

## Ancient 2051

### Chapter 2051 Never Compromise

At this time, Leng Xingchen looked at the ruins not far away and said aloud: "I didn't expect that the people of the Gods Association would be so crazy that they directly sent super strong men at the Hunyuan realm to act like Ye Feng, just kill it."

At this time, Leng Xingchen spoke with a hint of shock and anger in his tone.

If Ye Feng hadn't been smarter today and rushed to the outside of the Fate Temple area, Ye Feng might have been killed by Jin Tianyang.

"Boom!"

Suddenly at this moment, the ruins not far away exploded.

Jin Tianyang's figure suddenly flew up and stepped high in the sky.

At this time, he was a little embarrassed, his hair was disheveled, and blood was flowing from the corner of his mouth.

But his eyes were filled with deep cold murderous intent and anger.

Jin Tianyang stared at Leng Xingchen not far away and said loudly: "Are you really going to be an enemy of our Gods Association?" ??

Leng Xingchen looked extremely indifferent at this time, looked at Jin Tianyang not far away, and said loudly: "It's not your turn to point out what I do, so hurry up and get out, otherwise don't blame my men for not being merciful."

Jin Tianyang's face suddenly darkened when he saw Leng Xingchen's determination.

But he knew that he was no match for Leng Xingchen.

So Jin Tianyang could only stare hard at Ye Feng, who was standing next to Leng Xingchen, and said loudly: "Boy, you are lucky this time, but your luck will not be so good next time. Anyway, you and our gods You have become a mortal enemy. Now you are just prolonging your life. You will eventually die. "

After finishing speaking, Jin Tianyang snorted coldly and left here directly.

Ye Feng stood there at this time, his eyes extremely cold.

The people of the Gods Association are really too arrogant!

But Ye Feng will never compromise!

At this time, Leng Xingchen looked at Ye Feng beside him, and couldn't help but asked: "How did you become enemies with the Gods Association?"

Ye Feng said aloud: "It was the members of the Gods Association who offended me first, so I was forced to take action. Unexpectedly, they became more and more excessive, and the strong men sent over became more and more...

powerful. "

Leng Xingchen heard what Ye Feng said, nodded slightly, and then said: "The Gods Association is indeed extremely powerful, and its foundation is also very profound. It is said that the Gods Association will develop further and may become the six great saints of our Qingtian Holy Land. The seventh temple beyond the temple."

"The Seventh Temple?"

When Ye Feng heard what Leng Xingchen said, his eyes showed a hint of surprise.

Because the six major temples of the Blue Sky Holy Land have been passed down from ancient times and represent the six pillars of the Blue Sky Holy Land, they have a very profound foundation.

But I didn't expect that the Society of Gods would have the potential to become the seventh temple.

This shows what?

This shows that the Association of Gods has been deeply recognized by the entire upper echelons of the Blue Sky Holy Land!

And this also shows from the side how terrifying the Council of Gods is. There are really countless strong people in it.

This can be seen from Jin Tianyang.

Jin Tianyang is a strong man in the Hunyuan Realm, very powerful, and a super master in the Inner Sect Elite Hall.

But he is only one of the thirty hall masters of the Gods Association, and he seems to be a relatively low-ranking hall master.

Moreover, there are core members such as guardians who are more powerful than the hall leader in the speaking group, which must be even more terrifying.

Especially Xiao Tianshen, the president of the Gods Association, is simply a legendary figure. Not to mention in the Blue Sky Domain, even in the Frost Kingdom and the alliance territory of the four major domains, he is also a peerless genius and is famous throughout the Frost God. country and four major domains.

Ye Feng said it would be impossible without pressure.

But he couldn't just compromise.

At this time, Leng Xingchen continued to speak: "Ye Feng, I am beginning to understand why my sister accepted you as the only male apprentice. Your pride and courage are already unmatched by many people. "

When Ye Feng heard this, he didn't say much.

Leng Xingchen

At this time, he said: "You will stay in the Temple of Destiny for a while."

Ye Feng nodded and said aloud: "I was planning to move to the Fate Temple this time, but before I arrived at the Fate Temple, I was stopped by Jin Tianyang."

When Leng Xingchen heard what Ye Feng said, he immediately nodded and said, "I guess that Jin Tianyang won't let it go. You still have to be careful next time."

Ye Feng said: "Anyway, thank you Senior Xingchen for taking action today." .??.

A rare smile appeared on Leng Xingchen's indifferent handsome face, and he said loudly: "You are now my sister's most valued male apprentice, so I will naturally protect you."

The two of them were talking as they walked towards the inner area of the Temple of Fate.

Under Leng Xingchen's arrangement, Ye Feng successfully moved into a pavilion with a good environment in the Temple of Destiny.

There are some rockeries and flowing water around the pavilion. The green vegetation grows extremely vigorously, and the environment is very good.

I have to say that having a powerful master in Qingtian Holy Land is still very useful.

For the next period of time, nearly a month, Ye Feng did not go out or leave the confines of the Temple of Fate.

He was in his own pavilion, constantly comprehending the high-level inherited martial arts of the Star Sea Realm in the Ice Age.

In a month, Ye Feng relied on his demonic understanding to finally fully comprehend the powerful inheritance of the Ice Age and reach the state of Dzogchen.

Next, as long as Ye Feng uses Ice Age, the power will be absolutely terrifying.

While Ye Feng was practicing, Luo Feifei came several times.

According to Luo Feifei, the outer gate competition is approaching.

If you can stand out in the outer gate competition, you can get huge contribution points.

Luo Feifei has actually entered the Xuandan realm a long time ago, and is now about to break through to the Yuanhun realm. However, she still has not certified the inner disciples. The purpose is to wait for this year's outer sect competition to be able to

Stand out among them and earn a huge amount of contribution points.

There are two ways to become an inner sect disciple. The first is to enter the Mysterious Pill Realm and just go directly to be certified as an inner sect disciple. The second is to participate in the outer sect competition and be among the top 100 in the outer sect competition. , you can directly become an inner disciple.

However, there is no big reward for directly certifying inner disciples, so few people go to specifically certify inner disciples.

Most outer sect disciples, even if they have reached a very advanced level, will choose to lurk and wait for the next outer sect competition, in which they can earn a lot of contribution points.

This is what is called accumulation.

Of course, Luo Feifei was not the only one in the outer sect who had such thoughts.

There are many other hidden outer sect disciples who have extremely powerful cultivation and want to stand out in a certain outer sect competition.

Ye Feng has now stepped into the first level of Yuanhun Realm. In fact, he has already been qualified to certify the inner disciples, but he has not been certified. Naturally, Luo Feifei reminded him to let him participate in this year's outer sect competition. Stand out among them and earn enough contribution points.

At this time, outside the pavilion where Ye Feng lived, Ye Feng and Luo Feifei were walking in the jungle.

Luo Feifei looked at Ye Feng at this time, with a hint of sigh in her beautiful eyes, and said loudly: "I didn't expect that in just a few months, Junior Brother Ye Feng, you have cultivated to such an extent. It's so amazing to have reached the first level of Yuanhun Realm, and I'm only at the ninth level of Xuandan Realm now."

Ye Feng smiled and said: "Senior Sister Feifei has made rapid progress. The reason why I have made such a rapid breakthrough during this period is because I have received some great opportunities."

Luo Feifei shook her head helplessly and said aloud: "Junior brother Ye Feng, your luck is really great. With your current level of cultivation, if you participate in this year's outer sect competition, you will definitely be able to enter the top few. , but you must also be aware that there are many people in the outer sect who are hiding dragons and crouching tigers, so you should try your best to improve your cultivation before the arrival of the outside world, so that you can stand out in the outer sect competition. "

Chapter 2052 The ruins of the Immortal Palace

Hearing what Luo Feifei said at this time, Ye Feng immediately nodded and said: "There are indeed dragons and crouching tigers hidden in the outer gate, I know this."

If you don't make a sound, it will be a blockbuster!

This is probably the way every disciple in Qingtian Holy Land wants to rise.

After all, those who can enter the Blue Sky Holy Land are all peerless geniuses from all major races. Everyone is unwilling to be mediocre and wants to make a vigorous career.

Therefore, there must be many ambitious disciples lurking in the outer sect who want to stand out in the outer sect competition.

At this time, Luo Feifei said aloud: "Junior brother Ye Feng, if you can enter the top three in the outer sect competition, I think the master will be very happy. Originally, he really hoped that all his hopes would be placed on me, but now I realize that Junior Brother Ye Feng is much better than me, so for the glory of our entire Fate Temple and the glory of Master, Junior Brother Ye Feng must work hard."

