

## Ancient 2331

Chapter 2332 Choose to leave

Sure enough, as Ye Feng expected, the blood energy provided to Ye Feng by the six vampire demon commanders, plus the hundreds of thousands of vampire demon troops that arrived this time, improved Ye Feng's cultivation. Two levels, stepping into the sixth level of the super-god realm.

This made Ye Feng feel a little emotional.

Because this time the reinforcements came, but there were a total of six vampire demon armies and six commanders from six strongholds.

But it only improved me a little bit.

Xuan Wuji spoke out at this time: "Brother Ye's cultivation previously required a difficult battle against the commanders of these strongholds of the vampire demons, but now, the six commanders of the vampire demons put together were instantly defeated by Ye. Brother, it was an instant kill."

At this time, Xuan Wuji spoke, his tone full of admiration.

Obviously, he felt more and more that the gap between him and Ye Feng was getting bigger and bigger.

At this time, Ye Feng heard Xuan Wuji's praise, and smiled helplessly and said: "The blood-sucking demons in these human strongholds on the earth are less and less useful to me. I want to go to the home of the vampire demons. Find a more powerful vampire demon to hunt."

Xuan Wuji couldn't help but look shocked when he heard this, but then he seemed to understand Ye Feng's mood, and just nodded and said: "Brother Ye wants to leave, you can leave at any time, I will not restrain you, Brother Ye." "

Ye Feng looked at Xuan Wuji beside him, smiled and patted his shoulder, and said: "Thank you for your understanding. I do have to leave, but I will not lead the human army into the vampire demon clan's lair rashly. That would be too dangerous, I should go hunting for the powerful vampire demons alone."

Uh-huh!

The big black dog hurriedly ran over at this time. There was a trace of expectation in the dog's eyes. He stared at Ye Feng and said: "Take me with you, Mr. Ye. I heard that in the lair of the vampire demon clan, there is a thread that runs through the sky. There are many blood-sucking demon treasures buried in the sea of blood demons. They are all very precious and high-level. I want to find that sea of blood demons. "

When Ye Feng heard this, his eyes moved and he couldn't help but said: "Okay.

, then I will take you with me. I hope you, the big black dog, can find the Sea of Blood Demon and I can also benefit from it. "

At this time, Xuan Wuji said with a smile: "This time we successfully pulled out all the blood-sucking demon strongholds around the base of Xuanshan City. We are very stable for the time being. Let's go back to Xuanshan City first."

"good."

Ye Feng nodded.

Xiao Qinglong is still in Xuanshan City.

Moreover, the female demon queen of the dark race who was resurrected by him from hundreds of millions of years ago should not have left yet, and is still in Xuanshan City.

You need to go back and deal with these yourself.

You can't trick Xuan Wuji before leaving.

That would be too uninteresting.

...

Then the entire human army began to move towards the base of Xuanshan City.

With Ye Feng, a super expert, escorting him, there was naturally no danger along the way.

In less than three days, everyone returned to the Xuanshan City base safely.

After returning to Xuanshan City, Xuan Wuji hurriedly dealt with various unsolved matters.

Although Ye Feng is preparing to leave, Xuan Wuji, as the prince of the Xuanwu Dynasty, naturally needs to continue to make contributions and stabilize his position as the prince.

At this time, Ye Feng returned to his residence with the big black dog.

In the big house.

Uh-huh!

Xiao Qinglong sensed Ye Feng's familiar aura from afar, and immediately flew out and lay affectionately on Ye Feng's shoulder.

"A pure-blooded blue dragon?"

The big black dog stared at the little green dragon and couldn't help blurting out: "This is a great tonic!

"

boom!

But Ye Feng directly hit the big black dog on the head and said, "If you dare to have such thoughts about Xiao Qing, I will stew your big black dog into a dog meat pot first."

The big black dog immediately said aggrievedly: "Master Gou, I was just talking casually and joking. Can you please stop using so much strength? Don't you know how terrifying your body's power is?" Mr. Dog, I gave you a concussion!"

When the big black dog was talking, it suddenly saw a dark and beautiful woman walking out of the mansion. Its eyes widened for a moment, and then it hid behind Ye Feng with a "swish" sound. He couldn't help but said in fear: "Boy Ye! How come there is such a terrifying Pharaoh of the dark race living in your residence!"

"The Pharaoh of the dark race?"

Ye Feng's eyes suddenly moved. The beautiful woman walking across from him was the female Demon Queen in the crystal coffin that Ye Feng had revived deep in the ruins of the Golden Demon Clan! .???.??

The big black dog actually recognized the identity of the female demon queen?

Is he the pharaoh of the dark race?

Pharaoh?

What kind of existence is that?

It must be very scary.

Otherwise, the big black dog, who has always been fearless, would never be so scared.

At this time, the Demon Queen ignored the big black dog, but looked at Ye Feng, with a faint smile on her face, and said: "This time, the strength has improved very quickly."

Ye Fengqian laughed twice and said, "I'm leaving Xuanshan City. Senior can go elsewhere."

The Demon Queen spoke out: "I'll just follow you, can't I?"

Ye Feng shook his head and said, "No, I'm going out to practice. It's too inconvenient for you to follow me."

Big black dog at this time

He grabbed Ye Feng's trousers with his dog paws and couldn't help but whispered anxiously: "Boy Ye! How dare you say this to the pharaoh of the dark race? You don't want to live anymore!"

But what stunned the big black dog was that Ye Feng rejected the Demon Queen. The Demon Queen did not seem angry, but smiled and said: "Anyway, I am stronger than you. If I follow you, you can't drive me away."

Seeing the Demon Queen say such words at this time, the big black dog's eyes widened and he felt unbelievable. He couldn't help but whisper in Ye Feng's ear: "Boy Ye, how did you do this? The terrifying pharaoh of the dark race seems to be very polite to you, and he seems to be a bit stubborn. Boy Ye, are you doing something to this female pharaoh? "

"What nonsense are you talking about?"

Ye Feng slapped the big black dog away, then looked at the beautiful Demon Queen in front of him who was smiling lightly, and couldn't help but said: "Senior is right, I can't do anything to you anyway, senior is willing Just follow."

At this time, after Ye Feng finished speaking, he directly regarded the beautiful Demon Queen as nothing, then entered his residence and cleaned up briefly, then left the mansion and went to the city lord's palace in Xuanshan City.

Ye Feng wanted to say goodbye to Senior Dugu Qiumo.

After all, Dugu Qiumo also helped me a lot before.

The moment Dugu Qiumo saw Ye Feng in the city lord's mansion, he couldn't help but said: "What a great evil!"

Ye Feng spread his hands helplessly and said: "There is a very terrifying dark race hiding around and following me, and there is nothing I can do about it."

Obviously, Dugu Qiumo sensed the evil aura of the female Demon Queen hidden in an unknown spatial latitude.

At this time, Ye Feng directly explained the purpose of his visit: "Senior Dugu Qiumo, I am here to say goodbye to you. I am going to leave Xuanshan City and go to the home of the vampire demons to experience."

Chapter 2333 Recruited by me

When Dugu Qiumo heard Ye Feng say that he wanted to leave, he immediately couldn't help but persuade him: "The home of the blood-sucking demon clan is a very dangerous place. Don't take risks."

