Chapter 2351 Shen Qingge's shock

At this moment, when Ye Feng brought these two sets of inheritance out of the inheritance hall.

When the old guardian saw that Ye Feng didn't listen to his advice, and finally chose two sets of six-path reincarnation mirrors with peak-level martial arts inheritance, he was so angry that he puffed his beard and stared, saying: "Good boy, I don't usually like this. Talking to others, let alone giving advice to others, I didn't expect to make an exception for you this time. I just hope that you can grow up and be more stable in the future, but you don't listen to me. "

Ye Feng smiled and clasped his fists and said: "I have listened to the suggestions of my seniors before, but I think my ability may be more powerful than my seniors expected, so I chose these two sets of powerful inheritances."

When the old guardian heard what Ye Feng said, he couldn't help but look surprised: "What a good boy, you actually praised yourself in front of me. You are still the first. It seems that you are very confident in your own talent."

Ye Feng smiled and said: "It's okay. If senior doesn't believe it, senior will naturally be able to see it after I have mastered these two sets of inheritance in a while."

When the old guardian heard what Ye Feng said, he immediately nodded with interest, and then said: "If you, the boy, can fully understand these two sets of peak-level inheritance of the Six Paths of Reincarnation within half a month, , then I will personally reward you for choosing another set of martial arts."

When Ye Feng heard what the guardian said, his eyes immediately lit up, and then he said: "Okay, then it's settled!"

After saying that, Ye Feng immediately left the inheritance hall in a hurry and walked outside.

At this time, the guardian of the old man looked at Ye Feng's retreating back, with a faint smile of interest on his face, "He is an interesting boy, I hope he will not disappoint me."

...

After Ye Feng left the Heritage Hall, he walked directly out of the Northern Immortal Palace.

Because for Ye Feng, he has now obtained resources from the sect, and the next step is to train him to perfection.

These two sets of inheritance are very simple. They are the pinnacle martial arts at the level of Six Paths of Reincarnation.

For Ye Feng's current cultivation level, if he were an ordinary Wuji Realm first-level warrior, even those who were geniuses, it might be a bit difficult to practice these two powerful martial arts.

But these don't really exist for Ye Feng.

Because Ye Feng's demon comprehension ability has been transformed by the soul gem among the gems of the gods, and is very powerful.

But before Ye Feng walked out of the Northern Immortal Palace, he suddenly saw a familiar figure walking over from a short distance away and happened to meet him.

This person turned out to be Shen Qingge!

He was the sect inspector from the gathering point town where Ye Feng was previously.

"It's you."

Shen Qingge recognized Ye Feng. After all, he had led all the outer sect elders in that gathering point town before, so he still had some impression of Ye Feng, who knew the outer sect elders.

Ye Feng looked calm and said, "Is there something wrong with Elder Shen?"

"No."

Shen Qingge shook his head, stared at Ye Feng, and said: "I'm just surprised that you escaped from the terrifying big hand of darkness attack before. I remember that you should be deep in the palace at the end. Everyone in our team before Everyone is dead, including Elder Fang, the most powerful person... Huh?"

The aura of cultivation on your body? Have you actually entered the first level of the Wuji Realm? !

At this moment, Shen Qingge didn't care at first, but now he suddenly sensed the aura of cultivation on Ye Feng's body, and he had suddenly entered the Wuji realm, which shocked Shen Qingge's heart.

Because before, only half a month ago, Ye Feng's cultivation level was only half a step to the Ten Thousand Dao Realm.

But now they have entered the infinite realm.

This speed is too fast, right?

A little too scary, right?

At this moment, Shen Qingge fixed his curious eyes on Ye Feng and couldn't help but said: "Did you get some treasure in the dark palace of the blood-sucking demon clan? That's why you improved so quickly. "

Shen Qingge naturally didn't know about Ye Feng's devouring ability, so he immediately guessed that Ye Feng must have gotten good things from the dark palace of the previous vampire demon clan.

At this moment, Ye Feng suddenly noticed the deep greed hidden in the eyes of Shen Qingge, the inner sect elder.

In this regard, Ye Feng just looked calm and said: "I didn't get anything good. I just have good talent, that's why I broke through so quickly."

"impossible!"

Shen Qingge immediately shook his head and said loudly: "No matter how powerful your talent is, it is impossible to break through a great realm in just half a month. This is really exaggerated. You must have obtained it in the Dark Palace." Good stuff!"

Ye Feng was a little annoyed by Shen Qingge's questions at this time, and his tone became colder, and he immediately said: "Elder Shen, I don't need to report to you what I got, and please don't waste my time anymore. I will leave the sect to practice martial arts now."

When Shen Qingge heard Ye Feng's suddenly cold tone, his eyes suddenly showed shock and anger, and he couldn't help but said: "You dare to talk to me in such a tone? Don't think that you can break through to the Wuji Realm and be able to talk to me. I'm on par with you! I'm telling you, this is still early! I am a sixth-level existence in the Wuji Realm, and I am also an inner sect elder, and you are just an outer sect elder, with a much lower status than me."

When Ye Feng heard Shen Qingge say this, he immediately stopped talking nonsense with him and stopped talking to him. He walked directly outside the sect of the Northern Immortal Palace, preparing to find a good one. A place to practice martial arts, kill evil beasts, and experience yourself in the wild.

"You actually ignored me?"

Just watching Ye Feng forcefully leave from the side, Shen Qingge immediately showed an even more shocked and angry expression on his face, as if he didn't expect Ye Feng to be so bold.

Shen Qingge immediately looked at Ye Feng's back and immediately grabbed him: "Arrogant boy! Come back here! Answer my questions truthfully!"

"Get away!!"

But suddenly at this moment, Ye Feng turned around and punched hard.

"Boom!"

Suddenly, a terrifying force burst out. Ye Feng's fist was like the roar of a real dragon. It burst out with monstrous power. In an instant, Shen Qingge was directly blown away and fell hard to the

ground. On the ground in the distance, Shen Qingge couldn't help but spit out a mouthful of blood at the next moment.

"What?! He is so powerful?!"

Shen Qingge's eyes suddenly showed deep shock and dullness! At this moment, when Ye Feng brought these two sets of inheritance out of the inheritance hall.

When the old guardian saw that Ye Feng didn't listen to his advice, and finally chose two sets of six-path reincarnation mirrors with peak-level martial arts inheritance, he was so angry that he puffed his beard and stared, saying: "Good boy, I don't usually like this. "What?! He is so powerful?!"

Shen Qingge's eyes suddenly showed deep shock and dullness!

Chapter 2352 Going out to practice

After Ye Feng knocked Shen Qingge away with one punch, he did not directly kill Shen Qingge on the spot.

After all, this is the Immortal Palace in the Northern Territory.

If an inner sect elder like Shen Qingge was killed directly, there would still be a lot of trouble.

Moreover, this Shen Qingge is the registered disciple of Xiao Tianshen, the master of Tianshen Temple.

Ye Feng doesn't want to offend Xiao Tianshen, the number one enemy, so soon. He still needs time to grow.

But after being targeted, it was obvious that Ye Feng would not be willing to do anything without reaping some benefits. ??

So at this time, Ye Feng directly forcibly snatched the storage ring from Shen Qing, who was seriously injured and fell to the ground.

"don't want!!"

Shen Qingge roared loudly.

Snapped!

Ye Feng slapped Shen Qingge directly, turning him into a pig's head.

"Don't mess with me again, otherwise what I take away next time will not be your storage ring, but your head!"

He dropped a word coldly.

Ye Feng turned around and left the place.

After Ye Feng walked out of the Northern Immortal Palace, he directly entered the densest ancient jungle in the north.

This ancient jungle is said to be connected to the ancient wilderness forest.

As long as you don't go too far into this ancient jungle, you shouldn't be able to encounter those forbidden creatures that live deep in the wild forest.

At this moment, Ye Feng walked into the ancient jungle.

The first thing he did was not go directly to hunt monsters and beasts.

Instead, he found a rather secluded small valley, where he began to practice and comprehend the powerful inheritance he had just received, including the spear technique "Piercing the Sky" and the soul attack technique "Thousand Thunder Heavenly Lao".

Both sets of inheritances come from the Northern Immortal Palace, the inheritance hall of the northern overlord, and are very precious.

Buzz!

At this moment, Ye Feng took out the Immortal War Spear and began to comprehend and practice "Piercing the Sky".

