Chapter 2261 The Top Ten Geniuses of the Outer Sect

At this time, Xuan Wuji felt a little headache looking at the little princess talking eloquently in front of him.

He couldn't help but said: "We are going to fight, not travel. You may be in danger at any time if you follow us. How will I explain to my father?"

At this time, Xuan Miao Miao immediately put her hands on Xiao Man's waist and said: "Brother Prince, you don't need to worry, I have already contacted a good friend of mine in the Northern Immortal Palace. His name is Mu Shenyang, and he is the outer gate of the Northern Immortal Palace. One of the top ten geniuses, I will definitely be very safe if he is with me to protect me."

"One of the top ten geniuses in the outer sect of the Immortal Palace in the Northern Territory, Mu Shenyang?"

Hearing this, Xuan Wuji couldn't help but show a trace of surprise on his face.

It seems that he did not expect that his sister would be able to contact the powerful genius in the Northern Immortal Palace.

And he is also one of the top ten geniuses in the outer sect.

That must be very powerful.

At this time, Xuan Miaomiao seemed to look at Ye Feng intentionally and said: "Brother Prince, don't worry, this time the blood-sucking demon clan's chaos has spread to the Northern Immortal Palace, so the Northern Immortal Palace dispatched this time Many sect geniuses came to the territory of the ten major dynasties to help eliminate those blood-sucking demons. This time I was able to contact Senior Brother Mu Shenyang because I had been accepted as a registered disciple by an elder of the Northern Immortal Palace some time ago. , and Senior Brother Mu Shenyang is that elder's direct disciple, so he chose to come and help me."

When Xuan Wuji heard what his sister Xuan Miaomiao said, his eyes suddenly showed a trace of surprise, and he couldn't help but said: "The top ten geniuses of the inner sect of the Northern Immortal Palace should indeed be very powerful."

Xuan Miaomiao snorted, raised her head like a proud little swan, and said loudly: "So as long as I am here, brother Prince, you don't need this Ye Feng. Although this Ye Feng is considered the top in our Xuanwu Dynasty, Genius, powerful in battle, but compared with the geniuses in the Northern Immortal Palace, they are definitely very mediocre. Senior Brother Mu Shenyang, who is coming here to help me, is the strong man that you really need to take seriously, Brother Prince."

When Xuan Wuji heard this, he couldn't help but smile and said, "Brother Ye is much more powerful than Miaomiao you think."

Xuan Miao Miao immediately refused to accept the output and said: "No matter how powerful it is, it is impossible to be as powerful as the top ten outer sect geniuses of the Northern Immortal Palace. Senior Brother Mu Shenyang is a strong man in the All Things Realm who has surpassed the Pure Yang Realm!"

The realm of all things?

When Ye Feng heard the news, his eyes flashed slightly.

It seems that his current cultivation strength is close to the top ten geniuses in the outer sect of the Northern Immortal Palace.

"It seems that practicing in the Xuanwu Dynasty is quite fast. By the time I go to the Northern Immortal Palace, I will probably be very powerful."

Ye Feng couldn't help but murmur secretly in his heart.

at this time.

Buzz!

Suddenly, a very powerful aura suddenly appeared not far away.

"All on alert!"

At this moment, Xuan Wuji shouted loudly.

Swish, swish, swish!

Swish, swish, swish!

In an instant, all the soldiers wearing golden armor on the entire huge warship were on alert.

In the direction of the distant sky, a very dazzling golden light suddenly appeared.

Like a golden sun, it appeared in everyone's field of vision, filled with endless heat and terror.

At this time, the little princess Xuan Miaomiao suddenly said: "That's not an enemy! This aura is the aura of Lieyang Qiankun Jue! This is the aura of Senior Brother Mu Shenyang! It's Senior Brother here!"

At this time, Xuan Miao Miao spoke up, her tone full of excitement.

Obviously, this little princess of the Xuanwu Dynasty admires the top ten geniuses from the outer sect from the Northern Immortal Palace.

At this moment, the eyes of Ye Feng, Xuan Wuji and others were also directed towards the nearby

Looking at the end of the horizon.

They also want to see how powerful the geniuses in the Northern Overlord Force like the Northern Immortal Palace are.

Especially Ye Feng, he wanted to see what the overall strength of the Northern Immortal Palace was.

At this moment.

Uh-huh!

Accompanied by a golden light shining in the distance, a young man wearing a golden robe, very aloof, stepped in the air.

As he walked, he seemed to be integrated with the surrounding world and all things, as if he was integrated into all things, and his every move could activate the power of heaven and earth.

This is the wonder of cultivation in the realm of all things!

A practitioner who has entered the realm of all things can integrate himself and the entire world of all things around him, which is very powerful. He can activate the power of heaven and earth with a wave of his hand to suppress the enemy, which is very powerful.

At this time, this young man in golden robe came forward, and everyone on the warship felt as if the entire world was oppressing him, giving people a sense of oppression from the world, which was very suffocating.

"Is this the realm of all things? It is indeed extremely powerful and terrifying. It is worthy of being one of the top ten outer sect geniuses in the Northern Immortal Palace!"

At this moment, many elite personnel on the warship couldn't help but exclaim, they felt the power of the visitor.

At this moment, Ye Feng's eyes flashed slightly, but he did not express his opinion.

Prince Xuan Wuji immediately stepped forward, smiled, clasped his fists, and said, "Welcome Mu Shenyang, one of the top ten geniuses from the outer gate of the Northern Immortal Palace."

Mu Shenyang, who was wearing a golden robe, only nodded slightly when he heard Xuan Wuji's greeting. His expression was very cold, and there was an undisguised contempt and aloofness in his eyes.

Obviously, in the eyes of Mu Shenyang, one of the top ten geniuses in the outer sect of the Northern Immortal Palace, these so-called masters from the Xuanwu Dynasty on the warship are just mediocre existences in his eyes.

Mu Shenyang simply

Too lazy to pay attention.

Mu Shenyang just looked at Xuan Miaomiao, showed a faint smile, and said: "Master, he has already told me to take good care of my little junior sister this time and help you, little junior sister, to annihilate those blood-sucking demons."

Xuan Miao Miao's big eyes were full of admiration and she said, "With Senior Brother Mu Shenyang here, we will definitely not have any problems this time!"

While everyone was talking, the warship had already flown to the frontier of the Xuanwu Dynasty.

The place is already devastated, with dilapidated buildings everywhere and the smell of blood. It looks very chaotic and terrifying, with danger everywhere.

"boom!"

Suddenly at this moment, a blood-red sharp thorn suddenly shot down from high in the sky, and before anyone could react, it directly stabbed the head of Mu Shenyang on the warship.

"Pfft!"

Mu Shenyang didn't even have time to react. His whole body was directly pierced by the blood-red sharp thorn that suddenly appeared from the top of his head, piercing his entire body from head to toe. He screamed in agony and was killed instantly!

"ah!"

At this time, Xuan Miaomiao saw with his own eyes the war-god-like senior brother Mu Shenyang beside him. His entire body was pierced from head to toe, and his body was sucked dry by the blood-red sharp thorns, turning him into a mummy. The little princess, who originally felt extremely safe, immediately screamed in fright, her face instantly turned pale and extremely frightened.

The sudden change did not allow anyone present to react.

By the time everyone came to their senses, Mu Shenyang, one of the top ten geniuses in the outer sect of the Immortal Palace in the Northern Territory, was already dead!

He was directly sucked into a mummy by some weird existence!

And at this moment, an evil and cruel voice sounded from high in the sky: "Jie Jie Jie, I have accumulated all my strength and secretly attacked and killed the most powerful master among you. The remaining weak ones will be killed." , I'm going to play hard and kill you one by one!"

Chapter 2262 Instant Death

At this time, everyone on the entire warship had fear in their eyes.

No one thought that Mu Shenyang, one of the ten most powerful outer sect geniuses from the Northern Immortal Palace, would die in such an instant!

At this moment, both Ye Feng and Xuan Wuji showed vigilance in their eyes.

Because someone who can kill a powerful person in the realm of all things in a sneak attack must be a very powerful blood-sucking demon.

Buzz!

At this moment, a huge blood-red demonic energy suddenly appeared in the originally clear sky.

In this blood-red demonic aura, a demon clan covered in red scales, with an extremely powerful cultivation aura surging all over his body, appeared in everyone's sight.

This was the strong demon who lurked in the dark and killed Mu Shenyang.

This is a very powerful vampire demon clan.

Not only is he powerful in cultivation, he is also very smart.

He actually used his most powerful thorn while lurking to instantly kill Mu Shenyang, the most powerful warrior on the warship.

Even Ye Feng, no one noticed the sudden assassination just now.

This shows how powerful this vampire demon's secret lurking methods are.

At this moment, the aura of cultivation exuding from this blood-sucking demon clan is clearly from the third level of the realm of all things!

At this moment, all the soldiers on the entire warship showed a trace of fear in their eyes.

Obviously no one expected that they had just arrived in this chaotic frontier land and had already encountered such a powerful blood-sucking demon clan.

