Chapter 2091 The Paradise of Cultivation

At this time, Ye Feng was already standing in the huge arena.

At this time, Duan Mo also walked up.

The young Marquis of Crazy Blade Marquis looked at Ye Feng with deep sarcasm in his eyes, and said loudly: "I don't understand where you got the courage to fight me directly here. Meet on the field."

Ye Feng smiled coldly and said aloud: "I have the courage brought by my strong strength. No need to talk nonsense, let's just fight."

Just when Ye Feng and Duan Mo had just entered the arena to prepare for the battle.

A lot of spectators have gathered around.

Many people can't help but start betting.

They sensed the martial arts aura emanating from the two people on the field.

One is the third level of Hunyuan Realm.

The other is the Great Perfection of the Tenth Level of Hunyuan Realm!

"Why are these two people fighting in the arena? Isn't that boy from the third level of Hunyuan Realm looking for death?"

"This battle is really strange!"

At this time, the audience below began to place bets one after another.

Almost 90% of the bets were on Duan Mo.

Because as long as there is no problem with their brains, they will basically think that Duan Mo will definitely win.

Because Duan Mo has a powerful cultivation level in the tenth level of Hunyuan Realm.

So almost all the bets were on Duan Mo.

At this time, Ye Feng didn't care who the people around him were betting on to win.

Because no matter who the bet is on, those who participate in the battle can get 10% of the profit of the entire bet as long as they win.

So at this time, Ye Feng looked directly at Duan Mo who was not far away, and said slowly: "You take action, otherwise you will not have the chance to take action later."

"Arrogant!"

Duan Mo's eyes showed a cruel look at this time, and he said aloud: "Ye Feng, although you are a disciple of Qingtian Holy Land, but in this underground arena, you do not have any aura of identity as a so-called Holy Land disciple. Your strength If you are not as strong as me, even if I kill you here, the Blue Sky Holy Land will not hold me accountable, because the underground arena of Frost City is a cruel and bloody place without any rules."

Ye Feng smiled indifferently and said: "This is what I want to say to you, because there will be no consequences if I beat you to death!"

"presumptuous!!"

Duan Mo shouted loudly. At this time, he finally couldn't bear it anymore. In an instant, he burst out with the extremely powerful cultivation aura of the tenth level of Hunyuan Realm. A golden long sword appeared in his hand. He attacked Ye Feng with a frenzied attack.

Duan Mo is the son of Kuang Dao Hou, who is famous all over the world for his crazy sword.

Therefore, Duan Mo's sword skills are also extremely powerful. The moment he used the sword, the entire arena was filled with thousands of golden sword shadows, full of unparalleled cutting ability and destructive power, which could directly destroy the entire arena. Chopped. \u003c

"Great Seal of Mountains and Rivers!!"

Ye Feng also roared loudly at this time, and released an extremely powerful secret attack technique in an instant.

"Boom!"

Suddenly, a huge mountain and river phenomenon appeared in front of Ye Feng, full of unparalleled pressure and heaviness. In an instant, he was pushed out by Ye Feng and bombarded forward.

"Boom!!"

A terrifying roar erupted instantly.

It resounded throughout the underground arena!

The countless golden sword lights that Duan Mo slashed were simply unable to withstand the majestic and vast mountain and river seals.

The Great Seal of Mountains and Rivers pushed out by Ye Feng was like the wheel of history, capable of crushing everything. It crushed all the thousands of swords and shadows, and then the Great Seal of Mountains and Rivers struck hard in front of Duan Mo. .

"boom!!"

A terrifying force burst out in an instant, blasting Duan Mo away.

"puff!"

At this time, Mo immediately spurted out a mouthful of blood in mid-air, and his entire chest was slightly sunken, obviously suffering heavy injuries.

"What?!"

Under the arena, Princess Longling saw this scene with deep horror in her eyes.

Originally, Princess Longling felt that Ye Feng introduced by Sword Soul was just a very ordinary inner disciple of the Blue Sky Holy Land.

But at this time, Ye Feng's terrifying combat power shocked the entire audience in an instant.

Even Princess Longling suddenly understood at this time that she had really made a mistake.

This Ye Feng is an unfathomable guy!

"What?"

"Defeated all at once?"

At this time, the faces of many spectators who were placing bets became very shocked for a moment, and then became extremely angry.

Because they almost all bet on Duan Mo to win.

But now Duan Mo lost so quickly.

All their bets will be lost!

But the one who was most shocked and angry at this moment was Duan Mo.

He struggled to get up from the ground, his expression full of deep shock. It seemed that he had never expected that such a powerful cultivation level would lead to such a tragic defeat in the end.

At this time, Duan Mo stood up suddenly, with layers of golden sword light emerging from his body, which seemed to be stimulating some special secret technique. His eyes were full of cruelty, and he said loudly: "I don't believe you are so Powerful! I must have been negligent! The next blow will definitely kill you!"

But before Duan Mo could finish preparing his ultimate move, Ye Feng held the giant red python sword in his hand.

It had already slashed down from high in the sky, directly smashing Duan Mo into pieces!

Before Duan Mo could even finish his words, he suddenly let out an earth-shattering scream. His whole body was split in half, and he fell to the arena, dying instantly.

Ye Feng's eyes were extremely cold at this time. Since he said he wanted to kill Duan Mo, he would naturally do it.

"Little Marquis!!"

A group of guards from the Kuangdao Hou Mansion below saw that their young prince was split in half in front of their eyes and died immediately. The guards all had deep horror in their eyes.

Then they all looked towards the arena and yelled: "Young man, how dare you kill our little marquis? What a heinous crime you are doing! How dare you do such a thing?"

Ye Feng looked at the group of guards, his eyes were extremely cold, and he said with an indifferent smile: "I dare to kill even the core members of the Gods Association, but I am just a young prince from Frost City. What is there that I dare not kill? Besides, this is Fighting in the underground arena, life and death is a common occurrence, your young prince took the initiative to fight with me in the arena, I did not force him. "

Hearing what Ye Feng said at this moment, a group of guards suddenly didn't know what to say. Their faces became extremely gloomy and they left the scene.

At this time, Ye Feng secretly put Xiao Houye Duan Mo into the storage ring, and then in the storage ring space, Ye Feng swallowed up all the blood and energy of Xiao Houye Duan Mo.

"boom!"

Ye Feng's body suddenly burst out with a breakthrough momentum.

Breaking through from the third level of Hunyuan Realm to the fourth level of Hunyuan Realm.

"good."

Ye Feng smiled and nodded slightly.

This time he came to the underground arena of Frost City. In addition to earning huge bounty rewards in the arena, his other purpose was to kill the opponent and devour the opponent's blood and energy, thereby strengthening his own skills and abilities. Cultivation.

Because Ye Feng knew very well that the underground arena was such a cruel and bloody place, there was no need for him to suppress his murderous intention.

This kind of place is very suitable for Ye Feng, it is simply a paradise for improving his cultivation.

For others, ordinary practitioners such as Sword Soul may come to the underground arena and only be able to earn rewards from bets and hone combat experience.

But for Ye Feng, who has the ability to devour, he can continue to plunder his opponent's skills and continuously strengthen his own cultivation.

At this time, Ye Feng walked down from the competition stage.

Not far away, a middle-aged man wearing a long gown walked up to Ye Feng, handed a storage ring to Ye Feng, and said with a hint of awe in his tone: "In this storage ring, The wealth he pretends to be is 10% of all bets in this battle

The profits now belong to you, my lord. "

Before, everyone seemed not to pay much attention to Ye Feng, a young man who had just stepped into the Hunyuan Realm. They all felt that Ye Feng would definitely lose.

But the result really surprised everyone.

Ye Feng actually managed to kill his opponent with such a huge gap in cultivation. It shocked everyone present and almost made their eyes pop.

Because Ye Feng's opponent is not an ordinary person, but a powerful being with the Hunyuan realm and the Dzogchen Dzogchen cultivation level.

Ye Feng still defeated him.

Moreover, the defeat was very quick and straightforward. There was no so-called entanglement or fighting at all, and the opponent was directly killed with one punch and one sword. This kind of combat power was simply terrifying to the extreme, making people feel a little unbelievable.

"This young man may be a disciple from a super big family!"

"It is also possible that they are young inheritors secretly cultivated in some holy places."

"I guess so too, otherwise it would be impossible for his cultivation and combat power to be so terrifying."

...

At this time, many people around the arena couldn't help but guess Ye Feng's true identity.

But Ye Feng didn't care at all about these speculations.

Because in this underground arena, everyone participating in the battle does not need to identify themselves.

At this time, Ye Feng Shen Nian slightly explored the storage ring in his hand, and his eyes suddenly moved.

There are nearly 10,000 divine crystals in this storage ring.

Although ten thousand divine crystals are not too many, you must know that this battle is only temporarily decided, and not many people come to watch and place bets.

But Ye Feng immediately felt it personally, the 10% betting profit was really too big.

"It seems that for the next battle I have to choose a place with a lot of people around the arena. In that case, the more people place bets, the more I will make after winning. This is a way to quickly accumulate wealth."

Ye Feng thought secretly in his heart and put the storage ring in his arms.

At this time, Sword Soul and Princess Longling who were not far away came over.

