

Ancient 2341

Chapter 2341 Identity Upgrade

At this moment, after the evil young monk finished speaking, the big black dog immediately cursed: "Evil monk, you can't even escape from this prison, and you dare to say anything to me to fulfill our wishes? I think you still are Find a way to escape from this prison."

After the big black dog finished speaking, he pulled Ye Feng and walked away.

Ye Feng couldn't help but said: "Big black dog, have you seen the identity of this demon monk?"

The big black dog shook his head. This dog, who usually loves to joke, had an extremely solemn expression at this moment, and said: "I feel a huge evil from this demon monk."

Ye Feng's eyes moved and he said: "Is it a dark race?"

The big black dog shook his head and said: "It's not a dark race, it's an extremely evil spirit. This demon monk is definitely a very strange and terrifying existence. Otherwise, it would be impossible for the ancient strong men to build so many giant Buddha sculptures. Suppress this monster monk here."

Hearing this, Ye Feng immediately nodded and said, "Then we'd better leave that monster monk alone."

Ye Feng originally thought that if this demon monk was from a dark race, he might be able to use the majesty of the Dark Emperor in his eyes of sin to deal with him.

But now this demon monk is not a dark race, but a demon race, or even an ancient evil race. It is better to stay away from such evil existences as much as possible.

At this moment, after Ye Feng and the big black dog searched the entire surrounding area, they finally found some good things.

Ye Feng pulled out a golden bead from the eyebrow of a Buddha statue, which actually contained an ancient scripture called the Ten Thousand Buddhas Scripture.

The big black dog also dug out a small golden Buddha statue from somewhere, which seemed to have some ancient power.

At this time, the big black dog stared at the golden bead in Ye Feng's hand and said: "The Ten Thousand Buddhas scriptures contained in this relic are definitely ancient and powerful Buddhist inheritance. Young man Ye, please understand it carefully. Maybe it will have some meaning for you in the future." Great help, but unfortunately, I couldn't find the Great Pursuit Technique."

The big black dog obviously covets the great universal salvation technique in Buddhism.

"Let the poor monk come out. The poor monk can teach you the Great Purity Technique." Suddenly the young monk in the golden prison not far away spoke.

"Shut up!"

The big black dog immediately glared at the young monk in the prison and said: "Monk, you are definitely not a disciple of Buddhism, but a kind of weird evil monk. Don't think that I can't tell who you are, Mr. Dog. You were probably a traitor to the Buddhist family and practiced evil spirits, so the Buddhist family built so many giant Buddhas to suppress you. "

After speaking at this time, the young monk with a demonic face was not angry. He just smiled faintly in the prison and said: "When you encounter an irresistible danger, you will naturally release the poor monk and help you survive." Difficult."

"never!"

The big black dog snorted coldly, and then left the underground space directly.

Ye Feng, on the other hand, glanced at this monster monk who seemed to have overwhelming power, ignored him, and followed the big black dog towards the ground.

Soon one person and one dog left the underground space.

They were standing on the ground, looking at the entrance to the underground space.

The big black dog stretched out a paw and immediately struck the ground.

"Rumble..."

Suddenly rubble rolled, and the entrance to this underground space was covered, never to see the light of day.

"Let's go."

At this time, Ye Feng and the big black dog left this area and soon returned to the previous demon farm city.

But at this time, they were a little stunned.

The entire demon breeding farm city was demolished by Elder Fang and a group of members of the Northern Immortal Palace who gathered in the town.

Now it has become an empty space.

Elder Fang flew over from a short distance away and said to Ye Feng with a smile: "Now that we are here, we cannot leave any resources for the other vampire demons, even the iron ore to cast the city walls. I also had people seize them piece by piece and take them all back."

Ye Feng gave a thumbs up and said, "Awesome."

Elder Fang said with a smile: "We are done, so let's go back. Calculating the time, it is estimated that other armies of vampire demons will come to support soon. If we don't leave, we will be attacked by the vampire demons." If the tribe's army and strong men surround you, you will be very passive."

"good."

Ye Feng nodded and said, "It's time to leave."

After finishing speaking, Ye Feng and Elder Fang took a group of other Northern Immortal Palace disciple elders and flew towards the previous gathering point town.

With Ye Feng and Elder Fang escorting them, the group of people did not encounter any danger at all, and soon returned to the gathering point town.

After distributing the wealth, Ye Feng went directly back to his residence with the big black dog, and then announced his retreat.

This time, as an elder, Ye Feng also killed the most powerful demon leader and saved everyone. He distributed nearly 70% of the wealth.

Ye Feng got nearly 10,000 magical beasts and tens of thousands of kilograms of blood demon rice.

These resources are of great benefit to the improvement of warriors' cultivation.

So at this time, Ye Feng announced his retreat, naturally in order to quickly refine these obtained resources.

The decisive battle is coming soon, so Ye Feng naturally wants to improve his strength as soon as possible and continue to improve his cultivation to a higher level.

At this moment, Ye Feng began to crazily devour the more than 10,000 monsters and a huge amount of Blood Demon Rice in his secret training room.

"Rumble..."

Ye Feng immediately felt that his skills and body were rapidly improving.

\u003e

"boom!"

The tenth level of the super-god realm!

"boom!"

Half a step to the realm of ten thousand realms!

At this time, Ye Feng's cultivation suddenly exploded to the Half-Step Ten Thousand Dao Realm.

"Hahaha, yes, these monsters bred by the vampire demons and the blood demon rice grown are really good things."

At this time, Ye Feng's eyes showed a hint of excitement.

I didn't expect that these seemingly ordinary resources would allow me to break through two realms at once. It can be said to be an unexpected surprise.

Ye Feng pushed open the secret practice room and walked out of his residence.

The first thing he saw was that Elder Fang was standing not far away.

The first time Elder Fang saw Ye Feng, his eyes suddenly lit up and he said, "Elder Ye has made a breakthrough again? This aura is..."

Ye Feng smiled and said: "I was lucky enough to break through to the Half-Step Ten Thousand Dao Realm."

"hiss!"

The moment Ye Feng finished speaking, Elder Fang couldn't help but take a breath of air.

Then Elder Fang said with some envy: "It's good to be young, with a bright mind, good understanding, and rapid improvement in cultivation. Like me now, it is difficult to continue to improve my cultivation unless I encounter extremely good cultivation resources. "

Ye Feng smiled and said: "Working hard will always pay off. By the way, what's the matter with Elder Fang coming to my place early in the morning?"

A mysterious smile appeared on Elder Fang's face and he said, "Look what I applied for for you, Elder Ye."

At this time, Elder Fang took out a pure gold token from his storage ring. On the token, there was also a string of small words gilded on it, which was engraved with: "The ten elders of the outer sect, exclusive to Ye Feng" Token"

Seeing this, Ye Feng's eyes suddenly lit up and he said: "My status has been upgraded to the level of the top ten elders of the outer sect? And I also have an exclusive engraved token that is different from ordinary elders?"

Chapter 2342 Sect Inspector

At this moment, Ye Feng was naturally very happy.

After all, this is the identity token of the ten elders of the outer sect.

In the Northern Immortal Palace, it is already considered a relatively high-level status.

At this time, Elder Fang smiled and handed the token in his hand to Ye Feng, and said loudly: "Elder Ye, I fought for you for a long time before convincing the reviewers in the central hall. You will be prosperous in the future. Don't forget me."

Ye Feng laughed, patted Elder Fang on the shoulder and said, "I am a person with a clear distinction between grudges and grudges. I will naturally repay those who treat me well."

At this time, Ye Feng said, carefully looking at the identity tokens of the ten inner sect elders in his hand.

The big black dog came over from not far away, clicked his tongue twice, and said, "What's the use of a broken token? It's better to give him some actual rewards."

When Elder Fang heard what the big black dog said, he couldn't help but said immediately: "Oh, yes! There is indeed a reward, I almost forgot about it."

After speaking, Elder Fang took out a small box from the storage ring. When he opened it, he found a round white pill.

Elder Fang said: "This is a powerful pure Yang pill refined by our Northern Immortal Palace Tiangong Hall. It has very strong pure Yang power. After us warriors swallow it, our whole body will be filled with pure Yang power." Transformation and baptism have very miraculous effects."

