

Ancient 2061

Chapter 2061 Flower of the Gods

Ye Feng followed Emperor Chu and ran towards the depths of this ancient ruins.

All around are broken palaces and buildings.

The further you go inside, the more dilapidated and desolate the building becomes.

Soon they finally reached the deepest point.

At this moment, Emperor Chu stopped in front of a cauldron burning with flames.

This huge furnace cauldron is made entirely of bronze. It looks very ancient. Many unknown ferocious ancient evil beasts are carved on the surface. You can tell at a glance that it is a very ancient artifact.

In the bronze cauldron burning with flames, there was a flower growing in the flames, and it even exuded an intoxicating fragrance.

"It is indeed the flower of the gods!!"

Emperor Chu's tone was a little excited, and he immediately stepped forward and looked into the furnace.

Ye Feng also followed at this time, looking towards the cauldron burning with flames.

The next moment he looked shocked.

"This is....."

Ye Feng immediately saw that there was a burning skeleton in the bronze furnace in front of him.

It turns out that those flames were all released from this ancient skeleton.

Emperor Chu couldn't help but say at this time: "This is the corpse of a god with fire attributes. It is a corpse of a god, and it should be the corpse of a god who cultivates the power of fire attributes. However, the essence of the god has been almost destroyed in tens of millions of years." It's gone, but it's such a divine flower! This is a priceless thing! It can greatly improve a warrior's overall martial arts quality!"

When Ye Feng heard what Emperor Chu said, he couldn't help but look excited immediately, staring at the flower of the gods growing on the corpse of the god!

Uh-huh!

Almost at this moment, Ye Feng immediately reached out and grabbed the flower of the gods.

"Wait a moment!"

At this moment, Emperor Chu suddenly exclaimed: "This kind of flame is not something a human body like yours can resist!"

Wow!

But it was already too late. Ye Feng's hand reached the top of the bronze furnace, and the terrifying flames melted his entire hand, leaving only a bare elbow.

.

"What a terrifying flame!"

At this moment, Ye Feng saw that one of his palms was melted, and he couldn't help but gasped in pain.

He immediately retracted his arm, and then used all the blood energy in his body to regenerate his broken arm, and the hand melted by the flames grew again.

With Ye Feng's current state, and the source of blood demon he had refined.

As long as he is not wiped out in an instant and his entire body is damaged into nothingness, then Ye Feng can be reborn again with his arm broken, or even reborn with a drop of blood.

Therefore, Ye Feng is very confident in his own vitality and is absolutely tenacious.

At this moment, Ye Feng let his palm grow again, but he was a little scared in his heart.

If these flames spread actively, then your whole person will be burned directly into nothingness, and you will die completely.

Emperor Chu said aloud: "You are too impulsive sometimes."

After finishing speaking, Emperor Chu's whole soul went directly to pick out the flower of life, handed it to Ye Feng, and said loudly: "This flower of the gods grows on the corpse of a god. , contains the essence of this god, although it may only be a trace, but you must know that this is a god from ancient times, so this flower of gods contains extremely majestic energy, and the trace of the god contained in it The energy and energy will certainly be of great benefit to you, Ye Feng."

"OK."

Ye Feng's eyes were quite excited as he took the flower of the gods over.

"It's my turn next."

At this time, Emperor Chu also rubbed his hands quite excitedly, and then opened his mouth and took a breath.

Buzz!

Immediately, the remaining divine essence contained in the corpse of the god in the cauldron was all swallowed up by Emperor Chu.

At this moment, Emperor Chu's soul actually began to burn with flames.

Apparently he has plundered the corpse of this god

All the divine essence that is left.

"I need a breakthrough too."

Ye Feng didn't waste time at this time. He directly took out the Divine Crystal Palace he had obtained before, and then placed the Flower of the Gods in front of him.

"The power of devouring!"

At this moment, Ye Feng immediately released his Devouring Domain, covering all the two good things in front of him.

"Rumble..."

Almost at this moment, Ye Feng immediately felt that huge waves of energy were rushing into his body, crazily strengthening his cultivation and skills.

With the rapid disappearance of the Divine Crystal Hall, Ye Feng's cultivation level is also growing fiercely.

A huge momentum quickly burst out from his body.

"Boom!"

The fourth level of Yuanhun Realm!

"Boom!"

The fifth level of Yuanhun Realm!

"Boom!"

The sixth level of Yuanhun Realm!

It was only then that the Divine Crystal Hall was finally devoured and completely disappeared.

"continue!"

At this time, Ye Feng directly swallowed the flower of the gods.

"boom!!"

Almost at this moment, a terrifying and boundless divine energy exploded directly in Ye Feng's stomach. It surged crazily into his limbs and bones, crazily growing his body and body. Cultivation skills.

"Boom!"

The seventh heaven of Yuanhun Realm!

"Boom!"

The eighth level of Yuanhun Realm!

"Boom!"

The ninth level of Yuanhun Realm!

"Boom!"

The tenth level of Yuanhun Realm is complete!

Finally, at this moment, Ye Feng's aura began to stop.

The two things he swallowed were completely digested and transformed into his own power.

Ye Feng's eyes were full at this moment.

Full of deep excitement.

I didn't expect that the Divine Crystal Palace and the Flower of the Gods would allow me to break through so much in one go.

It has to be said that the treasures in the ruins of this fairy palace are extremely precious.

Simply a top ten!

At this moment, Ye Feng had broken through to the tenth level of Yuanhun Realm and felt that his combat power had suddenly soared to a whole new level.

If he holds the giant red python sword now, he might really be able to fight with that dynasty in the first level of the Hunyuan Realm in an upright manner!

Ye Feng stood up at this time and prepared to leave here.

But at this moment, Emperor Chu suddenly spoke up: "Ye Feng, maybe you can throw your barbarian ancestor's body into this bronze furnace and use it to calcine it with the god's flame. Maybe it will be useful." Unexpected effect."

Ye Feng's eyes were stunned and he said: "Can the body of the Barbarian Ancestor still absorb the flames of gods?"

Emperor Chu nodded and said aloud: "The theory is acceptable, because the body of the Barbarian Ancestor is very special. It is a corpse puppet known as a living creature in the corpse extermination process, so it should be able to withstand the calcining of the gods' fire."

When Ye Feng heard Emperor Chu's affirmative reply, he immediately nodded, took out the body of the Barbarian Ancestor from the storage ring, and then threw it directly into the bronze furnace in front.

Almost at this moment.

"Boom!"

The infinite flames suddenly surged towards the body of the Barbarian Ancestor.

Ye Feng saw at this time that the black robe worn by the Barbarian Ancestor was directly burned into nothingness, revealing the most primitive state of the corpse puppet.

At this time, the surface of the steel-like barbarian ancestor's body began to form fiery red lines due to those flames, which seemed to add a precious, ancient and deep feeling.

Emperor Chu saw the changes on the surface of the Barbarian Ancestor's body, and couldn't help but reveal a hint of surprise in his eyes. He smiled and said: "Ye Feng, you, the puppet with the Barbarian Ancestor's body, may be able to undergo unexpected transformation and evolution this time. "

When Ye Feng heard what Emperor Chu said, he looked at the fiery red lines appearing on the surface of the steel puppet that was the body of the Barbarian Ancestor, and couldn't help but reveal a hint of anticipation in his eyes.

Chapter 2062 The Heart of Hunyuan

"Rumble..."

At this moment, in the bronze furnace burning with flames, the body of the Barbarian Ancestor was undergoing a strange calcining and transformation in the endless flames.

The body of the Barbarian Ancestor is evolving in a very advanced direction.

The entire afternoon was spent in the bronze furnace.

"Boom!"

Suddenly at night, the entire bronze furnace exploded.

As the entire bronze furnace exploded, the tall figure of the Barbarian Ancestor immediately appeared in Ye Feng's field of vision.

At this moment, the entire body of the Barbarian Ancestor seemed to have been tempered thousands of times. There were deep fiery red lines on the surface of the steel body.

"The body of the Barbarian Ancestor, give it a try."

At this time, Ye Feng ordered.

"Boom!"

The body of the Barbarian Ancestor instantly punched in the distance.

Wow!

The next moment, what made Ye Feng's eyes shine was that at the moment when the Barbarian Ancestor's body punched out, the lines on the surface of the Barbarian Ancestor's steel body suddenly burst out with a strong red light, and then in A long river of flames flew directly from his fist, which instantly burned a large area of dilapidated buildings in the distance to ashes.

"Awesome! From now on, the attacks of the Barbarian Ancestor's body can have special fire effects!"