Sword Soul looked very excited, patted Ye Feng's shoulder hard, and said loudly: "Great! You helped me vent my bad breath!"

Ye Feng said with a smile: "Such an arrogant so-called noble should be killed to scare the monkeys and prevent many people from deliberately causing trouble in this underground arena."

At this time, Princess Longling, a member of the royal family of the Kingdom of Frost, revealed a hint of complexity in her beautiful eyes. She stared at Ye Feng, took a deep breath, and said aloud: "Ye Feng, I am here to solemnly apologize to you. When Sword Soul introduced you to me before, I was a little cold and rude to you. I admit that I made a mistake. Now I solemnly apologize to you!"

Chapter 2092 Challenge Area

At this time, Princess Longling apologized very sincerely, even bowing slightly to Ye Feng.

When Ye Feng saw this scene, his eyes showed a hint of surprise.

He did not expect that Princess Longling, who came from the royal family of the Frost Kingdom, would be a member of the royal family with such a good attitude.

After all, even if some people know that they have made a mistake, they rarely admit it.

It seems that Princess Longling is a good friend.

Ye Feng smiled at this time and said, "Don't worry about these details."

Princess Longling heard what Ye Feng said and seemed to see that Ye Feng had forgiven her. The princess from the royal family suddenly showed a trace of joy on her beautiful face.

In fact, the reason why Princess Longling apologized so sincerely, apart from the fact that she had made a mistake before, there was another important reason, that is, Princess Longling saw the powerful potential contained in Ye Feng.

Ye Feng's current cultivation level is actually not too high, but his combat power is so powerful.

If Ye Feng could grow to a very powerful cultivation level, how terrifying would his combat power be?

So knowing these reasons, Princess Longling was so polite to Ye Feng at this time.

Because she feels that Ye Feng will definitely become a very famous person in the entire alliance in the future.

If you can build a good relationship with Ye Feng now, it will be of great help to Princess Longling's status in the Frost God Kingdom in the future.

At this time, Jianhun saw Princess Longling's change in attitude toward Ye Feng, and immediately smiled and said: "Okay, okay, since everyone has become good friends with each other this time, it couldn't be better. We can always get together in this underground arena."

Sword Soul was very happy at this time, because his two friends were both extraordinary.

One is a disciple of the very evil Qingtian Holy Land.

The other is a member of the royal family of the Frost God Dynasty.

If nothing unexpected happens in the future, they will all become leaders in their respective fields.

At this time, Princess Longling suddenly seemed to have thought of something, and said aloud: "Ye Feng, if you kill the young prince Duan Mo on the spot, you may anger the strong men in the Crazy Sword Hou's house. Although the Crazy Sword Hou himself There are many heirs, but this Duan Mo is the one he prefers, so you may have a lot of trouble in Frost City. "

Ye Feng's face was very calm, he smiled indifferently, and said: "It doesn't matter, anyway, I don't care about causing trouble at all now, because I have already provoked many big forces, and there is no more Crazy Sword Hou." "

"Right."

Princess Longling nodded, with a slight smile on her beautiful face, and said: "Indeed, Ye Feng, you are so powerful, you even dare to kill people from the Gods Association. You really don't need to kill a Crazy Sword Lord." So concerned."

At this time, Sword Soul smiled and said: "Let's continue to move towards this underground arena. With Ye Feng's strong combat power, there is no point in this ordinary arena area. I will lead Ye Feng, go to the deepest challenge area of this arena."

Ye Feng's eyes showed a hint of surprise, and he couldn't help but ask: "Challenge area, are there any special rules there?"

Princess Longling smiled and explained: "In the challenge area, there is no need to

I am worried that no one will bet on the battle, and there is no need to choose a popular arena. In the arena in the challenge area, as long as you go up, you can continue to be challenged by others until you lose. If you can win ten games in a row, this underground The official arena will reward you with one hundred thousand divine crystals. If you win twenty games in a row, you will get two hundred thousand divine crystals. "

Ye Feng's eyes moved and he said, "If you win a hundred games in a row, will you be rewarded with one million divine crystals?"

Princess Longling nodded slightly and said with a smile: "That's what I say, but basically no one will win a hundred battles in a row, because even if they are fighting at the same level, it is impossible for anyone to last a hundred battles, every time The skill consumption of each game is very high. I remember that the winning streak in the same realm is up to seventy-eight games. It is said that it was completed by a talented royal prodigy from the Kingdom of Frost. So far, no one has been able to break the seven-game winning streak. A record of eighteen games."

Ye Feng's eyes moved at this time and he didn't say much.

Because even if they compete, they are in the same realm.

For normal people, if they want to accept a dozen or dozens of challenges at once, it is indeed impossible to persist.

At this time, Jianhun's eyes showed a hint of eagerness to try, and he said: "I just need to give it a try to see if I can challenge opponents of the same level and how many consecutive victories I can win."

At this time, the three people were chatting and walking towards the depths of the arena.

Soon they came to the challenge area.

This place is very popular, with countless warriors from all major forces, as well as various ferocious wandering warriors, mercenaries from Frost City, etc.

They are all very powerful, with great combat experience and killing methods.

These people naturally come here to get rich overnight.

When Ye Feng and the others arrived, Sword Soul could no longer hold back any longer and immediately said, "I'll go up and challenge you first to see how long I can last, just in time for you to test the wind, Ye Feng."

Uh-huh!

At this moment, Ye Feng smiled and patted Jianhun on the shoulder, and said loudly: "Okay, senior Jianhun, please go up and give it a try first, and see how many games you can win in a row."

Princess Longling also had a slight smile on her beautiful face, and said loudly: "Okay, then Ye Feng and I will watch from the sidelines. Sword Soul, you go up and test the water first."

At this time, Princess Longling seemed to be quite happy to have the opportunity to be alone with Ye Feng.

"Okay, let's see how I do."

Sword Soul said with a smile, and then walked directly towards the arena in the challenge area.

At this time, Princess Longling and Ye Feng walked to the surrounding auditorium together and sat down.

At this time, the beautiful figure of Princess Longling came slightly closer to Ye Feng. With a slight smile in her beautiful eyes, she said, "Ye Feng, how many games do you think Sword Soul can win in a row?"

Ye Feng thought for a while, glanced at the beautiful woman's face very close to him, and said loudly: "Senior Brother Sword Soul is in the sixth level of Hunyuan Realm. Relying on Brother Sword Soul's powerful talent, he has With a fighting power that is comparable to that of the eighth level of the ordinary Hunyuan Realm, I estimate that he can win about a dozen games in a row, unless the official of the arena does not want him to win so many games in a row, and secretly sends the strong men raised by the arena to go up and kill him. Its defeated."

Princess Longling glanced at Ye Feng in surprise, then nodded slightly and said, "I agree with you. By the way, I wonder if Ye Feng currently has a martial arts partner?" Princess Longling's apology was very sincere. , and even bowed slightly to Ye Feng.

When Ye Feng saw this scene, his eyes showed a hint of surprise.

He didn't expect that Princess Longling, who came from the royal family of the Kingdom of Frost, would actually be a member of the royal family with such a good attitude.

Its defeated."

Princess Longling glanced at Ye Feng in surprise, then nodded slightly and said, "I agree with you, by the way, I wonder if Ye Feng currently has a martial arts partner?"

Chapter 2093 Wild Wave Mercenary Group

At this time, Ye Feng heard Princess Longling's question and couldn't help but look stunned, as if he didn't expect that the other party would ask this question.

Ye Feng thought for a moment, and then said aloud: "I am still in a huge crisis now, so I will not consider martial arts partners for the time being, because if I have a fixed martial arts partner, it may greatly affect my training progress. In addition to this, If my martial arts partner follows me, there may be huge danger at any time, so it is better for me to be alone now. "

At this time, after hearing what Ye Feng said, Princess Longling nodded slightly, with an inexplicable look in her beautiful eyes, and said nothing more.

At this time, the sword spirits were already competing in the arena.

His first opponent was a wandering warrior from the sixth level of the Hunyuan realm, but he was quickly defeated by the sword spirit.

In the second game, Sword Soul's opponent was a disciple from a certain big family, and his skills were very powerful. The two were in a stalemate for about half an hour, and Sword Soul defeated him.

Then the third game, the fourth game...

By the tenth game, the power in Sword Soul's body was almost exhausted in the continuous battles.

But in the end, he relied on his powerful invisible sword ultimate attack to defeat the opponent.

"If you win ten games in a row, you can already get one hundred thousand divine crystals!"

At this time, Princess Longling in the audience smiled and said.

But at this time, Sword Soul did not stop and went directly to the eleventh battle.

In the eleventh game, his opponent was a bald man with the eighth level of Hunyuan Realm.

This bald man was wearing slightly tattered armor and holding a huge steel ax in his hand. He looked very majestic and ferocious.

"Boom!"

An extremely fierce fight broke out between the two in the arena.

But after all, the sword soul's power was severely exhausted, and it was directly chopped away by the bald man's axe, and fell hard on the arena.

At this time, Sword Soul immediately struggled to stand up and said: "I surrender."

At this time, Sword Soul was unwilling to fight any longer because his power was almost exhausted.

"Admit defeat?"

