Chapter 2411 The big secret of the Barbarian God Empire

This master of the Barbarian God Empire, who was at the half-step Eternal Realm, was holding the tiger-headed sword in his hand, and instantly slashed Ye Feng on the head.

"Crack!"

But at the next moment, what shocked the eyes of other masters of the Barbarian God Empire was that the tiger-headed sword did not cut off Ye Feng's head at all. Instead, the moment it touched Ye Feng's head, the entire sword was instantly shocked. Broken apart inch by inch.

"What?!"

Seeing this scene, the master of the Barbarian God Empire who was at the half-step Eternal Realm who attacked Ye Feng suddenly showed deep horror in his eyes.

This master of the Barbarian God Empire seemed to have never imagined that Ye Feng, a seemingly ordinary young elder from the Northern Immortal Palace, would actually have such a powerful body.

"How can it be!"

The master of the Barbarian God Empire had a look of deep horror in his eyes, and couldn't help but blurt out: "My long sword is made of special mithril, and it actually chopped your head into pieces? Is your body... Man of Steel?"

Boom!

But Ye Feng wouldn't explain anything to him at this time, he just grabbed him hard with one hand.

"Pfft!"

This half-step Eternal Realm master of the Barbarian God Empire didn't even react, and his whole chest was scratched to pieces.

"ah!!"

He immediately let out an earth-shattering scream, fell from the evil beast, and died instantly.

"The six of us will take action and kill this kid!"

At this time, seeing how powerful Ye Feng was, the six most powerful Eternal Realm Eighth Heaven experts took action in an instant.

"Boom!"

"Boom!"

Immediately, the six powerful men from the Barbarian God Empire flew to high altitude from their respective evil beasts, and then fiercely released their powerful killing martial arts, and attacked Ye Feng to kill him.

"The hands of eternal vicissitudes!"

"Great Thousand Extinction Slash!"

"Blood Mystery!"

"Death Spear!"

"The Divine Dragon's Sky-Tearing Hand!"

"..."

At this moment, the six superpowers of the eighth level of the Eternal Realm of the Barbarian God Empire immediately released their killing moves.

Because to them, Ye Feng now poses an extremely terrifying threat.

Therefore, they all no longer stayed behind at this time. They all released extremely powerful attacks, hoping to eliminate Ye Feng's unstable factor as soon as possible.

"Ancient Divine Ring!!"

At this time, Ye Feng faced six superpowers from the eighth level of the Eternal Realm, but he did not drag himself out. He was extremely solemn and released the ancient divine ring in an instant.

Boom boom boom...

In an instant, haloes of divine halo exuding bright divine light suddenly lit up around Ye Feng, making Ye Feng look like a young divine king.

Dzogchen future body!

At this time, Ye Feng also instantly raised his cultivation level directly to the Great Perfection state.

Moreover, Ye Feng still displayed the inheritance of the Emperor of the Era, the Era Hegemony Technique.

"Boom!"

A kind of terrifying and boundless domineering power burst out from Ye Feng's body in an instant. Ye Feng entered the state of overlord. He suddenly fiercely faced the six Barbarian God Empires who came from high in the sky. The super strong man blasted past.

"Era Divine Fist!!"

This punch condensed Ye Feng's infinite power and represented Ye Feng's peak combat power.

"Boom!!"

A long river of energy that seemed to be able to penetrate the sky rushed out from Ye Feng's fist in an instant, shaking the sky and the earth.

Once the Eight Wastelands are reached, the Nine Nether Hells will be shattered.

"Rumble..."

The terrifying energy river broke through everything in an instant, shattering all the attacks of the six superpowers, and then bombarded them.

"ah!"

"ah!"

"ah!"

...

Almost at the next moment, the six super strong men of the Barbarian God Empire were bombarded by the power of the Era Divine Fist, and their entire bodies were rapidly disintegrating.

They immediately let out violent screams, and felt horrible pain spreading throughout their bodies.

Visible to the naked eye, the bodies of these six powerful men are rapidly disintegrating and shattering.

"How can it be?!"

Hundreds of other ordinary masters from the Barbarian God Empire not far away saw this scene at this moment, and their eyes were extremely horrified when they realized it.

That ordinary-looking young man in white actually defeated their six most powerful superpowers with one fist?

How can this be!

This is incredible!

"impossible!!"

The six super strong men from the eighth level of the Eternal Realm couldn't help but yelled one after another, with disbelief and fear in their tone.

At this time, Ye Feng sneered: "Do you think I'm really waiting to die here? I'm just waiting for you group of strong men from the Barbarian God Empire to arrive and be harvested by me again!"

Boom!

At this moment, Ye Feng's whole body was radiant with light, he rushed directly to the sky and punched out.

"Pfft!"

The body of one of the six powerful men was instantly shattered by Ye Feng's punch and turned into a bloody mist.

Uh-huh!

Ye Feng continued to rush towards the second top powerhouse, punching him again and again

With a bang, the second strong man also fell instantly.

Then the third, the fourth...

When the last one.

The super strong man from the Barbarian God Empire immediately shouted in horror: "Don't kill me! Don't kill me! I'm willing to use a huge secret with you in exchange for you not to kill me!"

Ye Feng stopped, his eyes showed a look of surprise, and he couldn't help but ask: "What's the big secret?"

Ye Feng had actually noticed before that this group of powerful masters from the Barbarian God Empire probably did not come specifically to hunt him. They just happened to pass by and seemed to have some extremely important mission.

I guess it has something to do with this mission.

The Barbarian God Empire, the unified imperial force in the Eastern Region, has no idea what it is doing around here.

Ye Feng stared at the last leader and said, "Speak quickly, my patience is limited."

The commander seemed to be about to say something.

"You can't say that, Commander!"

"This is the secret of our Barbarian God Empire! You must not let people from other forces know about it! Otherwise, the consequences will be too serious!"

But at this time, the hundreds of ordinary masters not far away shouted loudly.

"Shut up, everyone!"

Ye Feng immediately looked at the hundreds of ordinary masters from the Barbarian God Empire not far away, and then directly used his words: "All of them will explode and die!"

Boom!

Boom!

...

Almost at the next moment, the bodies of hundreds of ordinary masters from the Barbarian God Empire with low cultivation levels not far away exploded one after another in an instant.

"What?!"

The last commander who saw this scene was immediately frightened and turned pale. The Ye Feng in front of him felt like a god and demon. It was so terrifying, his methods were unfathomable, and he had incredible power!

Chapter 2412 The Super Genius of the God of Law

Not far away, ordinary masters from the Barbarian God Empire followed Ye Feng's words and exploded to death one by one.

This made the last commander extremely frightened. His whole body was shaking and his face was pale. He was obviously frightened.

But the commander immediately kowtowed in front of Ye Feng and begged for mercy, saying in panic: "Sir, please spare my life! My Lord, please spare your life!"

Obviously, at this moment, in the eyes of the leader of the Barbarian God Empire, Ye Feng is already an unfathomable demonic existence.

When the white-robed mage not far away saw this scene, his eyes showed deep amazement, "The words can be followed by words? The legendary words can be followed? It's really amazing."

At this moment, Ye Feng looked at the commander of the Barbarian God Empire who was kowtowing in front of him, and immediately said impatiently: "Stop kowtowing and begging for mercy, wasting my time, hurry up and tell me what you know about your Barbarian God Empire. Tell me the big secret!"

"Yes, sir!"

The leader of the Barbarian God Empire immediately spoke out: "Our Barbarian God Empire has used a special method to quickly gather all the masters of the Barbarian God Empire who randomly entered the ancient demon world. This time we Also hurry up and get to that destination."

Ye Feng's eyes showed a look of surprise: "What destination?"

The leader of the Barbarian God Empire showed a solemn look in his eyes, and said solemnly: "We said to the outside world that we were mining at that destination, but in fact it was not the case. What we gathered together to dig was actually one of our Barbarian Gods. The tomb of the ancestors of the empire is a legendary figure of our Barbarian God Empire. He is respectfully called the "Ancient Barbarian Emperor" by future generations. He is a very powerful super figure and an ancient strongman. There is absolutely something buried in his tomb. With the treasure and the inheritance of the ancient Barbarian Emperor, our main purpose this time is to mine the tomb of the ancient Barbarian Emperor!"

"Ancient Barbarian Emperor?"

"grave?"

"Heritage and wealth?"

At this time, Ye Feng's eyes immediately brightened.