As for the soul attack method "Thousand Thunder Heavenly Lao", Ye Feng practiced it at night.

Three whole days passed like this.

For three days, Ye Feng concentrated on comprehending these two powerful inheritances.

His cultivation speed is also very fast. Whether it is the spear technique of piercing the sky or the soul attack method of Ten Thousand Thunder Heavenly Lao, all of them have been comprehended to the intermediate level. As long as he undergoes some practical training and reaches the state of great achievement, It will be soon.

At this moment, Ye Feng left the secluded place where he practiced and went directly into this ancient jungle.

At this time, Ye Feng was preparing to go to the real wild forest area to find powerful monsters to fight, so as to hone the inherited martial arts he had just learned.

And if you can kill powerful monsters, you can also devour their blood and energy, which will also be of huge benefit to Ye Feng's improvement in cultivation and accumulation of skills.

In addition, Ye Feng has heard that deep in the wild forest, there are many special meteorite veins buried under the ground. If he is lucky enough to find a meteorite vein, then Ye Feng uses the God Clan gloves to continuously Extraction can definitely greatly increase the strength of your Chaos Body again.

After all, Ye Feng's most powerful confidence is the unique Chaos Heavenly Emperor Technique awakened from his own Chaos bloodline.

At this moment, Ye Feng was walking in the jungle.

The environment here, the surrounding trees, are getting taller and more majestic.

Even when Ye Feng looked up at the sky, he could no longer see the sky.

, all covered by towering trees.

Obviously, we have reached the real wild forest area.

"Roar!!"

Suddenly at this moment, an earth-shattering roar suddenly came out of the dense forest in the distance.

Like thunder from the sky exploding!

Ye Feng was startled by this sudden roar. .??.

"What monster?"

Ye Feng immediately looked in the direction not far away, and immediately saw that in the dense jungle not far away, a pair of dark golden eyes exuding blood, staring through the endless dense forest. He stopped himself, as if staring at a prey.

Ye Feng was stared at by a pair of eyes full of violence, which made him feel chills all over.

This is definitely an extremely terrifying monster!

"Rumble..."

Sure enough, at the next moment, a huge evil beast like a crocodile rushed out of the dense forest, its whole body covered with dense golden scales.

When he ran out at this time, it was like a huge mountain was rumbling and pressing. It was earth-shattering. The whole earth was shaking violently, as if the sky was falling apart.

This is an extremely powerful demonic beast!

It seemed to be a mutated golden-armored crocodile, with a body the size of a mountain. Under the sunlight, its cold scales glowed with a cold metallic sheen. It looked extremely oppressive and terrifying.

"It's a rare diamond crocodile with diamond blood!"

At this time, Emperor Chu's soul body suddenly flew out of Ye Feng's storage ring and said loudly: "Ye Feng, this is a very rare crocodile-like demon. The diamond blood in your body will temper your body." has huge benefits, and

And its inner elixir has the power of Vajra Heart. When I swallow it, I should be able to regain a lot of strength. "

Ye Feng nodded immediately and said, "Okay, I understand."

Ye Feng still trusts Emperor Chu, the emperor of the human kingdom thousands of years ago, after having been with him for so long. He also hopes that Emperor Chu can quickly regain his strength, so that he will have a big helper.

So at this time, Ye Feng stared at the diamond crocodile rushing forward, and instantly burst out the powerful inherited martial arts he had just learned.

"Pierce the sky!"

The Immortal War Spear suddenly appeared in Ye Feng's hand, and all of a sudden he used it to pierce the sky, directly turning into a beam of extremely fast light, full of unparalleled impact and sharpness.

"Pfft!"

As a divine light pierced the sky, a huge blood hole appeared in the head of the diamond crocodile at the next moment, which was directly pierced through the head.

"Boom!"

The huge and majestic King Kong crocodile immediately fell to the ground and died instantly.

At this time, Ye Feng's figure appeared not far away, with a hint of exhaustion in his eyes.

Although he was killed in one blow, the amount of power required to pierce the sky with such a terrifying spear technique at that moment was truly terrifying to the extreme.

It can be said that piercing the sky is a huge killing move, which can explode with super destructive power and lethality at critical moments.

At this time, Emperor Chu's soul body immediately flew to the huge corpse of the diamond crocodile, stretched out his hand to grab it, and directly dug out the huge inner elixir of the diamond crocodile, and then began to merge into his soul body.

At this time, Ye Feng began to release the Devouring Domain, and began to absorb and devour the entire King Kong Crocodile's majestic blood energy.

Chapter 2353 Flame Demon Lion

At this moment.

"Rumble..."

Along with Ye Feng's devouring, all the blood energy of the majestic demonic beasts was absorbed, and then injected into Ye Feng's body, rapidly increasing Ye Feng's skill and cultivation.

"boom!"

The second level of Wuji Realm!

Half an hour later, Ye Feng burst out with a new momentum, and he broke through to the first level.

Ye Feng's harvest this time was pretty good.

At the moment when he used Pierce the Sky, in the actual battle, Ye Feng understood the martial arts inheritance of Pierce the Sky even more.

It's almost time to enter the realm of Dacheng.

"Buzz!"

Suddenly at this moment, Ye Feng felt that his soul was a little dizzy, as if he would faint completely in the next moment.

But Ye Feng suddenly stirred up at this time, and his whole soul suddenly woke up.

"Someone is secretly performing a soul stun attack on me!"

Ye Feng immediately released his majestic soul power and spread it around.

Soon Ye Feng discovered that the being who had cast soul stun on him was not a human being, nor any other soul master, but a small, colorful snake.

"This is the Dream Snake, a strange species in the wild forest. It is born with the ability to confuse the souls of other living beings."

At this moment, the little light person that Emperor Chu transformed into sat on Ye Feng's shoulder, staring at the colorful little snake not far away and said aloud.

"Dream snake?"

Ye Feng's eyes showed a look of surprise.

I didn't expect that such a small snake has such a powerful soul power.

After all, Ye Feng's current soul power is extremely huge.

Being able to make Ye Feng dizzy in an instant shows that the soul power of this dream snake is still very powerful.

At this time, the little dream snake seemed to see that the soul stun it used on Ye Feng, a human race, had no effect, and immediately realized that it had messed with the wrong person.

Uh-huh!

This dreamy snake immediately fled quickly in a certain direction not far away.

"I just want to use this dream snake to try out the soul attack technique I just practiced, Ten Thousand Thunder Heavenly Lao."

At this time, Ye Feng immediately launched a soul attack on the dream snake not far away, Wan Lei Tian Lao.

"boom!"

At this moment, nothing changed on the surface.

But in the soul world of Dream Snake, earth-shaking changes have taken place.

In the dream snake's soul level, infinite thunder suddenly appeared, and the light of thunder formed a huge thunder prison. In an instant, the soul of the dream snake was imprisoned in a huge prison. In the prison, countless thunder and lightning began to shock Dream Snake's soul crazily, making a "crackling" sound.

"howl....."

The little dream snake suddenly let out a shrill scream.

On the top of Dream Snake's head, the image of a woman even appeared, begging for mercy: "Sir, please forgive me! The little demon has realized his mistake!"

"Pfft!"

But Ye Feng reached out and grabbed it at this time, and the Ten Thousand Thunder Heavenly Prison was instantly locked, crushing the dream snake in one fell swoop and shattering its soul.

"Wow!"

Ye Feng opened his mouth and inhaled, swallowing all the soul fragments of the dream snake to strengthen his soul power.

Directly from level 19,000 to level 20,000!

A small dreamy snake directly increases Ye Feng's soul power

It has reached a full thousand levels, which is already considered very good.

...

At night, Ye Feng slept in the wilderness in this vast forest.

He took out a sleeping bag made of monster fur, placed it on the ground, and lay down in it.

Ye Feng spent the whole day looking for monsters to fight with, and successfully honed both sets of inheritances to the level of Dacheng.

So Ye Feng was very tired at this time and was ready to take a nap.

If the old guardian of the inheritance hall knew about Ye Feng's achievements, he would definitely be shocked.

Because Ye Feng honed two sets of extremely powerful inheritance insights to the state of great achievement, it didn't take half a month at all, but only a few days. ??

But Ye Feng will naturally not choose to return to the Northern Immortal Palace now. He has just come out, and it would be a waste of time to go back now.

This commuting time is also very precious to Ye Feng, and he cannot waste time on the road.

So tonight Ye Feng directly chose to rest in this wild forest and sleep in the open all night.

