Chapter 2251 Gambling Fight

Uh-huh!

At this moment, Nangong Ling rushed out of the restaurant in an instant and flew into the night sky.

"Nangong Ling finally couldn't bear it anymore and is going to take action against the prince."

"The two of them have been at odds with each other since they were young. They have always been enemies. No one wants to obey the other. Today they are finally going to fight each other."

"I think the prince is no match for Nangong Ling. First of all, there is a big gap in their cultivation. Secondly, Nangong Ling is born into a family of generals. He has been trained on the battlefield since he was a child. His combat power must be very terrifying."

At this moment, many of the young people in the imperial city at the party couldn't help but speak out.

For them, it was very exciting to see today's battle.

After all, this is a battle between the two top young masters in the Imperial City.

Everyone's eyes were fixed on Nangong Ling and Xuan Wuji high in the sky.

As for Ye Feng, who came to the party with Xuan Wuji, he was standing in a remote corner at this moment, with no one paying attention at all.

But Ye Feng was quite happy about it.

Moreover, it would be convenient for him to secretly help Xuan Wuji fight against Nangong Ling, the young prince of Zhenbei Palace.

Because Ye Feng had already seen that Xuan Wuji could not be Nangong Ling's opponent.

But he can help Xuan Wuji reverse the situation of the battle.

"boom!"

At this moment, the two people at high altitude fought together instantly.

"Emperor Platinum Slash!"

boom!

At this moment, a platinum long sword condensed in Xuan Wuji's hand, and it burst out with a terrifying edge, slashing towards Nangong Ling on the opposite side.

For Nangong Ling, Xuan Wuji's power was very weak.

"Great Prajna Dragon Elephant Palm."

Nangong

At this time, Ling directly slapped the front and blasted away.

Boom!

Immediately, Nangong Ling's palm suddenly expanded into a huge palm in the sky, and there were huge shadows of ancient dragons and ancient gods around the palm, which looked like it had an infinitely terrifying aura. .

"Boom!"

Suddenly, an earth-shattering collision sounded in the sky.

It has to be said that Nangong Ling, the young prince of Zhenbei Palace, is still very powerful.

At this time, his big dragon-elephant hand was filled with infinite power, and it suddenly crushed all the sword light and sword energy that Xuan Wuji had struck.

"boom!"

Then the dragon-elephant's big hand struck Xuan Wuji hard.

"Buzz!"

Xuan Wuji immediately revealed a set of protective armor that exuded golden light, full of absolute defensive power.

boom!

But Nangong Ling's dragon-elephant hand still blasted Xuan Wuji's entire body from high altitude to the ground, shattering a large area of land.

Xuan Wuji stood up from the ruins on the earth, looking a little embarrassed, and a trace of blood spilled from the corner of his mouth.

Clearly, he was hurt.

But it's not too much damage.

However, although Nangong Ling's blow did not cause much damage, it was extremely insulting.

After all, Xuan Wuji was the prince, but Nangong Ling still slapped him to the ground.

At this moment, Xuan Wuji's expression was extremely gloomy. This Nangong Ling, the young prince of Zhenbei Palace, is really too powerful.

It is true that his cultivation and strength are terrifying.

At this moment, Nangong Ling looked at Xuan Wuji below and said with a cold smile: "Your Highness, do you still dare to fight me? Your strength is too weak. If you were not the prince, that blow just now, You have been killed by me."

"you.....!"

Listening to Nangong Ling's harsh taunting voice, Xuan Wuji's face became extremely ugly.

At this moment, many of the heirs of the powerful people in the imperial city in the gathering were a little frightened. They did not expect that Nangong Ling, the young prince of Zhenbei Palace, would have such great strength.

"The young prince is probably the number one among the younger generation of our Xuanwu Dynasty."

At this moment, many noble heirs couldn't help but exclaimed, their voices full of horror.

But this time.

Ye Feng stood in the corner and saw the scene on the field, his eyes flashed slightly.

It seems that Xuan Wuji needs his help.

At this time, Ye Feng secretly used the space gem to open up a space wormhole hidden deep in the void.

Then he began to inject his own power into the wormhole in this space, directly transferring it to Xuan Wuji not far away.

At this moment, Xuan Wuji suffered heavy injuries, and his eyes were extremely ugly and gloomy.

But at this time, he suddenly felt a majestic and powerful force, which was quickly injected into his body in the void.

At this moment, Xuan Wuji immediately felt that his power was increasing exponentially.

In Xuan Wuji's ears, Ye Feng's message also sounded at this time: "Next, feel free to fight."

When Xuan Wuji heard Ye Feng's familiar voice, his eyes suddenly burst out with excitement.

The bright light.

"Very good!"

Xuan Wuji was very excited at this time.

With Ye Feng's help, Xuan Wuji felt that he could do it again.

"You can't let Brother Ye help in vain. You must get some benefits for Brother Ye."

Xuan Wuji was thinking at this time.

Then he suddenly flew high into the sky again from the ruins on the ground.

Xuan Wuji stared at Nangong Ling opposite him and said aloud: "Next, I'm going to fight seriously, Nangong Ling, such a simple duel is a bit boring, how about we increase the stakes?"

"bet?"

Nangong Ling's eyes showed a look of surprise, and then he couldn't help but sneer and said: "Prince, you are too weak, do you still want to continue fighting with me? What more bets are there? Are you sure you are not too naive?"

Xuan Wuji grinned and said: "Don't worry about it so much. In a word, if I lose, I will give you the ultimate inheritance of our Xuanwu Dynasty royal family, but if you, Nangong Ling, lose, I want you to suppress you." Give me the secret skill of the North Palace, the 'Dragon Elephant Prajna Palm', and also add an ancient Dragon Elephant Holy Pill."

When Nangong Ling heard Xuan Wuji's words, his face suddenly darkened and he said, "Prince, how do you know that I have an ancient Dragon Elephant Holy Pill in my body?"

Xuan Wuji smiled slightly and said: "The royal family's intelligence system is beyond the imagination of a young prince like you. Nangong Ling, stop nagging. The value of this bet is almost equal. Just say whether you dare or not." Fight with gambling?"

Nangong Ling grinned, his smile was very aggressive, and said: "Okay, what do I dare not do! That's it! Your Highness, I don't know what trump card you have next, but no matter what so-called you have All my trump cards will be trampled under my feet. You have no idea how powerful I am!"

Chapter 2252 Jaw-dropping

boom!

The moment Nangong Ling finished speaking, a huge and boundless martial arts aura suddenly burst out from his body.

The young prince of Zhenbei Palace showed a deep sneer in his eyes, and said loudly: "Your Highness, don't even think about defeating me. You are too weak. The ultimate inheritance of your royal family is destined to be mine. Yes! Hahaha!"

At this moment, Nangong Ling laughed loudly and immediately displayed the Dragon Elephant Prajna Palm.

This is the powerful secret skill of Zhenbei Palace, full of terrifying destructive power and momentum. ??

Boom!

Nangong Ling was eager to win at this time, so the Dragon Elephant Prajna Palm he used at this time was more ferocious and terrifying than before, and had very terrifying destructive power.

At this moment, Xuan Wuji also took a deep breath. Under the injection of Ye Feng, the power in his body was overwhelming, full of unparalleled power.

At this time, Xuan Wuji also deeply understood how powerful his brother Ye was.

"Nangong Ling, you will definitely lose!"

Xuan Wuji roared loudly and displayed the sword technique just now in an instant.

But this time, the sword light condensed by Xuan Wuji was much greater than the last time.

The sword light condensed before was only the size of an ordinary sword blade.

But now, under the blessing of Ye Feng's powerful power, the sword light condensed by Xuan Wuji is thousands of meters majestic, full of an unparalleled terrifying edge and majestic momentum.

"Boom!"

Earth-shaking roars suddenly sounded throughout the entire field.

The aftermath of this collision was definitely a disaster.

The entire building surface of the No. 1 Restaurant in the World, even the guardian spirit patterns, were automatically activated, and the entire No. 1 Restaurant in the World was protected in a large formation.

At this moment, countless people are looking towards

Look up high in the sky.

The next moment, they saw an incredible scene.

Xuan Wuji was very weak before.

At this moment, the powerful sword light condensed directly cut and shattered Nangong Ling's Dragon Elephant Prajna Palm.

"boom!"

Then the terrifying sword light continued to strike down, hitting Nangong Ling's body hard.

"Pfft!"

