

Ancient 2111

Chapter 2111 Undercurrent

After Leng Xingchen left, Ye Feng still couldn't calm down in his heart.

Unexpectedly, this time when he returned to Qingtian Holy Land, such a big thing would happen.

A space crack appeared in the sky above the entire Alliance Land, connecting a dangerous different-dimensional space.

There are countless guarantees and wealth left over from the war of the gods, but at the same time, there are also extremely vicious dark races.

For the entire Alliance Land, this is both a huge danger and a very rare and huge opportunity.

Because the wealth and resources contained in the different-dimensional space are very likely to completely transform the entire alliance land, and become famous in the northern land of God Realm!

But who is the most respected force in the end? Is it one of the Four Holy Lands or the most orthodox royal family of the Kingdom of Frost? Everything is unknown.

Throughout the entire alliance, in the vast territory, countless strong men and masters are entering that different-dimensional space.

All the forces in the entire Alliance Land can be said to be undercurrents.

At this time, after Ye Feng was prepared, he also came to the edge of Qingtian Territory.

This was originally a wild and inaccessible land.

It was extremely lively at this moment.

Small towns and cities have even been built on the desolate land. Every day, there is a constant flow of people shuttling through them, conducting various transactions, traveling to and from the different dimensional spaces in the sky and various trading markets underground. .

At this time, Ye Feng walked alone and looked towards the sky. Sure enough, he saw a huge black crack, like a mark in the sky, scratching high in the sky. There was a great shock and a very strong feeling. visual impact.

But at this time, Ye Feng saw that many people in the surrounding towns were already very skilled in traveling between the different dimensions in the sky and the underground trading market.

It seems that many people in the different dimensions have already entered, and brought back a lot of treasures and treasures, and carried out various transactions.

Ye Feng didn't hesitate and flew directly high into the sky.

The closer you get to that huge space crack, you feel as if there is a crack in the sky, and the dark space is emitting strong fluctuations. If your cultivation is not particularly strong, you will not be able to enter the different dimensional space.

Ye Feng was very cautious this time

, because this time, it is not only the young generation of strong people who enter this different dimensional space, but also countless older generation strong people.

However, Ye Feng was not afraid of this, because this time everyone's common enemy was the dark race. As long as he did not encounter members of the Gods Association, no one would target him.

Uh-huh!

Ye Feng used the space gem to protect himself and successfully passed through the space turbulence of the space crack and came to a new and huge world.

This is the world of another dimension!

Ye Feng quickly looked around and found that the entire world of different dimensions was very vast.

There are three huge golden suns high in the sky.

And right next to these three golden suns, there are seven silver moons hanging.

The sun and the moon are together.

The sun and the moon complement each other.

This scene is very shocking.

The earth was red and yellow, and looked very barren.

At this time, Ye Feng used the Divine Eye of Creation and looked into the distance. He found that at the end of this red-yellow land, there seemed to be many buildings standing there, all of which looked very ancient.

"There should be good things there, it seems to be an ancient building complex."

Ye Feng identified that direction and rushed towards that place quickly.

When Ye Feng came to this ancient building, he saw giant sculptures standing on the ground. Many of the sculptures were broken, but if you look carefully, they should be statues of some ancient gods. It was cast by some ancient civilization.

Obviously, in this extra-dimensional space, there are not only dark races, but also many other ancient cultivation civilizations that have glorified here.

Ye Feng now exuded his huge soul power, spreading to the entire surrounding ancient buildings.

He wanted to look for any fluctuations in the magic weapon.

But after searching around, Ye Feng didn't find anything good.

But when he thought about it, it was a long way from the intersection.

Even if it is possible, others will probably find it and snatch it away.

So at this time, Ye Feng decided not to stay in the exit area, but to go to the deeper places to take a look, where he should encounter opportunities.

But just when Ye Feng was halfway there.

Boom!

Suddenly he seemed to have stepped on something, and a huge formation was triggered.

It enveloped him directly.

"Boom!"

Suddenly, in this formation, sword rays of light suddenly appeared, slashing towards Ye Feng.

This seems to be an ancient sword formation that can crush the creatures within the formation with countless sword lights and shadows.

"Dang Dang Dang!"

But this formation was not as powerful as imagined. Those swords and sword shadows struck Ye Feng's body, unable to break through Ye Feng's skin defense. They directly made bursts of metal collision sounds and could not be broken at all.

"Break it for me!"

Ye Feng punched fiercely, shattering the entire formation.

For Ye Feng now, his cultivation level must be much stronger than before.

Even in the entire Alliance Land, he is considered a little master.

Even some strong men from the older generation are no match for Ye Feng now.

At this time, after Ye Feng shattered the formation, the violent movement seemed to attract the attention of a creature in a swamp not far away.

"Boom!"

Along with a huge roar, a dragon with mud flowing all over its body rushed out of a swamp not far away.

This dragon seemed to have lived for too long. It was covered in rot, mixed with mud, and looked very disgusting.

But this dragon is very powerful, and the life fluctuations emanating from it are astonishingly the perfection of the tenth level of Hedao realm!

For Ye Feng, he is only at the fourth level of Hedao Realm.

So this dragon in the swamp sensed Ye Feng's aura, and came roaring directly, trying to kill Ye Feng directly.

Swallow.

This mud dragon lurking in the swamp has obviously been floating in this extra-dimensional space for too long and has not encountered other creatures at all. Now that the space cracks in the extra-dimensional space have opened, many strong human beings and other The strong men of the race entered it one after another, awakening many sleeping beasts.

"Roar!!"

This mud dragon roared and roared, and instantly opened its bloody mouth towards Ye Feng, trying to swallow Ye Feng directly.

"Sky Meteor Fist!"

In an instant, Ye Feng did not hesitate and directly used this powerful set of boxing techniques.

Suddenly, huge meteors appeared in his fists, attacking crazily in the distance, and all of a sudden the huge body of the majestic mud dragon was pushed back into the distance.

At this time, the mud dragon's entire body was shattered inch by inch. It really turned into a puddle of mud and lay on the ground. It was completely dying and would die in the next moment.

Ye Feng saw his achievements and couldn't help but smile and said to himself: "It seems that my current combat power is really much stronger than before. I'm afraid even the core members of the Gods Association are stronger than Not as good as I am now."

Ye Feng now walked towards the mud dragon that he had killed.

But at this time, a group of young people wearing noble clothes suddenly walked up not far away. The auras on their bodies were all very powerful. Almost all of them were in the Hedao realm. They seemed to be the geniuses of a certain big force. .

At this time, they walked to the dragon lying on the swamp. One of the geniuses' eyes lit up and said: "We unexpectedly encountered a dying dragon at the tenth level of the Hedao realm. We are really lucky. Well, all the things on this ancient dragon, including dragon teeth, dragon scales, dragon horns, and dragon blood, are all good things."

At this time, Ye Feng came over from not far away and said slowly: "I'm sorry, I killed this dragon. Please leave as soon as possible."

"Did you kill him?"

This group of more than a dozen geniuses immediately laughed mockingly and said: "You, a little kid from the fourth level of the Hedao Realm, can kill a dragon that is at the tenth level of the Hedao Realm? I don't believe anything you say! You're just here for a fight, so hurry up and get out, or don't blame us for killing you!"

Chapter 2112 Red Dragon Teeth

I have to say that this group of geniuses is really arrogant.

At this time, Ye Feng's eyes suddenly turned cold.

He stepped directly towards the group of geniuses, exuding strong cold murderous intent.

The general cultivation level of this group of geniuses is at the sixth or even seventh level of Hedao Realm.

They seem to come from some big force and are very powerful.

"What are you going to do?"

Seeing Ye Feng walking towards them, the dozen or so young geniuses suddenly showed anger in their eyes.

One of the geniuses at the sixth level of the Hedao Realm immediately took a step forward and said loudly: "Don't think that we don't dare to kill you because you are wearing the clothes of a disciple of the Qingtian Holy Land. Although the sect behind us is not the Four Holy Lands, But it is also one of the top sects in the Alliance, Lieyang Sword Sect! If you dare to take action against us, we will kill you mercilessly!"

At this time, this group of young geniuses from Lieyang Sword Sect had no fear of Ye Feng at all, because they saw that Ye Feng's cultivation was much worse than them.

Moreover, they have more than a dozen geniuses together. If they attack together, they are almost as strong as the Dzogchen level of the tenth level of Hedao Realm.

So at this time, this group of geniuses from the Lieyang Sword Sect were very arrogant.

Ye Feng suddenly raised his head slightly and said loudly: "You have offended the wrong person."

Boom!

Almost at this moment, a giant red python sword appeared in Ye Feng's hand and slashed forward fiercely.

"Crash!"

A huge blade with a length of several thousand meters surged out from the entire sword body, and suddenly it struck fiercely in the distance.

