

## Ancient 2121

### Chapter 2121 Three-Year Agreement

At this time, Ye Feng was in a very dark space.

He looked up high in the sky and found that the sky was completely dark.

Only sporadic star-like lights shone on the surrounding walls.

It can be seen that this is not an independent world, but a huge underground space.

And it's like an underground fortress.

Ye Feng saw that there were many ancient buildings in the distance, but they all collapsed and seemed to have been violently destroyed by some force.

"It seems that it was done by members of the Gods Association. I don't know that the Tenth Hall Master Su Wuji has brought a group of masters from the Gods Association to the place where the Killing Sword Demon Cave is."

Ye Feng was a little anxious at this time. If Su Wuji got the inheritance of Sword Demon Slayer, coupled with Su Wuji's powerful Feathering Realm cultivation, he might not be his opponent, and even the assassination would probably not be successful. .

So at this time, Ye Feng was still very anxious, eager to find Su Wuji and other members of the Gods Association who had entered the ancient cave of the Killing Sword Demon one step ahead.

Swish, swish, swish!

Ye Feng quickly rushed towards the interior of the cave. He saw many corpses of various creatures and evil beasts along the way, although they were all killed by a group of members of the Gods Association.

This gave Ye Feng a lot of benefits, as he devoured a lot of blood energy from killed evil beasts along the way.

His cultivation actually broke through the first level of heaven and reached the third level of control.

Finally at this time, Ye Feng came to the deepest part of the Killing Sword Demon's Cave.

He saw a very shocking scene.

There is a vast land not far away.

On this vast land, stood a tall figure dripping with blood. In his hand, he held an ancient war sword that was red and black and seemed to be stained with blood. His body was tens of thousands of feet tall. Standing on the ground in the distance, it looks like an immortal dark stone monument that will last forever.

"That's not a living thing! It's a huge sculpture!"

Ye Feng didn't feel any life energy. He immediately rushed over and found an ancient hall on the back of this huge sculpture.

In the main hall, there were faint shouts.

"It seems that Su Wuji and a group of masters from the Gods Association are in that hall."

Ye Feng thought in his mind, jumped directly onto the huge sculpture, and then began to approach the palace lurking.

Ye Feng guessed that the inheritance of the ancient powerful Sword Demon Killer might be buried in this palace.

"This is....."

But just when Ye Feng looked inside.

But he discovered that a tall figure with an extremely ancient aura was discussing something with a group of masters from the Gods Association.

and

There is no imaginary battle.

There are no imaginary treasure hunting scenes and so on.

There is actually a negotiation going on in the main hall!

At this time, Su Wuji was negotiating with a group of masters from the Gods Association. The tall and extremely ancient figure had the same face and image as the huge sculpture that Ye Feng had just seen outside.

"The Killing Sword Demon is still alive?"

Ye Feng's eyes were extremely shocked.

You know, this killing sword demon is an ancient superpower.

It is rumored that he has been dead for tens of thousands of years.

I didn't expect to be alive now.

And they are still negotiating with a group of experts from the Gods Association.

At this time, Ye Feng immediately thought of a very shocking guess.

That is, Xiao Tianshen ordered Su Wuji, the Tenth Hall Master, to come here with a group of masters from the Gods Association, not to find the inheritance of the Killing Sword Demon, but to

negotiate with the Killing Sword Demon and let the Killing Sword Demon Go out and help them, the Gods Association!

"Such an ancient great power, I am afraid that its realm back then has almost reached the extremely powerful supreme realm. Even if it has consumed a lot of life force after so many years, it is definitely an earth-shattering existence, and once the killing sword demon comes from this different dimension, After being released from the space prison, and with the accumulation of resources from the external Gods Association, I am afraid that this killing sword demon will soon be able to regain his peak strength. By then, who can stop the Gods Association from fighting for hegemony? pace?"

Ye Feng was thinking secretly in his heart at this time, and his heart was surging.

He suddenly has only one purpose: to destroy this negotiation!

Ye Feng sneaked closer and spread out his soul power, hoping to eavesdrop on the conversation of a group of people in the hall.

Soon he heard it.

At this time, Su Wuji was wearing a white robe, followed by a group of more than a dozen masters from the Gods Association. With a hint of confidence in his eyes, he looked at the tall killing sword demon in front of him, and it seemed that he was not because of him. He was afraid of being an ancient powerful man, but he spoke out quite confidently: "Senior Killing Sword Demon, you have been trapped here by the so-called righteous people for tens of thousands of years. If you want to get out, you must fight with us gods. If you cooperate, only our president Xiao Tianshen has the means to get you out of this prison."

When the Killing Sword Demon heard what Su Wuji said, his dark golden pupils showed a deep look, and he made a hoarse voice: "When Xiao Tianshen entered this different dimension, he had already reached an agreement with me through his spiritual thoughts. You guys Rescue me and I will help you fight for the dominance of the entire alliance."

When Su Wuji heard what the Killing Sword Demon said, he immediately held his head high and said with satisfaction: "It's good that the Killing Sword Demon knows this, senior Killing Sword Demon.

So if you cooperate with us, you can escape from this prison safely. "

The Killing Sword Demon nodded and said: "Your guild leader, Xiao Tianshen, is a talented person with great knowledge of the world. His inheritance is rare in the ages. He also has the bloodline of the ancient gods. If you save me, it doesn't matter if I help him fight for world hegemony." Lost my identity."

Su Wuji was even more satisfied when he heard what the Killing Sword Demon said, and said aloud: "Senior, it's good if you know the stakes."

After finishing speaking, Su Wuji took out a large black cauldron that looked like a furnace from the storage ring. The cauldron's surface was engraved with some complicated dragon-shaped patterns. It looked very ancient and had an aura of vicissitudes of life.

Su Wuji said aloud: "This cauldron is called the Black Dragon Covering the Sky. It has been exerted by our president Xiao Tianshen to cover the way of heaven. As long as you, Senior Killing Sword Demon, enter this Black Dragon Covering the Sky, we will be able to You were brought out of the underground space that sealed you safely."

Obviously, this underground space is not the cave of the Killing Sword Demon, and there are no treasures. This underground space is the sealed place of the Killing Sword Demon!

Xiao Tianshen didn't know what method he used. The moment he entered this different-dimensional space, he reached an agreement with this ancient and powerful killing sword demon at the level of spiritual consciousness, and asked his subordinates to rescue this killing sword demon and provide a solution for him. used by him.

I have to say that Xiao Tianshen is indeed very powerful and very capable.

Ye Feng looked a little anxious outside at this time. If Su Wuji succeeded in rescuing the ancient powerful Sword Demon of Slaughter, the power of the Gods Association would instantly become many times greater.

Because a killing sword demon can match the background of half the gods!

But now Ye Feng has no way to prevent this from happening.

After thinking for a long time, he decided that there was no way to start, so he was going to leave here quickly to avoid being discovered and unable to escape.

"What are you going to do?!"

But suddenly, just when Ye Feng turned around, the extremely angry roar of the Killing Sword Demon suddenly came from the hall.

"what's the situation?"

Ye Feng immediately turned back and looked towards the main hall.

He discovered it immediately.

The moment the Killing Sword Demon entered the black dragon-covering cauldron, Su Wuji did not take the Killing Sword Demon away at all, but immediately covered the lid of the cauldron.

The Killing Sword Demon now consumes too much life force and has lost a lot of strength and cultivation. It is impossible to break through the shackles of the black dragon covering the sky.

Moreover, the Killing Sword Demon felt that there was a strange force in this cauldron, which was rapidly extracting all the blood and energy from his body, as well as his bloodline talents and various life attributes.

At this time, Su Wuji was standing at the top of the cauldron, absorbing the

The life attribute of the killing sword demon was rapidly being injected into Su Wuji's body.

Su Wuji suddenly showed an expression of great enjoyment on his face and laughed loudly: "Hahaha! Stupid old guy! Do you really think our president is so kind to rescue you? You are such an old monster. Even if we help you rescue you, we can't sincerely surrender to our Gods Association. The president has thought of this a long time ago, so the agreement reached by the president and you is simply a lie. The black cauldron you are entering now, is not a magic weapon that can hide the secret of heaven, but a special magic weapon that can transform the life attributes of both parties. It can transform all the life attributes of me outside the cauldron and you inside the

cauldron into each other. Next, I will become a killer. Sword Demon, you are such a powerful ancient warrior! Hahaha, only if I become the Killing Sword Demon, will the president be at ease!"

"Damn it! Xiao Tianshen! How dare you lie to me?!"

The killing sword demon now let out a painful and angry beast-like roar in the cauldron.

He never thought that the meeting of gods was not to save him at all, but to make one of his subordinates become him!

This is simply insidious and cunning to the extreme!

"Exchanging life talents? How terrifying Xiao Tianshen! He actually came up with such a strange and cruel method!"

Ye Feng, who was outside the main hall, saw this scene and felt a little chilly at this moment. He was paying more and more attention to Xiao Tianshen, his biggest enemy.

But at this time, Ye Feng knew that he must not let Su Wuji succeed.

"Slaying Sword Demon, I can save you, but after I save you, you must help me, become my slave, and be loyal to me forever. Is it a deal?"

Ye Feng instantly used his soul power to transmit his voice to the mind of the killing sword demon in the cauldron.

The Killing Sword Demon heard the sudden voice in his mind, and almost without thinking, he transmitted the message back and said: "I cannot become anyone's slave. Even if I die, I will not agree to this request!"

When Ye Feng heard this, his eyes flashed slightly. He said this just for a try. After all, he knew that an ancient strongman like the Killing Sword Demon would not be able to agree to such an excessive request.

So at this time, Ye Feng immediately sent a message back: "Then three years! Within three years, you must help me unconditionally! After the three-year agreement, you will be free, is it a deal? If this doesn't work, I will leave "

The Killing Sword Demon immediately sent a message and said: "Three-year agreement? Okay! This condition is acceptable! Deal!"

"boom!"

