

## Ancient 2171

Chapter 2171 Iron Fist

At this time, Ye Feng "transformed" into a tall bronze burning ancient demon and walked into the dark valley.

Ye Feng sensed other powerful auras, so he did not take action rashly.

He planned to go inside and take a look first.

At this time, Ye Feng walked into the dark valley. He saw dozens of bronze burning ancient demons standing in the valley.

For Ye Feng, the blood and energy of these demons are worth devouring.

But Ye Feng did not act rashly now, because he was more curious about why these demons gathered in this small valley.

At this time, Ye Feng stood among a group of demons, waiting silently.

"Buzz!"

And just in the middle of the night.

Suddenly, inside the dark valley, a gap opened on the surface of a rock wall.

In this gap, a huge red flower grew.

As the red flowers opened, a beautiful woman appeared in the flowers.

This woman was wearing a dark purple dress, which outlined her perfect posture.

At this time, she emerged from the flowers and murmured to herself, "After decades, I, Hua Qianyu, have finally been reincarnated. It seems that my body in this life has become a flower fairy..."

At this time, the woman who grew out of the flower looked at the countless bronze burning ancient demons in the entire valley, and couldn't help but have a look of surprise in her eyes.

"The flower of the other shore has finally bloomed!"

"And there's also a flower spirit!"

At this moment, a group of strong men among the bronze burning ancient demons burst out with powerful demonic energy and rushed towards the other shore flower.

This other shore flower seems to have a huge nourishing effect on the demons.

So this group of demons all rushed towards the Bianhua flower on the rock wall.

They have been waiting here, probably just to wait for this

Flowers from the other side are in full bloom.

At this time, Ye Feng, who was standing in the group of demons, looked at the flower fairy on the other side and felt that this woman looked familiar.

But Ye Feng didn't think much, but followed the group of many demons and rushed towards the other side flower.

Ye Feng also felt a very abundant medicinal energy from that huge Bana flower.

Uh-huh!

At this time, I suddenly saw countless demons rushing over, and the "Flower Fairy" born from the blooming flowers on the other side immediately ran away in a panic.

However, no demons paid attention to the "Flower Fairy" because they were interested in the powerful medicinal power contained in the blooming Bana Flower itself.

Ye Feng also burst out with powerful power at this time, knocking away all the charging bronze burning ancient demons with their fists, and then directly grabbed the other side flower into his hand and put it into the storage ring.

"presumptuous!"

A bronze-burning ancient demon wearing black iron armor and looking like a commander shouted instantly: "You, a humble demon soldier in the Mahayana realm, dare to compete with our transcendent realm commander for the holy medicine of the other side flower. ? "Get out of here!"

boom!

The demon leader immediately stretched out a dark claw and grabbed Ye Feng fiercely.

"boom!"

But at this time, Ye Feng just smiled coldly, without any dodge, and instantly punched forward with a fist.

"Dare you compete with me? You are seeking death!"

At this moment, a cruel smile suddenly appeared on the face of the demon leader, and the demonic claws struck fiercely, as if they were going to tear Ye Feng, the "demon soldier" into pieces in an instant.

"Click

! "

But at the next moment, Ye Feng's fist struck instantly, directly smashing the demon leader's claws into pieces.

"ah!!"

The demon leader couldn't help but scream. ??

One of his devil claws was directly shattered by Ye Feng.

"What?!"

Seeing this scene, many demons around them had deep horror in their eyes.

They didn't seem to have expected that a small demon soldier would actually smash the claws of a demon leader into pieces in a head-on collision.

"So strong!"

At this time, Ye Feng's eyes showed a hint of surprise.

Feeling powerful about the strength of the chaotic body that transformed into the fifth heaven.

Originally, Ye Feng felt that he was at most evenly matched with the leader of the transcendent demon clan.

After all, the other party is a much higher level than himself, and the other party is a very special demon clan, a bronze burning ancient demon.

So the body is extremely strong.

But even so.

Ye Feng still smashed the claws of the bronze burning ancient demon with one punch.

It's really incredible!

And this also quietly explains how terrifying the transformation of the Chaos Body is every time it breaks through the sky.

At this time, Ye Feng was able to fight against the strong men who were at the transcendent level just by relying on the strength of his body.

Thinking of this, Ye Feng felt that there seemed to be no need to hide.

Because all the bronze burning ancient demons in this dark valley are no match for him at all.

"boom!"

Ye Feng tore off his disguise at this time and returned to his original appearance, with super human fighting spirit erupting from his body.

"What?"

\u003e

This scene shocked all the demons present.

They never thought that such a human boy would be among them!

"Damn it! It turns out to be a human race!"

A group of demons couldn't help but yelled: "Let's take action together! Kill this human kid who dares to rob our demons of their opportunity!"

boom! boom! boom.....

Almost at this moment, each demon clan took action one after another, and their bodies erupted with extremely powerful and rich demonic energy, full of unparalleled power.

But at this time, Ye Feng had already realized the terrifying strength of his body, and he immediately laughed out loud: "You can't beat me! I have an invincible body of steel!"

boom!

At this moment, Ye Feng didn't have the slightest fear, and rushed into the large demon attack from the front alone.

"Dang! Dang! Dang..."

Countless demon attacks hit Ye Feng's body, but they only made muffled sounds like they were hitting a copper wall, and had no effect at all.

"impossible!"

When a group of demons saw this scene, their expressions suddenly changed, with expressions of disbelief on their faces.

"It's my turn!"

Ye Feng grinned at this moment and rushed forward in an instant. He rushed into the group of demons and punched wildly!

"boom!"

"Pfft!"

"boom!"

"Pfft!"

...

In an instant, Ye Feng's iron fist made the whole audience scream.

The ancient demons burned with bronze, their bodies exploded, and they were directly hammered to pieces.

Suddenly, the whole dark valley suddenly heard screams one after another.

Chapter 2172 Core Place

Boom!

Boom!

...

At this time, each of the bronze burning ancient demons was shattered one by one by Ye Feng's fists.

Suddenly, there were bursts of screams throughout the dark valley.

If anyone else saw this scene, they would definitely be shocked.

Because it has always been the demons who hunt down creatures of other races and make creatures of other races feel fear.

But at this time, it was the demons themselves who were afraid.

At this moment, all the demons were frightened, and they quickly fled out of the valley, because the fighting power of this human boy was so terrifying. His body was like a body of steel, indestructible. No damage can be done to it.

At this time, a group of demons were about to escape from the valley.

Ye Feng immediately released his fifth bloodline talent, the Book of Wenzu.

Buzz!

Suddenly, a book exuding holy light appeared above Ye Feng's head, suspended there, and shed a piece of white light. Ye Feng was bathed in the white light, looking extremely holy and noble. .

At this moment, Ye Feng immediately gained the ability to speak and speak through Wenzu's book.

Ye Feng looked at the entire dark valley and immediately said: "Besiege the city!"

"Rumble..."

Almost at the moment Ye Feng finished speaking, a huge and majestic city wall suddenly grew out of the earth on the edge of the bare valley, surrounding the entire valley.

The demons who were about to escape were immediately blocked by the tall city wall at this moment, and the entire valley seemed to have become a siege.

"What ability is this?"

All the demons who saw this scene were dumbfounded at this moment.

They had never seen anything so magical.

Say a word, and the whole world will immediately change.

It changed instantly.

This method is really too unbelievable.

"Die all of them!"

Ye Feng roared at this time and rushed forward, punching all the demons to death.

All the dozens of demons in the dark valley died.

These demons are all a very special clan of bronze-burning ancient demons, and the demonic energy contained in their bodies is extremely rich.

And you must know that among these demons who were killed, there were several transcendent realm demons that had surpassed the Mahayana realm.

So at this time, Ye Feng's eyes showed a trace of excitement, and he immediately released the Devouring Domain, covering all the demons in the entire dark valley.

"Rumble..."