Ye Feng's eyes showed a hint of surprise at this time.

Emperor Chu said proudly at this time: "Look, what I said is right, the body of the Barbarian Ancestor has evolved directly."

Ye Feng nodded at this time, feeling very happy inside.

He knows how powerful this kind of divine flame is. It can burn the palms of his current level of chaos body into nothingness at once, which is very powerful.

At this time, Ye Feng once again had a powerful trump card.

\u003e

He asked Emperor Chu to return to the Soul Beast Heavenly Book, then put the body of the Barbarian Ancestor into the storage ring, and left this place.

On the way back, Ye Feng still used the earth escape technique and secretly left the dark prairie where hundreds of thousands of blood-sucking zombies were suspended from underground.

I have to say that the dark prairie here is really a weird place. There are so many zombies, and they are also very special blood-sucking zombies, which makes people feel chilled all over.

Ye Feng left here quickly and didn't want to stay for a moment.

Next, he continued to go deep into the core of the ruins of the Immortal Palace.

Ye Feng soon arrived at the core place.

There is a very tall bronze door here.

Standing in the middle of the earth.

Behind the bronze gate, even the breath became different, becoming extremely deep and vast.

At this time, Ye Feng knew that behind the bronze gate was the real core of the ruins of the Immortal Palace.

I'm afraid some top experts have already entered it.

If you enter inside, you may encounter super powerful masters at any time.

After all, the four top young talents from the four major domains have all entered the ruins of the Immortal Palace, and must be in this core place.

After Ye Feng thought for a while, his eyes showed determination, and then he stepped directly into the fairy palace ruins area behind the bronze gate.

When Ye Feng walked into the bronze door, he felt that the pressure on himself had increased a lot.

This is a real pressure.

"It seems that the gravity field between the sky and the earth has changed. Walking in it, every time

Everyone's cultivation has been suppressed. "

Ye Feng felt a deep heaviness.

If it were an ordinary person, it would probably be very difficult.

Ye Feng is a chaotic body after all, so this little pressure is nothing to him.

His eyes were extremely determined and he continued to walk inside.

"Boom!"

Suddenly at this moment, a huge sound came from a certain direction not far away.

Ye Feng instantly looked in that direction, but he saw the ruins of an ancient city suddenly collapsed.

"If you want to snatch this Hunyuan Heart from me, you are not qualified enough!"

A cold voice sounded from that direction.

"This voice is... Dynasty!"

When Ye Feng heard this familiar voice, he was startled for a moment. He didn't expect that just as he entered the core area of the fairy palace ruins, he would encounter his last powerful enemy, the Dynasty.

But the next moment, Ye Feng's eyes suddenly turned cold.

Just now, his cultivation has been greatly improved, and his overall strength has become extremely powerful.

Now Ye Feng is no longer afraid of Chao Chao.

Although Chao Chao is one of the top ten disciples of the inner sect from the Divine Sword Holy Land, he is also a powerful being in the first level of the Hunyuan Realm.

But the only thing Ye Feng thinks about now is to kill the Dynasty!

Uh-huh!

Ye Feng jumped up and immediately galloped in that direction.

Soon Ye Feng arrived at his destination, which was a collapsed city.

Among the ruins of the broken city, a crystal-like object emitting red light was floating in the air.

r\u003e

"This should be the Heart of Hunyuan. It is the energy crystal of a strong person in the Hunyuan Realm. It contains huge energy."

At this time, Ye Feng couldn't help but murmured, with a look of joy in his eyes.

Now he happens to be stuck in the tenth level of Yuanhun Realm. He is about to face the biggest bottleneck in the realm. He is in urgent need of incomparable power to break through the current bottleneck.

Unexpectedly, I gave him a pillow when I felt sleepy.

Ye Feng happened to come across this Hunyuan Heart that contained huge energy.

At this time, Ye Feng saw that Dynasty was standing near the Heart of Hunyuan.

In front of him lay several corpses whose bodies had been severed. They were all genius masters from other holy lands who died here.

Apparently an extremely fierce battle broke out here just now.

But as a master at the first level of the Hunyuan Realm, Wang Dynasty directly killed all the geniuses who competed with him for the Hunyuan Heart.

"Um?"

Ye Feng's appearance at this time immediately attracted the attention of the dynasty.

Wang Chao immediately looked in that direction, and he immediately recognized Ye Feng, who was dressed in white and shengxue.

Wang Chao's eyes immediately showed a deep ferocious look: "It turns out it's you, kid! You, an ant, actually appeared in front of me again! Hahaha, God is really helping me! Not only did I get the

Heart of Hunyuan today, , and I met you, a hateful boy. Now that my cultivation has returned to its peak state, you, hateful boy, just accept death!"

"Boom!"

But at this time, Ye Feng suddenly burst out with an extremely huge martial arts momentum. He didn't flinch at all. He faced the dynasty at its peak and sneered and said, "You think I was touched by you accidentally?" What a mistake! I'm here to kill you today!"

Chapter 2063 Deep Panic

Buzz!

The terrifying thoughts of killing covered the entire sky and earth in an instant, making space almost freeze.

This is an extremely terrible sight!

Just the thought of killing, the collision in the void, almost froze the space.

It's really scary!

Chao Chao's eyes were extremely cold at this time. He stared at Ye Feng across from him, with a look of disdain on his face, and said loudly: "What you said is really too arrogant. Your current cultivation level seems to have suddenly improved." It has grown a lot, but there is still a huge and insurmountable gap compared to me, which you will never be able to compare with!"

Ye Feng smiled coldly, tit for tat, and said loudly: "Even if my current cultivation level is much worse than yours, I believe that the final winner will definitely be me."

Dynasty suddenly burst out with an extremely powerful aura, and shouted: "I don't want to talk nonsense with you anymore, I will kill you immediately and take back the red python giant sword. Then A sword belongs to me!"

Boom!

Almost as soon as Wang Chao finished speaking, a terrifying martial arts aura erupted from his body. It was a terrifying aura of power that belonged to the Hunyuan realm!

Although this dynasty is only at the first level of the Hunyuan Realm, he is the ultimate genius of the Divine Sword Holy Land and can explode with super strength that far exceeds his realm!

Although Ye Feng was extremely confident at this time, facing a top talent like Dynasty, he still felt solemn in his heart.

At this moment, Ye Feng suddenly had a thought in his mind.

"Boom!"

A set of golden armor suddenly appeared on his body.

The golden armor instantly covered the surface of Ye Feng's body, and a shadow of the God of War appeared around Ye Feng, greatly improving Ye Feng's combat power.

At this moment, Chao Chao smiled coldly: "You want to compete with me because of a broken armor? You are so naive!"

"Ancient vision!"

"The Great Seal of Mountains and Rivers!"

br

At this moment, Dynasty released his extremely powerful attack methods.

He roared loudly, and the vision of a huge mountain and river seal suddenly appeared on his body. It was full of unparalleled pressure and exuded the aura of destructive power. In an instant, the mountain and river seal was suppressed from high in the sky. When he came down, Ye Feng was enveloped in a terrifying pressure field.

At this moment, Ye Feng immediately felt an extremely heavy pressure on his body, making him feel as if he was stuck in a quagmire in the void, and even felt like he couldn't move.

"Chaos body! Explode!"

Ye Feng roared loudly, and overwhelming power suddenly surged out of his body.

The terrifying physical strength allowed Ye Feng to escape from the stressful situation in an instant.

"Red Python Giant Sword!"

The next moment, light flashed in Ye Feng's hand, and a very huge long sword appeared. He slashed at the big seal of mountains and rivers high in the sky.

"when!!"

The next moment, the red python giant sword and the mountain and river seal collided together, and in an instant there was a terrifying roar that shook the earth and seemed to shatter the entire earth, causing the entire sky to be struck. If worn, the aftermath of the collision would be terrifying.

"Ding-deng-deng!"

At this moment, Ye Feng and the Dynasty opposite couldn't help but take several steps back.

"What?!"

Dynasty felt the terrifying power of Ye Feng's attack, which blocked his natal vision of mountains and rivers, and a trace of shock immediately appeared on his face.

"Great Seal of Mountains and Rivers! Boundless Attack!"

Just the next moment.

Dynasty roared loudly in an instant,

An even more terrifying power was instantly released.

"Boom!"

"Boom!"

Almost at this moment, the great seals of mountains and rivers appeared one after another on the body of the dynasty, like worlds, full of unparalleled heavy power, all superimposed together, like meteors falling from the sky, moving towards each other crazily. The leaves were bombarded by the wind.

