Chapter 2361 Evil Blood Clan

The voice of thoughts transmitted from the blood-red wall was obviously very afraid of the Yang Zhigang thunder power released by Ye Feng at this time, so the strange existence living in it wanted to compromise.

But at this time, Ye Feng's eyes were extremely cold. He stared at the blood-red wall and said loudly: "You want to compromise, but I don't want to compromise. You killed my partner, but now you want to solve the problem peacefully? is it possible?"

"boom!"

Almost at this moment, Ye Feng took out his Immortal War Spear and shouted coldly: "Enchant!"

Wow!

Almost at this moment, the light of thunder and lightning on Ye Feng's body immediately attached to the immortal war spear in his hand.

At this moment, layers of thunder and lightning light began to surge on the surface of the dark war spear.

The entire Immortal War Spear seems to have turned into a thunder spear.

It has the impact and destructive power of the Immortal War Spear, as well as the destructive power of thunder.

Enchantment!

This is the second level of ability gained from Ye Feng's recent study of the Thunder Crocodile's inherited natal bone.

The first level of the ability of the Thunder God Crocodile to inherit the natal bone is to release the thunder shield, and the second level is enchantment.

That is to allow the user to attach the power of thunder and lightning in his body to everything he comes into contact with, including weapons, various magic weapons, and various things in contact, so that he can suddenly possess the power of thunder.

At this moment, Ye Feng, holding the Thunder Immortal War Spear in his hand, rushed towards the blood-red wall in front of him, and then burst out with terrifying power, hitting the blood-red wall fiercely. .

"Boom!"

Almost at this moment, a terrifying roar exploded in the darkness.

The Immortal War Spear in Ye Feng's hand already had a very terrifying impact, but now it was possessed by thunder, which made it even more terrifying.

"Boom!"

Suddenly, the endless river of thunder covered the entire blood-red wall in an instant, and the entire blood-red wall immediately appeared broken.

The broken cracks are all about to collapse.

"ah!!"

Within the blood-red wall, an earth-shaking howl suddenly sounded.

It was a strange existence hidden in the blood-red wall. It was severely injured at this moment and howled in pain.

"Human race! How dare you hurt me! Then don't blame me for fighting with you!"

The strange existence living in the blood-red wall suddenly transformed into thousands of blood-red palms, and instantly stretched out from the blood-red wall, like endless blood demon palms, He grabbed Ye Feng and saw blood-red palms covering the ground. It was like he was in hell, making his scalp numb.

"Pierce the sky!!"

At this moment, Ye Feng did not flinch at all, but suddenly burst out with earth-shattering spear skills.

"Rumble..."

Coupled with the enchanting ability of the Thunder Divine Crocodile released by Ye Feng, the Immortal War Spear in his hand suddenly turned into a huge Thunder Divine Spear, instantly bursting out with the light of thunder and destruction that filled the sky, destroying all those Thousands of blood-red palms were all crushed to pieces.

"What?!"

A horrifying sound suddenly came from the blood-red wall.

"Boom!"

But at this moment, Ye Feng did not waste time. The immortal war spear in his hand carried endless thunder light, and it penetrated into the wall in an instant, and then pierced the strange existence living in the wall.

"ah!!"

That strange being once again let out a howl of extreme pain.

This time, he was actually pierced through the body by the Immortal War Spear, and he was also shrouded in endless light of thunder and lightning, and was being destroyed rapidly.

"Wow!"

The next moment, Ye Feng exerted a sudden force and used the Immortal Spear to directly pick out the strange thing living deep in the blood-red wall.

It turned out to be a strange creature like a blood monkey. It was already dead at this moment. It was pierced by the immortal war spear, bombarded by thunder, and its whole body was scorched.

"It's a very strange creature. I've never seen it before. It should be a member of the Blood Demon clan."

At this time, the little light man transformed by Emperor Chu was sitting on Ye Feng's shoulder, staring at the strange blood monkey on the ground that was killed by Ye Feng, and couldn't help but said: "It seems that there is something hidden in this endless abyss. A very weird race. When Emperor Yuan died here, he probably died here after fighting a very terrifying weird race. "

Ye Feng's eyes flashed slightly, then he looked at the killed blood monkey on the ground and said loudly: "This weird creature doesn't have any blood in it and is very weak. Why can it burst out in the blood-red wall?" Such a powerful force can suddenly kill even a super strong person like Luo Taixu."

Emperor Chu said aloud: "Ye Feng, go and take a look at the material of the blood-red wall. It is estimated that the blood-red wall itself is a very special thing, so that such a weak blood monkey can have powerful power. "

Ye Feng nodded, then walked to the blood-red wall and began to explore.

This huge blood-red wall had been mostly shattered by Ye Feng's battle just now. ??

Ye Feng picked up some fragments and used his soul power to explore them, but found nothing special.

But at this time, Ye Feng suddenly discovered that as most of the blood-red walls were broken, the blood color of all the walls began to fade away.

Those blood-red colors were fading away like a tide towards the depths of the wall at this moment.

"There is probably something inside this blood-red wall."

When Ye Feng saw this scene, his eyes suddenly lit up.

He immediately rushed into the broken blood-red wall

In the wall, and then observe where the faded blood color will gather.

In the end, all the blood-red color gathered at the center of the wall.

Uh-huh!

At this moment, Ye Feng stretched out his hand and grabbed it toward the center of the wall.

"Crack!"

As a piece of earth and stone was crushed, Ye Feng's palm suddenly grasped an extremely strong round bead.

Then Ye Feng hurriedly stretched out his hand, grabbed the round bead, and placed it in front of his eyes.

This round bead is a red and purple round bead, as if it has condensed infinite blood, exuding an extremely terrifying bloody aura.

This kind of bloody aura is different from ordinary blood aura. There is an evil aura in it. Ye Feng can't help but frown. He only feels that the blood in this round bead is contaminated with infinite ferocity.

At this moment, Ye Feng tried to devour the blood in it, but found that his body was unable to contain this kind of blood with ferocious attributes, and was very resistant!

"what's the situation?"

Ye Feng's eyes were shocked.

This was the first time that he encountered an attribute of blood energy that he could not contain!

Ye Feng's melting pot-like body subconsciously rejects this ferocious blood, unwilling to be contaminated and unable to swallow it.

This shocked Ye Feng. It was really the first time that he encountered an energy attribute that could not be swallowed!

"This is....."

And at this moment, Xiaoguangren Chuhuang, who was sitting on Ye Feng's shoulder, suddenly stared at the red and purple blood-red bead. He couldn't help but his eyes changed slightly, and he said in shock: "This seems like It's the core of the evil blood clan from outside the territory! How could such a terrifying thing appear under this endless abyss? I understand! It is said that the reason why the emperor of the era fell here must have discovered the super evil blood clan from the outside world. The traces of the race went deep into this endless abyss and encountered an unexpected event!"

Chapter 2362 Find out

At this moment, it was impossible for Ye Feng not to be shocked.

Because this is really the first time he has encountered an attribute power that cannot even be swallowed by his own devouring ability, and his body is very resistant to the vicious blood of the evil blood clan, as if he does not want to be contaminated.

Moreover, what Emperor Chu said at this time made Ye Feng couldn't help but ask: "Emperor Chu, what kind of creature is this evil blood clan? What do you mean by saying that he comes from outside the territory? "

Emperor Chu was silent for a moment, and then said aloud: "Ye Feng, I don't know if you have heard of a legend. The world, including the so-called supreme interface of the world, is not actually the entire world. Everything, but just a part of the whole world."

When Ye Feng heard this, a look of surprise suddenly appeared in his eyes.

He had heard his father in chaos say before that the entire universe, including the divine realm, did not seem to be the entire world.

Moreover, Ye Feng's master at that time, Leng Qingxue, who practiced the Little Fate Technique, once said that the God Realm is not the highest interface, but there is a more magnificent world, or it is called the outside world.

Master Ye Feng, Leng Qingxue, held a special magic weapon called Immortal Pond. It was not something that could be bred in the God Realm, but fell from a more advanced realm.

Therefore, Ye Feng has long known that the world is bigger than his imagination.

Ye Feng couldn't help but ask: "Emperor Chu, is this extraterrestrial world you are talking about a world more advanced than the God Realm?"

Emperor Chu nodded and said: "Yes, the God Realm we are in now is not the most advanced interface. Beyond the God Realm, there is a more magnificent world, but the God Realm is endless and no one has it. He has been outside the God Realm, so no one knows whether the more advanced big interface exists outside the God Realm. If there really is a more advanced big world, why has there never been a super in the big world until now? A strong man comes to the God Realm? And if a higher level world does not exist, then it cannot be explained that there are many products in the God Realm that cannot be produced by all the heavens and worlds, such as some special and advanced magic weapons, and such as The advanced creatures like the evil blood clan we encountered cannot be bred by the God Realm. Their energy attributes are very advanced. Even Ye Feng, your chaotic body cannot contain the power of the evil blood clan, so This kind of evil blood race is definitely not a native creature of the God Realm, but comes from a more magnificent world, which is what I call outside the realm."

