Chapter 2101 Nine Princes' Mansion

At this time, Princess Longling led Ye Feng and Sword Soul towards the outside of the underground arena.

For Princess Longling, if she meets Ye Feng this time, she must seize this opportunity tightly.

Because from the battle just now, Princess Longling has already seen that Ye Feng's future will definitely shock the entire alliance.

At this time, the three people walked towards the outside of the underground arena.

Returned to the streets of Frost City again.

Sword Soul was quite excited at this time and said loudly: "This time, Ye Feng, you have won so many games in a row in the underground arena, and you are also on a challenge competition stage that is a level higher than you. This is simply unprecedented. What a feat, no one has ever dared to do this like you, Ye Feng, this is really crazy."

Ye Feng smiled and said: "The main reason is that I am too invincible at the same level as me. Those members of the Wild Wave Mercenary Group who are at the same level as me don't dare to take action at all. That's why I made this decision and directly boarded the I want to enter a gladiatorial arena that is a level higher than mine, so that I can attract the strong men of the Wild Waves Mercenary Group to take action, otherwise I would not be able to get so much wealth."

In his continuous victory, Ye Feng killed nearly all the powerful men in the entire mercenary group, and even the leader of the mercenary group was killed.

So during the whole process, Ye Feng not only absorbed the skills and blood of many strong men, but also plundered storage rings one by one.

So for Ye Feng, this battle in the underground arena really benefited him a lot.

At this time, when Sword Soul heard what Ye Feng said, he could only pat his shoulder with admiration and said: "Junior Brother Ye Feng, I have never admired anyone in my life, but I am really convinced by you. It's really awesome."

Princess Longling had a trace of curiosity in her eyes at this time, and said aloud: "By the way, in this battle, I am afraid that the most curious thing in the audience is how Ye Feng did you in the battle. The continuous breakthroughs are really incredible."

When Sword Soul heard Princess Longling say this, he seemed to have thought of this matter, and looked at Ye Feng curiously.

Ye Feng looked at the curious eyes of the two people around him and couldn't help but smile slightly and said, "Secret."

Hearing what Ye Feng said, Jianhun and Princess Longling couldn't help but look surprised.

It seemed that they didn't expect that Ye Feng, a decisive and decisive person like him, would even tease them.

The three of them were talking and laughing while walking on the street.

Soon they arrived at Princess Longling's home, the Nine Princes' Mansion.

The Nine Princes' Mansion is very grand, and the continuous buildings are very majestic, built in the Frost City.

To be able to build such a huge and continuous towering building complex in such a precious place like Frost City.

This shows how terrifying the strength of the Nine Princes' Palace is.

Princess Longling is the seventh daughter of the Nine Princes' Mansion, not the only daughter of the Nine Princes' Mansion.

Therefore, Princess Longling still has many competitors in the Nine Princes' Mansion.

Because Princess Longling had made great contributions to the royal palace, she was deeply loved and appreciated by His Majesty the Frost Emperor, and was directly given the title and status of "Princess Longling".

At this time, Princess Longling said to Ye Feng and Sword Soul beside her: "After entering the Nine Princes' Mansion, if someone is looking for trouble, there is no need to respond, just ignore it, because there is no need to respond."

necessary. "

Ye Feng and Jianhun both nodded slightly when they heard this.

The three of them walked into the Nine Princes' Mansion.

They immediately saw acres of buildings, rockeries, flowing water, and royal gardens, all located in the entire Nine Prince's Mansion.

Sword Soul looked at the majestic buildings and decorations around him and couldn't help but sigh: "As expected of the royal family, they are really rich in financial resources. If I own such a big house, then I will really have no regrets in this life."

When Ye Feng heard what Jianhun said, he couldn't help but smile and said: "Brother Jianhun, didn't you win a huge amount of divine crystals in the underground arena this time? You can buy a nice big house in this Frost City." "

Sword Soul laughed and said: "That's much worse than the Nine Princes' Mansion. Maybe I can take advantage of Ye Feng and live in this Nine Princes' Mansion in the future."

At this time, Sword Soul said, looking at Ye Feng and Princess Longling with meaningful eyes.

At this time, seeing the strange gaze of the sword soul, Princess Longling naturally understood something, and suddenly a trace of shyness appeared on her beautiful face.

Ye Feng, on the other hand, was a little helpless. He didn't expect that Sword Soul wanted to bring him and Princess Longling together.

He and Princess Longling have just met.

Moreover, the other party is a member of the royal family of the Kingdom of Frost and has a distinguished status.

The most important thing is that Ye Feng currently doesn't have much interest in his children's personal relationships.

Because the most important thing for him now is to quickly improve his strength and expand his cultivation as much as possible. He can always go to the land of the most powerful and top Chaos God Clan in the God Realm to find his mother and avenge Uncle Nan.

At this time, Princess Longling led the two of them towards her bedroom.

She smiled and said: "I have a lot of good things that the major forces have sent to the royal family, and there is a lot of good tea. I can make tea with the water from the cold springs of Tianshan Mountain. If you try it, you will definitely have endless aftertaste."

Just when Princess Longling was talking.

Suddenly a group of people came not far away.

This group of people are all wearing the clothes of royal family members, and their aura is very noble.

"They are my father's other children. They usually don't have a good relationship with me. They always like to make things difficult for me."

Princess Longling immediately said: "Let's take a detour."

She took Ye Feng and Sword Soul towards another road.

"etc."

Suddenly, among the group of people not far away, a young man wearing a blue robe with an imposing manner walked over in an instant.

This young man in blue robe is the sixth son of the Ninth Prince.

The sixth son laughed out loud and said: "Seventh sister, who are you bringing with you? Why did you bring them into our Ninth Prince's Mansion without permission? Our Ninth Prince's Mansion is a place of honor. You are bringing these people with you without knowing why." People entered our Ninth Prince's Mansion. It would be bad if something was stolen from our Ninth Prince's Mansion. After all, some people with humble status may be greedy when they enter such a noble place as our Ninth Prince's Mansion. Steal the treasures from our Nine Princes' Palace."

When Princess Longling heard this, a trace of anger suddenly appeared on her beautiful face, and she couldn't help but said: "Brother Six, you can't talk nonsense. These two are Ye Feng and Jianhun. They are both mine." Good friends, they are all from Qingtian Holy Land, one of the four holy places, and they are not the unknown people that Sixth Brother said." At this time, Princess Longling led Ye Feng and Sword Soul towards the underground arena. Go outside.

For Princess Longling, if she meets Ye Feng this time, she must seize this opportunity tightly.

Because from the battle just now, Princess Longling has already seen that Ye Feng's future will definitely shock the entire alliance.

They are both mine." Good friends, they all come from Qingtian Holy Land, one of the Four Holy Lands, and they are not the shady people that Sixth Brother said."

Chapter 2102 Duel

Princess Longling originally wanted to take a detour, but she didn't expect that the ninth prince's sixth son, her half-brother, would actually say such angry words.

So at this time, Princess Longling immediately looked at the sixth son with frightened and angry eyes, and said loudly: "Brother Six, please get out of the way, I want to take my friends to drink tea."

"Still drinking tea?"

The sixth son immediately laughed out loud, with a mocking look in his eyes, and said: "Two young boys who have not even entered the Dao realm are also qualified to enter our noble Nine Princes' Palace? Even if they are disciples of the Holy Land, I'm afraid they are just ordinary disciples in the Holy Land, and they are not qualified to stay in the noble place of our Nine Princes' Palace."

"you.....!"

Upon hearing this, Princess Longling's eyes immediately revealed a look of deep annoyance.

At this time, the sixth son continued to laugh and said: "Seventh sister, I advise you to learn from me and recruit more powerful beings. Don't hang out with these weak and humble brats. It will not do you any good. What's the use of you? You are still the Princess Longling who was consecrated by His Majesty. Why don't you understand this? What's the use of recruiting these weak people? "

"enough!"

Princess Longling's body suddenly erupted with a terrifying cold aura.

She stared at the sixth son in front of her and said coldly: "Brother Six, let me reiterate once again, Ye Feng and Jianhun are both my good friends, and they are not recruiters as you said. Moreover, regardless of whether they What kind of cultivation is it? If you are friends with me, you are qualified to enter the Nine Princes' Palace. Don't meddle in other people's business."

The Sixth Son laughed and said: "It doesn't matter, anyway, I just want to remind Seventh Sister not to embarrass our Ninth Prince's Palace!"

"Hahaha!"

After finishing speaking, the dozen or so senior staff he recruited behind the Sixth Son all laughed.

Their laughter was full of deep sarcasm.

Obviously, these experts, as the Sixth Son's staff, naturally want to agree with the Sixth Son.

These masters are basically strong ones at the Hedao realm.

Most of them are in the second or third heaven of Hedao realm.

Their laughter at this time was obviously laughing at Ye Feng and Jianhun who were standing next to Princess Longling.

"hateful."

Sword Soul's expression was also very ugly at this time.

"It seems some people need to be taught a lesson before they can be honest."

At this time, Ye Feng also spoke out.

He looked at the sixth son and suddenly said: "You are the sixth son of the Ninth Prince, right?"

The sixth son looked at Ye Feng at this time, with a cold smile on his face, and said majestically: "Who are you, a little half-step Hedao realm boy, you don't treat me right?"

Respect? Just call me sixth son? You are so presumptuous! You must call me Sixth Young Master! "

Ye Feng looked very calm and said with a smile: "I'm sorry, I don't have the habit of groveling. The reason why I suddenly spoke out is because I feel that you, Sixth Son, think too highly of the so-called masters you have recruited."

"What?!"

The moment Ye Feng finished speaking, a group of masters behind the Sixth Son all shouted angrily: "Boy! You are only half a step into the Hedao realm. Who are you? How dare you speak so arrogantly to us?" If so? I want to fight you!"

