Chapter 2281 Getting into trouble

At this moment, Dugu Qiumo's heart was obviously extremely desperate, and he felt that he must die.

Because the opponent is too powerful.

It's impossible to deal with it!

At this time, Dugu Qiumo regretted entering this golden palace.

Because they can't escape even if they want to.

"Senior Dugu! Let's go together!"

Ye Feng immediately flew in the direction of Dugu Qiumo, directly carried Dugu Qiumo on his back, and then quickly fled away.

Uh-huh!

The evil and terrifying female demon queen immediately floated towards Ye Feng.

Buzz! ??

Despite her appearance, she looks like a beautiful and gentle woman.

But the dark aura emanating from his body was overwhelmingly evil.

At this moment, the Demon Queen suddenly flashed in front of Ye Feng.

"Uh-huh!"

She directly stretched out her hand, and her small white jade hand suddenly pierced into Ye Feng's chest.

In front of this terrifying female demon queen, Ye Feng's so-called powerful chaotic body seemed like paper.

"Pfft..."

Ye Feng's chest was torn open by the small hands of the female demon emperor, and then a small white jade hand grabbed Ye Feng's heart.

Ye Feng had never been in such close contact with the shadow of death.

"Don't hurt brother Ye Feng!"

Suddenly at this time, the little Qinglong who was lying on Ye Feng's shoulder woke up and roared loudly.

On Xiao Qinglong's neck, a piece of jadeite suddenly erupted out of an earth-shaking divine light.

This jade fragment was the amulet given to the little Qinglong by the old Xuanwu who had lived for endless years during the Xuanwu Dynasty.

"boom!"

At this moment, it seemed that he was taking the initiative

Sensing the danger, the powerful power of Xuanwu burst out from the jade fragments.

"boom!"

At this moment, the entire body of the female demon queen was blown away.

"Um?"

At this time, the female demon queen seemed to be beginning to regain her consciousness. There was doubt in her beautiful eyes, as if she was wondering why such a weak human boy had a fragment containing the power of such a powerful ancient beast.

Uh-huh!

Ye Feng carried Dugu Qiu Mo behind his back and directly used the space gem to open up a space wormhole. He escaped from here in an instant while the Demon Queen was knocked away.

At this time, the jade fragments shattered into pieces.

Obviously, this jade fragment can only be used once.

"Thanks to the green jade fragment this time, otherwise I would have died in the hands of the female demon queen!"

Ye Feng escaped from this dangerous place and immediately let out a sigh of relief.

At this time, Dugu Qiumo, who was behind him, was dying and said: "Leave this ancient ruins of the golden demon clan quickly. The female demon queen may be born at any time. We must leave as soon as possible."

Ye Feng nodded immediately and flew away into the distance.

Soon, Ye Feng took Dugu Qiumo back to the ground.

"Meet the General!"

"Meet the General!"

...

At the entrance to the ground, many soldiers and masters from Xuanshan City were waiting here.

When they saw Ye Fengfei coming out, they all clasped their fists respectfully and shouted.

Ye Feng immediately said: "There is a huge crisis down there. Let's get out of here quickly and don't go near this barren mountain area again."

."

"What?"

After hearing what Ye Feng said, a group of soldiers waiting to exploit resources couldn't help but exclaimed.

But they naturally resolutely obeyed the orders of Ye Feng, a first-class general, and quickly followed Ye Feng away.

Halfway through, Ye Feng felt an inexplicable sense of crisis in his heart.

He always felt that he had opened a forbidden door. ??

That terrifying female demon queen might become a disaster in the northern land of God Realm.

Although this time I gained a lot from the golden demon ruins under the ground.

But Ye Feng knew that he might have also gotten into trouble.

"Forget it, no matter how big the issue is, there are still tall people who can handle it. There are not only the ten major dynasties in the northern land, but also the super overlord force of the Northern Immortal Palace. No matter how powerful the female demon queen is, she won't be able to do it. The entire Northern Immortal Palace."

Ye Feng thought secretly in his heart and stopped worrying about this matter.

The most important thing now is to take Dugu Qiumo back to Xuanshan City quickly and find a pharmacist to treat Dugu Qiumo.

After all, such an upright master who values love and justice cannot just let him burp like this. That would be a real loss.

...

Half a day later, Ye Feng led everyone away from the barren mountain area where the entrance to the golden demon clan's ruins was hidden, and returned to Xuanshan City thousands of miles away.

Xuanshan City has now undergone a complete transformation.

In the past, Xuanshan City was just a small frontier city that looked very shabby.

But now, tall and majestic city walls have been erected around Xuanshan City. These walls are not only made of reinforced concrete, but also have a thick layer of molten iron cast on the surface, which solidifies into a metal surface. Under the sunlight, emitting

The cold luster looks very safe.

In addition, on the entire city wall of Xuanshan City, there is a fully armed soldier patrolling every few meters, and an energy robe is cast a few hundred meters away, which can burst out powerful defensive attacks at any time.

Xuanshan City has now become a real army base, an indestructible steel fortress!

At this time, Ye Feng returned with everyone and immediately saw that in the northwest open space of the city, the body of the Dark Evil God was being continuously studied by more than a hundred weapon refining masters and refined with various strange materials. In the end, it is estimated that it can become a very terrifying weapon of war.

"Brother Ye, you are back!"

At this time, Xuan Wuji, the crown prince of the Xuanwu Dynasty, immediately greeted him from the city lord's mansion.

But when he saw the seriously injured and dying Dugu Qiumo on Ye Feng's back, he immediately looked shocked and couldn't help but said: "What's the situation? What crisis have you encountered? Even senior Dugu Qiumo was about to be beaten to death. ?"

Ye Feng couldn't help but smile helplessly and said: "It's a long story. In the final area of the Golden Demon Clan, we encountered a female Demon Queen with a monstrous cultivation level. Senior Dugu was seriously injured with a single attack?"

"What? Can senior Dugu Qiumo be seriously injured with one strike?"

Xuan Wuji was immediately shocked and couldn't help but said: "After encountering such a terrifying female demon emperor, none of you should be able to escape. Brother Ye, why can you appear in front of me alive?"

Ye Feng said: "Thanks to the Xuanwu Jade fragments on Qingqing's neck, the protective power left by Senior Xuanwu exploded. Let's not talk about it for now. Brother Xuan, hurry up and arrange a skilled pharmacist to treat Senior Dugu Qiumo!"

"good!"

Xuan Wuji also knew the importance of Dugu Qiu Mo, and immediately said: "I will arrange for the best therapist in Xuanshan City right away!"

Chapter 2282 Core Disciples of the Inner Sect

Xuan Wuji took Dugu Qiumo and flew towards the city lord's mansion in the center of Xuanshan City. He was going to find the best therapist in Xuanshan City to help Dugu Qiumo recover from his injuries as soon as possible.

At this time, Ye Feng was walking alone towards the area where the Dark Evil God was refining.

At this time, Ye Feng came to the huge body of the Dark Evil God.

He saw that many weapon refiners were now melting materials into the body of the Dark Evil God.

The progress seems to be quite smooth.

Ye Feng sensed it and found that the evil god of darkness was still lifeless, with no vitality and no signs of recovery. He was immediately relieved.

At this time, Ye Feng walked towards his residence, preparing to retreat for a period of time to digest the resources he obtained from the ancient ruins. .??.

In addition, Ye Feng also needs to think about the next development plan of Xuanshan City.

But just as Ye Feng was about to return to his residence.

"Report to the general!"

Suddenly, a soldier from Xuanshan City ran up not far away. He immediately knelt down on one knee and said loudly: "General, it's not good. There is a menacing army. Now it is advancing towards our Xuanshan City. It is almost approaching. "

Ye Feng's eyes moved and he said, "Is it an army of blood-sucking demons?"

"no."

The soldier shook his head and said: "It's our human army, led by Nangong Ling, the young prince of Zhenbei Palace of our Xuanwu Dynasty. They are menacing and they seem to be coming with bad intentions."

"The young prince of Zhenbei Palace? Nangong Ling?"

Ye Feng's eyes showed a look of surprise. He didn't expect that the young prince who was deceived by him and Xuan Wuji would dare to come and cause trouble for him.

"Let's go take a look."

At this time, Ye Feng led the soldier towards the outside of the city wall.

.

Soon Ye Feng came to the tall city wall.

He looked down ahead, and immediately saw a group of hundreds of thousands of human troops, marching from the wilderness outside Xuanshan City. They looked very neat and well-equipped, and were obviously a tiger and wolf army.

At this time, Ye Feng looked towards the front of the army in the distance, and sure enough he saw Nangong Ling, the young prince of Zhenbei Palace, sitting on a war horse, looking quite aloof.

"Ye Feng, we meet again!"

Nangong Ling was sitting on a tall war horse, looking at Ye Feng on the wall of Xuanshan City, and said with a cold smile: "I didn't expect you and the prince to develop so well in a short period of time, but you will not do so well next. It's your luck, because I have decided to use this Xuanshan City as my army base. You should leave as soon as possible. "

At this moment, Nangong Ling's tone was very domineering and arrogant.

Ye Feng looked at Nangong Ling below and said, "Oh? How dare you speak to me so confidently? It seems you have found some helper."

Nangong Ling laughed loudly: "That's right! This time I invited my eldest brother back from the Northern Immortal Palace! My eldest brother is Nangong Wentian, a core disciple of the inner sect in the Northern Immortal Palace! He is a peerless master ! You can't resist it!"

