

## Ancient 2211

Chapter 2211 Ancestral Land

After getting the affirmation from the Frost Emperor.

Next, Ye Feng naturally lived directly in Frost City.

Stay at the palace that night.

Ye Feng spent a whole night devouring the five Supreme Elders of the Gods Association that he had killed before.

His cultivation level has grown tremendously.

The Supreme Seventh Heaven directly rushed into the Great Perfection state of the Earth's Supreme Tenth Heaven!

There is only one last step left before becoming Heavenly Supreme.

This made Ye Feng very happy.

Because the higher your cultivation level breaks through, the greater your confidence will be when the time comes.

After all, Ye Feng was very afraid of Xiao Tianshen.

Moreover, behind Xiao Tianshen stood the Holy Lord Qingtian, the most powerful and mysterious Holy Lord in the four realms.

Therefore, Ye Feng feels that before Xiao Tianshen comes, his cultivation level must break through to at least the tenth level of Heavenly Supreme Perfection, or even the true Principle Source Realm, in order to be able to withstand all crises and unstable factors.

In the early morning of the next day, Fengshen hurriedly came to Ye Feng's residence and said loudly: "Ye Feng, hurry up and follow me. The Frost Emperor wants to take you to the ancestral land of their Frost Dragon clan. Your chance will come." "

When Ye Feng heard what Fengshen said, he immediately walked out of his residence. He couldn't help but look surprised and said: "It seems that the royal family of the Frost Kingdom is really anxious, otherwise it would not be possible so quickly. Arrange this kind of opportunity for me."

At this time, the two of them were talking and quickly walked towards the inner area of the Frost Kingdom.

Soon they came to a small pavilion in the deepest part of the palace.

At this time, Emperor Frost and a royal elder were standing there, seemingly waiting for a long time.

Today, the Emperor Frost is not wearing a dragon robe, but is wearing plain clothes, looking quite simple.

Apparently this opportunity was done secretly and without fanfare.

After all, frost

There may also be spies of the Gods Association in the city.

At this time, Emperor Frost saw Ye Feng and Fengshen walking not far away, and immediately stepped forward to greet them with a smile.

He stared at Ye Feng, with a solemn look in his eyes, and said: "I, the Frost Royal Family, put everything on you, Ye Feng, don't let us down."

Ye Feng smiled slightly and said loudly: "Don't worry, Emperor, as long as you give me enough resources, Xiao Tianshen and the Gods Association will not be afraid."

"good!"

The Frost Emperor nodded immediately, and then led Ye Feng towards the small pavilion in front of him.

He walked to the front of the small pavilion and suddenly took out a palm-sized jade seal from his storage ring.

On the jade seal, nine small jade dragons are exquisitely carved, which look very vivid.

At this time, the Frost Emperor held the jade seal in his hand, his expression became more solemn and solemn than ever before, and he spoke to the pavilion in front of him: "As a junior emperor, I call on the heroic spirits of the ancestors to open the ancestral land of the ancient ice dragon. "

boom!

Almost at this moment, nine giant dragons emitting blue light rushed out of the jade seal in the hand of the Frost Emperor, and rushed into the small pavilion in an instant.

"Rumble..."

And at the next moment, the small pavilion suddenly grew in size and stood directly on the spot, becoming a majestic building as grand as an ancient temple.

An endless huge light door appeared in everyone's field of vision.

At this time, the Frost Emperor looked at Ye Feng behind him and said: "After you enter this light gate alone, there will be the ancestral land of our frost dragon. I hope you can be transformed in it. We are waiting outside. you."

Ye Feng nodded immediately, with a hint of expectation in his eyes, and walked directly into the huge light door.

"Buzz!"

Almost the moment Ye Feng stepped into the light door, he immediately felt as if he had crossed infinite time and space and came to a brand new ancient world.

At this time Ye Feng opened his eyes.

He looked around.

Suddenly, he saw an extremely ancient land.

This place is different from the gloomy ancestral land I imagined.

It's a little world of its own.

High in the sky, there is a blue sky.

The earth is full of life.

There are rivers and rolling mountains in the distance, which look majestic and vast.

Ye Feng couldn't help but sigh, "The Frost Dragon clan really has a rich heritage. A land of ancestors has been forged into a small world. Even if the Frost Divine Kingdom suffered a devastating blow, many core clan members can still be transformed into a small world." Move into this small world of ancestral land and survive."

Thinking secretly in his heart, Ye Feng immediately started to move, exuding huge soul power, looking for opportunities around him.

Before Ye Feng came in, Emperor Frost didn't say any words of guidance.

Maybe the Frost Emperor himself doesn't know much about everything in the ancestral land.

Buzz!

The huge soul power spread out, but Ye Feng still didn't find anything special.

It seems that this small world of the frost dragon's ancestral land is just a very ordinary world space.

"boom!"

Suddenly at this moment, there was a huge roar not far away.

"What a strong movement!"

Ye Feng's eyes moved and he immediately ran in that direction, wanting to see what happened.

☪

Soon Ye Feng arrived at the source of the movement.

The next moment, the scene in front of him shocked Ye Feng.

I saw a huge valley ahead.

At this time, the rock walls of the valley collapsed, revealing a huge golden ancient city.

Ye Feng's eyes were very surprised, "Golden Ancient City? Is it the habitat of a certain ancient power of the Frost Dragon Clan?"

Ye Feng has always felt that in the ancestral land of the frost dragon, there should be large tombs where many ancestors of the frost dragon are buried.

But now it seems that this is not the case.

Because Ye Feng didn't find any big tombs until now.

But now, a golden ancient city hidden deep in the valley suddenly appeared.

"I have to go and see it no matter what."

Ye Feng jumped down in an instant and flashed directly in front of the golden ancient city.

The golden ancient city revealed by the collapse of the valley is just part of the entrance gate.

Ye Feng walked directly through the gate and entered the inner area of the golden ancient city.

Inside the Golden Ancient City, on the ground, there are boxes of wealth, filled with various battle armors, weapons, elixirs, top-quality energy stones, etc.

Moreover, in the very center of the inner area of the Golden City, there is a ball of golden energy light suspended.

The moment Ye Feng stepped into this golden city.

The shadow of a golden dragon's will instantly rushed out of the golden energy light group, and made a majestic voice: "Senior, you are very lucky to be able to come to the inheritance place of my Golden Dragon Emperor, and you can enter my frost dragon clan. In the ancestral land, you have the qualifications to inherit the inheritance and countless wealth of this Dragon Emperor, but you need to pass the test of this Dragon Emperor. As long as you pass the test, the wealth accumulated by this Dragon Emperor in his lifetime will be yours. This golden city, a powerful magic weapon of pure Yang level will also belong to you."

Chapter 2212 The Golden Dragon Emperor's recognition

At this moment, the voice of the golden dragon high in the sky fell.

Ye Feng's eyes suddenly showed a hint of surprise.

I didn't expect that I would be so lucky that I would directly encounter the inheritance place of a very powerful ancient dragon.

However, since the Frost Emperor sent himself to this ancestral land, it must not be a dangerous place, but a place full of opportunities and good fortune.

Otherwise, how can I grow quickly?

So at this time, Ye Feng accepted it calmly, looked at the golden dragon silhouette high in the sky, and said loudly: "I accept the test of senior, come on."

"good."

The phantom of the golden dragon's will immediately nodded, and then opened its mouth and spit out a piece of golden light, which immediately surrounded Ye Feng underneath.

"Buzz!"

Almost at this moment, layers of thick golden chains suddenly appeared on the surface of Ye Feng's body, locking Ye Feng's entire body.

"I can no longer use my skills and cultivation."

Ye Feng was a little surprised to find that all his cultivation levels were sealed.

At this time, the shadow of the golden dragon's will in the sky said: "These golden chains have temporarily sealed all your cultivation skills. Next, you will not be able to use your cultivation skills, and you can only rely on the brute force of your body." , to complete the first level test. The first level test is to lift the entire golden city using only the brute force of the body. This golden city, without exerting the power of the magic weapon array, weighs 90 million. Jun Zhong."

At this time, the Golden Dragon Will Shadow said and took Ye Feng directly to the outside of the Golden City.