"duel?"

Ye Feng said with a smile: "There is no need for a one-on-one duel. You can all go together. I want to teach you how to behave. Don't waste my time."

"What?!"

The moment Ye Feng finished speaking, the entire field suddenly fell into a boil.

"What?"

"This kid is too arrogant!"

"How dare a weak, half-step Hedao realm speak like this to us, a group of Hedao realm experts? It's really too presumptuous!"

...

Behind the Sixth Son, a group of masters immediately shouted out in anger, with a deep anger in their tone.

The sixth son's eyes were also extremely gloomy at this time. He stared at Ye Feng and said loudly: "Boy, what you said is a bit too arrogant. The group of masters behind me are all carefully selected and You have recruited super geniuses and strong men from all major forces. How dare you be so rude to them? You must know that the consequences of doing so will be very serious. "

Princess Longling suddenly spoke up at this time: "Brother Six, let's not interfere. Let them compete to see who is the king."

Ye Feng said with a smile at this time: "Yeah, what's the use of just talking, my subordinates will see the truth."

"I'll fight you!"

Suddenly at this moment, a young man in a black robe behind the sixth son couldn't bear it any longer.

This man in black robe exuded a terrifying dark demonic aura, and his eyes turned dark gold. He stared at Ye Feng opposite him and said loudly: "Let everyone take action together, you are too precious." You're on your own, since you don't want to waste time, then let me fight you, I will suppress you directly!"

Buzz!

The aura of cultivation exuding from this man in black robe is clearly that of the third level of Hedao realm!

Ye Feng smiled indifferently and came out

The voice said: "Okay, then I will suppress you first, and then let them take action together."

"Arrogant!"

The man in black robe roared loudly and rushed towards Ye Feng in an instant.

"The curse of heaven and earth!"

"The sun and moon are upside down!"

"Boy! You will always be immersed in my endless magical illusion!"

At this time, the man in black robe used a very terrifying method, which was a secret technique inherited by the demon clan. It can be seen that this black-haired man is not a human race, but a branch of the demon clan.

At this moment, he cast the magic spell of heaven and earth, and suddenly a series of dark spells rushed out from his whole body, exuding dark golden light, ancient and mysterious, and full of an unknown ancient power. It was frantically bombarding Ye Feng, and every symbol seemed to create an illusion all of a sudden, covering Ye Feng's entire spirit and sinking into it.

"Break it for me!"

Ye Feng's eyes lit up at this time, and two spiritual beams suddenly burst out from his eyes, piercing the void and shattering all the illusions in an instant.

At this time, Ye Feng just casually stretched out a finger and displayed the Soul Emperor Seal. Suddenly, the terrifying soul power burst out. Those spell symbols of the heaven and earth curses were directly in the void by Ye Feng's soul frenzy. All the impact shattered.

"Crash!"

"Crash!"

Countless spell symbols of heaven and earth magic were shattered at this moment.

With a cold smile in his eyes, Ye Feng said aloud: "If this is your so-called trump card, then I can only say that it is too weak, it is simply weak!"

Boom!

The moment Ye Feng finished speaking, he punched out with a fist, sending the black-robed man who was the first to take action away.

Even if this black-robed man was a master at the third level of Hedao Realm, he could not withstand Ye Feng's punch at this moment. He was directly blown away without any resistance at all.

"What?!"

"It's so powerful!"

"This kid is only half a step into the Hedao realm. Why can he burst out with such powerful power?"

"Brother Black Dragon is one of the more powerful beings among us. The illusion was shattered by this kid in an instant, and he was also blown away with a fist. How is this possible?"

...

Almost at this moment, the entire field suddenly erupted with exclamations of surprise.

Even the sixth son's eyes suddenly widened at this moment, as if he had no idea.

Thinking that Ye Feng was so powerful.

After all, Ye Feng's cultivation level is only half-step to the Hedao realm, and the gap between him and the masters he recruited is really huge.

But the result was something that no one expected.

The most indifferent people in this situation are probably Princess Longling and Sword Soul.

Because both of them had witnessed Ye Feng's powerful combat power with their own eyes.

Never look at Ye Feng based on his superficial cultivation.

Ye Feng's true power is simply a little bit stronger than his own cultivation.

"So strong!"

At this moment, a group of experts finally understood that this Ye Feng was definitely a top genius with unparalleled combat power.

"But no matter how powerful his combat power is, he is still only halfway to the Hedao realm, and it is impossible to defeat all of us. If more than a dozen of us masters join forces, even if he is at the seventh or even eighth level of the Hedao realm, Even the strongest men on the heavenly level can't fight against it, and this kid definitely can't do it either!"

At this time, a group of experts all spoke out.

At this time, they actually wanted to join forces to suppress Ye Feng.

After all, the shock Ye Feng brought to them was too great.

So at this time, no one dared to take action alone, otherwise the end would be the same as that of the man in black robe before, and he would lose miserably.

But if more than a dozen of them join forces, they still think they can suppress Ye Feng.

But Ye Feng suddenly spoke up: "I asked you to take action together just now, but you were unwilling. Now you really want to join forces to deal with me. I can agree, but I have a condition."

The sixth son immediately said: "Whatever conditions you want, I can satisfy you!"

At this time, the Sixth Son also felt that if the group of masters he recruited worked together, they would definitely be able to defeat Ye Feng.

In order to trample Ye Feng under his feet as soon as possible, the sixth son was really a little irrational at this time.

Ye Feng smiled slightly and said loudly: "I agree that all of you will join forces to deal with me, but my condition is that if you lose, all the storage rings you have will be given to me as a reward for my action."

"What?!"

The expressions of more than a dozen masters changed slightly at this time.

The storage rings they wear contain the wealth they have accumulated over a long period of time.

At this time, the Sixth Son looked at a group of more than a dozen hesitant masters, and immediately said angrily: "Don't a dozen of us have the courage to deal with a boy who is only half a step into the Hedao realm? Hurry up and strike hard at me. , Teach that boy a lesson! Hurry up and agree to this boy's request!"

Chapter 2103 Invincible

For Ye Feng, although it is now impossible to kill and devour all these masters in the Nine Princes' Mansion.

But it's still good to take a look at their storage rings.

That's why Ye Feng made this request.

And Ye Feng believed that if he made this request, the sixth son would definitely agree to it.

Because Ye Feng knew that the sixth son was currently in a state of anger.

The Sixth Son is the Sixth Young Master in the Nine Princes' Mansion. He has a noble status and is very extraordinary. Everything must go according to his wishes, otherwise he will be extremely angry.

So if Ye Feng makes this request now, Sixth Son will definitely agree to him, because Sixth Son feels that if more than a dozen masters join together, they will definitely be able to defeat him.

At this time, Ye Feng looked at the dozen masters and said, "Since the Sixth Son agreed to my request, then you all can take action together." ??

"Damn boy!"

"This kid is so arrogant!"

"Okay! Let's all take action together!"

...

More than a dozen masters shouted loudly at this time.

They all burst out with terrifying momentum in an instant.

boom!

boom!

boom!

Waves of powerful aura at the level of Hedao realm surged through the entire royal garden in an instant.

"Crack, click, click..."

Countless trees and ground around him were shattered by the terrifying and violent momentum at this moment.

This sight is very terrifying.

It can be seen from this that the destructive power produced by more than a dozen Hedao realm powerhouses is very terrifying.

At this time, Ye Feng's face was still extremely calm.

It seems that facing the attacks of a dozen Hedao realm masters is just like facing the attacks of a dozen weak ones.

"Pretending to be indifferent!"

The sixth son spoke coldly at this time.

No matter what, he didn't believe that a dozen Hedao realm masters joining together would not be able to defeat a young man who was only half a step closer to Hedao realm.

Princess Longling looked at the sixth son at this time, and suddenly laughed out loud and said: "Brother Six, why don't we also make a bet? If a dozen of your masters join forces to defeat my friend Ye Feng, then I will The Dinghai Divine Bead I got for my birthday this year is lost to you. If more than a dozen of your masters lose, then I need you to bow and apologize to my friend Ye Feng!"

"you.....!"

The sixth son heard what Princess Longling said, his face showed anger, and he said loudly: "Okay! Why don't I dare! I will bet with you!"

The sixth son obviously didn't believe that all the masters he had recruited combined could not compare to Ye Feng, who was at the half-step Hedao realm.

When Princess Longling saw that her sixth son had agreed, she immediately said happily: "Okay! Let's wait and see!"

Just as the two were talking.

On the battlefield not far away, a dozen Hedao realm masters had united together and launched their powerful and terrifying attacks.

"Crazy Demon Slash!"

"Holy Dragon Breaking Heaven Technique!"

"Thousands of swords cut through the vicissitudes of life!"

"Nine Yin and Nine Yang Divine Skill!"

"Holy Buddha casts down the demonic pestle!"

"The sword goes against the sky!"

...

Almost at this moment, each master burst out their most powerful attack heritage.

"Boom!"

Suddenly, there was a large wave of attacks, all of which were united together, forming a long and destructive river, emitting light of different colors, and all of them bombarded Ye Feng.

"Boy! You're dead this time!"

At this time, more than a dozen masters burst out with destructive energy light waves formed by their most powerful attack methods, which instantly enveloped Ye Feng's entire body.

This devastating attack came from all directions, and Ye Feng, who was enveloped, was absolutely unable to escape.

"Boy! You can't escape this time!"

A group of Hedao realm masters laughed loudly and said.

"escape?"

"Why should I run away?"

Ye Feng laughed out loud at this time: "Actually, in my eyes, you are just a bunch of chickens and dogs!"

"Sky Vault Meteor Fist!!"

At this moment, Ye Feng burst out this set of powerful martial arts inheritance at the control level that he had plundered from others.