Ye Feng looked at Luo Feifei, who was quite excited in front of him, and couldn't help but smile on his face and said: "Okay! I will definitely try my best!"

Ye Feng plans to stay in the Temple of Destiny from now on, waiting peacefully for the arrival of the outer sect competition.

But on this morning, a young man came downstairs from Ye Feng's residence.

It was Leng Xingchen.

After Leng Xingchen came, Ye Feng walked out of the pavilion where he lived, clasped his fists and said, "Why did Senior Xingchen come to me?"

Leng Xingchen said: "My sister sent a message to me in seclusion. She attaches great importance to the upcoming outer sect competition, especially you. She thinks you can bring glory to the Temple of Fate in the outer competition. , but you still need to improve your cultivation. Recently, in the northern border of the Frost Kingdom, several major forces in the Alliance discovered a very ancient fairy palace ruins. "

There was a hint of surprise in Ye Feng's eyes

With a strange look, he couldn't help but said: "The ruins of the Immortal Palace? Do the major forces in the Alliance Land pay attention to it?"

"That's right."

Leng Xingchen nodded and said aloud: "Originally, a frontier military department of the Frost Kingdom built a defensive building, but it turned out that the entrance to the ruins of the fairy palace was dug out from the foundation. This matter was originally wanted by the Frost Kingdom. , but the Holy Lands in the Four Domains all have eyes in the Kingdom of Frost. Naturally, they know this. An ancient fairy palace ruins have not yet been mined. They are very precious, and there

is a high possibility that there are hidden things inside. The inheritance and creation of the peerless powerful man, as well as countless treasures, the four holy places around the Frost Kingdom are naturally unwilling to let the ruins of the fairy palace be swallowed up by the royal family of the Frost Kingdom. Therefore, under the threat of the four holy places, The royal family of the Kingdom of Frost could only compromise and was willing to mine and share the ruins of the Immortal Palace with the Four Holy Lands. However, the royal family and the Four Holy Lands had an agreement that the powerful elders were not allowed to enter the ruins of the Immortal Palace, otherwise they would be destroyed. According to the rules, the major forces can only send their young powerful men to plunder the treasures in the ruins of the Immortal Palace. This can be regarded as a mutual trial and competition among the younger generations of the major forces. "

Hearing what Leng Xingchen said, Ye Feng immediately understood and couldn't help but said: "Will all the younger generations of the major forces enter the ruins of the Immortal Palace?"

Leng Xingchen nodded and said aloud: "Yes, even the four top talents from the Alliance Land will enter the ruins of the Immortal Palace. This is a competition between the younger generations of masters from all the major forces. Our Blue Sky Holy Land The first genius, Xiao Tianshen, the president of the Gods Association, will also go to the Immortal Palace ruins. This time the entire Gods Association is ambitious and wants to obtain a large amount of wealth and resources, magic weapons, and magic weapons from the Immortal Palace ruins. Various ancient inheritances have accumulated foundation for the entire Association of Gods.

, once the Gods Association can gain huge information from it, it may become the seventh temple of our Qingtian Holy Land. I think this is definitely not what Ye Feng wants to see. "

Ye Feng's eyes were solemn, he nodded slightly, and then couldn't help but said: "Then Senior Xingchen came to me specifically to talk about this matter, does he want me to go to the ruins of the Immortal Palace? "

Leng Xingchen smiled and said: "Yes, what my sister conveyed to me is to let you go to the ruins of the Immortal Palace for training."

Ye Feng heard what Leng Xingchen said. After thinking for a moment, he nodded and said, "Okay, this is a rare opportunity. Naturally, I won't let it go."

Leng Xingchen immediately agreed when he saw Ye Feng, nodded appreciatively, and said loudly: "I have already helped you get the qualification certificate to enter the ruins of the Immortal Palace."

At this moment, Leng Xingchen said, took out a token-like thing from his own storage ring, handed it to Ye Feng, and said loudly: "Be careful, there shouldn't be any big problem, just stand there next I have received huge benefits from the ruins of the Immortal Palace, and I look forward to the day when your cultivation level will skyrocket when you return."

Ye Feng took the token, with a firm look in his eyes, and said loudly: "Okay, I won't let you down."

As soon as he finished speaking, Ye Feng walked out of the Temple of Destiny, left the Holy Land of Blue Sky, and rushed towards the northern territory where the Blue Sky Territory and the Frost Kingdom territory meet.

After seven days and seven nights, Ye Feng finally arrived at his destination.

This is the junction between the Blue Sky Territory and the Frost Divine Kingdom.

Located in the northern territory of the Frost God Kingdom.

Originally this was a deserted desert.

The whole land is desolate.

But at this time there are people coming and going around

He often has many young disciples.

And the cultivation aura on his body is very powerful.

They are all geniuses from all major forces.

It has to be said that the appearance of the ruins of the Immortal Palace is nothing less than the union of several major forces to hold a grand event.

Young talents from all the major forces in the Alliance Land are arriving one after another.

Want to enter the ruins of the Immortal Palace to obtain wealth and resource inheritance.

Ye Feng saw many geniuses from various forces along the way.

There are royal geniuses from the Frost Kingdom, as well as young wizards from the four realms.

The Holy Land of Qingtian in Qingtian Domain!

The Holy Land of Heihe in the Black River Region!

The holy land of the divine sword in the divine sword domain!

The Holy Land of Poseidon in Poseidon Domain!

All the top talents have gathered here.

It has to be said that although the Frost Kingdom is huge, the four major domains and four holy places around it combined are definitely comparable to the Frost Kingdom. That is why the five major forces united together to form an alliance. In this northern land of the God Realm, one can protect oneself.

When Ye Feng crossed the entire desolate frontier land, he finally saw a huge pit appearing on the land in front of him.

Under this large pit, a corner of an ancient and vast immortal palace was revealed.

Dakeng was surrounded by densely packed talented disciples.

They all come from all major forces.

Obviously the ruins of the Immortal Palace have not been opened at this time, so everyone is waiting.

"Fortunately it's not too late."

Ye Feng also walked aside at this time, sat down, and waited for the official opening of the ruins of the Immortal Palace.

Chapter 2053 Begin the deduction

The ruins of the Immortal Palace here are very ancient and are probably passed down from very ancient times.

Therefore, ordinary warriors simply cannot open the entrance to the ruins of the Immortal Palace.

At this time, everyone in the audience was looking in a certain direction not far away, as if waiting for something to arrive.

Just the next moment.

"Look!"

Suddenly someone in the crowd couldn't help but exclaimed.

The next moment everyone's eyes were looking in that direction.

Everyone immediately saw four magnificent figures flying over from a distance. They were all shrouded in different divine lights. It looked like four young gods had arrived, boundless. The momentum was simply overwhelming, covering the entire field.

Everyone felt a deep pressure at this moment, appearing in their hearts.

At this time, everyone couldn't help but exclaimed: "The four top young talents from the four major regions have appeared!"

Countless people looked at the four figures shrouded in divine light, their eyes filled with deep awe.

Because they know that the four top young talents represent the peak power of the younger generation.

Their arrival will directly open up the ruins of the entire Immortal Palace.

At this time, Ye Feng in the crowd also cast his gaze in that direction for an instant.

He immediately saw four young figures shrouded in divine light.

Although they couldn't see their specific faces, they could feel a very frightening depressive aura from their bodies.

Those four figures give people the feeling that they are like four high mountains, full of unparalleled terrifying pressure.

Even Ye Feng felt an overwhelming sense of insignificance at this moment.

At this moment, Ye Feng's eyes showed deep pressure.

Because his biggest opponent is right there

Among the four divine figures.

These four divine figures are the four top young talents from the four major regions.

And one of them is definitely the president of the Gods Association, Xiao Tianshen!

At this moment, Ye Feng secretly observed and did not act rashly. He even found a secluded place and changed his Qingtian Holy Land outer disciple clothes directly into normal clothes.

Ye Feng did this because he naturally did not want others to know that he was a disciple of Qingtian Holy Land.

In this case, after entering the ruins of the Immortal Palace, there will not be so many constraints.

At this moment, four god-like young figures in the sky, the top young talents from the four major domains, took action instantly.

"Boom!"

They all burst out with extremely terrifying power in an instant, and the vast river of energy instantly bombarded the entrance to the ruins of the Immortal Palace below.

"Click, click..."

