

## Ancient 2381

Chapter 2381 Killing all sides

On the way to Black Village, Ye Feng secretly thought to himself that at the moment when he was attacked by that big black hand, the Era Mirror was also struck into a deep sleep in order to protect himself.

Otherwise, it would not have been taken away by the third boss of a small black village.

After all, the Era Mirror cannot even be controlled by a super genius like Xiao Qingshan.

At this time, the young bandit who was leading the way in front of Ye Feng said, "Sir, our base camp in Black Village has arrived."

At this time, Ye Feng looked not far away and immediately discovered a huge mountain standing in front of him.

An ancient stone tablet was inserted into the ground, with three ancient characters "Black Mountain Village" written on it, which looked quite impressive.

At this time, Ye Feng had already learned from this mountain and his mouth that the overall strength of this black village was not strong.

The third master who picked him up as a sacrifice was only in the same realm as himself, half a step into the Six Paths of Reincarnation.

At this moment, Ye Feng walked directly towards the hilltop where the black village was located.

He saw ancient cities built on top of these mountains.

Fierce bandits are walking throughout existence.

Obviously this is a large bandit force, standing in this wilderness.

"Who is it? Who are you? Dare to trespass into our territory in Montenegro? Stop now!"

At this time, Ye Feng walked slowly and immediately attracted the attention of many bandits.

A dozen tall bandits, fully armed and armored, instantly surrounded Ye Feng, their bodies filled with evil aura and their eyes fierce.

"I'm here to get what's mine."

Ye Feng said indifferently, and then slowly walked forward.

Ye Feng's steps were very slow, but he showed boundless confidence.

"What a boy! How brave!"

"Let's stop talking nonsense with him and just kill this kid on the spot!"

"Okay! Let's take action together! Kill this kid with a knife!"

...

At this moment, ten people around

Several bandit guards rushed towards Ye Feng in an instant.

"Boom!!"

But at this moment, Ye Feng's body suddenly burst out with boundless momentum, and in an instant, all the shaking bodies of the dozen or so bandits rushing around him exploded.

"puff!"

"puff!"

"..."

There were more than a dozen bandit guards, all of them were masters, but they didn't even get close to Ye Feng's body at this time. They were directly exploded by the momentum that exploded from Ye Feng's body, and the scene was stained with blood.

I have to say, this scene is very shocking.

At this moment, Ye Feng's body was filled with boundless majestic momentum, and his whole body was like a heavenly emperor who was about to revive.

Although there are no mana fluctuations in his body, the blood energy released from his body is enough to surge like a vast ocean, sweeping high into the sky.

This made all the bandits in the entire city feel a suffocating feeling for an instant, as if their entire souls and bodies were being crushed to pieces.

They immediately understood that this young man walking from the foot of the mountain was definitely a terrifying being!

"Quickly go and notify the three leaders!"

At this moment, a large group of bandits at the entrance of the bandit city retreated one after another, and no one dared to resist Ye Feng's footsteps.

At this time, Ye Feng directly released Taixu Sword Controlling Technique.

"Qiang!"

"Qiang!"

"Qiang!"

In an instant, a long sword of void air condensed around his body, containing boundless sharpness, and suddenly struck forward.

"Pfft!"

"Pfft!"

In an instant, a large group of bandits had their bodies pierced and fell into a pool of blood.

Just like cutting wheat,

A large piece fell all of a sudden.

At this time, Ye Feng was killing everyone, and released the Devouring Domain, which began to devour the blood and energy of these bandits.

To Ye Feng, these bandits are all extremely weak.

But now Ye Feng is devouring their blood and energy just to help him quickly recover his lost mana.

Just when Ye Feng was slowly devouring it, his power was about to recover.

"boom!"

"boom!"

"boom!"

From the huge building behind the Black Village, three terrifying and powerful auras of cultivation suddenly erupted.

They are three super strong men!

The cultivation aura of these three people is extremely powerful. One is in the half-step Six Paths of Reincarnation Realm, one is in the Sixth Heaven of Six Paths of Reincarnation, and the other is in the Ninth Heaven of Six Paths of Reincarnation!

Obviously, these three powerful men who suddenly appeared are naturally the three most powerful heads in the entire Black Village.

At this time, a group of bandits immediately spoke to the three leaders: "Three leaders, the young man in white not far away is the culprit who took the initiative to attack our Black Village this time! Please three leaders can bring him down Kill him directly!"

At this time, the heads of the three black cottages immediately showed deep cold looks in their eyes.

They immediately stared at Ye Feng, who was not far away, and said loudly: "Boy! Who are you? Why are you attacking our Black Village?"

Boom!

But Ye Feng was too lazy to talk nonsense with these little minions at this time. He rushed forward and grabbed the third master who was half a step into the Six Paths of Reincarnation with one hand.

"Boom!"

Ye Feng's palm was like a heavy mountain pressing down, and all of a sudden the third master's body was shattered, turning into a bloody mist.

Then Ye Feng took out a silver mirror from the third master's storage ring.

It's the Era Mirror!

Ye Feng swallowed a lot of blood at this time

After the Qi energy, the mana has gradually recovered and the storage ring can be opened.

"What?!"

And Ye Feng suddenly took action and killed the third master in an instant, which made everyone present look shocked.

Including the first master and the second master who were standing next to the third master, the two bandit leaders also had horrified looks in their eyes, and all of a sudden they attacked Ye Feng fiercely, trying to stop Ye Feng.

"A group of ants dare to attack me."

Ye Feng shook his head indifferently at this time and casually struck out with two palms.

"puff!"

"puff!"

The two bandit leaders beside them, the first and second leader, were immediately smashed into pieces by Ye Feng's two slaps. They were killed on the spot. They didn't even have the slightest strength to resist, and they died immediately.

"ah!!"

"Run away!!"

At this time, all the bandits in the surrounding black village were frightened, their faces turned extremely pale, and they began to flee for their lives, because they knew that this young man was definitely a super master, even their three leaders were Without any resistance, he died instantly in the hands of this young man.

"Become the energy that I devour!"

Ye Feng urgently needed the majestic blood energy to restore his mana, so at this moment he released the Devouring Domain, and the dark domain enveloped the entire Black Village in an instant.

"Crash!"

Suddenly, streams of majestic blood energy were forcibly sucked out.

A group of bandits who were escaping, even if they were alive, were still enveloped by the Devouring Domain at this moment, which forcibly extracted the blood and energy from their bodies. As they ran, they turned into a shriveled skeleton and fell directly. On the ground, scattered everywhere.

"Rumble..."

At this time, with the injection of majestic blood energy, Ye Feng's vitality became more and more powerful.

His disappeared mana returned to his body and was regenerated.

Chapter 2382 Ji Xiaolan

"Rumble..."

At this moment, Ye Feng's cultivation level continued to recover.

Although the blood energy provided by these bandits in the black village is not much, it cannot allow Ye Feng to achieve a breakthrough in his cultivation.

But through these blood energy, Ye Feng can continuously make up for the severe injuries suffered in his body.

"boom!"

At the end, Ye Feng's aura became stronger and stronger.

At this time, all the bandits in the entire Black Village were dead.

Ye Feng stood up at this time.

Although he devoured blood this time and did not completely restore his cultivation to its peak state. ??

But he also recovered nearly half of his mana.

Next, as long as Ye Feng does not suffer serious injuries, his strength will slowly recover.

At this moment, Ye Feng was observing the Era Mirror in his hand.

The silver mirror surface of the Era Mirror was somewhat dull at this time.

Ye Feng knew that it must have been the last big black hand that attacked him. The Era Mirror had resisted most of the damage for him, otherwise he might have died.

At this time, Ye Feng couldn't help but sigh in his heart. Sure enough, there were all kinds of extremely terrifying existences hidden in this wild forest.

Even the dominant forces on the human race, such as the Northern Immortal Palace, did not dare to attack the wilderness rashly. They could only choose to strengthen their defenses to prevent any terrifying existence from coming out of the wilderness to cause trouble.

At this time, Ye Feng couldn't help but feel a surge of momentum and determination in his heart: "If one day my cultivation is invincible in the God Realm, I will definitely wipe out the threat of the entire wilderness!"

At this moment, Ye Feng was ready to leave directly.

He must return to the Northern Immortal Palace as soon as possible. It took too long to come out this time. If he doesn't go back, it is very likely that

It would be a bit embarrassing if those in the Northern Immortal Palace thought that he had fallen and had his identity token canceled.

