

## Ancient 2081

Chapter 2081 The first reward

A thrilling and exciting battle finally came to an end.

Everyone let out a deep breath.

It's finally over.

Otherwise, it is very likely that the entire outer gate area will be destroyed.

At this time, everyone also saw how powerful Xiao Tianshen was.

However, the powerful cultivation of the old man of the Wind God of the Wind God Temple has once again let the world know that there are many powerful old antiques hidden in the Blue Sky Holy Land.

Even the top young generation like Xiao Tianshen cannot be leveraged for the time being.

On the way back to the Temple of Fate.

Leng Qingxue disappeared.

Leng Xingchen stood beside Ye Feng and walked side by side with Ye Feng.

At this time, Leng Xingchen's eyes showed a trace of gossip fire, and he couldn't help but asked: "Ye Feng, you are really capable. You captured that little princess from the Wind Temple without knowing it." Well, even the elders of the first generation Holy Land like Fengshen are willing to help you, you will make a lot of money."

When Ye Feng heard what Leng Xingchen said at this time, he couldn't help but smiled bitterly and shook his head and said: "Uncle, you are thinking too much. The little princess from the Wind Temple may be an acquaintance of mine. She and I Relationships are not what you think, they are just ordinary friends."

At this time, Ye Feng could already guess that the little princess in the Wind Temple was probably the junior sister Fengling whom he knew.

Leng Xingchen smiled at this time, patted Ye Feng's shoulder, and said loudly: "Ye Feng, sometimes you have to seize the opportunity. The Wind Temple is the first of the six temples, and its origins are even more extraordinary."

Ye Feng spread his hands and said helplessly: "Uncle, you really think too much."

Leng Xingchen shook his head and said: "Well, since you are so embarrassed, then I won't be entangled in this matter. But I need to remind you that although Xiao Tianshen compromised this time, it does not mean that You are safe from now on, but you may encounter more terrifying dangers than before because you are being targeted by top figures like Xiao Tianshen."

When Ye Feng heard Leng Xingchen's warning, his eyes suddenly turned cold.

Ye Feng slowly spoke out: "Today I was forced to such an extent. This kind of shame, one day I will wash it away with my own hands. Xiao Tianshen, hum, one day I will kill him with the sword!"

at this time

Ye Feng's tone was extremely firm, as if he had made a firm oath to himself.

When Leng Xingchen saw what Ye Feng said, he didn't say much. He just patted Ye Feng on the shoulder, then turned and left.

Ye Feng then returned to his residence and directly announced his retreat.

At this time, he could finally devour and absorb the energy previously stored in his body.

These energies are the blood essence obtained by Ye Feng from devouring those members of the Gods Association.

When competing outside before, Ye Feng naturally couldn't make a breakthrough openly under the spotlight.

But now that he has returned to the Temple of Fate and his private residence, he can naturally break through without restraint.

"Swallow and refine directly!"

At this moment, Ye Feng began to frantically absorb the blood energy stored in his body.

These bloody energies are still very powerful.

Because it was Ye Feng who devoured more than a dozen members of the Gods Association, including the little prince Jinpeng, who were all geniuses at the Hunyuan realm.

Therefore, their blood energy is still a good tonic for Ye Feng, who is currently in the ninth level of the Star Sea Realm.

It still has a huge improvement effect on Ye Feng.

"Rumble..."

At this moment, streams of majestic and abundant energy essence began to surge through Ye Feng's body, constantly strengthening Ye Feng's cultivation and strength.

"Boom!"

Ye Feng suddenly burst out with a powerful momentum.

That is a breakthrough martial arts momentum!

"boom!"

The tenth level of the Star Sea Realm!

"boom!"

Half step to the Hunyuan realm!

Finally, at this moment, Ye Feng's breakthrough in cultivation stopped.

Obviously, Ye Feng's body is becoming more and more like a bottomless pit, able to accommodate more and more majestic energy.

Although he is now

Although he was only half a step into the Hunyuan realm, Ye Feng was clenching his fists at this moment, feeling that the energy reserve in his body was comparable to the perfect energy reserve of an ordinary genius in the Hunyuan realm!

"Dong dong dong!"

Suddenly at this moment, Ye Feng heard a knock on the door outside.

"Who could come to me at this time?"

Ye Feng's eyes were a little confused, and he immediately walked over and opened his door.

A middle-aged man wearing a blue gown stood outside.

The moment the middle-aged man saw Ye Feng, his eyes seemed to show a trace of awe, and he said: "Hello, I am an ordinary protector of the inner sect. This time I am looking for you, Ye Feng." In order to give you the identity token of the inner sect disciple, there are also rewards for winning the first place in the outer sect competition."

When Ye Feng heard this middle-aged man say this, his eyes immediately lit up, and then he said, "Come in and sit down."

With that said, Ye Feng invited the middle-aged man to his room, sat down, and poured him a cup of tea.

Although the middle-aged man is the protector of the inner sect, he was also present during the outer sect's competition. He saw Ye Feng's terrifying talent and strong background, so he still had a sense of awe for Ye Feng, a new disciple. Heartfelt.

It was Ye Feng who invited him into the house to drink tea, which made the inner sect protector a little flattered.

The inner sect protector handed a silver storage ring to Ye Feng and said loudly: "The reward for first place in the outer sect competition, as well as your inner sect disciple identity token, are all in this storage ring. Pretend."

Ye Feng took the silver ring, smiled and said, "Thank you very much."

The inner sect protector immediately smiled and said, "This is my responsibility."

At this time, Ye Feng suddenly asked: "There is one more thing I want to ask the protector."

The middle-aged man immediately spoke up and said, "If you have anything to ask, I will definitely tell you everything I know."

Ye Feng nodded and said: "Is the power of the Gods Association huge in the inner sect?"

When the middle-aged man heard Ye Feng ask about the meeting of gods, his eyes showed a hint of fear, but he still replied

He replied: "The influence of the Gods Association in the inner sect is more powerful than that of the outer sect, because the main core members of the Gods Association are all elite disciples of the inner sect, and many of the elders in the inner sect are members of the Gods Association. Among the members, the most powerful one is of course the Inner Sect Grand Commander. The Inner Sect Grand Commander is the head of the thirty hall masters of the Gods Association, and his cultivation is very powerful. "

When Ye Feng heard the middle-aged man say this, he immediately nodded and his eyes became quite solemn.

Sure enough, the gods would be more terrifying than I imagined.

The power is literally everywhere.

There are shadows of the Gods Association everywhere.

The middle-aged man seemed to no longer want to talk about the Gods Association at this time, because he knew the grievances between Ye Feng and the Gods Association. He was just a small ordinary protector and did not want to get involved in this terrible struggle.

The middle-aged man took a sip of tea at this time, then quickly said goodbye and left.

Ye Feng thought for a moment and then began to explore the storage ring in his hand.

At this time, he saw that in the silver storage ring space, in addition to the identity token for his inner disciple, there was also an ancient scroll.

The ancient scroll was taken out by Ye Feng at this time. After Ye Feng opened it, he found that the scroll was written with dense ancient symbols. He couldn't understand what these ancient symbols represented at all.

This made Ye Feng quite helpless.

He originally thought that the first place in the outer sect competition would be rewarded with very generous resources.

Unexpectedly, it turned out to be an ancient scroll that I couldn't understand at all.

"That's right! Before participating in the Outer Sect Competition, Master once said that if I get the first place in the Outer Sect Competition, I can use the reward of the first place in the Outer Sect Competition to exchange for the inheritance of the Little Fate Technique with her."

Ye Feng suddenly thought of this, then took this ancient scroll and quickly walked towards the depths of the Temple of Fate.

He was going to find his master, Leng Qingxue.

It just so happened that Ye Feng wanted to ask what kind of secret was hidden in the very mysterious dragon reverse scale he had obtained from the ruins of the Immortal Palace.

Ever since Leng Qingxue turned against Xiao Tianshen because of him, Ye Feng has completely believed in his master.

Chapter 2082 Scroll of Destiny

Half an hour later, Ye Feng had arrived at the place where Master Leng Qingxue was retreating.

This is a place like a small world.

High in the sky stands a white jade palace, which looks like the Nine Heavens Palace in myths and legends.

It looks very vast and majestic, with a sense of vicissitudes and beauty of the ancient times.

At this time, Ye Feng did not hesitate and flew directly to the palace.

He stepped on the White Jade Square, and then said in the direction of the palace: "Disciple Ye Feng, come to pay homage to the master."

Bang!

The moment Ye Feng finished speaking, the door of the originally closed palace suddenly opened.

Ye Feng immediately stepped forward and walked into the palace.

In the huge palace, a beautiful figure sat on a throne made of white jade.

