Chapter 2391 Immortal Hall

quiet!

Deadly quiet!

The dozen or so masters of the Law Enforcement Hall of the Sword Emperor Temple were all staring wide-eyed at this time, not daring to say anything.

They never thought that this young outer sect elder who looked ordinary had such terrifying combat power.

"He is already so powerful after only half a step into the Six Paths of Reincarnation. If he were in the same realm as us, how terrifying would he be? I'm afraid he could be comparable to the Holy Son of our Sword Emperor Temple!"

At this moment, the dozen masters of the Law Enforcement Hall of the Sword Emperor Temple couldn't help but scream in horror.

At this moment, Lan Yuexi, who was standing behind Ye Feng, stared at Ye Feng's majestic back with her beautiful eyes, and couldn't help showing a look of deep shock.

"Ye Feng, are you so powerful now?"

This was the first time that Lan Yuexi saw Ye Feng explode with such a powerful force, which shocked the saint of the Nature Temple deeply.

After all, Ye Feng's cultivation doesn't look very strong, but the combat power he unleashes is terrifying to the extreme.

At this moment, Ye Feng walked towards the dozen Law Enforcement Hall masters lying on the ground.

"What are you going to do?"

A group of law enforcement masters from the Sword Emperor Temple couldn't help but exclaimed.

At this moment, they were completely afraid of this ordinary-looking boy in white.

At this time, Ye Feng grinned and said, "You dare to attack me and Lan Yuexi directly, you have to pay a price."

Uh-huh!

Ye Feng instantly reached out and grabbed the storage ring of the nearest Law Enforcement Hall master.

"You want to rob our storage ring?"

The master of the Law Enforcement Hall couldn't help but shouted angrily: "You are too presumptuous!"

The master of the Law Enforcement Hall wanted to see his hands resist.

"Click!

"

But in the end, Ye Feng brutally tore off both arms.

Blood rush!

"ah!!"

This master of the Law Enforcement Hall was torn off two arms by Ye Feng in an instant, and he couldn't help but make a sound of extreme pain.

"hiss!"

A group of more than a dozen other law enforcement experts not far away saw this scene and couldn't help but gasp in horror.

This Ye Feng is so cruel!

And he acts very fiercely!

At this moment, Ye Feng took the storage ring that was torn off from his arm in his hand.

Then Ye Feng looked at the remaining dozen law enforcement masters from the Sword Emperor Temple and said loudly: "The price you pay is to dedicate all your wealth to me. Who is in favor? Who is against?"

"I give it!!"

It was a dozen law enforcement hall masters who were so frightened when they saw Ye Feng's look that they all gave their storage rings to Ye Feng's hands, very well-behaved.

Obviously, they didn't dare to anger Ye Feng at this time.

After all, they had just witnessed Ye Feng's ferocity.

They tore off their companion's arms at the slightest disagreement.

It's really terrible!

This group of law enforcement masters from the Sword Emperor Temple, who were originally very domineering, turned into obedient people in front of Ye Feng.

Ye Feng collected a dozen storage rings at this time. After a slight exploration with his spiritual mind, his eyes suddenly couldn't help but reveal a look of joy.

Because this law enforcement hall

The wealth of the masters is very rich.

After all, these experts are all members of the Law Enforcement Hall of the Sword Emperor Temple, and they often arrest some prisoners, so they have a lot of money.

After presenting the storage ring at this time, more than a dozen experts from the Law Enforcement Hall scurried away with their heads in their hands, and ran away in embarrassment, disappearing from Ye Feng's sight in the blink of an eye.

"Ye Feng, you are so awesome!"

At this time, Lan Yuexi walked to Ye Feng's side and immediately couldn't help but stare at Ye Feng with her beautiful eyes, full of admiration. .??.

Ye Feng smiled slightly and said, "Teach them a lesson, otherwise they won't know what regret is."

Lan Yuexi nodded, but then said with some worry: "But after they leave like this, they may cause greater trouble. I don't think these law enforcement masters in the Sword Emperor Temple will just give up. We I will definitely find a more powerful master to deal with you Ye Feng."

Ye Feng just smiled indifferently and said: "Then let them find more powerful masters to deal with me. Anyway, I am not afraid, but if they find the older generation of strong men, maybe I will be a little bit It's not enough. After all, my foundation is still relatively weak now. Although I am no longer afraid of anyone among my generation, if I encounter those old monsters who have been practicing for many years, I am still a little self-aware and I probably won't be able to defeat them. Anyway If you can't fight, just hide."

When Lan Yuexi heard what Ye Feng said, she couldn't help but smile and said: "Don't worry, if they really find a strong man from the older generation, I will also let the master of our Nature Temple take action."

When Ye Feng heard this, he couldn't help but smile and said, "That's great."

At this time, the two of them were talking while continuing to walk in the direction of the Immortal Hall.

The Immortal Hall is a palace standing in the Northern Territory

Asgard is a relatively remote place.

This is a very important hall.

Because many assessment tasks, including some tasks to obtain contribution points released in the Northern Immortal Palace, will basically be released in this Immortal Hall.

The reason why the Immortal Hall is named Immortal is to encourage all disciples to practice hard, participate in assessments, strive to continuously improve themselves, and eventually become as powerful as the legendary Immortal.

At this moment, Ye Feng and Lan Yuexi walked to the door of the Immortal Hall.

Ye Feng suddenly saw a very magnificent scene.

I saw a huge bronze palace, as if it was cast by the ancient newcomers. It was floating in the overlapping clouds high in the sky, looming, looking ethereal and vast.

Moreover, at the entrance of this bronze hall, there is a white jade staircase that is several kilometers long, spreading down from high in the sky, revealing its extremely noble aura.

At this time, Lan Yuexi and Ye Feng immediately climbed up the white jade stairs, and then walked up to the Immortal Hall area.

There are many martial arts squares around the Immortal Hall. Ye Feng saw various strange-shaped buildings that he had never seen before, standing on these martial arts squares.

Lan Yuexi explained with a smile: "Those are special training grounds. You can practice in them as long as you spend update points."

Ye Feng nodded, and then said aloud: "The most important thing now is to sign up for the assessment of the inner sect elders. Let's learn more about this later when we have time."

Lan Yuexi also nodded at this time and said aloud: "Ye Feng, come with me, I will take you to the VIP channel, then you don't need to queue up to sign up for the inner sect elder assessment. As a saint of the natural temple, I, I guess that's the only benefit."

Chapter 2392 Retreat and Practice

With Lan Yuexi's help, Ye Feng quickly completed the registration process for this inner sect elder examination.

For Ye Feng, as long as he waits for more than half a month, he can participate in the inner sect elder examination.

With Ye Feng's current strength, he would definitely be able to pass the inner sect elder assessment and become an inner sect elder.

But Lan Yuexi said that if he could stand out in the inner sect elder assessment and get a good result, he would most likely get the attention of the upper echelons of the Northern Immortal Palace and directly become a core elder among the inner sect elders. Not only He has a high status and can obtain extremely rich cultivation resources. .??.

Lan Yuexi's words made Ye Feng feel a little moved.

Originally, Ye Feng thought this time's examination of the inner sect elders was just a formality.

But now that he heard what Lan Yuexi said, Ye Feng felt that he should be well prepared.

If he can stand out in the examination of the inner sect elders, he will be able to obtain extremely rich training resources, and even be reused by the Northern Immortal Palace.

Even if he meets Xiao Tianshen, the master of the Tianshen Temple in the future, Xiao Tianshen probably won't attack him directly under the spotlight.

Therefore, Ye Feng now needs this inner sect assessment to improve his identity and status so that he can truly face the powerful existence of Xiao Tianshen.

At this time, Ye Feng and Lan Yuexi said goodbye and returned directly to their mansion.

In the big house, Ye Feng immediately saw Ji Xiaolan sitting by the stream not far away, seemingly undergoing the initial awakening process of martial arts practice.

Fire Phoenix reminded Ji Xiaolan on various elements and links of cultivation.

When Ye Feng saw this scene, he immediately smiled and nodded.

It seems that Ji Xiaolan doesn't need to worry about her cultivation anymore.

There is a super monster like the Fire Phoenix

With his guidance, Ji Xiaolan will definitely practice very quickly.

And there should be no detours.

It just so happened that Ye Feng didn't have time to manage Ji Xiaolan, the apprentice he had just received.

When Ji Xiaolan's cultivation reached a certain height, Ye Feng passed on all the inheritance of the Emperor of the Era to Ji Xiaolan.

This can be regarded as completing the unanimous promise to the Emperor of the Epoch.

But the most important thing for Ye Feng now is to hurry up and enter the state of seclusion, and then hurry up to comprehend all the inheritance of the Emperor of the Epoch that he has not comprehended, and strive to succeed in cultivation as soon as possible.

In this case, I will have enough confidence to compete for the top positions in the next inner sect elder assessment.

It just so happens that there is still a long way to go before the examination of the inner sect elders, probably more than half a month.

During this period of time, Ye Feng decided to use it to practice in seclusion and understand the inheritance of the Era Emperor that he had just received.

Ye Feng knew very well that once he successfully cultivated the inheritance of an ancient powerhouse like the Emperor of the Epoch, his overall combat power would be greatly improved in an instant!

Whether it is to deal with the upcoming examination of the inner sect elders or to deal with possible provocations from the powerful men of the Sword Emperor Temple, Ye Feng's confidence will be greatly improved.

