

Ancient 2041

Chapter 2041 Dinghai Divine Pearl

At this moment, Queen Medusa actually begged for mercy and bowed her head.

This made all the Kraken experts in the entire Kraken City couldn't help but sigh.

Even the most powerful Siren Queen in their minds has surrendered. This is really the tragedy of their Siren clan.

"I can only say that this young human boy is so powerful that no one can control him!"

Many sea monsters shook their heads and sighed, feeling very desperate inside.

At this time, they also realized that among the seemingly weak human race, there were also extremely evil beings hidden, and they could not be provoked at will, otherwise the consequences would most likely be the destruction of the city and the death of people.

At this time, Ye Feng asked several soul emperors to stop taking action and just surround Queen Medusa.

Ye Feng floated over, stared down at Medusa, and said, "Oh? What other secrets does Siren City have?"

Medusa said aloud: "As long as you spare me and don't kill me, then I will tell you."

Ye Feng nodded and said, "As long as the secret you tell me satisfies me, then I won't kill you."

Medusa nodded, then looked at the center of Siren City, and said aloud: "In every city in our chaotic sea area, there is a town treasure, which is the energy source for the operation of all formations in the entire city. , the most precious treasure of our Siren City, is an extremely precious and extremely rare Dinghai Divine Pearl!"

"Dinghai Divine Pearl?"

Ye Feng's eyes revealed a hint of surprise, and then he said, "In the center of Siren City?"

Medusa immediately nodded and said: "You only need to dig from the Siren City to the bottom, and you will be able to dig out the Sea-Dinging Pearl."

Ye Feng nodded, but in his heart he was afraid that Medusa would frame him, so at this moment Ye Feng looked at the body of the Barbarian Ancestor not far away and gave an order: "Go to the center of Siren City and dig underneath, and take a look. What can be dug out?"

The body of the Barbarian Ancestor immediately jumped into the middle of Siren City, and then began to dig quickly underneath.

"Rumble..."

The strength of the Barbarian Ancestor's body is extremely huge. His hands are like an excavator. The whole earth is roaring, countless earth and rocks are being excavated, and a huge hole is immediately dug out in the middle of Ocean City. hole.

Buzz!

And at this moment, a burst of intense white light suddenly emitted from under the huge pothole.

A round pearl the size of a human head was floating under the hole.

The body of the Barbarian Ancestor grabbed the Dinghai Divine Pearl, then flew to Ye Feng and handed it to Ye Feng.

At this time, Medusa looked at the tall figure in black robes, the body of the Barbarian Ancestor, with fear in her eyes.

Because Medusa knew that this mysterious man in black robe was even more powerful than Ye Feng.

At this time, Ye Feng took the Dinghai Divine Bead and suddenly felt his hand sink. He almost fell from the sky due to the Dinghai Divine Pearl.

Ye Feng's eyes immediately became very surprised, and he said loudly: "It is worthy of being the Dinghai Divine Pearl that can only be conceived in the depths of the ocean! This kind of weight is simply billions of dollars!"

At this time, Ye Feng felt a very huge power from the Dinghai Divine Pearl.

But that kind of power is the power of a magic weapon, and Ye Feng cannot swallow it.

This Dinghai Divine Pearl can be used as an extremely powerful weapon. If it can be used with the huge power of the Barbarian Ancestor's body, if this Dinghai Divine Pearl is thrown out at once, it will be like an indestructible cannonball. The same, I'm afraid it can break everything.

However, Ye Feng did not give this Dinghai Divine Pearl to the body of the Barbarian Ancestor.

Because he discovered that when he input mana into the Dinghai Divine Pearl in his hand, the Dinghai Divine Pearl quickly grew in size, and finally expanded to the size of a small mountain. It was extremely majestic and vast. This was definitely a very powerful ocean treasure!

Even if Ye Feng inputs more powerful mana, an endless ocean will emerge from the Dinghai Divine Pearl, which can wash away everything and form a boundless ocean area.

"Not bad!"

Ye Feng was very satisfied with this Dinghai Divine Pearl.

"Buzz!"

But suddenly at this moment, in the dark ocean outside Siren City, there were suddenly extremely terrifying auras covering it.

Those terrifying auras are simply far beyond the Xuandan realm, beyond the Yuanhun realm, and even beyond the Xinghai realm!

Those are definitely the unparalleled monsters that survive in the chaotic sea!

It's a group of old monsters who have taken action!

"You are the one sending the message secretly!"

Suddenly, Ye Feng stared at Medusa in front of him.

His soul power was very sharp, and he immediately noticed that Medusa's hand behind her back was forming a seal, which seemed to be able to send messages across hundreds of millions of miles.

A cruel smile suddenly appeared on Ye Feng's face, and he said loudly: "Medusa, you could have survived, but you actually informed the old monsters in the chaotic sea to catch me, so you just go to hell. !"

Boom!

Ye Feng instantly activated the Soul Emperor Seal, and several Soul Emperors violently tore Medusa's soul into pieces.

"ah!!"

Medusa immediately let out an extremely shrill howl.

Her soul was torn to pieces, and she died completely.

Uh-huh!

Ye Feng suddenly stretched out his hand, put Medusa's body into his storage ring, and then quickly fled away.

"Boom!"

But at this moment, the calm sea surface suddenly became turbulent. Thousands of waves formed a big hand of the ocean, overwhelming the sky and blocking out the sun. Suddenly, they bombarded it from high altitude, towards Ye Ye. The wind attacks and goes away.

Obviously, although the old monsters in the chaotic sea have not yet arrived at the scene, they are already able to launch terrifying attacks from hundreds of millions of miles away.

"The body of the barbarian ancestor!"

Ye Feng immediately called for the body of the Barbarian Ancestor and asked the body of the Barbarian Ancestor to block his back.

"Boom!!"

The huge ocean hand directly bombarded the body of the Barbarian Ancestor.

Boom!

The bodies of the barbarian ancestors were blown away in an instant and fell directly into the ocean.

"Too strong!"

Ye Feng's eyes suddenly turned cold when he saw this terrifying impact.

If I had withstood the attack from that big ocean hand just now, I'm afraid I would be shattered to pieces in an instant!

At this moment, the body of the Barbarian Ancestor suddenly rushed out of the seabed.

Although he was blown away, he did not suffer any trauma on his body. He was extremely strong and could serve as Ye Feng's most solid backing.

"Space gem!"

At this moment, Ye Feng immediately activated the power of the space gem, opened a small space wormhole in front of him, and then quickly entered the space wormhole with the body of the Barbarian Ancestor.

Buzz!

Almost at the next moment, the figures of Ye Feng and Barbarian Ancestor had teleported tens of thousands of meters away, directly traveling through a large space.

It's like a flash from tens of thousands of meters away!

It can be said that the speed is extremely fast!

"The power of the space gem!"

Suddenly at this moment, a majestic and unparalleled voice suddenly sounded above the entire dark ocean.

Ye Feng's eyes changed. He didn't expect that the aura of his space gem would be discovered by the old monsters in the chaotic sea.

This is the first time Ye Feng has used the space gem and his aura has been recognized by other superpowers.

Obviously, the powerful sea monsters living in these chaotic seas are all taboo super creatures.

Their knowledge is vast and they even know space gems.

At this time, Ye Feng's heart became even more urgent, and he immediately used the power of the space gem to quickly open up space wormholes, and rushed madly towards the blue sky region outside the chaotic sea area.

As long as he can set foot within the Blue Sky Territory, he will not be afraid of those old monsters from the Chaotic Sea Territory chasing him down.

After all, the strongest person in one domain, according to the agreement between the major domains, cannot easily set foot in other domains, otherwise it is likely to cause a racial war between the two domains, with very serious consequences.

Swish, swish, swish!

Ye Feng teleports quickly in space. Even the old monsters living in the depths of the sea cannot catch Ye Feng's traces at all, because the space gem on Ye Feng's body is one of the gems of the gods. A person with incredible space power and a space gem can be said to be the king of space.

Therefore, even if the superpowers in the sea carried out various long-distance space restraints, they could not stop Ye Feng who possessed the space gem.

In the end, Ye Feng used the body of the Barbarian Ancestor as a backing to withstand various attacks, and then used space gems to open various space wormholes to quickly teleport. Finally, he escaped from the chaotic sea and set foot in the Qingtian Domain.

"Boom!!"

At this time, an old monster from the chaotic sea finally arrived not far from Ye Feng, and manifested its form. It turned out to be a dark golden dragon with a length of more than 100,000 meters. The huge dragon horn could tear apart the sky is split, and the towering body of a dragon, like a god and demon, is looming in the depths of the ocean. Its cold scales exude a metallic luster, and it looks full of shock.

At this time, this dark golden dragon seemed to be unwilling to accept it, and stretched out a monstrous sharp claw directly towards Ye Feng.

But at that moment, the dragon's sharp claws just touched the land area of Qingtian Territory.

"Boom!!"

A huge array of light suddenly lit up at the border of the Blue Sky Territory, blocking the sharp claws of the terrifying dragon.

"It turns out that the entire Qingtian Domain is protected by a huge formation!"

When Ye Feng saw this, he immediately breathed a sigh of relief, raised his middle finger to the god-like steel dragon not far away, and then quickly fled the scene.

"Roar....."

The next moment, the incompetent and furious roar of the giant steel dragon was heard in the chaotic sea area...

Chapter 2042 Petrification Talent

After Ye Feng escaped from the Chaos Sea Territory, he went into seclusion in a barren mountain forest in the Qingtian Territory.

Ye Feng hid himself, found a cave in the forest, and hid in it.

At this time, he took out all the wealth he had obtained from Siren City.

Of course, the most important thing is naturally the powerful siren Queen Medusa.

Without any hesitation, Ye Feng directly released the Devouring Domain, covering Medusa directly into his own Devouring Domain.

"Crash..."

