

Ancient 2231

Chapter 2231 Blue Jade

At this moment, the three middle-aged foreign men stared at Ye Feng with threatening eyes.

In response, Ye Feng just smiled indifferently and said: "What did I think it was? It turned out to be a group of bandits. If they want to steal the wealth I just sold, just say so. Why do you have to beat around the bush?"

"Um?"

"Boy, you are too brave!"

"How dare you speak to the three of us brothers like that! It's really presumptuous!"

At this time, these three middle-aged foreign men from the sixth level of the Principle Source Realm immediately rushed towards Ye Feng.

They said fiercely: "Since you are so ignorant, give us all the wealth and treasures you have! We have been observing you for a long time, and you, alone, are dead!"

boom!

boom!

The attacks of the three middle-aged alien men were all very ferocious. Their outstretched palms suddenly turned into ferocious black claws, which seemed to be made of black metal. They looked very terrifying, as if they could catch people. Break everything.

But in the face of such a ferocious and terrifying attack, Ye Feng's eyes showed no fear. Instead, with a faint smile, he said: "You have offended the wrong person."

boom!

Almost as soon as Ye Feng finished speaking, he didn't even bother to use any martial arts moves and just slapped him hard.

"Boom!!"

A simple slap, containing infinite power, instantly sent the three vicious middle-aged foreign men in front of them flying into the distance.

"ah!"

"ah!"

Suddenly a series of screams sounded.

The bodies of the three middle-aged foreign men fell hard to the ground in the distance, and they spurted out a mouthful of blood and howled miserably.

At this moment, 90% of the bones in their bodies were broken by Ye Feng's slap.

.

"Have mercy! Sir!!"

At this time, the faces of the three ferocious middle-aged foreign men suddenly revealed a look of deep fear, and they even began to kowtow crazily to beg for mercy.

They finally realized why a human boy dared to set up a stall here alone. It was because the other party had extremely terrifying strength!

"late."

But at this time, Ye Feng looked at the three middle-aged foreign men who were kowtowing and begging for mercy, and said with a cold smile: "It seems that my human race is looked down upon by all major races everywhere, so let's start by killing the three black scales of you. "

boom!

The moment he finished speaking, Ye Feng stretched out a hand and grabbed it in front of him.

"Boom!"

Along with an extremely terrifying roar, a bottomless slap mark suddenly appeared on the ground.

The three alien cultivators were directly beaten into blood mist.

"Swallow."

Ye Feng opened his five fingers, and a dark swallowing field immediately swallowed up the blood of the three middle-aged foreign men.

His skill immediately improved to a certain extent.

However, these three alien races are too weak. They are only one level higher than Ye Feng's current fifth level of Principle Source Realm. Ye Feng did not directly break through, but his cultivation skills increased a bit and became more powerful.

At this time, after Ye Feng destroyed the corpse and eliminated all traces, he also absorbed the storage rings of the three alien races into his hands.

Buzz!

Under the exploration of his spiritual mind, Ye Feng's eyes suddenly lit up with joy.

Although these three alien races are not powerful, the wealth in the storage ring is still very rich, and they actually have two million divine crystals.

!

"It seems they collected a lot of protection money. Unfortunately, it's all mine now."

Ye Feng smiled slightly and walked towards the inner area of Exchange City, preparing to buy some treasures and elixirs.

For Ye Feng, this is just a small episode.

Killing these three aliens is just like trampling three ants to death.

After all, there are blind enemies everywhere.

After Ye Feng left, there were many other Skyfire City local snakes around who wanted to plunder Ye Feng. Their bodies were trembling and their eyes were frightened. Fortunately, they were not the first to plunder and rob him, otherwise they would definitely be dead now. ??

At this time, Ye Feng brought millions of divine crystals to the inner area of Trading Place City.

The place has become more prosperous, with various stalls everywhere and even large shops specifically stationed on the roadside.

Ye Feng did not go directly to the big shops. He had a better chance of finding high-quality and low-priced goods at small stalls on the roadside.

For ordinary practitioners, it is very difficult to find good things in this mixed trading market, because it is very difficult to distinguish which things are good.

But for Ye Feng, it is quite simple.

His powerful soul power can deeply sense the high-quality atmosphere of good things.

"Um?"

Soon Ye Feng's attention was attracted by something on a small stall.

It was a piece of blue jade, the size of a human head, placed on a small stall, exuding a rather rich aura.

Ordinary people may just think that this is a special spiritual stone that exudes spiritual energy.

But at this time, Ye Feng used his huge soul power to sense unusual energy fluctuations.

Ye Feng

At this time, it can be felt that the deepest part of that seemingly ordinary piece of blue jade is secretly exuding a very powerful energy fluctuation.

However, this energy fluctuation is very subtle, and only Ye Feng, a soul master, can feel it.

"Tap tap tap..."

Ye Feng walked directly to the stall, smiled and said to an old man behind the stall, "I want to buy this blue jade in your stall, what is the price?"

When the old man saw the business, he immediately stood up and said enthusiastically: "This is a top-quality spiritual stone that was just dug out from the deep mountain veins a few days ago. I will sell it to you as long as you have 100,000 divine crystals." I tell you secretly that the deep mountain mines are very magical and good things often come out. If you buy this top-quality jade, you will make a profit."

The speaker has no intention, the listener has intention.

A magical mineral vein deep in the mountains?

Ye Feng smiled slightly and said, "Where is that magical deep mountain mine?"

Hearing this, the old man behind the stall showed hesitation on his face, as if he didn't want to say it.

Seeing the old man's expression, Ye Feng immediately took out 300,000 divine crystals from the storage ring, and said with a smile: "As long as you tell me the specific location of the deep mountain vein where this piece of blue jade is located," he said with a smile. , I will pay three times the price, 300,000 divine crystals, to buy this piece of blue jade from you."

When the old man saw the three hundred thousand divine crystals in Ye Feng's hand, he immediately swallowed his saliva, then nodded and said: "Okay, I will tell you the location of the deep mountain, but I want to remind you, young man, that the deep mountain mine is surrounded by skyfire. There are several large cities within the city, and I dug them secretly. Don't take risks, or you will lose your life."

With that said, the old man handed a map to Ye Feng and said: "That deep mountain mine is located in the center of Tianhuo City and several other large cities. I have marked it on the map."

Chapter 2232 Qinglong Clan

At this time, Ye Feng looked at the map in his hand with joy in his eyes.

To be able to give birth to this kind of cyan jade that causes huge induction fluctuations in one's own soul power, that deep mountain mine is definitely not an ordinary place, and must be hiding something unique.

Ye Feng took the map and fulfilled his promise, paying three times the price to the old man at the stall to buy the piece of blue jade.

After Ye Feng went around for a while, he bought some very precious elixirs and materials, hoping to find a place to refine the resources.

Finally, Ye Feng found a small inn in Tianhuo City called Tongfu Inn and stayed in it directly.

Ye Feng took out all the training resources obtained from the transaction in the guest room of the inn.

There are thirty-six Qi-Building Pills at the Principle Source Realm level, twelve Small Juyuan Pills at the Qiankun Realm level, and one Yin-Yang Ten Thousand Beast Pill at the early stage of the

Pure Yang Realm. It is said that tens of thousands of different beasts have been collected. Refined from the inner elixir of evil beasts, it is very advanced and contains immense energy.

These are what Ye Feng gained from trading in the trading market. They are all good elixirs for improving his cultivation, strengthening his roots, and strengthening his strength.

"eat!"

Next, Ye Feng directly swallowed all the pills in front of him.

"Rumble..."

Suddenly, waves of terrifying medicinal power exploded in his body like bombs.

"Crash!"

"Crash!"

The huge medicinal power directly gathered into Ye Feng's body to form a long river of energy, like roaring dragons, the scene was scary and shocking.

At this moment, Ye Feng's skill was accumulated by the huge and powerful medicinal power, and began to rapidly expand and become stronger.

His momentum was growing crazily, and his cultivation suddenly began to break through rapidly.

"boom!"

The sixth level of the Principle Source Realm!

"boom!"

The seventh level of the Principle Source Realm!

"boom!"

Daoyuan

The eighth level of heaven!

Finally, Ye Feng's cultivation stopped.

These purchased pills directly raised Ye Feng's cultivation level to the eighth level of the Principle Source Realm!

It can be said that it is very fast.

From this we can also see how advanced these elixirs are.

Let Ye Feng break through the third level of heaven in a short period of time!

You know, as his cultivation level increases, Ye Feng's body becomes more and more like a bottomless pit.

Every time he makes a breakthrough, he requires a huge amount of energy to accumulate in order to upgrade quickly.

At this time, Ye Feng took out the piece of blue jade that he had obtained before that made his soul feel the strongest.

For this piece of blue jade, Ye Feng guessed that there was definitely something very precious hidden inside this jade.

So at this time, Ye Feng pressed his palm slightly and pinched the piece of blue jade.

"Click, click..."

Suddenly, the entire surface of the blue jade shattered like glass, and cracks appeared.

Click, click...

Pieces of broken jade fell to the ground.

These fragmented jade stones immediately turned into ordinary jade stones.

At this time, as the ordinary jade stones on the surface fell off, a fist-sized ball slowly appeared in Ye Feng's sight.

really!

Hidden in this jade is a round bead as big as a fist.

This round bead is made of jade and exudes a faint cyan light. It looks very noble, as if it is something extremely high-end.

"This seems to be a dragon bead, but it is not an ordinary dragon bead. It is a dragon bead from the Qinglong clan. Qinglong is a very special dragon clan. The ancestors are the four ancient ones.