Suddenly, the entire entrance to the ruins of the Immortal Palace was shattered.

"Buzz!"

A boundless ancient aura of vicissitudes of life emitted from the ruins of the fairy palace in the entrance in an instant, making everyone feel an aura that seemed to come from the ancient wilderness.

Uh-huh! Uh-huh! Uh-huh! Uh-huh!

Almost at this moment, the four top young talents flew into the ruins of the Immortal Palace first.

Obviously, they all want to be the first to find and mine the resources and treasures in the various Asgardian ruins.

"Rush!!"

At this moment, everyone else flew towards the broken entrance of the immortal palace ruins.

"

Boom! "

But at this time, a huge formation instantly enveloped the entire entrance to the ruins of the Immortal Palace.

Hundreds of powerful elders with powerful auras instantly guarded the entire entrance to the ruins of the Immortal Palace.

An older and stronger man spoke out: "Only disciples with qualification tokens from the Frost Kingdom and the Four Holy Lands can enter. Others, including casual cultivators without any sect, are prohibited from entering the ruins of the Immortal Palace. It violates the rules." Those who are killed will be killed without mercy!"

Wow!

The moment this powerful old man finished speaking, bursts of exclamations erupted from the entire field.

No one expected that several major forces would be so domineering.

"We are not convinced!"

A strong man with a wolf-headed sword in his hand, possessing the cultivation level of the tenth level of Xuandan Realm, shouted loudly and was about to forcefully enter the ruins of the Immortal Palace.

"boom!"

But at this moment, a terrifying divine beam instantly penetrated from the high hollow.

"Pfft!"

The head of the strong man who was dissatisfied was instantly crushed.

Bang!

The strong man fell to the ground instantly.

Instant death!

"hiss!"

When everyone saw this scene, they couldn't help but gasp.

At this moment, many groups who were not qualified to enter dispersed one after another.

The young top geniuses from the Four Holy Lands and the Kingdom of Frost who were qualified to enter began to line up in an orderly manner and entered the ruins of the Immortal Palace one by one.

Ye Feng stepped forward in an instant, followed by many young geniuses from various major forces, and walked towards the entrance of the ruins of the Immortal Palace.

He has the qualifications that Leng Xingchen gave to Ye Feng before.

With the token, Ye Feng successfully entered the ruins of the Immortal Palace.

At this time, Ye Feng looked at the entire Immortal Palace ruins controlled by several overlord forces and felt a little lucky in his heart. Fortunately, he was a disciple of the Qingtian Holy Land, otherwise he would not be qualified to enter the Immortal Palace ruins.

When Ye Feng passed through the entrance and entered the ruins of the Immortal Palace, he immediately landed in a dark and boundless underground space.

At this time, Ye Feng immediately saw that the ruins of the Immortal Palace were really a huge underground world, surrounded by darkness.

And high in the sky, there was actually a bloody waning moon hanging.

This shows that in this immortal palace ruins space, a small world-like space is actually formed under the ground.

At this time, Ye Feng exuded powerful soul power and began to explore the surroundings.

At this moment, Ye Feng saw it immediately.

High in the sky, more and more young geniuses are descending.

At this time, Ye Feng immediately left the place and did not stay here.

Because in such fairy palace ruins, the more crowded the place, the more likely there will be fierce battles and bloodshed.

Ye Feng entered the ruins of the Immortal Palace to hunt for treasure, and did not want to conflict with others to avoid wasting time.

At this time, Ye Feng quickly moved away from the entrance and came to a remote place.

At this time, Ye Feng looked at the darkness around him and didn't know the direction or specific route. After all, no outsiders had ever come in to the ruins of the Immortal Palace.

At this time, Ye Feng slowly inspired one of his accompanying talents and began to deduce that it was the sixth talent awakened by Ye Feng's initial cultivation of the Divine Art of Creation: the destiny chart of the heavens!

As long as Ye Feng burns enough energy and blood, he can make the heavens' natal charts move and deduce the hiding places of various rare treasures in the surrounding land area!

Chapter 2054 Ancient Village

Buzz!

The ancient and huge destiny chart of the heavens appeared above Ye Feng's head.

At this time, streams of blood energy flowed out of Ye Feng's body and poured into the destiny plates above his head.

"Buzz buzz..."

At this moment, the ancient horoscope of the heavens suddenly began to rotate, with an arrow composed of divine light on it, guiding a certain direction.

Ye Feng saw the guidance of the divine light arrow and flew away in that direction in an instant.

At this time, Ye Feng's speed was very fast, and he traveled through a large area of dark land in the blink of an eye.

Ye Feng looked around and immediately discovered many dilapidated buildings.

These buildings are very old, and their architectural styles are very different from those outside today. They are so ancient that they seem to have disappeared in the long river of history.

Buzz!

Suddenly at this time, the divine light arrow on the heavenly destiny chart suddenly flew out and submerged into an ancient castle.

"What good things are there in this castle?"

Ye Feng's eyes lit up and he immediately rushed into the ancient castle.

"Uh-huh!"

"Uh-huh!"

"..."

Almost at the moment Ye Feng stepped into the ancient castle, suddenly black arrows pierced through the ground on both sides of the castle entrance, full of huge impact, and they were assassinated. In front of Ye Feng.

"when!"

"when!"

But the next moment, the body of the Barbarian Ancestor appeared in front of Ye Feng. Those black arrows with strong penetrating power stabbed the body of the Barbarian Ancestor, and in an instant, there were crisp roars like metal collisions.

The body of the Barbarian Ancestor was so strong that those terrifying ancient arrows could not pierce the skin of the Barbarian Ancestor's body.

At this moment, Ye Feng's face was extremely calm and he walked into the castle.

"That is....."

The next moment, Ye Feng immediately saw that there was a main hall in the innermost part of the castle.

The entire hall was crystal clear, exuding the intoxicating light of divine crystals.

This turned out to be a divine crystal hall entirely cast and carved from divine crystals!

"What a luxury!"

Ye Feng couldn't help but marvel when he saw that the entire hall was made of divine crystals.

No wonder this fairy palace ruins are valued by so many powerful forces.

The cultivation civilization that existed here must have been very prosperous at that time, but there was such a luxurious building in the peripheral area of the Immortal Palace ruins.

"boom!"

The next moment, Ye Feng didn't hesitate at all. He immediately stretched out his hand and grabbed it forward.

Boom!

A big hand suddenly appeared in the void ahead, grabbing at the divine crystal hall.

"Rumble..."

The entire Divine Crystal Hall was pulled out of the ground by that big hand, just like pulling out a carrot.

"What a strong fluctuation!"

Suddenly at this moment, there was a sound of voices outside the castle.

The moment Ye Feng just pulled out the divine crystal hall.

Immediately outside the castle, a group of young people walked in. The clothes they wore were genius disciples from other holy places. The aura of cultivation on their bodies was quite powerful, and they were existences at the level of the Yuan Soul Realm.

The most powerful disciple has a cultivation level of the sixth level of Yuanhun Realm!

The moment this group of disciples walked in, they saw the huge and majestic divine crystal hall in Ye Feng's hands, and their eyes were immediately opened.

Then the flame of greed suddenly burned in the hearts of a group of disciples.

The leading master of the sixth level of Yuanhun Realm immediately said: "This palace is made entirely of divine crystals. It is extremely luxurious and is a priceless treasure. Boy, I will give you a palace."

If you have a chance, hand over this divine crystal palace, and we will spare your life. "

Ye Feng didn't bother to pay attention to this group of people, and directly installed the divine crystal hall into his storage ring.

"you.....!"

Seeing that Ye Feng was ignoring them, the faces of the group of disciples from other holy places suddenly became very gloomy.

"Boy, you are too brave."

The leader, the sixth-level master of Yuanhun Realm, said that with a flash of light from his palm, a long black sword exuding black energy appeared in his hand instantly. .???.??

"Sword Demon!"

This master of the sixth level of Yuanhun Realm stabbed Ye Feng in an instant. The sword was a magic sword, and it erupted with a terrifying sword light.

"roll!"

Ye Feng suddenly turned around, roared, and instantly released the Ice Age.

"Boom!"

Immediately, an endless stream of cold current rushed out from his body, turning into a long river of ice. In an instant, it hit the front, and instantly froze the Yuanhun realm master who took action, and became directly frozen. An ice sculpture.

"What?!"

A group of disciples not far away saw this scene and immediately turned pale with fear.

"escape!"

They immediately fled frantically into the distance.

"Stay them all."

