### Chapter 2451 The Forbidden Technique of the Demon Clan

Not far away, the Ancient Demon Lord felt Ye Feng's soaring cultivation aura. His eyes suddenly showed a look of surprise, and he couldn't help but said: "What's going on with you, a human boy? Why are you suddenly here?" How is this possible? No secret technique can give you such a terrifying improvement!"

Obviously, even though this ancient demon lord has lived for many years, this is the first time he has encountered a monster like Ye Feng.

He unexpectedly raised his cultivation from the first level of heaven to the tenth level of perfection in one fell swoop!

This made the Ancient Demon Lord feel caught off guard!

This kind of improvement process is terrifying to the extreme, and it is definitely not comparable to the ordinary secret techniques of improvement.

This is simply like a method from the gods!

boom! ??

The next moment, Ye Feng didn't care what the Ancient Demon Lord thought. He rushed towards the Ancient Demon Lord in an instant, carrying infinite power.

Because Ye Feng knew that his current state of Dzogchen cultivation could only last for a short period of time, Ye Feng had to make a quick decision.

Era Hegemony! !

At this time, Ye Feng instantly exploded with the inheritance of the Emperor of the Era, and instantly entered the overlord state.

He directly waved punch after punch, blasting out the Divine Fist of Era.

Rumble, rumble...

Suddenly, rays of terrifying divine light rushed out from Ye Feng's fist, like long rivers of energy, shattering the void in an instant, and all of them struck hard in front of the ancient demon king.

Boom!

Even such a powerful and ancient being as the Ancient Demon Lord could not help but take many steps back in an instant under the terrifying attack of Ye Feng in the Great Perfection state.

There are even some who can't resist Ye Feng who is looking down on the world at this moment!

Because Ye Feng now has a Dzogchen level of cultivation, and has also entered the Overlord state, and the fist he is wielding is the terrifying Era Divine Fist. \u003c

br\u003e

Every fist blasted out had a power of billions, as if it could shatter the entire mountain, river and land!

So at this moment, even the ancient demon Lord, the ancient demon, is somewhat unable to withstand Ye Feng's power.

The Demon Lord couldn't even help but retreat and began to avoid the edge temporarily.

"Damn it! Damn it!"

The Ancient Demon Lord was a little aggrieved by Ye Feng's beating at this time.

He immediately roared, and instantly displayed a terrifying ancient demon lord's inheritance.

"Wheel of Dark Judgment!"

"Boy, I want you to die!!"

At this moment, the Ancient Demon Lord roared loudly, and waves of terrifying and boundless dark demonic energy suddenly surged out of his body.

These dark demonic energies immediately condensed into a huge wheel of darkness in the void behind the ancient demon king, possessing the power of judgment.

The Dark Wheel of Judgment, which was slowly spinning and exuding terrifying majesty, suddenly burst out with unparalleled power, heading directly towards Ye Feng to suppress it.

The endless darkness seemed to be able to judge Ye Feng to death in the darkness!

This is a special and incomparable power of judgment, terrifying to the extreme, and extremely mysterious, which ordinary forces cannot resist.

Even the energy stream of the Era Divine Fist bombarded by Ye Feng at this moment was instantly crushed by the Dark Wheel of Judgment and had no effect at all.

When Ye Feng saw this scene, he couldn't help but reveal a trace of surprise in his eyes.

Sure enough, this ancient demon lord possesses an extremely ancient inheritance. He is extremely terrifying and cannot be dealt with by ordinary people.

if

If an ordinary warrior encounters the ancient demon lord, he will definitely be killed in an instant.

But the Ancient Demon Lord is now facing Ye Feng!

At this moment, Ye Feng took out a large dark gold ax from the storage ring.

This big ax is the wild battle axe!

At this moment, Ye Feng directly burst out with extremely powerful power, directly displaying the inheritance of the Thunder Divine Crocodile and the power of the Thunder Ancestral Talisman.

Wow! !

Infinite thunder and lightning light surged out of Ye Feng's body, directly enchanting the wild battle ax with the power of thunder.

The wild battle ax suddenly turned into a thunder battle ax, and was held by Ye Feng, and then Ye Feng fiercely attacked and slashed towards the dark wheel of judgment ahead.

"Boom!!"

Ye Feng held the thunder battle ax in his hand, but it was full of boundless power. At this moment, he slashed hard at it, possessing both the terrifying power of the ancient barbarian emperor and the terrifying destructive power of the ancient thunder.

So almost at the next moment, the thunder battle ax in Ye Feng's hand immediately smashed the huge dark wheel of judgment into pieces.

Then the thunder battle ax continued to chop down with a bang, and with a "plop" sound, one of the ancient demon lord's arms was cut off.

"ah!"

Almost at this moment, the ancient demon lord screamed, his eyes filled with deep shock and anger.

He stared at Ye Feng, who was not far away with endless thunder and lightning surging all over his body, especially at the wild battle ax in Ye Feng's hand. He couldn't help but yelled: "You kid has actually cultivated the extremely powerful thunder attribute." Inherited, and also possesses the abominable ancient barbarian emperor's wild battle ax, where did you find this battle ax?"

At this moment, the ancient demon lord's tone was full of deep surprise.

Obviously he knew the ancient Barbarian Emperor, and also knew the weapon in Ye Feng's hand at this moment.

We know how terrifying the Savage Battle Ax is because it contains the terrifying power of the ancient Barbarian Emperor.

At this moment, Ye Feng had no time to talk nonsense with the Ancient Demon Lord.

Because his peak condition can only be maintained for a short period of time.

boom!

At this moment, Ye Feng burst out with the power of the Ice Ancestral Talisman.

Wow!

Almost at this moment, the Ice Ancestral Talisman in Ye Feng's body was immediately activated.

A terrifying and boundless river of cold air immediately rushed out from Ye Feng's body. It was frozen for 90,000 miles in an instant, directly freezing the entire body of the ancient demon king not far away in place.

At this moment, the ancient demon king's legs were frozen directly on the ground, unable to move at all.

"What? Ice Ancestral Talisman? Why do you have so many terrible treasures on your kid?"

He yelled, trying to get out of trouble.

But his legs were still frozen to the ground by the power of the Ice Ancestral Talisman, unable to move at all.

Because his lower body directly turned into an ice sculpture, only his upper body could move.

The Ancient Demon Lord stood on the spot, watching Ye Feng holding a wild battle ax in his hand not far away, slashing towards him fiercely, but he could not move.

This made the Ancient Demon Lord panic all of a sudden.

In an instant, he opened his mouth and spat out a mouthful of his own blood essence with a fierce look in his eyes, performing a more taboo and terrifying inherited magic: "Dark Hell Life and Death Tribulation!"

This is a more terrifying and ancient taboo technique of the demon clan than the Wheel of Dark Judgment previously displayed by the ancient demon lord.

It is a heritage that only exists in that ancient lost era, and now I am afraid it has long been lost in the long river of history.

But now it's the ancient demon king who managed to survive, who has used it again!

Chapter 2452 Your time has passed

Dark Hell Life and Death Tribulation!

Almost at the moment when the Ancient Demon Lord finished speaking these words.

Boom!!

A terrifying dark light suddenly burst out from the Ancient Demon Lord.

These dark lights instantly condensed into a hell scene in the space around the Ancient Demon Lord.

Endless life and death tribulations reappeared in this hell scene at this time, and immediately blocked the wild battle axe that Ye Feng chopped over. ??

Buzz buzz buzz...

Then the life and death tribulation power in the hell was constantly eroding the wild battle axe in Ye Feng's hand at this moment.

"Crack, crack!"

Almost at this moment, Ye Feng was shocked to find that the dark hell and life and death tribulation power exerted by these ancient demons actually eroded the wild battle axe, which decayed inch by inch and turned into ashes.

"What?"

This scene made Ye Feng's eyes reveal a deep and incredible look.

The Savage Battle Axe is Ye Feng's most powerful weapon so far. It is the life weapon of the ancient Savage Emperor. It is full of endless firmness and tenacity, which makes Ye Feng possess an extremely powerful killing power.

Ye Feng would never have thought that one day, the Savage Battle Axe would be corroded and broken into pieces by this powerful and terrifying dark power.

It must be said that the dark hell life and death calamity displayed by the ancient demon lord at this time is extremely terrifying, which is simply unimaginable.

And the power of the life and death calamity is constantly spreading towards Ye Feng's palm!

Ye Feng immediately felt that his palm was rapidly disintegrating, bones, flesh and blood were rapidly decaying, as if he had encountered the curse of the mystery of life and death.

"Hahaha!" Seeing Ye Feng's incredible expression, the Ancient Demon Lord laughed out loud: "Human boy, now you know how powerful I am! Young people like you can never fight against an ancient existence like me! You don't understand how terrible these inherited secrets that I master are. These inherited secrets have disappeared in history, but they are reappeared in my hands. At that time, they will surely shock the whole world! So young man of the human race, just let me occupy your body and let me live again. You can't resist this destined fate!" At this moment, this Ancient Demon Lord laughed out loud, and was extremely proud. Obviously, for this Ancient Demon Lord, he felt that he had won. Because he used up his remaining life essence and blood to perform this kind of dark hell life and death calamity, his most terrifying, this dark secret technique,

even some ancient strong men could not resist it, let alone Ye Feng, a young man of the descendant. At this moment, Ye Feng's eyes were filled with a trace of horror.

