### Chapter 2371 The Southern Territory Overlord Force

Gu Yu had said before that under this endless abyss, not only Ye Feng and a group of strong men from the northern land entered here, but also strong men from other regions outside the north came here, wanting to find the Emperor of the Era. secret.

So at this time, Ye Feng noticed the fluctuations not far away. At least he judged that other strong men should have entered here. It seemed that they had encountered something, and a fierce battle was taking place.

At this time, Ye Feng and Lan Yuexi quickly arrived at the place where the battle took place.

At this time, both of them were lurkers, silently observing the movements not far away in the darkness.

There is a huge central square not far away, just on the edge of this ancient city.

On the central square, a group of people had indeed gathered, and all of them were masters with strong cultivation. At this moment, they were fighting against a group of evil blood tribes.

Among this group of people, they were led by two very young men. Each of them had a magnificent appearance and extraordinary temperament. They were obviously the proud sons of heaven from a big power.

The first person was a young man wearing a fiery red robe. He held a long sword burning with flames in his hand. He actually had a cultivation level of half a step beyond the Six Paths of Reincarnation Realm!

Every time this young man in a fiery red robe slashed with his sword, he was able to set off endless blazing sword light, and instantly cut several evil blood clan members surrounding him into two halves.

Behind him were a group of young men and women also wearing red clothes, obviously from the same force.

The other group of people should be from another force. The leader is an extraordinary young man. He is wearing a blue gown and holding a huge golden sword in his hand. He also has half a step of cultivation in the Eternal Realm. Because, every time the golden sword in his hand strikes, it can instantly release a terrifying tearing sword light, cutting all the surrounding evil blood clan into countless pieces.

These two groups of people are obviously from big forces, and the young men leading them are all extremely talented people. Not only are they powerful in cultivation, but their combat prowess is also ferocious.

"They are two super powerful forces from the Southern Territory. They are both powerful forces that can rival our Northern Territory Immortal Palace in the North."

At this moment, Lan Yuexi suddenly made a voice lurking in the corner not far away.

Ye Feng couldn't help but look at the saint from the Natural Temple next to him and asked: "Do you know them?"

Lan Yuexi nodded and said: "The young man leading the team wearing a fiery red robe is called Li Shengxiao. He is the inner disciple of the Southern Sword Saint Sect. He is very powerful. You have also seen his cultivation. He has surpassed He has entered the Six Paths of Reincarnation Realm and stepped into the Eternal Realm with one foot. He is a half-step Eternal Realm level existence, and his inheritance is powerful, and his combat power is also very terrifying. "

Ye Feng stared at the man in red robe not far away holding a flaming sword, and couldn't help but said: "Li Shengxiao, the inner disciple of the Southern Sword Saint Sect, is indeed very powerful."

Lan Yuexi nodded and continued: "The other leader of the team is a young man wearing blue clothes and holding a golden sword. His name is Xiao Qingshan. He is a peerless master of the Sword Temple, another overlord force in the Southern Territory. Genius, known as the Little Sword God, his sword practice is very terrifying and his lethality is huge."

Ye Feng nodded: "This Xiao Qingshan's swordsmanship is indeed quite powerful."

There was a hint of worry in Lan Yuexi's eyes, and she couldn't help but said: "I didn't expect that these two super powers would come from the Southern Territory this time."

Genius, I have met them before during a joint trial between the Northern and Southern Territories. I know that they are very powerful, which may be very detrimental to our search for the inheritance of the Era Emperor. "

Ye Feng nodded and said aloud: "The overall strength of these two teams is indeed very powerful, especially the two peerless geniuses leading the team, Li Shengxiao of the Sword Saint Sect, and Xiao Qingshan of the Sword Temple. The combat power is indeed terrifying."

At this time, Ye Feng was thinking secretly in his heart and took out all three evil blood cores from his storage ring.

"It seems that I am going to refine and devour all three cores to see if I can break through the realm on the spot, so that I will be more confident in the future."

Ye Feng was ready to make early plans to improve his strength and cultivation as soon as possible.

The two super geniuses who were fighting against the evil blood clan not far away were much more powerful than the Gu Yu that Ye Feng killed before.

At this moment, Lan Yuexi watched Ye Feng take out the core of the evil blood clan, and couldn't help but asked in surprise: "Ye Feng, what are you going to do?"

Ye Feng said aloud: "I'm going to see if I can break through the core of this evil blood clan."

When Lan Yuexi heard this, she couldn't help but said anxiously: "Ye Feng, don't be impulsive! These evil blood tribes are all very ferocious extraterritorial races, and there must be terrible ferocity in their core. Breath, if you directly refine this core, you will most likely become a demon!"

It has to be said that Lan Yuexi cares more and more about Ye Feng. At this moment, seeing Ye Feng taking desperate risks, the saint of the Temple of Nature couldn't help but feel very worried.

Ye Feng smiled and said: "Don't worry, I won't risk myself. I'm just trying other methods to remove the evil blood clan's atmosphere from the core."

After finishing speaking, Ye Feng directly communicated with the soul gem in his mind: "Emperor Chu, see if you can understand the ferocious energy in these three evil blood cores."

A small red light person suddenly appeared from the soul gem. It was Emperor Chu, and he said: "Okay, although I have just merged with the soul gem, and I have only initially controlled some of the rules and powers of the soul gem. But I can give it a try."

After Emperor Chu finished speaking, a red laser suddenly appeared between Ye Feng's eyebrows and shot directly at the three evil blood cores in his hand.

The red laser that emerged from Ye Feng's eyebrows was naturally the Emperor Chu using the power of the Soul Gem.

Emperor Chu is now fused with the soul gem, and using the power of the soul gem is actually using his own power.

"Buzzing..."

The moment the red laser emerged from Ye Feng's eyebrows and hit the three evil blood cores in his hand, a supreme domineering aura suddenly engulfed the vicious energy that prevented Ye Feng from swallowing the evil blood cores. All have been wiped out.

"As expected of the Gem of the Gods!"

When Ye Feng saw this scene, his eyes immediately showed joy.

"Gululu!"

The next moment, Ye Feng did not hesitate and swallowed the three purified evil blood cores in his hand.

"Boom..."

Suddenly, an extremely powerful blood energy burst out in Ye Feng's body in an instant. Gu Yu had said before that under this endless abyss, not only Ye Feng and a group of strong men from the

The next moment, Ye Feng did not hesitate and swallowed the three purified evil blood cores in his hand.

"Boom..."

Suddenly, an extremely powerful blood energy burst out in Ye Feng's body in an instant.

Chapter 2372 Three Fragments

"Rumble..."

At this moment, three powerful evil blood cores were digested in Ye Feng's body.

Waves of boundless blood energy filled Ye Feng's limbs and bones in an instant.

At this moment, if you listen carefully, you can hear that in every inch of Ye Feng's flesh and blood, there is a sound of endless blood flowing rapidly. It sounds like the roar of the vast ocean, very...  
The vastness.

At this moment, Ye Feng immediately felt that his blood energy and skills were rapidly growing and improving.

Ye Feng's cultivation immediately changed.

"boom!"

At this moment, Ye Feng's cultivation level immediately broke through the bottleneck, breaking through the tenth level of Wuji Realm and stepping into the half-step Six Paths of Reincarnation Realm!

When Ye Feng stepped into the realm of Six Paths of Reincarnation, he immediately felt the power of Six Paths of Reincarnation begin to condense in his body, and every attack had a feeling of reincarnation of fate.

This is the wonder of the new realm of Six Paths of Reincarnation!

Let warriors experience the six paths of reincarnation more and more profoundly.

At this moment, Lan Yuexi next to her was stunned.

The saint of the nine natural temples of the Northern Immortal Palace stared at Ye Feng with her beautiful eyes, showing deep surprise: "Ye Feng, I didn't expect that you really succeeded! You actually defeated the evil blood clan. The core of this extraterrestrial race is refined! You are amazing!"

At this moment, Lan Yuexi looked at Ye Feng with a pair of beautiful big eyes, filled with admiration and admiration.

As a saint from the Temple of Nature, Lan Yuexi has always been synonymous with nobility and coolness.

But when she met Ye Feng, who was astonishingly talented and gorgeous, she was still transformed from a noble saint into a little girl who worshiped others.

At this moment Ye Feng opened his eyes

, quite satisfied: "As expected of the evil blood clan, the blood energy contained in the core is so majestic and vast. With just three cores, I directly broke through the first level and stepped directly into the six-path reincarnation realm. very good."

Although Ye Feng has only broken through one level at this time, Ye Feng is a unique martial arts demon. Even if he only breaks through a little, his combat power has increased several times!

At this time, in the square not far away, the overlord forces from the Southern Territory, the two groups of masters, had killed all the evil blood clans.