"Buzz!"

Late at night, Ye Feng suddenly woke up.

He felt chilled all over, as if he was being stared at by some kind of terrifying creature.

This is a warning to the soul.

If it weren't for Ye Feng's powerful soul power, he would never have noticed this feeling of being targeted.

"It's a fire demon lion."

Emperor Chu spoke up at this time.

Ye Feng crawled out of his sleeping bag and looked in a certain direction under the dark night. Sure enough, he saw a huge lion with its body burning with flames, running towards him at a fast speed.

The cultivation aura of this flaming demon lion has surpassed the Wuji Realm. It is a powerful magical beast that is half a step into the Six Paths of Reincarnation Realm!

And it's still burning

The very terrifying flames indicate that its identity is absolutely extraordinary and terrifying.

It is definitely a wild alien species from the wild forest, inheriting the noble blood of ancestors from ancient times.

"Half-step to the Six Paths of Reincarnation, I don't know if I can beat it now."

At this time, Ye Feng murmured, and immediately took out the Immortal War Spear, and instantly launched the Sky-piercing Spear Technique. In an instant, it turned into a very terrifying sharp light,

full of terrible destructive power, and suddenly hit the flame lion's body. In front of you, you must pierce the head of the flaming lion.

But what surprised Ye Feng was that the moment he stabbed the flame lion's head with the immortal spear in his hand.

"boom!"

The flame lion suddenly opened its mouth and spit out a terrifying flame beam, which suddenly bombarded the immortal war spear in Ye Feng's hand until it stopped in place.

"Boom!"

The next moment, the flaming lion stretched out a front paw, and the huge lion paw burning with flames suddenly bombarded Ye Feng's body.

boom!

Ye Feng's entire body was immediately blown away.

Moreover, a huge wound was torn open in the chest. The wound was still burning with flames, burning the flesh and blood, and even smelled like barbecue.

Very painful!

"What a powerful remnant of the wilderness!"

Ye Feng couldn't help but take a breath of air at this time.

The strength of this flame demon lion is extremely powerful.

If it weren't for his strong physique, his flesh and bones would be as if they were made of divine iron.

I'm afraid that at that moment, Ye Feng had been torn apart by the claws of the Flame Demon Lion!

It has to be said that there are countless terrifying creatures living in the depths of this wild forest, including ancient alien monsters passed down from ancient times. They are powerful and terrifying. It is truly a place like a dragon's pond and a tiger's den.

Chapter 2354 Cry for help

It has to be said that this flame demon lion is very powerful.

He has perfectly inherited a very ancient demon bloodline, and his body is burning with terrible flames. In this dark night, he is just like a flame king.

At this moment, even Ye Feng showed a trace of solemnity in his eyes.

The flame demon lion he encountered now was much more powerful than the ordinary demonic beasts such as the diamond crocodile he encountered before.

This flame demon lion has ancient noble blood flowing in it, so it is not only powerful in cultivation, but also very powerful in combat.

"But I won't quit."

At this moment, Ye Feng clenched the Immortal War Spear in his hand and continued to use Pierce the Sky. It suddenly turned into a terrifying sharp light and rushed in front of the Flame Demon Lion.

At this time, the Flame Demon Lion opened its mouth and spit out a pillar of flame light, seeming to continue to use the previous move to deal with Ye Feng.

But at this moment, Ye Feng launched another soul attack.

"Thousands of Thunder Heavenly Prison!"

For a moment, the Flame Demon Lion probably never imagined that the weak boy in front of him could actually cause harm to the soul.

So at this moment, Ye Feng's soul attack played a huge role.

At this moment, the soul of the Flame Demon Lion was in great pain from being attacked.

There was something wrong with the soul, which naturally caused the Flame Demon Lion's physical attack to deviate at this time.

The flame beam he sprayed was directly deflected.

It did not hit the Immortal War Spear in Ye Feng's hand at all.

"Pfft!"

So at the next moment, the immortal war spear in Ye Feng's hand pierced the head of the flame demon lion, bringing out a pool of blood.

"Roar!!"

Almost at the next moment, this powerful flame demon lion let out an earth-shattering roar in pain.

Boom!

The flame demon lion's head was pierced, but

Because of the incomparable vitality of this powerful evil beast, it did not die at this time, but frantically dragged its seriously injured body and fled towards the depths of the wild forest.

"Don't try to escape!"

Ye Feng was full of powerful fighting spirit at this time, and naturally he would not let the flame demon lion escape. He rushed forward in an instant and chased the seriously injured flame demon lion.

Soon Ye Feng caught up with the seriously injured flame demon lion.

Ye Feng saw that the flame demon lion was walking into a cave at this time.

Outside this cave is a small valley, a very secluded place.

Ye Feng flew over instantly and walked directly into the cave.

He immediately saw the huge body of the flame demon lion lying on the ground, obviously dead.

After all, this flame demon lion had just been pierced through the head by Ye Feng with the Immortal War Spear. Even though he did not die on the way to escape, he finally died after running back to his hometown.

At this moment, what Ye Feng didn't expect was that in the hometown of the Flame Demon Lion, that is, in this cave, there was actually an elixir growing with nine colors of light.

This elixir that exudes nine-color light looks very precious. It is obviously a medicinal material that has the effect of resurrecting the dead. Otherwise, it would be impossible for this flaming demon lion to run crazily towards his hometown, although he wanted to. He must swallow this elixir that brings the dead back to life so that his injuries can be cured.

But this flame demon lion was very unlucky. He had just returned to his hometown, and before he could swallow this medicinal plant, he fell to the ground and died completely.

Ye Feng really gained a lot this time. He walked to the side of the flame demon lion in an instant, and then stretched out his hand to press on the huge body of the flame demon lion.

"I didn't expect that when martial arts and soul attack are used together, it can actually explode.

Such terrifying power allowed me to directly kill a half-step flame demon lion in the Six Paths of Reincarnation Realm. It was really powerful! "

At this moment, even Ye Feng himself couldn't help but admire the combat power and tactics he had just exploded.

In the future, Ye Feng will know that when he encounters a truly powerful opponent, he can secretly use soul attacks to interfere with the opponent while attacking physically, so that he can seize the opportunity to kill him with one blow.

However, Ye Feng also knows that if he cannot use his soul method to coordinate his attack to kill his opponent in an instant, after the opponent is aware of it and is on guard, the combination of the physical martial arts attack and the soul attack will have no effect. .

At this moment, after Ye Feng thought about what he had just gained and lost, he felt that his martial arts practice and state of mind had improved a lot.

The next moment, Ye Feng no longer hesitated, and instantly burst out with devouring power.

"Boom!" .??.

Immediately, a devouring realm of darkness erupted from Ye Feng's palm, and then completely enveloped the flame demon lion, and began to quickly devour the majestic blood energy contained in the body of the flame demon lion.

You must know that this flame demon lion is a powerful demon beast with half-step Six Paths Reincarnation Mirror level cultivation.

Moreover, the blood in the body is very ancient, and seems to be inherited from some ancient mythical beast.

That's why he was able to burn with flames all over his body, and his attack power was so terrifying that Ye Feng almost couldn't resist it at that time. He was blown away directly, and his chest was almost torn, with huge wounds appearing. , extremely painful.

But in the end he was killed by Ye Feng using powerful means.

It has to be said that this flame demon lion was very unlucky to meet Ye Feng, a human boy with terrifying fighting power.

If he had met someone else, he would certainly not have ended up in such a miserable state.

In any case, the blood energy contained in the body of this flame demon lion is very majestic.

Especially that kind of blood

Pulse, very advanced.

At this moment, after the Flame Demon Lion was swallowed by Ye Feng, the power provided to Ye Feng was simply terrifying to the extreme.

Ye Feng immediately felt that his skills were growing and improving rapidly.

The blood energy in his entire body, limbs and bones was like long dragons roaring and roaring, surging crazily in his body, constantly growing, making Ye Feng's body stronger and his skills deeper. The origin of martial arts is more powerful.

"Boom!"

Ye Feng suddenly burst out with a powerful momentum of breakthrough.

"Boom!"

The third level of Wuji Realm!

"Boom!"

The fourth level of Wuji Realm!

Ye Feng suddenly broke through two realms!

Just a flame demon lion allowed Ye Feng to make so many breakthroughs.

I have to say, this flame demon lion is really a great tonic.

However, I am afraid that only a monster genius like Ye Feng, with extremely powerful combat power, can finally kill this flaming demon lion.