Ye Feng smiled and said: "Don't worry, I won't do anything I'm not sure about. The main reason is that everything here can no longer satisfy me. There are no strong men in the vampire demon strongholds stationed in the border areas. They are all too weak."

When Dugu Qiumo heard what Ye Feng said, he could only smile bitterly and said: "I have indeed seen you become stronger with my own eyes. It is really too fast."

After the two of them chatted for a while, Ye Feng turned around and left.

Outside Xuanshan City.

One person and one dog gradually moved away.

Ye Feng left Xuanshan City and walked directly out of the borderland of the Xuanwu Dynasty.

After leaving the borderland, the land Ye Feng set foot on was a land full of blood.

The sky here is all blood red, and the whole world is shrouded in blood and black, which looks very scary.

This is the lair area of the vampire demon clan.

The previous strongholds of the vampire demons were just temporary settlements established by the vampire demons to attack the human land.

At this time, the place where Ye Feng set foot was the real nest and place of survival of the blood-sucking demon clan.

At this time, Ye Feng looked at the big black dog beside him and said, "Big black dog, have you been here before? How do you find the Blood Demon Sea?"

Ye Feng has always kept in mind what Big Black Dog said about the Sea of Blood Demons and is looking forward to it.

Because the name Blood Demon Sea sounds like a very extraordinary place, and it must have great opportunities.

At this time, the big black dog shook his head and said: "I don't know, I just heard about it, and I don't know if it is true."

Ye Feng was slightly dumbfounded, but he didn't expect that the big black dog was just hearing about it.

"never mind."

Ye Feng waved his hand and said:

"It's better to hunt down powerful vampire demons first, improve your cultivation as much as possible, and prepare for going to the center of the God Realm. There will be many powerful people there and there will be countless dangers."

The big black dog glanced at Ye Feng, nodded in agreement, and said: "The land in the center of the God Realm is very prosperous. With your current cultivation level, you may be considered a good master in this northern land, but in the God Realm, In the center of the world, your current cultivation strength is nothing more than a handful of cabbage on the roadside. "

When Ye Feng heard what the big black dog said, he became more determined to become stronger.

If you want to rescue your mother in the center of the God Realm, you will definitely need a very strong cultivation level.

However, Ye Feng's previous master, Leng Qingxue, was a female master of unrivaled elegance who lived in the Tiandao Sect in the center of the God Realm.

When the time comes, you can go see your master first.

"Buzz!"

At this moment, Ye Feng spread out his huge soul power to search for those blood-sucking demons with strong vitality fluctuations.

"There seems to be a powerful life fluctuation in a quagmire on the left."

At this time, Ye Feng immediately sensed a very strong life wave in a quagmire area not far away.

Uh-huh!

He rushed over instantly and soon saw a blood-red quagmire.

At this time, the blood-red quagmire looked very peaceful, as if there was no life present.

But at this time, Ye Feng stared at the blood-red quagmire and suddenly struck forward with one hand.

"Boom!"

Suddenly, a big hand of vitality condensed in the sky, and then struck hard into the quagmire. There was a roar and mud splashed everywhere.

"Roar!!"

And suddenly at the next moment, an earth-shaking roar suddenly erupted from the quagmire.

Boom!

As the entire quagmire exploded, an eight-armed evil beast covered in red scales rushed out of the mire in an instant, and roared towards Ye Feng.

"Boom!"

Ye Feng punched out and collided with the huge arm of the eight-armed beast, making a tough move.

Kick, kick, kick! ??

The next moment, Ye Feng couldn't help but take several steps back.

This eight-armed evil beast covered with red scales is really very powerful and very powerful.

It has to be said that the strength of the evil beasts that can survive in the lair of the vampire demons is extremely terrifying.

This eight-armed evil beast is probably something that even some armies of vampire demons would not dare to provoke easily.

"Immortal Spear!"

At this time, Ye Feng was afraid of attracting the attention of other powerful vampire demons, so he decided to fight quickly.

After all, this time, he came here originally to hunt this powerful evil beast, not to hone his martial arts.

So at this time, Ye Feng did not plan to tangle with this eight-armed evil beast.

"boom!"

At this moment, a pitch-black war spear appeared in Ye Feng's hand instantly.

Buzz!

A powerful headless horseman's power surged out from the Immortal Spear at this time, giving Ye Feng a huge combat power bonus.

When Ye Feng holds the Immortal War Spear, the combat power he can unleash is definitely far beyond his normal state, and his combat power increases exponentially.

"boom!"

Ye Feng held the Immortal War Spear in his hand, and instantly rushed in front of the eight-armed evil beast, holding the war spear fiercely and blasting

Killed him with a blow.

The eight-armed evil beast roared and tried to resist by waving its scaly arms.

but.

"Pfft!"

Infused with Ye Feng's powerful power, the Immortal War Spear's sharp and strong spear point instantly pierced the eight arms of the eight-armed evil beast.

The seemingly incomparably strong crimson scales were directly pierced by an ancient artifact like the Immortal War Spear.

"howl!!!"

The eight-armed evil beast immediately burst out with an earth-shattering howl.

"kill!"

Ye Feng once again waved the Immortal War Spear, landed directly on the head of the eight-armed evil beast, and stabbed out with a spear, instantly killing the eight-armed evil beast.

"Boom!"

The huge eight-armed evil beast fell to the ground instantly with its huge body.

"good!"

Ye Feng descended from high altitude, preparing to release the Devouring Domain directly to devour this extremely powerful eight-armed evil beast.

There must be powerful and vast blood energy in the body of such a huge beast.

Suddenly this time.

Uh-huh!

Uh-huh!

Two young figures with flying swords suddenly descended from high in the sky.

One male and one female.

At this time, the young man stared at the eight-armed evil beast that fell to the ground with a hint of greed in his eyes.

He took out a token from his storage ring, raised it to Ye Feng, and said: "See clearly, I am the outer elder of the Northern Immortal Palace, and the eight-armed evil beast you killed, It has been temporarily requisitioned by me. Now the Northern Immortal Palace is attacking the home of the vampire demons. Everyone in the entire northern land must cooperate. You, a casual cultivator, give me this eight-armed evil beast, and I will make a note for you. Thanks for the credit, you can go to the Northern Immortal Palace to receive the reward in the future."

Chapter 2334 Let's go together

At this moment, the outer elder from the Northern Immortal Palace was speaking with a condescending and arrogant tone.

Obviously, he wanted to snatch the eight-armed evil beast that Ye Feng hunted, but he thought it was Ye Feng's glory.

At this time, the big black dog standing next to Ye Feng couldn't help but grinned and said, "What a fool."

"What did you say?"

The outer elder immediately stared at the big black dog next to Ye Feng, with a hint of cold anger in his eyes, and said: "Friend, take care of your pet, so as not to cause death."

Before Ye Feng could say anything, the big black dog scolded him directly: "You are a pet! Your whole family is a pet! Is it reasonable to steal other people's things? What happened to the Fairy Palace in the Northern Territory? In other words, you are showing off your power in the northern land. The center of the God Realm is not even a second-rate force."

boom!