Suddenly at this time, the bald man suddenly revealed a cruel smile in his eyes, and said loudly: "It's too late to admit defeat now. You defeated several brothers in our Wild Wave Mercenary Group before, and you didn't lose any face at all." Give it to us, so now I can only kill you directly to scare the monkeys and see who dares to be so rude to our Wild Wave Mercenary Group in the future!"

boom!

At this time, the bald man held the giant steel ax in his hand, and instantly struck in front of the sword soul, directly slashing down with the axe. It was full of unparalleled destructive power and impact, and could smash everything.

When Sword Soul saw this, his eyes suddenly changed.

Because he felt that this bald man wanted to kill him directly.

"you.....!"

The sword spirit's eyes were extremely frightened and angry.

I didn't expect that the other party would be so unruly.

"Boy, go to hell!"

The bald man yelled immediately, his eyes filled with a cruel smile.

"Uh-huh!"

But suddenly at this moment, a figure of a young man in white clothes suddenly appeared in front of the sword soul and blocked the sword soul.

"boom!"

He looked at the giant steel ax that was slashing down from high in the sky, and simply stretched out a hand.

"when!"

And at the next moment, what shocked countless people in the audience was that the young man in white clothes Sheng Xue caught the steel giant ax that was smashing down with one hand without moving at all.

"What?!"

When the bald man saw this scene, his eyes widened immediately, as if he had seen a ghost.

"How is it possible to have such a strong body?"

Countless spectators in the surrounding auditorium saw this scene, and their eyes were filled with deep shock.

"What a fierce body!"

At this moment, Princess Longling in the audience saw this scene, and her beautiful eyes showed a hint of excitement.

The young man in white clothes standing in front of the sword spirit at this time is naturally Ye Feng!

Ye Feng turned his head slightly at this time, looked at Sword Soul behind him, and asked aloud: "Senior Brother Sword Soul, are you okay?" ??

Sword Soul nodded immediately and said: "I'm fine, it's time for Ye Feng to perform next!"

Sword Soul is absolutely extremely confident in Ye Feng's strength.

boom!

At this time, Ye Feng nodded, then looked at the bald man in front of him, and said with a smile: "You have to be merciful and be merciful."

Saying that, Ye Feng suddenly exerted force on his palm.

"Boom! Click, click..."

At this moment, a huge force burst out from Ye Feng's palm, crushing the giant steel ax into pieces instantly.

"What....."

At this time, the bald man's eyes were full of shock.

"boom!"

The next moment, Ye Feng slapped him away, sending the bald man flying away.

"ah!!"

The bald man suddenly screamed, his whole body flew out, and his chest suddenly collapsed.

"Gululu..."

The bald man spit out blood, tilted his head, and died on the spot.

"hiss!"

"Killed to death with one punch?"

At this moment, countless people around him suddenly opened their mouths and were a little dumbfounded. It seemed that they did not expect that this boy in white who looked so young could actually possess such powerful strength.

You must know that the aura exuding from Ye Feng's body at this time is indeed at the level of Hunyuan Realm, and it is only at the fourth level of Hunyuan Realm.

"This kid must be hiding his cultivation! Otherwise, he wouldn't be so powerful!"

Suddenly at this time, everyone in the Kuanglang Mercenary Group, who was with the bald man, started to

Yell out loud.

"quiet!"

Suddenly an old man in a red robe descended from the sky and said faintly: "If his cultivation was not in the Hunyuan realm, I would have driven him out of here to challenge the arena. This young man's cultivation is indeed... He is in the fourth level of Hunyuan Realm."

This red-robed old man is the official elder of the underground arena, specializing in maintaining order.

At this time, after he confirmed Ye Feng's true cultivation level, countless people around him couldn't help but gasped.

Are you really only at the fourth level of Hunyuan Realm?

How could it have such terrifying strength?

It's simply too unbelievable!

"Uh-huh!"

And just when everyone was shocked, Ye Feng reached out and grabbed the bald man's body and put it into the storage ring. Then, the devouring power secretly swallowed up the bald man's skill and blood in the storage ring.

"Why did he collect the body of that bald man?"

At this time, many people present had surprised expressions in their eyes.

Ye Feng looked around and said: "I respect every opponent of mine. I collect his body and bury him with my own hands in the future."

After the words fell, many people looked at Ye Feng and became a little awe-struck for a moment.

"Hypocritical guy!"

A man in blue shirt from the Wild Waves Mercenary Group instantly jumped onto the fighting stage. He was holding a pitch-black club weapon in his hand, exuding the aura of powerful cultivation from the ninth level of the Hunyuan Realm, and shouted: "I am the leader of the Kuanglang Mercenary Group, Liang Feifan! Now I want to kill you to avenge my brothers in the Kuanglang Mercenary Group!"

"Brother Feifan! Be careful!"

A group of members of the Wild Waves Mercenary Group around them all exclaimed in surprise.

After all, the combat power Ye Feng showed just now was really terrifying and frightening.

Liang Feifan smiled coldly and said: "Don't worry, the attack that the boy used to kill the bald man just now may be his long-planned ultimate attack. Now he may be running out of power. I must kill this boy." , avenge the bald man!"

Chapter 2094 Black Armor

For Ye Feng, it was a good thing that these strong men from the Wild Waves Mercenary Group came to die.

So at this time, Ye Feng looked at the so-called leader of the Wild Waves Mercenary Group, Liang Feifan, who came on stage opposite, and just smiled slightly and said: "Let's take action and see who kills whom in the end."

At this time, Sword Soul had received a bounty of 100,000 divine crystals for winning ten games in a row, and had returned to the audience.

Princess Longling looked at the scene on the competition stage and said, "Sword Soul, how many games do you think Ye Feng can win in a row?"

The sword soul thought for a while and said: "At least twice as good as me, he can win twenty games in a row. However, Ye Feng is now in trouble with the Wild Waves Mercenary Group because of me. This Wild Waves Mercenary Group is from Frost City." It is a large mercenary group with a strong power base. If the strong men of the Wild Waves Mercenary Group continue to challenge Ye Feng, it may greatly consume Ye Feng's strength, so I can't guess whether Ye Feng will be able to continue in the end. No matter how many games I win, by the time I reach the tenth game, my strength is almost exhausted and I can no longer fight."

Princess Longling nodded slightly, and then said aloud: "I think Ye Feng's current cultivation strength and real combat power may be invincible at the level of Hunyuan Realm."

Sword Soul also nodded and said: "Junior Brother Ye Feng can be said to be invincible at the same level, but every battle must be attrition. Even if there are masters in the Wild Waves Mercenary Group who have surpassed the Hunyuan Realm, they cannot compare. Fight, but they should

continue to send out powerful members from the ninth level of the Hunyuan Realm, or even the tenth level of the Hunyuan Realm, to continuously consume Ye Feng's power. This is a very critical issue, I don't know Can Ye Feng withstand the pressure until the end?"

At this time, Princess Longling heard a hint of worry in her beautiful eyes when she heard what Sword Soul said.

She even couldn't help but send a message to Ye Feng in the arena, and said aloud: "Ye Feng, you must be careful that these people from the Wild Waves Mercenary Group will engage in a war of attrition, and then they will seriously wound you and kill you in an instant. Ye Feng, When you are exhausted, you must not continue fighting. Come down as soon as possible. Safety is the first priority. "

Ye Feng heard Princess Longling's voice transmission and immediately couldn't help but smile and responded: "It's okay, don't worry too much, let's see how I defeat these so-called masters of the Wild Waves Mercenary Group one by one."

When Princess Longling heard Ye Feng's domineering and confident words, she could only reveal a helpless smile on her beautiful face, and said loudly: "Okay, you must be careful, wait until this challenge is over. Now, I'll take you Ye Feng to the palace of our Frost Kingdom, come to my house as a guest, and I'll make you the best Tianshan tea to drink."

At this time, Princess Longling was speaking, her tone was no longer as cold and aloof as before, but instead filled with a rare and incomparable gentleness like a young woman.

At this time, Jianhun, who was sitting aside, saw this scene and couldn't help but froze in his eyes.

He glanced at Junior Brother Ye Feng on the stage and Princess Longling below the stage suspiciously, and felt that something must have happened between them that he didn't know about, otherwise they would have become so close.

However, Sword Soul then muttered to himself, "Junior Brother Ye Feng and Princess Longling are a perfect match. After all, Junior Brother Ye Feng is a rare talent that is rare in a century, and Princess Longling herself is also extremely talented. Moreover, his status is also very noble.

The daughter of the Ninth Prince of the royal family of the Kingdom of Frost, she was named princess by the Emperor of Frost. "

And just when Sword Soul was thinking about it secretly.

"Boom!"

On the high platform of the challenge arena, Liang Feifan, the leader of the Wild Waves Mercenary Group, had already taken action.

"Damn boy, I will definitely kill you!"

Liang Feifan roared loudly at this time, and the black stick in his hand suddenly burst out with tremendous power, and directly bombarded Ye Feng fiercely.

"Since your Mad Wolf Mercenary Group is so arrogant, I will teach you some lessons today!"

Ye Feng didn't hesitate at this time. In an instant, he clenched his fist and struck hard in front of him.

"Boom!!"

Ye Feng's fist struck the black stick in Liang Feifan's hand, and an earth-shaking force suddenly burst out.

This terrifying force instantly shattered Liang Feifan's black stick.

"What?!"

