Chapter 2241 Powerful Warship

For Ye Feng, it is a good thing to get to know the prince of Xuanwu Dynasty like Xuan Wuji.

After all, the opponent is one of the ten affiliated dynasties from the Northern Immortal Palace, and must be very familiar with the Northern Immortal Palace.

It should have many benefits for him to worship in the Northern Immortal Palace.

Moreover, Ye Feng has nowhere to go for the time being, so going to the Xuanwu Dynasty with Xuan Wuji is a good choice.

Before Ye Feng enters the Northern Immortal Palace, he wants to successfully practice the Great Azure Dragon Creation Technique he obtained from the Azure Dragon Cave.

And Ye Feng also needs to find a way to hatch the green dragon's egg.

This is Ye Feng's promise to a dead Qinglong mother.

Moreover, Qinglong has unlimited potential. After all, the royal bloodline of the Qinglong clan is extremely powerful.

At this time, Ye Feng followed Xuan Wuji to the outside of this mountain range.

At that time, he saw hundreds of guards wearing unified golden armor standing outside. All of them were very powerful in cultivation, and they all had an aura of iron-blooded killing. They were obviously from the land of blood and fire. The tiger and wolf masters who have been trained in the war must have amazing combat effectiveness.

As soon as Xuan Wuji appeared, a group of royal guards immediately knelt down on one knee and said in unison: "See His Highness the Crown Prince!"

Xuan Wuji smiled slightly and said to a group of golden armored guards: "Let me introduce to you, brother Ye Feng next to me. From now on, you must treat him as respectfully as you treat me. Do you understand?!"

I have to say that Xuan Wuji is still very good at life. Whether it is true or false, at least it makes Ye Feng feel quite decent.

At this time, a group of royal guards stared at Ye Feng, an ordinary-looking human race boy, with surprised expressions in their eyes, but their expressions changed slightly.

They didn't know who this human boy was, that his Royal Highness the Prince paid so much attention to him.

At this time, Xuan Wuji spoke up and said: "The Black Dragon Village has been destroyed. We will go directly to find that evil beast. We must capture that evil beast alive and then present it to our father at his birthday banquet." "Father."

"Yes, Your Highness the Crown Prince!"

A group of royal guards all spoke out one after another, with deep respect in their tone.

Xuan Wuji looked at Ye Feng beside him at this time, and suddenly took out a palm-sized warship from the storage ring and threw it high into the sky.

Boom!

The palm-sized warship immediately began to expand at high altitude, and finally formed a huge warship that could accommodate hundreds of people.

The aura fluctuations emanating from the warship have surprisingly surpassed pure Yang level magic weapons.

Ye Feng couldn't help but his eyes flashed, and he said loudly: "Brother Xuan's warship should have surpassed the Pure Yang realm, right?"

Xuan Wuji smiled slightly, with a hint of confidence on his face at this time.

Color, and said loudly: "Yes, this warship was forged by a very high-level weapon refining master of our Xuanwu Dynasty. Its level has surpassed the level of Pure Yang Realm. It is a magic weapon at the level of Ten Thousand Things Realm above Pure Yang Realm. And as long as there are enough divine crystals to provide power, the energy cannon on this warship can even blast out the power of a powerful person in the Ten Thousand Thousand Realms that surpasses the Pure Yang Realm!"

Above the pure Yang realm is the realm of all things!

At this moment, Ye Feng recognized a new powerful realm again.

At this time, Xuan Wuji smiled and said: "Brother Ye, let's board this warship together to find that evil beast."

"good."

Ye Feng flew directly to the warship with his two sisters.

At this moment, a group of royal guards also jumped on the warship and stood on the deck behind the warship. They were all wearing armor and holding strong weapons in their hands, and they were killing with iron blood.

Boom!

The next moment, Xuan Wuji came to the front of the warship, put his palm on the control rudder, and directly controlled the warship to fly deep into the distant jungle.

At this time, the huge warship was flying over the primitive mountains, which was very eye-catching.

But there are many ferocious beasts down there who dare not take action easily.

Because the energy fluctuations of the all-world level magic weapon emitted by this warship are so terrifying that many powerful monsters and other races do not dare to show their faces easily.

But there are also those who don't have long-sightedness.

"boom!"

Suddenly, from the far end of the sky, a giant eagle covered with pitch black scales rushed over.

The demonic energy fluctuations emanating from this jet-black giant eagle are very powerful, and it has the cultivation level of the tenth level of Pure Yang Realm!

It is definitely a ferocious beast at the level of dominance in this deep mountain forest!

"boom!"

The giant eagle roared, and the huge eagle claws looked like they were made of molten iron. They exuded a cold light under the sunlight, as if they could crush everything, and they immediately grabbed the huge warship. Coming, full of terrifying power and sharpness.

"Blast directly with the energy cannon!"

At this time, Xuan Wuji immediately gave the order, and a group of royal guards behind him immediately filled the radiant divine crystals into the energy grooves of the warship.

"Boom!"

A violent golden beam of light suddenly burst out from the muzzle of the energy cannon in front of the warship, piercing the void in an instant and shocking the pitch-black giant eagle rushing in front.

"puff!"

accompanied by a

There was a sound of flesh and blood breaking, and the left wing of the extremely powerful pitch black eagle was directly blasted through.

howl!

The dark giant eagle suddenly let out a miserable howl and immediately fell from the sky.

Xuan Wuji smiled coldly: "Humph, fight with me? No matter how powerful a group of uncivilized monsters are, they still can't defeat the weapons forged by our human wisdom!" ??

At this time, Ye Feng secretly smacked his lips, the power of this warship was indeed very powerful.

If it were me now, I might not be able to resist the pitch-black giant eagle from the tenth level of the Pure Yang Realm just now. Even if it was a bloody battle, it would be very difficult, and there might even be a danger of falling.

But under the energy cannon of this warship, one of the wings of the extremely ferocious black eagle was instantly pierced, and it directly suffered a devastating blow.

At this moment, more than a dozen royal guards on the warship immediately flew down, and soon flew up again. They used iron ropes to tie up the severely injured jet-black giant eagle and captured it.

At this time, Xuan Wuji looked at a pitch-black giant eagle whose wings had been shattered and pierced, with a look of pity on his face, and said loudly: "I could have trained this powerful giant eagle to become my natural monster, but It has suffered a devastating blow and is no longer of any use."

At this time, Xuan Wuji looked at Ye Feng behind him, and seemed to see that Ye Feng was looking forward to this dark giant eagle. He immediately smiled and said: "Brother Ye seems to be very interested in this giant eagle. Then I will give it to Brother Ye as a gift for meeting Brother Ye for the first time."

Hearing this, Ye Feng couldn't help but shook his head and said, "I can't accept Brother Xuan's gift casually, and this gift is really too big."

Xuan Wuji immediately laughed and said: "Brother Ye, there is no need to be so polite. I may need Brother Ye's help next time. After all, this mountain range is extremely dangerous."

Ye Feng thought for a moment and said, "Well, I really like this jet-black giant eagle."

Of course, Ye Feng doesn't like this pitch-black giant eagle, but the demonic essence in the body of this flying demonic beast is absolutely very powerful. If it is swallowed, it will definitely give him a huge improvement.

After all, this is a monster overlord whose cultivation is enough to reach the tenth level of Pure Yang Realm, Great Perfection!

Ye Feng temporarily put the severely injured and dying black eagle into his storage ring, and did not devour it in a hurry.

After all, I am not too familiar with Xuan Wuji and others now. I have that weird devouring ability, but it is better not to show it, otherwise it may cause unnecessary trouble.

At this moment, the huge warship suddenly stopped.

Xuan Wuji glanced in the direction of the mountains below, his eyes seemed to be a little expectant, and he said aloud: "It's finally here, I bought it from Tianji Palace

The news is that the legendary auspicious beast, the Ice Kirin, lives in this deep mountain. If it can be captured and presented to the father, the father will definitely be very happy. "

At this time Xuan Wuji said, already eager to give it a try.

But he knew that he could alarm the ice unicorn.

And for the time being, I don't know whether that ice unicorn's cultivation level is powerful or not.

Therefore, we must first plan the capture plan carefully.

At this time, Xuan Wuji immediately said to everyone: "We will land outside this mountain range first, put this warship away temporarily, and we will lurk directly into the mountains. We will first determine the location of the ice unicorn, and then secretly arrange it." A trapped formation, so that there is no fear of the ice unicorn escaping. "

At this time, a group of royal guards nodded one after another and flew down from the warship.

Ye Feng and his sisters also flew from the warship to the ground.

Xuan Wuji also landed on the ground at this time and put away the huge warship.

Ye Feng could see that this Xuan Wuji was not some useless second-generation ancestor, but a prince with a lot of strategy and his own will.

Such people still have a bright future.

However, Ye Feng didn't say much during the whole process. After all, capturing the ice unicorn this time was Xuan Wuji's plan, and Ye Feng was only responsible for watching their performance.

At this time, Xuan Wuji took out a very ancient compass from the storage ring, and then took out a piece of hair exuding cold air and placed it on the compass.

Seeing Ye Feng's gaze coming towards him, Xuan Wuji smiled and explained: "This hair is the hair of the Ice Qilin clan. This compass can determine the specific location of the Ice Qilin based on this hair."

When Ye Feng heard this, he immediately nodded slightly. It seems that the Xuanwu Dynasty's weapon refining technology is still very advanced, and it has produced various destructive and various magic weapons.

At this moment, Xuan Wuji was busy tracing the whereabouts of the Ice Qilin.

Ye Feng temporarily put the two sisters into his storage ring, so that if a large-scale battle broke out, the lives of the two sisters might be affected.

Ye Feng asked the two sisters to spend time in their storage ring space to comprehend the basic cultivation techniques.

The two sisters nodded vigorously and listened to Ye Feng's arrangements very seriously.

Put the sisters' flowers behind the storage ring.

Ye Feng had nothing to do at this time, and he also started to take out the set of Da Qinglong Creation Techniques he had obtained from Qinglong Cave Mansion.

All the secrets of Daqinglong's chemistry are recorded in a yellowed book.

Ye Feng started to look through it at this time, preparing to make full use of his time to understand the inheritance of this powerful Qinglong clan.

Chapter 2242 Two-Headed Unicorn

Daqinglong Creation Technique, this is a set of very powerful inherited skills of the Qinglong clan.

It must be said that Ye Feng was very lucky. In a bottomless mountain mine, he encountered a Qinglong Cave Mansion and received this powerful inheritance.

At this moment, Ye Feng was flipping through the yellowed book in his hand, and soon began to initially comprehend the Daqinglong Creation Technique.

Because Ye Feng's comprehension ability is very evil, basically all inheritances can be successfully cultivated quickly as long as they continue to comprehend.

At this time, Ye Feng began to realize that the initial stage of the Great Azure Dragon Creation Technique was to transform a part of his body into the body of the ancient Azure Dragon, which could unleash the majestic power of the Ancient Azure Dragon.

You know, the ancient Qinglong is one of the four great holy spirits in the world.

Every move has the energy to destroy the world.

Therefore, Ye Feng was quite pleasantly surprised at this time. He did not expect that this Great Azure Dragon Creation Technique could make him become a being like the ancient Azure Dragon, bursting out with monstrous power.