Boom!

Almost at this moment, a young man wearing a golden robe landed from high in the sky!

The cultivation aura exuding from this young man in golden robe is extremely powerful and terrifying, just like a young god, making people dare not look at him.

This person is none other than Nangong Ling's eldest brother, Nangong Wentian!

Ye Feng's eyes moved slightly and he stared at the young man in front of Nangong Ling. He indeed felt a very powerful aura from Nangong Wentian.

That kind of cultivation aura is a transcendent level existence that transcends the realm of all things!

A powerful man in the first level of the extraordinary realm!

This Nangong Wentian is young, but he is already more powerful than the commander of the Bull Demon Tribe whom Ye Feng met before.

The commander of the Bull Demon Clan was only half a step into the transcendent realm. ??

But this Nangong Wentian has completely entered the first level of the extraordinary realm!

I have to say that the foundation of the Northern Immortal Palace is still very powerful.

The core disciples in the inner sect have such a powerful aura of cultivation!

But Ye Feng is not the same Ye Feng now.

This time, after experiencing the ancient ruins of the demon race, Ye Feng's cultivation level has also been greatly improved, and now he is at the first level of the realm of all things.

Moreover, Ye Feng's body strength has also increased dramatically.

At this time, Nangong Wentian's eyes were extremely cold, and he stared at Ye Feng who was standing on the tall city wall opposite, and said loudly: "You are Ye Feng, right? It seems that the ten affiliated dynasties are indeed not good enough. The so-called first-class Xuanwu Dynasty The general is just a weakling in the First Level of All Things Realm."

Ye Feng did not get angry. Instead, he smiled indifferently and said, "Nangong Wentian, the core disciple of the inner sect of the Northern Immortal Palace, I didn't expect you to interfere in the affairs between the ten dynasties."

Nangong Wentian smiled coldly and said: "If you bully my brother Nangong Ling like this, then I, as the eldest brother, will naturally not ignore things. Although the Northern Immortal Palace has an agreement with the royal families of the ten major dynasties, they cannot interfere with the ten major dynasties at will. Things about the dynasty, but for a strong person like me, this

This so-called secular agreement can no longer restrain me. I am a core disciple in the Northern Immortal Palace with a distinguished status. Some so-called secular restraints are of no use to me. I can do whatever I want, as I please. "

At this time, Nangong Wentian was speaking, with a tone of infinite domineering and extreme arrogance.

At this time, Nangong Wentian immediately stepped forward towards the tall city wall.

"Inspire the protective formation!"

"Activate the energy cannon!"

At this moment, the soldiers guarding the city wall launched an attack instantly.

Because they all know that they are coming with bad intentions.

"Boom!"

"Boom!"

Suddenly, the energy cannons burst out with terrifying beams of light that destroyed you, and bombarded Nangong Wentian in an instant.

"Wow!"

But Nangong Wentian just waved his hand casually, and all the light beams released by those terrifyingly lethal energy cannons were wiped out with one palm of his hand!

"Stop it."

At this time, Ye Feng suddenly spoke up and said: "These energy cannons like ours are useful to ordinary soldiers, but they will not do any harm to the Transcendent Realm powerhouses like Nangong Wentian."

Nangong Wentian laughed and said loudly: "As long as you know that I am powerful, for a strong man like me, you want to activate all the energy cannons in the entire Xuanshan City, but you will not do any harm to me, so Ye Feng, you Surrender obediently and dedicate the entire Xuanshan City to become the base of my brother Nangong Ling's army. Moreover, this time the blood-sucking demon clan's chaos has spread to the entire northern land. As the core disciple of the Northern Immortal Palace, this is also mine. I will kill anyone who dares to stop me from this opportunity to make great achievements!"

Chapter 2283 Who loses and who wins

At this time, Nangong Wentian's words made everyone in the audience change their expressions.

The soldiers guarding Xuanshan City on the city wall had extremely angry eyes at this moment.

They never thought that Nangong Wentian, a core disciple from the Immortal Palace in the Northern Territory, a high-ranking being, would actually attack and plunder their entire mortal city like Xuanshan City.

"I won't agree to that."

Ye Feng suddenly spoke up at this time, with a cold and firm look in his eyes, and said loudly: "Xuanshan City is the base chosen by the prince and I, and all the surrounding buildings and walls were built at a great cost to us. It is forged with strength and cannot be handed over to others like this."

When Nangong Wentian saw Ye Feng's refusal, his eyes suddenly turned gloomy, and he said loudly: "Ye Feng, those who understand the current affairs are heroes. Noble core disciples of the Northern Immortal Palace like me have come here in person. , you still dare to refuse? Are you really not afraid of death? "

At this time, Nangong Ling, the young prince of Zhenbei Palace, who was leading the army behind him, immediately shouted: "Brother! Stop talking nonsense with this boy! This boy is very hateful. He killed our Prajna Dragon Elephant of Zhenbei Palace." All the palms have been looted, we must get rid of him!"

Nangong Wentian nodded slightly, and then a powerful and terrifying aura suddenly erupted from his body. It was the powerful aura of the first level of the Transcendent Realm!

In an instant, he walked towards the tall city wall, stepping in the air, with a terrifying and boundless aura surging around him, like a vast ocean. ??

At this moment, Nangong Wentian's eyes were filled with cold murderous intent. It was obvious that he was used to doing whatever he wanted. Anyone who dared to disobey his orders would be killed directly. This was really the ultimate form of self-centeredness.

At this time, Ye Feng felt the killing intent on Nangong Wentian's body, and his expression suddenly darkened.

This Nangong Wentian, knowing that he is a first-class general of the Xuanwu Dynasty, actually dares to attack him directly

He showed his murderous intention without any regard for his own identity.

This kind of person must not be allowed to stay.

So at this time, Ye Feng also broke out in a terrifying killing frenzy and rushed towards Nangong Wentian in an instant. He wanted to get rid of this person, otherwise there would be endless trouble!

"Boy, I didn't expect you would dare to take the initiative to attack me? I really admire your courage! But this kind of courage represents stupidity and ignorance!"

When Nangong Wentian saw Ye Feng rushing towards him, he immediately shouted: "Breaking Wind!"

Clang! Clang! Clang...

Almost at this moment, Nangong Wentian launched an attack instantly. All the wind around him turned into terrifying sword light in an instant, full of unparalleled cutting ability, and instantly enveloped Ye Feng's entire body. It seemed to tear Ye Feng's whole body into pieces in an instant.

"Prajna Dragon Elephant Palm!"

At this moment, Ye Feng directly displayed the unique skill of Zhenbei Palace.

Boom!

He slapped hard, and instantly a terrifying ancient dragon elephant burst out from his palm, full of unparalleled majesty and momentum. In an instant, it trampled forward fiercely, and all those sword lights The strong wind trampled everything into pieces.

"There were a few moments, but that's about it."

Nangong Wentian smiled coldly, and then an infinite golden light burst out from his entire body, and he shouted: "Golden Light Fierce Sun Slash!"

This is a very terrifying inherited martial art, which should come from the Northern Immortal Palace.

The moment Nangong Wentian used it, he

The whole person actually merged with the sun in the sky, and then turned into an extremely terrifying blazing sun sword light, full of unparalleled slashing power, and suddenly chopped down from the sky, as if it could kill the entire sky. and the earth were split in two.

At this moment, even Ye Feng felt a terrible sense of crisis.

But at this moment, Ye Feng also burst out with a fierce fighting spirit: "Extraordinary strong man! I just want to see your true fighting power. Can I resist it?"

Dzogchen future body!

The ancient divine ring!

The Ten Thousand Emperors Overlord Body Technique!

The Ancient Human Emperor's blessing power!

Almost at this moment, Ye Feng immediately displayed his powerful inheritance.

His cultivation aura surged from the first level of the All Things Realm to the Great Perfection of the Tenth Level of the All Things Realm!

Moreover, Ye Feng's body also lit up with bright halos, and the shadow of the Ancient Human Emperor appeared around him, which raised Ye Feng's combat power to its peak state at this moment.

Then, in this state, Ye Feng directly burst out the powerful power discovered by Da Qinglong!

"Boom!"

Almost at this moment, Ye Feng transformed into a huge ancient green dragon, full of unparalleled momentum and power. In an instant, he fiercely bombarded the blazing sun sword light that was slashing down from high in the sky.

"Boom!"

Almost at the next moment, an extremely terrifying roar erupted from the entire sky.

The roar resounded throughout the whole world. Everyone was deeply shocked and felt their souls throbbing deeply.

whole high

The sky was enveloped and submerged by endless waves of destructive light and light.

"Who loses and who wins?"

At this moment, whether it was the guard soldiers in Xuanshan City or the young prince Nangong Ling of Zhenbei Palace, their eyes showed deep nervousness.

Originally, Nangong Ling thought that his eldest brother would definitely be able to catch him if he took action.

But I didn't expect that Ye Feng was also extremely powerful during the battle. Obviously, Ye Feng didn't know how much his cultivation strength had improved during this period.

"Crack!"

Suddenly at the next moment, two figures in the sky quickly flew backwards.

Ye Feng's manifested body had its chest torn apart by a blazing sword light, and its flesh and bones were burning with the fire of the sun, so it suffered heavy injuries.