When Liang Feifan saw this scene, his eyes suddenly showed deep horror.

He couldn't help shouting: "This stick of mine is made of ten thousand years of cold iron on the Cold Mountain. Its grade is almost comparable to the magic weapon at the peak level of Hunyuan Realm. How could it be punched by a human boy like you?" Just broke it?"

At this moment, Liang Feifan could be said to be trembling in his heart.

He originally thought that Ye Feng just killed the bald man with a long-planned attack.

But now it seems that this ordinary-looking human boy's combat power is really terrifying to the extreme. Every move he makes can release a huge amount of energy, full of unparalleled destructive power.

At this time, Ye Feng showed a cold smile in his eyes, stared at Liang Feifan opposite, and said loudly: "I will kill as many people as your Mad Wolf Mercenary Group dares to attack!"

Boom!

The next moment, Ye Feng flashed in front of Liang Feifan and punched out, killing Liang Feifan instantly.

Ye Feng instantly put the corpse into his storage ring, and then secretly swallowed it.

After absorbing the blood energy skills of the bald man and Liang Feifan, Ye Feng's cultivation level became much deeper, and he actually broke through in an instant.

From the fourth level of Hunyuan Realm, he broke through to the fifth level of Hunyuan Realm!

However, because everyone present was in a state of shock at this time, few people noticed the changes in Ye Feng's cultivation.

After all, Ye Feng was standing on a high arena, quite far away from the surrounding auditorium.

"What?!"

"Brother Feifan is dead too!

"

"What should I do about this? This kid is too arrogant! But his strength is almost invincible in the Hunyuan Realm!"

...

At this time, a group of powerful masters from the Wild Waves Mercenary Group standing around were all panicked at this moment.

Because the combat power displayed by Ye Feng was so terrifying that there was simply no opponent at the same level.

At this time, Ye Feng had won two games in a row in this arena.

At this time, Ye Feng looked at the group of Crazy Wolf mercenaries below and said with a smile: "What's wrong? Are you scared? There are no people even on stage?"

"you.....!"

Being so provoked by Ye Feng, everyone in the Wild Waves Mercenary Group showed deep anger on their faces.

At this time, a tall man wearing black armor from the Wild Waves Mercenary Group stood up.

His cultivation level was clearly that of the Great Perfection of the Tenth Heavenly Realm of the Hunyuan Realm. He was about to enter the Hedao Realm above the Hunyuan Realm, but he had not yet fully stepped into it.

It should be at the level of the half-step Hedao realm.

The moment this tall man wearing black armor appeared, he immediately stepped onto the fighting stage.

His body exudes a very dangerous and terrifying aura that makes one's heart palpitate.

"It turns out to be black armor! This is the most powerful first hall master in the Wild Waves Mercenary Group!"

"I didn't expect that a half-step Hedao realm expert like Hei Kai would directly step into the challenge arena of the Hunyuan realm."

"The Half-Step Hedao Realm can be said to be a marginal cultivation level that challenges the rules. Because the Half-step Hedao Realm is not a real Hedao Realm, you can participate in the Hunyuan Realm level challenge, but it is very difficult to do so. It may make many viewers around you feel ashamed and bully the small ones."

"This black-armored member of the Wild Waves Mercenary Group is about to go on stage even if he endures the scolding from the surrounding audience. It seems that he is really irritated and wants to kill the boy in white as soon as possible!"

...

At this time, countless spectators around him were talking loudly, and their eyes showed surprise.

"The boy in white might just admit defeat."

Some people speculated so.

But this time.

When Hei Kai, a powerful half-step Hedao realm master, stood in the arena.

However, Ye Feng's face remained extremely calm and he said aloud: "For a half-step Hedao realm master, it seems that the next battle will be very interesting."

"What? Does this boy in white mean that he doesn't want to admit defeat? He wants to accept the challenge of a powerful half-step Hedao level master!"

At this time, everyone around heard Ye Feng's words and couldn't help but exclaimed in surprise.

At this time, the eyes of Sword Soul and Princess Longling below could not help but change slightly.

"Ye Feng is a little too impulsive."

Princess Longling

He said aloud, his tone seemed worried.

After all, the opponent is the famous first leader of the Wild Waves Mercenary Group, Hei Kai. He has a powerful cultivation level of half-step to the Hedao realm, and it is said that his true combat power may even surpass his own realm, but it is very The terrifying master is a very famous figure even in this entire underground arena, and can often win dozens of games in a row in the challenge zone.

Sword Soul was slightly shocked at this time, and then said aloud: "Princess Longling, you don't have to worry so much. Although Junior Brother Ye Feng is very young, he is not an arrogant person. The reason why he said Those words that sound arrogant are still due to his strong self-confidence. Junior Brother Ye Feng, I think he is not an unreliable person, so we should not make premature conclusions now that Ye Feng will be in danger. We will wait and see next. Just take your time and watch."

When Princess Longling heard what Sword Soul said, she nodded slightly. After all, those who dare to go against the Gods Council are definitely not as simple as they seem on the surface.

However, many spectators around felt that Ye Feng was definitely going to die this time.

Because Ye Feng had fought against the bald man and Liang Feifan in the previous two games, he might have consumed a lot of energy.

In this third game, he suddenly encountered Hei Kai, the first leader of the Wild Waves Mercenary Group, and he might be brutally killed by Hei Kai next.

"I want to bet on Black Armor to win!"

"That's right! I also want to bet 100,000 divine crystals on the black armor to win!"

"Take me with you, I will also bet 30,000 divine crystals. This is a good opportunity to make money!"

...

At this moment, many spectators around him took the initiative to place bets.

In fact, in this kind of challenge area, the audience does not need to place bets. After all, the final bounty is given by the official forces of the entire underground arena.

So the surrounding spectators do not need to place bets.

But now many viewers feel that Ye Feng will definitely die in this battle, and Hei Kai, a very famous figure in the underground arena, will definitely win.

Therefore, many viewers placed their bets on Heikai at this time. They obviously believed in Heikai, a powerful elder.

"Damn it!"

Sword Soul heard that almost all the spectators around him were placing their bets on Heikai, and they all were not optimistic about Ye Feng. He immediately became angry and shouted directly: "I want to give all my property to five One hundred thousand divine crystals, all bet on Ye Feng, I want to bet on Ye Feng to win!"

Just as the two sides were placing bets in the surrounding auditoriums.

On the huge competition stage.

Ye Feng and Hei Kai stood facing each other far away.

The black armor exuded an extremely powerful aura of cultivation. At this time, he stared coldly at Ye Feng across from him, and said with a cruel smile: "You are very courageous. You did not step

down directly, but accepted my challenge. But this kind of innocent courage gave me the opportunity to kill you. Now you have no time to regret it, you will be brutally killed by me soon!"

Chapter 2095 The proud figure

Buzz!

At this moment, the powerful cultivation aura of the Half-Step Hedao Realm emanating from Heikai's body was like dark clouds all over the sky, pressing down from high in the sky, filled with an unparalleled sense of heaviness and depression.

For Heijia, Ye Feng fighting with him was tantamount to seeking death.

"kill!"

In an instant, Black Armor took action.

A huge black long knife appeared in his hand, and his whole body instantly turned into a black lightning, and he ducked directly in front of Ye Feng, and suddenly slashed at Ye Feng fiercely, like a black mountain attacking. Coming down, it was full of unparalleled destructive power and coercion.

At this time, Ye Feng's eyes moved for a moment, and he directly displayed the Mountain and River Seal.

"Rumble..."

Suddenly, an extremely majestic mountain and river seal appeared in Ye Feng's hands, pushing it forward quickly, like an unparalleled majestic mountain that could crush everything in the sky.

"Boom!!"

When the two collided, an extremely terrifying roar occurred, which resounded throughout the world and made the eardrums of the many spectators watching around them burst.

"Weird forces kill indiscriminately!"

At this moment, the black armor held the black long knife in his hand, and instantly activated the mysterious power in the long knife. In just a short moment, thousands of terrifying black knife lights were directly chopped out. As if it could chop everything, the whole space seemed to be shattered.

Ye Feng didn't hesitate at this time and directly inspired the Black Rhino Armor.

"Click, click..."

Almost at this moment, the surface of Ye Feng's body was immediately covered with pieces of black scales, full of a metallic texture, as if it was made of the strongest black magic iron in the world, able to withstand extremely terrifying attacks. Impact and destruction.

Boom! !

And at the next moment, thousands of black sword lights cut into Ye Feng's body in an instant.

But Ye Feng put on the Black Rhinoceros armor at this time. The strong armor surface blocked all the sword lights.

r\u003e

"Clang clang clang!"

Those terrifying sword lights were unable to break through the defense of Ye Feng's black rhinoceros armor.

So at this moment, Ye Feng rushed directly in front of the black armor, and then displayed the Mountain and River Seal.

"Boom!!"

The huge mountain appeared again, and was directly bombarded by Ye Feng's black armor.

"Crack, click, click!"

The black armor Black Armor wears is not the terrifying and precious Black Rhino clan treasure armor like the Black Rhinoceros armor Ye Feng wears. It is just an ordinary mercenary group's armor.

So at this moment, the Mountain and River Seal displayed by Ye Feng suddenly shattered all the armors worn by Hei Kai.

"ah!!"