Because he discovered that even his own chaotic body could not resist this strange dark hell life and death calamity.

This is a very terrifying dark power, a terrible secret technique formed by the mysteries of life and death, which can disintegrate and destroy all life in the world.

At this moment, Ye Feng immediately asked the Chu Emperor in his mind, saying: "Chu Emperor, do you have any way to dispel this strange dark life and death calamity power now? My chaotic body cannot resist it, and even the power of the ancestral talisman cannot destroy this dark hell life and death calamity."

At this time, Chu Emperor's tone was also extremely solemn, and he said aloud: "This should be the most powerful means of the ancient great demon, the Ancient Demon Lord. It is a very ancient dark demon clan secret technique that even I have never heard of. However, the soul gem can only dispel the damage to the soul, but this strange dark hell life and death calamity belongs to the physical attack force, and I have no way to control the soul gem."

Hearing what Chu Emperor said, Ye Feng's eyes immediately showed a deep low color.

Is there really no way?

Am I really going to die here today?

At this moment, Emperor Chu seemed to have suddenly thought of something, and immediately said: "By the way! Didn't you, Ye Feng, get the most powerful and special treasure of the ancient demon domain, the Supreme Magic Ring, from the White Robe Mage? Although the Savage Battle Axe cannot withstand this dark hell life and death calamity, the Supreme Magic Ring is a more advanced and terrifying treasure than the Savage Battle Axe. Perhaps it can withstand the killing technique of this ancient demon lord!"

Supreme Magic Ring!

At this moment, after being reminded by Emperor Chu, Ye Feng immediately slapped his forehead and reacted immediately.

Yes!

I got the most powerful treasure in the ancient demon domain, the Supreme Magic Ring.

You know, this Supreme Magic Ring was the key treasure that the ancient demon lord could use to unify all races in the entire ancient demon domain.

It is said that this Supreme Magic Ring was not forged by the creatures in the ancient demon domain, but a magic ring forged from outside the domain, that is, from the existence in the origin world, and it has an incomparably terrifying power.

Ye Feng had used the power of the Supreme Magic Ring when he fought the Blood Queen in the Demonic Mausoleum.

Although it exhausted all of Ye Feng's power and had great side effects, the Supreme Magic Ring could provide Ye Feng with unparalleled terrifying supreme power, allowing Ye Feng's combat power to rise to another level.

At this moment, Ye Feng gritted his teeth, his eyes became fierce, and he immediately took out the Supreme Magic Ring from the storage ring: "Let's fight!"

And at the moment Ye Feng took out the Supreme Lord of the Rings.

Not far away, the Ancient Demon Lord saw the magic ring in Ye Feng's hand, and his eyes immediately showed deep horror. He couldn't help but yelled: "You! You human boy! Where did you get it?" This supreme magic ring? This is my treasure back then, please return it to me quickly!"

At this moment, the ancient demon lord's originally triumphant expression suddenly turned into extremely fearful.

He knew very well how powerful the Supreme Lord of the Rings was. ??

But at this time, Ye Feng had already put the Supreme Lord of the Rings on his finger.

"Boom!!"

Almost at the moment when Ye Feng put the Supreme Ring on his finger, a terrifying and powerful magic power surged out from the Ring in an instant, and was all instilled into Ye Feng's body.

At this moment, Ye Feng's entire body and limbs were filled with extremely terrifying dark magic power.

This instantly gave Ye Feng's combat power a terrifying and boundless boost.

Even the power of the dark hell that was destroying Ye Feng's body, encountered the Supreme Lord of the Rings at this moment, and was forcibly absorbed by the Supreme Lord of the Rings.

Ye Feng suddenly escaped from the crisis of life and death in the dark hell.

"No!!!"

At this time, seeing Ye Feng put on the Supreme Lord of the Rings, the Ancient Demon Lord not far away immediately roared with unwillingness and anger.

Wow!

He instantly shattered the ice surrounding the Ice Ancestral Talisman, and rushed towards Ye Feng, trying to recapture the Supreme Lord of the Rings in Ye Feng's hand.

The Ancient Demon Lord roared: "As long as I can take back the Supreme Lord of the Rings, then I can rule the world again!"

But just when the Ancient Demon Lord rushed in front of Ye Feng, Ye Feng suddenly turned his hand with the Supreme Lord Ring into a fist, and then his eyes were filled with black light, staring at the rushing Ancient Demon Lord. Lord, smiled evilly, and punched the ancient demon king fiercely.

Boom! !

Almost at that moment, after Ye Feng punched out, the Supreme Lord of the Rings in his hand instantly erupted with an earth-shattering dark light.

In an instant, the entire body of the Ancient Demon Lord was enveloped, and then it was violently washed away on the Ancient Demon Lord's body.

"Boom!!"

Almost at the next moment, accompanied by an earth-shattering roar, Ye Feng's punch merged with the terrifying power of the Supreme Lord of the Rings, and suddenly bombarded the ancient demon king far away and slammed it on the ground.

Snap!

But the next moment, the terrifying blow given to Ye Feng by the Supreme Lord of the Rings also instantly drained almost all of Ye Feng's power.

Ye Feng fell to the ground softly, losing all his vitality.

But his terrifying punch just now was also very effective, directly punching a huge bloody hole in the chest of the Ancient Demon Lord.

The ancient demon lord was lying in the ruins not far away at this time. He was dying and had completely lost his combat effectiveness.

At this moment, Ye Feng took out pills from his storage ring to restore his cultivation and vitality. After swallowing them, he regained some strength.

"Pap, tap..."

Then Ye Feng walked towards the Ancient Demon Lord not far away, stepped directly on the evil face of the Ancient Demon Lord, and said coldly: "The Ancient Demon Lord, right? I'm sorry, your time has passed. Want to live another life? "

Boom! !

Almost as soon as Ye Feng finished speaking, he stepped down hard, crushing the ancient demon king's head.

The ancient demon lord is dead!

Chapter 2453 The Treasure House of the Ancient Demon Lord

It has to be said that this ancient demon king died in a very cowardly manner.

He had been planning for so many years and wanted to live his life again.

But what I didn't expect was that in the end, I met Ye Feng, a super monster with extremely terrifying combat power and methods.

As a result, the Ancient Demon Lord died in Ye Feng's hands.

At this moment, after Ye Feng killed the Ancient Demon Lord, he immediately released the Devouring Domain without any hesitation, directly covering the Ancient Demon Lord's entire body in the Devouring Domain of Darkness.

Boom! !

Suddenly, waves of majestic blood energy were sucked out and swallowed directly by Ye Feng.

Although this ancient demon king is very old and weak, the blood energy contained in his body is still very huge.

It can provide Ye Feng with extremely majestic energy!

At this moment, with Ye Feng's devouring, Ye Feng's cultivation level suddenly experienced a breakthrough.

boom!

The second level of the Heavenly Tribulation Realm!

boom!

The third level of Heavenly Tribulation Realm!

When Ye Feng's cultivation reached the third level of the Heavenly Tribulation Realm, all the blood energy contained in the body of the Ancient Demon Lord was devoured.

At this moment, the ancient demon king's huge demon body had turned into a shriveled corpse, lying on the ground.

Ye Feng was a little stunned and couldn't help but said helplessly: "I didn't expect that an ancient demon lord would only make me ascend to two heavens. I am really speechless!"

But after Ye Feng finished speaking, Emperor Chu immediately laughed in his mind and said: "Ye Feng, you are really getting more and more swollen now. You must know that your current realm is the Heavenly Tribulation Realm, and you are a very advanced person. Every breakthrough requires a huge accumulation of energy. This ancient demon has survived for so many years, and the blood energy in his body has almost been exhausted.

, very weak, otherwise do you think you can kill this ancient demon king? You were able to kill this ancient demon king today because the ancient demon king was very weak and didn't have much blood energy left. That's why you were able to kill him, swallow up his remaining power, and be able to break through two levels. God, this is already a good achievement. I am always happy when I am content, Ye Feng! "

At this moment, after Emperor Chu finished speaking, Ye Feng immediately laughed out loud: "I just complained casually, I am not really disappointed. This time I can kill the ancient demon king and eliminate the ancient demon king's deliberate plan." This huge conspiracy has been shattered, I feel very satisfied, and the harvest has been huge."

At this time, after Ye Feng finished speaking, he immediately took a fancy to the figure composed of light not far away.

It was this figure that brought him from the trial space to the palace of the ancient demon king.