For Ye Feng, the walk from the underground arena to the Nine Princes' Mansion was enough for him to initially understand the Sky Meteor Fist.

So at this time, Ye Feng was able to display it smoothly.

"Boom!"

"Boom!"

"..."

At this moment, as Ye Feng punched out one punch after another, huge meteors, emitting dazzling starlight, suddenly impacted from Ye Feng's fist, full of unparalleled impact. and destructive power, heading directly towards the front with crazy bombardment.

"Boom!!!"

Suddenly, there were earth-shaking roars all over the sky.

Countless terrifying waves of destructive light spread crazily from the center of the collision toward the surroundings, almost destroying the entire royal garden.

This kind of terrifying collision and destructive power is really amazing.

"Buzz!"

Even at this time, a huge protective formation rushed out of the ground of the entire royal garden, directly covering the entire chaotic battlefield.

This guardian formation is obviously the guardian formation in the Nine Princes' Mansion. It sensed the chaotic collision and destruction light here, so it suddenly appeared here and isolated the center of the collision to prevent the Nine Princes' Mansion from being destroyed. .

"Who loses and who wins?"

At this time, the Sixth Son's eyes were filled with deep anticipation as he looked towards the center of the collision.

Buzz!

When the smoke and dust dissipated, the eyes of everyone present were all fixed on the center.

direction.

At this time, in the center area, the earth was completely broken, and a ruin appeared.

On top of the ruins, Ye Feng stood alone, with his hands behind his back, a divine light shining in his eyes, and his black hair dancing wildly in the cold wind. He looked like he had boundless momentum, like a demon god with a stern look. The power of the world is invincible and unstoppable.

Opposite him, among the ruins, were a dozen people.

These dozen people lying in the ruins are exactly the dozen masters who took action just now.

But now they are vomiting blood, lying in the ruins, coughing and struggling violently.

"What? How is this possible?"

The Sixth Son looked very expectant at this time, but when he saw this scene, his face suddenly became extremely ugly.

He never thought that the dozen or so powerful masters he had recruited so hard would not defeat Ye Feng together. Instead, all the masters were suppressed by Ye Feng, fighting from high altitudes. He fell down and lay among the ruins, suffering heavy injuries. .??.

At this moment, Ye Feng immediately walked up to a dozen experts, smiled and said: "I have said it before, in my eyes, you are just a bunch of chickens and dogs."

After saying that.

Ye Feng reached out and grabbed all the storage rings in the hands of more than a dozen experts.

"No, that's all my accumulation and wealth!"

When a master saw Ye Feng snatching away his storage ring, he immediately stood up and wanted to snatch it back.

"Snapped!"

But Ye Feng slapped him to the ground and said with a smile: "I have defeated more than a dozen of you, so your storage ring belongs to me. This is what I just proposed. Your master has agreed to the request. If you are not convinced, you can go to your master and don't bother me, otherwise I will not show mercy. Be careful, I will really kill you all!"

The moment Ye Feng finished speaking, the dozens of defeated masters on the field immediately did not dare to continue speaking.

Because they had just seen Ye Feng's powerful power, more than a dozen of them were unable to resist it together.

So they were really afraid that Ye Feng would suddenly take action and kill them all.

That would be such a loss.

That really means losing your wife and losing your troops.

Now that Ye Feng just snatched the storage ring, it's pretty good.

At this time, Ye Feng saw the fearful eyes of more than a dozen experts, and immediately smiled indifferently, and then walked towards Princess Longling.

Ye Feng walked over and the first thing he saw was the sixth son's gloomy and livid face.

Obviously, the sixth son had always been very convinced that all the masters he recruited would be able to defeat him easily.

But the result was not what he expected.

So at this time, the sixth son must be very unhappy.

But Ye Feng would not give the sixth son a good look.

\u003e

After all, it was the sixth son of the Ninth Prince's Palace who took the initiative to provoke him.

Otherwise Ye Feng would not have given him such a profound lesson.

At this time, Princess Longling suddenly laughed and said: "Sixth brother, just now you said that the group of people you recruited are very powerful. Now it seems that they are nothing more than that. Now I feel that they are really not qualified to enter." The people in our Ninth Prince's Palace should be the losers you recruited, Brother Six."

"you.....!"

When the Sixth Son heard Princess Longling's mocking words, his face became even more livid.

He wanted to say something to fight back, but he didn't know what to say.

Because the masters he recruited were indeed too mediocre compared to Ye Feng.

Are the experts he recruited weak?

of course not!

As the Sixth Young Master of the Nine Princes' Mansion, the Sixth Son must have recruited experts who have passed through layers of screening before finally being able to follow the Sixth Son and become his staff.

So it's not that the experts around Sixth Son are too weak, the real reason is that Ye Feng is really ridiculously strong!

At this moment, Princess Longling continued to speak: "Brother Six, do you still remember the bet we just made? If Ye Feng wins, then you should bow to him and apologize for your rude words at the beginning. "

When the Sixth Son heard what Princess Longling said, he immediately clenched his fists in anger, his fingers clenching loudly.

It was obvious that he was extremely angry now.

But I don't know what to say.

Princess Longling smiled and said, "Sixth brother, do you want to be a person who breaks your word? If my father finds out about this, I think my father will also be disappointed in you."

"shut up!"

The sixth son suddenly yelled.

Then he endured his strong anger and walked directly in front of Ye Feng, actually bowed and said out loud: "I was wrong!"

Uh-huh!

After the words fell, the Sixth Son didn't want to say anything, and left the scene in embarrassment with a group of more than a dozen defeated masters.

"Cool!!"

Sword Soul suddenly laughed loudly at this time.

Princess Longling also looked with a hint of joy and said loudly: "I have been suppressed in the past, but this time I finally won!"

Sword Soul smiled and said: "Ye Feng, you are really awesome!"

Ye Feng held a dozen storage rings in his hands and said with a smile: "This is the reason why I am really willing to take action. The wealth of a dozen Hedao realm masters must be extremely rich."

Princess Longling looked at Ye Feng at this time and said: "Ye Feng, I will immediately arrange a private and luxurious training room for you so that you can practice with peace of mind and no one will disturb you. After you break through, I will I want to take you to meet my father. My father is the Ninth Prince of the Frost God Kingdom. He has always admired young talents like you very much. "

Ye Feng smiled and nodded, and said aloud: "Okay, I really need to practice quickly. I have a lot of resources waiting for me to refine."

Chapter 2104 Huge Conspiracy

Under the arrangement of Princess Longling, Ye Feng quickly obtained a very luxurious private training room.

This is a specially made secret training room in the Nine Princes' Mansion. The entire secret room is engraved with a huge formation, which is a special isolation formation.

As long as this isolation formation is activated, the warrior will not be disturbed by any outside interference while practicing in this secret training room.

At this time, Ye Feng was alone, sitting in this isolation formation.

At this time, he had taken out all the divine crystals from the storage ring and piled them in front of him.

There are millions of divine crystals!

This is a great asset to others and may remain in their own storage ring to build wealth.

But for Ye Feng, this accumulation of wealth has no effect.

He is not a person who can keep money.

As long as he has these divine crystals, Ye Feng's approach is almost always the same, which is to devour them all.

The energy contained in these divine crystals is very majestic and pure, and the energy is extremely high-level. It is an essential resource for warriors to practice and absorb.

At this time, Ye Feng no longer hesitated. He stretched out his hands and pressed them on the mountain-like divine crystals piled in front of him.

"Swallow!"

At this moment, Ye Feng immediately released his Devouring Domain.

In the palms of his hands, a large dark swallowing vortex suddenly burst out, forming a dark field and covering the entire pile of divine crystals.

"Crash!"

Almost at this moment, streams of majestic energy, like a long river, were sucked out of the divine crystal by Ye Feng, and then all injected into Ye Feng's own body, growing crazily. His skills and cultivation.

"Rumble..."

\u003e

At this moment, the energy released by millions of divine crystals was all injected into Ye Feng's body. It was like the Yangtze River flowing through Ye Feng's limbs and bones. The sound it made was simply like It's a roar of angry dragons!

"Boom!"

Suddenly, Ye Feng's cultivation level broke through in an instant under the impact of this terrifying energy.

Directly from the half-step Hedao realm, he rushed into the first level of Hedao realm!

And it goes far beyond that.

Because Ye Feng not only got millions of divine crystals, but also got many storage rings from Hedao realm masters. Those storage rings contained a lot of cultivation resources.

At this time, Ye Feng devoured them all, quickly growing his own cultivation and accumulating his own heritage.

Only such a crazy breakthrough can Ye Feng quickly have the confidence to confront the Gods Association.

"Boom!"

The second level of Hedao realm!

"Boom!"

The third level of Hedao realm!

"Boom!"

The fourth level of Hedao Realm! !

Finally, at this moment, all the resources were swallowed up and transformed into Ye Feng's cultivation.

Ye Feng's cultivation finally stopped at the fourth level of Hedao Realm.

At this moment, Ye Feng did not stop practicing. He took out the powerful inherited book "Tianqiong Meteor Fist" and began to read and comprehend it.

Before, Ye Feng only had a preliminary understanding on the road, and the power of Tianqiong Meteor Fist was not enough.

Now

Ye Feng wants to fully comprehend the Heavenly Vault Meteor Fist, a boxing technique at the control level.

Only in this way can the profound energy of Tianqiong Meteor Fist be fully unleashed!

In the following time, Ye Feng was silently comprehending the Sky Meteor Fist.

Three days later.

Ye Feng thoroughly comprehended the Heavenly Vault Meteor Fist and completely mastered this powerful boxing technique.

At this time, Ye Feng stood up in the secret practice room and walked out of the secret practice room.