At this moment, Xuan Wuji immediately activated the entire warship's defense system.

Buzz!

Almost at the next moment, the surface of the huge warship was immediately covered with a layer of light red protective light.

At this time, the vampire demon immediately laughed loudly: "The most powerful master among you

I have already killed them all, and the protective light shields of the warships cannot withstand me at all! "

Boom!

After saying that, this powerful vampire demon launched an attack on the entire battlefield.

"Boom!"

The blood-sucking demon grabbed forward with his hand, and a huge blood-red claw, exuding an extremely terrifying evil aura, struck fiercely in a certain direction in front of him.

Then it hit the red light shield on the surface of the warship fiercely.

"Kacha kacha..."

Almost at this moment, the protective light shield on the entire surface of the warship immediately shattered inch by inch, looking very scary.

It has to be said that this blood-sucking demon is indeed extremely powerful, its combat power is very terrifying, and its destructive power is also astonishing. With just one claw, the protective light shield of the extremely powerful warship was shattered inch by inch, and a line of light appeared. There was a crack, and the next moment it seemed like it was going to be completely shattered.

At this time, the little princess's mysterious eyes were full of deep fear and despair, and she couldn't help but say: "Even Senior Brother Mu Shenyang, one of the top ten geniuses in the outer sect of the Northern Immortal Palace, was killed by this powerful demon clan. If we kill him, we will definitely be dead!"

At this moment, Xuan Wuji suddenly looked at Ye Feng beside him and said aloud: "Brother Ye, I didn't expect that we were so unlucky this time. We encountered such a powerful demon as soon as we came up. Brother Ye, everything... It's all up to you."

Ye Feng nodded slightly, looked at the blood-sucking demon outside the warship who was attacking crazily, and immediately said: "Brother Xuan, you are controlling the powerful warship to assist me. I am facing this powerful demon. Fight and strive to completely eliminate this powerful blood-sucking demon clan."

At this moment, Ye Feng finished speaking

After that, a powerful fighting spirit burst out from his whole body, and he rushed forward in an instant.

At this moment, the little princess Xuan Miaomiao was stunned and couldn't help but said: "His cultivation level is much weaker than that of Senior Brother Mu Shenyang. How dare he confront that powerful vampire demon?"

And just when the little princess Xuan Miao Miao felt that Ye Feng was just a moth rushing to the flame to die.

"Boom!"

Ye Feng in front of him punched out fiercely, knocking the powerful vampire demon back several steps.

"What?!"

Seeing this scene, the little princess Xuan Miao suddenly showed a look of extreme astonishment in her beautiful big eyes.

She had always thought that Ye Feng was just a mediocre person who ate and drank under the command of her prince brother, and could not compare with the super geniuses in the Northern Immortal Palace.

But he never expected that Ye Feng would be so powerful. He could burst out with such terrifying power and directly drive away the extremely powerful vampire demon.

"Is this Ye Feng more powerful than the senior brother who died just now?"

At this time, the little princess Xuan Miaomiao's face became a little shocked and a little shocked.

At this time, the little princess of the Xuanwu Dynasty gradually changed her view of Ye Feng.

Originally, Xuan Miaomiao felt that a young man like Ye Feng from a small place would definitely not be able to compare with the geniuses from the Northern Immortal Palace.

Now it seems that Ye Feng's talent and strength are even more powerful than the geniuses of the Northern Immortal Palace.

Because you must know that Ye Feng's cultivation level is much lower than that of Mu Shenyang, but his explosive combat power seems to be more powerful.

"No wonder the prince brother attaches so much importance to this Ye Feng. Now he is so powerful. But before I was so rude to him, he was not angry at me.

This reaction should be the legendary strong mentality. In Ye Feng's eyes, maybe all the behaviors of this unruly and willful little princess seem as ridiculous as a child. "

At this moment, the little princess Xuan Miaomiao was thinking this in her heart, and suddenly she felt very ashamed.

And at this moment.

Far in the sky.

"Boom!"

Ye Feng and the powerful vampire demon clan collided again, and both of them took several steps back.

At this time, the cruelly smiling face of the strong vampire demon turned into astonishment, and he couldn't help but said: "Human boy! Your cultivation level is so much lower than mine, how could you be so powerful?" The power of this vampire demon can't resist your weak human body? This is impossible!"

Ye Feng smiled indifferently at this time and said aloud: "Originally, I thought how powerful the vampire demons from the third level of the world were, but I didn't expect them to be just average, so you just die! "

The inheritance of Panwu God!

The fourth floor!

The world!

Almost at this moment, Ye Feng did not want to waste any time to avoid other changes. He directly displayed the fourth level of Panwu Shenzun's inheritance of the universe.

"Boom!"

Suddenly, small worlds rushed out of Ye Feng's body, directly forming a big world, full of infinite power, and instantly bombarded the strong vampire demon, and instantly destroyed the vampire demon. The body of the powerful clan member was shattered inch by inch after being suppressed.

The blood-sucking demon who was very arrogant just now was completely shattered by Ye Feng in the next moment and died instantly!

"So strong!"

At this time, everyone on the warship was stunned and extremely shocked.

Chapter 2263 Xuanshan City

At this moment, Ye Feng looked at his hands with a look of surprise in his eyes.

He didn't seem to have thought that his current combat power had become so powerful.

But this is also because the inheritance of Panwu God displayed by Ye Feng is very powerful.

"It seems that I have been spending some time in seclusion and comprehending all the martial arts inheritance to the level of Dacheng. It is still very useful. Although my cultivation has not improved, my actual combat power has indeed improved a lot. "

At this moment, Ye Feng was thinking secretly in his heart, and then he grabbed the body of the powerful vampire demon not far away and devoured it directly.

"Boom!"

The cultivation level on his body immediately began to explode.

"Boom!"

Pure Yang Realm Sixth Heaven!

"Boom!"

Pure Yang Realm Seventh Heaven!

At this moment, this blood-sucking demon who was in the third heaven of the Ten Thousand Thing Realm had very strong demonic energy, allowing Ye Feng to break through the second heaven in a row.

At this time, Ye Feng returned to the warship.

The scene of the battle ahead had everyone on the entire warship dumbfounded at this moment.

Even when Ye Feng returned, they were still in a state of shock.

At this time, Ye Feng returned to the warship, and everyone seemed to have recovered from their dazed state.

At this moment, everyone's eyes were fixed on Ye Feng, their eyes filled with deep awe.

When they were recruited before, they only knew that Ye Feng was a very young first-class general, but they didn't know why Ye Feng could become the youngest first-class general in the Xuanwu Dynasty.

But now, the scene just now made everyone understand why Ye Feng was directly named a first-class general by the emperor of the Xuanwu Dynasty at such a young age.

The combat power Ye Feng showed just now may be just the tip of the iceberg, but

It has shocked everyone to the extreme.

This kind of terrifying combat power and talent is probably very rare even in the Northern Immortal Palace, the dominant force in the northern land.

The most shocking thing at this time is probably Xuan Miao Miao, the little princess of the Xuanwu Dynasty.

Xuan Miao Miao was originally dismissive of Ye Feng. She really felt that Ye Feng only had the position of a first-class general and had no ability at all. He was not as good as her talented senior brother from the Northern Immortal Palace. .

But the final result was completely unexpected by Xuan Miaomiao.

Her genius senior brother, before he even had time to take action, was instantly attacked and killed by a powerful vampire demon. It can be said that his death was very miserable and very useless.

However, Ye Feng suddenly burst out with extremely powerful combat power and killed the powerful vampire demon instantly.

This kind of combat power is really terrifying!

At this moment, in the little princess's mysterious mind, all the disdain and contempt towards Ye Feng disappeared. Now in the little princess's heart, she is completely ashamed of Ye Feng, and a feeling of admiration that arises quickly.

At this time, Xuan Wuji walked up to Ye Feng, patted Ye Feng's shoulder hard, laughed and said loudly: "Brother Ye, I knew you were strong, but I didn't expect you to be even stronger now than before. , the strong vampire demons in the third heaven of the realm of all things can be killed instantly. It is really powerful. I think you don't need to go to the fairy palace in the northern region in the future. You can practice in our Xuanwu Dynasty. It just so happens that the demons are in trouble right now. If we make great achievements together, we may become great figures in the entire northern land in the future, and there is no need to go to the Northern Immortal Palace to become a new disciple. Now I have received the guidance of the Xuanwu Ancestor, and the blood of the Xuanwu God in my body has been stimulated. "

Ye Feng is concerned about

Xuan Wuji just smiled slightly and said: "Take a step and see what happens."

Seeing the mediocrity of the so-called top ten geniuses in the Northern Immortal Palace, Ye Feng suddenly felt that the so-called dominant force in the Northern Immortal Palace was not as noble as he imagined.

There is no need for him to join the sect.

"Brother Ye Feng, I was wrong. I apologize for my rudeness to you before. Can you forgive me?"

At this time, a timid voice suddenly sounded.

It turned out to be the little princess Xuan Miaomiao. This beautiful girl walked up to Ye Feng and unexpectedly apologized in a rare way.

