

Ancient 2401

Chapter 2401 Ninth Elder Yan Qingcheng

After the two recalled that ancient memory together.

The master of the Temple of Nature immediately spoke up and said: "Ye Feng, I didn't expect that you could reach this point today. I didn't expect you to progress so fast. I thought we would never meet again in this life. "

Ye Feng smiled and said: "We will meet if we are destined."

The Master of the Temple of Nature also had a complicated look in his eyes, and then he said aloud: "Master of the Sword Emperor Temple, I probably won't let you go just like that. I heard Lan Yuexi say that you have to participate in the next internal meeting. Sect elders' assessment test?"

Ye Feng nodded and said: "Yes, I have signed up to participate in the next inner sect elder assessment trial, because I want to become an inner sect elder of the Northern Immortal Palace. In this case, my status will become The higher the salary, the better the benefits will be."

The master of the Temple of Nature nodded and said aloud: "Participating in the Inner Sect Elder Assessment is a good choice. If you become the Inner Sect Elder of our Northern Immortal Palace, then you will have greater rights. One thing, even if others want to harm you, they must take your identity into consideration."

Ye Feng nodded, and then said aloud: "Then I'll take my leave first. The examination and trial of the inner sect elders is probably about to begin, and I have to go back and prepare."

The master of the Temple of Nature nodded immediately: "Okay, by the way, you should wear this jade pendant with you. It can protect your safety when necessary."

At this time, the master of the Natural Temple said, a white jade pendant appeared in his hand and handed it to Ye Feng.

"Thank you!"

Ye Feng's eyes lit up and he immediately took the white jade pendant in his hand.

Ye Feng can feel that this piece of white jade pendant contains extremely majestic natural power. Once released, it can definitely explode with extremely powerful attack power.

When Ye Feng left the Temple of Nature and returned to his mansion.

Ye Feng directly chose to retreat.

First of all, Ye Feng will start from the biography

The three sets of inherited martial arts obtained in the Chengdian Hall, the Dragon Footwork, the Starlight Breathing Technique, and the Thunder Sky Splitting Slash, were all successfully practiced.

Then Ye Feng took Jian Tiancang, the holy son of the Sword Emperor Temple, out of the storage ring.

Then Ye Feng directly released the Devouring Domain!

Boom!

Suddenly, a majestic power was absorbed by Ye Feng, and then it crazily strengthened Ye Feng's own power.

"Rumble..."

Ye Feng's cultivation level immediately began to break through.

"Boom!"

The second level of the Six Paths of Reincarnation Realm!

"Boom!"

The third heaven of the six realms of reincarnation!

"Boom!"

The fourth level of the Six Paths of Reincarnation Realm!

At this moment, Ye Feng's cultivation breakthrough finally stopped.

A Jian Tian Cang suddenly made Ye Feng's cultivation level break through the third level.

I have to say that this is already a great supplement.

Ye Feng stood up.

At this time, he calculated the time and found that the inner door assessment pilot should have already started.

Ye Feng walked out of the big house where he lived and walked towards the Immortal Hall.

Because every time the inner sect elders are tested and tested, they must first gather in the Immortal Hall, and everyone must be there before setting off.

Ye Feng soon arrived at the Immortal Hall area.

At this time, he saw it immediately.

The white jade square of the Immortal Hall was already filled with densely packed people.

These people are all at level ten

Very powerful.

However, most of them are in the Wuji Realm, which is lower than the Six Paths of Reincarnation Realm.

After all, most of the outer sect elders who want to certify the inner sect elders have a much lower level of cultivation than Ye Feng does now.

However, among this group of outer sect elders, there are also many beings at the Six Paths of Reincarnation level.

There were even several breaths, and even Ye Feng felt a little bit of fear.

Obviously, there are also hidden dragons and crouching tigers among the elders of the outer sect, and they are not all weak as imagined.

Ye Feng did not be too high-profile, but walked directly into the crowd without disturbing anyone.

Although the previous battle with Jian Tiancang, the Saint Son of the Sword Emperor Temple, made Ye Feng's name spread throughout the Northern Immortal Palace.

But the number of people watching around the life and death stage at that time was not as large as expected.

So not many people really know Ye Feng.

But many people have heard of Ye Feng's name.

Sure enough, there were several outer elders discussing Ye Feng around him.

"Have you heard? A super powerful elder came out of our outer sect, and he even killed the Holy Son of the Sword Emperor Temple!"

"I've heard about that life-and-death battle! The outer elder seems to be named Ye Feng. He is indeed very powerful, and his relationship with the mysterious female temple master of the Nature Temple is very imaginative. What a good luck."

"I guess this Ye Feng will definitely take part in the inner sect elder assessment this time. I guess he will be the first. His combat power is too strong!"

"That's not necessarily true! There are still many amazing elders in our outer sect. In this inner sect assessment trial, many powerful outer sect elders who were in seclusion have left seclusion because of this. An inner sect assessment seems to involve competing with many overlord forces outside our northern land, so the sect requires many powerful

All the outer sect elders must participate in this inner sect elder assessment to bring glory to our Northern Immortal Palace! "

...

At this time, a group of outer sect elders around them started talking.

Ye Feng heard these discussions and remained silent.

Ye Feng didn't want to be too ostentatious this time, otherwise he would be regarded as a thorn in others' eyes, which would feel very bad.

Ye Feng participated in this inner sect elder trial. In addition to being certified as an inner sect elder of the Northern Immortal Palace, Ye Feng also wanted to silently compete for opportunities and fortunes in the trial to increase his strength.

At this time, Ye Feng's pressure was still quite high.

Because Ye Feng is now in the Northern Immortal Palace, in addition to Xiao Tianshen, the master of the Tianshen Temple, he has another enemy, and that is the Sword Emperor, the master of the Sword Emperor Temple.

Although the Sword Emperor is not as powerful as Xiao Tianshen, he is definitely a super strong man.

Therefore, Ye Feng's current vision and goal is no longer to become a strong person among his generation, but to surpass those strong people of the older generation who have been practicing for many years.

Those big figures at the level of the masters of the nine major temples are Ye Feng's target now!

At this moment, with the passage of time, more and more outer sect elders gathered in the white jade square outside the newcomer's hall.

"Dong..."

Finally, there was a loud sound of bells.

Buzz!

A beautiful woman in a purple dress, who looked mature and aloof, appeared at the front of many outer sect elders.

This beautiful woman in a purple dress said loudly: "I am the ninth elder of the inner sect, Yan Qingcheng. This time, I will lead the inner sect elder assessment trial, and then all of you will have to do it." Obey my orders and follow me, or don't blame me for being rude!"

Chapter 2402 The Ancient Demon Realm

Although the ninth elder, Yan Qingcheng, one of the ten elders of the inner sect, is a woman, her cultivation aura fluctuates extremely powerfully, and her tone of voice is also very determined and domineering. She is obviously a very domineering woman.

"I didn't expect that this time the person leading our inner sect elders' assessment would be Elder Yan Qingcheng!"

"This is one of the three beauties from the inner sect of our Northern Immortal Palace! This time is truly an honor!"

"Who are the other two beauties?"

"The other two beauties are the master of the natural temple and the saint."

...

At this time, the entire field was in a state of excitement because of Yan Qingcheng's arrival.

Because Yan Qingcheng's reputation is really too big.

Not just one of the three inner beauties.

And his own strength is also very powerful, enough to intimidate the heroes, otherwise it would be impossible to become one of the top ten elders of the inner sect.

You know, the top ten elders of the inner sect are much more valuable than the top ten elders of the outer sect.

The outer door is full of miscellaneous fish.

But there are hidden dragons and crouching tigers in the inner gate.

There are countless strong men in the inner sect.

To be able to stand out among countless strong men and become one of the top ten elders of the inner sect is definitely a sign of true talent and hard work.

At this moment, on the White Jade Square, Ninth Elder Yan Qingcheng said: "Let me briefly introduce this time's inner sect elder assessment. This time is different from the past. In the past, we conducted the trial in separate circles. But this time we are going to a place we have never been to, and the big shots in the sect have not explored it, so there may be huge unknown risks, but this time is very important, because this time it is not just yours The trial is a battlefield to compete with several overlord forces around the northern land. What we are about to enter is a small world that has never been explored before. It is just discovered called the Ancient Demon Realm, which contains countless treasures. of

Opportunities are created, and I hope that each of you can obtain rich resources and improve yourself. "

"The Ancient Demon Realm?"

