Chapter 2021 Bully Organization

On the way back.

Ji Ziling's beautiful big eyes stared at the young man in white clothes beside her with unstoppable admiration.

Ye Feng's face was very calm at this time.

That Ye Mo was just a small character to Ye Feng. ??

After all, the other party is just like him, just a new disciple, there is nothing to pay attention to.

The really powerful ones are the old disciples in Qingtian Holy Land.

At this time, Ji Ziling seemed to have thought of something and said aloud: "Brother Ye Feng, should we join some powerful disciple factions of our human race in the Holy Land to seek shelter? After all, you just taught Ye Mo so badly. , I'm worried that Ye Mo may find some of their old disciples from the Black Armor Clan in the Blue Sky Holy Land to deal with you."

Ye Feng heard what Ji Ziling said, and after thinking for a while, he said: "Let's talk about this later. I have never liked the restricted cultivation life, because you also know that once you join those disciple factions, you may be required to To complete various tasks or do things I don't want to do is not what I want."

When he said this, Ye Feng suddenly looked at Ji Ziling beside him and said with a smile: "If you like that, you can choose to join a certain disciple faction in our human race."

Ji Ziling nodded slightly and said aloud: "These days, there is indeed a faction of disciples from our human race who are coming to me and want me to join, but I am hesitant at the moment."

Ye Feng said with a smile: "Although I don't like to join a restrictive organization like a disciple faction, but having said that, as a new disciple who has just entered Qingtian Holy Land, it would be quite good if he could be protected by a powerful old disciple faction. , it's just that I don't like

it, but you can choose to join Zi Ling, so that your security will be higher. After all, I am afraid that some people may secretly deal with you because they dare not deal with me, and I cannot always deal with you. Stay by your side."

Ji Ziling nodded and said: "Okay, I will consider it carefully. I can also join the disciple faction and test the waters in advance for Senior Brother Ye Feng. If a certain disciple faction is very free, maybe I can invite Senior Brother Ye Feng You join in."

Ye Feng smiled and said nothing more.

The two parted ways at the entrance to the area where the outer disciples lived.

Ye Feng did not hesitate and returned directly to his residence.

Bang!

Ye Feng closed the door of his room and took out the storage ring on Ye Mo.

Buzz!

He directly used his powerful soul power to directly smash the spiritual mark on the surface of Ye Mo's storage ring, and then he could take out various items in the storage ring at will.

What Ye Feng paid most attention to was naturally Ye Mo's Dragon's Blood Great Return Pill.

"This Ye Mo is really a rich second generation, and there are really many good things in the storage ring."

Ye Feng explored the entire storage ring with a satisfied smile on his face.

The next moment, he took out a fist-sized elixir that glowed with blood-red light.

It's the Dragon's Blood Great Return Pill!

"Gulu!"

Almost at the next moment, Ye Feng immediately swallowed the Dragon Blood Restore Pill.

"Boom!!"

Suddenly, a huge amount of medicinal power exploded throughout Ye Feng's entire body.

In an instant, Ye Feng immediately felt that his power was growing rapidly.

You must know that this dragon's blood rejuvenation pill is a pill that Ye Mo prepared for him to break through to the level of Taoist Saint.

Even if Ye Feng's body is now a bottomless pit, his cultivation skills have also increased tremendously at this moment.

Almost at this moment, a huge momentum burst out from Ye Feng's body.

"boom!"

The third level of Dao Emperor Ninth Heaven!

"boom!!"

The third level of the Dao Emperor, the Tenth Heaven!

"boom!"

A half-step master!

"boom!"

The fourth level of Dao Zun is in the first level!

Finally, Ye Feng's cultivation aura stopped.

All the powerful medicinal power of the Dragon's Blood Great Return Pill has been completely digested.

"As expected of the precious elixir among the Black Armored Clan! The energy is really terrifying! It actually made me rush to the fourth level of Taoist Realm!"

Ye Feng murmured at this moment, his face involuntarily filled with joy.

After all, it is really difficult for him to break through in cultivation now. It is an unexpected surprise that he has suddenly entered the fourth level of Taoism this time.

At this time, Ye Feng immediately felt that he had arrived in this fiercely competitive Blue Sky Holy Land, where powerful geniuses from all major races gathered, and resources were extremely abundant. After all, there were things from all major races, and it was still very rich. Not bad.

If you stay in the human territory all the time, you can indeed enjoy various rights and become a human emperor-level figure, but the resources are indeed extremely scarce.

Therefore, Ye Feng's final choice was to come to the fiercely competitive Blue Sky Holy Land and feel the broader territory.

There are more powerful creatures, more ancient inheritance, and more abundant cultivation resources here, and Ye Feng needs these very much.

After completing the training, Ye Feng took out the introduction manual of Qingtian Holy Land.

Ye Feng was quite curious about what Ji Ziling said before about joining a certain disciple faction.

The introduction manual of Qingtian Holy Land contains introductions to some very famous disciple factions.

At this time, Ye Feng opened the manual in his hand and began to look for some information about the disciple faction.

Soon he found it. Ye Feng passed by the other disciple factions and looked directly at the most powerful disciple faction ranked first.

"The Association of Gods, the most powerful disciple sect in the Blue Sky Holy Land, President: Xiao Tianshen, is a descendant of a mysterious and powerful God Clan, with the blood of the ancient God Clan flowing, his cultivation is unfathomable, and he has incredible power. He is The Holy Son of Qingtian Holy Land, and one of the four top young talents in the four major regions."

Looking at the introduction in the manual, Ye Feng silently remembered the most amazing meeting of gods in the Blue Sky Holy Land.

The name of the president Xiao Tianshen.

"One of the four top young talents in the four major regions?"

"Four domains? What are those?"

At this time, Ye Feng caught a new term "Four Domains".

He continued to flip through the introductory manual and looked at the following content. His eyes suddenly showed a trace of surprise, and he was shocked by the content described in the manual.

It turns out that around the Blue Sky Territory, there are three other large territories that are about the same size as the Blue Sky Territory, namely the Black River Territory, the Divine Sword Territory and the Poseidon Territory. .???.??

The four major domains surround a very prosperous central land. On the central land stands a super empire called the "Frost Kingdom". This Frost Kingdom is a super empire established by the powerful and ancient race of Frost Dragons.

Since ancient times, the Kingdom of Frost and the four surrounding regions have been part of an alliance, working together to resist threats from other super regions.

And even such a huge alliance occupies only a part of the entire northern land of God Realm.

It can be seen from this that the entire God Realm, which is said to have 98,000 domains, is vast and vast. It is definitely the largest and most advanced world in the world!

"The Blue Sky Region is the Holy Land of the Blue Sky, the Black River Region is the Holy Land of the Black River, the Divine Sword Region is the Holy Land of the Divine Sword, and the Poseidon Region is the Holy Land of the Sea. The four major Holy Lands of the four major regions and the most central Kingdom of Frost are in an alliance state, but it is such a huge The alliance is only a small part of the northern land of God Realm..."

At this time, Ye Feng looked at the introduction manual in his hand and was shocked by this vast world view.

If you think about it this way, the seven small domains that belong entirely to the human race are indeed insignificant. They can be said to be a drop in the ocean on the land of the God Realm.

"Dong dong dong!"

Suddenly at this moment, Ye Feng heard someone knocking on his door.

"Is it Ji Ziling?"

Ye Feng walked over and opened his door.

The next moment his eyes suddenly became a little weird.

At this moment, standing outside the door was Ye Mo, who was wrapped in white bandages.

Why did this defeated general come to his door suddenly?

Ye Feng stared at Ye Mo outside the door, with an inexplicable smile on his face, and said loudly: "What? Are you coming to trouble me again?"

Ye Mo smiled coldly and said aloud: "I'm not looking for you, I'm just a guide. It's Senior Brother Gu Cang who is looking for you."

After the words fell, behind Ye Mo, a young man wearing a black robe slowly walked up. He was extremely tall, his eyes were extremely deep, and the sides of his neck were covered with fine black scales, which gave people a sense of intimidation. a feeling of.

This person is obviously a disciple of a foreign race, most likely from the same black armor clan as Ye Mo.

This Senior Brother Gu Cang is definitely a veteran outer sect disciple, and the aura of cultivation on his body is the powerful aura of the third level of Tao Saint, the fifth level of Tao Realm!

Ye Feng stared at Gu Cang with a hint of vigilance in his eyes, and said loudly: "What is the purpose of this senior brother who came to me specifically?"

"have

What's the point? "

Gu Cang suddenly laughed and said aloud: "Human, your talent is very good. I am a peripheral member of the Gods Association. Now I want to invite you to join the peripheral members of the Gods Association."

"Gathering of Gods?"

Ye Feng's eyes flickered. Could this Association of Gods be the number one disciple faction that he just saw in the introduction manual of Qingtian Holy Land?

Ye Feng was a little surprised. He didn't expect that Ye Mo would bring an old disciple from the outer sect to invite him to the Gods Association?

To be honest, Ye Feng was still a little tempted to join the most powerful disciple faction.

But before Ye Feng could say anything.

That Gu Cang suddenly smiled inexplicably and said aloud: "But before joining the Gods Association, as an old member of the Gods Association, I can give new members like you an assessment. Only after passing the assessment can you become A new member of the Society of Gods."

Ye Feng's eyes flashed and he asked aloud: "What kind of assessment?"

Gu Cang glanced at Ye Mo next to him, then looked at Ye Feng, and suddenly said: "My assessment content is very simple, that is, kneel down and kowtow to me three times, and then return Ye Mo's storage ring. When you come back, I will reluctantly agree to let you join the Association of Gods and become a peripheral member of the human race. This is your honor. "

Kneel down and kowtow three times?

Return the storage ring?

Ye Feng's face suddenly turned cold.

He understood immediately.

This Gu Cang didn't sincerely invite him to join the Gods Association at all.

Instead, he used the power of the Gods Association to deliberately embarrass himself.

Ye Feng stared at Gu Cang and said loudly: "I will give you three seconds to disappear immediately in front of my eyes. I am not interested in any gods."

Ye Feng didn't take any action at this time, which was considered as giving face to this old disciple.

But at the next moment, Gu Cang's eyes suddenly became filled with murderous intent, and he stared at Ye Feng for a moment. Senhan smiled and said: "Human boy, don't be disrespectful! As a member of the Association of Gods, I am very grateful to you. This kind of new disciple without any background has the right to kill first and then report later. If you don't kowtow to me today and

admit your mistake, I will kill you first, and then tell the people in the Holy Land Law Enforcement Hall that you are because of me not allowing you to join. The gods will become angry and want to harm me, but I will kill them in return. Hahaha, how about that? "

Gu Cang's words at this moment made Ye Feng's impression of the Gods Association extremely bad.

At this time, Ye Feng suddenly understood that the so-called most powerful disciple faction was just a bully organization that relied on strength to bully the weak.

Ye Feng stared at Ye Mo in front of him and said with a cold smile: "Ye Mo, I didn't kill you before under the spotlight. You should feel lucky and won't mess with me again, but I didn't expect that, How long has it been since you found this so-called helper? Very good. I just happened to use your Dragon Blood Great Return Pill to break through the cultivation level. Today I will leave you two ignorant black-armored people here. here!"

boom! !

Almost at the moment Ye Feng finished speaking, his eyes were full of boundless killing, and he took action brazenly.

Chapter 2022 Luo Feifei

No one expected that Ye Feng would take the initiative directly.

"presumptuous!"

Gu Cang, an old disciple of the outer sect, immediately couldn't help but shouted: "Ye Feng, I didn't expect that a human boy like you would be so bold and dare to attack me directly. Do you know how powerful I am? And My identity is a member of the Gods Association. If you dare to attack me, you are disrespectful to the Gods Association. You are seeking your own death!"

Ye Feng coldly sneered and said: "Don't think about using any gods to suppress me. I've seen this trick too many times. It's of no use to me at all. Whoever dares to mess with me, regardless of his identity, will take them all." Killed by me!" ??