Ye Feng is very clear that his current background is still slightly weak compared to many strong men in the Northern Immortal Palace.

Therefore, he needs to improve his cultivation base as soon as possible, accumulate cultivation base as soon as possible, upgrade to a higher level, and learn more and practice some powerful inheritance.

Ye Feng is preparing to wait for the inheritance of the Great Emperor of the Era to understand

After succeeding, go to the inheritance hall of the Northern Immortal Palace and select some secret techniques such as martial arts inheritance and exercises.

Ye Feng looked at the fire phoenix who was not far away and was watching over Ji Xiaolan's practice, and said loudly: "In the next period of time, it will be up to you to take care of Ji Xiaolan's practice. You happen to be looking after the home. I need to stay in seclusion for a while. Don't let anyone disturb me."

Huo Fenghuang immediately said respectfully: "Yes, Master, Master, just feel free to practice."

Ye Feng nodded. This Fire Phoenix is an extremely powerful super demon of the Eternal Realm. It is absolutely safe when used to look after homes and homes.

At this time, Ye Feng walked directly into the secret training room deep in the mansion.

In the dark secret room, Ye Feng sat cross-legged.

At this moment, he activated his soul power and re-activated all the inheritance chapters that the Emperor of the Epoch had passed into his mind at that time.

Immediately, the "Era God's Technique" inherited by the Emperor of the Era appeared directly in Ye Feng's mind.

At this moment, Ye Feng immediately activated his demonic comprehension talent, and continued to sink his mind to understand the secret chapter of the inheritance of the Era Hegemony.

The inheritance of the Emperor of the Epoch can be said to be very grand. In that luminous chapter, there is boundless ancient power contained in the lines.

This set of inheritance can be said to be very obscure and difficult to understand.

If an ordinary warrior came to comprehend it, he would probably not be able to come up with any clues in ten or twenty years.

But this does not exist for Ye Feng.

Because Ye Feng's talent has become very evil after being transformed by the soul gem.

So at this time, Ye Feng only spent nearly three days and three nights to initially comprehend the Era God of Overlord Technique.

although

Although it is only a preliminary understanding, it is like a good start, and the subsequent understanding process will be a matter of course.

After all, everything is difficult at the beginning.

Ye Feng now spent three days and three nights getting started, and the subsequent enlightenment process became quite simple.

Next, Ye Feng continued to practice the supporting attack martial arts of the Era God of Overlord Jue, the Era God Fist!

This is an extremely terrifying unparalleled fist technique created by the Emperor of the Era.

Once the Era Divine Fist is bombarded, a boundless and terrifying energy frenzy will erupt, capable of crushing everything.

After Ye Feng practiced in the secret room for a period of time, he had almost mastered both the Era God's Technique and the Era God Fist.

Then Ye Feng took out a dozen storage rings that he had previously plundered from the masters of the Law Enforcement Hall of the Sword Emperor Temple.

He poured out all the resources in the storage ring that could improve his basic cultivation.

Then Ye Feng took out all the resources from his storage ring that could improve his cultivation from the endless abyss or the wilderness.

"Start devouring!"

Ye Feng instantly exploded into the Devouring Domain and began to devour the training resources in front of him.

Ye Feng's current cultivation level is at the half-step Six Paths of Reincarnation realm. His goal is to achieve a qualitative breakthrough in his realm bottleneck through the accumulation of these cultivation resources!

Because for Ye Feng, every improvement in realm, even a small improvement in realm, can give Ye Feng a huge increase in combat power.

Ye Feng's breakthrough requires tremendous energy and resources, which is much more difficult than ordinary warriors of the same realm.

But once he breaks through, Ye Feng will be able to gain dozens of times the overwhelming power of a warrior of the same realm!

Chapter 2393 Three sets of martial arts inheritance

"Rumble..."

At this moment, huge waves of energy surged through Ye Feng's body.

All of this energy is the energy formed by the cultivation resources that Ye Feng devoured.

Very huge.

Ye Feng immediately felt that his skill was rapidly increasing and transforming.

Finally at some point.

"Boom!!"

As a new and powerful terrifying martial arts aura erupted from Ye Feng, Ye Feng's cultivation level successfully broke through at this moment.

Directly breaking through the big bottleneck!

Successfully stepped from the half-step of the Six Paths of Reincarnation to the real Six Paths of Reincarnation!

"The first level of the Six Paths of Reincarnation Realm!"

Ye Feng opened his eyes at this time, and there was a bright light shining deep in his pupils.

At this moment, Ye Feng could feel that his combat power had been greatly improved in an instant.

Now that he has entered the first level of the Six Paths of Reincarnation, his skill reserve is definitely more than ten times more majestic and powerful than half a step into the Six Paths of Reincarnation!

This is the crossing of a major bottleneck.

Naturally, Ye Feng's combat power has improved a lot.

At this time, Ye Feng calculated the time and found that there were only one or two days left before he was about to enter the assessment task of the inner sect elders.

So at this time, Ye Feng happened to have a breakthrough in cultivation, and he walked out of his secret training room directly.

Arriving outside the mansion, Ye Feng saw that Ji Xiaolan was already experiencing fluctuations in mana at this time.

It seems that Ji Xiaolan, under the guidance of Huo Fenghuang, is about to officially enter the martial arts practice.

Ye Feng walked up to Ji Xiaolan at this time and said loudly: "In two days, I will go to participate in the assessment task of the inner sect elders. It is very likely that I will not come back to the Northern Immortal Palace for a long time, so at this time I will teach you the inheritance of your ancestors first, and you can slowly understand it."

When Ji Xiaolan heard what Ye Feng said, her beautiful big eyes immediately showed a trace of excitement and excitement, and she couldn't help but said, "Thank you, Master!"

Ye Feng smiled and said: "It is precisely because of you that I received the inheritance of your ancestor, the Emperor of the Era. Now I will pass on the inheritance of the Emperor of the Era to your descendants. This is what it should be."

After Ye Feng finished speaking, he immediately stretched out a finger and touched Ji Xiaolan's forehead directly.

"teach!"

At this moment, Ye Feng activated his powerful soul power and forcibly copied the inheritance of the Emperor of the Era in his mind, imprinting it on Ji Xiaolan's mind.

Ji Xiaolan's face suddenly turned pale. It was obvious that it was very difficult for Ji Xiaolan to directly accept this huge inheritance secret.

However, Ji Xiaolan had the bloodline of the Era Emperor, so she did not explode and die.

Soon Ji Xiaolan obtained all the secrets passed down by Emperor Yuan.

Ye Feng said with a smile at this time: "You are still unable to comprehend this powerful inheritance, but I have imprinted all the secrets of the inheritance into your soul, and will accompany you with your continuous cultivation and improvement. , you will slowly digest this set of inheritance, and I hope you can regain the glory of your ancestors."

Ji Xiaolan nodded vigorously and said loudly: "I will definitely live up to the expectations of my master and ancestors!"

Ye Feng smiled and nodded,

Then he said: "But when you are in the Northern Immortal Palace, remember not to reveal the inheritance of the Era Emperor easily, otherwise it is likely to cause unnecessary trouble. Wait until your cultivation is strong before you reveal it. It's all fine."

Ji Xiaolan said: "You must listen to Master's teachings!"

"Um."

Ye Feng nodded with satisfaction and then left the mansion.

At this time, Ye Feng was taken directly towards the center of the Northern Immortal Palace.

The place he is going to now is the inheritance palace.

Although Ye Feng possesses a set of martial arts inherited from the Emperor of the Era.

But now he still hopes to obtain more powerful martial arts inheritance.

This will give you more confidence in the next inner sect elder assessment.

Moreover, the Northern Immortal Palace also has regulations. As long as the members of the sect can continue to make breakthroughs in cultivation, every time they break through a major realm, they will be qualified to select advanced inherited martial arts in the inheritance hall.

This time Ye Feng broke through to the first level of the Six Paths of Reincarnation Realm.

He is now naturally qualified to enter the martial arts inheritance hall and choose two powerful martial arts.

Ye Feng was very fast and arrived at the inheritance hall in a blink of an eye.

Sure enough, the first thing Ye Feng saw was the guardian elder he had seen before, sitting at the door of the inheritance hall, lying on a table, seeming to be taking a nap.

Ye Feng walked over and said, "Elder Guardian, I'm here to choose to inherit martial arts again."

"Um?"

The guardian elder raised his head with some doubts, saw Ye Feng, looked at it carefully, and then said in surprise: "It's you, kid! Didn't those advanced martial arts practices you selected before fail? I'll Said you would fail, otherwise how could you choose martial arts so quickly? It must be to choose some low-level martial arts that are easier to practice. "

Ye Feng smiled and shook his head and said: "No, guardian elder, I came here this time to choose a more advanced martial arts inheritance. The previous martial arts inheritances have all been eliminated for my current level. "

"What's your current state?"

The old guardian stared at Ye Feng at this time, and sensed it carefully. Then suddenly his eyes showed a hint of horror, and he couldn't help but said: "How can you break through so quickly? In just ten days, you have already broken through." Reaching the first level of the Six Paths of Reincarnation? How many pills have you taken?"

Ye Feng smiled and said: "Anyway, my realm has improved. Guardian Elder, the two inheritances I chose before have been cultivated to great success."

At this time, Ye Feng said, and started to use the two sets of martial arts he had selected before directly in front of the guardian elder.

"Sure enough, they have all entered the state of great enlightenment!"

