

Ancient 2221

Chapter 2221 Fighting against fate

"Rumble..."

The collisions and explosions in the sky lasted for nearly half an hour before finally stopping.

At this time, in the entire Four Domain Alliance, the eyes of countless forces and big shots were all fixed high in the sky.

They are looking forward to who will win and who will lose.

After all, this kind of collision is really terrible.

No matter who loses or wins, the situation in the entire four major domains will completely change.

"Bang!"

And just when countless people were paying attention, a tall figure suddenly fell from the sky and hit the ground hard.

That figure turned out to be Xiao Tianshen!

Xiao Tianshen was actually defeated at this time!

Holding the gems of the gods, they are all defeated!

It fell directly to the ground hard, with black smoke rising from the whole body, and it turned out to be severely injured.

At this time, Ye Feng was still floating in the sky.

Although Ye Feng was covered in scars at this time, blood was flowing everywhere, and there were even broken bones and flesh in some places.

This shows how terrible the collision was.

But he blocked the combined attack of Xiao Tianshen and Brute Force Gem.

At this moment, Ye Feng held a red gem in his hand.

It's the gem of brute force!

In the final collision, Ye Feng blocked Xiao Tianshen's terrifying attack, and directly knocked Xiao Tianshen to the ground, grabbing all the brute force gems.

"What a strong energy!"

Although Ye Feng was seriously injured at this time, he held the brute force gem in his hand and felt that he still had great power.

Sure enough, the brute force gem can infinitely enhance the user's brute force, with almost no upper limit.

As long as the owner

Being able to withstand the power of the Brute Force Gem, the user can infinitely increase his or her brute force.

At this time, Xiao Tianshen on the earth was dying.

This legendary figure from the four realms completely fell from heaven to hell today. He was directly knocked from the clouds by Ye Feng, completely shattering Xiao Tianshen's ambition and legend.

At this moment, Ye Feng's face was full of joy.

Back then, Xiao Tianshen treated Ye Feng like an ant at the outer gate competition of Qingtian Holy Land and was about to kill Ye Feng at any time, causing Ye Feng to suffer great humiliation.

But today, at this moment, under the gaze of everyone, under the witness of countless powerful people and forces in the entire four-domain alliance, Ye Feng directly defeated Xiao Tianshen. This feeling is really great. It's time to avenge previous shame and attract everyone's attention!

At this moment, Ye Feng flew downwards in an instant, preparing to kill Xiao Tianshen completely.

At the moment Ye Feng was about to rush towards Xiao Tianshen.

"Boom!"

A vast star pattern suddenly appeared in Xiao Tianshen's body, who was suddenly on the verge of death.

On this star map, thousands of monstrous star powers erupted. Incomparably bright stars and planets and other strange phenomena instantly enveloped Xiao Tianshen's entire body. Xiao Tianshen's body was originally dead. The opportunity suddenly became active quickly, as if it were to recover again and reach its peak.

This map of the galaxy hidden inside Xiao Tianshen's body seems to be a very powerful magical treasure!

When Xiao Tianshen was on the verge of death, he burst out with overwhelming power, trying to save Xiao Tianshen.

"No matter how strong your trump card is, it can't protect you, Xiao Tianshen!"

At this time, Ye Feng's eyes were full of determination and decisiveness: "Xiao Tianshen! Today

God, don't even think about leaving here alive! There's no way I'm going to let you, this troublemaker, escape! I plundered all the brute force gems! You lose completely! "

Boom!

Xiao Tianshen seems to have a mysterious destiny surrounding him, which can make Xiao Tianshen turn danger into safety.

But Ye Feng didn't believe in fate. At this time, he suddenly burst out with tremendous power, and even directly activated the brute force gem. His entire body suddenly turned into a terrifying attack weapon, full of endless brute force, and he instantly moved towards Xiao Tianshen blasted away.

"Boom!"

Ye Feng merged with the Brute Force Gem at this time, and his whole body instantly turned into an extremely powerful cannonball, and instantly rushed into the galaxy pattern around Xiao Tianshen. .??.

The ancient stars and planets, filled with monstrous power, were automatically protecting their masters at this moment, frantically smashing towards Ye Feng, intending to smash Ye Feng into pieces.

But Ye Feng didn't care at this moment, all he wanted in his heart was to completely kill Xiao Tianshen.

He rushed forward crazily. Even if the galaxy patterns around Xiao Tianshen attacked Ye Feng crazily, Ye Feng didn't care at all and just rushed towards Xiao Tianshen.

Those terrifying stars hit Ye Feng's body, smashing all the bones in Ye Feng's body to pieces, but Ye Feng gritted his teeth, and there was no way he could let Xiao Tianshen run away at the last moment.

At this time, Ye Feng crazily activated the brute force gem, and he wanted to use his powerful power to fight against his destined fate.

Because Ye Feng realized that the final fate was that Xiao Tianshen could escape safely. This seemed to be a destined ending, and Ye Feng would continue to fight and fight with Xiao Tianshen in the future.

It was Ye Feng who didn't believe in this destined fate. At this time, he wildly activated the power of the brute force gem and rushed towards Xiao Tianshen madly, not caring about the devastating attack of those star patterns.

Finally Ye Feng came to Xiao Tianshen, and he saw Xiao Tianshen's frightened eyes.

"Farewell! You can't escape! I've been holding it in for so long, and I must kill you completely today! It's impossible for you to escape, and then we have to continue to have a long entanglement. That would be too annoying!"

Ye Feng roared, fused a brute force gem with one hand, and struck directly in front of Xiao Tianshen.

"Pfft!"

As if his fate was broken, Ye Feng's fist smashed Xiao Tianshen's head into pieces.

Xiao Tianshen's soul was also destroyed by the brute force gem.

At this time, the ending that was supposed to be destined completely changed!

Xiao Tianshen did not escape!

In the end, he was directly beaten to death by Ye Feng with his extremely arrogant strength!

Completely dead!

"Xiao Tianshen was killed!!!"

Everyone who saw this shocking scene screamed crazily at this moment.

Countless people never thought that the final result would be that the legendary figure Xiao Tianshen would fall!

"Very good!!"

At this time, all the royal members in Frost City, including the Supreme Elder of Frost Emperor's royal family, who had been very nervous, saw the complete death of Xiao Tianshen and his complete obliteration by Ye Feng, and they all cheered crazily.

At this moment, Ye Feng suddenly rose to the sky, filled with infinite momentum. He looked in the direction of Qingtian Holy Land and suddenly said: "Assembly of Gods! Your spiritual belief in God Xiao Tian has been completely destroyed by me. It's your turn to kill!"

At this time, Ye Feng was holding the ice giant sword in his hand, pointing the sword in the direction of the Gods Association in the distance. His momentum was vast, swallowing up the world, and his eyes were filled with infinite domineering, like a heavenly emperor, judging the fate of the Gods Association's next death. !

Chapter 2222 The Holy Lord's Compromise

Buzz!

At this time, Ye Feng's aura was simply terrifying to the extreme.

After killing Xiao Tianshen, Ye Feng felt extremely happy.

At this moment, he was holding the ice giant sword in his hand and slashing at the core of the Gods Association in the Blue Sky Holy Land in front of him.

For Ye Feng, all members of the Gods Association must die.

Because Ye Feng knows one truth very well, that is, if you cut the grass without removing the roots, the spring breeze will bring new growth.

If there are any potentially powerful members of the Gods Society at that time, it will be more troublesome.

So at this time, Ye Feng's murderous intention was extremely determined.

He instantly waved the giant ice sword in his hand, and in one fell swoop he unleashed an earth-shattering and terrifying ice sword energy.

"Boom!"

The terrifying ice sword energy froze the void, as if it could freeze everything, and the entire mountains, rivers and land were frozen.

This attack was obviously terrifying to the extreme.

Ye Feng didn't hold back at all at this time. He was completely deadly and was not prepared to give the Council of Gods any chance to survive.

"Boom!!"

But suddenly at this moment, from a certain direction not far away, at the end of the sky, a giant finger suddenly stretched out.

It was a gigantic finger, dark in color, and seemed to be full of infinite weight, as if it could suppress everything.

At this time, countless masters and strong men across the four major domains felt a sense of suffocation.

At this moment, the river of sword energy that Ye Feng slashed out was directly shattered by that giant finger.

The Council of the Gods survived.

"Huh? This power is... Holy Lord Qingtian!"

There was a hint of surprise in Ye Feng's eyes.

He did not expect that Holy Lord Qingtian was so powerful.

