

Ancient 2031

Chapter 2031 Speculation

Ye Feng was alone at this time and walked to a group of buildings in the center of the island.

A huge city wall stands around this group of buildings.

It seems that the Jiang family on the entire island has various buildings and pavilions and halls surrounded by a steel wall.

This is simply not like a family, it seems like a small independent island kingdom.

At this time, Ye Feng walked to the gate of the city wall.

But several Jiang family guards wearing armor came up, ready to stop Ye Feng.

Uh-huh!

But at this time, Ye Feng directly took out the mission certificate he got from the Mission Valley, showed it to the guards, and said loudly: "I'll tell the head of your Jiang family directly that his savior is here."

At this time, several Jiang family guards stared at the paper in Ye Feng's hand. After confirming Ye Feng's identity, they immediately clasped their fists respectfully and said: "See Master Ye Feng, please come with me, Master Ye Feng." We have already given orders that the masters of Qingtian Holy Land can directly enter the inner hall of our Jiang family after they arrive."

At this time, the guard of the Jiang family said, and immediately led Ye Feng towards the inside of the Jiang family building. .??.

Seeing the respectful expressions of a group of Jiang family guards, Ye Feng sighed secretly in his heart.

Sure enough, after entering the Blue Sky Holy Land, the status and status of the entire Blue Sky Territory suddenly became different.

Although he may indeed be just a very ordinary new disciple of the outer sect in the Blue Sky Holy Land now, once he comes to the ordinary area of the Blue Sky Territory, even a hegemonic family like the Jiang family that controls one side must be respectful to him and cannot have any Every trace of neglect.

This is the benefit of status.

It's no wonder that every year in the Blue Sky Holy Land, there are countless geniuses who want to enter the Holy Land and become a member of the Holy Land.

Once you have the status of a disciple of the Blue Sky Holy Land, even if you are just an ordinary outer sect disciple, you will become a favorite in the eyes of many big forces and gain the respect and admiration of many people when you come to the outside world.

At this time, Ye Feng followed the guard and soon came to the inner hall of the Jiang family.

This is the very core place of the Jiang family.

Only the core members of the Jiang family can come here.

But at this time, Ye Feng came in directly.

Because of his status as a disciple of Qingtian Holy Land, he is very noble and noble.

When Ye Feng walked outside the inner hall door, a middle-aged man wearing a black robe immediately walked out of the inner hall palace.

This middle-aged man's hair is a little gray and his expression seems a little tired, but he still has dignity. It seems that this is Jiang

The head of the family.

At this time, the head of the Jiang family saw Ye Feng walking outside, and he immediately stepped forward to shake hands with joy, and said with a hint of respect in his tone: "Master disciple of Qingtian Holy Land, you are finally here!"

Ye Feng nodded slightly, looked at the head of the Jiang family in front of him, and asked aloud: "Tell me the specific situation. I only learned about some curses about your Jiang family on the task list."

When the head of the Jiang family heard Ye Feng say the curse, his majestic face suddenly flashed a look of tiredness and sadness. He sighed and said, "Actually, I don't have anything more to say, everything." It's so weird, every time on a full moon night, a blood heir of our Jiang family will suddenly die suddenly. "

Ye Feng nodded and asked aloud as he walked: "Have you invited anyone else before?"

The head of the Jiang family sighed and said: "I don't know how many so-called masters have been invited, but all of them failed. On the contrary, they themselves also encountered unexpected events."

Ye Feng continued to ask: "Aren't you thinking about moving the whole family? Maybe it's because the island in the lake where you live is a little weird."

The head of the Jiang family nodded and said aloud: "We did think about this before and asked a group of elite family descendants to leave the island in the lake, but in the end they all died suddenly one by one all over the world. We really have no choice. That's why I asked for help from the Holy Land."

Ye Feng nodded and said aloud: "I encountered a similar situation to your family's situation a long time ago, but it's not as weird as your family's, but the situation is probably about the same. Let me take a look first. "

Uh-huh!

At this time, Ye Feng said and jumped directly into the sky.

At an altitude of 10,000 meters, Ye Feng could overlook the entire island in the lake and the entire Jiang family.

At this time, Ye Feng began to release the Divine Eyes of Creation to the entire Jiang Family area below. His eyes suddenly became like a precise scanner, and began to scan the entire Jiang Family and the island in the lake.

But after scanning the entire circle, Ye Feng didn't find anything special, nor did he find soul power fluctuations such as soul masters.

This made Ye Feng's eyes reveal a trace of doubt. Could it be that he had guessed wrong? Does the strange thing happening in the Jiang family have anything to do with the soul master secretly causing trouble?

Ye Feng landed from high altitude.

At this time, the head of the Jiang family immediately looked forward with a hint of expectation in his eyes and asked loudly, "Has Master Ye Feng discovered anything?"

Ye Feng shook his head and said aloud: "I just used a special secret technique to observe your entire Jiang family and the island in the lake, and found nothing unusual. It seems that the source of the weirdness is not in your Jiang family." Within the home."

Hearing this, the head of the Jiang family couldn't help but sigh, and asked aloud: "What should we do?"

Ye Feng said out loud at this time: "I guess the curse that your Jiang family has comes from this entire wide lake."

"The big lake around the island?"

The head of the Jiang family showed a look of surprise in his eyes, and then said loudly: "Then I will immediately dispatch all the martial arts masters of our Jiang family to search the entire Great Lakes area."

Ye Feng nodded and said, "I'll join you and start searching along the entire lake. Maybe we can find something."

The head of the Jiang family immediately went down to make arrangements.

At this time, Ye Feng looked at his storage ring and asked aloud: "Emperor Chu, your soul is powerful, have you noticed anything different?"

Emperor Chu's voice sounded: "On the way you flew from the sky above the big lake to this island, I did detect an unusual fluctuation from the depths of the big lake. You and the people from the Jiang family will search the entire big lake. The area, including the bottom of the lake, must be carefully searched. During the process, I will also secretly sense it. If anything is discovered, I will notify you in time. "

Ye Feng nodded, he still had great trust in Emperor Chu, the emperor of Chu Kingdom who lived thousands of years ago.

afternoon.

The head of the Jiang family has summoned nearly hundreds of Jiang family masters and gathered at the edge of the island.

At this time, Ye Feng was also standing with the head of the Jiang family.

The head of the Jiang family looked at Ye Feng and said with a smile: "I, the hundreds of masters from the Jiang family, are not as good as Master Ye Feng, but they are all very familiar with this area, and the search speed should be faster." soon."

Ye Feng nodded, looked at the hundreds of Jiang family masters, and said loudly: "When you search later, especially at the bottom of the lake, be sure to take a good look at them. If there are any special ruins at the bottom of the lake, , you must report it to me and the head of the family in time."

"yes!"

A group of Jiang family masters clasped their fists and shouted, then they quickly jumped from the island, entered the lake, and started searching one by one.

Ye Feng and the head of the Jiang family also boarded a huge sailboat, floating on the entire lake, observing the surroundings.

Buzz!

Suddenly at this time

, the lake surface began to roll over, and some dead fish and shrimps floated up from the bottom of the lake.

The head of the Jiang family said aloud: "This lake often sees dead fish and rotten shrimp floating up, but the water quality in this river and lake is very good. I don't know why it can't support these creatures in the water."

At this time, Ye Feng was staring at the floating fish, shrimps, etc., and suddenly seemed to have discovered something, and said loudly: "The bodies of these creatures still contain vitality, but they are dead. It seems that they are dead." Lost soul."

"Lost your soul?"

When the head of the Jiang family heard what Ye Feng said, he thought it was a bit fanciful and unbelievable.

But Ye Feng suddenly seemed to think of something at this time, and said aloud: "I understand why. Are those members of the Jiang family who died suddenly and suddenly like these fish and shrimps? Although they died, their bodies There is no harm done, just like turning into a vegetative state."

When the head of the Jiang family heard what Ye Feng said, he immediately nodded, with a look of surprise on his face, and said loudly: "Yes, that's it! That's why we thought it was a curse! But just now we heard Master Ye Feng say These fish and shrimps still have strong vitality in their bodies, but they have lost their souls, so they seem to be dead. In this case, is there a monster hidden in the lake around our Jiang family that can specially devour the souls of living creatures? "

Ye Feng glanced at the head of the Jiang family with admiration, nodded and said, "It should be like this. There should be a soul-eating beast living around your Jiang family's island. Every full moon night, the soul-eating beast Its power is strengthened by the moonlight, so it comes out to hurt people. Normally, it probably doesn't dare to come out, and can only devour the souls of some fish, shrimps, and relatively weak creatures at the bottom of a lake."

When the head of the Jiang family heard what Ye Feng said, he immediately showed an excited look on his face.

After finding the reason, the head of the Jiang family immediately seemed to be alive again.

He couldn't help but said aloud: "I always thought it was a curse, so our whole family was in an atmosphere of great fear. Now that I heard Master Ye Feng's inference, it seems that there is one that can swallow lives." The monster in the soul is causing trouble! Find the hiding place of that monster! Then our Jiang family's crisis will be over!"

While the two people on the boat were discussing,

"Master! We found a lake bottom cave at the bottom of the lake in the northern area! There are some ancient ruins inside!"

Suddenly at this moment, the shouts of Jiang family masters came from a certain direction not far away.

Ye Feng and the head of the Jiang family looked at each other, their eyes lit up, and they immediately jumped in that direction.

Chapter 2032 Flame War Department

Ye Feng and the head of the Jiang family were very fast, and in a blink of an eye they arrived at the place where the master of the Jiang family had shouted.

At this time, they saw that a lake in front of them had been hollowed out.

The hollowed-out lake bottom revealed a huge pit.

At this time, there were ancient buildings at the entrance of the pit, such as some broken statues and some ancient utensils, all scattered on the ground.

Obviously, there must have been strong people who lived here, otherwise these ancient ruins would not have appeared.

At this time, Ye Feng and the head of the Jiang family landed.

At this time, a master from the Jiang family came over and said: "Master and Master Ye Feng, you must be careful. Just now, one of our brothers approached the entrance of this pit, as if he had lost his mind. All of a sudden, Screaming and rolling on the ground, he seemed to have seen something very terrifying. "

Ye Feng looked calm at this time and said: "Soul attack."

"Soul attack?"

After knowing these four words that Ye Feng said, a group of people from the Jiang family present couldn't help but change their faces.

To them, the soul is a very mysterious thing.

For the very mysterious existence of the soul, many people maintain a sense of awe and mystery.

So when Ye Feng mentioned that it might be related to the soul, many people present couldn't help but change their expressions.

At this time, the head of the Jiang family looked at Ye Feng and said loudly: "The others won't let them in. Let the two of us go in."

Ye Feng shook his head and said loudly: "Head of the Jiang family, although your cultivation is quite powerful, you have never practiced soul-related inheritance. Facing the very mysterious soul-eating beast, your soul may be attacked at any time. , suffered severe injuries and became a vegetative state, so I should go in alone, I have practiced soul methods. "

When the head of the Jiang family heard what Ye Feng said, there was a trace of fear and fear on his face, and then he nodded: "Okay, then I will listen to Lord Ye Feng. Lord Ye Feng must be careful when he goes in alone. "

Ye Feng nodded slightly and stepped forward directly, walking into the hole at the bottom of the lake.

When Ye Feng walked into the cave at the bottom of the lake, his vision suddenly became extremely wide.

He found himself in a paradise-like place.

Surrounded by green mountains and green waters, with butterflies flying, it looks very peaceful and peaceful.

No one expected that such a beautiful scenery would appear at the bottom of the lake, as if it were a paradise.

Buzz!

At this time, a beautiful butterfly flew towards Ye Feng.

It seems that he wants to get close to Ye Feng, a stranger. After all, butterflies love peace.

But suddenly at this moment, Ye Feng looked at the beautiful butterfly, suddenly smiled and said: "Soul-eating beast, your soul illusion may be confusing to ordinary people, but to me, it doesn't exist at all. It's useless, I've seen through it a long time ago."

After finishing speaking, Ye Feng's eyes suddenly burst out with a burst of soul light.

"Crash..."

Almost at this moment, the so-called peaceful and peaceful paradise-like environment around them instantly disintegrated inch by inch, and then revealed a dark and humid underground space.

The beautiful butterfly that was about to fly towards Ye Feng before showed its real trace at this time. It was not a beautiful butterfly at all, but an ugly bat with black fangs. It could kill people with one bite. The essence and blood were absorbed in an instant.

"boom!"

At this time, Ye Feng waved his finger, and a divine beam burst out from his fingertips, directly piercing the bat and exploding instantly.

At this moment, Ye Feng looked around and said with a cold smile: "Soul-eating beast, since you are unwilling to come out, then I will force you to come out!"

Soul Emperor Seal!

Almost at this moment, Ye Feng immediately released his powerful soul inheritance.

"Great Thunder Emperor Seal!"

The next moment, Ye Feng roared loudly, and thousands of thunder suddenly surged out of his body, condensing around him into a pig-like soul thunder giant with a height of several hundred meters!

This is the thunder of the soul state.

Rather than actual thunder in the real world.

Therefore, this kind of soul-like court can attack nihilistic creatures like soul-eating beasts.

"Crash!"

Almost at this moment, terrifying thunder and lightning suddenly erupted from the Thunder Emperor, covering and flooding the surrounding space in an instant.

"howl!!"

And at the next moment, a shrill scream sounded.

In a certain direction not far away, an evil beast in a soul state was suddenly seen on an ancient stone tablet.

That is the soul-eating beast!

The moment the Soul-Eating Beast appeared, it immediately flew out of the cave entrance, seeming to want to escape.

"Where to run!"

Ye Feng at this time

Then he roared and stretched out a hand.

As Ye Feng stretched out his hand, the Soul Thunder Emperor standing around him suddenly stretched out a big hand filled with endless thunder and lightning, and directly bombarded the fleeing Soul-Eating Beast.

"Pfft!"

In front of Ye Feng, a professional soul master, the soul-eating beast had no resistance at all, and its body was directly smashed into pieces.

At this time, Ye Feng was trying to swallow the broken soul fragments of this soul-eating beast to strengthen his own soul power.

Suddenly at this time.

From the depths of this cave at the bottom of the lake, a golden metal book suddenly flew out.

This golden book slowly opened at this time.

Wow!

Wow!

Almost as soon as the golden book was opened, soul-eating beasts with ferocious roars flew out of the golden book and roared towards Ye Feng.

Thousands of soul-eating beasts rushed out from the golden book, like thousands of troops, forming a long river of souls, as if they could crush Ye Feng in an instant.

"This seems to be the legendary Soul Beast Book!"

At this time, Emperor Chu's voice sounded in the storage ring.

"Soul Beast Heavenly Book?"

Ye Feng's eyes showed a look of confusion.

It seems that this is a special and incomparable soul magic weapon that can breed soul beasts.

But at this time, Ye Feng's most important thing was to kill the thousands of soul-eating beasts in front of him.

"Soul Emperor Seal!"

"Thunder Emperor!"

"The thunder shook the ghosts and gods!"

At this moment, Ye Feng immediately burst out with the powerful original power of the Thunder Emperor.

Immediately, thousands of thunderous lights emerged from his body, forming an extremely terrifying force of destruction, shattering all the thousands of soul-eating beasts that rushed towards him with electric shocks. .

"So many soul fragments formed by the broken soul-devouring beasts are no less than a great replenishment for me!"

At this time, Ye Feng smiled brightly and directly began to release the Devouring Domain, swallowing up all the broken soul fragments of the Soul-Eating Beast that were shocked by electricity.

"Buzz!!"

At this moment, Ye Feng immediately felt that his soul power was growing rapidly.

When Ye Feng swallowed up the soul fragment of the last soul-eating beast.

His soul power has skyrocketed, from level 12,000 to level 13,000!

The soul power level increased by a full thousand at once!

This is a huge breakthrough!

At this moment, the light of soul in Ye Feng's eyes was extremely bright.

This time I came to the Jiang family to get rid of these soul-devouring beasts, and I was really surprised. My soul power increased tremendously.

At this time, Ye Feng stepped forward to the dark gold metal book just now.

At this time, it seemed that all the soul-devouring beasts had been released. The soul beast heavenly book had lost its basic energy and fell to the ground.

It was Ye Feng who knelt down and picked up the Soul Beast Book.

It's heavy to start with and very textured.

Buzz!

At this time, Emperor Chu flew out from the storage ring and stared at the Soul Beast Heavenly Book in Ye Feng's hand. His tone seemed to be filled with a hint of joy as he said, "This is definitely the Soul Beast Heavenly Book. It is the Soul Beast Heavenly Book." A soul magic weapon forged by a very special being in the master. That special being is called a soul raiser. He is not very strong in soul cultivation, but he can possess various means to capture other powerful soul beasts, and then Breed soul beasts in the Soul Beast Book to form your own army of soul beasts. The combat effectiveness is very terrifying. In my ancient era thousands of years ago, if a soul breeder could breed tens of thousands of powerful soul beasts, It's comparable to an army of million-level martial arts masters!"

When Ye Feng heard what Emperor Chu said, he looked at the dark golden book in his hand again, with a trace of fiery color in his eyes.

It seems that this Soul Beast Heavenly Book is definitely the most precious treasure in the cultivation of Soul Dao.

At this time, Emperor Chu's entire soul directly entered the Soul Beast Heavenly Book.

