

## Ancient 2461

### Chapter 2461 Trial Points

After killing the middle-aged man in Blood God Palace, no one dared to provoke Ye Feng anymore.

Because everyone knows that this seemingly ordinary outer elder of the Northern Immortal Palace, in fact, his real combat power is simply terrifying to the extreme, already comparable to some of the upper echelons of the overlord forces.

Therefore, even if many people are very greedy for the ancient demon lord's inheritance that may exist in Ye Feng, they dare not continue to provoke Ye Feng at this time.

Because the tragic death of the middle-aged man from the Blood God Palace was the consequence.

At this moment, Ye Feng looked at the beautiful Ninth Elder Yan Qingcheng who was leading the team beside him, and said loudly: "Let's just leave here. The trial is over, and there is no point in staying here anymore."

At this moment, Yan Qingcheng nodded and said, "Okay, let's leave directly."

At this time, even the most elegant female elder like Yan Qingcheng was implicitly taking Ye Feng as the leader, and she would do whatever Ye Feng said.

These are the privileges and benefits that great strength brings.

On the way back to the Northern Immortal Palace, all the elders from the Northern Immortal Palace who participated in this trial looked at Ye Feng with deep awe.

Because the terrifying combat power Ye Feng showed before really shocked everyone.

The destructive power unleashed by that terrifying power simply made everyone feel a deep sense of panic.

They knew very well that if Ye Feng returned to the Northern Immortal Palace this time, he would definitely become a big shot in the Northern Immortal Palace instantly.

However, there are also many people who are very puzzled. Why did Ye Feng, a young man who had similar cultivation level to them before, grow up so much in an instant after participating in the ancient demon realm trial that lasted only one month?

This kind of increase in combat power is simply terrifying!

It's simply unbelievable.

Even Yan Qingcheng, the ninth elder who led the team, couldn't help but look at Ye Feng with his beautiful eyes at the moment.

A deep look of surprise.

Of course, in addition to being surprised, this beautiful elder also had a deep curiosity about Ye Feng.

Because he really wanted to know how Ye Feng grew up all of a sudden.

What on earth did he go through in the Ancient Demon Realm to suddenly become so powerful in one fell swoop!

Although Yan Qingcheng was very curious about Ye Feng, a powerful young man who suddenly appeared, she didn't ask any more questions.

Because Yan Qingcheng knew very well that a person like Ye Feng must have many secrets in his body, and he definitely didn't like others to inquire about the details.

Therefore, although Yan Qingcheng is extremely curious about Ye Feng, she has still maintained her calm so far, because Yan Qingcheng does not want to lose her favor in front of Ye Feng.

...

After a group of teams from the Northern Immortal Palace left the trial site of the Ancient Demon Realm, everyone walked very quickly, and returned to the base camp of the Northern Immortal Palace in just a few days.

After returning to the Northern Immortal Palace, many elders had a look of relief in their eyes.

Because of the trials in the ancient demon world, they have experienced a lot of dangers.

The number of survivors today is estimated to be only one-third of the original population.

In other words, nearly two-thirds of the outer sect elders died in this trial!

This casualty data makes many people feel a little chilly and feel scared.

Many people are glad that they did not fall into the ancient demon world, otherwise it would be a great loss.

However, although many outer sect elders have been lost, almost all those who remain are elites.

These people are all qualified to become inner sect elders.

After returning to the Northern Immortal Palace, Yan Qingcheng, the ninth elder of the inner sect, immediately led everyone towards the central square.

Because next it is time to start calculating the points of each outer sect elder.

Many people are eager to try this.

Because this time they collected a lot of ancient secrets and inherited secrets from the Ancient Demon Realm, all of which can be counted as points.

Although Ye Feng was extremely powerful, he almost took away the light of all the trial elders.

But some elders felt that although Ye Feng was very powerful, he might not have many inherited secrets to calculate points.

Therefore, many elders are still very confident in the number of inherited secrets they have.

Some people's strength has not improved much in the ancient demon world, because he is concentrating on searching for various ancient inherited secrets to use as points for the next step.

The reason why many elders are so eager to rank first in trial points is because it brings too many benefits.

If you can get the first place in the trial points, you can get huge rewards from the upper levels of the sect, and get the attention of some big shots in the upper levels.

Therefore, many elders are extremely looking forward to the next step of calculating points.

Ye Feng was standing in the crowd at this time, his eyes were extremely calm.

Because he is very confident about it.

You know, Ye Feng had previously obtained many advanced inheritance secrets from the deepest part of the Ancient Demon Lord's inheritance palace and in the Ancient Demon Lord's private treasure house.

If Ye Feng took out all these inheritance secrets, he would definitely shock the audience.

At this moment, Yan Qingcheng and everyone finally arrived at the central square of the Northern Immortal Palace.

Then Yan Qingcheng looked towards

A group of elders from the outer sect behind who had returned from the trial said aloud: "Everyone, wait patiently. I will now inform the eldest elder among the ten elders of our inner sect and ask him to preside over the calculation of points for the next trial. Everyone is ranked and various rewards are given."

After Yan Qingcheng finished speaking, countless people couldn't help but cheered.

Because many outer sect elders are looking forward to this link.

"Although I didn't encounter any luck this time in the ancient demon world, I found many inheritance books from many ancient buildings. These can provide me with a lot of points. I think I can become The first place in the points calculation this time."

"Put me down, I think I will definitely be the first one this time, because when I entered the world of the Ancient Demon Realm, I was randomly teleported to an ancient valley by the space vortex. In that valley, I found the body of a senior. The cave, in that cave, I collected a lot of advanced secret techniques and various martial arts books. This time I made a lot of money!"

...

At this moment, many outer sect elders were talking loudly.

Everyone seems to be very confident in the number of inheritance secrets they have obtained.

Ye Feng stood in the crowd and said nothing, just waiting quietly for the points calculation session that was about to take place.

This time the inner sect elders assessment trial is still very important, and it can be regarded as a major event in the Northern Immortal Palace.

So if you can get first place, the reward should be quite generous.

You must know that the outer sect elders who can survive this trial will eventually become the inner sect elders, and the inner sect elders are the real mainstay and core members of the Northern Immortal Palace.

The upper echelons of the Northern Immortal Palace are not so stingy towards the core members.

So Ye Feng is still looking forward to the first place reward.

## Chapter 2462 The Biggest Dark Horse

At this moment, all the outer elders were standing on the central square, anxiously waiting for the next step of point calculation.

Because everyone is looking forward to it.

Finally, when everyone had been waiting for nearly half an hour, Yan Qingcheng flew over from not far away.

And the moment Yan Qingcheng arrived in front of everyone.

boom! boom! boom.....

Along with the huge auras, six extremely powerful old figures descended from the sky. .??.

They all stood on the high platform in the central square, their auras were majestic and vast.

The cultivation auras exuded by these six old figures are all extremely advanced auras in the Heavenly Tribulation Realm!

Obviously, these six figures are all the hosts of this point calculation session. They are six of the ten elders of the inner sect, and their levels are higher than the ninth elder Yan Qingcheng.

At this moment, standing in the middle of these six people was an old man wearing a white robe.

The cultivation aura of this white-robed old man is the strongest and most powerful, and he actually possesses the powerful cultivation level of half-step Dao Dao Slayer!

This white-robed old man should be the most powerful elder among the inner sect elders.

At this time, the great elder spoke up and said: "Let me introduce myself first. I am the great elder of the ten elders of the inner sect. You are all elites who have passed the examination and trial of the inner sect elders. From now on, you will all become our inner sect elders." The elders of the sect, I hope that everyone can continue to work hard in the future and strive to become core elders as soon

as possible, or even be promoted to one of our top ten elders. The future of the Northern Immortal Palace needs to be supported by rising stars like you. ”

The words spoken by the Great Elder at this moment were very inspiring, and many of the outer elders who had just passed the assessment trial couldn't help but show a hint of excitement in their eyes.

At this moment, the great elder immediately ordered several other elders nearby to issue exclusive identity tokens to everyone present who passed the assessment and trial.

With this identity token, those present

From now on, everyone will be the inner elders of the Northern Immortal Palace, and their identities are completely different from before.

This made many people look extremely excited, staring at the new identity token they had just obtained.

Many people even couldn't help but murmur: "I will be the inner elder from now on. That's great. My status and benefits will be greatly improved!"

And just when everyone was talking about it, the great elder suddenly said: "Now that the tokens have been issued, it is time to start counting everyone's points."

The Great Elder paused and continued: "Those who can enter the top ten with points will receive generous rewards from the upper levels of the sect. Of course, the higher the ranking, the more rewards you will receive, especially in this trial. The first place with points, let me reveal a little bit first. The first place will get a very powerful elixir and a very powerful special magic weapon. That magic weapon was personally refined by the Lord of the Fairy Palace in our Northern Territory. The magic weapon that came out is a very special space magic weapon, and it is very powerful."

