Chapter 2161 The burial place

After Fengshen finished speaking, Ye Feng walked directly to the teleportation array area.

Fengshen stared at Ye Feng at this time and said loudly: "I am going to activate the teleportation array. After entering the ancient trial space, you must be careful, not only to guard against local dangers in the ancient trial space, but also to guard against local dangers in the ancient trial space. Strong men and geniuses from other major forces, but don't worry, Xiao Tianshen will definitely not be able to enter, even if he has the teleportation array channel in his hand, because this ancient trial space has an age limit, and warriors must be practicing for less than a hundred years. To be able to enter, Xiao Tianshen has been practicing for more than a hundred years, but you are likely to meet the top talents of the other three holy places in our alliance, because they seem to be less than a hundred years old, and they may also have Geniuses from big forces outside the Alliance, you must be careful anyway, this ancient trial space is very precious, cherish it."

Ye Feng nodded to Fengshen, and then took a deep breath.

"boom!"

At this moment, the teleportation array was activated.

Accompanied by a violent spatial fluctuation.

Ye Feng's figure disappeared from the place.

Fengshen looked at Ye Feng's disappearing back at this time, with a hint of expectation on his old face, "I hope you can fight side by side with me when you come out again."

...

Buzz!

Following a period of severe dizziness, Ye Feng felt that his entire body was falling rapidly from a high altitude.

"Boom!"

The next moment, Ye Feng suddenly felt that his whole body fell hard to the ground.

However, the ground was not smashed by Ye Feng's powerful physique.

Obviously, this ancient trial space is a small world forged by the great ancient forces, and the entire world is very hard.

Ye Feng opened his eyes at this time and saw that he was in a very dark place.

Everything above the sky was dark and covered with dark clouds. There was only a faint moon hanging in the sky, shedding a little mist.

moonlight.

Ye Feng stood up at this time and suddenly saw that he seemed to have fallen into a mass grave.

Because there are tombstones on the barren ground around here, which look very desolate.

Ye Feng was about to leave here. After all, there seemed to be no treasures here, were there any good elixirs growing there, etc.

"Crunch, crunch..."

But suddenly at this moment, there was a friction sound all around.

Ye Feng looked in the direction of the sound and immediately saw a huge coffin. The lid of the coffin was slowly opening.

"Could it be that the corpse has transformed?"

Ye Feng's eyes showed a hint of vigilance as he walked towards the coffin.

After all, there must be something extraordinary about a place where zombies can be born.

So there might be some treasure hidden in this place.

But the most important thing right now is to kill the zombie in the coffin first.

"Boom!"

Suddenly, at this moment, the lid of the coffin exploded, and a tall zombie wearing the costume of an ancient prince, with iron-blue skin all over his body, and nails on his hands three feet long, roared towards Ye Feng in an instant.

"He turned into a zombie after all!"

Ye Feng's eyes moved, but he was not panicked. The corpse aura on this zombie was not as scary as he thought, and he could handle it.

"Solar fission!"

Ye Feng directly used the solar inheritance, and solar flares suddenly appeared in front of him, and then began to fission, bursting out a large area of terrifying solar flames.

In an instant, the thousand-year-old zombie that rushed towards him was set on fire and howled miserably.

Come.

Ye Feng's own natal flame is very advanced, integrating many powerful flame sources in the world, so the solar inheritance related to the flames he uses is naturally much more powerful than Jun Tiance.

Even this thousand-year-old zombie, a powerful zombie in the ancient trial land, could not withstand Ye Feng's flame attack.

Because this powerful flame is specially designed to restrain dark things like zombies.

"Bang!"

After the tall thousand-year-old zombie howled for a while, it suddenly fell to the ground and died instantly.

Ye Feng walked towards the tall coffin.

Sure enough, he saw many beads exuding Yin energy in the coffin.

Each of these beads is about the size of a fist, with a faint blue light surging inside.

"This should be the Taiyin Orb. It can only be born in places where the zombie aura is very strong. The reason why the zombie can transform into a corpse is probably because of these pieces of Taiyin Orb. It seems that the person who buried this zombie during his lifetime was specially In order to cultivate zombies, so many lunar orbs were placed in the coffin after his death."

Ye Feng thought to himself, feeling very surprised.

It seems that the place where he fell is probably a mass grave specially designed to breed zombies.

If you put it this way, there are probably local practitioners of corpse refining in this ancient trial space.

But Ye Feng didn't think much about it. His most important thing now was to find resources and improve his strength.

At this time, Ye Feng immediately grabbed a dozen pieces of Taiyin Orbs in the coffin.

Each of these dozen Taiyin Orbs is very large, about the size of a fist. They should be considered relatively advanced Taiyin Orbs.

Ye Feng watched carefully at this time and could feel a very strong fluctuation of Yin energy from these Taiyin orbs, which was very pure.

Ordinary people cannot absorb Yin Qi at all, because once absorbed, it is very likely that they will turn into corpses and become weird things that are not human or zombies.

But Ye Feng's Devouring Domain can smelt the power of any attribute in the world.

So at this time, Ye Feng didn't hesitate at all and simply swallowed a dozen Taiyin Orbs and ate them directly.

"Boom!"

Almost at this moment, an extremely pure Yin force burst out in Ye Feng's body.

Ye Feng's skill immediately began to grow rapidly.

"boom!"

The fifth level of Mahayana realm!

Ye Feng's eyes showed surprise at this time.

Unexpectedly, just a dozen Taiyin Orbs allowed me to break through to the first level of heaven.

I have to say that this ancient trial space is indeed full of good treasures.

Ye Feng thought secretly in his heart.

Then he began to wander around the burial place.

He wants to discover more Taiyin Orbs, which are simply pure energy!

The effect of these Taiyin Orbs is comparable to some very high-level elixirs.

Moreover, Ye Feng discovered that in this place where corpses were buried, the zombies seemed not very powerful, and they should have been recently cultivated.

"So, behind the cultivation of these zombies, there must be a very powerful force of corpse refining. This big force cannot be someone from outside. It is definitely a local force in the ancient trial space. It cannot be someone from outside. Cultivating zombies for so many years."

Ye Feng secretly thought in his heart that this time he came to this ancient trial space, the biggest threat actually did not come from the outside, because the old man Fengshen also said that those who can enter this ancient trial space are those who are over 100 years old. Under the age of 10, so the threat to Ye Feng is not great. The real threat is the local strong men in this ancient trial space world.

Chapter 2162 Local forces

In the next few days, Ye Feng searched for the Taiyin Orb in the burial place.

It has to be said that Ye Feng possesses powerful soul power, which is equivalent to having a mobile scanner. It is very precise and can instantly detect which coffin contains the Taiyin Orb.

"Boom!"

"Boom!"

Ye Feng smashed the coffins one by one, and the zombies inside jumped out and burned them to death directly.

Then Ye Feng plundered the Taiyin Orb in the coffin.

In just a few days, Ye Feng had already raided this burial place.

In total, he obtained nearly fifty or sixty Taiyin Orbs.

At this time, Ye Feng's eyes were filled with joy.

After getting these Taiyin Orbs, Ye Feng didn't waste any time and ate them on the spot.

His skill instantly began to increase greatly.

The momentum of breakthroughs was constantly erupting from his body.

"Boom!"

The sixth level of Mahayana realm!

"Boom!"

The seventh heaven of the Mahayana realm!

"Boom!"

The eighth level of the Mahayana realm!

The cultivation stopped here.

Ye Feng's eyes showed joy at this time.

I haven't searched in vain these days.

The pure Yin energy contained in these Taiyin orbs is of great benefit to improving one's own skills.

It is no less than swallowing up the skills of several powerful experts.

At this time, Ye Feng had already raided the entire burial place.

He was ready to leave directly and look for the next place with cultivation resources.

"Rumble..."

But suddenly at this moment, Ye Feng suddenly sensed a fierce battle fluctuation not far away.

It seemed that someone was fighting a fierce battle not far from the burial place.

"They are probably fighting for some treasure."

Ye Feng guessed in his heart.

Then without any hesitation, he flew directly towards the direction where the battle wave was generated.

Soon Ye Feng crossed the entire burial ground and came to the place where the battle wave occurred.

This is a mountainous area outside the burial place.

There are mountains everywhere, which look quite majestic.

But at this time, under a mountain, a group of practitioners wearing black skeleton robes were controlling the zombies that emerged from the ground, frantically besieging a beautiful young woman in a blue dress.

Moreover, Ye Feng actually knew this beautiful young woman. She was actually the number one person in the inner sect of Black River Holy Land, Shangguan Mingyue!