Suddenly, streams of very pure demon energy skills were absorbed by the Devouring Domain, and then injected into Ye Feng's body, constantly strengthening his skills and cultivation.

At this moment, Ye Feng only felt that his energy was increasing rapidly.

"boom!"

His cultivation level has achieved a breakthrough.

The fourth level of Xuandan Realm!

"boom!"

The fifth level of Xuandan Realm!

"boom!"

The sixth level of Xuandan Realm!

Finally, Ye Feng's cultivation stopped here.

After devouring Medusa, Ye Feng received very good feedback. He directly broke through several heavens and entered the sixth heaven of Xuandan Realm!

At this time, Ye Feng discovered that a huge cosmic mysterious elixir was condensed in his body's dantian.

This means that Ye Feng's cultivation has reached a certain level.

His life essence is undergoing a higher level of evolution and transformation.

At this moment, Ye Feng suddenly seemed to have discovered something. As his eyes flickered, a tree not far away began to petrify.

It was originally a tree full of vitality. Almost at this moment, it suddenly turned into a tree that looked like it was made of stone. It lost all its vitality and fell directly into the sky.

Turned into lifeless stone trees.

"This is... the special ability of petrification! This is the talent of the Medusa family! I actually learned it invisibly? It seems that the Devouring Domain has evolved again. It can not only swallow the blood and energy of other living beings, but also improve my skills. After gaining growth, there is still a certain chance that you can obtain the innate abilities of other creatures, which is amazing!"

Ye Feng couldn't help but murmur at this time, with excitement in his eyes.

Unexpectedly, I had unknowingly acquired the talent of a special ocean race like Medusa.

"The ability to turn eyes to stone is really a good talent. This trip to the Chaotic Sea has really made a lot of money."

Ye Feng was very happy inside.

Next, he directly took out the Dinghai Divine Pearl that he finally got.

Then Ye Feng began to input mana and kept refining it.

After refining for several days and nights, Ye Feng finally completely controlled the Sea-Dinging Pearl, and it became Ye Feng's magic weapon from then on.

Now that the three tasks have been completed, Ye Feng is now ready to return to Qingtian Holy Land.

After all, there are many contribution points for the three mission values.

"It seems that after returning to the sect this time, I can get a lot of contribution points, and maybe I can exchange them for a more powerful martial arts inheritance."

After Ye Feng entered the Xuandan realm at this time, he found that the martial arts "Dragon Demon Slaughtering Fist", which was also at the level of the Xuandan realm, was gradually not enough and became mediocre, and the combat power it displayed could not be blessed. How many.

Therefore, Ye Feng needs a more advanced martial arts inheritance, which can allow him to explode with more powerful power in his current Xuandan realm.

...

Ye Feng spent the next half month on the road.

There were no surprises along the way, and finally in the early morning of the sixteenth day, Ye Feng returned to the Blue Sky Holy Land.

The moment he returned to the Holy Land, Ye Feng saw a beautiful young woman standing at the door of his residence.

It was Luo Feifei, the senior sister. ??.

At this time, Ye Feng stepped forward and greeted with a smile: "Senior Sister Feifei, why are you standing at the door where I live?"

When Luo Feifei heard the voice, she immediately turned around and saw Ye Feng coming from behind. A happy look appeared on her beautiful face and she said loudly: "Junior brother Ye Feng, you are finally back. How did you complete the mission this time? You have chosen three missions in total, and they are all quite difficult. It must be quite tiring to go out this time. "

Ye Feng smiled and nodded, and said: "Although it is quite tiring, it is still worth it. All three tasks have been successfully completed, and in the process of completing the tasks, I have also received huge benefits and my cultivation has been greatly improved. "

Luo Feifei immediately stared at Ye Feng in front of her, and carefully sensed the cultivation aura on Ye Feng's body. Her beautiful eyes suddenly couldn't help but stare, and she couldn't help but exclaimed: " Junior Brother Ye Feng, your cultivation has surpassed the Dao realm and reached the Mysterious Pill realm!"

Ye Feng smiled and nodded, and said aloud: "I gained a little bit."

A little gain?

Is this still a little gain?

Luo Feifei was really shocked at this time.

You know, before Ye Feng left Qingtian Holy Land to do his mission, his cultivation level was just at the level of a newcomer disciple.

But now, in just a few months, Ye Feng is back, as if he has been reborn. He has transcended the Dao realm and entered the Xuandan realm!

r\u003e

Moreover, Luo Feifei also keenly discovered that Ye Feng's Xuandan realm cultivation aura was very stable and rich. It was not like he had just stepped into the Xuandan realm. He was definitely a high-level existence at the Xuandan realm. .

"It's really incredible."

Luo Feifei's beautiful eyes showed a look of deep surprise, and she couldn't help but said: "I came to you because Master ordered me to come to Junior Brother Ye Feng to see if you have completed the task. return."

Ye Feng was a little surprised and asked aloud: "Master, what do you want from me?"

Ye Feng still attaches great importance to the powerful female master Leng Qingxue, the master of Fate Hall.

At this time, Luo Feifei smiled bitterly, shook her head, and said aloud: "Master, she originally thought that when you returned from completing your mission, you would probably be at the peak level of the Tao Realm, so she planned to ask me to wait for you to come back and let you go to her place. Accepting Master's teachings will help you break through to the peak of the Tao Realm and step into the Mysterious Pill Realm. But I didn't expect that, Junior Brother Ye Feng, you are so talented that you directly broke through to the Mysterious Pill Realm, so now I have nothing to do."
"

At this time, Luo Feifei only felt that the young junior brother in front of her was like a monster. She had never seen such a terrifying and terrifying cultivation talent.

"Master is interested."

Ye Feng said with a smile: "Senior Sister Feifei, please go and thank the Master for me. Now I will go to the mission hall to redeem the contribution points for completing the mission. When I finish everything, I will go to the Master. Greetings."

Ye Feng is still very interested in the preaching of Leng Qingxue, the master of Fate Hall.

Because the Emperor of Chu said that the inheritance of Leng Qingxue's cultivation is a small destiny technique that is closely related to the number one destiny technique in the three thousand avenues of the heavens.

If you can learn the Lesser Fate Technique, you will most likely be able to deduce the Great Destiny Technique, the greatest path in the world, in the future!

Chapter 2043 Domineering to the extreme

At this time, Luo Feifei heard what Ye Feng said and was about to leave.

But at this moment, Luo Feifei seemed to have thought of something and said loudly: "By the way, Ye Feng, I want to remind you that Ye Mo and Gu Cang, who you killed before, may have been discovered by others. , whether it is the Black God Alliance composed of the Black Armor Clan, or the Gods Association, the number one disciple faction, they may cause trouble for you when you return to the Holy Land. Master often retreats to practice, and may sometimes be unable to protect you. , you must be careful yourself, but as long as you stay in the Blue Sky Holy Land, members of the Black God Alliance should not dare to mess around, but you can't say for sure with the Gods Association. After all, the Gods Association is too huge, and it will Chang Xiao Tianshen is one of the four top young talents in the four major regions of our Frost Kingdom Alliance. His status in our Blue Sky Holy Land is almost comparable to that of some Supreme Elders, so the Gods Association he founded The members are usually very arrogant, and they will show off their power in the Holy Land, and they may take action unscrupulously. "

When Ye Feng heard Luo Feifei's reminder, he immediately nodded and said: "I will always pay attention, but if they really dare to mess with me, I don't care whether they are the Black God Alliance or the Gods Association. I will take action directly and decisively. After all, good people are bullied and good people are ridiculed. If you want to survive in the Holy Land, blind cowardice and tolerance will not work. "

Luo Feifei heard what Ye Feng said and saw the sharp cold light in Ye Feng's eyes. She could only smile bitterly and said: "Anyway, there are only so many reminders that I can give you now. If you encounter any danger to your life, you will definitely Come to our Fate Temple. Now you are also Master's disciple. The Fate Temple is your home. You can come here at any time to avoid danger. "

Ye Feng immediately smiled and nodded: "Sister Feifei, don't worry, I understand."

After saying that, Ye Feng left his residence area directly and walked towards the mission hall where he could exchange contribution points.

This time, Ye Feng has put the task lists of the three tasks in his storage ring, and can go to the task hall at any time to redeem the reward contribution points he deserves.

After Ye Feng came to the mission hall, he walked directly to a counter, looked at a rather cute junior sister behind the counter, and said loudly: "Junior sister, I have recently completed three missions in the mission valley. Come and redeem the contribution points I deserve."

At this time, the cute-looking junior sister behind the counter immediately showed a professional smile and said in a sweet tone: "Please give me your task list, senior brother."

Ye Feng nodded immediately, took out the task lists for the three tasks from his storage ring, and placed them on the counter.

"Okay senior brother, please wait a moment."

The cute-looking junior sister took the task list and immediately started using a sound transmission formation, as if she was contacting someone.

With.

After a while, this cute junior sister looked at Ye Feng again, and then said aloud: "This senior brother has indeed completed all his tasks. Please give me your identity token, and I will give you what you should have." Contribution points to you."

Ye Feng's eyes showed a hint of expectation, and he immediately handed over his identity token to this cute junior sister.

When Ye Feng took over his identity token again, he immediately saw the flashing numbers on the identity token, changing from zero to ten thousand.

"Ten thousand contribution points!"

Ye Feng looked overjoyed. He didn't expect that these three tasks were worth 10,000 contribution points!

Although a contribution of ten thousand does not sound like a large amount.

But you must know that it is very difficult to obtain the contribution points exclusive to the Holy Land in the Blue Sky Holy Land.

And precisely because it is very difficult to obtain the contribution points of the Blue Sky Holy Land, the contribution points of the Blue Sky Holy Land are very valuable.

This can be seen from the fact that Ye Feng got a lot of good things with 3,000 contribution points last time.

At this time, Ye Feng took his identity token, carrying these 10,000 contribution points, and immediately came to the Martial Arts Heritage Hall of Qingtian Holy Land.