He said aloud: "From now on, I will be the master of the soul in the Soul Beast Book. Next, Ye Feng, if you can capture some powerful soul beasts, you can put them into the Soul Beast Book to breed them, and then breed them." If you build an army of soul beasts, your combat effectiveness will become very terrifying. Moreover, the soul beasts can be naturally bred from the soul beast heavenly book. When the time comes, you can also use it as continuous nourishment for the improvement of your own soul. This is sustainable. Things are very precious."

Ye Feng nodded and put the Soul Beast Heavenly Book into his storage ring.

If he had time, he would look for some soul beasts to breed.

When Ye Feng

When they walked out of the cave at the bottom of the lake, a group of people from the Jiang family who were waiting outside stared at Ye Feng with hopeful eyes.

Ye Feng looked at everyone, smiled slightly and said, "I have wiped out all the soul-devouring beasts. Everything is safe. There will be no more curses on your Jiang family in the future."

"Very good!!"

The moment Ye Feng finished speaking, the whole place suddenly burst into excitement.

All the Jiang family members stared at Ye Feng with deep gratitude in their eyes.

At this time, the head of the Jiang family also came to Ye Feng, held Ye Feng's hand with great gratitude, and said with some tears: "Thank you, Mr. Ye Feng, for your help! Our entire Jiang family is very grateful to Ye Feng." Thank you very much!"

When talking about this, the head of the Jiang family took out a piece of paper from his storage ring, and then wrote down what Ye Feng had done, successfully solving all the curses for the Jiang family.

As long as Ye Feng takes this piece of paper back, he can exchange it for contribution points after completing the mission in Qingtian Holy Land.

At this time, the head of the Jiang family took out a fist-sized luminous pearl-like round bead from his storage ring, handed it to Ye Feng, and said gratefully: "This is a personal gift from me to Mr. Ye Feng. The gift is a snow mountain essence that has been condensed at the end of the snow mountain for thousands of years. It contains the extremely pure essence of heaven and earth. It is of great benefit to the warrior's practice and can also temper the body. I think Master Ye Feng must be very happy. need."

At this time, Ye Feng stared at the snow mountain essence bead, with a smile on his face, he smiled and said: "This thing does have a lot of effect on me, so thank you to the head of the Jiang family."

The Jiang family immediately spoke politely and said: "Sir, Ye Feng is too polite. This time, Lord Ye Feng lifted all the curses for our Zhang family and got rid of all the terrible soul-eating beasts. For our Jiang family, The continuation of the family plays a vital role, and generations of our Jiang family will be grateful to Lord Ye Feng."

Ye Feng smiled and nodded, and said aloud: "In the next few days, I will stay at your Jiang family and wait for the night of the full moon to confirm that the descendants of your Jiang family will not die suddenly again before I leave. "

When the head of the Jiang family heard what Ye Feng said, he was moved by Ye Feng's sense of responsibility. He immediately clasped his fists solemnly and said loudly: "Master Ye Feng is worthy of being a high disciple of Qingtian Holy Land. I admire this sense of responsibility!"

In the next few days, Ye Feng kept his promise and stayed at Jiang's house for nearly several days, finally waiting for a full moon night.

Throughout the night, the Jiang family was very peaceful, and there was no sudden death of bloodline heirs like in the past, which showed that all the soul-eating beasts had indeed been eliminated.

Ye Feng then left with peace of mind.

After Ye Feng left the Jiang family's island, he directly found a place to take out the snow mountain essence ball, and then directly devoured it and refined it.

"Rumble..."

That bead of snow-capped mountain essence contained the incomparably majestic essence of heaven and earth. At this time, it all turned into pure power and was injected into Ye Feng's body.

Ye Feng immediately felt that his skill was growing rapidly.

Moreover, the essence of the snow mountain also contains an extreme cold energy, which can have an extremely good tempering effect on the warrior's body.

But after all, it was just a relatively ordinary snow mountain essence. The tempering effect of the extreme cold air in it did not make Ye Feng's physical strength evolve, but only made it a little stronger.

The most important thing is that the majestic essence energy of heaven and earth contained in it allows Ye Feng's cultivation to break through two heavens in a row, directly from the sixth level of the Tao Emperor's second heaven to the fourth level of the Tao Emperor!

In any case, this trip to the Jiang family not only successfully completed the mission to the Holy Land, but also achieved good growth in cultivation and soul power.

Ye Feng's overall strength suddenly became a lot stronger.

At this time, after Ye Feng made a breakthrough in practice, he stood up and walked in another direction from the dense forest of seclusion.

The place we want to go to at this time is the location of the second Holy Land mission.

The second Holy Land mission that Ye Feng chose at that time was to help a human military department in the southwest of the Qingtian Region, which seemed to be called the Flame Army, to help them annihilate a vicious orc tribe deep in the wilderness.

This relatively pure mission of annihilating alien races is something Ye Feng likes very much.

Because not only can he give full play to his combat power, but he can also absorb enough blood and energy of foreign races from the process of annihilation to strengthen his cultivation.

So when Ye Feng saw this task, he immediately took it over without any hesitation.

As for whether the orc tribe is as powerful as the legend says, Ye Feng still has to go and see it locally.

However, Ye Feng is still very confident in his current cultivation strength.

As long as you don't encounter some super powerful people from the big forces, there shouldn't be any problem.

Ye Feng looked at the mission map he got from the Holy Land in his hand.

After passing through nearly half of the vast land of Qingtian Territory, we finally arrived at the destination of the second mission: the Flame Soldiers Department!

The Lieyan Army is located in a very remote area of the Blue Sky Territory, on the edge of the wilderness forest. It is specifically used to guard the wilderness and prevent the demons and aliens in the wilderness from invading the entire Blue Sky Territory.

Therefore, the overall strength of the Lieyan Army is much stronger than the Jiang family that Ye Feng went to before.

At this time, Ye Feng walked to the headquarters of the Lieyan Army.

He soon saw fiery red metal castles built on the stretches of barren mountains in the distance.

These fiery red metal castles are the residences of the powerful members of the Flame Corps.

These powerful men who guard the edge of the Blue Sky Territory all year round can be said to be part of the guardians of the entire Blue Sky Territory, so Ye Feng still admires these people very much.

At this time, Ye Feng stepped forward, exerted all his energy, and shouted loudly: "I am Ye Feng, a disciple of Qingtian Holy Land, and the leader of the Lieyan Army has come to see me!"

Ye Feng's voice was so loud that it instantly resounded throughout the barren mountain area where the Lieyan Army was stationed.

Swish, swish, swish!

Swish, swish, swish!

Almost at this moment, warrior soldiers wearing fiery red armors that looked like burning flames suddenly appeared on the empty barren mountain.

These are all warriors from the Flame Troops.

At this time, a very tall young man walked over from the barren mountains not far away.

This person is the leader of the Flame Arms Department!

The leader of the Flame Army does not look very old, but his eyes are extremely old, and it seems that he has experienced many bloody battles.

At this time, the leader of the Lieyan Army came over, looked at Ye Feng, and asked with some confusion: "A disciple of Qingtian Holy Land? Are you the only one here?"

Ye Feng nodded and said with a smile: "I am enough."

At this time, the leader of the Flame Army was staring at Ye Feng, and seemed to be sensing the cultivation aura on Ye Feng's body. After a moment, he said aloud: "Your Excellency is the fourth level of Dao Emperor's cultivation at the sixth level of the Dao Realm. , This cultivation level doesn't seem to be enough."

At this time, the leader of the Flame Arms Department was speaking, and an extremely powerful martial arts aura suddenly erupted from his body.

That is clearly the cultivation level of the sixth level of Tao Ancestor at the seventh level of the Tao Realm!

At this time, the leader of the Flame Army said: "Although I have high respect for your status as a disciple of the Blue Sky Holy Land, your cultivation is not as strong as I imagined. Your fighting will to destroy the Orc tribe this time It's probably of no use. I ask you to return and let the more powerful disciples from the Blue Sky Holy Land come. My cultivation level is much stronger than yours, but I can't defeat the leader of the half-orc tribe. The leader of the orc tribe is a half-step Xuandan realm superpower who is about to surpass the Tao realm!"

Ye Feng heard what the leader of the Lieyan Weapon Department said at this time. His face was still extremely calm, and he smiled and said: "Master of the Lieyan Weapon Department, your cultivation is indeed a level higher than mine. , but your real combat power may not be as good as mine."

When the leader of the Lieyan Army heard what Ye Feng said, although he had great respect for Ye Feng as a disciple of the Qingtian Holy Land, he couldn't help but show a hint of anger on his face

at this time, and said slowly: "Your Excellency Although I am a disciple of the Blue Sky Holy Land, my combat power may be much higher than that of ordinary warriors of the same realm, but I am a whole realm higher than you. Isn't it a little too arrogant for you to say such a thing?"

Ye Feng saw that the leader of the Flame Army seemed to be a little angry. He was still very calm and said with a smile: "If you don't believe it, then we can have a competition and let all the warriors of the Flame Army present. Soldiers testify, if I win against you, then let me participate in this mission to annihilate the Orc tribe, and I will need you to pay double the contribution points as the price for not believing in me."

When the leader of the Flame Army heard what Ye Feng said, he immediately said: "Okay! I promise you! But if you lose, you need to apologize to me for your arrogance!"

Ye Feng laughed and said, "Deal! Let's start here!"

boom!

Almost at this moment, Ye Feng immediately soared into the sky.

The leader of the Flame Army looked at all the warriors and soldiers around him and shouted loudly: "Everyone must witness the next battle! Whoever wins and who loses, there must be no denial!"

After finishing speaking, a long knife burning with blazing fire appeared in the hands of the leader of the Flame Army, and he suddenly rushed to the sky, facing Ye Feng from a distance.

At this moment, an extremely tyrannical fighting spirit surged from both sides.

The leader of the Lieyan Military Department stared at Ye Feng across from him and said, "If I hurt you later, please don't take it too seriously, because you asked for it yourself."

Ye Feng smiled slightly and said, "I believe that you will be the one injured in the end."

Chapter 2033 Conquering the Wilderness

Buzz!

At this time, high in the sky, Ye Feng and the leader of the Lieyan Army were facing each other from afar.

At this moment, invisible fighting spirit surged crazily high in the sky between the two of them.

"Crack, click, click..."

The terrifying surge of power caused cracks to appear on the surface of the surrounding mountains.

At this moment, a group of warrior soldiers from the Flame Army below showed deep horror in their eyes.

Because these two people have not even fought, the surrounding environment has begun to break and disintegrate. This kind of power and cultivation is really incredible.

"Flame Crazy Sword!"

Suddenly at this moment, the leader of the Fierce Flames Department shouted loudly.

He took the lead and struck forward with the long knife in his hand.

Boom!

In an instant, a blazing sword light that was hundreds of meters wide spread out from the long sword in the hands of the leader of the blazing army, and struck directly towards Ye Feng's head.

"Golden Troll Vision!"

At this moment, Ye Feng stood still, but in the void around him, a golden troll standing several thousand feet tall suddenly appeared. The golden troll stretched out his palm, and suddenly Even if the flaming sword light is caught, the flaming sword light cannot kill it.

"What a powerful ancient vision!"

At this time, the eyes of the leader of the Lieyan Army had a hint of horror.

His sword strike just now was almost done with all his strength.

But Ye Feng directly released his own vision, and immediately caught his sword light.

In fact, high and low make judgments.

But at this time, the leader of the Lieyan Weapons Department refused to admit defeat and started shouting directly: "Fire Flames Burning Heaven Technique!"

Boom!

Almost at this moment, the entire body of the leader of the Flame Arms suddenly burst into endless flames.

His whole body was floating high in the sky at this moment, with endless flames burning around him, like a peerless monarch who controlled the flames, full of unparalleled power.

At this time, the leader of the Flame Arms Department stretched out his hand and shook it fiercely in front of him.

"Boom!"

Infinite flames suddenly burst out in the void, forming a sea of flames and surrounding Ye Feng.

"It's time to end."

At this time, Ye Feng suddenly spoke up.

He suddenly shouted: "Dragon Demon Heaven Slaying Fist!"

hold head high! !

Along with an earth-shattering roar, a majestic black dragon demon with a height of several thousand feet rushed out of Ye Feng's fist, directly shattering the entire endless sea of fire.

"Boom!"

At this time, the black dragon demon charged directly towards the leader of the Flame Army. Every 100 meters closer to the leader of the Flame Army, the black dragon demon became several times larger, filled with endless pressure, and even the space was filled with They were about to be crushed to pieces by the pressure. The terrifying pressure made all the warriors of the Flame Department feel a deep palpitation in their hearts.

"What a terrifying martial arts!!!"

At this moment, the eyes of the leader of the Lieyan Army, who were facing the dragon demon, were full of horror.

Staring at the black dragon pressing down from high in the sky, it was so big that it was boundless, majestic and majestic. It pressed down overwhelmingly, and it was simply not something that human beings could withstand.

"Boom!!!"

Almost at the next moment, the black dragon demon suddenly hit the leader of the Flame Army, knocking him to the ground and falling among the ruins.

"Ahem..."

A moment later, accompanied by a violent cough, the leader of the Flame Army struggled to stand up from the ruins.

At this time, the armor on his body was somewhat broken, his hair was disheveled, and he looked extremely embarrassed.

"Soldier! Are you okay?"

A group of soldiers from the Flame Army were rushing towards the leader of the Flame Army.

At this time, the leader of the Flame Army looked at Ye Feng with a wry smile in his eyes, and said loudly: "I lost! I lost so completely! You are worthy of being a high disciple from the Blue Sky Holy Land.

, the combat power is really terrifying, the Blue Sky Holy Land is worthy of being the number one overlord force in our Blue Sky Territory! "

At this moment, the leader of the Lieyan Military Department was really convinced by Ye Feng.

And he vaguely felt that Ye Feng's true power had not yet fully exploded.

So at this time, the eyes of the leader of the Lieyan Army looked at Ye Feng, full of deep excitement and excitement.

With the help of such a super powerful young man, he might be able to completely wipe out the orc tribe in the wilderness.

At this time, the other warrior soldiers from the Lieyan Department were staring at Ye Feng, their eyes filled with deep awe.

In their eyes, the leader of the Flame Army was already an extremely powerful super warrior.

But now, this young man who suddenly arrived has directly and completely defeated the most powerful soldier in their minds. It is really terrifying!

At this time, Ye Feng landed from high altitude. Looking at the somewhat embarrassed leader of the Flame Army, he smiled slightly and said, "The attack just now was a bit heavy, please don't worry about it."

The leader of the Flame Arms couldn't help but smile bitterly and said aloud: "You didn't strike hard. At the last moment, I knew you held back and didn't use all your strength. Otherwise, I might have been more than a little embarrassed. It's so simple, you could be seriously injured and die."

At this time, the leader of the Lieyan Military Department completely understood that Ye Feng's combat power was very terrifying.

Ye Feng said with a smile at this time: "Since I won, the bet just now is lost. When I complete this task, you need to write double the contribution points on the task list. I will You can redeem double contribution points in the Holy Land."

The leader of the Flame Army nodded helplessly and said: "Okay, once a man has made a promise, it is hard to follow up. Since I have promised, I will not break my promise. I will write you double contribution points. It seems that next year Our Flame War Department will pay double the tribute to Qingtian Holy Land."

"Double tribute?"

When Ye Feng heard what the leader of the Lieyan Army said, his eyes showed a look of surprise.

Seeing the doubtful look on Ye Feng's face, the leader of the Lieyan Army couldn't help but said: "Young Master Ye Feng, don't you know that the Holy Land's mission to ask you disciples to help us is really voluntary labor, right? It is not voluntary labor. Those of us who are vassals of the Blue Sky Holy Land need to pay various tributes and wealth to the Blue Sky Holy Land every year. Only then will the Blue Sky Holy Land agree to protect our safety and send their disciples to help us when we encounter difficulties. Solve the problem."

When Ye Feng heard what the leader of the Lieyan Army said, he suddenly nodded.

At this time, Ye Feng changed the subject and asked: "Let's talk about business. Have you determined where the orc tribe that your Flame Army is going to destroy this time is?"

The leader of the Flame Army nodded and said: "Naturally, we have determined the location of the Orc tribe, so we asked the Blue Sky Holy Land for help and asked them to send strong men to support us. This time I saw Master Ye Feng's With great strength, if we join forces together, coupled with the powerful force of our Flame Army, we will definitely be able to wipe out all the vicious orc tribes who only know how to burn, kill and loot!"

Ye Feng nodded and said, "Then let's set off now."

"good!"

At this time, the leader of the Flame Army couldn't wait any longer and wanted to immediately implement the plan to destroy the Orc tribe.

Because orcs have always been the culprits that disrupt the peace of this area.

Orcs are very barbaric and only know how to use violence to plunder, burn, kill and loot.

It is the wish of everyone in the Flame Army to get rid of this barbaric and cruel alien race.

At this time, the leader of the Flame Army looked at the two guards beside him and said loudly: "You two, go to all the castles and gather all the soldiers. We are ready to set off to conquer the wilderness!"

"Yes, Lord Soldier!"

The two guards immediately danced excitedly and went to inform all the warriors and soldiers.

Because in the minds of these people, what they hate the most are those barbaric orcs.

They have been waiting for so long, and their commander finally

It's time to decide to order a war in the wilderness.

And just now they saw the battle between Ye Feng and the leader of the Lieyan Army. All the soldiers saw how powerful Ye Feng was. They were very confident and excited about this trip to the wilderness.

...

Half an hour later.

A group of soldiers wearing fiery red armor formed a majestic army and marched towards the entire wilderness area in an instant.

