

Ancient 2441

Chapter 2441 You fell into the trap

At this moment, Emperor Chu's voice suddenly sounded in the soul gem.

boom! !

And at the moment when this voice fell, endless crimson light burst out from the soul gem.

Like a little sun.

And this piece of red light, at this moment, suddenly condensed on the spot into a giant of red light with endless majesty.

That is the incarnation of Emperor Chu!

Now Emperor Chu and the soul gem are fused together.

The soul gem is Emperor Chu.

Emperor Chu is also the soul gem.

So at this time, Emperor Chu could use the power of the soul gem to reshape himself into an extremely powerful body.

That is this giant of red light!

The moment the red giant of light appeared, the demon suddenly showed a look of deep disbelief in his eyes, and couldn't help but exclaimed: "How can there be an independent soul body in the domination gem? This is impossible! The things left by the beings at the master level are supreme and cannot be contaminated by any living thing. How could your little soul body be fused with the master's gem? This is impossible!"

At this moment, the demon roared loudly, his eyes full of disbelief, as if this situation was beyond his imagination.

But now he had to face the red giant of light manifested by Emperor Chu.

"If that's the case, then I will wipe out this little soul body of yours! Then snatch the soul gem!"

"The true form of the troll!"

Almost at this moment, this little devil in soul state also released his powerful soul power.

His entire body suddenly began to expand in Ye Feng's soul world, turning into a huge dark troll, full of terrifying and boundless momentum.

I have to say that this demon is still very powerful.

It is indeed the origin world from outside the cave world.

The dark giant he turned into at this moment was instantly comparable to the red giant of light that Emperor Chu had manifested with the help of the soul gem.

Of course, this does not mean that this demon can compete with the soul gem.

That's because Emperor Chu is still unable to truly exert all the power of the soul gem. He can only temporarily borrow some of the original power from the soul gem to condense a powerful giant of red light.

This is also the reason why this demon dares to confront Emperor Chu now.

Because this demon also discovered that although the soul body of Emperor Chu was integrated with the soul gem, Emperor Chu could not completely control the soul gem.

So this demon felt in his heart that he still had a chance to gain final control of the soul gem.

The premise is that as long as he can destroy the soul body of the newly grown Soul Gem, that is, destroy Emperor Chu, he will be able to obtain the Soul Gem.

Boom!

Boom!

Almost at this moment, the dark troll that the demon turned into suddenly burst out with extremely powerful power.

boom!

His entire huge body rushed towards Emperor Chu in an instant, and every punch contained extremely powerful dark power, capable of eroding everything and suppressing everything.

The red giant of light that Emperor Chu transformed into at this time could not bear to show his weakness. In an instant, a huge red bow condensed in his hand.

boom! boom! boom!

Emperor Chu pulled the bowstring suddenly, and sharp arrows composed of crimson light shot out at once, piercing the dark troll's fist.

"ah!!"

The devil immediately screamed at this moment.

He seemed not to have expected that the power released by Emperor Chu at this time actually carried the power of domination and possessed extremely terrifying penetrating power.

"Dark Confinement!"

At this moment, the demon who turned into a dark troll immediately cast an extremely powerful control-type soul attack spell.

Almost at this moment, a large prison composed of dark forces appeared around Emperor Chu.

Directly, Emperor Chu, a giant of light, was suddenly trapped in this dark prison.

Boom!

Boom! !

At this time, Emperor Chu frantically attacked the surrounding dark prisons, but was unable to break through the dark prisons, as if he was completely imprisoned.

When the demon saw this scene, he immediately laughed triumphantly: "You are a little soul body that doesn't understand how to control the true power of the soul gem at all, and the power of domination you exert is only superficial. You Such a humble existence is not worthy of using the soul gem. I should control a master gem like the soul gem!"

After the demon finished speaking, he immediately rushed in front of Emperor Chu, seemingly intending to directly kill Emperor Chu in the prison.

"You've fallen into a trap! The soul gem body attacks!"

But suddenly at this moment, Emperor Chu seemed to be trapped in the prison on purpose, just waiting for the devil to approach. An inexplicable smile suddenly appeared on Emperor Chu's face, and then he launched an attack instantly.

"Boom!!"

Emperor Chu instantly connected the giant of light he had condensed with the Soul Gem not far away. A long river of terrifying crimson light rushed out of the Soul Gem, and it suddenly washed away. Onto this demon.

Blah blah blah! !

The long river of terrifying crimson soul light is the power released by the soul gem itself. It is very terrifying and extremely destructive, and it suddenly hits the devil.

"Click, click..."

The true body of the dark troll condensed by this demon was instantly washed apart and began to shatter, just like a mountain collapsed. It looked extremely terrifying.

"What?!"

At this moment, the demon immediately showed a frightened expression on his face.

He never thought that Chu

The emperor was imprisoned by him in that dark prison on purpose.

The purpose is to attract the devil to the location of the soul gem.

Then Emperor Chu could directly launch the attack of the Soul Gem itself.

This is much more powerful than the red giant light attack condensed by Emperor Chu.

At this moment, the demon was attacked by the power of the soul gem itself, and his entire body immediately disintegrated.

"Ah! Ah!..."

With loud roars of unwillingness, the demon was directly shattered by the impact and turned into countless soul fragments.

Each fragment contains extremely strong soul fluctuations.

"Finally done!"

Emperor Chu was very happy at this time and immediately said to Ye Feng: "Ye Feng, you can now swallow the soul fragments left behind after these demons were broken! These soul fragments are really powerful in power fluctuations. , it must contain a very rich soul source. If you devour it, I estimate that your soul power will increase tremendously in an instant!"

At this time, Ye Feng's eyes showed a hint of joy.

Sure enough, Emperor Chu was reliable, and he quickly solved this extremely powerful demon soul from another world of origin.

However, Ye Feng also realized that the origin world outside the cave world where he was located was absolutely terrifying.

A demon soul can actually fight against the soul gem left by the master for a period of time.

It can be said to be very powerful.

You know, in the past, ordinary soul bodies could be instantly extinguished by the light emitted by the soul gem.

But this demon soul was obliterated only by Emperor Chu activating the original power in the soul gem.

The next moment, Ye Feng did not hesitate and immediately began to devour the soul fragments left behind after the demons were shattered.

Ye Feng immediately felt the terrifying and boundless soul power, which was instantly injected into the origin of his soul. His soul power was rapidly increasing!

Chapter 2442 Ice Ancestral Talisman

"Rumble..."

At this time, the majestic soul power surged in Ye Feng's mind.

The soul fragments left by those demons were all devoured by Ye Feng at this moment.

Then it merged into Ye Feng's own soul ocean, greatly improving the source of Ye Feng's soul power.

At this moment, the strength of Ye Feng's soul body was rapidly increasing.

"Level 23,000!"

"Level 23,100!"

"Level 23,200!"

"..."

"Level 24,000!"

"Level 24,100!"

At this moment, Ye Feng's soul power has been raised by a thousand levels and is still rising.

boom! boom! boom.....

"Level 24,200!"

"Level 24,300!"

"Level 24,400!"

"..."

"Level 25,000!"

After reaching level 25,000, the soul fragments left behind after the demon soul was shattered were finally digested and devoured.

At this moment, Ye Feng was very happy, even a little ecstatic.

Because this time, his soul power intensity suddenly increased by two thousand levels!

This is naturally a fortunate thing for Ye Feng.

Because of the increase in soul power, Ye Feng's overall strength will also be greatly enhanced.

You know, during the battle, if Ye Feng only relies on martial arts practice, it is very likely that Ye Feng will not be able to defeat a strong man who is many levels beyond himself.

But if he can cooperate with his soul power attack, then Ye Feng can challenge the strong ones who surpass him at many levels.

And at this time, Ye Feng suddenly discovered that a black symbol condensed in his soul world.

This black symbol is like an ancient rune, in the state of the soul, and seems to contain some mysterious and ancient dark power.

At this moment, this black symbol suddenly floated in his soul world, which surprised Ye Feng.

He didn't know what this black soul symbol represented.

But Emperor Chu's eyes lit up at this time and he couldn't help but say: "This seems to be a legacy mark left by the demon soul. Ye Feng, you can try to touch this black symbol with your soul power. Look at what's inside, there shouldn't be any problem, and if there is any problem, I'm in your soul at any time and can help you resist the danger."

Hearing Emperor Chu say this, Ye Feng immediately nodded curiously, and then began to use his soul power to touch the black symbol.

Boom!

Almost at the moment when Ye Feng touched this black symbol with his soul power, a very huge inheritance secret instantly entered Ye Feng's soul power and memory.

This seems to be a very powerful inheritance of the Demon Soul!

