

Ancient 2301

Chapter 2301 Frozen World

Boom!

At this moment, all the terrifying flame attacks condensed by Ye Feng were applied to the ice crystal phoenix.

Although this ice crystal phoenix is an evil beast from a very ancient prehistoric world, it also has very noble blood in its body and possesses the energy of ice.

But Ye Feng's natal flame is equally terrifying.

So at this moment, the infinite flames poured into the body of the ice crystal phoenix.

"Crash!"

Suddenly, the ice-like scales on the ice crystal phoenix were burned and melted.

It even turned into drops of water, dripping from the body of the ice crystal phoenix to the ground.

"howl!!"

The ice crystal phoenix screamed suddenly, its whole body trembling rapidly, and tried to escape into the distance.

Uh-huh!

Ye Feng immediately chased after him.

At this time, the direction in which the ice crystal phoenix escaped was the deepest direction of the cave.

Xuan Wuji and the other three people who were frozen on the spot were also freed at this moment, and instantly rushed in the direction where the ice crystal phoenix escaped.

Soon they followed the Ice Crystal Phoenix to the deepest part of the cave.

They were immediately shocked by what they saw.

At this time, the deepest area of the cave turned out to be like a frozen world.

Countless amounts of earth and dust are all frozen in thick layers of ice.

And what shocked them the most was that each plant seemed to be a natural treasure passed down from ancient times, all of which were frozen in the deepest layer of thick ice, exuding a charming light. .

"These elixirs are all sealed in ice. It seems that they are all handed down from ancient times. They are not products of modern times at all, so they must be very precious. They have ancient times.

It was only possible to possess it, but it was sealed in ice. I don't know how long it had been sealed. Anyway, it must be very precious. "

At this moment, the man in black iron armor couldn't help but make a sound of surprise.

Xuan Wuji and Prince Lanling looked at everything in front of them with deep shock in their eyes.

In the entire frozen world here, I don't know how many elixirs that have been preserved from ancient times are frozen. They must not exist in modern times, and some have even disappeared in the long river of history, but at this time it is All frozen in the depths of this cave.

At this time, Ye Feng couldn't help but said: "No wonder that ice crystal phoenix chose to live in the depths of this small cave. I didn't expect that this deepest place would hide such an ice-covered phoenix handed down from ancient times. There are countless elixirs in this area that the ice crystal phoenix can continuously devour and evolve."

At this moment, the ice crystal phoenix has flown to the deepest part of the frozen world and is continuing to fly in a certain direction.

There is a huge ice palace in that direction, and there seems to be something inside that can protect the ice crystal phoenix.

"Otherwise we can let it enter the Ice Palace!"

At this moment, Ye Feng subconsciously felt that if this ice crystal phoenix entered the ice palace, it might cause a huge disaster.

So at this time, Ye Feng was no longer in a playful mood. Instead, he instantly unleashed his most powerful combat power, directly used the space gem to open up a space wormhole, and instantly teleported in front of the ice crystal phoenix. , and all of a sudden he struck forward with a fierce fist.

Ye Feng's chaotic body is now extremely powerful and powerful.

at this time

It was blasted out in an instant, and a terrifying force burst out.

"Boom!"

In an instant, Ye Feng's fist hit the ice crystal phoenix hard.

Even though the body of this ice crystal phoenix is extremely powerful, it is the body of an ancient alien beast.

At this moment, he was unable to withstand Ye Feng's powerful and terrifying chaos fist, and the entire Phoenix's body was shattered into pieces in one fell swoop.

The ice crystal phoenix didn't even have time to let out a scream before it was shattered by Ye Feng.

Instant death!

"Swallow!"

Almost at this moment, Ye Feng did not hesitate or waste any time, and directly stretched out his hand to release the Devouring Domain.

The extremely dark devouring realm suddenly enveloped the entire broken body of the shattered ice crystal phoenix, and then madly devoured the abundant blood and energy.

You must know that this ice crystal phoenix is an ancient beast, and it has been mutated, so the blood energy in its body is extremely powerful, and its bloodline is also very advanced.

At this time, after Ye Feng swallowed it, not only his cultivation skills were increased, but his Chaos Body bloodline was also improved.

Although the cultivation level of this ice crystal phoenix is only around the third level of the extraordinary realm.

But you must know that this is a very magical ancient beast.

The high-level blood and high-level energy contained in his body have a huge nourishing effect on Ye Feng.

In addition, there is an ice soul pearl hidden in the body of this ice crystal phoenix.

So after devouring it.

A moment of terrifying and huge energy, the next time it will cause Ye Feng's cultivation to accumulate and change.

"Boom!"

\u003e

Ye Feng's body suddenly burst out with an extremely powerful aura.

That's the momentum of a breakthrough!

At this moment, Ye Feng relied on the blood energy of the Ice Crystal Phoenix and the huge energy of heaven and earth contained in the Ice Soul Pearl.

Even the bottleneck of the half-step transcendent realm that was very difficult to break through was piled up and broken in an instant.

All of a sudden, Ye Feng's cultivation reached the first level of the real transcendent realm!

Looking at the broken figure of the Ice Crystal Phoenix, Ye Feng's eyes didn't show much pity.

Because this world of practice is originally about the survival of the fittest.

At this time, not far away, Xuan Wuji, King Lanling and the man in black iron armor were all walking towards here quickly.

At this time, they saw Ye Feng kill the Ice Crystal Phoenix in one go, and their eyes were extremely shocked.

Obviously, none of the three people expected that such a powerful ancient beast, the Ice Crystal Phoenix, would be eliminated by Ye Feng in just a few strokes.

This kind of combat power is really terrifying!

The man in black iron armor was staring at Ye Feng at this moment. He only felt that it was a very good luck to meet this young man, otherwise he might have died in this dark cave this time.

Because if a man in black iron armor enters this cave to explore alone and accidentally encounters that ice crystal phoenix, he will definitely be frozen to death.

Because this world is originally about the survival of the fittest, the strong are respected, the brave will win when they meet in a narrow road, and the weak can only be killed.

At this moment, Xuan Wuji looked at the frozen world around him and said with a smile: "Brother Ye, we have made a fortune this time. In such a large frozen area deep in the cave, under the thick ice layer, Everything sealed in the ice is a top-notch elixir that could only be grown in ancient times."

Chapter 2302 Ancient Medicinal Materials

At this time, Ye Feng looked at the entire frozen land around him, and the elixirs grown in ancient times that were frozen under the ice, and his eyes showed a trace of happiness.

For Ye Feng, ordinary elixirs have no effect anymore, because his current cultivation skills are very deep.

However, the elixirs passed down from ancient times covered in these layers of ice must contain many top-quality elixirs, which should be able to satisfy his current cultivation.

So at this time, Ye Feng and the other three people immediately started to break the ice layers and choose the elixir they needed.

At this moment, Ye Feng instantly released his powerful soul power and began to choose the elixir he needed.

Many of these ancient elixirs do not directly increase skill, but also have other effects, which Ye Feng does not need for the time being.

What he needs now is something that can quickly improve his skills, or increase the strength of his body.

Ye Feng needs these elixirs very much.

Under the rapid coverage and screening of the huge soul power, Ye Feng had smashed all the elixirs he needed out from under the ice in just half an hour.

After getting these elixirs, Ye Feng did not put them directly into his storage ring, waiting to be refined later.

Because if he does this, Ye Feng will most likely forget to refine these elixirs during his subsequent training, and he may forget them.

So the moment he got these elixirs, Ye Feng directly swallowed them one by one into his stomach, and then began to digest them directly.

"Brother Ye is really a strange person! These elixirs are all medicinal materials grown in ancient times. The medicinal power contained in each medicinal plant is very huge. If ordinary people swallow it, they may explode directly and die. Death, but Brother Ye Feng directly swallowed all the elixirs he chose. Such a huge energy may not even the descendants of those ancient beasts be able to digest and withstand the violence. The medicine is powerful, but Brother Ye Feng doesn't seem to have anything wrong with it."

At this moment, King Lanling, the commander-in-chief from the Thunder Sword Dynasty, had deep surprise in his eyes.