One of the Great Holy Spirits, Qinglong, White Tiger, Xuanwu, and Suzaku. "

At this moment, Emperor Chu suddenly flew out of Ye Feng's storage ring, his eyes filled with surprise as he stared at the cyan-colored dragon ball in Ye Feng's hand.

Obviously, this blue dragon bead was very special, and the green dragon energy it exuded woke up Emperor Chu who had been sleeping.

Ye Feng also had a hint of surprise in his eyes at this time. He looked at the cyan bead in his hand and couldn't help but said: "Is this a dragon bead from the ancient Qinglong? Qinglong, that is a very special dragon clan, and the five Like the Clawed Golden Dragon, it is a very special existence among the dragon clan."??

When he said this, Ye Feng couldn't help but think of the old ruffian-like old golden dragon he had met back then, and the little unicorn Xiao Huo.

"I don't know where the old and the young have reached now. They are probably still in the second universe, but they may also have ascended to the divine realm."

"Alas, many friends dispersed while walking..."

Ye Feng sighed, with a hint of complexity and sigh in his eyes.

Many people I know will break up even if they have experienced unforgettable experiences together.

Time is centrifugal force, making companions along the way move further and further away.

But, there is no way.

This is the life of pursuing the ultimate power and the pinnacle of martial arts.

It is destined to be difficult, lonely and long.

As time goes by, the soul becomes more lonely.

Although Ye Feng sighed at this time, his pursuit of the most powerful martial arts became more and more determined.

Since embarking on the journey of cultivation, Ye Feng has experienced countless storms and waves, which have long sharpened his martial arts heart and his will as hard as steel.

Ye Feng is not satisfied with shrinking into a small and comfortable life circle.

There is only constant pursuit, constant exploration, and never being satisfied with what has been achieved.

People, life is meaningful and valuable.

Only in this way will you not regret your inaction in this life before you die or when you are old.

“Once the arrow of life is shot, it never stops.”

This is what his father Emperor Ye Qing once told Ye Feng.

In order to control his own destiny, Ye Feng must remain positive and enterprising, and constantly pursue the strongest power.

At this moment, Ye Feng had a lot of thoughts.

After a while.

Ye Feng withdrew his thoughts, looked at Emperor Chu in the form of a small light man in front of him, and said aloud: "Since this dragon ball is the dragon ball of Qinglong, it must be very precious. If I swallow it directly, it may give me a huge fortune." The transformation!"

"Wait a moment."

Emperor Chu suddenly stopped him and said: "I sensed that the energy in this Azure Dragon Pearl is not too much, and there are many complicated patterns and symbols imprinted on the surface of this Dragon Pearl. I feel that this Azure Dragon Pearl "It's not just a dragon ball, it's probably the key to a mysterious treasure."

Ye Feng's eyes moved and he said: "Key? Emperor Chu, do you mean that this Qinglong Dragon Pearl is a 'key' to unlock the treasure specially refined by a strong man from the Qinglong clan?"

Emperor Chu nodded and said: "Based on my rich experience, this is very possible. Don't swallow it first. Keep this special Qinglong Dragon Pearl until you go to the deep mountain mines to explore the Qinglong clan. It might play a key role when it comes to finding treasures."

...

Just when Ye Feng and Emperor Chu were discussing the function of Qinglong Dragon Ball.

Outside the Tongfu Inn where Ye Feng lives, at the end of the street, a large group of iron-blooded guards from the City Lord's Mansion rumbled in!

The leader is none other than the city lord of Tianhuo City, Chi Xantian!

There was also the young city lord Chi Xiaoyang, who was also following the team, staring in the direction of Tongfu Inn, sneering with a cruel look in his eyes.

Chapter 2233 Horrible palpitations

Tap tap tap!

Tap tap tap!

At this time, a group of heavily armed Skyfire City guards, including hundreds of masters, fought with iron blood and gathered in front of the inn on the street in an instant.

This attracted the attention of many people on the street.

Many people had deep shock in their eyes.

"What happened? Why are all our most elite City Lord's Mansion guards in Skyfire City dispatched?"

"They all gathered around the door of the inn. Is there any heinous villain hiding in that inn?"

"Look, the two people standing in front of the guards of the City Lord's Mansion are actually Chi Xantian, the Lord of the City of Skyfire City, and his son Chi Xiaoyang. It is very likely that someone has offended these two father and son."

...

At this moment, many residents in the surrounding Skyfire City couldn't help but talk about it.

"Open the door to this inn for me!"

Chi Xantian suddenly issued an order.

"Yes, Lord City Lord!"

A guard of the city lord's palace wearing red armor immediately raised his fists and kicked the door of the inn fiercely.

"Boom, snap!"

The door of the entire inn was suddenly kicked into countless pieces and exploded with a bang.

"what's the situation?"

There were many people eating in the inn who couldn't help showing expressions of astonishment.

"All the idle people, get out of here!"

Chi Xantian said aloud with a hint of venom in his eyes at this time.

"It's the Lord of the City!"

"Run!"

Almost at this moment, the entire inn was suddenly deserted.

At this moment, a group of strong men from the City Lord's Mansion were all focusing on a certain wing on the second floor.

They have been

After searching for Ye Feng's whereabouts, we finally learned from some people in the Exchange City that Ye Feng came to live in this inn after buying a lot of elixirs in the Exchange City.

That's why a group of masters from the City Lord's Mansion from Chi Xantian arrived here instantly.

"Squeak!"

At this time, under the gaze of everyone, the door of a wing on the second floor of the inn suddenly opened.

Ye Feng was dressed in white clothes and walked out slowly with a tall and straight body and a stern face.

He walked down from the second floor step by step and looked at the group of masters from the City Lord's Mansion outside the inn. His eyes were very calm, and he didn't seem to have the slightest fear.

"I didn't want to cause a bloody storm, but you didn't let me keep a low profile."

An indifferent voice came from Ye Feng's mouth.

"Hmph, you human boy, you are so stubborn even when you are about to die!"

At this moment, Chi Xiaoyang, the young city lord, suddenly sneered: "Human boy, this time all the masters of our city lord's mansion are dispatched, including my father. You can't escape anymore! Accept it obediently. The fate of death!"

Chi Xiaoyang's eyes were extremely vicious at this time, and he continued to say: "You blasted me away at the city gate, which made me lose face in the eyes of everyone. I will also give you your cultivation later." Destroy it, then stamp your face on the ground, and I will humiliate you severely!"

Ye Feng smiled indifferently, stared at Chi Xiaoyang, and said loudly: "You should be glad that I didn't kill you directly before, but I didn't expect you to chatter so much, so all the Tianhuo tribesmen present today, please don't leave. , leave them all to become the nourishment for my cultivation!"

Boom! !

Almost at this moment, Ye Feng took the initiative and launched ten

A violent attack.

Seeing Ye Feng taking the initiative, a group of masters from the City Lord's Mansion not far away suddenly showed expressions of astonishment on their faces.

"How dare this human kid take action against us?"

"Presumptuous! It's too presumptuous!"

"Let's take action too! All of us! Kill this human boy! Then let the Young City Master ravage him!" .???.??

...

Swish, swish, swish!

Swish, swish, swish!

Almost at this moment, the guards of the City Lord's Mansion took action one after another.

There are hundreds of these guards, all of whom are powerful at the Principle Source Realm level.

Moreover, the commanders of the guards of several city lord's mansions led by these guards are even more powerful. They are the tenth heavenly perfection of the Principle Source Realm!

Under the attack of such a terrifying force, not to mention Ye Feng's current cultivation level of the eighth level of the Principle Source Realm, I am afraid that even a strong man with a half-step Qiankun Realm will not be able to withstand the attacks of so many Principle Source Realm powerhouses at once. .

So at this moment, Chi Xantian and Chi Xiaoyang, the father and son, did not take action. They both stood on the same spot, staring at Ye Feng in front of them with a sneer in their eyes.

They all had a sarcastic look on their faces. If they didn't feel that Ye Feng was overestimating his ability to attack them now, they would definitely die miserably.

Ye Feng was running wildly with his power at this time. He didn't want to show any mercy at all. He wanted to solve the trouble at hand as soon as possible. He also wanted to go to the deep mountain mine to find the treasure of the Qinglong clan.

So at this time, Ye Feng directly activated his powerful physical power, and suddenly blasted out a giant panwu hand.

"Boom!!"

Suddenly a big hand that covered the sky and the sun appeared, stretched out from the void, full of unparalleled impact and collision.

The collision force directly hit hundreds of guards of the city lord's palace in front.

"This kind of power?!"

"This kind of power far exceeds the cultivation level of this human boy!!"

Almost as soon as Pan Wu's master appeared, the expressions of the hundreds of master guards of the City Lord's Mansion suddenly changed.

They actually felt an overwhelming and terrifying feeling of palpitations.

"ah!"

"ah!"

"ah!"

Almost at the next moment, the entire field suddenly erupted with extremely miserable howls.

The guards of the City Lord's Mansion, who seemed to be very powerful and ferocious, were simply unable to withstand the powerful hand launched by Ye Feng. Their entire bodies exploded and they died tragically on the spot.

Even a group of guards and commanders of the City Lord's Mansion who had reached the Dzogchen level of the Tenth Heavenly Realm of the Principle Realm, collided with that huge Panwu hand at this moment, and they all felt as if they had hit a copper wall. Just like the above, he spurted out a mouthful of blood in an instant, and suffered severe injuries and internal injuries. Anyway, he fell back and fell hard to the ground, right in front of the father and son Chi Xuntian and Chi Xiaoyang.

"What?!"