\u003c

br\u003e With just one finger, the frenzy of power of the pure Yang magic weapon, the Ice Giant Sword, was shattered.

It's really incredible.

But Ye Feng's eyes showed no fear as he looked in that direction.

He immediately saw the figure of a middle-aged man stepping towards the end of the sky not far away.

That is Holy Lord Qingtian!

The man standing behind Xiao Tianshen!

Holy Lord Qingtian looks like a middle-aged scholar, with a gentle and elegant temperament.

But at this time, Holy Lord Qingtian looked at Ye Feng, but his eyes were full of deep shock and anger: "I'm late, Xiao Tianshen is already dead."

Ye Feng nodded slightly and said coldly: "It seems that your favorite disciple disappointed you and died in my hands."

"You are presumptuous!"

Holy Lord Qingtian immediately shouted fiercely. He stared at Ye Feng and said slowly: "Now there is still a chance to relax. How about you give me Xiao Tianshen's body and I won't take action against you? You killed Xiao today." The god also snatched away the gem of brute strength from him, should you be satisfied?"

At this time, Holy Lord Qingtian was obviously very wary of Ye Feng's strength, so at this time, he did not take the initiative to attack, but instead said some compromising words.

This made countless strong men and powerful forces in the four major domains present feel deeply shocked.

Because the Holy Lord Qingtian is the most powerful existence in the entire four major domains, and is the strongest person.

But this most powerful man actually surrendered in front of the young man Ye Feng at this moment.

"It seems that we still underestimated Ye Feng's strength. When killing Xiao Tianshen, Ye Feng may not have revealed his true trump card."

At this moment, many people thought of this, with deep awe in their eyes.

This is so surprising.

At this time, Ye Feng looked at Holy Lord Qingtian, his eyes filled with determination and dominance, and said loudly: "Holy Lord Qingtian, it is impossible for me to compromise. Did you take Xiao Tianshen's body away to resurrect him? There's no way I'm going to give you this chance!"

boom!

Ye Feng said at this time, with a fierce look in his eyes, and he stretched out his hand and sucked Xiao Tianshen's body into his palm.

"Holy Master Qingtian, be careful, Xiao Tianshen will never have a chance to be resurrected!"

At this moment, Ye Feng exploded and devoured the domain in public.

"boom!"

Xiao Tianshen's entire body was directly sucked dry by Ye Feng, and then turned into fly ash. Not even a drop of blood or a single cell tissue was left.

Completely destroyed!

Completely gone!

"boom!!!"

And Ye Feng swallowed Xiao Tianshen, and his cultivation aura suddenly broke through to the tenth level of Heavenly Supreme Perfection!

"Hahaha! Such powerful skills and energy!"

Ye Feng laughed out loud, like an old devil.

"you.....!"

When Holy Lord Qingtian saw this scene, he couldn't help but his expression suddenly changed.

He also knew that Xiao Tianshen was completely destroyed this time.

"court death!"

Holy Lord Qingtian was really angry, and a huge and terrifying aura suddenly erupted from his body.

It was like a vast ocean, the eight wastelands trembled, the space was shattered, and countless terrifying void turbulence appeared, sweeping crazily towards Ye Feng.

At this moment, Ye Feng was alone, facing that terrible atmosphere.

The momentum is like a small boat in a violent storm, which may capsize at any time.

But Ye Feng's eyes were extremely cold at this time, and he stared at Holy Lord Qingtian opposite him, and said: "Holy Lord Qingtian, if you insist on protecting those members of the Gods Association, then even if you are the Holy Lord, I Kill too!"

boom!

At this moment, Ye Feng suddenly burst out with an extremely terrifying energy and fighting spirit, and rushed towards the Holy Lord Qingtian in an instant.

"One Qi transforms three pure things!"

Halfway through, Ye Feng continued to use his powerful trump card and directly separated three powerful clones that were exactly the same as his original self and had the same combat power and cultivation.

The four "leaf winds", filled with infinite power, attacked Holy Lord Qingtian from four directions.

"The Ten Thousand Emperors Overlord Body Technique!"

At this time, all four Ye Feng used the Ten Thousand Emperors Hegemony Technique.

Suddenly, an ancient human emperor appeared in the entire sky, like gods and Buddhas descending from the sky, full of infinite vastness and power.

The four Ye Feng were all in peak condition and attacked in an instant, producing extremely terrifying destructive power.

"Armor of Heaven!!!"

Holy Lord Qingtian is a powerful practitioner of the Great Perfection of the Tenth Level of the Principle Source Realm.

But at this moment, facing the attacks of four peak-level Ye Feng at the same time, feeling the terrifying destructive impact, he couldn't help but change his face. In an instant, a thick layer of

armor appeared on the surface of his body. , with ancient spells engraved on it, emitting a bright mysterious light and looking extremely solid.

"Boom!!"

But Ye Feng's violent attack hit the armor on Holy Lord Qingtian.

"Click, click..."

That set of armor was unable to withstand the terrifying attack at all, and actually shattered inch by inch.

Chapter 2223 Heavenly Temple

For Ye Feng, everything in the Gods Association is now an enemy.

Even the Holy Lord Qingtian.

Dare to stop him?

Then kill him directly!

God blocks and kills God! Buddha blocks and kills Buddha!

Ye Feng's attack and killing intent at this time were simply surging to the extreme.

At this moment, Ye Feng's violent attack directly destroyed the armor of Holy Lord Qingtian.

"puff!"

Most of Qingtian Holy Lord's body was directly shattered by Ye Feng at this moment.

"One Qi transforms three pure things! How did you, a young man, learn this ancient secret technique?"

At this moment, Holy Lord Qingtian's eyes were full of shock.

If it was just Ye Feng, Holy Lord Qingtian would not be afraid.

After all, Holy Lord Qingtian possesses the perfect cultivation level of the tenth level of the Principle Source Realm.

But Ye Feng suddenly turned into four.

And the most terrible thing is that every clone has the same powerful strength as Ye Feng's body.

This is really terrible!

Even Holy Lord Qingtian was frightened.

At this time, Ye Feng looked at Holy Lord Qingtian, who had more than half of his body shattered, with a sneer in his eyes, and said loudly: "Stop talking nonsense, Holy Lord Qingtian, if you dare to stop me, then you should die too, Be my nourishment!"

boom!

After Ye Feng finished speaking, he stretched out a hand and grabbed it instantly towards Holy Lord Qingtian.

This hand, fused with the power of the Brute Force Gem, is filled with endless brute force, capable of destroying everything.

Holy Lord Qingtian suddenly felt an irresistible destructive force that was about to come to him.

At this time, he was staring at the big hand covering the sky high in the sky, and felt that his entire body was about to be destroyed.

At this time, Holy Lord Qingtian thought of the terrifying scene where Ye Feng forcefully sucked Xiao Tianshen dry, and he suddenly felt endless fear in his heart.

Holy Lord Qingtian immediately shouted: "Ye Feng! You can't kill me. After all, you are the disciple of Holy Lord Qingtian, but my Holy Lord. It is against morality for you to kill me!"

Poof!

However, before Holy Lord Qingtian finished speaking, Ye Feng's big hand filled with infinite brute force had already crushed Holy Lord Qingtian.

It was directly crushed into a puddle of flesh and blood!

"boom!"

At this time, Ye Feng directly released the Devouring Domain, instantly devouring Holy Lord Qingtian who had turned into a pool of flesh and blood.

At this moment, Ye Feng's cultivation suddenly began to undergo a huge transformation.

"boom!!"

Half a way to the source realm!

"boom!!"

Principle source realm first level! !

Holy Lord Qingtian's power was so huge that he directly pushed Ye Feng's cultivation level to the real Principle Source realm!

You must know that transforming from the Heavenly Supreme to the Principle Source Realm is a very difficult process.

Especially for Ye Feng, this "bottomless pit", it is extremely difficult and difficult to reach the sky.

But Holy Lord Qingtian, relying on his own power, helped Ye Feng transform his cultivation base into the true Principle Source realm!

"Very good!"

Ye Feng laughed loudly at this time, and then pressed a hand in the direction of Qingtian Holy Land in the distance.

"Boom!!"

Suddenly, a big hand covering the sky crashed down from the sky.

The entire Association of Gods was completely destroyed in an instant.

Ye Feng looked at everything destroyed in front of him, and his heart was filled with endless joy.

After practicing hard for so long, I finally waited for this day and personally destroyed Xiao Tianshen and all the gods.