After hearing the message from the Killing Sword Demon, Ye Feng almost without thinking instantly inspired the most powerful treasure on his body, the dark stone statue.

"Rumble..."

A huge and majestic dark stone giant appeared in an instant, and trampled directly towards Su Wuji and a group of members of the Gods Association who were absorbing the life attributes of the Sword Demon Killer in the hall!

Chapter 2122 Destruction of the plan

At this time, Ye Feng did not hesitate and immediately activated his most destructive method, which was to use the ancient magic weapon of the dark race, the dark stone statue!

Because Ye Feng knew very well that he only had this chance to destroy the plan of Su Wuji and a group of masters from the Gods Association.

Therefore, Ye Feng did not use other ordinary means to slowly fight or destroy it.

He directly inputted almost all his mana into the dark stone statue, and then let the dark stone statue expand directly into a towering dark stone giant, full of unparalleled destructive power.

The last time he dealt with the masters of the mercenary group, Ye Feng inspired this kind of dark stone statue, and then trampled to death a half-step feathered warrior.

Now dealing with a strong man like Su Wuji, who is at the third level of the Feathering Realm, and a group of masters from other gods, Ye Feng naturally wants to maximize the power of the dark stone statue.

Moreover, he is hiding in the dark at this time. If he attacks directly, he will have an unexpected effect and can hurt the opponent instantly.

After all, what the members of this group of gods, especially the most powerful Su Wuji, want now is to transfer all the life talents of the killing sword demon into themselves.

Therefore, they have no energy to pay attention to what is happening around them now, and they have no idea that someone would lurk in this underground space invisibly.

After all, they have placed many experts from the Gods Society at the entrance of the main hall outside. If someone lurks outside, they will definitely send a signal to them.

Therefore, they have not received any signal of invasion from foreign enemies, so they feel that no one here will disturb them at all.

Therefore, Ye Feng's sudden attack at this time had an extremely unexpected effect, which could make a group of masters from the Gods Association unable to react at all.

Even if it's someone like Su Wuji who is at the third level of Ascension Realm

It is impossible for a heaven-level expert to react in this moment.

So when the dark stone statue turned into a huge giant and trampled down hard, a group of members of the Gods Association did not react at all, and the entire hall was trampled to pieces by a huge foot.

"Boom!"

Even Su Wuji was knocked upside down by the big foot of the dark stone statue and was buried in the ruins.

It has to be said that Ye Feng's sudden attack, which had been lurking until now, was very effective. It caught the opponent by surprise and interrupted Su Wuji's spellcasting in an instant.

Su Wuji was buried in the ruins, and there should be no harm done, because Su Wuji's cultivation level is too strong, but in fact it may make him very embarrassed for a moment, but it should not be able to seriously injure this master. .

Ye Feng himself understands this very well, but Ye Feng also knows that everything he has to do has been done.

"Damn boy! Who dares to plot against us in secret!"

The ruins not far away exploded, and Su Wuji led a group of masters from the Gods Association and shouted with deep anger in their eyes.

Although they were very embarrassed, they did not suffer any harm.

Uh-huh!

But at this moment, Ye Feng didn't talk nonsense with these people. He immediately flashed to the side of the black cauldron, and then directly opened the lid of the black cauldron.

"Boom!"

A terrifying black aura burst out from the cauldron in an instant.

"No!!!"

When Su Wuji saw this scene, his eyes immediately showed deep fear.

Because he knew very well that once the lid was opened, the killing sword demon inside would be able to rush out.

Although the Killing Sword Demon is an ancient strongman and his vitality has been consumed in endless years, he is still a very terrifying ancient monster.

So Su Wuji saw Ye Feng open the entire lid in an instant, and his angry face turned into panic in an instant, because he knew that they would all face disaster.

"All of you who lied to me will die!"

The killing sword demon rushed out of the black cauldron, its blood-red pupils filled with violent killing intent.

"Senior Killing Sword Demon! Listen to our explanation!"

Su Wuji and the others wanted to say something.

"Boom!"

However, the Killing Sword Demon directly grabbed it from a distance with one hand. In an instant, a big black hand directly bombarded the heads of a group of members of the Gods Association led by Su Wuji.

"Crack!"

"Crack!"

Almost at this moment, the bodies of all the masters of the Gods Association were shattered.

Even a strong man like Su Wuji, who was at the third level of the Feather Realm, could not resist the killing sword demon's big black hand at this moment. He was directly bombarded and half-knelt on the ground, holding on tightly.

At this time, Ye Feng suddenly walked up to Su Wuji and pulled off the hood of his black robe.

"It's you!!"

At this moment, Su Wuji saw Ye Feng's true face. He was shocked and then filled with deep anger.

: "It was you who ruined my plan! President, he is right. You, the hateful human boy, are indeed a huge disaster!"

Ye Feng smiled coldly and said aloud: "Su Wuji, right? Even if you are the tenth leader of the Gods Association and your cultivation level is much stronger than mine, you will still die under my plan in the end! And! Let me tell you, as long as I am in this different dimension, I will never allow your Gods Association to grow. It is true that Xiao Tianshen, the president of your Gods Association, will be plotted by me when the time comes. The ancient artifact that suppressed the Dark King in the dimensional space!"

"Damn boy!!!"

Su Wuji roared angrily, and instantly an extremely powerful wave of air erupted from his body.

At this moment, he knew that he was no match for the Killing Sword Demon, and he actually wanted to explode himself instantly, killing Ye Feng who was so close.

"Want to self-destruct? Impossible!"

At this time, the killing sword demon pressed down hard with his big hand. At this time, a vast force came to Su Wuji's body, suppressing all the violent energy that Su Wuji was about to explode on his body again. in the body.

"Die!"

Ye Feng didn't hesitate at this time. He stretched out his palm and spread his fingers. Each finger was like an iron bar, and he directly pierced Su Wuji's head.

"Swallow!"

Boom!

Suddenly, an extremely terrifying devouring force burst out from Ye Feng's palm, quickly absorbing the surging power from Su Wuji's entire body.

"ah!!"

"You are not human at all! You are a devil!!"

Su Wuji's eyes showed deep fear, and he screamed in crazy pain, but to no avail.

Chapter 2123 The deepest part

As Ye Feng continued to devour, Su Wuji's entire body also shriveled up rapidly.

Originally, Su Wuji was still yelling in pain, but in the end he simply had no strength to shout loudly. But now, Su Wuji was completely dead and was sucked into a mummy.

The killing sword demon watching this scene not far away, even this old monster from ancient times, was surprised by Ye Feng's methods at this moment.

At this time, Ye Feng did not waste any time and swallowed up all the blood and energy after the death of the other masters of the Gods Association who had just been killed by the Killing Sword Demon.

His cultivation level immediately exploded.

"Boom!"

Take control of the fourth heaven!

"Boom!"

Take control of the fifth heaven!

"Boom!"

Take control of the sixth heaven!

It was only then that Ye Feng's cultivation stopped.

It has to be said that Su Wuji, a master of the third level of the Ascension Realm, brought too much energy to Ye Feng.

Ye Feng had a look of joy on his face at this time.

This time he lurked under the ground and not only gained the skills of Su Wuji and other masters of the Gods Society without a bloody fight, but he also made the old monster of the Killing Sword Demon make a three-year agreement with him. It's like there is an extra super thug in an instant.

The Killing Sword Demon officially looked at Ye Feng at this time and said: "Your aura is that of the human race, but your cultivation inheritance and methods make me feel a little surprised."

Ye Feng just smiled slightly at this and said loudly: "Senior Sword Demon is so ridiculous. This junior is just a small training method. Senior, don't worry too much."

When the Killing Sword Demon heard what Ye Feng said, it seemed that he didn't say what he wanted to ask in the end. He just nodded and said: "Anyway, if you weren't lurking around this time, then I might really were plundered

His own life talent has made him Su Wuji. Xiao Tianshen, the president of this association of gods, is really too insidious. However, Xiao Tianshen is extremely powerful and seems to be your enemy?"

Ye Feng nodded slightly and said loudly: "The entire Association of Gods and I are mortal enemies, and I have always wanted to kill that God Xiao Tian!"

The Killing Sword Demon said aloud: "The existence of Xiao Tianshen, the moment he entered this different dimensional space, emitted terrifying divine thoughts to communicate with me. I am afraid that I can only fight with him in my heyday, but I guess not now." his opponent."

Obviously the Killing Sword Demon knew that Ye Feng seemed to want him to deal with Xiao Tianshen directly, so the Killing Sword Demon said something that he could not do anything about at this time.

Ye Feng said with a smile: "I don't have the luxury of killing Xiao Tianshen right now. It's just that this time when I enter this different dimension, I must destroy his plan and prevent him from obtaining the ancient artifact that suppresses the Dark King."

The Killing Sword Demon breathed a sigh of relief when he heard what Ye Feng said, but then he said: "The ancient artifact that suppresses the Dark King. I know a little about this. It seems to be a powerful magic weapon that surpasses the supreme level. It is called the Ancient God of the Giant Spirit. The tower is the most precious treasure of the ancient giant spirit gods. I don't know its specific level, but it is very high anyway."

At this time, the Killing Sword Demon said and waved fiercely towards the distance.

"Boom!"

Suddenly, a mountain not far away exploded, and a long sword exuding blood and black flew over instantly, and was caught in the hands of the Killing Sword Demon.

This should be the Sword of Slaughter, a supreme level swordsman.

At this time, the Killing Sword Demon said: "I will help you within three years, but you also need to find a way to take me away from this sealed place. This is a bit difficult. After all, it is something that even God Xiao Tian can't do."

Ye Feng smiled coldly and said aloud: "What Xiao Tianshen can't do, I may not be able to do it."

At this time, Ye Feng suddenly performed the Little Fate Technique, and an invisible energy directly surrounded the entire body of the Killing Sword Demon.