Ye Feng looked at the tall and majestic Golden City in the valley, nodded slightly, stepped forward, hugged a corner of the Golden City with both hands, and yelled: "Get up!!!"

"Rumble..."

Almost at this moment, an unimaginable brute force burst out from Ye Feng's body.

The entire Golden City was actually moved by Ye Feng, and then slowly lifted up.

This scene is very shocking.

It's like an ant lifting an elephant.

"good."

The shadow of the golden dragon's will above the valley nodded with satisfaction and said:  
"Although you are a human, you are very good and have a strong body. This Dragon Emperor likes inheritors with strong bodies. Physical cultivation is the future."

In response, Ye Feng just grinned. This test was exactly what he wanted.

After all, one of Ye Feng's strongest trump cards is his powerful Chaos Body, which has monstrous brute force.

Therefore, this level of test is exactly what Ye Feng is good at.

But I have to say that this golden city is still very scary.

Ye Feng almost didn't lift it up.

You know, this is just the normal weight of the Golden City.

If the countless formations in this golden city are activated, it will definitely be more terrifying and heavy.

At this time, Ye Feng suddenly remembered that the golden dragon's will shadow said that the golden city was a pure Yang level magic weapon.

A pure Yang level magic weapon?

What level is that?

At this time, Ye Feng couldn't help but ask Emperor Chu in his heart.

Emperor Chu, who had been sleeping, complained that he was disturbed until he fell asleep, and then answered honestly: "Beyond the Supreme Realm is the Principle Source Realm, and above the Principle Source Realm is the Qiankun Realm, and above the Qiankun Realm. It is the Pure Yang Realm, so pure Yang level magic weapons are already very advanced and terrifying. Although your Giant Spirit Ancient God Tower is an ancient artifact, it is only at the Principle Source Realm level, which is one level higher than the Supreme Realm. treasure."

The Supreme Realm, the Daoyuan Realm, the Qiankun Realm, and the Pure Yang Realm!

Ye Feng's eyes suddenly lit up after hearing Emperor Chu's knowledge spread.

It turns out that there are so many realms of cultivation above the Principle Source Realm.

Those existences must be at the level of cultivation that only the super powerful people in the God Realm have.

It can also be seen from this that the Frost Kingdom still produced many extremely powerful ancestors.

The inheritance of the golden dragon in front of me is the inheritance of the pure Yang realm.

Very powerful!

At this time, Ye Feng looked at Golden City again, with a fiery look in his eyes.

Originally, he thought that this golden city was ordinary, and the boxes of wealth contained in it were the most valuable.

But now it seems that the Golden City itself is the most valuable.

A pure Yang magic weapon is absolutely priceless.

If it weren't for the ancestral land of the Frost Kingdom, the four major regions would never have come across such a powerful and advanced magic weapon.

At this time, Ye Feng looked at the shadow of the golden dragon's will in the sky and said, "Senior, please continue the test."

"good."

The shadow of the golden dragon's will nodded and said: "The second test of this Dragon Emperor is the golden dragon emperor's will left by this Dragon Emperor. The body and soul are inseparable. If practice is a When you cross the sea and reach the other side, your body is the boat crossing the sea, and your soul is the rudder, guiding the direction in the vast sea of practice. Therefore, both your body and soul must be strong to reach the peak of martial arts. "

At this time, the tone of the golden dragon emperor's will became very serious, and he said: "Senior, listen carefully, what was tested just now was the strength of your body, and the test now is your soul and spirit. Next, As long as you can withstand the impact of this Dragon Emperor's will and persist for half an hour, you can successfully inherit all of this Dragon Emperor's wealth."

boom!

And almost at the moment when the Golden Dragon Emperor finished speaking, the golden Dragon Emperor's will from high in the sky immediately impacted down, turning into a long river of golden souls, directly impacting Ye Feng's body.

At this moment, Ye Feng felt that his soul was being violently washed away, almost breaking.

It has to be said that the impact of this Golden Dragon Emperor's will is still very terrifying.

A normal person would have been unable to bear it long ago.

But Ye Feng is not only a warrior, but also a rare soul master.

"What a powerful soul spirit."

At this time, the Golden Dragon Emperor seemed to have noticed the difference in Ye Feng, and he couldn't help but said: "Are you a fellow soul martial artist? What's wrong with your head?"

There seems to be an evil aura, very dark power fluctuations..."

At this time, the Golden Dragon Emperor murmured, and suddenly stretched out a golden dragon claw in the soul state, directly tore open the center of Ye Feng's eyebrows, and looked into Ye Feng's soul space.

Ye Feng couldn't help but said: "Senior Dragon Emperor, don't be curious, that is the evil eye of the Dark Emperor."

"The evil eye of the Dark Emperor?"

The Golden Dragon Emperor was a little surprised, and then he said: "You are a very special little guy, but in the evil eyes of the Dark Emperor, the Dark Emperor's will seems to be awakening."

When Ye Feng heard this, his expression suddenly changed slightly.

Is the Dark Emperor's will awakening again?

There was the protection of the soul gem before.

But now Ye Feng still hasn't found a way to revive the soul gem.

But the Dark Emperor is about to wake up?

He is worthy of being the Dark Emperor who was able to conquer most of the God Realm back then.

It's really awesome!

It's hard for ordinary people to imagine.

At this time, the Golden Dragon Emperor suddenly spoke: "Little guy, we are destined to meet each other. I will help you seal the will of the Dark Emperor in the Eye of Sin, but it is only for a short time. You need to find a complete solution to this problem by yourself." A way to avoid trouble later."

After saying that, the shadow of the Golden Dragon Emperor's will rushed into Ye Feng's soul space and turned into a dragon-shaped mark emitting golden light. It was imprinted on the surface of the Eye of Sin, sealing the eyeball.

"Thank you, senior."

Seeing that the Golden Dragon Emperor used all his remaining will to seal the Eye of Sin, Ye Feng couldn't help but murmured.

At this time, Ye Feng looked at Golden City and knew that he had passed all the tests.

Otherwise, it would be impossible for the Golden Dragon Emperor to sacrifice his last energy of will to seal the Eye of Sin.

This shows that the Golden Dragon Emperor already agrees with Ye Feng.

Ye Feng flew to the inside of the Golden City in an instant and looked at the boxes of wealth. "Refining all these resources first! I hope it will give me a huge breakthrough!"

Chapter 2213 Ice Throne and Ice Giant Sword

At this time, Ye Feng walked into the golden city again.

In front of him, on the ground, were boxes of wealth.

Most of them contain various miraculous elixirs.

They should all be elixirs refined by the Golden Dragon Emperor himself.

Everything exudes a very strong and powerful dragon power fluctuation.

At this time, Ye Feng did not hesitate and instantly released the Devouring Domain.

"Rumble..."

Suddenly, a dark and boundless devouring field spread out from Ye Feng's body, covering every box in front of him.

There are a total of more than a dozen boxes of elixirs, all of which are high-end elixirs refined by the Golden Dragon Emperor.

At this time, everything was enveloped by Ye Feng's Devouring Domain.

"Crash!"

"Crash!"

Immediately, all those pills were absorbed by their medicinal power.

The pills disappeared one by one and turned into a long river of medicinal power, rushing into Ye Feng's body, rapidly increasing Ye Feng's cultivation and strength.

These elixirs refined by the Golden Dragon Emperor himself are all very high-grade.

The medicinal power contained in it is also very powerful.

Along with the refining, Ye Feng's skill immediately began to improve rapidly.

"boom!"

Half-step heaven supreme!

"boom!"

The supreme heaven is the first level of heaven!

"boom!"

The Supreme Heavenly Second Heaven!

At this time, Ye Feng finally stopped cultivating.

At this time, all the pills in the boxes in front of Ye Feng were refined into ashes.

"good!"

"These pills are really great tonic!"

"It is worthy of being the ancestral land of the Frost Dragon Clan. The opportunities are so rich!"

Ye Feng was thinking secretly at this time.

Then he walked directly outside the Golden City and looked at the huge gold in front of him.

City, began to stretch out his hand and pressed it on the surface of the Golden City.

"boom!"

Immediately, Ye Feng began to output huge amounts of chaotic mana towards the Golden City.