And the biggest gain, besides swallowing Xiao Tianshen and Qingtian Saint, made a huge breakthrough in their cultivation, directly breaking through to the first level of Principle Source Realm.

In addition, Ye Feng also got an extremely precious thing, which is the brute force gem among the nine gems of the gods.

Now, Ye Feng already has three gems of the gods on his body.

They are the soul gem that has fallen into a deep sleep, the space gem that has initially developed some power, and the brute force gem that has no seal and grows with the growth of cultivation.

It has to be said that Ye Feng's luck is simply overwhelming.

At this moment, Ye Feng put the storage rings of Xiao Tianshen and Holy Lord Qingtian into his own storage ring.

The tragic war was finally over, and he was ready to return to the Imperial City of the Frost God Kingdom to retreat and cultivate with peace of mind.

Practice for a while.

"boom!"

But suddenly at this moment, a sudden change occurred.

An unfathomable terrifying aura suddenly appeared in the entire four domains.

That kind of aura made Ye Feng, who had now stepped into the first level of the Principle Realm, feel a sense of oppression and suffocation of death.

Buzz!

At this moment, a huge man's face made of light suddenly appeared in the infinite heights of the four realms.

That face was very similar to the dead Xiao Tianshen, and could even be said to be exactly the same.

A majestic voice came from the huge human face: "Who destroyed the clone that I have worked so hard to cultivate? This clone is very important to me. This clone is specially designed to carry every gem of the gods. I am surprised that the clone I condensed was destroyed in such a small place. However, if you dare to destroy my clone and snatch the brute force gem, you will definitely die. I am the supreme overlord of the northern land. The leader of the nine major temples of the "Northern Immortal Palace" and the "Tian Temple": Xiao Tianshen!"

Wow! .??.

At the moment when the human face condensed with light in the infinite sky said these words.

Countless warriors across the four major domains suddenly had expressions of deep horror on their faces.

Even Ye Feng's face showed a look of deep shock at this moment.

The dominant force in the northern land of God Realm, the Immortal Palace in the Northern Territory?

Nine major temples?

The Lord of the Heavenly Temple?

Xiao Tianshen's true identity?

It turns out that Xiao Tianshen of the four major regions is the master of the nine major temples of the Northern Immortal Palace, the Celestial Temple, and he was condensed into a clone specifically to carry the brute force gem!

Xiao Tianshen's true form turned out to be such a terrifying big shot?

Moreover, this God Xiao Tian actually has such ambitions. He wants to collect all the gems of the gods and refine nine clones carrying the gems of the gods to achieve invincibility and immortality!

What a big ambition!

I'm afraid Xiao Tianshen himself never thought that in such a small place in the northern land of God Realm, the four major realms that were originally extremely safe, a monster genius like Ye Feng would appear. Not only did he destroy his clone, but he also gave the brute force gem to him. Robbed.

"I want

Judge your death. "

Suddenly, at this moment, a huge human face in the infinite altitude immediately came down with a terrifying attack beam, which instantly struck in the direction of Ye Feng.

Obviously, Xiao Tianshen himself sensed the power of Ye Feng's brute force gem.

There are even auras of gems from other gods.

Xiao Tianshen immediately couldn't help being shocked and said: "You are a little ant, but you still have the breath of other gods' gems? Then I will kill you! Hahaha! A clone is dead, so I actually found the breath of other gods' gems, it's not a loss!"

boom!

The terrifying beam of destruction rushed towards Ye Feng in an instant.

Even at an infinite distance, Xiao Tianshen himself can bring down an extremely terrifying killing light.

It is unimaginable that Xiao Tianshen himself, the master of the Heavenly Temple of the Immortal Palace in the Northern Territory, has such a terrifying and powerful cultivation level?

I'm afraid it has far surpassed any realm that Ye Feng currently knows!

At this moment, Ye Feng felt that he would disappear if he was hit by that killing beam. Even if he had just broken through to the Principle Source Realm, in the eyes of such a terrifying superpower, he could be easily killed.

What's even worse is that Ye Feng was also able to see through the auras of other gods' gems on his body.

I am afraid that Xiao Tianshen, who comes from the Northern Immortal Palace, will pursue me endlessly.

With this thought, Ye Feng understood in his heart that he could only avoid the sharp edge for now and escape from here.

Taking one last look at the mountains and rivers of the four major domains, Ye Feng turned around and resolutely activated the space gem instantly, opening up a space wormhole and escaping from here instantly.

"Boom!!"

And the killing beam released by Xiao Tianshen struck the ground where Ye Feng was standing just now, and suddenly penetrated the center of the earth, directly piercing the earth for billions of kilometers.

Countless people opened their mouths and saw this terrifying destructive power, which was really shocking to the extreme.

"You can't run away."

At this time, the huge human face manifested by Xiao Tianshen saw Ye Feng fleeing into the distance, and immediately made a majestic voice, and the huge human face chased Ye Feng.

Chapter 2224 Escape Strategy

"Boom!"

At this moment, Ye Feng quickly opened up a space wormhole and fled in a certain direction in the distance.

Now Ye Feng knew that Xiao Tianshen's real body had not descended. The distance was too far, so the power that was manifested was not as strong as imagined.

So Ye Feng had a chance to escape at this time.

If Xiao Tianshen's real body descended, it would be impossible to escape.

"Boom!"

The huge human face composed of light in the sky was still chasing Ye Feng closely at this time.

Countless death beams shot down from the sky in an instant.

"Boom boom..."

The whole earth and mountains were all shattered.

Puff!

Ye Feng couldn't dodge in time, and his shoulder was directly hit by a death beam. In an instant, his flesh and bones were pierced. Ye Feng couldn't help but gasp in pain.

"The North Domain Palace is indeed the most powerful overlord in the entire northern land. The masters of the nine major temples are all super figures, and they are super strong men standing at the top of the pyramid of the entire northern land of the God Realm! Their cultivation is too terrifying! It is definitely far beyond the Daoyuan Realm, Qiankun Realm and even the Chunyang Realm!" At this time, Ye Feng couldn't help but show a trace of shock in his eyes. In the North Domain Palace, Ye Feng even had no time to hear about this super overlord force from others, and such a terrifying big man had already descended to hunt him down. It can only be said that life is unpredictable and fate plays tricks on people. However, Ye Feng was not really reluctant to leave the four major domains. After killing Xiao Tianshen's clone, destroying the Gods Association and Qingtian Saint Lord this time, Ye Feng was about to leave the four major domains and go to the central area of the northern land to find a way to cross the northern natural moat and enter the central land of the God Realm to see the real strong men, to find his mother, his master Leng Qingxue, and Feng Ling, the girl who liked him. But Ye Feng now found that it was a little unrealistic to go directly to the center of the God Realm.

The North Domain Fairy Palace in the northern land has terrifying super-powerful people like Xiao Tianshen.

If he went directly to the center of the God Realm, he would probably be treated as an ant, or even worse than an ant.

After all, the center of the God Realm is the most prosperous place in the God Realm, and it is the core of the universe and countless interfaces.

Now that he has seen the cultivation and strength of a terrifying figure like Xiao Tianshen himself, it has reminded Ye Feng.

That is, he cannot rashly go to the center of the God Realm.

Otherwise, there will be powerful people who beat him everywhere, and he probably won't have a chance to counterattack.

Ye Feng decided that he would stay in the northern land first.

When he is strong enough, he will go to the center of the God Realm.

"The North Domain Fairy Palace, the dominant force of the controller of the northern land, is a good place to go."

Ye Feng was still a little confused about where to practice in the future.

However, the news brought by the arrival of Xiao Tianshen himself gave Ye Feng a goal. That is to enter the North Domain Immortal Palace, the most powerful force in the northern land. There are actually many powerful forces in the northern land. But Ye Feng naturally wants to choose the most powerful one. Obviously, the North Domain Immortal Palace is the most powerful. It is recognized as the dominant force in the northern land. As for Xiao Tianshen, he is the master of the Heavenly God Temple, one of the nine major temples in the North Domain Immortal Palace. This is a huge threat. But Ye Feng is never afraid of threats. In fact, this also gave Ye Feng a faint sense of excitement that he had not seen for a long time. Even if Xiao Tianshen is the master of the Heavenly God Temple, a super big shot. But Ye Feng believes that as long as he works hard, he will be able to knock him down one day! "But the most important thing now is to get rid of the pursuit of Xiao Tianshen's will." Ye Feng has some plans for the future in his heart at this time, but the crisis in front of him must be resolved as soon as possible, otherwise he may really die. After all, if his life is gone, what future can he talk about? So Ye Feng quickly suppressed his imagination about the future and thought about how to get out.