After all, Ye Feng still needs to rely on the behemoth overlord force like the Northern Immortal Palace, and use the majestic resources in the Northern Immortal Palace as much as possible to improve his strength as soon as possible.

Ye Feng decided this time that after returning, he would certify the inner sect elders and participate in the inner sect elder assessment.

Ye Feng had previously learned from Lan Yuexi, the Saint of the Natural Temple, that the inner elders of the Northern Immortal Palace were treated extremely generously.

Especially the core elders among the inner sect elders have a distinguished status and can enjoy the huge resource tilt of the Northern Immortal Palace.

After all, the most important thing about the entire Northern Immortal Palace is the super strong ones at the top.

But the inner sect elders can be regarded as the mainstay of the entire Northern Immortal Palace, and they are also very important.

Some of the top powerhouses in the Northern Immortal Palace basically grew up from the elders of the inner sect.

Therefore, the inner sect elders, as a group, have a distinguished status in the Northern Immortal Palace, and the resources they receive are beyond the imagination of ordinary people.

Ye Feng was very aware at this time that he joined the Northern Immortal Palace after his strength reached a certain level, and directly became the elder of the Northern Immortal Palace.

If he were a disciple of the Northern Immortal Palace, he would have probably become cannon fodder when the Northern Immortal Palace attacked the home of the vampire demons and died in that horrific and tragic battle.

Ye Feng figured out the direction at this time and was ready to leave Black Village.

But at this moment, a man suddenly walked out of the Black Village.

All these people are black

The prisoners captured from outside the village are all good people from some tribes or towns. All of them were captured by the bandits from the Black Village. They should all be used as food for the giant pangolin guarding the Black Village.

At this time, after the group of people escaped, they all knelt in front of Ye Feng, kowtowed and said gratefully: "Thank you, sir, for saving your life!"

Ye Feng looked at this group of people, smiled slightly, and said loudly: "No need to kowtow like this, I just happened to save you. You are all safe now. Let's go back to our homes quickly."

"Thank you for your kindness, sir!"

"We will always remember you, sir!"

At this time, a group of people left Black Village one after another, eager to go home.

But suddenly at this moment, the Era Mirror in Ye Feng's hand suddenly vibrated.

Then the Era Mirror unexpectedly emitted a ray of silver light, which shone on a young woman not far away.

Seeing this strange scene, Ye Feng's eyes showed a hint of surprise and he couldn't help but look at the young woman.

This young woman is very ordinary, and she has no cultivation at all. She is just a mortal, but she is pretty.

At this time, Emperor Chu suddenly said aloud in his mind: "It can cause the reaction of the Era Mirror, Ye Feng, I think this young woman may be related to the Era Emperor, and may even be a descendant of the Era Emperor."

When Ye Feng heard what Emperor Chu said, his eyes flashed slightly and he said, "I'll go ask."

At this moment, Ye Feng flashed in front of the young woman.

This young woman has a very simple appearance. She obviously comes from a simple family background. She has no scheming intentions and has no ambitions.

When you enter the spiritual world, your eyes are very pure.

Just seeing Ye Feng coming in front of her, this simple young woman seemed a little panicked.

After all, this is a super strong man who can wipe out the entire Black Village.

In the eyes of these ordinary mortals, Ye Feng is like that kind of aloof god.

At this time, the young woman couldn't help but feel a little panic, feeling that she should kneel down in front of Ye Feng.

But Ye Feng suddenly stretched out his hand to help the young woman up, and said with a smile: "No need to kneel down, I don't have anything else to do, I just want to chat with you."

The young woman seemed a little surprised by Ye Feng's words, but there was also a trace of fear in her beautiful eyes.

After all, Ye Feng was a stranger to her and a high-ranking figure.

The young woman was naturally a little frightened.

At this time, Ye Feng stretched out his hand and said: "Come with me, I need to ask you something."

Naturally, the young woman did not dare to resist. She stretched out her small white hand, grabbed Ye Feng's outstretched palm, and then walked with Ye Feng in a certain direction in the distance.

They soon arrived at a relatively remote mountaintop area.

Ye Feng looked at the young woman in front of him and asked, "What's your name?"

The young woman's voice was very low, and she spoke with some embarrassment: "Return to... Sir, my name is Ji Xiaolan."

"Ji Xiaolan? Sure enough, he has the same surname as Emperor Yuan."

Ye Feng thought to himself, then he took out the Era Mirror in his hand and asked the innocent Ji Xiaolan in front of him: "Have you seen this mirror?"

Chapter 2383 Mortal Family

At this time, Ji Xiaolan glanced at the Era Mirror in Ye Feng's hand, shook her head, and said aloud: "I don't know this mirror, I've never seen it before."

When Ye Feng heard what Ji Xiaolan said, he couldn't help but show a hint of disappointment in his eyes.

Could it be that the other party is not a descendant of the Emperor of the Era?

But if it weren't for the descendants of the Emperor of the Era, the Era Mirror wouldn't have suddenly shined with silver light just now, shining on Ji Xiaolan.

Ye Feng is still very interested in the descendants of Emperor Yuan.

Because Ye Feng knew very well that what he got this time was only the Era Emperor's natal magic weapon, the Era Mirror.

Ye Feng did not get the inheritance of the Emperor of the Era.

At this time, Ye Feng was a little unwilling and asked aloud: "Ji Xiaolan, where do you live? I will follow you to see and escort you home. In this dangerous and wild forest, you, a mortal, will definitely be there at any time." There will be danger."

When Ji Xiaolan heard what Ye Feng said, joy suddenly appeared in her beautiful and innocent eyes, and she couldn't help but said in surprise, "Sir, you are so kind!"

Ye Feng nodded, grabbed Ji Xiaolan's hand and flew high into the sky. .???.??

A huge long sword condensed in the air appeared under his feet.

At this moment, Ye Feng was flying with Ji Xiaolan's sword.

Ji Xiaolan's eyes were filled with deep joy. Looking at the rapidly retreating mountains and rivers under her feet, she couldn't help but said excitedly: "Is this the legendary flying with a sword? It's really amazing! Sir, I I want to learn and practice with you!"

Ye Feng's eyes moved and he said: "Yes, if you are willing, I can take you back to the Northern Immortal Palace."

Ji Xiaolan then shook her head and said, "But my parents are still waiting for me at home, so let's forget it. I'm afraid they will be worried."

Hearing this, Ye Feng nodded slightly and said, "Let's go back to your home first."

Under Ji Xiaolan's guidance, Ye Feng quickly traveled through the entire wilderness and arrived at Ji Xiaolan's hometown.

This is the edge junction between the northern human territory and the wild forest.

There is a small town called Luohuang Town.

It is said that a beautiful phoenix died here, so a piece of land and water was born and turned into a town where people depended on for survival.

Therefore, this town is called Luohuang Town.

This town is a very ordinary town.

After Ye Feng landed, his spiritual thoughts covered the sky and overwhelmingly, and he found that there were almost no practitioners in the entire Luohuang Town, and there were only some warriors who had just started to polish their blood.

Ye Feng shook his head, the disappointment in his heart getting bigger and bigger.

Does this kind of place have the inheritance of the Great Emperor of the Era?

Could it be that I guessed wrongly? This Ji Xiaolan is not a descendant of Emperor Yuan at all.

Thinking of this, Ye Feng looked at Ji Xiaolan and thought, send this simple girl home and leave.

"Sir! That is our home!"

At this time, Ji Xiaolan and Ye Feng were walking in Luohuang Town, and soon came to a small family.

"Xiaolan! You are finally back!"

Suddenly there was a

People from the family ran out one after another, with runny noses and tears.

When Ye Feng saw this scene, he couldn't help but smile and said, "Ji Xiaolan, since you got home safely, it's time for me to leave."

When Ji Xiaolan heard what Ye Feng said, she immediately said with some reluctance: "Sir! You're staying at our house for a while. I'll take you to the back hill of our Luohuang Town. The scenery there is beautiful, and it's also beautiful." Legend has it that a phoenix that is above the sky has landed in the back mountain area of our Luohuang Town."

Regarding the legend of the phoenix, Ye Feng just smiled, because he did not detect any aura of the phoenix, and it was probably just a local myth.