At this moment, the little sword god Xiao Qingshan of the Sword Temple suddenly looked towards the direction where Ye Feng and Lan Yuexi were hiding, and suddenly said: "You two have been hiding for so long, it's time to come out and meet each other." Come on."

"It seems that he has discovered us. He is indeed a top genius from the Southern Territory Overlord."

At this moment, Lan Yuexi couldn't help but murmur, and then she and Ye Feng stood up in a corner not far away and walked towards the square.

"Oh? It turns out to be the Saint of the Natural Temple of the Northern Immortal Palace, Fairy Lan Yuexi."

At this time, Li Shengxiao, the inner disciple of the Sword Saint Sect who was standing in the square not far away, couldn't help but said in surprise: "I didn't expect Fairy Lan Yuexi to come here too."

Lan Yuexi smiled slightly and said aloud: "Both of you are young people with extraordinary splendor. I didn't expect that you would still remember me, a little person."

When Xiao Qingshan, the little sword god of the Sword Temple, heard what Lan Yuexi said, he couldn't help but smile and said: "Fairy Lan Yuexi, you are so humble. You are a saint from the Temple of Nature. Even though your cultivation is not as good as We, but our methods are mysterious and unpredictable, and your future is destined to be extremely brilliant. It is very likely that you will become a giant in the entire northern land. The master of your natural temple, Senior Zeng Rou, is the most amazing woman in the north. , unparalleled magnificence, overwhelming the country

Qingcheng, even my master admires and respects her very much. "

At this moment, Xiao Qingshan, the little sword god of the Sword Temple, was speaking, his tone full of admiration.

Apparently they were so polite to Lan Yuexi mainly because Lan Yuexi was a saint in the Temple of Nature.

Lan Yuexi smiled and said loudly: "You should all be here to find the inheritance of the Great Emperor of the Era, right?"

"That's right."

The little sword god Xiao Qingshan nodded and said aloud: "There are rumors that the place where the legendary ancient strongman, the Emperor of the Era, finally fell, is under this endless abyss. Is the inherited technique of the Emperor of the Era here? We don't know, but what is certain is that after the fall of the Emperor of the Era, his natal magic weapon, the super powerful magic weapon "Era Mirror", must be in this abyss, and must be hidden somewhere in this ancient city. "

Li Shengxiao, the inner sect disciple of the Sword Saint Sect on the side, also spoke out at this moment: "Xiao Qingshan and I each have a map in our hands, and there is still the third map left, which should be in Lan Yue. It's in your hands, Fairy Xi."

Lan Yuexi nodded slightly: "Yes, I do have a map in my hand, otherwise I wouldn't be able to find this place."

Li Shengxiao, the inner disciple of the Sword Saint Sect, showed a hint of expectation in his eyes at this time, and said aloud: "I wonder if Fairy Lan Yuexi has heard of such a secret, that is, the Emperor of the Epoch once left three maps. In fact, These three maps are three fragments. If they can be combined into one, they can instantly guide the place where the Emperor of the Era fell, and find the super magic weapon of the Emperor of the Era, the Era Mirror! "

When Lan Yuexi heard what Li Shengxiao said, a hint of surprise suddenly appeared in her beautiful eyes: "I haven't heard of this, but you can give it a try."

Li Shengxiao and Xiao Qingshan both had a look of expectation in their eyes at this moment.

Although their cultivation

He is much taller than Lan Yuexi, but they don't dare to snatch it directly now. After all, Lan Yuexi's identity is not something they can take care of casually, otherwise the consequences will be huge. This is the benefit of having a super powerful force behind him.

If Lan Yuexi was just a casual cultivator, I am afraid that Li Shengxiao and Xiao Qingshan, two super geniuses from the Southern Territory Overlord Force, would have snatched the map from Lan Yuexi's hand long ago, and would not share the Era Emperor with Lan Yuexi at all. The final place of death.

At this moment, Li Shengxiao and Xiao Qingshan both took out their respective maps.

At this time, Lan Yuexi also took out the map in her hand.

"Buzz..."

Almost at this moment, the three maps flew together, and then formed a space portal in place, which seemed to lead to another special space.

"Behind this space portal, it must be the place where the Emperor of the Era finally fell!"

At this time, Li Shengxiao and Xiao Qingshan couldn't help but burst out in surprise.

Lan Yuexi also showed a trace of joy and expectation in her eyes.

"You wait outside while we enter."

At this time, Li Shengxiao and Xiao Qingshan ordered other young masters to follow them.

Obviously, these two top geniuses are not willing to share the last things left by the Emperor of the Era with ordinary disciples, and they are not allowed to enter the special space behind the space portal.

At this time, Lan Yuexi and Ye Feng were preparing to walk towards the space portal.

But suddenly at this moment, Li Shengxiao, the inner disciple of the Sword Saint Sect, stared at Ye Feng, with a cold tone, and said loudly: "Fairy Lan Yuexi, the final special space that this space portal leads to has I don't want to share the wealth left by the Emperor of the Era with more people, just the three of us. The kid next to you is only half a step into the Six Paths of Reincarnation, he is not qualified to enter."

Chapter 2373 Come and fight

At this moment, the moment Li Shengxiao, the inner disciple of the Sword Saint Sect, finished speaking, the entire field suddenly became silent.

Xiao Qingshan, the little sword god standing aside, looked at the scene in front of him with a look in his eyes.

At this time, Lan Yuexi's eyes were a little downcast and she said aloud: "Li Shengxiao, although you are the inner disciple of the Sword Saint Sect and have strong cultivation, you can't use this to look down on my friends. The same goes for my friend Ye Feng. One of the top ten elders of the outer sect of our Northern Immortal Palace."

Li Shengxiao laughed loudly: "The ten elders of the outer sect? Those are just the elders of the outer sect! Not to mention the elders of the outer sect, they are the elders of the inner sect of your Northern Immortal Palace. For example, they were very close to Fairy Lan Yuexi before. That Gu

Yu, the core elder of the inner sect, I think is mediocre in front of me, let alone the elder of the outer sect named Ye Feng who is standing next to you now. What qualifications does he have to enter the final space with us? Looking for the wealth of the Emperor of the Era?"

Lan Yuexi wanted to say something else.

"No need to say it, leave it to me."

Ye Feng's voice suddenly sounded.

At this time, Ye Feng slowly walked from behind Lan Yuexi to the front, with a very calm look in his eyes, looking at Li Shengxiao, the inner disciple of the Sword Saint Sect not far away, and said: "Since If you say I'm not qualified, then let's decide through fighting."

Li Shengxiao seemed very shocked. He stared at Ye Feng and couldn't help but said: "What? What did you say? You dare to challenge me to a duel? Are you sure?"

At this time, Li Shengxiao's eyes were filled with astonishment. He obviously felt that a weakling like Ye Feng, who was only half a step into the Six Paths of Reincarnation Realm, dared to challenge him, a super master who was only half a step into the Eternal Realm, to fight?

This is really unimaginable!

"Either this Ye Feng is out of his mind, or he simply doesn't understand how powerful our senior brother Li Shengxiao is."

"I guess this outer elder from the Northern Immortal Palace is used to being domineering in the Northern Immortal Palace, but he has no idea how powerful the people outside are.

There are people, and there are mountains beyond the mountains. "

Almost at this moment, the entire field suddenly fell into a boil.

The disciples of the Sword Saint Sect who followed Li Shengxiao had deep mocking looks in their eyes at this moment.

At this time, even Xiao Qingshan, the little sword god of the Sword Temple, couldn't help but glance at Ye Feng in surprise. It seemed that he didn't expect that this young outer elder of the Northern Immortal Palace would have such an ability. Courage to challenge a peerless genius like Li Shengxiao in public.

"Good boy!"

Li Shengxiao laughed loudly at this time: "I am very confused. Who gave you the courage to challenge a super genius like me?"

Ye Feng smiled indifferently and said: "Don't worry about who gave me the courage. As long as I defeat you, I can share the wealth of the Era Emperor with you?"

For Ye Feng, this Li Shengxiao is a half-step Eternal Realm super genius, and his cultivation strength is indeed very powerful.

But Ye Feng also has his own confidence to be able to fight against such a super genius.

Although Ye Feng was not sure about killing Li Shengxiao, he still had the confidence to defeat Li Shengxiao.

That's why Ye Feng asked such a question at this moment.

Li Shengxiao immediately said: "That's right! As long as you can defeat me, then let me kneel down and call you grandpa! Hahaha!"