"when!!" .??.

Ye Feng raised the crossbar of his sword, and the big seals of mountains and rivers bombarded the giant sword, making Ye Feng feel numb for a moment and couldn't help but take a dozen steps back.

Seeing this scene, Wang Chao immediately laughed out loud: "Boy, I'm telling you that your martial arts background is not as good as mine. Now you just accept death!"

Ye Feng suddenly laughed loudly at this time: "I just wanted to test how powerful your so-called strongest attack is, but the result made me very disappointed. You, the so-called top level of Hunyuan Realm, are Genius, you can't do anything to me even if you unleash a strange attack. Then it's my turn. Let's end the battle as soon as possible. I'm too lazy to talk nonsense to you!"

"Ice Age!"

Almost at this moment, Ye Feng immediately activated the powerful spell inheritance he had practiced in Qingtian Holy Land.

"Boom!"

Almost at this moment, a long river of ice rushed out of Ye Feng's body, filled with unparalleled freezing energy, and instantly enveloped the dynasty not far away.

"Crack, click, click..."

At this time, Dynasty's whole body was freezing rapidly.

An extremely terrifying absolute freezing energy is infiltrating into the body of the dynasty from all directions, trying to freeze all the vitality of the dynasty.

"Explode to me!"

Wang Chao roared loudly, and a burst of Hunyuan power suddenly surged out of his body, and in an instant, he was quickly cleared.

Get rid of the freezing cold air on the surface of your body.

"Petrified!"

Suddenly at this moment, Ye Feng's eyes immediately flashed with strange lights.

The dynasty not far away started to turn to stone starting from its feet.

"What?"

Dynasty was really surprised this time.

Because he felt a very strange force that was invading his body and flesh, turning his body into another kind of petrified thing.

"What kind of weird ability is this? It seems to belong to the Medusa clan, but this is the innate ability of the ocean monster clan. How can you, a kid like you, do this?"

At this moment, Wang Chao was very shocked.

But after all, his cultivation was very powerful, and his crazy burst of power temporarily resisted the petrification, but his feet turned into stone and could no longer spread upward.

But whether it was the cold air or the petrification process, it greatly interfered with the dynasty's judgment and was rapidly consuming his power.

At this moment, Ye Feng's eyes were as sharp as the eyes of an eagle. He seized an opportunity in an instant and shouted: "Red Python Giant Sword!"

Boom! !

Ye Feng held the red python giant sword in his hand and poured all his mana into this powerful magic weapon of the Hedao realm. A huge red sword light that spread tens of thousands of meters long erupted from Ye in an instant. The giant red python sword in Feng's hand surged out from the hull, and then struck hard at the restrained Dynasty.

"No!!!"

Looking at the huge sword light tens of thousands of meters long, full of unparalleled destructive power and destructive power, Dynasty, a powerful genius from the Holy Land of Divine Sword, suddenly showed deep fear in his eyes.

"Pfft!"

But his horrified roar was of no use. The huge sword light struck down, instantly splitting the powerful genius of the Dynasty in half, staining the sky with blood!

Chapter 2064 Ten Years

Just when Ye Feng was training in the ruins of the Immortal Palace.

It is an infinitely far away place from the Kingdom of Frost and the Four Realms Alliance where the ruins of the Immortal Palace are located.

This is the most central and prosperous place in the God Realm.

It is a prosperous place that countless cultivators and races yearn for in the God Realm.

At this time, there was a top of a sacred mountain floating above the nine heavens.

There is a stone monument standing there.

The four characters "Chaos God Clan" are written on the stone tablet.

This is the core area where the Chaos Gods, the top of the top 100 Gods in the God Realm, are located.

On the majestic Jiutian Mountain, Ye Feng's mother Gu Youruo is practicing in a hall on the top of the mountain. She is covered with a very mysterious symbol of chaos, which looks extremely noble.

At this time, there were two people standing outside the hall, a middle-aged man in purple robe and a young man in white.

These two people are the Chaos God Lord, the commander of the Chaos God Clan, and the Chaos God Lord's son, the Chaos Prince.

At this time, the Prince of Chaos looked at the extremely complicated chaos symbols covering Gu Youruo's body, with a hint of envy in his eyes, "I didn't expect that this clan member left by our Chaos God Clan in a low-level universe would actually awaken. The legendary Chaos Emperor blood is a top bloodline talent that even you, father, are not qualified to awaken."

The Lord of Chaos God was staring at Gu Youruo who was practicing in the performance hall at this moment, with a hint of envy in his eyes. Even though he, the commander of the Chaos God Clan and the most powerful person in the God Realm, was also looking towards Gu Youruo at this moment. If the awakened Chaos Emperor Xue felt envious.

But the next moment, his eyes suddenly showed a trace of greed, and he whispered to his son: "Even if the old guys in our clan value this Gu Youruo very much, I have to find a way to bring this Gu Youruo to the throne." The Chaos Emperor's blood was plundered from Youruo. If I can obtain the Chaos Emperor's blood, then I will break through the final limit and enter a new level, which is a level that countless big figures in the God Realm cannot reach!"

At this time, the Chaos God Lord spoke, his tone full of greed and ambition.

The Prince of Chaos was a little surprised and said: "But the old guys in our clan value this Gu Youruo very much, otherwise they would not have allowed me, the prince, to personally take people to the low-level universe to bring this Gu Youruo back. "

"Huh, a bunch of

A rotten old guy, nothing. "

There was a trace of cruelty in the eyes of the Chaos God Lord, and he said aloud: "In another ten years, our Chaos God Clan will hold a core trial within the family. I have already arranged it. In that core trial, Gu You If she is bound to suffer a death disaster! By then, I will be able to obtain the blood of the Chaos God Emperor and completely break through this shackles of the cave world!"

...

.....

Among the ruins of the Immortal Palace.

Dynasty, the genius disciple from the Holy Land of Divine Sword, finally died completely.

Ye Feng came down from high altitude at this time. Looking at the dead body split in half on the ground, he finally breathed a sigh of relief.

This dynasty is still very powerful and poses a huge threat.

Being able to get rid of it today can be said to have saved a lot of future troubles.

Because if you kill him in this fairy palace ruins, no one will know that you did it yourself.

If this dynasty is allowed to return to the Holy Land of the Divine Sword, and he uses his connections, the threat will definitely be greater.

Now Ye Feng has strangled all of this in the cradle.

There will never be any further trouble.

Because no one knew that Dynasty was killed by himself.

And I'm afraid I can't even guess it.

Because his current status and strength may be very weak in the eyes of others, and in other people's imagination, he does not have any ability to kill top talents like Dynasty.

But Ye Feng walked up to the chopped-down body of the Dynasty and stretched out his hand to grab it.

Uh-huh!

Immediately, the storage ring on Dynasty's body was absorbed into Ye Feng's hand.

Then Ye Feng directly released the Devouring Domain and began to devour all the skills of Dynasty, the top genius.

"Boom!"

Almost at this moment, huge waves of skill immediately hit Ye Feng's body, and then began to strengthen Ye Feng's cultivation.

Although Dynasty was killed by Ye Feng, he was still a top genius at the first level of the Hunyuan Realm. His cultivation skills were extremely powerful, and the energy he provided was extremely majestic.

Ye Feng's body suddenly burst out with powerful martial arts aura.

"Boom!" ??

Half step to the Star Sea Realm!

"Boom!" ??

The first level of the Star Sea Realm!

"Boom!" ??

Star Sea Realm Second Heaven!

At this time, the fluctuations in Ye Feng's cultivation aura stopped.

Ye Feng immediately began to explore the wealth in the dynasty storage ring.

He found that the dynasty was probably the same as him. All the resources that could improve his cultivation skills had been used up and were not stored in the storage ring at all.

But Ye Feng finally found something good.

That is the most powerful inheritance of the dynasty, a method of cultivating ancient visions, the Great Seal of Mountains and Rivers!

This is a powerful inheritance that transcends the Hunyuan realm level of the Ice Age!

If Ye Feng hadn't owned a giant red python sword at the Hedao level, he might not have been able to withstand the mountain and river seal released by the dynasty before, and he might have been smashed in an instant.

"The Great Seal of Mountains and Rivers! This is a good inheritance!"

Ye Feng immediately began to take out the secret cultivation technique of the Mountain and River Seal from the storage ring, and then began to study it non-stop.

For a whole day and night, Ye Feng used his powerful comprehension to initially master the Great Seal of Mountains and Rivers. Although he has not yet reached great success or even perfection, he has already achieved some success.

It has to be said that Ye Feng's understanding is truly evil.