When Ye Feng heard what Emperor Chu said at this time, he felt dizzy for a moment.

What is the truth of this world?

What did Ye Feng mean by what his father said in the chaos when Ye Feng heard it?

Also, Ye Feng once said that the God Realm is the most powerful interface and the original earth of all things, but he was scorned by the big black dog.

"The big black dog must know something! The origin of this dog is very extraordinary! It's a pity that it got lost. I don't know where the big black dog is now."

At this time, Ye Feng was thinking secretly in his heart.

He felt more and more that something was beyond his imagination.

As his cultivation level continues to improve, Ye Feng also knows that he will get closer and closer to the truth.

"All the heavens and worlds, the divine world, the outside world, the even grander world..."

Ye Feng murmured at this time, and the thoughts in his mind were a little confused.

He decided,

After he finished exploring the endless abyss, he was going to go to the chaotic node where his father had hidden, and ask him what was going on.

Ye Feng knew very well that his father was now integrating the will of the universe and must have understood a lot.

At this moment, Ye Feng no longer thought about anything, but looked at the core of the evil blood clan in his hand and put it into the storage ring.

Although he cannot swallow the core of the evil blood clan for the time being, the blood in it is too ferocious.

But in the core of the evil blood clan, Ye Feng felt the boundless blood energy. If he could swallow it, his skills would definitely be greatly improved.

Ye Feng first put away the core of the evil blood clan. When he returned to the Northern Immortal Palace, Ye Feng would check the ancient books to see if there was any way to swallow the power of the evil blood clan.

At this moment, Ye Feng looked at the two withered skeletons not far away, which were the skeletons of Luo Taixu and Luo Zhan.

At this time, Ye Feng put the powerful Spring and Autumn Taoist robes on Luo Taixu into his storage ring.

Then from Luo Taixu's storage ring, he successfully found Luo Taixu's natal inheritance, Taixu's sword-controlling skills.

At this moment, Luo Yue'er beside her woke up from her fainting state.

Ye Feng said to Luo Yue'er: "My condolences, at least we found Senior Luo Taixu."

At this time, Ye Feng said, putting the inheritance book of Taixu Swordsmanship in Luo Yue'er's hands, and said: "Bring this inheritance back, maybe it can revitalize your lineage."

Luo Yue'er bowed deeply to Ye Feng and said, "Thank you."

After finishing speaking, Luo Yue'er suddenly asked: "My brother made a promise to you during his lifetime that if he finds Taixu's sword control skills, he will share them with you, Ye Feng."

Ye Feng smiled and said: "Just take this inheritance secret book. I have engraved all its secrets in my own brain memory. I can slowly understand it."

"So that's the case."

Luo Yue'er immediately nodded, and then asked: "Then let's go out together."

Ye Feng shook his head and said: "You can go back first. I want to continue exploring deep into this endless abyss, so don't continue with me. It may be very dangerous inside because there is a very terrifying race. "

When Luo Yue'er heard what Ye Feng said, she seemed a little hesitant and reluctant, but in order to be able to go back safely, bring back Taixu swordsmanship and revitalize their lineage, Luo Yue'er

immediately nodded and said: "Okay, Then I will leave first. If we meet again in the future, I will thank you Ye Feng as much as you want!"

After saying that, Luo Yue'er stared at Ye Feng with her beautiful big eyes, then turned around and left the endless abyss full of dangers.

After Ye Feng saw Luo Yue'er leaving, he continued to turn around and explore the inner area of the endless abyss.

Although I know that there may be very terrifying evil blood tribe living inside, coming from an extraterrestrial world that is even more grand than the God Realm.

But Ye Feng didn't flinch at this time.

Whether it is to find traces of the legendary Emperor of the Era.

Or to find out what kind of race the evil blood tribe is.

Ye Feng didn't intend to back down at this moment and was ready to find out! At this moment, it was impossible for Ye Feng not to be shocked.

Whether it is to find traces of the legendary Emperor of the Era.

Or to find out what kind of race the evil blood tribe is.

Ye Feng didn't intend to back down at this moment and was ready to find out!

Chapter 2363 The Trapped Master

At this time, Ye Feng continued to walk towards the inside of the endless abyss.

On the way of investigation, Ye Feng also began to continuously understand the powerful inheritance of Taixu sword control that he had just obtained.

Moreover, the Spring and Autumn Taoist Robe worn by Luo Taixu is also a very powerful clothing magic weapon. It is said to be the natal magic weapon of an ancient powerful man called the "Spring and Autumn Overlord" and has incredible power.

So at this time, Ye Feng was refining the Spring and Autumn Taoist robe of the Spring and Autumn Overlord while comprehending Taixu's sword-controlling skills.

With strong soul power, Ye Feng had no difficulty in doing two things while distracted.

Under Ye Feng's incomparable understanding, the powerful inheritance of Taixu Swordsmanship has been almost comprehended.

Ye Feng has been able to initially use the power of Taixu sword control.

At this moment, with a thought in Ye Feng's mind, six air swords condensed in the surrounding air, and they rushed forward, piercing through a large number of buildings and walls with a rumble. . ??

It was only then that Ye Feng initially understood Taixu's sword-controlling skills.

If Ye Feng continues to comprehend to a higher level, he can condense more and more air swords in an instant, and can invisibly carry out terrifying assassinations on the enemy.

At this moment, Ye Feng has mastered another powerful sword-controlling technique, and his strength has increased a lot.

At this time, Emperor Chu couldn't help but said: "This sword-controlling technique seems to be a sword-controlling technique related to the power of space. Ye Feng, if you have a chance, you can try to use the space on your body." Using gems to activate this set of Taixu sword techniques may have unimaginable destructive and lethal power."

When Ye Feng heard what Emperor Chu said, he glanced at the little light man on his shoulder, nodded and said, "Okay, I'll give it a try when I have time."

Ye Feng took Emperor Chu's suggestion very seriously.

Because he knew that the Emperor of Chu was the emperor of the human divine kingdom, the Great Chu Divine Kingdom, thousands of years ago.

And Ye Feng felt more and more that Emperor Chu might be more mysterious and powerful than he imagined.

Because Ye Feng feels that the Emperor of Chu is not just an emperor of the human divine kingdom, there must be more secrets in him, but he has not discovered them yet, or that the Emperor of Chu does not want to say them out yet, there may be some. Other considerations.

At this moment, Ye Feng suddenly thought of something and couldn't help but ask: "Emperor Chu, I wonder what your real name is?"

The little red light person that Emperor Chu transformed into had a slightly startled look on his face, as if he didn't expect Ye Feng to suddenly ask such a boring question.

But Emperor Chu still nodded and said, "My real name is Chang Chu..."

Boom!

But before Emperor Chu could finish speaking, he suddenly remembered an extremely violent roar from a certain direction in the darkness not far away.

"There's a situation!"

Ye Feng's eyes suddenly moved and he immediately rushed in that direction.

At this time, Emperor Chu couldn't help but said: "Ye Feng! Hide your aura and life fluctuations! Hidden there secretly! There may be terrifying evil blood tribes from outside the territory, so be careful."

"OK!"

Ye Feng nodded immediately, and then began to control the aura and life fluctuations on his body.

Emperor Chu was right. When Ye Feng arrived, he immediately saw a very terrifying scene.

At this moment, there are more than a dozen human races, as well as masters from other races, who have entered the inner area under the abyss from unknown entrances. At this moment, all the dozen masters are being densely packed one by one. The bloody palm grabbed them all, and then grabbed them into a blood pool on the ground.

In that huge bloody pool, thousands of bloody palms stretched out, which made people feel numb. They looked extremely scary and weird.

These dozen masters were all having their blood sucked rapidly at this moment, and then their entire bodies shriveled up quickly.

Ye Feng saw this scene and was secretly shocked.

These evil blood tribes from outside the mysterious realm seem to have similar abilities to themselves, since they can absorb the blood and life of living creatures to strengthen themselves. .??.

At this time, Ye Feng was observing secretly, hesitating whether to help.

After all, Ye Feng now possesses the thunder inheritance of Thunder God Crocodile, and seems to have a natural suppression against these terrifying evil blood clan.

This was something Ye Feng himself had not thought of.

"Boom!"

And at this moment, dozens of bloody palms suddenly stretched out from the bloody pool not far away, and they grabbed it in the direction of Ye Feng very quickly.

The palms in these blood-colored pools were actually aware of Ye Feng's aura in an instant. Even if Ye Feng deliberately restrained his life fluctuations, it was of no use.

Ye Feng was a little shocked. As expected, these creatures from outside the realm were all very advanced, and their various martial arts attributes and abilities were much stronger than the native creatures in the God Realm.