At this moment, Li Shengxiao praised Haikou, because in Li Shengxiao's view, even if Ye Feng was at the same level as him, he was not afraid of Ye Feng defeating him, because Li Shengxiao was the super genius in the entire Southern Region and the inner sect of the Sword Saint Sect. The eldest disciple is astonishingly talented, unrivaled in elegance, admired by thousands of people, and unparalleled in the world.

"Okay! Remember what you are saying now

!"

Ye Feng immediately rushed to the sky, then pointed at Li Shengxiao below and said, "Come here and fight!"

"Boom!"

Li Shengxiao's body burst out with a terrifying and powerful momentum in an instant. His body was even burning with endless flames at this moment. Like a god of fire, he rushed to the sky in an instant, and then fiercely He attacked Ye Feng fiercely.

Li Shengxiao laughed loudly: "I can defeat you, a weak outer sect elder, with just one move!"

Boom!

Li Shengxiao didn't even use any martial arts moves at this time. He just slapped Ye Feng away with a very contemptuous attitude.

Boom!

Immediately, Li Shengxiao's palm turned into an infinite flame palm, which fiercely bombarded Ye Feng, filled with terrifying burning power. ??

"Chaos body power!"

At this moment, Ye Feng didn't even use any martial arts moves. Instead, he directly activated all the chaotic power in his body and punched out fiercely.

"Boom!"

Moreover, in this fist, Ye Feng also melted the power of the brute force gem, and the power of the fist was extremely terrifying.

"Rumble..."

Suddenly, a terrifying collision sound resounded throughout the sky.

At this moment, Ye Feng's power was blessed by the Brute Force Gem, and this punch exploded with terrifying destructive power.

"Crack, click, click..."

The flaming hand that Li Shengxiao attacked was shattered inch by inch by Ye Feng's fist, and instantly turned into smoke and dust, disappearing between heaven and earth.

Then Ye Feng's fist still had a very terrifying impact, and it hit Li Shengxiao hard in an instant.

"Varied

What? ! "

When Li Shengxiao saw this scene, his eyes showed surprise, and then he quickly stretched out his hand to resist.

"Fire Origin Holy Shield!"

This is an extremely powerful fire attribute guardian inheritance.

A huge flame shield suddenly condensed in front of Li Shengxiao.

"Boom!!"

The next moment, Ye Feng's fist directly hit the flame shield, and a roaring sound broke out.

"Ding-deng-deng!"

The Holy Flame Shield was not shattered, but the terrifying power struck from Ye Feng's fist made Li Shengxiao, the inner disciple of the Sword Saint Sect, take several steps back.

It has to be said that the power erupted from the Brute Force Gem that was melted into Ye Feng's fist was simply terrifying to the extreme, allowing Ye Feng to directly defeat a super genius who was a whole level higher than him!

"What?!"

At this time, everyone on the field had deep horror in their eyes.

"Senior Brother Li Shengxiao was actually repelled?!"

"This... how is this possible! Senior Brother Li Shengxiao is the super genius of our Sword Saint Sect! And he is a whole level higher than Ye Feng from the Northern Immortal Palace! And when he displays the Lieyuan Holy Shield, it is Being repulsed is terrible!"

"Is this young man named Ye Feng really just an outer elder of the Northern Immortal Palace? This kind of strength simply surpasses many of the inner core elders!"

"Could it be that the Northern Immortal Palace has developed to this extent? A small outer sect elder possesses such terrifying strength?"

...

At this moment, many Southern Region disciples from the Sword Saint Sect and the Sword Temple showed deep shock and dullness in their eyes.

Shocking!

The whole audience was shocked!

Chapter 2374 You win

quiet!

Deadly quiet!

Everyone's eyes were full of shock, staring at Ye Feng's figure in white clothes high in the sky.

After all, no one expected that Ye Feng, who was underestimated by everyone, would burst out with such terrifying power in an instant.

And everyone saw that Ye Feng didn't seem to have used any powerful martial arts moves, just a simple punch.

"interesting."

At this moment, Xiao Qingshan, the little sword god from the Sword Temple, stared at Ye Feng high in the sky, with a look of interest in his eyes.

Originally, he didn't care about Ye Feng at all. He just thought he was an outer sect elder with weak cultivation, and he was probably a small follower of Lan Yuexi.

But what Xiao Qingshan, the little sword god, didn't expect was that Ye Feng could burst out with such terrifying power in an instant.

That kind of fighting power made Xiao Qingshan unable to help but start paying attention to it.

At this moment, even Lan Yuexi, who was standing not far away, had her beautiful eyes widened.

Because as Ye Feng's partner, she never thought that Ye Feng had such a powerful power.

Lan Yuexi saw Ye Feng killing Gu Yu before, but she felt a little shocked.

Now that Ye Feng directly defeated Li Shengxiao, the inner disciple of the Sword Saint Sect, Lan Yuexi was completely shocked!

At this moment.

Ye Feng, who was high in the sky, was extremely powerful, his black hair was dancing wildly, and his eyes were cold.

He stared at the repulsed Li Shengxiao on the opposite side and said loudly: "Am I qualified now?"

"I don't believe you are so powerful!"

At this time, Li Shengxiao shouted angrily: "I must have been negligent just now! That's why I was repelled by you in an instant! That must be the case! That's right! I am the most powerful!"

At this time, Li Shengxiao said, holding the flaming sword in his hand, and in an instant

He slashed wildly at Ye Feng: "You can experience my true strength again! Holy Fire Sword! Burning Nine Nethers!"

Boom!

Boom!

At this moment, Li Shengxiao unleashed his most powerful attack method and unleashed all his strength.

At this time, the flaming sword in his hand instantly slashed out a series of terrifying flaming sword lights, which seemed to be able to smash and burn the entire Nine Netherworlds of heaven and earth. The scene was extremely terrifying!

"Senior Brother Li Shengxiao is really angry!"

Many disciples around him couldn't help but exclaimed in surprise.

At this time, Xiao Qingshan, the little sword god, stared at Ye Feng in the sky, and couldn't help but murmured: "Li Shengxiao's powerful fire sword attack, even I can't resist it. I don't know if you can resist it..."

At this moment, Ye Feng, who was high in the sky, suddenly saw the overwhelming fire and sword light sweeping toward him crazily, as if one person was against the entire world. This kind of oppressive force was very terrifying.

It has to be said that Li Shengxiao, the inner sect's top disciple, still has two skills. He is very powerful. He has really exploded with his peak power, which makes Ye Feng pay great attention to him at this moment.

But there was no fear in Ye Feng's eyes. Instead, there was a hint of excitement: "This battle will allow me to experience the strength of super geniuses from other fields!"

At this moment, Ye Feng's whole body's strength was aroused.

The ancient divine ring!

Ye Feng's body suddenly lit up with bright divine halos, which raised Ye Feng's combat power to a peak at this moment.

Then Ye Feng directly bought the ring from the storage ring

He took out his most powerful weapon at present, the Immortal War Spear.

Then directly enchant it with infinite thunder power.

At this moment, Ye Feng burst out with a terrifying attack.

Pierce the sky! !

At this moment, Ye Feng's whole body and the immortal war spear in his hand seemed to be fused together, turning into an earth-shattering sharp light, like the first light that created the world, full of endless impact and destructive power. , and destructive power!

"Rumble..."

Two terrifying forces collided with each other in the entire sky, causing the entire surrounding ancient city to shatter and turn into countless ashes.

This terrifying destructive power is so astonishing that countless disciples around him are quickly retreating towards the rear at this moment, for fear of harming Chi Yu.

Even the leader of the Sword Temple, the little sword god Xiao Qingshan, could not help but put up a layer of protective divine light on the surface of his body at this moment to resist the aftermath of the terrifying collision. s damage.

"Who loses and who wins?!"

At this moment, everyone was nervously staring at the center of the collision high in the sky.

Then you are now completely enveloped by the endless waves of destructive light, and you cannot see the figures of Li Shengxiao and Ye Feng clearly.

A full half hour later.

"Boom!"

With the last roar.

The destructive light waves high in the sky finally dissipated completely.

There were two figures inside who couldn't help but retreat to their respective rears.

Li Shengxiao's clothes were torn, and a piece of the flaming sword in his hand was broken. He couldn't help but take sixteen steps back.

Ye Feng's hair was a little messy at this time, but the immortal war spear in his hand was still shining with bright thunder and lightning, and his momentum was amazing. He took ten steps back.

This scene immediately revealed the two men's achievements.

Li Shengxiao took sixteen steps back, and the long knife in his hand was broken.

Ye Feng, on the other hand, only took ten steps back. His aura was still extremely strong, and he seemed ready to continue fighting at any time.

Make a decision!

Ye Feng won!

"hateful....."

At this moment, Li Shengxiao, the inner disciple of the Sword Saint Sect, seemed to be unable to accept the reality that he had failed, but he had to admit that Ye Feng on the opposite side was indeed extremely powerful.