After hearing what the Great Elder said, everyone present suddenly showed deep excitement in their eyes.

At this moment, everyone's curiosity and competitiveness were completely aroused by the Great Elder.

Everyone couldn't help but began to take out the inherited secret books from the ancient demon world from the storage ring, and began to calculate their points.

These words spoken by the great elder are naturally intended to encourage all those who have passed the examination and trial to take out all the inheritance secrets as long as they have them.

Because many people still want to keep some powerful inheritance privately, and are not willing to donate a copy to the sect or share it, and want to practice alone.

It was precisely because of knowing this that the great elder said the inspiring words just now, so that everyone no longer kept it, and took out all the inheritance books on their bodies, thinking

Get as high points as possible.

Uh-huh! Uh-huh! Uh-huh...

At this moment, several other elders flew down from the high platform and began to help everyone calculate the points they could get from their inheritance secrets.

The rule for calculating points is actually very simple, that is, the more inherited secrets, the more points there will be.

Of course, the higher the level of the inheritance secret book, the higher the points will be.

Of course, no one knew the specific calculation rules. It was calculated by several elders themselves.

At this time, many people's eyes were focused on Ye Feng.

Because Ye Feng is the most amazing super genius in this trial. He is extremely powerful, even comparable to the top figures in the overlord force.

Even Yan Qingcheng, the ninth elder, could not help but focus on Ye Feng at this time, wanting to see how many points Ye Feng had this time.

But everyone saw that Ye Feng did not take out any inheritance secrets at this moment, but just stood there quietly, as if there was no movement at all.

This made many people look surprised. Didn't this powerful genius even get a secret book?

However, some people couldn't help but laugh secretly at this time, because they felt that their guess was right.

That is, Ye Feng only focused on finding cultivation resources and strengthening his own cultivation in the Ancient Demon Realm, thus neglecting to search for inherited secrets.

So no matter how powerful Ye Feng is, he will definitely be suppressed in the points round this time.

At this moment, everyone may have figured it out, and their eyes showed anticipation. They took out all the inheritance secrets in their bodies and wanted to compete for the first place in the points.

But at this time, Ye Feng saw everyone taking out their own secret books, and he finally said aloud: "I just looked around and it seems that everyone has very few secret books. It seems that the first place this time is It's me."

It seems that I am the first one this time!

Almost as soon as Ye Feng finished speaking, the eyes of everyone on the field immediately focused on him.

Everyone's eyes were full of surprise and uncertainty.

"Ye Feng is kidding, right? He didn't show anything. How can he say that the first place is his?"

"Yes, no matter how powerful this Ye Feng is, his own strength will not be calculated into the points. Only the inherited secrets obtained from the Ancient Demon Realm can be counted as points. I don't think this Ye Feng can get a single secret. Come out!"

At this moment, many people couldn't help but speak out. Obviously, there was a sense of disbelief in their tone, feeling that Ye Feng was talking big words.

But at the next moment, Ye Feng looked at everyone's suspicious eyes and just smiled lightly. He didn't say anything more, but suddenly stretched out his hand, and then the storage ring flashed with light.

"Crash..."

Suddenly, under the shocked gazes of countless people, Ye Feng's storage ring instantly poured out countless inheritance secrets as if it were discarded waste.

Moreover, the aura fluctuations emitted by each inheritance secret book are very powerful.

"this....."

Everyone's eyes widened at this moment, and they simply couldn't believe what they saw.

The inherited secret books on Ye Feng were piled in front of him like a mountain.

This is something no one expected.

Those elders who had previously suspected that Ye Feng did not have inheritance secrets all said in horror: "How did he improve his cultivation so much and still have time to collect so many inheritance secrets? Could it be that this Ye Feng is there any way to clone yourself?"

At this moment, everyone's eyes were filled with deep shock.

At this time, they were completely convinced by Ye Feng.

Ye Feng is definitely the biggest dark horse in this inner sect elder assessment trial!

Chapter 2463 Gate of Void

At this moment, everyone in the audience was stunned by the many inheritance secrets that Ye Feng took out.

No one expected that Ye Feng would have so many inherited secrets.

And they all seem to be very advanced martial arts inheritances.

Don't know where it was found.

At this moment, Ye Feng looked at the great elder not far away and said with a smile: "Great elder, can you announce the results of this trial now?"

If it were anyone else, even if he ranked first in points, he would never take the initiative to speak so calmly to a big shot like the Great Elder, and would definitely be very frightened.

But Ye Feng didn't have any fear or panic at this moment.

Because Ye Feng's current strength is enough to compete with figures like the ten elders.

So at this time, Ye Feng was no longer like other ordinary elders. He still maintained a fearful attitude toward the top ten elders, and even did not dare to talk to the elders.

But Ye Feng is not like this now. At this moment, he can stand on an equal footing and talk to so-called big shots like the Great Elder.

At this moment, after Ye Feng finished speaking, many young elders around him couldn't help but stare at Ye Feng with a look of horror in their eyes.

It seems that no one thought that Ye Feng would be so bold that he would take the initiative to announce the results of the points to the great elder.

You must know that ordinary elders would not dare to speak directly to the great elder in such a tone. This may make themselves look very bad in front of the great elder, and seem a bit disrespectful.

But Ye Feng's face was still extremely calm at this time, staring at the great elder.

The great elder seemed to have noticed a special dangerous aura about Ye Feng at this time.

After the great elder discovered this, his eyes showed a look of deep surprise.

☪

Because the great elder knew that Ye Feng seemed to be a new elder who had just joined the Northern Immortal Palace, but he did not expect that such a young boy would make him feel dangerous.

"As expected of someone who can stand out in this inner sect elder assessment trial."

At this time, the great elder nodded, and then said aloud: "Since everyone has seen it, I will announce that this time, Elder Ye Feng ranks first in the inner sect elder assessment points."

After the great elder finished speaking, no one in the entire field objected.

Because everyone was completely convinced by Ye Feng at this time.

Not only was he impressed by Ye Feng's powerful combat power.

Moreover, he was extremely impressed by the many inheritance secrets that Ye Feng had taken out from his body.

At this time, other elders also began to rank from second to ninth.

After all the top ten were determined, the great elder immediately asked other elders to start awarding rewards for each ranking.

The rewards from second place to ninth place are all very valuable, and many of them are very powerful weapons or inherited magic weapons.

The first place reward for Ye Feng was personally announced by the Great Elder.

At this moment, the great elder was holding a jade plate in his hand.

On the jade plate, there are two brocade boxes.

The great elder came directly to Ye Feng and opened the first brocade box.

The first brocade box contained an elixir that exuded golden light.

The great elder smiled and said: "This pill is called the Human Emperor Tyrant Body Pill.

This is a very high-level elixir. Now I will give you this Human Emperor Hegemony elixir. You can directly refine it later, which will be of great benefit to your cultivation. "

Ye Feng took the Human Emperor's Tyrant Body Pill at this time, and instantly sensed that this pill contained a very strong spirit of the Human Emperor, and a very domineering power of the pill, which definitely contained extremely powerful power. Intense energy.

This is indeed a very high-end and precious elixir. If you swallow it, your cultivation skills will be greatly improved again.

Ye Feng's eyes immediately lit up with joy.

Sure enough, my guess was correct.

This time, the reward for the being who ranked first in the Inner Sect Elder Assessment Trial was indeed very generous.

At this time, the great elder continued to open the second brocade box.

The second brocade box contained what looked like a miniature portal.

The Great Elder smiled and said loudly: "This portal, even though it is so small, is a very rare space magic weapon. It is called the Gate of the Void. It is the master of our Northern Immortal Palace.

From then on, A space magic weapon refined by the power of the world is extracted from a small world. Once the Void Gate is refined, it can explode with very powerful space power. You must know that it has been passed down since ancient times that the space treasure is the king. , time is the emperor, and it is stronger than any other attribute. This shows how precious the magic weapon of the space system is. I think this Void Gate is also of great help to you. After you equip it, your combat power will be absolutely It can be improved a lot, but it will take a long time to refine this treasure.”

After the great elder finished speaking, Ye Feng immediately looked overjoyed.

He directly took the Gate of Void in his hands, and then directly began to input his power of chaos and began to refine it.

The Gate of the Void is a very powerful and very special space magic weapon. It was personally refined by the Lord of the Immortal Palace. It is definitely a treasure among treasures and a treasure-like existence.

And you must know that Ye Feng also possesses a space gem.

Space gems also have a great blessing effect on space magic weapons such as the Gate of the Void.

In other words, Ye Feng's original power of running the space gem can make the Void Gate burst out with more powerful space damage.