After he entered the martial arts inheritance hall, his first step was to choose a more powerful inherited martial arts.

Originally, Ye Feng thought that he would only be able to obtain a maximum of five or six thousand contribution points for completing this mission, so his initial idea was to find a set of inherited martial arts at the Yuan Soul level that was one level higher than the Xuandan level.

But now that he suddenly had 10,000 contribution points in his hand, Ye Feng's vision became higher.

He directly skipped the inheritance area at the level of Xuandan Realm and Yuanhun Realm, and came to the inheritance area at the level of Xinghai Realm.

Ye Feng began to search for the martial arts inheritance in this area.

"The Monument Hand is worth 14,000 contribution points. It is a peak inheritance at the Star Sea level. It is a bit too expensive."

"The Heaven-Slaying Sword Technique is worth 20,000 contribution points. It's too expensive!"

"Nine Dragon Roaring Sky Fist, worth 7,000 contribution points, an intermediate inheritance at the Star Sea level. This is not bad, I have to look at it again..."

In the end, Ye Feng spent nearly half an hour wandering around the entire martial arts inheritance hall.

In the end, he chose a set of martial arts inheritance worth exactly 10,000 contribution points. It was a high-level inheritance that transcended the Xuandan Realm and Yuanhun Realm and was at the Star Sea Realm level. It was called

"Ice Age".

This is not a simple martial arts move, but a very rare secret killing technique such as a spell.

Once used, it will be able to instantly release thousands of extremely cold air, freezing the enemy in an instant. It is a mass-damage killing technique.

The reason why Ye Feng ultimately chose this type of attack spell, which few warriors would choose, was mainly to complement his powerful body.

Because Ye Feng's most powerful thing now is naturally his physical strength in head-to-head confrontation, especially when holding the dark gold halberd, the power released can simply split the sky and split the earth.

Therefore, Ye Feng practices the secret technique of the Ice Age. When he encounters a weak enemy, he can be frozen to death. When he encounters a powerful enemy, he can affect the enemy's mobility and make him move slowly, thus making himself There is enough time to unleash your most powerful head-on ability!

Spending 10,000 contribution points all at once made Ye Feng feel a little pained.

But he knew that it was very worthwhile to be able to exchange contribution points for such a powerful inheritance.

Next, Ye Feng went to the black market to make sure that a lot of the wealth he had plundered while doing tasks outside during this period was something he could not use. For example, the wealth of shops he had plundered from Siren City was all that Ye Feng had. He sold them on the black market and replaced them all with elixirs that could increase his cultivation strength.

Even Ye Feng accidentally came across a shop selling powerful monster souls in the black market.

The souls of these monster beasts are all sealed in pieces of spiritual talismans. They are specially prepared for those who have practiced as a soul master. You can directly buy these spiritual talismans back and then directly devour the souls of the monster beasts sealed in them to strengthen yourself. of soul power.

Ye Feng was very surprised. It was the first time he encountered a store where he could directly buy souls.

It's a pity that Ye Feng spent a lot of money to buy pills to improve his cultivation skills. In the end, Ye Feng only bought ten talismans, which were the souls of monster beasts with cultivation levels in the Mysterious Pill Realm, and they were sealed in their souls.

After finishing all the purchases, Ye Feng returned to his residence with a full load.

He was going to stay in seclusion for a while, devour all the elixirs and monster souls he bought from the black market, and then successfully cultivate the powerful Ice Age inheritance he had just exchanged.

After all this is completed, Ye Feng will visit his master again to see if he can learn the Little Fate Technique.

But just when Ye Feng walked to his residence, he suddenly saw a group of murderous disciples standing at the door of his residence.

And the house where I live is actually

It had been reduced to ruins, apparently broken into pieces by these people.

Ye Feng's eyes suddenly became extremely cold and he walked directly in that direction.

"Ye Feng, you finally dare to show up!"

The group of murderous disciples immediately looked at Ye Feng, who was walking not far away, with deep cruelty and sneer in their eyes.

Ye Feng said loudly as he walked: "Who are you? You actually destroyed my place of residence. You are too brave."

"Too bold?"

A group of murderous disciples immediately laughed mockingly.

The leader was a man in Tsing Yi. At this time, the man in Tsing Yi stared at Ye Feng. He smiled coldly and said loudly: "Ye Feng, we are specifically here to trouble you today. According to the investigation, the peripheral members of our Gods Association are here." You should have killed Ye Mo and the internal member Gu Cang secretly. You are so brave and dare to offend our Gods Association. I will sentence you to death today!"

"boom!"

Almost as soon as the man in green finished speaking, an aura of perfect perfection at the tenth level of the Mysterious Pill Realm suddenly burst out from his body!

Obviously, this man in green is very powerful. He is not an outer disciple, but an inner disciple with superb cultivation!

boom!

boom!

...

At this moment, the other disciples around the man in green suddenly emitted auras at the level of the Mysterious Core Realm!

Obviously this is a group of inner disciples!

They came to the outer gate area specifically to find trouble for Ye Feng!

It has to be said that the foundation of the Association of Gods is really terrifying. A group of disciples who came out at random were a group of inner disciples at the Mysterious Dan Realm level. The man in green at the head was a Dzogchen Level 10th level of the Mysterious Dan Realm. Super master!

Suddenly, powerful murderous intent locked onto Ye Feng who was not far away.

The man in Tsing Yi stared at Ye Feng at this time, smiled coldly, his eyes were full of contempt, and said sarcastically: "Boy, I advise you to surrender directly, and go to the Law Enforcement Hall with us to plead guilty. We gods will be superior, no? If a little ant like you can offend, you must have a heart of awe, otherwise you will be dead."

It has to be said that the members of the Gods Association are indeed acting unscrupulously in the Blue Sky Holy Land. A group of inner sect disciples came directly to the outer sect area, unleashed murderous intent, and forced Ye Feng to go to the Law Enforcement Hall to plead guilty without any evidence. , does not allow any doubt, it is really overbearing to the extreme!

Chapter 2044 The world is crazy

At this moment, Ye Feng's eyes were filled with coldness.

The group of members of the Gods Association in front of them, this group of inner disciples, are really too domineering.

Ye Feng said aloud: "You are forcing me to go to the Law Enforcement Hall to plead guilty with your empty words. I will not go."

"shut up!"

The man in green who was the leader of the group of disciples immediately sneered, with a cruel look in his eyes, and said: "We gods will do things, we don't need evidence, as long as we suspect you are the culprit, then you must plead guilty!"

overbearing!

Boundless dominance!

This group of members of the Gods Association simply felt that they were superior and that what they said was an order and others must obey it. ??

Ye Feng said coldly at this time: "I have long heard my senior sister say that all of you in the Gods Association are aloof, extremely domineering, and act arrogantly. I have seen it today."

When the man in Tsing Yi heard what Ye Feng said, he smiled and said: "If you know it, then hurry up and confess, don't waste everyone's time."

Ye Feng said aloud: "Others are afraid of you gods, but I am not afraid!"

"presumptuous!"

When the man in green heard what Ye Feng said, his eyes immediately became extremely gloomy, and he shouted angrily: "You are just a newcomer who has just entered the Holy Land, and you are so arrogant. Then today I will come as an old disciple. I'll teach you a lesson as a newbie and let you know what the rules are."

"Senior Brother Zhang, there is no need to be angry with this newcomer."

A member of the Gods Association next to the man in green spoke up.

The members of this association of gods have the cultivation level of the third level of Xuandan realm.

He stepped forward at this time, looked at Ye Feng not far away, with deep contempt in his eyes, and said loudly: "You don't need to bother Senior Brother Zhang to take action, I will deal with this newcomer, a little newcomer, who has just entered How powerful can he be after only a few months in the Holy Land? I can capture him with one hand!"

At this time, the member of the Gods Association said and immediately walked towards Ye Feng.

With an extremely arrogant attitude, he slowly walked towards Ye Feng and stretched out a hand.

"Boom!"

In front of this member of the Gods Association, a big hand of vitality suddenly appeared in the void and grabbed Ye Feng directly.

"roll!"

But Ye Feng shouted loudly at this time

He didn't even make a move, the rolling sound waves turned into a frenzy of energy, and instantly shattered the big hand of vitality.

"Boom!"

The terrifying impact suddenly hit the member of the Gods Association.

"puff!"

The member of the Gods Association immediately spurted out a mouthful of blood, and then his body flew out violently and fell to the ground, wailing in pain.

"What?!"

"Just the sound waves from the mouth blew away Junior Brother Mo, a master of the third level of the Mysterious Pill Realm?"

"Isn't this Ye Feng a newcomer? How can he have such great strength?"

...

Almost at this moment, a group of members of the Gods Association who came out not far away could not help but have expressions of extreme astonishment on their faces.

"Isn't this Ye Feng an outer disciple? How come he has the cultivation level of the sixth level of Xuandan Realm?"

At this moment, a group of members of the Gods Association also sensed the cultivation aura on Ye Feng's body, and it turned out that he was at the sixth level of the Xuandan Realm!

At this time, the face of the man in green was very ugly. He stared at Ye Feng who was not far away, his eyes were extremely gloomy, and he said loudly: "Boy, I didn't expect you to hide so deeply. You are hiding in obscurity in the outer gate. You have broken through to the sixth level of the Mysterious Core Realm. It seems that you want to make a splash in the upcoming outer sect competition. What a profound plan!"

At this time, Ye Feng had a trace of sneer on his face and said: "Stop suspecting anything. I don't have any plans at all. I just went out to experience and got some opportunities. You This is just judging a gentleman's heart with a villain's heart."

Although the man in green had an ugly face at this time, there was a trace of sneer in his eyes, and he said loudly: "But even if you have silently entered the sixth level of the Xuandan Realm, you will still be suppressed by me today. Although I You can't kill people in the Holy Land, but it's okay to destroy you. Leave you with a miserable life and get out of the Qingtian Holy Land. This is not a place for a kid with no background like you to hang out. Now that you've been messed with If we gods meet, then your next journey will be to die young."

