### Chapter 2141 Sculpture Recovery

For Fengling, this lovely junior sister, Ye Feng still has a little bit of love in his heart.

Because of Fengling's every move, this cute girl likes to stick to him and always reminds Ye Feng of that girl Mu Xue.

Moreover, Ye Feng has always been very interested in the inheritance cave of ancient powers.

So at this time Fengling proposed to go with him, Ye Feng did not refuse, but directly agreed.

Because he also wanted to take a look at the inheritance cave of the ancient power of the Wind God Clan.

After all, there are basically many burial objects in the caves of ancient powerful people, as well as these inheritance items left to future generations.

If you can get the wealth left by some ancient superpowers, you might be able to soar into the sky.

Even if he can't soar into the sky, his strength will be greatly improved.

Now that Ye Feng is being hunted by everyone in the entire alliance, he urgently needs to improve his strength.

Although Ye Feng's cultivation has improved a lot during this period, Ye Feng knows that this is not enough.

If you want to be able to fight against the entire world and the masters of the Gods Association, you must improve your own strength.

Under the leadership of Fengling, Ye Feng soon arrived at a very remote and desolate place in this different dimension.

This desolate land is full of desert, and the sky is gray and yellow. It seems that there is nothing and few people.

I'm afraid no one will come to such a desolate place.

But Fengling was staring in a certain direction at this time, with a hint of anticipation in her beautiful eyes.

She said aloud: "According to the induction of the Wind God Jade Pendant, the inheritance cave of the ancient power of the Wind God Clan is at the end of this desert. Fortunately, it is inaccessible and will not be discovered by masters from other dimensions. We You shouldn't meet other masters this time

stop. "

Ye Feng nodded and said: "It is true that no one will come here. Our only threat is the possible risks in the ancient cave."

Feng Ling smiled sweetly and said: "Senior Brother Ye Feng, don't worry, the cave we are going to is after all the inheritance cave of the ancient power of our Wind God Clan. I am of the blood of the Wind God Clan, and I still hold the ancient token of the Wind God Jade Pendant in my hand. You should not encounter attacks from the cave owner in the cave."

When Ye Feng heard what Fengling said, he just nodded and didn't say much.

But Ye Feng himself still remained cautious and vigilant in his heart.

Because Ye Feng has experienced too much, he knows that there can be no peace in these caves outside, and there must be ancient dangers.

Obviously Feng Ling doesn't have much experience in this area, so he thinks that his own cave will be very safe, but this is not necessarily true.

After several days of traveling, Ye Feng and Fengling finally arrived at the end of this vast desert.

At the end of the desert, we saw a magnificent scene.

A huge ancient kingdom, with countless buildings and tall cities, was actually built at the end of this desert, connecting the endless desolation.

Feng Ling was shocked, and her beautiful little face was a little stunned.

Ye Feng also had a look of surprise in his eyes and couldn't help but sigh: "I didn't expect that there would be such a large and continuous large building at the end of this inaccessible desert. I'm afraid no one would have thought of it."

Buzz!

Granny Feng's soul flew out of Feng Ling's storage ring.

At this time, Granny Feng looked at the vast buildings in the distance with a solemn look in her eyes: "What's going on? How could such a vast desert suddenly appear outside the inheritance cave of our ancient power of the Wind God Clan? Ancient country?"

At this time, Ye Feng looked into the distance with the Divine Eyes of Creation, and suddenly said: "There seems to be no breath of life in this vast desert kingdom building. It should be the relics of an ancient civilization, in which the ethnic groups that survived back then, It has now disappeared into history."

Fengling said loudly at this time: "Anyway, let's go and take a look first. The Wind God Jade Pendant can only guide us to the general area of the Wind God Clan's ancient power inheritance cave, which is in this desert kingdom, so we still need to search carefully. Come to the entrance."

Ye Feng nodded, and the two of them quickly walked towards the ruins of the kingdom at the end of the desert.

When they came to the edge of this vast kingdom ruins, they suddenly discovered that there were humanoid sculptures throughout the kingdom's buildings. However, the bodies of these humanoid sculptures were humanoid, but the heads were that of a very strange beast, with the appearance of A bit like a facehugger, it looks very weird.

"Are these all sculptures? Who cast them? Are they placed all over the desert ruins?"

At this time, there was a trace of surprise in Fengling's eyes.

Because the entire vast ruins of the kingdom are filled with such weird humanoid sculptures.

Ye Feng spoke up at this time: "Junior Sister Feng Ling, use your Wind God Jade Pendant to sense the entrance of the ancient powerful cave as soon as possible. I always feel that there is something weird in the ruins of this kingdom. We should hurry up and find the entrance to the cave."

"Uh-huh!"

Feng Ling immediately nodded and placed the piece of Fengshen jade pendant that exuded light blue light on his forehead, as if he was using a special secret method to find the entrance to the ancient cave. \u003c

"Buzz!"

But suddenly at this moment, it seemed that Feng Ling used the mysterious power of the Wind God Jade Pendant to inspire something.

"Rumble..."

The next moment, the humanoid sculptures throughout the kingdom's ruins began to shake, as if they were about to wake up.

"This is....."

At this moment, under the surprised gazes of Ye Feng and Fengling, the eyes of those humanoid sculptures suddenly burst into blood-red light.

"Boom!"

"Boom!"

...

Then all of these humanoid sculptures came to life. Holding various weapons made of stone in their hands, they began to run quickly in the direction of Ye Feng and Fengling, filled with a deep murderous aura.

“These ancient sculptures come to life!”

Ye Feng's eyes were startled, and he punched forward directly.

"Boom, boom, boom!"

The moment those humanoid sculptures were hit by Ye Feng, they all flew upside down.

However, their sculptural bodies did not break. Instead, after falling to the ground, they got up again and continued charging endlessly.

"Oops! We seem to have triggered some mysterious power in the ruins of the entire desert kingdom, causing all these densely packed sculptures to come to life, as if they are going to tear us all into pieces!"

Granny Feng also had an ugly look on her face at this time, as if she didn't expect such a shocking change.

Originally, Granny Feng thought that it would be safe to go to the ancient cave of their own tribe, the Wind God Clan, to receive the inheritance. However, she didn't expect that the ancient cave had not been found yet, but instead she was trapped in the strange ruins of the desert kingdom!

Chapter 2142 Create a way

boom!

boom!

boom!

The stone sculptures, holding ancient weapons in their hands, were all chasing Ye Feng and the others crazily.

At this time, both Ye Feng and Fengling released powerful attacks, but they could only repel these stone sculptures and could not even break their bodies.

And as time goes by, there are more and more of these stone sculptures, and they are so densely packed that they look very desperate.

"It seems that these stone sculptures want to prevent us from entering the depths of this kingdom's ruins."

Ye Feng suddenly stopped at this time and said loudly: "If we keep running away, it will be impossible to finally enter that ancient cave."

At this time, Fengling couldn't help but ask: "Senior Brother Ye Feng, what should we do?"

At this time, Ye Feng directly faced the countless stone sculptures that were coming, and said loudly: "Hit directly in! Create a path among thousands of troops!"

Boom!

At this moment, Ye Feng directly displayed the Panwu God's Dharma.

"Boom!"

His whole body suddenly swelled in place and became a divine form, looking very majestic and huge.

At this time, Ye Feng transformed into the Dharma form of Panwu God, filled with endless power, and launched a crazy bombardment directly forward.

"Crash!"

"Crash!"

The stone sculptures that were surging over were all sent flying backwards by Ye Feng's iron fist.

There were even many stone sculptures that could not withstand the terrifying power of Panwu Dharma, and their entire bodies were simply broken.

At this time, Ye Feng's eyes were firm and he said loudly: "Junior Sister Fengling, stand behind me!"

"good!"

When Fengling saw Ye Feng's brave appearance, joy suddenly appeared in her beautiful eyes.

r\u003e

At this time, Ye Feng nodded, clenched his fists, and furiously bombarded the front.

Under the fierce collision of Ye Feng's Panwu method, a road was soon opened up to the depths of the kingdom's ruins.

But suddenly at this time.

Some very huge animal sculptures suddenly jumped out of the surrounding buildings deep in the kingdom.

These sculptures in the form of evil beasts are dozens of times larger than human sculptures, and are almost as big as the Dharma Appearance of Ye Fengpanwu God.

At this moment, dozens of sculptures in the form of evil beasts rushed towards Ye Feng crazily.

"Boom!"

The two collided together, and a terrifying roar suddenly erupted.

Even the Panwu Dharma Prime Minister that Ye Feng had transformed into was a little unable to hold on at this moment, and even started to retreat.

At this time, behind the huge Panwu God Master, Granny Feng suddenly said to Fengling: "Girl, activate the Wind God Jade Pendant in your hand and transfer the divine power to Ye Feng. It should have great combat power against him. Blessing effect."