When Ye Feng finished receiving all these huge inheritance mysteries, Ye Feng's eyes were immediately overjoyed and he couldn't help but said: "Emperor Chu, you guessed it right. The thing contained in this black symbol is indeed the powerful power of the Demon Soul just now." The inheritance of the soul attack method is called dark confinement, which is a very powerful soul confinement technique. "

When Emperor Chu heard this, he immediately smiled and said: "The dark imprisonment power released by the demon soul just now is still very powerful.

Even I couldn't break it for a while. This kind of soul inheritance should come from another more advanced so-called origin world. "

Emperor Chu had always followed Ye Feng, and now he also knew the truth about the world.

It turns out that the so-called heavens and worlds they live in, including the God Realm, are just a cave world left by ancient powerful men who originated from the big world.

It's just a huge cave space.

The real world is a much larger world of origin.

That is where true martial arts practice originated.

At this time, Ye Feng said aloud: "It just so happens that I am very lacking of soul means and attack methods. If I can successfully cultivate this dark imprisonment, it will be a very terrifying force for my enemies. The attack method, because I inadvertently release the dark imprisonment, can directly imprison the enemy's soul without the opponent paying attention, interfering with his battle, so that my chance of winning will increase. " .??.

Ye Feng said this at this time, his tone was full of deep joy.

Because this time he not only swallowed a demon soul, but also greatly improved the strength of his soul power.

Moreover, he also obtained the extremely powerful soul attack inheritance of this demon soul, Dark Imprisonment.

Although Dark Imprisonment is a control-type soul spell, it is not a direct attack and damaging soul spell.

But this very advanced soul inheritance method is already very rare for Ye Feng. It is a rare thing and is worth practicing and mastering.

At this moment, Ye Feng was in this secret room and began to accept the secret of the inheritance of the entire dark confinement, and continued to understand and explore, striving to completely master it in the shortest possible time.

Half an hour passed, and Ye Feng finally grasped

Learn how to use Dark Confinement.

Next, as long as Ye Feng can release his soul power, he can release the dark prison in the enemy's soul, imprisoning the enemy's soul for an instant, and letting his soul sink into the boundless darkness.

At this moment, Ye Feng opened his eyes in this secret room.

At this time, the dark sculpture without the Demon Soul suddenly exploded.

It turned into countless rubbles and rolled down.

Ye Feng's eyes were a little surprised, because he saw that an ancient map appeared at the moment the dark sculpture exploded.

Uh-huh!

Ye Feng reached out and grabbed the map in his hand.

He looked carefully and found that the map was actually a map of the entire Demon Lord Palace.

However, there are very few things recorded in it, only one route.

The place where this route finally leads is drawn with a red circle, and the four ancient words "Ice Ancestral Talisman" are written next to the red circle.

"Ice Ancestral Talisman?"

When Ye Feng saw these four words, his eyes suddenly showed deep surprise.

Ancestral Talisman!

This is a talisman transformed from the strongest attribute power of heaven and earth!

Very powerful!

Ye Feng had obtained an ancestral talisman before, called the Thunder Ancestral Talisman!

It has extremely powerful thunder attributes and the strongest power!

Each ancestral symbol represents the ultimate power of an attribute!

This map seems to have been drawn by the Demon Soul himself, but for some reason he has never used this map, nor has he looked for the so-called Ice Ancestral Talisman. He probably hasn't had time to go there yet, so he hid the map in this darkness. among sculptures.

Chapter 2443 Ice Crystal Holy Dragon

Looking at the map in his hand at this moment, Ye Feng fell into deep thought.

Because for Ye Feng, the Ice Ancestral Talisman is very important.

But this demon soul has drawn this map, but has not directly looked for it.

It means that the place where the Ice Ancestral Talisman is located must be very dangerous.

So at this time, Ye Feng was thinking about whether he should take the risk.

After all, the most important thing for Ye Feng to come to this Demon Lord's Palace is for the inheritance of the ancient Demon Lord in this small world.

Ye Feng needs to maintain his peak condition and not be injured.

But looking for the Ice Ancestral Talisman may lead to injury.

Ye Feng, who is in an injured state, will definitely be very disadvantageous for competing with many masters for the Demon Lord's inheritance.

After a while, Ye Feng finally made up his mind to go and have a look, otherwise he would not give in.

After all, things like ancestral talismans are very precious.

And it is unique.

The ancestral symbols born between heaven and earth are all unique.

For example, there is only one Thunder Ancestral Talisman with the Thunder attribute, and there is no second Thunder Ancestral Talisman.

So at this time, since Ye Feng came to this small trial world and learned that the Ice Ancestral Talisman was not far away, he naturally wanted to take a look.

It would be great if you could get it.

Because the attribute power contained in the ancestral talisman is very powerful, it can greatly increase Ye Feng's combat power.

If Ye Feng misses this opportunity, he may never be able to enter this small trial world again.

This also means that Ye Feng may never get the Ice Ancestral Talisman again, and will miss out on the Ice Ancestral Talisman forever.

At this moment, Emperor Chu in the soul gem couldn't help but said: "Ye Feng, I think you should go and take a look. Every kind of ancestral talisman is unique in this world. If you can't get it, If you arrive, then you may never have another chance in the future, and I seem to have heard a legend that if you can bring all the

If all the only ancestral symbols in the world are collected, there may be unexpected effects, and it is very likely that they will be spliced into a very powerful final treasure. "

Hearing what Emperor Chu said, Ye Feng's eyes suddenly lit up, and he became more determined to find the Ice Ancestral Talisman.

So at this time, Ye Feng held the map in his hand and without any hesitation, he immediately followed the direction indicated by the map and quickly walked towards the place where the Ice Ancestral Talisman was hidden.

Along the way, Ye Feng passed through many side roads in the Demon King's Palace. There were also some very ancient secret rooms or buildings around the road. Ye Feng passed through them and found a lot of wealth.

But for Ye Feng, these are just small fortunes, and he doesn't care much.

The most important thing now is the Ice Ancestral Talisman and the final inheritance place of the Demon Lord Palace.

At this time, of course, the first thing Ye Feng is looking for is the Ice Ancestral Talisman.

Ye Feng didn't meet anyone else along the way. It was obviously a very remote place, probably in a very corner area among the buildings of the Demon Lord Shrine, so he didn't meet other experts.

Ye Feng concentrated on his journey and soon arrived at the location indicated on the final map, which was the area where the Ice Ancestral Talisman was located.

When Ye Feng approached here, he immediately saw an underground canyon appearing in front of him.

This canyon has been covered by countless ice.

There is a thick layer of ice accumulated on the ground, which looks like a small world of ice and snow!

When Ye Feng walked into this small ice and snow canyon, he immediately felt a very cold breath, as if it was trying to penetrate into his body.

It seemed that all his blood and energy would be frozen in the next moment, almost freezing himself into an ice sculpture.

Boom! !

But at this time, Ye Feng instantly burst out with powerful blood energy, blocking all the terrifying cold energy from his body.

Then Ye Feng immediately saw an ice crystal holy dragon crawling in this ice canyon, covered with dense ice crystal scales!

Buzz!

This ice crystal holy dragon is extremely majestic and huge.

It's like a snow-capped mountain crawling in the center of the canyon.

It seems to be sleeping at this time.

The aura emanating from it was very terrifying, and it gave one the feeling of being facing an ancient demon.

At this time, Ye Feng's eyes showed a hint of surprise.

I didn't expect that such an extremely powerful ice crystal dragon would exist in this small ice and snow canyon.

But after thinking about it, it is quite normal that the Ice Ancestral Talisman is hidden in this canyon and can give birth to an ice crystal holy dragon.

"A very powerful ice crystal dragon!"

Ye Feng could feel at this time that the aura of the great demon emanating from this ice crystal holy dragon was definitely far beyond the Eternal Realm, and was definitely at the level of the Heavenly Tribulation Realm.

This made Ye Feng feel a little helpless in his heart.

It seems that only outsiders cannot expose their cultivation to the Heavenly Tribulation Realm, otherwise they will attract the destructive power of the Heavenly Thunder Tribulation native to the ancient demon world.

However, the creatures growing in this ancient demonic territory can grow to the realm of heavenly tribulation, which is very safe and will not face the destruction of thunder tribulation.

This made Ye Feng start to become cautious and careful.

Originally, he thought that his cultivation was absolutely invincible in the Eternal Realm.

But I didn't expect that at this moment, a native creature with the level of Heavenly Tribulation Realm in this ancient demon world would appear.

Moreover, the demonic aura exuded from this ice crystal holy dragon is extremely majestic, and it will definitely not be the one that just stepped into the sky.

A powerful evil beast at the level of the Tribulation Realm is likely to be a very advanced existence in the Heavenly Tribulation Realm.

It might be the eighth level of the Heavenly Tribulation Realm!

Even the ninth level of Heavenly Tribulation Realm!

This made Ye Feng a little embarrassed at this time.

Although it is not afraid of this Ice Crystal Holy Dragon, Ye Feng is also very self-aware. Now that all his combat power is used, it is very likely that he will fight this Ice Crystal Holy Dragon and lose both sides.