At this time, three or four days had passed since he arrived at the Nine Princes' Mansion.

When Ye Feng walked out, it was just early morning. ??

He was surprised to find the graceful and beautiful figure of Princess Longling standing there, as if she had been waiting for a long time.

Ye Feng immediately walked over and said, "Has Princess Longling been waiting for me here?"

Princess Longling nodded slightly and said with a smile: "I have been waiting for you, Ye Feng, for a whole day and a night."

"Princess Longling, you are too polite."

Ye Feng immediately said: "Princess Longling has been waiting for me for so long, she must have something very important."

When Princess Longling heard what Ye Feng said, she nodded slightly, and then said: "I was originally going to take you to see my father, but just yesterday, I went to inform my father in advance. The king has something to do with you, but I found something wrong. My father seemed to be trapped in some kind of demonic barrier. His whole person was completely different from before. He seemed to be controlled by a dark force, but this The matter was really involved, so I didn't dare to tell others, Ye Feng, I know you are very powerful, but I don't know if you have any means to help my father."

When Ye Feng heard what Princess Longling said, his eyes suddenly showed a look of surprise: "A super powerful man like the Ninth Prince can actually be controlled by dark forces?"

Princess Longling couldn't help but smile bitterly and said: "My father was indeed a super strong man who fought with His Majesty the late Emperor on the battlefield, but after years of fighting, his body has suffered from huge hidden diseases, and he also suffered a lot on the battlefield. Huge and heavy damage, so although my father is very powerful, he is actually terminally ill. His energy is not as good as before. It can be described like this. Now my father is a giant whose body is about to be hollowed out. He looks super. A strong man, but he is actually very ill and doesn't have much power anymore. Only me and a few internal staff know this secret, because once it gets out, our entire Nine Princes Palace may be in a huge crisis."

When Ye Feng heard what Princess Longling said, his eyes flashed and he said, "I didn't expect the princess to trust me so much?"

When Princess Longling heard Ye Feng say these words, an inexplicable look suddenly appeared in her beautiful eyes, and she said loudly: "I trust you Ye Feng very much."

Ye Feng seemed to see the unusual look in Princess Longling's eyes. He didn't say anything more, just said: "Then take me to see your father. I always feel that this matter is not that simple. , It's not just as simple as your father being controlled by dark forces, it's very likely that there are dark races lurking in your entire Nine Princes' Palace, and there may be a huge conspiracy."

"A huge conspiracy?"

When Princess Longling heard what Ye Feng said, a look of deep worry suddenly appeared on her beautiful face.

If she was alone now, Princess Longling might become unable to do what she wanted.

But now that Ye Feng, an extremely powerful peerless genius, is by her side, Princess Longling immediately feels a lot more at ease.

Chapter 2105 Dark Evil Spirit

Ye Feng asked at this time: "By the way, Princess Longling, where is Brother Jianhun now?"

Princess Longling said: "The sword soul is still practicing in the secret cultivation room at this time. Do you want to call him in?"

"No need."

Ye Feng shook his head and said aloud: "This matter involves too much, so it is better to let fewer people know about it. Besides, Brother Jianhun has a hot temper and is easily impulsive, so we should let him practice in peace."

Princess Longling nodded and said aloud: "This matter is very private and involves the reputation of our entire Nine Princes' Palace. Ye Feng, you are right, but can the two of us fight against the dark races that may be lurking? ?"

Ye Feng looked very calm and said: "The two of us will go to investigate secretly first to see what is going on and whether the Ninth Prince is controlled by the dark force, and then we can make plans."

Princess Longling heard this and nodded immediately.

The reason why Ye Feng agreed to resolve matters related to the dark race with Princess Longling this time was because he had great confidence.

You know, Ye Feng's eyebrows are fused with the dark eye of the Dark Emperor, which has a natural suppression on the dark race.

This is something no other race can do.

At this time, Ye Feng followed Princess Longling towards the depths of the Nine Princes' Mansion.

Princess Longling said: "Do you think there is any danger if we go directly to my father's residence now?"

Ye Feng said: "If we can't directly observe your father at close range, I'm afraid we will never be able to discover the truth, so we have to observe at close range and can only go to see your father first."

When he said this, Ye Feng suddenly looked at Princess Longling next to him and said loudly: "If your father is really controlled by the dark power, he has become completely possessed and has completely become a dark race... "

"I will destroy my relatives with justice!"\u003c

br\u003e

Princess Longling suddenly spoke up, her tone extremely firm.

When Ye Feng heard what Princess Longling said, he nodded slightly and said nothing more.

The two of them quickly walked towards the deep area of the Nine Princes' Mansion.

Soon they came to the entrance of a brilliant hall.

This hall is very majestic, with carved beams and painted pillars, and it looks extremely powerful.

This main hall is the most noble place in the Nine Princes' Mansion, the main hall where the Nine Princes live!

At this time, Princess Longling came over, clasped her fists directly towards the direction of the hall and said, "Little girl Longling, come to pay homage to your father!"

Wow!

The door of the main hall immediately opened automatically.

A middle-aged man wearing a golden robe walked out from inside.

This middle-aged man is very tall, looks very oppressive, has a very majestic face, and has a calm and authoritative temperament.

This person is the owner of the Nine Princes' Mansion, the Nine Princes!

He is the ninth brother of the current king of the Frost Kingdom, His Majesty the Frost Emperor!

Back then, he followed His Majesty the Frost Emperor and fought in all directions and made great achievements.

At this time, the Ninth Prince came out, looked at Princess Longling, and said loudly: "Ling'er, why did you come to me all of a sudden?"

It has to be said that although the Ninth Prince looks very majestic at this time, he has a kind and amiable feeling when facing his daughter.

In fact, Princess Longling immediately clasped her fists and said loudly: "Father, this time I am here to introduce you to someone like me."

His good friend Ye Feng is a top genius from the Blue Sky Holy Land and has won sixty-one games in a row in the underground arena. "

When the Ninth Prince heard this, his eyes immediately showed a trace of interest, and he couldn't help but said: "Winning sixty-one games in a row? That's really good. This kind of talent is very powerful."

At this time, the Ninth Prince looked at Ye Feng who was standing next to Princess Longling, observed him carefully, and said with a smile: "You are that Ye Feng, right?"

Ye Feng immediately clasped his fists and said, "Junior Ye Feng, I have met His Highness the Ninth Prince."

The Ninth Prince smiled and waved his hand, and said loudly: "You don't have to be so polite. You should also know from Ling'er that I am a person who appreciates genius very much. Since you can win sixty-one games in a row in the underground arena, , it shows that your talent is very powerful, and if you are given time, you will grow into a super big shot."

At this time, the Ninth Prince said, waving directly to Ye Feng and Princess Longling, and said: "You two come in, I happen to have a top-quality spiritual tea presented by a local tribe here, let's Get up and taste it."

With that said, the Ninth Prince turned around and walked into the hall.

At this time, Princess Longling and Ye Feng looked at each other behind their backs.

Princess Longling sent a message to Ye Feng and said, "Did you see anything?"

Ye Feng shook his head slightly and sent a message back: "I haven't noticed anything yet, it's completely normal. Princess Longling, how did you know that your father was corrupted by the power of darkness?"

Princess Longling said in a message: "I went to see my father before. At that time, he seemed to have fallen into a deep sleep. I watched from a distance and found that there were black lines on his face that were twisting. It looks like he is possessed by a demon. I am sure that he must have been corrupted by the dark power, but he may be hiding the dark power now."

When Ye Feng heard Princess Longling's message, he nodded immediately and sent the message back: "Don't worry for now, let's enter the hall where your father lives first and see if there is anything special."

Princess Longling nodded slightly and without saying anything else, she and Ye Feng walked into the main hall where the Ninth Prince lived.

When they entered the hall, they found that the decoration in the entire hall was very simple, and it didn't look like anything special.

This made Princess Longling slightly disappointed.

She even began to wonder in her heart, had she seen it wrong?

At this time, the Ninth Prince was already making tea not far away.

Ye Feng looked around at this time and found nothing special, nor any so-called magic weapons, traces of dark races, etc.

At this time, Ye Feng's eyes were a little confused.

Because his eyes of darkness have begun to produce some strange movements in his mind.

This shows that there must be something about the dark race in the hall, but I haven't discovered it yet.

The Ninth Prince smiled and said not far away: "Come over and drink tea. My tea has been brewed."

Princess Longling and Ye Feng walked over directly, then sat down one after another, ready to start tasting tea.

At this time, Ye Feng suddenly thought of something and directly activated his Divine Eye of Creation and looked around.

And just by looking at it, Ye Feng almost dropped the tea cup in his hand in shock.

At this time, through the peeping eyes of the God of Creation, Ye Feng discovered that in the originally empty hall, there were actually dark evil spirits standing in every corner of the hall, staring at them!

Chapter 2106 The inheritance of the dark race

Countless dark evil spirits look very vicious and terrifying.

All of them stood in the corner of the entire hall, staring coldly at Ye Feng and Princess Longling.

This scene looks very scary.

Because in the hall that was originally thought to be empty, there were actually so many dark evil spirits, staring at the void.

It really makes people feel chilly all over.

If Ye Feng hadn't possessed the Divine Eye of Creation that could see through all illusions, he might not have been able to discover such a strange scene.

At this time, Princess Longling seemed to be aware of something abnormal about Ye Feng, and she couldn't help but said to the Ninth Prince: "Father, Ye Feng and I have already taken up a lot of your time, so let's leave first. "

The Ninth Prince still showed no abnormality, just smiled and said: "Okay, then you can go down first. Recently, I have been practicing a special kind of inheritance. When I succeed in practicing, I will take you two young people with me." People go hunting in the depths of the wilderness outside Frost City and see the magnificent wilderness forest."