Ye Feng suddenly spoke up at this time: "There is so much nonsense, are you afraid?"

"presumptuous

! "

The man in green immediately burst out with a powerful aura at the level of the Great Perfection of the Ten Heavenly Levels of the Mysterious Dan Realm. His eyes were extremely cold as he stared at Ye Feng opposite him and shouted loudly: "I have such a powerful cultivation base. , how could I be afraid of you, a new disciple? What's more, I have powerful inherited martial arts that you have no access to!"

"Nine Dragon Roaring Heaven Fist!!"

The man in green roared loudly and unleashed an extremely powerful punch.

"hold head high!!"

Accompanied by a huge dragon roar, nine golden dragon phantoms rushed out from the fist of the man in green. Their power was vast and full of unparalleled destructive power, as if they could destroy the world in an instant. All things are broken to pieces.

"Since you want to fight, then I will fight with you!"

Ye Feng roared loudly, and at this moment he also punched out instantly. He directly chose to fight head-on, without fear at all. He had a super strong fighting will to take life and death lightly and fight if he refused!

"Dragon Demon Heaven-Slaying Fist!"

At this moment, Ye Feng chose to fight head-on, and what he unleashed was also the powerful boxing technique he had practiced.

Although the level of the Dragon Demon Sky Slaying Fist is not as good as the Nine Dragon Roaring Sky Fist of the man in green.

But under the blessing of Ye Feng's extremely powerful magic power, coupled with the powerful power of the Chaos Body.

Ye Feng's punch definitely exploded with peak-level energy in an instant.

"boom!"

Suddenly, a huge black dragon rushed out from Ye Feng's fist, letting out an earth-shattering roar and roar. In an instant, it collided with nine golden dragons blasted out by the man in green on the opposite side.

"Boom!"

Almost at the next moment, the outer disciple area erupted with boundless and terrifying roars and vibrations, and the entire earth shook.

"ah!"

And at the next moment, the black dragon burst out with monstrous power, possessing unparalleled destructive power, and even shattered all nine golden dragons at once.

With a scream, the extremely arrogant man in green, a member of the Association of Gods at the tenth level of the Mysterious Dan Realm, was suddenly blown away by Ye Feng's punch, and his Dantian was shattered. , Ye Feng did not kill anyone, but this punch directly crippled the man in Tsing Yi.

.

"You...destroyed me?"

The man in green struggled to stand up from the ground. Looking at his bleeding dantian and abdominal area, he felt desperate for a moment, and the whole world suddenly turned gray.

"Senior Brother Zhang!!!"

At this moment, a group of members of the Gods Association who were about to watch a good show saw Ye Feng's boundless bravery, and saw that their most powerful senior brother Zhang was actually destroyed.

All the members of the Gods Association on the field were stunned.

Immediately, they stared in Ye Feng's direction and felt a deep chill rising in their bodies.

At this moment, all the members of the Gods Society who were looking for trouble suddenly fled madly into the distance.

Because this time, the most powerful one among them, Senior Brother Zhang, who was at the Dzogchen level of the Tenth Heavenly Level of the Mysterious Dan Realm, all failed.

These warriors, who are in the early stages of the Xuandan Realm, naturally cannot be Ye Feng's opponents.

"Your wealth is mine."

At this time, Ye Feng walked up to the two members of the Society of Gods who had been knocked to the ground and directly plundered the storage rings on their bodies.

The next moment, Ye Feng suddenly looked at a group of members of the Society of Gods at the Xuandan realm who were fleeing not far away, and suddenly a sneer appeared at the corner of his mouth: "You can't escape! You dare to come here to die, then I will kill you today." Waste all of you!"

Ye Feng didn't want to be patient anymore at this time, and immediately burst out with a powerful aura, chasing the group of six or seven members of the Gods Association who were fleeing.

Then the entire outer door area was in a state of panic, and everyone saw an incredible scene.

A young outer sect disciple dressed in white, Sheng Xue, is actually chasing six or seven inner sect disciples wearing inner sect disciples' uniforms!

"Am I crazy?"

"Or has the world gone crazy?"

"Can the outer disciples hunt down a group of elite inner disciples?"

...

Almost at this moment, all the disciples in the entire outer sect area were shocked beyond measure.

Suddenly, Ye Feng's figure in white clothes became synonymous with toughness in the minds of the entire outer sect disciples.

And Ye Feng's image shocked the entire outer gate area of Qingtian Holy Land in an instant!

Chapter 2045 Duel of Life and Death

Accompanied by Ye Feng, he hunted down the group of inner disciples of the Gods Association.

The entire outer door area was in a commotion.

Because the scene of an outer sect disciple chasing and killing a group of inner sect disciples is really too exaggerated.

Everyone in the outer door area felt deeply shocked.

At this moment, Ye Feng was simply extremely brave, exuding a violent killing aura, and he shot forward in an instant.

"Boom!"

A giant black dragon suddenly rushed out from his fist, full of endless power, and directly bombarded the group of fleeing members of the Gods Association in front.

"ah!"

"ah!"

...

Suddenly a series of screams sounded.

The group of members of the Gods Association in the Xuandan realm were no match for Ye Feng. They were all knocked to the ground by Ye Feng's punch.

They had broken bones all over their bodies and were lying on the ground screaming.

The eyes of the members of the Gods Association were full of horror and fear.

Because they never thought that Ye Feng, the outer disciple who came to teach him a lesson this time, would actually have such a powerful and terrifying combat power.

Together, they were no match for Ye Feng. They were all defeated, and several of them were even eliminated.

Ye Feng stepped over and stared at a group of members of the Gods Association lying on the ground, his eyes filled with coldness.

At this moment, Ye Feng had extremely strong murderous intent in his heart.

Because these members of the Gods Association have come to trouble him again and again, which really makes Ye Feng a little irritable.

But Ye Feng also knew that in such a public place, in the holy land, killing people was absolutely forbidden.

Unless he can achieve a certain level of achievement, such as becoming the top young genius in the Blue Sky Holy Land, he may be able to kill these ordinary disciples without any serious consequences.

But not yet

.

Now Ye Feng's identity is just an ordinary outer disciple.

At this time, Ye Feng looked at the group of Gods Association members in front of him and said loudly: "I will not kill you in public, but if you provoke me like this, I will always charge you some interest. The storage spirit on you Just hand them over obediently and get out of here!"

"Ye Feng! Don't go too far!"

A member of the Gods Association immediately roared: "We are members of the Gods Association! If you embarrass us so much in public, there will definitely be strong men from our Gods Association who will suppress you next!"

"Snapped!"

Ye Feng slapped the talkative member of the Gods Association directly, causing the face of the member of the Gods Association to become swollen.

Ye Feng smiled coldly and said: "What do I need your guidance on? Hurry up and hand over the storage ring!"

Several other members of the Gods Society trembled at this time, and they all handed over their storage rings honestly.

At this time, Ye Feng had collected a lot of storage rings, all of which were obtained from the inner disciples of the Gods Association. It was a good fortune, worth the reward for completing a task.

A group of members of the Gods Association lost their storage rings at this time, and were suppressed so miserably by Ye Feng, an outer disciple, in public. They felt that they had lost all their face, and they wanted to leave as soon as possible. On-site, or get into a crack in the ground and hide yourself.

Ye Feng walked away at this time, very cool and unrestrained.

After this incident, legends about Ye Feng began to spread throughout the outer sect.

All the outer sect disciples of the Blue Sky Holy Land knew that in their vast outer sect area, there lived a very powerful young man who could even suppress the inner sect disciples.

Although they didn't know the young man's name, the white line

Yi Shengxue's figure was remembered by all the outer disciples.

Of course, Ye Feng himself had no interest in the shock he caused.

He is currently staying in his residence, practicing silently in seclusion.

After devouring all the cultivation resources on his body, including those purchased from the black market, including those plundered from the previous inner disciples.

Ye Feng's cultivation level has once again grown a lot, and he has been directly promoted to the tenth level of Xuandan Realm in just half a month.

I have to say, this is a huge breakthrough.

Ye Feng was also inquiring about the inner sect during this time.

It turns out that entering the Xuandan realm is only the qualification to enter the inner gate.

The inner gate is a place that is even broader than the outside and filled with countless powerful people.

The few inner sect disciples who came to trouble him before seemed to be elites in the outer sect area, but they were just ordinary inner sect disciples.

There are many powerful disciples in the inner sect who have surpassed the Xuandan realm, and most of them are in the Yuanhun realm or even the Xinghai realm.

As for the realm of cultivation above the Star Sea Realm, Ye Feng also saw it at the end of the Holy Land's introduction manual.

After the Star Sea Realm, there are many powerful realms.

They are the Hunyuan Realm, the Hedao Realm, the Control Realm, the Feathering Realm, the Mahayana Realm, the Transcendence Realm, and even the most terrifying immortality realm in the legend!

Once a warrior reaches the realm of immortality through cultivation, he is truly immortal. In the God Realm, it is estimated that it is difficult to have the power to kill a being in the realm of immortality.

Above the Immortal Realm is the supreme supreme realm recognized by the God Realm!

Beings at the supreme level are absolutely taboo existences in the entire God Realm. They are really super giants, super overlords, terrifying existences that can destroy hundreds of millions of living beings in a single thought!

Just when Ye Feng was thinking secretly in his room.

Suddenly, there was an extremely violent sound outside his door.

fluctuations.

"Uh-huh!"

Ye Feng's eyes changed, and he immediately jumped out of the house without thinking.

"Boom!"

And at the next moment, his entire house collapsed, shattered by a powerful force, and turned into ruins once again.

"Destroyed my house twice! You are really bullying me!"

At this moment, Ye Feng immediately saw a group of people standing in the open space outside the house.