When Feng Ling heard Granny Feng's words, she couldn't help but said: "No, the Wind God Jade Pendant is the power of our Wind God Clan, but Senior Brother Ye Feng is from the human race. If we transfer the divine power in the Wind God Jade Pendant to Ye Feng Senior Brother, will Senior Brother Ye Feng explode and die? This is too dangerous, you can't do this, it will harm Senior Brother Ye Feng!"

At this time, Fengling shook her head vigorously, unwilling to do anything to hurt Ye Feng.

Granny Feng said aloud at this time: "Girl, believe me, your senior brother Ye Feng is not as simple as you think. He is different from ordinary humans. I didn't realize it before, but with the continuous Contact, I found that this guy seemed

It is a very ancient human physique. In his previous devouring, he was able to integrate dozens of different attributes of skills and racial power into his body. This is probably very rare, so he It should be able to accept the power of the Wind God in the Wind God Jade Pendant. "

Hearing Granny Feng say this, Feng Ling also thought of the previous scene when Ye Feng devoured more than twenty masters from other holy places.

She immediately nodded and said, "Okay, then I will transfer the power in the Jade Pendant of the God of Wind to Senior Brother Ye Feng to help him overcome obstacles and ride the wind and waves."

"Boom!"

Almost at this moment, Feng Ling activated the secret technique.

The wind god jade pendant she was holding in her hand, which originally emitted light blue light, suddenly burst out with an incomparably bright blue divine light at this moment, which simply dazzled the entire heaven and earth.

Boom! .??.??

At this moment, a blue energy beam rushed out from the Wind God Jade Pendant, and all connected to Ye Feng's body.

Almost at the next moment, Ye Feng felt that he was filled with infinite power.

The divine power in that piece of Wind God Jade Pendant can be said to be extremely abundant. At this time, it is like an inexhaustible energy pool, continuously supplying power to Ye Feng's Panwu God Statue.

So Ye Feng, who was already about to retreat, felt that he could do it again at this moment.

"Everyone get out of here!"

He roared loudly. At this moment, the appearance of Lord Panwu suddenly became much larger than before, and it was obviously more powerful.

Ye Feng frantically hammered forward, knocking back dozens of sculptures in the form of the most difficult evil beasts.

Directly in the frenzy of countless stone sculptures, a passage was opened, leading directly to the deepest area of the dynasty ruins.

In this king

Towards the deepest area of the ruins, there stands a huge bronze door.

The moment she saw the bronze door, Feng Ling couldn't help but said excitedly: "Grandma Feng! In the dream that predicted the future, the entrance to the ancient cave house that she saw had such a bronze door. The door! It must be here!"

Granny Feng was also extremely happy at this time, and she immediately said: "That's right! This should be the inheritance cave of the ancient powerful being of our Wind God Clan! After getting the inheritance of the Wind God Clan in this ancient powerful cave, it is right Girl Fengling, you have great benefits, and this will also have a huge effect on your return to the Wind God Clan in the future!"

At this time, he heard the conversation between Fengling and Granny Feng behind him, and Ye Feng immediately stared at the bronze door not far away.

He immediately used the powerful power of Panwu Shenzun's Dharma, and quickly led the wind spirit to the bronze door.

"boom!"

And at this moment, the piece of Fengshen jade pendant in Fengling's hand flew directly to the bronze door, and then was engraved on a groove of the bronze door.

"Crunch, crunch..."

The next moment, the huge ancient bronze door slowly opened.

"Let's go in quickly!"

Ye Feng and Fengling instantly ducked into the back of the bronze door.

"brush!"

At this moment, Feng Ling reached out and grabbed her behind, and the Fengshen jade pendant on the bronze door was directly sucked into her hand through the air.

"Boom!"

The entire bronze door quickly closed at this moment.

Those stone sculptures were all blocked outside the bronze door.

At this time, Ye Feng and Fengling who were inside the bronze door couldn't help but breathed a sigh of relief when they saw this scene.

Finally, he entered the cave and got rid of the pursuit of those sculptures.

Chapter 2143 The Main Line of the Wind God Clan

At this time, Ye Feng and Fengling entered the cave. Without any hesitation or wasting time, they walked directly towards the deep area of the cave.

Because they had experienced everything dangerous in the ruins of the kingdom just now, both of them felt that this trip might not be as safe and simple as they imagined.

Therefore, it is best to enter the depths of this cave as soon as possible and obtain the inheritance as soon as possible.

On the way, Fengling thanked Ye Feng and said, "If senior brother Ye Feng hadn't come with me this time, maybe I wouldn't even be able to enter this inheritance cave."

When Ye Feng heard what Fengling said, he immediately smiled and said: "It's not that exaggerated. If I don't come with you, maybe your senior Granny Feng will take action. However, I have to say that this time, Fortunately I'm here, otherwise you might indeed be trapped in the endless frenzy of attacks on the stone statues in the ruins of that kingdom for a long time."

And while the two of them were chatting all the way, they finally arrived at the deepest part of the cave behind the bronze door.

But when they looked around, they didn't find anything.

It's completely empty here!

Fengling's eyes were filled with doubts, and he couldn't help but said: "Impossible, this is obviously the inheritance place of the ancient power of our Wind God Clan, it is the place guided by the Wind God Jade Pendant, and it is also what I dreamed about in my dream. There can't be anything there, are we in the wrong place?"

Ye Feng looked at the empty surroundings at this time. He seemed to have thought of something, and suddenly began to use the Divine Eye of Creation to look around.

The next moment, he saw in an instant that in the empty place not far away, bright lights began to appear on the ground.

Under the gaze of Ye Feng's Divine Eye of Creation, those bright lights formed threads, intertwined together, forming a field that seemed to be an array.

This seems to be a pattern of formation!

However, this scene can only be seen by Ye Feng now using the Divine Eye of Creation.

Even Fengling, a member of the Wind God Clan, could not see it.

"This is a hidden formation."

If Ye Feng hadn't had the Divine Eye of Creation and could spy on everything, he might not have been able to discover this phenomenon at all.

\u003c

br\u003e At this time, Ye Feng said to Fengling beside him: "This place is not empty. There is a hidden formation carved on the ground here, but normal people cannot see it. I have practiced a Only with ancient eye skills can you see it."

"The hidden formation?"

When Fengling heard Ye Feng say this, his eyes suddenly showed surprise.

Because she really didn't see anything.

Even if Grandma Feng came out of the storage ring at this time, she didn't see anything.

At this time, Ye Feng's eyes suddenly flashed with a piece of soul light, covering the ground not far away.

Buzz!

And almost at the next moment, a formation suddenly lit up on the otherwise calm ground. At this time, normal people's eyes could see it.

"There really is a formation!"

Fengling's beautiful eyes suddenly revealed a look of surprise.

Ye Feng stared at the formation at this time and guessed: "I think it should be a teleportation formation. As long as this formation can be activated, we can be teleported to the real place of inheritance." "

When Fengling heard what Ye Feng said, her beautiful face immediately showed an expression of joy.

At this time, even Granny Feng, the soul body who was following Feng Ling, couldn't help but glance at Ye Feng in surprise. She seemed to think that Ye Feng's methods were really surprising. There were all kinds of trump cards emerging in an endless stream, which was really surprising. Strong elders like Granny Feng feel a kind of evil spirit.

Even Granny Feng, who was not optimistic about Ye Feng at first, gradually became more and more impressed by Ye Feng at this time.

At this time, Ye Feng said: "Since I can manifest this formation through soul power, I can try to use soul power to see if I can activate it!"

Soul Emperor Seal!

At this moment, Ye Feng immediately displayed his soul power.

Suddenly, a huge soul shadow stepped out of Ye Feng's mind, and then stood directly on the ground not far away.

Suddenly at this moment, the formation was injected with soul power and seemed to be activated. All of a sudden, a divine light lit up in the dim cave.

Buzz!

Then in a burst of extremely violent space fluctuations, the figures of Ye Feng and Fengling disappeared directly.

Accompanied by a feeling of dizziness, when the two opened their eyes again, they found that they were already in a very magnificent and huge underground palace.

At this time, in the middle of the palace, standing on the ground, was a huge humanoid sculpture, wearing a robe that seemed to be like thunder and lightning. The whole person's aura was extremely majestic and vast. .??.

Even if it is just a sculpture, it gives people a real feeling of being alive.

"This sculpture is the ancient power of our Wind God Clan! His inheritance must be nearby!"

Grandma Feng saw the face of the sculpture at this time, and she was very excited, and said loudly: "Girl Wind Ling, hurry up and use the purest blood of the Wind God Clan in your body to sense which inheritance is around here. place."

When Feng Ling heard the words, she immediately nodded. She closed her eyes slightly and began to run the skills in her body, activating the blood of the Wind God clan in her body, and began to sense every inch of the area around the underground palace, trying to find this The inheritance of the ancient power of the Wind God Clan.

But suddenly at this time.

"Boom!"

Somewhere outside the palace, a violent spatial fluctuation suddenly surged out.

Following this violent spatial fluctuation, two figures appeared in the field of vision of Ye Feng and others.

The two figures were a young man wearing noble robes, and a skinny old man wearing black robes.