Above the army of the Flame Army, Ye Feng and the leader of the Flame Army walked side by side, walking high in the sky.

As the leaders this time, they naturally have to be vigilant at all times and coordinate everything.

The leader of the Flame Arms Department spoke out at this time: "It is not difficult to find the specific location of the Orc tribe. In fact, I have found it a long time ago, but I have never dared to attack directly. This time, with the help of Young Master Ye Feng, those Orcs will definitely It's impossible to escape even if you have wings."

At this moment, the leader of the Lieyan Military Department was obviously very confident in Ye Feng.

But he still said aloud: "By the way, the leader of the half-orc tribe is a half-step Xuandan realm expert. He is extremely powerful. We still have to pay attention."

Ye Feng nodded and said aloud: "Half-step to the Xuandan realm, the realm is indeed very high. This time I can use the leader of the half-orc tribe to test my true combat power."

"Test your true combat power?"

Hearing what Ye Feng said next to him, the leader of the Flame Arms couldn't help shaking his head and laughing bitterly.

Sure enough, as he guessed, when they fought before, Ye Feng did not release his true power at all.

"I am a whole level higher than him, but he completely defeated me without even showing his true strength."

At this moment, the leader of the Lieyan Military Department truly experienced for himself how powerful the powerful geniuses in the Blue Sky Holy Land were.

The whole army traveled for nearly three days.

Finally on this night, we arrived at our destination.

"Everyone restrained their aura and disguised themselves."

At this time, the leader of the Lieyan Army issued an order to the thousands of warrior soldiers behind him.

A group of soldiers from the Flame Corps immediately stopped breathing and fell to the ground.

At this time, Ye Feng and the leader of the Lieyan Army were standing at the front. They looked through the layers of jungle and saw a huge tribe in the distance.

It is more like a small kingdom than a tribe.

There are tall walls guarding the tribe, and ferocious beasts are chained around the walls and squatting at the door. These are the means used by the orcs to warn against enemy invasion.

At this moment, the leader of the Lieyan Army looked at Ye Feng beside him and said, "Master Ye Feng, what should we do now? What strategy should we use?"

At this time, Ye Feng saw that there were thousands of powerful orcs in that tribe, all of which had extremely strong vitality and blood.

He immediately stood up, grinned and said: "Strategy? No need! Let's go straight to it!"

When the leader of the Flame Arms Department heard this, he immediately looked stunned and couldn't help but said: "Go directly? Isn't it a bit too risky?"

Boom!

But at this time, the moment Ye Feng finished speaking, Ye Feng had already soared into the sky and killed directly towards the orc tribe.

Ye Feng shouted loudly and said: "Soldier! Don't be a coward! Follow me and charge! Just leave all the strong men to me! You are responsible for harvesting ordinary orcs!"

After saying that, Ye Feng's whole body suddenly erupted with divine light. In the entire dark night, it was like a young god descending. A black gold halberd appeared in his hand and struck directly at the entire tribe below.

"Boom!"

This black gold spurge is a powerful magic weapon at the Mysterious Core level that Ye Feng exchanged for one thousand contribution points from the Blue Sky Holy Land.

Incomparably powerful and terrifying!

Coupled with Ye Feng's powerful chaos body, he directly held the big halberd and struck it with a bang. The entire orc tribe was split into two halves. The entire tribe, which was originally peaceful, suddenly exploded. , big collapse.

"ah!"

"ah!"

"..."

br

The sound of the night suddenly rang out with the screams of orcs, full of fear and pain.

Looking at Ye Feng in front of him, he was like an invincible god. The leader of the Flame Army behind him was also risking his life at this moment. He yelled excitedly: "All the men! Follow me and charge! Burn, kill, and loot these people." Destroy all the orcs!"

"kill!"

"kill!"

"kill!"

"..."

At this moment, countless soldiers of the Flame Army were all ablaze, roaring and shouting, and charging towards the orc tribe.

"Enemy attack!"

"Enemy attack!"

At this time, the entire orc tribe under the night finally reacted.

One by one, the orc warriors immediately put on heavy black iron armor, holding heavy axes in their hands, and began to quickly assemble to resist the attack by the warriors of the Flame Army.

"Human race! You are so brave! You dare to break into my orc territory directly! You will all die tonight!"

At this moment, a loud roar full of majesty and power suddenly sounded from the depths of the Orc tribe.

boom! !

A terrifying aura suddenly erupted from a castle deep within the Orc tribe.

This terrifying aura has suddenly surpassed the seven levels of the Dao Realm and entered the Xuandan Realm above the Dao Realm!

But it's a little worse than the real Xuandan realm.

That is the aura that belongs to the half-step Xuandan realm!

Obviously the owner of this aura is the leader of the Orc tribe that the leader of the Flame Arms Department mentioned before!

Buzz!

At this moment, Ye Feng immediately looked towards the depths of the Orc tribe.

At this moment, under the dark sky, a huge figure suddenly flew up from the depths of the Orc tribe.

This is a half-orc who is more than ten meters tall!

He was wearing purple-gold armor, and he was holding a battle ax that was more than ten meters long in his hand. His ugly head was extremely big, and his two eyes were emitting blood-red light. In the dark night, he looked like he had a kind of A strange feeling of shock!

This is the leader of the Orc tribe!

He is a super strong man at the half-step Xuandan realm!

At this moment, when the leader of the half-orc tribe appeared, all the warrior soldiers of the Flame Army felt a deep sense of depression.

"Master Ye Feng! Let me help you! Let's fight against the enemy together!"

In the distance, the leader of the Flame Army held a flaming sword in his hand and rushed over, slashing towards the leader of the tribe.

"boom!!"

But at the next moment, the leader of the Orc tribe suddenly slashed out the more than ten meters long steel battle ax in his hand. The terrifying impact and destructive power suddenly smashed the flame in the hand of the leader of the Flame Army. The broadsword just shattered inch by inch.

"Bang!"

The leader of the Flame Army was simply unable to withstand the terrifying impact. His whole body was blown away by the steel battle axe. In an instant, he smashed into dozens of mountains and then fell to the ground, surrounded by explosions. It was in ruins and was vomiting blood.

"Too strong....."

At this time, the eyes of the leader of the Lieyan Army were filled with deep horror.

He never thought that the leader of the half-orc tribe had such terrifying power. With just one axe, he was sent flying. He was unable to withstand it. It was an incredible power.

"Master Ye Feng! You must be careful!"

The leader of the Flame Arms Department roared in the distance.

"Are you a disciple of Qingtian Holy Land?"

The leader of the half-orc tribe, the ugly half-orc man who was more than ten meters tall, suddenly stared at Ye Feng in the sky, and said with a cold smile: "I didn't expect that I could touch him in such a remote place. It's great to be a talented disciple in a hegemonic force like Qingtian Holy Land. When I kill you, I can plunder all the high-level inheritance from you. By then, I will go from the half-step Xuandan realm to Breaking through to the true Xuandan realm is just around the corner!"

Chapter 2034 The Body of the Barbarian Ancestor

The leader of the Orc tribe was staring at Ye Feng, his eyes filled with cruel and cold murderous intent.

For the leader of this half-orc tribe, genius disciples like Ye Feng who come from super powerful forces are his favorite people to hunt, because these talented disciples from big forces are extremely rich, and they are It has a strong inheritance from big forces.

At this moment, the leader of the orc tribe instantly held the steel battle ax in his hand, stepped on the ground violently, and with a "boom", flew to high altitude in an instant, and then slashed directly towards Ye Feng.

"Ancient troll vision!"

At this moment, an ancient troll with a height of several thousand meters appeared behind Ye Feng. It gave birth to two huge palms, covering the sky and the sun, full of an unparalleled sense of power and oppression, and directly slashed at them. The coming steel battle ax blasted away.

"Boom!"

When the two collided, a huge roar sounded in the entire sky.

The next moment, the two palms of the ancient troll behind Ye Feng grabbed the steel battle ax of the Orc tribe leader with his bare hands, making it impossible to move at all.

"What? Such a powerful vision and power!"

At this moment, the leader of the half-orc tribe couldn't help but show a look of surprise in his eyes.

Because he never thought that this human boy, whose cultivation level was much lower than him, could actually cultivate such a powerful vision.

"kill!"

At this time, Ye Feng also roared, and a black gold halberd instantly appeared in his hand. He directly used the huge power of the Chaos Body to slash forward with a fierce halberd.

"Boom!!!"

The terrifying dark gold halberd, filled with unparalleled power, instantly struck the steel battle ax in the hand of the leader of the Orc tribe, and a loud noise broke out.

A terrifying power was transmitted from the black gold spurge in Ye Feng's hand in an instant.

"sensation!"

The next moment, the leader of the Orc tribe felt that his hands were about to be shattered, and he couldn't help but take a dozen steps back while holding the steel ax in his hand.

"What a brute force!"

The leader of the orc tribe had always been proud of his ten-meter-tall body and brute strength, but at this moment, he was shocked.

Because the opponent, a human boy who looked extremely thin, actually contained a terrifying brute force that he couldn't resist in his seemingly thin body. He was like a giant humanoid dragon. It was really too powerful. Terrible.

"I don't believe you are so powerful!"

"Explode! My ultimate inheritance! The Barbarian God's Powerful Technique!"

At this moment, the leader of the Orc tribe roared loudly, and an extremely terrifying inheritance instantly broke out.

"Boom!"

In an instant, the more than ten-meter-tall body of the leader of the half-orc tribe began to continue to grow, and finally grew into the true body of the Barbarian God, which was several thousand feet tall. It was filled with an unparalleled sense of shock and oppression, towering in the blue sky. Below, it is very majestic and vast, like an ancient barbarian god resurrected. Every move can shatter mountains and rivers, suppress all directions, and obliterate everything.

"The Barbarian God is invincible!"

"The Barbarian God is invincible!"

"..."

At this moment, countless half-orc warriors from the half-orc tribe were all kneeling on the ground, worshipping the true form of the barbarian god that was several thousand feet tall and transformed into the leader of the half-orc tribe.

At this time, the huge and majestic Barbarian God stared at the small Ye Feng figure below, and made a voice like the power of heaven: "Ant, I can crush you to death with one kick!"

"Did you think you were the only one who would get bigger?"

But suddenly at this moment, Ye Feng smiled coldly.

At the next moment, he instantly released the half-life talent he had awakened from practicing the Divine Art of Creation back then!

"Dharma appears in heaven and earth!"

"Immortal golden body!"

Boom! !

At this moment, Ye Feng's entire body also expanded rapidly, rising directly from the ground. His whole body suddenly expanded into a golden giant with a height of tens of thousands!

Full of endless shock!

Like an ancient giant who stepped from ancient times!

"Boom!!!"

Ye Feng turned into a golden giant and punched out with a fierce punch, full of endless explosive power, which directly knocked the extremely tall barbarian god to the ground.

"What method is this?"

The leader of the Orc tribe was finally completely shocked.

He had now transformed into the true form of the Barbarian God, and was no match for Ye Feng's transformation into a golden giant.

The golden giant that Ye Feng transformed into was also full of infinite majestic power. Every punch he punched was like the bombardment of an infinite ocean. The terrifying power was really frightening.

"Die!"

At this moment, the golden giant Ye Feng transformed into roared loudly and directly launched the Dragon Demon Sky-Slaying Fist!

Boom! !

Immediately, a majestic dragon rushed out from Ye Feng's fist, full of infinite terrifying destructive power and impact. In one fell swoop, it directly blasted through the body of the huge barbarian god in front of him, and a figure appeared. The huge blood hole, the vitality disappeared instantly.

"Boom!"

The leader of the half-orc tribe turned into a huge savage god. He suddenly fell to the ground and died instantly.

"The Barbarian God is dead?!"

At this time, the warriors from the Orc tribe below were all desperate to the extreme, their eyes filled with deep disbelief.

Obviously, they never thought that the extremely powerful half-step Xuandan realm tribe leader would eventually die in the hands of a young man who was at the sixth level of the Tao realm, the fourth level of the Tao Emperor!

This is simply too shocking!

How terrifying is this combat power?

"Kill!!!"

At this time, the leader of the Flame Arms Department led a group of warrior soldiers from the Flame Arms Department, and instantly began to charge crazily.

Without the protection of the tribe leader, the remaining half-orcs in the half-orc tribe simply lost their will to resist. They were all defeated and then were all killed by the warrior soldiers of the Flame Army.

The entire Orc tribe was trampled to pieces!

At this time, Ye Feng was standing high in the sky, his eyes

With a hint of excitement, he suddenly began to release the Devouring Domain, enveloping the entire orc tribe below.

"Start devouring!"

The Devouring Domain instantly erupted with a terrifying suction force, gathering all the blood and energy together, including the leader of the orc tribe who had just died, and swallowed all the skills and life essence. Devouring the field, it is then transformed into extremely pure energy and injected into Ye Feng's own body.

"Rumble..."

At this moment, the skill in Ye Feng's body is rapidly increasing.

"boom!"

The sixth level of Dao Emperor, Fifth Heaven!

"boom!"

The sixth level of Tao Emperor Sixth Heaven!

"boom!"

The sixth level of the Tao Emperor, the Seventh Heaven!

...

At this moment, Ye Feng's skill cultivation is making rapid breakthroughs.

There are tens of thousands of half-orcs in the half-orc tribe. They are all special alien races in the wilderness, and the energy and blood contained in their bodies are extremely powerful and vast.

Of course, the one who provides the most energy is the leader of the half-orc tribe. He is a super strong man at the level of half-step Xuandan realm, and his vitality and blood are simply endless.

In the end, Ye Feng's cultivation level reached the sixth level of Tao Realm, the Tao Emperor's Tenth Heavenly Perfection!

This filled Ye Feng's heart with great excitement. This time he came to annihilate the orc tribe and it was a rich harvest.

Not only did he successfully complete the task and receive double the contribution points, but his cultivation also suddenly made a lot of breakthroughs, and his foundation increased a lot.

At this time, Ye Feng landed from high altitude.

At this time, he saw a group of soldiers from the Flame War Department collecting some of the wealth from the entire Orc tribe.

It has to be said that this orc tribe in the wilderness is extremely rich. It has a lot of wealth, which has been accumulated through so many years of burning, killing and looting.

At this moment, the leader of the Flame Army walked up to Ye Feng and sighed: "These orcs have really done all kinds of bad things. They have plundered so much wealth and made us humans in many surrounding areas... I am going to take all this wealth back and distribute it to the displaced refugees."

Ye Feng nodded slightly, glanced at the leader of the Flame Army with admiration, patted his shoulder, and said, "I'm interested."

"ah!"

Suddenly at this moment, a scream suddenly came from a certain direction of the orc tribe not far away.

"There's a situation!"

Ye Feng and the leader of the Lieyan Army looked at each other and immediately rushed in that direction.

When they had just reached the halfway point, they found several panic-looking soldiers from the Lieyan Army. They rushed over immediately and couldn't help but said: "Soldier Master, Lord Ye Feng, one of our brothers discovered this Orc tribe. There is a mysterious place in the depths, and there is great danger there. Several brothers seem to be possessed by evil spirits, bleeding from all their orifices, and roaring like crazy, but what should I do? "

"Possessed by an evil spirit?"

Ye Feng's eyes flashed and he immediately said: "Take me to see it quickly!"

The leader of the Flame Arms Department also said quickly: "Take us to see it quickly!"

"yes!"

These panic-looking soldiers immediately led the two of them towards a certain direction deep into the orc tribe.

They soon arrived at a very ancient place, which was already the area closest to the deep level of the Orc tribe.

It can be said that this place is inaccessible, but there is a very ancient clan ancestral hall-like building standing there.

At this time, several panic-looking soldiers spoke out: "Those brothers are inside, and they all seem to be possessed by evil spirits."

The leader of the Lieyan Army did not hesitate at this time and rushed directly into the clan ancestral hall.

Ye Feng also quickly followed.

When they entered the ancient clan ancestral hall, they immediately saw several soldiers from the Flame Army lying on the ground. They were indeed bleeding from all their orifices, but now they were dead and there was no movement.

"hateful!"

The leader of the Flame Army had an ugly look in his eyes. Unexpectedly, he had wiped out all the orcs. The strange ancestral hall of the orc tribe also killed several of their brothers.

"They seem to have opened an ancient door..."

At this time, Ye Feng looked in a certain direction in front of the corpses on the ground, and found that there was a strange blood-red door on the deepest wall of the ancient ancestral hall. At this time, the door had been opened, and it was obviously opened by those few people. Opened by a dead soldier of the Flame Corps.

The leader of the Flame Army also felt a little chilly at this time, and couldn't help but said: "This orc tribe is very ancient and has very weird things. Ye Feng, we'd better leave directly to avoid unnecessary trouble. It's trouble, anyway, this orc tribe has been destroyed by us."

Ye Feng looked at the leader of the Lieyan Army beside him and said, "I'll go in and investigate. You wait for me outside."

After saying that, Ye Feng jumped up and rushed directly into the blood-red door.

"Ye Feng!"

At the same place, the leader of the Flame Army saw Ye Feng rushing into the blood-red door instantly. He couldn't help but exclaimed, as if he wanted to persuade Ye Feng not to take risks, but Ye Feng had already entered. After entering the blood red door.

At this time, the leader of the Lieyan Army wanted to go in with Ye Feng, but when he saw the soldiers on the ground bleeding and dying in strange ways, he was a little scared, so he didn't go in after all, and could only wait where he was.

And at this moment, on the other side.