It was Leng Qingxue, the master of the Temple of Fate.

At this time, Leng Qingxue saw Ye Feng walking in and asked, "What's wrong? Did you come to me all of a sudden? Do you have anything to ask?"

Ye Feng nodded and said aloud: "Before the outer sect competition, Master once told me that if I can win the first place in the outer sect competition and get the reward of first place in the competition, then I don't know if it still counts if I can exchange the reward for being ranked first in the competition with my master for the inheritance of the Little Fate Technique."

When Leng Qingxue heard what Ye Feng said, she seemed to have thought of something. She immediately stood up and walked directly in front of Ye Feng. She stared at Ye Feng with her beautiful eyes and said loudly: "The big first reward has been given to you. "

Leng Qingxue originally thought that Ye Feng had offended the Gods Association so completely, and he probably would not get the reward for being first in the competition.

Ye Feng smiled and nodded at this time, and said aloud: "I have received the reward for ranking first in the competition. It was sent by an inner sect protector."

Leng Qingxue's eyes immediately lit up and she asked aloud: "Is the reward for first place in the competition an ancient scroll?"

Ye Feng heard Leng Qingxue say it accurately, but he couldn't help but said in surprise: "Master has already guessed it?"

As Ye Feng spoke at this moment, he took out the ancient scroll that he couldn't even understand from the storage ring and placed it in front of Leng Qingxue.

"That's it! That's it!"

Leng Qingxue, the master of the Fate Temple, could not maintain a calm demeanor at this moment. He took the scroll into his hand with excitement, and then said loudly: "This ancient scroll has a great effect on me. I didn't expect it." This time, the upper echelons of the Holy Land really took it as a big reward."

Seeing Leng Qingxue's excitement, Ye Feng couldn't help but said: "Master, you are looking forward to this scroll so much. It seems that this scroll is very extraordinary. I wonder what this ancient scroll is? It is a powerful inheritance. Or some other treasure?"

Leng Qingxue said: "This scroll is called the Scroll of Destiny. It is not a thing from our divine world, but fell from the ancient extra-dimensional space. No one knows where it came from. Back then, the strong men of the Blue Sky Holy Land went to explore a I discovered it at the ancient ruins. I know that this scroll of destiny is in the treasure house of the Holy Land, but I have never been able to get it. Even if I am the master of the Temple of Fate, I cannot covet it. I heard about the third round of the outer sect competition. The first reward may be this scroll of destiny, but I didn't expect it to be true."

br

Ye Feng's eyes flashed at this moment, and he asked aloud: "Is the Scroll of Destiny some extremely powerful treasure?"

Leng Qingxue shook his head and said aloud: "This scroll of destiny is not a powerful treasure, and it is of no use to many practitioners at all, but it is of great use to me, because this scroll of destiny contains a lot of treasures. The original power of destiny can allow me to upgrade the small destiny technique, and it may even transform the small destiny technique into a higher level of great destiny technique!"

When Ye Feng heard what Leng Qingxue said, his eyes were shocked and he couldn't help but said: "Then this scroll of destiny is really important!"

Leng Qingxue nodded and said: "You must not tell anyone about this matter. Only you and I know this secret. Even my brother can't let him know. The small fate technique is fine, but the big fate technique involves It's really too big, and it's likely to attract scrutiny and covetousness from other super-large domains or super-rich clans."

Ye Feng nodded and said loudly: "Okay, I understand."

Leng Qingxue put away the scroll of destiny, then looked at Ye Feng, with an inexplicable look in her beautiful eyes, and said loudly: "The promise I made to you will naturally come true. Next, I will teach you the little destiny technique. Basic theory, and then you can understand it yourself. It's up to you how far you can understand it."

When Ye Feng heard that Leng Qingxue really wanted to teach him the Little Fate Technique, he immediately said excitedly: "Thank you Master for the reward!"

Buzz!

Almost at this moment, Leng Qingxue directly pulled Ye Feng to the fairy pond, then stretched out a qianqian finger and touched Ye Feng's eyebrows.

"Rumble..."

Almost at the next moment, waves of terrifying and boundless secrets of inheritance were transmitted from Leng Qingxue's fingers to Ye Feng's mind.

Even though Ye Feng's soul power was very powerful, at this moment he felt as if his head was about to expand and explode.

But Ye Feng gritted his teeth and persisted, because this was the inherited secret of the Little Fate Technique, and it could be said to be a supreme treasure.

If you can get the Little Fate Technique, it will definitely be a huge blessing, and you will have another super powerful trump card.

The entire inheritance process lasted for three days and three nights.

Even at this moment, Leng Qingxue's beautiful face showed a hint of paleness.

It can be said that she spent a lot of money during the entire process of teaching.

Ye Feng did not consume much physical energy at this time, but his soul was a little exhausted.

He looked at Leng Qingxue's pale face and immediately said gratefully: "Thank you, Master, for teaching me all the Little Fate Techniques."

Leng Qingxue said quite seriously: "Now only you and I have the little fate technique. I only taught it to you. I didn't even teach it to my brother Leng Xingchen. This little fate technique is only used as a last resort. Don't cast it."

Ye Feng nodded vigorously, then looked at the rather pale Leng Qingxue and said, "Master, I have a lot of healing elixirs here that can restore strength."

Leng Qingxue shook her head and said: "You go back first, I will use the energy in the fairy pool to recuperate."

When Ye Feng heard what Leng Qingxue said, he could only obey the order and exit the hall. Half an hour later, Ye Feng had arrived at the place where Master Leng Qingxue was retreating.

This is a place like a small world.

The original power of destiny can allow me to upgrade the minor destiny technique, and it may even transform the minor destiny technique into a higher level of great destiny technique!"

When Ye Feng heard what Leng Qingxue said, his eyes were shocked and he couldn't help but said: "Then this scroll of destiny is really important!"

Leng Qingxue nodded and said: "You must not tell anyone about this matter. Only you and I know this secret. Even my brother can't let him know. When Ye Feng heard what Leng Qingxue said, he could only obey the order and exit the hall.

Chapter 2083 Skyfire Training Tower

But just when Ye Feng was about to leave the Temple of Fate.

He suddenly thought of something and said loudly: "By the way, Master, I have one more thing to ask you."

Leng Qingxue turned slightly, looked at Ye Feng who had walked to the door of the hall, and said, "If you have anything else, just tell me directly."

At this time, Ye Feng took out the cold-aired reverse scale obtained from the depths of the ruins of the Immortal Palace from the storage ring, and asked aloud: "Master, what I want to ask is whether this scale is Isn't there any secret hidden?"

Leng Qingxue looked at the huge scale exuding cold air in Ye Feng's hand, suddenly his eyes moved, and said loudly: "This seems to be a very special aspect, it should be the frost dragon of the Frost God Kingdom in the center of our alliance. The scales of the clan look a bit like the scales of the emperor. I really don't know about this. You may need to go to the Frost Kingdom to find it yourself."

When Ye Feng heard Leng Qingxue say that he couldn't tell what kind of secret there was, his eyes suddenly darkened slightly.

The next moment, he clasped his fists and said loudly: "Thank you very much, Master. I will leave first."

Leng Qingxue suddenly said: "After I understand the secret in the destiny scroll, I will share it with you."

After the words fell.

Buzz!

Leng Qingxue's beautiful figure has disappeared into the mist of the fairy pond.

Ye Feng's eyes lit up at this moment, and then he turned and left.

...

After leaving Leng Qingxue's retreat.

Ye Feng walked towards his residence.

He was ready to thoroughly understand the little destiny technique he had just received from Leng Qingxue.

This little destiny technique is extremely magical, with special and incomparable power, and can resist attacks of various attributes in the world.

Because the little fate technique represents fate, something related to fate.

Whether they are humans, other races, or various energy techniques, they all have their own destiny.

Therefore, if Ye Feng can successfully learn the Little Fate Technique, then he will be able to get the biggest trump card.

In the next few days, Ye Feng practiced the Little Fate Technique at his residence.

With the powerful comprehension ability after the transformation of the Soul Gem, Ye Feng's progress in practicing the Little Fate Technique has been relatively successful, and he has been able to initially master and use it.

On this morning, suddenly two people came to Ye Feng's place of residence.

It's a man and a woman.

It turned out to be the second and third place in the last outer sect competition, Sword Soul

And the flower fairy.

These two people are not members of the Society of Gods.

At this time, Ye Feng saw the two people arriving, his eyes were a little confused.

What are the two of them doing here where they live?

Ye Feng walked out anyway, greeted him and said: "Two senior brothers and sisters, do you have anything to do with me?"

Sword Soul and Flower Fairy looked at each other, and then said aloud: "We are here to thank you."

"Thank me?"

Ye Feng was a little confused.