"Boy! How dare you attack us directly! How unreasonable! Even if you are a disciple of the Four Holy Lands today, we will kill you!"

More than a dozen genius disciples of Lieyang Sword Sect suddenly became furious.

"I'll take action and kill him!"

A man in black who was at the seventh level of the Hedao Realm stepped out immediately, and a long sword appeared in his hand.

"Red Dragon Fang!"

"The sword breaks the sky!"

Boom!

Suddenly, the long sword in the hand of the man in black burst out with bright red light, and actually condensed directly on the ship body into a red energy dragon, which bombarded directly forward.

"Boom!"

Ye Fengshou

Holding the giant red python sword, it collided with that sword at this moment.

Suddenly a huge roar broke out.

"Crack, click, click..."

Almost at the next moment, the red python giant sword in Ye Feng's hand actually shattered inch by inch, and was chopped into pieces by the long sword called Red Dragon Fang in the hand of the genius of Lieyang Sword Sect.

"Hahaha!"

A group of geniuses from the Lieyang Sword Sect immediately laughed out loud.

"I didn't expect that the weapons of the disciples of the Four Holy Lands would be so low-level! They were chopped into pieces by our Senior Brother Yun's Red Dragon Tooth Sword! They are so weak!"

At this moment, a group of disciples from the Lieyang Sword Sect all jeered.

And that Senior Brother Yun, the genius of the Lieyang Sword Sect who was currently fighting Ye Feng, said with a cold smile: "Boy, even your weapon is broken, how can you fight with me?"

Ye Feng watched the red python giant sword break in his hand and suddenly said: "The long sword in your hand is called Red Dragon Tooth. It is a weapon that surpasses the control level of the Hedao Realm."

Senior Brother Yun sounded very proud and said: "Yes, my Red Dragon Tooth is made from the tooth of an ancient Red Dragon. It contains the powerful dragon energy of the Red Dragon, and it is extremely hard! "

"Very good." Ye Feng suddenly smiled and said.

"Very good? What do you mean?" Senior Brother Yun's eyes suddenly showed doubts.

Ye Feng smiled slightly at this time, stared at the Red Dragon Tooth in Senior Brother Yun's hand, and said loudly: "What I mean very well is that this sword is very good and I like it very much, so the next one belongs to me."

"Boom!"

Almost at the moment Ye Feng finished speaking, Ye Feng rushed in front of Senior Brother Yun and punched him hard.

"Your sword is broken and you still dare to rush in front of me and fight me. You are really looking for death!"

Senior Brother Yun shouted loudly and immediately put the long sword in his hand in front of himself to resist Ye Feng's punch.

"Boom!!"

The next moment, Ye Feng's fist hit the long sword "Red Dragon Fang" that Senior Brother Yun was blocking in front of him.

An extremely terrifying force burst out in an instant.

"Crack, click, click!"

"Click

Click! "

Almost at that moment, Senior Brother Yun's arms holding the long sword suddenly made a harsh sound of bone cracking.

At this moment, although the long sword Red Dragon Fang showed no sign of being unable to hold up, the huge power generated by Ye Feng's punch had been transmitted to Senior Brother Yun's arms through the entire long sword.

Senior Brother Yun didn't have Ye Feng's strong physique, so he couldn't withstand this kind of power. The overwhelming force directly shook Senior Brother Yun's arms to pieces.

"ah!!"

Almost at this moment, Senior Brother Yun's disdainful expression suddenly turned into an expression of extreme pain.

"What?!"

"This kid is actually able to transfer power to his arms outside the sword with a pair of fists, shattering both of Senior Brother Yun's arms! How is this possible?!"

"Go and save Senior Brother Yun!"

...

At this moment, a group of geniuses from the Lieyang Sword Sect not far away screamed in surprise, and they quickly rushed in the direction of Senior Brother Yun to save him.

"It's too late!"

Ye Feng smiled coldly at this time, stretched out a big hand, and pinched Senior Brother Yun's head.

"Do not kill me!"

Senior Brother Yun's elegant and noble expression at this time has turned into deep fear.

He shouted loudly and begged for mercy.

"Pfft!"

But the next moment, Ye Feng had already crushed his head with one hand without any hesitation.

"The red dragon tooth is mine!"

At this time, Ye Feng directly grabbed the Red Dragon Tooth Sword from the hands of the dead Senior Brother Yun, and then instantly released his chaotic power, directly occupying this high-level magic weapon.

"Senior Brother Yun is dead?!"

"Boy! You are so brave! You actually killed Senior Brother Yun in public!"

"Let's hurry up and kill this kid together! Otherwise, it will be too late when the fellow disciples behind this kid arrive!"

At this time, a group of more than a dozen disciples of the Lieyang Sword Sect roared loudly and rushed towards Ye Feng.

At this moment, they all released their most powerful killing moves, hoping to instantly kill Ye Feng into a puddle of mud.

Everyone shouted loudly.

"Heaven Holy Dragon Technique!"

"Wrath of Heaven Fire Lotus!"

"God-destroying swordsmanship!"

"The Sword of Ten Thousand Vicissitudes!"

"Blue sky and white sun spell!"

"Big Four Elephants Holy Finger!"

...

At this moment, countless violent attacks were immediately launched, all of which were very powerful martial arts inheritance and killing techniques, all poured towards Ye Feng.

This kind of storm-like attack, surrounded from all directions, can simply destroy the world and make people feel suffocated.

"Red Dragon Fang!"

"The sword breaks the sky!"

Boom!

At this moment, Ye Feng used the move that Brother Yun had just done.

However, the power he wielded with the Red Dragon Fang was many times greater than that of Senior Brother Yun.

"Boom!"

At this moment, the sword body of Chi Longya erupted with thousands of feet of red light in an instant, directly forming an earth-shattering sword light, which seemed to be able to tear the sky and the earth apart, and directly interacted with the surging people in front. The attacks collided.

"Boom!!!"

Suddenly, the entire swamp land erupted with an extremely terrifying roar, resounding throughout the world, and even the water in the entire swamp land was evaporated all of a sudden, turning into a dry land. .

The collision between Hedao realm powerhouses is absolutely terrifying.

Not to mention that there were more than a dozen Hedao realm experts fighting and colliding at this time.

"ah!"

"ah!"

"ah!"

...

The red dragon tooth erupted in Ye Feng's hand with a terrifying and boundless sword light, full of unparalleled cutting power and destructive power. It actually shattered all the attacks of more than a dozen geniuses from the Lieyang Sword Sect at once. Everyone immediately screamed, and they all flew out and fell hard to the ground.

At this moment, a group of Hedao realm geniuses from the Lieyang Sword Sect were struggling to get up, their eyes filled with deep shock.

"This is impossible!"

"This kid is only at the fourth level of the Hedao Realm, and his cultivation is much weaker than each of ours. How can he possibly resist the combined efforts of more than a dozen of us?"

"The powerful magic weapon Red Dragon Fang seems to have exploded in his hand several times the power of Senior Brother Yun! How is this possible?"

...

Chapter 2113 Important Purpose

At this moment, a group of disciples from the Lieyang Sword Sect looked extremely shocked.

They never thought that the seemingly weak boy in white they met accidentally would be so powerful.

Not only did he kill Senior Brother Yun, the most powerful among them, with just one punch.

Moreover, he instantly snatched the powerful sword Red Dragon Fang, and instantly learned Senior Brother Yun's unique technique. .??.

This is not just as simple as having strong combat power.

That terrifying comprehension and martial arts talent have simply shocked everyone for a hundred years!

"Run!"

"This boy is too powerful!"

Almost at this moment, every disciple of the Lieyang Sword Sect shouted loudly.

They really felt fear at this time.

Because their opponents really have no intention of resisting.

So powerful that it makes people despair!

"Is this the disciple in the Holy Land? His fighting power is incredible!"

A group of geniuses from the Lieyang Sword Sect were simply dimmed under Ye Feng's halo.

"Want to run away? When you tried to snatch my dragon, weren't you very arrogant?"

Ye Feng sneered at this time and rushed towards a dozen geniuses from the Lieyang Sword Sect.

"Boom!"

He cast out the Red Dragon Fang in an instant, and a shocking red sword light enveloped the sky and the earth in an instant, directly enveloping a dozen geniuses of the Lieyang Sword Sect in the sword light.

"ah!"

"ah!"

"..."

Accompanied by screams one after another, the disciples of the Lieyang Sword Sect were all cut into pieces by the sword light.

"Swallow!"

Ye Feng didn't hesitate at this time, and instantly exploded into the Devouring Domain.

"Boom!"

Suddenly infinite

The dark light directly enveloped all the disciples of the Lieyang Sword Sect who were killed not far away.

"Crash!"

A stream of terrifying blood energy was instantly absorbed by the Devouring Domain and injected into Ye Feng's body.

