Chapter 2151 Finally here

At this time, the disciple of the Black River Holy Land was speaking with a hint of greed in his tone.

After all, Ye Feng's current head value is too great. Even these disciples at the Holy Land level cannot resist the temptation of money.

The leader of this group of Black River Holy Land is a graceful woman in black. She is extremely beautiful, but her face is covered with frost, giving people a cold and holy feeling. She cannot be approached at will.

This woman is called Shangguan Mingyue. She is the number one person in the inner sect of Heihe Holy Land. She is a well-known young master in the entire alliance.

At this time, Shangguan Mingyue glanced at the disciple next to him who suggested it, and said loudly: "I am not short of money, why should I kill this Ye Feng to receive the reward? Xiao Tianshen does not have such a big reputation."

Obviously this Shangguan Mingyue is a very powerful person, and she doesn't even take Xiao Tianshen seriously.

Obviously, her status is very high, and she doesn't need to climb up to the dragon or the phoenix, nor does she need to please Xiao Tianshen, the leader of the younger generation in the alliance.

At this time, Shangguan Mingyue looked at Ye Feng, who was not far away, and suddenly said: "Ye Feng, you are a talented person. You are just an ordinary inner disciple in Qingtian Holy Land. It is really too unqualified. You dare to compete with other people." The fact that Shenhui and Xiao Tianshen are facing each other shows that your courage and your martial arts will are very firm. This is not something ordinary people can achieve. So now I have an idea, that is, to invite you into our Heihe Holy Land. I have the right. You can directly become a core member of our Black River Holy Land and enjoy various generous benefits, so why do you need to be ignored by everyone in the Blue Sky Holy Land?"

The moment Shangguan Mingyue finished speaking, all the disciples from the Black River Holy Land on the scene couldn't help but have expressions of surprise on their faces.

They knew that their senior sister Shangguan was a very noble figure. Even the princes of the Frost God Kingdom did not pay attention to Shangguan Mingyue and did not bother to pay attention to her.

But today I didn't expect that this Ye Feng, a seemingly ordinary young man, would actually

However, it attracted Shangguan Mingyue's attention, and even asked Shangguan Mingyue to take the initiative to invite.

This is a great treatment!

At this time, Ye Feng's eyes also revealed a look of surprise.

Originally, he thought that this group of masters from the Black River Holy Land would choose to hunt him.

But unexpectedly, it turned out that he was trying to recruit me?

Ye Feng stared at Shangguan Mingyue not far away. This woman's cultivation was very terrifying and unfathomable.

Ye Feng thought for a moment, then smiled slightly and said, "Thank you very much, Miss Shangguan, for your kindness. I have no plans to leave Qingtian Holy Land for the time being."

When Shangguan Mingyue heard Ye Feng say this, her beautiful face remained calm.

But she seemed a little unable to understand, and asked aloud: "Why? Obviously you have a better place to go, and you have come to our Heihe Holy Land. No matter how powerful Xiao Tianshen is, no matter how huge the gods are, they don't dare to enter our Heihe." Making trouble on the territory of the Holy Land."

Ye Feng smiled slightly and said aloud: "If I join your Black River Holy Land now, it means surrendering to Xiao Tianshen, because this is a sign of cowardice and running away. I don't want this. I want to face the gods head-on. With Xiao Tianshen, this is my determination and cannot be shaken."

When Shangguan Mingyue heard what Ye Feng said, some waves seemed to suddenly appear in her calm and beautiful eyes.

She was silent for a while, then nodded loudly and said: "Okay, very good, no wonder Xiao Tianshen wants to order the whole world to kill you."

After saying that, Shangguan Mingyue led a group of disciples from the Black River Holy Land and turned around to leave.

But suddenly at this moment, Shangguan Mingyue suddenly turned around and saw

Ye Feng, who was not far away, said aloud: "Why aren't you leaving? I'll tell you some news. Jun Tiance and the others are coming here. We saw them when we passed by a valley before."

Ye Feng smiled slightly and said loudly: "My purpose here is to wait for them!"

"you....."

Hearing Ye Feng's words, Shangguan Mingyue couldn't help but his eyes lit up.

The surrounding group of disciples from the Black River Holy Land had shocked faces.

This Ye Feng actually has to face the top core masters of the Gods Association alone?

And there is also Jun Tiance, the first hall master.

You know, Jun Tiance is the number one member of the inner sect of Qingtian Holy Land!

Many disciples of Heihe Holy Land cannot understand.

After all, Ye Feng didn't look as powerful as he thought.

But at this time, only Shangguan Mingyue agreed with Ye Feng and said, "You are very good. It would be great if you worshiped our Black River Holy Land."

After finishing speaking, Shangguan Mingyue led a group of disciples from the Black River Holy Land away.

Her last words came through: "If you can't hold on, you can come to our Black River Holy Land at any time. We very much welcome such talents."

After the last words fell, Shangguan Mingyue and a group of disciples from the Black River Holy Land disappeared into the distance.

Ye Feng looked at Shangguan Mingyue's beautiful back in the distance, and a smile appeared at the corner of his mouth.

This female disciple from the Black River Holy Land is quite interesting.

At this time, Ye Feng suddenly seemed to sense something. He looked not far away and found a large group of people speeding towards the ground at the end.

There were thirty or forty people in this group.

What you are wearing

Shockingly, they are all the costumes of the Gods Association!

The leader was a handsome young man wearing a white gown.

It's Jun Tiance!

"Is it finally here?"

Ye Feng looked at the group of masters from the Gods Association who were approaching quickly not far away. His smile faded, and a cold killing look appeared on his face.

Because he has been waiting for Jun Tiance and the others for too long.

boom!

boom!

boom.....

And at this time, Jun Tiance, a group of core masters from the Gods Association, finally arrived.

The moment they arrived, a group of masters from the Gods Association suddenly surrounded Ye Feng and locked him in a fixed space.

Ye Feng looked at everything around him, just smiled indifferently, and said loudly: "Don't go to such trouble, I won't run away. The reason why I have been waiting here for so long is to wait for you people!"

"Why are you waiting for us?"

Jun Tiance put his hands behind his back and looked at Ye Feng indifferently.

Ye Feng smiled slightly and said loudly: "Of course I am waiting to kill you."

Wow!

The moment Ye Feng finished speaking, a burst of sarcastic laughter erupted from the entire venue.

"Hahaha! I'm laughing so hard! How dare this kid say such a thing?"

"Waiting to kill us? Is this Ye Feng's head broken? How dare he say such arrogant words!"

"I think he probably thought he couldn't escape, so he got smart!"

"..."

At this moment, the surrounding masters of the Gods Association laughed loudly, with undisguised sarcasm and disdain in their tone.

Chapter 2152 Fierce Battle

At this time, all the masters of the Gods Association were laughing loudly, with deep ridicule in their tone.

Because they felt that Ye Feng was out of his mind when he said such arrogant words at this time.

"Perhaps this is the last cry of despair."

Some experts from the Gods Association couldn't help but speak out.

There was a sarcastic smile on his face.

"Shut up, everyone!"

But suddenly at this moment, Ye Feng suddenly roared!

"Boom!"

The terrifying and boundless momentum formed an energy frenzy, which suddenly burst out from Ye Feng's body and rolled towards the surroundings.

"Deng Deng Deng!" .??.

"Deng Deng Deng!" .??.

And almost at the next moment, the masters of the Gods Association surrounding Ye Feng were unable to resist the terrifying aura erupting from Ye Feng at this moment, and they all couldn't help but retreat towards the back.

Even some members of the Gods Association who had just broken through to the first or second level of the Mahayana Realm were almost knocked to the ground by the powerful aura erupted from Ye Feng.

"What?!"

"This kid is only half a step into the Mahayana realm, but he was able to burst out such a terrifying wave of energy that almost knocked us down!"

Almost at this moment, the sarcasm on the faces of the masters of the Gods Association disappeared, and their faces showed shock.

Because they never thought that Ye Feng could burst out with such a terrifying momentum.

"Not bad."

Jun Tiance suddenly spoke up at this time. He stood in the sky not far away, with his hands behind his back, looking at Ye Feng indifferently, and said aloud: "I didn't expect you to make so much progress in such a short period of time." , Mr. President, he is right. If you are not killed today, you will be a huge disaster to our Gods Association. Therefore, you must be killed before you return to Qingtian Holy Land, otherwise there will be endless troubles. "

At this time, Jun Tiance looked at a group of dozens of experts from the Gods Association around him, and said loudly: "You guys have set up a huge array of dragnets around you. Don't let Ye Feng escape before he dies. I'm going to take action myself, like Kill this kid, take off his head, and present it to Senior Brother Xiao Tianshen."

At this time, Jun Tiance said that a group of dozens of members of the Gods Association immediately began to form formations around them.

Ye Feng didn't care at all about the formation of these people.

He just stared coldly at Jun Tiance, his biggest enemy.

Jun Tiance, the first hall leader, was slowly walking towards Ye Feng, exuding an extremely terrifying killing aura.

Many members of the Gods Association around them couldn't help but look towards the battlefield in the middle.

Because this was even the first time for them to see Jun Tiance take action.

Jun Tiance has always been a powerful master second only to Xiao Tianshen among the gods.

"Senior Brother Jun took action personally. No matter how powerful Ye Feng is, he can only die in the end."

A group of members of the Gods Association could not help but speak out at this time.

They have huge confidence in Jun Tiance.

At this time, Ye Feng felt the powerful killing energy released from Jun Tiance, and his eyes became serious.

This Jun Tiance is indeed Ye Feng's most serious and biggest enemy now.