At this time, the Ninth Prince spoke with a kind of heroic spirit like an iron horse, as if he was recalling the glorious days when he and the Frost Emperor conquered the world.

Under the gaze of the Ninth Prince, Princess Longling and Ye Feng left the hall.

They did not encounter any unusual situation, walked out of the Ninth Prince's palace, and came to the royal garden outside.

At this time, Princess Longling immediately looked at Ye Feng beside her and couldn't help but ask: "Ye Feng, have you noticed anything unusual?"

Ye Feng's eyes showed a trace of solemnity, and he said slowly: "In that empty hall, there is a room full of dark evil spirits."

"What?!"

When Princess Longling heard what Ye Feng said, her eyes suddenly showed deep shock.

She couldn't help but exclaimed: "A room full of dark evil

spirit? Did you see it with your own eyes? "

Ye Feng nodded and said: "I awakened a kind of divine eye of creation that can see through all illusions, so I saw that the entire hall where your father lives is full of terrifying dark evil spirits."

When Princess Longling heard what Ye Feng said, her beautiful little face suddenly showed a deep look of solemnity.

She naturally believed Ye Feng's words.

Because there was no need for Ye Feng to deliberately scare her with such words.

At this time, Princess Longling said aloud: "But during the conversation just now, I found that there was nothing too unusual about my father. He still remembered some of the questions I deliberately asked about when I was a child, and he also treated us. Very friendly."

Ye Feng nodded and said aloud: "It seems that your father was not completely controlled, nor was he taken over by any dark race. He just practiced the inheritance of a dark race, so he attracted so many dark evil spirits. Spirit, I saw that those dark evil spirits don't seem to have much sanity, and they can't even attack, so why don't we go and explain this matter to your father now?"

Princess Longling thought for a moment, and then said aloud: "Okay, let's go and make it clear to our father now. Since our father is still sane, there is no danger."

When Ye Feng heard this, he couldn't help but nodded and said, "Okay, then we will inform your father immediately."

"good."

Princess Longling nodded and immediately walked back with Ye Feng towards the main hall where the Ninth Prince lived.

Soon they met the Ninth Prince again.

The Ninth Prince was very surprised and asked: "What else do you have?"

What's going on? "

Princess Longling was silent for a while and said, "Father, there is something very important that I need to tell you in detail."

The Ninth Prince saw his daughter's solemn expression, and his eyes showed a look of surprise. Then he nodded slightly and said, "Follow me."

With that said, the Ninth Prince led the two of them to the main hall.

At this time, Ye Feng and Princess Longling hadn't waited for them to say anything. .??.

The Ninth Prince had already spoken out: "Did you find any bad omen?"

Princess Longling's beautiful eyes showed surprise and said: "Father, you already know what I am going to say?"

The Ninth Prince shook his head and said: "I have recently practiced a very special inheritance. It is said that I can draw an extremely high-level energy from the underworld, which can restore the hidden disease in my body and allow me to return to the peak of martial arts. status, but the thing that gave me this inheritance said that this inheritance may bring unknown things."

Ye Feng suddenly spoke up: "Ninth Prince, this inheritance comes from the dark race. What it brings to you is not unknown, but a room full of dark evil spirits, which has a huge impact on your spirit and soul."

"What?"

When the Ninth Prince heard what Ye Feng said, he was immediately shocked and couldn't help but said: "The inheritance of the dark race?! Are you saying that the inheritance I practice is the inheritance of the dark race?"

The dark race can be said to be the recognized enemy of countless races throughout the divine world.

Because the dark race represents aggression, darkness, cruelty, killing, bloodthirsty and all other negative energies!

So at this time, when the Ninth Prince heard Ye Feng say that he was practicing the inheritance of the dark race, he was immediately horrified.

The Ninth Prince couldn't help but stare at Ye Feng and said aloud

He said: "Although I admire you as a young man very much, if you dare to lie to me and ask me to give up practicing this kind of recovery technique, then I will never let you go lightly, even if you are my daughter's friend. "

Princess Longling's face changed slightly, and she quickly said: "Father, Ye Feng is my good friend, a disciple from Qingtian Holy Land. He will definitely not lie to you, nor will he harm you, Father."

Ye Feng smiled slightly at this time and said: "Whether I am lying to you or not, Lord Ninth Prince, you will know at a glance."

Buzz!

At this time, a gap suddenly opened between Ye Feng's eyebrows.

An extremely dark eye appeared in it.

Full of unparalleled power of the Dark Emperor.

At this moment, Ye Feng manifested the Eye of Sin, and immediately shouted to the surroundings: "All dark evil spirits, show yourself to me!"

Buzz!

Almost at this moment, a large piece of dark light erupted directly from the sinful eye between Ye Feng's eyebrows, directly covering the entire hall.

"boom!"

At this moment, a terrifying dark energy directly forced all the dark evil spirits in the entire hall to appear from the hiding place of nothingness.

Buzz!

Buzz!

Buzz...

One by one, the dark evil spirits immediately revealed their ferocious figures and appeared in the entire hall.

The hall was originally empty, but at this moment, it was immediately filled with countless manifested dark evil spirits.

"this....."

The Ninth Prince saw the scene in front of him, and when he looked at the evil spirits in the room, his eyes suddenly showed deep horror and disbelief.

Chapter 2107 Dispersal

At this moment, Ye Feng used his evil eye to successfully force out all the dark evil spirits in the entire hall.

At this time, the Ninth Prince saw the scene in front of him, and his expression suddenly changed with horror.

Because he never thought that there would be so many dark evil spirits hidden in the seemingly empty hall.

In other words, the Ninth Prince lives in this hall, and there are so many ferocious dark evil spirits "accompanying" him every moment.

This makes people feel a little creepy just thinking about it.

At this time, Princess Longling also saw the scene in front of her.

There was also a deep creepiness in her beautiful eyes.

After all, seeing so many dark evil spirits appear in front of you all at once was a terrifying visual impact.

At this time, the Ninth Prince completely believed Ye Feng.

The Ninth Prince immediately looked at Ye Feng and asked aloud: "Now I completely believe you, but these dark evil spirits don't seem to pose any threat to me."

Ye Feng said aloud: "That's because the technique you are practicing is still in its early stages. If you continue to practice, more and more of these dark evil spirits will gather. By then, Ninth Prince, you will probably become a complete evil spirit." The puppet of the dark race."

After hearing Ye Feng's words, the Ninth Prince suddenly felt a chill in his body.

No wonder he's been feeling sluggish lately.

Although the Ninth Prince felt that after cultivating this inheritance, his physical strength seemed to have recovered a lot, but his spirit was getting weaker and weaker, and sometimes he would even have various terrifying nightmares.

At this time, the Ninth Prince finally understood why.

It turns out that the skills he practiced are the inheritance of the extremely evil dark race.

At this time, Ye Feng looked at the dark evil spirits in the entire hall and shouted loudly: "Destroy them all!"

Boom!

Almost at this moment, Ye Fengmei

The sinful eye in his heart suddenly burst out with a black beam of light, shooting towards the entire hall in an instant.

"Crash!"

Suddenly, all the extremely ferocious dark evil spirits were shattered by the Eye of Sin, turning into pieces of dark soul fragments.

"Boom!"

At this time, Ye Feng grabbed all the broken soul fragments of the dark evil spirits into his own body, and then strengthened his soul power.

The densely packed dark evil spirits were all eliminated by Ye Feng.

Ye Feng immediately felt that his soul power had grown sufficiently.

His soul power surged by two thousand levels in an instant!

From level 14,000, it skyrocketed to level 16,000!

At this moment, Ye Feng could feel that his mental power, perception, etc., and his soul-related abilities and qualities had been greatly improved.

It has to be said that these dark evil spirits are almost a small chance creation for Ye Feng.

After all, it is very difficult to improve soul power.

Ye Feng was very happy to have improved so much all at once.

However, if Ye Feng did not have the evil eye of the Dark Emperor, it would not be possible to eliminate all these dark evil spirits so easily.

At this time, the Ninth Prince's eyes were extremely surprised, and he couldn't help but said: "Ye Feng, you are so powerful. It turns out that a hero comes from a young age. You wiped out so many dark evil spirits in an instant. If someone else came, , I'm afraid there is no way at all."

Ye Feng smiled and said: "These dark evil spirits are still in a relatively early stage. They have not yet developed any sanity. They only know that they are in a relatively early stage."

The Tao is hidden in the dark, absorbing the energy of the techniques you have practiced, Ninth Prince. If they are born with spiritual wisdom, they will definitely be a group of demons dancing wildly. I am afraid that the entire Ninth Prince's Mansion will fall into a dark riot. "

When the Ninth Prince heard what Ye Feng said, he couldn't help but take a breath of air.

He also understood that if such a large group of dark evil spirits all gave birth to spiritual wisdom, it would indeed bring huge disaster to the entire Ninth Prince's Palace, and it would also have a huge impact on his reputation as the Ninth Prince.

Maybe the Nine Princes' Mansion has completely declined since then.

Thinking of this, the Ninth Prince immediately clasped his fists at Ye Feng, and said solemnly: "Thank you so much, little brother Ye Feng, this time, otherwise our entire Ninth Prince's Mansion may really decline from now on, little Ye Feng Brother not only saved me, but also saved the entire Nine Princes' Mansion."

Ye Feng quickly pulled back the Ninth Prince's salute and said with a smile: "I'm just doing a favor to my friend. Ninth Prince doesn't have to be so polite."

"ah!"

Suddenly at this moment, the Ninth Prince's expression suddenly became extremely painful, and he actually started to howl out.

And as the Ninth Prince howled miserably, black lines appeared on the surface of his face, which looked like black snakes twisting, looking very ferocious and terrifying.

