Chapter 2291 Great Leiyin Temple

At this moment, Ye Feng stared at the ancient bronze sculpture in front of him with a hint of surprise in his eyes.

This bronze sculpture was actually able to knock back his God Clan gloves.

Obviously this bronze sculpture is a living being and can sense the danger posed to it by the Protoss' gloves.

At this time, Xuan Wuji stared at the bronze sculpture in front of him with a hint of surprise in his eyes, and said, "Brother Ye, this bronze man is a bit weird."

Ye Feng smiled and said: "I can't say it's weird, but this bronze man is probably a living body, so my God Clan gloves can't extract it."

"Life form?"

Xuan Wuji had a look of surprise on his face, stared at the motionless bronze man in front of him, and said, "But this is just a sculpture."

Ye Feng smiled and said, "You'll know after you give it a try."

At this time, Ye Feng knew that ordinary attacks would not be able to cause any damage to the bronze man.

So Ye Feng directly released his soul inheritance.

Because the weak point of this solid bronze man must be his soul.

So at this time, Ye Feng suddenly released the Eye of Sin.

The Soul Emperor Seal probably won't work.

The Eye of Sin is now Ye Feng's most powerful soul method.

"Buzz!"

Almost at this moment.

Ye Feng's eyebrows were split.

A dark eye appeared.

It is the eye of sin!

"Uh-huh!"

At this moment, a dark light burst out from the Eye of Sin, and it suddenly shone on the bronze man.

"Buzz..."

Almost at the next moment, the bronze man immediately sent out a very strong wave of resistance.

"Bang, bang, bang..."

Suddenly at this time, the bronze that was originally immovable for thousands of years

The man suddenly began to move.

Standing up all of a sudden, he was more than ten meters tall, and his bronze body looked very intimidating.

"careful!"

Xuan Wuji immediately rushed forward, and his eyes suddenly changed slightly.

when!

But at the next moment, the huge bronze man suddenly knelt in front of Ye Feng.

"What?"

Ye Feng immediately showed a trace of surprise in his eyes.

Sure enough, it would be better to use the evil eye directly.

At this moment, the bronze man immediately issued an extremely obscure thought voice:
"Greetings to His Majesty the Dark Emperor."

"His Majesty the Dark Emperor?"

Ye Feng's eyes moved slightly, and then he understood.

It seems that this bronze man has a dull mind and a very weak consciousness. He also probably has no eyesight and can only sense.

Therefore, he sensed the aura of the Dark Emperor from the Eye of Sin and thought Ye Feng was the Dark Emperor.

Looking at the dull bronze man in front of him, Ye Feng quite liked it.

Because this bronze man surrendered directly to himself, was very dull, and had an extremely strong body, he could become a very good slave worker.

At this time, Ye Feng walked not far away, and the bronze man followed closely.

At this time, Xuan Wuji was also very surprised and couldn't help but said: "Congratulations, Brother Ye, for harvesting such a powerful and solid bronze man. Even the invaders from the ancient times couldn't take it away. Now it has become Ye directly." Brother, your follower, Brother Ye, what are those dark eyes of yours, why are they so powerful?"

Ye Feng smiled slightly and said aloud: "This is the eyeball of a strong man from the dark race. I didn't expect it to have such a big effect. It is really disappointing."

I was always a little surprised, but it was an unexpected surprise. "

Ye Feng felt that this bronze man was definitely a very good tool man.

The two continued to walk towards the entrance to the last floor, the eighteenth floor.

They soon saw that the entrance to the eighteenth floor was sealed by a completely black metal door.

"Huh? No one has probably entered the 18th floor yet. It's blocked by this solid black metal door."

After Ye Feng and Xuan Wuji learned this, their faces suddenly showed deep excitement.

Because they had seen before that many of the front floors of this ancient giant tower had been emptied.

Finally, the eighteenth floor was not entered, which is great news.

At this time, Ye Feng said aloud: "The group of robbers back then failed to enter the final eighteenth floor. It seems that this black metal door cannot be broken open at all."

Uh-huh!

But suddenly at this moment, the bronze man rushed forward, stretched out his bronze palm and pressed it on the eighteenth floor portal.

"Rumble..."

Suddenly, the bronze man released boundless power and instantly moved the door to the eighteenth floor open.

"What a power!"

Ye Feng's eyes suddenly lit up.

This bronze man is indeed a powerful tool man!

At this moment, Ye Feng and Xuan Wuji immediately walked into the eighteenth floor space at the top of the giant tower.

There were actually boxes of wealth placed here, most of which were divine crystals, armors, weapons, etc.

It's like a treasure.

At this moment, Xuan Wuji couldn't help but said: "This time the military pay is enough."

Ye Feng automatically ignored it.

That box of wealth.

He walked directly towards the deepest part of the eighteenth floor.

There is a huge plaque there.

There are four big characters written on the plaque: "Great Thunder Sound Tower"

"Big Thunder Tower?"

At this moment, Xuan Wuji looked at the purple-gold plaque and couldn't help but said: "Great Leiyin Pagoda, isn't this a great ancient power, the treasure of the Great Leiyin Temple? Isn't it here? ?"

Obviously, although the ruins of this giant tower are in the stronghold of the vampire demon clan, this giant tower is not the product of the demon clan, but the product of a powerful ancient human force.

At this moment, Ye Feng walked directly to the plaque and stretched out his hand to touch it.

"Buzz!"

Almost at this moment, a golden Buddha's light emanated from the plaque and enveloped Ye Feng's entire body.

At this moment, Ye Feng immediately felt a very terrifying thought, pulling his soul into a mysterious dimension.

This is a vast and vast spiritual space.

Just like in the endless void of the universe.

At this time, Ye Feng discovered that his soul was floating in an endless void.

In the center of this boundless void, there is an extremely majestic Buddha, exuding endless Buddha light, but also surging with thousands of thunders, floating in this void, exuding a monstrous momentum.

At this moment, Ye Feng immediately understood that the will of an ancient Buddha was hidden in the plaque, and his soul was pulled in at this moment.

The supreme and majestic Buddha, like the ancient angry-eyed Thunder God King Kong, made a deafening and vast voice: "Destined person, since you can enter here, it means that your soul is

extremely powerful, so you can accept my great power." The final inheritance of Leiyin Temple will continue the incense of our great Leiyin Temple."

Chapter 2292 Ultimate inheritance

Da Leiyin Temple?

There was a trace of surprise in Ye Feng's eyes.

He never expected that deep in the stronghold of a blood-sucking demon clan, he would encounter the relics of ancient Buddhism.

Obviously, only those with extremely strong soul power can finally enter the eighteenth level and obtain the inheritance of the Great Thunder Sound Temple.

At this moment, Ye Feng looked at the ancient Buddha floating in the endless void in front of him and was about to say something. .??.

"boom!"

But suddenly at this moment, the big Buddha stretched out a huge finger and clicked towards Ye Feng.

"Buzz!"

A terrifying inherited Buddha's light, wrapped in a trace of thunderous light, instantly enveloped Ye Feng's entire soul.

"ah....."

Almost at the next moment, Ye Feng suddenly felt as if his whole body was being shocked by hundreds of thousands of volts of electric current, and his whole soul was numb.

"Buzz..."

But along with this terrifying pain, a chapter of inheritance that exuded an ancient atmosphere gradually appeared in Ye Feng's soul.

It is the ultimate inheritance of the Great Leiyin Temple: the Great Leiyin Pagoda!

The giant Buddha continued to make a vast ancient voice: "As long as we operate the inheritance of our Great Thunder Sound Temple, we can transform into a majestic and boundless Great Thunder Sound Pagoda, which can release endless Buddha light and thunder, and has incomparable terrifying power. I hope that if you are destined to find a descendant of our Great Leiyin Temple, you can pass on the inheritance of this Great Leiyin Pagoda to him and continue the incense of our Great Leiyin Temple. I, the Buddha, will bless you."

After saying that.

Wow!

The entire ancient Buddha instantly dissipated in the void.

And this time.

"Buzz!"

Accompanied by a violent fluctuation.

Ye Feng's soul also returned to his own body.

"Brother Ye, what's wrong with you? Why can't you move? Don't scare me!"

Xuan Wuji's voice came to his ears.