Almost at the next moment, Black Armor suddenly let out an earth-shattering scream. His whole body was pierced by armor scales, and his flesh and bones were penetrated. This was an extremely terrifying pain that made Black Armor Kai, a half-step Hedao realm super master, couldn't help but scream.

"Red Python Giant Sword!"

And at this moment, a red long sword appeared in Ye Feng's hand, and in an instant, he slashed forward fiercely.

boom!

A terrifying crimson sword light, in the shape of a giant python, surged out of the red python giant sword in an instant, and struck the black armor who was howling in pain.

"Pfft!"

Along with the sound of broken flesh and bones, Black Armor's entire body was directly chopped into two halves, and he died tragically in the arena.

A super master who is half a step into the Hedao realm, died!

"What?!"

"A super master like Hei Kai died so quickly! It's too scary!"

"How is this possible?"

Can it? Black Armor is a powerful being at the half-step Hedao level! The boy in white was only in the Hunyuan realm, how could he kill a super master like Hei Kai so quickly! "

"It's over, it's over! I bet all my wealth on Heikai, now I'm a pauper!"

...

Almost at this moment, a burst of howling sounds could be heard in the entire auditorium around the arena.

All the audience couldn't help shouting at this time, and their eyes were red.

Because almost everyone is betting on Hei Kai.

But I didn't expect that Black Armor would be defeated so miserably, and even be killed directly by a sword.

Everyone thinks that the black armor is the ultimate winner. After all, the black armor of the Wild Waves Mercenary Group is in the Half-Step Hedao Realm. It can be said that he is the top existence in the challenge competition at the Hunyuan Realm level.

But unexpectedly, he was defeated by a newcomer who seemed to have just arrived in this underground arena.

And it directly cost lives!

I have to say it's very shocking!

"Okay, okay! I knew that Junior Brother Ye Feng would not let me down!"

Sword Soul laughed out loud at this time.

Because he was the only person present who bet on Ye Feng to win.

Now that Ye Feng really wins, all the bets will make him earn huge profits more than ten times!

He bet a total of half a million divine crystals, and this time he can earn nearly five million divine crystals in an instant!

Five million divine crystals!

This is a huge fortune!

Princess Longling also had a look of deep shock in her beautiful eyes at this time.

Because she really didn't expect that Ye Feng was so powerful. This kind of combat power was definitely the best at the same level even among the royal children of the Frost Kingdom!

Sword Soul laughed and said to the high platform: "Ye Feng! I will give you half of the five million divine crystals I earned! We are rich!"

\u003c

br\u003e Princess Longling suddenly regretted why she didn't place a bet at that time.

Otherwise, you would definitely be able to earn dozens of times your bet now.

At this time, on the high platform, Ye Feng looked at the sword spirit in the audience and said with a smile: "When I fight later, you continue to bet, and we will get 50% of the money you win!"

At this time, Ye Feng said, and directly collected the body of Hei Kai who was killed by him into his storage ring, and then swallowed all the blood essence and skill of Hei Kai in the storage ring.

The black armor of the half-step Hedao realm has very powerful cultivation skills.

Ye Feng's cultivation at this time once again achieved a breakthrough, and he rushed directly from the fifth heaven of the Hunyuan Realm to the seventh heaven of the Hunyuan Realm!

Breaking through the second level in a row!

I have to say, this black armor is simply a huge source of nourishment!

At this moment, Ye Feng looked at the group of wild wave mercenaries under the arena and said loudly: "No one dares to come up? It's not fun at all!"

"you.....!"

Hearing Ye Feng's slightly mocking voice, the faces of the members of the Wild Waves Mercenary Group instantly turned gloomy.

Although they were extremely angry, they didn't know what to say at this time.

No one even dared to go up there anymore.

Because the most powerful black armor at the Hunyuan realm among their Kuanglang mercenary group died in the hands of Ye Feng.

Who dares to go up again?

Wouldn't that be courting death?

Ye Feng saw this scene, his eyes moved, and then he walked directly from the competition stage and walked towards another competition stage next to it.

"That's...a challenging competition platform at the Hedao level!"

"What does the boy in white want to do?"

"Could he be... trying to get on the Hedao level challenge competition stage?!"

At this time, under everyone's shocked eyes, Ye Feng's proud figure stepped directly onto the Hedao level challenge stage!

Chapter 2096 The fight is over

At this moment, everyone in the audience was in deep shock.

Because Ye Feng is only in the Hunyuan realm, but he has stepped directly onto the challenging competition stage at the Hedao realm.

This is simply too shocking.

Even the old referee in the underground arena was watching from a high altitude at this moment, with a look of surprise on his face.

Because the entire underground arena has been going on for so many years, this situation has never happened before.

Some people actually climbed onto a competition stage that was higher than their own level.

It's really shocking.

At this time, Ye Feng immediately spoke up and said: "I am now on the Hedao Realm competition platform. Strong men of the Wild Waves Mercenary Group, you can challenge me at any time."

At this moment, Ye Feng's words fell, which immediately caused a large number of people on the field to boil.

Because what Ye Feng said at this time was really too domineering.

He is only a Hunyuan realm cultivator, but at this time he wants to challenge all the powerful ones at the Hedao realm, which is really arrogant to the extreme.

This moment aroused the anger of everyone in the Wild Waves Mercenary Group.

"Shut up! Damn boy! You're so arrogant!"

"How dare you be so arrogant and dare to directly board the Hedao level challenge competition platform, then our Wild Wave Mercenary Group will kill you instantly!"

...

At this moment, all the strong men in the entire Mad Wave Mercenary Group roared loudly.

Ye Feng was also at odds with the Wild Waves mercenary group at this time, and shouted loudly: "Come up and fight me if you have the guts!"

At this time, Sword Soul and Princess Longling both had a hint of horror in their eyes.

They never expected that Ye Feng would go directly to the Hedao realm challenge stage in order to stimulate the Kuanglang mercenary group to take action.

This is too risky!

Even though Sword Soul was very confident in Ye Feng, it suddenly became very unconfident on the Hedao level competition stage.

Because Ye Feng's cultivation level is in the Hunyuan realm after all.

Hedao

A strong person at this level is really terrifying.

"Uh-huh!"

And at this moment, a tall figure, holding a huge hammer in his hand, dodged and rushed to the competition platform.

The moment this tall figure went up, it immediately caused many people around to exclaim.

"It's Nie Yun from the Kuanglang Mercenary Group!"

"This person is quite famous. He is a powerful person from the second level of Hedao Realm. He is much more powerful than the previous black armor!"

"The big hammers in Nie Yun's hands have been stained with the blood of many strong men. I'm afraid that the boy in white will die in the hands of Nie Yun today."

...

While countless spectators were talking about it, many people also placed bets.

Basically, all bets are placed on Nie Yun.

Sword Soul still shouted: "I bet on my brother Ye Feng!"

Princess Longling hesitated for a moment, and this time she said aloud: "I bet one million divine crystals on Ye Feng to win!"

At this time, in the entire field, probably only Jianhun and Princess Longling were betting on Ye Feng to win.

"Two stupid guys! They are so stupid to even believe that Hunyuan Realm boy. Now this is a challenging competition at the Hedao Realm level!"

At this time, many people around looked at Sword Soul and Princess Longling with a hint of ridicule.

At this time, on the competition stage.

Nie Yun, who was in the second level of the Hedao Realm, now exuded an extremely terrifying aura.

He stared at Ye Feng, with a cruel smile in his eyes, and said: "Boy, you are very brave, but you are destined to die next! Die in my hands!"

boom!

Nie Yun roared loudly, held the big hammer in his hand, and struck towards Ye Feng.

The entire space suddenly surged out.

A terrifying wave of destructive energy.

"boom!!"

But suddenly at this moment, Ye Feng punched out with a fist.

Suddenly, his fist burst out with extremely terrifying power.

"Crack!"

"boom!!"

The extremely strong hammer was shattered inch by inch by Ye Feng's punch.

"boom!"

Then Ye Feng's fist directly hit Nie Yun's body.

"Pfft!"

Nie Yun's chest was directly punched through, and a huge bloody hole appeared.

"you....."

Nie Yun's eyes widened and he stared at the boy in white in front of him. Then his whole body fell to the ground and died instantly.

"What?!"

"How can this be!"

"How come he was killed with just one punch? It's incredible!"

...

Almost at this moment, countless people in the auditorium around the arena couldn't help but stood up, their eyes filled with deep shock, their eyes widened and their jaws dropped.

A boy from the Hunyuan realm killed a second-level super master at the Hedao realm with one punch?

This is simply unbelievable!

"good!!"

Sword Soul laughed loudly in the audience at this time, looked at the audience around him, and said: "You were ridiculing me just now, now I, Brother Ye Feng, will teach you how to behave!"

Princess Longling also showed a trace of excitement in her beautiful eyes at this time.

"impossible!"

Many members of the Wild Wave Mercenary Group had deep shock in their eyes at this time.

One member said loudly: "Just now Hei Kai was half-stepping to the Hedao realm. This kid couldn't kill Hei Kai in an instant. How come he can now kill Nie Yun, who is at the second level of the Hedao realm, with one fist? Is he hiding his strength?"

\u003e

Another member seemed to have thought of something at this time and said: "Maybe he became stronger and stronger during the battle..."