His expression showed a very interested expression.

At this time, Ye Feng looked at the white-robed mage not far away and said loudly: "The dark imperial city you want to take me to hides the Supreme Lord of the Rings. No one will find out in advance, right?"

The white-robed mage immediately smiled and nodded and said: "Ye Feng, don't worry, I am the only one who knows that place. The other people who know are basically dead, and outsiders are even less likely to discover the location of the Dark Imperial City. It is a very secret and remote place, and I estimate that outsiders like you will eventually gather in the Demon Lord Palace area in the center of the Ancient Demon Realm, which is the center of inheritance and trial in the Ancient Demon Realm."

Ye Feng nodded, then looked at the leader of the Barbarian God Empire in front of him, and said, "You should immediately take us to the place where your Barbarian God Empire is mining."

"OK!"

The leader of the Barbarian God Empire is now naturally strictly following Ye Feng's orders.

He immediately stood up and walked not far away.

Ye Feng and the white-robed mage quickly followed.

The place where the Barbarian God Empire mined the tomb of the ancient Barbarian Emperor is not far from here.

Soon they arrived at their destination.

Ye Feng immediately saw thousands of masters from the Barbarian God Empire gathered on a barren land not far away.

At this moment, these thousands of people from the Barbarian God Empire

All the masters are using the soldiers in their hands to constantly dig into the earth.

The entire ground was dug and collapsed, leaving a huge deep pit.

But they are still digging, and it is obvious that they have not yet dug the tomb of the ancient barbarian emperor.

At this time, Ye Feng released his soul power and began to sense the breath of everyone not far away.

The result made Ye Feng slightly surprised.

All the masters of the Barbarian God Empire who entered the Ancient Demon Realm this time have probably gathered here.

It seems that the purpose of the Barbarian God Empire this time is indeed to dig up the tomb of their ancestor, the ancient Barbarian Emperor, to find the inheritance and wealth in it.

Ye Feng immediately sensed this. This group of masters from the Barbarian God Empire were all gathered together. Their auras were very powerful, and they might not be able to confront them head-on.

"Boom!"

Just when Ye Feng was about to lurk in secret to observe the opportunity, suddenly from the dark sky, a huge pillar of flame light suddenly hit the ground, and in an instant it hit the ground not far away. He is the master who crushed dozens of Barbarian God Empires!

"What happened? Did other masters discover this place?"

Ye Feng, who was lurking in the dark, couldn't help but move his eyes immediately.

However, he did not come forward, but quietly observed the situation that developed next.

At this moment, a group of masters from the Barbarian God Empire who were digging the earth not far away were also instantly shocked by the sudden arrival of the flame beam.

"Enemy attack! Enemy attack!"

Almost at this moment, all the masters of the Barbarian God Empire became vigilant.

Uh-huh!

And at the next moment, a young man wearing a mage's robe landed from a high altitude in an instant and was suspended in mid-air. He held a scepter in his left hand and a red sword in his right hand. He seemed to have boundless power. momentum.

"This is... the super genius of the Fashen Sect, Chi Tianyang!"

This was the leader of the Barbarian God Empire next to Ye Feng who couldn't help but said: "The staff in the left hand represents magic, and the sword in the right hand represents close attack. This is definitely Chi Tian, the super genius of the Fashen Sect. Positive!"

At this time, Ye Feng's eyes showed a look of surprise.

Fashen Cult?

The overlord force of the Western Region God of Law that specializes in practicing magic?

Unexpectedly, there is such a powerful being. He holds a scepter in his left hand to practice magic, and a red sword in his right hand to represent a powerful close attack.

This is definitely a super genius with terrifying combat power!

Moreover, the cultivation aura on his body is impressively that of the eighth level of the Eternal Realm!

Although this Chi Tianyang is in the same realm as the commanders of the Barbarian God Empire that Ye Feng dealt with before, they are all in the eighth level of the Eternal Realm.

But the fighting power of Chi Tianyang made Ye Feng feel extremely dangerous and fearful.

This is the difference between super geniuses and ordinary warriors.

Although Chi Tianyang and the commanders of the Barbarian God Empire are in the same realm, Chi Tianyang's combat power may be able to kill those commanders in an instant.

Therefore, this Chi Tianyang made Ye Feng feel deeply fearful at this moment, and it posed a huge life threat.

This is definitely an extremely scary guy! Not far away, ordinary masters from the Barbarian God Empire followed Ye Feng's words and exploded to death one by one.

This made the last commander extremely frightened. His whole body was shaking and his face was pale. He was obviously frightened.

Ye Feng nodded, then looked at the leader of the Barbarian God Empire in front of him, and said, "You should immediately take us to the place where your Barbarian God Empire is mining."

Therefore, this Chi Tianyang made Ye Feng feel deeply fearful at this moment, and it posed a huge life threat.

This is definitely an extremely scary guy!

Chapter 2413 The mysterious seventh prince

Although the arrival of Chi Tianyang, this super genius of the Fashen Sect made Ye Feng feel very afraid.

But this also allowed Ye Feng to see a breakthrough in the current situation.

If Ye Feng relied on himself, it would be impossible to fight against all the masters of the Barbarian God Empire.

But if a disruptor like Chi Tianyang appears now, then maybe Ye Feng still has a chance.

However, Ye Feng naturally would not take the initiative to come forward at this time. He was still lurking in the dark and observing silently.

At this time, the ruins of the earth were not far away.

All the masters of the Barbarian God Empire gathered together, with deep shock and anger on their faces, staring at the Chi Tianyang suspended in the air, and roared: "Your Excellency, you are too arrogant! Even if you are a super genius! You can't kill the masters of our Barbarian God Empire like this, right? Aren't you afraid that we will kill you directly?"

Chi Tianyang came from the Fashen Sect and was a super genius of the Fashen Sect. He was very arrogant. At this time, he said with a cold smile: "I am here to rob the treasures of the tomb of the ancient Barbarian Emperor of your Barbarian God Empire, so you should not No nonsense, just challenge me!"

overbearing!

Extremely domineering!

At this moment, Chi Tianyang from the Fashen Sect directly declared war on all the masters of the Barbarian God Empire.

He was alone, descending from the sky, full of unparalleled momentum, and his words were full of arrogance.

"Go together!"

"Kill this super genius!"

"That's right! Even if this Chi Tianyang is some kind of super genius from the Fashen Religion, we have gathered all the elites of the Barbarian God Empire here! Still can't kill a so-called genius?"

...

At this moment, all the masters of the Barbarian God Empire took action.

"Boom!"

"Boom!"

Suddenly, thousands of masters from the Barbarian God Empire, with varying levels of cultivation, all charged towards the Red Sky Sun in mid-air, roaring angrily.

"Fire Sun Attack!"

At this moment, Chi Tianyang laughed loudly, raised the scepter in his left hand, and instantly launched a terrifying magic attack.

"Boom!"

Almost as soon as he finished speaking, the power in his hand

At the top of the staff, a small sun suddenly condensed and burst into flames. All of a sudden, the thousands of masters from the Barbarian God Empire who rushed over were enveloped in endless flames!

"ah!"

"ah!"

Suddenly, many masters from the Barbarian God Empire could not bear the terrifying flames of the sun and howled in pain.

It has to be said that Chi Tianyang, a genius of the God of Magic who practices magic, is still very convenient for human sea tactics, because he can unleash this kind of group attack.

"Thousands of troops!"

"Ultimate killing!"

Boom!

However, there were also many top warriors from the Barbarian God Empire who possessed the perfect cultivation of the tenth level of the Eternal Realm. They were instantly killed from the flames. They were wearing armor and holding terrifying soldiers in their hands. All of a sudden, he rushed towards Chi Tianyang and came directly in front of Chi Tianyang.

"Fire Sword!"

Chi Tianyang didn't have the slightest panic at this time. Unlike ordinary magicians from the Fashen Sect, who panic after being attacked at close range, he directly raised the crimson sword in his right hand and struck fiercely. Slash towards the front.

"boom....."

The red war sword held by Chi Tianyang in his right hand seemed to be engraved with ancient magic marks. At this time, as Chi Tianyang waved, the red war sword suddenly appeared on the entire sword body. The child burst out with a terrifying and boundless flaming sword light, instantly blocking the dozen or so top warriors from the Barbarian God Empire who were charging towards him.

"Crack!"

"Crack!"