Ye Feng glanced at Xuan Miaomiao in surprise, as if he was a little curious as to why the little princess suddenly changed so dramatically. She might have been too frightened.

At this time, Xuan Wuji laughed loudly: "Sister, Brother Ye is not that kind of narrow-minded person. If you sincerely apologize, Brother Ye will definitely forgive you, but you should not covet Brother Ye's little green dragon in the future. That's Brother Ye's child." ????

Xuan Miao Miao immediately shook her head vigorously and said aloud: "I will never dare to let the little green dragon become my pet again, but if the little green dragon is willing to play with me, he will definitely serve him delicious food and drinks. I regard Xiao Qinglong as my friend."

At this time, Xuan Miaomiao said and secretly glanced at the little green dragon lying on Ye Feng's shoulder. It was obvious that this girl still liked the little green dragon very much.

Ye Feng smiled slightly and said to the little Qinglong on his shoulder: "Qingqing, now the little princess regards you as a friend, you can play with the little princess."

Xiao Qinglong immediately made a voice like a child: "Yes, I am quite willing to play with my little sister. She has a lot of delicious food."

Little Qinglong has now gradually learned to speak human language.

This made Ye Feng quite happy.

At this time, when I heard Xiao Qinglong talking, Xuan

Miaomiao, the little princess of the Xuanwu Dynasty, was also very happy. She immediately stretched out her white hands to the little green dragon and said, "Let's play together."

At this time, Xuan Miaomiao looked at Ye Feng and said curiously: "The little Qinglong is called Qingqing?"

Ye Feng nodded and said, "I named this little guy. He takes my last name and is called Ye Qingqing."

"Ye Qingqing?"

Xuan Miaomiao immediately showed a surprised expression on her face, looked at Xiao Qinglong, and said loudly: "Then Qingqing and I will be good friends from now on."

At this time, Xuan Miaomiao said, and immediately took out a very precious elixir from his storage ring, and said: "Qingqing, these are yours, eat them quickly, and let's play together after eating."

Seeing Xuan Miaomiao and Xiao Qinglong getting along again, Ye Feng and Xuan Wuji looked at each other and couldn't help but smile and said, "It's good for these two children to become partners with each other."

At this moment, Xuan Wuji continued to control the warship and flew towards a place on the border. He said aloud: "Let's go to the first point for help now. That is a border city of our Xuanwu Dynasty, called Xuanwuji." The mountain city has been attacked by many vampire demons and is almost completely devastated. The dynasty garrison in the city is having a hard time resisting it. Let's rescue it first."

Ye Feng nodded and said aloud: "Okay, this is destined to be a relatively long battle, so there is no need to be too anxious. We will deal with the blood-sucking demons one city at a time first. It is best for us to go directly to the next one." That Xuanshan City is used as our temporary station. Once we have the station, we can continue to develop and grow our team, and we have a defense base, which is of great benefit for long-term operations. We can go back at any time. Supplement your cultivation."

Xuan Wuji immediately nodded and said, "Brother Ye, you are right. We really need a relatively stable base and garrison in this chaotic frontier land, which can provide us with a steady stream of supplies at any time."

Chapter 2264 Heavenly Soldiers and Heavenly Generals

After Ye Feng and Xuan Wuji discussed it, they decided to use Xuanshan City as their current base.

But the first thing to do is to save the entire Xuanshan City.

Rumble...

The huge warship sailed high in the sky and soon arrived at an ancient city in the northwest of the borderland.

That city is Xuanshan City!

At this time, everyone was standing on the warship, looking down, and saw a very horrifying scene.

The entire Xuanshan City is in ruins, and there are some remaining soldiers of the Xuanwu Dynasty who are struggling to resist.

The areas outside Xuanshan City were densely packed with blood-sucking demons. They were all charging towards Xuanshan City like crazy. The tall and ancient city walls were shattered by the collision.

This Xuanshan City has almost turned into an abandoned city!

Very scary!

"Hit me hard!"

At this moment, when Xuan Wuji saw this scene, his eyes were filled with a look of crazy killing, and he directly controlled the energy cannon on the warship, and suddenly bombarded the bottom crazily.

"Boom!"

"Boom!"

"..."

At this moment, the energy cannon on the warship suddenly gathered golden energy beams, and instantly bombarded the earth below crazily.

This warship is very powerful. The golden energy beam blasted out by the energy cannon on the warship has extremely terrifying destructive power. In an instant, it blasted the densely packed blood-sucking demons outside Xuanshan City to tatters. The entire battlefield was covered in tatters. A large area was cleared in an instant.

"Come on!"

At this time, Ye Feng also took all the carefully selected soldiers on the warship and jumped from the high altitude in an instant.

Come and rush towards the ground.

Ye Feng is now a first-grade general, so he naturally has to lead many soldiers into the battle.

But this is what Ye Feng wants to do.

Because the densely packed blood-sucking demons below are a very abundant source of energy for Ye Feng.

He wanted to go down and kill those blood-sucking demons to his heart's content, devour their blood and energy, and strengthen his own cultivation skills.

At this moment, Ye Feng led thousands of elite soldiers and landed from high altitude. All the surviving people in Xuanshan City suddenly felt as if heavenly soldiers and generals descended from the sky to save them. .

"Boom!"

"Boom!"

Ye Feng led thousands of elite soldiers and charged on the battlefield. Like a sharp blade, it tore a huge gap in the dense army of blood-sucking demons.

These vampire demons are actually not weak. They are all tall, ferocious and powerful.

But this time Ye Feng and Xuan Wuji brought an army of elite members who were carefully selected and interviewed.

And the leader of the charge now is Ye Feng!

Ye Feng's current physical strength combined with his powerful cultivation, the impact of the explosion was absolutely terrifying, and it was simply not something that these ordinary blood-sucking demon soldiers could withstand.

Ye Feng is surrounded by endless devouring whirlpools. As long as the blood-sucking demon soldiers are killed, they will be swallowed up by Ye Feng in an instant.

Although the densely packed blood-sucking demon soldiers outside Xuanshan City are all of higher cultivation level,

A more common vampire demon.

But you must know that this is an army of vampire demons numbering hundreds of thousands!

After killing them all and swallowing them all, Ye Feng's skill immediately increased sufficiently.

With the continuous killings and battles, Ye Feng's cultivation level directly broke through from the seventh level of Pure Yang Realm to the eighth level of Pure Yang Realm, and even to the ninth level of Pure Yang Realm!

At this moment, the entire dense army of blood-sucking demons outside Xuanshan City had been completely killed by Ye Feng and the elite soldiers he led.

Although these vampire demon armies were numerous, they were not actually powerful. Therefore, Ye Feng and a group of elite soldiers suffered almost no damage during the entire charging and killing process.

The elite soldiers looked at Ye Feng and the leader of their expedition with deep excitement and admiration in their eyes.

In the battlefield charge just now, Ye Feng's ferocity and terrifying combat power deeply impressed all the elite soldiers.

At this moment, Ye Feng felt the powerful cultivation after the breakthrough, and his eyes showed deep excitement.

This time I came to this borderland to fight against these blood-sucking demons. I really came to the right place!

For Ye Feng, these blood-sucking demons are all his most advanced nutrients, which can quickly strengthen his cultivation skills.

At this time, the entire battlefield was cleared in an instant, and the eyes of the surviving people and guard soldiers in Xuanshan City were filled with deep shock.

"What kind of terrifying team is this?!"

"The army of hundreds of thousands of blood-sucking demons were all strangled in just half an hour? It's too terrifying!"

"All of these people are

Wearing golden armor, he seems to come from the imperial city of our Xuanwu Dynasty! "

...

At this moment, everyone in the entire Xuanshan City looked at the invincible team of elite soldiers led by Ye Feng, their eyes filled with deep shock and admiration.

At this moment, the majestic warship also landed from high altitude.

Xuan Wuji looked at Ye Feng and gave him a thumbs up: "Bringing you to the frontier with Ye Feng this time is definitely the most correct choice I have made in my life!"

At this moment, Xuan Wuji's eyes were full of slight shock, because the damage caused by Ye Feng leading a group of elite soldiers to charge was really terrifying.

The threatening army of hundreds of thousands of blood-sucking demons were all eliminated in just half an hour and all died. It was really shocking!

At this moment, Xuan Wuji looked at the entire Xuanshan City and said loudly: "You should know me, I am the prince of the Xuanwu Dynasty!"

"Your Highness the Crown Prince?!"

"It seems to be the Crown Prince! I met His Highness the Crown Prince before when I went to the Imperial City to admonish the Lord!"

"His Royal Highness actually came to our remote Xuanshan City in person? He also led such a powerful team like heavenly soldiers and generals! There is also a very young man in white who is like a god of war! It is really great! We There's help!"

...

At this moment, everyone in the entire Xuanshan City couldn't help but cheer excitedly.

At this time, Xuan Wuji looked at everyone in Xuanshan City and said aloud: "The reason why we came to Xuanshan City this time is to station here, and then start a sweep of the surroundings to completely eliminate those evil blood-sucking demons. Kill them all!"

