

Ancient 2181

Chapter 2181 Elf

At this time, Ye Feng looked towards the second light group.

The thing hidden in the second light group is a spiritual stone that emits crimson light.

"The ultimate flame spirit stone, not bad."

Ye Feng nodded and continued to look at the next light group.

The thing hidden in the third light group is a small purple-gold furnace, which should be used for refining elixirs. It is not of much use to Ye Feng for the time being, but it can be placed in the storage ring until he returns. After entering the Blue Sky Holy Land, it can be sold in the trading market in the Holy Land.

Hidden in the fourth light group was a small, palm-sized box. After opening the box, Ye Feng found that it contained a pill that emitted white light. ??

There is a label next to it that reads: "Tianxiang Cardamom Pill".

"It's actually Tianxiang Cardamom Pill?"

Ye Feng's eyes were a little happy. This kind of elixir has great benefits for improving his skill.

If ordinary warriors eat it, they can directly increase their skill for a hundred years.

For Ye Feng, whose body is like a bottomless pit, eating this kind of heavenly fragrant cardamom can also enhance his skills a lot.

Ye Feng continued to look at the next light group.

This is the fifth light group, and hidden in it is a small golden armor.

When Ye Feng inputs mana, the small golden armor suddenly begins to grow in size, and then wraps Ye Feng's entire body.

The fluctuations emanating from this golden armor are impressively at the supreme level!

"A supreme-level Red Dragon Holy Sword, and now I have a set of supreme-level golden armor. After all of them are equipped, my overall strength will probably skyrocket."

Ye Feng was quite satisfied. He directly refined these two supreme weapons, and then placed them in his body space for warming. As long as Ye Feng's thoughts moved, the weapons could appear on his body at any time.

The next moment, Ye Feng continued to look towards the sixth light group.

In the sixth light group, there was actually a little girl with transparent wings on her back, only the size of a palm floating in the air!

"Is this... a special creature from ancient times?"

Ye Feng's eyes were a little surprised.

He stared at the little girl in front of him with transparent wings on her back and two cute little tentacles on her forehead.

"Where am I?"

Suddenly at this moment, while Ye Feng was staring, the little girl with wings as big as a palm suddenly woke up.

Ye Feng looked at this palm-sized little girl with wings and couldn't help but ask: "Who are you?"

The palm-sized little girl immediately shook her head and said: "I am not a human being. I am an elf from the ancient times. I am harmless and not delicious. Please don't kill me or eat me."

"Elf?"

Ye Feng's eyes showed a look of surprise. This was the first time he encountered such a small elf, but it was as big as a palm and looked very cute.

Ye Feng nodded and said with a smile: "I won't eat you. It seems that you should be sealed in the treasure house."

The elf immediately nodded and said loudly: "I once lived in this world. I was captured by a strong man and sealed in the treasure house. I was asked to guard the entire treasure house. I didn't expect that so many years have passed. However, Our elf family has infinite lifespan, and we will never grow old."

Ye Feng was a little surprised and said aloud: "Have you ever lived in this ancient trial space world? So you should know this ancient trial space quite well."

The elf immediately nodded and said aloud: "I do understand it quite well, but after so many years, things have changed and people have changed. What I know may no longer be accurate. But if you want to find some treasure, I may be able to help you."

When Ye Feng heard what the elf said, his eyes suddenly lit up.

This little elf was once

Having survived in this ancient trial space world is equivalent to being a local guide.

Even if many years have passed now, it still has a huge effect.

Ye Feng looked at the elf and said, "Okay, you can follow me and help me find treasures. If I find what you need, I can give it to you directly."

When the elf heard what Ye Feng said, he smiled excitedly and clapped his hands, saying, "Great! I met a good person!"

At this time, the elf said, and his small body sat on Ye Feng's shoulder.

At this moment, Ye Feng immediately smelled a faint fragrance, which was transmitted from the elf's body.

This made his spirit somewhat pure.

The elf smiled and said: "Each of us ancient elves are very special. The natural fragrance exuding from their bodies has a very good effect on improving the soul of any living creature."

Ye Feng nodded, feeling very magical.

At this time, he looked at the last light group.

But before Ye Feng could carefully explore what was hidden in the last light group.

"boom!"

Suddenly, a terrifying momentum descended from high in the sky.

Ye Feng immediately felt that the space around him seemed to be reinforced, making it impossible to escape.

"what's the situation?"

Ye Feng's eyes changed and he immediately looked up into the sky.

The next moment, he saw a familiar young man in white robes.

This young man turned out to be the super genius of the Hidden Dragon List, Zhang Han, who blocked everyone at the entrance of the maze before and wanted to steal their wealth!

It seems to be a powerful force from the northern land, the Thunder Emperor Sect.

He possesses the powerful cultivation level of the Earth Supreme First Level Heaven.

Very scary!

The moment Zhang Han appeared at this moment, he immediately stared at Ye Feng below, with a look of contempt and greed in his eyes, and said loudly: "Finally I found you, the fish that slipped through the net!"

Ye Feng's eyes were a little surprised at this time, as if he didn't expect that Zhang Han would catch him and not let him go.

Ye Feng couldn't help but said: "I, a little warrior, am worthy of a super genius like you who has been chasing me for so long. You really think highly of me."

Zhang Han smiled coldly at this time and said loudly: "You used the space gem to escape before."

Uh-huh!

The moment Zhang Han finished speaking, Ye Feng's expression suddenly changed.

The power of the gems of the gods was actually sensed by Zhang Han!

"run!"

Almost at this moment, Ye Feng didn't have any thoughts. His only thought was to run away crazily into the distance.

Because he knew very well that the gems of the gods, especially the space gem that Zhang Han knew, this extremely special gem of the gods, would probably have an extremely strong attraction for anyone in the world.

Now that Zhang Han knows that he has a gem of the gods, Ye Feng knows very well that there is absolutely no way that Zhang Han will let him go.

Even Zhang Han would definitely get rid of himself directly in order to kill people and silence them.

So at this time, Ye Feng didn't hesitate at all. The moment he heard Zhang Han say the space gem, he immediately galloped madly towards the distance.

The current Ye Feng is no match for a super genius like Zhang Han.

Therefore, Ye Feng had no intention of fighting Zhang Han. All he had to do was to quickly escape from the scene.

"Now that I've discovered everything, you can't escape."

Looking at the direction in which Ye Feng was escaping, Zhang Han showed a sarcastic smile on his face. Like a cat playing with a mouse, he immediately chased in the direction of Ye Feng, locking Ye Feng with his powerful spiritual thoughts.

Chapter 2182 Huge Gap

Uh-huh!

Uh-huh!

At this time, in a certain area of the ancient trial space, in the dense jungle, two young geniuses were chasing each other.

"You can't escape!"

Zhang Han, the super genius, laughed loudly at this time, his tone full of domineering meaning: "Your only fate is to be caught by me, and then I will kill you, take out the space gem from you, and use it for me. "

Ahead, Ye Feng was running quickly.

For this Zhang Han, Ye Feng does not have the strength to fight now.

So now Ye Feng's only way is to escape quickly.

With the space gem, Ye Feng can still handle it with ease for the time being. Although Zhang Han can lock him from behind, he cannot attack Ye Feng.

Suddenly at this moment, Zhang Han saw that he could not catch up with Ye Feng, and his face finally showed a sense of impatience and hostility that he couldn't get what he wanted.

"Boy, don't think that you can escape safely just because you have the space gem on your body. You can't escape. The methods of a super genius like me on the Hidden Dragon List are beyond the imagination of a boy from a small place like you!"

Zhang Han roared loudly at this time, his eyes filled with a terrifying murderous aura.

He instantly took out a treasure from the storage ring.

That's a sword box.

There are a total of eighteen swords inserted in the sword box.

"Thunder Sword Seal!"

Almost at this moment, Zhang Han directly pushed the treasure in his hand.

"boom!"

"boom!"

"boom!"

...

Almost at this moment, a total of eighteen swords rushed out from the sword box in Zhang Han's hand. They fell from the sky and turned into eighteen lightsabers blooming with thousands of thunderous lights. They suddenly fell from the sky. The impact came down hard, directly blocking Ye Feng in the distance.

It's a lightsaber seal!

Ye Feng immediately felt that the space around him was trapped by the lock. Even if the space gem exerted its power, Ye Feng's speed slowed down a lot.