Ye Feng immediately opened his eyes and said with a smile: "It's okay, my soul was just pulled into the plaque in front of me."

When Xuan Wuji saw that Ye Feng had returned to normal, he immediately breathed a sigh of relief and said, "That's great! Brother Ye, just be okay."

At this time, Ye Feng saw that at the entrance to the 18th floor, many human soldiers had already walked in and began to carry boxes of wealth, which could be used as military pay for the march, which was very good.

At this time, Xuan Wuji suddenly patted Ye Feng on the shoulder and said, "Brother Ye, what do you think this is?"

At this moment, Ye Feng looked in the direction Xuan Wuji was pointing, and his eyes were slightly startled.

At this time, in a corner of the eighteenth floor space, there was a very ancient skeleton.

The entire body of the skeleton is pure gold and looks extremely solid.

Ye Feng's eyes showed a trace of surprise and said: "This should be the immortal golden body left by a certain eminent monk."

Xuan Wuji's eyes were startled, he clasped his hands and bowed before the immortal golden body, and said aloud: "Brother Ye, let's bury the golden body of this enlightened monk and let him rest in peace."

Ye Feng glanced at Xuan Wuji beside him in surprise, then reached out and grabbed the immortal golden body into the storage ring, and said, "Let's keep it as a training resource."

Xuan Wuji had a look of astonishment on his face.

At this time, Ye Feng had already walked outside and said: "Brother Xuan, let's go. The battlefield should have been almost cleaned. I will take you to see the magic tower cast by the vampire demons and see if we can also It would definitely be a great thing to cast it and install it on the city wall of our Xuanshan City base."

When Xuan Wuji heard this, his eyes suddenly lit up and he quickly said: "I don't know if we can cast it. After all, it is the craft of the vampire demon clan. It must be very complicated and difficult."

Ye Feng said with a smile: "Actually, it's not that complicated. The internal structure of the magic tower is actually some formations unique to the demons engraved in the magic tower. As long as the formation structures in those magic towers can be analyzed, they can be cast. Out."

When Xuan Wuji heard what Ye Feng said, he immediately showed a trace of surprise in his eyes, and couldn't help but said: "I didn't expect that Brother Ye also dabbled in the art of fighting, but he is really knowledgeable."

Ye Feng smiled slightly and said: "I understand a little bit, just a little bit, let's go and see it together."

At this time, Ye Feng and Xuan Wuji left the ancient giant tower and walked towards the stronghold outside.

At this moment, Ye Feng saw that the battlefield in the entire stronghold had been cleared.

At this time, Ye Feng and Xuan Wuji walked to a damaged magic tower.

They saw that inside the magic tower, there were still some special formation patterns that were constantly shining. .??.

At this time, Ye Feng spoke up and said: "Brother Xuan, let the soldiers take all these broken magic tower fragments back and let the recruited weapon masters study them. I believe they will be researched soon."

Xuan Wuji was also quite excited and said: "Indeed, if we can really research this kind of magic tower of the vampire demon clan, then

Our Xuanshan City base will become more and more stable, and the ordinary demon army will not be able to invade it at all. "

At this time, Xuan Wuji immediately shouted to the surrounding soldiers who were cleaning the battlefield: "Hey, that so-and-so, that so-and-so, come here and lead a team of people to bring all the fragments of these magic towers back to Xuanshan City."

"Yes, Your Highness the Crown Prince!"

Immediately, someone came over with a group of soldiers and began to collect the fragments of the magic tower in front of them.

Even the base of the magic tower was dug out and taken away.

Ye Feng said aloud: "All the remaining items from the magic tower in this stronghold should be taken away. No one can be left out."

"Yes, His Majesty the General!"

A group of soldiers immediately said with fists in their hands.

At this time, Ye Feng took Xuan Wuji and flew to the head of the evil god of darkness.

At this time, Ye Feng said: "I'm going to start practicing a powerful inheritance. Next, Brother Xuan, you can lead the army to the next vampire demon stronghold. When you get there, wake me up from my deep cultivation state." "

Xuan Wuji nodded and said: "Okay, Brother Ye, please enter a deep state of cultivation. After arriving at the next vampire demon clan's stronghold, I will inform you that there is really no need for you to waste time on the way there. Just leave the trivial matters to me."

Obviously, the division of labor between the two is becoming more and more clear now.

Ye Feng is responsible for the output of combat power, while Xuan Wuji is responsible for coordinating everything.

"good."

At this time, after Ye Feng finished speaking, he immediately entered a state of cultivation.

What he wants to comprehend now is naturally the ultimate inheritance of the Great Thunder Sound Temple that he just obtained, the Great Thunder Sound Pagoda!

Chapter 2293 Thunder Sword Dynasty

At this time, Ye Feng entered the cultivation state.

The giant Buddha in the mysterious space, the ultimate inheritance of the Great Thunder Sound Temple taught to Ye Feng, and the cultivation chapter of the Great Thunder Sound Pagoda, suddenly turned into a golden light and appeared in Ye Feng's mind.

For Ye Feng, he possesses super powerful comprehension. Even though this Great Thunder Sound Tower is an extremely powerful ultimate inheritance, very ancient and complex, Ye Feng's long-standing demon comprehension has been transformed by the gems of the gods. The most mysterious soul gem has been transformed, so there is no need to worry about Ye Feng not being able to understand the inheritance.

Even if it is a powerful inheritance that is much higher than Ye Feng's current level of cultivation, Ye Feng can comprehend it in advance and achieve great success.

This is unmatched by many other geniuses.

In the next few days, the huge body of the Dark Evil God walked on the huge ground, rushing towards the next stronghold of the blood-sucking demon clan. .??.

And the army of hundreds of thousands of people, after plundering the wealth, were all full of energy, like wolves and tigers, marching behind the evil god of darkness, their momentum was extremely powerful.

From a distance, you can tell that this is a very powerful army.

Xuan Wuji stood on top of the huge head of the evil god of darkness, controlling everything and helping Ye Feng's practice and protection.

The journey was very smooth.

No danger was encountered.

After all, Xuan Wuji himself is also a peerless genius, and he had received help from senior Xuanwu before and was completely transformed.

It's just that Xuan Wuji has been staying with Ye Feng and traveling together, so he seems a bit mediocre.

Because Ye Feng's talent and combat power are really too evil.

On this day, the army was about to arrive at the second vampire demon clan's stronghold.

But just when they arrived, they happened to encounter the armies of other dynasties, attacking the stronghold of the vampire demon clan.

That dynasty was the Thunder Sword Dynasty, one of the ten great dynasties.

The national power of this dynasty is also very strong, otherwise it would be impossible to send troops to attack the vampire demon stronghold.

Right now

Fortunately, Xuan Wuji was about to leave and didn't want to get involved in this matter.

But at this time, the commander of the Thunder Sword Dynasty not far away discovered the human army on Xuan Wuji's side, and immediately shouted: "Friendly troops! Please help us attack this vampire demon stronghold. We have lost a lot of money." It's too heavy, I'm afraid it won't be taken down, and if you are willing to help our Thunder Sword Dynasty, I am willing to share a huge secret with you."

"The big secret?"

When Xuan Wuji heard the words of the commander of the Thunder Sword Dynasty, a trace of surprise suddenly appeared in his eyes.

He was thinking about whether to take action.

"Take action."

Suddenly at this time, Ye Feng opened his eyes at the side and said loudly: "This Thunder Sword Dynasty has suffered heavy losses, and there must be a special reason for attacking this blood-sucking demon clan's stronghold."

At this time, Ye Feng's eyes were flashing with thunderous light, looking very magical.

In other words, Ye Feng has now initially understood the ultimate inheritance of the Great Thunder Sound Temple, the "Great Thunder Sound Pagoda".

The means and power of the Great Thunder Sound Tower can already be used.

At this time, Ye Feng stood up and looked at the vampire demon stronghold not far away.

At this time Xuan Wuji said: "Okay, then let's take action directly!"

"Army attack!!"

"Strive to reach the enemy battlefield within thirty seconds!"

Xuan Wuji immediately waved the battle sword in his hand and pointed at the vampire demon clan's stronghold.

"Come on!"

"Kill!"

"..."