Ye Feng glanced at this powerful Pure Yang Pill, but secretly shook his head.

This is a very ordinary pill, not as magical as Elder Fang said.

It is estimated that after swallowing it, it will be of no use to you.

However, for ordinary half-step Ten Thousand Dao Realm warriors, this elixir is probably of considerable use.

But for Ye Feng, whose body was like a bottomless pit, this ordinary pill was of little use.

But Ye Fengming still accepted it on his face.

He took the powerful Pure Yang Pill and said with a smile: "Thank you sect for the gift."

Elder Fang smiled and said: "Elder Ye, the decisive battle is about to begin. Tonight we will leave this gathering point town and go to the core area of the vampire demon clan's lair, the Dark Palace."

Ye Feng's eyes moved and he said: "Dark Palace? Is there going to be a general attack so soon?"

"That's right."

Elder Fang nodded, his eyes became a little solemn at this moment, and said: "Elder Ye, you have to know that our Northern Immortal Palace is determined to eradicate the blood-sucking demons this time, so this time we will perform well. Good opportunity. To be honest, in the eyes of our senior officials in the Northern Immortal Palace, ordinary disciples are nothing more than cannon fodder. The real elites and mainstays are us elders with strong cultivation bases. Therefore, after this

general attack begins, we elite elders will not We need to join the frontal battlefield, which is too dangerous. What we have to do is to follow the elite team from the Northern Immortal Palace and go around to the back of the Dark Palace of the vampire demons to destroy the foundation of the vampire demons. "

When Ye Feng heard what Elder Fang said, his eyes suddenly moved slightly.

Fortunately, he is now an elder-level figure in the Northern Immortal Palace.

If they were ordinary disciples, they might be sent to join the frontal offensive and become cannon fodder.

At this time, Ye Feng also understood the cruelty of this decisive battle.

At this moment, Elder Fang saw Ye Feng being silent and couldn't help but patted him on the shoulder and said: "Don't think too much, war is so cruel. What we have to do is obey the orders of the superiors of the sect and do what we should." As long as the blood-sucking demon tribe's lair can be completely eradicated,

Then our northern land will become extremely safe, which can be regarded as an explanation to all sentient beings. "

Ye Feng thought for a while and suddenly asked: "Our senior officials in the Northern Immortal Palace are so determined to eradicate the blood-sucking demon clan's nest. Is it really just for the peace of the northern land? Are those senior officials from the core of the vampire demon clan's lair? What did you find in the land and what do you want to get?"

"Boo!"

When Elder Fang heard what Ye Feng said, he immediately covered Ye Feng's mouth, looked around, and whispered: "We are gathering in this town, because the general offensive is about to start, so a new person has arrived in the past few days. If the sect inspector, who is extremely tyrannical in cultivation, hears that you are so suspicious of the other purposes of the sect's upper echelons, he will definitely imprison you."

When Ye Feng heard what Elder Fang said, he immediately nodded, and then asked in surprise: "Sect inspector?"

Elder Fang nodded and said: "Yes, this sect inspector is called Shen Qingge. He is the inner elder of our Northern Immortal Palace. He is a powerful genius selected from the core disciples. He is much more powerful than our outer elders. Don't provoke him, just obey his orders."

Hearing this, Ye Feng couldn't help but ask: "What level of cultivation is this sect inspector Shen Qingge currently at?"

Elder Fang said with a hint of awe in his eyes: "Shen Qingge is an existence in the Wuji Realm that has surpassed the Ten Thousand Dao Realm. His cultivation is very terrifying. And it is said that Shen Qingge took the initiative to come here this time to lead a team of elite elders to go deep into the world. Behind the Dark Palace, the home of the blood-sucking demons, he carried out sabotage plans just to achieve meritorious service. He is the registered disciple of the most powerful master of the Heavenly Temple of the nine temples in the Northern Immortal Palace. As long as he completes this mission, Shen Qingge can Get rid of the identity of a registered disciple and become an official disciple of a super big man like the Master of the Heavenly Temple!"

"Master of the Heavenly Temple

A named disciple? "

At this time, Ye Feng heard Elder Fang mentioning the Temple of Heaven, and his eyes immediately froze.

He thought of his number one enemy in the Northern Immortal Palace, the Lord of the Heavenly Palace, Xiao Tianshen!

Back then, Ye Feng killed a clone of Xiao Tianshen in the low-level domain, which aroused the murderous intention of Xiao Tianshen himself.

In the end, Ye Feng escaped by chance, but Ye Feng knew that in the end he would still have to face the terrifying enemy Xiao Tianshen.

I didn't expect to meet indirectly so soon.

This powerful sect inspector Shen Qingge is currently Xiao Tianshen's registered disciple.

This made Ye Feng's inner desire to become stronger quickly even stronger.

Xiao Tianshen, the master of the Tianshen Temple, and a registered disciple that he may not even care about are so powerful and are in the Wuji Realm above the Ten Thousand Dao Realm.

So how powerful and terrifying is Xiao Tianshen himself, the master of the Tianshen Temple, the head of the nine major temples of the Northern Immortal Palace?

But no matter what, Ye Feng has a belief in his heart that he can definitely defeat Xiao Tianshen and obliterate him!

If Xiao Tianshen himself can't defeat it.

Then why go to the central land of the God Realm, how to face the Chaos God Clan, the top three most terrifying God Clan in the God Realm, and how to rescue his mother?

"All the elders in the gathering point towns, come to the central square to gather. I have something important to announce to you."

Suddenly at this moment, Ye Feng and Elder Fang heard a majestic young man's voice from high in the sky.

"It's Shen Qingge, the sect's inspector."

Elder Fang immediately said to Ye Feng: "Let's gather at the central square quickly!"

Chapter 2343 The Rear Area

At this moment, Elder Fang immediately led Ye Feng towards the central square of this gathering point town.

Soon they arrived at the square area and found that many other outer sect elders were already standing obediently in the square.

Elder Fang and Ye Feng came over and walked into the crowd.

At this time, a handsome young man wearing a green shirt stood on a high platform made of molten iron in front of the square.

This man in green shirt is none other than the sect inspector that Elder Fang mentioned before, Shen Qingge!

This is a powerful inner sect elder!

Possessing the tyrannical cultivation level of Wuji Realm.

And it comes from the Heavenly Temple, the first of the nine major temples in the Northern Immortal Palace.

He is a registered disciple of the legendary Lord of the Heavenly Temple.

This multiple identities made everyone feel that Shen Qingge was a very noble being.

At this moment, Shen Qingge glanced at everyone present and said loudly: "Who is the commander-in-chief of your gathering point town?"

Elder Fang immediately walked out of the crowd, bowed his hands respectfully, and said, "Sir Inspector, I am the commander-in-chief here."

Shen Qingge nodded slightly and said in an irresistible tone: "From now on, you are no longer the commander-in-chief. I am the new commander-in-chief. From now on, all of you outer elders must obey my orders. Do you understand?"

"clear!"

Elder Fang immediately nodded and bowed.

Obviously, Elder Fang had to keep a low profile and be complimentary in front of this powerful sect inspector.

Shen Qingge was quite satisfied with Elder Fang's attitude and said: "Very good, then let's set off now and go to the rear of the vampire demon clan's lair. The decisive battle has probably already begun. Many powerful people in the vampire demon clan are now Attention is drawn to the general offensive battlefield in the front. What our team has to do is to sneak in from the back of the Dark Palace, carry out all kinds of destruction, and find a very special place, find a very special place. Something special."

Some outer sect elders couldn't help but ask: "What is it?"

Shen Qingge glanced at him and said lightly: "This

It's my secret, so don't ask any more questions. Anyway, this time we are not just an elite team, there are many other elite teams, all of which are very strong. If we want to stand out, we need to work hard. Who is afraid then? Damn it, don't blame me for being the first to kill him! "

At this time, Shen Qingge spoke, his tone full of cold and decisive murderous intent, which immediately made many outer sect elders present couldn't help but tremble.

Obviously, this Shen Qingge's cultivation aura is very powerful.

At this time, Shen Qingge took out a huge warship directly from his storage ring and said: "Everyone get on board, we will set off directly."

Uh-huh! Uh-huh! Uh-huh...