But before Nangong Ling could be happy, on the other side, his eldest brother Nangong Wentian's whole body was torn into three halves by a huge green dragon claw, and he fell from the sky and fell to the ground.

"No....."

When Nangong Ling saw the miserable death of his elder brother, his eyes were immediately filled with deep horror and fear.

He never thought that his eldest brother came from the Northern Immortal Palace and was an extremely powerful core disciple in the inner sect. No one could beat Ye Feng, a casual cultivator.

You know, Ye Feng has not worshiped in the Northern Immortal Palace, he has always been a casual cultivator.

But he still killed Nangong Wentian!

"The general wins!"

"The general is actually able to kill the core disciples in the Northern Immortal Palace?"

"so amazing!"

In an instant, all the soldiers guarding the tall walls of Xuanshan City showed deep excitement in their eyes.

Chapter 2284 Who agrees? Who objects?

quiet!

Deadly quiet!

At this moment, the whole place fell into a dead silence.

No one thought that the core disciples of the extremely powerful Northern Immortal Palace would die in this small frontier place.

Because everyone knows that the members of the Northern Immortal Palace are extremely powerful.

Not to mention the core disciples, just like the ordinary disciples of the Northern Immortal Palace, when they come to one of the ten affiliated dynasties, they are definitely guests, and they are definitely very noble and powerful beings.

But this Nangong Wentian, the core disciple of the inner sect in the Northern Immortal Palace, a powerful being at the extraordinary level, died here today.

If he met someone from the top ten affiliated dynasties, he would probably be able to crush them directly.

It's a pity that Nangong Wentian was unlucky. He met Ye Feng, a talented monster with powerful cultivation.

Although Ye Feng did not join any particularly powerful super force in training, he was very lucky. Since entering the Xuanwu Dynasty, his cultivation and power have made huge breakthroughs. The growth rate of this kind of cultivation and strength has not been the same at all. It is no less than worshipping in the Immortal Palace in the Northern Territory.

Therefore, even the core disciples of the inner sect in the Northern Immortal Palace are no longer a match for Ye Feng.

At this time, the eyes of the young prince Nangong Ling were filled with deep fear. He stared at Ye Feng in front of him and said tremblingly: "You... how could you be so powerful? How could there be such a monster like you outside the Immortal Palace in the Northern Territory? A gifted genius?"

Ye Feng stared at Nangong Ling, smiled indifferently, and said: "There are people outside the world, and there is a world outside the world. Not all geniuses and strong men are among the big forces."

At this time, Ye Feng was not only talking about himself, but Senior Dugu Qiumo was also an example.

Dugu Qiumo is a wandering warrior who has not joined any force, but his own strength is extremely powerful, definitely no less than some powerful elders in the Northern Immortal Palace.

Swish, swish, swish!

At this moment, several beautiful pharmacists wearing white robes flew out of Xuanshan City. They quickly came to Ye Feng's side and began to use their hands to release the white healing power to restore Ye Feng's chest. The huge wound torn apart by the golden light and blazing sun.

Ye Feng felt some pain at this time, and he had to admit that this Nangong Wentian did have two brushes. In his peak state, he was able to cause so much damage to himself that his heart was almost broken.

This Nangong Wentian's slashing inheritance, the Breathless Wind Slash and the Golden Sun Slash, are definitely extremely powerful advanced inheritances. They may have surpassed the Transcendent Realm and are inherited martial arts at the Super God Realm level.

On the way back from the ruins of the Golden Demon Tribe, Dugu Qiumo taught Ye Feng the next few realms.

Above the realm of all things is the extraordinary realm.

Above the Transcendent Realm, there are the Super God Realm, Ten Thousand Dao Realm, Wuji Realm, Six Paths of Reincarnation Mirror, Eternal Realm, as well as the extremely terrifying Heavenly Tribulation Realm, and even the final Dao Killing Realm!

It is said that when a warrior enters the Dao-Zhan realm, he becomes truly immortal and can rival the Great Dao of Heaven and Earth.

Because the warrior performs self-cutting, it means that there is no need for the entire Dao between heaven and earth, he is the Dao!

At this moment, after Ye Feng recovered from his injuries, he slowly walked towards the wilderness outside Xuanshan City ahead.

Although Ye Feng was only one person at this time, opposite him was an army of hundreds of thousands led by Nangong Ling.

one person

Facing thousands of troops!

But at this moment, as Ye Feng marched forward, the ferocious army of hundreds of thousands was actually retreating in fear.

Ye Feng alone can intimidate the entire army!

This sight is really shocking!

The beautiful female doctors who had treated Ye Feng before had their beautiful eyes full of admiration at this moment.

Ye Feng, a first-class general, is now definitely more prestigious than the prince in the entire Xuanshan City. He is the most powerful God of War in everyone's eyes!

"Nangong Ling, why are you afraid now?"

Ye Feng slowly walked towards Nangong Ling, with a hint of mockery in his eyes, and said loudly: "I told you not to provoke me a long time ago, but thinking that you always come to provoke me, then I can only kill you. To avoid future troubles."

"You want to kill me?"

When Nangong Ling met the young prince of the Zhenbei Palace, his face became extremely frightened. He yelled crazily: "You can't kill me! I am the young prince of the Zhenbei Palace! I am the hope of the future of the entire Zhenbei Palace!" If you kill me, you will offend the entire Zhenbei Palace!"

When Ye Feng heard Nangong Ling's roar, he immediately smiled coldly and said, "I dare to kill even your eldest brother, who do you think you are?"

Boom!

Almost at this moment, Ye Feng rushed in front of Nangong Ling, and then directly pinched Nangong Ling's neck with one hand.

"Crack!"

Along with the sound of bones breaking, Nangong Ling's neck was crushed directly, and the huge head rolled to the ground with a "Gululu", looking quite funny.

"hiss!"

Nangong Ling, the young prince, was crushed to death under the spotlight, causing the hundreds of thousands of troops led by Nangong Ling behind him to gasp.

At this time, Ye Feng looked at the hundreds of thousands of troops brought by Nangong Ling and said: "You don't have to be afraid. Everything that happened today is just a personal grudge between me and Nangong Ling. You are all the army of the Xuanwu Dynasty. Why don't you just join us in Xuanshan City now and expand my team."

Hearing what Ye Feng said at this time, all the soldiers in the army of hundreds of thousands showed a trace of hesitation and surprise on their faces.

They didn't seem to expect that Ye Feng would have this plan, so that all of them soldiers would join Xuanshan City and become the subordinates of Ye Feng and the prince.

At this time, Ye Feng saw that the hundreds of thousands of troops were talking about each other. He smiled slightly, looked at the dozen generals who commanded the hundreds of thousands of troops, and said loudly: "You are the generals of these hundreds of thousands of troops, then It's up to you to decide. My suggestion is that all of your armies should be integrated into the ranks of our Xuanshan City."

Ye Feng's eyes were fixed on a dozen generals at this moment, and he said loudly: "That's it for what I said. Who agrees? Who opposes?"

The dozen or so generals were originally iron-blooded generals who fought on the battlefield, with extremely tenacious will, but at this time, under Ye Feng's burning eyes, they were trembling a little and felt a sense of suffocation.

In the end, more than a dozen generals looked at each other, then dismounted one after another, knelt on one knee in front of Ye Feng, and said in unison: "We, the Seventeenth Route Army of Iron Blood, are willing to join General Ye Feng and become His Royal Highness the Crown Prince team!"

Ye Feng said with great satisfaction: "Okay, very good. Those who understand current affairs are heroes. In the future, you will definitely feel lucky for today's decision." Jing!

Deadly quiet!

At this moment, the whole place fell into a dead silence.

No one thought that the core disciples of the extremely powerful Northern Immortal Palace would die in this small frontier place.

Almost at this moment, Ye Feng rushed in front of Nangong Ling, and then directly pinched Nangong Ling's neck with one hand.

"Crack!"

Along with the sound of bones breaking, Nangong Ling's neck was crushed directly, and the huge head rolled to the ground with a "Gululu", looking quite funny.

"hiss!"

Nangong Ling, the young prince, was crushed to death under the spotlight, causing the hundreds of thousands of troops led by Nangong Ling behind him to gasp.

At this time, Ye Feng looked at the hundreds of thousands of troops brought by Nangong Ling and said: "You don't have to be afraid. Everything that happened today is just a personal grudge between Nangong Ling and me. You are all the army of the Xuanwu Dynasty. Why don't you just join us in Xuanshan City now and expand my team."

Hearing what Ye Feng said at this time, all the soldiers in the army of hundreds of thousands showed a trace of hesitation and surprise on their faces.

They seemed not to have expected that Ye Feng would have such a plan, so that all of them soldiers would join Xuanshan City and become subordinates of Ye Feng and the prince.

At this time, Ye Feng saw that the hundreds of thousands of troops were all talking about each other. He smiled slightly, looked at the dozen generals who commanded the hundreds of thousands of troops, and said loudly: "You are the generals of these hundreds of thousands of troops, then It's up to you to decide. My suggestion is that all your armies should be integrated into the ranks of our Xuanshan City."

Ye Feng's eyes were fixed on a dozen generals at this moment, and he said loudly: "That's it for what I said. Who agrees? Who opposes?"

The dozen or so generals were originally iron-blooded generals who fought on the battlefield, with extremely tenacious will, but at this time, under Ye Feng's burning eyes, they were trembling a little and felt a sense of suffocation.