At this moment, hundreds of thousands of human troops from the Xuanwu Dynasty immediately charged towards the vampire demon stronghold ahead.

Moreover, the huge body of the Dark Evil God,

It was also like a destructive war machine, trampling towards the front quickly and crazily.

With the addition of such a powerful army, especially the addition of the Dark Evil God, a terrifying war machine, the battle situation became even more one-sided.

When the people of the Lei Jian Dynasty saw a group of ferocious tiger and wolf warriors from the Xuanwu Dynasty, their eyes showed deep shock.

Because the Xuanwu Dynasty's army was so fierce, each one was as if they had been beaten to death.

Ye Feng was very satisfied with this.

Because he had told Xuan Wuji before that if he attacked the vampire demon clan's stronghold, once the war was won, all the wealth would be available to the soldiers of the army.

In this case, the armies will be motivated, because they can get huge wealth after every war.

Nothing is more motivating than actual benefits.

Generally, the army of a dynasty is officially organized by the court. Even if they go to war, they are directly paid by the royal family.

But now, under Ye Feng's suggestion, Xuan Wuji directly changed the royal family's rules on military pay to directly let the soldiers rob the wealth in the vampire demon strongholds.

If you do this, the soldiers in the army will definitely be full of motivation.

Because once the war is won, these soldiers in the army will be able to frantically search and rob the wealth in the vampire demon strongholds.

"Rumble..."

"Rumble..."

At this time, the vampire demons in the entire stronghold were immediately in crisis after the Xuanwu Dynasty's army joined.

"You hateful humans! All of you will die to me!"

Suddenly at this moment, a young man wearing a black robe flew out from deep within the stronghold.

His body was surging with the powerful cultivation of the half-step super-god realm.

"The true form of the Demon King!"

At this moment, the young man in black robe yelled,

A very rare and powerful demon inheritance was displayed.

His entire body immediately began to expand, and eventually grew into a majestic troll with a height of tens of thousands of feet, looking very majestic and majestic.

This is a very powerful demon king's true form. The blood-sucking demon commander in this stronghold is so terrifying that he directly expands into the ancient great devil's true form.

At this moment, the tall and majestic Demon King punched out with a fierce punch, shattering the ground for several kilometers in an instant, and it was shattered.

In an instant, thousands of human troops were killed on the spot, and the destructive power was terrifying and astonishing.

At this time, the Demon King's true form roared: "I will destroy all of you human bugs!"

"Go together!"

At this time, the commander of the Thunder Sword Dynasty was a heroic young man. He spoke to Xuan Wuji from the Xuanwu Dynasty: "Commander of the Xuanwu Dynasty, let's take action together to deal with this demon commander who has turned into an ancient demon king. !"

boom!

At this moment, Xuan Wuji and the commander of the Thunder Sword Dynasty flew high into the sky, and then attacked the ancient demon king together.

"Punch through mountains and rivers!"

The ancient demon king roared, waving his huge black fist like a mountain, and struck hard at the two people in front of him.

"boom!!"

A terrifying roar instantly resounded throughout the entire sky.

Boom!

Boom!

At this moment, Xuan Wuji and the commander of the Thunder Sword Dynasty were all blown away by the huge fist, and even the two of them could not help but spit out a mouthful of blood.

The commander of the Thunder Sword Dynasty immediately looked horrified and said: "So powerful? This demon commander must have activated the king's blood of the ancient demon king in his body, and his combat power has soared. It is estimated that it is comparable to a real super-god realm expert. It's over. Both of our commanders can't defeat us. We can't win with human tactics. It's over!"

Chapter 2294 Let's wait and see

At this time, looking at the irresistible ancient demon king, the commander of the Thunder Sword Dynasty looked extremely ugly.

Because he originally thought that by joining forces with the Xuanwu Dynasty's army, he would be able to destroy all the blood-sucking demon clan's stronghold.

But what I never expected was that in the deepest part of this stronghold, there was actually a powerful demon commander who was halfway to the super-god realm.

Moreover, this powerful demon commander has a very powerful bloodline. He can transform into the true form of an ancient demon king, and can burst out with tremendous power, which is comparable to the real super-god level!

This is really scary!

At this moment, the commander of the Thunder Sword Dynasty immediately looked at Xuan Wuji and couldn't help but said: "Friend, I'm really sorry. I didn't expect that the demon commander in this stronghold is so powerful and possesses the ancient power. The Demon King's true form, it seems we can only run away in a hurry now."

But at this time, Xuan Wuji's face was extremely calm and he said, "For Brother Ye, it's just a trivial matter." .??.

"Brother Ye?"

The commander of the Thunder Sword Dynasty immediately showed a hint of surprise in his eyes.

He followed Xuan Wuji and looked not far away.

I saw a young man wearing white clothes, slowly stepping over from a distance, looking like he had boundless momentum.

However, the fluctuations in cultivation level emitted from Ye Feng at this time were only from the eighth level of the realm of all things.

This made the commander-in-chief of the Thunder Sword Dynasty couldn't help but say in surprise: "Commander of the Xuanwu Dynasty, can this friend of yours really be able to deal with the demon commander who turned into the ancient demon king?"

Xuan Wuji smiled slightly, with infinite confidence in his tone, and said, "Let's wait and see."

Uh-huh!

And while the two were talking, Ye Feng, dressed in white clothes and Sheng Xue, had already arrived in front of the huge demon king's true form.

The big devil's pair of eyes that exuded scarlet light were staring at Ye Feng who was walking in front of him. He laughed loudly and said: "A boy who can't reach the realm of all things is just a casual person in my eyes." You're just a little ant that can be crushed to death. How dare you face me? You're so naive. It seems like a newborn calf is not afraid of tigers. I can crush you to death with just one hand."

Boom!

Almost as soon as the big devil finished speaking, he punched out fiercely.

This fist was like a black ancient magic mountain. It blasted out in an instant, making the entire sky tremble in all directions, and instantly enveloped Ye Feng's entire body.

At this moment, Ye Feng, in front of the huge fist blasted by the big devil, was as insignificant as a vast ocean and a small boat.

No one believed that Ye Feng could survive in this circle.

But this time.

Ye Feng's face was extremely calm, and he suddenly looked ahead and said, "It's just time to try the ultimate inheritance of the Great Leiyin Temple."

Big Thunder Tower!

Almost at this moment, Ye Feng immediately released the powerful ultimate inheritance of Dalin Temple that he had just comprehended, the Great Thunder Sound Pagoda.

"Boom!"

Almost in the next moment, Ye Feng's body immediately transformed into a vast and boundless tower, filled with endless Buddha light, endless thunder and lightning, and endless destructive power.

"Rumble..."

The huge thunder tower transformed by Ye Feng was immediately filled with infinite suppressive power. It fell from the sky in an instant, and instantly shattered the black fist of the big devil. .

"Kacha kacha kacha..."

A series of terrifying blue-purple lightning bolts instantly enveloped the entire Demon King, and then crazily destroyed the Demon King's body.

The ultimate inheritance of Daleiyin Temple is Buddhism and Taoism, which has a natural suppressive power against evil creatures like the vampire demons.

In addition, in addition to releasing strong Buddha light, the Great Thunder Sound Pagoda also possesses infinite thunder with astonishing and terrifying destructive power.

Naturally, it caused huge harm and destruction to the big devil in an instant.

"ah!!"

Almost at this moment, the originally arrogant Demon King roared out in pain and let out an earth-shattering howl.

The entire huge demon king's body was now quickly struck by lightning, and then quickly shattered and disintegrated.

In the end, the demon king's body, which was tens of thousands of feet tall, was directly electrocuted until it was reduced to the size of a man.

In other words, the demon commander was forcibly beaten back to his original form by Ye Feng's Big Thunder Tower.

"Breaking Wind Slash!"

Just at this time.

Ye Feng didn't hesitate at all, and instantly released his extremely powerful slashing martial arts inheritance, the Breathless Breath Slash!

The moment the Storm Breath Slash was launched, there was an endless wind surrounding Ye Feng, turning into countless wind blades, like the sharpest sword light in the world, and in an instant, he slashed towards the demon commander in front. Kill and go.

At this moment, the demon commander has been beaten back to his original form, losing the true body protection of the ancient great demon king, and his defense has been reduced to an extreme.