Even though Nangong Ling was protected by a protective armor, at this time, the armor was torn to pieces by the terrifying sword light. His flesh and blood were shattered, several ribs were broken, and he was bleeding. He was severely knocked away and fell to the ground. on the ground.

"What?!"

Seeing this shocking scene, a group of descendants of the royal city's nobles in the restaurant were all shocked, with incredible expressions on their faces.

Obviously they never expected that the winner in the end would be Prince Xuan Wuji!

This is unbelievable!

Because Xuan Wuji was obviously very weak before.

But now it has suddenly become so powerful.

This is unreasonable!

"That's right! His Royal Highness must have deliberately acted so weak at first to make Nangong Ling relax his vigilance, and then took the opportunity to defraud Nangong Ling of his bet. Finally, he violently struck out and used his true power to defeat Nangong Ling in an instant!"

At this time, many noble heirs could not help but speak out and make such speculations.

At this moment, Xuan Wuji, who was high up in the sky, looked at Nangong Ling who was slashed away by his sword, his eyes filled with endless joy.

For Xuan Wuji, what means should he use to win?

He doesn't care at all, what he cares about is the result.

At this time, Xuan Wuji stood in the air, staring at the embarrassed and seriously injured young prince of Zhenbei Palace below, and said with a cheerful smile: "Nangong Ling, why aren't you arrogant now? Keep arrogant!"

Nangong Ling's eyes were full of ugly and gloomy looks at this time.

He couldn't figure out why Xuan Wuji suddenly became so powerful at the last moment.

At this time, Nangong Ling suddenly noticed a character who had been ignored by everyone.

A young man in white clothes stood in a remote corner of the restaurant.

The look he was looking at himself at this time seemed to have an inexplicable smile.

"Could it be him...impossible! The cultivation level of this boy brought by Xuan Wuji is only at the third level of Pure Yang Realm, and there is a huge gap between him and me."

At this time, Nangong Ling was completely confused and couldn't figure out why Xuan Wuji suddenly became so powerful.

Uh-huh!

Suddenly at this time, Xuan Wuji fell from the sky. Looking at the embarrassed and severely injured Nangong Ling in front of him, he said: "Nangong Ling, I won, hurry up and hand over the bet, otherwise don't blame me for going crazy!"

Nangong Ling's eyes were extremely gloomy and he said: "Prince, I don't know how you suddenly became so powerful, but I know that it must not be your power. I will not accept such a result."

"Don't accept it?"

Xuan Wuji's eyes immediately darkened, he slowly walked towards Nangong Ling, and said loudly: "How dare you break your promise in front of me?"

boom!

Suddenly Nangong Ling burst out with strength, knocking Xuan Wuji aside, and then quickly fled away.

"Hahaha!"

Nangong Ling was a thousand meters away in a blink of an eye. He immediately turned around and laughed: "I broke my promise. Prince, can you

What can I do? As long as I return to Zhenbei Palace, His Majesty will not dare to arrest me. "

At this moment, Nangong Ling's laughter echoed throughout the night sky.

Xuan Wuji's eyes were extremely gloomy, because he really couldn't catch up with Nangong Ling.

Although he defeated Nangong Ling this time and got rid of his anger, he was still a little unhappy that he couldn't get some benefits for Brother Ye.

"Brother Xuan, do you need me to capture him?"

Suddenly at this time, Ye Feng spoke slowly on the side.

"Hmm?"

Many noble descendants at the party heard Ye Feng say this, and immediately showed a hint of sneer in their eyes.

"A kid who is only in the third level of the Pure Yang Realm dares to say such a big thing, and wants to capture a Pure Yang Realm ninth level strongman like Nangong Ling? Too naive."

Many noble descendants couldn't help but speak out, and there was a hint of sarcasm in their tone.

But at this time, Xuan Wuji immediately said in surprise: "Okay, Brother Ye, you hurry up!"

Buzz!

Ye Feng immediately nodded slightly, released the power of the Book of Wenzu, and then said to the front.

Next, everyone present saw a scene that shocked them for the rest of their lives. Ye Feng said to the direction where Nangong Ling was running away: "Come back!" Buzz! The next moment, what almost made many noble children present stare out of their eyes was that Nangong Ling, who was running away not far away, actually began to return uncontrollably, and quickly returned to the direction of their restaurant! "This..." "What kind of ability is this?" A group of noble children suddenly opened their mouths wide, dumbfounded, and were simply stunned!

Chapter 2253 Search for storage rings

quiet!

Deadly quiet!

At this moment, in the entire restaurant, all the aristocratic descendants of the Imperial City had their mouths wide open, their faces were dull, and they fell into a dead silence.

No one expected that the young man brought by His Highness the Prince looked ordinary, but he did not expect that he would surprise everyone as soon as he made a move.

At this moment, Nangong Ling, the young prince of Zhenbei Palace, was extremely frightened.

Because he found that his body, arms, etc. were beyond his control.

At this time, Nangong Ling couldn't help shouting: "What kind of evil magic is this? Stop it!"

Ye Feng smiled indifferently and said: "Evil magic? You can't even see the power of the supreme law. Little Prince of Zhenbei Palace, it seems that I still think highly of you."

The power of law?

When everyone heard what Ye Feng said, their bodies immediately trembled, and their eyes were full of shock. .??.

What did this boy say?

The power of law?

He can actually use the power of law?

Moreover, the power of law was still used in just one sentence?

"powerful!"

"Incredibly strong!"

At this moment, the hearts of many noble heirs were filled with a deep sense of shock.

"This boy in white seems to be the descendant of a super powerful force, right?"

"Maybe he really is the inheritor of a super powerful clan in the God Realm, otherwise he wouldn't have such terrifying abilities."

"His Royal Highness the Crown Prince has really found a treasure this time. In the future, in the imperial city of our Xuanwu Dynasty, who will dare to go against His Highness the Crown Prince?"

...

At this time, many of the noble heirs were talking about it, their voices filled with horror.

And at this moment,

Ye Feng has controlled Nangong Ling to come to him.

At this time, Nangong Ling stared at Ye Feng, his eyes full of fear: "It's you! It must be you! You must have secretly helped Xuan Wuji just now, so he is so powerful!"

Snapped!

Xuan Wuji slapped Nangong Ling directly and sneered: "A person like you who breaks your word has really brought shame to the aristocracy of our Xuanwu Dynasty!"

Nangong Ling received a slap and suddenly felt that he had been greatly humiliated. His eyes were full of cruelty, and he immediately burst out with all his cultivation aura and wanted to attack with all his strength.

"boom!"

But the next moment, Ye Feng pressed one of his hands on Nangong Ling's shoulder, like an ancient mountain pressing on Nangong Ling's body.

Buzz!

At this moment, a majestic power was instantly transmitted from Ye Feng's palm, instantly suppressing the power that was about to explode in Nangong Ling's body and restoring calm.

At this moment, Xuan Wuji saw the opportunity and immediately took off the storage ring from Nangong Ling's finger, forcibly took out a pill the size of a human head, and then handed it to Ye Feng, said with a smile: "This is the extremely precious Taikoo Dragon Elephant Holy Pill. Brother Ye, please accept it. The reason why I bet is to gain some benefits for you, Brother Ye. This Taikoo

Dragon The Holy Elephant Pill can instantly break the constraints of realms. This Nangong Ling probably kept it with him until he was at the tenth level of the Pure Yang Realm to swallow this pill, but never ate it."

When Ye Feng heard this, he didn't show any pretense. He smiled and put the human-sized Ancient Dragon Elephant Holy Pill into his storage ring and said, "Thank you very much, Brother Xuan."

At this time Xuan Wuji

Continuing to search for Nangong Ling's storage ring, he found the Dragon Elephant Prajna's cultivation secret book, which he also gave to Ye Feng. Of course, he also made a temporary copy and practiced it himself.

Next, Xuan Wuji continued to divide the wealth in Nangong Ling's storage ring with Ye Feng.

Nangong Ling spat out a mouthful of blood angrily and shouted: "You have already taken your bet, why do you want to take others?"

Snapped!

Xuan Wuji slapped Nangong Ling again and said, "You broke your word and you want me to keep your word? How is that possible! I will plunder all the wealth in your storage ring!"

puff!

When Nangong Ling heard this, he spat out a mouthful of old blood angrily again, and then he became so angry that he fainted on the ground.

Many noble heirs saw this scene and secretly smacked their lips.