In the end, more than a dozen generals looked at each other, then dismounted one after another, knelt on one knee in front of Ye Feng, and said in unison: "We, the Seventeenth Route Army of Iron Blood, are willing to join General Ye Feng and become His Royal Highness the Crown Prince team!"

Ye Feng said with great satisfaction: "Okay, very good. Those who understand current affairs are heroes. In the future, you will definitely feel lucky for today's decision."

Chapter 2285 Slashing Martial Arts

After recruiting and surrendering the hundreds of thousands of troops at this time, Ye Feng was very satisfied.

This time he not only killed Nangong Wentian and Nangong Ling, but also subdued the hundreds of thousands of troops they brought.

You must know that these hundreds of thousands of troops are all regular troops in the Xuanwu Dynasty. They are all well-equipped and have very powerful combat capabilities and experience.

Definitely the best of the best.

At this time, Ye Feng looked at a Xuanshan City general on the wall behind him and said, "Shi Tie, you were the city lord of Xuanshan City before. Now I give you an important task, which is to settle these hundreds of thousands of troops. OK, can you complete the task?"

Shi Tie immediately knelt down on one knee and said respectfully and excitedly: "His Majesty, the General, has put so much emphasis on the junior general. The junior general will definitely do his best to settle all these hundreds of thousands of troops and become a powerful force in the hands of the general." The army!"

Ye Feng smiled slightly and said, "Okay, let's do it."

Next, hundreds of thousands of troops were led into Xuanshan City.

At this time, Ye Feng walked to Nangong Wentian's body.

He simply stretched out his hand, then erupted into a devouring land, and began to devour the powerful skills of this core disciple of the inner sect of the Northern Immortal Palace with all his strength.

During the process of devouring, Ye Feng also had some emotion in his eyes. He did not expect that he would have the strength to compete with the core disciples of the inner sect of the Immortal Palace in the Northern Territory after practicing.

"I'm afraid that before the assessment for new disciples in the Northern Immortal Palace begins, I am already strong enough to become an elder-level figure in the Northern Immortal Palace."

Ye Feng couldn't help but shake his head and smile.

He has been waiting for the assessment time for new disciples in the Northern Immortal Palace.

But unexpectedly, the assessment time did not come, but powerful disciples from the Northern Immortal Palace arrived one after another.

At this time, as Ye Feng devoured it, Nangong Wentian's body suddenly turned into ashes.

In an instant, there was an extremely powerful pure skill, which was the energy accumulated by Nangong Wentian after practicing for many years. At this moment, all

Injected into Ye Feng's body.

Ye Feng immediately felt that his skill was improving rapidly, and he had become much more powerful than before.

Ye Feng's cultivation also began to make continuous breakthroughs.

"boom!"

The Second Heaven of All Things Realm!

"boom!"

The third heaven of all things!

"boom!"

The fourth level of the realm of all things!

Finally, Ye Feng's cultivation stopped at this time.

At this moment, Ye Feng's eyes flashed with divine light, and his aura was much stronger than before.

He couldn't help but murmur in excitement: "This Nangong Wentian is really powerful. His skills are so pure that he made me achieve so many breakthroughs at once!"

At this time, Ye Feng knelt down and picked up the storage ring that fell to the ground after Nangong Wentian's body turned into ashes.

Buzz!

After Ye Feng sent out his spiritual thoughts to investigate, he immediately took out two ancient books from the storage ring.

These two ancient books recorded the two powerful martial arts inheritances that Nangong Wentian had just displayed, and they were super-god-level existences that transcended the extraordinary realm.

They are the Severing Wind Slash and the Golden Sun Slash.

This kind of inheritance is very special, and it is a very rare cutting martial art.

The power that bursts out in an instant is very terrifying, and it has extremely terrifying cutting ability. It obviously possesses the strongest secret of the great cutting technique among the three thousand avenues.

Especially the golden light of the Fierce Sun Slash, which merged with the sun in the sky. The light of the Fierce Sun Slash that burst out in an instant, even destroyed Ye Feng's powerful Chaos just now.

His body was torn apart, and Ye Feng's heart was almost broken.

Therefore, Ye Feng still loves these two special inheritances.

He immediately put the two books into his storage ring and returned directly to Xuanshan City.

Just when Ye Feng entered Xuanshan City, Xuan Wuji hurried over from not far away.

Xuan Wuji saw that Ye Feng did not seem to be injured, and immediately couldn't help but breathed a sigh of relief, and said loudly: "I heard from someone that an army of hundreds of thousands led by Nangong Ling came outside, and the most terrifying thing is that Nangong Ling invited his eldest brother Nangong Wentian over, so I thought there would be some danger."

Ye Feng smiled slightly and said aloud: "I have eliminated all dangers. Nangong Wentian and Nangong Ling are now dead."

"Nangong Wentian is also dead?" .??.

Xuan Wuji couldn't help but look shocked and said aloud: "Nangong Wentian is a core disciple in the Northern Immortal Palace. Although Nangong Wentian is not the most powerful group of core disciples, he is still at the core disciple level. , The cultivation strength must be extremely powerful, and he must have a high-level inheritance from the super overlord force of the Northern Immortal Palace. I didn't expect that he was killed by you, Brother Ye? It's so awesome! It's really unlucky. I just sent senior Dugu Qiumo to treat his injuries. I didn't witness the shocking scene of Brother Ye killing Nangong Wentian. It must have been very exciting. Nangong Ling has always relied on his big brother. And the Prince of Zhenbei behind him has no respect for me as the prince. This time he kicked the iron plate and got into trouble with a monster like you, Brother Ye. Hahaha, it's really fun!"

At this moment, Xuan Wuji was very happy and even couldn't help laughing.

At this time, Ye Feng smiled slightly and said: "Nangong Wentian is a strong person in the extraordinary realm, but my methods are not weak either."

Xuan Wuji nodded, and then said with some emotion: "I originally planned to take Brother Ye to participate in the assessment of new disciples in the Northern Immortal Palace. Unexpectedly, the time for the assessment of new disciples has not started, and Brother Ye is now It has grown to such an extent that it is even comparable to the level of core disciples in the Northern Immortal Palace. It can only be said that fate plays a trick on people. "

Ye Feng nodded slightly, and then said: "How is senior Dugu Qiumo doing now?"

Xuan Wuji said: "Don't worry, although Senior Dugu Qiumo's bones are all broken, at a level as powerful as Senior Dugu Qiumo, as long as he doesn't die for a moment, he can fully recover under active treatment. And it is estimated that it will be able to stand up again and become even stronger."

When Ye Feng heard that Dugu Qiumo was okay, he immediately breathed a sigh of relief and said, "That's great. Senior Dugu Qiumo is now the most powerful being in our Xuanshan City base, and now Senior Dugu Qiumo and I can be considered We have become friends, and with Senior Dugu Qiumo here, our Xuanshan City base will be very safe in the future, as if we have an extra pillar of support."

"That's right."

Xuan Wuji nodded, very much in agreement with Ye Feng's statement, and at the same time he also admired Ye Feng very much, and said loudly: "When I was chatting with Senior Dugu Qiumo just now, Senior Buqiu Mo was praised full of praise by you, Brother Ye. Ah, Brother Ye, you have many secrets, and your methods are very powerful and endless. "

Ye Feng laughed, patted Xuan Wuji on the shoulder, and said: "I will go back to my residence to practice my powerful inheritance. The hundreds of thousands of troops brought by Nangong Ling still need to be dealt with by Brother Xuan. I'm afraid Shi Tie can't control the situation by himself."

Hearing this, Xuan Wuji's eyes showed a trace of excitement, and he immediately nodded and said: "Okay, this wave of hundreds of thousands of troops really injected a powerful foundation into our

Xuanshan City base instantly. ! Brother Ye, just go and practice with peace of mind, just leave the rest to me."

Chapter 2286 Take a breath of air

After Ye Feng returned to his residence, he immediately announced his retreat.

He asked a group of soldiers to guard the outside of his private house so that no one could disturb his enlightenment.

After all, the most important purpose of Ye Feng's retreat this time is to pass on the powerful inheritance he has received to the Dacheng. By then, his combat power will definitely be improved a lot.

Therefore, this retreat is of great significance to the improvement of Ye Feng's comprehensive combat power.

...

In his own secret practice room.

The light is slightly dim.

Ye Feng placed the sleepy little Qinglong at the door of the secret practice room.

He walked to the middle of the secret room and sat cross-legged.

At this time, Ye Feng opened the space exit of the storage ring. After exploring with his spiritual sense, he directly took out the two sets of powerful inheritances he had received from Nangong Wentian, the Breathless Wind Slash and the Golden Sun Slash.

Two yellowed books, both with a faint ancient aura, appeared in Ye Feng's hands.

Ye Feng stared at the book in his hand with a hint of excitement in his eyes.

These two sets of rare slashing martial arts are both super-god-level inheritances that have surpassed the extraordinary level.

Once the cultivation is successful, the power that can be unleashed is absolutely powerful.

And you must know that these two sets of inheritance are rare slashing inheritance.

The power released has extremely strong cutting ability, just like the sharp edge of the sword. It can kill everything in an instant like thousands of swords. It has incredible cutting ability.

Moreover, this kind of inherited martial arts does not require the blessing of weapons. It can directly condense and release the extremely powerful sword light and sword energy out of thin air.