At this time, the big black dog said, and rushed directly in front of the outer sect elder, and suddenly struck out with a big black claw.

"Pfft!"

This male elder from the outer sect of the first level of the Super God Realm didn't even have time to react. His whole body was torn apart by the big black dog, and blood spattered on the spot.

The big black dog is no ordinary character, but a ruthless character from the ancient times.

At this time, it killed people in a rage.

"What? Senior brother died like this?"

At this time, the remaining female elder of the outer sect was so frightened that she turned pale when she saw her powerful senior brother bleeding like this.

This female elder from the outer sect, said to be a powerful elder from the Northern Immortal Palace, was actually performing a mission for the first time.

Unexpectedly, before reaching the mission location, her senior brother was already dead because of his greed for money.

Ye Feng saw this scene and couldn't help but shook his head, "It seems that the Northern Immortal Palace is really not that good. The elders of the outer sect are so weak."

Big black

The dog chuckled and said, "That's Ye Xiaozi, you are too strong now."

Ye Feng couldn't help but look stunned when he heard this.

yes!

It's because he is too powerful now.

So when I met the elders from the outer sect in the Northern Immortal Palace, I felt that the other party was very weak.

In fact, the male elder from the outer sect just now has a cultivation level beyond the first level of the divine realm and is already considered a master in the northern land.

Ye Feng still remembers that when he first came to the northern land, his cultivation level was still very low. At that time, he could not even defeat the weakest outer disciple in the Northern Immortal Palace.

But now, figures like the outer elders of the Northern Immortal Palace are extremely weak in front of Ye Feng.

Ye Feng had to sigh that his experience in the Xuanwu Dynasty had indeed made him a lot stronger.

At this time, the big black dog was searching for the wealth of this male elder from the outer sect.

At this time, Ye Feng looked at the female elder of the outer sect who was trembling with fear.

Ye Feng smiled and said: "Don't be afraid, we are not good people, oh no, we are not bad people."

Hearing what Ye Feng said and looking at the innocent smile on Ye Feng's face, the female elder of the outer sect of the Northern Immortal Palace became even more frightened.

She couldn't help but said out loud: "As long as you don't kill me, you can do anything to me. I won't resist."

Ye Feng's eyes showed a look of surprise, then he smiled and shook his head and said: "Your companion died because of greed, but you are just one of his followers. I don't need to kill you. I just want to ask you a few questions." , just answer me honestly, and you can leave safely

opened. "

"real?"

The female elder of the outer sect immediately said happily: "Brother, just ask, I will answer everything honestly."

Ye Feng nodded and said, "Your dead companion just now said that the Northern Immortal Palace is gathering all its forces to attack the home of the vampire demons?"

The female elder immediately nodded and said: "Yes, we are preparing now. The decisive battle is probably coming soon. Recently, many strong men from our Northern Immortal Palace have descended on this home of the blood-sucking demon clan, preparing to gather everyone." Power attack."

"oh."

Ye Feng nodded slightly, then thought for a moment, and asked: "Then where are you and your friend who died greedy for money going this time? I think there is no village or shop around here."

The female elder immediately answered honestly: "The place we are going to this time is a nearby gathering point of our Northern Immortal Palace. It is very hidden and cannot be found by ordinary people. If senior brother were not greedy for money, he would not be caught by a The dog was killed, it was a terrible death."

The big black dog glanced at the female elder and couldn't help but grinned and said, "What? You look down on me, Mr. Dog?" ??

"No no!"

The female elder was so frightened that she immediately shook her head.

Ye Feng was thinking about something at this time.

The female elder couldn't help but said: "Brother, can I leave?"

Ye Feng looked at the young female elder in front of him and said, "What's your name?"

The female elder said: "Huo Yuxun."

Ye Feng said: "Take me with you."

Female elder: "??"

There was deep surprise and doubt in her eyes.

r\u003e

Ye Feng smiled and said at this time: "What I mean is that I want to go with you to the gathering point in your Northern Immortal Palace."

This time, the Northern Immortal Palace has gathered all its forces to attack the home of the blood-sucking demons. There must be a big secret that cannot be revealed, otherwise it would be impossible for the Northern Immortal Palace to come out in full force.

So Ye Feng naturally didn't want to miss this opportunity to make a fortune.

Because taking advantage of the chaos to search for wealth has always been Ye Feng's specialty.

At this time, the big black dog heard what Ye Feng said and seemed to guess what Ye Feng meant. He immediately stood beside Ye Feng with bright eyes and said, "Master Gou, I want to go too."

At this time, the female elder, who seemed to be called Huo Yuxun, couldn't help but said: "But you are not a member of our Northern Immortal Palace, I can't take you into the gathering point."

Ye Feng smiled, picked up an identity token from the body of the male elder from the outer sect on the ground, and said, "I'll just use the identity token of your greedy senior brother. The Northern Immortal Palace is such a huge one." The Northern Overlord has hundreds of thousands of people, so who cares what a small outer sect elder looks like."

The female elder Huo Yuxun wanted to say something, but when she saw the big black dog's vicious eyes, she immediately said: "Okay, then I will take you to the gathering point."

"good."

Ye Feng nodded, and then said instantly: "Wait for me, I will devour this eight-armed evil beast, and then we will set off."

boom!

After saying that, under the horrified gaze of the female elder Huo Yuxun, Ye Feng forcibly sucked up the eight-armed evil beast the size of a mountain, and devoured it until it was reduced to skin and bones, completely devoid of life.

At this time, Huo Yuxun immediately realized that he had been kidnapped by a terrifying demon!

Chapter 2335 Elder Ye

"Rumble..."

At this moment, after the huge blood energy of the eight-armed evil beast was swallowed up, it was all injected into Ye Feng's own body.

Powerful power surged through his limbs, continuously strengthening Ye Feng's skills and martial arts origins.

"boom!"

Ye Feng's cultivation aura suddenly reached a new level.

Stepping directly into the seventh heaven of the super-god realm!

"sharp!"

The big black dog raised its big paws and said, "Boy Ye, what I envy the most is your devouring talent. It's really a cheating device!"

Ye Feng glanced at the big black dog, with a hint of a smile in his eyes, and said, "He is born with it, there is nothing he can do about it."

At this time, Ye Feng looked at the female elder Huo Yuxun not far away and said, "Huo Yuxun, please take us away."

"Ah good!"

Huo Yuxun was still in a daze when she was suddenly called by Ye Feng. She couldn't help but said: "I will take you to that gathering point now."

Two people and one dog left this blood-red quagmire area.

On the way, Ye Feng learned from Huo Yuxun, an outer sect elder, that it turned out that the Northern Immortal Palace had long established small gathering points throughout the vampire demon clan's home base.

In each gathering point, there are elite personnel from the Northern Immortal Palace stationed there, and there is a very hidden formation covering them, which can be said to be foolproof.

Ye Feng was slightly surprised when he learned the news.

It seems that the Northern Immortal Palace is playing a big game.

It seems that they want to completely eliminate the vampire demons, this extremely stubborn dark demon clan.

However, Ye Feng was not interested in how the two behemoths actually competed.

What interests him is how to benefit from this chaos.

About half way through

sky.

Ye Feng and the big black dog followed Huo Yuxun to a very empty place.