However, Ye Feng didn't have any fear in his heart. Instead, he was filled with a deep excitement and passion.

Because Jun Tiance is an extremely powerful being, if he can be killed, Ye Feng will receive huge rewards.

Whether it is Jun Tiance's strong skills or the wealth of Jun Tiance, the first hall master, they are no more than a treasure to Ye Feng now.

Ye Feng stared at Jun Tiance with cold murderous intent, high fighting spirit, and a hidden greed.

Jun Tiance noticed Ye Feng's complicated eyes, and he said aloud: "You seem to regard me as prey?"

Ye Feng smiled coldly and said: "Yes, you are my biggest prey in this different dimension!"

"presumptuous!"

Jun Tiance shouted loudly, feeling that he had been insulted, and a terrifying martial arts aura suddenly burst out from him.

It was a terrifying aura that transcended the Mahayana realm and was half a step beyond the realm of transcendence!

This Jun Tiance's cultivation has already reached the half-step transcendence level!

What a powerful enemy!

It is a whole level higher than Ye Feng's current half-step Mahayana realm!

But Ye Feng didn't have the slightest fear at this moment. Instead, he had a high fighting spirit and shouted: "Today we will compete! The winner will live and the loser will die!"

Boom!

At this moment, an extremely strong hurricane rushed out of Jun Tiance, making him feel like the Emperor of Wind.

"One day the roc rises on the wind and soars ninety thousand miles."

Jun Tiance let out a long groan, and his whole body turned into a big roc bird that covered the sky and the sun. It was full of unparalleled power, and he immediately started to fight towards Ye Feng. His claws were like the strongest in the world. Made of divine iron, it can break everything.

This Jun Tiance turned out to be a member of the Dapeng clan among the ancient evil beasts. He had the blood of the Dapeng clan flowing through his blood. He was an emperor with the wind attribute and was extremely fast, like lightning.

At this time, the roc bird that Jun Tiance transformed into grabbed it. Not only did it have iron claws, but there were countless hurricanes surrounding its body, which could tear everything apart.

It has to be said that this Jun Tiance is extremely terrifying, frighteningly powerful, and has a killing move right from the start, seemingly not wanting to leave any room for Ye Feng.

"So what about the Dapeng clan? I'm going to beat you right up to the point of shrinking your head!"

Ye Feng laughed out loud at this time.

Without any fear or dodge, he directly displayed his Panwu Dharma and turned into a giant. The Emperor's Sword appeared directly in his hand. The giant bronze sword directly faced the Dapeng rushing forward. Kill him and go away.

"Boom!!"

A terrifying collision sound suddenly sounded.

The next moment, at the entrance to the entire different-dimensional space, the space cracks were trembling violently, as if they were about to collapse.

The surrounding mountains and earth were all shattered into pieces, shaken and turned upside down by the horrific aftermath of the collision.

Even the dozens of masters of the Gods Association who were watching around them suddenly changed their expressions at this moment and retreated one after another. If they did not retreat, they might be directly sucked into the aftermath of the collision and be crushed instantly.

"when!"

At this time, Ye Feng held a bronze giant sword in his hand and struck Jun Tiance's claws, and the two ended up in a stalemate.

"You are indeed good, but you will still die in my hands!"

The roc bird made the sound of Jun Tiance in its mouth, and then opened its mouth and spat out, a terrifying hurricane light wave suddenly hit Ye Feng, trying to crush Ye Feng completely. .??.

"Frost Dragon Technique!"

At this time, Ye Feng directly displayed the powerful inheritance of the Frost God Kingdom, and his whole body directly transformed into a giant frost dragon. The majestic dragon body was majestic and boundless, and its ferocious aura soared into the sky!

"Boom!"

The frost dragon that Ye Feng turned into directly hit the roc bird hard.

A terrifying force exploded, and the majestic Dapeng was suddenly hit and knocked backwards for several kilometers.

"cough!"

Jun Tiance turned into a human again and coughed up some blood from his mouth.

With a look of shock and anger in his eyes, he stared at Ye Feng not far away, and couldn't help but said: "You actually practiced the inheritance of the Kingdom of Frost God? How is this possible! It is impossible to teach the Frost Dragon Technique to Someone outside the royal family!"

After Ye Feng struck, he turned into a human form, smiled coldly, and said: "Nothing is impossible in the world!"

Jun Tiance's eyes were extremely gloomy, then he smiled ferociously and shouted: "Then I will have to burn my Dapeng divine blood and kill you instantly!"

"Solar fission!"

"Eternity is empty!"

boom! !

At this time, Jun Tiance suddenly displayed a terrifying and boundless killing technique.

Above his head, in the boundless void, a golden sun appeared. A solar flare unexpectedly appeared, causing the entire sun to fission. In an instant, the endless light of the sun and thousands of flames were all The impact came down, burning the whole world clean.

And after Jun Tiance unleashed this extremely terrifying set of secret techniques of destruction,

A flaming sword instantly appeared in his hand.

"Repair my battle sword and kill for nine days!"

"Killing one is a crime, but killing ten thousand is a hero!"

"I will kill Yama with one sword!"

Boom! !

The battle sword in Jun Tiance's hand immediately erupted with an earth-shattering killing light, followed by the infinite flames produced by the fission of the sun.

This time, Jun Tiance used two terrifying inheritances in succession, which almost exhausted all his power. However, it produced a terrifying power that seemed to destroy the world. He wanted to kill everything, and the world would be changed!

Facing the infinite terrifying and destructive power falling from the sky.

At this time, Ye Feng's eyes also burst out with two terrifying rays of light.

He stood tall and straight on the earth, looking at the energy descending from the sky that seemed to destroy the world. His black hair danced wildly in the cold wind, and his resolute face was filled with a crazy fighting spirit.

"Today I will let everyone in the world know that those who want to kill me will only die. Even the Association of Gods will be destroyed by me!"

Ye Feng roared loudly, and a terrifying power aura erupted from his body in an instant.

"Wind God Jade Pendant! All the divine power is on me!"

"Djinn Ancient God Tower! Inspire me with all your strength!"

Boom!

Almost at this moment, with the blessing of all the divine power in the Jade Pendant of the Wind God, Ye Feng transformed into the appearance of Panwu God, and his whole body erupted with blue divine light. His combat power increased in an instant. How many.

Then Ye Feng held the Giant Spirit Ancient God Tower in his hand and directly and crazily stimulated the power of this ancient artifact.

"Boom!"

The terrifying power of the artifact was suddenly inspired crazily by Ye Feng.

At this moment, around the Giant Spirit Ancient God Tower, countless phantoms of gods suddenly appeared, and demon gods were roaring and roaring. It seemed that the true foundation inside the Giant Spirit Ancient God Tower was inspired, exuding a feeling of the fall of gods. , the terrifying ancient charm of the demon's wail.

At this moment, all Ye Feng's power burst out through the Giant Spirit Ancient God Tower, and instantly collided with the terrifying energy frenzy coming down from high in the sky.

The terrifying blazing light of sun fission released by Jun Tiance was completely shattered by the impact of the Giant Spirit Ancient God Tower in an instant. The war sword in his hand immediately collided with the Giant Spirit Ancient God Tower. .

"Boom!"

A more terrifying collision than before was heard. It was simply earth-shattering. Countless energy light waves spread and exploded crazily around, penetrating the entire sky and the earth, and shaking the entire small world of another dimension to the point of collapse. .

This is an extremely violent battle!

Earth-shattering!

The universe is shattered!

At this time, both of them were obviously trying their best, and the power they unleashed shocked the many masters of the Gods Association who were watching around them to the point where their eyes trembled and their souls trembled.

Chapter 2153 The Strongest Form

Rumble...

An extremely terrifying collision sound erupted high in the sky, and everyone retreated crazily, fearing that it would harm Chi Yu.

At this time, as the afterglow of the collision dissipated, two figures appeared.

It was Ye Feng and Jun Tiance.

However, the clothes on both of them were a little torn at this time, and they obviously felt like they were both losing.

At this time, Jun Tiance stared at Ye Feng with a seemingly incredible look in his eyes, and couldn't help but said: "How is it possible that you can even resist my two most powerful moves? Even if

you Even if you secretly learned the first-level inheritance of Panwu God, it is impossible to have such a powerful power. Is that giant tower in your hand really an ancient artifact? "

Ye Feng smiled coldly at this time and said aloud: "I ruined the plan of the supreme Xiao Tianshen in your eyes. It was supposed to be his ancient artifact, and of course it was in my hands. You didn't even realize this. You dare to come after me, you are really stupid!"

"Boom!"

The moment Ye Feng finished speaking, he stopped talking nonsense and once again activated the power of the powerful ancient artifact in the Giant Spirit Ancient God Tower, and instantly rushed towards Jun Tiance in front of him.

The Giant Spirit Ancient God Tower is now the most powerful treasure on Ye Feng, a treasure that surpasses supreme-level weapons.

"The true form of the sun!"

At this time, Jun Tiance once again used his most powerful method, which was an inheritance about the sun above the nine heavens.

It is said that the ancient roc flew out of the sun and had the same origin as the golden crow. Now it seems that this legend is true.

Because Jun Tiance possesses an extremely strong aura of the sun, he even used the sun above the nine heavens just now to launch the terrifying and destructive move of solar fission.

At this time, Jun Tiance displayed the True Body of the Sun, which was a brand new form of Dharma.

"Boom!"

In an instant, Jun Tiance's entire body burst out with the bright light of the sun, and the golden light enveloped him. At this time, his whole body seemed to be cast by the sun, condensed with the extremely powerful essence of the sun. The whole person is like the sun above the nine heavens

Connected together, the light of the blazing sun is endless, like turning into a sun god, looking very powerful.