Hua Xianzi showed a sweet smile and said loudly: "If you hadn't killed all those dozen powerful members of the Gods Association in the end, Sword Soul and I might not have been able to become the second best in the outer sect competition. Third, you won't be able to enjoy the special treatment of the top three."

When Ye Feng heard what the two said, his eyes showed a hint of surprise, and he couldn't help but said: "What special treatment do the top three get?"

Sword Soul was carrying a pitch-black sword on his back, with a naturally forlorn look on his face. At this time, he said aloud: "The two of us are here this time to go to the small world at the deepest part of the Holy Land with you to enjoy special treatment. "

Hua Xianzi explained: "The outer sect's competition attaches great importance to the upper levels of the Holy Land. If we can win the top three in the competition, it means that we are the core figures of the future of Qingtian Holy Land. In addition to basic rewards for the top few, we will be given basic rewards by the upper levels." , there are also some special treatment, this time the special treatment for the top three in the outer sect competition is to enter the small world deep in the Holy Land and enter the Sky Fire Training Tower to practice for three days and three nights. "

Ye Feng's eyes moved and he couldn't help but ask: "Sky Fire Training Tower? What is that? I have never heard of it."

Sword Soul said aloud: "The Heavenly Fire Training Tower is a very powerful treasure in our Qingtian Holy Land, and it is also a training holy land. It contains the energy of Heavenly Fire, which can greatly temper our bodies and physiques, and can also improve our abilities. Skill."

Hua Xianzi was also a little excited at this time and said: "We'd better hurry up and practice in the Sky Fire Training Tower for three days and three nights. Maybe we can break through our current cultivation bottleneck."

When Ye Feng heard what the two said, he suddenly looked forward to the Heavenly Fire Training Tower.

After all, Ye Feng's cultivation level is currently stuck at the half-step Hunyuan realm.

It may not be possible to break through in a short period of time.

But if you can enter the Skyfire Cultivation Tower that the two people mentioned, you might be able to break through.

Break the big bottleneck this time.

And Ye Feng knew very well that although three days was very short, he possessed extremely violent devouring power.

At that time, you can devour the sky fire energy in the sky fire training tower to your heart's content, improve your skills as much as possible, and even temper your body to allow the chaotic body to evolve again.

Ye Feng immediately said to these two people: "Can we go there now?"

The sword soul nodded and said loudly: "As long as we carry the proof of this outer sect competition with the top three, we can directly enter the small world of the Holy Land and enter the Sky Fire Training Tower to practice for three days and three nights. It's a rule from the top. Even if you offend the Gods Association, Ye Feng, they won't dare to intervene in this matter to stop you from practicing. "

At this time, Ye Feng's face darkened slightly when he heard Sword Soul talking about the Association of Gods, and then he said aloud: "Now I really need to quickly improve my cultivation and accumulate my own foundation quickly, so that I can compete with the Association of Gods. , can we compete with the extremely powerful Xiao Tianshen!"

Sword Soul looked at Ye Feng saying this with a lonely look. At this moment, he couldn't help showing a hint of admiration and said loudly: "I rarely admire a person, but for you Ye Feng, I really do." I admire you from the bottom of my heart, because even I may not have the courage to fight against the Gods Association, nor the confidence to face a top genius like Xiao Tianshen."

Hua Fairy also nodded slightly at this time, looked at Ye Feng with her beautiful eyes, and said loudly: "But Ye Feng, you must be careful. The power of the Gods Association is too huge, and many people are members of the Gods Association. , there are also many very high-status beings in the inner sect who are worshiped by the gods, and maybe they will deal with you. "

Ye Feng nodded, with determination in his eyes.

While a few people were chatting, they had arrived at the entrance to the small world at the deepest part of the Blue Sky Holy Land. ??

At this time, the sword soul walked forward, looked at the elder guarding the entrance to the small world, and said slowly: "This guardian elder, the three of us are the top three in this outer sect competition, and now we want to Enter the Skyfire Cultivation Tower in the Small World to

practice for three days and three nights, and ask the guardian elder to open the door to the Small World for us."

The guardian elder opened his eyes at this time, glanced at the three people with his old eyes, and suddenly his tone seemed a little cold, and said loudly: "Is there a disciple named Ye Feng among the three of you? I'm sorry, if he is here, you will not be able to enter the small world to practice."

"What?!"

When the three of them heard what the guardian elder said, their expressions suddenly changed.

\u003c

Ye Feng had a trace of anger on his face at this time, stared at the guardian elder, and said loudly: "You are from the Gods Association! Are you deliberately targeting my partner?"

The guardian elder stared at Ye Feng, with a trace of cynicism in his eyes, and said loudly: "Yes, I am a member of the Gods Association. If you dare to go against the Gods Association, you will be unable to move anywhere in the entire Blue Sky Holy Land. Including your friends and partners will be implicated, but a humble little person like you can't do anything to me, hahaha, you'd better get out of here, don't even think about enjoying the special treatment. "

"you.....!"

Seeing that the guardian elder was so blatantly arrogant, Sword Soul and Flower Fairy couldn't help but their faces boiled with anger.

At this time, Ye Feng clenched his fists, and a surge of anger suddenly surged through his body, as well as an extremely cold murderous intention.

"Um?"

The guardian elder immediately stared at Ye Feng and said with a cold smile: "What? You dare to show murderous intent to me? You want to kill the guardian elder of the small world? You are so brave! I will teach you a lesson today. This ungrateful junior!"

Boom!

Almost at this moment, an extremely powerful martial arts aura burst out from the guardian elder!

That is the powerful cultivation level of the Great Perfection of the tenth level of Hunyuan Realm!

There is only one step left before you can step into the Hedao realm.

The terrifying aura that Sword Soul and Flower Fairy felt at this moment couldn't help but take several steps back.

Sword Soul grabbed Ye Feng and said loudly: "Take a step back and the sky will be brighter, let's go."

"No."

Ye Feng shook his head, looked at the guardian elder, and said loudly: "Today's incident happened because of me, so I will never back down, I will solve this trouble!"

boom! !

Almost at the moment Ye Feng finished speaking, Ye Feng's body suddenly erupted with an extremely terrifying killing energy.

"Ha ha ha ha!"

The guardian elder's face was full of sarcastic smiles, he stared at Ye Feng, and said loudly: "How can you, a little half-step Hunyuan realm kid, fight against such an elder at the tenth level of the Hunyuan realm? Strong man? You are simply looking for death! I will suppress you today and arrange a crime for you to break into the small world of the Holy Land! Then you will be imprisoned in the Heavenly Prison of the Holy Land and never see the light of day! Ha ha ha ha!"

Chapter 2084 The bottom floor of the training tower

boom!

The moment the guardian elder finished speaking, he took action fiercely.

This guardian elder possesses the perfect cultivation level of the tenth level of Hunyuan Realm.

Very powerful!

The moment he took action, the terrifying momentum blew away the sword soul and the flower fairy who were the first to be hit.

"Too strong!"

"This is a strong man from the older generation, and we, the younger generation, can't resist it!"

Both Sword Soul and Flower Fairy looked extremely frightened and angry. .???.??

"I'll fight him!"

Ye Feng roared loudly at this time, and his whole body suddenly burst out with an extremely terrifying aura.

"Red Python Giant Sword!"

A huge long sword appeared in Ye Feng's hand and slashed directly forward.

Boom! !

Suddenly, a terrifying and huge sword light surged out from the body of the long sword, filled with a heart-stopping aura of destruction, erupting with terrifying destructive power.

"The Sky-Tearing Giant Claw!"

At this time, the guardian elder roared. He stretched out a hand, and that hand suddenly turned into a huge, pitch-black claw. The surface looked like it was made of steel, and it looked full of extreme energy. Terrible feeling of solidity.

"when!!"

The giant sword and the giant black claw collided high in the sky, and an earth-shaking roar erupted in an instant.

The two are evenly matched.

This guardian of the elderly is obviously not a human race, but an extremely powerful alien race of birds. The black giant claws transformed into his palms are very strong and can actually go head-to-head with Ye Feng's extremely powerful Hedao realm-level red python giant sword. Don't fall behind.

At this time, the guardian elder stared at Ye Feng, who was not far away, laughed and said loudly: "Your most powerful weapon is this powerful soldier, but your red python giant sword is not effective against me. Can't cause any harm!"

The guardian elder continued to take action at this time, and the whole person turned into a huge bird beast, flying high in the sky, with two wings covering the sky and the sun, and suddenly it grabbed Ye Feng below, its claws were like Like criss-crossing swords, it is full of terrifying power and a sense of sharpness, which is simply fast and fierce.