Almost at this moment, waves of huge blood energy were immediately absorbed and injected into Ye Feng's body.

At this moment, Ye Feng's skill is growing rapidly.

The energy provided by these demons is very abundant.

Ye Feng suddenly began to erupt with powerful momentum.

"Boom!"

The ninth level of the Mahayana realm!

"Boom!"

The tenth level of the Mahayana realm!

"Boom!"

Half step beyond the realm!

At this time, Ye Feng's cultivation level of breaking through 70 finally stopped.

This time Ye Feng's breakthrough was very fast. He broke through directly from the eighth level of the Mahayana realm to the half-step transcendence realm.

At this time, Ye Feng looked at all the demons in the dark valley. Their bodies had completely shriveled up, and all the demons had been absorbed.

of blood energy.

Ye Feng was very satisfied with this.

But at this time, Ye Feng did not leave the dark valley immediately. Instead, he took out the huge flower of the other side from his storage ring.

This flower of the other side is very greedy for all demons.

Ye Feng is sure that this flower of the other side definitely contains extremely powerful medicinal power, which can transform the demons.

However, this strange flower that can transform demons may not have any effect on other normal practitioners, and may even have counterproductive effects.

But Ye Feng is a chaotic body, and he will not be affected by the chaotic results caused by any attribute power at all.

So at this time, Ye Feng didn't hesitate at all. He stretched out his hand and released a swallowing field, quickly swallowing the other side flower.

"Boom!"

Almost at this moment, a very high-level medicinal power was instantly absorbed from the other shore flower, and then merged into Ye Feng's body.

"Boom!"

Almost at the next moment, Ye Feng's cultivation level suddenly made a huge breakthrough.

He unexpectedly surpassed the half-step transcendence realm and directly entered the first level of the transcendence realm!

"As expected of the flower of the other side that many demons want! It really has a huge improvement effect! It actually made my cultivation level break through to the first level of transcendence!"

Ye Feng's eyes showed a trace of surprise at this time.

Because he knows very well that it is very difficult for him to completely transform from a semi-detached state.

But at this time, this little flower of the other side helped me complete this extremely difficult process.

And the speed is very fast, directly breaking through to the first level of transcendence!

Ye Feng is not in this darkness

After staying in the valley for too long, he left the valley directly and continued towards the deepest inner area of the ancient trial space.

Because Ye Feng knows that the real good things are probably in the deepest area of this ancient trial space.

And Ye Feng also knew very well that his current cultivation levels were nothing.

After all, there is the Immortal Realm above the Transcendence Realm, and then there is the Supreme Realm.

The supreme realm is divided into earth supreme and heaven supreme.

Xiao Tianshen's cultivation strength is comparable to that of Feng Shen, an old senior at the Heavenly Supreme level.

Moreover, if Xiao Tianshen uses his most powerful brute force gem, the gem of the gods, the power exerted will be even more amazing. He even injured the old man Fengshen before.

Moreover, you must know that Xiao Tianshen was still injured before. If Xiao Tianshen regains his full strength and completely heals his injuries, then the power he unleashes will be even more terrifying.

This is an extremely dangerous enemy!

It is also the most difficult enemy Ye Feng has encountered so far.

At this time, Ye Feng knew very well that he had to raise his cultivation level to a new and powerful level in this ancient trial space before he could possibly confront Xiao Tianshen.

I have to say, the pressure is quite high.

Therefore, Ye Feng must now venture into the deep areas inside this ancient trial space.

And just seven days after Ye Feng left the dark valley.

He finally arrived at the core inner area of the ancient trial space.

On the vast prairie in the distance, there stands a vast expanse of ancient buildings. These ancient buildings are all paved with glazed jade tiles and cast in gold. They look full of an aura of extreme nobility and luxury.

"This should be the core of the ancient trial space!"

Ye Feng's eyes suddenly lit up as he looked at the endless ancient and majestic buildings.

Chapter 2173 Snatching

Ye Feng immediately walked forward at this moment.

Walking among these ancient buildings, Ye Feng felt a vicissitudes of ancient charm, as if it had been passed down from the ancient times hundreds of millions of years ago.

At this time, Ye Feng exuded huge soul power and began to explore various ancient buildings around him to see if there were any precious treasures.

Soon Ye Feng came to a huge dilapidated hall.

The entire hall is made of black gold and looks very majestic.

But now it is dilapidated.

And countless years have passed and it has become decayed.

But you can get a glimpse of the glory and grandeur of the year.

At this time, Ye Feng's soul power sensed a very violent energy fluctuation from this hall.

It was not the energy fluctuation of living beings, but a kind of medicinal fluctuation.

That's why Ye Feng entered the hall, wanting to find the source of the energy wave transmission and see what it was.

And this is where Ye Feng is better than others.

That is, Ye Feng can use his powerful soul power to scan various special treasures or medicinal materials around him without missing them.

Soon Ye Feng reached the deepest part of this dilapidated hall.

He now stood in front of a ruins of broken walls.

What good things can be found among the ruins?

But Ye Feng sensed the violent energy fluctuations, which were transmitted from this ruin.

This ruin is the source of the violent energy fluctuations.

So at this time, Ye Feng didn't hesitate at all. He immediately stretched out his hand and slapped the ruins in front of him.

"Boom!!"

Suddenly a powerful force burst out, and the ruins were blown apart, revealing the scene inside.

At this time, a large pit opened in the ground under the ruins. In this large pit, a huge furnace appeared in the soil.

This stove is a stove made of bronze. It is the size of a human head and looks very ancient.

"A stove?"

Ye Feng's eyes suddenly showed a hint of surprise.

Unexpectedly, there is an ancient furnace buried in this ruins.

"The violent energy fluctuations were transmitted from the furnace."

Ye Feng's eyes suddenly showed a trace of curiosity. He immediately walked to the stove and placed a hand on it.

"Crunch."

The stove lid was opened by Ye Feng.

Buzz!

Immediately, a strong medicinal fragrance floated out, making Ye Feng feel ecstatic for a moment.

It's like an old wine that has been brewed for tens of thousands of years, making people drunk just by smelling it.

"This is the best ancient elixir!"

Ye Feng saw at this time that there were round white pills in the furnace, which even emitted spiritual light and looked very precious.

Obviously, this was an ancient alchemist who had cultivated a furnace of miraculous elixirs, but for some unknown reason, he buried them underground. As a result, they remained buried for countless years.

And after so many years, they have not decayed, which means that these elixirs must be very advanced and of very high quality.

At this time, Ye Feng's eyes lit up with joy.

Such a furnace of elixirs probably contains fifty or sixty elixirs.

Worth dozens of plants, extremely high quality

The elixir.

Uh-huh!

Ye Feng took all the elixirs from the furnace and wanted to refine them directly.

"boom!"

But suddenly at this moment, a cold metal arrow shot from a short distance and hit Ye Feng's back in an instant.

"when!"

But the next moment, Ye Feng didn't dodge at all. The arrow hit Ye Feng's back, making a roar of metal collision and not causing any harm to Ye Feng at all.

"What?!"

Seeing this scene, the warriors who were plotting not far away suddenly showed a look of surprise in their eyes.

They didn't seem to expect that the powerful arrows could not cause any harm to Ye Feng, an ordinary-looking boy.

At this time, Ye Feng turned around and looked not far away with a hint of coldness in his eyes.

He saw a dozen warriors walking towards the entrance of the dilapidated hall.

At first glance, these warriors do not appear to be strong men from the local world of the ancient trial space, but from the outside world.

But it shouldn't be from the Four Domain Alliance where Ye Feng is now.

Because these warriors are all very young and peerless geniuses, but the attributes of their skills, according to Ye Feng's induction, are not the inheritance of the four regions and the four holy places.

It should be a powerful force from outside the four major domains.

After all, the northern land of the God Realm is very vast, and the area of the northern land occupied by the four major domains is not too large.