Even if this golden city is a powerful magic weapon of pure Yang level, the chaotic magic power that Ye Feng possesses can be easily refined.

If it were other ordinary Heavenly Supreme Warriors, they might not have finished refining this golden city, and all their skill reserves would have been drained away.

But Ye Feng won't.

Ye Feng's magic power is extremely powerful.

Chaos mana is of extremely high quality.

Half an hour passed.

"Buzz!"

Suddenly, the entire surface of the huge magic weapon in Golden City burst into golden light.

At this moment, Ye Feng has successfully refined the Golden City.

"receive!"

At this moment, Ye Feng shouted loudly.

boom!

The majestic golden city shrunk rapidly, and finally turned into a small city as big as a palm, like a small model, falling on Ye Feng's palm.

Ye Feng looked at the Golden City in his hand with unabashed fondness in his eyes.

This golden city is a pure Yang level magic weapon, very powerful.

Now that he directly controls this golden city, his combat power will definitely increase a lot.

After Ye Feng took over the Golden City.

"Buzz!"

Suddenly, a powerful golden mark flew out from inside the Golden City and rushed directly into Ye Feng's mind.

Ye Feng did not resist because he did not feel any threat from the golden mark.

The next moment, the golden mark entered Ye Feng's mind, and instantly turned into a long golden chapter.

This golden chapter is clearly the inheritance of the Golden Dragon Emperor, and is called: "Emperor Dragon Claw".

Ye Feng took a closer look. To be precise, it shouldn't be called a skill, but a very powerful attack.

Once the Emperor Dragon Claw is used, Ye Feng's palm can instantly transform into a huge golden dragon claw, which can tear everything into pieces in an instant, and is incredibly sharp and strong.

For Ye Feng, this is a very terrifying attack technique, enough to cause devastating damage to the enemy at critical moments.

At this time, Ye Feng did not waste time.

While comprehending the latest inheritance in his mind, he left this valley and continued on his way to a certain direction outside.

Ye Feng got great opportunities in the Golden City this time, but this was not enough.

Ye Feng needs to continue to look for powerful opportunities.

"You can't just rely on luck, you need to find it yourself, otherwise you will waste your time."

Ye Feng was thinking in his mind at this time, which directly inspired the sixth talent he had awakened when he practiced the Divine Art of Creation, the destiny chart of the heavens.

"Buzz!"

At this moment, a huge disc suddenly appeared above Ye Feng's head.

Ancient and vicissitudes of life!

That is exactly the natal chart of the heavens!

"Buzz!"

At this moment, Ye Feng immediately burned his energy and blood and began to provide power to the heavens and fortune boards.

Wow!

The natal charts in the heavens began to rotate instantly.

There is a simple pointer on it, pointing in a certain direction.

"boom!"

Ye Feng's eyes lit up, and he immediately followed the guidance of the heavens and flew in that direction.

Soon Ye Feng crossed a large area of land and finally arrived at his destination.

This place turned out to be a vast expanse of white glaciers and snowfields.

At this time, the place guided by the heavenly destiny charts is the center of this glacier and snowfield.

"Huhuhu..."

Throughout the snowy land, the cold wind howled, and goose-feather-like snowflakes fell from high in the sky, dyeing the entire land white.

Ye Feng soon arrived at the center of this snowy land.

"That is....."

He immediately saw a huge Ice Throne standing on the earth in the distance, towering into the sky.

Moreover, there is a huge ice sword stuck on the glacier next to the Ice Throne.

The whole scene looks very vast and atmospheric.

"This seems to be the treasure of some ancient power, the Ice Throne and the Ice Giant Sword."

Ye Feng sensed a very powerful magic wave from these two treasures, which was not even much weaker than the Golden City.

"Could it be that they are two more powerful treasures of pure Yang level!"

Ye Feng's eyes were quite excited.

Ye Feng doesn't have too many such advanced and powerful magic weapons.

Uh-huh!

Ye Feng immediately rushed towards the Ice Throne and Ice Giant Sword, wanting to take these two magic weapons for himself.

"The forbidden area of the Glacier Kingdom! No outsiders are allowed to enter!"

But suddenly at this moment, a very majestic shout suddenly sounded throughout the entire sky.

"Boom!"

"Boom!"

Almost at this moment, Ye Feng saw that on the surrounding glaciers and snowy mountains, strong men wearing ice crystal armor suddenly appeared, all of them looking at him eagerly.

And a middle-aged man wearing an emperor's armor, exuding a powerful cultivation level of half-step source realm, descended from the sky.

The middle-aged man stared at Ye Feng, his tone was extremely majestic, and he slowly said: "Outsiders, this is not a place for you, hurry up and get out!"

Chapter 2214 Rapid surge

At this time, the middle-aged man's words were very domineering.

Even in that tone, a kind of extremely cold murderous intention began to appear.

Ye Feng stared at the middle-aged man at this time, with a hint of surprise in his eyes, and couldn't help but ask: "Are you the aborigines who have been living in this world of ancestors?"

I have to say that Ye Feng was still very surprised at this time.

He never expected that so many powerful people still survived in the ancestral land of the Frost God Kingdom. ??

Moreover, the middle-aged man in front of him is still a powerful being in the semi-step source realm, almost comparable to the royal elders of the Frost Kingdom outside.

At this time, the middle-aged man heard Ye Feng's question and just smiled coldly and said: "You should be the lackey of the current lineage of the Frost God Kingdom. Our lineage is the true inheritor of the Frost Dragon Clan. , when I break through to the true Principle Source realm, I will be able to tear apart the space seal of this ancestral land, and then I will kill all of your lineage!"

boom!

The moment the middle-aged man finished speaking, he immediately shouted to the people around him: "All soldiers obey my order and kill this thief who breaks into our Glacier Kingdom!"

boom!

boom!

boom!

Almost at the next moment, strong men, all dressed in ice armor, rushed towards Ye Feng from the surrounding glaciers and snow-capped mountains.

"kill!"

"kill!"

"kill!"

They all burst out with extremely powerful murderous intent, and swept towards Ye Feng crazily.

Ye Feng also understood at this time.

This group of so-called strong men from the Glacier Kingdom should also be descendants of the Frost Dragon Clan, but they are hostile to the lineage from the Frost Divine Kingdom outside.

Knowing this, Ye Feng immediately stopped hiding his murderous intention.

He suddenly laughed out loud: "Then I can help Frost Emperor instantly solve the trouble in this ancestral land."

Seeing the countless soldiers from the Glacier Kingdom rushing over, Ye Feng was completely fearless and laughed out loud: "Golden City!"

boom!

An unparalleled golden city rushed out of Ye Feng's body in an instant, covering the sky and the sun, shaking the sky and the earth. The void was trembling violently, and it rumbled directly towards the front.

r\u003e "Pfft!"

"puff!"

The Earth Supreme level soldiers who rushed over one by one had their whole bodies exploded into a mist of blood.

"Golden City?"

The middle-aged man's eyes immediately revealed a look of surprise: "You actually got the inheritance of the Golden Dragon Emperor! No wonder you are so powerful! But now this Golden City belongs to me!"

boom!

At this time, this powerful middle-aged man with a half-step source realm cultivation also took action in an instant.

"The dragon roars in the sky!"

The middle-aged man jumped up and turned into an ice-blue ice dragon directly in the sky.

This is his essence.

At this time, the giant ice dragon roared, emitting a thundering dragon roar, and billowing terrifying sound waves, all of a sudden impacting towards Ye Feng.

At this moment, Ye Feng immediately felt a terrible sound wave energy, which was shaking the void, causing resonance, and was about to disintegrate his body in an instant.

"Emperor Dragon Claw!"

Ye Feng did not hesitate at this moment and directly used the powerful moves of the Golden Dragon Emperor that he had just learned.

"Boom!"

One of Ye Feng's hands began to expand instantly, forming a huge golden dragon claw high in the sky. It seemed to be made of indestructible steel and was full of terrifying sharpness.

"Pfft!"

Ye Feng's Emperor Dragon Claw grabbed it hard, and there was a sound of broken flesh and blood.

The entire horn of the half-step source-level ice dragon was directly scratched and torn off.

"ah!"