Even the battle sword in Chi Tianyang's hand at this moment was like a red-hot iron sword, which instantly cut off all the weapons in the hands of more than a dozen top warriors from the Barbarian God Empire who rushed over.

"What?!"

When a group of powerful men from the Barbarian God Empire saw this scene, they couldn't help but show deep horror in their eyes.

The terrifying combat power unleashed by this super genius from the Fa Shen Cult really made all the masters of the Barbarian God Empire unable to help but feel sad.

There was deep fear in him.

It's so powerful!

They are simply Dharma and martial arts practitioners!

Simply invincible!

At this time, the power that Chi Tianyang unleashed was able to withstand all the masters of the entire Barbarian God Empire, and even caused heavy casualties to all the masters of the entire Barbarian God Empire.

This is the power of super genius.

Able to erupt with extraordinary terrifying and destructive power!

"Boom!"

But at this moment, a young man wearing special mithril armor among the crowd below suddenly couldn't help but punched high in the sky.

"Boom!"

The moment this young man wearing mithril armor punched out, it suddenly turned into a huge fist as big as a mountain, and directly impacted in front of Chi Tianyang.

"Huh? What a powerful aura!"

Chi Tianyang felt the powerful aura. At this time, he quickly attacked forward with his left and right hands. The scepter and sword were crossed together to resist.

"Boom!"

The huge fist suddenly hit the scepter and sword that Chi Tianyang was resisting, and a terrifying and boundless power suddenly burst out.

That kind of terrifying impact even made Chi Tianyang, a super genius, couldn't help but take a dozen steps back.

"What?!"

Chi Tianyang was a little shocked at this time, and couldn't help shouting: "The young strong man in the Barbarian God Empire who has such power is definitely a super genius no less than me! Who are you?"

At this time, Chi Tianyang's eyes were focused on the young man wearing silver armor below.

After the young man took action, a group of masters from the Barbarian God Empire all knelt down on one knee in front of the young man and said respectfully: "Your Highness, the Seventh Prince, forgive me. In the end, Your Highness, the Seventh Prince, couldn't help but take action." If your identity is exposed, this subordinate deserves to die!"

At this time, a group of thousands of masters from the Barbarian God Empire all knelt on the ground respectfully.

At this time, this young man wearing silver armor actually

He is the seventh prince of the Barbarian God Empire!

He is from the royal family!

He is a top inheritor among the overlord forces!

"It turns out he is the prince of the Barbarian God Empire. No wonder he has such powerful power."

High in the sky, Chi Tianyang sneered, but there was a deep fear in his tone.

Because Chi Tianyang discovered that he couldn't see through the seventh prince of the Barbarian God Empire.

It is estimated that this seventh prince is an extremely terrifying existence, and I am afraid that Chi Tianyang cannot resist him.

This made Chi Tianyang's eyes look a little downcast. He didn't expect that this time the Barbarian God Empire entered this ancient demonic realm, there would be a prince hiding in it.

And this is only the seventh prince.

Perhaps there is a more powerful prince elsewhere.

"The Ancient Demon Realm restricts entry to the realm of cultivation. The cultivation of these princes is so powerful. It is probably that they have used some special sealing technique to temporarily seal the cultivation beyond the eternal realm at a relatively low level."

At this moment, Chi Tianyang, the super genius of the Law God Sect, couldn't help but murmured and secretly guessed.

But at this time, the mysterious seventh prince of the Barbarian God Empire suddenly shifted his gaze from Chi Tianyang to a very remote dark area not far away, and said aloud: "There is another powerful friend, come here After waiting for so long and observing for so long, he should show up now, right?"

"Is there another powerful being?"

Chi Tianyang's eyes were startled, but he didn't even notice.

At this time, Ye Feng, who was hiding in the dark, couldn't help but show a hint of surprise.

Unexpectedly, the seventh prince of the Barbarian God Empire would have discovered his hidden self long ago.

However, Ye Feng came here this time to compete for the tomb of this ancient barbarian emperor. Now that he was discovered, he was too lazy to hide it.

Uh-huh!

Ye Feng and the white-robed mage immediately walked out from a hidden corner not far away.

Ye Feng looked at the mysterious Seventh Prince and said with a smile: "The Barbarian God Empire is really full of talents. I didn't expect that the Seventh Prince is so powerful that he can even see through my concealment skills. "

Chapter 2414 Compromise with each other

At this moment, after Ye Feng finished speaking, the seventh prince of the Barbarian God Empire immediately smiled and said: "Your Excellency is a super genius in the Northern Immortal Palace, and those ordinary elders cannot compare to you."

At this, Ye Feng just smiled faintly and said: "Let's get straight to the point. I am also very interested in the tomb of the ancient Barbarian Emperor in your Barbarian God Empire, so I can't scare you with just one or two words. Go."

After Ye Feng finished speaking, the seventh prince of the Man God Empire suddenly turned cold and said: "Although your aura is unfathomable, your cultivation is not high after all. Do you think you can beat me?" I?"

"There's me too!"

Chi Tianyang, the super genius of the Fa Shen Sect, immediately flew to Ye Feng's side, looked at the Seventh Prince of the Barbarian God Empire not far away, and said loudly: "Even if you are a powerful person in the Heavenly Tribulation Realm who has surpassed the Eternal Realm, Or, the two of us together should be able to fight you."

When the seventh prince saw that Chi Tianyang actually took the initiative to join forces with Ye Feng, his expression suddenly became extremely gloomy.

The Seventh Prince knew that if he faced any one alone, he would definitely be able to suppress them.

But when two super gods, Chi Tianyang and Ye Feng, came together, the Seventh Prince immediately felt threatened.

At this time, the Seventh Prince sneered and said: "If you can resist, you have to give it a try!"

Boom!

Almost as soon as the seventh prince finished speaking, a terrifying and boundless aura suddenly erupted from his body.

That kind of momentum has been infinitely approaching the Heavenly Tribulation Realm, but they dare not break through to the Heavenly Tribulation Realm. It seems that the Ancient Demon Realm has a natural suppression on the powerful people in the Heavenly Tribulation Realm.

Therefore, the momentum erupted by the Seventh Prince at this time was exactly at the level of Dzogchen, the tenth level of the Eternal Realm.

"Hammer of the Barbarian Emperor!"

At this moment, the seventh prince of the Barbarian God Empire immediately saw a huge heavy hammer in his hand, filled with endless energy.

The unparalleled pressure was like a mountain that struck down from a high altitude, capable of splitting mountains and rivers and breaking through all kinds of desolations.

"Flaming Sword!"

At this moment, Chi Tianyang immediately raised the red sword in his hand and fiercely resisted the huge hammer bombarded from high in the sky.

At this time, Ye Feng also burst out with the Divine Fist of Era in an instant.

"Boom!!"

The terrifying roar instantly resounded throughout the entire sky.

The terrifying aftermath of the collision was full of boundless destructive power, and all of a sudden the entire surrounding land and mountains were shattered inch by inch, turning into countless gravel and dust.

This kind of collision is extremely terrifying!

It is a battle of terrifying forces between three super geniuses!

Uh-huh! Uh-huh! Uh-huh!

And the next moment after the collision, the three young figures instantly scattered towards the surroundings.

At this moment, some blood spilled out of the palm of the seventh prince of the Barbarian God Empire, and a crack appeared. It was obvious that he had been injured in the collision just now.

At this time, Ye Feng and Chi Tianyang still had some strength left.

The Seventh Prince snorted coldly: "It's a bit of a trick, but when I truly unlock my cultivation, you two will definitely not be my opponent."

Ye Feng said with a smile at this time: "We can't do anything to each other, so it's better to compromise with each other now. Let's mine the ancient barbarian emperor's tomb first, and then we can each rely on our own abilities when looking for treasures in the tomb. ,how?"

Chi Tianyang, the super genius of the Fa Shen Sect, immediately nodded: "I agree with this Northern Territory Immortal.

Palace friend's point of view. "

Not far away, the Seventh Prince of the Man God Empire heard what Ye Feng said. He didn't want to fight to the death with two super geniuses at the moment. He could only nodded with a hint of gloom in his eyes and said, "Okay."

Next, the seventh prince ordered all the masters of the Barbarian God Empire to continue digging the underground tomb.

Nearly half a day passed.

It's almost like the entire ground in this area is going to be hollowed out.

"when!"

But suddenly at this moment, the shovel in the hand of a master from the Barbarian God Empire dug down, and suddenly it made a crisp sound as if it had hit some metal.