At this time, Ye Feng looked at Ji Xiaolan in front of him and said loudly: "I have eliminated Black Village. You will be safe from now on. I have other things to do, so I won't stay here for the time being."

After saying that, Ye Feng turned around and prepared to leave.

"That's... the mirror on the totem of our ancestors!"

Suddenly at this moment, a vicissitudes of life old man with all white hair in Ji Xiaolan's family suddenly spoke up.

The old man stared at the Era Mirror in Ye Feng's hand and couldn't help but be a little shocked.

"What?"

When Ye Feng heard what the old man said, his eyes immediately brightened, and he suddenly flashed in front of the old man and said loudly: "Old man, you said you saw the mirror in my hand on the totem of your ancestors. ?"

Ji Xiaolan also quickly walked up to the white-haired old man and said loudly: "Grandpa! This gentleman saved me, tell him the news he wants to know!"

The white-haired old man immediately nodded, cupped his hands towards Ye Feng, and said politely: "I would like to thank my little brother for saving our Xiaolan's life. The mirror in my little brother's hand, and The pattern on a totem pole left by our ancestors is exactly the same. Because I am now managing the relics left by our ancestors in the ancestral hall, I am very familiar with this mirror and I will definitely not be mistaken. The pattern painted on the totem pole is This mirror, there is a rumor that our ancestor of the Ji family is an omnipotent divine figure, I don't know if it's true or not..."

As the white-haired old man chattered on, Ye Feng's eyes became brighter and brighter.

Originally, Ye Feng was very disappointed that he had found the wrong person.

But now it seems that he did not guess wrong, or Emperor Chu did not guess wrong. The family that Ji Xiaolan belongs to is probably really the descendant of a bloodline inherited by the Emperor of the Era.

But it seems to have declined. After all, endless years have passed, so now it has become only a small ordinary family, not even a family in the cultivation world.

At this time, Ye Feng looked at the white-haired old man in front of him and immediately said: "Please take me to see the relics left by the ancestor in your ancestral hall."

The white-haired old man nodded and said, "Little brother, come with me."

At this time, the old man in white robe turned around and walked towards a certain direction in the family.

Ye Feng quickly followed.

Ji Xiaolan, a simple girl, had eyes full of curiosity at this moment, and she quickly followed Ye Feng.

She was still happy inside, because Ji Xiaolan discovered that she seemed to have helped Ye Feng, an extremely powerful young adult. This feeling made Ji Xiaolan very satisfied. At this time, Ji Xiaolan glanced at the Era Mirror in Ye Feng's hand, shook her head, and said aloud: "I don't know this mirror, I've never seen it before."

When Ye Feng heard what Ji Xiaolan said, he couldn't help but show a hint of disappointment in his eyes.

Ye Feng's eyes moved and he said: "Yes, if you are willing, I can take you back to the Northern Immortal Palace."

Ji Xiaolan then shook her head and said, "But my parents are still waiting for me at home, so let's forget it. I'm afraid they will be worried."

Hearing this, Ye Feng nodded slightly and said, "Let's go back to your home first."

Ye Feng quickly followed.

Ji Xiaolan, a simple girl, had eyes full of curiosity at this moment, and she quickly followed Ye Feng.

She was still happy inside, because Ji Xiaolan discovered that she seemed to have helped Ye Feng, an extremely powerful young adult. This feeling made Ji Xiaolan very satisfied.

Chapter 2384 A complete set of inheritance

At this time, Ye Feng quickly followed the white-haired old man to the family ancestral hall.

Ji Xiaolan was also following Ye Feng at this time. Obviously, this innocent girl was also very curious about what Ye Feng wanted, and she was also very interested in the origin of her family.

She was proud of being able to help Ye Feng.

At this time, the white-haired old man walked to the back of the ancestral hall, and then rotated the mechanism on one wall of the ancestral hall.

"Rumble..."

Suddenly, the wall of the ancestral hall moved open to both sides, and a secret room behind the ancestral hall appeared.

This secret room is not big, it looks about thirty or forty square meters.

But there are strange things in this secret room, including ancient wine bottles, unknown black broken swords, some broken metal seats, etc.

The white-haired old man looked at Ye Feng beside him, with a hint of reminiscence in his old eyes, and said loudly: "This is an ancient thing passed down from generation to generation in our family. It is said that it was left by our ancestors." Yes, but most of them are dilapidated and have lost their spirituality. This kind of place was originally not open to the public, but the little brother saved our family members, so the little brother can just take a look, and if you need anything, you can directly Take it."

Obviously, the white-haired old man had gone through many vicissitudes of life and knew that Ye Feng must be looking for something in their family.

The white-haired old man naturally followed the trend and regarded it as repaying Ye Feng's kindness for saving Ji Xiaolan.

At this time, Ji Xiaolan's beautiful and innocent big eyes were filled with deep curiosity, and she couldn't help but say: "This is also the first time I know that there is such a secret room behind the ancestral hall, which contains so many things left by our ancestors. Who are our ancestors?"

The white-haired old man shook his head and said loudly: "I don't know this either, because it was really an ancient era, and even the seniors who died in our family couldn't figure it out. Anyway, all I know is that we His ancestor was once an earth-shattering figure who amazed an era."

When Ji Xiaolan heard what the white-haired old man said, she immediately opened her small mouth, and her beautiful big eyes were full of shock.

"is this real?"

\u003c

br\u003e Ji Xiaolan's pretty little face had a look of suspicion, and she couldn't help but murmur.

"it is true."

Ye Feng suddenly spoke up at this time.

Because the moment he walked into this secret room, he immediately felt a very strong aura of the Era Emperor.

Ye Feng was very familiar with this aura of the Era Emperor, because he had experienced it deeply when he was refining the Era Mirror under the endless abyss.

So at this time, Ye Feng was 100% sure that the ancestor of Ji Xiaolan's mortal family was none other than the Emperor of the Epoch!

But at this time, I heard Ye Feng say that the ancestor of their family was really an earth-shattering big shot.

This made Ji Xiaolan no longer doubtful.

Because this little girl has an inexplicable trust in Ye Feng.

After all, the various methods Ye Feng used in front of Ji Xiaolan were like gods.

So everything Ye Feng said was naturally true to Ji Xiaolan, an ordinary girl.

"Our ancestor was truly an earth-shattering figure!"

Ji Xiaolan couldn't help but burst out excitedly, feeling very honored for this.

At this moment, Ye Feng suddenly stared at an ancient totem pole in the secret room.

The white-haired old man saw Ye Feng staring at the totem pole and said, "Little brother, I have seen the pattern of the mirror you were holding in your hand on this totem pole."

At this time, Ye Feng nodded slightly, walked over, and came to the totem pole.

The left part of this totem pole is indeed carved with a mirror pattern, which is exactly the same as the Era Mirror.

As for Ye Feng, in the entire small secret room, all the other things left by the Emperor of the Epoch had lost their inspiration. Only this totem pole gave Ye Feng a mysterious aura that he could not see through.

.

In other words, there must be a secret hidden in this totem pole.

"Maybe the inheritance of the Emperor of the Epoch is in this totem pole."

At this time, Ye Feng looked at the white-haired old man beside him and said, "Can I touch and explore this totem pole?"

The white-haired old man immediately nodded and said, "Of course! You are Xiaolan's savior!"

Ye Feng nodded, then stretched out his hand and touched the ancient totem pole in front of him.

Ye Feng input some mana into the totem pole at this time, but it was like mud flowing into the sea, and there was no reaction on the totem pole. It seemed that it was just a very ordinary totem pole with no secrets. .

At this time, Emperor Chu suddenly spoke in Ye Feng's mind: "Let me give it a try."

Ye Feng nodded immediately: "Okay!"

Buzz!

Emperor Chu began to activate the power of the soul gem in the soul gem.

A crimson soul gem suddenly appeared between Ye Feng's eyebrows, and a red laser was released from it, which suddenly shone on the ancient totem pole in front of him.

Ji Xiaolan looked on and exclaimed in amazement: "Wow! Lord Ye Feng's eyebrows can actually shoot red lasers! It's amazing!"

And at this moment.

"Buzz..."

The crimson laser shot out from Ye Feng's eyebrows hit the ancient totem pole.

The ancient totem pole was suddenly activated by the power of the soul gem.

"boom!!"

Accompanied by a terrifying aura, a gigantic figure of the Great Emperor of the Epoch suddenly emerged from the ancient totem pole!