At this time, Ye Feng looked at the dozen young geniuses walking not far away and said coldly: "Why are you plotting against me?"

Ye Feng knew very well that if his body strength had not undergone a huge transformation recently,

It was estimated that the arrow just now had penetrated his entire body.

Uh-huh! Uh-huh! Uh-huh...

At this time, more than a dozen geniuses on the opposite side stepped over and blocked Ye Feng's path.

Most of this group of more than a dozen geniuses are at the level of the tenth level of the Mahayana realm, and three of them are at the level of transcendence.

This lineup is still very powerful.

The leader among them is a young man wearing a black robe. He has the fourth level of transcendence and is the most powerful among this group of people.

At this time, the young man in black robe stared at Ye Feng and sneered: "Boy, we are genius disciples from the Thunder Emperor Sect. If you know who we are, please hurry up and hand over all the potions of pills in your hand. Be honest." To be honest, maybe we will spare your life. If you dare to resist, then a dozen of us will join forces and beat you to death, and then snatch all your elixirs. In this case, although some of your hands and feet will be disabled, in the end The end result will definitely be your kid's death."

At this time, the young man in black robe spoke, his tone full of deep threats.

Obviously this group of people was used to plundering, so they all had threatening looks in their eyes at this time.

At this time, Ye Feng suddenly laughed and said: "I can only say that you have offended the wrong person, and the price is that you will all die in my hands."

"Arrogant!"

The young man in black robes at the head immediately laughed sarcastically: "The aura of cultivation in you is that of the first level of transcendence, and there are more than a dozen of us, and I am a super master of the fourth level of transcendence! Yes! Who gave you the courage to say such arrogant things?"

"boom!"

But at this time, Ye Feng didn't bother to talk nonsense at all. He simply stepped on the ground and punched forward in an instant, speaking with his fists.

Chapter 2174 Northern Hidden Dragon List

"kill!"

Regarding the enemy, Ye Feng knew very well that he could only speak with his fists.

boom!

He punched instantly towards the young man in black robe who was leading the fourth level of transcendence.

At this time, the young man in black robes immediately laughed sarcastically: "A weak boy who has just stepped into the first level of transcendence dares to take action against me? How presumptuous!"

boom!

At this moment, the young man in black robe immediately took out a black gold war spear from the storage ring and stabbed Ye Feng directly. ??

The moment this black gold war spear was pierced, a terrifying black light erupted. There was an ancient demon roaring in it, and there was a smell of the fall of ancient gods.

"boom!"

"Crack!"

But the moment Ye Feng punched out, the black gold war spear was instantly shattered, and it was shattered inch by inch.

Then without any hesitation, Ye Feng's fist continued to blast out, hitting the young man in black robe.

"Pfft!"

The chest of the young man in black robe was directly shattered, and a huge bloody hole appeared in his chest.

Obviously he can't survive!

"you.....!"

This young man in black robe, who had transcended the fourth level of heaven, could only say the word "you" in the end, and then he spurted out a mouthful of blood, his body fell to the ground, and he died instantly.

"Senior Brother Chu!"

Seeing the young man in black robe being killed instantly, the dozens of other young geniuses around him couldn't help but change their expressions.

They seemed to have never expected that the most powerful among them, Senior Brother Chu, who was in the fourth level of transcendence, would be killed instantly by that mediocre boy from the other side!

"Come together! Avenge Senior Brother Chu! This kid must be cut into pieces!"

At this moment, a group of more than a dozen genius masters all took action in anger.

They launched very powerful attacks one after another.

"The Ten Thousand Transformations Sword Technique!"

"The Twelve Swords of Lone Peak!"

"Meteorites falling from the sky!"

"The true form of the Thunder Emperor!"

"Taikou Tiankou!"

...

Almost at this moment, waves of powerful and terrifying murderous intent and destructive energy suddenly surged crazily from the surroundings and charged towards Ye Feng.

"Master Panwu!"

boom!

Ye Feng roared loudly, and one of his hands expanded into a huge palm in the void, becoming the palm of Lord Panwu, towering and boundless, full of infinite suppressive power.

Coupled with the powerful fifth-level chaotic body that Ye Feng has now transformed into, the Panwu hand that Ye Feng displayed at this time was full of unparalleled energy and terrifying power of suppression, suppressing him from high in the sky all of a sudden. Come down and cover all attacks.

"Rumble..."

At this time, Ye Feng's Panwu big hand was like an ancient mountain, filled with a terrible sense of heaviness. The so-called terrifying energy that attacked had no hindrance at all, destroying everything and destroying everything in one fell swoop. All attacks were shattered.

"boom!"

"boom!"

"boom!"

Almost at this moment, Ye Feng's Panwu big hand smashed all the genius masters into pieces, and their bodies exploded and turned into blood mist.

"ah!"

"ah!"

Suddenly, screams sounded on the field.

Each of the genius masters was mercilessly smashed by Ye Feng. Their bodies exploded and they died immediately.

"Swallow!"

Ye Feng collected everyone's storage rings and then began to release the Devouring Domain.

"Rumble..."

Immediately, huge amounts of blood energy were absorbed and then injected into Ye Feng's own body.

Instantly, Ye Feng's skill began to grow.

"boom!"

A huge momentum burst out from his body, breaking through to the second level of transcendence.

But there was no further breakthrough.

This made Ye Feng very surprised.

Unexpectedly, the skill and blood energy of this group of people only allowed me to break through to the next level.

"It seems that my body is becoming more and more like a bottomless pit."

Ye Feng couldn't help but smile helplessly.

Since entering the realm of transcendence, Ye Feng has discovered that each breakthrough requires more and more energy. .??.

At this time, Ye Feng quickly left the scene.

Because he felt it, it seemed that the movement here had alerted the attention of many super masters around him.

The aura of some super masters made Ye Feng very afraid.

After all, Ye Feng came to the core of the ancient trial space not to fight fiercely, but to find treasures and resources from ancient times.

After Ye Feng devoured it, he quickly left the scene, left the dilapidated hall building, and continued towards the inner area of the core place.

Next, Ye Feng used his huge soul power to find a lot of resources and medicinal materials left by ancient forces.

Although there were many uninvited guests who wanted to interfere in the process, they were basically dealt with by Ye Feng, who just swallowed up the opponent's skill.

In the process of constantly searching for resources to refine and plundering the skills of uninvited guests, in just half a month, Ye Feng's cultivation has grown to the fifth level of transcendence!

During this period, Ye Feng also encountered many dangers, but he escaped successfully.

After all, with the space gem, Ye Feng can open a space wormhole at any time and escape directly. Not to mention other things, his escape is absolutely first-rate.

...

As Ye Feng continued to delve deeper into this area of ancient buildings.

Ye Feng noticed that the surrounding buildings were getting taller and more majestic.

Moreover, the cultivators encountered during this period are becoming more and more powerful.

show

Of course, those who can enter the deep area at the core of this ancient trial space are naturally those who are getting stronger and stronger. Only those who are qualified to enter this deep inner area.

During this time, Ye Feng learned from the mouths of many other geniuses from outside the four major domain alliances who entered this ancient trial space. It turned out that there was a very hot genius list in the entire northern land of God Realm, called "Northern Hidden Dragon List".

It is said that those who can enter the top 100 on the Northern Hidden Dragon List are the most amazing geniuses in the entire northern land of God Realm.

Qianlong Qianlong means the son of the true dragon with the most potential!

The higher you rank on the Northern Hidden Dragon List, the stronger your strength and martial arts talent become.

During this period, Ye Feng also accidentally encountered some peerless geniuses on the Northern Hidden Dragon List. Even if they were only the ninety-odd geniuses at the bottom of the Hidden Dragon List, their cultivation was extremely terrifying and shocked Ye Feng's heart. I don't dare to provoke him.

This made Ye Feng know that he still had a long way to go in the future.