"Boom!"

Almost at this moment, the two of them were fighting each other, and a huge roar immediately erupted in the air.

Ye Mo, a genius from the Black Armor Clan, immediately shouted from the side: "Senior Brother Gu Cang, destroy this ungrateful human boy on the spot! Or even kill him directly!"

At this time, Ye Mo was talking, his eyes filled with deep killing and excitement.

Ye Mo has always had deep contempt for Ye Feng, a young human race boy.

But before at Enlightenment Square, Ye Mo was severely humiliated by Ye Feng, so at this time Ye Mo found Gu Cang as a helper in order to humiliate Ye Feng.

But he didn't expect Ye Feng to directly resist.

But this was exactly what Ye Mo wanted.

Because once Ye Feng resists, there will be enough reason to kill it directly.

As for whether he could kill Ye Feng, Ye Mo was full of confidence in his heart.

The senior brother Gu Cang found this time is a powerful being who has stepped into the fifth level of the Tao Realm, the Tao Saint Third Heaven level!

In Ye Mo's heart, Gu Cang is a very powerful being. Even if Ye Feng, a new disciple, has incredible fighting power, it is impossible to defeat Gu Cang, a veteran disciple of the outer sect.

"Silver Overlord Gun!"

At this moment, a large silver gun appeared in Gu Cang's hand, and it stabbed directly at Ye Feng.

"Golden Troll!"

At this moment, Ye Feng didn't hesitate at all, and Tiantian released his huge ancient vision.

Boom!

A huge golden giant demon appeared behind Ye Feng in an instant. It was like an ancient giant god standing up from the void, full of unparalleled pressure, and headed directly towards the not far away place. Gu Cang bombarded the past.

"Boom!!"

"Kacha kacha..."

Almost at this moment, the golden troll's huge palm was filled with unparalleled power, and it suddenly shattered the silver gun in Gu Cang's hand, turning it into countless metal fragments.

"What?! My Overlord Spear just broke like this?"

Gu Cang's expression immediately changed.

But before he could react.

\u003e

The huge palm of the golden troll had already struck his chest.

"Pfft!"

Gu Cang's chest was suddenly punched through, a huge blood hole appeared, his heart was broken, and he fell to the ground instantly and died.

"What?!"

Ye Mo, who saw this scene not far away, suddenly turned extremely pale.

Originally, he thought that Gu Cang would instantly kill Ye Feng, a new disciple.

What I didn't expect was that Gu Cang died so quickly and so miserably.

"Is this Ye Feng's true power? How can he be so powerful? He is just a new disciple!"

Ye Mo looked at Ye Feng who was not far away at this time. His eyes had always been contemptuous and aloof. At this moment, his eyes finally turned into deep fear.

"Bloodlight Escape Technique!"

Almost without thinking, Ye Mo instantly ran away madly into the distance, and used an escape technique. His whole body instantly turned into a bloody light and disappeared from the place.

"Space gem!"

At this moment, Ye Feng naturally couldn't let Ye Mo escape.

He directly used the power of the space gem, and immediately chased Ye Mo, and soon came to Ye Mo's back.

"What? How is this possible? I used the secret blood escape technique passed down by our family, and you were able to catch up with me instantly? Can you capture my specific position in space? This is impossible!"

At this time, Ye Mo saw Ye Feng chasing after him, as if he had seen a ghost, and immediately screamed in disbelief.

Boom!

Ye Feng slapped Ye Mo out of the void and threw him to the ground.

Ye Mo's face was red and swollen after being beaten, and he immediately said in horror: "Ye Feng! You can't kill me! There are many strong men from the Black Armor clan behind me in the Qingtian Holy Land! And I just a few days ago You have also joined the Gods Association. You have already killed Senior Brother Gu Cang. If you kill me now, you are completely on the opposite side of the Gods Association. The members of the Gods Association will not let you go!"

Poof!

However, Ye Feng didn't even bother to speak. He pointed directly and a divine light burst out from his fingertips, like a sharp sword, which directly penetrated Ye Mo's head.

"Bang!"

Ye Mo's eyes widened before he died, and he suddenly fell to the ground, dead instantly.

Ye Feng looked at the corpse lying on the ground, smiled coldly and said, "I have already killed Gu Cang, so I don't mind killing one more of you."

After the words fell, Ye Feng directly swallowed up all the energy and blood of Ye Mo.

His skill increased a lot in an instant, but there was no breakthrough in his cultivation.

"Go back and devour that Gu Cang's power again, and you should be able to achieve a lot of breakthroughs."

Ye Feng thought in his mind and prepared to turn around and leave.

But at this moment, a mysterious figure suddenly appeared in front of him.

It was a young woman wearing a black robe, with a cold and boundless face. She looked like the lonely moon and stars in the sky, indifferent and aloof, and could not be approached by ordinary people.

Ye Feng's eyes were startled. He had never noticed a mysterious woman suddenly appearing around him.

This mysterious woman's cultivation methods are definitely far superior to her own.

Moreover, this mysterious woman should have seen what she just did.

"Don't be nervous."

The mysterious woman suddenly spoke up. A smile of interest appeared on her cold and beautiful face. She stared at Ye Feng and said slowly: "For a human disciple as brave as you, I am the number one." I've seen it before, and the devouring technique you just performed made me very curious, so I won't go to the upper levels of the Holy Land to report what you just did."

Ye Feng stared at this mysterious woman and said loudly: "Who is the senior sister? Why do you want to hide what I did from me?"

The woman spoke out: "My name is Luo Feifei, one of the top ten disciples of the outer sect of Qingtian Holy Land. The reason why I want to conceal what you are doing is because I am very interested in you as a person and the secrets in you. I'm also very interested. Although you come from a weak human race, I think you are very extraordinary and I look forward to your future achievements."

After the words fell, the graceful figure of the top ten outer sect disciples who called themselves Luo Feifei had disappeared.

Ye Feng looked at the disappearing figure and fell into thinking.

In any case, this Luo Feifei will not report her killing tonight, so that's good.

At least I'm safe for the time being.

As for whether Luo Feifei is an enemy or a friend, it is not worth thinking about for Ye Feng.

Because no matter how powerful the opponent is, as long as Ye Feng is given time, he can surpass him!

Ye Feng returned to his residence, swallowed up all Gu Cang's skills and blood energy, and then released his own mysterious flames, directly destroying the corpses and eliminating traces.

Gu Cang, a veteran outer disciple, is a powerful person in the third level of Taoist Saints at the fifth level.

The skill and energy contained in his body are very majestic.

Let Ye Feng directly break through the two heavens and step into the fourth level of Tao Realm, the third heaven of Tao Zun.

After killing these two Black Armor disciples, and they were all members of the Gods Association, Ye Feng still felt a certain amount of pressure in his heart.

After all, as the largest disciple faction in the Blue Sky Holy Land, the Gods Association is definitely very powerful.

But since he has killed everything, Ye Feng will not consider some so-called consequences now. \u003c

br\u003e

The most important thing for him now is to hurry up and become stronger.

If it can be strong enough to a certain extent, not to mention disciple factions such as the Gods Association, even the higher-ups in the entire Blue Sky Holy Land will not be able to put pressure on themselves.

In the next few days, Ye Feng has been living in his place of residence, very peacefully. It seems that the death of Ye Mo and that Gu Cang has not been revealed for the time being, and no one suspects it, nor does it cause any commotion. .

In the past few days, Ye Feng used all the training resources in Ye Mo and Gu Cang's storage rings. His cultivation level once again achieved a breakthrough and he entered the fourth level of Dao Zun Sixth Level. Chongtian!

It has to be said that, especially for Gu Cang, a veteran outer disciple, the cultivation resources in the storage ring are really rich. It seems that they have been accumulated for many years, but in the end, they all became Ye Feng's wealth.

Perhaps Gu Cang himself is reluctant to use these cultivation resources and wealth, and may not use them until his cultivation reaches a bottleneck, or when he goes out to experience and enters a critical moment.

But after being obtained by Ye Feng, Ye Feng would not accumulate any wealth. He used all his cultivation resources and transformed them into his own cultivation strength.

Because Ye Feng knows very well that no matter how much cultivation wealth and resources he accumulates, if they cannot be converted into his own strength, one day he may be suddenly wiped out by a strong person, and everything will be in vain, so he still It is better to directly transform it into one's own strength, and the chance of survival will be greatly improved. Otherwise, it will only end up giving the enemy an advantage.

It was on the sixth day of Ye Feng's quiet practice.

An unexpected guest has arrived.

It was a stunningly beautiful young woman.

It turned out to be Luo Feifei, the top ten outer sect disciples who witnessed Ye Feng killing and devouring Ye Mo that night.

Luo Feifei's sudden arrival made Ye Feng a little surprised and a little wary, so he asked aloud: "Senior sister, do you have anything to do with me?"

Luo Feifei stared at Ye Feng, smiled slightly, and said loudly: "I want to ask you for a favor."

Ye Feng said aloud: "My cultivation level is so low, how can I help senior sister?"

Luo Feifei asked: "Junior Brother Ye, can you swallow anything with your swallowing ability? Can you swallow pure energy?"

When Ye Feng heard Luo Feifei's question, he immediately flashed his eyes and said: "It's logically possible. As long as it's energy, I can basically devour any attribute. Senior sister came to me for help this time because she needs me." Devouring ability?"

Luo Feifei nodded and said with a smile: "Yes, I need your devouring ability, so you have to come with me next. I didn't report you before to kill your fellow disciples. This time it's your turn." Returning a favor to me, even though I think this time may be an opportunity for you, does not count as returning a favor to me."

When Ye Feng heard what Luo Feifei said, his eyes revealed a look of interest, and he asked aloud: "Where are we going?"

Luo Feifei smiled and said: "Abyss Demon Cave."

Chapter 2023 Energy Mask

Abyss Demon Cave?

Ye Feng heard what Luo Feifei said at this time, and his eyes suddenly showed a look of surprise, and he said: "Go in and kill the abyss demons? With my level of cultivation, I shouldn't be able to help. "

Luo Feifei smiled and said aloud: "You will know when we get there. It is not just as simple as killing the abyss demon clan, but most of the abyss demon cave has been cleared by me. You don't need to fight. I just Need your devouring ability."

After finishing speaking, Luo Feifei walked directly not far away and said loudly: "Junior Brother Ye, please come with me. Believe me, this time will definitely be of great benefit to you."

Ye Feng's eyes flickered slightly, and after thinking for a moment, he nodded and followed.

The two of them were very fast, and in the blink of an eye they left the Blue Sky Holy Land and arrived at the wilderness outside.

They continued on, eventually coming to a stop at the edge of a huge cliff.

Beneath the edge of the cliff is a dark abyss.

Looking at the abyss under the cliff, Luo Feifei said aloud: "Underneath this is the abyss cave I want to go to. Junior Brother Ye, there may be danger next, you must follow me closely, otherwise if you are in He died in the middle, but it's not my fault."

After the words fell.

"boom!"

Luo Feifei's body suddenly burst out with an extremely powerful aura.

A layer of dark light shone from her body, which was a kind of demonic energy.

This Luo Feifei is not a human race, but a race somewhat similar to the demon race.

Ye Feng also jumped down at this time, and his body exuded a protective light.

He flew to Luo Feifei's side at this time, and finally asked the purpose of his trip: "Senior sister, where are we going?"

Luo Feifei smiled and said aloud: "Go to the deepest part of the Abyss Demon Cave. There is an ancient magic weapon I need there, which can help me break through the shackles of my current cultivation level and allow me to move from the seventh level of the Tao Realm to the Tao Ancestor Realm. The Tenth Heavenly One has completely transformed, transcended the Dao Realm, and stepped into the Mysterious Dan Realm above the Dao Realm, thereby becoming an inner disciple and enjoying higher treatment and resources in the Blue Sky Holy Land."