"Dig it!"

A group of masters from the Barbarian God Empire instantly showed deep surprise in their eyes. They immediately dug around and dug up all the soil.

A blood-red coffin suddenly appeared in front of everyone's eyes.

Behind this blood-red coffin, there is a stone door.

This stone gate probably leads to the tomb of the ancient barbarian emperor.

"But why is there a blood-red coffin in front of the stone gate? What is in this blood-red coffin?"

Many masters of the Barbarian God Empire couldn't help but be very curious.

At this time, the Seventh Prince, Chi Tianyang and Ye Feng who were chatting not far away, when they heard the news that the tomb was dug up, their eyes suddenly lit up and they flew in the direction not far away. .

But when they came here, suddenly the blood-red coffin lid suddenly opened.

"Wow!"

A tall bloody zombie with a height of two or three people flew out of the coffin in an instant, and then suddenly

All the masters from the Barbarian God Empire gathered around were torn apart.

"This is a blood zombie! It is an extremely evil zombie! It is definitely made by a master of a very evil zombie refining method!"

At this time, the white-robed mage standing next to Ye Feng couldn't help but said in surprise.

At this time, the Seventh Prince couldn't help but said: "Such a tall and majestic body must be the body of that ancient barbarian emperor. Unexpectedly, it was refined into a blood-stiffened body by someone else!"

"How terrifying would it be to be made from the body of an ancient barbarian emperor?"

Chi Tianyang couldn't help but make some surprised noises at this time.

The group of people present looked at the roaring and extremely ferocious ancient barbarian emperor, and they couldn't help but look solemn.

And just when everyone was surprised.

The ancient barbarian emperor suddenly stretched out his hand and raised it towards the sky.

"Boom!"

"Boom!"

"Boom!"

Almost at this moment, the ground around the ancient barbarian emperor's blood suddenly exploded.

Accompanied by terrifying roars, six more blood zombies jumped out from the exploding soil!

"Six more bloody zombies!"

A group of masters from the Barbarian God Empire were retreating crazily, feeling deep fear.

Because this kind of blood stiffness is so advanced, the body is as strong as if it was made of divine iron, and it is invulnerable to water, fire, thunder and lightning!

The seventh prince immediately shouted loudly: "Don't panic, everyone! The six blood-zombified bodies that appeared again are the same size as normal people, and are much weaker than the ancient barbarian emperor's blood-zombified bodies. Let's unite and deal with them together. Take action! Try to get rid of these weird blood zombies as soon as possible!"

Chapter 2415 The Peak Punch

After the seventh prince finished speaking, he immediately looked at Ye Feng and Chi Tianyang not far away, and said loudly: "Since you want the treasures in this tomb, you must contribute now to help us. Kill all these powerful blood zombies!"

Ye Feng and Chi Tianyang looked at each other, and then nodded.

Ye Feng said: "The biggest threat is the ancient Barbarian Emperor Blood Zombie. Let your men deal with the ordinary Blood Zombie. The three of us joined forces to wipe out this Ancient Barbarian Emperor Blood Zombie."

"good!"

Chi Tianyang also nodded at this time, and instantly held the scepter and sword in his hand.

"The sun is burning!"

Chi Tianyang floated high in the sky, directly raised the scepter in his hand, and instantly pointed it far below.

"Boom!"

Almost at this moment, the top of the scepter in Chi Tianyang's hand suddenly burst out with an extremely powerful pillar of flame, as if the sun was burning, and directly bombarded the tall ancient barbarian emperor below. Bloody body.

"Roar!!"

The blood-stiffened ancient barbarian emperor's whole body was instantly ignited, and his whole body was in the sea of fire. He let out an angry roar and grabbed Chi Tianyang high in the sky.

It has to be said that this ancient barbarian emperor's blood stiffness was very severe. He endured the fire magic damage from a super genius like Chi Tianyang. He did not seem to have suffered any serious injuries, but the surface of his body was burning.

"Hammer of the Wild!"

At this moment, the seventh prince of the Barbarian God Empire also took action instantly.

He immediately unleashed his powerful martial arts, and a hammer the size of a mountain suddenly appeared in the sky. It instantly carried endless pressure, and suddenly hit the ancient barbarians below fiercely. The emperor's body was stiff with blood.

"Boom!"

But at this time, the ancient barbarian emperor suddenly stretched out a claw covered with sharp claws.

His hand immediately tore the hammer into pieces.

"What?!"

When the seventh prince of the Barbarian God Empire saw the terrifying attack power and destructive power of the ancient Barbarian Emperor Xue Zhi, he was immediately surprised and quickly retreated back.

"Era Divine Fist!"

Ye Feng saw the opportunity at this moment, and suddenly struck the ancient barbarian emperor's blood-stiffened head with a fierce fist.

"Boom!"

A terrifying roar sounded instantly.

Ye Feng's fist had extremely terrifying impact, and it even smashed half of the ancient barbarian emperor's blood-stiffened head into pieces.

"good!"

The Seventh Prince and Chi Tianyang not far away couldn't help laughing.

Boom!

But at this moment, the half-broken head of the ancient Barbarian Emperor Xue Zheng seemed to have nothing to do at all, and he still fiercely grabbed Ye Feng with his claws.

"Pfft!"

Ye Feng's body was immediately scratched with bloody paw prints, causing great pain.

Uh-huh!

Ye Feng's eyes were suddenly startled and he quickly retreated towards the rear.

This ancient barbarian emperor was so cruel that he tore Ye Feng's chaotic body apart with just one claw.

At this moment, the flesh and blood of Ye Feng's scratched wound was rapidly turning black. It was obvious that the ancient barbarian emperor's bloody claws contained poison.

The white-robed mage immediately appeared in front of Ye Feng. He directly held the staff in his hand and began to release the healing technique.

“Buzz...

...”

A piece of pure white holy light immediately enveloped Ye Feng's wound, and Ye Feng's wound was slowly healing.

"The true form of the Barbarian God!"

At this moment, the Seventh Prince who was not far away suddenly roared loudly, and his whole body suddenly expanded to the size of a god, directly transforming into the reincarnation of a barbarian god in a short period of time.

"Boom!"

The seventh prince immediately fought with the ancient barbarian emperor Xue Zong.

At this time, Chi Tianyang was also holding a scepter high in the sky and using magic to assist attacks.

"Boom!"

The entire area suddenly fell into a chaotic battle.

"ah!"

Suddenly at a certain moment, accompanied by a shrill scream, the seventh prince's entire body was torn to pieces by the ancient barbarian emperor's blood.

The seventh prince, die!

"hateful!!"

Chi Tianyang was also very anxious at high altitude. He immediately held the flaming sword in his hand and slashed crazily towards the ancient Barbarian Emperor Xue Zheng.

"when!"

"when!"

The terrifying flaming long sword slashed at the blood-stiffened body of the ancient barbarian emperor, but it could only break the blood-stiffened scales of the ancient barbarian emperor. Moreover, the flaming long sword in Chi Tianyang's hand was slashing continuously, and the blade was falling. There were also cracks on the top.

This made Chi Tianyang couldn't help but take a breath of air.

After fighting for so long, even the Seventh Prince has been killed, the battle sword in his hand is also damaged, and the magic in his body is almost exhausted. He has not yet wiped out the blood of the ancient Barbarian Emperor, but only slightly injured the ancient Barbarian Emperor. , the biggest damage was that Ye Feng broke half of the ancient barbarian emperor's head with one punch.

At this time, Ye

Feng's severe poisonous injuries were finally restored by the white-robed mage.

At this time, Ye Feng immediately flew high into the sky, and then flew to the side of Chi Tianyang. He couldn't help but ask: "Where is the seventh prince of the Barbarian God Empire? Why are you alone now fighting with the blood of the ancient Barbarian Emperor?" Stuck in the fight?"

When Chi Tianyang saw that Ye Feng had recovered from his injuries, he immediately couldn't help but said with surprise: "Great! You have finally recovered from your injuries! Come and help me deal with this bloody zombie! The seventh prince you mentioned has fallen. He died in the bloody hands of this ancient barbarian emperor!"

"What?"

When Ye Feng heard this, he couldn't help but said in surprise: "I have only recovered from my injury for a while, why is the seventh prince already dead?"

Chi Tianyang couldn't help but smile bitterly and said: "You don't know how terrifying this ancient barbarian emperor's blood stiffness is!"