The guardian elder first showed a trace of strangeness in his eyes, and then said with a smile: "Okay, although the time has exceeded half a month, it has not exceeded that much. Our bet at that time was still valid. This time I will give you a set of inheritance martial arts for free, and you can go directly to the inheritance hall. In addition to the set I gave you for free, this time you can choose three sets of inheritance to take away. "

"Thank you, guardian elder!"

Ye Feng's eyes showed happiness, and he immediately entered the inheritance hall and began to choose powerful martial arts.

At this moment, looking at Ye Feng's back, the guardian elder grinned, "He is a pretty good young man with a promising future."

..."Rumble..."

At this moment, huge waves of energy surged through Ye Feng's body.

All of this energy is the energy formed by the cultivation resources that Ye Feng swallowed.

Very huge.

Ye Feng immediately felt that his skill was rapidly increasing and transforming.

Finally at some point.

"Boom!!"

As a new and powerful terrifying martial arts aura erupted from Ye Feng, Ye Feng's cultivation level successfully broke through at this moment.

Directly breaking through the big bottleneck!

Although Ye Feng possesses a set of martial arts inherited from the Emperor of the Era.

But now he still hopes to obtain more powerful martial arts inheritance.

This will give you more confidence in the next inner sect elder assessment.

This time, Ye Feng broke through to the first level of the Six Paths of Reincarnation Realm.

He is now naturally qualified to enter the martial arts inheritance hall and select two more powerful martial arts.

Ye Feng's speed is very fast, and he arrived at the inheritance hall in a blink of an eye.

As expected, Ye Feng saw the guardian elder he had seen before at first sight, sitting at the door of the inheritance hall, lying on a table, and seemed to be taking a nap.

Ye Feng walked over and said, "Guardian Elder, I'm here to choose a martial arts inheritance again."

"Huh?"

The guardian elder raised his head in confusion, saw Ye Feng, looked at him carefully, and then said in surprise, "It's you, kid! You failed in practicing the advanced martial arts you chose before, right? I said you would fail, otherwise how could you choose martial arts so soon? You must be choosing some low-level martial arts that are easier to practice."

Ye Feng smiled and shook his head and said, "No, Guardian Elder, I came here this time to choose a higher-level martial arts inheritance. The previous martial arts inheritance, they are already eliminated for my current realm. "

"What is your current realm?"

The guardian elder stared at Ye Feng at this time, carefully sensed it, and then suddenly showed a trace of horror in his eyes, and couldn't help saying: "You kid actually broke through so quickly? In just a dozen days, you have already broken through to the first level of the Six Paths of Reincarnation Realm? How many pills did you take?"

Ye Feng smiled and said: "Anyway, my realm has been improved. Guardian Elder, the two inheritances I chose before have been cultivated to perfection."

At this time, Ye Feng said, and directly in front of the guardian elder, he began to perform the two sets of martial arts he had chosen before.

"Sure enough, they have already entered the state of great enlightenment!"

The guardian elder first showed a trace of strangeness in his eyes, then said with a smile: "Okay, although it has been more than half a month, it is not too much longer. The bet we made at that time is still valid. This time, I will give you a set of inherited martial arts for free. You can go directly to the inheritance hall. With the set I gave you for free, you can choose three sets of inheritance at one time this time."

"Thank you, guardian elder!"

Ye Feng's eyes showed a happy look, and he immediately walked into the inheritance hall and began to choose powerful martial arts.

At this moment, looking at Ye Feng's back, the guardian elder grinned, "He is a good young man, and his future is promising."

.....

Chapter 2394 Jian Tiancang

At this time, Ye Feng was walking in the inheritance hall, carefully searching for the inheritance martial arts that suited him.

I have to say that the benefits provided by the Northern Immortal Palace to its members are quite good.

As long as you can break through the cultivation level, you can choose an inherited martial arts that is one level higher than your current cultivation level.

This regulation makes many disciples or elders want to practice hard and strive to obtain a stronger inheritance.

And it also prevents the members of the Northern Immortal Palace from having no inheritance to practice after they break through the cultivation level.

Because whether you are a disciple or an elder, as long as you have broken through a new level of cultivation, you can go to the inheritance hall to choose two new sets of inheritance, but it is limited to inheritance at a level higher than your own.

That's why many people are trying to get into the Northern Immortal Palace.

Because the overlord super power of the northern land like the Northern Immortal Palace has a very rich foundation, and the welfare of its members is also very good.

What Ye Feng is looking for at this time is naturally the inheritance of the Eternal Realm that transcends the Six Paths of Reincarnation Realm.

If he were an ordinary disciple, he might not overestimate his capabilities and would only look for inheritance at the peak level of the tenth heaven of the Six Paths of Reincarnation Realm.

But this is not necessary for Ye Feng.

Because Ye Feng can even initially understand the inheritance of the Emperor of the Epoch.

His understanding is truly monstrous to the extreme.

Therefore, what Ye Feng is directly looking for is the inheritance at the peak level of the Eternal Realm.

Ye Feng spent the next half day in the inheritance hall.

In the end, he chose three sets of powerful inheritances, all of which were at the pinnacle level of the Eternal Realm.

These three sets of inheritance are: Shenlong Footwork, Starlight Breathing Technique, and Thunder Sky Splitting Slash.

These three sets of inheritance are all powerful inheritance methods that are at the pinnacle level of the Eternal Realm.

It is very suitable for Ye Feng who is currently in the first level of the Six Paths of Reincarnation Realm, allowing Ye Feng to fully unleash his combat power.

If it is a too advanced inherited martial arts like Era Divine Fist, Ye Feng may only be able to exert part of his power when used. After all, his current cultivation level is too low.

However, the three sets of martial arts that Ye Feng selected from the inheritance hall are suitable for him. Ye Feng is able to 100% unleash the power of these martial arts and can better adapt to Ye Feng's current cultivation level.

That's why Ye Feng came to this inheritance hall to choose three sets of martial arts.

Otherwise, Ye Feng could just use the Era Divine Fist, and there would be no need to use other martial arts.

However, Ye Feng came to this inheritance hall to choose these martial arts for comprehensive consideration and to fully unleash the power of different attributes at critical moments.

These three sets of inheritance were selected by Ye Feng after careful consideration.

First of all, the first set of Shenlong footwork can give Ye Feng an extremely powerful improvement in body skills.

Because Ye Feng was going to the examination place of the inner sect elders this time, which is said to be a very dangerous secret realm, so Ye Feng knew that he was likely to encounter various dangers and learned a set of powerful movements. Naturally, it can increase the speed of one's escape when the time comes.

The second set of inheritance, the Starlight Breathing Method, is a secret method that Ye Feng accidentally found that can temper the strength of his body.

That's right, the Starlight Breathing Technique cannot actually be considered a martial art, but an ancient and special secret technique.

leaf

The wind can breathe in and out at night by performing the starlight breathing method. It can continuously absorb the light power of countless stars in the night sky and temper its body and constitution through the light of these stars.

Therefore, Ye Feng chose the second set of inheritance to improve his physical fitness.

The third inheritance, Thunder Breaking Sky Slash, is a lightning-attribute slashing martial art.

Once it breaks out, Ye Feng can condense the thunder sword and slash the enemy with terrifying force, and can explode with extremely terrifying cutting power in an instant.

Theoretically, as long as Ye Feng can gather enough thunder power, he can smash everything with Thunder Sky Slash.

Ye Feng chose this set of Thunder Sky Slash just to increase his attack damage.

Moreover, Ye Feng now possesses the inheritance of Thunder Kagura and can release the thunder of ancient mythical beasts.

Therefore, when Thunder Sky Splitting Slash is used in Ye Feng's hands, its power is naturally more powerful.

At this time, after Ye Feng selected three sets of inheritance, he walked directly out of the inheritance hall and registered with the guardian elder outside the door.

The guardian elder saw the three sets of inheritances in Ye Feng's hands and couldn't help but said in surprise: "You are indeed the same as last time. You have chosen the highest level inheritance. But this time I believe you will be able to successfully cultivate them all."

Ye Feng smiled and clasped his fists and said, "Anyway, thank you to the guardian elder for giving me an extra set of high-level inheritances. Otherwise, I really don't know how to choose two from these three sets of inheritances."

The guardian elder smiled and waved his hand and said: "Let's go, let's go. If you can break through the realm again within a month, then I will give you two sets next time, together with the two sets you can choose, for a total of Four sets of inheritances, it depends on whether you can break through the current level within a month. "

When Ye Feng heard this, his eyes immediately lit up and he couldn't help but say: "Okay! Once a man's words are broken, it's hard to follow them. I can remember these words of the guardian elder!"

The guardian elder laughed and said, "Are you still afraid that I will break my promise? That's impossible. Just practice hard. As long as you continue to improve and become stronger quickly, I will give you huge benefits!"

"OK!"

Ye Feng immediately nodded solemnly and quickly left the inheritance hall area.

The guardian elder looked at Ye Feng's leaving figure and murmured, "I hope to become the pillar of my Northern Immortal Palace in the future. Don't let me down for all my hard work."

...

At this time, Ye Feng had already left the inheritance hall and returned to his mansion.

But just when Ye Feng arrived at his residence, he suddenly found a group of people surrounding the door of his mansion.

This group of people are all wearing bright yellow gowns. They are all very young, but their aura of cultivation is extremely powerful.

"You are finally back."