At this time, Jun Tiance's aura had swelled to an extreme. This was his last terrifying and ferocious attack.

"Ye Feng, you humble flea is destined to die!"

"Destroy it! The Eight Desolate Suns! The Light of the True Dragon! The Great Sun Primordial God! Burn the light waves!"

Jun Tiance roared loudly, and suns suddenly appeared on his body, emitting monstrous golden light.

Then these rays of light formed an endless true dragon of the sun. The dragon's body was extremely majestic and vast, and the dragon scales on its body were like pieces of red-hot iron. The dragon's head was extremely huge, blooming with the light of the sun, roaring and roaring. , bombarding Ye Feng crazily, as if to destroy everything.

"Ye Feng! With this move, I burned the sun essence and blood in my body! Although it may cause huge damage to me, being able to kill you makes it all worth it! You will die in my hands soon! Die in In the endless flames of the angry sun dragon!"

Jun Tiance roared loudly at this time, and every word was filled with earth-shattering power, as if he could judge the fate of everything.

Boom!

The extremely terrifying True Dragon of the Sun, burning with monstrous flames, descended from the sky in an instant, like the falling sun, capable of smashing everything. The scene was extremely shocking and frightening, earth-shattering, destroying the wilderness, and truly unstoppable for all eternity. A terrifying apocalyptic scene.

"Buzz!"

The Sun Dragon had not yet set. At that moment, Ye Feng felt that the void around him was on fire, and his entire body seemed to be burning from the inside out.

Even the Giant Spirit Ancient God Tower was shaking crazily at this time, as if it was about to leave Ye Feng.

"Can't retreat!"

"This is the final blow!"

"

"The winner lives, the loser dies!"

Ye Feng's eyes became firmer than ever at this time.

He stepped on the ground, and at this moment all the power in his body was surging.

The fighting spirit in him was extremely high, and all his methods were used crazily at this moment.

"The ancient divine ring! Bless your combat power!"

boom! boom! boom!

Brilliant divine halos immediately appeared around Ye Feng and lit up, giving Ye Feng crazy blessings with increasingly terrifying combat power.

"The law of heaven and earth! Immortal golden body!"

The next moment, Ye Feng once again displayed his seventh talent awakened by practicing the Divine Art of Creation, the law of heaven and earth. Based on the law of Lord Panwu, his whole body was once again blessed with an immortal golden body, and his whole body became More powerful and terrifying.

"Frost Dragon Technique!"

At the end, Ye Feng once again used the Frost Divine Kingdom's inheritance of ruling the country, the Frost Dragon Technique.

On the basis of the Panwu God and the immortal golden body, he suddenly turned into a giant dragon. This time it was not a frost dragon, but an extremely majestic golden dragon. It mutated directly and became even more powerful. Terrifying and powerful.

"Boom!"

Dragon Roar Nine Heavens, Ye Feng transformed into the unique and strongest form, the golden dragon!

The golden dragon charged towards the sky crazily, and collided fiercely with the real sun dragon that fell from the sky. It was a head-on collision, the tip of the needle was facing the wheat awn, there was no illusion, it was just hard!

"Boom!!!"

An earth-shattering roar that shook the world instantly resounded throughout the entire field.

Countless violent and destructive aftermaths spread towards the surroundings in an instant.

"Kacha kacha kacha..."

The entire earth and sky were shattered, and the space cracks at the entrance to the different-dimensional space disintegrated in an instant. Void turbulence appeared, the sky collapsed, the earth cracked, and the void collapsed.

There was no light from the sun and the moon, the eight wastelands were shattered, and the scene looked extremely terrifying.

Dozens of experts from the Gods Association who were watching from a distance trembled violently when they saw this scene.

This kind of terrifying power made them, a group of experts, feel frightened.

"ah!"

Suddenly at this moment, a fierce scream suddenly sounded from high in the sky.

At this time, the True Sun Dragon displayed by Jun Tiance was shattered by the collision, and his chest was pierced by one of the claws of the golden dragon transformed by Ye Feng.

"No!!!"

Jun Tiance roared in pain, and struck the golden dragon in front of him with a crazy palm.

"Bang!"

The golden dragon was knocked away, fell to the ground, and instantly transformed into Ye Feng's human form.

But at this time, Ye Feng did not suffer any damage, he was simply knocked away.

But at this time, Jun Tiance's chest had been pierced by the metal-like golden dragon claw just now, and he suffered incurable injuries.

"Die!"

Ye Feng did not hesitate at this time, and pursued the victory. The chaotic body burst out with powerful force, kicked the ground violently, and instantly shot straight into the sky like a cannonball. In an instant, he came in front of Jun Tiance, and in the panic of the other party In his gaze, Jun Tiance was torn in half from the middle, and the sky was stained with blood!

This scene is bloody, but very shocking!

The first leader of the Gods Association, Jun Tiance, died!

"Senior Brother Jun!!!"

A group of dozens of masters from the Gods Association below saw Jun Tiance being torn in half, and they couldn't help crying and yelling.

"You will die too!"

At this time, Ye Feng directly slapped down the palm from high altitude, and Pan Wu's big hand came down instantly. With a "bang", a huge palm print was made on the entire earth, covering a radius of several kilometers. The masters of the Shenhui were instantly broken into pieces and scattered on the ground.

Chapter 2154 The Supreme Elders Group

At this time, the entire entrance to the different-dimensional space was devastated, and the entire land was reduced to ruins.

The breath was extremely brutal.

But at this time, there was only one person left standing in the ruins, and that was Ye Feng.

Ye Feng looked at the corpses on the ground at this time, his eyes filled with a deep look of iron-blooded killing.

He felt extremely happy at this time.

Because this time the foundation of the Gods Association was completely shattered.

Not only did countless core masters of the Gods Association die.

Even the first hall leader Jun Tiance was killed by Ye Feng.

Ye Feng did not hesitate at this time and directly released the Devouring Domain.

"Boom!" .??.

A dark and boundless devouring domain spread directly from Ye Feng's body, covering the entire field.

At this moment, huge streams of blood essence and skill were absorbed in an instant and poured into Ye Feng's body.

At this time, Ye Feng was devouring all the core members of the Gods Association, all of whom were masters among masters, elites among elites, especially Jun Tiance, the first hall leader, a half-step transcendent level existence, provided by The energy is even more terrifying.

Ye Feng's aura instantly began to break through quickly.

"Boom!"

At this moment, with the help of huge energy, Ye Feng's cultivation level directly broke through the bottleneck of the half-step Mahayana realm, and completely stepped into the first level of the Mahayana realm!

But this is far from enough, only a small part of the devoured energy is consumed.

"Boom!"

Ye Feng once again broke through the momentum.

The second level of the Mahayana realm!

"Boom!"

The third heaven of Mahayana realm!

"Boom!"

The fourth level of the Mahayana realm!

It was only then that Ye Feng's cultivation slowly stopped.

"Cool!"

Ye Feng woke up from the breakthrough state at this time, opened his eyes, and couldn't help but roar.

This time he not only destroyed a large part of the foundation of the Gods Association, but also swallowed up the power of the Gods Association for his own use, allowing himself to break through to a higher level.

Second-rate.

This made Ye Feng feel extremely happy.

It can be said that from the beginning to now, this is the time when Ye Feng faced the Gods Association and won in a real sense.

This time Ye Feng still wanted to thank the Dark King. If the Dark King hadn't seriously injured Xiao Tianshen, Xiao Tianshen might have come to capture him personally, and he might not have had a chance.

Next, Ye Feng searched out the storage rings from all the members of the Gods Association.

Especially the storage ring of Jun Tiance, the first hall master, Ye Feng checked it carefully.

Immediately he discovered a secret book of inheritance.

What is recorded in this inheritance secret book is the powerful and special sun inheritance that Jun Tiance has displayed before.

Ye Feng flipped through it and found that this book about the inheritance of the sun included three powerful killing techniques, namely "Solar Fission", "Sun True Body", and "Sun True Dragon".

Ye Feng has seen these three moves before, and they are very powerful. If it weren't for Ye Feng's powerful trump card, others might have died long ago.

However, these inheritances about the sun seem to require the blood of the sun to be displayed. Even if others get this inheritance secret book, they will not be able to practice it.

But this does not exist for Ye Feng.

Because Ye Feng practices the Chaos Heavenly Emperor Technique, his bloodline is the supreme chaotic bloodline, which can fuse the power of any attribute in the world, and can also become the power of any attribute in the world.

Therefore, he can practice the inheritance of various attribute energies.

The conflict between different attribute energies does not exist for Ye Feng.

So at this time, Ye Feng obtained the three terrifying killing techniques of Sun Heritage, and his face suddenly showed a look of joy.

Because there are not many killing techniques in Ye Feng now, and the martial arts inheritance he learned before is almost out of date, and he is gradually unable to keep up with Ye Feng's breakthrough in cultivation.

This time, I just got these three terrifying killing techniques from Jun Tiance, which can solve the urgent need and allow Ye Feng to display his current abilities.

The terrifying combat power of a powerful realm.

Ye Feng believed that the Sun Heritage killing technique he had unleashed with the power of chaos was probably even more powerful and terrifying than the original owner, Jun Tiance.

Next, Ye Feng looked at the storage rings of other members of the Gods Association, and did not find anything particularly amazing. However, there were still some treasures and equipment. Although Ye Feng could not use these things himself, he asked him to put them all in After getting it

into your own storage ring, you can then return to Qingtian Holy Land to sell and exchange what you want in the trading market.

Next, Ye Feng no longer guarded the entrance to the different dimensional space.