This kind of attack is extremely terrifying. It is torn from the sky in an instant, as if it can tear the entire earth into pieces. It has the energy and lethality to destroy the world, which makes everyone present feel deeply. Feelings of suffocation and powerlessness.

"You will die with this claw!"

At this time, the guardian elder let out a cruel laugh from the bird's mouth.

But now faced with that terrifying attack.

Ye Feng's expression suddenly calmed down.

He instantly activated the ancient divine ring.

"Boom boom

boom....."

A series of dazzling halos appeared around Ye Feng, crazily boosting Ye Feng's power.

When Ye Feng's strength increased to its peak state, his eyes were full of wildness and ferocity, and he shouted directly: "Seal of Mountains and Rivers!!"

This is a very powerful and fierce attack technique.

It is an ancient vision attack technique!

"Boom!"

Almost at the moment Ye Feng cast it, a majestic and boundless mountain suddenly appeared in his hands. The mountain was surrounded by long rivers, forming a terrifying mountain and river seal, filled with an unparalleled sense of oppression and depression.

"Rumble..."

The terrifying Mountain and River Seal was bombarded and suppressed in an instant. Ye Feng simply used his most powerful energy at this moment to perform this set of Mountain and River Seal attack method.

"Boom!"

The entire sky was suddenly shrouded in an extremely terrifying light of chaos and destruction.

The entire field suddenly erupted with a huge and earth-shattering roar.

It resounded throughout the whole world!

"Ye Feng is too strong!"

At this time, Sword Soul and Flower Fairy, who were watching the battle not far away, had eyes full of horror.

Although Sword Soul and Flower Fairy are the second and third in this outer sect competition.

At this time, when they saw the terrifying battle at high altitude and the terrifying aftermath of the battle, they all understood in their hearts that the gap between them and Ye Feng was really too big.

Although their cultivation levels may be similar, the gap in actual combat power is still huge.

The sword soul's eyes were extremely solemn and he said aloud: "If I can master the invisible sword after ten years of study, I might be able to fight Ye Feng."

Hua Xianzi said solemnly: "Perhaps Ye Feng can really rival Xiao Tianshen in the future!"

At this moment, the two amazing Holy Land geniuses gave Ye Feng great praise in his heart.

This is not easy.

"Boom!"

Suddenly at the next moment, a huge roar broke out in the sky.

A very embarrassed figure suddenly fell from the sky.

That turned out to be the guardian elder!

At this time, the guardian elder looked quite embarrassed.

The clothes all over his body were broken into pieces and stained with bright red blood. It was obvious that he had suffered heavy injuries.

At this time, Ye Feng saw the chaotic battlefield from high altitude.

He stepped out with a thousand rays of light all over his body. He looked like a young god, full of unparalleled momentum and power. He looked down upon the world and was invincible!

This is an unstoppable terrifying momentum!

The guardian elder looked at the image of Ye Feng in the sky at this moment. At this moment, he felt like he was facing a god, with a trembling and frightened feeling.

"How can this human boy be so powerful?"

The guardian elder was filled with deep shock.

"Boom"

At this time, Ye Feng didn't hesitate at all. He rushed down from the sky and hit the guardian elder with a punch. ??

"Pfft!"

Ye Feng's Chaos Body was extremely powerful. At this time, he punched the guardian elder, directly punching through the guardian elder's abdomen, and a bloody hole appeared directly. It looked extremely tragic.

"ah!!"

The guardian elder's old face immediately showed an expression of extreme pain, and he let out an earth-shattering scream.

At this time, the sword spirit suddenly reminded in the distance: "Ye Feng! Don't be impulsive! The status of the guardian elder is extraordinary! You can't just kill him!"

Ye Feng's eyes were extremely cold at this time, as if he wanted to suppress his murderous intention.

But at this time, the guardian elder suddenly said: "Young Ye Feng! How dare you hurt me so badly today! I must make it difficult for you!!"

The murderous intention that Ye Feng wanted to suppress suddenly burst out again after hearing these words: "Since you want to die, then I will help you!"

Boom!

Ye Feng punched out, directly smashing the guardian elder's head into pieces.

Bang!

The headless corpse of the guardian elder collapsed and died on the spot!

"hiss!"

Sword Soul and Flower Fairy not far away couldn't help but gasped when they saw this scene.

They did not expect that Ye Feng would actually beat the guardian elder to death.

At this time, Ye Feng put the body of the guardian elder into the storage ring, looked at Sword Soul and Flower Fairy not far away, and said, "Please keep this matter a secret for me."

Hua Xianzi's eyes were a little complicated, and she said aloud: "Sooner or later, this matter will be exposed."

Ye Feng said aloud: "After this matter is exposed, maybe I have grown to the point where I no longer fear the rules of the Holy Land."

Sword Soul heard what Ye Feng said, and heard the confidence, determination, and domineering tone in Ye Feng's tone.

Sword Soul clicked immediately

He raised his head and said: "Ye Feng, you are the first person I admire. I believe you can do it!"

Hua Fairy seemed to be infected by Ye Feng's confidence at this time. She nodded slowly, stared at Ye Feng with her beautiful eyes, and said aloud: "Balance exists among all things. Our Qingtian Holy Land has made a breakthrough like Xiao Tianshen." A balanced super person, maybe Ye Feng is the one who will maintain the balance of Qingtian Holy Land in the future."

Ye Feng heard the two talking and nodded slightly. He didn't say anything more. He just looked at the entrance of the small world and said, "Let's go in."

"good."

Sword Soul and Flower Fairy nodded one after another, and walked into the small world with Ye Feng.

Fortunately, the small world is a very remote place, and the sound of the two fighting just now did not attract anyone.

So the three people entered the small world smoothly.

They quickly found the place where the Skyfire Cultivation Tower was.

At this time, the three of them walked to the door of the Skyfire Training Tower, and then took out their respective identity tokens.

The identity token contains the imprint of the right to practice for three days.

At this moment, the moment they took out their identity tokens, the door of the Skyfire Training Tower opened automatically.

When several people saw this scene, their eyes showed excitement and they walked in one after another.

The moment Ye Feng walked into the Sky Fire Training Tower, he immediately felt an extremely abundant flame energy, spreading throughout the space of the training tower.

Even if I just take a breath, it feels like my whole body is on fire.

Sword Soul spoke out at this time: "The Heavenly Fire Training Tower has nine floors in total. This is not an upright tower, but an upside-down tower inserted into the ground. The further you go toward the underground floors, the more abundant and terrifying the energy of the Skyfire becomes. , I think I can only go to the third floor at most."

Hua Fairy said: "I estimate that I can reach the fourth floor. If I go down any further, I might spontaneously combust."

Ye Feng heard the conversation between the two at this time, and with a hint of expectation in his eyes, he walked straight towards the deepest area of the Skyfire Cultivation Tower.

Three days was a short period of time, so Ye Feng naturally wanted to get to the lowest level, because that was where the energy of Sky Fire was the most abundant, which would bring him more improvement in skills.

Sword Soul and Flower Fairy seemed to have seen Ye Feng's inner thoughts, and couldn't help but said aloud: "Ye Feng, you must act according to your ability, and don't take risks, otherwise it is very likely to spontaneously combust and damage the foundation of martial arts."

Ye Feng nodded, smiled and said to the two of them: "Then I will head towards the bottom of the Sky Fire Training Tower first, and everyone can practice separately."

Uh-huh!

The moment he finished speaking, Ye Feng jumped up and quickly headed towards the underground of the Skyfire Training Tower.

Chapter 2086 Got into big trouble

Buzz!

At this time, Ye Feng's whole body was burning with his own natal flame, emitting various colors.

Because Ye Feng's natal flame was formed by merging several powerful and special flames.

They are: Dragon Spirit Holy Fire, Extreme Cold Flame, Purple Flame Divine Fire, Heavenly Karma Fire, Dragon Flame, World-Destroying Molten Flame, and Golden Fire.

That's why the quality of Ye Feng's natal flame is so high, and it possesses extremely powerful melting power.

Of course, the powerful natal flame can also be used as a fire attribute shield to protect Ye Feng, the master, from attacks and damage from other flames in the outside world.

At this time, Ye Feng did not put on the powerful Black Rhinoceros armor that he had plundered before, because wearing metal armor like the Black Rhinoceros armor was probably of little use in resisting the terrifying Skyfire energy on the ninth level.

Only a shield that is also a flame can withstand the sky fire attack on the ninth floor to a great extent.

"Tap, step, step..."

At this time, Ye Feng walked step by step towards the ninth floor, the last floor of the Skyfire Training Tower.

Buzz!

The moment Ye Feng stepped into the ninth floor area, he immediately saw a sea of flames burning in the entire ninth floor tower space.

Even for just a moment, Ye Feng felt that his entire body was about to melt.

