Chapter 2311 Holy Power Feeds Back

Buzz!

Infinite divine light suddenly covered Ye Feng's body.

This scene is very shocking.

When several people around saw this scene, their eyes were stunned with shock.

At this moment, it is obvious that the will of the saints in the ancient stone tablets has revived.

After all, Ye Feng has the gems of the gods in his body. The power of dominance in the gems of the gods can naturally revive the will of the saints in these stone tablets.

"Rumble..."

A steady stream of energy was instantly transmitted from the ancient stone tablet, and then poured into Ye Feng's body.

All these powers are the energy feedback generated after the will of the ancient saints was revived. .??.

These energies are all very high-level energies, and they are all ancient holy powers left behind by the ancient saints.

At this time, Ye Feng immediately felt that his skill was increasing rapidly.

After all, the power left by these ancient saints was fed back to Ye Feng at this time. It was naturally extremely pure and powerful, and Ye Feng's overall martial arts quality was greatly improved.

The cultivation momentum on his body immediately began to break through quickly.

"Boom!"

The sixth level of the extraordinary realm!

"Boom!"

The seventh level of the extraordinary realm!

"Boom!"

The eighth level of the extraordinary realm!

"Boom!"

The ninth level of the extraordinary realm!

"Boom!"

The tenth heavenly perfection of the extraordinary realm!

Finally, at this moment, Ye Feng's cultivation aura stopped.

At this time, Ye Feng's eyes were filled with bright light.

He just felt that his strength had improved immensely at this moment.

"This time, I didn't expect that the power of the ancient saints would be so powerful and huge. My cultivation level suddenly reached the tenth level of the transcendent realm! It was piled up! It's really great!"

At this moment, Ye Feng laughed out loud in his heart.

This time it really was not in vain.

The will of the saints in this ancient stone tablet is really huge, and the holy power it feeds back is also extremely powerful.

Suddenly at this time, Ye Feng looked not far away.

He immediately saw that the white silk threads were composed of pure holy power, suppressing all the auras of the dark races that emerged from the loose seals.

This seal of the dark race that was about to escape has been completely reinforced at this moment, and it may not be loosened for tens of millions of years.

Because now the will of the ancient saints in this stone tablet has been revived by the power of domination contained in the gems of the gods on Ye Feng's body, and it also has the aura of domination. The will of these saints will never sink. Fallen.

"It's so shocking!"

At this moment, the Human Emperor of the Stone Kingdom not far away showed deep horror in his eyes.

At this time, he never thought that the young man he met accidentally could communicate with the will of the great saints in the ancient stone tablets, and revive all their wills, and resurrected them.

Suppressed the seal.

This was something that the Human Emperor of the Shi Kingdom never thought of.

At this time, the Shiguo Human Emperor immediately walked up to Ye Feng and couldn't help but said excitedly: "Brother Ye Feng, are you the heir of a god?"

Ye Feng looked at the excited Emperor Shi and couldn't help but smile and said, "I'm just an ordinary person."

After finishing speaking, Ye Feng looked at Xuan Wuji and King Lanling not far away and said, "Let's go."

Seeing that Ye Feng was about to leave, the Emperor of the Shi Kingdom immediately pulled him and said: "This time, little brother Ye Feng has done a great favor to our Shi Kingdom. I wonder if he is interested in holding an important position in our Shi Kingdom. I can make you, little brother Ye Feng, the commander-in-chief of our Stone Kingdom."

Ye Feng smiled and shook his head and said: "Human Emperor, you also know that I come from outside this ancient world, so that is where I should go."

The Human Emperor of the Shi Kingdom couldn't help but ask: "Where does little brother Ye Feng come from?"

Ye Feng smiled and said: "The northern land of the God Realm."

"Spirit world?"

The Human Emperor of the Stone Kingdom suddenly nodded, and then said: "It turns out that it comes from the highest interface in the world, the God Realm. No wonder little brother Ye Feng has such amazing and brilliant methods. Our little fragment of the ancient world, It's probably just a subsidiary interface of the God Realm."

Hearing this, Ye Feng nodded slightly and said: "By the way, Human Emperor, we are going to the Great Wilderness Lei Ze this time. I wonder if the Human Emperor has ever heard that there is a Thunder God Crocodile living in the Great Wilderness Lei Ze?"

"Thunder Crocodile?"

The human emperor spirit of the Stone Kingdom moved slightly, nodded slightly and said: "I have indeed heard that in the Leize area of the Great Wilderness, the deepest part of the wilderness outside, there is a very ancient and powerful evil beast, which seems to be the Thunder God Crocodile, but that It all happened many years ago, and there was a battle between evil beasts in the depths of the wilderness before, resulting in heavy casualties. I went to investigate once before and found that the entire Great Wilderness was littered with the corpses of tall evil beasts. Now you are probably in a dead end."

Ye Feng nodded and said: "Since you have heard of the Human Emperor, I guess the information sold in the black market is not a lie. This time we are going to the wilderness of Leize to find the habitat of the Thunder God Crocodile. "

The Human Emperor of the Stone Kingdom couldn't help but said: "Would you like me to find you a guide? I remember that a prince of our Stone Kingdom, the Thunderbolt Marquis, once practiced on the edge of the Great Wilderness Lei Ze. He also defeated a thunder and lightning unicorn and tamed it to become his own. "He is probably very familiar with that area."

Thunderbolt Hou?

When Ye Feng heard what the Human Emperor of the Shi Kingdom said, he immediately waved his hand and said, "No, no, we can just go by ourselves. We have the map in our hands."

After saying that, Ye Feng quickly left the Stone Kingdom Palace with Prince Lanling and Xuan Wuji.

Halfway through, Xuan Wuji couldn't help but laugh out loud: "If the Human Emperor of the Stone Kingdom really orders the Thunderbolt Marquis to be our guide, then we are really on the wrong path."

King Lanling couldn't help but smiled bitterly and shook his head: "Let's hurry to the vast wilderness of Leize. We have been in this wild world for a long time, and our human army is still stationed outside the demon clan. In the stronghold, there may be other armies of blood-sucking demons coming to support us, so we have to find the habitat of the Thunder God Crocodile as soon as possible, get all the resources and leave this small world as soon as possible. "

Ye Feng nodded and said: "Okay, I hope we can win this time and successfully find the resources of the Thunder God Crocodile in Dafangleize!" Buzz!

Infinite divine light suddenly covered Ye Feng's body.

Chapter 2312 Thunder Kirin

The three of them quickly left the Shiguo Palace.

They walked out of the Stone Kingdom and re-entered the wilderness.

Following the map purchased from the black market, the three of them traveled through more than half of the wilderness area, and finally arrived at a more dangerous place in the depths.

There are all kinds of death swamps, colorful poisonous miasmas, deep mountain monster caves, etc. everywhere here.

The Great Wilderness Leize that Ye Feng and the others are going to is located in these dangerous areas of the Great Wilderness.

However, the strength of the three of them is very strong, especially Ye Feng. Now that his cultivation has been broken through, his strength is even more powerful.

Therefore, the three of them did not encounter any great dangers along the way. At noon on the third day, they finally arrived at the edge of the Great Wilderness Leize.

The Great Wilderness Lei Ze is a very large wilderness area. The ground here is extremely dry, but there are layers of thunder and lightning, which makes people look very magical.

Ordinary evil beasts simply do not dare to approach the Great Wilderness Lei Ze, because every part of the ground in the Great Wilderness Lei Ze contains very terrifying power of thunder and lightning.

If an ordinary person stepped onto the ground of Dahuang Leize, they would be instantly shocked by the thunder and lightning on the entire earth, their whole body would be scorched, and they would die instantly.

Ye Feng and the others arrived at the edge of the Great Wilderness Lei Ze, and immediately felt the majestic power of thunder and lightning, which was contained in the entire area of the Great Wilderness Lei Ze.

Xuan Wuji couldn't help but said: "The entire Great Wilderness Lei Ze feels to me like a thunder stone, containing the infinite power of thunder and lightning above the nine heavens."