Among the group of people at the entrance of the mansion, the leader was a young man wearing a silver robe. He was handsome, tall and towering, and looked very oppressive and imposing.

Ye Feng asked: "Who are you?"

The young man in silver robe sneered and said, "I am the holy son of the Sword Emperor Temple, Jian Tiancang!"

"The Holy Son of the Sword Emperor Temple?"

Ye Feng's eyes suddenly moved, and his eyes suddenly turned cold, and he said loudly: "Are you here to cause trouble?" At this time, Ye Feng was walking in the inheritance hall, carefully looking for the inheritance martial arts that suits him. .

I have to say that the benefits provided by the Northern Immortal Palace to its members are quite good.

As long as you can break through the cultivation level, you can choose an inherited martial arts that is one level higher than your current cultivation level.

This regulation makes many disciples or elders want to practice hard and strive to obtain a stronger inheritance.

And it also prevents the members of the Northern Immortal Palace from having no inheritance to practice after they break through the cultivation level.

Because whether you are a disciple or an elder, as long as you have broken through a new level of cultivation, you can go to the inheritance hall to choose two new sets of inheritance, but it is limited to inheritance at a level higher than your own.

That's why many people are trying to get into the Northern Immortal Palace.

Because the overlord super power of the northern land like the Northern Immortal Palace has a very rich foundation, and the welfare of its members is also very good.

What Ye Feng is looking for at this time is naturally the inheritance of the Eternal Realm that transcends the Six Paths of Reincarnation Realm.

If he were an ordinary disciple, he might not overestimate his capabilities and would only look for inheritance at the peak level of the tenth heaven of the Six Paths of Reincarnation Realm. .??.

But this is not necessary for Ye Feng.

Because Ye Feng can even initially understand the inheritance of the Emperor of the Epoch.

His understanding is truly monstrous to the extreme.

Therefore, what Ye Feng is directly looking for is the inheritance at the peak level of the Eternal Realm.

Ye Feng spent the next half day in the inheritance hall.

In the end, he chose three sets of powerful inheritances, all of which were at the pinnacle level of the Eternal Realm.

These three sets of inheritance are: Shenlong Footwork, Starlight Breathing Technique, and Thunder Sky Splitting Slash.

These three sets of inheritance are all powerful inheritance methods that are at the pinnacle level of the Eternal Realm.

It is very suitable for Ye Feng who is currently in the first level of the Six Paths of Reincarnation Realm, allowing Ye Feng to fully unleash his combat power.

If it is a too advanced inherited martial arts like Era Divine Fist, Ye Feng may only be able to exert part of his power when used, after all, his current cultivation level is too low.

However, the three sets of martial arts that Ye Feng selected from the inheritance hall are suitable for him. Ye Feng is able to 100% explode the power of these martial arts, and can better adapt to Ye Feng's current cultivation level.

That's why Ye Feng came to this inheritance hall to choose three sets of martial arts.

Otherwise, Ye Feng could just use the Era Divine Fist, and there would be no need to use other martial arts.

However, Ye Feng came to this inheritance hall to choose these martial arts for comprehensive consideration and to fully unleash the power of different attributes at critical moments.

These three sets of inheritance were selected by Ye Feng after careful consideration.

First of all, the first set of Shenlong footwork can give Ye Feng an extremely powerful improvement in body skills.

Because this time Ye Feng was going to the examination place of the inner sect elders, which was said to be a very dangerous secret realm, so Ye Feng knew that he was likely to encounter various dangers and learned a set of powerful movements. Naturally, it can increase the speed of one's escape when the time comes.

The second set of inheritance, the Starlight Breathing Method, is a secret method that Ye Feng accidentally found that can temper the strength of his body.

That's right, the Starlight Breathing Technique cannot actually be considered a martial art, but an ancient and special secret technique.

leaf

The wind can breathe in and out at night by performing the starlight breathing method. It can continuously absorb the light power of countless stars in the night sky and temper its body and constitution through the light of these stars.

Therefore, Ye Feng chose the second set of inheritance to improve his physical fitness.

The third inheritance, Thunder Sky Slash, is a lightning-attribute slashing martial art.

Once it breaks out, Ye Feng can condense the thunder sword and slash the enemy with terrifying force, and can explode with extremely terrifying cutting power in an instant.

Theoretically, as long as Ye Feng can gather enough thunder power, he can smash everything through the Thunder Sky Slash.

Ye Feng chose this set of Thunder Sky Slash just to increase his attack damage.

Moreover, Ye Feng now possesses the inheritance of Thunder Kagura and can release the thunder of ancient mythical beasts.

Therefore, when Thunder Sky Splitting Slash is used in Ye Feng's hands, its power is naturally more powerful.

At this time, after Ye Feng selected three sets of inheritance, he walked directly out of the inheritance hall and registered with the guardian elder outside the door.

The guardian elder saw the three sets of inheritances in Ye Feng's hands and couldn't help but said in surprise: "You are indeed the same as last time. You have chosen the highest level inheritance. But this time I believe you will be able to successfully cultivate them all."

Ye Feng smiled and clasped his fists and said, "Anyway, thank you to the guardian elder for giving me an extra set of high-level inheritances. Otherwise, I really don't know how to choose two from these three sets of inheritances."

The guardian elder smiled and waved his hand and said: "Let's go, let's go. If you can break through the realm again within a month, then I will give you two sets next time, together with the two sets you can choose, for a total of Four sets of inheritances, it depends on whether you can break through the current level within a month. "

When Ye Feng heard this, his eyes immediately lit up and he couldn't help but say: "Okay! Once a man's words are broken, it's hard to follow them. I can remember these words of the guardian elder!"

The guardian elder laughed and said, "Are you still afraid that I will break my promise? That's impossible. Just practice hard. As long as you continue to improve and become stronger quickly, I will give you huge benefits!"

"OK!"

Ye Feng immediately nodded solemnly and quickly left the inheritance hall area.

The guardian elder looked at Ye Feng's leaving figure and murmured, "I hope to become the pillar of my Northern Immortal Palace in the future. Don't let me down for all my hard work."

...

At this time, Ye Feng had already left the inheritance hall and returned to his mansion.

But just when Ye Feng arrived at his residence, he suddenly found a group of people surrounding the door of his mansion.

This group of people are all wearing bright yellow gowns. They are all very young, but their aura of cultivation is extremely powerful.

"You are finally back."

Among the group of people at the entrance of the mansion, the leader was a young man wearing a silver robe. He was handsome, tall and towering, and looked very oppressive and imposing.

Ye Feng asked: "Who are you?"

The young man in silver robe sneered and said, "I am the holy son of the Sword Emperor Temple, Jian Tiancang!"

"The Holy Son of the Sword Emperor Temple?"

Ye Feng's eyes suddenly moved, and his eyes suddenly turned cold, and he said loudly: "Are you here to cause trouble?"

Chapter 2395 Going to the Stage of Life and Death

Jian Tiancang spoke at this time, his tone full of natural arrogance.

Obviously, as the holy son of the Sword Emperor Temple, he has an extremely proud personality and will not take anyone seriously.

At this moment, a group of members of the Sword Emperor Temple around Jian Tiancang all looked at Ye Feng, who was not far away, and shouted coldly: "A small outer sect elder saw the members of our Sword Emperor Temple. Holy Son, why don't you hurry up and bow respectfully!"

Ye Feng's face was extremely calm, and he said with an indifferent smile: "I'm just a holy son of a temple, do you deserve to be saluted by me?" ??

"presumptuous!"

"shut up!"

A group of members of the Sword Emperor Temple around Jian Tiancang shouted loudly, with a commanding tone in their tone.

At this moment, a member of the Sword Emperor Temple standing next to Jian Tiancang was a young man, wearing a blue robe and possessing a powerful cultivation level of half a step of the Eternal Realm. He said directly: "His Royal Highness the Holy Son, Let me deal with this Ye Feng, a mere outer sect elder, but a weakling in the first level of the Six Paths of Reincarnation Realm, I can capture him with just one hand!"

At this time, after the young man wearing a green robe finished speaking, he immediately strode towards Ye Feng.

The young man in green robe had a look of contempt in his eyes and said loudly: "Boy, you dared to injure the members of the Law Enforcement Hall of our Sword Emperor Temple before. You are really too brave. Who do you think you are? For being so arrogant, I will suppress you right in front of the Holy Son today! Take you back to our Sword King Temple for trial!"

Boom!

The moment the young man in green robe finished speaking, a long green sword suddenly appeared in his hand.

"The sword goes against the sky!"

boom! !

The young man in green robe held the long sword in his hand, and suddenly he dared to kill and revealed a set of extremely powerful kendo inheritance.

The terrifying sword light and sword energy swept through like a hurricane, rushing towards Ye Feng.

"Chaos body!"

At this time, Ye Feng's face was still very calm, even with a hint of cold disdain, and he said: "How dare a small fish show off its power in front of me? Get back here!"

Boom!

Ye Feng didn't even use any inherited martial arts at this time, and just punched out.

But just this simple fist almost exploded the entire space.

"Boom!"

"Crack!"

Almost at that moment, Ye Feng's fist blasted away the green-robed man from the Sword Emperor Temple who was charging not far away.

"Rumble..."

The terrifying sword light and sword energy that this green-robed man killed couldn't resist Ye Feng's ordinary punch, and was completely shattered by the terrifying punch power.

puff! !