After Ye Feng entered the blood-red door, he saw a very dark space behind the door.

This place is like a cellar, the space is very small and the air is very cold.

But in the middle of this small cellar, there was a huge black coffin.

At this time, one side of the lid of the black coffin was pried open.

Ye Feng guessed that the soldiers of the Flame Corps who died tragically before had pried open the coffin, maybe because they wanted to take a look at the coffin.

Are there any valuable orc burial objects among the materials?

But in the end, they all bled to death.

These are very strange to ordinary people.

But Ye Feng is a powerful soul master.

The soul power is extremely powerful. .??.

Buzz!

At this time, he directly called out the Thunder Emperor, letting the power of the Soul Emperor Seal surround him.

The endless thunder enveloped Ye Feng, forming a set of thunder armor on the surface of his body.

At this moment, Ye Feng was fully armed. Then he walked to the side of the black coffin and knocked the lid away with a slap.

"Jie Jie Jie!"

Suddenly at this moment, accompanied by a sinister laughter, a black ghost rushed out of the coffin and rushed towards Ye Feng's head in an instant.

"Boom!"

But at this moment, the thunder armor on Ye Feng suddenly burst out with the power of thunder that specifically attacks the soul.

Endless thunder and lightning struck the black ghost in an instant.

"howl!!"

The black ghost was bombarded by the most powerful thunder power between heaven and earth, and instantly let out an extremely shrill scream.

"Destroy it!"

Ye Feng directly stretched out his hand, and a soul thunder hand appeared in the void instantly, crushing and obliterating the black ghost that wanted to escape.

"I thought it was such a powerful soul body, but it turned out to be just a small ghost."

At this time, Ye Feng secretly smiled in his heart, and then looked into the black coffin.

Immediately, he saw the body of a small giant with a height of more than three meters, lying in it.

But this little giant doesn't look like a corpse. Instead, every inch of the body's surface seems to be poured with molten iron. It looks full of cold metallic luster and solid hardness, just like a steel puppet.

Ye Feng's eyes were filled with doubts. Suddenly, at this moment, Emperor Chu from the Soul Beast Heavenly Book suddenly spoke in surprise: "This corpse is somewhat similar to the body of the legendary Barbarian Ancestor."

Ye Feng's eyes moved and he couldn't help but ask: "The body of the Barbarian Ancestor? What is that?"

Emperor Chu explained aloud: "The body of the Barbarian Ancestor is a very powerful corpse in legend. It was the favorite corpse of corpse chasers in ancient times, because the body of the Barbarian Ancestor contains the blood of the Barbarian God and is very strong. , is comparable to a divine weapon, and is an indestructible body. If you can refine the body of the Barbarian Ancestor, it will be equivalent to getting an indestructible steel puppet. "

When Ye Feng heard what Emperor Chu said, his eyes showed a look of surprise.

At this time, he looked at the towering corpse in the coffin, which was more than three meters high, and a look of surprise could not help but appear in his eyes.

Unexpectedly, in this small tribe of half-orcs, they could actually get the body of the legendary barbarian ancestor.

The body of the Barbarian Ancestor is an indestructible body. According to Emperor Chu, this was the favorite corpse of corpse chasers in ancient times.

At this time, Ye Feng simply waved his hand and put the body of the Barbarian Ancestor into his storage ring.

Ye Feng asked aloud: "Emperor Chu, do you know how to refine a special corpse puppet like the Barbarian Ancestor's body?"

Emperor Chu shook his head and said aloud: "I still know a thing or two about the ordinary methods of refining corpses, but the body of the Barbarian Ancestor is a very special corpse. If you want to refine it into a puppet that listens to you, this I really don't know the way."

Ye Feng nodded slightly, thinking to himself, it seems that he still has time to find a way to refine the body of the Barbarian Ancestor.

"I don't know if there is such a method in Qingtian Holy Land. I will go back to the sect and ask after the task is completed."

Ye Feng thought in his heart and walked out of this dark space.

At this time, in the ancient orc ancestral hall, the leader of the Flame Army had ordered the soldiers who died of bleeding to be buried nearby.

Seeing Ye Feng coming out at this time, the leader of the Lieyan Military Department breathed a sigh of relief and couldn't help but said: "Master Ye Feng, just be fine."

Ye Feng smiled and said: "There is indeed an evil spirit, but I destroyed it."

Hearing what Ye Feng said, the leader of the Lieyan Military Department was even more in awe of Ye Feng.

The evil spirits will be destroyed as soon as they are told to be destroyed.

This is no simple means.

At this time, Ye Feng said aloud: "I have completed the tasks here. Commander, you can write down the word "complete" on the task list and leave it to me."

The leader of the Flame Army nodded, took out a piece of paper from his storage ring, and started writing.

Ye Feng reminded: "Remember to double your contribution points."

The leader of the Flame Army smiled helplessly and said, "I will remember it."

...

After Ye Feng got the task list and completed the certification, he left the area of the Flame Army.

At this time, he did not go directly to the location of the third mission.

Instead, he came to a training city close to the area where he was at this time.

"Tianyuan City"

This is a huge training city standing not far from the Lieyan Military Headquarters.

There are humans inside, as well as other powerful alien races.

This is the place where Ye Feng was advised by the leader of the Lieyan Army to go before he left.

Ye Feng came to such a huge training city to find out if there was any special secret method that could successfully refine the body of the Barbarian Ancestor.

With the indestructible body of the Barbarian Ancestor in his hand, Ye Feng naturally wants to refine it into his own exclusive steel puppet as soon as possible, so that his self-protection power will be greatly improved.

And it is also of great help for the third task.

Because the third task is the most dangerous of the three tasks that Ye Feng took over.

And the third task cannot be missed, otherwise it may lead to the tragic death of many people.

So before going on the third mission, Ye Feng wants to refine the body of the Barbarian Ancestor he just obtained and turn it into his own steel puppet. In this way, his safety and overall strength will be greatly improved. promote.

\u003e

According to Emperor Chu, although the body of the Barbarian Ancestor does not have any powerful cultivation, the only characteristic of the Barbarian Ancestor's body is that it is hard, extremely hard. There are few things in the world that can destroy the body of the Barbarian Ancestor.

Therefore, once Ye Feng can successfully turn the body of the Barbarian Ancestor into his own steel puppet, then he will have an extremely strong "shield". Even if he cannot defeat others, he will definitely be able to resist for a long time when escaping.

At this time, Ye Feng finally arrived at Tianyuan City after three days of traveling.

In front of the huge city gate, Ye Feng walked over, and after paying two divine crystals, he entered Tianyuan City.

Tianyuan City is very wide, with buildings one after another. There are powerful men and foreign races coming and going on the street, and their auras are extremely powerful.

However, Ye Feng's cultivation level is not weak at this time, so even if he is a human race, few foreigners dare to provoke him.

After Ye Feng entered Tianyuan City, he took a quick look around, and then came to the trading hall in the center of Tianyuan City.

In order to allow the major foreign races and cultivators to quickly trade what they want, Tianyuan City has built a trading hall in the center. If you have any needs, you can tell them in the trading hall, and there will be someone dedicated to help. You provide intelligence information.

After Ye Feng walked into the trading hall, he came to a counter.

Sitting behind the counter was a young woman with two fluffy bunny ears on her head. She looked very cute and charming.

At this time, this young woman from the rabbit tribe looked at Ye Feng who was walking over, showed her professional smile, and said loudly: "What does this master need?"

Ye Feng didn't waste time and directly stated his needs: "I need the technique of exorcising corpses that can refine special corpses."

The young woman with two furry bunny ears continued to ask: "Please be more detailed, otherwise I won't be able to let people find what you need."

When Ye Feng heard what the young woman said, he could only say: "I need a technique that can refine a special corpse like the Barbarian Ancestor's body into my own exclusive puppet."

At this time, the bunny girl finally nodded and said with a smile: "My lord, please wait a moment. I will ask you now. If there is any news about this in our trading hall, I will inform you immediately after half an hour. If we don't have it in the trading hall, then we can only say sorry."

Hearing this, Ye Feng nodded slightly, then left the counter and stood aside, waiting for the results.

While Ye Feng was waiting, he suddenly saw a very familiar figure of a young woman walking in from the door of the trading hall not far away.

"This is... the wind spirit?"

Ye Feng's eyes were stunned. He never expected to meet the former Princess Loulan here.

That's right!

The familiar young woman seemed to be called Fengling, a princess from an ancient desert country near the Yuhuashen Gate in the city.

That ancient desert country was called Loulan Ancient Country, and Ye Feng once took over a rescue mission when he was in the Yuhua Shenmen.

The rescue mission is to help the ancient Loulan country deal with the dark race.

What Ye Feng didn't expect was that Fengling, the Princess of Loulan from the ancient Loulan Kingdom, would actually appear in the Qingtian Territory, and the temperament of this woman Fengling was completely different from before.

Although Fengling was a princess of the ancient Loulan Kingdom in the past, she was just a princess in the mortal world. Although she looked extremely beautiful, her temperament was like that of an ordinary person.

But now, Fengling looks like a lonely and aloof goddess-like figure, with an inexplicable temperament, and the aura on her body gives Ye Feng the feeling that it is no longer the pure aura of the human race. Yes, there is a kind of powerful alien energy that makes people's heart palpitate.

The moment Fengling walked into the trading hall, her beautiful eyes did not notice Ye Feng standing in the corner.

But at this time, Fengling's mind suddenly remembered the voice of an old woman: "Girl Fengling, there seems to be an acquaintance of yours in this trading hall. It was because of him that you agreed to my request and inspired you." The blood of the Wind God Clan in your body allowed you to transform from a human race into a Wind God Clan, thus giving you the terrifying achievements and cultivation talents you have today."

"Grandma Feng, what did you say? Master Ye Feng is here?"

Fengling, who originally had a calm face, suddenly showed a look of deep surprise on her cold and beautiful face, the original Princess Loulan, and then her beautiful eyes quickly moved towards the entire trading hall area. She looked around, trying to find the young man she had been thinking about.

Today's Wind Spirit has inspired the bloodline of the Wind God Clan and has become the inheritance goddess of the "Wind Temple" among the six major temples of the Blue Sky Holy Land. Whether it is cultivation or martial arts talent, it has simply been reborn, and its status has become extremely noble.

But the only thing that remained unchanged was the young genius of the Feathered God Sect who had always been in Fengling's mind and whom she admired and obsessed with and saved their entire ancient country of Loulan.

At this time, Fengling's beautiful gaze, after scanning around, finally landed on the ordinary-looking young man in white in the corner.

When she saw the other party looking at her, her beautiful eyes suddenly trembled, revealing a deep surprise and a deep bitter feeling of secret love, and she couldn't help but walk in that direction.

"Master Ye Feng, I finally found you again. This time I am worthy of you..."

Fengling was muttering secretly in his heart.

The reason why she originally agreed to the soul grandmother Feng Granny in the storage ring was to give up her human body and inspire the blood of the Wind God clan in her body, so that she could finally transform into a foreign race.

Feng Ling endured all this and voluntarily gave up his original human race and became the Wind God Clan, all in order to be able to catch up with Master Ye Feng.

At this time, Fengling saw Ye Feng again and had mixed feelings in her heart, but the biggest feeling was joy and surprise.

Ye Feng was standing in the corner at this time. He had no intention of recognizing Fengling, but he didn't expect that the other party suddenly noticed him in this vast sea of people for some reason.

Ye Feng could only smile slightly at this time, staring at Fengling, the princess of the ancient Loulan Kingdom, and said with a smile: "Princess Fengling, long time no see."

Fengling didn't expect that Ye Feng would take the initiative to say hello. At this time, her beautiful and cold face showed a rare shy look, and she said a little at a loss: "Master Ye Feng, I didn't expect that we would meet here. I originally wanted to wait for my inheritance mission to end and then go to the Yuhua Shenmen to find you."

Chapter 2035 Rough Bandits

Ye Feng heard what Fengling said at this time, and his eyes showed a trace of surprise. Apparently he didn't expect that the other party still remembered him, and seemed to be very familiar with him. He even wanted to go to the Yuhua Shenmen to find him. .

At this time, Ye Feng noticed the powerful aura in Fengling that did not belong to the human race.

But he didn't ask any more questions, because it was the other party's secret. He and Fengling, the Princess of Loulan back then, were not familiar enough to ask questions casually.

At this time, Feng Ling seemed to suddenly remember something, and said aloud: "Master Ye Feng, you appeared in Qingtian Domain, have you already left the Yuhua Divine Sect?"

Ye Feng smiled slightly and said aloud: "I have now joined the Qingtian Holy Land in the Qingtian Domain, and I am temporarily an outer disciple of the Qingtian Holy Land."

"Master Ye Feng also entered the Qingtian Holy Land?"

Fengling's beautiful eyes suddenly lit up at this moment, and then she said loudly: "I am also in the Qingtian Holy Land now! I am now the god of the Wind Temple... a disciple of the Wind Temple!"

When Ye Feng heard what Fengling said, there was a look of surprise in his eyes. He didn't expect that this Princess Loulan from the ancient desert country would actually enter the huge power of Qingtian Holy Land, and also enter the six major powers of Qingtian Holy Land. The Temple of Winds in the Temple.

I have to say that this wind spirit makes Ye Feng feel more and more mysterious.

Ye Feng smiled slightly and said aloud: "I didn't expect that in the end, we would become the same disciples."

After saying that, Ye Feng stretched out his hand, as if he wanted to shake it politely.

"Yes, we are very destined."

Fengling secretly rejoiced at this time. She stretched out a small white hand and shook Ye Feng's palm slightly. Her body trembled slightly.

Because Fengling found herself so close to the man of her dreams at this time.

"The young man in white clothes, the information you asked about has been found."

Suddenly at this moment, the bunny girl behind the counter not far away shouted to Ye Feng.

"I'm going to do my business first. We'll meet again when we have the opportunity in the Holy Land."

At this time, Ye Feng immediately walked towards the counter in the trading hall.

"Goodbye, Senior Brother Ye Feng. Can I exchange martial arts practice experiences with you next time we meet?"

Fengling's beautiful eyes showed a trace of reluctance at this moment, and she immediately shouted.

"sure."

Ye Feng turned around and smiled at Fengling, then turned around to communicate with the bunny girl behind the counter.

Fengling stood there, glanced at Ye Feng's back, then turned and left. She also had her own inheritance assessment to complete.

This time, Feng Gen was very happy to suddenly meet Mr. Ye Feng of his dreams in this small city.

"Feng Ling girl, you have some potential, okay? You are a great figure who will control the entire Wind God Clan in the future. How can you be such a nymphomaniac to a small human race young man? It is impossible for you two to be together. You are not worthy. It's not that he's worthy of you, but that he's not worthy of you!"

Granny Feng made a sound in Feng Ling's storage ring at this time.

"Grandma Feng! I don't allow you to speak ill of Senior Brother Ye Feng!"

Feng Ling's tone immediately became a little angry, "Grandma Feng, if you dare to speak ill of Senior Brother Ye Feng again in the future, then I won't listen to you. I don't care about the identity of the successor of the Feng God Clan. I only care about being with Ye Feng." Senior brother, can we be together in the future?"

When Granny Feng heard what Fengling said, she immediately fell silent and did not dare to say anything more. She was really afraid that this little girl would give up the inheritance of the Wind God Clan in a fit of anger.

After Fengling left, Ye Feng listened carefully to the news at the counter.

At this time, the bunny girl who was responsible for checking the news said: "The method that the young master wants to know about how to refine the body of the Barbarian Ancestor is available in the inventory of our trading hall, but this secret technique is an ancient secret method of driving away corpses. The magic is extremely valuable, so if you want to buy this set of secret skills, you need one million divine crystals."

"One million divine crystals?"

When Ye Feng heard this, his eyes suddenly showed a look of surprise.

I didn't expect that the secret technique of refining the body of the Barbarian Ancestor would be so valuable and expensive.

However, there is a set of secret techniques in this trading hall that can refine the body of the Barbarian Ancestor, which already makes Ye Feng very happy.

After all, at least you can buy it with money.

Even if you can't buy it with money, that would be troublesome.

At this time, Ye Feng looked at the bunny girl in front of him and said loudly: "I don't have so many ready-made divine crystals in my body now. Can I exchange them for some treasures of equal value?"

The bunny girl nodded and said loudly: "Yes, we are here in the trading hall. You can exchange the equivalent for what you need."

Ye Feng immediately took out the treasures one by one from the storage ring.

These treasures are basically some treasures that he has accumulated since his cultivation, such as some powerful weapons, some rare armors, and some secret techniques and techniques that he plundered after killing enemies.

Cheng and so on.

A long time has passed since Ye Feng started practicing, so he has accumulated a lot of things in his storage ring.

At this time, he quickly gathered exchange items of equal value.

After counting all the things, the bunny girl nodded, handed a storage ring to Ye Feng, and said, "The secret technique you need is in this storage ring."

Ye Feng took the storage ring at this time and explored it with his spiritual mind. There was a yellowed book inside. The content recorded in it was the refining barbarian ancestor's body left behind by the ancient method of exorcising corpses. The secret technique.

"Very good!"

Ye Feng's eyes showed a trace of joy at this time.

He directly left the trading hall and came to Tianyuan City Street.

Ye Feng found an inn and stayed there directly.

In the next few days, he used this secret technique to refine the body of the Barbarian Ancestor and transform it into a steel puppet that could obey his orders at any time.