If it were other warriors with only the cultivation level of Wuji Realm, if they encountered this flame demon lion, they would probably die in the end!

At this moment, Ye Feng picked the resurrection medicinal material in the cave and put it into the storage ring, and immediately left here.

Because Ye Feng knows that the smell of blood here will definitely attract other terrifying monsters and beasts in an instant. Some monsters and monsters, he may have no choice but to run away if he encounters them now.

So Ye Feng immediately made a decision and left this place of right and wrong.

Because Ye Feng still wants to grow up safely and does not want to put himself in danger.

"Help!"

Just when Ye Feng had just left the cave, a huge cry for help suddenly came from a certain direction not far away.

Chapter 2355 Brother and Sister

At this time, the cry for help was very clear, and it seemed to be coming from a certain direction not far away.

Ye Feng heard the cry for help and naturally wanted to take a look.

Swish, swish, swish!

Soon Ye Feng came to the place where the cry for help came from.

This is a big river.

Ye Feng immediately saw it. In the river not far away, a huge cobra with a length of several kilometers actually ran out. Its whole body was covered with dark scales. The snake's teeth were hundreds of meters long. Look. It's extremely scary to go up there! .??.

This is definitely a King Cobra!

At this moment, the Cobra King roared and was attacking a man and a woman crazily.

This man and woman are both very young, and the clothes they wear are very ancient, but they have a precious atmosphere and are definitely of extraordinary origin.

Moreover, the cultivation of this man and woman is very powerful, and they are both existences of the sixth level of Wuji Realm.

However, their combat power did not seem to be as powerful as they imagined. When they encountered this cobra king at the Dzogchen level of the Tenth Heavenly Realm, they were all a little unable to withstand it.

But this is normal. After all, not everyone is as evil as Ye Feng, with combat power that far exceeds his own cultivation.

At this moment, what Ye Feng saw were two young people from the human race, and the Cobra King's cultivation was pretty good and should be able to provide him with a lot of energy and blood.

So at this time, Ye Feng planned to take action directly.

Uh-huh!

Almost at this moment, Ye Feng immediately flew in front of the two people in front.

The two young men saw Ye Feng suddenly ducking over, and their faces suddenly showed joy.

But at the next moment, they suddenly felt the cultivation aura on Ye Feng's body, which was nothing but the fourth level of Wuji Realm.

"What? The fourth level of Wuji Realm

sky? "

"It's not as strong as the two of us!"

At this moment, the two young men, a man and a woman, couldn't help but show a trace of nervousness in their eyes, and quickly said to Ye Feng in front of them: "My friend, you should hurry up and escape from here. I and I Both of my sisters are warriors at the sixth level of the Wuji Realm, and they are unable to fight against this Cobra King. My friend, you are only at the fourth level of the Wuji Realm, so it will have no effect at all. We are very grateful for your rescue, but Qian Qian Don't die."

At this moment, the young man among the two people immediately spoke out, his tone extremely anxious.

At this time, they thought they had been rescued, but unexpectedly, a young man who was even weaker than them came. This was really scary.

But at this time, Ye Feng ignored the two people at all, but suddenly took a step forward, and then a dark war spear appeared in his hand.

"Pierce the sky!"

Almost at this moment, Ye Feng held the Immortal War Spear in his hand and instantly launched a terrifying attack.

Almost at the next moment, under the shocked gazes of the brother and sister, Ye Feng held the immortal war spear in his hand, which instantly turned into a terrifying light, piercing the sky at once.

"Pfft!"

Almost at the next moment, the war spear in Ye Feng's hand had pierced the Cobra King not far away, and instantly nailed him to the ground.

"What?!"

"Killed at once?"

Almost at this moment, a pair of brothers and sisters not far away immediately revealed deep expressions in their eyes.

The look of shock.

Their faces were full of incredible looks, as if they couldn't believe that Ye Feng, who was even weaker than them in cultivation, could kill the terrifying Cobra King in an instant.

This is really scary!

This kind of fighting power is simply unheard of!

Extremely scary!

Even if they come from a powerful and ancient family like the Ancient Family, they have never encountered such a monster.

At this moment, Ye Feng dodged in front of the dead Cobra King, released the Devouring Domain in an instant, and immediately began to devour the blood and energy of the Cobra King.

The strength and cultivation of this Cobra King are far inferior to the Flame Demon Lion that Ye Feng killed before, so its nourishing effect on Ye Feng is also very limited.

Ye Feng didn't even break through to the first level.

But his skill has increased a lot.

At this moment, Ye Feng's eyes suddenly focused on the big river in front of him, and then he slapped him in an instant.

"Boom!"

Suddenly, a huge palm, like the palm of a god, struck down from high altitude, and then severely shattered the entire river.

"Bang, bang, bang..."

Almost at the next moment, all the monsters and beasts living in the river were killed by Ye Feng's slap, and then their bodies floated on the river.

These monsters and beasts are all powerful monsters that live in the entire river. Their cultivation level is not that low, but at this moment, even Ye Feng's slap can't be resisted.

The reason why Ye Feng slapped such a slap was to bring down the whole family

All the living monsters in the river were killed.

After all, if this big river can give birth to a powerful evil beast like the Cobra King, then there must be other monsters living there.

Ye Feng swallowed a whole Cobra King, but did not achieve a breakthrough in cultivation, so he decided to kill all the evil beasts in the entire river, and then swallowed them all, hoping to break through his current state.

"Devouring the Realm!"

In an instant, Ye Feng released a realm of darkness, covering the entire majestic river.

"Rumble..."

None of the demonic beasts could escape Ye Feng's devouring, and all of them were swallowed up by Ye Feng for a lifetime of vitality in an instant.

All the things floating on the entire river were skinny and shriveled monster corpses.

At this moment, Ye Feng gained a lot of strength. Coupled with the power of the Cobra King he had swallowed before, Ye Feng finally made a breakthrough in his cultivation. He stepped from the fourth level of the Wuji Realm to the fifth level of the Wuji Realm. Chongtian.

"not bad."

Ye Feng smiled slightly.

At this moment, he turned around and looked at the man and woman behind him.

It seems that they are a brother and sister.

For Ye Feng, saving them was just a matter of convenience.

The main reason is that Ye Feng wants to swallow the King Cobra, plus the demon in this river.

With a breakthrough in cultivation, Ye Feng was in a pretty good mood. At this time, he looked at the brother and sister and said loudly: "Looking at you, it seems that you have little combat experience. Although your cultivation is very good, you can The real fighting power that is unleashed is indeed too weak. You must be descendants of that powerful family, right? You probably have never experienced the dangers outside."

Chapter 2356 Core Secret

After Ye Feng said these words, the brother and sister not far away showed embarrassment on their faces.

Because Ye Feng's guess was correct, they came from an extremely powerful ancient family.

And it has always been basically practiced within the family. At most, I just go out for a trial. I have never entered such a dangerous depths of the wild forest.

So this time they encountered the extremely powerful King Cobra and seemed a little confused.

In fact, through their mutual cooperation. It is possible to kill this King Cobra. After all, they come from a powerful ancient family, and their inheritance and weapons are extremely powerful.

But seeing the terrifying and ferocious look of the King Cobra, the brother and sister, who had no fighting experience, were both frightened to death, so they were unable to display their basic fighting qualities. They could only flee in panic in fear.

At this time, the elder brother immediately came over, hugged Ye Feng's fists and said, "Thank you for your help this time, otherwise my sister and I might really die from the mouth of that Cobra King."

Ye Feng smiled and said: "It doesn't matter, I just happened to pass by here and saved you. It seems that the two of you were really chosen by me. They must come from a powerful family."

The elder brother immediately said: "Yes, my sister and I come from a powerful ancient family in the north, called the Luo family. My name is Luo Zhan, and my sister's name is Luo Yue'er."

"The ancient family?"

When Ye Feng heard Luo Zhan say that they were from the ancient family, a look of surprise suddenly appeared in his eyes.

Because Ye Feng has heard that all the ancient families are ancient and powerful families, and some families have been passed down for longer than the history of the Northern Immortal Palace.

Each of these ancient aristocratic families has been passed down from the age of the ancient gods. They are very deep inside. They are hidden in the world. You can't find where they are. However, the ancient aristocratic families are all powerful beings with unique characteristics. An extremely ancient heritage.

But now the Huanggu family has gradually declined.

In the ancient times, only with the existence of gods in the ancient family could they become the ancient family and stand tall between heaven and earth.