Ye Feng stared at Li Shengxiao at this time, still saying the same thing: "Am I qualified now?"

Li Shengxiao's face looked extremely ugly at this moment.

Ye Feng continued to speak: "What did someone say just now? If you lose, do you have to kneel in front of me and call me grandpa?"

Ye Feng's slightly teasing words immediately made Li Shengxiao's face turn ashen.

"you.....!"

Li Shengxiao wanted to refute something, but he found that he could not refute it at all.

Because he released the most powerful attack power, but he was still defeated by Ye Feng.

Li Shengxiao snorted: "You win!"

At this time, the little sword god Xiao Qingshan hurriedly came out to smooth things over, and said with a smile: "Don't get angry, everyone, just have a discussion. If you don't fight, you won't get to know each other. Our only goal is to find the Emperor of the Era. The wealth left behind may still contain unknown dangers behind this space portal, and we all need to work together to explore it."

When Li Shengxiao heard what the little sword god Xiao Qingshan said, he turned his head slightly and said nothing more.

Ye Feng nodded and said: "Then let's go directly into the space portal formed by the splicing of these three map fragments and see what is inside."

Chapter 2375 Era Mirror

After Ye Feng said this, no one objected.

After all, he even defeated Li Shengxiao, the inner disciple of the Sword Saint Sect.

So at this time, no one dared to object to Ye Feng entering this final space.

At this moment, Ye Feng, Lan Yuexi, Xiao Qingshan, the little sword god, and Li Shengxiao of the Sword Saint Sect, four people walked into the space portal spliced together by the fragments of the map.

The moment they passed through the space portal, they immediately saw that on the other side of the space portal was an independent small space.

In this small independent space, the entire sky was pitch black.

The ground is also pitch black, but in the distance there are strips of fiery red lava surging across the entire land.

So the entire independent small space looks like a post-apocalyptic world. ??

An extremely tragic and ancient aura spread throughout this small world.

At this time, the little sword god Xiao Qingshan couldn't help but clenched the golden sword in his hand, and said loudly: "There must have been an extremely tragic ancient battle here, so this small

world was turned into such a terrifying state. , let's be careful, there may still be evil blood creatures lurking in it."

After Xiao Qingshan finished speaking, several people present nodded slightly, and then began to become extremely vigilant.

At this time, Ye Feng and Li Shengxiao also temporarily put aside their personal grudges and stood together, forming a small triangular group with Xiao Qingshan, so that they could take into account threats that may come from all directions.

Lan Yuexi was standing next to Ye Feng at this time, displaying her mysterious natural temple inheritance.

Ye Feng always felt very familiar with the mysterious and intimate power of the natural temple of nature emanating from Lan Yuexi.

Perhaps a long time ago, somewhere, Ye Feng had come into contact with this very special force of nature.

Shaking his head slightly, Ye Feng temporarily threw away the thoughts in his mind.

The most important thing now is to find the place where the Epoch Emperor fell in this small world destroyed by the war.

At this moment, Ye Feng immediately saw a huge black mountain rising in a certain direction not far away.

A black mountain is very conspicuous in the entire small world. You can see the black mountain towering into the sky at a glance.

"There must be a special situation there, let's go over there and take a look."

At this time, everyone saw the very conspicuous black mountain.

At this moment, several people were running towards the black mountain.

They did not encounter any attacks from the evil blood clan along the way, and arrived at the foot of this black mountain very safely.

At this time, several people looked at the black mountain in front of them, with a hint of shock in their eyes.

Because when they walked in and took a look, they discovered that this was not a mountain at all, but a huge black hand, suppressing the earth, with boundless power and solidity.

"Is this the palm of an evil tribe from outside the territory?"

At this moment, Li Shengxiao couldn't help but said: "Then what should we do now?"

Ye Feng suddenly spoke up: "I sensed a very strong magical energy surging under this giant black hand. According to my method, I would directly split this mountain! "

After Ye Feng finished speaking, several people present thought for a moment, but all of them did not respond, which was regarded as acquiescence, because there was no other better way.

At this time, Xiao Qingshan, the little sword god, nodded and said, "Let me chop it! The sword in my hand can chop everything into pieces."

At this time, Xiao Qingshan's tone was very calm,

But it exudes endless domineering power.

Bang!

At this time, Ye Feng waved his fist and attacked the black mountain. However, there was a violent collision sound and did not damage the black mountain.

This made Ye Feng's eyes show a trace of surprise. He didn't expect that the mountain formed by the big black hands was so solid.

It seems that these powerful evil blood tribes outside the territory are still very scary. The ones they encountered before were probably just some miscellaneous fish.

Xiao Qingshan slowly raised the golden sword in his hand, and then said silently: "The holy sword gives me power, the Ten Thousand Transformations Sword Art!"

Boom!

Almost at this moment, the long sword in Xiao Qingshan's hand surged out with an earth-shattering golden sword light, and suddenly slashed hard at the black mountain in front of him, full of unparalleled sharpness, and Destructive power.

"Rumble..."

The next moment, the terrifying golden sword light struck the black mountain fiercely in an instant. Countless gravels immediately rolled down, and the entire black mountain was suddenly split with a huge crack in the middle. The cracks revealed the innermost scene of the black mountain.

"That is....."

At this time, everyone immediately saw that there was a very huge bronze coffin in the innermost area of the black mountain.

On top of this huge bronze coffin, a silver circular mirror is suspended, casting wisps of silver light.

"This must be the Era Mirror!"

At this moment, Li Shengxiao, the inner disciple of the Sword Saint Sect, suddenly showed deep excitement in his eyes.

At this moment, he didn't discuss anything with the others at all. He rushed towards the Era Mirror, then grabbed it fiercely, preparing to take it directly for himself.

"Damn it! The Era Mirror is mine!"

At this time, the little sword god Xiao Qingshan also rushed over in an instant, with a look of anxiety in his eyes.

After all, no one would be unmoved in front of the Era Mirror, the super magic weapon of the Era Emperor.

After all, this is an ancient magic weapon comparable to the level of ancient artifacts. It embodies the power of the Great Emperor of the Era and has incredible power.

Ye Feng was staring at the bronze coffin under the Era Mirror at this time, and said to Lan Yuexi beside him: "This is no longer something you can participate in. You should hurry up and run outside now. What will happen here There is a huge danger and crisis. It is very likely that I will not be able to take care of myself by then. You should run away now!"

When Lan Yuexi heard what Ye Feng said, she immediately knew that Ye Feng must have discovered something very terrifying.

She had great trust in Ye Feng and immediately said: "Ye Feng, you must be careful! This is really not something I can participate in! After I escape from the endless abyss, I will wait for you in the Northern Immortal Palace!"

After Lan Yuexi finished speaking, he immediately flew towards this place, and then quickly ran towards the direction outside the endless abyss.

For Ye Feng, Lan Yuexi now fully trusts her, and does not think that Ye Feng let him leave in order to monopolize the Era Mirror, because that is not necessary at all, Ye Feng is too powerful.

At this moment, after seeing Lan Yuexi leaving, Ye Feng took a deep breath and rushed forward in an instant.

He guessed that the bronze coffin under the Era Mirror definitely contained a very terrifying extraterritorial evil blood race.

That Era Mirror is probably suppressing the terrifying existence in the bronze coffin.

But Ye Feng did not retreat at this time, because the temptation of the Era Mirror was too great. Ye Feng naturally had to fight to the death for this super magic weapon, otherwise he would not have let him down after entering the endless abyss. hardships!

Chapter 2376 Possession

Uh-huh!

At this moment, Li Shengxiao, the inner disciple of the Sword Saint Sect who was the first to take action, had arrived not far from the Era Mirror. In an instant, he stretched out his hand to grab the Era Mirror.

"Boom!"

But suddenly at this moment, the lid of the bronze coffin suppressed under the Jiyuan Mirror suddenly exploded.

Buzz!

A blood-red palm, dripping with blood, instantly grabbed Li Shengxiao, who was the first to bear the brunt.

This bloody palm was filled with monstrous blood and an extremely terrifying and ferocious aura.

The moment this moment appeared, the eyes of several people present changed.

"what?!"

Even a powerful being like Li Shengxiao couldn't help but his eyes turned pale with shock when he saw that blood-red palm and felt the overwhelming violence emanating from it, and he immediately held the flaming sword in his hand. , slashing towards the blood-red palm.

"Boom!"

But at the next moment, the flaming sword struck the blood-red palm, and a violent vibration erupted, without even damaging the blood-red palm.

"What?"

Seeing this scene, the three people present looked shocked.

They all knew how powerful Li Shengxiao was.