Ye Feng glanced at the body of the Barbarian Ancestor beside him.

boom!

The body of the Barbarian Ancestor immediately rushed into the distance, and his palms were like divine weapons. In an instant, all the disciples were pierced through their bodies, killing them all at once.

"ah!"

"ah!"

Along with screams, several disciples were all killed.

The body of the Barbarian Ancestor is like a steel demon in the darkness, with terrifying killing power and mobility.

"Swallow!"

catch

After Ye Feng devoured all the blind disciples, his cultivation level reached the third level of Yuanhun Realm, and he left this castle.

"Continue to the second location."

Ye Feng continued to rotate the heavenly fortune charts and began to move to the next location.

Soon Ye Feng came to a very ancient village area.

This place is completely different from the previous luxurious buildings.

It is an ancient village that looks very dilapidated, very ancient, like a cultivating tribe in the ancient wilderness.

But now it has been completely annihilated, leaving only some relics.

"What treasures will there be here?"

Ye Feng's eyes were a little surprised.

But he trusted in the guidance of the heavenly charts.

After all, the heavenly horoscope can only guide a general area.

So at this time, Ye Feng stepped into the ruins of the ancient village and began to exude his huge soul power to conduct detailed exploration.

"Buzz!"

Suddenly Ye Feng seemed to sense something and immediately jumped up and quickly arrived at the center of the ancient village.

But what happened next made Ye Feng feel chills all over.

At this time, there was a huge blood pool not far away.

There are ten gallows above the blood pool. On each gallows, there is a person who has just died. The blood is still dripping down the gallows into the blood pool below.

These people just died.

It seems that something strange has been captured here, and it has become a kind of existence similar to a sacrifice.

"Uh-huh!"

And while Ye Feng was observing secretly, a very terrifying creature suddenly invaded the darkness on the side!

It turned out to be a vampire zombie wearing a blood-red robe!

Ancient village!

Vampire zombies!

This scene in the dark night made Ye Feng feel chilly for a moment.

Chapter 2055 Golden Armor

Uh-huh!

In the dark night, vampire zombies invade instantly.

Almost at this moment, the vampire zombie had almost bit his teeth on Ye Feng's neck.

His speed is very fast, almost to an incredible level.

"Get out of my way!!"

Ye Feng felt chills all over, and instantly slapped him away. .??.

"boom!"

A huge force burst out instantly, and the vampire zombie was directly knocked away.

But Ye Feng's current powerful chaotic body didn't even break this blood-sucking zombie.

On the contrary, after the vampire zombie was knocked out, he patted the dust on himself and stood up immediately.

There was a trace of surprise in his scarlet eyes. He stared at Ye Feng and made a hoarse voice: "It seems that you are not an ordinary Yuanhun Realm disciple. I met the tenth level Yuanhun Realm disciple before. The genius disciples of Dzogchen were all sucked to death by me, but I didn't expect you to be quite powerful."

Ye Feng stared at the vampire zombie with a cold look in his eyes and said loudly: "Your cultivation level is not very strong among zombies, but you actually gave birth to your own spiritual intelligence, and your spiritual intelligence is so good." The clarity really surprised me."

The vampire zombie grinned, the smile looked very weird and evil, and said loudly: "We will meet again."

After the words fell, the vampire zombie suddenly turned around and left, disappearing into the darkness in the distance in an instant.

He actually chose to leave directly.

Perhaps he felt that Ye Feng was difficult to deal with.

"You actually left?"

Ye Feng's eyes flashed slightly.

But he didn't pursue it. After all, this kind of vampire zombie was still very difficult to deal with.

The terrifying blow he just delivered had no effect on the vampire zombies.

This vampire zombie is definitely very powerful.

So Ye Feng did not continue to chase.

Because this kind of vampire zombie has nothing on it

What kind of blood is there to speak of?

It's just a strange, lifeless existence.

"I'd better find the treasures in this ancient village first."

Ye Feng glanced at the blood pool not far away, turned around and left, heading towards the other side of the ancient village.

Soon Ye Feng came to the other end of the village, and he saw a cemetery like a mass grave.

At this time, above every tombstone in the cemetery, there was actually a soul in a state of soul suspended.

"Uh-huh!"

"Uh-huh!"

...

Almost at the moment Ye Feng appeared, the souls floating on the tombstones roared excitedly as if they had discovered food, and then rushed towards Ye Feng quickly, as if they had formed a line of souls. The long river looked extremely scary and weird.

As a result, at the next moment, Ye Feng directly released the Soul Emperor Seal.

"Rumble"

A soul emperor suddenly appeared behind Ye Feng, emitting endless thunderous light and full of terrifying destructive power. In an instant, it shattered every soul that rushed over and turned it into pieces of soul fragments.

"Swallow!"

At this moment, Ye Feng released his Devouring Domain and swallowed up all the soul fragments formed by the crushed souls.

"boom!"

His soul power immediately began to explode.

Started growing dramatically.

Level 13,100!

Level 13,200!

Level 13,300!

...

Level 14,000!

"Not bad! My soul power has increased so much all of a sudden!"

Ye Feng's eyes showed a hint of joy at this time.

Unexpectedly, before the treasure was found, it had already absorbed so many souls and gained a lot of soul power.

At this time, Ye Feng looked towards the cemetery.

At this time, he activated the Divine Eye of Creation, and a strong soul light suddenly burst out from his eyes.

At this moment, Ye Feng's vision suddenly became completely different from before.

In his eyes at this time, the entire dark cemetery seemed to be analyzed at once.

All the energy of the source appeared in his field of vision, allowing Ye Feng to see clearly everything hidden in the dark.

At this moment, Ye Feng immediately saw a golden light shining in the deepest part of the extremely dark cemetery.

That golden light came from the soil in the deepest part of a cemetery.

Uh-huh!

Ye Feng instantly jumped over and reached the top of the soil.

"It seems there is some treasure buried in the soil."

Ye Feng muttered to himself, then stretched out his hand and struck at the soil underneath.

"Rumble..."

Suddenly, powerful energy burst out from Ye Feng's palm, shattering the ground in an instant.

Almost at this moment, Ye Feng quickly shattered the entire ground.

Then he saw a bronze coffin buried in the soil underground.

Ye Feng suddenly opened the bronze coffin with force.

Inside lay a withered skeleton.

The skeleton was wearing a set of golden armor without any decay, exuding bright light and looking full of great power.

At this moment, Ye Feng stretched out his hand and struck towards the golden armor underneath.

\u003e

Ye Feng immediately felt that he was as if he had collided with a copper wall and was unable to cause any damage to the golden armor.

Even Ye Feng was stunned by the powerful counter-shock force.

Almost at this moment, Ye Feng's eyes immediately showed joy.

Ye Feng suddenly stretched out his hand and pulled out the set of golden armor.

The next moment, Ye Feng put on the golden armor directly.

Almost at this moment.

"boom!"

Ye Feng put on the golden armor and immediately felt powerful golden energy pouring into his body.

He only felt that his combat power had increased tremendously.

Buzz!

Moreover, a golden shadow of the God of War immediately appeared on Ye Feng's entire body, making Ye Feng's every move filled with the mysterious power of the God of War.

At this time, Emperor Chu said aloud in his mind: "Ye Feng, this set of armor seems to be an ancient golden armor. It contains the will and power of the God of War in ancient times. As long as you put it on, it can help you." With the blessing of the God of War, it's pretty good."

Ye Feng also nodded happily at this time, and then began to refine this set of golden armor.

Soon Ye Feng was refining it, and then he put this set of golden armor into his body, and he could wear it instantly with just a thought.

"Boom!"

Suddenly at this moment, in a certain direction in the distance, at the end of the land, a sky-reaching light suddenly burst out in the darkness.

"This kind of vision is definitely the appearance of an extremely precious treasure!"

Ye Feng's expression immediately changed and he quickly rushed in that direction.

But Ye Feng also knew that such a strong vision, suddenly lighting up in the dark night, would definitely attract many people in an instant.

Chapter 2056 Ancient City

Ye Feng's speed was very fast, and he arrived at the place where the divine light just lit up in the blink of an eye.

At this time, a huge city appeared in front of him.

It is like an ancient mythical city that has disappeared in the long river of history, standing at the end of the dark land in the distance. It looks full of vastness and majesty, and has an epic sense of vastness.

Ye Feng quickly approached the ancient city.

He immediately saw that there were many young geniuses gathered outside the city.

Moreover, the cultivation aura of many young geniuses is extremely powerful.

Ye Feng felt very scared.