This Shangguan Mingyue had previously invited Ye Feng to join the Black River Holy Land at the entrance to another dimension.

Therefore, Ye Feng was still very impressed by Shangguan Mingyue in this Black River Holy Land.

At this time, Ye Feng did not expect that he would be able to meet Shangguan Mingyue in this ancient trial space.

It seems that there are strong people in the Black River Holy Land who have mastered a teleportation formation that leads to this ancient trial space.

So Shangguan Mingyue also entered this trial space recently.

At this time, Ye Feng saw that although Shangguan Mingyue was very powerful, she could not defeat four hands with two fists. She was surrounded by hundreds of zombies with bodies as strong as divine iron. Although there was not much danger, she If consumption continues like this, it is estimated that Shangguan Mingyue will not be able to escape this encirclement at all.

And Ye Feng saw that the practitioners who controlled the zombies were all wearing skeleton robes and exuding evil spirits. They should be the local forces that Ye Feng guessed were cultivating zombies.

There are only a dozen practitioners of Zombie Refining in total, but they can control hundreds or even thousands of powerful zombies.

It has to be said that the corpse refining path is very terrifying. A powerful corpse refining path can control thousands or even tens of thousands of zombies by one person. One person is equivalent to an indestructible army.

Therefore, in ancient times, many people hated corpse refining very much, even more than tomb robbers.

Because tomb robbers may only rob the wealth and treasures in the tomb.

But practitioners of corpse refining directly plunder and refine even the dead in their graves.

Many big families with historical heritage hate these corpse refining methods very much.

Therefore, this evil way of practice has been boycotted by many forces in the outside world and is about to become extinct.

But in this ancient trial space world, it seems that it is not extinct, but has great power.

"Huh? It seems like someone else is spying on us?"

Suddenly at this time, a group of corpse-refining practitioners wearing skeleton robes noticed that Ye Feng was watching nearby.

They immediately separated a large number of zombies and rushed towards Ye Feng, trying to capture Ye Feng.

"boom!"

At this time, Ye Feng was too lazy to hide any more. He rushed from the spot into the air, laughed loudly and said to Shangguan Mingyue not far away: "Miss Shangguan, we meet again, I'm here to help you!"

Shangguan Mingyue was resisting with difficulty alone, but when she saw Ye Feng suddenly appeared, a look of joy suddenly appeared on her beautiful face.

Although Shangguan Mingyue left the entrance to the different-dimensional space before, she did not see Ye Feng and other people.

God will fight with a group of strong men.

But later she still heard about Ye Feng's deeds in the Black River Holy Land.

That is, Ye Feng stood alone at the entrance to the different dimensional space and killed all the core members of the Gods Association. Even Jun Tiance, the first leader of the Gods Association, died in Ye Feng. In the hands of the wind.

Therefore, Shangguan Mingyue was very impressed by Ye Feng. ??

This proud daughter of the Black River Holy Land also knows very well that Ye Feng's combat power is very powerful.

So Ye Feng suddenly appeared at this time, and he still appeared in this ancient trial space. This made Shangguan Mingyue feel surprised and relieved.

If the two of them join forces, they will definitely be able to break out of the siege of so many zombies.

"The sun is a real dragon!"

At this moment, Ye Feng directly released his natal flame, and then directly displayed the powerful inheritance of the Sun True Dragon.

In an instant, a huge and majestic true dragon rushed out from his body. The entire dragon body was composed of flames, and its body was covered with red-hot scales. It roared and crashed down from high in the sky.

"Boom!"

The impact of the True Sun Dragon is inherently terrifying, not to mention that this True Sun Dragon is condensed from Ye Feng's natal flame.

You must know that Ye Feng's current natal flame is very high-level. It is composed of Dragon Spirit Holy Fire, Extreme Cold Flame, Purple Flame Divine Fire, Heavenly Karmic Fire, Dragon Flame, World-Destroying Melting Flame, Golden Fire, Sky Fire, etc.

The quality ranks among the third-grade Dacheng!

So the moment the True Sun Dragon rushed down, the entire field immediately turned into a sea of flames.

Hundreds of zombies were instantly enveloped in flames and began to burn crazily.

Even these zombies are howling in agony at this moment.

Apparently these zombies are no longer dead and have become intelligent.

It has to be said that the abilities of these practitioners of corpse refining are still very outstanding.

"What?"

"What kind of flame is this? It's so advanced! It can actually burn the zombies we have cultivated for thousands of years!"

A dozen corpse-refining practitioners wearing skeleton robes immediately couldn't help but scream in surprise.

What they fear most is actually the attack of fire.

But ordinary fire has no effect on zombies.

Because these zombies have been cultivated for thousands of years, they are all old zombies, their bodies seem to be made of divine iron, and they are invulnerable to wind, fire, thunder and lightning.

However, very high-level special flames can still cause huge damage to these veteran corpses. \

br\u003e

At this time, Ye Feng's sun inheritance, combined with Ye Feng's powerful natal flame, immediately caused immeasurable damage to these ferocious zombies.

"Amazing!"

Uh-huh!

At this time, Shangguan Mingyue's beautiful figure flashed to Ye Feng's side in an instant, and she couldn't help but said: "Master Ye Feng, I didn't expect that you are actually a powerful alchemist. Only powerful alchemists can use such Terrible flames."

Ye Feng smiled and said: "I have neglected alchemy for a long time, but the fire control technique is not bad. It happened that a solar inheritance was plundered from Jun Tiance last time, so it was able to cause such a powerful flame destruction. force."

Shangguan Mingyue immediately smiled sweetly, and couldn't help but say: "I remembered it when you mentioned this. I really admire you, Mr. Ye Feng. The last time I was at the entrance to another dimension, I thought you Your life will be in danger, so I advised you to join the Black River Holy Land. I didn't expect that I finally learned the news. Ye Feng, you alone, killed all the core masters of Jun Tiance's group of gods. It was really amazing. Even my master, the Holy Master of Heihe Holy Land, can't help but praise you very much."

When Ye Feng heard this, he couldn't help but smile and said, "I didn't expect that my deeds would spread so far. Everyone in the Black River Holy Land knows about it."

"That's for sure!"

Shangguan Mingyue looked at Ye Feng's eyes with a hint of light at this time, and said loudly: "You are now a legendary young figure in our four major regions. You are alone and dare to openly challenge the gods, even Xiao Tianshen I can't do anything to you, so that everyone is admiring and amazed. Even my master said that if you, Ye Feng, can be in our Heihe Holy Land, then the Holy Son of Heihe Holy Land must be you. You can lead us. The Holy Land of Heihe is heading towards glory."

Ye Feng just laughed at this and said aloud: "Thank you Master for your praise for me. I will go to Heihe Holy Land as a guest when I have time. By the way, we will discuss whether we can work together to get rid of Xiao Tianshen and the people behind him. God will."

Hearing what Ye Feng said, Shangguan Mingyue's eyes suddenly flashed. He heard the implication of Ye Feng's words, that is, if the Black River Holy Land is willing, Ye Feng and the Black River Holy Land can join forces to deal with the great enemy Xiao Tianshen.

Shangguan Mingyue immediately smiled and said: "Okay, this time the ancient trial is over, I will go back and tell my master."

...

"What are you doing? Are you chatting like no one else is around?"

And suddenly at this moment, a practitioner of the corpse refining group not far away suddenly shouted: "You two! How dare you ignore our Corpse God Sect! You are actually chatting here as if there is no one else around! You guys are really You don't take us seriously! I'm going to summon the most powerful Divine Blood Heavenly Corpse and kill all of you two uninvited guests!"

Chapter 2163 Divine Blood Heavenly Corpse

At this time, a group of cultivators from the Corpse God Cult saw Ye Feng and Shangguan Mingyue chatting with each other as if no one else was around, and they immediately became extremely angry.

Because they felt that Ye Feng and Shangguan Mingyue didn't take them seriously at all.

At this time, a cultivator of the Corpse God Sect shouted: "It seems that you really don't take us seriously!"

The master of the Corpse God Cult immediately opened his storage ring.

Bang!

A coffin made of black gold immediately flew out from the storage ring of the master of the Corpse God Cult. .??.

"Crunch."

With a rubbing sound, the lid of the black gold coffin opened immediately.

A special zombie, different from other normal zombies, appears.

This special zombie is extremely tall, with a height of three to four meters. Moreover, this special zombie has a kind of black-golden scales growing all over its body. It looks very vicious, and its palms also have ferocious black claws. It looks like it can tear anything apart.