With the help of Emperor Chu, Ye Feng quickly mastered the secret technique of exorcising corpses, and was soon able to control corpse puppets.

Seven days later, a tall figure stood in front of Ye Feng, more than three meters tall. He was the body of the Barbarian Ancestor!

This is the body left by the ancestors of the wild barbarians. It is simply an indestructible body. Now it has been completely controlled by Ye Feng. Ye Feng has successfully learned the art of corpse control, including exorcism.

At this time, Ye Feng's thoughts moved, and the barbarian ancestor in front of him immediately stretched out a hand as big as a cattail leaf fan, and directly threw Ye Feng's set of Tao realm peak armor on the ground, which was easily broken into pieces. .

"Crash!"

The ruthless iron hand of the barbarian ancestor directly smashed the sturdy armor into countless metal fragments and scattered them all over the ground.

"very good!"

"Finally, I have completely taken control of this barbarian ancestor's body!"

Ye Feng was in a good mood at this time.

He took out a set of black robes from the storage ring and let the barbarian ancestor wear them.

Because Ye Feng still had to disguise his body as a Barbarian Ancestor, otherwise others would discover that this was a very rare Barbarian Ancestor body, and it might be targeted and plundered by some people with ulterior motives.

If the barbarian ancestor's body is put on a black robe, it is equivalent to being one of his servants, or his own guardian, and others will not care too much.

At this time, the body of the Barbarian Ancestor was put on a black robe, with a huge body more than three meters tall, standing behind Ye Feng, like a tall and loyal servant, looking very intimidating.

"It's finally fine, we can go to the third mission location."

At this time, Ye Feng had finished everything he wanted to do, and he left Tianyuan City directly.

But just when Ye Feng walked out of Tianyuan City and came to the wilderness outside.

Suddenly, a group of big men with unkind expressions surrounded Ye Feng's path.

There were nearly a dozen people in total, all wearing tattered armor and looking extremely fierce.

The auras on their bodies are all extremely powerful, and they are basically at the seventh level of the Tao Realm, the Tao Ancestor's tenth level of heavenly perfection!

Such a group of more than a dozen strong men is definitely not a small lineup.

A big man stared at Ye Feng with a trace of cynicism in his eyes and said loudly: "A few days ago, we observed you taking out treasures one by one from the storage ring in the trading hall. It seems that you are rich. It's oily."

Ye Feng heard the voices of these fierce men and immediately understood what was going on.

It turned out that he had exposed his wealth in the trading hall before, so this group of fierce wandering warriors targeted him and wanted to rob him of his treasures.

At this time, another big man with a fierce expression spoke up: "Boy, hurry up and hand over all the storage rings or bracelets you have on you. Maybe we can spare your life. This is not the big family you belong to. You don't have anywhere to cry, so don't hesitate to hand over your wealth."

Obviously, this group of fierce wandering warriors thought that Ye Feng was a young disciple from a certain big family, a young and ignorant dandy, and a flower growing in the greenhouse, so they focused on Ye Feng, thinking that Ye Feng was This kind of young family members are the easiest group of people to bully.

But at this moment, Ye Feng looked at the dozen or so fierce men, his face was extremely calm, and he said indifferently: "You messing with me today can be said to be the worst decision you have ever made in your life."

"Hahahaha!"

The moment Ye Feng finished speaking, a dozen extremely fierce men couldn't help laughing.

At this time, a group of fierce men with mocking looks on their faces stared at Ye Feng and said loudly: "Our cultivation realm

Even if you are so much higher than you, even if you are a genius among those big forces, you will not be able to escape the end of being killed by us. "

The leading man said loudly at this time: "Stop talking nonsense to this boy, lest you attract the law enforcement guards in Tianyuan City. Since this boy is not afraid of death, then we have to help him and kill him directly, and then continue." Loot all the wealth and treasures from him!"

boom!

A ferocious big man couldn't bear it any longer. He held the tiger-headed sword in his hand and charged towards Ye Feng in an instant.

Ye Feng stood where he was, not moving at all.

Seeing that the tiger-headed sword was about to hit Ye Feng's head. ??

A group of other fierce men laughed loudly at this time: "I said this boy only talks big words! Look, he is already scared to death!"

But just when everyone felt that Ye Feng was bound to die.

boom!

A black-robed figure with a height of more than three meters, like a steel city wall, suddenly stood in front of Ye Feng, stretched out a hand, and instantly killed the tiger head in the hands of the fierce man. The sword was pinched.

"What?!"

At this time, this fierce man couldn't pull out his sword at all. He immediately looked horrified and said, "What a powerful force! He can catch my tiger-headed sword with his bare hands. This is definitely a very powerful body-refining warrior!"

The tall black-robed figure who suddenly stood in front of Ye Feng was naturally the body of the Barbarian Ancestor that Ye Feng had just refined into a puppet of his corpse.

The body of the Barbarian Ancestor is extremely strong and indestructible, as if it is made of the strongest divine iron in the world. Although it cannot burst out any powerful magic power or powerful killing techniques, his only advantage is that it is hard enough. Emperor Chu said that there is no power in the world that can destroy the body of the Barbarian Ancestor.

"Who is your Excellency?"

Several fierce men not far away saw this scene, and they all said aloud: "Your Excellency, there is no need to sacrifice your life for a boy who is no more than a sixth-level Dao Emperor. If you don't resist us, let us kill the boy in white." If you kill him, part of the wealth we get will be given to you."

At this time, this group of fierce men were not brainless. They saw the black-robed figure taking the tiger-headed sword attack with bare hands, and they immediately realized that this black-robed figure was definitely a very powerful being.

That's why they said they wanted to give him a portion of their wealth, as if they wanted to draw this black-robed figure into their camp.

However, the body of the barbarian ancestor under the black robe naturally had no thoughts. At this time, he simply squeezed it with his hands.

"Kacha kacha..."

In an instant, the tiger-head sword that shone with cold metallic luster was crushed into pieces and turned into pieces of metal fragments, which fell to the ground.

"What?!"

"Third brother's tiger-head sword was forged from tens of thousands of years of cold iron on the snow-capped mountains! It is definitely a powerful magic weapon at the pinnacle level of the Tao Realm! It is as sharp as cutting iron into mud! It was crushed to pieces by this black-robed figure? "

"How can this be!!"

...

Almost at this moment, the dozen or so fierce men watching not far away could not help but scream in horror.

They were all deeply shocked by the terrifying power of the Barbarian Ancestor's body.

"Third brother, retreat quickly!"

The dozen or so fierce men not far away all screamed in surprise.

"Uh-huh!"

But it's too late.

The barbarian ancestor immediately stretched out a hand and grabbed the fierce man in front of him.

"Pfft!"

That hand was like the sharpest war spear in the world, its five fingers were like iron bars, and it instantly pierced the chest of this fierce man, directly crushing his vitality.

"ah!!"

This fierce man immediately let out a shrill howl, and then died immediately.

"Third brother!!"

The dozen or so fierce men not far away were extremely angry.

"Okay! Since you are so disrespectful to us and even killed our partners! Then we will work together to get rid of you! Then we will rob that boy of his wealth!"

At this time, a dozen fierce men suddenly united together and released their powerful attacks and magic weapons.

"Crazy magic sword technique!"

"Wind and residual clouds!"

"Flame gun!"

"Thunder Half Moon Slash!"

...

Boom! !

Infinitely terrifying attacks were released from the hands of a dozen fierce men at once, and all of them bombarded the body of the Barbarian Ancestor in an instant.

Their eyes were filled with cruel smiles, as if they had seen the bloody scene where the barbarian ancestor's body was beaten into pieces.

"when!!

"

But at the next moment, what made everyone almost stare out of their eyes was that all their attacks bombarded the body of the Barbarian Ancestor. They all seemed to hit a copper wall and an iron wall, and they emitted a series of metal-like sounds. With the roaring sound, their attacks did not cause any damage to the body of the Barbarian Ancestor.

"What?!"

"How can this be?"

"The combined attack of more than a dozen of us Dao Ancestors and tenth-level Dzogchen masters is absolutely as powerful as the attack of a real Xuan Dan Realm super strong man! But it didn't cause any harm to this black-robed man?"

...

At this moment, a dozen gangsters were simply dumbfounded.

They originally wanted to rob Ye Feng, but now they feel that they have offended the wrong person.

What kind of super power did this young man in white come from? He was guarded by such a terrifying strong man.

At this moment, Ye Feng's eyes showed a trace of satisfaction.

He didn't do it himself just now, the purpose was to get used to the hardness of the Barbarian Ancestor's body and how powerful it was.

The result made Ye Feng very satisfied. The body of the Barbarian Ancestor was indeed as strong as what Emperor Chu said. There was not much power in the world that could destroy the body of the Barbarian Ancestor.

However, the attack power of the barbarian ancestor's body is limited, and it cannot exert mana or any killing techniques. It is equivalent to a cold humanoid weapon.

But as an extremely strong "shield", it is good enough, and Ye Feng is already very satisfied.

At this time, Ye Feng immediately waved his hand and asked the Barbarian Ancestor to retreat.

"What does this kid want to do?"

The dozen or so gangsters who came to this scene all had traces of surprise in their eyes.

"It's game over."

Suddenly Ye Feng spoke up, and he personally walked towards the dozen fierce men.

"It seems like this kid is going to attack us personally?"

"Is his mind broken? How dare he attack us personally?"

"Although his guardian is very powerful, he is just a weakling at the sixth level and the tenth level of the Dao Emperor! Isn't he looking for death by attacking us personally!"

...

At this time, a group of more than a dozen fierce men all made noises, thinking that Ye Feng's brain was broken.

"Since this kid is out of the protection of his guardian, let's kidnap this stupid kid! This will threaten the guardian!"

A dozen fierce men immediately took action, bursting out with powerful murderous intent and charging towards Ye Feng.

"Dragon Demon Heaven-Slaying Fist!!!"

But at this moment, Ye Feng directly used all his power, and instantly blasted out this powerful martial arts inheritance at the level of Xuan Dan.

"Boom!!!"

Suddenly, a huge black dragon soul, like a roaring dragon demon from the ancient times, rushed out of Ye Feng's fist, full of unparalleled impact and destructive power, and directly bombarded it. On the dozen gangsters who came to kill him.

"What?! This kind of power?"

The dozen or so gangsters who originally looked down upon them with incomparable contempt suddenly changed their expressions the moment they touched the Dragon Demon Sky-Slaying Fist, and they felt an irresistible terrifying and destructive power.

"ah....."

Accompanied by extremely sad howls, the bodies of a dozen extremely powerful bandits disintegrated in an instant, and were directly bombarded into countless pieces by the Dragon Demon Sky-Slaying Fist. They fell instantly on the spot.

This scene is full of unparalleled shock!

One punch can instantly kill more than a dozen powerful men from the tenth level of the Dao Ancestor's Great Perfection!

It has to be said that Ye Feng's physical strength has become extremely powerful now.

At this time, Ye Feng's eyes were very calm, as if he had done something trivial.

"Swallow!"

The next moment, Ye Feng directly released the Devouring Domain, absorbing all the blood energy into his body.

"Boom!"

There is almost no doubt that such a huge energy will push Ye Feng's cultivation to the last level of the Tao Realm, the seventh level of Tao Ancestor First Level!

A big bottleneck has been overcome in one fell swoop!

It can be said that this group of ruthless bandits not only failed to rob Ye Feng's wealth, but instead brought Ye Feng huge wealth.

At this time, Ye Feng put away a dozen storage rings scattered on the ground, and then rushed towards the third mission point with the extremely tall body of the Barbarian Ancestor.

The third mission can be said to be the most dangerous of the three missions chosen by Ye Feng, because he is going to the alien territory outside the Blue Sky Territory, which is an extremely dangerous and chaotic sea area where countless fierce and powerful ocean monsters live.

But now that he has the body of the Barbarian Ancestor by his side, Ye Feng feels a lot safer.

Chapter 2036 Undersea Resources

Half a month later, Ye Feng finally arrived at the destination of his third mission.

This is already the alien domain that has left the Qingtian Domain.

This area is called the Chaotic Sea, surrounded by endless ocean. Ye Feng's mission on this trip is to escort a human caravan to trade with monsters in a maritime city on the edge of the Chaotic Sea, called Siren City.

Because the ocean resources are extremely rich, many human races in the Blue Sky Territory will form caravans of various sizes and enter the Siren City to trade resources and goods with the ocean aliens.

This has led to the economic development of many human areas throughout the Blue Sky Territory. Therefore, even though the ocean is extremely dangerous and dealing with monsters is extremely difficult, there are still many human caravans working tirelessly into the ocean area to deal with the monster races in the ocean.

Because the ocean is rich in ocean crystals, sapphires, ocean essences, inner elixirs of ocean giants, etc., they can all be sold at a good price in the Qingtian Domain, and some are even priceless.

This time, the human caravan that Ye Feng escorted was a large caravan. The ocean area it entered was not deep, and it only went to the Siren City on the edge of the ocean area for trading.

In order to ensure the safety of the entire caravan, this time the caravan specifically sought the protection of strong men from the Qingtian Holy Land, the dominant force in the Qingtian Territory. ??

Ye Feng was the strong man escorting the caravan this time.

His mission is simple, that is, to safely escort the entire caravan to Siren City.

In addition to escorting the entire caravan into Siren City, Ye Feng also wanted to see if he could buy some marine resources from Siren City that could help him improve his cultivation.

After all, Ye Feng is also very interested in those ocean crystals that contain very pure and majestic energy.

This kind of thing is not very easy to get inland. Only by entering the chaotic sea can you get these very rare ocean cultivation resources.

When Ye Feng and the entire caravan arrived at the edge of the chaotic sea, Ye Feng immediately felt that the entire chaotic sea was filled with an aura of killing.

It gives people a very sinister and palpitating feeling, and the whole body feels as if it is ice-cold.

No wonder this group of caravans all sought the help of disciples from large sects to escort them safely to Siren City.

Although the Kraken City is in the chaotic sea, it is a Kraken City with strict hierarchy and strict laws. The city lord who controls the entire Kraken City is called the Siren Queen, named Medusa, who seems to be a kind of creature with the body of a snake and the tail of a snake. It is said that the ancient sea monster will turn to stone and die if she takes one look at it. Her abilities are very strange.

"Brother Ye Feng, after entering the chaotic sea area, we will rely on little brother Ye Feng to suppress the entire place."

At this time, on the huge sailboat, the captain of the caravan spoke to Ye Feng.

"Do not worry."

Ye Feng nodded to the captain and said with a smile: "This chaotic sea area we have entered is only a relatively marginal area of the ocean. There should not be any too dangerous dangers. My presence is enough."

"Wow!"

Suddenly, at this moment, a golden turtle with barbs all over its body rushed out of the sea not far from the huge sailing ship, and opened its bloody mouth to bite the entire sailing caravan.

"The seventh level is the evil beast Oogway of the Sixth Heaven of Dao Ancestor."

Ye Feng's eyes were extremely calm, and a dark golden halberd appeared in his hand, and he blasted it straight ahead.

"Pfft!"

The entire golden turtle didn't even get close to the sailboat. It was split in half by Ye Feng's dark gold halberd. Even the turtle shell, which was as strong as divine iron, was broken into pieces.

"boom!"

The next moment Ye Feng opened his mouth and swallowed, the dark devouring power suddenly burst out from his body, directly swallowing up all the blood of the golden turtle.

Snap!

The golden turtle turned into skin and bones, fell from a high altitude, and fell on the sea. It lost all its life essence and was all eaten by Ye Feng.

But Ye Feng seemed to have had a full meal, and his whole body exuded a strong wave of life.

His skills have become much more powerful, but there is no breakthrough.

After all, an ocean turtle that is just the sixth heaven of Dao Ancestor is not enough for Ye Feng to break through even the first heaven.

And at this time.

There were hundreds of people on the entire huge sailboat.

The caravan was all shocked by Ye Feng's method just now.

The golden turtle beast that suddenly emerged from the ocean just now gave everyone the impression that it was an extremely ferocious prehistoric beast, but it could swallow up their huge sailboat in one go. The ferocious beast was simply irresistible, which made everyone feel frightened and frightened. They felt that it was a bad start as they encountered such a powerful golden turtle.

But in the end, Ye Feng was holding a halberd, like a young divine warrior, full of unparalleled power. With one halberd, he directly chopped the ferocious golden turtle into pieces, and also killed the golden turtle for life. All the blood energy and life essence were swallowed up.

This unparalleled courage simply amazed everyone.

"As expected of a talented disciple from Qingtian Holy Land!"

For a moment, the captain of the caravan was also very lucky to have invited talented disciples from the Blue Sky Holy Land to escort them.

Otherwise, their entire sailing ship might capsize in this attack.

"Buzz!"

While the entire caravan on the huge sailboat was secretly shocked, Ye Feng was using the Divine Eye of Creation to observe the surrounding ocean.

His gaze had extremely terrifying penetrating power at this time. He could even penetrate the thick sea surface and see the scene under the ocean with incomparable clarity.

At this time, Ye Feng saw that there were a lot of mineral resources under this ocean, as well as some naturally grown ocean essences and blue gems, and many majestic ocean beasts living deep underneath.

These are all good things for Ye Feng.

"It's hard to come to this chaotic sea, so we can't waste it."

At this time, Ye Feng murmured in his heart, and then said directly to the captain of the Chamber of Commerce on the sailboat: "I need to go down to pick some marine resources. The sailboat continues to move forward. I will follow you secretly below."