"Thunder Emperor's Heaven-shaking Seal!"

Zhang Han roared loudly the next moment, stretched out his hand and patted the distance.

Boom!

Suddenly, a huge thunder seal rushed out from the palm of Zhang Han's hand, and it fell from the sky in an instant, full of unparalleled impact and heaviness. The seal's The whole body is still blooming with brilliant thunderous light, obviously full of unparalleled destructive power.

This is a very powerful martial arts inheritance practiced by Zhang Han. The Thunder Emperor's Heaven-shaking Seal is full of extremely terrifying destructive power and attack power.

"Boom!"

Ye Feng instantly felt an irresistible terrifying force, bombarded from high altitude. Even with the strength of his current body, he might not be able to withstand it.

"Golden armor!"

Almost at this moment, Ye Feng immediately activated the set of supreme-level golden armor he had obtained from the light group with a thought.

Almost at the next moment, Ye Feng's whole body was covered with golden armor.

"Boom!!"

And at this moment, the terrifying Thunder Emperor's Heaven-turning Seal had completely bombarded him, hitting Ye Feng's body hard.

"boom!!"

A terrifying collision and roar sounded instantly.

"puff!"

Even though Ye Feng was wearing golden armor, he couldn't help but spit out a mouthful of blood at this moment, and received a huge impact that was transmitted to his body, causing him to suffer trauma.

"So powerful!"

"As expected, he is indeed a super genius on the Northern Hidden Dragon List!"

"A powerful person at the Supreme Realm level is really powerful, and this Zhang Han is only the Earth Supreme Level 1."

Ye Feng thought secretly in his heart.

"He's not dead yet?"

At this time, Zhang Han also looked a little surprised.

Because he felt that Ye Feng would definitely die from his terrifying blow.

Because Zhang Han could feel the cultivation aura on Ye Feng's body, it was not powerful, it was only in the half-step immortal state, and there was a big gap between him and him.

The geniuses who came out of the maze with Ye Feng before were all at the seventh level of the Immortal Realm, or even the eighth level of the Immortal Realm.

They were much higher in cultivation than Ye Feng, but Zhang Han used some small tricks to kill them all instantly with the lightning whip.

But now Ye Feng, who is only half a step into the immortal realm, is able to withstand Zhang Han's terrifying attack just now.

It's really incredible.

Zhang Han couldn't help but be suspicious.

Is it because his own Thunder Emperor's Heaven-turning Seal is too weak?

no!

It's because Ye Feng's cultivation is too strong!

"What big force does this kid come from? There seems to be no force in the northern land of our God Realm that specializes in body training. Why is this kid's body so strong and strong?"

Zhang Han couldn't help but said aloud, a little surprised.

But the next moment, seeing Ye Feng spurting blood, Zhang Han immediately pursued the victory and continued to use the Thunder Emperor's Heaven-shaking Seal.

"boom!"

Suddenly, another seal bursting with endless thunder and lightning struck down from high altitude again, full of unparalleled impact and destructive power, and continued to bombard Ye Feng's body.

"boom!"

Suddenly, the Thunder Emperor's Heaven-shaking Seal hit Ye Feng's golden armor.

"boom!"

The golden armor is a supreme weapon. Zhang Han, the supreme warrior of the first level of earth and heaven, cannot yet cause damage to the golden armor.

However, the terrifying impact of the Thunder Emperor Seal can still penetrate the golden armor and cause huge damage and destruction to Ye Feng's body.

If it weren't for Ye Feng's body being extremely strong, if it were any other ordinary half-step immortal warrior, his body would have been shattered long ago.

"boom!"

The third Thunder Emperor's Heaven-shaking Seal bombarded down.

It hit Ye Feng hard.

Ye Feng spurted out a mouthful of blood.

But he did not fall and continued to run away.

"What a tenacious vitality! As expected of all

The inheritor of the divine gem! "

At this moment, Zhang Han, a super genius on the Hidden Dragon List, was amazed by Ye Feng's tenacious vitality.

But the more stubborn Ye Feng is, the more intense Zhang Han's desire to kill Ye Feng becomes.

He chased after him and laughed loudly: "I don't believe you kid can persist forever! I will slowly beat you to a serious injury and disability! Then you will be a piece of fish on my chopping board, let me slaughter you! Haha! Ha ha!"

At this moment, Zhang Han's face suddenly showed a ferocious and cruel laugh.

At this time, Ye Feng vomited several mouthfuls of blood, his face a little anxious and depressed.

Sure enough, there is still a huge gap between himself and the super geniuses on the Hidden Dragon List.

You know, Zhang Han is a super genius on the Qianlong List, which means that he also has peerless combat power.

This Zhang Han is definitely not an ordinary earth-supreme first-level heavenly warrior. His combat power is many times stronger than ordinary earth-supreme warriors. Otherwise, it would be impossible to force Ye Feng into such an embarrassing situation.

"I have to get rid of this Zhang Han for a while and refine all the resources in the light group I just mined. Maybe it will allow me to break through to the real immortal state. When the time comes to use the Dzogchen Future Body, I may be able to fight with this Zhang Han fights!"

Ye Feng was planning in his mind at this time, and then he looked at the elf on his shoulder and said hurriedly: "Elf, you are a native creature in this ancient trial space. You have lived here for a long time. You hurry up and see if there are any special building areas or special terrain around here that can allow me to get rid of the super genius of the Hidden Dragon Ranking who is chasing me."

When the elf heard what Ye Feng said, she immediately nodded eagerly, then began to look around, began to observe, and tried hard to search for the long-standing memories in her little head.

"I remembered!"

The elf suddenly seemed to recognize a familiar place and said aloud: "Tens of thousands of miles southeast of where we are now, there is a very special place called the 'Wind Desert'. It is a vast and boundless desert area. There are countless terrifying tornadoes and various hurricanes in the entire desert. Even a very powerful being would not dare to enter them rashly. Maybe there can help you get rid of the strong man behind you. "

Chapter 2183 Windy Desert

"Wind Desert?"

At this moment, Ye Feng heard the suggestion from the elf on his shoulder, and immediately couldn't help but ask: "Can that windy desert scare a strong person in the supreme realm?"

The elf immediately nodded and said, "Okay! But if Ye Feng enters, it is very likely that you will be in great danger."

Ye Feng's eyes showed a trace of madness and said: "I can't control so much now, I can only give it a try."

After Ye Feng finished speaking at this time, he immediately asked the elf to guide the location of the windy desert.

"I hope that windy desert can buy me some time for growth and breakthrough."

Ye Feng secretly murmured in his heart at this time.

And this time.

Zhang Han, who was chasing behind him, saw Ye Feng change the direction of his escape, and his eyes suddenly showed a trace of doubt.

But the next moment, a ferocious smile appeared on his face, and he said loudly: "No matter how you escape, you can't escape from my hand! It seems that you don't have full control of the space gem, otherwise you wouldn't be able to escape from me. The pursuit! The space gem is such a waste in the hands of a weakling like you! "

At this time, Zhang Han's words were full of deep greed and tyranny.

At this time, Ye Feng didn't bother to respond at all, he just dashed away in the direction pointed by the elf.

Next, Ye Feng suffered several more terrifying attacks from the Thunder Emperor's Heaven-shaking Seal, and spit out a few mouthfuls of blood.

He finally arrived at his destination.

In the distance, the mountains disappeared and there was an endless desert area.

But this vast desert is very unstable. Countless terrifying tornadoes and hurricanes are spinning throughout the desert, which looks very scary.

"Rumble..."

"Rumble..."

Thousands of tornadoes, hurricanes, and all kinds of terrible winds, big or small, were spinning crazily throughout the desert, sweeping everything away.

The elf on Ye Feng's shoulder couldn't help but said in surprise: "This is the Gale Desert! Just like before, it is still full of all kinds of terrifying hurricanes and tornadoes, and they seem to be more violent than before. Even those in the supreme realm are powerful. "If you enter this windy desert, you will be in great danger. You might be caught in a terrible tornado and be completely shattered."

Ye Feng's eyes were filled with joy at this moment, and he immediately rushed into the windy desert without any hesitation.

The moment he rushed into the windy desert, Ye Feng fully activated the set of supreme-level golden armor he was wearing.

Moreover, Ye Feng also adjusted his chaotic body state to the strongest state.

I want to use this to withstand the terrifying tornadoes and countless hurricanes.