The martial arts secret of the first set of Storm Breath Slash is actually very simple. Once released, the warrior can directly turn the surrounding wind into countless sword lights and sword lights, which can sweep out in an instant and cover a large area. Crazy cutting, harvesting strips of fresh life.

The second set of Golden Light Fierce Sun Slash allows the warrior to merge with the sun above the nine heavens in a very short period of time after using it, and instantly slash out an extremely terrifying Fiery Sun Sword. Light.

This kind of blazing sword light possesses the power of the sun. Not only can it release the burning power of scorching and boundless flames, but it can also burst out with terrifying cutting capabilities, causing horrific damage to the enemy.

This can be seen from the moment Nangong Wentian tore apart Ye Feng's chaotic body. The destructive power was astonishing and the damage was huge.

And the power of the sun is also very terrifying. After Ye Feng's body was torn apart before, his flesh and blood were burning with flames, causing continuous damage.

If several doctors from Xuanshan City hadn't arrived in time, the consequences might have been even more serious.

Therefore, the Golden Sun Slash is more destructive than the Storm Breath Slash, and it also has the added flame effect of the sun burning.

However, Breathless Slash can turn the surrounding wind into invisible wind blades and sword light, which can cause group damage and is more useful in group battles.

In any case, Ye Feng must immediately begin to understand these two powerful inheritances.

Once the practice is successful, the combat effectiveness will definitely be greatly improved.

And you must know that any martial arts inheritance, in the hands of Ye Feng, will definitely be more terrifying when displayed.

Because Ye Feng's skills are very strong, and the energy in his body

Power is a special and incomparable power of chaos, which has a special bonus effect on the performance of any martial arts and inheritance.

That's why Ye Feng was usually able to fight across levels and kill many powerful enemies.

"Shuashuashua..."

At this moment, Ye Feng no longer wasted time and quickly opened the martial arts book in his hand. He kept reading and reading, activated his soul power and memory, and began to understand these two sets of powerful and rare cutting martial arts inheritance. .

At this time, Ye Feng vaguely felt that since he killed Nangong Wentian, the core disciple of the Northern Immortal Palace, the matter would not end just like that, and more crises would probably arise.

But even though he knew the result, Ye Feng still did not regret killing Nangong Wentian.

Because facing such a hateful enemy, Ye Feng would naturally kill them all and completely eliminate them as long as he had the chance, so as not to be remembered by villains all the time.

Ye Feng spent the next few days in seclusion practicing.

After Xiao Qinglong swallowed the black dragon ball of the dragon demon, he finally digested it completely and woke up completely.

On Xiao Qinglong's body, part of the green dragon scales on his body turned into black scales. The black scales and the green dragon scales were arranged together, which looked quite strange.

"Could it be that it has mutated?"

Ye Feng was very curious about this phenomenon and couldn't help but ask: "Qingqing, did you feel anything else after digesting the Dragon Demon's Dragon Ball?"

Little Qinglong shook his head in confusion and said: "I don't feel much, I just feel that my power has become a lot stronger, and my Qinglong origin has an additional dragon-demon origin, and they are fused together."

Ye Feng clicked his tongue twice and said: "Then if you continue to swallow other types of dragon beads, you may gain the origins of other dragon types. Then in the end, Qingqing, won't you become a super hybrid dragon?"

Xiao Qinglong tilted his little head and said somewhat innocently: "That's good, it's different, just like fireworks with different colors, unique and wonderful."

Hearing what Xiao Qinglong said, Ye Feng was slightly stunned at first, and then smiled dumbly.

Xiao Qinglong's mentality is quite good, and he has his own independent thoughts, which is good.

At this time, Ye Feng had already comprehended all two rare sets of slashing martial arts inheritance.

"call."

He finally breathed a sigh of relief, and his combat power was probably increased a lot.

After all, these are two sets of super-god-level martial arts inheritance.

It is also an inheritance with extremely high attack power and destructive power.

At this time, Ye Feng stood up in the room and walked outside.

He was ready to go out for some air.

"Squeak."

But just when Ye Feng opened the door, he took a sharp breath before he could breathe.

In the slightly dim courtyard outside the house, a beautiful woman holding a small black unicorn in her arms was standing there, with a trace of scarlet light in her beautiful eyes.

This stunningly beautiful woman turned out to be the terrifying female demon queen lying in the crystal coffin that Ye Feng and Dugu Qiumo encountered in the deepest part of the ancient ruins of the Golden Demon Tribe!

She suddenly appeared in Ye Feng's private courtyard, with a faint smile on her face, staring at Ye Feng who had just walked out of the house! After Ye Feng returned to his residence, he immediately announced his retreat.

He asked a group of soldiers to guard the outside of his private house so that no one could disturb his enlightenment.

After all, the most important purpose of Ye Feng's retreat this time is to pass on the powerful inheritance to all of them to achieve great success. By then, his combat power will definitely be improved a lot.

In the slightly dim courtyard outside the house, a beautiful woman holding a small black unicorn in her arms was standing there, with a trace of scarlet light in her beautiful eyes.

This stunningly beautiful woman turned out to be the terrifying female demon queen lying in the crystal coffin that Ye Feng and Dugu Qiumo encountered in the deepest part of the ancient ruins of the Golden Demon Tribe!

She suddenly appeared in Ye Feng's private courtyard, with a faint smile on her face, staring at Ye Feng who had just walked out of the house!

Chapter 2287 Quite cordial

At this moment, it was impossible for Ye Feng not to be shocked.

Because the terrifying female demon queen in the ancient ruins appeared in front of him.

And the cute little black unicorn she was holding in her arms was probably the terrifying ocean unicorn that had been chasing Ye Feng and Dugu Qiulin before.

That terrifying ocean monster turned into a cute pet in the hands of the Demon Queen.

This shows how terrifying the real strength of this female demon emperor is.

At this moment, Ye Feng suddenly discovered that the development of things seemed to be beyond his expectation.

Originally, Ye Feng felt that he was far away from the barren mountains and returned to Xuanshan City, so that he could stay away from the terrifying female demon emperor for the time being.

But what he never expected was that the ancient female demon queen who had awakened from the ancient ruins would follow him to Xuanshan City.

But at this time, Ye Feng calmed down despite his extreme fear. ??

If this female demon emperor really wants to harm herself, with the ability of this female demon, she can definitely massacre the entire Xuanshan City in an instant. No one can stop this female demon emperor.

So at this moment, Ye Feng's eyes were full of vigilance, staring at the beautiful female demon queen standing not far away from the courtyard, and said loudly: "Your Excellency, are you here to kill me?"

A faint smile appeared on the delicate and beautiful face of the female demon queen, and she said aloud: "If I wanted to kill you, you would be dead by now. This human city that you have carefully developed will also The city has been destroyed long ago."

Seeing that the other party seemed very calm, Ye Feng couldn't help but said: "Then why did senior come here? Is there anything I can do to help senior?"

The Demon Queen looked calm and said, "Do you think I am a member of the Golden Demon Clan?"

Ye Feng's eyes showed a look of surprise, and he couldn't help but ask: "Isn't it?"

The female demon queen smiled indifferently, caressed the cute little black unicorn in her hand, and said: "I am a dark race older than the golden demon clan. That ancient ruins was actually where the golden demon clan sealed me. But your intrusion revived me, so I came here to thank you."

When Ye Feng heard what the Demon Queen said, his eyes became even more surprised, and his tone was still vigilant, and he said: "Then when we were in the golden palace in the ancient ruins, why did senior almost kill me? My heart is crushed."

The Demon Queen said with a smile: "At that time, I had just woken up from the crystal coffin, and my consciousness had not fully recovered, and I was still in a state of confusion. If you and your friend want to attack me, then I will naturally fight back subconsciously."

Hearing what the Demon Queen said, although Ye Feng felt that the other party's purpose was definitely not as simple as he imagined, he was relieved after all.

As long as this female demon queen has no ill intentions toward herself.

At this time, Ye Feng said aloud: "Senior came to thank me personally. I am very honored. Now that I have thanked you, senior can leave, right?"

The Demon Queen smiled slightly and said: "Why are you leaving? I think your place is very good. Fighting every day is very interesting. I won't leave for the time being. I will stay with you and get to know the world again. After all, I have fallen asleep. It's been too long, probably hundreds of millions of years, so I'm very unfamiliar with this world. The former dark tribesmen have probably disappeared into history.

It's a long river. "

Having said this, the female demon queen stared at Ye Feng in front of her with her beautiful and deep eyes, and said loudly: "You are the first person I have met since I woke up, and I feel it from you. It's a rather cordial feeling. I don't know why, but it seems that you have the original energy of our dark ancient tribe. So, I will follow you for the time being, but I won't interfere in any of your affairs, how about it? "

When Ye Feng heard what the Demon Queen said, he immediately started thinking.

This female demon queen does not seem to have any ill intentions toward herself.

Moreover, this female demon queen is a dark race that is older than the golden demon clan.

In addition, the Demon Queen has been sleeping for hundreds of millions of years and has no worries in this world, so she really has no interest in her and should not have any intentions against her.

So at this time, after Ye Feng thought about it carefully, he couldn't help but smile helplessly and said: "Since senior you want to be by my side, then junior can't stop you. After all, senior's cultivation is unpredictable and terrifying. Do you want to Follow me and I can't stop you."

The Demon Queen smiled faintly, stared at Ye Feng, and said aloud: "You don't want me to be with you so much? Although I won't interfere in your affairs, if you really encounter a life crisis, I won't Just sit back and I will save you."