Now that he was discovered at this time, Ye Feng no longer hid.

"Boom!"

Almost at this moment, Ye Feng suddenly burst out with powerful momentum.

And at this moment, Ye Feng also suddenly displayed the inheritance of Thunder God Crocodile.

"Thunder Shield!"

Boom!

Suddenly, thunder light shields composed of thunder and lightning rays were all guarding Ye Feng's body.

And Ye Fengshou

The Immortal War Spear appeared in it, and it was directly enchanted with infinite thunder and lightning, turning it into a thunder war spear.

Wow!

Ye Feng suddenly rushed out from the dark corner next to him, as if a thunder god had arrived. He waved the immortal thunder spear in his hand and smashed all the blood-red palms that were grabbing at him. .

At this time, Ye Feng's appearance suddenly made the eyes of the dozen masters who were trapped in the blood-colored palms not far away brighten.

"He is a warrior with extremely rare thunder and lightning attributes!"

"It seems like we are cultivators from the human race! We are saved now!"

"These blood-red palms are really difficult to deal with, but I didn't expect them to be afraid of the power of thunder and lightning. Thunder is indeed the most destructive and shocking force in the world!"

...

At this moment, seeing Ye Feng's whole body wrapped with infinite thunder and displaying his divine power, a dozen masters not far away who were trapped by blood-red palms all showed joy in their eyes.

The cultivation of these masters is extremely powerful, much more powerful than Ye Feng, and each of them is a powerful existence at the level of the Six Paths of Reincarnation that has surpassed the Wuji Realm.

But they were all entangled in these blood-red palms.

Obviously these blood-red palms are extremely terrifying and very difficult to deal with.

If Ye Feng didn't possess the power of thunder, he might not be able to fight against the blood-red palms transformed by these weird evil blood clans.

That group of a dozen masters were extremely powerful beings after all, and they did not die even after being trapped by the blood-red palms for a long time.

At this time, seeing Ye Feng suddenly jump out, everyone said to Ye Feng: "This friend with the thunder attribute! Hurry up and save us! If you save us, we will take you to find the traces of the Emperor of the Epoch. !"

At this moment, these experts all threw away the value in their hands, obviously fearing that Ye Feng would ignore them.

Chapter 2364 Woman in Blue

At this time, Ye Feng heard the shouts of a group of experts not far away, and his eyes suddenly moved slightly.

Sure enough, this group of people came to this endless abyss to find the inheritance of the legendary Emperor of the Era.

At this moment, Ye Feng's whole body was shrouded in endless thunder, holding the immortal battle spear that shone with the light of thunder in his hand, and suddenly rushed into the bloody pool area not far away.

At this moment, Ye Feng immediately felt the same ferocious blood energy as in the blood-red wall before.

"There must be a core of evil blood in this blood-red pool water, and it may be more advanced and powerful than the core that penetrated the blood-red wall before. Otherwise, it would be impossible to breed so many bloody palms."

At this moment, Ye Feng immediately made a basic judgment.

"Crash!"

And at this time, more and more blood-red palms stretched out from the pool water, all of them clawed and clawed, full of terrifying and strange aura, grabbing towards Ye Feng.

Obviously, Ye Feng is a huge threat to the evil blood clan hidden in the pool, because Ye Feng is a very rare thunder attribute warrior who can restrain the power of the evil blood clan.

So at this moment, more and more blood-red palms, densely packed and overwhelming, were all grabbing at Ye Feng, full of terrifying tearing.

Ye Feng didn't hesitate at this moment, and directly burst out the inheritance of Thunder God Crocodile with all his strength.

"Boom!"

Suddenly, a series of terrifying thunder and lightning burst out from Ye Feng's body, burning all the blood-red palms around him to black.

At this moment, Ye Feng was like an invincible God of Thunder, full of terrifying destructive power and aggression.

"Boom!"

But at this moment, all the blood-red palms suddenly retracted, and then condensed into a huge blood-red palm in the blood-red pool water, like a red mountain, and in an instant, from The bottom struck hard, covering all areas on the field at this time.

"Boom, boom, boom!"

This big blood-red hand is made up of countless blood-red palms, full of unparalleled power and destructiveness.

After the bombardment at this time, the dozen masters on the field were instantly shattered, their whole bodies were broken, and they were killed instantly.

It has to be said that this group of experts was very miserable. Before Ye Feng came to the rescue, they were already smashed to pieces by this big blood-red hand.

Among the dozen or so masters on the field, only a cold woman in a blue dress was left alive.

This woman in blue had a very powerful magic weapon on her body, which formed a protective light shield and actually resisted the attack of the terrifying big bloody hand.

"Piercing the sky!!"

Boom!

At this moment, facing that terrifying blood-red hand, Ye Feng had no intention of backing down, and went straight forward to assassinate the extremely powerful immortal war spear, and there was also a very destructive and terrifying force on the immortal war spear. Thunder light.

"Boom!"

Almost at the next moment, the entire field was filled with extremely terrifying roars and collisions.

At this moment, the immortal battle in Ye Feng's hands

The spear directly pierced the huge blood-red hand, and then stabbed it fiercely into the blood-red pool below.

Almost at this moment, Ye Feng immediately saw that the entire blood-colored pool trembled rapidly because of the thunderous light released from the immortal war spear.

Because water conducts electricity.

So at this moment when the thunder touched the water.

"Crackling..."

The entire huge blood-red pool was shrouded in endless thunder, and the terrifying current flowed down the pool in an instant, electrocuting the evil vampire hidden in the deepest part of the blood-red pool.

"howl!!"

Almost at the next moment, an extremely shrill scream came from underneath the blood-red pool.

At that time, the creatures of the evil blood tribe were howling miserably!

"Taixu Sword Controlling Technique!"

At this moment, Ye Feng did not hesitate at all and immediately released the extremely powerful sword-controlling technique he had just learned.

"Boom!"

"Boom!"

Almost at the next moment, swords of the void condensed from Ye Feng's back, and instantly pierced into the pool water, and then directly pierced the evil blood creature at the bottom of the pool that had been numbed by electricity. body.

At this time, Emperor Chu spoke out in the storage ring: "Ye Feng, you are really lucky. You have obtained the inheritance of the Thunder God Crocodile. I didn't expect that the thunder attribute power of the Thunder God Crocodile could be used against such a terrifying weapon." The evil blood clan from outside the territory can cause such great damage, as if they are born with restraint. Otherwise, even if Ye Feng breaks through the current Wuji realm and enters the six realms of reincarnation, it would be difficult to deal with this weird evil blood clan from outside the territory. Strength, you kid is really lucky."

Ye Feng agreed with Emperor Chu's statement.

After all, the dozen masters just now were all at the level of the Six Paths Reincarnation Mirror, but they were all surrounded by an evil blood creature using countless blood-red palms to display strange power.

Uh-huh!

Ye Feng rushed into the pool at this time, and sure enough he got another evil blood core that was larger than before, filled with a very ferocious blood.

Ye Feng put the second core into the storage ring.

At this time, he looked towards other places and found that the dozen or so trapped masters had been shattered by that big blood-red hand, leaving no traces. Down.

This shows how strange and powerful this evil blood creature is.

Ye Feng couldn't help but sigh. If he didn't have the inheritance of the ancient divine beast Thunder Crocodile, I might not be able to defeat such evil blood creatures.

"Huh? It seems there is still one alive."

At this moment, Ye Feng suddenly saw a beautiful young woman in blue, sitting on the ground in a corner not far away, leaning against the wall, suffering heavy injuries and her face was very pale.

Ye Feng walked over and asked: "How is the injury? Do you need any healing pills to recover?"

Ye Feng asked with such concern at this time, naturally he did not want the woman in blue to die, because Ye Feng also planned to get information about the inheritance of the Emperor of the Era from the only surviving woman.

After all, this group of experts who entered the endless abyss specifically to look for the Emperor of the Epoch must have information about them that they didn't know. At this time, Ye Feng heard the shouts of a group of experts not far away, and his eyes suddenly moved slightly.

Sure enough, this group of people came to this endless abyss to find the inheritance of the legendary Emperor of the Era.

At this moment, Ye Feng's whole body was shrouded in endless thunder, holding the immortal battle spear that shone with the light of thunder in his hand, and suddenly rushed into the bloody pool area not far away.

At this moment, Ye Feng immediately felt the same ferocious blood energy as in the blood-red wall before.

"There must be a core of evil blood in this blood-red pool water, and it may be more advanced and powerful than the core that penetrated the blood-red wall before. Otherwise, it would be impossible to breed so many bloody palms."

At this moment, Ye Feng immediately made a basic judgment.

"Crash!"

And at this time, more and more blood-red palms stretched out from the pool water, all of them clawed and clawed, full of terrifying and strange aura, grabbing towards Ye Feng.