Don't mess with His Highness the Crown Prince in the future.

The end was really tragic.

Next, Xuan Wuji and Ye Feng left the restaurant happily.

"Tonight's show was so exciting! That guy Nangong Ling, this time he lost his wife and lost his troops, which finally made me let out a bad breath!"

At this time, Xuan Wuji immediately laughed out loud, his tone full of joy.

At this time, Ye Feng was also quite happy. After all, he had gained a lot tonight.

Obtained a Taikoo Dragon Elephant Holy Pill that can instantly break through large realms.

I also received a set of Dragon Elephant Prajna Palm.

It is said that this set of martial arts inheritance is the unique skill of Zhenbei Prince's Palace, ranking at the extraordinary level.

Very powerful!

Xuan Wuji was in a good mood at this time and said to Ye Feng: "Brother Ye, I am in a good mood. Let's go to my prince's mansion with me.

I'll call some beautiful singers to play music, dance, and have fun together. "

Ye Feng said with a smile: "I won't go. Now that I have obtained the Ancient Dragon Elephant Holy Pill, I can't wait to go back and refine it."

When Xuan Wuji heard this, he immediately smiled and said: "Okay! Cultivation is indeed the first priority. Inspired by you, I won't go for entertainment anymore. I will also go back to practice. This time I got it from Nangong Ling's storage ring. There are a lot of good things, some of which are better than the wealth in our royal treasury. I also went to practice. "

Next, the two said goodbye outside the palace.

Ye Feng returned to his luxurious mansion.

Sisters Luo Xiner and Luo Ling'er immediately came to greet them. Both girls smiled sweetly and said, "Young Master is back?"

Ye Feng laughed and said, "Yes, I'm back."

Seeing Ye Feng's happy look, her elder sister Luo Xiner was more proactive than her younger sister. She immediately walked up to Ye Feng, took Ye Feng's arm, and said with a smile: "Young Master seems to be very happy tonight?"

Ye Feng laughed and said: "Indeed, the prince and I both gained a lot tonight, and we also severely attacked some young princes who looked down on me. It really makes me very happy. Of course, the most important thing is that my cultivation can be fast." Breakthrough."

After saying that, Ye Feng quickly walked towards the secret practice room inside the mansion and said, "I'm going to practice in seclusion for a few days. You guys stay outside and don't let anyone disturb me."

"Yes, sir."

"Young Master, you can practice with peace of mind. My sister and I will be watching over you, and no one will disturb you."

Luo Xiner and Luo Ling'er, a pair of sisters, immediately spoke respectfully.

"good."

Ye Feng nodded, walked directly into the secret practice room, and then closed the door with a bang.

Chapter 2254 Living Xuanwu

In the dark training room.

Ye Feng took out the Ancient Dragon Elephant Holy Pill at this moment.

The Ancient Dragon Elephant Holy Pill is an ancient pill that is very huge, about the size of a human head.

Ye Feng thought for a moment.

I found that such a big pill could not be swallowed directly.

"Uh-huh!"

Ye Feng instantly stretched out his hand, pressed it directly on the surface of the huge pill in front of him, and then shook violently.

"Boom! Click, click..."

Immediately, the huge Ancient Dragon Elephant Holy Pill was shattered into pieces and turned into powder.

"suck!"

Ye Feng opened his mouth and swallowed the entire powder of the Ancient Dragon Elephant Holy Pill.

"boom!"

Suddenly, the powerful medicinal power of an ancient Dragon Elephant Holy Pill burst out inside Ye Feng's body.

"Rumble..."

Wave after wave of extremely pure medicinal power surged through Ye Feng's body in an instant.

"What a powerful medicine!"

Even Ye Feng felt that all the major meridians in his entire body were swollen at this moment.

You know, Ye Feng's current body is simply a bottomless pit.

This shows how powerful and huge the medicinal power provided by the Ancient Dragon Elephant Holy Pill is in an instant.

This is the benefit of elixirs.

That is, it can instantly produce a huge amount of medicinal power to help warriors break through the realm.

And if a warrior practices slowly, it will definitely be difficult to break through the realm.

"boom!"

At this moment, Ye Feng suddenly burst out with a new and powerful martial arts aura!

Under the accumulation of the medicinal power of the Ancient Dragon Elephant Holy Pill, Ye Feng's cultivation level immediately broke through.

"boom!"

pure

The fourth level of Yang Realm!

"boom!"

Pure Yang Realm fifth heaven!

Ye Feng laughed loudly at this time: "Not bad, not bad! One pill made my cultivation reach two levels in a row. This powerful medicine is almost as powerful as a dozen pure Yang realm tenth level Dzogchen experts. "

At this time, Ye Feng immediately showed a hint of excitement in his eyes.

The harvest this time is really huge.

Although Ye Feng knew that his cultivation level now exceeded the standards for selecting new disciples in the Northern Immortal Palace.

But no one would disdain his own cultivation level.

Ye Feng knew that as long as his cultivation level was higher, his performance would be more outstanding in the selection of newcomers in the Northern Immortal Palace.

When the time comes, there will be no need to start as a new disciple at the lowest level, but he may be able to directly become a core figure in the Northern Immortal Palace.

At this time, Ye Feng thought for a while, and then continued to take out the set of transcendent level martial arts inheritance obtained from Nangong Ling's storage ring, the Dragon Elephant Prajna Palm!

...

Ye Feng spent nearly half a month in seclusion this time.

When he came out, Dragon Elephant Prajna Palm had been thoroughly understood.

Moreover, Ye Feng's understanding of the Five Elements Great Demon Emperor's magical skills was also much deeper. In addition to the Aoki Great Demon Emperor that he had condensed before, he also condensed the Red Fire Great Demon Emperor.

Although Ye Feng only spent half a month in seclusion this time, his overall strength has improved a lot.

At this time, Ye Feng walked out of the secret training room.

"Brother Ye, you are finally out of isolation. I have been waiting for you for several days."

The moment Ye Feng walked out of the secret training room, he immediately heard a familiar voice.

It's Xuan

Promise.

Ye Feng immediately greeted him with a smile and asked aloud: "Brother Xuan, is the assessment for newcomers in the Northern Immortal Palace about to begin?"

"no."

Xuan Wuji shook his head and said: "I came to see you, Brother Ye, because of a very urgent matter. That is, outside the border of our Xuanwu Dynasty, in the endless forest, the blood-sucking demon tribe suddenly appeared in trouble."

When Ye Feng heard this, his eyes moved.

Vampire demons?

Ye Feng had encountered it before in the ancient forest.

It is a very cruel and evil demon clan.

At this time, Xuan Wuji continued: "This time it is not just our Xuanwu Dynasty, but traces of the vampire demons have appeared on the borders of other dynasties. All kinds of burning, killing and looting have caused the lives of the border areas to be devastated. All the major dynasties are extremely angry. They have formed their own armies one after another and are going to the chaotic frontier areas to annihilate the blood-sucking demons who are causing trouble. Brother Ye, I have also been assigned. Come with me. I will give you the title of a first-class general. Let's destroy the blood-sucking demon clan together."

A first-grade general?

I have to say that Prince Xuan Wuji is still very willing.

A first-grade general is almost the highest level of general in the Xuanwu Dynasty.

However, Ye Feng doesn't care about this title. Anyway, he will eventually become a super power in the north, such as the Northern Immortal Palace.

What Ye Feng was interested in were the blood-sucking demons that he had wiped out.

Ye Feng knew that those blood-sucking demons had extremely strong blood energy.

If he could be devoured by a steady stream of blood-sucking demons, he would definitely be able to crazily and quickly expand his blood energy skills and improve his cultivation level.

This is an opportunity.

You can also use the power of the Xuanwu Dynasty to destroy the blood-sucking demons and let them devour you. \u003c

br\u003e

So Ye Feng didn't think about it at all at this time, but said directly with a smile: "Okay, I am willing to help Brother Xuan to destroy those blood-sucking demons."

"Very good!"

Xuan Wuji immediately patted Ye Feng on the shoulder happily, feeling a little moved and said: "Brother Ye, you are really my best friend!"

After finishing speaking, Xuan Wuji immediately pulled Ye Feng and walked towards the outside of the mansion. As he walked, he said: "Brother Ye, please come with me to the palace hall now. My

father is arranging large armies. As a The prince has the right to form his own army. Now I only need to arrange a first-class general position for you, Brother Ye. Brother Ye, you can recruit strong men and fight on the border with me. "

The two of them soon arrived outside the palace hall of the Xuanwu Dynasty.