Facing the pursuit of such a super strong man, Ye Feng is still very experienced.

After all, Ye Feng has encountered such situations many times since he practiced. .??.

In this case, the best way to get out is to drive the tiger to swallow the wolf and divert the disaster to the east.

Find an existence stronger than Xiao Tianshen's will and divert Xiao Tianshen's will, then Ye Feng will be safe.

After all, in such a dangerous land outside, the law of the dark forest has always been followed.

When a strong man encounters an uninvited guest, he will naturally get rid of the most dangerous one first, and will not pay attention to a small person who poses no threat.

So Ye Feng began to release a huge soul power at this time to explore the surrounding land to see if there is any ancient and wild land where powerful creatures are hidden.

Soon Ye Feng left the territory of the four domains and came to a strange place.

Ye Feng had never set foot here, but according to judgment, this should be a place closer to the edge of the northern land.

As we all know, the edge of the northern land is a vast and vast wild jungle that has existed since the ancient gods. It hides countless ancient wild races, ancient beasts, ancient demons and other terrifying creatures.

So Ye Feng immediately became happy and flew directly towards the endless ancient wild jungle in front of him.

"No, this kid wants to escape into the ancient wilderness, which is a restricted area of life."

The huge human face manifested by Xiao Tianshen high in the sky saw Ye Feng's movements and direction at this moment, and his face suddenly changed slightly.

"boom!"

In an instant, a palm emitting infinite white light shone brightly across the night sky. It suddenly crashed down from the sky and hit Ye Feng hard.

"boom!!"

The terrifying power exploded instantly, and Ye Feng was blown away.

"Finally hit! Boy, if you withstand the attack of my will, you will definitely die!"

The huge human face manifested by Xiao Tianshen high in the sky suddenly showed a happy expression.

But at this time, Ye Feng just spit out a mouthful of blood, and some cracks appeared in his body, but he was not dead.

He stared coldly at the huge human face high in the sky, sneered and said: "Do you think you hit me? I was just hit by you on purpose, just to take advantage of your palm. The counter-shock force quickly entered that ancient and wild jungle."

After saying that, Ye Feng instantly rushed into the endless ancient jungle at a speed several times faster than before.

This is Ye Feng's escape strategy!

Although he suffered heavy injuries, he was forever far away from the human face of will manifested by Xiao Tianshen who was chasing him.

"No!!!"

When Xiao Tianshen saw Ye Feng disappearing into the vast ancient forest, he couldn't help but roared angrily.

The huge human face quickly broke into the ancient wild jungle area, trying to capture Ye Feng's traces.

"boom!"

But at this moment, from the depths of the ancient wild jungle, a huge black claw suddenly stretched out and tore that human face into pieces.

"ah!"

Xiao Tianshen himself screamed, and the phantom of will quickly escaped from here in an instant.

Sure enough, in the depths of the ancient forest, there exists an extremely terrifying taboo existence. It is extremely terrifying. It is worthy of being a forbidden area that existed in the age of the ancient gods!

Chapter 2225 Hunting the Vampire Demons

The ancient wild jungle was full of endless dangers.

This endless wild forest has existed since the ancient times of the gods.

At night, in the endless jungle, there are towering trees, and sometimes tall ancient creatures walk through the jungle.

Ye Feng suffered severe injuries and was bleeding all over. He buried himself in a piece of soil, disguised himself, and silently regained his strength.

Ye Feng spent the whole night recovering from his injuries.

One night, Ye Feng also saw many terrifying creatures walking in the jungle at night.

There were wild giants several thousand feet tall, carrying huge iron maces and dragging dead earth dragons while walking in the jungle.

There are also rats as huge as mountains, covered with black scales, looking for prey in the dark.

There are also giant golden centipedes several kilometers long, crawling on the ground of the dense forest, looking very ferocious and terrifying.

The auras of these ancient creatures were so huge that Ye Feng did not dare to move easily.

Ye Feng felt that he had accidentally stumbled into this ancient and wild jungle, which was probably an extremely terrifying restricted area.

But it is precisely because this is a very terrifying life restricted area that Ye Feng finally completed the escape strategy of driving away tigers and devouring wolves, and successfully got rid of the powerful will of Xiao Tianshen himself.

At this time, after Ye Feng recovered for a night, he finally repaired the superficial injuries on his body.

But the internal injuries were still serious.

After all, Ye Feng had to withstand the attack of Xiao Tianshen's will.

suffered heavy losses.

"I can't recover from my injuries in a short time. It seems I can't leave this primitive jungle for the time being."

Ye Feng thought in his heart, walking in this ancient wild forest.

With huge soul power that can be emitted at any time and scan the surrounding environment, Ye Feng can safely travel through this dangerous forest.

But not long after Ye Feng walked.

Suddenly he saw an ancient tribe standing on a huge mountain

After Yue.

It seemed to be an ancient human tribe.

"Uh-huh!"

Ye Feng's eyes were filled with joy, and he immediately entered the tribe to seek shelter, just to have a safe place to recuperate.

But when Ye Feng entered the ancient human tribe with joy, a look of alarm appeared on his face.

"They are all dead people..."

Ye Feng saw that all the ancient tribes in this tribe were dead ancient tribes.

And the death conditions of these people are very strange.

Their foreheads were pierced by something very sharp, and a dark hole appeared. The entire bodies of these ancient humans were sucked dry and turned into mummies, which looked very scary.

"It seems that the entire tribe was hunted by a terrible monster and used as blood food."

Ye Feng murmured and prepared to leave this place of right and wrong. After all, he was still injured.

"Uh-huh!"

"Uh-huh!"

"Uh-huh!"

But suddenly at this moment, three humanoid creatures with wings and black scales flew into the tribe and surrounded Ye Feng in an instant.

"Vampire Demon Clan!"

Ye Feng's eyes moved and he recognized the race of these three ferocious humanoid creatures.

Ye Feng once learned about the appearance characteristics of many races in a book about all the races in the sky in the library of the Blue Sky Holy Land.

"It seems that all the ancient humans in this entire tribe must have been hunted by these blood-sucking demons."

Ye Feng thought in his heart, his eyes became cold.

The aura fluctuations on these three vampire demons are not strong.

boom!

boom!

But before Ye Feng could take action,

The three surrounding blood-sucking demons have already charged towards Ye Feng.

These three blood-sucking demons seemed to have no consciousness. They were so confused that they could not feel the power of Ye Feng, so they rushed towards Ye Feng directly.

"Snapped!"

Ye Feng waved a slap, directly beating the first blood-sucking demon that rushed over into a blood mist on the spot.

"howl!"

"howl!"

Seeing this horrific scene, the remaining two blood-sucking demons immediately screamed in fright and fled frantically into the distance.

"It's not stupid, but keep it all to nourish my blood. It can just help me recover from my internal injuries and replenish my blood."

Ye Feng smiled slightly, and with a snap of his fingers, he smashed the other two vampire demons into pieces.

"Swallow!"

Ye Feng stretched out a palm, grabbed it suddenly, and instantly swallowed the blood energy of the three exploding blood-sucking demons into his body.

"Buzz!"

Although these three vampire demons are not powerful, they seem to have absorbed the blood of many living creatures, so their blood is still very powerful.

After Ye Feng swallowed it, he immediately felt that his internal injuries had recovered a lot.

"Huh? Although these vampire demons are not powerful, the blood energy in their bodies is quite abundant and pure."

Ye Feng's eyes showed a trace of surprise at this time.

He instantly had the idea to quickly recover from his injuries.

That is, actively release one's own life fluctuations and blood energy to attract the surrounding blood-sucking demons.

"boom!"

Ye Feng instantly released part of his blood.

But Ye Feng was not completely released.

Because once it is completely released, the huge blood energy breath may attract very terrifying creatures in the ancient forest.

So it's better to keep a low profile.

Just attract some low-level vampire demons.

After all, Ye Feng doesn't want to get into a blind battle now, but quietly hunts down some low-level vampire demons to recover his injuries and skills.

For the next few days, Ye Feng hunted the blood-sucking demons in this ancient jungle, devouring their blood and recovering from his injuries.

Within a few days, Ye Feng's injuries had basically recovered.

Because during this period, Ye Feng happened to encounter a lot of healing elixirs that had been growing for many years in this ancient and wild jungle, which happened to help Ye Feng recover from all his injuries.

However, in the past few days, Ye Feng had accidentally stepped into the territory of some forbidden creatures and was almost killed directly.