In just one day and one night, he had initially understood the Hunyuan Realm-level inheritance of the Great Seal of Mountains and Rivers.

After initially understanding the Great Seal of Mountains and Rivers, Ye Feng felt that his combat power had been greatly improved.

Because practicing this more advanced martial arts inheritance has a clear blessing on the combat power of human warriors.

"As long as I keep working hard! One day I will be able to reach the top level of the God Realm!"

"One day, I will set foot on the Chaos God Clan and marry my mother

Take it back and avenge Uncle Nan! "

Ye Feng thought secretly in his heart.

This is his greatest spiritual support since he has been practicing.

Next, Ye Feng continued to walk towards the deepest part of the ruins of the Immortal Palace.

Soon he came to the real end area of the fairy palace ruins.

There are actually endless ruins of the ancient kingdom here. There are tall and majestic buildings everywhere. All of them are broken and collapsed. There are a large area of ancient city wall buildings and ruins, which makes people feel a kind of feeling in their hearts. It has a sense of majestic vastness, but also a sense of sadness and vicissitudes of life.

"Boom!"

Suddenly, deep in the ruins of the ancient kingdom in the distance, Ye Feng saw four terrifying figures with divine light blooming all over their bodies, fighting an extremely terrifying ferocious beast beneath the ground.

"Those seem to be the four top young talents from the four major domains! They were the first batch to enter the ruins of the Immortal Palace. As expected, they were the first to arrive at the end of the ruins of the Immortal Palace."

Ye Feng looked at the terrifying battle in the distance. The power was extremely terrifying, far beyond his current cultivation and combat power. It was not something that Ye Feng could covet now.

It has to be said that the four top young talents in the four major regions are actually the top young combatants in the entire Frost Kingdom Alliance region, and they are simply not comparable to ordinary people.

Even a powerful genius like Dynasty is nothing more than an ant in front of the four top young talents.

Ye Feng did not move forward rashly. He directly used the Earth Escape Technique given to him by Emperor Chu, escaped underground, and lurked towards the area where the battle was ahead to see if he could gain any benefits.

The four top young talents fighting so hard must have discovered some shocking treasure.

There's no reason not to check it out.

Although extremely dangerous.

But Ye Feng is still very confident in his escape methods.

Moreover, when Ye Feng was escaping underground, he discovered that there were many other young geniuses who had the same ideas as him. They were secretly lurking in the ruins of this

ancient and vast kingdom, moving towards the four top young people in the center. The area where the talents battle is approaching.

They all seemed to want to spy in secret, trying to get a piece of the chaos.

Chapter 2065 The top treasure

At this moment, Ye Feng was secretly hiding in the darkness of a broken hall in the ruins of the kingdom.

This is an excellent hiding place, and it is very close to the center where the four top young talents fight with the ferocious beasts.

Ye Feng stays here and can pay attention to the surrounding developments at any time in order to make the most correct decision.

The battle not far away was extremely terrifying, and Ye Feng did not move forward rashly.

The four top young talents are all very powerful, and the process of fighting that ferocious beast is quite dangerous.

Ye Feng was not in a hurry at this time, because the battle between strong men of that level in the distance might last longer.

At this time, Ye Feng took out the storage ring that he had plundered from Dynasty before.

There is a Hunyuan heart in it.

This Hunyuan Heart was plundered by the dynasty before.

However, the Dynasty was now killed by Ye Feng, and this Hunyuan Heart naturally fell into Ye Feng's hands.

The reason why Ye Feng had not refined this Hunyuan Heart before was because he could refine this Hunyuan Heart again when he was in the tenth level of the Star Sea Realm, in an attempt to break through the most difficult world at once. Realm bottleneck.

But at this time, let alone the four top young talents who are fighting in the distance.

Even the other genius masters who were approaching here silently like Ye Feng were all very powerful in cultivation. Almost all of them were at the tenth level of the Star Sea Realm, or at the Hunyuan Realm level.

After all, being able to enter the end area of the final fairy palace ruins, these genius masters are all very powerful, otherwise they would not be able to get here and would not dare to get close here.

Those who dare to take a share of this chaos are naturally the elite among the elite.

At this time, Ye Feng discovered that his cultivation was really weak among these people.

So at this time, in order to grab as many treasures as possible that satisfied him in the future, Ye Feng chose to refine this Hunyuan Heart.

After all, if you try to improve your cultivation strength as much as possible now, how can you prepare for the chaos in the future?

It would be even more useful to have a piece of the pie.

"Hunyuan Heart!"

"Swallow and refine directly!"

Ye Feng instantly released the Devouring Domain, and directly began to devour the Hunyuan Heart, which contained the essence core of the extremely terrifying Hunyuan Realm powerhouse.

"Boom!"

Suddenly, a terrifying and majestic power burst out in Ye Feng's entire body.

Ye Feng's cultivation skills are growing rapidly.

"boom!"

Star Sea Realm Third Heaven!

"boom!"

The fourth level of the Star Sea Realm!

"boom!"

Star Sea Realm Fifth Heaven!

"boom!"

Star Sea Realm Sixth Heaven!

At this time, the energy in Hunyuan's heart was finally swallowed up.

Ye Feng's cultivation level also received a huge improvement all of a sudden.

Directly breaking through to the sixth level of the Star Sea Realm!

Coupled with Ye Feng's powerful combat power that far exceeds his own cultivation level, Ye Feng is now considered a master in this land of kingdom ruins.

Even if there are many other existences in the Hunyuan Realm hidden around him, Ye Feng is no longer so afraid.

The front is not far away at this moment.

"Boom!"

Suddenly accompanied by a terrifying roar, the four forbidden young talents launched their most terrifying attack.

"Roar!!"

The ferocious giant beast that seemed to be guarding something suddenly erupted into a terrifying roar, and his whole body was rapidly emitting a very strong light of destruction.

"No! This ancient evil beast wants to kill itself.

Explode and die together with us! "

Someone among the four top young talents suddenly let out an exclamation.

Explode!

"Boom!"

At the next moment, a terrifying and boundless wave of destructive light erupted from the central area of the kingdom's ruins.

That was the terrifying and boundless wave of destruction produced after the ferocious beast exploded.

In an instant, it covered an area of several thousand miles.

Even the four top young talents were hit hard at this moment and flew out one after another.

The many talented masters lurking around in the ruins of the dynasty were also enveloped by the terrifying explosion light wave at this moment.

At this moment, not to mention geniuses at the Star Sea Realm level, even those at the Hunyuan Realm level felt the aura of death all of a sudden. They all vomited blood crazily and quickly retreated towards the rear, trying to escape for their lives.

Ye Feng was extremely close to the fighting place, and at this time he was naturally enveloped by the terrifying explosion light wave.

In an instant, he felt that the surface of his body was cracked.

If Ye Feng hadn't been a Chaos Body, his entire body would have exploded at this moment.

But the strength of the Chaos Body gave Ye Feng a buffer and reaction time.

"Golden Armor!"

At this moment, Ye Feng suddenly put on the golden armor he had obtained before, and a kind of God of War power instantly enveloped Ye Feng's entire body.

Even Ye Feng directly released the Barbarian Ancestor's body, allowing the tall body of the Barbarian Ancestor's body to block the front of him, resisting the most terrifying and powerful destructive light wave roaring from the front.

Finally all the destruction light waves disappeared.

Calm returned to the field.

At this time, almost half of the entire dynasty's ruins were destroyed.

And many of the geniuses hiding in the ruins who were spying in secret suffered heavy losses at this time.

Even Ye Feng, who had so many defensive methods, couldn't help but a trace of blood spilled from the corner of his mouth at this time and suffered internal injuries.

"That ferocious beast is really terrifying, and the destructive energy it generates after it explodes is so terrifying!"

Ye Feng couldn't help but murmur.

And this time.

Suddenly, the ground not far away suddenly cracked.

Uh-huh! Uh-huh! Uh-huh...

Groups of light suddenly rushed out from under the ground, dozens of them, flying rapidly in all directions.

Ye Feng immediately saw that among those light groups, each one contained a very rare treasure. Some were ancient magic weapons, some were rare holy medicines, some were inherited books, and some were It was a strange thing that even Ye Feng couldn't recognize.

But what is certain is that the things wrapped in these light groups are definitely the most precious treasures in the entire fairy palace ruins.

Because this is the end of the ruins of the Immortal Palace.

"It turns out that the place that the four top young talents want to attack is an underground treasure house! The top treasures in the entire fairy palace ruins are hidden in it!"