The ice dragon immediately let out a painful roar.

"Absolutely freezing gas!!"

The giant ice dragon opened its mouth in an instant, and immediately spewed out a long frozen river of endless cold air, freezing the entire world.

"Emperor Dragon Claw!"

Ye Feng didn't have the slightest fear, and directly waved the indestructible golden emperor dragon claw towards the front.

Grab it.

"Boom!"

The emperor's dragon claws and the river of frozen energy collided together in an instant, making a series of collision sounds like the sky and the earth falling apart, which was extremely terrifying.

At this time, countless glaciers and mountains around were shattered, and the scene was very terrifying, as if the end was coming.

"Djinn Ancient God Tower!"

At this time, Ye Feng once again released a powerful magic weapon, holding the Giant Spirit Ancient God Tower in his hand, using it as a huge war spear, and instantly stabbed the body of the ice dragon in the distance.

"Poof!" .??.

Seven inches of the ice dragon was directly pierced by the ancient giant spirit tower in Ye Feng's hand, and then it was directly nailed to the ground.

"Rumble..."

The giant ice dragon was pinned to the ground by the Ancient Giant Spirit Tower. It twisted its huge dragon body crazily, but it was to no avail and could not break free at all.

Ye Feng smiled coldly, stared at the ice dragon, and said loudly: "If you are of the same lineage as the royal family of the Frost Kingdom outside, then maybe I won't kill you, but since you are the enemy, no wonder I'm at the half-step source level, I have so much power, and it's also the dragon essence of an extremely high-level ice dragon. I can already smell the fragrance of the ice dragon essence!"

boom!

Ye Feng rushed down from a high altitude and immediately placed a hand on the top of the ice dragon's head.

"Swallow!"

Boom!

A terrifying absorbing power was produced in Ye Feng's palm in an instant.

"ah....."

The ice dragon suddenly let out a roar of extreme pain and fear.

Its entire dragon body is rapidly drying up at this moment.

The endless dragon essence and vigorous blood energy were quickly absorbed by Ye Feng.

"boom!"

Ye Feng's cultivation aura instantly began to break through.

"boom!"

The Supreme Heavenly Third Heaven!

"boom!"

The supreme fourth heaven!

At this moment, the majestic body of the ice dragon in Ye Feng's hand had completely turned into a shriveled dragon corpse.

"horrible....."

r\u003e

At this time, all the powerful men in the Glacier Kingdom who saw this terrifying scene had deep fear on their faces.

They saw with their own eyes that their king, an ice dragon king with pure blood and a powerful half-step source realm cultivation, was forcibly sucked into a huge shriveled dragon corpse by Ye Feng.

It's really terrible!

"Run!"

At this moment, countless strong men from the Glacier Kingdom fled around frantically.

Even their most powerful king died.

These little guys, naturally, cannot be Ye Feng's opponents.

These strong men of the Glacier Kingdom knew very well that for a young strong man like Ye Feng, the human sea tactic was of no use.

At this time, Ye Feng looked at the countless strong men from the Glacier Kingdom who were fleeing in all directions, with a deep cold look in his eyes: "Please stay all of them and become the nourishment for my stronger cultivation!"

boom!

At this moment, Ye Feng directly released the Book of Wenzu, and began to say something to these soldiers of the Glacier Kingdom with low cultivation levels: "Explode!"

boom! boom! boom.....

Almost at the moment Ye Feng finished speaking, the bodies of the powerful men from the Glacier Kingdom who were escaping one by one exploded.

No matter how far he ran away, his body would explode one by one.

The scene looks very scary!

Ye Feng's words and actions are very powerful and magical.

Those who are stronger than Ye Feng will have their strength weakened and be negatively affected after Ye Fengyan comes up with the method.

As for warriors who are weaker than Ye Feng's realm, they simply cannot bear the power of the rules of speaking and following the law. They will be directly hit by Ye Feng's words and explode in an instant.

"Swallow!"

At this moment, Ye Feng instantly released a huge devouring domain, a dark and endless space that instantly enveloped the entire Glacier Kingdom.

He swallowed all the blood energy of countless exploding Glacier Kingdom members into his own body.

"boom!"

Heaven is the Supreme Fifth Heaven!

"boom!"

The Supreme Sixth Heaven!

Ye Feng's cultivation level is rapidly increasing!

Chapter 2215 Transmission Note

At this time, with the help of the skills of all the members of the entire Glacier Kingdom, Ye Feng successfully broke through to the sixth level of Heavenly Supreme!

This is an extremely terrifying improvement!

In just a few days.

Ye Feng almost experienced a qualitative transformation in the ancestral land of the Frost Kingdom.

Ye Feng is now many times more powerful than when he first came in.

For Ye Feng, killing all the masters of the Glacier Kingdom would, firstly, solve a huge scourge for the Royal Family of the Frost Kingdom, and secondly, it would greatly improve his own cultivation, so why not do it. ??

At this time, Ye Feng stretched out his hand and grabbed the entire field.

Swish, swish, swish!

Each storage ring was instantly caught in Ye Feng's hand.

These storage rings contain a lot of wealth.

For Ye Feng, it was like getting rich overnight.

But what Ye Feng cares about most now is the two powerful pure Yang level magic weapons standing in the middle of the glacier kingdom.

There is a huge ice throne, and a giant ice sword with the power to tear the sky and the earth apart!

These two treasures are pure Yang-level magic weapons comparable to those of the Golden City!

But what makes Ye Feng curious is that the king of the Glacier Kingdom just now, a strong man in the half-step source realm, did not use these two pure Yang level magic weapons. Otherwise, he might have to spend more time to deal with the king of the Glacier Kingdom. Some hands and feet.

At this time, Ye Feng walked towards the two huge treasures.

When Ye Feng came to the Ice Throne and the Ice Giant Sword.

Immediately, I felt a very terrifying sealing power engraved on the surface of these two treasures.

Ye Feng reached out and touched the surface of the two treasures at this time, outputting his own mana, but he was unable to stimulate the power of the two treasures.

"So that's it! Two ancient treasures have been sealed! The power within them cannot be activated. No wonder the king of the Glacier Kingdom doesn't use these two treasures."

There was a hint of surprise on Ye Feng's face.

At this time, Ye Feng wanted to try some methods to see if he could unlock the surface seals of these two pure Yang magic weapons.

But after working for almost half a day, Ye Feng found that he still couldn't break the seals on the surface of these two treasures.

These two pure Yang magic weapons seemed to have been sealed in the Glacier Kingdom by an extremely powerful ancient man, and they could not be used by future generations.

"Let's pretend for now. Maybe the royal family elders who return to the Kingdom of Frost can find a way to break the seal."

Ye Feng thought secretly in his heart, and then directly put the Ice Throne and Ice Giant Sword in front of him into the storage ring, and then he quickly left the place.

Next, Ye Feng is going to continue to look for opportunities to see if he can completely accumulate his cultivation to the level of the Supreme Perfection of Heaven.

But just when Ye Feng left this glacier kingdom.

Uh-huh!

Suddenly, a luminous talisman flew over not far away.

Ye Feng stretched out his hand and grabbed the spiritual talisman, which was a transmission talisman. Immediately, the somewhat urgent voice of Emperor Frost came out: "Ye Feng! Hurry up and return! Xiao Tianshen seems to be coming!"

Xiao Tianshen is coming?

When Ye Feng heard the words of Emperor Frost in the talisman, his face suddenly showed a trace of abnormality.

Immediately, Ye Feng's eyes showed a deep cold look, and he immediately galloped towards the entrance of the ancestral land in the distance.

Ye Feng

In fact, I have been waiting for this day for a long time. It is time for a decisive battle with Xiao Tianshen.

Now that he has entered the sixth level of Heavenly Sovereign, although no one has ever touched the Principle Source realm above Heavenly Sovereign, Ye Feng feels that he has grown to a sufficient level.

Even if Xiao Tianshen really steps into the Principle Source Realm, Ye Feng is no longer afraid of him with his current cultivation and methods.

Because this time he entered the ancestral land of the Frost Kingdom, Ye Feng not only improved his cultivation, but also harvested three powerful ancient magic weapons of pure Yang level, and also received the powerful inheritance of the Golden Dragon Emperor. Dragon Claw!