The Killing Sword Demon suddenly seemed to realize something at this moment, and suddenly his face showed a look of surprise, and he said loudly: "I feel that I am no longer locked by the secret of this sealed land, and you can actually possess the secret of the shield." s method?"

Ye Feng smiled and said: "This is a small fate technique that I have practiced. Although it has not been practiced to the extent that it can change the fate of a living being, it can cover your fate and interfere with the secret of this sealed place. There's still no problem." .??.

The killing sword demon's face immediately showed a look of joy at this time, and he couldn't help but said: "I have been trapped for tens of thousands of years, and I am finally getting out!"

At this time, the Killing Sword Demon suddenly stared at Ye Feng and said loudly: "As long as you can give me enough resources to continue to recover after I go out, as long as I can recover to my peak state, that Xiao Tianshen, I can Kill him!"

Ye Feng asked aloud: "What resources do you need to restore your strength?"

The Killing Sword Demon said: "It requires an extremely huge amount of heaven and earth energy. You can take me to some special cultivation caves and paradises, which contain huge amounts of heaven and earth energy."

Hearing this, Ye Feng nodded and said: "There are many special places dedicated to cultivation in the Blue Sky Holy Land where I am. They should be regarded as the Paradise of Cave Heaven. I will take you there when the time comes."

The killing sword demon nodded immediately.

At this time, Ye Feng left the underground space with the Killing Sword Demon.

Buzz!

Through the transmission of the teleportation formation, Ye Feng and the Killing Sword Demon returned to the hall where Ye Feng lurked before.

"who are you

? ! "

"Where are the hall master and the others?"

...

A group of members of the Gods Association who were guarding the main hall immediately exclaimed in surprise when they saw the two unfamiliar figures, Ye Feng and the Killing Sword Demon.

"Boom!"

At this time, the Killing Sword Demon just glanced at this group of members of the Gods Association. The bodies of these masters of the Gods Association immediately exploded, without any resistance at all, and they died directly.

Ye Feng quickly absorbed the blood energy of these masters, and then left the hall with the Killing Sword Demon.

The cultivation level of these members of the Gods Association who guarded the main hall was not very high, so there was no breakthrough in cultivation level after Ye Feng devoured it. They only increased the power of some skills, but it was not bad. After all, mosquito legs are still meat no matter how small they are.

Arriving outside the main hall, the Killing Sword Demon looked at Ye Feng beside him and asked: "Should we leave this extra-dimensional space directly now, or should we directly look for traces of Xiao Tianshen?"

Ye Feng took out the map he had obtained before, and said with a cold tone: "Of course it is a secret search for the whereabouts of Xiao Tianshen. Just like this time, I will wait for him to find the ancient artifact and lurk in the dark. Destroy his plan, even if I can't get the ancient artifact, he can't get it either!"

The Killing Sword Demon heard the determination in Ye Feng's tone and didn't say much. He just nodded and said: "Okay, anyway, I have a three-year agreement with you, and I will listen to you within three years. "

Ye Feng looked at the markings on the map at this time, and moved his eyes directly to the deepest point marked on the map.

That should be the deepest part of the extradimensional space.

"If Xiao Tianshen and a group of top young talents from the four domains want to find the Dark King, they should have reached the deepest part of the different dimensions by now. Let's go here!"

Ye Feng pointed at the map and said.

Chapter 2124 The first level of Panwu Dharma

On the way to the deepest part of another dimension.

Ye Feng searched the storage rings belonging to a group of masters from the Gods Association such as Su Wuji.

He discovered many magic weapons, martial arts inheritance, etc., but nothing particularly powerful.

As for the training resources in the storage ring, there are basically none.

Because there are still many warriors who have the same idea as Ye Feng and do not store training resources in storage rings. If they get training resources, they will choose to refine them as soon as possible and turn them into their own skills.

Therefore, most of the storage rings obtained by Ye Feng basically have no cultivation resources.

"Huh? This is it?"

But when Ye Feng carefully inspected the storage ring of Su Wuji, the leader of the Terrain Hall, he discovered a very strange crystal ball. ???

This crystal ball emits a magical blue light.

Ye Feng exuded soul power and wrapped it around the crystal ball, but he couldn't find any secrets.

It's as if this is just a very ordinary luminous crystal ball.

But at this time, the Killing Sword Demon looked over.

After taking a casual look at the crystal ball, he seemed to see something that Ye Feng had not detected.

The Killing Sword Demon said aloud: "This seems to be a crystal ball made of memory crystal. It cannot be detected through soul power and spiritual thoughts. Only through some special methods can we peek into the secrets in this crystal ball." "

When Ye Feng heard the killing sword demon next to him say this, his eyes suddenly lit up and he couldn't help but ask: "Senior Sword Demon, how can I peek into the secrets in this crystal ball?"

The Killing Sword Demon shook his head and said: "I don't know this either, but I am certain that there should be a very powerful inheritance hidden in this memory crystal ball, otherwise it would be impossible to cast it with such a special memory crystal. come out."

When Ye Feng heard what the Killing Sword Demon said, he could only nod slightly.

nod.

At this time, Ye Feng could only turn to Emperor Chu for help.

After all, the Killing Sword Demon has been trapped in this different dimension for tens of thousands of years, and the Killing Sword Demon himself is a demon, and may not understand much about things made by special processes in the God Realm.

But the Emperor of Chu, the emperor of the Great Chu Divine Kingdom, was a powerful man thousands of years ago and had extensive knowledge, so he might know what to do.

At this time, Ye Feng immediately called out: "Emperor Chu, don't fall asleep all day long. Quickly tell me how to see the secrets in the memory crystal ball."

Emperor Chu had been sleeping during this period. At this time, he heard Ye Feng's call and had to come out to do business. He said aloud: "This seems to be a memory crystal ball. It is very difficult to peek into the secret of the memory crystal ball. For It is almost impossible for ordinary people to accomplish, but it is very simple for you kid, that is, use the space gem on Ye Feng, your kid, to directly forcefully break the space seal barrier on the surface of the memory crystal ball, and you can see the memory crystal. The secrets hidden deep inside the ball."

When Ye Feng heard what Emperor Chu said, his eyes immediately lit up with joy.

Sure enough, Emperor Chu is indeed the Emperor of Chu, and his knowledge is very broad.

At this time, Ye Feng immediately started experimenting.

"Space gem!"

"Buzz!"

At this moment, Ye Feng directly used the power of the space gem, condensing it into a space cone-like energy beam, and directly stabbed the surface of the crystal ball hard.

"Crack, click, click..."

Ye Feng immediately saw that there was indeed an extremely solid space barrier on the surface of the memory crystal ball, which could withstand the exploration of spiritual thoughts and soul power.

But at this moment, under the power attack of the space gem, the solid space barrier is rapidly shattering.

As the space barrier on the surface of this crystal ball continued to break, Ye Feng's spiritual mind began to be able to explore the innermost place of this crystal ball.

There seems to be a very powerful divine thought hidden there.

The moment Ye Feng brought his spiritual thoughts into contact with the crystal ball.

Boom!

A terrifying spiritual message was instantly transmitted into Ye Feng's mind and memory.

That is a golden chapter!

It was engraved in Ye Feng's mind like a brand.

Ye Feng read the information carefully, and his eyes immediately showed a hint of excitement.

He couldn't help but said aloud: "This is Xiao Tianshen's powerful technique! The inherited secret of Panwu God! It is actually imprinted in this crystal ball!" ??

When Emperor Chu heard Ye Feng's wild cry in his heart, he immediately showed surprise in his eyes and couldn't help but said: "Ye Feng, you are so lucky that you directly obtained Xiao Tianshen's technique. The inheritance of Panwu God, Panwu God is a very powerful god in ancient times. So, wouldn't you be able to defeat Xiao Tianshen directly in a while? "

Ye Feng shook his head and said loudly: "It's not that simple. This crystal ball should be given to him by Xiao Tianshen in order to cultivate Su Wuji. Maybe Su Wuji hasn't had time to practice the inheritance of the Martial God in the crystal ball. Already dead, Xiao Tianshen is not only powerful, but also has a strong desire for control and a cunning mind. How could he imprint all the inherited secrets of Panwu God into this crystal ball? What is contained in this crystal ball is only the inheritance of Panwu God. The first level is called "Panwu Dharma". During the competition at the outer gate of Qingtian Holy Land, Xiao Tianshen came and attacked me. He directly extended his

A big hand that covers the sky and the sun is full of unparalleled power. Even a small fate technique is difficult to resist. That move is actually the magical power of Panwu Dharma, which directly transforms into a big hand of Panwu God. Panwu Big Hand , very powerful. "

When Emperor Chu heard what Ye Feng said, he nodded slightly and said: "In any case, you have at least obtained the first level of "Panwu Dharma" inherited by Xiaotian Divine Kung Fu Panwu God. This is already considered very good. It is a very advanced inheritance that is probably not even available in Qingtian Holy Land. In order to train his subordinates, Xiao Tianshen was really willing to give it to his subordinates, Panwu God Lord, with the first level of inheritance secrets. "

Ye Feng sneered and said: "This Su Wuji is the tenth leader of the Gods Association, and can be said to be a core member of the core. It is quite impressive that Xiao Tianshen taught Su Wuji some of his own inheritance. It's reasonable, but now that Su Wuji is dead, the first level of Panwu Divine Master's inheritance "Panwu Dharma" has fallen into my hands. Xiao Tianshen probably never thought of this. "

Emperor Chu said at this time: "Now that the problem is solved, I will continue to sleep. I have found a special inheritance called "Big Dreams for Thousands of Autumns" from my memory. As long as I continue to sleep, I can practice and recover quickly, so I'm going to sleep. Don't disturb me if you have nothing to do."

After Emperor Chu finished speaking, the fluctuations in his spiritual thoughts disappeared instantly.

Ye Feng just smiled dumbly at this, and then he began to understand the first level of inheritance of Lord Panwu, the Panwu Dharma.

Even if it is only the first level of inheritance of Lord Panwu, it is very precious, very advanced, has incredible power, and has vast mysteries.