After the words fell, the elders of the outer sect flew to the huge warship one after another.

Ye Feng followed the others and boarded the huge warship.

This time the big black dog didn't follow.

The big black dog said that the Dark Palace was too dangerous and was unwilling to go.

Regarding this, Ye Feng felt that the big black dog must be talking nonsense.

Because where there is treasure, it is impossible for the big black dog not to go.

But since the big black dog has said he is unwilling, Ye Feng will naturally not force the big black dog to go with him. He just said that if he forgets to come back to this gathering point town, the big black dog can go to the Northern Immortal Palace in the future. Find yourself.

"Rumble..."

At this time, the extremely huge warship, under the control of Shen Qingge, instantly flew towards a certain direction in the distance.

Shen Qingge's warship is also imprinted with a concealment formation.

So at this time, the warship was traveling at high altitude and did not alert any vampire demons.

The warship soon arrived at the core of the vampire demon clan's lair.

At this time, everyone on the warship could see that the dark palace not far away was an endless expanse of

The vast building complex is like an ancient demon kingdom, with a very wide territory.

This is the real lair of the entire vampire demon clan!

At this moment, everyone saw that at the front of the Dark Palace, there were already strong men from the Northern Immortal Palace, with countless disciples and millions of warriors, frantically attacking the blood-sucking demon clan in the Dark Palace. Nest place.

The scene of that kind of war was very vast.

Ye Feng actually hopes to join the vast battlefield directly in front, because there is very majestic blood energy there that he can swallow secretly. ??

But when I think about the frontal battlefield, it may be extremely dangerous. Even if my cultivation level is gone, I may just be cannon fodder.

Moreover, Ye Feng felt that the Northern Immortal Palace allowed so many patrols to lead the elders in the gathering points to form elite teams to lurk into the rear of the dark palace to cause destruction. They must be looking for something very special. Something precious.

The previous sect inspector Shen Qingge also said before setting off that this time, in addition to wreaking havoc in the rear of the blood-sucking demon clan, he also needed to find a very special place and a very special thing.

Ye Feng felt that following Shen Qingge, an elite team, might gain more.

At this moment, Shen Qingge said aloud: "We directly bypass the main battlefield in front and go to the rear of the vampire demon palace complex. I estimate that there may be other elite teams faster than us and are already in the rear. "

At this time, Shen Qingge said, leading everyone off the warship and lurking behind the vast dark palace.

Sure enough, they saw that the city wall at the rear also collapsed. It was obvious that other elite teams had come one step ahead and destroyed it directly.

"We need to hurry up."

At this moment, Shen Qingge immediately appeared in his hand with a long knife, emitting the light of thunder and lightning, and instantly led everyone into the palace building at the rear.

Uh-huh! Uh-huh! Whoa...

...

They entered the palace complex in the rear area and began to search.

"Enemy attack! Enemy attack!"

But at this moment, fully armed blood-sucking demon soldiers immediately rushed out from the surrounding buildings. Each of them had frightened and angry eyes, and they rushed towards the group of human teams that suddenly broke in. .

The blood-sucking demon soldiers guarding the rear are all very powerful in cultivation. They are basically all super-god-level or even powerful demons in the Ten Thousand Dao Realm!

"A bunch of weak vampire demons! Die to me all!"

But at this time, Shen Qingge smiled coldly and slashed forward with a sharp knife.

The moment he slashed out, a huge thunderous blade suddenly burst out from the long sword, and in an instant, "Puff" and "Puff" cut all the blood-sucking demons that rushed over into two halves.

The entire demon team composed of dozens of super-god realm and ten thousand realm experts were killed by Shen Qingge's sword in an instant.

It has to be said that although Shen Qingge, the sect's inspector, is aloof and arrogant, his own strength is indeed very terrifying.

At this time, Shen Qingge immediately said to a group of outer sect elders behind him: "The palace hall of the dark palace directly in front of us. It is said that the underground treasure house of the blood-sucking demon clan's lair is buried under the palace hall."

Uh-huh!

At this time, Shen Qingge said and flew directly towards the palace hall.

At this time, a group of outer sect elders behind him all followed him.

Before Ye Feng left, he silently put all the corpses of the dozens of super-god and ten thousand-level demons killed by Shen Qingge into his storage ring.

Other elders from the outer sect noticed this scene and were a little surprised. Why did Elder Ye collect these useless blood-sucking demon corpses?

But no one asked. After all, the situation was urgent. Maybe Elder Ye had some special hobby for the vampire demons.

Chapter 2344 Underground World

Although the blood-sucking demon soldiers guarding the rear are all very powerful.

But with Shen Qingge, a powerful Wuji Realm expert, leading the way, many outer sect elders basically didn't need to take action along the way.

Ye Feng's heart was filled with joy.

Because he followed the crowd to pick things up, he got many corpses of powerful vampire demons. .???.??

These powerful vampire demons in the Dark Palace are all vampire demons with the blood of the emperor.

Therefore, the skill they provided Ye Feng was extremely powerful and mellow.

While constantly picking up leaks, Ye Feng secretly devoured the skills and blood energy in the corpses of the blood-sucking demons he picked up, and accumulated strength. Finally, he completely broke through the bottleneck of the half-step Ten Thousand Dao Realm, and directly broke through to the first level of the Ten Thousand Dao Realm. sky!

I have to say that it is quite a good thing to follow the strong and pick up the slack.

Ye Feng felt that if he could continue to pick things up like this, he might be able to continue to break through soon.

But at this moment, the group finally arrived at the palace hall.

At this time, there were many human corpses on the ground. They must be the masters of other elite teams of the Northern Immortal Palace who were killed.

At this time, Shen Qingge seemed to notice something, and immediately stretched out his hand and shook it behind his back, saying: "Stop!"

A group of outer sect elders immediately stopped.

At this time, Shen Qingge looked into the palace hall and immediately discovered that the entire hall was full of corpses.

There didn't seem to be any danger around.

Shen Qingge immediately said to an outer elder nearby: "You, enter the palace hall and test whether there is any danger."

"Huh? This..."

The outer elder who was targeted was immediately panicked.

boom!

but

Before the outer sect elder could hesitate, Shen Qingge directly picked up the outer sect elder by his collar and threw the outer sect elder into the palace hall area inside.

"boom!"

Suddenly, a blood-red beam of light burst out from a certain direction high in the sky and hit the outer elder.

"Pfft!"

The outer sect elder's entire body exploded instantly and he died immediately.

"It is a powerful protective formation."

At this moment when the outer sect elder died, Shen Qingge immediately rushed towards a certain direction high in the sky.

"boom!"

He directly slashed out with his sword, shattering the core of the formation that was exposed at the moment the formation was activated.

"Uh-huh!"

At this time, Shen Qingge didn't even bother to care about the group of outer elders behind him. He immediately rushed into the palace hall and jumped into a deep passage on the ground of the palace hall.

This deep passage is obviously the entrance to the underground treasure house, but now it has been opened. There may be many strong men fighting inside.

At this time, he watched Shen Qingge directly enter the underground treasure house.

Many of the outer sect elders dispersed in a hurry, unwilling to follow Shen Qingge any longer.

Even if they know that the deep passage leads to the very noble palace treasure house in the lair of the vampire demon clan.

They are unwilling to enter it.

Because it is too dangerous.

They also saw the scene where Shen Qingge treated human life as nothing.

So at this time, all the elders from the outer sect fled in all directions.

, they were already satisfied by searching for some ordinary wealth elsewhere in the palace building.

At this time, Elder Fang looked at Ye Feng and couldn't help but ask: "What is Elder Ye going to do next?"

Ye Feng said: "I want to follow up and take a look."

Ye Feng was still very interested in the underground treasure house of the palace.

He always felt that there must be a treasure inside.

Otherwise, it would be unexplainable that the Northern Immortal Palace sent so many elite teams to sneak in from the rear. Entering the palace treasure house, they must be searching for something very important.

Ye Feng was very curious about what kind of thing the upper echelons of the Northern Immortal Palace valued so much.

At this time, Elder Fang knew that Ye Feng had decided to leave, so he stopped persuading him and said, "Be careful, I hope to see you return safely in the Northern Immortal Palace."