Each of these trump cards has greatly improved Ye Feng's current comprehensive strength.

At this time, Ye Feng quickly flew towards the entrance.

Under Ye Feng's full efforts, in less than half an hour, he had arrived at the entrance to this ancestral land.

A huge light gate stood on the earth, emitting very strong spatial fluctuations.

Ye Feng walked over instantly and passed directly through the light door.

Buzz!

At the next moment, Ye Feng had left the world of his ancestral land and returned to the palace of the Frost Kingdom.

The moment Ye Feng walked out, he found that he was still in the small attic area he entered before.

The Frost Emperor, the Wind God, and a half-step source realm royal elder were waiting there, as if they had never left.

The moment he saw Ye Feng coming out, Senior Fengshen immediately greeted him, with a look of anticipation on his face, and said loudly: "How are you growing?"

At this time, after Feng Shen's voice fell, the Frost Emperor and the Royal Family Supreme Elder standing around also showed a trace of nervousness in their eyes.

If Ye Feng hadn't grown up enough to resist

Xiao Tianshen's situation, then the royal family of the Frost Kingdom would have no choice but to relocate in humiliation and leave this land.

At this time, Ye Feng looked at the expectant eyes of the people in front of him, just smiled slightly, and said loudly: "The growth is not bad, I have stepped into the sixth level of the Supreme Heaven!"

Boom!

At this time, Ye Feng took the initiative to release his cultivation aura, a terrifying and boundless power fluctuation, which spread to the entire audience at once, but the faces of several people present showed horror.

"What a powerful aura!"

"This kind of aura fluctuation is simply comparable to the Principle Source Realm!"

At this moment, the three people present couldn't help but make a sound of surprise.

Because they knew that Ye Feng's cultivation before entering the ancestral land was nothing more than the Earth Supreme.

Now in just a few days, I have received such a great opportunity and fortune, and directly stepped into the sixth level of the Supreme Heaven.

And several people know that Ye Feng's true combat power cannot be guessed based on his cultivation.

His true combat power is definitely many times stronger than his cultivation!

At this time, Emperor Frost couldn't help but ask: "Ye Feng, do you think your cultivation and methods are capable of fighting against a real Principle Source Realm powerhouse?"

Ye Feng looked at Emperor Frost, with infinite confidence in his eyes, and said loudly: "Yes, and he is very confident."

"very good!"

The Frost Emperor couldn't help but exclaimed in surprise: "Just this morning, a spy from our Frost Kingdom sent news in the distant Blue Sky Holy Land. A huge cross-border teleportation array suddenly appeared in the Blue Sky Holy Land. It was spreading all day long. There are very strong spatial fluctuations, so I guess that Xiao Tianshen is about to arrive."

Ye Feng nodded, his eyes showed an extremely cold look, and said loudly: "Xiao Tianshen, he will definitely die this time!"

Chapter 2216 How to break the seal

At this time, I heard Ye Feng's powerful and confident words.

The Frost Emperor and the Wind God were both very happy.

Obviously they all believed Ye Feng's words.

But at this time, the supreme elder of the royal family, a super strong man in the half-step source realm, showed a trace of hesitation in his eyes, and said to Ye Feng: "Little guy Ye Feng, do you really think Can you fight against Xiao Tianshen and the Holy Lord Qingtian behind Xiao Tianshen? "

Ye Feng said aloud: "Sir, don't you believe me?"

The Supreme Elder of the Royal Family shook his head, with a hint of worry in his old eyes, and said loudly: "It's not that I don't believe you, but I'm a little worried. After all, your cultivation has not been able to step into the true Principle Source Realm. , although your true combat power is very strong and you can fight beyond the level, Xiao Tianshen is also a rare genius in the ages. He can also fight beyond the level. If Xiao Tianshen steps into the real Principle Source Realm, then you may not be able to fight. Pass him."

There was no fear on Ye Feng's face, but a faint smile and said: "Don't worry, Supreme Elder, there is absolutely no problem. This time I entered the ancestral land of your Frost Kingdom, not only did I achieve a breakthrough in my cultivation, but I also gained I got a lot of good things, which can greatly enhance my combat power."

At this time, Ye Feng said and directly released the Golden City.

Boom!

A terrifying and boundless magic weapon energy fluctuation spread across the entire place in an instant.

Even if Ye Feng only slightly inspired the aura of the Golden City, it still made the half-step source realm royal elder take several steps back.

"This is....."

Several people present had horrified expressions in their eyes.

Ye Feng smiled slightly and said aloud: "This is the natal magic weapon of a Golden Dragon Emperor. It is called Golden City. It is a powerful magic weapon at the pure Yang level."

"Pure Yang level magic weapon!!"

The few people present are all top experts in the four major domains, so they naturally understand what this means.

At this moment, Emperor Frost could not help but show envy in his eyes, and said loudly: "Ye Feng, you are so lucky. When I was young, I once entered the ancestral land. opportunity, but I didn't get any treasures, I just got a set of Frost Dragon Art."

Ye Feng smiled and said: "It really depends on one's luck. I encountered the Golden City accidentally. It emerged from a collapsed valley and attracted me there, so I got it." "

At this time, Ye Feng was talking, and suddenly seemed to have thought of something, and said aloud: "By the way, in my ancestral land, I met a group of people who claimed to be the real descendants of the Frost Dragon Clan, and they also established a kingdom called Glacier Kingdom, do you know about this?"

"Glacier Kingdom!"

After hearing what Ye Feng said at this time, Emperor Frost and the Supreme Elder of the royal family couldn't help but change their faces slightly.

The Frost Emperor immediately couldn't help but stare at Ye Feng and said loudly: "You didn't provoke them, did you? Those group of rebels were the rebels who betrayed the Frost Dragon Clan and were suppressed in the small world by our ancestors. We always think about rebellion, but our ancestors have never been able to kill them, and now it is said that half-step source level superpowers have been born in the Glacier Kingdom, so we have never dared to go in and kill them. Complete annihilation."

When Ye Feng heard what Emperor Frost said, he immediately patted him on the shoulder and said with a smile: "Now you don't have to worry about this. I have helped you get rid of all the rebellious people in the Glacier Kingdom. Among them is the King of the Glacier Kingdom."

"What?!"

When Emperor Frost and the Supreme Elder of the royal family heard what Ye Feng said, they couldn't help but look shocked.

The royal family elder couldn't help but said:

"The Glacier Kingdom does not dare to attack even our entire Frost Kingdom, and you wiped them all out? How is that possible? The king of the Glacier Kingdom should have at least the tenth level of Heavenly Supreme Dzogchen cultivation."

Ye Feng smiled and shook his head and said: "You are wrong. The king of the Glacier Kingdom is a strong man at the half-step source level. He has the same cultivation level as you, the Supreme Elder, and I have not yet broken through to the present level. The Supreme Sixth Heaven, but the king of the Glacier Kingdom was still killed by me."

"hiss!"

Hearing what Ye Feng said, several people present couldn't help but take a breath of air.

Their eyes were filled with horror as they stared at the young man talking eloquently in front of them, as if they had never imagined that he was so powerful.

Ye Feng said with a smile: "Now you should believe in my strength."

"I believe it!" .??.

Emperor Frost was the first to speak out, with excitement in his eyes as he said, "Now we are not afraid of Xiao Tianshen and the gods meeting!"

When the royal family elder heard what Ye Feng said, he understood Ye Feng's powerful combat power, and the worried look on his face relaxed slightly.

At this time, Ye Feng suddenly said: "By the way, I also got two other pure Yang magic weapons from the ancestral land."

"You got three Pure Yang magic weapons in total?!"

The Frost Emperor couldn't help but twitch the corner of his mouth immediately.

When he entered the ancestral land, he didn't get anything.

"You really can't compare with others."

The Frost Emperor couldn't help but sigh secretly in his heart.

At this time, Ye Feng took out the Ice Throne and the Ice Giant Sword, and said loudly: "These two are also pure Yang level magic weapons, but they have very profound sealing formations on the surface. You are all Frost Dragons."