This is under a cliff.

There is a very deserted open space.

There are no people around, not even wild animals.

At this time, the female elder Huo Yuxun took out a small jade pendant from the storage ring.

Then she muttered something, as if she was reciting a special spell.

"Buzz!"

Almost at the next moment, the jade pendant in her hand immediately released a white beam of light, which rushed forward in an instant.

"Buzz..."

At this moment, in the empty open space ahead, a group of buildings slowly emerged, like a town hidden in the void.

One by one, the masters were currently traveling through the town.

This secret gathering place seems to have become a small or medium-sized town.

At this time, Ye Feng's eyes showed a hint of surprise, and he couldn't help but ask: "That's great, I didn't expect that the entire town at the gathering point would be enveloped by a hidden formation, even if my soul power is strong, they all failed to notice the anomaly here. The person who invented this hidden formation must be a formation master, and there are still capable people in the Northern Immortal Palace."

At this time, the big black dog chuckled and said: "With such a gathering point town, we can temporarily have a relatively stable place to live in this vampire demon clan's lair."

While Ye Feng and the big black dog were talking, the female elder Huo Yuxun beside them had already led them into this hidden gathering point town.

With Huo Yuxun's jade pendant freely accessible, Ye Feng and the big black dog were not interrogated.

After all, the Immortal Palace family in the Northern Territory has a great business and doesn't care about this.

When a few people walked into a deserted alley.

Huo Yuxun looked at Ye Feng beside her and couldn't help but said, "Can I leave now?"

"Forget all this."

At this moment, Ye Feng suddenly stretched out a finger and immediately touched Huo Yuxun's forehead.

Buzz!

An extremely powerful soul force burst out from Ye Feng's fingers in an instant and entered Huo Yuxun's head.

Huo Yuxun, the outer elder of the Northern Immortal Palace, immediately fell to the ground and fell asleep.

The big black dog looked a little surprised and said, "Young man Ye, do you still know how to erase memories?"

Ye Feng nodded and said: "For existences with weak soul power, memory erasure methods can be used."

At this moment, while one person and one dog were talking, Huo Yuxun, who was unconscious on the ground, suddenly opened his eyes.

At this time, she stood up, her eyes a little confused, and said, "What am I doing here?"

Huo Yuxun looked at Ye Feng and couldn't help but ask: "Who are you? Why did I suddenly faint here? Where is my senior brother? What happened on the way to this gathering point town where I came with him? What happened to me? Why don't I remember anything?"

Seeing this, Ye Feng couldn't help but smile. The memory was successfully erased, that's all.

Ye Feng did not explain, but left the alley with the big black dog.

At this time, walking in this gathering point town, Ye Feng saw the people coming and going. They were all members of the Northern Immortal Palace, some of whom were disciples.

, there are also powerful elders and so on.

At this time, Ye Feng looked at the big black dog and said: "Now that we have such a foothold, let's wait for the decisive battle."

The big black dog nodded, and then said loudly: "This is the safest way."

For the next period of time, Ye Feng and Big Black Dog spent time at this hidden gathering point.

In this gathering point town, there are also various shops, trading markets, and even many private auctions held by the disciples of the Northern Immortal Palace.

Ye Feng has now become the outer elder of the Northern Immortal Palace.

In this gathering point, he still has a high status.

After all, this is just a small gathering point, and most of them are ordinary disciples.

On this day, an outer disciple from the Northern Immortal Palace came to Ye Feng's residence and said: "Elder Ye, our vanguard team discovered a blood-sucking demon in a deep mountain not far from our gathering point town. The clan's breeding farm contains many magical beasts and many medicinal fields. Elder Fang, the commander of the gathering point, hopes that experts like Elder Ye can also participate in this raid, which will bring many benefits. "

Ye Feng's current identity is the outer elder of the Northern Immortal Palace, and he is a first-rate master in the seventh level of the Supergod Realm.

In this small gathering point town, he is considered a highly respected person.

Therefore, at this time, the disciples of the Northern Immortal Palace were very respectful towards Elder Ye Feng.

Ye Feng also knew during this period that in addition to preparing for the decisive battle, these gathering points also usually carried out some raids to destroy various living areas of the vampire demons, gradually encroaching on them, and then launch a general attack.

At this time, Ye Feng heard the report from the Northern Immortal Palace disciple outside, and immediately said with great interest: "Okay, tell Elder Fang that I will participate in this raid and will go there immediately."

Chapter 2336 Demon Breeding Farm

Ye Feng was quite interested in this blood-sucking demon clan's breeding farm.

At this time, after Ye Feng asked the disciple to leave, he and the big black dog were preparing to go to the central square of the gathering point town.

Elder Fang is the leader of this small gathering point town and one of the top ten elders of the outer sect of the Northern Immortal Palace.

His cultivation level is also extremely powerful. He has surpassed the Super God Realm and entered the Ten Thousand Dao Realm above the Super God Realm.

There are too many outer elders in the Northern Immortal Palace.

Therefore, Ye Feng held the ordinary token of the outer elder of the Northern Immortal Palace, so he was naturally not suspected.

After all, the Northern Immortal Palace is too huge and does not have the energy and materials to forge exclusive tokens for every outer sect elder or ordinary disciple.

Only the top ten outer sect elders, or the elite inner sect elders, are eligible to have the Northern Immortal Palace forge an exclusive token for you.

So at this time, Ye Feng was holding an ordinary outer sect elder token, so he was naturally not suspected.

Because Ye Feng holds the Elder Token and can easily enter this hidden formation gathering point, he is naturally an insider, and no one suspects it at all.

Moreover, Ye Feng's realm is so powerful that he exists in the seventh heaven of the super-god realm.

Once he breaks through the Super God Realm and enters the Ten Thousand Dao Realm, Ye Feng can be upgraded to become one of the top ten elders of the outer sect. His status is so noble that ordinary disciples would not dare to offend him, even some elder-level figures.

The reason why Elder Fang invited Ye Feng to participate in this raid mission this time was naturally because he took a fancy to Ye Feng's powerful realm.

Let's not talk about combat power.

Even Ye Feng's current seventh-level super-god realm definitely awes most members of the Northern Immortal Palace in the entire gathering point town.

Ye Feng and the big black dog soon arrived at the central square of the gathering point town.

Ye Feng immediately saw it.

A lot of people have gathered in the central square.

Naturally, all of these people are members of the Northern Immortal Palace.

There are ordinary disciples, core disciples, and of course several powerful elders.

The cultivation level of ordinary disciples is basically in the Pure Yang realm.

As for the cultivation of core disciples, most of them are in the realm of all things and the extraordinary realm.

Several powerful outer sect elders are all in the super-god realm.

There is only one white-haired old man, whose cultivation is beyond the super-god realm of Ten Thousand Dao Realm, and his aura is strong.

This person is none other than Elder Fang, the commander-in-chief of this gathering point town.

He is one of the top ten outer sect elders in the Northern Immortal Palace, possessing extremely powerful cultivation power.

At this time, Elder Fang saw Ye Feng arriving, and immediately greeted him enthusiastically, saying: "It's really great that Elder Ye can come this time. I heard other disciples discuss it a few days ago, and there is a super god A terrifying monster with a ninth-level cultivation suddenly came to our gathering point town, and was killed by Elder Ye in just a few moves. This kind of combat power is truly astonishing."