The master of the Corpse God Cult laughed loudly and said: "This is the divine blood heavenly corpse that I have worked hard to refine with countless materials for hundreds of years. This is not an ordinary zombie, but a zombie with the blood of the ancient gods! It is incompatible with fire and water. Invasion! Can tear everything apart!"

Boom!

Although the cultivation level of this group of corpse god masters is not very high, that is, they are ordinary Mahayana realm.

The zombies they control are extremely powerful.

These masters of the Corpse God Sect, in fact, if strictly planned, they should be regarded as puppets.

Practitioners of the puppet sect are basically not very strong, but the puppets they control are extremely powerful.

At this time, the master of the Corpse God Cult shouted directly: "God-Blooded Heavenly Corpse, tear those two men and one woman into pieces!"

Boom!

That special zombie with black and golden scales all over its body roared suddenly, its eyes glowed red, and it looked extremely terrifying. In an instant, it rushed towards Ye Feng and Shangguan Mingyue, carrying an extremely... Horrible corpse aura.

have to say,

This special zombie is indeed extremely powerful. It immediately tore the Sun Dragon's flames released by Ye Feng into two halves.

Even Ye Feng's current flame quality cannot harm this special divine blood corpse.

"Divine Blood Heavenly Corpse?"

Ye Feng's eyes showed a hint of surprise at this time. He didn't expect that the group of disciples of the Corpse God Sect opposite with ordinary cultivation would have such powerful special zombies.

At this time, Shangguan Mingyue immediately shouted coldly: "Holy Sword!"

boom!

Shangguan Mingyue pulled out a hosta stuck in her hair. The hosta immediately began to grow in size, and eventually turned into a long sword that emitted strong white light, exuding the powerful fluctuations of the ancient sages.

"Boom!"

Shangguan Mingyue is the number one person in the inner sect of Heihe Holy Land, and is also a direct disciple of the Holy Lord of Heihe Holy Land. Her cultivation level is not weaker than Ye Feng, and is even a little stronger than the current Ye Feng.

Shangguan Mingyue held the holy sword in her hand and slashed at the divine-blooded corpse rushing forward.

"when!"

However, when the holy sword struck the top of the Divine Blood Corpse's head, it made a crisp sound of metal collision and did not cause any damage to the Divine Blood Corpse.

"What a solid body!"

At this time, Shangguan Mingyue couldn't help but reveal a hint of surprise in her beautiful eyes.

Because the holy sword in her hand is an extremely ancient weapon and very powerful.

"Hahaha!"

The master of the Corpse God Cult who was controlling the Divine Blood Heavenly Corpse not far away laughed out loud and said triumphantly: "You outsiders can't understand the horror of our Corpse God Cult. If you know next Now, facing zombies that cannot be killed, no matter how powerful you are, you will be consumed to death sooner or later!"

At this time, Shangguan Mingyue once again struck with a sword, killing the one who came over again.

The Divine Blood Heavenly Corpse was chopped into pieces.

But she still didn't cause any harm to the Divine Blood Heavenly Corpse.

On the contrary, it also angered the Divine Blood Heavenly Corpse. The red light in this special zombie's eyes became stronger and stronger, and the power of each attack became stronger and stronger.

"Boom!"

After smashing the Divine Blood Corpse away again, Shangguan Mingyue looked a little unhappy and said, "Ye Feng, this is not the way to go. We need to find a way to destroy this Divine Blood Corpse."

Ye Feng shook his head and said aloud: "This Divine Blood Heavenly Corpse is indeed extremely strong. I'm afraid we don't have the strength to kill it."

Because at this time Ye Feng asked the Killing Sword Demon in the storage ring, the Killing Sword Demon might not be able to destroy this divine blood corpse.

When Shangguan Mingyue heard what Ye Feng said, her beautiful eyes darkened and she said, "Then what should we do now? We are now entangled by this divine blood corpse."

Ye Feng suddenly looked at a group of Corpse God Cult masters not far away, and said with a cold smile: "To untie the bell, you still need the bell tyer. As long as we kill the group of Corpse God Cult disciples who control the Divine Blood Heavenly Corpse, , then the Divine Blood Heavenly Corpse will automatically stop attacking and there will no longer be any threat."

When Shangguan Mingyue heard what Ye Feng said, her eyes suddenly lit up and she couldn't help but say: "That's right! As long as the person controlling the Divine Blood Corpse can be killed, the crisis will be resolved."

Ye Feng immediately spoke up and said: "Shangguan Mingyue, you cover me, use the holy sword to resist the attack of the Divine Blood Corpse, and together we will kill the group of corpse god masters who control the Divine Blood Corpse!"

"good!"

Shangguan Mingyue nodded immediately. She burst out with all her strength, and her body immediately emitted an extremely bright white divine light.

At this moment, Shangguan Mingyue seemed to have used some secret technique to increase combat power, and his combat power was greatly improved.

Every time she struck with her sword, she was able to chop the divine blood corpse away.

During this process, Ye Feng just concentrated on following Shangguan Mingyue and suddenly came not far away from a group of masters of the Corpse God Cult who controlled the Divine Blood Heavenly Corpse. \u003c

br\u003e

"Master Panwu!"

Ye Feng roared and stretched out a palm. The hand immediately expanded in the entire sky and became a huge hand that covered the sky. It was like an ancient mountain bombarding down. In an instant, It enveloped a group of more than a dozen masters of the Corpse God Cult not far away.

Although the zombies controlled by these zombie god masters are very powerful, their own cultivation level is not high, and they have no melee attack and defense.

So at this moment, more than a dozen masters of the Corpse God Cult could not help but change their expressions. They did not expect that Ye Feng and Shangguan Mingyue would join forces so quickly.

"Run!"

A group of more than a dozen masters of the Corpse God Cult immediately fled in all directions.

But it's too late.

"Pfft!"

"Pfft!"

"..."

The moment Ye Feng's Panwu hand fell, nearly half of the Corpse God Cult masters were shattered.

"hateful!"

The remaining masters of the Corpse God Cult suddenly showed extremely angry expressions on their faces.

"Hurry up and use your own blood essence to open the second divine blood corpse! We must kill these two outsiders! We can't let them destroy the area where we cultivate zombies!"

At this moment, the master of the Corpse God Cult who was the first to control the Divine Blood Heavenly Corpse immediately said to several people around him.

"Yes, senior brother!"

There were still three masters of the Corpse God Religion left. At this moment, their faces showed a look of madness, and they sprayed out a mouthful of blood essence, and then awakened the divine blood corpse in their storage ring.

Obviously, these corpse god masters are very powerful, and each of them actually owns a divine blood corpse.

"Roar!"

"Roar!"

Accompanied by ferocious roars, three more Divine Blood Heavenly Corpses appeared. Including the first one, a total of four Divine Blood Heavenly Corpses immediately besieged Ye Feng and Shangguan Mingyue.

The situation was reversed in an instant!

Chapter 2164 An idea

boom!

boom!

boom!

At this moment, four extremely ferocious divine blood corpses rushed towards Ye Feng and Shangguan Mingyue.

Under the siege of four divine blood corpses, the two of them could not break out of the siege.

"You're dead!"

The masters of the Corpse God Cult immediately laughed ferociously.

"The true form of Lord Panwu!"

boom!

Ye Feng immediately roared, and his whole body suddenly expanded into a huge divine giant.

This is not only that the body has become bigger, but the essence of life has also become the true form of the god, which is much more powerful than the golden giant Ye Feng himself turned into.

"Boom!"

In an instant, Ye Feng stood upright and turned into Panwu God Lord. He immediately entangled all the four divine blood corpses that rushed towards him.

Ye Feng immediately shouted to Shangguan Mingyue who was not far away: "I'm holding back these four zombies! You go and kill those masters of the Corpse God Cult who control the Divine Blood Corpses!"

"OK!"

Seeing Ye Feng entangled all four divine blood corpses by himself.

Shangguan Mingyue immediately nodded, holding the holy sword emitting strong white light in his hand, and immediately rushed towards not far away.

"What?"

"This human boy turned into an ancient giant!"

"What a powerful body! It was able to drag out four divine blood corpses! It's amazing!"

...

Almost at this moment, several Corpse God Cult masters not far away couldn't help but exclaimed.

Because they never expected that the four divine blood corpses released would be held back by Ye Feng alone.

"Boom!"

At this moment, Shangguan Mingyue had already flown high into the sky, and the holy sword in his hand struck down hard.

\u003e

"Mingyue Sky-Destroying Sword!"

At this moment, Shangguan Mingyue displayed a very powerful sword inheritance.

"Boom!"

In an instant, the holy sword in Shangguan Mingyue's hand burst out with a very terrifying sword light, and countless visions of the bright moon appeared, as if the bright moons were bombarded, full of unparalleled sharpness. and weight.

