

Ancient 2421

Chapter 2421 Earth Demon Army

At this time, Ye Feng and the white-robed mage continued to advance in the white holy light.

Soon they entered the deep area of the Dark Imperial City.

At this time, Ye Feng immediately saw a huge stone monument standing deep in the dark imperial city.

Behind this stone monument, there is a huge door sealed.

The white-robed mage spoke up at this time and said: "This huge portal is often located in the magnificent underground tomb built by the Lord of the Demon Realm back then."

Ye Feng nodded, and then he and the white-robed mage entered the Demon Tomb directly.

The moment the two of them stepped into the Demon Tomb, the dark forces in the Dark Imperial City finally stopped outside the door, as if they did not dare to enter the Demon Tomb.

The white-robed mage said: "There are many powerful earth demons living in this demon mausoleum, as well as many weird and special demon clans. Let's be careful."

Ye Feng said: "Where is the Supreme Lord of the Rings?"

The white-robed mage identified the direction at this time and said aloud: "The moment I stepped into the Demon Tomb area, I already felt the mage aura of my brother, just follow me."

Ye Feng nodded and followed the white-robed mage to walk quickly in the magic forest.

The entire underground Demon Tomb is very grand, with countless pillars with no visible tops standing beneath the ground, looking very ancient and majestic.

This shows how glorious the Demon Dynasty was established by the Lord of the Demon Realm back then.

At this time, the white-robed mage suddenly stopped in front and said loudly: "We have arrived."

At this time, Ye Feng saw that there was a golden door in front of them.

The white-robed mage spoke up and said: "The place where the Supreme Lord of the Rings is sealed is in the secret room behind the golden door. I feel my brother's breath from inside."

At this time, the white-robed mage said,

The golden door in front of him opened directly.

The next moment, the two of them saw an ancient stone chamber covered with spider webs appearing in their field of vision.

Ye Feng couldn't help but said immediately: "Will a treasure like the Supreme Lord of the Rings be in such an ancient secret room?"

"It must be there."

At this time, the white-robed mage suddenly showed a complicated look in his eyes and walked into the dilapidated secret room.

In the middle of the secret room, there was a coffin made of stone.

The stone coffin suddenly emitted a faint holy light the moment the white-robed mage touched it.

The white-robed mage spoke up and said: "My brother is dead, but he used his last strength to form a seal here, so that other demons in this tomb dare not enter here to snatch the Supreme Lord of the Rings."

Ye Feng nodded.

The white-robed mage looked at the dry well behind the coffin and said, "The Supreme Lord of the Rings should be in there."

After finishing speaking, Ye Feng and the white-robed mage jumped directly into the dry well.

They immediately saw that there was a very small underground space under the dry well.

At this time, silver chains were tied to a huge black finger that was as big as a human head.

This is the finger of the Lord of the Demon Realm back then!

At this moment, there is a dark gold ring on this finger.

The surface of this dark golden ring is also engraved with ancient spells and patterns, which seems to contain some kind of terrifying demon power.

"This is the Supreme Lord of the Rings!

"

At this time, the white-robed mage immediately turned around and said to Ye Feng: "You can put away this supreme ring directly. As a local mage in the ancient demon realm, I cannot stare at this supreme demon for a long time." Ring, otherwise I will be seduced by the Supreme Lord of the Rings. If I wear the Supreme Lord of the Rings, I will immediately fall from the white-robed mage and become an evil dark mage."

Ye Feng's eyes showed a look of surprise. He did not expect that the Supreme Lord Ring would have such a strong bewitching power on the native creatures of the Ancient Demon Realm.

Ye Feng nodded at this time, then stretched out his hand and took off the Supreme Lord of the Rings.

Then Ye Feng was ready to put it on his hand.

"Don't wear it yet!"

At this time, the white-robed mage suddenly reminded: "There is extremely terrifying magic power hidden in this Supreme Lord of the Rings. Ye Feng, I suggest you don't put it on your finger yet, otherwise you may become a slave of the Supreme Lord of the Rings."

Ye Feng smiled and said, "I'll give it a try." ??

Buzz!

Almost at the next moment, Ye Feng immediately put the dark gold Supreme Lord of the Rings on his finger.

"boom!"

Almost at this moment, waves of terrifying and boundless magic power and dark demon souls rushed out of the ring in an instant, surrounding Ye Feng, filled with terrifying visions.

Uh-huh!

The next moment, Ye Feng immediately took off the Supreme Lord of the Rings from his finger, feeling a little cold sweat on his forehead.

The white-robed mage was right. The moment he put on the Supreme Lord of the Rings, his whole body instantly possessed boundless and terrifying magic power, but his spirit also fell into boundless darkness for an instant, which was very terrifying.

Ye Feng thought in his heart and said secretly in his mind: "Emperor Chu

, you use the soul gem to refine this Supreme Lord of the Rings and see if it doesn't affect my spirit."
"

Ever since Emperor Chu became one with the Soul Gem, he has been constantly exploring the various functions of the Soul Gem.

After Ye Feng finished speaking, Emperor Chu immediately nodded in the soul gem, and then absorbed the Supreme Lord of the Rings in Ye Feng's hand directly into Ye Feng's soul world.

The next moment, Ye Feng looked at the white-robed mage beside him and said loudly: "I didn't expect that it would be so simple and easy for us to obtain the Supreme Lord of the Rings this time."

At this time, the white-robed mage shook his head solemnly and said loudly: "We have entered here, which means that the breath of the Supreme Lord of the Rings has been leaked, so it may be very difficult for us to go out next, we still Get out of here as soon as possible, some of the terrible lives in the Demon Tomb may have revived."

When Ye Feng heard this, he immediately nodded and quickly left the secret room with the white-robed mage.

Of course, before leaving the secret room, the white-robed mage bowed his hands to his brother's coffin, bowed before leaving.

The two quickly returned to the Demon Tomb and flew towards the entrance.

"Crash!"

But just when they were halfway there, in the darkness of the surrounding Demon Tomb, a group of ferocious-looking earth demons suddenly surged out. The cultivation aura on their bodies was extremely powerful, and the two of them were instantly killed. Surrounded in a small space.

"Outsiders! You have the aura of the Supreme Lord of the Rings in your body! Hand it over quickly! Otherwise, you will be unable to do without this Demon Tomb today!"

The dense army of earth demons instantly surrounded Ye Feng and the white-robed mage.

At this time, an earth demon commander, possessing powerful and boundless magic power, said to Ye Feng and the white-robed mage in an instant.

Chapter 2422 The oldest demon

"Rumble..."

At this time, the entire majestic Demon Tomb was already surrounded by countless densely packed demons.

It was like endless darkness, surrounding Ye Feng and the white-robed mage in a small circle.

At this time, the white-robed mage's eyes were a little downcast, and he couldn't help but whisper: "Sure enough, the aura of the Supreme Lord of the Rings was leaked, and in an instant it attracted so many ancient demons living in the Demon Tomb."

Ye Feng also looked a little solemn at this time.

Because he discovered that these densely packed demons were not ordinary demons.

But the extremely ancient demon clan.

Moreover, the cultivation auras on each of them are very powerful.

Especially the group of earth demon commanders who led these earth demons, the cultivation auras on their bodies were all of the eternal realm, or even the heavenly tribulation realm!

If he were an Earth Demon Commander in the Heavenly Tribulation Realm, perhaps Ye Feng could defeat him even if he tried his best.

But this group of local earth demons in the ancient demon realm have lived in this demon mausoleum for countless years, absorbed countless demonic energies, and have grown into a terrifying demon clan.

At this time, the white-robed mage couldn't help but said: "If I still had my peak cultivation level, I wouldn't be afraid of these earth demons at all."

Ye Feng nodded, then clenched his fists and said loudly: "There is only one way now, and that is to kill!"

Boom!

Almost at this moment, Ye Feng took action.

Immediately, endless thunder and lightning burst out from his body.

That is the inheritance of Thunder God Crocodile!

"Stubborn!"

A group of extremely powerful demons sneered and were about to surround Ye Feng and the white-robed mage and kill them.

"Buzz!"