If Ye Feng suffers a heavy blow now, it will definitely have a very bad impact on entering the deepest part of the Demon Lord's Palace and competing with many masters for the Demon Lord's inheritance.

Because Ye Feng must maintain his peak condition at all times in this dangerous Demon Lord Palace.

Otherwise, it is very likely that he will be killed by others in a sneak attack.

However, Ye Feng had no choice but to get the Ice Ancestral Talisman now. He could only walk towards the Ice Canyon in hiding.

Now Ye Feng did not disturb the sleeping ice crystal holy dragon.

Because Ye Feng wanted to get the Ice Ancestral Talisman secretly.

If he could subtly obtain the Ice Ancestral Talisman and then refine it, Ye Feng's combat power would be greatly enhanced in an instant.

In this case, Ye Feng can beat this ice crystal holy dragon.

Ye Feng also coveted the blood energy of this ice crystal holy dragon and super demon.

So since Ye Feng has encountered this ice crystal holy dragon, he will naturally not let it go.

It's just that Ye Feng wants to get the Ice Ancestral Talisman first to enhance his combat power.

But just at the moment when Ye Feng lurked into the Ice Canyon.

boom!

Suddenly, an extremely terrifying demonic energy burst out from the body of the Ice Crystal Holy Dragon.

Then Ye Feng saw that the sleeping Bingqing Shenglong suddenly opened his eyes, revealing a pair of dragon eyes as big as red lanterns, which looked full of endless wildness and ferocity.

Chapter 2444 No more reservations

Almost at the moment when the ice crystal holy dragon opened his eyes.

Ye Feng immediately understood that his hiding technique was of no use at all.

He was directly discovered by this extremely powerful ice crystal holy dragon!

"As expected of a super demon at the eighth level of the Heavenly Tribulation Realm! He was able to detect my aura instantly!"

Ye Feng couldn't help but marvel at this moment.

But Ye Feng reacted a moment in advance at this time, and immediately retreated towards the rear to temporarily avoid the sharp attack. ??

After all, the cultivation level of this ice crystal holy dragon is too powerful. It is a very dangerous monster and may cause extremely terrible damage in an instant.

boom! !

At this moment, the Ice Crystal Holy Dragon spread its wings and suddenly flew up in the entire ice and snow canyon, flying into the air.

The huge body of the ice crystal holy dragon seemed to be able to cover the entire world, and it seemed to be full of endless visual impact and shock.

The terrifying ice energy seemed to freeze the entire world in the world of ice and snow.

"Human, this is not the place you should come to. Leave now."

The ice crystal holy dragon made a rumbling sound at this time, and his tone was full of boundless majesty, which resounded throughout the world.

It's like an ancient demon god issuing an order that cannot be disobeyed.

But Ye Feng will naturally not leave at this time, because he needs the Ice Ancestral Talisman very much.

And in fact, Ye Feng is not that afraid of this ice holy dragon.

Because Ye Feng's methods are now much more powerful than when he first entered the ancient demon world.

So at this time, Ye Feng faced the majestic voice of the Ice Crystal Holy Dragon, his face was still extremely calm, he just smiled and said: "I won't leave directly just because you say a word, a treasure like the Ice Ancestral Talisman, it's not something that you, a small demon clan, can swallow up."

Hearing what Ye Feng said, the Ice Crystal Holy Dragon's eyes suddenly showed a beast-like killing intent, and said loudly: "You actually know the existence of the Ice Ancestral Talisman? Damn it! You are such a humble little person. The human race dares to covet my treasure! That is a treasure that only belongs to me! Since you, a little human race, are so ignorant of life and death, I will kill you directly today. It just so happens that I have recently

I'm a little hungry. You, a human, have pretty good blood energy. After swallowing you, you might be able to help me improve some of your demonic energy! "

After saying that, a powerful and boundless great demon aura suddenly burst out from the ice crystal holy dragon.

Boom! !

Then he opened his mouth and spit out a large ice storm, which instantly swept down from the mid-air and rushed towards Ye Feng.

If you are enveloped by this ice storm, I am afraid that your whole person will directly turn into an ice sculpture.

This can be seen from the fact that wherever the ice storm passes, the entire world is frozen. It can be seen how terrifying and terrible the ice attribute contained in this ice storm is!

Obviously, this ice crystal holy dragon has understood the power of ice attributes to an extreme, so it can spit out such a terrifying ice storm when it opens its mouth.

At this moment, the area covered by the ice storm was extremely huge, sweeping in from all directions, like a vast ocean, filling every place, making it impossible to escape.

So at this time, Ye Feng simply didn't bother to dodge, and an extremely powerful fighting spirit burst out from his body, and he rushed directly towards the ice storm in an instant.

Seeing Ye Feng actually resisting his own ice storm, the Ice Crystal Holy Dragon burst out laughing, his tone full of deep ridicule and disdain, and said: "You are a little It's ridiculous that the human race dares to fight against such a noble holy dragon like me. It's like an ant fighting against a

giant. As we all know, the human race's body is extremely weak, and you actually dare to use your own body to resist. My ice storm, it seems that I don't have to use any more tricks. The next moment you will be swallowed up by my ice storm and completely turned into an ice sculpture, and the life force in your entire body will be frozen to death! "

At this moment, the Ice Crystal Holy Dragon laughed loudly, his tone full of disdain, obviously very confident in the power of the ice storm he released.

It felt that Ye Feng, a small human race, was too arrogant and naive. He actually thought that relying on the small and weak body of the human race, he could fight against such a great holy dragon like himself.

But just at this moment

between.

"Boom!!"

Along with an extremely terrifying roar, the entire ice storm was directly blasted by an extremely terrifying force.

Then the Ice Crystal Holy Dragon immediately saw Ye Feng. He didn't suffer any damage, nor did he turn into an ice sculpture. He rushed out of his ice storm.

A terrifying and boundless divine light burst out from all over his body!

The whole person looks like a human war god, full of boundless power, able to look down on the world and sweep everything!

This scene completely shocked the Ice Crystal Holy Dragon. He couldn't help but said: "Damn human boy, you are just an extremely weak Eternal Realm cultivation, but you can withstand my ice storm. ? How is this possible? What is your body? Are you a rare holy body in the human race, or some ancient divine body?"

Obviously, the Ice Crystal Holy Dragon was filled with disbelief at this time.

Because he felt that it was impossible for Ye Feng to have such a powerful force, enough to compete with his ice storm.

The Ice Crystal Holy Dragon has actually encountered some other masters before who came to look for the Ice Ancestral Talisman hidden here.

But even masters at the tenth level of the Eternal Realm, and even masters at the Heavenly Tribulation Realm, could not withstand the attack of the ice storm, and were all frozen.

Because the ice storm attack of the Ice Crystal Holy Dragon is not just an ordinary attribute attack, but the ultimate power of the powerful ice attribute contained in the Ice Crystal Holy Dragon absorbing the Ice Ancestral Talisman day and night.

Among them is the power bonus of the Ice Ancestral Talisman!

Therefore, for any life, freezing and freezing are extremely destructive!

But what the Ice Crystal Holy Dragon didn't expect was that the seemingly weak human boy who came this time actually had such powerful combat power.

That terrifying and powerful body could bear his ice storm without any problems.

He even used his fists to blast the entire ice storm into pieces, which made the Ice Crystal Holy Dragon feel a little incredible.

However, after the Ice Crystal Holy Dragon found it incredible at this time, he actually did not have any fear. Instead, he immediately laughed out loud: "I didn't expect to meet an interesting human boy this time. So

I will play with you for a while. Anyway, you will definitely not be able to defeat me. I am a powerful creature born from the strongest Ice Ancestral Talisman in the world. There is no way a weak human race like you can defeat a god-level monster like me. Clan confrontation! "

At this moment, the ice crystal holy dragon's tone was full of boundless domineering, and it was obvious that he still had super confidence in his own strength.

Almost at the moment when the Ice Crystal Holy Dragon finished speaking, its huge Ice Crystal Dragon body was bombarded from high altitude in an instant.

The Ice Crystal Holy Dragon directly stretched out a huge dragon claw that seemed to be made of steel, exuding extreme coldness, and suddenly grabbed Ye Feng's body fiercely.

Poof!

No matter how powerful Ye Feng's current chaotic body is, at this moment, the ice crystal dragon claw of the ice crystal holy dragon was directly torn open.

However, no blood flowed out because the blood was directly frozen.

"Buzz buzz..."

Immediately, Ye Feng felt an extremely terrifying cold breath, which was attacking his whole body from the wound. His flesh, blood, bones, and even soul were invaded by this cold breath.

Ye Feng's whole body was about to be frozen!

"Ice Crystal Holy Dragon, you are indeed very powerful, but today the Ice Ancestral Talisman must belong to me, and you will die in my hands!"