The Killing Sword Demon looked at Ye Feng beside him at this time, and suddenly couldn't help but said in surprise: "Why do I feel the aura of Xiao Tianshen from your body?"

Ye Feng smiled and said, "Because I am now comprehending and practicing Xiao Tianshen's natal skills."

Chapter 2125 Wake up early

The Killing Sword Demon was very surprised when he heard Ye Feng's words. He couldn't help but said: "You are actually practicing Xiao Tianshen's natal skills? How is this possible?"

Ye Feng smiled and said: "Xiao Tianshen engraved the first level of mysteries he inherited into the crystal ball, and wanted to use it to train his subordinate Su Wuji, but he probably never expected that this dish of Martial God Zundi The secret of the first level of inheritance will finally be in my hands."

Hearing this, the Killing Sword Demon could only praise and say: "I have to say that your luck is indeed very good. Originally, I thought that with your cultivation level, you would not be able to surpass him no matter what if you were to fight against a being like Xiao Tianshen. , but in a short period of time I have seen your various methods and your unfathomable luck, I think you are likely to surpass Xiao Tianshen in the future. "

Ye Feng just smiled slightly at this and didn't say much. Instead, he hurried on while comprehending the first level of the Panwu Divine Lord's inheritance, the Panwu Dharma.

It has to be said that the inheritance of Xiao Tianshen and Panwu God is really vast and vast to the extreme. It contains endless mysteries. It feels like facing a vast and endless galaxy, vast and majestic.

Even though Ye Feng possesses an extremely evil comprehension ability, he still felt a little exhausted and very tired when he was comprehending the first level of the Panwu Dharma of Lord Panwu.

However, Ye Feng persisted in the end, and was about to get a glimpse of the first level of Panwu Divine Master Panwu Dharma.

"Buzz!"

Suddenly on this day, Ye Feng suddenly stretched out a hand in the distance. One of his hands immediately expanded in the entire sky, directly enlarging into a big hand covering the sky. This big hand and Ye Feng The big hands that usually appear randomly are different. This is the hand of Lord Panwu. The big hand of Panwu contains the vast power of the ancient Lord Panwu, and is full of unparalleled heaviness and pressure.

"Boom!"

An ancient mountain in the distance was instantly shattered by Ye Feng's powerful hand.

It has to be said that the Panwu big hand manifested by Panwu Dharma is really powerful, and its destructive power is simply awesome!

"Now I can only manifest a big hand of Panwu first. If I can comprehend all the first level of Panwu God's inheritance, once I release the Panwu Dharma, my whole person will become Panwu God. I will The combat power will increase dozens of times and hundreds of times!"

Ye Feng murmured at this time, deeply amazed by this powerful inheritance.

But at this time, he became more and more aware of how difficult Xiao Tianshen was to deal with.

Because I am only the inheritance of the first-level Panwu God Lord, I am already so powerful.

And you must know that Xiao Tianshen possesses the entire inheritance of Lord Panwu.

How awesome would that be?

But Ye Feng also has his own confidence.

Now that he has obtained the first level of Xiao Tianshen's inheritance, he has a preliminary grasp of Xiao Tianshen's methods.

And Ye Feng himself has various means that belong only to him.

He is not afraid of Xiao Tianshen.

After several days of traveling, Ye Feng and the Killing Sword Demon finally arrived at the deepest part of this different dimension.

As they penetrated into the deepest area, Ye Feng and the Killing Sword Demon saw that the ground in the deepest area of the different-dimensional space was full of dilapidated ancient buildings, which looked dilapidated and full of eternal vicissitudes and silence.

Ye Feng couldn't help but ask: "I heard that this different dimensional space is a ruined world left over after the ancient war of gods. I don't know if it is true."

The Killing Sword Demon nodded and said aloud: "This is true, because I was a warrior under the Demon God back then, and I participated in the war between the gods that year. It was extremely tragic. My strength back then was , in the war of the gods, he was just an ordinary warrior who led the way. All the strong men died and fled, and even the ancient gods fell a lot. It was extremely tragic. "

When Ye Feng heard what the Killing Sword Demon said, he couldn't help but have a look of amazement in his eyes.

Unexpectedly, such a fierce battle broke out in this different dimension that year, and even the gods from the ancient times fell.

What a terrible war that would be?

Ye Feng seemed to have thought of something at this time and couldn't help but ask: "By the way, if this was the land left over from the war of gods, then there should be many inheritances of gods in this different dimension."

The Killing Sword Demon shook his head and said loudly: "The battle back then was very tragic. After the ancient gods fell, they also turned into nothingness. There is no so-called inheritance of gods at all. As for the dark king you are looking for this time, it is indeed He is a very powerful ancient warrior of the demon race. The ancient artifact that suppressed the Dark King was the artifact of the Giant Spirit God clan that participated in that war. It is called the Giant Spirit Ancient God Tower. It is a true ancient artifact, but I think it should be broken, because the war was so brutal, and most of the artifacts left behind were broken."

Ye Feng nodded and said: "Even if it is a broken ancient artifact, it is still a treasure. In the northern land of the God Realm where our Qingtian Holy Land is now, there has never been a complete artifact. Suppress all kinds of artifacts. The foundations of the Great Holy Land and the Kingdom of God are just some half-complete and broken artifacts."

When the Killing Sword Demon heard what Ye Feng said, he couldn't help but said: "It seems that the God Realm has declined now. It was really glorious back then."

Ye Feng shook his head and said: "There are still super terrifying forces and races in the God Realm. The Alliance Land where I am is only a small area in the northern land of the God Realm. The level of cultivation and civilization in the Alliance Land does not represent the entire God Realm. boundary."

The Killing Sword Demon didn't say anything more when he heard what Ye Feng said.

At this time, both of them were concentrating on searching for various movements around them, trying to confirm whether the Dark King was here or not, and where the top geniuses of the Alliance such as Xiao Tianshen were now. It's not that the dark king's sleeping place has been found.

"Roar....."

Suddenly at this moment, Ye Feng's powerful soul force suddenly captured a low roar that seemed to come from ancient times.

This kind of low roar is very secretive. If it weren't for Ye Feng's extremely powerful soul power, he wouldn't be able to catch the fluctuation of that sound.

The Killing Sword Demon was obviously aware of it at this time. After all, he was an ancient powerful man. At this moment, he instantly looked at Ye Feng beside him and said loudly: "This is the sound of the ancient powerful man awakening. Could it be that the Dark King has advanced in advance?" Awakening?" The Sword Demon Killer was very surprised when he heard Ye Feng's words and couldn't help but said: "How is this possible that you are actually practicing Xiao Tianshen's natal skills?"

Ye Feng smiled and said: "Xiao Tianshen engraved the first level of mysteries he inherited into the crystal ball, and wanted to use it to train his subordinate Su Wuji, but he probably never expected that this dish of the Martial God Master The secret of the first level of inheritance will finally be in my hands."

At this moment, he instantly looked at Ye Feng beside him and said loudly: "This is the sound of the ancient powerful man awakening. Could it be that the Dark King has advanced in advance?" Awake?"

Chapter 2126 Giant Spirit Ancient God Tower

"Dark King woke up early?"

When Ye Feng heard the words of the killing sword demon next to him, his eyes suddenly showed a trace of surprise.

At this moment, he suddenly remembered that a group of top young talents from the Alliance Land might have all penetrated into this different-dimensional space area.

In other words, maybe they disturbed the Dark King's sleep and caused the Dark King to wake up early.

But this news is not a bad thing for Ye Feng. .??.

Because after the Dark King wakes up, it will probably be extremely difficult for the top young talents to plunder the ancient artifact that suppresses the Dark King.

This gave Ye Feng himself a buffer time, allowing him time to prepare and lurk in the chaos.

At this time, Ye Feng and the Killing Sword Demon wasted no time and quickly galloped in the direction of the fluctuating sound.

It was already the deepest area of the extra-dimensional space, and they soon came to an even more dilapidated and desolate land.

There are many buildings here, but they are even more dilapidated. Some buildings have even been obliterated in history.

An endless and vast starry sky appeared high in the sky, casting down patches of azure starlight, giving the entire ruined land a strangely peaceful beauty in addition to destruction.

"Boom!"

Suddenly at this moment, a huge roar erupted from a certain direction not far away.

"Kacha kacha..."

A large building in the distance instantly shattered.

A group of top geniuses with powerful auras were fighting in a melee.

Ye Feng and the Killing Sword Demon lurked over and found that there was a huge abyss at the bottom where these young talents were fighting, which looked very scary and deep.

At this time, Ye Feng turned his Divine Eye of Creation and immediately saw countless golden chains under the abyss, trapping a black ancient demon tens of thousands of feet tall.

\u003c

br\u003e That should be the Dark King locked in this different dimension!

At this time, the Dark King is about to wake up, but he is not fully awake yet and is in a semi-awake state.

He was still in a state of unconscious sleep.

However, the energy fluctuations caused by the fight between the young talents at high altitude caused the dark king to wake up quickly.

Once this dark king truly awakens, I am afraid that the entire extradimensional space will usher in a catastrophe.

Ye Feng's eyes showed a hint of surprise, and he couldn't help but murmur to himself: "I only saw the body of the Dark King, but I didn't find the ancient artifact that suppressed the Dark King. What's going on? Is the ancient artifact that supposedly suppressed the Dark King just a myth?"

The killing sword demon beside him shook his head and said: "No, I once saw this dark king suppressed by an ancient artifact in the depths of this different dimension. I even saw it with my own eyes. I saw the body of the ancient artifact, which is the treasure of the Giant Spirit God clan. It

is a huge ancient tower, the Giant Spirit Ancient God Tower. It is very majestic and has majestic power. "

Ye Feng couldn't help but shook his head when he heard the Killing Sword Demon was so sure.

At this time, he looked at a group of top geniuses fighting in the sky, and suddenly found a majestic and boundless ancient tower among the faint stars in the sky. It was like an ancient god, standing domineeringly among the stars in the sky.