"Puff, puff..."

Almost at this moment, the entire body of the demon commander was cut into pieces by countless wind blades, turned into countless fragments, fell to the ground, and died instantly.

"What?!"

"So powerful?!"

At this time, the commander of the Thunder Sword Dynasty not far away was already stunned.

He never thought that this ordinary-looking boy in white was not as powerful as he imagined, but once his fighting power broke out, he would be so terrifying.

"Absolutely a genius among geniuses, an elite among elites, and a peerless genius among geniuses!"

The eyes of the commander of the Thunder Sword Dynasty were full of deep shock, and he couldn't help but said: "Commander of the Xuanwu Dynasty, who is this friend of yours? He should be from the Immortal Palace in the Northern Territory, in our God Realm. In the northern land, only the Northern Immortal Palace can cultivate such wonderful and beautiful people!"

Xuan Wuji smiled at this time and said: "No, Brother Ye became so powerful through his own efforts and has nothing to do with the Northern Immortal Palace."

At this moment, Xuan Wuji seemed to be influenced by Ye Feng, and he no longer had the same awe-inspiring attitude towards the Northern Immortal Palace, and there was a kind of confidence in his tone.

At this time, the commander-in-chief of the Thunder Sword Dynasty heard that Ye Feng was not a disciple of the Northern Immortal Palace, but had achieved such great strength through his own efforts. His eyes suddenly showed a deep solemn look. At this time, looking at the irresistible ancient demon king, the commander of the Thunder Sword Dynasty looked extremely ugly.

Because he originally thought that by joining forces with the Xuanwu Dynasty's army, he would be able to destroy all the blood-sucking demon clan's stronghold.

But what I never expected was that in the deepest part of this stronghold, there was actually a powerful demon commander who was halfway to the super-god realm.

No one believed that Ye Feng could survive in this circle.

But this time.

Ye Feng's face was extremely calm, and he suddenly looked ahead and said, "Just in time to try the ultimate inheritance of the Great Lei Yin Temple."

Big Thunder Tower!

Almost at this moment, Ye Feng immediately released the powerful ultimate inheritance of Dalin Temple that he had just comprehended, the Great Thunder Sound Pagoda.

"Boom!"

Almost in the next moment, Ye Feng's body immediately transformed into a vast and boundless tower, filled with endless Buddha light, endless thunder and lightning, and endless destructive power.

"So powerful?!"

At this time, the commander of the Thunder Sword Dynasty not far away was already stunned.

He never thought that this ordinary-looking boy in white was not as powerful as he imagined, but once his fighting power broke out, he would be so terrifying.

"Absolutely a genius among geniuses, an elite among elites, and a peerless genius among geniuses!"

The eyes of the commander of the Thunder Sword Dynasty were full of deep shock, and he couldn't help but said: "Commander of the Xuanwu Dynasty, who is this friend of yours? He should be from the Immortal Palace in the Northern Territory, in our God Realm. In the northern land, only the Northern Immortal Palace can cultivate such wonderful and beautiful people!"

Xuan Wuji smiled at this time and said: "No, Brother Ye became so powerful through his own efforts and has nothing to do with the Northern Immortal Palace."

At this moment, Xuan Wuji seemed to be influenced by Ye Feng, and he no longer had the same awe-inspiring attitude towards the Northern Immortal Palace, and there was a kind of confidence in his tone.

At this time, the commander-in-chief of the Thunder Sword Dynasty heard that Ye Feng was not a disciple of the Northern Immortal Palace, but had achieved such great strength through his own efforts. His eyes suddenly showed a deep solemn look.

Chapter 2295 King Lanling

At this time, the commander of the Thunder Sword Dynasty stared at Ye Feng, who was dressed in white and snowy not far away, with an incredible look in his eyes.

He couldn't help but look at Xuan Wuji beside him, and asked aloud: "Is this a talent cultivated by your Xuanwu Dynasty?"

Xuan Wuji was very proud and said aloud: "Yes, Brother Ye is a first-class general of our Xuanwu Dynasty. He was knighted by my father himself."

"Father?"

When the commander-in-chief of the Thunder Sword Dynasty heard the name Xuan Wuji, his eyes immediately showed a trace of surprise, and he couldn't help but ask: "Your Excellency, are you the prince of the Xuanwu Dynasty?"

Xuan Wuji smiled and nodded and said, "I am not just a prince, I am the prince of the Xuanwu Dynasty."

"Are you the Crown Prince of the Xuanwu Dynasty?"

The commander-in-chief of the Lei Jian Dynasty immediately showed a trace of solemnity in his eyes, slightly clasped his fists and said loudly: "It turns out to be His Royal Highness the Crown Prince of the Xuanwu Dynasty. I am blind, so let me introduce myself. I am Lei Jian." King Lanling of the dynasty."

"Prince Lanling?"

Xuan Wuji also showed a hint of surprise in his eyes, and couldn't help but say: "I have heard the legend about you. It is said that King Lanling of the Thunder Sword Dynasty was a real commander. He was very powerful in marching and fighting, and used his troops like a god. , can be said to be the number one military god of the Thunder Sword Dynasty."

Hearing what Xuan Wuji said, King Lanling couldn't help but shook his head, and said with a bitter smile: "Even if I use soldiers like a god, if I encounter a powerful demon like the vampire demon, if I encounter a powerful I can't fight against the strong ones. In the end, it takes a strong individual force to win on the battlefield."

Xuan Wuji smiled and said: "Yes, I originally thought that as long as I had an army, I could fight against the vampire demons on the border. But since I have experienced so much with my brother Ye, I now understand more and more that a single person Strength is really important. Sometimes the strength of a single entity can really determine the outcome of the entire war.

Win or lose. "

At this time, King Lanling nodded in agreement and said, "Yes, that's why I envy His Highness the Crown Prince for having such a powerful young general helping you."

When he said this, King Lanling suddenly looked at the behemoth not far away, and couldn't help but said: "This is the body of a demon, right? It was actually refined into such a powerful war weapon by you, Your Highness, the Prince." Machine, this will be of great convenience in the next battle. Once this powerful war machine rushes to kill on the battlefield, it can burst out with unparalleled power and be extremely terrifying. "

Xuan Wuji smiled and said: "Yes, this is also the body of the Great Evil God of Darkness. We refined it into a war machine, and it is also controlled by my brother Ye."

"What? Is this also something made by your young friend in white?"

King Lanling was really convinced by Ye Feng at this time, and couldn't help but said: "His Royal Highness, you are really lucky. This kind of talent is really rare throughout the ages. I am afraid that even in the Northern Immortal Palace, everyone is so lucky." rare."

Xuan Wuji smiled and nodded: "Many disciples in the Northern Immortal Palace are no match for Brother Ye."

And while the two were chatting.

The battle not far away also ended with the death of the demon commander.

The entire stronghold was completely destroyed, and all the vampire demons were killed.

The human race has won a great victory!

At this moment, Ye Feng was standing in front of the demon commander and had already devoured the demon commander.

Moreover, Ye Feng had swallowed up all the blood on the battlefield just now.

That huge energy was surging rapidly in Ye Feng's body like a vast ocean at this moment.

A powerful aura of cultivation suddenly erupted from his body.

"Boom!" .??.

The ninth level of the realm of all things!

"Boom!" .??.

The Great Perfection of the Tenth Heavenly Realm of All Things!

"Boom!!"

Half step to the extraordinary realm! !

Finally at this time, Ye Feng's cultivation stopped.

He suddenly broke through to the semi-transcendent realm!

There is only one foot left to reach the true transcendent realm.

At this time, Ye Feng's aura was simply terrifying to the extreme.

The successive wars allowed Ye Feng to achieve huge breakthroughs and improvements in his cultivation in a short period of time.

Not far away, King Lanling, the general of the Thunder Sword Dynasty who wielded troops like a god, was stunned by Ye Feng's breakthrough in cultivation.

Because he suddenly discovered that Ye Feng had released several powerful auras in succession.

They all have the momentum of a breakthrough!

But King Lanling did not see any cultivation behavior by Ye Feng.

This left King Lanling puzzled as to how Ye Feng made a breakthrough.