At this time, Xuan Wuji smiled and patted King Lanling on the shoulder, and said aloud: "As you continue to get along with Brother Ye, believe me, you will be more and more shocked, so take the elixir and refine it directly Don't make a fuss about this breakthrough, it's just commonplace for Brother Ye."

After hearing Xuan Wuji's words, Prince Lanling couldn't help but smiled bitterly, shook his head, and said loudly: "According to what you said, I am looking forward to brother Ye Feng more and more."

Xuan Wuji smiled and said: "You will know in the future. Brother Ye still has endless trump cards, which may shock us at any time. Don't make too much fuss in the future, just calm down. Brother Ye is not us. We can guess, but Brother Ye will be our best friend."

When King Lanling heard what Xuan Wuji said, he immediately nodded solemnly and said loudly: "I have indeed regarded Brother Ye Feng as my best friend, because Brother Ye Feng is so powerful and talented. Awesome, he still treats us as equals. You know, those disciples from the Northern Immortal Palace may not be as talented as Brother Ye Feng, but they think highly of themselves and look down on us, the top ten affiliated dynasties. people, so on this point I am very fond of Brother Ye Feng

of respect. "

When Xuan Wuji heard what King Lanling said, he couldn't help but nodded and said: "Brother Ye is indeed very interesting to friends. Even if Brother Ye's cultivation level is strong enough, he will not look down upon him like this." own friends."

While the two were discussing, the man in black iron armor next to him had a look of surprise in his eyes.

He heard the conversation between Xuan Wuji and Prince Lanling, and became more and more in awe of Ye Feng, a powerful young man.

At this moment, the man in black iron armor understood in his heart that among these three young people, Ye Feng was definitely the most powerful and the most worthy of awe.

At this moment, the man in black iron armor's inner impression of Ye Feng had risen a lot.

At this time, Ye Feng was not far away and had just swallowed all the medicinal materials he had selected.

These medicinal materials were all grown in ancient times, and the medicinal power in each medicinal plant is extremely rich and huge.

So at this time, the moment Ye Feng swallowed it, he immediately felt that the power in his body was rapidly growing.

If it were someone else, they might choose to refine all these medicinal materials into more stable elixirs, and then swallow them one by one to continuously improve their cultivation.

But for Ye Feng, his body is like a super melting pot, and Ye Feng's chaotic body is extremely strong, and his body and meridians are very strong, so he can withstand this violent force. The wash away of the medicine.

"Rumble..."

At this moment, if you listen carefully, you can hear that in the limbs of Ye Feng's body, the violent medicinal power formed after the digestion of the medicinal materials is roaring and roaring like a long dragon, constantly washing away Ye Feng's body. body.

Although this may cause some pain to Ye Feng, when these violent medicinal powers wash away his body, his body is rapidly becoming stronger, and Ye Feng's skill is also rapidly increasing.

At this moment, Ye Feng's cultivation level suddenly began to continuously improve and explode.

Ye Feng swallowed nearly thirty rare ancient medicinal herbs.

The medicinal power provided by these medicinal materials to Ye Feng was extremely powerful, no less than swallowing up the blood and energy of dozens of powerful men.

Therefore, Ye Feng's cultivation aura is making rapid breakthroughs at this time.

"Boom!"

The second level of the extraordinary realm!

"Boom!"

The third level of the extraordinary realm!

Finally, at this moment, Ye Feng's breakthrough in cultivation stopped.

These medicinal materials can allow his cultivation level to suddenly break through the second level and step into the third level of the extraordinary realm. It can be said that it is already very powerful and makes Ye Feng very satisfied.

After all, you must know that these are only more than 30 kinds of medicinal materials, the quantity is not large, and Ye Feng's body is still a bottomless pit. As his cultivation level continues to improve, breakthroughs become more and more difficult, and the energy required becomes more and more. It's already very good.

So at this time, Ye Feng immediately looked at the Ice Palace not far away, with a hint of expectation in his eyes, and said loudly: "The ice crystal phoenix was frantically heading towards that palace before it died. The Ice Palace flew over, so there must be something very mysterious hidden in that Ice Palace, let's go and take a look!" The Ice Palace flies over, so there must be something very mysterious hidden in that Ice Palace, let's go and take a look!"

Chapter 2303 Natal Bone

At this time, Ye Feng, together with several people, flew towards the deepest ice palace not far away.

This ice palace is the place that the ice crystal phoenix crazily wanted to fly into before it died. From this, we can guess that there must be a big secret hidden in this ice palace.

Maybe there is a huge opportunity.

So at this time, Ye Feng was still looking forward to it.

It was Ye Feng who came to the entrance of the Ice Palace with a few people and walked in directly.

After pushing open the thick ice door, everyone immediately saw the interior of a huge hall appearing in front of them.

In the center of the hall, there is an extremely huge giant body, which is covered with thick layers of ice and exudes an extremely cold air.

Obviously, the owner of this palace may be the true form of this huge giant. .???.??

Xuan Wuji couldn't help but said: "Is this the legendary Frost Giant?"

King Lanling also said aloud: "Yes, this seems to be the legendary Frost Giant. I have seen it in an extremely ancient book."

At this time, the leader of the wandering warriors, the man in black iron armor, also said in admiration: "It turns out that the deepest part is actually the palace of a frost giant. It seems that the ice crystal phoenix before is the pet beast of this frost giant. "

At this moment, Ye Feng also nodded, walked forward, and said loudly: "This frost giant has no life fluctuations in his body. He should be dead, but the ice crystal phoenix before was still desperately moving towards Flying inside, it seems that there must be other secrets hidden in this hall."

Xuan Wuji nodded and said, "Then let's look for it together and see if we can find anything good."

King Lanling and the man in black iron armor also nodded, and they spread out to explore the surroundings, hoping to find the secrets inside the ice palace.

As for Ye Feng, at this moment, he walked alone in front of the true form of the frost giant.

To others, this frost giant is of no use anymore because it is dead.

But for Ye Feng, he can make full use of the other energy contained in this frost giant's body.

At this moment, Ye Feng flew directly above the frost giant's head, and then stretched out a hand to press on the frost giant's Tianling Cap.

At this time, Ye Feng sensed that the frost giant was indeed completely dead, and all the blood in his body had been drained.

"It's a pity that all the blood and energy have been exhausted in endless years."

Ye Feng shook his head and couldn't help but fly down from above his head again.

But at this time, Emperor Chu suddenly flew out of Ye Feng's ring.

Emperor Chu looked at the frost giant in front of him and said, "Ye Feng, this frost giant is a good thing."

Ye Feng couldn't help but shook his head and said: "Don't think about it, I have just investigated and found that all the blood and energy of this frost giant has been drained away in endless years, and it has become a complete waste body, and The Frost Giant's body is not strong, and extracting attributes is of no use."

Emperor Chu said with a smile: "I know a secret, that is, the ancient frost giants all have a natal bone in their bodies. If you can dig out this natal bone and integrate it into your own body, then It allows you to have the power and talent of a frost giant, and you can even directly transform into a frost giant at the end of the battle, possessing the power of the ancient giant."

When Ye Feng heard what Emperor Chu said, he couldn't help but move his eyes and said, "Is there such a thing? Then let me take a look."

Uh-huh!

At this time, Ye Feng once again flew above the Frost Giant's head, and then stretched out his hand to directly smash the Frost Giant's Tianling Cap.

Then Ye Feng jumped directly into the body of the Frost Giant.

When Ye Feng jumped into the body of the Frost Giant, Ye Feng immediately saw that the entire body of the Frost Giant had decayed, and everything inside was empty, and even the bones inside had been broken. Come on, disintegrate and completely turn into ashes.

But at this time, Ye Feng suddenly observed something, and his eyes immediately lit up: "Sure enough, there is a bone that has not decayed yet! That must be the natal bone of this Frost Giant!"

At this moment, Ye Feng instantly grabbed the radiant bone in his hand.

This piece of bone is engraved with very complex lines, and it also exudes an extremely cold air.

Even though Ye Feng had just grabbed this natal bone, his palm quickly began to freeze and became frozen.