This is an ancient will of the Emperor of the Era!

It has been sealed in this ancient totem pole and has been sleeping.

But at this time, it was awakened and activated by Ye Feng using the power of the soul gem.

But this era is big

The emperor's will did not seem to have this autonomous consciousness, but mechanically stretched out his hand, pressed it in front of Ye Feng, and made a mechanical voice: "Block the attack of my will! Then you can accept my inheritance! But you need to ensure that I The inheritance will be passed on to my descendants, and I will cultivate a descendant of the amazingly talented Emperor of the Era!"

At this time, after the Emperor of the Era finished speaking, the terrifying will of the Emperor immediately bombarded Ye Feng's spirit.

Regarding this terrifying ancient emperor's will attack, if it were someone else, even an Eternal Realm master who has surpassed the Six Paths of Reincarnation Realm, or even a strong man at the Heavenly Tribulation Realm level, would probably be unable to resist the soul of the Great Emperor of the Era. of oppression.

But who is Ye Feng?

The only super genius in the world!

On his body are the gems of the gods that dominate.

"Soul Gem Defense!"

At this time, Ye Feng didn't even need to move. Emperor Chu automatically controlled the soul gem to condense a red protective light shield around Ye Feng's soul.

This is the soul guardian light shield released by the soul gem!

Very solid!

It is the ability of the Soul Gem that Emperor Chu recently discovered.

"Boom!"

The will of the Era Emperor attacked the soul gem's protective shield, and was unable to shake the soul gem at all.

Therefore, Ye Feng easily passed the test of will left by the Emperor of the Era.

Uh-huh!

And at the next moment, the will of the Emperor of the Epoch instantly turned into a ray of light and penetrated into the soul between Ye Feng's brows.

An ancient inheritance from the Emperor of the Era instantly appeared in Ye Feng's mind.

"The inheritance technique of this destiny: the Era Hegemony Technique!"

"Supporting attack martial arts: Era Divine Fist!"

At this time, Ye Feng accepted the inheritance secret of the Emperor of the Era, and his eyes suddenly showed deep ecstasy!

Hard work pays off!

Finally, I got the full set of inheritance from the Emperor of the Epoch!

Chapter 2385 Super Demon

The golden inheritance chapter composed entirely of light was like a mark, imprinted in Ye Feng's mind.

This is a complete set of inherited secrets belonging to the ancient powerhouse, the Emperor of the Epoch.

Contains the natal inheritance skills and the Era Hegemony Technique.

There is also an extremely powerful attack supporting martial arts, Era Divine Fist.

Every chapter is full of infinite momentum, exuding the power of the human race emperor, making people feel like they are worshiping.

After Ye Feng got this inheritance chapter at this time, he felt the power contained in every word, and felt that the absolute cultivation of the Emperor of the Epoch had reached an earth-shattering level.

However, in the end, the Era Emperor died in the endless abyss in order to resist the resurgence of the evil blood clan outside the territory. Even many humans did not know the history of such a magnificent Era Emperor.

This is sad.

But many super strong people fight alone in the darkness until they die in battle for the safety of the entire human race.

At this moment, Ye Feng bowed deeply to the ancient totem pole in front of him.

Then Ye Feng looked at Ji Xiaolan beside him and said loudly: "You are the descendant of the Emperor of the Era, and you have also been illuminated by the light of the Era Mirror. That should be a kind of recognition. The blood of the Emperor flows in your body. , are you willing to go to the Northern Immortal Palace to practice with me?"

When Ji Xiaolan heard Ye Feng suddenly say these words, her eyes immediately revealed a look of deep surprise, and she said loudly: "I do! Master Ye Feng will be my master from now on!"

Ye Feng smiled slightly, touched the black hair of the innocent girl in front of him, and said loudly: "Okay, I will follow my promise to the Emperor of the Era, and when I understand the inheritance of the Emperor of the Era, I will teach it again. For you."

At this time, the white-haired old man on the side saw that Ye Feng really wanted to take Ji Xiaolan as his apprentice. He burst into tears with excitement and said loudly: "Xiaolan, from now on, you will follow this little brother Ye Feng." , practice hard and don't let down the expectations of our ancestors."

Ji Xiaolan immediately nodded vigorously, with a determined look in her beautiful big eyes, and said loudly: "I will never let my great-grandfather and our family down."

Ji Xiaolan probably never thought that she would enter the world of cultivation in such a muddle-headed way.

At this time, Emperor Chu said aloud in Ye Feng's mind: "This girl has the blood of the Great Emperor of the Epoch flowing in her body. Once activated, she will be able to burst out with supreme talent, and her practice will advance by leaps and bounds."

Ye Feng nodded slightly and left the secret room with Ji Xiaolan.

But just when they walked out of the family ancestral hall.

"Boom!"

Suddenly, a large area of endless flame appeared in the entire sky.

These endless flames swept from the direction of the mountains behind Luohuang Town.

Like a sea of fire, it enveloped the entire Luohuang Town, making everyone in the town unable to help but look with deep horror in their eyes.

Even many people in the town couldn't help but kneel on the ground, and with the sudden appearance of the endless sea of flames in the sky, they shouted: "It's the gods who are angry! Please ask the gods for mercy!"

At this moment, Ji Xiaolan and the white-haired old man standing next to Ye Feng could not help but look horrified in their eyes.

They were all still mortals, and when they saw the flames filling the sky, they were naturally shocked by the scene in front of them, feeling that the wrath of God had descended on them.

At this moment, Ye Feng looked at the sky and said: "It's not that some god is angry, but a big demon is coming. It seems to be a phoenix with the attribute of flames. It seems that the legend of your Luohuang Town is true. Yes, there is really a powerful phoenix lurking in the back mountain area, but I don't know why it was suddenly alarmed. "

As Ye Feng spoke, he suddenly thought of the totem pole that he had just inspired.

He couldn't help but his eyes flashed slightly. Could it be that this powerful flaming phoenix came for the totem pole of the Era Emperor?

After all, the Flame Phoenix has probably been lurking in the back mountain area of this town for so many years. It has always been silent and hidden very deep. After all, Ye Feng didn't notice the breath of the Flame Phoenix when he first came to this town.

But now Ye Feng has just activated the power of the Era Emperor in the ancient totem pillar, and immediately caused the arrival of the flaming phoenix.

It seems that this flame phoenix must have some kind of connection with the Epoch Emperor.

"Master, does the Flame Phoenix really exist? What should we do now?"

Ji Xiaolan had a look of fear on her innocent little face at this time, and her small body immediately shrank behind Ye Feng, grabbing the corner of Ye Feng's clothes, as if she felt that this would be much safer.

At this time, Ye Feng reached out to guard Ji Xiaolan and the white-haired old man behind his back, then stretched out his right hand and grabbed them high in the sky.

"Boom!"

Ye Feng's palm instantly turned into a big chaotic hand, filled with infinite heaviness. It suddenly rose to the sky, and instantly created a vacuum zone from the endless sea of fire.

"Wow!"

And at this moment, a phoenix woman whose whole body was burning with infinite flames had a human-shaped body, but her head was the head of a phoenix.

At this moment, the Phoenix woman immediately attacked Ye Feng's big chaotic hand fiercely.

He opened his mouth and spat out an extremely terrifying pillar of flaming light.

"Boom!!"

The flaming beam of light collided with Ye Feng's chaotic hand, and an earth-shattering roar suddenly erupted from the entire sky.

"Some strength."

Ye Feng retracted his palm at this time, and the inside of his palm was burnt black by the flames.

Ye Feng was slightly surprised. This Phoenix woman was very powerful, and her bloodline was probably very pure. The flames she released were very pure Phoenix flames, and they actually burned Ye Feng's chaotic body with a wound. .

"Who are you? You actually have such great strength? Even my most powerful phoenix origin flame can burn a small wound on your palm!"

Although Ye Feng was a little surprised, the Phoenix woman seemed even more surprised, and she couldn't help but speak out from high in the sky.

The Phoenix woman stared at Ye Feng, with a cold death look in her eyes, and said loudly: "No matter who you are, now hurry up and hand over the inheritance of the Emperor of the Era, and I can let you leave safely, otherwise you will never leave this fallen Phoenix." town!"