After Ye Feng finished speaking, he immediately burst out with his strongest combat power.

Boom!

He no longer held back, because this ice crystal holy dragon was very powerful and required Ye Feng to unleash his strongest combat power to defeat it.

At this moment, Ye Feng immediately released the Dzogchen future body and directly blessed his body with the Dzogchen cultivation of the tenth level of the Eternal Realm.

Then Ye Feng also used the Era God of Overlord Art to directly transform himself into the state of Overlord, and then released a series of means such as the Ancient God Ring.

Boom! !

At this moment, Ye Feng's momentum and combat power surged exponentially!

His whole body erupted with thousands of rays of light, and boundless divine light burst out from his eyes. It was like an ancient human god had revived. He looked down upon the world and was invincible. In an instant, he shot towards the Ice Crystal Saint high in the sky. The dragon charged fiercely!

Chapter 2445 Fist breaks all methods

Boom! !

At this time, Ye Feng burst out with extremely powerful power.

The whole person has directly entered the peak state of the current state!

All of a sudden, he hit the sky and faced the ice crystal holy dragon head-on, without any fear at all.

Boom! !

At this moment, Ye Feng directly punched out.

The extremely fierce fist, like the hammer of heaven and earth, hit the ice crystal holy dragon hard.

Click!

A huge ice scale on this ice crystal holy dragon was directly shattered by Ye Feng's fist.

"Ah! Damn it! How can such a powerful force burst out from your little fist?!"

At this time, the Ice Crystal Holy Dragon couldn't help but scream in pain.

Then in an instant, he stretched out his huge ice dragon claws and grabbed Ye Feng fiercely.

Because the Ice Crystal Holy Dragon has just discovered that its dragon claws can cause great damage to Ye Feng and can tear Ye Feng's powerful body apart.

But Ye Feng was now on guard, and he instantly dodged the huge claws of the ice crystal holy dragon.

Uh-huh! Uh-huh!

Ye Feng's two hands instantly grabbed one of the ice crystal holy dragon's legs, and then slammed it towards the ground.

"Boom"!

The entire huge body of the Ice Crystal Holy Dragon was thrown directly to the ground by Ye Feng, which immediately caused the entire earth to shake.

The surrounding mountains and canyons collapsed instantly at this moment.

This shows how terrifying the destructive power of the battle between the two is.

Ye Feng exploded his power with all his strength at this moment, which was still very fierce.

It can even be said that it is simply unstoppable!

Even if the ice crystal holy dragon has noble blood, is an ancient demon, and is even nourished by the ice ancestral talisman, it is still unable to fight against Ye Feng in his peak state at this moment.

"The Ice Ancestral Talisman! Wish me a helping hand!"

Suddenly at this time, the ice crystal holy dragon roared, and he opened his mouth and sucked an ice ancestral talisman from the earth into his body.

Boom! !

Almost as soon as the Ice Ancestral Talisman was struck by this

The moment the Ice Crystal Holy Dragon swallowed it, the power of the Ice Crystal Holy Dragon immediately increased tremendously.

"Crash..."

Endless ice energy burst out from the ice crystal holy dragon in an instant, as if it could freeze the entire world.

The entire land was covered with a thick layer of ice.

At this moment, the power of the Ice Crystal Holy Dragon was greatly improved!

"Ice Ancestral Talisman!"

There was a hint of surprise in Ye Feng's eyes at this moment.

He never expected that this ice crystal holy dragon would swallow the Ice Ancestral Talisman directly.

Obviously, the body of this ice crystal holy dragon is still very powerful, otherwise it would be impossible to accommodate and carry such terrifying heaven and earth talismans as the Ice Ancestral Talisman.

However, Ye Feng had no way to stop it at this time and could only continue to fight with the Ice Crystal Holy Dragon.

Because if Ye Feng wants to get the Ice Ancestral Talisman, he must kill this ice crystal holy dragon, otherwise he will not be able to obtain the Ice Ancestral Talisman at all.

Now that the Ice Ancestral Talisman has been swallowed by this ice crystal holy dragon, Ye Feng can only kill the dragon to get the talisman.

At this moment, the Ice Ancestral Talisman immediately gave the Ice Crystal Holy Dragon the unparalleled power of the Ancestral Talisman.

The entire body of the Ice Crystal Holy Dragon was even larger than before, turning directly into a giant ice dragon with a length of tens of thousands of meters. It looked full of boundless width and majesty!

At this moment, the Ice Crystal Holy Dragon is almost integrated with the Ice Ancestral Talisman. He can use the power of the Ice Ancestral Talisman at any time.

Obviously, this ice crystal holy dragon has completely controlled the ice ancestral talisman. Otherwise, it would be impossible to swallow all the ice ancestral talismans directly into his stomach. That would be too dangerous, but for the ice crystal holy dragon But it doesn't cause any harm.

At this moment, the Ice Crystal Holy Dragon immediately roared: "Young boy of the human race, now that the Ice Ancestral Talisman has merged with me, you will never get the Ice Ancestral Talisman, and my power has been greatly improved. Ascension, you will definitely die soon!"

After saying that, the Ice Crystal Holy Dragon opened his mouth and spit out a beam of ice light, full of unparalleled freezing ability and destructive power.

It was bombarding towards Ye Feng.

"Everything is frozen and destroyed forever..."

At this time, the Ice Crystal Holy Dragon let out a long dragon roar. This was an extremely ancient spell that inspired the power of the ancestral talisman contained in the ice ancestral talisman.

Rumble...

In an instant, boundless ice energy spread out from the Ice Crystal Holy Dragon's body, as if it could freeze everything in the world. .??.

Layer upon layer of ice walls suddenly appeared across the entire world, completely trapping Ye Feng in the endless ice realm.

But at this time, the fighting spirit in Ye Feng's eyes was still extremely terrifying.

"Fist defeats all methods!!"

In an instant, he struck out punch after punch, bringing the destructive power of the Era Divine Fist to its extreme.

Boom! !

Accompanied by terrifying roars and shattering sounds, Ye Feng smashed all the condensed tall ice walls with punch after punch, escaping the predicament of the ice realm.

Uh-huh!

At this moment, a huge dark golden ax appeared in Ye Feng's hand.

This is exactly the wild battle ax that Ye Feng got before!

The Savage Battle Ax contains the terrifying power of the ancient Barbarian Emperor.

At this time, Ye Feng held the Savage Battle Ax in his hand, and was instantly blessed by the power of the Ancient Savage Emperor.

He instantly rushed high into the sky, and then slashed at the ice crystal holy dragon in front of him.

The wild battle ax suddenly burst out with boundless ax blade light.

Full of terrible destructiveness!

Every time the ax struck down, it would cause the heaven and earth to tremble, making the entire void seem to be shattered.

The fighting spirit and blade on the wild battle ax were really terrifying. It chopped all the countless ice waves into pieces. It was extremely ferocious and represented boundless brute force.

"Give me all the power of the Ice Ancestral Talisman!"

At this time, the Ice Crystal Holy Dragon sang its final chant, and the Ice Ancestral Talisman in his body immediately burst out with boundless, more terrifying and majestic ice energy.

The ice storm emanating from the ice crystal holy dragon suddenly

However, he resisted Ye Feng's wild battle ax.

Even Ye Feng's wild battle ax was about to freeze!

Visible to the naked eye, layers of snow-white frost appeared on the surface of the huge ax head, as if it was completely frozen in history and could never be escaped.

When Ye Feng saw this scene, there was a hint of surprise in his eyes.

At this point in the battle, even Ye Feng was a little exhausted.

But I didn't expect that the Ice Crystal Holy Dragon that swallowed the Ice Ancestral Talisman would be able to burst out with such powerful power all of a sudden.

You know, the combat power and killing power that Ye Feng is now displaying are almost reaching his limit.

At this moment, Ye Feng's lethality can definitely kill an ordinary tenth-level Heavenly Tribulation Realm expert.

But now, some people are unable to do anything about this ice crystal holy dragon who is at the eighth level of the Heavenly Tribulation Realm.

It can be seen from this that how terrible the Ice Ancestral Talisman's blessing to this ice attribute monster is?

From this we can see how earth-shattering the ice ancestral talisman, the only ancestral talisman in the world, can be once its true power is released.

At this time, Ye Feng could only release the Thunder Ancestral Talisman he had obtained.

Because perhaps only the power of the ancestral talisman can resist the power of another ancestral talisman.

Ye Feng has only one option left now.

Boom!

So almost at the next moment, Ye Feng took out the Thunder Ancestral Talisman from his storage ring and attached it to his body.

Almost at this moment, Ye Feng was suddenly enveloped by countless thunder powers.

And this kind of thunder power is not an ordinary thunder power, it is the ultimate thunder power rushed out from the Thunder Ancestral Talisman!

At this moment, Ye Feng suddenly turned into a thunder god. The wild battle ax in his hand was also enchanted and turned into a thunder battle ax. The ax blade bloomed with terrifying boundless thunder and lightning light at any time.