If it weren't for Ye Feng's body being a body of chaos, it would be impossible to withstand this extreme cold. The entire palm of his hand might have been frozen into an ice block, and the flesh, flesh and bones inside would have become necrotic.

But now Ye Feng only vibrated his palm slightly, and immediately shattered the ice on the surface.

Uh-huh!

Ye Feng instantly jumped out from the ice giant's body.

Emperor Chu outside saw the cold bone that Ye Feng grabbed in his hand, and immediately said with bright eyes: "Yes! This is the bone! This is the natal bone of the Frost Giant! If it is refined, In your own body, Ye Feng, then Ye Feng, you will have various abilities of the Frost Giant in the future. Not everyone can refine this kind of thing casually. Only a chaotic body like you, Ye Feng, can Only the power that can tolerate all attributes in the world can carry the natal bone of the Frost Giant."

At this time, Ye Feng heard what Emperor Chu said, and he was also looking forward to it. Without any hesitation, he began to refine the natal bone of the Frost Giant in his hand.

For Ye Feng, refining is very simple, that is, directly integrating this natal bone into his body.

Ye Feng instantly released the Devouring Domain and directly absorbed this natal bone into his body. Then all the secrets and essence in the natal bone began to slowly integrate into Ye Feng's entire body and bones. within.

"Buzz..."

During the entire fusion process, Ye Feng felt that his entire body was covered by a layer of cold air, and this cold air came from the inside out, making his entire soul freeze.

But Ye Feng gritted his teeth at this time and quickly forcibly fused this life bone into his body and became a part of his body! At this time, Ye Feng, together with several people, flew towards the deepest ice palace not far away.

This ice palace is the place that the ice crystal phoenix crazily wanted to fly into before it died. From this, we can guess that there must be a big secret hidden in this ice palace.

But Ye Feng gritted his teeth at this time and quickly forcibly fused this life bone into his body and became a part of his body!

Chapter 2304 Thunder Marquis Mansion

Ye Feng's process of refining the Frost Giant's natal bone went very smoothly.

Didn't encounter any great danger.

After all, the strength is there.

Moreover, Ye Feng's physique can be said to be unique.

At this moment, Ye Feng successfully refined the natal bone of the Frost Giant.

As long as he was slightly stimulated, his whole body instantly began to spread out a very cold air of ice.

And in addition, Ye Feng found that the moment he activated the Frost Giant's natal bone, his entire skin turned into ice, and his defense was strengthened a lot.

At this time, Ye Feng could still feel that if he continued to increase the power input to the ice giant's natal bone in his body, his entire body could continue to grow, and he might be able to become as huge and towering as the frost giant itself. , full of endless power.

"found it!"

Suddenly at this moment, Xuan Wuji's voice came from not far away.

Ye Feng immediately looked in that direction, but he saw that Xuan Wuji found a door that looked like gold in the deepest part of the ice palace.

At this moment, after hearing Xuan Wuji's call, several people flew over.

Several people stood in front of this golden gate.

"Behind this door may be the purpose of that ice crystal phoenix trying to fly into this ice palace."

At this time Xuan Wuji said aloud: "But I don't know how to open it."

"Let me give it a try."

Ye Feng walked up to the golden door and stretched out his hand to press on the surface of the golden door.

At this time, Ye Feng felt that since this golden gate was in the ice palace, it should require the power of the frost giant to activate it.

And now that Ye Feng has refined the Frost Giant's natal bone, he can now release the breath of ice at any time.

At this time, Ye Feng immediately activated the natal bones in his body, and then started to

Waves of the frost giant's natural cold energy emerged.

"Boom!"

And almost the moment Ye Feng released the cold energy of the frozen giant, the golden door in front of him immediately opened with a bang.

At this time, behind the golden gate, there was an extremely huge ice valley.

In this ice valley, there is a huge ancient formation, which is still emitting an icy blue light at this moment, and it looks very amazing.

"It seems that the ice crystal phoenix wanted to escape into this ice valley with a formation to avoid danger."

At this time, several people were a little stunned.

At this time, Ye Feng said aloud: "Since everything here has been explored, let's go out."

At this time, Ye Feng said, and several people present nodded and followed Ye Feng towards the outside.

When they exited the cave again, they suddenly discovered that several other black iron armored warriors waiting outside were imprisoned by a group of soldiers wearing blue armor.

The group of soldiers wearing blue armor had a very strange symbol engraved on them, which was a stone-like mark.

"These soldiers are all soldiers of the Stone Kingdom!"

At this time, the man in black iron armor who was leading him immediately couldn't help but said: "Everyone, what did these brothers of mine commit, and why are they imprisoned?"

The group of soldiers wearing blue armor immediately looked towards a certain direction not far away.

In that direction, a young man wearing a blue gown with a tall head looked over from not far away and said with a smile: "Let me introduce myself first. I am Mu, the young marquis of Leidenhou Mansion. Morning, this time I happened to be on a hunt organized by princes and nobles in the wilderness nearby. Unexpectedly, I was chasing a flaming unicorn.

, they were captured by you and even stripped of their skins. Now I will naturally arrest them. Moreover, under my severe torture, several of your comrades have been recruited. You guys are in this cave. I must have gotten a lot of good things from Zhong. Now hand them all over and spare your lives. I am really lucky. "

At this time, Mu Chen, the young prince of the Thunder and Lightning House, stared at Ye Feng and his group who had just walked out of the cave with greedy eyes.

"hateful!"

The man in black iron armor immediately showed deep anger in his eyes, and said loudly: "Young Master of the Thunder and Lightning Marquis Mansion, even if you are a nobleman of the Stone Kingdom, you cannot be so unreasonable. That flaming lion is indeed We killed him, but you, Xiaohou, did not catch the flaming lion, but you blamed us, which makes no sense at all!"

"reason?"

Mu Chen, the young marquis of the Thunder and Lightning Marquis Mansion, couldn't help but smile and said: "I am right! As the young marquis of the Thunder and Lightning Marquis Mansion, I have a noble status. Even if I directly arrest you humble wandering warriors, it will not be possible at all. There will be no consequences, so I won't say so much now, just hand over all your wealth, otherwise don't blame me for being ruthless."

At this time, Mu Chen, the young prince of the Thunder and Lightning House, was speaking, his eyes filled with deep greed and endless arrogance.

At this time, seeing that several people were still motionless, Mu Chen immediately waved his hand and said to the dozens of powerful soldiers wearing blue armor behind him: "Catch these people, they must have something..." Good thing, they have already recruited the wandering warriors who were waiting outside to be tortured. These people must have gained a lot from searching for ancient medicinal materials in this cave. "

"It's the little Marquis!"

At this time, dozens of powerful soldiers wearing blue armor, all of whom were well-trained beings from the Shi Kingdom, instantly held the war weapons in their hands and charged towards Ye Feng and others.

"Get away!"

Suddenly at this moment, Ye Feng roared loudly.

"Boom!!"

An extremely terrifying momentum immediately erupted from Ye Feng's body.

The dozens of powerful soldiers wearing blue armor who rushed over, under the impact of Ye Feng's terrifying momentum, all their armors were shattered, and then their entire bodies flew out, fiercely He fell to the ground next to the young marquis Mu Chen, wailing miserably.

"What?!"

At this moment, Mu Chen, who was so arrogant just now, his eyes were filled with deep shock and anger.

He never thought that his group of well-trained and powerful soldiers would be like paper in front of the ordinary-looking young man in white, with no ability to resist at all.

"Who is this kid?"

Mu Chen, the young prince of the Thunder and Lightning House, suddenly looked extremely frightened at this moment.

And this time.

Uh-huh!

Suddenly, a white-haired old man wearing a black robe appeared next to Mu Chen.

Mu Chen immediately couldn't help but exclaimed: "Lord Crimson Fire, it turns out you have always been by my side!"

The white-haired old man who suddenly arrived immediately spoke out: "This hunting in the wilderness, the Marquis asked me to hide beside the young master to protect him. Naturally, I will always be there."