"That's... the Giant Spirit Ancient God Tower!"

Ye Feng's eyes were suddenly shocked.

He immediately understood why these top geniuses were fighting in the sky. It turned out that they were fighting for the Giant Spirit Ancient God Tower.

Because that ancient giant spirit tower is not under the abyss at all, but is integrated into the sky of stars.

above.

The Killing Sword Demon also discovered it at this time, and couldn't help but say: "We came to the deepest area of this different-dimensional space, and suddenly found that the entire sky turned into a sky filled with stars. That sky filled with stars should be to suppress the darkness. The king's heaven and earth formation, and the Giant Spirit Ancient God Tower is the core of this heaven and earth formation, so the Giant Spirit Ancient God Tower is hidden in the sky and rivers of stars!"

Ye Feng was also a little excited at this time, but he couldn't go directly to the high altitude now, because there was a group of top geniuses with terrifying combat power in the high altitude, including the four top young talents from the four major regions, and Xiao Tianshen was naturally there too. in!

They must have been searching here for a long time, fighting with each other for a long time, and fighting for many days.

Ye Feng discovered that almost all the top geniuses were joining forces to deal with Xiao Tianshen alone!

It has to be said that Xiao Tianshen is indeed so powerful and terrifying that everyone has to join forces to deal with him.

At this time, Ye Feng suddenly remembered the words of his uncle Leng Xingchen. In the entire alliance, he was not the only one who wanted to get rid of Xiao Tianshen. There were also many masters and strongmen from other forces who wanted to get rid of Xiao Tianshen. The existence that breaks the balance of the four major domains.

Because everyone knows that Xiao Tianshen created the Gods Association with huge ambitions and wanted to annex the entire four regions, or even the entire Frost Kingdom.

Therefore, other forces want to get rid of Xiao Tianshen quickly.

If Xiao Tianshen only pursues his own martial arts strength, then maybe other forces will not be so hostile to him.

But Xiao Tianshen still has huge ambitions. He wants to control the entire four realms and the Frost God Kingdom under his command. Naturally, many people hold grudges and are unwilling to let Xiao Tianshen truly grow up, otherwise there will be endless troubles.

So this time, in this different dimensional space, many hidden powerhouses from other forces appeared, including the top geniuses from the other three holy lands and the Kingdom of Frost God. They joined forces to fight

Get rid of Xiao Tianshen.

"If you want to kill me, you are a little too young!"

Suddenly Xiao Tianshen's majestic voice sounded from high in the sky.

"Boom!"

I saw that Xiao Tianshen's whole body suddenly expanded rapidly and turned into an ancient god. That was the true form of Panwu God!

Has boundless power!

Xiao Tianshen transformed into Lord Panwu. It really seemed like a god had descended. Surrounded by a halo of three thousand gods, he seemed to be full of sacred and supreme aura.

"Boom!!"

In an instant, Xiao Tianshen roared and burst out with boundless power. The Panwu God's true form that he had transformed into suddenly waved his hand, and infinite terrifying energy suddenly burst out, attacking more than a dozen top-notch people around him who had joined forces to attack him. All the geniuses were beaten away.

"Hahaha! Who in the world can stop me?"

Xiao Tianshen laughed loudly, rushed directly to the sky, and then entered the galaxy. He said confidently: "Only I am qualified to own the Giant Spirit Ancient God Tower!"

Ye Feng was standing on the ground, slightly shocked by Xiao Tianshen's powerful power.

Xiao Tianshen is indeed as powerful as the rumors say.

Even if all the top geniuses from other forces in the entire alliance were added together, they would not be able to match Xiao Tianshen.

"The Ancient Giant Spirit Tower is mine!"

At this time, Xiao Tianshen grabbed the sky with his big hand, and a huge and boundless Panwu hand appeared, directly tearing the entire boundless galaxy in half, just like a rag torn apart, revealing The scene behind the galaxy.

A huge ancient tower is floating in the galaxy. The tower is engraved with an ancient giant spirit pattern. The whole body is made of ancient divine iron, exuding the light of the gods and looking full of eternity and immortality. breath.

Chapter 2127 Frost Prince

At this time, Xiao Tianshen tore through the surface of the starry sky and charged directly towards the huge tower of ancient artifacts.

Everyone below had deep anger in their eyes.

They knew that there was no chance to stop Xiao Tianshen now.

Ye Feng stood in a hidden space, looking at the scene in front of him, and there was nothing he could do for a moment.

Because his current cultivation level is still too weak compared to Xiao Tianshen, there is no way to stop Xiao Tianshen head-on.

Although the Killing Sword Demon is an ancient powerful man, the Killing Sword Demon has lost too much vitality in the endless years.

Therefore, it is impossible for the Killing Sword Demon to confront Xiao Tianshen head-on at this time.

At this moment, everyone, including Ye Feng, could only watch Xiao Tianshen rushing towards the Giant Spirit Ancient God Tower. This ancient artifact would eventually fall into Xiao Tianshen's hands.

Boom! !

But just when Xiao Tianshen was about to break through the galaxy, a huge roar suddenly sounded throughout the sky.

"Crash!"

Everyone's eyes showed deep shock at this time. They saw that in the originally brilliant galaxy, a huge formation composed of golden light suddenly landed.

This is a very terrifying trapping formation.

Like a golden prison, it immediately trapped Xiao Tianshen, a top genius, and then bombarded him from high altitude.

I am afraid that even Xiao Tianshen himself did not expect this accident to occur.

At this time, Xiao Tianshen looked at the golden formation that trapped him around him, with a look of surprise in his eyes. He couldn't help but said, "Who is plotting against me?"

boom!

The moment Xiao Tianshen's voice fell, a tall young man wearing ice armor appeared.

His body exudes vast and vast aura, his face is very cold, handsome and handsome, wearing ice armor, exuding the ultimate cold air, looking like a cold and ruthless emperor.

"This is...Prince Frost!"

"It turned out to be the mysterious prince of the Kingdom of Frost. He actually took action?"

"It seems that Prince Frost has been ambushing here for a long time, waiting for Xiao Tianshen to fall into the trap. It seems that the rise of Xiao Tianshen has caused a crisis in the entire Kingdom of Frost, so the Kingdom of Frost asked Prince Frost to come in person."

...

At this time, a group of top geniuses below saw the young man wearing ice armor, and they couldn't help but exclaimed in surprise.

"The prince of the Kingdom of Frost, the prince of frost!"

At this time, Ye Feng, who was hiding somewhere in the ruins, couldn't help but look at the tall figure wearing ice armor.

Unexpectedly, all the princes of the Frost God Kingdom appeared.

It seems that Xiao Tianshen has now become the most feared existence by all the forces in the entire alliance.

The strong men of the older generation will not take action by default.

\u003e

But almost all the top talents of the younger generation appear in this different dimension.

It can be said that this is a great battle!

Prince Frost stared coldly at Xiao Tianshen in the golden formation and said loudly: "I have already arranged this formation in the galaxy, and it was indeed successful."

Xiao Tianshen was trapped in the golden formation. He didn't seem to be in any panic. He just stared at Prince Frost coldly and said domineering words: "Prince Frost, you were defeated in my hands three years ago. I didn't expect it at all." You want to make progress and don't practice your martial arts properly, but you want to trap me with this conspiracy and trap. I can only say that I am very disappointed in you. "

"Xiao Tianshen, you don't have to provoke me. The provoking method is useless to me."

Prince Frost said coldly: "Since ancient times, winners and losers have always been winners. No matter what method I use, as long as I win, future generations will not remember the losers, but will only praise the winners. No matter what method the winner uses, it will be fine." Whatever method is successful will be praised by future generations."

Xiao Tianshen burst out laughing: "Your concept is very good, but unfortunately your methods are a little lacking. This golden formation may be able to trap me three years ago, but it cannot trap me now!"

Boom!

Suddenly at this moment, Xiao Tianshen shouted loudly: "Destroy the God!"

Boom! !

This is an extremely terrifying secret killing technique. It is a powerful killing technique that Xiao Tianshen previously obtained from the ruins of the Immortal Palace.

At this moment, Xiao Tianshen's body immediately erupted with infinite and terrifying light of destruction.

This kind of light of destruction was like a doomsday disaster, full of endless destructive power, and all of a sudden it destroyed all the golden formations around him inch by inch.

Even the Frost Prince couldn't help but change his eyes at this time, and shouted loudly: "In a short period of time, you have completely mastered this set of secret techniques. How is this possible?"

"There is nothing in this world that I, Xiao Tianshen, can't do!"

Xiao Tianshen escaped from the golden formation and rushed toward the Frost Prince with terrifying boundless power.

"good!"

At this time, the Frost Prince also burst out with a terrifying momentum. A giant frost dragon soul rushed out from the Frost Prince's body and surrounded the Frost Prince, looking full of boundless domineering power.

Prince Frost yelled: "Since I was defeated by you Xiao Tianshen three years ago, I have been working hard to practice the strongest inheritance of our Frost God Kingdom, the Frost Dragon Art,

for the past three years. Now I am almost ready to defeat Frost The giant dragon skills have reached the level of perfection. Today I will learn about the inheritance of Panwu God from your Xiao Tianshen. Which one is more powerful, you Panwu God, or my frost dragon clan is cruel!"

At this moment, the Frost Prince was exuding a strong frost dragon power, carrying the overwhelming cold air, and he and Xiao Tianshen were fighting together in an instant, and the entire sky was suddenly enveloped in endless roars.

Even if a group of top geniuses want to steal the ancient artifact Giant Spirit Ancient God Tower at this moment, they dare not act rashly at this moment, because if they are involved in the battle between the two top beings high in the sky, , it is very likely to be crushed instantly.

So Ye Feng also realized this at this time. He hid in the ruins and did not act rashly.