Several of them were the disciples who had caused trouble for him before and then had their storage rings stolen by him.

At this time, Ye Feng looked at the group of people from the Gods Association and said, "Are you done?"

This time, the leader of the Gods Association was a rather handsome young man, and the aura of his cultivation turned out to be that of a Yuanhun Realm powerhouse who had surpassed the Xuandan Realm.

The young man laughed loudly and said: "Ye Feng, you have offended our Gods Association, and there will naturally be a steady stream of troubles coming to you. But I will give you a chance now. If you follow me on the life and death stage today, Duel, if I lose, no one from the Gods Council will trouble you again."

Ye Feng stared at the young man and said, "What's your name?"

The young man didn't seem to expect that Ye Feng would ask his name, but he still answered: "My name is Shen Feng, and I am an elite member of the Gods Association. As long as you are willing to compete with me on the stage of life and death, I can solve all the problems at once." How about the grudge between God and you, the winner lives and the loser dies?"

Ye Feng fell silent at this time.

A group of other members of the Gods Association immediately couldn't help but sarcastically said: "It seems that this Ye Feng is still afraid of death and does not dare to fight to the death with our senior brother Shen Feng."

Ye Feng suddenly spoke up at this time: "Okay, I promise you, I will fight with you on the stage of life and death. If I win, you gods will stop bothering me."

Shen Feng smiled slightly and said aloud: "Okay, that's refreshing! Then let's go directly to the stage of life and death!"

Chapter 2046 It's incredible

At this time, Ye Feng followed a group of members of the Gods Association and walked toward the stage of life and death.

Ye Feng knew very well in his heart that these people wanted to put him on the stage of life and death, and their purpose was very simple, that is, to kill him completely.

Because in the Holy Land area outside the Stage of Life and Death, there are still sect rules. Even members of the Gods Association cannot kill other disciples at will.

Therefore, these members of the Gods Association tried every means to trick Ye Feng onto the stage of life and death and kill Ye Feng.

Regarding this strategy, Ye Feng knew very well in his heart.

The reason why he agreed to these people's requests was not because he was provoked.

Because Ye Feng has always been a very calm person, the so-called provoking method is of no use to him.

The reason why he agreed to Shen Feng's request was because although Shen Feng's cultivation was at the Yuan Soul Realm, Ye Feng sensed that it was only at the fourth level of the Yuan Soul Realm.

Therefore, Ye Feng has no fear at all towards Shen Feng. This time he goes to the stage of life and death, just in time to completely kill Shen Feng.

And on the stage of life and death, Ye Feng can do whatever he wants. Not only can he kill Shen Feng, an elite member and weaken the power of the Gods Association, but he can also plunder the storage ring on Shen Feng. Shen Feng's strength and skill were absorbed and swallowed up.

At this time, a group of members of the Gods Association may be plotting against Ye Feng in their hearts.

But what they didn't know was that Ye Feng was also scheming against themselves when he agreed to their request.

Soon everyone arrived at the life and death platform of Qingtian Holy Land.

The Life and Death Platform is located in a very remote place. They are used to resolve disputes between disciples.

Although there are rules in Qingtian Holy Land, disciples are not allowed to kill each other.

But after all, Qingtian Holy Land considered that a group of warriors were all strong-blooded people, and Qingtian Holy Land

Tianshengdi is a super power, and there are strong men from all the major alien races in it. Fights are inevitable. Instead of letting everyone conspire against each other, it is better to directly set up a life and death stage, allowing everyone to directly fight a life and death duel. , but entering the stage of life and death requires the consent of both parties. If only one party is forced, then you cannot enter the stage of life and death.

At this time, everyone came to the area around the platform of life and death, and an elder wearing a green shirt stood there.

This elder in green shirt is the guardian of the life and death platform, and he is responsible for the life and death duel on the life and death platform.

Both parties must make a life and death contract before they can enter into a reckless duel in the life and death stage.

At this time, everyone walked over, and Shen Feng immediately stepped forward and said to the elder in blue: "Elder, I want to have a life-and-death duel with Ye Feng. Please bring out two life-and-death contracts for us to sign."

The elder guarding the life and death platform glanced at Ye Feng and Shen Feng, with a look of surprise in his eyes.

After all, the gap in cultivation between the two is really too big.

One is in the Xuandan realm, and the other is in the Yuanhun realm.

There is a huge difference between the two.

This was the first time for Elder Qingshan to see this kind of life-and-death duel.

Because the two parties in a general life-and-death duel basically have similar cultivation levels, that's why they agree to enter the life-and-death stage for a life-and-death duel.

But the two disciples who came today have such a huge gap in cultivation.

Ye Feng, a disciple of the Xuandan Realm, went to the stage of life and death. Wouldn't that mean he was directly seeking death?

So at this time, the elder in green shirt asked out of kindness: "Your identity token says Ye Feng, your name is Ye Feng, right?"

, are you sure you want to go to the stage of life and death with an inner disciple at the Yuan Soul Realm level? "

Ye Feng smiled slightly, nodded, and said loudly: "Yes, elder, I'm sure."

When Elder Qingshan heard what Ye Feng said, he couldn't help but shook his head slightly and said, "Okay, it's up to you."

Obviously in the eyes of this elder, Ye Feng is just a stupid young man who has no fear at all. A newborn calf is not afraid of tigers. If he goes straight to the stage of life and death, he will definitely end up miserable. He may be killed instantly by the opponent.

But since it was Ye Feng's own decision, the elder said nothing more and directly took out two life and death contracts, and then asked Ye Feng and Shen Feng to sign them.

The moment the contract was signed, Shen Feng jumped onto the life and death platform with a look of great joy and said to Ye Feng: "Come up quickly!"

Obviously, he couldn't wait to kill Ye Feng on the stage of life and death.

A group of other members of the Society of Gods stood around the stage of life and death, with deep excitement on their faces.

They were finally going to kill Ye Feng, the hateful boy who dared to resist their Gods Association.

At this moment, Ye Feng's face was extremely calm, and he jumped directly onto the stage of life and death.

Shen Feng had almost no hesitation. He smiled ferociously and said loudly: "The moment you step onto the platform of life and death, Ye Feng, I declare your death!"

Boom!

Almost at the next moment, Shen Feng burst out with his powerful cultivation of the fourth level of the Soul Realm.

A golden giant sword immediately appeared in his hand, and a terrifying sword light shot out from his hand, which could cut the entire life and death table into pieces.

The look on Shen Feng's face at this time was extremely ferocious and cruel. He seemed to have seen the other party in his place.

A scene where he was cut in half instantly with a sword and died instantly.

"Ice Age."

But suddenly at this moment, Ye Feng didn't move at all, he just muttered a sentence.

"Boom!"

Almost at the next moment, a large area of extremely terrifying cold current burst out from Ye Feng's body in an instant, forming a long river of ice in the void in front of him. It directly washed away everything and attacked in front of him. Feng's sword light, including Shen Feng, was all frozen.

Shen Feng turned into an ice sculpture in an instant, and then the surface cracked and shattered, and his entire body also shattered, turning into blood-stained ice cubes on the ground.

Shen Feng, an elite member of the Gods Association and a powerful disciple of the fourth level of the Soul Realm, did not even let out a scream. All his vitality was frozen and he died instantly!

"What?!"

And at the moment when this scene happened, all the members and disciples of the Gods Association around the life and death stage suddenly changed their expressions, and their eyes were filled with deep incredulity.

"Senior Brother Shen Feng is dead now?!"

"How can this be!!"

"Senior Brother Shen Feng is a powerful person at the fourth level of the Yuan Soul Realm! How can this Ye Feng have such a powerful power!"

Almost at this moment, a group of members of the Society of Gods around the platform of life and death could not help but scream, their eyes filled with deep horror.

At this time, the old face of the elder in green shirt who originally thought that Ye Feng was seeking death suddenly showed a look of shock.

This was the first time he saw such a ferocious outer disciple.

It's really awesome.

That kind of terrifying combat power is simply unbelievable!

Chapter 2047 Immortal Pond

Shen Feng's instant death brought huge psychological impact and shock to all other members of the Gods Association.

Because they all felt that Shen Feng, a super master of the fourth level of Yuan Soul Realm, would definitely be able to kill Ye Feng 100%.

But the result was something that a group of members of the Society of Gods never expected.

After getting on the stage of life and death, Ye Feng showed his ferocity.

At this moment, the eyes of a group of members of the Society of Gods were full of fear.

This Ye Feng is no longer something ordinary members of the Gods Association like them can handle.

At this time, Ye Feng did not think that the Gods Association would just let him go. I was afraid that more and more powerful people would deal with him.

But now that things have happened, Ye Feng no longer thinks about it so much.

This time, Ye Feng agreed to go to the stage of life and death to teach the other party a lesson.

At this time, Ye Feng reached out and grabbed the storage ring on the dead Shen Feng, as well as the frozen and broken body ice cubes, and put them into his own storage ring.

At this moment, Ye Feng, with a cold look in his eyes, walked down from the stage of life and death, looked at the group of members of the Gods Association, and said coldly: "Is there anyone else who wants to follow me on the stage of life and death?"

A group of members of the Gods Association heard Ye Feng's arrogant words, but they could not feel any anger in their hearts, but were filled with deep fear.

Because at this time, Ye Feng was like a ferocious wild beast to them, very ferocious and impossible to resist.

Ye Feng saw the reaction of a group of frightened and uneasy members of the Gods Association. After smiling coldly, he turned around and left the stage of life and death, leaving behind shocked people.

When Ye Feng returned to his residence, he spent some time recasting the broken house.

Next, Ye Feng entered the room and directly began to devour Shen Feng's blood energy skills.

It has to be said that although Shen Feng's combat power is not as strong as imagined, he is after all a powerful disciple of the fourth level of Yuanhun Realm, and his blood essence is very abundant.

The huge energy transformed Ye Feng's cultivation level once again, allowing Ye Feng to break through to the half-step Soul Realm.