The moment this young man appeared, he saw Ye Feng and Fengling in the underground palace, as well as the soul body Feng Granny. His eyes immediately changed slightly, and he couldn't help shouting coldly: "Who are you? You can actually reach our Feng Shen Clan. ancient power

The place of inheritance cave! "

At this time Granny Feng suddenly spoke up: "You two are from the main lineage of the Wind God Clan, we are the branch lineage of the Wind God Clan."

"A branch of the Wind God Clan?"

The young man immediately showed a look of surprise on his face.

He saw Feng Ling next to Granny Feng, and when he saw Feng Ling's beautiful face, an inexplicable look suddenly appeared on his face.

The young man's hostility disappeared. Instead, he looked at Feng Ling and said with a smile: "I have sensed that this beautiful girl is also surging with the blood fluctuations of our Feng Shen clan. It seems that we are the same clan. So To put it bluntly, we are close people."

At this time, the young man said this and walked directly towards Fengling, as if he wanted to have a close contact.

Uh-huh!

But at this moment, Fengling suddenly hid behind Ye Feng, seeming a little afraid of what this young man would do to her.

"you....."

I saw Fengling hiding directly behind Ye Feng, and was very close to Ye Feng, seeming to be very intimate.

The young man's face suddenly darkened. He stared at Ye Feng and said loudly: "You don't have any fluctuations in the blood of our Feng Shen clan. You seem to be an ordinary human. Boy, my name is Feng Wuji. He is a peerless genius in the main lineage of the Wind God Clan."

At this time, Feng Wuji spoke with pride in his tone. He obviously thought that he had a high status and felt that Ye Feng was inferior to others.

Ye Feng didn't bother to pay attention to this at all. He just looked at Fengling behind him and said loudly: "Junior sister Fengling, have you found the inheritance you are looking for?"

Fengling nodded and said, "Senior Brother Ye Feng, I have found it."

Seeing that Ye Feng didn't respond at this time, Feng Wuji, who came from the main lineage of the Wind God Clan, immediately felt that he had been slighted and became extremely angry. He stared at Ye Feng fiercely and said loudly: "Boy ! You are so arrogant! How dare you ignore me even though you know my identity?"

Boom!

Feng Wuji seemed to be used to being domineering, and he suddenly attacked Ye Feng fiercely.

Chapter 2144 Don't I have one?

I have to say that this Feng Wuji is really domineering.

Feeling a little unhappy, he directly attacked Ye Feng.

And when he took action, the aura surging from his body was a very cold killing intent!

In other words, because he saw Ye Feng ignoring him, he wanted to kill Ye Feng directly. It must be said that this Feng Wuji was simply a person who had no regard for life.

Moreover, he and Ye Feng had no grievances, and he directly took action to kill Ye Feng. It can be speculated that Feng Wuji must have an extraordinary status among the Feng Shen clan. He is usually arrogant and domineering, and he is simply domineering. ??

At this moment, Ye Feng instantly felt Feng Wuji's killing aura, and his eyes suddenly became extremely cold.

This Feng Wuji can be said to be very cruel, and he will kill people at every turn.

"Get out of my way!"

Ye Feng sneered at this time and slapped him away.

Boom!

A terrifying and huge force roared out directly from Ye Feng's slap, and Feng Wuji was slapped away hard and fell to the ground not far away.

Poof!

Feng Wuji just spit out a mouthful of blood.

His eyes immediately became extremely frightened and angry, as if he couldn't believe that Ye Feng was so powerful, and slapped him away, and even vomited blood.

At this time, Feng Wuji was covering his chest, feeling that his heart was swollen, and he must have suffered internal injuries.

Feng Wuji's face suddenly showed a ferocious expression, and he shouted loudly: "Do you know who I am? You humble boy, you dare to attack me and even hurt me. You are simply The sin is heinous! I am a noble descendant of the main line of the Wind God Clan. If you, a humble boy from a remote place, dare to disobey my will, I will definitely let you die!"

At this time, Granny Feng whispered to Ye Feng: "Boy Ye Feng, this Feng Wuji probably comes from the main lineage of our Feng Shen Clan. The Feng Shen Clan is a powerful race in the God Realm. The overall race ranking is absolutely It can be ranked at the forefront. It is very huge. We should not provoke him. Our Wind God Temple in Qingtian Holy Land was only established by a strong branch of the Wind God Clan. Compared with the real Wind God Clan, it is far behind. Far."

Ye Feng looked at Grandma Feng at this time, his eyes were extremely cold, and he said loudly: "This Feng Wuji provoked me first, so no wonder I took action, and he actually wanted to kill me, I let him go today Don't leave here!"

When Granny Feng heard Ye Feng's murderous words, her eyes were slightly startled.

She was about to say something.

But at this moment, Feng Wuji suddenly looked behind him at the old man in black robe who came to this cave space with him, and said loudly: "Hurry up and kill that arrogant boy. I want to watch him." Die in front of me! And that beautiful girl who seems to be a branch of the Wind God Clan, I will rob her today and become my maid, serving me every day!"

"Yes, Master."

The old man in black robe was obviously the protector of Feng Wuji. At this time, he looked at Ye Feng not far away, as if looking at an ant, and said indifferently: "Young man, just commit suicide. I My name is Feng Tianya, and he is an elder of the main lineage of the Wind God Clan. He is two realms higher than you. You can't resist me, so just sanction him, so that you can save yourself some pain."

At this time, Feng Wuji's eyes were extremely bright and he said loudly: "Boy! Even if you defeat me, then

It's of no use! My guardian is an extremely powerful being, a super strong person at the level of Transcendence that has surpassed the Ascension Realm and the Mahayana Realm! Even if you all join forces, you are still no match for him! Hahaha! You are dead today! "

Feng Tianya, an old man in black robe standing next to Feng Wuji, exuded a powerful aura of cultivation.

He is a super powerful being at the Transcendence Realm level that has surpassed the Ascension Realm and the Mahayana Realm!

Such a strong man can definitely be regarded as a first-class strong man even in the entire alliance of the four major regions!

I'm afraid they can even compete with the Supreme Elders of major holy places!

It has to be said that the main lineage of the Wind God Clan from which Feng Wuji comes is indeed extremely powerful.

An ordinary elder possesses such a powerful cultivation level!

At this time, both Feng Ling and Granny Feng looked a bit ugly, because the black-robed old man Feng Tianya was so powerful that they could not fight against him.

But Ye Feng suddenly sneered at this moment: "You have super strong people following you, don't I?"

Ye Feng opened the storage ring at this moment, and the Killing Sword Demon stepped out of the storage ring space in an instant and stood beside Ye Feng.

Although the current Killing Sword Demon has lost a lot of his cultivation in the endless years, he is still an ancient super strong man, and he still holds a supreme-level sword weapon in his hand, the Sword of Killing.

The moment the Killing Sword Demon appeared, Feng Tianya, the elder of the Wind God Clan, immediately showed a trace of surprise in his eyes.

He couldn't help but said: "This is the ancient devil!"

Feng Ling and Granny Feng also looked at the killing sword demon that appeared next to Ye Feng in surprise.

They never thought that Ye Feng still carried such a powerful old devil.

At this time, Ye Feng looked at Feng Wuji and Feng Tianya who were not far away, and said loudly: "Killing Sword Demon, let them kill them all."

"good!"

The Killing Sword Demon nodded, holding the Killing Sword in his hand, and charged forward in an instant.

Feng Tianya, the elder of the Wind God Clan, shouted loudly at this time and said: "Although you are an ancient demon, I can feel that a lot of blood has been lost in you, and you are no longer in peak condition. Today I will You, the devil, will be killed!"

"Wind God Curse!"

Boom!

Almost at this moment, Feng Tianya, the elder of the Wind God Clan, suddenly burst out with all his cultivation momentum, displaying a powerful inheritance in the Wind God Clan.

It's an ancient spell!

The moment he exerted it at this time, the Fengshen clan bloodline in his body immediately turned into extremely terrifying energy, forming a mysterious curse seal between his hands, which instantly trapped the killing sword demon in a small In a small spell space.

"Even though I'm old! I still have no problem killing a little junior like you!"

The Killing Sword Demon roared loudly at this time, and the Killing Sword in his hand instantly erupted with an extremely terrifying blood-black divine light. In an instant, there was a roar,

directly splitting the spell space into pieces, and then a terrifying The sword light split Feng Tianya in half in an instant.

Elder of the Wind God Clan, die!

"What? Just die like that?"

When Feng Wuji saw this scene, he was so frightened that his face turned extremely pale. I have to say that this Feng Wuji is really domineering.

Feeling a little unhappy, he directly attacked Ye Feng.

And when he took action, the aura surging from his body was a very cold killing intent!

In other words, because he saw Ye Feng ignoring him, he wanted to kill Ye Feng directly. It must be said that this Feng Wuji was simply a person who had no regard for life.

Feng Tianya, an old man in black robe standing next to Feng Wuji, exuded a powerful aura of cultivation.

He is a super-powerful being at the level of Transcendence that has surpassed the Ascension Realm and the Mahayana Realm!