Chapter 2265 Planning

After Xuan Wuji finished speaking, everyone in Xuanshan City suddenly cheered.

"We fully support everything His Royal Highness the Crown Prince said!"

"It's stable now! With His Royal Highness and the group of heavenly soldiers and generals stationed in our Xuanshan City, our Xuanshan City will definitely be extremely safe!!"

...

At this time, all the residents of Xuanshan City and the soldiers stationed there were shouting excitedly.

Obviously they still have a strong sense of identification with the Xuanwu Dynasty.

In the following time, Xuan Wuji ordered others to start stabilizing the current situation in Xuanshan City.

Ye Feng also led many elite soldiers and began to build the walls of Xuanshan City that had collapsed.

The city walls built this time, at Ye Feng's request, were all made of steel concrete and were very strong.

Moreover, on the surface of the city wall, Ye Feng also ordered the array masters recruited this time to imprint a reinforcement spiritual pattern on every inch of the city wall.

In this case, if there is an army of blood-sucking demons to attack the city next time, those city walls will be stronger and can be guarded for a longer time. They will not be easily broken down and enter the city.

night.

Ye Feng and Xuan Wuji temporarily used the City Lord's Mansion in Xuanshan City as their base as the core hub of this campaign.

At this time, in front of Ye Feng and Xuan Wuji, stood a burly middle-aged man wearing black iron armor.

This middle-aged man is the lord of Xuanshan City, named Shi Tie.

At this time, Shi Tie respectfully clasped his fists at the two of them and said, "His Royal Highness the Crown Prince, His Royal Highness the General."

Xuan Wuji nodded slightly, and then asked aloud: "You are the city lord of Xuantie City. You should know the situation in Xuantie City very well, and you should also know the surrounding situation very well."

Shi Tie immediately clasped his fists and said loudly: "I would like to inform His Highness the Crown Prince that the general knows Xuanshan City and the surrounding areas very well."

Xuan Wuji nodded, then looked at Ye Feng beside him, and said loudly: "Brother Ye, just tell Shi Tie the next plan."

Ye Feng nodded, then stared at the city lord of Xuanshan City in front of him, and said loudly: "In the next period of time, the prince and I will need to live in Xuanshan City for a period of time, and use Xuanshan City as a base to visit It spreads around, you should understand this, right?"

Shi Tie immediately knelt down on one knee and said respectfully: "General, I understand! Please also ask the general to give instructions on what to do next."

Ye Feng said aloud: "What to do next is actually very simple. The first step is to stabilize the hearts and minds of everyone in Xuanshan City, and then build the destroyed buildings and walls of

Xuanshan City quickly, because There are threats from other blood-sucking demons around here, and the blood-sucking demons may gather other armies at any time to continue attacking the city."

When Shi Tie heard this, he immediately said: "Yes, the general knows."

Ye Feng continued: "The second step is also very simple, that is, you, Shi Tie, the city lord of Xuanshan City, need to recruit soldiers and horses in the entire huge area of Xuanshan City. I will continue to expand the prince's team. As long as I can quickly gather a group of With only a strong army, we can take the initiative and eliminate the surrounding vampire demon strongholds. The most important thing for us now is actually to destroy all the vampire demon strongholds around Xuanshan City.

, in this case our base in Xuanshan City will be safe, and there will be enough time for us to develop and continue to conquer other frontier places. "

When Shi Tie heard what Ye Feng said, he immediately responded respectfully: "General, don't worry, I will immediately go to the cartographers in Xuanshan City to map out all the areas around Xuanshan City and the strongholds of the vampire demons." Be clear and map it out."

Ye Feng nodded and said with satisfaction: "Okay, if you can do this, then our Xuanshan City will develop very stably in the future, and it will also have a huge impact on the next battle plan of the prince and me. benefit."

Shi Tie immediately said respectfully: "Your Highness the Prince and Your Highness the General, please rest assured that the general will do his best to complete all these things satisfactorily!"

Xuan Wuji finally spoke up at this time: "Okay, as long as you work hard, Shi Tie, and when we win a great victory, I will support you, the little city lord, in the name of the prince."

Hearing what Xuan Wuji said, Shi Tie, the city lord of Xuanshan City, immediately said excitedly: "I will devote my whole life to His Highness the Crown Prince!"

Obviously, Xuan Wuji's promise made Shi Tie, the little city lord, immediately feel like he had been given a shot of blood, very excited and full of motivation.

Shi Tie left.

Only Ye Feng and Xuan Wuji were left in the city lord's mansion.

At this time, Ye Feng said with a smile: "Brother Xuan, our battle this time went very smoothly. It seems that we will be able to take the initiative to destroy those blood-sucking demons soon."

Xuan Wuji sighed and said: "Thanks to Brother Ye for being by your side to assist me this time, if I were the only one, I would have died in the hands of the strong vampire demon from before. After all, even the top ten geniuses from the outer sect of the Northern Immortal Palace are dead."

When Ye Feng heard what Xuan Wuji said, he also showed a trace of vigilance on his face, and said loudly: "Brother Xuan, your words reminded me that for those vampire demons with very powerful single-body combat capabilities, they are very powerful." "We really need to pay more attention."

When he said this, Ye Feng looked in a certain direction not far away and said, "Qingqing, come here."

Uh-huh!

A small green figure moved through the void in an instant, and suddenly came to Ye Feng. He easily rubbed his green dragon's little head against Ye Feng's palm.

Ye Feng looked at the little Qinglong in front of him and said with a smile: "Qingqing, I have a task for you next."

Qingqing immediately made a tender voice: "What does Ye Feng's father want Xiaoqing to do?"

Ye Feng said with a smile: "It's not a special mission. I just want Qingqing to become a secret guard of our Xuanshan City. You have the ability to move and can detect movement on the edge of the city wall at any time. If there is anything abnormal, you can instantly move to The city lord's palace will report to us."

Xiao Qinglong immediately nodded very seriously and said: "Qingqing will definitely complete the task successfully!"

After saying that, Xiao Qinglong left the City Lord's Mansion and disappeared directly into the night sky.

Xuan Wuji's eyes were a little surprised at this time, and he couldn't help but said: "I didn't expect Qingqing to grow up so fast and already have his own thinking, and he actually called Brother Ye "Ye Feng Daddy"?"

Ye Feng smiled helplessly and said: "I have to tell Qingqing another day. Don't call me daddy. It seems that I am too old. You should call me Brother Ye Feng." After Xuan Wuji finished speaking, the whole Xuanshan City Everyone immediately cheered.

"We fully support everything His Royal Highness the Crown Prince said!"

"It's stable now! With His Royal Highness and the group of heavenly soldiers and generals stationed in our Xuanshan City, our Xuanshan City will definitely be extremely safe!!"

...

At this time, all the residents of Xuanshan City and the soldiers stationed there were shouting excitedly.

Obviously they still have a strong sense of identification with the Xuanwu Dynasty.

In the following time, Xuan Wuji ordered others to start stabilizing the current situation in Xuanshan City.

Ye Feng also led many elite soldiers and began to build the walls of Xuanshan City that had collapsed.

The city walls built this time, at Ye Feng's request, were all made of steel concrete and were very strong.

Moreover, on the surface of the city wall, Ye Feng also ordered the array masters recruited this time to imprint a reinforcement spiritual pattern on every inch of the city wall.

In this case, if there is an army of blood-sucking demons to attack the city next time, those city walls will be stronger and can be guarded for a longer time. They will not be easily broken down and enter the city.

night.

Ye Feng and Xuan Wuji temporarily used the City Lord's Mansion in Xuanshan City as their base as the core hub of this campaign.

At this time, in front of Ye Feng and Xuan Wuji, stood a burly middle-aged man wearing black iron armor.

This middle-aged man is the lord of Xuanshan City, named Shi Tie.

At this time, Shi Tie respectfully clasped his fists at the two of them and said, "His Royal Highness the Crown Prince, His Royal Highness the General."

Xuan Wuji nodded slightly, and then asked aloud: "You are the city lord of Xuanshan City. You should know the situation in Xuanshan City very well, and you should also know the surrounding situation very well."

Shi Tie immediately clasped his fists and said loudly: "I would like to inform His Highness the Crown Prince that the general knows Xuanshan City and the surrounding areas very well."

Xuan Wuji nodded, then looked at Ye Feng beside him, and said loudly: "Brother Ye, just tell Shi Tie the next plan."

Ye Feng nodded, then stared at the city lord of Xuanshan City in front of him, and said loudly: "In the next period of time, the prince and I will need to live in Xuanshan City for a period of time, and use Xuanshan City as a base to visit It spreads around, you should understand this, right?"

Shi Tie immediately knelt down on one knee and said respectfully: "General, I understand! Please also ask the general to give instructions on what to do next."

Ye Feng said aloud: "What to do next is actually very simple. The first step is to stabilize the hearts of everyone in Xuanshan City, and then build the destroyed buildings and walls of Xuanshan City

quickly, because There are threats from other blood-sucking demons around here, and the blood-sucking demons may gather other armies at any time to continue attacking the city. "

When Shi Tie heard this, he immediately said: "Yes, the general knows."