Because the battle just now must have attracted the attention of many superpowers.

Moreover, Ye Feng's purpose of this trip has been completely achieved.

So now, just to be on the safe side, he directly left the extra-dimensional space and returned towards the Blue Sky Holy Land.

This time Ye Feng experienced in a different dimension, killed many strong men, and collected a lot of wealth and treasures. After returning to the Blue Sky Holy Land, he could exchange for many things he wanted in the trading market, such as promotion and increase. The panacea of skill, the treasures of heaven and earth, and so on.

So at this time, Ye Feng thought about it and decided to return to Qingtian Holy Land.

In any case, Ye Feng knew that it would be safer to return to Qingtian Holy Land than to stay outside.

Because the Blue Sky Holy Land also has its own master, Leng Qingxue, the master of the Temple of Destiny, and Senior Wind God of the Wind Temple behind Wind Spirit.

These powerful elders can protect themselves in the Holy Land.

On the way back to the Holy Land, Ye Feng had a lot of thoughts. This time he came out and experienced too much and grew up too much.

Ye Feng felt that without the pressure of the Gods Association, perhaps with his current cultivation level, he would definitely be able to obtain the position of an inner sect elder after returning to the Holy Land.

But with the gods here, and with Xiao Tianshen, the number one enemy, he would probably still be targeted when he returned to the Holy Land.

But Ye Feng doesn't care about being targeted, because whoever dares to target him will be killed by him, and then his wealth and skills will be plundered.

The reason why Ye Feng did not agree to go to Shangguan Mingyue in the Black River Holy Land before

Heihe Holy Land is because Ye Feng does not want to admit defeat.

Wherever you fall, you get up.

Ye Feng must one day avenge the shame Xiao Tianshen gave him before!

...

Three days later, Ye Feng returned to Qingtian Holy Land.

But just at the moment when he stepped into the holy land area.

"boom!"

"boom!"

"boom!"

Three extremely powerful old men arrived in an instant and surrounded Ye Feng.

Ye Feng saw that the clothes the old man was wearing turned out to be the clothes of the Supreme Elder.

The Supreme Elder of Qingtian Holy Land is definitely a noble figure in the Holy Land. He is an existence that suppresses a Holy Land. He is an antique.

But I didn't expect three to appear at once!

Ye Feng's eyes were a little curious and he couldn't help but ask: "The three supreme elders suddenly came. Is there something wrong?"

A supreme elder wearing a white robe said coldly: "Ye Feng, the supreme elders are in the central hall of the Holy Land at this moment. They want to summon you. Please follow us to the central hall of the Holy Land."

The Supreme Elders Group?

Summon yourself?

Ye Feng's eyes immediately showed deep doubts.

He didn't know what was going on.

But Ye Feng secretly guessed that it might be related to the fact that he killed all the members of the Gods Association in another dimension. After all, the members of the Gods Association were also disciples of the Blue Sky Holy Land.

However, these three supreme elders are impressively beyond the Mahayana realm, and even exist in the immortal realm beyond the transcendent realm, second only to the legendary supreme realm.

So at this time, Ye Feng nodded slightly and did not resist, but said: "Okay, I will go to the central hall with you."

Now he is not outside, but in the Holy Land. Ye Feng also has his own strong guardians behind him, and he also has a killing sword demon, so Ye Feng is not very afraid at this time and directly follows the three Supreme Elders to the court. Walking towards the main hall in the center of the Holy Land, he wanted to see what these Supreme Elders suddenly wanted to do with him.

Chapter 2155 Ruling

At this time, the three powerful Supreme Elders led Ye Feng towards the central hall of the Holy Land without saying a word.

They soon arrived at the central hall and walked in.

The moment Ye Feng walked into the hall, he immediately saw that the top of the magnificent hall was already full of people.

There were a dozen people in total, all of them elderly.

However, although these old men look extremely old and decayed, it seems that they will be buried in the next moment.

But this is just an appearance. .??.

Every old man exudes a vigorous and boundless aura, full of huge momentum.

These old men are not corrupt people at all, but extremely powerful beings.

Obviously, this group of old people are all members of the Taishang Elder Group.

At this time, they were sitting directly above, staring at Ye Feng who had just walked in.

Some of the looks from these Supreme Elders were curious, some were cold, and some exuded an undisguised murderous intent.

Buzz!

You know, these supreme elders are all extremely powerful beings.

Their gazes also produced huge coercion in an instant, falling on Ye Feng, as if they wanted to give Ye Feng a blow.

"Buzz!"

But who is Ye Feng?

He has the Soul Stone in his mind.

He also has the evil eyes of the Dark Emperor.

Therefore, the pressure of momentum and soul had no effect on Ye Feng at all.

At this time, Ye Feng held his head high and his body tall, and slowly walked to the middle of the hall, without being affected at all by a group of pressure-filled eyes.

Ye Feng's eyes did not show any fear, but were extremely calm. He looked at all the Supreme Elders in the entire central hall and asked aloud: "Supreme Elders, is there anything important to do in summoning the disciples?"

If it were in the past, Ye Feng might have been a little frightened when facing such old monsters at the level of supreme elders.

But now, Ye Feng's cultivation has been greatly improved, and he has various powerful powers.

With his trump card, he was able to have a calm conversation with these supreme elders without the slightest hint of timidity.

"presumptuous!"

A Supreme Elder in black robes suddenly yelled: "A little inner disciple saw our Supreme Elder and why didn't he kneel down and salute!"

Ye Feng's face suddenly showed a hint of coldness, he stared at the black-robed Supreme Elder, and said loudly: "There has never been any rule in the Holy Land that says you have to kneel down and salute when you meet the Supreme Elder. You are taking advantage of this." Is your identity deliberately putting pressure on me? I guess you are a member of the Gods Association."

"you.....!"

Hearing what Ye Feng said, the Supreme Elder's face suddenly stiffened and he was speechless for a moment.

"alright."

Suddenly the old man sitting in the middle spoke up and said slowly: "Let's get down to business."

At this time, the old man looked at Ye Feng and said loudly: "We received a report from the disciples of the Gods Association. Ye Feng, did you kill my fellow disciples at the entrance to the different dimension space? It was extremely cruel. Is there such a thing? What's going on?"

When Ye Feng heard this, he secretly thought, "Sure enough!"

This time the Taishang Elders summoned him, it must have been the work of the Gods Association. The purpose was to use himself to kill so many core masters of the Gods Association in another dimension and sanction him through the rules of the Holy Land.

Because Xiao Tianshen, the president of the Gods Association, is currently in seclusion due to serious injuries.

These members of the Gods Association saw that Jun Tiance died in their own hands. They could no longer kill themselves with force, so they used the rules of the Holy Land to punish themselves and put themselves to death. Or imprison yourself and wait for Xiao Tianshen to come out.

Ye Feng naturally does not want to be punished, because once he is imprisoned in the prison of Qingtian Holy Land, he may not be able to improve his cultivation in the future.

After Xiao Tianshen successfully recovered from his injuries and came out of seclusion, he had not made any progress and would definitely die.

So at this time, Ye Feng immediately stared at the Supreme Elder at the top, and said in an extremely firm tone: "I did do this, but I didn't do anything wrong, because it was the gods who met those People first thought of killing me. I was taking the initiative to defend myself. Isn't this considered a violation of the rules of the Holy Land? If this is considered a violation of the rules of

the Holy Land, then all of us in Qingtian Holy Land will be treated as if they are being pursued by enemies. This is a shame for the Holy Land! So I took the initiative and killed all the powerful enemies. I should be praised, not punished!"

"fart!"

The black-robed elder from before immediately yelled: "Young bastard Ye Feng! You are using strong words! No matter what the circumstances, you killed so many of our fellow disciples in Qingtian Holy Land at once. In my opinion, you are a wolf's ambition! It must be done Get sanctioned!"

At this time, the black-robed elder immediately said to the old man sitting in the middle: "Great Elder! Please punish this Ye Feng! Even if you don't kill him, you must lock him in the heavenly prison of the Holy Land. Otherwise, We can let him kill at will outside, otherwise our Qingtian Holy Land may be destroyed because of this!" .??.

Obviously, this black-robed elder must be a member of the Gods Association, so he keeps speaking for the Gods Association.

The old man sitting in the middle is the great elder among the Supreme Elders. He has the power to make decisions and has a very high status.

At this time, Ye Feng stared at the great elder in the middle and said loudly: "Great Elder, everything I said is true. This black-robed elder should be a lackey of the Gods Association, so he speaks like this."

A lackey of the Council of Gods?

At this time, Ye Feng said this in public, the black-robed elder couldn't help but immediately changed his face, and then his eyes were filled with deep anger, and a powerful and unparalleled aura suddenly burst out from his body, directly facing him. Ye Feng rushed over: "Young brat! You're so arrogant! This elder is going to kill you directly!"

This black-robed elder is one of the Supreme Elders. His cultivation level is extremely terrifying and he is in the realm of immortality.

At this moment, Ye Feng actually felt like he was about to be blown upside down in a violent storm.

have to

It is said that the Taishang Elders Group, as the existence that suppresses the entire Qingtian Holy Land, is very terrifying.

At this time, Ye Feng was preparing to call out the Killing Sword Demon and decided to fight to the death.

"sit down!"

Suddenly at this moment, the Great Elder spoke up.

An invisible big hand pushed the angry black-robed elder back to his seat.

The Great Elder said: "Ye Feng's murder of his fellow sect is indeed a serious violation of the sect's rules, but what Ye Feng said is right. It was the group of people from the Gods Association who wanted to hunt down Ye Feng first. I also heard a little bit about it..."