When Princess Longling saw this scene, she was immediately worried and couldn't help shouting: "Father! Father! Are you okay? What's wrong with you?"

Ye Feng's eyes were solemn and he said loudly: "The Ninth Prince has suffered the backlash of the dark evil power in the inheritance of the practice. Princess Longling, please step aside and let me try to dispel this evil force." Dark evil force."

At this moment, Ye Feng flashed in front of the Ninth Prince, and then pointed on the Ninth Prince's eyebrows.

"boom!"

At this moment, Ye Feng was immediately excited

The majesty and power of the Dark Emperor in the Eye of Sin shrouded directly towards the Ninth Prince.

Almost at the next moment, the dark evil power in the Ninth Prince was dispelled.

"Boom!"

Suddenly, a dark vortex burst out from the Eye of Sin, swallowing up all the dark evil forces.

When Ye Feng saw this scene, his heart suddenly moved slightly. He felt that the deepest will in the Eye of Sin began to revive again.

That should be the will of the Dark Emperor.

"It seems that I need to find a way to recover the soul gem as soon as possible, otherwise when the Dark Emperor wakes up next time, it is very likely that I will be taken away. I have to say that although this evil eye is sometimes very useful, But it's also a ticking time bomb that could blow me up at any time."

Ye Feng thought secretly in his heart at this time and retracted his fingers.

At this time, the Ninth Prince was successfully driven away from the dark energy and returned to his previous state.

Princess Longling immediately said happily: "Ye Feng! You succeeded! Thank you for saving my father!"

At this time, the Ninth Prince seemed to have thought of something, and said to Ye Feng fiercely: "The inheritance of the dark race I got came from a dark stone statue paid tribute by an ancient tribe. It is said that that ancient tribe It was dug out from some abyss ruins, I thought it was some kind of statue, but now it seems that it is a stone statue of the dark race, I will take you to see it. "

"Dark stone statue?"

Ye Feng's eyes moved slightly, and he was curious in his heart. He immediately said: "Okay, Ninth Prince, please take me to see if I can completely destroy the dark stone statue and eliminate all potential threats."

When the Ninth Prince heard what Ye Feng said, he immediately nodded, and then led Ye Feng and Princess Longling towards a secret room deep in his palace.

Chapter 2108 Dark Stone Statue

At this time, the Ninth Prince led the two of them towards the deep area of the hall.

Soon they reached the deepest part of the hall and came to a wall.

There are many ornaments placed on this wall.

The Ninth Prince stepped forward, stretched out his hand and pressed it on a vermilion gem.

"Kacha kacha..."

Almost at this moment, the entire wall suddenly cracked from the middle, and a small portal appeared.

At this time, the Ninth Prince turned around and said: "That mysterious dark stone statue is in this dark room. Brother Ye Feng, please go in and take a look."

At this time, the Ninth Prince obviously believed in Ye Feng very much.

Ye Feng nodded and walked into the dark room with Princess Longling.

The moment Ye Feng walked into the darkroom, he immediately saw that the entire darkroom was like a treasure house. Treasures that were incomprehensible were placed on the shelves, looking very mysterious.

The Ninth Prince seemed to have noticed Ye Feng's expression at this time, and couldn't help but said aloud: "These are the treasures that I have obtained from the expeditions all year round, and they cannot be said to be treasures, because even I don't know the use of some of them, I just think they are It's very mysterious and very ancient, so I keep it here."

Ye Feng smiled and said: "I didn't expect His Highness the Ninth Prince to be a collector."

At this time, Ye Feng's eyes suddenly focused on a black stone statue.

This black stone statue looks very ancient. It is made of a special kind of obsidian and looks very mysterious.

The Ninth Prince spoke out at this time: "This is the dark stone statue. It was dug out from the depths of the ground by an ancient tribe and presented to me. I heard a message from this dark stone statue half a month ago. This kind of call sounded like a call from ancient times, so I tried to communicate with the ancient will in the dark stone statue. As a result, the ancient will in the dark stone statue taught me a mysterious inheritance, saying

It can cure all the hidden diseases in my body, restore my peak combat power, and regain my glory, but I didn't expect that it is the inheritance of the extremely evil dark race. "

At this moment, the Ninth Prince was speaking with a sense of fear in his tone, because if Ye Feng hadn't dispelled his dark energy in time, it was very likely that by the end of his cultivation, his body would have indeed recovered, but his spirit would have completely sunk into darkness. Among them, he directly became a dark race, which would have a huge blow to my reputation, which was even more uncomfortable than my death. "

For an orthodox nobleman of the Frost Kingdom like the Ninth Prince, it would be even more uncomfortable than his death to become a dark demon and lose his reputation.

At this time, Princess Longling stared at the dark stone statue with a hint of surprise in her eyes.

"Buzz!"

At this moment, there seemed to be a special and incomparable void energy, attracting her towards the dark stone statue.

If you look closely, you can see that there seems to be a strange black light surging in Princess Longling's eyes, which looks very evil.

"wake up!"

Suddenly at this moment, Ye Feng suddenly came to Princess Longling and yelled.

"Boom!"

It was like a thunder that exploded directly in Princess Longling's mind.

Like a thunderbolt that shakes ghosts and gods!

Princess Longling instantly woke up from that strange state of attraction.

The next moment, her face was covered in cold sweat, and she couldn't help but say: "This dark stone statue has an extremely evil attraction. It attracted my spirit in an instant. I almost walked directly into the darkness, completely 's sinking."

The Ninth Prince is also at this time

Try not to let yourself look at the dark stone statue.

Because he was attracted by this dark stone statue before and almost fell into the darkness.

At this time, both the Ninth Prince and Princess Longling had fear in their eyes, and they were very secretive about the dark stone statue and were very repulsive.

Of course, Ye Feng was very indifferent at this time, because the evil eye between his eyebrows was now revealed, exuding the aura of the first-generation Dark Emperor, the supreme dark race, so that he would not be bewitched by the dark stone statue at all. .

So at this time, Ye Feng walked towards the dark stone statue alone and walked directly in front of the dark stone statue.

Ye Feng stared at the dark stone statue in front of him, and suddenly his mind moved.

"Buzz!"

Suddenly, the sinful eye in Ye Fengmei's heart released a pitch-black light, which shone directly on the dark stone statue and began to scan for something.

"howl!!"

Suddenly at this moment, an extremely sad howl suddenly came from the dark stone statue, resounding in this small and dark room, and it sounded extremely creepy.

Uh-huh!

Almost at the next moment, a pitch-black soul burst out of the dark stone statue, trying to escape.

"Can't leave."

Ye Feng smiled coldly and directly used the Eye of Sin, instantly bursting out a dark beam and instantly hitting the black soul that escaped from the dark stone statue.

"Crack!"

Along with a sound like glass breaking, the black soul was immediately shattered by the light of the Eye of Sin.

The Ninth Prince's eyes were extremely surprised, and he couldn't help but said: "I'm afraid the person who communicated with me before was this dark soul."

\u003e

Ye Feng nodded and said: "Yes, the moment I entered the dark room, I directly felt that there was a soul hidden in the dark stone statue, but it was very weak and was destroyed by me in an instant."

At this time, Princess Longling also looked at the dark stone statue with her beautiful eyes, and said with some surprise: "Now this dark stone statue has no enchanting effect on me."

Ye Feng nodded slightly at this time, and then seemed to have discovered something. He suddenly stretched out his hand and pressed it on the dark stone statue in front of him.

He input some of his own mana into the dark stone statue.

But it was like a mud cow entering the sea, without causing any reaction.

Next, Ye Feng tried to transform his power attribute through the Eye of Sin into the dark energy of the dark race, and then injected it into the dark stone statue.

"boom!"

The dark stone statue, which was originally calm and calm, suddenly glowed with divine light.

However, this divine light is pure black and looks very deep and terrifying.

At this moment, the dark stone statue seemed to be alive, filled with an extremely terrifying wave of destructive power.

The Ninth Prince couldn't help but said: "This is a powerful magic weapon wave. It seems that this dark stone statue is not a sculpture, but a powerful attack magic weapon cast by the dark race in ancient times. "

Princess Longling also had very bright eyes and said loudly: "The energy fluctuations of this magic weapon are definitely beyond the realm of control! This is an ancient treasure of the dark race!"

Ye Feng was very happy at this time. He looked at the Ninth Prince and said, "Just give this dark stone statue magic weapon to me. I feel that I am quite comfortable in using it."

The Ninth Prince laughed loudly and said boldly: "It is appropriate to give treasures to heroes! If you need this dark stone statue, little brother Ye Feng, just take it directly!"

Chapter 2109 Call from Chaos

At this time, Ye Feng didn't show any courtesy and just took the dark stone statue in his hand.

This dark stone statue is not big, probably only as long as an arm.

But the dark stone statue feels like an ancient troll, standing in the void, full of unparalleled oppression.

At this time, the Ninth Prince couldn't help but sigh secretly and said: "This is definitely a very powerful ancient treasure among the dark races, but it is a pity that it is of no use to us." ??

At this time, Princess Longling suddenly flashed her eyes and said, "I just saw Ye Feng that you were able to inspire the power in this dark stone statue. It's so amazing."

Ye Feng smiled and said: "I once refined a part of the body of a dark race by chance, so I was able to temporarily transform my power into dark power, and I was able to use the dark stone statue, a magic weapon of the dark race. "

Upon hearing this, Princess Longling suddenly nodded in realization.

When the Ninth Prince heard what Ye Feng said, he showed deep surprise on his face, and couldn't help but said: "So, little brother Ye Feng is really a man of great luck. The limbs of the dark race are not casual. It can be refined. If ordinary people refining it, the result is likely to be sudden death or death due to explosion, because the energy of the dark race is very special and is not compatible with any other race. "

Ye Feng nodded and said: "Yes, the energy of the dark race is indeed very special and will hardly coexist with any race. However, my bloodline seems to be a bit special. It is really strange that it can coexist with the dark race. It's unbelievable, even I find it hard to believe, but it did happen."