But at this time, a sharp knife struck the blood-red palm, but it did not cause any damage to it. It was really terrifying.

At this moment, Ye Feng and Little Sword God Xiao Qingshan, who were about to rush over, stopped involuntarily.

Li Shengxiao, who was the first to be involved, immediately retreated at this moment, trying to get out of the range covered by the blood-red palm.

"Pfft!"

But it was already too late. Li Shengxiao didn't even react. A blood-red palm dripping with blood suddenly appeared.

It pierced his chest and crushed his heart.

"ah!!"

Li Shengxiao immediately let out an earth-shattering scream, his expression filled with endless pain.

At this time, the blood-red palm suddenly began to melt and turned into a pool of blood, which then merged into Li Shengxiao's body.

"Boom!"

Almost at the next moment, Li Shengxiao's whole body burst out with blood. His eyes were filled with blood-red light, and his hair changed from black to long blood-colored hair, as if he had become Just like the evil blood clan, it is extremely terrifying to climb up.

"He's possessed!"

At this time, Xiao Qingshan, the little sword god from the Sword Temple, couldn't help but said: "That blood-red palm should be an evil palm left by a super strong man from the evil blood tribe. At this moment, It actually blended into Li Shengxiao's body!"

This moment.

"Roar!!"

Li Shengxiao's eyes suddenly glowed with blood, and he rushed toward Xiao Qingshan and Ye Feng not far away.

Obviously, he has now become an evil blood clan. He has died, but he has been resurrected and turned into a monster that is neither human nor evil.

"Kill Li Shengxiao first!"

At this moment, Xiao Qingshan instantly held the golden sword in his hand and charged forward.

Ye Feng also nodded slightly at this time. The most important thing now is to join forces to kill Li Shengxiao, the strange being possessed by the evil blood clan.

"The Ten Thousand Transformations Sword Technique!"

At this time, the golden long sword in Xiao Qingshan's hand burst out with thousands of golden sword lights in an instant, just like ten thousand swords returning to the clan.

, full of terrifying tearing power.

"Boom!"

An endless wave of golden sword light suddenly covered Li Shengxiao who was rushing forward.

"Pfft!"

"Pfft!"

Li Shengxiao's entire body was immediately pierced by countless golden sword lights, leaving scars and bloody holes.

But before Xiao Qingshan could be surprised, all the scars and wounds on Li Shengxiao's body quickly healed in a bloody light.

"What?" .??.

Xiao Qingshan's eyes showed a trace of shock, and he couldn't help but said: "This Li Shengxiao was resurrected by a blood-red palm of the evil blood clan. He seems to have the recovery ability of the evil blood clan, and now he has become an immortal. body!"

At this time, Ye Feng immediately rushed forward and said: "I will use thunder to deal with it!"

Boom!

At this moment, Ye Feng immediately displayed the thunder inheritance of Thunder God Crocodile.

"Rumble..."

In an instant, endless thunder burst out from Ye Feng's body.

This is a very terrifying thunder and lightning.

At this moment, it emanated from Ye Feng's body.

Ye Feng's whole body was instantly enveloped by endless thunder and lightning. His eyes were emitting electric light, and he looked very oppressive.

Because the power of thunder can be said to be the most destructive attribute energy in the world.

And you must know that the thunder inheritance that Ye Feng practiced is not a simple thunder attribute inheritance, but the inherited natal bone from an ancient divine beast, the Thunder Divine Crocodile.

For the thunder inheritance and the power of thunder released by Ye Feng at this moment, it is a power at the level of a divine beast, very powerful.

If it is ordinary

The light of thunder probably won't have much effect on a powerful race from outside the territory like the Evil Blood Tribe.

But the thunder power released by Ye Feng is the thunder source of the divine beast, so it naturally suppresses the evil blood clan.

"Thunder Shield!"

At this moment, Ye Feng instantly activated the Thunder God and the first layer of inheritance, Thunder Shield.

"Rumble..."

Immediately, thunder light shields were formed in front of Ye Feng, and then like missiles, they instantly bombarded Li Shengxiao below.

"Boom!"

"Boom!"

...

Every time the thunder light shield hit Li Shengxiao, it instantly exploded into a terrifying thunder attack.

At this moment, Li Shengxiao was immediately blown away and couldn't help but start to retreat.

Even though Li Shengxiao was now possessed by a blood-red palm of the evil blood clan, and it seemed to be the blood-red palm of a super boss in the evil blood clan, he directly became immortal.

But even so, the thunder attack released by Ye Feng was still very restrained against Li Shengxiao, because Li Shengxiao has now become a strange existence of the evil blood clan.

Li Shengxiao couldn't help but retreat quickly. He was covered in blood after being blasted by the thunder light shield, and the light of thunder and lightning continued to shroud and destroy Li Shengxiao's body, making it impossible for Li Shengxiao to recover from his injuries.

"Very good!"

Seeing this scene, the little sword god Xiao Qingshan immediately showed excitement in his eyes, and then he instantly held the golden sword in his hand and slashed away at Li Shengxiao.

"Pfft!"

Xiao Qingshan's sword light was so terrifying that it finally split Li Shengxiao into two halves when Li Shengxiao was seriously injured by Ye Feng's Thunder Shield!

Chapter 2377 Chaos God Emperor

"Success!"

At this time, Xiao Qingshan split Li Shengxiao in half with a sword, and his eyes suddenly showed a hint of surprise.

When Ye Feng saw this scene, he suddenly said: "It's not that simple!"

Boom boom boom!

Almost at this moment, blood-red bodies once again rushed out of the bronze coffin not far away! .??.

These bodies are probably all parts of the evil blood tribe outside the territory that Emperor Yuan suppressed at that time.

At this moment, they all ran out of the bronze coffin, and then they all merged into Li Shengxiao's body.

"Boom!"

At the next moment, what made the eyes of Ye Feng and Little Sword God Xiao Qingshan change slightly was that Li Shengxiao, who had been split into two halves, actually fused his entire body together again, and then completely recovered. .

Moreover, the aura on his body is getting bigger and bigger, and it is getting more and more evil.

Obviously, at this time, Li Shengxiao had completely become the puppet of the evil blood clan strongman who was killed back then.

Completely possessed!

The body exuded a monstrous blood and aura of violence.

It was simply terrifying to the extreme!

This scene made the two super geniuses Ye Feng and Xiao Qingshan couldn't help but show deep solemn expressions in their eyes.

At this time, the two of them felt like they were facing a very terrifying old devil who had just revived.

The surging terrifying and ferocious aura makes people want to kneel on the ground, just like they want to pay homage to a great devil in an evil country.

But at this time, Ye Feng and Xiao Qingshan both cheered up and did not feel directly afraid of Li Shengxiao, who had become the evil blood clan demon king.

At this moment, Xiao Qingshan's eyes were very ugly.

But the next moment he immediately said to Ye Feng: "Now we can only continue to join forces to completely obliterate Li Shengxiao, who has completely turned into the evil blood clan demon. Otherwise, let alone take away the Era Mirror today, even if it is Even if you run away, you may not be able to escape."

At this time, Ye Feng stared at Li Shengxiao who was not far away and was full of violence. He couldn't help but nodded and said: "You are right. Now we have no choice but to correct it."

Faced with Li Shengxiao, otherwise it might be very difficult for us to escape. "

Ye Feng was very clear at this moment.

The evil blood demon who was suppressed here by the Emperor of the Epoch must have been very terrifying.

Otherwise, he would not have been cut into pieces by the Emperor of the Era, and then suppressed in this bronze coffin with the Era Mirror.

It must be that even the Emperor of the Era cannot completely destroy the body of this evil blood clan and can only seal it.

This made Ye Feng feel a little depressed.

He vaguely felt that although he and the little sword god Xiao Qingshan were both super geniuses, they probably wouldn't be able to deal with Li Shengxiao, who was completely possessed.

After all, this Li Shengxiao is now possessed by the entire body of the evil blood demon, and he is not something they can fight against.

But now there is no other way but to give it a try.

If it succeeds, it will be a great thing.

If it doesn't succeed, then we can only find a way to escape as soon as possible.

Ye Feng had already thought about any possible consequences at this moment.

So after firming up his thoughts, he once again began to rush in the direction of Li Shengxiao.

"Rumble..."

Thousands of thunderous lights erupted from Ye Feng's body.

Because Ye Feng knew that the most harmful thing to the evil blood clan now was the thunder power of the divine beast erupted from his inheritance of the Thunder God Crocodile.

Therefore, Ye Feng will naturally not waste his innate advantages.

He did not use other martial arts moves because they might not be of much use to Li Shengxiao, who was transformed into an evil blood clan at this moment.

Now only the power of thunder can cause huge damage to Li Shengxiao, who has become an evil blood clan.