King Lanling also nodded at this time and said: "I have seen in ancient books that the entire Great Wilderness Leize turned out to be a very ordinary area, and there was nothing magical about it, but because the Thunder God Crocodile survived here Over the years, it has attracted many thunders from above the nine heavens, and it can also release the power of thunder itself, so it has continuously transformed this ordinary area into a magical place like today's Great Wilderness Lei Ze, which is inaccessible to ordinary people. , I am afraid that some powerful evil beasts are unwilling to enter this wild thunder and lightning, because they may face the danger of being electrocuted by very powerful thunder and lightning at any time. "

After Ye Feng observed it for a moment, he said, "Then let's go in directly."

Xuan Wuji and King Lanling nodded somewhat, and walked into the Great Wilderness Leize area with Ye Feng.

"Tap tap tap..."

When they stepped on the area where Lei Ze was in the wilderness, they could immediately feel the numbing current deep in the ground, which was instantly transmitted from the soles of their shoes to the entire body, making the whole person feel numb. They are all a little stiff.

Ye Feng did not change at all at this moment, because his body was extremely powerful and he was not afraid of the current attacks of these thunder and lightning at all.

Even Ye Feng felt that these powerful thunder powers could help temper his body and physique.

However, Xuan Wuji and King Lanling beside him were not as capable as Ye Feng. They immediately activated their own skills and formed a protective divine light on the surface of their bodies to resist. Those grounds no longer exude the light of thunder power all the time.

The three of them all understood at this moment that the Great Wilderness Lei Ze had just entered and already had such terrifying thunder currents. They had to quickly find the place where the Thunder God Crocodile fell.

At this time, King Lanling took out a compass from the storage ring. It was the compass passed down from the ancestors of their Thunder Sword Dynasty, and was specially used to find the origin of the Thunder God Crocodile.

"and

Come with me! "

King Lanling seemed to have found the direction from the compass in his hand, and immediately flew quickly towards a certain direction in Dahuang Leize.

Even though they were flying in the sky, there were still a lot of thunder and lightning attacking them.

The three people resisted with difficulty, and followed the compass in King Lanling's hand to the deeper area of Dahuang Leize.

"Boom!"

Suddenly at this moment, a huge roar suddenly sounded in the distance.

It turned out to be a three-headed and majestic unicorn. Its body was covered with blue scales. Every surface of its body was emitting light of thunder and lightning, and it looked very magical.

"This is...thunder unicorn!"

"A special evil beast bred in the great wilderness!"

At this time, Xuan Wuji and Prince Lanling could not help but change their expressions slightly.

They never expected that before the Thunder Crocodile's habitat was found, they would encounter three extremely powerful thunder and lightning unicorns.

The cultivation auras of these three thunder and lightning unicorns have clearly surpassed the transcendent realm and are powerful evil beasts at the super-god realm!

If this powerful evil beast in the super-god realm were in the outer areas of the wilderness, it would probably be called an evil beast overlord.

But in this vast wilderness, they all seem to appear in groups, and each of them is very common.

"Rumble..."

Sure enough, the moment these three thunder and lightning unicorns appeared, a dozen more thunder and lightning unicorns came flying behind them.

However, these dozen thunder and lightning unicorns are much smaller than the first three thunder and lightning unicorns that appeared.

Obviously, the dozen or so thunder and lightning unicorns that followed were all followers. Their cultivation levels were much weaker, but they also had auras at the level of Dzogchen, the tenth level of the Transcendent Realm.

Xuan Wuji and Prince Lanling knew that they simply could not resist such an evil beast.

At this time, Ye Feng suddenly walked forward and said loudly: "You two continue to search and find the habitat of the Thunder God Crocodile. Send me a signal immediately and I will cut off the road!"

Boom!

After Ye Feng finished speaking, a powerful fighting spirit suddenly burst out from his body, and he charged directly towards the dozen thunder and lightning unicorns chasing after him.

Xuan Wuji and King Lanling both nodded immediately and continued to follow the compasses in their hands to find the specific place where the Thunder God Crocodile fell.

Both of them knew very well that instead of all three of them fighting those thunder and lightning unicorns, it would be better for Ye Feng to resist them alone. The two of them quickly searched for the specific location. If they found it, Ye Feng could rush over to meet them at any time.

As for whether Ye Feng is in danger, Xuan Wuji and King Lanling are both sure that although the dozen thunder and lightning unicorns are very powerful, they will definitely not be Ye Feng's opponent.

At this time, the two people quickly left the scene and continued to go deep into the wilderness to find the specific habitat of the Thunder God Crocodile.

At this moment, Ye Feng had already rushed in front of a dozen thunder and lightning unicorns.

The first to bear the brunt is the three most powerful super-god-level thunder and lightning unicorns!

"Roar!!"

The three largest thunder and lightning unicorns roared instantly at this moment, and thousands of thunderous lights suddenly bloomed from their bodies, directly forming a huge power grid, and

instantly enveloped Ye Feng, trying to envelop Ye Feng. Ye Feng was electrocuted to death. The three of them quickly left the Shiguo Palace.

They walked out of the Stone Kingdom and re-entered the wilderness.

At this time, King Lanling took out a compass from the storage ring. It was the compass passed down from the ancestors of their Thunder Sword Dynasty, and was specially used to find the origin of the Thunder God Crocodile.

King Lanling seemed to have found the direction from the compass in his hand, and immediately flew quickly towards a certain direction in Dahuang Leize.

Chapter 2313 Women from the Rain Country

Thunder, thunder and lightning, can be said to be the most destructive attribute in the world.

At this moment, more than a dozen thunder and lightning unicorns rushed towards Ye Feng in an instant, all emitting destructive thunder and lightning light from their bodies, forming a huge thunder grid, which suddenly enveloped Ye Feng. .

"Rumble..."

In an instant, the infinitely terrifying light of thunder struck Ye Feng hard.

Ye Feng suddenly felt an extremely terrifying pain appearing all over his body.

Although Ye Feng's current chaotic body is already very powerful, it is still very painful to face the clicks of a dozen thunder and lightning unicorns with such advanced cultivation.

However, these thunders only caused Ye Feng pain, but did not essentially damage Ye Feng's body.

After all, Ye Feng's current body can be said to be invulnerable, but invulnerability does not mean that it does not hurt. ??

"Break it open for me!"

Ye Feng roared loudly and punched the surroundings hard.

"Boom!"

In this fist, Ye Feng did not hesitate and directly integrated the power of the brute force gem.

Immediately, infinite brute force burst out from Ye Feng's fist, like a huge wave of destructive light, instantly shattering the thunder grid that enveloped Ye Feng.

"Roar!"

And at this moment, a dozen thunder and lightning unicorns suddenly rushed forward from the surroundings, with their big mouths and sharp fangs, and they all bit into Ye Feng's body.

"Clang clang clang!"

But the next moment, when the fangs of the lightning unicorn bit Ye Feng, they only pierced Ye Feng's clothes. When the fangs touched Ye Feng's skin, they felt like they had bitten a steel plate. It just made sounds like metal delivery.

"Breaking Wind Slash!"

At this moment, Ye Feng immediately released the violent wind and breathless slash, and the air around him suddenly turned into streaks.

The blade was filled with endless sharpness, and in an instant it slashed hard at the dozen thunder and lightning unicorns biting on him.

"Dang Dang Dang!"

"Dang Dang Dang!"

The blue scales on these thunder and lightning unicorns have been tempered by thunder and lightning for a long time, and are extremely strong, as if they were made of divine iron. The violent wind blade produced by the Breathless Slash can't even Cut through the scales of these lightning unicorns.

"The inheritance of Lord Panwu!"

"The fourth level, the world!"

At this moment, Ye Feng immediately released small worlds, forming a big world, and fiercely bombarded the surroundings.

"Boom!"

"Boom!"

"..."

Under the bombardment of countless small worlds in the big world, those thunder and lightning unicorns were instantly blown away.

Even though these thunder and lightning unicorns are very powerful and their bodies are very strong, they cannot withstand the power of each world.

The power of the world in the vast world is extremely heavy, enough to shatter everything.

"Big Thunder Tower!"

And then Ye Feng didn't waste any time, and didn't give these thunder and lightning unicorns a chance to breathe. He instantly released the ultimate inheritance of the Great Thunder Sound Temple.

"Boom!"

Ye Feng jumped directly to the high altitude, and then his whole body instantly turned into a huge thunder tower, which fiercely suppressed the dozen thunder and lightning unicorns below.