It has to be said that the Xuanwu Dynasty is worthy of being one of the ten affiliated dynasties of the Northern Immortal Palace.

The entire palace hall is very grand.

On the square outside the main hall, an ancient basalt sculpture with a height of tens of thousands of feet was built. It is majestic, vast and majestic.

At this time, seemingly seeing Ye Feng's slightly surprised look, Xuan Wuji immediately whispered: "Brother Ye, let me tell you a secret. I heard that the most powerful people in our Xuanwu Dynasty are not the elders of the dynasty, but A living Xuanwu that has survived from ancient times to this day! That is the patron saint of our Xuanwu Dynasty."

"A living Xuanwu?"

When Ye Feng heard this, his eyes suddenly showed a trace of horror.

Xuanwu, like Qinglong, is one of the four great creatures in ancient times.

Is there really a living Xuanwu in the Xuanwu Dynasty?

at this time.

Ye Feng thought of the green dragon egg in the small tower in his storage ring, and wondered when a small green dragon would be hatched.

Chapter 2255: Knighthood

And while the two were chatting.

They had already boarded the palace hall of the Xuanwu Dynasty.

At this time, Xuan Wuji opened the door of the palace hall, and the scene inside immediately came into view of the two of them.

In the grand and majestic palace hall, there were many people standing, and their cultivation auras were very strong.

They were all civil and military officials of the Xuanwu Dynasty, as well as a group of commanders who managed the army. ??

And the middle-aged man sitting on the golden dragon chair at the top is naturally the emperor of the Xuanwu Dynasty!

Swish, swish, swish!

Swish, swish, swish!

At this time, Xuan Wuji came in with Ye Feng, and curious eyes immediately focused on him.

At this time, Ye Feng was surprised to see that Nangong Ling, the young prince of Zhenbei Palace, was also standing in the palace hall.

Obviously, this time the chaos caused by the vampire demons on the border must be very serious, so many princes and nobles have arrived, ready to accept the imperial order and fight against the vampire demons on the border.

At this time, it seemed that he noticed Ye Feng's surprised gaze. The face of Nangong Ling, the young prince of Zhenbei Palace, suddenly became stiff and a little livid.

After all, that night half a month ago, at the No. 1 Restaurant in the World, he was fooled miserably by Ye Feng and Xuan Wuji.

At this time, Xuan Wuji immediately walked to the middle of the hall, bowed respectfully to the Emperor of the Xuanwu Dynasty who was sitting on the dragon throne above, and said: "I pay

homage to my father. This time, I came so late to recommend my good brother to my father." Ye Feng."

"Is he that Ye Feng?"

"It is said that Nangong Ling was taught a terrible lesson at the No. 1 Restaurant in the World half a month ago."

"This is a very powerful genius."

At this moment, the entire palace hall suddenly erupted in discussions.

Obviously, Ye Feng's previous deeds had been spread throughout the royal circle of the Xuanwu Dynasty by a group of noble descendants who witnessed it that night.

son.

At this time, he heard the comments from the people around him, and the face of Nangong Ling, the young prince of Zhenbei Palace, became even more livid and ugly.

At this time, the emperor of the Xuanwu Dynasty fixed his curious eyes on Ye Feng and said with a smile: "I have been hearing the prince mention you recently. When I saw you today, I saw that Ye Xiaoyou is indeed extraordinary. You have the appearance of a dragon and a phoenix, and you will definitely become a great person in the future." "

Ye Xiaoyou?

At this time, many people in the main hall were slightly startled when they heard the title of Emperor of the Xuanwu Dynasty.

Because being able to call the Emperor of the Xuanwu Dynasty "little friend" means that the Emperor of the Xuanwu Dynasty has treated Ye Feng as an equal to himself.

At this time, Ye Feng's eyes revealed a trace of surprise. He seemed to have never expected that the Emperor of the Xuanwu Dynasty actually valued him quite a lot. In front of all the civil and military

officials in the palace, he directly called himself this, which showed that he was very important. Pay attention to.

Ye Feng immediately smiled and said, "I'm here specifically to help Brother Xuan this time."

"very good."

The Emperor of the Xuanwu Dynasty smiled slightly and said: "Prince, then let this little friend Ye follow you to help you. I think it will be a great help to you."

At this time, Xuan Wuji spoke up and said: "Father, I have a small request."

The Emperor of Xuanwu Dynasty said: "You say."

Xuan Wuji clasped his fists and said: "My son, please ask my father to give Ye Feng the title of a first-class general. In this case, it will be more justifiable for Ye Feng to follow me to the border to annihilate the blood-sucking demon clan, and brother Ye Feng can also be with us." Form your own army within the Xuanwu Dynasty."

Wow!

The moment Xuan Wuji's words fell, the entire palace

The expressions of all the civil and military officials in the hall changed.

The entire hall suddenly erupted with a boiling sound.

At this time, everyone's eyes were filled with deep shock, staring at the prince Xuan Wuji.

A first-grade general!

Only those who have made great contributions to the Xuanwu Dynasty can be named generals, and it is very likely that they will only be of the fourth or third rank.

A first-grade general is definitely a being with the most noble authority.

There are various privileges in the Xuanwu Dynasty.

An old man in official uniform, who seemed to be a high-ranking official of the Xuanwu Dynasty, immediately walked out of the queue, clasped his fists and said, "Your Majesty, think twice. Your Highness's proposal is too exaggerated. An outsider wants to be directly named a first-class general." , It's too hasty."

"Yes, Your Majesty, you must think twice."

"Although this Ye Feng is a peerless genius, he is only a young man after all. How can he be named a first-class general just like that?"

At this moment, many other princes stood up one after another, with ugly looks on their faces.

Regarding these quarrels, Ye Feng just stood there calmly, even a little bored.

Because he doesn't care about the results at all.

At this moment, the Emperor of the Xuanwu Dynasty suddenly said: "Okay, don't say anything anymore, I have already decided. According to the prince's words, I will temporarily make little friend Ye Feng a first-class general to represent our Xuanwu Dynasty and go to the frontier." Destroy the blood-sucking demon clan."

After the emperor of the Xuanwu Dynasty finished speaking, a huge noise suddenly sounded in the entire hall.

Obviously everyone present was very puzzled as to why their Emperor valued Ye Feng, a foreigner, so highly.

He was actually directly promoted to a first-class general.

At this time Xuan Wuji was very happy and immediately

He just clasped his fists respectfully and said, "Thank you, Father!"

At this time, Xuan Wuji immediately looked at Ye Feng beside him, and said excitedly: "Brother Ye, let's form a team directly."

After saying that, Xuan Wuji and Ye Feng immediately left the palace hall.

Many people present had fear in their eyes.

Now the prince is united with a first-grade general.

Such a lineup is absolutely terrifying.

"It seems that His Majesty intends to cultivate the Crown Prince's overall strength."

At this time, many civil and military officials in the court could not help but speculate.

Although the prince is a prince, his mother clan is not powerful.

In the Xuanwu Dynasty, there were many other powerful princes from their mother clans.

Of course, the one with the ugliest expression on the field right now is probably Nangong Ling.

The young prince of the Zhenbei Palace originally wanted to use the Zhenbei Palace behind him to deal with Ye Feng, an ordinary person.

Although Ye Feng's cultivation is strong, this is the Xuanwu Dynasty, and strong dragons cannot overwhelm local snakes.

Ye Feng is a powerful dragon.

But it is difficult to suppress the local snake of Zhenbei Palace.

But what I didn't expect was that today Ye Feng was directly named a first-class general by His Majesty the Emperor of the Xuanwu Dynasty.

This kind of title level is so high that even Zhenbei Palace cannot hold it down.

"Damn it!"

Nangong Ling's eyes suddenly revealed a look of deep annoyance, with a very unpleasant feeling of powerlessness.

But at this moment, Nangong Ling suddenly seemed to think of something, and his eyes suddenly lit up, "That's right! This time the blood-sucking demon clan is in trouble, I can use this as a reason to let my eldest brother come back from the Northern Immortal Palace to the Xuanwu Dynasty, let the big brother crush that kid to death when the time comes!"

Chapter 2256 Senior Xuanwu

After Ye Feng and Xuan Wuji left the palace hall, in the next few days, Xuan Wuji worked intensively to recruit various powerful talents and strangers to join his team.