If it weren't for the natal flames wrapped around Ye Feng's body and the powerful Chaos Body, he would have been burned into nothingness the moment he stepped into the ninth level area.

At this moment, Ye Feng suddenly took a breath of air.

Unexpectedly, in this ninth floor, all the materialized heavenly fires were burning.

You know, in other dimensions, the air is just filled with the energy of heavenly fire.

But in this ninth level, the sky fire has directly materialized!

"This is a very powerful type of flame!"

Suddenly Emperor Chu's voice sounded in Ye Feng's mind.

Emperor Chu seemed to be quite interested, and continued: "This giant tower seems to have been built directly on the origin of this kind of sky fire, so it can be formed in the entire giant tower.

To become such a powerful sky fire energy, there is definitely a ball of sky fire origin in this ninth level! "

When Ye Feng heard what Emperor Chu said, his eyes suddenly lit up and he said: "The origin of heavenly fire? That's good! If it can be refined, then my birth flame will evolve again!"

Emperor Chu's tone was a little solemn, and he said: "Sky Fire, this is a terrifying flame from outside the territory. It is very terrifying and difficult to refine with human power. I advise you to be careful."

Ye Feng's eyes showed a hint of confidence, and he said slowly: "The Ancient Burning Heaven Technique that I have practiced is amazingly talented. It shouldn't be a problem to absorb the Heavenly Fire."

Uh-huh!

At this moment, Ye Feng rushed directly into the core area of the ninth floor.

Buzz!

He exuded powerful soul power and began to search for the source of the sky fire.

The source of heavenly fire is the most precious thing.

"found it!"

Soon Ye Feng found the location of the origin of Sky Fire.

Because the origin of heavenly fire is the point with the highest temperature.

Therefore, it is not difficult to find the location of the origin of the sky fire. You just need to find the area with the highest temperature in this space.

"Uh-huh!"

Ye Feng ducked away in an instant.

The space in front of him was filled with purple flames.

The temperature of this purple flame was so frightening that it almost burned the space and distorted it.

At this moment, Ye Feng's eyes immediately lit up with joy.

This purple flame must be the origin of heavenly fire!

"Buzz!"

Ye Feng instantly stretched out his hand.

He suddenly felt a terrifying high temperature coming over him.

His whole palm was about to melt.

"The Ancient Burning Heaven Technique!"

Ye Feng roared loudly at this time, instantly activating the Ancient Burning Heaven Technique.

His entire palm suddenly erupted into an extremely terrifying flame absorbing energy, enveloping the entire source of Heavenly Fire.

"Rumble..."

Almost at this moment, Ye Feng immediately felt that a terrifying power of flames was being injected into his body.

At this moment, Ye Feng quickly ran the Ancient Burning Heaven Technique, frantically absorbing and integrating the origin of this heavenly fire.

"Buzz buzz!"

Ye Feng could feel that the quality of his natal flame was rapidly improving and growing.

Third level primary level!

Third-grade mid-level!

Third level high level!

The third level of success!

Finally, the origin of the Sky Fire was completely smelted successfully.

Ye Feng immediately discovered that his natal flame had another flame color.

At this time, Ye Feng immediately felt that his natal flame had grown to an extremely terrifying level.

"Third-grade Dacheng!"

"From now on, my fire ability can be regarded as a very powerful attack card."

At this moment, Ye Feng's eyes were extremely bright and he was very excited.

But at this time.

"Buzz!"

Suddenly, the energy aura of Sky Fire in the entire Sky Fire Cultivation Tower was quickly dissipating.

It disappeared in an instant.

"The Skyfire energy in the entire Skyfire Training Tower dissipated quickly!"

Ye Feng's eyes were startled.

He knew that it must have been caused by his plundering and smelting the origin of the sky fire.

Because the Heavenly Fire Cultivation Tower, a holy land for cultivation, mainly relies on the source of Heavenly Fire to maintain the energy in the entire giant tower.

"I have to go quickly!"

Ye Fengqian

The consciousness felt that he might have caused a big disaster and directly destroyed the Skyfire Cultivation Tower.

At this moment, Ye Feng immediately rushed to the Skyfire Training Tower.

Soon Ye Feng arrived at the fifth floor and found that Hua Fairy was practicing there.

Ye Feng did not interrupt and continued upward.

In the fourth floor, the sword soul is practicing there.

Ye Feng didn't bother him either.

Continue straight up and come to the first floor.

At this moment, Ye Feng stood directly at the entrance of the Skyfire Training Tower, pretending to be waiting for his friend.

After a while.

Uh-huh!

Suddenly, an old man dressed in white descended from the sky.

At this time, the old man in white should be the guardian of the Skyfire Cultivation Tower.

The old man in white seemed to have noticed something. He arrived at this moment, looked at Ye Feng, and asked aloud: "Who are you and what are you doing here?"

Ye Feng quickly replied: "My disciple is called Ye Feng, and he is among the top three in this outer sect competition. This time I came to the Sky Fire Training Tower to practice with my fellow

disciples Sword Soul and Hua Xianzi. Now Three days have passed and I came out early, waiting for the two of them."

When the old man in white heard what Ye Feng said, he suddenly nodded and said: "I see, you continue to wait here, I will wake up your senior brothers and sisters, and explore the changes in the Skyfire Cultivation Tower."

Ye Feng pretended to be surprised and couldn't help but ask: "Mutation? What's the mutation in this holy land of cultivation?"

The old man in white seemed to feel that he had let something slip. After all, this kind of secret change had nothing to say to an ordinary disciple.

The old man in white said quickly: "It's nothing. This kind of thing is not something that a young disciple like you who has just been promoted to the inner sect can inquire about."

Uh-huh!

After finishing speaking, the old man in white jumped up and directly entered the Skyfire Cultivation Tower.

Ye Feng looked at the retreating figure of the old man in white and breathed a sigh of relief. It seemed that the caretaker elder would not doubt him anymore.

Chapter 2087 Frost City

In less than a moment, Sword Soul and Flower Fairy also walked out of the Skyfire Training Tower.

They saw Ye Feng already standing outside, and their eyes suddenly looked a little surprised.

The flower fairy, with her graceful figure, came over and said with a smile: "Ye Feng, you practice really fast."

Ye Feng said with a smile: "I just feel that the time is almost up and there is no use in continuing to practice for a few minutes. It is better to come out first."

Just when a few people were discussing. .??.

Uh-huh!

The guarding elder just now walked out of the Skyfire Cultivation Tower.

There was a hint of confusion on his face, and he seemed to be confused as to why the Skyfire energy in the Skyfire Cultivation Tower was rapidly depleting.

When Ye Feng saw this scene, his eyes suddenly moved.

It seemed that the guarding elder did not dare to enter the deepest ninth floor of the Skyfire Cultivation Tower to investigate the situation.

So he probably didn't know that the source of the heavenly fire on the ninth level had disappeared.

Ye Feng immediately said to Sword Soul and Flower Fairy: "Let's leave quickly. I feel that the caretaker elder is a little unhappy."

Sword Soul also nodded, feeling that the guarding elder seemed to be in a somewhat abnormal mood.

Hua Xianzi whispered: "Is this guardian elder also a member of the Gods Association?"

At this time, the three of them made guesses and left the Skyfire Training Tower one after another.

Soon they walked out of the small world and returned to the main area of Qingtian Holy Land.

On the way, Ye Feng asked Sword Soul and Flower Fairy beside him and said, "What are your plans next?"

Sword Soul said aloud: "I should go to the center of the Alliance Land, the capital of the Kingdom of Frost, Frost City."

Hua Fairy's eyes were a little surprised at this time. She stared at the sword soul and couldn't help but said: "Have you really decided to go to Frost City? Are you going to participate in the underground arena? That is a very dangerous place, and the people there are... No matter what kind of Holy Land disciple you are, if you are not careful, you may be brutally killed."

When Ye Feng heard the two mentioning Frost City, the capital of the Kingdom of Frost, he couldn't help but said, "Frost City? Underground arena? What is that?"

Sword Soul's eyes showed a rare hint of excitement at this time, and he said aloud: "There is a very huge underground arena in Frost City. Entering the underground arena, you can participate in all kinds of fighting. Your opponent may be Disciples of other big forces, members of big families, or ruthless wandering warriors and mercenaries, or even some terrifying killers, all engage in various terrifying fights with other strong men in underground arenas. If they can If you win in the underground arena, you can obtain very precious treasures, or various priceless rarities, etc."

Ye Feng's eyes suddenly lit up when he heard what Sword Soul said, and he couldn't help but said, "If you put it that way, I'm quite interested in this kind of place."

When Sword Soul heard what Ye Feng said, he immediately became quite excited and said: "Yeah, I also think that this kind of place can definitely greatly improve our cultivation and ability, as well as the understanding of life and death fighting. It is of great benefit to our martial arts practice."