But suddenly at this moment, an extremely powerful life

Fluctuations, containing boundless momentum, surged out in the entire Demon Mausoleum in an instant, sweeping in from the deepest part of the Demon Mausoleum.

The moment they felt this aura, the expressions of all the densely packed army of earth demons changed, and they immediately retreated into the darkness.

In the blink of an eye, all the demon armies around Ye Feng and the white-robed mage disappeared.

The field became empty again.

But at this time, Ye Feng's sense of life crisis became even stronger.

Because he felt a kind of pressure that would break his entire body inch by inch, sweeping from the depths of the Demon Tomb.

Despite the threat just now, countless densely packed demon armies retreated.

But at this time, there is indeed a greater threat than the countless demon armies.

Buzz!

At the next moment, Ye Feng suddenly saw a bloody sea suddenly surging in a dark direction not far away.

It looks extremely weird!

Above this bloody sea, a beautiful bloody woman appeared, looking like a female demon born from the sea of blood.

"This is... the Blood Queen!"

There was a trace of shock on the face of the white-robed mage, and he couldn't help but say: "This is more terrifying than countless dense armies of earth demons! This is the oldest demon, the Blood Queen!"

When Ye Feng heard the white-robed mage say this, his eyes suddenly darkened.

really!

Ye Feng felt an extremely terrifying pressure from this Blood Queen.

It's like facing a terrifying monster

Like the big devil!

Blood Queen, this is the oldest demon living in the Demon Tomb!

At this time, the Blood Queen stared at Ye Feng with a pair of blood-filled eyes, and said loudly: "You have obtained the Supreme Lord of the Rings, but you have to hand it over to me now. The Supreme Lord of the Rings is not something that a weak human like you can control. "

The Blood Queen is the oldest demon. If she gets the Supreme Lord of the Rings, it will be a disaster for the entire ancient demon world.

Because the Supreme Lord of the Rings can give a demon instant terrifying and boundless dark power.

At this time, Ye Feng's eyes were extremely cold and he said loudly: "If you want to get the Supreme Lord of the Rings, just come and get it yourself!" .??.

Boom! !

Almost at this moment, Ye Feng grabbed the shoulder of the white-robed mage next to him, and then immediately used the power of the space gem to directly open up a space wormhole, and fled quickly towards the back in an instant.

"The power of space rules!"

The Blood Queen smiled coldly: "You can't escape! The Supreme Lord of the Rings is mine!"

Boom!

The Blood Queen instantly turned into a sea of blood, sweeping towards Ye Feng and the white-robed mage.

At this time, Ye Feng and the white-robed mage had passed through the space wormhole and arrived at the other side of the Demon Tomb.

This is not the entrance they came from before.

Because the entrance has been blocked by the queen.

At this time, Ye Feng looked at the white-robed mage beside him and couldn't help but ask: "Is there any other exit from the depths of this Demon Tomb?"

The white-robed mage immediately said: "There should be! I remember that the deepest place is the endless abyss. A huge steel bridge was built over the endless abyss. As long as you cross the steel bridge, you can leave.

Opening this Demon Tomb, ancient demons like the Blood Queen, although extremely powerful, have been cursed by the Lord of the Demon Realm and cannot leave the area of the Demon Tomb for the rest of their lives. Therefore, as long as we can escape from the Demon Tomb and return to the outside, The Blood Queen can't come out! "

When Ye Feng heard what the white-robed mage said, he immediately nodded and said: "Okay! Let's not collide with the Blood Queen face to face now! Because it is impossible to defeat! What we have to do now is to escape quickly!"

It has to be said that although the Blood Queen is the oldest demon, she is very powerful alone.

However, the appearance of the Blood Queen scared away countless dense demon armies, but gave Ye Feng and the white-robed mage a chance to escape.

At this time, Ye Feng possessed a space gem and was extremely fast.

"Blood cage confinement!"

But suddenly at this moment, the Blood Queen's voice suddenly came from behind the two of them.

Boom!

Almost at the next moment, a huge bloody prison appeared out of thin air in the space around Ye Feng and the white-robed mage, sealing the two people in the bloody prison instantly.

"What?"

When Ye Feng saw this scene, his eyes suddenly showed a hint of shock.

For Ye Feng, he has always used space gems to escape very quickly and has never failed.

Because the space gem gives Ye Feng the power to control the rules of space.

But what Ye Feng never expected was that the oldest demon living in the depths of the Demon Tomb, the Blood Queen, could actually cut him off from the space wormhole opened by the space gem, and directly kill him and the white-robed mage. Trapped in a bloody prison.

This was something Ye Feng didn't expect.

It has to be said that this Blood Queen's strength and methods are very powerful.

Chapter 2423 You're crazy, kid

At this time, Ye Feng and the white-robed mage were both trapped in a bloody prison.

The white-robed mage immediately shouted: "Holy Light Technique! Dispel evil!"

Boom!

Almost at this moment, the scepter in the white-robed mage's hand suddenly erupted with a very bright white light wave, and all of a sudden it hit the bloody prison in front of him.

"Boom!!"

Accompanied by a huge explosion and roar.

The white light wave of the white-robed mage suddenly shattered a gap in the bloody prison.

"Uh-huh!"

When Ye Feng saw this scene, his expression suddenly lit up, and he immediately grabbed the white-robed mage's shoulder and flew towards the gap.

"The ancient white-robed archmage's holy light technique!"

The Blood Queen who was chasing behind saw this scene, and a trace of surprise suddenly appeared on her cold face. She couldn't help but said: "I didn't expect that a saint-level white-robed master would survive back then. Mage, the power of the Holy Light in your body is very weak now. It is extremely weak. It seems that you suffered a heavy blow back then. Although you are not dead now, you have become extremely humble."

At this time, after the Blood Queen finished speaking, she once again displayed a terrifying and boundless ancient secret technique: "Blood Hell World!"

Boom!

Boom!

Almost at this moment, a terrifying bloody world covered the Blood Queen in the distance.

The entire world suddenly turned blood red, as if it was enveloped by an endless bloody hell.

This bloody hell is quickly moving towards the direction where Ye Feng and the white-robed mage escaped.

Once they are enveloped, there is no way they can escape!

Because this blood prison world is not an ordinary prison like just now, but a very terrifying world power!

At this moment, Ye Feng and the white-robed mage immediately discovered that the entire world around them

Both the ground and the air were quickly turning blood red.

A terrifying power of the world, full of heavy pressure, oppressed the two of them in an instant.

At this moment, both Ye Feng and the white-robed mage slowed down.

But at this time, they were still a long way from the exit of the Demon Tomb.

"Time is running out!"

At this moment, Ye Feng immediately asked Emperor Chu in his mind: "Have you solved the hidden dangers in the Supreme Lord of the Rings?"

Emperor Chu couldn't help but said: "How could it be so fast?"

"Time is running out!"

Ye Feng immediately took out the Supreme Lord of the Rings from his mind.

The moment Ye Feng took out the Supreme Lord of the Rings, the Blood Queen not far away immediately lit up.

"This is my baby!"

A ferocious look appeared on the Blood Queen's face, making her cold and beautiful face look a bit cruel and evil.

Boom!

The Blood Queen rushed towards Ye Feng in an instant.

But at this time, Ye Feng looked hard and put the Supreme Lord of the Rings on his finger.

The Supreme Lord's Ring is a magical treasure that can change the size of the ring at will to fit the width of the user's finger.

"Buzz!"

Almost at the moment Ye Feng put on the Supreme Lord of the Rings.

"Boom!!"

A terrifying and boundless dark magic power exploded in Ye Feng's body in an instant.

Ye Feng could feel at this moment that his spirit fell into the endless abyss of chaos and darkness.

It's like the whole person suddenly turned into a demon!

This is the negative impact caused by the One Ring.

But at the same time, Ye Feng also obtained boundless and powerful dark magic power.

"Boom!"

At this time, Ye Feng's body burst into black light. Ye Feng suddenly became like an ancient demon lord who came and revived. The dark light emanating from his body made his whole person look full of a kind of... A sinister yet noble feeling.

"You kid is crazy!"

Emperor Chu immediately used the soul gem at this time to quickly protect Ye Feng's soul origin.