When Ye Feng heard what Luo Feifei said, he immediately couldn't help but show a look of surprise in his eyes, and said: "Senior sister, you are actually the seventh level of the Tao Realm, the Taoist Ancestor, the tenth level of cultivation? Above the Tao Realm, it is Xuandan realm?"

At this time, Ye Feng heard for the first time that the realm of cultivation above the realm of Tao seemed to be called the Xuandan realm.

At this time, Luo Feifei looked at Ye Feng beside her, a smile appeared on her beautiful face, and said: "Junior brother Ye is really a novice in cultivation. Then, senior sister, I will help you with popular science for free now."

☺

"Above the realm of Tao, we need to start condensing a heaven and earth mysterious elixir in our body, which represents the most essential energy in our body, just like some beasts condense their inner elixir. This realm is called the mysterious elixir realm."

"Above the Xuandan realm, our heaven and earth Xuandan has been condensed. We must start to shape our own universe soul and connect our soul with the entire universe. This realm is called the Yuansoul realm."

"Above the Soul Realm, after we have shaped the Soul of the Universe, we will start to open up a sea of stars in the universe in our body, which represents endless power and unlimited skill. This realm is called the Star Sea Realm."

...

Hearing what Luo Feifei said at this time, Ye Feng's eyes showed surprise.

He couldn't help but murmured: "Beyond the Dao realm, there are also the Mysterious Pill realm, the Yuan Soul realm, and the Star Sea realm. So what about the Star Sea realm?"

Luo Feifei smiled and said: "If you can cultivate to the Star Sea Realm, it will be a very powerful level. Then you will know what the next realm is."

Just as the two people were talking, they had entered a very deep area of the Abyss Demon Cave.

Although there were some powerful abyss demons blocking the way along the way, they were all instantly killed by Luo Feifei before they reached Ye Feng.

Ye Feng looked at the dark magic light emitting from the surface of Luo Feifei's body, and he guessed that the other party might be a race similar to the demon race.

"Here we are!"

And at this moment, Luo Feifei suddenly landed from high altitude.

Ye Feng also flew down.

At this time, he saw a huge altar standing on the ground.

In mid-air above the altar, there was an energy mask glowing with blood-red light floating.

In the middle of the circular energy mask, there is a string of ancient dark gold necklaces, which looks very extraordinary.

At this time, Luo Feifei said aloud: "The ancient magic weapon I want that can help me break through is that dark gold necklace. That necklace is the Demon God Necklace. It is very ancient, but it is covered by a layer of powerful It is shrouded in an incomparable energy shield. This energy shield contains the power of the devil, so I cannot break through this protective shield. I have been thinking of ways these days, but I have never come up with a good way. I also I dare not invite someone slightly stronger than me to take action, otherwise I might not be able to get this string of demon necklaces. So last time in the dark night, I witnessed your devouring ability, and I immediately felt that you would be able to help me. , will be sealed

The energy shield of the demon necklace was absorbed and swallowed up. "

When Ye Feng heard what Luo Feifei said, he immediately understood everything.

"Let me give it a try."

Ye Feng nodded, walked forward, and soon arrived in front of the energy mask.

Buzz!

At this time, Ye Feng stretched out his hand and pressed it on the surface of the energy mask.

Ye Feng immediately felt that an extremely powerful ancient power was contained in this energy shield. It should be the power of the devil that Luo Feifei just mentioned.

"I can swallow this energy shield, but it may take some time."

Ye Feng spoke out at this moment.

"no problem."

Luo Feifei's beautiful eyes suddenly revealed a gleam, and she said loudly: "You just devour it slowly, I'm not in a hurry. This small abyss cave is a place I discovered privately, so no one else knows about it. You can safely devour it slowly."

Ye Feng nodded, and then began to release the Devouring Domain.

"Rumble..."

Suddenly, a large area of darkness spread out from Ye Feng's body.

It directly enveloped the energy mask.

"Swallow!"

The next moment, Ye Feng immediately began to activate the power of the Devouring Domain, continuously absorbing the ancient energy from the energy shield, swallowing it into his own body, and then began to digest it and increase his power.

I have to say that this matter is really a win-win situation for Ye Feng and Luo Feifei.

Ye Feng can swallow energy, strengthen and accumulate his own cultivation skills.

And Luo Feifei also achieved her goal.

At this moment, Luo Feifei, one of the top ten disciples of the outer sect of the Blue Sky Holy Land, stood aside, looking at Ye Feng's darkness devouring the domain, with deep surprise in his eyes at this moment.

Because this was really the first time she encountered a being with such a weird ability, and it was from a race that was recognized as weak, the human race.

Time passes quietly through your fingertips like quicksand.

A few days passed in the blink of an eye.

Under Ye Feng's constant devouring, the energy shield began to slowly become thinner, and finally only one layer remained.

At this time, Ye Feng also pushed away a lot of energy during the whole process, and his skill was greatly improved.

In the past few days, Ye Feng's cultivation has once again made a big breakthrough. From the previous fourth level to the sixth level of Taoism,

, has grown to the current level of Dao Zun Jiuzhongtian!

"Kacha kacha..."

At this moment, the energy mask finally began to shatter like a piece of glass.

"Very good!"

At this time, Luo Feifei ducked over from a distance, stretched out a small white hand, and directly grabbed the dark golden demon necklace revealed by the shattered energy shield into her palm.

"Buzz!"

Almost at this moment, a huge amount of demonic energy suddenly surged out from the demon necklace, and then enveloped Luo Feifei's entire figure, and the package entered a piece of black energy.

When Ye Feng saw this scene, his eyes couldn't help but show a look of surprise, looking at Luo Feifei who seemed to have been swallowed up by the demonic energy surging out of the demon necklace.

Ye Feng suddenly burst out with a powerful martial arts aura, seeming to be ready to help.

But at this time, Luo Feifei's voice came out from the mass of demonic energy: "Junior Brother Ye, don't worry, I'm not in any danger now, I'm just getting the initiation of the ancient demonic energy from the Demon God's Necklace, this is my The key to breaking through the current realm, Junior Brother Ye, just take a walk around and wait for a few days for me to completely transform."

At this time, after Luo Feifei's voice fell, the demonic energy suddenly fell into a closed state.

Obviously, Luo Feifei's entire transformation will take at least a few days.

At this time, Ye Feng nodded slightly, and then started to stand around, waiting for Luo Feifei's successful breakthrough.

"Boom!"

But suddenly at this moment, the altar not far away seemed to have lost its energy protection and suddenly exploded.

Ye Feng walked over and found a dark hole on the ground after the altar exploded.

And at the edge of the underground cave entrance, there is a stone staircase that seems to be man-made, leading to somewhere underground.

"There seems to be a cave underneath this abyss cave?"

Ye Feng looked at the stairs under the cave entrance and couldn't help but feel curious.

There is a cave under the altar, and I am afraid that even senior sister Luo Feifei doesn't know about it.

After all, it was the entrance to the passage that had just been revealed by the explosion of the altar.

"Sister Luo Feifei, I'm afraid it will take several days to completely transform. I just happened to go down and take a look to see what she has."

Ye Feng made up his mind and set off directly, walking carefully along the stairs towards the dark space inside the hole exploded under the altar.

Chapter 2024 Breaking through the Mysterious Dan Realm

Snap.

Snap...

At this time, he walked along the underground stairs toward the dark space beneath the ground.

Soon Ye Feng stepped under the ground.

The air here is extremely cold, almost bone-chillingly cold.

The entire underground space was dark.

The environment is very dark.

Ye Feng was now using the Divine Eye of Creation and could see the entire surrounding environment in the darkness.

At this time, Ye Feng hadn't walked for long when he suddenly saw decaying corpses appearing on the ground.

Most of these corpses are not from the human race, but from various major races.

They all died miserably, with dark bloody holes on their bodies, and their heads seemed to have been instantly pierced by some extremely sharp weapon.

This miserable death made Ye Feng feel a chill in his heart.

There must be something very terrifying existing in this dark underground space.

But what made Ye Feng's eyes brighten was that many of these dead strong men were wearing storage rings and storage bracelets.

Uh-huh!

Ye Feng stretched out his hand and immediately took off the storage rings.

At this time, Ye Feng was even more convinced that those who killed these powerful men were definitely not intelligent creatures, but some kind of terrifying and brutal monsters. Otherwise, it would be impossible for the storage ring to still be there after killing them.

"It's a pity that these strong men have been dead for too long, and all the blood and energy have been lost from their bodies."

While Ye Feng picked up the storage ring and storage bracelet, he was mentally vigilant about his surroundings, in case any terrifying monster suddenly jumped out of the darkness around him.

Ye Feng continued to move forward, happily picking up storage rings along the way.

"This trip was not in vain."

Ye Feng was very happy.

...

Half a day later.

Ye Feng already has nearly twenty storage rings and bracelets in his hands.

At this time, Ye Feng reached the end of the underground space.

At the end, there is a huge blood-red door standing there, and I don't know what is behind the door.

Ye Feng did not move forward at this time, because he subconsciously felt that there must be huge danger behind this blood-red door.

At this time, Ye Feng simply sat down and began to take out all the cultivation resources that could improve his cultivation from the storage rings he had picked up.

Ye Feng kept checking the storage rings one by one at this moment.

"Three thousand-year-old golden ginseng is quite fresh, not bad."

"The iceberg snow lotus, which exudes nine-color light, seems to be of high quality and should be able to provide considerable medicinal power."

"There is actually the Arhat Golden Pill in ancient Buddhism, which contains a lot of pure power..."

At this time, Ye Feng explored one by one and took out all the cultivation resources that were useful to him from the storage ring.

Soon a lot of cultivation resources were piled up on the entire ground in front of him.

"Start devouring!"

Ye Feng immediately released the devouring vortex and began to devour these free training resources.

"Rumble..."

Suddenly, surges of energy were injected into Ye Feng's body, rapidly increasing his power and cultivation.

Ye Feng spent the entire day and night practicing devouring.

His cultivation level finally broke through to the tenth level of the Taoist Realm, and he broke through the bottleneck and entered the fifth level of the Tao Realm, the Taoist First Level!

At this time, Ye Feng opened his eyes, his face filled with joy.

This time is really good, my cultivation has been greatly improved.

At this time, Ye Feng stood up and looked at the blood-red door in front of him. .??.

This blood-red door looked very strange, and Ye Feng did not check it rashly.

After all, the tragic death of those strong men along the way is really frightening.

But now Ye Feng knows that his cultivation level is not very strong. Exploring such strange places may be life-threatening at any time and is not cost-effective.

At this time, Ye Feng returned along the original path and returned to the previous Abyss Demon Cave.

He immediately saw that the demonic light around senior sister Luo Feifei had disappeared. She was floating in the sky with her eyes closed, and she was gestating a very huge aura.

Ye Feng waited there for three days and three nights.

Finally on this night.

"Boom!!"

A huge and boundless momentum instantly erupted from Luo Feifei's body at high altitude, causing the entire Abyss Demon Cave to shake violently.

"Breakthrough!"

Ye Feng immediately woke up from meditating and looked directly up into the sky.

At this time, Luo Feifei's whole body was emitting a blood-black light, and black lines began to appear on her beautiful face, giving people a strange and cold beauty.

Luo Feifei opened her eyes at this time and landed from high altitude.

She finally made a breakthrough and successfully transcended the seven levels of the Tao Realm, entered the Xuan Dan Realm above the Tao Realm, and successfully condensed the Heaven and Earth Xuan Dan.

at this time

, Ye Feng looked at the various strange phenomena on Luo Feifei's body, as well as the strange black lines flashing across his beautiful face.

Ye Feng felt in his heart that the true identity of this senior sister might not be as simple as he thought. She might not just be one of the top ten disciples of the outer sect.

At this time, Ye Feng immediately stepped forward, clasped his fists and said, "Congratulations, senior sister, for breaking through to the Mysterious Pill Realm!"