The place where Ye Feng is currently located in the Four Realm Alliance is only a relatively small place in the entire northern land of the God Realm. The top geniuses in the four major regions may be celebrities in the four major regions and attract everyone's attention, but if they are placed in the entire northern land of the God Realm, then it's much more mediocre.

"I don't know how Xiao Tianshen's strength and talent rank on the Northern Hidden Dragon Ranking."

Ye Feng couldn't help but murmur in his heart.

However, in this ancient trial space, Ye Feng's vision has been expanded a lot.

Xiao Tianshen is no longer regarded as such a big enemy by Ye Feng. At most, it is just a small obstacle on his way to dominate the entire God Realm.

"No matter what, in this ancient trial space, at least my cultivation level must surpass the Transcendence Realm and break through into the Immortal Realm. Only then can I have the confidence to compete with Xiao Tianshen when I return to Qingtian Holy Land."

Ye Feng thought in his mind and quickly rushed towards this ancient building and an area with very strong fighting fluctuations.

For Ye Feng, that kind of chaotic fighting place is the place where he grows the fastest!

If you want to break through your cultivation level quickly, you can only take risks.

Chapter 2175 In the maze

Ye Feng was very fast at this time, and he arrived at the center of the building in a blink of an eye.

There is a huge maze standing in the center of the place.

At the door of the maze, there were many people standing there, and their auras were quite powerful, but everyone looked a little nervous, as if they did not dare to step into the maze easily.

Because you must know that this ancient trial place is a very ancient place, and the mazes in it must have been built by ancient powerful people, and they may be extremely dangerous.

Therefore, many people stand at the door of this maze and do not dare to enter it easily.

At this time, Ye Feng's eyes showed a trace of surprise and he couldn't help but walked over.

There were people discussing around.

"It is said that a genius on our Northern Hidden Dragon List entered it, but he has not been found yet. He seems to be dead."

"Yes, this labyrinth was created by strong men in ancient times. I don't know whether it was to imprison prisoners or to train the disciples under my command, so I don't dare to enter it."

...

At this time, many people around could not help but discuss it.

But at this time, Ye Feng doesn't have too many choices. Since he has encountered a place that ordinary people dare not enter, there must be many things inside that have not been plundered. If there are really treasures, he may be able to find them if he goes in. Make a lot of money.

So Ye Feng walked to the door of the maze at this time, and walked in instantly without any hesitation.

Many people standing around the maze looked at Ye Feng as he walked in directly, with traces of surprise in their eyes.

Because the cultivation aura on Ye Feng's body is not very powerful, it is just the fifth level of transcendence. In this ancient trial space, it can be regarded as a mid-to-upper-class existence, and it is not that amazing.

So at this time, many people felt that Ye Feng was a little too arrogant.

But they

Although Ye Feng was said to be arrogant, they themselves were not interested and were still hesitating.

And just when everyone outside the maze was hesitating whether to enter, Ye Feng entered the maze alone.

The moment he entered, he immediately saw the scene in front of him change.

The inside is not like a maze at all, but ancient buildings are arranged together, and the entire space seems to have changed.

In other words, the maze seems to be a small world of its own.

This made Ye Feng feel a little amazed.

The ancient trial space was originally a small world.

And this maze is a small world within a small world.

I have to say that I am very surprised.

At this time, Ye Feng's eyes were full of vigilance, guarding against all the movements around him.

Because he had heard from people outside that a genius from the Northern Hidden Dragon List seemed to have entered this maze.

Such a genius must have very strong cultivation, even comparable to the god-like existence of Xiao Tian.

And you must know that if you have the courage to enter this maze, you must be very powerful in cultivation.

After all, if he were not very confident in his own strength, it would be impossible to enter this maze.

Because many people think that there is great danger in this maze.

Therefore, only if you have great confidence in your own strength, you will choose to enter the maze directly to find the treasures.

Ye Feng walked inside and suddenly found a place where there was a fierce battle.

There is a huge mansion there.

It seems to be some ancient

Where the old strong men live.

More than a dozen cultivation auras are all very powerful beings. They are strong men at the Immortal Realm level. They have surpassed the Transcendence Realm. They are fighting in the house, and they seem to be fighting for some kind of treasure in the house.

Ye Feng did not stay for too long, but sneaked towards the back of the house.

While the group of experts were fighting at the gate of the house.

Ye Feng carefully explored the deepest part of the house.

The strong men here haven't investigated yet.

Because Ye Feng knew that if there were very precious treasures in the buildings at the entrance of the mansion, the strong men at the Immortal Realm level could not help but fight together.

Then there must be more precious treasures in the deepest area of this mansion.

So Ye Feng was sneaky at this time and used the space gem to open up a space wormhole and directly entered the innermost building of the mansion.

After all, this large mansion is composed of many buildings, and the area where the group of immortal realm experts fought was only in the front area of the large mansion.

At this time, Ye Feng lurked directly to the innermost place.

Ye Feng was standing in the innermost part of the mansion at this time.

There were several rooms connected together in front of him.

Ye Feng chose to start exploring the first room at this time.

Bang!

He opened the door directly and looked into the room, his soul power also radiating out at the same time.

Ye Feng immediately discovered that there was a mural painted on the wall of the first room. The pattern on the mural was that of a very ancient demon.

Just above the mural, Ye Feng discovered that there were stones that were emitting light inlaid on it.

Among these stones,

They all contain a very abundant energy fluctuation.

"This seems to be a very high-quality energy stone. It is actually used to inlay murals on the walls. It is really luxurious. It seems that the ancient people who lived in this core place all have very well-off families. They are simply rich. "Oil."

Ye Feng sighed at this time, but his hands were not idle, and he quickly picked out all the energy stones on the mural.

There are more than a dozen of these energy stones, which contain very abundant energy. They are very attractive to Ye Feng, because what Ye Feng needs most now is pure and huge energy to improve his cultivation. and skill.

After Ye Feng collected all the energy stones at this time, he didn't even have time to devour and absorb them.

Uh-huh!

He hurriedly walked towards the second room, opened the door gently and entered.

The next moment, Ye Feng suddenly discovered that this second room turned out to be an alchemy room.

A huge alchemy furnace stood in the middle of the room, and under the alchemy furnace, there was an underground fire burning.

Apparently this is an ancient alchemy room.

Ye Feng's eyes lit up and he immediately stepped forward and opened the lid of the alchemy furnace.

But what disappointed him the next moment was that all the elixirs in the alchemy furnace turned into pitch-black slag. They had obviously decayed, and all the elixirs' power had been lost over the long years.

"But the earth fire under this alchemy furnace seems to be quite good and contains rich energy."

At this time, Ye Feng set his sights on the earth-fire mineral vein under the alchemy furnace.

For Ye Feng, as his cultivation continues to improve, his devouring ability can devour more and more things, not only the blood and energy skills of living bodies, but also the power of nature.

Chapter 2176 Earth Fire Mineral Vein

The earth fire in this alchemy room has been burning for such a long time.

This made Ye Feng understand immediately.

The veins of Earth Fire beneath this Earth Fire must be very huge, otherwise it would be impossible to support the Earth Fire burning for such a long time.

After all, the elixirs in the alchemy furnace had all decayed and turned into slag, but the earth fire was still burning.

So at this time, Ye Feng felt that this earth fire mineral vein must be a very huge ancient mineral vein.

He jumped directly into the ground fire, and then quickly flew towards the depths of the ground.

The entire underground has been burned into a huge hollow.

The scene can be said to be very shocking.

At this time, Ye Feng came to the deepest part of the Earth Fire Mine, and he immediately saw a huge dragon-shaped red vein hidden under the ground.

However, after such a long period of burning, the entire dragon-shaped red ore vein has burned nearly half of the vein area, leaving only a small half of the vein.

But Ye Feng is already satisfied.

After all, being able to encounter a small and half-sized vein of earth and fire minerals is already very lucky.