At this moment, hearing Ninth Elder Yan Qingcheng say this, many outer sect elders suddenly showed traces of surprise on their faces.

The Ancient Demon Realm, this sounds very dangerous.

But many outer sect elders are also eager to try.

Because this will be an opportunity for them to completely transform.

In the past, the examinations and trials of the inner sect elders were held in very safe places, without any great danger, but resources were also very scarce.

But this time, the trial was in a small world that sounded very ancient, such as the Ancient Demon Realm. It must contain very huge cultivation resources, otherwise it would be impossible for so many overlord forces to participate.

At this moment, an outer sect elder in the crowd couldn't help but asked: "Ninth Elder, I would like to ask, since we are participating in this trial with other people from the overlord forces, what about our North Does Yuxian Palace still conduct rankings? "

Yan Qingcheng smiled slightly and nodded, and said: "Of course you will be ranked. The ranking will be based on the inherited martial arts you have obtained in the Ancient Demon Realm. Treasure resources and other things, if you have obtained them in the Ancient Demon Realm, you can Keep it for yourself, we will not search you, but if you get some inheritance or secret books from ancient powerful people from the ancient demon realm, you can practice it yourself, but you can also choose to make a copy for the sect. According to your The grade of the inherited secret book of the ancient powerful city will be used to calculate the score you get. The higher the grade, the higher the final assessment score you will get. This is the greatest respect that the upper levels of the sect can give you. "

At this moment Yan Qingcheng

After finishing speaking, the thousands of outer sect elders present all nodded.

They still agreed with this decision and had no objections.

Because if they can get the top few, the upper echelons of the sect will also reward them with very rich resources, in order to reward the hard work of many outer sect elders.

After all, water can carry a boat, but it can also overturn it.

The stronger the group of members who make up the Northern Immortal Palace, the stronger the overall strength of the entire Northern Immortal Palace.

Therefore, members of the Northern Immortal Palace and the Northern Immortal Palace complement each other.

Many outer sect elders work hard to cultivate, and the upper levels of the Northern Immortal Palace will naturally provide sufficient support and rewards.

After all, these outer sect elders who can participate in the inner sect elders assessment have huge potential in the future.

Maybe some of the future giants of the Northern Immortal Palace will appear among this group of outer sect elders.

Next, Yan Qingcheng said aloud: "Since everyone is here, let's set off."

After the words fell.

Yan Qingcheng waved her hand.

"Boom!"

Suddenly, a mountain not far away from the Immortal Hall exploded.

A golden dragon flew over from inside the exploding mountain in an instant.

Yan Qingcheng jumped up, and her graceful body was already standing on top of the golden dragon's head.

This golden dragon is extremely huge, just like a continuous golden mountain range, very majestic and magnificent.

At this moment, Yan Qingcheng stood on the golden dragon head and said to a group of outer sect elders on the White Jade Square: "Come up, all of you, stand on the back of the golden dragon, and we will go directly to that ancient place. Demonic realm."

This golden dragon should be surrounded by the Immortal Palace in the Northern Territory

Raised an extremely miraculous ancient relic.

It is very convenient to transport large numbers of people.

And with the pressure of the golden dragon along the way, no one would be offended.

And it's very cool.

After all, this time, other overlord forces entered the ancient demonic realm together.

So you must have enough face.

The Northern Immortal Palace directly asked Yan Qingcheng to dispatch the golden dragon.

"Rumble..."

When everyone stood on the back of the golden dragon, the golden dragon instantly rushed into the sky, soared in the clouds and mist, and sped away in a certain direction in the distance.

Ye Feng was also standing in the crowd at this time, stepping on the thick scales of the golden dragon.

Ye Feng looked at the rapidly retreating scene below, and he was increasingly looking forward to this trial of the inner sect elders.

Because the Northern Immortal Palace seemed to attach great importance to this trial, the Ancient Demon Realm that they entered this time was definitely a very ancient small world, and there must be great opportunities hidden in it.

The place Ye Feng wants to go most is this ancient ruins world that contains all kinds of opportunities.

However, Ye Feng himself could not find such a special place at all, but with the help of the Northern Immortal Palace, Ye Feng could indeed easily enter this small world of ancient ruins that could not be found.

This is also the reason why many people strive to join the overlord force.

Because the overlord force stands at the pinnacle of the entire earth, it naturally has an incomparable amount of resources and information.

If a genius cultivates on his own, it is very likely that he will disappear from the public.

But if a true genius can be among the overlords and rely on the east wind of the overlords, then the roc will ride on the wind and skyrocket to ninety thousand miles in one day!

Chapter 2403 The Overlord of the Western Regions

The golden dragon was very fast, leaping quickly above the clouds and mist. Soon it crossed thousands of miles of rivers and mountains and arrived at the end of the northern land.

Here is an endless blue ocean.

The sea breeze mixed with salty smell blows from a distance, giving people a very refreshing feeling.

At this time, Yan Qingcheng stood on top of the golden dragon's head and said, "Let's land."

Boom!

When the golden dragon heard the order, it immediately danced its huge dragon body, landed from the sky, and landed directly on a golden beach.

Yan Qingcheng said to the thousands of outer sect elders on the dragon's back: "We have arrived at our destination, everyone, please come down."

"Yes, Ninth Elder!"

One by one, the outer sect elders quickly got off the dragon's back and stood on the golden beach.

At this time, everyone looked not far away. It was an endless blue ocean, which gave people a very majestic and vast feeling.

At this moment, an outer sect elder asked: "How should we enter the Ancient Demon Realm now?"

Yan Qingcheng said aloud: "There is no rush for now, wait for the other overlord forces to come, and then we will open the Ancient Demon Realm together. At this time, the top leaders of the major forces have jointly discussed the results, and we cannot open it privately."

After hearing this, everyone nodded and said nothing more.

Many outer sect elders were sitting cross-legged and practicing quickly.

Because they don't want to waste time, they all want to practice every second as quickly as possible and improve their strength as soon as possible.

Because this time the inner sect elders assessment trial is different from the past.

In the past, it was always in a relatively safe area, and it was an internal trial within the Northern Immortal Palace. It was basically just a formality, and then I became an inner sect elder.

But this time it doesn't seem to be the case.

This time we will compete with several other overlord forces.

.

Moreover, whoever entered the ancient demonic realm did not know what was inside. This seemed to be a small world of relics passed down from ancient times.

So there may be huge dangers involved.

More outer sect elders began to practice non-stop at this time, thinking that they could improve their strength to a better state as much as possible before entering the Ancient Demon Realm.

In this case, it would be easy to enter the Ancient Demon Realm.

Because many outer sect elders know that the Ancient Demonic Realm that they entered this time has masters from other overlord forces. When the time comes, they will inevitably fight fiercely to fight for the treasures.

Therefore, this trial is very dangerous, and many elders outside take it very seriously.

Ye Feng stayed among the crowd at this time and was practicing silently.

He is constantly comprehending several powerful inheritances in himself.

They are the inheritance of the Great Emperor of the Era, the Hegemonic Art of the Era and the Divine Fist of the Era.

There are also three sets of inheritances that were previously obtained from the inheritance temple, the divine dragon footwork, the starlight breathing method, and the thunder splitting air slash.

These are the most powerful martial arts inheritance that Ye Feng can use now.

If he could comprehend it more deeply, he would definitely be able to unleash even more powerful power from Ye Feng.

At this moment, Yan Qingcheng was silent for a while, and then said to everyone: "I think you have probably imagined the situation after entering the Ancient Demon Realm this time, so this time you enter the Ancient Demon Realm. Please don't show mercy to me. If there are masters from other overlord forces snatching treasures from you, kill them directly, or form a team with several people. Anyway, you must survive. This is the ultimate goal. Are you clear? ?"

"Clear!"

Many elders outside all said in unison.

