

Ancient 24

Chapter 24 Ancient Tribe

Everyone looked solemnly at the young man in white in the center of the martial arts arena.

"This is an extremely powerful sword intent, and it is even close to touching the realm of the Sword King!" Ye Shenyue's beautiful eyes were startled.

The eldest lady of the Ye Clan was shocked and happy at the same time. She came from the Sword Sect and was naturally very sensitive to the sword's intention.

"It's not just as simple as the Sword King..." an old man from the city lord's mansion standing behind Chuhe said, "The strength of the sword in this young man in white is indeed that of a junior sword king, but in addition, I also feel It has a strong sword power."

"The power of the sword?!"

Chu He and Ye Shenyue exclaimed in unison at this moment.

Then Chu He's eyes turned gloomy.

Ye Shenyue's face was full of surprise.

The power of the sword is an ability that only the legendary emperor of swordsmanship and the realm of sword emperor can possess!

The sword has become the general trend of heaven and earth. The sword of heaven and earth is unstoppable. With a sword in your hand, you can look down on the world!

"He must have a very rare inheritance of swordsmanship. He is just an adopted son of a small family. How did he get it?"

Chu He was shocked, but immediately, in addition to gloominess, there was also a greedy killing intent in his eyes.

He guessed that this Ye Feng probably accidentally encountered the inheritance of an ancient swordsman in the wilderness, and that's why he became such a monster.

"Damn it! I have been in Nanyang County for so many years, but I have never encountered such a chance! Ye Feng, Ye Feng, the inheritance of swordsmanship in you is destined to belong to me!"

Chu He, the young city lord of Nanyang County, was filled with jealousy and greed.

But he didn't show it, he just stared at Ye Feng not far away with his viper-like eyes.

"boom!"

Suddenly here

At this moment, Ye Feng suddenly burst out with a monstrous sword intent.

A formed sword heart finally condensed successfully in his body.

At this moment, Ye Feng officially stepped into the realm of Sword King!

"It's done!"

"He succeeded!"

"I didn't expect that a young sword king would appear in our Nanyang County City!"

Even though a large group of people were Chu He's subordinates, they couldn't help but admire them at this moment.

There was even an old man who whispered to Chu He not to provoke a young sword king and not to make enemies with him.

This made Chu He's eyes become even more gloomy.

"Ye Feng, I didn't expect you to actually achieve the realm of Sword King!"

Ye Shenyue's graceful figure flashed, and she came directly in front of Ye Feng, grabbed his hands, and cried out in surprise.

Ye Feng felt the soft touch of those small white jade hands and couldn't help but smile and said: "Young lady, you don't need to be so excited, you are just a junior sword king."

Ye Shenyue immediately rolled her eyes at him and said: "The realm of Sword King is very rare, especially at your age. Even Jian Wushuang, the direct disciple of our Sword Sect master, is the number one kendo genius in Sword Sect. Half a year ago, you entered the realm of the Sword King, and your qualifications are enough to be called a peerless genius."

Ye Feng's eyes moved and he said: "Then I must have the qualifications to join the Sword Sect."

"That's for sure!"

Ye Shenyue smiled and said: "This time, even if I don't recommend you, if you go directly to the Sword Sect, there will be a lot of elders who want to accept you as a disciple."

Chu River is not far away

Feeling a little impatient, he walked over directly and said coldly: "Junior sister Ye, little brother Ye Feng, are you done talking? We can go on the road directly after we talk. The sect's mission is urgent, so it's best not to delay."

"Okay, let's go." Ye Shenyue nodded. This time the Demonic Blood Sect has resurfaced in the Great Yan Dynasty, and we really need to be vigilant.

Ye Feng also nodded. He looked around and found no sign of the old man in Mai. He could only wait until next time to thank this strange old man.

That shocking sword had a monstrous sword power. It was imprinted in his memory by Ye Feng, which was enough for him to comprehend it for a long time and provide endless benefits.

At this time, Ye Feng also understood that the real way of swordsmanship is not the flashy swordsmanship, but the extreme coldness that tears everything apart in an instant!

...

Everyone moved very quickly, and in a blink of an eye they had left Nanyang County and arrived in the wilderness.

Beyond this wilderness is the Great Wilderness Area, which is an area full of dangers for many warriors in Nanyang County.

But at this time, there were three powerful young geniuses, Chu He, Ye Shenyue, and Ye Feng, as well as a group of powerful guards from the city lord's mansion. This group of teams was very powerful. Many ferocious beasts fled after hearing the news, and they were not able to escape at all. Dare to provoke.

After going deep into the wilderness area, Chu He looked at the map in his hand, pointed in a certain direction, and said: "Let's investigate from the nearest mountain village first. According to the report from the spies of the city lord's palace, it is said that many primitive tribes in the wilderness have been possessed by demons. The Blood Gate was washed away with blood."??

Ye Shenyue's expression was solemn, and she nodded and said: "Okay, these Senior Brother Chu know more than us, so we will follow your arrangements, Senior Brother Chu."

Ye Feng on the side also nodded. This time he decided to follow not only because he wanted to join the Sword Sect, but also because he wanted to have some experience and sharpen his cultivation and swordsmanship.

The leaders on the road were still two Sword Sect disciples, Chu He and Ye Shenyue.

The group of people followed the map and shuttled through the wilderness area. After walking for a long time, they finally arrived in front of a mountain village.

It is more like an ancient tribe in the wilderness than a village.

The entire village and tribe were in ruins, and the houses made of earth and stone had all collapsed. On the ground were corpses, including old people and children. They all died miserably and were disemboweled.

Everyone looked at this tragic situation, their eyes suddenly turned red, and a kind of overwhelming anger arose in their hearts.

The demons from the Demonic Blood Sect showed up and massacred people in a village, and maybe this wasn't the only mountain village to be massacred.

This group of demons did not dare to step into the real big city territory of the Great Yan Dynasty, but they ran rampant in the wilderness, burning, killing and looting.

"They are accumulating strength." Ye Shenyue spoke up. She walked to the gate of the tribe and saw a dead beast.

This savage beast is huge in size, in the shape of a giant wolf, but its body is covered with black scales. It is a relic of the ancient bloodline in the wild forest, and it is extremely powerful.

But it died at this time, the precious blood in its body was drained by a cruel method, and the precious bones of the beast that it gave birth to disappeared.

"This giant wolf covered with scales should be the sacrificial spirit of this tribe. He died fighting to protect the tribe." Behind the scenes, some powerful elders spoke up. They were well-informed and could see this giant wolf. identity of.

Ye Shenyue's beautiful eyes were red at this time. Ye Feng walked over, patted Ye Shenyue's shoulder, and said: "Miss, wait until you find those demons from the Demonic Blood Sect and kill them all."

"Um."

Ye Shenyue turned around, looked at Ye Feng's comforting eyes, and nodded heavily.