Luo Feifei was also in a good mood at this time, with a beautiful smile on her face, and said loudly: "Thanks to Junior Brother Ye this time, otherwise I wouldn't be able to get the Demon God Necklace, and I don't know when I will be able to break through the realm of Tao and step into Xuandan realm."

At this time, Ye Feng immediately smiled and said: "I also got huge benefits from that energy mask."

Hearing what Ye Feng said, Luo Feifei's beautiful eyes suddenly showed a hint of surprise, and she said aloud: "By the way, I was very surprised before, why can you cover the energy in the light?" The power of the demon has been devoured and refined, and it seems that Junior Brother Ye is not an ordinary human being."

Ye Feng smiled and said: "Everyone has their own secrets, and senior sister must have her own secrets, right?"

When Luo Feifei heard what Ye Feng said, she immediately smiled like a flower and said, "I don't force you to tell me, I will gradually know in the future."

At this time, Ye Feng suddenly said: "By the way, Senior Sister, during the past few days of your transformation, I discovered a mysterious underground space, just under this Abyss Demon Cave. Should we take a look? I am alone." No one dares to go too deep."

At this time, Ye Feng directly said that he had discovered the underground space. Now that Luo Feifei had broken through to the powerful Xuandan realm, Ye Feng felt that if he stayed with her, his safety would definitely be greatly improved.

As for the treasures and other things he got during the exploration process, Ye Feng felt that with his current level of cultivation, he would be satisfied just being able to follow Luo Feifei and drink some soup.

Chapter 2025 Lord of the Blood Demon

At this moment, Luo Feifei looked at the hole left after the altar exploded not far away, nodded and said: "It's really interesting that there is such an underground space under the Abyss Demon Cave, let's go and see it together. Bar."

Ye Feng nodded and followed Luo Feifei, a powerful Xuandan realm senior sister, into the underground space again.

"Buzz!"

At this time, Ye Feng saw that layers of bloody light emerged from Luo Feifei's beautiful eyes. ??

Apparently, Luo Feifei also practiced a kind of pupil technique, which allows her to see everything in the dark.

Ye Feng said at this time: "When I came down to investigate before, I had already reached the end of this underground space. Let's go directly to the end. There is a blood-red door there."

Luo Feifei nodded and said loudly: "Okay, let's go there directly."

Uh-huh!

Uh-huh!

The two of them quickly moved inside, and soon came to the blood-red door that Ye Feng had arrived at before.

Luo Feifei's eyes were fixed on the blood-red door at this time. She seemed to have thought of something, and suddenly said: "This seems to be the casting technique of the Blood Demon clan. I sensed a kind of blood-red door from this blood-red door." The breath of the blood demon clan."

Ye Feng's eyes showed a look of surprise, and he couldn't help but said: "If you put it this way, is behind this blood-red door the home of the Blood Demon Clan?"

Luo Feifei shook her head and said: "The blood demons generally live in the blood world, or in the wild forests where blood energy is very strong. It is impossible for the blood demons to survive in this underground place without any life. , may be some ancient ruins of the Blood Demon Clan."

At this time, Luo Feifei said, a blood-red sword appeared in his hand, and he slashed directly at the blood-red door in front of him.

"Boom!"

"Crack, click, click..."

Luo Feifei's cultivation is very powerful, and now that she has entered the Xuandan realm, she is even more powerful.

She just slashed with her sword and shattered the solid blood-red door.

The scene behind the blood-red door suddenly appeared in their sight.

"That is....."

At this time, the two saw a quite shocking scene.

Deep in the dark underground, there is a magnificent blood stream flowing
long river.

At the end of the bloody river, there stood a huge tombstone.

On that tombstone were written four ancient characters: Lord of the Blood Demon.

"Lord of the Blood Demon?"

Luo Feifei's beautiful eyes suddenly showed a trace of excitement: "Is this the burial place of the legendary Blood Demon Lord?"

Ye Feng looked a little confused and asked: "Is the Lord of Blood Demon very powerful?"

Luo Feifei nodded and said: "The Blood Demon Lord is the commander-in-chief of the entire Blood Demon Clan. Although I don't know which generation of commander the Blood Demon Lord buried in this big tomb is, since he can be called the Blood Demon Lord, Lord, that must be an extremely powerful being in the Blood Demon Clan. He once led the Blood Demon Clan for an era. You can imagine how powerful he was, and his cultivation during his lifetime must have been earth-shattering!"

When he said this, Luo Feifei immediately flew towards the end of the blood river.

Ye Feng also quickly followed.

"Crash!"

"Crash!"

But just when they flew over the Blood River, suddenly the water surface of the entire Blood River began to boil.

White bones and skeletons suddenly rushed out of the blood river, holding ancient and broken weapons in their hands. They were very strange, roaring and roaring, and rushed towards the two of them.

At this moment, Ye Feng punched a skeleton with his fist.

"when!"

The two collided, and the result was a roar like a metal bombardment.

"What a solid skeleton of white bones!"

Ye Feng couldn't help but look surprised.

His current powerful Chaos Body was actually unable to cause harm to these bones and skeletons.

"It's the skeletons left behind after the death of the Blood Demons. They have become evil spirits. Let's deal with these things first!"

Luo Feifei shouted and directly displayed a powerful inheritance.

"Boom!"

I saw a black divine light burst out from her body, and those black divine lights covered her body.

Covering hundreds of white-bone skeletons that rushed out, the entire bodies of these white-bone skeletons immediately disintegrated and shattered rapidly, falling from high altitude into the river of blood.

"As expected of the Xuandan realm! So amazing!"

Ye Feng saw Luo Feifei's powerful power and couldn't help but show a hint of envy in his eyes.

I don't know when I will be able to break through to the Xuandan realm.

At this time, Luo Feifei instantly eliminated all the bones and skeletons and arrived at the big tomb at the end of the blood river.

She was very brave, and she slashed at the entire tomb with her sword.

"Boom!"

The entire tomb exploded all of a sudden!

Uh-huh!

But suddenly at this moment, a blood-red light rushed out from the broken tomb and instantly entered Luo Feifei's eyebrows.

"No! It's the soul of the Blood Demon Lord!"

Luo Feifei's beautiful face immediately turned a little ugly.

And the next moment.

Her whole body suddenly became stiff.

An ancient hoarse voice sounded in his mind: "You are actually a descendant of the Demon Blood Tribe, which is not bad. I will take your body away from you, and you can come back to the world in the future."

At this time, Luo Feifei looked at Ye Feng, who was walking not far away, and immediately couldn't help shouting: "Don't come near me! I have been mentally controlled by the Lord of Blood Demon! I will be taken away soon." Give it up! Junior Brother Ye, hurry up and run away! After returning to Qingtian Holy Land, tell the superiors of the sect that I will no longer be me, but the Lord of the Blood Demon!"

At this moment, Luo Feifei knew that she had no chance.

Because she couldn't resist the spirit of an ancient powerful man like the Blood Demon Lord.

Uh-huh!

But at this time, Ye Feng immediately stepped in front of Luo Feifei, and then pointed at Luo Feifei's eyebrows.

Luo Feifei's beautiful eyes were surprised, staring at Ye Feng, and said loudly: "Junior Brother Ye, you..."

A confident smile appeared on Ye Feng's face and he said, "Senior sister, don't worry, I'll save you."

boom!

Now although the soul gem is trapped in

He fell into a deep sleep, but Ye Feng had a sinful eye.

"Lord of the Blood Demon! Destroy it for me!"

At this moment, Ye Feng stood in front of Luo Feifei and suddenly made a majestic voice.

At this time, Ye Feng's eyebrows cracked, and a third dark eye appeared. A dark light enveloped Luo Feifei's head.

"Boom!"

Almost at the next moment, a majestic dark emperor appeared in Luo Feifei's soul world.

At this moment, the Dark Emperor is the incarnation of Ye Feng.

Ye Feng saw that in Luo Feifei's soul world at this time, the Lord of the Blood Demon was a red soul several hundred meters tall, and was now robbing Luo Feifei's soul control.

"What is this?!"

The spirit of the Blood Demon Lord suddenly turned around and saw the Dark Emperor transformed by Ye Feng, which meant that he was so frightened that he trembled all over.

"Destroy it!"

Ye Feng didn't say any nonsense. He directly released the power of the Dark Emperor. A huge hand that covered the sky directly bombarded him, crushing the blood demon master's soul in one fell swoop.

"Buzz!"

The next moment, Ye Feng directly absorbed the fragments of the Blood Demon Lord's soul.

His soul power has increased significantly.

The soul power increased directly from the previous 11,600 level to the 12,000 level!

"The soul of this Blood Demon Lord is really a great supplement."

Ye Feng couldn't help but thought to himself quite happily at this time.

But at this time, the danger was lifted.

The Dark Emperor incarnated by Ye Feng came out of Luo Feifei's soul world and returned to Ye Feng's body.

The sinful eyes revealed at that moment were hidden by Ye Feng again between his eyebrows.

But at this time, Luo Feifei suddenly opened her eyes and stared at Ye Feng in front of her, with a look of deep shock on her beautiful face.

At this time, she recalled the shocking Dark Emperor who appeared in her soul world, and was even a little scared. She couldn't help but said aloud: "Junior Brother Ye, you...are you the dark overlord race hidden in the human race?"

Chapter 2026 Great Blood Qi Technique

The Dark Emperor who appeared in his soul was full of unparalleled shock, and indeed made Luo Feifei, one of the top ten disciples of the outer sect, feel a deep sense of fear.

At this moment, Luo Feifei did not know the true identity of the Dark Emperor, but she herself was a demon-blooded race similar to the demon race, and was very sensitive to the dark race.

Luo Feifei could deeply feel that the dark will contained in Ye Feng was like a superior dark overlord, full of unparalleled dark pressure.

That's why Luo Feifei blurted out at this time and asked Ye Feng if he was a descendant of the dark overlord race.

Ye Feng smiled slightly at this time and said aloud: "This is an eye of the dark race that I refined. It contains the will of a super strong person of the dark race, so it makes you feel a little scared, but it is actually very ordinary. "

In fact, although Ye Feng's words were very ordinary, Luo Feifei's eyes were full of surprise and uncertainty.

She is not a fool, and she knows very well how terrifying it is to be able to crush the eyes of the Blood Demon Lord in one go.

However, Luo Feifei was full of affection for Ye Feng at this time, because at the critical moment, Ye Feng not only did not escape, or killed her and betrayed her, but instead rescued her. This shows that this human boy is a trustworthy person. partner.

Only in times of adversity can we see a person's true nature.

At this time, Luo Feifei didn't say anything more, but said to Ye Feng: "Junior Brother Ye, I owe you a life-saving favor."

Ye Feng smiled and said: "I just did it casually, and this time my senior sister brought me here, I gained a lot, and my cultivation level also increased a lot. It's already very good." I'm satisfied, but if there's anything good you can do next time, senior sister, remember to take me with you."

When Luo Feifei heard what Ye Feng said, she couldn't help showing a beautiful smile and said, "Okay, I will remember you if there is any good in the future."

When she said this, Luo Feifei's face suddenly became a little solemn, and she said aloud: "But Junior Brother Ye, your current cultivation level is indeed a little weaker. If you want to be in the Blue Sky Holy Land, in the Four Domains and the Frost Kingdom, To stand out in the northern region, your cultivation level must be improved quickly. At least you must quickly strive to break through to the final level of the Dao Realm. Only by transcending the Dao Realm and stepping into the Xuandan Realm can you truly be regarded as a slightly stronger person. A bit of a master."

At this time, Luo Feifei said, and then walked towards the tomb of the Blood Demon Lord in front.

The Blood Demon Lord's graveyard had been chopped into pieces by Luo Feifei's sword, revealing the scene inside.

It turned out to be an underground palace, filled with various splendid buildings and some ancient bronze coffins. It looked like a kingdom of death, which was quite shocking.