In the next few days, Xuan Wuji and a group of royal guards continued to shrink the encirclement.

In the past few days, Ye Feng, in addition to instructing the two sisters in the storage ring space on the basic training, has been constantly comprehending the secrets of the Great Green Dragon Creation Technique.

In addition, Ye Feng also secretly swallowed the pitch-black giant eagle that Xuan Wuji gave to him before.

This caused Ye Feng's cultivation level to skyrocket by two levels in an instant, and he rushed directly into the eighth level of the Qiankun Realm.

It has to be said that the demonic essence in the body of such a powerful overlord evil beast as the giant black eagle is so powerful, it has brought huge improvement to Ye Feng's cultivation.

At this time, Ye Feng achieved a breakthrough in his cultivation, and he also initially understood the Daqinglong Creation Technique.

Ye Feng's combat power is now many times stronger than when he first met Xuan Wuji.

And on the fourth day.

Xuan Wuji led a group of royal guards and finally stopped.

They locked onto a small canyon in this mountain range.

After searching, the ice unicorn should be in this small canyon.

"Deploy a large locking formation, don't let that ice unicorn escape."

At this time, Xuan Wuji spoke to a group of royal guards around him.

"Yes, Your Highness the Crown Prince."

A group of hundreds of royal guards spoke out one after another, and then they took out formation materials one by one from their respective storage rings and began to quickly arrange them around.

In just half a day, the formation was successfully set up.

The entire canyon was surrounded by formations.

"The formation is activated!"

Suddenly at this time, Xuan Wuji roared.

boom!

A huge golden formation immediately lit up around the entire canyon.

This golden formation is like an extremely strong golden metal cover that surrounds the entire canyon space. It is very hard and cannot be broken through at all.

"Come on!"

At this moment, hundreds of royal guards wearing golden armor rushed into the canyon.

"Boom!"

Suddenly, from the depths of the canyon, a unicorn that was hundreds of meters tall rushed out!

This unicorn's scales and hair all seemed to be made of ice. It exuded an extremely cold aura, and its eyes were like ice crystals, making it look very magical.

Sure enough, the ice unicorn lives in this canyon.

Xuan Wuji was extremely happy. He immediately piloted his powerful warship and flew to the high altitude of the canyon. He ordered to the Royal Guards below: "You will trap this ice unicorn in a small area. I will use the battle The ship's energy cannon comes to bombard this ice unicorn."

At this moment, Xuan Wuji gave the order instantly.

"boom!"

"boom!"

One by one, the royal guards activated the power of the golden armor they were wearing, and each one seemed to have turned into a robot that was not afraid of death. They instantly rushed towards the ice unicorn, using the weapons in their hands to strike. Drive the ice unicorn away and keep it in a very small area so that Xuan Wuji can aim and shoot on the warship.

"boom!"

Xuan Wuji activated the energy cannon on the warship.

A golden beam of light instantly blasted out from the muzzle of the energy cannon. It was like a golden lightning that pierced down from high in the sky and hit the ice unicorn hard.

"Bang!"

The ice unicorn suddenly shook its body and almost fell to the ground.

"good!"

Xuan Wuji immediately laughed and said, "Come again!"

It has to be said that this ice unicorn is still very powerful, and its scales and membranes are also extremely strong. It was able to withstand the attack of the energy cannon on the warship without being seriously injured immediately.

The strength of this ice unicorn's body definitely surpasses that of the Pure Yang Realm and is an existence at the level of the Ten Thousand Thousand Realms.

At this time, Xuan Wuji continued to bombard the energy cannon.

The golden light beams all poured down and bombarded the ice unicorn.

No matter how strong the Ice Kirin's body is, it is still exhausted after being bombarded many times at this moment.

And there are hundreds of powerful royal guards surrounding it, interfering and attacking it.

Seeing that the ice unicorn was about to fall to the ground from exhaustion.

"Roar!!"

But suddenly at this moment, an earth-shattering roar suddenly came from the depths of the canyon.

"Why are there still beast roars?"

At this moment, the group of masters who were capturing the ice unicorn couldn't help but change their faces slightly.

They instantly looked toward the depths of the canyon, and their eyes suddenly showed a hint of panic.

"Boom, boom..."

At this time, there were waves of earth shaking sounds.

A huge creature with its whole body burning with flames appeared in everyone's field of vision in an instant.

This behemoth is also a unicorn.

But it is a flaming unicorn.

And its body size is much larger than that of the ice unicorn.

Nearly twice as big!

This shows that the strength of this flame unicorn is definitely much stronger than the ice unicorn.

"Ho ho ho!"

The moment the Flame Qilin appeared, the Ice Qilin, which was about to be seriously injured, immediately shouted for help towards the taller Flame Qilin.

At this moment, the flame unicorn roared angrily and spit out

A large blaze.

"ah!"

"ah!"

Suddenly, the armors on each of the Royal Guard soldiers were on fire, and they all screamed.

"hateful!"

When Xuan Wuji saw this scene from high in the sky, his expression turned ugly and he activated the energy cannon on the warship.

"Boom!"

A golden beam of light instantly blasted out from the energy cannon, hitting the flame unicorn hard at once. ??

"Deng Deng Deng!"

The flame unicorn was hit, and its huge body immediately couldn't help but take several steps back, and a lot of the flames burning on its body were extinguished.

It has to be said that the energy cannon cast on this powerful warship controlled by Xuan Wuji is really powerful.

"Roar!"

But suddenly, a pair of flame-condensed wings sprouted from the back of the flaming unicorn, and it suddenly rushed high into the sky.

boom!

The huge flame unicorn's claws directly grabbed the warship.

"Click."

This claw was so terrifying that it shattered the energy cannon on the warship in one fell swoop.

"Oops!"

Xuan Wuji was immediately shocked when he saw this scene, and quickly displayed his powerful inheritance.

"Xuanwu Magic!"

boom!

A huge Xuanwu shadow appeared around Xuan Wuji, guarding him.

"boom!"

But the flame unicorn possesses extremely terrifying power, and its huge claws struck hard in front of Xuan Wuji, beating Xuan Wuji back and even spurting blood from his mouth.

If it weren't for the Xuanwu shadow around Xuan Wuji guarding him, Xuan Wuji might have been killed by the flame unicorn.

"Brother Ye!"

At this moment, Xuan Wuji immediately shouted to Ye Feng who was watching the performance below: "Brother Ye, help me quickly, I'm going to die!"

Ye Feng immediately flew into the sky, an extremely powerful aura erupted from his body, and he punched out, colliding hard with the huge claws of the flame unicorn.

"boom!!"

Suddenly, a terrifying collision sounded in the sky.

Boom! !

This collision shattered the void in an instant.

This moment.

Ye Feng and the flame unicorn both took several steps back.

"sharp!"

At this time, Xuan Wuji couldn't help but give Ye Feng a thumbs up.

Because he knew how powerful this flaming unicorn was, its power was so terrifying that even his warship was somewhat unable to withstand it.

But now, Ye Feng relied on the power of his body to give the flaming unicorn a head-on blow, and both sides were evenly matched.

At this time, Xuan Wuji couldn't help but stare at Ye Feng's body, and couldn't help but admire: "Brother Ye, I didn't expect that such a thin body like you could burst out with terrifying power comparable to wild beasts!"

At this time, Ye Feng stared at the flame unicorn not far away and waved his hand, feeling that his palm was a little numb.

This flaming unicorn is still very terrifying, and the power of its body is really extremely powerful.

When Ye Feng was observing the Flame Qilin, the other Flame Qilin, this evil beast, with its eyes burning with flames, was also staring at Ye Feng. It seemed very strange why this little human boy, that little His body can actually emit huge brute force that can overwhelm his Qilin clan.

"Roar!!"

The next moment, the flame unicorn roared, became fierce, and continued to rush towards Ye Feng.

"Gem of Brute Strength!"

At this time, Ye Feng wasted no time and directly used the Brute Force Gem to fuse it in his palm.

"Boom!!"

Immediately, Ye Feng's palm was filled with the power of the brute force gem, and it was suddenly filled with infinite brute force, like the palm of an ancient god, which instantly fell from the sky.

"Boom!!"

The power of this palm is really terrifying. After all, the super power of the brute force gem is forged. Even if it is a behemoth like the Flame Kirin, it is hit by Ye Feng's palm at this moment, and its entire body is beaten all at once. It cracked open, screamed, and fell from the sky.

"So powerful!"

At this moment, everyone on the field couldn't help but exclaimed.

This huge unicorn beast in the wild jungle is extremely powerful. Everyone saw the ferocious look of the flaming unicorn just now.

But in the end, Ye Feng slapped him down from high altitude, which was really powerful.

"powerful!"

"Incredibly strong!"

At this time, even Xuan Wuji, the Crown Prince of the Xuanwu Dynasty, couldn't help but exclaim in surprise.

He found that he still underestimated Ye Feng.

Once Ye Feng's true power broke out, it would be truly earth-shattering, and the entire place would be subdued in an instant.

Xuan Wuji even felt that this was not Ye Feng's true ultimate strength.

"Brother Ye may be countless times more powerful than I imagined."

At this time, Xuan Wuji's eyes were filled with surprise, and he felt that the friend he had made this time was definitely the most valuable friend he had ever made in his life.

Uh-huh!

At this moment, Ye Feng landed from high altitude.

Standing in the canyon.

At this time, Ye Feng looked at the wailing flame unicorn on the ground with a hint of surprise in his eyes.

Even Ye Feng himself did not expect that his palm, which was fused with the brute force gem, could burst out with such powerful and terrifying power. He severely injured this terrifying flame unicorn with just one slap.

But considering that the Brute Force Gem is the Gem of the Gods, it seems reasonable to think about it.

After all, every gem of the gods contains the power of the legendary immortal master.

At this time, Xuan Wuji flew down from the sky, with excitement in his eyes, and said to Ye Feng: "Brother Ye, thank you very much this time. If you hadn't taken action, I'm afraid we would have all been killed by that flame. The unicorns were wiped out, but I didn't expect that there were two unicorns living in this small canyon."

Ye Feng smiled and said: "I'm going to practice first, and you can slowly capture the ice unicorn."

After speaking, Ye Feng grabbed one of the flame unicorn's claws and pulled the huge beast toward the rearmost area of the canyon.

He was preparing to devour the blood and demonic energy of this flaming unicorn. It must be very strong and he couldn't wait any longer.

Chapter 2243 Method of incubation

Ye Feng dragged the flame unicorn's huge body and soon arrived at the deep area of the canyon.

For Ye Feng, the body of this flaming unicorn contains very majestic energy, which is of great benefit to his cultivation.

When Ye Feng came to the deepest part of the canyon, he saw that the deepest part of the canyon was a very remote place. There were some fiery red crystals growing on the surrounding rocks. They seemed to be fire unicorn crystals.

After all, the fire unicorn, a special auspicious beast in the world, will invisibly change the environment of the world where it lives, and can grow some special crystals or medicinal materials.