But now, with the disappearance of gods, the collapse of the age of gods, and the current age of immortals and demons, it is natural that the ancient family has declined.

But even if the ancient family declines again, it is still an extremely powerful and ancient family.

The background of some ancient families is even comparable to the super powers in the northern land such as the Northern Immortal Palace.

However, the Huanggu family has never been high-profile, very low-key, basically hidden in the deep mountains and old forests, and has not been born for hundreds, thousands, or even tens of thousands of years.

What Ye Feng didn't expect was that he would encounter two young people from ancient families in the depths of the wild forest.

At this time, Luo Yue'er, the younger sister, stared at Ye Feng with her beautiful eyes. She seemed very curious and couldn't help but ask: "Who are you? You are about the same age as us, but you have such a powerful fighting force, even more powerful than my brother." It's so much better, it's incredible."

Ye Feng looked at Luo Yue'er and said with a smile: "I come from the Northern Immortal Palace."

Brother Luo Zhan heard at this time that Ye

When Feng said this, he suddenly understood. He slapped his forehead and said loudly: "It turns out that Xiongtai is a high disciple from the Immortal Palace in the Northern Territory. No wonder he is so powerful!"

When they heard that Ye Feng came from the Northern Immortal Palace, the brother and sister both had a hint of surprise in their eyes.

And brother Luo Zhan seemed to have a look of relief in his eyes at this time.

Because he had seen Ye Feng use the power of devouring before and kill all the monsters and beasts in the entire river at once, he vaguely felt that Ye Feng might be a member of the devil's path, and he might be very bloodthirsty and murderous. cruel.

But now after chatting with Ye Feng for a while, he found that the other person was not a murderous person, but a rather kind young man.

And now that he knew that Ye Feng came from the Northern Immortal Palace, the righteous overlord force in the northern land, Luo Zhan felt even more relieved.

At this time, Luo Zhan deeply bowed his hands and said loudly: "Anyway, I always thank you for your help, brother."

At this time, Luo Yue'er quickly imitated her brother and bowed her hands to Ye Feng to express her gratitude.

However, her strange and beautiful big eyes were staring at Ye Feng non-stop, seemingly very curious.

After all, Luo Yue'er has always lived in the Luo family, an ancient family, and has basically had no contact with outsiders.

She has always found people outside very interesting.

This time, she happened to meet Ye Feng, and he was a young man of similar age to her. His combat power was extremely powerful, so he naturally attracted Luo Yue'er's heart in an instant.

At this moment, Ye Feng didn't care much and said with a smile: "My name is Ye Feng. I just saved two of you this time. You two don't need to be so polite. If there is nothing else, I will leave first." "

At this time, Ye Feng turned around and left after finishing speaking.

"Brother Ye, wait a moment."

Suddenly Luo Zhan spoke up and said: "Brother Ye, to be honest, this is the first time that my sister and I have entered such a dangerous wild forest. We are not familiar with everything, so we met a man who is not very powerful. The Cobra King is already in such a hurry, so I deeply feel that our road may be more difficult next, but Brother Ye seems to be very experienced in the wilderness and has rich combat experience, so I would like to invite Brother Ye will go hunting for treasures with us."

"Looking for treasure?"

Ye Feng's eyes showed a hint of interest. He turned to look at Luo Zhan behind him and said with a smile: "What treasure?"

Luo Yue'er tugged on her brother's clothes and whispered, "Brother, this is the core secret of our subsequent comeback in the family. Do you want to tell this person who you have just met a few times?"

Although Luo Yue'er's voice was very quiet, Ye Feng, who had a strong soul, heard it.

However, Ye Feng just smiled faintly and didn't care about anything. After all, he and the other party just met by chance. If the other party was unwilling to share this secret with him, then he would not force it.

But at the next moment, Luo Zhan said to Luo Yue'er: "Don't worry, sister, Brother Ye is our savior, he is not a bad person, and Brother Ye is powerful, we need Brother Ye to stay with us next, so Our success rate in finding that place will be much higher." After Ye Feng said these words, the brother and sister not far away showed embarrassment on their faces.

Because Ye Feng's guess was correct, they came from an extremely powerful ancient family.

Chapter 2357 Endless Abyss

At this time, Luo Zhan looked at Ye Feng and said aloud: "Brother Ye, to be honest, this time my sister and I secretly left the family and entered this extremely dangerous wilderness to find out the truth about our Luo family. A big secret."

When Ye Feng heard what Luo Zhan said, his eyes flashed slightly and he asked aloud: "What's the secret? That made you take such a big risk and run into the depths of this extremely dangerous wilderness."

Luo Zhan hesitated for a moment, and then said aloud: "The lineage that my sister and I belong to turns out to be the main lineage of our ancient family, the Luo family. It has unlimited glory and is very powerful."

"But just ten years ago, the most powerful person in our lineage, Senior Luo Taixu, was our grandfather. In order to find a legendary super magic weapon, the legendary Era Emperor's Era Mirror, he went deep into He disappeared into the endless abyss of the wild forest."

"Some people say that he has died, while others say that Senior Luo Taixu is now trapped in the Endless Abyss, but no one dares to look for traces of him because no one knows where the Endless Abyss is."

"Moreover, the depths of the wild forest are full of endless dangers. It is said that there are still demons and gods from ancient times living under the endless abyss."

"So in the past ten years, with the disappearance of senior Luo Taixu, our lineage has gradually been squeezed out by other lines in the Luo family and has become a marginal branch. Now we are even being driven out of the Luo family. The main land of the Huanggu family, let us go to other remote places to run the family business. "

"We are naturally unwilling to accept this, so this time my sister and I want to enter the wilderness to search for traces of Senior Luo Taixu, hoping to revitalize our lineage and regain our former glory."

...

At this time, after Luo Zhan finished speaking, Luo Yuer's eyes turned red. It was obvious that the brother and sister were very unwilling.

So this time, the two of them even risked their lives and came to the depths of this wild forest, just to find a very slim hope.

But they didn't expect that going out would be unfavorable. They had just entered the depths of the wilderness, and they had already encountered such a difficult Cobra King, which made both brothers and sisters feel a little desperate about the future.

But now Ye Feng's appearance does make Luo Zhan feel like he has found hope.

As long as a young genius as powerful as Ye Feng is willing to join them, then they definitely have hope of finding the endless abyss and finding the most powerful person in their lineage at the time, Senior Luo Taixu.

Ye Feng said hesitantly at this time: "Such a powerful senior has not gone back for ten years. I'm afraid he has fallen into the endless abyss now."

Luo Zhan's tone was a little heavy at this time, and he said aloud: "No matter what, my sister and I must see the final result, otherwise we will not be willing to let our lineage become a marginal branch."

At this time, the younger sister Luo Yuer on the side said aloud: "If traces of senior Luo Taixu can be found, even if this senior is dead, then if my brother gets the inheritance of senior Luo Taixu, Taixu swordsmanship, if we can bring this powerful inheritance back to the world, then my brother will be able to become stronger quickly, and it will also be able to change the destiny of our lineage."

When Ye Feng heard what Luo Yue'er said, he immediately nodded slightly and said, "It seems that you are 100% determined to find the Endless Abyss."

Luo Zhan nodded, he stared at Ye Feng, his tone was extremely sincere, and he said: "If Brother Ye is willing to go with us, help us find the Endless Abyss, and successfully find our Luo Taixu

Regarding the traces of seniors, no matter whether senior Luo Taixu is dead or alive, I am willing to share the Taixu sword-controlling skills with you, Brother Ye. It is a powerful inheritance of our ancient family, it is very powerful, and it is definitely better than yours. Many of the martial arts in the inheritance halls of Yuxian Palace are powerful and ancient. "

At this moment, Luo Zhan knew very well that if he wanted to attract this extremely powerful young prodigy in front of him to join them, it would be impossible not to give him benefits. After all, no one would help people for no reason.

So at this time, Luo Zhan used Luo Taixu's powerful inherited Taixu swordsmanship as the price of exchange.

In fact, for the children of the ancient family, the biggest taboo is to share the inheritance of their family.

But now Luo Zhan can't control that much anymore.

If they could find the inheritance left by the original senior Luo Taixu in their lineage, then Luo Zhan would naturally share it with Ye Feng who helped them.

At this moment, Ye Feng heard what Luo Zhan said and said, "Give me time to think about it."

Luo Zhan nodded and expressed his understanding: "Brother Ye, you can think about it, don't be in a hurry."