At this time, the atmosphere suddenly became a little tense.

It's like he's about to go to war. ??

Ye Feng's eyes were extremely calm, because what he liked most was this kind of brutal fighting zone.

You can devour it to your heart's content.

Continuously grow your own strength.

But of course Ye Feng was wary in his heart.

After all, there are experts from other overlord forces participating this time, and there may also be other powerful enemies.

Moreover, this small world of ruins that has never been explored by anyone in the Ancient Demon Realm must also contain some local dangers.

Therefore, Ye Feng naturally had to be vigilant, otherwise it would be really embarrassing if the boat capsized in the gutter.

Just half an hour later.

"Rumble!"

At the end of the distant sky, a huge white jade warship suddenly came over.

This warship is very majestic and huge, like a mountain. It looks extremely majestic and full of boundless momentum.

Coming with a rumble.

It's like crushing everything.

It gave everyone a suffocating feeling.

"snort!"

But at this time, Yan Qingcheng suddenly snorted coldly.

It was the oppressive atmosphere created by that white jade warship that was broken in an instant.

Yan Qingcheng looked at the huge white jade warship not far away, and said with a sneer: "We haven't even entered the Ancient Demonic Realm yet, and they are already so hostile to our Immortal Palace in the Northern Region. The God of Law Sect in the Western Region, you are too presumptuous!"

After Yan Qingcheng finished speaking, the white jade warship suddenly appeared in the sky.

stopped on.

"Hahaha! Miss Qingcheng, I haven't seen you for so many years, but your temper is still as fiery as ever."

At this time, accompanied by a hearty male laughter, a young man wearing a blue robe appeared at the front of the white jade warship.

The cultivation aura of this young man in a blue robe is extremely huge, giving people an unfathomable feeling.

Moreover, this young man in blue robe is holding a blue scepter in his hand. He looks quite noble, and he has the feeling of a legendary archmage.

At this moment, everyone in the Northern Immortal Palace saw a group of outer sect elders from the God of Law standing on the white jade warship who participated in this assessment trial. They were all wearing very elegant robes. Moreover, he held a series of scepters of different colors in his hands, and the top of the scepter was inlaid with a crystal gem, which looked very elegant and classic.

This is the Fashen Sect from the Western Regions.

The Fashen Sect is a very mysterious overlord force. The entire sect practices a power called magic.

The attacks they perform are basically long-range magic attacks, and many of them require the use of scepters in their hands to increase the intensity of the magic. They are a group of people who are not easy to mess with.

At this moment, suddenly a group of masters wearing blood-colored robes flew over not far away.

They didn't take any transportation, they just flew past like a blood cloud from a short distance away.

"The second overlord force in the Western Region, the Blood God Palace! They practice an extremely weird Blood God inheritance! Just like the blood-sucking demon clan! If you encounter this group of Blood God Palace guys in the Ancient Demon Realm, you will definitely be careful!"

At this time, Yan Qingcheng explained to a group of outer elders from the Northern Immortal Palace around him. Even this strong woman showed a trace of fear in her eyes, and then she said aloud: "The last one left is The dominant force in the Eastern Region is the Barbarian God Empire. The Eastern Region is a unified empire with the strongest strength."

Chapter 2404 Entering the Space Vortex

After Yan Qingcheng finished speaking, the group of people present couldn't help but have a hint of surprise in their eyes.

The Eastern Region is a unified empire called the Barbarian God Empire.

It's a very magical place.

It is said that the Barbarian God Empire is now rapidly expanding its territory and seems to want to compete with the land at the center of the God Realm.

But in the eyes of many people, this is just a joke.

Because the land at the center of the God Realm represents the most glorious place where martial arts flourish.

It is simply not comparable to several other domains.

There is even a very sad fact, that is why the forces in the center of the God Realm do not take action against the forces in other domains. The main reason is that they look down on these surrounding remote areas.

Therefore, many people feel that if the Barbarian God Empire, the dominant force in the Eastern Region, really arouses the anger of some superpowers in the center of the God Realm, it may be wiped out overnight.

At this moment.

"Boom!"

Suddenly, in a certain direction not far away, at the end of the vast blue sea, a huge cruise ship slowly came over.

On top of this huge cruise ship, stood soldiers wearing golden armor, led by a general wearing pitch black armor, holding a long sword in his hand, looking fierce.

"That is the master of the Eastern Barbarian God Empire!"

"Sure enough, they are different from the masters of our sect. All of them are wearing armor, holding long swords in their hands, and they look like evil spirits."

...

At this moment, the Northern Immortal Palace, which had arrived at the edge of the ocean, as well as the overlord forces such as the Law God Sect and the Blood God Palace, could not help but speak out.

The Barbarian God Empire is worthy of being the unified empire of the Eastern Region. This time it entered the Ancient Demonic Realm and directly led and trained a large number of armies, which was really unimaginable.

At this moment, the leading general wearing pitch black armor laughed loudly and said: "Everyone has arrived first. Sure enough, our Eastern Region is still the farthest from here. But fortunately, we cast

An extremely powerful war cruise ship was built that could be used to cross the boundless ocean. "

A group of magicians from the Fashen Sect who practice magic seem to have a feud with the Barbarian God Empire. At this moment, the leader of the Fashen Sect, a master of the Sect, said with a sullen face: "If you are late, you are late. What excuse can you make, and on purpose?" It's really ridiculous to show off this huge sailing ship you have built."

"snort."

The dark-armored general from the Barbarian God Empire just snorted and said nothing more.

At this time, Yan Qingcheng, who was leading the team from the Northern Immortal Palace, said: "Now that everyone has arrived, let's take out the tokens given to us by the top figures in our respective forces and open the Ancient Demon Realm. Let us get there as soon as possible. My subordinates told us to enter and plunder resources, which will be beneficial to all our major forces."

After hearing this, several experts who led the team nodded one after another and took out a special token from their pet rings.

Now the top figures of several overlord forces have negotiated and sent their own trial men to come here to open the Ancient Demon Realm together and enter it to plunder resources.

"boom!"

"boom!"

"boom!"

Almost at the moment the leaders took out their tokens.

The tokens immediately flew up from their hands quickly, and then gathered together. Above the entire ocean, these condensed into a huge space vortex.

This space vortex is the space passage leading to the Ancient Demon Realm!

At this time, the leaders of the major forces immediately said to the masters around them: "Hurry in and come back in a month! We will wait for your victorious return outside!"

Swish, swish, swish!

Swish, swish, swish!

Almost at this moment, the major overlords

The masters in the force jumped one after another, and all entered the space vortex.

At this time, the leader of the Northern Immortal Palace, Lao Yan Qingcheng, also said quickly: "Hurry up and enter this space whirlpool. Although we have not explored the ancient demonic realm, it is definitely the relics of a very ancient civilization, containing many hidden treasures. A

lot of wealth, as well as the inherited secrets of ancient powerful men. The sect's wish is that you can bring out as many inherited secrets as possible, so as to strengthen the future newcomers of our Northern Immortal Palace. You can also get rewards for your efforts. Let's go for it."

At this time, many outer sect elders nodded one after another, and then quickly rushed towards the direction of the space vortex.

At this time, Ye Feng, standing in the crowd, jumped up and rushed towards the huge space vortex above the sea.

But at this time, Ye Feng suddenly felt a cold and boundless killing intent, which came from a certain direction around him in an instant.

Ye Feng immediately became alert. Among the elders of the outer sect this time, there must be strong men arranged by the Sword Emperor Temple hiding among them, with the purpose of hunting him.

After all, in the base camp of the Northern Immortal Palace, Zeng Rou, the master of the Natural Temple, protects him, and the strong men of the Sword Emperor Temple have no way to attack him.

"Sure enough, Senior Zeng Rou, the master of the Temple of Nature, guessed it right. The Sword Emperor of the Sword Emperor Temple will not give up. He must have arranged for a super strong person to be hidden among the outer sect elders this time. He probably wants to Go into the Ancient Demon Realm to hunt me, because even if you kill me in the Ancient Demon Realm, no one will know that it was the Sword Emperor Temple who did it."

At this time, Ye Feng was thinking secretly in his heart. ??