Ye Feng nodded slightly, then looked at the ancient barbarian emperor Xue Zhi who rushed over not far away, and instantly activated all his power.

Dzogchen future body!

The ancient divine ring!

Era Hegemony! Overlord state!

"Era Divine Fist!!"

At this moment, Ye Feng raised his combat power to its peak state, and then punched out fiercely.

This fist was a peak punch, containing the most destructive power that Ye Feng could unleash at present.

"Boom!"

But the terrifying boundless energy stream rushed out of Ye Feng's fist in an instant, and then collided with the ancient Barbarian Emperor Xue Zhi not far away!

"Boom!!"

The terrifying and boundless roar instantly resounded throughout the night sky.

Finally, Ye Feng exhausted all his strength and punched the blood-stiffened body of the ancient barbarian emperor to pieces!

Chapter 2416 Extremely impressed

Boom!

Along with the blood-stiffened body of the ancient barbarian emperor, he fell into pieces and died completely.

Everyone on the field breathed a sigh of relief.

Because the most terrifying thing is that this ancient barbarian emperor was refined into a bloody zombie.

The ancient barbarian emperor died of blood zombies, and the remaining ordinary blood zombies were quickly killed by others.

At this time, Ye Feng himself breathed a sigh of relief.

At this time, he waved his most powerful fist, and the power in his entire body was almost exhausted.

Because this punch almost made Ye Feng use up all his energy.

Uh-huh!

Not far away, Chi Tianyang, the super genius of the Fa Shen Sect, flashed over in an instant and came to Ye Feng. Seeing Ye Feng's pale face, he quickly took out a white ring from his storage ring. He took the round elixir and said loudly: "Swallow this bullet quickly. This is a high-quality healing elixir refined with the special magic power of our Fashen Sect. Take it when a person is in the most exhausted state. It can definitely be resurrected with full blood."

Ye Feng nodded, and then swallowed the pill.

"Boom!"

In an instant, Ye Feng felt this pill, and a terrifying energy exploded in his body. Then Ye Feng's entire state suddenly returned to its peak state.

"A very powerful elixir!"

Ye Feng couldn't help but smile and said.

At this time, Ye Feng looked at the body of the seventh prince not far away and couldn't help but said: "I didn't expect the seventh prince to die like this. It's a pity."

Chi Tianyang just curled his lips and said aloud: "What's the pity? This seventh prince is too entrusted and has been unwilling to liberate his own cultivation, so he unintentionally became an inattentive person."

, was brutally torn apart by that set of ancient Barbarian Emperor zombies. "

Ye Feng said somewhat speculatively: "This seventh prince must not be able to easily unblock his cultivation beyond the Eternal Realm, otherwise it is very likely to cause catastrophe in the small world of the Ancient Demon Realm."

When Chi Tianyang heard this, he nodded slightly and said, "It may be for this reason. Before I entered the world of the Ancient Demon Realm, my master also said that even if there is a powerful being hiding his cultivation this time, Entering the trial, there is not much use, because they cannot expose their powerful cultivation, otherwise they will definitely attract very terrifying destructive power. It is estimated that this ancient demon realm has a natural ability for cultivation beyond the eternal realm. Otherwise, our major forces would not have chosen this place as a place of trial."

Ye Feng nodded, and then put the bodies of all the dead masters in the room into storage rings.

Seeing this scene, Chi Tianyang couldn't help but ask: "Brother Ye, what do you want these corpses for?"

Ye Feng's face was not red, his heart was not beating, and he said with a smile: "After all, they are the masters of the Barbarian God Empire who fought against the ancient Barbarian Emperor Blood Zombie and Yin Luo. I will take them out of the Ancient Demon Realm and bury them in the future."

When Chi Tianyang heard what Ye Feng said, he immediately couldn't help but stand in awe and said, "Brother Ye is really big-hearted!"

After finishing speaking, Chi Tianyang showed a hint of coldness in his eyes, looked at a group of surviving Barbarian God Empire masters not far away, and said loudly: "Anyway, I can't stand this group of Barbarian God Empire. Masters, go around to form groups to hunt people from other forces. If the seventh prince hadn't died fighting the ancient wild blood zombies this time, I would definitely kill all the remaining masters of the Barbarian God Empire!"

Hearing Chi Tianyang's words at this moment, a group of masters from the Barbarian God Empire not far away were trembling with fear and all left the scene.

Ye Feng just smiled slightly at this and said loudly: "Now that the biggest threat to the Barbarian God Empire is gone, it was killed by the ancient Barbarian Emperor Blood Zombie, and some miscellaneous fish don't matter anymore. We should hurry up and explore this place now. The tomb of the ancient barbarian emperor."

"OK!"

When Chi Tianyang said this, he immediately became excited. .??.

After all, this is the tomb of an ancient barbarian emperor, and there must be a lot of wealth and treasures buried inside.

Maybe there is a powerful inheritance from the ancient Barbarian Emperor!

At this moment, Ye Feng followed Chi Tianyang towards the entrance of the tomb while swallowing up all the blood energy of all the fallen masters in the storage ring.

Among these devoured masters, especially the Seventh Prince provided the most abundant skills and blood energy.

"Rumble..."

Even more huge amounts of skill energy began to surge in Ye Feng's body.

Ye Feng's skill began to expand and increase rapidly, visible to the naked eye.

"boom!"

The Seventh Heaven of the Six Paths of Reincarnation!

"boom!"

The Eighth Heaven of the Six Paths of Reincarnation!

Finally, Ye Feng's cultivation stopped here.

At this moment, the changes in Ye Feng's cultivation aura caused by secretly swallowing him naturally attracted the attention of Chi Tianyang beside him.

Chi Tianyang's eyes showed deep surprise at this time, and he couldn't help but stare at Ye Feng beside him, and said aloud: "Brother Ye? You just released a series of

With two powerful momentums, why did you suddenly break through like this? And he still broke through two levels in a row! "

Obviously, for Chi Tianyang, the breath of Ye Feng swallowing the breakthrough just now shocked this super genius of the God of Law to the extreme.

Chi Tianyang probably couldn't figure out why Ye Feng suddenly had a breakthrough.

Ye Feng smiled and said at this time: "I don't know why, but I suddenly broke through."

Chi Tianyang couldn't help showing admiration in his eyes, staring at Ye Feng, and said loudly: "I think that in the future, there will be your legend in the center of the God Realm."

Obviously, for Chi Tianyang, within the short period of contact with Ye Feng, he already felt that Ye Feng had unlimited potential, which was simply incredible.

Of course, Chi Tianyang was very confident in himself and said: "I will definitely go to the most prosperous center of the God Realm in the future. I hope that we can all carve out our own space there."

Ye Feng smiled and patted Chi Tianyang on the shoulder and said loudly: "You are a good friend. I hope that we will both have a good future in the future."

Boom!

At this time, the two of them walked to the entrance of the tomb and immediately blasted open the stone door of the tomb.

Behind the stone gate, a deep and dark passage appeared.

At this time, Chi Tianyang looked a little solemn and said: "We have to be careful. This is not just the tomb of the ancient barbarian emperor. The ancient barbarian emperor was refined into a weird blood zombie. I always feel that this tomb is There must be other weird things in it."

At this time, the white-robed mage ducked behind the two of them and said loudly: "We must be careful. I always feel that these blood-stiffening refining techniques are very familiar. Maybe there is a very famous person in the ancient demon realm living here. The evil corpse-refining master."

Chapter 2417 Underground Palace

At this moment, after the white-robed mage finished speaking, a white holy light suddenly lit up on his scepter, shrouding the three people in a white light curtain.

The white-robed mage spoke up and said: "This is the light that belongs to the ancient Dharma God. It can protect us from evil spirits."

Chi Tianyang was a little shocked, and couldn't help but look at the white-robed mage beside him, and said loudly: "I haven't asked yet, where is this old senior from?"

Ye Feng smiled and said: "He and Chi Tianyang should be considered practitioners of the same attribute. The white-robed mage is also an ancient mage, a native of this ancient demonic realm." .??.

"A local mage from the Ancient Demon Realm?"

Chi Tianyang couldn't help but show a hint of surprise in his eyes.

At this time, the white-robed mage also smiled and nodded and said: "If I have time in the future, I will visit your Dharma God Sect to exchange experiences in spells and magic practice."

Chi Tianyang immediately said: "You will definitely be very welcome!"