"The true meaning of the Sword God!"

Xiao Qingshan, the little sword god, saw Ye Feng rushing over at this time. He did not hesitate at all. In an instant, he held the golden sword in his hand and attacked Li Shengxiao fiercely. A wave of energy burst out from the golden sword. The intention of the sword god

Zhi, slashed out a huge golden sword light that shook the world.

"A swarm of ants!"

The voice of the ancient evil blood tribe suddenly came out of Li Shengxiao's mouth.

Boom!

In an instant, Li Shengxiao stretched out a hand, and it turned directly into a huge evil evil blood claw, full of the power to tear the heaven and the earth.

"Boom!"

What shocked both of them the next moment was that all their attacks were instantly destroyed by this huge blood-red claw.

"Too strong!"

"Our current realm and strength simply cannot compete with it!"

Xiao Qingshan couldn't help but look gloomy.

Li Shengxiao is now integrated into his body by all the evil blood clan bodies. He has become many times more terrifying than before.

Neither the power of thunder released by Ye Feng nor the terrifying sword light unleashed by Xiao Qingshan could cause any harm to Li Shengxiao.

Moreover, Li Shengxiao could instantly smash the thunder shield released by Ye Feng with a wave of his hand, and crushed the long sword in Xiao Qingshan's hand into pieces of metal fragments, which fell down.

"There's no way I can beat him!"

This made both Ye Feng and Xiao Qingshan couldn't help but change their expressions.

They never expected that Li Shengxiao would become so much stronger at this moment.

The strength is completely different from that of Li Shengxiao, who was possessed by a blood-red palm just now!

Now Li Shengxiao is possessed by all the bodies of the evil blood clan. It's like he has been reborn. He has completely transformed into a great devil. He possesses terrifying and boundless evil power and can cause earth-shattering destructive power with a wave of his hand. .

At this time, Li Shengxiao's whole body was glowing with blood and he made an evil voice: "When I kill you two ants, I can use this body to be completely reborn and return to this world completely." ! I will kill all the descendants of the Emperor of the Era! Then let the glory of our evil blood race return to this small world! This small world is the embodiment of the super powerful Chaos God Emperor in the great world of origin!

In the world left after that, I must find the Chaos Seed of the Chaos God Emperor in this small world forged by the Chaos Emperor, which is the cosmic will of this small world. If it is merged with it, it will be equivalent to becoming Chaos. Even if a god-level inheritor returns to the world of origin in the future, he will still be full of infinite talents and power, hahaha! "

At this time, the little sword god Xiao Qingshan might not be able to understand the ambitious words spoken by this evil blood clan.

But Ye Feng's expression changed drastically.

Because Ye Feng has long known the truth of this world, the God Realm is not the origin interface of all things. The entire God Realm and the heavens and realms surrounding the God Realm are actually only a small part of the entire world.

It's just that Ye Feng never knew what extraterritoriality was.

But now Ye Feng knows that the outside world where this evil blood clan comes from seems to be a super big world called the Origin World.

And the world where Ye Feng grew up at this time, including the divine world, turned out to be just a small world left by a super powerful Chaos God Emperor in the origin world, or it was called the Chaos God Emperor's cave world. .

This shocked Ye Feng deeply. The world was really too big, truly beyond his imagination and cognition.

Unexpectedly, Ye Feng thought that the endless world of gods and heavens turned out to be just a cave world left behind after the super power passed away!

This discovery made Ye Feng feel terrible.

However, Ye Feng also learned from the mouth of this evil blood clan that it seemed that this Chaos God Emperor was a very terrifying superpower even in the great world of origin.

And it seems that in the cave world where Ye Feng and everyone lives, there seems to be some chaos seed left by the Chaos God Emperor hidden. If it is refined, it will be the inheritor of the Chaos God Emperor. Even in the real world of origin, In a super big world, one can also become a supremely gifted person.

"Chaos Seed..."

Ye Feng couldn't help but murmur at this moment.

The last time Ye Feng was communicating with his father in chaos, Emperor Ye Qing mentioned it inadvertently.

It seems that the cosmic will that his father is now fused with in the endless chaos seems to be a chaos seed...

Chapter 2378 Recognition of the Era Mirror

At this moment, when Ye Feng was thinking secretly.

Not far away, Li Shengxiao of the evil blood clan, who had entered his prime state, instantly erupted with terrifying blood.

"Boom!"

"Boom!"

The blood light immediately condensed into blood-red palms around Li Shengxiao, and they instantly grabbed towards Ye Feng and the little sword god Xiao Qingshan. ??

"Pfft..."

Xiao Qingshan didn't even react. His whole body was immediately torn open by those blood-red palms, looking very scary.

Even though Ye Feng had a powerful Chaos Body, his body was made of divine iron and was solid and indestructible, he still felt pain all over his body at this time.

This Li Shengxiao has now obtained the fusion power of all the vocal areas of the evil blood clan, and has truly turned into an old demon of the evil blood clan. Even the two of them cannot defeat him together.

At this moment, Ye Feng suddenly seemed to have thought of something and said loudly: "Xiao Qingshan! Stop hiding any trump cards you have! Imprison this Li Shengxiao quickly!"

Xiao Qingshan couldn't help but said: "Even if Li Shengxiao is temporarily imprisoned, it will be of no use. He will soon be able to break through the imprisoned state and kill us all!"

At this moment, Xiao Qingshan, the little sword god from the Sword Temple, was so angry that he was beaten, and he felt like giving up on himself.

Ye Feng suddenly stared at the Era Mirror not far away and said aloud: "When the Yuan Shen Emperor left the Era Mirror before his death, it could suppress the body of the evil blood clan. If we can use the Era Mirror's With such power, we might be able to suppress the possessed Li Shengxiao instantly!"

When Xiao Qingshan heard what Ye Feng said, he immediately shook his head: "Now that the Era Mirror is closely guarded by Li Shengxiao, who has become an evil blood clan, we can't touch it at all, let alone snatch it directly. "

Ye Feng said aloud at this time: "So I say that neither of us should hide ourselves now."

We have all the trump cards on our bodies, let's release all our power and break through the siege. As long as we can get in touch with the Era Mirror, we can use the power of the Era Mirror to defeat Li Shengxiao! "

At this time, Xiao Qingshan was a little moved when he heard what Ye Feng said so decisively.

He immediately nodded, and then said loudly: "Okay! Let's give it a try!"

Boom!

Almost at this moment, Xiao Qingshan jumped up and suddenly turned into a huge long sword high in the sky, full of infinite light and power.

Obviously this is Xiao Qingshan turning his body into a sword, and it may be his most powerful move.

Ye Feng also nodded slightly at this moment, and immediately burst out all the power of the Thunder God Crocodile inheritance.

Then the whole body was filled with thunder and lightning.

"Immortal Spear!"

At this moment, Ye Feng released the ancient divine ring, crazily boosting his power, and the immortal war spear appeared in his hand, and he enchanted the immortal war spear with the power of thunder, and rushed forward fiercely in an instant .

"Boom!"

Under the terrifying attacks of the two super geniuses, the countless blood-red palms manifested on Li Shengxiao's body were finally shattered into pieces.

The two of them broke through the defense in an instant and went around Li Shengxiao's back.

But they did not attack Li Shengxiao, but rushed towards the Era Mirror with all their strength.

Because the only hope of defeating Li Shengxiao now is to obtain the power bonus of the Era Mirror to suppress the evil blood power in Li Shengxiao's body.

"Uh-huh!"

At this time, Ye Feng used the power of the space gem and was the first to come to the Era Mirror.

But when the little sword god Xiao Qingshan saw this scene, he immediately attacked Ye Feng:  
"The Mirror of the Era is mine! I should use it!"

Boom!

Xiao Qingshan immediately struck Ye Feng with a fierce sword. The sword light was extremely terrifying. It can be said that this little sword god from the Sword Temple is still very powerful.

Even Ye Feng retracted his hand in an instant to resist the terrifying sword light bombarded by Xiao Qingshan.

But at this moment of resistance, Ye Feng was a moment slower.

So Xiao Qingshan arrived in front of the Era Mirror, with greedy and fiery eyes, and immediately stretched out his hands to grab the Era Mirror.

"Hahaha! I finally got the Era Mirror!"

Xiao Qingshan laughed loudly at this time, and immediately took the Era Mirror to release the powerful power to kill Li Shengxiao.

"Rumble..."

But suddenly at this moment, an ancient and profound terrifying power suddenly burst out from the Era Mirror.

That is the power of the Great Emperor that belongs to the Great Emperor of the Era!

Full of unparalleled destructiveness and destructiveness.