Ye Feng continued: "The second step is also very simple, that is, you, Shi Tie, the city lord of Xuanshan City, need to recruit soldiers and horses in the entire huge area of Xuanshan City. I will continue to expand the prince's team. As long as I can quickly gather a group of With only a strong army, we can take the initiative and eliminate the surrounding vampire demon strongholds. The most important thing for us now is actually to destroy all the vampire demon strongholds around Xuanshan City.

, in this case our base in Xuanshan City will be safe, and there will be enough time for us to develop and continue to conquer other frontier places. "

When Shi Tie heard what Ye Feng said, he immediately responded respectfully: "General, don't worry, I will immediately go to the cartographers in Xuanshan City to map out all the areas around Xuanshan City and the strongholds of the vampire demons." Be clear and map it out."

Ye Feng nodded and said with satisfaction: "Okay, if you can do this, then our Xuanshan City will develop very stably in the future, and it will also have a huge impact on the next battle plan of the prince and me. benefit."

Shi Tie immediately said respectfully: "Your Highness the Prince and Your Highness the General, please rest assured that the general will do his best to complete all these things satisfactorily!"

Shi Tie left.

Only Ye Feng and Xuan Wuji were left in the city lord's mansion.

At this time, Ye Feng smiled and said: "Brother Xuan, our battle this time went very smoothly. It seems that we will be able to take the initiative to destroy those vampire demons soon."

Xuan Wuji sighed and said: "Thanks to Brother Ye for being by your side to assist me this time, if it was just me, I would have died in the hands of the strong vampire demon from before. After all, even the top ten geniuses from the outer sect of the Northern Immortal Palace are dead."

When Ye Feng heard what Xuan Wuji said, he also showed a trace of vigilance on his face, and said loudly: "Brother Xuan, your words reminded me that for those vampire demons with very powerful single combat capabilities, they are very powerful." "We really need to pay more attention."

Chapter 2266 Demon Soul Master

Under the planning of Ye Feng and Xuan Wuji, the entire Xuanshan City developed very smoothly and rapidly.

Residential buildings were rebuilt one by one.

The tall city wall was also recast, towering and boundless, like a steel Great Wall, surrounding the entire Xuanshan City in the middle, giving everyone a very stable sense of security.

The teams of Ye Feng and Xuan Wuji were also replenished and strengthened during this period of time.

After all, there are nearly two to three hundred thousand permanent residents in Xuanshan City.

On this day, Ye Feng and Xuan Wuji were discussing the next plan in the city lord's mansion.

Suddenly, Shi Tie, the city lord of Xuanshan City, strode in from outside. He clasped his fists respectfully and said, "General Shi Tie, I would like to pay my respects to His Royal Highness the Crown Prince and His Highness the General."

Xuan Wuji looked at Shi Tie and said aloud: "What's wrong? Is there anything important to report?"

Shi Tie nodded, took out a very detailed map from his storage ring, and said aloud: "The various terrains and vampire demon strongholds around our Xuanshan City have been explored during this period. come out."

"Oh? So fast?"

Xuan Wuji stretched out his hand to grab it, and directly absorbed the map in Shi Tie's hand into his own.

He looked at Ye Feng beside him and said, "Brother Ye, let's take a look together."

"good."

Ye Feng nodded, and Xuan Wuji began to observe the map in his hands.

I have to say that Shi Tie, the city lord of Xuanshan City, is very reliable in his work.

At this time, Ye Feng and Xuan Wuji saw that the terrain depicted on the map was very real, and all the vampire demon strongholds hidden in each mountain range were marked.

At this time, Xuan Wuji immediately said: "Brother Ye, it's time for us to set off for the battle."

Ye Feng nodded and said: "With this map, our army has a direction. First, let's attack the blood-sucking demon stronghold closest to Xuanshan City."

Xuan Wuji looked at the map and said aloud: "The closest place to our Xuanshan City seems to be a vampire demon stronghold in the Tianmo Mountains."

At this time, Shi Tie immediately said: "Then general, go and assemble all the troops now!"

"Need not."

Ye Feng shook his head and said aloud: "All the troops recruited from Xuanshan City have relatively little combat experience and weak cultivation, but they still focus on training in the city first. This is the first attack. The vampire demon stronghold in the Tianmo Mountains is probably very dangerous. This time I will personally lead the elite soldiers to explore the situation. "

Xuan Wuji nodded at this time and said: "Okay, this arrangement is very reasonable."

Ye Feng looked at Xuan Wuji and said, "Prince, you can continue to train the new soldiers in Xuanshan City. I will take the elite army to the Tianmo Mountains to take a look."

Xuan Wuji was naturally very relieved about Ye Feng and said, "I will lend you the warship."

Ye Feng said: "I don't need the warship. It is safer to stay in Xuanshan City. If the blood-sucking demon army attacks, it can also serve as a powerful guardian."

Xuan Wuji knew how powerful Ye Feng was, so he stopped trying to persuade him. Instead, he nodded and said, "Okay, then I wish Brother Ye a triumphant return in advance."

"good!"

Ye Feng smiled and said: "Don't worry, I will definitely return in triumph."

...

In the afternoon, Ye Feng directly led thousands of elite soldiers to Xuanshan City and set off towards the nearest blood-sucking demon stronghold in the Tianmo Mountains.

Now Ye Feng is very clear that the most important task is to remove all the vampire demon strongholds around the base of Xuanshan City, so that he and Xuan Wuji's team can grow steadily in the whole body city.

And attacking the strongholds of these vampire demons is also very important to Ye Feng, because Ye Feng came to the borderland to fight this time, with the purpose of devouring these vampire demons and strengthening his cultivation skills.

A group of people walked very fast.

Soon they left Xuanshan City and came to

The Tianmo Mountain Range closest to Xuanshan City.

The Tianmo Mountain Range is very long and towering, with tall mountains and jungles standing everywhere.

At this time, the moment Ye Feng brought a group of elite teams here, he immediately sensed a very strong demonic aura, diffused in this deep mountain range.

At this time, Ye Feng looked at the elite team behind him and said loudly: "This time we take the initiative to attack the vampire demon clan's stronghold. We must be very careful not to act rashly and obey my orders in everything."

"Yes, General!"

Thousands of elite teams all spoke out one after another.

During this period of time, they followed Ye Feng in the battles. All the soldiers in these elite teams admired Ye Feng very much as their leader.

Because Ye Feng's combat power and mobility are too strong.

Even if these teams are composed of elites in the imperial city, they have taken away their own pride. In front of Ye Feng, they are all respectful and obey orders very much.

Ye Feng led a group of elite teams directly into the Demonic Mountains.

Buzz!

Huge soul power spread out from Ye Feng's body and began to explore various movements around him.

At this time, Ye Feng quickly arrived at a plain in the northwest of the Tianmo Mountains according to the markings on the map.

At this moment, Ye Feng raised his hand and waved it behind his back.

"Swish, swish, swish!"

Almost at this moment, all the soldiers in the team saw Ye Feng's gesture, squatted down and began to hide.

At this time, Ye Feng lurked forward alone, and then saw tall blood-red castles built on the plain.

Those are the buildings of the vampire demons!

This is indeed a stronghold where the vampire demons are stationed!

At this time, Ye Feng released his soul power and headed towards the extreme point of the blood-sucking demons.

Before attacking, Ye Feng must find out the specific situation in this vampire demon stronghold.

r\u003e

If there is a very powerful blood-sucking demon clan, then Ye Feng will naturally not take risks.

After all, Ye Feng came here to kill and devour the Qi-blood demons, not to die.

Therefore, if he really encounters a very terrifying powerful vampire demon, Ye Feng will not be very reckless and impulsive and go up to fight.

That is behavior only a child would have.

Ye Feng has experienced ups and downs along the way, and has developed the habit of being very cautious even if his cultivation is getting stronger.

"Buzz!"

But suddenly at this moment, Ye Feng's soul force suddenly sensed a very strong hostility, bursting out from the depths of the blood-sucking demon clan's stronghold.

"Huh? There seems to be a demon soul master who specializes in cultivating soul power in this vampire demon stronghold!"

Ye Feng's eyes showed a trace of surprise. This was the first time he met a soul master among the demons.

However, Ye Feng's soul power exploration was discovered.

"Boom, boom, boom!"

Almost at this moment, powerful blood-sucking demons suddenly flew out of the blood-sucking demon stronghold ahead, flying towards the area where Ye Feng and a group of elite teams were lurking, with murderous intent.

Ye Feng immediately yelled at the elite team behind him: "Everyone, come on! There is no strongest among the demons in this blood-sucking demon clan's stronghold! It's just a demon soul master. I'll deal with it, you go kill those ordinary blood-sucking demons!"

"Yes, General!"

Thousands of elite teams all roared loudly, and following Ye Feng, they instantly launched a fierce charge towards the vampire demon stronghold ahead.