At this time, Mu Chen, the young prince of the Thunder and Lightning House, immediately said with great surprise: "That's great! Lord Chihuo, hurry up and kill that boy in white! This boy in white is really too presumptuous. , How dare you blow away all the soldiers under my command! This is really disrespectful to our Thunderlord Mansion! We must kill this kid to scare the monkeys! We are the nobles of the high-ranking Stone Kingdom. We cannot allow these humble civilians to act arrogantly in front of us!"

Chapter 2305 Xuantian Demon Fire

At this moment, this white-haired old man seems to be called Lord Chihuo.

Obviously, this is a super master who serves the Thunder Marquis. He is the protector of Mu Chen, the young Marquis. He has always been hiding around Mu Chen.

When Mu Chen, the young prince, was in danger, Lord Crimson Fire stepped forward directly.

At this moment, Mu Chen looked at Ye Feng with an extremely greedy look in his eyes, and said loudly: "Sir Red Fire, the first one to kill was this young man in white. I looked at him Very unhappy."

At this moment, Ye Feng also sensed the cultivation aura of the Red Fire Lord, who was a powerful being in the sixth level of the Super God Realm.

It has to be said that this Red Fire Lord is an extremely powerful super strong man.

Lord Chihuo nodded to the young marquis Mu Chen and said, "Okay, young marquis!"

At this time, after the Red Fire Lord finished speaking, he looked directly at Ye Feng, who was not far away, and said: "Boy, just commit suicide."

overbearing!

Extremely domineering!

I have to say that this Red Fire Lord is very domineering.

He could tell that Ye Feng's cultivation was much lower than him.

So at this time, Lord Chihuo's attitude towards Ye Feng was simply overlooking, and it felt like a cat playing with a mouse.

At this moment, Ye Feng immediately spoke out and said: "A strong man in the super-god realm, I just came to try to see if I can beat him now."

boom!

Almost at the moment Ye Feng finished speaking.

His whole body suddenly burst out with a huge and boundless momentum!

Ye Feng has now entered the third level of the Transcendent Realm, and has many more trump cards.

Therefore, even if Ye Feng encounters a powerful being like Lord Crimson Fire, who is at the sixth level of the super-god realm, he still has the confidence to declare war directly.

At this time, Xuan Wuji, King Lanling and the man in black iron armor couldn't help but said: "Brother Ye, you must be careful, this red fire

The Venerable is very powerful and a super master. "

And this time.

Mu Chen, who was on the opposite side, immediately laughed and said, "Boy, you still dare to resist at this time? Then you will suffer endless pain and die!"

"What a boy! How dare you attack me?"

At this moment, Lord Chihuo immediately revealed a look of deep surprise in his eyes.

Then he smiled coldly and said: "Okay! Since you are so arrogant and dare to take action against an older and stronger person like me, then today I will teach you what an attitude of awe is!"

boom!

Lord Crimson Fire took action in an instant.

He stretched out one hand, and it immediately turned into a big flame hand, filled with an unparalleled majestic aura, and containing an extremely terrifying explosive energy.

"Breaking Wind Slash!"

At this moment, Ye Feng used his slashing martial arts, turning all the wind around him into wind blades, and instantly cut and bombarded the front.

"Boom!"

But the big flaming hand suddenly grabbed it, and the infinite pressure suddenly crushed all the wind blades to pieces!

It has to be said that the strength of this Red Fire Lord is indeed extremely terrifying.

A large flame hand condensed at random can directly crush all the wind blades released by Ye Feng.

"boom!"

But at this moment, Ye Feng's fist had already struck hard.

This punch burst out with extremely powerful chaos power.

"Boom!!"

An extremely terrifying energy of chaos erupted from his fist, and instantly

It was to smash that huge flame palm into pieces.

"good."

Venerable Red Fire showed a look of surprise in his eyes, then smiled indifferently and said: "But if you want to compete with me, there is still a lot to be done. After all, I just slapped you casually, while you used all your strength. "

"Flame Light Wheel!"

boom!

At this moment, Lord Crimson Fire immediately displayed a very terrifying fire-attribute martial arts inheritance.

He stretched out his hands and immediately attacked Ye Feng opposite him.

"Boom!!"

At this moment, flame haloes burst out from the hands of Lord Red Fire, forming flame haloes. In an instant, they impacted in front of Ye Feng, with extremely terrifying impact. and burning power.

"Frost Giant!"

Feeling the terrifying flames, Ye Feng no longer held back at this time.

He instantly activated the natal bone of the Frost Giant that had just been successfully refined in his body.

"Boom!"

At this moment, Ye Feng's whole body began to expand in an instant. He expanded directly on the spot and became a giant that was hundreds of thousands of meters tall and majestic. The skin all over his body turned into ice.

It really looked like an extremely terrifying ancient frost giant had appeared, giving people a very suffocating sense of vastness.

"What?"

"He turned into an ancient frost giant!"

At this moment, everyone in the Leidenhou Mansion not far away showed deep shock in their eyes.

They looked at the frost giant that suddenly turned into a majestic one, and they all felt as if they had arrived in the ancient mythical era.

"It turns out that when Brother Ye was in the ice palace before, he had invisibly obtained the inheritance of the ancient frost giants. It was really too great.

incredible. "

At this time, the three Xuan Wuji who were watching couldn't help but exclaimed.

"Boom!!"

At this moment, after Ye Feng transformed into the majestic Frost Giant, he punched forward fiercely in an instant.

On his fist, an extremely terrifying cold air was automatically blasted out. All of a sudden, all the flame halo released by the Red Fire Venerable froze, and then "click, click" shattered. Come.

"The true form of the Frost Giant?"

At this time, Venerable Crimson Fire suddenly showed a trace of surprise in his eyes, and then he couldn't help but said: "I didn't expect you to be the inheritor of the Frost Giant lineage?"

Obviously, this Red Fire Lord mistakenly thought that Ye Feng was a descendant of the Frost Giant family.

After all, no one could have imagined that the powerful skills Ye Feng cultivated could accommodate thousands of attributes and powers in the world.

Lord Crimson Fire's expression immediately became quite serious, and he sneered and said: "Since you are a frost giant, I will kill you even more, because the race I come from is not the same as the ice-type race like frost giants. , are natural enemies!"

"Come out, Xuantian Demon Fire!"

Lord Crimson Fire roared loudly, and the void behind him trembled, and in an instant, a huge flaming lotus composed of infinite flames appeared.

And in the center of the flame lotus flower, there is a demon fox whose whole body is burning with strange purple flames.

This is the most powerful trump card of Lord Red Fire. It is a very terrifying ancient natal flame, Xuantian Demon Fire!

The moment the Xuantian Demon Fire appeared, the entire world seemed to be on fire.

Even the ice film on the surface of the frost giant that Ye Feng transformed into is melting rapidly at this moment!

From this we can see how terrifying the Xuantian Demon Fire released by the Red Fire Lord is!

Chapter 2306 Deep Horror

Boom!

Boom!

At this moment, the Xuantian demon fire released from Lord Chihuo's body was extremely terrifying.

Fire lotuses that could destroy the world were formed, and they suddenly hit Ye Feng's body. ??

At this moment, Ye Feng turned into the true form of a frost giant. Under the burning of this terrifying flame, the surface of his body suddenly began to melt, and he felt exhausted.

At this time, Lord Crimson Fire saw this scene and immediately laughed out loud: "Boy, you are a little too young to fight with me. Although you have the true form of the Frost Giant and have infinite power, but I have But with the incomparably powerful natal flame, your frost giant's true body cannot resist the melting of my flame."

Ye Feng's eyes did show a cold smile at this time, and he said aloud: "Oh, really?"

Boom!

Almost as soon as Ye Feng finished speaking, an extremely powerful flame burst out from his whole body.

Ye Feng also released his own flame power.

Moreover, he also used the Ancient Burning Heaven Technique, which suddenly enveloped the Xuantian Demon Fire released by Lord Chihuo, and was rapidly absorbing the power of the Xuantian Demon Fire.

"What?!"

Lord Chihuo felt that the Xuantian Demonic Fire he had released was rapidly depleting and weakening, and his eyes suddenly revealed a look of deep horror.