Obviously, Ye Feng is a huge threat to the evil blood clan hidden in the pool, because Ye Feng is a very rare thunder attribute warrior who can restrain the power of the evil blood clan.

So at this moment, more and more blood-red palms, densely packed and overwhelming, were all grabbing at Ye Feng, full of terrifying tearing.

Ye Feng didn't hesitate at this moment, and directly burst out the inheritance of Thunder God Crocodile with all his strength.

"Boom!"

Suddenly, terrifying bolts of thunder and lightning erupted from Ye Feng's body, turning all the blood-red palms that came into contact into a blackened mess.

At this moment, Ye Feng was like an invincible God of Thunder, full of terrifying destructive power and aggression.

"Boom!"

But at this moment, all the blood-red palms suddenly retracted, and then condensed into a huge blood-red palm in the blood-red pool water, like a red mountain, and in an instant, from The bottom struck hard, covering all areas on the field at this time.

"Boom, boom, boom!"

This big blood-red hand is made up of countless blood-red palms, full of unparalleled power and destructiveness.

At this time, after the bombardment, the dozen masters on the field were instantly shattered, their bodies were broken, and they were killed instantly.

It has to be said that this group of experts was very miserable. Before Ye Feng came to the rescue, they were already smashed to pieces by this big blood-red hand.

Among the dozen or so masters on the field, only a cold woman in a blue dress was left alive.

This woman in blue had a very powerful magic weapon on her body, which formed a protective light shield and actually resisted the attack of the terrifying big bloody hand.

"Pierce the sky!!!"

Boom!

At this moment, facing that terrifying blood-red hand, Ye Feng had no intention of backing down, and went straight forward to assassinate the extremely powerful immortal war spear, and there was also a very destructive and terrifying force on the immortal war spear. Thunder light.

"Boom!"

Almost at the next moment, the entire field was filled with extremely terrifying roars and collisions.

At this moment, the immortal battle in Ye Feng's hands

The spear directly pierced the huge blood-red hand, and then stabbed it fiercely into the blood-red pool below.

Almost at this moment, Ye Feng immediately saw that the entire blood-colored pool trembled rapidly because of the thunderous light released from the immortal war spear.

Because water conducts electricity.

So this moment when the thunder touched the water.

"Crackling..."

The entire huge blood-red pool was shrouded in endless thunder, and the terrifying current flowed down the pool in an instant, electrocuting the evil vampire hidden in the deepest part of the blood-red pool.

"howl!!"

Almost at the next moment, an extremely shrill scream came from beneath the blood-red pool.

At that time, the creatures of the evil blood tribe were howling miserably!

"Taixu Sword Controlling Technique!"

At this moment, Ye Feng did not hesitate at all and immediately released the extremely powerful sword-controlling technique he had just learned.

"Boom!"

"Boom!"

Almost at the next moment, swords of the void condensed from Ye Feng's back, and instantly pierced into the pool water, and then directly pierced the evil blood creature at the bottom of the pool that had been numbed by electricity. body.

At this time, Emperor Chu spoke out in the storage ring: "Ye Feng, you are really lucky. You have obtained the inheritance of the Thunder God Crocodile. I didn't expect that the thunder attribute power of the Thunder God Crocodile could be used against such a terrifying weapon." The evil blood clan from outside the territory can cause such great damage, as if they are born with restraint. Otherwise, even if Ye Feng breaks through the current Wuji realm and enters the six realms of reincarnation, it would be difficult to deal with this weird evil blood clan from outside the territory. Strength, you kid is really lucky."

Ye Feng agreed with Emperor Chu's statement.

After all, the dozen masters just now were all at the level of the Six Paths of Reincarnation Mirror, but they were all surrounded by an evil blood creature using countless blood-red palms to display strange power.

Uh-huh!

Ye Feng rushed into the pool at this time, and sure enough he got another evil blood core that was larger than before, filled with a very ferocious blood.

Ye Feng put the second core into the storage ring.

At this time, he looked towards other places and found that the dozen or so trapped masters had been shattered by that big blood-red hand, leaving no traces. Down.

Chapter 2365 Saint of the Natural Temple

At this moment, after Ye Feng finished asking, the woman in blue stood up from the ground very weakly.

Seeing that the whole body of the woman in blue was trembling, she seemed about to fall to the ground.

Ye Feng quickly stepped forward and wanted to help.

"do not come!"

At this time, the woman in blue was very vigilant and immediately pulled out the emerald sword in her hand and pointed it at Ye Feng.

When Ye Feng saw this scene, he immediately couldn't help laughing and said: "I'm not a bad person, why are you so afraid of me?"

The woman in blue was obviously very vigilant and said at this moment: "I don't know your identity. How do I know if you are a bad person or if you are coveting my secrets about the Emperor of the Epoch?"

When Ye Feng heard what the woman in blue said, he couldn't help but look stunned.

Unexpectedly, my thoughts were guessed by the woman in blue.

But since the woman in blue had guessed it, Ye Feng didn't want to hesitate at this time.

Ye Feng looked at the woman in blue in front of him and said: "Then let me get straight to the point. I can help you recover from your injuries. And you also saw my strength just now. My thunder attribute inheritance can restrain these terrifying endless abyss. The weird creatures below, I can move forward with you, but the premise is that you want to share with me where the last traces of the Emperor of the Era are. I don't believe that you people who come in to look for the inheritance of the Emperor of the Era are blind. , you must have a map to find the place where the Emperor of the Era finally fell."

Hearing what Ye Feng said straight to the point, the woman in blue couldn't help but said: "It turns out that you came in to find the inheritance of the Emperor of the Era, but think about it, such a dangerous endless abyss, if it weren't for the Emperor of the Era, The inheritance of such a legendary figure is so attractive that no one can come here."

At this moment, Ye Feng suddenly saw a badge hanging on the waist of the woman in blue.

"Huh? This is..."

Ye Feng couldn't help but stare at the waist badge and said in surprise: "This is the identity token of a disciple of the Northern Immortal Palace! Are you a disciple of the Northern Immortal Palace?"

When the woman in blue heard what Ye Feng said, a trace of surprise appeared in her beautiful eyes: "It seems that you are very familiar with our Northern Immortal Palace?"

Ye Feng laughed and suddenly took out an identity token from his storage ring.

That is the exclusive token of the ten elders of Ye Feng's outer sect!

"This is....."

The woman in blue was stunned for a moment when she looked at the token in Ye Feng's hand. Then she couldn't help laughing and said, "It turns out we are from the same sect!"

At this moment, the woman in blue immediately put down all the vigilance in her heart, and took back the jade sword in her hand. She couldn't help but glance at Ye Feng and said: "I didn't expect that you, one of the top ten elders of the outer sect, are so young and cultivate so much." The power is not high, but the inheritance of the thunder attribute is indeed very rare. It can really restrain those weird creatures under this endless abyss. "

At this moment, the woman in blue said, and immediately stretched out her white hand towards Ye Feng: "Then come over and help me. Although I resisted the attack of the big bloody hand just now, I also suffered heavy injuries. It will probably take a long time to recover."

Ye Feng nodded and walked over at this time, saying aloud: "I will help you recover from your injuries. I believe I will do it quickly, but you need to share with me the location where the Emperor of the Epoch fell under this endless abyss."

The woman in blue stared at Ye Feng and couldn't help but smile and said: "You are really a money addict. By the way, my name is Lan Yuexi, and I am the saint of the nine natural temples of our Northern Immortal Palace."

At this time, Ye Feng supported Lan Yuexi and introduced himself: "My name is Ye Feng, and I am one of the top ten elders of the outer sect of the Northern Immortal Palace."

Lan Yuexi nodded immediately: "Your strength is actually comparable to some powerful inner sect elders. This time after returning to the Northern Immortal Palace, you can go for the certification examination of the inner sect elders."

Ye Feng said with a smile: "I don't really care about my identity, but it is said that the benefits of the inner sect elders are very good. I will definitely go for certification when the time comes."

At this time, Ye Feng said, inputting his chaotic power into Lan Yuexi's body.

Lan Yuexi immediately felt an extremely powerful force and began to help her recover from her injuries.

Originally, Lan Yuexi felt that she had suffered such a terrible injury and it would take at least a month and a half to recover before she could return to her full strength.

But what she didn't expect was that Ye Feng helped her recover from her injuries, and in just a few hours, Lan Yuexi returned to her peak condition.

This made Lan Yuexi's mouth open and she felt deeply unbelievable.

The saint of the Temple of Nature couldn't help but stare at Ye Feng and said loudly: "Ye Feng, I didn't expect your power to be so powerful! And the skills you have cultivated are also very advanced. You must know that my inheritance is natural The core inheritance in the temple, but I didn't expect that your skill would surpass mine. It's really incredible."

Ye Feng just smiled nonchalantly and said, "Can we set off directly now?"

Lan Yuexi shook her head and said: "As for the area where the Emperor of the Era finally fell, I only know a general location, but I don't know the specific location."