At this time, Ye Feng released the sisters in the storage ring and said, "You guys are looking for some special medicinal materials and crystal stones in the deep area of the canyon and let them collect them. These things have no effect on me." , because they are too low-level, but they are still very useful for you warriors who have just started practicing. After you collect them, you can use them to improve your cultivation skills. "

When the two sisters Luo Xiner and Luo Ling'er heard what Ye Feng said, their beautiful eyes suddenly showed joy. They quickly bowed to Ye Feng and then quickly searched around.

At this time, Ye Feng felt relieved and began to press his palms on the huge fire unicorn's body, and then directly released the Devouring Domain.

"Boom!"

A large area of dark devouring territory immediately enveloped the entire Fire Qilin's body.

"Rumble..."

The next moment, the extremely majestic skill was directly absorbed by Ye Feng, and then injected into Ye Feng's own body, becoming Ye Feng's own skill.

At this moment, Ye Feng could feel that his cultivation skills were rapidly increasing.

"Boom!"

The ninth level of the universe!

"Boom!"

The tenth level of Qiankun Realm!

Finally, Ye Feng's cultivation stopped.

Ye Feng opened his eyes at this time, his expression showing deep joy.

Unexpectedly, this flaming unicorn would allow him to break through the sky twice in a row.

It can be said to be a great supplement!

At this moment, the two sisters Luo Xin'er and Luo Ling'er had also finished mining the surrounding resources and came back one after another.

\u003c

br\u003e Ye Feng took the sisters out of the deep area of the canyon.

Ye Feng came back to the canyon, and he saw that Xuan Wuji had led a group of royal guards to capture the ice unicorn.

At this time, Xuan Wuji saw Ye Feng coming out, and he immediately greeted him happily and said, "Brother Ye, since everything here is over, let's go back to the Xuanwu Dynasty directly."

Ye Feng smiled and nodded and said: "Okay, I just happened to go and see the style of a super dynasty like the Xuanwu Dynasty. After all, it is one of the ten dynasties affiliated with the Northern Immortal Palace. It must be very prosperous."

...

Next, Xuan Wuji released his warship, letting everyone speed away in the direction of the Xuanwu Dynasty.

In less than half a day, they had arrived at a very prosperous place.

This is the Xuanwu Dynasty!

Countless tall buildings stand on the ground, looking majestic and spectacular.

At this time, Xuan Wuji directly drove his warship and arrived outside the imperial city of the Xuanwu Dynasty.

Xuan Wuji spoke up and said to Ye Feng beside him: "We cannot fly directly in the imperial city of our Xuanwu Dynasty, so we need to land outside the imperial city and then enter the imperial city."

Ye Feng smiled and said: "It doesn't matter, this also shows the vigilance of your Xuanwu Dynasty, which is good. A powerful force must be on constant vigilance in order to develop and grow."

At this time, Xuan Wuji smiled and nodded, and then brought Ye Feng and the two sisters to the imperial city.

Xuan Wuji was the prince of the Xuanwu Dynasty, and he came directly to the palace.

Soon he arranged Ye Feng and the two sisters to live in a luxurious palace in the palace.

This kind of luxurious palace in the royal palace costs a lot of money, and it is absolutely impossible for ordinary people to live in it.

But Xuan Wuji arranged Ye Feng here, which was equivalent to being treated as a state guest of the Xuanwu Dynasty. This shows that Xuan Wuji attaches great importance to Ye Feng.

Originally Xuanwu

Ji Ji didn't pay much attention to Ye Feng. He just felt that he and he were both peerless geniuses and equal to himself.

However, Ye Feng severely injured the Flame Qilin with a slap in the canyon, which instantly changed Xuan Wuji's view of Ye Feng. Xuan Wuji, the prince of the Xuanwu Dynasty, now has incomparable admiration and respect for Ye Feng.

After living in this luxurious mansion, a pair of sisters were very happy and delighted, because they had never lived in such a luxurious place.

The sisters excitedly walked around the entire luxurious mansion. Finally, they stopped after Ye Feng reminded them to practice hard.

At this time, Ye Feng was sitting cross-legged next to a rockery and flowing water, consolidating his newly achieved breakthrough.

In addition, Ye Feng is also studying the Daqinglong Creation Technique, striving to understand it to a higher level.

Ye Feng could imagine that after he understood all the creation blood of the Great Azure Dragon, he could transform any part of himself into the body of the ancient Azure Dragon at any time.

At that time, every move and every part of the body will have the power of the ancient blue dragon. If coupled with the fusion of brute force gems, what kind of terrifying power can be unleashed?

Anyway, it's absolutely terrifying!

Next, Ye Feng noticed the egg of Lord Qinglong in his storage ring.

"We have to find a way to hatch this green dragon egg."

Ye Feng murmured in his heart.

In the next few days, Ye Feng rested and practiced in the luxurious mansion in the palace.

With the two sisters taking care of him, Ye Feng's life can be said to be very comfortable.

This makes Ye Feng feel that sometimes it is quite good to have people by his side.

However, Ye Feng did not regard the two sisters as his maids. He had regarded the two girls as his own sisters, otherwise he would not have been able to teach them to practice in person.

Luo Xiner and Luo Ling'er, a pair of sisters, are still very beautiful. Now, under the special dressing of the maids in the palace, the two sisters exude a charming atmosphere and are very pleasing to the eye.

On this day, Ye Feng asked his sister Luo Xiner to notify

Ask Xuan Wuji, the crown prince of the Xuanwu Dynasty, to come see him and come to him if he has anything to do.

Luo Xiner immediately went to notify Xuan Wuji.

Xuan Wuji, the crown prince of the Xuanwu Dynasty, may not pay much attention to other people, but he is extremely concerned about Ye Feng's news.

At this time, he learned that Ye Feng had something to do with him, and Xuan Wuji immediately came to the luxurious mansion.

Ye Feng asked directly: "Brother Xuan, do you know if there is any way to hatch the eggs of some special creatures? For example, I have a dragon egg in my hand, and I don't know how to hatch it."

Xuan Wuji heard what Ye Feng said, and after thinking for a while, he said: "It is not an easy task to hatch the eggs of a powerful race like the Dragon Clan. It requires some rare treasures from the world to hatch them. , By the way, our Xuanwu Dynasty will soon hold a secret underground auction. At that time, many merchants from all over the northern land will come to auction their goods. Brother Ye can participate together, and maybe he can find the hatched dragon. The world of eggs."

"The royal family's underground auction?"

Ye Feng's eyes showed a trace of surprise, then nodded and said: "Okay, the Xuanwu Dynasty is one of the ten dynasties in the Northern Immortal Palace. There should be a lot of good things in the underground auction. You can go and take a look then. , even if you can't get the treasure of heaven and earth that hatched the blue dragon egg, you may be able to get other precious treasures at the auction."

When Xuan Wuji heard what Ye Feng said, he immediately said happily: "Okay, since Brother Ye is willing to go, then I will make arrangements."

Xuan Wuji left.

At this time, Ye Feng looked at the pair of sisters and said with a smile: "Let's go together then. It will just happen to show you the auction in the spiritual world. You probably haven't participated in it either."

Now that he has accepted the sisters Luo Xin'er and Luo Ling'er as his disciples, Ye Feng will naturally not ignore them. In practice, sometimes it is not only about practicing martial arts, but also about seeing various things in the world of cultivation.

When Luo Xiner and Luo Ling'er heard Ye Feng say that he would take them with him, the sisters' faces suddenly showed a look of joy.

They have really never participated in an auction in the spiritual world, and they are looking forward to it. It must be very interesting and fun.

Chapter 2244 Zhenbei Palace

For Ye Feng, he has participated in too many auctions in the spiritual world.

He also knows the routines very well.

Generally, the good things at auctions are basically pre-ordered.

However, since this is the royal underground auction of the Xuanwu Dynasty, which brings together many famous treasure dealers in the northern land, there should be a lot of good things, and Ye Feng is also very interested.

Moreover, Ye Feng also wants to hatch the green dragon egg as soon as possible and cultivate it to grow up. Firstly, it is a promise to the deceased Azure Dragon Master, and secondly, once a green dragon is cultivated to maturity, it will definitely be able to explode. Very powerful force.

Ye Feng is still looking forward to this.

time flies.

It was night in a blink of an eye.

Outside the door of the luxurious mansion where Ye Feng lived, a tall guard, fully armed and wearing golden armor, came.

It was Xuan Wuji, the prince's close combat bodyguard.

At this time, the golden armored guard immediately clasped his fists towards the luxurious house and said: "Master Ye Feng, according to the prince's instructions, the royal underground auction of our Xuanwu Dynasty will begin soon. It will be held tonight. I will take Master Ye Feng forward."

Ye Feng heard the sound outside the door of the mansion and immediately said with a loud smile: "Okay, wait for me outside, I will come out right away."

Next, Ye Feng took the sisters out of the luxurious mansion and saw the tall guard wearing golden armor outside.

"Master Ye Feng, please come this way!"

The tall golden guard immediately led Ye Feng towards the outside of the palace.

This royal underground auction of the Xuanwu Dynasty was actually not in the palace, but in the outside area.

Obviously, the palace is the core place of the Xuanwu Dynasty, and it is impossible to easily allow people from all over the world to enter.

Soon the tall golden guard brought Ye Feng and a pair of sisters to a huge shop in the imperial city.

They quickly walked into the shop, and there was a hidden compartment. After pressing it, a hidden door opened immediately.

At this time, the tall golden guard said respectfully to Ye Feng: "The underground auction is behind this door. Lord Ye Feng just needs to keep walking down here."

Ye Feng looked at the door behind the secret compartment in surprise. It seemed that this underground auction was really very hidden. Ordinary people might not be able to participate. Only senior people could participate.

At this time, Ye Feng smiled and said: "Okay, I understand, you can go back to the palace."

"Yes, Lord Ye Feng."

The royal guard wearing golden armor immediately clasped his fists, turned and left.

At this time, Ye Feng took the sisters and walked into the hidden door. Then he instantly saw that behind the entire hidden door, a very luxurious underground space was built.

In this underground space, there is a huge

's auction house.

When Ye Feng walked in, he immediately saw many other people coming here, all sitting on the seats next to him.

The cultivation auras of these people participating in this underground auction are all very obscure and powerful. There are strong men from human races and strong men from other alien races.

At this time, Ye Feng and his sisters found a random place to sit down.

He wanted to see what kind of precious treasures would appear in such a hidden auction.

"I hope something good will appear, otherwise it will really be a waste of time."

Ye Feng secretly murmured in his heart.

At this time, the pair of sisters beside them were watching everything around them with great curiosity, but their small bodies were very close to Ye Feng, almost touching Ye Feng's. On the arms, because it was the first time for the sisters to come to such a chaotic situation, they were still a little scared in their hearts. Only Ye Feng could give them a sense of security.

In response, Ye Feng just smiled slightly and hugged the two sisters, one on the left and the other on the right. This made Luo Xin'er and Luo Ling'er look slightly ashamed, but they did not resist. Instead, they felt safer and warmer. .

Many people around saw that Ye Feng, a young master, came to the auction with two beautiful maids to serve him. Many people around him had envious looks in their eyes.

At this moment, an old man with white hair appeared on the high platform in the middle of the auction.