The face of the little sword god Xiao Qingshan changed at this time. His hands could not withstand the terrifying power of the emperor in the Era Mirror, and his arms were shattered in an instant.

"ah!!"

Xiao Qingshan never expected that such a change would happen, that he would not be able to bear the power of the Era Mirror.

He yelled, partly because of the pain of having his arms shattered, and partly because of the deep shame he felt.

Because Xiao Qingshan had already obtained the Era Mirror, but he was unable to withstand the power of the Era Mirror. He seemed to be unworthy of the Era Mirror.

This made Xiao Qingshan's originally proud heart suddenly become very uncomfortable.

"Let me do it!"

At this moment, Ye Feng flew over from not far away, stretched out his hands and grabbed the Era Mirror.

"Rumble..."

Sure enough, a terrifying force that only belonged to the Emperor of the Era once again erupted from the Era Mirror.

It was this terrifying power of the Emperor that shattered Xiao Qingshan's arms just now.

Chaos body!

But at this moment, Ye Feng fully unleashed the strength of his body and withstood the erosion of the power of the Era Emperor in this terrifying Era Mirror.

The next moment, the Era Mirror flew above Ye Feng's head, began to float, and shed wisps of powerful silver light.

This means that Ye Feng has successfully been recognized by the Era Mirror!

But just now Xiao Qingshan was not recognized.

Each of these super magic weapons has its own spirituality. Not everyone who touches it can get this super magic weapon.

When Xiao Qingshan saw this scene, although he was very unwilling, he couldn't help but sigh: "I don't deserve it!"

At this moment, Ye Feng got the Era Mirror and instantly felt that his power had gained infinite value.

The rays of silver light shining down from the Era Mirror above his head were full of noble and powerful energy, making Ye Feng feel as if he had received the power of the Era Emperor at this moment.

"Damn it! How can you, a weak human race like you, be recognized by the Emperor of the Era as a magic weapon? This is impossible! I'm going to kill you!!"

At this time, Li Shengxiao, who was possessed by the evil blood clan from outside the territory not far away, saw that Ye Feng had successfully obtained the Era Mirror. He immediately became furious and his whole body began to expand rapidly. He stood up on the spot and became It turned into a bloody giant tens of thousands of meters tall, trampling madly towards Ye Feng.

Chapter 2379 Loss of consciousness

"Rumble..."

At this moment, Li Shengxiao turned into a bloody giant tens of thousands of meters tall, filled with monstrous power, and let out an earth-shattering roar that made people's souls tremble violently.

The blood-colored troll possesses infinite power, and it is truly the ancient evil blood race that has revived again.

Although he no longer has the cultivation strength of his heyday, he still possesses a terrifying power that cannot be underestimated.

"boom!"

The blood-colored troll instantly stretched out a huge palm downwards. The palm was covered with countless blood-colored scales and looked indestructible.

At this time, Ye Feng's whole body was filled with endless light of thunder and lightning. He held the immortal battle spear in his hand and suddenly struck hard at the sky.

"Pierce the sky!"

Boom!

At this moment, the Immortal War Spear in Ye Feng's hand turned into a sharp thunderous light, and directly collided with the blood-red hand that fell from the sky.

"Crack!"

A large piece of blood-red scales on the big blood-red hand was instantly shattered by the tip of the immortal war spear.

But Ye Feng's whole body was also knocked to the ground by a huge counter-shock force, and his muscles and bones were all cracking, and it seemed that he would fall apart completely in the next moment.

It has to be said that the evil blood clan who turned into the true form of the bloody troll at this time is really terrifying to the extreme.

Ye Feng's eyes also showed a look of shock. He no longer hesitated at this time and instantly activated the power of the Era Mirror.

"Era Mirror!"

Boom!

The Era Mirror was floating on top of Ye Feng's head. The moment Ye Feng activated it, a silver divine light burst out from the mirror.

This piece of silver divine light struck out from the Era Mirror, like a silver galaxy above the nine heavens. It was full of endless magnificence and vastness, and had boundless power. It seemed to be able to crush mountains and rivers, stabbing Break the sky.

"Pfft!"

The silver beam released by the Era Mirror instantly penetrated the big blood-red hand high in the sky.

"howl!!"

The palm was shattered, and the bloody troll immediately let out a painful howl.

Xiao Qingshan, the little sword god not far away, saw this scene and couldn't help but be a little horrified: "The Era Mirror is really powerful!"

"The Blood Demon Totem Pole!"

At this moment, the bloody giant

The demon cast an extremely ancient evil-blooded spell.

A large ray of blood-red light suddenly erupted from the body of the blood-colored troll, forming a huge blood-colored totem pole high in the sky. It looked full of endless vicissitudes and antiquity, and full of boundless oppression.

"boom!"

This Blood Demon Totem Pole, like a sky pillar that supports the heaven, earth and universe, is filled with unparalleled bloody energy. It suppresses Ye Feng directly, and the sky is filled with the light and power of the evil totem.

"Era Mirror!"

"Let me have the power of the Epoch Emperor!"

At this moment, Ye Feng directly communicated with the Era Mirror floating above his head. At this moment, the Era Mirror suddenly turned into a piece of silver divine light, covering Ye Feng's whole person.

At this moment, Ye Feng's whole body erupted with brilliant silver light, and the power of the Era Emperor burst out.

Ye Feng climbed up to the sky, waving the fist in his hand, and the mighty power of the Era Emperor burst out from his fist, turning into silver brilliance that filled the sky, vigorous and domineering, and majestic, and fiercely blasted towards the pin that was pressed down high in the sky. Blood Demon Totem Pole.

"when!!!"

Ye Feng's fist struck the Blood Demon Totem Pole, and a crisp sound like the collision of metal mountains suddenly erupted.

"Rumble..."

The next moment, Ye Feng waved his fist continuously and hit the Blood Demon Totem Pole hard. Every punch seemed to be able to explode with a heavy force like a mountain.

Originally, Ye Feng's body was extremely solid and powerful, and at this moment, he was blessed by the power of the Emperor of the Era in the Era Mirror.

Each of Ye Feng's punches was full of terrifying destructive power.

"boom"

"boom"

"boom"

At this moment, Ye Feng's fists hit the Blood Demon Totem Pole like raindrops. Cracks finally appeared on the surface of the Blood Demon Totem Pole, with deep fist marks imprinted on it.

From this, we can see how terrifying the fist Ye Feng struck at this moment was.

"What? You can actually shake my Blood Demon Totem Pole with the power of your body? This is impossible! What kind of physique do you have?"

At this moment, high in the sky

The blood-colored troll standing on top showed deep shock in his eyes. He seemed to have never thought that Ye Feng, a seemingly small human race, could contain such great and boundless power in his small body.

Even with the blessing of the power of the Era Mirror, the Blood Demon Totem Pole is definitely not something that ordinary people can destroy.

But Ye Feng did it!

This horrified the bloody troll.

"Boom!"

At this moment, the bloody troll stepped quickly towards the distant space portal.

This evil blood clan actually wants to avoid the edge and escape first!

"Where to escape!"

Ye Feng roared loudly at this moment. At this moment, with the blessing of the Era Mirror, his combat power was extremely powerful.

He held the Immortal War Spear in his hand, with endless thunder and lightning surging all over his body. In an instant, he caught up with the bloody troll who was about to escape, and then fiercely threw the Immortal War Spear in his hand that had been enchanted with the power of thunder and lightning. It was bombarded directly.

"Pfft!"

The immortal war spear filled with light of thunder and lightning instantly pierced the body of the bloody troll, directly from the back to the chest in front, and the heart was shattered.

"ah!!"

At this moment, the bloody troll suddenly let out an earth-shattering howl.

But he couldn't get rid of the immortal war spear.

Moreover, the power of thunder and lightning enchanted on the Immortal War Spear is being transmitted crazily towards the entire body of the Blood Troll, rapidly destroying the vitality in the entire body of the Blood Troll.

"Bang!"

The next moment, the majestic blood-colored troll body fell to the ground, then quickly shrunk in place, and finally turned into the appearance of Li Shengxiao.

However, Li Shengxiao was already bleeding from all his orifices at this time, and it was obvious that the evil blood clan possessing him was completely dead.

After all, Ye Feng's terrifying spear in the end not only pierced the heart of this evil blood tribe, but the thunder and lightning power attached to the immortal war spear also destroyed the vitality of the entire evil blood tribe troll in an instant.

At this moment, Xiao Qingshan, the little sword god not far away, couldn't help but exclaimed: "That's amazing! It turns out that only you can control a super magic weapon like the Era Mirror! You've just been refining it and you're already so skilled You are truly a genius! You cannot be just an ordinary outer sect elder from the Northern Immortal Palace!"