The Ice Crystal Holy Dragon not far away had no time to be happy. At this moment, he suddenly saw the strange phenomenon on Ye Feng and felt the special thunder aura on Ye Feng. He couldn't

help but said in surprise: "This is the breath and power of another ancestral talisman! You, a little human, actually have a powerful thunder ancestral talisman on your body?"

Chapter 2446 Suppress me

Boom! !

At this time, Ye Feng used the Thunder Ancestral Talisman, and boundless thunder and lightning burst out from his body.

Moreover, the wild battle ax in his hand was enchanted, and the entire surface of the wild battle ax was flashing with thunderous light, obviously turning into a thundering battle ax, full of terrifying and incomparable destructive power.

At this moment, Ye Feng didn't care how surprised the Ice Crystal Holy Dragon was. He didn't waste time. In an instant, he held the wild battle ax in his hand and charged directly towards the Ice Crystal Holy Dragon.

Because the Dzogchen future body cultivation released by Ye Feng can only last for a period of time.

Now that the time is almost up, Ye Feng even feels that the power in his body has begun to run out and will soon collapse.

Therefore, although Ye Feng's peak combat power was extremely terrifying, it did not last too long.

If it weren't for the Ice Ancestral Talisman providing power to this Ice Crystal Holy Dragon, Ye Feng would have killed the Ice Crystal Holy Dragon directly.

At this moment, Ye Feng didn't waste time. After releasing the power of the Thunder Ancestral Talisman, he rushed in front of the Ice Crystal Holy Dragon, and suddenly used the huge ax in his hand to kill the Ice Crystal Holy Dragon.

Boom! !

Almost at this moment, the wild battle ax in Ye Feng's hand suddenly burst out with terrifying thunder power.

A huge ax blade was formed directly, and it directly slashed hard on the ice crystal holy dragon.

This is a boundless thunderous light, boiling and roaring in the void, even for powerful super monsters like the Ice Crystal Holy Dragon. In the face of such terrifying power of thunder. I also feel like I have heart palpitations.

"The Ice Ancestral Talisman, protect me!"

Almost at this moment, the Ice Crystal Holy Dragon felt that his life was threatened, and he instantly burst out with all the power of the Ice Ancestral Talisman.

Buzz!

A terrifying and boundless ice energy came directly from the body of the Ice Crystal Holy Dragon.

It spread out, freezing the entire surrounding void into a solid state.

when! !

The huge wild battle ax struck the top of the Ice Crystal Holy Dragon's head, but it did not cut off the Ice Crystal Holy Dragon's head. Instead, it made a sound like a metal collision.

At this moment, Ye Feng felt as if he had struck a copper wall. The huge repulsive force made Ye Feng couldn't help but take several steps back.

The Ice Crystal Holy Dragon immediately laughed out loud: "I have mastered all the power of the Ice Ancestral Talisman. The ice field I have released now can freeze the void around me into a solid, like a piece of ice that lasts for ten thousand years." Like ice, you protect my body tightly. No matter how powerful you are, you can't hurt my body!"

At this moment, the Ice Crystal Holy Dragon was speaking, his eyes filled with deep confidence.

Apparently he felt he was invincible now.

Because Ye Feng even released the Thunder Ancestral Talisman, the wild battle ax he slashed was unable to hurt him, unable to cut through the solid void surrounding the Ice Crystal Holy Dragon.

This is an ice realm formed by extreme cold air, which cannot be invaded at all.

No matter how sharp the weapon is, it cannot break through the void of the ice field that is frozen solid.

But at this time, Ye Feng suddenly looked at the Ice Crystal Holy Dragon and shouted: "Darkness Imprisonment!"

Almost at this moment, Ye Feng took advantage of the Ice Crystal Holy Dragon's inattention and directly released the powerful soul attack technique he had previously obtained from the Demon Soul fragment, Dark Imprisonment.

Almost at the moment Ye Feng released the powerful attack technique of Dark Confinement, the soul world of the Ice Crystal Holy Dragon suddenly turned into boundless darkness.

The entire ice crystal holy dragon's soul is

imprisoned in an extremely dark prison!

The Ice Crystal Holy Dragon was immediately caught off guard at this moment.

He never thought that Ye Feng was actually a powerful and mysterious soul master among the human race, and could also release such a powerful soul attack.

"What, you are actually a soul master, and how can your soul power be so powerful? Not even my Holy Dragon Soul can fight against you!"

At this moment, the Ice Crystal Holy Dragon roared angrily, and his tone finally revealed a deep fear.

As the ice crystal holy dragon's soul was imprisoned, the ice field he displayed dissipated slightly in an instant, and the void around him was not as solid as before.

Boom! !

Almost at this moment, Ye Feng seized this golden opportunity, used all his strength to activate the terrifying power of the wild battle ax, and struck the ice crystal holy dragon's head once again in an instant. ??

This time, Ye Feng's wild battle ax finally shattered the solid void like the sharpest weapon in the world.

Then the huge wild battle ax struck directly on the head of the Ice Crystal Holy Dragon!

"Pfft!"

Almost at this moment, the cold and solid wild battle ax finally cut off the ice crystal holy dragon's head directly.

Boom!

The head of the huge ice crystal holy dragon, like a hill, was extremely heavy and huge. It fell directly from the sky and smashed a large area of land.

The huge body of the Ice Crystal Holy Dragon also slammed down from high altitude at this time, smashing the entire ice and snow valley to pieces.

Ye Feng finally let out a sigh of relief at this time, his face a little pale.

Although he consumed almost all his strength this time, he successfully killed this very tenacious ice crystal holy dragon.

It can be said that the harvest is extremely huge.

Even if he exhausted all his strength or suffered some trauma, Ye Feng felt that it was still worth it.

Uh-huh!

At this moment, Ye Feng landed directly from the sky. He spent some time to recover his energy.

Then Ye Feng reached out and grabbed the unique Ice Ancestral Talisman contained in the body of the Ice Crystal Holy Dragon directly into his own hand.

The Ice Ancestral Talisman is extremely cold.

At this time, Ye Feng was holding it in his hand, and even the Ice Ancestral Talisman was shaking continuously.

It seems that he wants to escape from the trap and rush into the distance.

Obviously, this Ice Ancestral Talisman already has its own spiritual intelligence and does not want to be refined by Ye Feng.

"Suppress me!"

But Ye Feng snorted coldly at this time, and directly activated his powerful and special Chaos Holy Power, suppressing the Ice Ancestral Talisman directly into his body.

Ye Feng decided to use the power of his body to slowly refine the Ice Ancestral Talisman until he could completely control the Ice Ancestral Talisman.

With the help of the Thunder Ancestral Talisman, Ye Feng's refining of the Ice Ancestral Talisman is absolutely simple, and it will definitely be a matter of course.

Ye Feng suppressed the Ice Ancestral Talisman in his body and continued to refine it.

The next moment he looked at the huge dragon body of the ice crystal holy dragon not far away that he had killed.

Then, with a hint of expectation in his eyes, he immediately released his Devouring Domain.

The extremely dark realm immediately covered and shrouded the entire Ice Crystal Holy Dragon.

"Boom, boom, boom..."

Suddenly, waves of majestic blood energy of the great demon were directly absorbed by Ye Feng, and then all injected into Ye Feng's own body, crazily increasing his power and cultivation!

Chapter 2447 Trial Space

"Rumble..."

At this moment, as Ye Feng devoured it, all the majestic blood energy contained in the Ice Crystal Holy Dragon's body was injected into Ye Feng's own body.

Ye Feng immediately felt that his skills were rapidly growing and improving.

At this moment, Ye Feng's cultivation also began to make continuous breakthroughs.

boom!

Eternal Mirror Seventh Heaven!

boom!

Eternal Mirror Eighth Heaven!

boom!

Eternal Mirror Nine Heavens!

boom! !

Eternal Mirror Tenth Level Perfection! !

After breaking through the fourth level of heaven, Ye Feng's cultivation level finally stopped fluctuating.

At this time, Ye Feng opened his eyes, his eyes filled with divine light, exuding extremely strong energy fluctuations.

Ye Feng was very happy at this moment, even a little ecstatic.

Because he didn't expect that this ice crystal holy dragon actually contained such vast blood energy.

Directly, his cultivation level instantly improved to the fourth level, and he entered the tenth level of the eternal realm, the Great Perfection state!

I have to say, this is a huge improvement.

And Ye Feng felt very lucky that he came here to look for the Ice Ancestral Talisman this time.

Really a wise choice.

Unexpectedly, he found another ice ancestral talisman and hunted an extremely powerful ice crystal holy dragon.

He made a huge breakthrough in his cultivation.

It can be said to kill two birds with one stone, kill two birds with one stone.

At this time, Ye Feng looked at the surrounding ice and snow canyon, and powerful soul power radiated out.