"Pfft!"

"Pfft!"

"..."

Under Ye Feng's successive terrifying attacks, these powerful evil beasts, thunder and lightning unicorns, were unable to withstand the terror.

With the continuous attacks, the entire body was shattered inch by inch in an instant, and was directly suppressed into pieces.

The three headed super-god-level powerful thunder and lightning unicorns were so tenacious at this time that they suddenly lifted up the big thunder tower that Ye Feng had turned into.

But Ye Feng turned into himself again at this time, and suddenly released the Golden Sun Slash.

"Boom!"

Ye Feng instantly merged with the sun above the nine heavens, and then suddenly slashed out a ray of earth-shattering blazing sword light, full of unparalleled sharpness and domineering, as if it could cut the sky and the earth, and shatter the universe.

"Crack!"

A super-god-level thunder and lightning unicorn was directly cut in half by Ye Feng's blow. The body fell to the ground and died instantly.

"Roar!!"

When the other two super-god-level thunder and lightning unicorns saw this scene, they were immediately frightened and ran away into the distance. .??.

At this time, these powerful evil beasts finally understood that the seemingly ordinary human boy in front of them was simply not something they could deal with. He was too powerful in combat.

Compared with a behemoth like the Thunder and Lightning Kirin, Ye Feng's seemingly small body actually contains tremendous power.

At this time, Ye Feng saw that the other two thunder and lightning unicorns were about to escape, and he immediately rushed forward, stretched out his two hands, and grabbed the two thunder and lightning unicorns respectively.

At this time, both thunder and lightning unicorns were almost exhausted.

Therefore, Ye Feng is now able to suppress these two thunder and lightning unicorns only by relying on his powerful Chaos Body.

"Boom!"

"Boom!"

The two hands that Ye Feng stretched out instantly turned into two big chaotic hands, and suddenly the two fleeing thunder and lightning unicorns were bombarded to the ground, making them unable to move at all.

"Swallow!!"

In an instant, Ye Feng did not hesitate and directly released the Devouring Domain, covering all the dozens of thunder and lightning unicorns present in his Dark Devouring Domain.

"Stop it!"

But at this moment, a beautiful young woman wearing a blue dress suddenly flew over not far away.

She held a long sword emitting thunder and lightning in her hand. She flew over in an instant, then looked at Ye Feng and said loudly: "You can't kill these two living thunder and lightning unicorns anymore. These unicorns are our rain." Kirin raised in captivity in China."

"Rain Country?"

Ye Feng looked at the sudden appearance of this beautiful young woman, his eyes still calm, and said loudly: "These dozen thunder and lightning unicorns want to devour me, and now they are killed by me. I don't care whether they are in captivity or not." , Anyway, now that I'm caught, I'll naturally handle it in my own way."

Boom!

The moment Ye Feng finished speaking, he directly increased the output of the Devouring Domain, sucking out all the dozens of Thunder Kirins present, including the two still alive.

All the huge bodies of the thunder and lightning unicorns instantly turned into ashes and completely disappeared.

"you.....!"

Seeing this scene, the young woman who seemed to be from the Rain Country suddenly turned extremely ugly.

At this moment, an extremely powerful energy surged through Ye Feng's body.

"Boom!"

Ye Feng's cultivation level began to explode instantly.

He directly broke through the tenth level of the extraordinary realm and stepped into the half-step of the supernatural realm!

At this moment, the woman from the Rain Kingdom who suddenly appeared saw this scene in front of her, her eyes suddenly showed a deep vigilance, and she said aloud: "Are you a member of the devil's path? You actually practice such an evil devouring method. Cultivation technique? Use the demonic energy of the lightning unicorn for your use? "Who are you?"

Chapter 2314 Big Butler

At this time, looking at the question from the woman from the Rain Country not far away, Ye Feng didn't bother to talk nonsense with her at all, and walked directly towards the depths of the deserted Lei Ze.

Seeing that Ye Feng just left like this, the beautiful face of this Rain Kingdom woman immediately showed an angry look, and she couldn't help shouting: "How dare you ignore me? I tell you. "I am the princess of the Rain Kingdom! Now, as the Princess of the Rain Kingdom, I order you to report your identity and origin to me immediately."

Uh-huh!

But what made the Princess of Rain Country dumbfounded was that not far away, Ye Feng turned around and left.

...

Ye Feng was flying towards the depths of Dahuang Leize at this time.

Soon a transmission note flew over from in front of him.

Uh-huh!

After Ye Feng stretched out his hand to take it, Xuan Wuji's voice suddenly came from the transmission note: "Brother Ye, follow this transmission note. King Lanling and I have found the habitat of the Thunder God Crocodile!"

Xuan Wuji's voice in the transmission notes also contained a hint of excitement and excitement.

Obviously, they were very happy to have found the habitat of the Thunder God Crocodile.

At this time, Ye Feng immediately released the transmission talisman.

Uh-huh!

The transmission note flew directly towards a certain direction in the distance.

Ye Feng quickly used his body skills to follow.

As for the previous Princess of Rain Kingdom, she had been forgotten by Ye Feng for a long time, and she didn't even bother to waste time talking to her.

After all, the most important thing now is to obtain the many resources in the habitat of Thunder God Crocodile.

Ye Feng's speed was very fast. In less than half an hour, he followed the transmission note and turned left and right in the area deep in the wilderness of Leize, twisting and turning, and finally arrived at his destination.

At this time, a huge mountain appeared in front of Ye Feng's eyes.

In the middle of this mountain, stands a huge portal made of gold.

At this time, the golden door has been opened.

There were two people standing at the door, none other than Xuan Wuji and Prince Lanling.

I saw Ye Feng flying over from not far away.

Xuan Wuji immediately said happily: "Brother Ye, you are finally here! Have you gotten rid of those dozen terrifying thunder and lightning unicorns?"

Ye Feng smiled and said: "I have killed them all."

"sharp!"

Xuan Wuji and King Lanling immediately gave a thumbs up.

Xuan Wuji said aloud: "During the time when Brother Ye was away, we finally found the habitat of the Thunder God Crocodile. The door has been opened by King Lanling using a bloodline technique. The two of us I've been waiting for you for a long time, let's go in quickly."

Ye Feng nodded and said: "Okay, we must be careful. Although the thunder crocodile is dead, there is no guarantee that some terrifying ferocious beast with thunder attributes will be born in its habitat. "

Xuan Wuji nodded solemnly and said: "Brother Ye, you are right. We really need to pay attention to the very dangerous existence hidden in this habitat of the Thunder God Crocodile."

King Lanling seemed a little relaxed and said: "Don't worry, our bloodline is derived from the Thunder God Crocodile, so the Thunder bloodline in me can definitely save me from danger."

Xuan Wuji patted King Lanling on the shoulder and couldn't help but said: "You are of Thunder bloodline, you are not afraid, but Brother Ye and I are not."

Ye Feng smiled slightly and said, "No matter what, it's always right to be careful."

At this time three people said

Together, they walked into the habitat of the Thunder God Crocodile behind the golden gate.

This habitat, where ancient beasts such as the Thunder Crocodile once lived, still makes people feel an unknown fear.

At this time, Ye Feng and the others were walking carefully in the habitat of the Thunder God Crocodile.

Ye Feng looked at King Lanling beside him and said, "Use your bloodline compass to explore again. Which place in this habitat has the most treasures?"

Prince Lanling nodded and said, "Okay, let me give it a try and see if it works."

At this moment, King Lanling instantly took out the compass that pointed the direction.

Uh-huh!

But just when King Lanling took out the compass, this ancient compass suddenly emitted a brilliant thunderous blue light, and instantly flew quickly in a direction not far from this habitat.

"Sure enough, there was a reaction!"

At this time, the three of them were not surprised but overjoyed. They immediately followed the compass and flew quickly towards the inner area where the Thunder God Crocodile lived.

Soon they followed the compass.

The ancient compass stopped in front of a huge castle.

This castle is actually made of crystal. It looks beautiful, very artistic and visually impactful.

Uh-huh!

At this moment, the ancient compass automatically flew to the top bell tower of the crystal castle, and then happened to be engraved in the groove on a bell tower.