Ye Feng spread his hands and said: "Senior is a dark race that is older than the Golden Demon Clan. With such a powerful person from the dark race by my side, I may not be able to sleep well at night."

The Demon Queen glanced at Ye Feng in surprise, and then said calmly: "Don't worry, you haven't offended me, and there is no interest relationship between us. Why should I harm you, so you can just sleep peacefully every night. Don't be afraid of me." Not good for you."

When she said this, a seemingly arrogant smile appeared on the beautiful face of the Demon Queen, and she continued: "And, if I really want to harm you, even if you don't sleep at night, stay up late Even if you stay awake, you can't stop me from doing evil to you."

Ye Feng nodded seriously and said: "That's right. That's fine. Since senior wants to experience life with me, then feel free to do so. Anyway, I choose to lie down."

After saying that, Ye Feng ignored the Demon Queen and walked out of his house directly, heading towards a certain area inside Xuanshan City.

Ye Feng once again came to the area where the Dark Evil God's body was refined.

He saw that the tall and majestic Dark Evil God had been almost refined during his retreat.

Under the tireless refining efforts of more than a hundred top weapon refining masters of the Xuanwu Dynasty, the Dark Evil God's true body is about to be refined into a powerful war weapon.

At this time, Prince Xuan Wuji, wearing a dark armor, walked over from a short distance away, with a hint of excitement in his eyes, and said: "Brother Ye, you saw it, the evil god of darkness is finally going to be refined. I succeeded, and I'm looking forward to the moment when the evil god of darkness unleashes his monstrous war power."

Buzz!

And just as Xuan Wuji was talking, suddenly the huge steps of the dark evil god, who was like an ancient dark giant, began to move.

"Finally the refining was successful!"

"This is destined to be a great masterpiece!!"

And at the next moment, a weapon-refining master in a white coat standing above the Dark Evil God burst out laughing, his tone filled with deep excitement. At this moment, it was impossible for Ye Feng not to be shocked.

Because the terrifying female demon queen in the ancient ruins appeared in front of him.

And the cute little black unicorn she was holding in her arms was probably the terrifying ocean unicorn that had been chasing Ye Feng and Dugu Qiulin before.

At this time, Ye Feng said aloud: "Senior came to thank me personally. I am very honored. Now that I have thanked you, senior can leave, right?"

The Demon Queen smiled slightly and said: "Why are you leaving? I think your place is very good. Fighting every day is very interesting. I won't leave for the time being. I will stay with you and get to know the world again. After all, I have fallen asleep. It's been too long, probably hundreds of millions of years, so I'm very unfamiliar with this world. The former dark tribesmen have probably disappeared into history.

It's a long river. "

Having said this, the female demon queen stared at Ye Feng in front of her with her beautiful and deep eyes, and said loudly: "You are the first person I have met since I woke up, and I feel it from you. It's a rather cordial feeling. I don't know why, but it seems that you have the original energy of our dark ancient tribe. So, I will follow you for the time being, but I will not interfere in any of your affairs, how about it? "

When Ye Feng heard what the Demon Queen said, he immediately started thinking.

This female demon queen does not seem to have any ill intentions toward herself.

Moreover, this female demon queen is a dark race that is older than the golden demon clan.

In addition, the Demon Queen has been sleeping for hundreds of millions of years and has no worries in this world, so she really has no interest in her and should not have any intentions against her.

So at this time, after Ye Feng thought about it carefully, he couldn't help but smile helplessly and said: "Since senior you want to be by my side, then junior can't stop you. After all, senior's cultivation is unpredictable and terrifying. Do you want to Follow me and I can't stop you."

The Demon Queen smiled faintly, stared at Ye Feng, and said loudly: "You don't want me to be with you so much? Although I won't interfere in your affairs, if you really encounter a life crisis, I won't Just sit back and I will save you."

Ye Feng spread his hands and said: "Senior is a dark race that is older than the Golden Demon Clan. With such a powerful person from the dark race by my side, I may not be able to sleep well at night."

The Demon Queen glanced at Ye Feng in surprise, and then said calmly: "Don't worry, you haven't offended me, and there is no interest relationship between us. Why should I harm you, so you can just sleep peacefully every night. Don't be afraid of me." Not good for you."

When she said this, a seemingly arrogant smile appeared on the beautiful face of the Demon Queen, and she continued: "And, if I really want to harm you, even if you don't sleep at night, stay up late Even if you stay awake, you can't stop me from doing evil to you."

Ye Feng nodded seriously and said: "That's right. That's fine. Since senior wants to experience life with me, then feel free to do so. Anyway, I choose to lie down."

After saying that, Ye Feng ignored the Demon Queen and walked out of his house directly, heading towards a certain area inside Xuanshan City.

Ye Feng once again came to the area where the Dark Evil God's body was refined.

He saw that the tall and majestic Dark Evil God had been almost refined during his retreat.

Under the tireless refining efforts of more than a hundred top weapon refining masters of the Xuanwu Dynasty, the Dark Evil God's true body is about to be refined into a powerful war weapon.

At this time, Prince Xuan Wuji, wearing a dark armor, walked over from a short distance away, with a hint of excitement in his eyes, and said: "Brother Ye, you saw it, the evil god of darkness is finally going to be refined. I succeeded, and I am looking forward to the moment when the evil god of darkness unleashes his monstrous war power."

Buzz!

And just as Xuan Wuji was talking, suddenly the huge steps of the dark evil god, who was like an ancient dark giant, began to move.

"Finally the refining was successful!"

"This is destined to be a great masterpiece!!"

And at the next moment, a weapon-refining master in a white coat standing above the Dark Evil God burst out laughing, his tone filled with deep excitement.

Chapter 2288: Foreign Wars

The moment the weapon master finished speaking.

The more than a hundred weapon refining masters surrounding the Dark Evil God all cheered.

"Yes! The refining was finally successful!"

"We have so many masters working together and it took nearly a month to refine it. It's so difficult!"

"In any case, now that the refining is successful, this great evil war machine will definitely shock the entire world!"

At this moment.

All the weapon refining masters cheered.

They cheered because the entire dark evil god war machine was the hard work of so many of them.

At this moment, Xuan Wuji and Ye Feng looked at each other, with a trace of happiness in their eyes.

The Great Evil God of Darkness, this terrifying war machine, has finally been successfully refined!

Xuan Wuji immediately said: "Then let's go straight into the battle. During this period, I have been training my troops personally. The foundation of the entire Xuanshan City base has been accumulated. It's time to start killing."

At this moment, Ye Feng's eyes were full of expectation and he said: "Indeed, it is time to go to war. Our Xuanshan City has been silent for a long time. It is time to show our fangs to the outside world."

At this moment, Ye Feng and Xuan Wuji flew directly to the sky, began to assemble all the armies, and marched towards the outside of Xuanshan City with the Dark Evil God war machine.

At this time, it was in the wilderness outside Xuanshan City.

The great evil war machine, with its huge and towering body, looked very shocking as it stood like a giant monster standing tall on the ground, opening the way ahead.

The army of hundreds of thousands of people followed the majestic body of the Great Evil God, wearing armor and holding soldiers in their hands, walking slowly with a solemn expression.

Ye Feng and Xuan Wuji stood side by side in the Great Evil God's Palace.

The top of the big head looks into a certain direction.

Xuan Wuji looked at the map in his hand and said aloud: "This time, first remove all the vampire demon strongholds around our Xuanshan City."

Ye Feng nodded and said: "Yes, according to the marks on the map, there are nine vampire demon strongholds around the base of Xuanshan City. Although they are all small strongholds, if they are not eliminated, there will be endless troubles and they may happen at any time. It poses a huge threat to our Xuanshan City base."

"That's right."

Xuan Wuji nodded, then pointed to a red dot marked on the map in his hand and said, "Let's start by removing this stronghold. This stronghold is in a valley on the left side of the Tianmo Mountain Range."

Ye Feng said: "Okay! This time we bring the Dark Evil God and hundreds of thousands of troops. We must cut through the mess quickly and get rid of all the vampire demon strongholds around us, so that these vampire demons who have been killing for so long will know, the human race can also fight back!"

Rumble...

The army began to advance rapidly.

In the afternoon of the second day, we finally arrived at our first destination.

This is a huge valley on the left side of the Tianmo Mountain Range.

Ye Feng stood on top of the evil god of darkness and looked down into the distance. He immediately saw tall demonic buildings built in the huge valley.

Xuan Wuji was also watching at this time and said aloud: "This is a demon city that has begun to take shape. It has tall city walls made of ore, and there are powerful blood-sucking demon soldiers guarding the city tower at all times. There are demon towers that can release magic attacks. There are nine magic towers in this stronghold, which can release lightning magic, fire magic, etc.

Wait, this is already a very mature vampire demon stronghold. "

At this time, Xuan Wuji spoke with a hint of amazement in his tone: "The civilization of the vampire demons is also very prosperous. There are some things that even the Tiangong Pavilion of our Xuanwu Dynasty cannot produce, such as That kind of elemental magic tower."

Ye Feng nodded and said: "This is just the stronghold of the vampire demons in our human area. Our goal is to conquer the vampire demons' lair and territory."

When he said this, Ye Feng shouted directly to his back: "Everyone! Come together! Try to break through this vampire demon clan's stronghold in the shortest possible time! Take the wealth, mines, etc. of these vampire demon clan, Resources, female demon slaves, plunder them all!"