The green-robed man who had been extremely arrogant just now couldn't help but spurt out a mouthful of blood. His whole body flew directly backwards, and then he fell hard to the ground with a thud.

"What?"

Seeing this scene, many of the masters from the Sword Emperor Temple present could not help but show deep horror on their faces.

They never thought that this little outer sect elder, who was only at the first level of the Six Paths of Reincarnation Realm, could burst out with such powerful power in an instant.

"Yes, no wonder you can defeat more than a dozen masters of the Law Enforcement Hall in our Sword Emperor Temple. Your strength has far surpassed the ten elders of the outer sect."

At this time, Jian Tiancang, the Saint Son of the Sword Emperor Temple, suddenly made a sound

.

At this time, Jian Tiancang stared at Ye Feng with a hint of interest in his eyes, and said loudly: "Only people like you interest me. I very much hope that I can turn a super person like you into someone." It must be very honorable for a genius to be killed in front of everyone."

At this moment, Jian Tiancang said these words. Although he had a smile on his face, the killing and coldness in his tone made everyone present feel a little chilly.

Ye Feng smiled indifferently and said: "Jian Tiancang, right? Although your cultivation is at the ninth level of the Eternal Realm, it does not mean that I am afraid of you. If you want to fight, I can accompany you at any time."

At this time, Ye Feng knew that this Jian Tiancang was indeed an extremely powerful peerless talent.

But Ye Feng was not afraid.

Because Ye Feng's current cultivation level is at the first level of the Six Paths of Reincarnation Realm.

But if he really faced Jian Tiancang, Ye Feng could directly transform himself into the tenth level of the Six Paths of Reincarnation and the Great Perfection.

Although the cultivation level of Dzogchen can only last for a short period of time.

But Ye Feng believed that he would be able to defeat Jian Tiancang in this short period of time.

After all, this Jian Tiancang has not yet surpassed the Eternal Realm.

If Jian Tiancang has surpassed the Eternal Realm and is an existence in the Heavenly Tribulation Realm, then Ye Feng will definitely avoid the edge temporarily.

However, Jian Tiancang's current cultivation level is at the ninth level of the Eternal Realm, and Ye Feng still has some confidence to fight with him.

When he heard Ye Feng say these words, Jian Tiancang seemed to have an unexpected look in his eyes.

He couldn't help but have a sarcastic smile on his face, and said aloud: "Oh? How dare you challenge a strong man like me? Don't you know how weak your cultivation is? Don't you know my cultivation level is better than yours

Is it almost two realms higher? "

Ye Feng smiled faintly, his face still extremely calm, and said loudly: "I know you are very powerful, but I also believe in my own strength, but I am going to take the inner sect elder examination soon, so I don't have time to talk to you now. You fight, because even if I fight you, I won't get any benefits, so why waste time? This is the area of the Northern Immortal Palace. Even if you are the Holy Son of the Sword King Temple, you are not qualified to directly fight me. The elders of the outer sect take action. If you dare to take action against me, then I will ask the Law Enforcement Hall of the Northern Immortal Palace to punish you directly!"

For Ye Feng, he really doesn't want to do such a thankless job now.

Because the most important thing for him now is to quickly understand the three sets of inheritance he just received, and then prepare well for the next examination of the inner sect elders.

In a battle with a super genius like Jian Tiancang, Ye Feng would not be able to kill and devour him in public in the Northern Immortal Palace.

So Ye Feng doesn't want to do these boring things without any reward. Now it's a waste of time and life.

And Ye Feng has his own confidence in saying this. After all, he is not an ordinary disciple who can be ravaged by others. He is one of the top ten elders of the outer sect of the Northern Immortal Palace. If he doesn't want to fight, others won't either. He is qualified to force himself to fight.

Hearing what Ye Feng said at this time, Jian Tiancang suddenly showed a sinister look in his eyes and said: "We don't fight here, we fight directly on the stage of life and death. The winner lives and the loser dies. This way It's not boring anymore."

When Ye Feng heard what Jian Tiancang said, a murderous light suddenly burst out in his eyes, and he said: "The stage of life and death? You want to go to the stage of life and death with me?"

Jian Tiancang smiled coldly and said, "What? You don't dare anymore?"

Ye Feng's eyes showed endless domineering power and he said loudly: "Why don't you dare? I'm just waiting for your words! Let's go! Go to the stage of life and death!"

Chapter 2396 Wait and see

After Ye Feng finished speaking, a hint of sneer suddenly appeared in Jian Tiancang's eyes.

Obviously, for this holy son of the Sword Emperor Temple, Ye Feng's cultivation level is not worth mentioning at all.

But he didn't expect that Ye Feng would dare to take the initiative to go to the stage of life and death with him. This would definitely be a certain death outcome.

So at this time, Jian Tiancang said: "Okay, I admire your courage, but you will die soon."

After the words fell, Jian Tiancang immediately walked towards the life and death stage of the Northern Immortal Palace with a group of members of the Sword Emperor Temple.

At this time, Ye Feng also followed everyone towards the direction of the life and death platform.

For Ye Feng, although this Jian Tiancang is indeed very powerful, as he is the holy son of the Sword Emperor Temple, his cultivation strength must be very terrifying.

But Ye Feng didn't want people from the Sword Emperor Temple to bother him all the time.

So this time Ye Feng directly agreed to go to the stage of life and death, in order to completely solve this problem.

If he could defeat Jian Tiancang, the holy son of the Sword Emperor Temple, on the stage of life and death, or even kill him.

Then the members of the Sword Emperor Temple may never dare to mess with him again.

At this moment, Ye Feng and a group of masters from the Sword Emperor Temple arrived around the Life and Death Platform.

Along the way, he immediately attracted many disciples from other Northern Immortal Palaces.

Some elders and guardians looked at this group of people with deep surprise in their eyes.

And when Ye Feng and Jian Tiancang both stepped onto the stage of life and death, everyone's eyes almost dropped in horror.

Because no one expected that dignified Jian Tiancang, the holy son of the Sword Emperor Temple, would one day be on the stage of life and death with a seemingly ordinary-looking young man.

"Who is that young man in white? Is he qualified to let the Holy Son of the Sword Emperor Temple go to the stage of life and death?"

"The cultivation aura emanating from that young man in white is only the first level of the Six Paths of Reincarnation Realm. Who gave him the courage to directly go up to the stage of life and death with a powerful genius like Jian Tiancang for a life and death duel?"

...

At this moment, the eyes of a group of disciples from the Northern Immortal Palace gathered around the stage were full of deep doubts and shock.

At this moment, on the stage of life and death, Ye Feng and Jian Tiancang stood opposite each other.

At this moment, the two people's eyes had a deep intention of killing each other.

Because they all know that since they are on the stage of life and death, one person will definitely die in the end.

Because after getting on the stage of life and death, it is no longer a simple sparring and duel, but a battle of life and death.

On the stage of life and death, only one who fights to the last moment is the winner.

At this time, Jian Tiancang's eyes had a look of deep contempt and a deep coldness in his eyes. He stared at Ye Feng opposite him and said loudly: "Your combat power is the best I have ever seen." It is so powerful that someone with such a low level of cultivation can burst out with such a powerful force. I have to say that I am a little impressed. But then you will never be able to grow again, because you and I are on the stage of life and death. I will kill you severely under the eyes of everyone."

Ye Feng's face was very calm at this time. Faced with Jian Tiancang's provocative words, he just smiled indifferently and said: "It's still unclear who will kill whom. Let's wait and see."

"Boom!"

Finally at this moment, Jian Tiancang took the initiative to

Hands on.

An extremely powerful and terrifying sword light suddenly burst out from his body. With a casual stroke, a huge sword light suddenly appeared above the entire sky, full of terrifying cutting power, and the entire sky seemed to be covered. It's about to be chopped.

"boom!!"

At this time, Ye Feng fully mobilized all his strength and fully unleashed the power of his chaotic body.

"Crack!"

The sword light that Jian Tiancang killed was instantly shattered by Ye Feng's fist.

Ye Feng's fist simply contained an incomparable terrifying power. In an instant, it shattered the sword light that was so terrifying that it could tear the sky apart, turning it into countless light fragments and scattering them all over the ground.

"very powerful!"

The countless disciples from the Northern Immortal Palace who were watching from the surrounding Life and Death Stage all had deep horror in their eyes at this moment.

They originally thought that Ye Feng, who was just a weakling in the first level of the Six Paths of Reincarnation Realm, would definitely be killed instantly by Jian Tiancang, the holy son of the Sword Emperor Temple.

But what he didn't expect at this moment was that Ye Feng didn't use any weapons or martial arts. He simply smashed the sword light drawn by Jian Tiancang with a simple fist.

"This kid has something! But he will definitely not be a match for Senior Brother Jian Tiancang! Our Senior Brother Jian Tiancang from the Sword Emperor Temple just made a casual test attack."

At this time, the surrounding members of the Sword Emperor Temple spoke out proudly.

At this time, Jian Tiancang sneered: "You have a good body! The inheritance you practice should be a body-refining technique! But I will ask you to cut it into countless pieces! Even if your body is made of divine iron It will be cut into pieces by me in the end!"

Jian Tiancang laughed loudly, and at this time, a terrifying sword light burst out from his eyes.

"Qiang!"

A long red sword appeared in his hand in an instant, and his whole body rushed towards the forward. The long sword in his hand suddenly burst out with a blazing light.