So at this moment, King Lanling was extremely curious about Ye Feng.

At this time, many human soldiers were already cleaning up on the battlefield.

At this time, Ye Feng walked towards the direction where Xuan Wuji and King Lanling were standing.

Xuan Wuji immediately smiled and said to Ye Feng: "Brother Ye, that battle just now was really awesome. You

The big thunder tower that was released should be the inheritance you got from the previous giant tower. "

Ye Feng smiled and said: "Yes, that is the ultimate inheritance of the Great Thunder Sound Temple, but it requires someone with a very strong soul to practice it. I guess Brother Xuan will not be able to practice it."

"It doesn't matter. I have the inheritance of Xuanwu bloodline."

Xuan Wuji smiled, and then said to Ye Feng: "Brother Ye, let me introduce someone to you. This person is King Lanling of the Thunder Sword Dynasty. He is a great general who uses troops like a god. He is very powerful and famous among the ten major dynasties. I thought that this time we would meet by chance. "

Ye Feng looked at King Lanling at this time. The other person was a very heroic young man wearing silver armor.

King Lanling immediately smiled and said to Ye Feng: "This brother Ye Feng is really a peerless genius. His fighting power is so amazing. It is beyond my imagination. I guess even the most powerful person in the Northern Immortal Palace is Many geniuses are not as good as Brother Ye Feng."

Ye Feng smiled and said: "His Excellency King Lanling is ridiculous. By the way, before, His Excellency King Lanling said that if our Xuanwu Dynasty army helps you break through the stronghold of this blood-sucking demon tribe, then he will share a huge fortune with us. The secret, what is this big secret, I am very curious. "

Just hearing what Ye Feng said, Xuan Wuji immediately slapped his thigh and said, "Yeah, I almost forgot about it."

At this time, both of their curious eyes were fixed on King Lanling in front of them.

When King Lanling heard Ye Feng's question, his expression immediately became serious and he said: "This is a big secret about our Lei Jian Dynasty royal family. It should not be open to outsiders in the first place, but you guys helped us break it." We defeated this demon stronghold, and Brother Ye Feng saved the lives of so many of our Thunder Sword Dynasty troops, so it's only right that I share this secret with you two."

Chapter 2296 Place of Origin

At this time, Ye Feng and Xuan Wuji both had a hint of curiosity in their eyes when they heard King Lanling speak so solemnly and solemnly.

They were very curious about what the big secret related to the Thunder Sword Dynasty royal family was, and why it appeared in this vampire demon clan's stronghold.

At this moment, King Lanling saw the curious eyes of the two people, and immediately walked towards the northwest direction of the vampire demon stronghold, and said loudly: "Do you know the origin of our Thunder Sword Dynasty?"

Xuan Wuji thought for a moment and said aloud: "I have heard a little bit about this. It is said that your Thunder Sword Dynasty originated from an extremely powerful Thunder God Crocodile. It is said that the Thunder God God Crocodile was an extremely powerful divine beast from the ancient times. , almost as good as the Xuanwu Holy Spirit of our Xuanwu Dynasty, extremely ancient and powerful."

King Lanling nodded, with a trace of longing in his eyes, and said loudly: "Yes, the origin of our Thunder Sword Dynasty does come from a powerful ancient beast, the Thunder God Crocodile. What I said The big secret about our Thunder Sword Dynasty royal family is about the Thunder Divine Crocodile."

At this time, King Lanling said, looking at the surrounding vampire demon poles that had been captured, and said aloud: "Do you know what is hidden in the deepest part of this demon pole? Our thunder sword is hidden there. The origin of the dynasty, the entrance to the habitat of the Thunder God Crocodile! "

"What?"

Hearing what King Lanling said, Ye Feng and Xuan Wuji, who were following him, both had a hint of surprise in their eyes.

They never thought that the entrance to the habitat of the extremely powerful Thunder God Crocodile would be hidden in the area of this demon stronghold.

No wonder the Thunder Sword Dynasty army attacked so fiercely, even trying to capture this demon stronghold at any cost.

It turns out that the origin of their Thunder Sword Dynasty royal family is in this stronghold of the blood-sucking demon clan.

At this time, Xuan Wuji's eyes were full of curiosity, staring at King Lanling beside him, and said loudly: "By the way, how do you know that the place of origin is in the stronghold?"

King Lanling said with a smile: "I have been plotting the origin of the ancestors of our Thunder Sword Dynasty for many years. Over the years, I have been reading various ancient books, and faced various strange people and strange things to investigate, and searched for us all over the

world. The news about the origin of the Thunder Sword Dynasty was finally discovered by me when the vampire demons were in turmoil."

Hearing what King Lanling said at this time, Xuan Wuji couldn't help but said: "Then do you want to inform the royal family of your Thunder Sword Dynasty now?"

"Need not."

A trace of ambition suddenly appeared in King Lanling's eyes, and he said aloud: "Originally, I wanted to have this place of origin exclusively, but now both of them have become my good friends, and they saved me from the danger of fire and water. , I am willing to share it with you two, and others should not interfere, let alone the other royal members of our Thunder Sword Dynasty, because I have been a prince for too long, and they have all forgotten that I was a prince back then. Prince, if I want to enter the place of origin, I want to seize the resources and become a more powerful being. In this case, returning to the Thunder Sword Dynasty may allow me to seize the throne of the Emperor of the Thunder Sword Dynasty. "

Hearing King Lanling speak out his ambitions without concealing it, Ye Feng and Xuan Wuji looked at each other, both of them

I saw the surprise in the other person's eyes.

At this moment, Xuan Wuji couldn't help but said: "It turns out that Prince Lanling is so ambitious, but if you are not ambitious, you will not be friends with us. The same is true for Brother Ye and me."

At this time, Ye Feng smiled and said: "Your Excellency, Prince Lanling, you said these words directly to the two of us, do you have such trust in us?"

King Lanling looked at Ye Feng with extremely solemn eyes and said loudly: "Because I can see that both of you are rare talents, so I am willing to become best friends with you two, so that we can be together in the future." help each other."

Ye Feng smiled and said: "You should talk to Brother Xuan about this. I'm not too interested in this, because what I want is to continuously improve my cultivation strength, and finally be able to enter the center of the God Realm, where , there is someone I have to find."

King Lanling's eyes revealed a sigh of relief, and he said aloud: "It turns out that Brother Ye Feng's real goal is the vast place in the center of the God Realm. No wonder Brother Ye Feng is so talented. Those who have great ambitions naturally have very high requirements for themselves. Only by working harder and harder can we achieve what we have today."

Ye Feng smiled and said: "No more gossip, let's hurry up and find the origin of the Thunder God Crocodile you mentioned. Maybe we can all get some amazing opportunities from it."

King Lanling said: "Okay, let me investigate."

King Lanling was willing to take the two of them, in addition to being saved by the two, there was another important reason, that is, he saw Ye Feng's powerful cultivation and power.

If he enters the place where the Thunder God Crocodile originated, maybe Ye Feng's powerful combat power can protect him.

Although the origin of the Thunder God Crocodile is the ancestor of the royal family of the Thunder Sword Dynasty, but now so many years have passed, it is not known what changes have occurred in the place of origin. There may be extremely dangerous things, so King Lanling It's definitely not possible to rely on oneself. It happened that he met two powerful peerless geniuses, Ye Feng and Xuan Wuji, and he just happened to pull them in together, so that they could help each other and achieve each other's achievements.

This person whom King Lanling knew would not refuse, because no matter how great the danger, anyone would go crazy for such a great opportunity.

After all, that is the habitat of the legendary ancient beast, the Thunder God Crocodile!

It is the origin of the entire Thunder Sword Dynasty royal bloodline!

It definitely contains a great secret and a great opportunity!

At this time, King Lanling suddenly cut one of his fingers, then forced out a drop of blood, and began to perform a very ancient blood-finding technique.

"Buzz!"

And almost at the next moment, the drop of blood forced out by King Lanling turned into a bloody light and flew towards a certain direction at the extreme of this blood-sucking demon clan.

"Let's go! Let's go together!"

King Lanling instantly flew in the direction pointed by that drop of blood.

At this time, Xuan Wuji and Ye Feng ordered the human army behind them to rest in place, and then quickly followed the Lanling Dynasty and flew away in the distance.