He began to explore if there were any other good things around.

In the end, Ye Feng discovered some Tianshan Snow Lotuses deep in the ice and snow canyon. They were elixirs that were thousands of years old and very precious.

Ye Feng was very happy about this, and unexpectedly got some precious elixirs.

Ye Feng will make these Tianshan snow

Lian put it into her storage ring and brought it back to the sect in the future so that the elders of the alchemy hall could help her refine some special elixirs.

If he directly swallowed these Tianshan Snow Lotuses, Ye Feng's skill might only improve a little, and it wouldn't have much effect.

It is better to take them back to refine the elixirs so that they can give full play to the effects of these medicinal materials.

At this moment, Ye Feng did not leave the ice and snow canyon, but relied on the power of the Thunder Ancestral Talisman to continuously refine the Ice Ancestral Talisman.

Three days and three nights passed, and Ye Feng finally completely refined the Ice Ancestral Talisman.

From then on, the Ice Ancestral Talisman was completely controlled by Ye Feng.

Ye Feng can release the power of the Ice Ancestral Talisman at any time.

For Ye Feng, sometimes the Ice Ancestral Talisman is more powerful than the Thunder Ancestral Talisman.

Because the Thunder Ancestral Talisman is mainly used for killing.

Moreover, Ye Feng also practiced the inheritance of Thunder God Crocodile.

Therefore, the effect of the Thunder Ancestral Talisman on Ye Feng is sometimes not that great.

But the Ice Ancestral Talisman is a brand-new Ancestral Talisman with different attributes. The powerful cold air released can instantly freeze everything, freezing everything in the world in ice.

This is of great significance to Ye Feng.

Because in battle, if Ye Feng uses the Ice Ancestral Talisman to release the extremely cold air, it can restrain the movement of powerful enemies.

It can be said that the Ice Ancestral Talisman is a very rare and powerful treasure of the control system.

At this moment, after Ye Feng successfully refined the Ice Ancestral Talisman, his own strength and depleted vitality finally returned to its peak state.

At this time, Ye Feng finally had the confidence to leave the ice and snow canyon, and then rushed towards the deepest part of the Demon King's Palace.

This time, Ye Feng had already wasted a lot of time searching for the Ice Ancestral Talisman.

Place

Ye Feng did not explore other unimportant places along the way.

Instead, he headed straight towards the core area of the Demon King's Palace building.

With Ye Feng's full efforts, he soon arrived at the core area of the Demon Clan Palace.

When Ye Feng arrived here, he immediately saw many experts already standing here.

There is a huge wall in front, connecting the entire sky and the earth, blocking the entire way forward.

At the very front of this wall, there is a door composed of pure white light.

An old white light figure stood on one side of this light door.

At this time, he said to everyone: "This is the final core trial place of the Demon King's Palace. If you want to get the inheritance of the ancient Demon Lord, you must walk into this light door and conduct the ancient Demon Lord's test." Only those who have passed the trials left by the Demon Lord can be qualified to obtain the inheritance of the ancient Demon Lord. I am a thought body in this trial space, responsible for guiding everyone to enter this light gate. middle."

At this time, after the figure made of white light finished speaking, many experts present could not help but reveal a trace of surprise in their eyes.

After all, no one thought that the place where the Demon Lord finally fell was not a palace where everyone could enter and search for treasures at will, but a very special trial space.

If you want to obtain the Demon Lord's inheritance, you must enter the Light Gate and undergo unknown and mysterious trials.

Many experts are hesitant.

After all, the trials left by the ancient demon lord must be very dangerous.

Maybe if you are not careful, you will fall into this trial space.

But there are also some super geniuses who are very confident in their own abilities and talents and are eager to try.

Uh-huh!

Finally, someone couldn't help but walked towards the light door, and then walked directly into the light door and disappeared.

Seeing this scene, many people also showed a trace of passion and expectation in their eyes.

"If there are dangers, there are dangers. If you can successfully pass the trial, you will have the opportunity to obtain the inheritance of an ancient powerful man like the Ancient Demon Lord. That will really make you soar to the sky!"

At this time, many people walked into the light door after finishing speaking.

The white light figure stood next to the light door and said aloud at this time: "Everyone can participate. The inheritance trial place left by our ancient demon lord not only welcomes the local creatures of the ancient demon realm, but also welcomes people from all over the world. Super geniuses and masters outside the Ancient Demon Realm, as long as their talents are powerful enough, they will have the opportunity to pass the trials left by the Demon Lord, and the strongest genius will eventually be selected to receive the Demon Lord's inheritance!"

After the white light figure finished speaking, more and more masters and super geniuses could no longer bear it and walked into the light gate one after another.

They all want to obtain the inheritance of the ultimate ancient demon lord, after all, it represents an opportunity to soar into the sky.

Ye Feng did not hesitate at this moment and stepped directly into the light door.

Buzz!

The moment Ye Feng walked into the light door, he immediately felt a fluctuation in the space, and he had arrived in a special white space.

And at this moment, ten light beings with the same cultivation level as himself, composed entirely of energy, appeared in front of him in an instant and rushed toward him.

And at this moment, a majestic voice sounded in the entire white trial space: "The first round of the trial left by the ancient demon lord is to let the challenger face ten enemies of the same realm. , if you can defeat these ten enemies of the same level, then the challenger will enter the second round. The challenger in the second round will have to face ten enemies who are one level higher than the challenger himself, and the challenger in the third round will , they have to face enemies who are two heavens higher than the challenger themselves, and the cycle goes on and on. Only the one who persists to the end is qualified to obtain and inherit the ancient demon king's power in the deepest part of the demon king's palace. The strongest inheritance that remains!"

Chapter 2448 Special Trial Method

At this moment, a total of ten energy light people with the same cultivation level as Ye Feng rushed towards Ye Feng in an instant.

Ye Feng heard the majestic voice that sounded in the entire trial space just now, and his eyes suddenly showed a trace of surprise.

"I didn't expect that this ancient demon king's trial space would be so magical. Round after round, after the first round of challenges, there is still a second round, and after the second round of challenges, there is still a third round, and there is a fourth round. ... In other words, as the challenger continues to enter the next round of trials, the enemies composed of the ten energies encountered will become stronger and stronger. "

Ye Feng found this quite novel.

Because this was the first time he encountered this special trial method.

At this moment, he looked at ten light beings with the same cultivation level rushing towards him not far away, all of them were at the tenth level of the Eternal Realm, Great Perfection Level.

Ye Feng didn't have any fear about this. Instead, with a very relaxed expression in his eyes, he stretched out his hand and shot away in the distance.

"Boom!"

Powerful and boundless power suddenly burst out from Ye Feng's palm, and like a vast ocean, it struck forward fiercely.

You know, Ye Feng's slaps now are full of extremely terrifying destructive power.

Almost at this moment, ten energy light people with the same cultivation level as Ye Feng were instantly blown to pieces by Ye Feng.

It directly turned into countless energy fragments and scattered all over the ground.

It was smashed directly!

It was simply extremely ferocious!

Invincible at the same level!

When Ye Feng saw this scene, his eyes were a little stunned, as if he didn't expect to kill ten energy light people of the same realm so easily.

He suddenly had some understanding in his heart.

It seems that although the light beings composed of these energy bodies have the same cultivation level as himself, their combat power is only the same as that of ordinary tenth-level heavenly warriors of the Eternal Realm, and they are not beings that can leapfrog the battle.

In this case, Ye Feng is not afraid anymore.

Because Ye Feng can fight beyond the level.

Super geniuses can even surpass many levels.

So at this time, Ye Feng looked relaxed, waiting for the second round to come.

But at this moment, after the light beings composed of energy that Ye Feng smashed were shattered, the energy fragments left behind did not disappear.

Pieces of energy fragments, emitting light, are still floating in the air.

This made Ye Feng's eyes move slightly.

Uh-huh!

Then Ye Feng tentatively stretched out his hand and grabbed the energy fragments.

He directly grabbed a large piece of energy fragments into the palm of his hand.

"Buzz!"

At this time, under investigation, Ye Feng instantly sensed a very pure energy from these energy fragments, which was still contained in them.

This made Ye Feng quite pleasantly surprised. He instantly released his devouring ability, and then devoured all the shattered energy fragments directly into his body.

"Buzz..."

Almost at the moment Ye Feng swallowed these energy fragments, he immediately felt the power in his body, which suddenly increased a lot.

Although the energy fragments provided by the ten light people with the Dzogchen Perfection cultivation level in the tenth level of the Eternal Realm were not very much, they only improved Ye Feng's skill a little.

But this was an unexpected and surprising discovery for Ye Feng.

In other words, the ten enemies condensed from each round of energy bodies are not nothingness, but existences composed of real energy bodies.

If you kill them, you can swallow the fragments left behind by these energy bodies, thereby strengthening your own cultivation and skills.

Of course, only Ye Feng could do this.