After Luo Zhan finished speaking, he took his sister Luo Yuer to the side to rest. After all, they had suffered quite a lot of injuries just now and needed to recover now.

At this time, Ye Feng stood on the spot, his eyes flashing rapidly, thinking about the pros and cons.

If he is with these two people, then Ye Feng will know that he is not just alone, but also needs to protect the safety of these two people.

Moreover, I don't know where the endless abyss is yet, and I don't know if it can be found, and there seems to be a very terrifying danger under the endless abyss.

But if he can successfully complete the task of protecting this pair of brothers and sisters, then he will be able to obtain the Taixu Swordsmanship inherited from an extremely powerful ancient family.

This kind of inheritance is definitely much more powerful and advanced than the inheritance in the Northern Immortal Palace that Ye Feng can currently obtain.

And under the endless abyss, it seems that there is still hidden the Era Emperor's natal super magic weapon, the Era Mirror, that Luo Taixu wanted to find.

These are all bigger temptations for Ye Feng.

At this time, Emperor Chu transformed into a small light and sat on Ye Feng's shoulder. He suddenly said in Ye Feng's ear: "I seem to know where the endless abyss is."

"What?"

Hearing what Emperor Chu said, Ye Feng's eyes suddenly lit up: "Emperor Chu, have you ever been to that endless abyss?"

Emperor Chu nodded and said: "Because I also searched for the inheritance of the Emperor of the Era, but I couldn't find it, because I encountered a very strange existence in the endless abyss, which made me very afraid."

When Ye Feng heard this, a look of surprise suddenly appeared on his face, and he couldn't help but said: "A strange existence that even Emperor Chu was afraid of when you were in your prime? How scary is the endless abyss? I think we should not go there, so as not to die directly."

When Emperor Chu heard what Ye Feng said, he couldn't help but smile and shake his head and said: "It's not as scary as you imagined. In addition to being afraid of the weird existence in the endless abyss, there was another important reason that kept me from going in rashly. Check, that is because I had other very urgent things to deal with at the time, so I did not consider entering it in the end. Moreover, tens of millions of years have passed, and I still don't know if that weird existence is still in the endless abyss." At this time, Luo Zhan looked at Ye Feng and said aloud: "Brother Ye, to be honest, this time my sister and I secretly left the family and entered this extremely dangerous wilderness to find out the truth about our Luo family. A big secret."

When Ye Feng heard what Luo Zhan said, his eyes flashed slightly and he asked aloud: "What's the secret? That made you take such a big risk and run into the depths of this extremely dangerous wilderness."

At this time, Ye Feng stood on the spot, his eyes flashing rapidly, thinking about the pros and cons.

If he is with these two people, then Ye Feng will know that he is not just alone, but also needs to protect the safety of these two people.

Moreover, I don't know where the endless abyss is yet, and I don't know if it can be found, and there seems to be a very terrifying danger under the endless abyss.

But if he can successfully complete the task of protecting this pair of brothers and sisters, then he will be able to obtain the Taixu Swordsmanship inherited from an extremely powerful ancient family.

This kind of inheritance is definitely much more powerful and advanced than the inheritance in the Northern Immortal Palace that Ye Feng can currently obtain.

And under the endless abyss, it seems that there is still hidden the Era Emperor's natal super magic weapon, the Era Mirror, that Luo Taixu wanted to find.

These are all bigger temptations for Ye Feng.

At this time, Emperor Chu transformed into a small light and sat on Ye Feng's shoulder. He suddenly said in Ye Feng's ear: "I seem to know where the endless abyss is."

"What?"

Hearing what Emperor Chu said, Ye Feng's eyes suddenly lit up: "Emperor Chu, have you ever been to that endless abyss?"

Emperor Chu nodded and said: "Because I also searched for the inheritance of the Emperor of the Era, but I couldn't find it, because I encountered a very strange existence in the endless abyss, which made me very afraid."

When Ye Feng heard this, a look of surprise suddenly appeared on his face, and he couldn't help but said: "A strange existence that even Emperor Chu was afraid of when you were in your prime? How scary is the endless abyss? I think we should not go there. , so as not to die directly."

When Emperor Chu heard what Ye Feng said, he couldn't help but smile and shake his head and said: "It's not as scary as you imagined. In addition to being afraid of the weird existence in the endless abyss, there was another important reason that kept me from going in rashly. Check, that is because I had other very urgent things to deal with at the time, so I did not consider entering it in the end. Moreover, tens of millions of years have passed, and I still don't know if that weird existence is still in the endless abyss."

Chapter 2358 A series of exclamations

At this time, Ye Feng felt a little more relaxed after hearing what Emperor Chu said.

At this time, Ye Feng thought carefully for a while and then asked: "Emperor Chu, what do you think?"

Emperor Chu said: "I think you can go take a look, because even if you encounter a very terrible danger, Ye Feng, you have the space gem and can open a space wormhole to escape at any time. For you, even if you can't defeat it, you can't escape." You can always escape."

When Ye Feng heard what Emperor Chu said, he couldn't help but nodded, his eyes became more and more firm and bright, and he said loudly: "You are right, even if I encounter some irresistible danger, then I will retreat. If there is no danger, then I will make a fortune, and the risk is worth taking. "

After Ye Feng finished speaking, he immediately walked towards an ancient tree not far away.

At this time, the brother and sister under the tree were resting and recovering from their injuries.

Seeing Ye Feng coming over, Luo Zhan's eyes were a little nervous and he asked aloud: "How is Brother Ye thinking about it?"

At this time, it was impossible for Luo Zhan to say that he was not nervous.

Because if Ye Feng didn't come with them, Luo Zhan knew that their investigation this time would end in failure.

After all, this wild forest is too dangerous.

At this time, both brother and sister stared at Ye Feng who was walking over with expectant eyes.

Ye Feng smiled slightly at this time and said: "I promise to join you and protect you.

When Luo Zhan heard this, he immediately stood up and said excitedly: "That's great! With Brother Ye joining us, the success rate of our investigation this time will definitely skyrocket."

Ye Feng said with a smile at this time: "But don't be too happy. If you encounter any irresistible danger after entering the endless abyss, then I will take you back directly and will not go deeper. Got in."

Luo Zhan immediately nodded and said, "If we really encounter any unstoppable danger, my sister and I will naturally not take the initiative to die."

Ye Feng said aloud: "That's fine, happy cooperation."

After finishing speaking, Ye Feng stretched out a hand and spoke to

Luo Zhan shook his hand.

Luo Zhan said excitedly: "Happy cooperation!"

At this time, Luo Yue'er said aloud: "Then let's go find where the endless abyss is now."

"No need to look for it."

Ye Feng smiled slightly at this time and said aloud: "I already know where the Endless Abyss is. My friend, he has been to that place once."

"What?!"

Hearing what Ye Feng said, the brother and sister Luo Zhan and Luo Yuer immediately showed deep joy on their faces.

They never thought that this time they would really meet a noble person.

"It's really a noble person who helps me this time!"

Luo Zhan couldn't help but said with emotion.

At this moment, Ye Feng looked at the little light man on his shoulder and said loudly: "Emperor Chu, you can start to guide us in the direction."

"OK."

Emperor Chu nodded and said, "Just follow me."

After finishing speaking at this time.

Uh-huh!

The little light person that Emperor Chu transformed into immediately flew up from Ye Feng's shoulders, suspended in the sky, and then quickly flew in a certain direction ahead.

Seeing this, Ye Feng immediately said to the brother and sister beside him: "Let's follow them."

Luo Zhan and Luo Yuer were staring at the little light man flying in front, with deep surprise in their eyes.

They have already seen that this little light man is a soul body.

"It's probably the soul of a very powerful senior..."

Both of them were thinking secretly in their hearts.

At this time, Luo Zhan suddenly remembered that they were desolate

The latest and most powerful genius in the ancient family, called Luo Yan, seems to have the soul of an old grandfather in his body, so he has risen and become very powerful and stunningly talented.

At this moment, Luo Zhan stared at Ye Feng in front of him, and the awe in his eyes became even stronger.

He guessed that the reason why this young man was so powerful must have been helped by the soul body of a peerless strong man, and he had obtained a powerful inheritance from ancient times. Like Luo Yan in their Luo family, he was a man of great luck.

"Boom!"

Before the group of people walked a thousand meters away, a thousand-meter-tall majestic giant with golden scales all over his body suddenly ran out of the dense jungle around him.