"Hundreds of powerful guards in the city lord's palace were beaten away with just one slap from that human boy?"

"It's too scary! How can this human boy with a cultivation level of the eighth level of the Principle Source Realm be able to release such a powerful force? It is almost comparable to the Qiankun Realm experts above the Principle Source Realm!"

...

At this moment, many residents of Skyfire City who were attracted on the surrounding streets had deep horror in their eyes.

Chi Xantian, the city lord of Tianhuo City, looked at the hundreds of guards who were all dead and injured, and his eyes suddenly turned gloomy.

Chapter 2234 Scared to Death

Buzz!

At this moment, Chi Xantian, the Lord of Skyfire City, finally couldn't bear it any longer and instantly burst out with an extremely powerful momentum.

That is a cultivation level that surpasses the Qiankun Realm level of the Principle Source Realm!

"The sixth level of the Universe Realm!"

Many people around him couldn't help but exclaimed in surprise.

No one expected that the cultivation of Chi Xantian, the lord of Tianhuo City, had grown to such an extent.

At this time, Chi Xantian was enveloped in an extremely terrifying aura, like a giant, slowly riding the waves in the direction of Ye Feng.

His body began to burn with the flames of the Skyfire Clan, filled with unparalleled burning power.

Ye Feng still didn't show the slightest fear at this time. Instead, he said with a hint of sneer in his eyes: "Lord of Skyfire City, you are no match for me!"

"Hahaha!"

Chi Xantian immediately laughed out loud: "Human boy! I admit that your strength is indeed very powerful, far beyond your cultivation level, but the gap between your cultivation level and mine is really too big. Do you really think you can To fill this huge gap in cultivation?"

"Skyfire destroys the world!"

Almost at this moment, Chi Xantian directly released a powerful attack without any nonsense.

Countless flames suddenly burst out from his whole body, and his entire body expanded directly into a huge flame giant, charging towards Ye Feng in an instant.

"Ice Giant Sword!"

Ye Feng instantly took out the Ice Giant Sword, a pure Yang-level magic weapon, and swung the sword to slash forward.

"Boom!!"

Suddenly, a terrifying cold wave burst out from the body of the ice giant sword, freezing the entire void in an instant.

"Boom!"

The extreme flames and the endless frenzy of ice collided together, and a terrifying explosion occurred in the entire void.

"Fire Dragon!"

"Nine stars in a row!"

Boom!

At this time, Chi Xiantian once again launched a terrifying secret attack technique.

He opened his mouth and spit out nine true flame dragons, like nine stars connected together, and they suddenly slammed into Ye Feng in front of him.

Ye Feng's eyes also showed a look of surprise. He did not expect that when he slashed with the ice giant sword, he could not kill Chi Xiantian, and he did not even cause any injuries to the opponent.

This shows that the Qiankun Realm experts above the Principle Source Realm are still very powerful.

The higher the cultivation level, the greater the gap between each major realm.

This means that it is becoming more and more difficult to fight beyond the level.

However, Ye Feng also has other powerful trump cards at this time.

He instantly released the Ten Thousand Emperors Hegemon Body Technique!

"Boom!"

"Boom!"

Immediately, the phantoms of the ancient human emperors appeared in the void around Ye Feng, exuding the majesty of the emperor and giving Ye Feng extremely powerful combat power.

At the moment when his combat power increased dramatically, Ye Feng directly displayed the second layer of inheritance of Lord Panwu.

"Eternal millstone!"

Boom!

Almost at this moment, Ye Feng stretched out his hands and pushed forward fiercely. A huge dark golden millstone suddenly appeared in his arms. The millstone was so huge and majestic that it simply blocked the sky and the sun. The child just crushed him hard in front of him.

The Eternal Millstone is very terrifying. It is boundlessly heavy and extremely strong. It is like a stone millstone magnified tens of thousands of times. It moves crazily forward in the air and crushes it.

"Crack, click, click..."

The nine true flame dragons released by Chi Xantian, the lord of Tianhuo City, were crushed to pieces by the eternal millstone, and were directly crushed into flame powder.

"What?!"

Seeing this scene, Chi Xantian's eyes suddenly revealed a look of deep shock.

Because nine true flame dragons attack together

The killing technique is almost Chi Xantian's most powerful method.

But in front of Ye Feng, the eternal millstone released by Ye Feng was still crushed instantly.

Facing the huge eternal millstone pushed by Ye Feng, Chi Xantian really felt like an insignificant person. Standing in front of the torrent of the times, he could not resist at all and could only be crushed and broken.

"don't want!!!"

Chi Xantian, the city lord of Tianhuo City, saw the eternal millstone bombarding him instantly, and a look of deep fear immediately appeared on his face.

At this time, he finally felt very regretful, regretting why he wanted to provoke Ye Feng, a terrifying human boy.

This is definitely an extremely terrifying genius of the human race!

But why did he appear here in the small Skyfire City?

Chi Xantian couldn't figure it out, and he didn't have time to think about it.

"Pfft..."

Along with the sound of broken flesh and bones, Chi Xantian's entire body was instantly crushed and shattered by the eternal millstone pushed by Ye Feng, turning into a pool of bloody mud.

"hiss!"

Everyone around them who saw this scene in the sky couldn't help but take a breath of air at this moment.

Who is this human boy?

He actually killed all the city lords of Skyfire City!

It's really scary!

At this moment, the face of Chi Xiaoyang, the young city lord, who was not far away, had already been filled with a dull look.

Bang!

Suddenly, Chi Xiaoyang's body trembled violently, and he fell to the ground. His face was ashen and he died immediately.

He was actually scared to death!

It has to be said that the power Ye Feng released just now has brought an extremely terrifying experience to all the experts from the Tianhuo Tribe and the City Lord's Mansion.

Young City Lord Chi Xiaoyang was scared to death!

It's really scary!

"Skyfire City is now leaderless, and I'm afraid it's going to be completely chaotic!"

\u003e

At this time, many residents of Skyfire City couldn't help but talk in horror.

But Ye Feng didn't care so much at this time, and directly released the Devouring Domain, covering all the killed Skyfire Tribe masters present, and then madly devoured their skills and blood energy.

"Rumble..."

Suddenly, huge amounts of blood energy were injected into Ye Feng's body.

The masters of these Skyfire Clan are not weak in cultivation, and there is also Chi Xantian, the Lord of Skyfire City, who is a super strong man in the sixth level of the Qiankun Realm.

In addition, you must know that the Tianhuo tribe is a very advanced alien race. The skills and blood energy in the body are very pure and mellow. Under the same cultivation level, the masters of the Tianhuo tribe have deeper skills than ordinary practitioners. a lot of.

So at this time, Ye Feng suddenly felt the refreshing feeling of rapid improvement in skill!

An extremely powerful aura burst out from him immediately.

"boom!"

Principle source realm ninth level!

"boom!"

The tenth level of Daoyuan Realm is complete! !

Ye Feng's cultivation stopped.

His eyes were full of deep surprise. He did not expect that this time, the blood energy and skills of this group of Skyfire Tribe masters would directly accumulate him to the tenth level of the Principle Source Realm, the Great Perfection.

"It's great!"

Ye Feng screamed in his heart.

Then he flew directly into the distance and quickly left Skyfire City.

Because the city lord of Tianhuo City is a member of the Tianhuo Clan, and now that the city lord of Tianhuo City is dead, it is very likely that the Tianhuo Clan will send other strong men to take over Tianhuo City, so it is better for him to leave as soon as possible.

Moreover, Ye Feng is now very interested in the treasures of the Qinglong clan that may be buried in the deep mountain mines.

Ye Feng discovered that he had almost reached the standard for becoming a disciple of the Northern Immortal Palace.

However, the higher the cultivation level, the better.

The higher his cultivation level, the higher Ye Feng's ability to survive will naturally be when he enters the Northern Immortal Palace.

Chapter 2235 Deep Mountain Mine

After Ye Feng left Tianhuo City, he did not run around, but sprinted towards the deep mountain mine according to the map in his hand.

The deep mountain mineral vein is not too far from Skyfire City, and is located in the central area of several large cities nearby.

Half a day later, Ye Feng followed the route on the map and arrived at a land of continuous mountains.

But the map in my hand stopped abruptly here.

The map is a rough map, and it only marks the deep mountain mineral vein located in the mountains and dense forests.

However, the specific location was not specified.

"It seems I can only find it myself."

Ye Feng thought to himself, threw away the map in his hand, and then stepped into this dense forest with mountains and greenery.

The entire mountain range is very quiet.

There are majestic and huge trees growing everywhere, and the mountains are green and green, looking like a primeval forest. .??.

However, this mountain range is not big. Ye Feng calculated the time and estimated that he would be able to explore it all within a few days and find the deep mountain mineral vein.

In the afternoon, Ye Feng walked on a tree-lined path.

Buzz!

Suddenly, patches of light yellow pollen-like mist emerged from the surrounding dense forest.

Ye Feng smelled it and felt a refreshing fragrance.

But the next moment, he suddenly felt a severe dizziness, which appeared in his mind instantly.

"It seems to be a natural drug..."

Ye Feng muttered.

Bang!

The next moment, he was stunned and fell to the ground.

Vaguely, Ye Feng saw several fierce men galloping towards him from a distance.

Wait for Ye Feng to wake up again.

He found himself in a cave in the mountains.

r\u003e

"Sizzling, sizzling..."

At this time, a fierce-looking man was using a metal saw to cut off one of his fingers, trying to cut off the finger and cut off the storage ring.

"Crack!"

But the metal saw suddenly broke.

"Depend on!!"