They are naturally very interested in the origin of the Thunder Sword Dynasty, so they are looking forward to it at this time. At this time, Ye Feng and Xuan Wuji both had a hint of curiosity in their eyes when they heard King Lanling speak so solemnly and solemnly.

They are naturally very interested in the origin of the Thunder Sword Dynasty, so they are looking forward to it at this time.

Chapter 2297 Primordial World

The three people were very fast, and in a blink of an eye they caught up with the final landing place of the drop of blood.

That drop of blood finally dripped on an ancient stone tablet.

This stone tablet stands on a cliff in the deepest part of the demon stronghold.

At this moment, King Lanling saw the ancient stone tablet, and his eyes suddenly showed deep excitement. He couldn't help but said: "That's the stone tablet! It's exactly the same as what was recorded in the ancient books! It's the same. The origin of our Thunder Sword Dynasty's royal bloodline!"

Uh-huh!

At this time, King Lanling rushed forward in an instant and stretched out his hand directly to press on the ancient stone tablet.

"Rumble..."

Almost at the next moment, it seemed that the blood of the descendants was sensed. Around the stone tablet, the entire cliff split on both sides, revealing a huge passage in the middle.

That passage leads to the depths of the mountain, and seems to lead to another dimension of space. It looks very shocking, and it also exudes an ancient aura that does not belong to this era.

"I guess the place of origin that this passage leads to is a very ancient place. I feel a sense of wilderness." ??

At this moment, Ye Feng said this to Xuan Wuji beside him.

Xuan Wuji nodded and said aloud: "In any case, although we are already here, I don't care what dangers there are, we still have to go in and take a look. If we get some luck, we will be prosperous, and Brother Ye You need this ancient chance to enhance your strength now."

Xuan Wuji has been with Ye Feng for so long, and he knows that Ye Feng has always had a huge sense of crisis and urgency, and wants to increase his strength as much as possible and go to the center of the God Realm.

So at this time, Xuan Wuji and Ye Feng immediately walked into the passage.

King Lanling said aloud at this time: "The place leading to it is a

This must be the origin of our Thunder Sword Dynasty. Let's hurry in and take a look. "

"OK!"

Ye Feng and Xuan Wuji both nodded.

The three people were walking toward the deepest part of the cracked passage in the middle of the cliff.

Soon they passed through the entire long passage.

What was then revealed in front of them shocked the three of them to the extreme.

At this moment, what is connected at the end of this passage is an ancient world with a very ancient and prehistoric atmosphere.

The land is vast, with countless trees towering into the clouds, and ancient beasts looming in the mountains. The roars of the beasts echo through the sky, looking very ancient and terrifying.

"Could this be a complete prehistoric world?"

At this moment, Xuan Wuji couldn't help but said: "Brother Ye, you just guessed it right. This is indeed a well-preserved ancient and wild world, full of the kind of ancient wild things recorded in ancient books. The breath of desolation."

King Lanling was also a little shocked at this time and said: "That's right! The place where our Thunder Sword Dynasty originated is the place where the Thunder God Crocodile lives. The Thunder God Crocodile is a mythical beast from the ancient times, so he It is normal to live here. This passage is probably a time and space passage. We have traveled through time and space and come to an ancient world. "

When Ye Feng heard what King Lanling said, his eyes flashed slightly and he couldn't help but said: "Let's go into it and explore it first. The ancient prehistoric world is not a joke. There are countless ancient and powerful ones. Evil beasts, even ancient mythical beasts, etc. are surrounded by dangers, so we must be careful."

"good."

Xuan Wuji and Prince Lanling couldn't help but nodded when they heard what Ye Feng said.

They knew that what Ye Feng said was right, and completely correct.

Because in this ancient prehistoric world, the earth is full of dangers. It is indeed very dangerous and one may die at any time.

But crisis often accompanies wealth.

In this ancient prehistoric world, there must be countless ancient medicinal materials growing on the earth, as well as various opportunities.

At this time, the three people were walking slowly on the land of this ancient world.

Because this world is too unfamiliar to them.

They passed through the passage of time and space and came to this ancient world of unknown time and space dimensions.

Therefore, the three of them are very vigilant at this time, because their lives may be in danger at any time.

"Look! There is a ginseng plant emitting red light there! Is this the legendary Holy Blood Ginseng!"

At this time, King Lanling suddenly saw a ginseng emitting red light, and his face immediately showed a look of surprise. He quickly flew in that direction, stretched out his hand and grabbed the holy blood ginseng. .

"Crunch, crunch..."

Suddenly at this moment, the holy blood ginseng was captured and suddenly turned into small fireflies. In an instant, it was covered with the entire arm of King Lanling, and then the entire arm of King Lanling was covered. The flesh and blood were eaten away by the firefly-like insects in an instant, leaving only a skeleton arm.

"ah!"

King Lanling immediately screamed and felt endless pain.

Because a bloody arm was eaten directly by these red bugs, which was really terrifying.

"

This is an ancient pest! "

Ye Feng rushed over in an instant, then stretched out his hand to release his own flame, roasting the red bugs to death in an instant.

"Thank you!"

King Lanling was so frightened that he could not recover. At this moment, he immediately clasped his fists gratefully, and then used the flesh and blood resuscitation technique to regrow the flesh and blood on his arms.

However, this also consumed a lot of his strength, and the color was a bit pale.

Of course, the most serious thing about King Lanling at this time was that he was greatly frightened.

Ye Feng said aloud: "This ancient land is definitely very ancient, and it is not as simple as we imagined. The bloody ginseng just now was made up of those terrible bugs, specifically to attract other life forms to approach, and then carry out prey."

King Lanling was so frightened that his face turned pale at this moment. He couldn't help but nodded and said, "I won't dare to be impulsive next time."

Xuan Wuji seemed to have seen something at this time, and suddenly said to the two of them: "There seems to be energy fluctuations from the battle ahead. Let's go and take a look. It seems that there is the aura of our ancient human race."

"Human race?"

When Ye Feng and King Lanling heard this, there was a trace of surprise in their eyes.

This is a very ancient prehistoric world, and there are actually humans?

If there is one, it must be a very ancient ancestor of the human race.

Ye Feng immediately nodded and said: "Let's go, let me go and take a look. If it is our human race, then we can ask about the situation of this ancient world, and then secretly inquire about the Thunder God that King Lanling said Where exactly do crocodiles live?"

King Lanling nodded and said: "If we can find the habitat of our ancestor Thunder Crocodile, there must be a lot of resources buried there, which will definitely make us rich overnight."

Chapter 2298 Stone Kingdom

At this time, the three of them immediately walked in the direction Xuan Wuji said.

Soon they arrived at their destination.

This is a very dense jungle.

However, a very fierce battle was breaking out in the jungle.

A dozen human masters wearing ancient black iron armor were fighting a huge ancient evil beast.

This evil beast is a lion-like evil beast covered with red scales.

This is a powerful evil beast that Ye Feng and the others have never seen before. .??.

But it's normal.

After all, this is an extremely ancient world.

Therefore, the creatures here must be products of a very ancient era.

at this time.

"Roar!!"

The lion with red scales all over its body suddenly roared, opened its mouth, and spit out a large amount of terrifying flames, instantly covering the dozen human beings wearing black iron armor. The soldiers were enveloped in endless flames.

The aura exuding from this crimson scale lion beast is very powerful.

But I don't know what the specific realm is.

Because the realm of cultivation in this ancient prehistoric land is probably different from the realm where Ye Feng and the others came from.

The three of them could only judge based on the strength of the life fluctuations. The strength of this evil beast was estimated to be around the third level of the Transcendent Realm.

It has to be said that the level of combat power in this ancient world must be very high.

A random evil beast in the wild jungle is so powerful.

It can be seen from this that the creatures on this ancient land must be very powerful.

"withstand!"

At this time, the dozen human warriors wearing black iron armor in the jungle instantly raised the huge square shields in their hands to defend the front.

Buzz!

At this moment, the terrifying flames burned the black iron shields in their hands red.

"Oops! The attack of this flaming lion is too fierce, and it can also spit out flames and use the power of elemental flames. I'm afraid we can't resist it."