That's right!

This member's guess was actually correct.

Every time Ye Feng fights, he devours and absorbs the essence of his opponent's blood and energy, and naturally becomes more and more powerful.

And just when the members of the Wild Wave Mercenary Group and the entire audience were shocked.

Ye Feng once again put the body of the opponent he killed, Nie Yun, into the storage ring and secretly devoured it.

"boom!"

Immediately, Ye Feng felt a huge and powerful energy burst out of his body.

He directly achieved a breakthrough in cultivation.

Stepped into the eighth level of Hunyuan Realm!

"This kid has made a breakthrough again!"

The momentum of Ye Feng's breakthrough still attracted the attention of some experts.

All of them immediately widened their eyes.

Breakthrough in combat?

What is this operation?

How incredible!

"This boy's inheritance is truly magical!"

Many of the experts in the surrounding crowd had horrified looks in their eyes at this moment.

At this time, the leader of the Wild Waves Mercenary Group suddenly spoke up: "We, the powerful Hedao Realm warriors, will challenge each other one by one. Remember to run away and don't let this boy in white kill him. We will use the human sea tactic to continuously consume his energy." With so much power, the super master of our group finally struck out and killed the boy in white in one fell swoop!"

At this time, the leader of the Wild Waves Mercenary Group was also fighting with Ye Feng, but he changed his strategy and asked his members not to fight to the death with Ye Feng, but to continuously consume Ye Feng's power and then escape directly.

Ye Feng understood everything, but he just smiled faintly.

Whether they can escape from their own hands is not something that the members of the Wild Waves Mercenary Group can decide.

"As long as you get on this competition stage, I can control your life and death!"

Chapter 2097 Self-destruction

At this moment, Ye Feng's eyes were filled with an unparalleled determination and murderous look.

He is now completely at odds with the Wild Waves Mercenary Group.

Ye Feng really didn't want to step down unless he challenged and killed all the members of the Wild Waves Mercenary Group.

"I'll be the first!"

At this time, someone from the Wild Waves Mercenary Group finally took over. .??.

This is a young man wearing a white gown. He looks very elegant and holds an iron fan in his hand.

He stared at Ye Feng, didn't say anything, and just took action.

And it's a big move right from the start.

Because the current strategy of the Wild Waves Mercenary Group is to first send various strong men to the stage to exhaust Ye Feng's power.

At this time, the young man in a white gown shouted: "Storm!"

Swish, swish, swish!

Swish, swish, swish!

Almost at this moment, black iron thorns erupted from the inside of the iron fan in the hands of the young man in the white gown, emitting a dark light and full of poison, and stabbed Ye Feng in an instant.

"Black Rhino Armor!"

Ye Feng wore the Black Rhino Armor and directly blocked these dark and poisonous iron thorns. They were all blocked on the surface of the armor and could not be pierced at all.

"Why does this kid have so many treasures on him?"

The young man in the white gown immediately changed his eyes and quickly retreated towards the back, trying to escape the scene.

Because he has consumed part of Ye Feng's skill, the task is considered completed.

If he continues to fight, he might die.

"Space gem!"

But at this time, Ye Feng used the energy of the space gem in an instant.

Buzz!

Almost at this moment, before the young man in the white gown even got off the stage, Ye Feng's figure appeared behind him.

"What?! How is this possible...ah!!!"

The young man in the white gown saw Ye Feng

Appearing in an instant, his eyes were filled with horror and shock.

He wanted to say something, but it was too late.

Before he finished speaking, there was an earth-shaking scream.

At this moment, everyone saw that Ye Feng's palm was like a sharp thorn, piercing deeply into the body of the young man in the white gown.

"ah!"

The young man in the white gown roared in pain, feeling that the life in his body was quickly disappearing.

A fierce look suddenly appeared in his eyes, and he shouted: "I'm going to blow myself up! I'll die with you, this hateful boy!"

Boom! !

Almost at that moment, the entire body of this young man in a white gown suddenly turned into light!

That is the light of destruction!

"Boom!!"

A terrifying explosion immediately resounded throughout the combat platform.

Ye Feng was also shrouded in the light of this explosion.

"Ye Feng!!"

At this moment, Jianhun and Princess Longling couldn't help but stood up and exclaimed in the audience.

Because the young man in the white gown who blew himself up possesses the cultivation level of the second level of Hedao Realm.

Once it self-destructs, the destructive energy generated may be able to destroy everything instantly.

What's more, Ye Feng is still standing in the center of the explosion at this moment.

"Click, click..."

At this time, the entire challenge platform, made of steel, was shattered inch by inch. It was about to become a ruin, with most of the platform collapsed.

"Is that boy dead?"

Many members of the Wild Waves Mercenary Group in the audience had expectant looks in their eyes.

"I'm not dead."

Suddenly a high-pitched voice sounded in the ruins of the competition platform.

"Buzz!"

At this moment, a proud young figure appeared in the smoke and dust of the ruins.

The black rhinoceros armor that Ye Feng was wearing was mostly broken into pieces.

However, his body did not suffer much damage, just a little embarrassed.

Ye Feng's eyes also showed a hint of surprise at this time.

He didn't expect that this strong man from the Wild Waves Mercenary Group would self-destruct at the last moment.

The destructive energy produced by the self-destruction of a powerful Hedao realm man is still very terrifying.

If it weren't for the protection of the Black Rhino Armor, Ye Feng might have been blown to pieces in half at that moment. ??

But death should be impossible.

After all, Ye Feng's own chaotic body is also very strong and terrifying.

Moreover, Ye Feng once refined the blood demon clan's source of blood demon in his own life. As long as he still has a drop of blood, he can regain his complete life and body.

"He's not dead yet?"

At this moment, seeing Ye Feng appear completely, the entire field around him suddenly started to boil.

"This boy in white is definitely from some super power!"

"Needless to say, he must be a top prodigy from a super wealthy clan!"

"Next, I'm going to place my bet on this young man in white. I heard some people around me say that his name is Ye Feng? His name may be resounding throughout the underground arena!"

"I'm going to bet on Ye Feng too! I'm going to bet 100,000 divine crystals!"

...

At this moment, countless spectators around the entire competition stage have completely changed their previous views.

Now they all began to have great faith in Ye Feng, and felt that Ye Feng might win many games in a row even on the Hedao level competition stage.

"Perhaps we

At this moment, we are witnessing the birth of a legend! "

At this time, someone in the surrounding audience couldn't help but say this out loud.

"That's right! This boy may really become a brand new legend in the underground arena!"

There were many spectators around who couldn't help but echoed.

Sword Soul and Princess Longling were also very excited at this moment.

"Go on stage!"

The members of the Wild Waves Mercenary Group continued to send strong men to the stage to challenge Ye Feng.

Even the leader of the Wild Waves Mercenary Group began to secretly transmit messages to every member who came to the stage. Once they could not escape, they would directly choose to self-destruct and must kill this hateful boy Ye Feng.

"Uh-huh!"

The master of the third Wild Wave Mercenary Group came to the stage.

This is a graceful woman wearing a purple dress. She is very beautiful and possesses the powerful cultivation of the third level of Hedao Realm.

"World of Flowers!"

She took action instantly and directly used a very powerful attack technique.

"Crash!"

Almost at this moment, pieces of purple petals appeared directly in the void, like a funeral of roses, or like a rain of fireworks all over the sky.

It is beautiful, but it also hides a cold murderous intention.

Countless purple petals appeared from the void, surrounding Ye Feng.

At this moment, fierce murderous intent surged towards Ye Feng.

Every petal is like an assassin, surrounding Ye Feng from all sides, trying to assassinate Ye Feng from all sides.

"Red Python Giant Sword!"

Ye Feng took out the Red Python Giant Sword, a powerful magic weapon at the Hedao level, and quickly slashed at the surroundings.

"Boom!"

The terrifying sword light and sword energy, full of terrifying cutting power, directly bombarded and shattered all the petals!

Chapter 2098 The Genius of the Crazy Sword Hou Mansion

"What a powerful sword energy!"

The woman in the purple skirt saw that her attack method was chopped into pieces by Ye Feng in an instant, her eyes suddenly changed, and she quickly retreated crazily towards the rear.

But at this time, Ye Feng had already ducked behind the woman in the purple skirt.

Almost at this moment, Ye Feng stretched out a hand and crushed the beautiful head of the woman in the purple dress. .??.

The woman in the purple skirt had no chance of self-destruction.

Since the last experience, Ye Feng naturally cannot let this group of people self-destruct.

So at this moment, when he saw the woman in purple skirt retreating, Ye Feng immediately rushed over and killed her quickly.

Uh-huh!

Ye Feng grabbed the woman in the purple skirt with a big hand and put it directly into the storage ring, and then absorbed all the blood, energy and skills from her body.

Almost at this moment, Ye Feng immediately felt that an incomparable surge of energy was instantly injected into his body.

This woman in purple skirt is at the third level of Hedao Realm.

The skill contained in her body is still very powerful.

"boom!"

Ye Feng could feel that his body's power had hit a lot, but his cultivation still stayed at the eighth level of Hunyuan Realm.

Apparently there was no breakthrough.

This also means that Ye Feng now requires more and more energy for each breakthrough.

It's different from before.