"ah!"

"ah!"

Almost at this moment, those masters of the Corpse God Cult could not withstand Shangguan Mingyue's attack at all, because their most powerful means were the zombies they controlled. Now that they had no zombies to protect them, everyone was suddenly attacked by Shangguan Mingyue. Mingyue's sword killed him instantly.

And at the moment when these corpse god masters were killed, the four extremely powerful divine blood corpses that were frantically besieging Ye Feng immediately fell silent, as if they had turned into a lifeless machine. , stopped moving for a moment.

"good!"

Ye Feng laughed and returned to his original form.

He looked at the four motionless Divine Blood Heavenly Corpses with a fiery look in his eyes.

Because these four divine blood corpses are extremely strong, even if Ye Feng turns into the Dharma form of Panwu God, he will not be able to crush these divine blood corpses.

These divine blood corpses must contain extremely strong attribute power in their bodies.

Ye Feng possesses the God Clan Glove, which can extract the attribute power of all things and enhance his own strength.

The reason why Ye Feng has not used the God Clan gloves is because he has not encountered anything solid worth extracting.

But this divine blood corpse is a good thing. If you use the divine gloves to extract the attributes in it, you can definitely greatly increase the strength of your chaotic body.

leaf

The chaotic body of the wind has not improved for a long time.

This is also something that Ye Feng has been very worried about.

After all, Ye Feng's most powerful method is the Chaos Body.

Because every breakthrough of the Chaos Body can inspire the Chaos Heavenly Emperor Technique, allowing Ye Feng to awaken a new and powerful bloodline talent.

Ye Feng feels that if he wants to deal with Xiao Tianshen in the future, his biggest hope at present is to let the Chaos Body break through the first level of heaven again and awaken a powerful blood talent to help him improve his combat power and comprehensive martial arts training quality.

At this time, Ye Feng's idea was focused on the Divine Blood Heavenly Corpse.

You must know that in the hands of just a dozen disciples of the Corpse God Sect, there are four divine blood corpses.

Then the headquarters of the Corpse God Sect must have more divine blood corpses, and even higher-level special zombies.

But this Corpse God Cult seems to be a bit powerful.

Ye Feng secretly planned in his heart and had an idea.

At this time, Shangguan Mingyue's beautiful figure walked over from not far away.

She held a dozen storage rings in her hand and said aloud: "These are trophies, we will share them equally."

Ye Feng nodded and took half of the storage rings.

But he checked it out and was quite disappointed.

Because there are no other divine blood heavenly corpses in these storage rings, not even the lunar orbs to enhance one's own skills.

At this time, Ye Feng looked at Shangguan Mingyue and said, "Do you need these four divine blood corpses?"

Shangguan Mingyue looked at the four very ferocious zombies, shook her head in disgust, and said loudly: "I don't want these things."

Ye Feng nodded and put the four divine blood corpses into his storage ring.

Shangguan Mingyue said: "Next, you

Where are you going? "

Ye Feng said aloud: "Go to the headquarters of the Corpse God Cult."

When Shangguan Mingyue heard what Ye Feng said, a look of surprise suddenly appeared in her beautiful eyes. She couldn't help but said: "You want to go to the headquarters of the Corpse God Sect? You are a bit brave. How many members of the Corpse God Sect are there?" This disciple is so powerful, let alone the headquarters of the Corpse God Sect. In fact, when I entered this ancient trial space, my master once reminded me that it is best not to provoke the local forces in this ancient trial space, because being able to do so in this ancient trial space The forces that have been passed down to this day in the world of trial space are absolutely terrifying and have very strong foundations. I am afraid that even a person of the Holy Lord level like my master would be afraid of them."

When Ye Feng heard Shangguan Mingyue's tone that seemed to be a warning, he couldn't help but smile and said: "Instead of directly attacking the headquarters of the Corpse God Cult, I might lurk in and look for any strong and strong zombies. "

Shangguan Mingyue was a little stunned and said: "Ye Feng, do you want to learn the method of corpse refining?"

"Not really."

Ye Feng smiled hoarsely and said: "The stronger and special the zombie, the greater its effect on me. This is related to one of my cultivation techniques."

"Oooh!"

Shangguan Mingyue nodded, and did not ask any more questions, but said aloud: "Originally, I wanted to invite you to explore the ruins of the ancient trial space together, but now it seems that this is not possible, and I also have my own place to go. "

Ye Feng said with a smile: "Okay, then our green mountains will remain green and our rivers will flow forever. See you again when we have the chance."

"good."

Shangguan Mingyue also showed a hearty smile on her beautiful face, then turned around and flew in a certain direction in the distance.

Ye Feng did not leave at this time, but was preparing to find a quiet place nearby. He first extracted the four divine blood corpses with divine gloves to increase the strength of his chaotic body.

Finally, Ye Feng found a relatively remote tomb. It was quiet and no one should disturb him, so he went in.

Chapter 2165 Entering in disguise

In the quiet tomb, Ye Feng took out four divine blood corpses.

At this time, his palm flashed with light, and a nine-color glove appeared.

These are the Protoss Gloves!

As long as Ye Feng wears this divine glove, he can extract the attributes of anything he touches.

So at this time, Ye Feng didn't hesitate at all. He directly put on the god's gloves and pressed them on the body of the divine blood corpse in front of him.

Buzz!

Almost at this moment, Ye Feng suddenly felt a surge of abundant attribute power, absorbed into his body.

"Strong attribute extraction!"

"Extraction of divine blood attributes!"

"Extraction of Taiyin Qi attributes..."

Accompanied by the extracted properties of the Protoss Gloves.

The zombie bodies of several Divine Blood Heavenly Corpses suddenly changed from strong to soft.

Eventually it became a fragile film that cracked in the middle.

At this time, Ye Feng had obtained various powerful attribute powers, and his body and physique had been greatly improved.

Four Divine Blood Heavenly Corpses were extracted at once, and the strength of Ye Feng's Chaos Body suddenly increased from the previous Chaos Body's first level of the Fourth Heavenly Perfection to the third level of the Fourth Heavenly Perfection.

The final transformation is getting closer and closer.

As long as the chaotic body can be strengthened to the fifth level.

Then the Chaos Heavenly Emperor Art will also enter the realm of the fifth heaven.

At that time, Ye Feng will once again awaken an extremely powerful blood inheritance talent.

Ye Feng is looking forward to this very much.

So at this time, without wasting time, he walked directly out of the retreat, and then began to release his soul power to explore the location of the headquarters of the Corpse God Cult.

However, Ye Feng remained vigilant.

Because before Shangguan Ming

Yue is right.

The Corpse God Cult, a local force that can be passed down in the ancient trial space, has gone through countless years and must have a very deep foundation.

Even the Holy Lord-level figures of the Four Holy Lands would probably not dare to provoke the Corpse God Cult easily.

Therefore, when Ye Feng went to the Corpse God Cult this time, he knew very well that he must not expose his identity, otherwise he would be killed by the super strong men in the Corpse God Cult.

Ye Feng directly disguised himself as a disciple of the Corpse God Cult on the way.

Ye Feng is very familiar with disguise.

Because he can transform his power into energy of any attribute at any time.

Therefore, Ye Feng was currently disguised as a disciple of the Corpse God Sect, exuding the aura of Taiyin, making it impossible for anyone to see his true identity.

The Cult of the Corpse God is very large, and no one cares about any problems that a small disciple may have.

Ye Feng quickly found the headquarters of the Corpse God Cult.

Because this is the territory of the Corpse God Cult.

The place where Ye Feng fell before was a burial place for cultivating zombies in the Corpse God Cult.

At this time, Ye Feng was also covered in a black robe, looking quite a bit like a disciple of the Corpse God Cult.

He came to a rolling mountain.

Ye Feng immediately saw huge buildings built in the mountains.

The entire mountain range was shrouded in a huge Yin Qi formation.

The entire sky was gray and seemed to be filled with a deep sense of gloom.

"As expected of a sect that specializes in zombie training, it looks very sinister.

"

Ye Feng thought in his mind and walked directly towards the inside of the sect.

When Ye Feng stepped into the door of the Corpse God Cult, he immediately felt as if he had passed through a huge formation invisibly.

The formation sensed the Yin Qi skill attribute of Ye Feng, so it did not cause any hindrance to Ye Feng.

This made Ye Feng immediately breathe a sigh of relief.

It seems that this Corpse God Cult is very strict. ??

As long as they are not inherited from practicing zombies and the attributes of the exercises in their bodies are not Yin Qi, they will not be able to enter the territory of the Corpse God Cult, and they may even be discovered by the guardian formation.