"You actually took the initiative to put on the Supreme Lord of the Rings?"

The Blood Queen was also shocked by this scene, and then she showed a sarcastic smile on her face and said loudly: "You are a small human being, if you use the Supreme Lord of the Rings, you will soon collapse physically and mentally!"

Ye Feng's whole body was filled with the light of darkness at this time. He smiled coldly and said, "Before I collapse, I will definitely kill you, the Blood Queen!"

Boom!

Almost at the moment Ye Feng finished speaking, with the help of the power of the Supreme Lord of the Rings, he rushed towards the Blood Queen in an instant.

"boom!!"

In an instant, Ye Feng punched forward fiercely, and a boundless dark light burst out from his fist, filled with the extremely terrifying power of the Dark King.

The Blood Queen's originally indifferent expression suddenly felt the dark power burst out by Ye Feng. She couldn't help but change her face and said, "How is it possible! How could you be able to use the Supreme Power so quickly?" The deepest dark power in the Lord of the Rings? This is impossible!"

As the Blood Queen spoke, she quickly activated a group of huge blood shields to protect herself.

"Boom!!"

But at this time, Ye Feng was extremely fierce. The palm wearing the Supreme Ring was clenched into a fist and struck hard at

On top of the bloody shield.

"Crack, click, click..."

Boundless impact suddenly surged out of the Supreme Lord of the Rings, shattering the bloody shield in an instant.

You must know that the Supreme Lord of the Rings was a supreme treasure that even the Lord of the Demon Realm regarded as a treasure.

The Lord of the Rings seems to be forged by a super race from outside the territory.

What was powerful back then was not the Lord of the Demon Realm himself, but the dark power given to the Lord of the Demon Realm by the Supreme Lord of the Rings, which allowed the Lord of the Demon Realm to almost dominate the entire Ancient Demon Realm.

Therefore, Ye Feng, who was wearing the Supreme Lord of the Rings at this time, naturally had the power to rival the Lord of the Demon Realm for a short time.

"Boom!"

At this time, Ye Feng's chaotic body was bearing the terrifying power from the Supreme Lord of the Rings, and then he released it all, directly hitting the Blood Queen's head with a fist.

"Pfft!"

The Blood Queen's beautiful face was instantly smashed into pieces by Ye Feng amid the horrified gaze.

The Blood Queen suddenly turned into a headless corpse and fell from the sky.

"Finally dead!"

At this moment, Ye Feng took off the Supreme Lord of the Rings from his finger in an instant.

But at this time, Ye Feng felt as if his entire body had been drained, and he suddenly collapsed to the ground, losing all resistance.

Uh-huh!

The white-robed mage immediately flew over and quickly carried Ye Feng on his back, preparing to leave the Demon Tomb. After all, in addition to the Blood Queen, this Demon Tomb also contained other terrifying earth demons.

"Help me collect the Blood Queen's body."

Ye Feng immediately said weakly.

"OK!"

The white-robed mage immediately collected the body of the Blood Queen, and then quickly flew towards the outside of the Demon Tomb with Ye Feng, who had lost his fighting power, on his back.

Chapter 2424 Giant of Red Light

At this moment, the white-robed mage was rushing towards the outside of the Demon Tomb with Ye Feng on his back.

They soon arrived at the endless abyss area.

Above the endless abyss, a huge bridge like the Great Steel Wall was built.

As long as you pass this bridge, you can get out of the Demon Tomb area.

Seeing that Ye Feng's face was pale on his back, the white-robed mage couldn't help but said: "Don't sleep to death! If you hold on for a while, you will be able to leave the Demon Tomb and be out of danger!"

Just using the Supreme Lord of the Rings, Ye Feng burst out with extremely powerful power.

But the dark magic power in the Supreme Ring has a huge backlash.

At this moment, Ye Feng not only lost his fighting power, but his body was also exhausted.

If Emperor Chu hadn't used the soul gem to protect his soul.

I'm afraid Ye Feng has a mental breakdown now.

However, Ye Feng was so miserable this time and suffered such a huge backlash, but he achieved great achievements.

That is to kill the ancient demon, the Blood Queen.

And he also got the demonic body of the Blood Queen.

If Ye Feng can refine the Blood Queen, he will definitely be able to get a huge improvement instantly, which can be said to be a step to the sky.

You must know that the Blood Queen's cultivation realm far surpasses the Eternal Realm.

At this moment, the white-robed mage, carrying Ye Feng on his back, had reached the middle of the steel bridge.

There is an ancient spell in this endless abyss area, making it impossible to fly.

Therefore, the white-robed mage can only step on the steel bridge and cross this endless abyss.

But the moment the white-robed mage walked to the middle of the steel bridge.

"Boom!"

At this moment, an endless flame suddenly burst out from under the endless abyss.

In this endless flame, a flaming giant like a bull demon slowly floated up.

"Dark Balrog!"

When the white-robed mage saw the huge flaming bull-demon-like giant surviving under the abyss, he couldn't help but stare.

There was a hint of shock.

This is a black flame demon comparable to the Blood Queen!

Very scary!

Unexpectedly, he came up from under the endless abyss.

"Run!"

In an instant, the white-robed mage almost mobilized all his strength.

Buzz!

The next moment, the white-robed mage suddenly lit up with a bright holy light.

His entire body speed immediately increased many times.

"Bring the Lord of the Rings..."

The extremely tall dark flame demon stretched out a huge palm at this moment, full of endless pressure, like a black mountain burning with flames, and grabbed directly towards the white-robed mage.

"Guardian of Holy Light!"

At this moment, the white-robed mage activated all his power, but only formed a shield of holy light around himself.

"Boom!"

The huge palm of the dark demon struck the holy light shield, and an earth-shaking roar suddenly erupted.

"Crack, click, click."

The next moment, the holy light shield released by the white-robed mage immediately shattered quickly.

"Can't stop me..."

The Dark Balrog made a hoarse and majestic voice.

He once again stretched out a big black hand, burning with terrifying flames, and grabbed it in an instant.

"Oops! Are we really going to die here today?"

At this moment, the white-robed mage looked at the huge and boundless palm, his eyes filled with deep despair.

This time, in order to obtain the Supreme Lord of the Rings, he really encountered countless dangers.

Especially at this time, their way was blocked by an extremely powerful dark flame demon.

"boom!"

But at this critical moment, Ye Feng's eyebrows suddenly split.

Emperor Chu flew out of the soul gem in an instant.

At this time, he merged with the soul gem and suddenly turned into a huge red giant of light.

"Boom!!!"

At this moment, Emperor Chu took the soul gem as his body, and instantly rushed out of Ye Feng's mind, manifesting the form of a red giant of light, full of terrifying power.

"Boom!"

The red giant of light that Emperor Chu transformed into at this time was huge and towering. In an instant, he punched out a fist and directly collided with the black palm of the dark flame demon.

"Boom!"

Almost at the next moment, accompanied by an earth-shattering roar, the tall body of the dark flame demon was knocked back several steps by the red giant of light transformed by Emperor Chu.

"Amazing!"

At this time, the white-robed mage couldn't help but speak out.

"Why are you still standing there? Run quickly!"

At this time, the red giant of light manifested by Emperor Chu using the soul gem immediately shouted to the white-robed mage behind him: "The red giant of light that I have manifested now has a limited time to fight. I am temporarily I have only initially figured out the power of the soul gem to leave its body. This red light giant that manifested can only stay outside Ye Feng's mind for three minutes. This means that I only have three minutes of fighting time. I am holding on now. This dark flame demon, hurry up and take Ye Feng away!"

"Oh! Okay, okay!"

The white-robed mage reacted immediately and quickly continued running towards the outside of the Demon Tomb with Ye Feng on his back.

"No!! The Supreme Lord of the Rings belongs to me! That is my treasure!"

When the Dark Flame Demon saw the white-robed mage running away with Ye Feng on his back, he immediately roared angrily, burning endless black flames all over his body, and rushed directly towards the outside of the Demon Tomb.

"Your opponent is me!"

at this time

The red giant of light manifested by Emperor Chu immediately burst out with powerful power and fought directly with the dark flame demon.

