Chapter 2471 Huge compensation

At this moment, the Sword Emperor stared at the Hell Spear in Ye Feng's hand, and immediately couldn't help but shrink his pupils, and said loudly: "This must be a very powerful dark weapon, no Considering that you had such a great opportunity to obtain this dark treasure, no wonder your combat power can exert such powerful and destructive power!"

Ye Feng said coldly at this time: "No matter what you say now, you are dead today."

Uh-huh!

Almost at the moment Ye Feng finished speaking, he held the Hell Spear in his hand and charged towards the Sword King in an instant.

All of a sudden, he stabbed the hell spear in his hand fiercely.

Poof! .??.

Along with the sound of broken flesh and bones, one of the Sword Emperor's arms was immediately pierced by Ye Feng.

Then the Sword Emperor was nailed into the void, unable to move at all, screaming in pain.

Ye Feng slowly walked up to the Sword Emperor, stretched out his hand and patted the Sword Emperor's so-called majestic face, and said with a smile: "Didn't you still want to kill me just now? Didn't you use a strong man just now? Why don't you continue to look down on me now? "

At this moment, Ye Feng's words were full of deep sarcasm, which made a big man like the Sword Emperor feel unbearable.

The Sword Emperor couldn't help but spit out a mouthful of blood in anger, his face became even paler, and the life force in his body was about to completely dissipate.

Buzz!

But suddenly at this moment, a terrifying and huge momentum descended from high in the sky, instantly separating Ye Feng and the Sword Emperor.

Ye Feng was shocked. He couldn't resist such huge power.

Uh-huh!

A middle-aged man wearing a white robe, who looked very elegant and shrouded in a bright divine light, appeared in everyone's field of vision.

And the moment this middle-aged man appeared, everyone in the field suddenly changed their eyes slightly, and immediately began to cup their hands and fists, and couldn't help but say: "Greetings to the Lord of the Immortal Palace!"

Lord of Asgard?

Hearing everyone's voices at this moment, Ye Feng couldn't help but reveal a trace of surprise in his eyes.

Unexpectedly, even the Lord of the Immortal Palace was alarmed today.

And it also came directly to the real body.

At this time, Ye Feng suddenly understood that he had

This battle with the Sword Emperor must have attracted the secret attention of countless masters in the entire Northern Immortal Palace, so at this final moment, the Lord of the Immortal Palace came instantly.

At this moment, the Lord of the Immortal Palace looked at Ye Feng and the Sword Emperor, and said loudly: "You two are almost done fighting each other now. Don't continue to kill each other. You are both super strong in our Northern Immortal Palace." , Such fighting and killing are all

consuming the foundation of our Northern Immortal Palace, and it is an act of involution. This is not good, and it is not a scene I want to see. "

At this moment, the Lord of Immortal Palace must come to stop the two from continuing to kill each other.

At this time, the Sword Emperor couldn't help but said: "Lord of the Immortal Palace, you must make the decision for me. This Ye Feng has no respect at all for me, the Lord of the temple, and even wants to kill me. , We can't keep people like this, they must be ambitious and rebellious!"

Hearing what the Sword Emperor said at this time, the Lord of the Immortal Palace immediately spoke out: "You'd better shut up. You have lost such a big face under the spotlight and want to ask me for help. You are still on your own." Go back and think about it carefully and reflect on why you can't defeat a newly promoted inner sect elder."

When the Lord of the Immortal Palace said this, the Sword Emperor's eyes immediately turned gloomy.

Because he knew that it was impossible for the Lord of Immortal Palace to make decisions for him today.

Because Ye Feng now has enough capital, the Lord of Immortal Palace pays great attention to him and will not favor him as the Sword Emperor.

At this moment, Ye Feng looked at the Lord of the Immortal Palace. He could feel the vast and boundless cultivation aura of the other party. It simply surpassed the Dao Slayer Realm. It was absolutely terrifying and a super existence that he could not imagine now.

However, as the strongest person in the Northern Immortal Palace, and as the controller of a dominant force, it is naturally quite normal for the Lord of Immortal Palace to have such a terrifying aura of cultivation.