When Ye Feng heard this, his eyes moved slightly, guessing how the Great Elder would judge next.

Buzz!

Suddenly at this moment, an extremely terrifying aura suddenly appeared in the entire hall.

In the mid-air of the main hall, a figure composed of spiritual light suddenly appeared.

That was clearly Xiao Tianshen!

"It's Xiao Tianshen's divine light clone!"

Ye Feng's eyes were startled.

Unexpectedly, Xiao Tianshen was able to create a clone while he was in seclusion after being seriously injured.

At this time, Xiao Tianshen's clone stared at Ye Feng coldly, then looked at the Great Elder at the top, and said loudly: "Great Elder, my master, the Holy Lord, once gave me a destiny token. As long as I hold it in my hand, Holding this destiny token, I have a chance to judge anyone in the Holy Land. Now I want to judge Ye Feng. This time he killed so many fellow disciples. His crime is extremely heinous. He must be abolished immediately and deprived of him. All his cultivation has turned him into a useless person and exiled him to the wilderness of the frontier to fend for himself!"

Wow!

The moment Xiao Tianshen's voice fell, the expressions of all the Supreme Elders in the entire hall suddenly changed.

Even the great elder had a look of shock on his face at this time.

Unexpectedly, Xiao Tianshen has a destiny token in his hand. Even if he is the eldest elder among the Supreme Elders, he cannot disobey Xiao Tianshen's ruling at this moment!

Chapter 2156 Let out a bad breath

At this time, the atmosphere in the entire central hall was extremely solemn.

Because Xiao Tianshen's clone appeared, he actually ordered Ye Feng to abolish his cultivation level.

This made many elders present couldn't help but change their expressions.

Because to these Supreme Elders, Ye Feng is considered a talent in the Holy Land, a new disciple with a bright future.

This time, the Supreme Elders summoned Ye Feng not to destroy Ye Feng, because it was a huge loss to the Holy Land. They just wanted to beat Ye Feng and make Ye Feng not so arrogant in the future.

So not all the Supreme Elders are on the side of the Gods Association.

Especially the Great Elder, who was originally planning to announce a month of confinement for Ye Feng.

But what I never expected was that Xiao Tianshen's clone would descend directly into the central hall. .??.

Moreover, Xiao Tianshen also has a destiny token in his hand, which can determine a person's fate. This was given to Xiao Tianshen by the Holy Lord back then.

So at this time, Xiao Tianshen holding the destiny token in his hand is equivalent to the majesty of the Holy Lord.

Even the Great Elder didn't know what to do at this time and could only choose to listen to Xiao Tianshen.

At this moment, I saw that the elders were silent.

Ye Feng became extremely cold, stared at Xiao Tianshen, and said loudly: "Xiao Tianshen! I didn't expect your calculations to be so deep."

Xiao Tianshen looked at Ye Feng at this time, his eyes full of murderous look, and said loudly: "I didn't expect that you, a humble ant-like thing, could reach this level today, but that's the end of it."

Ye Feng laughed loudly at this time and said: "You want to judge my fate with just a token in your hand. Don't you think it's ridiculous?"

After saying that, Ye Feng turned around and walked towards the outside of the hall, not bothering to pay attention at all.

"You are presumptuous!"

look

When Ye Feng turned around and left, Xiao Tianshen's clone immediately shouted: "Since you are so arrogant! Then I won't let the Great Elder judge you today, I will kill you with my own hands!"

Boom!

Even if Xiao Tianshen was just a clone, it was extremely terrifying. At this moment, extremely powerful power burst out from his body, forming a rolling frenzy and rushing towards Ye Feng.

Ye Feng turned around in an instant, laughed loudly and said: "Xiao Tianshen! If you come here, maybe I will give in, but you want to kill me with a clone? I am no longer able to do that in the past. That weakling is at your mercy!"

Boom!

Almost at this moment, Ye Feng's body also burst out with a powerful and terrifying energy aura, which instantly collided with Xiao Tianshen, and even shattered Xiao Tianshen's power craze.

"Oh? You are so powerful now? Then I can't keep you! Even if I am just a clone now, I still have one-tenth of my cultivation power. I can kill you, who is no more than the fourth level of the Mahayana realm. The boy is more than enough!"

Xiao Tianshen shouted loudly: "Destroy the God!"

This clone of him actually directly performed an extremely powerful technique of destruction and killing.

"Boom!"

A terrifying wave of destructive light instantly burst out from Xiao Tianshen's clone, like the torrent of the times, shattering the void and directly defeating Ye Feng.

"Wind God Curse!"

At this moment, Ye Feng immediately displayed the powerful inheritance from the elder of the main clan of the Wind God Clan that he had received before.

A terrifying spell power, exuding a mysterious blue light,

All of a sudden, it struck out from Ye Feng's body, instantly trapping the God-destroying beam of destruction released by Xiao Tianshen's clone in the void, and then annihilated it instantly.

"That old guy from the Wind God Temple actually taught you all the secrets of the Wind God Clan!"

When Xiao Tianshen saw this scene, he immediately recognized that this was the powerful inheritance of the Wind God Clan, which contained very rich power of the Wind God.

What he didn't know was that Ye Feng had plundered this Wind God Curse from an elder of the Wind God clan.

Ye Feng didn't bother to explain at this time, because he wanted to take the initiative directly now.

If it was Xiao Tianshen himself who came, then Ye Feng would not take risks now. .??.

But this is just a clone of Xiao Tianshen. For the current Ye Feng, he can kill fiercely.

Just in time to kill this clone of Xiao Tianshen, let out a fierce breath!

"The true form of the sun!"

At this moment, Ye Feng displayed the powerful inheritance dropped after killing Jun Tiance, the inheritance about the sun.

Buzz!

At this moment, Ye Feng's body suddenly shone with infinite golden brilliance. The sun even appeared in the sky outside the hall and shot down a golden sun beam, which shone on Ye Feng's body, making Ye Feng The wind turned into a sun god, and the terrifying essence of the sun flowed endlessly, providing Ye Feng with extremely powerful energy.

Xiao Tianshen's eyes were startled, and he said aloud: "This is Jun Tiance's inheritance! You actually learned it? This is impossible! Only the ancient Dapeng clan or the Golden Crow clan have the true blood of the sun flowing in their bodies, and they can practice this kind of sun inherited!"

Ye Feng was surprised when he saw Xiao Tianshen, and he immediately laughed heartily and said: "Xiao Tianshen! I see how arrogant you are, it is unpredictable! It turns out that you will be surprised too!

You will be afraid too! "

Boom!

At this moment, Ye Feng, in his current true form of the Sun, directly used the set of terrifying attacks of the True Sun Dragon!

"boom!!"

Almost at the next moment, Ye Feng's body, the endless light of the sun, directly condensed into a huge real dragon. First, a majestic dragon head appeared, and then the entire majestic dragon body condensed out, and the whole body was covered with... The densely packed crimson dragon scales, like red-hot iron sheets, roared and rushed out of Ye Feng's body, filled with unparalleled burning power and destructive power.

"Boom!"

The terrifying True Sun Dragon struck in front of Xiao Tianshen's clone next time and directly penetrated Xiao Tianshen's clone.

Xiao Tianshen's clone was burning rapidly at this time.

"good very good....."

Xiao Tianshen's clone, who was burning, suddenly became extremely gloomy.

He stared coldly at the high-spirited Ye Feng in front of him, and said aloud: "How dare you kill my clone? You are too courageous! Okay! Then I will come out of seclusion immediately and kill this arrogant boy like you." Obliterate! No one can stop me!"

The moment Xiao Tianshen's clone finished speaking, the entire clone was burned and destroyed by the True Sun Dragon.

But the moment the clone is destroyed.

"boom!"

An extremely terrifying coercion, enough to make anyone fearful, erupted from the Gods Association mansion not far from the central hall in an instant.

That's when Xiao Tianshen's true form left seclusion!

Ye Feng's eyes also changed slightly at this time. Unexpectedly, Xiao Tianshen himself came out of the serious injury retreat directly.

Chapter 2157 Magic Stone

Buzz!

At this moment, the incomparable aura of terror was like a roaring sea, surging out from the territory of the Gods Association not far away and attacking in the direction of the central hall.

At this time, everyone present couldn't help but change their eyes, because Xiao Tianshen's true form actually came out of seclusion, and seemed to directly suppress Ye Feng.

"It seems that this Ye Feng killed Xiao Tianshen's clone and completely angered Xiao Tianshen. Even if Xiao Tianshen has not recovered from his serious injuries, he wants to leave the seclusion immediately and kill Ye Feng instantly."

At this time, many of the Supreme Elders in the central hall could not help but speak out.

What shocked them the most was that Xiao Tianshen's current cultivation aura was actually faintly suppressing them.

You must know that this group of supreme elders know that although Xiao Tianshen is the number one young person in the entire Four Domain Alliance, he is still far behind the level of their supreme elders.

But now it seems that this gap is gone, and Xiao Tianshen's cultivation aura is still suppressing them faintly.

That is to say.

"Has Xiao Tianshen broken and then stood up, and broken through again? Has he surpassed the immortal realm and entered the supreme realm?"

At this time, the eyes of several Supreme Elders changed slightly.

To put it this way, this Xiao Tianshen is really a proud man of heaven. Although he encounters heavy losses and dangers every time, he can survive and become stronger, and his methods are more mysterious and terrifying.

"No wonder the Holy Master loves Xiao Tianshen so much. Not only is Xiao Tianshen the Holy Master's disciple, but his peerless cultivation talent is enough to amaze anyone."

Even the Great Elder couldn't help but shake his head and sigh at this time.