After Elder Fang finished speaking, he immediately left this extremely dangerous palace area.

At this time, Ye Feng walked into the palace hall and directly released the devouring domain, absorbing and devouring the skills of all the powerful people in the entire palace hall who were killed by the previous guarding formation.

"boom!"

Suddenly, Ye Feng's cultivation level once again achieved a breakthrough.

Stepped directly into the second level of Ten Thousand Dao Realm!

The reason for such rapid progress is that in the palace in the rear, both the vampire demons and the human elite team who came here are extremely powerful beings, far beyond the cannon fodder on the front battlefield of the general offensive. .

Uh-huh!

At this time, after Ye Feng swallowed it, he did not waste time and immediately jumped into the deep passage on the ground of the palace hall.

"Wow..."

After jumping into it, Ye Feng immediately felt himself falling rapidly in the darkness.

After nearly half an hour of free fall.

Ye Feng finally reached the hard ground.

"I have been free-falling for such a long time. How deep is the underground space where I am standing now?"

At this time, Ye Feng looked forward and saw it immediately.

A suddenly enlightened underground world appeared in his field of vision.

This underground world is extremely huge and vast. The sky is gray and the earth is pitch black. There are many ancient and strange demonic plants that have never been seen before.

"I didn't expect that there would be a small demon world hidden under the palace of this blood-sucking demon clan. It's really magnificent and shocking."

Ye Feng couldn't help but sigh.

It seems that the so-called underground treasure house in the lair of the vampire demons is actually a small demon world, very grand and vast.

"I wonder where Shen Qingge went when he entered this underground world?"

Ye Feng thought secretly in his heart.

He released his soul power at this time and prepared to explore if there was anything special around him.

"Rumble..."

But suddenly at this moment, a very violent vibration suddenly came from a certain direction not far away, as if the entire earth was shaking continuously.

"That is....."

At this time, Ye Feng looked in the direction of the vibration sound not far away, and immediately saw a very shocking scene.

In the distance, under the bombardment of many strong human beings, on the dark land, accompanied by the collapse of earth and rocks outside a huge black mountain, an ancient pyramid emitting golden light slowly appeared.

Chapter 2345 Continue to pick up leaks

The huge pyramid now exudes a faint golden light, looking full of a sacred atmosphere.

At this moment, as the mountain slid down, the entire pyramid hidden in the mountains was revealed.

At this time, many masters from the Northern Immortal Palace who entered this underground world in the distance rushed in from the first entrance of the bottom layer of the huge pyramid in an instant.

When Ye Feng saw this scene, he naturally couldn't help it and quickly flew towards the huge pyramid.

Ye Feng's speed was very fast, and he arrived at the bottom area of this huge pyramid in a blink of an eye.

At this time, I really stood in front of the pyramid. The entire pyramid looked extremely majestic.

At this time, Ye Feng's eyes showed a trace of surprise, and he couldn't help but look at the entrance of the pyramid.

He discovered that the entrance to the first level of the pyramid was guarded by experts from the Northern Immortal Palace.

At this time, Ye Feng immediately flew over and said loudly: "I am the top ten elders of the outer sect, please let me in."

The gatekeepers are two young men, both of whom have powerful cultivations at the sixth level of Ten Thousand Dao Realm.

At this time, they stared at Ye Feng and said with a cold smile: "What qualifications does an outer sect elder have to enter? We are still inner sect elders. We can't enter. We can only guard the door here. Only the inner sect elders are allowed to enter." Only elite members are qualified to enter the pyramid to find opportunities, improve themselves, and undergo transformation."

When Ye Feng heard what the other two said, his eyes immediately turned cold and he said in a deep voice, "You two want to block my way of making money?"

At this time, the two inner elders of the Northern Immortal Palace who were guarding the gate immediately sneered and said: "Oh? How dare a small outer elder dare to talk to our inner elders like this? I think you are tired of living!" "

The taller man from the inner sect of the two said with a smile: "Although the sect stipulates that we cannot kill each other, I can teach this boy who doesn't know the heights of the world a lesson and let him know that the inner sect

The strength of the elders cannot be matched by the elders of the outer sect. "

At this time, the man from the inner sect said, and immediately walked slowly towards Ye Feng.

In his eyes, Ye Feng, who was only at the second level of the Ten Thousand Dao Realm, was no match for a strong man like him, who was at the sixth level of the Ten Thousand Dao Realm.

Ye Feng smiled coldly and said: "Get out of my way now, don't delay me from getting rich!"

boom!

At this moment, Ye Feng suddenly burst out with extremely powerful power and rushed forward in an instant.

Ye Feng didn't bother to care about these two inner sect elders who were blocking the way. In his eyes, these inner sect elders were not considered masters at all, but just a bunch of fish.

"You kid actually dare to fight back?"

"He actually rushed towards us? Then we will capture him and interrogate him properly!"

At this moment, the two inner sect elders suddenly showed deep anger in their eyes, because they never thought that Ye Feng, a miscellaneous fish, would dare to take the initiative to attack them.

"Devil's Black Palm!"

"Great Creation Sword Slash!"

At this moment, the two inner sect elders from the sixth level of Ten Thousand Dao Realm immediately took action.

Boom!

Boom!

In an instant, two extremely violent killing moves burst out from the two inner sect elders.

An inner sect elder slapped it, and it immediately turned into a towering demonic black palm, full of terrifying pressure and killing power.

Another inner sect elder, holding a sword in his right hand and a knife in his left hand, performed a sword slash, full of terrifying power.

Fear of cutting power.

The levels that Ye Feng is now exposed to are naturally very powerful beings.

But Ye Feng is also very powerful now.

"Boom!"

For a moment, Ye Feng didn't even use any martial arts moves. He suddenly burst out with his tyrannical chaotic body power, and rushed forward in an instant, full of an indomitable and terrifying impact.

"Boom!"

Suddenly a terrifying roar sounded.

Ye Feng didn't hesitate at all, and all of a sudden he knocked all the two inner sect elders flying backwards.

"puff!"

"puff!"

The two inner sect elders were unable to withstand Ye Feng's powerful body. They felt as if their whole bodies had been struck by lightning, and they flew backwards, spitting out a mouthful of blood in the air. They were very embarrassed, and then fell hard. on the ground.

"What?!"

"This mere outer sect elder is so powerful?"

At this moment, the eyes of the two inner sect elders were filled with deep horror.

At this time, Ye Feng didn't have time to talk nonsense with the two inner sect elders, so he just ducked into the pyramid.

After he entered the pyramid, he immediately saw that this was the first level of space.

There are signs of brokenness everywhere on the ground. It is obvious that a big battle took place here, and a very intense fight took place.

Ye Feng didn't find anything on this first floor and continued to move upward.

When Ye Feng arrived at the second floor, there was still no one there.

But there were already many dead bodies on the ground on the second floor.

These dead people are basically those who can enter the Northern Immortal Palace.

Master.

Of course, there are also some very terrifying demon corpses covered with black scales.

Obviously, there are very terrifying demons inside this pyramid. They are not even vampire demons, but another demon race that is older than the vampire demons.

Moreover, this kind of demon is so terrifying that it can actually cause the death of such a terrifying master of the Immortal Palace in the Northern Region.

You must know that the masters of the Northern Immortal Palace who can enter the underground world under the palace must be very powerful.

But even though it was so powerful, a very difficult fight took place on the second floor at this time, leaving corpses on the ground. It was obvious that the battle situation at that time was very tragic.

At this time, Ye Feng was glad that he came in later, otherwise he would probably have become cannon fodder.

Although Ye Feng knew that his true combat power was very powerful, after all, his realm was only the second level of Ten Thousand Dao Realm, and he was still incomparable to the core inner sect elders like Shen Qingge.

After all, it was a powerful being in the Wuji Realm that far exceeded the level of the Ten Thousand Daos Realm.

But at this moment, Ye Feng focused all his fiery eyes on the corpses on the second floor of the pyramid.

All very powerful beings have fallen in this place.

Whether it is a strong human race or a demon living in the pyramid.

Almost all of them were at the Dzogchen level of the tenth level of the Ten Thousand Dao Realm and fell to this second level.

There are hundreds of them.

These are all cultivation resources for Ye Feng, and they are something that greatly supplements his own skills.