At this time, the radiant figure was trembling all over. When he saw Ye Feng looking at him, he immediately couldn't help but kneel on the ground and said loudly: "My lord, please forgive me, my lord, please forgive me! I have no power, nor any power." Hazard, I am just an incarnation of light and shadow in the trial space, specifically as a guide. "

When Ye Feng heard what the light and shadow said, he immediately smiled and said: "I know you are not a threat, otherwise I would have killed you long ago. Since you are the leader of the entire trial space, now you Take me to find the ancient demon king. Where is his treasure house and the inheritance left by the ancient demon king? I also need it very much. You have to help me find them all!"

Ye Feng did not find any storage space from the Ancient Demon Lord's body.

Therefore, Ye Feng felt that the Ancient Demon Lord must have hidden treasures or something somewhere.

After Ye Feng finished speaking, this trial space

The leader immediately nodded and said quickly: "As long as you don't kill me, I will definitely lead you to find the treasure house and inheritance place of the ancient demon king."

Hearing what the guide said, Ye Feng immediately smiled and said: "Those who know the current affairs are heroes. Please lead me to find them."

After saying that, the leader of the trial space immediately nodded and bowed, leading Ye Feng toward the deepest area of the palace.

Soon they came to the door of a treasure house deep in the palace. ??

The entrance to the entire treasure house is guarded by a huge dark golden door.

The leader of the trial space said at this time: "This dark golden door was forged by the ancient demon king himself. Even I can't open it, so I can only rely on you, sir, to find it yourself." "

After saying that, Ye Feng nodded slightly, walked directly to the dark golden door, and then punched it out hard.

Boom! !

Along with a huge roar, the entire dark golden door was immediately blown to pieces by Ye Feng's fist.

This dark golden door is not strong, just a relatively ordinary door.

Of course, it is also possible that Ye Feng's body strength has now increased to a very terrifying level, so he can so easily break the dark golden door in an instant.

Almost at this moment, Ye Feng immediately saw the huge treasure house behind the dark golden door.

In the treasure house of this ancient demon king, there are boxes of resources, such as inherited secret books, weapons, armors, and various rare and rare treasures that can only be produced in the ancient demon realm. They are all piled up here, shining brightly. One piece, it looked quite shocking.

"As expected of ancient times

The demon lord's treasure house indeed contains extremely rich resources. Perhaps these are the treasures and resources that the ancient demon lord has accumulated for so many years and wants to resurrect and then take them out to fight as a foundation. But now they have all become mine. Got it! "

At this moment, Ye Feng's eyes were full of excitement.

Because this time he really gained too much. He got the ancient demon lord's treasure house, which was tantamount to getting rich overnight.

Uh-huh!

Ye Feng rushed into the treasure house in an instant, and then quickly loaded all the boxes of resources into his storage ring.

Then Ye Feng walked to the end of the treasure house and immediately saw an ancient bookshelf.

There are a total of two secret books placed on this bookshelf.

Ye Feng stepped forward and took both of these secret books into his hands.

After careful observation, it turned out that they were two very special and powerful forbidden arts with dark attributes that the ancient demon lord had previously performed.

These are powerful inheritances that have been lost in history, namely: the Dark Wheel of Judgment, the Dark Hell of Life and Death!

This made Ye Feng extremely happy, even ecstatic.

Because Ye Feng had just personally experienced the terrifying power of these two inheritances.

The first set of the Dark Wheel of Judgment is actually a relatively common set of advanced inheritance.

What moved Ye Feng the most was the Dark Hell Life and Death Tribulation, this set of extremely terrifying dark inherited secret techniques!

This is the biggest trump card of the ancient demon lord!

Even Ye Feng himself was almost killed by this dark hell life and death disaster before.

Ye Feng believes that if he succeeds in cultivation, he will definitely explode with unparalleled power and destructive power.

Definitely a super killer move!

Chapter 2454 Elf King

Ye Feng did not leave the palace of the Ancient Demon Lord directly at this time.

Instead, he began to comprehend the powerful inheritance of the ancient demon lord, the wheel of darkness and the darkness of hell.

The inheritance of these two powerful ancient demons is extremely powerful, and Ye Feng has experienced it personally before.

So Ye Feng was ready to understand it on the spot.

In this case, Ye Feng's strength can be greatly improved in a short period of time.

Because of the powerful inheritance, the user can explode with destructive power several times beyond his own cultivation power.

It has to be said that Ye Feng, who had been transformed by the soul gem, was a very perceptive monster and quickly understood these two sets of inheritances.

This made the eyes of the guide of the trial space not far away filled with deep shock.

Because he knows that these two sets of inheritances are the most powerful inheritances that the ancient demon lord is most proud of. They are ancient inheritances that have disappeared in history. They are very complicated and obscure. Ordinary warriors may not be able to understand them, let alone Enlightened.

But I didn't expect that Ye Feng, a little human boy, would comprehend it so quickly.

And just after Ye Feng finished comprehending.

Emperor Chu suddenly burst out with a crimson light, squeezing the leader of the trial space not far away to death.

Ye Feng was a little surprised.

Emperor Chu said: "You cannot let anyone know the truth about Ye Feng that you have obtained the inheritance of the Ancient Demon Lord. Otherwise, Ye Feng, you are likely to become a target of public criticism, because everyone will covet the Ancient Demon Lord in you." inheritance."

Emperor Chu knew very well that if the news was revealed, Ye Feng would lead to endless killings.

The guide brought Ye Feng into the palace before and let the ancient demon lord seize his body. Such a villain should be killed.

Ye Feng couldn't help but nodded when he heard this.

\u003c

br\u003e The emperor Chu is right, if the news about the inheritance of the ancient demon king in his body is exposed, then even many super strong men with tyrannical cultivation will take action against him, trying to rob him of the inheritance of the ancient demon king.

Because you must know that the Ancient Demon Lord is the controller of the entire Ancient Demon Realm world.

The inheritance of the ancient demon lord represents ancient power, which will naturally attract the interest of many super powerful people.

"It's time to get out of here."

At this moment, Ye Feng left the inheritance palace of the Ancient Demon Lord and returned to the outside.

But what surprised Ye Feng was that there were so many experts standing outside.

All these masters were standing on the ground outside the Demon Lord's Palace, with countless eyes fixed on Ye Feng who came out of the Demon Lord's magical power.

At this moment, some people couldn't help but exclaimed: "Finally, someone has come out. He must have received the inheritance of the ancient demon!"

Hearing this group of people say this, Ye Feng's eyes suddenly became a little downcast.

Originally, Ye Feng wanted to conceal his identity.

But unexpectedly, it seemed that in the end, no master from the Demon Lord Palace came out.

He seemed to be the only one to come out.

This gave Ye Feng a hint of shock in his heart.

He immediately understood that it seemed that all the masters who had entered the Demon King's Palace for trials had died in the trial space.

Ye Feng was thinking in his heart at this time, and did not stay in place for too long, and quickly flew away in a certain direction.

He is ready to leave here

It is a place of right and wrong, otherwise it is very likely that countless experts will attack it.

Although Ye Feng's current cultivation level is already very strong, he is still in danger of falling if he is besieged by all the masters.

At this moment, watching Ye Feng leave, many masters did not take action against Ye Feng.

Because they seemed to know that Ye Feng must be very powerful if he could come out of the Demon King's Palace.

And their guess that Ye Feng has the inheritance of the ancient demon lord is just a guess after all. They cannot be sure that Ye Feng, the only person who has come out, must have the inheritance of the ancient demon lord.

Uh-huh!

At this moment, Ye Feng quickly left the scene and came to a deserted land.

Ye Feng looked up at the sky and counted the time. It was almost a month since he entered the Ancient Demon Realm. ??

So the trial of the inner sect elders is almost over.

Ye Feng is ready to leave this ancient demon realm trial world directly.

At this moment, Ye Feng was walking towards the space vortex where he had entered the ancient demon world.

But just when Ye Feng was halfway there, he came to a plain.

At the end of the plain, a young man who looked extremely elegant was standing not far away.

He was wearing the clothes of the elves and had a pair of invisible wings behind his back.

This seems to be an extremely powerful elven warrior, and the cultivation aura on his body is impressively at the tenth level of Heavenly Tribulation Realm, Great Perfection Level!

This strong man from the Elf Tribe is a native creature of the ancient demon world, so his cultivation has reached the Heavenly Tribulation Realm and will not be affected by the Heavenly Thunder Tribulation.

The reason why Ye Feng stepped into the Heavenly Tribulation Realm and did not cause thunder tribulation is because

Because Ye Feng has the Thunder Ancestral Talisman on his body and also has the inheritance of the Thunder God Crocodile, Ye Feng is not afraid of the natural disaster when it comes.

And perhaps it seems that it sensed the ultimate thunder attribute power in Ye Feng, so the heaven of the ancient demon world did not bring thunder disaster to Ye Feng.

It seems that Heaven also knows that Ye Feng, a special creature, is not afraid of thunder tribulation, but can absorb power from thunder tribulation to strengthen himself.

At this time, Ye Feng immediately looked at the young elf man not far away. Feeling the powerful cultivation of the tenth level of the Heavenly Tribulation Realm, Ye Feng couldn't help but said: "Who are you? ? Are you waiting for me here?"