Hearing what Elder Fang said at this time, many other outer sect elders around him, as well as a group of disciples from the Northern Immortal Palace, had their eyes filled with deep horror and shock.

Swish, swish, swish!

Swish, swish, swish!

At this moment, countless eyes suddenly focused on Ye Feng.

Everyone's eyes showed surprise and awe, staring at Ye Feng, a man who looked extremely young.

No one thought that Elder Ye, who looked extremely young, could even be called a young elder.

It actually has such great strength.

You know, Warcraft is inherently very ferocious and difficult to kill.

Moreover, that monster was still two heavens higher than Elder Ye's cultivation level, but it was killed by Elder Ye within a few moves.

This is really amazing!

At this moment, Ye Feng heard the praise from Elder Fang and said with a smile: "It's just a small achievement, not worth mentioning."

Elder Fang laughed and said: "Elder Ye is too polite. Elder Ye is so young and promising. In the future, you will definitely have a place among the top ten elders of the outer sect. Even being promoted to the elder of the inner sect is not guaranteed. "

Elder Fang said this at this moment, obviously very optimistic about Ye Feng's future.

hiss!

When many people around heard what Elder Fang said, they couldn't help but gasp.

Unexpectedly, Elder Fang had such high expectations for this young Elder Ye.

At this moment, Ye Feng smiled and said nothing more.

Elder Fang said: "Let's wait a little longer for a few outer sect elders to arrive, and then we can set off."

When he said this, Ye Feng suddenly asked: "Elder Fang, what kind of place is the vampire demon farm we are going to this time? I want to know first."

At this time, after Ye Feng finished speaking, everyone's eyes showed a trace of curiosity, and they all looked at Elder Fang.

It was obvious that both the disciples and the elders present did not know much about the blood-sucking demon clan's breeding farm they were about to visit.

But no one has dared to ask Elder Fang face to face. After all, where is the majesty of Elder Fang, the top ten outer sect elders, no one dares to ask.

So after Ye Feng asked this time, everyone looked at Elder Fang curiously.

If someone else asked Elder Fang, Elder Fang might not be too lazy to explain anything. After all, his majesty and identity are there.

But if Ye Feng, a young elder with a bright future, asked, Elder Fang would definitely answer it enthusiastically.

Sure enough, after Ye Feng asked, Elder Fang immediately smiled and said: "Since Elder Ye asked, let me briefly introduce to you that the blood-sucking demon clan's breeding farm is a very hidden granary of the vampire demon clan. Many large monsters are bred there, all of which are delicious monsters. In addition, there are thousands of acres of fertile land in the breeding farm, and all the products grown in the farm are specialties of the vampire demons that can greatly improve physical strength. Food, Blood Demon Rice. It is said that each grain of Blood Demon Rice is about the size of a fist."

When everyone heard this, their eyes showed deep surprise and expectation.

Unexpectedly, this breeding farm turned out to be a huge granary for a certain tribe of vampire demons.

When Ye Feng heard this, there was a hint of anticipation in his eyes.

Because whether it is the farmed monsters or the blood magic rice that can secretly improve physical fitness, they all have a good improvement effect on Ye Feng.

At this moment, several outer sect elders flew over not far away.

What surprised Ye Feng was that Huo Yuxun, the female elder whose memory he had erased before, was also among these outer sect elders.

However, the other party did not recognize him. He just glanced at Ye Feng in surprise, as if he felt that he had met Ye Feng again.

Ye Feng just smiled at her and said nothing more.

The other party also responded with a puzzled smile, and then said nothing more.

At this time, Elder Fang said with a smile: "Everyone is finally here, then we will set off directly."

Chapter 2337 Trap

When everyone arrived, Elder Fang immediately announced the departure.

Uh-huh!

At this time, Elder Fang took out a huge spiritual boat from his storage ring.

Elder Fang said with a smile: "This spirit boat was specially refined by me, and a very ancient hidden formation is imprinted in it."

After saying this, Elder Fang asked everyone to jump up.

Swish, swish, swish!

Swish, swish, swish!

At this moment, everyone including Ye Feng jumped up and entered the spirit boat.

At this time, after everyone entered the spirit boat, Elder Fang immediately activated the hidden formation imprinted in the spirit boat.

Buzz!

At this moment, the spirit boat suddenly began to hide and became transparent.

People outside can no longer see the entire spirit boat.

Because the spirit boat became transparent.

People inside the spirit boat can see everything outside.

But people outside the spirit boat cannot see the existence of the spirit boat.

"It's quite magical."

At this time, everyone's eyes showed a trace of wonder.

They took this transparent spirit boat and would never be discovered along the way.

You can descend silently around the blood-sucking demon clan's breeding farm and conduct a secret raid.

"Shua..."

At this time, the invisible giant spirit boat quickly flew towards the distance, and soon left this town, the gathering point of the Northern Immortal Palace.

The speed of the spirit boat was very fast, and in less than half a day, it arrived near the demon breeding farm that was explored before.

Tall city walls were built around the entire demon farm. There were many blood-sucking demon soldiers on the walls, fully armed and constantly patrolling and exploring.

At this time, Elder Fang said aloud: "Let's land outside first, and then find a way to sneak in secretly."

Lie down in this demon breeding farm. "

Someone said: "I'm afraid it will be difficult for us to invade this city from the outside. It is better to take advantage of the convenience of the transparent spirit boat and land directly into the city, and then attack directly from inside."

When Elder Fang heard this, he couldn't help but nodded and said: "This method is not bad. It can catch this group of blood-sucking demons by surprise."

After Elder Fang finished speaking, he controlled the transparent and invisible spirit boat, flew directly over the breeding farm, and then let the spirit boat slowly descend from the high altitude.

Buzz!

But just when the spirit boat landed in the middle of the city.

Suddenly, the whole world lit up with a huge formation, with the power of flames and thunder, gathering from all directions, full of extremely terrifying destructive power and destructive power.

"ah!"

An ordinary disciple standing on the spirit boat was struck by lightning, and his entire body instantly exploded into a bloody mist.

Snap!

A bolt of thunder also struck in front of Ye Feng, and Ye Feng shattered it with a flick of his finger.

"Oops! There is a formation hidden in the void of this farm city, and it can actually recognize my spirit boat! We have been discovered!"

At this moment, Elder Fang's eyes immediately changed slightly, but the next moment he said: "Don't panic! Since we have come in and been discovered, let's attack directly!"

boom! boom! boom.....

At this moment, everyone on the huge spirit boat burst out with an extremely powerful aura of power, and rushed toward the surroundings.

"Boom!"

"Boom!"

But the moment everyone flew out of the spirit boat, a series of thunder and flame formations

The force immediately bombarded everyone.

"boom!"

"boom!"

"boom!"

At this moment, several weak Northern Immortal Palace disciples exploded all over.

The formations in this farm city are still very powerful, and their power is very terrifying.

Even powerful beings in the transcendent realm are somewhat unable to withstand the power of the formation in this city at this moment, which is very terrifying.