When Ye Feng heard this, his eyes immediately showed a trace of gloominess: "So I saved you in vain?"

Lan Yuexi said aloud: "Don't worry, this time it's not just our team that entered the endless abyss. One of my senior brothers, named Gu Yu, has an exact and specific map on him that can find the final destination." The place where the Great Emperor of the Era fell. Senior Brother Gu Yu is the core inner sect elder in our Northern Immortal Palace. His cultivation level is in the ninth level of the Six Paths of Reincarnation Realm. He is much stronger than me. He has also entered this endless abyss, but we We got separated in an accident, but we have magic talismans that can communicate with each other, so it will be fine when we get together again."

When Ye Feng heard what Lan Yuexi said, he immediately nodded and said, "Then start sensing now."

"OK."

At this time, Lan Yuexi had regained the strength of her heyday and had the cultivation level of the Sixth Heaven of the Six Paths of Reincarnation. At this time, she took out a spiritual talisman that exuded a faint golden light from her storage ring and began to sense Gu Yu, the The senior brother who has the exact map.

Ye Feng just stood aside and watched quietly, hoping that Lan Yuexi could find her senior brother who had the map.

"Buzz!"

Suddenly at this moment, the talisman in Lan Yuexi's hand vibrated, and then began to fly into the air, flying in a certain direction.

"Found it! Let's follow him quickly!"

Lan Yuexi's eyes immediately showed a hint of joy.

Ye Feng nodded, and the two of them immediately followed the talisman and flew quickly in a certain direction of the endless abyss. At this moment, after Ye Feng finished asking, the woman in blue stood up from the ground very weakly.

Seeing that the whole body of the woman in blue was trembling, she seemed about to fall to the ground.

Chapter 2366 Gu Yu

Before leaving, Ye Feng silently put the corpses of the dozen masters who had just died into the storage ring.

The cultivation levels of these dozen dead masters are all in the Six Paths of Reincarnation realm.

Halfway through, Ye Feng stood behind Lan Yuexi and silently swallowed up all the blood energy of the dozen masters in the storage ring.

Ye Feng's cultivation level suddenly and invisibly broke through to the second level!

Directly breaking through from the seventh level of the Wuji Realm to the ninth level of the Wuji Realm!

Next, the two of them moved very quickly and caught up with the magic talisman in the blink of an eye. .??.

They soon arrived at the location of the magic talisman.

At this time, this is a very dilapidated area of ancient buildings.

Surrounded by an extremely desolate black land.

At this time, a young man wearing a white gown stood not far away.

He looked at the map in his hand as if he was looking for something.

"Senior Brother Gu Yu!"

At this moment, Lan Yuexi immediately walked towards not far away with joy in her eyes.

"Um?"

At this time, Gu Yu turned around and looked at Lan Yuexi, who was walking behind him. He also had a smile on his face and couldn't help but say, "I didn't expect us to be reunited so soon."

Lan Yuexi nodded and said, "After we got separated, we encountered very scary and strange creatures. Fortunately, Ye Feng saved us."

At this time, Lan Yuexi said, pulling Ye Feng from behind to the front.

Gu Yu glanced at Ye Feng in surprise, and then sensed that Ye Feng's body was just the cultivation aura of the Wuji Realm, and his eyes suddenly became indifferent.

Even Gu Yu couldn't help but said: "You, a group of masters in the Six Paths of Reincarnation Realm, were actually saved by an outer sect elder who was not in the Wuji Realm? Is it true or not?"

At this time, Gu Yu's tone seemed to be quite contemptuous.

Ye Feng didn't bother to care about this at all. What he wanted now was to follow these two people to find the place where the Emperor of the Era fell.

But Lan Yuexi couldn't help but explain to Ye Feng at this time: "Senior Brother Gu Yu, you may not think that Ye Feng's cultivation level is lower than ours, but Ye Feng practices a very special thunder attribute inheritance, and the thunder that bursts out The power is very powerful, and it has a natural suppression on the strange creatures under the endless abyss. "

When Gu Yu heard what Lan Yuexi said, not only did he not pay attention to Ye Feng, but he felt a little unhappy because Lan Yuexi seemed to be defending Ye Feng in his tone.

But Gu Yu seemed too lazy to argue with an outer sect elder in the Wuji Realm.

He ignored Ye Feng, looked directly at the map in his hand, and said aloud: "We are not far from the place where the Emperor of the Epoch fell. Hurry up and look for it. This time, it may not only be the strong men from the northern land who have entered this endless world." Under the abyss, the great forces in the southern region and the west have also sent many strong men to search for it. We cannot waste any time. "

Lan Yuexi nodded immediately and said, "Then let's set off quickly."

Gu Yu nodded slightly at this time, looked at the map in his hand, and started flying forward.

Ye Feng and Lan Yuexi followed directly.

At this time, following behind, Lan Yuexi couldn't help but whisper to Ye Feng: "Ye Feng, Senior Brother Gu Yu is the core elder of the inner sect of our Northern Immortal Palace, so he is quite arrogant. Just now he was quite mean to you with his words. I hope you don't take it too seriously, Ye Feng."

Ye Feng smiled lightly and shook his head and said: "I'm not so narrow-minded.

It doesn't matter. "

Regarding this Gu Yu, although the opponent was very powerful and had a high level of cultivation, Ye Feng was not really afraid of him in his heart.

The reason why Ye Feng didn't care was because he was too lazy to get to know this kind of person.

The most important thing now is to find the place where the Emperor of the Era fell, and see if he can find the inheritance of the Emperor of the Era.

At this moment, three people were flying rapidly in the endless abyss one after the other.

Suddenly it felt like they were passing through a very special swamp.

"Boom!"

A huge blood-red claw suddenly stretched out from the swamp, and suddenly it fiercely grabbed the three people flying above, full of a terrifying evil blood clan's ferocity. Qi. .???.??

"It's a creature of the evil blood tribe! And it's much stronger than the two I encountered before!"

At this moment, Ye Feng secretly murmured in his heart.

"retreat!"

Ye Feng knew the terror of the evil blood clan coming from outside the territory, so he immediately pulled Lan Yuexi beside him and retreated towards the back to avoid the sharp attack.

"What are you afraid of?"

At this time, Gu Yu couldn't help but yelled: "Ye Feng boy! Let go of junior sister Lan Yuexi's hand!"

Ye Feng didn't bother to pay attention to Gu Yu at this time, and pulled Lan Yuexi far back.

Seeing this scene, Gu Yu's eyes showed a kind of hostility towards Ye Feng for the first time.

"Wait until I finish taking care of this weird creature! Then I'll settle the score with you!"

Gu Yu said at this time, and then a spear emitting infinite divine light appeared in his hand, and suddenly it struck hard at the blood-red claws grabbed from the swamp below.

"Boom!!"

Suddenly, a terrifying collision sound was heard.

An extremely terrifying power was suddenly transmitted to Gu Yu's body through the spear.

"Crack!"

Almost at this moment, Gu Yu's palm was shattered by the shock force.

"hateful!"

Gu Yu couldn't help but roar, pushing the blood energy all over his body, and his palm grew again.

After all, when he reaches a powerful state like Gu Yu, as long as he doesn't die instantly and only a certain part of his body is broken, he can instantly restore the broken body by consuming other blood energy in his body.

Uh-huh!

At this moment, Gu Yu suffered a little loss and couldn't help but take several steps back to avoid the sharp edge.

Ye Feng said not far away at this time: "Elder Gu Yu, I don't mean to take advantage of Lan Yuexi, but I know very well that this evil blood clan is very terrifying. Let's deal with it together."

"Need not!"

Gu Yu stared at Ye Feng coldly, with arrogance in his eyes, and said loudly: "I am the core elder of the inner sect of the Northern Immortal Palace, and you are just an outer sect elder. What is the use of you and me joining forces? , you are of no help to me at all, you should just watch me show off my power."

At this time when Gu Yu was talking.

"Boom!"

In the swamp in the distance, a blood-red evil beast that looked like an earth dragon suddenly rushed out. Its whole body was covered with dense blood-red scales. It exuded a monstrous aura and its huge claws were terrifying. , as if it could tear the entire world into pieces.

This is definitely a very powerful and terrifying evil blood clan!

Chapter 2367 I still have to take action

"Rumble..."

At this moment, this powerful evil blood beast made a terrifying roar.

Its body exudes a ferocious and boundless blood.

"You evil beast! If you dare to sneak attack on us, I will kill you completely today!"

At this moment, Gu Yu's eyes were full of deep fighting intent. He instantly held the spear in his hand, filled with boundless power, and charged towards the evil beast of the evil blood clan. ??

At this moment, Gu Yu immediately burst out with an extremely powerful martial arts inheritance of the gun type.

"March with drum beat!"

"The gun comes out like a dragon!"

Boom!