A strong man who had swallowed and absorbed a second-level Hedao realm before was able to break through to the first-level heaven.

But now it's no longer possible.

Ye Feng still needs to devour more powerful people before he can continue to break through.

Uh-huh!

At this time, the Kuanglang Mercenary Group sent another master at the third level of the Hedao Realm to come on stage to continue consuming Ye Feng's power.

The leader of the Kuanglang Mercenary Group looked extremely angry at this time: "I don't believe that the entire mercenary group can't deal with it.

This boy! "

At this time, Ye Feng was so happy that he directly attacked the fourth person who had just come on stage.

The fourth person was not Ye Feng's opponent at all, but his escape methods were quite powerful. Although Ye Feng defeated the opponent, he was not careful and allowed the opponent to escape.

Ye Feng didn't care at all, he just said: "Keep fighting!"

Next, people from the Wild Waves Mercenary Group came to power one after another.

In the fifth battle, he won and killed and devoured the opponent.

In the sixth battle, he won, but his opponent narrowly escaped.

In the seventh battle, he won, but his opponent narrowly escaped.

The eighth battle, won, killed and devoured the opponent...

...

During each battle, countless spectators were shocked.

Because they discovered that Ye Feng never seemed to be exhausted after every battle.

And the more you fight, the braver you become!

This made everyone in the Wild Waves Mercenary Group gloomy.

Because they discovered that the human sea tactic consumes Ye Feng's power and this plan simply doesn't work.

At this time, Ye Feng had already fought nearly sixty times!

Sixty wins in a row!

At this time, Ye Feng had killed the members of the Kuanglang Mercenary Group and secretly devoured his power, and his cultivation had grown to the level of the Great Perfection of the Tenth Level of the Hunyuan Realm!

There is only one step left to break through to the Hedao realm!

At this time, everyone in the audience was so shocked that their eyes were about to fall off.

Because in this underground arena, the most glorious record is the seventy-eight consecutive wins, which was accomplished by a top genius in the royal family.

And Ye Feng has now won 60 games in a row!

And you must know that Ye Feng is not fighting at the level of his current cultivation level, but at the Hedao realm level that is one level beyond his current cultivation level.

This winning streak was simply unprecedented and shocked all the spectators in the surrounding auditorium.

Even the people in the official underground arena were shocked at this moment.

Because this was the first time they had seen an existence with such terrifying combat power.

"Who is this boy in white? How can he be so powerful!"

"This boy in white is probably the top young genius secretly cultivated by those super big families!"

"No! Even the top genius can't do this!"

...

At this moment, countless spectators around were shocked and solemn, and they were talking a lot, all speculating about Ye Feng's true identity.

At this time, there were only a few people left in the Wild Waves Mercenary Group.

Even their captain died in the sixtieth battle just now.

At this moment, the few remaining members of the Wild Waves Mercenary Group were completely in despair.

For a so-called obsession, they almost fought the entire mercenary group!

At this moment, Ye Feng stood on the competition stage, feeling very satisfied.

Because this time, not only did his cultivation level increase tremendously, but he also directly broke through to the tenth level of Hunyuan Realm, Great Perfection.

Moreover, Ye Feng also plundered many storage rings from the members of the Wild Waves Mercenary Group in dozens of battles.

In addition, Ye Feng has now won 60 games in a row, and he will receive a reward of 600,000 divine crystals.

As for the two friends, Sword Soul and Princess Longling, they were so shocked that they didn't know what to say.

They found that they still underestimated Ye Feng.

The Wild Wave Mercenary Group at this moment

, had been completely defeated, with only a few people left, and Ye Feng also lost interest.

He was ready to step down immediately, as if he had no desire to continue fighting.

"I'll challenge you!"

At this moment, a young man wearing blue armor suddenly walked over from not far away and jumped onto the competition stage in an instant.

"It's the young genius of the Mad Sword Hou Mansion! Shen Qing! A super master of the sixth level of the Hedao Realm!"

"How could such a top talent suddenly take action in the Mad Sword Mansion? Could it be that this young man in white has provoked the Mad Sword Mansion?"

"Now we have something good to watch. This Shen Qing is a genius among geniuses. He is a super master trained by a noble disciple like Mad Knife Hou. He is much more powerful than the idiots like the Wild Waves Mercenary Group!"

...

Almost at this moment, everyone on the field started talking one after another.

"Oops! The masters from the Mad Sword Mansion are here! It seems that the news that Duan Mo, the young prince of the Mad Sword Mansion, was killed by Ye Feng has been sent back to the Mad Sword Mansion, and the Mad Sword Man has sent his masters to take revenge. "

At this time, the eyes of Sword Soul and Princess Longling who were sitting in the audience changed slightly.

Uh-huh!

And while everyone was talking about it, Shen Qing, a super master of the Crazy Sword Hou Mansion wearing blue armor and a powerful genius at the sixth level of the Hedao Realm, jumped onto the challenge stage in an instant.

He stared coldly at Ye Feng not far away, with a naturally arrogant look in his eyes, and said loudly: "Boy, I don't care what power you come from or what identity you have, you dare to kill us!" The young prince of the Daohou Mansion is destined to die. Today, I will kill you directly on this competition platform in front of everyone. I am not the trash of the Kuanglang Mercenary Group. My fury, you Can't control it!"

Boom!

The moment Shen Qing's words fell, a terrifying and boundless murderous aura suddenly erupted from his body, rushing towards Ye Feng in an instant!

Chapter 2099 Controlling advanced boxing techniques

Shen Qing, a super genius from the Crazy Sword Hou Mansion, possesses a powerful cultivation level at the sixth level of Hedao Realm.

It has to be said that the moment he took action, the terrifying pressure came instantly.

Even now Ye Feng suddenly felt a very palpitating feeling.

"This man is a master!"

Ye Feng's eyes narrowed.

This Shen Qing is indeed a super genius cultivated by the aristocratic forces in the capital of the Kingdom of Frost, and his strength is indeed extremely powerful.

Compared with the strong men in ordinary mercenary groups like the Wild Waves Mercenary Group, they are countless times more stunning and stunning.

"Kill the God of Death with one strike!"

A long black knife appeared in Shen Qing's hand. At this time, he rushed towards Ye Feng. The long black knife chopped down from high in the sky in an instant, seeming to cut the entire space in half, and it affected everyone on the soul level. It has huge God-killing destructive power.

"Chaos body!"

At this moment, Ye Feng also suddenly activated the terrifying power of the Chaos Body. His fist fiercely smashed forward, like a fist made of the strongest metal in the world, shaking the void. The sound is really appalling.

Ye Feng's fist possessed extremely violent power, and it hit the long black knife in an instant.

"when!!"

A harsh sound like the delivery of metal suddenly sounded.

A terrifying force burst out instantly.

"Bang!"

This huge force was so terrifying that Shen Qing's face changed drastically at this moment. The hand holding the handle of the knife was shattered, and the long black knife was knocked away.

At this time, Ye Feng's fist still had a terrifying impact and was printed directly on Shen Qing's blue armor.

"Boom!"

The chaotic-colored fist was like a big hammer, powerful and fierce, erupting with terrifying bombardment. Although it did not shatter the blue armor on Shen Qing's body, the powerful force blasted Shen Qing repeatedly. He took several steps back.

"What?"\u003c

br\u003e

Shen Qing had a horrified expression on his face. He thought he could easily deal with Ye Feng, a boy who had not yet entered the Hedao realm.

But the result was that he never expected that in the attack just now, for the first time in the fight, he was at a disadvantage and was knocked back by Ye Feng's punch.

"impossible!"

Shen Qing's face became extremely angry, because there were countless spectators watching this battle.

As for Shen Qing, a super genius in the Crazy Sword Hou Mansion, he was defeated by an unknown boy in white, and this boy in white was a level lower than him in cultivation.

This really made Shen Qing feel ashamed for a moment.

He now urgently needs to reverse his decline.

"Sky Meteor Fist!"

Shen Qing displayed an extremely powerful attack technique.

This is an unparalleled boxing technique!

It should be a powerful inheritance from the Kuangdao Hou Mansion where Shen Qing is located.

"Tianqiong Meteor Fist! This is a control level boxing technique that surpasses the Hedao level!"

"This is a super powerful boxing technique! I have seen masters from the Mad Blade Hou Mansion perform it before, and it is very powerful!"

...

When many spectators around saw this scene, their eyes showed horror.

"Die!"

At this time, Shen Qing roared loudly and punched forward one after another, using the powerful technique of Tianqiong Meteor Fist.

"Boom, boom, boom..."

Suddenly, one after another fierce meteor phenomena appeared in Shen Qing's hands, bombarding them from the sky, full of unparalleled destructive power and aggressiveness.

At this moment, Ye Feng also felt a terrible threat.

sex.

"The Great Seal of Mountains and Rivers!"

Ye Feng also displayed his extremely powerful martial arts inheritance at this moment.

Immediately in front of him, a large mountain and river phenomenon appeared, full of vastness and atmosphere, and in an instant it collided with the meteor fists all over the sky.

"Kacha kacha..."

Almost at the next moment, the Sky Meteor Fist struck by Shen Qing shattered the Great Seal of Mountains and Rivers.