For Chi Tianyang, meeting an ancient native mage from the Ancient Demon Realm gave him an inexplicable sense of intimacy.

While the three people were discussing, they had already entered the inner space of the tomb.

The air here is extremely humid, and there is a strange smell everywhere.

"Wow!"

Suddenly at this moment, a figure suddenly came out of the surrounding darkness.

That turned out to be a bloody zombie!

Obviously, there is also a lot of blood in the internal space of this big tomb!

"Boom!"

At this moment, almost no one noticed.

Fortunately, there is the holy light protection barrier of the white-robed mage.

This bloody zombie rushed in front of the three of them and hit the holy light protection barrier directly, causing his head to bleed immediately.

"boom!"

"boom!"

But the sound here immediately attracted me

All the sleeping blood zombies in the entire tomb.

"Rumble..."

In an instant, the three people were horrified to see that in the passages of the surrounding tombs, there were all terrifying blood zombies rushing towards them!

"Oops! This tomb is probably filled with blood! Let's get out of here! It's really too dangerous!"

At this moment, Chi Tianyang couldn't help but speak out.

Because of the dense blood, all roaring and roaring ferociously, rushing towards several people, it made people feel like their scalp was numb.

After all, it was already very difficult for them to deal with those bloody zombies outside just now.

Facing so many dense blood stasis would definitely be more dangerous.

But Ye Feng suddenly spoke up at this time: "Since everyone has come in, it is impossible to exit. I don't want all my efforts to be in vain and fall short in the end. I want to go in and find the treasure of the ancient Barbarian Emperor!" "

Boom!

Almost at the moment Ye Feng finished speaking, a terrifying and boundless thunder power suddenly erupted from his body.

This is the thunder inheritance of the Thunder God Crocodile practiced by Ye Feng.

"Crash!"

Countless rays of thunder and lightning suddenly burst out from Ye Feng's body.

"Crack!"

Those thunder and lightning lights surged forward crazily, instantly scorching the large group of blood zombies rushing towards them.

It has to be said that the power of thunder still has special restraint on these evil things.

"Okay! Then I'll go crazy with Brother Ye!"

At this moment, looking at Ye Feng covered with endless thunder, he looked like a god of thunder.

, full of boundless momentum, Chi Tianyang also roared fiercely.

"O Sun God!"

"Please grant me the infinite power of the blazing sun!"

Boom!

Almost at this moment, Chi Tianyang prayed, and then his whole body suddenly burst out with the light of the sun.

His whole person suddenly seemed to have turned into an ancient sun god, holding a staff in his left hand and a sword in his right hand. He was full of huge power. In an instant, he stood beside Ye Feng, facing Ye Feng from left to right. Go ahead with the crazy attack.

"howl!"

"howl!"

After all, the densely packed blood zombies that rushed over were not the advanced blood zombies like the ancient barbarian emperors. They were all ordinary blood zombies. Under the terrifying attack power of Ye Feng and Chi Tianyang, all of them screamed in agony. The sound was all killed instantly and torn into pieces by the hammer.

At this time, the white-robed mage was standing behind the two people in front, and the scepter in his hand emitted white holy light to protect the rear of this small group.

With the perfect cooperation of the three people, they quickly advanced a long distance and finally reached the center of the ancient tomb.

At this time, all the blood zombies are basically dead.

At this moment, they immediately saw that a huge and boundless underground palace was built in the center of this ancient tomb.

Inside this underground palace, there are shining golden treasures piled on the ground.

These are all the magic weapons left behind by the ancient Barbarian Emperor after his death!

There are also boxes of crystal stones that exude five-color stone.

There are even some ancient talismans that ordinary people can't understand, piled around.

"Finally found the last treasure palace!"

Chi Tianyang was very excited at this time and immediately

It is rushing towards the front.

At this time, Ye Feng hurriedly said: "Brother Chi, don't be impulsive! Be careful that there are other strange murderous intentions in the tomb! We haven't figured out who refined so many things into blood zombies!"

When Chi Tianyang heard what Ye Feng said, he immediately reacted and stopped at the entrance of the underground palace not far away, wanting to retreat directly.

"Pfft!"

But suddenly at this moment, a weird bloody skeleton suddenly flashed in front of Chi Tianyang from the palace, and then at an incredible speed, the skeleton's palm directly pierced Chi Tianyang's chest, killing Chi Tianyang. His heart was crushed with a thud.

"ah!!"

Chi Tianyang immediately roared in pain, his eyes filled with endless disbelief, as if he never expected that he would die like this.

Bang!

The next moment, Chi Tianyang's whole body fell directly to the ground, dead!

"Brother Chi!"

Seeing this sudden scene, Ye Feng's eyes suddenly became extremely frightened and angry.

This bloody skeleton that suddenly appeared is really terrifying!

The speed of the attack was such that even a super genius of the God of Law like Chi Tianyang could not react. His heart was crushed and he was killed instantly.

"Crash!"

At this moment, the bloody skeleton suddenly fell on Chi Tianyang, and then the whole weird thing happened.

I saw the bloody skeleton directly integrated into Chi Tianyang's body.

Then Chi Tianyang's body was glowing with blood. He suddenly stood up again and opened his eyes, but his eyes were full of blood and ferocity!

The white-robed mage stood next to Ye Feng and immediately couldn't help but said in shock: "This is the art of possession! That blood skeleton is now using Chi Tianyang's body! He has revived!"

Chapter 2418 There is no way out

It has to be said that Chi Tianyang died miserably.

Moreover, the corpse after death was also used by the weird blood skeleton.

At this moment, Ye Feng's eyes were also deeply cold and murderous.

After a short period of getting along, Ye Feng has already regarded Chi Tianyang as his friend.

I even think that it is very likely that I will go to the center of the God Realm with this friend in the future.

But what I didn't expect was that Chi Tianyang died so quickly.

And he died so cowardly.

He didn't even have time to resist, and was immediately killed by that weird blood skeleton.

At this moment, the blood skeleton occupied Chi Tianyang's body not far away, and his whole body was exuding a terrifying blood light.

Ye Feng's eyes were extremely cold at this time, and he said loudly: "Blood Skull, you are the mastermind behind all the corpses in the ancient barbarian emperor's tomb, right?"

The blood skeleton made a cold voice: "Yes, I didn't expect that after so many years, someone would dig out the seal underground and successfully wake me up. Then I can escape from this dark underground tomb, but First, I will definitely kill all of you greedy humans!"

Boom!

At this moment, the blood skeleton rushed towards Ye Feng.

The power of thunder released by Ye Feng was shattered by the blood skeleton at this moment, and it was unable to resist the blood skeleton.

It has to be said that the cultivation strength of this blood skeleton has definitely reached a very terrifying level.

Otherwise, it would be impossible for him not to be afraid of the thunderous power of the divine beast that Ye Feng cultivated.

It has to be said that Chi Tianyang's death was not an injustice.

Because the strength of this blood skeleton is really terrifying!

"Holy Light Giant!"

In an instant, the white-robed mage suddenly launched a very ancient

Spells.

Boom!

Seeing that the white-robed mage suddenly turned into a holy light giant, the scepter in his hand also became much larger, and he immediately bombarded the blood skeleton rushing towards him to protect Ye Feng.

"Boom!!"

The blood skeleton was directly blasted backwards by the huge scepter of holy light.

"What?"

The blood skeleton got up from the ground, looked at the white-robed mage who had turned into a white light giant standing next to Ye Feng not far away, and immediately couldn't help but said: "It turned out to be a native of our ancient demon realm that has been lost for many years. White-robed mage? I didn't expect that the ancient white-robed mage is still alive today. It really opened my eyes. However, you seem to have suffered a heavy blow. Your holy light power is already very insufficient. You can defeat me once. Let's release all the power! Jie Jie Jie! You are all going to die!"

"Bloodlight Curse!"

In an instant, the blood skeleton did not attack rashly, but released an extremely ancient and strange spell.

"Boom!"

Almost at this moment, ancient bloody runes rushed out of the blood skeleton's body.

These bloody runes are all ancient spells, full of evil and bloody atmosphere, just like pulling people into the blood sea hell, and they rushed towards Ye Feng and the white-robed mage in an instant.

"Boom!"

These bloody spells collided with the white-robed mage's holy light giant. The white-robed mage couldn't help but spurt out a mouthful of blood. The body of the holy light giant also dissipated instantly. The white-robed mage couldn't help but retreated for more than ten seconds. Step by step, the scepter in his hand is about to break.