Almost at the next moment, the spear in Gu Yu's hand suddenly burst out with a monstrous edge, as if it could tear everything apart, and suddenly stabbed the evil beast underneath.

"boom!"

At this moment, the evil blood beast stretched out a huge blood-red claw and collided hard with the spear in Gu Yu's hand.

"Crack!"

Along with the sound of broken metal, the spear in Gu Yu's hand suddenly shattered the giant claw of the evil blood beast.

"good!"

When Gu Yu saw this scene, his eyes immediately showed excitement.

It has to be said that this Gu Yu is worthy of being a core figure among the elders of the inner sect, worthy of being a powerful being at the ninth level of the Six Paths of Reincarnation Realm, and his combat power is still very terrifying.

At this time, he pursued the victory and stabbed the spear in his hand fiercely again, releasing a monstrous edge.

"You evil beast, you are dead!"

Gu Yu laughed loudly at this time, his tone full of joy.

"Rumble..."

But suddenly at this moment, the evil blood beast underneath suddenly gathered together like mud, and then all turned into blood-red palms.

In an instant, thousands of blood-red palms appeared underneath. It was very strange. They actually grabbed all the spears in Gu Yu's hand.

The spear in Gu Yu's hand now erupted with terrifying rays of light.

These rays of light were so sharp that they instantly cut and shattered all the blood-red palms around them.

But as a result, those blood-red palms grew again.

These blood-red palms seemed to never be destroyed. They were constantly being destroyed and growing back again. They were so densely packed that it made people feel numb.

"hateful!"

At this time, Gu Yu's entire body was surrounded by countless blood-red palms.

Countless blood-red palms were filled with the terrifying power of the evil blood clan. They grabbed Gu Yu's entire body and then pulled him hard around him.

"Pfft!"

"Pfft!"

Almost at that moment, one of Gu Yu's arms and one thigh were torn off.

"ah!!"

This made Gu Yu let out a shrill scream.

Gu Yu quickly activated the blood power in his body to regenerate his broken arm.

But no matter how fast he was reborn, he would never be able to defeat a weird race like the Evil Blood Tribe.

Gu Yu fell into crisis in an instant.

Lan Yuexi, who was not far away, saw this scene, and her expression suddenly changed slightly.

Originally, she saw Gu Yu's great power and thought that she could easily kill the evil blood beast.

But I didn't expect that this evil blood race is a very strange and terrifying race. It can turn into countless densely packed blood-red palms. It seems to be a special racial talent that cannot be wiped out at all.

Even a strong man like Gu Yu, who is at the ninth level of the Six Paths of Reincarnation Realm, is entangled in countless blood-red palms and is unable to escape at this moment.

Lan Yuexi couldn't help but look at Ye Feng beside her and said, "Ye Feng, I hope you can save Gu Yu."

Ye Feng nodded slightly and said loudly: "As a member of the same sect, and he has a map on his body, I will naturally help him. I didn't take any action just now, I just let this Gu Yu have a taste of the pain. Don't think that he has a high level of cultivation. I am invincible

."

At this time, after Ye Feng finished speaking.

"Boom!"

Ye Feng's body suddenly erupted with an extremely powerful light of thunder and lightning. .??.

At this moment, Ye Feng faced this weird evil-blooded creature without any hesitation at all, and burst out with the inherited power of the Thunder Divine Crocodile.

"Crash..."

At this moment, Ye Feng was surrounded by endless thunder and lightning.

His eyes were filled with thunder and lightning, and they looked extremely bright.

"Boom!"

Ye Feng's whole body was like a thunder god descending. The immortal battle spear in his hand suddenly filled the countless blood-red palm areas not far away.

"Pierce the sky!"

In an instant, Ye Feng immediately stabbed out the immortal war spear in his hand crazily.

Ye Feng may have used the power of the Immortal War Spear, but it was not as good as Gu Yu, who was more powerful.

But Ye Feng's current Immortal War Spear is enchanted with the power of thunder and lightning.

The damage dealt to the evil blood tribe is more severe than that of Gu Yu.

Moreover, Ye Feng's thunder and lightning power is the thunder power of the divine beast Thunder God Crocodile, so it can destroy these blood-red palms and cannot regenerate them.

"Clatter!"

Almost at the next moment, after Ye Feng joined, he destroyed many blood-red palms with endless thunder and lightning.

Those blood-red palms immediately retreated quickly.

"Uh-huh!"

Ye Feng flashed to Gu Yu's side in an instant, and then said loudly: "I have already said that we would join forces, but you don't trust my power. In the end, I have to take action."

Gu Yu's eyes were a little ugly, but he didn't say much at this time. He just used his power crazily and blasted towards the blood-red palm underneath.

"Pierce the sky!"

Boom!

Finally, Ye Feng exploded with the most powerful power and used the Immortal War Spear to blast away all the thunder power, severely destroying all the blood-red palms underneath.

r\u003e "Howl!!"

Along with a shrill howl, countless blood-red palms were destroyed, and finally the evil beast of the evil blood clan was formed.

Poof!

Gu Yu seized the opportunity at this time, holding the spear in his hand, and pierced the head of the evil blood beast, killing it instantly.

"Finally dead!"

Lan Yuexi, who was not far away, was originally ready to help, but now that she saw that the evil beast of the evil blood tribe was dead, her face suddenly showed a happy look.

At this time, Ye Feng and Gu Yu landed from high altitude.

Lan Yuexi walked over and said with a smile: "Look how well you two work together!"

Obviously, in Lan Yuexi's heart, she still hopes that Ye Feng and Gu Yu can have a better relationship.

In response, Gu Yu just snorted coldly.

At this time, Ye Feng walked not far away and took out the core of the evil blood beast.

This is the third evil blood core that Ye Feng has obtained.

Lan Yuexi walked to Ye Feng's side, her beautiful eyes stared at the core in Ye Feng's hand, and couldn't help but said: "Ye Feng, you seem to know a lot about this weird creature?"

"It's not even close to understanding."

Ye Feng shook his head slightly and said loudly: "I only know that this kind of weird creatures are called evil blood tribe. They are an extraterritorial race that has never been seen in our God Realm. Their strength and racial talents are very evil and very difficult to deal with. Fortunately, the power of thunder seems to naturally suppress this race."

When Lan Yuexi heard what Ye Feng said, she couldn't help but reveal a charming smile in her charming eyes. She stared at Ye Feng and said, "You were so powerful just now! You destroyed all those blood-red palms in one go!" You really looked like the god of thunder just now."

And just when Ye Feng and Lan Yuexi were chatting happily not far away.

Gu Yu, who was standing there alone, was staring at the two of them, with a deep and sinister look in his eyes.

But then Gu Yu seemed to have thought of some bad idea, a cruel smile suddenly appeared at the corner of his mouth, and he murmured, "Boy, if you dare to show off in front of me, and if you dare to steal the woman I like, you will die later." No burial place..."

Chapter 2368 Huge Crisis

At this time, Ye Feng and Lan Yuexi finished talking and walked towards Gu Yu's direction.

At this time, Gu Yu had recovered from his previous injuries. He took out the map, took a look at it, and said, "Let's go, let's move on."

Ye Feng and Lan Yuexi both nodded and followed Gu Yu towards the inner area of the endless abyss.

Soon they came to a rather remote area.

There are some dilapidated buildings here, as well as some ancient altars and the like.

Ye Feng's eyes were a little confused, and he couldn't help but asked: "Why do I feel that there is something wrong with the atmosphere here? It has a very vicious feeling."

"Your feeling is right. This is a very dangerous area under the endless abyss."

Suddenly at this moment, Gu Yu in front turned around fiercely, with a teasing smile in his eyes.

Ye Feng frowned slightly and said, "What do you mean?"

At this time, Gu Yu stared at Ye Feng not far away and said coldly: "You are too arrogant. You dare to steal my limelight and be so close to the woman I like, so I can only I'll trap you here."

"Trave to kill?"

At this time, Lan Yuexi's beautiful eyes revealed a look of deep doubt.

Uh-huh!

But suddenly at this moment, Gu Yu stretched out a hand and formed a sealing formation, instantly covering Lan Yuexi's entire body in the formation.

Lan Yuexi's eyes changed, and she instantly felt that all the power in her body was unable to function. Her entire power was sealed by this formation.

Lan Yuexi couldn't help but exclaimed: "Senior Brother Gu Yu, what are you going to do?"

Gu Yu smiled slightly, stared at Lan Yuexi next to him, and said loudly: "Junior sister Lan, you should stay in this sealing formation obediently now. This is the grudge between Ye Feng and me. Don't get involved. "

this

Ye Feng, who was not far away, showed a deep cold look in his eyes, and said loudly: "I thought you were a fellow disciple, and I saved you before, but I didn't expect that you would repay your favor and set up a scheme to bring me here." If you are in a dangerous place, then I can only kill you! There is no need for a sinister person like you to live anymore!"

"Hahaha!"