He tried hard to capture the cold killing intent he had just sensed.

But it couldn't be captured.

Obviously, the hidden strong man sent by the Sword Emperor Temple to hunt him has extremely terrifying strength and cultivation. He is hiding in the dark, waiting to give him a fatal blow.

Buzz!

But just now Ye Feng

When he came into contact with the space vortex, his eyes showed a trace of relaxation.

Because Ye Feng sensed it, this space vortex was a randomly transmitted space channel.

In other words, the moment everyone comes into contact with this space vortex, they will be randomly transported to a certain place in the Ancient Demon Realm.

"It seems that I still have time to grow up and face the hidden killer."

Ye Feng thought in his mind.

Then he just felt his head was dizzy, and in an instant, the stars were moving before his eyes, and the whole person disappeared directly in the whirlpool of space.

When Ye Feng regained consciousness again, he found that his body was falling rapidly from the sky.

The world here should be in the ancient demon realm.

The entire sky is dark, and there are extinct volcanoes on the ground, and there is lava flowing on the ground.

Where Ye Feng was about to fall, there happened to be a piece of extremely terrifying lava.

"Bang!"

The next moment, Ye Feng's entire body fell directly into the rolling lava.

However, Ye Feng's physique is a chaotic body, which is very powerful.

Just some volcanic lava could not cause any harm to him at all.

At this moment, Ye Feng instantly climbed up from the lava and stepped onto the charred black ground.

Ye Feng looked around and said: "Emperor Chu, you are now fused with the soul gem, and your soul power should be very powerful. Use the soul gem as a medium to help me check which places around here have opportunities for creation."

Boom!

But just as Ye Feng finished speaking, an extinct volcano not far away suddenly collapsed.

A flaming demon the size of a mountain, majestic and boundless, wearing a black crown and dragging a black sword several hundred meters long in his hand, stepped towards Ye Feng from a short distance, obviously aware of it. Ye Feng's breath of life.

Chapter 2405 Save me

The Flame Demon is a very terrifying creature that was born in the endless lava and lives in the Fire Death Mountain area.

At this moment, the majestic flame demon not far away like a mountain is obviously a flame demon who has given birth to his own intelligence.

Moreover, in the hand of this flame demon, there was also a huge black long sword, dragging it on the charred ground, making a sound of metal tearing, which sounded very harsh.

"Roar!!"

Sensing the strong vitality of Ye Feng, this powerful flame demon immediately held the black iron sword in his hand, roared directly, and slashed towards Ye Feng.

Ye Feng did not take any step back at this moment. Instead, he clenched his fist and struck hard.

"Boom!!"

Ye Feng's fist was like a hammer, and it suddenly collided with the black iron sword in the flame demon's hand, making an earth-shattering roar.

"Kacha kacha..."

At the next moment, the black iron sword was shattered inch by inch.

It was blown to pieces by Ye Feng's fist!

It's incredible!

"You dare to be so arrogant in front of me as a small flame demon, so I'll swallow you up!"

At this time, Ye Feng reached out and grabbed it.

Buzz!

His hand immediately began to swell and become larger, turning into a big chaotic hand high in the sky, filled with endless heaviness. The next time it was smashed into pieces by the majestic mountain-like flame demon in front of him.

"Crack!"

A burning flame crystal fell from the sky.

This flame crystal is the core of this flame demon.

Ye Feng stretched out his hand and grabbed the flame crystal.

After careful sensing, this flame crystal contains very powerful energy.

The power of flames.

"Gulu!"

Ye Feng opened his mouth and swallowed it directly.

"boom....."

A huge burst of flame energy exploded in Ye Feng's body.

Ye Feng's skill improved a lot in an instant, and his body constitution was tempered by this special flame and became a lot stronger.

However, a small crystal stone cannot make Ye Feng's cultivation achieve a qualitative breakthrough.

"Boom!"

But suddenly at this time.

Accompanied by a violent roar.

The earth cracked.

A skeleton covered in flames sat on a throne of bones, rising slowly from the lava in the cracks in the earth.

The flaming skull stared at Ye Feng and made a hoarse voice: "Outsider, you are too presumptuous and dare to kill my subordinates in my territory. Then you can stay here and become my subordinate forever." slave!"

This is a very powerful flame king!

Much more powerful than the flame demon just now!

Ye Feng was not surprised but delighted at this moment, his eyes were fixed on the flaming skull, or in other words, on the flaming crystal in the body of the flaming skull, which was the size of a human head!

"This is a big guy!"

Ye Feng couldn't help but speak out.

At this moment, he rushed towards the Flame King in an instant, very fiercely.

The Flame King was stunned by Ye Feng's active attack. He couldn't help shouting angrily: "How outrageous! I didn't even take the initiative! How dare you, a little human race, take the initiative to attack me? I want to Burn you to ashes!"

Boom!

Almost at the next moment, the flame king opened his mouth and spit out a terrifying and boundless flame lava, full of endless burning power, which seemed to be able to burn the entire world to ashes.

The cultivation level of this Flame King has definitely surpassed the Six Paths of Reincarnation Realm, and is a Flame King at the Eternal Realm level!

"Rumble..."

The endless magma flames immediately engulfed the entire world.

At this moment, Ye Feng's whole person was also enveloped in this terrifying and boundless lava.

I have to say that this Flame King is still very powerful.

The molten flames he released at this time caused Ye Feng's entire body to melt rapidly.

"The Ancient Burning Heaven Technique!"

But at this time, Ye Feng instantly displayed the powerful fire attribute inheritance he had cultivated back then.

The Ancient Burning Heaven Technique!

Boom!

In an instant, Ye Feng's own fire appeared on his body.

Ye Feng's natal fire is simply colorful. It emits flames of light with different attributes.

Now Ye Feng's flame has reached the third level of perfection.

And it is composed of many powerful origin fires: Dragon Spirit Holy Fire, Extreme Cold Flame, Purple Flame Divine Fire, Heavenly Karma Fire, Dragon Flame, World-Destroying Molten Flame, Golden Fire, Sky Fire, and Xuantian Demon Fire.

The natal fire composed of so many extremely powerful flames burned on Ye Feng's body. In an instant, the surrounding molten liquid was excluded, and it was impossible to harm Ye Feng at all.

"Let me tell you what it means to truly play with fire!"

Ye Feng laughed loudly at this moment, and instantly burst out his own life flame crazily.

"Boom!"

The next moment, Ye Feng started to

It expanded and turned into a majestic flame giant thousands of meters tall, shattering countless molten flames.

"What?!"

When the Flame King saw Ye Feng transforming into a thousand-meter-tall and majestic flame giant, he was so frightened that he almost fell down from the Bone Throne.

"Boom!!"

The next moment, Ye Feng stepped down hard, crushing the Flame King to pieces in an instant, and all the bones and skulls exploded.

Only a flame crystal the size of a human head was left.

"Swallow!"

Ye Feng opened his mouth and swallowed it, and the flame giant immediately swallowed the flame crystal the size of a human head.

"Boom!"

At this moment, Ye Feng felt that his natal fire had improved a lot.

But the most important thing is the energy of the Flame King contained in this flame crystal.

"Boom!"

Ye Feng's cultivation level suddenly achieved another breakthrough.

Entering the fifth heaven of the Six Paths of Reincarnation!

"Not bad."

Ye Feng returned to normal state at this time and was quite satisfied.

Unexpectedly, as soon as he entered this ancient demonic realm, he met a flame king who was neither weak nor strong, allowing him to break through to a higher level of cultivation.

It's quite a nice appetizer.

"help me....."

But just when Ye Feng was about to leave the extinct volcano area, a faint old voice suddenly sounded in his ears.

That old voice seemed to come from somewhere deep in the volcanic area.

"Um?"

Ye Feng's eyes showed a trace of surprise, "Is there still a person trapped under this extinct volcano?"

Chapter 2406 The Supreme Lord of the Rings

"help me....."

This voice sounded extremely old and full of exhaustion.

It's like a dying person's last cry for help before dying.

This cry for help was very weak.

If it weren't for Ye Feng's powerful perception, he might not have been able to hear this cry for help.