Ye Feng was very satisfied with these two rewards and collected them all at this time.

Even the Gate of Void, Ye Feng refined it on the spot.

Buzz!

When Ye Feng used it at this time, the small portal in his hand suddenly bloomed with a terrifying divine light.

Uh-huh!

The Void Gate flew above Ye Feng's head in an instant, emitting extremely strong spatial fluctuations.

Everyone looked at the void door with deep envy in their eyes.

Because everyone knows that this magic weapon from the hands of the Lord of Immortal Palace must be very powerful, very advanced, and must have extremely powerful killing power.

Ye Feng immediately smiled and said, "Thank you, Great Elder!"

At this time, the great elder saw that Ye Feng had directly refined the magic weapon of the Gate of the Void on the spot. He couldn't help but show a deep surprise in his eyes, and even had a slight sense of shock. .

You must know that it is absolutely difficult to shock a big man like the Great Elder.

But Ye Feng did it.

And simply refining a treasure shocked the great elder.

Chapter 2464 Shameless to the extreme

In fact, it is not that the Great Elder is easily shocked, but because the Great Elder knows very well that the Void Gate, a space-based magic weapon, is very difficult for anyone to refine.

Even for the Great Elder himself, it would take a long time to refine this Void Gate.

But this Void Gate was refined by Ye Feng in just a few minutes in Ye Feng's hands.

Even Ye Feng directly burst out the space damage of the Void Gate.

This shows how terrifying Ye Feng's martial arts talent is.

At this time, the great elder understood why Ye Feng was able to win first place in this inner sect elder trial. It was not without reason. This young man's talent was too great.

At this moment, the Great Elder stared at Ye Feng in front of him, and couldn't help but smile with some relief and said: "I never thought that our Northern Immortal Palace would one day have such a peerless genius like you. You are so young, and you have so much power." With incomparable strength and such terrifying talent potential, I guess you will become a big shot in our Northern Immortal Palace in the future, even surpassing the older generation like me."

At this moment, the great elder's words did not hide anything, but said it directly on the spot.

After hearing the great elder's evaluation of Ye Feng, everyone present couldn't help but have a hint of horror in their eyes.

It can be said that the great elder's evaluation of Ye Feng really shocked many people. .??.

Because this evaluation is really too high!

However, Yan Qingcheng felt that there was nothing wrong with all this at this time.

Because Yan Qingcheng could see better than ordinary elders how terrifying Ye Feng's fighting power was at the entrance to the Ancient Demon Realm. It was definitely comparable to the top ten elders of their inner sect.

At this moment, just when the Great Elder was about to announce the end of this session of assessing trial points.

Boom! !

Suddenly, an extremely powerful and terrifying aura erupted from high in the sky, and it instantly descended on the entire central square.

This powerful momentum is extremely terrifying, even if it is a figure of the top ten elders, at this moment

They couldn't help but their expressions changed slightly, and they all looked towards the sky.

I saw a young man wearing a golden robe appearing in mid-air.

This young man also held a pale golden sword in his hand and looked very noble.

He exuded a faint light all over and had a special noble temperament.

"This is the head of the law enforcement hall of the Sword Emperor Temple!"

"How come the master of the Law Enforcement Hall of the Sword Emperor Temple is here? Such a strong man should have been in seclusion in the small internal training world of the Sword Emperor Temple."

"Furthermore, the aura exuded by the master of the Law Enforcement Hall of the Sword Emperor Temple is extremely powerful. It feels like his whole person is filled with a deep hostility and a hidden murderous intent. Is he here to target someone at this time? ?"

At this moment, everyone present had deep surprise in their eyes.

No one expected that suddenly there would be the master of the Law Enforcement Hall of the Sword Emperor Temple. Such a super strong man would appear on the field.

After all, no one knows who the Sword Emperor Temple will have a grudge against.

But at this time, Ye Feng's eyes suddenly showed a cold look.

Because he knew very well that the head of the Law Enforcement Hall of the Sword Emperor Temple was definitely here because of him.

At this moment, as expected, the head of the Law Enforcement Hall immediately walked towards Ye Feng, with a joking look in his eyes, and said loudly: "A small newcomer elder can actually become an inner sect elder this time." The first place in the assessment trial really surprised me, but all this does not count, because I have just received the order from the Sword Emperor. This time the reward for the first place in the assessment trial of the inner sect elders is not I can give it to this young man named Ye Feng, because he is the enemy that our Lord Sword Emperor has designated."

Wow!

At this time, after the law enforcement leader finished speaking, the entire venue suddenly fell into a boil.

Swish, swish, swish!

Swish, swish, swish!

Countless eyes immediately focused on Ye Feng.

No one thought that Ye Feng would have such a grudge with the Lord Sword Emperor, the master of the Sword Emperor Temple.

That supreme Sword Emperor actually directly targeted Ye Feng by name, preventing Ye Feng from receiving the reward for this inner sect assessment trial.

This is really overbearing to the extreme!

However, there is no way.

Because the Nine Great Temples are extremely noble and powerful institutions.

When Ye Feng heard what the head of the law enforcement hall said, he felt a deep anger and murderous intention in his heart.

After all, Ye Feng would never have thought that the Sword Emperor of the Sword Emperor Temple would directly lose face and send the leader of the Law Enforcement Hall to target his company on the spot in order to deal with him.

This is simply a cover-up that I don't even want to cover up, it is just to deprive myself of the right to get the first reward of the trial.

It's really hateful and shameless to the extreme!

At this moment, the Great Elder's eyes also showed a kind of anger. He stared at the law enforcement hall master who came to the Sword Emperor Temple and said loudly: "You have no right to decide the assessment and trial of our inner sect elders!"

The head of the law enforcement hall stared at the great elder. There was no fear in his eyes. Instead, he said with a cold and majestic look: "Old immortal, if you don't want to live, get away. Don't hinder me. We are nine The Grand Temple is the most supreme authority in the Northern Immortal Palace. Naturally, it has the power to decide everything that happens in the inner sect. Therefore, I now say that the reward for ranking first in the inner sect's assessment trial cannot be given to Ye Feng. Then it must be taken away again!"

boom! !

After speaking at this moment, the leader of the law enforcement hall suddenly burst out with a terrifying and powerful aura.

That kind of cultivation aura is impressively at the half-step Dao Dao level! !

Moreover, this law enforcement hall leader comes from the Sword Emperor Temple, and is probably the most powerful being under the Sword Emperor in the Sword Emperor Temple.

Therefore, his inheritance is extremely powerful, even among the top ten elders of the inner sect.

The Great Elder, one of the elders, couldn't help but change his face suddenly in front of the terrifying aura of the leader of the Law Enforcement Hall, and he couldn't help but retreat back.

"Ye Feng was really miserable this time. Unexpectedly, he offended the Sword Emperor of the Sword Emperor Temple."

"And it is estimated that the offense was serious, otherwise the Sword Emperor would not have sent the Master of the Law Enforcement Hall, the top master of the Sword Emperor Temple, to target Ye Feng and deprive Ye Feng of the right to obtain the first reward of the trial."

"Too tyrannical! There's nothing we can do! Sad!"

At this moment, many people present couldn't help but change their faces, and they had complicated feelings in their hearts.

Because they saw that the Nine Great Temples were the superior beings who could decide the life, death and fate of the lower-level elders like them.

At this moment, many people couldn't help but mourn for Ye Feng in their hearts.

Because many people know that if you offend the big figures in the Nine Great Temples, you will have difficulty in the Northern Immortal Palace and it will be impossible to rise.

At this time, even the Ninth Elder Yan Qingcheng, a powerful woman with unparalleled magnificence, came to Ye Feng at this moment and spoke out to persuade: "Ye Feng, you should compromise first, take a step back and the world will be brighter." , don't confront the master of the law enforcement hall of the Sword Emperor Temple in person. He is the strongest person in the Sword Emperor Temple, other than the Sword Emperor. He has a powerful existence in the half-step Dao Dao realm, second only to the level of the temple master. Super master, you can't be his opponent now."

Although Ye Feng had previously killed the Blood God Palace man at the entrance to the Ancient Demon Realm, everyone knew that Ye Feng's combat power was very powerful.

But even if Yan Qingcheng knew that no matter how powerful Ye Feng's combat power was, it was absolutely impossible for him to have the power to fight against a super master who had surpassed the Heavenly Tribulation Realm like Half-Step Dao Dao Realm.

Buzz!

At this moment, the atmosphere in the audience was tense to the extreme.

The leader of the Law Enforcement Hall looked at Ye Feng with extremely arrogant eyes, and said with a sneer: "Boy, you have offended the Sword Emperor of our Sword Emperor Temple. Your road is destined to be difficult in the future, so just enjoy this slowly." It's so painful to be targeted all the time, hahaha!"