After all, Ye Feng's Devouring Domain can swallow all kinds of energy.

Moreover, Ye Feng's chaotic body can also accommodate energy of various attributes.

Not others.

After knowing this, Ye Feng is even more looking forward to the next round of challenges.

And just when Ye Feng had just swallowed the energy fragments of ten people with the same energy level as himself.

boom! !

The second round of trials has arrived again!

Uh-huh! Uh-huh! Uh-huh...

Suddenly ten energy light people who were one level higher than Ye Feng appeared in front of him.

The cultivation auras emanating from the ten enemies in this second round are clearly half-step Heavenly Tribulation Realm existences that have surpassed the Tenth Heavenly Perfection Level of the Eternal Realm!

Boom!

These ten energy light people with half-step Heavenly Tribulation Realm cultivation instantly launched a very fierce attack on Ye Feng.

However, Ye Feng was still acting extremely casually at this moment, and still slapped him directly in front of him.

"Crash!!"

Suddenly, a terrifying wave of energy rushed out from Ye Feng's palm, roaring like a furious dragon, impacting the void. In an instant, all the ten energy light people with half-step Heavenly Tribulation Realm cultivation in front of them were shattered.

They couldn't even resist Ye Feng's slap!

It has to be said that Ye Feng's combat power is getting stronger and stronger now, and he can burst out earth-shattering destructive power with every move he makes.

It was simply terrifying to the extreme!

Ordinary warriors who were several levels higher than Ye Feng were no match for Ye Feng's slap.

At this time, Ye Feng shattered ten energy light beings in the Half-Step Heavenly Tribulation Realm, and then continued to release the Devouring Domain, swallowing up all the energy fragments left after the energy light beings were broken.

"Buzz!"

Ye Feng once again felt the improvement in his body's skills.

However, Ye Feng's cultivation realm has still not broken through, but his skills have become deeper.

After all, the cultivation level of these energy light people is not too high, and they do not provide much energy to Ye Feng.

Even though Ye Feng is only at the tenth level of the Eternal Realm, in fact, the amount of skill reserves contained in his body is definitely comparable to that of a

A true powerhouse at the sixth or even seventh heaven level of the Heavenly Tribulation Realm.

This is the terrifying part of the Chaos Heavenly Emperor Technique and the power of the Chaos Body.

Because at a very low level, Ye Feng has a reserve of skills comparable to those of a high-level warrior.

That's why Ye Feng was able to fight beyond the level, even in continuous battles, it was difficult for his strength to be exhausted.

Unless he encounters an extremely formidable opponent, Ye Feng rarely loses.

He can even kill masters who are several levels higher than him.

At this moment, Ye Feng continued to wait for the third round to come.

Sure enough, not long after Ye Feng smashed the energy Guangren of the ten and a half-step Heavenly Tribulation Realm cultivation levels in the second round with a slap, the enemies in the third round also arrived.

The cultivation auras of the ten energy-light people who appeared in the third round were impressively at the first level of the Heavenly Tribulation Realm!

Moreover, these ten energy light beings from the first level of the Heavenly Tribulation Realm seem to be more intelligent at this moment than before.

They did not stupidly charge directly towards Ye Feng, but attacked Ye Feng from all directions.

He even displayed a variety of ancient martial arts. It has to be said that the trial space left by the ancient demon lord is very magical.

However, facing an opponent in the first level of the Heavenly Tribulation Realm, Ye Feng still didn't pose much of a threat, and he still punched out hard.

Boom!

Then all the ten energy light people in the first level of the Heavenly Tribulation Realm were beaten to pieces.

Then Ye Feng continued to directly devour the energy fragments left by these energy light people.

"Boom!!"

Suddenly at this moment, Ye Feng's cultivation level unexpectedly broke through while constantly devouring and accumulating.

Directly breaking through from the tenth level of the Eternal Realm to the Half-step Heavenly Tribulation Realm!

This made Ye Feng's eyes full of surprise, and he couldn't help but said to the trial space: "Let the storm come more violently!"

Buzz!

And at this moment, the fourth round of enemies arrived!

Chapter 2449 Cleared

The enemies in the fourth round are also ten people of energy and light, and the cultivation aura on each one is impressively that of the second level of the Heavenly Tribulation Realm!

Moreover, the martial arts moves they performed became more and more sophisticated, as if each martial arts master was fighting Ye Feng.

"very nice!"

Ye Feng was very excited about this, as he could sharpen his martial arts experience through these energy light beings.

Moreover, after killing these energy light people, you can also devour the energy contained in the opponent's body and improve your own cultivation.

It can be said that it kills two birds with one stone!

At this moment, when Ye Feng kept passing through rounds of challenges.

Other masters were also engaged in various brutal fights.

Like Ye Feng, they faced ten energy light beings who were higher than themselves in each round.

But not every master can easily break through like Ye Feng.

After all, no one is as powerful as Ye Feng.

Many people were accidentally attacked by ten energy light beings and were killed on the spot in an instant.

And after these challengers who were killed on the spot died, their blood flowed to the ground and was absorbed by the trial space, turning the entire corpses directly into mummies.

This scene has to be said to be very strange!

But no one else saw this weird scene!

Because each challenger is in his own exclusive trial space and cannot see the scenes of other people's trials.

And while many masters were undergoing continuous trials, there was a dark black palace in the deepest part of the trial space.

The man of white light who was previously standing at the door of the huge light door deep in the Demon King's Palace, guiding everyone into the trial space, is now standing in the dark black palace, facing the middle of the palace respectfully, clasp his fists. He said in a loud voice: "Master Ancient Demon Lord, I have followed your instructions to attract all those masters into the trial space. As long as I select the strongest one, Master Demon Lord, you can escape from your current old age. The immortal body, occupying the body of the strongest being, comes to this world again! "

At this moment, after the white light man finished speaking, the dark

In the middle of the palace, on an ancient dark golden throne, sits a tall, old figure.

This figure is none other than the Ancient Demon Lord!

The ancient demon lord is not dead!

Nor has it fallen into history!

But he is still lingering and gasping!

This time he opened the Demon King's Palace in order to attract many talented and evil geniuses to enter it.

Then select the strongest super genius and prepare to take it as your own, so as to live a new life!

It turns out that the so-called trial of the Demon Lord turned out to be a huge conspiracy!

The ultimate goal of this trial is not to select a super genius to inherit the Demon Lord's legacy.

But the ancient demon lord wants to select the strongest genius to use as his new body!

But at this time, all the super geniuses and masters who broke through the trial space did not know the truth at all.

They are still in the constant struggle, the purpose is to obtain the inheritance of the final ancient demon king.

No one knew at all that the ancient demon king was observing all the testers, his eyes filled with endless greed and desire for life.

It turns out that everything is a huge conspiracy!

At this moment, more and more masters and geniuses are failing to break through.

Naturally, there is only one outcome for failure, which is to be directly killed by the energy light man in the trial space, and then all their blood energy is absorbed by the trial space.

All of it was transmitted to the dark palace in the deepest part of the trial space, and was absorbed by the ancient body of the ancient demon king, helping the ancient demon king regain some vitality and combat power.

In this case, the ancient demon lord will be able to steadily seize the body of the final and strongest super genius.

After all, although the ancient demon lord was extremely terrifying back then, after so many years, his power has been seriously lost, and

Moreover, he suffered severe injuries that year, which damaged the very essence of life, so he became older and weaker.

Now he even has to absorb the blood of some fallen masters to restore some strength and prepare for the next step of seizing the body of the most powerful genius.

...

But at this time, Ye Feng was still facing challenges.

At this moment, Ye Feng has reached the tenth round of the challenge.

Ye Feng used all his methods to kill all the enemies in the tenth round.

At this time, Ye Feng was constantly devouring those energy fragments, and he also succeeded in directly accumulating and transforming his cultivation to the first level of the Heavenly Tribulation Realm!

For Ye Feng, this is a huge surprise, because he did not expect that in the trial space, he would not only be able to pass one level after another, but also be able to improve his cultivation to the first level of the Heavenly Tribulation Realm. God, this is equivalent to helping Ye Feng save a lot of resource accumulation. .??.

Because Ye Feng knows very well that if he wants to break through from the tenth level of the Eternal Realm to the first level of the Heavenly Tribulation Realm, he will definitely need very huge cultivation resources to be able to do this.

Because as Ye Feng's cultivation improved, his body became more and more like a bottomless pit.

Every time you break through a big realm, the energy required is terrifying to the extreme.

So this time Ye Feng was able to make a qualitative change in his continuous accumulation of cultivation in the trial space, directly breaking through to the first level of the Heavenly Tribulation Realm and stepping into a brand new realm. This naturally made Ye Feng feel very happy. happy.

Even Ye Feng felt that even if he did not get the inheritance of the ancient demon king in the end, he could make a qualitative breakthrough in his cultivation in this trial space and reach the first level of the Heavenly Tribulation Realm.