At this time, Ye Feng looked at the surrounding extinct volcano area with a hint of surprise in his eyes.

I didn't expect that in such a desolate place, there would be so many terrifying flame demons, and even a flame king, trapping a person?

It seems that that person is also very powerful, otherwise it would be impossible for him to be trapped until today and not be killed.

At this time, Ye Feng immediately sent a message back and asked: "Who are you? Where are you?"

When the old voice heard Ye Feng's response, he immediately couldn't help but continue the voice transmission in surprise: "Did you really hear me? Over the years, a total of more than a dozen people have come here one after another, but None of them heard my voice transmission, which shows that their soul power is very weak. I am a native of this ancient demonic realm. You can call me white-robed mage. If you save me, I can take you to find it. This is a treasure that no one knows about in the ancient demonic realm. It is a treasure that has disappeared into history. "

When Ye Feng heard what this old voice said, a look of surprise suddenly appeared in his eyes, and he couldn't help but asked: "Are you actually a native of this ancient demonic realm? White-robed mage? Are you? A mage who specializes in cultivating soul power?"

The old voice said aloud: "To be precise, what I practice is spiritual power. Soul power is a deeper level than spiritual power. As a destined person, I participated in a terrible war and suffered heavy losses. As a result, I was sealed by the Flame King in this extinct volcano area, but he couldn't kill me and could only trap me under this volcano because he wanted to steal my secret, but it was impossible for me to tell the Flame King this secret. A strange creature, because once that treasure falls into the hands of a flame demon clan like the Flame King, a terrible demon king will be created. "

Ye Feng heard the old voice

So, he became even more curious and couldn't help but ask: "What is this secret, that treasure you are guarding? Is it so powerful?"

The old voice said: "Destined person, please save me first, and I will tell you slowly. I really can't hold on any longer. I bear the burning of the endless fire under the volcano every day, even if I am the highest level white-robed mage. "My body has been severely damaged and I can hardly bear it anymore."

When Ye Feng heard this, he immediately nodded and said, "Since you are a human and not a bad person, I will naturally rescue you."

At this time, Ye Feng said, and immediately spread out a huge amount of soul power, and in an instant captured a very strong mental fluctuation, just under the middle area of the extinct volcano.

"Uh-huh!"

Ye Feng instantly jumped to the middle area of the extinct volcano.

Then he struck the ground hard with one hand.

"Boom!"

Immediately, endless roaring sounds were heard.

In an instant, the entire ground shattered into a large area of ruins.

Then Ye Feng penetrated the shallow crust.

He saw it immediately.

After the earth's crust was broken, a huge river of molten flames was revealed inside.

In the center of the endless underground magma river, there is a high platform made of black iron.

On the high platform, there was a cross-shaped iron frame, with countless spiked iron locks on it, and a scarred old man was tied up. He was wearing a white robe and a pointed wizard hat on his head. He looked extremely... He is old, extremely tired, and on the verge of dying.

"Are you the white-robed mage who transmitted messages to me?"

Ye Feng flew down from the ground at this time, stood on this high platform, and looked at

In front of him was an old man in white robes who was chained to an iron cross.

The white-robed mage immediately nodded excitedly and said, "Hurry up and save me. If you are destined, I will definitely repay you."

Ye Feng nodded slightly, then stretched out his hand, and in the horrified eyes of the white-robed mage, he crushed the iron chains one by one.

"What a powerful body! You are a soul master, why do you have such a powerful body!"

The white-robed mage couldn't help but speak in surprise.

After he escaped from the trap, his body was immediately shrouded in a white light, looking quite sacred.

Then the white-robed mage grabbed the surrounding void, and suddenly a pure white staff appeared in his hand. It was as tall as a person and looked very ancient.

The white-robed mage gave Ye Feng a big salute and said, "Thank you so much for saving me."

Ye Feng smiled and said: "If it weren't for my powerful soul power and terrifying perception, I might not be able to hear your extremely weak sound transmission at all. By the way, my name is Ye Feng."

The white-robed mage immediately said with great gratitude: "Ye Feng, I really want to thank you this time, otherwise I might really have fallen under this dark crust and died under the endless magma flames."

Ye Feng smiled and said, "I'm quite curious. What is the secret you mentioned before, the treasure you guarded?"

Hearing Ye Feng's question, the white-robed mage immediately became extremely solemn in his eyes and said loudly: "Back then, in the world of the Ancient Demon Realm, there were several powerful civilizations, including humans, elves, and orcs. , and the earth demon clan that represents darkness and evil."

When he said this, the white-robed mage seemed to think of some terrible past, and then continued: "Originally, all major civilized races lived peacefully, restrained each other, and depended on each other, but now

That day, the overlord of the earth demons, the Demon Lord who claimed to be the Lord of the Demon Realm, suddenly launched a war, led countless earth demons, climbed out of the dark abyss, and launched a war against all races living on the ground. After the horrific massacre, humans, elves, and other orc races united one after another to declare war on the entire Earth Demon clan. However, the war was extremely tragic because the Lord of the Demon Realm, who led countless armies of Earth Demons and aliens, actually secretly invited a mysterious race from outside the territory to create a very powerful treasure called the "Supreme Lord of the Rings". The Lord of the Demon Realm wears the Supreme Lord of the Rings on his finger, which means he has infinite magic power and is simply invincible. Who can they couldn't stop him. In the end, four powerful ancient emperors in our human race, plus three white-robed mages, worked together to temporarily seal the Lord of the Demon Realm. Then the Elf King of the Elf Tribe used their Elf Tribe to The inherited Holy Sword of God finally cut off the finger of the Lord of the Demon Realm that was wearing the Supreme Lord of the Rings, and finally the war was calmed down, but the entire ancient Demon Realm world has been completely reduced to countless In the ruins, many races either perished or lived in seclusion deep in the wild forests that no one knew about. "

When Ye Feng heard what the white-robed mage said, he couldn't help but asked in surprise: "So you are one of those three white-robed mage?"

The white-robed mage nodded: "Yes, I was one of the three white-robed mages back then. However, I suffered heavy losses in that final war. I was lucky. I only suffered heavy injuries and survived. When we came down, many giants and powerful men died. Among the other two white-robed mages, one was my brother. He took the evil Supreme Lord of the Rings and sealed it in the darkness of this ancient demonic realm. Deep in the imperial city, it has disappeared from history. I am the only one who knows this secret. Among the giants who participated in the war, I am probably the only one left now, and my brother who is currently suppressing the Supreme Lord of the Rings. Just another white-robed mage."

At this time, the white-robed mage said, "Ye Feng, in order to repay your life-saving grace, I am willing to take you to find the extremely powerful treasure that the Lord of the Demon Realm cast back then, the Supreme Lord of the Rings!"

Chapter 2407 Wilderness

After the white-robed mage finished speaking, Ye Feng suddenly fell into a grand and epic feeling of war.

He suddenly felt as if he had witnessed the terrifying and magnificent war that year with his own eyes.

The supreme magic ring that the white-robed mage mentioned definitely has infinite power.

After all, so many races united together to finally completely suppress the Lord of the Demon Realm.

Then the Supreme Lord of the Rings was sealed.

Obviously it cannot be destroyed at all, it can only be sealed.

For Ye Feng, this Supreme Lord of the Rings is definitely a very ancient treasure.

If you get it, you will definitely be able to exert infinite magic and power.

At this time, Ye Feng couldn't help but ask: "White-robed mage, you were unwilling to tell such a secret at your own risk before. Why do you want to let me know the location of this treasure so soon, and even take me to find it?"