But at this time, watching the battle between the two most powerful young generations in the entire alliance in the sky, Ye Feng seemed to have thought of something, his eyes brightened fiercely, and then he directly released the awakened Chaos Heavenly Emperor Technique that he had cultivated. The fourth bloodline talent, the Divine Mirror of the Emperor!

The Divine Mirror of the Emperor is a very magical mirror that can directly copy the projection of a strong person in the distance. It exists in the mirror space. Later, Ye Feng can enter the mirror space to fight with the strong person's projection, and then secretly learn from the strong person. inheritance.

"Mirror of the Emperor of Heaven!"

"Copy the inheritance of two top geniuses for me!"

Buzz!

Almost at this moment, a mirror of the Emperor of Heaven appeared behind Ye Feng.

Start projecting and copying towards the two top geniuses who are fighting in the sky.

At the next moment, a copy of Prince Frost suddenly appeared in the mirror space of the Divine Mirror of Heaven.

"Huh? Where's Xiao Tianshen's?"

Ye Feng saw that only the phantom copy of Prince Frost appeared in the mirror space of the Emperor's Mirror, but there was no copy of Xiao Tianshen.

At this moment, Ye Feng increased the output of his mental power, trying to copy Xiao Tianshen.

"Um?"

But at this moment, Xiao Tianshen, who was fighting high up in the sky, seemed to notice something and suddenly looked down.

"Boom!"

A terrifying look struck down from high altitude in an instant, directly hitting the Heavenly Emperor's Divine Mirror.

"boom!!"

The Divine Mirror of the Emperor of Heaven was shattered instantly.

Buzz!

But the next moment, the Heavenly Emperor's Divine Mirror condensed again behind Ye Feng, because the Heavenly Emperor's Divine Mirror was not physical, but Ye Feng's blood talent, so even if it was broken, it could be condensed again.

But Ye Feng's mental power was damaged.

After all, it takes a huge amount of mental and soul power to activate the Heavenly Emperor's Divine Mirror.

But Ye Feng was indeed a little frightened at this moment, because at that moment, not only did the Heavenly Emperor's Divine Mirror fail to copy Xiao Tianshen, but it was shattered by Xiao Tianshen's gaze.

And at that moment, Ye Feng took a surprised look and saw the gaze that Xiao Tianshen had accidentally replaced during the fight. Xiao Tianshen actually had two pupils. He seemed to have a very mysterious "ancient double pupil" "" are usually ordinary pupils, but deep within the ordinary pupils, there is another pair of mysterious pupils hidden, which can erupt with extremely terrifying mysterious power, and can actually block the replication of the Divine Mirror of the Emperor of Heaven.

"This Xiao Tianshen is definitely a man of great luck! He has too many tricks and trump cards!"

r\u003e

Even Ye Feng couldn't help but look a little shocked at this time.

This was the first time he encountered such a powerful opponent.

Not only is his strength and cultivation extremely terrifying, but his background and trump cards are also more powerful than the last.

This is definitely his most terrifying enemy in history!

Even the killing sword demon beside him couldn't help but exclaimed at this moment: "This Xiao Tianshen is just like the protagonist in the world."

Ye Feng fell silent slightly when he heard the killing sword demon next to him say this.

"No matter what, I finally copied the Frost Prince. The Frost Dragon Art of the Frost Prince. If I can get it, it will also be a super precious inheritance. After all, it is the inheritance of the Kingdom of Frost God."

At this time, Ye Feng looked at Xiao Tianshen and Prince Frost who were fighting inseparably high in the sky. He always felt that Xiao Tianshen had not yet used his final trump card.

For example, the gaze that Xiao Tianshen accidentally looked down at just now contained the mysterious energy of the ancient double-eyed person, which directly shattered the Divine Mirror of the Emperor of Heaven.

"ah!"

Suddenly at this moment, a scream sounded from high in the sky.

It turned out that Prince Frost's chest was penetrated with a bloody hole by the big halberd in Xiao Tianshen's hand.

"Xiao Tianshen is too powerful!"

The group of top geniuses watching below couldn't help but look desperate and helpless at this time. Even Prince Frost was no match for Xiao Tianshen.

"Some friend down there! I sensed the reverse scale aura of the first generation Frost Dragon Emperor of our Frost God Kingdom. If anyone has this piece of reverse scale on his body, please lend it to me now! I can use it. Use the power of the ancient emperor to help me turn the tide of the battle! Please lend me your help from that hidden friend, and I will thank you greatly afterwards!"

Suddenly at this moment, Prince Frost, who was downwind from high in the sky, suddenly roared fiercely at the bottom.

"The reverse scale of the first generation Frost Dragon Emperor?"

"That's a legendary thing! How could it be here with us?"

"Is this Frost Prince beaten and knocked unconscious now?"

...

At this moment, the group of top geniuses watching the game couldn't help but talk about it.

But at this time, Ye Feng, who was hiding in a certain ruins, suddenly looked shocked.

The Frost Dragon Emperor's reverse scale?

Could it be that what the Frost Prince sensed was the scale on his body?

Ye Feng had previously obtained a scale that exuded cold air in the ruins of the Immortal Palace.

Could that be the reverse scale of the first generation Frost Dragon Emperor?

At this moment, Ye Feng became more and more convinced. Now that Prince Frost and Xiao Tianshen are on opposite sides, the enemy of his enemy is his friend, which means he is his ally.

At this moment, Ye Feng did not hesitate and took out the frost dragon's reverse scale from the storage ring, then threw it high into the sky.

Chapter 2128 Fighting

The moment Ye Feng threw out the scale, the Frost Dragon Emperor's reverse scale seemed to have sensed something automatically and flew directly towards the Frost Prince.

Because the entire ruined land was very dark, when this scale appeared, no one discovered where it came from.

As for Ye Feng's use of the Heavenly Emperor's Divine Mirror just now, it was destroyed by Xiao Tianshen's special double pupils. Xiao Tianshen just looked at it inadvertently and did not actually locate Ye Feng's location, nor did he know who was hiding underneath. Ye Feng, whom he had not killed in the competition outside before.

At this time, Prince Frost saw the piece of reverse scale flying over instantly, and his eyes suddenly showed deep joy.

"boom!"

The huge scales were directly printed on the body of the Frost Prince.

"Boom!!"

Almost at this moment, Prince Frost's entire body burst out with thousands of blue-purple lights. .??.

The bloody hole in his body that was pierced by Xiao Tianshen with a spurge also healed in an instant.

This scale obviously contains ancient power, and it has the same origin as the Frost Prince.

That's why the Frost Prince suddenly gained the power of the ancient emperor, and his momentum suddenly began to surge.

Boom! !

Waves of terrifying dragon power erupted from the Frost Prince's body, like a vast ocean. Thousands of dragon powers spread towards the surrounding area, shattering large tracts of land.

All buildings within a few thousand miles were reduced to ashes.

Even the ground directly under Prince Frost suddenly collapsed, and a bottomless abyss appeared.

At this moment, Prince Frost's power was simply too terrifying, even comparable to that of Xiao Tianshen.

Obviously, that reverse scale contained the power of the ancient Frost Dragon Emperor, which allowed the Frost Prince to reach a peak state all of a sudden, with his combat power soaring, as if he had transformed into the first-generation Frost Dragon Emperor in an instant!

Seeing the terrifying power of Prince Frost, Xiao Tianshen's face was still extremely calm at this time, with a domineering look in his eyes, and he said loudly: "Prince Frost, even if you obtain the ancient frost dragon in a short period of time, You are destined to be no match for me today, you have no idea how many cards I have!"

The Frost Prince was filled with the huge power of the Dragon King at this time, and his expression was also full of domineering. He shouted loudly and said: "Who is stronger, we will know through a comparison!"

"Ten thousand dragons will destroy the world!"

The Frost Prince instantly displayed a terrifying and boundless killing technique.

This is an extremely powerful inheritance, very ancient.

At this time, after the Frost Prince was released, long dragons composed of ice blue energy rushed out of his body in an instant.

There are tens of thousands of them!

They all gathered together to form a sea of dragons, covering and bombarding directly in the direction of Xiao Tianshen in front, as if they could destroy the entire world.

"You are no match for me!"

There was no fear in Xiao Tianshen's eyes at this time, and it was obvious that he had extremely strong self-confidence.

Even though the Frost Prince gained the power of the ancient Frost Dragon Emperor, he was extremely confident and confident, as if he could cope with everything and had everything under control.

At this moment, Xiao Tianshen looked at the tens of thousands of energy dragons that were charging towards him, and he shouted loudly:

"Pan Wu Dharma Prime Minister!"

Boom!

Xiao Tianshen's whole body suddenly expanded into a huge real body of Panwu God.

"Prajna Dragon Elephant Palm!"

Xiao Tianshen roared again, and directly used Panwu Shenzun's true body to display an unparalleled palm technique.

He struck out with a palm that could destroy the heaven and the earth. Infinite energy rushed out from his palm. A long river of energy rushed out of the void, full of endless destructive power. It was as if it could destroy the entire world. The world is destroyed.

"Boom!"

The two terrifying forces collided together high in the sky in an instant, and then made an earth-shattering roar.

The infinite divine light after the collision spread crazily towards the surroundings, turning the entire night into day.

At this moment, countless top geniuses watching could not help but close their eyes.

The light was so dazzling that they really couldn't open their eyes.

Somewhere in the ruins underground.

Ye Feng turned his Divine Eyes of Creation and could barely see clearly what was happening high in the sky.

He saw that the collision of attack power between Xiao Tianshen and Prince Frost was evenly matched, destroying each other like a see-saw.

It has to be said that the Frost Prince was blessed by the scales of the first-generation Frost Dragon Emperor and was able to compete with Xiao Tianshen.

"Boom!!"

At this moment, a huge roar sounded in the sky, and the destructive aftermath of the collision disappeared. ??

Everyone looked high in the sky and found that Xiao Tianshen and Prince Frost had taken several steps back.

It was obvious that in the collision just now, the two were equally matched.