Hearing what Ye Feng said, the Ninth Prince could only sigh secretly and said, "Brother Ye Feng is from the human race, right?"

Ye Feng nodded and said aloud: "Yes, I am indeed a human race."

"That's right."

The Ninth Prince nodded, with a trace of strangeness in his eyes, and said loudly: "The human race is a very special race. Although it seems to be very weak, it actually has great potential. And I heard that many seniors of the human race, Under the tireless pursuit, many strange secret techniques were created, which can integrate the body and blood of the human race into the blood of other powerful races, and then explode a powerful combat power that surpasses the two races alone, which is equivalent to combining all the advantages of the two races. When it is performed, people can't help but admire it, it is simply amazing."

When Ye Feng heard what the Ninth Prince said, he couldn't help but show a trace of surprise in his eyes, and said loudly: "It seems that the Ninth Prince, as a member of the Frost Dragon Clan, knows our human race quite well."

The Ninth Prince laughed loudly and said: "After all, our frost dragon clan has chosen the human body shape, so the human shape is recognized by many races in the God Realm. Except for those ancient wild beasts, they still maintain their own The huge body of the race and be proud of it."

Ye Feng nodded slightly, then looked at the dark stone statue in his hand, and said aloud: "Ninth Prince, now that the crisis of the dark race has been resolved, I will leave first. I plan to stay in the palace for one more time.

After a period of time, and then refining this dark stone statue, maybe it can make my overall strength much stronger again. "

Princess Longling suddenly spoke up at this time: "Father, Ye Feng is now meeting with the gods in the Blue Sky Holy Land."

Ye Feng's eyes were a little surprised. He didn't know why Princess Longling suddenly mentioned this matter.

At this time, the Ninth Prince heard this, his eyes showed a look of surprise, and he couldn't help but said: "That little brother Ye Feng is really brave. In such a weak state, he dares to fight against the gods. I admire your courage, but you don't have to be afraid. If the gods will forcibly kill you, little brother Ye Feng, you can come directly to my Frost City and my Nine Princes' Mansion. People from the gods will Don't dare to act arrogantly, even Xiao Tianshen doesn't dare to act arrogantly in our Kingdom of Frost God."

At this time, Ye Feng saw that the Ninth Prince seemed to be slightly wary of Xiao Tianshen in his words, and couldn't help but show a trace of surprise in his eyes, and couldn't help but ask: "Ninth Prince, who is that Xiao Tianshen?" Cultivation, I have confronted him once before, but I was unable to detect the details of his cultivation."

The Ninth Prince also sighed secretly at this time and said aloud: "Xiao Tianshen is indeed the most amazing genius in our alliance since ancient times. He is praised as an eternal genius by many powerful elders. He is the leader of our alliance." The four young talents from the four major regions of the earth, headed by Xiao Tianshen, and the other three joined forces to fight against Xiao Tianshen. This shows how powerful and terrifying Xiao Tianshen is. Legend has it that Xiao Tianshen has been inherited by the extremely powerful Panwu God in ancient times. , and the last time I was in the ruins of the Immortal Palace, I got a lot of ancient secrets, which made Xiao Tianshen's strength grow a lot again. I got some news. Xiao Tianshen now brings many gods with him. The core members are cultivating in a very ancient small world. They seem to want to use the power of the world in that small world to forcibly improve the cultivation strength of all core members. Xiao Tianshen has great ambitions. Even our Frost Kingdom His Majesty the Frost Emperor is very afraid of this Xiao Tianshen and the gods he created. "

After hearing what the Ninth Prince said, Ye Feng now had a clearer and clearer understanding of Xiao Tianshen's true heritage.

Even the Ninth Prince didn't know how strong Xiao Tianshen was.

Moreover, in this alliance land, even the Frost God Kingdom and His Majesty the Frost Emperor, as the commander-in-chief of the forces, are very afraid of Xiao Tianshen and the Gods Association.

This shows that Xiao Tianshen's powerful power radiates across the entire four major regions and the Frost God Kingdom in the center.

Buzz!

Suddenly at this time, Princess Longling stretched out her white little hand, held Ye Feng's palm, and whispered: "Ye Feng, don't be afraid, I will always be with you. If you encounter any danger, go to Bingshuang immediately. When you come to the city, my father's Nine Princes' Palace will definitely make you very safe!"

Ye Feng saw what Princess Longling said at this time and immediately nodded.

Tou said: "Don't worry too much, no matter how powerful Xiao Tianshen is, as long as you give me time to grow, I will definitely trample him under my feet!"

"Have ambition! I admire talents like you!"

Suddenly, the Ninth Prince spoke up, his tone filled with deep affection, and it was obvious that he really valued Ye Feng.

At this time, the Ninth Prince also noticed that his daughter, Princess Longling, seemed to have different feelings for Ye Feng.

The Ninth Prince just smiled slightly and didn't say much.

...

After Ye Feng continued to stay in Frost City for a while, he was ready to leave.

After he and Sword Soul left Frost City, they rushed directly towards the Blue Sky Territory.

Halfway through, Sword Soul passed by his hometown and wanted to go back and take a look.

The two separated.

Ye Feng continued on the road alone.

But just when Ye Feng was halfway there, he suddenly felt that his soul seemed to be connected to some mysterious space.

At this moment, Ye Feng actually saw his own vision, and was suddenly lifted up infinitely. His whole soul seemed to have entered an infinitely deep level, and he could overlook the heavens and the world!

"How is this going?"

Ye Feng's expression suddenly became extremely exciting.

On the one hand, I feel excited to enter this state, and on the other hand, I feel a fear of the unknown to enter this strange state.

"Feng'er..."

Suddenly at this moment, a voice that sounded like a call from ancient chaos suddenly sounded in Ye Feng's mind.

This voice is very familiar.

"It's Father!"

Ye Feng's expression suddenly became extremely shocked.

The voice that sounded in his ears just now was the voice of Emperor Ye Qing!

At this moment, Ye Feng suddenly felt that the voice of Emperor Ye Qing came from a distant small interface node under the God Realm, in the endless chaos.

"It's Father calling me!"

"It seems that there is an extremely magical way to call me through blood connection."

Ye Feng's eyes showed deep shock at this time.

The next moment, he didn't hesitate at all and flew directly in the direction of the ancient call.

With Ye Feng's current cultivation level, even if he flies from the God Realm to the lower universe and interface of the Lower Realm, there will be no problem. His body and physique are enough to withstand the influence and attacks of various cosmic rays. .

"Boom!"

At this moment, Ye Feng was like a fast-moving rocket, quickly passing through various interfaces, descending from the God Realm, traveling through the universe, and soon came to a chaotic void space.

This is a very distant interface node, surrounded by the endless energy of chaos.

shrouded.

"here it is....."

At this time, Ye Feng recognized that the area he came to was the place where Emperor Ye Qing refined the will of the first universe.

Ye Feng originally thought that his father had been completely integrated into the chaos and had turned into an unconscious existence.

But unexpectedly, he suddenly heard the call of Emperor Ye Qing in the God Realm.

At this time, Ye Feng faced the chaotic energy in the universe in front of him and immediately shouted: "Father! Are you still alive? Where are you?"

Buzz!

Suddenly at this moment, a large piece of chaotic energy in the distance suddenly condensed into the shape of an extremely majestic and huge chaotic giant, and the voice of Emperor Ye Qing came out: "Feng'er, I am here, I am not dead, and I am still watching. A big secret about the entire universe!"

Ye Feng looked at the majestic giant of chaos, and immediately looked excited, and said loudly: "Father, it's great that you are still alive! Father, what is the big secret that you have peeked out?"

The Chaos Giant manifested by Emperor Ye Qing at this time said: "I can't tell you yet, otherwise it will greatly affect your spiritual state of mind. When I successfully refine the one left by the Chaos God Emperor, Chaos Seed, completely reborn from chaos, I will find you."

After the words fell, Ye Feng couldn't help but said: "Father, can't you leave this chaotic atmosphere now?"

The huge chaos giant nodded and said loudly: "The reason why I called out is to see what level of cultivation Feng'er you have reached now. I am very satisfied with your cultivation. You must keep it in mind." , the Chaos Heavenly Emperor Technique you awakened must not be discovered by the Chaos God Clan!"

Buzz!

After Emperor Ye Qing finished speaking his last words, the huge chaos giant instantly dissipated and merged into the huge chaos energy again.

"Father!"

Ye Feng yelled at this moment, but Ye Qingdi did not respond anymore, as if he had fallen into the state of chaos again and lost consciousness.

Ye Feng was a little disappointed at first, but then his eyes became firm.

At least this time he knew that his father was not dead, and he seemed to have obtained some great opportunity. Once he was reborn in the chaotic energy, he might become a powerful person.

"The Chaos Emperor Jue that I awakened seems to be very special. Not every Chaos God Clan can awaken it. I am afraid that no one in the Chaos God Clan has awakened my blood inheritance so far."

Ye Feng thought secretly in his heart at this time. He always felt that Ye Qingdi warned him not to let the Chaos God Clan know the existence of the Chaos Emperor Jue, which must be related to some taboo.

"No matter what, one day I will need to confront the strong men of the Chaos God Clan head-on. Now I should hurry up to improve my cultivation!"

Ye Feng thought in his heart, took another look at the chaotic area in front of him, and then quickly rushed to the God Realm and rushed towards the direction of the Qingtian Realm.

Chapter 2110 Different Dimension Space

This time, his father's sudden awakening made Ye Feng feel a lot more at ease.

At least he felt that he was no longer alone in his struggle in all the worlds.