Luo Feifei and Ye Feng walked directly to

below.

Luo Feifei spoke out at this time: "Junior Brother Ye, although the soul of the Blood Demon Lord has been destroyed, there must still be unknown dangers hidden in the tomb space underneath. You must be careful."

Ye Feng nodded, dissipating his majestic soul power, always alert to his surroundings.

At this time, Ye Feng suddenly seemed to notice something and immediately flew away in a certain direction.

When Luo Feifei saw Ye Feng flying in that direction, her eyes moved and she quickly followed.

Soon the two of them arrived at the deepest part of the underground palace.

In the deepest part of the underground palace, there is a huge statue.

This statue is the sculpture of the Blood Demon Lord. It is very majestic and huge, and looks full of momentum.

"Boom!"

The moment Ye Feng arrived, he punched out directly, and the entire sculpture of the Blood Demon Lord was immediately shattered into pieces.

Snap!

And at the next moment, something that looked like an iron scroll fell from the broken sculpture and fell to the ground, making a crisp roar.

"What's this?"

Luo Feifei's eyes moved and she immediately stared at the Iron Scroll of the Alchemy Book.

"I don't know what it is, but I feel the strong soul power activity emanating from it."

Ye Feng made a sound at this time, then squatted down and took the iron scroll of the alchemy book in his hand.

At this time, Luo Feifei's graceful and graceful figure also came over, approached Ye Feng, and stared at the iron scroll of the elixir in Ye Feng's hand.

Buzz!

At this time, Ye Feng tried to inject a trace of soul power into the iron scroll of the alchemy book in his hand, and there was an immediate reaction.

On the dark surface of the alchemy scroll, four bloody words suddenly appeared: Great Blood Qi Technique.

"Great Blood Qi Technique?"

Ye Feng's eyes showed a look of doubt.

"This is actually a great blood energy technique!"

At this time, Luo Feifei, who was standing aside, immediately revealed a look of excitement in her beautiful eyes.

She couldn't help but said aloud: "This is one of the three thousand great ways that exist naturally in the universe! The Great Blood Qi Technique is the clan-suppressing art of the Blood Demon Clan!"

At this time Luo Feifei said, suddenly took out her storage ring

He picked up an ancient book, and then he began to flip through it quickly, seeming to be looking for records about the Great Blood Qi Technique.

"found it!"

Soon Luo Feifei found the record of the Great Blood Qi Technique.

She looked at the introduction in the book and said aloud: "The Great Blood Qi Technique is one of the three thousand great ways in the universe. It ranks 455th. It is a very powerful great art. Once By using the Great Blood Qi Technique, you can generate endless qi and blood in your body out of thin air. When your combat power is exhausted, or at the critical moment when you finally break through in seclusion, you can activate the Great Blood Qi Technique, allowing you to instantly gain ten points out of thin air. His blood energy, several times his own, returned to its peak state in an instant..."

At this time, Luo Feifei looked at the records in the book and kept talking. .??.

Ye Feng, on the other hand, fell into thinking.

A long time ago in the low-level universe, Ye Feng was exposed to the art of three thousand avenues.

The art of the Three Thousand Great Dao is the most original Taoist art in the universe. It can be said that most of the inheritance and techniques in the world are derived from the Three Thousand Avenue.

Therefore, these three thousand Tao techniques are the most original and primitive Tao techniques.

Since Ye Feng has been practicing all the way, he has actually learned a lot of the techniques of the Three Thousand Dao.

At this time, Ye Feng has accumulated a lot of great arts, including the 18th-ranked Great Darkness Technique, the 19th-ranked Great Sealing Technique, and the 2342nd-ranked Great Blood Spell. There is also the large cutting technique ranked 2678th.

Ye Feng no longer remembers how he learned the Great Darkness Technique and the Great Blood Spell.

But Ye Feng still remembers that the Great Sealing Technique was taught to him by Xiao Yao in the Queen's Picture.

There is also the large cutting technique, which was transformed from the iron painted silver hook among the three sword techniques that Uncle Nan once taught Ye Feng, and then Ye Feng understood it.

Of course, in addition to these, Ye Feng himself gradually cultivated a brand-new technique that was completely out of the Three Thousand Dao Technique, and that was the Power Technique.

However, the Great Power Technique was named by Ye Feng himself, and it was not any of the three thousand great techniques passed down from ancient times.

Moreover, the Great Power Technique is still in its infancy, and Ye Feng has been constantly filling in the gaps, trying to fully shape it and truly become an unparalleled great power technique.

And just when Ye Feng was thinking secretly.

Luo Feifei on the side suddenly said: "Junior brother Ye, this is a very precious set of three thousand avenues. The great blood energy technique ranks 455th. It ranks very high. There are only two of us in this thing. You know, you must not let other people know, otherwise it will definitely cause a stir

Coveted by some strong men. "

Ye Feng nodded and said aloud: "I know this, so let's understand this great blood energy technique here."

Luo Feifei nodded, and then the two of them sat down cross-legged around each other and began to comprehend the great blood energy technique on the iron scroll of the alchemy book.

Time passed minute by minute.

Seven days and seven nights passed in the blink of an eye.

On this day, Ye Feng and Luo Feifei both opened their eyes at the same time.

They have initially imprinted the secret of the Great Blood Qi Technique into their souls, and they only need to continue to understand and perfect it.

"Crack!"

At this time, Ye Feng's palm suddenly exerted force and directly crushed the iron scroll of the Alchemy Book that recorded the Great Blood Qi Technique.

As long as the iron scroll of the alchemy book is crushed, the great blood energy technique will forever belong to Ye Feng and Luo Feifei.

"Rumble..."

Suddenly at this moment, the entire underground palace shook violently.

"This place should collapse."

Luo Feifei said aloud, and then she and Ye Feng flew quickly towards the underground palace.

When they came out, the entire geographical palace had completely collapsed and became an underground ruin.

At this time, Ye Feng looked at the long bloody river outside and said loudly: "Senior sister, next I will swallow up all the blood energy in this long bloody river. After all, the blood energy in this blood river is still very majestic and vast. , should be able to improve me a lot."

Luo Feifei nodded immediately, then flew high into the sky and said, "I will protect you, Junior Brother Ye."

At this time, Ye Feng expressed his gratitude, and then immediately stood on the edge of the bloody river and began to release his Devouring Domain.

"Rumble..."

The entire dark devouring realm suddenly enveloped the entire bloody river, and Ye Feng immediately felt waves of pure and majestic blood energy being injected into his body.

At this moment, his skill and cultivation were increasing rapidly.

At this time, high in the sky, Luo Feifei looked at Ye Feng who was swallowing the entire bloody river below, and couldn't help but murmured, "Junior Brother Ye's devouring ability is comparable to the sixth-ranked devouring ability among the three thousand avenues. The techniques are quite similar, but the Great Devouring Technique is much more powerful than his devouring ability. Junior Brother Ye can only swallow things with energy, while the Great Devouring Technique can swallow everything with and without energy. All living or inanimate bodies will be swallowed up..."

Chapter 2027 The Temple of Fate

In the end, Ye Feng swallowed up the entire bloody river.

And his cultivation level also skyrocketed from the fifth level of Dao Sage, First Heaven, to the Dao Saint Sixth Heaven!

This made Ye Feng very surprised. He did not expect that this blood river contained such a huge amount of blood energy.

It seems that after the death of the Blood Demon Lord, many vampires were buried in this long river as burial objects, which is why such a huge blood river was created.

But at this time, all the blood in the blood river was swallowed up by Ye Feng. The river water had become very clear and lost all the blood.

At this time, Luo Feifei landed from high altitude, with a hint of surprise in her beautiful eyes, and said loudly: "Junior Brother Ye's devouring ability is truly unparalleled. With this ability, as long as you are given time, I believe you will achieve extraordinary achievements in the future. Of course, the premise is that you'd better not provoke some giants, otherwise you are likely to die midway."

When Ye Feng heard what Luo Feifei said, his eyes flashed slightly and he said loudly: "Sister, are you reminding me not to provoke the gods?"

Luo Feifei nodded, quite solemnly, and said: "The Association of Gods has a very profound foundation. It is the largest disciple faction in our Qingtian Holy Land, and the president of the Association of Gods, Xiao Tianshen, is an extremely terrifying guy. He is very famous in the Alliance of Frost Kingdom and the Four Domains. After all, he is known as one of the four top young talents in the Four Domains. He can be said to be the top existence of the young generation, which is very terrifying. "

When Ye Feng heard what Luo Feifei said, he nodded slightly, then fell silent without saying anything more.

Among Ye Feng's principles, he has a fearless heart.

As long as others don't provoke you, you won't take the initiative to provoke others.

But if anyone dares to offend him and wants to kill him, then Ye Feng will naturally not be polite and will directly treat him in his own way. No matter how extraordinary the identity and status of the other party are, Ye Feng will not be polite at all. We must also fight back hard and fight back hard.

But when Ye Feng became silent, Luo Feifei thought Ye Feng was scared. She smiled slightly and said, "Come on, work hard, I believe your future will be brilliant."

Ye Feng smiled, then changed the subject and asked aloud: "Senior sister has broken through to the Xuandan realm this time. It seems that after returning to Qingtian Holy Land, she should be certified as an inner disciple, right?"

Luo Feifei shook her head and said aloud: "Without certification for now, with my current cultivation level, if I can participate in the next outer sect trial, I will definitely be able to get a lot of good things in the trial, surpassing others." Outer sect disciples, even the other nine of the top ten outer sect disciples are no longer my match. If I become an inner sect disciple seriously, I won't be able to participate in the next outer sect trial."

When Ye Feng heard what Luo Feifei said, he couldn't help but nodded and said: "This is indeed the best choice to maximize the benefits."

The two of them were talking as they walked outside.

Soon they left the underground space, returned to the Abyss Demon Cave, and then flew high into the sky, leaving the Demon Cave area.

They didn't stay too long and soon returned to Qingtian Holy Land.

At the entrance of Qingtian Holy Land, Luo Feifei stopped, looked at Ye Feng beside her, and suddenly said: "Junior Brother Ye, give me your identity token."

Ye Feng had some doubts in his eyes, but he still took out his identity token and placed it in Luo Feifei's fair and slender hand.

At this time, Luo Feifei also took out her identity token, and then used her identity token to scratch Ye Feng's token.

Swish

!

At this moment, the contribution points on Ye Feng's identity token immediately changed from zero to three thousand.

At this time, Luo Feifei returned Ye Feng's identity token to Ye Feng, smiled and said: "You helped me a lot this time, and you also found the Great Blood Qi Technique. I will pay you three thousand Contribution points as my reward for you."

Ye Feng took over his identity token and was quite happy.

Because the contribution points in a big force like Qingtian Holy Land are extremely precious.

In the past, Ye Feng could easily get a lot of contribution points from those small factions and sects, and he could even use some cultivation resources to exchange for contribution points.

But this is not the case in Qingtian Holy Land.

Contribution points in the Blue Sky Holy Land are very difficult to obtain, and Ye Feng doesn't even know how to obtain them.

So now Luo Feifei gave Ye Feng three thousand contribution points at once, which was a very heavy gift.

At this time, Ye Feng immediately smiled and said: "Thank you, senior sister, for your contribution. It seems that I can go to the martial arts hall of Qingtian Holy Land to choose some powerful martial arts to practice."

Luo Feifei said with a smile: "Go ahead, I also want to go back to retreat to stabilize my cultivation."

After saying that, Luo Feifei's figure had disappeared.

Ye Feng did not return directly to his residence. He walked directly towards the most prosperous place in Qingtian Holy Land.

The most prosperous place in Qingtian Holy Land is in the northwest area of the Holy Land.

There are very tall and majestic buildings built here, including towering pavilions, majestic halls, palaces floating in mid-air, etc.

This is the most prosperous trading area in Qingtian Holy Land.