Chapter 2465: Directly blasted away

At this moment, after the leader of the law enforcement hall finished speaking, his eyes were full of sarcasm.

At this time, the head of the Law Enforcement Hall stared at Ye Feng and said loudly: "Ye Feng, you'd better hurry up and hand over all the first prizes you just received, otherwise I will let you know what cruelty is later. "

When Ye Feng heard what the leader of the law enforcement hall said, a hint of coldness suddenly appeared in his eyes.

Buzz!

A terrifying cold murderous intention immediately emanated from Ye Feng's body.

Ninth Elder Yan Qingcheng sensed the killing intent emanating from Ye Feng at this time. He couldn't help but his beautiful eyes suddenly changed. He quickly stretched out his white little hand, took Ye Feng's arm, and said loudly: "Ye Feng , The other party is too powerful, endure the calm for a while, and take a step back to open up the world. "

Ye Feng spoke indifferently and said: "The other party has already bullied me, how can I still endure or retreat? For me, the more I think about it, the angrier I get, and the more I think about taking a step back, the more I lose!"

boom!

Almost at the moment Ye Feng finished speaking, a terrifying murderous aura suddenly erupted from Ye Feng's body.

"boom!!"

Immediately, Ye Feng rushed directly in front of the head of the Law Enforcement Hall and shouted: "Since you bully others like this, I will take the initiative to suppress you and see if you are still overbearing!"

At this time, the head of the law enforcement hall suddenly became furious and said: "Good boy, how dare you attack me? Damn it! You are so arrogant! Look how I can crush you to death in an instant!"

Obviously, in the eyes of the head of the Law Enforcement Hall, newcomers and elders like Ye Feng are simply ants.

At this time, Ye Feng's eyes showed a trace of coldness, and he shouted: "Who is weak and who is strong, you will know in one try!"

Era Divine Fist!

At this moment, Ye Feng directly displayed the most powerful boxing technique.

"boom!!"

In an instant, something burst out from Ye Feng's fist.

A terrifying divine light appeared.

Wow!

In an instant, a beam of divine light shot out from Ye Feng's fist and directly hit the hands of the leader of the Law Enforcement Hall.

"Crack!"

The palm of the master of the law enforcement hall was directly smashed.

"ah!"

The leader of the Law Enforcement Hall suddenly screamed and couldn't help but exclaimed: "Why is your body so hard? Even my Heavenly Body can't resist you?"

At this moment, a purple light burst out from all over the head of the Law Enforcement Hall.

It was a huge hegemonic aura.

The head of the Law Enforcement Hall of the Sword Emperor Temple actually possesses an extremely powerful physique, a heavenly hegemonic body.

But even if he is the Cangtian Tyrant Body, he cannot resist Ye Feng's Chaos Body.

Because the Chaos Body can be said to be the most powerful body in the God Realm.

Although the Heavenly Tyrant Body also has a special constitution, it is very extraordinary.

But in the face of a powerful physique like Chaos Body, it is relatively mediocre.

At this time, Ye Feng smiled coldly and punched out again.

"Boom!"

Suddenly a terrifying roar sounded.

Ye Feng's second punch directly blew away the head of the Law Enforcement Hall of the Sword Emperor Temple.

"Rumble..."

The entire body of the leader of the law enforcement hall suddenly crashed to the ground, smashing a large area of land at once.

"What?!"

Seeing this scene, countless people on the field suddenly showed deep horror in their eyes.

.

They never expected that Ye Feng, a newcomer elder, was so young and had such a terrifying cultivation level?

"Hiss! With one fist, the leader of the Law Enforcement Hall was blown away by a half-step Dao Dao-killer?"

"This... this is too powerful! Moreover, this Ye Feng is just a new elder who has just participated in the inner sect elder assessment trial. How come his cultivation is already at the third level of the Heavenly Tribulation Realm!"

"This kind of cultivation and this kind of combat power are already comparable to the top ten inner sect elders! No! The great elder seems to be even more powerful than the inner sect elders!"

At this moment, everyone was extremely surprised.

Because the person Ye Feng was blasting away with his punch was not an ordinary person, but the head of the law enforcement hall!

"It's too powerful!"

At this moment, seeing the shocking scene on the field, the top ten elders of the inner sect, including Yan Qingcheng, all had deep horror in their eyes.

Originally they thought Ye Feng was just an ordinary young elder from the outer sect, but they didn't expect that his combat power was so powerful.

It's really awesome!

"Wow!"

Almost at that moment, in the ruins not far away, the head of the law enforcement hall stood up from the ruins.

The eyes of the leader of the Law Enforcement Hall were full of deep shock and anger, and he said loudly: "How can you, a young boy, have such a powerful power? Your cultivation has actually

broken through to the realm of heavenly tribulation? But even if you are How is it possible for someone in the third level of the Heavenly Tribulation Realm to repel a super strong person like me who is in the Half-Step Dao Dao Realm?"

At this moment, a look of deep disbelief appeared in the eyes of the head of the Law Enforcement Hall.

Apparently he originally thought that he could crush the young man Ye Feng to death with one hand.

But the result

What he never expected was that Ye Feng would burst out with such terrifying power in an instant.

When Ye Feng first started, he was a quiet person, but he didn't expect that he would be so terrifying and powerful once he took action.

At this time, Ye Feng's eyes showed a trace of sneer for a moment, staring at the leader of the Law Enforcement Hall not far away, and said loudly: "What? Continue to judge my fate? Why don't you dare? ?"

"hateful!"

The head of the Law Enforcement Hall was immediately furious, and he immediately yelled: "Today, I will try my best to kill you, an arrogant boy, on the spot!"

boom!

Almost at this moment, the head of the law enforcement hall burst out with a huge and boundless force.

"Heavenly Tyrant Body!"

"The tyrannical body!"

"The power of the ancient overlord!"

Boom!

Almost at this moment, the entire body of the law enforcement hall leader suddenly began to expand, and in an instant it became the body of a giant, with golden light exuding all over his body and flowing with immortal power.

"boom!"

At this time, the leader of the law enforcement hall directly turned into the ancient overlord, full of boundless power. He punched out, and the entire void was shaking, and the space was about to be broken.

It can be seen that the leader of the law enforcement hall really exerted his most powerful power at this time. It can be said that he was really angry and even started to fight for his life.

Ye Feng's eyes showed a determined look at this moment, and he shouted: "Since you want to kill me, then I will let you know that the only person who will really die is you!!"

boom!

Almost at this moment, Ye Feng no longer held back, and directly burst out the ancient demon lord's inheritance he had learned, the Dark Wheel of Judgment!

Chapter 2466 Completely ruined

Buzz!

Almost at this moment.

Streams of black energy were instantly released from Ye Feng's body, and a huge wheel of darkness suddenly condensed in the air above Ye Feng's head.

"Buzz buzz..."

The Dark Wheel of Judgment began to rotate at this time, and suddenly a stream of extremely dark power of judgment was emitted.

At this time, Ye Feng stretched out his hand and grabbed it in front of him.

"Boom!"

Suddenly, the huge dark wheel of judgment flew from the top of Ye Feng's head to the front, instantly covering the head of the Law Enforcement Hall who rushed over not far away.

"boom!"

"boom!"

"boom!"

Streams of black energy rushed out of the Wheel of Judgment in an instant and turned into countless black tentacles, which instantly entangled the head of the Law Enforcement Hall.

Even if the leader of the Law Enforcement Hall burst out with the terrifying power of the Sky Hegemony at this time, he would not be able to escape the dark power of the Dark Wheel of Judgment for a while.

"The Overlord's Will!"

The leader of the Law Enforcement Hall roared loudly in an instant, and a huge momentum suddenly surged out of his body.

Almost at this moment, a huge and earth-shattering figure of will rushed out from the head of the Law Enforcement Hall.

This figure of will is exuding a terrifying golden light, full of boundless majesty.

Obviously this is the will of the ancient overlord.

It has to be said that the master of the Law Enforcement Hall has a very deep understanding of his Heavenly Hegemony.

He actually cultivated the will of the ancient overlord.

At this moment, with the blessing of the ancient overlord's will, the injuries on the head of the Law Enforcement Hall immediately began to recover.

Buzz!

Moreover, his combat power has also been greatly improved, allowing him to break through the imprisonment and shackles of the dark power.

boom!

At this moment, for the head of the law enforcement hall

, he now wants to kill Ye Feng even if he tries his best.

Because the head of the Law Enforcement Hall knows that at this moment, many big shots in the entire Northern Immortal Palace are paying attention to this battle.

Therefore, the head of the Law Enforcement Hall knew that he could never be defeated.

If he loses, then the Sword Emperor will have to take action.