You must know that the flame energy contained in this kind of earth-fire mineral vein is extremely abundant.

The next moment, Ye Feng stretched out his hand and grabbed it in front of him.

Rumble!

All the remaining small half of the earth fire mineral veins were captured by Ye Feng, escaped from the shackles of the earth's core, and then put into his storage ring.

The next moment, Ye Feng jumped suddenly and returned to the second room.

He wasted no time and continued to rush towards the third and final room.

Ye Feng opened the door of the third room and immediately saw an empty area inside, except for a giant building.

A large statue of a god stands among them. It looks like an ancient sculpture of a god that future generations can no longer recognize.

At this time, right in front of this mysterious sculpture, there was a crystal ball blooming with bright blue light.

"This is the memory crystal ball!"

Ye Feng's eyes were filled with joy. This kind of memory crystal ball was basically engraved with a very ancient secret of inheritance.

In other words, this crystal ball may be the inheritance of the sculpture of the god in front of you.

Uh-huh!

Without any hesitation, Ye Feng rushed forward and put the memory crystal ball into his storage ring.

But at the moment when Ye Feng picked up the memory crystal ball.

"Boom!!"

The statue of a god in the space seemed to have been stimulated by something, and suddenly the entire sculpture exploded into countless pieces.

The entire third room was blown apart.

Ye Feng didn't have anything big going on.

Because his current physical constitution is extremely strong and difficult to be destroyed.

However, the sound of the explosion here instantly attracted the attention of a group of experts who were fighting in the area in front of the mansion.

This group of masters are all powerful beings at the Immortality Realm level that have surpassed the Transcendence Realm.

A group of more than a dozen strong men in the immortal realm, and even terrifying existences at the tenth level of the immortal realm.

At this moment, it flew over.

The next moment they saw Ye Feng stealing all the buildings behind the mansion

The wealth and treasures hidden in it.

"What a boy! He actually sneaked around behind and plundered the most precious treasure!"

"Damn it! Damn it! Capture this kid quickly! Then loot all the treasures from him!"

"This hateful boy needs to be killed! He is so brave! He actually dares to secretly steal our treasures right under our noses!"

...

A group of more than a dozen Immortal Realm level masters roared angrily at this moment, and terrifying murderous aura erupted from their bodies.

Ye Feng's face changed slightly at this moment. He did not choose to resist, but quickly ran away towards the distance.

With the space gem exerting the secret of space on the soles of his feet, Ye Feng walked very fast, and it was like a god assisting him when flying, with his speed reaching an extreme.

Even these Immortal Realm masters who have surpassed his current level of cultivation by an entire realm are unable to catch up with Ye Feng at this moment.

"Damn it! Damn it! This kid is so weak. He dares to enter this maze. He must be taking risks. We must catch him and cut this abominable thief into pieces! This maze is very dangerous. Big, there is no way out, that kid can't get out quickly! We have to find him!"

At this moment, the super masters of the Immortal Realm shouted loudly one after another, their voices filled with deep anger.

At this time, far away from the big house, in an unknown area of the maze, Ye Feng finally stopped.

Because he had already felt that the pursuit behind him had completely disappeared.

Although Ye Feng escaped at this time, he also saw that in this core

There are more and more masters in the world, and many of them are simply not something that I can deal with.

"Hurry and devour!"

"Improve your cultivation!"

Ye Feng's only advantage now is that he has the Devouring Domain, which allows him to quickly devour and digest the training resources he has obtained, and quickly strengthen his cultivation.

You know, even if other people get some extremely precious cultivation resources, they may not be able to directly devour them or directly convert the cultivation resources into their own skills.

There are many people who have obtained that kind of energy stone, but they cannot directly swallow the energy like Ye Feng. They must use the art of alchemy to refine it into a pill that can be swallowed normally before they can exert their full potential. The role of energy stones.

But here Ye Feng doesn't need any of this.

He is like an ancient glutton, able to swallow all kinds of energy and strengthen his cultivation power.

At this time, Ye Feng found a dilapidated small temple near the maze area and stayed in it.

He directly took out what he had just obtained, a dozen special energy stones and a small half of the red earth fire veins.

"Boom!"

At the next moment, Ye Feng directly released the Devouring Domain, covering all the two resources in front of him.

"Rumble..."

Suddenly, abundant and huge energy was injected into Ye Feng's body in an instant.

At this moment, with the devouring, the dozen energy stones in front of Ye Feng, as well as the earth fire mineral veins, were all rapidly depleting.

"Boom!"

And just next, Ye Feng suddenly burst out with powerful breakthrough momentum!

Chapter 2177 One Qi Transforms Three Pure Ones

You must know that these dozen energy stones and earth-fire mineral veins are all left by ancient strong men in ancient times. They are of very high quality and contain very rich energy.

So at this time, with the devouring, Ye Feng burst out with continuous breakthrough momentum.

"Boom!"

The sixth level of transcendence!

"Boom!"

The seventh heaven of transcendence!

"Boom!"

The eighth level of transcendence!

The powerful breakthrough momentum that Ye Feng erupted at this time made him feel a little shocked.

"I didn't expect that I would break through so many things this time, breaking through the third heaven in a row!"

Ye Feng's eyes were filled with excitement at this time.

This time I chose to enter this maze, and it was indeed the right choice.

At this time, Ye Feng took out the third thing he had obtained before, a memory crystal ball that exuded light blue light.

Based on previous experience, Ye Feng quickly unlocked the seal of the memory crystal ball.

Then Ye Feng put the crystal ball on his forehead and used his soul power to sense the secret of inheritance.

It was a very ancient secret technique that appeared in Ye Feng's mind.

"One Qi transforms three pure things!"

Ye Feng's eyes widened slightly.

He had heard of this ancient tradition.

One breath transforms into three pure beings, which means that when a person opens his mouth and exhales, he can directly transform into three clones with the same cultivation level as himself.

This is a very advanced secret technique of clone!

In other words, if Ye Feng can cultivate this Qi Transformation Three Purities to great perfection, then he can open his mouth and exhale, and instantly transform into three clones with the same cultivation level as himself!

In other words, at the critical moment of Ye Feng, four identical versions of himself can fight against the enemy!

"This is kind of awesome!"

Ye Feng's eyes immediately revealed a look of deep surprise.

This was the first time he encountered such a magical method of cloning!

"Hurry up and practice!"

Ye Feng got this

Such a magical technique, naturally I started practicing it directly.

In this remote temple, he began to practice this magical art of transforming three pure things into one spirit.

Three days passed.

At this time, Ye Feng also initially mastered the ability to transform one qi into three qings.

At this time, he opened his mouth and let out a breath, and suddenly the breath condensed into three phantoms of Ye Feng in the void.

Now that he has just mastered it, the clone that Ye Feng condensed is just a shadow, and its combat effectiveness is still very weak.

Only by cultivating to great success can one possess 100% of Ye Feng's true strength.

However, Ye Feng did not continue to comprehend it, because he found that it was a waste of time to comprehend this ancient secret technique of Qi Transformation into Three Purities.

Just after enlightenment, nearly three days have passed.

The main reason Ye Feng entered the maze this time was to find the treasures left behind by the ancient strong man.

So Ye Feng paused his training, stood up, and continued to explore other areas of the maze.

Now that Ye Feng has devoured the cultivation resources, his cultivation has improved a lot. All he needs to do is master the magical secret technique of transforming three pure beings into one qi.

At this time, Ye Feng was much more confident than when he first entered the maze.

"Boy! We finally found you!"

Just when Ye Feng had just left his place of retreat, a dozen powerful beings suddenly surrounded him, blocking all Ye Feng's escape routes.

These people were exactly the group of immortal masters who killed each other in that big mansion before.

But now they seem to be united together, and they all want to find Ye Feng to seek revenge.