There are pill halls, martial arts halls, training towers, and places where various puppets, talismans, elixirs, etc. are sold.

Even if you have enough contribution points, you can purchase various powerful battle pets, servants, etc. here.

Many racial slaves who were defeated outside the Frost Kingdom and the Four Territory Alliance will appear here.

It can be said that this is the black market of Qingtian Holy Land. As long as you have Holy Land contribution points, you can buy almost anything.

For this kind of black market, the upper echelons of Qingtian Holy Land basically turn a blind eye.

At this time, Ye Feng came to the black market of Qingtian Holy Land.

He has two purposes.

The first one is to sell some resource treasures on his body. Before, Ye Feng was in the underground world of the Abyss Demon Cave, but he picked up many storage rings of strong people. There were also many things in them that Ye Feng could not use, such as some Although Ye Feng looked down upon good combat soldiers, ancient magic weapons, and some high-level inheritances, there were always some ordinary disciples, such as some handyman disciples, who still regarded them as treasures.

After Ye Feng came to the black market, he sold all the things he didn't need and got a lot of divine crystals.

Afterwards, Ye Feng went to the martial arts hall and began to use the three thousand contribution points he received to choose a martial arts inheritance that suited him.

Now, with the improvement of Ye Feng's cultivation, he found that the inherited martial arts he had practiced in a small place could no longer keep up with his own use, and the power he exerted was getting smaller and smaller.

Therefore, now only more advanced inherited martial arts can greatly enhance one's combat power as much as possible.

For example, the Heavenly Reincarnation Technique, the Feathering Ascension Technique, etc. that Ye Feng learned before, but now that Ye Feng uses them, he can only strengthen his combat power by one or two times at most.

And if Ye Feng can obtain a more advanced martial arts inheritance, after using it, he may be able to explode three to four times or even five to six times the combat power.

Moreover, higher-level martial arts inheritance represents higher-level mystical energy.

In the martial arts hall, Ye Feng spent nearly an entire afternoon, and finally spent a thousand contribution points to purchase a set of martial arts inheritance at the Xuandan level that surpassed the Dao realm, the Dragon Demon Heaven Slaughtering Fist. .

This is a very domineering and fierce boxing technique. After you have mastered it to a great level, you can punch the Dragon Demon into the sky with one punch, which can shatter the entire sky. It is a boxing technique created by an ancient strong man called Dragon Demon Master. Very powerful.

Ye Feng himself is an extremely powerful Chaos Body, so his first choice is this fierce and domineering body punch, which is very suitable for him.

Next, Ye Feng went to the Divine Weapon Hall and spent another thousand contribution points to buy a black gold spurge that was said to have been stained with the blood of the Demon Emperor. It was a very powerful ancient weapon.

The reason why he bought the weapons was because the Emperor Suppressing Tower in Ye Feng's hands was no longer enough for Ye Feng to use against the enemy. The grade was too low.

Ye Feng used the last one thousand contribution points to buy many pills to increase his cultivation skills, including the Dragon Blood Great Return Pill, the Demon Essence Blood Pill, the Great Buddha Relic and so on. .??.

This made Ye Feng realize that in the black market of Qingtian Holy Land, as long as you have enough contribution points, you can really buy anything.

There is nothing you can't think of and nothing you can't buy.

After Ye Feng spent all his contribution points and gained a lot, he returned directly to his place of residence, closed the door, and began to practice in seclusion.

What Luo Feifei said before made Ye Feng know that he is indeed as small as dust in the Blue Sky Holy Land, in the entire Frost Kingdom and the alliance of the four regions.

Once you mess with some strong person or behemoth, you may be instantly wiped out by others at any time.

So what Ye Feng needs most now is to comprehensively improve his strength.

At this time in the room, Ye Feng took out all the pills he bought and swallowed them one by one.

Ye Feng's body is like a big oven, so he doesn't need to refine them one by one, he just swallows them all, just like eating fried beans, very casually.

"Rumble..."

More than a hundred pills were consumed, and they were pills with different energy attributes.

It was a kind of terrifying chaotic medicinal power that exploded directly in Ye Feng's entire body.

If this scene were seen by others, it would probably shock the eyes of countless people.

Because swallowing more than a hundred elixirs with different power attributes at once, let alone Taoist warriors, even powerful beings who have surpassed Taoist realm would not dare to do so. It is really too dangerous.

Because there are many different types of power mixed together, it is very likely to explode directly, directly blowing the whole person to pieces.

But there is no such danger in Ye Feng. Ye Feng is running the furnace of creation at this time, turning his entire body into a super melting pot, which can accommodate the power of all attributes and quickly devour it, like streams of different attributes. The power of the medicine quickly integrates into your body, strengthening your cultivation and body.

"boom!"

The fifth level of Taoist Saint Seventh Heaven!

"boom!"

\u003e

The fifth level of Taoist Saint Eighth Heaven!

"boom!"

The fifth level of Taoist Saint Ninth Heaven!

"boom!"

The fifth level of the Taoist Saint, the Tenth Level of Heavenly Perfection!

At this time, Ye Feng still had nearly half of the medicine in his body that had not been digested.

This surprised Ye Feng himself.

Sure enough, in the Blue Sky Holy Land, contribution points are very valuable. I bought these elixirs with 1,000 contribution points. I didn't expect them to be so effective.

At this moment, Ye Feng's cultivation level is still making breakthroughs.

"boom!"

Sixth level half-step emperor!

"boom!"

The sixth level of Dao Emperor, First Heaven!

Finally, the remaining medicinal power successfully pushed Ye Feng's cultivation through a major bottleneck, and finally stepped into the sixth level of the Tao Realm, the first level of the Tao Emperor!

I have to say that the speed of this breakthrough is simply terrifying.

If Luo Feifei were here, I'm afraid they would be shocked by Ye Feng's rapid progress.

Next, Ye Feng began to take out the "Dragon Demon Slaying Fist" inheritance book at the Mysterious Dan level that he had purchased, and began to read and understand the secrets in it.

In addition, the black gold spurge Ye Feng purchased, which was said to be stained with the blood of the Demon Emperor, also began to input his own power for refining.

As time passed by, Ye Feng's comprehensive strength was rapidly accumulating and getting stronger.

In the early morning of this day, there was a knock on Ye Feng's door.

Ye Feng stood up and opened the door. A graceful and beautiful figure stood outside.

It turned out to be Luo Feifei, one of the top ten disciples of the outer sect.

Ye Feng did not ask Luo Feifei how she found her residence. After all, for this senior sister, it was a very simple matter.

Luo Feifei didn't say much at this time. She just pulled Ye Feng towards a certain direction and said loudly: "Junior brother Ye, my master wants to see you. My master is the six major temples of Qingtian Holy Land and the Temple of Destiny. 'Master of the temple, you must seize this opportunity.'"

Luo Feifei's master?

The six major temples of Qingtian Holy Land?

The Lord of the Temple of Fate?

When Ye Feng heard Luo Feifei's sudden voice, he couldn't help but look stunned, and couldn't help but ask: "Senior sister, how did your master know about me, a little disciple?"

Luo Feifei said aloud: "Master asked me about my experience some time ago, and I accidentally mentioned you, but I didn't tell you the secret of having the eyes of a dark overlord race and your devouring ability. I just said You helped me a lot, and then Master suddenly became very interested in you. If you want to meet you, you must seize this opportunity. My Master is one of the six major temples of Qingtian Holy Land. The master of the Temple of One's Destiny, both in terms of his own strength and cultivation, and his power in the entire Blue Sky Holy Land, are extremely huge. You have now offended the Association of Gods. With Ye Mo and Gu Cang's death, I estimate One day, you will be found out. If you can let my master accept you as a disciple, the gods will be afraid and will not deal with you openly. "

When Ye Feng heard what Luo Feifei said, he nodded slightly and said, "Thank you, senior sister, for thinking so carefully for me."

Luo Feifei looked at Ye Feng, a smile appeared on her beautiful face, and said loudly: "Next, you should behave well. If you can make my master, the Master of Fate Palace, take notice, then our relationship will be better in the future. Closer."

Chapter 2028 The Lord of Fate Palace

Under the leadership of Luo Feifei, Ye Feng soon arrived at the Temple of Destiny.

A large hall exuding divine light stands high in the sky, exuding an aura of nobility that makes people unable to help but worship.

It was as if there was a god living in that majestic hall, giving people a feeling of looking up to him.

At this time, Ye Feng saw that there were many disciples with powerful auras moving around the Temple of Fate.

It can be seen that all the disciples are female disciples.

This scene made Ye Feng feel a little surprised.

At this time, Luo Feifei said aloud: "Our Fate Temple has recruited female disciples since ancient times, because my master is the only female temple master among the six temples, but this time, Junior Brother Ye, you are an exception, so This is the first time in many years that I have seen Master want to meet a male disciple, and he is a new disciple with a weak cultivation level like you, who has just entered Qingtian Holy Land."

At this time, Ye Feng followed Luo Feifei into the area of the Temple of Destiny.

Many female disciples from the Fate Temple around could not help but look in Ye Feng's direction and point.

There were strange and surprised looks on their faces.

Because in so many years, this is the first time that a male disciple has entered the area of the Fate Temple.

At this time, Luo Feifei and Ye Feng were walking within the area of the Temple of Destiny.

This scene attracted the attention of many female disciples of the Fate Temple.

Many people stared at Ye Feng, secretly guessing about the identity of this young male disciple who could actually get the Master of Fate Hall to allow him to enter the Fate Temple area.

At this time, Luo Feifei had already led Ye Feng to the innermost hall of the Temple of Fate.

At this time, Luo Feifei said aloud: "My master is inside, you can go in alone."

Ye Feng nodded, with a twinkling look in his eyes, and walked directly into the hall.

In the main hall, stood a cold and charming woman with unparalleled beauty, wearing a white robe, looking both cold and cool.

Presumably this one is the Master of Fate Palace of Fate Palace.

He is a very powerful big shot.

Ye Feng immediately clasped his fists and said, "Disciple Ye Feng, I have met the Master of Fate Hall."

The master of Fate Hall said: "My name is Leng Qingxue, you can just call me Senior Leng."

Ye Feng's eyes flashed, and he immediately clasped his fists and said, "Senior Leng."

Leng Qingxue nodded slightly, staring at Ye Feng with her cold eyes.

, said aloud: "Don't you think it's strange? I just heard Luo Feifei talking about you, so I summoned you, and you are the first male disciple I summoned."

Ye Feng nodded truthfully and said, "This disciple is indeed very strange."

A hint of smile appeared on Leng Qingxue's cold face, and she said aloud: "Because I am also a human race, and, like you, I come from the Feathered God Sect in the human race territory. In other words, we are in a certain sense People of the same clan and family as above."

"Senior Leng also comes from the Ascension Gate?"

At this time, Ye Feng's face immediately showed a very wonderful look, and he finally realized it.

No wonder this high-ranking master of the Temple of Fate suddenly summoned him.

It turns out that he is from the same human race as himself, and he also comes from the Yuhua Shenmen.

The cold and charming female senior in front of me turned out to be a senior of the Yuhua Shenmen.

At this time, Ye Feng immediately felt an inexplicable sense of intimacy.

Because not only are they the same human race, but they also come from the same place.

At this time, Leng Qingxue continued to speak: "The recommendation token that allows you to enter the Qingtian Holy Land was also given to the supreme leader of the Yuhua Shenmen who came over at that time."

When Ye Feng heard Leng Qingxue, the master of the Temple of Destiny, say this, he immediately said, "Thank you, Senior Leng, for your support."

Leng Qingxue shook her head with a smile and said: "It doesn't have to be like this. I'm just taking care of the younger generations of our human race. But if your talent is not strong, I won't take care of you. So, you have to rely on your own efforts for everything." Got it."

When Ye Feng heard what Leng Qingxue said, he secretly understood in his heart that the master of the Temple of Fate in front of him was not someone who liked to flatter, but someone who liked real and capable juniors.