At this moment, except for Ye Feng, all the other talented masters lurking around understood.

Their eyes suddenly became extremely hot, and they quickly grabbed at the light groups flying in all directions high in the sky.

"Grab it quickly!"

"These are the top treasures in the ruins of the Immortal Palace!"

"Even if you get one! That's a lot of money! It's even possible to change your destiny from now on!"

...

At this moment, countless geniuses stopped hiding and rushed out from the ruins underground, fiercely grabbing at the light groups that were flying in all directions.

Chapter 2066 Reverse Scale

At this time, the entire field was in chaos.

Because along with those light groups, they flew quickly towards the surroundings.

All the genius disciples lurking here went crazy.

They roared excitedly and flew madly high into the sky, trying to snatch the treasures contained in those light clusters.

But the treasures are limited after all, only a few dozen.

There are thousands of talented disciples lurking here.

So at this moment, there was a scene of countless people fighting in the entire sky.

Many people were strangled together because of the fight for a light group treasure.

"ah!"

"If you dare to rob me of treasures, you will die. Sword Qi Jiuxiao!"

"The sword cuts through the sky!"

...

At this moment, shouts of killing were heard all over the sky.

Many people were immediately jealous because of the treasure.

These top geniuses from major holy places and major forces only see the top treasures contained in those light groups at this moment.

Even many fellow disciples are killing each other at this moment.

At this time, the four top young talents also joined the battlefield.

Although they had just been injured by the giant beast's self-destruction, they suffered heavy losses.

But their cultivation levels are all top-notch.

So when he joined the battlefield at this time, many talented disciples died tragically.

The whole sky was in chaos, and there were shouts of killing everywhere.

At this moment, not to mention the Star Sea Realm warriors, even the masters of the Hunyuan Realm died tragically in an instant.

Even Ye Feng felt a deep sense of crisis at this moment.

Because once he shows up, he is likely to be strangled by countless chaotic power frenzy.

Because of Ye Feng's strength, in this competition for top talents,

, is not outstanding, or even can only be regarded as middle and lower reaches.

At this time, Ye Feng knew that he might not be able to snatch those rare light treasures.

He is ready to leave.

"Buzz!"

But suddenly at this moment, several light groups suddenly appeared from under the ground in the distance.

These light groups are even more dazzling than those that flew out at once.

And one of the light groups, by coincidence, flew directly to the direction of Ye Feng.

Since it flew close to the ground, others basically didn't notice where the light group was going.

But Ye Feng, who had been hiding around him, discovered it.

His eyes were filled with ecstasy, and he didn't even have time to explore the specific treasure contained in this light group. He directly put it into the storage ring, and then ran towards the distance, leaving this extremely dangerous place of right and wrong.

...

In a remote area far away from the end of the fairy palace ruins.

There is a collapsed tower here, and the surrounding area is smashed into ruins.

At this time, Ye Feng is sitting here, recovering from his injuries.

Ye Feng spent a whole day and night to finally get away from the extremely dangerous ruins at the end.

At this time, his injuries had completely recovered.

At this time, Ye Feng carefully opened the storage ring and took out the obviously more dazzling light group that he had taken away before leaving.

"Is this...a scale?"

The light ball in Ye Feng's hand dissipated at this time, and what was contained inside was a huge scale that exuded cold air. It was the size of a millstone and looked very solid.

Buzz!

Emperor Chu was also at this time

He flew out, stared at the huge scale, and said with some surprise: "This scale seems to be a dragon scale, but the most solid and precious reverse scale on a dragon."

Ye Feng's eyes moved and he couldn't help but said: "The reverse scales of a dragon?"

Emperor Chu nodded and said: "The scales are exuding cold air. They are most likely the reverse scales of a giant frost dragon. These scales must be very precious and represent something. Otherwise, they cannot be the most beautiful among dozens of light groups." A dazzling one."

When Ye Feng heard what Emperor Chu said, he couldn't help but nodded and said, "It seems that after I go out this time, I want to study this reverse scale carefully, maybe it hides something."

After finishing speaking, Ye Feng stood up and walked towards the entrance of the fairy palace ruins.

He was preparing that it was time to leave the ruins of the Immortal Palace.

This time in the ruins of the Immortal Palace, Ye Feng's gains have been huge.

Whether it is treasures, inheritance, or cultivation skills, Ye Feng has been greatly improved.

This time Ye Feng was confident. When he returned to the Blue Sky Holy Land again, he was no longer afraid of the ordinary members of the Gods Association, even the elite members.

...

After spending nearly three days and three nights, Ye Feng finally walked out of the ruins of the Immortal Palace and returned to the Blue Sky Holy Land.

After Ye Feng returned to Qingtian Holy Land, he went directly to his residence in Fate Temple.

Ye Feng's return immediately attracted Leng Xingchen's attention.

Uh-huh!

At Ye Feng's residence, a cool young man appeared, wearing blue clothes and looking quite dashing.

This figure is none other than Leng Xingchen.

At this time, he stared at Ye Feng, his eyes seemed to have a hint of admiration, and said loudly: "I didn't expect you to break through so much this time when you went to the Immortal Palace ruins. It really surprised me. I thought you It can break through several heavens at most,

I didn't expect you to bring me a big surprise. So, I still underestimated your talent before. No wonder my sister will accept you as her apprentice. "

When Ye Feng heard Leng Xingchen's praise, he couldn't help but smile and clasped his fists, saying: "Senior Xingchen is ridiculously complimentary."

Leng Xingchen said with a smile: "You are my sister's apprentice. From now on, don't call me senior, it's too foreign. From now on, just call me uncle."

"Uncle Master?"

Ye Feng's eyes moved, and then he said: "Yes, uncle."

Leng Xingchen nodded with great satisfaction, and then he suddenly seemed to think of something, with an inexplicable smile on his face, and asked aloud: "This time in the ruins of the Immortal Palace, you should not only have improved your cultivation. , I should have gotten a lot of treasures."

Ye Feng quickly said: "I did get a lot of treasures, but they are all very ordinary. The real treasures must be in the hands of the four top young talents."

Leng Xingchen nodded slightly and said: "Yes, I have also heard that a very tragic battle for the treasure broke out in the end area of the Immortal Palace ruins. Even Xiao, the president of the Gods Association of our Blue Sky Holy Land, The gods have all suffered heavy losses."

Ye Feng nodded and said: "I was watching from a distance and did not dare to get close. Xiao Tianshen should have been severely injured by a giant beast deep in the ruins of the Immortal Palace that exploded."

"More than that."

Leng Xingchen spoke out: "During the final fight for the treasure, it was said that Xiao Tianshen was seriously injured by three other top young talents. Not only did he not even get the treasure, but he was seriously injured. He did not even return to Qingtian Holy Land. Now he seems to be hiding in Somewhere to heal."

When Ye Feng heard this, his eyes suddenly lit up and he said, "Really?"

Leng Xingchen smiled and said: "I see you are excited, but you should really be happy. Xiao Tianshen suffered a heavy blow this time and did not grab any treasures, so he will become the seventh saint of our Qingtian Holy Land. The palace's dream must have been shattered."

Chapter 2067 The reward for first place in the competition

I have to say that the news brought by Leng Xingchen at this time made Ye Feng feel very happy.

Because now he and the Association of Gods have completely become sworn enemies.

The decline of the Society of Gods will naturally be of great benefit to Ye Feng.

Ye Feng clasped his fists at Leng Xingchen and said loudly: "Uncle Master, I am going to the Holy Land Hall to redeem contribution points. This time I got a lot of good things from the ruins of the Immortal Palace, and I should be able to redeem them. A lot of contribution points."

"Go ahead."

Leng Xingchen smiled, then seemed to have thought of something, and said aloud: "By the way, the outer sect competition is about to begin. I received news that Jin Tianyang, the inner sect elite disciple of the gods meeting last time, did not send you Zhu Sha, you were saved by me, but he will never give up. In this outer sect competition, he will most likely find the super masters of the outer sect to deal with you. The outer sect is full of hidden dragons and crouching tigers. "

When Ye Feng heard this, he couldn't help but smile coldly and said: "Uncle, don't worry, if they dare to target me specifically in this outer sect competition, then I will let them know what despair is!"

Leng Xingchen said with a smile: "I believe in you, young man, come on, I look forward to seeing the day when you become a successful person. In that case, my sister is right."

Ye Feng smiled, then left the Fate Temple and walked towards the central hall of Qingtian Holy Land. .??.

After arriving at the central hall, Ye Feng exchanged some of the treasures he got from the ruins of the Immortal Palace this time, which he could not use, into contribution points.