In their opinion, although Ye Feng was considered a peerless genius and quickly rose to prominence among the new disciples, compared with Xiao Tianshen, he was still far behind.

Xiao Tianshen is the ultimate king.

"Buzz!"

At this time, a terrifying power and aura descended in front of Ye Feng in an instant.

At this moment, Ye Feng immediately felt that two huge mountains seemed to be suppressed on his shoulders, which was extremely heavy.

"Crack, click, click..."

At this time, the ground under Ye Feng's feet began to break.

From this, you can imagine how terrible pressure Ye Feng was under at this moment.

Ye Feng's eyes were still extremely cold at this time, staring not far away.

At this time, a space crack appeared in the sky not far away, and an extremely tall figure, like a young emperor, appeared.

It's Xiao Tianshen!

And he is the real one!

Xiao Tianshen's body was filled with unparalleled coercion. He stood there like an immortal monument between heaven and earth, full of overwhelming momentum, giving people a sense of majesty that could not be looked directly at.

At this moment, Xiao Tianshen stared at Ye Feng below, like an emperor looking down at the ants, and said loudly: "Now that I'm here, I want to pronounce your fate, that is, to deprive you of your cultivation. Become a useless person and fend for yourself in the wilderness!"

Ye Feng suddenly shouted: "Xiao Tianshen! What qualifications do you have to judge my fate? You know, you are not the Holy Lord of Qingtian Holy Land yet! You have no right to decide anyone's fate!"

Xiao Tianshen smiled coldly and said: "Originally, I wanted to rely on the Supreme Elders to judge your fate, but you were too bold and dared to kill my clone. This completely made me angry. I am a saint. As a true disciple of the Lord, I hold the destiny token given to me by the Lord. I am naturally qualified to judge your destiny, and no one can stop me!"

At this time, Xiao Tianshen looked at the group of supreme elders in the central hall and said, "Do you dare to stop me?"

"this....."

A group of supreme elders all closed their mouths instantly, with hesitation on their faces.

Because Xiao Tianshen seems to be more powerful than them now, and Xiao Tianshen is very likely to be the next generation of Holy Lord of Qingtian Holy Land, and even fulfill the Holy Lord's long-standing ambition to dominate the four major areas of the entire alliance.

Therefore, facing such a future king, a group of supreme elders actually did not dare to speak out and remained silent.

"very good."

Seeing that the Supreme Elders all remained silent and did not dare to speak to him, Xiao Tianshen's pride swelled to the extreme in an instant.

He looked at Ye Feng, his eyes full of contempt, and said loudly: "Although you have grown up to be able to kill a clone of me, it is just a clone. Now that I have arrived, you will definitely die. Let me You jump

It's been going on for so long, and it's time to end it. "

Boom!

The moment Xiao Tianshen's voice fell, he stretched out a hand and turned it into a big hand that covered the sky and the sun. It was full of unparalleled power. It came down in an instant and wanted to destroy Ye Feng directly. , letting Ye Feng suffer the pain of a useless person and die.

"stop!"

But suddenly at this time, an old voice sounded.

An old man, shrouded in blue light, suddenly appeared next to Ye Feng, directly blocking the big hand that covered the sky and the sun.

"Wind God!"

Xiao Tianshen immediately stared at the old man.

The old man is the master of the Wind Temple, the God of Wind. .??.

Xiao Tianshen said coldly: "Wind God, I respect you as a senior, so now I advise you to leave as soon as possible and don't get involved in this matter. If you want to save Ye Feng, give up this idea, otherwise I will suppress you as well. ! You have to know that I am no longer the same person as I was during the outer sect competition. At that time, I might not be able to defeat you, but now, I have broken and stood up again, and I have gained an extremely terrifying power. You can stop me. Can't live with me."

A sneer appeared on Fengshen's old face, and he said: "Xiao Tianshen, no one can take away the people I want to protect. If you dare to attack me today, then I will see your clever tricks."

"Stubborn old fellow!"

Xiao Tianshen became angry at this time and launched a frantic attack on Fengshen.

"Boom!"

As an old senior, Fengshen also released various powerful attacks at this time, which are all inherited from the Fengshen clan.

In an instant, endless terrifying blue light erupted directly from Fengshen's body, blocking all Xiao Tianshen's attacks. Even when Xiao Tianshen released the killing move of God Destruction, Fengshen could easily resist it. live.

It has to be said that Fengshen, as the most unfathomable old man in the Blue Sky Holy Land, is indeed very powerful.

But at this time, there was no look of defeat on Xiao Tianshen's face. Instead, a trace of madness suddenly appeared in his eyes, and he said loudly: "In the next move, I will use my most powerful treasure. Let me look at you." Can this old thing be stopped?"

Buzz!

Almost at this moment

, a stone emitting golden light suddenly rushed out of Xiao Tianshen's body, and the stone with golden light was directly integrated into Xiao Tianshen's Panwu hand.

"Boom!"

This stone that exudes golden light seems to have extremely terrifying brute force. It is blessed in Panwu's hand, so that Panwu's hand is filled with unparalleled power in an instant, which is dozens of times stronger than before, and even Hundreds of times!

"Boom!"

This time Xiao Tianshen's Panwu big hand struck down, carrying the power blessing of the mysterious golden light stone, full of unparalleled suppressive power, which actually caused the blue light energy protective mask on Fengshen's body to disappear for an instant. It shattered and directly knocked Fengshen, an old and powerful man, back several thousand meters.

"puff!"

Even Fengshen couldn't help but spit out a mouthful of blood, even though he suffered heavy injuries from the blow just now.

"What?!"

Seeing this scene, everyone on the scene showed shock in their eyes.

Xiao Tianshen's attack just now suddenly became so powerful that it knocked away Fengshen, an old senior.

At this time, Fengshen didn't seem to expect that such a situation would happen. He couldn't help but said: "Xiao Tianshen! The Supreme Realm is divided into two levels, the Earth Supreme and the Heavenly Supreme. When you first enter the Supreme Realm, you can't reach the first level of the Earth Supreme." , and I am already a Supreme Being, what kind of magic weapon is that stone that exudes golden light that you just used? It is such a magical stone that it can give your Panwu big hand such terrifying power all at once!"

Xiao Tianshen saw Fengshen's embarrassed look at this time, and immediately laughed out loud: "This is the supreme treasure. It's normal for you not to know, and I won't tell you! In any case, no one can do it now in Qingtian Holy Land. Stop me, Ye Feng must die today!"

At this moment, Ye Feng, who was standing in the crowd, looked at the stone emitting golden light integrated into Xiao Tianshen Panwu's hand, and his eyes were shocked.

The moment the stone appeared, the space gem in Ye Feng's mind and even the sleeping soul gem trembled slightly.

"That is definitely a brand new gem of the gods!!"

Ye Feng's heart suddenly stirred up a huge wave.

This Xiao Tianshen actually got a gem of the gods!

Chapter 2158 Testing the details

The magical gem used by Xiao Tianshen at this time was the Gem of the Gods. No one present saw it or recognized it.

But Ye Feng, who also possesses the Gem of the Gods, sensed it through the Gem of the Gods on his body.

After practicing for so long, Ye Feng has never encountered the aura of other gods' gems since he obtained the soul gem and the space gem.

You know, there are a total of nine gems of gods in heaven and earth.

This time, Ye Feng finally encountered another legendary gem of the gods.

It is a brand new gem of the gods, which seems to be able to give anything extremely powerful.

"It should be the "Brute Power Gem" among the gems of the gods. It can give anyone extremely terrifying brute force and crush everything with pure power."

Ye Feng was thinking secretly in his heart at this time.

When he learned that Xiao Tianshen had a gem of the gods, it was also a brute force gem that was famous for its attack.

Ye Feng suddenly became excited.

If you can get a brute force gem, it will definitely have a huge bonus to your combat power.

Moreover, Ye Feng has been thinking about how to awaken the sleeping soul gem to prevent the resurgence of the dark emperor's will in the Eye of Sin.

Now he finally saw hope.

That is to obtain Xiao Tianshen's brute force gem and use a brand new gem of the gods to awaken the soul gem. This is a very feasible method.

But Ye Feng knew that what he had to do at this time was how to escape from the extremely powerful Xiao Tianshen.

After all, Xiao Tianshen, who has a brute force gem to increase his combat power, is so powerful that even an old senior like Fengshen, who is at the Heavenly Supreme level, cannot resist him.

This made Ye Feng feel a little envious.

Because the brute force gem obtained by Xiao Tianshen is a purely offensive gem of gods.

The two gems of the gods on Ye Feng's body, the soul gem and the space gem, although they are very mysterious and powerful gems, what Ye Feng has discovered now are only auxiliary functions.

The soul gem has always been the most useful, it can prevent one's soul from being taken away, and it has a huge effect on the soul.

The function of the space gem Ye Feng has explored so far is probably to open a space wormhole for escape.

A wonderful magic weapon for life.

Therefore, Ye Feng is extremely eager for the brute force gem in Xiao Tianshen's hand.

Because Ye Feng himself is a body of chaos, his body is extremely powerful. If he can get the bonus of another brute force gem, Ye Feng can't even imagine how powerful his power will be.

And looking at Xiao Tianshen using the brute force gem at this time, this brute force gem should be completely activated, and it is a fully activated brute force gem.

The soul gems and space gems on Ye Feng are probably in a semi-activated state. Ye Feng has not fully explored the true power of the soul gems and space gems to this day.

At this moment, Ye Feng suddenly sensed something and looked behind him in a certain direction.

Buzz!

Almost at the next moment, Xiao Tianshen's Panwu hand blessed with the brute force gem was suddenly disintegrated by an invisible force the moment it fell.