Hearing what Ye Feng said, Gu Yu immediately showed a mocking look in his eyes: "Although your boy is powerful in combat, you have now invisibly walked into the altar area of this evil blood clan, and you can no longer escape! I will I can't help but watch you die! There's no need for me to kill you, you're going to die soon!"

At this time, Gu Yu said and raised the map in his hand: "The map has marked that the place you are at is extremely dangerous, so you should slowly experience the pain of death!"

Rumble...

Almost at the moment Gu Yu finished speaking, the ground around Ye Feng suddenly began to shake.

From the broken altars around him, terrifying evil souls suddenly rushed out!

These evil spirits seemed to be the terrifying souls that the evil blood tribe transformed into after their death. All of a sudden, they swept towards Ye Feng crazily, trying to devour Ye Feng alive!

This evil spirit is so weird that it makes people feel numb.

At this moment, Ye Feng subconsciously manifested the sinful eyes in his eyebrows.

"The Dark Emperor!"

Ye Feng instantly released the majesty and power of the Dark Emperor.

But at the next moment, what made Ye Feng's expression change was that the Eye of Sin actually retracted into the space between his eyebrows. He did not dare to confront the evil spirits rushing towards him. He seemed to be very afraid of this kind of terrifying thing. evil spirits.

"What?"

!"

This made Ye Feng's expression completely change.

This was the first time he saw something majestic and fearful of the Dark Emperor.

These evil blood races are indeed a terrifying race from outside. The evil spirits they turn into after death are even feared by the Dark Emperor in the God Realm.

"Swish, swish, swish..."

Almost at this moment, evil spirits crazily penetrated into Ye Feng's head and began to destroy and corrode Ye Feng's soul.

"ah....."

Ye Feng immediately felt tremendous soul pain, because it felt like countless ants were eating his flesh and blood.

"don't want!!!"

When Lan Yuexi saw this scene, she was finally completely disappointed with her senior brother Gu Yu.

She never thought that just because of jealousy, Gu Yu, an elder of the inner sect, would set such a vicious trap for his fellow sect members and lead them into a terrifying and dangerous area.

It's so hateful!

Lan Yuexi couldn't help but screamed: "Gu Yu! You really disappoint me!!!"

Gu Yu stared at Lan Yuexi at this time, with a fierce look in his eyes: "After I watch this boy Ye Feng die, I will kill you on the spot!"

At this time, Ye Feng, not far away, was in a huge crisis.

The Dark Emperor is unable to fight against this evil spirit.

Ye Feng's only hope is the soul gem.

Because only soul gems can deal with soul enemies.

However, the soul gem is still in a deep sleep state at this time and cannot be awakened at all.

Ye Feng also didn't expect that Gu Yu, who he originally thought might just be a little hostile to him, would suddenly frame him like this and want to kill him.

Seeing Ye Feng's soul being swallowed up.

A huge crisis is coming!

Uh-huh!

Suddenly, a small light person transformed into Emperor Chu flew out of Ye Feng's storage ring, and then penetrated into Ye Feng's soul.

Ye Feng couldn't help but asked: "Emperor Chu! What can you do?"

Emperor Chu's eyes were extremely solemn at this time: "I can't fight against the evil spirits transformed by this terrifying evil blood clan. I can only sacrifice myself and give my soul power to revive the soul gem! Let's see if there is any useless!"

"What?!"

When Ye Feng heard what Emperor Chu said, he couldn't help but said: "Don't do this!"

"boom!"

But the next moment, the little light person that Emperor Chu transformed into had instantly rushed into the soul gem in Ye Feng's mind and disappeared.

"Emperor Chu!!"

Ye Feng couldn't help but exclaimed.

Boom!

And almost at the next moment, the soul gem that had been sleeping for a long time suddenly burst out with crimson light.

The soul gem finally wakes up!

"I'm not dead!"

Suddenly Emperor Chu's voice sounded in the soul gem: "Ye Feng! I seem... I seem to be in the process of making a sacrifice. I don't know why, but I accidentally merged with the soul gem!"

When Ye Feng heard this, his eyes suddenly lit up and he couldn't help but said: "Really? That's great! This is really an unexpected surprise!"

Emperor Chu and the Soul Gem unexpectedly merged into one, which means that the Soul Gem will never sleep again in the future, and Emperor Chu can also take the initiative to continuously develop the power of the Soul Gem!

And from now on, Emperor Chu will be the soul gem, which means Emperor Chu has obtained a super parasite that can't be compared to anything else!

Chapter 2369 Powerful Killing

At this time, Emperor Chu and the soul gem merged into one, and no one thought that such a thing would happen.

Neither Ye Feng nor Emperor Chu himself expected such a change to occur.

This is equivalent to Emperor Chu getting a super invincible body.

After all, that is the soul gem among the nine gems of the gods that the Lord transformed into!

At this moment, even an ancient powerful man like Emperor Chu who lived thousands of years ago was a little excited.

Because he didn't expect that one day he would be able to merge with the soul gem, which was really unbelievable.

But at this time, Emperor Chu still had business to do.

"disperse!"

At this moment, Emperor Chu immediately released the powerful power of the soul gem.

"Boom!"

Suddenly, a terrifying power to dominate the soul burst out from the soul gem in Ye Feng's mind.

This kind of soul power is the power of the master. It is like a violent wave, and in an instant, all the evil spirits that enter Ye Feng's soul world are shattered by the impact.

The terrifying evil souls that these evil blood creatures turned into after their death could have swallowed up any soul in the world.

But the soul gem in Ye Feng's mind emitted the power of domination, destroying all these evil spirits in one fell swoop, directly shattering them into pieces of soul fragments.

"Swallow!"

At this moment, Ye Feng was not idle. When Emperor Chu released the power of the soul gem and crushed the evil spirits, Ye Feng also released his devouring power at once, destroying all the broken soul fragments of the evil spirits. Devoured and absorbed.

Ye Feng discovered that the souls of these evil spirits that had been crushed by the power of dominion had become swallowable. Originally, Ye Feng felt that he could not swallow the evil souls of such evil vampires.

At this time, Ye Feng had an idea in his heart. Perhaps he could use the gems of the gods on himself to "purify" the cores of the evil blood clan that he could not swallow, and then devour the blood in the cores.

After Ye Feng had this idea in his mind, he immediately felt extremely happy. He seemed to have found it.

A way to quickly become stronger under this endless abyss.

Moreover, this method cannot be done by others. Only Ye Feng, who possesses the gems of the gods, can do it.

At this moment, after Ye Feng swallowed the soul fragments of the broken evil spirits, his soul power suddenly surged tremendously.

"Level 20,000!"

"Level 20,200!"

"Level 20,300!"

"..."

In the end, after Ye Feng devoured all the shattered evil spirit fragments, his soul power skyrocketed to level 23,000!

This is a huge improvement!

Because Ye Feng's soul improvement has always been very slow.

This time, it suddenly increased to three thousand levels!

It can be said to be a huge opportunity!

"This time, the danger was finally turned into good fortune, and Emperor Chu also received huge benefits, becoming one with the soul gem."

Ye Feng couldn't help but murmur at this time.

Emperor Chu and the soul gem have become one, which has many benefits for Ye Feng.

Because Ye Feng has always been unable to develop the power of the soul gem deeply.

But now that Emperor Chu and the soul gem have become one in a sense, then the subjective thinking of Emperor Chu can continue to develop all the abilities and secrets of the soul gem.

If Emperor Chu could discover something and unleash the even more powerful power of the Soul Gem, it would be like having another trump card for Ye Feng.

At this moment, Ye Feng was quite happy inside.

But at this time.

"What? All the evil spirits in your body have disappeared? How is this possible? How did you do it?"

Gu Yu's horrified voice came from not far away.

Uh-huh!

At this moment, Ye Feng suddenly looked at Gu Yu who was not far away, his eyes filled with a deep cold look: "Gu Yu, your death has come."

Gu Yu saw that Ye Feng was not swallowed to death by the evil spirit.

He suddenly became a little angry and couldn't help shouting: "Don't think that you are powerful just because you were lucky enough not to be killed by evil spirits. Your power is only aimed at these evil blood tribes, because your thunder attribute inheritance is designed to restrain them, but I am not afraid of your thunder attribute power. Your cultivation is much worse than mine. Do you really think you can defeat me? I think you will be the last to die!" ??

Boom!

Ye Feng was too lazy to talk nonsense at this time. The only thought in his mind now was to kill this Gu Yu quickly!

So at this moment, Ye Feng suddenly burst out with extremely powerful combat power, holding the immortal war spear in his hand and charging towards Gu Yu.

"The gun comes out like a dragon!"

Gu Yu also roared at this time, and in an instant he held the spear in his hand and stabbed Ye Feng.

It has to be said that as a strong man in the ninth level of the Six Paths of Reincarnation Realm, Gu Yu's combat power is still very terrifying.