At this time, Ye Feng is

He walked to Li Shengxiao's body, reached out and grabbed it, and pulled out the evil blood core from the body.

This evil blood core is larger than the ones Ye Feng got before combined.

After all, this is the core of a super devil of the evil blood clan, and the amount of blood stored in it is absolutely terrifying.

But just at the moment when Ye Feng put the core into his storage ring.

"Boom."

The earth of this independent small world suddenly cracked open, and a majestic black hand with a height of hundreds of millions of feet stretched out from the earth in an instant, blasting at Ye Feng and the little sword god Xiao Qingshan who were present. past.

"Crack!"

Xiao Qingshan didn't even have time to react. The moment he was touched by this big black hand, his whole body exploded into a bloody mist, and he died instantly!

It can be seen from this that this majestic black hand stretching out from the earth, which is billions of meters tall, has such terrifying power!

A super genius like Xiao Qingshan could explode to death without even reacting.

"horrible!"

"Could this be the truly terrifying evil blood clan living under the ground?"

Ye Feng's eyes turned pale with fright at this moment. He immediately used the Era Mirror to protect himself and ran frantically towards the space portal not far away.

But that majestic black hand was too huge and towering, and it hit Ye Feng's body in an instant.

"Boom..."

A terrifying and boundless power was immediately transmitted to Ye Feng through the protection of the Era Mirror.

"puff!"

Ye Feng suffered heavy injuries in an instant and spurted out a mouthful of blood. However, he did not die after all. Instead, his life was protected by the super magic weapon of the Era Mirror. His whole body was quickly blasted out of the space portal, and then it directly smashed into a large piece of the earth's crust, flew directly out of the endless abyss, and then fell into a wild jungle outside the endless abyss.

"run!"

At this moment, Ye Feng felt that his whole body was about to fall apart, but he still had one thought, which was to run quickly and get away from the endless abyss.

Because Ye Feng didn't know whether the big black hand would chase after him.

After running for an unknown distance, Ye Feng finally couldn't hold on any longer and fell to the ground, losing consciousness.

Chapter 2380 Black Village

I don't know when, Ye Feng opened his eyes.

He regained consciousness at this time.

But Ye Feng was a little surprised to find that he was not lying in the wild jungle at this time.

Instead, his hands were tied with ropes and hung on a huge wooden stick stand.

Like cattle and sheep that are tied up and about to be slaughtered.

"what's the situation?"

Ye Feng looked around with confusion at this time, and immediately saw that there were wooden shelves all around, and a person was hanging on each wooden shelf. .??.

There are living people and dead people, all tied by their hands to wooden frames.

Behind these wooden shelves, there is an extremely dark cave.

There seemed to be a very cold and ferocious aura coming out of the cave.

At this moment, Ye Feng saw that not far away, a group of fierce men who looked like bandits were worshipping the cave: "Master of the sacred beasts who protect our Black Village, your sacrifice has been delivered today. Please enjoy it, Lord Divine Beast."

At this time, after the bandits from the black village finished speaking, they immediately ran away and stood not far away.

"I don't want to be a sacrifice!"

"Someone save me! I don't want to be eaten by the beast!"

...

Almost at this moment, Ye Feng immediately heard the terrified screams of the living people tied up on the shelves around him.

At this time, Ye Feng finally understood that he seemed to be in a bandit's lair called Black Village in the wild forest.

It seemed that he was regarded as a dead body by these bandits, so he was picked up and used as sacrificial food for the so-called sacred beast that protects this black village.

At this time, Ye Feng wanted to use his power.

"Oops! I suffered a serious injury. There is no spiritual power in my body. It will take a long time to recover before I can return to full strength. Moreover, the storage ring cannot be used to take out the contents of it."

Ye Feng's eyes changed slightly at this moment.

But he wasn't too worried.

Even if Ye Feng cannot use his magic power now, it does not mean that Ye Feng will

Became a helpless person.

Because Ye Feng can compete with extremely powerful masters just by relying on his powerful body.

So at this moment, Ye Feng just exerted a little force, and the iron chain that tied his hand suddenly broke into pieces.

"Bang!"

After Ye Feng escaped from the trap, he jumped directly to the ground.

"An offering fell down!"

A group of bandits from the black village not far away saw Ye Feng jumping off the shelf. Their eyes immediately changed and they all stepped forward, preparing to capture Ye Feng.

Boom!

But suddenly at this moment, a huge roar suddenly came from the cave not far away.

The bandits immediately stopped.

A leader of the bandits immediately said: "We don't need to take action. The sacred beast has already come out. Let the sacred beast personally punish this sacrifice who wants to escape!"

Ye Feng heard the bandit's words at this time and did not run away. Instead, he looked at the huge cave behind him with a trace of curiosity in his eyes.

"Boom."

"Boom."

Accompanied by a shaking sound like the earth was shaking, a huge creature walked out of the cave in an instant.

This is an extremely huge pangolin, just like an ordinary pangolin magnified hundreds of times. Its body is as tall as a small mountain, and it is covered with dark scales. It looks full of a cold and hard feeling, very ferocious.

At this moment, the giant pangolin's pale golden eyes stared at Ye Feng for an instant, revealing a deep ferocious aura.

"Roar!"

This huge pangolin with black scales rushed towards Ye Feng in an instant, opened its bloody mouth, and wanted to eat Ye Feng, the sacrifice that was about to escape.

Ye Feng

At this time, he didn't have the slightest fear, but smiled lightly and said: "I really thought it was some kind of mythical beast. It turned out to be just a stupid pangolin in the wild forest. However, with the cultivation level of Wuji Realm, he even stuffed his teeth into me. Not even qualified to sew."

At this moment, Ye Feng said calmly, and immediately stretched out a hand to the pangolin that rushed over.

Ye Feng's hand did not burst out with any spiritual light, after all, he could not use his current magic power.

Compared with the pangolin, which is as huge as a mountain, it is such an ordinary small palm. At this time, it was pressed on the top of the huge pangolin's head, and it was blocked by the pangolin.

"Boom!"

At this time, the pangolin's four legs were kicking hard on the ground, but it was still unable to move a step. It was like the small palm of Ye Feng pressing on his head, like a copper wall and an iron wall, which could not be collided and broken.

"What?!"

A group of bandits not far away saw this scene, with deep horror in their eyes.

And at the next moment, they were even more shocked that their eyes almost fell out.

I saw Ye Feng reaching out and grabbing it, directly lifting the huge mountain-like pangolin.

"It's too scary..."

This scene not only shocked a group of bandits not far away, but also the other living people who were tied up had deep shock in their eyes at this moment.

Compared with the huge pangolin, Ye Feng's body was like a small ant.

So Ye Feng lifted the pangolin at this time, giving the impression to everyone around him that it was like an ant lifting an elephant all at once. It really had a very strong visual contrast and impact!

"Boom!"

The next moment, Ye Feng stretched out his hand and threw the huge pangolin far away, hitting the ground so hard that the pangolin bled to death from its seven orifices.

"The sacred beast is dead!"

Not far away, a group of bandits from the black village were all in their eyes.

A look of deep horror appeared.

They immediately understood that the young man they thought was a dead body they picked up from the wild forest was definitely a super and terrifying strong man.

At this time, Ye Feng walked towards the group of bandits and asked aloud: "Tell me, is there a silver mirror where you found me?"

Ye Feng remembered that when he finally fainted, the Era Mirror had been floating above his head.

But now there is no trace.

The bandit who was being stared at coldly by Ye Feng at this moment couldn't even bear Ye Feng's eyes. He fell to the ground with a pale face in fright, his eyes turned white, and he was scared to death!

"waste!"

Ye Feng couldn't help but shook his head helplessly.

Then he looked at the other bandits around him and asked aloud: "Whoever can answer my question, I will spare his life, and everyone else will die."

"I know I know!"

Almost at the moment Ye Feng finished speaking, a young bandit among the group of bandits couldn't help shouting: "It was our third master who found you, sir! The third master saw you, sir." The silver mirror next to me was very magical, so I took it right away! "

Ye Feng's eyes turned cold: "The third master? What kind of black village's third master you are? Where is he? Take me there immediately!"

Although Ye Feng suffered heavy losses during this trip, and even now has no magic power in his body, his biggest gain is the Era Mirror.

Therefore, Ye Feng must not lose the Era Mirror, otherwise this time it will really be all in vain.

As long as the Era Mirror is still there, it would still be worth it even if Ye Feng suffered a heavy blow at this time.

Ye Feng then killed all the bandits except that bandit.

Then Ye Feng asked the bandit to take him to the lair of Black Village.

In addition to wanting to take back the Era Mirror, Ye Feng also wanted to ask the bandits in the Black Village how to get out of this wild forest and return to the Northern Immortal Palace.