The white-robed mage said: "This Supreme Lord of the Ring must not fall into the hands of earth demons, such as those flame demons. If this Supreme Lord of the Ring is obtained by the demons, it will definitely create a terrifying world." Lord of the Boundless Demon Realm, this is definitely a huge disaster for the countless races living in the entire ancient Demon Realm. However, if this Supreme Lord of the Rings falls into your hands, Ye Feng, there will be no serious consequences. , after all, Ye Feng, you are a human race, and I can feel that you are not one of those evil people, and you will not use the evil power in the Supreme Lord of the Rings. There is nothing evil about the treasure. The key is whether the person who uses it is evil or not. "

When Ye Feng heard what the white-robed mage said, he immediately smiled and said: "Okay, to be honest, I am indeed very interested in the Supreme Lord of the Rings you mentioned, and I have many enemies now. I really need a powerful treasure. This Supreme Lord of the Rings gave the Lord of the Demon Realm immense power, so I naturally hope to get it."

white robe method

The master smiled and said: "Then we will go directly to the Dark Imperial City in the Ancient Demon Realm to find the Supreme Lord of the Rings. I also want to see if the current Supreme Lord of the Rings has broken through the seal, because once the Supreme Lord of the Rings When it revives, it will definitely attract a lot of earth demons to fight for it."

Ye Feng nodded. Anyway, this time he entered the ancient demon world with the purpose of finding various opportunities.

This time it was really fate. He happened to save a white-robed mage, which was equivalent to getting a local guide in this ancient demonic realm.

This is definitely a huge convenience for Ye Feng.

Ye Feng said at this time: "Let's go to the Dark Imperial City and look for various resources on the way."

The white-robed mage knew that Ye Feng was an outsider, so he immediately nodded and said, "There's no rush anyway. If you encounter some places I'm familiar with along the way, I will help Ye Feng find various resources, and the Dark Imperial City It is very dangerous. There are all kinds of powerful earth demons hidden inside, as well as very scary dark creatures, such as the three-headed hell dog and the blood queen. So I also need to recover myself along the way. The power will be able to deal with various threats when the time comes."

The white-robed mage was an ancient being who participated in that dark war.

The reason why he was sealed by the Flame King before was because he was seriously injured and did not have much power to resist.

If the white-robed mage can return to his peak state, he will definitely be an extremely powerful man.

The two were on the road at this time, and soon walked out of the extinct volcano area.

when they came out of the extinct volcano

, Ye Feng immediately felt his eyes turn green.

Ahead is an endless wilderness, with countless ancient trees, flowers, and grasses growing there. In the distance are rolling green mountains and green waters. The entire land is suddenly full of life.

At this time, the white-robed mage suddenly thought of something and said aloud: "I remember this place. I came here when I traveled around the world. It was a place where the orcs lived. There seemed to be an ancient medicine field not far away. , we can go take a look."

"Ancient medicine field?"

Ye Feng's eyes lit up and he immediately nodded and said, "Okay, let's go take a look. What I lack most now is the accumulation of resources."

Ye Feng knew very well that now he had completely offended the Sword Emperor of the Sword Emperor Temple in the Northern Immortal Palace, and his battle with the Holy Son Jian Tiancang on the life and death platform also spread his reputation. Xiao Tianshen in the temple will also pay attention to him.

Therefore, this time's examination of the inner sect elders is Ye Feng's best opportunity to grow.

Because in this ancient demon world where no one intervenes, there is no big external danger for the time being.

Therefore, Ye Feng must take advantage of this opportunity to grow as quickly as possible to a level that can compete with the masters of the nine major temples.

Although Ye Feng knows that this is very difficult, Ye Feng will work hard to achieve this goal.

If you just sit back and wait, there will never be a way out, not even a chance.

But if you take the initiative and work hard, at least there is a chance.

At this time, Ye Feng and the white-robed mage walked in a certain direction not far away, wanting to see if the orc tribe's medicine field was still there.

On the way, the white-robed mage warned: "This wilderness is quite dangerous.

Very scary pests may suddenly appear, so be careful. "

Ye Feng nodded and was about to say something.

"boom!"

Suddenly a small slope not far away exploded.

Among the countless dust, suddenly dense golden poisonous spiders rushed out from under the small soil slope. Each one was furry and colorful. They were extremely poisonous. Each one was as big as a fist. , quickly and densely crawling towards Ye Feng and the white-robed mage.

"It's the poisonous spider of the wilderness!"

The white-robed mage couldn't help but look shocked. At this time, his strength had not yet recovered, and he immediately held the scepter in his hand and pointed it towards the ground.

"Crack, click, click..."

Immediately, layers of ice-attribute aura surged out from the white-robed mage's scepter, freezing the ground not far away into ice cubes.

All those poisonous spiders were frozen in the ice and unable to move.

"Crack!!"

Suddenly, at the next moment, these wilderness poisonous spiders burst out of the ice and crawled towards the two of them crazily again. The spiders' mouths were full of terrifying fangs and full of poison.

"Oops! These poisonous spiders have probably mutated after so many years! Even my ice can't seal them!"

The white-robed mage immediately grabbed Ye Feng and used the floating spell, and the two of them flew directly into the air.

Ye Feng said with a smile at this time: "Don't worry, I will deal with them. Dealing with these poisons is very simple, that is, use fire."

Boom!

At this time, after Ye Feng finished speaking, a large fire appeared on his body, which was Ye Feng's natal fire!

Chapter 2408 There is an ambush

Ye Feng's current natal fire is extremely powerful.

Even the Flame King who was in the extinct volcano at that time was unable to harm Ye Feng with flames.

It can be seen that Ye Feng's flame is already very powerful.

"Boom!"

At this time, endless flames suddenly burst out from Ye Feng's body, sweeping downwards like a frenzy.

"Boom!"

Suddenly, those terrifying wilderness poisonous spiders were burned by Ye Feng's flames, crackling and burning, emitting a foul smell.

Soon all the poisonous spiders in the wilderness were burned to death.

The entire ground has become a scorched black patch.

At this time, Ye Feng and the white-robed mage fell from the sky.

The white-robed mage couldn't help but said with some surprise in his eyes: "I didn't expect that Ye Feng, you are so young, not only have such strong martial arts skills, but also a fire control master? You are really powerful! You are indeed from outside the territory. people!"

For the white-robed mage, a native creature in the ancient demon world, Ye Feng, a person from the God Realm, naturally belongs to the outside world in the eyes of the white-robed mage.

Ye Feng smiled and said: "It's not that I'm great because I come from outside the territory, but it's because I am who I am. There are also many mediocre people in the outside world that you yearn for, but you happened to meet someone as powerful as me."

Seeing Ye Feng's rather narcissistic statement, the white-robed mage couldn't help laughing and said: "Ye Feng, you are such an interesting guy."

Ye Feng just showed his hands at this. He didn't feel that what he said was narcissistic because he told the truth.

At this time, Ye Feng and the white-robed mage walked forward, and soon saw the nest of the poisonous spider in the wilderness.

At this moment, all the poisonous spiders have been burned to death.

And in this wilderness poisonous spider's nest, there is actually a plant that exudes emerald green.

The white-robed mage couldn't help but look shocked: "This is a very scary poisonous weed.

It can be refined into weapons to turn them into poisonous ones. "

Ye Feng's eyes also showed a look of surprise, and then he immediately stretched out his hand to grab the poisonous weed.

"Wait a moment!"

The white-robed mage couldn't help but exclaimed: "Don't touch these poisonous weeds with your hands, otherwise you may be poisoned! These are incurable poisons!"

Ye Feng stopped at this time.

Because he discovered that he had not touched the green poisonous weed, but was only slightly closer, still nearly half a meter away, but his hand had begun to turn black, and it was obvious that he had begun to be poisoned.

"Such a strong poison!"

Even Ye Feng had to admire the power of this poisonous weed.

My current chaotic body at the sixth level of the late fifth heaven is unable to withstand the poisonous aura of this poisonous grass.

But seeing such a terrifying poisonous weed is extremely precious.

Ye Feng seemed to have thought of something at this time, and immediately called out: "Poison-eating insect, it's time to come out to eat."

"Crash...!"

Immediately, a large number of poison-eating insects crawled out of Ye Feng's sleeves, and then seemed to be cheering and jumping directly in front of the huge poisonous weed, and soon gnawed all the poisonous weed clean.

The dark golden luster on these poison-eating insects became brighter, and their sizes became larger and larger, which was obviously a huge benefit.

After all, for poison-eating insects, this ancient poisonous weed has a huge nourishing effect.

The poisonous insects themselves are extremely terrifying poisonous insects, so they are very eager for the most poisonous things in the world, because after swallowing them, the toxicity of the poisonous insects will be increased, and the poisonous insects will continue to evolve and grow. .