This ferocious man did not see Ye Feng wake up, but angrily cursed at his companions outside the cave: "What is this kid's body made of? How can it be stronger than steel? I saw seventy pieces of it." There are two saws, how come the skin on his finger is not broken? Don't be so exaggerated!"

"You kidnapped me?"

Suddenly Ye Feng spoke up.

"scare!"

The big man who was cursing was immediately frightened, his face turned pale with fright, and he immediately backed up crazily.

At this time, Ye Feng opened his eyes, stared at the two fierce men standing at the entrance of the cave, and said loudly: "The naturally dizzy pollen you prepared is quite good, it actually made me dizzy. "

A big man was a little frightened and said: "Boy, are you a human? Why is your body so strong? It's stronger than the scales on the ancient dragon! Your skin is too thick. I sawed off seventy-two pieces. The saw couldn't even cut a layer of skin off your fingers!"

Ye Feng looked at the two panicked men and stood up immediately.

"do not be afraid!"

A big man said to his companion: "We have tied dozens of silver iron ropes to this boy's body. These iron ropes are all made of high-quality mithril..."

Click, click...

But I haven't waited for this big one yet

After Han finished speaking, Ye Feng exerted a little force, and the dozens of thick silver iron ropes tied to his body suddenly shattered inch by inch, and fell to the ground of the cave with a "clinking" sound.

"Run!!"

The two big men immediately turned pale with fear and hurriedly ran out of the cave.

"Buzz!"

But Ye Feng suddenly stretched out his hand and grabbed it in front of him.

A big man was crushed to pieces with a "poof".

Ye Feng, another big man, did not kill him, but grabbed him back, held him down and knelt on the ground with his palms.

Ye Feng asked aloud: "Are you the original bandit in this mountain range?"

"Yes Yes Yes!"

The big man immediately kowtowed, looking extremely terrified.

He looked at his companion who was crushed into a pool of blood and mud, his eyes full of fear.

The big man immediately realized that the human boy they had brought back this time was not a lamb to be slaughtered, but a terrifying demon!

When Ye Feng heard that the big man said he was a local bandit, his eyes immediately showed a hint of joy and he said: "Then let me ask you, is there a special place in this mountain range? There is a deep mountain mineral vein that can often be unearthed. Some precious ancient treasure?"

The big man's eyes immediately moved and he said, "Your Excellency, you should be talking about the Dragon Clan ruins jointly developed by several major cities, right?"

When Ye Feng heard this, his eyes suddenly lit up and he said, "That's right, tell me everything you know."

The big man smiled bitterly and said: "I'm not familiar with that place. It's heavily guarded there. Only some skilled tomb robbers can dig out some good things from the deep mountain veins of the Dragon Clan ruins under the guard of several strong men in the city. However, I can take adults to that place."

Ye Feng nodded and said: "Okay, you

Take me there quickly. "

...

The two moved very fast, and in less than a few hours, they arrived at the outskirts of a deep mountain mine.

At this time, Ye Feng immediately saw that there was a tall wall made of a large stone not far away, surrounding the entire deep mountain mineral vein area.

Obviously, this is the masterpiece of several major cities around it, and it actually surrounds the entire mountainous mineral vein area where the dragon clan's relics are hidden.

Moreover, on the tall city wall, there is a guard with a strong cultivation level guarding every few meters, and the security is tight.

Ye Feng observed for a while, and then activated the power of the space gem to directly open up a space wormhole, breaking through various tangible obstacles and leading directly to the deep mountain area of the mountain mine. No guards discovered Ye Feng's whereabouts.

Ye Feng did not alert the enemy, nor did he want to tangle with the many masters from several major cities.

After all, his purpose this time was to find the precious treasure of the Qinglong clan.

Finding the treasure quickly is the most important thing.

At this time, Ye Feng went directly into the deep mountains and came to the space under the ground.

Ye Feng did not hesitate and directly released the destiny charts, trying to deduce the location of the treasure.

But in the end, Ye Feng was surprised to find that there seemed to be an ancient restriction in the deep mountains, and his ability to deduce the natal charts was interfered with.

This is most likely a method arranged by an ancient power from the Qinglong clan!

Emperor Chu flew out of the storage ring at this time and said loudly: "Ye Feng, use the blue dragon ball you got before to sense it, maybe it will have an effect."

When Ye Feng heard this, he nodded immediately and said in a rather excited tone: "Okay! The fortune charts cannot be deduced, and it also shows that somewhere in the deep mountain mineral veins, there is indeed a super treasure of the ancient Qinglong clan hidden somewhere. And it's definitely extremely high-end!"

Chapter 2236 Lord Qinglong

At this time, Ye Feng took out the cyan dragon ball.

Buzz!

Almost at this moment, Ye Feng saw that the Azure Dragon Pearl in his hand was emitting a faint light.

And pieces of light actually flew out of the dragon ball.

These cyan rays formed a dragon shape and flew towards a certain direction deep in the mountain.

Uh-huh!

Ye Feng's eyes moved and he immediately followed.

Following this cyan light, Ye Feng soon arrived at the deepest area of the mountainous mineral vein.

Buzz!

Suddenly the cyan light disappeared into the soil in front of him, and he didn't know where he went.

"The Divine Eye of Creation!"

At this moment, Ye Feng immediately activated the Divine Eye of Creation and looked into the soil.

Immediately he saw that the cyan light was drilling deeper into the ground.

"dig!"

At this moment, Ye Feng didn't hesitate at all. He stretched out his hands and quickly dug away at the soil under his feet, and continued digging into the ground under the mountain.

At this time, the area where Ye Feng was located was already very deep into the deep mountain veins.

But at this time, Ye Feng knew that the treasure of the Qinglong clan must be in a deeper place.

Following the cyan light, Ye Feng continued to dig underground for nearly half an hour.

It is estimated that it is thousands of feet deep underground.

At this time, the cyan light finally disappeared.

Ye Feng dug out a huge stone door.

At this time, there were countless blue dragon patterns carved on the stone door, which looked very ancient and vicissitudes of life.

At this time, the Azure Dragon Pearl in Ye Feng's hand suddenly flew out automatically, and then fell into a circular groove in the middle of this huge stone.

"Rumble..."

Accompanied by a huge roar.

\u003e The entire stone door opened immediately.

A bright and boundless cyan light shone out from behind the stone door in an instant.

Even this kind of light suddenly broke through the shackles of the ground and rushed directly into the uppermost sky of the deep mountain veins.

"not good!"

Ye Feng's eyes couldn't help but change slightly when he saw the huge movement.

Such a bright cyan light pillar will definitely attract all other forces in this deep mountain mine in an instant.

You know, this deep mountain mine is mined by several large cities around it.

"We must seize the wealth behind this gate before other strong men arrive!"

With a hint of urgency in his eyes, Ye Feng immediately rushed into the opened stone door alone.

But at the next moment, Ye Feng was slightly dumbfounded.

The stone door is just a very desolate small stone room.

A decayed dragon corpse lay in this stone chamber.

In front of the corpse, there is a box made of ancient stone.

"This should be the cave of a strong man from the ancient Qinglong clan, but this strong man from the Qinglong clan seems to have fallen."

At this time, Emperor Chu said loudly beside him.

"It looks like the treasure is gone, but there should be some good stuff in that box."

Ye Feng was thinking in his mind at this time, and immediately walked forward and grabbed the square stone box in his hand.

What surprised Ye Feng was that the stone box had no seal at all and could be opened directly.

"Crunch."

After opening the box, what came into view was a yellowed ancient book. Next to the book, there was a palm-sized animal egg lying.

Buzz!

sudden

However, at this moment, a shadow of will suddenly rushed out from the Azure Dragon corpse, and a woman's voice came out: "I am Venerable Azure Dragon, and this yellowed book is my inheritance, called 'The Creation of the Great Azure Dragon'" Jue' is the strongest inheritance in the Qinglong clan, and that egg is my offspring. I hope you, the destined one, can hatch my offspring. It will be the royal bloodline of the Qinglong clan, and it will also be of great significance to you in the future. Big help."

After finishing speaking at this moment, the phantom of will turned into a very pure Qinglong Dragon Yuan, and was injected into Ye Feng's body.

"boom!"

At this moment, Ye Feng's cultivation level suddenly broke through under the infusion of this terrifying Qinglong Dragon Yuan.

He directly broke through the tenth level of the Principle Source Realm and transformed into the Half-Step Qiankun Realm!

Ye Feng was a little silent.

This is a dead mother who uses her last strength to please herself so that she can help the heir she left behind, that little blue dragon egg.

At this moment, Ye Feng hugged the corpse and said, "Senior, don't worry, I will take good care of your heir!"

After saying that, Ye Feng put the stone box into the storage ring and left the cave.

After arriving outside the cave, Ye Feng instantly struck out with a palm.

"Boom!"

Countless rocks rolled down, completely burying the entire cave under the ground.

Ye Feng didn't want the powerful men from the next major forces to come to this cave and destroy the remains of the dead Azure Dragon Lord.

After doing all this, Ye Feng quickly left the place.

The harvest this time was still huge.

Not only did he get the powerful inheritance of the Qinglong clan, the Great Qinglong Creation Technique, but he also got a Qinglong egg.

According to the words left by the senior Qinglong Master, the little Qinglong born in this Qinglong egg has very extraordinary blood, and is the blood of the emperor in the Qinglong clan.

Ye Fengcai

Presumably, this Azure Dragon Venerable must have an extraordinary origin, but for some unknown reason, he fell into this remote mountain. He may have been hiding from the enemy at the last moment of his life.

Uh-huh!