"Rumble..."

The two behemoths were fighting fiercely above the endless abyss, shattering the entire steel bridge into pieces.

"Finally it's almost here!"

At this time, the white-robed mage, carrying Ye Feng on his back, finally arrived at the exit on this side of the Demon Tomb and ran out in an instant.

When he saw the sunshine outside, he immediately breathed a sigh of relief.

"Finally we are out, we are safe..."

At this time, the white-robed mage also consumed almost all his holy power in the resistance just now. In an instant, he couldn't help but fell to the ground, exhausted to the extreme.

At this time, Ye Feng forced himself to sit up, took out pills from the storage ring, and began to swallow them to restore his strength.

Uh-huh!

At this time, a red giant of light suddenly rushed out of the Demon Tomb.

It's the Emperor of Chu!

But at this time, one of the arms of the giant of light he transformed into had been shattered, and one leg was also shattered.

You can imagine how terrifying the battle in the Demon Tomb was.

"That dark flame demon is so powerful!"

Emperor Chu gasped in pain, and then instantly turned into a red light, returned directly to Ye Feng's mind, entered the soul gem, and began to recover.

The red giant of light that Emperor Chu had manifested before did not bring out the soul gem. It was just the body of power that the soul gem projected outside Ye Feng's mind.

"Roar....."

At this time, both Ye Feng and the white-robed mage could hear outside, the angry roar of the dark flame demon coming from the Demon Tomb.

But the Dark Flame Demon will never be able to come out, because all the demons in the Demon Tomb have received ancient curses and will never be able to escape from the Demon Tomb.

Chapter 2425 We meet again by fate

As he swallowed pills one by one, Ye Feng's strength was slowly recovering.

Waves of powerful and endless energy once again appeared in Ye Feng's dantian.

A full half day passed.

Ye Feng finally recovered all his strength.

Fortunately, Ye Feng killed many strong men during this period and got a lot of wealth from those strong men's storage rings, which contained many power-restoring pills.

At this moment, Ye Feng looked at the white-robed mage beside him, and directly injected some chaotic holy power into the white-robed mage.

"Buzz!"

The white-robed mage immediately felt all the mana he had lost, and it was all restored in an instant. ??

The white-robed mage couldn't help but look a little surprised, and said loudly: "Ye Feng, the inheritance you cultivate must be very advanced and powerful. The power you just input to me is really mellow to the extreme."

Hearing this, Ye Feng nodded and said with a smile: "Although I encountered a lot of dangers this time, I finally got the Supreme Lord of the Rings."

The white-robed mage also sighed and said: "Yes, this time is really dangerous. Just now I almost thought that we were both going to perish. Fortunately, the powerful soul in you saved us. "

Hearing what the white-robed mage said, Ye Feng couldn't help but be a little surprised at this moment.

Unexpectedly, Emperor Chu found some other uses for the soul gem in such a short period of time, such as manifesting such a powerful red giant of light just now.

Although it can only manifest for a few minutes, it is already very good, because the red giant of light can actually fight the dark flame demon in the endless abyss, which can be said to be very fierce.

At this moment, Ye Feng asked in his mind: "Emperor Chu, are you okay?"

"It's nothing."

Emperor Chu's voice sounded: "I am one with the soul gem now.

, if the soul gem is not broken, I won't have any problems. Although the red light shield I manifested is actually damaged, as long as I can finally return to the soul gem, I can continue to accumulate strength. When the time comes, I will accumulate strength. Enough is enough, and I will once again be able to manifest the extremely powerful giant of red light. "

When Ye Feng heard what Emperor Chu said, he couldn't help but his eyes lit up.

If you say this, you will have a strong trump card in the future.

At this time, the white-robed mage suddenly said: "By the way, Ye Feng, you asked me to collect the blood queen's demon body before, and now I will give it to you."

At this time, the white-robed mage said, taking out the blood queen's fallen body from his storage ring.

When Ye Feng saw the blood queen's demonic body, he couldn't help but look happy.

Just now, Ye Feng knew how powerful this Blood Queen was.

Although this Blood Queen does not know the specific level of cultivation, her absolute strength is terrifying to the extreme.

At this moment, Ye Feng could feel a very majestic blood energy and an ancient dark magic power from the Blood Queen's demonic body.

After all, the Blood Queen is an ancient demon that is as famous as the Dark Balrog.

At this time, Ye Feng put the demonic body of the Blood Queen into his storage ring.

At this time, the white-robed mage suddenly stood up and said loudly: "It's time for me to leave. My promise to you has been completed. It's time for me to take a look at the world of the Ancient Demon Realm today."

When Ye Feng heard what the white-robed mage said, he couldn't help but said in surprise: "Aren't you with me anymore?"

The white-robed mage shook his head, with a hint of confusion on his face.

With a mixed look, a relieved smile on his face, he said aloud: "After all, I am a native of the Ancient Demon Realm, and I have my own attachment to this world. I am now rescued by Ye Feng, and now I have completed In exchange for your promise to Ye Feng, I let you get the Supreme Lord of the Rings, and you can actually control the Supreme Lord of the Rings. This makes me very relieved. I will travel throughout the ancient demon world to find my hometown. With some old friends, see if they are still here."

Hearing the slightly ethereal words of the white-robed mage, Ye Feng did not force anything. He just smiled and said: "Okay, I respect your choice, then we will say goodbye here and meet again in the future."

"See you again if we have the chance!"

The white-robed mage looked at Ye Feng with a smile in his eyes, and said loudly: "I believe you will become a great master in the future! You are the most powerful young man I have ever seen!"

Wow!

After finishing speaking, a pair of huge wings composed of white holy light suddenly appeared behind the white-robed mage, and then he flew high into the sky in an instant, and disappeared at the end of the earth in the blink of an eye.

Ye Feng looked at the leaving figure of the white-robed mage, slightly clasped his fists, then turned around and left in the other direction.

For the two of them, they have experienced a lot together, but after all, they come from different places and have different goals in life, and they will eventually separate. .??.

After all, there is no such thing as a banquet that lasts forever.

In Ye Feng's life, many people have become passers-by. This can't be helped, because Ye Feng has his own pursuits, and others may also have other people's pursuits.

When we meet, we smile, and we forget each other in the world.

Maybe sometimes that's for the best.

Much better than those who died tragically during the experience.

...

Uh-huh!

The speed of leaf wind

The speed was very fast, and in a blink of an eye, he was far away from the extremely dangerous Demon Tomb.

He returned to the Dark Imperial City area, and then did not leave directly. Instead, he found a dilapidated building in the Dark Imperial City area and lived in it directly.

In the next few days, Ye Feng does not intend to take advantage of the outside world.

Because he has a very important thing now.

That is to completely refine the ancient demonic order of Blood Queen!

Ye Feng knew very well that if he could refine the demonic body of the Blood Queen, he would definitely be able to achieve a huge improvement.

When the time comes to compete with masters from other overlord forces in this ancient demonic realm, I will be fearless.

After all, Ye Feng saw before that the seventh prince of the Barbarian God Empire turned out to be a powerful self-sealed Heavenly Tribulation Realm expert, which caused Ye Feng a crisis.

Because Ye Feng felt that among the other masters with overlord strength who entered the Ancient Demon Realm this time, there was a high probability that there would also be strong men with self-sealing cultivation.

Although it is said that these strong men with self-sealed cultivation will not easily break the seal, because that may lead to a disaster crisis in the small world of the Ancient Demon Realm.

But when it comes to the critical moment of fighting for the treasure, those strong men who have sealed their own cultivation may burst out their true cultivation to compete for the final treasure.

Therefore, Ye Feng knew very well at this time that his current cultivation level at the eighth level of the Six Paths of Reincarnation needs to continue to improve in order to gain a greater advantage in the subsequent competition for the treasures of the Ancient Demon Realm.

After all, the white-robed mage has said before that the Supreme Lord of the Rings is a treasure that has been forgotten in history in the ancient demonic realm.

There are also many treasures, created by chance, hidden in the Demon King's Palace in the middle area of the Ancient Demon Realm.

Ye Feng calculated the time and decided to break through as soon as possible, and then rush to the Demon King's Palace in the center of the Ancient Demon Realm!