The entire Wild Wind Desert looks like a huge storm place created by nature, which is very scary.

After Ye Feng entered the Gale Desert.

The eyes of Zhang Han, who was chasing behind him, suddenly changed slightly, "This is... a very dangerous restricted area of nature!"

Zhang Han stopped. His powerful spiritual sense allowed him to sense that this windy desert was very terrifying and contained extremely terrifying dangers.

"He actually walked in! Damn it!"

Zhang Han looked at Ye Feng's back disappearing into the windy desert at this time, his eyes a little frightened and angry.

He didn't seem to expect that Ye Feng was really so crazy and went straight into the terrifying windy desert.

"I don't believe he won't come out."

Zhang Han was staying directly at the entrance of this windy desert.

Then his eyes moved, as if he thought of something, and he instantly took out a huge steel puppet from the storage ring.

This is a steel puppet with half-step to the supreme realm, very powerful.

At this time, Zhang Han once again took out a top-quality spiritual stone that exuded strong divine light from the storage ring, and installed it directly in a groove on the top of the steel puppet's head.

"Buzz!"

At this moment, two groups of crimson light suddenly surged out of the steel puppet's metal eyeballs. Together with the majestic black steel body, it was like a steel demon. It looked very terrifying. of pressure and oppression.

At this time, Zhang Han activated this powerful steel puppet and gave it a direct order: "Enter the windy desert and look for traces of that boy. I want to see people alive, and I want to see the corpse even if I die!"

boom!

After receiving the order, the steel puppet immediately took heavy steps of steel and rushed into the endless hurricanes and tornadoes of the windy desert.

Although Zhang Han has a strong cultivation base, he doesn't want to take risks, because if he can cultivate to his level, he naturally cherishes his life and is unwilling to take risks.

...

And just when Zhang Han released a terrifying steel puppet outside.

The interior area of the Windswept Desert.

I don't know which direction it is, but Ye Feng is walking hard.

He was afraid that Zhang Han would catch up directly, so he had walked far away alone.

Although this is not the central area of the Gale Desert,

, but Ye Feng felt that it was probably at the edge of the central area and was about to reach the central area.

Because of the various tornadoes and hurricanes around here, Ye Feng, who was wearing golden armor, could occasionally feel the death feeling of his body being torn apart in an instant.

I have to say that this windy desert is indeed very terrifying.

Even though he was fully armed, Ye Feng could always feel that he might be torn apart.

But fortunately, Ye Feng is still a soul master and can sense the surrounding tornadoes in advance and avoid them in advance.

This makes Ye Feng quite safe even though he is walking in the windy desert, a forbidden area of life in nature.

I'm afraid Zhang Han, who was waiting outside, never imagined that Ye Feng was also a soul master. His powerful soul power made Ye Feng like a humanoid self-propelled scanner that could scan various dangerous areas around him.

At this time, Ye Feng no longer went deep into the windy desert.

Because he sensed that Zhang Han's breath behind him had disappeared.

In other words, he successfully got rid of Zhang Han, a powerful super genius on the Hidden Dragon List.

But Ye Feng knew that this was only temporary.

So Ye Feng didn't waste any time at this time. He immediately sat down on the spot and took out the training resources from the storage ring.

Among them were various resources he had obtained in this ancient trial place before, including a furnace of elixirs he had obtained before, as well as the top-quality flaming spirit stones, heavenly fragrant cardamom elixirs hidden in the light group, and so on.

As long as it was helpful to the growth of cultivation skills, Ye Feng had taken them out.

"Swallow!"

At this moment, Ye Feng instantly enveloped all these cultivation resources in the vortex of darkness, and began to crazily absorb the energy in them, crazily increasing his own skills and cultivation!

Chapter 2184 The last light group

At this time, the resources Ye Feng devoured were extremely rich.

"Boom!"

An extremely huge energy was injected crazily into Ye Feng's body.

For Ye Feng, such a huge energy made him feel that his skills had undergone a fundamental transformation.

Less than a few minutes.

"Boom!"

Ye Feng's body suddenly burst out with a powerful momentum.

That's the momentum of a breakthrough!

At this moment, Ye Feng successfully broke through the final bottleneck and finally entered the first level of the Immortal Realm!

"Finally a breakthrough!"

Ye Feng stood up instantly at this time, with a bright light in his eyes.

At this moment, Ye Feng could feel that when he completely broke through the bottleneck and entered the first level of the Immortal Realm, he felt as if he had entered a whole new level.

Both his skill reserves and brute strength have become stronger many times.

The whole person seemed to have undergone a complete transformation from the inside out.

It has to be said that although Ye Feng's breakthrough is extremely difficult, every breakthrough requires devouring and consuming terrifying energy.

But once Ye Feng breaks through, his combat power will increase exponentially, soaring, which is very scary.

Just like an ordinary warrior, if he steps from the half-step immortal realm to the first level of the immortal realm, his combat power may only increase two to three times than before.

But in Ye Feng's case, Ye Feng's combat power has increased nearly ten times compared to before.

And this is also the reason why Ye Feng can fight beyond the level.

Because he is many times stronger than warriors at the same level.

Uh-huh!

And suddenly at this moment, a huge and burly figure suddenly stepped out from the strong wind not far away.

That was a steel puppet like a demon!

\u003e

The body is extremely tall and burly!

It seems full of a sense of depression!

"Steel puppet? It exudes fluctuations of half-step to the Supreme Realm? It's so powerful! It seems that it was released by Zhang Han, the super genius of the Hidden Dragon List. He should be trying to find my traces."

At this moment, Ye Feng's eyes suddenly focused on the steel puppet not far away.

He immediately guessed the origin of this steel puppet.

Because there was no one else here at all, and Zhang Han didn't chase him, so this must be Zhang Han's method.

"Boom!"

Almost at this moment, the powerful steel puppet rushed towards Ye Feng in an instant, because Zhang Han's death order to the steel puppet was to capture Ye Feng.

"Well done!"

Ye Feng didn't have any fear at all at this time. He laughed loudly and punched the steel puppet directly.

"Boom!"

Ye Feng's fist collided with the metal fist of the steel puppet, and a terrifying roar suddenly erupted, shaking the earth and shaking the earth.

The next moment, Ye Feng didn't move at all, but the steel puppet couldn't help being pushed back several steps.

"Sure enough, my combat power has improved a lot!"

Ye Feng laughed.

If it were before, I would definitely not be a match for this half-step Supreme Realm steel puppet.

But now, Ye Feng has entered the true immortal realm. Even if it is only the first level of the immortal realm, it is a huge improvement. Ye Feng's combat power has become much stronger than before.

So at this time, even a steel puppet with half-step to the supreme realm is very terrifying and is no longer Ye Feng's opponent.

, was directly blasted violently backwards.

"Boom!"

Suddenly at this time, the steel puppet ran away into the distance.

This steel puppet actually ran away!

It seems that he wants to tell Zhang Han the news outside.

"Where to escape!"

Ye Feng rushed forward instantly and directly used Panwu's big hand.

"Boom!"

Suddenly, his hand swelled high in the sky and turned into a big hand that covered the sky and the sun. It was filled with unparalleled heaviness and power, and he immediately grabbed the steel puppet directly in the palm of his hand.

"Crack!"

Then Ye Feng activated his power and instantly shattered the spirit stone on the groove on the steel puppet's head.

Bang!

Almost at the next moment, the steel puppet lost its energy supply and suddenly fell from a high altitude, hitting the ground hard.

"A half-step to the supreme level steel puppet, not bad."

Ye Feng jumped down from a high altitude and put the steel puppet into his storage ring.

Then he started thinking about how to deal with Zhang Han.

After all, Zhang Han's strength is extremely terrifying, and he is at the highest level of the Earth.

And this Zhang Han is a super genius on the Hidden Dragon List, coming from a super power in the north, the Thunder Emperor Sect.

Zhang Han's methods must be extremely powerful, and many of his trump cards may not be used yet.

Therefore, Ye Feng's heart was still very solemn at this time.

Because this Zhang Han is not an ordinary Earth Supreme First Level Heavenly Warrior, but a genuine super genius.

If you want to be on the Northern Hidden Dragon List, you not only rely on your cultivation level, but also your talent level and the strength of your trump card.

The criteria for judging the Dragon List.

"By the way, I seem to have the last light group left that I haven't checked yet."