"Fortunately, my Chaos Heavenly Emperor Technique allows me to change my skill attributes at will and transform in essence. Otherwise, it is very likely that the guardian formation will detect the abnormality."

Ye Feng murmured in his heart at this time, feeling a little scared.

But since the guardian formation has been passed, there is no problem.

Ye Feng went directly to the headquarters of the Corpse God Cult.

Along the way, he saw that many disciples of the Corpse God Sect did not communicate much with each other.

It seems that all the cultivators of the Corpse God Sect should be focused on refining zombies themselves, and there is not much communication between the disciples.

This made Ye Feng feel very good.

Because Ye Feng came to the headquarters of the Corpse God Cult in a sneaky way. He wanted to see if he could find some powerful and special zombies, and then extract the solid attributes from them to increase the strength of his chaotic body.

So Ye Feng didn't want to communicate with too many people.

It just so happened that the cultivation atmosphere of the Corpse God Cult was very suitable for me.

Ye Feng was currently wandering around the Corpse God Headquarters.

He's not in a hurry to find special zombies right now.

Because Ye Feng

I want to find out the various location layouts of the Corpse God Cult headquarters.

In this way, at night, Ye Feng can sneak out and look for zombies worthy of extracting attributes.

"That disciple in black robe, come here."

But suddenly at this moment, a sudden change occurred.

Ye Feng was walking around when suddenly an old man in a white robe not far away called him.

"Have you discovered it? Impossible! My disguise is perfect."

Ye Feng was heartbroken, but did not immediately turn against him. Instead, he walked towards the old man in white robes and said with a smile: "Is there anything the elder wants from me?"

The old man in white robe was very skinny and looked like he was going to die at any time, giving people a very sinister feeling.

The old man in white robe stared at Ye Feng and said loudly: "Looking at your appearance, you should be a new disciple of the Corpse God Cult."

Ye Feng nodded immediately and said aloud: "Reporting to the elders, I am indeed a new disciple of the Corpse God Cult."

The white-robed elder nodded and said aloud: "I happen to be short of a few assistants for refining zombies. Come with me. You happen to be a new disciple. I can give you some guidance on your practice."

Ye Feng was very confused in his heart. He didn't know why this old man in white robe suddenly chose a new disciple like himself as his deputy.

But Ye Feng quickly pretended to be happy, clasped his fists and said, "Thank you, elder, for your appreciation!"

After finishing speaking, the old man in white robe nodded and walked not far away.

Ye Feng quickly followed.

The cultivation momentum of this old man in white robe is very powerful, and Ye Feng understands that the zombies controlled by this old man in white robe must be even more powerful.

Therefore, Ye Feng did not dare to act rashly for the time being. He would first follow the old man in white robe to see what was going on.

Chapter 2166 The vast back mountain area

Following the old man in white robe, Ye Feng soon came to a very deep place.

This is a very remote area of the Corpse God Cult, but it does have a huge and towering palace.

The old man in white robe said: "This palace is my elder's training place, and it is also the place where zombies are usually cultivated. Recently, my elder got a zombie that has been cultivated for thousands of years from an ancient ruins, but it is difficult to tame it. , so I need to find a deputy to help me refine that ten thousand-year-old zombie."

When Ye Feng heard what the old man in white robe said, his eyes suddenly lit up.

Thousands of years old zombie!

It was a special zombie that the elder of the Corpse God Cult obtained from an ancient ruins.

To put it this way, it can be said that I have walked through iron shoes and found nowhere, and it took no effort to get it.

Thinking secretly in his heart, Ye Feng said in a very respectful voice: "Thank you, elder, for giving me this opportunity. I will definitely perform well."

The old man in white robe immediately nodded happily, and then said loudly: "Let's go in and take a look together."

After finishing speaking, the old man in white robe led Ye Feng into the main hall.

Ye Feng walked into the hall, and his eyes suddenly trembled.

He instantly saw a large hole dug into the ground in the middle of the hall.

In that big pit, countless golden chains trapped a ten thousand-year-old zombie that was hundreds of meters tall. His skin was dark blue, covered with dense silver scales, and his eyes were as big as lanterns. It glows red and looks very sinister.

"Roar!"

Seeing the white-robed old man and Ye Feng walking in, the ten-thousand-year-old zombie immediately roared, like an ancient evil beast.

But he was trapped by golden chains all over his body and could not escape at all.

\u003e

The white-robed old man said aloud: "This is the ten-thousand-year-old zombie I got from that ancient ruins. It seems to have the blood of the ancient imperial clan flowing in it. It is very powerful. If I can refine it, my You will be able to stand out among the Corpse God Cult with your strength, and only you, the new disciple, know this secret now."

At this time, the old man in white robe said: "The reason why I chose you as a new disciple is because you have not joined other forces of our Corpse God Cult, so you will not leak the secrets and can only be loyal to me."

Ye Feng immediately clasped his fists and said, "This disciple must be loyal to the elder!"

The old man in white robe nodded with satisfaction and said aloud: "If you want to refine this ten thousand year old zombie, you must feed him a certain amount of blood food every day."

After finishing speaking, the old man in white robe took out a golden token from his storage ring and said to Ye Feng: "With this elder token of mine, you can freely enter the corpse buried in the back mountain of our Corpse God Sect. There are a lot of zombies that produce intelligence. You have to catch ten ordinary zombies every day and feed them to this thousand-year-old zombie."

Ye Feng took the golden token, his eyes brightened slightly, and he couldn't help but said immediately: "Yes, elder! The disciple will definitely complete the mission!"

Ye Feng knew that he might not be able to attack this living, ten-thousand-year-old zombie.

But now the white-robed old man gave himself an elder's order, allowing him to freely enter the corpse burial place at the back of the Corpse God Sect, which made Ye Feng very happy.

After all, the corpse burial place at the back of the Corpse God Sect is definitely many times larger than the small corpse burial place Ye Feng encountered outside before!

So at this time, Ye Feng discovered that he was still very lucky.

Yes, just after entering the Corpse God Cult, I met a noble person to help me.

The old man in white robe gave instructions and then left.

Ye Feng observed the ten thousand year old zombie in the prison.

He found that he couldn't make a move at all. Once he got close, his mind would be affected by the terrifying zombie aura.

"It seems that this old man in white robe is very powerful. He was able to capture such a terrifying ten-thousand-year-old zombie from the ancient ruins!"

Ye Feng was a little shocked by the strength of this white-robed old man.

So he decided not to reveal his identity for the time being, otherwise he might end up miserable.

At this time, Ye Feng took the elder's order given to him by the old man in white robe and walked towards the back mountain of Corpse God Sect.

For Ye Feng, the most important thing now is to quickly go to the burial place where the Corpse God Cult specializes in cultivating zombies, look for some special and powerful zombies, and use the gods' gloves to extract the solid attributes and other attributes of their bodies. Used to increase the strength of one's own chaotic body.

For Ye Feng, entering this ancient trial space this time, he must try his best to raise his strength to a whole new level.

Otherwise, after returning to Qingtian Holy Land, it is very likely that Xiao Tianshen will be killed by Xiao Tianshen who has successfully healed his wounds.

After all, Master Leng Qingxue has now left the Blue Sky Holy Land and gone to the center of the God Realm.

An old man who is a wind god may not be able to protect himself.

What's more, there is a Holy Master behind Xiao Tianshen.

Therefore, Ye Feng is still very anxious and wants to improve his strength as soon as possible.

Ye Feng's speed was very fast, and he arrived at the back mountain area of the Corpse God Cult in a blink of an eye.

The back mountain area of the Corpse God Cult is a very important place for cultivating zombies.

square.

So the guards are very strict.

At this time, a large number of guardian disciples appeared at the entrance of the back mountain. They stared at Ye Feng warily and said, "Who are you? Why are you approaching the back mountain area?"

Ye Feng's face was very calm at this time. He flashed the golden token in his hand and said, "I was ordered to come to the burial ground in the back mountain to find something."

"This is Elder Bai's token!"

Several guardian disciples couldn't help but have a look of surprise in their eyes.

It seems that this Elder Bai has a high status in the Corpse God Cult.

These guardian disciples of the Corpse God Sect immediately spoke out: "I didn't expect Elder Bai to accept a disciple. This is indeed Elder Bai's personal token. Okay, you go in."

At this time, several disciples guarding the corpse burial ground in the back mountain immediately released the entrance restrictions.

When Ye Feng saw this scene, his eyes showed a hint of surprise.

Unexpectedly, the elder Bai whom he met vaguely seemed to have a very high status in the Corpse God Cult.