"boom!"

Ye Feng's cultivation level suddenly broke through under a huge energy.

"Fifth level of Hedao realm!"

"The sixth level of Hedao Realm!"

Next, Ye Feng continued to devour the swamp dragon that was killed just now and reached the tenth level of Hedao Realm.

"Boom!"

His body once again exuded the aura of breakthrough.

The seventh level of Hedao Realm!

At this time, Ye Feng had a look of joy on his face.

Unexpectedly, I broke through the third level of heaven all at once.

It's really a huge improvement!

At this time, Ye Feng walked to the battlefield ahead and collected all the storage rings from the more than a dozen genius disciples of the Lieyang Sword Sect.

These disciples of the Lieyang Sword Sect should all be top-notch geniuses in the sect. Their cultivation is extremely powerful, and their respective inheritance methods are very powerful.

If they met only other disciples in Qingtian Holy Land today, they would probably win.

It's a pity that they met Ye Feng, who couldn't be measured according to common sense.

At this time, Ye Feng Shen Nian searched each storage ring and found a lot of wealth.

These wealth resources must have been collected by these Lieyang Sword Sect disciples in this different dimension for so many days.

But now everything has become Ye Feng's things.

“Although it’s not a sudden fortune, it’s still considered

I made a small fortune, and when I leave from the different dimensional space, I can exchange for a lot of cultivation resources in the trading places in the towns below. ”

Ye Feng thought in his mind, and then continued walking towards the depths of the different-dimensional space.

Ye Feng is not interested in finding that dark king. He is interested in getting some good treasures and good resources in this different dimension.

If there is a chance, Ye Feng is ready to hunt down the core members of the Gods Association in this different dimension.

Leng Xingchen said before that Xiao Tianshen brought nearly half of the core members of the Gods Association into this different-dimensional space world, hoping to find various opportunities to help all members of the Gods Association quickly upgrade and plot the entire alliance. In the world of earth, ambition is huge.

Ye Feng and the Gods Association are now mortal enemies.

Although Ye Feng is still unable to compete with the top young talents like Xiao Tianshen.

But Ye Feng is no longer so afraid of most of the core members of the Gods Association.

Even if they are some of the top geniuses in the Gods Association, Ye Feng still has the confidence to fight with them and even kill them.

Therefore, this time Ye Feng came to this different-dimensional space, in addition to improving his cultivation, he also had an important purpose, which was to severely damage the gods in this space.

Now that the gods are in the light and Ye Feng is in the dark, it is naturally of great benefit to Ye Feng.

Ye Feng rushed towards the depths of the different-dimensional space. After three full days, he finally came to another dilapidated building area.

Here are the remains of an ancient civilization.

In the distance, Ye Feng saw a large group of figures surrounding a huge palace.

Ye Feng walked over immediately.

I heard people discussing around me.

"It seems that this palace has not been opened yet.

Qi, there must be many treasures hidden inside, and there may even be inheritance from ancient powerful people. "

"It's a pity that this hall has been occupied by the powerful men of the Gods Association, and we people can't get a share of the pie."

"The Gods Association is too domineering, but there is nothing we can do about it. The person leading the disciples of the Gods Association around this hall is Shen Yuan, the very powerful 16th Hall Master among the thirty hall masters of the Gods Association!"

"I have also heard about this Shen Yuan. He is the core backbone of the Gods Association. It is said that his cultivation has surpassed the Hedao realm, and one foot has entered the control realm. Now he is considered a super strong man at the half-step control realm. !"

...

People around were talking a lot.

Some of these people are casual cultivators who have entered a different dimension, and some are disciples of other major forces from the Alliance Land, such as some first-rate forces, Lieyang Sword Sect, Tianjian Villa, Demon Emperor Palace, etc.

Not to mention these ordinary first-rate forces, even the disciples from several other holy places would probably not dare to provoke the Gods Association.

Because the Association of Gods is not only extremely powerful, but most importantly, behind the Association of Gods stands a super terrifying existence, Xiao Tianshen!

Ye Feng walked into the crowd at this time, heard the discussion of the people around him, and immediately flashed his eyes.

"Gathering of Gods?"

"I didn't expect to meet someone from the Gods Association so soon."

Ye Feng was thinking in his heart at this time, staring at the group of members of the Gods Association who were guarding outside the hall, with a deep cold look in his eyes.

At this time, Ye Feng walked to a remote place aside, took out a set of black robes directly from the storage ring, and covered himself, hiding his identity as a disciple of the Blue Sky Holy Land.

After all, Ye Feng is going to take the initiative later, cause chaos, and kill the core members of the Gods Association. It is better to hide his identity for this kind of thing.

Chapter 2114 Half-step to control the situation

At this time, after Ye Feng put on a black robe, even the disciples of Qingtian Holy Land who knew him might not be able to identify Ye Feng's identity.

Because the inheritance of Ye Feng's cultivation, the Chaos Heavenly Emperor Technique, is very special and magical, allowing Ye Feng to change and hide his aura at will.

Therefore, even the closest people, as long as they cannot see Ye Feng's true appearance, cannot sense Ye Feng's true identity through his breath.

At this time, Ye Feng shuffled among the crowd and walked towards the hall that had not yet been developed.

At this time, many people saw Ye Feng walking out of the crowd and walking towards the door of the hall, and their eyes showed surprise.

"What does this man in black robe want to do? Does he want to provoke the Council of Gods?"

Many people's eyes showed deep shock.

At this time, a group of members of the Gods Association who were guarding outside the hall also noticed Ye Feng approaching.

At this time, Ye Feng was covered in black robes, and these members of the Gods Association could not recognize who Ye Feng was at all.

A group of members of the Gods Association immediately stepped forward, pulled out the long sword from their waists, looked at Ye Feng, and shouted coldly: "Stop quickly! This is not a place for you to come! This hall has been occupied by our Gods Association. Occupied, no one else can get involved!"

Ye Feng's cold voice came from the black robe: "In this extra-dimensional space, everyone has the right to obtain all wealth and resources. Why can you, the Gods Association, exclusively enjoy the things in a hall?"

A member of the Gods Association immediately said coldly: "Have you never heard of the majesty of our Gods Association? If you dare to act recklessly again, then we will kill you on the spot!"

Ye Feng didn't have the slightest fear, but said loudly: "Okay! Come on!"

"presumptuous!!"

The member of the Gods Association who spoke immediately shouted: "Boy! Don't think that you are great because you wear a black robe and pretend to be mysterious. If you offend our Gods Association, you will definitely die!"

boom!

The speaking member of the Society of Gods instantly burst out with his own aura.

That is clearly the cultivation level of the ninth level of Hedao realm!

Very powerful!

Everyone around them showed horrified expressions.

I have to say that this time the

Basically, all those who will enter the different-dimensional space are masters, the elite among the elite, and the core among the core.

Therefore, even a member guarding the main hall has such a powerful cultivation level as the ninth level of Hedao Realm.

"Boom!"

This member of the Gods Association in the ninth level of the Hedao Realm took action in an instant.

He directly struck out with a palm.

"The dark devil's tyrannical hand!"

boom!

This member of the Gods Association in the ninth level of the Hedao Realm is still very powerful. At this time, one hand immediately turned into a huge black magic hand, full of unparalleled pressure, which brought extremely depressing feelings to everyone present. Feeling of palpitations.

The huge magic hand, covering the sky and the sun, directly bombarded Ye Feng, trying to kill Ye Feng instantly.

"Red Dragon Fang!"

But at this moment, a powerful red long sword called Red Dragon Tooth appeared in Ye Feng's hand.

He slashed forward fiercely.

"Boom!"

Suddenly, a terrifying sword light struck directly from the sword body in Ye Feng's hand, turning into a red dragon-shaped sword light, full of unparalleled cutting power.

"Pfft!"

The devil's palm bombarded by the members of the Gods Association in the ninth level of the Hedao Realm was directly split in half by the red dragon's teeth.

"What?"

The member of the Society of Gods immediately showed a surprised expression on his face.

It seemed that he didn't expect that his powerful attack would be shattered by the opponent's sword.

"Boom!"

But at this moment, another terrifying sword light struck from high in the sky.

"No!!!"

This member of the Gods Association didn't even react before his entire body was split in half by Ye Feng's second sword light.

"Junior Brother Mo!"

A group of people guarding outside the main hall

The members of the Shenhui saw that Junior Brother Mo was directly chopped into two halves by Ye Feng. For a moment, their faces were filled with deep shock and anger.

They never seemed to think that someone would really dare to take action against them.

hiss!

At this time, countless viewers around him couldn't help but gasped.

Because they did not expect that this black-robed man who suddenly appeared would be so ferocious. Knowing that the opponent was such a huge force as the Gods Association, he would take the initiative and even kill a member of the Gods Association. It was really It's audacious.