The aura of cultivation emanating from this white-haired old man turned out to be a powerful man at the level of all things that surpassed the Pure Yang Realm!

Obviously this is a very powerful existence, and he is also the host of this auction.

If the host's cultivation level is not strong, it will not be able to scare all the experts present at the auction.

However, the white-haired old man looked very kind. At this time, he looked around with a smile and said: "Now that everyone has arrived, the auction will begin. This time the auction will still be hosted by the old man. We are underground Everyone is also very clear about the rules of the auction. Anyone who dares to take the initiative to snatch it will be killed directly by me. There will be no mercy. Therefore, when precious treasures appear, everyone must suppress their inner impulses. "

After finishing speaking, the white-haired old man clapped his hands somewhere beside him.

Immediately, beautiful maids dragged jade plates from the surroundings onto the high platform. On each jade plate, there were round pills, exuding a strong medicinal fragrance.

The white-haired old man said with a smile: "The first round of auction is the elixir auction. Every elixir on these ten jade plates was refined by me personally. It is the elixir of the level of all things realm. There are three of them." An elixir is of great benefit to body-refining warriors.

There are three elixirs that are of great benefit in improving your cultivation skills. There is also the last elixir, which is my masterpiece. It is called the "Life and Creation Pill". It can restore a seriously injured person to his peak state in an instant. It has incredible effects. The recovery ability, I call it the Holy Pill of Healing. "

After the white-haired old man finished speaking, the entire field immediately attracted a lot of fiery glances.

Some auctioneers immediately started shouting.

"I will offer 30,000 divine crystals to auction the three pills that can improve your cultivation skills!"

"I will pay 70,000 yuan to auction the holy healing medicine, the Life and Fortune Pill!"

"You want to buy the Life and Fortune elixir refined by Master Mo for 70,000 yuan? That's ridiculous! My Zhenbei Palace directly offered 1 million to buy all these elixirs."

The moment the words fell, many people present couldn't help but show surprise in their eyes.

They all looked in the direction from which the sound came, and found several people wearing noble clothes conducting an auction.

Those are the masters of Zhenbei Palace!

The Zhenbei Palace was a powerful aristocrat with a royal title in the imperial city of the Xuanwu Dynasty, with a very solid foundation.

So when Zhenbei Palace said it wanted to buy these elixirs, many people immediately stopped bidding because they were very afraid of Zhenbei Palace's power.

Seeing that everyone had stopped bidding, the faces of the experts from Zhenbei Palace suddenly showed a hint of aloofness.

But at this moment, a young man's voice suddenly sounded: "I am also very interested in these elixirs. I am willing to bid 1.5 million divine crystals to purchase all these elixirs at the level of all things." "

What?

Almost at the moment when the voice fell, everyone in the entire field looked towards the direction where the young man's voice came from.

Their eyes showed deep shock. Who is so bold as to dare to bid with the masters of Zhenbei Palace under the spotlight?

Doesn't he want to live anymore?

Swish, swish, swish!

Swish, swish, swish!

Almost at this moment, everyone's eyes were focused on a remote corner of the auction.

They immediately saw a boy sitting next to a pair of cute sisters, who were bidding.

The boy is naturally Ye Feng!

Ye Feng is naturally very interested in these elixirs that can improve cultivation and increase physical strength.

Because Ye Feng wanted to improve his skills, swallowing these high-level pills was the best choice.

As for the divine crystal, this kind of monetary crystal has little improvement effect for Ye Feng, so it is most cost-effective to use it all to buy elixirs.

"I even brought two beautiful girls to serve at the auction. This is

This young man must be the son of a big family, to be so arrogant and dashing. "

At this time, many people couldn't help but speak out secretly.

They guessed that this young man must be a playboy from some big family, so he was so free and easy.

At this time, people from the Zhenbei Palace saw Ye Feng, and immediately a master couldn't help but said: "Boy, these pills have a huge effect on our Zhenbei Palace, I hope you can reorganize your Language, don't bid with us, give our Zhenbei Palace some face, otherwise the consequences will be quite serious, huh."

At this time, the master of Zhenbei Palace said these words, which can be said to be a straightforward threat.

Ye Feng didn't care about this at all. He looked at the master of Zhenbei Palace and said with a smile: "Why should I give you Zhenbei Palace face? These pills are also very useful to me. Why should I?" Give it to you? Are you more noble? "

Wow!

The moment Ye Feng said these words, the entire audience was immediately shocked by Ye Feng's domineering and arrogant words, and the entire audience was a little excited.

"What?"

"This kid actually dares to say the word "get out" to our Zhenbei Palace?"

"Presumptuous! Arrogant! So bold!"

Almost at this moment, the group of masters from the Zhenbei Palace immediately erupted with terrifying murderous intent, rushing towards Ye Feng.

"stop!"

But suddenly at this moment, the white-haired old man who was presiding on the high platform suddenly burst out with a powerful aura at the level of the Ten Thousand Things Realm. In an instant, he completed the tenth level of Pure Yang Realm in Zhenbei Palace. The murderous aura of the strong man was suppressed.

The white-haired old man spoke out: "Friends from the Zhenbei Palace, I hope you can abide by the rules of our underground auction and do not take action in the auction. This is a rule. Even if you are from the Zhenbei Palace, you still need to abide by our underground auction rules." The rules of the auction are that the one with the highest price gets the treasure. This is an eternal rule."

When a dozen masters from the Zhenbei Palace heard what the white-haired old man said, they seemed to know the other person's temper. They immediately clasped their fists and said, "Senior, please calm down, it's us who are impulsive."

At this time, more than a dozen masters from Zhenbei Palace suppressed the murderous aura in their bodies.

But they looked slightly toward the back where Ye Feng was sitting, their eyes full of ruthlessness, and it was obvious that they would not let Ye Feng go.

"This kid will probably be brutally killed by the masters of Zhenbei Palace as soon as the auction ends and he walks out of the auction."

"There will definitely be something good to watch then."

At this time, many people in the entire auction couldn't help but talk loudly.

As for the fierce look in the Zhenbei Palace and the various comments from the people around him, Ye Feng didn't bother to listen at all. He just closed his eyes to rest and continued to wait for the next auction item.

Chapter 2245 The Final Treasure

Less than a moment.

An auction staff member dressed in black had already delivered the ten pills to Ye Feng.

Ye Feng readily paid 1.5 million divine crystals to collect these ten precious elixirs at the level of all things.

At this time, the auction staff did not leave, but secretly approached Ye Feng's ear and whispered: "The people in the Zhenbei Palace probably won't spare you. Does this young master want to hire a super expert from our auction?" After the auction is over, I will escort you back to your own power."

Ye Feng looked at the auction staff in surprise. He didn't expect that this underground auction would have such a bodyguard service.

Ye Feng just smiled and said: "Thank you for your kindness at the auction. I don't need it. If those people from Zhenbei Palace dare to rob me, I will definitely let them know what regret is."

Hearing Ye Feng's firm words at this time, the auction staff could only smile bitterly and shake their heads.

It seems that he feels that Ye Feng is too confident. After all, the opponent is the Prince of Zhenbei and has a profound background. The dozen or so strong men are all at the Dzogchen level of the tenth level of the Pure Yang Realm, which is extremely terrifying.

But since Ye Feng himself said it didn't matter, the auction staff had no choice but to leave.

At this moment, Ye Feng continued to pay attention to the next auction.

While paying attention, Ye Feng began to refine several high-level pills he had just bought.

After secretly swallowing and refining them all, Ye Feng's cultivation level immediately improved tremendously.

He actually directly broke through the current cultivation level, from the tenth level of Qiankun Realm to the half-step Pure Yang Realm!

You know, ordinary elixirs, pure Yang realm elixirs, have no effect on improving Ye Feng's skill at all, and they are just a drop in the bucket.

However, these elixirs at the level of all things that were auctioned are still very effective and have profound medicinal power.

Ye Feng instantly broke through to the half-step Pure Yang realm.

However, the last pill was a healing pill. Ye Feng did not swallow it, but waited for it to be used to save his life in critical moments in the future.

After all, there is a healing elixir that can instantly restore full strength.

, for anyone, it is equal to an opportunity to survive again in the critical moment of life and death.

There are still many good things appearing in the next auction.

To Ye Feng's surprise, the ninth auction item turned out to be a demon magic weapon that can specifically breed ancient demon beast eggs and hatch small demon beasts. It is a small tower with an ancient formation imprinted in it, which can Hatch monster eggs safely and quickly.

There were no bids on this small tower. After all, few people could use this special magic weapon.

Even some strong men from the demon clan would choose to hatch their children themselves instead of using this magic weapon to hatch them.

In the end, Ye Feng bought this small tower that could hatch eggs very cheaply. He only spent 3,000 divine crystals. He had to say that he was very lucky.

After getting the small pagoda, Ye Feng did not hesitate at all and immediately put the green dragon egg left by the mother of Lord Qinglong into the small pagoda.

Buzz!

Ye Feng could see that the moment the Green Dragon Egg was placed in the small tower, a magic circle lit up in the inner space of the small tower, and began to emit a strange and warm atmosphere. The light began to breed the Green Dragon Egg.

I have to say, this scene is very magical.

And Ye Feng could feel that life was beginning to fluctuate in the Green Dragon Egg.

A little life is about to hatch.

This made Ye Feng very happy.

It's like my own child is about to be born.

This is a brand new experience and feeling that Ye Feng has never had before.

Very strange.

at this time.

On the high platform.

The white-haired old man suddenly spoke up: "Today's auction is almost coming to an end. Next will be the three final items of the auction. They are all treasures. Everyone is optimistic."

The final treasure!

After the white-haired old man finished speaking, he immediately attracted the attention of countless people present.

In the entire auction venue, there are thousands of experts sitting densely packed. Powerful people from various regions are all focusing their attention on the high platform at this moment.

Many powerful people came to this underground auction mainly to bid for the final treasure. Many powerful people simply looked down upon many of the previous items.

“Finally it’s time for the grand finale auction!”

At this moment, Ye Feng also showed a trace of expectation in his eyes.

For this kind of auction organized by the royal family of the Xuanwu Dynasty, the treasure that can be used as the finale should be extraordinary.

At this time, after the white-haired old man finished speaking, he saw the look of expectation in the eyes of many strong men on the field. He nodded with satisfaction, and then walked to the backstage of the auction in person, seemingly to pick up the three final items. treasure. .???.??

In less than a moment, the white-haired old man walked out from the background again.

At this time, he already had three storage rings in his hand.

The white-haired old man said with a smile: "First, let's take a look at the first of the three finale treasures."

After saying that, the white-haired old man directly activated the storage ring in his hand.

Buzz!

Following a burst of space fluctuations, the first treasure contained in the storage ring instantly appeared on the high platform in front of the white-haired old man.

"Roar!!!"

Immediately afterwards, an earth-shattering roar instantly resounded throughout the auction venue.

Many warriors with weak cultivation and weak willpower even turned slightly pale when they heard the roar.

"That is....."

At this time, countless people's eyes were focused on the high platform.

The first finale treasure turned out not to be some panacea or magic weapon, but a living giant demon wolf!