At this time, Ye Feng nodded to several guardian disciples, and then walked directly towards the back mountain area.

When Ye Feng arrived at the center of the back mountain area, he immediately saw man-made tombstones standing on the ground, endless, with almost no end in sight.

"What a vast burial ground."

Ye Feng was a little shocked on the spot.

Because this place where corpses are buried is really vast.

There is literally no end in sight.

One can imagine how many ancient zombies the Corpse God Cult has cultivated over the years.

It really makes people's scalp numb just thinking about it.

Chapter 2167 The fight started

At this time, Ye Feng looked at the vast corpse burial place and did not waste time. He immediately released his soul power and started to check if there were any special zombies.

The four Divine Blood Celestial Corpses extracted by Ye Feng before had greatly increased the strength of Ye Feng's Chaos Body, making Ye Feng very happy.

So this time Ye Feng must seize the opportunity to find more special zombies in this place where the Corpse God Cult specializes in cultivating zombies to quickly strengthen his physique.

For the next period of time, Ye Feng followed Elder Bai's order and honestly brought ten living zombies to feed the ten-thousand-year-old zombie every day.

During this period of time, Ye Feng also found many special zombies with particularly powerful bodies in the vast corpse burial ground.

Without any hesitation, Ye Feng extracted all these special zombies with God Clan gloves.

The strength of Ye Feng's Chaos Body has been greatly improved during this period, directly from the third level of the Fourth Great Perfection to the tenth level of the Fourth Great Perfection!

There is only one last step left to enter the fifth heaven!

As long as Ye Feng can elevate his Chaos Body to the fifth level, he will once again be able to awaken a magical and powerful bloodline talent.

Ye Feng is very much looking forward to this.

But Ye Feng suddenly discovered that he seemed to have extracted all the special zombies in the burial place of the Corpse God Cult.

And if you want to break through the last level, you will definitely need more powerful solid attributes.

Ye Feng finally thought about it and could only focus on the ten-thousand-year-old zombie.

During this period of time, with Ye Feng's feeding, the ten thousand-year-old zombie was gradually being refined by Elder Bai.

Elder Bai seems to have huge ambitions, because every time Ye Feng sees Elder Bai looking at the ten-thousand-year-old zombie, his eyes are full of great passion and ambition.

color.

Ye Feng felt that if Elder Bai could control this ten thousand-year-old zombie, perhaps Elder Bai's strength would soar to a very terrifying level.

"Does this Elder Bai want to rob the leader of the Corpse God Cult?"

Ye Feng thought secretly in his heart.

During this period of time, he also found out a lot of news in the Corpse God Cult.

The elder Bai he is serving now does not have a very good reputation in the Corpse God Cult. It is said that Elder Bai has a grudge against the current leader of the Corpse God Cult.

Therefore, many people feel that Elder Bai might seize power one day.

But the leader of the Corpse God Sect is extremely powerful, so Elder Bai has never dared to act rashly.

When Ye Feng heard the news, he was immediately shocked.

The reason why Elder Bai chose to feed this ten thousand-year-old zombie in the first place seemed to be because he was a new disciple of the Corpse God Cult, so he would not reveal his secrets.

"It seems that Elder Bai really wants to seize power with this thousand-year-old zombie."

Ye Feng thought secretly in his heart, feeling that he had better hurry up and escape from this place of right and wrong.

After all, if he participated in a war between elders like Elder Bai and the leader of the Corpse God Cult, he would probably die without a burial place.

During this period of time, Ye Feng has extracted the attributes of many special zombies in the burial ground behind the Corpse God Cult, and the strength of his Chaos Body has been greatly improved.

Ye Feng was very satisfied with this trip.

That night, Ye Feng opened his eyes in the house where he lived

Eyes, prepare to leave the Corpse God Cult directly.

But suddenly, just when Ye Feng opened his eyes.

"Boom!"

Suddenly, an earth-shattering roar erupted from a place not far away.

And at the next moment, a palm that covered the sky and sun struck down from high in the sky.

The target of the bombardment was the palace where Elder Bai was located.

"Boom!!"

The terrifying roar suddenly sounded earth-shattering.

Elder Bai's palace was immediately blown to pieces.

The thousand-year-old zombie who was trapped in a chain also saw the light of day again. He roared suddenly, but still did not break away from the shackles of the golden chain.

"Elder Bai! You are indeed secretly refining an ancient and powerful zombie puppet! But unfortunately, my leader has long been aware of the corpse energy of this ten-thousand-year-old zombie. My purpose of not taking action is to make you, Elder Bai, Become a coolie and refine this ten-thousand-year-old zombie to the final level, and then the leader will take action and reap the benefits!"

At this moment, a burst of laughter suddenly sounded.

High in the sky, a middle-aged man wearing a red robe appeared.

He looked extremely arrogant and domineering as he looked at the palace below which was blown to pieces with his own hand.

This middle-aged man is naturally the leader of the Corpse God Cult!

The leader of the Corpse God Cult was staring at the ten-thousand-year-old zombie revealed after the palace was blown to pieces, with a deep greed in his eyes.

Obviously, to him, this ten thousand year old zombie is of great value.

"Leader! I didn't seize power at all.

heart of! I didn't expect you to kill me directly! It's so abominable! Today I don't want to rebel but I have to rebel! "

Suddenly at this moment, the ruins underneath exploded. Elder Bai was filled with infinite momentum and flew up from under the earth in an instant.

His eyes were extremely frightened and angry, staring at the leader of the Corpse God Sect high in the sky.

At this time, Ye Feng climbed out of a small ruin on the edge of the area where the two powerful men were confronting each other.

The place where Ye Feng lives is a small wooden house on the edge of the palace where Elder Bai lives.

Therefore, although the aftermath of the big hand just now destroyed the cabin, it actually did not cause any harm to Ye Feng.

Ye Feng did not leave directly at this time, but hid in the surrounding ruins.

Because he wanted to witness the battle between the two powerful men and see if he could get some benefits.

After all, Ye Feng is also very eager for that ten-thousand-year-old zombie.

If we could get that thousand-year-old zombie and extract it with God's gloves, I'm afraid Ye Feng's chaotic body at the last level of the fourth heaven would definitely transform completely and step into the fifth heaven!

Therefore, Ye Feng did not leave directly at this time. Instead, he lurked around, waiting for the best opportunity to snatch the ten thousand year old zombie.

However, the leader of the Corpse God Cult and Elder Bai are both super masters among the elders, and their cultivation levels are very high. It is estimated that it will be very difficult to plunder the ten thousand year old zombie during their battle.

But there is always a chance.

Ye Feng was originally planning to leave the Corpse God Cult directly.

Unexpectedly, something unexpected happened, and the leader of the Corpse God Sect and Elder Bai got into a fight.

This gave Ye Feng the opportunity to spy in secret.

Chapter 2168 Ecstasy

Buzz!

At this time, the entire high altitude was filled with a very powerful aura.

Because Elder Bai and the leader of the Corpse God Sect were confronting each other at high altitude.

"What happened?"

"Why did the leader get into a fight with Elder Bai?"

"It's so sudden! How could something like this happen?"

...

At this moment, in the originally peaceful area of the Corpse God Cult, countless disciples of the Corpse God Cult were awakened in the dark night.

Their eyes were filled with shock as they looked at Elder Bai and the leader of the Corpse God Sect who were in a state of confrontation high in the sky.

At this time, the leader of the Corpse God Sect sneered and said: "Elder Bai, although you and I were once disciples of the same master, over the years, as the leader, I have received a lot of resources, and you are not my opponent at all. "

Elder Bai also sneered fiercely at this time and said: "Actually, I have known for a long time that you have noticed that I am cultivating this ten-thousand-year-old zombie, so I have already made plans to activate the Heaven and Earth Zhiyang Zhiyang formation. !"

Boom!

Almost at this moment, a huge formation suddenly rushed out from the entire broken mountain. The center of the formation was emitting strong golden light, as if there was a golden sun suspended there.

It is a very terrifying and powerful force that can cause great damage to those who practice zombies.

"You actually arranged such a vicious formation!"

The leader of the Corpse God Cult was illuminated by the golden sun at this time, and his expression suddenly changed.

"Sizzling, sizzling..."

At this moment, when the surface of the body of the leader of the Corpse God Sect was illuminated by the most intense and sunny formation light, white smoke emitted, like sulfuric acid meeting water.

The leader of the Corpse God Sect snorted coldly and said: "Elder Bai, just relying on this

A formation can't kill me, don't you know, I have already cultivated my body into a golden zombie body! I am invulnerable to water and fire, and thunder and lightning cannot harm me. Some of your most rigid and solar formations will only cause some trouble to me. It is too naive to want to kill me with this! "

Boom!