Lord Crimson Fire immediately showed a look of horror on his face and said: "Who are you, kid? Why are there two completely different powers in your body? One is the ice attribute power of the ancient Frost Giant, and the other is the ice attribute power of the ancient Frost Giant. The second

kind is the terrifying power of fire. This fire power cannot even stop my Xuantian Demon Fire, and it even absorbs the origin of my Xuantian Demon Fire!"

Ye Feng laughed out loud: "There are many things you don't know."

Lord Chihuo immediately yelled: "How is this possible! How can two completely opposite origin powers appear in one person! This must be unreasonable! Because if this happens, that person will He would definitely die suddenly due to the conflict between the two powers with different attributes, but your kid is actually alive and well and can switch freely between the two powers. This is really scary! "

At this time, Lord Chihuo suddenly felt that Ye Feng, who was standing not far away, this ordinary-looking young man in white, seemed to have a terrifying identity and must come from some very terrifying force.

Only that kind of terrifying force that transcends the world can cultivate this kind of existence that is impossible to see through.

At this moment, Lord Chihuo immediately walked towards the rear, preparing to leave with Mu Chen, the young prince of the Thunder and Lightning Marquis Mansion.

But at this time, Ye Feng suddenly rose into the sky, and then landed not far away on the way back towards Lord Chihuo, blocking Lord Chihuo's way.

Ye Feng laughed loudly: "Sir Red Fire? You attacked me and are now going to leave like this? That would be looking down on me too much. Since you have offended me, you won't be able to leave!"

Lord Chihuo smiled coldly and said aloud: "I'm just worried about the power behind you. Boy, come out to hang out in the world and keep a line in your life so that we can meet each other easily in the future. If you are so arrogant, you will definitely die badly." awful."

Ye Feng laughed loudly, and then said coldly: "Then I can tell you now that there is no fear behind me as you imagined.

There are terrorist forces, so you and I can fight to the fullest! "

Boom!

After saying this, Ye Feng didn't care what the Red Fire Lord was like. He directly exploded with his powerful power and rushed towards the Red Fire Lord in front of him, with a terrifying battle surging on his body. intention and surging killing intent.

"Damn boy!"

At this moment, Lord Chihuo saw Ye Feng rushing towards him and chattering non-stop. He immediately became really angry and couldn't help but yelled: "Boy! Since you are so arrogant, then today I will I will send you to the west!"

At this moment, Lord Chihuo immediately displayed a terrifying martial arts.

"The great flaming palm!"

Lord Crimson Fire struck forward fiercely with one hand.

"Boom!!"

But a terrifying flame burst out immediately, forming a huge flaming palm, as if the wrath of God had descended, full of unparalleled destructive power.

"The Ancient Burning Heaven Technique!"

But at this time, Ye Feng used the powerful and invincible fire attribute inheritance he had obtained back then, and the fire damage caused by the Red Fire Lord to him was automatically weakened a lot.

Because the Ancient Burning Heaven Technique itself has a weak effect on fire-attribute attacks.

At this moment, Ye Feng, after weakening the opponent's attack, suddenly exploded with his most powerful inheritance power.

"Golden Sun Slash!"

Ye Feng jumped into the sky at this moment, and instantly merged with the sun in the sky, and then fiercely bombarded a terrifying golden sun sword light from the sky, full of unparalleled sharpness and The tearing feeling suddenly hit the front hard.

"Crack!"

The weakened flame palm was instantly torn into pieces by Ye Feng's Golden Sun Slash, and this terrifying sword light continued to impact, and it cut the Lord Crimson Fire fiercely in an instant. body.

"ah!!"

Along with a shrill scream, Lord Red Fire's entire body was immediately cut into two halves.

The corpse fell from the sky and fell to the ground, killing him instantly!

A generation of Red Fire Venerables died!

"What?!"

Not far away, the young Marquis Mu Chen and dozens of soldiers in blue armor from the Thunder and Lightning Marquis Mansion had their eyes filled with deep shock and fear at this moment.

Because their most powerful guardian, Lord Chihuo, died in front of them on the spot. This scene was really terrifying.

"Who is that boy in white? How could such a terrifying young man suddenly appear near our Stone Country?!"

At this moment, the eyes of the soldiers in the Leidenhou Mansion were filled with deep horror.

"Very good!"

"Brother Ye is more powerful than before!"

Xuan Wuji and the others behind him immediately cheered at this moment.

Originally, they thought that they might have a hard time escaping today if they encountered Lord Chihuo, a super master of the Thunder and Lightning House.

But I didn't expect that Ye Feng would directly kill Lord Chihuo in the end!

This kind of combat power is really terrifying to the extreme! Boom!

Boom!

At this moment, the Xuantian demon fire released from Lord Chihuo's body was extremely terrifying.

Fire lotuses that could destroy the heaven and earth were formed, and they suddenly hit Ye Feng's body.

At this moment, Lord Chihuo immediately displayed a terrifying martial art.

"Big monstrous flame palm!"

Lord Crimson Fire struck forward fiercely with one hand.

"Boom!!!"

But a terrifying flame burst out immediately, forming a huge flaming palm, as if the wrath of God had descended, full of unparalleled destructive power.

"The Ancient Burning Heaven Technique!"

But I didn't expect that Ye Feng would directly kill Lord Chihuo in the end!

This kind of combat power is really terrifying to the extreme!

Chapter 2307 Heading to Stone Country

quiet!

Deadly quiet!

No one thought that Ye Feng, a seemingly ordinary young man in white, would be so terrifying once his fighting power broke out.

Not far away, Mu Chen, the young prince of the Thunder and Lightning Marquis Mansion, and a group of soldiers from the Thunder and Lightning Marquis Mansion, were standing still because of fear. They did not dare to move for a while and were a little at a loss.

At this time, Ye Feng slowly walked to the place where Lord Red Fire died.

At this time, a small flame in the shape of a lotus was burning quietly on the body of Lord Red Fire.

Although this little lotus-shaped flame looks very small and weak, it actually emits a terrifying original energy that can burn the sky and destroy the earth.

This small flame was the Xuantian Demon Fire released by Lord Chihuo at that time!

This kind of flame is very advanced and powerful.

This can be seen from the Xuantian Demon Fire's ability to melt the true body of Ye Feng Frost Giant.

At this moment, Ye Feng stretched out his hand and touched the flame of Xuantian Demon Fire.

"The Ancient Burning Heaven Technique!"

Ye Feng instantly activated the Ancient Burning Heaven Technique, and then absorbed the small flame of Xuantian Demon Fire into his body.

If it were a normal person, it would be impossible for him to absorb such powerful Xuantian demon fire, and he would definitely be burned to death.

But this does not exist for Ye Feng.

Firstly, Ye Feng's entire body is a powerful chaotic body that can accommodate various powers with thousands of attributes. Secondly, Ye Feng has practiced the Ancient Burning Heaven Technique and can fuse various different flames together.

So at this time, Ye Feng successfully harvested another powerful flame, Xuantian Demon Fire!

At this moment, Ye Feng was integrating Jiang Xuantian's demon fire into his own natal flame.

now leaves

Feng has many natal flames, including Dragon Spirit Holy Fire, Extreme Cold Flame, Purple Flame Divine Fire, Heavenly Karmic Fire, Dragon Flame, World-Destroying Melting Flame, Golden Fire, Sky Fire, and finally the newly fused Xuantian. Demon fire.

And the moment Ye Feng integrated the Xuantian Demon Fire into his own natal flame, he immediately felt that the quality of his natal flame had been improved.

It turns out that the level of the natal fire is the third level of Dacheng.

But now with the integration of Xuantian Demon Fire, Ye Feng's natal fire has been improved again, directly evolving to the third level of perfection!

There is only one last step left to reach the fourth level.

At this moment, Ye Feng was still very happy in his heart.

Because this time, he unexpectedly gained another powerful flame.

"Swallow!"

The next moment, Ye Feng directly released the Devouring Domain, swallowing up all the skills of the Red Fire Lord on the ground.