At this time, a strong man at the Immortal Realm stared at Ye Feng coldly, and said with a smile: "I knew that a kid like you wouldn't leave the maze so easily. I didn't expect that you didn't leave, and now we are If you find it, you will die without a burial place!"

Another black

The man in the robe said loudly: "Stop talking nonsense to this boy, hurry up and ask him to hand over all his wealth, otherwise we will kill him directly!"

"Ha ha ha ha!"

But at this time, Ye Feng suddenly laughed loudly and said: "You guys, a group of immortal realm masters, really think that you can kill me by joining forces? Now I am different from a few days ago, and it's just time for you to come. Well, if I kill all of you, I will have a lot of skills to devour. After all, I really want to strengthen my cultivation right now. The fastest way is to kill you masters with high skills, and then use all your skills. All the power is swallowed and refined!"

Seeing Ye Feng's crazy look, a group of people from the Immortal Realm told us that their faces suddenly showed sarcastic smiles.

"This kid is so arrogant! He dares to speak harshly even when death is imminent!"

"Hahaha! I think this kid probably knows that he is going to die, and he is just imagining it at this moment!"

"Stop talking nonsense to this kid! No matter what the identity behind him is, let's not worry about it so much. Just kill him and plunder all the wealth and resources from him!"

...

Almost at this moment, one by one the Immortal Realm masters rushed towards Ye Feng.

At this moment, Ye Feng didn't have any fear at all.

Because his cultivation had broken through the third heaven before, and he had already entered the eighth heaven of transcendence.

At this level, Ye Feng is strong enough to fight against immortal level masters.

Because Ye Feng already possesses the strength to fight beyond the next level.

Moreover, his current cultivation level has reached the late stage of the eighth level of transcendence.

Therefore, he is not afraid even of the powerful men from the fourth heaven of the immortal realm or even the fifth heaven of the immortal realm.

"Everyone must die to me!"

At this time, Ye Feng directly released his most powerful weapon, the Giant Spirit Ancient God Tower.

In Ye Feng's current state, he activated the Giant Spirit Ancient God Tower and unleashed a force that was many times more powerful than before.

"Boom!"

An extremely terrifying energy frenzy suddenly burst out from the Ancient Giant Spirit Tower, spreading rapidly towards the surroundings in an instant, and then hit all the Immortal Realm masters who rushed over. Broken.

"ah!"

"ah!"

"..."

Accompanied by screams one after another, all immortal masters died in Ye Feng's hands.

The eyes of the remaining immortal realm masters were suddenly filled with deep horror.

"This kid is just the eighth level of transcendence! How can he have such a powerful power!"

Almost at this moment, the remaining five or six Immortal Realm masters all fled towards the distance in fear.

"You can't leave!"

At this time, Ye Feng directly released his natural talent, the Book of Wenzu.

At this time, he followed his words and uttered one sentence: "Block it!"

Boom!

Almost at the moment when Ye Feng's words fell, the words produced a powerful force, causing the heaven and earth to descend with the power of law. All of a sudden, the surrounding space turned into something as if it was made of molten iron. Solid and heavy.

"when!"

"when!"

"..."

Those Immortal Realm masters who were escaping into the distance clearly had nothing in the void at this time, but they seemed to have hit their heads against an iron wall, causing their heads to break and blood to flow, and they howled miserably.

"what's the situation?!"

"There is clearly nothingness in front of me! But why does it feel like there is a copper wall surrounding it!"

"What kind of method is this? Follow your words? This is impossible! Why can this little human boy use the abilities possessed by the great sages of ancient times?"

Almost at this moment, each of the surviving Immortal Realm masters couldn't help but scream out in surprise, their eyes filled with a deep look of despair.

This time they really encountered a terrifying monster!

Chapter 2178 The ninth floor of the ancient pagoda

The void has turned into an iron wall, making it impossible for all the masters to leave.

Their eyes were full of horror, and they seemed to have no idea that a seemingly ordinary human boy could possess such terrifying means.

At this time, Ye Feng did not waste time and directly released his most powerful attack, killing all the remaining masters.

In the blink of an eye, there were only corpses left on the entire field, looking very miserable.

But these masters deserved their punishment.

They should never have offended Ye Feng.

For Ye Feng, as long as he is an enemy, he will kill him directly without giving the opponent any chance to breathe.

Because kindness to the enemy is cruelty to oneself.

At this time, Ye Feng looked at the corpses of the masters, his eyes filled with deep excitement.

Because these masters are all powerful beings at the Immortal Realm level, they will have a huge improvement effect on my current self.

Each of their masters must have very strong skills.

There are a total of more than a dozen masters of the immortal realm. Although they are all in the third, fourth or fifth heaven at the beginning, they are already a great supplement to the current Ye Feng.

"Swallow!"

In an instant, Ye Feng suddenly erupted into a devouring realm of darkness, which directly enveloped this group of immortal realm masters.

"Rumble..."

Almost at this moment, waves of terrifying blood and skill energy were directly absorbed, and then all injected into Ye Feng's body.

"boom!"

The ninth level of transcendence!

"boom!"

The tenth level of transcendence!

"boom!"

Half-step to the realm of immortality!

At this time, Ye Feng's cultivation breakthrough momentum gradually stopped.

But Ye Feng's eyes were filled with great joy.

Because this time he killed these dozen Immortal Realm masters, his cultivation level was suddenly raised to the Half-Step Immortal Realm, which can be said to be a huge improvement.

Although he failed to finally enter the true realm of immortality, Ye Feng knew very well that as long as he got some more training resources, he would be able to break through the final bottleneck and step into the true realm of immortality.

This day will come soon.

At this time, even Ye Feng couldn't help but sigh: "Sure enough, killing the enemy and directly devouring the opponent's skill for many years can make me grow rapidly."

Ye Feng sighed at this time and continued walking towards the deep area of the maze.

Because this maze is very huge, there must be many good treasures and resources hidden in it.

Soon Ye Feng came to the deepest area of the maze.

The buildings here have begun to look less dilapidated. Each building is extremely grand and majestic, giving people a strange feeling as if they have arrived in ancient times.

"None of the buildings here have been damaged. It seems that this is the real core area of the maze."

Ye Feng secretly thought in his heart, exuding soul power at this time, and looked at the surrounding situation.

"Boom!"

Suddenly there was a huge roar not far away, which attracted Ye Feng's attention.

Uh-huh!

Ye Feng didn't hesitate at all and immediately galloped in that direction.

Soon Ye Feng arrived at his destination.

This is already the deepest part of the maze area.

In the middle stands a huge ancient tower.

At this time, in this ancient pagoda, a group of people are rushing to enter and proceed.

Fight.

Ye Feng saw that each floor of this ancient tower contained many treasures that exuded spiritual light, attracting many powerful people in the maze.

Ye Feng also stepped directly into the ancient tower.

He also joined the chaotic fight.

For the current Ye Feng, even the immortal level master is not very afraid.

So in the ensuing fight, Ye Feng successfully grabbed several treasures, including panacea and golden armor that exuded bright light.

However, Ye Feng discovered that in the lower levels of this ancient tower, the treasures and elixirs were of relatively low grade, and they did not seem to be of much use to him.

"It seems that the real good treasures are all at the top of this ancient tower."

Ye Feng thought in his mind and rushed directly upwards.

Soon he arrived at the highest level of the ancient pagoda, the ninth floor.

At this time, nearly twenty experts have gathered in the ninth floor of the ancient pagoda.

The cultivation levels of these masters are all in the realm of immortality!

Moreover, the cultivation levels of these Immortal Realm level masters are not those that Ye Feng has encountered before, they are just beings who have just stepped into the Immortal Realm.

The masters gathered on the ninth floor of the ancient pagoda at this time are powerful existences from the seventh heaven of the immortal realm, or the eighth heaven of the immortal realm from the ninth heaven.

Ye Feng is now in the semi-immortal state, and it is still very difficult to deal with these people.