Obviously, Ye Feng's guess was correct. The light that reached the sky erupted from this ancient city, attracting countless powerful disciples who had been training in the ruins of the Immortal Palace.

There are many genius disciples whose cultivation auras are extremely terrifying.

Obviously they are elite disciples from various major forces, not ordinary disciples.

Ye Feng did not show up, hiding himself among the crowd, waiting for the opportunity.

That ancient city exudes such strong divine light, and it definitely contains very powerful magic weapons or ancient wealth.

At this time, Ye Feng carefully sensed and found that among the genius disciples around him, there were many beings who were much stronger than himself.

Most of them are at the Soul Realm level.

There are also many powerful people at the Star Sea Realm level.

There are even a few genius masters with Hunyuan realm auras, exuding soul-stirring and terrifying auras.

At this moment, Ye Feng was not as arrogant as before in preparing to snatch the treasure.

He hid himself deeply in the crowd, and silently approached the edge of the ancient city, preparing to see if there was a more secret way into the city. Then he could enter alone without having to wait at the main entrance. Many other strong men rushed out

, there may be a life crisis.

"Boom!!"

Suddenly, there was a huge roar from the direction of the city's main entrance.

This huge roar was obviously the result of many strong men joining forces and frantically attacking the city's protective light barrier.

"Crack, click, click..."

Suddenly cracks appeared in the protective light shield, and it was about to shatter.

All the genius disciples present were ready to go, wanting to be the first to rush into the ancient city and plunder as many treasures as possible.

"hold head high!"

Suddenly at this time, accompanied by a huge dragon roar, a huge black dragon soul roared out in an instant, and rushed towards all the genius disciples at the front door, with extremely terrifying destructive power. .

No one expected that such a vision would suddenly appear.

"ah!"

"ah!"

"..."

The many talented masters guarding the city gate immediately let out screams, their bodies were shattered by the impact, and they died tragically on the spot.

Obviously no one expected that such a destructive dragon soul would appear in that ancient city.

But the dragon soul is just a flash in the pan.

It quickly dissipated.

It can only be said that the group of talented experts standing at the city gate are very unlucky, and they happen to be the first to bear the brunt.

at this time.

The entire city's protective light shield dispersed.

Immediately it was revealed

Scenes.

Inside were weapons emitting divine light, as well as many spiritual treasures, all floating everywhere in the city.

The entire city is like an armory dedicated to storing weapons!

"Could this be the weapons arsenal of a cultivating civilization in ancient times!"

Countless geniuses couldn't help shouting with joy at this time, and rushed towards the city.

"Grab it!"

"Kill!"

Almost at this moment, all the genius masters rushed in frantically, frantically snatching the radiant spiritual weapons.

Some people even fought and killed each other over the powerful spirit treasure weapons.

At this time, Ye Feng was alone, lurking into the ancient city from an inconspicuous corner of the city.

At this time, he also quickly reached out his hand and began to quickly grab the weapons and treasures floating in the city.

Although these weapons cannot provide Ye Feng with the energy to improve his cultivation, these weapons are all very powerful. They are all treasures handed down from ancient times. They are very powerful and of very high quality. Even Ye Feng himself Even if they are not used, these can be brought back to Qingtian Holy Land and exchanged for other wealth in the black market.

Therefore, Ye Feng was very fast at this time and grabbed quickly.

Buzz!

Suddenly at this time, Ye Feng's powerful soul power suddenly captured a weapon that fluctuated violently.

It was a small purple-gold cauldron.

The entire body is made of ancient rare material purple gold, exuding very strong fluctuations.

Most people can't feel this kind of strong fluctuation, only someone as powerful as Ye Feng can

Only soul masters can detect it.

"This small purple-gold cauldron is definitely the most top-notch among these treasures, because it has the strongest resonance with my soul!"

Ye Feng's eyes lit up and he immediately grabbed the purple and gold cauldron.

But at this moment, a very powerful aura suddenly came from the Xi family not far away from him.

That kind of aura is that of a star sea realm powerhouse who has surpassed the Yuan Soul realm!

"This small purple-gold cauldron is definitely a top-grade alchemy cauldron! As a Yuanhun Realm boy, you can't get such a high-level magic weapon!"

At this time, the star sea realm powerhouse immediately sneered and said.

Ye Feng looked in that direction and found that this star sea realm powerhouse was wearing a huge alchemy robe.

It seems that the other party is a very powerful alchemist!

And the alchemist's mental power is also extremely strong, so he also sensed that this small purple gold cauldron was very extraordinary.

But Ye Feng won't let the fat meat he got slip away.

"Get away!"

Ye Feng roared and punched the star sea realm powerhouse directly.

"presumptuous!"

The alchemist of the Star Sea Realm immediately became furious and said: "You, a little boy of the third level of the Yuan Soul Realm, dare to attack a strong man like me? You are simply too presumptuous! Then you can't blame me! I I'm going to burn you alive! Come out with my life-destroying black lotus flame!"

Almost at the moment when the Star Sea realm alchemist finished speaking, black lotus flowers rushed out from his body. Each black lotus flower was burning with extremely terrifying flames, as if it could burn the sky. Destroying the world, all of them were bombarded towards Ye Feng, full of extremely terrifying destructive and burning power.

Chapter 2057 The arrival of the super master

Boom!

Boom!

At this moment, black lotuses burning with flames were attacking Ye Feng crazily in an instant.

These black lotus flowers are full of terrifying burning power, as if they can burn and melt the void.

This is a very horrific attack.

After all, the killing methods unleashed by a Xinghai realm alchemist who had transcended the Yuanhun realm were simply terrifying to the extreme.

At this time, a ferocious smile appeared on the face of the Star Sea realm alchemist, and he said loudly: "Boy, if you dare to go against me, you are dead! Just melt into my flaming lotus!"

But at this time, Ye Feng's expression was extremely calm.

There was even a cold smile on Ye Feng's face, and he said loudly: "Fire? The thing I'm not afraid of the most is the flame!"

Hearing what Ye Feng said, the alchemist of the Star Sea Realm immediately revealed a look of deep mockery in his eyes, and said loudly: "Boy, don't stop pretending to be too powerful. You are a small third-level disciple of the Yuan Soul Realm. And you are a warrior, what qualifications do you have to say such a thing? In my eyes, you are just an ant that can be crushed at any time!"

Ye Feng laughed loudly at this time and shouted: "Then I will show you how I am not afraid of flames!"

The Ancient Burning Heaven Technique!

Ye Feng instantly activated his flame attribute inheritance.

This is an eternally powerful flame inheritance!

"Boom!"

Almost at the moment Ye Feng was released, an extremely powerful natal fire suddenly emerged from his body, exuding different lights and colors. It was composed of a variety of high-quality flames, including the Dragon Spirit Holy Fire, Extreme Cold Flame, Purple Flame Divine Fire, Heavenly Karmic Fire, Dragon Flame, World-Destroying Melting Flame, Golden Fire!

"Crash!"

The moment Ye Feng's natal flame was released, those so-called black lotus flames that could burn everything flew straight into the sky.

Then he was engulfed by Ye Feng's natal flame.

"What?!"

The star sea realm alchemist who saw this scene suddenly showed deep horror in his eyes.

Now he never thought that Ye Feng was so powerful.

Moreover, Ye Feng had many methods, and the terrifying flame methods made him, an alchemist, feel deeply fearful.

"I don't want this little purple and gold cauldron anymore."

The alchemist of the Star Sea Realm suddenly showed a look of fear on his face and hurriedly ran towards the distance.

But at this time, how could Ye Feng let this alchemist escape.

"Let you see the power of my natal flame!"

At this moment, Ye Feng spoke coldly.

"Boom!"

Almost at this moment, an extremely terrifying flame burst out from Ye Feng's body, forming a long river of flame directly in the sky, instantly covering the star sea realm alchemist who had just escaped. Living.

"ah!!"

Almost at the next moment, the alchemist from the Star Sea Realm suddenly let out a very miserable scream.

He actually began to beg for mercy at this time: "I was wrong! Spare me! Leave me a life! I will give you all the wealth I have!"

Boom!

But the next moment, Ye Feng stretched out his hand and shook it in the distance, his eyes were cold and devoid of any emotion.

Not far away, the Xinghai realm alchemist who was screaming for mercy suddenly stopped.

His whole body was directly burned to ashes by Ye Feng's natal flame.

This kind of alchemist's skill is not profound, and there is no need to devour it.

