"

Seeing this scene, Ye Mo had a proud expression on his face, but suddenly

He became so stunned that he almost stared out his eyes.

"All nine crystals light up!"

"Oh my god! What kind of terrifying talent is this?"

"This is a human race. It's impossible. How can a human race have such a powerful talent?"

...

Almost at this moment, the entire field suddenly heard gasps of air.

At this time, Ye Mo yelled: "Impossible! I have investigated before and found that the innate talents of the human race are not enough at all. Most of them are powerful abilities acquired through acquired efforts. This monument of enlightenment There have been various powerful human beings who came to test their innate talents. The tallest one lit up seven crystals. How could you, an ordinary human boy, make all nine crystals shine? This is impossible! ! The Enlightenment Monument must be broken!"

At this time, Ye Mo yelled angrily, with a very crazy look on his face, but he was just comforting himself, because everyone knew that this Enlightenment Monument was erected by the first generation Holy Lord of Qingtian Holy Land, and it could not be broken. dropped.

But Ye Mo, including the disciples from other major foreign races around him, couldn't believe that a little human boy could actually make all nine crystal stones on the Enlightenment Monument light up.

Their hearts were filled with great shock, as well as deep doubt and disbelief.

At this time, Ye Feng didn't care what others thought. He walked directly in front of Ye Mo, smiled and stretched out his hand and said, "Ye Mo, you lose, that dragon blood repayment pill is mine."

"No!"

Ye Mo suddenly backed away quickly and put the Dragon Blood Restore Pill into his storage ring. He stared at Ye Feng with his gloomy eyes and said loudly: "You must have cheated!!"

Seeing this, the smile on Ye Feng's face disappeared, his eyes suddenly showed a deep cold look, and he slowly said: "What I hate most in my life are people who don't keep their word. Do you think Want to cheat?"

Ye Mo looked at the people around him and pointed

His eyes were dotted, and his eyes suddenly became extremely ugly.

He was naturally reluctant to hand over this extremely precious dragon blood repayment pill, because he thought he was bound to win before, so he came up with this method to humiliate Ye Feng, but Unexpectedly, he lost in the end.

Ye Feng walked towards Ye Mo step by step at this time, and the cold air on his body spread around, making everyone shiver.

"This human boy is definitely not a flower in a greenhouse, but one who walked out of a mountain of corpses and a sea of blood."

Many disciples around him couldn't help but shout in horror.

Because even Ye Feng's momentum made them feel bitingly cold.

Ye Mo immediately stared at Ye Feng and yelled: "You must have cheated! Or the Enlightenment Monument is broken! This pill plays a vital role in my breakthrough, I can't give it to you! You If you take another step forward, don't blame me for being rude to you!

boom!

At this moment, Ye Mo suddenly burst out with an extremely powerful aura. It was the aura of the tenth heavenly perfection of the Taoist Master at the fourth level of the Tao Realm!

Obviously, this Ye Mo was very stingy, and now he was so angry that he actually wanted to use force to force Ye Feng to surrender.

Ye Feng still did not stop at this time, but with a sad smile in his eyes, he said loudly: "In the eyes of you alien races, the human race is really an inferior race that can be bullied at will and break the rules at will. But today, and in the future, I, Ye Feng, will change this tragedy of the human race!"

Boom! !

Almost at this moment, Ye Feng's body suddenly burst out with a terrifying and violent momentum.

He seemed to have transformed into a human killing god. His cold eyes were full of fury. He stared at Ye Mo opposite him and shouted loudly: "Ye Mo, that Dragon Soul Return Pill, you want it even if you don't give it to me today." Here you go! What I do next is not to prove that I am fierce and brave, but to prove that I must take back what belongs to me!"

Chapter 2020 Brutal

At this moment, Ye Feng's body was filled with huge killing intent, making everyone on the field feel like they were falling into an ice cellar.

At this time, Ye Mo stared at Ye Feng and said coldly: "Your cultivation level is so much lower than mine, how dare you attack me? Don't you want to live?"

Ye Feng laughed loudly: "You are the one who doesn't want to live!"

Boom!

Ye Feng's body suddenly burst out with an extremely powerful momentum, and he rushed towards Ye Mo in an instant. A steel sword with a length of more than fifty meters suddenly appeared in his hand, and he slashed at it fiercely. Full of violence and beauty.

"Since you want to die! Then I will make it happen for you!"

Ye Mo yelled, and a piece of pitch black armor suddenly appeared on his body.

"when!!"

The fifty-meter-long steel sword in Ye Feng's hand struck Ye Mo's dark armor, and an earth-shaking roar suddenly erupted.

It has to be said that this Ye Mo is indeed the most powerful being among the new disciples, and his skills are also very powerful.

The jet-black armor he wore was definitely a very powerful magic weapon, and it actually blocked Ye Feng's steel sword from slashing.

"Human! You are a weak race after all! You cannot compete with a powerful race like me from the Black Armor Clan!"

Ye Mo burst out laughing, and instantly launched a ferocious attack.

"Ten Thousand Scales Giant Sword!"

Pieces of jet-black scales flew out of Ye Mo's body, like pieces of armor, and quickly assembled together to form a black iron giant sword that was several kilometers long, filled with unparalleled impact and destructive power, it attacked from high altitude in an instant and assassinated Ye Feng's head.

"As expected of the Black Armor Clan! Too powerful!"

At this moment, all the disciples present felt a suffocating feeling as they looked at the thousands-meter-long black iron giant sword that fell from the sky and struck hard.