"It seems I can continue to pick up the missing items again."

"Devouring the Realm!"

At this moment, Ye Feng suddenly burst out into the Devouring Domain and began to devour all the blood energy in the entire second layer!

Chapter 2346 Divine Corpse

Buzz...

At this moment, a layer of extremely dark devouring territory suddenly appeared on Ye Feng's body, directly covering all the fallen corpses of the strong men on the entire second level.

This moment.

"Boom!"

Immediately there was endless blood energy, all of which converged towards Ye Feng, was absorbed by the Devouring Domain, and then injected into Ye Feng's body.

At this moment, Ye Feng immediately felt a very majestic and powerful power, which was quickly injected into his body.

At this moment, Ye Feng felt that his power was rapidly breaking through.

"Boom!"

The third level of Ten Thousand Dao Realm!

"Boom!"

Fourth level of Ten Thousand Dao Realm!

"Boom!"

The fifth level of Ten Thousand Dao Realm!

At this time, Ye Feng's cultivation finally stopped.

At this moment, there was a bright color in Ye Feng's eyes.

Unexpectedly, this time the blood energy from the corpses of so many strong men was found on the second level of the pyramid.

These are all great supplements.

For Ye Feng, he does not necessarily need to devour the blood energy of living creatures.

The energy of the dead strong man is also extremely precious to Ye Feng.

Once it is swallowed, it can also continuously increase Ye Feng's strength and cultivation.

This time Ye Feng once again broke through the third level.

He directly broke through to the fifth level of Ten Thousand Dao Realm.

The speed of this breakthrough can be said to be very terrifying.

But this situation is very rare.

After all, it's impossible for there to be so many corpses of fallen strong men anywhere.

At this moment, Ye Feng immediately rushed towards the third level pyramid.

Soon Ye Feng came to the third floor.

The third level is the entire pyramid

The highest level.

The entire third floor space is very huge.

At this time, the third floor is like entering a new small world.

From the majestic sky, the spire cannot be seen at all.

At this time, there was only a huge corpse floating in the starry sky.

At this time, Ye Feng saw that these masters from the Northern Immortal Palace were all fighting for the huge corpse at this moment.

At this time, Emperor Chu suddenly spoke in Ye Feng's mind: "Ye Feng, this huge corpse suspended in the sky exudes a very strong aura of a god. It seems to be the corpse of a god!"

When Ye Feng heard what Emperor Chu said, he immediately showed a trace of surprise in his eyes: "Is it possible that the upper-class figures in the Northern Immortal Palace are ultimately plotting against this divine corpse?"

At this time, Ye Feng finally understood why the upper levels of the Northern Immortal Palace launched such a huge war.

It turned out to be to plunder the corpse of this ancient god.

After all, the corpse of this ancient god possesses unparalleled power. Once it can be resurrected or refined into an obedient puppet, it will be able to explode with overwhelming power and even be able to suppress the entire Northern Immortal Palace. background.

At this moment, Ye Feng was extremely passionate about the corpse of this god.

But he knew that with his current level of cultivation, he was simply unable to participate in the competition at high altitudes.

"Rumble..."

At this time, countless strong men were fighting high above the entire pyramid.

The masters of the Northern Immortal Palace were all frantically attacking the powerful demons.

These demons are all native creatures in the pyramid, and may be the descendants of this god's corpse.

There are corpses of strong men falling from the sky one after another.

Fall down, after all, the battle situation is too tragic.

Ye Feng knew at this time that he could not participate in the brutal fighting at high altitude. With his current cultivation level, if he joined in, it would definitely be a dead end.

So at this time, Ye Feng was sneaking around on the ground. Wherever the strong man's body fell, Ye Feng immediately ran over and devoured it.

In the next few hours, Ye Feng swallowed up the bodies and skills of nearly dozens of super masters.

Ye Feng's cultivation level is experiencing a violent surge.

When he first arrived, he was still in the fifth level of Ten Thousand Dao Realm.

But now a few hours have passed, after devouring the skills of dozens of fallen strong men who fell from high altitudes.

Ye Feng's cultivation level has silently grown to the ninth level of Ten Thousand Dao Realm!

This is a huge breakthrough.

Ye Feng was so happy inside.

Although I can't participate in that kind of battle between super strong people.

Nor can he covet the corpse of that kind of god.

However, Ye Feng also benefited greatly from this fierce fight.

"How dare you plunder the remains of our demon god! It's so abominable! All of you abominable humans must die today!"

Suddenly at this moment, a towering demon at the top of the pyramid roared loudly.

The cultivation of this majestic demon was extremely vast, definitely far surpassing Ye Feng's cultivation.

At this moment, the moment the tall demon finished speaking, he exploded himself, and then formed a ball of blood-red essence and blood energy, which suddenly rushed into the eyebrows of the corpse filled with endless vicissitudes of life. among.

"Buzz!"

And in the next moment, an ancient and boundless aura of ancient power resurrected on the corpse of this god.

.

I saw this tall and boundless divine corpse. At this moment, it suddenly opened its eyes. The eyes were like two bloody oceans, filled with endless and vast momentum.

Almost at this moment, all the masters who were besieging the Northern Immortal Palace panicked.

"The divine corpse has revived?"

"The demon commander just now actually sacrificed himself and turned into a ball of his own essence and blood, which merged into the brow of the divine corpse and temporarily revived the divine corpse!"

"Even though this divine corpse is not really resurrected, but it only cost a little bit, I'm afraid none of us can resist it!"

At this moment, all the masters from the Northern Immortal Palace retreated to avoid the edge.

"Rumble..."

But at this time, the corpse of the demon god suddenly burst out with tremendous power, stretched out a majestic and boundless hand, as if it was grabbed from ancient times, and suddenly it was about to move forward before it had time to retreat. More than a dozen super masters from the Northern Immortal Palace were directly shattered and turned into nothingness. Not even their blood was left. They were directly wiped out from the world, and all traces disappeared.

"hiss!"

Seeing that this divine corpse possesses such terrifying power, a group of super masters from the Northern Immortal Palace could not help but gasp.

And this time.

"Boom!"

Suddenly, a huge beam of light descended from high in the sky.

In this pillar of light, the figure of a tall and boundless young man was filled with monstrous power. The aura on his body was actually able to faintly compete with the resurrected divine corpse.

"It's the Lord of the Heavenly Temple!"

"Master Xiao Tianshen is here!"

"Now we are saved!"

At this moment, countless super masters from the Northern Immortal Palace who were feeling desperate couldn't help but cheer.

Chapter 2347 Frontal Battlefield

At this moment, all the masters from the Northern Immortal Palace were cheering.

Because the figure of the young man standing in the pillar of light that just fell from the sky, full of boundless and majestic power, is none other than Xiao Tianshen, the master of the nine major temples of the Northern Immortal Palace.

The arrival of such a terrifying powerful man naturally made all the masters of the Northern Immortal Palace feel inspired.

At this moment, the aura emanating from Xiao Tianshen's body was so terrifying that it was comparable to the corpse of a newly resurrected demon body.

How is that not exciting?

All the super masters of the Northern Immortal Palace were standing behind Xiao Tianshen at this time, with admiration in their eyes.

Obviously, Xiao Tianshen, the master of the Heavenly Temple of the Northern Immortal Palace, is not only a superior being in the eyes of ordinary disciples, but also an object of worship in the eyes of the elite elders of the Northern Immortal Palace.

At this moment, in an inconspicuous corner high up in the sky, Ye Feng looked at Xiao Tianshen's majestic figure high up in the sky, his eyes filled with a deep coldness.

However, Ye Feng's eyes were also filled with surprise.

Because he can feel that although he has become much stronger than before.

But Xiao Tianshen seems to have become much stronger when you were chasing him.

Ye Feng immediately understood that although he was making breakthroughs and getting stronger, his enemies were also getting stronger.

This time, if Xiao Tianshen gets this divine corpse, his strength may skyrocket again.

But Ye Feng knew that now he had no ability to stop all this, and no way to destroy Xiao Tianshen's snatching of the divine corpse. He could only watch from the side and wait for the situation.

At this moment, Ye Feng was lurking deep in the corner underground, like a poisonous snake with dark eyes, silently

With Mo's growth and development, he is waiting to give Xiao Tianshen a fatal blow in the future.