The most important thing is the wealth contained in the storage ring in the alchemist's hand.

Ye Feng stretched out his hand and grabbed the alchemist's storage ring of the Star Sea Realm into his hands.

But Ye Feng didn't investigate because he didn't have time to care about it now.

Ye Feng immediately put the small purple-gold cauldron into the storage ring, and then began to use his soul power to capture those weapons and magic weapons with very obscure and powerful energy fluctuations.

Others are blindly collecting various treasures and magic weapons.

But Ye Feng was able to directly save the time of collecting some ordinary treasures and magic weapons. Every treasure and magic weapon he collected was carefully detected by Ye Feng through his own soul power, and they were all very high-level magic weapons.

If you bring back Qingtian Holy Land, you will definitely be able to exchange for huge wealth in the black market.

After all, these magical weapons are all things passed down from ancient times such as the ruins of the Immortal Palace, and they are absolutely priceless.

"Boom!"

And just when everyone was snatching various magic weapons throughout the city.

Suddenly, in the center of the city, a pillar of light reaching the sky suddenly appeared.

At this time, in the sky-reaching pillar of light, there was actually a red python-like giant sword burning with flames!

That is an ancient red python sword!

Burning on it is the flame of the ancient beast Red Python!

And the most thrilling thing is that the energy fluctuations emitted by this red python giant sword have actually surpassed the Hunyuan realm, and are terrifying fluctuations at the level of the Hedao realm.

"This is definitely a magic weapon that was used by a super strong person at the Hedao level back then!"

Everything in the entire city

The eyes of some young geniuses turned red all of a sudden.

Everyone is full of deep greed for this red python giant sword.

Even Ye Feng himself felt a deep covetousness in an instant.

This red python giant sword is definitely the greatest treasure among treasures!

Priceless!

At this time, all the young geniuses leapt in that direction in an instant, all trying to snatch the giant red python sword at the Hedao level!

Everyone's eyes were filled with deep greed.

"No one can rob me! Otherwise I will kill them directly!"

A powerful young master with Dzogchen level cultivation in the tenth level of the Star Sea Realm roared loudly and rushed to the front of the red python giant sword in an instant.

"Boom!"

But at this moment, a young man dressed in white descended from the sky again.

The cultivation aura of this young man in white is impressively beyond that of a first-level Hunyuan Realm expert in the Star Sea Realm!

He is the only Hunyuan Realm-level existence in the audience!

Even if it is only the first level of Hunyuan Realm.

That is countless times more powerful than all the geniuses in the room!

The young man in white clothes held a pitch-black long sword in his hand. He exuded the aura of powerful cultivation in the Hunyuan realm. Everyone in the audience stopped for an instant, with deep shock in their eyes. color.

No one expected that in the peripheral area of the Immortal Palace ruins, a Hunyuan realm super master would appear!

"White clothes and black sword, he is also a Hunyuan realm master. Could this person be one of the top ten disciples of the inner sect in the Holy Land of Divine Sword Domain, Dynasty!"

At this time, among the crowd, someone suddenly couldn't help but speak out, with deep awe in his tone.

Chapter 2058 Obtaining the Red Python Giant Sword

Buzz!

At this time, the terrifying aura emanating from the dynasty made everyone present feel a deep palpitation and fear.

Because he is the only powerful being present who has entered the Hunyuan realm.

At this time, Wang Chao, a powerful disciple from the Divine Sword Holy Land, looked around with eyes like cold swords, full of deep contempt and indifference.

Obviously, he looked down upon everyone present and did not take them seriously at all.

But at this time, there were also a group of other Star Sea Realm disciples with a hint of covetous eyes.

Obviously, this group of Star Sea Realm masters also want to compete with the super strong Dynasty.

The momentum on the field became extremely tense in an instant.

"Buzz!"

Suddenly at this moment, the divine light pillar covering the red python giant sword suddenly disappeared.

boom!

Almost at this moment, all the young disciples on the field immediately took action.

There must be a reckless man under a lot of money.

That red python giant sword at the Hedao level was really too tempting. It was a very high-grade magical weapon.

Therefore, everyone covets this red python giant sword extremely.

They all wanted to snatch it.

At this time, there was no fear of death at all.

Rushed forward.

All up for grabs.

Want to seize the opportunity!

But at this time, Ye Feng was the only one who didn't take action.

It's not fear.

But he has a space gem in his body.

Ye Feng can open a space wormhole at any time and teleport to a thousand meters away in an instant.

His eyes have always been fixed on the giant red python sword, and he can take action instantly when he sees the right moment.

At this time, a war had broken out in the distance.

"Everyone get out of here!"

Wang Chao held the demon-slaying sword in his hand, shouted loudly, and instantly slashed at the surroundings.

Draw a sword.

"Boom!"

Suddenly, a huge burst of magic light burst out crazily from the Demon-Slaying Sword in his hand, immediately covering all the rushing disciples.

"Boom!"

The terrifying sword light suddenly blew away all the disciples.

Even many Star Sea Realm geniuses were blown away at this moment, spitting blood, and suffered heavy injuries in an instant.

"Too strong!"

Seeing that the dynasty possesses such terrifying power, everyone is shocked to the extreme and powerless to the extreme.

The dynasty comes from the Holy Land of Divine Sword and practices swordsmanship, so it is very concerned about this extremely high-grade Hedao-level red python giant sword.

"A group of weaklings dare to compete with me for the treasure?"

Wang Chao snorted coldly and flew in front of the red python sword in an instant, ready to reach out and grab it.

"Attack together!"

But suddenly at this time.

A sudden change occurred!

Six powerful disciples of the tenth level of the Star Sea Realm, all of whom were lurking in the surrounding void, suddenly took action and attacked the dynasty crazily.

Suddenly, terrifying attacks came one after another!

"The flying dragon is in the sky!"

"Hunyuan Wuji Hand!"

"The Secret Technique of Devouring Heaven in the Wilderness!"

"Ten slaps to subdue the dragon!"

...

The terrifying attack power was combined in an instant, and they all attacked the Dynasty crazily.

Even though Dynasty was a strong man in the Hunyuan Realm, he was caught off guard at this moment.

"One sword dominates!"

Dynasty roars one

Sound, cast a set of kendo inheritance secrets, hastily resisted.

"Boom!!"

But the long-planned attack by the six major disciples was still very terrifying.

"puff!"

Even Wang Dynasty, a master of the Hunyuan Realm, was attacked so hard that he spat out a mouthful of blood and suffered trauma.

At this moment, Wang Chao was furious and shouted: "You humble ants, how dare you hurt me, you all must die!!"

Wang Dynasty roared loudly, and the demon-slaying sword in his hand immediately slashed wildly towards the surroundings with a terrifying secret of swordsmanship: "One sword dominates!"

At this moment, Wang Dynasty's whole body burst out with terrifying rays of sword light. He seemed to have suddenly turned into a sword emperor, possessing extremely terrifying killing power.

"boom!!"

The terrifying boundless sword light swung wildly towards the surroundings in an instant, and all the six masters who had just made a sneak attack were enveloped in the endless sword light and strangled.

"ah!"

"ah!"

"..."

In an instant, screams were heard one after another.

The six masters were suddenly shrouded in endless sword light, and their clothes and bodies were quickly shattered.

There were horrific bloodstains and wounds, with blood flowing, which looked shocking.

"Spare us!"

The six masters retreated crazily, feeling the fear of death.

But Wang Chao's eyes were extremely cold and ice-cold. He just waved the long black sword in his hand, the Demon-Slaying Sword, and frantically slashed at the direction in which the six masters were escaping in front of him, quickly slashing with terrifying sword light.

"Buzz!"

But suddenly at this time.

Mutation occurs suddenly again!

A white coat wins

The snowy boy instantly appeared next to the red python giant sword.

It's Ye Feng!

At this moment, he immediately discovered an opportunity and directly used the space gem to open up a space wormhole, and instantly transferred to the front of the red python sword.

At this moment, under the gaze of everyone, Ye Feng stretched out his hand and grasped the hilt of the red python giant sword.

Buzz!

For a moment, Ye Feng immediately felt a huge amount of energy pouring into his body from the body of the red python giant sword.

He is holding the red python giant sword, and his overall strength has been greatly blessed and improved.

At this moment, a huge fiery red python appeared around Ye Feng's body, looking extremely domineering.

"It is worthy of being a sword and weapon magic weapon at the Hedao level! It's really terrifying in power."

At this moment, Ye Feng couldn't help but look happy.

He felt a huge energy boost.