Going to the frontier to fight against the vampire demons this time is not a very simple matter, but a very difficult battle.

So Xuan Wuji attaches great importance to it.

In addition, this is also an opportunity to prove his ability as a prince to the entire Xuanwu Dynasty.

Ye Feng also expressed his understanding of Xuan Wuji's excitement.

After all, Xuan Wuji should be regarded as a weak prince in the Xuanwu Dynasty, and he urgently needs to make achievements to prove his ability.

So in the next few days, in addition to his daily practice and mentoring the sisters, Ye Feng was also helping to form a team for this expedition.

Ye Feng is also looking forward to going to the frontier wilderness to fight and annihilate the blood-sucking demon clan, so this time he formed his own exclusive team, and Ye Feng was naturally not idle.

Even the sisters Luo Xiner and Luo Ling'er wore special thin armor and had heroic looks. They followed Ye Feng around and formed a team for Ye Feng.

With the cultivation of the two sisters, their cultivation has also improved a lot, and they can help Ye Feng do some miscellaneous things.

For Ye Feng, having two dedicated sisters to help him saves him a lot of trouble.

On this day, Ye Feng was interviewing several strangers in the Prince's Mansion who took the initiative to join the team.

At this time, Xuan Wuji immediately ran over, pulling Ye Feng and running outside, saying: "Stop interviewing for now, follow me to the depths of the palace. There is a big event."

Ye Feng looked at Xuan Wuji who was so hurried around him, and couldn't help but asked in surprise: "What's the situation? What kind of big event is it? I still have several strangers who haven't finished the interview yet."

Xuan Wuji said: "Don't do the interview now, there's no rush to do it later."

Ye Feng couldn't help but ask: "Seeing that you are so anxious, it means that the assessment for newcomers in the Northern Immortal Palace is about to begin.

? "

Xuan Wuji shook his head and said, "No."

At this time Xuan Wuji said that he had already pulled Ye Feng to the palace hall.

In the main hall, an old man wearing a white robe was standing there.

Xuan Wuji said: "This is the guardian of the ancestral land of our Xuanwu Dynasty. This senior guardian has accepted the thoughts of the patron saint of our Xuanwu Dynasty, the living senior Xuanwu I told you before. "Senior Xuanwu said he wanted to see you, Ye Feng, by name."

At this time, Ye Feng was immediately shocked and couldn't help but said: "What's going on? Senior Xuanwu wants to see me? Or should I name him?"

At this time, Ye Feng felt a little confused.

what's the situation?

A Xuanwu who survived from ancient times, an old antique from the ancient Holy Spirit clan, actually wanted to see me?

At this time, Ye Feng's eyes were full of doubts and inquiries, and he glanced at Xuan Wuji beside him.

Xuan Wuji spread his hands and shrugged, as if to say: Don't look at me, I don't know what's going on.

At this time, the guardian immediately looked at Ye Feng and said, "Prince, is this little friend Ye Feng?"

Xuan Wuji nodded immediately and said, "Yes, this is Ye Feng."

The guardian nodded and said to Ye Feng: "Come with me."

Xuan Wuji quickly followed.

Soon, several people arrived at the deepest area of the palace.

There are no buildings here.

All are tall primitive jungle trees.

The guardian brought Ye Feng and Xuan Wuji to the depths of this primitive jungle.

Soon they arrived at the center of the jungle.

area.

On the earth, there is an endless inland ocean.

At this time, lying on the inland ocean, there was a huge turtle with a height of tens of thousands of feet. The whole body looked like it was made of high-quality jade, and it looked very shocking.

This majestic emerald-colored turtle tens of thousands of meters tall is the patron saint of the Xuanwu Dynasty, and the Xuanwu that has lived from ancient times to the present!

At this time, the guardian brought the two of them here and immediately resigned.

And Ye Feng and Xuan Wuji saw the endless inland ocean, and the huge turtle that was tens of thousands of feet tall and spread to the end of the ocean, and its entire body seemed to be made of jade, beautiful and shocking.

"Junior Ye Feng has met senior Xuanwu."

Ye Feng immediately hugged the giant basalt turtle on the ocean.

Ye Feng felt an extremely vast aura from this giant basalt turtle, and could not guess how terrifying its true cultivation strength was.

This Xuanwu, I am afraid that even in the Northern Immortal Palace, he will definitely become a great person in the ranks of Supreme Elders, and he is worthy of being the patron saint of the Xuanwu Dynasty.

At this time, Xuan Wuji was also very shocked. This time he caught Ye Feng's light and saw with his own eyes the senior Xuanwu who only existed in legends before.

Buzz!

At this time, the huge basalt turtle moved slightly, and the ocean set off huge waves, sweeping across the sky and the earth. The scene was very terrifying.

An old but powerful voice sounded: "Ye Feng, you have the aura of Qinglong in your body. You have practiced the inheritance of the Qinglong royal family, the Great Qinglong Creation Technique, right?"

Qinglong!

Ye Feng's eyes were startled.

It turns out that this ancient Xuanwu sensed the aura of the blue dragon on his body, so he paid attention to him.

Indeed, Qing

Dragon and Xuanwu both belong to the four ancient holy spirit races, so the relationship between them is naturally very unusual.

Ye Feng nodded at this time and replied honestly: "Senior Xuanwu is right, I have indeed practiced the Daqinglong Creation Technique. This is what I found from a very secret mountain vein. It is a Qinglongzun." In the cave of the deceased, that Venerable Qinglong, she gave me this set of inheritance of the Qinglong clan. "

"Venerable Qinglong..."

The huge Xuanwu murmured at this time, and his tone seemed to be complicated, saying: "Xiaoqing has fallen after all..."

Xiao Qing?

Ye Feng's eyes suddenly moved.

From what Xuanwu said, it seemed that there was some indescribable past between the old Xuanwu and the Azure Dragon Master.

Of course, these are Ye Feng's own guesses.

At this moment, Ye Feng seemed to have thought of something. With a sudden movement of his eyes, he took out a small tower from his storage ring. There was a green dragon egg in the small tower.

Ye Feng looked at the huge emerald turtle in the ocean and said loudly: "Senior Xuanwu, Venerable Qinglong entrusted her heir to me. This is a Qinglong egg. Senior Xuanwu, you don't know if there is any way. Hatch this green dragon egg as soon as possible."

The huge Xuanwu nodded immediately, and an old voice rang out: "Since he is Xiaoqing's child, I naturally have to do my part to help this green dragon egg hatch."

The moment he finished speaking, Xuanwu suddenly stretched out a turtle claw and pointed it towards the small tower in Ye Feng's hand.

Buzz!

A pure and majestic green energy rushed out of Xuanwu's turtle claws in an instant and was directly linked to the small tower in Ye Feng's hand.

The power of the formation of hatching beast eggs carved inside the small tower was immediately increased tenfold or even a hundredfold.

In an instant, Ye Feng sensed that the green dragon egg was hatching rapidly, and the life fluctuations in the eggshell became more and more intense!

Chapter 2257 Little Green Dragon

At this moment, with the injection of green energy, the power of the formation in the small tower was increased exponentially.

The green dragon eggs are hatching faster and faster.

"Click, click..."

Suddenly at this moment, the eggshell of the Azure Dragon Egg suddenly began to crack into cracks.

That was a sign that the green dragon was about to break out of its shell.

"It's about to hatch!"

There was a hint of excitement in Ye Feng's eyes.

So long. .??.

This green dragon egg is finally going to hatch.

"Click, click..."

At this moment, as the eggshell cracked, a small green dragon no bigger than a palm emerged from the eggshell in an instant. It was so cute.

The first time Xiao Qinglong came out, he regarded Ye Feng, who was holding him, as his closest person. He got directly into Ye Feng's arms and rubbed his little faucet intimately.

Ye Feng laughed loudly and said: "The little green dragon has finally hatched! Thank you, Senior Xuanwu!"

The huge Xuanwu also showed a happy smile at this time, and said: "She is exactly the same as her mother when she was a child."

At this time, Xuan Wuji also came over, stared at the little green dragon in Ye Feng's arms, and couldn't help but said with some surprise: "Brother Ye, you always have a green dragon egg on your body, no wonder Senior Xuanwu summoned you. "

At this time, the huge Xuanwu suddenly looked at Xuan Wuji and said, "Xuan Wuji, are you the current crown prince of the Xuanwu Dynasty?"