"Damn it! We are surrounded by a powerful formation!"

At this moment, the eyes of a group of disciples and elders from the Northern Immortal Palace were filled with deep shock.

Because they seemed to be wrapped in a powerful formation, and they were surrounded, and they could not escape for a while.

At this time, Elder Fang looked at the members around him being killed one after another, and his eyes suddenly became extremely frightened and angry, and he shouted: "Damn it! The core of this formation must be destroyed!"

boom!

At this moment, Elder Fang immediately rushed to the sky, stretched out his big hand, and struck at the sky: "Great Heaven's Fortune Palm!"

Boom!

In an instant, Elder Fang's palm burst out with divine light, filled with infinite power, and suddenly bombarded the core of the formation high in the sky.

"Boom!"

But at this time, a huge black claw struck down instantly, directly shattering Elder Fang's big divine hand.

"It is impossible for you to destroy it. If you are here today, then don't leave! We have discovered your spies a long time ago, and now we are waiting for you to fall into the trap."

At this moment, accompanied by a loud laugh, a young man wearing a black robe with a strange face appeared high in the sky in an instant.

☹ This is a very powerful demon master. His cultivation is the same as Elder Fang. He is a powerful being in the Ten Thousand Dao Realm that has surpassed the Super God Realm!

At this time, Elder Fang's eyes revealed a hint of gloom.

Because he never expected that this time when they came to make a surprise attack, they would fall into a trap.

It turns out that the blood-sucking demons in this demon breeding farm city had long known that their group of disciples from the Northern Immortal Palace were coming to attack the demon breeding farm here.

"Hahaha!"

At this time, groups of heavily armed vampire demons appeared in the sky.

The demon leader of the Ten Thousand Dao Realm, with a hint of sneer and ridicule in his eyes, stared at Elder Fang below and said loudly: "Now you have entered a trap, and you can no longer escape. , Elder Fang, your cultivation level is the same as mine, but you can't beat me."

Elder Fang's eyes were extremely ugly.

A group of other disciples and elders from the Northern Immortal Palace around them all had traces of anxiety in their eyes.

Like ants on a hot pot.

Because they all know that this time the whole army may really be wiped out!

"Damn it!"

At this moment, Elder Fang was restrained by the demon leader and could not free his hands to destroy the core of the formation.

And just when everyone's heart sank to the bottom.

Suddenly Ye Feng spoke up: "Elder Fang, just go ahead and destroy the core of the formation. Leave this demon leader of the Ten Thousand Dao Realm to me."

Wow!

At this moment, everyone present looked stunned.

And the demon leader of the Ten Thousand Dao Realm high in the sky laughed even more, and said sarcastically: "Boy, are you out of your mind? You are just a weakling in the Super God Realm, but you dare to fight against me. "

Chapter 2338 Shocked to the point of dull eyes

At this time, with a hint of indifference in his eyes, Ye Feng stared at the demon leader in the sky who was constantly mocking him, and said loudly: "Whether it's just a fly shaking the tree, let's fight and we'll find out."

boom!

Almost at this moment, Ye Feng immediately burst out with extremely powerful fighting spirit, and suddenly rushed to the sky, charging towards the demon leader.

When the demon leader saw that Ye Feng really dared to charge at him, he immediately laughed disdainfully and said, "Ant!"

boom!

Almost at this moment, the demon leader rushed down from the sky. In an instant, he stretched out a huge black claw, full of infinite power and boundless, and bombarded him down.

"Chaos body!"

Ye Feng roared loudly and punched out hard.

"boom!"

Suddenly the two collided, and a terrifying roar broke out.

At this moment, Ye Feng immediately felt an extremely powerful force, which hit his fist.

But Ye Feng can still bear this kind of power.

"Boom!"

In an instant, a terrifying force exploded at the collision point.

Click!

The next moment, what shocked everyone was that one of the demon leader's claws was directly smashed into pieces.

"What?!"

The demon leader's eyes suddenly showed a trace of surprise: "You, a weak human boy, can actually break one of my claws? How is this possible?"

At this time, Elder Fang also had a look of surprise in his eyes, and couldn't help but say: "Elder Ye, hold back this demon leader while I destroy the core of the formation!"

boom!

After Elder Fang finished speaking, he immediately rushed towards the core of the formation high in the sky.

"Let's take action together!"

At this moment, other Northern Immortal Palace disciples and elders all took action, following Elder Fang and rushing high into the sky.

At this moment, the eyes of the demon leader not far away changed, and he immediately moved toward the core of the formation to protect him.

Uh-huh!

But at this time, Ye Feng suddenly stepped in front of the demon leader, blocked his way, and immediately said: "Your opponent is me!"

"Get away!"

The demon leader immediately said coldly: "I just threw out a claw at random. Do you think you can fight with me if you can withstand my casual blow? I will crush you to death in one fell swoop!" "

"Dark Yuan Hand!"

The leader of the demon clan roared, and at this moment, a set of truly powerful demon clan inheritance was displayed.

At this time, Ye Feng also sneered: "Then let's see if you can crush me to death with one hand!"

Immortal Spear!

The ancient artifact, the Immortal War Spear, instantly appeared in Ye Feng's hand.

He suddenly received a very powerful combat power bonus.

Ye Feng held the Immortal War Spear in his hand, filled with infinite power, and instantly charged and bombarded the front.

"Boom!!"

Accompanied by an earth-shattering roar.

The immortal war spear in Ye Feng's hand instantly burst out with terrifying power, blasting and shattering the dark hand of the demon leader in an instant.

"What?!"

The demon leader's eyes showed deep shock, and he couldn't help but yelled: "

impossible! You are only in the super-god realm, how could you possibly crush my powerful inheritance, the Dark Yuanshou? Even Elder Fang, the most powerful among you, a strong human being in the Ten Thousand Dao Realm, cannot possibly fight against this Dark Yuan Hand! This is impossible! "

The demon leader's expression was arrogant just now, and now he was horrified.

Because Ye Feng easily shattered his dark hand.

This made the demon leader's eyes widen suddenly. It seemed that he never expected that the little weak human race in his eyes actually possessed such terrifying combat power?

"Suffer death!"

Ye Feng laughed loudly, and in an instant he held the Immortal War Spear and rushed in front of the demon leader in a flash.

"boom!!"

A spear struck out instantly, and a huge and boundless impact and destructive power erupted from the tip of the spear.

"Black Scale Defense!"

The demon leader's eyes were shocked, and he immediately used a secret technique to gather all the black scales on his body together to form a huge scale defense shield.

"Pfft!"

But how could this kind of defensive scale shield withstand an ancient artifact like the Immortal War Spear? It was suddenly pierced.

"Pfft!"

The immortal war spear instantly pierced the black scale shield, pierced the demon leader's chest, penetrated the entire body, and shattered the heart.

"ah!!"

The demon leader immediately screamed, and his heart was pierced by the immortal war spear. The huge pain crazily stimulated the demon leader's nerves.

At this time, the core of the formation not far away shattered.

Elder Fang immediately laughed out loud in the distance: "The formation was finally broken! Let's escape quickly! This time the demon leader was hit

It's a trap, let's leave first and think about it long term. "

"I don't think it's necessary anymore."