Chapter 2426 Golden Light Pillar

At this time, Ye Feng lived in a broken palace.

Naturally, he temporarily lives here to refine the Blood Queen's demonic body quickly.

This is Ye Feng taking out the demonic body of the Blood Queen from the storage ring.

The Blood Queen is the oldest demon in the Demon Tomb. ??

The cultivation strength is extremely powerful.

After being killed by Ye Feng while in the state of the Supreme Lord of the Rings, the Blood Queen's demonic body still contained boundless blood energy.

At this moment, the moment Ye Feng took out the demonic body of the Blood Queen, he immediately felt the power contained in that body, which was like a vast ocean.

"Devouring the Realm!"

At this moment, Ye Feng did not hesitate at all and instantly released the Devouring Domain.

"Buzz!"

Suddenly, a large area of darkness spread directly from Ye Feng's body, and then began to cover the blood queen's demonic body.

"Crash!"

The infinite blood energy was directly absorbed from the demonic body of the Blood Queen by the Swallowing Domain, and then all was injected into Ye Feng's body.

At this moment, Ye Feng immediately felt the immense power and energy being injected into his body.

At this moment, Ye Feng could feel that his cultivation skills were increasing rapidly.

"Rumble..."

The majestic energy, like angry dragons, filled Ye Feng's limbs and bones at this moment, crazily increasing Ye Feng's power.

Ye Feng's cultivation realm immediately began to make rapid breakthroughs.

"boom!"

Six Paths of Reincarnation Realm Ninth Heaven!

"boom!"

The tenth heavenly perfection of the Six Paths of Reincarnation!

This is far from enough, Ye Feng's cultivation is still making breakthroughs.

Because the Blood Queen is the oldest demon, what she provides

The blood energy is so majestic and terrifying.

"Boom!"

Another powerful aura of cultivation burst out from Ye Feng's body.

At this moment, Ye Feng's cultivation suddenly broke through to the half-step eternal realm!

At this time, Ye Feng's eyes were filled with infinite divine light, and he felt that his power had been incredibly improved and strengthened in this short moment.

At this time, all the infinite blood energy contained in the Blood Queen's demonic body has been absorbed.

Ye Feng casually flicked his finger at this time, and the Blood Queen's shriveled body instantly turned into ashes. It was obvious that all the life force had been absorbed and swallowed up.

At this time, Ye Feng asked in his mind: "Emperor Chu, you will continue to crack the negative effects of the Supreme Lord of the Rings. I hope you can succeed as soon as possible, so that I can use the power of the Supreme Lord of the Rings without any pressure."

Ye Feng used the Supreme Lord of the Rings before and deeply felt the powerful power that the Supreme Lord of the Rings brought to him.

At this time, Ye Feng knew very clearly that this Supreme Lord's Ring was definitely one of the most precious treasures in the ancient demon world.

Ye Feng was very lucky with his luck this time.

Because he had just entered the world of the Ancient Demon Realm, he happened to save a white-robed mage, and as a result, he got the news about the Supreme Lord of the Rings, and now he obtained the Supreme Lord of the Rings.

It can be said that Ye Feng's luck is very good.

It can even be described as overwhelming luck.

After all, the Supreme Lord of the Rings is a treasure that has almost disappeared from historical records.

But now it was obtained by Ye Feng.

At this time, Emperor Chu said in his mind: "Don't worry, I will use the soul as soon as possible

The power of dominance in the gems can remove the negative effects of the Supreme Lord of the Rings as quickly as possible. "

When Ye Feng heard what Emperor Chu said, he immediately nodded, feeling very happy.

Some Chu emperors control soul gems, but Ye Feng is still very relieved.

Before, Ye Feng himself had no way to develop other functions of the soul gem.

But in an accident, Emperor Chu and the Soul Gem merged into one, and they merged into one body, which was perfect for continuously developing the power deep in the Soul Gem.

At this moment, Ye Feng took out the wild battle ax he had obtained before and carried it directly behind his back.

Ye Feng can continuously refine the Savage Battle Ax and strive to use it quickly and skillfully, so that he can burst out with super power.

Although the Supreme Lord of the Rings is the most precious treasure.

But the wild battle ax that Ye Feng got is not a simple thing, it is also a very powerful weapon.

After all, this wild battle ax was the natal weapon of the ancient Barbarian Emperor.

At this moment, Ye Feng carried the wild battle ax on his back and immediately left the ruined palace where he lived, leaving this dark imperial city area that was almost forgotten by history.

Ye Feng's cultivation level increased greatly this time, and he directly broke through to the half-step eternal realm, which made Ye Feng more and more confident.

At this time, he rushed directly towards the center of the ancient demon world.

Ye Feng heard from the white-robed mage before that in addition to this dark imperial city area, there is also a very famous place in the world of the Ancient Demon Realm, which is the Demon King's Palace in the center of the Ancient Demon Realm.

It is said that the Demon King's Palace contains the inheritance of countless ancient demons, which once represented the glory of a great force.

But that great demonic force eventually withered and collapsed in history.

But the remaining ancient ruins of the Demon Lord Shrine still contain many of the various artifacts of the powerful demon clan back then.

Inherit secrets.

Ye Feng knew very well that this time many people would definitely go to the central land where the Demon King's Palace is located.

Because this time the assessment of the inner sect elders, including the assessment of other forces, is based on the number of secrets that can be contributed to the respective sects in the end, as the points score.

Therefore, many people will go crazy to enhance the various ancient inherited secrets of the Demon Lord Palace.

After obtaining those powerful inheritance secrets, not only can I practice them myself, but they can also be used as points for this assessment.

Uh-huh!

Uh-huh!

Uh-huh!

Next, Ye Feng was focused on rushing towards the central land.

The day after Ye Feng left the Dark Imperial City, he came to a wilderness.

"Boom!!"

Otherwise, at this moment, a huge golden beam of light suddenly lit up in the distance in the direction of the central earth. It looked extremely gorgeous and shot straight into the sky.

This huge movement immediately attracted Ye Feng's attention.

Ye Feng looked in that direction.

That is the direction of the central earth.

Ye Feng couldn't help but murmur, "This golden beam of light is probably the vision of the Demon King's birth in the Palace of the Demon King. I have to hurry up!"

At this time, Ye Feng said and immediately rushed towards the direction where the golden light pillar appeared.

"This friend! You are wearing the clothes of the Northern Immortal Palace. Come join our team! It has taken us so long to gather a dozen elders from the same sect. It is really not easy."

But just when Ye Feng flew into the air, he suddenly heard a surprising voice not far away.

Ye Feng instantly looked in that direction, and immediately saw a dozen masters wearing the costumes of the elders of the Northern Immortal Palace, gathering there and advancing in a team.

Chapter 2427 Joining the Elders' Team

The moment he heard the voice, Ye Feng immediately flew in that direction and landed in front of the team.

The leader at this time was a young man wearing a blue gown.

When he saw Ye Feng flying over, he immediately smiled and said, "This brother looks so young. I didn't expect that he is already the outer elder of our Northern Immortal Palace."

Those who can participate in this assessment trial are naturally the elders of the outer sect who are very confident in themselves.

When Ye Feng heard what the man in blue said, he smiled secretly in his heart.

It seemed that the man in blue didn't see how powerful he was, he just thought he was an ordinary elder who was half a step into the Eternal Realm.

But Ye Feng doesn't care about this, and Ye Feng has always liked to keep a low profile.

So at this time, Ye Feng just smiled and said: "I didn't expect to meet the team of elders from our Northern Immortal Palace here. You should have seen that golden beam of light just now."

The man in blue immediately nodded, pointed in the direction not far away, and said loudly: "Junior brother, look, after the golden light pillar appeared, it did not dissipate, but it still exists. I guess it is the legendary ancient demon realm. The most central Demon King's Palace was born."

Ye Feng's eyes moved and he couldn't help but said: "Demon Lord Shrine? Where did senior brother get the news about Demon Lord Shrine?"