When Xuan Wuji heard Xuanwu mention him, he immediately said respectfully: "Old Ancestor, my descendant Xuan Wuji, please see our ancestors."

For Xuan Wuji, a royal child of the Xuanwu Dynasty, this Xuanwu who survived from ancient times naturally belongs to his ancestors.

The giant Xuanwu turtle on the ocean nodded slightly at this moment, stared at Xuan Wuji, and said: "As the crown prince of the Xuanwu Dynasty, your cultivation is too weak. You are more than a star and a half weaker than Ye Feng."

When Xuan Wuji heard this, he immediately scratched his head in embarrassment and said, "I can't compare to a monster-like super genius like Brother Ye."

Xuanwu said: "Even if you can't compare, your gap is still too big."

Xuan Wuji: "..."

At this time, Xuanwu suddenly spoke up: "Since you are my descendant, the Xuanwu Dynasty will still need you to resist in the future, so I will give you a blessing."

When Xuanwu said this, Xuan Wuji's eyes immediately lit up and he quickly said: "Thank you, ancestor!"

boom!

At this moment, Xuanwu suddenly stretched out a turtle claw and instantly hit Xuan Wuji's body.

"boom!"

A kind of dark green energy directly enveloped Xuan Wuji's entire body.

At this moment, Xuan Wuji felt that his skill and cultivation were growing rapidly.

In addition, the various talents within Xuan Wuji's body are also constantly being improved.

Xuan Wuji was filled with joy. This time he followed Ye Feng to meet the ancestor of Xuanwu. It was really a great opportunity.

And just when Xuan Wuji accepted Xuanwu's energy injection.

Ye Feng was observing Xiao Qinglong at this moment.

Ye Feng pinched the little green dragon, which was as big as a caterpillar, and squeezed it hard. The little green dragon didn't feel it at all, and it wasn't crushed to death at once.

"Such a solid body strength, this is just a young age, no wonder the Qinglong clan

In ancient times, it was known as one of the four great holy spirits in ancient times, and it was also the first of the four great holy spirits. "

At this time, Ye Feng couldn't help but murmur in surprise.

"Gu Gu Gu Gu..."

At this time, the little Qinglong just rubbed Ye Feng's palm affectionately, but the little Qinglong couldn't speak yet and could only make a series of "gurgling" sounds.

At this time, Ye Feng was thinking, and it seemed that the next step was to teach Xiao Qinglong how to speak.

"I don't know if my little green dragon is a male or a female..."

A strange thought flashed through Ye Feng's mind.

"Hahaha! I've become stronger!"

At this time, Xuan Wuji's laughter suddenly sounded not far away.

The prince of the Xuanwu Dynasty was infused with a lot of special energy by Xuanwu at this moment, and his aura of cultivation had grown immensely.

But at this moment, Xuan Wuji suddenly felt a little cold on the top of his head. He suddenly touched the top of his head, and then his expression changed drastically.

"My beautiful hair! Gone?"

"I've become stronger and also become bald?"

At this moment, Xuan Wuji's face turned a little pale, because he found that he had become a bald head.

Xuanwu spoke up: "I have activated the bloodline of the oldest Xuanwu Holy Spirit in your body. From now on, your practice will be rapid, but your body will also undergo some atavistic phenomena, such as your bald head, and the original body of Xuanwu's ancestor has no hair. "

When Xuan Wuji heard what Xuanwu said, he touched his bald head and couldn't help but say: "Okay, ancestor, I understand."

But Xuan Wuji was still very happy.

This time, his comprehensive cultivation and bloodline talents have been greatly improved and evolved.

As for

appearance?

It doesn't matter!

Xuan Wuji knows very well that when a man reaches a certain age, appearance really doesn't matter, the main thing is that he has strength.

If you have strength, money, power, beauty, you can get anything!

What's the use of being handsome?

In this extremely cruel world of cultivation, if you have no strength, no matter how handsome you are, you may die at any time, or even be captured and used as a "slave" by some gangsters with special habits.

At this moment, Ye Feng saw that Xuan Wuji had accepted the inheritance and said to Xuanwu: "Senior Xuanwu, how should I educate the little Qinglong in the future? I don't quite understand the Qinglong clan's education methods."

Xuanwu smiled and said: "Without special education, the Qinglong clan can grow slowly on its own. As time goes by, the Qinglong clan will automatically stimulate the blood in the body. This is Xiaoqing's child, a pure heir of Qinglong. , not those hybrid dragons, you don't need to worry too much about this child's future, she will grow and become stronger, as long as you protect her."

At this time, Ye Feng touched the little dragon's head of the little green dragon in his arms with a little affection, and said with a smile: "Senior Xuanwu, don't worry, I will protect the little green dragon. This is a promise to its mother, and this little guy is also very good. If you like me, you will naturally like it."

Xuanwu nodded, and then suddenly took off a jade fragment from his body, threw it in the direction of Ye Feng, and then automatically formed an jade pendant, hung it on Xiao Qinglong's body, and said: "This is a piece of my destiny. Xuanwu fragments can manifest part of my power in times of danger to protect the little green dragon."

Ye Feng immediately hugged the giant turtle in the ocean in front of him and said, "I thanked Senior Xuanwu for the gift on behalf of Little Qinglong."

Xuanwu nodded slightly, and then said: "If you are in danger, you can come to me at any time. My place in the north should be considered a very safe place."

Chapter 2258 Doing great things

Hearing Xuanwu say this, Ye Feng's eyes suddenly showed a look of surprise.

I didn't expect this old Xuanwu to be so confident.

This shows how terrifying this Xuanwu that survived from ancient times is.

Ye Feng understood at this time that this old Xuanwu could become his backer in the future.

At this time, Ye Feng looked at the little Qinglong in his arms and said with a smile: "You have to give this little guy a name. Let's have my last name. Let's call him Ye Qingqing. From now on, I will call you Qingqing." .? .??.

"Qingqing."

At this time, Xiao Qinglong suddenly uttered two words, which made Ye Feng's eyes suddenly light up.

Little Qinglong can actually talk.

Even though it's just two syllables.

That is also a huge improvement.

At this time, Xuan Wuji also came over. Seeing how cute little Qinglong was, he couldn't help but smile and said: "Brother Ye, let's go to the treasury of the Xuanwu Dynasty. I want to get some high-end ingredients for this little guy. "

"good."

Ye Feng nodded and said, "I happen to be hungry too. I'll go to your treasury to see if there is anything good. I want to devour some too."

Xuan Wuji: "..."

Seeing Xuan Wuji's speechless look, Ye Feng immediately smiled and patted him on the shoulder, saying: "Don't worry, I won't eat for free. If there are good things, I will buy them directly."

Next, the two said goodbye to Xuanwu.

They really walked towards the treasury of the Xuanwu Dynasty.

The treasury of the Xuanwu Dynasty was very large, and it was divided into several parts.

They are: weapons depot, elixir depot, food depot, exotic treasure depot, sundries depot, etc.

Xuan Wuji took Ye Feng to the elixir warehouse.

For a pure-blooded descendant of the Qinglong clan like Xiao Qinglong, it is natural to take the most high-end elixir to feed Xiao Qinglong.

Soon, they came to the elixir warehouse.

"Rumble..."

The moment the door opened, plants and boxes of elixirs suddenly appeared in the sight of two people and one dragon.

Ye Feng's huge soul power spread out, and after a little exploration, he found that these elixirs were not as advanced as he had imagined.

But it's understandable.

After all, the Xuanwu Dynasty is only one of the ten major dynasties affiliated with the Northern Immortal Palace. It is not considered a super power in the northern land, so it naturally has limited background.

But these elixirs are already very good for a newly born little guy like Xiao Qinglong.

Xuan Wuji immediately ran not far away, and soon he brought back a box containing various high-grade elixirs. Inside was ginseng that exuded golden light and exuded a strong medicinal fragrance.

Xuan Wuji said: "Brother Ye, let's go. I have already brought a whole box of high-grade elixirs, which is enough for our children to eat for many days."

Ye Feng glanced at Xuan Wuji in surprise. He didn't expect that the other party was so generous and actually took a whole box of high-level elixirs, which were priceless.

Xuan Wuji seemed to see what was in Ye Feng's heart.

Thinking about it, he immediately smiled and said: "Brother Ye, didn't you just see that our ancestor of the Xuanwu Dynasty has a special relationship with the mother of this little green dragon? The ancestor of the Xuanwu Dynasty attaches great importance to this little green dragon, even the most exquisite jadeite The fragments were all given to this little green dragon as a protection, so if I please the little green dragon, the Xuanwu Ancestor will definitely take good care of me in the future."