"Rumble..."

It was two very vast teams that collided together all of a sudden, and countless shouts of killing instantly resounded throughout the entire Tianmo Mountain Range.

At this time, Ye Feng was alone and flew to the deepest point of the blood-sucking demon tribe. Looking at the tall tower standing in the deepest place, he said aloud: "Among the soul masters of the demon tribe, I am still the number one." I've seen you for the first time, don't hide it anymore, I've noticed your aura, come out and fight!"

Chapter 2267 The Art of Summoning

At this moment, Ye Feng's voice fell.

From the tall tower not far away, a figure shrouded in black robes suddenly flew out.

This black-robed figure exudes a very strong demonic aura, but at the same time, there is also a very powerful soul fluctuation.

This is exactly the demon soul master that Ye Feng sensed.

At this moment, the soul fluctuations emanating from this demon soul master made Ye Feng feel a little suffocated.

Obviously, this is a very powerful demon soul master.

But Ye Feng didn't have much fear at this time. Instead, he stared at the demon soul master shrouded in black robes with a trace of curiosity in his eyes.

This was the first time he met a soul master among the demon clan.

At this moment, Ye Feng said aloud: "This is the first time I have met a demon soul master. It seems that you are very special."

The demon soul master shrouded in black robes now made an old and hoarse voice: "Young man from the human race, you are too courageous. When others are busy resisting the attack of our blood-sucking demons, you dare to lead the army. The human army takes the initiative to attack the stronghold of our blood-sucking demon clan. It is really bold. Today, I will let you know what the pain of the soul-devouring demons is!"

At this moment, the demon soul master immediately stretched out his hand and shook it in the void.

Buzz!

The next moment, a huge scepter appeared in the hands of this demon soul master.

This scepter is all pitch black, emitting black light, and looks very dark and deep.

"Dark Scepter!"

"Ten Thousand Demons Devouring Souls!"

At this moment, the demon soul master immediately waved the dark scepter in his hand and pointed it at Ye Feng.

"boom!"

"boom!"

"boom!"

Several

Almost at this moment, the demon soul master's scepter immediately rushed out with roaring black demon souls.

Each of these black demon souls were very evil and terrifying, in the state of souls. They held the ferocious death scythe in their hands and rushed towards Ye Feng, roaring and roaring, looking extremely terrifying.

The demon soul master sneered and said, "Human boy, you're dead!"

Ye Feng just smiled indifferently and said, "Oh? Really?"

At this moment, Ye Feng instantly activated his soul master inheritance, the Soul Emperor Seal!

boom! boom! boom.....

Almost instantly, soul emperors suddenly appeared around Ye Feng, namely the Great Thunder Emperor Seal, the Fire Emperor Seal, the Gale Emperor Seal, the Great Gold Emperor Seal and the Great Black Emperor Seal.

A total of five soul emperors, representing the power of soul emperors with different attributes, appeared in the void around Ye Feng in an instant.

Those dark demon souls that roared and rushed over were instantly wiped out by the Soul Emperor Seal.

"Boom!"

"Boom!"

The five soul emperors currently awakened by Ye Feng took action one after another, bombarding them with terrifying soul attacks.

"Click, click..."

Those roaring demon souls were instantly shattered one by one and turned into countless fragments.

"What?!"

At this moment, he saw that all the demon souls he had released were wiped out by the soul emperor released by Ye Feng.

The demon soul master not far away was immediately shocked. He seemed to have never expected that the human boy opposite him was actually a

A soul master with such terrifying soul power.

"This...how is it possible! How do you have such a powerful soul power when you are so young?"

At this moment, the eyes of the demon soul master suddenly became extremely gloomy.

Originally, he controlled so many vampire demons, and thought he could fight for territory in the northern human dynasty's territory.

But I didn't expect that today, a human boy led an army to attack directly at the door of his house.

It's really frustrating to the extreme! ??

At this moment, Ye Feng did not hesitate at all. In an instant, he led five soul emperors and rushed directly towards the demon soul master.

"Boom!"

"Boom!"

The terrifying soul attacks caused this demon soul master to retreat steadily.

"Soul Defense!"

At this moment, the demon soul master immediately roared.

A soul protective shield instantly appeared in the void around him.

"Smash me hard!"

Ye Feng roared loudly.

The five surrounding soul emperors swung their fists wildly, hitting the soul shield around the demon soul master hard.

"Click, click..."

The extremely strong soul shield, under the crazy hammering of the five soul emperors, suddenly appeared cracks, and it seemed that it was about to be broken.

At this moment, under the black robe of the demon soul master, an extremely gloomy face finally appeared.

At this time, the demon soul master suddenly showed a look of madness in his eyes, fiercely waved the soul scepter in his hand, and shouted: "Human boy! I will fight with you! I will summon that The dark archmage sleeping in the dimension of mythical time and space, the great darkness

The Archmage is immortal and possesses infinite vitality and combat effectiveness. "

At this moment.

The demon soul master raised the dark scepter in his hand, and instantly chanted a series of very ancient and obscure demon spells.

"Buzz!"

In an instant, a huge space-time rift appeared in the sky above the head of the demon soul master.

A tall figure covered in dark gold stepped out of the crack in the sky.

That is the Dark Master!

The whole body is covered with dark golden scales, and the body is boundlessly majestic and tall. It looks full of infinite power, like an ancient demon god resurrected.

This is a very ancient summoning technique!

Only demon soul masters can summon terrifying ancient creatures like the Dark Master, which have unlimited vitality and fighting power and are immortal.

"Buzz!"

The moment the Dark Master appeared, his majestic body, containing boundless power, directly bombarded Ye Feng.

"Boom!"

Ye Feng also punched out fiercely at this moment, bursting out with tremendous power.

"boom!"

An extremely terrifying force broke out instantly.

The Dark Master's fist actually knocked Ye Feng away.

Ye Feng immediately felt a terrifying force that almost shattered his arm. He was knocked away in an instant and fell hard to the ground in the distance, smashing everything into pieces. A large area of ground.

"Hahaha!"

The demon soul master who saw this scene immediately laughed out loud: "Boy! You are dead! The Dark Mage has infinite vitality and combat power. You will never be able to defeat the Dark Mage!"

Chapter 2268 Soul Power Exhausted

At this moment, looking at Ye Feng's embarrassed appearance, the demon soul master was walking high in the sky, with the boundless and majestic dark mage behind him, and his eyes were full of excitement.

Uh-huh!

Ye Feng rushed out of the ruins in an instant, staring at the demon soul master in the sky, especially at the majestic figure of the dark archmage behind the demon soul master, with a hint of shock in his eyes.

This dark mage summoned from the dimension of mythical time and space by the demon soul master is indeed very powerful.

It is worthy of having boundless vitality and combat effectiveness. ??

Even though Ye Feng's current body is extremely powerful, as if it is made of divine iron, it is unable to defeat this dark archmage.

It's so powerful!

At this moment, Ye Feng flew high into the sky again and directly activated the Great Green Dragon Creation Technique.

boom!

At this moment, Ye Feng's whole body was immediately blessed by the Great Azure Dragon Creation Technique, and every part of his body was transformed into the body of the ancient Azure Dragon in this instant.

The ancient blue dragon is one of the four great holy spirits. At this time, every part of Ye Feng's body has turned into the ancient green dragon, which immediately increased his power by unknown amounts.

At this moment, Ye Feng looked like an ancient dragon-blooded warrior, full of unparalleled fighting power and destructive power.

At this time, Ye Feng instantly rushed towards the demon soul master in front.

"Stubborn!"

At this moment, the demon soul master watched Ye Feng continue to rush over, and his eyes suddenly showed a look of disdain. He pointed the dark scepter in his hand towards the direction where Ye Feng was rushing, and shouted: "Dark Master Go ahead and crush this human boy to death!"

Boom!

After the dark mage received the order, he immediately roared, filled with infinite divine power, and rushed towards Ye Feng.

"Rumble..."

The two collided crazily in an instant, and the aftermath of the collision erupted, causing the entire surrounding mountains and land to shatter. The scene was very scary, as if the end was coming.

It has to be said that Ye Feng's combat effectiveness has been greatly improved at this moment when he transformed into the green dragon state.

He suddenly possessed the power of the ancient blue dragon, and naturally became very powerful.

"Pfft!"

Even the dark mage was torn off an arm by Ye Feng during the fight.

However, Ye Feng also had his chest hanging on his body, and was almost shot through the chest. There was a huge scar and a crack with blood flowing.

But before Ye Feng could rejoice, the dark mage's arm that he tore off immediately turned into dust, and the dark mage's original arm grew back on his body.

"Hahaha!"

The demon soul master seemed to see the shock in Ye Feng's eyes, and immediately laughed out loud and said: "Boy, I have said it before, the Dark Master is immortal and has unlimited vitality. , no matter how much you cause harm to him, the Dark Archmage will eventually return to his original state and will never die, so in the end, you, a human kid, can only die instantly when your strength is exhausted. You have to know that the Dark Archmage, But a true god in our ancient mythological dimension of time and space, the Dark Master, is eternal and immortal."