"It is worthy of being a mastery level martial arts that has surpassed the Hedao level. The power is really terrifying. Even if Shen Qing has not fully understood the Heavenly Vault Meteor Fist, the power he releases is still extremely powerful!"

At this time, there were many elders and powerful people around who couldn't help but speak out, their eyes showing wonder. .??.

Sometimes one has an advanced and invincible martial arts that can really reverse the battlefield at a critical moment.

At this time, Ye Feng's eyes also showed a trace of solemnity.

Sure enough, the level of the Great Seal of Mountains and Rivers is still too low, and the power it unleashes is simply not comparable to advanced martial arts such as Tianqiong Meteor Fist.

It was immediately shattered.

"Hahaha!"

Shen Qing laughed loudly at this moment, and said a little triumphantly: "Young man in white! You are dead this time! I thought you came from some big force, but it seems that you are not. Your cultivation inheritance is too great." If you are weak, no matter how strong your combat power is, you will not be able to resist a peerless genius like me who has an advanced inheritance!"

Ye Feng's eyes moved slightly at this time, and then without any hesitation, he directly used the most powerful inheritance he has learned so far, the Little Fate Technique!

"boom!"

An inexplicable and invisible force burst out from Ye Feng's body in an instant.

This kind of power is elusive and feels full of a supreme meaning.

"Crack, click, click!"

Almost at this moment, the energy of the Little Fate Technique directly disintegrated all the power of the Sky Meteor Fist bombarded by Shen Qing, and this disintegration process was invisible. It was not a collision of forces, but just a collision of forces. It's like a dimensionality reduction blow from a higher dimension.

The occurrence of this scene made Shen Qing, who was originally very proud, suddenly change his expression to extremely frightened.

"What?!"

"My Sky Meteor Fist was completely disintegrated by you invisibly!"

"How is this possible? What method did you use? Why didn't I see it?"

At this moment, Shen Qing asked three questions in a row, which showed the fear and uneasiness in his heart.

"You can go underground and ask the King of Hell these questions!"

Ye Feng roared loudly. At this time, he took advantage of the Little Fate Technique to disintegrate all Shen Qing's attacks. He directly held the red python giant sword in his hand and burst out a terrifying sword light attack in an instant.

"Pfft!"

Under the gaze of everyone, and in Shen Qing's extremely frightened eyes, the giant sword in Ye Feng's hand pierced into Shen Qing's chest in an instant.

"No!!!"

Shen Qing roared in pain.

But all to no avail.

The terrifying destructive power of the sword energy in the red python giant sword destroyed all Shen Qing's vitality in an instant.

"Bang!"

Shen Qing's whole body suddenly fell to the ground, and he couldn't die anymore!

"The super genius of the Mad Sword Mansion actually died like this?"

At this moment, in the entire auditorium around the competition stage, countless spectators could not help but stand up, their eyes filled with deep horror.

At this time, Ye Feng looked at the dead Shen Qing in front of him, his eyes instantly became extremely happy, "The Sky Meteor Fist, this priceless advanced martial arts, is mine! In my hands, relying on the Chaos Body Only with your super strong physique can you unleash the strongest punching power!"

Chapter 2100 Princess Longling's invitation

quiet!

Deadly quiet!

At this time, there was deathly silence around the entire arena.

Everyone was immersed in the scene where Shen Qing, a super genius, was killed instantly.

But at this time, Ye Feng directly collected Shen Qing, a super genius at the sixth level of Hedao Realm, into his storage ring.

Then he used the power of devouring and absorbed and devoured all of Shen Qing's skills in the storage ring. .??.

"boom!"

Suddenly, a huge and boundless energy burst out directly in Ye Feng's body.

"Boom!"

At this time, Ye Feng's skills were making rapid breakthroughs.

It has to be said that this Shen Qing is indeed a super genius at the sixth level of the Hedao Realm, with very powerful skills.

Ye Feng's cultivation level instantly strengthened and achieved breakthroughs.

"boom!"

Accompanied by a powerful momentum.

Ye Feng's cultivation level directly broke through to the half-step Hedao realm!

"This boy in white broke through again after the battle!"

At this time, sensing the martial arts momentum of Ye Feng's breakthrough on the stage, the eyes of everyone on the field suddenly showed horror.

Even if they want to die, they may not be able to figure out why there is such a legacy in the world that can be broken through through fighting.

It's really incredible.

At this time, Ye Feng walked off the competition stage.

Because no one dares to challenge him anymore.

Even the super geniuses from the Crazy Sword Hou Mansion fell into his hands.

As he walked down, Ye Feng carefully explored Shen Qing's storage ring and found a set of very ancient inheritance books.

This inherited book is none other than "Tianqiong Meteor Fist"!

"The Heavenly Vault Meteor Fist is indeed a powerful martial arts inheritance that surpasses the control level of the Hedao Realm!"

Ye Feng used his spiritual thoughts to open a few pages of the inheritance book in the storage ring and looked at it. He immediately felt a very huge and vast fist intention, which shocked his heart.

At this time, Ye Feng saw Sword Soul and Princess Longling approaching not far away.

At this time, Princess Longling looked at Ye Feng, her beautiful eyes full of surprise, and couldn't help but said: "Ye Feng, you really shocked the entire underground arena this time, and even completed You have achieved a feat that has never been accomplished by anyone, directly ascended to a challenge arena that is a level higher than yours, and won sixty-one games in a row. This is definitely a record-breaking one. From now on, in the entire history of underground arenas, there will be There's a scene where you wrote so vividly."

Princess Longling spoke at this time, with a hint of excitement in her tone.

Even this distinguished princess from the royal family of the Kingdom of Frost was staring at Ye Feng as if she were seeing a treasure.

At this time, Sword Soul smiled and said: "Junior Brother Ye Feng, this time we made a profit. This time I used the principal of 500,000 divine crystals to directly earn nearly 10 million divine crystals!"

When Ye Feng heard this, his eyes suddenly showed a look of surprise, and he couldn't help but said: "You made 10 million divine crystals in such a short period of time?"

Sword Soul laughed and said: "When Ye Feng first came to power, everyone was not optimistic about you and all bet on you.

Your opponent, and I believe in you very much. I was the only one betting on you. I bet on you to win, and I made a lot of money. After that, you continued to win continuously, and almost everyone placed bets. Now that I'm with you, I won't make much money. Most of it is from the early stage, but it's enough. "

With that said, Sword Soul gave five million divine crystals to Ye Feng, and gave half of them directly to Ye Feng, because he felt that he could earn so many divine crystals, and Ye Feng had the greatest contribution.

At this time, Ye Feng took the storage ring containing five million and sighed inwardly, no wonder so many people are flocking to the chaotic underground arena.

Because here, as long as you place the right bet, you may earn wealth that ordinary warriors cannot accumulate in a lifetime in just a few hours.

At this time, the official force of the underground arena actually sent a beautiful girl in a silver dress, came to Ye Feng, handed a golden token to Ye Feng, and said respectfully: "Sir "This is a golden token given to you by the elders of our underground arena. As long as you hold this golden token, you can enjoy VIP treatment in our underground arena no matter when you come."

Ye Feng's eyes moved. It seemed that his recent performance had attracted the attention of the official forces in the underground arena.

Otherwise, it would be impossible to directly give yourself such a golden VIP token.

Ye Feng took the golden VIP token and said with a smile: "Okay, I will accept this token. Thank you to the elder who gave me the token in the underground arena for me."

The beautiful girl in the silver dress immediately said respectfully: "Yes, sir, I will tell you the truth."

After saying that, the beautiful girl turned and left.

At this time, Sword Soul stared at the golden token in Ye Feng's hand, and said with some envy: "The VIP token of the underground arena, this is something I have never seen before, it must be very precious."

Princess Longling spoke up at this time: "This VIP token is indeed very precious. My father also has one, which was given by the senior officials of the underground arena. With this token, you can enjoy it for free in the underground arena." Various VIP treatments, such as free secret training rooms, etc."

Ye Feng nodded, put the golden token into the storage ring, and said with a smile: "Now that I have obtained such a large amount of divine crystal wealth, I am going to find a place to refine it and see if I can Break through the bottleneck of the Half-Step Hedao Realm and completely break into the Hedao Realm."

Sword Soul said: "Then Ye Feng, you can use the VIP token you just got and let the official forces of the underground arena arrange a secret training room for you."

"No need to bother."

Princess Longling smiled like a picture at this time and said: "Go to the Nine Princes' Mansion where I live. It is very safe there. And I have said before that when Ye Feng is done fighting, I will invite you to our Nine Princes' Mansion to watch. , drink tea and talk about the future."

When Ye Feng heard this, he couldn't help but hesitate. After all, he and Princess Longling had just met and were not too familiar with each other.

Sword Soul seemed to have seen something, and he quickly smiled and said to Ye Feng: "Since Princess Longling has such kind intentions, then Junior Brother Ye Feng, let's go together. This is the capital of the Frost God Kingdom, and we can't go to the palace. , it's not bad to go to the palace."

When Ye Feng heard what Sword Soul said, he no longer hesitated, nodded and said, "Okay, then I'll trouble Princess Longling."

Hearing Ye Feng's agreement, Princess Longling immediately showed joy in her beautiful eyes and said quickly: "No trouble! Let's go now!" Jing!

Deadly quiet!

At this time, there was deathly silence around the entire arena.