The young man from the Elf tribe not far away smiled and said: "Outsiders can actually break through to the Heavenly Tribulation Realm without being attacked by the thunder tribulation of our ancient demon world. You, who have been inherited by the Ancient Demon Lord, The young man from the human race is indeed extraordinary. I have been observing you for a long time."

After the young elf man finished speaking, Ye Feng immediately understood that the other party might be specifically trying to steal the inheritance of the ancient demon lord from his body.

boom!

At this moment, Ye Feng immediately burst out with an extremely powerful fighting spirit.

He immediately looked at the extremely powerful young elf man not far away and said loudly: "If you want to rob me of the chance creation, then there is nothing to say, just fight with me!"

The young man from the Elf clan smiled and said loudly: "Let me introduce myself first. I am the Elf King of the Elf clan. The reason why I want to meet you alone this time is not to snatch the inheritance of the ancient demon king from you. I am not interested in the inheritance of the Demon Lord, because our elves are naturally resistant to dark attributes. I am waiting for you here because I want to invite you to do our elves a favor. "

Chapter 2455 Old acquaintance

Hearing what the Elf King said, Ye Feng's eyes suddenly showed a hint of surprise, and he couldn't help but ask: "Aren't you here to snatch the Demon Lord's inheritance from me? What do you want me to do for you?"

At this time, the Elf King slowly walked up to Ye Feng, with a hint of seriousness in his tone, and then said loudly: "The Ancient Demon Lord was able to conquer the world back then, and almost

unified the entire Ancient Demon World, and brought all our races together. All of them were defeated, not only by relying on his own powerful strength, but also by relying on two very terrifying weapons with dark attributes in his hands, namely the mysterious Supreme Lord Ring from outside the ancient demonic realm, and the The ancient demon king spent a lot of money to build a very terrifying soldier. That terrifying soldier is called the Spear of Hell. It is also a weapon with dark attributes and contains the power of hell. It is extremely terrifying. "

Ye Feng's eyes showed a trace of surprise, and he couldn't help but said: "Spear of Hell? Does this have anything to do with your elves?"

The Elf King said: "Back then, the white-robed wizards sealed the Supreme Lord of the Rings, and the Spear of Hell was sealed by our elves, and it was sealed in the living area of our elves, but weapons with dark attributes are extremely terrifying. This paragraph For some unknown reason, the Spear of Time Hell has suddenly undergone various changes. It has almost broken away from the ancient seal of our elves. The terrifying dark energy has almost polluted the entire area where our elves live. So this time I I have no choice but to come here to find the place where the ancient demon king fell. I want to find a way to suppress this hell spear, but I can't find any way. So I want to seek your help. You are the only one. I escaped safely from the Demon Lord's Palace, so you must have a way to deal with the Hell Spear left behind by the ancient Demon Lord. This is also my last hope."

When Ye Feng heard what the Elf King said, not only was he not afraid, but his eyes suddenly lit up.

Hell's Spear!

It was actually sealed in the elves.

No wonder I didn't find any powerful weapons in the ancient demon lord's treasure house before, just some ordinary high-level weapons, which didn't make sense.

Unexpectedly, the ancient demon lord's real magic weapon, the Spear of Hell, was suppressed in the area of the elves.

At this time, Ye Feng immediately looked at the Elf King in front of him and said loudly: "Then take me to take a look. I may have a way to help you elves solve this Hell Spear crisis."

Hearing what Ye Feng said, the Elf King immediately showed a hint of joy in his eyes, and then said loudly: "Okay, thank you very much. As long as this problem is solved, I can give you whatever reward you want." !”

Ye Feng said out loud at this time: "By the way, my name is Ye Feng, you can just call me that from now on."

The Elf King immediately nodded, then took out a huge leaf from his storage ring and threw it into the air instantly, forming a floating magic weapon.

The Elf King said to Ye Feng: "Come up directly, let's hurry to our Elf area."

Uh-huh!

Ye Feng nodded and jumped up to the huge leaf high in the sky.

Uh-huh!

The Elf King and Ye Feng immediately flew quickly in a certain direction in the distance.

The speed of this leaf magic weapon was very fast, and they arrived at a very remote place in the ancient demon world in a blink of an eye.

This is a deserted place. \u003c

br\u003e

But Ye Feng discovered that the entire earth was shrouded in a dark atmosphere.

The forest area that was originally very prosperous has begun to wither at this time.

Seeing this scene, the Elf King couldn't help but said: "This is the influence of the Spear of Hell. It is so terrifying that the vitality of all things is about to wither, and it begins to become corrupted and broken."

Ye Feng couldn't help but nodded, feeling frightened by the scene in front of him.

But there was a deep ecstasy in his heart. He didn't expect the power of the Hell Spear to be so powerful.

If you get the Spear of Hell and cooperate with the inheritance left by the ancient demon lord, what kind of terrifying power can you unleash?

Absolutely unimaginably powerful!

However, Ye Feng also knows that the inheritance of dark attributes like his own cannot burst out casually, otherwise it is very likely that others will regard him as a demon.

That would not be good.

However, at the critical moment of life and death, Ye Feng will naturally use his most powerful trump card and power, and he can't care so much.

At this moment, Ye Feng followed the Elf King and quickly flew to the center of the forest.

In the center of the forest, there is a huge plain, on which a series of small and cute-looking castles have been built.

These castles are naturally where the elves usually live.

At this time, the Elf King brought Ye Feng down from the sky.

Many elves immediately flew out of the castle, looking curiously at Ye Feng beside the Elf King.

It seems that they never thought that the noble Elf King would actually bring an outsider to the living area of their Elf clan.

Because the living area of the elves has always been a very mysterious place to the outside world and can never be exposed.

This place is like a natural haven, guarding the safety of the elves for generations.

But today, the Elf King brought an outsider who looked extremely young. I don't know why. It was very abnormal.

Many elves are very curious.

But the Elf King did not waste time at this time, nor did he explain anything to many elves. He directly took Ye Feng to the deepest area of the elves' living area.

In the deepest area of the elves, there is a hall made of purple crystal.

This hall looks very noble, exuding a mysterious aura, and can protect the entire area where the elves live.

At this moment, Ye Feng was brought to this hall by the Elf King.

He actually saw an old acquaintance immediately.

It turned out to be the white-robed mage who took him with him to find the Supreme Lord of the Rings!

At this time, the white-robed mage's whole body was exuding a faint white light, looking very sacred, and his magic power seemed to be more powerful than before.

At this moment, the white-robed mage saw Ye Feng following the Elf King. His face showed surprise for a moment, and then a look of deep joy. He hurriedly greeted him and couldn't help but hold Ye Feng's hand. With both hands and a look of surprise on his old face, he said loudly: "Ye Feng, my friend! We meet again so soon. Why did you come to the realm of the elves?" Hearing this Elf King say this Saying that, Ye Feng's eyes suddenly showed a trace of surprise, and he couldn't help but ask: "Aren't you here to snatch the Demon Lord's inheritance from me? What do you want me to do for you?"

At this time, the Elf King slowly walked up to Ye Feng, with a hint of seriousness in his tone, and then said loudly: "The Ancient Demon Lord was able to conquer the world back then, and almost unified the entire Ancient Demon World, and brought all our races together. All of them were defeated, not only by relying on his own powerful strength, but also by relying on two very terrifying weapons with dark attributes in his hands, namely the mysterious Supreme Lord Ring from outside the ancient demonic realm, and the The ancient demon king spent a lot of money to build a very terrifying soldier. That terrifying soldier is called the Spear of Hell. It is also a weapon with dark attributes and contains the power of hell. It is extremely terrifying. "

Ye Feng's eyes showed a trace of surprise, and he couldn't help but said: "Spear of Hell? Does this have anything to do with your elves?"

The Elf King said: "Back then, the white-robed mages sealed the Supreme Lord of the Rings, and the Spear of Hell was sealed by our elves, and it was sealed in the living area of our elves, but weapons with dark attributes are extremely terrifying. This paragraph For some unknown reason, the Spear of Time Hell has suddenly undergone various changes. It has almost broken away from the ancient seal of our elves. The terrifying dark energy has almost polluted the entire area where our elves live. So this time I I have no choice but to come here to find the place where the ancient demon king fell. I want to find a way to suppress this hell spear, but I can't find any way. So I want to seek your help. You are the only one. I escaped safely from the Demon Lord's Palace, so you must have a way to deal with the Hell Spear left behind by the ancient Demon Lord. This is also my last hope."

When Ye Feng heard what the Elf King said, not only was he not afraid, but his eyes suddenly lit up.

Hell's Spear!

It was actually sealed in the elves.

No wonder I didn't find any powerful weapons in the ancient demon lord's treasure house before, just some ordinary high-level weapons, which didn't make sense.

Unexpectedly, the ancient demon lord's real magic weapon, the Spear of Hell, was suppressed in the area of the elves. ??

At this time, Ye Feng immediately looked at the Elf King in front of him and said loudly: "Then take me to take a look. I may have a way to help you elves solve this Hell Spear crisis."