"Crash..."

The next moment, the door to the Crystal Castle opened.

Buzz!

A line composed of thunder rays

The figure appeared at the door of the Crystal Castle in an instant.

This figure seemed to be an ancient thought body. At this moment, he spoke to the three people: "Let me introduce myself first. I am the chief steward of the place where Lord Thunder God Crocodile lived. There is still a thought body left behind to welcome him. The descendants of Lord Thunder God Crocodile come to accept the inheritance."

"The chief butler of Thunder Crocodile?"

At this time, after hearing what this thought body said, the three people's eyes were slightly happy.

They entered this ancient and small world, went through hardships for so long, and finally found the destination of their trip, the inheritance place of the Thunder God Crocodile.

Of course, the happiest person at this time is naturally King Lanling, the commander-in-chief of the Thunder Sword Dynasty, because he is the most orthodox inheritor of the thunder bloodline left by the Thunder God Crocodile in the world.

At this moment, King Lanling immediately clasped his fists and said: "Butler, I am the descendant of the Thunder God Crocodile, and the two people around me are my friends."

At this time, the big steward of the mind body nodded and said: "I know that you are the descendant of Lord Thunder God Crocodile. I have already sensed the breath of thunder blood in you, but then only you can enter this crystal castle. To accept the inheritance from Lord Thunder God Crocodile, your two friends cannot enter."

When King Lanling heard this, his expression suddenly changed slightly and he said, "I promised to share the blessings with them. How can I prevent them from entering now?"

The chief steward said aloud: "This is the rule."

King Lanling wanted to say something else.

But Ye Feng and Xuan Wuji laughed and said: "Go in and accept the inheritance quickly. This is your inheritance. It is enough for us to look for other ancient elixirs outside." "

Hearing what Ye Feng and Xuan Wuji said at this time, King Lanling could only nod his head and walked into the crystal castle.

Chapter 2315 Medicine Field

At this moment, Ye Feng and Xuan Wuji saw King Lanling walking into the Crystal Castle, and they immediately left the place.

Buzz!

At this time, Ye Feng exuded his huge soul power and began to explore the place where the Thunder God Crocodile once lived.

Soon Ye Feng caught some energy fluctuations, and immediately flew in a certain direction with Xuan Wuji.

They came to a mountain.

Beside this mountain, rocks emitting thunder and lightning actually grew out of the ground.

"These are thunder stones. Only the most powerful and yang power of thunder and lightning in the world can give birth to such rare stones."

After all, Xuan Wuji was the prince of the Xuanwu Dynasty and was quite knowledgeable. He immediately recognized the identities of these stones.

Xuan Wuji smiled and started mining, and said loudly: "Brother Ye, let's dig it out quickly. These thunder stones contain innate thunder and lightning power, which are of great benefit for practicing thunder attribute skills, and many weapon refiners are familiar with it." This rare thunder stone is very much desired, because this stone is the raw material for many thunder-type weapons with

astonishing destructive power. Many ordinary weapons can be refined and inlaid with a thunder stone using special refining methods. If you go up, you can instantly attach the power of thunder and explode with powerful destructive power."

Listening to what Xuan Wuji said at this moment, Ye Feng's eyes lit up and he immediately started digging and mining this thunder stone.

The two were very fast, and in a blink of an eye, they had finished mining all the thunder stones in this area.

At this time, they had already excavated the back mountain area of the mountain.

"Brother Ye, there is a medicine field there!"

At this time, Xuan Wuji suddenly looked towards a certain direction on the back hill and couldn't help but said excitedly.

Ye Feng also looked in that direction, with a hint of surprise in his eyes.

Because he did see that at the foot of the back mountain, next to a huge lake, there was actually a piece of life.

A lush medicinal field.

Uh-huh!

Uh-huh!

The two quickly flew to the foot of the mountain and came to the side of the medicine field.

In this medicine field, there are all kinds of elixirs growing, as well as spiritual trees, exuding a strong medicinal fragrance.

Obviously, this should be the medicinal field where the Thunder Crocodile was planted. It has been growing for countless years, forming the lush scene today.

At this moment, Ye Feng immediately walked to the medicine field and prepared to harvest the elixir.

At this moment, Xuan Wuji couldn't help but step forward to pick.

"Wow!"

But suddenly at this moment, a huge black dog suddenly jumped out of the jungle not far away. In an instant, he barked and uttered human words: "This is the medicine field of this dog king! You two Get out of here, kid!"

Looking at the big black dog, Xuan Wuji immediately couldn't help but said: "This is obviously the habitat of the Thunder Crocodile. This medicine field also belongs to the Thunder Crocodile. When did it belong to you, the big black dog?" Dog?"

"Big black dog?"

The big black dog immediately barked and yelled: "Young man, call me the Dog King! Or call me Your Majesty, otherwise I will teach you a lesson!"

Uh-huh!

After the big black dog finished speaking, he actually rushed towards Xuan Wuji.

"A stray dog, still alive?"

Xuan Wuji also had a bad look on his face, feeling that he was being despised by a dog. He immediately took out a red long sword from the storage ring and immediately started to kill the big black dog.

"when!"

But what shocked Xuan Wuji was that Dahei

The moment the dog's huge claws grabbed onto his crimson sword, the crimson sword was instantly broken and shattered into several broken pieces of iron.

"What?"

Xuan Wuji was a little surprised. The red long sword in his hand was casually scratched to pieces by the big black dog?

You know, this is not an ordinary long sword, but a super god-level weapon!

How strong and sharp are those dog claws?

"Hahaha!"

When the big black dog saw Xuan Wuji's surprised expression, he immediately laughed proudly and barked, "Let's see if you dare to fight me, the Dog King?"

This big black dog who calls himself the "King of Dogs" has a mysterious origin and identity. He has a dog body and is as strong as magical iron. He is very difficult to deal with.

At this moment, the big black dog bumped directly into Xuan Wuji's body, knocking Xuan Wuji away.

"I was the first to discover these medicinal fields, so they naturally belong to me, Master Gou!"

The big black dog was standing upright on the ground, guarding the medicinal field and staring.

Ye Feng helped Xuan Wuji up at this time and asked aloud: "Are you okay?"

"fine."

Xuan Wuji shook his head, then stared fiercely at the big black dog not far away, and said loudly: "Bah! I was defeated by a dog! This time when I go back, I will practice like crazy! Brother Ye, be careful about this one Big black dog, this dog is quite extraordinary and very difficult to deal with."

Ye Feng nodded slightly, then looked at the big black dog that was difficult to deal with not far away, and said loudly: "We were indeed the first to discover this medicinal field."

The big black dog stared at Ye Feng, grinned, was very humane, and said loudly: "Your aura is stronger than that kid just now, but you are still not my opponent, Master Gou. If you are not afraid of death, just give it a try. "

\u003e

When Ye Feng heard this, his eyes darkened.

A dog can be so arrogant?

"Just come."

Ye Feng roared, and the power of his chaotic body exploded in an instant. He rushed to the medicine field and punched the big black dog hard.

"You dare to go head-to-head with me, Mr. Dog? Boy, you are very brave!"

The big black dog barked and rushed in front of Ye Feng, wanting to confront Ye Feng head-on.

"boom!!"

When the two collided, there was an earth-shattering roar, just like two mountains colliding together.

"Woof!! My paw! It hurts!!"

The next moment, the big black dog immediately covered his paws and screamed in pain: "Boy! Are you a human? Why is your body so strong and powerful? What's your physique?"

At this time, Ye Feng's fists were also a little numb, and he was also surprised in his heart. He did not expect that this big black dog's body was so strong, almost comparable to his own Chaos Body.

Although the big black dog was screaming in pain, Ye Feng actually knew that his punch just now did not cause any harm to the big black dog.

But the only thing Ye Feng wanted to think about now was the medicinal field. He immediately continued to rush towards the big black dog and shouted: "For this precious medicinal field today, either you die or I die!!"

boom!

Ye Feng's body suddenly erupted with a huge wave of terrifying power.

"I surrender!!"

But suddenly at this moment, the big black dog suddenly stretched out a dog paw, raised a small white flag, and shouted: "Boy! Are you risking your life just for a mere medicine field? What do you think? I don't want this medicine field anymore. ! Take it! What a shame to meet a boy who is not afraid of death!"