The white-robed mage couldn't help but exclaimed

Said: "It turns out to be a demonic spell with supreme power! You must have owned the Supreme Lord of the Rings back then! Otherwise, there is no way that the power of the Supreme Lord of the Rings remains in your body!"

"The power of the One Ring?"

Ye Feng's eyes showed a look of surprise.

Unexpectedly, this blood skeleton was still the holder of the Supreme Lord of the Rings.

The white-robed mage couldn't help but said: "Ye Feng, let's run away quickly. This blood skeleton definitely had the Supreme Lord of the Rings back then. It may have been older than the existence of the Lord of the Demon Realm. It has been surviving until today. It is very scary. !"

At this time, Blood Skeleton burst out laughing: "You actually know about the Supreme Lord of the Rings? I know who you are, the white-robed mage! You must be one of the white-robed mage who participated in suppressing the Lord of the Demon Realm!"

At this time, Blood Skeleton said, and suddenly cast another powerful spell: "Hell Blockade!"

Boom!

Almost at this moment, the entire area around the underground palace suddenly fell into a terrifying and boundless hell scene.

Clearly, this is a very powerful field!

At this moment, Ye Feng and the white-robed mage were completely enveloped by this hellish realm. If they did not kill the blood skeleton, they would not be able to escape from this terrifying territory.

"Boom!"

At this moment, an ancient divine ring suddenly burst out from Ye Feng's body.

Moreover, Ye Feng instantly inspired the inheritance of the Emperor of the Epoch at this moment.

A divine light erupted from his body, which directly raised his cultivation level to the Great Perfection, and he also used the Era God Overlord Technique to directly transform his state into the Overlord state!

"Era Divine Fist!!"

Ye Feng knew at this time that there was no way out.

He gathered everything in an instant

With his peak strength, he punched the blood skeleton in front of him fiercely.

"Boom!"

"Boom!"

The entire field suddenly erupted into a terrifying collision.

Ye Feng is running the Shenlong Footwork at this moment, which is a powerful body technique inheritance he got from the Immortal Palace in the Northern Territory.

Golden dragons suddenly appeared around Ye Feng. No matter how fast the blood skeleton was, it could not touch Ye Feng.

"Boom!"

"Boom!"

Ye Feng's fist was like an iron fist forged for thousands of years, hitting the blood skeleton's body fiercely.

"Kacha kacha..."

The power burst out from Ye Feng's powerful chaotic body and the super brute force of the Brute Force Gem made even this blood skeleton's body begin to have cracks.

"What?"

The Blood Skeleton never thought that this seemingly weak human boy would possess such a powerful force. The burst of brute force made the Blood Skeleton somewhat unbearable.

"This is impossible!"

The blood skeleton instantly shouted: "The true form of the devil!"

Boom!

Almost at this moment, the blood skeleton suddenly expanded into a huge demon god, full of unparalleled nobility!

His pair of pitch-black demon eyes stared at Ye Feng for an instant, and he made a majestic voice: "I, the demon, will judge your death!"

Boom!

The Eyes of the Demon God immediately released two terrifying blood-red beams of light, which seemed to be able to penetrate the Nine Netherworlds and pierce the sky!

The power is terrifying to the extreme!

This is Blood Skull's decisive blow!

Chapter 2419 Savage Battle Ax

Boom! !

The terrifying bloody beam was instantly shot out from the eyes of the blood skeleton that turned into a demon, full of unparalleled destructive power!

"Pfft!"

Ye Feng didn't even react. His left arm was instantly pierced, and two bloody holes appeared.

The horrific pain made Ye Feng's eyes become even colder.

"Thunder Shield!"

At this moment, Ye Feng instantly transformed and displayed the inheritance of the Thunder God Crocodile.

His whole body was immediately surrounded by a huge shield condensed by huge thunder.

"Boom!"

At this time, the blood-red beam fired from the eyes of the demon god turned into by the blood skeleton bombarded out again, directly hitting the thunder light shield around Ye Feng.

"Rumble..."

Suddenly the two terrifying forces were in a stalemate, and the Thunder Shield's defense was still very powerful.

At this time, Ye Feng took advantage of this opportunity and instantly used Thunder Sky Slash.

"Boom!"

A blade composed of extremely terrifying thunder suddenly struck down from high in the sky, directly striking the demon god turned into by the blood skeleton.

Poof!

The attack power of Thunder Sky Slash is extremely terrifying, and it has terrifying cutting power. It can directly cut off an arm of the demon god turned into by the blood skeleton.

"Great Sword of Holy Light!"

Suddenly at this moment, the white-robed mage not far away gathered his last strength and unleashed an extremely powerful spell attack.

Great Sword of Holy Light!

At this moment, the white-robed mage suddenly held the scepter in his hand and raised it.

Following his action, a majestic white-light giant hundreds of meters tall appeared in the void behind the white-robed mage. He held a huge holy light sword in his hand and pointed directly at the distance. The demon god slashed away.

Poof!

This is a terrifying attack from all the power of the white-robed mage.

And the holy light he originally cultivated has a natural suppression against weird existences like blood skeletons.

Poof!

The head of the demon god condensed from the blood skeleton was cut off in an instant by this huge white light holy sword.

"ah!!"

The next moment, accompanied by a shrill scream, the demon quickly shrank and turned into a blood skeleton again.

The entire skull of the Blood Skeleton has completely disappeared at this moment, leaving only a headless skeleton.

"boom!!"

Ye Feng seized the opportunity, rushed forward in an instant, and then punched out hard.

This punch forged the power of the Brute Force Gem!

"Boom!! Click!"

Almost at this moment, boundless terrifying power burst out from Ye Feng's fist, directly shattering all the remaining skeletons of the blood skeleton, and "crash" scattered all over the ground, turning it into ruins. .

"Finally dead!"

At this moment, Ye Feng and the white-robed mage exhausted all their strength, and they suddenly breathed a sigh of relief.

Then the two regained their strength.

Then Ye Feng walked into the underground palace.

With a wave of his hand, he instantly collected all the boxes of wealth placed here into his storage ring.

Uh-huh!

Suddenly at this moment, a bloody soul suddenly emerged from the skeleton not far away that had been shattered to the ground!

All of a sudden he rushed towards Ye Feng!

This turned out to be the soul of the Blood Skeleton!

He didn't die, but wanted to seize She Yefeng at the last moment!

"Boom!"

But Ye Feng's eyebrows suddenly cracked, and the power of the soul gem burst out from inside.

I saw a red laser rushing out from the center of Ye Feng's eyebrows, instantly shattering the blood skeleton's spirit.

Wow!

Ye Feng opened his mouth and swallowed the fragments of the blood skeleton's soul. His soul power immediately increased a lot.

"How dare you seize my body? How naive!"

Ye Feng smiled coldly.

With the soul gem in his head, no matter how powerful the soul attack was, it would have no effect on Ye Feng.

Ye Feng has collected a lot of wealth here this time. Some of these things are useful to Ye Feng, and some are not.

Ye Feng can return to the Northern Immortal Palace and sell the things he doesn't need in the Martial Arts Plaza.

At this time, Ye Feng had already reached the deepest part of the underground palace.

In the innermost area of the palace, a huge sculpture of the ancient barbarian emperor was built.

However, this sculpture of the ancient barbarian emperor has collapsed at this moment. It is obviously in disrepair and no one has entered this tomb for many years.

The white-robed mage spoke up at this time: "If we search carefully, we may be able to find the inheritance of the ancient Barbarian Emperor."

Ye Feng nodded and said, "Let's search separately. There are many buildings in this palace. Search them one by one."

The white-robed mage nodded slightly, and then walked in the other direction.

The entire underground palace complex is very huge. You can imagine how much manpower and material resources were spent on building this huge underground mausoleum.

Soon Ye Feng searched nearly half of the tomb.

In the end, he did not find the inheritance of the ancient Barbarian Emperor. Perhaps the ancient Barbarian Emperor did not leave his own inheritance after his death.

But in the deepest part of the palace complex, Ye Feng found the ancient barbarian emperor's natal soldier!

That is an extremely huge mountain.

The tops of the mountains were shaved off.

On the top of this flattened mountain, a

A huge golden ax was placed on the top of the mountain. It seemed to be full of endless momentum, but it emitted an extremely terrifying edge.

At this time, the white-robed mage came over from a short distance and joined Ye Feng.