Is there any way for the descendants of the clan to unlock the seal on the surface of this magic weapon? If it can be unlocked, then I will have these three pure yang magic weapons in my hands. Next, I will have a greater chance to redeem Xiao Tianshen and the Gods Association. Confidence.  
"

The Frost Emperor stared at the Ice Throne and the Ice Giant Sword, drooling with envy.

Ye Feng automatically ignored the Frost Emperor. He knew that there was nothing the Frost Emperor could do. At this time, Ye Feng looked at the Royal Family Supreme Elder on the other side.

At this time, the Supreme Elder of the Royal Family suddenly moved his eyes and said loudly: "Perhaps there should be records in this regard in the ancestral library of our Frost God Kingdom, and we may be able to find a way to break the seal."

Ye Feng's eyes suddenly lit up when he heard what the Supreme Elder of the Royal Family said, and he hurriedly said: "The Supreme Elder, please take me to the library, and let's search together to see if we can unlock the seals of these two pure Yang magic weapons. , if it can be unlocked, I will have three pure Yang magic weapons in my hand, and my combat power will be greatly improved!"

The Supreme Elder of the royal family also knows the importance of this matter. After all, the most important thing now is to increase Ye Feng's comprehensive combat power to the strongest level, so that they can rest assured.

The royal family elder did not dare to hesitate at this time. He nodded immediately and said to Ye Feng: "Follow me! I will take you to the library!"

At this time, Ye Feng looked at Emperor Frost and said, "Your Majesty, you have continued to observe the movements of the super teleportation array in Qingtian Holy Land recently and report to me at any time."

Ye Feng said, directly throwing the Golden City in his hand high into the sky, and then the huge and majestic Golden City enveloped the entire Imperial City of the Frost Kingdom, casting a large golden light shield as an energy protective shield. Prevent the sudden attack of the Gods Society.

Emperor Frost was really happy when he saw this scene, and immediately said: "Okay! I will report to Ye Feng at any time if there is any news! With the protection of this golden city pure Yang magic weapon, our imperial city is more stable! "

Chapter 2217 Finally arrived

The Supreme Elder of the Royal Family took Ye Feng to the library pavilion of the Frost Kingdom soon.

The library in the Kingdom of Frost is very majestic and majestic, with a huge tower standing on the ground.

At this time, the Supreme Elder of the royal family and Ye Feng entered the library directly without encountering any obstruction.

At this time, the Supreme Elder of the Royal Family spoke up and said: "Ye Feng, the records about the Ice Throne and the Ice Giant Sword should be in the biography books of our ancestors in the Kingdom of Frost. Let's go directly to the historical area." .??.

Ye Feng nodded: "Okay, let's look for it together."

The two of them soon arrived at the historical area of the library and started flipping through each book.

"This is too slow!"

Ye Feng released his soul power at this time, directly covering hundreds of books in the historical area.

The powerful soul power enveloped hundreds of books in an instant, and instantly analyzed the things recorded in hundreds of books.

"found it!"

Ye Feng's eyes immediately lit up at this moment.

He stretched out his hand and grabbed a golden book in his hand.

The cover of this book has the four characters "Ice Emperor" written on it.

The Supreme Elder of the Royal Family also showed a hint of joy on his face, and couldn't help but say: "That's right! This is the biography of the Ice Emperor! The Ice Throne and Ice Giant Sword you got, Ye Feng, are the Ice Emperor The natal magic weapon that was forged back then."

Ye Feng nodded immediately and began to look through the biography in his hand.

Soon he found the column where the natal magic weapon was cast.

After watching for half an hour.

Ye Feng took out the Ice Throne and the Ice Giant Sword in an instant, and then began to use the method recorded in the biography to unlock the seal on the surface of the magic weapon.

"Rumble..."

Almost at the next moment, Ye Feng successfully unlocked the seal according to the method recorded in the book.

A terrifying and boundless cold air, like absolute freezing air, instantly spread from the Ice Throne and the Ice Giant Sword.

Scattered out.

"Kacha kacha..."

In an instant, the entire library began to freeze.

When the Supreme Elder of the royal family saw this scene, he couldn't help but turn pale with shock, and shouted quickly: "Ye Feng! Stop! The entire library will be frozen by you!"

"receive!"

At this moment, Ye Feng instantly took the Ice Throne and the Ice Giant Sword into his body and used his own magic power to warm them.

"Finally, the seals of these two Pure Yang treasures have been unlocked! Now that I have three Pure Yang magic weapons, my combat power will definitely increase to a whole new level!"

Ye Feng's eyes were full of excitement at this moment.

"Uh-huh!"

Suddenly at this moment, a transmission note flew in from outside the library pavilion.

The Supreme Elder of the Royal Family directly grabbed the transmission note, and the voice of the Frost Emperor came from inside: "Fly to the heights of Frost City and take a look!"

"What are you looking at?"

When Ye Feng and the Supreme Elder of the royal family heard these words, there was a hint of doubt in their eyes.

But since they had unlocked the seal at this time, they walked out of the library and flew high into the sky above Frost City.

"That is....."

They immediately saw a very shocking scene.

In the direction of Qingtian Holy Land, a super huge teleportation array began to operate.

A huge beam of light penetrated the sky and the earth and appeared in everyone's field of vision.

An extremely terrifying energy fluctuation instantly swept across the entire Four Domain Alliance.

"That's Xiao Tianshen's teleportation array!"

At this time, the Frost Emperor also flew to Ye Feng and the royal family from the palace below.

Going up to the elder's side, he couldn't help but speak out.

Everyone felt the energy fluctuations of the terrifying and powerful super teleportation array, as if they were trying to attract a supreme god to descend. Everyone was shocked to the core and felt suffocated.

The Frost Emperor and the Royal Family Supreme Elder both had nervous eyes at this time.

Because they discovered that Xiao Tianshen should have broken through to the true Principle Source Realm, and the momentum and energy fluctuations produced before he fully arrived made them all feel a deep sense of suffocation.

At this time, Ye Feng stared at the super teleportation array in the distance, his eyes were calm, his tone was deeply cold, and he said: "I'm here, why panic!"

After the words fell, Ye Feng flew to high altitude in an instant, grabbed the Golden City directly into the palm of his hand, and stared coldly in the direction of the super teleportation array in the distance.

"Boom!"

At this moment, in the area of Qingtian Holy Land not far away, the energy beam released by the super teleportation array became increasingly larger and terrifying.

The vast and majestic aura it exuded immediately attracted all the forces and powerful men from the entire four regions.

"What a terrifying smell!"

"Is Xiao Tianshen coming?"

"During this period, it is said that he has been practicing in a mysterious different-dimensional space. I wonder what level of cultivation he has reached now?"

"It must be very terrifying! No one in our four major domains can stop us!"

...

At this time, there were countless forces, large and small, in the entire four major domains, and everyone was paying attention to that super teleportation array.

Their eyes were full of deep awe and fear.

Xiao Tianshen has not yet fully arrived, but he has already released such a terrifying momentum.

How terrifying would it be if he really came?

"Boom!"

And just when countless forces across the land were talking about it.

Suddenly, the super teleportation array made a huge roar.

A tall and boundless figure instantly appeared in the sky-reaching light pillar, standing high in the sky, shrouded in countless holy lights.

He exuded boundless terrifying energy, just like an ancient god, and everyone felt a sense of suffocation in the soul.

This tall figure is naturally Xiao Tianshen!

It's finally here!

Nowadays, the aura fluctuations and energy fluctuations on Xiao Tianshen's body are very majestic and advanced.

He has definitely stepped into the legendary Principle Source Realm!

As soon as Xiao Tianshen arrived, he attracted the attention of countless people.

The energy aura on his body was like that of the Son of Heaven, vast and endless, vast and majestic, and full of unparalleled pressure.

"He is truly God's beloved!"

Many big power lords couldn't help but exclaim in admiration at this moment.

Just the aura of Xiao Tianshen made everyone unwilling to resist.

It's like seeing the real Dragon Emperor. I can only worship him in my heart and don't dare to show any disrespect.

"Congratulations to the President!"

At this time, the entire Qingtian Holy Land was boiling instantly.

Countless members of the Gods Association roared crazily, their voices filled with deep admiration.