Hearing what Ye Feng said, the Elf King immediately showed a hint of joy in his eyes, and then said loudly: "Okay, thank you very much. As long as this problem is solved, I can give you whatever reward you want." !"

Ye Feng said out loud at this time: "By the way, my name is Ye Feng, you can just call me that from now on."

The Elf King immediately nodded, then took out a huge leaf from his storage ring and threw it into the air instantly, forming a floating magic weapon.

The Elf King said to Ye Feng: "Come up directly, let's hurry to our Elf area."

Uh-huh!

Ye Feng nodded and jumped up to the huge leaf high in the sky.

Uh-huh!

The Elf King and Ye Feng immediately flew quickly in a certain direction in the distance.

The speed of this leaf magic weapon was very fast, and they arrived at a very remote place in the ancient demon world in a blink of an eye.

This is a deserted place. \u003c

But Ye Feng discovered that the entire earth was shrouded in a dark atmosphere.

The forest area that was originally very prosperous has begun to wither at this time.

Seeing this scene, the Elf King couldn't help but said: "This is the influence of the Spear of Hell. It is so terrifying that the vitality of all things is about to wither, and it begins to become corrupted and broken."

Why did you come to the realm of the elves?"

Chapter 2456 I can't suppress it anymore

At this time, Ye Feng looked at his old friend in front of him and said with a smile: "It was the Elf King who stopped me and wanted me to help them solve the Hell Spear crisis."

At this moment, seeing that the white-robed mage and Ye Feng were so familiar and chatting happily, the Elf King also showed a trace of astonishment on his face.

Originally, the Elf King invited the white-robed mages to come to the elves, firstly because the elves and the white-robed mages had a very good relationship.

The second reason is that the white-robed mage has no place to go now, and is temporarily planning to live in a peaceful racial survival area like the elves.

The Spear of Hell has changed, polluting the entire area where the elves live, causing the entire dark force to cover the earth again, causing all forests to wither and decay.

Not even the white-robed mage can do anything about this.

Because the white-haired mage's white light holy power cannot suppress the Hell Spear.

The reason why the Elf King went to the area of the Demon King's Palace was also suggested by the white-robed mage.

Let him go to the place where the ancient demon king fell and find out if there is any other way.

As a result, the Elf King invited Ye Feng, the only person who came out of the Demon King's Palace, back.

The Elf King immediately smiled and said: "I didn't expect Ye Feng and the white-robed mage. You two turned out to be good friends. This is something I never expected. So, I completely believe Ye Feng now. "

Originally, the Elf King was still slightly wary of Ye Feng.

After all, Ye Feng is an outsider from the world of the Ancient Demon Realm.

Moreover, Ye Feng's ability to walk out safely from the Demon Lord's Palace is very likely to have something to do with the ancient Demon Lord.

But now seeing that Ye Feng has such a good relationship with the white-robed mage, the Elf King immediately relaxed.

Because in the eyes of the elves, the white-robed mage is the incarnation of the divine and an absolutely good person.

Ye Feng can have such a good relationship with the white-robed mage, so there must be no problems.

At this time, the white-robed mage smiled and said to the Elf King: "If you invite someone else, maybe I am still worried about whether that person has the ability to suppress the Hell Spear, but now you invite Ye Feng, then I dare to follow You can guarantee that Ye Feng will definitely be able to handle this Hell Spear turmoil."

At this time, after the white-robed mage finished speaking, his tone was full of strong confidence, obviously trusting Ye Feng, an old friend.

Because in the short time he spent with Ye Feng, the white-robed mage had already understood that Ye Feng was a being with endless cards, and he was also a super evildoer.

It seems that there is nothing in the world that Ye Feng cannot solve.

This sense of trust has been deeply imprinted in Master Baifo's heart.

At this time, hearing the white-robed mage's affirmative words, the Elf King also showed joy in his eyes.

Since Master Bai or Master said so, maybe the Ye Feng he invited here this time was indeed the right one.

At this moment, the Elf King immediately said: "Then let's quickly go to the place where the Hell Spear is suppressed."

After the Elf King finished speaking, the white-robed mage also nodded, with a trace of solemnity in his eyes. He looked at Ye Feng and said, "This Hell Spear is an ancient demon."

The original magic weapon of the time was created at a huge cost. Although it is not as good as the Supreme Lord of the Rings, a mysterious treasure from outside the territory, the attack power of the Hell Spear is much more powerful than the Supreme Lord of the Rings, otherwise it would not cause such a situation. The terrifying vision of heaven and earth has caused the entire area where the elves live to wither and wither. It is too destructive and must contain very strong dark power, so we should hurry up to solve this problem, otherwise The elves may soon have to relocate their entire clan. "

When Ye Feng heard what the white-robed mage said, he immediately nodded and said, "Don't worry, there shouldn't be any problem with me here. Let's go see what's going on with the Hell Spear first, and I have it now." With the inheritance of the ancient demon lord, he should be able to control the Hell Spear."

When the white-robed mage heard Ye Feng say these words, he immediately showed deep admiration in his eyes, and couldn't help but said: "I knew you could get the inheritance of the ancient demon king. I heard before The Palace of the Far Demon Lord has appeared, and countless masters have entered it. To be honest, I don't think highly of these people, but if you go, Ye Feng, then I am very confident that you will definitely be able to get the final inheritance, because you are the one I have met. The most powerful super genius."

While the two were talking, the Elf King had already led them to the innermost area of the palace.

There is a huge teleportation array in the innermost part of this amethyst palace, which is imprinted on the ground, emitting bright light.

At this moment, the Elf King asked the white-robed mage and Ye Feng not far away to walk into the teleportation array.

Buzz!

In a burst of violent spatial fluctuations, the three people immediately disappeared into the teleportation array.

And at the next moment, they had been transported to a very mysterious void space.

In this void space, the atmosphere of darkness is everywhere.

At this time, the three people were floating in this dark void space. They suddenly saw a space not far away. A huge sealing formation was sealing a pitch-black war spear that was as long as a person.

"Boom boom boom..."

But at this time, the pitch-black war spear was constantly vibrating, as if a big demon was struggling to break away from the seal and want to come back to the world.

A terrifying and boundless aura of darkness emanates from this war spear, giving people a very terrifying feeling, as if the entire person's spirit and soul are being pulled into an endless hell.

You can even faintly hear the sound of the demon roaring in the spear, which is very shocking.

At this moment, the Elf King's eyes were extremely solemn, staring at the dark war spear that was about to break away from the seal not far away, and said loudly: "This is the magic weapon of the ancient demon king back then, the Spear of Hell, which is full of energy." Unparalleled dark power! The reason why the Ancient Demon Lord was able to defeat so many races in our Ancient Demon Realm, and even almost unified the entire Ancient Demon Realm world, was mainly because of its reliance on two treasures, the Supreme Lord of the Rings and this shot, which cost a lot of money. My friend also smiled and said: "It was the Elf King who stopped me and wanted me to help them solve the Hell Spear crisis."

Chapter 2457 What kind of existence

At this time, the white-robed mage exuded white holy light all over his body, shrouding the three of them in a white light, thereby resisting the terrifying and boundless dark power of hell emanating from the Hell Spear.

But at this time, Ye Feng suddenly walked out from the protection of the white holy light and walked towards the hell spear.

When the Elf King saw this scene, he couldn't help but exclaimed: "Ye Feng, be careful. The Hell Spear is extremely terrifying. If you go forward rashly, there may be huge dangers. Don't be too impulsive. Yes, we can discuss how to re-seal this Hell Spear!"

At this moment, the Elf King said that he was about to pull Ye Feng back.

"Wait a moment."

But the white-robed mage stopped the Elf King's move, and immediately said with a smile: "Let him go, believe Ye Feng, he is not the ordinary genius we usually meet, he is a super genius, and It's not a false name, it's a real super genius, we just have to watch."

At this moment, hearing the white-robed mage's affirmative words, the Elf King could only nod his head and did not stop Ye Feng.

At this moment, Ye Feng had already arrived not far from the Spear of Hell.

He immediately felt that there was a very powerful dark thought in the Hell Spear, and it seemed that it was constantly roaring in the Hell Spear, trying to escape.

Apparently this Hell Spear seemed to have sensed the fall of the ancient demon lord, so it suddenly made a change, wanting to break through the seal and find its master again.

Ye Feng sensed all this, and a majestic look suddenly appeared in his eyes, and he said loudly: "Your master has been completely killed by me, so now you have to surrender to me and don't think about anything else.!"

Boom!

But just after Ye Feng finished speaking, the Hell Spear erupted with an even more terrifying vibration, and seemed to be roaring angrily, trying to kill Ye Feng.

When Ye Feng saw this scene, his eyes suddenly showed a deep coldness and majesty, and he said loudly: "You are stubborn! I have already given you a chance, but I didn't expect you to cherish it. If so, then I don't have to hold back anymore, I can only erase your thoughts!"

At this moment, after Ye Feng finished speaking, he immediately communicated with the soul gem in his mind.