In the end, Ye Feng received a full 6,000 contribution points in exchange.

I have to say that this is already a good fortune.

So Ye Feng didn't waste any time and went directly to the black market.

The black market of Qingtian Holy Land is a huge trading place.

Basically everything is sold.

With enough contribution points, you can buy almost anything you want from the black market.

When Ye Feng came to the black market, it was still as lively as usual and extremely popular.

Ye Feng went straight to a shop that sold elixirs.

This shop is opened by an elder from the outer sect of Qingtian Holy Land. There are many things in it that can increase your cultivation skills.

There are powerful elixirs and even soul crystals that increase soul power.

Ye Feng had even considered opening a shop in this black market to accumulate wealth.

But in the end, Ye Feng rejected the idea because it was too time-consuming.

At this time, Ye Feng stepped into this shop specializing in selling elixirs.

"welcome."

A cute girl with two pigtails said immediately.

This cute girl is the alchemy boy of the owner of this shop.

I usually do some chores in the shop and greet customers who come to buy elixirs.

At this time, Ye Feng smiled and said to the alchemy boy: "I'm here to buy some elixirs specially designed to improve my skills."

"OK."

The alchemy boy nodded immediately and led Ye Feng to the area northwest of the shop.

On the shelves here, there are very exquisite small porcelain bottles.

The contents of these small porcelain bottles are naturally elixirs.

The boy refining medicine said loudly: "I'm going to call the store manager."

Ye Feng nodded and said with a smile: "Okay, I'll see for myself first."

Soon a thin old man came over, wearing a green shirt and exuding a medicinal fragrance.

Obviously, this old man in blue shirt is the manager of this shop, and he should be an alchemist from Qingtian Holy Land, selling his own elixirs here.

At this time, Ye Feng said: "I now have 6,000 contribution points, and I want to buy all the elixirs that can improve my cultivation skills. I wonder if senior can help me make a reasonable combination and see which elixirs I can buy. It can provide me with the strongest skills to the greatest extent."

"All the six thousand contribution points will be used to buy pills to improve your cultivation?"

When the old man in green shirt heard what Ye Feng said, his eyes suddenly showed a trace of surprise.

Then he frowned slightly

He frowned and said: "Looking at the clothes you are wearing, you are an outer disciple of my Qingtian Holy Land. I know that young people like you want to improve your cultivation as soon as possible and stand out, but you are obsessed with pursuing breakthrough speed in cultivation, even at the expense of others. Taking so many power-enhancing elixirs will have serious consequences in the future, and it may very well limit your future martial arts path."

Hearing this, Ye Feng couldn't help but shake his head and smile.

Your body is a melting pot, so you don't have to worry about these things at all.

So at this time, Ye Feng said: "I appreciate the kindness of senior, but I really need to break through my cultivation level, so senior, please help me match the elixir as soon as possible. All my 6,000 contribution points will be used to purchase and improve my cultivation level." The elixir of power."

When the old man in green shirt heard Ye Feng's determination, he couldn't help but shook his head and said: "Okay, I won't say any more, since you young people won't listen anyway."

As the old man in green shirt spoke, he started to take bottles of elixirs from the shelves and handed them all to Ye Feng.

Ye Feng couldn't help but feel happy when he saw that there were more than twenty bottles. He didn't expect that six thousand contribution points could buy so many elixirs.

At this time, Ye Feng took out his identity token and paid all the contribution points for this purchase.

Then Ye Feng left this elixir shop.

"Six thousand contribution points bought so many elixirs. This time I can eat as much as I can to break through. I should be able to break through several realms before the outer sect competition comes."

Ye Feng murmured and left the black market.

Now that Ye Feng's inheritance has the Hunyuan realm inheritance "Mountain and River Seal" passed over from the dynasty, it is not needed.

The weapon magic weapon also has the red python giant sword at the Hedao level, which is naturally not needed for the time being.

That's why Ye Feng exchanged all 6,000 contribution points this time for pills that can improve his cultivation skills, specifically for breakthroughs.

After returning to his residence in the Temple of Fate.

Ye Feng hung a "retreat" sign at the door of the attic where he lived and entered the room.

He directly took out bottles of pills and opened them all.

"Gululu!"

\u003e

"Gululu!"

The next moment, Ye Feng swallowed bottles of pills directly into his stomach as if he was drinking heavily, as casually as eating fried beans.

"Boom!"

The next moment, a terrifying boiling energy exploded in Ye Feng's entire body.

Ye Feng immediately felt the terrifying and powerful medicinal power surging crazily in his body.

His skill is also improving rapidly in a straight line.

"boom!"

Star Sea Realm Seventh Heaven!

"boom!"

Star Sea Realm Eighth Heaven!

"boom!"

Star Sea Realm Ninth Heaven!

At this time, all the medicinal power of the elixir has been digested.

"Cool!"

"Breaking through three heavens in a row!"

Ye Feng opened his eyes, his pupils full of excitement and joy.

"But the six thousand contribution points are just gone. It's really a huge waste."

Ye Feng murmured, then stood up and walked outside the house.

"boom!"

When Ye Feng opened the door, his eyes were stunned.

He saw a beautiful and cold lonely figure standing outside.

It turned out to be Leng Qingxue, the master of the Temple of Fate!

Master actually took the initiative to wait for me outside?

Ye Feng felt flattered for a moment, and couldn't help but quickly asked: "Why didn't you tell me directly when Master is here?"

Leng Qingxue's voice was empty and cold, and she said: "I'm afraid it will disturb your practice."

When Ye Feng heard this, he couldn't help but reveal an inexplicable look in his eyes, and said: "Master is so kind to my disciple."

Leng Qingxue nodded slightly, and then said loudly: "The outer sect competition is about to begin. This time, I want you to win the first place in the outer sect. Bring me the reward of first place in the outer sect competition, and I will teach you Little fate."

When Ye Feng heard this, his eyes suddenly trembled.

Chapter 2068 is about to begin

I have to say that Master Leng Qingxue's words cheered up Ye Feng.

Because Ye Feng originally chose to become Leng Qingxue's apprentice, in addition to having a big backer in the Blue Sky Holy Land, he also wanted to learn the ultimate inheritance of the Fate Temple where Leng Qingxue was, the Little Fate Technique.

So at this time Leng Qingxue took the initiative to propose the Little Fate Technique, which surprised Ye Feng.

What is the reward for first place in the outer sect competition that makes even a super strong person like Master Leng Qingxue care so much.

Leng Qingxue stared at Ye Feng and said loudly: "Don't put too much pressure on yourself. If you really meet someone who is unstoppable in the outer sect competition, then don't hold on. The reason why I said The main thing I said is to give you motivation."

When Ye Feng heard this, he immediately nodded and said, "Disciple must try his best."

Leng Qingxue stretched out her pale white hand, patted Ye Feng's shoulder, then turned and left. .??.

Not long after Leng Qingxue left, Leng Xingchen also came here.

Leng Xingchen said with a smile: "Sister, I should have come to see you, and I should tell you about the outer sect competition."

Ye Feng nodded and said, "Yes, Master, she is indeed talking about the outer sect competition."

Leng Xingchen patted Ye Feng on the shoulder and said, "Come on, try your best to break into the top ten of the outer competition. Sister, she will definitely look at you differently."

top ten?

Ye Feng smiled secretly in his heart.

This time, I want to hit the first place in the outer sect competition!

...

And just when Ye Feng and Leng Xingchen were chatting without a word.

At this time, the Gods Assembly building area of Qingtian Holy Land is in the area.

Jin Tianyang, a member of the Gods Association, looked at the several hidden warriors from the outer sect who had strong cultivation levels in front of him, and said aloud: "You all listen to me this time, we must compete in the outer sect." Lieutenant General, that boy named Ye Feng was crippled!

If he dares to go against our gods, he is doomed to die! "

"Yes, Senior Brother Jin!"

Several extremely powerful hidden warriors from the outer sect immediately clasped their fists.

...

Time passes quietly through your fingertips like quicksand.

In the blink of an eye, the day of the outer sect competition is coming soon.

This morning.

"Boom!"

Accompanied by a huge bell.

The outer door competition has officially begun!

At this time, the center of the entire outer gate area was filled with people.

There are dozens of competition platforms in total, which are extremely majestic and majestic. They stand on the ground and look majestic.

Ye Feng and Luo Feifei came here and looked at the crowds of people around them, with a hint of excitement in their eyes.

Because today is the outer sect competition, it is the moment to decide the fate of each outer sect disciple.