Therefore, Ye Feng did not act rashly, but slowly stepped directly into the ninth layer of space, waiting for the opportunity.

Because at this time, more than twenty masters in the entire ninth floor space are all waiting for the treasure house in the middle of the ninth floor to be slowly opened.

This treasure house is entirely made of black metal and looks indestructible.

more than twenty

At this time, no one of the masters made the first move, because they knew very well that whoever made the first move would definitely become the leader in an instant, and would be attacked by all the other masters, and would definitely fall instantly.

At this time, Ye Feng did not take action directly.

Instead, like everyone else, they are waiting for the treasure house to slowly open.

Many people saw Ye Feng's arrival with a look of disdain in their eyes.

"A mere boy in the semi-immortal realm wants to compete with us for this final treasure trove?"

A master of the sixth level of the Immortal Realm smiled coldly at this moment, and slashed at Ye Feng with a sword: "You are a waste, get out of here! This ninth level is not a place you can come to!"

"Boom!"

But at this time, under the spotlight of everyone, Ye Feng did not dodge, but directly punched forward with a fierce punch.

"Is this kid stupid?"

"You're only half a step into the Immortal Realm, but you actually dare to go head-to-head with a master from the sixth level of the Immortal Realm with your fists?"

"I think this kid is a reckless man! He probably came from some small force. He doesn't know what fear is. Newborn calves are not afraid of tigers, but he will die miserably."

At this time, a group of experts around them couldn't help but laugh.

Obviously in their eyes, Ye Feng, this reckless boy, is destined to die.

"Crack!"

But at the next moment, Ye Feng's fist burst out with terrifying and boundless power, instantly shattering the long sword of the master of the sixth level of the Immortal Realm. Then his fist continued to impact, and there was a "Puff" sound. He actually shattered the entire body of the master of the sixth level of the Immortal Realm.

"What?!"

Seeing this final scene, many masters who originally had disdainful smiles on their faces opened their mouths wide at this moment, obviously extremely shocked.

Chapter 2179 Ninety-ninth

quiet!

Deadly quiet!

At this time, everyone in the entire ninth floor of the ancient pagoda stared wide-eyed, as if they did not expect Ye Feng to be so powerful.

You know, the cultivation aura on Ye Feng's body is only half-step to the realm of immortality.

But the person who attacked him just now was a genuine superpower at the sixth level of the Immortal Realm.

But even such a master was still shattered by Ye Feng's punch, and he had no ability to stop him at all.

Although the master of the sixth level of the Immortal Realm is not that powerful among all the masters in this group.

But Ye Feng smashed it into pieces with one punch, allowing everyone to see the horror of this half-step immortal boy.

At this moment, Ye Feng walked into the crowd and stood in front of the ninth floor treasure house. No one dared to say anything more, and no one dared to stop Ye Feng from entering.

In the following time, many other people entered the ninth layer of space.

But basically they were all very weak, and they were all blasted out by the group of masters in the ninth layer of space, or even killed on the spot.

"Why is it so unfair? That boy who is in the half-step immortal realm can stay here. Why can't I, a master of the fourth level of the immortal realm, join you?"

Some masters who later reached the ninth floor couldn't help but speak out.

But Ye Feng just punched out with one punch, knocking away the shouting so-called master of the fourth level of the Immortal Realm, and immediately made the master shut his mouth.

"Boom!"

Suddenly at this moment, there was a roar from the treasure house in the middle of the ninth floor.

"Boom!"

Almost at this moment, a huge vibration suddenly occurred in the treasure house in the middle of the ninth layer of space, and with this vibration, the entrance to the treasure house was completely opened.

"boom!"

"boom!"

"boom!"

...

Almost at the next moment, the entrance to the treasure house opened, and groups of light rushed out instantly.

There were dozens of light groups in total, flying directly out of the treasure house and rushing in all directions.

No one expected such a change. After all, everyone was ready to rush to the treasure house and plunder the treasures at this moment.

But I didn't think about it

What happened was that all the treasures in the treasure house ran out on their own.

"Grab it quickly!"

Almost at this moment, all the masters guarding the treasure house were frantically trying to snatch the light groups.

Ye Feng also took action instantly at this time, trying to grab as many light balls as possible.

"Don't take it from me!"

Suddenly, a big man wearing black armor rushed over, holding a long serrated knife in his hand. He suddenly slashed at Ye Feng. He had obviously grabbed the treasure and got the red eye.

This big man possesses a powerful cultivation level at the seventh level of the Immortal Realm, and his attack at this time is very terrifying.

"Djinn Ancient God Tower!"

At this time, Ye Feng also directly released his powerful magic weapon, holding the Giant Spirit Ancient God Tower with Panwu's big hand and hitting him hard towards him.

"Boom!"

Accompanied by a huge collision and roar, the long knife in the hand of the big man in black armor was directly smashed, and then his whole body was instantly shocked to a distance, and he could not help but spit out a mouthful of blood.

It has to be said that with Ye Feng's current cultivation level, coupled with his powerful physical strength, he can release a powerful magic weapon known as the Giant Spirit Ancient God Tower, which is known for its heavy weight. The huge power that bursts out in an instant is very terrifying and very... It's hard for anyone to resist.

Even the big man in the seventh heaven of the Immortal Realm was being blasted and spitting out blood at this moment.

At this time, Ye Feng instantly caught the light group they were fighting for.

This is the fourth light group that Ye Feng has obtained.

It has to be said that although Ye Feng's cultivation level is the lowest among everyone, he has the most light clusters at this time.

Many experts only grabbed one or two light groups.

"Boy! I didn't expect you to grab it so quickly! You grabbed four light balls!"

"Hurry up and hand over all the light balls on your body, and we, the three Heisha brothers, will spare your life!"

Suddenly at this moment, three young men in black robes surrounded Ye Feng, with fierce looks on their faces.

These three young men in black robes all possess the eighth level of immortality.

The three of them unite in one

Starting from the beginning, it can be said to be an extremely terrifying lineup.

Even a strong man from the ninth level of the Immortal Realm might not be able to escape when he encounters these three masters united together.

"Get away!"

Ye Feng would not give in at all at this time. He just roared and displayed the Panwu God's Dharma, forcing the three people back at once.

"What a strong body!"

At this time, the three masters found that they felt unable to deal with Ye Feng.

This surprised them.

Because the cultivation aura on Ye Feng's body was only at the half-step immortal state, the gap between it and their cultivation was really huge, but when the combat power finally broke out, it shocked them.

"It's a tricky idea, so let's not take action again."

However, these three masters felt that they would not get much benefit from fighting Ye Feng, so they left here quickly with a hint of awe in their eyes. .??.

Ye Feng is now in a hurry to snatch the treasures in the light group, but he doesn't want to fight with such a master.

Because if you fight with other people in such a chaotic place, there will only be one result, and that is to benefit the other people who are watching secretly.

So when Ye Feng saw the three masters leaving, he did not pursue them.

At this time, he continued to snatch the light groups that were running around.

In the end, Ye Feng grabbed seven light groups.

Represents seven treasures.

Ye Feng no longer hesitated and left here instantly.

Because he knew that the most important thing now was to see what treasures were contained in these seven light groups.

There is no need to stay here and fight with others.

Save yourself from being trapped in a tight siege.

I'm afraid I won't be able to run away by then.

After all, Ye Feng knew that even though his combat power was very powerful, he still could not withstand the attacks of all Immortal Realm masters.

So at this time, Ye Feng stopped when he saw the opportunity. After snatching seven light groups, he quickly left the ancient tower area and flew out of the maze.

The treasures in this maze have basically been looted, and there is no need to stay any longer.

Ye Feng put all seven light groups into the storage ring, and then ran towards the outside of the maze.

After all, he had snatched seven light balls, which had attracted the attention of many people around him. Ye Feng was afraid that all other masters would join together to snatch the light balls from him, so Ye Feng was now running crazily towards the outside of the maze, thinking We must leave this place of right and wrong as soon as possible.