This demon wolf has an extremely majestic and huge body, several people tall, and is covered with jet black hair.

scales, a pair of wolf eyes exuding blood-red light, looking extremely ferocious, and the huge wolf claws seemed to be made of steel, shining with a cold metallic light, and seemed to be able to tear everything apart.

The aura of cultivation on this demon wolf is impressively the aura of the half-step Ten Thousand Realm level that has surpassed the Pure Yang Realm!

"It turned out to be a powerful demonic beast that is half a step above all realms!!!"

"It is worthy of being an auction under the royal family of the Xuanwu Dynasty. The background is so profound that it can actually capture alive a powerful monster that is half a step into the realm of all things."

"If this demon wolf were released into the wild forest outside, it would probably become the overlord of the demon beasts."

...

At this moment, there was a gasp of air throughout the auction.

But the most calm person at this time was Ye Feng.

Because he is not very interested in this so-called monster.

Even if you buy it, you can't tame it by yourself.

But at the next moment, the white-haired old man said: "Listen up, everyone, this demon wolf that is half a step into the realm of all things is called the 'Blood Demon Demon Wolf'. It has the blood of the ancient wolf king in its body, and also has the blood of the Blood Demon clan." Bloodline is a hybrid demon wolf. Not only is it highly cultivated, but its combat power is also very amazing. The most important thing is that this blood demon wolf is a tamed demon wolf. You don't need to buy it back and then think of ways to tame it. You just need to buy it. If you get this blood demon wolf, I will give you the demon soul token to control this blood demon demon wolf. With the demon soul token in your hand, you can control this blood demon demon wolf at will, which will become a huge help to you. "

"Um?"

"Demon Soul Token?"

"Direct control, no need to tame it yourself?"

When the white-haired old man finished speaking, many experts' eyes lit up and their breathing became a little rapid.

This is a powerful blood demon wolf that is half a step into the realm of all things. If you can buy it, you will instantly have a super master to protect you.

Even Ye Feng, who was originally not interested, suddenly brightened his eyes and looked towards the extremely ferocious Blood Demon Wolf on the high platform.

Chapter 2246 Physical Improvement

At this moment, in the entire auction venue, the eyes of countless people were focused on the huge and majestic Blood Demon Wolf.

Their eyes showed deep anticipation and enthusiasm.

Because the strength of this blood demon wolf is really too powerful.

You must know that the true combat effectiveness and lethality of this ferocious monster is much stronger than that of human warriors of the same realm.

So at this time, everyone wanted to get this blood demon wolf by bidding.

Even some powerful people who originally didn't care much about the auction began to pay attention to it at this time.

Many people are eager to try, obviously wanting to auction this powerful and ferocious Blood Demon Wolf.

At this time, Ye Feng looked at his storage ring, with a wry smile on his face.

After buying elixirs and some medicinal materials to supplement my cultivation, I don't have much left of my wealth. ??

I guess I can't compete with those big forces with deep financial resources.

Sure enough, the next bidding price for the Blood Demon Wolf was raised to 10 million divine crystals. It was a staggering price. It was really a sky-high price.

In the end, the blood demon wolf was purchased by the people of Zhenbei Palace at a huge price.

Ten million divine crystals can be said to have consumed almost all the wealth brought by Zhenbei Palace this time.

But the masters of Zhenbei Palace were very happy.

Because they got a blood demon wolf that is half a step into the realm of all things. After bringing it back to Zhenbei Palace, and then cultivating it, they might be able to make this blood demon wolf completely break through to the real realm of all things. By then, Zhenbei Palace will be like With the addition of a super master at the level of all realms, his foundation is even deeper.

At this time, the white-haired old man on the high platform continued to pick up the second storage ring and said with a smile: "Let's continue to look at the second finale treasure."

Buzz!

At this time, the white-haired old man opened the space channel for the second storage ring, accompanied by a faint space fluctuation.

On the high platform, a golden round bead suddenly appeared, emitting a strong golden light and looking very magical.

"What is this?"

"What kind of magic weapon?"

At this time, everyone's eyes showed deep doubts.

At this time, the white-haired old man immediately explained with a smile: "Everyone, listen up, this is the relic of the legendary ancient Buddha. The holy power of the Buddha contained in it is very pure, and it has extremely strong power over the body of any living being. Great tempering effect."

At this time, when many experts heard the words of the white-haired old man, their eyes suddenly showed surprise.

That round bead emitting strong golden light turned out to be the relic of an ancient Buddha. No wonder everyone felt a kind of pure Buddha power.

At this time, Ye Feng suddenly stared at the golden relic with a look in his eyes.

Showing a deep fiery look.

If this relic can be obtained, the holy power of the Buddha in it will definitely greatly improve one's body.

At this moment, Ye Feng took out all the divine crystals in his storage ring.

After Ye Feng took stock, he found that he actually had nearly six million divine crystals in total.

Moreover, there are also some magic weapons, secret manuals, etc. obtained from normal battles that I no longer need, which should be able to be exchanged for a lot of divine crystals at the same price.

At this moment, the white-haired old man on the high platform said: "The second final treasure, the relic of the ancient Buddha, an ancient thing used to temper the body, has a starting price of one million divine crystals."

After saying that, there was no sound of bidding for a moment.

There was no fiery atmosphere at all like the blood demon wolf that was auctioned just now.

Because this ancient Buddha relic is specially used to temper the body, many practitioners have no use at all, and it is completely useless.

I am afraid that only some practitioners who specialize in physical training will be interested.

As for some powerful alien races, such as the demon race, the silver armor race, the golden demon race, etc., they will not auction the relics, because the holy power of the ancient Buddha in the relics is simply poisonous to these alien races.

So at this time, there were really too few people in the entire auction venue who wanted to get this relic.

After a while, some wandering warriors, who specialized in body training, offered one million and one million divine crystals.

Many powerful people are too lazy to auction this relic because the price is too expensive, and after buying it, it has no other use than training their subordinates. It is simply useless.

The second finale treasure caused an upset on the field, which the white-haired old man did not expect.

This made the white-haired old man who hosted the auction a little embarrassed.

At this time, Ye Feng spoke up: "One hundred and one million divine crystals, buy this relic."

Ye Feng directly added 100,000 divine crystals, and immediately no one else bid.

Because it's not cost-effective.

Many people looked at Ye Feng and thought that this guy had money but no place to spend it, so he bought a relic that was as worthless as chicken ribs.

"This kid is probably a rich young man from a big family. He specializes in buying useless things. For example, the little tower used to hatch beast eggs was completely useless. This kid was very excited and bought it directly."

At this time, many people looked at Ye Feng with a hint of ridicule.

A group of experts from the Zhenbei Palace that Ye Feng had offended before looked at Ye Feng and smiled disdainfully.

They can deal with this kind of waste boy at any time.

Many people saw Ye Feng's delicate appearance and had no idea that Ye Feng was a body refiner.

Everyone felt that Ye Feng chose to buy this relic just because he was curious.

No one will raise the price again.

The white-haired old man on the high platform could only sigh and said: "This ancient Buddha relic was auctioned by the young master for a price of 1.1 million divine crystals."

One million and one million divine crystals.

There is a huge price gap between the price of the first 10 million God Crystal Blood Demon Wolf.

At this time, although Ye Feng looked very calm on the surface.

But he was already happy inside.

With an ultra-low price of more than one million, I directly won the relic of an ancient Buddha.

It's so profitable! .???.??

A piece of this legendary ancient Buddha relic can definitely give Ye Feng a huge increase in body strength.

Ye Feng has not forgotten that his biggest trump card is his powerful Chaos Body.

Only by constantly improving your Chaos Body and awakening more powerful bloodline talents can you reach the pinnacle level of the entire God Realm.

A moment later, an auction staff member quickly delivered the relic to Ye Feng.

Under the stunned gazes of countless people at the auction venue, the moment Ye Feng got the relic, he directly swallowed the golden relic.

This made everyone present twitch their mouths.

"This kid is really weird..."

Many people shook their heads and laughed.

And at this moment.

Ye Feng swallowed the relic.

He immediately felt that the strength of his body was evolving rapidly.

Wave after wave of golden Buddha's holy power began to merge into every inch of Ye Feng's bones and every piece of flesh and blood, and continued to grow.

Even this ancient holy power of the Great Buddha has incredible nourishing effects, and is even integrated into the tiniest and most microscopic cells of Ye Feng's body.

The holy power of the golden Buddha passes through the cell membrane and integrates into the cytoplasm, organelles, nucleus and other parts of the cell, constantly nourishing and improving it.

The energy in the relics helps Ye Feng increase his life intensity, strengthen his body and constitution, and improve his life level from the deepest level of his life.

This moment.

The strength of Ye Feng's chaotic body immediately began to increase.

"boom!"

The second level of the early stage of the fifth heaven of the Chaos Body!

"boom!"

The third level of the early stage of the fifth heaven of the chaotic body!

"boom!"

The fourth level of the early stage of the fifth heaven of the chaotic body!

"boom!"

The fifth level of the early stage of the fifth heaven of the chaotic body!

...

In the end, Ye Feng's Chaos Body powerhouse, nourished by the holy power of the ancient Buddha from this relic, was finally promoted to the third level of the Chaos Body's mid-fifth heaven!

It has evolved to a whole new level!

From the first level in the early stage of the fifth heaven, it has transformed to the third level in the middle stage of the fifth heaven!

It can be said that this is a huge improvement!

"Buzz!"

At this moment, Ye Feng saw that a faint golden light began to appear on the inner layer of his skin, shining all the time, looking very magical, as if it was blessed with holy light.

At this time, Ye Feng clenched his fists and could feel the explosive power contained in his body.

Now Ye Feng seems to have no change on the surface, and his cultivation level has not improved, but his body strength has increased by a whole level. From the early stage to the mid stage, his overall combat power has definitely increased many times.

Ye Feng was very happy. This time he came to this auction and gained something, and the gain was quite big.

"Everyone, what I want to show you next is the third finale treasure. This is also the last treasure in this auction. You will definitely not be disappointed."

At this time, the white-haired old man's voice suddenly sounded from the high platform.

Although the second finale treasure relic encountered an unexpected auction.

But the ugly expression on the white-haired old man's face just now has returned. The smile on his face at this moment clearly shows that he is very confident about the last treasure.

"What will the last grand treasure be? I'm really looking forward to it."

"I guess it may be a very high-level ancient magic weapon. I still vaguely remember that the last treasure in last year's auction was an ancient magic weapon at the extraordinary level that transcended the realm of all things. It has terrifying power."

"I don't think it's necessarily a magic weapon. I haven't heard that the search team at the auction dug up any precious magic weapons for auction. It might be some kind of high-end medicinal materials, or a top-quality elixir refined by Master Mo."

...

At this moment, all the experts in the entire auction venue were talking about it, and their voices were full of expectations.

At this moment, Ye Feng also focused on the storage ring in the hands of the old man on the high platform, and was also looking forward to what the last treasure would be.

Originally, Ye Feng thought that he would run out of money if he auctioned the relics.

But I didn't expect that I bought the relic for 1.1 million in the end, and I was so lucky.

So at this time, Ye Feng still has sufficient funds in his hands.

He wanted to see if he needed the last treasure. If it was a good thing, he would try to bid for it. After all, these rare treasures were not available everywhere.