When the captain of the Chamber of Commerce heard what Ye Feng said, his face suddenly showed a look of shock, and he couldn't help but said: "Brother Ye Feng, if someone as powerful as you leaves, what will happen to our entire Chamber of Commerce's sailboats?" , This chaotic sea area is not only threatened by the ocean monsters, but if there is a sudden attack by the monsters in the ocean, if Brother Feng fails to provide support under the ocean, then we will be doomed. "

When Ye Feng heard what the captain said, he couldn't help but smile and said, "I asked my servant to stay."

At this time, Ye Feng looked at the body of the Barbarian Ancestor wrapped in a black robe beside him, and said: "Just stay on this sailboat. If there is any danger, take action directly."

The body of the barbarian ancestor under the black robe did not make any sound, but silently walked to the front of the sailboat, like a black monument, looking full of extremely powerful deterrence.

The captain of the Chamber of Commerce looked at the three-meter-tall black-robed figure and couldn't help but ask: "Brother Ye Feng, what is the cultivation strength of your servant?"

Ye Feng patted the captain of the Chamber of Commerce on the shoulder and said with a smile: "My servant is more powerful than me."

"Is it more powerful than little brother Ye Feng?"

When the captain of the Chamber of Commerce heard what Ye Feng said, he was completely relieved.

At this time, the captain of the Chamber of Commerce looked at the two guards beside him and said loudly: "Hurry up and prepare good wine and food, and put them in front of the black-robed master so that he can enjoy them."

When Ye Feng heard what the captain of the Chamber of Commerce said, he just smiled secretly in his heart. Without saying anything else, he jumped directly into the ocean with a "pop" and swam quickly under the ocean.

Ye Feng's speed was very fast, and in a blink of an eye he arrived at a depth of hundreds of thousands of meters under the ocean.

This is already an extremely deep ocean area, almost the bottom of the entire chaotic sea area.

This is like a new independent ocean world, where many powerful marine creatures live, as well as various rare materials growing under the sea, such as ocean cold iron, sapphire, energy blue crystal, ocean pearls, There are even some ocean vein crystals unique to the chaotic sea.

At this time, Emperor Chu couldn't help but flew out from the Soul Beast Heavenly Book and looked at the entire underwater world.

He couldn't help but said excitedly: "I have always heard that there are endless resources in the depths of the ocean. It is indeed extraordinary to see it today."

Ye Feng smiled and nodded, and said: "And this is only the deep seabed area on the edge of the chaotic sea. If it is under the seabed in the center of the chaotic sea, there must be more abundant resources, but there is no way there. Go there rashly, because the closer you get to the center of the ocean, the more terrifying ocean monsters live. There are even extremely powerful ocean monsters that are comparable to the legendary gods. They are unfathomable, even among some big forces. The Lord doesn't dare to provoke him easily."

When he said this, Ye Feng stopped wasting time and began to spread out his huge soul power to search for various marine resources that he could use.

Ye Feng naturally searches for energy resources that can enhance his own abilities.

At this time, Emperor Chu was also searching for various resources, but he was searching for equipment-like materials such as ocean cold iron, natural purple gold ore, and so on.

These materials contain the original power of natural magic weapons, which can restore the Emperor Chu who is now a weapon spirit.

"Crash!"

Ye Feng searched for an energy blue crystal vein, landed directly, and stretched out his hand to grab the seabed in the distance.

Rumble... ??.

This large seabed plate was grabbed by Ye Feng.

All contained in this seabed plate are energy blue crystals that emit ice-blue light.

These energy blue crystals are mineral-like crystals that have been condensed from the ocean essence deep in the ocean for many years.

It contains extremely majestic ocean essence energy, which is a great tonic for Ye Feng.

"Swallow!"

At this time, Ye Feng grabbed an entire large plate of energy blue crystal, directly released the Devouring Domain, and began to crazily devour the ocean essence energy in these people's original crystals.

"Crash..."

Suddenly, streams of pure ocean energy were injected into Ye Feng's body.

Waves of icy blue energy, like long ice dragons, surged through Ye Feng's limbs, wildly increasing his skill and body strength.

"boom!"

The seventh level of Tao Realm, the second level of Tao Ancestor!

"boom!"

The seventh level of Tao Realm, Tao Ancestor Third Heaven!

"boom!"

The seventh level of the Dao Realm, the fourth level of Dao Ancestor!

As Ye Feng continued to make breakthroughs in cultivation, the piece of energy blue crystal he explored and excavated at this time had all lost its light and turned into ordinary stones. The ice-blue ocean energy in it had been swallowed up by Ye Feng. .

It has to be said that Ye Feng's body is like a bottomless pit. Breaking through is becoming more and more difficult, and the energy required is getting larger and larger.

The energy blue crystal contained in such a huge plate probably weighed nearly half a ton, but the result was that Ye Feng only swallowed it all, and only broke through the third heaven in a row and entered the seventh level of Dao Ancestor's fourth heaven.

However, Ye Feng was very satisfied with being able to get such an opportunity.

After all, this time he escorted the entire caravan to Siren City. The main purpose was to complete the escort mission. It was an unexpected blessing to be able to break through some cultivation levels on the way.

Next, Ye Feng continued to search for resources in the ocean. Although he did not find an entire plate of energy blue crystals again, he found many other resources and things containing pure energy, such as huge energy pearls, some buried The essence of the earth veins in the sludge on the seabed, and even Ye Feng's luck exploded, and he encountered a deep-sea blue whale that was about to die of old age. It was tens of thousands of meters long, majestic and huge, and its vitality was naturally incomparable.

Ye Feng's cultivation finally reached the seventh level of Dao Ancestor Nine Heavens!

It has to be said that the resources in the ocean are so rich that Ye Feng even feels like he doesn't want to leave.

But on this night, Ye Feng was searching the depths of the ocean alone and suddenly stumbled into a huge deep ocean cave.

Uh-huh!

Uh-huh!

In the endless darkness of that deep ocean cave, two sticks sprouted out, covered with sharp roots.

The huge thorny claws look very ferocious and terrifying.

"Buzz!"

An extremely terrifying aura, like the Dark Demon God in the deep sea, suddenly revived, came out from the deep hole in the ocean.

Those two extremely ferocious claws immediately grabbed at Ye Feng who just passed by.

Ye Feng directly waved the big halberd in his hand and slashed at the two ferocious claws.

"when!!!"

But at the next moment, the dark golden halberd slashed at the ferocious claws, but it did not cause any damage to the claws. Instead, a huge backlash force made Ye Feng fly backwards.

"So strong!"

Ye Feng's eyes narrowed, and he instantly realized that he was no match for the owner of the claw. He immediately ran away quickly.

"Boom!"

Suddenly at this moment, the seawater around Ye Feng suddenly condensed and became solid, as if molten iron was poured into it. Ye Feng was suddenly frozen in a small area of seawater. .

"Crunch, crunch..."

Even if Ye Feng was running the Chaos Body crazily at this time and using the powerful Chaos Body, he still couldn't break free from the confinement of the solid sea water.

"Space gem!"

At this moment, Ye Feng immediately subconsciously used the power of the space gem to open up a small space wormhole in the solid sea water directly in front of him.

Uh-huh!

The next moment, Ye Feng finally moved out of the space wormhole, left the solid ocean area where he was imprisoned, and escaped from the terrifying scene.

Ye Feng didn't hesitate at all and left the bottom of the sea in an instant.

At this time, he understood that he might be approaching the inner ocean area of the Chaotic Sea, so the seabed was full of dangers and there were all kinds of terrifying life forms that he could not even imagine.

"Wow!"

Ye Feng left from the bottom of the sea, jumped out of the sea, and returned to the huge sailing ship of the caravan.

At this time, Ye Feng looked at the captain of the Chamber of Commerce standing at the front of the sailboat and asked: "Did you encounter any danger during this period?"

When the captain of the Chamber of Commerce saw Ye Feng coming back, he immediately said with some joy: "There is no danger. Brother Ye Feng, your servant is really awesome. Yesterday we encountered a group of powerful pirates driving dozens of pirate ships. Surrounded our entire caravan, we all thought it was over, but in the end, Ye Feng, your servant, punched a pirate ship, and all of them were smashed. The group of pirates were so frightened that they almost cried, and they turned it over directly. All their wealth was saved by us, and they were all imprisoned in the prison under the sailboat. When we get to Siren City, we can use these pirates to exchange for some wealth. "

Ye Feng nodded and said, "My servant is really powerful."

"Oh, right!"

At this time, the captain of the Chamber of Commerce seemed to have thought of something, and immediately handed a storage ring to Ye Feng, and said loudly: "The wealth of the pirates on the dozens of pirate ships is all contained in this storage ring. They all belong to you, Ye Feng. Originally, we wanted to give them to your servant, the man in black robe, but the man in black robe ignored us at all, so we can only wait for Ye Feng to give them to you after you come back."

But in the minds of the captain of the chamber of commerce, the body of the barbarian ancestor wearing a black robe is probably already the kind of master and strong senior in their hearts who should not be approached by strangers.

Ye Feng took the storage ring at this time and used his spiritual mind to explore it, but his eyes were slightly surprised.

The wealth turned over by these pirates was really quite a lot.

"good."

Ye Feng nodded with satisfaction and took the storage ring.

"Captain! We are almost reaching Siren City!"

Suddenly at this time, a voice from a member of the Chamber of Commerce came from the direction of the bow.

At this moment, Ye Feng and the captain of the Chamber of Commerce looked towards the front of the sailboat.

A majestic ancient city standing on the surface of the ocean, several kilometers tall and majestic, full of breathtaking atmosphere, appeared in their field of vision.

That is Siren City!

It is the most prosperous trading city on the edge of the Chaotic Sea!

Chapter 2037 Robbery

At this time, Ye Feng followed the caravan's sailboat and gradually approached the Siren City.

Approaching this huge ancient ocean city, everyone was shocked by the majestic buildings in front of them.

The huge ocean city was entirely made of a very special kind of ocean cold iron, exuding an icy cold air that froze the surrounding seawater into ice.

Moreover, the huge and majestic city walls are all carved with sculptures of ocean beast overlords, which seem to have some mysterious power.

The entire huge city is like a powerful weapon, exuding a heart-stopping sense of vastness and power.

At this time, the captain of the Chamber of Commerce looked at Ye Feng beside him and asked: "Master Ye Feng, you have successfully escorted us to the Siren City. I will give you the proof of completing the task list now."

Ye Feng smiled and nodded, and said: "There's no rush. I just happened to follow you into the Siren City this time. I also have some good things from the human race area, and I should be able to carry them to the Siren City to redeem them." Produce good marine resources."

When the captain of the Chamber of Commerce heard what Ye Feng said, he immediately said very happily: "Master Ye Feng wants to join us? That would be great. I will help Master Ye Feng introduce some good buyers."

Ye Feng smiled and nodded: "Okay."

The captain of the Chamber of Commerce, who often travels between the Blue Sky Territory and the Chaos Sea Territory to do business, must know Siren City better than he does.

It's not bad to have such a guide.

"Rumble..."

At this time, the huge Chamber of Commerce sailboat finally approached the edge of a pier in Siren City.

At this time, the sailboat docked, and there were many low-level dock servants on the dock. They immediately pulled the huge sailboat towards the dock, and then put up wooden planks so that the caravan members on the sailboat could pull down the goods. .

At this time, Ye Feng followed the Chamber of Commerce to the dock outside Siren City.

At this time, Ye Feng subconsciously exuded his huge soul power and directed it towards the entire Ocean City.

He immediately sensed a lot of powerful auras, all floating in the Siren City.

It seems that this Siren City's reputation as the largest trading city on the edge of the Chaotic Sea is not in vain. There are many powerful people sitting in it, and there are also many extraordinary transactions.

At this time, Ye Feng followed the entire caravan off the boat, and then drove towards the gate of Siren City.

Soon the caravan arrived at the city gate.

Under the huge and majestic city wall, there are many siren guards wearing silver armor stationed.

The aura of cultivation on their bodies is very powerful, and each of them possesses at least the fifth level of Tao Realm cultivation.

Although the fifth level of Tao Realm is nothing now in Ye Feng's eyes.

But you must know that this group of sea monsters are just the guards guarding the gate of the sea monster city. Each one of them has the cultivation level of the fifth level of Tao Realm, which is already quite good.

From this point, it can be seen that the overall strength of the entire Ocean City is absolutely very powerful.

However, it is still far behind the Blue Sky Holy Land, the dominant force in the Blue Sky Territory. After all, this is just a small trading city in the Chaos Sea Territory.

The one that can truly rival the Blue Sky Holy Land, the dominant force in the Blue Sky Territory, should be the controlling force in the Chaos Sea Territory.

However, this Siren City definitely belongs to the controlling force in the Chaotic Sea. Otherwise, it would be impossible to gain a foothold in the Chaotic Sea and become the number one trading city in the Chaotic Sea.

When the entire chamber of commerce team arrived at the city gate.

Several siren guards wearing silver armor immediately raised their silver spears and stopped all the chamber of commerce teams.

The leading Siren guard was staring at the entire caravan at this time, with a hint of greed in his eyes, and said loudly: "Queen Medusa of our Siren City has given an order, starting today, everyone who enters my All chambers of commerce that conduct transactions in Siren City must pay three thousand divine crystals."

"What?"

"Three thousand divine crystals?"

"Isn't it true that they are all a thousand divine crystals? Why have they increased so much this time?"

...

Almost at this moment, everyone in the entire Chamber of Commerce team couldn't help but look very ugly.

Asking for so much entrance fee all at once is tantamount to cutting their flesh.

At this time, the captain of the Chamber of Commerce walked up to the silver ocean guard, stuffed several crystal stones to him, and then whispered in a low voice: "Master Siren, please let us small chambers of commerce go, and pay the price all at once. Three thousand divine crystals, then we have lost almost one-tenth of the profit from this business. We small chambers of commerce cannot compare with those big chambers of commerce, and we are all making a living in the cracks of the big chambers of commerce. Why invite this person? I need adults to be accommodating..."

Snapped!

But at the next moment, the siren guard wearing silver armor slapped the captain of the chamber of commerce to the ground.

He stared at the captain of the Chamber of Commerce coldly and threw a few crystal stones in his hand directly on his face.

The leading Siren guard smiled coldly and said aloud: "You want to send me away with just a few crystals? It's just a dream! If your entire chamber of commerce wants to enter Siren City, you must pay three thousand divine crystals!"

At this moment, another caravan came not far away.

The members of this caravan are all covered with black scales, and they are obviously not the human chamber of commerce.

At this time, they arrived at the city gate, handed over the Thousand Divine Crystals directly, and entered the Siren City.

"Why do they only need to pay the previous thousand crystal stones?"

At this time, the captain of the Chamber of Commerce who was slapped to the ground immediately couldn't help but say something.

The siren guard wearing silver armor at the city gate immediately smiled sarcastically and said loudly: "This is the extremely powerful Black Armor Clan Chamber of Commerce. If your human race is such a weak chamber of commerce, we must treat you differently and charge you more." Jing Shi, what's wrong? If you don't accept it, just come to our Siren City!"

"Wow!"

At this time, the words of the siren guard immediately made all the members of the Human Chamber of Commerce unable to help but see angry flames in their eyes.

Even Ye Feng, who was standing aside, had his eyes turned cold at this moment.

Ye Feng walked towards the Siren guard and said aloud: "I think it is not an order issued by Queen Medusa, the lord of your Siren City, but an order privately given by you, the guard, for the purpose of wanting to Stealing the difference of two thousand divine crystals."

"Who are you? Are you worthy of teaching me a lesson?"

The siren guard wearing silver armor stared at Ye Feng with a sarcastic look on his face. He pointed the silver spear in his hand at Ye Feng and said with a cold smile: "Young man, I advise you not to care too much. No matter what, don't let me kill you on the spot. This is a chaotic sea. Even if I kill you on the spot, no one will stand up for you. "

"Master Ye Feng, let's forget it. Let's pay the three thousand divine crystals honestly."

At this time, the captain of the Chamber of Commerce also got up from the ground, walked to Ye Feng's side, and whispered.

"It doesn't matter how much you pay for the divine crystal. Your integrity cannot be trampled on by a little siren guard like this."

Ye Feng suddenly

He suddenly made a sound, grabbed the siren guard with one hand, and said loudly: "It seems that I can only teach you some lessons."

"presumptuous!"

When a group of siren guards in silver armor saw Ye Feng taking the initiative, they immediately shouted loudly, holding the silver spears in their hands, and released terrifying murderous intent, all stabbing at Ye Feng. .

"Everyone get down here!"

Ye Feng shouted loudly, and a terrifying aura suddenly emerged from his body.

That kind of terrifying and boundless martial arts aura is the powerful aura of the Tao Ancestor Ninth Layer, the pinnacle of the Tao Realm.

"Boom!"

It was like a heavy mountain fell from the sky, and it immediately suppressed several of the Kraken guards who had taken action, causing them to fall to the ground, vomiting blood crazily.

"So powerful!"

The expressions of a group of siren guards who were originally very arrogant suddenly turned extremely ugly.

At this time, the leading siren guard suddenly became extremely frightened.

Because he knew that he had offended the wrong person this time.

There is such a powerful human master hidden in this small human caravan of the other party.

A strong man at the ninth level of Dao Ancestor, the seventh level of the Dao Realm, is definitely considered the top master in the entire Siren City!

At this time, the leading siren guard fell to the ground, very embarrassed, and his eyes were extremely ugly.

At this time, he could not ask for help from the Siren City.