Ye Feng's eyes were a little happy at this time, but he didn't expect that the energy Shen Feng provided to him was quite sufficient.

When Ye Feng stepped into the half-step soul realm, he found that his soul had become stronger than before.

Because the Yuan Soul Realm is a state where practitioners are supposed to start shaping their own universe soul.

Ye Feng saw that the Heaven and Earth Mysterious Pill that he had condensed in his dantian had disappeared and melted into his body. The next thing he had to do was to shape the soul of the universe.

After Ye Fengxiu made a breakthrough, he did not stay in his house for too long, but walked directly towards the Temple of Fate.

For my master, fate

Ye Feng was still very interested in the palace master Leng Qingxue.

Because he wanted to obtain the most important inheritance of the Fate Temple, the Little Fate Technique.

If he can practice the small fate technique, then Ye Feng can secretly affect the fate of others. This is a very terrifying and strange attack technique.

What's more, if you learn the Little Fate Technique, you may have the opportunity to perform the Great Fate Technique, which is the most powerful and number one among the three thousand avenues.

Ye Feng's speed was very fast, and in a blink of an eye he arrived at the Temple of Destiny among the six holy places of Qingtian Holy Land.

At this time, Ye Feng walked directly into the Fate Temple, looked at a glamorous female disciple next to the mountain top, and asked aloud: "Sister, I would like to ask my master, does the Master of Fate Temple have time now? "

The female disciple Leng Yan knew Ye Feng, the special disciple of the Master of Fate Hall. After all, almost all the disciples in the Fate Hall were female disciples.

At this time, she nodded and said loudly: "The Lord of the Palace is in her retreat and has just come out. If you go to find the Lord of the Palace now, you should be able to see him."

"Thank you!"

Ye Feng clasped his fists at the senior sister, and then walked quickly towards a certain direction in the Fate Temple area.

Soon Ye Feng came to a mountain in the deepest part of the Fate Temple area.

On the top of this mountain stands a very noble purple-gold palace.

That is the place where the master of Fate Palace retreats.

Ye Feng walked directly towards the top of the mountain.

Soon he came to the door of Zijin Hall.

Ye Feng was hesitating whether to walk directly into the hall.

"Ye Feng, you're here, then come in."

At this moment, a woman's voice suddenly sounded in his ears.

This voice was that of Ye Feng's current master, Leng Qingxue, the master of the Temple of Fate.

"Yes, Master."

When Ye Feng heard the voice in his ear, he immediately stopped hesitating and walked into the Zijin Hall.

When Ye Feng entered the hall, he immediately saw a cold and beautiful figure standing in a fairy pond in the hall.

There are white clouds and mist surrounding it, and it is extremely beautiful up there, very beautiful.

At this time, Ye Feng immediately clasped his fists and said: "Disciple Ye Feng, pay homage to the master."

"Um."

In the clouds and mist of the fairy pond, Leng Qingxue, the master of Fate Hall, turned around, looked at Ye Feng who walked in from the door of the hall with a pair of deep and beautiful eyes, nodded slightly, and said:

"You have already broken through to the half-step Soul Realm. It seems that you have received quite a lot of good fortune during this period of time, which is very good."

Ye Feng hurriedly said: "Disciple has indeed gained something during this period."

Leng Qingxue continued to speak: "I heard that you have some disputes with the Gods Association. Members of the Gods Association often come to trouble you, right?"

Ye Feng nodded and said aloud: "Just now I went on the stage of life and death with a member of the Gods Association."

Leng Qingxue nodded slightly, and then said aloud: "Next, you can move directly to our Fate Temple, so that members of the Gods Association will not dare to disturb you."

Ye Feng said aloud: "This disciple came here just because he had this idea. Unexpectedly, Master brought it up first. I will move here directly tomorrow. By the way, Master, I want to ask a question."

Leng Qingxue said aloud: "If you have any questions, just ask."

Ye Feng nodded, and then said: "Can the gods really cover the sky with one hand in our Qingtian Holy Land?"

Leng Qingxue looked at Ye Feng, a rare smile appeared on her cold face, and said loudly: "Covering the sky with one hand? It's not that exaggerated. But the president of the Gods Association, Xiao Tianshen, is indeed a rare person in the world. He is a peerless prodigy. He is not our human race, but a very rare race of gods. He seems to have the blood of an ancient race of gods flowing through his body, so his talent is unparalleled, his combat power is very terrifying, and his surroundings are also very powerful. Maybe He will soon surpass many of our elders in Qingtian Holy Land."

When he said this, Ye Feng's eyes showed a trace of gloominess.

Even Leng Qingxue, the master of the Fate Palace, has such a high opinion of Xiao Tianshen, the president of the Gods Association. It seems that Xiao Tianshen is indeed a very scary guy. He is worthy of being one of the four major players in the Alliance of Frost God Kingdom. One of the top young talents.

At this time, Leng Qingxue suddenly continued to ask: "Your talent is also very rare. If you work hard, you may not be able to match that Xiao Tianshen in the future."

Ye Feng nodded and didn't say much. Instead, he changed the topic and asked: "By the way, Master, I heard that the most powerful inheritance of our Fate Temple is a secret technique that can affect the fate of others. ,Do not know is not true?"

Leng Qingxue glanced at Ye Feng, nodded loudly and said: "Indeed, our Qingtian Holy Land has a total of six temples. The inheritance of our Fate Temple is the most mysterious. It is indeed related to fate. The ultimate secret is The Little Fate Technique may not be famous, but the Little Fate Technique is the prototype of the legendary Great Fate Technique."

When Ye Feng heard what Leng Qingxue said, he was suddenly shocked.

Sure enough, Emperor Chu's guess was right. There is indeed something hidden in the Temple of Fate.

The Little Fate Technique is a very special technique.

At this time, Leng Qingxue said aloud: "There is no need for you to come into contact with this ultimate secret at your temporary level. If you do, your soul will be shattered by the huge secret in an instant, and even if you have learned the Little Fate Technique, , with your current cultivation level, if you go out, you will definitely be targeted by countless super powerful people, and you will die in an instant without a burial place. I think you should understand the reason why you are guilty of holding a treasure. "

Ye Feng nodded and said aloud: "I understand this very well."

Seeing Ye Feng's calm look, Leng Qingxue couldn't help but nodded appreciatively and said, "When your cultivation reaches a certain level, I will teach you the Little Fate Technique. After all, you are someone I value very much." apprentice."

After saying that, Leng Qingxue asked Ye Feng to walk in front of him and enter the fairy pond area.

At this moment, Ye Feng immediately felt a majestic and high-level energy contained in the entire fairy pond.

This is a kind of energy that Ye Feng has never encountered before. It is very advanced, higher than the various attribute energies he has come into contact with before.

Leng Qingxue said aloud: "Have you already felt something? Yes, this fairy pond was not bred by the God Realm itself, but came from another very advanced place, but no one knows what that place is. , because in our impression, the God Realm is the most advanced interface and the source of all cultivation in the world. However, in the God Realm, not only me, but also many other super powerful people have discovered that There are many created things that cannot be produced by the God Realm, such as the fairy pond that I rely on for my current practice. The high-level energy in it cannot be produced by the God Realm. "

When Ye Feng heard what Leng Qingxue said, his eyes suddenly showed a trace of horror, and he couldn't help but said: "Master means that the God Realm is not the highest world interface, there is another place. Is the other dimension more advanced than the God Realm?"

Leng Qingxue nodded first, then shook his head, and said aloud: "These are ancient secrets, and even I don't know them very well, because even some high-ranking and supreme-level existences in our God Realm cannot figure them out. Understand how these more advanced things appear in the God Realm. The God Realm is already in chaos, there is nothing, and even the Supreme cannot explore it. "

Ye Feng couldn't help but fell into silence slightly when he heard what Leng Qingxue said.

At this time, Leng Qingxue said aloud: "I just said casually, don't get too involved, otherwise it may affect your current cultivation state of mind. Do the things in front of you first. When you are capable in the future, you can It's not too late to explore these ancient secrets. Since you are here today, you can absorb these high-level energies in this fairy pool. This will be of great benefit to the tempering of your body, and it can really help you to transcend The current half-step soul realm."

Chapter 2048 Leng Xingchen

At this time, Ye Feng stood in the fairy pond, feeling the very advanced energy.

Ye Feng practiced the Chaos Heavenly Emperor Technique and felt that this high-level energy was even more advanced than the Chaos Holy Power he had cultivated.

This surprised Ye Feng.

Because you must know that the Chaos Heavenly Emperor Technique practiced by Ye Feng is almost the most powerful inheritance in the entire God Realm.

Because this is the blood inheritance of the Chaos God Clan, one of the top three super races in the God Realm.

The Chaos Heavenly Emperor Technique awakened by Ye Feng is one of the most powerful inheritances among the Chaos God Clan.

Therefore, at this time, Ye Feng felt the energy in the fairy pool that was more advanced than his own Chaos Holy Power, which caused waves in his heart.

"Is it true that the most powerful divine realm in all the worlds is not the end of spiritual practice?"

"Beyond the heavens and the universe, above the divine realm, is there a more lofty extraterrestrial place?"

Ye Feng thought secretly in his heart.

But at this time, as Leng Qingxue said, there is no point in thinking about these ancient secrets for the time being.

The most important thing is to improve your own cultivation first.

This time Leng Qingxue allowed Ye Feng to practice in her fairy pond, which was undoubtedly a huge opportunity for Ye Feng.

Because you must know that not everyone owns something like the Immortal Pond, which comes from a more mysterious and advanced realm, not even some of the big power lords.

Therefore, Ye Feng was able to practice in the Immortal Pond once, and he knew that he must seize this opportunity.

"Buzz!"

At this moment, Ye Feng silently operated his devouring power and began to continuously absorb the energy in the entire fairy pond.