Such rare treasures can only appear in some large auctions.

Chapter 2247 Leaving the Auction

And just when everyone is expecting it.

The white-haired old man on the high platform nodded with great satisfaction, obviously very satisfied with the heated atmosphere in the audience.

He slowly activated the storage ring in his hand.

Buzz!

Accompanied by a violent spatial fluctuation.

A fist-sized crystal suddenly appeared in the hand of the white-haired old man.

The white-haired old man smiled and said: "This crystal is not an ordinary crystal, but the inherited crystal of a powerful person in the extraordinary realm. And it is not an ordinary inherited crystal. It is the inherited crystal of that powerful person in the extraordinary realm." The complete inheritance is all engraved in this crystal stone."

At this moment, the moment the white-haired old man finished speaking, the whole place suddenly started to boil. .???.??

At this moment, everyone's eyes were filled with deep passion and expectation, and they were instantly fixed on the inheritance crystal in the hand of the white-haired old man.

A strong man in the extraordinary realm!

That is a powerful existence that transcends the level of all realms!

The powerful people in the extraordinary realm are definitely among the top-level existences among the ten affiliated dynasties.

Even in the Northern Immortal Palace, the dominant force in the northern land, warriors at the Transcendent realm are definitely considered first-rate masters.

The inheritance crystal of such a super powerful person.

Naturally, all the experts present could not contain their excitement.

And according to what the white-haired old man said, what is imprinted in this inheritance crystal is the complete inheritance of a powerful person in the extraordinary realm.

In other words, in the inheritance crystal, there is a complete set of inheritance of a super strong person at the extraordinary level, including skills, supporting martial arts, etc.

It is many times more precious than ordinary inheritance crystals!

Seeing the excited eyes of everyone present, the white-haired old man suddenly smiled and said loudly: "This is a complete set of inheritance crystals for a powerful person in the extraordinary realm. There is no need to doubt its authenticity, because this is a powerful person in the extraordinary realm. The descendants of the family asked us to auction it at the auction. The powerful family of the extraordinary realm has declined, and their descendants are now having problems with their lives, so they put this inheritance crystal of their ancestors up for auction, so the price It's a bit high, the starting price is five million divine crystals!"

Almost at this moment, everyone couldn't help but gasped.

I didn't expect the starting price to be so high!

You must know that the starting price of the two final treasures was only one million divine crystals.

At this moment, many wandering warriors fell silent.

Because they simply do not have the financial resources to auction this inheritance crystal.

However, many powerful people, including some noble families of the Xuanwu Dynasty, had deep excitement in their eyes at this moment, and they seemed to want to snatch and buy this inheritance crystal.

If you can buy this inheritance crystal, it is very likely that

He directly created a powerful person in the extraordinary realm that surpassed the level of all realms!

If a certain family can give birth to a powerful person in the extraordinary realm, it will definitely become a powerful family in the northern land.

So at this time, all the major forces in the auction were eager to give it a try and began to compete crazily.

"I, the Tiannan Sword Sect, offer six million divine crystals!"

"I, the Demon Sect, bid seven million!"

"I, the Beiyue family, bid eight million, please give our Beiyue family some face!"

"Screw you! How can I give you any face at this time? I, the Ninth Prince of the Black Tiger Dynasty, bid 10 million divine crystals!"

...

At this moment, the competition in the entire auction venue was extremely intense.

In less than a moment, the auction price for this heritage crystal stone had been increased to 10 million!

And know that this might just be the beginning.

Ye Feng couldn't help but smile bitterly when he heard the bids made by the strong players on the field.

These big forces and noble families are really rich.

In less than a moment, it had reached more than 10 million.

Ye Feng knew that he had no way to participate.

Because Ye Feng's wealth is limited.

However, although Ye Feng is quite interested in this so-called inheritance crystal of a powerful person in the extraordinary realm, he is not so excited about it.

After all, after he has entered the Northern Immortal Palace, as long as he keeps working hard, let alone the powerful people in the extraordinary realm, he can finally obtain the inheritance of levels above the extraordinary realm.

Ye Feng is not as interested in something that cannot improve his cultivation in a short period of time as he imagined.

At this moment, Ye Feng was no longer interested in who got the last inheritance crystal.

Because it can never fall into your own pocket.

So Ye Feng left the auction venue without waiting for the bidding to end.

Although no one participated in the bidding for the final treasure, Ye Feng was very satisfied when he came to this underground auction tonight.

Not only has his cultivation level been improved, but his physique has also been greatly improved, and he has also received a special magic weapon that can hatch blue dragon eggs.

This is already the biggest gain.

The trip was not in vain.

At this time, Ye Feng left the auction venue with his sisters and walked towards the palace in the imperial city of Xuanwu Dynasty.

But he didn't wait long for Ye Feng to leave.

sudden

Suddenly, a group of people slowly walked towards the end of the street in front of them.

"Zhenbei Palace!"

When Ye Feng saw this group of people, his eyes immediately moved.

This group of more than a dozen strong men with the tenth level of Pure Yang Realm are exactly the group of masters from Zhenbei Palace.

At this time, a group of masters from the Zhenbei Palace had murderous intent in their eyes, and they said loudly: "Boy, you actually dared to compete with us for those precious pills at the auction. You are really too brave. , we can't take action against you in the auction venue, but now you actually leave the auction venue alone, then I can only say that you are dead. "

At this time, another master also laughed sarcastically and said: "If you hired a master from the auction venue to escort you back, maybe we wouldn't dare to take action against you, but we didn't expect you to dare to leave alone, then we will If I want to kill you, I will rob you of all your wealth."

At this time, Ye Feng looked at the two sisters behind him, smiled and said: "Wait for me here, I will go and kill these so-called masters of Zhenbei Palace."

"presumptuous!"

Seeing Ye Feng's extremely casual and seemingly contemptuous behavior, more than a dozen masters of Zhenbei Palace became furious in an instant.

They immediately stared at Ye Feng and said with a cold smile: "Boy, I don't know who gave you the courage to speak to us like this. The cultivation level you exude is only half a step into the Pure Yang realm. And we are a dozen strong people at the level of the Great Perfection of the Tenth Heavenly Realm of Pure Yang. You, a weakling, dare to go against us. You are so naive. We can crush you to death with one hand."

At this time, a master of the tenth level of Pure Yang Realm from Zhenbei Palace came out in an instant, looked at Ye Feng, and said with a very contemptuous smile: "Boy, you don't need the help of my other companions, I can do it all by myself. I can crush you to death."

Boom!

At this time, this master of the tenth level of Pure Yang Realm rushed towards Ye Feng in an instant. He didn't even use any martial arts inheritance or use any weapons or magic weapons. Instead, he really grabbed Ye Feng with one hand and acted like a His expressions were extremely contemptuous, as if he really thought he could crush Ye Feng to death in an instant.

But at this time, Ye Feng just smiled indifferently and casually stretched out a hand to pat the front.

"Boom!"

The strength of the Chaos Body has just been improved, and Ye Feng's slap does not need to be fused with the Brute Force Gem at all, it can directly explode with tremendous power.

"boom!!"

Accompanied by a huge roar, Ye Feng's slap seemed to contain infinite power, full of unparalleled impact and destructive power. It suddenly knocked out the Pure Yang Realm Ten from Zhenbei Palace who rushed over. The Zhongtian master's entire arm was shattered in an instant.

"ah!"

This master of the tenth level of Pure Yang Realm immediately let out a shrill howl.

With an unbelievable look in his eyes, he stared at his broken arm, with blood and flesh flying everywhere.

The master of the tenth level of Pure Yang Realm never expected that such a powerful realm would collide with Ye Feng, a boy who was only half a step into Pure Yang Realm, and he would be injured as a result.

And he was injured extremely seriously.

He was directly hit hard.

"This guy is awesome!"

At this moment, after losing an arm, this master of the 10th level of Pure Yang Realm suddenly woke up and started to retreat immediately, because he felt that Ye Feng must be the kind of peerless genius with terrifying combat power.

At this time, a group of more than a dozen experts from the Zhenbei Palace had expressions of surprise in their eyes.

They never thought that their companion was a whole level higher than that human kid, but in the end, he couldn't beat that human kid, and one of his arms was directly broken. It was really terrifying.

"Let's go together and kill this kid immediately. Don't waste time."

At this moment, the leading expert from Zhenbei Palace suddenly spoke out.

"OK!"

"This kid is probably some kind of talented human being with strong fighting ability."

"No matter what, if a dozen of us, the tenth level of Pure Yang Realm, take action together, this kid will definitely die even if he goes against the will of heaven."

Boom boom boom!

Boom boom boom!

Almost at this moment, more than a dozen Pure Yang Realm tenth-level masters from the Zhenbei Palace all made powerful moves.

Their attacks were very fierce and showed no mercy, and they even directly used their most powerful killing moves. Sometimes it could be seen that they attached great importance to Ye Feng at this moment.

In an instant, more than a dozen terrifying attacks swept through, full of powerful destructive power.

"Ten Thousand Demon Sword Jue!"

"The Great Technique to Reversal the Universe!"

"Great shift of heaven and earth!"

"Chang Hong Guan Sun Sword Technique!"

"Dark Invasion!"

"Tearing Heaven and Earth Hands!"

"Cang Long Ancient Jiao Jin!"

...

Almost at this moment, more than a dozen masters from Zhenbei Palace all launched their most powerful killing moves.

These terrifying destructive powers are enough to instantly severely injure or even kill a strong man in the Ten Thousand Thousand Realm who transcends the Pure Yang Realm.

After all, it was a dozen strong men from the tenth level of the Pure Yang Realm who took action together, and their power and destructive power were still very terrifying.

Chapter 2248 Extremely ecstatic

At this moment, facing those dozen terrifying attacks, Ye Feng's eyes showed no fear.

But at this moment, Ye Feng did not stand up to the attacks of more than a dozen strong men with cultivation levels at the tenth level of Pure Yang Realm.

He immediately unleashed all his strength, and a terrifying fighting spirit boiled over instantly.

At this moment, Ye Feng decided to use the power of the Daqinglong Creation Technique to fight against a dozen strong men of the tenth level of Pure Yang Realm.

"The Great Azure Dragon Creation Technique!"

"Transform into an ancient green dragon!"

Boom!

Almost at this moment, Ye Feng's palm, together with his entire arm, suddenly expanded into a towering and huge blue dragon claw and arm, full of unparalleled power, bursting out the green dragon divine power of the ancient blue dragon.

Ye Feng fiercely waved the cyan dragon claw and arm, and instantly hit the attacks of a dozen strong men in front of him. .??.

"Boom!"

Suddenly, a terrifying roar erupted in the entire sky, resounding throughout the night sky.

"Crack, click, click..."

What frightened the group of Zhenbei Palace masters was that under the bombardment of the cyan dragon claw transformed by Ye Feng, all the energy attacked by their dozen Pure Yang Realm tenth-level masters were completely destroyed by the attack. Destroyed.

"What?!"

"Who is this kid? How can he have such powerful combat power?!"