Chapter 2316 Bunker

At this time, the big black dog yelled, with a hint of anger in his tone, and then quickly stepped aside, watching eagerly as Ye Feng harvested the entire medicinal field.

Ye Feng looked at the big black dog not far away at this time, and said loudly: "You are not bad in character, but who are you? You are definitely not a creature bred in the place where the Thunder God Crocodile lives, because there is no trace of anything in you. The aura of thunder attribute power."

The big black dog now had his hands on his hips, a pair of dog eyes with a squinting smile, and said loudly: "Master Dog, I was able to participate in many battles between mythical beasts."

When he said this, the big black dog immediately became silent.

He looked at Ye Feng and said: "We will never see you again."

Uh-huh!

After saying that, the big black dog immediately disappeared into the distance.

At this time, Xuan Wuji couldn't help but said: "This dead dog is very powerful." .??.

Ye Feng nodded and said: "Perhaps it is an ancient existence that has lost its magic power, but its body is still made of divine iron. Even I can't hurt him, I can only repel it."

At this time, Ye Feng suddenly seemed to have thought of something, and said suddenly: "This big black dog seems to be very familiar with this place where the Thunder God Crocodile lives. We might as well follow him, maybe we can quickly find other resources." "

When Xuan Wuji heard what Ye Feng said, his eyes immediately lit up, and he quickly said: "Okay! I also think this is a good way. It is much better than blindly searching for us. If we follow this big black dog, we may be able to find it." More good stuff."

At this time, the two reached an agreement and immediately ran quickly in the direction of the big black dog.

Under the search of Ye Feng's powerful soul power, he quickly captured the traces of the big black dog not far away.

At this moment, the big black dog was furtively observing at the door of a bunker.

"Brother Dog, what are you doing?"

Suddenly at this time, Ye Feng and Xuan Wuji jumped out, immediately frightening the big black dog.

"Depend on!"

The big black dog looked at the two young men in front of him and immediately couldn't help but cursed: "You two boys are following me, Master Gou? Damn it!"

Ye Feng chuckled, walked forward, hugged the big black dog's shoulders, looked at the angry dog's face, and said with a smile: "Don't be excited, Brother Xuan and I just want to see you, Brother Dog." Is there any danger? After all, we don't know each other without fighting. You and I are already friends. "

The big black dog stared at the smiling Ye Feng beside him, curled his lips, and said loudly: "What you said is nice. Are you following me to find other resources? Don't think that I don't know, Master Gou. Damn it, you two guys have such bad consciences!"

Xuan Wuji also smiled and said: "Master Gou, isn't it okay to call you this? The bunker you are observing now must have good things, but seeing that you have been observing, I guess you can't find a way to get in. Let's work together. "

"cooperate?"

The big black dog glanced at Xuan Wuji and said: "There is a corpse of an ancient strong man guarding this bunker. The corpse has transformed into a flying zombie. It is very powerful and needs someone to lead it away."

Ye Feng looked at Xuan Wuji and said, "Let me lead you away."

"No."

Xuan Wuji said: "I'll do it."

At this time, Xuan Wuji secretly sent a message to Ye Feng: "Brother Ye, let me lure away that flying zombie. You stay and explore the entire bunker with this dead dog. If I stay, I won't be able to control this powerful black beast." Dog, it's better for you, Brother Ye, to stay and share some of the wealth with me."

When Ye Feng heard this, he felt that what Xuan Wuji said was reasonable.

He patted Xuan Wuji on the shoulder and said, "Be careful."

After the words fell, Xuan Wuji walked directly into the bunker.

"boom!!"

And just

Not long after, there was a huge roar.

Xuan Wuji immediately flew out of the bunker and rushed towards the distance.

Behind him, followed a white-haired zombie filled with countless evil auras, quickly chasing Xuan Wuji.

They quickly chased each other and disappeared.

"Finally flew away!"

The big black dog jumped out from around the bunker at this time and said happily: "This flying zombie is very powerful and cannot be killed at all."

Ye Feng said loudly at this time: "Hurry in."

Uh-huh!

After saying that, Ye Feng took the lead and entered the ancient bunker.

"Boy, wait for me, Mr. Dog!"

The big black dog immediately yelled, fearing that Ye Feng would snatch away all the wealth and resources in the bunker.

One person and one dog quickly entered the bunker.

What caught the eye was a huge dark golden coffin.

The lid of the coffin had been opened and there was nothing inside.

Obviously, the white-haired zombie was lying in this huge dark golden coffin and had been sleeping.

"Time is limited, let's hurry up."

The big black dog immediately walked towards the inside of the bunker.

The place where a man and a dog were walking at this time was the first floor of the bunker.

The big black dog said loudly: "This bunker has three floors. Search it quickly. The flying zombie may return at any time. The flying zombie can use various formations in the bunker. Once we come back, it will be difficult for us to survive." out."

Ye Feng glanced at the big black dog in surprise, and couldn't help but ask: "You seem to be very familiar with the entire bunker, but you have never been in. Why do you know everything?"

The big black dog glanced at Ye Feng, snorted, and said, "Who am I, Mr. Dog? Mr. Dog, I was able to participate in the battle of ancient mythical beasts.

Yes, when this bunker was built, I observed it on site. "

When Ye Feng heard this, he couldn't help but look surprised and said: "You have lived for so long?"

The big black dog grinned and said: "That's natural! Lord Gou, I have been here for countless years, and finally I have killed all those powerful beings such as mythical beasts. Now Lord Gou, I can search everywhere with peace of mind." "

At this time, the big black dog said, and suddenly his eyes lit up, as if he had discovered something, and he immediately rushed towards a certain direction on the first floor.

Soon the big black dog came to a huge sculpture.

It stretched out its paw and slapped the sculpture hard.

"Click, click..."

The shell of the entire sculpture suddenly shattered, revealing what was inside the sculpture.

Inside, there was a golden skeleton.

"Jin Chanzi's true form!"

The big black dog was very happy and laughed: "This is a good thing. If you take it out and sell it, it will definitely cost a sky-high price. It is also the raw material for refining the best puppets."

Ye Feng's eyes were extremely surprised at this time. The big black dog was indeed very familiar with the entire bunker, almost knowing it like the back of his hand.

Ye Feng immediately released his soul power, covered it, and slammed his palm towards the ground.

"Boom!"

The soil exploded, and an ancient silver box was buried underground.

Ye Feng opened the silver box, which contained crystal stones that shone brightly.

These are obviously the best divine crystals, and each one is of great value!

"Um?"

The big black dog's eyes were stunned, as if he didn't expect Ye Feng to find the hidden wealth that he hadn't found.

The big black dog has a lot of knowledge. After thinking about it, he suddenly stared at Ye Feng and couldn't help but said: "Young man Ye, are you a soul master in the human race? Only soul power can have such profound power." penetration."

Chapter 2317 The second floor of the bunker

It has to be said that the big black dog still has something, and he immediately deduced Ye Feng's identity as a soul master.

At this time, Ye Feng glanced at the big black dog next to him in surprise and said, "Quite smart. Indeed, I am a soul master."

The big black dog smacked his mouth, and then said: "I am very lucky. I met a human soul master. It seems that this bunker can be searched well. There are many treasures that I don't know about. I can loot them." come out."

At this time, Ye Feng couldn't help but said: "What I find belongs to me, and what you find is yours. This must be distinguished."

"I know."

The big black dog glanced at Ye Feng and said, "You are really a tough guy, and you never pluck out a hair. But we can do this. If you need what I find and I don't, then we can exchange what we need."

Hearing this, Ye Feng couldn't help but nodded and said, "That's okay, let's continue exploring."

One person and one dog continued to move forward, heading towards the second level of the bunker.

Although the space on the first floor is large, it doesn't have many good things.

According to Big Black Dog, the second floor of the bunker is where the buried wealth is buried.

Soon, one person and one dog reached the end of the first floor of the bunker.

On the ground at the end, there is a small door similar to a cellar lid, leading to the next level.

"Let's go."

One person and one dog jumped directly into the second floor underground.

But just at the moment they entered the second level.

"Buzz!"

A huge blood-red formation immediately rose from the ground.