At this time, a dozen human warriors wearing black iron armor had ugly looks in their eyes.

"Let's come to the rescue."

At this moment, Ye Feng and the other two people instantly emerged from the surrounding jungle and stood in front of a dozen human warriors wearing black iron armor.

"You are?"

More than a dozen black iron armored warriors suddenly stared blankly, as if they did not expect that in such a remote primitive jungle, three young people from the human race who did not seem to be from their stone country would suddenly appear.

"We are here to rescue you."

At this time, Ye Feng suddenly smiled lightly and said, "You can stand towards the back now."

A human warrior in black iron armor immediately couldn't help but said: "Little brother, you must be careful. This flaming lion is not an ordinary jungle beast, but an existence that can condense the power of the fire element of heaven and earth. It is very danger."

At this time, Ye Feng smiled lightly and said, "Don't worry, it's just a small evil beast, it's nothing."

Uh-huh!

After the words fell, Ye Feng instantly walked towards the flaming lion not far away.

"Roar!!"

Almost at this moment, the flaming lion immediately let out a terrifying roar.

"Boom!!"

A very destructive flame frenzy immediately erupted from this

The bloody mouth of the flaming lion erupted, causing the entire void to burn and tremble violently.

Obviously, this kind of elemental flame is very terrifying, with extremely powerful destructive and burning power.

"boom!"

Almost at this moment, the endless crimson flames hit Ye Feng in an instant.

"Little brother, be careful!"

Seeing this scene, the dozen black iron armored human warriors couldn't help but exclaimed.

"Buzz!"

But the next moment, what shocked them was.

Ye Feng just stretched out a hand, and instantly his hand turned into a big hand of chaos, full of unparalleled heaviness and pressure.

"Boom!"

The endless flames sprayed out by the flame lion were instantly suppressed by Ye Feng's big chaotic hand.

The flames that could burn the black iron shield red could not burn Ye Feng's big chaotic hand at this moment.

"boom!!"

The huge hand of chaos suppressed it in the air, and suddenly hit the flaming lion hard.

"howl!!"

The fiery lion, which was originally extremely ferocious, screamed in agony and was directly beaten into bloody pieces by the big hand of chaos. They were scattered on the ground. The scene looked very bloody.

"So powerful!!"

At this time, the dozen black iron armored human warriors who saw this scene immediately showed deep surprise in their eyes.

They never thought that in this deserted jungle, they would be so lucky to meet such a powerful young man.

Moreover, this young man in white looks ordinary.

Unsurprisingly, I didn't expect the combat power to be so powerful, it was simply shocking.

"Could he be the heir of a powerful prince?"

At this moment, a group of more than a dozen human warriors could not help but secretly speculate.

And this time.

Ye Feng just opened his mouth and sucked in, and immediately swallowed up all the blood and energy of this dead flame lion.

"boom!"

Although Ye Feng's cultivation level did not break through all at once, his skill improved a lot in an instant.

At this time, Ye Feng turned around and looked at the dozen black iron armored warriors with surprised faces not far away, and said loudly: "By the way, I still don't know where you are from? The three of us come from a very hidden place in the wilderness. The village is isolated from the world. Now that we have succeeded in cultivation, we have come out to explore, but we are already very unfamiliar with the situation outside this land, so this time we happened to meet people of the same clan and wanted to ask about what we are doing now. The situation outside."

After Ye Feng finished speaking, Xuan Wuji and King Lanling stood silently behind Ye Feng, obviously taking the lead with Ye Feng.

In this case, it is obvious that Ye Feng's experience is much higher than that of the commanders of the two dynasties.

At this time, when the dozen black iron armored warriors heard what Ye Feng said, their expressions suddenly showed a trace of surprise.

No wonder they felt that the clothes worn by Ye Feng and the others were different from what they had seen before. They seemed to be different. It turned out that these three young people came from some hidden families in the depths of the wilderness. This was also It explains that Ye Feng's combat power is so powerful that it is beyond ordinary people.

At this time, a man in black iron armor who seemed to be the leader spoke up and said: "We are a group of wandering warriors gathered together. We usually live in a powerful and ancient human country around this wilderness, the Stone Kingdom. If the three of us are not If you don't like it, you can come back to Stone Country with us, and I will introduce you to the surrounding customs."

Chapter 2299 Cave Exploration

"Shi Guo?"

After hearing what the man in black iron armor said, Ye Feng, Xuan Wuji and King Lanling behind him looked at each other.

Then Ye Feng looked at the man in black iron armor in front of him, clasped his fists, and said, "It would be great if this big brother is willing to take us to the Stone Kingdom. We just lack some guides."

"it's okay no problem."

This man in black iron armor was very bold and said loudly: "By the way, the three of them are so powerful. They are all young geniuses, especially you, the little brother in white. Your combat power is simply better than what I have seen." The heirs of the powerful princes in the Stone Kingdom must be strong and powerful. I wonder if you, little brother in white, are interested in exploring a very secret cave with me before going to the Stone Kingdom. I brought my friends here with me on this trip. This area is to find the secret cave. It is said that there are many precious natural materials and treasures growing in it, and each one is priceless. "

After finishing speaking, the man in black iron armor said with a smile: "Of course, if the three little brothers don't want to, you can wait where you are. After we go to the cave to explore, we will take you out of this vast wilderness. Land, go to the powerful human country of Stone Country."

Ye Feng immediately smiled and said: "I am still very interested in the priceless hidden caves. We just happen to go together." .??.

"That's great."

At this time, I heard Ye Feng agree.

The man in black iron armor suddenly showed a hint of excitement in his eyes.

The dozen or so companions beside him all had happy expressions on their faces.

Obviously, the hidden cave they were about to explore must still contain unknown dangers.

If Ye Feng is willing to join them, the safety of their team of wandering warriors will definitely be improved a lot.

After all, everyone had seen Ye Feng's powerful fighting power just now, and he smashed an extremely ferocious flaming lion into pieces with just one slap.

It's so scary!

...

On the way, Ye Feng looked at King Lanling and Xuan Wuji and said loudly: "You should think my decision is okay? First follow this group of wandering warriors back to the Stone Kingdom. After we reach the so-called powerful human country, we will secretly Ask King Lanling where the ancestor of the Thunder Sword Dynasty, the Thunder God Crocodile, lives."

Xuan Wuji immediately patted Ye Feng on the shoulder and said with a smile: "Okay, Brother Ye is very thoughtful. He is indeed rich in experience."

King Lanling also nodded and said, "Brother Ye Feng, just listen to you."

At this time, Xuan Wuji suddenly said with some emotion: "I didn't expect that we could have such a magical experience. We actually passed through a time and space passage and came to the ancient prehistoric world. Here are the ancient human races and the ancient prehistoric land. "

At this time, King Lanling also had a look of disbelief in his eyes, and said aloud: "Yes, I estimate that I will remember this experience for a lifetime. Sure enough, the heavens and worlds are very mysterious and grand, including not only Space also includes time."

When Ye Feng heard what the two said, he immediately couldn't help but said: "Indeed, there are many wonders in the world. Each of us is actually very small. Only by becoming the master of the gods at the ultimate peak can we see through everything. Bar."

And just as the three of them were talking.

The group of black iron armored warriors leading the way stopped.

At this time they had arrived in front of a very ancient mountain.

This mountain looks like a huge war sword, reaching across the sky. It is very majestic and exudes a terrifying sharpness.

At this moment, the leading man in black iron armor spoke out: "This is the ancient cave I was talking about. I spent a lot of money to buy this disappearing cave from a black market in the Stone Kingdom."

At this time, the man in black iron armor said and led everyone directly to the foot of the mountain.

At this time, there is indeed a very deep cave entrance under the mountain.

There seemed to be a rather cold atmosphere inside.

"Will priceless treasures of heaven and earth grow in this kind of place?"

At this moment, many black iron armored warriors couldn't help but hesitate to speak out.

They don't seem to want to venture into this unknown dark cave.

At this time, the man in the black iron armor who was leading the group spoke up and said: "A few powerful brothers and I will go in first. Your cultivation base is relatively weak, so wait outside first."

"yes, Sir!"

A group of black iron armored warriors immediately clasped their fists and said loudly.