This shocked many people. The scale that Prince Frost got was indeed very powerful. The combat power of Prince Frost has been greatly improved, and he can fight with Xiao Tian's divine power.

Xiao Tianshen, who was originally extremely domineering, had a hint of surprise on his face at this time. It seemed that he didn't expect that Prince Frost's combat power would increase so much after getting that seemingly inconspicuous scale.

Prince Frost laughed loudly: "Xiao Tianshen! You are nothing more than that!"

Xiao Tianshen snorted coldly and said: "The scale you got is indeed very weird, but you won't have a chance next."

Buzz!

At this time, the pupils in each of Xiao Tianshen's eyes suddenly turned into two.

"Boom!"

Incomparably terrifying energy light waves burst out from Xiao Tianshen's eyes, and then instantly penetrated the void and struck hard in the direction of Prince Frost.

"Boom!"

The Frost Prince was hit in the body, and the ice armor on his body was shattered inch by inch. His entire body retreated quickly. In the end, it was the dragon emperor's reverse scales on his chest that resisted the light wave in his eyes.

At this moment, Prince Frost's face showed a trace of horror, and he couldn't help but say: "Xiao Tianshen! You are actually the ancient double-eyed person!"

The ancient man with double eyes!

When everyone below heard what Prince Frost said, they couldn't help but have a look of horror on their faces.

Because the ancient double-eyed person is a very terrifying ancient talent. It is said that the owner of the ancient double-eyed person is a born emperor and an overlord given by God.

Xiao Tianshen, who possesses the ancient Double Eyes, can be said to be a being comparable to the ancient gods.

Although the current Xiao Tianshen has not yet reached the level of the ancient gods, as long as he is given time, he will definitely be able to achieve it.

Xiao Tianshen looked at the shocked expressions of everyone around him, and his face suddenly showed an extremely domineering look. The ancient eyes were shining in his eyes. At this moment, he had an aura that looked down on the world.

"Even if you are an ancient double-eyed person! The first generation emperor of our frost dragon clan also fought against ancient gods! I am not afraid of you!"

Prince Frost roared loudly at this time, and thousands of divine lights erupted from his body. At this time, he really wanted to fight with all his strength. He and Xiao Tianshen immediately fought together again. Everyone knew about this battle. I'm afraid it's a life-and-death battle.

It's a matter of victory or defeat, and it's also a matter of life and death!

...

"It's time to take a look at the Ancient Giant Spirit Tower above the galaxy."

The reason why Ye Feng threw out the reverse scale of the first emperor of the Frost Dragon to be used by the Frost Prince was to let the Frost Prince hold Xiao Tianshen down. While the two were fighting in a melee, Ye Feng prepared to I secretly lurked above the galaxy to see if I could secretly refine the Giant Spirit Ancient God Tower!

At this time, the Killing Sword Demon looked at Ye Feng and said, "Let's work together, maybe I can provide you with some help."

Ye Feng looked at the Killing Sword Demon and nodded immediately.

The Killing Sword Demon is an ancient existence that has experienced the era of wars between gods. He must know more than himself about ancient artifacts such as the Giant Spirit Ancient God Tower that surpass the supreme level weapons.

So at this time, Ye Feng used the space gem to secretly open up a secret space wormhole from the ground to the galaxy, and directly took the Killing Sword Demon to the galaxy.

Buzz!

Following a violent space fluctuation, Ye Feng and the Killing Sword Demon were already standing in front of the huge giant ancient god tower above the galaxy.

Chapter 2129 The Will of the Giant Spirit God

At this time, Ye Feng stood in front of the majestic and boundless Giant Spirit Ancient God Tower, feeling as small as an ant.

Because the huge tower in front of us is simply like the only eternal existence between heaven and earth. It stands on the galaxy, like the center of the universe, and looks full of vastness.

The Killing Sword Demon couldn't help but praise at this time: "It is indeed an ancient artifact. It is too powerful. Even in my peak state, I am afraid I will not be able to shake this giant ancient god tower."

Ye Feng approached this giant tower at this time, observed it carefully, then frowned and said, "How to refine this giant ancient god tower?"

The Killing Sword Demon spoke out at this time: "It cannot be refined outside, because this ancient artifact has natural protection. It is impossible to break through the defense from the outside. We can only see if we can find a way to refine it from inside the giant tower. change."

Ye Feng nodded and began to quickly circle around the Giant Spirit Ancient God Tower, trying to find the entrance to the Giant Spirit Ancient God Tower.

Soon Ye Feng found a door made of bronze.

This door is the entrance to the first floor of the Giant Spirit Ancient God Tower.

But at this time, the entire bronze door was completely closed.

Ye Feng stepped forward, stretched out his hands, and used all his strength to try to push open the bronze door and enter the interior of the entire ancient pagoda. ??

"Buzz..."

But he exhausted all his strength and was unable to push open the bronze door.

"Too heavy!"

This shocked Ye Feng.

Because Ye Feng's current power is extremely huge.

His chaotic body can make Ye Feng generate huge brute force in an instant, just like an ancient true dragon.

But even so, it was still impossible to push open this bronze door.

"Space gem!"

At this time, Ye Feng was running empty

He wanted to use the power of the interstellar gem to open up a space wormhole through the barrier of the giant ancient god tower.

But the next moment, when the space wormhole spread to the barrier of the Giant Spirit Ancient God Tower, it became impossible to move forward.

Ye Feng wanted to increase his strength, but found that his strength was almost exhausted.

His current cultivation level is not enough to open a space passage that can pass through the ancient artifact.

In other words, Ye Feng cannot enter the interior of the Giant Spirit Ancient God Tower now.

The killing sword demon next to him saw this scene and immediately stepped forward and said loudly: "Let me give it a try."

Ye Feng nodded, then backed away slightly.

Although the Killing Sword Demon has consumed a lot of vitality in endless years, he still has his own heritage.

At this time, the Killing Sword Demon activated his power in an instant, and a strong and boundless demonic power suddenly burst out from his body.

boom!

It was like an ancient demon king had revived.

The supreme weapon in his hand, the long sword with red and black lights that reflected each other, struck hard at the bronze door in front of him in an instant.

"when!!"

But at the next moment, the supreme weapon collided with the bronze door, and a crisp roar broke out, but it did not cause any impact or damage to the bronze door.

Seeing this scene, Ye Feng's eyes suddenly darkened slightly.

At this time, the Killing Sword Demon suddenly displayed a very ancient secret technique.

"The Demon Emperor's true form!"

Killing Sword Demon at this time

The entire body began to expand rapidly, and eventually turned into a demon giant several hundred meters tall.

His whole body was filled with explosive power at this moment.

"Clang!"

"Clang!"

Almost at the next moment, the hands of the demon giant transformed from the killing sword demon pressed on the bronze door for an instant, and then began to push towards the inside with a terrifying and boundless force.

"Crunch, crunch..."

Finally, the bronze door began to slowly move inside.

"The door is open!"

Ye Feng's eyes were extremely excited at this time, and he ducked directly in front of the opening of the bronze door and entered it directly.

The Killing Sword Demon also quickly followed.

They entered the interior of the Giant Spirit Ancient God Tower and immediately discovered that the entire Giant Spirit Ancient God Tower was like a small world of its own. The space was extremely large, as if it could contain the heaven, earth, mountains and rivers.

The Killing Sword Demon immediately reminded: "We don't have much time, so hurry up and refine it."

Ye Feng asked aloud: "How should I refine this ancient giant spirit tower?"

The Killing Sword Demon looked around and said aloud: "You need to first inspire the will of the ancient gods in the Giant Spirit Ancient God Tower, and then destroy it. Then you can directly refine the Giant Spirit Ancient God Tower. "

Ye Feng nodded immediately, and then opened his third eye, the eye of sin.

Buzz!

At this moment, Ye Feng's eyebrows suddenly cracked, and a dark eye appeared inside.

That was the sinful eye of the first generation of Dark Emperor!

The reason why Ye Feng manifested this sinful eye at this time was to make the ancient darkness

The evil aura of the Great Emperor attracted the will of the ancient gods from the giant ancient god tower.

"This is...the eye of sin!"

The killing sword demon next to him saw this scene, and his heart was deeply shocked.

He never thought that the legendary evil eye would actually appear on a human boy.

At this time, as expected, at the moment when the Eye of Sin appeared, the entire Giant Spirit Ancient God Tower shook rapidly.

Inside the giant tower, on the highest floor, an extremely sacred white light suddenly descended.

This piece of sacred white light instantly condensed into the shadow of the will of a god in front of Ye Feng and the Killing Sword Demon.

This phantom of will is the original owner of the Giant Spirit Ancient God Tower where the two of them are at this time, the Giant Spirit God!

Even if the Giant Spirit God is just a shadow, it will instantly burst out with overwhelming power.

"Boom!"

The virtual shadow of the giant spirit god suddenly grabbed a big hand of white light, which seemed to be able to cover the world. It suddenly enveloped Ye Feng's entire body and wanted to destroy Ye Feng.

"The Dark Emperor!"

At this time, Ye Feng immediately inspired the will of the Dark Emperor in the Eye of Sin.

Boom! !

A shadow of the Dark Emperor stepped out of the Eye of Sin in an instant, filled with endless majesty, and directly collided with the Giant Spirit God.

"Rumble..."

There was a violent vibration immediately throughout the ancient giant spirit tower.

The collision of two very terrifying phantoms of will will cause terrible consequences.

Fortunately, this collision was inside the Giant Spirit Ancient God Tower, otherwise it would definitely attract the attention of all the top geniuses under the galaxy.

Chapter 2130 The Furious Xiao Tianshen

Boom!

Boom!

In the inner space of the Giant Spirit Ancient God Tower, a battle between two powerful wills was taking place at this time.

Although the aftermath of this fight is spiritual and not physical, it is still extremely dangerous.

Ye Feng and the Killing Sword Demon were hiding far away at this moment.

At this time, Ye Feng also had the opportunity to take a good look at the ancient giant spirit tower.