This Lord of Red Fire is a super master of the sixth level of the Super God Realm, and can be said to be very powerful.

Therefore, the skill and blood energy gained from devouring Lord Red Fire at this time is very abundant and strong.

At this moment, Ye Feng's cultivation momentum immediately began to break through.

"Boom!"

The fourth level of the extraordinary realm!

"Boom!"

The fifth level of the extraordinary realm!

Ye Feng broke through two levels in an instant and rushed into the fifth level of the extraordinary realm.

At this time, Ye Feng could feel that his strength had suddenly increased a lot.

At this time, Ye Feng looked not far away.

It was discovered that Xuan Wuji and the others had already controlled Mu Chen, the young prince of the Thunder and Lightning House.

Xuan Wuji looked at Ye Feng and asked aloud: "How should we deal with this young prince?"

Ye Feng said aloud: "This little Marquis wanted to rob us of our treasures and wealth as soon as he came up, so it's better to kill this kind of person directly to avoid any future troubles. After all, I have already killed the Red Fire Lord of Thunder Marquis Mansion. Kill them all, don't care if one more is killed, kill them all."

"No!"

Mu Chen, the young prince of the Thunder and Lightning Marquis Mansion, immediately yelled in horror.

Poof!

But before the young prince finished speaking, a long knife appeared in Xuan Wuji's hand, and instantly cut off the young prince's head.

The young Marquis died instantly and on the spot.

A group of dozens of other soldiers from the Thunder and Lightning Marquis Mansion were killed one after another by the attacks of King Lanling and the man in black iron armor.

Ye Feng is too lazy to devour these people. Their cultivation is too weak. Even if they devour them, they will have no effect at all.

It's like adding a few drops of water to a vast ocean.

Also a waste of time.

At this moment, Ye Feng immediately knelt down and took out the Little Marquis's storage ring from the Thunder and Lightning Marquis' Mansion.

At this time, Ye Feng's Shen Nian investigated and found that there were still many good things in the storage ring of the young Marquis.

It seems that this stone country is still very powerful. The heir of a prince is actually protected by a super master of the sixth level of the super god realm like Lord Crimson Fire.

The background is absolutely very profound.

At this time, the man in black iron armor suddenly spoke: "Brothers, let's

After killing these important figures in the Leidenhou Mansion like this, I guess there will definitely be a lot of trouble when we get to Shi Kingdom. Of course, it doesn't matter as long as we are not recognized. "

Xuan Wuji said aloud: "We killed these people in this wilderness, who knew we were the ones who killed them?"

The man in black iron armor smiled bitterly and shook his head and said: "The methods of these princes are very mysterious. If their heirs are killed, they will definitely ask the high priest of the Stone Kingdom to divine who killed them. The high priest of the Stone Kingdom can simplify Show the face of the murderer."

At this moment, Ye Feng looked at the man in black iron armor and said loudly: "We won't stay too long when we go to Stone Kingdom this time. As long as we pay a little attention to hiding, there will be no problem. And when we come here this time, actually It's to find a piece of news."

The man in black iron armor said, "Oh? What's the news? If I know, I will definitely tell you."

Ye Feng glanced at King Lanling, and then said slowly: "We came to this wilderness this time to find the habitat of the legendary Thunder Crocodile, a mythical beast from ancient times. "

"Thunder Crocodile?"

When the man in black iron armor heard what Ye Feng said, his eyes suddenly showed a hint of confusion, and he said loudly: "I really haven't heard of this. It seems that we still have to go back to Stone Country and go to the black market to inquire. This news."

Ye Feng nodded and said: "If there is news on the black market, that would be great. We don't need to expose ourselves, we can just go directly to the black market to buy the news."

At this time, the man in black iron armor said: "But this Thunder God Crocodile is an ancient beast. I estimate that it will cost a lot to buy this kind of information. I don't even know if it is possible on the black market."

Ye Feng said: "No matter what, you can take us to Stone Country first."

Chapter 2308 Black Market Hall

Next, under the leadership of this man in black iron armor, several people quickly left the wilderness area and came to the Stone Kingdom outside the wilderness.

The Stone Country is a very powerful ancient human country near the wilderness.

Arriving outside the ancient city of Stone Kingdom, Ye Feng used the Divine Eye of Creation and could immediately see that in the most central area of Stone Kingdom, there was a pillar of energy and blood that ordinary people could not see, full of endless vastness and masculinity. , penetrating the sky, looking extremely shocking.

That should be the blood of the Human Emperor of the Stone Kingdom. It is extremely huge and gives people a feeling of vastness and endlessness.

At this time, the man in black iron armor reminded: "Everyone, since we have set foot in the territory of the Stone Kingdom, we cannot kill randomly in the wilderness, otherwise we will definitely be directly arrested and killed by the Emperor of the Stone Kingdom."

Ye Feng nodded and said with a smile: "To be able to establish such a human nation with strict laws in such a chaotic wilderness area, the Human Emperor of the Stone Kingdom must be very amazing and talented. He is a person with great power. A man of ability."

Hearing this, the man in black iron armor revealed a trace of admiration in his eyes, and said loudly: "The Human Emperor of the Stone Kingdom is very famous in this vast wilderness area and is the idol of many human beings."

At this time, Xuan Wuji and Prince Lanling, who were standing aside, both had a slight twinkle in their eyes.

For outsiders like them, it is not a good thing to have such a powerful Shiguo Renhuang.

Because they originally did not belong to this ancient world.

It came from the divine realm outside.

If the powerful Human Emperor of the Stone Kingdom knew their identities, they might be in a lot of trouble.

Thinking of this, Xuan Wuji took the initiative to speak to the man in black iron armor and said: "Take us to the black market first to see if we can buy the information about the Thunder God Crocodile. If we can't buy it, we have to find another way to find it."

Entering this ancient world this time, the main purpose of the three people is naturally to find the origin of the Thunder Sword Dynasty, which is also the habitat of the Thunder God Crocodile.

The three of them are extremely eager and looking forward to the habitat of the Thunder God Crocodile.

Because there may be very rich ancient resources hidden there, which can greatly transform their cultivation and strength.

"Okay, I'll take you to the black market."

At this time, the man in black iron armor nodded immediately and led the three people around the ancient city of Shiguo. Finally, they walked to an alley in a street and turned into a small secret door.

This secret door is very small.

But after entering, the vision of several people suddenly became clear.

Inside the secret door, a huge underground space was built.

It's like a giant underground city.

It looks extremely majestic and vast.

Throughout the underground city, there were many people coming and going.

However, most of them are wearing masks or wearing a face scarf, so that no one can see their faces.

Obviously, many people come to this black market because they don't want anyone to recognize their identity.

The man in black iron armor said: "This dungeon is a black market. The purchase information is in the black market hall at the bottom of the dungeon. I am going to other places in the black market to trade cultivation resources, so I won't leave for now."

Ye Feng hugged his fists and said, "Okay!"

As soon as the words fell, Ye Feng, King Lanling and Xuan Wuji immediately walked towards the lowest level of the dungeon.

This magnificent underground city has a total of nineteen floors. The space is extremely vast, and there are all kinds of cultivators around it.

There are merchants selling various special materials, there is also a colosseum, there are slaves fighting against wild beasts, and there is also a romantic gold-selling cave.

At this moment, Ye Feng and the other two people were watching and walking towards the bottom.

Soon they arrived at the bottom floor, the black market hall on the nineteenth floor underground.

There are a lot less people here.

The entire black market hall was very solemn, guarded by guards covered in black armor.

At this time, Ye Feng and the others entered the black market hall.

They came directly to the counter.

One is wearing black

The old man in colorful robes immediately spoke out: "This is the black market hall. As long as the price is given, I can sell you any information. Is there anything you need to know about?"

Ye Feng's eyes flashed slightly, and then he said aloud: "I want to find out the location of the Thunder Crocodile's habitat."

"Thunder Crocodile?"

The old man in black robe behind the counter nodded, wrote the words "Thunder God Crocodile" on a small piece of paper, and then dropped it into a groove beside him.

"Uh-huh!"

The small piece of paper immediately fell into the pipe under the groove.