Such a strong man can definitely be regarded as a first-class strong man even in the entire alliance of the four major regions!

I'm afraid they can even compete with the Supreme Elders of major holy places!

It has to be said that the main lineage of the Wind God Clan from which Feng Wuji comes is indeed extremely powerful.

An ordinary elder possesses such a powerful cultivation level!

At this time, both Feng Ling and Granny Feng looked a bit ugly, because the black-robed old man Feng Tianya was so powerful that they could not fight against him.

But Ye Feng suddenly sneered at this moment: "You have super strong people following you, don't I?"

Ye Feng opened the storage ring at this moment, and the Killing Sword Demon stepped out of the storage ring space in an instant and stood beside Ye Feng.

Although the current Killing Sword Demon has lost a lot of his cultivation in the endless years, he is still an ancient super strong man, and he still holds a supreme-level sword in his hand, the Sword of Killing.

The moment the Killing Sword Demon appeared, Feng Tianya, the elder of the Wind God Tribe, immediately showed a trace of surprise in his eyes.

He couldn't help but said: "This is the ancient devil!"

Feng Ling and Granny Feng also looked at the killing sword demon that appeared next to Ye Feng in surprise.

They never thought that Ye Feng still carried such a powerful old devil.

At this time, Ye Feng looked at Feng Wuji and Feng Tianya who were not far away, and said loudly: "Killing Sword Demon, let them kill them all."

"good!"

The Killing Sword Demon nodded, holding the Killing Sword in his hand, and charged forward in an instant.

Feng Tianya, the elder of the Wind God Clan, shouted loudly at this time and said: "Although you are an ancient demon, I can feel that a lot of blood has been lost in you, and you are no longer in peak condition. Today I will You, the devil, will be killed!"

"Wind God Curse!"

Boom!

Almost at this moment, Feng Tianya, the elder of the Wind God Clan, suddenly burst out with all his cultivation momentum, displaying a powerful inheritance in the Wind God Clan.

It's an ancient spell!

The moment he exerted it at this time, the Wind God Clan bloodline in his body immediately turned into extremely terrifying energy, forming a mysterious curse seal between his hands, which instantly trapped the killing sword demon in a small In a small spell space.

"Even though I'm old! I still have no problem killing a little junior like you!"

The Killing Sword Demon roared loudly at this time, and the Killing Sword in his hand instantly erupted with an extremely terrifying blood-black divine light. In an instant, there was a roar, directly splitting the spell space into pieces, and then a terrifying The sword light split Feng Tianya in half in an instant.

Elder of the Wind God Clan, die!

"What? Just die like that?"

When Feng Wuji saw this scene, he was so frightened that his face turned extremely pale.

Chapter 2145 The biggest enemy

At this moment, Feng Wuji no longer had the arrogant and domineering expression he had just now.

His face was filled with deep fear, because his most powerful guardian, his backer, Feng Tianya, the elder of the Wind God Clan, was completely dead. He was directly chopped into two halves by the Killing Sword Demon. It can be said to be extremely miserable. .

Looking at Feng Tianya's body, Feng Wuji was trembling all over at this moment, and he no longer looked as arrogant as before.

At this time, Ye Feng had an indifferent smile on his face, stared at Feng Wuji, and said loudly: "What? Why don't you scream like just now?"

Feng Wuji's face suddenly showed a look of deep fear.

But at the same time, there was a look of shame on his face.

Because he felt insulted.

Feng Wuji suddenly raised his head, stared at Ye Feng with fierce eyes, and shouted loudly: "You can't kill me, because I am the heir of the main line of the Wind God Clan. If you kill me, we will definitely have super strong men from the Wind God Clan who will come to kill you, this kid. The Wind God Clan is a top-notch divine force in the God Realm, and it is not something that a disciple of a small force in a remote place like you can imagine!"

At this time, Feng Wuji was talking, and he seemed to feel confident again as he spoke.

Because when he was training outside, no matter who heard the name of the Wind God Clan, they would feel awe and fear, and bow to him.

So he felt that the disciples in this small place in front of him would also be afraid.

At this time, Feng Wuji felt so confident as he was talking that he suddenly stood up and held his head high, as if he suddenly had an extremely confident feeling from nowhere.

At this time, Ye Feng watched Feng Wuji change from fear to confidence again, and he just shook his head.

There seemed to be a mocking smile on Ye Feng's face, and he said aloud: "There are really a lot of stupid people in this world. I think you are a flower in the greenhouse and a so-called descendant of the Gods who is extremely stupid. You should hurry up and die, so as not to waste the resources of this world while you are alive!"

Boom!

Almost at the moment Ye Feng finished speaking, Ye Feng reached out his hand, opened his fingers, and grabbed Feng Wuji's head in front of him.

Feng Wuji felt it at this time. Ye Feng's fingers were like iron bars, about to crush his head. He suddenly shouted in fear: "Don't kill me! I am a member of the Wind God Clan. Heir! If you kill me, you will be in great trouble! Don't you understand what I just said?"

Ye Feng smiled coldly and said aloud: "The thing I am least afraid of in this life is danger!"

Click!

After Ye Feng finished speaking, he used his fingers to crush Feng Wuji's head.

Feng Wuji, die!

At this time, the admiration for Ye Feng in the eyes of Fengling behind her became more and more intense, because she felt that as long as Senior Brother Ye Feng was by her side, there would never be any danger.

At this time, the Killing Sword Demon also returned to the storage ring space.

Grandma Feng came to Ye Feng's side, and her tone seemed to have a hint of solemnity, and she said: "Although I agree with you killing these two hateful people from the main lineage of the Wind God Clan, but What I have to say is that what Feng Wuji said before he died is true. If you kill Feng Wuji and his guardians, the Wind God Clan will probably target this area.

domain, may hunt you down. "

Ye Feng smiled slightly, seemingly not nervous at all, and said aloud: "I have offended too many people, and it doesn't matter if I offend one more person."

Granny Feng spoke up and said: "The Wind God Clan is one of the top 100 Clan of Gods in the God Realm. It is estimated that they can rank sixty or seventy. They are many times more terrifying than your current biggest enemies, the Gods."

When Ye Feng heard this, he just smiled casually and didn't say much.

In fact, the enemy Ye Feng really wants to talk about is not the Gods Association. Ye Feng has never regarded the Gods Association as his biggest enemy, because the Gods Association is not worthy at all, and neither is Xiao Tianshen.

Ye Feng's real biggest enemy is the Chaos God Clan, the top three super powerful God Clan in the God Realm that his mother is currently bound to!

At this time, the Wind God Jade Pendant in Feng Ling's hand suddenly emitted a stream of light, and then fell on a wall on the northwest side of the underground palace.

Buzz!

That wall was originally simple and dull, but at this moment, a pattern suddenly appeared. The pattern was composed of very mysterious words, which looked like tadpole writing.

At this time, Granny Feng's face suddenly showed a look of joy, and she hurriedly said: "Girl Wind Ling, this is the inheritance of the ancient great power of our branch of the Wind God Clan! You should hurry up and accept the inheritance. This will be good for you." Returning to the Wind God Clan in the future and becoming the next generation leader will be of great help!"

Granny Feng seems to be an ancient predecessor of a certain branch of the Wind God Clan.

The reason why she wanted to cultivate the wind spirit was to return to the Wind God Clan.

But now the Fengshen clan is controlled by the main line.

So when Ye Feng killed the two main lineage people just now, Granny Feng didn't stop him.

Because although their branches and main line belong to the Wind God Clan, they have always been in a competitive relationship.

Moreover, those two people from the main line were so abominable, especially Feng Wuji, who actually wanted to rob Feng Ling and become a slave. This was something Granny Feng could not tolerate.

At this time, Grandma Feng was increasingly glad that Ye Feng had followed them to the inheritance cave, otherwise she and Feng Ling would probably have become the slaves of the main lineage's heirs today.

Although Feng Wuji is not powerful, the guardian Feng Wuji is really terrifying and his cultivation is too powerful.

At this time, Granny Feng became more and more impressed with Ye Feng.

After all, she never thought that Ye Feng was already such a monster, that there was such a powerful ancient demon hidden in him, and that he was actually willing to work for Ye Feng.

This is really incredible.

After all, such ancient old demons are all arrogant. Even if they die, they may not be willing to become the servant of a human boy.

But Ye Feng did it, letting an old devil work for him, which made people marvel from the bottom of their hearts. This is a young man full of incredible things.

At this moment, Feng Ling walked towards the wall and began to accept the inheritance.

Ye Feng walked up to Feng Wuji and the elders of the Wind God Clan who had just been killed.

His eyes showed a look of deep anticipation. If he swallowed the power and blood energy of a super strong person like the elder of the Wind God Clan, I'm afraid he would get a huge surge in an instant! At this moment, Feng Wuji no longer had the arrogant and domineering expression he had just now.

Ye Feng walked up to Feng Wuji and the elders of the Wind God Clan who had just been killed.