"Work together to kill this kid!"

At this moment, a group of members of the Gods Association who were guarding outside the hall were all yelling.

All of them burst out with extremely powerful murderous intent, and they all charged towards Ye Feng.

"Death to me all!"

Ye Feng had no fear at all at this time. Instead, he was filled with a violent killing intent. He punched out one punch after another in an instant.

Sky Meteor Fist!

It is an extremely powerful boxing technique.

Ranked at the control level!

At this time, Ye Feng cooperated with his powerful Chaos Body to blast out the Sky Meteor Fist. Suddenly his fist burst out with the light of thousands of stars. Every punch he blasted was like a star falling from high in the sky. Full of destructive power with unparalleled impact.

"Boom!"

The terrifying fist power was like a galaxy falling, and it struck in front of more than a dozen members of the Gods Association in an instant.

"Crack, click, click!"

"Crack, click, click!"

All the attacks from more than a dozen members of the Gods Association were shattered by Ye Feng's ferocious Sky Meteor Fist.

"ah!"

"ah!"

"..."

Following the screams, the bodies of the members of the Gods Association were all shattered by Ye Feng, and they died tragically on the spot.

Ye Feng's attack was so fierce that most of these members of the Gods Association were

Whether it is the eighth or ninth heaven of the Hedao Realm, it cannot stop Ye Feng's fierce offensive. Ye Feng, combined with the Sky Meteor Fist released by the Chaos Body, is simply extremely brave, with extremely terrifying impact and destruction. force.

Almost at this moment, Ye Feng had smashed and killed more than a dozen members of the Gods Association.

"What?!"

"This man in black robe actually killed all the members of the Gods Association who were guarding the hall?"

"It's simply too shocking! Who is this man in black robe? He actually knows that there are tigers in the mountains and prefers Hushan. He has killed so many members of the Gods Association, and he will definitely be hunted down by countless core powerful men in the Gods Association. There is no way to go!"

...

At this moment, countless geniuses or casual warriors from other forces around them looked at the scene on the field with deep horror in their eyes.

"Who's making the noise outside?"

Suddenly at this moment, a powerful voice sounded from inside the hall.

Wow!

The door of the main hall opened, and a handsome young man walked out of the main hall.

This man was wearing a red robe and carrying a red ax on his back. He looked extremely fierce.

The aura on his body was astonishingly half-step control!

It has surpassed the Hedao realm!

No surprise, this person is obviously the leader of the members of the Gods Association here, the 16th Hall Master of the Gods Association, Shen Yuan!

At this time, Shen Yuan walked out of the hall and saw the corpses of the members of the Gods Association lying on the ground. His eyes suddenly changed from calm to monstrous anger.

He instantly stared at Ye Feng, the black-robed man opposite him. Unparalleled violent momentum and coercion surged from his body, and he shouted loudly: "You are so courageous! You dare to kill members of the Gods Association? And you are still under the leadership of this Hall Master. Killing my members of the Gods Guild right under your nose is a heinous crime! I will suppress you and torture you to death for nine days and nine nights!"

Boom!

The moment Shen Yuan finished speaking, he immediately took action.

He is a master of half-step control, and when he takes action, the storm surges, full of terrifying aura.

Chapter 2115 Important News

It has to be said that a strong person who can control the realm level in half a step is still very powerful.

At this moment, a huge crimson battle ax appeared directly in Shen Yuan's hand.

"Roar!"

At this moment, when he slashed hard, a blazing fire unicorn roared out of the crimson battle ax and let out a terrifying roar.

"Boom!"

The huge battle ax and the flaming fire unicorn merged together, erupting with extremely terrifying power, which seemed to be able to burn and crush everything.

"Red Dragon Fang!"

At this moment, Ye Feng also frantically poured his power into the sword in his hand. ??

"hold head high!"

At this moment, the red dragon tooth seemed to have completely awakened, and a long red dragon rushed out of the long sword, majestic and boundless, with extremely terrifying power.

"Boom!!"

Almost at this moment, the entire field suddenly erupted with an extremely powerful roar. The terrifying collision sound resounded throughout the sky and the earth, spreading in all directions, destroying and shattering all the ancient ruins around it.

"Crack, click, click!"

Suddenly at this moment, the red battle ax in Shen Yuan's hand suddenly shattered.

The soul of the fire unicorn that merged into it was also destroyed at once.

"What?!"

Seeing this scene, Shen Yuan immediately took several steps back with horrified eyes.

He stared fiercely at the sword in Ye Feng's hand, and seemed to see something. He couldn't help but said: "This seems to be one of the top ten weapons in the Lieyang Sword Sect, the Red Dragon Fang. Why is it in your hands?" Are you a master of the Lieyang Sword Sect? Quickly take off the black robe and I want to see your true face!"

At this time, Shen Yuan said, and rushed towards Ye Feng fiercely, trying to tear off Ye Feng's black robe.

He wanted to see Ye Feng's true face because he didn't believe there was such a strong young genius in the Lieyang Sword Sect.

"Get back!"

Ye Feng roared and immediately used the Sky Meteor Fist.

Boom!

It was his fist that turned into a meteor in the sky blooming with divine light, blasting towards Shen Yuan crazily.

"ah!!"

Shen Yuan immediately screamed, and his whole body was knocked backwards. There were many fractures all over his body. Even if he was a strong man with a half-step control level, he could not resist Ye Feng's fierce fist at this moment.

"This black cannon man is too strong!"

"Shen Yuan, who has such a powerful control in half a step, was killed by this black cannon man without any power to resist!"

"The cultivation aura exuding from this black-robed man is only at the seventh level of the Hedao Realm, but how can his combat power be so powerful? There is no way such a terrifying existence can appear in the Four Holy Lands!"

...

At this time, countless warriors from various major forces around them all had deep horror in their eyes.

"This kind of talent is probably comparable to the four top young talents from the four major regions!"

"If he is given time to grow, he might really be able to become one of the four top young talents!"

Many people couldn't help but exclaimed in surprise.

At this time, Shen Yuan, the sixteenth-ranked hall master of the Gods Association, fell to the ground, and his eyes were full of horror and fear.

He never thought that such a powerful genius would suddenly come to trouble him.

At this time, Ye Feng walked directly in front of Shen Yuan, his eyes were cold and ruthless, and he wanted to kill Shen Yuan directly.

"Spare your life!"

But at this time, Shen Yuan suddenly shouted: "I will give you whatever you want! Don't kill me! I still have a bright future! I don't want to die!"

explain

To be honest, Shen Yuan was able to get to this point because he was naturally unwilling to lose everything.

Ye Feng stared at Shen Yuan, with a hint of thinking in his eyes.

This Shen Yuan is not any other ordinary member of the Gods Society.

Rather, he is a core member of the Council of Gods.

Ye Feng's eyes flashed and he directly dragged Shen Yuan into the hall.

Then Ye Feng collected all the bodies of other killed members of the Gods Association.

"Bang!"

Next, Ye Feng closed the door of the entire hall. ??

People outside don't know what will happen inside.

But no one dared to come close.

Because of Ye Feng's power, no one dared to provoke him.

In the main hall.

Ye Feng stared at the frightened Shen Yuan and said, "Tell me, if you have any bargaining chips that can save your own life, just tell me and I might spare your life."

Shen Yuan struggled a little, but finally said: "Not far from here, our Gods Association has a secret event. The tenth leader of the Gods Association, Su Wuji, is leading Many masters of our Gods Association are secretly exploring the cave of an ancient power. This ancient power is called the "Slaying Sword Demon". He has created a very terrifying killing swordsmanship with extremely terrifying destructive power. It is said that In the cave of the Killing Sword Demon, there is a peerless weapon that the Killing Sword Demon spent countless costs to forge, the Sword of Killing! It is said to be a supreme level treasure with extremely terrifying destructive power and destruction! Power! This cave where the Sword Demon is killed is one of the caves that our president of the Gods Association, Xiao Tianshen, will search when he enters this different dimension."

When Ye Feng heard what Shen Yuan said, he immediately showed a hint of shock on his face.

Unexpectedly, Shen Yuan actually told him such important news.

Ye Feng immediately asked: "What about you guys?"

Where is Xiao Tianshen, the president of the Shenhui, in this different dimension now? Are you going to search the cave of that killing sword demon with the Tenth Hall Master Su Wuji? "

"Of course not."

Shen Yuan immediately shook his head and said loudly: "Our president, Xiao Tianshen, is the favored son of God. He is a rare genius in the ages. He has great luck. How can he have time to search the cave of the Sword Demon Killer? We The president, Xiao Tianshen, should be secretly competing with several other top geniuses in the alliance, hoping to find the place where the Dark King sleeps faster than others. "

Ye Feng's eyes revealed a look of surprise, and he couldn't help but ask: "These top geniuses actually care so much about the creatures in the Alliance Land? Are they going to hunt down that terrifying Dark King? At the level of the Dark King? Its existence, even in a sleeping state, is extremely terrifying."