The old man in black robe smiled and said to Ye Feng and the others: "You three can take a rest in this hall and wait for the final news."

Ye Feng nodded, and temporarily sat down with Xuan Wuji and Prince Lanling in the black market hall. ??

They probably waited for nearly half an hour.

The old man in black robe suddenly said: "Okay, you three can come over and negotiate the price."

"Huh? So fast?"

Ye Feng couldn't help but walked over and asked: "Is there any news about Thunder Crocodile in your black market?"

The old man in black robe smiled and nodded, with a very good service attitude, and said: "Yes, we have found information about Thunder Crocodile in the big database of the black market, but the price offered by the people in the big database is very high. I wonder if the three of you can accept it?"

"acceptable."

King Lanling spoke up at this time.

Prince Lanling was a powerful prince in the Thunder Sword Dynasty, so he was naturally worth a lot of money.

Ordinary worldly wealth is already endless for King Lanling.

At this moment, the old man in black robe immediately smiled and nodded, took out a small brocade box from the groove beside him, and said aloud: "The information about the Thunder God Crocodile has been saved in this brocade box, the big database The price offered over there is 30 million divine crystals. I wonder if anyone can accept it?"

Uh-huh!

Before Ye Feng and Xuan Wuji could speak, King Lanling flicked his finger, and a small storage ring flew directly to the counter in front of the black-robed old man.

King Lanling said aloud: "This storage ring contains 30 million divine crystals. Give me the brocade box."

The old man in black robe had a look of surprise in his eyes, as if he didn't expect that the three young men on the other side, who looked ordinary, could be so rich.

He immediately took out the storage ring that King Lanling placed on the counter. After checking it, he found that there were indeed 30 million divine crystals inside.

The old man in black robe immediately beamed with joy. This order was a large amount and he could get a lot of commission.

The old man in black robe immediately handed the brocade box to King Lanling with a smile, and then he suddenly whispered: "Thank you all for bringing me such a big deal, and I will also give you something in return, that is, I created a formation to monitor the entire black market dungeon, and I discovered that the moment the three of you entered the black market, there were several people with extraordinary skills watching you secretly. "

"Someone is watching us secretly?"

At this time, the three of them couldn't help but their eyes changed slightly.

Ye Feng's face also darkened slightly.

It doesn't matter if someone is staring at them. The main thing is that someone is staring at them, but they don't notice it.

Even with Ye Feng's powerful soul power, he didn't notice the person staring at him secretly.

It can be seen from this that Ye Feng was not even aware of how terrifying those people were.

"The person who came here is not good." Xuan Wuji said at this time.

King Lanling had a deep look in his eyes and said, "We are the ones here. I estimate that the people who are secretly watching us are probably internal experts from the Stone Kingdom."

Ye Feng nodded and said: "Anyway, let's go meet those people who are secretly watching us. Their cultivation must be much stronger than ours. They are secretly watching us but have never taken action against us. They probably have other s reason."

Xuan Wuji said: "Could he be a strong man from the Thunder and Lightning Marquis Mansion?"

Ye Feng shook his head and said: "Probably not. If it were a strong man from the Thunder and Lightning Marquis Mansion, I'm afraid he would have taken action against us long ago."

King Lanling said at this time: "Let's take a look at the contents of this brocade box first and see where the Thunder Crocodile's habitat is."

Chapter 2309 The person following

After King Lanling finished speaking, he immediately opened the brocade box in his hand.

Sealed in the brocade box is a very ancient map.

On the map, the landforms around the entire Stone Country are depicted.

On this map, there is a red mark with the words "Great Wilderness Leize" written on it.

"Dahuang Leize?"

At this time, Ye Feng stared at the map, his eyes suddenly showed a look of surprise, and said: "It seems that the Thunder God Crocodile was living in this wilderness back then, and I don't know if it is now Still not alive?"??

King Lanling immediately said with certainty: "He must be dead. It is recorded in the ancestor books of our Thunder Sword Dynasty that the Thunder God Crocodile fought with a very terrifying ancient evil beast, and both of them died together in the end."

When Xuan Wuji heard this, his eyes immediately lit up and he said: "Okay! In that case, let's go straight on the road to find the habitat of the Thunder God Crocodile and go to the Great Wilderness Lei Ze indicated on the map. "

"good."

The three of them nodded one after another and walked towards the top level of the dungeon.

After they left the black market, they just walked to the streets of Shiguo Ancient City.

Uh-huh! Uh-huh! Uh-huh!

Several figures wearing ordinary coarse linen clothes also followed from the black market.

"Huh? Where did those three young people go? Why did they disappear suddenly?"

These figures immediately couldn't help but murmur.

"We've been waiting for you for a long time."

But suddenly at this moment, the figures of Ye Feng and the others appeared directly in front of these people who were secretly following them.

With a hint of curiosity in his eyes, Ye Feng said aloud: "I can feel that you have no ill intentions towards us, but why are you following us secretly? What are your intentions?"

A man wearing coarse linen clothes immediately replied: "His Majesty the Human Emperor asked us to follow the three of them. We are all his bodyguards."

"His Majesty the Human Emperor?"

Xuan Wuji immediately couldn't help but said: "Is it the Human Emperor of the Stone Kingdom?"

King Lanling was also a little surprised and couldn't help but said: "Why would a super powerful man like the Human Emperor of the Shi Kingdom notice us three young people?"

Ye Feng stared at the following people and asked, "Tell me, why are you following us?"

The following men also looked hesitant at this time and said: "We don't know this very well. This is the decree of His Majesty the Human Emperor. His Majesty the Human Emperor wants us to follow a few of them and observe their behavior." origin."

"origin?"

Ye Feng's eyes moved.

Could it be that the Human Emperor of the Stone Kingdom already knew that the three of them came from the outside world and did not belong to the interface of this prehistoric world.

But suddenly at this time.

Buzz!

A strong golden light suddenly fell from the sky, and suddenly it condensed into a middle-aged man wearing a golden dragon robe in the middle of the two sides. His face was very majestic, and he seemed to have a sense of suffocation and the aura of a superior.

"Greetings to His Majesty the Human Emperor!"

When those who were following saw this phantom of divine light, their eyes immediately changed and they quickly knelt on the ground respectfully.

"Is this the Human Emperor of the Stone Kingdom?"

\u003e

The three of them all had surprise in their eyes at this time.

"very powerful."

Ye Feng instantly felt a very terrifying and powerful aura from the divine light in front of him.

Not to mention the true form of the Human Emperor of the Stone Kingdom.

So at this time, Ye Feng immediately said: "Does the Human Emperor have anything to do with the three of us?"

The phantom of divine light immediately smiled and said, "I don't mean any harm, I just want to have a chat with three little brothers from outside."

"Let's talk?"

Ye Feng and the other three couldn't help but look slightly surprised when they heard this.

They seemed to have never expected that the Human Emperor of the Stone Kingdom, such a majestic superior, would personally invite them to chat?

There's something strange about this.

Ye Feng asked bluntly: "Human Emperor of Shi Kingdom, you are targeting the three of us. What is your purpose? Tell us directly. We have other things to do and are quite busy."

Seeing Ye Feng's direct question, the Human Emperor of the Stone Kingdom immediately smiled dumbly and said: "Actually, it's not a big deal. I just want three outsiders to help us look at a seal deep in the Stone Kingdom. That The seal was specially designed to suppress the dark race, but now it has been loosened. Even I can't do anything about it, but the three of them are from the outside world and have extraordinary experience. Maybe they can do something about it. "

"A seal to suppress the dark race?"

At this time, Ye Feng and the other three couldn't help but have a trace of surprise in their eyes.

Because they didn't expect that the Human Emperor of the Stone Kingdom would come in person to ask for their help?

At this time Xuan Wuji and King Lanling were about to refuse, because they had nothing to do with the dark race.

But Ye Feng suddenly asked at this time: "The seal that suppresses the dark race is suppressed by the stone tablets of the ancient saints?"