The fluctuations in the cultivation aura of this Phoenix woman have completely surpassed the Six Paths of Reincarnation Realm, and she is a super demon at the Eternal Realm level! The golden inheritance chapter composed entirely of light was like a mark, imprinted in Ye Feng's mind.

The fluctuations in the cultivation aura of this Phoenix woman have completely surpassed the Six Paths of Reincarnation Realm, and she is a super demon at the Eternal Realm level!

Chapter 2386 Confinement

Buzz!

A super demon with an eternal level of cultivation, and also an ancient phoenix lineage, the demonic aura emanating from his body has reached a terrifying starting point.

Ye Feng couldn't help but ask at this time: "Why did you choose to show up at this time? You have been lurking in the back hills of this small town for so many years, why didn't you show up before?"

The Phoenix woman stood high in the sky and looked down at Ye Feng. She seemed to have a kind of natural arrogance and said loudly: "I followed the Emperor of the Era back then. I have been lurking in the mountains behind this small town for so many years. Of course, It is to protect the inheritance of the Emperor of the Era, and also to protect the descendants of the Emperor of the Era."

"High-sounding."

Ye Feng smiled and shook his head: "If you wanted to protect the descendants of the Emperor of the Epoch, why didn't Ji Xiaolan help when he was captured by the bandits? You didn't care about the descendants of the Emperor of the Epoch at all. You just wanted to plot against the Emperor of the Epoch. The inheritance of the Great Emperor. The reason why you have been lurking in this back mountain area without any movement for so many years is because you estimate that you cannot break the inheritance seal left by the Great Emperor in this ancient totem pole, so you have been waiting for a destined one. People come here to unlock the seal of the Emperor of the Era, and then take action to rob it."

After Ye Feng finished speaking, the face of the Phoenix woman standing high in the sky suddenly showed a deep and ugly look.

Obviously what Ye Feng guessed must be correct.

This Phoenix woman may have really followed the Emperor of the Era back then, but after the death of the Emperor of the Era, she had long lost her sincerity, and her only thought was to plot the inheritance of the Emperor of the Era.

"Sharp teeth and sharp mouth!"

The Phoenix woman couldn't help but say: "No matter what, if you don't hand over the secret inheritance left by the Emperor of the Era today, then I will kill you, and even the entire Luohuang Town will be destroyed! "

boom!

As the Phoenix woman spoke, a powerful and terrifying aura suddenly erupted from her body.

.

"Rumble..."

Immediately, endless flames burst out from the Phoenix woman's body, and instantly hit the bottom like a sea of fire.

Obviously at this time, the Phoenix woman no longer wanted to endure it any longer. She didn't want to talk nonsense anymore, and just took action to rob it by force.

After all, Ye Feng's current cultivation aura is only half a step into the Six Paths of Reincarnation realm.

In the eyes of this Eternal Realm level super demon, Ye Feng is just a weak human boy.

At this moment the Phoenix woman took action.

Ye Feng's eyes were filled with infinite cold light, and he said loudly: "As a follower of the Emperor of the Epoch, you have not only failed to protect the descendants of the Emperor of the Epoch over the years, but you have also been so greedy for the inheritance of the Emperor of the Epoch. , then today I will teach you, this disobedient monster, a lesson and make you completely obedient. It just so happens that this place is very far away from the Immortal Palace in the Northern Territory. You are a flying Phoenix clan, so I will capture you directly. Be my flying mount."

"Shut up!"

When the Phoenix woman heard what Ye Feng said, she immediately said coldly: "Boy! You dare to speak harshly when you are about to die! You will die in the next moment!"

Boom!

At this time, the Phoenix woman's body was burning with endless flames. She had already arrived in front of Ye Feng, and stretched out a claw burning with red light, trying to take out Ye Feng's heart directly.

"Piercing the sky!!"

The Immortal War Spear suddenly appeared in Ye Feng's hand, and it struck fiercely with the stretched-out crimson claw.

"Boom!

!"

Suddenly a terrifying roar resounded throughout the sky.

Ye Feng couldn't help but take several steps back.

But the claws in the Phoenix woman's hands were not damaged at all, and they still grabbed Ye Feng.

The Phoenix woman sneered, her eyes full of sarcasm, and said loudly: "Boy! You can't hurt me at all! Your weapons and martial arts are too low-level for me!"

Ye Feng's eyes were a little surprised at this time. This Phoenix woman was indeed a super demon at the Eternal Realm, and her strength and cultivation were indeed very powerful.

But at this time, Ye Feng did not have the slightest fear, but suddenly released the Era Mirror.

"Boom!"

A large piece of silver light suddenly rushed out of the Era Mirror, forming a silver beam. Like a sharp sword, it instantly struck the claws of the Phoenix woman in front of him.

"Crack!"

The Phoenix woman's claws shattered instantly.

"ah!"

The terrifying pain immediately made the Phoenix woman couldn't help but scream: "What? You actually got the magic weapon of the Emperor of the Era, the Mirror of the Era? How is this possible? Even I, a follower, didn't know who the Emperor of the Era was. Where did you die! How did you get the magic weapon of the Emperor of the Era?"

The Era Mirror was extremely powerful, and it caused huge damage to the Phoenix woman in just an instant.

Moreover, this Phoenix woman was originally a follower of Emperor Ji Yuan, so she had a natural fear of everything he did.

At this moment, Ye Feng held the Era Mirror in his hand and said with a cold smile: "Phoenix Girl, you won't be able to be arrogant anymore."

sometimes leaves

After Feng finished speaking, he immediately activated the Era Mirror in his hand with all his strength.

"Boom!"

At this moment, the Era Mirror received Ye Feng's powerful mana input, and a terrifying and boundless silver light suddenly burst out.

The huge mirror expanded rapidly in the sky in an instant, and finally turned into a heavy and towering Era Mirror as big as a mountain, carrying heavy silver light all over the sky at this moment. Pressing towards the Phoenix woman, she was filled with the terrifying aura of the Era Emperor.

"Fire flames burn the sky!"

The Phoenix woman finally became a little panicked at this time.

She immediately burst out with her most powerful inheritance and attack, and suddenly released endless flames, bombarding them high in the sky.

But the Era Mirror is the natal magic weapon of the Era Emperor, and it is full of infinite power.

At this time, under the activation of Ye Feng's powerful magic power, the majesty and will of the ancient emperor burst out in an instant.

"Rumble..."

"don't want!!"

At this moment, the Phoenix woman let out a cry of terror and was directly suppressed to the ground by the huge Era Mirror.

The flame attack released by the Phoenix woman was of no use at all and could not harm the Era Mirror at all.

Boom!

Along with a huge roar, the Phoenix woman was directly pressed to the ground by the Era Mirror, and the ground was shattered for an unknown number of kilometers in an instant.

In the ruins, the Era Mirror suppressed the Phoenix woman fiercely, and the silver light was like a heavy mountain, imprisoning the Phoenix woman.

The Phoenix woman could no longer show off her power at this time.

Chapter 2387 Conquering the Fire Phoenix

This super powerful demon, the Phoenix woman, probably would never have thought that Ye Feng actually controlled the Era Emperor's natal super magic weapon, the Era Mirror.

Moreover, Ye Feng also successfully refined the Era Mirror, and suddenly displayed extremely powerful magic power.

At this moment, Phoenix Girl's whole body was burning with endless flames, wanting to explode.

But there is no way.

Because the Era Mirror was like a silver mountain at this time, suppressing her hard on the ground, making it impossible for her to escape.

At this moment, Phoenix Girl stared at Ye Feng and said angrily: "How could you have refined the Era Emperor's Era Mirror? The Era Emperor's natal magic weapon cannot be a human boy with such a low cultivation level like you. You can control it, not to mention that you are only half a step into the Six Paths of Reincarnation. Even a strong person like me who has surpassed the Six Paths of Reincarnation and is in the Eternal Realm will find it difficult to carry the terrifying power of a super magic weapon like the Era Mirror. Logically speaking, your body cannot bear it at all. Once it comes into contact with the Era Mirror, it will even break apart instantly, let alone possessing it." .??.

Ye Feng saw the incredible look in Phoenix Girl's eyes, and couldn't help but smile and said, "You don't need to worry about this. You just need to know that you have been suppressed by me now, and you have become my prisoner now."

When Phoenix Girl heard what Ye Feng said, she immediately showed a look of death in her eyes and said firmly: "Don't think about subduing me to become your mount, it's impossible! Just kill me!"