Shen Yuan shook his head at this time, his eyes seemed to be quite sarcastic, and he said loudly: "These top geniuses naturally don't think about the world's living beings, they only think about their own interests, and they go crazy to find the Dark King. The place where he was sleeping was not to kill the Dark King, but because the Holy Lords of the Four Holy Lands revealed a message. The reason why the Dark King fell into a deep sleep was most likely because he was sealed by an ancient god. The Dark King has not woken up. It is very likely that the area where he is sleeping at this moment is suppressed by an ancient artifact. Those top geniuses are frantically looking for the Dark King, naturally for the most precious ancient artifact. That should be The most precious treasure in this extra-dimensional space!"

When Ye Feng heard this, his eyes immediately turned fiery.

Ancient artifact!

That is definitely a treasure!

However, Ye Feng also knew that it would be a dead end for him to compete with the top geniuses in the alliance land.

At this time, Ye Feng stared at Shen Yuan in front of him and said slowly: "If you don't want to die, take me to the cave where you just mentioned the killing sword demon, and take me with you to infiltrate the guild of gods." The team of the Tenth Hall Master Su Wuji."

Chapter 2116 Ancient Medicine Field

At this time, Shen Yuan heard what Ye Feng said, his eyes suddenly showed a trace of surprise, and he couldn't help but said: "You actually want to go to the cave where the sword demon is killed? You are too brave. Just a little bit."

Ye Feng's face was still extremely calm and he said loudly: "What is there to be afraid of? Now that I know the news, I cannot remain indifferent."

Shen Yuan said aloud: "Do you know how powerful Su Wuji, the tenth leader of our Gods Association who is exploring the ruins in the Killing Cave, is?"

Ye Feng's eyes showed a look of surprise, and he guessed: "He is ranked tenth, already ranked sixteenth. He should be stronger than you, but he is probably not much stronger."

When Shen Yuan saw what Ye Feng said, he immediately couldn't help but shook his head and said loudly: "We have thirty hall masters in the Gods Association, one is stronger than the other, and the gap is very big, although the difference may only be a few seconds. Although his strength may vary widely, Su Wuji ranks tenth among the thirty hall masters. His cultivation has surpassed the realm of control, and he entered the realm of feathering above the realm of control a year ago! I'm not even good enough to kill him!"

When Ye Feng heard what Shen Yuan said, there was a hint of surprise in his eyes. He didn't expect that Su Wuji was only tenth among the hall leaders, but he was so powerful.

From this point of view, the Association of Gods has a very strong foundation and has many strong people.

At this time, Ye Feng suddenly thought of something and asked aloud: "Then do you know what state your president Xiao Tianshen has reached?"

Shen Yuan's eyes showed a trace of horror at this time, and he said loudly: "Our president Xiao Tianshen, the current state has been... ah!"

The moment Shen Yuan mentioned Xiao Tianshen, he suddenly let out a shrill scream.

"boom!"

Then, while Ye Feng's eyes were wide open, Shen Yuan's entire head exploded instantly.

Buzz!

And at this moment, a majestic and boundless shadow floated out from Shen Yuan's body and appeared in front of Ye Feng. It was like a high-altitude Emperor of Heaven, looking down at Ye Feng and saying: "Dare you come here?"

The core member of the Gods Association who is dealing with me in this extra-dimensional space, I remember your aura. The next time I meet you, I will definitely crush an ant like you to death! "

Uh-huh!

The moment the voice fell, the shadow disappeared immediately.

Ye Feng's eyes were full of coldness.

He looked through the black robe and saw this phantom, it was Xiao Tianshen!

As for Shen Yuan's sudden death, it is very likely that Xiao Tianshen used some secret technique to set some self-destruction mark in the heads of all the core members of his subordinates. Once the core members of his subordinates mentioned the news and secrets about Xiao Tianshen, , it will explode instantly.

"What a cruel method. Xiao Tianshen's control over the core members of his command is really powerful."

Ye Feng couldn't help but murmur at this time.

However, he didn't take Xiao Tianshen's threat seriously.

Because Ye Feng now entered this different-dimensional space, the biggest purpose was to deal with Shenshenhui, to severely damage Xiao Tianshen's wings and cause Xiao Tianshen to suffer heavy losses.

"That ancient artifact must not be obtained by God Xiao Tian! But I am still too weak now. Let's go to the cave where the Sword Demon Slaughter is and take a look. Maybe I can get some huge opportunities to grow."

At this time, Ye Feng had a plan in mind.

Then he released the devouring domain, devouring all the members of the Gods Association that he had just killed, as well as Shen Yuan, who had just died.

"Boom!"

Suddenly, a majestic energy exploded in Ye Feng's body.

Waves of powerful martial arts aura suddenly burst out from his body.

"boom!"

The eighth level of Hedao Realm!

"boom!"

The ninth level of Hedao realm!

I have to say that the energy of this group of members of the Gods Society is quite sufficient.

Ye Feng's cultivation allowed Ye Feng to break through two heavens in a short period of time and directly step into the ninth heaven of Hedao Realm!

"It's a pity that this Shen Yuan has not stepped into the true control state, and the energy he provided me is still a little bit lacking. Otherwise, I might be able to rush into the tenth level of the Hedao realm in one fell swoop!"

Although Ye Feng felt it was a pity, he was very satisfied with being able to break through to the ninth level of Hedao Realm this time.

Next, Ye Feng found a secret map from the dead Shen Yuan's storage ring.

This map has many places marked with red circles.

These places are probably created by chance.

There are also some places where the red circles have very heavy notes, which should be some ancient caves and other very important places to obtain treasures.

"The Gods Association is really powerful. In a short period of time, most of the places in the resource space were discovered. It was probably discovered by Xiao Tianshen using his powerful magic power and magical power. I'm afraid this This kind of map can only be owned by the most core members of the Gods Association, but now that I have gotten one, it is really gratifying."

Ye Feng looked at the map in his hand and identified the direction of the Killing Sword Demon's Cave. He left the hall and galloped in that direction.

On the way, Ye Feng was thinking about countermeasures.

After all, according to Shen Yuan, the leader of the team exploring the Killing Sword Demon Cave this time is the tenth-ranked Hall Master Su Wuji. This is a super master at the Feathering Realm level who has surpassed the Control Realm. He must be very powerful. sharp.

Even if Ye Feng now breaks through to the ninth level of the Hedao Realm, he may not be Su Wuji's opponent.

Unless Ye Feng can break through to a state of control above the Hedao realm, and then use his various methods and trump cards, he may be able to compete with Yu who is at a higher level.

A battle between the powerful ones in the Transformation Realm.

On the way, Ye Feng exuded his soul power and searched along the way to see if there were any opportunities, cultivation resources, treasures of heaven, materials, earth, etc. that could be explored to enhance his cultivation within a period of time.

"Rumble..."

Suddenly, Ye Feng was passing through a wild jungle.

Deep in the jungle, a huge roar suddenly came out.

That kind of roar is a very violent battle fluctuation.

Ye Feng noticed it instantly.

"Are there strong men fighting in the depths of this wild jungle? They may have encountered a treasure and are fighting for it!"

Ye Feng's eyes lit up immediately.

He was still searching hard for cultivation resources, but unexpectedly he happened to come across them.

Then you must go and see it!

Uh-huh!

Ye Feng temporarily changed his direction and flew towards the depths of the wild jungle beside him.

Soon Ye Feng came to the depths of the jungle, and he immediately saw a huge quagmire.

In the seemingly dirty and dark quagmire, there are actually growing ginseng plants that emit golden light. Each golden ginseng is as tall as half a person. It is estimated that it has been growing for tens of thousands of years.

"This is most likely an ancient medicinal field planted by an ancient powerful man in another dimension! After growing for tens of thousands of years, so many golden ginseng have grown!"

Ye Feng's eyes lit up immediately.

But at this time, there were black scorpions on the edge of the quagmire that were as big as a human head. They were vicious and poisonous and were frantically attacking the warriors who wanted to get close to the quagmire medicine fields.

This group of warriors are all wearing uniform silver armor, and there are dozens of them. They seem to be a powerful mercenary team that is working together to eliminate those black scorpions, hoping to obtain hundreds of them in the entire quagmire. Golden ginseng!

Chapter 2117 Rapid Breakthrough

"Boom!"

"Boom!"

Not far away, around the quagmire, a group of mercenaries wearing silver armor fought with countless black scorpions. The battle was very fierce.

It has to be said that the poisonous insects living in this extra-dimensional space are very terrifying. Those black scorpions are big and vicious. Every time the scorpion tail stings out, it can easily pierce the silver armor worn by the mercenaries. It is a sting in an instant. After breaking the skin of these mercenaries, these mercenaries were poisoned, their whole bodies became pitch black, they fell directly to the ground, and were poisoned to death instantly.