It is worthy of being an ancient artifact, surpassing the existence of the supreme weapon. The interior space of the entire giant tower is very vast, as if it can hold a whole world.

Moreover, the material used to cast the entire altar is extremely strong. It is made of a very special sacred copper and is indestructible.

Not far away at this time.

There was a "crash" sound! ??

The battle between the two wills is finally over.

After all, the will of the giant spirit god was no match for the will of the first-generation dark emperor of the dark race. It was torn to pieces and turned into nothingness.

Ye Feng didn't hesitate at this time. He directly pressed one hand on the wall of the Giant Spirit Ancient God Tower, and then began to quickly input his own mana into the ancient artifact and refine it quickly.

At this moment, all of Ye Feng's mana entered the Giant Spirit Ancient God Tower, causing the entire Giant Spirit Ancient God Tower to shake rapidly.

At this time, Xiao Tianshen and Prince Frost, who were fighting fiercely outside the Giant Spirit Ancient God Tower, finally noticed some movement.

They stopped one after another and looked towards the sky, and immediately saw that the giant ancient god tower above the galaxy was shaking rapidly.

In other words, there is now a mysterious person existing in the Ancient Giant Spirit Tower, who is rapidly refining this powerful magic weapon.

"What? This is impossible!"

Xiao Tianshen saw the scene above the galaxy, and his eyes immediately showed shock.

Because it is impossible for anyone to refine the ancient giant spirit tower above the galaxy under his nose. This is impossible to happen.

"The Ancient Giant Spirit Tower only belongs to me!"

Xiao Tianshen roared, and at this moment he was a little angry. In an instant, he rushed to the sky, tore through the galaxy, and wanted to teleport to the ancient giant spirit tower.

"Hahaha! Xiao Tianshen! You will never get the Giant Spirit Ancient God Tower!"

Prince Frost laughed out loud at this time. His purpose today was to prevent Xiao Tianshen from getting the Giant Spirit Ancient God Tower.

Because Xiao Tianshen's own inheritance is already very terrifying. If he gets another ancient artifact, then no one in the entire alliance may be able to suppress Xiao Tianshen.

Therefore, Prince Frost is not trying to seize the treasure today, but is just trying to stop Xiao Tianshen.

"Frost Dragon Technique!"

"The reverse scale of the ancient emperor! Please give me the power of the first-generation frost dragon emperor!"

Boom!

At this moment, the Frost Prince suddenly transformed into a towering frost dragon that was several thousand feet tall.

Full of endless vastness!

The body is extremely terrifying!

On the surface of the vast dragon body, there are all ice scales as big as the mouth of a bowl, possessing boundless majestic power.

"Boom!"

The giant frost dragon rushed towards Xiao Tianshen and hit Xiao Tianshen hard.

Even though Xiao Tianshen was very powerful, at this moment, when he was hit by the frost dragon that Prince Frost transformed into, he deviated from the route and was knocked into a ruin in the distance, without getting close to the ancient giant spirit tower.

"Buzz buzz!"

At this moment, the Giant Spirit Ancient God Tower was shaking more and more intensely, as if it was about to fly into the distance at any time.

This shows that the Ancient Giant Spirit Tower is about to be successfully refined.

"hateful!"

No matter how strong and confident Xiao Tianshen was, he couldn't help it at this time. The anger all over his body burst out instantly, and his whole body suddenly burned with a blood-red light. That was the blood of Panwu God's true body. , Xiao Tianshen's combat power suddenly increased greatly.

"Go back!"

Xiao Tianshen saw the giant frost dragon charging towards him again not far away, and instantly used his strongest power to unleash the terrifying destructive power of an ancient man with double eyes.

"Boom!!"

The terrifying boundless divine light burst out from Xiao Tianshen's pair of ancient heavy eyes in an instant, directly bombarding the frost dragon, blasting the frost dragon directly to the ground and smashing a ruin.

The giant frost dragon that the Frost Prince transformed into suddenly howled. Most of the dragon scales on his body were broken, and blue-purple blood flowed out. For a moment, he was unable to move.

"hiss!"

Countless top geniuses around saw this scene and couldn't help but gasped.

In a furious state, Xiao Tianshen's attack power was extremely terrifying.

"No matter who is secretly plundering the Ancient Giant Spirit Tower, I will make sure you die without a burial today!"

Xiao Tianshen roared loudly, and two attacking divine lights shot out from his eyes, hitting the Giant Spirit Ancient God Tower.

"Rumble..."

The Giant Spirit Ancient God Tower suddenly began to vibrate rapidly.

At this time, inside the giant tower, Ye Feng, who was refining the Giant Spirit Ancient God Tower, couldn't help but spit out a mouthful of blood.

The lethality of Xiao Tianshen's ancient double-eyed person is really terrifying. He can actually penetrate the barriers of ancient artifacts and attack the internal air.

The leaf wind in between causes damage.

"You can't run away!"

At this time, Xiao Tianshen suddenly transformed into the true form of Panwu God, and directly expanded into a towering giant with a height of tens of thousands of feet. He stretched out a Panwu big hand that covered the sky and the sun, and wanted to take down The entire Giant Spirit Ancient God Tower was captured and then directly refined, even Ye Feng and the Killing Sword Demon in the inner space were to be refined.

"hateful!"

"Are we going to run away directly?"

At this time, Ye Feng's eyes were a little frightened and angry.

Because once Xiao Tianshen's Panwu hand falls, everything in the entire Giant Spirit Ancient God Tower will be shattered into pieces.

Let alone Ye Feng, even the Killing Sword Demon cannot resist Xiao Tianshen at his peak.

So their current choice is to abandon the Giant Spirit Ancient God Tower and choose to escape!

"Wow!"

But at this moment, a huge dark demonic hand suddenly stretched out from the abyss under the ground where there was no movement at all. It directly grabbed one of Xiao Tianshen's feet and fiercely moved towards it. Pulled under the abyss.

That big Panwu hand that covered the sky and the sun failed to land on the Giant Spirit Ancient God Tower after all. Instead, it deflected and hit all the thousands of mountains under the Giant Spirit Ancient God Tower. It was shattered.

"It's the Dark Lord who has awakened!"

"It seems that the fierce battle on the field awakened the Dark King in advance!"

At this time, countless top geniuses couldn't help but exclaimed in surprise.

The moment the Dark King woke up, his consciousness was vague, so he naturally chose to attack the existence that posed the greatest threat to him, and that was Xiao Tianshen.

At this time, Xiao Tianshen was forcefully dragged into the abyss, and terrifying roars suddenly erupted from the abyss. It was obvious that the two were fighting fiercely.

"Very good!"

Ye Feng, who was extremely lucky, shouted in surprise.

He instantly increased his magic power and quickly refined the Giant Spirit Ancient God Tower successfully.

"Done!"

Ye Feng laughed heartily, and directly swallowed the ancient giant spirit tower into his belly, nurturing it in his body. Then he stretched out his hand to grab the first-generation frost that he had borrowed from the Frost Prince. The dragon emperor withdrew his reverse scale and then walked away directly, shocking the group of top geniuses below.

Because Ye Feng was covered in black robes, no one knew who this mysterious man was.

But everyone remembered what this mysterious man in black robe had done.

Whether it was using scales to give to the Frost Prince, or secretly refining the Giant Spirit Ancient God Tower, this was a feat!

On the way out, Ye Feng finally stopped being depressed and laughed heartily.

"Ha ha ha ha....."

This time Ye Feng not only personally destroyed Xiao Tianshen's plan, but also obtained the Giant Spirit Ancient God Tower, an ancient artifact that surpassed the supreme level.

Definitely a huge gain!

Because if Xiao Tianshen is allowed to obtain this Giant Spirit Ancient God Tower, there will definitely be endless troubles. He may not be able to surpass Xiao Tianshen in a short period of time.

But this time Ye Feng personally destroyed Xiao Tianshen's plan and obtained the Giant Spirit Ancient God Tower, which was equivalent to snatching Xiao Tianshen's luck to himself.

This made Ye Feng feel extremely happy, extremely excited, and especially happy.

The Killing Sword Demon was following Ye Feng and looking at the young man beside him with surprise in his eyes.

Although the Killing Sword Demon previously felt that Xiao Tianshen was the only protagonist in the world.

But at this moment, he suddenly felt that the human boy next to him would definitely not be weaker than Xiao Tianshen in the future, and would even surpass Xiao Tianshen.

Because no one can achieve such a terrifying feat with such a low level of cultivation.

This time he lurked into the depths of another dimension and accomplished so many things that the Sword Sword Demon had to look at Ye Feng with admiration.

Ordinary people simply cannot do all this.

Only people with great courage and wisdom can secretly accomplish such counterattacks and feats.

Ye Feng quickly left the depths of the different-dimensional space, and he didn't want to care about who would win or lose in the end.

Because Ye Feng knew that he was still qualified to participate in that level of battle for the time being.

Therefore, it is the best choice to leave with the Giant Spirit Ancient God Tower as soon as possible.

"I hope the Dark Lord can severely injure Xiao Tianshen, that would be great."

Ye Feng thought secretly in his heart and ran directly towards the entrance of this different-dimensional space world.

He needs to leave this entire extra-dimensional space as soon as possible.

Get out of this place of right and wrong quickly.

Sure enough, just when Ye Feng left the extra-dimensional space and returned to the land of God Realm.

He felt several super powerful spiritual auras and directly entered the different dimensional space.

That should be the elders and strong men among the major forces.

They were probably attracted by everything that happened in the depths of the extra-dimensional space.

"Luckily I left quickly."

Ye Feng left the extra-dimensional space at this time, passed through the space crack in the sky, and returned to the ground of the God Realm.

He came to one of the trading cities below and settled down temporarily, preparing to refine the Ancient Giant Spirit Tower again, as well as all kinds of unnecessary treasures and inheritances obtained from different dimensions, etc. It is exchanged in this trading city for cultivation resources that can improve cultivation level.