At this time, high in the sky.

Xiao Tianshen was very powerful, and the aura he exuded was simply earth-shattering.

At this moment, the corpse of the demon god that had just revived did not show any fear. It waved its tall palm and grabbed Xiao Tianshen fiercely.

"I have been coveting the corpse of the God of Demons for so long, and today I finally got my wish."

At this moment, Xiao Tianshen showed a deep greed in his eyes, and he rushed towards the divine corpse.

"Creation of heaven and earth!"

Xiao Tianshen roared, and suddenly a terrifying inheritance was released.

His whole body suddenly turned into a terrifying white light, but it was able to open up the world, like the light that first opened up from the chaos, full of a sense of the vastness of the era.

"Boom!"

Xiao Tianshen's cultivation was still very terrifying, and he was able to block the newly resurrected corpse in one fell swoop.

However, the corpse of the Demon God is, after all, the corpse of an ancient god. Even if it is only revived a little, it is still full of boundless power.

At this moment, the corpse of the demon god was actually able to contain Xiao Tianshen.

At this time, Xiao Tianshen immediately spoke to the elite elders of the Northern Immortal Palace around him and said: "This corpse of the Demon God has been restrained by me. You must take action now to kill this corpse." Take out the core between the eyebrows of the divine corpse. As long as it loses its source of power, this divine corpse will

It's not that scary anymore, it will be suppressed directly by me! "

Everyone has seen before that the blood and essence of the self-sacrificing demon leader finally entered the core between the brows of this divine corpse, so it was possible to briefly resuscitate this divine corpse.

Therefore, as long as the core of the eyebrow heart of the divine corpse can be shattered now, the source of power of the divine corpse can be completely cut off. In this case, this corpse of the devil god will become an ownerless thing, and it will be obtained by Xiao Tianshen.

Ye Feng was watching carefully below. He knew that the scene in front of him could no longer be stopped, so he chose to leave directly now.

Because Xiao Tianshen has such a strong cultivation strength, once he is free, he may be able to detect Ye Feng's aura underneath. After all, Ye Feng once snatched an extra brute force gem from the hands of Xiao Tianshen's clone.

Although the brute force gem has been refined by Ye Feng, Ye Feng is not sure that Xiao Tianshen will not sense it. ??

So at this time, Ye Feng knew that his purpose of coming here had been achieved, and there was no need to stay any longer. If he continued to stay, it might only bring danger.

A super powerful person like Xiao Tianshen is indeed not something he can compete with and fight for the time being, so it makes no sense for Ye Feng to stay any longer at this time. He directly chose to leave the pyramid area, and then quickly left the entire underground. The world has returned to the ground.

Ye Feng didn't care whether Xiao Tianshen could finally get the corpse of the devil god.

He now knows that what he can do is to use this war as much as possible to continue to improve his cultivation strength.

Therefore, Ye Feng did not continue to waste time in the underground world. He chose to return to the surface at this time and came directly to the battlefield directly in front of the Dark Palace.

area.

"Rumble..."

At this moment, the battlefield of the general attack was still extremely fierce, with countless blood-sucking demons and disciples from the Northern Immortal Palace still fighting.

Uh-huh!

Ye Feng suddenly entered the battlefield at this time. He immediately saw countless blood-sucking demons and Northern Immortal Palace disciples fighting. The endless blood and murderous intent were all condensed together. It was simply It soared into the sky, and the entire battlefield was filled with smoke, giving it a tragic feeling like an epic war.

At this moment, Ye Feng did not hesitate at all, and immediately released the devouring domain, and suddenly entered the battlefield, starting to kill the blood-sucking demons while also devouring the majestic blood in the entire battlefield.

The entire frontal battlefield is too grand and vast, so no one will notice that Ye Feng is using the method of devouring in such a chaotic and vast battlefield.

So at this time, Ye Feng knew that this was his best opportunity to devour blood energy and improve his self-cultivation.

Ye Feng naturally would not waste it!

"Boom!"

"Rumble..."

All the majestic blood energy was absorbed by Ye Feng and injected into his body.

Although this frontal battlefield does not have as many super masters as in the underground world, it cannot handle the large number of people.

On the frontal battlefield here, there are hundreds of thousands or even millions of blood-sucking demons and Northern Immortal Palace disciples fighting.

Therefore, the blood energy produced is also extremely terrifying, and it is like gathering into a vast ocean of blood energy on the battlefield.

At this time, Ye Feng was very happy to swallow it, and his skill was growing rapidly!

Chapter 2348 Horrible destructiveness

At this moment, for Ye Feng, it was simply the happiest time.

Because he can devour a steady stream of blood energy in this battlefield.

This is simply a paradise for Ye Feng.

"Rumble..."

The infinite terror and majestic blood energy were all gathered into one furnace and injected into Ye Feng's body.

Ye Feng's cultivation level had just broken through in the pyramid area before.

At this moment, his skill continued to grow rapidly, and another breakthrough occurred.

"Boom!"

Tenth level of Ten Thousand Dao Realm!

"Boom!"

Half step to the infinite realm!

At this time, Ye Feng found that all the blood and energy in the battlefield he passed had been swallowed up by him.

"There is a strange human race here! He can actually swallow the magic power of our blood-sucking demon race! This kind of people must be eliminated! It is really terrifying!"

As Ye Feng continued to devour, the sight of the blood-sucking demons turning into shriveled corpses finally attracted the attention of many blood-sucking demons.

boom!

boom!

Suddenly, several extremely powerful blood-sucking demon leaders, all of whom were powerful beings at the tenth level of the Wuji Realm, immediately surrounded and killed Ye Feng, unwilling to give Ye Feng a chance to continue to grow.

Because this was the first time they encountered such a weird human race, they were able to swallow the magic power of different attributes from their vampire demons, thereby improving themselves.

This ability is really terrifying!

Even the vampire demons couldn't help but feel horrified when they saw Ye Feng's ability at this moment.

They have seen many practitioners with the power of swallowing, but basically they can only swallow powers of the same attribute, or powers of the same race.

But these

This is the first time for the vampire demons to see a being that can swallow different attributes of power and merge it into one.

Devouring is not terrible.

But the power that swallows different races can still be merged into one.

This is very scary!

So at this time, Ye Feng suddenly attracted more than a dozen powerful blood-sucking demon leaders who had reached the tenth level of the Wuji Realm, and all of a sudden they came to kill him.

Obviously, this group of blood-sucking demons are very smart. They know that human beings like Ye Feng are absolutely terrifying in combat power, so there are no existences at the third level of the Wuji Realm, or the fifth or sixth heaven level of the Wuji Realm, to surround them and kill them. Ye Feng.

But all those who came here were from the tenth level of the Wuji Realm and had perfect cultivation. They were absolutely crushing cultivations, and there were more than a dozen blood-sucking demons.

Obviously, these dozen vampire demon leaders wanted to make sure Ye Feng died.

"Sure enough, my devouring behavior attracted the attention of the strong vampire demon clan."

At this moment, Ye Feng sighed secretly, unable to swallow it properly.

But now, facing the dozens of blood-sucking demon leaders who had reached the tenth level of the Infinite Realm and had perfected their cultivation, Ye Feng's eyes showed no fear at all, but a eagerness to fight.

"How dare this human boy show his fighting spirit to us?"

"What a boy who is not afraid of death! It just so happens that he didn't escape, then we will kill him completely!"

In an instant, the dozen or so demon commanders who rushed over burst out laughing.

It made them think that Ye Feng, a weak human boy, had lost his mind.

"Boom!"

At this moment, more than a dozen demon commanders held the powerful weapons in their hands and slashed at Ye Feng.

The power that erupted at this moment was truly terrifying to the extreme with more than a dozen demon commanders who had reached the tenth level of the Wuji realm.

Even if it is just a demon commander who has attained the level of Dzogchen in the Tenth Level of the Infinite Realm, the power he can unleash is probably extremely terrifying, enough to collapse mountains and rivers.

What's more, there are now a dozen demon commanders, united and bursting out with power.

This kind of attack frenzy is so terrifying that even the Six Paths of Reincarnation Mirror experts above the Wuji Realm and the ordinary Six Paths of Reincarnation Realm first-level experts may not be able to withstand it.