At this time, a disciple immediately poked the corner of Elder Fang's clothes, pointed to the sky not far away, and said: "Elder Ye... seems to have killed the demon leader..."

"What?!"

After the disciple finished speaking, a group of outer sect elders including Elder Fang showed deep astonishment in their eyes.

They immediately looked not far away, and immediately saw a young man in white, holding a dark and deep war spear in his hand, piercing the chest of the tall body of the demon leader, and hanging the demon commander in his hand The tip of the war spear.

"this....."

"hiss!"

Seeing this shocking scene, everyone present could not help but gasp.

The extremely powerful leader of the demon clan.

Just die?

Was he killed by Ye Feng, a warrior in the super-god realm?

At this moment, a group of Northern Immortal Palace elders and disciples, including Elder Fang, were so shocked that their eyes were dull.

At this moment, the immortal war spear in Ye Feng's hand killed the demon leader, and said with a smile: "The biggest threat is solved, kill all the remaining blood-sucking demons."

"OK!"

After Ye Feng finished speaking, a group of masters from the Northern Immortal Palace nodded instantly and charged away at the surrounding blood-sucking demon clan.

At this time, Ye Feng's powerful strength seemed to be even stronger than Elder Fang's.

Therefore, what Ye Feng said at this time has generated huge majestic power in the hearts of this group of Northern Immortal Palace disciples and elders who gathered in the town.

Obviously, everyone now regards Ye Feng as their backbone.

Chapter 2339 It's time to harvest

At this moment, Ye Feng used the Immortal War Spear to challenge the demon leader, showing his incomparable domineering attitude.

"The commander is dead?"

"Our powerful commander was actually killed by a human boy?"

... ??

At this moment, in the entire city, countless blood-sucking demon soldiers showed deep shock in their eyes.

They never thought that the powerful leader born among them would be killed by a seemingly ordinary young man from the human race?

This is something that all vampire demons have never thought of.

At first they thought they had caught a big fish.

But what I never expected was that it would turn out like this.

Their leader was instantly stabbed to death by Ye Feng.

"kill!"

"Kill!"

At this time, all the members of the Northern Immortal Palace were frantically killing the surrounding blood-sucking demon soldiers.

At this moment, the members of the Northern Immortal Palace all looked extremely excited.

Because their Elder Ye, this young elder, is so powerful.

At this time, Ye Feng began to release the Devouring Domain and began to devour the surrounding blood energy.

The blood energy of those blood-sucking demon clan soldiers is very thin, and they are not of much use.

But the demon leader who was killed was at the level of Ten Thousand Dao Realm.

Although his combat power is not very good, the blood energy contained in his body is still very powerful and majestic.

So at this time, after Ye Feng devoured the leader of the blood-sucking demon clan, all his skills were immediately injected into Ye Feng's body, rapidly increasing Ye Feng's skills.

The cultivation aura on Ye Feng's body suddenly began to break through.

"boom!"

Super Divine Realm Eighth Heaven!

"boom!"

The ninth level of the super-god realm!

At this moment, Ye Feng's cultivation aura

He was immediately promoted to two heavens.

At this time, Ye Feng's eyes were filled with deep surprise.

Unexpectedly, the leader of the demon clan with such a weak combat power could actually make himself rise to two levels in one fell swoop.

It seems that the origin of demon creatures is indeed extremely powerful.

At this moment, Elder Fang flew over not far away, with a hint of surprise in his eyes, and said excitedly: "Elder Ye, I didn't expect that your combat power is so powerful. It really makes me shocked." It's an eye-opener. It's really too powerful. That demon leader is not easy to deal with. I didn't expect to be killed by you in just a few moves."

Elder Fang's eyes were filled with deep shock.

Obviously, although he had attached great importance to Ye Feng before, he only felt that Ye Feng had a future and lacked some foundation for the time being.

But Ye Feng suddenly burst out with extremely powerful combat power, which instantly shocked Elder Fang.

Only then did Elder Fang realize that this young Elder Ye was far from being as simple as he had imagined.

Seeing Elder Fang's shocked look at this time, Ye Feng just smiled and patted his shoulder and said: "Elder Fang, it's not that I am strong, but that the demon leader is too weak."

Elder Fang curled his lips when he heard this. He didn't believe what Ye Feng said.

Even Elder Fang began to guess that Elder Ye was so young, but his cultivation and combat power were so powerful.

It can be seen that the identity of the other party is definitely extraordinary.

"Could this young Elder Ye be related to a certain big shot in our Northern Immortal Palace? He might even be the descendant of a super big shot. Otherwise, he wouldn't be such a monster, and the thing in his hand is A war spear, it looks terrifying, it's definitely a peerless weapon!"

At this time, Elder Fang couldn't help but start to make up his mind.

this

At that time, Ye Feng stared at the thousands of acres of medicinal fields behind the city with a hint of expectation in his eyes, and said loudly: "Let's go and take a look at the Blood Demon Rice grown in those medicinal fields. It seems to be A very rare grain with special nourishing effects. It's time to harvest it."

There is still killing in the city.

But the overall situation is decided.

After all, the most powerful demon leader has fallen.

The remaining blood-sucking demon soldiers are just trash.

Just leave it to the other outer sect elders from the Northern Immortal Palace to clean up.

Uh-huh!

Uh-huh!

At this time, Ye Feng and Elder Fang flew down from high altitude, and suddenly landed on the medicine field.

On the extremely wide acres of rice fields, each wheat plant is as tall as more than ten people, and is extremely thick, like a big tree.

Each grain of Blood Demon Rice is the size of a fist, exudes a faint blood-colored light, and has a rich rice fragrance that makes people want to take a bite.

Elder Fang's eyes were filled with wonder as he said: "This is exactly Blood Demon Rice. It is a special grain that can only grow on the land where the blood-sucking demon clan has its lair. After eating it, it can quickly strengthen a person's body." , The reason why those demons are so naturally strong and tall is mostly due to their eating habits since they were young. They grew up eating this special blood demon rice, so they are naturally very strong and powerful. "

Ye Feng nodded at this time, looked at the entire blood demon rice field, and said loudly: "Then start harvesting. The movement here will probably attract many strong demons soon."

"That's right."

Elder Fang nodded and said: "We will harvest first, and then we will distribute it when we return to the gathering point town."

"good."

Ye Feng agreed, and then quickly harvested these blood demon rice.

Huge acres of rice fields, covered with leaves

Elder Feng and Fang soon finished harvesting.

At this moment, they continued to move towards the interior of the city and came to a huge breeding farm.

In this huge breeding farm, all the monsters kept in captivity are various large-sized monsters. There are tens of thousands of them. Each one is as tall as a mountain, enough to feed an army of hundreds of thousands for several months.

So at this time, with a hint of excitement in his eyes, Ye Feng immediately rushed into the breeding farm.

He wanted to release the Devouring Domain, but Elder Fang, an outsider, was here.

If Elder Fang discovers his devouring ability, he will definitely doubt his identity.

At this time, Ye Feng could only continue to put the huge monsters into storage rings with Elder Fang, and then distribute them after returning to the gathering point town.

Soon all the monsters in the huge breeding farm were plundered and put into the storage rings of Ye Feng and Elder Fang.