"He is only half a step into the Pure Yang Realm, but he can actually go head to head with more than a dozen of us who are at the Tenth Heavenly Perfection Level of the Pure Yang Realm, without even falling behind. How did he do this? I have never seen it before I've never seen such a terrifying young man!"

At this moment, all the masters of Zhenbei Palace could not help but exclaim.

"Pfft!"

And just when they were shocked, Ye Feng rushed forward in an instant. His green dragon claws were like the sharpest weapons in the world. In one fell swoop, he tore the body of a master from Zhenbei Palace into pieces. , the night sky is stained with blood.

"This kid is beyond our ability to deal with!"

At this moment, a master from the Zhenbei Palace shouted loudly: "Zhang Yang, quickly release the Half-Step All-World Realm Blood Demon Wolf we obtained at auction and kill this kid!"

"yes!"

The master of Zhenbei Palace named Zhang Yang suddenly activated his storage ring at this moment.

In an instant, a majestic blood demon wolf appeared in front of Zhang Yang.

Then a demon soul token appeared in Zhang Yang's hand, which could be used to control the blood demon wolf.

"Roar!!"

Accompanied by an earth-shattering roar, the blood demon wolf instantly charged towards Ye Feng, and its huge wolf claws fiercely tore off Ye Feng.

"Boom!

!"

With a huge roar, Ye Feng suddenly collided with the blood demon wolf with his cyan dragon claws, and then Ye Feng couldn't help but take several steps back.

"What a powerful force! It's worthy of being a blood demon wolf who is half a step into the realm of all things! It's really powerful!"

Even Ye Feng was a little shocked at the power of this blood demon wolf.

"good!"

"Great! Control the Blood Demon Wolf and force this kid to kill!"

At this moment, seeing the Blood Demon Wolf repelling Ye Feng, all the Zhenbei Palace masters couldn't help but shout in surprise.

But Ye Feng didn't have the slightest fear at all. Instead, he stared at the blood demon wolf in front of him with a cold look in his eyes, and said with a cold smile: "Since we are fighting for strength, then I will satisfy you!"

Brute force gem!

In an instant, Ye Feng immediately integrated the brute force gem among the gems of the gods into his own cyan dragon claw.

"Boom!"

Almost at the next moment, with the blessing of the brute force gem, Ye Feng suddenly felt that his cyan dragon claw was filled with infinite power, and it struck forward fiercely.

"Boom!!"

No matter how powerful the blood demon wolf is, it is still somewhat unable to withstand the attack of Ye Feng's cyan dragon claw that is fused with the brute force gem at this moment.

The blood demon wolf was sent flying to the ground by Ye Feng's slap after slap, smashing a large area of the ground.

"What?!"

Seeing that the Blood Demon Wolf was suddenly beaten so hard by Ye Feng that he could not even lift his head, the expressions of surprise on the faces of all the masters of Zhenbei Palace suddenly turned into extreme astonishment.

"Wasn't the Blood Demon Wolf able to repel a kid in an instant just now? Why is that kid suddenly becoming so brave and invincible now?"

At this moment, all the masters of Zhenbei Palace couldn't figure out why Ye Feng suddenly had such powerful power.

Because they probably never imagined that Ye Feng had a gem of the gods that could infinitely increase his brute strength.

Therefore, even if a higher-level monster competes with Ye Feng based on pure brute force, it will eventually be defeated by Ye Feng.

"Run!"

"This kid is so weird and powerful that there is no way to deal with him!"

"Let's go back to Zhenbei Palace as soon as possible and let the powerful elders in Zhenbei Palace take action!"

...

At this moment, more than a dozen masters from Zhenbei Palace were a little frightened and quickly fled towards the distance.

"There's no escape!"

Ye Feng suddenly spoke coldly at this moment. He was already determined to kill these masters from Zhenbei Palace.

"One Qi transforms three pure things!"

At this moment, Ye Feng instantly separated into three clones of himself, which had the same cultivation and power as his original body.

In an instant, the four Ye Feng rushed forward, and then burst out with powerful power.

"Boom!" .??.

"Boom!" .??.

"Boom!" .??.

One by one, slaps filled with infinite power crashed down from the sky.

"ah!"

"ah!"

"ah!"

Suddenly, screams rang out throughout the dark night.

All the masters of the tenth level of Pure Yang Realm in Zhenbei Palace were killed by Ye Feng and his clones.

The body was shattered and he died instantly.

"Swallow!"

The next moment, Ye Feng directly released the Devouring Domain, covering the dozen or so Pure Yang Realm tenth-level masters from Zhenbei Palace in his Devouring Domain, and then crazily devoured all their skills. and blood energy.

"Rumble..."

Almost at this moment, Ye Feng suddenly felt that his attack had been greatly improved again.

These masters of Zhenbei Palace are all powerful beings with the tenth level of pure Yang realm. Their skills are naturally extremely profound, and their blood energy is also extremely powerful and pure. For Ye Feng, it is simply Great tonic.

Ye Feng's cultivation momentum immediately began to break through.

Even though Ye Feng is now at the level of the half-step pure Yang realm.

The energy required to break through the big realm is terrifying.

But at this time, under the accumulation of energy from more than a dozen masters of the tenth level of Pure Yang Realm, Ye Feng still broke through the bottleneck of the big realm in an instant,

and rushed directly from the half-step Pure Yang Realm to the real realm. The first level of Pure Yang Realm!

Moreover, Ye Feng also included the blood demon wolf that he had seriously injured at this time into the devouring domain, and continued to devour the blood energy of the blood demon wolf.

"Boom!" .??.

Pure Yang Realm Second Heaven!

"Boom!" .??.

Pure Yang Realm Third Heaven!

It was only then that Ye Feng's cultivation finally stopped.

This time, Ye Feng plundered the skills of more than a dozen Zhenbei Palace masters, as well as the powerful demon essence of a blood demon wolf. His cultivation level was greatly improved, and he directly broke through to the third level of Pure Yang Realm.

Ye Feng's face showed joy at this moment. He could feel that his combat power had been greatly improved tonight.

And the pair of sisters behind them are all looking at each other

There was a deep excitement in their eyes. They knew that the dozen or so masters of the Zhenbei Palace were all important figures in the Xuanwu Dynasty, but they all died in the hands of Ye Feng. This shows how powerful their young master is. Unparalleled strength.

At this time, Ye Feng took off the storage rings from the hands of more than a dozen Zhenbei Palace masters.

Then he released his own natal flame, directly destroying the corpse and exterminating all traces.

Next, Ye Feng quickly left the scene with his sisters.

The movement here quickly attracted some patrol teams from the imperial city.

But when they arrived at the scene, they found that except for the broken earth and some traces of corpses that had been destroyed, there was nothing left.

So these patrol teams don't know what happened.

And this time.

Ye Feng has taken his sisters back to his luxurious mansion in the palace.

At this time, Ye Feng entered his room and began to explore the wealth contained in the storage rings of the dozen Zhenbei Palace masters.

Most of them were normal inheritance, martial arts and weapons, as well as nearly two million divine crystals, which made Ye Feng feel like he had made a small fortune.

Just when Ye Feng found the last storage ring, his eyes suddenly revealed a trace of ecstasy.

The last storage ring contained a mysterious crystal stone.

This crystal is the last treasure of the previous underground auction, a crystal inherited from a powerful person in the extraordinary realm!

"It seems that the last treasure was finally auctioned by the masters of Zhenbei Palace. I didn't expect that it would be in my hands by accident."

Ye Feng was extremely ecstatic at this moment. He didn't expect that he would get the last treasure of this auction without any effort.

A crystal inherited from a powerful person in the extraordinary realm is absolutely priceless.

Although Ye Feng did not participate in the final auction and left the venue early, he could imagine that it would definitely cost a huge amount of wealth to auction off the inherited crystal of this powerful man in the extraordinary realm. It may be worth 20 million, and some Probably worth thirty million or more.

After all, when Ye Feng left the venue, the inheritance crystal of a powerful person in the extraordinary realm had already been sold for 10 million. The auction had just begun, and the price had already been increased to 10 million. This shows how fierce the competition was, and the final price The pricing is definitely very high.

However, these are of little significance to Ye Feng, because now the inheritance crystal of this powerful man in the extraordinary realm is in his hands.

"The inheritance of a powerful person in the extraordinary realm, and it's a complete inheritance. I don't know what it is."

Ye Feng murmured at this time, unable to hold back the expectations in his heart. In an instant, he exuded his soul power, entered the inheritance crystal of this powerful man in the extraordinary realm, and began to explore the inheritance in it.

Chapter 2249 The mystery of life experience

At this moment, Ye Feng immediately infiltrated his soul power into the inheritance crystal of a powerful man in the extraordinary realm in front of him.

He immediately felt that a vast and incomparable secret of inheritance was engraved in the deepest part of the inheritance crystal.

A very ancient and vast inheritance message suddenly appeared in Ye Feng's mind.

That is exactly the complete set of inherited skills of a powerful person in the extraordinary realm stored in this inheritance crystal:

"The Five Elements Great Demon Emperor's Magic Power!" .??.

"The Great Demon Emperor of Five Elements has cultivated his magical skills to the extreme, and can radiate five kinds of Demon Emperor clones with various attributes and powers.

"They are the Great Demon Emperor Aoki, the Great Demon Emperor Crimson Fire, the Great Platinum Demon Emperor, the Great Demon Emperor Blackwater and the Great Demon Emperor Loess."

"Once the five demon emperor clones are successfully condensed, they can provide practitioners with very powerful and ultimate power of the five elements."

"The Great Demon Emperor Aoki can provide a steady stream of life energy.

The Red Fire Demon Emperor can burn everything and trigger thousands of flames.

The Platinum Demon Emperor possesses extremely sharp metal cutting power.

The Great Demon Emperor of Black Water can instantly inspire a vast ocean that surges and floods everything.

The Great Demon Emperor of Loess can connect to the earth and use the endless power of the thick earth to have endless defensive effects. "

At this time, Ye Feng accepted the powerful inheritance in the inheritance crystal, and his eyes suddenly showed an extremely bright and excited look.

Although I have not yet practiced this set of inheritance, but just from the information I received through the inheritance, I can already know that this set of inheritance is absolutely terrifying, and that the super-powerful person who can create this set of Five Elements Great Demon Emperor's magic skills He is definitely an amazingly talented guy.

Next, Ye Feng didn't hesitate at all. In an instant, he activated his demonic comprehension ability and began to participate.

Enlighten this set of the Five Elements Great Demon Emperor's magical skills that you just obtained.

With a strong ability to comprehend, Ye Feng had already preliminarily comprehended this set of five elements magic power in less than a few days.

At this time, Ye Feng stood in his luxurious mansion and immediately activated the Five Elements Great Demon Emperor Magic.

"Buzz!"

Almost at this moment, the shadow of an extremely majestic and tall Demon Emperor appeared behind Ye Feng.

This majestic and tall demon emperor's shadow is filled with a kind of cyan light, exuding an aura of life and vitality.

The first Five Elements Great Demon Emperor that Ye Feng condensed was the Aoki Great Demon Emperor, which could help Ye Feng quickly recover his strength and give Ye Feng a vibrant vitality.