The light of the flames was so powerful that it dyed the entire dark night sky crimson. Everyone watching around them couldn't help but close their eyes at this moment, as if they were cut by that sword. The blazing flames almost blinded his eyes.

From this, we can see how terrifying the sword released by Jian Tiancang at this time is, and its destructive power is absolutely astonishing.

This is a fire-attributed sword inheritance. When it is released by a sword master like Jian Tiancang, it explodes with terrifying destructive power in an instant.

That terrifying flaming sword light had both the terrifying tearing power of the sword light and the terrifying burning power of the flames. It almost melted the entire life and death platform.

You must know that the life and death platform is made of complete divine iron and is extremely strong. However, I didn't expect that Jian Tiancang's sword made the entire life and death platform begin to melt and soften, which shows how terrifying it is.

The terrifying destructive power of this sword may not even be able to be resisted by many of the core elders of the inner sect in the Northern Immortal Palace. It is definitely a disaster level.

"Under this sword, that Ye Feng is definitely dead!"

"That's right! This move of Senior Brother Jian Tiancang once cut off and evaporated a large river thousands of miles long. The destructive power is terrifying and boundless! Even the powerful elders cannot resist it!"

At this time, several members of the Sword Emperor Temple around the Life and Death Platform all sneered. After Ye Feng finished speaking, a hint of sneer suddenly appeared in Jian Tiancang's eyes.

Chapter 2397 Overlord State

Boom!

Jian Tiancang's terrifying sword strike at this moment immediately unleashed a terrifying and boundless flaming sword light, which seemed to be capable of burning mountains and boiling seas. It was extremely terrifying.

Countless experts who were watching the Northern Immortal Palace could not help but move further away from the stage of life and death at this moment, for fear of affecting themselves.

This shows how terrifyingly destructive power Jian Tiancang's flaming sword contains.

At this moment, facing the terrifying flaming sword light, it seemed like it could burn and tear the entire world apart.

But Ye Feng's eyes were still extremely calm, he just looked at the endless flame sword light, and then directly released the ancient divine ring.

"boom!"

"boom!"

"boom!"

...

Immediately, dazzling divine haloes of light appeared around and behind Ye Feng one by one, causing Ye Feng's combat power to surge dramatically at this moment.

"Boom!"

The next moment, Ye Feng still did not use any so-called martial arts inheritance, but still used the power of the ancient divine ring to punch out hard.

But for this fist, Ye Feng secretly melted the brute force gem, making his punch full of infinite power.

At this moment, the moment Ye Feng's second punch was blasted out, the fist immediately turned into a big fist of chaos, full of endless heaviness and vicissitudes, and a black mass was blasted out at once, covering the entire mountain, river and land. They were all shaking rapidly.

"Boom!"

The terrifying roars collided instantly, resounding throughout the sky and the earth.

Ye Feng's fist once again shattered the endless flame sword light, and large pieces of flame fragments quickly scattered around, impacting the entire solid divine iron ground around the body platform. Burning potholes emerged, which looked like

It was extremely terrifying, and the scene was almost like the end of the world was coming.

"What?!"

This scene at this moment shocked countless people around him.

"How is this possible! He actually withstood Senior Brother Jian Tiancang's flaming sword technique once again!"

At this moment, even those members of the Sword Emperor Temple who had just shouted for Jian Tiancang could not help but change their expressions at this moment.

It seems that he did not expect that Ye Feng, a young outer sect elder who looked ordinary, would possess such terrifying power and such a terrifying body.

That fist was like an ancient mountain, full of endless thickness and heaviness, but capable of suppressing everything.

"Boom!"

At this time, Ye Feng actually took the initiative to attack. He waved his terrifying fists, fused with the terrifying brute force of the brute force gem, and rushed towards Jian Tiancang in front of him.

Ye Feng knew very well that if it was just such a long-range collision, he would probably not be Jian Tiancang's opponent.

But Jian Tiancang is a swordsman practitioner, and his weak point is that his body defense must be extremely weak.

So what Ye Feng has to do now is to fight up close.

Jian Tiancang obviously knew this, but he did not retreat at all, but laughed out loud: "Ye Feng! You underestimate me too much!"

At this time Jian Tiancang roared: "Dragon Blood Battle Body!"

Boom!

Jian Tiancang's whole body suddenly erupted with endless blood, and then densely packed scales grew on the surface of his body.

That's dragon scale

!

Full of unparalleled solidity!

This Jian Tiancang actually possesses the blood of the dragon clan. At this moment, he suddenly displayed a special dragon-blooded fighting body and directly transformed into a dragon-blooded warrior. He was also full of terrifying body power and was invincible in close combat.

"Boom!"

"Boom!"

Almost at the next moment, the two people collided face to face at high altitude and began to engage in a very brutal close combat fight.

"Boom!" .??.

"Boom!" .??.

Every time they collide, they are filled with terrifying roars, causing the whole world to shake rapidly. The surrounding mountains are shattered, and the surrounding mountains and rivers are shattered.

At this moment, the two people in everyone's eyes were like two ancient humanoid beasts, fighting fiercely. Blood dripped from the sky, smashing the entire life and death platform.

"What a powerful physique!"

"Every drop of blood is as heavy as a thousand pounds!"

"The life and death platform was almost smashed to pieces by their blood!"

...

At this moment, more and more people gathered around, all wanting to watch this battle of unparalleled geniuses.

Obviously, there has not been such a terrifying battle in the Northern Immortal Palace for many years. While it is frightening, it also makes people's blood boil.

"Boom!!"

At this moment, the two people high in the sky suddenly separated.

At this time, Ye Feng's clothes were torn to pieces and blood was flowing.

But Jian Tiancang on the opposite side also felt very uncomfortable. The red sword in his hand was shattered, and a huge crack was torn open in his thigh. The bones were clearly visible. It looked like

It's extremely serious.

"Sword of Heaven and Earth!"

Rumble...

At this moment, Jian Tiancang suddenly displayed a terrifying and boundless swordsmanship.

He slowly raised his hands, and the power of the entire world moved with the movement of his palms. At this moment, the entire world actually formed a huge and boundless sword, full of unparalleled momentum and power, fiercely and bombarded Ye Feng.

This move of the sword of heaven and earth has already touched upon the most terrifying place of rules of heaven and earth. It is the sword of rules!

Because the power of the entire world was condensed by Jian Tiancang at this moment, and became the fighting sword in Jian Tiancang's hand.

"Boom!"

This sword slashed down hard, full of unparalleled destructive power, which simply made everyone present feel a deep sense of depression.

I just feel like my whole body is going to be broken apart!

This shocked everyone to the extreme.

They were so far away, looking at the sword of heaven and earth, they felt like their bodies were about to break apart.

It's hard to imagine what kind of terrifying oppression and destructive power Ye Feng, who was bearing the brunt of the attack, was enduring?

Absolutely terrifying!

"Era Hegemony God Technique."

But at this time, Ye Feng suddenly released the most powerful inheritance he currently has.

At that moment, the inherited technique of the Emperor of the Era, the Era Hegemony Technique, was released!

"Boom!"

Ye Feng's body suddenly erupted with divine light. At this moment, Ye Feng's whole body expanded several times on the spot, directly turning into a huge light man, containing boundless power, and entered a "tyranny" God state"!

Chapter 2398: Trampled

Boom!

At this moment, Ye Feng has entered a very special state, which is the special state of the Era Hegemony Technique, the inherited technique left by the Emperor of the Era.

In the Overlord state, Ye Feng's whole body was filled with endless light, which was even more terrifying than the power blessed by the ancient divine ring.

At this moment, Ye Feng punched out instantly.

With this punch, he directly used the Divine Fist of Era!

"Boom!"

Suddenly, a terrifying wave of destructive light rushed out from Ye Feng's fist, like an ancient river of time, containing the power of the changing eras!

This kind of power was so majestic and terrifying that it collided with the terrifying and boundless sword of heaven and earth, and then the two became deadlocked.

"Boom! Click!!!"

And at the next moment, the power of Ye Feng's Era Divine Fist became even more vast and huge, and it suddenly shattered the Sword of Heaven and Earth into pieces.

"Boom!"

Then the destructive light wave in Ye Feng's fist still did not stop and continued to attack forward, directly covering Jian Tiancang in the destructive light wave released by the fist.

The power is mighty and earth-shattering!

The destructive power erupted from this punch made everyone unable to help but retreat crazily backwards.

At this moment, everyone in the Northern Immortal Palace watching this battle had deep shock on their faces.

The punch that Ye Feng just unleashed was really terrifying. Even some of the core elders who were watching felt that if they could withstand Ye Feng's special punch just now, they would probably be torn apart. , will be beaten to pieces in an instant.

"impossible!!"

In the endless frenzy, Jian Tiancang's angry roar suddenly sounded.

boom!

At this moment, Jian Tiancang's embarrassed figure suddenly rushed out of the frenzy of destructive light waves.

The corner of his mouth was stained with blood. It was obvious that Ye Feng's punch just now caused him to suffer heavy injuries.

This is absolutely a huge shame for Jian Tiancang.

Because at this moment, under the spotlight of everyone, Jian Tiancang originally thought that he could kill Ye Feng casually.

But he never expected that not only would no one kill Ye Feng easily, but Ye Feng would counterattack miserably.

Even if he just displayed his special skill, the sword of heaven and earth, a terrifying sword that condenses the rules of heaven and earth for all things, he failed to defeat Ye Feng. Instead, he himself was seriously injured by Ye Feng.