But just when Ye Feng walked out of the maze. "Boom!"

Suddenly, a terrifying pressure came upon him in an instant.

This kind of coercion was simply terrifying to the extreme, making Ye Fengdu feel the threat of death for an instant.

At this time, at the entrance of the maze, stood a young man wearing a white robe with his hands behind his back.

That terrifying coercion came from this young man in white robe.

That is clearly a cultivation level at the Supreme Realm!

The Supreme Earth and Heaven!

However, this kind of coercion is not only aimed at Ye Feng, but also against all warriors who come out of the maze.

At this time, there were more than a dozen warriors who ran out of the maze with Ye Feng.

The young man in white robe stared at a dozen people including Ye Feng, his eyes filled with deep majesty, and said loudly: "I am Zhang Han, from the Thunder Emperor Sect, you should have heard of me. Name."

"Thunder Emperor Sect Zhang Han!"

"That's not the super genius who ranks 99th on our Northern Hidden Dragon List!"

At this moment, Zhang Han, a young man in white robe, announced his home. Several of the dozen or so people who came out of the maze couldn't help but change their faces slightly. They had obviously heard of Zhang Han's name. .

Although Zhang Han ranks at the bottom of the Northern Hidden Dragon List, as long as a genius can enter the Hidden Dragon List, he will definitely be the elite among the elite!

Even if he is ranked ninety-nine at the bottom, he is still looked up to by countless people.

At this time, Zhang Han smiled slightly and said aloud: "Since you have heard my name, you know that you can't resist in front of me, so now the dozen of you who have come out of the maze, let you come out of the maze How about handing over all the treasures and chance creations you obtained, and I will let you leave safely?"

Wow!

The moment Zhang Han finished speaking, everyone on the field couldn't help but change their expressions.

No one thought that this Qianlong List genius from the Thunder Emperor Sect would forcefully plunder their treasures and wealth!

Chapter 2180 Red Dragon Holy Sword

At this moment, Zhang Han's words were very domineering and arrogant.

Because as soon as he came up, he asked everyone to contribute their treasures.

This made the dozen or so people who came out of the maze look deeply shocked and angry.

Because they had been adventuring in the maze for so long, they finally obtained a lot of treasures and training resources, and they were just waiting to start refining and improving their strength.

Unexpectedly, as soon as they came out of the maze, there was already a super genius on the Hidden Dragon List guarding them, trying to plunder their wealth.

Even though this Zhang Han was very powerful and came from a super powerful force like the Thunder Emperor Sect, no one wanted to tolerate him at all.

"Kill out! We can't let this genius from the Qianlong List rob us of all the treasures!"

Several geniuses who came out of the maze immediately yelled and fled around.

For them, it is impossible for them to voluntarily hand over their wealth, otherwise they would not be able to survive today.

So what they have to do now is to escape as much as possible.

More than a dozen people, including Ye Feng, all fled towards the distance, because they were indeed no match for Zhang Han.

Zhang Han is really too powerful, he is a powerful master at the first level of Earth Supreme.

After all, the super genius who can enter the Northern Hidden Dragon List is indeed extremely powerful.

Therefore, everyone had no intention of confronting Zhang Han. The only thing they had to do now was to escape as much as possible.

"presumptuous!"

Zhang Han saw everyone rushing away, and his face suddenly showed an extremely cold look.

He smiled coldly: "Since you are so disobedient, then I have no choice but to kill you all. If you are not willing to contribute your wealth to me, then I will plunder it myself!"

Boom!

almost

At this moment, Zhang Han released a very powerful inheritance from their Thunder Emperor Sect.

"Nine lightning whips!"

A very long thunder whip appeared in Zhang Han's hands, and it immediately whipped around wildly.

This is a very powerful inheritance of thunder attributes.

At this moment, the lightning whips in Zhang Han's hands were just like real lightning. The speed was extremely fast, and it whipped towards the surroundings crazily. Many geniuses who fled towards the surroundings were struck. bingo.

"Crack!"

"Crack!"

"..."

This kind of lightning and thunder whip has very terrible destructive power. Even the super masters of the seventh heaven, eighth heaven and ninth heaven of the Immortal Realm are instantly hit by the lightning whip in Zhang Han's hand. The vitality of the whole body was destroyed by the endless thunder. The whole body suddenly became scorched and fell directly from the sky. He died miserably.

"Too strong!"

"This Zhang Han is indeed a super genius on the Northern Hidden Dragon List. Even if he is ranked ninety-ninth, he is not something ordinary geniuses can fight against. This is simply a one-sided massacre!"

At this time, many other experts who came after hearing the news saw this scene and couldn't help but look frightened.

They came after hearing the news and quickly retreated, obviously afraid of harming Chi Yu.

And just a few minutes later.

Zhang Han took back the lightning and thunder whip in his hand.

At this time, there were already more than a dozen corpses on the ground.

All were burnt black by electricity.

Completely dead.

These corpses are naturally the geniuses who came out of the maze that Zhang Han killed with the Nine Lightning Whips just now.

These geniuses who came out of the maze are actually elites, but they cannot resist super geniuses like Zhang Han who are on the Northern Hidden Dragon List.

But at this moment, Zhang Han looked at the corpses on the ground, his eyes suddenly moved slightly, and he couldn't help but murmured: "Huh? It seems that there is still one person left. There are sixteen people in total. There are only fifteen corpses on the ground now, and one has escaped people." .??.

Zhang Han's eyes were filled with surprise.

Being able to escape from his lightning attack just now is definitely extraordinary.

"interesting."

At this moment, Zhang Han suddenly stretched out his hand and grasped the surrounding space slightly.

After he sensed it, his eyes suddenly brightened, "This is... the original power of space attributes? Is it some very powerful space magic weapon? No! No space magic weapon in the world can release such pure energy. And the original power of space! Could it be that the person who ran away in the end relied on... the legendary space gem that can release the original power of space? The master

once divined for me, and I came here this time. There will be a great opportunity in this ancient trial space, could it be a space gem?"

At this time, Zhang Han was murmuring to himself, his tone increasingly revealing a hint of extreme excitement.

At this time, he looted all the storage rings from the dozens of people he had killed, and then quickly chased in the direction where the last person escaped.

Zhang Han murmured, "I have memorized your breath, you can't escape..."

...

And just when Zhang Han was chasing after him.

The last person to escape was quickly escaping towards the deepest part of the ancient trial space.

The last person to escape was naturally Ye Feng!

Ye Feng took advantage of the chaos and used the space gem to open up a space wormhole and escaped in an instant.

The super genius on the Hidden Dragon List only cared about killing other people, but he missed the weakest person, Ye Feng.

Ye Feng was a little lucky at this time. If he was really blocked by Zhang Han, I'm afraid he would be really in trouble.

You know, even the killing sword demon in the storage ring is probably no match for the super genius on the Hidden Dragon List.

At this moment, Ye Feng found a jungle between mountains.

This place is inaccessible, and no one should encounter me for the time being.

At this time, Ye Feng directly took out all seven light groups that he had grabbed before.

These seven light groups are the treasures hidden in the treasure house of the giant tower at the core of the maze. They should all be extraordinary things.

It was Ye Feng who took out all seven light groups and looked at them one by one.

The thing hidden in the first light group was a long sword that emitted red light.

On the hilt of the sword, there are four small characters engraved, called "Red Dragon Holy Sword".

The weapon fluctuations emanating from the body of this crimson long sword are clearly of the supreme level!

This is a supreme level weapon!

"good!"

Ye Feng nodded with satisfaction. The first light group came out with a supreme level swordsman, the Red Dragon Holy Sword. He was very lucky.

But after all, this thing is a treasure that flew out of the treasure house on the ninth floor of the maze core tower. If it is not powerful, it cannot be justified.

Next, Ye Feng continued to look at the second light group.