At this time, the white-robed mage stared at the huge golden ax on the mountain and said loudly: "This should be the magic weapon of the ancient Barbarian Emperor. I can feel a very powerful weapon fluctuation from it. This is not a decadent weapon." The weapon still has spirituality after all these years, and it can definitely still burst out with super ancient power!"

Ye Feng nodded. He also felt an extremely powerful fighting spirit emanating from the golden ax on the mountain peak.

Uh-huh!

Ye Feng flew to the top of the mountain in an instant, and immediately saw a stone tablet in front of the axe. On the stone tablet were written four words: "Wild Battle Axe".

"Savage Battle Ax?"

Ye Feng's eyes flashed with a trace of excitement: "This is definitely the natal soldier of the ancient Barbarian Emperor! The level is extremely high! Even I can't judge what level it is!"

At this time, Ye Feng said, and immediately stretched out his hand to hold this extremely noble-looking wild battle ax.

Buzz!

Almost at the moment Ye Feng grasped this barbaric battle ax, a large piece of powerful golden light surged out from the golden axe, forming a huge figure of the ancient barbarian emperor.

This is the will of the ancient barbarian emperor of the previous generation that existed in the wild battle axe!

This ancient barbarian emperor's will spoke out, full of boundless domineering: "Fight with my will, only if you defeat me can you be qualified to get this wild battle ax..."

"boom!"

But at this moment, the red laser of the soul gem shot out from the center of Ye Feng's eyebrows, instantly shattering the will that was still speaking.

The will of this ancient barbarian emperor was shattered and obliterated by the soul gem before he even finished speaking.

The next moment, Ye Feng immediately started refining this ancient weapon, the Savage Battle Ax!

Chapter 2420 Demon Tomb

Although this wild battle ax is a very ancient and powerful weapon.

But under the refining of Ye Feng's special and incomparable holy power of chaos, it was quickly completely refined by Ye Feng.

At this moment, Ye Feng held the wild battle ax in his hand and felt that his power had been greatly blessed.

"This is definitely a very ancient and powerful warrior. It will greatly increase my combat power."

At this moment, Ye Feng said aloud, then raised the wild battle ax in his hand, and suddenly struck an underground mountain in the distance fiercely through the air.

"Boom!"

Ye Feng didn't even need to use his magic power at this time. The wild battle ax in his hand suddenly burst out with a huge and boundless ax blade light, which instantly bombarded forward and fell from the sky.

"Boom!"

The solid black mountain was instantly shattered by the light of this huge ax blade, turning into countless rubbles that rolled to the ground.

"What a powerful force!"

When Ye Feng saw this scene, his eyes suddenly lit up.

This wild battle ax is indeed extremely terrifying.

It just so happened that Ye Feng was lacking a handy weapon, so he just got this wild battle ax, which could meet his current needs.

But what makes Ye Feng quite regretful is that the inheritance of the ancient Barbarian Emperor has not been found.

However, Ye Feng does not lack powerful inheritance skills now. After all, he now has several sets of advanced inheritance skills in his hands, which are enough for him to use now.

At this moment, the white-robed mage suddenly said: "I found another entrance deep in the tomb, which should lead to the outside. Let's leave here directly. It's better to go to the Dark Imperial City early. After all, I feel that many powerful beings in this ancient demonic realm have awakened from their slumber, and I'm afraid that someone else may take advantage of the Supreme Lord of the Rings."

br\u003e When Ye Feng heard what the white-robed mage said, he immediately nodded and said: "Okay, let's head to the Dark Imperial City as soon as possible. We have also wasted a lot of time along the way, so we should hurry up and kill the Supreme Demon. It is better to get the Ring. After all, the Supreme Lord of the Rings was the most powerful treasure of the Lord of the Demon Realm. If I get the Supreme Lord of the Rings, my combat power will be greatly improved, allowing me to control the powerful ancient magic power."

At this time, the two people were talking and immediately left the tomb of the ancient barbarian emperor.

Soon they were back on the ground.

The white-robed mage identified the direction, and then quickly led Ye Feng towards the direction of the Dark Imperial City.

The two of them did not waste time, because the white-robed mage vaguely felt that many ancient dark existences had revived. The previous resurrection of the blood skeleton was an example.

So Ye Feng didn't deliberately look for any coincidences on the road, and just kept moving forward with the white-robed mage.

Therefore, the two were very fast. In less than half a day, they had traveled tens of thousands of miles across the land and arrived at the edge of the Dark Imperial City.

At this time, the two people stood on the charred black ground.

Ye Feng looked far ahead, and immediately saw a continuous group of black and dark gold buildings standing on the black land in front of him.

The white-robed mage's eyes were full of memories and vicissitudes of life, and he said loudly: "The continuous building complex in front is what I call the Dark Imperial City. It was the place where the Lord of the Demon Realm lived. However, we experienced a terrible war back then, and now the Dark Imperial City has become a ruin."

Ye Feng nodded and headed towards the Dark Imperial City area with the white-robed mage.

.

When they arrived at the Dark Imperial City, Ye Feng saw that many tall buildings had collapsed, and many of the originally precious demon palaces had turned into ruins.

Everywhere here is full of dilapidated and desolate atmosphere, without any fluctuations in life.

The white-robed mage sensed this aura, and immediately breathed a sigh of relief, and said aloud: "It seems that we arrived in time, but no outsiders have discovered this place yet. According to my memory, the Supreme Lord of the Rings was worn in the Demon Realm at that time. One of the Lord's fingers was cut off by a god-level warrior of the Berserker clan. It should have been buried in the deepest part of the Dark Imperial City. However, I suffered heavy injuries at that time and left early. After entering the battlefield, it is very likely that the Supreme Lord of the Rings is in the Demon Tomb in the deepest part of the Imperial City."

Ye Feng's eyes flickered slightly and he asked aloud: "Devil Mausoleum? Where is that place?"

The white-robed mage said: "That is a very ancient underground mausoleum. It was built by the Lord of the Demon Realm to allow countless underground demons to survive. The Supreme Lord of the Rings is probably buried in the demon mausoleum. I remember that I My brother, another white-robed archmage, sealed it on the spot and ended that dark war."

Ye Feng couldn't help but said: "Since there are countless underground demons living in the Demon Tomb, then after so many years, the Supreme Lord of the Rings may have been obtained by some underground demon."

"impossible."

The white-robed mage shook his head and said aloud: "My brother is the most powerful white-robed mage. He sealed the Supreme Lord of the Rings, and the sealing formation left behind is absolutely untouchable by the underground demons in the Demon Tomb. So I'm sure that the Supreme Lord of the Rings is still sealed in the Demon Tomb."

Hearing this, Ye Feng immediately nodded and said with a hint of expectation: "Then let's set off quickly and enter the depths of the dark imperial city. In the demon mausoleum, we will put the Supreme Lord Ring

Find it! "

Ye Feng feels that the Supreme Lord of the Rings may be the most precious and special treasure in the ancient demonic realm.

The white-robed mage nodded at this time and led Ye Feng into the dark imperial city.

But the moment they stepped into this dark imperial city area.

"Crash!"

"Crash!"

Suddenly, a large amount of black energy surged out from the surrounding buildings in an instant, turning into black figures, and swept in the direction of Ye Feng and the white-robed mage, like a black tide. , with an evil aura.

The white-robed mage immediately couldn't help but said: "This is the remaining dark power in the Dark Imperial City. It senses the life breath of our two outsiders and wants to engulf us in the endless dark magic!"

Ye Feng's eyes showed a trace of surprise, and he immediately released the power of thunder and lightning to the surroundings.

"Boom!"

But the light of thunder and lightning, which is full of destructive power, cannot affect those dark energies at all.

The white-robed mage said: "These dark powers are the powerful supreme magic power that the Lord of the Demon Realm has survived from back then. The power of people from outside the ancient demon realm world cannot touch this dark magic power."

At this time, the white-robed mage said, and in an instant he clenched the scepter in his hand, and a large white holy light burst out from his body: "Let me dispel these dark magic powers! I will use my holy light to guide the next generation." Way down!"

Boom!

After the white-robed mage finished speaking, his whole body, including the scepter in his hand, suddenly erupted with a piece of white holy light, blocking all the dark magic power from the outside, just like lighting up a lamp in the endless darkness. Deng, the white-robed mage took Ye Feng and continued to move forward in the endless darkness of the imperial city.