But at this time, facing this terrifying attack frenzy, Ye Feng's eyes became more and more intense with fighting intent.

At this moment, Ye Feng suddenly exploded with all his power. ??

Chaos body!

The ancient divine ring!

At this moment, Ye Feng activated the power of chaos all over his body, and ancient divine rings lit up on his body, helping Ye Feng infinitely increase his combat power.

Ye Feng's fighting state suddenly reached a peak, and he burst out with terrifying and boundless power in an instant.

"Immortal Spear!"

At this moment, Ye Feng used his most powerful fighting state, holding the immortal war spear in his hand, and suddenly charged forward fiercely to kill.

"Boom!!"

Immediately the next moment, an extremely terrifying roar sounded throughout the entire field.

Ye Feng's Immortal War Spear, driven by Ye Feng's terrifying power, exploded with an extremely terrifying impact.

The Immortal War Spear was like the most terrifying weapon in the world. It instantly shattered all the weapons in the hands of more than a dozen demon commanders.

Then "Puff" and "Puff" were heard several times, and the Immortal War Spear continued to charge, directly piercing the bodies of the three or four demon commanders at the front.

The terrifying fighting spirit in the Immortal War Spear instantly destroyed the vitality of these three or four demon commanders.

Three or four demon commanders who were at the tenth level of the Wuji Realm were killed by the Immortal War Spear in Ye Feng's hand at this moment!

"What?!"

The combat power and destructive power that Ye Feng unleashed at that moment immediately changed the expressions of the remaining ten demon commanders who had reached the tenth level of Wuji Realm and reached the Great Perfection.

"How can this human kid be able to explode with such terrifying power when he is only half-step to the Wuji Realm? This is impossible!"

"It must be the war spear in his hand! It is full of infinite power! It is definitely a very terrifying weapon!"

"Nonsense! If it wasn't a terrible weapon, how could he have shattered all our weapons at once? But even with such a terrible weapon, he definitely has very terrible combat power, otherwise it would not be possible to break out. So horribly destructive!"

...

At this moment, the remaining ten demon commanders showed fear in their eyes and even wanted to retreat.

Because they felt that they still underestimated Ye Feng, a young human being, whose combat power far exceeded their imagination.

"Want to leave?"

But at this time, Ye Feng saw that the ten demon commanders seemed to be thinking of retreating. He immediately picked up the war spear in his hand without any hesitation and charged towards the ten demon commanders in front of him in an instant!

Chapter 2349 Next Plan

At this moment, Ye Feng is chasing down ten demon leaders who have reached the tenth level of Wuji Realm and Dzogchen Perfection on the chaotic battlefield.

This scene shocked many of the surrounding masters of the Northern Immortal Palace who were fighting the vampire demons.

"What? Did I read that correctly? A human warrior with a half-step Wuji Realm cultivation level is hunting down ten demon commanders with a perfect level of cultivation at the tenth level of the Wuji Realm?"

"This...which fierce man from our Northern Immortal Palace is this? So powerful! He is simply a role model for our human warriors!"

"It's too exaggerated! But it actually appeared in front of our eyes! This is too terrifying. After all, the ten demon commanders are not acting. They are really afraid that the human warrior will fool him!"

"That human warrior is quite young. He is wearing the clothes of the outer elders of our Northern Immortal Palace, but his combat power is probably more powerful than many ordinary inner elders!"

...

At this time, in the entire chaotic battlefield, many disciples from the Northern Immortal Palace or other masters let out deep exclamations.

Because this scene was really shocking.

You must know that an ordinary half-step Wuji realm warrior will definitely be like an ant in front of a demon commander who has cultivated the tenth level of Wuji realm and can be crushed to death with one hand.

But at this moment, everything is turned upside down.

"boom!"

Suddenly, Ye Feng caught up with a demon leader, and immediately pierced the demon leader's back with a spear, even picking out a long spine of the demon leader, which was very bloody.

"ah!"

At this moment, seeing this terrifying scene, the remaining nine demon commanders were so frightened that they screamed.

"He is not human at all! He is an evil being even more terrifying than us vampire demons!!"

At this moment, a group of demon commanders shouted loudly, their voices full of deep madness and fear.

"Don't even think about running away!"

Ye Feng devoured the demon leader he had just killed and rushed forward again, the immortal war spear in his hand erupting.

Using tremendous power, he quickly killed three more demon leaders.

Every time he kills a demon leader, Ye Feng's skill becomes stronger.

After all the remaining ten demon commanders were killed, they were all devoured.

Ye Feng finally accumulated enough strength and instantly broke through the final bottleneck, suddenly reaching the true limitless realm.

"The First Level of Wuji Realm!!"

Ye Feng's eyes were filled with endless high spirits at this time.

He held the Immortal War Spear in his hand, and the tip of the spear was still dripping with blood.

At this moment, Ye Feng was like the God of War, full of infinite fighting power and momentum.

Suddenly, in the chaotic battlefield around him, no vampire demon dared to approach Ye Feng.

“We really came to the right place this time!”

Ye Feng's eyes were very satisfied.

At this time, Ye Feng continued to charge, preparing to continue to devour and continue to strengthen his power and cultivation.

"Boom!"

But suddenly at this moment, a huge and boundless roar suddenly erupted from the depths of the dark palace not far away.

"Rumble..."

Everyone immediately saw a very shocking scene.

The vast land of the palace not far away suddenly split from the middle, and a huge gap appeared.

The underground world under the Royal Palace suddenly opened a world rift at this moment.

An infinite and huge dark hand suddenly stretched out from the underground world.

"Break it for me!"

At this time, Xiao Tianshen unexpectedly rushed out from the dark palm with a huge divine corpse.

Xiao Tianshen left the scene with the corpse in an instant.

But at this time, that one was the big hand of darkness, which immediately began to destroy the entire battlefield.

"Boom!"

"Boom!"

The terrifying big hand of darkness bombarded them crazily from high in the sky. Many weak Northern Immortal Palace disciples on the battlefield were killed by this terrifying big hand of darkness in an instant, without any resistance at all.

Obviously, this dark hand has incomparable power, and it was definitely the disaster caused by Xiao Tianshen forcibly taking away the corpse.

But Xiao Tianshen seemed unable to defeat this dark master, so he ran away with the divine corpse, completely ignoring all the ordinary disciples of the Northern Immortal Palace on the battlefield outside. He was an extremely selfish person.

That big dark hand seemed unable to break free from the shackles of the underground world, and could only stretch out to attack nearby areas.

But at this moment, many disciples of the Northern Immortal Palace died. ??

Perhaps in the eyes of some high-ranking figure in the Northern Immortal Palace, ordinary disciples are indeed just cannon fodder, and there is no need to care about the life or death of these ordinary disciples.

After all, as long as the Northern Territory Immortal Palace recruits new students every year, countless young people from all over the northern land will squeeze their heads to enter the Northern Territory Immortal Palace and become disciples of the Northern Territory Immortal Palace.

Therefore, the most indispensable thing in the Northern Immortal Palace is these ordinary disciples.

"Run!"

"Run! Hurry up and run for your life!"

...

At this moment, countless disciples from the Northern Immortal Palace in the entire battlefield screamed crazily and fled towards the rear.

At this moment, Ye Feng looked at the terrifying big hand of darkness that was constantly bombarding him. Strong men were constantly being killed, and he quickly fled towards the distance.

At this moment, the human army that was supposed to attack the entire Dark Palace of the Vampire Demon Clan was instantly defeated and all fled towards the territory of the Vampire Demon Clan.

But everyone realized one fact today, that is, the real upper-level figures of the sect,

He doesn't care about their life or death at all.

This can be seen from the fact that Xiao Tianshen, the master of the Heavenly Temple, ran away with the divine corpse.

Ye Feng's eyes were a little downcast at this time, but he didn't expect that Xiao Tianshen would eventually get the extremely precious corpse of the devil god.

However, when Ye Feng came here this time, he also gained a lot, and his cultivation level improved by several realms.

At this time, Ye Feng felt that if he met those elite inner sect elders in the Northern Immortal Palace again, such as Shen Qingge, he would not have to be afraid.

Uh-huh!