At this time, Jian Tiancang couldn't help but stare at Ye Feng, who was not far away, and said in disbelief: "Ye Feng! Are you an outer elder? The inheritance you displayed just now is so earth-shattering that it cannot be ignored at all. It's impossible for a weakling like you to develop such power, who are you?"

Ye Feng smiled indifferently and said, "I am who I am, are you scared now?"

"Scared?"

Although Jian Tiancang was quite embarrassed at this moment, his body was still filled with extremely powerful power, and he shouted directly: "I will fight you!"

Boom!

At this moment, Jian Tiancang used all his strength to activate his terrifying power, even burning the natal dragon blood in his body.

Jian Tiancang suddenly turned into a half-human, half-dragon monster.

After changing into this form, Jian Tiancang's hands immediately turned into extremely sharp steel dragon claws, which seemed to be able to tear everything into pieces, and suddenly rushed in the direction of Ye Feng.

"boom!"

Ye Feng dodged the attack.

Jian Tiancang's steel dragon claws tore the entire life and death platform in half with a loud bang.

"So powerful!"

Everyone watching around couldn't help but exclaimed in surprise.

No one thought that the most powerful thing about this holy son of the Sword King Temple was not the sword, but a very special dragon blood fighting body!

At this moment, Ye Feng's eyes showed a flicker of light, and he instantly released the inheritance of Thunder God Crocodile.

"Thunder Shield!"

At this moment, around Ye Feng's body, thunder light shields flashing with thunder and lightning were immediately condensed, filled with the infinite and terrifying power of thunder and destruction, and they were bombarded towards Jian Tiancang in front of him.

"Rumble..."

Almost at the next moment, countless thunder light shields exploded around Jian Tiancang's body, producing endless terrifying light of thunder and lightning.

The destructive power of this kind of explosion is really terrifying.

Jian Tiancang was enveloped in the light waves of the thunder explosion, and the dragon scales on the entire body surface were blown to pieces at this moment, making Jian Tiancang howl in pain.

"Era Divine Fist!"

At this moment, Ye Feng once again blasted out the Divine Fist of Era. Suddenly, a fist composed of terrifying light was filled with unparalleled power, like an ancient emperor bombarding from ancient times, piercing the sky. All of a sudden, it hit Jian Tiancang hard.

"Crack!"

Even if Jian Tiancang is now burning his own dragon blood with all his strength and turning into this super-powerful half-human, half-dragon form, the moment he was shocked by Ye Feng's Era Divine Fist, his entire spine was shattered all at once. It broke directly into two halves.

"ah!!"

Jian Tiancang immediately let out an earth-shattering scream.

"hiss!"

Countless people around saw this scene, and they couldn't help but have deep horror in their eyes: "It's too scary! Is this Ye Feng still alive?"

Is it an outer elder? This kind of combat power simply surpasses many core elders in the inner sect! Even the Holy Son of the Sword Emperor Temple, a super genius like Jian Tiancang, was beaten so badly! "

Many people around him couldn't help but exclaimed in surprise, and their expressions showed deep shock.

As for the group of masters from the Sword Emperor Temple who had been shouting for Jian Tiancang at the beginning, their faces were extremely pale at this moment, and they did not dare to say anything more.

Because Jian Tiancang was in such a miserable state, he had obviously been suppressed to the extreme, and it was impossible to fight back.

"Boom!"

Next, Yiye Feng's extremely violent fist contained the terrifying brute force of the Brutal Power Gem and the energy of the Era Divine Fist, falling like raindrops on Jian Tiancang's body.

"Click, click..."

All the bones in Jian Tiancang's body were shattered by Ye Feng's bombardment.

The whole person suddenly lay limply on the ground, wailing in pain, unable to fight back at all.

"Son!"

"Ye Feng! You are just an outer elder! You cannot kill the Holy Son of our Sword Emperor Temple! Otherwise there will be extremely serious consequences!"

At this moment, a group of masters from the Sword Emperor Temple around the Life and Death Stage saw that Jian Tiancang was almost crippled, and they couldn't help but exclaimed in surprise.

Ye Feng was standing next to Jian Tiancang who was like a dead dog at this time, with a cruel look in his eyes, staring at the group of screaming members of the Sword Emperor Temple under the stage of life and death, and said with a cold smile: "Don't you know that we are on the stage of life and death now? I can't kill your Holy Son? Ridiculous!"

Boom!

Almost as soon as Ye Feng finished speaking, he stepped down hard, crushing Jian Tiancang's head in an instant.

The holy son of the Sword Emperor Temple died!

The whole place fell into dead silence instantly!

Chapter 2399 The Sword King Arrives

quiet!

Deadly quiet!

At this moment, the entire life and death platform fell into a deep silence.

Because no one expected that the person who died in the end would be the peerless Jian Tiancang.

Jiantian Cangsheng was the holy son of the Sword Emperor Temple, and he had always been a prominent figure in the Northern Immortal Palace.

In the eyes of many disciples, and even many inner sect elders, Jian Tiancang is that kind of super genius, a powerful and noble existence that cannot be touched.

But today, no one expected that a legendary figure like Jian Tiancang would fall on the stage of life and death.

And he was killed by a young outer sect elder who seemed unknown before.

"This outer sect elder seems to be called Ye Feng. After this battle, it is estimated that his fame will spread rapidly throughout the Northern Immortal Palace in an instant."

"You really became famous in one battle! Jian Tiancang's death was really tragic, his head was crushed to pieces."

"But if this Ye Feng doesn't have any background, the consequences will probably be very serious in the future, because Jian Tiancang is the holy son of the Sword Emperor Temple, and he is also a close disciple of the super big man "Sword Emperor" in the Sword Emperor Temple. Now Jian Tiancang If Tian Cang dies, it will probably cause a lot of trouble. "

...

At this time, many people around the life and death stage couldn't help but make noises, with deep shock in their eyes.

"Senior Brother Jian Tiancang, he died like this..."

At this moment, the group of members of the Sword Emperor Temple who followed Jian Tiancang had their eyes widened, their whole bodies trembling, and there was an unbelievable look in their eyes.

Obviously, they still don't want to believe that a super genius as powerful as Jian Tiancang died in the hands of Ye Feng, a small outer sect elder.

It's unbelievable!

Simply incredible!

At this time, Ye Feng

He squatted down and took out the storage ring on Jian Tiancang's body.

This is Ye Feng's trophy.

In addition, Ye Feng also put Jian Tiancang's body into his storage ring at this time, and then devoured it when no one was around.

After all, Jian Tiancang's cultivation is extremely powerful, and the huge skill contained in his body is absolutely extremely precious to Ye Feng.

It's a great tonic!

Ye Feng walked down from the stage of life and death at this time and wanted to leave the scene directly.

"Buzz!"

But suddenly at this moment, a terrifying and boundless force and momentum surged from a certain direction like a vast ocean, full of boundless power.

"That direction is the direction of the Sword Emperor Temple!"

"This kind of energy and momentum! It's so terrifying! It was definitely the Sword Emperor who took action!"

...

At this moment, everyone present could not help but have violent shock in their eyes.

"Boom!"

And at the next moment, accompanied by a terrifying roar, a middle-aged man wearing a bright yellow robe, exuding a terrifying sword light and momentum, suddenly appeared in everyone's field of vision.

This middle-aged man stood high in the sky. The moment he appeared, he looked like an emperor in martial arts. The terrifying aura exuded from him was like a vast ocean, covering it from high in the sky. It was like an ancient god standing in the void, giving everyone a deep sense of suffocation.

"Greetings to the Sword Emperor!"

a moment

At this moment, countless people from the Northern Immortal Palace present, whether they were ordinary disciples, core disciples, or some protectors and ordinary elders, were all clasping their fists and bowing in front of the Sword Emperor Temple. The Sword King saluted.

But at this time, Ye Feng's eyes were full of infinite coldness.

Because Ye Feng discovered that the moment the Sword King appeared, an extremely terrifying divine thought and will locked onto him in an instant.

Moreover, a terrifying and boundless aura rushed straight towards him, instantly locking the space around Ye Feng.

"Clang clang clang!"

For a moment, Ye Feng punched the surroundings wildly, but when his fist hit the space, it made a clanging sound like iron.

It turns out that the space around Ye Feng at this moment has become as if it was made of divine iron.

Now the void around Ye Feng is like pouring layers of solid molten iron. Although it is transparent, it is extremely solid.

Even Ye Feng cannot escape from this spatial prison at this moment! ??

Apparently, the Sword Emperor of the Sword Emperor Temple struck too quickly, and even Ye Feng had not reacted before he had already imprisoned Ye Feng in a small space prison.

At this moment, the Sword Emperor in bright yellow robes standing high in the sky stared at Ye Feng below, his tone full of endless indifference, and said aloud: "Why do you want to kill my disciple?"

Ye Feng was neither humble nor arrogant at this time. He raised his head and said loudly: "He wanted to take the initiative to go to the stage of life and death with me. I agreed. Now that he is not as skilled as me, I will kill him. Is there anything wrong with this? Going to the stage of life and death is... The winner lives and the loser dies. Don't you know this, Sword Emperor?"

"presumptuous!"

Suddenly two guardians appeared beside the Sword Emperor.

\u003c

br\u003e The two guardians of the Sword Emperor Temple stared at Ye Feng and immediately said: "Boy! You are too presumptuous! How dare you speak to our Lord Sword Emperor like this? What crime should you deserve! And you also killed him Killing the Holy Son of our Sword King Temple! This is a heinous crime!"