After Xiao Tianshen had completely arrived at this time, his pair of god-like eyes exuded infinite light. He looked around the vast four-domain alliance and uttered a majestic voice like the Emperor of Heaven: "My magical power has been completed. I can't do it anymore." No one can stop me! Today I have arrived. All the hundreds of forces in the four major regions must come to worship me and submit to me. Anyone who dares to disobey will be destroyed directly!"

Chapter 2218 Destined to go down in history

Buzz!

A terrifying and boundless momentum emanated from Xiao Tianshen's body and spread to almost all areas of the four major domains.

At this moment, Xiao Tianshen finally arrived, and the power and momentum he released simply made everyone feel suffocated.

He is simply like the only true god in the world, full of terrifying and boundless power.

That kind of power was simply earth-shattering. Even the two and a half-step source realm elders in the Kingdom of Frost could not help but tremble at this time.

They felt an overwhelming feeling of suffocation.

At this time, the Frost Emperor stood on top of the imperial city, staring at the tall and majestic figure in the distance, his eyes full of ugliness and worry.

Because he still underestimated Xiao Tianshen's power.

The momentum shown by Xiao Tianshen at this time was definitely not just as simple as just stepping into the Principle Source Realm.

Xiao Tianshen's cultivation skills are definitely at a very terrifying level.

The Frost Emperor, even if he was the emperor of the Frost Kingdom, had to admit that he was as weak as an ant in front of Xiao Tianshen's terrifying momentum.

At this time, even the two royal family elders could not help but look at Ye Feng beside them, and asked aloud: "Can you beat this Xiao Tianshen? If not, there is still a chance to leave now. No need to hold on."

Ye Feng's eyes were filled with infinite coldness and determination at this time, and he said aloud: "Don't worry, Xiao Tianshen will be left to me. The other gods will follow you and you will handle it."

Just when Ye Feng was talking.

"Boom!"

Suddenly, a very strong energy wave erupted not far away.

It turned out to be a gaze!

It was Xiao Tianshen looking in the direction of Frost City from a distance.

A look contains earth-shattering energy!

At this time, Xiao Tianshen made a majestic and boundless voice: "Now

In the entire four major domains, there is only one stubborn Frost Kingdom left that has not surrendered under my command. This is intolerable. In my eyes, there cannot be any existence that disobeys my will, so today I want to let Everyone can see that the consequences for those who dare to resist our Gods Association will be destruction! "

Boom!

Almost at this moment, Xiao Tianshen immediately moved towards the direction of Frost City.

He didn't even need to go out of his way to fly. With a thought, he appeared outside Frost City in an instant.

Xiao Tianshen's aura was terrifying to the extreme, surrounded by countless energy storms. When he arrived outside Frost City, it was like thousands of troops had arrived, and black clouds were pressing down on the city to destroy it.

Xiao Tianshen immediately stared at the Frost Emperor in Frost City and made a domineering voice: "Frost Emperor, surrender directly to me. I can make your Frost City safe. If you are unwilling to surrender, then I will welcome you. is endless destruction."

Emperor Frost was stared at by Xiao Tianshen at this time. Even Xiao Tianshen's gaze was almost unbearable. It was really terrifying.

The Frost Emperor wanted to say something at this time, but his face was covered with cold sweat and he simply didn't have the courage to speak.

In fact, this is not because of lack of courage, but because the strength gap between Emperor Frost and Xiao Tianshen is really too big.

The oppression that Xiao Tianshen exerted on everyone was simply epic.

Therefore, even the Frost Emperor, the emperor of the Frost Kingdom, was unable to raise his head in front of Xiao Tianshen at this moment.

Snapped!

But suddenly at this moment, a strong palm pressed on the Frost Emperor's shoulder.

"Buzz!"

Almost at this moment, that strong palm was like giving ice

Emperor Frost injected infinite momentum, and Emperor Frost suddenly raised his head under the pressure of Xiao Tianshen and could no longer feel any pressure.

The Frost Emperor immediately stared at the sky and said coldly: "We, the royal family of the Kingdom of Frost, will only be destroyed, but we will never be defeated. I will not surrender to anyone! Xiao Tianshen, you have given up on this idea. Bar!"

At this time, the Frost Emperor's words were full of determination, but it was all because of the hand on his shoulder that gave him the power to speak.

"Um?"

So at this time, Xiao Tianshen ignored Emperor Frost at all, and instead focused on the owner of the hand beside Emperor Frost.

"It's you."

When Xiao Tianshen saw Ye Feng next to Emperor Frost, he immediately showed a trace of surprise in his eyes: "I didn't expect that an ant like you could grow to such an extent back then. Supreme Sixth Heaven, your speed of progress is already amazing, but you think you want to fight me like this? That's really naive! Let me tell you the truth, during the outer sect competition, you In my eyes, you are an ant, and now you are also an ant!" ??

Boom!

At this time, Xiao Tianshen said that an infinite momentum immediately surged out of his body, like a vast and endless ocean, and suddenly a violent tsunami rolled up in the void, sweeping towards Ye Feng crazily. This violent momentum can simply destroy the entire huge Frost City.

Xiao Tianshen's eyes were extremely arrogant, just like a real god emperor, overlooking the vast world, staring at Ye Feng in the Frost City below, and said coldly: "I don't even have to do it myself to kill you, the aura on my body is just I can crush you, an ant, how I crushed you in the outer competition, I can crush you today too!"

Boom! !

The terrifying momentum is like a tsunami.

They were also surging towards the Frost City below.

"Kacha kacha..."

At this time, even the tall city walls of Frost City, which were poured with molten iron, and countless buildings had cracks on their surfaces, and they were shattered and disintegrated inch by inch.

At this time, even the two half-foot-step source realm royal elders, as well as the Frost Emperor and the Wind God, could not help but retreat towards the rear.

They couldn't even resist Xiao Tianshen's momentum, and they started to retreat even when they were still far away, unable to control their bodies at all.

At this moment, Ye Feng suddenly laughed loudly: "Today I will avenge my shame! How did you treat me in the competition outside? Today I will retaliate an eye for an eye and a tooth for a tooth! Xiao Tianshen, I'm waiting for this It's been a long time, and you will definitely die today! I will kill you in front of everyone's eyes!"

Boom!

Almost at the moment Ye Feng finished speaking, a violent and boundless momentum burst out from his body.

It was a fighting spirit soaring to the sky, vast and desolate, as if the ancient people were rising up to resist the destiny of the sky!

"Boom!"

Ye Feng's momentum rose up in the wind, and suddenly collided with Xiao Tianshen's suppressed momentum high in the sky.

The entire field immediately erupted with a burst of infinite collisions and roars, shaking the earth and shaking the whole world.

At this moment, in the entire four-domain alliance, countless power lords and countless powerful masters all focused their attention on the battle area high above Frost City.

Everyone couldn't help but feel frightened. Can the newcomer Ye Feng, who didn't seem to have much fame, really be able to fight against a legendary figure like Xiao Tianshen, a son of God?

But everyone knows that no matter whether this battle is lost or won, it will definitely attract everyone's attention and is destined to go down in history!

Chapter 2219 No more holding back

Boom! !

The terrifying and boundless collision sound resounded throughout the world.

Everyone was frightened by the terrible collision.

"Crack! Click!"

At this time, the space was shattered inch by inch.

Ye Feng was not knocked down by Xiao Tianshen's momentum. Instead, he rushed directly to the sky, facing Xiao Tianshen on an equal footing from a distance.

At this time, Xiao Tianshen seemed to have a look of surprise in his eyes, and said loudly: "Oh? I didn't expect you to grow to this point, but you still have to die! Those who obey me will prosper, and those who go against me will perish!"

Panwu master!

At this moment, Xiao Tianshen immediately displayed his natal inheritance, Panwu Master.

"Boom!" .??.

His hand suddenly swelled into an earth-shattering hand covering the sky, full of unparalleled pressure, and it suddenly grabbed Ye Feng fiercely, as if it could shatter the entire world.

At this time, Ye Feng also struck out with a powerful hand.

Boom! !

This kind of head-to-head duel is simply brutal to the extreme.

Suddenly there was a huge roar high in the sky.

The two Panwu giants collided together, punching out an extremely dark void hole in the space between them, and void turbulence appeared.