At this time, Ye Feng patted Sword Soul on the shoulder and said loudly: "When you are going to Frost City, remember to inform me and I will go with you. I also need to improve my overall strength as soon as possible so that I can compete with him. Gods do this

The behemoth confrontation. "

Sword Soul's eyes were full of fighting spirit, and he smiled and said: "Okay!"

At this time, the Flower Fairy said with a smile: "You boys like to take risks and fight. It's too bloody. I'd better stay in the holy land and contemplate my world of flowers."

The three of them talked and laughed and walked towards their respective residences.

After Ye Feng returned to his residence, he started to retreat directly and consolidated all the breakthroughs he had made in the small world.

Three days later, Ye Feng went to look for the sword soul and wanted to ask him when he would start heading to Frost City, the capital of the Frost Kingdom in the center of the Alliance Land.

But it turned out that the sword soul was still in seclusion.

This made Ye Feng a little anxious.

Because I don't have enough time.

The Gods Association is a big mountain, but it always weighs on my heart.

At this time, Ye Feng could only prepare to go to Frost City by himself.

In a place like the underground arena, and in the Frost City, the capital of the Kingdom of Frost, the center of the four most prosperous regions, there must be countless strong people, huge rewards, and countless wealth.

So Ye Feng felt that there might be his own trial paradise.

Ye Feng took out a set of black robes from the storage spirit ring, covered himself, and then left the Blue Sky Holy Land.

Ye Feng knew that people from the Gods Association might be watching him at any time.

Therefore, when Ye Feng left Qingtian Holy Land, he naturally wanted to hide his identity and traces and leave unknowingly.

Otherwise, it would be more troublesome if the Council of Gods discovered it.

However, Ye Feng possessed the space gem, and he secretly opened a space wormhole, leading directly from his residence in the Temple of Fate to the outside of the holy land.

At this moment, Ye Feng quickly traveled through the space wormhole and arrived outside the Holy Land. No one noticed his whereabouts.

After determining a direction, Ye Feng quickly rushed in that direction.

That is the center of the Four Domains, Frost City, the capital of the Kingdom of Frost.

With Ye Feng's current cultivation level, he is very fast.

So in less than half a month, Ye Feng was about to leave the Blue Sky Territory, cross the territorial line, and come to the territory of the Frost Kingdom in the center.

At this time, Ye Feng suddenly felt a very high-level energy, which seemed to be dragon energy, dissipating throughout the world.

Although it is very thin, it is real.

Ye Feng's eyes moved, "The Kingdom of Frost is a super empire established by the Frost Dragon Clan. Sure enough, the entire vast territory of the Kingdom of Frost contains very strong dragon power. This kind of dragon power is farther away from the capital. The closer it gets, the richer it becomes."

At this time, Ye Feng's eyes showed a trace of surprise, and he immediately flew towards the capital of Frost City.

Soon, an extremely towering steel city appeared in Ye Feng's field of vision.

The city was boundlessly towering, full of monstrous momentum, and so dark that it looked like an ancient behemoth, standing on the earth, with a terrifying and boundless sense of oppression.

Ye Feng walked to the gate of Frost City. Immediately, several tall guards wearing frost armor came over. Holding the frost sword in their hands, they stopped Ye Feng and said: "Frost City is frost." No one is allowed to enter the most sacred capital of the Kingdom of God." In less than a moment, Jianhun and Hua Xianzi also walked out of the Skyfire Cultivation Tower.

They saw Ye Feng already standing outside, and their eyes suddenly looked a little surprised.

The flower fairy, with her graceful figure, came over and said with a smile: "Ye Feng, you practice really fast."

Ye Feng said with a smile: "I just feel that the time is almost up and there is no use in continuing to practice for a few minutes. It is better to come out first."

Chapter 2088 I support you

At this time, looking at the Frost City guards wearing frost armor, Ye Feng smiled slightly, took out his identity token, and said loudly: "I am a disciple of the Qingtian Holy Land, the four major areas of the Alliance."

"This is....."

Several Frost City guards saw Ye Feng's identity token and were immediately shocked.

"A disciple of the Holy Land?"

"Or an inner disciple?"

At this time, several Frost City guards suddenly looked surprised.

At this time, after confirming Ye Feng's identity, several guards in Frost City suddenly looked at each other, and then clasped their fists and said: "It turns out that he is an inner disciple of the Four Holy Lands. Please enter Frost City."

In this land of alliance, the status of the four holy places is still very high.

The four holy places are almost comparable to the royal family of the Kingdom of Frost.

So when this group of Frost City guards saw Ye Feng's identity, they all looked in awe and got out of the way. ??

Ye Feng nodded and immediately said, "Thank you."

Uh-huh!

As soon as he finished speaking, Ye Feng had already flashed into Frost City.

When Ye Feng entered the city, he immediately saw the huge city roads, traffic, busy traffic, people coming and going, and many strong men from other alien races gathered here.

Because this is the center of the four major domains and the most prosperous place.

Moreover, as the capital of the entire Kingdom of Frost God, Frost City is very prosperous and has all kinds of rare things, so it attracts many strong men of various races.

"Senior Brother Ye Feng!"

Just as Ye Feng was walking on the streets of Frost City, a very familiar girl's voice suddenly sounded.

"This voice is... the wind spirit?"

Ye Feng's eyes moved, and he immediately turned around and looked not far away.

He immediately saw a graceful and beautiful girl standing on the street corner not far away.

It's Fengling!

"Junior Sister Fengling?"

Ye Feng immediately walked over and said hello with a smile: "Why did Junior Sister Feng Ling appear here?"

At this time, Ye Feng saw two middle-aged men with stern faces standing next to Fengling. They were wearing black robes and looked full of deep coldness.

After Ye Feng approached, the two middle-aged men immediately released a very terrifying aura and locked onto Ye Feng.

Buzz!

At this moment, Ye Feng immediately felt a huge and extremely terrifying aura, and it locked onto him in an instant.

"At least they are strong ones in the Hedao realm who have surpassed the Hunyuan realm, and even those in the Control realm who have surpassed the Hedao realm!"

Ye Feng's eyes moved and he immediately became extremely surprised.

I didn't expect that Wind Spirit would be protected by such a powerful person.

These two middle-aged men should be Fengling's guardians.

At this time, Fengling also noticed the hostility of the two middle-aged men, and immediately said hurriedly: "Two uncles, there is no need to show hostility to Senior Brother Ye Feng, Senior Brother Ye Feng is my best friend!"

After saying that, Fengling walked forward directly, stretched out her small white hand, took Ye Feng's arm, and said loudly: "Senior brother Ye Feng, they are my protectors."

Taoist, he is a strong man from the Wind Temple. Don't worry, we can just talk in private. "

At this time, Fengling said, directly holding Ye Feng's arm and walking on the street.

The two super strong men from the Wind Temple behind them had a look of surprise in their eyes.

It seems that they did not expect that the little princess of their Wind Temple would be so intimate with a strange man.

But since this is the little princess's own decision, the two super powerful men from the Wind Temple will naturally not interfere or stop it.

Their duty is only to protect the safety of wind spirits.

Others, they won't ask much.

At this time, Ye Feng did not resist and allowed the beauty to hold him. He just smiled and asked: "Junior Sister Feng Ling is the little princess of the Wind Temple, right?"

Fengling immediately lowered her head slightly and whispered: "That's right, that's what they said. I don't actually think of myself as a princess. I'm just Senior Brother Ye Feng's little junior sister."

Ye Feng said with a smile: "During the last outer sect competition, Senior Fengshen helped me because Junior Sister Fengling was helping me behind the scenes. Thank you so much, Junior Sister Fengling. I never had the time or opportunity to say thank you. This time I finally have the opportunity." Thank you for the opportunity."

When Fengling heard what Ye Feng said, her face immediately turned red and she whispered: "Senior Brother Ye Feng, there is no need to thank me so much. I am most familiar with Senior Brother Ye Feng in Qingtian Holy Land. Senior Brother Ye Feng, you are in danger, I am sure I will help you, Senior Brother Ye Feng."

When he said this, Feng Ling seemed to have thought of something, and said suddenly: "But Senior Brother Ye Feng, the Association of Gods you offended is indeed a very terrifying disciple faction, and its power is very huge, even Grandpa Feng Shen , also told me that the gods will be very difficult to mess with. Not only is Xiao Tianshen very powerful, our Holy Lord of Qingtian Holy Land is also the biggest supporter behind Xiao Tianshen. So Brother Ye Feng, you must be careful. If you can and Xiao Tianshen compromised..."

"No compromise!"