At this moment, Ye Feng's eyes were slightly

After a slight flash, he said: "The Dark Master may be truly immortal and can never be killed, with infinite vitality, but you, a demon soul master, cannot be immortal forever. I have discovered it. , although after I cause damage to the Dark Archmage, the Dark Archmage can quickly recover, but every time the Dark Archmage is injured, your soul power is depleting. In other words, as long as I continue to cause damage to the Dark Archmage, Huge damage, you, the summoner who summoned the Dark Master, will eventually consume all your soul power and die! When you, the Summoner, die, the Dark Master will naturally disappear."

"you.....!"

Hearing what Ye Feng said at this time, the demon soul master immediately showed a deeply ugly look in his eyes.

Obviously, he never expected that Ye Feng's perception would be so strong, and he had already captured his weakness in a short period of time.

"hateful!"

The demon soul master immediately yelled: "Human boy, so what if you know this secret, I'm going to let the dark mage burst out with the strongest power and completely obliterate you, the human boy!" "

"Dark energy bomb!"

Suddenly at this moment, the demon soul master yelled.

Almost the next moment.

"boom!"

The Dark Archmage immediately opened a dark gap in the middle of his body.

In that dark gap, a dark light group filled with terrifying explosive power instantly gathered.

"Boom!"

The next moment, a ball of dark light burst out, emitting overwhelming power, and bombarded Ye Feng in front of him.

"Boom!"

An extremely terrifying big explosion broke out in an instant.

The void around Ye Feng was trembling as it was bombarded by the dark energy bomb.

Click, click...

The entire space is about to be shattered!

This sight is very scary.

It can be seen from this that this dark energy bomb contains terrifying destructive power.

"Probably dead."

At this moment, the demon soul master's face was a little pale, and it was obvious that letting the dark mage launch this attack also consumed a huge amount of his soul power.

Buzz!

But at the next moment, Ye Feng was covered in blood in the destroyed space, and he stepped out of the destroyed space in an instant.

Although Ye Feng's body was covered with wounds and blood was flowing, it was obvious that he had suffered heavy injuries.

But at this moment, Ye Feng swallowed a pill, which was a holy healing pill at the level of all things that Ye Feng auctioned from an underground auction, which saved Ye Feng's fatal injury.

"What? You're not dead yet? How come your vitality is so tenacious!"

The demon soul master finally panicked.

At this time, he could no longer launch the terrible attack just now for the second time.

Because the soul power of the demon soul master has been consumed to the last trace!

"The fourth level of Panwu God's inheritance!"

"Wide world!"

Ye Feng did not hesitate at this time, and instantly activated the fourth-level inheritance of the extremely powerful Panwu God, carrying the infinite weight of the world, and directly bombarded the demon soul master in front of him! At this moment, looking at Ye Feng's embarrassed appearance, the demon soul master was walking high in the sky, with the boundless and majestic dark mage behind him, and his eyes were full of excitement.

But before Ye Feng could rejoice, the dark mage's arm that he tore off immediately turned into dust, and the dark mage's original arm grew back on his body.

"Hahaha!"

The demon soul master seemed to see the shock in Ye Feng's eyes, and immediately laughed out loud and said: "Boy, I have said it before, the Dark Master is immortal and has unlimited vitality. , no matter how much you cause harm to him, the Dark Archmage will eventually return to his original state and will never die, so in the end, you, a human kid, can only die instantly when your strength is exhausted. You have to know that the Dark Archmage, But a true god in our ancient mythological dimension of time and space, the Dark Master, is eternal and immortal."

At this moment, Ye Feng's eyes were slightly

After a slight flash, he said: "The Dark Master may be truly immortal and can never be killed, with unlimited vitality, but you, a demon soul master, cannot be immortal forever. I have discovered it. , although after I cause damage to the Dark Archmage, the Dark Archmage can quickly recover, but every time the Dark Archmage is injured, your soul power is depleting. In other words, as long as I continue to cause damage to the Dark Archmage, Huge damage, you, the summoner who summoned the Dark Master, will eventually consume all your soul power and die! When you, the Summoner, die, the Dark Master will naturally disappear."

"you.....!"

Hearing what Ye Feng said at this time, the demon soul master immediately showed a deeply ugly look in his eyes.

Obviously, he never expected that Ye Feng's perception would be so strong, and he had already captured his weakness in a short period of time.

"hateful!"

The demon soul master immediately yelled: "Human boy, so what if you know this secret, I'm going to let the Dark Master burst out with the strongest power and completely obliterate you, the human boy!" "

"Dark energy bomb!"

Suddenly at this moment, the demon soul master yelled.

Almost the next moment.

"boom!"

The Dark Archmage immediately opened a dark gap in the middle of his body.

In that dark gap, a dark light group filled with terrifying explosive power instantly gathered.

"Boom!"

The next moment, a ball of dark light burst out, emitting monstrous power, and bombarded Ye Feng in front of him.

"Boom!"

An extremely terrifying explosion erupted in an instant.

The void around Ye Feng was trembling as it was bombarded by the dark energy bomb.

Click, click...

The entire space is about to be shattered!

This sight is very terrifying.

It can be seen from this that this dark energy bomb contains terrifying destructive power.

"Probably dead."

At this moment, the demon soul master's face was a little pale, and it was obvious that letting the dark mage launch this attack also consumed a huge amount of his soul power.

Buzz!

But at the next moment, Ye Feng was covered in blood in the destroyed space, and he stepped out of the destroyed space in an instant.

Although Ye Feng's body was covered with wounds and blood was flowing, it was obvious that he had suffered heavy injuries.

But at this moment, Ye Feng swallowed a pill, which was a healing holy pill of all things level that Ye Feng obtained from an underground auction, which saved Ye Feng's fatal injury.

"What? You're not dead yet? How come your vitality is so tenacious!"

The demon soul master finally panicked.

At this time, he could no longer launch the terrible attack just now for the second time.

Because the soul power of the demon soul master has been consumed to the last trace!

"The fourth level of Panwu God's inheritance!"

"Wide world!"

Ye Feng did not hesitate at this time, and instantly activated the fourth-level inheritance of the extremely powerful Panwu God, carrying the infinite weight of the world, and directly bombarded the demon soul master in front of him!

Chapter 2269 Soul Power Growth

Rumble, rumble...

The boundless and terrifying power of the world, with its overwhelming destructive power and suppressive force, suddenly struck hard at the demon soul master in front.

The demon soul master immediately felt a terrifying pressure that was crushing his entire body.

He immediately shouted: "Dark Mage, help me resist!"

boom!

The dark mage's majestic and boundless body appeared in front of the demon soul master in an instant, blocking the entire world that Ye Feng bombarded.

"Boom!"

The terrifying roar resounded throughout the entire sky in an instant.

Wait until the smoke clears.

Most of the dark mage's body was shattered by Ye Feng's terrifying blow.

But the ruined body of the Dark Master can no longer be restored at this moment.

Because the demon soul master no longer has any soul power at this moment.

Although the dark mage resisted Ye Feng's power from the world just now.

But the demon soul master has no ability to resist at this time.

Uh-huh!

Ye Feng flew in front of the demon soul master in an instant and was about to kill him.

"Wait a moment!"

The demon soul master immediately screamed in fright: "Spare your life! Don't kill me! I am willing to give you the summoning technique of the Dark Master in exchange for my life."

Ye Feng smiled coldly and said: "This is the summoning technique of the demon race. We human soul masters cannot perform it at all. Do you think I am such a child and so easy to deceive?"

The demon soul master immediately said hurriedly: "Logically speaking, you humans cannot perform the summoning technique of our demon clan, but there is a mysterious and ancient place deep in my stronghold where dark baptism can be performed. As long as it is carried out, Dark baptism, then you as a human race can also use the summoning technique to summon the dark

The Archmage of Darkness fights for you. "

When Ye Feng heard this, there was a trace of surprise in his eyes, and he couldn't help but said: "Is there really such a magical place?"

The demon soul master immediately said: "How can I dare not lie to you now? If I lie to you, I will just die later, which has no meaning, so what I said is true."

Ye Feng nodded slightly and said aloud: "Okay, then I will believe you for once. You will take me to that place immediately. If what you say is true, I really have the power to summon the dark mage. , I will naturally spare your life."

The demon soul master immediately said happily: "Okay! I will take you there now!"

At this moment, Ye Feng looked at the fighting army behind him and said: "Don't fight yet, rest and reorganize where you are!"

At this time, the demon soul master immediately ordered his demon soldiers and shouted: "Everyone is on standby!"

"Yes, Commander!"

"Yes, General!"

At this moment, both parties stopped to fight.

At this time, the demon soul master led Ye Feng towards the deepest area of the stronghold.

Soon they came to the entrance of a very ancient cave.

At this time, the demon soul master said: "The dark baptism place where the dark master was summoned is in this cave."

At this time, the demon soul master said this and immediately took Ye Feng into the cave.

When Ye Feng walked into the cave, the demon soul master suddenly flashed and disappeared into the darkness of the cave.