Ye Feng seemed to have thought of something at this time, and immediately took out the last light group from the storage ring.

Because when Ye Feng was checking the light groups in the jungle before, when he checked the last light group, before he had time to see clearly what was inside the light group, Zhang Han, the super genius of the Hidden Dragon List, arrived and wanted to hunt him down. Own.

So in his hurried escape, Ye Feng never saw clearly what treasure was hidden in the last light group.

Now I just have time to check it out.

At this time, Ye Feng took out the last light ball from the storage ring.

Looking carefully, he immediately discovered that there was a small palm-sized talisman hidden in the last light group.

However, this talisman exuded a destructive aura that made Ye Feng feel extremely heartbroken at this moment.

It's like a time bomb!

"This is... the Nine Heavens Exploding Flame Talisman!"

Ye Feng recognized it. It was a very terrifying explosive talisman.

This kind of Nine Heavens Explosive Flame Talisman, Ye Feng once learned about it in the library of the Holy Land. It is a talisman that is condensed and cast with the explosive power of the Nine Heavens. Once activated, it will produce a terrifying and boundless explosive force, destroying it instantly. Everything within a few kilometers.

"I just don't know how powerful this Nine-Heaven Exploding Flame Talisman is, but since it is a treasure flying out from the core of the maze, it must be very extraordinary. This Nine-Day Explosive Flame Talisman makes me feel a kind of heart palpitations. Maybe Can harm the existence of the Supreme Realm."

Ye Feng stared at the Nine Heavens Exploding Flame Talisman in front of him at this moment, and immediately had a plan in mind to deal with Zhang Han.

That is, find a way to stick this Nine Heavens Explosive Flame Talisman on Zhang Han's body, and then detonate it instantly!

Chapter 2185 Enough to fight you

At this moment, Ye Feng no longer had any fear and slowly walked out of the windy desert.

When he came to the edge of the desert, he immediately saw a young man standing there in the distance.

It's Zhang Han!

At this time, Zhang Han seemed a little surprised when he saw Ye Feng coming out, and couldn't help but ask, "How dare you come out on your own?" .??.??

Ye Feng smiled and said, "Why don't I dare?"

Zhang Han's eyes were a little suspicious at this time, and he immediately sensed Ye Feng's direction.

He immediately sensed that Ye Feng's cultivation had actually broken through, directly reaching the first level of the Immortal Realm.

This made Zhang Han a little surprised, and he couldn't help but said: "I didn't expect that in such a short period of time, you have broken through to the first level of the immortal realm. It can be said that you are indeed a peerless genius, but your starting point is too low. You The gap with me is still huge."

When Ye Feng heard what Zhang Han said, his face was very calm, and he smiled slightly and said, "It's enough to fight you."

"Hahaha!"

Zhang Han immediately couldn't help laughing sarcastically: "Do you really think that you can be right with me after entering the first level of the immortal realm? To tell you the truth, in my eyes, immortal A person with a first-level cultivation level in the Immortal Realm is just a pitiful weak person. No matter how strong your combat power is, you are more powerful than ordinary warriors. However, with a level one cultivation level in the Immortal Realm, if you want to go against me, you are still a little too weak. I won't know who gave you the courage to come out."

When Ye Feng heard Zhang Han's sarcastic ridicule, his expression did not change at all. Instead, he always maintained a very calm state and said loudly: "It was my own strength that gave me the courage to come out. If you don't believe it, If so, let's fight directly."

Zhang Han said with a smile: "Wait a moment, the half-step Supreme Realm steel puppet I sent to find you has not come back yet. After the steel puppet comes back, let the steel puppet

Let me fight you, iron golem, I am too lazy to kill you myself. "

At this time, Zhang Han was no longer in a hurry to take action.

He seemed to see that Ye Feng had always maintained a very calm state.

This state made Zhang Han very disgusted.

Because everyone he met before, after knowing Zhang Han's identity, was in awe or fear of Zhang Han.

But Ye Feng acted so calmly at this time, which made Zhang Han feel very unhappy.

So at this time, he did not rush to kill Ye Feng directly. Instead, he said various words to stimulate Ye Feng's self-esteem and wanted to humiliate Ye Feng.

It seems that only in this way can Zhang Han's so-called sense of nobility and power be satisfied.

But at this time, Ye Feng suddenly smiled and said: "There is no need to wait for your steel puppet, because I have already pocketed the steel puppet you sent out."

"What?"

Hearing what Ye Feng said, Zhang Han's face suddenly changed slightly, and he couldn't help but said with gloomy eyes: "Impossible! My steel puppet is a half-step supreme existence! You are a first-level immortal realm It's impossible for the boy of heaven to defeat my steel puppet. The steel puppet is much more powerful than the ordinary half-step supreme master. Because the steel puppet is a dead thing, it is not afraid of pain or death at all. It has killing power. Very scary."

Ye Feng seemed to feel very relieved when he saw Zhang Han looking so angry.

He immediately threw the steel puppet from the storage ring to the ground, and said with a smile: "Look, is this the one you sent?"

The steel golem that went out? "

Zhang Han saw the steel puppet on the ground, and the energy stone on the groove above his head had been completely crushed.

This made Zhang Han's face change slightly, and he couldn't help but said: "You actually defeated my steel puppet? How is this possible! Did you use any sneak attack method? Because even if I am in your situation Realm, it is impossible to deal with the steel puppet."

"Sneak attack?"

When Ye Feng heard what Zhang Han said, he immediately showed a sarcastic smile on his face and said: "Zhang Han, although you are a super genius on the Northern Hidden Dragon List, you must understand this, then There are always others who are more evil and powerful than you, who can do things that you cannot do. It seems that you are a very arrogant person. "

"shut up!"

At this time, Zhang Han finally understood that Ye Feng's current state was very powerful, and it was not as simple as he had imagined before. .??.

But Zhang Han still has very strong confidence in himself.

"Boom!"

At this moment, an extremely terrifying killing energy suddenly burst out from his body, sweeping towards Ye Feng in an instant.

Zhang Han's eyes were extremely cold, full of cruel killing intent, and he said aloud: "No matter how many methods you have, or how evil your talents are, you will definitely die in my hands today!" The space gems on your body, or other various powerful and precious wealth treasures, will eventually belong to me, which will make me reach a higher level. By then, my ranking on the Northern Hidden Dragon List will be even higher, and I will enjoy more So much attention!"

When Ye Feng heard what Zhang Han said, a cold smile suddenly appeared on his face, and he said loudly: "Stop being so whimsical.

However, if I dare to walk directly out of the windy desert, it means that I am not afraid of you at all. Well, Zhang Han, you are a super genius on the Northern Qianlong List. It just so happens that I want to see what the so-called genius on the Qianlong List is like. Am I as powerful as the rumors say? Although I am a whole level lower than you, I believe that the person who dies in the end must be you. You are very greedy for my wealth and treasures, but you don't know that the inheritance in you is mine. Also very greedy! I want it too! "

Boom!

The moment Ye Feng finished speaking, he immediately transformed into the Dharma form of Panwu God, and was blessed with the power of the golden body of Dharma, Heaven and Earth.

In an instant, Ye Feng turned into a huge golden giant, possessing the power of heaven and earth, and also possessing the power of the ancient god Panwu God!

He instantly rushed towards Zhang Han in front of him.

Full of unparalleled impact and destructive power!

The scene looks very shocking!

When Zhang Han saw this scene, he immediately became furious and said: "Good boy! I haven't even taken action on you yet, but you dare to take the initiative to take action on me? Then I'll let you see what it means to be a true super genius, you This kid from a small place will never understand what real power is. Today I will show you what true genius is!"

"Great Sun Thunder Body!"

In order to be able to kill Ye Feng in an instant, Zhang Han directly and instantly inspired his own special physique.

This kind of physique is called the Great Sun Thunder Body!

At this moment, Zhang Han's whole body immediately expanded more than ten times in size. The entire skin surface turned into a dark blue metallic luster, and thunder and lightning were surging on the skin surface, full of a kind of Terrible explosive power and thunderous destructive power!

Chapter 2186 Successful sneak attack

At this time, Zhang Han turned into a big sun and thunder body, and his whole body expanded more than ten times, turning into a blue-purple giant surrounded by thunder.

He punched forward fiercely, and suddenly a fist filled with endless thunder and lightning fell from the sky, full of unparalleled domineering and huge power.