This achievement is already very good.

After all, he who is content is always happy.

At this time, Ye Feng thought of his two enemies in the Northern Immortal Palace, the Sword Emperor of the Sword Emperor Temple, and Xiao Tianshen of the Heavenly Temple.

Ye Feng suddenly felt a terrifying murderous intention in his heart.

At this moment, Ye Feng suddenly

After breaking through to the first level of the Heavenly Tribulation Realm, if the cultivation of Dzogchen's future body breaks out, then Ye Feng will be able to possess the Dzogchen Dzogchen cultivation of the tenth level of the Heavenly Tribulation Realm in a short period of time.

In this case, Ye Feng no longer fears the Sword Emperor in the Sword Emperor Temple.

Because the Sword Emperor of the Sword Emperor Temple is the weakest palace master among the nine major temples of the Northern Immortal Palace.

It is estimated that the cultivation level is at the first level of the Dao Killing Realm, or the second level of the Dao Cutting Realm, which is above the Heavenly Tribulation Realm.

For Ye Feng, he is no longer so afraid and can definitely be on par with the Sword Emperor.

As for Xiao Tianshen of the Heavenly Temple, the most powerful among the nine temples, Ye Feng still has some fears.

After all, Xiao Tianshen's strength is unfathomable and he is the strongest among the nine temples in the Northern Immortal Palace.

Even Zeng Rou, the master of the Natural Temple, is probably no match for Xiao Tianshen.

What's more, Xiao Tianshen had previously launched a war against the blood-sucking demon clan's lair and obtained the corpse of the demon god. His strength must have been even more terrifying.

However, although Ye Feng is afraid of Xiao Tianshen, but now that he has entered the first level of the Heavenly Tribulation Realm, Ye Feng feels that after returning to the Northern Immortal Palace, his status will definitely be greatly improved in the Northern Immortal Palace.

Even if Xiao Tianshen knew his true identity by then, he would not dare to touch him openly.

It can be said that Ye Feng has accumulated enough knowledge in this trial of the Ancient Demon Realm!

After returning to the Northern Immortal Palace, it will surely shock the entire sect!

And while Ye Feng continued to wait for the next round of trials.

Buzz!

Suddenly a space door appeared in front of him.

On the other side of the space gate, a dark black hall appeared.

The light and shadow at the door that guided many masters into the trial space appeared in front of Ye Feng and said with a smile: "Congratulations, young man, you passed the level. You managed to persist to the end. You are the strongest genius. Now you are qualified to enter the palace of the ancient Demon Lord and obtain the inheritance of the Demon Lord. Please follow me."

Chapter 2450 Entering the main hall

"Is this the end?"

At this time, listening to the words of the light and shadow in front of him, Ye Feng's eyes showed a hint of surprise.

He did not expect that he had completed all the challenges in the trial space so quickly and could directly enter the inheritance hall of the ancient demon lord.

At this moment, Ye Feng nodded, followed the figure into the space portal, and then stepped into the main hall.

This is a dark black hall that looks very deep and ancient.

The moment Ye Feng walked in, he immediately felt an extremely powerful demonic energy, which seemed to be contained in this dark hall.

This special feeling made Ye Feng suddenly feel a little vigilant in his heart.

Because he felt a very threatening aura lurking somewhere in this dark hall.

Ordinary warriors would never be able to detect this feeling.

But Ye Feng is a soul master, and his soul power is extremely powerful, so he can naturally sense it instantly.

Moreover, Emperor Chu also said aloud in his mind at this time: "Ye Feng, be careful. I always feel that there is an inexplicable danger in this dark hall. It seems that there is a very terrifying dark existence peeping at you in the dark."

Hearing what Emperor Chu said, Ye Feng was even more sure of the threatening feeling that suddenly arose in his heart.

He nodded slightly and followed the light and shadow towards the interior of the Dark Hall.

Soon Ye Feng came to the central area of this dark hall.

He immediately looked at the figure leading the way and said aloud: "Senior, you said you wanted to take me to accept the inheritance of the ancient demon lord. Where is the inheritance of the ancient demon lord? Why did it take so long? Haven't arrived yet?"

At this time, it seemed that Ye Feng was aware of Ye Feng's suspicion. The figure made of light immediately burst into laughter and said, "The Ancient Demon Lord is not dead yet, how can you accept his inheritance?"

After the words fell.

Boom! !

A terrifying aura instantly erupted across the entire field.

"The ancient demon lord is not dead!"

When Ye Feng heard this sentence, his eyes suddenly showed a hint of surprise.

No wonder the moment I walked into this dark hall, I sensed a very dangerous aura.

It turns out that the ancient demon king has been secretly spying on himself!

And almost at this moment, in the center of the dark hall, a light suddenly flashed, and a huge dark golden throne appeared.

On this extremely noble dark golden throne, an extremely tall figure was sitting at this moment.

That was a burly and tall demon, it was the ancient demon!

That is, the master of the ancient demon realm back then.

At this moment, the ancient demon king's body looked extremely majestic and huge, exuding a terrifying dark demonic aura.

It feels like an ancient demon god bound in myths and legends has escaped from trouble and returned to the world at this moment.

At this time, the Ancient Demon Lord's eyes flashed with red light, staring at Ye Feng not far away, and suddenly said: "You are a very good young man. I have observed all your battles and found that your combat power is incomparable." You are so powerful. You should have a very powerful special physique among the human race. Otherwise, you would not have such a strong fighting power. But for me, your body is my greatest treasure, because I am about to occupy your body. From now on You are me, and I am you! Hahaha!"

At this moment, after the ancient demon king finished speaking, Ye Feng immediately sneered and said, "I finally understand. It turns out that all these so-called trials are a huge conspiracy, and the purpose is basically

It's not to choose a successor, but to let you, the ancient demon king, live another life. If you meet someone else, maybe you really have a chance to occupy someone else's body and revive again, but you are unlucky. Met me! "

Boom!

After saying this, Ye Feng suddenly burst out with an earth-shattering terrifying aura.

Uh-huh!

He unexpectedly rushed towards the Ancient Demon Lord in an instant.

"Um?"

When the Ancient Demon Lord saw Ye Feng doing this, his eyes suddenly showed a trace of surprise, and he couldn't help but said: "I haven't even taken action yet, how dare you, a little human genius like you, dare to take the initiative against me?" Take action? That's extremely bold! This is an insult to me!"

After the words fell, the ancient demon king immediately stretched out a hand.

Boom! !

The entire field was filled with endless riots of heaven and earth vitality.

Suddenly, a huge dark hand appeared on the field, full of unparalleled pressure.

Like a dark magic mountain, it moved towards Ye Feng to suppress it in an instant, as if it could suppress the entire world and everything in the endless darkness forever.

"boom!"

At this moment, Ye Feng punched out hard and hit the big black hand directly.

Boom! !

Accompanied by a huge roar, the two collided with each other, and immediately produced a terrifying shock force.

The big black hand was not shattered. Instead, Ye Feng was blown away and landed hard on the ground not far away.

In an instant, a large area of land was shattered with a rumble and was buried in the ruins.

There was a "crash" sound!

Ye Feng immediately climbed out of the ruins

coming.

Although he was knocked away, he was not injured.

At this moment, Ye Feng's eyes were cold, staring at the ancient demon lord not far away, and couldn't help but said: "He is worthy of being the most powerful demon lord in the ancient demon world. He is worthy of being the ancient demon king." The powerful Demon Lord is so powerful that even my Chaos Body, which is currently on the tenth level in the late fifth heaven, cannot compete head-on with you!"

At this moment, Ye Feng's eyes suddenly became serious.

He understood that although this ancient demon king was extremely old and seemed to be very weak, his power was still extremely huge.

Every move can unleash earth-shattering power!

It is definitely many times more powerful than the Ice Crystal Holy Dragon that mastered the Ice Ancestral Talisman before.

However, at this time, Ye Feng, after devouring the energy light man in the trial space, his cultivation level has improved a lot compared to when he fought with the Ice Crystal Holy Dragon.

Ye Feng's current cultivation level is at the first level of the Heavenly Tribulation Realm.

At this moment, Ye Feng knew that he could no longer keep it, and he instantly exploded into his Dzogchen future body!

Boom! !

Along with a huge roar, Ye Feng's aura suddenly began to surge crazily.

Ye Feng's cultivation level immediately skyrocketed to the tenth level of Heavenly Tribulation Realm, Great Perfection Level!

Although Ye Feng's state can only last for a short period of time, he does now have the cultivation level of the tenth level of the Heavenly Tribulation Realm.

So at this time, Ye Feng's strength and momentum were countless times greater than before.

At this moment, Ye Feng rushed to the sky in an instant, his whole body bursting with divine light, his black hair fluttering in the strong wind, and his whole person looked full of an aura that looked down upon the world.

It feels like a young human god has arrived!