The golden-armored giant immediately trampled on the group of people, obviously discovering their aura. .??.

This golden-armored giant is also a powerful demon living deep in the wild forest, and seems to have inherited the bloodline of the ancient golden-armored evil beast.

It has to be said that the deeper you go into this wild forest, the more powerful creatures you encounter, and each of them is strange and strange, like you have never seen before, as if you have arrived in ancient times.

But this is normal. After all, no one has ever dared to set foot in the depths of the wilderness. From the ancient times of the gods to today, it is an undeveloped, strange, and primitive area.

Therefore, there are many powerful beings living here that have never appeared in the human land outside.

At this moment, the golden-armored giant trampled down with a sudden kick, full of unparalleled power.

"Boom!"

At this moment, Ye Feng punched high in the sky, unleashing his chaotic body power with all his strength.

"boom!!"

A terrifying huge force, like a giant dragon, burst out from Ye Feng's fist, directly hitting the soles of the golden armored giant's feet, and then all of a sudden the whole thing was destroyed.

The entire leg of the golden-armored giant was shattered into pieces and turned into a mist of blood.

"ah!!"

The golden-armored giant immediately screamed and fled deep into the wilderness, obviously knowing that he had offended the wrong person.

"Thunder Shield!"

At this moment, Ye Feng suddenly released the first layer of inheritance, the Thunder Shield.

He stretched out his hand and grabbed it in the distance, and suddenly lightning shields burst out from his palm, directly like bombs, hitting the golden armored giant who was escaping not far away.

"Rumble..."

The moment those thunder light shields touched the golden armored giant, they exploded all at once, and then turned into a very terrifying thunder explosion light wave, which blasted the golden armored giant to pieces, and then fell to the ground. on the ground.

Uh-huh!

Next, Ye Feng stretched out his hand to grab it, and a huge swallowing vortex appeared in the sky, swallowing up the golden armored giant.

The skill in Ye Feng's body immediately improved a lot, but he was still a little short of breaking through to the next level.

But then they encountered several powerful evil beasts from the wild forest, basically all of them were at the tenth level of the Wuji Realm, and there was even a majestic statue tens of thousands of feet tall and half-step to the Six Paths of Reincarnation Realm. Fire Demon King.

But without exception, they were all killed by Ye Feng's powerful strength!

And Ye Feng's cultivation level has successfully accumulated to the seventh level of Wuji Realm at this moment!

"Powerful, ferocious..."

Luo Zhan and Luo Yuer, a brother and sister following behind, couldn't help but let out a series of exclamations along the way.

And in the afternoon of the next day.

Finally, the little light person that Emperor Chu transformed into stopped not far ahead, then pointed at a huge dark hole on the ground not far away, and said loudly: "We are here, the endless abyss, right below this "

Chapter 2359 Under the Abyss

After Emperor Chu finished speaking, several people's eyes showed surprise, staring at the huge pothole not far away.

At this moment, the eyes of the brother and sister Luo Zhan and Luo Yuer showed a hint of excitement.

Because they were finally reaching the place where the super strong senior Luo Taixu of their Luo family last disappeared.

No matter whether senior Luo Taixu is dead or alive, the brother and sister Luo Zhan and Luo Yuer must find the final trace of Luo Taixu.

At this moment, Ye Feng stared at the entrance of the endless abyss, with a trace of vigilance in his eyes.

Because of his powerful soul power, he has subconsciously realized that there may be something very terrifying in this endless abyss. .??.

But now that he has arrived here, Ye Feng naturally has no plans to back down.

At this time, Ye Feng looked at the brothers and sisters beside him and said, "Let's go down."

"good."

Luo Zhan nodded, and then walked to Ye Feng's side with Luo Yuer.

Luo Zhan stood on the left side of Ye Feng, while Luo Yue'er stood on the right side of Ye Feng.

At this moment, the three of them jumped down from the huge hole in the ground and entered the area of the endless abyss.

"Shuashuashua..."

At this time, the three of them were falling rapidly. It was obvious that the endless abyss was very deep.

The three of them fell for nearly half an hour before finally reaching the lower end of the endless abyss and stepping on solid ground.

At this time, Ye Feng looked at the scene around him with a hint of surprise in his eyes.

The place they landed at was not as scary as they had imagined.

The surrounding environment can be said to be very peaceful.

This place is like an underground water-moon cave, surrounded by sparkling pools of water, with a stone-paved road leading to the depths of the earth.

"Did other civilizations once exist here, so it was built like this? This can't be natural."

At this time, Luo Zhan looked at the surrounding scenery with surprise in his eyes.

At this time, Emperor Chu turned into

The little light man floated in front of several people and said aloud: "I'm afraid there really were other splendid civilizations under this endless abyss, because there are still many ancient buildings in it, but most of them are dilapidated. There are no historical records or other records left behind."

At this time, Luo Zhan couldn't help but look at Emperor Chu, a little light man, and said in awe: "It turns out that senior has been here before."

Emperor Chu nodded and said, "That was tens of millions of years ago."

"Tens of millions of years ago?!"

Hearing Emperor Chu's rather casual words at this time, the brother and sister Luo Zhan and Luo Yuer were extremely shocked.

They never thought that the soul body in Ye Feng had such an ancient history.

This turned out to be a senior from tens of millions of years ago!

It's really incredible!

At this time, Ye Feng suddenly said: "Brother Luo, since we have found the Endless Abyss and have descended into the area of the Endless Abyss, you should have the means to find the original Luo Tai of your lineage. The final trace of Senior Xu?"

When Luo Zhan heard what Ye Feng said, he immediately glanced at Ye Feng in surprise, and then said loudly: "Brother Ye is indeed a smart person. I do have the ability to trace the final location of our senior Luo Taixu." Trace method."

At this moment, after Luo Zhan finished speaking, he immediately took out a compass-like magic weapon from his storage ring.

Seemingly seeing the confusion in Ye Feng's eyes at this time, Luo Yue'er immediately took the initiative to explain: "The magic weapon that my brother took out is called the relative seeking compass. This magic weapon belongs to our ancient family, the Luo family. A very special family magic weapon. As long as it is dripped with the blood of future generations, traces of the ancestors can be found within a certain range. "

Just as Luo Yuer was explaining, Ye Feng saw Luo Zhan drop a drop of his blood directly on the compass in his hand.

But the next moment, the compass didn't

any reaction.

Seeing this scene, Luo Zhan couldn't help but frowned and said aloud: "This kind of compass can only find traces of our ancestors within a certain range. Now I use this compass and there is no reaction, which shows that senior Luo Taixu It is still very far away from where we are now. This building cannot sense its final location. We need to go deep into this endless abyss."

Ye Feng nodded and said: "Then let's go straight ahead, just in time to see what is in this endless abyss."

At this time, several people were walking inside.

Luo Zhan said aloud: "Senior Luo Taixu, the strongest man in our lineage back then, wanted to seek more powerful power and inheritance in order to lead our Luo family to the top and compete in the center of the God Realm. That's why he entered the endless abyss, hoping to find the inheritance of the legendary Emperor of the Era. It is said that the Great Emperor of the Era had extremely terrifying cultivation, and was an existence comparable to many human emperors and demon emperors in the ancient times. Era The emperor's natal magic weapon is an ancient treasure called the Mirror of the Era, which was lost in this endless abyss. Therefore, our senior Luo Taixu wanted to find the things left by the Emperor of the Era, but unfortunately he couldn't. After returning, ten years have passed without any trace or news, and our lineage has declined as a result."

Luo Yue'er's beautiful big eyes were flashing with anticipation at this time, and she couldn't help but said expectantly: "If we can still find the legacy of the Emperor of the Era this time, we will be very lucky."

Luo Zhan glanced at his sister and couldn't help but said helplessly: "Even super strong people like Luo Taixu, the ancestors, can't find the inheritance of the Great Emperor of the Era, let alone a group of us with weak cultivation bases. A junior."

Emperor Chu interjected at this time and said: "In fact, sometimes finding a super strong person to inherit is not only related to the cultivation strength, but also related to a person's destiny. Once the luck arrives, even if it is If you accidentally fall off the cliff, you may be able to encounter the place where a strong man fell, and gain the inheritance of a strong man and soar into the sky."