This is a combination of the power of the body and the power of thunder, full of extremely terrifying power. The fist is like a mountain, spanning the sky and the earth, suppressing everything, as if it can obliterate all existence.

"Boom!"

At this time, Ye Feng's transformation into the Panwu God's Dharma Appearance and the Fa Tianxiang Earth Immortal Golden Body were combined together, and the power released was also extremely terrifying.

"Boom!"

The two collided together, and an earth-shattering roar suddenly sounded throughout the field.

"Bang bang bang!"

Almost at this moment, Ye Feng couldn't help but take several steps back.

Zhang Han, on the other hand, stood there without moving at all.

When Zhang Han saw this scene, he couldn't help laughing and said, "Hahaha! You will never be able to make up for the gap in our cultivation!"

Dzogchen future body!

But at this time, Ye Feng directly released the Dzogchen future body and merged with himself.

The next moment, Ye Feng's cultivation momentum suddenly began to skyrocket, and he suddenly jumped from the first level of the immortal realm to the tenth level of the immortal realm and the great perfection state!

In a short period of time, Ye Feng can possess the power of Dzogchen!

"What?"

"How could your cultivation level soar so much all of a sudden!"

The expression on Zhang Han's face across from him was a little stiff, and his eyes were full of disbelief.

Because he has never seen such a magical inherited secret technique, which can directly increase the user's cultivation level to the Great Perfection state in an instant.

"kill!"

Ye Feng didn't hesitate at this time. In an instant, he carried the power of cultivation at the Great Perfection level and bombarded Zhang Han directly.

At this moment, Ye Feng's whole body was blooming with immortal golden light. That body was no longer a mortal body. It was an extremely terrifying divine body, full of nothingness and nothingness.

An unparalleled sense of power.

"Boom!"

The two collided again. This time, even if Zhang Han turned into a big sun thunder body, he was hit by Ye Feng's fist and was knocked back more than ten steps before he stopped.

Even Zhang Han's fist was punched with cracks and blood flowed out.

"hateful!"

Zhang Han shouted loudly at this moment: "Thunder Emperor's Heaven-shaking Seal!"

Boom!

The terrifying seal, filled with the unparalleled power of thunder, bloomed with brilliant divine light. It was condensed and formed in Zhang Han's palm in an instant, and then it suddenly bombarded Ye Feng fiercely, full of energy. Unparalleled destructive power and destructive power.

At this time, the Thunder Emperor's Heaven-shaking Seal was performed by Zhang Han in the state of the Great Sun Thunder Body, and it was even more terrifying than before.

It has to be said that Zhang Han is indeed a super genius who can be ranked on the Northern Hidden Dragon List. His cultivation and methods are very powerful.

"The sun is a real dragon!"

At this moment, Ye Feng also released an extremely powerful attack method.

"Boom!"

Above the sky, a golden sun appeared in the infinite sky, and suddenly a golden beam of light struck down from the sun above the nine heavens.

That golden energy beam instantly concentrated in front of Ye Feng, and then condensed into a huge and majestic dragon.

This true sun dragon is burning with flames. It is condensed from the infinite essence of the sun. Coupled with Ye Feng's own extremely advanced natal flame, it is absolutely terrifying. Its scales are like pieces of red-hot iron. , the true sun dragon roared and roared, full of unparalleled terrifying power.

"Boom!"

The majestic Sun True Dragon collided with Zhang Han's Thunder Emperor's Heaven-shaking Seal. The entire surrounding earth was affected and shattered. At this moment, the whole world was turned upside down, and the sun and the moon lost all light. The earth seemed to be broken into pieces.

Both of them are super geniuses

For a talent-level existence, the scene produced by the war at this time is naturally extremely terrifying, as if the end of the world has arrived.

"Thunder!"

At this moment, Zhang Han suddenly roared loudly and performed a terrifying killing technique.

"Clatter!"

In an instant, endless rays of lightning rushed out of Zhang Han's body, forming a sea of thunder, covering the surrounding land for hundreds of miles.

Ye Feng was naturally surrounded by a sea of thunder. The endless thunder and lightning struck Ye Feng instantly, full of terrifying destructive power of lightning. .??.

This is a very terrifying mass damage attack, full of huge destructive power.

"One Qi transforms three pure things!"

At this moment, Ye Feng immediately used the ancient secret technique of transforming three pure things into one qi.

Suddenly, three other figures that were exactly the same as his own appeared around him, making it impossible to tell which one was the real body and which one was the clone.

However, whether it is the real body or the clone, they all have the same cultivation strength as Ye Feng.

This is the wonderful thing about transforming three pure things into one spirit!

Because there are many other clone techniques, but the clones are either much weaker than the original one, or they are recognized by others at once.

But this is not the case.

The clone created by transforming one qi into three pure beings is exactly the same as Ye Feng in form, and the strength and cultivation are also exactly the same, making it impossible to tell them apart.

I have to say that transforming three pure things into one qi is indeed a very special and terrifying ancient secret technique!

"No matter how many clones you have! I will kill you with endless thunder and lightning!"

Zhang Han roared loudly. At this time, a ferocious look appeared on his face, and it was obvious that he had completely unleashed all his strength.

"Djinn Ancient God Tower!"

At this time, Ye Feng and three other clones of himself rushed towards Zhang Han in an instant.

The first clone holds the ancient giant spirit

The divine tower resisted all the thunder and lightning with difficulty.

The second clone was holding the Red Dragon Holy Sword and splitting a path through the thunder ocean ahead.

The third clone, wearing golden armor, attacked directly at Zhang Han's position, resisting all Zhang Han's attacks, and seemed to want to die with Zhang Han.

Ye Feng's true self, at this moment, secretly used the space gem to open up a space wormhole and sneaked around Zhang Han's back.

At this time, Zhang Han was entangled by three clones that were exactly the same as Ye Feng, and he did not realize that Ye Feng's true self appeared behind him.

"Uh-huh!"

Suddenly Ye Feng himself suddenly ducked behind Zhang Han.

"I've known for a long time that you would appear behind my back!"

At this time, Zhang Han suddenly turned his head and punched Ye Feng's body away with a punch, falling hard to the ground and smashing a large area of land.

Zhang Han immediately burst out laughing: "You will never be able to hurt me! Not even with sneak attacks!"

But at this time, Ye Feng stood up from the ruins, grinned, and said loudly: "How do you know that my sneak attack was unsuccessful?"

Buzz!

When Zhang Han heard what Ye Feng said, he seemed to sense something, and immediately grabbed his back with his palm.

"late!"

Ye Feng was standing on the ground at this time, looking at Zhang Han in the sky, and shouted directly: "Nine Heavens Explosive Flame Talisman! Blow it up for me!"

It turned out that the moment Ye Feng approached Zhang Han's back, he had already put the Nine Heavens Explosive Flame Talisman on Zhang Han's back.

"No!!!"

When Zhang Han heard the Nine Heavens Explosive Flame Talisman mentioned by Ye Feng, his expression suddenly changed.

"Boom!!!"

But the next moment, the Nine Heavens Explosive Flame Talisman attached to Zhang Han's back had completely exploded.

The entire high altitude was suddenly shrouded in a mushroom cloud produced by a huge explosion!

Zhang Han was right at the center of the explosion!

Chapter 2187 A magical place

It has to be said that Ye Feng underestimated the power of the Nine Heavens Explosive Flame Talisman.

When the Nine Heavens Explosive Flame Talisman exploded high in the sky, even Ye Feng, who was standing on the ground, was blown backwards for several kilometers by the terrifying aftermath of the explosion.

"What a terrifying explosive talisman!"

Ye Feng looked at the huge purple-red mushroom cloud produced by the explosion high in the sky, and was dumbfounded for a moment.

Because Zhang Han was directly blown into ashes, nothing was left.

The Nine Heavens Explosive Flame Talisman was so terrifying that it actually exploded Zhang Han, a super genius on the Hidden Dragon List, into ashes! .??.

Ye Feng's original thought was that Zhang Han would be seriously injured by the Nine Heavens Explosive Flame Talisman, and then he would kill Zhang Han himself.

But what he didn't expect was that the Nine Heavens Explosive Flame Talisman was so terrifying that it exploded Zhang Han into ashes.

"Zhang Han's entire skill is gone! What a loss!"

Ye Feng couldn't help but look up to the sky and howl.

I feel like I've lost a lot!