Almost at this moment, the leader of the Corpse God Cult directly grabbed the sky with one hand.

His hand began to swell instantly, bursting through his sleeve, and turned into a big golden zombie hand covered with steel wool. It had unparalleled power and was instantly bombarded high in the sky. On the golden sun manifested by the formation.

"Crack!"

Almost at this moment, cracks appeared on the surface of the sun, and the entire formation was about to collapse.

"What? So powerful? You actually cultivated a golden zombie body!"

Elder Bai's expression couldn't help but change slightly at this time.

He didn't seem to have expected that the leader of the Corpse God Cult would secretly cultivate into a very powerful zombie body.

Elder Bai yelled: "You actually melted yourself into one with the zombies. If you do this, you will no longer be human or ghost!"

"Hahaha!"

The leader of the Corpse God Cult immediately laughed out loud: "As long as I have an invincible body, it doesn't matter if I become a zombie? The ultimate inheritance of our Corpse God Cult is to

turn humans into corpses to achieve the eternal immortal body! Elder Bai , you underestimate me, as long as I swallow the thousand-year-old zombie you have worked hard to refine for so many years, my golden zombie body can evolve again! Thank you for the wedding dress you made for me!"

At this moment, the leader of the Corpse God Sect let out a hearty laugh, and immediately headed towards Wan Nian not far away.

The old zombie rushed over and wanted to directly integrate this ten thousand year old zombie into his body.

"You can't possibly succeed!"

Elder Bai was so furious at this time that he immediately rushed towards the leader of the Corpse God Cult. A dark golden scepter appeared in his hand, bursting out with dark light and blasting directly towards the leader of the Corpse God Cult. .

"Holy Judgment Scepter?"

When the leader of the Corpse God Sect saw the scepter in Elder Bai's hand, his eyes suddenly changed slightly and he couldn't help but step back.

Obviously, the scepter in Elder Bai's hand seems to have a natural damage and suppression effect on the zombie body.

And just when the two powerful elders were entangled.

Ye Feng suddenly found an opportunity. In an instant, he flashed to the place where the ten-thousand-year-old zombie was trapped by the lock, and directly used the storage ring to directly store all the space in the area where the ten-thousand-year-old zombie was.

Although Ye Feng can't do anything to the ten-thousand-year-old zombie now, he can directly put it all in with the storage ring. When the time comes, Ye Feng will think of a way to completely lock this ten-thousand-year-old zombie. , and then use the Protoss Gloves to forcibly extract the attributes.

"Crack!"

And the moment Ye Feng put the ten thousand year old zombie and the surrounding earth and rocks that trapped the ten thousand year old zombie into his storage ring.

The two senior warriors of the Corpse God Sect who were fighting high in the sky immediately discovered the anomaly below.

"Thief! How dare you plunder this ancient zombie! Stop it!"

The leader of the Corpse God Cult immediately yelled, his tone filled with deep anger.

Because he has been plotting against this ten thousand year old zombie for a long time.

At this time, Elder Bai's eyes were full of disbelief. It seemed that he did not expect that Ye Feng, a new disciple of the Corpse God Cult, would dare to plunder his ten thousand-year-old disciple.

Zombies.

Elder Bai immediately issued a commanding tone: "Ye Feng! Do you dare to betray me? Stop now! Stop your stupid behavior!"

"boom!"

But Ye Feng didn't bother to pay attention to Elder Bai at this time. He directly released the power of the space gem and suddenly opened up a very long space wormhole.

Ye Feng stepped directly into the space wormhole and moved towards a very far away place.

"Damn it! Stop it!"

At this moment, the leader of the Corpse God Cult immediately stretched out a golden zombie hand and grabbed it towards the wormhole in space that Ye Feng walked into.

"Boom!"

Almost at this moment, the golden zombie's big hand directly bombarded the space wormhole.

But before the face of the leader of the Corpse God Cult showed joy, the space wormhole could not be destroyed at all.

Because space wormholes are opened up by space gems, they involve very mysterious space mysteries.

The leader of the Corpse God Cult cultivates extremely powerful physical power, which cannot destroy the secrets of space at all.

The next moment, the space wormhole disappeared, and Ye Feng's back also disappeared from everyone's sight.

"Damn it!"

In the distance, waves of angry roars suddenly sounded throughout the Corpse God Cult.

Ye Feng appeared tens of thousands of miles away at this time.

After he escaped safely from the space wormhole, his eyes were full of ecstasy.

Ye Feng did not stay there for long, but quickly ran deeper into the ancient trial space.

He wanted to find a place where the Corpse God Cult could not find it, find a way to control the ten thousand year old zombie that was still roaring in the storage ring, and then extract it.

Chapter 2169 The Fifth Heaven

Ye Feng left the Corpse God Cult at this time and ran far away.

Because he knows that the farther away, the safer.

After all, the strength of the two elders of the Corpse God Sect is terrifying.

So for safety reasons, Ye Feng ran for three days and three nights before stopping.

At this moment, Ye Feng felt that he was already in the deepest area of the ancient trial space. .??.

So at this time, Ye Feng felt that the strong men of the Corpse God Sect could not find him.

"Wow!"

Ye Feng opened his storage ring in an instant and released the ten thousand year old zombie.

"Roar!"

The moment the ten thousand year old zombie appeared, it immediately let out a huge roar.

Ye Feng frowned.

Because this ten-thousand-year-old zombie is so energetic, if it were not locked by the golden chain, it would probably kill him instantly.

Although Ye Feng owns the God Clan gloves, he can't get close to the ten thousand year old zombie and touch it.

Therefore, Ye Feng must find a way to immobilize this ten thousand-year-old zombie before he can use the God Clan gloves to extract its attributes.

"Slaying Sword Demon, do you have any idea?"

At this time, Ye Feng also released the Killing Sword Demon from the storage ring.

The ten-thousand-year-old zombie that the Killing Sword Demon was staring at had a look of surprise in his eyes, and he couldn't help but say: "You actually caught such a vicious thing, but it is

very difficult to control it. Even if such a vicious thing is If I get close, I'm afraid I'll be torn apart by him in an instant."

When Ye Feng heard what the Killing Sword Demon said, his eyes suddenly showed a look of surprise. It seemed that he didn't expect that the Killing Sword Demon would have such a high opinion of this ten thousand year old zombie.

This made Ye Feng feel a little embarrassed.

Ye Feng suddenly thought of something at this moment, and his eyes lit up immediately.

It seems that he has practiced the great sealing technique.

Maybe you can try the Great Sealing Technique to see if you can seal this thousand-year-old zombie.

Just do it.

Ye Feng now walked up to the ferocious roaring old zombie.

Then he directly stretched out his hand, released all his power, and unleashed the Great Sealing Technique on this thousand-year-old zombie.

"Boom!"

Suddenly, a terrifying sealing force burst out from Ye Feng's body, and then instantly descended on the old zombie.

Buzz!

Almost at this moment, streaks of white light formed invisible chains, which immediately bound the old zombie.

Although this ten-thousand-year-old zombie is extremely powerful, under Ye Feng's great sealing technique, his body suddenly became a little stiff, and his movements and roars became extremely slow, as if he had slowed down. .

At this moment, Ye Feng suddenly looked happy when he saw this scene.

He immediately continued to release the great sealing technique.

"Boom!"

"Boom!"

At this moment, the secrets and energy of the great sealing techniques descended on the ten-thousand-year-old zombie in an instant.

The movements of the ten-thousand-year-old zombie became slower and slower, and its body became stiffer and stiffer. Finally, it seemed that it had stopped. It just stopped in place, as if it had been completely sealed.

"Crack, click, click..."

But at this time, huge cracks were appearing in the white light prison formed by the Great Seal Technique.

Obviously this ten thousand year old zombie is struggling quickly and wants to escape quickly

The energy field generated by the Great Seal Technique.

"It's now!"

Ye Feng did not waste any time at this time. The God Clan gloves appeared in his hands, and then he instantly rushed in front of the ten thousand year old zombie whose body could not move. He directly stretched out his palm wearing the God Clan gloves and pressed it on the ten thousand year old zombie. On zombies.

"Rumble..."

Almost at this moment, Ye Feng immediately felt a very abundant power of attributes, which was rapidly being injected into his body, crazily increasing the strength of the Chaos Body.

You must know that this ten thousand year old zombie is an extremely powerful and special ancient zombie, and the solid properties contained in his body are very strong.