"You can also use Panwu's big hand?"

Xiao Tianshen's eyes were extremely cold: "You killed so many core members of our Gods Association and got the first level of inheritance of Panwu God from them. However, this is only the initial inheritance, and you only know this." Let's do it? Huh, I'm going to crush you to death!"

Boom!

Almost at this moment, Xiao Tianshen immediately displayed the second level of Panwu God's inheritance: "Eternal Millstone!"

Rumble...

I saw Xiao Tianshen's hands pushing forward suddenly, and suddenly a huge millstone that could crush eternity of time and space slowly appeared, filled with nothingness and nothingness.

The unparalleled vicissitudes of life and the breath of time and space seem to be able to crush everything.

This is a suffocating feeling that is like the impact of a long river of time, making people unable to resist the torrent of this era.

"Ice Giant Sword!"

At this moment, a huge long sword made of ice appeared in Ye Feng's hand. He input infinite mana into the long sword, and instantly slashed forward fiercely.

"Boom!"

It was the infinitely terrifying ice sword energy, like a huge river of absolute freezing energy, that rushed out of the ice sword in Ye Feng's hand in an instant, covering the front directly, and fiercely collided with Xiao The eternal millstones pushed by the gods collided together.

"Crack, click, click..."

Almost at this moment, the huge eternal millstone was frozen by the long river of cold air struck by Ye Feng's sword, and it stopped directly in the void, unable to move forward.

"This sword is a pure Yang level magic weapon!"

Xiao Tianshen's eyes lit up and he immediately said: "Good thing! This ice giant sword will belong to me immediately! Just wait until I kill you!"

overbearing!

Extremely domineering!

At this time, Xiao Tianshen's words were full of domineering, with a sense of dominance.

But this is exactly the character of Xiao Tianshen!

As long as Xiao Tianshen wants something that he sees, he must get it by force. Anyone who dares to resist will be brutally killed by him.

"The third level of Panwu God's inheritance!"

"Mountains and rivers are boundless!"

This is an extremely terrifying inheritance.

Mountains and rivers are boundless!

Almost at this moment.

Xiao Tianshen's body suddenly

At that moment, a vast and vast aura rushed out, and boundless mountains and rivers and endless territories were formed around him. He directly condensed a perfect world, and instantly rushed towards Ye Fenggai.

"Boom!"

In an instant, the boundless mountains and rivers were suppressed, and Ye Feng felt as if he was carrying an entire world on his shoulders, filled with the weight-bearing power of an entire world.

"Crunch!"

No matter how strong Ye Feng's body is, he is being suppressed by the whole world at this moment, and the sound of bones and flesh and blood meridians breaking is instantly heard in his body.

But Ye Feng's shoulders were still straight at this moment, and he would rather break than bend. He yelled: "Golden City!!"

Boom! !

A fierce golden light rushed out of Ye Feng's body in an instant.

It is the pure Yang magic weapon of Golden City!

Almost at this moment, the golden city in front of Ye Feng expanded rapidly, directly becoming a vast city.

"Boom!"

The next moment, the huge golden city suddenly replaced Ye Feng and supported the entire boundless mountain and river.

It has to be said that the Golden City is indeed a pure Yang level magic weapon, full of monstrous power, holding up the entire mountain and the world.

"Emperor Dragon Claw!"

At this moment, Ye Feng escaped from the trap and directly launched the powerful attack inheritance of the Golden Dragon Emperor, and immediately took the initiative to counterattack in the direction of Xiao Tianshen.

"Boom!!"

At this time, Ye Feng's palm had turned into a golden dragon claw that was tearing apart the heaven and the earth. He grabbed it from high in the sky, like a dragon god's claw torn from the legendary mythical era.

"Bang!"

Xiao Tianshen didn't pay attention and was suddenly hit by Ye Feng's golden dragon claw.

He suddenly became unsteady and fell down from a high altitude, smashing a large area of the ground.

"presumptuous!!"

However, Xiao Tianshen was not harmed. He seemed to be wearing a set of protective armor that exuded light. His defense was very high. Even Ye Feng's Emperor Dragon Claw failed to scratch Xiao Tianshen's protective armor.

Boom!

At this moment, Xiao Tianshen rushed out of the ruins of the earth in an instant, his face looking very ugly.

Even though he was not harmed, he was violently knocked to the ground by Ye Feng under the gaze of everyone. This was definitely a huge shame for Xiao Tianshen.

Because Xiao Tianshen always felt that he was the son of God and a superior being.

But Ye Feng's attack directly knocked him to the ground, which was like stepping on Xiao Tianshen's face.

"That Ye Feng is so powerful!"

At this time, countless forces in the entire four-domain alliance saw this scene and couldn't help but take a breath of air.

Ye Feng, the newcomer who was looked down upon by everyone, actually stood up to Xiao Tianshen and even had the upper hand.

It really shocked everyone!

Almost at this moment, cracks suddenly appeared in the ice wall in front of Ye Feng.

But the most important thing is that Ye Feng's Ice Throne finally blocked the energy beam erupted by Xiao Tianshen's ancient eyes.

"Another pure Yang level magic weapon!"

Even Xiao Tianshen couldn't help showing a trace of shock in his eyes at this time.

Ye Feng's three pure Yang magic weapons were so powerful that they blocked Xiao Tianshen's three most powerful trump cards.

The Golden City withstood Xiao Tianshen's small world of boundless mountains and rivers!

The Ice Giant Sword resisted Xiao Tianshen's inheritance of Panwu God.

Now Xiao Tianshen displayed the power of the ancient double-eyed person. Unexpectedly, Ye Feng released a powerful pure Yang magic weapon to resist it.

"Use out

Your brute force gem. "

Ye Feng looked at Xiao Tianshen at this time and suddenly sneered: "If you don't use the brute force gem anymore, I guess you will be killed by me soon."

When Xiao Tianshen heard Ye Feng mention the brute force gem, his eyes suddenly changed slightly: "You actually know that the gem of the gods on my body is the brute force gem?"

Ye Feng laughed: "That's right! And the brute force gem you have on you today will also be plundered by me!"

Boom!

Almost at this moment, Ye Feng immediately launched the strongest attack.

"Djinn Ancient God Tower!"

"Gem of Brute Strength!"

At this time, Xiao Tianshen finally couldn't hide anymore.

He instantly grasped the void with his palm, and a stone emitting red light suddenly appeared in his palm, and then exploded with huge power.

"Infinite brute force! Destroy everything!"

At this time, Xiao Tianshen's whole body was bursting with divine light. The brute force gem in his hand directly merged with his fist, and it was blasted out in an instant, bursting out with huge energy.

"Boom!"

On top of the Giant Spirit Ancient God Tower held in Ye Feng's hand.

A terrifying and boundless force burst out instantly.

"Dong dong dong!"

Even Ye Feng felt an irresistible huge force coming through at this moment, and he was immediately pushed back several kilometers.

Even the spire of the Giant Spirit Ancient God Tower had cracks and suffered heavy damage.

"As expected of a gem of brute strength!"

Even though Ye Feng's chaotic body was extremely powerful, he still felt his palms were numb after overcoming the Chaos Gem's attack at this time.

If it weren't for the ancient giant spirit tower to offset part of the power, Ye Feng's hand bones would have been completely shattered.

"As expected of the brute force gem among the gems of the gods, it is famous for its brute strength! It can simply allow the user to burst out with unparalleled brute force!"

Ye Feng couldn't help but exclaimed in surprise at this time.

But the fire and greed in his eyes became more and more intense.

The more terrifying the brute force gem is, the more attractive it is to Ye Feng.

Ye Feng was staring at Xiao Tianshen not far away at this time, seeming to be thinking about countermeasures.

His face once again had a kind of aloofness, and he said aloud: "Although every time you use the brute force gem, you will hurt some sources, but since I have used it now, so you have no chance of winning, I will use the brute force gem to crush you into pieces!"

"Boom!"

at this time

, Xiao Tianshen roared, and instantly killed Ye Feng.

His every move at this moment was full of unparalleled power and overwhelming majesty.

It's hard to imagine what kind of terrifying pressure Ye Feng is under at this moment.