"Hahaha!"

At this moment, Ye Feng burst out laughing and said, "It was your holy son from the Sword King Temple who wanted to kill me first. He wanted to go to the stage of life and death with me. It is only natural that I kill him!"

"shut up!"

A guardian beside the Sword Emperor immediately shouted: "I will arrest you first!"

The moment the protector finished speaking, an extremely powerful aura suddenly burst out from his body, and he rushed towards Ye Feng in an instant.

This protector of the Sword Emperor Temple, as a subordinate of the Sword Emperor, is naturally extremely powerful in cultivation and power, and is not something Ye Feng can temporarily resist.

But Ye Feng was still full of fighting spirit at this time, and seemed to want to fight.

But just at the moment when the protector of the Sword Emperor Temple rushed in front of Ye Feng,

"Buzz!"

Suddenly, the guardian's entire body was locked in the void involuntarily, and his entire body was unable to move.

"what's the situation?"

The protector of the Sword Emperor Temple was immediately shocked.

At this moment, the Sword Emperor suddenly looked at a certain direction not far away and said loudly: "Master of the Temple of Nature, are you going to stand up for this boy?"

"The Master of the Natural Temple!"

"It's the most mysterious female palace master!"

At this moment, when everyone heard the Sword Emperor's voice, they all immediately looked in that direction, their eyes full of surprise.

Chapter 2400 Long-lasting memories and experiences

The master of the natural temple?

Ye Feng also had a look of surprise in his eyes at this time, looking in the direction not far away.

I saw a hazy figure in white walking slowly from a certain direction not far away, at the end of the sky.

This figure's whole body was shrouded in white light, looking looming.

It feels like a fairy from nine heavens has descended into the mortal world, full of a deep sense of mystery and remoteness.

This hazy figure whose true identity is unknown is the master of the most mysterious natural temple among the nine temples in the Northern Immortal Palace!

Everyone knows that the master of the Natural Temple is an extremely mysterious existence.

It is said that she is a woman of extraordinary beauty.

There are also rumors that she is not just the master of a temple in the Northern Immortal Palace.

It is said that even the supreme leader of the Northern Immortal Palace is very polite to the master of the Natural Temple.

If the most famous among the nine major temples, it is naturally Xiao Tianshen, the head of the Tianshen Temple.

But if among the nine masters of the temple, who is the most mysterious and unpredictable, it must be the master of the natural temple in front of him.

Because no one has ever seen the master of the Natural Temple take action with all his strength.

Moreover, the inheritance of the Natural Temple is related to the most mysterious natural avenue in the world, and is even unique in the God Realm, so it makes people feel very mysterious and unpredictable.

At this moment, the moment the master of the Natural Temple appeared, he immediately attracted the attention of everyone in the room.

Even the Sword Emperor of the Sword Emperor Temple showed an imperceptible fear in his eyes at this moment, and said slowly: "Zeng Rou, although you are the master of the Natural Temple, it does not mean that I am afraid. Besides, this kid named Ye Feng has nothing to do with your Nature Temple, so why do you want to protect him?"

Zeng Rou, the master of the Temple of Nature, was shrouded in a hazy light at this time, and a pleasant voice like running water came out: "Although Ye Feng has nothing to do with our Temple of Nature, he was once in the Temple of Nature. The saint Lan Yuexi of my Nature Temple was saved in the wilderness, so I will naturally help him. My Nature Temple is a place that repays kindness. "

"you.....!"

The Sword Emperor couldn't help but his eyes darkened immediately, and then he said loudly: "Do you want to fight me? I am no longer the weak me I was back then."

After the Sword Emperor finished speaking, many people present in the Northern Immortal Palace could not help but look shocked.

From what it sounds like, the Sword Emperor of the Sword Emperor Temple seems to have had a spar with the master of the Natural Temple, and seemed to have been defeated by the master of the Natural Temple.

At this time, the master of the Temple of Nature flew to Ye Feng's side, stretched out a slender white palm, and flicked it in Ye Feng's direction.

Buzz!

The void confinement around Ye Feng, which was like divine iron, dissipated in an instant.

Ye Feng immediately breathed a sigh of relief, hugged his fists to the master of the Temple of Nature next to him, and said loudly: "Thank you, senior, for your rescue."

At this time, the beautiful eyes of the master of the Temple of Nature came out from the hazy divine light, staring at Ye Feng, and said loudly: "I should thank you first for saving my disciple Lan Yuexi."

Ye Feng smiled and said: "Lan Yuexi and I are from the same sect. When I see Lan Yuexi in danger, I naturally want to help."

And just when the master of the Natural Temple was chatting with Ye Feng.

The ignored Sword Emperor not far away suddenly burst out with a terrifying sword light that penetrated the sky and the earth. He suddenly shouted: "Master of the Temple of Nature! You are too arrogant! Today I will use my sword power that I have practiced for thousands of years to kill you directly!"

Boom!

The moment the Sword Emperor's words fell, a terrifying and boundless sword light spread across the sky and the earth, full of unparalleled terrifying destructive power. In an instant, it struck in the direction of Ye Feng and the master of the Temple of Nature.

"too horrible!"

At this moment, countless disciples and elders from the Northern Immortal Palace around them were all affected by this sword, feeling that their entire bodies were about to be broken.

After all, the Sword Emperor, the master of the Sword Emperor Temple, is the pinnacle of the nine temples.

After he took action, the attack power and destructive power generated were naturally terrifying to the extreme.

Suddenly at this moment, the master of the Temple of Nature slowly stretched out a hand and said, "Help me resist the power of nature."

Buzz!

Almost at the moment when the master of the Temple of Nature finished speaking, the stars in the entire universe began to shift.

The entire heaven, earth, universe and nature, at this moment, released a boundless and majestic power. In the hands of the master of the Temple of Nature, the terrifying sword light of the Sword Emperor bombarded not far away, It was ground to pieces in an instant.

Even the Sword Emperor, the master of the Sword Emperor Temple, a super strong man, had his entire body rapidly disintegrating at this moment.

"Damn it! I still can't crack your way of nature!" ??

At this time, the Sword Emperor suddenly retreated, leaving behind an angry voice, and disappeared. Apparently he no longer wanted to be an enemy of the Master of the Natural Temple.

"hiss!"

Seeing this scene, everyone present was deeply shocked.

At that moment, the master of the Temple of Nature stretched out a hand, and the whole sky and earth, nature and stars were shifting.

It's like the entire universe is in her hands.

It really shocked everyone to this kind of power!

"This Master of the Natural Temple is really terrifying!"

At this time, everyone couldn't help but exclaimed.

And at this time.

The master of the Temple of Nature grabbed Ye Feng's shoulders and disappeared in a flash.

Only a broken life and death platform was left on the scene.

Everyone was so sad when they saw this.

But everyone knows it.

After this battle, Ye Feng's name will definitely spread throughout the Northern Immortal Palace.

...

At this moment, Ye Feng followed the Natural Temple and arrived at the center of the Natural Temple area.

High in the sky here, there is a white jade palace suspended.

At this time, the master of the Natural Temple came with Ye Feng

Arriving at the White Jade Palace.

Ye Feng said with some confusion: "Senior, why did you bring me here?"

The master of the Temple of Nature smiled and said: "Actually, you and I have had a common experience, but it's been too long, maybe you have forgotten it."

At this time, the master of the Temple of Nature dispersed the hazy divine light around her, revealing her perfect figure and a stunningly beautiful face.

Ye Feng was slightly stunned by the beautiful true appearance of the master of the Temple of Nature.

Ye Feng couldn't help but said: "I feel that the palace master is a bit familiar, but I can't remember when I met the palace master."

Ye Feng also had some doubts in his heart at this time. After all, the master of the natural temple in front of him was the master of the temple of the fairy palace in the northern land of the entire God Realm.

Did you come into contact with such a big shot many years ago?

And also have a common experience?

The master of the Temple of Nature also showed a hint of reminiscence at this time and said: "Then let me tell you. You also know my name now. My name is Zeng Rou. I practiced a secret technique many years ago. When I was a child, there was a period of time when I transformed into a mortal. Transforming into a mortal meant becoming a mortal warrior, entering a low-level interface to experience, and thereby breaking through my own state of mind. I remember at that time that I descended from the divine world to a very low-level interface. That low-level interface seems to be called the spirit world. I landed in a place called Longyuan Continent in the endless ocean at the center of the spirit world. I once experienced life in a small city in Longyuan Continent. That small city seemed to be called Taiyuan City. At that time, The city lord invited me, and you, Ye Feng, to look for a special spiritual tree called the Jianyi Ancient Tea Tree. However, the city lord was bewitched by a big monster. In the end, you and I teamed up to successfully escape. You ended up collecting a few Thousands of Jianyi tea leaves, and I took away the tea tree itself. I said at that time that I will remember that experience. If you can meet me again in the future, I will tell you who I am. I didn't expect that we would see each other again after so many years."

Hearing Zeng Rou, the master of the Temple of Nature, say this at this time, Ye Feng suddenly remembered something. At that time, he seemed to have entered the journey of cultivation not long ago. In Taiyuan City, Ye Feng still remembered that he seemed to have been in that place. An iron-handed robber was also killed in the city.

Unexpectedly, I had such a connection with the master of the Temple of Nature.