When Ye Feng heard what Xuan Wuji said, he couldn't help but nodded slightly, looked at the little Qinglong in his arms, and said: "Senior Xuanwu really dotes on this little guy, he loves the house as much as he loves him. Senior Xuanwu seems to have the same attitude towards this little junior like me. It's also very good, and it allows me to seek refuge with him in danger."

Xuan Wuji nodded and said happily: "Ancestor Xuanwu is very powerful. I heard some seniors from our royal family say that our ancestor Xuanwu once experienced the battle of the gods in the ancient times and suffered heavy losses. So he stayed dormant and founded the Xuanwu Dynasty, which has been passed down to this day."

When Ye Feng heard this, his eyes showed a trace of shock at first, and then he said strangely: "With the strength of senior Xuanwu, the status of Xuanwu Dynasty should not only be one of the ten affiliated dynasties of the Northern Immortal Palace, I think Xuanwu Senior can bring the entire Xuanwu Dynasty to a more glorious level with his own efforts, even as strong as the Northern Immortal Palace."

Xuan Wuji shook his head and said, "I don't know about this. Maybe the ancestor Xuanwu didn't like fighting, so he chose a calmer life."

Hearing what Xuan Wuji said, Ye Feng nodded and said: "It's possible that Senior Xuanwu seems to be in the state of a hermit and an expert, and doesn't like the ups and downs in the world."

At this time, the two of them were talking and had already reached the Prince's Mansion.

Xuan Wuji said aloud: "Brother Ye, our team has almost been formed. In a few days, we can leave the imperial city and go to the border land. It will probably be a very difficult battle. After all, the vampire demon clan, very scary."

Ye Feng nodded slightly and said: "But this may also be an opportunity for us to improve our cultivation. I have heard that there are many demons growing on the territory of the vampire demons that are not useful, but for a very precious resource for our species."

Hearing what Ye Feng said, Xuan Wuji couldn't help but be surprised and said: "Brother Ye, we haven't wiped out the blood-sucking demons who are causing trouble on the border yet. You are already thinking about attacking the territory of the blood-sucking demons?"

Ye Feng smiled, patted Xuan Wuji on the shoulder, and said: "The blood-sucking demon clan causing trouble on the border is probably not something to be afraid of. Now that we have formed our own team, we must do something unusual. You Xuanwuji Prince of the Dynasty, I am now a first-class general. If we want to do something, we must do something big and something vigorous."
"

When he said this, Ye Feng suddenly said: "In our realm now, we are all immortals, with infinite life. If the late emperor does not die, Brother Xuan, you will always be the prince. If Brother Xuan wants to become the Xuanwu Dynasty, As an emperor, other than rebellion, you can only do a feat that no one can do, and make the entire Xuanwu Dynasty convinced by you, so that the late emperor can legitimately abdicate and make way for others."

When Xuan Wuji heard what Ye Feng said, his eyes suddenly lit up and he said: "Brother Ye is right! Okay! Then this time we will take advantage of the chaos of the blood-sucking demon clan and do something grand and grand. Let me My father has wanted to retire for a long time. After all, he has been in power for more than a hundred years, and he is tired. But he never knows who to pass the throne to. This time, I will show my true self. A great opportunity!" When he heard Xuanwu say this, Ye Feng's eyes suddenly showed a look of surprise.

Chapter 2259 Mysterious

After returning to his big house.

Ye Feng handed Xiao Qinglong to the sisters Luo Xiner and Luo Ling'er to look after him.

Then Ye Feng directly entered his own training room and began to quickly understand the powerful inheritance in his body.

This time he led an army to the frontier lands, even to attack the home of the vampire demons. .??.

Ye Feng knew that this must be very dangerous, so he now wanted to increase his combat power as much as possible.

Cultivation cannot be improved in a short period of time.

But inheritance can be quickly understood.

The most powerful inheritances that Ye Feng currently possesses are the inheritance of Panwu God, the Five Elements Great Demon Emperor's magical power, the Great Blue Dragon Creation Technique, and the Dragon Elephant Prajna Palm.

But most of them are still unfamiliar.

The most important thing for Ye Feng now is to cultivate these powerful inheritances to the level of Dacheng.

Because every kind of inheritance, whether it is mental methods or martial arts, only after understanding and practicing to the level of Dacheng, can the most powerful combat power be unleashed.

At this moment, Ye Feng calmed down his mind and began to concentrate on understanding these powerful inheritances in his body.

There was a sister arrangement outside, and Ye Feng was very relieved.

Ye Feng spent the next few days in seclusion practicing.

Exactly seven days later.

Ye Feng only opened his eyes in the secret room.

"Finally, I have almost mastered all the inheritance I have obtained so far."

Ye Feng murmured.

He stood up from the secret practice room and walked outside.

As soon as I opened the door, I saw the sisters, who seemed a little anxious and were waiting outside.

"What's wrong?"

Ye Feng's eyes revealed a look of surprise.

When her sister Luo Xiner saw Ye Feng coming out, she immediately greeted him and said anxiously: "Master, my dear

Qinglong was abducted by the little princess of the Xuanwu Dynasty! "

"What? He ran away?"

When Ye Feng heard this, he couldn't help but show a look of astonishment on his face.

Because Ye Feng never thought that someone could abduct Xiao Qinglong.

Moreover, she seems to be a little princess from the Xuanwu Dynasty?

Ye Feng was about to ask what was going on.

Uh-huh!

But suddenly at this time.

A small cyan figure flew over from not far away in an instant, got directly into Ye Feng's arms, and rubbed his clothes vigorously to express intimacy.

It turns out that this little green figure is none other than the little green dragon!

But at this time, the little green dragon was much bigger than before, and had gained a whole circle of fat, as if it had doubled in weight.

Obviously, Xiao Qinglong must have been living a very comfortable life during this period.

Ye Feng immediately couldn't help but smile and touched the little Qinglong's head in his arms, and said loudly: "Qingqing, what's going on? Where have you been during this time? You are living such a happy life."

"Give me back my little green dragon!"

Suddenly at this moment, a girl's angry voice sounded not far away.

Outside the mansion, a very delicate-looking girl walked in angrily.

This delicate girl should be the little princess of the Xuanwu Dynasty that the sisters mentioned, Xuan Miaomiao.

Xuan Miao Miao stared at Ye Feng with her beautiful eyes, stretched out her white hands and said, "Hurry up and give me the little green dragon, it is my pet."

Ye Feng couldn't help but look at this pretty girl and smiled.

Said: "Qingqing is the child I hatched. How come he has become your pet now? This is illogical."

Xuan Miaomiao immediately put her hands on her hips and said: "It was the little Qinglong who took the initiative to follow me. During this period, I fed it a lot of precious elixirs. I was reluctant to eat them myself, so I gave them all to the little Qinglong, but This little Qinglong has broken his promise and ran away. It's so annoying! No, I have to take the little Qinglong away!"

Uh-huh!

Xuan Miao Miao rushed towards Ye Feng in an instant, with a powerful aura of cultivation erupting from her body.

I have to say that this Xuan Miaomiao is worthy of being the little princess of the Xuanwu Dynasty, and her cultivation strength is still very powerful.

But in front of a peerless genius like Ye Feng, it was naturally not enough.

"Uh-huh!"

At this moment, Ye Feng immediately stretched out a hand towards the front.

An extremely solid gas wall appeared in front of Ye Feng in an instant.

"boom!"

Before the little princess Xuan Miaomiao could get close to Ye Feng, she collided directly with the invisible gas wall, causing her scalp to bleed instantly.

"ah!"

Xuan Miao Miao, a pretty girl, couldn't help but cover her white forehead in pain.

"very painful!"

Xuan Miaomiao stared at Ye Feng angrily and said, "It turns out that you are still a master, but you live in the Prince's Mansion and should be the Prince's retainer. You need to obey the orders of me, the princess."

At this time, her sister Luo Xiner seemed to be dissatisfied with Xuan Miaomiao's bossy princess temperament. She immediately couldn't help but sneered and said: "Our young master is now a first-class general of the Xuanwu Dynasty. Even if you are a princess, you do not have any authority to give orders." Our son."

"First-grade general?"

Xuan Miao Miao's face immediately became a little shocked.