Because this Zhang Han is a super genius on the Hidden Dragon List, and the skills he has developed are absolutely very strong.

But now there is no more.

At this time, Ye Feng immediately exuded soul power towards the sky.

Wanting to capture the blood energy left behind after Zhang Han's explosion.

But nothing is gone!

But no matter what, getting rid of the fatal danger of Zhang Han this time is already a great blessing among misfortunes.

at this time.

"Ding Dong!"

Suddenly, a storage ring fell from high in the sky and hit Ye Feng's head.

This storage ring is all icy blue, and it looks obviously very high-end. It has not been destroyed by the Nine Heavens Explosive Flame Talisman.

"This should be Zhang Han's storage ring!"

Ye Feng's eyes suddenly lit up when he looked at the storage ring in front of him.

fine!

Zhang Han's storage ring is still there

exist!

This Zhang Han is a super genius on the Hidden Dragon List, and the storage ring on his body must contain many good things.

At this time, Ye Feng immediately released his soul power and moved towards the storage ring in his hand to explore.

really!

There is a lot of wealth in the storage ring!

There are actually more than a dozen light groups in it!

These light groups must have been plundered by Zhang Han at the entrance of the maze before.

Before Zhang Han even had time to explore what treasures were in these light clusters, he was already chasing Ye Feng, and he died immediately.

All the wealth on his body belongs to Ye Feng.

At this time, Ye Feng moved his eyes away from these dozen light groups and looked towards other spaces where the ring was stored.

He immediately discovered several secret books.

These secrets are all powerful inheritances that Zhang Han has used before.

"Lightsaber Seal!"

"Thunder Emperor's Heaven-shaking Seal!"

"Great Sun Thunder Body!"

"Thunder!"

Almost all of the powerful inheritance secrets that Zhang Han had used before were in his storage ring.

Ye Feng thought in his mind that the secrets of the techniques he practiced were basically destroyed after he succeeded in practicing them.

Unexpectedly, Zhang Han put all of this in his storage ring.

"It's also possible that Zhang Han hasn't fully learned these inheritances yet, and occasionally needs to take them out and take a look at them to avoid becoming unfamiliar."

Ye Feng thought so in his heart, but his face showed an expression of joy.

In any case, this time he got rid of Zhang Han, his great enemy, and also got the wealth from Zhang Han. He was extremely lucky.

If not

Ye Feng broke through to the first level of the immortal realm in the windy desert, and it was impossible to fight Zhang Han.

Moreover, Ye Feng was very lucky. He got a terrifying Nine Heavens Explosive Flame Talisman in the last light group, so he finally killed Zhang Han.

In fact, Ye Feng plundered all the wealth in Zhang Han's storage ring and put it into his own storage ring.

Next, Ye Feng explored all the dozen or so light groups that Zhang Han had plundered one by one.

Among the more than a dozen light groups, most of them are ancient elixirs that can increase cultivation, and there are also some armors and weapons. Ye Feng has no use for them, but he still keeps them in his storage ring. He will talk about it later. It may be used, or it can be exchanged for other wealth. ??

Next, there were several things placed in front of Ye Feng.

They are a crimson pill, an icy blue pill, a dozen energy stones, and a cooked little dragon.

These are the latest things among the dozen or so light groups that can increase cultivation.

Ye Feng didn't hesitate at the next moment, and instantly released the Devouring Domain, covering all these resources.

"Rumble..."

Suddenly, waves of majestic energy entered Ye Feng's body, wildly increasing his power and cultivation.

Ye Feng's cultivation level immediately made a rapid breakthrough.

"Boom!"

Immortal Realm Second Heaven!

"Boom!"

The third level of immortality!

"Boom!"

The fourth level of immortality!

Ye Feng's cultivation finally stopped at this time.

There was deep joy in his eyes.

Unexpectedly, this time he would break through the third heaven again!

Directly from

The first heaven of the immortal realm stepped into the fourth heaven of the immortal realm!

This is a huge breakthrough.

You know, Ye Feng's body is like a bottomless pit now, and he has broken through so much this time. It can be seen that there are still many good things hidden in this ancient trial space.

At this time, the elf sitting on Ye Feng's shoulder suddenly said: "Ye Feng, I have been observing you for a long time. You seem to be lacking the resources to increase your skills?"

Ye Feng glanced at the elf next to his ear, nodded involuntarily, and said loudly: "Indeed, I lack resources that can improve my skills and cultivation, because I have an enemy who is very powerful. I went out from the ancient trial space After that, it is very likely that I will meet that powerful enemy head-on, so I must grow to a strong enough level in this ancient trial space."

The elf nodded, thought for a while, and then said aloud: "Ye Feng, I will take you to a place called the Ancient Sacred Mountain. It is the real trial place in this ancient trial space. This ancient trial space is a place specially used by powerful forces to give trials to their disciples."

When Ye Feng heard what the elf said, he couldn't help but ask: "The place where the great forces gave their disciples a trial many years ago, are there still various training resources now?"

The elf nodded affirmatively and said aloud: "Believe me, there must be some, because that ancient sacred mountain is a trial place that is not controlled by anyone at all. As long as you can continue to climb the mountain in that ancient sacred mountain, every time you climb to a level, you can get the trial reward of that level. The higher the level you climb, the richer the reward you will get. There are many levels in that ancient sacred mountain, which is enough for you to explore. "

When Ye Feng heard what the elf said, his eyes immediately lit up.

This ancient sacred mountain can automatically reward people who successfully climb the mountain?

What a magical place!

"You must go and see it!"

Ye Feng nodded immediately and said to the elf in his ear: "Lead the way!"

Chapter 2188 Two Conditions

Following the elf's directions, Ye Feng soon arrived at the magical place the elf had mentioned.

At this time, Ye Feng was already in the deepest area of the ancient trial space.

This is a blue prairie!

At the very end of this prairie, there is a vast mist.

Amidst the clouds and mist, a majestic and boundless mountain stands on the earth. The top is extremely high, and the end of the top cannot be seen. It penetrates the clouds into the sky, and it is very vast and vast.

"This is the ancient sacred mountain I was talking about! The entire mountain is a huge trial place! As long as you enter the scope of this ancient sacred mountain, you can automatically be transported to the first level of the ancient sacred mountain and start the ancient trial! "

At this time, the elf was sitting on Ye Feng's shoulder and said with a smile, pointing with his little finger to the vast and towering mountain not far away.

Ye Feng nodded. .??.

Standing in front of that vast mountain, Ye Feng felt that he was very small.

This huge mountain is indeed an ancient sacred mountain!

Full of vast and vast momentum!

Ye Feng couldn't help but ask at this time: "How many levels of trials are there in this ancient sacred mountain?"

The elf shook his head: "I don't know this either. I only know that every time you pass a level of trial, you will get corresponding rewards. These rewards are automatically sent to you by the Ancient God Mountain. Generally, they can improve your cultivation. Resources, such as precious elixirs, peerless medicinal materials, etc., of course, there may also be ancient inheritance and treasures, but there is no risk in this kind of trial. Once you fail to challenge, you will be automatically teleported out by the ancient sacred mountain. You can only enter once in a lifetime, so Ye Feng, you must seize the opportunity."

When Ye Feng heard what the elf said, he immediately nodded.

He looked at the ancient sacred mountain in the distance and thought to himself, he didn't know what level he could reach.

However, Ye Feng still doesn't know how many layers there are in this ancient sacred mountain.

After all, looking from a distance, the top of the entire Taikoo Sacred Mountain is connected to the sky. It is impossible to see the end at a glance, and it is impossible to count how many layers there are.

But no matter what, Ye Feng naturally wanted to make a splash.

Ye Feng is already looking forward to the trial place where the great ancient powers used to test their disciples endless years ago.

Uh-huh!

He instantly rushed towards the foot of the Ancient Sacred Mountain.

But when Ye Feng came to the foot of this ancient sacred mountain.

He discovered that many people had gathered at the foot of the ancient sacred mountain.

Moreover, this group of people are basically all very high in cultivation, and the weakest ones are all in the ninth level of the Immortal Realm.

There are also many masters at the tenth level of the Immortal Realm, the Dzogchen Realm, the Half-Step Supreme Realm, and even some masters at the Earthly Supreme Level.

Ye Feng felt that among this group of people there might also be super geniuses on the Northern Hidden Dragon List.