Boom!

Almost at this moment, a gap suddenly opened between Ye Feng's eyebrows, and a large piece of red soul light burst out from Ye Feng's eyebrows, and suddenly hit the body of the Hell Spear in front of him. above.

Blah blah blah!

Suddenly the entire Spear of Hell was enveloped in endless crimson light.

This crimson light is the terrifying power erupted from the soul gem, which contains huge soul destructive power.

"howl!!"

At this moment, even the Elf King and the white-robed mage not far away heard an extremely terrifying howling sound coming from the Hell Spear in an instant.

It's like the ancient demon god roaring in agony in the Spear of Hell!

But the next moment, the howling suddenly stopped.

Then the entire Hell Spear suddenly stopped moving.

All the dark demonic energy was instantly restrained.

"Is this solved?"

"It's that simple?"

At this moment, the Elf King looked at everything in front of him, and his eyes suddenly widened.

It's obviously a bit incredible.

Unexpectedly, Ye Feng was so powerful and magical. He suppressed the Hell Spear again with just a casual word.

The Hell Spear no longer vibrates, nor does it emit any evil and dark demonic energy.

"It's so incredible!!"

The Elf King opened his mouth wide, obviously completely shocked.

At this time, the white-robed mage looked at the dumbfounded Elf King, smiled and said: "Old friend, now you know how powerful Ye Feng is. I told you before that you invited him back, and it was definitely you who did it. The best decision ever."

When the Elf King heard what the white-robed mage said, he nodded vigorously and couldn't help but said in shock: "Ye Feng is indeed very powerful. He is the most terrifying genius I have ever seen. His methods are really too powerful.

The Hell Spear couldn't even be solved by so many of our elders, but when Ye Feng came, it was solved instantly, and the Hell Spear became so honest. I originally thought there would be a very earth-shattering battle. , I didn't expect the whole process to be so easy and simple! "

After the Elf King finished speaking, he stared at Ye Feng not far away with deep admiration in his eyes, seeming to think that the other person was a descendant of a god sent down from heaven.

Uh-huh!

At this time, Ye Feng suddenly stretched out his hand and grabbed the Hell Spear.

When the Elf King saw this scene, he couldn't help but look a little surprised, and said loudly: "What is Ye Feng going to do? Shouldn't the Hell Spear be re-sealed now?"

The white-robed mage smiled slightly at this time, with a mysterious smile in his eyes, and said loudly: "Even the Supreme Lord of the Rings has been subdued by Ye Feng, do you think this Hell Spear can escape Ye Feng's control? "

"What?!"

Hearing what the white-robed mage said, the Elf King suddenly showed an even more shocked expression in his eyes.

The Supreme Lord of the Rings was actually controlled by Ye Feng?

This made the Elf King simply incredible to the extreme.

I didn't expect that Ye Feng, a young human boy who looked extremely young, could be so terrifying.

Not only did he suppress the Hell Spear.

And he has already taken control of the Supreme Lord of the Rings!

This is simply unimaginable to the Elf King.

Because whether it is the Spear of Hell or the Supreme Lord of the Rings, they are like poison to the Elf King. They are taboo things that they dare not touch.

But in front of Ye Feng, such terrifying treasures with dark attributes were like good children, very well-behaved, and tightly controlled by Ye Feng.

The white-robed mage couldn't help but nodded in admiration at this time, and said aloud: "So I said before, Ye Feng is the most evil super genius I have ever seen, and his methods and trump cards are beyond the imagination of ordinary people. It turns out that even in that ancient era, it was impossible for such a monster to exist. "

And just when the Elf King and the white-robed mage were shocked each other.

Ye Feng held the Spear of Hell and felt it in an instant

A terrifying and boundless dark power surged in the Spear of Hell.

"What a surging dark power!"

Ye Feng's eyes were filled with joy, and he immediately felt the power of the Hell Spear.

boom!

"Refining!"

He instantly burst out his Chaos Power and poured it directly into the Hell Spear. He wanted to refine the Hell Spear as soon as possible and control this powerful offensive weapon as soon as possible.

After all, the Supreme Lord of the Rings is really hurtful every time it is used, and has great negative effects.

But the Hell Spear can be used normally by Ye Feng.

Boom! !

But at this time, a strong black energy burst out from the Hell Spear to resist Ye Feng's refining.

It seems that the will within it has not been completely wiped out.

There are still some residual feelings and want to resist.

"Suppress me!"

But at this time, Ye Feng snorted coldly and exploded with all his strength. In an instant, he suppressed the black energy in the Hell Spear, and then began to quickly refine the Hell Spear, a powerful dark magic weapon.

"Even the Supreme Lord of the Rings is under my control. Hell Spear, you can't resist me!"

Ye Feng smiled coldly at this time, and it took him nearly half an hour to control the Spear of Hell.

At this time, Ye Feng held the Hell Spear in his hand and blasted away in the distance in an instant.

Boom! !

Suddenly, a terrifying and boundless dark power erupted directly from the Spear of Hell, shattering a large area of void around it.

"Not bad!"

Ye Feng immediately couldn't help but laugh out loud. He was very satisfied with the attack power and destructive power of the Hell Spear. It was indeed the magic weapon of the ancient demon lord.

Not far away, the white-robed mage and the Elf King almost dropped their jaws when they saw that Ye Feng had mastered the Spear of Hell.

Is this refining?

What kind of existence is this human boy?

Shocking!

Boundless shock!

Chapter 2458 Deep emotion

At this time, Ye Feng had completely controlled the Spear of Hell, an extremely powerful forbidden magic weapon with dark attributes, and was in a good mood.

He instantly looked at the Elf King behind him and said with a smile: "This is a very powerful magic weapon. I am very satisfied. I took away the Spear of Hell, which is equivalent to completely getting rid of you elves." This should be the best solution to the family's hidden dangers."

Hearing what Ye Feng said at this time, the Elf King could only give a shocked smile and said: "Ye Feng, you are really amazing. I originally thought you were going to continue to strengthen the seal with this Hell Spear. , I didn't expect that you directly took complete control of the Hell Spear and became your own destiny weapon. This was something I didn't expect, and it really shocked me."

The white-robed mage also looked at Ye Feng at this time, with shock in his eyes.

It seems that he hasn't woken up from the shock just now.

But at the next moment, the white-robed mage suddenly seemed to have thought of something, and suddenly asked: "By the way, Ye Feng, I have always wanted to ask you something. Have you seen the ancient times in the Demon King's Palace?" The dead body of the Demon Lord? I have to make sure that the Ancient Demon Lord is completely dead, otherwise the entire world of the Ancient Demon Realm may fall into a dark and chaotic battle in the future."

When Ye Feng heard the white-robed mage say this, he immediately walked up to him with a smile, patted the white-robed mage on the shoulder and said: "Don't worry, old friend, the ancient demon king has been killed by me myself. Yes, I personally crushed its head, so I was able to obtain the inheritance of the Ancient Demon Lord. Do you think I successfully obtained the inheritance of the Ancient Demon Lord after passing the trial? Of course it can't be that simple. The whole process is more complicated than you think."

Hearing what Ye Feng said at this time, both the Elf King and the white-robed mage couldn't help showing deep horror in their eyes.

The ancient demon king was killed by Ye Feng himself?

After hearing the truth, the Elf King and the white-robed mage couldn't help but take a breath of air. ??

It turns out that the ancient demon king is not dead, and is still lingering in the demon king's palace, waiting to be revived again.

However, he met Ye Feng, a super monster, and was secretly killed by Ye Feng.

"This is really great!"

The Elf King couldn't help laughing and said: "Ye Feng, you are really the savior of all living things in our entire small world of the Ancient Demon Realm!"

Ye Feng just smiled at this and said: "Now that the matter has been resolved, I am ready to leave, because the one-month trial and assessment of our inner sect elders is coming soon, and I need to leave here as soon as possible, otherwise I may There is no chance of returning to the land of gods where I came from."

At this time, when the white-robed mage heard that Ye Feng was about to leave, his eyes suddenly showed a complicated look, and he said loudly: "It is an honor for me to meet a friend like you, Ye Feng, in this life."

Ye Feng patted Master Bai Hao on the shoulder, said nothing, then turned around and left this empty space.

He continued to walk outside and left the area where the elves were.

Along the way, Ye Feng saw that after the Hell Spear was suppressed and controlled by himself, all the forests had returned to their original green appearance, no longer the dark and dilapidated appearance that Ye Feng had seen before. .

This made Ye Feng quite happy.

This time, not only did he get a powerful forbidden magic weapon with dark attributes, but he also saved

The entire area where the elves live can be regarded as killing two birds with one stone.

...

Next, Ye Feng did not waste time and hurried on with all his attention. Soon he came to the space vortex area where he had entered the ancient demon world.

Looking at the space vortex, Ye Feng looked back at the entire world of the Ancient Demon Realm again, and then walked directly into the space vortex without looking back, and disappeared in an instant.

Buzz!

After a period of violent space fluctuations, Ye Feng successfully came out of the ancient demon world and returned to the border of the northern land of the God Realm.