This made Ye Feng feel a lot more at ease.

The senior Leng in front of him is a reliable person.

At this time, Leng Qingxue suddenly spoke up: "I don't know your specific strength and talent yet, but after what Luo Feifei said, you should be pretty good. In addition, we both come from the Yuhua Shenmen. So now I want to accept you as my apprentice, what do you think?"

Ye Feng thought for a moment and said, "Okay, I am willing to become Senior Leng's apprentice."

First of all, Leng Qingxue is also a human race, and also comes from the Yuhua Shenmen, which makes Ye Feng feel like

It feels cordial, like seeing family.

In addition, this Leng Qingxue, as the master of the Destiny Temple of the six major temples of the Blue Sky Holy Land, has earth-shattering cultivation strength. If he can become her disciple, it will be beneficial to his subsequent training and his future career in the Blue Sky. The safety of the Holy Land is of great help.

In addition, Emperor Chu shouted in Ye Feng's mind at this time: "Ye Feng! Agree to this powerful woman's request to accept you as her disciple! I feel a sense of destiny from this Leng Qingxue's body, this woman has definitely practiced the legendary Little Fate Technique, and the Little Fate Technique is the prototype of the Great Fate Technique that ranks first in the Three Thousand Dao of Heaven! You must learn the Little Fate Technique from her! There is an extremely profound connection between the Great Destiny Technique that has disappeared in all the worlds for countless years!"

Emperor Chu's words made Ye Feng more determined in his choice.

So at this time, Ye Feng did not hesitate for too long and directly agreed to accept Leng Qingxue as his disciple.

Leng Qingxue was quite happy when she saw Ye Feng agreeing, and said loudly: "After so many years, Yuhua Shenmen finally has a disciple who can catch my eye. Okay, then I will accept you as my disciple." , as long as you work hard, I will train you well and show your prestige to the Ascension God Sect and the human race."

Ye Feng immediately clasped his fists and said, "Thank you, Senior Leng!"

Leng Qingxue glanced at Ye Feng and said, "Do you still call me Senior Leng now?"

Ye Feng immediately changed his words: "Meet the Master!"

"good."

Leng Qingxue nodded, then took out a pill that exuded an icy cold air from his storage ring, and said: "This is a very high-quality enlightenment pill. I give it to you, and treat it as a disciple." present."

Ye Feng took this extremely high-quality Enlightenment Pill with a hint of surprise in his eyes.

It happened that during this period, Ye Feng was practicing the powerful inherited Dragon Demon Heaven Slaying Fist he had just purchased.

With such a high-quality Enlightenment Pill, it seems that he will soon be able to master the Dragon Demon Heaven Slaying Fist to great perfection.

At this time, Leng Qingxue looked at Ye Feng. Suddenly, a gleaming strand of hair fell off from her black hair. It also exuded a faint fragrance and was suddenly wrapped around one of Ye Feng's fingers. superior.

Ye Feng's eyes moved and he couldn't help but ask: "Master, what is this?"

Leng Qingxue's deep eyes could not clearly see what she was thinking, but she just said aloud: "Just leaving this hair on your finger is a sign of becoming my disciple."

levy. "

Becoming a symbol of Leng Qingxue's disciples?

Ye Feng listened to what Leng Qingxue said at this time. Although he nodded, he always felt that it was strange that this special hair was wrapped around his finger, and it might have other meanings.

But it doesn't matter to Ye Feng. Anyway, now that he has become Leng Qingxue's disciple, it is equivalent to having a big backer in Qingtian Holy Land. This is a good thing.

At this time, Leng Qingxue glanced at the hair wrapped around Ye Feng's fingers. An inexplicable meaning seemed to flash through her cold and deep beautiful eyes, and she said: "Okay, you go out first. If there is anything next, You can come to me for answers to any cultivation problems at any time, but one thing is, if you dare to use my name to do evil, I will definitely not forgive you. "

Ye Feng immediately clasped his fists and said, "Disciple knows!"

After saying that, Ye Feng turned around and left the temple.

After walking out of the hall.

Luo Feifei immediately ran over outside and couldn't help but asked: "Junior brother Ye, how are you? How are you?"

Obviously Luo Feifei was a little anxious waiting outside.

Ye Feng smiled slightly at this time and said aloud: "I have now become Master's disciple."

When Luo Feifei heard what Ye Feng said, she immediately jumped up with joy. Her beautiful eyes were full of brilliance and she couldn't help but said: "Ye Feng, from now on we will be the brothers and sisters of the same master. I I will take good care of you!"

At this time, Luo Feifei said, stretched out her fair and slender hands and put them on Ye Feng's shoulders, feeling like a sister taking care of her younger brother.

"This is....."

But at this moment, Luo Feifei suddenly noticed the shining hair wrapped around Ye Feng's fingers.

She suddenly thought of something and couldn't help but change her face.

But soon Luo Feifei put away this color and looked at Ye Feng in front of her with an inexplicable and strange look in her eyes.

Ye Feng was looking at the scenery around the Temple of Fate at this time, and did not notice Luo Feifei's face next to him that suddenly changed and suddenly returned to calm.

"It's time for me to leave."

At this time, Ye Feng was anxious to use the high-level Enlightenment Pill he had just obtained to learn the Dragon Demon Sky Slayer Fist, so after saying goodbye to Luo Feifei, he walked towards his residence.

But before Ye Feng could return to his residence, he was surrounded by a group of strange disciples with unkind expressions on the way.

Chapter 2029 Mission Valley

The group of strange disciples surrounding Ye Feng at this time were obviously coming with bad intentions.

They all had a hint of coldness on their bodies and stared at Ye Feng.

Moreover, the cultivation aura of this group of strange disciples is very powerful.

Obviously he is not a new disciple, but a veteran disciple in the outer sect. His cultivation is the sixth level of the Tao Realm, the Tao Emperor, the Tenth Heavenly Perfection, and there is even a seventh-level Taoist, the First Heavenly Level. exist.

Ye Feng looked at this group of strange disciples at this time. Although he knew that the other party was coming with bad intentions, he still looked very calm and said, "What's the reason for stopping me?"

An old disciple in green clothes said: "We are members of the Black God Alliance, and most of them are composed of the Black Armor clan. We now suspect that Ye Mo, who suddenly disappeared from our Black Armor clan, has something to do with you. Someone saw you having a conflict with Ye Mo before, so now you have to go with us and cooperate with the investigation. "

Ye Feng said coldly: "You don't have any evidence and you want me to cooperate with your investigation? This is impossible. Even if the Law Enforcement Hall comes, I will not cooperate. Don't waste my time."

After saying that, Ye Feng walked directly towards the distance.

"Young boys from the human race, don't toast or eat as a penalty!"

Suddenly at this time, an old disciple from the Black God Alliance suddenly shouted coldly.

This old disciple of the Black God Alliance is the most powerful among them, the powerful being of the first level of the Tao Ancestor at the seventh level of the Tao Realm.

"Boom!"

He directly stretched out a hand, which instantly turned into a claw covered with black scales, and grabbed Ye Feng directly, full of ferocity: "Young boy from the human race, how dare you ignore

us? It's really too presumptuous. Although fellow sects are not allowed to kill each other, I will teach you, a new disciple, a lesson today to maintain a respectful attitude in front of us old disciples!"

Uh-huh!

But at this moment, Ye Feng turned around fiercely and punched the back fiercely.

"Boom!"

Almost at this moment, Ye Feng's chaotic body immediately burst out with extremely powerful power, directly bombarding the claws of this powerful old disciple of the Black God Alliance.

"Crack!"

And almost at the next moment, the sharp claws covered with black scales were shattered inch by inch by Ye Feng's fist.

"What?!"

Several members of the Black God Alliance who saw this scene couldn't help but have a look of horror in their eyes.

color.

This young and new disciple of the human race has a pair of iron fists that are really powerful.

Even the most powerful member among them was unable to deal with Ye Feng, a new disciple.

"Don't mess with me again!"

At this time, Ye Feng saw other disciples from the Blue Sky Holy Land not far away who were watching what was going on here. He did not get entangled and simply chose to go away.

And on the spot, the old disciple of the Black God Alliance, whose claws were smashed, had an extremely gloomy look in his eyes.

At this time, several other disciples around asked: "Brother Heihe, what should we do now?"

This member of the Black God Alliance named Heihe had a gloomy look in his eyes, but his face showed deep fear, and he said loudly: "Don't provoke this Ye Feng for the time being. This human boy is different from what we imagined. , very powerful, but naturally someone will cure him."

After saying that, Heihe snorted coldly and left with a group of disciples.

At this time, Ye Feng had returned to his residence alone.

But at this time, his eyes showed thinking.

It seemed that the news that he had killed Ye Mo and Gu Cang could no longer be concealed.

At that time, not only the members of the Black God Alliance composed of the Black Armor Clan will come to cause trouble for him, but there may also be strong men from the Gods Association coming.

Although Ye Feng now worships Leng Qingxue, the master of the Temple of Fate, as his master, unless there are special circumstances or a life-and-death crisis, Ye Feng does not want to trouble his cold female master.

After all, Ye Feng is not a person who likes to trouble others.

And although Leng Qingxue is his master, he cannot rely on her for everything, otherwise he will only become mediocre in the eyes of others.

All this needs to be solved by oneself.

No matter what, the most important thing is to make your own cultivation stronger and stronger.

In the next few days, Ye Feng swallowed the high-level Enlightenment Pill given to him by Master Leng Qingxue, and began to enter a state of enlightenment. He continued to comprehend the Dragon Demon Slaughtering Fist he had just obtained, and finally understood it completely. Comprehension, reaching the state of great success.

During this period, Luo Feifei came to see Ye Feng several times.

Ye Feng took the opportunity to ask how to quickly earn contribution points in Qingtian Holy Land.

After all, Holy Qingtian

Contribution points in the land are very difficult to obtain and cannot be bought with money.

But contribution points play a huge role in Qingtian Holy Land and are particularly valuable.

Luo Feifei said aloud: "If you want to earn a lot of contribution points in our Qingtian Holy Land, there are only two ways. The first is to help the Holy Land maintain the majesty of the Holy Land in the entire Blue Sky Territory. For example, there are many vassals of our Qingtian Holy Land. When forces big or small encounter an invasion from enemies from outside, they will ask for help from our Blue Sky Holy Land. If we accept this mission to help those big or small forces and maintain the majesty of the Blue Sky Holy Land, it will be equivalent to making a contribution to the Blue Sky Holy Land. , you can get contribution points, and I believe you should also know about the second way, which is to participate in various trials in the Holy Land. If you can stand out in the trials, you will be valued by the upper levels of the Holy Land and you will be able to get contributions. I have been waiting for the reward points for the outer sect trial that is about to start. The reason why I did not immediately certify the inner sect disciple is to participate in the outer sect trial and get the top few, thus getting a large wave of contribution points. "

After hearing what Luo Feifei said, Ye Feng gradually understood how to earn contribution points.

At this time, Luo Feifei stared at Ye Feng and said loudly: "If you are now, I suggest you not think about the outer sect trial, because your cultivation is still too weak, and there are still very powerful beings in the outer sect. Even if I have surpassed the Dao Realm and broken through to the Mysterious Pill Realm, I may not be completely sure that I can get the first place in the Outer Sect Trial."

Ye Feng nodded and said aloud: "It seems that I need to take the initiative to do some tasks in the Holy Land to maintain the majesty of the Holy Land. I will go to various places in the Blue Sky Territory to earn contribution rates, and I can also go out for some experience."

Luo Feifei nodded and said: "The secret of how you killed Ye Mo and Gu Cang that night, I guess the Black God Alliance composed of the Black Armor Clan, or even the Gods Association, may find out about you at any time. , After all, Ye Mo and Gu Cang are both extremely talented disciples of the Black Armor Clan. If they suddenly disappear and lose contact, others will definitely notice them."