Ye Feng had a mysterious smile on his face at this time, and slowly walked towards Phoenix Girl, with a strange voice, and said: "I don't need you to take the initiative to become my mount, I will do it myself That's it."

"What do you want to do?"

Seeing the weird smile on Ye Feng's face, the Phoenix girl suddenly felt a little cold all over her body.

Ye Feng dodged

When he arrived in front of Phoenix Girl, he suddenly stretched out his hand, spread his fingers, and directly grabbed Phoenix Girl's head, and then began to release his soul power: "Soul Emperor Seal! Hypnosis!"

Boom! !

Immediately, infinite soul power rushed out of Ye Feng's head, and all of it forcefully entered the Phoenix Girl's spiritual world in an instant.

"ah....."

This flaming phoenix immediately let out a painful scream.

She felt as if her soul was about to explode.

Almost the next moment.

Flame Phoenix was immediately horrified to discover that in his soul world, Ye Feng had turned into an extremely terrifying and majestic soul emperor, appearing in his spirit and full of boundless momentum.

"You...you are actually the most mysterious soul master in the human race? And your soul power is so powerful and terrifying?"

At this moment, Flame Phoenix couldn't help but his face changed drastically and he spoke.

At this moment, the soul of the flame phoenix is just a little bird burning with flames. In front of the soul emperor that Ye Feng has manifested at this time, it is just like a small ant.

"Boom!"

Ye Feng didn't say any nonsense at this moment. He directly activated the power of the Soul Emperor and struck hard at the soul body of the flame phoenix in the soul world with one hand.

Wow!

Immediately, the entire soul body of the Flame Phoenix was directly shattered by Ye Feng and turned into soul fragments.

However, Ye Feng did not swallow these soul fragments, because if

If it is swallowed, then this flaming phoenix will immediately become a fool.

Because the soul is broken.

So at this time, Ye Feng began to reorganize the soul of the flame phoenix.

Then he fused his own soul mark into it.

This completes the entire hypnosis process. .??.

After everything was successful.

Ye Feng took back his soul power.

At this moment, Ye Feng took back the Era Mirror from the outside world into his storage ring.

But at this time, Flame Phoenix had been successfully hypnotized by Ye Feng. From then on, he became Ye Feng's soul slave.

At this time, the flame phoenix transformed into a beautiful woman wearing a red dress. She knelt on one knee in front of Ye Feng and said respectfully: "The fire phoenix pays homage to the master."

At this time, Fire Phoenix's soul had been completely enslaved by Ye Feng.

At this time, Ye Feng laughed loudly and said: "You can stay with me from now on."

Fire Phoenix said respectfully: "As you command, my master."

And at this moment.

Ji Xiaolan, who was not far away, ran to Ye Feng's side, glanced at the Fire Phoenix with some fear, and couldn't help but whisper: "Master is so powerful, he conquered all the legendary Fire Phoenix from ancient times."

Ye Feng said with a smile: "Let's go. Since things here are over, let's go directly to the Northern Immortal Palace. Xiaolan, you can practice with me from now on. I will find a way to bring you back." The natal bloodline of the Emperor of the Era is activated in your body. In this way, your cultivation will advance by leaps and bounds. And when you truly enter the path of cultivation, I will pass on the entire inheritance of the Emperor of the Era to you. This is my respect for the Emperor of the Era. That promise of will,

Nature will do it all. "

When Ji Xiaolan heard what Ye Feng said, she couldn't help but said happily: "Thank you, Master!"

afternoon.

Ji Xiaolan said goodbye to everyone in the family.

Then he followed Ye Feng and jumped directly to the sky.

"Boom!"

The fire phoenix standing on the same spot transformed into an orc form again, flew to high altitude, and transformed into a fire phoenix.

Ye Feng and Ji Xiaolan stood on the back of Fire Phoenix and began to gallop towards the Northern Immortal Palace.

Along the way, the Fire Phoenix mount that Ye Feng rode on was very impressive and attracted the envy of many practitioners along the way.

"Wow! This young man is really amazing! He can actually make a legendary flaming phoenix serve as his mount!"

"Probably he is the young master of some super powerful force, otherwise he wouldn't be so wealthy."

"But it is also possible that it is an old monster who has transformed into a young man's form. This is also possible, otherwise it would be impossible for a noble flaming phoenix to serve as a mount for him. You must know that this is a mount, not a guardian. Generally speaking, the princes of big forces can only let the descendants of such mythical beasts serve as guardians, and it is impossible for them to become such a low-status being as a mount. "

"Anyway, I really envy this boy!"

...

Many practitioners along the way could not help but speak out, obviously they were extremely envious in their hearts.

Ye Feng ignored this and just told Huo Phoenix to hurry up.

Finally on the morning of the third day.

Ye Feng and his party finally arrived at the Northern Immortal Palace and returned.

Chapter 2388 Sword Emperor Temple

When Ye Feng saw the gate of the Northern Immortal Palace, his eyes suddenly showed a sense of familiarity.

"After being out for so long, I'm finally back."

Ye Feng couldn't help but murmur at this time.

At this time, Emperor Chu said aloud in his mind: "You seem to have experienced a lot during this period, but in fact it has not been very long. Half a month has not come yet. The bet you made with the old guardian of the inheritance hall This time it can be done directly."

When Ye Feng heard what Emperor Chu said, he couldn't help but look surprised.

Because he had almost forgotten that he seemed to have really made a bet with the guardian elder of the Northern Immortal Palace Heritage Hall.

That is, if he can master the powerful and advanced martial arts inheritance of Piercing the Sky to the Dacheng state within half a month, the guardian elder will give Ye Feng an additional set of inherited martial arts for free.

At this moment, Ye Feng, not to mention having perfected the spear technique of piercing the sky, he has almost eliminated this set of martial arts inheritance.

At this time, Ji Xiaolan next to her looked at the vast Northern Immortal Palace, and couldn't help showing deep shock in her small eyes, and said aloud: "Master, is this the Northern Immortal Palace? Grandpa once told me that the Northern Immortal Palace is the most powerful super power in our northern land. It is a place where countless geniuses are trying to get in. Unexpectedly, I am just a mortal and have already entered this place. "

Ye Feng smiled and touched the black hair of the innocent girl next to him, and said loudly: "Follow me into the Northern Immortal Palace, there is absolutely no problem, but you may not be able to become a disciple of the Northern Immortal Palace for the time being, but You are my disciple, and this is enough for your further cultivation."

Ji Xiaolan nodded vigorously and said loudly: "I will definitely live up to Master's expectations. I will definitely practice hard and bring honor to Master in the Northern Immortal Palace!"

Seeing Ji Xiaolan's serious look like a little adult, Ye Feng immediately felt a little confused.

Lao Huai's feeling of relief.

At this time, Ye Feng said: "Let's go, go to my residence to settle down first."

At this time, Ye Feng walked forward, while Ji Xiaolan and Huo Fenghuang followed behind.

At this time, Ye Feng quickly arrived at his residence.

Ye Feng used to be one of the top ten elders of the outer sect, so he naturally had his own separate residence in the Northern Immortal Palace.

It is a rather luxurious mansion with streams flowing around it. There are some white cranes perching beside the stream. It looks quite like a fairyland.

At this time, Ye Feng brought Ji Xiaolan and Huo Fenghuang to his residence.

The first thing Ye Feng saw was a beautiful woman in blue with a cold temperament, standing at the door of his house, seemingly waiting for something.

"Lan Yuexi?"

Ye Feng's eyes showed a look of surprise.

Unexpectedly, Lan Yuexi, the saint of the natural temple, who he met under the endless abyss, would be waiting at his door.

I have to say that Ye Feng was quite moved. This Lan Yuexi must have been worried about his own safety.

Sure enough, after seeing Ye Feng coming, Lan Yuexi's beautiful eyes immediately showed deep surprise and excitement. She couldn't help but stepped forward and stretched out her jade-like hand, holding Ye Feng's hand. Feng's palm said loudly: "Ye Feng! Are you okay? Great!"

Ye Feng looked at Lan Yuexi in front of him and couldn't help but smile and said: "I have nothing to do, and I also successfully obtained the Era Mirror."

"Very good!"

The blue moon is here

At this moment, I was truly happy for Ye Feng.

Because Ye Feng helped Lan Yuexi a lot before under the endless abyss.