At this moment, many geniuses from other forces have appeared outside, and they are all following the leaders of their respective forces.

Ye Feng also walked silently to the team in the Northern Immortal Palace.

The person who leads the team in the Northern Immortal Palace is naturally the ninth elder among the ten elders of the inner sect of the Northern Immortal Palace. She is a woman wearing a purple dress, who is extremely beautiful, and her name is Yan Qingcheng.

At this time, Ye Feng felt slightly and immediately felt that the cultivation aura of the Ninth Elder Yan Qingcheng was from the sixth level of the Heavenly Tribulation Realm.

Such a powerful elder, if he had just entered the Ancient Demon Realm before, Ye Feng felt that he might have been an extremely powerful person. After all, he was a powerful existence in the sixth level of the Heavenly Tribulation Realm, second only to those at the Dao-Slaying Realm level. Super strong.

But in Ye Feng's eyes now, the so-called strong men in the sixth level of the Heavenly Tribulation Realm are already considered ordinary warriors, and they are no longer enough to make Ye Feng feel afraid.

Even Ye Feng didn't pay much attention to the strong men with the level of Heavenly Tribulation Realm.

After Ye Feng made a slight judgment, his current cultivation level in the third level of the Heavenly Tribulation Realm was estimated to be second only to the top ten inner sect elders among the inner sects of the Northern Immortal Palace.

And if Ye Feng's real combat power is used to calculate, Ye Feng's current combat power is estimated to be comparable to the tenth level of Heavenly Tribulation Realm, and even the half-step Dao Dao Realm, or the real Dao Dao Dao Dao Dao Realm strongman Ye Feng. You can give it a try.

This discovery made Ye Feng couldn't help but feel deep emotions in his heart.

Just this month of trials has already given me such a huge increase in combat power.

He went from a little person in the Immortal Palace of the Northern Territory to a super powerful being in an instant, which made Ye Feng feel unreal.

However, Ye Feng was clenching his fists at this moment, feeling the terrifying power all over his body, and he knew that all of this was real.

Now I have completely grown up.

Even if he meets the ten elders of the inner sect or the master level of the nine major temples, he doesn't have to be so afraid, and he can even compete with them.

However, Ye Feng did not show his cultivation right away because Ye Feng did not want his true strength to be exposed so soon.

In order not to arouse the covetousness of some super strong people, after all, there are many super masters from other overlord forces on the field.

But sometimes Ye Feng doesn't want to cause trouble, but trouble will most likely come to him.

At this moment, Ye Feng stood among the elders of his Northern Immortal Palace, with his head slightly lowered, appearing very silent.

But not far away, there were some genius masters from other overlord forces, who seemed to be discussing something together. Their eyes were all looking in the direction of Ye Feng from Beiyu Immortal Palace, and they seemed to be discussing Ye Feng. At this time, Ye Feng completely controlled the Spear of Hell, an extremely powerful forbidden magic weapon with dark attributes, and was in a good mood.

He instantly looked at the Elf King behind him and said with a smile: "This is a very powerful magic weapon. I am very satisfied. I took away the Spear of Hell, which is equivalent to completely getting rid of you elves." This should be the best solution to the family's hidden dangers."

Hearing what Ye Feng said at this time, the Elf King could only give a shocked smile and said: "Ye Feng, you are really amazing. I originally thought you were going to continue to strengthen the seal

with this Hell Spear. , I didn't expect that you directly took complete control of the Hell Spear and became your own destiny weapon. This was something I didn't expect, and it really shocked me."

The white-robed mage also looked at Ye Feng at this time, with shock in his eyes.

It seems that he hasn't woken up from the shock just now.

But at the next moment, the white-robed mage suddenly seemed to have thought of something, and suddenly asked: "By the way, Ye Feng, I have always wanted to ask you something. Have you seen the ancient times in the Demon King's Palace?" The dead body of the Demon Lord? I must make sure that the Ancient Demon Lord is completely dead, otherwise the entire ancient Demon Realm world may fall into dark and chaotic battles in the future." .??.

When Ye Feng heard the white-robed mage say this, he immediately walked up to him with a smile, patted the white-robed mage on the shoulder and said: "Don't worry, old friend, the ancient demon king has been killed by me myself. Yes, I personally crushed its head, so I was able to obtain the inheritance of the Ancient Demon Lord. Do you think I successfully obtained the inheritance of the Ancient Demon Lord after passing the trial? Of course it can't be that simple. The whole process is more complicated than you think."

Hearing what Ye Feng said at this time, both the Elf King and the white-robed mage couldn't help showing deep horror in their eyes.

However, Ye Feng did not show his cultivation right away because Ye Feng did not want his true strength to be exposed so soon.

Chapter 2459 Sensation throughout the trial

Ye Feng was very keenly aware of these special gazes, and his eyes suddenly showed a trace of coldness.

It seemed that the group of genius masters had recognized that he was the only one who came out of the Demon King's Palace.

Sure enough, the moment the idea in Ye Feng's mind just came into being, a hegemonic force not far away came to the door.

This overlord force is the Blood God Palace from the Western Region.

A group of talented masters from the Blood God Palace, led by the leader of the Blood God Palace, walked directly to the front of the Northern Immortal Palace.

The leader of the Blood God Palace is a middle-aged man wearing blood-colored armor.

This middle-aged man looked very fierce. At this moment, he stared at Ye Feng, made a threatening voice, and said: "I heard from the Blood God Palace disciples under my command that our blood The super genius of the Blood God Palace, Xue Wushang, was killed by you, a boy from the Northern Immortal Palace. You are too courageous. Today I want to seek justice for the super genius of our Blood God Palace. You must be punished. Arrest this boy."

At this moment, after the middle-aged man finished speaking, many people on the field focused their surprised eyes on Ye Feng.

Even the group of experts from the Northern Immortal Palace standing around Ye Feng, including the ninth elder Yan Qingcheng, the leader of this trial in the Northern Immortal Palace, all had a hint of surprise in their eyes.

It seems that he did not expect that Ye Feng, an ordinary-looking outer sect elder, could be so powerful.

You must know that Xue Wushang is a super genius of the Blood God Palace. He is very famous and everyone has heard of him, and his combat power is extremely terrifying.

But he didn't expect to be killed by Ye Feng, a young outer sect elder who didn't seem to be very famous?

Many people in the Northern Immortal Palace had deep doubts in their eyes. They felt that the Blood God Palace was in the old palace.

Looking for trouble.

But at this time, the masters of other overlord forces around him, including those from the Barbarian God Empire and the Law God Sect, all started talking loudly.

"It was this young man, I think his name was Ye Feng, who was the outer elder of the Northern Immortal Palace. He was the one who personally killed the extremely powerful Xue Wushang. At that time, I witnessed with my own eyes that amazing talent and stunning beauty not far away. "

"Yes, this Ye Feng seems to be the only one who came out of the Demon Lord's Palace before. All the other geniuses or masters who entered the Demon Lord's Palace did not come out. They probably died in the Demon Lord's Palace. Ye Feng is the only one who has come out of the palace, and he must have received a powerful inheritance from the ancient demon king."

"This Ye Feng, despite his ordinary appearance, his strength is terrifying to the extreme. It is said that it is related to the death of the seventh prince of the Barbarian God Empire."

...

At this moment, I heard the discussions from the talented experts from all the major overlord forces.

A group of people from the Northern Immortal Palace, including the Ninth Elder Yan Qingcheng who led the team from the Northern Immortal Palace, all had deep surprises in their eyes.

They never thought that an ordinary-looking young man among the elders from the outer sect of their Northern Immortal Palace would actually do so many earth-shattering things during the trials of the Ancient Demon Realm. It was really surprising. Unexpected.

At this moment, Yan Qingcheng immediately looked at Ye Feng and said loudly: "Ye Feng, tell the truth about the real situation, and I will make the decision for you."

Ye Feng glanced at this beautiful Ninth Elder at this time, then nodded and said loudly: "The super genius of the Blood God Palace

, Xue Wushang, it was indeed me who killed him, but it was because he provoked me first, so I killed him. There should be no problem with this. As for His Highness the Seventh Prince of the Barbarian God Empire, his death had nothing to do with me. Regardless of the relationship, we were still allies at the time, and we were dealing with an extremely powerful blood zombie together. As a result, the seventh prince was killed by that blood zombie. As for entering the Demon King's Palace, it is not convenient for me to disclose this matter. Please ask the Ninth Elder not to ask any more questions. "

After Ye Feng finished speaking, a group of elders from the Northern Immortal Palace around him couldn't help but gasped.

"hiss!"

They never thought that this ordinary-looking young elder who had been standing in the team in obscurity would actually do so many things that shocked the entire trial.

At this moment, even the beautiful Ninth Elder Yan Qingcheng, one of the ten elders of the inner sect, had a hint of surprise in his beautiful eyes.

It seemed that she had not thought that Ye Feng, a young boy who looked ordinary, would have such powerful abilities and do so many things that sounded thrilling.