At this moment, a group of hundreds of poison-eating insects that had eaten the poisonous weeds all made a "hissing" sound.

"These cute little guys must have enjoyed their meal very much."

Ye Feng couldn't help but smile and said.

At this time, the white-robed mage standing aside twitched the corners of his mouth slightly.

Looking at the group of ferocious poison-eating insects.

Cute little guy?

The white-robed mage could only help but smile bitterly.

At this time, the two continued on the road.

Soon they came to the orc tribe's medicine field that the white-robed mage mentioned.

But to Ye Feng's disappointment, the entire medicinal field had been picked, leaving only a piece of wasteland.

"It seems someone got here early."

At this time, the white-robed mage said: "It's a pity. Let's continue on our way to the Dark Imperial City."

Ye Feng nodded and prepared to continue on the road.

Wow!

But suddenly at this moment, in a valley around the medicine field, an arrow made of a large piece of metal was shot over.

Moreover, the surfaces of these arrows are engraved with ancient lines.

Those are spiritual patterns!

Being engraved on the arrows by the spirit pattern master, these ordinary metal arrows suddenly possess the power of various attributes.

These arrows shot out with a bang, their tips blazing with terrifying light. They were so sharp that they could pierce gold and crack iron.

"There's an ambush!"

The white-robed mage now held the scepter in his hand and pointed it at the ground.

Boom!

Suddenly, a large piece of white holy light rushed out from the white-robed mage's scepter, directly forming an energy shield, covering both Ye Feng and the white-robed mage.

"Dang! Dang! Dang..."

\u003e

Those extremely sharp arrows hit the white energy shield, and they immediately made a metallic roar.

The destructive power of these arrows is extremely terrifying.

But now they are all blocked by the energy shield of the white-robed mage.

"Energy mask? Is he a master of the Western Regions God of Law?"

At this time, strange sounds suddenly came from the valley not far away.

Wow!

Wow!

Suddenly, hundreds of soldiers wearing golden armor, all holding war crossbows in their hands, climbed down from the valley not far away, and surrounded Ye Feng and the white-robed mage.

When Ye Feng saw these soldiers wearing golden armor, a look of surprise suddenly appeared on his face.

He recognized that these people were soldiers of the Eastern Barbarian God Empire.

It seems that the orc tribe's medicinal fields here have been harvested by these masters of the Barbarian God Empire.

But why would they take action against themselves?

Even directly releasing war crossbow arrows, it is obvious that he will kill himself.

Ye Feng's face was very cold at this time, staring at a group of hundreds of golden armored soldiers approaching not far away.

Especially the commander in charge who was wearing pitch black armor.

Ye Feng asked aloud: "We have no grievances, why do you want to put me to death?"

The commander in jet black armor immediately laughed and said: "Look at your clothes, are you the elder of the Northern Immortal Palace? Hahaha! You are really naive! Since we have all entered the ancient demon realm pilot test Lian, then if I kill one more person from other forces, I can plunder one more of the resources here. Moreover, you have been in this ancient demon realm for several days, and you should have plundered a lot of resources. Now hurry up and take it from you. If you hand over the resources, maybe I can consider sparing your life, but you have to become a mining slave of our Barbarian God Empire and go mine in a distant area for our Barbarian God Empire, where an underground mineral vein is being mined."

Chapter 2409 Just what I need

At this time, the black armored commander finished speaking.

The hundreds of golden armored soldiers around all laughed loudly.

"Hahaha! Capture these two people back and make them slaves in the mines!"

Their laughter was full of deep contempt.

Obviously, this group of masters from the Barbarian God Empire gathered together in just a few days through some unknown means.

Therefore, even if they were suppressed by numbers, they would definitely be able to suppress all the masters of other forces. ??

At this moment, Ye Feng, who was surrounded by hundreds of soldiers from the Barbarian God Empire, showed no trace of panic in his eyes.

Because this group of ordinary golden armored soldiers were much weaker than Ye Feng.

Even the commander in pitch black armor was only at the same level as Ye Feng, only at the ninth level of the Six Paths of Reincarnation Realm.

As for ordinary soldiers wearing golden armor, their cultivation level is only at the first level of the Six Paths of Reincarnation Realm.

Perhaps in the eyes of this group of soldiers from the Barbarian God Empire, Ye Feng, a warrior who was only in the fifth level of the Six Paths of Reincarnation Realm, definitely had no strength to resist when he was besieged by so many of their masters.

But Ye Feng's face was very calm at this time.

He looked at a group of masters from the Barbarian God Empire not far away and said aloud: "I didn't intend to be an enemy to anyone, but you took the initiative to mess with me, so you can't blame me."

"Stubborn!"

The commander in chief, who was wearing pitch black armor, heard what Ye Feng said at this moment. He immediately sneered and said: "Boy, you are too arrogant. Do you really think you can defeat hundreds of us by yourself?" Personally? Isn't your cultivation like this? Moreover, even if you are a genius elder from the Northern Immortal Palace, in my eyes you are just a lamb waiting to be slaughtered!"

At this time, the black-armored commander said, and immediately ordered to the hundreds of golden-armored soldiers behind him: "Attack them all and imprison this kid directly, as well as the old mage wearing a white robe next to him. They were all imprisoned as well."

At this time, the white-robed mage retreated slightly

.

It seems that he is preparing to cast some spell.

But Ye Feng smiled slightly at this time and said loudly: "A bunch of miscellaneous fish, let me do it."

Tap tap tap...

At this time, Ye Feng immediately walked forward.

"kill!!"

Hundreds of golden-armored soldiers not far away immediately charged towards Ye Feng with golden war spears in their hands.

Hundreds of powerful soldiers attacked, and the destructive power caused was still very terrifying.

I am afraid that even a huge city will be instantly destroyed by the hundreds of powerful and well-trained soldiers of the Barbarian God Empire.

But facing so many powerful soldiers alone, Ye Feng even showed an indifferent smile on his face. Then he raised his hands to the sky and shouted: "Thunder Sky-Splitting Slash!"

This is the powerful inheritance Ye Feng received from the inheritance hall of the Northern Immortal Palace.

It has extremely terrifying killing power.

Boom!

Suddenly, tens of thousands of thunders appeared in the sky above Ye Feng's hands. In an instant, they condensed into a huge thunder blade that was several kilometers long. In an instant, they slashed down from the sky, filled with energy. It has unparalleled speed and is also full of terrifying and boundless killing power.

"Boom!"

The incomparably terrifying Thunder Sky Splitter slashed down from high in the sky in an instant, containing the destructive power of thunder as well as the light and shadow of the sword.

Poof!

Poof!

Poof!

Almost at this moment, the terrifying thunder slash cut all the hundreds of golden armored soldiers from the Barbarian God Empire in half.

"Click

, bang..."

In just the blink of an eye, hundreds of golden-armored soldiers who were as fierce as tigers and wolves were all split into two halves and fell to the ground in an instant, dyeing the entire wilderness red.

"What?!"

The commander in black armor suddenly widened his eyes when he saw this shocking scene.

I have to say that this scene is very shocking and gives people a very terrifying visual impact.

After all, hundreds of golden armored soldiers were all killed in an instant, which was really shocking!

At this moment, the only person left on the field was the commander in black armor.

"No! This kid is definitely a super genius in the Northern Immortal Palace! He is definitely a genius who has mixed up with the elders! Otherwise, he would not have such terrifying combat power! I am definitely no match for him!"

At this moment, the black-armored commander of the Barbarian God Empire suddenly realized the seriousness of the matter, and immediately ran away crazily into the distance.

"Puncture!" .??.

At this time, the white-robed mage standing behind Ye Feng seized the opportunity, waved the scepter in his hand, and released a spell with a loud shout in the distance.

"Pfft!"

"Pfft!"

Almost at the next moment, the black armor commander who was walking on the ground to escape suddenly had two extremely sharp earth thorns on the ground at his feet, which directly pierced the black armor commander's feet. He was nailed to the ground.

"ah!!"

The black armored commander immediately let out a shrill scream.

Because his feet were punctured, bleeding, and absolutely in excruciating pain.