At this time, Elder Fang was very happy and said to Ye Feng: "Elder Ye has made a great contribution this time, destroying a super large breeding pond of a vampire demon clan. When I return to the gathering point town this time, I will send a message immediately. For the central hall of the Northern Immortal Palace, Elder Ye will definitely get a lot of sect contribution points!"

When Ye Feng heard this, his eyes lit up, he smiled and clasped his fists and said, "Thank you very much, Elder Fang."

At this time, Ye Feng was quite happy. With the guarantee and contact of Elder Fang, one of the top ten elders of the outer sect, his identity as Elder Ye of the Northern Immortal Palace was even more recognized.

Ye Feng felt that after the decisive battle between the Northern Immortal Palace and the vampire demons was over, he might really be able to directly enter the Northern Immortal Palace as an outer elder. That would also be a good choice.

Uh-huh!

Suddenly at this time, a big black dog ran over from a certain direction not far away and whispered in Ye Feng's ear: "Boy Ye, I found a good place in this breeding farm, come with me!"

Chapter 2340 Young Monk

The big black dog said these words to Ye Feng at this time, with a sinister look on his face.

Obviously, the big black dog definitely doesn't want to share the place he's going to next with other people.

Ye Feng's eyes showed a look of understanding, and then he looked at Elder Fang beside him, and said: "You continue to clean up the battlefield in the entire city. I am going to go outside to be on guard now to see if there are any other strong demons around to support me. here."

Elder Fang nodded and said: "Okay, thank you very much Elder Ye. The area in the entire farm city is still very large. It is estimated that it will take some time to clean up the battlefield."

After finishing speaking, Elder Fang hugged Ye Feng and said, "Then I'll leave first."

Uh-huh!

Elder Fang left, apparently to instruct other members of the Northern Immortal Palace to clean up the battlefield throughout the city.

At this time, Ye Feng looked at the big black dog beside him and said, "Let's go. I hope you find a good place. No, if you find a good place, why don't you just keep it for yourself? You must use your own The means can't get in."

When Ye Feng said this to the big black dog, a trace of embarrassment appeared on the dog's face, obviously he was right.

The big black dog immediately said: "Boy Ye, there is a very strong metal door in that place. I can't open it and I can't find any way to open it. But boy Ye, don't you have a glove that can touch anything under the sun? ? Come with me quickly and open that entrance."

At this time, Ye Feng and the big black dog ran directly in a certain direction of the demon breeding farm.

The direction they ran to was a very remote place in this demon breeding farm.

This place is almost deserted, and no one will arrive here to look for anything, because the surroundings are all desolate, and the city walls have collapsed and have not been repaired until now.

At this time, the big black dog led Ye Feng to a collapsed city wall.

"Crash!"

The big black dog stretched out its paws and dug up the broken stones of the collapsed city wall in front of it.

Among the rubble, a huge

metal door.

The metal door is dark gold in color and engraved with ancient lines and patterns, seeming to be some kind of ancient totem.

At this time, Ye Feng stared at the metal door, directly released the God Clan gloves, and began to touch the metal door.

The metal door soon felt soft, and then he kicked it out hard.

"Boom!"

Suddenly the entire metal door shattered.

Turned into countless fragments.

Behind the metal door, there is a huge deep passage that leads to an unknown place.

At this time, Ye Feng looked at the big black dog and said, "Let's go."

The big black dog seemed a little scared and said: "Young man Ye, please go first, I will follow you."

Snapped!

But Ye Feng slapped the big black dog and sent it flying into the passage. He couldn't help but said: "You are made of steel and iron, what are you afraid of? Have you forgotten that you also have the indestructible power of the Vajra?"

The big black dog immediately yelled: "You are still a Chaos Body! One of the most powerful bodies in the world!"

boom!

While the big black dog was talking, suddenly the entire passage burst out into a large sheet of flames, which instantly enveloped the big black dog and then burned quickly.

"Depend on!"

"Fire formation!"

"Master Gou, I hate the flame formation the most!"

The big black dog ran forward quickly, and the flames could not hurt it.

Uh-huh!

Ye Feng followed immediately and soon caught up with the big black dog.

Although the big black dog cursed loudly, his desire for treasures had long surpassed his fear.

It ran quickly in front, and in a moment it triggered a formation with terrifying lethality.

.

There are flame formation, thunder formation, wind blade formation, ice formation and so on.

However, these formations in the passage may be a disaster for others.

But for the powerful Ye Feng and the big black dog, it hardly caused much harm.

One person and one dog quickly shuttled through the entire passage and arrived at the end of the passage.

"This is....."

When they reached the end of the passage, they were immediately shocked by the scene in front of them.

At this moment, in the eyes of one person and one dog, the area at the end of the passage suddenly became clearer.

The area ahead was a huge underground valley.

Throughout the valley, ancient sculptures were built on the rock walls.

These ancient sculptures are all statues of giant Buddhas.

There are hundreds of giant Buddha sculptures standing in the entire underground valley, looking extremely majestic and majestic.

At this time, the big black dog was a little stunned and couldn't help but said: "This seems to be an ancient relic of Buddhism. I didn't expect that there is such an ancient relic of Buddhism under such a remote underground place. It's so... Are the many giant Buddha sculptures being built here to suppress something? After all, this is the home of the vampire demons."

Ye Feng walked forward slowly and said aloud: "No matter what the situation is, first look to see if there is anything good in it."

The big black dog nodded and said, "That makes sense."

After saying that, one person and one dog immediately started searching in this ancient underground valley.

Large Buddha sculptures stand on the surrounding rock walls, looking very majestic and magnificent.

Buzz!

At this moment, Ye Feng immediately released his soul power and spread it around.

"Um?"

Soon Ye Feng noticed something

The silk is abnormal.

In the middle of this valley, there is a very strong energy fluctuation.

Uh-huh!

Ye Feng flashed to the middle area of the valley in an instant, and then pressed one hand on the ground.

"boom!"

Almost at the next moment, Ye Feng immediately released a very powerful force and began to bombard the ground.

"Rumble..."

The entire ground suddenly shattered.

Then under the ground, a golden prison was immediately revealed.

At this time, a young monk with extremely dignified behavior was actually trapped in the prison.

This young monk looked very holy, but there was a dark line between his eyebrows, which gave him an evil look.

"This is....."

The big black dog also ran over at this time, stood beside Ye Feng, looked at the young monk in the underground golden prison, and couldn't help but said: "What a great evil, this is definitely not a monk in Buddhism, definitely a A very terrifying demon."

Ye Feng stared at the young monk in the golden prison, and for a moment he felt a very strong sense of familiarity.

At this moment, Ye Feng couldn't help but reach out and touch the prison, feeling a strong urge to release the young monk.

"No! This is not my subjective wish! I have been deceived!"

At this moment, Ye Feng suddenly gritted his teeth and immediately woke himself up.

Then he broke into a cold sweat.

With such a powerful soul power, he was suddenly bewitched by this young monk!

At this moment, the young monk with an evil face suddenly opened his eyes in the golden prison, stared at the person and the dog outside, showed a faint smile, and said: "Two donors, let the poor monk out. , I can fulfill all your wishes."