At this moment, the middle-aged man who was the leader of the Blood God Palace immediately burst into laughter and said loudly: "Look at this kid, he even admitted it himself, even though it was the super genius of our Blood God Palace who provoked you first. , but you can't just kill him, it means you don't take our Blood God Palace seriously."

Ye Feng suddenly stared at the middle-aged man from the Blood God Palace, and suddenly said: "Do I need to take your Blood God Palace seriously?"

Wow!

At this moment, Ye Feng's words were filled with boundless domineering power and a kind of peerless majesty, which made everyone around him take a breath of air.

"this

How could a young man be so arrogant that he even ignored the dominant forces in the Western Region like the Blood God Palace? "

Everyone was extremely surprised.

However, Ye Feng felt extremely calm about this, because his current cultivation and combat power were indeed not afraid of ordinary overlord forces.

Because his current combat power is enough to compete with the masters of the nine major temples in the Northern Immortal Palace.

Although the Blood God Palace is the dominant force in the Western Region, its overall strength is not as good as the Northern Immortal Palace, the only dominant force in the northern land.

Therefore, Ye Feng really has no fear of the Blood God Palace.

Everyone thought Ye Feng was saying arrogant words, but in fact, Ye Feng was not arrogant, but he was telling a fact.

Hearing what Ye Feng said at this moment, the middle-aged man from the Blood God Palace couldn't help but became extremely angry and shouted: "What an arrogant boy, I have to destroy you today, even if I am the senior and you are the junior. I can't care so much anymore. Don't blame me, kid. I just blame you for being too arrogant and arrogant!"

Boom! !

Almost at the moment when the middle-aged man from the Blood God Palace finished speaking, an extremely powerful bloody fighting spirit burst out from the middle-aged man's body.

His entire cultivation aura was that of the seventh level of the Heavenly Tribulation Realm, even more powerful than Yan Qingcheng, the Ninth Elder of the Northern Immortal Palace.

Uh-huh!

At this moment, Yan Qingcheng immediately stood in front of Ye Feng, stared at the middle-aged man from Blood God Palace, and said loudly: "Don't be too arrogant, I'm still here, these things are between juniors. It's normal for a fight to involve casualties. Don't you think it's a bit disrespectful for a senior like you to take action against a junior?"

Chapter 2460 I can't believe it

The middle-aged man from the Blood God Palace said with a cold smile: "I avenge my disciples, what's wrong with my status? Yan Qingcheng, please get out of the way, you are no match for me!"

At this time, after the middle-aged man from the Blood God Palace finished speaking, he suddenly burst out with a terrifying and boundless bloody aura, which even forced Yan Qingcheng to take more than ten steps back.

boom!

Then the middle-aged man from the Blood God Palace immediately rushed towards Ye Feng.

When Yan Qingcheng saw this scene, his eyes suddenly showed a look of urgency, and he hurriedly said to Ye Feng: "Ye Feng, hurry up and escape, hurry up and escape to me, I will help you resist the murder!"

Yan Qingcheng knew very well that a super genius like Ye Feng could never die in the hands of a middle-aged man from the Blood God Palace.

Because once Ye Feng dies, the fall of this super genius will also be a huge loss to the Northern Immortal Palace.

But Ye Feng looked at Yan Qingcheng, the Ninth Elder of the inner sect, and just smiled slightly, seeming quite relaxed and casual, and said loudly: "Ninth Elder, don't worry about me, look at how I treat this so-called Blood God Palace. How did the leader suppress it?"

boom!

Almost at the moment Ye Feng finished speaking, he didn't even need to use a powerful weapon, and directly burst out his powerful cultivation.

The third level of Heavenly Tribulation Realm!

Everyone sensed Ye Feng's cultivation, and they couldn't help but look deeply horrified.

It's really terrifying that a junior actually possesses the cultivation level of the Heavenly Tribulation Realm!

Era Divine Fist! !

At this moment, Ye Feng directly launched his powerful martial arts moves.

He doesn't need to use the ancient demon lord's inheritance or treasures at all.

Because this middle-aged man from the Blood God Palace is not worthy of the kind of treasure and inheritance that Ye Feng can display.

Ye Feng just punched out with an ordinary punch, and in an instant, a terrifying white river of energy rushed out from Ye Feng's fist, directly tearing the void, and washed away fiercely at the Blood God. Gong this

On a middle-aged man.

"ah!!"

Along with an earth-shattering scream, the armor of the middle-aged man from the Blood God Palace was shattered inch by inch by Ye Feng's fist.

Poof!

Then a white beam of energy shot out from Ye Feng's fist, directly piercing the chest of the middle-aged man from the Blood God Palace, and a bloody hole appeared.

The middle-aged man in the Blood God Palace didn't even have time to use his next move, and his whole body was directly penetrated.

Then it fell from a high altitude, smashed a large area of land, and was buried in the ruins.

There was no breath at all, and he was obviously completely dead.

The middle-aged man from Blood God Palace died!

"What?!"

Seeing this shocking scene on the field, everyone couldn't help but change their expressions.

hiss!

Then a sound of gasping air came and went, resounding throughout the entire field.

The middle-aged man from the Blood God Palace was the leader of the overlord force of the Blood God Palace. He was the strongest senior figure in this trial, but now he was directly punched to death by the young man Ye Feng. Already?

This is something that no one thought of at all.

Many people were shocked when they first sensed the Heavenly Tribulation Realm cultivation bursting out from Ye Feng.

They thought there might be an earth-shattering fight between the two.

But what everyone never expected was that Ye Feng killed the middle-aged man from the Blood God Palace with a single punch.

This really shocked everyone so much that their eyes widened!

Everyone just stood there, seemingly unable to do anything for a long time.

react to.

Because it's so shocking!

The entire field suddenly fell into a dead silence.

quiet!

Deadly quiet!

At this moment, everyone was standing on the same spot, staring blankly at the dead body of the middle-aged man in the Blood God Palace not far away.

It seemed that he couldn't believe what was happening in front of him.

But in fact everything that happened before my eyes was real.

Ye Feng really killed this middle-aged man from the Blood God Palace with one punch.

"Perhaps this is not Ye Feng's true power. If he showed his true combat power, how terrifying it would be. Could it be that he is already comparable to the top figures in our overlord force? You must know how talented Ye Feng is. Just a newcomer!"

At this moment, everyone couldn't help but exclaimed.

Especially the elders of the same sect in the Northern Immortal Palace were horrified to the extreme.

They never thought that there would be a super monster like Ye Feng in their team, possessing such terrifying power.

The Ninth Elder Yan Qingcheng, the leader of the Northern Immortal Palace, this beautiful and unparalleled woman, was also shocked by the powerful combat power that Ye Feng unleashed at this moment.

Originally she thought there might be danger today, but she didn't expect that Ye Feng would kill her in an instant.

When Ye Feng didn't move just now, he was like an extremely quiet and harmless young man.

But once he takes action, it will be extremely violent and murderous. It is unstoppable and has a super powerful momentum that looks down on the world.

"He seems to be a new elder who has just joined the Northern Immortal Palace. He has also just participated in the inner sect elder assessment trial this time. How did he suddenly become so powerful?"

At this moment, Yan Qingcheng, the beautiful ninth elder of the inner sect, felt nothing but shock.

In addition to feeling it, I also had a deep curiosity about Ye Feng, wanting to know what Ye Feng's deepest secret was.

At this time, Ye Feng looked at a large group of masters from other overlord forces not far away and said, "Is there anyone else who wants to cause trouble for me?"

Seeing Ye Feng's eyes at this moment, a large group of masters from the overlord forces, including the major overlord forces, and the leaders of this trial could not help but lower their heads slightly, not daring to talk to Ye Feng at this time. Their eyes looked at each other, obviously showing great shock, fear, and awe at Ye Feng's strength.

Seeing this scene, the eyes of a group of elders from the Northern Immortal Palace were filled with deep excitement.

Because of the power that Ye Feng showed at this moment, all the masters of the other overlord forces lowered their heads. This feeling was so good that it made people's hearts swell to the extreme.

At this time, Yan Qingcheng couldn't help but walked up to Ye Feng, and said with a solemn look that looked at equal status: "Ye Feng, let's leave here now. The trial is over, so as not to worry about anything else later. Trouble."

At this moment, Yan Qingcheng's tone towards Ye Feng was no longer like a command, but a tone like careful discussion.

It was obvious that even Yan Qingcheng, an extremely elegant female elder, recognized Ye Feng's strength and felt that Ye Feng was already on the same level as him, even more powerful than herself.

Ye Feng nodded at this time, reached out and grabbed the body of the middle-aged man from Blood God Palace not far away, put it into his storage ring, then looked at Yan Qingcheng and said, "Let's go."

At this moment, Ye Feng is no longer afraid of the masters of the overlord forces, because he just discovered that the leaders of these overlord forces are just that strong, not as powerful as he imagined.

Of course, maybe it's because Ye Feng's own strength has now grown to a very monster level, so he feels that the leaders of these overlord forces are just like that, ordinary.