Ye Feng quickly left the underground, rushed out of the mountain veins, and returned to the surface again.

But just as he emerged from the ground.

"Boom!"

Suddenly, three huge magic weapons bombarded them from high in the sky like three mountains.

They were a huge steel seal, a purple-gold giant tower, and a huge stone emitting black light.

The auras emanating from the three magic weapons were all pure Yang realm weapon energy fluctuations.

"Ice Giant Sword!"

Almost at this moment, Ye Feng subconsciously took out the ice giant sword from the storage ring and slashed at the three magic weapons that fell from the sky.

"Boom!!"

Suddenly, an extremely violent roar erupted from the entire sky, which could even be described as earth-shattering.

Kick, kick, kick!

Even Ye Feng, who had just broken through to the half-step Qiankun realm, was caught off guard and couldn't help but take several steps back. The palm of his hand holding the ice giant sword was slightly numb.

"Hmph, he is indeed a boy with some abilities. He can sneak into the mines deep in the mountains without knowing it."

"But since we have found you, please stay and hand over all your wealth."

"I'm very curious about what treasure this kid got from the depths of the earth."

At this time, accompanied by three different sneers, three super strong men exuding the terrifying cultivation aura of the tenth level of the Qiankun Realm appeared on top of the three magic weapons just now, standing and staring coldly below. Ye Feng was pushed back.

These three super strong men are none other than the city lords of the three large cities that control this deep mountain mine!

Chapter 2237 Extremely dignified

At this time, the three major city lords, two men and one woman, were a burly man, a white-haired old man, and a mature and beautiful woman.

The three of them are the three city lords who control this deep mountain mine.

Each of them is the cultivation of Dzogchen, the tenth level of the Qiankun Realm.

Very powerful!

Moreover, he holds a pure Yang level magic weapon in his hands.

The combat power is even more terrifying.

So at that moment, even Ye Feng was caught off guard by the three powerful men and took several steps back. .???.??

At this time, the white-haired old man among the three city lords said with a smile: "Young man, your fighting power is very strong, but you are only half a step into the Qiankun realm, but you can actually withstand the joint attack of our three strong men at the tenth level of the Qiankun realm. You only retreated slightly and were not injured. However, if you continue to resist, you will definitely die of exhaustion, but I am very optimistic about you. If you are willing to follow me and serve me, how about I not kill you? "

Obviously, this white-haired old man actually wanted to recruit Ye Feng.

Because he saw that Ye Feng was a genius.

Ye Feng smiled slightly and said: "I have no interest in being loyal to anyone. You'd better let me leave today, otherwise I will risk my life and kill you!"

"Let you leave? What a joke!"

The middle-aged man among the three city lords spoke up. He sneered and said: "Boy, you are already on the verge of death, but you still dare to say such arrogant words. I have to say that you are really courageous."

"Death is imminent?"

Ye Feng smiled coldly and said, "You are the ones who are about to die!"

boom!

Almost at the moment Ye Feng finished speaking.

An extremely powerful aura burst out from his body immediately.

"One Qi transforms three pure things!"

At this moment, Ye Feng directly displayed this set of extremely powerful inherited secret techniques.

boom! boom! boom!

Almost at the next moment, three clones that were exactly like Ye Feng appeared around Ye Feng's body.

Every clone has the same power and strength as Ye Feng himself.

"The art of clone?"

At this time, the three city lords opposite had a look of surprise in their eyes.

But the next moment, they sneered and said: "The art of cloning is useless! You will definitely die today! The treasures you got from the depths of the mines are destined to belong to our three major cities. Are you alone?" It may be against big forces like our three major cities!"

boom!

boom!

boom!

Almost at this moment, the three major city lords released their extremely powerful attack techniques.

The pure Yang magic weapon in their hands also suddenly burst out with extremely terrifying energy momentum.

"Boom!"

The destructive attack frenzy suddenly poured in front of Ye Feng.

"The Ten Thousand Emperors Overlord Body Technique!"

"Ancient Divine Ring!!"

Almost at this moment, Ye Feng and his three clones, a total of four bodies, all suddenly burst out with extremely terrifying attacks.

A phantom of the Zunren Emperor appeared, surrounding the entire sky, and there were countless divine halos, all of which were manifested, giving Ye Feng and the three clones a huge combat power.

"boom!!"

Almost at this moment, Ye Feng and the three clones all punched out. Four fists burst out with monstrous power, colliding with the three city lords on the opposite side at the entire height.

"Boom!"

Suddenly, there was an earth-shattering roar in the entire sky, which resounded throughout the sky and the earth.

next moment.

The expressions of the three major city lords changed.

Because at this moment they felt an irresistible terrifying force coming from the front.

The combined power unleashed by Ye Feng and the three clone fists was truly terrifying.

"Click, click..."

At this moment, even the pure Yang magic weapons in the hands of the three city lords were shattered inch by inch.

"What?!"

Seeing this scene, the faces of the three major city lords became very ugly.

Originally, they thought how powerful a kid who was only half a step into the Qiankun realm could be?

But now I can see this human kid using his fists to smash all their Pure Yang level magic weapons into pieces.

"What kind of terrifying body power is this? It's simply stronger than the ancient dragon! It's like it's made of divine iron!"

At this moment, the faces of the three city lords showed horror.

At this time, they no longer had the contempt they had before, and they were extremely serious about Ye Feng.

At this time, Ye Feng smiled coldly and said, "I told you just now, don't mess with me. If you mess with me, you will all be dead."

Uh-huh! Uh-huh! Uh-huh!

Almost at this moment, Ye Feng and the three clones rushed towards the three city lords from all directions.

For these three city lords, Ye Feng can now be said to be determined to kill them.

Because originally Ye Feng was very fond of the super strong men in the tenth level of the Qiankun Realm.

Fearful, thinking that I might not be able to defeat him.

But now that he was actually confronting the three city lords from the tenth level of the Universe Realm, Ye Feng suddenly discovered that they were not as powerful as he thought.

However, it is also possible that the three major city lords are all the city lords of a relatively remote small city in the northern land, and they do not have any particularly powerful inheritance at all. Although their cultivation is strong, their combat power is not strong to be honest.

"The second level of Panwu God's inheritance!"

"Eternal millstone!"

Boom! !

Almost at this moment, Ye Feng pushed it out with both hands, and suddenly a huge dark golden millstone, filled with the unparalleled vastness of the ages, was pushed out with a rumble. It was extremely terrifying, just like the annual rings of history. , rumbling over and crushing everything.

"Hurry up and defend!"

The three city lords looked at the terrifying huge millstone and felt an irresistible majesty and majesty from it, and they immediately started to defend themselves.

"Ten Thousand Dragons Armor!"

The first city lord, a big man, immediately released a set of armor composed of ten thousand dragon scales and wore it on his body.

"Big Five Elements Shield!"

The second city lord, the white-haired old man, took out a five-color shield from the storage ring, and instantly emitted the power of the five elements. The five-color light had extremely powerful defensive power. .

"kaleidoscope!"

The third city lord, the woman, waved her beautiful hands, and suddenly pieces of roses appeared in the space around her, forming a huge kaleidoscope, which also had very powerful defense power.

"Crunch, crunch..."

The heavy and boundless eternal millstone was suppressed from high altitude, but was actually resisted by the powerful defense methods of the three city lords!

Chapter 2238 Meeting the sisters again

At this time, the defenses of the three city lords united together and successfully blocked the huge and towering Eternal Millstone.

This made the three major city lords look happy.

"Successfully blocked!"

The three city lords all made excited noises.

"Run!"

The next moment, they all flew around, trying to escape.

Because at this time, the three major city lords all realized it.

Together they are no match for Ye Feng.

Ye Feng, a human boy, looked ordinary.

But the actual combat power that can be unleashed is really terrifying. ??

At this moment, Ye Feng saw the three city lords blocking his eternal millstone, and immediately smiled coldly and said: "It's not over yet, and you want to run away? I haven't had the fun yet!"
Boom!

"The third level of Panwu God Lord!"

"Mountains and rivers are boundless!"

At this moment, Ye Feng did not hesitate and continued to blast out the third layer of Panwu God Lord.

This is also the level that Ye Feng has realized so far.

Mountains and rivers are boundless!

Ye Feng punched out, and the boundless mountains and rivers suddenly burst out from his fist, forming a small world and slamming into the three city lords in the distance.

The mountains and rivers are boundless and have the weight of an entire small world. It is really terrifying to the extreme.

At this time, all the defenses displayed by the three city lords were instantly shattered by the boundless bombardment of mountains and rivers.

First of all, the first city lord, that big man, was wearing ten thousand dragon armor made from the dragon scales of ten thousand dragons. All of a sudden, it was shattered inch by inch. His body also began to disintegrate. He let out a loud roar of extreme horror. .

The second city lord, the white-haired old man, also had cracks in the big five-element shield in front of him, and burst into pieces. The fragments produced by the explosion instantly pierced the white-haired old man's chest at close range, and blood flowed in his body.

As for the third city lord, that mature and beautiful woman, the kaleidoscope condensed around her body was shattered in an instant under the impact of the entire small world of boundless mountains and rivers, and her beautiful face also showed deep fear. , and then the entire body was shattered in an instant, and was directly blasted into a white skeleton and a red pink skeleton.

The boundless power of mountains and rivers is too grand, and the power of an entire small world is too terrifying.

The three city lords were all smashed to pieces at this moment.

At this time, Ye Feng's face was slightly pale.

It's because using Boundless Mountains and Rivers consumes too much.

But the performance is also extremely outstanding.

Three powerful city lords were killed directly.

"Swallow!"