Ye Feng suddenly spoke up, his tone became cold and resolute, and said: "One day, Xiao Tianshen will become the soul killed by my sword, and I will avenge my shame."

When Fengling saw what Ye Feng said, she immediately stretched out her little hand to hold Ye Feng's palm, with a firm look on her beautiful face and said, "I will always support Senior Brother Ye Feng!"

At this moment, Ye Feng smiled slightly and said: "But I know that if I want to surpass Xiao Tianshen and compete with the top geniuses in the four major domains like Xiao Tianshen, I still need a long time to grow, so this time I came all the way here. The purpose of this Frost City is to enter the underground arena, fight against all kinds of ferocious opponents, and hone one's combat experience and martial arts will. And I heard that every time you win a battle, you can get a huge reward. gold reward."

When Fengling heard what Ye Feng said, her beautiful eyes suddenly showed a trace of surprise, and said: "Brother Ye Feng, are you going to fight in the underground arena? It is very dangerous there! It is said that the mortality rate is very high, because underground. The fighting in the arena was completely brutal."

Ye Feng's eyes were firm and he said loudly: "I need to obtain huge amounts of wealth and resources to improve my cultivation. The gap between me and Xiao Tianshen is too big. I can only make up for it through this kind of adventurous means and ways. gap."

Feng Ling bit her white teeth and hesitated before saying, "Senior Brother Ye Feng, I will support you! I have a lot of wealth, and even the Wind God Temple listens to my words."

Ye Feng's eyes were stunned, and he stared at the beautiful girl next to him. He said with some laughter and tears: "Junior Sister Fengling, there is no need to be like this. I will definitely go to the underground arena. What I want, I can get through my own efforts." This. At that time, looking at the Frost City guards wearing frost armor, Ye Feng smiled slightly, took out his identity token, and said loudly: "I am a disciple of the Qingtian Holy Land in the four major areas of the Alliance."

"This is....."

Several Frost City guards saw Ye Feng's identity token and were immediately shocked.

"A disciple of the Holy Land?"

"Or an inner disciple?"

At this time, several Frost City guards suddenly looked surprised.

At this time, after confirming Ye Feng's identity, several guards in Frost City suddenly looked at each other, and then clasped their fists and said: "It turns out that he is an inner disciple of the Four Holy Lands. Please enter Frost City."

In this land of alliance, the status of the four holy places is still very high.

The four holy places are almost comparable to the royal family of the Kingdom of Frost.

So when this group of Frost City guards saw Ye Feng's identity, they all looked in awe and got out of the way.

Ye Feng nodded and immediately said, "Thank you."

Uh-huh!

As soon as he finished speaking, Ye Feng had already flashed into Frost City.

When Ye Feng entered the city, he immediately saw the huge city roads, traffic, busy traffic, people coming and going, and many strong men from other alien races gathered here.

Because this is the center of the four major domains and the most prosperous place.

Moreover, as the capital of the entire Kingdom of Frost God, Frost City is very prosperous and has all kinds of rare things, so it attracts many strong men of various races.

"Senior Brother Ye Feng!"

Just as Ye Feng was walking on the streets of Frost City, a very familiar girl's voice suddenly sounded.

"This voice is... the wind spirit?"

Ye Feng's eyes moved, and he immediately turned around and looked not far away.

He immediately saw a graceful and beautiful girl standing on the street corner not far away.

It's Fengling!

"Junior Sister Fengling?"

Ye Feng immediately walked over and said hello with a smile: "Why did Junior Sister Fengling appear here?"

At this time, Ye Feng saw two middle-aged men with stern faces standing next to Fengling. They were wearing black robes and looked full of deep coldness.

After Ye Feng approached, the two middle-aged men immediately released a very terrifying aura and locked onto Ye Feng.

Buzz!

At this moment, Ye Feng immediately felt a huge and extremely terrifying aura, and it locked onto him in an instant.

"At least they are strong ones in the Hedao realm who have surpassed the Hunyuan realm, and even those in the Control realm who have surpassed the Hedao realm!"

Ye Feng's eyes moved and he immediately became extremely surprised.

I didn't expect that Wind Spirit would be protected by such a powerful person.

These two middle-aged men should be Fengling's guardians.

At this time, Fengling also noticed the hostility of the two middle-aged men, and immediately said hurriedly: "Two uncles, there is no need to show hostility to Senior Brother Ye Feng, Senior Brother Ye Feng is my best friend!"

Chapter 2089 Underground Arena

Hearing what Ye Feng said, Fengling's beautiful little face suddenly showed a trace of shyness, and she couldn't help but said: "Okay! I believe that Senior Brother Ye Feng, you can fight against Xiao Tianshen on your own. ! What I just said was a bit abrupt, I hope Senior Brother Ye Feng won't take it too seriously."

Ye Feng laughed and said: "It doesn't matter, I know Junior Sister Fengling is also doing it for my own good."

Fengling was obviously very happy when she heard Ye Feng's compliment, with a faint look of joy on her beautiful little face.

At this time, Ye Feng asked aloud: "Junior Sister Fengling came to this Frost City, do you have anything special to do?"

Feng Ling nodded and said, "It was the old guys from the Wind Temple who asked me to come and discuss some matters with the royal family of the Frost Kingdom."

Ye Feng nodded slightly and said, "Then I'll go to the underground arena first."

Uh-huh!

The moment he finished speaking, Ye Feng left Fengling and his group and walked towards a certain direction in Frost City.

That's where the underground arena is located.

Fengling called from behind: "Senior Brother Ye Feng, I will come to you after I have settled the matter."

"good."

Ye Feng nodded, and his back disappeared at the end of the street in the distance.

Ye Feng easily found the entrance to the underground arena based on listening to the discussions of people around him.

This is a very huge castle-like entrance.

There were two big men with fierce eyes at the door. They blocked Ye Feng's way and said, "Are you a newcomer?"

Ye Feng looked at the two big men, nodded and said loudly: "Yes, this is my first time coming to Frost City and this underground arena. Why, can't I enter?"

A fierce man carefully observed Ye Feng, shook his head and said: "Looking at your ordinary appearance, it's better not to enter. Our underground arena requires at least a Star Sea Realm warrior to be eligible to enter."

"Star Sea Realm?"

Ye Feng's eyes flashed, he smiled and said: "I have already surpassed the Star Sea Realm and am already at the third level of the Hunyuan Realm."

boom!

The moment Ye Feng finished speaking, a huge and boundless cultivation aura suddenly erupted from his body.

"Deng Deng Deng!"

"Deng Deng Deng!"

The two big men guarding the door were instantly shocked by the violent momentum and couldn't help but take several steps back.

"It is indeed the Hunyuan realm!"

"Such a young Hunyuan realm master!"

The eyes of the two big men suddenly changed, revealing expressions of surprise.

Then they quickly clasped their fists and said, "You can enter, adults!"

After saying that, the two big men immediately moved out of the way.

At this time, Ye Feng suddenly asked: "By the way, I just want to ask you two about some rules of this underground arena. Please tell me some basic rules."

A big man immediately replied respectfully: "I'd like to inform you, sir, the rules of the underground arena are actually very simple. After entering the underground arena, you can choose any arena and fight on stage. There will be countless spectators around, and they will give orders to both parties." Bet, whoever wins will get a 10% profit bounty of all bets!"

When Ye Feng heard this, his eyes suddenly lit up.

Ten percent profit bounty on all bets!

This is a huge amount of wealth!

At this moment, Ye Feng walked into the entrance of the underground arena without any hesitation.

After passing through the entrance, Ye Feng immediately saw

A huge underground building. ,

It's like a city built upside down in the underground space.

Very magnificent.

He looked extremely domineering.

At this time, Ye Feng walked directly towards the core area of the underground city.

According to the two strong men who guarded the gate before, the most popular arenas were built in the central core area of the underground city.

"Ye Feng, I didn't find you in the Holy Land before, but I didn't expect you to have come to the underground arena of Frost City. I thought you were going on a sect mission alone."

Suddenly at this moment, a very familiar voice sounded not far away.

"Senior Brother Sword Soul?"

Ye Feng looked not far away, and immediately found Jianhun standing not far away, greeting him with a look of surprise in his eyes.

Ye Feng walked over and found that there was a graceful and beautiful young woman standing next to Jianhun. Her body exuded a faint cold air, giving people a lonely aura.

Sword Soul immediately introduced: "Ye Feng, let me introduce to you. This beautiful woman is called Princess Longling. She is a descendant of the royal family of the Frost God Kingdom. She belongs to the Frost Dragon clan. Her talents and cultivation are very high. Very powerful."

Ye Feng smiled slightly and said: "It turns out that he is a descendant of the royal family of the Kingdom of Frost. It's a pleasure to meet him."