When the Emperor of the Stone Kingdom heard what Ye Feng said, his eyes suddenly lit up, and he couldn't help but said: "Yes! There are stone tablets of the ancient saints, but now the stone tablets of the ancient saints have been too long, and they have been destroyed by the dark energy of the dark race. Corroded by the invasion, even though I have been using my powerful magic to strengthen the seal recently, the core of the seal is the ancient stele of saints, so I am almost powerless. "

When he said this, the Human Emperor of the Stone Kingdom immediately stared at Ye Feng among the three, and said loudly: "Little brother, you can accurately tell the situation of the dark race seal, even the ancient saints' stone tablets. Do you know that little brother has been exposed to this ancient seal of the ancient saints before? "

At this time, both Xuan Wuji and King Lanling showed a hint of surprise in their eyes, staring at Ye Feng beside them.

They obviously did not expect that Ye Feng had also come into contact with the ancient saints' seals of the ancient dark race. Speaking of them at this time, they even felt like they were a treasure.

This surprised both of them.

At this time, Ye Feng looked at the Stone Kingdom Human Emperor and said, "Let's go, I will go with you to see the seal of the dark race."

Ye Feng is still looking forward to this kind of dark race seal.

Because every time I use the gems of the gods to revive the stone tablets of the ancient saints, I can get the majestic power of the saints fed back by the saints, which can help me greatly improve my cultivation.

So when the Human Emperor of Shi Kingdom said this, Ye Feng naturally wanted to take a look.

At this time, King Lanling and Xuan Wuji could only follow Ye Feng and walked towards the Shiguo Palace in the center of the Shiguo. After King Lanling finished speaking, he immediately opened the brocade box in his hand.

So when the Human Emperor of the Shi Kingdom said this, Ye Feng naturally wanted to take a look.

King Lanling and Xuan Wuji could only follow Ye Feng towards the Shiguo Palace in the center of Shiguo.

Chapter 2310 The Human Emperor was shocked

At this moment, Ye Feng and the others were walking towards the palace.

On the way, Xuan Wuji couldn't help but asked: "Brother Ye, are you really sure that you can strengthen the seal of the dark race? This is no joke."

Ye Feng saw Xuan Wuji's worried look and couldn't help but smile and patted the other party's shoulder and said, "Don't be so nervous. When have you ever seen me do something I wasn't sure about?"

Seeing Ye Feng's confident look, Xuan Wuji could only nod his head and said, "I believe you."

Prince Lanling, who was standing on the other side, was not so nervous at this time. Instead, he was looking curiously at the palace building of this human nation in this ancient world.

Ye Feng and the others quickly entered the palace. Under the leadership of a guard, the three of them walked directly to an ancient hall.

This ancient hall stands in the deepest part of the Stone Kingdom Palace, exuding an air of vicissitudes that seems to have lasted forever.

At this moment, the guard with three people immediately said respectfully: "You three, His Majesty the Human Emperor is already waiting for you in this ancient hall."

"good."

Ye Feng nodded and walked into the ancient hall with Xuan Wuji and Prince Lanling.

The moment they entered the ancient hall, the three of them immediately saw a majestic middle-aged emperor, wearing a golden dragon robe and looking majestic, standing in the middle area of the ancient hall.

At this time, the ground of the entire hall actually had black lines, which were densely packed and seemed to give people a feeling of trypophobia.

A huge ancient stone tablet rests on the ground in the middle of the hall.

But at this moment, that ancient stone tablet was exuding a very evil dark energy.

Faintly, the painful roars of the ancient saints could be heard from the stone tablet.

Their will has been corrupted by the dark race.

At this time, the middle-aged emperor was naturally the Human Emperor of the Stone Kingdom.

He turned around and looked at the three young people walking towards the entrance of the hall, especially Ye Feng among the three, and said with a smile: "Brother Ye Feng, on the streets of the Imperial City before, you and I The clone said that you can re-strengthen this seal, is that true? "

Ye Feng walked towards the Human Emperor of the Stone Kingdom and said with a smile: "Since I have said it and I came directly in person, it is naturally true."

Upon hearing this, the Human Emperor of the Shi Kingdom immediately showed a look of expectation in his eyes.

These days, he is really disturbed by this loose seal of the dark race.

If this dark race seal can no longer be reinforced, perhaps the entire Stone Kingdom will have to relocate.

But that will be a very difficult and vast project for everyone in the Stone Kingdom.

So this time the Human Emperor of the Stone Kingdom happened to sense the aura of outsiders, and suddenly an idea came to his mind. Maybe these outsiders could find a way to strengthen the seal.

That's why the Human Emperor of the Stone Kingdom sent people to follow Ye Feng and the others, hoping to observe whether the three of them were extraordinary people. If they were just ordinary mortals, then the Human Emperor of the Stone Kingdom would not bother to invite them.

However, the three of them discovered the tracking masters he sent, which made the Emperor of the Shi Kingdom look at him with admiration.

At this moment, the Emperor of the Stone Kingdom took Ye Feng to the stone tablet in the middle of the hall, and said with a headache: "The ancestors of our Stone Kingdom were the ancient people in the stone tablet who used their will to seal the dark race. one of the saints

The responsibility of our Stone Kingdom from generation to generation is to guard this seal and prevent the dark race under this hall from escaping. But for some reason, in recent times, the seal has been loosened and the power of the dark race has become stronger and stronger. "

Ye Feng said aloud: "Let's strengthen the seal first."

The Emperor of the Stone Kingdom couldn't help but ask: "How to reinforce it? Little brother, just tell me what materials you need."

"Nothing is needed."

Ye Feng smiled casually, and then walked directly towards the decayed ancient stele of saints.

"be careful!"

The Human Emperor of the Stone Kingdom immediately couldn't help but exclaimed: "This ancient stone tablet has been corrupted by darkness and evil. If you approach it rashly, you may be attacked by the dark power."

boom!

The mouth of the Human Emperor of the Stone Kingdom seemed to have been opened.

Sure enough, at this moment, a large area of dark evil demonic energy rushed out from the black lines around the stone tablet, and suddenly turned into an evil beast composed of black demonic energy, opening its evil mouth, and its mouth was full of... It was an extremely black fang, extremely ferocious, and it instantly charged towards Ye Feng.

"Back off!"

But suddenly at this moment, Ye Feng suddenly shouted.

With this drink, the gap between Ye Feng's brows opened, and his sinful eyes were revealed.

The majesty of the Dark Emperor flashed in Ye Feng's eyes.

"Wow!"

And almost at the next moment, the ferocious evil beast condensed from the black demonic energy that had been showing its teeth and claws just now was so frightened that it instantly fell back, lying directly on the ground, trembling, and bowed its head to Ye Feng, even its head. Don't dare to lift it up.

"What?!"

The Human Emperor of Shi Kingdom, who was about to come to the rescue, immediately froze in shock when he saw this scene, his eyes filled with an incredible look.

Everyone can see that the dark demon is condensed from the extremely pure demonic energy of the dark demon clan, and represents endless darkness and evil.

But at this time, Ye Feng's shout caused the vicious dark demon to lie directly on the ground, not even daring to fart.

this.....

It's incredible!

The Emperor of the Stone Kingdom was stunned.

Xuan Wuji and Prince Lanling looked at each other at this moment, and both saw the amazement and smile in each other's eyes.

Sure enough, the Brother Ye they knew had always been full of trump cards, which shocked them again and again.

And just when several people behind were shocked.

Ye Feng seemed to have done a trivial thing.

He walked directly to the ancient stele of saints that had been corroded into pitch black, then stretched out his hand and pressed it on it, and began to activate the gems of the gods in his body.

Although the soul gem is now asleep.

But Ye Feng still has space gems and brute force gems on his body.

No matter what kind of gem it is, as long as it is any one of the nine gems of the gods, it contains the power and majesty of the gods, and it can reactivate the will of the ancient saints.

So almost the moment Ye Feng touched it.

A scene that shocked everyone in the hall appeared again.

I saw that Ye Feng had just pressed on the ancient stone tablet. The stone tablet was about to decay. In an instant, tens of thousands of divine lights burst out, shining brightly throughout the hall, dispelling the evil energy of the endless dark races.