"Come on!"

"Kill, kill, kill!!!"

...

At this moment, countless human armies immediately began to charge towards the valley.

Hundreds of thousands of fully armed human soldiers charged together, like a torrent of steel. The scene looked very shocking!

At this moment, the Dark Evil God was also under the control of Xuan Wuji, quickly striding towards the vampire demon stronghold in the valley.

"Dark Master!"

At this time, Ye Feng consumed his soul power and summoned the Dark Master from the confinement of the mythical time and space dimension.

"Boom!"

"Boom!"

The group of blood-sucking demons in the valley didn't even react. The two behemoths, the Dark Evil God and the Dark Mage, had trampled and shattered all the tall towers at the entrance to the valley.

"Crash!"

In an instant, hundreds of thousands of human troops all rushed through the trampled and broken gap into the valley.

, rushed directly to the hinterland of this stronghold.

"Kill!"

"Pfft!"

"Pfft!"

Immediately, countless human soldiers and the panicked vampire demons fought together.

Suddenly the entire valley fell into chaos.

"Activate the magic tower! Kill these humans who suddenly appear!"

At this time, a strong man from the blood-sucking demon clan roared.

"Crack!"

Suddenly there were several magic towers, which directly released blue lightning, instantly hitting a large number of surrounding human soldiers.

"Pfft!"

"Pfft!"

The human soldiers who were hit by the light of the Lightning Magic Tower all had their bodies exploded.

"Destroy those magic towers!"

At this time, Ye Feng flew directly from the head of the Great Evil God and said loudly: "Brother Xuan, you control the war machine of the Great Evil God of Darkness to destroy all the defensive buildings of the vampire demons in the stronghold, and I will destroy those magic towers! "

"good!"

At this time, Xuan Wuji nodded immediately and led the Dark Evil God to frantically destroy various defensive buildings in the stronghold.

"Rumble..."

"Rumble..."

The body of the Dark Evil God contains tremendous power, and now it has been refined into a huge war machine, with even more astonishing destructive power.

Under the trampling of the evil god of darkness, all the defensive buildings built by the blood-sucking demons in this valley stronghold were all trampled and broken.

No matter how solid the building was, it could not withstand the kick of the evil god of darkness and was crushed to pieces!

Chapter 2289 Half-Step to the Supergod Realm

The damage caused by the Dark Evil God to this stronghold is absolutely devastating.

No matter what kind of building it was, none of it could withstand the trampling of the evil god of darkness, and all of it was crushed to pieces.

The blood-sucking demon clan's stronghold in this valley had become dilapidated in less than a moment.

Xuan Wuji was standing on top of the evil god of darkness, controlling this behemoth, with a crazy laugh on his face: "Destroy it! Destroy it! Destroy everything!"

Rumble...

And just when the evil god of darkness was wreaking havoc.

Ye Feng came to each magic tower and began to destroy these magic towers.

These elemental magic towers cast by the vampire demons using special techniques can gather the elements of heaven and earth and release the power of elements, such as the power of lightning, the power of fire, the power of ice, etc.

These elemental magic towers still cause huge damage to ordinary human soldiers.

At this moment, many soldiers have died under the attack of these magic towers.

Therefore, Ye Feng naturally wants to destroy and clean up all these magic towers as soon as possible, otherwise the army may suffer heavy losses.

Uh-huh!

The first thing Ye Feng rushed to was an elemental magic tower that could release lightning.

"Crack!"

When Ye Feng just approached the elemental magic tower, a blue-purple lightning suddenly rushed out of the giant tower, hitting Ye Feng instantly.

"boom!"

Ye Feng instantly felt like he had been hit by a hundred thousand volts of electricity, and his whole body was numb.

"Chaos body!"

But the next moment, Ye Feng roared and burst out with the super power of the Chaos Body, instantly dispelling the terrifying current from his body.

boom!

Then Ye Feng rushed to the front of the lightning magic tower in an instant and punched forward fiercely.

"Boom!"

This huge elemental magic tower was immediately shattered by Ye Feng and turned into ruins.

I have to say that this elemental magic tower is still very powerful, and it can make Ye Feng feel numb from the electric shock.

This shows that its power is still very terrifying.

At this time, Ye Feng continued to fly towards the next elemental magic tower.

The next elemental magic tower is the ice magic tower.

"Crash!"

When Ye Feng just approached, endless freezing air rushed out of the ice magic tower in an instant, like a long river of cold air, sealing Ye Feng Bing.

"Click, click..."

The surface of Ye Feng's body immediately began to freeze, covering it with a thick layer of ice.

"Breaking Wind Slash!"

Ye Feng roared loudly at this moment and directly released the terrifying slashing martial arts inheritance.

"Qiang!"

"Qiang!"

"Qiang!"

At this moment, wisps of wind began to appear in the space around Ye Feng.

got windy!

The weather transformed into countless blades of sword light, possessing terrifying cutting abilities.

"Click, click!"

The frozen ice on Ye Feng's body was immediately cut and shattered by countless wind blades.

Wow!

Ye Feng broke free from the shackles of the ice in an instant and stretched out his hand directly to press the ice magic tower in front of him.

"Boom boom boom boom..."

Suddenly the wind began to rise in the void, and countless wind blades condensed to form a field of violent wind, instantly cutting the frozen magic tower in front into countless pieces.

"Okay! Another magic tower was knocked down!"

Ye Feng's eyes showed joy.

As he demolished the magic towers one by one, the human soldiers received less and less damage, and the blood-sucking demon soldiers were killed more and more smoothly.

Infinite blood was produced on the battlefield.

Ye Feng was very excited.

He planned to wait until all the elemental magic towers were destroyed before he began to devour the huge blood energy caused by the war in the entire battlefield.

But just when Ye Feng was about to destroy the last flame magic tower.

"Damn human race! They destroyed all our hard work in one day. I want you all to die!"

boom!

Suddenly, a huge castle in the deepest part of the vampire demon clan's stronghold exploded.

A middle-aged man wearing a blood-colored robe, a terrifying commander of the blood-sucking demon clan, rushed out of the huge castle in an instant.

The aura of cultivation on his body was astonishingly half-step to the super-god realm!

This is a half-step super-god realm existence that transcends the realm of all things and the transcendent realm. One foot has already stepped into the legendary super-god realm. It is absolutely very powerful.

"Blood Demon Soul-Destroying Palm!"

The middle-aged man in blood-robbed face had a gloomy expression, and he immediately struck a fierce blow in the distance.

"Boom!"

In an instant, a big blood-red hand, filled with infinite power, bombarded it from high in the sky.

The whole earth suddenly shook violently, as if the earth was shaking.

A huge palm print suddenly appeared on the ground.

Within the coverage area of the palm print, hundreds of fully armed human soldiers were all instantly shattered by this slap. Their bodies were shattered, their armors were shattered instantly, and they were killed instantly.

"The Great Evil God of Darkness! How dare you, a bunch of humans, refine the Great Evil God from our demon race into your war machine? How abominable! You are showing great disrespect to the Great Evil God!"

At this moment, the middle-aged man in blood-robbed clothes instantly rushed in front of the evil god of darkness and slapped him away.

"boom

Boom, boom..."

Even the terrifying Dark Evil God's huge body couldn't help but take a dozen steps back when it was bombarded by this middle-aged man in blood robe.

From this, we can see how powerful this middle-aged man in blood-robed robes is, and he can actually defeat the evil god of darkness.

"Come together! Destroy this vampire demon commander! As long as this vampire demon commander is destroyed, then this stronghold will be truly captured!"

At this moment, Ye Feng, who was not far away, shouted loudly: "Dark Mage!"

boom!

The huge dark golden body of the Dark Master also descended from the sky in an instant, and immediately hugged the middle-aged man in the blood robe.

Xuan Wuji also instantly controlled the Great Evil God of Darkness, and all of a sudden he bombarded the middle-aged man in blood-robed robes.

"puff!"

Being beaten by two behemoths, the Dark Mage and the Dark Evil God, even the middle-aged man in blood robes, the commander of the blood-sucking demon clan who was halfway to the super-god realm, couldn't help but spit out a mouthful of blood and was beaten miserably.

"The devil is coming to the heavens!"

At this time, the middle-aged man in blood robe instantly displayed a terrifying and boundless demon-killing technique.

Rumble...

A large black-red light group suddenly burst out from his body. Each light group contained a fallen demon world with incredible energy.

"Boom!"

At this moment, those small world-like black and red light groups wildly bombarded the dark mage and dark evil god surrounding the middle-aged man in blood robe.

"Deng Deng Deng!"

"Deng Deng Deng!"

At this moment, the Dark Master and the Dark Evil God couldn't help but retreat. For a moment, they were unable to withstand the bombardment of the black-red light group.

"Wide world!"

At this time, Ye Feng descended from the sky and instantly released the fourth level of Lord Panwu, the Great Thousand Worlds!

"boom!"

"boom!"

"boom!"

Small worlds also appeared around Ye Feng, and they all bombarded down from high altitudes. They collided with the black-red light group around the middle-aged man in the blood robe, and actually shattered each other.

"What?"

When the middle-aged man in the blood-robbed man saw this scene, his eyes suddenly showed a trace of surprise, and he couldn't help but said: "Human boy, such a humble creature like you can actually release energy with the power of the world. ?How can this be?"