The man in blue smiled and said: "During this period, we searched many various relics of the Ancient Demon Realm, and also found many books that recorded the history of the Ancient Demon Realm. Those books recorded the most precious places of the Ancient Demon Realm, It is the Demon Lord Shrine in the center. It is said that it contains many inherited secrets of a super powerful demon clan in the past, and it seems to have a very mysterious effect. Anyway, if you are forbidden to enter the Demon Lord Shrine, you will definitely get great opportunities. That's why I gathered so many fellow disciples, we can form a team to investigate together. After all, that golden beam of light must have attracted the attention of everyone in the entire ancient demon world. The strength of other overlords

They will definitely come, and they will even attract some races native to the Ancient Demon Realm, such as the orcs. "

When Ye Feng heard what the man in blue said, he couldn't help but look at him in surprise. It seemed that he was not a mindless person, but a person with various plans in his heart.

Ye Feng nodded and said aloud: "Okay, now that we have met, I will form a team with my senior brothers so that everyone can take care of me along the way. Moreover, the ancient books that my senior brothers just mentioned contain information about the Demon Lord." For all kinds of information about the shrine, I will ask my senior brother to take me in to hunt for treasures."

The man in blue said with a smile: "It's easy to talk, we are all the outer elders of the Northern Immortal Palace, working hard for the same goal. Now that we are together in this extremely dangerous world of the ancient demon world, we naturally have to take care of each other." "

When he said this, the man in blue looked at the group of elders from the Northern Immortal Palace behind him and said loudly: "Everyone, please introduce yourselves."

A group of other elders all spoke out one after another.

"My name is Nie Xin. I became an outer elder of the Northern Immortal Palace three years ago. I am currently at the half-step Eternal Realm."

"My name is Chen Chuzhen. I became an outer sect elder of the Northern Immortal Palace a year ago. I am now at the third level of the Eternal Realm."

"My name is Ge Dunzhuang. I was an outer elder of the Northern Immortal Palace five years ago. Now I have reached the fifth level of the Eternal Realm and can be considered an elder master."

"My name is Xiao He..."

...

At this moment, each outer sect elder introduced his name and basic cultivation level one after another, so that everyone could quickly understand themselves.

At the end, the man in blue who was leading the group said loudly: "My name is Lan Wuyou

, I was the outer elder of the Northern Immortal Palace ten years ago. I have never participated in the inner sect assessment, just to be able to continuously accumulate my own cultivation power outside, so as to become a blockbuster. Now my cultivation level is the sixth level of the Eternal Realm. Chongtian! "

It has to be said that the cultivation strength of this group of people is already at the top level among the people who entered the Ancient Demon Realm this time.

Ye Feng said with a smile at this time: "My name is Ye Feng. I have just become the outer elder of the Northern Immortal Palace not long ago. My current cultivation level is at the Half-Step Eternal Realm. However, although my cultivation level is not high among you, But my combat power is very strong."

Hearing Ye Feng say this, a group of more than a dozen outer sect elders burst into laughter.

"Brother Ye Feng, you are really humorous."

Some big men couldn't help but laugh and said.

Obviously, he found Ye Feng's words very interesting.

But the laughter of the crowd did not mean contempt.

It's just that they think Ye Feng is so young and looks like a teenager, so it's normal for his low cultivation level.

Ye Feng smiled helplessly at this time and said: "Forget it if you don't believe it, you will believe it one day anyway."

At this time, Lan Wuyou waved his hand and said to the back: "Don't laugh, little brother Ye Feng can tell at a glance that he has an extraordinary temperament. Maybe he is the legendary super genius. Maybe his true combat power is really Better than you."

An outer sect elder who looked like a big man smiled and said: "Then I don't believe that he is more powerful than me in combat. Little brother Ye Feng, why don't we just show off on the spot."

Ye Feng looked at the big man at this time and said with a smile: "Okay."

When Lan Wuyou heard what the two said, he couldn't help but smile bitterly and said: "Let's make more gestures later. Now that the golden light pillar has appeared, there must be many masters from other big forces all heading in that direction. Gather, we are now

Don't waste time now, hurry up and go to that place to find opportunities. After all, this is the most important thing. There is no use fighting among us. "

Hearing what Lan Wuyou said, Ye Feng and the big Han elder both nodded.

really.

The most important thing now is to get to the center.

After all, the visions of the Demon King's birth in the Palace of Demons have already appeared.

The most important thing now is to snatch the ancient inheritance secrets and various resources.

At this moment, everyone was on their way.

They quickly galloped in the direction of the golden light pillar.

The golden light pillar was very majestic, reaching straight into the sky, emitting a monstrous golden light.

Even at night, the entire world of the Ancient Demon Realm is reflected like daylight.

The golden light beam looks very close in the distance, but in fact it is really far away from the road, just like looking at the mountain and running to death.

But everyone is a master, and they are all carefully selected outer elders from the Northern Immortal Palace.

So the whole team traveled for a day and a night, and finally arrived at the area where the golden light pillar was.

But on this day, they just passed through a valley.

"boom!"

"boom!"

"boom!"

Suddenly, streaks of blood flashed down from the valleys on both sides!

Those bloody lights were all bloody arrows!

Full of terrifying sharpness and murderous intent!

"There's an ambush in the valley!"

At this moment, the leader Lan Wuyou yelled and released a blue shield in an instant. The blue shield quickly enlarged and protected all the dozen or so people in the group.

Chapter 2428 Why escape?

"Rumble..."

At this time, countless arrows entwined with blood were fired crazily from both sides of the valley, all pouring on the heads of a dozen teams.

"Clang clang clang...!"

But at this moment, the huge blue shield released by Lan Wuyou successfully blocked the arrows that were shot down instantly.

"Who dared to ambush us?"

At this time, a group of more than a dozen elders outside the Northern Immortal Palace all had very frightened and angry eyes.

They have also experienced in the ancient demon world for a period of time, and they have basically encountered various dangers in the local area.

This was the first time they encountered an attack from other overlord forces.

Because they saw a group of masters standing on the valley, all wearing blood-colored robes, and the auras on their bodies were extremely powerful. ??

These people are obviously masters from the Blood God Palace in the Western Regions!

Those participating in this trial of the Ancient Demon Realm are the Northern Immortal Palace in the northern land, the Barbarian God Empire in the eastern region, and the two dominant forces in the western region, namely the Law God Sect and the Blood God Palace.

The Blood God Palace is said to be the inheritors of a group of blood-sucking demons, which can be called half-demon people.

Therefore, all the masters of the Blood God Palace are full of evil spirits and look like monsters.

At this time, a group of masters from the Blood God Palace immediately launched huge war repeating crossbows.

"Boom!"

A huge war crossbow arrow, like a steel spear, was shot out instantly.

"Boom!!"

This is no ordinary arrow, but a war crossbow arrow forged by the terrifying Blood God Palace.

With a huge roar, this steel spear-like war crossbow arrow instantly shattered the blue shield released by Lan Wuyou.

"Ding, Deng, Deng!"

Even Lan Wuyou, a master of the sixth level of the Eternal Realm, couldn't help but take several steps back at this time.

His magic weapon, a powerful shield, turned into countless iron fragments at this moment, scattered on the ground.

Lan Wuyou's eyes were extremely gloomy as he stared at a group of Blood God Palace masters in the valley and said loudly: "We are from the Immortal Palace in the Northern Territory! We are not in conflict with your Blood God Palace! Why are you hiding here? Kill us?"

"Well water does not offend the river water? Haha."

At this moment, a group of experts from the Blood God Palace, including dozens of them, whose cultivation levels were all the same as the sixth level of the Eternal Realm, descended from the sky and brought a group of more than a dozen Northern Immortal Palace masters. A team of elders surrounded him.

At this time, a Blood God Palace master sneered and said: "You have a team of more than a dozen masters, which can be used as our blood food. You also know what kind of inheritance we practice in the Blood God Palace. If Being able to absorb the essence and blood energy of you people, our cultivation strength will be greatly improved. When the time comes, we will go to the area where the golden light pillar is to compete for the inheritance and magic weapons in the Demon King's Palace, then we will have greater confidence. "

This group of experts from the Blood God Palace is obviously not the entire Blood God Palace team, but a small group within the Blood God Palace.