If it weren't for the various taboo creatures that existed in this ancient jungle, Ye Feng wouldn't even want to go out and could just practice in this ancient forest.

But here, after all, it is not a place where humans can stay for a long time, because one day they may accidentally encounter a forbidden creature and die.

Uh-huh!

On this day, Ye Feng was chasing a blood-sucking demon from the Principle Source Realm.

Ye Feng's injuries have now fully recovered.

He hunts down these blood-sucking demons in order to devour their skills and blood and improve his own cultivation.

It just so happened that there seemed to be a lot of blood-sucking demons living nearby. Ye Feng was not in a hurry to leave for the time being. He would kill more demons and improve his cultivation.

"boom!"

But suddenly at this moment, a vampire demon in front suddenly jumped into an abyss and disappeared.

Ye Feng instantly flashed to the edge of the abyss, looking at the endless darkness underground, his eyes changed slightly.

He felt a very strong demonic energy from the darkness under this abyss!

"This place seems to be a lair of the vampire demon clan..."

Ye Feng murmured, and then with a hint of madness in his eyes, he jumped directly into the abyss!

Find wealth in danger!

Chapter 2226 Ancient Saints Stele

Buzz buzz...

At this moment, Ye Feng's body was falling rapidly into the abyss.

The further down Ye Feng fell, the more he felt a very rich and huge demonic energy.

He became more and more certain that beneath this abyss was definitely the home of the blood-sucking demon clan.

Although Ye Feng knew that there might be an extremely powerful leader of the vampire demons living in this lair of the vampire demons.

But when Ye Feng directly used the technique on the road, his whole person suddenly underwent a fundamental change from the inside out. He transformed directly from a person into a young vampire demon.

The aura on his body has all become the aura of the blood-sucking demon clan, and they are exactly the same.

No one can tell the difference.

After all, Ye Feng modified his entire origin.

Ye Feng is now disguised as a vampire demon, and he just happens to enter the vampire demon's lair to check out and see if he can get some good things to improve his cultivation.

Because Ye Feng knows very well that if he wants to enter the Northern Immortal Palace, the most powerful force in the northern land, his current cultivation level may not be enough.

At this moment, Ye Feng was pretending to be a vampire demon on the way, feeling relaxed and falling quickly.

boom!

Finally, half an hour later, Ye Feng landed safely.

He was immediately shocked by the sight in front of him.

Under the entire abyss, there is a vast underground building complex, including various tall and ancient castles, palaces, defensive walls, etc.

This is like an underground demon kingdom under the abyss!

There are all kinds of blood-sucking demons walking everywhere.

Ye Feng's eyes showed a trace of surprise at this time, as if he did not expect that a huge vampire demon kingdom would be established under the abyss.

Ye Feng felt happy in his heart. Fortunately, he had the ability to disguise himself as a vampire demon.

ability, otherwise as soon as you enter the abyss, you may be besieged by countless terrifying demons.

The result must be very tragic.

At this time, Ye Feng was thinking about whether to return directly.

Because he sensed the very powerful breath of the blood-sucking demons.

There shouldn't be much benefit to be gained from this.

But right now.

"Dong dong dong!"

Suddenly, an ancient bell sounded throughout the underground abyss.

Swish, swish, swish!

At this moment, countless blood-sucking demons were speeding away in a certain direction in the distance. The faces of each demon were filled with excitement, as if something big was about to happen.

"What's going on? What happened?"

Ye Feng was also a little curious, and immediately followed a group of vampire demons and flew towards the center of the underground demon kingdom.

Soon he arrived at the core of the central area of the kingdom.

He immediately saw a huge ancient stone monument standing in the center.

That ancient stone tablet was engraved with the carvings of many ancient saints, and it seemed to be full of an aura of vicissitudes of time and nobility.

But next to this huge ancient stone monument, huge stone pillars are now erected.

On these huge stone pillars, creatures of other races are tied, including beasts, demons, and humans.

"That ancient huge stone tablet seems to be the tablet of saints, used to suppress the seal of the demons."

Ye Feng was staring at the huge ancient stone tablet with a hint of surprise in his eyes.

color.

Because he had encountered this ancient stone tablet a long time ago, which contained the will of the ancient saints and was specially used to suppress the seals of the major dark races in the world.

"Pfft!"

"Pfft!"

Suddenly at this time, on the stone pillars around the All Saints Monument not far away, the monsters, humans and other creatures tied to them were all pierced by the blood-sucking demons, and then cast a kind of black magic. Evil means to use the blood of these creatures to defile the ancient stele of saints in the middle.

At this moment, dark lines suddenly appeared on the surface of the ancient saints' stele, which looked very strange.

The huge stele of saints is slowly being corroded.

"Very good!!"

"In a while, this All Saints Stone Tablet will be completely corroded. When the stone tablet is shattered and the seal is cracked, we will be able to welcome the arrival of the Demon King of our vampire demon clan!"

...

At this time, countless blood-sucking demon clans around the field were cheering.

Seeing this, Ye Feng's eyes showed a hint of shock.

It turns out that this is a place rich in super-powerful vampire demons.

That stone tablet is really the stone tablet of ancient saints!

Ye Feng actually didn't want to care about such nonsense.

But the ancient stele of saints can provide huge energy to itself.

At this moment, Ye Feng made a decision in his heart.

At this moment, a vampire demon elder standing on a huge stone tablet not far away said: "This stone tablet of saints needs to be corroded for ninety-nine and eighty-one days before it can be completely unsealed. Tomorrow is the last day. , bring up tomorrow's sacrifices, lock them on the surrounding stone pillars, and carry out the final sacrifice and defilement tomorrow.

dirty! "

After the vampire demon clan elder finished speaking, a dozen figures were immediately escorted up.

The auras of these figures are extremely powerful, but their bodies are locked by silver chains. Their cultivation cannot be released, and their cultivation is imprisoned.

These last "sacrifice" were obviously very high-level and powerful beings, including demons, beasts, and humans.

What surprised Ye Feng was that the human sacrifice turned out to be a cold and beautiful young woman.

However, what surprised Ye Feng about this young human woman was not her beauty, but the words "Northern Immortal Palace" engraved on the clothes she wore.

"Is this young woman who has been imprisoned with a powerful cultivation level a disciple of the Northern Immortal Palace?"

Ye Feng couldn't help but show a hint of surprise in his eyes.

Unexpectedly, in a remote abyss in the ancient forest, I would encounter the disciples of the Northern Immortal Palace.

The cultivation aura of this cold woman is impressively a powerful existence at the level of Pure Yang Realm that surpasses the Principle Source Realm and the Qiankun Realm.

But like other sacrifices, she was tied with silver chains, which restricted her cultivation.

And while Ye Feng was observing secretly.

Many vampire demons have dispersed.

The elder of the Vampire Demon Clan also said aloud: "Everyone, go back and have a night's rest. Tomorrow will be the last day. We all have to witness the shattering of the Saints' Stone Tablets with our own eyes and welcome the arrival of our great Vampire Demon Clan Emperor!"

After saying that, many vampire demons dispersed.

However, there were still many strong vampire demons left to guard the place.

Ye Feng did not leave at this time, but waited for darkness, preparing to take action, using the gems of the gods to revive the ancient stele of saints, and get the power of the saints in return.

Chapter 2227 Cultivation has increased greatly

Night finally came.

Under the abyss, it was even darker.

There is almost no visible light.

Ye Feng slowly lurked towards the ancient stele of saints in the center.

At this time, Ye Feng came to the edge of the All Saints Monument, but saw several extremely powerful blood-sucking demons, all standing there, holding demon weapons in their hands, guarding them tightly.

"We still have to find a way to lure them away."

Ye Feng thought in his mind, and then directly used One Qi to Transform Three Purities.

Buzz!

Ye Feng directly released a clone of himself, which was a pure human race. It flew directly in a certain direction in the distance, and then released his power and began to attack the entire blood-sucking demon clan under the abyss.

"Boom!!"

Suddenly, Ye Feng's clone made a huge noise at the edge of the Demon Kingdom in the distance.

"what happened?"

"Some powerful humans have entered the abyss and are destroying the buildings of our kingdom!"

"where?"

"It's on the edge outside our demon kingdom! Let's stop it quickly! Hunt down that strong human being!"

...

At this moment, countless vampire demons ran towards the outside of the demon kingdom.

Even the group of powerful blood-sucking demons guarding the ancient stele of saints here were attracted by the huge movement at the edge of the kingdom. They flew to the edge of the kingdom one after another to see what was going on. After all, even the demons have Curious.