Moreover, ancient blood-colored spells rushed out from this blood-red formation and quickly struck towards the big black dog and Ye Feng.

This is a very terrifying bloody spell with very terrifying attack power.

"Not afraid

, I have the indestructible magical power to protect my body! "

The big black dog roared loudly, and its entire black body turned into pure gold inch by inch.

Directly from a big black dog to a big golden dog!

"boom!"

"boom!"

"..."

Those bloody spells bombarded the big black dog, and the golden dog's body was immediately shaken and shattered.

"Amazing."

Ye Feng's eyes showed surprise.

Unexpectedly, this is a big black dog that has practiced the indestructible power of Vajra!

"Awesome!"

The big black dog raised his head proudly and said very arrogantly: "When I enter this bunker, it's like entering a deserted land. Even some small tricks can't defeat me, Master Dog."

boom!

At this time, the big black dog said, waving his golden claws, and suddenly tore apart the blood-red formation at the entrance to the second level, like a tiger descending from the mountain, destroying everything.

The big black dog laughed and walked forward.

"Plop!"

But at the next moment, the big black dog tore up the formation. Just as he took a step, the ground collapsed and he fell directly into a big pit.

"Ah! So many bugs! I'm afraid of bugs!!!"

At this moment, the big pit was filled with pitch-black insects that looked like stick insects. Their long insect bodies and bamboo-like segments looked very disgusting and terrifying.

"Crunch, crunch..."

Countless stick insects lay on the big black dog's body, gnawing crazily.

The big black dog immediately

Ye Feng, who was standing on the edge of the pit, shouted: "Boy Ye! Please save me, Mr. Dog!!"

Ye Feng couldn't help but shook his head and smiled, and said: "These insects can't bite your indestructible body, so what are you afraid of?"

Ye Feng saw that although the bugs were gnawing, their fangs could not break through the pure golden body of the big black dog.

Not even a single hair was bitten off.

The big black dog was still extremely frightened and yelled: "Woof, woof, woof! Ye boy, stop talking nonsense, hurry up and fish me out, Mr. Dog! Mr. Dog, I have trypophobia! My whole body is numb now!!" "

Trypophobia?

Hearing what the big black dog said, Ye Feng couldn't help but twitch the corner of his mouth.

This big black dog is really a weirdo.

"Here we come, brother."

Ye Feng stretched out one hand and directly released his own flame.

boom!

Immediately, infinite flames enveloped the entire pit, burning all the densely packed insects until they crackled and burned to death.

"Uh-huh!"

The big black dog finally escaped at this time and jumped out of the pit.

The big black dog stared at Ye Feng and said, "I'm not your brother, Mr. Ye. I'm many times older than you. You have to call me Lord Dog!"

Ye Feng smiled and said, "I saved you, how can you thank me?"

The big black dog curled his lips and said, "If it weren't for Mr. Dog and me, you kid wouldn't have found this good place."

The big black dog was quite arrogant, and then suddenly, it seemed to have discovered something, and suddenly said: "Ye Xiaozi, don't breathe!"

"What's the meaning?"

Ye Feng's eyes showed a look of doubt.

But the next moment.

Suddenly, soldiers wearing ancient armor suddenly appeared from the depths of the second floor, and a large number of them came from that direction.

However, these soldiers wearing ancient armor were all soul bodies, exuding a dark green light, as if they had come from the underworld, and were marching in the dim underground under the bunker.

Uh-huh!

The big black dog immediately pulled Ye Feng and hid in the dark, saying: "This is a powerful man from the underworld who came out with hundreds of thousands of underworld soldiers. He doesn't know where he is going."

Ye Feng's eyes were surprised and he said: "Is this an excuse from the Yin soldiers?"

The big black dog shook his head and said: "This is not an ordinary Yin soldier borrowing the passage. There are hundreds of thousands of Yin soldiers. It is estimated that some powerful person in the underworld is going to launch some terrible war."

Ye Feng couldn't help but ask: "Is there really an underworld in this world, a country of ghosts of the dead?"

The big black dog glanced at Ye Feng and said, "You don't believe it?"

Ye Feng said: "I'm half convinced, but after seeing this shocking scene today, I believe it. It's just the underworld. Where is it? Is it an interface among the heavens and the worlds?"

The big black dog chuckled and said: "This world is far more complicated than you kid imagined. You will know it when you get in touch with it gradually in the future. Your knowledge now is just a drop in the ocean. By the way, you should not be this prehistoric person." A native of the small world, right?"

Ye Feng shook his head and said: "I come from the world of gods, the largest interface of all heavens and worlds, the origin of all things."

"The origin of all things, the divine world?"

The big black dog smiled, and his smile seemed to have a hint of irony.

However, the big black dog didn't say much. Instead, he looked at Ye Feng and said, "A big boss from the underworld has come out with hundreds of thousands of underworld soldiers. It seems that we can't stay here for a long time. Young man Ye, I'll go with you." Let's take a tour of God's world."

Chapter 2318 Bronze Gate

Next, one person and one dog waited for nearly half an hour.

Finally, the army of Yin soldiers who came out of the darkness and nothingness all left the scene.

Especially the last being that came out of the dark void was a tall ghost standing on a nine-ghost chariot. The aura exuding from his body was really terrifying to the extreme.

That is definitely a super boss in the underworld!

Ye Feng looked at the big black dog beside him and said, "Is there an entrance to the underworld deep in this bunker?"

The big black dog shook his head and said: "It's not that simple. Although these Yin soldiers appear underground here, it does not mean that this is an entrance to the underworld, because this underworld army will immediately break through a space node. , entering our Yang world from the underworld, all the heavens and all the realms actually belong to the Yang world and are all interfaces of entities. "

At this time, the big black dog said, and walked directly towards the inner area of the second floor of the bunker. As he walked, he said: "Ye Xiaozi, stop thinking. These things are not something we can consider for the time being. We just have to deal with what we just did." Just treat it as a cutscene and don't go into it too deeply, otherwise you might end up getting caught up in it. Let's hurry up and find the treasure on the second floor of this bunker."

Ye Feng nodded, feeling increasingly vast and mysterious about the complexity of this world.

"Wow! Golden armor suit!"

Suddenly, a big black dog's roar came from not far away.

Ye Feng walked over and found that the big black dog was taking off a set of glittering armor and battle clothes from a corpse, and then swallowed it into his stomach.

Obviously, the storage space of the big black dog is its belly.

At this time, Ye Feng looked at the corpse, where there was a blood-red ginseng.

The big black dog looked at it with one eye, and then said: "It's just an ordinary blood ginseng. It's not of high grade. It's of no use to your current cultivation level, Mr. Ye."

But at this time, Ye Feng

He stretched out his hand and pulled out the blood-red ginseng from the soil.

I saw a round bead emitting crimson light wrapped around the root of this blood-red ginseng.

"this....."

The big black dog's eyes lit up and he said: "This is the core of a strong man! The energy fluctuates greatly and the grade is very high. This blood-red ginseng is the elixir bred from the core of this strong man."

Ye Feng smiled and said: "Yes, I have sensed it, so I pulled out this bloody ginseng."

Ye Feng sensed a very violent energy fluctuation from this strong man's core.

If you swallow it, it will be of great benefit to your own cultivation.

The two of them then continued deep into the second level of the bunker.

Along the way, with the cooperation of Big Black Dog and Ye Feng, each person and the dog gained a lot.

The big black dog seems to have a special preference for glittering treasures. Whether it is a high-grade or low-grade treasure, as long as the light shines, the black dog likes it very much.

Ye Feng, on the other hand, does not need these flashy things. What he basically wants are things that can actually improve his strength, such as ancient elixirs, cores left by strong men, etc.

Finally, one person and one dog arrived at the end of the second floor of the bunker.

There was a huge bronze door standing in front of him.

The bronze door is carved with twisted ghost patterns.

The big black dog was a little surprised and said: "Is it possible that you, Mr. Ye, are really deceived? The end of this second floor really leads to the legendary underworld?"

At this time, the huge bronze door in front of you,

It gives people a gloomy feeling.

As soon as you open it, you are entering the underworld, and your blood is frozen by the yin energy.

Ye Feng is a soul master and his senses are more acute.