Because the rule that made the Human Chamber of Commerce pay an extra two thousand crystal stones was indeed imposed by him privately, probably just to bully the weak and fear the strong, and to be greedy for some money.

At this moment, the leading Siren guard suddenly said: "I was wrong! You only need to pay a thousand divine crystals to enter the Siren City."

When Ye Feng heard these words, his power dissipated.

At this moment, the terrifying pressure on the entire field disappeared instantly.

All the Siren guards could not help but breathe a sigh of relief at this moment.

At that moment, they only felt that they had encountered an unstoppable and terrifying pressure.

That feeling was simply suffocating for them.

Although they think the human race is a weak race, there will still be some super powerful people with amazing talents among the human race.

At this time, Ye Feng gave the group of siren guards a cold look, and then said to the caravan behind him: "Let's go in."

The captain of the Chamber of Commerce also had a happy look on his face at this time.

If it weren't for Ye Feng this time, they would have really been tricked.

At this moment, the entire members of the Human Chamber of Commerce felt excited because of Ye Feng's powerful power.

They have always felt that their race is very weak.

So when encountering such a situation of oppression by other alien races outside, a strong man of his own race stepped forward and suppressed everything. It really made people feel excited, and even brought tears to their eyes.

The entire caravan entered the Siren City safely.

Ye Feng followed the caravan and finally arrived at the trading hall in the center of Siren City.

This trading hall is extremely huge, occupying nearly half of the entire Kraken City.

In this trading hall, there are huge shops, all of which can carry out various transactions.

At this time, the captain of the Chamber of Commerce took Ye Feng to one of the trading shops.

The captain of the Chamber of Commerce smiled and said: "Master Ye Feng, this shop is called Haisheng Shop. Every transaction we make

Everyone will come to this shop. The owner of the shop, Mr. Luo, is a very powerful businessman. He is well-known in the entire chaotic sea area and is one of the most reputable shops in Siren City.
"

Ye Feng nodded and came to the trading counter of this shop.

At this time, the captain of the Chamber of Commerce was the first to trade, but during the transaction, the captain of the Chamber of Commerce couldn't help but said to Mr. Luo behind the counter: "Mr. Luo, weren't the prices we set before all of them? Crystal, do you want to exchange for one ocean blue crystal? Why do you need ten divine crystals to exchange for one ocean blue crystal? This is too exaggerated! How can we do business?"

Mr. Luo behind the counter was expressionless at this time and said aloud: "Recently, a marine race in the Chaotic Sea has a war with a military branch of your human race. Therefore, the controller of the Chaotic Sea has ordered all trading places under it to Even the human race's chamber of commerce must increase the price difference by ten times. In other words, the ocean resources that you used to be able to exchange for one divine crystal now require ten divine crystals. This is an order from the entire ocean race. You Just obey."

The captain of the Chamber of Commerce was so angry that his face turned red. He finally couldn't bear it anymore and said loudly: "Then I won't do your business anymore. I will leave your Siren City with all the goods. What you are doing is really outrageous." It's so disgusting! This is clearly aimed at us humans!"

After saying that, the captain of the Chamber of Commerce immediately turned around and left.

But suddenly at this moment, Mr. Luo from the Haisheng store behind the counter suddenly said: "You can leave, but the goods must stay. The magic weapons and weapons contained in your goods are very important to our ocean." Racially arming our own soldiers plays a huge role, so we must detain them all!"

"What?!"

The words of Mr. Luo from the Siren City shop immediately made everyone in the entire chamber of commerce unable to help but change their expressions.

At this time, everything Mr. Luo said was no longer a transaction, but a robbery, a forced seizure, which made people extremely angry.

"Not convinced?"

At this moment, Mr. Luo suddenly burst out with a powerful aura at the level of the Great Perfection of the Seventh Level Taoist Dao Ancestor of the Dao Realm, and instantly blew away the captain of the Chamber of Commerce and several members of the Chamber of Commerce.

"You have to accept it even if you don't accept it!"

A cruel smile appeared on Mr. Luo's face. He stretched out his hand and grabbed the captain of the chamber of commerce, intending to squeeze the captain to death.

"shut up!"

At this critical moment, Ye Feng suddenly burst out with an extremely cold murderous intention. He stopped directly in front of Mr. Luo. His voice was low and he slowly said: "I finally understand, what?" The so-called trading city is simply a bandit city! How dare you bully our human race like this? Today I will make your entire Siren City regret this kind of banditry!"

boom!

The moment Ye Feng finished speaking, he stretched out a hand and flew through the space. In an instant, he scratched the chest of the extremely arrogant Mr. Luo in front of him, and a bloody hole appeared.

"You... how dare you kill me?"

Before Master Luo died, his eyes were full of deep fear and disbelief.

"You are just the first."

Ye Feng spoke up.

"Some people are causing trouble!!!"

Suddenly, at this moment, the entire trading hall suddenly heard exclamations of surprise.

"Hurry up and catch that human! He dares to attack our Siren clan! Execute him directly!"

The Imperial Guards of Siren City, each wearing heavy armor and holding radiant weapons in their hands, suddenly gathered from all around and surrounded Ye Feng.

Chapter 2038 Huge Property

Buzz!

At this time, Ye Feng was surrounded by the guards of Siren City wearing armor.

At this time, all the Siren Guards stared at Ye Feng with cruel eyes and said loudly: "Human race! You are so courageous! You dare to kill in our Siren City! We must Put you on the rack, cut off your head, and parade it through the streets!"

Ye Feng looked around coldly at this time, looking at the group of ferocious Siren soldiers, his eyes filled with cold murderous intent, and said loudly: "You bully people too much! Otherwise, I won't take action! Since you are so cruel, then I will treat him in his own way!"

Sometimes, fighting violence with violence is the best choice.

"Boom!"

At this moment, dozens of surrounding Siren Guards immediately took action.

The cultivation auras on their bodies are all very powerful, and most of them are at the Dao Ancestor level, otherwise they would not be enough to maintain the peace of the entire Siren City.

But these so-called powerful imperial guards could not resist Ye Feng at all.

"Boom!!"

Ye Feng held the dark gold halberd in his hand, swept across all directions, turned in a circle, and instantly cut all the dozens of guards surrounding him in half, blood spattered, and the corpses fell on the ground. on the ground.

"ah!!"

Seeing this horrific scene, everyone in the entire trading hall couldn't help but make sounds of horror.

They all ran away from here like crazy.

At this time, a black swallowing vortex appeared in the space behind Ye Feng.

All the blood energy of the sea monsters he killed was absorbed by the swallowing vortex.

At this time, Ye Feng's eyes were extremely cold. He was extremely disappointed with this so-called Siren City.

"Then destroy."

Ye Feng soared directly into the sky, holding a dark golden halberd in his hand. His body suddenly erupted with divine light, filling his whole body with infinite momentum, as if a young human god had arrived, possessing the power to dominate the world. .

"Trapped this human in the trading hall! We must not let him escape!"

At this time, two extremely powerful Siren nobles ran out of the building behind the trading hall.

Obviously they are the leaders of this trading hall, and they have activated the formation of the entire trading hall at once.

Boom!

Boom!

Immediately, formation stripes lit up in the void, like threads from heaven and earth forming a huge prison, trapping Ye Feng who was about to fly into the sky in the space of the trading hall.

"A mere formation can't stop me!"

The knowledge of these sea monsters in formations is far inferior to that of the great formation wizards in the human race.

so

At this time, this so-called trap formation was extremely ridiculous in Ye Feng's eyes.

"boom!"

Ye Feng used the powerful power of his chaotic body to wave the dark gold halberd in his hand fiercely, instantly shattering all the so-called formation stripes around him.

"Pfft!"

Ye Feng instantly flashed in front of a siren noble in a trading hall, stabbed out the euphorbia, directly pierced the body of a siren noble, and killed him instantly.

"Do not kill me!"

The other siren noble turned pale with fright and quickly retreated crazily.

"Uh-huh!"

At this moment, Ye Feng stretched out a hand to grab it, and instantly crushed the head of the siren noble.

"Too strong!"

At this moment, all the Sirens and other alien races watching around the trading hall were shocked by Ye Feng's powerful strength as they looked at the extremely brave Ye Feng.

This young man is really too fierce and cruel.

This is a chaotic sea area, but the Kraken City is the territory of the Kraken clan, but Ye Feng kills randomly without caring about any consequences, which makes countless monsters tremble in their hearts.

"Who dares to cause trouble in the trading hall of our Siren City? What a heinous crime!"

Suddenly at this moment, a majestic and old voice suddenly came from the palace inside Siren City.

Along with this majestic and old voice, a powerful and boundless aura was released.

That was a powerful aura that transcended the realm of Tao!

It was an extremely powerful Xuandan realm super expert who took action!

"Boom!"

A burly old man with green scales all over his body flew out of the palace inside the Siren City in an instant.

With infinite majesty in his eyes, he stared at Ye Feng above the trading hall. His tone was unquestionable and he said loudly: "Human boy, you are too presumptuous. Not only did you destroy the trading hall, but you also dared to kill us Siren." A noble of the clan, this is a capital crime for the Nine Clan, you should kneel down immediately and accept the punishment!"

Ye Feng laughed loudly: "How dare you, a group of bandit sea monsters, come to punish me for my crime? Today I will kill all of you, a group of bandit sea monsters who buy and sell by force!"

Facing this super strong man at the Xuandan realm, Ye Feng showed no fear at all in his eyes.

Because now Ye Feng's own cultivation level has improved a lot compared to when he first did the mission.

Now Ye Feng

When I encounter a powerful person at the Xuandan realm again, I no longer have any fear in my heart, but only a deep fighting spirit.

Ye Feng immediately stared at the old man and said loudly: "It's just right to use you, a strong man in the Xuandan realm, to test my true combat power now!"

The old siren's old eyes suddenly showed a sarcastic look: "Young people today are too arrogant! I am a real strong man in the Mysterious Pill Realm! And you, a kid, don't even have half a step to the Mysterious Pill Realm." Stepping into it and still staying in the realm of Tao, you actually want to fight with me? This is simply arrogant to the extreme!"

The moment the old siren finished speaking, a terrifying aura at the level of the Mysterious Pill Realm suddenly erupted from his body.

That is the powerful cultivation level of the third level of Xuandan Realm!

"The sea monster swallows the sky!"

The old man Siren suddenly released an extremely powerful killing move.

Obviously, although he said that Ye Feng was extremely arrogant and looked down on Ye Feng's weak cultivation, this old siren knew that Ye Feng was powerful in combat, so he used a powerful killing move as soon as he made a move. It was not that he did not want to give Ye Feng any chance of survival. .

"Ancient Divine Ring!!"

At this moment, Ye Feng immediately released the ancient divine ring.

boom!

boom!

...

Almost at this moment, a halo of divine light suddenly lit up on his body, which could greatly increase his combat power.

"Dragon Demon Heaven-Slaying Fist!"

When his momentum and combat power reached a certain peak, Ye Feng didn't hesitate at all and directly launched his most powerful punch.

"Boom!"

The terrifying punch power suddenly exploded in the sky, instantly shattering all the killing techniques released by the old man Siren.

"Boom!"

Then the terrifying power of the punch directly formed a vast river of energy in the void, full of unparalleled impact and destructive power, shattering everything that blocked Ye Feng's punch. It was disintegrated and destroyed inch by inch.

Even the old siren who was in the third level of Xuandan Realm had his whole body shattered by Ye Feng in the final burst of punch power, and he fell instantly high in the sky.

A powerful man in the Xuandan realm!

The sky was instantly stained with blood!

This scene is full of unparalleled shock and visual impact.

All the Siren aliens were shocked.

They stared blankly at the old siren who was blown to pieces high in the sky, as if they still couldn't believe what was happening in front of them.

"This is the Supreme Elder of our Siren City! The Xuan Dan Realm Super Elder who is sitting in the palace of Siren City.

Super strong man! Just like that, the human boy was instantly killed with one punch? ! "

Everyone in the entire Siren City stared blankly at the brave Ye Feng, their whole bodies trembling.

The burst of power from this young human race boy shocked everyone greatly.

"Swallow!"

At this time, Ye Feng did not waste any time and directly devoured the old man who was killed and was a third-level sky demon in the Mysterious Pill Realm.

"Boom!"

Suddenly, a majestic energy was injected into Ye Feng's body, wildly increasing his power and cultivation.

"boom!!"

The Seventh Level of the Realm of Tao, the Great Perfection of the Tenth Level of the Taoist Ancestor!

"boom!"

Half step into the Mysterious Pill realm! !

At this moment, Ye Feng's cultivation after his breakthrough finally reached the half-step Xuandan realm and completely surpassed the Dao realm!

"Being a creature at the Mysterious Core Realm is really a great supplement. It allowed me to make so many breakthroughs in one fell swoop!"

Ye Feng's eyes were shining brightly at this moment.

He immediately stared at the shops of the Siren clan in all the trading halls below, laughed loudly and said: "You bandit shops, just destroy them all! I will plunder all your wealth!"

Boom!

Ye Feng directly stretched out his hand, and suddenly two god-like hands with divine light appeared in the sky. They grabbed madly towards the bottom, blasting the entire trading hall to pieces, and then All the Siren Clan's shops were torn open, revealing the treasure troves that stored wealth inside. Each treasure trove was made of bronze and was very strong and required a key to open.

"Break it for me!"

But at this time, Ye Feng directly released his powerful brute force, and used the transformed divine light hand to tear open all the bronze treasure houses hidden behind all the shops.

"Crash..."

Yes, there are countless ocean resources, such as countless energy blue crystals, ocean orbs, inner elixirs of various evil beasts, and divine crystals, etc., all of which are flowing out from the treasure houses of shops. Exuding the intoxicating light of wealth.

This is infinite wealth!

It is the wealth accumulated by the treasure troves of all the big shops in Siren City!

Now they will all be plundered by Ye Feng!

"Rumble..."

Ye Feng released the suction power of the storage ring and collected all the wealth flowing from the treasure house of the Siren Shop into his own bag.

This is a huge property!

Enough to make a person rich enough to rival the country!

Chapter 2039 The ferocity of the barbarian ancestor's body

The Siren City is the largest trading city on the edge of the Chaos Sea.

The wealth stored in these big shops in the whole city is absolutely rich.

After all, after so many years of trading, those big shops have basically made a lot of money.

So at this time, Ye Feng tore open the treasure houses of these shops, and the wealth revealed inside was simply shocking to everyone.

Moreover, the things stored in these treasure houses are basically all kinds of rare treasures in the ocean area, which are not available in the Qingtian Domain on land, or are very rare.

So this time Ye Feng is simply rich.

All the wealth was plundered into his storage ring.

Refining it later will definitely greatly improve his cultivation.

In addition, even if Ye Feng can't use the wealth of these ocean areas, some treasures, etc., after bringing them back to the Qingtian Domain, he can definitely sell them for a good price.

The marine resources in these big shops can probably be sold and exchanged for a lot of contribution points even in the black market of the Qingtian Holy Land.

What Ye Feng felt most good about among these wealth was the energy blue crystals that could only be bred in the ocean.

The ocean essence and ocean energy stored in these energy blue crystals are of great benefit to Ye Feng's cultivation and power growth.

One by one, the energy blue crystals, like a rolling river, were grabbed by Ye Feng from the protection of those shops and all put into his storage ring.

Now Ye Feng didn't even have time to devour and refine them, so he hurried to put all these crystals into his bag.

Because he felt that after killing the old mermaid, a very powerful aura suddenly rushed from the farthest barracks of the mermaid city.

Those must be the most powerful elite soldiers in the mermaid city.

They are the real strong men in the mermaid city!

Just when Ye Feng basically put all the wealth of all the shops into his storage ring.

He was ready to leave directly.

"Boom!"

"Boom!"

Suddenly at this moment, Ye Feng looked up at the sky and found that war ships appeared all of a sudden in the sky. They were all made of steel. The surface of the hull was engraved with powerful array patterns, exuding a heart-pounding destructive atmosphere.

These war ships are naturally the standing forces in the Siren City.

"Human boy! You dare to plunder and kill in our Siren City without any taboos. You must be killed today!"

On the war ship, there were many Siren warriors wearing armor.

Their eyes were full of cruelty and coldness at this time.

However, they knew that although Ye Feng, a human boy, looked young, his cultivation strength was very strong. He had killed the Siren old man in the third level of the Xuandan realm with one punch.

So at this moment, this group of Siren soldiers knew that if they wanted to kill Ye Feng completely, they had to release the most powerful attack force in an instant, so at this moment they instantly launched the attack array on the war ship.

"Boom!"

"Boom!"

"..."

All of a sudden, all the gun barrels on the warships were aimed at Ye Feng below, and thousands of divine lights condensed on the gun barrels, and then burst out a series of extremely terrifying attack beams in an instant.

These attack beams were very powerful, tearing the void in an instant, full of unparalleled destructive power and attack power, and could destroy the entire Siren City.

These warships are all the guardian forces of Siren City.

At this time, they launched all the divine light cannon attacks, all gathered together, and in an instant, all the divine light cannons on dozens of warships were all bombarded towards Ye Feng, generating extremely terrible destructive power, and wanted to completely bombard the area where Ye Feng was.

This kind of power of dozens of divine light cannons bombarding in an instant can definitely instantly kill a powerful person who has reached the tenth level of the Xuandan realm!

So at this moment, all the elites of the Siren City on the warships, including all the people watching in the entire Siren City, felt that Ye Feng, the human race, was doomed.