This is an absolute shame for the Sword Emperor Temple.

Because in the minds of many people, Ye Feng is just a newcomer and elder.

To deal with a newcomer elder, he cannot even defeat the master of the Law Enforcement Hall, and the Sword Emperor needs to take action. If this is really the case, the Sword Emperor Temple will definitely be looked down upon.

Originally, the Sword Emperor Temple was the weakest temple among the nine temples.

If even a new elder cannot deal with it now, maybe in the future, the Sword Emperor Temple will completely become the one that everyone looks down upon among the nine major temples.

Not to mention the so-called majesty and privileges of the temple, which will definitely be laughed at by everyone.

So at this moment, the head of the Law Enforcement Hall is absolutely desperate.

boom! !

He instantly released the powerful power of the ancient Overlord, and his whole body instantly activated the most powerful state of the Cangtian Overlord.

"kill!!"

The leader of the Law Enforcement Hall roared so loudly that it almost shattered the entire sky.

He rushed in front of Ye Feng in an instant, and then grabbed Ye Feng with one hand.

Boom! !

Accompanied by a huge roar, Ye Feng used the power of his chaotic body to punch the leader of the law enforcement hall, and the two of them stepped back more than ten steps.

Ye Feng's eyes were a little surprised. He didn't expect that the leader of the Law Enforcement Hall had released all the power of the Cangtian Hegemon Body and could actually compete with his current Chaos Body.

I have to say that this law enforcement leader

As expected of the super master second only to the Sword Emperor in the Sword Emperor Temple, he still has some abilities.

But this is not enough for Ye Feng.

Because the methods Ye Feng has used so far are only Ye Feng's shallow methods.

At this moment, looking at the leader of the Law Enforcement Hall who had turned into a tyrant, Ye Feng suddenly said: "Do you think you have won now? In fact, in my eyes, you may have already burst out with the strongest power. But to tell you the truth, I'm just warming up now."

After saying this, Ye Feng instantly burst out with the Ancient Divine Ring.

boom! boom! boom.....

Suddenly, a large divine halo appeared around Ye Feng.

Each divine halo exudes bright light and is full of ancient power, blessing Ye Feng with terrifying and boundless power.

At this moment, Ye Feng's power suddenly began to surge in a straight line.

At this moment, Ye Feng didn't even bother to release his Dzogchen cultivation. He directly used the power of the ancient divine ring to bless him, and then rushed directly in front of the leader of the Law Enforcement Hall and punched him hard with his fist.

Boom! !

Along with a huge roar, the entire arm of the law enforcement hall leader was directly blasted into pieces.

The unique purple blood of Cangtian Hegemon was thrown onto the earth from high in the sky, shocking the eyes of countless people present and unable to help but marvel.

"This Ye Feng is really too powerful. Is he really just a new elder?"

At this moment, everyone present could not help but exclaim, their eyes filled with deep horror.

Because the powerful power Ye Feng displayed at this moment was simply beyond everyone's imagination.

A new elder is so much more powerful than the top ten elders of the inner sect, which really shocked everyone.

You know, even the ten elders in the inner sect, after meeting the super masters in the temple,

When doing so, you need to maintain a basic attitude of reverence.

Because the nine major temples represent the highest power in the entire Northern Immortal Palace, and also represent the pinnacle existence of the Northern Immortal Palace.

Although the Sword Emperor Temple is the weakest temple among the nine temples, in the eyes of ordinary people, it is still absolutely the supreme existence.

But at this time, Ye Feng did not have any background. With his status as a newcomer and elder, he directly dared to confront the head of the law enforcement hall of the Sword Emperor Temple and gained the upper hand.

This is really incredible for everyone.

You must know that this law enforcement hall master does not even dare to provoke the great elder.

Boom!

But at this moment, Ye Feng showed no hesitation or mercy.

Because he now knows that he and the Sword Emperor Temple have already broken up completely, and there is no chance of compromise at all.

boom!

Therefore, Ye Feng naturally did not hold anything back at this time. He was surrounded by divine auras, just like a young human god. In an instant, he rushed in front of the law enforcement hall leader who had blasted him away.

Then he immediately struck out with a fierce punch, directly erupting into the strongest form of the Era Divine Fist.

Poof!

Almost at the next moment, accompanied by the sound of broken flesh and blood, the Era Divine Fist instantly shattered the chest of the leader of the Law Enforcement Hall.

"ah!"

At this time, the head of the Law Enforcement Hall suddenly let out an earth-shattering scream.

This super master's entire chest was shattered at this moment and was completely destroyed.

"How courageous! How dare you kill my top master!"

Suddenly at this moment, a majestic voice suddenly came from a palace group not far from the central square.

That voice was the voice of the Sword Emperor, the master of the Sword Emperor Temple!

Chapter 2467 The significance of this battle

At this moment, the moment the Sword Emperor finished speaking, everyone in the entire field suddenly showed deep shock in their eyes.

No one expected that the Lord Sword Emperor, the master of the Sword Emperor Temple, would actually arrive.

Buzz!

And in an instant, just after the words fell, a terrifying and boundless aura of power suddenly appeared on the entire field.

Everyone looked towards the sky.

They immediately saw a huge throne, condensed and manifested high in the sky.

At this time, a middle-aged man wearing a golden robe, very majestic, sat on the huge throne, overlooking the people below.

His eyes were filled with a deep feeling of supremacy.

This powerful existence is naturally the master of the Sword Emperor Temple, Lord Sword Emperor!

This is a super big shot at the level of the master of the Nine Great Temples. In the entire Northern Immortal Palace, he is definitely the big shot among the big shots, and the super master among the super masters.

The last time Ye Feng met the Sword Emperor, if the master of the Temple of Nature hadn't come to the rescue, Ye Feng might have been strangled by the Sword Emperor.

But this time when he met the Sword Emperor again, Ye Feng's eyes no longer showed any fear, but instead were filled with a deep, terrifying and boundless boiling murderous intention.

Because Ye Feng's current cultivation level is already comparable to that of the masters of the nine major temples.

Moreover, this Sword Emperor is the weakest among the nine temple masters, so Ye Feng has no fear of the Sword Emperor now.

At this time, Ye Feng immediately stared at the Sword Emperor high in the sky, and said coldly: "Do you know that I have been waiting for you for a long time. I destroyed the master of the law enforcement hall, and you finally came out."

The Sword Emperor was sitting on the throne high in the sky, staring at Ye Feng below, with deep coldness and contempt in his eyes, and said loudly: "You are too brave, I let you do it last time You escaped by chance, this time I will definitely kill you."

Boom!

Almost the moment the Sword Emperor finished speaking, fear suddenly erupted from his body.

The terrifying power and momentum swept towards Ye Feng.

Buzz!

Suddenly at this moment, the void around Ye Feng fluctuated, and the figure of a stunningly beautiful woman appeared.

That turned out to be the master of the Natural Temple!

The master of the Temple of Nature appeared next to Ye Feng at this moment and blocked all the power of the Sword Emperor. Naturally, he wanted to protect Ye Feng.

But at this time, the Sword Emperor had a sneer in his eyes, and said loudly: "Last time, this boy was saved by you. There is no way I will let this happen again this time."

Almost at the moment the Sword Emperor finished speaking, a mysterious man shrouded in black robes suddenly walked out from beside the Sword Emperor.

This mysterious man in black robes burst out with a powerful and boundless aura. This powerful and boundless aura was clearly a cultivation level at the level of Dao Slayer.

The Sword Emperor smiled and said loudly: "He is called Jue Ming Scholar, and he is one of my best friends. The last time I wanted to kill Ye Feng, I was blocked by you, the master of the Temple

of Nature, so I gave him My good friend Jue Ming Scholar sent a message, asking him to come back and help me quickly. This time Jue Ming Scholar has finally come to our Northern Immortal Palace. This time, Master of the Temple of Nature, you will definitely not be able to interfere!"

At this moment, the master of the Temple of Nature saw the mysterious man in black robes beside the Sword Emperor, his eyes were a little wary, and he couldn't help but said: "Scholar Jueming, a super strong man among casual cultivators, is actually yours, the Sword Emperor. My friend, this is something I never expected."