And at this time.

Ye Feng suddenly appeared and held the red python giant sword, which immediately attracted the attention of everyone present.

"What?!"

"Who is this kid? Why did he suddenly appear around the red python giant sword?"

"The fluctuations in his cultivation aura are only from the third level of Yuanhun Realm! This is too weak!"

"A group of Star Sea Realm powerhouses, as well as Dynasty, a super master of the first level of Hunyuan Realm, couldn't get the red python giant sword. Didn't you expect that this kid got it in the end?"

"Hmph, what's wrong with this kid who got the giant red python sword? He's just looking for death! He has become the target of public criticism now. He holds the giant red python sword in his hand, but he will soon die without a burial place!"

...

At this moment, countless genius masters in the entire ancient city started talking.

Chapter 2059 Helpless

Almost at this moment, everyone's eyes were focused on Ye Feng.

Because they all felt that Ye Feng suddenly appeared and grabbed the red python giant sword at this time, which was simply seeking death.

Because even if Ye Feng gets the treasure of the Red Python Giant Sword, he will instantly become the target of public criticism, and everyone will definitely target him.

The cultivation aura exuding from Ye Feng's body at this time was nothing more than the third level of Yuanhun Realm.

You must know that there are many strong men in the tenth level of Yuanhun Realm and Dzogchen Realm on the field, and there are also strong people in the Star Sea Realm who have surpassed Yuanhun Realm.

There is even a super master of the first level of Hunyuan Realm.

Therefore, under the attention and siege of so many strong men, even if Ye Feng had wings at this time, he would not be able to fly.

"Boom!"

At this moment, an extremely terrifying aura of power suddenly enveloped Ye Feng.

That aura was none other than Dynasty, a super master from the Holy Land of the Divine Sword Domain!

At this time, Wang Chao's eyes were filled with endless coldness and murderous intent. He immediately stared at Ye Feng and said loudly: "You dare to snatch my treasure while I am attacking other masters. You are really looking for death! "

Ye Feng didn't have the slightest fear on his face at this time. Instead, he looked extremely calm and said: "This kind of treasure in ancient ruins is originally an ownerless thing. Whoever grabs it first belongs to whoever you think it is." Yours, I don't agree with that."

"presumptuous!"

Wang Chao immediately roared, with a deep ferocious look on his face, and said with a cruel smile: "Since you are so ignorant, I will kill you on the spot! No matter which Holy Land disciple you are, you have offended today I'm going to die!"

At this time, the dynasty didn't care what holy land Ye Feng came from. The only thought now was to let this kid who suddenly took advantage of the situation die!

"Boom!!"

The extremely terrifying and powerful cultivation aura of the first level of Hunyuan Realm suddenly burst out from the body of the dynasty.

At this time, the other experts around them all retreated.

Because there is

If Dynasty, the strongest master, takes action, the others don't have to take action at all.

"Boom!"

Suddenly at this moment, Ye Feng suddenly burst out with an extremely powerful aura.

That is a high fighting spirit!

Unyielding fighting spirit!

It was revealed all at once.

Everyone present was shocked to the extreme.

"What? This kid doesn't want to run away? Instead, he wants to fight against a super master like Dynasty?"

"Hahaha! This kid must have been frightened. How could he do such a stupid thing?"

"I'm afraid this kid thinks that he can fight against a strong man like the Dynasty just because he owns the red python giant sword. He is really laughing to death! Even if the red python giant sword is a Hedao realm treasure, in a Yuan Dynasty, In the hands of a kid from the third level of the Soul Realm, the powerful power of a Hedao Realm treasure cannot be exerted at all. It can only be said that the giant sword wielded by an ant has no offensive power at all! "

...

At this time, they saw Ye Feng actually showing his fighting spirit towards the super master Dynasty. What everyone was thinking about was not admiration, but looking at a fool.

Because the difference in cultivation between the two is really too big, it relies on the power of the Hedao Realm magic weapon, and it cannot be comparable to a super master of the first level of the Hunyuan Realm.

"This kid is dead!"

Everyone was secretly thinking so at this time.

"How stupid."

At this time, Wang Chao also smiled, his smile full of sarcasm and deep disdain.

"One sword dominates!"

Wang Chao suddenly roared, and the dark magic sword in his hand suddenly erupted with terrifying magic light.

Boom! !

Almost at this moment, a large black sword light was filled with unparalleled everything.

The cutting power and destructive power were instantly bombarded in front of Ye Feng.

"The future body of Dzogchen!"

At this time, Ye Feng instantly activated his secret method, and suddenly raised his cultivation level to the tenth heavenly perfection level of Yuanhun Realm!

At this moment, Ye Feng's mana suddenly surged to the extreme.

It was instantly injected into the red python giant sword in his hand.

"Boom!!"

The red python giant sword instantly burst out with thousands of divine lights, a power that surpassed the level of the Hunyuan realm and the Hedao realm. All of a sudden, it burst out from the red python giant sword in Ye Feng's hand, and fiercely moved towards it. Attack from the front.

"Boom!"

Like thunder exploding in the entire sky, two terrifying forces collided together, directly causing an extremely terrifying collision aftermath, full of monstrous destructive power and destructive power.

"Crack, click, click..." ??

The entire ancient city around was rapidly shattering, and the ancient city walls made of steel also had huge cracks and began to collapse.

"Quickly retreat!!"

In an instant, all the talented experts watching the battle quickly retreated crazily around them.

Because they discovered that the aftermath of the horrific collision was extremely destructive, and they all felt a deep life-and-death crisis.

Originally, they thought that the battle would be one-sided and that Ye Feng would be killed directly by the Dynasty.

What they never expected was that the collision of forces between the two would be so terrifying, as if they were evenly matched.

And the next moment, what shocked countless people even more.

In the aftermath of the collision, a slightly embarrassed figure suddenly retreated.

That figure turned out to be Dynasty!

At this time, there was even a trace of blood overflowing from the corner of Wang Chao's mouth, and the long black sword in his hand had cracks and was almost scrapped.

"What?!"

"How can this be?!"

When countless genius masters saw this scene, their expressions suddenly changed, their eyes widened, and they were stunned and froze on the spot.

Obviously they never thought that the one who would be at a disadvantage in the end would be the most powerful dynasty among them all!

"Damn it!"

At this time, Wang Chao's eyes were extremely gloomy and terrifying.

He stared at Ye Feng, who was unharmed on the opposite side, and said in a hoarse and low voice: "Damn boy, I was seriously injured by six masters in a sneak attack just now, and you, a little ant, actually burst out with the red python giant sword. The energy of the Hedao Realm contained in it, if you and I fight fairly, I will definitely kill you in an instant!"

"A fair fight?"

Ye Feng suddenly laughed at this moment and said coldly: "If I had the same cultivation level as you, I would kill you in an instant. You are no match for me with just one move. Do you believe it or not?"

"you.....!"

Upon hearing Ye Feng's merciless sarcasm, the face of the opposite Dynasty suddenly became even more gloomy.

Ye Feng laughed loudly at this time: "This red python giant sword is indeed a Hedao realm treasure. The power it unleashed is so powerful that I kept it."

After saying that, Ye Feng jumped up and disappeared directly from everyone's eyes. No one dared to chase him because the destructive power of the sword Ye Feng released just now was so terrifying.

"Damn it!"

At this time, Wang Chao fired out an angry palm, directly shattering a mountain in the distance.

Now that he is not in peak condition, he really can't do anything to Ye Feng.

Moreover, the Dynasty didn't know whether Ye Feng's slashing sword still had any power in his body, so he didn't dare to chase after him even though he was seriously injured.

At this moment, Wang Chao looked at Ye Feng's retreating back with a gloomy expression, and murmured, "Boy, I will remember you. When I recuperate, you will die miserably. The red python giant sword belongs to me, who can it can't be taken away, I said!"

Chapter 2060 Earth Escape Technique

After Ye Feng left that ancient city, he secretly breathed a sigh of relief.

Although he had shown incomparable bravery in front of everyone just now, he was even able to compete with the powerful genius of the dynasty of the first level of Hunyuan Realm, the Holy Land of Divine Sword.

But that was almost the pinnacle of power that Ye Feng had unleashed.

Moreover, using the red python giant sword at the Hedao level, although a trace of energy fluctuation at the Hedao level broke out, it consumed almost all the power in Ye Feng's body.

When Ye Feng left in the end, he was really afraid that the dynasty would continue to hunt him down or be surrounded by people, which would make it difficult to escape.