At this time, with the transfer of attribute power, the entire body of the tall and majestic thousand-year-old zombie suddenly shriveled up completely, then became very soft, and finally turned into ashes.

And Ye Feng was blessed by all the attributes of the ten-thousand-year-old zombie, and his entire body suddenly glowed with an immortal light, as if the entire body had been tempered thousands of times, full of unparalleled solidity and ferocious power.

At this time, Ye Feng's body suddenly erupted with a powerful aura of pure physical transformation.

"Boom!"

That is a terrifying life fluctuation!

It means that Ye Feng's physique has improved to a higher level!

At this moment, Ye Feng felt that the strength of his Chaos Body had achieved a breakthrough.

Finally, he has completely broken through and transformed from the tenth level of Dzogchen, the fourth heaven, to the first level of the early stage of the fifth heaven!

"The fifth heaven of the chaotic body!"

"It feels so powerful!"

At this time, Ye Feng held his hands and felt that the power of his extremely huge body was spreading all over his limbs.

Flow in the corpse.

After swallowing all the attribute power of the ten-thousand-year-old zombie, Ye Feng suddenly felt that the power of his body was many times stronger than before.

The Chaos Body stepped from the fourth heaven to the fifth heaven. It was not only an improvement in physical fitness, but also an improvement in Ye Feng's entire brute strength.

In addition, the biggest benefit is that Ye Feng is about to awaken a magical and powerful blood talent.

Ye Feng's most powerful trump card has always been, apart from the gems of the gods, the Chaos Body and various awakened natal talents.

"I wonder what kind of blood talent I can awaken this time..."

Ye Feng couldn't help but murmur.

What he lacks most now is powerful attacking talent.

The talents that were awakened before are basically auxiliary talents that cannot be reused at critical times, but they are quite good for assisting in practice.

So this time Ye Feng very much hopes to awaken a powerful talent that can increase attack power.

And just when Ye Feng was secretly looking forward to it.

He immediately felt a force rushing out from the depths of his blood.

Then an ancient book condensed in the void in front of him.

"a book?"

"The bloodline talent awakened in the fifth heaven is actually a book?"

Ye Feng's eyes suddenly widened and he seemed a little shocked.

At the same time, he also felt a little disappointed in his heart.

After all, a book, even if it is a divine book, is probably a auxiliary talent, which is different from the powerful sexual attack talent that I hoped for.

But at the next moment, Ye Feng suddenly received the profound information of this book indirectly, and his eyes suddenly lit up: "The book of Wenzu... says what you say!"

Chapter 2170 Bronze Burning Ancient Demon

At this moment, the book floating in front of Ye Feng exuded bright light.

It was a white light that looked very magical.

At this time, Ye Feng suddenly received the information about this book.

This book, called the Book of Wenzu, is said to have been created by the ancestors of the ancient human race and contains the most primitive power of the laws of heaven.

As long as you hold this book of Wen Zu, the holder can have the ability to speak and follow the rules.

The stronger the holder's cultivation, the more terrifying the power released by the words.

So at this time, after Ye Feng got the information about the ability of the Book of Wenzu, his eyes couldn't help but light up.

There was a look of disappointment on his face, but at this moment he also showed an expression of excitement.

Follow your words.

That is an ability that only ancient powers possess.

Even many ancient great sages have such abilities.

At this time, Ye Feng immediately began to try to use the ability of the Book of Wen Zu.

At this time, he suspended the Book of Wenzu above his head. The Book of Wenzu sprinkled white light, making Ye Feng's whole body bathed in the holy light, and he looked like he had become a Just like the ancient sages.

It looks very sacred and supreme.

Ye Feng was holding Wenzu's book at this time, as if he had turned into a saint who taught the world.

He held the Book of Wenzu in his hand, pointed it at a towering mountain not far away, and said: "Sword."

boom!

Suddenly, a large amount of law power surged out from high in the sky, and a huge sword of divine light condensed directly in the void, slashing down on the mountain with a crash.

"Boom!!"

Along with a huge roar, the mountain was immediately chopped into pieces.

"Is this what you say and what you say?"

Ye Feng's eyes were filled with deep excitement at this time.

It was the first time he used this magical method.

Words follow the law, as long as you say a sentence or spit out a certain word, God will descend the power of law, condense the power contained in the words, and produce extremely powerful destructive power.

Moreover, the most important thing is that Ye Feng discovered that when using the Book of Wenzu to perform verbal actions, it did not consume any of his own skills at all.

The only thing consumed is soul power.

In other words, this is an attack method that belongs to the soul.

This made Ye Feng quite happy.

Because he currently lacks attack methods in his soul.

"Not bad."

Ye Feng nodded with satisfaction, and instantly absorbed the Book of Wen Zu into his own blood.

The talent awakened from this book of Wenzu is not a physical thing. It can be hidden in one's own bloodline at any time. Others cannot plunder it unless they kill themselves and then refine their own bloodline. into his body.

At this time, Ye Feng looked in a certain direction not far away and murmured: "That direction is the deep area of the ancient trial space. There should be many talented disciples who entered from the outside world gathered there. , the cultivation resources should also be very abundant, it's time to fight for them."

Although Ye Feng gained a lot from the Corpse God Cult this time, he successfully allowed his chaotic body to enter the fifth heaven, and successfully awakened the Book of Wenzu, a very special and powerful blood talent.

But he wasted a lot of time in the Corpse God Cult after all. It is estimated that many resources in the depths of the ancient trial space have been robbed.

So at this time, Ye Feng still had a sense of urgency and hurried towards the ancient trial space.

Internal area rushed.

On the way, Ye Feng also exuded powerful soul power and was constantly exploring the surrounding environment, maybe encountering some kind of opportunity.

Hard work pays off.

Just on the first night.

Ye Feng passed by a valley.

If you just look with the naked eye, you can't see what's in the valley.

But Ye Feng exudes his soul power at all times, forming a soul power field around his body.

So at this time, Ye Feng immediately used his soul power to detect that in the dark valley, there seemed to be a flash of very strong energy fluctuations.

"What a rich blood energy fluctuation! If you swallow it, it will be of great benefit to my skill growth! Is there some very ferocious beast living in this dark valley?"

There was a trace of surprise in Ye Feng's eyes at this time. He immediately stopped on his way and flew towards the dark valley not far away.

When he came to the edge of this dark valley.

But Ye Feng immediately felt another kind of aura.

"In addition to the extremely rich blood energy, there is also a very rich demonic energy!"

Ye Feng's eyes were startled, and he immediately stopped and sneakily approached the dark valley.

"That is....."

In Ye Feng's field of vision, a large group of tall demons suddenly appeared, stationed in the valley, seemingly waiting for something.

Each of these demons were covered with bronze scales, and a golden flame was still burning on the surface of their bodies, making them look very magical.

"This is the Bronze Burning Ancient Demon. This is a demon born in the most terrifying depths of hell. I didn't expect it to appear in this ancient trial space."

Ye Feng looked a little surprised.

But thought of this

The ancient trial space is a very ancient world fragment, and he thinks it is normal.

After all, various practitioners that do not appear on the main interface of the God Realm, such as the Corpse God Cult of Zombies, all appear here.

In this ancient trial space, there are probably many other unimaginable ancient races surviving.

At this time, Ye Feng sneaked up on a bronze burning ancient demon guarding the entrance to the dark valley.

This bronze burning ancient demon has a relatively weak cultivation aura. He is at the eighth level of the Mahayana realm and has the same cultivation level as Ye Feng currently.

But Ye Feng is invincible at the same level.

And now Ye Feng's chaotic body has transformed again and entered the fifth heaven.

Ye Feng's body strength was many times stronger than before.

This also improved Ye Feng's overall strength a lot.

At this time, Ye Feng approached the bronze burning ancient demon of the eighth level of the Mahayana Realm, and then directly released the Book of Wenzu and said: "Dizziness."

Buzz!

At this moment, a kind of law of heaven and earth invisibly enveloped the ancient bronze burning demon, causing the ancient bronze burning demon to instantly feel a violent dizziness.

If it were for a strong person at a high level, Ye Feng's words and actions might not be of much use.

But for those in the same realm, it has a huge effect.

"Bang!"

The gatekeeper, the ancient bronze-burning demon, instantly fainted and fell to the ground.

"Pfft!"

Ye Feng rushed forward in an instant, killed the ancient bronze burning demon, and then disguised himself as the ancient bronze burning demon.

At this time, Ye Feng "became" a bronze burning ancient demon and walked towards the interior of the dark valley.

He did not take action rashly. After all, among this group of bronze-burning ancient demons, there were many powerful ancient demons that surpassed the Mahayana realm and transcended the realm of transcendence!