After finishing speaking, the Master of the Natural Temple looked at Ye Feng beside him and said in a low voice: "Ye Feng, you'd better leave the Northern Immortal Palace as soon as possible. This Sword Emperor is probably really determined to kill you this time. , and the cultivation level of this desperate scholar and the Sword Emperor are exactly the same. They are both super strong men in the sixth level of Dao Slaying Realm. I can only fight against one of them, and the remaining one is definitely something you can't deal with, so I advise you now. It's better to leave the Northern Territory Immortal as soon as possible

Palace, when you come back after avoiding this period of limelight, I will stop these two people for a while now. They don't dare to do anything to me, the master of the temple. You should run away quickly. "

At this moment, hearing what the master of the Temple of Nature said, Ye Feng suddenly showed a confident smile in his eyes, and said loudly: "Senior Zeng Rou, don't worry about anything for me. Since I'm back this time, When I go to the Northern Immortal Palace, I won't just leave like this. I have tolerated this Sword Emperor for a long time. This time in the trial of the Ancient Demon Realm, I have received a huge improvement. Maybe those nine temples I can't defeat the top palace masters, but this Sword Emperor is only the weakest among the nine palace masters, so there should be no problem. Believe me, I will be able to suppress him severely. "

After Ye Feng said these words, the master of the Natural Temple couldn't help but have a look of astonishment on his face.

Because even the master of the Natural Temple couldn't believe that Ye Feng, a newcomer and an elder, could say such arrogant words.

But the master of the Temple of Nature seemed to see the true confidence in Ye Feng's eyes at this time. She said nothing more, but nodded and said: "Okay, since you are so confident, then explain You have really grown up now, so today we will fight side by side. I will resist this desperate scholar, and you will deal with the Sword Emperor. Several temple masters are now too arrogant,

thinking that they are the leaders of the Northern Immortal Palace. There are various kinds of suppression on newcomers. This time it is just a warning to the arrogant temple masters that newcomers can also rise. The entire Northern Immortal Palace needs the injection of fresh and powerful blood. "

At this time, the master of the Natural Temple said this, which shows that she still has an ideal and wants to make the Northern Immortal Palace more powerful.

It is not those pedantic temple masters who, in order to maintain their dominance, crazily suppress those newcomers who want to take the lead.

Seeing that Ye Feng did not escape at this moment, the Sword Emperor not far away suddenly showed a deep mocking look in his eyes, and he immediately said loudly: "I didn't expect that this boy like you is so brave. But I'm sorry, the consequence of your stupid behavior is complete death."

☪

Almost as soon as the Sword King finished speaking, Scholar Jueming held a dark long sword in his hand with tacit understanding, and instantly burst out with powerful power, rushing towards the master of the Temple of Nature.

Boom! !

Suddenly, the desperate scholar and the master of the Temple of Nature fought together high in the sky, and the terrifying light of destruction filled the entire sky.

But at this time, everyone's eyes were all focused on Ye Feng.

Because Scholar Jue Ming and the Master of the Temple of Nature are both at the same level of cultivation, the battle between them may last for a long time, and the outcome will not be revealed so easily.

And many people know very well that Scholar Jue Ming is just a casual cultivator. Even if he is more powerful than the master of the Natural Temple, he does not dare to cause any harm to the master of the Natural Temple.

The purpose of the desperate scholar this time is very simple, that is to drag the master of the Temple of Nature to protect Ye Feng as much as possible.

So at this time, everyone's curious eyes were focused on Ye Feng and the Sword Emperor.

If it were before, they would have thought that Ye Feng's challenge to the Sword Emperor was absolutely stupid and extremely arrogant.

But before, everyone saw with their own eyes that Ye Feng simply killed and crippled the leader of the Law Enforcement Hall. This shows that Ye Feng's true strength has not yet fully exploded, and maybe he can really be like the Sword Emperor. of super-big men.

This scene made everyone feel deeply passionate and excited.

Because this was the first time that a newcomer appeared in the Northern Immortal Palace and dared to challenge the elder temple master.

This hadn't happened for many, many years, so it captured everyone's attention.

Even many other big figures in the Northern Immortal Palace are attracted by the aura fluctuations here at this moment, and are secretly watching this battle.

Because the significance of this battle is not only the battle between Ye Feng and the Sword Emperor, but also the battle between the new generation of the Northern Immortal Palace and the old diehards!

Chapter 2468 Peak Showdown

Buzz!

At this moment, the atmosphere on the entire field was simply solemn to the extreme.

The invisible momentum of the confrontation between Ye Feng and the Sword Emperor has caused the entire sky to be filled with dark clouds.

Everyone felt a deep sense of depression enveloped in their hearts.

Suddenly at this moment the Sword Emperor took action.

The way he attacked was very contemptuous, and he obviously did not regard Ye Feng as a real opponent, just like a giant treating an ant.

Boom!

The Sword Emperor didn't even use his most powerful sword technique, but directly grabbed it with one hand.

"Crash..."

Almost the moment the Sword Emperor grabbed a hand, countless vitality from heaven and earth began to riot.

Each of his fingers was like a pillar of the gods, filled with unparalleled power, suppressed from high in the sky.

The space was torn apart by him!

In front of a super strong man like the Sword Emperor, it is obvious that some of the constraints of the rules of heaven and earth have no effect on him.

The Sword King instantly grabbed five fingers in front of Ye Feng, and countless energy rivers surged rapidly between his fingers. In an instant, Ye Feng's entire body was covered, and he was about to destroy him. In that terrifying energy frenzy.

This horrific scene made everyone present feel deeply shocked.

Because they have never seen a super strong man at the level of Dao Slayer take action.

Now it was the first time to see a super strong man like the Sword Emperor strike such a terrifying image all at once, and everyone was trembling all over.

"This kind of power is too terrifying. If it were me, I'm afraid I would be instantly strangled by the long river of energy and turbulent flow of void before this attacking force could reach me."

"The Sword Emperor is still powerful. Although the Sword Emperor Temple is the weakest among the nine temples, the Sword Emperor is also a super strong man in the sixth level of Dao Slaying Realm. For a being like him, once he takes action, it will naturally be earth-shattering, and there is no way he can Blocking, it's terrible."

"It's hard to imagine what kind of terrible pressure Ye Feng, who is confronting the Sword Emperor, is under. Anyway, it must be very terrifying!"

At this moment, everyone couldn't help but exclaimed.

Obviously, they were all shocked by the power that the Sword Emperor displayed in an instant. After all, a super strong man in the sixth level of the Dao Slaying Realm was still very terrifying.

This is the power of the Lord of the Nine Great Temples!

Once he takes action, it will be like an upheaval and the world will boil!

At this moment, the master of the Temple of Nature, who was fighting with the desperate scholar at high altitude, couldn't help but change his face slightly when he saw the terrifying power of the Sword Emperor below, and his eyes suddenly showed a worried look.

Because even the master of the Temple of Nature felt a threatening aura, it was obvious that the Sword Emperor seemed to have received some good fortune during this period, and he became even more powerful than before.

Even the master of the Natural Temple may not be able to withstand the power of the Sword Emperor now.

It can be seen that in order to kill Ye Feng and fight against the master of the Temple of Nature, the Sword Emperor must have secretly practiced some spells or refined some resources during this period, becoming many times more powerful than before.

This made the Master of the Natural Temple's heart suddenly sink, because she felt that today's situation might become very difficult.

Boom! !

And at this moment, in Ye Feng's field of vision, a huge and monstrous hand appeared. Each finger was wrapped with boundless power, and the vitality of the world could not help but tremble under this big hand.

This big hand is like an ancient giant, grabbed from the vast era, full of unparalleled power and destructive power, causing the entire surrounding void to shatter, and void turbulence appeared.

It has to be said that the Sword Emperor is indeed a super big man at the level of the nine major temples. His power is terrifying to the extreme. At this moment, even Ye Feng feels a deep pressure.

But at this time, Ye Feng did not flinch at all. Instead, he held his head high and rushed towards the sky.

boom! !

He instantly exploded into his Dzogchen cultivation state, and then punched out hard.

Ye Feng's fist secretly cast the brute force gem at this time, and instantly burst out with terrifying and powerful brute force, as if it could support the entire sky.

Boom! !

Ye Feng's fist burst out with boundless light, and suddenly collided with the Sword Emperor's big hand, and a terrifying and earth-shattering turbulence suddenly erupted.

"Crunch!"

And just now

The next moment, that monstrous hand was actually blocked and stayed in mid-air, unable to suppress it any further.

"What? He actually resisted it? Is this Ye Feng so powerful?"

At this moment, when everyone saw this scene, they couldn't help showing deep surprise in their eyes.

Originally, they thought that Ye Feng might be suppressed by the Sword Emperor in an instant.

Because the power displayed by the Sword Emperor was so terrifying and vast, it was like an ancient giant taking action, and no one could resist it.

But he didn't expect that Ye Feng's powerful fist power at this time was like Optimus Prime that could support the sky. He suddenly blocked the Sword Emperor's huge hand, and a stalemate began in mid-air. stand up.

"interesting."

At this time, the Sword Emperor's eyes showed a trace of surprise, and then he immediately increased his strength and shouted loudly: "The Seal of the Immortal Ming King!"

Boom! !

Almost at this moment, the Sword Emperor immediately displayed an extremely powerful inheritance.