Ye Feng's speed was very fast, and he escaped from the dark palace area of the blood-sucking demon clan in a blink of an eye.

Ye Feng set foot on the land of the human race again. After identifying the direction, he flew directly towards the Northern Immortal Palace.

Now Ye Feng is no longer a casual cultivator, but one of the ten elders of the outer sect of the Northern Immortal Palace who has an exclusive token.

However, Ye Feng knew that he had to keep a low profile this time when he went to the Northern Immortal Palace.

After all, Xiao Tianshen himself is in the Northern Immortal Palace.

Although he has not yet come into contact with such a big shot, and Xiao Tianshen doesn't know what his name is, he only knows his face.

But Ye Feng still felt that he should pay attention to it.

"After going to the Northern Immortal Palace, you have to find out what kind of cultivation Xiao Tianshen himself has. In the early stage, you still have to be stubborn, quietly become stronger, and then become a blockbuster."

At this moment, Ye Feng was very clear about his next plan in the Northern Immortal Palace.

That is to grow silently and then kill Xiao Tianshen himself, the number one enemy!

Ye Feng felt that when he had the ability to kill Xiao Tianshen himself one day in the future, he should be qualified to go to the center of the God Realm.

Even if they reach the center of the God Realm by then, they will probably not be considered weak.

For the time being, let's hang out in the northern land of God Realm.

Chapter 2350 Two sets of inheritance

Ye Feng was very fast. In less than half a month, he had arrived at the Northern Immortal Palace.

The Northern Immortal Palace stands among the mountains. The largest palace is suspended above the nine heavens, and is even connected to some stars on the sky. It looks extremely majestic and grand.

For Ye Feng, if he wants to become stronger quickly in a short period of time, entering the Northern Immortal Palace to practice now is the best choice.

Because the blood-sucking demon clan's chaos is almost over. .??.

After all, even the corpse of the demon god was snatched away by Xiao Tianshen, the master of the Heavenly Temple.

The big black hand that finally appeared might not be able to keep the blood-sucking demons from continuing to fight in this land.

Therefore, Ye Feng knew that the vampire demons would soon withdraw from the big stage of the northern land.

Therefore, what Ye Feng wants now is not to continue hunting the vampire demons outside, but to enter the Northern Immortal Palace and use the resources of the Northern Immortal Palace, the northern overlord, to grow as quickly as possible.

Ye Feng is now the leader of the top ten outer sects in the Northern Immortal Palace. With this status, Ye Feng entered the Northern Immortal Palace very smoothly at this time and did not encounter any obstruction at all. Even the disciples guarding the gates around him saw it. The eyes towards him were filled with awe and reverence.

After all, the status of the top ten elders of the outer sect is quite noble.

After Ye Feng entered the headquarters of the Northern Immortal Palace at this time, the first place he wanted to go was the inheritance hall of the Northern Immortal Palace.

The inheritance palace is a very precious place in the Northern Immortal Palace.

Because it contains many extremely powerful inheritances in the entire Northern Immortal Palace.

From martial arts, to secret techniques, to various natal inheritances, etc., as long as they are powerful inheritances in the northern land, almost all are included in the inheritance hall of the Northern Immortal Palace.

This is Ye Feng who has not yet entered the Northern Immortal Palace.

I've heard of it before.

So he is now very interested in the inheritance palace of the Northern Immortal Palace.

It would be great if we could get some powerful martial arts from the inheritance hall of the Northern Immortal Palace.

After all, Ye Feng now has the Immortal War Spear, a powerful weapon in his hands, but his inheritance is now somewhat lacking. The only thing that can still keep up with Ye Feng's cultivation level is the inheritance of the Thunder Divine Crocodile that Ye Feng just obtained. .

Other inheritances have gradually failed to keep up with the progress of Ye Feng's powerful cultivation.

After all, Ye Feng's cultivation level has improved too quickly in the vampire demon clan's lair during this period.

At this time, Ye Feng quickly arrived at the inheritance hall of the Northern Immortal Palace.

Ye Feng now has the status of one of the top ten elders of the outer sect, so he has not encountered any obstacles in entering the inheritance hall.

However, an old man guarding the inheritance hall still appeared in front of Ye Feng.

The old man asked aloud: "Are you the latest promoted to the top ten elders of the outer sect?"

Ye Feng nodded and said, "That's right."

Ye Feng could feel that the cultivation aura of the old man in front of him was unfathomable, and he was definitely a very terrifying superpower.

But it makes sense when you think about it. After all, the inheritance hall of the Northern Immortal Palace is a very sacred and important place, and naturally it is guarded and guarded by super powerful people.

After Ye Feng finished speaking, the old guardian of the inheritance hall immediately nodded and said: "The newly promoted top ten elders of the outer sect are indeed qualified to enter the core area of the inheritance hall.

Now, after you enter the core area, you can freely choose two sets of inheritances, but they are only limited to inheritances that are one level higher than yours. Your current cultivation level is at the first level of Wuji Realm, so the highest level inheritance you can choose is limited to those at Wuji Realm. The inheritance of the Six Paths of Reincarnation Mirror level. "

In fact, after the elder guardian finished speaking, he continued: "You are a good young man. You have been promoted to the top ten elders of the outer sect at such a young age. It shows that you have great potential. If you practice and grow well, you will also be able to become one of the top ten elders in the future. You may be able to become a pillar of our Northern Immortal Palace, so now I suggest you not to choose the Six Paths Reincarnation Mirror level martial arts inheritance, because it is too difficult. After all, you have just stepped into the Wuji Realm, but For the first level of Wuji Realm, I suggest you first choose some inheritances at the peak level of Dzogchen for the tenth level of Wuji Realm. Don't be too ambitious, so as not to put the cart before the horse."

This guardian of the elderly obviously had a high opinion of Ye Feng, otherwise he would not have given such a lot of suggestions.

Ye Feng just clasped his fists slightly and said, "Thank you, senior, for reminding me. I will keep it in my heart."

After saying that, Ye Feng walked into the inheritance hall.

He did not stay at the first level of the inheritance hall, because the first level was just an area where ordinary disciples chose to inherit martial arts.

Ye Feng went directly to the second floor of the inheritance hall.

The second floor of this inheritance hall is the core area, which contains many advanced martial arts inheritances.

At this time, after Ye Feng entered the second floor, he immediately saw rows of bookshelves with almost no end in sight. This shows how many powerful inheritances and martial arts are loaded in this inheritance hall. This is definitely hundreds of books. The accumulation of generations, even thousands of generations.

After all, the Northern Immortal Palace is the overlord-level force in the entire northern land.

, has a profound foundation, so it is normal to have so many martial arts inheritances.

And this is also the reason why many young people are trying hard to enter the Northern Immortal Palace, because the Northern Immortal Palace has the most abundant cultivation resources in the entire northern land.

At this moment, Ye Feng concentrated his attention and began to observe the various inheritances on the shelves around him.

Although the advice of the guardian elder at the entrance of the inheritance hall is correct.

But the guardian of the old man didn't understand how evil Ye Feng's understanding was.

Therefore, Ye Feng is naturally unwilling to look for inheritance at the Wuji level at this time. After all, he only has the opportunity to choose two sets of inheritance, and he cannot let it go to waste.

If you want to find it, you must look for the most precious and most suitable martial arts inheritance.

The guardian elder said that now, the best thing you can do is choose an inherited martial arts that is one level higher than yours.

So Ye Feng walked directly towards the six-path reincarnation mirror-level martial arts inheritance area above the Wuji Realm.

Ye Feng was searching quickly at this time, looking around.

Half an hour later, Ye Feng finally selected two sets of inheritances that were most suitable for him at present. All of them were inheritances at the peak of the Six Paths of Reincarnation Realm. They were very powerful.

The first set is a spear technique called "Piercing the Sky", which Ye Feng chose to pair specifically for the use of the Immortal War Spear.

The second set of martial arts inheritance chosen by Ye Feng is a soul attack technique called "Thousand Thunder Heavenly Prison".

What Ye Feng didn't expect was that in the inheritance hall of the Northern Immortal Palace, he would casually find a set of soul attack techniques, the inheritance of the soul master.

It has to be said that the foundation of the Northern Immortal Palace is indeed extremely rich.