He even saved Lan Yuexi's life and freed Lan Yuexi from the hands of Gu Yu, the evil inner sect elder.

At this moment, Lan Yuexi's beautiful eyes were staring at Ye Feng in front of her, her eyes were moving, and she said aloud: "Ye Feng, what happened in the end? I heard that a super devil appeared under the endless abyss. , extremely terrifying, but it was sealed under the endless abyss and could not escape, but this alarmed some of the upper-level figures in our Immortal Palace in the Northern Territory, and even some of the overlords and powerful figures in the Southern Territory were alarmed. They all went to the endless abyss area in the wild forest, seeming to be exploring something, and trying to find a way to seal the evil blood clan demon who was about to escape. "

When Ye Feng heard Lan Yuexi mention the owner of the big black hand under the endless abyss, a super devil of the evil blood tribe, he couldn't help but show a trace of nervousness in his eyes at this moment, and said loudly: " At that time, I was guarded by the Era Mirror and I escaped with my life. All the other super geniuses were dead. Even the Era Mirror was beaten into a deep sleep because of protecting me. I only recovered recently. "

When Ye Feng said this, he was deeply shocked by the powerful extraterritorial race like the Evil Blood Clan. It was too powerful.

But now all this has nothing to do with me.

After all, now he has escaped from that endless abyss.

And now there are many high-level figures from other overlord forces who have gone to prepare to seal a super devil.

"Anyway, if the sky falls, there will naturally be tall people to hold it up."

At this time, Lan Yuexi also showed

Yan smiled and said aloud: "So Ye Feng, you don't have to be afraid anymore, and I didn't tell anyone what we went through when we went to the endless abyss."

Ye Feng looked at the saint in the Natural Temple in front of him, smiled gently, and said, "Thank you for keeping my secret."

Lan Yuexi shook her head, her eyes were a little complicated, and she said aloud: "I should be the one who wants to thank you, Ye Feng. If you hadn't let me run away at the last moment, Ye Feng, I would have died in the endless abyss."

When she said this, Lan Yuexi suddenly thought of something and said loudly: "I have been waiting at your residence these days, hoping that you can return safely, and I want to tell you something... Not a good thing."

Ye Feng's eyes showed doubts: "What's not good?"

Lan Yuexi glanced at Ji Xiaolan and Huo Fenghuang who were following behind Ye Feng, and then whispered: "Ye Feng, do you know that the Gu Yu who was killed by you at that time was one of the nine major temples of our Northern Immortal Palace?" A member of the "Sword Emperor Temple", and Gu Yu has a high status in the Sword Emperor Temple. He is the master of the Sword

Emperor Temple and a close disciple of the Sword Emperor. Although he is not an important disciple, he is still a disciple of the Sword Emperor. Therefore, Gu Yu's death caused quite a stir in the Sword Emperor Temple. Recently, I can feel that the masters of the Law Enforcement Hall in the Sword Emperor Temple have been secretly watching me. After all, it was Gu Yu and I who came from the Northern Immortal Palace together at that time. As we set out for the wild forest, I estimate that they will attack me soon, trying to get the real reason for Gu Yu's death out of me. But don't worry, Ye Feng, I will never tell you that you were the one who killed him. Gu Yu, that Gu Yu is so abominable and bad, he deserves to die."

When Ye Feng heard what Lan Yuexi said, his eyes were not panicked. He just nodded slightly and said, "No matter what, the water will come to cover us, and the soldiers will come to stop us. If the people in the Sword Emperor Temple really dare to mess with us, I will let them know." What is regret?"

Chapter 2389 Law Enforcement Hall Master

At this moment, Lan Yuexi heard what Ye Feng said, and was filled with a very domineering feeling.

The saint of the Nature Temple suddenly had a hint of surprise in her beautiful eyes.

She discovered that although Ye Feng's cultivation had not changed much from before she left the endless abyss.

But Ye Feng's feeling for Lan Yuexi was even more unfathomable.

Lan Yuexi immediately understood that Ye Feng was so confident now that he must have received some incredible opportunity during this period.

This made Lan Yuexi feel envious again, feeling a deep admiration for Ye Feng.

Although the contact time between Lan Yuexi and Ye Feng was not very long, this short period of time was enough for Lan Yuexi to develop an appreciation and even admiration for Ye Feng.

Because Ye Feng is more stunningly talented than every young man Lan Yuexi has met before.

At this time, Lan Yuexi nodded slightly and said aloud: "Since I have waited for you to return safely, I can leave with peace of mind. If you have time in the future, come to our Nature Temple and we can discuss and communicate together." ??

Ye Feng smiled and nodded and said: "Okay, I will definitely exchange practice experiences when I have time."

But just when Lan Yuexi turned around, Ye Feng suddenly seemed to remember something and said loudly: "By the way, Lan Yuexi, you have been in the Northern Immortal Palace for a long time, you should know what I am doing now." Certified as an inner sect elder, right?"

When Lan Yuexi heard Ye Feng's inquiry, she immediately turned around and said, "You are now an outer sect elder. If you want to become an inner sect elder, it is not as simple as just getting certified. You need to participate in the Northern Immortal Palace." Assessment tasks specially organized by the upper level."

"Do you still need to participate in special assessment tasks?"

Ye Feng's eyes flickered and he couldn't help but said: "I didn't expect it to be so complicated."

But Ye Feng also knows that if he is promoted from an outside elder to an inner elder, his status in the Northern Immortal Palace will be greatly improved, and his power will be greater, and the more resources he will receive.

Therefore, Ye Feng still has very strong expectations for the improvement of his status.

At this time, Lan Yuexi spoke up and said: "The inner sect elders are the real mainstay of our Northern Immortal Palace. In fact, ordinary disciples like that, or some ordinary outer sect elders, in the eyes of the upper-level figures in the Northern Immortal Palace, I'm afraid They are just some handymen, and the real core people are the inner sect elders."

Hearing this, Ye Feng couldn't help but nodded and said: "I can even kill Gu Yu, the core elder of the inner sect. My current strength should be more than enough to become an elder of the inner sect."

Lan Yuexi nodded and said: "Ye Feng, your strength is definitely enough, but you still need to take the inner sect elder assessment, otherwise you will not be able to become an inner sect elder."

Ye Feng nodded and said, "When can I take the exam?"

Lan Yuexi thought for a moment, then suddenly took out a small manual from her storage ring, flipped through it and said: "Every year, our Northern Immortal Palace will hold an assessment of the inner sect elders. There will be One of the ten elders of the inner sect will lead a team to a special area outside the Immortal Palace in the Northern Territory for assessment and trials. Only those who stand out in the assessment and trials can become the elders of the inner sect and be selected by the upper echelons of the sect. Verify identity."

At this time Lan Yuexi looked at

After that, her beautiful eyes suddenly lit up and she couldn't help but say: "It seems that there will be an assessment by the inner sect elders in half a month. This manual will be sent to the core members every month by the upper echelons of the Northern Immortal Palace, recording the Some special events next month, this month will be the core disciple selection trial, but the inner sect elder assessment that you want to become, Ye Feng, will be next month, which is still nearly half a month away. "

Ye Feng couldn't help but look happy when he heard this, and said loudly: "That's coming soon, how can I take part in the assessment?"

Lan Yuexi said: "If you want to participate in the assessment of the inner sect elders, you need to first go to the "Immortal Hall" in our Northern Immortal Palace to sign up. I will take you there. You probably don't know where that place is."

Ye Feng immediately clasped his fists and said, "Thank you so much, Junior Sister Lan Yuexi!"

At this moment, Ye Feng looked at Ji Xiaolan and Huo Fenghuang behind him, and said loudly: "You can practice at my place next, Huo Fenghuang, and you will give guidance on Ji Xiaolan's practice."

Fire Phoenix immediately said respectfully: "Yes!"

At this time, Ji Xiaolan looked at Ye Feng and couldn't help but said, "Am I going to live here from now on?"

"Yes."

Ye Feng nodded and said with a smile: "I will come back after I go to the Immortal Hall to register. There is still half a month left before the inner sect elder examination. During this time, I will guide you into the path of cultivation, and then Pass on the inheritance of your ancestors to you."

Ji Xiaolan immediately nodded vigorously and said, "Thank you, Master!"

Next, Ji Xiaolan and Huo Fenghuang moved into Ye Feng's mansion.