If you can get a very high ranking in the outer sect competition, you will not only get special and extremely generous rewards, but you will also get a huge amount of contribution points.

At this time, Ye Feng looked at the dozens of competition stages with a look of surprise in his eyes, and couldn't help but ask: "Senior Sister Feifei, why are there so many competition stages in this outer sect competition?"

Luo Feifei looked around with a smile and said: "You can tell by the huge crowds of people around you. We have hundreds of thousands of outer disciples in Qingtian Holy Land. If we only build one competition platform, or a few, when will we get it?" Only then can all competitions be completed, so every outer sect competition will set up dozens of competition platforms. In fact, this is not bad. I heard that when our Qingtian Holy Land was at its most glorious, the outer sect competition Hundreds of competition stages were set up directly."

"Hundreds of seats?"

Ye Feng's eyes showed a hint of shock.

It seems that Qingtian Holy Land is in decline now. It was glorious back then.

At this time, Ye Feng's soul power spread out to the surroundings, and he discovered that the cultivation levels of many outer disciples were no longer as strong as his own.

However, there were several auras that made Ye Feng feel a little afraid.

This shows that there are still super masters hidden in the outer sect, which are worthy of your attention.

But Ye Feng is also very confident about himself now.

This time, I must get a good result, and even hit the first place!

"Since everyone is here, please calm down."

Suddenly at this time, a powerful voice sounded.

A middle-aged man wearing black armor, as tall as a strong bull, appeared in everyone's sight.

"It's the head of the outer sect!"

"The most powerful person in the outer sect, Lu Tieshan!"

"It is said that he was once the disciple of our Holy Lord of Qingtian Holy Land. I didn't expect that he would show up this time."

...

At this moment, many outer sect disciples saw Lu Tieshan, the head of the outer sect, with excitement and admiration in their eyes.

After all, this Lu Tieshan is the most powerful being in the outer sect!

"Uh-huh!"

Suddenly at this time, a figure stepping on the sword light appeared in the sky.

This is a young man, wearing a black gown, white hair and black clothes, looking very chic.

"It's Brother Sword Soul!"

"It is said that he had certified the strength of the inner disciples ten years ago, but he has been cultivating a very special

His domineering swordsmanship, he didn't expect that he would be in seclusion for ten years. This kind of perseverance is terrifying. "

"Senior Brother Sword Soul is probably the most powerful candidate to compete for the first place in the outer sect competition this time."

Many outer disciples couldn't help but shout with excitement, their expressions full of admiration.

"Buzz!"

And suddenly at this moment, a large number of pink flowers suddenly floated down from the sky. Among the flowers, a beautiful young woman in a pink skirt appeared, like a fairy with thousands of flowers, looking magnificent.

"It's actually the Flower Fairy!"

"Isn't she not interested in the struggle for fame and fortune? Why did she show up this time?"

"Flower Fairy is a goddess-level figure that even many inner disciples admire. I didn't expect that this year's outer sect competition, Fairy Flower, has arrived. It seems that Brother Sword Soul's first place is open to question."

...

Immediately, many disciples around him exclaimed in surprise, and the male disciples all had admiration in their eyes.

Obviously, this flower fairy is also a very famous figure in the outer sect and even the inner sect, and she is a goddess-level figure.

Next to Ye Feng, Luo Feifei couldn't help but say: "Flower Fairy has come to participate in this outer sect competition. It seems that the competition is fierce, but Hua Fairy is so beautiful. She deserves to be one of the six beauties of the outer sect." one."

Ye Feng looked at Luo Feifei beside him and suddenly said: "Senior Sister Feifei is also one of the six beauties of the outer sect."

Luo Feifei looked at Ye Feng with her beautiful eyes and couldn't help but smile charmingly and said: "Junior brother Ye Feng is really good at talking, but it's a pity that I, senior sister, am not one of the six beauties."

And just when the two of them were chatting without saying a word.

Lu Tieshan, the head of the outer sect who stood at the top of the platform, said: "The outer sect competition is about to begin. Please hurry up and get ready. First draw lots to see which competition platform you are on, and then start the first round. Knockout!"

Chapter 2069 Winning streak

At this time, as the words of the head of the outer sect fell, one by one, the elders of the outer sect flew down from the high platform, holding a large box in their hands, which contained pieces of number plates.

At this time, the outer disciples all walked up to the elders one after another and began to randomly take out a number plate from the big box.

Ye Feng and Luo Feifei naturally followed suit.

They all soon got their number tags. ??

"Mine is number three."

Luo Feifei looked at the number plate in her hand and said aloud.

"Mine is number six."

Ye Feng said aloud at this time: "It seems that the two of us can't fight together on the same fighting platform."

Luo Feifei smiled and said: "That's great, I don't want to meet a monster like you, Junior Brother Ye Feng, with incredible combat power in the first round of elimination. Others don't know, but I know everything. "

Hearing this, Ye Feng couldn't help but laugh, and then said: "Come on, Senior Sister Feifei, I'm going to the No. 6 competition platform first."

"Come on! Try to be a blockbuster!"

After Luo Feifei said something, her graceful figure also walked towards her No. 3 competition platform.

Ye Feng soon came to his own No. 6 competition platform.

At this time, many outer disciples had gathered around the competition platform.

These outer sect disciples obviously drew the number plates for the No. 6 competition platform.

Ye Feng observed and found that among the outer disciples around the No. 6 competition platform, there were almost no human race, and most of them were from various powerful alien races.

Most of their cultivation auras are relatively powerful.

After all, those who dare to participate in the outer sect competition naturally have two skills.

At this time, Ye Feng suddenly noticed some unkind looks.

"That is....."

He looked not far away and found a group of disciples wearing special clothes gathering together.

Many other outer disciples around looked at this group of disciples with eyes full of awe.

"This is a member of the Council of Gods."

Ye Feng understood immediately.

Because he saw that among this group of special disciples, Jin Tianyang of the Gods Association, who had openly wanted to kill him before, was among them.

At this time, Ye Feng saw the sneers that the disciples looked at him.

There were even a few disciples who cut Ye Feng's throat.

In response, Ye Feng looked calm and just smiled lightly, not bothering to respond at all.

If they dare to come to the competition stage to target themselves, then let them know what cruelty means!

"Uh-huh!"

At this time, a young man in black flew over from the No. 6 competition platform.

He is the presiding elder of the No. 6 competition platform.

At this time, the presiding elder said: "Since we have gathered on the No. 6 competition platform, let's start the competition."

The presiding elder waved his hand violently at the crowd, and immediately two spinning talismans flew down and landed randomly above the heads of the two outer disciples, representing the first two sides of the competition.

And Ye Feng discovered that there was a talisman floating just above his head.

In other words, Ye Feng will participate in the first battle.

The second talisman randomly selected was a strong disciple wearing golden armor.

Uh-huh!

This strong disciple jumped directly onto the No. 6 competition stage.

He didn't have any weapons in his hands, but he was wearing a pair of golden metal gloves. He looked very fierce, and he was obviously a powerful person who specialized in body training.

disciple.

His cultivation level is at the ninth level of the Star Sea Realm, at the same level as Ye Feng, and he is very powerful.

I have to say that the outer gate is indeed a hidden dragon and a crouching tiger.

At this time, this strong disciple looked at Ye Feng below and saw Ye Feng's thin figure. He couldn't help but grinned and said: "You are so thin, hurry up and be defeated by me. I will use my pair of iron fists to defeat you all." Knock all the thin disciples to pieces!"

Uh-huh!

Ye Feng suddenly jumped up and instantly flashed in front of this strong disciple.

"Buzz"

Ye Feng gently stretched out a palm and pressed it directly on the chest of this strong disciple.

"Boom!"

Suddenly, a terrifying force burst out, directly blowing the strong disciple's body away, and he fell hard to the bottom of the competition platform. He couldn't get up for a long time.

"hiss!"

"So powerful!"

When the many other outer disciples watching in the No. 6 competition stage saw this scene, they couldn't help but look horrified in their eyes, and couldn't help but take a breath of air.

The presiding elder also seemed to have a look of surprise on his face.

After all, that strong disciple wearing golden armor was quite famous among the outer sect and was known as the "Great Wilderness Little Barbarian Bull". He was the young master of the Great Wilderness Barbarian Bull clan and possessed the super-strong physique of the Great Wilderness Barbarian Bull. Ye Feng, an ordinary-looking human race boy, was instantly blown away.

"sharp."

Even the presiding elder could not help but secretly praise in his heart at this moment.

Then the presiding elder said: "In the first round, Man Niu lost and was eliminated directly. Ye Feng won and stepped down to wait for the next competition."