Princess Longling saw that Ye Feng was very young and called Jianhun "Senior Brother Jianhun", so she subconsciously felt that Ye Feng might just be an ordinary inner disciple of Qingtian Holy Land.

The female disciple of the royal family of the Kingdom of Frost just smiled and said, "Nice to meet you."

Seeing Princess Longling's coping answer and her slight sense of loneliness, Ye Feng didn't care and was relatively indifferent to it.

\u003c

br\u003e After all, they are not familiar with each other, just because they all know Sword Soul, so they are familiar with each other, and they probably won't have any intersection.

At this time, Sword Soul looked at Ye Feng and suggested: "Ye Feng, let's go to the fighting arena together, we just have a companion."

Ye Feng nodded and said: "Okay, Brother Jianhun, you have been to this kind of underground arena before and are quite experienced. I just happen to be with you to see what's going on."

The three of them walked directly towards a huge arena and stood nearby.

At this time, two Hunyuan realm masters with similar cultivation levels were fighting and fighting rapidly in the arena. Their methods were quite bloody and cruel, and their moves were almost fatal.

The sword soul sighed and said: "In this underground arena, kindness to the enemy is cruelty to oneself. You must fight with others as if you are fighting to the death! Because in this underground arena, although the rules are not Kill the opponent directly, but if you accidentally kill the opponent, there will be no consequences, everyone is used to it. "

At this time, Ye Feng nodded slightly. He also saw that the battle in this underground arena was much more cruel than the so-called outer sect competition in Qingtian Holy Land.

"Princess Longling!"

Suddenly a surprised voice came from not far away.

Ye Feng and the others looked not far away, and immediately saw a group of guards wearing golden armor, surrounded by a young man wearing luxurious clothes, walking quickly over not far away.

"The son of Mad Knife Marquis, the young Marquis Duan Mo."

Sword Soul's eyes moved, and it was obvious that he knew many dignitaries in Frost City, the capital of the Frost Kingdom, very well.

At this moment, Duan Mo, the young prince of Mad Sword Marquis, came in front of a few people and saw two young men standing very close to Princess Longling. Duan Mo's eyes suddenly turned gloomy. .

Chapter 2090 Contempt

Duan Mo, the young prince of the Crazy Sword Marquis, was escorted by a group of guards and walked up to the three of them.

In an instant, he saw the other two men standing next to Princess Longling, Ye Feng and Jianhun.

In the eyes of the young marquis Duan Mo, Princess Longling has always been a forbidden favorite in his heart, and he does not allow others to interfere, or even stand close to her.

The young marquis Duan Mo has a strong desire to control Princess Longling.

So at this moment, Duan Mo saw Ye Feng and Jianhun standing next to Princess Longling. He immediately said with a cold look in his eyes: "Who are you two?"

Sword Soul knew that the other party's identity was extraordinary. At this moment, he clasped his fists slightly and said with a trace of respect: "I, Sword Soul, am an inner disciple of Qingtian Holy Land. I have heard of Duan Mo's name for a long time. "

At this moment, Duan Mo saw the respectful expression of Sword Soul in his words, and he couldn't help but feel a sense of contempt for Sword Soul in his heart.

Because he feels he is very noble.

So at this time, Mo just said lightly: "Sword Soul? A disciple of Qingtian Holy Land, right? I advise you to stay away from Princess Longling and don't cause trouble for yourself."

Shi Mo's words at this time had a rather conceited tone.

This made Jianhun feel a little unhappy.

He originally talked to the young marquis in a flattering manner.

But he didn't expect that the other party would be so shameless, and instead began to despise himself.

Sword Soul's eyes immediately became a little cold, and he couldn't help but say: "Little Marquis, Princess Longling and I are very good friends. It seems a little too bad for you to say this."

"Um?"

Duan Mo's face suddenly darkened at this moment. He stared at the sword soul and said loudly: "Who are you? A common person from the Blue Sky Holy Land."

Tong disciple, how dare you talk to a noble like me like this? It's so presumptuous! I tell you to stay away from Princess Longling, then you must be obedient! Get out of here! "

Boom!

Duan Mo's body suddenly burst out with an extremely powerful aura!

That is a powerful cultivation level at the Great Perfection level of the tenth level of Hunyuan Realm!

"Bang!"

The sword soul didn't even react. It was directly blown away by Duan Mo's huge martial arts aura and fell to the ground. He vomited blood and was extremely embarrassed.

Obviously, although this Duan Mo is a playboy-like young prince, his own cultivation strength is still very strong. He actually has the cultivation level of the tenth level of Hunyuan Realm. Even in the Blue Sky Holy Land, he is considered A master in the inner sect.

At this time, Princess Longling's expression changed and she couldn't help but said: "Duan Mo! How dare you attack my friend directly?"

Duan Mo smiled coldly and said: "What a bullshit friend. Such a weak and humble ant-like existence is not worthy of standing next to you, nor is he worthy of being your friend."

"hateful....."

Sword Soul's face was very ugly at this time, because this Duan Mo is the young prince of the Crazy Sword Marquis in the capital of the Kingdom of Frost God. He is a noble-like existence. The background of the marquis's family must be very deep, so he has it at such a young age. Such a powerful strength may have been accumulated by using some very precious treasures of heaven, materials and earth.

It is much higher than Sword Soul from the starting point.

Therefore, his cultivation is simply crushing the sword soul.

At this time, Duan Mo continued to look at the remaining person,

It was Ye Feng.

At this time, the young prince of the Crazy Blade Marquis stared at Ye Feng and said coldly: "What are you still looking at? If you don't hurry up and get out of the way, your senior brothers have been knocked away by me casually. You still If you don't hurry up and get out of here, you may be seriously injured if I take action."

At this time, Ye Feng showed an extremely cold smile and said loudly: "Young master of the Crazy Sword Marquis, right? You pose no threat to me at all. Why should I leave? If you dare to I will take action and I will let you know what regret is."

Duan Mo's eyes widened when he heard what Ye Feng said, as if he didn't expect that Ye Feng, an ordinary disciple of the small Blue Sky Holy Land, would say such arrogant words.

Duan Mo stared at Ye Feng, his eyes full of coldness and murderous intent, and said loudly: "You are simply too courageous and extremely evil, so I will teach you a lesson and let you know This is

not the Holy Land of Blue Sky where you are, but the Frost City, the Kingdom of Frost God. This is my territory!"

Boom!

In an instant, Duan Mo stretched out his hand to grab Ye Feng, with a cruel smile in his eyes, as if he had already seen him squeezing Ye Feng to death with one hand.

Because Ye Feng's cultivation level is a little lower than that of Sword Soul.

Therefore, in the eyes of Duan Mo, the young prince, Ye Feng is easier to deal with than Sword Soul.

So at this time, Duan Mo took action very casually, just grabbing it with one hand. There was a strong energy in the air, which could crush anything.

"enough!"

But before Ye Feng could take action, the beautiful figure of Princess Longling suddenly stood in front of Ye Feng, staring at Duan Mo who was coming towards him, and said loudly: "Duan Mo! They are all my friends! You can't do this!"

Duan Mo smiled coldly

, said aloud: "Princess Longling, your status is noble and you should not be with these weak ants."

After Duan Mo finished saying this, he looked directly at Ye Feng behind Princess Longling, with a sarcastic smile on his face, and said loudly: "Don't hide behind women if you have the guts."

Ye Feng smiled indifferently, and suddenly walked towards the arena behind him, and said loudly: "Come to the arena with me. Fighting in private is meaningless. If you have the guts, just go to the arena."

There is a way to go directly to the arena!

At this time, Ye Feng's words were full of endless domineering power, which made several people present slightly stunned.

Duan Mo burst out laughing: "Okay! Since you want to die, I will help you!"

At this time, Princess Longling looked at Ye Feng, who was walking towards the arena, and couldn't help but exclaimed: "Ye Feng, you are no match for Duan Mo. Don't go to the arena, don't I was angered by Duan Mo's provocation!"

Ye Feng turned around slightly at this time, looked at Princess Longling, and said with a smile: "I was not angered by Duan Mo's provocation. I just wanted to beat Duan Mo to death, so I just Can go to the arena."

"you....."

Hearing Ye Feng's seemingly arrogant words, Princess Longling immediately fell silent. She felt that this friend she had just met seemed to be overestimating his abilities. Princess Longling was so angry that she didn't want to say anything more.

At this time, Sword Soul walked to Princess Longling and said with a smile: "Princess Longling, please don't underestimate me, Junior Brother Ye Feng, he is our Qingtian Holy Land outer sect competition. First, if you dare to challenge the gods, let's just watch the show."

Sword Soul knows very well that although Ye Feng's cultivation seems to be a little low, his true combat power is terrifying to the extreme!