His eyes showed a look of deep anticipation. If he swallowed the power and blood energy of a super strong person like the elder of the Wind God Clan, I'm afraid he would get a huge surge in an instant!

Chapter 2146 Prepare to take the initiative

Ye Feng didn't waste time at this time. When Feng Ling accepted the inheritance, he also began to release the devouring field, covering Feng Wuji and the elders of the Wind God Clan on the ground.

"Boom..."

Suddenly, a huge amount of blood energy was directly absorbed and injected into Ye Feng's body.

For Ye Feng, Feng Wuji's skill is just a drop in the bucket, mainly the skill of the elder of the Wind God Clan.

You know, the cultivation level of this elder of the Wind God Clan is two realms higher than Ye Feng.

The skill and energy he provided are absolutely magnificent and vast for Ye Feng at present.

At this time, Ye Feng absorbed it quickly, and his cultivation aura was also rapidly rising.

So next, Ye Feng began to burst out with a momentum of breakthrough.

Let the Feng Po Po not far away be shocked to the point of being stunned.

"Boom!"

The sixth level of Yuhua Realm!

"Boom!"

The seventh level of Yuhua Realm!

"Boom!"

The eighth level of Yuhua Realm!

"Boom!"

The ninth level of the Yuhua Realm!

It must be said that the energy provided by the super strong elder of the Wind God Clan is too huge. Just one person can quickly improve Ye Feng's cultivation.

Even when Ye Feng broke through to the ninth level of the Yuhua Realm, the energy of the elder of the Wind God Clan has not been completely refined.

"Boom!"

Next, a huge momentum burst out from Ye Feng again.

He directly broke through to the tenth level of the Yuhua Realm!

Not far away, Grandma Feng saw this scene and was dumbfounded.

Although she is an ancient soul body,

she has never seen such a demon and terrible person like Ye Feng.

This kind of breakthrough in cultivation is too fast.

And it is extremely domineering, directly plundering other people's skills!

"In time, this Ye Feng may become the most terrifying person in the entire alliance. No, it may not only be the alliance. He may become the most terrifying existence in the entire northern land of the God Realm!"

At this moment, Grandma Feng couldn't help but murmur, her tone full of admiration.

At this time, Ye Feng, who had finished his practice, opened his eyes with an unstoppable joy in his eyes.

This time, he really got a huge opportunity!

He broke through from the fifth level of Yuhua Realm to the tenth level of Yuhua Realm!

This is an extremely terrifying progress!

Ye Feng knew that it was becoming more and more difficult to break through his cultivation now, and he needed more and more energy. His body was becoming more and more like a bottomless pit.

If he relied on normal practice, he might not be able to break through so much even if he practiced for a year or two.

But today, the elder of the main vein of the Wind God Clan who suddenly appeared in this inheritance cave helped him increase his cultivation so much at once.

It was really a cause for celebration!

At this time, Ye Feng squatted down and took off the storage rings from Feng Wuji and the elder of the main vein of the Wind God Clan.

Ye Feng saw a lot of treasures and inheritances from the storage rings of the two.

However, most of the treasures and inheritances were ordinary, and Ye Feng could not use them at all, but Ye Feng still collected them in his storage ring, because although these things could not be used by himself, they could be sold at a good price in the trading market.

Many of the things that Ye Feng could not use were not thrown away by him directly, but were placed in the storage ring and sold directly in a certain transaction.

"There is nothing particularly good in the storage ring. It seems that this Feng Wuji, although he comes from the main line of the Wind God Clan, is probably just a marginal heir, not a core member."

At this time, Ye Feng could not help but murmur.

However, the next moment, after Ye Feng's careful search, he was somewhat happy to find a book of inheritance from the storage ring of the Wind God Clan elder. ???

"Wind God Curse!"

This inheritance book was the extremely powerful spell cast by the Wind God Clan elder just now, called the Wind God Curse.

This spell was very scary, after all, it could even trap the Killing Sword Demon for a period of time.

So Ye Feng found the Wind God Mantra at this time, his eyes lit up, and he directly put it into his storage ring, ready to take it back and comprehend it directly.

"Now my cultivation has reached the tenth level of the Yuhua Realm. Even if I face the first hall master of the Gods Association, Jun Tiance, I am afraid I will not be afraid."

Ye Feng thought in his heart at this time, ready to fight back directly!

Being hunted by the Gods Association until now, Ye Feng did not dare to show his head, but now that he has swallowed the strong elder of the Wind God Clan, Ye Feng's cultivation has immediately been raised to a large level.

Ye Feng can't stand it now. He doesn't want to escape so cowardly anymore. He is ready to take the initiative to attack and hunt down those strong men who are chasing him.

And hunting those strong men can get a lot of cultivation resources and power swallowing.

It is also of great benefit to the growth of his own cultivation.

Because Ye Feng feels that once he returns to the Qingtian Holy Land this time, he is likely to face Xiao Tianshen, a super strong man.

So before returning to the Holy Land, Ye Feng must improve his cultivation to a point where he is not afraid of Xiao Tianshen.

At this time, Ye Feng looked not far away and saw Feng Ling still receiving the inheritance.

He thought for a while, sat down, and began to comprehend the inheritance that he had not comprehended.

For example, the Frost Dragon Technique copied with the Divine Mirror of the Heavenly Emperor is the inheritance of the Kingdom of Frost Divine Kingdom and is very powerful.

There is also the Wind God Curse that I just obtained, which is also a very powerful inheritance.

There is also the huge bronze sword obtained from the valley. It is an emperor's sword, which contains great luck. If you can understand the secrets, it may be able to explode with extremely powerful power.

Now Ye Feng has no shortage of weapons. The Giant Spirit Ancient God Tower can be used as the strongest defensive fortress. If the Emperor's Sword is refined again, there will also be weapons for attack.

At this time, Ye Feng began to continuously comprehend in this underground cave.

This underground cave happens to be a safe place where no one will disturb you.

When Ye Feng understood the Frost Dragon Technique, he could sometimes transform into a frost dragon, with cold scales and a very strange look.

When Ye Feng comprehended the Wind God Curse, his whole body seemed to turn into a gust of wind. The moment he cast the Wind God Curse, he could lock a specific space. Unless he used extremely powerful force, he could not break through it. The bondage of the Wind God Curse is a type of control inheritance.

Granny Feng saw Ye Feng displaying the power of the Frost Dragon Clan for a while, and the Wind God Curse of the Feng Shen Clan for a while. This made her almost dazzled, and she exclaimed in her heart, "What kind of existence is this kid? How can he feel that he can use the power of any race? It is incredible that his body can accommodate thousands of powers in the world. "

Chapter 2147 The Second Wind God Jade Pendant

When Ye Feng had almost understood some of his inheritance.

At this time, Fengling had almost finished receiving the inheritance of this ancient power.

At this moment, the wind spirit, after receiving the inheritance, exudes a kind of light blue light. It looks very sacred and has an inexplicable aura. It is like the Guanghan fairy above the nine heavens, very holy and noble. .

It has to be said that this inheritance of great power is very likely to have the effect of rebirth for Fengling, so Fengling's whole person seems to have transformed, and everything is brand new from the inside out. It is much stronger than before, and much more holy.

Granny Feng was very happy when she saw the strange phenomenon on Feng Ling's body, because she knew that Feng Ling had completely accepted the powerful inheritance of the Feng God Clan in this cave.

In other words, Feng Ling is now many times more powerful than before, and his achievements in the future will be even higher, especially the blood of the Wind God clan in Feng Ling's body is becoming more and more pure, otherwise it would be impossible. There was a magical phenomenon of blue divine light emanating from the whole body.

At this time, even the powerful elders like Granny Feng walked up to Ye Feng and solemnly said: "Thank you very much this time, otherwise we would have been raped by the two main veins just now. The person was captured back to the main line and became a slave."??

Ye Feng just waved his hand casually and said with a smile: "This is what it should be. Junior sister Fengling is my good friend. Now that we are together, I will naturally protect her, and maybe I will also need help in the future." The power of Junior Sister Fengling."

When Fengling heard what Ye Feng said, she immediately nodded vigorously, with a firm look on her beautiful face, and said loudly: "As long as I can help Senior Brother Ye Feng in the future, I will definitely help Senior Brother Ye Feng with all my strength. ! No matter the cost!"

Ye Feng laughed at this moment and couldn't help but touch Fengling's black hair, which made Fengling's face reveal a trace of shyness.

Granny Feng spoke up at this time: "Then let's go out directly now. The inheritance here has been

Received. "

Ye Feng suddenly said: "This inheritance cave cannot be as simple as just one inheritance. I feel that there may be some treasures and wealth left by the ancient great powers. We have not found these yet, and they may be here. It's hidden, but we haven't discovered it yet."

At this time, Feng Ling also turned her little head, looked around, and said aloud: "When I accepted the inheritance just now, I had the last thought exchange with the ancient power of the Wind God Clan. She did leave a legacy for inheritors like me. Something should be in the east direction."

At this time, Fengling said and walked directly in that direction.

Ye Feng and Granny Feng looked at each other and followed suit.