He shook his head at this time and said: "Although this bronze door has a strong Yin energy, there is no spatial fluctuation. I sensed it very carefully." .??.

When the big black dog heard what Ye Feng said, his eyes moved and he said: "If the bronze door leads to the underworld, then there must be spatial fluctuations, because it connects the underworld and the yang world. Since there are no spatial fluctuations... I understand. "

Suddenly, the big black dog immediately rushed forward. He was very surprised and said: "Behind this bronze door, there must be a very powerful treasure from the underworld! Those armies from the underworld just now must have used the treasure from the underworld to enter the underworld. Only then can we open up a space node in the underworld! There must be a treasure in the underworld behind this bronze door!"

Uh-huh!

The big black dog barked excitedly, and immediately came to the bronze door, grabbing it with one paw.

The claws of the big black dog are very sharp and can be said to be as sharp as iron.

"when!!"

But when the big black dog's claws hit the bronze door, the claws were bounced away by the shock, leaving not even a paw print on the bronze door.

"Fuck! So hard!"

The big black dog immediately exclaimed: "My claws have been refined with a lot of good materials and are indestructible, but they failed to leave any mark on this bronze door? Damn it!"

Ye Feng came over at this time and looked at the big black dog in surprise. Unexpectedly, this big black dog would refine his dog claws into various materials to make his claws more and more powerful. He is really a talent, no, a dog talent.

The big black dog looked at Ye Feng and asked:

"Boy, is there anything you can do?"

Ye Feng looked at the towering bronze door and said, "Let me give it a try."

boom!

In an instant, Ye Feng punched out fiercely, unleashing the tyrannical power of all the chaotic bodies.

"Boom!"

But it did not cause any damage to the bronze door.

The big black dog drooped his head and said with some frustration: "My claws, which have been trained for so many years, can't break through the bronze door. Young man Ye, don't even try. Forget it."

Ye Feng was also surprised at this time. This bronze door was indeed extremely strong and could be said to be indestructible. He didn't know what material it was made of.

But when Ye Feng came across such a hard and unusual thing, he was very happy.

Uh-huh!

He instantly dodged in front of the bronze door, then released the God Clan gloves, put them on his hands, and directly touched the bronze door.

Suddenly, the solid properties in the bronze door were quickly extracted by the Gods' gloves.

"No matter how hard the object is, as long as it is not a living thing, it cannot stop the extraction of the Gods' gloves!"

At this time, Ye Feng immediately felt the extremely high-level solid attributes, which were being continuously extracted from the bronze door by the God Clan's gloves, and injected into his body.

The strength of Ye Feng's chaotic body is increasing rapidly.

At this moment, the bronze door was slowly softening and began to collapse inch by inch like mud.

"What the hell!"

When the big black dog saw this scene, he was immediately frightened. Then the dog's eyes shone and he couldn't help shouting excitedly: "Boy Ye! What kind of gloves are you? What a baby! How about selling one to me, Mr. Dog?" "

Chapter 2319 Advanced Magic Weapon

At this moment, Ye Feng had no time to care what the big black dog next to him said.

At this time, he was concentrating on extracting the properties of the bronze door in front of him.

"Sturdiness attribute extraction."

"Extraction of the power of the underworld."

"Extraction of divine copper attributes." .??.

"..."

At this moment, various attributes were continuously extracted from the God Clan gloves, and all of them were integrated into Ye Feng's body.

At this moment, Ye Feng immediately felt that his entire body was rapidly becoming stronger.

His physique, including flesh and blood, muscles and bones, is constantly getting stronger and improving.

Especially the strength of the Chaos Body has increased a lot this time.

Directly from the previous tenth floor of the mid-fifth heaven, it was promoted to the sixth floor of the late fifth heaven!

It can be said that this is a huge improvement and progress.

At this moment, Ye Feng opened his eyes. The extremely solid bronze door in front of him had completely turned into a pile of mud.

At this time, the huge black dog's head came directly in front of Ye Feng's eyes. The dog's eyes were full of sincerity and he said loudly: "Ye boy, Mr. Dog, I'm serious, as long as you are willing to sell me a dog like yours." I can pay you any price for the gloves."

Ye Feng smiled at this time, looked at the big black dog in front of him, and said, "This is not a treasure, but my talent."

After finishing speaking, Ye Feng had a thought in his mind, and the God Clan gloves in his hand immediately disappeared.

"What? Talent?"

The big black dog was dumbfounded.

At this time, Ye Feng looked behind the bronze door.

The bronze door has a wall, and a huge picture hangs on the wall.

What was painted on this picture turned out to be a pattern of evil spirits with twisted bodies and very distorted images.

"This is... a picture of ten thousand ghosts!"

At this moment, the big black dog's eyes revealed a trace of

With a look of surprise, he couldn't help but say: "This picture is full of evil spirits. I can't control it. Young man Ye, take it."

At this time, the big black dog said, and then walked directly from a small passage behind the bronze door towards the third floor of the bunker.

"Ten Thousand Ghosts Picture?"

Ye Feng stared at the huge picture in front of him. Is this the treasure of the underworld?

Ye Feng felt a very sinister and terrifying feeling from this picture of thousands of ghosts.

Uh-huh!

But Ye Feng will not let go of the treasure, regardless of whether he is a ghost or not.

Ye Feng directly stretched out his hand, grabbed the picture in front of him in his hand, and then directly put it into the storage ring, waiting for further refining.

At this time, after Ye Feng collected the Ten Thousand Ghosts Map, he immediately entered the third level of the bunker.

The moment Ye Feng stepped into the third floor of the bunker, he immediately saw that the big black dog was already frantically collecting boxes of treasures on the third floor.

Those boxes contained all kinds of radiant divine crystals, as well as boxes of weapons, armor, pills, etc.

"Grab it!"

At this time, Ye Feng immediately became red-eyed and immediately rushed forward frantically to start searching and collecting.

What Ye Feng mainly collected were boxes of pills.

In the end, dozens of boxes were all searched by Ye Feng and Big Black Dog.

At this time, in the deepest part of the third floor, three magic weapons were hung on a huge wall.

Each magic weapon exudes a very strong weapon wave.

The big black dog couldn't help but said: "Each level of these three magic weapons surpasses the Super God Realm and is a magic weapon at the Ten Thousand Dao Realm level."

Ye Feng's eyes showed a hint of joy, he didn't expect that here

I unexpectedly encountered such a powerful and advanced magic weapon.

Now Ye Feng is lacking good weapons.

Those weapons before could no longer keep up with Ye Feng's improved cultivation and strength.

Therefore, Ye Feng currently lacks high-level combat weapons and magic weapons.

Just in time for drowsiness, I gave you a pillow.

There are actually three powerful magic weapons on the third floor of this bunker.

It can be said that he was extremely lucky.

At this moment, Ye Feng looked at the first magic weapon.

It was a golden rope, and it exuded a kind of fluctuation of binding spiritual power. ??

The big black dog said: "This is the Immortal Binding Rope. It is specially used to bind the enemy so that the enemy cannot use all his magic power. I want this dog."

Ye Feng nodded and said: "This kind of magic weapon is not suitable for me. The first magic weapon is yours, but I want the next two magic weapons."

The big black dog immediately argued: "Why one for me and two for you?"

Ye Feng glanced at the big black dog and said: "And my friend Xuan Wuji, he helped us lure away the old zombie. I will take the remaining two magic weapons first and give one to him when the time comes. "

When the big black dog heard what Ye Feng said, although he was unwilling to do so, he could only nod his head. Who could let him defeat Ye Feng?

At this moment, Ye Feng collected the other two magic weapons.

They are a golden sledgehammer and a white jade spear.

After Ye Feng collected it at this time, the big black dog said: "Let's go, the search has been completed."

Ye Feng nodded.

One person and one dog left from the depths of the bunker.

Soon they came to the ground.

At this time, I happened to see Xuan Wuji flying over from a short distance away and said, "Run quickly! That white-haired zombie is still chasing me, and it has been chasing me for more than an hour."

The big black dog laughed loudly,

The dog put his paws on his waist and said in an arrogant tone: "Now we are not afraid of that white-haired zombie! We got a powerful treasure in the bunker!"

Uh-huh!