Ye Feng smiled coldly and said: "The potential of the human race is beyond your imagination!"

boom!

At this moment, Ye Feng burst out with his most powerful combat power.

Dzogchen cultivation!

The ancient divine ring!

At this moment, accompanied by a divine halo, Ye Feng's body lit up.

☪

Ye Feng's combat power has been greatly improved.

The middle-aged man in the blood-robe man laughed sarcastically: "Weak human race, how can you compare with me with your weak cultivation? If you attack me, it's nothing more than a small tree shaking a tree!"

"The devil is coming to the heavens!"

The middle-aged man in the blood robe roared loudly at this moment, and in an instant he carried infinite demonic power and charged towards Ye Feng high in the sky, trying to kill Ye Feng.

At this time, Ye Feng had also accumulated his strongest state. He roared instantly and unleashed Ye Feng's most terrifying attack so far: "Golden Sun Slash!"

boom!

This is a very terrifying and sharp attack on a single target.

Nangong Wentian had previously used this blow to tear apart Ye Feng's solid chaotic body, almost to pieces.

So at this time, Ye Feng did not hesitate and directly launched this kind of attack with extremely terrifying attack power and destructive power.

This attack is extremely damaging in an instant.

"boom!"

At this moment, Ye Feng soared into the sky, his whole body and the sun above the nine heavens briefly merged into one, and then turned into a blazing sword light, which instantly struck down from the boundless sky.

"Boom!!!"

Suddenly a terrifying and boundless roar sounded throughout the sky.

This kind of collision was simply incomparably huge, earth-shaking, and the whole world was shaken. The armies of both sides who were fighting fiercely below stopped temporarily, feeling deeply suffocated, and even losing the courage to fight.

"Crack!"

And at the next moment, a tall body fell from the sky.

It is the middle-aged man in blood robe, the commander of the vampire demon stronghold!

At this time, the whole body of the middle-aged man in blood robe was almost cut in half. The wound was deep enough to see the bones, and the sun's flame was still burning in the wound.

At this time, the middle-aged man in the bloody robe was almost cut in half and lay on the ground, obviously dead.

Ye Feng also appeared from a high altitude. His left arm and right leg were beaten to pieces. He was obviously severely injured, but he was not dead.

"The commander-in-chief has lost!"

"Killed by that human boy?!"

"How can it be?"

At this moment, all the remaining blood-sucking demon soldiers in the valley stronghold had deep fear in their eyes.

Because they witnessed the death of their demon commander with their own eyes!

Moreover, he was killed by a seemingly weak human race boy.

This is incredible!

They probably never imagined that such a secret and powerful stronghold of theirs, with its impregnable city towers, would one day be breached by the weak human army.

Moreover, such a powerful being as the commander was killed under the spotlight.

It's really scary!

Chapter 2290 Bronze Sculpture

At this moment, with the death of the demon commander in this stronghold, the entire blood-sucking demon army was retreating steadily and was completely slaughtered by the human army.

Ye Feng's eyes suddenly showed a hint of excitement, and he shouted to Xuan Wuji, who was standing on top of the Dark Evil God not far away: "Prince, protect me, I want to practice!"

boom!

After the words fell, Ye Feng instantly floated to the sky and began to release the Devouring Domain.

"Rumble..."

At this moment, a terrifying and boundless swallowing vortex of darkness instantly covered the entire field.

At this moment, Xuan Wuji immediately controlled the evil god of darkness and concentrated on guarding Ye Feng, protecting Ye Feng's practice.

Xuan Wuji knew very well that Ye Feng was his most trusted trump card.

Therefore, Ye Feng's improvement in cultivation strength is of great significance to Xuan Wuji, the prince of the Xuanwu Dynasty.

at this time.

"Rumble..."

Immediately, endless blood energy was sucked up from the entire stronghold battlefield, and then all was swallowed and absorbed into the darkness devouring field, and then all was injected into Ye Feng's own body.

Ye Feng instantly felt that his power and energy were rapidly increasing.

The improvement in skill at this moment is really skyrocketing!

Because you must know that this is an entire stronghold of vampire demons, numbering in the hundreds of thousands.

Moreover, there is also a demon commander who is half a step beyond the divine realm!

Ye Feng's aura continued to break through rapidly.

"boom!"

The fifth heaven of the realm of all things!

"boom!"

The Sixth Heaven of All Things Realm!

"boom!"

The Seventh Heaven of All Things Realm!

"boom!"

"The Eighth Heaven of All Things Realm!!"

Finally, Ye Feng's cultivation level

stopped.

Ye Feng's eyes were shining with infinite light at this moment, and he looked like he had become much stronger.

At this moment, Xuan Wuji immediately drove over with the Great Evil God of Darkness, and said excitedly: "Congratulations to Brother Ye for your great improvement in skill!"

Ye Feng laughed loudly and said: "This time I really made a lot of breakthroughs! My skills have greatly increased!"

At this moment, Ye Feng sighed in his heart. Sure enough, his choice to come to this frontier to fight against the vampire demons was a very wise and correct choice.

At this time, Ye Feng said to Xuan Wuji: "Let's continue to wage war!"

"good!"

Xuan Wuji nodded at this time.

He spoke to the army below: "Everyone quickly clear the battlefield and search for all the wealth of the vampire demons in this stronghold."

"Yes, Your Highness the Crown Prince!"

Hundreds of thousands of human troops suddenly spoke out, with excitement in their tone.

What they like most is to clean the battlefield and search for wealth in the demon stronghold.

At this moment, the hundreds of thousands of clan troops immediately dispersed and began to search for all kinds of wealth in the entire stronghold.

If you want to strengthen the Xuanshan City army, it is very important to search for wealth.

At this time, Xuan Wuji said to Ye Feng beside him: "Brother Ye, let's go to the magic tower at the deepest part of this stronghold to take a look. There seems to be something different there."

Ye Feng nodded and said: "Okay, my soul power also sensed some unusual aura before, which is hidden in the deepest part of this stronghold."

Uh-huh!

Uh-huh!

The two quickly flew towards the deepest area of the stronghold.

Soon they came to a huge magic tower.

This magic tower has a total of eighteen floors. It is very ancient. The entire body is made of a special kind of black gold. Very vicious demon patterns are carved on the surface. It looks very ancient and vicissitudes of life.

"Go in and have a look."

At this time, Ye Feng and Xuan Wuji looked at each other and walked in directly.

There is nothing on the first floor of this magic tower, just some broken ancient stone statue fragments scattered on the ground. It is obvious that this magic tower has been invaded before.

But Xuan Wuji still put away the ancient fragments of these stone statues and said, "Take them back and let the masters of weapon refining study them. Maybe they are some rare special materials."

Ye Feng nodded slightly and said, "Brother Xuan, let's continue to the second floor."

The two went directly to the second floor, but found that there was still nothing on the second floor, only some broken sculptures and so on.

Obviously, this place has been invaded and looted before.

Maybe it was many years ago.

Now all that's left is a mess.

Uh-huh!

Uh-huh!

The two continued walking towards the upper level.

On the third floor, there is nothing.

The fourth level is also filled with fragments.

The fifth floor, the sixth floor...

It was not until the seventeenth floor that the two finally saw it. There was a huge bronze sculpture of a troll on the seventeenth floor. It was not damaged and stood there, looking very vicissitudes of life.

This bronze sculpture must be very strong. It was not destroyed by the turmoil many years ago, and it still exists here, which shows that others could not take it away many years ago.

Uh-huh!

Ye Feng flashed in front of the bronze sculpture and instantly stretched out a hand to hold down the bronze sculpture.

"Buzz!"

\u003e At this time, Ye Feng increased his strength, and a huge force surged out of his palm, but he was unable to cause any damage to the bronze sculpture.

"sharp."

Ye Feng nodded.

He knows how terrifying his current power is.

But it still couldn't have any impact on this bronze sculpture.

Not even the slightest bit of damage.

Xuan Wuji also came over at this time, with a hint of surprise in his eyes, and said: "Brother Ye, it seems that this bronze sculpture is really a good thing, but I'm afraid I can't take it away, otherwise it would have been there many years ago. Was taken away by others before."

Ye Feng nodded. He hugged the bronze sculpture in front of him and wanted to pull it out of the ground.

But I couldn't pull it out.

Even Ye Feng used the Great Azure Dragon Creation Technique and turned his two arms into the arms of the Azure Dragon, but he was still unable to pull out the bronze sculpture.

"It really can't be taken away."

Ye Feng's eyes flashed slightly and he said loudly: "In any case, this bronze sculpture definitely hides a secret, otherwise it wouldn't be so special. By the way, no matter how strong anything is, it can't trouble me. I have God Clan gloves."

At this time, Ye Feng stretched out his hand and activated the second blood talent awakened by the Chaos Heaven and Earth Art, the God Clan Glove, which can extract the attributes of all things in the world.

No matter how hard something is, it will never be able to withstand Ye Feng's continuous extraction of attributes with the God Clan gloves.

"Buzz!"

At this time, Ye Feng immediately put on the God Clan gloves and touched and pressed the extremely strong bronze sculpture in front of him.

But the moment Ye Feng activated the God Clan gloves, an extremely strong counter-shock force suddenly burst out from it, instantly shaking Ye Feng away.

"There is indeed a big secret hidden in this bronze sculpture!"

Ye Feng's eyes lit up immediately.