"Very good!"

At this time, Ye Feng saw that a group of vampire demons guarding the ancient stone tablet were all attracted away, and his eyes suddenly showed joy.

Ye Feng immediately walked towards the huge ancient stone tablet.

On the way, Ye Feng happened to pass by the group of sacrifices that would be sacrificed tomorrow.

The beautiful and cold female disciple from the Northern Immortal Palace seems to be secretly using a secret technique.

Untie the silver chains on your body that imprison your cultivation.

"scare!"

But at this moment, this beautiful and cold female disciple from the Northern Immortal Palace suddenly saw Ye Feng, a "vampire demon" passing by her, and seemed to see her removing the silver chains from her body.

The expression of the beautiful and cold female disciple suddenly changed.

She originally thought that the vampire demons around her were attracted by the huge movement at the edge of the kingdom.

But why did a vampire demon suddenly appear? He was not attracted and stayed here, just in time to see her operation.

"Will this vampire demon kill me directly?"

At this moment, the beautiful and cold female disciple looked a little panicked in her eyes.

Although her cultivation level is the Pure Yang Realm above the Principle Source Realm and the Qiankun Realm.

But her current cultivation level is imprisoned, and she cannot explode her power at all, so she can only be at the mercy of others.

But the next moment, the expression of this beautiful and cold female disciple suddenly turned into astonishment.

Because she discovered that this young vampire demon who suddenly appeared did not care about her at all, but walked straight towards the huge stone tablet not far away.

"What's going on? This vampire demon actually ignored me..."

The beautiful and cold female disciple was very stunned.

She seemed to want to say something.

But the next moment, she saw a shocking scene.

Buzz!

I saw the palm of that strange young vampire demon pressing on the ancient stone tablet, and then a terrifying and boundless light of the saints, brilliant, suddenly burst out from the ancient stone tablet, shining across the entire underground space. .

"this....."

The beautiful and cold female disciple was stunned, as if she never expected such a scene to happen.

And at this moment.

Ye Feng successfully activated the ancient stele of saints.

"boom!"

Suddenly, the power of the saints was injected into Ye Feng's body.

These are the pure and huge powers of the ancient saints, which have a huge nourishing effect on Ye Feng.

His cultivation aura suddenly began to surge rapidly.

"boom!"

Principle Source Realm Second Heaven! .??.

"boom!"

The third level of Principle Source Realm!

"boom!"

The fourth level of the Principle Source Realm!

"boom!"

The fifth level of the Principle Source Realm!

It was not until this time that Ye Feng finally refined the power of all the saints' feedback, and his cultivation level increased greatly!

But at this moment, everything happening here instantly attracted the attention of countless vampire demons.

Countless vampire demons are arresting Ye Feng's clone outside the kingdom.

Unexpectedly, there was a big problem within the kingdom.

The will of the saints in the ancient stele of saints has revived!

It seemed to be triggered by some high-level energy.

He revived directly, bursting out with the terrifying power of the saints!

"Rumble..."

Inches of white light emanated from the stele of saints, and the seal was once again reinforced.

The sealed emperor of the blood-sucking demon clan probably won't be able to come out for another tens of thousands of years.

"No!!!"

And at this moment, from the deepest part of the Vampire Demon Kingdom, a roar of great anger and shock rang out.

Buzz!

And along with this anger

With a loud roar, a terrifying demonic aura instantly emitted from the depths of the kingdom.

That kind of breath is very terrifying.

Far beyond the pure Yang realm!

It surpassed all realms currently known to Ye Feng.

That is definitely a very terrifying old demon among the vampire demons!

"Walk!"

At this moment, Ye Feng got the benefit and did not dare to stay any longer. He immediately fled towards the distance.

Halfway through, Ye Feng picked up the beautiful and cold female disciple from the Northern Immortal Palace who was dazed below, and carried her on his back.

"You are human!!"

This beautiful and cold female disciple stared at Ye Feng, her beautiful eyes full of shock, and then she felt deep joy and lay down on Ye Feng's back with peace of mind.

Ye Feng conveniently rescued this female disciple from the Northern Immortal Palace at this time. Naturally, it was to inquire about the Northern Immortal Palace. Since they were both human beings, it was appropriate for him to lend a helping hand if he had the ability.

Of course, if you can't save others, forget it, lest you get involved.

Ye Feng thought it was pretty good to save a member of his own clan if he had the ability.

"Buzz!"

Suddenly at this moment, an extremely terrifying divine will, which was the terrifying divine will of an old vampire demon, radiated from the depths of the kingdom in an instant, overwhelming the sky, and captured Ye Feng in an instant, locking Ye Feng. Living.

Ye Feng immediately felt a very terrifying pressure, which suddenly fell on him.

In an instant, his whole body sank and he was about to fall.

"No! The strength of this old vampire demon is absolutely terrifying to the extreme."

Ye Feng's expression suddenly changed in an instant.

He could feel that the space around him suddenly felt like a billions of pounds of weight, causing Ye Feng to fall to the ground quickly.

Chapter 2228 Chen Xinxue

boom!

A terrifying weight was exerted on Ye Feng.

This made Ye Feng's entire body fall rapidly downwards like a bird without wings.

But Ye Feng immediately activated the space gem at this time.

"boom!"

A space wormhole instantly appeared in front of him.

Buzz!

Ye Feng stepped into the space wormhole at a high altitude and suddenly appeared a thousand meters away, successfully escaping from the danger.

Uh-huh! .??.

Next, Ye Feng didn't hesitate at all. He left this abyss in an instant and flew madly towards the abyss.

"Catch that human boy!!"

Deep in the underground vampire demon kingdom, an earth-shaking roar suddenly erupted.

"boom!"

"boom!"

"..."

Almost at this moment, one by one the blood-sucking demons flew out of the demon kingdom and quickly chased in the direction of Ye Feng's escape.

But at this time, Ye Feng directly used One Qi to Transform Three Purities, and once again released three clones with the same cultivation level as his own body. They directly acted as a death squad and rushed towards a large group of terrifying blood-sucking demons in the rear.

"Rumble..."

A large roar suddenly erupted from behind.

Ye Feng took advantage of the chaos and ran away.

Uh-huh! .??.

After Ye Feng rushed out of the abyss, he came back to the ground of this ancient wild forest.

He released his soul power and quickly found a safe place.

This is an extremely remote cave with no dangerous creatures around, making it suitable for temporary residence.

At this time, Ye Feng put down the beautiful and cold female disciple from the Northern Immortal Palace who was sealed on his back.

Come.

Ye Feng stared at the beautiful young woman in front of him and said, "I haven't asked you what your name is yet?"

This female disciple of the Northern Immortal Palace immediately spoke out: "My name is Chen Xinxue, from the Natural Temple of the nine major temples of the Northern Immortal Palace. My grandfather Chen Dong is one of the top ten protectors of the Natural Temple. In the northern land It's very famous. You should have heard of Chen Dong's name."

When Ye Feng heard this, a look of surprise suddenly appeared in his eyes, and he couldn't help but exclaimed in admiration: "It turns out that your status is so high, but why were you caught by the vampire demon clan?"

Chen Xinxue lowered her head slightly and said with some helplessness: "This is my first time as an envoy of the Northern Immortal Palace to carry out an investigation mission to investigate the clues that many areas on the edge of the northern land were killed by the blood-sucking demons. Unexpectedly, it turned out to be a step-by-step investigation. I fell into the trap of a group of powerful vampire demons, so I was caught, but instead of killing me, they used this weird silver chain to lock my entire body, and used me as a sacrifice to taint the ancient world. All Saints Stone

Tablet, this is an important clue, I need to report it to the Northern Territory Immortal Palace as soon as possible.”

Hearing this, Ye Feng nodded slightly, stared at the silver chains on Chen Xinxue in front of him, and said, "Let me help you unlock the seal."

Saying that, Ye Feng stretched out his hand and grasped the silver chain on Chen Xinxue's body, then suddenly activated the power of the Chaos Body and pulled hard.

"Click, click..."

The silver chains were immediately pulled into pieces by a terrifying force.

At this moment, Chen Xinxue saw this scene, and a trace of surprise suddenly appeared in her beautiful eyes. She couldn't help but said: "What a great power! Master Ye Feng, you must be born with divine power, right?"

Buzz!

At this time, as the silver chain was broken, Chen Xinxue's originally sealed cultivator

Because it started to spread immediately.

It was an extremely powerful aura of cultivation.

It is a pure Yang realm cultivation that has surpassed the Principle Source realm and the Qiankun realm!