Soon they arrived at the deepest part of the inheritance cave.

There is a very dark abyss here, and it is not clear how deep it is at the bottom.

At this time, Fengling said: "The things that senior left for me are inside, but I don't know if there are any tests or other dangers in them."

Ye Feng said with a smile at this time: "Let's go down together. Even if there are any so-called tests and dangers, just crush them all!"

Uh-huh!

Almost at this moment, Ye Feng directly sacrificed the ancient giant spirit tower, floated this ancient artifact above his head, and shed a stream of protective light.

At this time, Ye Feng pulled Fengling down directly towards the bottom of the abyss.

Soon they reached the bottom.

There was no danger along the way.

There is no so-called test.

They saw a corpse standing there.

In front of this corpse, there is a small metal box.

At this time, Ye Feng said aloud: "Perhaps the thing left by that senior to you is in this metal box."

Fengling nodded, walked over, and prepared to open the metal box.

"Crack!"

When the lid of the metal box was opened, a ray of soul light suddenly flashed out from it, and it suddenly shot towards Feng Ling's eyebrows.

"Seize the body?"

Ye Feng's eyes were startled, and he immediately dodged in front of Fengling and shouted: "Eye of sin!"

Boom!

Ye Feng's eyebrows suddenly cracked, and a dark eyeball appeared, and a brilliant black divine light burst out from it, which instantly excited the soul body that rushed out of the metal box.

"howl!!"

Almost at the next moment, the soul body that rushed out of the metal box was shattered by the impact of the soul light of the Eye of Sin, and instantly let out an extremely shrill scream.

That soul body was destroyed instantly!

After all, the power of the Dark Emperor in the Eye of Sin is extremely terrifying, and there are few beings in the world who can rival the Dark Emperor.

At this moment, Granny Feng's eyes were also startled, and she quickly ran to Fengling's side, and couldn't help but ask: "Girl Fengling, are you okay?"

Fengling shook her head, seeming a little scared, but at this moment she looked at Ye Feng's back in front of her, with a pair of beautiful eyes filled with fascination, and said loudly: "I'm fine, I'm protected by Senior Brother Ye Feng." Hold me."

At this time, Ye Feng walked up to the metal box and squatted down slightly.

He saw that the metal box contained a light blue Fengshen jade pendant.

"Another one

A Jade Pendant of the God of Wind? "

Ye Feng's eyes showed a hint of surprise.

Because before, Fengling was holding a Jade Pendant of the God of Wind in his hand.

At this time, Feng Ling also came over and saw the Wind God Jade Pendant. She couldn't help but said in surprise: "It's the second Wind God Jade Pendant. It should be this jade pendant that is secretly connected with the Wind God Jade Pendant in my hand." , and then led me to this place."

At this time, Ye Feng handed the Fengshen Jade Pendant in the metal box to Fengling and said, "Here you go."

Fengling shook her head at this time, staring at Ye Feng with her big beautiful eyes, and said loudly: "Senior Brother Ye Feng, this is what you deserve. If it weren't for you, Senior Brother Ye Feng, I would not only not be able to get the inheritance." "

Granny Feng also nodded at this time and said loudly: "This girl Feng Ling already has a Wind God Jade Pendant, and now she has also received the inheritance of the ancient power of her clan. It is enough. This second Wind God Jade Pendant Ye Feng Just take it, kid. Your enemies are very strong now. Xiao Tianshen is not a simple person. The gods are also chasing you everywhere. If you keep

this second piece of Wind God Jade Pendant, it should have a huge impact on your practice. We can't take all the benefits."

Ye Feng saw that Feng Ling and Granny Feng were so insistent, and stopped being pretentious. He nodded and said loudly: "Okay, then I will keep this second piece of the Wind God's jade pendant. The divine power of the ancient Wind God contained in it is very useful to me." Now it does have huge benefits, it can quickly increase my cultivation skills, and it can also allow me to regain a powerful source of energy when my combat power is about to be exhausted. "

Fengling nodded, smiled and said: "Senior Brother Ye Feng, let's go out now. Senior Brother Ye Feng, are you going back to the Blue Sky Holy Land? I'm going back."

Ye Feng shook his head, his eyes showed an extreme cold murderous intent, and said loudly: "I will expose my whereabouts at the entrance of another dimension and let all those who want to hunt me come. I will fight back." Hunt them all! Swallow them all!"

Chapter 2148 Guard the entrance

At this time, after hearing Ye Feng's murderous and domineering words, Fengling's beautiful eyes showed a hint of worry.

Because she knew very well that the people who came to chase Ye Feng this time were all masters among masters, not only the core members of the Gods Association, but also people from all over the world from the four major alliances.

After all, the Gods Association had given a huge amount of wealth to put a bounty on Ye Feng's head, which was enough to drive all the masters crazy.

It is conceivable that once Ye Feng takes the initiative to expose his traces, there will be a steady stream of masters coming to kill him.

So at this time, Fengling's eyes were full of worry. She looked at Ye Feng in front of her, and finally couldn't help but persuaded: "Brother Ye Feng, please come back to Qingtian Holy Land with me. There is a Wind Temple." If Senior Fengshen is here, the gods will not dare to touch you."

Hearing what Fengling said, Ye Feng knew that this girl had good intentions, but he still shook his head and said loudly: "This battle is inevitable. Now, while Xiao Tianshen is seriously injured and in retreat, I will take care of all the gods." All the core members of the association will be captured in one fell swoop!"

Seeing Ye Feng's firm eyes, Fengling knew that Ye Feng's decision could no longer be changed.

So at this time, the beautiful girl could only sigh, and then said aloud: "Okay, but I believe that Senior Brother Ye Feng will be able to return safely!" ??

Ye Feng nodded, smiled and touched Fengling's little head, and said aloud: "Don't worry, I never do anything I'm not sure about. I won't show off when my strength is insufficient. This time my strength is already strong. At a certain level, it's enough to deal with those so-called masters."

Next, the two of them left the underground cave, and they separated at the ruins of the kingdom outside.

Ye Feng came to the entrance of the different-dimensional space alone, and stood there guarding the entire entrance of the different-dimensional space by himself.

At this time, Ye Feng began to wait. As long as he was a member of the Gods Association who passed by the entrance to the different dimensional space, no one could escape.

Soon Ye Feng was the first person waiting.

This is an old man wearing a white robe. He looks extremely thin, but his body is filled with powerful cultivation at the tenth level of the Ascension Realm. He is the same cultivation as the current Ye Feng.

This old man in white robe is not a member of the Council of Gods, but the Supreme Elder of a major force in the Alliance Power.

At this time, he saw Ye Feng standing at the entrance of the different dimension, and his eyes suddenly froze, as if he did not expect to meet Ye Feng here.

Since the reward order issued by God Xiao Tian contains Ye Feng's portrait, almost all the masters who want to hunt down Ye Feng know Ye Feng.

At this time, the old man in white robe slowly walked towards Ye Feng, with a greedy look in his old eyes, and said with a cold smile: "It's really hard to find a place without wearing iron shoes. It doesn't take any effort to get here. I'm in another dimension." I have been looking for you in the space for so many days, but I didn't expect you to be here at the entrance. You can't escape today."

Ye Feng stared at the old man in white robes, with a very calm expression on his face, and said loudly: "Do you think it is a coincidence that I am here? I am waiting here specifically for those of you who are chasing me, because I want to catch you all in one go. "

"Hahaha!"

When the white-robed old man heard what Ye Feng said, his eyes immediately revealed a look of ridicule, and he said loudly: "Arrogant! Do you really think you can match the entire Association of Gods? Do you really think you are the top talent in the Alliance? Did you? I asked you, you are just a new disciple who has not been in Qingtian Holy Land for a long time. It's just that you are very lucky and have been favored by Qingtian.

You are protected by some big shots in the Holy Land, but in this wilderness, there is no one to protect you. "

At this time, the white-robed old man said, walking towards Ye Feng step by step, and said with a smile: "I will be able to carry your head to the Gods Association in exchange for a huge reward soon."

"Die!"

The white-robed old man roared loudly at this time, and instantly the terrifying aura of the tenth level of the Ascension Realm erupted from his body.

"Eagle Claw Kung Fu!"

This white-robed old man seemed to come from a force that specialized in the inheritance of the beast race. At this time, he stretched out one hand, and the palm suddenly turned into a huge eagle claw, glowing with a cold metallic luster. Able to scratch the sky to pieces.

"Let's start with you first."

At this time, Ye Feng didn't panic at all, he just sneered and took action.

To deal with this white-robed old man of the same realm, Ye Feng didn't even bother to use any inheritance or weapons. He just clenched his fist and blasted forward.

Whether it is the powerful reserve of skills or the powerful physique given by the Chaos Body, Ye Feng possesses terrifying combat power that is invincible at the same level.

At this time, Ye Feng punched out, and a terrifying force suddenly exploded on his fist.

"Boom!"

A terrifying loud noise exploded instantly, and Ye Feng's fist struck the white-robed old man's eagle claw, directly shattering the huge metal claw into pieces.