And at this moment, Ye Feng suddenly felt that his power was growing rapidly.

What even surprised him was that this kind of void high-level energy in the fairy pool actually affected his own chaotic body.

All have an improving effect.

It has to be said that this kind of high-level energy is very magical. It can simply improve Ye Feng's comprehensive strength in both directions. It can not only strengthen his cultivation skills, but also improve his body strength.

"Buzz!"

After one day and one night.

Ye Feng's cultivation level broke through instantly, and he finally crossed the biggest hurdle, from the half-step Yuan Soul Realm to the complete Yuan Soul Realm first level!

Moreover, Ye Feng's body strength has also improved a lot.

From the previous ninth level in the middle stage of the fourth heaven of the chaotic body, it was directly promoted to the tenth level in the late stage of the fourth heaven!

It has to be said that this time Ye Feng is actually more happy that the strength of his Chaos Body has been improved.

"Originally, I thought you could only absorb a wisp of this high-level energy in the fairy pond, but I didn't expect that you absorbed and practiced in it for a whole day and night. It seems that your core inheritance is very extraordinary, and your body strength and physique are also It's extremely powerful, otherwise it would be impossible to practice for such a long time at such a low level."

Leng Qingxue's voice sounded from the side.

At this time, Ye Feng immediately had a hint of joy in his eyes, clasped his fists and said, "Thank you, Master, for giving me this blessing and allowing me to practice in the fairy pond."

Hearing this, Leng Qingxue just nodded slightly, and then said aloud: "I will be in seclusion for a long time to understand the levels and mysteries of higher realms. I may not have time to care about you anymore, so hurry up and move." Go to the area of our Fate Temple. I am afraid that the strong men of the Gods Association will forcibly strangle you. After all, they have failed to come to you three times to trouble you. The next time they come to find you, they will definitely come to you. You are far away from being able to do it now. The existence of confrontation."

Ye Feng nodded and said aloud: "I am now

I immediately returned to my residence, packed up some things and moved them to the area of the Temple of Destiny. "

When Leng Qingxue heard what Ye Feng said, she immediately nodded, and then her beautiful figure disappeared into the clouds and mist of the fairy pond.

Ye Feng glanced at the beautiful fairy pond with nostalgia at this time, and then left the purple gold palace.

After walking out of the Zijin Hall, Ye Feng left Master Leng Qingxue's retreat.

Just when Ye Feng walked out of the retreat, a young man in blue clothes suddenly appeared in front of him.

Ye Feng's eyes narrowed.

This young man in blue suddenly appeared, giving him the feeling of an unfathomable abyss.

This person's cultivation strength is absolutely terrifying!

And it's terrifying to the extreme!

If Leng Qingxue is that kind of ethereal feeling that is completely invisible to people.

Then the young man in blue in front of him always exuded a powerful and powerful aura, which was simply sharp.

"Is he a super master among the gods?"

"But I have just walked out of Master's retreat. This is still the temple area of the Temple of Fate. It should be impossible for the super masters of the Gods Association to enter the Temple of Fate."

Ye Feng's eyes suddenly became a little fearful at this time.

At this time, the handsome face of the young man in blue showed a trace of curiosity. He stared at Ye Feng and said loudly: "You are the only one my sister has received in these hundreds of years." A male apprentice?"

elder sister?

When Ye Feng heard the words of the young man in blue, he suddenly looked stunned, and then said, "Senior is the master's younger brother?"

The young man in blue nodded slightly and said loudly: "Yes, I am my sister

My name is Leng Xingchen, my younger sister's younger brother. I'm very curious about what's so special about the male apprentice my sister mentioned. Now it seems that apart from being a little handsome, everything else is just ordinary. "

When Ye Feng heard what Leng Xingchen said, he couldn't help but touch his nose, feeling a little embarrassed.

Leng Xingchen spoke out at this time: "But before my sister went into seclusion, she just sent a message to me and asked me to protect you. If those guys from the Gods Association give you trouble, you can always ask me for help."

After saying that, Leng Xingchen nodded slightly to Ye Feng, then turned and left.

Ye Feng's eyes flashed with surprise. He didn't expect that his master had such a powerful brother.

Although this Leng Xingchen looks a little cold and avoids strangers, judging from what he just said, this person is pretty good.

Ye Feng didn't think too much and walked directly out of the Temple of Destiny and walked towards the place where his outer disciples lived.

Ye Feng knew that if he moved now, the sooner he could move, the better.

Because the super masters of the Gods Society may come at any time.

When Ye Feng walked to the place where he lived before, he saw an unexpected figure standing at the door of his place of residence.

"Princess Wind Spirit, why are you here?"

Ye Feng's eyes were a little surprised and he couldn't help but ask.

This Princess Fengling, Ye Feng had met by chance in a city when he was on a previous mission. The two exchanged some words and then separated in a hurry because they both had their own things to do.

Unexpectedly, this time someone came to his residence to wait for him.

Ye Feng remembered that this former princess of the ancient Loulan Kingdom seemed to be very different from before.

Why is she suddenly here?

Are you here specifically for me?

Chapter 2049 Coming to claim your life

"Senior Brother Ye Feng!"

At this time, Fengling saw Ye Feng coming from a short distance away, and a look of joy suddenly appeared in his beautiful eyes.

Ye Feng walked over, with a hint of surprise in his eyes, and asked aloud: "Princess Fengling, oh no, I should call you Junior Sister Fengling now. Junior Sister Fengling, what are you doing here?"

When Fengling heard Ye Feng's question, a trace of inexplicable rosiness appeared on her pretty face, and she said loudly: "Last time I met senior brother Ye Feng in Yuan City that day, but I was in a hurry that day and didn't talk to Ye Feng. Senior Brother Feng said a few more words and left in a hurry. I felt a little embarrassed, so this time I went to Senior Brother Ye Feng's residence to wait for you. I didn't have anything else to do, I just wanted to talk to you, Senior Brother Ye Feng. , meet."

"Let's talk and meet?"

When Ye Feng heard what Fengling said, he couldn't help but reveal a look of inexplicable surprise in his eyes, staring at the beautiful figure in front of him.

Fengling blushed a little when Ye Feng looked at him like this, and couldn't help but take the initiative to change the subject and said: "When did Senior Brother Ye Feng come to Qingtian Holy Land?"

Ye Feng said: "I have only been in Qingtian Holy Land for a few months, and I am still an outer disciple."

At this moment, Ye Feng suddenly stared at Fengling in front of him and couldn't help but continue to ask: "When did Junior Sister Fengling come to Qingtian Holy Land? And I can feel that the aura of Junior Sister Fengling is different from before. Well, did you enter the Blue Sky Holy Land after receiving some powerful inheritance?"

Feng Ling nodded, as if she didn't want to tell her secret, because she felt that it was a bit difficult to tell her that she had left the human race and became the Wind God Clan.

At this time, Feng Ling changed the subject and said, "I currently live in the Feng Temple in the Holy Land. If you have a chance, Senior Brother Ye Feng, remember to come and talk to me."

"Wind Temple?"

Ye Feng's eyes showed a look of surprise.

Unexpectedly, this princess who once lived in a mortal kingdom would now turn into a being that even she could not see through, and she would directly enter the Wind Temple of the Blue Sky Holy Land.

You must know that the Wind Temple is one of the six major temples in the Blue Sky Holy Land, representing the supreme glory. Like the Fate Temple, only those with extremely noble status or heaven-defying talents can enter and practice.

At this time, Ye Feng seemed to see that Fengling was not willing to tell her secret, and did not choose to ask more questions. He smiled and said: "Okay, if I have a chance, I will visit Junior Sister Fengling, and I heard that the inheritance in the Wind God Temple is very ancient and comes from a powerful god clan, the Wind God Clan."

Fengling heard Ye Feng talking about the Wind God Clan and couldn't help but trembled slightly. Then she asked hesitantly: "What does Senior Brother Ye Feng think of foreign races?"

Ye Feng thought for a while and said: "In my eyes, sometimes there is no distinction between alien races. As long as we can live in peace with the human race, I think everyone is the same and equal existence. But if it is those extremely vicious ones who only know how to invade, If you are a foreigner, then you are an enemy."

When Fengling heard what Ye Feng said, her worried eyes suddenly became calm.

She was a little happy and said aloud: "Senior Brother Ye Feng, have you ever heard of the Wind God Clan before?"

Ye Feng smiled and nodded, and said: "The Wind Temple seems to be composed of the Wind God Clan. This is an extremely powerful race with a very powerful inheritance. If there is a chance, I would like to go and learn from each other with you, Junior Sister Feng Ling.

Let's talk about their respective martial arts inheritance. "

At this time, Feng Ling immediately said with some excitement: "If Senior Brother Ye Feng is interested, you can come to me for discussion at any time. I am currently practicing the core inheritance of the Wind Temple, but I haven't succeeded in practicing it yet. Wait until I practice. If it succeeds, I will inform Senior Brother Ye Feng immediately, and then we will learn martial arts together."

When Ye Feng heard what Fengling said, his eyes showed a look of surprise. He didn't expect that this junior sister Fengling would be so enthusiastic.

Ye Feng immediately smiled and said: "Okay, then Junior Sister Fengling, just work hard and practice hard. I'll wait for the day when you succeed in practice."

Fengling immediately nodded vigorously and couldn't help but said: "All I did was to follow your footsteps, Senior Brother Ye Feng."

"Following my steps?"

When Ye Feng heard what Fengling said, his eyes moved and he wanted to say something.

But at this time, Fengling suddenly covered her mouth, as if she felt that she had let something slip.

She immediately trotted away into the distance, and a sweet voice came over: "Senior Brother Ye Feng, I like you very much!"

After the words fell, Fengling's beautiful back had disappeared into the distance.

When Ye Feng heard Fengling's last words, he couldn't help but froze on the spot.

Then he shook his head and smiled, "What a cute little girl."