Ye Feng was very curious about the big secret about the world that Emperor Ye Qing said.

But Emperor Ye Qing chose not to tell Ye Feng, and he must have his reasons.

Ye Feng no longer hesitated about this and hurried towards the direction of Qingtian Holy Land.

When Ye Feng returned to Qingtian Holy Land, he immediately felt that the atmosphere of the entire Holy Land was different.

Originally, the atmosphere in Qingtian Holy Land was very relaxed, and every disciple basically came and went very casually and freely, just like a person in the immortal way.

But this time when Ye Feng came back, he did find that all the disciples were in a hurry and had anxious expressions on their brows.

It was like there was an emergency.

At this time, Ye Feng had some doubts in his heart, but he did not ask anyone else, but returned to his residence, the Temple of Fate.

After arriving at the Temple of Fate, Ye Feng saw Leng Xingchen standing in front of the pavilion where he lived.

Ye Feng immediately walked over and said hello: "Uncle Master, why are you standing here in my residence?"

When Leng Xingchen saw Ye Feng coming from not far away, his eyes immediately showed joy, and he quickly said: "Good boy! You are finally back! Let me see your cultivation?"

At this time, Ye Feng nodded, and then released his cultivation aura.

"The fourth level of Hedao Realm!"

Leng Xingchen sensed the cultivation aura on Ye Feng's body, and his eyes suddenly trembled.

Obviously, this old man was shocked.

Because Ye Feng's breakthrough was really too fast.

When Ye Feng went to Frost City before, his cultivation level was still very weak.

But now after returning from a trip to Frost City, his level has skyrocketed to the fourth level of Hedao Realm.

And Leng Xingchen could vaguely feel that Ye Feng's surge this time was not only in his cultivation, but also in his various methods and physical life strength, which made people feel a little frightened.

Leng Xingchen was very pleased with this and immediately said: "Ye Feng, your current strength may be ranked among the entire inner sect of our Qingtian Holy Land, and you can be considered a first-class master! This time you It's a huge growth!"

Ye Feng smiled and said: "This time there is indeed a lot of luck."

At this time, Leng Xingchen seemed to have thought of something and couldn't help but asked: "By the way, I received the news. It is said that Frost City

An amazingly talented person appeared in the gladiatorial arena. He directly competed in a challenge arena that was a level above his own. He won more than sixty games in a row, directly breaking the strongest record in the arena. This amazingly talented guy, is it your boy? "

When Ye Feng heard what Leng Xingchen said, his eyes suddenly showed a look of surprise, and he couldn't help but said: "Is this the strongest record? I thought it was very ordinary."

"Sure enough, it's you! I guessed it was you! I even made a bet with my sister. It seems that I won. My sister didn't believe you could be so strong."

Leng Xingchen said at this time, seeming quite excited and excited.

Ye Feng couldn't help but said: "Where is Master now?"

Leng Xingchen said: "My sister is in retreat, trying her best to understand the ultimate secret of the Little Fate Technique, the Great Fate Technique! She seems to have obtained some kind of auxiliary treasure that can transform the Little Fate Technique she practices."

When Ye Feng heard this, his eyes flashed slightly. That thing must be the reward he received for being first in the outer sect competition.

I hope the master can understand the Great Destiny Technique soon. In that case, Ye Feng can also learn the Great Destiny Technique, which is equivalent to receiving a super terrifying inheritance.

At this time, Leng Xingchen said: "Ye Feng, your record in the underground arena has been spread throughout the entire alliance, but no one will guess that it is you, but paper cannot cover the fire, you challenge the competition. The strongest record on stage will sooner or later be spread out that it was your boy who did it. If this thing is discovered by the guys from the Gods Association, they will definitely regard you as the enemy with the strongest potential, and they will definitely not keep you. Get rid of you by any means."

Ye Feng nodded and said: "I know this. I have a good relationship with the Ninth Prince in Frost City recently. If the gods really want to kill me at all costs, and the sect does not protect me, I will run away. If I go to Frost City, I can let the royal family of the Kingdom of Frost protect me."

Leng Xingchen's eyes showed a look of surprise: "Ninth Prince? It seems that Ye Feng's trip to Frost City is really worth it."

Ye Feng just smiled at this, and then seemed to have thought of something, and couldn't help but asked: "By the way, uncle, when I returned to Qingtian Holy Land this time, I found that many disciples were in a hurry and looked peaceful. It's different from the past. It seems like there's something very urgent. Does Uncle Master know what's going on?"

Leng Xingchen immediately spoke up and said: "Because a big event happened in our alliance land recently. Just above our entire four major regions, a huge space crack suddenly appeared. According to the strong ones in the major holy places in the four major regions, Exploration, that space crack

It seems to be connected to a very ancient extra-dimensional space. The Holy Lords of the four holy places all took action. Entering the extra-dimensional space, they discovered countless treasures left over from the war years of the gods, as well as countless treasures bred by the energy of the gods. The various treasures of heaven and earth that came out were very precious, but before the four holy masters could be happy, a very terrifying battle broke out. There were actually many very powerful dark races living in the different dimensions. The four holy masters joined forces to fight with the four most powerful dark race commanders fought, and all the ancient dark race commanders were killed, but the four holy masters also suffered heavy losses. "

When Ye Feng heard what Leng Xingchen said, his eyes immediately revealed a look of deep horror: "A big shot at the Holy Lord level would suffer heavy losses. That different dimension is really terrifying."

Leng Xingchen nodded and said aloud: "However, the four most powerful dark race commanders have been killed by the four holy masters. However, the holy masters also got a message. It is said that the dark king is about to wake up. There is something hidden somewhere in that different-dimensional space, so this time, the four holy places in the Alliance Land, including the royal family of the Kingdom of Frost, will send countless strong men and disciples under their command to enter that different-dimensional space to look for the darkness. The whereabouts of the monarch were discovered in time, and the super powerful were notified in time to kill him. Moreover, this massive attack also showed that the major forces were determined to kill the dark race in this different dimension. They must kill the dark race in this different dimension. All the dark races must be wiped out, otherwise countless dark race armies will fall from the sky and cause inestimable

damage to the entire alliance. In addition, this is also an opportunity for the major forces to test their disciples. "

When Ye Feng heard what Leng Xingchen said, he couldn't help but take a deep breath, then his eyes showed a firm light, and he said loudly: "It seems that I am about to enter a different dimension, so what do you do to me?" It's a battlefield, but it's also a place of great opportunity."

Leng Xingchen nodded and said aloud: "The reason why I stood outside your residence is actually for this matter. It is said that Xiao Tianshen brought nearly half of the powerful men and more than half of the core members of the Gods Association, all of them They all entered the space of another dimension to fight. This time, Xiao Tianshen was very determined and seemed to want to quickly cultivate and improve all the members of the entire Gods Association. He himself also needed to find a more terrifying kind of gods from the ancient times. In this way, Xiao Tianshen can completely inspire the blood of the ancient gods in his body and completely transform into a more terrifying existence. By then, he will probably ignore all the powerful elders in the entire alliance. At that time, Xiao Tianshen will probably become the youngest king in the entire alliance! Even the royal family of the Frost God Kingdom may not be able to stop him!"

When Ye Feng heard this, his eyes immediately revealed

There was a hint of coldness.

He didn't say much, but the killing intent in his eyes said it all.

At this time, Leng Xingchen suddenly said: "But you don't have to worry too much, and you don't have to feel that you are powerless alone. The gods have been arrogant for so many years, and naturally they have offended many forces, and Xiao Tianshen is so powerful. He has always been self-centered, and many people want to kill him, including the royal family of the Frost Kingdom, because the Frost Kingdom has always felt that they are the most orthodox force in the Alliance Land. Xiao Tianshen is so powerful that he has broken the The balance between the holy land and the royal family, and Xiao Tianshen seems to be very ambitious. He not only practices martial arts, but also seems to want to dominate the world. Therefore, the royal family of the Frost Kingdom has always wanted to kill Xiao Tianshen. This time Xiao Tianshen brought Nearly half of the core masters of the Gods Association will definitely be targeted by many forces if they enter a different dimension. Maybe many people will join forces to deal with Xiao Tianshen and his Gods Association. "

When Ye Feng heard what Leng Xingchen said, he knew that the other party was trying not to worry him. Ye Feng smiled slightly and said, "I have an invincible heart. Master, don't worry."

Hearing this, Leng Xingchen immediately smiled and patted Ye Feng on the shoulder, saying, "Hurry up and set off. Maybe I will also go to that different dimension this time."

Ye Feng's eyes showed surprise and he couldn't help but said: "Uncle Master is also going to a different dimension?"

Leng Xingchen nodded and said in a solemn tone: "This time is different from the past. Different-dimensional space is a huge threat to our entire alliance. The four holy masters and the Frost Emperor issued orders at the same time. As long as they have the ability, Try to enter the extra-dimensional space, kill the dark races, and look for the awakening dark king. Once the dark king truly awakens and cannot strangle him in his slumber, it is very likely that our entire alliance will encounter a huge disaster. "

When Ye Feng heard what Leng Xingchen said, he couldn't help but reveal a trace of solemnity in his eyes.

It seems that this time is really different from before.

Leng Xingchen continued: "As a member of the Blue Sky Holy Land, as a member of the entire Alliance Land, I will naturally enter that different-dimensional space to fight, and my cultivation bottleneck has not been improved for many years. This This time may also be an opportunity for me to break through. Ye Feng, in the end, maybe even the master of the temple like my sister will take action, so this time the battle in different dimensions will be a huge war, related to the entire alliance. The future of the earth, and in this melee, is your best opportunity, Ye Feng. Times make heroes, Ye Feng, I hope you can spread your wings and fly, and the carp will turn into a dragon!"