Man Niu's eyes were filled with endless shock, "I haven't even taken action yet, why did I fail like this..."

At this time, Ye Feng stepped down directly from the stage.

When he entered the crowd again, the other outer disciples around him looked at him with awe.

Obviously, Ye Feng's light and fluttering palm just now was not gorgeous at all, but it was like a heavy hammer, hitting everyone's hearts hard, making all the outer disciples around the No. 6 competition platform feel it. A wave of awe and fear.

"Let's continue with the next fight."

At this time, the presiding elder once again threw two talismans, which landed on the heads of a young man in white and a girl in a pink skirt...

The first round of elimination went very quickly, because it was equivalent to an audition, and the gap in cultivation between the major outer disciples was very large.

Soon, nearly half of the people around the No. 6 competition stage had been eliminated.

It turns out that there are more than 3,000 outer disciples on the No. 6 Bidou platform.

But now, there are only more than a thousand disciples left.

Throughout the process, Ye Feng had won more than a dozen games in a row, allowing countless disciples around him to see how powerful he was.

Now Ye Feng has become a celebrity in the No. 6 competition arena.

Anyone who encounters him will basically give in immediately.

Buzz!

Buzz!

At this time, the selection talisman once again fell over Ye Feng's head.

Uh-huh!

Ye Fengshan stepped onto the stage. This time his opponent was a young man wearing black clothes with a third eye on his forehead. He seemed to be a genius from some powerful three-eyed alien race.

The aura of cultivation on his body was astonishingly beyond the half-step Hunyuan realm of the Star Sea realm!

This three-eyed alien man in black stared at Ye Feng and said coldly: "You are indeed very powerful, but when you come to me, your winning streak will end, because my cultivation is better than yours." "High, my combat power and racial talent are better than yours, so you have no chance of defeating me."

Chapter 2070 Little Prince Jinpeng

At this time, I heard the voice of this three-eyed alien man in black.

Ye Feng just smiled lightly and said: "You go ahead and use your most powerful means to attack me, otherwise, I'm afraid you won't have the chance to attack me a second time."

"Arrogant!"

The three-eyed man in black did not expect that the human boy in front of him, who was weaker than himself, would actually say something even more arrogant than him.

This made the man in black with three eyes suddenly angry.

"I want you to see the powerful attacks of our Three-Eyed Clan!"

The man in black from the Three-Eyed Clan roared, and the third eye between his eyebrows split open instantly.

"Boom!!" ??.

In that third eye, a terrifying black beam suddenly burst out, like an extremely terrifying black laser. It could penetrate the heaven and the earth, pierce the sky, and shatter the Nine Netherworlds. Anyway, it was very terrifying and had a very terrifying power. Destructive power.

"boom!"

But when the black beam hit Ye Feng's body.

But it was as if it had collided with an iron wall, without causing any damage at all.

Not even the slightest trace could be left on Ye Feng's skin.

"What?!"

The man in black from the Three-Eyed Clan not far away suddenly widened his eyes, almost falling out of his head in shock.

He originally wanted to give Ye Feng, an arrogant human boy, a taste of his power.

But now, his third eye's racial talent attack failed to produce even a trace of damage.

This made the man in black from the Three-Eyed Clan blush immediately, feeling extremely embarrassed.

There are countless outer disciples watching below.

"Is this the racial talent attack of your three-eyed tribe? All I can say is that it is extremely weak."

Ye Feng smiled faintly and slapped him away.

"Boom!"

Suddenly, a terrifying big hand of vitality appeared, and directly slapped the man in black from the Three-Eyed Tribe away. With a "bang", he fell hard under the competition platform.

"hiss!"

Suddenly there was a sound of gasping air from below.

Many disciples felt a deep sense of despair.

Originally, when they came to the No. 6 competition arena, they felt that without top outer sect talents like Brother Sword Soul and Hua Xianzi, the pressure might be much less.

But now, Ye Feng, a dark horse with huge momentum, appeared out of thin air, which was really shocking.

"Sure enough, the most hidden place in our Blue Sky Holy Land is the outer gate. There are ten hodgepodes in the outer gate, including the weak and the strong."

Some outer disciples couldn't help but shake their heads and laugh bitterly, with a hint of sigh in their tone.

"Elder, I want to challenge this Ye Feng!"

Suddenly at this moment, before Ye Feng had time to get off the competition platform, such a voice sounded from the audience.

It was a young man wearing a golden robe. He was handsome and handsome, with a tall head and horns. His neck was covered with golden scales. He looked very wild and powerful.

"It's actually the little prince Jinpeng!"

"He actually came to our competition stage No. 6? Why didn't we see him just now?"

"Maybe he was hidden in the crowd, so he didn't notice it. I didn't expect it to suddenly appear at this time."

"Little Prince Jinpeng, this is a powerful genius of the Golden-winged Dapeng clan. A super genius with such a special identity and talent does not need to participate in the outer sect competition, but I didn't expect that he would actually participate."

...

At this time, the outer disciples around the No. 6 competition platform suddenly became excited.

The little prince Jinpeng was so famous that the moment he appeared on the stage, even the eyes of many people around him were attracted to him.

After all, the little prince Jin Peng has a special status, superb cultivation, and extremely powerful fighting ability.

Many disciples don't understand why such a noble being as the little prince Jin Peng condescended to secretly participate in this outer sect competition.

But at this time, Ye Feng saw the bloodthirsty and cruel eyes of the little prince Jinpeng in the audience, and he immediately understood in his heart.

This little prince Jinpeng is definitely a member of the Society of Gods!

He is in the same group as Jin Tianyang!

Jin Tianyang has already certified the inner sect disciples, so he cannot personally take action in this outer sect competition.

But the Council of Gods also has a large layout in the outer sect, with many powerful members. .??.

For example, this little prince Jinpeng at this time.

Ye Feng's eyes suddenly became extremely cold.

At this time, the little prince Jin Peng stared at Ye Feng on the No. 6 competition stage with extremely provocative eyes. He smiled cruelly and said, "Ye Feng, do you have the guts to accept my challenge?"

The presiding elder looked at Ye Feng at this time, as if he was worried about Ye Feng, and said: "If you don't want to, you don't have to accept it."

The presiding elder was not a fool. He naturally saw that Ye Feng seemed to have a grudge against the Gods Association, but the elder did not want the Gods Association to be so arrogant in this outer sect competition.

After all, although the Gods Association is the largest disciple faction in the Blue Sky Holy Land, its reputation in the Blue Sky Holy Land is not very good, because the Gods Association basically suppresses other people in various ways. If you don't join our Gods Association, you will directly Suppress.

Ye Feng, under the spotlight of everyone, slowly said: "I accept your challenge."

Wow!

Almost as soon as Ye Feng finished speaking, there were gasps of air in the entire field.

Then everyone started talking about it.

"What? That Ye Feng actually accepted the challenge from Little Prince Jinpeng?"

"This is really unbelievable! No matter how powerful Ye Feng is, he is only at the level of the Star Sea Realm, but the little prince Jin Peng is a powerful being at the sixth level of the Hunyuan Realm! He is a whole higher level!"

"And the most important thing is that the real combat power of Little Prince Jinpeng is much higher than his normal cultivation level. Only a genius like Ye Feng can fight beyond the level, and the little Prince Jinpeng can also fight beyond the level! And the little Prince Jinpeng can fight beyond the level! But the Golden-winged Dapeng clan has extremely powerful racial talents!"

"It is said that Little Prince Jinpeng is still a member of the Gods Association. Few people in the inner sect dare to provoke Little Prince Jinpeng. Who would have thought that Ye Feng, a little human boy, would dare to directly challenge Little Prince Jinpeng?"

"If it were me, I would simply refuse to accept the challenge. Even the presiding elder would cover for Ye Feng. I didn't expect that Ye Feng would be so arrogant. I estimate that he has won more than ten games in a row and his self-confidence has exploded. He will definitely do it later. Losing miserably!"

...

At this time, a group of outer disciples around them spoke out one after another, most of them with cynicism.

Because the reputation of Little Prince Jinpeng is really too great.

And Ye Feng only showed his prominence temporarily.

"boom!"

At this time, the little prince Jinpeng seemed to be unable to wait to kill Ye Feng.

He immediately released the terrifying cultivation aura of the sixth level of the Hunyuan Realm. A wild and fierce tall figure descended on the competition stage in an instant, staring at Ye Feng opposite him with his ferocious eyes, and said aloud : "Ye Feng, you took the bait, you are dead today!"