At this time, Ye Feng directly threw a white jade spear to Xuan Wuji and said: "Three powerful magic weapons that have surpassed the level of the Ten Thousand Dao Realm beyond the Super God Realm, one for each of us."

"A magic weapon at the Ten Thousand Dao Realm level?"

Xuan Wuji's eyes lit up, he held the white jade spear in his hand, obviously very happy, and immediately said: "Thank you, brother!"

At this time, Ye Feng also took out an exaggeratedly large golden hammer, and directly hit the white-haired zombie flying not far away on the ground.

"Boom!"

The white-haired zombie was stunned and fell to the ruins on the ground.

"I'm coming too!"

The big black dog also rushed over immediately and directly threw out an explosive flame talisman that it had obtained on the third floor of the bunker before, and threw it into the large hole smashed by the white-haired zombie on the ground.

"Boom!!"

Immediately afterwards, a huge roar suddenly erupted from the big pit, and it exploded with flames shooting into the sky.

"howl!!"

Along with a shrill howl, the white-haired zombie was blown into countless pieces.

The end was extremely miserable.

I have to say that the powerful magic weapon is easy to use, and the attacks it releases are very terrifying.

"Hahaha! This zombie is finally dead! Damn! He chased me for a whole hour, and this thing almost died of exhaustion!"

At this time, Xuan Wuji laughed heartily, and it was obvious that he had been hunted down very miserably just now.

At this time, Ye Feng looked at the big black dog beside him and said with a smile: "Brother Dog, where should we go to the next treasure hiding place?"

The big black dog couldn't help but stare at Ye Feng, and said angrily: "Damn! You really are like a dog-skin plaster, and you've stuck to me, Lord Gou!"

Chapter 2320 Underground Palace

At this moment, Ye Feng and Xuan Wuji were staring at the big black dog with unkind eyes.

The big black dog immediately shouted: "Okay, I'm afraid of you! But the next location may really need your help before we can enter and search it."

At this time, the big black dog said, leading the two people to walk in another direction.

Although Ye Feng's horoscope of the heavens can also look for strange things, it can only provide a general range.

In the small habitat area of Thunder Crocodile, it is difficult to find it at close range.

It is naturally better to have the big black dog as a living navigation system.

So at this time, Ye Feng and Xuan Wuji really relied on the big black dog.

But the big black dog didn't run away because the big black dog himself knew that Ye Feng was very useful.

At this time, following the big black dog, Ye Feng gave Xuan Wuji some of the resources he had previously searched in the bunker.

On the way, Ye Feng didn't waste time. He swallowed the resources he had obtained in the bunker before, including ancient elixirs, elixirs, powerful cores, etc., and began to smelt and digest them.

"Rumble..."

The terrifying surging energy surged rapidly in Ye Feng's body, constantly strengthening Ye Feng's original power.

At this moment, Ye Feng felt that his power was growing crazily.

So many resources were digested all at once, and the energy generated was very terrifying.

Ye Feng's state at this time is at the huge level and bottleneck of the half-step super-god state.

But under such a terrifying energy impact, this huge bottleneck was suddenly shattered by the impact.

"boom!!"

Ye Feng suddenly burst out with an extremely powerful aura.

"Wow!"

Even all at once

The big black dog beside him that was not paying attention was thrown away and fell to the ground where it gnawed in the mud.

"Depend on!"

The big black dog immediately yelled at Ye Feng: "Boy! Why did you suddenly break through while walking? And you are so loud?"

There was a trace of surprise in Ye Feng's eyes at this time, and he said: "I didn't expect a sudden breakthrough."

This time, Ye Feng did not expect that the energy of the pills and so on obtained in the bunker was very sufficient, which allowed Ye Feng to break through the bottleneck and instantly reach the first level of the real super-god realm!

At this time, Xuan Wuji was very happy and said: "Brother Ye, I didn't expect you to break through again. When we get out of this small world this time, it will definitely shock the entire ten dynasties, and even many people in the Northern Immortal Palace." The so-called Tianjiao disciples are no longer your opponents, Brother Ye."

After Ye Feng entered the super-god realm, he felt more confident. He smiled and said: "In my eyes, the Northern Immortal Palace is no longer as unfathomable as it used to be. I decided to After we go back, we may have to go to the center of the God Realm after we finish fighting all the turmoil among the vampire demons."

When Xuan Wuji heard what Ye Feng said, he immediately said: "When the war is over, I will probably continue to join the Northern Immortal Palace."

Ye Feng smiled and said: "Brother Xuan, if you don't want to go to the center of the God Realm, the Northern Immortal Palace is indeed your best choice."

While the two were talking, the big black dog suddenly said: "We are here."

At this time, the two of them looked not far away, and they immediately saw a huge stone monument on a mountain not far away.

On the stone tablet, it reads "Thunder"

The four characters are "Ting Zhan Jiang".

The big black dog said aloud: "Under this mountain, there is an underground palace. It was once the battlefield of ancient divine beasts and powerful demons. There must be many good things in it."

Xuan Wuji couldn't help but ask: "Master Gou, what do the words 'Thunder Warrior' written on the stone tablet mean?"

The big black dog glanced at Xuan Wuji and said, "It's not interesting. It's just an ordinary stone tablet. It has nothing to do with the underground palace battlefield under the mountain."

At this time, Ye Feng asked: "Big Black Dog, have you ever witnessed that battle with your own eyes? Are there any powerful demons who have survived?"

The big black dog immediately shook his head and said: "Impossible, I witnessed that battle with my own eyes. All the beasts and demons were dead, and endless years have passed. In the entire habitat of the Thunder God Crocodile, I am the only one left alive... If you survive, the others will either leave here or be killed by me."

Ye Feng asked in surprise: "Why didn't you choose to leave, big black dog?"

The big black dog glanced at Ye Feng and couldn't help but said: "Boy Ye, I just want to kill all existence, so that Mr. Gou and I can search for all kinds of relics and wealth left behind in the past. I want to take this place I won't leave here until all the wealth has been collected."

When Ye Feng heard this, his expression became quite excited and said, "Okay, I'll search with you!"

The big black dog couldn't help but complain: "What a dog-skin plaster."

At this time, the two people and the dog walked directly into a deep passage under the mountain.

The big black dog said aloud: "This passage leads to the underground palace where the mythical beasts and monsters fought. Once you enter the underground palace, be careful."

Xuan Wuji looked a little confused and asked aloud: "Master Gou, why should you be careful? Don't you

Does that mean that the group of mythical beasts and demons that were fighting in the underground palace were all dead? "

The big black dog made a "pop" sound, patted Xuan Wuji on the head with its paw, and said angrily: "Even if the beasts and monsters die, they may give birth to other powerful creatures, and it is very likely that they will appear. The evil spirits of ancient demons are wandering in the underground palace."

Upon hearing this, Xuan Wuji immediately walked out of the passage and said, "I'll wait for you outside."

Big black dog: "..."

Ye Feng nodded and said: "Brother Xuan's cultivation is weaker than ours. It may indeed be dangerous to enter this dangerous underground palace where the beasts and demons have fallen."

Xuan Wuji smiled and said: "Brother Ye understands me. I am not like the two of you, an ancient dog king or a peerless evildoer. I am just an ordinary genius. I am self-aware and will not take risks. This time I came to this place. I have already obtained a lot of habitat for the Thunder God

Crocodile. I am already satisfied. I am content with what I have. Life safety is important. I don't have Brother Ye's big ambitions. I just want to join the Northern Immortal Palace and go smoothly. Just ascend the throne and become the emperor of the Xuanwu Dynasty."

It has to be said that Xuan Wuji sees his plan very clearly.

At this time, the big black dog couldn't help but shake his head and said: "Boy Xuan, you really have no ambition! Master Gou, I was originally planning to accept you as my disciple!"

Xuan Wuji muttered outside the entrance of the passage, "I don't want to recognize a dog as my master. It would be too embarrassing if word spread."

"Damn! What did you say?"

The big black dog seemed to hear Xuan Wuji's muttering, and immediately became furious and his eyes widened.

"Hurry up and enter the underground palace! Don't waste time!"

Fortunately, Ye Feng immediately pulled the big black dog and ran towards the underground palace, so Xuan Wuji avoided being beaten by a dog.