"when!"

At the next moment, the black iron giant sword several kilometers long stabbed Ye Feng's head. It was unable to penetrate Ye Feng's skull. Instead, it was like it was stabbed on a copper wall.

A huge roar erupted.

"What?!"

Everyone who saw this scene couldn't help but widen their eyes.

And Ye Mo couldn't help shouting: "Why is your head so hard? Impossible! Human bodies are inherently weak!"

Ye Feng smiled coldly, then waved his fist and struck high in the sky.

At this moment, Ye Feng activated all the power of his chaotic body.

"Boom!!"

"Kacha kacha kacha..."

Ye Feng's fist was filled with unparalleled power, as strong as a hammer, and full of violent impact. It actually shattered the black iron giant sword into pieces in an instant.

boom!

And at the next moment, Ye Feng dodged directly in front of Ye Mo and punched Ye Mo on the body.

"Boom!"

Along with a muffled sound, a bloody hole was blasted out of Ye Mo's body.

"ah!!"

A huge bloody hole appeared on Ye Mo's chest, which was punched through by Ye Feng. It was flowing with bright red blood. Ye Mo couldn't help but howl out.

"hiss!"

When the disciples from all major races around saw this scene, they couldn't help but gasp.

They were staring at Ye Feng at this time, looking at this young human race boy, and they felt that the human race was also extremely cruel.

"The genius of the human race cannot be humiliated!"

At this time, many disciples could not help but have such an idea in their hearts.

At this moment, Ji Ziling saw Ye Feng's ferocious fighting style, and she understood very well that Ye Feng's battle represented not only his own resistance, but also the resistance of the entire human race!

Ye Mo suffered a heavy blow at this time, and the aloof look on his face finally disappeared. He finally understood that what he saw in front of him was

Although the cultivation of this young man is much lower than him, he is a ruthless person who cannot be messed with, and his combat power is really terrifying.

A look of horror appeared on Ye Mo's face, and he shouted loudly: "My father is the leader of the Black God Temple. I am the top genius in the Black Armor Clan. You can't do this to me!"

Uh-huh!

Uh-huh!

Suddenly at this moment, two figures shrouded in black robes flashed in front of Ye Mo.

These two figures in black robes are both strong men in the black armor clan, and each of them has Taoist cultivation.

These two were the two black-armored guards who followed Ye Mo after he entered the Qingtian Holy Land.

A black-armored guard immediately stepped forward, looked at Ye Feng across from him, and threatened: "How dare you be so cruel to our young master, and how dare you let him suffer serious injuries, you will have very serious consequences next." ..."

Poof!

But at this moment, before the Black-armored guard could finish speaking, Ye Feng struck with a fifty-meter-long steel sword in his hand, and cut the Black-armored guard in half with a "pop" sound. .

Snap!

The two halves of the body fell to the ground, bleeding everywhere.

"hiss!"

Many disciples around him couldn't help but gasped when they saw this brutal scene.

"you....."

But at this time, another Black Armor clan guard thought of Ye Feng, a human clan, and showed no fear at all. He was so cruel and decisive that he did not dare to speak for a moment.

Buzz!

Suddenly from high in the sky, a young man wearing a golden robe descended.

The word "法" was embroidered on his clothes.

This is a disciple of the Law Enforcement Hall.

At this time, the young man in golden robe looked at the scene on the field and said loudly: "It is okay to kill the vassal guards, but you cannot kill the fellow disciples in the Holy Land. This is the rule."

Ye Feng looked at the law enforcement hall disciple, nodded slightly, and then walked up to Ye Mo.

"Crack!"

Ye Feng directly stepped on Ye Mo's head, stamping the face of Ye Mo, the genius of the Black Armor Clan, into the mud, and said loudly: "You are not the number one of the Black Armor Clan. Genius? Don't you look down on our human race? Are you not a so-called powerful race? Why can't you even raise your head in front of me?"

Ye Feng stepped on Ye Mo's head firmly on the ground and kept rubbing it, which made Ye Mo's proud face covered with blood and blurred.

"Hmm..."

At this time, Ye Mo, a genius of the Black Armor clan, made a series of vague sounds from his mouth, which seemed to be a roar of extreme shame.

Ye Feng smiled coldly, looked at the eyes of countless disciples around him, and said slowly: "Those who humiliate others will always be humiliated!"

After saying that, Ye Feng squatted down, pinched the finger of Ye Mo wearing the storage ring, and then pulled hard.

"Pfft!"

Ye Mo's finger was suddenly broken by Ye Feng, and even the phalanges at the end of the finger were pulled out of the palm, with some broken flesh and blood attached.

"ah!!"

In an instant, Ye Mo, a member of the black-armored tribe, let out a shrill howl, obviously in extreme pain.

When the many disciples from all major races around saw this scene, they couldn't help but tremble.

This human boy is really a ruthless person!

Even the young man from the Law Enforcement Hall couldn't help but frown when he saw this bloody and brutal scene, but he didn't say anything more. After all, Ye Feng didn't kill Ye Mo.

At this time, Ye Feng took the blood-stained finger, took off the storage ring on it, and put it into his arms. He looked coldly at Ye Mo, who was lying on the ground like a dead dog. He dropped the last sentence: "Humans are not easy to mess with, and I am even less easy to mess with."

After the words fell, Ye Feng pulled Ji Ziling, who was already stunned, and left the scene directly, and his back disappeared in the shocked eyes of everyone.