At this time, many people were gathered at the foot of this ancient sacred mountain, seeming to be discussing something.

Ye Feng walked over and listened secretly.

Sure enough, everyone was discussing this ancient sacred mountain.

"It is said that this legendary ancient sacred mountain is a place of trial for ancient powerful forces."

"I have also heard about this. Before entering this ancient trial space, the elders of our sect once told me this news."

"No matter what, you can't just shrink back when you encounter such a sacred mountain of trial for ancient powerful forces. Even if it's dangerous, you still have to go in and take a look.

one look. "

"But how should we get in? There is a very ancient protective formation at the entrance of this sacred mountain. It is impossible to get in."

...

Many people around are discussing.

"Guardian formation?"

Ye Feng's eyes showed a look of surprise and he looked not far away.

Sure enough, the next moment he saw, at the entrance of this ancient sacred mountain, there was a milky white divine light shield. .??.

Ye Feng stepped forward at this time and punched out hard.

"Boom!"

With a violent explosion, Ye Feng was directly blown away.

But there was no damage to that protective mask.

"No need to waste your efforts."

A woman wearing a purple robe happened to be standing not far from Ye Feng. At this time, she saw Ye Feng's actions and said loudly: "Don't say that you only have the cultivation level of the fourth level of the Immortal Realm, that is, those of the Earth Supreme Level. The super geniuses on the Northern Hidden Dragon List just joined forces and couldn't break through this white mask. There must be other ways to enter, but we don't know."

Ye Feng's eyes were a little surprised at this time.

He looked at the elf on his shoulder and asked aloud: "Elf, why does this ancient sacred mountain specially used for trials have such a powerful protective light shield? You can't get in at all."

The elf's eyes seemed a little strange, and he couldn't help but said: "When I came here, there was no protective mask. Could it be that some descendant forces set it here?"

Hearing what the elf said, Ye Feng showed a hint of helplessness in his eyes.

Could it be that my trip was in vain?

"Buzz!"

But suddenly at this moment, a violent energy fluctuation appeared on the mountainside of the Taikoo Sacred Mountain.

"what happened?"

At this moment, many experts gathered at the foot of the mountain looked up to the sky.

The next moment, Ye Feng also looked towards the sky.

In the sight of many experts, a white divine light rushed out from the mountainside of the Ancient Sacred Mountain, condensing the shadow of an old man.

The moment the old man's shadow appeared, an overwhelming terrifying pressure spread from high in the sky, making all the masters feel a suffocating feeling.

"It seems to be the shadow of the will of an ancient being in the ancient sacred mountain!"

Many of the experts gathered here couldn't help but have horror in their eyes.

And at the next moment, the old man with white light condensed in the sky immediately made an old and majestic voice: "After thousands of years, the Taikoo Sacred Mountain has opened again. I am the will of the Taikoo Sacred Mountain, and I want to enter the Taikoo Sacred Mountain for a trial. To receive generous rewards, the following two conditions must be met. First, the minimum cultivation level required to enter the Ancient Sacred Mountain for trials must be at least the Immortal Realm."

The moment Old Man Baiguang said his first condition, many of the masters below couldn't help but heave a sigh of relief.

Because among the masters who can break into this place, none are weaker than the Immortal Realm, and there are even many supreme-level super geniuses on the Hidden Dragon List.

At the next moment, Old Man Baiguang continued to announce the second condition: "The second condition is that those who enter the Ancient Sacred Mountain for the trial must be human, or have part of the human bloodline."

Wow!

Almost as soon as Old Man Baiguang said this second condition, thousands of experts around him immediately started to boil.

Chapter 2189 The trial begins

Old Man Baiguang's words completely shocked the group of talented experts at the foot of the mountain.

"What? Only humans, or warriors of human bloodline, can enter the Ancient Sacred Mountain for trials?"

"This...could it be that this ancient sacred mountain was a trial place left by a certain human race power?"

"What should I do? I am not a human being!"

...

At this moment, many talented experts present could not help but speak out.

At this moment, after the old man Bai Guang finished speaking, he waved his hand.

Buzz!

The indestructible protective light shield at the foot of the mountain suddenly appeared as a space portal, leading to the inner area of the ancient sacred mountain.

"Walk!"

Many human geniuses and masters set off one after another and entered the ancient sacred mountain.

"boom!"

But at this time.

On the ancient sacred mountain, a huge thunder suddenly descended.

Among the people who entered, several figures were instantly shattered by this void thunder, and their bodies were reduced to ashes.

It turned out that these figures were not human beings themselves, but were disguised. They wanted to get through, but there was no chance. They were instantly crushed by the will of the ancient gods in the mountains.

"hiss!"

After seeing this scene, many other alien races, even super geniuses at the Earth Supreme level, did not dare to enter this ancient sacred mountain.

However, many foreign masters did not leave here. Instead, they had ferocious looks in their eyes, "Just wait until those humans come out of the ancient sacred mountain and plunder their resources and wealth!"

...

And just when many masters on the field had their own secrets.

Ye Feng finally set off.

He passed directly through the space portal and successfully entered the inner area of the Ancient Sacred Mountain.

Buzz!

The next moment, Ye Feng immediately felt like he was transported to a small independent space.

"This is a golden desert.

"The first level of trial begins."

Suddenly, an extremely majestic old voice sounded in the void.

"Boom!"

And almost at the moment when the old voice fell, a huge gap opened in the middle of the entire golden desert.

"Roar!!"

Accompanied by an extremely ferocious roar, a large black scorpion the size of a mountain, extremely ferocious and vicious, climbed out of the desert ground.

The densely packed scorpion claws seemed to be made of steel, crawling on the ground, looking very scary.

At this time, the monster's power fluctuations emanating from the big black scorpion were clearly at the fourth level of the Immortal Realm.

If it were an ordinary warrior, facing such a ferocious ancient evil beast like a giant scorpion in the same realm, it might be very dangerous.

But at this time, Ye Feng was very calm. He stared at the vicious scorpion not far away and couldn't help but murmured, "Is this the first level trial? To deal with an ancient evil insect in the same realm? Yes. To me, it's too simple."

boom!

And just as Ye Feng was muttering to himself, the vicious black scorpion not far away roared crazily and charged towards him.

The mountain-like scorpion body, the large metal pincers made of steel, and the long poisonous scorpion tail stinger all give people a very scary feeling.

But the moment this vicious scorpion rushed in front of Ye Feng.

Ye Feng's face was calm and he simply punched out.

"boom!"

A terrifying force erupted.

"puff!"

The ferocious scorpion that looked like a mountain exploded all over, shattered by a punch, and exploded into a mist of blood that filled the sky.

"Too weak."

Ye Feng shook his head.

To Ye Feng today, creatures in the same realm are as weak as ants.

Ye Feng can kill him with just one punch.

But although this big black scorpion is very weak to Ye Feng.

But the blood is still quite abundant.

Ye Feng swallowed it directly.

Enhanced some skills.

"Buzz!"

And at this time.

The next moment Ye Feng killed the big black scorpion.

In the void in front of him, a very delicate jade plate suddenly appeared out of thin air.

On the jade plate, there is a round white elixir, and there are also natural spell marks on the surface of the elixir.

This is obviously a very advanced elixir.

Ye Feng felt a very powerful medicinal power from the elixir.

A small pill seems to contain a vast ocean of energy.

The moment the jade plate containing a pill appeared, a voice sounded throughout the space:
"Congratulations to the trialist for successfully completing the first level trial task of the Ancient God Mountain and obtaining an ancient Qi training pill of supreme quality."

After the words fell, Ye Feng's eyes suddenly lit up.

It turned out to be a supreme quality elixir.

"Ancient Qi Training Pill!"

Ye Feng didn't hesitate at all and swallowed the ancient Qi training pill in front of him in an instant.

"boom!"

A huge amount of medicinal power instantly exploded in Ye Feng's body.

Ye Feng's cultivation level immediately began to break through.

"boom!"

The fifth level of immortality!

Ye Feng swallowed this pill and instantly broke through to the next level!

"Cool!"

Ye Feng couldn't help laughing.

This ancient sacred mountain trial place is indeed a good place.

If he were anywhere else, he would never find such a precious ancient Qi training pill even if he wanted to die.

"Will the tester continue the second level of testing?"

Suddenly an old voice rang out between heaven and earth.

"continue!"

Ye Feng nodded immediately.

Buzz!