"Crack, click, click..."

The entire Panwu big hand shattered instantly, and the brute force gems were affected and were taken back by Xiao Tianshen.

At this time, Xiao Tianshen looked in the direction not far away, and seemed to realize something. Suddenly his eyes changed slightly, and he said aloud: "Leng Qingxue in the Temple of Fate, have you successfully upgraded the Little Fate Technique and understood it?" If you don't know the Great Destiny Spell, you can't fight against this gem of mine!"

Apparently, it was Leng Qingxue, the master of the Temple of Fate, who had just disintegrated the mysterious power of Panwu's master.

"Master!"

At this time, Ye Feng's eyes showed a look of surprise.

He saw a beautiful figure flying not far away.

It is Ye Feng's master, Leng Qingxue!

Uh-huh!

Leng Qingxue stood next to Ye Feng in an instant, looked at Ye Feng with her beautiful eyes, and said loudly: "You are making rapid progress, very good, and you have not let me down."

Ye Feng's eyes were full of surprise at this time, and he asked: "Master, has he understood the Great Destiny Technique?"

Leng Qingxue shook her head slightly and said aloud: "Only understand that

A little bit of the mysteries of the Great Destiny Technique has been revealed, but it is still far away from truly deducing the Great Destiny Technique. "

When Ye Feng heard what Leng Qingxue said, not only was he not disappointed, but his eyes showed an even more shocked look.

Just by deducing a hint of the secret of the Great Destiny Technique, can he be able to fight against the Panwu master blessed with the brute force gem?

If it were a truly perfect spell of great destiny, how terrifying would it be?

"The Great Destiny Technique is worthy of being the number one technique among the three thousand avenues in the world!"

Even Ye Feng couldn't help but exclaimed at this time.

"You came just in time, this Xiao Tianshen can't even deal with me."

At this time, the old man Fengshen also flashed to Ye Feng's side and said with some surprise: "This Xiao Tianshen really has great luck. No wonder the Holy Master would choose him as his direct disciple."

Leng Qingxue nodded slightly, then looked at Xiao Tianshen who was standing high in the sky not far away, and said loudly: "Senior Fengshen and I have joined forces, you can't fight us, so I must take away my apprentice Ye Feng today. "

When Xiao Tianshen heard what Leng Qingxue said, his eyes suddenly darkened.

Because he knew very well that even if he had the brute force gem in his hand, with his current cultivation level, he really couldn't resist the combination of Feng Shen, the Heavenly Supreme, and Leng Qingxue, the successor of the Great Destiny Technique.

At this time, Xiao Tianshen thought carefully, and then a cold look appeared on his face. He stared at Ye Feng who was not far away and said loudly: "When I fully master the power of the gem and recover from the serious injury, Ye Feng, no one can stop me until you die!"

Uh-huh!

After the words fell, Xiao Tianshen's figure finally disappeared between heaven and earth.

At this time, the Supreme Elders in the central hall were all shocked.

They didn't expect that there were so many powerful people involved behind Ye Feng.

At this time, a group of Supreme Elders secretly remembered Ye Feng's name. This young man is likely to cause a huge wave in the Qingtian Holy Land in the future.

At this time, Ye Feng felt relieved when he saw Xiao Tianshen leaving.

He looked at Feng Shen and Leng Qingxue beside him, solemnly clasped his fists and said, "Thank you so much to Senior Feng Shen and Master this time. No."

However, it is very likely that I will be obliterated by Xiao Tianshen. "

Fengshen smiled and said: "It's okay, I have my own plan to save you."

Leng Qingxue glanced at Fengshen and said loudly: "Senior Fengshen took action first, actually to test Xiao Tianshen's background. Now the test has come out. Xiao Tianshen has a gem of the gods in his hand."

When Ye Feng heard what Leng Qingxue said, he was immediately startled.

Unexpectedly, his master recognized the gems of the gods.

However, Ye Feng's face didn't show any strange color. He wanted to pretend that he didn't know anything.

At this time, Fengshen also nodded, and said with some sigh: "This Xiao Tianshen is indeed a man of great luck, and he actually got the legendary gem of the gods, but I don't know what the specific function of that gem of the gods is. "

Leng Qingxue said: "That gem of the gods seems to be able to instantly bless the power of Xiao Tianshen Panwu's big hand. It should be a gem of the gods related to the blessing power. However, it is said that there are nine gems of the gods in the whole world. There are specific details. No one knows what it does."

I know!

Ye Feng wanted to say this, but he still suppressed what he wanted to say.

Because only the owner of the gems of the gods can get information about other gems from the gems of the gods.

If he directly said that what Xiao Tianshen was holding was the Brute Force Gem now, he would definitely be suspected.

Although Ye Feng feels that Fengshen and Master will not harm him, Ye Feng feels that the gems of the gods involve too much, and it is better for others not to know.

At this time, Leng Qingxue suddenly looked at Ye Feng and said loudly: "Let's go to the Wind God Temple together now. Senior Wind God should have something to say to you."

When Ye Feng heard this, he immediately nodded.

He also understands now that his master, Leng Qingxue, should have already discussed with the old-timer Feng Shen to deal with Xiao Tianshen together, so the fact that he was being tried by the Taishang Elders today may just be a prelude to test the situation. The real details of Xiao Tianshen.

Ye Feng sometimes followed his master Leng Qingxue and senior Fengshen towards the Wind God Temple.

He felt that Fengshen, the most mysterious old man in the Blue Sky Holy Land, might be plotting something.

Chapter 2159 Future Plans

At this time, Ye Feng followed Feng Shen and Master Leng Qingxue towards the Feng Shen Temple.

Soon they came to the area where the Wind Temple was located.

It has to be said that the Wind Temple, as the first of the six major temples, is extremely majestic and the buildings are very brilliant. It looks extraordinary and has a profound foundation.

At this time, Ye Feng walked around the Wind Temple and saw no trace of the girl Fengling.

He couldn't help but ask: "Senior Feng Shen, where did Feng Ling go?"

Fengshen said aloud: "Wind Spirit has been inherited by the ancient power of our Fengshen Clan, and its bloodline has been transformed and become more advanced. It was sensed by a supreme elder of our Fengshen Clan's main lineage. Wind Spirit has gone. In the center of the God Realm, I went to the main clan of the Wind God Clan and became the direct disciple of the Supreme Elder of the Wind God Clan, with a bright future. "

At this time, Fengshen spoke with a hint of joy in his tone. It was obvious that he was also happy for Fengshen's bright future.

"Going to the center of the God Realm? The main clan of the Wind God Clan?"

When Ye Feng heard this, his eyes showed a look of surprise. If he didn't expect this girl Fengling to leave like this.

But thinking that Fengling now has a promising future, Ye Feng is also happy for this girl.

"The land at the center of the God Realm, the Wind God Clan is there, and all the top 100 God Clan are there, including the Chaos God Clan..."

At this time, Ye Feng was thinking in his heart, his eyes were extremely determined, one day he would also step into the center of the God Realm.

At this time, Fengshen suddenly asked: "Ye Feng, now we should get down to business."

When Ye Feng heard what Fengshen said, he nodded slightly and his eyes became a little solemn.

Master Leng Qingxue suddenly took out a spiritual talisman from the storage ring.

A layer of energy light shield instantly emitted from this talisman, covering the positions of several people.

Leng Qingxue smiled and said: "The following conversation is an absolute secret and cannot be eavesdropped by anyone."

Fengshen spoke up at this time: "Ye Feng, what are your plans for your future?"

Ye Feng said: "Future plans? Well... for the time being, I will focus on improving my strength and try to kill Xiao Tianshen, the number one enemy, as soon as possible."

Fengshen nodded and said aloud: "By the time you can kill Xiao Tianshen, your cultivation may be one of the best in the entire four realms. Do you want to become the Holy Master of Qingtian Holy Land by then?"

Ye Feng shook his head and said aloud: "I am not interested in the position of Holy Lord. What I am interested in is improving my strength. What I pursue is the peak of martial arts practice, and I want to go to the center of the God Realm, where there is The person I want to save."

Fengshen glanced at Ye Feng in surprise, and then said with admiration: "You have a pure cultivation heart that pursues the peak of martial arts. No wonder you can practice so fast and you are such a monster."

Ye Feng smiled and said, "Senior Fengshen is so complimentary."

Fengshen said aloud: "You are not interested in the position of Holy Lord, but I am, but I am old now, and my cultivation can only stay at Heavenly Supreme, and I can no longer move forward. I am not Xiao Tianshen and today's Qingtian The opponent of the Holy Lord, so I need your help, Ye Feng. If you can grow up as soon as possible, you will definitely be able to help me fulfill this wish."

When Ye Feng heard what Fengshen said, he couldn't help but look shocked.

, said aloud: "Senior Fengshen actually wants to be the Holy Lord of Qingtian Holy Land?"

Fengshen nodded and said aloud: "Yes, this has been my wish all along. Now our Holy Lord of Qingtian Holy Land is acting arbitrarily and has given all the resources to Xiao Tianshen, and seems to want to eradicate us elders. , so I have to plan for my future, so this time I want to join forces with you, Ye Feng."

It has to be said that this Fengshen has great talents and eclectic strategies. He does not have the usual arrogance of the strong elders, and he values Ye Feng, a junior, very highly.

He did not use a commanding tone to talk to Ye Feng, but used an equal and cooperative attitude to talk to Ye Feng.

At this time, Ye Feng thought for a while and said: "Senior Fengshen, if you and my master Leng Qingxue join forces, no one in Qingtian Holy Land should be able to stop us."