But Ye Feng's last sword strike was so stunning that it shocked everyone and gave rise to a deep fear. Even the top genius of the Dynasty did not dare to pursue him anymore. .

So Ye Feng quickly left the ancient city and rested in a relatively secret and remote place.

While taking out the cultivation-restoring pills from the storage ring, he quickly swallowed them, trying to restore his strength to its peak state as soon as possible.

On one side, Ye Feng held the red python giant sword in his hand and began to use his magic power to refine this bottle of top treasure at the Hedao level.

It is impossible to say that Ye Feng is unhappy, because this time he really turned the tide and snatched the most powerful and precious treasure, the Red Python Giant Sword, into his own hands.

At this moment, Ye Feng has obtained the Red Python Giant Sword, and his comprehensive combat power can be said to have been improved by several levels in the ruins of the Immortal Palace.

In other words, Ye Feng's safety will be greatly improved during the next treasure hunt in the Immortal Palace ruins.

After all, he has a heavy weapon in his hand, and Ye Feng's confidence has improved a lot.

In the next period of time, Ye Feng did not rush out to look for treasures.

He quickly recovered his cultivation in this remote place, and exhausted all his strength. Finally, he successfully refined the red python giant sword at the Hedao realm, which he could use with ease in the future. Explode with greater strength.

Moreover, this red python giant sword is a magic weapon at the level of Hedao. It can be used by Ye Feng for a long time. As Ye Feng's cultivation level improves, the power of the magic weapon that can be unleashed by the red python giant sword will also increase. The stronger.

Just this morning.

Ye Feng finally woke up from seclusion.

At this moment, he left this place of retreat in an instant and walked towards the ruins of the Immortal Palace and its deeper layers.

At this time, a long time has passed since Ye Feng entered the ruins of the Immortal Palace.

What Ye Feng can guess is that now in the deepest part of the ruins of the Immortal Palace,

The competition and treasure hunt will definitely become more and more fierce and fierce.

Although the depths were full of dangers, it was impossible for Ye Feng not to choose to go there just because of the dangers.

After all, he has now obtained a powerful magic weapon, which is comparable to some of the first-class masters who have entered the ruins of this immortal palace, and is no longer as weak as before.

Moreover, after Ye Feng passed this trial in the Immortal Palace Ruins, he also found that the gap between his cultivation level and other masters was a bit too big.

Therefore, Ye Feng needs to take advantage of this opportunity to improve his cultivation and foundation as much as possible.

Next, Ye Feng continued to run the destiny charts, flying towards the deepest part of the fairy palace ruins, while checking whether there were any ancient treasures around that deserved the attention of the destiny charts.

Soon Ye Feng came to a desolate place.

There is hardly anyone here.

However, the heavenly horoscope indicates that there is a lot of good fortune here.

When Ye Feng set foot on this desolate land, he immediately felt a very cold atmosphere.

Ye Feng once felt this cold and strange atmosphere in an ancient village.

"This is the cold breath of vampire zombies!"

Ye Feng's eyes suddenly became serious.

At this moment, he took out the most powerful magic weapon, the Red Python Giant Sword, and held it in his hand, exuding a faint sword light.

Almost at this moment, in the dark space to the left of Ye Feng, a blood-sucking zombie suddenly rushed over!

However, this vampire zombie was different from the one Ye Feng had encountered in the ancient village.

This vampire zombie looked like it had blood-red eyes, as if it was unconscious. It was completely different from the vampire zombie with human intelligence that Ye Feng had encountered before.

"boom!"

Ye Feng slashed with his sword almost without any hesitation.

This sword Ye Feng did not release the peak power.

But the red python giant sword itself has extremely terrifying killing power, and it even split the blood-sucking zombie in half at once.

"Pfft!"

The whole body of the vampire zombie was immediately broken into pieces and scattered on the ground, losing its life.

Ye Feng saw at this time that the body of this kind of blood-sucking zombie had long been exhausted, and there was no blood energy at all, so Ye Feng

Quite disappointing, otherwise it would have been swallowed and absorbed.

"That is....."

Ye Feng continued to walk towards the interior of this desolate place, and he suddenly saw a dark prairie.

But above that dark prairie, floating in the air were all blood-sucking zombies.

The aura exuded by these blood-sucking zombies is extremely powerful, almost comparable to the Star Sea Realm level experts in the human race.

There are hundreds of thousands of vampire zombies in the entire dark prairie, which looks very scary. Even Ye Feng's scalp is numb at this time.

If these hundreds of thousands of blood-sucking zombies were alarmed, Ye Feng would probably be sucked into a mummy in an instant. He would not be able to resist them at all, because there were too many of them, and they were all blood-sucking zombies with copper skin and iron bones.

"Why did the heavenly horoscope guide me to such a strange place?"

Ye Feng couldn't help but mutter to himself at this time.

Uh-huh!

Suddenly at this moment, Emperor Chu flew out of Ye Feng's body.

It turned into a small red light person. It seemed to be sensing something at this time, and then couldn't help but say: "I seem to have been to this place before. At that time, I sensed a very special aura, just in this desolate place. The deepest part of the earth seems to be related to the gods. Would Ye Fengli want to go in and take a look? "

Ye Feng was staring at the group of hundreds of thousands of vampire zombies on the dark prairie at this time, with a somewhat unsightly expression on his face, and said loudly: "Emperor Chu, are you sure there is something related to the gods in the depths?"

Emperor Chu nodded, seemed to be quite excited, and said loudly: "I am sure that I did not have time to investigate back then, just because my powerful spiritual sense sensed it, and because my cultivation was too strong at the time, I didn't care about it, but Now maybe this thing related to the breath of the gods can make us both undergo a huge transformation."

When Ye Feng heard that Emperor Chu was so sure, he finally nodded, looked at the hundreds of thousands of blood-sucking zombies floating on the dark prairie, and said loudly: "But we can't

forcefully break into it, otherwise we will be greeted by several people." The crazy attack of 100,000 blood-sucking zombies is too terrifying. "

Emperor Chu also nodded and said, "Let's go underground."

Ye Feng's eyes moved and he said, "Do you know how to escape from the earth?"

Emperor Chu smiled and said: "I know a lot, I will teach you the Earth Escape Technique now. Although it is only a small escape technique in Qimen Dunjia, it has extraordinary effects in certain situations, such as now ”

At this time, Emperor Chu said, and immediately pointed his finger at Ye Feng's eyebrows.

\u003e Buzz!

An ancient secret of magic was instantly introduced into Ye Feng's mind.

Almost at this moment, Ye Feng immediately realized it through his powerful comprehension.

At this time, Emperor Chu said: "Although this Earth Escape Technique is a very small one in Qi Men Dun Jia, it took me nearly three days to master it, so Ye Feng, you can master it first in the next few days." , we will take action after you understand it.”

Ye Feng said aloud: "I have realized it successfully."

Emperor Chu: "..."

"Let's go."

Ye Feng smiled at Emperor Chu, and then directly used the escape technique.

Uh-huh!

Almost at this moment, Ye Feng suddenly entered the ground. It was not the digging type, but he truly integrated with the entire ground, and then quickly moved forward, walking in the dirt. , just like swimming in the water, very magical.

"Wait for me!"

Emperor Chu immediately used the Earth Escape Technique and followed behind Ye Feng.

Emperor Chu was really convinced by Ye Feng's understanding this time.

The two of them escaped under the ground without attracting the attention of the blood-sucking zombies floating in mid-air above the ground.

So they moved quickly, and in a blink of an eye they traveled through the entire dark prairie and arrived at the deepest part of this desolate land.

In the deepest part of this desolate land, there are actually dilapidated halls and buildings, which are obviously leftover from ancient times.

"It seems that a fierce battle took place here."

Ye Feng and Chu Huang both jumped up from the ground at this time and returned to the ground again.

This is when Ye Feng looked at the extremely dilapidated buildings and felt a sense of vastness and desolation. Even after thousands of years, this kind of atmosphere makes people feel the same, as if he suddenly returned to that extremely turbulent place. In this era, people only feel a sense of war and chaos.

At this time, Emperor Chu had no time to feel this desolation. He was exuding his powerful spiritual thoughts and the power of the soul, and quickly searched for the auras of the gods that he had felt back then.

"Inside!"

Emperor Chu suddenly seemed to have discovered something at this time, and suddenly rushed in a certain direction.

Ye Feng's eyes also moved and he quickly followed.

Things related to the gods should be absolutely extraordinary, possibly extremely rare and rare.