"Hmph, there is indeed a ghost, but I want to see what is hidden here."

Ye Feng saw the demon soul master disappearing and immediately chased him into the cave.

Soon Ye Feng walked into a huge space deep in the mountain.

Here, the mountain was hollowed out, and a huge ancient space was built.

In this space, there is a huge evil sculpture that looks like a demon.

The demon soul master who had sneaked away just now was kneeling right in front of the huge evil sculpture, kowtowing and saying some ancient spell.

At this time, the demon soul master suddenly turned around, his face full of dark gas, his eyes radiating scarlet light, staring at Ye Feng who was walking not far away, and said with a cold smile: "Human boy, you It's too naive. The place of baptism of darkness is the place where the most terrifying and ancient demon clan sleeps, the even more terrifying evil god of darkness!"

boom!

At this moment, after the demon soul master finished speaking, he instantly spat out a mouthful of blood and shouted directly: "Noble and great evil god of darkness, please grant me boundless power!"

at this time.

The moment the demon soul master finished speaking.

"Buzz!"

From the huge evil sculpture not far away, a boundless black figure stepped out in an instant.

Full of endless evil atmosphere!

This is the evil god of darkness!

A more terrifying and ancient existence than the Dark Master.

At this moment, the shadow of the dark evil god's will is about to merge into the body of the demon soul master.

"Eye of Sin!"

At this moment, Ye Feng's eyebrows immediately split.

An extremely dark eye instantly appeared in the space between Ye Feng's eyebrows.

Buzz

!

The next moment, a phantom of will that was more majestic and terrifying than the Great Evil God of Darkness stepped out of Ye Feng's Eye of Sin, filled with boundless majestic momentum.

It is the Dark Emperor!

The moment the Dark Emperor appeared, the entire field suddenly fell into boundless darkness.

Even the Great Evil God of Darkness is not as dark and profound as the Dark Emperor.

The shadow of the dark evil god coming out of the evil sculpture was actually trembling at this moment.

"What?!"

The demon soul master who thought he had defeated Ye Feng suddenly showed deep shock and horror in his eyes at this moment.

He shouted like a madman: "Impossible! Impossible! The Great Evil God of Darkness is supreme! How could it be possible to tremble? Human boy, what kind of existence is this divine will that you have released? How could there be something more terrifying and dark and profound than the Great Evil God of Darkness in the world?"

boom!

However, Ye Feng was too lazy to pay attention to this demon soul master at this time.

He directly controlled the will of the Dark Emperor and crushed the Evil God of Darkness in an instant.

"Crash!"

Ye Feng opened his mouth and swallowed all the soul fragments of the demon soul master and the evil god of darkness.

"boom....."

At this moment, Ye Feng's soul power suddenly increased tremendously.

Level 16,000!

Level 16,100!

Level 16,200...

It has to be said that the soul power source contained in the soul fragments of the demon soul master and the dark evil god is very strong. Ye Feng's soul power intensity at this time is not an increase of single digits, but a direct increase of one hundred and one hundred. The growth is truly astonishing!

Chapter 2270 Priceless Treasure

In the end, Ye Feng's soul power increased to level 18,000 before he finally stopped.

At this moment, Ye Feng stared at a demon soul master on the ground whose soul had dried up and died, and immediately smiled coldly: "It is simply impossible to use the soul level to obliterate me. My soul method is not like yours." The demons can imagine it."

To be honest, Ye Feng walked up to the demon soul master and took off the demon soul master's storage ring.

Buzz!

Ye Feng exuded soul power at this time and began to explore the storage ring of this demon soul master. He immediately discovered that the storage ring contained a very ancient animal skin scroll.

Uh-huh!

Ye Feng instantly took out the ancient animal skin scroll, opened it, and immediately discovered a series of spells recorded on the ancient building, which were the spells used to summon the Dark Master. .??.

"It turns out that summoning the Dark Master does not require the so-called Dark Baptism at all, as long as you can understand this spell."

At this time, Ye Feng suddenly understood in his heart.

However, the demon spells in this scroll are very obscure and difficult to understand, and there are many parts that Ye Feng doesn't understand at all.

At this time, Ye Feng could only throw the demon spell scroll into the storage ring and let Emperor Chu decipher it.

After all, Emperor Chu was an ancient powerful man who lived thousands of years ago, so he naturally had some knowledge of these ancient spells.

At this time, Ye Feng walked up to the huge evil sculpture.

Ye Feng had seen before that the demon soul master summoned the will of the dark evil god from this evil sculpture.

"The demon soul master seemed to have said before that this is the sleeping place of a dark evil god. Could it be that the true body of the dark evil god is buried deep in this mountain?"

Ye Feng murmured in his heart at this time

There was a sound, and then without any hesitation, he immediately started to stretch out his hand and continue digging into the depths of the mountain.

Ye Feng's body was extremely powerful, so at this moment, his hands were like an excavator, quickly hollowing out the entire mountain.

when! !

Suddenly, while Ye Feng was digging, his palm suddenly touched something extremely solid, and it made a sound like a metal collision.

And the moment Ye Feng touched this thing, he immediately felt a sense of pain.

This shows that what Ye Feng dug up at this time is absolutely amazing!

At this moment, Ye Feng's palm touched the thing in an instant. He cleared the surrounding soil and found that the thing seemed to be a huge metal scale.

And Ye Feng continued to dig around and found that this metal scale was not separate, but connected to a huge body.

"Did I really dig up the sleeping body of the evil god of darkness?"

At this moment, Ye Feng's eyes suddenly showed a trace of excitement. He seemed to have never thought that his luck was so good. There was actually a dark evil god sleeping deep in the mountain. He just didn't know that this dark evil god was actually sleeping deep in the mountain. The evil god is now dead or alive.

"Let me check it out."

At this time, he stretched out his hand and pressed it on the metal scales on the surface of the huge Dark Evil God, and then began to emit his soul power, exploring the depths of the scales, wanting to detect if there were any life fluctuations inside.

If there are life fluctuations, it means that although the evil god of darkness is sleeping,

Still alive.

If there is no life fluctuation, it means that the body of the Great Evil God of Darkness has died, and what is left behind is the body of the Great Evil God of Darkness.

At this time, Ye Feng quickly checked and found no life fluctuations in the body behind the metal scales.

"Is the Great Evil God of Darkness already dead?"

There was a hint of hesitation in Ye Feng's eyes.

The body of the Dark Evil God is absolutely huge. It is buried in the earth under the mountain. If it is to be mined, it will definitely be a huge and vast project.

Ye Feng decided to return to the base of Xuanshan City first, then go find Xuan Wuji and send others to dig out the body of the evil god of darkness here.

Although the Great Evil God of Darkness is dead, his true form is definitely a priceless treasure.

If all of it could be mined and a way could be found to refine it, it would definitely become a huge destructive weapon.

At this moment Ye Feng left the cave.

He quickly returned to the previous stronghold of the vampire demons.

At this moment, both teams were resting in place.

At this time, Ye Feng immediately ordered to his team in the distance: "Get up all! Kill all these vampire demons!"

If the demon soul master had not betrayed Ye Feng, maybe Ye Feng would have wanted to recruit these blood-sucking demons to become his team.

But now that demon soul master dared to lie to himself. Ye Feng naturally didn't want to leave behind these blood-sucking demon remnants.

"Rumble..."

With Ye Feng's cooperation, the entire human army quickly wiped out all the remaining vampire demons.

"

Devour! "

Next, Ye Feng directly released the Devouring Domain and began to absorb the blood energy of all the blood-sucking demons on the battlefield.

Although these blood-sucking demons are all ordinary demons, there are quite a few of them, with tens of thousands of them.

Therefore, after Ye Feng devoured the energy of all the blood-sucking demons, his cultivation level immediately broke through the first level of heaven and was promoted to the tenth level of Pure Yang Realm, the Great Perfection state!

At this time, Ye Feng looked at the thousands of elite soldiers he led and said aloud: "I found a very precious ancient relic deep in the extreme of this blood-sucking demon clan. It is the body of an ancient dark evil god. , Now I need you all to go to that mountain and mine the body of the dark evil god as soon as possible. "

"Yes, General!"

Thousands of elite soldiers were naturally obeying Ye Feng's orders at this moment. They instantly took out their weapons and used them directly as shovels. They began to dig the earth in the direction of the back mountain, trying to quickly remove the evil god of darkness. The main body was dug out.

At this moment, Ye Feng also ordered a cavalryman and said: "You should return to our base Xuanshan City immediately and tell the prince that I have made a new discovery here and cannot leave it for the time being."

"It's the general!"

The cavalry galloped away in an instant, conveying a message to the base Xuanshan City.

Ye Feng then sat here and mined the body of the dark evil god buried deep underground with everyone.

Ye Feng has not left. He needs to stay here because the aura of the Dark Evil God may attract the arrival of other powerful vampire demons. Therefore, Ye Feng is still very anxious at this time, hoping to defeat the Dark Evil God as soon as possible. The entire body is mined out and then taken away.