In order to compete for more inheritance and treasures in the next Demon King's Palace, they ambushed and killed people from other forces along the road, thereby absorbing their blood essence and blood to enhance their own strength.

It's probably not the first time they've done this.

So at this time Lan Wuyou's eyes were extremely downcast, because he knew that a battle was inevitable.

But the opponent has dozens of Eternal Realm Six

The strong man in the sky.

As for their small team, there was only Lan Wuyou, a master of the sixth level of the Eternal Realm.

They are no match at all!

At this moment, the mood of the dozen or so outer elders of the Northern Immortal Palace in the entire team suddenly sank to the bottom.

But they won't let it go.

"kill!"

In an instant, Lan Wuyou yelled loudly and led a group of outside elders from the Northern Immortal Palace to rush in a certain direction.

"Please all go back to me!"

Boom!

Suddenly at this moment, a very handsome young man walked out of the Blood God Palace. .??.

His cultivation level is impressively at the seventh level of the Eternal Realm!

He is the most powerful among this group of Blood God Palace masters!

At this moment, the young man from the Blood God Palace took out a blood-red flag from the storage ring in an instant, and then blasted it forward.

"Boom!"

Within the bloody banner, an endless ocean of blood suddenly burst out, instantly blocking back a group of outer elders from the Northern Immortal Palace who were about to attack.

Bang!

Bang!

Many elders from the outer sect of the Northern Immortal Palace, including Lan Wuyou, couldn't help being shocked and fell back, and some even fell to the ground with weak cultivation.

"It's over now!"

"We are all going to die!"

"Maybe they all became the blood food of these demons from the Blood Palace!"

At this moment, a group of outer elders from the Northern Immortal Palace could not help but scream in horror, their eyes filled with deep despair.

Even Lan Wuyou, who has the highest level of cultivation

The top masters all couldn't help but sigh at this moment: "Why are we so unlucky!"

At this time, the young man headed by the Blood God Palace suddenly smiled coldly: "So I said, you guys can't beat me, so you should just stand still and let us absorb the blood essence, so that you can still Less pain in resistance!"

"Oh, is it so?"

But at this moment, a slightly sneering voice sounded.

"who?"

Everyone looked in the direction of the sound.

They immediately saw a young man in white slowly walking out of the crowd, holding a huge dark gold ax in his hand.

"Ye Feng!"

At this moment, a group of outer elders from the Northern Immortal Palace, including Lan Wuyou, couldn't help but look surprised in their eyes.

They stared at the young man who had just joined their team and couldn't help but said: "Ye Feng, don't be impulsive. When we gather together, we may be able to think of other ways to escape!"

Ye Feng smiled and said: "Why are you running away? Don't worry, these so-called masters from the Blood Palace are just a bunch of fish in my eyes."

"Just a bunch of fish?"

At this moment, after hearing what Ye Feng said, a group of outer elders from the Northern Immortal Palace suddenly widened their eyes, seeming to think that Ye Feng had gone crazy.

At this moment, a group of Blood God Palace masters not far away also laughed and sneered: "This kid's brain is broken! His cultivation aura is only half-step to the eternal realm, and he dares to say Are you saying such nonsense? I won't drink this guy's blood anymore, I'm afraid I'll be infected by him and become a fool!"

At this moment, dozens of masters from the Blood God Palace couldn't help laughing out loud, with deep ridicule and disdain in their laughter.

Chapter 2429 He is really a super genius

At this moment, the young man from the Blood God Palace in the Seventh Heaven of the Eternal Realm, who was headed by him, immediately stared at Ye Feng, his eyes filled with deep sarcasm, and said loudly: "The elders of the Northern Immortal Palace are all So brainless?"

Ye Feng held the dark golden wild battle ax in his hand, slowly walked towards the young man from Blood God Palace who was leading him, and said loudly: "You are the highest and most powerful among this group of Blood God Palaces. , then I'll start with you."

"presumptuous!"

The young man from the Blood God Palace immediately sneered and said, "Since your brain is broken, then I will crush your head!" .??.

Boom!

Almost as soon as the young man from the Blood God Palace finished speaking, he stretched out a hand and immediately grabbed Ye Feng.

This young man from the Blood God Palace is a powerful being in the seventh level of the Eternal Realm. Therefore, the moment he stretched out his hand, the huge aura released was felt by a group of outer elders from the Northern Immortal Palace, including Lan Wuyou. To the point of deep suffocation.

This young man from Blood God Palace is really too powerful.

Just by simply stretching out a hand, the power and momentum released were already irresistible to everyone.

"Ye Feng, run quickly!"

In an instant, Lan Wuyou shouted loudly.

"Boom!"

But at the next moment, Ye Feng raised the wild battle ax in his hand fiercely and slashed hard in front of him.

Poof!

In almost a thousandth of an instant, when no one could react, the wild battle ax in Ye Feng's hand suddenly erupted with a terrifying golden edge, and it suddenly reached out to the young man from the Blood God Palace. The hand was cut off directly.

"ah!!"

Almost at this moment, the young man from the Blood God Palace immediately let out a scream of extreme pain.

One of his hands was chopped off by Ye Feng and fell to the ground.

A bloody mess.

"How can it be?!"

Everyone present couldn't help but widen their eyes.

It seems that he can't believe the scene in front of him.

Ye Feng, a boy who was only half a step into the Eternal Realm, actually cut off the hand of a young man from the Blood God Palace, a super master of the seventh level of the Eternal Realm.

Moreover, this young man from Blood God Palace didn't even react just now.

What kind of speed is this?

What kind of strength is this?

To be so powerful!

"who are you?"

At this moment, the young man from Blood God Palace immediately showed a look of shock and anger in his eyes.

His eyes no longer contained contempt and ridicule, but were filled with a deep nervousness.

Because just now when Ye Feng was slashing with the wild battle ax in his hand, the young man from the Blood God Palace didn't even react.

So this young man from Blood God Palace is now extremely afraid of Ye Feng.

"Boom!"

But Ye Feng seemed to have no intention of talking nonsense at all, and directly struck hard at the young man from Blood God Palace with another axe.

"My name is Xue Wuji! My eldest brother is a super genius of the Blood God Palace. He is called Xue Wushang. He has a powerful cultivation level of half a step beyond the eternal realm. You can't hurt me, otherwise my eldest brother will definitely break you. The corpse is in pieces!"

At this moment, the young man from the Blood God Palace stepped back in horror and yelled, obviously extremely frightened.

"Pfft!"

But Ye Feng still didn't say a word, his eyes were very

With such calmness and coldness, the battle ax in his hand suddenly struck down, splitting the young man from the Blood God Palace in half while shouting.

Snap!

The two halves of the body crashed to the ground.

This young man from the Blood God Palace who claimed to be Xue Wuji was killed instantly!

"hiss!"

Seeing this ferocious scene, whether it was a group of elders from the Northern Immortal Palace or a group of masters from the Blood Palace opposite, they couldn't help but gasp at this moment.

This young man in white was holding a big steel-gold ax in his hand. The sense of oppression he was giving them at this moment was really terrifying!

"It turns out Ye Feng is really a super genius!"

"This fighting power is too terrifying!"

At this moment, a group of elders from the Northern Immortal Palace who thought Ye Feng was joking could not help but exclaim.

"He is really a super genius!"

Lan Wuyou couldn't help but sigh at this time, his eyes filled with deep shock and joy.

What was shocking was Ye Feng's strength.

Fortunately, they were very lucky. They happened to meet Ye Feng not long ago and asked Ye Feng to join their team.

Otherwise, I am afraid that they would all be ambushed by the masters of the Blood God Palace.

At this moment, Ye Feng held the wild battle ax in his hand, and his cold eyes suddenly stared at a group of Blood God Palace masters not far away who seemed to have been frightened.

"Run!!"

At this moment, someone shouted, and a group of Blood God Palace masters immediately fled in all directions, their eyes full of fear.

Obviously, for them, Ye Feng was like a big devil at this time, unable to resist at all, and they could only escape quickly.

After all, even the strongest among them

The older one, Xue Wuji, died in Ye Feng's hands.

And the most terrifying thing is that Ye Feng killed Xue Wuji without any effort at all.