Even Ye Feng felt a little chilly when he saw this scene.

These black scorpions are really poisonous.

"Burn with fire!"

At this time, Ye Feng suddenly thought of a way.

All things are interdependent.

This highly venomous black scorpion is probably most afraid of flames.

Ye Feng instantly activated the Ancient Burning Heaven Technique and attached his own natal flame to his body.

In the next moment, Ye Feng had turned into a burning man and rushed directly towards the ancient quagmire medicine field.

Sure enough, Ye Feng was covered in flames and rushed over.

Sure enough, those black scorpions felt the heat and scalding heat of the flames on Ye Feng's body, and they all avoided it.

Even if some black scorpions that were not afraid of death rushed towards Ye Feng, they would be burned to a crisp by the strong flames around Ye Feng, and they would fall to the ground and die, even with a stench emitting from them. Black smoke.

The venom of the poisonous scorpion makes it impossible to get close at all.

At this time, the other masters of the mercenary group who were fighting fiercely with the black scorpions saw Ye Feng's flame form, blocking all the black poisonous scorpions outside, and were almost approaching the quagmire medicine field in the middle.

The members of this mercenary group immediately became anxious.

"Damn it! I was actually led by a boy with a fire attribute!"

"This ancient medicine field was discovered by our Silver Armor Mercenary Group first, and it belongs to us!"

"Boy! Stop for us! Otherwise we will kill you! This medicine field belongs to us!"

...

At this time, a group of masters from the mercenary group not far away shouted eagerly at Ye Feng, their voices full of anger.

Ye Feng turned around and looked at the group of mercenaries, and laughed loudly: "All the treasures and resources in this different dimension are ownerless. Who is the golden ginseng medicinal material in this quagmire?" The rules are for your mercenary group? Whoever has the ability gets it!"

At this time, Ye Feng laughed and rushed into the quagmire.

Without any hesitation, he instantly reached out and grabbed the precious golden ginseng that had grown for tens of thousands of years into his hands, and then put it into the storage ring.

The entire quagmire became bare in an instant.

Hundreds of golden ginseng plants were all collected by Ye Feng.

"Damn it!!"

A group of mercenary group masters not far away who were unable to break through the Black Scorpion defense line saw this scene at this moment. Their eyes were filled with tears and they were furious. They wanted to kill Ye Feng immediately.

"Goodbye!"

Ye Feng sensed that these mercenary groups were still very powerful. There were many masters at the control level, and there was even an existence at the half-step feathering level. He was not able to confront them head-on for the time being, so he had better sneak away to practice. Let's melt those golden ginseng. Anyway, the greatest wealth this time has been obtained.

Uh-huh!

Ye Feng used his own natal flame to protect himself, broke out from the other direction of the quagmire, and then quickly flew towards the depths of the wild forest.

"Damn boy!!"

A group of strong men from the mercenary group roared angrily at this moment.

The strong man who had reached the Half-Step Feathering Realm should be the leader of the mercenary group. He was a big man wearing blue armor. He immediately shouted loudly and said: "The direction that the boy left is deep in the wild jungle. Let's not get entangled with these black poisonous scorpions now. We must search in the direction where the boy is escaping. We must catch that hateful boy and take back all his wealth! I want him to be torn into pieces! part!"

...

Just when a group of mercenary group masters were chasing Ye Feng.

Ye Feng used the space gem and reached the depths of the wild jungle.

He avoided some ferocious beasts and found a small cave.

There is a huge silver-gray crocodile living in this cave.

But very weak.

Ye Feng split the silver-armored crocodile in half with one strike of his sword.

Almost at this moment, Ye Feng opened his mouth and sucked in the blood of the silver-armored crocodile.

However, the level of this crocodile is too low. After absorbing it, it is no different than not absorbing it. It only slightly increases the vitality of Qi and blood.

Next, Ye Feng sat in the cave and began to devour the golden ginseng he had just obtained.

There are hundreds of golden ginseng plants in total, and they have been growing in the wild jungle of this different dimension for probably tens of thousands of years.

Therefore, the medicinal power contained in these golden ginseng is very powerful and pure.

"Rumble..."

At this time, Ye Feng released the Devouring Domain, which directly enveloped all these golden ginseng, and then began to devour the medicinal power contained in them.

The medicinal power contained in each of these golden ginseng plants was like a vast ocean, instantly bringing extremely abundant energy to Ye Feng.

The majestic pressure hit Ye Feng's body, just like a dragon roaring and roaring, madly strengthening his skills and improving his body.

Ye Feng's cultivation momentum immediately began to grow explosively.

"Boom!"

The tenth heavenly perfection of the Hedao realm!

"Boom!"

Take control of your situation in half a step!

It has to be said that Ye Feng's inheritance is really powerful, and this devouring ability is unprecedented and unprecedented.

As long as he is provided with majestic energy, Ye Feng can break through the constraints of all realms and make rapid breakthroughs.

"Half step to control the situation!"

"It's just one step away from becoming the real controller!"

Ye Feng's eyes were bright at this time, and he stood up in the cave all of a sudden.

He clenched his fists and felt that the Half-Step Control Realm was much more powerful than the Hedao Realm.

Although he only stepped into the control realm with one foot, for the Hedao realm, it was simply a qualitative leap.

"That kid's aura is right here!"

"It's in this cave!"

"He must be hiding in a cave to practice. Let's go in quickly and kill him!"

Suddenly at this moment, there was a loud noise outside the cave.

That was exactly the voice of a group of masters from the mercenary group!

It has to be said that this group of mercenaries is still very capable, and they found Ye Feng's place of residence so quickly.

Chapter 2118 Ancient Dark Power

Hearing the noise outside the cave, Ye Feng immediately understood that it was the masters from the mercenary group who had just come.

Ye Feng had noticed before that there were still many strong men in this mercenary group.

There is a strong man in the Half-step Feathering Realm, there are several strong men in the Control Realm, and the others are relatively weak Hedao Realm warriors.

Ye Feng was quite afraid of this mercenary group before, so after getting those golden ginseng, he chose to leave directly.

But I didn't expect that the tracking skills of these mercenary groups were so good, and they found their hiding place in a short period of time.

"But this time I'm not afraid of you."

Ye Feng's cultivation level had been greatly improved at this time. With a cold look in his eyes, he stood up in the cave and walked towards the outside of the cave.

Soon Ye Feng walked out of the cave.

In the open space outside, sure enough, a group of mercenary masters wearing silver armor were surrounding them, seemingly wanting to wait and see.

At this moment, Ye Feng walked out of the cave. ??

A group of masters from the mercenary group burst out laughing.

"Okay, okay! This kid is finally out!"

"Fortunately, we have tracking dogs that can quickly find this kid's hiding place."

...

At this time, a group of masters from the mercenary group laughed loudly, with murderous looks in their eyes.

One of the members was followed by a large dog with light yellow spots.

That should be the tracking dog.

It is a creature that can track enemies over great distances.

At this time, Ye Feng looked at everyone's laughter, his face was very calm, and he said loudly: "I didn't want to be your enemy, but you are chasing after me and want to kill me, so I just I can send you to the West!"

boom!

The moment Ye Feng finished speaking, an extremely powerful aura suddenly erupted from his body.

That is the aura of cultivation that takes half a step to control the realm!

"What?"

"How could this kid break through so fast?"

"In just a few hours, he broke through to the half-step state of control? When he plundered the golden ginseng in the quagmire just now, he was in the Dao state."

"Damn it! It seems that this kid didn't know what secret method he used to refine all the elixirs in just a few hours!"

...

At this moment, a group of masters from the mercenary group were a little angry.

They had guessed that Ye Feng had made so many breakthroughs and must have refined all those precious golden ginseng.

"Damn it!"

The faces of the masters of the mercenary group became extremely gloomy.

The leader of the mercenary group was a super strong man who was halfway to the Feather Stage. He was wearing black armor and said loudly: "Hurry up and capture this kid. Before it's too late, release all the blood from his body. The medicinal power of golden ginseng must still be in his blood, it's not too late yet!"

I have to say that the leader of this mercenary group spoke extremely harshly.

"superior!"

A group of mercenary group masters immediately roared and surrounded Ye Feng crazily.

At this time, Ye Feng blasted out the Sky Meteor Fist in an instant.

"Boom!"

"Boom!"

Every punch fired was a phenomenon capable of erupting ancient stars. The fists turned into stars and struck fiercely forward.

"Crack, click, click..."

All the weapons and armors of the masters of the mercenary group who rushed over were shattered.

The power erupted from the Sky Meteor Fist is truly terrifying to the extreme.

"ah!"

"ah!"

"ah!"

...

A series of screams suddenly sounded.