Because no matter how powerful Ye Feng's cultivation strength is, he can't resist this terrifying divine light cannon that can destroy the tenth level of Xuandan realm.

"Boom!!"

Under the attention of the crowd, dozens of terrifying divine light beams of divine light cannons instantly bombarded the area where Ye Feng was.

In an instant, an extremely terrifying roar sounded throughout the world.

Everyone couldn't help but cover their ears at this time, and their ears were almost broken.

This shows how terrible this attack is.

"That human race should have been wiped out..."

Many elite sea monsters on the warships couldn't help but say out loud.

Hula la...

And at this time, when the smoke dissipated.

Seeing the scene on the field below, all the sea monsters couldn't help but change their faces.

Because Ye Feng was still standing there, unscathed.

In front of him, stood an extremely tall black robe figure, like an immortal mountain, standing in front of Ye Feng, resisting all the attacks of the divine light cannon, like a shield that was as solid as a few points.

"What?!"

"Who is that black-robed figure? He can actually withstand the attacks of dozens of divine light cannons?"

"The combined attacks of dozens of divine light cannons are enough to instantly destroy a powerful person at the tenth level of the Xuandan realm!"

"Is the black-robed figure standing in front of the human boy a powerful person who has surpassed the Xuandan realm?"

...

Almost at this moment, all the elite sea monsters on the war ships couldn't help but tremble at this moment.

"Let's go together!"

At this time, dozens of war ships flew out with a very powerful sea monster commander.

Dozens of sea monster commanders, all of whom were powerful people at the Xuandan realm, burst out with powerful power at once and displayed extremely terrifying killing methods.

"Sea Monster Devouring Heaven Technique!"

"Taiyin Destroying Heaven Palm!"

"Big Waves Raging Heaven Technique!"

"Sea God Destroying Heaven Technique!"

"Ten Thousand Monsters Devouring Soul Hand!"

...

Almost at this moment, countless terrifying attacks came.

That kind of terrifying destructive power can simply smash the entire Sea Monster City.

"Barbarian Ancestor's body! Attack!" Ye Feng instantly ordered the black-robed figure in front of him. The reason why Ye Feng dared to act so recklessly in the Siren City and the chaotic sea was because he had the confidence and the strong backing of the Barbarian Ancestor's body. "Boom!" At this time, the Barbarian Ancestor's body directly attacked. He was just a corpse puppet, with no magic power in his body, and he could not perform killing techniques. But the body of the Barbarian Ancestor was simply indestructible. The Barbarian Ancestor's body instantly jumped into the sky, rushed in front of a group of dozens of sea monster commanders, and stretched out his hand to grab them. "Sea God Halberd!" A sea monster commander in the first level of the Xuandan realm held a light blue halberd in his hand and chopped it directly at the Barbarian Ancestor's body. "Boom!" "Crack!" But in the next moment, the Barbarian Ancestor's body stretched out a hand, which contained boundless power and hardness, and directly broke the light blue halberd. "What?! You broke my magic weapon with your bare hands?"

The Siren Commander's face suddenly changed, and he couldn't help but exclaimed: "This is impossible! There is no mana fluctuation on your body...ah!"

But before the Siren Commander could say another word, he screamed in pain.

Because at this time, one hand of the Barbarian Ancestor's body had already pierced the Siren Commander's body.

"Puff!"

The next moment, the Barbarian Ancestor's body directly tore the entire body of the Sea Commander in half, and the blood stained the sky, making everyone feel deeply shocked and cruel.

"Who is this black-robed man? How come his body is as strong as a magic weapon? But there is no mana fluctuation or even life fluctuation on his body?"

At this moment, the other Siren Commanders were shocked by the cruelty of the Barbarian Ancestor's body.

At this moment, they instantly returned to the war ship,

wanting to use the formation on the war ship to directly trap the black-robed man.

"Boom!!"

But at this time, the body of the Barbarian Ancestor continued to jump upwards, and the whole person was like a cannonball, instantly piercing a steel warship!

"Boom..."

The warship lost all its power and fell from the sky all of a sudden, smashing many buildings in the Siren City in an instant, turning them into ruins.

"Boom!"

"Boom!"

"Boom!"

The next moment, the Barbarian Ancestor's body continued to attack frantically, using his body as a cannonball, ramming into the sky frantically, smashing all the huge steel warships, falling from the sky, smashing countless buildings in the Siren City, and flames were everywhere. Everyone was crying and fleeing.

Even those Siren commanders were pierced through their bodies by the Barbarian Ancestor's body at this moment, and all of them fell.

This scene was full of endless shock!

Once the Barbarian Ancestor's body attacked, it felt like he was invincible.

All the sea monsters stared at the black-robed figure of the Barbarian Ancestor's body, thinking that it was a demon hidden under the black robe, full of unparalleled power, and simply irresistible.

"Swallow!"

At this time, Ye Feng himself was not idle either. He flew directly to the sky, and directly covered the sea monster commanders of the first or second heaven of the Xuandan Realm who were killed by the Barbarian Ancestor's body with his swallowing field, and then began to swallow them frantically.

"Boom boom..."

Instantly, a huge amount of blood energy was injected into Ye Feng's body.

At this moment, Ye Feng's whole body was full of light, and he received a huge amount of energy injection. His skills were growing and transforming at an incredible speed!

"Boom!"

Finally, Ye Feng crossed the huge bottleneck and directly stepped into the first heaven of the Xuandan Realm from the half-step Xuandan Realm!

Under normal circumstances, if Ye Feng wanted to break through from the half-step Xuandan Realm to the real Xuandan Realm, such a big bottleneck would take at least half a year, and it would also require a huge amount of energy accumulation to transform.

But now, under the energy accumulation of the siren commanders from the first or second level of Xuandan Realm in Siren City, Ye Feng only spent a few minutes to transform instantly, get a breakthrough, and directly step into The first level of Xuandan Realm!

At this moment, Ye Feng couldn't help but smile up at the sky. He just felt that his combat power had been greatly increased.

Because this is a crucial breakthrough!

It is a qualitative breakthrough!

From then on, Ye Feng completely broke away from the low level of Tao Realm and entered the legendary Xuandan Realm!

Even if he is only at the first level of Xuandan Realm, Ye Feng's combat power has increased incredibly, and is at least dozens of times stronger than before!

And when Ye Feng broke through, most of the Kraken City had been reduced to ruins.

Most of the dozens of war ships had been destroyed by the Barbarian Ancestor at this moment.

Ye Feng tasted the beginning of a breakthrough, and immediately ordered to the body of the Barbarian Ancestor: "Hurry up and take action! Destroy all the remaining dozen war ships! And destroy those dozen war ships Kill all the remaining sea monster commanders! I will devour their demon energy!"

Uh-huh!

The body of the Barbarian Ancestor received the order and continued its fierce attack.

"Boom!"

"Boom!"

Those huge steel war ships could not withstand the terrifying collision force of the Barbarian Ancestor's body. They all fell and were destroyed. They fell from high in the sky. The entire Siren City simply looked like It's like the end is coming.

"boom!"

Ye Feng also got a big advantage at this time, and devoured all the remaining Siren Commanders who were killed.

His cultivation level immediately continued to break through, directly breaking through the second level of heaven, and finally broke through to the third level of Xuandan realm!

"It's so cool!"

Ye Feng's eyes were full of excitement at this moment.

This time I came to this Siren City and I really made a fortune.

Not only did he get huge wealth and property.

And his cultivation level has also broken through

so much!

Ye Feng feels that now that his cultivation has reached the third level of the Xuandan Realm, when he returns to Qingtian Holy Land, the top ten disciples of the outer sect may not be anything in his eyes, and he has already reached the level of an inner sect disciple. .

"Buzz!"

And just when Ye Feng was secretly thinking with joy.

Suddenly, in the direction of the dark ocean outside the Kraken City, an unparalleled momentum surged over.

That kind of huge momentum has definitely surpassed the Xuandan realm, and is a super strong person at the Yuanhun realm!

"A strong Yuanhun Realm who has surpassed the Xuandan Realm! Could it be that the legendary city lord in the Siren City, the Siren Queen, Medusa is here!"

At this moment, Ye Feng's eyes suddenly changed slightly.

But he didn't leave, but let the body of the barbarian ancestor return to him.

A strong person at the level of Yuanhun Realm.

Ye Feng didn't seem so afraid now.

Because he also possesses the strongest means, he can merge with the future body of Dzogchen into one, allowing his cultivation realm to reach the Dzogchen state of his current realm in a short period of time.

In other words, Ye Feng has now broken through to the Xuandan realm. He can merge with the future body of Dzogchen in a short period of time, allowing him to instantly possess the Dzogchen cultivation level of the tenth level of Xuandan realm.

Ye Feng is quite confident in himself. If he can possess the perfect cultivation level of the tenth level of Xuandan Realm in a short period of time, even if he meets a strong man in Yuanhun Realm, he might be able to fight against him. A battle.

What's more, he is protected by the strong shield of the Barbarian Ancestor's body. When the time comes, he can just attack fiercely and leave all defense to the Barbarian Ancestor's body.

So at this time, Ye Feng stepped on the sky, with a trace of inexplicable color in his eyes, looking at the extremely powerful aura approaching quickly from the direction of the dark ocean outside the Siren City.

Buzz!

Finally, accompanied by a white moonlight, a graceful and beautiful figure appeared in everyone's field of vision, and also appeared in Ye Feng's eyes.

It was a woman in her thirties wearing a purple dress. She looked stunningly beautiful and cold, like a queen in the dark.

This is none other than the lord of Siren City, Siren Queen Medusa!

Legend has it that anyone who looks into her eyes will be instantly petrified.

Of course this is just a legend.

At this time, Ye Feng saw Medusa's eyes, and his body was not petrified.

However, Ye Feng was still secretly wary.

Ye Feng had seen the Medusa family in the Blue Sky Holy Land's manual, and it had become popular. The Medusa family seemed to have the special ability to petrify other living beings.

At this time, Medusa saw that most of the entire Siren City was almost in ruins, and her eyes suddenly showed coldness and anger.

Queen Medusa stared at Ye Feng fiercely and said slowly: "Human race, why are you wreaking havoc in my Siren City? And you killed so many commanders and strong men under my command? Are you doing this? Destroy the peace agreement between the two races!"

At this time, Medusa seemed to be aware of Ye Feng's extraordinaryness, and instead of taking action immediately, she directly held him to account.

Ye Feng smiled at this time, his tone was also extremely cold, his eyes were as sharp as knives, and he said loudly: "You sirens have never regarded our human race as normal and fair trade objects, but bullied our weak human race. They squeezed our human chamber of commerce hard, even forced them to buy and sell goods, and they wanted to seize the goods of our human chamber of commerce. Why do you think such a shop is allowed to exist? I will destroy them all!"

"you.....!"

When Medusa heard what Ye Feng said, her eyes suddenly showed a hint of cold murderous intent: "No matter what, you destroyed the foundation of my Siren City today, then I must suppress you and send you to You will be tortured to death in the center of the Chaos Sea, so that you can pay for the sins you committed!"

"Shut up!"

Ye Feng immediately shouted at Medusa: "Who are you! How dare you come to judge my fate? Since I have already started killing people today, I will not leave you alone, Queen Medusa.

Although you are A strong person in the Yuan Soul Realm, but I'm not afraid of you. Today I want to see if I can kill a strong person in the Yuan Soul Realm!"

Boom!

The moment Ye Feng's voice fell, he directly called out the future body of Dzogchen. The cultivation aura on his body instantly increased to the realm of Dzogchen, the tenth level of Xuandan Realm, full of unparalleled pressure and momentum!

Chapter 2040 Weird petrification ability

At this moment, Ye Feng merged with the Dzogchen future body, which directly raised his cultivation momentum to the Dzogchen realm of the tenth level of Xuandan realm in a short period of time!

It was only in a short period of time that he was able to possess such a powerful cultivation level.

Therefore, Ye Feng did not waste any time at this time and took the initiative directly. He burst out with unparalleled momentum and rushed towards Queen Medusa in front of him.

"Dragon Demon Heaven-Slaying Fist!"

Almost at this moment, Ye Feng didn't hold anything back at all, and immediately released the powerful martial arts inheritance he had exchanged from Qingtian Holy Land!

"Boom!"

Almost at this moment, a majestic black dragon with a height of several thousand feet rushed out of Ye Feng's fist. It was full of unparalleled energy and destructive power and could shatter the entire world. , giving people a very vast feeling.

This terrifying power instantly covered the Medusa in front!

Medusa's eyes showed a trace of surprise at this time, as if she did not expect that Ye Feng, a small human race, could burst out with such powerful power.

But the next moment, Medusa smiled coldly: "Human, your cultivation is still too weak after all, you can't beat me."

At this time, Medusa was speaking, and a mysterious light suddenly shone in her beautiful eyes.

At the moment when this mysterious light flashed, the black dragon demon bombarded by Ye Feng suddenly turned to stone inch by inch before it reached Medusa, and all of them turned into a stone. The huge stone sculpture then fell from the sky.

"What?"

Ye Feng's eyes showed a look of surprise at this time, and he couldn't help but said: "With your Medusa racial secret technique, you can even petrify the energy body I bombarded."

Medusa's beautiful face showed a slight smile at this time

Rong, said loudly: "I can restrain almost any attack with this method, so you are not my opponent at all. You should just let it go. I quite admire you as a human boy. You have good talent. If you are willing to kneel down now Come down and become my slave and serve me for life, then I can consider sparing your life."

When Ye Feng heard what Medusa said, an inexplicable smile suddenly appeared on his face, and he said loudly: "Your petrification should only be able to petrify tangible power, what about invisible power."

Almost at the moment Ye Feng finished speaking, he instantly activated his soul power.

"Boom!"

An invisible power limited to the soul level suddenly rushed out of Ye Feng's head, and then formed a Thunder Emperor high in the sky, with thousands of thunder and lightning lights blooming all over his body, and it was filled with infinite power. It was as if one hand could crush the entire Bafang.

"Petrified!"

At this moment, Queen Medusa's eyes immediately flashed with the light just now.

But the next moment.

Boom!

The Thunder Emperor will not be petrified by Medusa at all, because this Thunder Emperor is the Thunder Emperor in the soul state. It is the power of the soul level. Even the innate petrification ability of the Medusa family cannot cause it. Influence.

"This is...soul power?!"

Medusa's beautiful eyes suddenly revealed a look of deep horror.

Because she never thought that Ye Feng, a little human boy, actually knew the legendary soul technique.

"Boom!"

And just when Medusa shook

When he was shocked, Ye Feng had already controlled the soul and the Thunder Emperor suddenly descended in front of Medusa, and then attacked Medusa fiercely.

"ah!!"

Almost at the next moment, Medusa screamed.

Even if she was a super strong person in the Yuan Soul Realm who had surpassed the Xuandan Realm, she was suddenly hit by such a powerful soul attack. She couldn't resist it all of a sudden. Her soul suffered heavy damage, and she immediately had to endure it. He kept screaming.

Medusa's face immediately turned pale at this time.

Her body couldn't help but retreat rapidly, as if she wanted to get rid of the Soul Emperor's bombardment.

But Ye Feng naturally would not give Medusa any chance to breathe at this moment.

He instantly released several other Soul Emperors who had released the Soul Emperor Seals.

"boom!"

"boom!"

...

Almost at this moment, Ye Feng once again appeared in front of Ye Feng with an emperor in a state of soul, including the Fire Emperor Seal, the Gale Emperor Seal, the Great Gold Emperor Seal, and the Great Black Emperor Seal among the soul emperor seals he had currently awakened. !

A total of five soul emperors, each representing different attributes of soul power, directly surrounded Queen Medusa, and then attacked Medusa's soul crazily.

It has to be said that although Ye Feng's soul method is usually subtle, once it is used, it can still cause incredible damage when it explodes with all its strength.

Because soul masters are so rare.

It is unique to the human race.

Although these sea monsters appear to be very powerful, in fact their souls are not that powerful and are even very fragile.

So at this time, Ye Feng instantly used his soul method and stunned the noble Queen Medusa.

\u003c

Medusa never thought that her petrification ability, which is almost invincible in the world, is the power that cannot petrify the soul level, because the soul level is already a void power, not an actual power. Medusa's petrification Ability has no effect on the soul at all.

At this time, Medusa was suffering from the soul attacks of several soul earths. She even started to bleed from her seven orifices. It was obvious that her soul had been severely damaged.

"Petrified!"

At this time, Medusa actually tried her best and began to release her petrification ability in the direction of Ye Feng.

"Crack, click, click..."

Almost at this moment, Ye Feng's entire body began to slowly turn into stone from the soles of his feet, looking very strange.

"The Great Furnace of Creation!"

But at this moment, Ye Feng released the Great Furnace of Fortune.

A huge oven appeared around his entire body.

This kind of great furnace of creation can smelt energy of various attributes under the sky.

Therefore, Medusa's petrified energy was instantly melted by Ye Feng's furnace of creation.

So at the next moment, Ye Feng's petrified soles returned to normal. The strange petrification power was directly smelted by the oven of creation.

"What?!"

When Medusa saw this scene, a deep sense of powerlessness finally appeared in her pair of cold and noble beautiful eyes.

This human boy was too unfathomable for her to deal with.

At this time, Medusa's soul was about to be crushed by the Soul Emperor.

The noble and cool Queen Medusa lowered her head at this moment, and immediately begged:
"Don't kill me! As long as you spare me, I will tell you the biggest secret about this Siren City!"