Ye Feng looked at Xuan Wuji and Prince Lanling next to him and said, "Then let's go."

"Um."

Both of them nodded.

Swish, swish, swish!

At this moment, the three of them followed the man in black iron armor and walked directly into the deep cave.

"Buzz!"

The moment they entered the cave, they immediately sensed a very cold aura coming over them, even entering their bodies through their pores.

That is

An extreme cold that seemed to freeze the whole person.

At this moment, the man in black iron armor took off his armor, took out a huge fur coat from the storage ring, and put it on his body.

He looked at Ye Feng and the others beside him, and asked aloud: "I still have some fine furs in this storage ring. Do you need them? They are very warm and can withstand the severe cold. They are all expensive to make."

At this time, Ye Feng and others shook their heads, and slightly circulated the huge blood energy in their bodies to dispel the coldness.

The man in black iron armor said with a smile: "It's good to be young, you have great firepower."

Next, the more they walked inside, the colder their bodies felt.

Even in the end, even Xuan Wuji and Prince Lanling couldn't hold on any longer, so they obediently put on the warm furs provided by the man in black iron armor to withstand the terrifying cold.

At this time, only Ye Feng's powerful Chaos Body and powerful physique did not require any measures to keep warm.

"That is....."

And when a few people reached the depths of the cave, the scene in front of them suddenly made their expressions very shocked.

They saw that in the deep area of the cave, there was a huge phoenix ice sculpture standing in the middle of the area.

"That's not an ice sculpture!"

Suddenly Ye Feng spoke up, with a hint of urgency in his tone: "I sensed a very terrifying life fluctuation! This is not an ice sculpture! It is a terrifying ice crystal phoenix that is still alive! Hurry and prepare for defense! "

boom!

And almost at the moment when Ye Feng finished speaking, the ice crystal phoenix that looked like an ice sculpture suddenly came to life, and an extremely terrifying frozen energy surged out of it, so terrifying!

Chapter 2300 Flame King

at this time.

"Rumble..."

The terrifying ice wave and blizzard appeared in the deep area of the entire cave in an instant.

All of them burst out from the body of the ice crystal phoenix, making the entire surrounding world seem to be frozen and frozen.

At this time, everyone finally understood why the entire cave was extremely cold.

It turns out that there is a very terrifying ice crystal phoenix sleeping here.

The man in the black iron armor looked very shocked at this time and said loudly: "It's so abominable! The news I bought at a huge price from the black market turned out to be wrong! There are no priceless natural materials and earthly treasures growing here at all, and It's a terrifying ancient evil beast sleeping inside that no one dares to provoke!"

At this time, Ye Feng said aloud: "Not necessarily, strange places are naturally guarded by strange beasts. Since there is such a divine ice crystal phoenix living here, there must be something extraordinary deep in this cave. , let's work together to kill this ice crystal phoenix, and then go in to find wealth."

At this moment, after Ye Feng finished speaking, he immediately shouted: "Big Thunder Sound Tower!"

boom!

Ye Feng jumped high into the sky, and instantly transformed into a huge thunder tower.

"Boom!!"

The entire Great Thunder Sound Tower was suppressed in an instant, directly bombarding the top of the ice crystal phoenix's head.

"Roar!!"

The ice crystal phoenix roared loudly, and suddenly opened its mouth and spit out a large ice storm.

"Click, click..."

The Great Thunder Sound Pagoda that Ye Feng transformed into was suddenly frozen and became an "ice tower" and lost its power.

"boom!"

Ye Feng instantly transformed from the Great Thunder Sound Tower into his own body and smashed it into pieces with one punch.

He looked up at the frozen ice and said with surprise in his eyes: "Thunder-attribute skills can't seem to cause any huge damage to this ice crystal phoenix. It seems that it can only be restrained through flames."

And just when Ye Feng was thinking secretly in his heart.

Xuan Wuji, King Lanling, and the man in black iron armor also took action at the same moment.

But before they could attack the body of the ice crystal phoenix, their bodies had been frozen by the ice storm surrounding the ice crystal phoenix. Their legs were frozen in place, unable to move at all.

"Damn it!"

At this time, the man in black iron armor couldn't help shouting: "This ice crystal phoenix cannot be resisted by human beings! This is definitely the bloodline heir of the ancient beast!"

At this time, both Xuan Wuji and King Lanling were shocked.

This ice crystal phoenix is indeed very terrifying.

They speculated that the cultivation strength of this ice crystal phoenix might be comparable to a real super-powerful person at the super-god level.

Moreover, the bloodline of this ice crystal phoenix was very advanced, and it was able to release such a terrifying ice storm, causing great trouble and harm to everyone.

"Born Flame!"

And just when several people were thinking of quitting.

Suddenly, Ye Feng, who was high in the sky, immediately released his own natal flame.

There was a "boom"!

I saw a large area of flames of different colors suddenly appearing on the surface of Ye Feng's body.

They are Dragon Spirit Holy Fire, Extreme Cold Flame, Purple Flame Divine Fire, Heavenly Karma Fire, Dragon Flame, World-Destroying Molten Flame, Golden Fire, and Heavenly Fire.

Made of fire.

Powerful flames with different attributes miraculously merged together and appeared around Ye Feng, which was amazing.

At this moment, endless flames were burning around Ye Feng, and he stepped down step by step from high altitude, like a flame king, full of infinite momentum.

"howl....."

At this time, the ice crystal phoenix suddenly let out a howling sound.

There seemed to be a kind of fear in the howl.

"This ice crystal phoenix seems to be afraid..."

At this moment, the other three people who were frozen in place couldn't help but say: "Brother Ye is really powerful. He actually has such a high-level and powerful natal flame. It seems that Brother Ye must have also had it back then. Learned the art of alchemy."

At this moment, Xuan Wuji and others couldn't help but exclaim in surprise.

Especially Xuan Wuji.

He and Ye Feng have been together for a long time.

But Ye Feng's trump cards are endless, and Xuan Wuji has not seen all of Ye Feng's trump cards with his own eyes until now.

Xuan Wuji still doesn't know what kind of powerful methods Ye Feng has.

Looking at the flame-king-like Ye Feng in the sky, Xuan Wuji knew that it was by chance that he and Ye Feng became brothers and friends, which was definitely the greatest luck in his life.

At this time, Ye Feng released his own natal flame.

His whole body was burning high in the sky like a scorching sun, filled with endless flames.

Ye Feng's flames dispersed all the cold air that invaded the surrounding area.

At this time, Ye Feng immediately headed towards the ice below.

Jing Fenghuang walked over and said slowly: "If you go against me, you will only die."

The ice crystal phoenix suddenly made a human voice, which turned out to be a woman's voice: "You disturbed my sleep first."

Ye Feng's eyes moved slightly and said: "Are you intelligent?"

"certainly."

The ice crystal phoenix spoke out: "I am a descendant of the ancient phoenix clan, so naturally I have sanity."

Ye Feng couldn't help but said in surprise: "The Phoenix clan is not synonymous with fire. This is the first time I have seen a Phoenix with ice attributes."

The Ice Crystal Phoenix snorted coldly and said: "I just had a small situation during my ninth Nirvana evolution and swallowed an Ice Soul Pearl by mistake, so I mutated from a normal one. The flame phoenix has become the ice crystal phoenix it is today."

"Ice Soul Yuanzhu?"

Ye Feng's eyes lit up and said: "Great! The Ice Soul Yuanzhu, a strange bead of heaven and earth energy, contains huge amounts of heaven and earth energy, which is of great benefit to my improvement of skills. If I kill you, I will be able to I dug out the Ice Soul Pearl from your body!"

At this time, the Ice Crystal Phoenix immediately shouted: "The flames on your body scare me. I am willing to dedicate the Ice Soul Pearl to you, but can you let me leave directly?"

At this time, Ye Feng shook his head and said loudly: "The huge blood energy and phoenix energy contained in your ice crystal phoenix body are also of great benefit to my accumulation of skills. How can I let you go!"

boom! !

Almost at the moment Ye Feng finished speaking, he instantly burst out with his infinite natal flame power.

Ye Feng's whole body turned into a sea of flames, and in an instant, he slammed down from high in the sky, directly bombarding the ice crystal phoenix.