But then she shook her head violently and said: "It's impossible. Only the seniors who have made great contributions to our Xuanwu Dynasty are qualified to be named first-class generals. How can you be a first-class general when you are so young?"

Ye Feng smiled slightly and said: "I don't want to explain anything about this. Thank you for taking care of Qingqing during this time. Princess, please come back."

Xuan Miaomiao was very angry at this time, but she also knew that she was no match for Ye Feng, an unpredictable young man.

At this time, Xuan Miao Miao seemed to have thought of something. She suddenly took out a nine-color flower that exuded a strong medicinal fragrance from her storage ring. She looked at the little green dragon hiding in Ye Feng's arms and said in a bewitching voice: "Xiao Qinglong, as long as you are willing to come with me, I will give you this."

Xiao Qinglong was in Ye Feng's arms. He immediately stared at the nine-color flower, teleported over and appeared in front of Xuan Miao Miao.

"That's great, I knew you still love me, Xiao Qinglong..."

Xuan Miao Miao immediately burst into laughter.

But before she could say anything more.

"Crack!"

After the little green dragon swallowed the nine-color flower, it flashed again and flashed directly into Ye Feng's arms.

"The ability to teleport?"

Ye Feng's eyes showed a hint of surprise.

Xiao Qinglong's bloodline ability began to slowly wake up.

At this time, when Xuan Miaomiao saw this scene, she was so angry that she yelled, "Little Qinglong! You disappoint me so much! Ahhh!"

"what's the situation?"

But suddenly at this time, Prince Xuan Wuji walked in from outside the house, looking at the tit-for-tat scene on the field, he was a little confused.

Chapter 2260 Departing for the Frontier

At this moment Xuan Wuji appeared.

The little princess Xuan Miaomiao immediately looked at Xuan Wuji and began to complain: "Brother Prince! These people bully me, you must make the decision for me!"

"bully you?"

Looking at Xuan Miaomiao's pitiful look, Xuan Wuji twitched the corner of his mouth and said: "Who dares to bully you, a little witch? In the palace, I only know that you bully others, and I have never heard of others bullying you. ah."

"Brother Prince!"

Xuan Miao Miao immediately became very angry and said loudly: "But these people really bully me! I managed to feed a little green dragon, but the boy in white took the little green dragon away. Brother Prince, what do you have to do? I will uphold justice and bring Xiao Qinglong back to me."

When Xuan Wuji heard this, he couldn't help but smile bitterly and said: "The little Qinglong is Brother Ye's own, the child hatched by Brother Ye himself. Naturally, the little Qinglong will not choose to follow you Miaomiao."

"What?"

When Xuan Miaomiao heard what Xuan Wuji said, she immediately couldn't help showing an ugly look on her face, "Is this little green dragon really the boy in white?"

Xuan Wuji couldn't help but said: "His name is Ye Feng, he is a good friend of mine. Miaomiao, please don't be rude to Brother Ye, hurry up and call Brother Ye."

"I do not want!"

Xuan Miao Miao immediately ran out in anger and disappeared in the distance outside the house in a blink of an eye.

Seeing this, Xuan Wuji could only say to Ye Feng: "My sister is the little princess of the Xuanwu Dynasty. My father loves her very much. She is used to being arrogant. Please don't take offense, Brother Ye."

Ye Feng smiled and said: "It doesn't matter. It's normal for a little girl who hasn't grown up to be a little delicate. By the way, Brother Xuan took the initiative to come to me this time because the Northern Immortal Palace is going to conduct an assessment for new disciples? "

"no."

Xuan Wuji shook his head and said: "Our troops have gathered

Once we are done, we are waiting outside the Prince's Mansion. We can set off directly to the border land of the Xuanwu Dynasty. "

When he said this, Xuan Wuji's expression showed a hint of excitement.

Because this time is a good opportunity for him, the prince, to make contributions.

At this time, Ye Feng nodded slightly and said: "Okay, it's time to go to the border to fight. Let's go directly."

When he said this, Ye Feng suddenly looked at the two sisters behind him and said: "You don't want to come with me this time. Stay in the prince's house and practice the inheritance of the skills I taught you, and strive to be as fast as possible." Become stronger and achieve breakthroughs in cultivation."

"Master!"

"Sir, we want to go to the borderland with you. We can take care of your daily life."

At this moment, when the sisters Luo Xin'er and Luo Ling'er heard Ye Feng tell them to stay, their little faces suddenly showed a look of reluctance.

Ye Feng said with a smile: "You have just entered the journey of cultivation. The frontier battlefield is too dangerous for you, so your best choice now is to stay in the prince's residence and practice well."

Hearing what Ye Feng said, the sisters could only nod reluctantly and watched Ye Feng and Xuan Wuji walk outside the house.

On the way, Xuan Wuji looked at the little Qinglong lying on Ye Feng's shoulder, sleeping soundly, and couldn't help but said in surprise: "Brother Ye, Qingqing wants to follow you too? It's a bit dangerous for you to take it with you, after all, it was just born. "

Ye Feng said with a smile: "It doesn't matter, Qingqing is the heir of the four holy spirits. Going out to participate in the war will be of great benefit to it. Moreover, Qingqing is not as simple as you think, brother Xuan. It has begun to awaken part of the talent of the Qinglong bloodline." "

At this time, Xuan Wuji heard what Ye Feng said, and immediately couldn't help but look at Xiao Qinglong in surprise, and then said in admiration: "As expected of the descendant of a divine beast, he is indeed very powerful."

Ye Feng nodded and said, "I believe Qingqing will be able to grow up soon."

At this time, while the two were talking, they had already walked out of the Prince's Mansion and arrived outside the Prince's Mansion.

There is a huge martial arts square outside the Prince's Mansion. It is very wide and covers an area of several thousand square meters. It is usually used to train soldiers in the imperial city.

At this moment, the entire huge martial arts square was filled with densely packed people.

These people were all wearing uniformly cast golden armor, holding various weapons in their hands, and they looked very imposing.

These soldiers are naturally powerful soldiers carefully selected by Ye Feng and Xuan Wuji during this period.

Each soldier's individual combat ability is very powerful. After so many days of cooperative training, they are even more terrifying when they are combined together.

At this moment, Xuan Wuji and Ye Feng walked over.

"See His Royal Highness the Crown Prince and His Highness the General!"

"See His Royal Highness the Crown Prince and His Highness the General!"

...

The whole field suddenly burst into respectful roars.

Xuan Wuji was very satisfied with this.

He looked at everyone in the audience and said aloud: "You are all elites carefully selected by me and General Ye Feng. Each of you is very powerful and has outstanding abilities. This time we are going to fight. Yes, it is the frontier land of our Xuanwu Dynasty. There are countless blood-sucking demon clans plundering there. Countless civilians have been displaced and their lives are in ruins. Therefore, this time we must wipe out all the evil and cruel vampire demon clans, and even attack those who enter the blood-sucking demon clan. The clan's lair is killing the vampire demon clan!

Do you have this confidence? "

"have!"

"have!"

"have!"

Suddenly, all the soldiers roared loudly, their momentum rising to the sky.

Ye Feng couldn't help but smile as he watched Xuan Wuji mobilize before the battle. Apparently this move was very effective. At least the morale of a large group of soldiers had been improved.

"good!"

At this time, Xuanwuji shouted: "Then let's set off! Go directly to the border land!"

boom!

At this time, Xuan Wuji immediately took out a huge warship from the storage ring.

That was the warship he used before. It was very powerful, with incredible hardness and strength.

At this moment, a large group of soldiers wearing uniform golden armor all flew onto the warship.

Ye Feng and Xuan Wuji also jumped up, flew to the front of the warship, began to control the warship, left the imperial city, and flew towards the chaotic frontier.

Halfway through, Xuan Wuji seemed to have sensed something, and suddenly glanced suspiciously at a soldier standing guard not far away, and suddenly said: "Miao Miao! How did you get into our team?"

Uh-huh!

At this time, the soldier turned around, revealing the figure of a small and pretty girl in armor.

It is the little princess Xuan Miao!

Xuan Miaomiao immediately trotted up to Xuan Wuji, with a look of annoyance on her beautiful little face, and said: "Because I also want to help the prince brother to conquer the border, kill those vicious vampire demons, and help those who are displaced. Ordinary people, they are all innocent."

Ye Feng glanced at this Xuan Miao Miao in surprise. He didn't expect that this little princess was quite courageous in the face of big things.