Ye Feng didn't hesitate at all, and instantly released the Devouring Domain. The dark domain immediately enveloped the three dead city lords.

These three city lords are all at the tenth level of the Qiankun Realm and have reached the Great Perfection.

Although their combat power is not strong, because their inheritance, martial arts weapons, etc. are too stretched and backward.

But their cultivation level is at the tenth level of Qiankun Realm after all.

The skill is still very strong.

"Rumble..."

At this moment, huge amounts of skill energy were absorbed by the Devouring Domain, and then all injected into Ye Feng's body.

Ye Feng's cultivation suddenly underwent a huge transformation!

"boom!"

The first level of Qiankun Realm!

"boom!"

The second level of Qiankun Realm!

"boom!"

Qiankun Realm Third Heaven

!

Finally at this time, Ye Feng's cultivation breakthrough stopped.

At this moment, Ye Feng's eyes were extremely excited.

This time I really didn't come to this deep mountain mine in vain.

Not only did he get the inheritance of Master Qinglong and a Qinglong egg.

Moreover, he also devoured the skills of the three major city lords and increased his cultivation level a lot. ??

It can be said that it kills two birds with one stone!

At this time, Ye Feng immediately left this deep mountain mine and flew towards the distance.

Halfway through, Ye Feng looked at the map in his hand, and after identifying the direction, he flew towards the Northern Immortal Palace.

"I hope the Northern Immortal Palace is recruiting new disciples at this time, otherwise it may not be possible to enter."

Ye Feng was thinking secretly at this time.

Because the Northern Immortal Palace, the largest superpower in the northern land, has very strict rules.

Before the time for recruiting disciples, even if your cultivation level reaches the entrance standard, you will not be able to enter.

But Ye Feng can't care about that much now. He will go to the Northern Immortal Palace first. If it doesn't work, he will go to the Nature Temple to find Chen Xinxue and ask her to help.

Of course, Ye Feng is not a person who likes to trouble others.

So it depends on the situation then.

"Huh? That is?"

But when Ye Feng just left the deep mountain mines, he hadn't been flying for long.

He suddenly saw an ancient small village in the jungle below.

But this village had been completely slaughtered.

What surprised Ye Feng was.

The two sisters were standing at the entrance of this village that had been completely massacred, with dull expressions on their faces.

This pair of sisters are the same ones that Ye Feng had before

The pair of sisters who were rescued outside Tianhuo City.

Uh-huh!

Ye Feng instantly landed from high altitude, looked at the pair of sisters, and couldn't help but ask: "What happened?"

"It's the young master!"

When the two sisters saw Ye Feng, their eyes immediately showed surprise.

My younger sister was a little shy and frightened, but my elder sister took the initiative and immediately cried: "My sister and I returned to the village and found that everyone was killed. They must have been killed by thieves from the nearby Black Dragon Village. They specialize in burning, killing and looting. "

At this time, my sister suddenly spoke up: "Young master is very powerful! Can you become my and my sister's master, teach us how to practice, and give us strong power so that we can protect the villagers in the village!"

At this time, Ye Feng looked at the small village that had been slaughtered cleanly, with a cold look in his eyes.

What was originally a quiet and peaceful village with smoke curling up from cooking stoves suddenly turned into a hell on earth.

It has to be chilling.

At this time, Ye Feng looked at the two sisters and said: "Where is the Black Dragon Village? I am going to kill all those bastards! I will avenge these ordinary villagers who died!"

The sisters immediately led Ye Feng towards a certain direction.

On the way, Ye Feng also learned that these sisters were two girls taken in by the village chief's grandfather.

The elder sister is called Luo Xiner, who is more active and open, while the younger sister is called Luo Ling'er, who is more shy and shy.

At this time, Emperor Chu suddenly sent a message to Ye Feng in the storage ring: "These two little girls exude a very powerful temperament of the blood of the gods. If you become their master, maybe you will really succeed in the future." Raising two extremely powerful and peerless empresses."

When Ye Feng heard this, his eyes suddenly flashed slightly and he looked at the sisters beside him. It seemed that the origins of the two of them were very extraordinary.

Chapter 2239 The Great World

On the way, Ye Feng stared at the two sisters in front of him with a very solemn look in his eyes, and said loudly: "How can you two worship me as your teacher and enter the path of cultivation? It will be very difficult and you may have to endure very terrifying things. Pain, there will never be such a carefree life as before when you were mortals, are you still willing?"

When Ye Feng said this, the two sisters suddenly showed a trace of fear in their eyes.

It's a fear of the unknown.

But after thinking for a moment, the sisters made up their minds.

At this time, both the elder sister Luo Xiner and the younger sister Luo Ling'er had a very determined look in their beautiful eyes and said loudly: "Young Master, we have thought about it. From now on, we will follow the Young Master to practice. Although mortals cannot You are carefree, but no one knows when a sudden disaster will come. There is no power to stop it. But if you practice to become a strong person and have strong power, you can control your own destiny and protect what you want to protect. people."

Listening to the sisters talking, Ye Feng nodded slightly and said, "Okay, since you have made up your mind, I will accept you two as my disciples."

"Really?"

"Very good!"

At this time, the two sisters burst into surprise.

Because they know that Ye Feng is not an ordinary cultivator, but may be a peerless genius among the human race.

Both of them are good-for-nothing mortals, so they are afraid that Ye Feng will look down on them.

So when they heard that Ye Feng agreed to accept a disciple, the two sisters were extremely happy.

At this time, my sister Luo Xiner stared at Ye Feng with her beautiful eyes, and said sweetly: "My sister and I can usually take care of the young master's daily life, and we will serve him well."

When she heard her sister say this, her sister Luo Ling'er seemed to be overthinking something. A trace of red glow suddenly appeared on her shy and beautiful little face.

Ye Feng just smiled slightly and didn't think much about it.

The first reason why he agreed was because Emperor Chu said that these two girls both possessed the blood of the ancient gods. The second reason was that these two girls were indeed very miserable and now had no one to rely on.

Half a day later.

The three of them finally arrived at the territory of Black Dragon Village.

At this time, Ye Feng saw that there was a huge walled city among the mountains.

There are many vicious gangsters living in this walled city.

When the sisters saw the huge Black Dragon Village, they seemed to feel a deep evil aura, and their faces suddenly became pale and frightened.

Obviously, for them, a place like Black Dragon Village is definitely the Dragon Pond and the Tiger's Den, just like a terrifying hell.

But at this time, Ye Feng said to the sisters beside him: "Come with me to kill the enemy."

With that said, Ye Feng walked directly forward.

Although the sisters were scared, they thought of Ye Feng's powerful strength and immediately followed him.

Soon, Ye Feng arrived at the entrance of Black Dragon Village.

"Boy, who are you? This is the territory of our Black Dragon Village, hurry up and get out!"

At this moment, the two gangsters guarding the gate of Black Dragon Village suddenly shouted at Ye Feng.

"boom!"

But the next moment, Ye Feng just slapped his hand violently, and instantly blew away the two gangsters guarding the door.

Bang!

Bang!

The bodies of the two gangsters were smashed into the central square of Heilong Village like broken sacks.

Uh-huh! Uh-huh! Uh-huh!

At this moment, countless eyes from the entire Black Dragon Village were focused on the central square.

Countless gangsters were attracted at this moment.

When they saw the two gangsters guarding the door being blown away by Ye Feng, they fell to the ground and vomited blood, looking like they would not survive.

A group of gangsters from Black Dragon Village immediately became angry.

Terrifying evil spirits erupted from their bodies one after another.

"Boy! Who are you? You are so brave and dare to break into our Black Dragon Village?"

At this moment,

A gangster in black robe flew out immediately.

"See Third Brother!"

At this moment, many ordinary gangsters around them clasped their fists and shouted at the man in black robes.

Obviously, this man in black robes is the third oldest in the entire Black Dragon Village. His cultivation level is very powerful. The aura exuding from his body is clearly that of the tenth level of the Qiankun Realm, the Dzogchen Realm.

At this time, the third brother stared at Ye Feng, with a hint of contempt in his eyes, and said loudly: "Young man who has no breath but the third level of Qiankun Realm, tell me quickly the reason why you killed our janitor brother, otherwise you will go down. You will be killed by me in a moment!"

Ye Feng smiled indifferently and said: "I came here specifically to destroy your entire Black Dragon Village. Your Black Dragon Village is full of crimes around here, burning, killing, looting, and killing everyone."

"presumptuous!"

Hearing what Ye Feng said, the third brother's eyes instantly revealed a look of deep anger.

Boom!

Almost at this moment, the third brother suddenly burst out with a terrifying aura.

That is the powerful cultivation aura of Dzogchen, the tenth level of the Qiankun Realm!

"Crack, click, click..."

Almost at this moment, the ground around the third brother began to break rapidly, which showed how powerful his cultivation was.

"Hahaha! Third brother has taken action! No matter how powerful this kid is, he is still dead!"

"No, no, no, this boy will definitely not die so quickly. With Third Brother's nature, he will definitely be tortured to the point of suffering. Only in this way can we severely deter others from provoking our Black Dragon Village."

"That's right! Let's wait and see next! Let's see how this boy was tortured to death by our third brother, and there are two such beautiful girls behind this boy. It will be fine then, hehe."

...

At this time, countless gangsters in the entire Black Dragon Village building laughed out loud. Obviously, they had no fear of Ye Feng at all. They felt that Ye Feng was just an arrogant young boy, a passionate young man who didn't think about anything. , if you force your way into their Black Dragon Village at once, you will definitely die miserably.