Ordinary Wuji realm warriors were absolutely nothing more than ants in front of him.

However, Ye Feng's strength cannot be calculated based on his cultivation. Ye Feng's strength far exceeds his own cultivation.

"Boom!!"

So at this time the two collided with each other, and Gu Yu couldn't help but take several steps back, while Ye Feng stood very steadily on the spot holding the immortal war spear in his hand, without stepping back at all.

"What? How is this possible? Why are you so powerful?"

At this time, Gu Yu couldn't help but exclaimed.

Originally, he thought Ye Feng was only powerful because of his Thunder inheritance, which was specifically designed to restrain those weird evil blood clans under the endless abyss.

But now after actually colliding with Ye Feng, Gu Yu suddenly discovered that Ye Feng's true combat power was terrifying to the extreme!

"kill!"

Ye Feng still didn't say anything nonsense at this time. He pushed all his strength and rushed towards Gu Yu in an instant.

The ancient divine ring!

Blessings and strength!

At this time, Ye Feng's body suddenly lit up with a divine halo, which increased Ye Feng's combat power many times at this moment.

"Boom!"

In this collision, the immortal war spear in Ye Feng's hand suddenly shattered Gu Yu's spear, and then the war spear pierced Gu Yu's chest fiercely.

"Pfft!"

Gu Yu's chest was suddenly pierced.

"ah!!"

He immediately let out a scream of extreme pain.

"Thousand Thunder Heavenly Prison!"

At this moment, Ye Feng continued to launch soul attacks, and Gu Yu's soul was suddenly covered by endless thunder and lightning. Countless thunder and lightning crazily shocked Gu Yu's soul, causing Gu Yu to let out a series of extremely painful screams.

In the end, Gu Yu died directly!

Ye Feng snorted coldly, stretched out his hand to grab it, and swallowed up all Gu Yu's skills.

"Boom!"

Ye Feng's cultivation level instantly broke through.

Directly from the ninth heaven of the Wuji Realm, he broke through the bottleneck and entered the Great Perfection level of the tenth heaven of the Wuji Realm!

At this moment, Lan Yuexi, who was in the sealing formation not far away, saw the entire process happening in front of her, with a look of deep shock on her beautiful face.

From Ye Feng rushing out of the dangerous area to killing Gu Yu, the whole process actually happened extremely quickly.

Even before Lan Yuexi could react, Ye Feng had already powerfully killed Gu Yu!

Lan Yuexi was deeply amazed by Ye Feng's strength, which was more terrifying and powerful than she had imagined before!

At this time, Lan Yuexi had no feeling at all about Gu Yu's death, and even thought that Gu Yu deserved to die.

Chapter 2370 Ancient Underground City

At this moment, looking at Gu Yu's dead body on the ground, Ye Feng looked at Lan Yuexi not far away, and suddenly said: "Lan Yuexi, if I kill this Gu Yu, you shouldn't report it to the Northern Immortal Palace. The Law Enforcement Palace, right?"

Lan Yuexi shook her head vigorously, looked at Gu Yu's body on the ground, with disgust in her eyes, and said loudly: "This Gu Yu deserves to die! He should be killed! I didn't expect that there would be such a narrow-minded person around me. And insidious people are really hateful!"

When Ye Feng heard Lan Yuexi say this, he immediately smiled and nodded: "I also think this Gu Yu deserves to die. Originally, I thought this Gu Yu was just slightly hostile to me. After all, we are all from the same sect, not to kill each other, but I didn't expect that he would be so vicious, leading me into such a dangerous area, and wanted to devour and kill me alive through evil spirits, so I could only treat him the way he should. Kill him directly!"

At this time, after Ye Feng swallowed Gu Yu, he squatted down and took off Gu Yu's storage ring.

Buzz!

At this moment, Ye Feng released his soul power and after exploring Gu Yu's ring, his eyes immediately showed a hint of joy.

I have to say that this Gu Yu is still very wealthy.

There is a lot of wealth in the storage ring.

Not only does it have tens of millions of divine crystals, but it also has a good collection of inherited martial arts, and even some precious elixirs with special effects, which can be used at critical moments.

Ye Feng was very satisfied and put Gu Yu's ring into his storage ring.

At this time, Lan Yuexi also took the map that had fallen aside in her hand and said, "We can move on."

"OK."

Ye Feng nodded.

"Boom!"

But suddenly at this moment, Ye Feng's mind suddenly

Suddenly, an extremely powerful dark force burst out.

That dark power turned out to be the will of the Dark Emperor!

At this time, it broke out in an instant.

Ye Feng's face immediately changed slightly: "Sure enough, the Dark Emperor has never been completely exterminated! Now that the soul gem has reawakened, he seems to have sensed the crisis and wants to forcibly occupy my soul!"

At this time, the power of darkness enveloped Ye Feng's entire soul in an instant.

The voice of the Dark Emperor suddenly sounded: "Young man, your luck is very good. You have actually obtained several gems of the gods, but from now on they all belong to me!"

After saying that, the Dark Emperor rushed towards Ye Feng's soul core and wanted to crush Ye Feng's soul.

But suddenly at the next moment, Ye Feng's soul gem burst out with an extremely intense red light, blocking all the power of the Dark Emperor.

"Boom."

Emperor Chu rushed out of the soul gem in an instant, and with the help of the power of the soul gem, a red giant of light tens of thousands of feet tall appeared directly in Ye Feng's head, and suddenly stretched out A huge hand of light smashed the Dark Emperor to pieces!

Emperor Chu laughed loudly: "This time the Dark Emperor's will has been completely obliterated! Ye Feng, as long as I protect your soul, no one can hurt you!"

Ye Feng breathed a sigh of relief. The Dark Emperor's legacy was finally completely eliminated.

From now on, you can use the power of the Eye of Sin as you wish.

"what happened?"

At this time, Lan Yuexi saw Ye Feng standing still suddenly, and she couldn't help but asked: "Ye Feng, were you seriously injured in the battle just now? Don't you want me to help you heal?"

"fine."

Ye Feng shook his head, smiled, and said aloud: "It's just that my soul had some vibrations just now. It's okay now. Let's continue to set off and try to reach the inheritance place of the Emperor of the Epoch as soon as possible. Didn't Gu Yu say before that entering this endless abyss Yes, it's just us, there are also strong men from the Southern Region and even the West. We have to hurry up and don't let others get there first, it would be a pity."

When Lan Yuexi heard what Ye Feng said, she nodded sharply and said, "That's right, let's set off quickly."

At this moment, Lan Yuexi said, looking at the map in his hand, finding the destination, and then started flying in that direction.

The two quickly set out on the road, passing through various winding passages under the endless abyss, and finally arrived at the place where the Epoch Emperor's final fall recorded on the map half an hour later.

When they came to the entrance, they saw a huge ancient city pool underground.

The architectural style of this ancient city is different from many architectural styles in the God Realm. It is a very dark architectural style.

At this time, Ye Feng and Lan Yuexi saw this ancient city and looked at the tall and towering buildings, with a hint of shock in their eyes.

Lan Yuexi couldn't help but said: "I didn't expect that there is such a huge ancient city under such a deep endless abyss."

Ye Feng couldn't help but nodded at this time, and said loudly: "This should be left behind by the evil blood clan civilization back then.

The ancient city exudes a very ferocious atmosphere inside and out, and I also felt a very terrifying life fluctuation in this ancient city. "

"A very scary life fluctuation?"

When Lan Yuexi heard what Ye Feng said, she couldn't help but reveal a trace of surprise and fear in her beautiful eyes. She couldn't help but said: "Ye Feng, what do you mean? , there are also very terrifying ancient creatures of the Evil Blood Tribe in this ancient city?"

Ye Feng nodded and said: "Yes, this feeling is very strong, and the life of the evil blood clan living in this old city that I sensed at this time is definitely better than all the evil blood we have encountered before. All the vampires together are even more terrifying and powerful."

Lan Yuexi couldn't help but say at this time: "Then should we leave first? Go to the sect to find more powerful beings to help us explore together."

Ye Feng shook his head: "In that case, do you think we can still get the inheritance of the Great Emperor of the Era? I'm afraid we won't get anything, but you don't have to be too afraid. We are not here specifically to fight with that evil blood clan. In a head-on confrontation with life, we just need to sneakily find the place where the Emperor of the Era died and see if we can find the inheritance of the Emperor of the Era."

When Lan Yuexi heard this, she couldn't help but smile and said, "Ye Feng, you are right. Our goal is to find the inheritance of the Emperor of the Era, not to fight with the evil blood clan."

Buzz...

Suddenly at this moment, there was a wave of sound that seemed to be a battle not far away.

"There seems to be movement!"

Lan Yuexi also noticed this fluctuation.

Ye Feng's eyes flashed slightly, and he said loudly: "Perhaps they are people from big forces outside our northern land. Let's lurk there first to see the situation."