"ah!"

The old man in white robe immediately screamed, and his entire arm was shattered, becoming one-armed.

"What? How is that possible!"

The eyes of the old man in white robes were full of shock and anger. He stared at Ye Feng not far away, and couldn't help shouting in shock and anger: "You are obviously just an ordinary inner disciple of Qingtian Holy Land, how could you be like this?" Not only is he as powerful as me, possessing the superb cultivation level of the tenth level of the Ascension Realm, but his combat power is also so powerful, far beyond the same level? This is impossible!"

Ye Feng just smiled coldly at this time and said: "Nothing is impossible in this world. Since you are greedy for me, then I will kill all the greedy people! You, an old man, are just my first choice today." It's just an appetizer! All the greedy people who want to kill me will die!"

Panwu master!

Boom!

At this moment, Ye Feng used Panwu Shen Zun's Dharma and stretched out a hand. The hand immediately began to swell and became black, and he instantly pinched the old man in white robe, then squeezed hard, and crushed the old man in white robe with a "poof" sound.

A supreme elder from a certain force, died!

"Swallow!"

In an instant, the darkness swallowing realm behind Ye Feng was released instantly, and then swallowed up all the skills and blood energy of the white-robed old man.

The white-robed old man's skill was very powerful, but after all, he was only at the tenth level of the Ascension Realm. After Ye Feng devoured it, he just felt that his skill was a little more powerful than before, and he was still far from a breakthrough.

But Ye Feng was not in a hurry.

At this time, he looked at the large group of people walking towards the intersection in the different dimension space, and a smile broke out at the corner of his mouth.

Among that group of people, Ye Feng saw the costumes of members of the Gods Association. At this time, after hearing Ye Feng's murderous and domineering words, Fengling's beautiful eyes showed a hint of worry.

Because she knew very well that the people who came to hunt Ye Feng this time were all masters among masters, not only the core members of the Gods Association, but also people from all over the world in the four major alliances.

After all, the Gods Association had given a huge amount of wealth to put a bounty on Ye Feng's head, which was enough to drive all the masters crazy.

It is conceivable that once Ye Feng takes the initiative to expose his traces, there will be a steady stream of masters coming to kill him.

So at this time, Fengling's eyes were full of worry. She looked at Ye Feng in front of her, and finally couldn't help but persuaded: "Senior Brother Ye Feng, please come back to the Blue Sky Holy Land with me. There is a Wind Temple." With Senior Fengshen here, the gods will not dare to touch you." .??.

Hearing what Fengling said, Ye Feng knew that this girl had good intentions, but he still shook his head and said: "This battle is inevitable. Now, while Xiao Tianshen is seriously injured and in retreat, I will take care of all the gods." All the core members of the association will be captured in one fell swoop!"

Seeing Ye Feng's firm eyes, Fengling knew that Ye Feng's decision could no longer be changed.

So at this time, the beautiful girl could only sigh, and then said aloud: "Okay, but I believe that Senior Brother Ye Feng will be able to return safely!"

Ye Feng nodded, smiled and touched Fengling's little head, and said aloud: "Don't worry, I never do anything I'm not sure about. I won't show off when my strength is insufficient. This time my strength is already strong. At a certain level, it's enough to deal with those so-called masters."

Next, the two of them left the underground cave, and they separated at the ruins of the kingdom outside.

Ye Feng came to the entrance of the different-dimensional space alone, and stood there guarding the entire entrance of the different-dimensional space by himself.

At this time, Ye Feng began to wait. As long as he was a member of the Gods Association who passed by the entrance to the different dimensional space, no one could escape.

Soon Ye Feng was the first person waiting.

This is an old man wearing a white robe. He looks extremely thin, but his body is filled with powerful cultivation at the tenth level of the Ascension Realm. He is the same cultivation as the current Ye Feng.

This old man in white robe is not a member of the Association of Gods, but the Supreme Elder of a major force in the Alliance Power.

possessing the superb cultivation level of the 10th level of the Ascension Realm, but his combat power is also so powerful, far beyond the same level? This is impossible!"

Ye Feng just smiled coldly at this time and said: "Nothing is impossible in this world. Since you are greedy for me, then I will kill all the greedy people! You, an old man, are just my first choice today." It's just an appetizer! All the greedy people who want to kill me will die!"

Panwu master!

Boom!

At this moment, Ye Feng used Panwu Shenzun's Dharma and stretched out a hand. The hand immediately began to swell and became black, and he instantly pinched the old man in white robe, then squeezed hard, and crushed the white-robed old man to pieces with a "poof" sound.

But Ye Feng was not in a hurry.

At this time, he looked at the large group of people walking towards the intersection in the different dimension space, and a smile broke out at the corner of his mouth.

Among that group of people, Ye Feng saw the costumes of members of the Gods Association.

Chapter 2149 The Fourth Hall Master

While Ye Feng was waiting silently, the group of people not far away finally arrived at the entrance to this different dimension.

There are a dozen people in this group, all of whom are wearing the costumes of the disciples of the Gods Association. They are obviously members of the Gods Association.

However, Ye Feng did not discover the identity of the first hall leader Jun Tiance among these people.

After all, what Ye Feng is most looking forward to this time is the leader sent by the gods to hunt him down, Jun Tiance.

It is said that Jun Tiance, the first of the thirty hall masters of the Gods Association, has extremely terrifying cultivation abilities.

Ye Feng's biggest enemy this time is Jun Tiance.

But what he is most looking forward to is Jun Tiance.

Because if Jun Tiance can be killed, Jun Tiance will definitely be able to provide himself with extremely abundant energy.

After all, to be able to become the first leader of the Gods Association, Jun Tiance is definitely a super master.

Although Ye Feng was a little disappointed at this time, there was no Jun Tiance among these members of the Gods Association, but he naturally would not waste these appetizers.

Ye Feng saw the group of people approaching and was about to say something.

But before he could say anything, a dozen members of the Gods Association were the first to notice Ye Feng standing there.

"Ye Feng?"

"It's actually this kid!"

"Hahaha! I've been looking for him for so long, but I didn't expect to see him at the entrance!"

At this time, more than a dozen masters of the Gods Association instantly changed their expressions to reveal deep excitement, and suddenly surrounded Ye Feng.

Because in their eyes, Ye Feng is a piece of cake. If they can kill Ye Feng, then they can get a huge bounty from the president, Senior Brother Xiao Tianshen.

At this time, the leader of the dozen or so masters of the Gods Association was a young man wearing a blue robe.

The green-robed man stared at Ye Feng with contempt in his eyes, and said aloofly: "I am the fourth leader of the Gods Association, Shen Cang, you should have heard of my name, so Surrender immediately now, follow me back to the Holy Land, and accept the judgment of our Gods Association. Maybe you can still save your life."

This green-robed man now exuded a level of cultivation at the third level of the Mahayana realm that surpassed the Ascension realm.

It has to be said that this man in green robe is worthy of being the fourth hall master of the Gods Association, and his cultivation strength is still very powerful.

But at this time, facing the aloof look of the man in green robe that seemed to be commanding, Ye Feng just smiled indifferently and said: "Sorry, I have never heard of your name. I only know that you are the gods. If you are a member of the association, you will die in my hands next."

"presumptuous!"

The green-robed man immediately shouted loudly, with a sarcastic tone in his voice, and said: "Ye Feng, you are worthy of praise for being able to survive for so long under the pressure of our Gods Association, but you Don't think that you can fight against our gods, you are too naive."

At this time, the dozen or so members of the Gods Association around him immediately took action and gathered towards Ye Feng.

The man in green robe said indifferently: "Catch this kid, I'm too lazy to do it."

"Yes, Hall Master!"

A group of more than a dozen core masters of the Gods Association who were in the half-step Mahayana realm immediately rushed towards Ye Feng, trying to imprison Ye Feng directly.

"Boy, you're dead!"

A group of core experts couldn't help laughing at this moment.

"It's you who deserve to die!"

Ye Feng roared loudly at this moment, and an extremely powerful aura suddenly burst out from his body.

In an instant, his whole body displayed the appearance of Panwu God, and his whole body suddenly expanded into the true form of an ancient giant.

"What?"

"This is... the Dharma form of Lord Panwu!"

A group of members of the Gods Association, including the man in green robes, all had expressions of surprise on their faces at this moment.

They seemed to have never imagined that Ye Feng would be able to use the inheritance of their elder brother Xiao Tianshen.

"Catch this kid!"

"He must have stolen the Panwu God's inheritance crystal ball from other hall masters!"

At this time, the man in green robe immediately yelled.

"Master Panwu!"

At this time, Ye Feng suddenly stretched out his two hands and attacked the surroundings wildly.

These half-step Mahayana realm core masters of the Gods Association were simply unable to withstand Ye Feng's power. Everyone's body was shattered by Ye Feng in an instant and exploded into blood mist, floating in the air.

"What? All died instantly?"

At this moment, the green-robed man's eyes finally became serious.