Ye Feng followed Lan Yuexi towards the northwest of the Northern Immortal Palace Base Camp.

The Immortal Hall stands in that direction.

Halfway through, Lan Yuexi couldn't help but smile and asked: "Ye Feng, you actually accepted a female apprentice? She is quite a beautiful girl."

Ye Feng grinned and said aloud: "This is a promise I made to a senior, to help that senior cultivate a talented descendant."

Lan Yuexi nodded thoughtfully and said, "I thought you were attracted by that girl's beauty."

Ye Feng couldn't help but stared blankly, then laughed and said, "No."

The two chatted without a word, and soon they arrived at the Immortal Hall.

But just halfway, a group of a dozen young masters wearing bright yellow robes suddenly appeared in front of the two of them.

This is the cultivation aura of several young masters, all of which are unusually powerful.

Each of these masters has reached the tenth heavenly perfection of the Six Paths of Reincarnation Realm!

There are even a few who have surpassed the Six Paths of Reincarnation and are super masters of the Half-Step Eternal Realm!

This group of young masters wearing bright yellow robes all had very evil eyes, staring at Ye Feng and Lan Yuexi who were walking not far away.

Ye Feng was a little surprised. He didn't know why this group of people, even though he didn't know them, showed such deep hostility towards him.

When Lan Yuexi saw this group of masters, her eyes changed slightly, and she couldn't help but said: "Ye Feng! They are the masters of the Law Enforcement Hall of the Sword Emperor Temple that I told you before! They have been secretly doing this for a long time. Tracking my whereabouts, now I can't help but question me face to face." At this moment, Lan Yuexi felt very domineering when she heard what Ye Feng said.

They are the masters of the Law Enforcement Hall of the Sword Emperor Temple that I told you before! They have been secretly doing this for a long time. He has been following my movements, and now he can't help but question me face to face."

Chapter 2390: Get through me first

At this moment, this group of masters from the Law Enforcement Hall of the Sword Emperor Temple were coming in a menacing manner.

They immediately blocked their path and formed a fan shape, surrounding them.

At this time, the leading master of the Law Enforcement Hall spoke out: "Lan Yuexi, we are the masters of the Law Enforcement Hall of the Sword Emperor Temple. We now suspect that you are inextricably linked to the death of Gu Yu, our disciple of the Sword Emperor. Now you need to go back with us and accept the investigation. We need to know the truth and find the real murderer."

At this time, the master of the Law Enforcement Hall of the Sword Emperor Temple spoke in a very domineering tone, and he felt that he could not disobey him.

At this time, Lan Yuexi's beautiful face showed a cold look, staring at this group of law enforcement hall masters, and said loudly: "I am the saint of the Nature Temple, and you are a member of the Sword Emperor Temple. Are you so overbearing? If you say you want to take me away, you will take me away by force? "

The leading master of the Law Enforcement Hall suddenly burst out with a powerful aura of half-step Eternal Realm, and said coldly: "Lan Yuexi, it is precisely because of your status as a saint of the Temple of Nature that I stand beside you now. If you dare not go back with us for investigation, then don't blame us for forcefully arresting you!"

Lan Yuexi's eyes showed anger at this time, and she couldn't help but said: "Don't you think this is too overbearing?"

"overbearing?"

The master of the Law Enforcement Hall who was in the Half-step Eternal Realm sneered and said: "What's wrong with being overbearing? Our Law Enforcement Hall of the Sword Emperor Temple, but the branch of the Law Enforcement Hall of the entire Northern Immortal Palace, has extremely powerful rights, even if you Lan Yue Xi is a saint from the Temple of Nature, and now she is involved in the death of our Lord Sword Emperor's disciple, so she must leave with us for interrogation!"

In fact, after the master of the Law Enforcement Hall finished speaking, he instantly burst out with a powerful cultivation aura of half-step Eternal Realm. There was no more nonsense at all.

Then he rushed towards Lan Yuexi, intending to attack Lan Yuexi directly and arrest her by force.

Uh-huh!

But suddenly at this moment, Ye Feng suddenly stood in front of Lan Yuexi.

The master of the Law Enforcement Hall who was about to take action saw Ye Feng, a stranger, and immediately shouted loudly: "Irrelevant people, get out of here! Otherwise, I will take you back too! Boy! Don't think about heroes saving beauties! This This matter involves our Sword Emperor Temple, it is very serious and cannot be solved by just an outer sect elder like you!"

At this time, the master of the Law Enforcement Hall saw the clothes of the outer sect elders that Ye Feng was wearing, and that Ye Feng's cultivation aura was only half a step into the Six Paths of Reincarnation. He suddenly showed deep ridicule in his eyes.

"Boom!"

The master of the Law Enforcement Hall slapped Ye Feng directly, as if he wanted to slap Ye Feng, a weak outer sect elder, away like a fly.

"boom!!"

But suddenly at this moment, Ye Feng suddenly burst out with an extremely powerful and terrifying aura.

The Immortal War Spear instantly appeared in Ye Feng's hand, and he stabbed forward fiercely.

"Pfft!"

This master of the Law Enforcement Hall who was in the Half-Step Eternal Realm didn't even react. The palm he slapped was instantly pierced by the Immortal War Spear in Ye Feng's hand.

A lot of blood was brought out!

"ah!!"

The master of the Law Enforcement Hall immediately showed deep shock in his eyes. He was in pain.

He yelled in pain: "Impossible! How can you, a weak outer sect elder who is only half a step into the Six Paths of Reincarnation, have such a powerful power? What kind of weapon is in your hand?"

At this time, Ye Feng had a cold look in his eyes and said loudly: "If you dare to do harm to my friends, you have to get through me first."

The master of the Law Enforcement Hall not far away looked a little confused at this time and stepped back.

Ye Feng's sudden burst of powerful attack power made the master of the Law Enforcement Hall wary.

At this time, he looked at the dozen other members of the Law Enforcement Hall beside him and said loudly: "Let's go together. We must catch Lan Yuexi back. This kid who attacked me is so powerful in combat, and he is very close to Lan Yue." Xi's relationship seems to be very close. I always feel that there is an ulterior secret between the two of them, which may be related to Gu Yu's death. We must capture them both!"

"yes, Sir!"

At this time, all the masters of the Law Enforcement Hall burst out with powerful power in an instant. They all clenched the powerful magic weapons in their hands and rushed towards Ye Feng and Lan Yuexi.

At this time, a dozen super masters took action together, and the destructive power caused was astonishing. The billowing waves of killing energy hit Ye Feng in an instant.

Ye Feng did not hide away at this time, but his eyes showed endless fighting spirit, and he shouted: "Since you don't listen to my warning, then I will let you know what regret is!"

Boom!

At this time, Ye Feng no longer hides his strength.

Facing so many super masters, Ye Feng naturally unleashed his terrifying combat power with all his strength.

The ancient divine ring!

Rumble...

\u003c

br\u003e A halo of divine halo, extremely bright, lit up around Ye Feng in an instant, providing Ye Feng with an extremely powerful strength bonus.

At this moment, Ye Feng's combat power was increasing exponentially.

"Chaos body!"

At this moment, Ye Feng punched forward fiercely.

"Boom!!"

It was the terrifying power light wave that suddenly struck out from Ye Feng's fist, directly forming a long river of energy, shattering the void, and colliding with a dozen masters of the Law Enforcement Hall who rushed over from the front.

"ah!"

"ah!"

"ah!"

Almost at the next moment, none of the masters of the Law Enforcement Hall could even resist Ye Feng's peak punch with their hands.

The terrifying power of the punch was as if it was going to penetrate the entire sky, and all of a sudden all the dozen masters of the Law Enforcement Hall were sent flying back.

Accompanied by screams one after another, the masters of the Law Enforcement Hall were spitting out blood at this moment, flying backwards like kites with broken strings, and then fell hard to the ground.

"What?!"

"How can this be!"

"This boy is obviously just an ordinary outer sect elder! And his cultivation level is only half a step to the Six Paths of Reincarnation Realm, which is much worse than any of us. Why can one person resist more than a dozen of us? And yet We all suffered heavy losses? Is this kid really only half-step to the Six Paths of Reincarnation Realm?"

...

At this moment, more than a dozen Law Enforcement Hall masters from the Sword Emperor Temple who wanted to arrest people were all seriously injured and fell to the ground, their eyes filled with deep shock.