The Seal of the Immortal Ming King!

Almost at this moment, a huge and majestic figure suddenly appeared on the palm of the Sword Emperor. It was the shadow of the will of the ancient Immortal King Ming!

At this moment, with this ancient and powerful existence, the Sword Emperor's palm was immediately blessed with boundless power.

Boom! !

Ye Feng's fist was immediately suppressed again, and the light was completely crushed and suppressed.

At this moment, the Sword Emperor burst out laughing: "Boy, no matter how many methods you have, you still can't compete with me. When I was practicing, you probably weren't born yet. With my methods You can never imagine it."

Boom...

At this time, Ye Feng was suppressed to the ground by the Sword Emperor's huge hand, which instantly smashed a large area of ruins.

Uh-huh!

However, Ye Feng rushed out of the ruins in an instant without being injured. His eyes were full of sneer and he said loudly: "Sword Emperor, you are indeed very powerful. You are worthy of being the master of the Nine Temples. But just now I was just testing it casually, now I want to take action for real."

Uh-huh!

Almost at the moment Ye Feng finished speaking, he immediately released

The Ice Ancestral Talisman came out.

Boom!

Immediately, the boundless river of ice rushed out from Ye Feng's body, filled with the terrifying power of freezing all things. All of a sudden, the entire space area where the Sword Emperor was located was frozen, and the Sword Emperor was suddenly frozen. Frozen in an ice sculpture.

hiss!

Countless people watching around were affected by this ice aura at this moment. They were trembling all over. Some people even had a layer of ice on their eyebrows. It was obviously extremely cold.

It has to be said that the power of the Ice Ancestral Talisman is still very terrifying. In an instant, it will

The entire land was frozen.

Boom!

But suddenly at this moment, the Sword Emperor suddenly shattered the frozen ice layer, with a hint of surprise in his eyes, and said loudly: "This turned out to be the legendary Ice Ancestral Talisman. I didn't expect it." If you kid got it, then I will capture this Ice Ancestral Talisman after I kill you today, and it will be my treasure!"

At this moment, the Sword Emperor stopped testing anything.

Obviously he knew that ordinary methods could not deal with Ye Feng.

Because Ye Feng seems to have really grown up.

It can't be killed casually.

At this moment, the Sword Emperor continued to use the Immortal Ming King Seal just now, carrying infinite terrifying suppressive power and heading towards Ye Fengzhen to kill him.

boom!

Ye Feng no longer held back at this time, and instantly released another ancestral talisman, which was the thunder ancestral talisman.

"Boom!"

Two different ancestral symbols surrounded Ye Feng at this time, releasing infinite ice power and infinite thunder power respectively, and instantly collided with the Sword Emperor's Immortal Ming King Seal.

Boom! !

The entire field suddenly heard bursts of huge collisions and roars, causing countless surrounding lands and buildings to collapse.

Everyone watching around looked in shock. They didn't expect that the battle between the two people could produce such terrible destructive power.

They instantly retreated crazily towards the rear, trying to avoid the center of the battle.

Because this kind of battle is really terrifying. It is a peak duel. It is a battle between terrifying and strong men at the Dao-killing level. If you are not careful and get involved, you will be crushed instantly!

Chapter 2469 Penetrated

Boom!

At this moment, a terrifying battle was taking place in the sky.

Ye Feng and the Sword Emperor's bodies were both glowing with bright divine light.

For them, the current battle is about their own life, death and glory.

So both of them burst out their most powerful power at this moment.

"Ten Thousand Swords Domain!"

At this moment, the Sword Emperor roared, and a huge area suddenly appeared around him.

In this field, the divine light condensed into huge lightsabers. There were tens of thousands of lightsabers. Each lightsaber was filled with powerful sword energy, filling the void with extremely terrifying power. Sharpness and tearing power.

"boom!"

"boom!"

"boom!"

Almost at this moment, the Sword Emperor suddenly stretched out in the direction of Ye Feng in front of him.

Immediately, there were countless lightsabers, rushing towards Ye Feng in an instant, tearing the sky apart, and stabbing Ye Feng in an instant.

Poof!

Poof!

Even though Ye Feng's chaotic body was extremely powerful, many flesh and blood membranes were pierced by countless lightsabers at this moment.

At this moment, Ye Feng suffered a heavy blow at this moment, and he also burst out with the strongest method in an instant.

"Dark Hell Life and Death Tribulation!!!"

Ye Feng roared loudly, and his whole body suddenly erupted with terrifying and boundless power.

"Rumble..."

At this moment, Ye Feng immediately burst out with dark and boundless power, forming a terrifying hell scene.

The impact reached far away all of a sudden, and instantly bombarded the Ten Thousand Sword Domain around the Sword Emperor.

At this moment, the Sword Emperor suddenly smiled and said: "Hahaha! My Wan Jian

The domain is simply an invincible sword domain. This set of Ten Thousand Sword Domains of mine has killed countless powerful enemies and saved me from countless life and death crises. You, a little young boy, no matter what secret techniques you use, can't do anything. Maybe you can break through my invincible sword domain! "

Ye Feng sneered at this moment and said: "Invincible sword domain? Humph! Martial arts practice is never-ending. There is no strongest, only stronger! You, a small Dao-killing realm warrior, dare to claim to be invincible? ridiculous!"

The life and death calamity of dark hell! !

At this moment, Ye Feng increased his strength and roared loudly.

At this moment, Ye Feng suddenly released terrifying power.

After the life and death calamity of dark hell broke out, countless spell symbols composed of dark energy were instantly formed, forming a terrifying dark hell scene, which instantly enveloped the Sword Emperor not far away.

"Click, click, click..."

Almost at this moment, the Ten Thousand Sword Domain around the Sword Emperor began to disintegrate inch by inch.

"What?!"

At this moment, the Sword Emperor's eyes suddenly revealed a look of deep horror.

At this moment, the Sword Emperor couldn't help but said: "How is it possible? What is the dark frenzy you are displaying at this time? How is it possible that all my Ten Thousand Sword Domains have been completely disintegrated? This is impossible !"

The Sword Emperor immediately shouted: "Ten Thousand Swords Domain! Hold on!"

"Crash..."

But at this time, Ye Feng continued to erupt into the dark hell of life and death.

The endless dark hell is full of boundless terrifying power and has terrifying scenes of hell. It is fast in an instant.

Quickly corrode the Ten Thousand Swords Realm.

Each of the extremely sharp lightsabers was instantly corroded by Ye Feng's dark hell.

One by one, the lightsabers began to melt instantly and were disintegrated by countless dark forces.

"It's terrible!"

At this moment, countless people watching around had deep shock in their eyes.

Because everyone knows that the Sword Emperor is an extremely tyrannical master in the Dao Slaying Realm.

Moreover, the Sword Emperor is a powerful being at the level of the master of the nine major temples.

The Sword Emperor's Ten Thousand Swords Domain is even famous throughout the northern land of the God Realm.

It is even a powerful inheritance that is known as unsolvable.

But what I didn't expect was that at this moment, Ye Feng, a newcomer and elder, exerted dark power that seemed to contain extremely ancient spells and secrets. In an instant, it corroded and disintegrated the Sword Emperor's Ten Thousand Swords Domain. It was really Extremely scary.

At this moment, Ye Feng laughed loudly and said: "Sword King, your invincible sword domain is not very good in my opinion!"

boom!

Almost at this moment, Ye Feng immediately rushed to not far from the Sword Emperor.

At this moment, the Sword Emperor was shrouded in the dark hell scene of life and death.

The strength in the Sword Emperor's body is constantly disintegrating, being constantly corroded by the darkness of hell and the calamity of life and death.

At this moment, Ye Feng immediately rushed in front of the Sword Emperor.

At this moment, the Sword Emperor was restrained and could not escape the predicament of the hell scene.

At this moment, Ye Feng rushed in front of the Sword Emperor and punched out hard in an instant.

"Get out of here!!"

The Sword Emperor shouted: "Ten Thousand Dragons Armor!"

Click, click, click...

almost there

In an instant, the Sword Emperor's body was immediately covered by pieces of dragon scales that shone with cold light, condensing directly into a set of ten thousand dragon armor.

At this moment, Ye Feng grinned and said directly: "You can't stop this punch with decades of skill!"

boom! !

Ye Feng roared loudly, and at this moment, the brute force gem was directly integrated into Ye Feng's fist.

In an instant, a terrifying and boundless divine light burst out, filled with the brute force of the Lord, and extremely terrifying.

"boom!"

Almost at this moment, Ye Feng's fist rushed out with infinite power, and suddenly hit the Ten Thousand Dragon Armor on the Sword Emperor in front of him.

"boom!!"

At this moment, Ye Feng's fist melted the brute force gem, and the terrifying and boundless power of domination burst out.