This brought a deep sense of spiritual shock and impact to the other group of Blood God Palace masters!

"Want to run? No way!"

At this moment, Ye Feng immediately rushed towards the masters of the Blood God Palace. When he raised his ax and dropped it, a master of the Blood God Palace was split in half and died tragically on the spot.

"Pfft!"

"Pfft!"

"Pfft!"

The whole field suddenly heard the sound of breaking flesh and bones, which made people feel numb.

Finally, under the extremely shocked gazes of a group of Northern Immortal Palace elders, Ye Feng actually killed all the Blood God Palace masters.

It was simply extremely ferocious!

"Too fierce!!"

At this time, the big man-looking elder who had wanted to compete with Ye Feng before was completely convinced by Ye Feng at this moment!

At this time, Lan Wuyou couldn't help but exclaimed: "I didn't expect that Brother Ye Feng, you really have such a strong combat power. It really shocked me to the extreme. Brother Ye Feng is only half a step into the Eternal Realm." With your cultivation, you can unleash such terrifying killing power. In the future, our Northern Immortal Palace will definitely be the world of Brother Ye Feng!"

At this moment, a group of outer elders from the Northern Immortal Palace, including Lan Wuyou, looked at Ye Feng with a kind of awe they had never seen before.

After all, the truly strong are sought after and feared everywhere!

Although Ye Feng is the youngest among everyone and has joined the Northern Immortal Palace for the shortest time, at this moment, everyone present is convinced, and he is convinced from the bottom of his heart!

Chapter 2430 Three days and three nights

At this moment, when everyone is shocked.

Ye Feng wandered around the entire battlefield and quickly collected all the Blood God Palace masters who were killed by him into his storage ring.

After all, with so many elders from the Northern Immortal Palace present, Ye Feng would naturally not devour them openly in public.

However, Ye Feng can collect these Blood God Palace masters into his storage ring, and then devour them secretly.

In this case, no one will know that they have the ability to devour.

At this time, Ye Feng had collected the corpses of all the Blood God Palace masters.

Then began to absorb their blood energy and skills from the storage ring.

The next moment, Ye Feng suddenly felt the majestic blood energy injected into his body.

Ye Feng immediately felt that his current bottleneck was being quickly broken by waves of powerful energy.

"Boom!"

Finally, the blood energy provided by these Blood God Palace masters broke through Ye Feng's final bottleneck.

Ye Feng's cultivation at this moment has suddenly broken through the half-step Eternal Realm and entered the true first level of the Eternal Realm!

It has to be said that although these Blood God Palace masters are vulnerable to Ye Feng, their combat effectiveness is pitifully low.

But the energy they provided to Ye Feng's current state was still considerable.

You must know that as Ye Feng's cultivation continues to improve, every breakthrough, especially the biggest bottleneck of breaking through the half-step realm, is very difficult and requires boundless energy.

But Ye Feng still broke through all of a sudden.

This made Ye Feng very satisfied.

Ye Feng, who is halfway to the Eternal Realm, and Ye Feng, who has broken through to the first level of the Eternal Realm, are definitely one earth and one sky.

At this moment, Ye Feng, who had broken through to the first level of the Eternal Realm, could clearly feel that his combat power had increased many times at this moment!

This made Ye Feng go to the Demon Lord Shrine area to hunt for treasures, feeling more confident and confident.

.

At this time, Lan Wuyou led a group of outer elders from the Northern Immortal Palace to Ye Feng, and they all clasped their fists at Ye Feng.

Ye Feng asked in surprise: "What are you doing?"

A group of outer elders from the Northern Immortal Palace spoke out one after another: "First of all, I want to thank Brother Ye Feng for his life-saving grace! Secondly, we all discussed it, and then we are all willing to follow Brother Ye Feng, and everything will be done with Ye Feng Brother is the leader!"

At this moment, everyone including Lan Wuyou, the former leader, said this.

Obviously at this time, Ye Feng has become a very unpredictable and powerful existence in the minds of a group of outer sect elders.

That's why they put aside their arrogance as elders of the Northern Immortal Palace and were willing to become Ye Feng's right-hand man and follow Ye Feng.

When Ye Feng saw everyone like this, he immediately couldn't help laughing and said: "Why am I the leader? We are all the outer elders of the Northern Immortal Palace. There is no need to treat me like this. Just keep doing the same as before."

Seeing that Ye Feng was so powerful and now spoke so amiably, the favor of a group of outer sect elders towards Ye Feng suddenly increased rapidly.

At this time, Lan Wuyou said with a smile: "Ye Feng, just promise us. From now on, this team will be led by you, and all of us will follow you from now on."

Hearing what Lan Wuyou said, Ye Feng could only smile and nod, and said loudly: "Okay, for the time being, you should take me as the leader. By the way, Lan Wuyou will go to the Demon King Palace next. area, you are also required to provide information that you have seen in some ancient books."

Lan Wuyou immediately nodded vigorously and said, "Don't worry about Ye Feng, I will tell you everything on the way."

Ye Feng nodded, and then said: "Then let's continue setting off. We also wasted a lot of time here.

To avoid being caught first by others. "

"good!"

Everyone nodded one after another, followed behind Ye Feng, and continued to move quickly towards the area of the central earth and the golden beam of light.

Along the way, the group did not encounter any obstacles or dangers.

They finally arrived at the area where the golden light pillar was.

Almost in the next moment, everyone was shocked by the shocking scene in front of them.

At this moment, on the barren land ahead, a huge and boundless golden light pillar, full of boundless momentum and might, rushed out from the depths of the earth, connecting the sky and the earth together. It looked like Like a divine pillar supporting the entire sky, it is full of infinite dignity.

“It feels so noble!”

"Look, there is a large palace building suspended at the top of this golden light pillar!"

"The Demon King's Palace should be hidden among these palace buildings!"

...

At this time, everyone spoke out one after another, with deep excitement in their tone.

It was obvious that they were extremely excited by the shocking scene in front of them.

At this time, Ye Feng looked at the golden beam of light, seeming to be thinking about something.

Because Ye Feng felt that this huge golden light pillar was not just light, it seemed to be an ancient guardian formation that enveloped the ancient palaces and protected them in the golden light pillar.

"We're finally here!"

At this moment, another group of people rushed over from another direction not far away.

This group of people were all wearing mage robes, and they were obviously from another dominant force in the Western Region, the God of Law.

"Uh-huh!"

A master of the God of Law immediately walked towards the golden light pillar, seeming to want to go to the palace complex.

"Bang dong

! "

But when the master just flew to the periphery of the golden light pillar, he touched the surface of the golden light pillar. It was like hitting a solid glass. His head was bruised and bleeding, and he was knocked back by the shock.

"What?"

"This golden light beam seems to be tangible!"

"Contains powerful blocking power!"

At this moment, the master of the God of Law who had his head bruised and bleeding immediately couldn't help but raised the staff in his hand angrily and started to attack.

"Fire Flame Dragon!"

This master of the God of Law cast a kind of flame magic, and suddenly countless magic surged out from his staff, turning into a very majestic flaming dragon, roaring and roaring, and slammed into the golden On the light beam.

"Boom!"

Although the raging flame dragon hit the golden light pillar and made a rumbling sound, it did not cause any damage to the golden light pillar. On the contrary, the long dragon composed of raging flames was shattered by the shock force of the golden light pillar. Come on.

"What?!"

Seeing this scene, the master of the Fashen Cult who had his head bruised and bloody was immediately dumbfounded.

Because this was almost his strongest attack, but it did not have any impact on the golden beam of light.

"Save your energy."

From another direction, a group of handsome-looking teams, both male and female, came.

Behind them are a pair of wings composed of faint light.

This turned out to be the native race of the Ancient Demon Realm, the elves!

At this time, the leader of the Elf clan smiled lightly and said: "I'm afraid you outsiders don't know the rules for every opening of the Demon Lord Palace. Every time the Demon Realm is successfully opened, this golden light pillar will appear. This is a powerful The formation can only dissipate on its own after three days and three nights before you can enter it. No external force can destroy this golden light pillar, so just wait for three days and three nights."