Fengshen shook his head and said aloud: "Your master and I join forces and can fight against the current Holy Lord Qingtian, but we cannot fight against Xiao Tianshen. After all, Xiao Tianshen has a gem of gods in his body, which can explode. The power is very terrifying. You have seen it today. Only Ye Feng, a peerless genius in the future, can fight against Xiao Tianshen. That's why Xiao Tianshen is so anxious to get rid of you because he is afraid of you. Don't look at it. He keeps calling you a humble ant, but in fact he is afraid of your growth because you are the first person he sees who may surpass himself. "

Ye Feng heard what Fengshen said, and then looked at his master Leng Qingxue.

Leng Qingxue stared at Ye Feng with her beautiful eyes at this time and said loudly: "You are my apprentice, but I will not force you to do anything. You can decide what you want to do with the matter discussed by Senior Fengshen." Don't join forces, because I will soon leave the Blue Sky Holy Land. I have almost mastered the Great Fate Technique here, and it is time to return to the family behind me."

When Ye Feng heard this, his eyes suddenly moved and he couldn't help but ask: "The family behind the master?"

Leng Qingxue nodded and said aloud: "It's okay to tell you that the family behind me controls a big force called Tiandao Sect in the center of the God Realm. It specializes in cultivating inheritance forces related to destiny. I came out this time. In order to find the upgraded Great Destiny Technique, I have gained a lot now. It is time to leave, because the elders in the family are calling me to go back. Maybe there is a crisis in Tiandao Sect and I need to rescue it. "

When Ye Feng heard what Leng Qingxue said, he immediately took a deep breath.

It turns out that my master has such an identity.

He turned out to be a member of the Tiandao Sect.

No wonder you can practice the little fate technique.

At this time, Leng Qingxue saw Ye Feng being silent, and suddenly stretched out a slender, jade-like hand and gently pressed it on Ye Feng's head. Her tone was no longer as cold as before, but had a very rare tone. With gentleness, he spoke out: "Xiao Feng, now I have only comprehended a little bit of the secret of the Great Destiny Technique, and I cannot teach it to you. However, the Little Destiny Technique I gave you is unique in the world. Please understand the Little Destiny Technique well." The technique has already satisfied all the needs of your current realm. I am returning to Tiandao Sect this time not only to solve the crisis in Tiandao Sect, but also to be able to completely perfect the secret of the Great Destiny Technique in Tiandao Sect. However, This time I can't take you Xiaofeng to leave with me, and I guess you are not willing to leave with me. I believe Xiaofeng that you will be able to overcome all obstacles and finally go to the earth in the center of the God Realm. At that time, our master and disciple will meet again. , I will teach you the complete Great Destiny Technique, and you are my first and probably only male disciple." Ye Feng followed Feng Shen and Master Leng Qingxue towards the Feng Temple at this time.

Soon they came to the area where the Wind Temple was located.

It has to be said that the Wind Temple, as the first of the six major temples, is extremely majestic and the buildings are very brilliant. It looks extraordinary and has a profound foundation.

No wonder you can practice the art of minor fate.

At this time, Leng Qingxue saw Ye Feng being silent, and suddenly stretched out a slender, jade-like hand and gently pressed it on Ye Feng's head. Chapter 2160 Ancient Trial

Listening to what Leng Qingxue said, Ye Feng suddenly felt reluctant.

This feeling was very sudden and appeared in my heart.

That girl Fengling is gone.

I didn't expect that Master would also leave now.

But Ye Feng didn't say it.

But he suddenly raised his head, looked at the beautiful woman in front of him, and said loudly: "Master, before you leave, I want to ask you a question."

A smile appeared on Leng Qingxue's beautiful face and she said, "Okay, you can ask."

Ye Feng looked at one of his fingers, and there was a hair wrapped around it.

He asked aloud: "Master, when we first met, you wrapped this hair around my finger. What is the special significance of this?"

When Ye Feng's words fell, Fengshen's old eyes couldn't help but look at the hair wrapped around Ye Feng's finger. It seemed that he knew something, and his face became slightly strange, but there was nothing say what.

When Leng Qingxue heard Ye Feng ask this question, she smiled slightly and said: "This hair represents the connection between you and me, master and apprentice. What special meaning does it have? Wait until you arrive." The center of the God Realm, I will tell you when we meet again."

When Ye Feng heard what Leng Qingxue said, he could only nodded and asked no more questions.

But he knew that this hair definitely had a special meaning.

At this time, Leng Qingxue seemed to sense something and suddenly looked not far away.

Not far away, two mysterious women in black robes appeared.

The auras on their bodies are extremely mysterious, and it is impossible to detect what specific realm they are in.

At this moment, two women in black robes came over instantly. They didn't look at Ye Feng and Fengshen at all. They just looked at Leng Qingxue. They suddenly knelt down on one knee and said in a respectful tone: "Miss, it's time to leave."

Obviously, these two women in black robes were not from the Qingtian Holy Land, but from the distant center of the God Realm, possibly from the Tiantian Dao Sect.

Leng Qingxue nodded slightly, then glanced at Ye Feng, stretched out her small white hand, touched Ye Feng's head, and said with a smile: "Xiao Feng, I'm going to say goodbye. I don't know when we can meet again. I hope we can meet again." When we meet again, don't forget the mentor-disciple relationship we had."

After the words fell, the two mysterious women in black robes suddenly raised their heads slightly and looked at the human boy Ye Feng in surprise.

They seemed very surprised. It was incredible that this ordinary young man could make their noble lady behave so intimately.

You know, their lady is the daughter of the leader of the Tiandao Sect, the super powerful force in the center of the God Realm!

However, the two women in black robes were very knowledgeable. Although they were confused and surprised, they didn't say much.

At this time, Leng Qingxue looked at Fengshen next to Ye Feng and said loudly: "It seems that I have to take the first step, and then I will bother Xiaofeng, who can help me, and I believe that Xiaofeng will definitely help me in the future." to yours."

Fengshen immediately smiled and said: "You don't need to remind me, I will also help this boy Ye Feng. That girl Fengling always said this before she left, telling me to protect Ye Feng."

Hearing this, Leng Qingxue nodded slightly with relief, glanced at Ye Feng one last time, and then faced the two women in black robes.

Walking into the distance.

Looking at Master's leaving figure, Ye Feng suddenly shouted: "Master! I will definitely go to the center of the God Realm to see you!"

"I'm looking forward to our next meeting with you, Xiaofeng."

Leng Qingxue turned around slightly, said this, and then her beautiful back and the two women in black robes disappeared into the distance.

At this time, Ye Feng looked at Leng Qingxue's disappearing back and fell into silence.

Fengshen, this old guy, suddenly patted Ye Feng on the shoulder and said with a strange expression: "Why do I feel that the relationship between you two is not just as simple as master and disciple?"

Ye Feng immediately grinned and said: "Senior Fengshen, you are overthinking. My relationship with Master is very simple, but to be honest, I quite like Master."

When he said this, the smile on Ye Feng's face faded, and then he said solemnly: "I have already thought about it. I am willing to join forces with you, Senior Fengshen, to fight against Xiao Tianshen and the current Holy Lord Qingtian, but now I am cultivating It's too low, and I have become the target of public criticism. Not only the Gods Association, but also the entire world is staring at me. It will probably be a bit difficult to go out and practice now."

At this time, Fengshen suddenly smiled and said: "I have prepared everything for you, and I am just waiting for you to agree to join forces with me."

"Are you ready for everything?"

Ye Feng's eyes were a little surprised and he couldn't help but asked: "What do you mean? What has Senior Fengshen prepared for me?"

At this time, the God of Wind brought Ye Feng to the deepest area of the God of Wind Temple. There was a teleportation array on the ground in the distance.

Fengshen said: "I will give you a great blessing!"

At this time, Fengshen said, and then activated the teleportation array, explaining: "This teleportation array can instantly teleport Ye Feng to an ancient trial space. It is a huge space built by an ancient cultivation force. Specifically used to test the disciples under his command."

When Ye Feng heard what Fengshen said, his eyes immediately moved and he couldn't help but said: "A space where ancient forces test their disciples? That should be a very good ancient testing place."

Fengshen nodded and said: "Yes, this is the great gift I give you. In this ancient trial space, every teleportation array channel is very precious. I just happened to have mastered this teleportation array entrance. , in fact, there are many other entrances, but they are basically controlled by the big forces in our alliance land or some surrounding areas, so this time you enter the ancient trial space, you may encounter people from the other three The top geniuses of the Great Holy Land may even encounter geniuses from big forces outside our alliance. You have to know that our alliance is in the north of the God Realm. There are not only our four major domain alliances in the north, but also Many other domains and forces."

Ye Feng nodded and said loudly: "Okay, thank you, Senior Fengshen! What I like most is this kind of trial place, especially this is an ancient trial place. There must be many good things, which should be able to I got a huge boost."

Fengshen nodded, smiled and said: "I learned from your master before that your cultivation is very special and requires you to swallow all kinds of huge energy, so I suddenly remembered that I still have such a thing in my hand. A teleportation formation leading to the ancient trial place may contain great dangers, so I have never used it for my disciples, but I believe that Ye Feng will be fine with you. Come on, work hard to grow, and wait until you reach the level of cultivation. Once we have reached a strong enough state, we will directly launch a battle to seize power! Completely defeat the current pair of evil masters and disciples, Qingtian Holy Lord and Xiao Tianshen, who have occupied the entire Holy Land's resources!" Listening to what Leng Qingxue said, Ye Feng suddenly felt confused! A feeling of reluctance.

This feeling was very sudden and appeared in my heart.

That girl Fengling is gone.