At this time, when Luo Zhan heard what Emperor Chu said, he immediately couldn't help but complimented: "Senior is right! Our Luo family has a powerful genius named

Luo Yan was originally just a very marginalized person in the family, he could be said to be a loser, but unexpectedly one day, he suddenly fell off a cliff while practicing in the wild, and then got a very magical ring. , there is an extremely powerful soul body inside, a peerless master, which suddenly made Luo Yan soar to the sky, becoming the most powerful genius of our Luo family now, and now the main line of our Luo family is this Luo Yan In control. "

When Emperor Chu heard what Luo Zhan said, he couldn't help but show a look of surprise in his eyes. What he just said was just casual nonsense. He didn't expect that such a thing really existed. He slipped and fell off the cliff. After encountering the powerful Dongfu inheritance, he became a peerless genius.

And while a few people were chatting.

Ye Feng, who was walking at the front, suddenly said: "There are ancient skeletons in front."

At this moment, the eyes of several people changed slightly and looked forward.

I saw more than a dozen human corpses hanging on a stone wall in front of me. All of them had iron ropes pierced through their heads. They were hung on the wall like lanterns. The corpses were already covered with spider webs. They had obviously passed away. long time.

Coupled with the gloomy surrounding environment, it looks very strange and terrifying.

Emperor Chu said aloud: "This seems to be a warning, telling us not to go deeper."

Luo Zhan and Luo Yuer were very nervous at this time and couldn't help but say: "Then what should we do now? Should we continue in or...?"

But just as the brother and sister were talking, they suddenly saw Ye Feng walking towards the dozen or so ancient corpses hanging on the wall with very strange death forms.

Then they saw that Ye Feng was quickly taking off the storage rings from the fingers of the dozens of corpses and putting them in his pocket.

"this....."

Luo Zhan and Luo Yue'er both stood there blankly.

At this time, Ye Feng turned back to look at the two of them and said: "What's wrong? What are you doing standing there? Come over quickly and search to see if there are any other treasures on these ancient strong men. Search them carefully. Search, don't waste it."

Chapter 2360 Weird Wall

Hearing what Ye Feng said at this moment, brother and sister Luo Zhan and Luo Yuer had deep shock in their eyes.

They were all frozen in place at this moment, not knowing what to do.

Luo Zhan couldn't help but ask: "Brother Ye, these ancient powerful men all died in very strange ways. Are you sure that such a search will not have any terrible consequences?"

When Ye Feng heard Luo Zhan's question, he couldn't help but grinned and said: "No matter what the terrible consequences are, just grab the benefits you can get in front of you first. If you don't want it, I will take it all."

At this time, Ye Feng said that he put all the storage rings and wealth on the dozen or so corpses with strange dead shapes into his own storage ring.

Don't want it for nothing.

This is Ye Feng's philosophy.

As for the so-called terrible consequences. .??.

Ye Feng didn't bother to care at all.

Ever since Ye Feng started practicing cultivation, he has experienced so many incredible and strange things.

If a person always takes care of this and that and is timid when doing things, nothing will be accomplished.

Seeing how fierce Ye Feng was at this time, Luo Zhan and Luo Yue'er could only laugh bitterly. They did not go forward to search because they did not dare.

After Ye Feng finished searching, he was quite satisfied.

He looked at the two people behind him and said aloud: "Let's move on."

Luo Zhan and Luo Yue'er both nodded, and continued walking towards the inner area of the endless abyss with Ye Feng.

Just half an hour later, the compass in Luo Zhan's hand suddenly lit up with a ray of light.

Seeing this scene, Luo Zhan couldn't help but said excitedly: "Finally there is a reaction. It seems that the place we are now is not far from the place where the senior Luo Taixu of our Luo family ended up. "

Ye Feng nodded and said: "Then let's move forward in the direction guided by your compass. Anyway, we have never been in this endless abyss.

No one has been here before, so no one is familiar with what it is like here, so first follow the traces of your ancestors. "

Luo Zhan immediately nodded vigorously, and then began to activate the special compass in his hand.

Uh-huh!

The next moment, the compass in Luo Zhan's hand instantly flew up, and then flew quickly towards a certain direction inside the endless abyss.

"Hurry up and catch up!"

Several people present followed the compass and quickly chased in that direction.

Soon they followed the fast-flying compass, twisting and turning throughout the inner abyss, and finally came to a huge stone chamber.

In this stone chamber, there is a huge ice cube in the middle.

This ice cube exudes an extremely cold air, making people shiver all over.

At this time, in a certain direction not far from the ice cube, on a blood-colored wall, an ancient human skeleton was wearing a Bagua Taoist robe and was pasted on the blood-colored wall, as if being This blood-colored wall looked extremely strange, as if it had been drained of blood.

"Spring and Autumn Taoist Robes!"

At this time, Luo Zhan saw this ancient human skeleton, and he couldn't help but tremble all over, and said loudly: "This is exactly the costume of Senior Luo Taixu, the strongest person in our lineage! He is wearing The Spring and Autumn Taoist Robe is an extremely high-level and powerful clothing magic weapon. It is said to be the natal Taoist robe of an ancient powerful man called the "Spring and Autumn Overlord" and has very powerful ancient power. "

At this time, Luo Yue'er's beautiful big eyes also showed a trace of lamentation, and she said loudly: "Grandpa Luo Taixu, it is true that he is dead, what should we do?"

Luo Zhan said aloud: "No matter what, we

I want to take the body of Senior Luo Taixu back for burial. I just want to look for Taixu's sword-controlling skills and this set of Spring and Autumn Taoist robes. If I get them, maybe I can practice hard for a few more years and turn our lineage around. fate. "

At this time, Luo Zhan said, and immediately walked towards the blood-red wall in front, wanting to remove the withered remains of Senior Luo Taixu.

"etc."

Suddenly at this moment, Ye Feng suddenly spoke out: "This blood-red wall seems very strange. Senior Luo Taixu probably died in the strangeness of this blood-red wall."

"What's the meaning?"

Luo Zhan couldn't help but stop and wanted to say something.

"Pfft!"

"Pfft!"

But suddenly at this moment, two blood-red palms suddenly stretched out from the calm blood-red wall. They penetrated Luo Zhan's body in an instant, and then completely covered Luo Zhan's body. The pull sucked to the wall.

"elder brother!!"

Seeing this sudden scene, Luo Yuer'er's eyes widened immediately, and she quickly stepped forward to rescue her brother.

But before Luo Yue'er rushed in front of the blood-red wall, Luo Zhan didn't even have time to let out a scream. His whole body was sucked dry by the blood-red wall, and he instantly turned into a corpse. The shriveled corpse was stuck to the blood-red wall, exactly like the way Luo Taixu died!

Luo Zhan, this person who was alive just now, immediately became a dead skeleton!

It has to be said that under this endless abyss, there is really danger everywhere.

That blood-red wall was really weird to the extreme.

"What?!"

Even Ye Feng himself did not react to this sudden change.

By the time he was about to take action, Luo Zhan had already been sucked into a human body in an instant.

At this moment, suddenly several bloody palms stretched out from the blood-red wall and once again grabbed Luo Yuer'er.

"Thunder Shield!"

Ye Feng rushed over in an instant, grabbed Luo Yue'er's fair little hand, and then pulled her to his side.

Ye Feng used the Thunder Shield at this moment, and suddenly a huge thunder light shield appeared around Ye Feng and Luo Yue'er.

The moment those blood-red palms touched the Thunder Shield, they were trembled rapidly by the endless current and thunder, and then quickly retracted into the blood-red wall.

"Sure enough, thunder is always the most effective weapon for such weird things."

At this time, Ye Feng couldn't help but murmured.

At this time, Luo Yue'er watched helplessly as her brother Luo Zhan was sucked into a mummy. She was originally a flower in the greenhouse cultivated by her family. After experiencing all this, she couldn't bear it and fainted directly.

When Ye Feng saw this scene, he couldn't help but sigh and carried Luo Yue'er behind his back.

He understood Luo Yue'er's feelings. It was indeed very uncomfortable to see his own brother die in front of his eyes.

Ye Feng carried Luo Yue'er on his back, and then walked towards the bloody wall. He was surrounded by thunder light shields, exuding infinite thunder power, like a thunder god, full of terrifying thunder and lightning. The light of destruction.

"Don't come close to me... I don't want to be your enemy... You can just leave..."

At this moment, facing Ye Feng, who was like a thunder god, a faint voice of thought suddenly came from the blood-red wall.

Obviously, the strange existence living in the blood-red wall is afraid of the endless thunder and lightning on Ye Feng at this moment.