"All members of the Hedao realm, please step aside!"

"Those who are even half-way in control of the situation should step back!" ??

Seeing the heavy casualties in the instant charge, the leader of the mercenary group couldn't help but yell.

He immediately understood that Ye Feng, a young man who was half in control of the situation, could not be dealt with by the human sea tactics.

The leader of the mercenary group immediately said to the core members beside him: "Let's take action together. I am in the half-step feathered realm, and all four of you are strong masters in the sixth level of control. The five of us will take action together. We will definitely be able to kill this kid who has only half a step to control the situation!"

"Boom!!"

The five powerful men took action instantly.

The four powerful men who controlled the realm directly joined forces to perform a kind of imprisonment move.

In an instant, golden rays of light appeared in their hands, forming a heaven and earth cage, trapping Ye Feng.

The leader of the half-step feathered realm super strong corps was holding the tiger-headed sword in his hand at this moment, and instantly slashed fiercely with a bolt of earth-shattering sword light, which seemed to be able to tear the heaven and earth apart, and split the universe into pieces. , full of unparalleled destructive power and damage.

Ye Feng was about to be killed on the spot.

"Dark stone statue!"

At this time, Ye Feng finally displayed an extremely taboo treasure of the dark race.

This dark stone statue was obtained from the Palace of the Nine Princes of Frost City.

Ye Feng has never used it because it is a treasure among the dark races. Once used, it will easily make others misunderstand that he is a dark race.

At this moment, Ye Feng was at the critical moment of life and death, so naturally he would no longer hide his clumsiness.

Facing a super strong man at the Half-Step Feather Level level, neither the Red Dragon Fang nor the Sky Meteor Fist can deal with it.

It can only display dark stone statues, ancient treasures from the dark race.

"Crash!"

In an instant, Ye Feng frantically injected his mana into the dark stone statue.

"Boom!!"

Suddenly, black light burst out from the dark stone statue.

This ancient magic weapon has been revived again.

The dark stone statue began to expand rapidly at this moment, and finally turned into a stone giant tens of millions of feet tall. Ancient black spells appeared all over the body, connecting them into lines and covering the whole body. Going up is like a dark ancient god reviving.

"Boom!!"

The huge stone statue of the dark ancient god stepped down hard, blocking out the sky and the sun, cracking the ground with its big feet, and trampled directly on the leader of the mercenary group who rushed forward.

"Crack, click, click!"

The sword light that the leader of the mercenary group struck was crushed to pieces.

"Boom!"

Then the huge dark stone statue's feet continued to trample down, trampling the half-step feathered mercenary group leader to pieces in an instant.

"What?!"

When a group of masters from the surrounding mercenary group saw this scene, their eyes almost dropped in horror.

A super strong man at the level of half-step to the Ascension Realm was trampled to death just like that?

Countless members of the mercenary group looked at the majestic dark stone statue standing in the sky and earth, and their hearts were filled with panic for a moment.

"What the hell is this??"

"This is the ancient dark power! How could it reappear in the time of a human boy?"

Countless masters of the mercenary group were in despair at this moment.

Chapter 2119 I feel more confident

I have to say that the ancient magic weapon of the Dark Stone Statue is really powerful.

But this is also due to Ye Feng's huge and powerful skills.

Without so much mana input, it would naturally be impossible to awaken the ancient dark power in the dark stone statue.

At this time, even Ye Feng himself was shocked by the terrifying power of the dark stone statue.

Because the leader of this mercenary group is a super strong person who exists at the level of half-step feathered realm.

An existence at the Half-Step Feathering Realm level is absolutely terrifying. It is a whole level higher than Ye Feng's current Half-Step Control Realm.

Ye Feng's original idea was that if he really couldn't beat him, he would just retreat.

But what I didn't expect was that the dark stone statue suddenly burst out with such destructive power, trampling the leader of the mercenary group to death.

Moreover, Ye Feng vaguely felt that the power exploded today had not reached the limit of the dark stone statue. .??.

Because Ye Feng has input almost all his mana into it, if his cultivation can continue to grow and his mana is deeper, he may be able to make the dark stone statue burst out with more terrifying and powerful power.

Thinking of this, Ye Feng was very happy.

The last time I worked in the Palace of the Nine Princes of Frost City was not in vain.

Getting this dark stone statue can be said to be getting an ancient treasure.

The power that can be unleashed is really terrifying!

But after all, this is the magic weapon of the dark race.

Normally it can be used or not.

But if you reach the real final moment of life and death, you definitely need to use it.

"The power of this dark stone statue is too terrifying. It may be my next important killer weapon against Fushenhui, and it may even be able to destroy Xiao Tianshen's purpose of coming to this different dimension this time."

Ye Feng thought secretly in his heart.

A magic weapon with no upper limit of destructive power can be said to be extremely powerful and very precious.

And just as Ye Feng was thinking secretly, a group of masters from the surrounding mercenary group all looked pale with fright.

Then they fled around frantically.

Because the feeling this human boy brought to them was really terrifying.

Although this human boy's cultivation was only at the half-step mastery level, he gave them a feeling of being more powerful and terrifying than their leader, a strong man at the half-step feathering level.

At this time, I saw a group of mercenary group members quickly running towards the surroundings. Ye Feng naturally would not let them leave like this.

"It's too late if you still want to escape now. Leave them all to become the nourishment for me to increase my skills!"

Ye Feng's eyes showed a cold and murderous look.

He instantly took out the Red Dragon Tooth Sword, and then slashed at the surrounding people.

"Boom!"

"Boom!"

Suddenly, rays of terrifying red sword light erupted from the Red Dragon Tooth Sword body, like a frenzy, quickly slashing and slicing towards the surroundings.

"Pfft!"

"Pfft!"

"..."

The masters of the mercenary group were unable to resist the terrifying sword light. They were all chopped into pieces by Ye Feng's sword light, just like chopping melons and vegetables.

The body then fell to the ground, and the blood stained the entire surrounding ground red in an instant, looking very tragic.

At this time, Ye Feng did not hesitate at all. He first stretched out his hand to collect the storage rings from the members of the mercenary group, and then directly released the Devouring Domain.

"Boom!"

Immediately at this moment, a large area of darkness swallowed up the realm, spreading from Ye Feng's body

came out, covering the entire surrounding space.

"Crash!"

The next moment, surging waves of extremely pure blood energy were directly absorbed by the Devouring Domain, and then injected into Ye Feng's body, rapidly increasing his power and cultivation.

It must be said that although these masters of the mercenary group are not very strong, their skills are extremely pure.

Because these mercenary groups have been training in this extremely dangerous wild jungle all year round, their skills have been trained and forged to be very pure and strong.

However, they were unlucky to meet Ye Feng, a super genius who could leapfrog the battlefield, otherwise the result might have been different.

Because even if an ordinary genius can fight beyond the level, it is impossible for him to survive the siege of so many mercenary groups with rich killing experience.

But Ye Feng is not only able to fight beyond the level, but he also has various powerful magic weapons that defy the sky. If he directly crushes them with pure power, all the members of the mercenary group will naturally die miserably.

"Rumble..."

At this time, as waves of extremely pure power were injected into Ye Feng's body, Ye Feng immediately felt that his power was growing rapidly, and he was almost about to break through the most critical bottleneck.

"Boom!"

Finally, just half an hour later, Ye Feng suddenly burst out with a terrifying martial arts aura, boundless and spreading in all directions.

"Finally, we have transcended half-step control and stepped into true control!"

At this time, Ye Feng's eyes were extremely bright.

And at this time, the blood energy of the masters of the mercenary group has not been fully digested.

"Boom!"

Ye Feng's aura is still making breakthroughs.

"boom!"

Take control of the realm! \u003c

br\u003e

"boom!"

Take control of the second heaven!

Finally, Ye Feng's cultivation momentum stopped.

In this breakthrough, most of the ordinary members of the mercenary group had no effect on Ye Feng's breakthrough.

After all, they are all Hedao realm cultivation bases.

What really works is the leader of the mercenary group, a super strong man who has reached the half-step feathered realm, and the four core members who control the realm.

If it weren't for such a large amount of energy, Ye Feng wouldn't have been able to directly break through the huge bottleneck of half-step control.

Being able to break through to the second level of control has already made Ye Feng very satisfied.

Because Ye Feng knew very well that as his cultivation level continued to improve, his body became more and more like a bottomless pit, and the energy required for each breakthrough became more and more terrifying.

Therefore, Ye Feng is still able to maintain such a fast growth rate, which makes Ye Feng very satisfied.

At this time, Ye Feng simply left this wild jungle, looked at the map in his hand, and headed towards the established route.

That direction is the direction of the Killing Sword Demon Cave.

There, Su Wuji, the 10th Hall Master of the Gods Association, a super strong man at the third level of the Ascension Realm, was exploring various opportunities to create magic in the Killing Sword Demon Cave.