He knew very well that Ye Feng was only at the Dzogchen level of the tenth level of the Ascension Realm, and was still far from the Mahayana Realm. Even if he could display the appearance of Panwu God, he would not be so powerful.

But Ye Feng did it.

"Is this Ye Feng a heaven-defying genius who can rival our Senior Brother Xiao Tianshen?"

At this time, the man in green robe suddenly had an inner enlightenment.

He finally understood why a noble and supreme figure like Senior Brother Xiao Tianshen would personally issue an order to hunt down Ye Feng.

He must have felt that Ye Feng, a new disciple of the Blue Sky Holy Land, had unlimited growth potential and might be a huge threat to the entire Gods Association in the future, so he had to get rid of him as soon as possible.

"Okay! Today I will get rid of you, this huge scourge for Senior Brother Xiao Tianshen!"

The man in green robe roared loudly at this time, and his body suddenly burst out with the powerful cultivation aura of the third level of Mahayana realm.

At this moment, his whole body began to expand and turned into a blue giant!

This is obviously the secret of Panwu Dharmaxiang!

Obviously, this green-robed man, as the fourth hall master, has also obtained the secret of the first level of Panwu Dharma.

The body of this green-robed man obviously contained other special bloodlines. The moment he used the Panwu method, he directly turned into a blue giant, looking very magical.

"Destroy it!"

The green-robed man roared, then waved his fist and struck towards Ye Feng.

After all, the most powerful thing about Panwu Faxiang is the terrifying brute force of the Faxiang's true form, so at this time, the man in green robe felt that his advantage was his strong cultivation.

After all, the higher the cultivation level, the more powerful and terrifying the condensed form of Panwu Dharma will be.

"Fight with me physically?"

At this time, Ye Feng had a sneer on his face, and he suddenly waved his fist and punched forward.

"Boom!!"

With a huge roar, the green giant arm of the man in green robe was directly beaten to pieces by Ye Feng.

"ah!"

The green-robed man immediately screamed, with an expression of disbelief on his face. He couldn't help but exclaimed: "How is it possible? Your cultivation level is a big level lower than mine. Why is the condensed Panwu Dharma Real Body so different?" Am I so powerful? You are just an ordinary human being, and I am a member of the Qinglong clan!"

"Boom!"

But Ye Feng was in no mood to explain anything, so he punched him hard again.

Poof!

The chest of the cyan giant transformed by the fourth master of the Gods Association was suddenly punched through by Ye Feng's second punch, and the largest blood hole appeared, penetrating his whole body.

Boom!

The huge body of the man in green robe suddenly fell from the sky and died instantly.

The fourth hall master, die!

Ye Feng plundered all the storage rings from these members of the Gods Association, and then began to devour them.

His face was still extremely indifferent. What he finally wanted to wait for was the first leader of the Gods Association, Jun Tiance!

Chapter 2150 Black River Holy Land Disciples

Just when Ye Feng killed the fourth hall leader.

A certain area in an extradimensional space.

A group of masters from the Gods Association seemed to be looking for something.

The leader was a young man dressed in white, who looked as handsome as jade.

This person is none other than the first master of the Gods Association, the peerless master, Jun Tiance! .??.??

But at this time, Jun Tiance, the first hall master, looked very unhappy.

Because a soul card in his hand actually shattered from the middle.

"The fourth hall master is dead."

Jun Tiance's tone was a little gloomy at this time.

The soul card in his hand is the fourth hall master's soul card.

The soul card is broken, indicating that the owner is dead.

Several masters of the Gods Association beside him said: "It must be Ye Feng who killed him! In this different dimension, even people from the three holy places do not dare to kill our members of the Gods Association, let alone Not to mention a noble person like the Fourth Hall Master, only that Ye Feng dared to kill the Fourth Hall Master."

But there are other masters of the Gods Association who couldn't help but say: "The fourth hall master is a strong man at the third level of the Mahayana realm. He is definitely a first-class strong man in this different dimension. That Ye Feng He is just a new inner disciple of our Qingtian Holy Land. He should not be able to kill the fourth hall master, but if he hadn't killed him, who else would have dared to kill him? Has Ye Feng grown to this point?"

At this time, a group of experts from the Gods Association were speaking, and there was a hint of fear in their tone.

"What are you afraid of!"

Jun Tiance suddenly roared, his tone extremely cold, and said loudly: "No matter how fast Ye Feng grows, he is destined to die if he encounters me!"

Hearing what Jun Tiance said, a group of other masters from the Gods Association nodded their heads.

because of him

They believe in Jun Tiance very much. Jun Tiance is not only the first hall master of the Gods Association, but also the strongest person in the entire inner sect of Qingtian Holy Land!

No matter how powerful Ye Feng becomes, he will never be Jun Tiance's opponent.

What's more, there are many other masters of the Gods Association around Jun Tiance, all of whom are at the Mahayana level.

Such a force can even sweep away some of the top powers in the Alliance Land.

After all, masters at the Mahayana realm among the first-rate powers under the three holy lands can become supreme elders or old antiques with suppressive backgrounds among the first-rate powers.

They didn't believe that such a powerful force could not control a newcomer!

At this time, Jun Tiance suddenly spoke up and asked a member of the Gods Association next to him: "Use the positioning array to find the location where the fourth hall master fell. Ye Feng, the little thief, may be there. We need to hurry up and get there." "

The member of the Gods Association next to him was an array mage. At this time, he nodded immediately, took out a golden compass from the storage ring, and then put the broken soul card of the fourth hall master into it, and began Locate the location where the fourth hall master died.

Soon he located the specific location and said loudly: "Ye Feng seems to be at the entrance of another dimension."

"What? At the entrance?"

A group of masters from the Gods Association could not help but change their expressions at this time: "It seems he wants to escape!"

Jun Tiance immediately said with cold eyes: "Hurry to the entrance! We must not let Ye Feng escape! He killed so many core members of our Gods Association and greatly damaged our Gods Association. The bottom line is that he must die without a burial place, otherwise I will not be able to explain it to the president!"

"

Swish, swish, swish!

A group of masters from the Gods Association, led by Jun Tiance, quickly rushed towards the entrance to the different dimensional space.

...

And this time.

The entrance to another dimensional space.

Ye Feng had already devoured the skills of the fourth hall leader he had just killed and a dozen other master members of the Gods Association.

Ye Feng's cultivation level instantly became much stronger.

But it still hasn't reached the point of breakthrough.

But it's close!

If Ye Feng were given the power and blood of a Mahayana master, he would be able to break through in an instant.

Next, Ye Feng continued to kill and devour the masters who passed by the entrance to another dimension and wanted to kill him.

Most of these masters are not from the three holy lands. Most of them are not from the three holy lands. Many of them are from some first-rate powerful forces in the alliance land, under the three holy lands.

However, these people wanted to chase Ye Feng, but they just wanted to die, and they were all killed by Ye Feng.

After continuous accumulation, Ye Feng finally made a breakthrough in his cultivation. He finally passed the tenth level of the Ascension Realm and entered the Half-Step Mahayana Realm!

And on this afternoon, not far from the entrance to the different-dimensional space, a group of young masters wearing noble clothes came.

Ye Feng saw the clothes of this group of people, they seemed to be disciples from other holy places.

This group of disciples are generally masters at the Mahayana realm. They wear black robes with a black river embroidered on them, as if they come from the Black River Holy Land in the Black River Region among the four major realms.

However, these disciples from the Black River Holy Land did not seem to recognize Ye Feng at the entrance. They were just passing by.

Ye Feng didn't say much about this, and he didn't take action against these people.

After all, he only wanted to kill his enemies this time.

But suddenly at this moment, a disciple in the Black River Holy Land suddenly stared at Ye Feng and couldn't help but said: "This young man looks so familiar. He is... he is the Ye Feng!"

The disciple suddenly exclaimed and continued: "I have seen his portrait! This person is Ye Feng! He is the guy who has been offered a reward by Xiao Tianshen, the president of the Green Sky Holy Land Gods Association!"

"What?"

"That boy is Ye Feng?"

"A guy who can make a big shot like Xiao Tianshen not hesitate to personally offer a reward must be very extraordinary."

"But I think he is just ordinary!"

...

At this time, a group of powerful disciples from the Black River Holy Land couldn't help but focus on Ye Feng.

Ye Feng looked at the group of people and said indifferently: "You also want to take my head to receive the reward?"

At this time, Ye Feng spoke with a cold murderous intent in his tone.

"So crazy!"

Many disciples of the Black River Holy Land couldn't help but speak out when they saw Ye Feng's words.

After all, they felt that the aura on Ye Feng was only half a step into the Mahayana realm.

But you dare to speak like this to a group of dozens of Mahayana realm core disciples of the Black River Holy Land?

It is really as arrogant as the rumors say!

At this time, several disciples from the Black River Holy Land looked at their leader, a beautiful young woman with a graceful posture in a black robe, and whispered: "Senior Sister Shangguan, this boy named Ye Feng is really too arrogant, and His head is priceless now, should we imprison him and give him to Xiao Tianshen?"