At this time, Ye Feng let the Aoki Demon Emperor fly above his head. Suddenly, a very comfortable life energy and cyan light bathed from the Aoki Demon Emperor above his head and spread on it. After touching Ye Feng's body, Ye Feng felt a comfortable feeling that his vitality was rapidly recovering.

This made Ye Feng very happy, "In the future, if I am injured in battle, then this Aoki Demon Emperor can help me quickly recover from my injuries and return to my peak state."

And just when Ye Feng was silently feeling the Five Elements Great Demon Emperor's magical skill that he had practiced.

A pair of sisters not far away are also practicing vigorously and are progressing very quickly.

At this time, Ye Feng noticed the speed of cultivation of the two sisters, as well as the faint fluctuation of divine blood emanating from the two sisters.

This kind of fluctuation of divine blood is not something that ordinary people can understand at all.

It can't be sensed, but Ye Feng's powerful soul power can capture it.

At this moment, Ye Feng walked towards a pair of sisters.

"See Young Master."

When Luo Xiner and Luo Linger saw Ye Feng arriving, they immediately saluted respectfully.

"Not so polite."

Ye Feng smiled slightly and said aloud: "I have long regarded you two as my own sisters, so you don't need to be so polite to me in the future. We can just get along with each other as equals."

When they heard what Ye Feng said, the sisters couldn't help but feel very moved.

Because both Luo Xiner and Luo Ling'er knew that their status was very humble, especially in the eyes of a super genius like Ye Feng.

But not only did Ye Feng not look down upon them at all, but he treated them very well as if they were his own sisters, which made both sisters Luo Xiner and Luo Ling'er feel very grateful.

The sisters knew in their hearts that meeting Ye Feng could be the greatest luck in their lives.

At this time, Ye Feng looked at the sisters in front of him and suddenly asked: "By the way, I have never asked about your life experience."

"life experience?"

At this time, hearing Ye Feng suddenly say this question, the two sisters looked a little surprised.

My sister Luo Ling'er shook her head and said in a daze: "Master, I don't know my life experience. I was born in that quiet little village. I heard my sister said that we were adopted."

At this time, Ye Feng heard his sister Luo Ling'er say this, and immediately looked at his sister Luo Xiner.

My sister Luo Xiner is older than my younger sister

She is several years old, so she should know more than her younger sister.

Sure enough, Luo Xiner nodded thoughtfully at this time and said loudly: "Sir, my sister and I are indeed not native residents of that small village, but a very powerful grandfather sent us to that small village. , but the old man died when he sent us to that small village. I was still young at the time, so my memory is a little blurry. In the end, the old man left me a small jade pendant. "

At this time, sister Luo Xiner said as she took out a small white jade pendant from her storage ring. This white jade pendant was engraved with a pattern like water droplets, which looked quite mysterious.

After Ye Feng sensed it for a while, he didn't notice anything special about this jade pendant.

But Emperor Chu said that these two sisters had the blood of the gods hidden in them, so their true life experience and identity were definitely not simple.

This jade pendant may be the key.

At this time, Ye Feng no longer pursued the investigation, but smiled and said to his sister Luo Xiner: "You must keep this jade pendant, it may solve the mystery of your life experience in the future. You can go back to your real home."

"don't want!"

At this time, her sister Luo Xiner seemed to be a little excited and stretched out a small white hand, and suddenly grabbed a piece of Ye Feng's clothes. There seemed to be a ruddy color in her beautiful eyes, and she said aloud : "I want to be with Young Master all the time."

Even the younger sister Luo Ling'er, who is relatively shy, walked up to Ye Feng at this time. Like her sister, she grabbed the other corner of Ye Feng's clothes and said pitifully: "Sister and I. We all want to be with him, learn to practice with him, and serve him. We don't want to go back to that so-called strange home."

Chapter 2250 Party

At this time, Ye Feng looked at the performance of the sisters in front of him and couldn't help but smile. He touched the little heads of the sisters and said loudly: "Anyway, if you are not willing to leave, then I will not drive you away."

"We will always follow Young Master!"

The sisters said in unison at this time, their tone was extremely firm.

And just when Ye Feng was talking to a pair of sisters. .??.

A young man wearing a white robe came to the door of the luxurious mansion.

It was Xuan Wuji, the crown prince of the Xuanwu Dynasty.

At this time, Xuan Wuji walked in and saw the intimate scene between Ye Feng and the sisters. He immediately clicked his tongue and couldn't help but smile and said: "I really envy Brother Ye for being able to gain two such beautiful disciples."

When the sisters heard what Xuan Wuji said, they all showed a hint of blush on their faces.

Ye Feng smiled slightly, looked at Xuan Wuji who was walking towards him, and asked aloud: "Brother Xuan, why did you come to my place? Is the Northern Immortal Palace about to recruit new disciples?"

Xuan Wuji shook his head and said: "I have been paying attention to the assessment of recruiting new disciples in the Northern Immortal Palace, but not yet. The reason I came to see Brother Ye this time is to invite Brother Ye to a dinner party held by our royal family."

"A royal dinner?"

Ye Feng's eyes showed a look of surprise, then nodded and said: "Okay, anyway, I just finished practicing and I don't have anything else to do. I can go shopping with you."

Next, Ye Feng asked the sisters to stay in the luxurious mansion to practice on their own. He followed Xuan Wuji alone and left the mansion and walked towards the outside of the palace.

On the way, Ye Feng couldn't help but ask: "Brother Xuan, your palace dinner is outside the palace?"

Xuan Wuji nodded and said: "Yes, in fact, this time is not an important royal dinner, but a gathering of the younger generation of nobles in the imperial city of our Xuanwu Dynasty, so I invite Brother Ye to come with me. If there is any What kind of dispute is it? You can help me support the situation. I know that Brother Ye, your cultivation is so powerful that it is terrifying.

level. "

When Ye Feng heard what Xuan Wuji said, it suddenly dawned on him that Xuan Wuji had invited him to that dinner party so that he could help him support the occasion.

But Ye Feng asked curiously at this time: "Brother Xuan, aren't you the prince of the Xuanwu Dynasty? Is there anyone among the younger generation in this imperial city who dares not to give you face?"

When Xuan Wuji heard what Ye Feng said, he couldn't help but smiled bitterly and shook his head and said: "Although I am the prince, I am only a temporarily selected prince. The other princes are all deliberately trying to compete for it. In addition to my position as the prince, there are also some nobles with great achievements. Their descendants have never valued the royal family members very much. Therefore, in our Xuanwu Dynasty, the imperial power is not as stable and noble as you think. , this is also something I have been very worried about, so I decided to join the Northern Immortal Palace. If I can become a disciple of the Northern Immortal Palace, then my bargaining chips will increase and my confidence will be more abundant. After all, the Northern Immortal Palace is the most powerful overlord force in the entire northern land of God Realm."

When Ye Feng heard what Xuan Wuji said, he immediately nodded with some understanding.

The two of them soon left the palace grounds and arrived at a very famous restaurant in the imperial city called the No. 1 Restaurant in the World.

When Ye Feng walked into the world's best restaurant, he was immediately slightly shocked by the very luxurious decoration in front of him.

The pillars of the entire restaurant are all green jade pillars, and the floor is paved with glass inlaid with gold flakes. The whole scene is simply luxurious to the extreme.

At this time, Xuan Wuji took Ye Feng directly to the ninth floor, the highest floor of the No. 1 Restaurant in the World.

When they arrived on the ninth floor, Ye Feng saw that many people had come to the entire wing, all of them young men and women. There were more than a dozen people in total, whether they were young men or young women.

, wearing very precious clothes, they are obviously the descendants of nobles or members of the royal family in the imperial city of Xuanwu Dynasty.

When Xuan Wuji arrived, half of the young men and women present stood up and said respectfully: "Your Highness is here."

However, nearly half of the young people did not stand up. They just said with a faint smile: "The prince came a little late this time. The prince said that he would bring a very powerful friend. Is it possible that the one beside you looks ordinary? A strange boy? He doesn't look like a powerful person, just an ordinary boy."

Many people present spoke with a hint of sarcasm.

Obviously, among the younger generation within the Xuanwu Dynasty, there is still obvious tit-for-tat, open and secret fighting.

Xuan Wuji heard those barbed words at this time, and his eyes suddenly showed a trace of gloom.

He brought Ye Feng here this time because he attached great importance to Ye Feng, and naturally he would not tolerate others belittling Ye Feng.

Xuan Wuji immediately stared at the sarcastic young man and said, "Nangong Ling, you have become more and more courageous recently. Don't think that your Zhenbei Palace has an old general who was the founder of our Xuanwu Dynasty. I can let you do whatever you want. You just saw me, the prince, not standing up to salute. I have tolerated it, but now you actually belittle the friends I brought in public, then I can't tolerate it anymore. Nangong Ling, I now officially challenge you. , let's solve the problem by fighting."

Zhenbei Palace?

At this time, Ye Feng heard what Xuan Wuji said and looked at the young man with a hint of surprise in his eyes.

What a coincidence.

A few nights ago, he had just killed a dozen masters of the tenth level of Pure Yang Realm in Zhenbei Palace.

Unexpectedly, at this gathering, we would meet people from Zhenbei Palace again.

\u003c

br\u003e At this time, Xuan Wuji seemed to see the doubt in Ye Feng's eyes, and immediately whispered in his ear: "This young man who is ridiculing you is the young prince of Zhenbei Palace, his name is Nangong Ling, this In the Zhenbei Palace, there is an old general who once followed the first founding emperor of our Xuanwu Dynasty to conquer the world and made outstanding achievements. Therefore, even now my father, the third emperor of the Xuanwu Dynasty, is also interested in the Zhenbei Palace. Quite fearful."

When Ye Feng heard what Xuan Wuji said, he immediately nodded slightly, and then said: "The little prince Nangong Ling Xiu of Zhenbei Palace seems to be a bit powerful, as if his aura is the ninth level of Pure Yang Realm, you are no match for him. "

Xuan Wuji shook his head and said: "I have to fight him. This Nangong Ling often picks my thorns, so this time I am taking advantage of the party and I want to fight him."

Seeing Xuan Wuji's persistence, Ye Feng couldn't help but nodded and said, "Okay, you can go fight without worry. If necessary, I will help you secretly. Don't worry, no one will find out that I took action secretly."

When Xuan Wuji heard what Ye Feng said, his eyes immediately lit up.

He knew that he was no match for Nangong Ling, the young prince of Zhenbei Palace, and the gap in their cultivation levels was really too big.

But when he heard Ye Feng say that he wanted to help him secretly, Xuan Wuji immediately became full of fighting spirit and flew directly to the night sky of the No. 1 restaurant in the world. His face was full of strong confidence. He faced Nangong Ling below and said: He said in a loud voice: "Nangong Ling, come here to fight. If you dare to belittle my friend, then I will teach you a lesson for my friend! It is also just for everyone present to see that in this imperial city of the Xuanwu Dynasty, our royal family That's the most powerful one!"

Nangong Ling smiled coldly and said: "Prince, I know your cultivation level. You are very weak, much weaker than me. I didn't expect that you dare to provoke me. Well, I will help you. Everyone happens to be here today, so I will reluctantly defeat you, Prince, to let you know that you must respect the descendants of the first generation of veteran generals!"