The moment Ye Feng finished speaking, a strong force of space suddenly teleported Ye Feng to the second level of the Ancient Sacred Mountain.

This second level is still an independent small space world.

Ye Feng was standing on a volcano burning with flames.

There was very hot lava flowing in the cracks in the surrounding earth, and there was even the roar of a volcano erupting in the distance.

"Boom!"

Suddenly a volcano erupted in the distance.

Endless molten magma, burning with rolling flames, a red sea of fire, instantly invaded Ye Feng.

"The second level of the trial, endure for half an hour in a sea of molten fire that is comparable to the seventh-level damage of the Immortal Realm."

The old voice rang out between heaven and earth.

Ye Feng's eyes immediately moved.

This second level of space should test the tester's defense ability and endurance to withstand the burning pain of the molten lava.

"Whether it's defense or endurance, I am invincible."

Ye Feng was very confident and stood there without moving. Then he was instantly enveloped by the endless sea of lava and fire produced by the eruption of a volcano in the distance.

Suddenly, endless magma flames began to invade every inch of Ye Feng's body.

Not only was Ye Feng not in pain at this time, but he also released his own natal flame and activated his flame inheritance, the Ancient Burning Heaven Technique.

"Perhaps, this second layer of infinite magma flames has been refined and transformed by the Ancient Burning Heaven Technique, and it can also improve the quality of my natal flame!"

Ye Feng suddenly thought secretly in his heart.

Chapter 2190 The will of the ancient sacred mountain

At this time, after Ye Feng had this idea in his mind, he immediately started running the Ancient Burning Heaven Technique without any hesitation.

"Boom!"

"Boom!"

Suddenly, the flame energy in the surrounding sea of molten fire was absorbed into Ye Feng's body, and then quickly refined.

Ye Feng suddenly discovered that the energy of these molten flames was very abundant and could actually enhance his own power.

"Very good!"

Ye Feng's eyes were filled with joy, and he immediately used the Ancient Burning Heaven Technique to absorb all the flame energy in the surrounding sea of molten fire into his body.

Ye Feng's cultivation aura suddenly began to explode crazily.

"Boom!"

The sixth level of immortality!

"Boom!"

The seventh heaven of the Immortal Realm!

"Boom!"

The eighth level of immortality!

By this time, Ye Feng's cultivation finally stopped.

At this moment, Ye Feng looked around and was dumbfounded.

Because he saw that the surrounding sea of molten fire had been completely sucked up by him.

Those terrifying magma flames all disappeared at this time.

"this....."

Ye Feng's eyes showed surprise at this moment.

I didn't expect that my devouring power was so powerful.

It actually absorbed all the flame lava in the second level of trial space.

It's not even half an hour yet!

"I wonder if this counts as passing the second-level trial?"

Ye Feng had some uncertain thoughts in his heart.

"Buzz!"

And suddenly at this moment, there suddenly appeared a violent spatial fluctuation high in the sky.

The white-light old man who appeared outside before actually appeared on his own initiative and made a majestic voice: "Congratulations on successfully passing the second level trial and receiving the reward."

Buzz!

The next moment, the space in front of Ye Feng fluctuated, and a medium-sized box appeared.

The reward is in this box.

r\u003e

At this time, Ye Fengshen immediately opened the box with a hint of expectation.

The box contains a book.

"This seems to be a kind of inherited martial arts."

Ye Feng thought to himself, taking this ancient book in his hand and looking at it.

There are five big characters written on the surface of the book: "Ancient True Dragon Fist".

This is indeed a very powerful boxing technique.

It is estimated that it has surpassed the supreme level.

At this time, Ye Feng was very happy.

This time I entered the ancient sacred mountain for a trial. I only got through two levels and already got a lot of good things.

"Do you want to continue the trial on the third level?"

Suddenly, the old man with white light condensed in the sky spoke.

Ye Feng didn't hesitate at all, and immediately nodded and said: "Continue the third level trial!"

Ye Feng naturally wants to continue now.

Because I haven't felt any danger so far.

It can only be said that Ye Feng's single strength is too powerful.

If it is an ordinary warrior.

I'm afraid even the big black scorpion on the first floor will be very difficult to deal with.

"Buzz!"

Almost at the moment Ye Feng finished speaking.

There was a burst of spatial fluctuations all around him.

Ye Feng's entire body was instantly teleported to the third level of space.

This third level of space turned out to be a very chaotic ancient battlefield.

At this time, thousands of troops and horses roared, and they rushed towards Ye Feng alone.

This third level of trial is obviously to test the adaptability when dealing with human sea tactics.

Regarding this, Ye Feng had no position at all, but instead showed a confident smile on his face.

Because what he is least afraid of is the human sea tactic.

Ye Feng's body is extremely powerful.

Even if you stand still

If you take action, it will be difficult for an immortal-level existence to cause harm...

...

And just as Ye Feng broke through the levels again and again.

The Taikoo Sacred Mountain outside was already boiling with excitement.

Because many human warriors did not even pass the first level of trials and were directly teleported out, which was regarded as a failure in the trial.

There were also quite a few that passed through the second and even third and fourth levels and were all teleported out.

These people all had joyful smiles on their faces, and they actually got a lot of good things from the trials in the Ancient Sacred Mountain.

But the moment they appeared, a large group of alien cultivators with extremely strong cultivation levels immediately surrounded them, forcing the humans who came out to hand over the wealth they had obtained. ??

These alien races include monsters, demons, silver-armored tribes, etc., all of which are not human races.

According to the two conditions of the Taikoo Sacred Mountain Trial, they are unable to enter the Taikoo Sacred Mountain for the trial.

Therefore, this group of alien geniuses are very angry because they cannot enter the ancient sacred mountain to test and get rewards.

But they came up with another way, that is, they all united together and surrounded the entrance outside the Ancient Sacred Mountain, waiting for those human geniuses who had successfully passed the test, and then forced these human geniuses to hand over what they had obtained from the test. wealth.

"Damn it!"

Many human geniuses couldn't help but show deep anger in their eyes.

But there was nothing they could do.

Because once they resist these alien geniuses, they will be killed directly.

If they hand over the wealth obtained through the trial, they can at least save their lives.

"Damn it! All the rewards we got from our hard-earned trials were snatched away by this group of alien masters surrounding us!"

At this time, many human geniuses were robbed by other alien masters after failing the trial in the ancient sacred mountain, and were directly robbed into paupers, which was very miserable.

At this time, the faces of a group of strong foreigners were filled with deep excitement.

"Sure enough, snatching is the best way!"

"Even if we can't enter the ancient sacred mountain for the trial, all the wealth and rewards from the trial will still belong to us!"

"Hahaha! We have already calculated before. In this ancient sacred mountain trial, a total of one hundred and twenty-three human geniuses have entered! We must not miss any one! Every human genius must be snatched!"

...

At this time, a group of foreign geniuses spoke out one after another, with deep greed in their eyes.

And just when the entire Taikoo Sacred Mountain was very lively.

The inner space of the ancient sacred mountain trial.

Ye Feng has reached the seventh floor.

It's just that he managed to get through many levels in a row.

Received extremely generous rewards.

Most of the rewards are ancient elixirs that improve cultivation.

At this time, Ye Feng's cultivation level has broken through to the tenth level of Immortality Realm, Great Perfection!

At this time, in addition to improving his cultivation, Ye Feng also received a set of extremely powerful inheritance, the Ancient True Dragon Fist.

At this time, Ye Feng was standing in the trial space on the seventh floor.

However, Ye Feng waited in the seventh-level trial space for a long time and found no changes.

The seventh level of space is a very peaceful prairie.

Ye Feng observed for a long time but did not observe what the content of the trial was.

Buzz!

And just when Ye Feng was wondering if there was something wrong with the trial, an old man wearing ancient clothes suddenly walked over from the end of the prairie not far away.

This old man has white hair and looks very calm and kind.

"This is... the phantom of will that manifested outside the Ancient Sacred Mountain before!"

Ye Feng's eyes suddenly showed a hint of shock.

At this time, the white-haired old man who came from the grassland not far away looked exactly like the shadow of will that had manifested outside the ancient sacred mountain.

Ye Feng couldn't help but asked: "Senior, is it the will of the ancient sacred mountain?"

The white-haired old man smiled slightly, nodded, and said loudly: "Yes, I am the incarnation of the will of the entire ancient sacred mountain."