After Ye Feng returned to his house, he immediately packed up his things and walked towards the Fate Temple.

Next, Ye Feng plans to stay in the Temple of Fate.

Because practicing there, you won't be bothered by the gods.

If you live outside, it would be really annoying to have masters from the Gods Association come frequently.

Just when Ye Feng was about to arrive at the Fate Temple area.

Suddenly, an extremely powerful and terrifying aura descended from high in the sky.

"Boom!"

The ground exploded with a bang.

A young man in a golden robe suddenly landed from a high altitude and crushed the entire ground.

The aura emanating from his body was extremely majestic and vast.

That is a powerful cultivation level that surpasses the Yuan Soul Realm and even the Hunyuan Realm level that surpasses the Star Sea Realm!

This is a super master with Hunyuan realm cultivation!

I am afraid that even among the inner sects, they are definitely considered to be top-notch experts!

At this moment, Ye Feng, feeling the majestic momentum of the Hunyuan realm, couldn't help but feel as if an invisible mountain was pressing down on his body, and he was a little unable to move!

Ye Feng knew in his heart that he could not resist this kind of power for the time being.

This time, the Council of Gods obviously learned a lesson and directly sent an extremely powerful super master who could crush everything.

Sure enough, at this time, the young man in the golden robe looked like knives. He looked at Ye Feng not far away and said with a cold smile: "Ye Feng, you can't escape. I am Jin Tianyang. One of the thirty masters of the Shenhui is here today specifically to ask for your life!"

The huge terrifying momentum made Ye Feng feel like he couldn't resist.

The crisis of life and death came in an instant! "Senior Brother Ye Feng!"

At this time, Fengling saw Ye Feng coming from a short distance away, and a look of joy suddenly appeared in his beautiful eyes.

Ye Feng walked over, with a hint of surprise in his eyes, and asked aloud: "Princess Fengling, oh no, I should call you Junior Sister Fengling now. Junior Sister Fengling, what are you doing here?"

When Fengling heard Ye Feng's question, a trace of inexplicable rosiness appeared on her pretty face, and she said loudly: "Last time I met senior brother Ye Feng in Yuan City that day, but I was in a hurry that day and didn't talk to Ye Feng. After Ye Feng returned to his house, he immediately packed up his things and walked towards the Fate Temple.

Next, Ye Feng plans to stay in the Temple of Fate.

Because practicing there, you will not be disturbed by the gods.

If you live outside, it would be really annoying to have masters from the Gods Association come frequently.

Just when Ye Feng was about to arrive at the Fate Temple area.

Suddenly, an extremely powerful and terrifying aura descended from high in the sky.

"Boom!"

The ground exploded with a bang.

A young man in a golden robe suddenly landed from a high altitude and crushed the entire ground.

The aura emanating from his body was extremely majestic and vast.

That is a powerful cultivation level that surpasses the Yuan Soul Realm and even the Hunyuan Realm level that surpasses the Star Sea Realm!

This is a super master with Hunyuan realm cultivation!

I am afraid that even among the inner sects, he can definitely be regarded as a first-rate powerhouse!

At this moment, Ye Feng, feeling the majestic momentum of the Hunyuan realm, couldn't help but feel as if an invisible mountain was pressing down on his body, and he was a little unable to move!

Ye Feng knew in his heart that he could not resist this kind of power for the time being.

This time, the Council of Gods obviously learned a lesson and directly sent an extremely powerful super master who could crush everything.

Sure enough, at this time, the young man in the golden robe looked like knives. He looked at Ye Feng not far away and said with a cold smile: "Ye Feng, you can't escape. I am Jin Tianyang. One of the thirty masters of the Shenhui is here today specifically to ask for your life!"

The huge terrifying momentum made Ye Feng feel like he couldn't resist.

The crisis of life and death came in an instant!

Chapter 2050 Help

I have to say that this Jin Tianyang is indeed very powerful.

His cultivation level was extremely powerful. At this moment, he was just emitting waves of martial arts aura, which already made Ye Feng feel an irresistible feeling.

"Today, you will definitely die!"

Jin Tianyang roared and took action instantly.

"The blazing sun rises into the sky!"

boom!

Jin Tianyang suddenly displayed a set of extremely powerful martial arts inheritance.

This kind of martial arts inheritance caused a terrifying and boundless ray of sunlight to burst out from his hand.

This kind of bright beam of sunlight is really like a small golden sun appearing, bombarding the front at once. It can destroy everything in an instant, and the destructive power is very terrifying.

"Ice Age!!"

At this moment, Ye Feng roared loudly and exploded with all his strength.

He wanted to see if he could withstand the attack of a strong man of his level.

"Boom!"

The infinite and terrifying cold air rushed out of Ye Feng's body in an instant, and a long river of cold air suddenly appeared in the void, as if it could freeze everything and freeze the entire world.

"boom!!"

The next moment, two terrifying rivers of energy collided together, and an earth-shaking roar erupted on the spot.

At this moment, Ye Feng's long river of ice was instantly bombarded and shattered by Jin Tianyang's blazing sunlight beam, and all of it melted.

It started to rain in the entire area, and the attack of the two men suddenly changed the surrounding environment and weather.

"boom!"

At this moment, Ye Feng couldn't help but take a dozen steps back. He felt a tightness in his chest and a trace of blood overflowed from the corner of his mouth.

"The strong men in the Hunyuan Realm are really terrifying. They are two realms higher than me.

boundary! "

Ye Feng couldn't help but murmur at this time.

"impossible!"

But at this time, the opponent Jin Tianyang was even more shocked.

"I am two realms higher than you, but I can't kill you instantly? This is impossible! I can kill even a Star Sea Realm warrior who is one realm lower than me, but you are just a little It's impossible for something as small as an ant in the first level of Yuanhun Realm to withstand my attack!"

Jin Tianyang's eyes were very gloomy.

At this moment, he immediately said: "Ye Feng, right? It seems that your potential is indeed very terrifying. It is simply terrifying to the extreme. People like you cannot be allowed to grow up, otherwise the consequences will be extremely serious." ! Today I must completely wipe you out of this world!"

boom!

At this moment, Jin Tianyang shouted loudly: "I don't believe you can still block my second attack!"

boom!

Golden energy surged out from Jin Tianyang's hand, and a huge golden war spear condensed directly in his hand.

"boom!"

He threw it hard, and the golden war spear instantly tore through the void, like a golden lightning, full of unparalleled destructive power and destructive power, and suddenly struck in front of Ye Feng.

"Boom!!"

But at the next moment, a tall figure in black robe appeared in front of Ye Feng, and he blocked the golden war spear.

The golden war spear was unable to penetrate the body of the black-robed figure.

"What?!"

Jin Tianyang, who had lost twice, was immediately horrified to the extreme.

The figure in black robe is the body of the Barbarian Ancestor.

The body is made of divine iron, full of incredible hardness, and can withstand very tyrannical forces.

"Uh-huh!"

But at this time, Ye Feng didn't hesitate and ran quickly towards the back.

He ran towards the direction of the Temple of Fate.

As long as you can run around the Temple of Destiny, you can call for help.

Although the body of the Barbarian Ancestor can withstand the powerful attacks of Hunyuan Realm experts, the body of the Barbarian Ancestor is only useful as a solid shield, and its attack power is really poor.

Therefore, Ye Feng did not expect the body of the Barbarian Ancestor to be able to fight head-on with a Hunyuan Realm powerhouse like Jin Tianyang.

But as long as the body of the Barbarian Ancestor can help him withstand most of the damage, it will be fine.

"Damn it!!" ??

Jin Tianyang's eyes were filled with deep anger at this time.

He didn't expect that the other party actually had so many incredible methods.

Jin Tianyang originally thought that if a super master like him suddenly appeared, he would be able to kill ants like Ye Feng instantly.

But the result was unexpected. Ye Feng had too many tricks.

Even Jin Taiyang couldn't kill Ye Feng for a while.

Even it didn't cause much harm to Ye Feng.

If Ye Feng hadn't deliberately wanted to test the power of Jin Tianyang, a Hunyuan Realm powerhouse, perhaps Ye Feng wouldn't have suffered any harm at all.

At this time, Jin Tianyang was furious. Seeing that Ye Feng was about to enter the area of the Temple of Fate, an extremely strong golden divine light suddenly burst out from his body.

Jin Tianyang is from the Sun Clan. At this moment, he instantly inspired the original blood of the ancient Sun Clan flowing in his body.

"boom!"

This made Jin Tianyang suddenly turn into a human-shaped sun, bursting out with monstrous divine light.

"Boom!"

Jin Tianyang arrived in front of Ye Feng in an instant, stretched out a hand, filled with the terrifying heat of the sun, as if it could melt everything.

This is an extremely terrifying attack!

It's like a sun appearing in the void, capable of burning and melting everything.

At this moment, even the body of the Barbarian Ancestor was on fire, and the surface of the skin began to turn black.

This shows how terrifying Jin Tianyang's current attack is!

Even Ye Feng felt like he was about to melt into death at this moment.

"presumptuous!"

But suddenly at this critical moment, an extremely cold shout suddenly sounded on the field.

"Boom!"

The next moment, a handsome and handsome young man in blue suddenly appeared beside Ye Feng.

Then he slapped him away.

"boom!"

A terrifying force erupted.

The human-shaped sun transformed by Jin Tianyang was slapped and flew far away, crashing into several mountains with a "rumbling" sound.

"ah!"

Jin Tianyang's screams immediately rang out from the ruins.

At this time, Ye Feng looked around and found that the person who rescued him was none other than Master Leng Qingxue's younger brother, Leng Xingchen!

Ye Feng immediately expressed gratitude and said, "Thank you, Senior Xingchen, for your help!"

Leng Xingchen glanced at Ye Feng, nodded slightly, and said, "Fortunately, you ran towards the Temple of Fate, otherwise I wouldn't have been able to notice that this powerful man from the Gods Association wanted to kill you."