It can be seen that this Chen Xinxue is not an ordinary disciple of the Northern Immortal Palace, but may be an elite disciple.

At this time, Ye Feng couldn't help but ask: "Miss Chen, your cultivation level should be considered very powerful among the Northern Immortal Palaces."

When Chen Xinxue heard this, she immediately shook her head and said: "My cultivation is nothing in the Northern Immortal Palace. There are countless strong men and monsters in the Northern Immortal Palace. They have gathered all the people from the vast northern land of God Realm." There are countless top geniuses, but I am actually relatively mediocre. I can join the Temple of Nature, one of the nine temples, because my grandfather Chen Dong is one of the top ten most powerful protectors of the Temple of Nature. I entered the Northern Immortal Temple through the back door. Among the nine temples of the palace."

When Ye Feng heard what Chen Xinxue said, he couldn't help but reveal a hint of surprise in his eyes.

I didn't expect that the foundation of the Northern Immortal Palace was so profound.

Chen Xinxue has a pure Yang realm cultivation level, which is only average in the Northern Immortal Palace, and she is a relatively mediocre disciple.

It seems that Xiao Tianshen himself is extremely terrifying.

After all, Xiao Tianshen himself is the master of Zhongtian Temple, the nine major temples of the Northern Immortal Palace, and is a high-level figure.

However, Ye Feng did not ask Chen Xinxue about Xiao Tianshen himself at this time, so as not to arouse her suspicion.

These things can be found out when you enter the Immortal Palace in the Northern Territory.

At this time, after Chen Xinxue recovered her cultivation, she looked at Ye Feng, with a beautiful smile on her face, and said loudly: "Thank you so much for Mr. Ye Feng's life-saving grace. I will repay you in the future, but I need to go back to Beijing now." It's the Immortal Palace."

Ye Feng asked aloud: "Miss Chen, on the occasion of parting, I

Let me ask you a question, what are the conditions required to join the Northern Immortal Palace? "

Chen Xinxue said aloud: "If you want to worship in the Northern Immortal Palace, your cultivation level must be at least the first level of Qiankun Realm."

When she said this, Chen Xinxue suddenly stared at Ye Feng and couldn't help but said: "Master Ye Feng, do you want to join the Northern Immortal Palace? But Master Ye Feng, you still need to break through the Principle Source Realm and step into the Qiankun Realm. Only then can you take the entrance examination of the Northern Immortal Palace."

Ye Feng nodded and said with a smile: "I know, I'm going to train all the way to the Northern Immortal Palace, maybe my cultivation will be enough."

"OK."

Chen Xinxue nodded, took out a huge animal skin map from the storage ring, handed it to Ye Feng, and said aloud: "This is the map of the northern land drawn by the Tiangong Hall of our Northern Immortal Palace. Detailed maps are not available to most people. I got them from my grandfather. Now I give them to you. The entire northern land is on this map. Even a small city has been marked and recorded on it. Among them, it is enough for you to choose a place to experience and help you navigate to the Northern Immortal Palace."

At this time, Ye Feng looked at the huge map in front of him, and his eyes suddenly showed surprise.

This map is of great value to Ye Feng now!

This is equivalent to giving Ye Feng a clear direction. What is there in every place, even a small city is marked on the map, which can be said to be very exquisite.

At this time, Chen Xinxue glanced at Ye Feng again, her beautiful eyes seemed to have a trace of reluctance, but in the end she stood up with a graceful body, walked towards the outside of the cave, and said loudly: "Ye Feng, thank you You, I'm leaving. I hope to see you in the Northern Immortal Palace. If you have been practicing all the way and failed to break through to the Qiankun realm above the Principle Source realm, you can come to me directly after you arrive at the Northern Immortal Palace. Help you enter the Northern Immortal Palace."

Ye Feng smiled slightly and said, "Okay, let's meet again in the Northern Immortal Palace."

Chapter 2229 Sisters

After Chen Xinxue, the female disciple of the Northern Immortal Palace, left, Ye Feng did not leave this remote cave.

It is very safe here, and there are no powerful creatures around.

Ye Feng decided to cultivate quietly here for a while, mainly to explore the storage rings of Xiao Tianshen and Qingtian Holy Lord that he had killed in the four major areas.

Following the investigation, Ye Feng discovered that most of the storage rings of Holy Lord Qingtian were the inheritance of some Qingtian Holy Land.

But these inheritances are no longer of much use to Ye Feng, who has now entered the fifth level of the Principle Source Realm.

However, Ye Feng still put it away, planning to go out of this ancient wild forest and find a trading market in the spiritual world to sell all these things in exchange for divine crystals.

Next, Ye Feng found something good from the storage ring of Xiao Tianshen's clone.

That is a complete set of inheritance secrets of Lord Panwu!

"The first level of Panwu God: Panwu Master"

"Second Level of Panwu God: Eternal Millstone"

"The Third Level of Panwu God: Boundless Mountains and Rivers"

"The Fourth Level of Panwu God: The Great Thousand Worlds"

"Fifth Level of Panwu God: Destruction of Ten Thousand Catastrophes"

The first three levels of Panwu Master, Eternal Mopan and Mountain and River Boundless were used by Xiao Tianshen's clone during the decisive battle between Ye Feng and Xiao Tianshen's clone in the four major domains.

As for the "Great Thousand Worlds" on the fourth level and the "Ten Thousand Tribulations of Destruction" on the fifth level, Xiao Tianshen's clone did not use it.

Ye Feng guessed that Xiao Tianshen's clone might not have understood the last two levels of Panwu God.

But now, these have all become Ye Feng's inheritance.

Ye Feng was very happy. He got such a terrifying and powerful inheritance without spending any money.

I don't know where Xiao Tianshen's clone got this set of Panwu God Lord's inheritance. It is extensive and profound, and it is estimated that even in a large northern country like the Northern Immortal Palace,

Among the super powerful forces in the world, I am afraid that this set of inheritance can be regarded as first-rate.

Ye Feng was in the cave at this time and began to quickly understand the entire inheritance of Lord Panwu.

Even though Ye Feng was a very capable demon who had spent several days and nights in the cave, he had only initially comprehended the second level of the Eternal Millstone.

But this is no longer easy.

After all, even a peerless prodigy like Xiao Tianshen's clone took several years to comprehend the third level.

"It's time to leave this ancient and wild forest."

Ye Feng knew that he could not keep hiding in this small cave to practice inheritance.

After all, his cultivation still needs to be improved.

And you still need to go to the Northern Immortal Palace.

With the ultra-detailed map of the northern land that Chen Xinxue gave him before leaving, Ye Feng felt much more confident on his way to the Northern Immortal Palace.

Ye Feng first found the city closest to this ancient wild forest on the map.

This city is called "Sky Fire City".

"On the west side..."

At this time, Ye Feng found the direction from the map in his hand, which was west of his current position.

He was going to leave the ancient wild forest and go to Skyfire City to recuperate, sell the things he didn't need, and buy some elixirs and elixirs to improve his cultivation in Skyfire City.

Next, Ye Feng headed west...

Three days later.

Ye Feng avoided several waves of blood-sucking demon soldiers and finally walked out of this ancient wild forest and re-entered the territory of the northern land.

Swish

Swish!

Ye Feng was very fast. After a few days, he finally arrived outside Tianhuo City.

At this time, in front of Ye Feng, a huge ancient city stood on the ground, exuding a majestic and vicissitudes of life.

The tall city walls surrounding this Skyfire City are like a series of continuous sky pillars, surrounding the city and making it very huge and majestic.

Maybe it's because Tianhuo City is relatively close to the ancient wild forest, so the security is very tight.

The entire city is also built to be impregnable. On the city wall, there are magic cannons. When activated by a divine crystal, it can release a terrifying laser, which can instantly kill extremely terrifying strong men. It is very intimidating.

At this time, Ye Feng took a deep breath and walked directly towards the huge and towering city ahead.

When Ye Feng came to the city gate, he saw a group of guards covered with red scales, surrounded by a young man wearing noble clothes, and surrounding a pair of two girls.

This young man had a large area of skin covered with red scales.

Obviously, this young man and the guards around him are not human, but aliens.

The two girls they surrounded were human girls. The two girls, one big and one small, should be a pair of sisters.

Sure enough, Ye Feng heard it at this time. The younger girl Chu Chu pitifully begged for mercy to a group of foreigners around her: "My sister and I didn't mean to block your way, please spare us?"

At this time, the two sisters were holding each other, both trembling, like little sheep being slaughtered.