At this time, a dark long knife appeared in the third brother's hand, with the roar of a black demon soul on the blade. It was obvious that this was a very powerful magic weapon.

The third brother slowly walked towards Ye Feng at the gate, with a cruel look in his eyes, and said loudly: "Boy! You are dead!"

Almost at this moment, the third brother held the black devil's sword in his hand and slashed towards Ye Feng fiercely.

"Hoo ho ho!"

Almost as soon as the third brother came out, countless black souls roared towards Ye Feng in an instant, which can interfere with people's spirit and soul, and make people's spiritual soul fall into endless darkness.

However, there was no fear in Ye Feng's eyes at this time, and he just punched forward fiercely.

He didn't even use any means, just punched out like that.

"Boom!!"

Almost at the next moment, a terrifying roar broke out on the field.

"Crack, click, click!"

The black magic sword in the third brother's hand was exploded by Ye Feng in an instant.

"What?!"

Seeing this scene, not only the third brother, but also countless gangsters around them suddenly widened their eyes, as if they couldn't believe what was happening in front of them.

They knew that the third brother of their Black Dragon Village was an extremely powerful man, but he was at the level of Dzogchen in the tenth level of the Qiankun Realm, and the black long sword in his hand was also a specially forged powerful magic weapon, at the Pure Yang level. , but he didn't expect to be smashed into pieces by a fist from that ordinary-looking human boy.

"What kind of body is this?!"

All gangsters can't help but have physical problems

He trembled a little, feeling that it was not a human boy at all, but an evil beast wearing human skin.

It's really terrible!

"Uh-huh!"

At this moment, the third brother realized that the boy opposite was extraordinary, and immediately retreated crazily towards the rear. .??.

But of course Ye Feng couldn't just let it go at this time and continued to punch hard.

"Boom!"

The terrifying fist suddenly hit the third brother's chest.

"Pfft!"

Along with the sound of broken flesh and bones, a bloody hole was punched out of the third brother's chest by Ye Feng's punch.

My heart is broken!

"ah!!"

In the entire field, the third brother suddenly let out an earth-shattering howl.

He only felt endless pain flooding his whole body, and his chest was instantly punched through, suffering fatal injuries.

"Third brother!"

"hateful!"

Almost at this moment, two figures once again flew out from the depths of Black Dragon Village.

They are a burly middle-aged man and a middle-aged man wearing a feather fan and scarf.

"See you big brother!"

"See second brother!"

At this moment, countless gangsters from the Black Dragon Village around them clasped their fists and shouted respectfully.

Obviously, the two middle-aged men who suddenly appeared were the core figures of Black Dragon Village, the eldest brother and the second brother.

Black Dragon Village is obviously jointly controlled by these three brothers.

At this time, the cultivation auras of the eldest brother and the second brother were indeed much stronger than that of the third brother.

The eldest brother is a strong man in the third heaven of the Pure Yang Realm who has surpassed the Qiankun Realm!

And the second brother is half a step into the Pure Yang realm!

The cultivation power of both of them is very powerful.

At this time, the eldest brother and the second brother saw that the third brother's body was penetrated, their eyes were full of deep shock and anger.

The elder brother instantly looked at Ye Feng, who was not far away, and said coldly: "Boy, who are you? With such a powerful combat power, who behind you ordered you to attack our Black Dragon Village?"

Ye Feng smiled indifferently, stared at the group of gangsters in front of him, and said loudly: "You, Black Dragon Village, think too highly of yourself. No big force will pay special attention to a small force like you. It's all because I want to destroy you, the most evil people." of gangsters."

"What a shame!"

The eldest brother's eyes were filled with deep anger in an instant.

He suddenly burst out with the terrifying cultivation aura of the third level of Pure Yang Realm!

"Blood Drinking Sword!"

A blood-red long knife appeared in the eldest brother's hand, and he slashed at Ye Feng fiercely.

This eldest brother is a strong man at the Pure Yang level, and the weapon in his hand is also a Pure Yang level magic weapon. When he attacks, the bloody sword light suddenly covers the entire sky, as if it can destroy the entire mountain range.

This attack is extremely terrifying.

Even Ye Feng felt a palpitation at this moment, as if the sword light was about to tear his body apart.

At this moment, Ye Feng did not raise his hand, but instantly took out the ice giant sword and slashed directly in front of him.

"Boom!"

A long river of ice blasted out from the giant ice sword in an instant, freezing all the bloody sword light in the sky.

"Pure Yang magic weapon!"

The eldest brother looked at the giant ice sword in Ye Feng's hand with a look of shock and anger in his eyes.

The human boy in front of him was still a little afraid of the eldest brother of Black Dragon Village.

Although the eldest brother of Black Dragon Village is fearless and a vicious gangster, he also understands that there are some powerful forces that cannot be provoked. The eldest brother of Black Dragon Village feels that Ye Feng may be from some super powerful force, otherwise

It is impossible to cultivate a young and promising genius like Ye Feng, whose combat power is really terrifying.

Seemingly seeing the hesitation of the eldest brother of Black Dragon Village, Ye Feng laughed out loud, "Brother of Black Dragon Village! Don't hesitate, I don't come from any super power at all. I am just a lonely person at the moment, so you can take action as much as you like. I want to see if I can beat a pure Yang realm third-level super master like you now!"

"Be bold!"

The eldest brother of Black Dragon Village heard the sarcasm in Ye Feng's tone and immediately shouted: "Even if you are the descendant of some super power today, I will kill you severely. You kid succeeded in irritating me." You must die today! Your wealth will also be plundered by me! And the two beautiful girls behind you will also become slaves of our Black Dragon Village!"

Boom!

At this time, the eldest brother of Black Dragon Village suddenly shouted: "Man and sword merge into one! Kill all living beings!"

Uh-huh!

Almost at the next moment, it was very miraculous that the eldest brother of Black Dragon Village and the bloody sword in his hand suddenly merged into one, directly turning into a huge bloody sword, which was thousands of meters majestic and full of unparalleled power. The power, the terrifying sword light spread tens of thousands of feet, almost touching the sky, and it suddenly struck down from high altitude, if it could split the entire tens of thousands of meters of land in half.

This terrifying sword light is simply terrifying to the extreme. This is definitely the most powerful method of the eldest brother of Black Dragon Village.

He was going to make a killing blow and completely kill this hateful boy Ye Feng.

All the gangsters in the Black Dragon Village were extremely excited. It was the first time that they saw their eldest brother in the Black Dragon Village display such an earth-shattering secret skill that would make ghosts and gods cry.

Facing the monstrous bloody sword light.

Ye Feng took a deep breath at this time, and a terrifying fighting spirit suddenly surged from his body, and he shouted instantly: "The fourth level of Panwu God! The world!"

Boom!

In an instant, Ye Feng unleashed the fourth level of Panwu God's terrifying attack that he had just realized.

The world!

The boundless mountains and rivers on the third level of Lord Panwu are only transformed into the power of a small world.

But at this moment, the fourth level of the Great Thousand World that Ye Feng is using is composed of thousands of small worlds overlapping each other, full of the power of the Great Thousand World, but it is vast and full of unparalleled pressure and momentum.

"Rumble..."

Almost at that moment, an earth-shattering, terrifying collision and roar erupted from the entire sky.

The aftermath of the horrific collision was simply terrifying, like a rolling river or ocean, spreading crazily towards the surroundings from high altitudes.

"Crack, click, click..."

The entire earth and mountains were shattered and destroyed in an instant. The scene was very scary, as if the end was coming. Everyone felt a sense of suffocation in the soul, and felt that the whole person was about to burst, and the soul is about to be drained out.

Although Ye Feng's cultivation is not as powerful as that of his elder brother from Black Dragon Village, the secrets of the Great Thousand World that he displayed at this time are really terrifying. Thousands of small worlds are superimposed together to form the Great Thousand World, and the pressure of the Great Thousand World, it was simply earth-shattering, shattering the mountains and rivers, and shaking the whole world.

"Boom!"

The sword light that seemed to be able to tear the entire world apart was shattered by the suppression of the Great Thousand Worlds. It was unable to withstand the terrifying power of the Great Thousand Worlds. The power of the Great Thousand Worlds also bombarded it in an instant. On the body of the eldest brother of Black Dragon Village.

"ah!"

Accompanied by a scream, the two eldest brothers of Black Dragon Village were instantly blasted down from high altitude, and hit the ground hard. In an instant, nearly a kilometer of land was shattered. Blood was vomited crazily in their mouths, and all the bones and bones in their bodies were broken. No one knows how many pieces of flesh and blood were broken.

"What?!"

At this moment, countless gangsters in Black Dragon Village saw this scene, their eyes were filled with deep horror and disbelief, and then deep fear and despair.

Chapter 2240 The Prince of Xuanwu Dynasty

quiet!

Deadly quiet!

At this moment, the entire Black Dragon Village suddenly fell into a deep silence.

No one expected that their extremely powerful Black Dragon Village eldest brother even displayed his strongest secret skill, but was still directly defeated by that ordinary-looking human boy.

And he was defeated miserably, simply crushed!

This made all the gangsters in Black Dragon Village have deep horror in their eyes.

Their bodies were trembling at this moment.

Because this human boy gave them such a terrifying feeling.

At this time, the second brother who had not taken action suddenly said: "Everyone, come on! This human kid just performed that terrifying attack, and you have exhausted all your strength, so we all come together now, for sure I can kill this kid!"

After the second brother finished speaking, more gangsters in Black Dragon Village all brightened their eyes.

yes!

The kid just used such powerful means to defeat their elder brother. He must have exhausted all his strength to produce such a powerful trump card.

"Kill!"