Ye Feng's eyes flashed slightly at this time, and he said aloud: "On the way back to my residence from the Fate Temple a few days ago, I encountered members of the Black God Alliance blocking the way. They knew that I was enlightening with Ye Mo. There was a conflict in the square, so I suspect that I had something to do with Ye Mo's sudden disappearance, but the disciples from the Black God Alliance were not that powerful that time, so I sent them away casually. "

When Luo Feifei heard what Ye Feng said, a pair of beautiful eyes showed solemnity, and she said loudly: "Although the Black God Alliance is not as good as the ranking of the Gods Association,

A super disciple faction, but because the Black God Alliance is composed of all the geniuses of the Black Armor clan, and has the heritage of a race, its strength cannot be underestimated, but don't worry, if they really dare to kill you without evidence, Master will definitely not sit idly by and watch. "

Ye Feng nodded and said aloud: "I am going to take over a few missions in the Holy Land and go out to practice, so that the Black God Alliance or the Gods can slowly find the culprit in the Holy Land. I don't have time to play with them anyway."

People often find trouble for themselves in the Holy Land, which makes Ye Feng feel quite troubled.

Moreover, his current cultivation strength and status in the Blue Sky Holy Land are very low and not noble, so Ye Feng cannot rashly kill in the Holy Land now.

So it is the best choice to go out and experience it now.

You can avoid the limelight first.

And he was able to avoid the annoyance of the Black Armor Clan and the old disciples.

Luo Feifei also nodded slightly at this time and said in agreement: "Junior brother Ye, go and take over a few holy land missions and go out for some experience. It is indeed good. It can also increase your cultivation and earn contribution points. It can also avoid the secret attention of some old disciples."

Ye Feng asked: "Senior sister, where can we obtain the Holy Land missions in Qingtian Holy Land?"

Luo Feifei walked in a certain direction at this time and said aloud: "I will take you to the Mission Valley, and then I will help you choose some suitable missions. Generally, the newcomers and disciples in the Mission Valley are not accessible, and the elders on the upper levels of the Holy Land are not accessible. We will also restrict new disciples who have just entered Qingtian Holy Land from taking over these Holy Land tasks, because once these tasks are taken over and cannot be completed, it will damage the face of the entire Holy Land. "

Ye Feng's eyes showed a look of surprise, and he couldn't help but said: "I didn't expect that the new disciples would not be able to take over the mission of the Holy Land."

Luo Feifei smiled and said: "It's okay, I'll just take you there. I'm very familiar with the elders in the mission valley. Just let them be accommodating. After all, taking over missions and earning contribution points is a big deal, and many disciples are grabbing it." You have to do it, so the tasks are more precious."

When Ye Feng heard this, he immediately said to Luo Feifei beside him: "Thank you, senior sister, for your help."

Luo Feifei smiled and patted Ye Feng on the shoulder. She was like a big sister and said loudly: "You and I have the same master now, so we are close senior sisters and junior brothers. Senior sister, I will definitely help you." "

Chapter 2030 The Weird Jiang Family

With the help of Luo Feifei, one of the top ten outer disciples, Ye Feng was very successful in getting several suitable tasks from the task valley that were not too difficult but contributed a lot of points.

This made Ye Feng feel quite happy. He accidentally realized that Luo Feifei, a senior sister, was of great help to him when he first came to Qingtian Holy Land.

After Ye Feng took over the mission in Mission Valley, he didn't waste any time and left the Blue Sky Holy Land directly and walked towards other areas of the Blue Sky Territory.

But not long after Ye Feng left Qingtian Holy Land. ??

In a wilderness.

He met several "old acquaintances."

It was the group of members of the Black God Alliance who blocked Ye Feng in the Holy Land before.

Ye Feng still remembers that this group of Black God Alliance members are all veteran disciples of the outer sect.

At this time, Ye Feng stared at the Black God Alliance disciple whose claws were shattered by his punch before. With a slight smile in his eyes, he said loudly: "Are you going to go to the door and die yourself today?"

"Death?"

Heihe smiled coldly and said aloud: "Ye Feng, you are too confident in yourself. You are just an extremely ordinary new disciple in the outer sect. You just have some good talents. , the last time you dared to smash my claws, and also made me lose face in front of everyone, this time I will trample you severely and humiliate you, let you know that in the Holy Land of Qingtian, I want to It's not that simple to survive."

After finishing speaking, Brother Heihe from the Black Armor Clan immediately looked at the several Black Armor Clan geniuses around him and said loudly: "Let's join forces to knock this Ye Feng down, and then we will humiliate him severely. He must also find out the whereabouts of Ye Mo. I think Ye Mo died in the hands of Ye Feng."

boom!

The moment the words fell, a pitch-black ocean surged out of Brother Heihe's body. It seemed to be a powerful vision, overwhelming and full of unparalleled pressure, directly bombarding Ye Feng in front of him. And go.

This time, Brother Heihe learned the lesson well. With the lessons learned from the last time, he knew that Ye Feng's body was extremely strong and powerful, so this time he did not choose to confront Ye Feng head-on, but directly used his powerful inherited abilities. Elephant, pressed towards Ye Feng.

"Golden Troll Vision!"

In an instant, Ye Feng didn't hesitate at all and directly used his powerful killing move.

This is already a wilderness far away from the Holy Land of Qingtian.

There were no other disciples from the Blue Sky Holy Land around to watch.

So Ye Feng simply let himself go completely, and directly displayed his very powerful ancient vision.

It was full of cold murderous intent.

Because this group of Black God Alliance members from the Black Armor Clan have caused trouble for him many times, and they also suspected that he was related to Ye Mo's death. It just so happened that this time they met in the wilderness, Ye Feng felt in his heart at this time They already have the intention to kill this group of Black God Alliance members.

"Boom!!"

The vision of the golden troll behind Ye Feng stretched out a huge palm, full of unparalleled magical power and heaviness, and immediately penetrated the black ocean released by Brother Heihe. .

"boom!"

The huge troll palm struck Brother Heihe in an instant, knocking him down to the ground and shattering a large area of ruins.

"puff!"

Brother Heihe spurted out a mouthful of blood and stood up in the ruins. His eyes were full of disbelief and he screamed: "Ye Feng! What kind of ancient vision are you talking about? How could a weak human being like you awaken to such a vision?" Powerful ancient vision!"

Boom!

But Ye Feng didn't bother to respond at all. He had already decided to kill these Black God Alliance members, so he pressed down with one hand, instantly smashing Brother Heihe into pieces. Beach fragments.

"What?!"

"Human race, how dare you kill Senior Brother Heihe?"

"This is a huge sin on your part! You have directly offended our entire Black God Alliance! Do you want to be an enemy of our entire Black God Alliance?"

Almost at this moment, several other members of the Black God Alliance who were following Brother Heihe started screaming in surprise.

On the one hand, they were shocked by Ye Feng's powerful strength.

On the other hand, because Ye Feng directly killed Hei He, he felt incredible and shocked.

At this time, Ye Feng stared coldly at the group of Black God Alliance members, with a cold smile on his face, and said loudly: "What did I, Ye Mo and Gu Cang, the two members of the Gods Alliance, do? You Black God Alliance What does it matter?"

After the words fell.

A group of Black God Alliance members on the field couldn't help but their expressions changed drastically.

"You were indeed the one who killed Ye Mo!!"

At this moment, a group of more than a dozen members of the Black God Alliance, all veteran disciples of the outer sect in the Blue Sky Holy Land, stared at Ye Feng, a new disciple, with a deep sense of fear on their faces.

Because of the powerful combat power Ye Feng released just now, it completely

They felt a sense of powerlessness and despair.

"run!"

"As long as we scatter and run away! As long as one of us can escape! This Ye Feng will definitely die without a burial place!"

At this moment, more than a dozen members of the Black God Alliance quickly fled around.

At this time, Ye Feng looked at a group of escaping Black God Alliance members and punched out fiercely: "Dragon Demon Sky-Slaying Fist!" ??

This is the first time Ye Feng has displayed this powerful and unique inheritance that he has just realized in public.

This set of Dragon Demon Heaven Slaying Fist, Ye Feng spent a full thousand contribution points to exchange for it from the martial arts hall in the holy land, which is a powerful martial arts at the Xuandan level.

At this moment, Ye Feng unleashed his power in an instant, matching the extremely powerful skills contained in his body.

"Boom!"

Almost at the next moment, his entire fist suddenly burst into black light. From the black light, a dragon demon with a length of several thousand feet rushed out, full of unparalleled shock and power. The pressure suddenly rushed forward and enveloped the entire area.

The energy erupted from the Dragon Demon Heaven Slaying Fist was really terrifying and huge.

"ah!"

"ah!"

"ah....."

At this moment, more than a dozen members of the Black God Alliance were fleeing in all directions. Although each of them was extremely powerful, under Ye Feng's terrifying punch, the huge dragon of several thousand feet was destroyed. Under the majestic destructive power of the demon, they all let out a series of miserable howls, and the entire body was directly shattered by the impact and turned into pieces of blood mist.

"What a powerful force!"

Ye Feng looked at the devastating scene in front of him, his eyes filled with excitement.

Because he finally did not waste his contribution points in vain. This set of Xuandan level boxing techniques from the martial arts hall of Qingtian Holy Land is really a good offensive technique and has incredible destructive power.

With one punch, he killed a dozen old disciples from the outer sect of the Blue Sky Holy Land who were much more powerful than himself.

Such destructive power.

It's so scary!

But at this time, Ye Feng also understood that he really needed to quickly improve his cultivation strength.

Otherwise, it is very likely that when you return to the Blue Sky Holy Land next time, you will have a steady stream of opponents to deal with you.

They may be from the Black God Alliance, or they may be from the Guild of Gods.

They are all very powerful old disciples, and they come from all major foreign races. They must all have unique skills and are very powerful.

What I killed today was just a group of minions.

But Ye Feng was thinking secretly in his heart, and he was paying more and more attention to the next task.

It seems that you still need to complete the task well before you can redeem enough contribution points in the Holy Land and then improve your cultivation strength.

At this time, Ye Feng directly released the devouring domain and devoured all the dozen or so members of the Black God Alliance that he had killed.

"Boom!"

Suddenly a powerful martial arts aura broke out in his body.

He broke through and reached the sixth level of Dao Emperor Second Heaven!

Uh-huh!

Ye Feng didn't stay there for too long, he jumped directly and left quickly towards the distance.

...

Nearly half a month was spent on the road.

In the early morning of this day, Ye Feng finally arrived at the location of his first mission.

This is an island in the middle of the entire lake.

There is an ancient family on this island. This family is called the Jiang family. They have lived on the island in the middle of the lake for generations. Their strength and foundation are very good. They can be said to be a big family in the surrounding area. .

However, over the years, the Jiang family seems to have encountered a curse. For some reason, all the disciples with the Jiang family's blood died suddenly under the full moon night.

Therefore, once there is a full moon night, a blood heir of the Jiang family will die suddenly in his residence.

Therefore, in extreme fear and powerlessness, the Jiang family chose to seek help from its vassal Qingtian Holy Land.

The reason why Ye Feng chose this task at that time was because he had encountered a similar situation before, and in the end it was some kind of soul master who possessed the curse technique.

So Ye Feng directly chose this seemingly weird and difficult task.

When he was in Mission Valley, Ye Feng was the first to choose this mission. Luo Feifei, who was standing by at the time, saw Ye Feng choosing such a strange mission and advised him to be more stable and not touch these fundamentals. A task that no one dares to do.

However, Ye Feng is very confident about this, because he himself is a soul master and is quite familiar with and understands this weird situation.

"Uh-huh!"

High in the sky, Ye Feng flew directly across the entire lake and arrived at the huge island in the center of the lake.

It was early morning, so the entire surrounding island was covered with a thin layer of lake mist.

At this time, Ye Feng went directly to the Jiang family, which lived in the center of the island.