If Ye Feng was in the Hedao realm before, he would still be very worried about whether he could cause some damage.

But now Ye Feng got some opportunities along the way and unexpectedly broke through to the second level of control.

At this time, Ye Feng would be more confident when facing a powerful person like Su Wuji, the Tenth Hall Master of the Gods Association.

At the very least, it would be okay to do some damage secretly and disrupt the various plans and rhythms of the Gods Association.

Of course, it would be great if Ye Feng could plunder some chance creations from the caves of ancient powerful men like Killing Sword Demon.

Chapter 2120 Hypnotizing the Masters of the Gods

At this time, Ye Feng was rushing towards the direction of the Killing Sword Demon Cave.

This time Ye Feng didn't waste time, nor did he explore some opportunities on the surrounding roads.

Ye Feng had wasted a long time because of his previous entanglements with the members of the mercenary group.

For Ye Feng now, his most important purpose is to destroy the Gods Association's exploration plan in the cave of an ancient strongman like the Killing Sword Demon. ??

After all, entering this different-dimensional space world this time, Ye Feng's main purpose is not only to explore opportunities and improve his own cultivation, but also to destroy the growth of all the core members of the Gods Association as much as possible.

Because I learned from Leng Xingchen that this time Xiao Tianshen brought so many core members of the Gods Association into the different dimensional space, and the main purpose was to greatly improve all members of the entire Gods Association.

This is a situation that Ye Feng doesn't want to see at all.

Because the stronger the gods are, the more dangerous Ye Feng is.

From now on, it will be more and more difficult for Ye Feng to deal with Shenhui.

So once Ye Feng seizes the opportunity this time, he will definitely disrupt all the plans of the Gods Association, deal with all the members of the Gods Association ruthlessly, and even kill them, destroying what Xiao Tianshen created The foundation of the association of gods that came out.

Now that Ye Feng is in the dark, he can secretly destroy the various foundations of the Gods Association created by Xiao Tianshen. I am afraid that Xiao Tianshen does not know about this at all. After all, Xiao Tianshen is currently busy with the top young people from the four major domains. Talent is looking for the Dark King.

And Ye Feng can indeed continue to hunt the core members of the Gods Association now.

These core members of the Gods Association, such as the Hall Master we met before, and the tenth Hall Master Su Wuji we are about to meet, are the most core members of the Gods Association, and their cultivation is very difficult. To cultivate such a character must have consumed a lot of Xiao Tianshen's resources.

And now Ye Feng can indeed hunt down all these core members one by one. I think Xiao Tianshen will definitely be furious when he finds out.

When he thought of this, Ye Feng suddenly felt secretly happy.

"This time we go to the Ancient Cave of the Killing Sword Demon to not only destroy the Gods Association's plan to find the inheritance of the Killing Sword Demon, but also to kill all the members of the Gods Association, even the most powerful Tenth Hall Master Su Wu Taboo, we have to find a way to kill him!"

Ye Feng's eyes flashed with fierce light.

He is ready to fight now.

Completely on the opposite side of the Gods Society.

As long as they are members of the Gods Association, they will all be killed!

"Uh-huh!"

At this time, Ye Feng finally arrived at a very remote ancient city.

In this ancient city, many walls have collapsed, countless buildings have been destroyed, and there is no life around.

But the location of the cave for killing the sword demon indicated on the map is in this ancient city.

"The entrance to the cave where the sword demon was killed should be hidden somewhere in this ruined city."

Ye Feng thought secretly in his heart.

But at this time, Ye Feng did not run around to look for it.

Because members of the Society of Gods may also be stationed here.

There are many strong people among them, Ye Feng needs to be careful.

Buzz!

At this time, Ye Feng spread out his huge soul power and began to look for clues.

In less than half an hour, Ye Feng had already detected the auras of some strong men through his soul power.

He instantly ducked behind a ruin, lay down on the ground, and looked in a certain direction ahead.

I saw a group of members wearing the costumes of the Gods Society standing at the door of a majestic hall not far in front of the ruins.

They were guarding the door of the hall at this time. It was obvious that there was some secret in this hall.

Ye Feng's soul power was secretly dissipating at this time, and he found that there seemed to be a very obscure spatial fluctuation in the hall.

"This kind of spatial fluctuation is like a teleportation array..."

Ye Feng thought for a while, and suddenly his eyes lit up.

This teleportation formation is probably the one that can directly teleport to the ancient cave of the Killing Sword Demon!

In other words, as long as you can enter this hall, you can be teleported to the ancient cave.

But at this time, there was a group of members of the Society of Gods with strong cultivation standing at the door of the hall. Most of them had cultivation strength at the level of the eighth or ninth heaven of the control realm.

Although Ye Feng is no longer afraid of these powerful warriors.

But Ye Feng knew that even if he wanted to kill these gatekeepers

Even if all the members of the Gods Association were killed, they would not be able to alert the enemy.

Because once the members of the Gods Association who were guarding the gate were killed by him and alarmed the powerful members of the Gods Association in the ancient cave of the Killing Sword Demon, he would have no chance to enter the cave of the Killing Sword Demon.

This time, Ye Feng chose to lurk in secret. The purpose was to quietly and secretly enter the ancient cave and find an opportunity to assassinate the leader of the team this time, the Tenth Hall Master Su Wuji.

Therefore, we must not alert the enemy at the very beginning. If Su Wuji and others become vigilant, their assassination plan will not go so smoothly.

So Ye Feng's current plan is to secretly kill these gatekeepers, and then sneak into the ancient cave. This is the best way.

However, it is still difficult to calmly kill all the masters of the Gods Society who are guarding the gate.

"It seems that I can only use soul attack methods that I don't often use." ??

Ye Feng thought secretly in his heart, and then slowly lurked towards the entrance of the hall where the teleportation formation was located.

At this time, there were more than a dozen members of the Gods Association who controlled realm cultivation standing at the door of the hall.

"Buzz!"

At this moment, Ye Feng immediately released all his soul power and used hypnosis.

Suddenly, the dozen or so experts from the Gods Association at the door were suddenly invaded by Ye Feng's soul power without realizing it. They only felt a little tired in their heads and seemed to want to sleep.

"Why are you so sleepy?"

"Maybe it's because we were too focused, which led to mental breakdown."

"Anyway, no one dares to mess with our Gods Association. We'd better take a rest here."

...

At this time, a group of masters from the Gods Association subconsciously sat on the ground, then closed their eyes and began to sleep.

It never occurs to them that their mental fatigue and desire to sleep are caused by external factors.

Soon all the more than a dozen masters of the Gods Association fell asleep.

When Ye Feng saw this scene, his face showed a look of joy.

"It's amazing. I didn't expect that my soul power is now so powerful that it can invisibly affect warriors at the control level."

Although Ye Feng's soul power is not strong enough to directly control the masters of these gods, he can make them produce

The feeling of fatigue makes them think that they are going to sleep, and they fall asleep directly.

"Uh-huh!"

Ye Feng rushed to the door of the hall in an instant, looked at the dozen masters of the Gods Association sleeping on the ground, and walked directly into the hall without disturbing these people.

Ye Feng originally wanted to harvest them all while they were sleeping.

But Ye Feng was not sure if there would be any means on these people to trigger an alert at the moment of their death and notify Su Wuji in the Killing Sword Demon Cave.

After all, when Ye Feng asked about Xiao Tianshen's secret, the hall master's head exploded.

Therefore, Ye Feng chose to remain cautious about these mysterious methods of the Gods Association.

So at this time, he let the gatekeepers sleep at the door and did not kill them easily.

After all, these people don't provide much energy.

And the main purpose this time is to hunt down the tenth Hall Master Su Wuji!

Ye Feng walked directly into the hall without disturbing anyone.

He immediately saw a teleportation formation flashing on the ground of the hall.

"This should be the entrance!"

Ye Feng stepped directly onto the teleportation formation.

Buzz!

Following a violent spatial fluctuation, Ye Feng's figure disappeared into the hall in an instant.

At this moment, a group of members of the Gods Association who were guarding the gates who had lost the interference of their souls all woke up.

"Why did you fall asleep all of a sudden?"

"Probably too tired."

A group of members of the Gods Association spoke out one after another.

"Is there an invasion by thieves?" A member of the Gods Association suddenly asked with some speculation.

"Will not."

A member of the Gods Association immediately smiled and said: "There is really a thief invasion, then we will have been killed while we were sleeping. We all have warning talismans on our bodies. Once we are killed, the killing sword will Hall Master Su Wuji in the Demon Cave Mansion cannot get the news, and the other side will be alert immediately, so we don't have to worry. "

...

Just when a group of masters from the Gods Association who were guarding the gate were talking.

Through the teleportation formation, Ye Feng has arrived in a very dark and dark underground cave.