And at this time, Ye Feng burst out with the power of the Brutal Power Gem with all his strength, and then forged his own skills for so many years. It was full of terrifying and boundless impact, and instantly shattered the Wanlong Armor.

"No!!!"

When the Sword Emperor saw this scene, he immediately yelled in horror.

"Pfft!"

But at the next moment, Ye Feng's fist was like a strong and sharp spear, instantly piercing the Sword Emperor's chest.

"ah!!"

The Sword Emperor immediately let out an earth-shattering scream.

His entire body instantly erupted with an intense divine light, which directly knocked away Ye Feng in front of him.

Uh-huh!

Then the Sword Emperor quickly retreated, his whole body covered in blood, his heart was pierced, and he suffered huge injuries in an instant.

The Sword Emperor immediately shouted at the sky not far away: "Desperate Scholar, come and save me! I'm dying!"

Chapter 2470 The desperate scholar dies

At this moment, the Sword Emperor was simply terrified to the extreme.

He even couldn't help but start asking for help from his powerful friend.

Because Ye Feng's punch just now was so terrifying that it penetrated the Sword Emperor's heart.

At this time, although the Sword Emperor did not die immediately, he still felt that his life force was rapidly passing away.

At this moment, the Sword Emperor was simply terrified to the extreme.

Because this was the first time he encountered such a terrifying life and death crisis.

Although the Sword Emperor had experienced many crises before.

But there has never been a time like today when Ye Feng punched him directly in the heart with such fear.

Life force is passing quickly!

"Sir Sword Emperor is actually asking for help?"

At this moment, everyone watching had deep shock in their eyes.

No one would have thought that a powerful figure like the Sword Emperor, the master of the Sword Emperor Temple, a big figure at the level of the nine major hall masters, would be forced to this extent by a young man like Ye Feng?

At this time, Ye Feng's eyes had a hint of coldness and he immediately rushed towards the Sword Emperor.

It's not enough to just cause heavy damage to the Sword Emperor.

Ye Feng now wants to kill the Sword Emperor directly.

Under the spotlight of everyone, directly killing the important people at the level of the nine major temples in the Northern Immortal Palace is a big deal, and it can be said to be treason.

But Ye Feng had absolutely no inhibitions at this time.

What Ye Feng wants now is to directly kill the Sword Emperor, the number one enemy.

But at this time, just when Ye Feng flew in front of the Sword Emperor.

"boom!"

Suddenly, an extremely violent black sword energy descended from high in the sky.

This black sword energy was extremely terrifying, and it struck Ye Feng fiercely in an instant.

This was exactly the terrifying attack from the Sword Emperor's friend, the scholar Jue Ming.

"Thunder Shield!"

At this moment, Ye Feng instantly released the inheritance of Thunder God Crocodile.

Buzz!

In an instant, a huge light shield condensed with the power of thunder suddenly appeared around Ye Feng, instantly blocking the terrifying black sword energy that came to kill him.

"boom!!!"

The black sword energy bombarded the thunder shield around Ye Feng, and all of them collapsed in an instant.

This moment.

Uh-huh!

The silhouette of the desperate scholar instantly flashed to the side of the Sword Emperor.

The Sword Emperor was sitting cross-legged on the spot, his face was extremely pale, and he said loudly: "Protect me, I have been severely injured now, and I need to restore my cultivation and vitality immediately."

Scholar Jueming saw the big hole in the Sword Emperor's chest at this time, his eyes were shocked, and he said: "How can this boy who is only in the third level of the Heavenly Tribulation Realm have such a powerful power!"

boom!

While the two were talking, Ye Feng had already rushed over instantly.

Because Ye Feng currently maintains the level of cultivation at the tenth level of the Heavenly Tribulation Realm, it can only last for a short period of time.

So Ye Feng naturally couldn't waste any time at this time.

Because once his Dzogchen cultivation is lost, then he may never be able to defeat the Sword Emperor and Jueming Scholar.

Boom! !

At this moment, Ye Feng's whole body was filled with boundless divine light, and he came directly in front of the two of them, and immediately released the thunder light shield fiercely.

"Rumble..."

Accompanied by violent roars, Ye Feng's thunder shield suddenly burst out, like bombs, quickly and frantically bombarding the area where the Sword Emperor and Jue Ming Scholar were staying. .

The entire void was shattering rapidly, all devastated by the thunder shield released by Ye Feng, and filled with boundless destructive power.

The thunder light shield bomb released by Ye Feng at this moment is not only the inheritance of the Thunder God Crocodile, but also integrated with the terrifying power of the Thunder Ancestral Talisman on Ye Feng's body.

Therefore, the destructive power of the thunder light shield erupted by Ye Feng at this time was simply terrifying to the extreme, enough to destroy everything.

Uh-huh!

Almost at this moment, Scholar Jue Ming's eyes changed slightly, and he immediately rushed forward to resist this terrifying destructive power for the Sword Emperor.

"The sword goes against the sky!!"

Book of death

It is a very powerful sword technique that can be used to kill instantly.

Wow!

The black long sword in his hand immediately burst out with a monstrous black divine light, and all of a sudden it bombarded all those thunder light shields, making an earth-shattering collision and roar.

But at the next moment, a pitch black war spear suddenly appeared in Ye Feng's hand.

This spear is the magic weapon of the Ancient Demon Lord that Ye Feng obtained from the Ancient Demon Realm.

It's the Spear of Hell!

Almost at this moment, Ye Feng held the Hell Spear in his hand and suddenly burst out with boundless dark power.

Ye Feng held the Hell Spear in his hand and charged forward fiercely.

The moment Ye Feng charged, the Hell Spear in his hand suddenly erupted into terrifying streams of hell light.

These lights of hell have all condensed into hell demons, roaring and roaring crazily, full of extremely powerful destructive power and destructive power.

It almost feels like hell is coming!

Scary and dark!

It has to be said that the Spear of Hell is indeed the magic weapon of the ancient demon lord.

At this time, the dark power released by Ye Feng was simply terrifying to the extreme.

At this time, Scholar Jue Ming's eyes showed a trace of solemnity. He immediately held the long sword in his hand and directly charged Ye Feng head-on.

"The sword's heart is clear!"

"Man and sword become one!"

At this moment, Scholar Jue Ming displayed an extremely powerful swordsmanship.

His whole body and the black snake sword in his hand merged together in an instant, turning into a huge black sword that collided with the Hell Spear in Ye Feng's hand.

But the desperate scholar still underestimated the terror of the hell spear in Ye Feng's hand.

Almost at the moment of collision.

Boom! !

The Hell Spear in Ye Feng's hand instantly burst out with the power of ancient hell. It was filled with terrifying and boundless power of the interface. In one fell swoop, the huge black sword that the desperate scholar had been transformed into was knocked down by an inch. It was shattered inch by inch. \u003c

br\u003e

"ah!!"

Along with an earth-shattering scream, the black giant sword shattered inch by inch.

The body of the desperate scholar also appeared, and was directly pierced through the body by the spear of hell in Ye Feng's hand.

boom!

Then Ye Feng's hand shook violently, instantly nailing the Jue Ming scholar to the ground.

The desperate scholar died!

"hiss!"

Countless people around saw this scene, and their eyes suddenly showed deep horror.

They never thought that the pitch-black war spear that Ye Feng was using at this moment had such terrifying power.

In an instant, a super strong man like Jue Ming Scholar, who was in the Dao Killing Realm, was instantly killed.

The sudden death of the fixed nail on the ground shocked everyone.

This made everyone take a breath of air.

At this time, the master of the Temple of Nature appeared next to Ye Feng, with a hint of horror in his eyes. He couldn't help but said: "Ye Feng, you actually killed the scholar Jue Ming." , How have you become so powerful now? This trip to the Ancient Demonic Realm seems to have really made you grow up. Your current strength is probably comparable to the top ranking existences of the nine major temple masters. "

At this moment, Ye Feng did not stop in his tracks, and suddenly rushed to the Sword Emperor, who was not far away and was recovering his cultivation.

At this time, feeling Ye Feng's terrifying murderous intention, the Sword Emperor suddenly woke up from his cultivation state and couldn't help but exclaimed: "What? You have actually killed my friend Jueming Scholar, this How is it possible? How could you have such power?"

At this moment, the Sword Emperor's tone was filled with deep horror and horror.

Because the Sword Emperor originally thought that Scholar Jue Ming could help him resist the murderous intention from Ye Feng.

In this case, when the Sword Emperor himself regains his full cultivation level, he can join forces with the Jue Ming Scholar to kill Ye Feng.

But what the Sword Emperor never expected was that Scholar Jue Ming was even weaker than him.

He was actually killed by Ye Feng so quickly.

It's incredible!