Uh-huh!

But at this moment, the black armored commander took out a cylinder-like thing from his storage ring.

Then raise it towards the sky.

"boom!"

A signal bomb immediately rushed out of the cylinder and exploded high in the sky with a loud bang.

"This is a distress flare!"

The white-robed mage couldn't help but make a sound not far away.

The black-armored commander immediately said with a ferocious smile: "Reinforcements from our Barbarian God Empire will arrive soon! Neither of you can escape! This area will definitely be blocked!"

Uh-huh!

At this time, Ye Feng stepped forward and slapped the black-armored commander's head into his stomach with a slap.

The commander in black armor died.

The white-robed mage came over from not far away and said anxiously: "Ye Feng, we'd better get out of here as soon as possible. The distress signal flare just now has exposed our position here."

Ye Feng grinned at this moment and said: "We don't want to leave, just stay here."

"What?" The white-robed mage seemed to think that he heard wrongly.

Ye Feng patted the white-robed mage on the shoulder and said loudly: "Don't be so afraid. You have not recovered from your injuries now, and there is me. Believe me, among the outsiders who enter the trial of this ancient demon realm, I will definitely be the best." It's the top group of combat power, and it just so happens that the black-armored commander's distress signal attracts other strong men from the Barbarian God Empire. This is exactly what I need, because I am very short of energy now."

Boom!

Almost at the moment Ye Feng finished speaking, he immediately released a huge swallowing field, covering the entire surrounding field at once.

All the learnings of those masters who were killed in the Barbarian God Empire were swallowed up by Ye Feng at this moment, integrated into Ye Feng's body, and quickly strengthened his skills.

"This is...a very weird magic power!"

The white-robed mage looked at the bodies that were gradually shriveling up, with some surprise in his eyes.

Chapter 2410 Strong Team

"Rumble..."

At this moment, huge streams of blood energy suddenly gathered from the killed masters of the Barbarian God Empire into Ye Feng's body, integrated into his martial arts origins and limbs, and began to rapidly To strengthen Ye Feng's power.

Ye Feng could clearly feel that his skill was improving rapidly.

But these people are just a bunch of fish after all.

Although there are hundreds of people.

But they are basically weak.

Only the commander in black armor could barely be considered a master.

These masters of the Barbarian God Empire did not bring much blood energy to Ye Feng.

But it also allowed Ye Feng to finally break through to the next level.

Directly from the fifth heaven of the Six Paths of Reincarnation Realm, he stepped into the sixth heaven of the Six Paths of Reincarnation Realm!

"not bad."

At this time, after Ye Feng finished devouring it, he opened his eyes.

He looked quite satisfied.

The white-robed mage came over at this time and couldn't help but said hesitantly: "This seems to be a very weird devouring magic technique."

Ye Feng smiled and said: "This is not a magic skill. It is many times more advanced than the demon-swallowing skill. People who practice the demon-swallowing skill in the demon path can basically only swallow other people's blood essence like a vampire. Strengthening one's own power has a huge side effect, that is, it will make oneself insane, but my set of skills can devour the power of any attribute in the world, not only the practitioner's blood and energy skills, but also my The swallowing ability does not have any side effects, but it can infinitely strengthen my origin. This is a very great inheritance, and it can even be said that it should not exist in this world. "

Ye Feng also knew at this time that not everyone of the Chaos bloodline could practice the Divine Art of Creation and the Chaos Heavenly Emperor Art.

The Chaos Heavenly Emperor Technique that I have cultivated is

Because I have awakened to this supreme inheritance.

Even in the powerful Chaos God Clan where his mother belonged, probably no one could awaken the Chaos Heavenly Emperor Technique.

At this time, after hearing Ye Feng's explanation, the white-robed mage could only nod his head in seeming understanding.

In any case, Ye Feng is the savior of the white-robed mage. Naturally, the white-robed mage will not leave Ye Feng just like that.

Because the white-robed mage's promise to Ye Feng has not yet been fulfilled.

For mages, promises are extremely important, and there is a power in the dark that will punish mages who do not keep their promises.

At this time, Ye Feng stayed in place, quietly waiting for reinforcements from the Barbarian God Empire.

The white-robed mage was making preparations. He began to draw ancient spells with his staff on the ground around this area, as if preparing for the next battle.

Ye Feng didn't stop it because it was a good thing.

In this way, all the reinforcements from the Barbarian God Empire can be suppressed without leaving any one behind.

Time passed minute by minute.

When Ye Feng waited until night.

Finally, just when Ye Feng was about to get impatient, huge evil beasts came quickly from the end of the wilderness not far away.

On the back of each evil beast is a master wearing silver armor.

There are hundreds of evil beast cavalry!

Ye Feng's eyes showed a trace of surprise: "Oh? I didn't expect that these masters of the Barbarian God Empire are really quite capable, and they were able to tame them in such a short period of time.

Killed so many monsters from the Ancient Demon Realm! "

When the group of evil beast cavalry approached, Ye Feng immediately saw that each of these evil beasts had black scales on their bodies and exuded monstrous demonic energy. They were obviously all magical beasts!

And the figures in silver armor standing on hundreds of monsters are all super masters in the Barbarian God Empire!

Each one's cultivation level is very strong, and the weakest one also possesses the realm of the Six Paths of Reincarnation, the Tenth Heavenly Perfection.

There are also many Half-Step Eternal Realm existences.

Especially the six people standing at the front, the monsters they ride on are the largest, and the cultivation auras on their bodies are also the most powerful. They are all true Eternal Realm experts! .??.

Ye Feng didn't notice the others at all.

What Ye Feng was staring at at this moment was the six super masters on the monsters at the front.

The cultivation levels of these six super masters are all at the eighth level of the Eternal Realm!

It can be said that they are the six most powerful existences!

At this moment, seeing Ye Feng waiting on the spot, a master from the Barbarian God Empire who led him immediately couldn't help but said angrily: "Damn it! We have been guarding you for a long time around this area! Unexpectedly You kid is staying right where you are! Are you deliberately playing tricks on us with your life?"

Ye Feng immediately understood why this group of masters from the Barbarian God Empire came so slowly. It turned out that they had been waiting on the main road around the wilderness, and they never thought that they would stay where they were.

Another master from the Barbarian God Empire spoke up: "This kid probably thought that he was going to die, so he could only stay there and wait for death. Apparently he didn't even think about escaping.

It's all gone, it's really sad! "

"Hahaha!"

At this time, Ye Feng heard the other party's merciless ridicule, and immediately laughed out loud, and then said: "Do you think I am waiting to die? You think too highly of yourself! This is definitely not your barbarian god. The main force of the empire! Before entering this ancient demon realm, I clearly felt that there were powerful people in the Heavenly Tribulation Realm who were beyond the Eternal Realm! Why are they not here now?"

A master from the Barbarian God Empire immediately laughed out loud and said: "Hahaha! To deal with a kid like you who can't reach the Six Paths of Reincarnation Realm, do you still need a strong man from the Heavenly Tribulation Realm to take action? We now have so many Six Paths of Reincarnation Realm and tenth level of Heavenly Perfection. The masters at the Eternal Realm have arrived, and you are dead!"

"Stop talking nonsense to him!"

Another master from the Barbarian God Empire spoke up: "We have a mission later, let's kill this kid directly! Don't waste our time!"

At this time, after the master of the Barbarian God Empire finished speaking, he burst out with a powerful cultivation level of half a step of the eternal realm. He directly raised the knife in his hand and killed Ye Feng in an instant. He seemed to feel that he could defeat Ye Feng by himself. Ye Feng was captured and killed.

This group of Barbarian God Empire teams, with so many super masters gathered together, was obviously not here specifically to deal with Ye Feng, but happened to be passing by. They seemed to have some kind of mission, and happened to see the distress signal, so they came here conveniently. Kill Ye Feng.

"Just let me chop off this kid's head!"

Boom!

At this time, the master of the Barbarian God Empire who was the first to take action, who was at the Half-Step Eternal Realm, instantly held the tiger-headed sword in his hand and slashed towards Ye Feng fiercely, with a contemptuous gesture. To the extreme.