"Spare you?"

At this time, the young alien man's eyes showed greed and said: "How could I let such a beautiful human girl go?"

Got it, hahaha. "

This young alien man smiled so wildly that he immediately grabbed the two trembling human sisters to death.

Seeing a foreign race bullying a weak human race woman, Ye Feng encountered them, so naturally he would not just watch these two human race girls fall into the tiger's mouth.

He immediately took a step forward and slapped him hard.

"Boom!!"

next moment.

A huge burst of energy broke out.

boom! boom! boom.....

The group of alien guards surrounding the two human sisters, as well as the alien young master, were all blown away by Ye Feng's slap and hit the ground hard.

"Um?"

When the two sisters, who thought their fate was doomed to be tragic, saw this scene, their beautiful eyes were startled and they looked aside.

At the first glance, they saw a handsome and handsome young man standing next to him, exuding a strong and pure fighting spirit of the human race.

"He's a little brother from the same clan!"

"So powerful!"

This pair of beautiful sisters suddenly showed surprise and amazement in their beautiful eyes.

At this time, the group of aliens who were blasted away across the street got up one after another, looking a little disgraced.

Their cultivation was quite strong. They were not injured even after being slapped by Ye Feng, but they were just a little embarrassed.

At this time, the young foreign man who was surrounded by a group of guards immediately stared at Ye Feng, who was standing next to the sisters, with fierce anger in his eyes, and said in a dark voice: "Boy! How dare you take action against me?" ? Do you know who I am? I am the young master of this Sky Fire City! How dare you provoke me, boy? You are dead!"

Chapter 2230 The city lord's anger

At this moment, the moment this foreign young man finished speaking, many people passing by in the surrounding field couldn't help but gasp.

"This man is actually the Young City Lord of Skyfire City!"

"So he is Chi Xiaoyang, the young city lord of Tianhuo City? It is said that the city lord's lineage is a powerful Tianhuo tribe, a very powerful race."

"That's right! The Skyfire Clan's body contains the blood of the ancient True Lord Sun. You see, there are crimson scales on his body. That is the symbol of the Skyfire Clan."

"This human boy actually offended Chi Xiaoyang, the young city lord of Tianhuo City. He should be dead!"

...

At this moment, many warriors passing by couldn't help but make a sound.

Obviously, for them, a young city lord of Tianhuo City like Chi Xiaoyang, who is also a creature of the Tianhuo tribe, is definitely aloof and cannot be provoked, otherwise the consequences will be very disastrous.

But at this time, Ye Feng just smiled indifferently and said: "Don't use your so-called identity to scare me. I won't accept this trick. Get out of here. If I see you bullying our human race in the future, I will beat you every time I see you!"

Ye Feng's words were full of domineering at this moment, and many people present couldn't help but have a look of surprise on their faces.

Who gave this human boy the courage to speak like this to Chi Xiaoyang, the young city lord of Skyfire City?

At this time, Chi Xiaoyang's eyes were also full of deep shock and anger.

Originally, he thought that if he revealed his identity, the human boy would be so frightened that he would kneel in front of him and kowtow for mercy, begging to admit his mistake.

But the result was that Chi Xiaoyang never expected that this human boy would speak so domineeringly.

At this time, Chi Xiaoyang wanted to say something cruel.

But a guard next to him immediately whispered: "Young Master, let's not provoke this human kid for the time being. His cultivation is very powerful. He just slapped us all away. If a good guy doesn't suffer the immediate consequences, let's leave first." , take shelter for the time being and wait until we return to the city lord's mansion to find the city lord.

Adults ask for help. "

When Chi Xiaoyang heard what the guard around him said, he thought it was reasonable, and he immediately ran away in despair with a group of guards.

"He actually ran away?"

"Awesome! This human boy seems to be a peerless genius, otherwise it would be impossible to scare away Chi Xiaoyang, the dandy second generation ancestor."

"Huh, if you offend the young city lord Chi Xiaoyang, I don't think that human boy will be so powerful for long."

...

At this time, many people around could not help but talk about it.

"Thank you, sir, for saving me."

At this time, the beautiful pair of sisters knelt down in front of Ye Feng, with deep gratitude on their little faces.

"It doesn't matter."

Ye Feng smiled and helped the two of them up, and said: "When I see people of the same clan being bullied, I will naturally draw my sword to help when there is injustice."

After saying that, Ye Feng turned around and walked into Tianhuo City.

The pair of sisters who were standing there looked at Ye Feng's retreating back and bowed deeply once again to express their gratitude.

...

After Ye Feng entered Tianhuo City, he did not waste time and went directly to the trading market of Tianhuo City.

As Tianhuo City is a large city within a radius of tens of thousands of miles, the trading market is naturally extremely prosperous.

At this time, Ye Feng saw that the entire trading market stretched for several kilometers, and there was an endless flow of people. There were practitioners from all major races, carrying out various transactions here.

Ye Feng found an empty seat at this time and started to set up a stall. He plundered all kinds of magic weapons, secrets, martial arts inheritance, etc. that he didn't need from his storage ring and put them on the table. The price was marked on the stall in front of me, and I started waiting.

Wait for others to buy.

And just when Ye Feng was setting up a stall to sell things in the trading market.

At this time, the city lord's mansion in Tianhuo City was heavily guarded.

Chi Xiaoyang, the young city lord, was complaining to his father.

His father is naturally the city lord of Tianhuo City, Chi Xantian!

At this time, in order to get his father's help, it was impossible for Chi Xiaoyang to say that he had raped a civilian girl. Instead, he added insult to injury and said, "Father, that human boy is so arrogant. He openly beat us in Tianhuo City." I wanted to stop the clan members, but I was blown away by that human boy. That human boy must be a genius among the human clan, with strong combat power, but I can't swallow this breath. Father, you must help. Me! Kill that arrogant human kid. He doesn't take anyone seriously. He even said that all the Skyfire tribe in Tianhuo City are useless. He doesn't dare to take action against him, a human genius."

At this time, Chi Xiaoyang was talking more and more, making Chi Xantian, the city lord of Tianhuo City, feel angry inside.

As the city lord of Tianhuo City, a super big city, Chi Xantian has been in a high position for a long time, so he is naturally very proud.

Now his son is being bullied, and that person also says that the entire Skyfire Clan is trash.

How could this make Chi Xantian not angry?

As for whether what his son said is true or false.

Chi Xantian didn't care at all.

Because in this three-thirds of an acre of land in Tianhuo City, his city lord's mansion is Lord Qingtian. Anyone who dares to provoke their city lord's mansion is seeking death!

At this time, Chi Xuntian immediately looked at Chi Xiaoyang and said: "Son, gather all the elite guards of the city lord's palace. This city is mainly searching for that arrogant human boy throughout the city. We must capture that human boy." This kid must be killed, or even beheaded in public, so that we can maintain the majesty of this city lord and not allow others to offend him!"

red

When Xiaoyang saw that his father was angry, he was extremely happy. He immediately said: "Okay! I will summon all the elite guards in the city lord's palace! We must find that human boy! Cut off his head and hang him Show it to the public on the city wall! Let's see who dares to provoke our Tianhuo Clan City Lord's Mansion in the future!"

...

At this moment, Ye Feng had sold the treasures and secrets that he did not need at the trading market of Tianhuo City at a standard market price.

He earned nearly four million divine crystals.

It has to be said that in the eyes of many people, things that Ye Feng does not need are those that are auctioned at high prices.

Ye Feng earned four million divine crystals at this time and closed his stall.

He planned to continue to delve into this trading market to see if there were any elixirs or treasures he needed to buy.

After all, four million divine crystals can be considered a huge fortune.

You should be able to buy a lot of good stuff.

Just when Ye Feng had just put away his stall and was preparing to go deep into the trading market.

Suddenly, three alien cultivators with black scales on their bodies, all of whom looked like middle-aged men and had cultivation levels of the sixth level of the Principle Source Realm, suddenly surrounded Ye Feng.

Ye Feng's eyes moved, staring at these three uninvited guests, and said: "What can you do with the three of them?"

"hehe."

A middle-aged man said with a smile: "Boy, stop pretending, you should be able to guess the identities of the three of us. We are the managers of this trading market, and you are a newcomer here. When setting up a stall in a market, you have to pay some protection fees, you know?"

At this time, another man walked directly in front of Ye Feng, stretched out a palm covered with black scales, and said with a threatening tone: "Hurry up and hand over one-tenth of the amount you just sold. The divine crystal is used as protection fee, otherwise you should understand the consequences. "