"Avenge the third brother and the eldest brother!"

At this time, all the Black Dragon Village gangsters roared loudly and rushed towards Ye Feng crazily.

What no one saw was that the second brother sneaked away towards the back at this time.

At this time, Ye Feng instantly released the Book of Wenzu, and then said: "Explode!"

boom!

boom!

boom!

Almost at the moment Ye Feng spit out these two words, the bodies of thousands of Black Dragon Village gangsters who rushed over the entire field exploded at the same time, directly exploding into countless blood mist, and the entire Black Dragon Village was instantly dyed. It became as red as a sea of blood.

"What?!"

The second brother, who was about to sneak away, saw this scene and was so frightened that his calves softened and he collapsed directly to the ground.

Ye Feng just smiled coldly. To deal with this low-cultivation human sea tactic, he didn't need to personally take action and waste time. He only needed to release Wenzu's book and follow the instructions.

At this moment, Ye Feng slowly walked up to his second brother who was lying on the ground, staring at the bandit from Black Dragon Village with a hint of joking in his eyes.

The second brother understood at this time that the young man in front of him was simply unstoppable.

The second brother immediately shouted: "Spare my life, sir!"

Poof!

But the next moment, Ye Feng stretched out one hand and stabbed the second brother like lightning, directly tearing his head into pieces.

Looking at the body of his second brother, Ye Feng's eyes were extremely cold: "This is the punishment you deserve."

At this moment, the two sisters not far away were stunned.

They never thought that the young master would be so powerful.

In just a few moments, the notorious Black Dragon Village was completely slaughtered.

At this time, Ye Feng looked at the two sisters not far away and said, "Go and search the buildings around Black Dragon Village. This Black Dragon Village must have a lot of wealth."

"Yes, sir!"

The sisters immediately nodded, and then headed towards the surrounding Black Dragon Village buildings to explore.

At this time, in the central square, Ye Feng suddenly released the Devouring Domain.

"Rumble..."

The dark and deep Devouring Domain, like a kingdom of darkness, instantly enveloped the surroundings, covering all the powerful men of the Black Dragon Village within it.

"Start devouring!"

Boom boom boom...

Suddenly, huge waves of blood energy were injected into Ye Feng's body.

Ye Feng immediately felt that his power was growing rapidly.

The blood energy of the strong men in this Black Dragon Village is still very good.

Mainly because there are so many people.

Moreover, the eldest brothers of Black Dragon Village, the second brother and the third brother, are not weak in cultivation, and the energy they provide Ye Feng is quite considerable.

At this time, Ye Feng's cultivation momentum suddenly began to increase dramatically.

"Boom!"

The fourth level of Qiankun Realm!

"Boom!"

The fifth heaven of Qiankun Realm!

"Boom!"

The sixth level of Qiankun Realm!

It was only then that Ye Feng's cultivation slowly stopped.

Ye Feng opened his eyes at this time, with divine light flashing in his eyes, and the aura on his body was extremely powerful.

At this time, Ye Feng suddenly broke through the third level of the sky, and his combat power was greatly improved.

Ye Feng's face was extremely happy. This time he came to Black Dragon Village to suppress bandits. He did not expect to gain such a huge harvest.

For Ye Feng, what he lacks most now is the growth of his cultivation.

After all, there are too many strong people in the entire northern land.

Not to mention the earth at the center of the God Realm.

There are definitely more horrors out there.

Therefore, the most important thing for Ye Feng now is to continuously accumulate skills and improve his cultivation.

After Ye Feng swallowed it, he found that two sisters not far away also came out with a group of people.

These people are old and young, and none of them have any fluctuations in cultivation. Although they are all mortals, they are slaves imprisoned by the Black Dragon Village.

There were hundreds of people, all of whom were rescued by the sisters.

Hundreds of mortals immediately knelt in front of Ye Feng and kowtowed.

He said aloud: "Thank you sir for your life-saving grace!"

Ye Feng smiled slightly, slowly raised his hand, and hundreds of people stood up involuntarily.

Ye Feng smiled and said, "Let's all go home."

"Thank you, sir!"

A group of hundreds of slaves wept with joy and left the Black Dragon Village.

At this time, more than a dozen storage rings appeared in the hands of the two sisters, all of which were handed over to Ye Feng obediently, and said loudly: "Sir, all the wealth of Black Dragon Village has been stored in these storage rings. among."

Ye Feng smiled and said: "Very good."

At this time, Ye Feng took out a set of basic skills from his storage ring, handed it to the two sisters, and said loudly: "You should practice these basic skills first, and then enter the first stage of cultivation."

Seeing that Ye Feng finally gave them basic training techniques, the two sisters suddenly showed deep joy on their faces.

They all bowed obediently and said loudly: "Thank you, Master, for the reward!"

Buzz!

And just when Ye Feng was about to leave with his two sisters, a very powerful aura suddenly descended from high in the sky.

It was a young man wearing a golden robe with dragon patterns. He looked majestic and majestic, with a hint of imperial aura. Although he was young, he gave people a very majestic feeling.

The cultivation aura of this young man in golden robe is similar to that of Ye Feng, and he is clearly a person from the sixth level of the Qiankun Realm.

And he is definitely not an ordinary warrior. He is a young genius who has the same extraordinary fighting ability as Ye Feng.

"Um?"

In fact, the moment this young man in golden robe appeared, he saw that the entire Black Dragon Village was destroyed, and his eyes suddenly showed a trace of shock. He couldn't help but look at Ye Feng and asked aloud: "This brother, Did you destroy Black Dragon Village?"

Ye Feng didn't know the identity of the other party, but he still nodded slightly and said loudly: "Yes, I destroyed the Black Dragon Village. Why, you want to plunder the wealth I got from the Black Dragon Village?"

"No no no."

The young man in golden robe seemed to be aware of Ye Feng's hostility. He immediately waved his hand and said with a smile: "I didn't mean that, and I don't have any hostility towards Xiongtai. Let me introduce myself first. My name is Xuan Wuji." , come to a super dynasty nearby, the Xuanwu Dynasty. I am the prince of the Xuanwu Dynasty. Our Xuanwu Dynasty is one of the ten affiliated dynasties of the Northern Immortal Palace. This time I brought the royal guards to destroy the Black Dragon Village. I want to I wanted to make some achievements, but I didn't expect that I was a step late and my brother destroyed the Black Dragon Village first."

Xuanwu Dynasty?

One of the ten affiliated dynasties of the Northern Immortal Palace?

Xuan Wuji, the crown prince of the Xuanwu Dynasty?

Ye Feng stared at the young man in golden robes in front of him.

The young man nodded slightly and said loudly: "It turns out that you are the prince of the Xuanwu Dynasty. No wonder I think you have extraordinary momentum, and your combat power is definitely extraordinary."

"Brother, that's ridiculous. Brother, you are so powerful. You can destroy the entire Black Dragon Village by yourself. I can't do that. I brought a lot of royal guards with me this time."

Xuan Wuji couldn't help but smile bitterly, then stared at Ye Feng, his eyes seemed to have a hint of admiration, and said loudly: "I guess, brother came here to worship the Northern Immortal Palace, right? ?"

Ye Feng nodded and said, "Yes, I am planning to join the Northern Immortal Palace."

Xuan Wuji immediately smiled and said: "The Northern Immortal Palace has not yet reached the time to recruit new disciples. If brother goes now, it is very likely that he will only be able to stay in the wilderness overnight and will not be able to enter the Northern Immortal Palace. However, I know the assessment of new disciples of the Northern Immortal Palace very well, because I am also preparing to participate in the next assessment of the new disciples of the Northern Immortal Palace. My brother's martial arts qualifications are absolutely amazing. I like him very much. I wonder if, as the crown prince of the Xuanwu Dynasty, I can invite my brother to visit our Xuanwu Dynasty, so that we can go to the Northern Immortal Palace to take the exam together."

When Ye Feng heard what Xuan Wuji said, he saw that the other party did not have any ill intentions, and he really needed a safe place now, a place with training resources, to practice the inherited Great Qinglong Creation Technique left by Master Qinglong.

So at this time, Ye Feng smiled slightly, stretched out his hand to Xuan Wuji, the crown prince of the Xuanwu Dynasty in front of him, and said with a smile: "Okay, nice to meet you."

When Xuan Wuji saw that Ye Feng agreed, he was quite happy at this moment. He felt that he had made a very powerful friend. He immediately stretched out his hand and shook hands with Ye Feng, and then faced Ye Feng and the person behind him. The two sisters said aloud: "You three, please follow me. The royal guards who are coming with me this time are waiting outside this mountain range. In addition to wiping out the Black Dragon Village, we are also preparing to hunt down a

powerful The evil beast goes back to give a gift to my father. You three don't need to take action. You can just watch our performance. After hunting that evil beast, we will return to the Xuanwu Dynasty. "

The sisters were following Ye Feng closely at this time, obviously following Ye Feng's orders.

Moreover, the two girls were admiring Ye Feng more and more at this time. The prince of the Xuanwu Dynasty, such a noble man, was so polite to Ye Feng.

Ye Feng smiled slightly at this time and said: "Okay, then I will take a look at the power of Brother Xuan and the royal guards of the Xuanwu Dynasty under your command."

Xuan Wuji laughed loudly: "Okay! Being able to make such a great friend as Brother Ye Feng this time is the biggest gain of my trip!"

I have to say that Xuan Wuji is very talkative and cheerful. He must be good at making friends and makes people feel comfortable when he speaks.

Ye Feng also felt that this person was a good friend.

Next, a group of people walked towards the outside of the mountains, preparing to meet the royal guards.