Ye Feng spoke out at this time: "Lord of the Immortal Palace, I think you should have seen it just now. It was this Sword King who wanted to kill me first, so I rose up to resist. Now I am going to kill him." Kill, Lord of Immortal Palace, are you going to stop me?"

The Lord of the Immortal Palace looked at Ye Feng at this time, and said in an extremely calm tone: "You should let the Sword Emperor go for now. If he dares to provoke you again next time, then you will kill him. I will not If there is any obstruction, you should give me a face today. After all, the Sword Emperor is also our Northern Immortal Palace.

The master-level figure of the nine major temples cannot die like this, otherwise the whole world will laugh at our Northern Immortal Palace. And Ye Feng, you have to compromise for the time being. Let the Sword Emperor go first, and I will give you enough. of compensation. "

compensate?

Ye Feng's eyes moved slightly, he looked at the Lord of the Immortal Palace, and couldn't help but ask: "What kind of compensation can be exchanged for the Sword Emperor's life?"

The Lord of the Immortal Palace smiled slightly at this time and moved his lips slightly. He did not say it outright on the spot, but just secretly transmitted the message to Ye Feng.

Everyone looked at it with great curiosity.

When Ye Feng heard the message from the Lord of the Immortal Palace, his expression suddenly became extremely wonderful. It seemed that he did not expect that the Lord of the Immortal Palace would give him such a large compensation, just in exchange for the Sword Emperor's life.

It seems that in the eyes of the Lord of the Immortal Palace, the great figures at the level of the Palace Masters of the Nine Great Temples, who are the pillars of the entire Northern Territory Immortal Palace, cannot just let them die like this. .??.

At this time, Ye Feng was very surprised by the compensation that the Lord of the Immortal Palace had just transmitted.

And very satisfied.

Ye Feng immediately said: "Okay, since the Lord of Immortal Palace is so sincere and has given me such a big compensation, then I will save the life of this Sword Emperor today, but I have agreed in advance that if the next If the Sword Emperor dares to provoke me once, I will not hold back, even if you, the Lord of Immortal Palace, come forward, I will not hold back."

At this moment, Ye Feng knew very well that the Lord of the Immortal Palace did not want a big man like the Sword Emperor to die like this.

If the Lord of the Immortal Palace forcibly stopped him, Ye Feng would not be able to kill the Sword Emperor at all.

Because the cultivation strength of the Lord of the Immortal Palace is so majestic and vast, even Ye Feng cannot see through how powerful the Lord of the Immortal Palace is.

Therefore, Ye Feng can be regarded as stepping down to the Lord of Immortal Palace at this time.

And in addition, the compensation that the Lord of the Immortal Palace had just secretly transmitted to Ye Feng really made Ye Feng extremely excited and was definitely worth the Sword Emperor's life.

And this time Ye Feng severely injured the Sword Emperor, and also killed the Sword Emperor's good friend Jueming Scholar directly on the spot, which was considered a good harvest.

From then on, in Ye Feng's eyes, the Sword Emperor was no longer a threat.

But at this moment, Ye Feng suddenly reached out and grabbed it, and suddenly broke the finger of the Sword Emperor wearing the storage ring.

Poof!

The entire finger of the Sword Emperor was broken by Ye Feng, and even the bones were pulled out. The scene was very cruel.

"ah!!"

The Sword Emperor immediately screamed in pain.

But Ye Feng smiled coldly and said, "I will accept the wealth in your storage ring."

"Damn it!"

The Sword Emperor couldn't help but roar immediately.

But the Lord of the Immortal Palace immediately stopped the Sword Emperor and said: "I promised your mother to save your life when you were in crisis, but it was only once, and this opportunity has been used. , if you are in a life-or-death crisis again next time, I will not take any action, cherish this opportunity for you to survive, and I paid a lot of price for Ye Feng."

After the Lord of the Immortal Palace finished speaking, countless people present suddenly showed curiosity in their eyes.

Obviously many people want to know what kind of compensation the Lord of Immortal Palace secretly sent to Ye Feng at that time.

Although everyone didn't know what the specific compensation was, they knew very well that this compensation must be very precious, otherwise it would be impossible for Ye Feng, a ruthless person, to stop like this.

At this moment, the beautiful figure of the Master of the Natural Temple flew to Ye Feng's side. He couldn't help but curiously asked in a low voice: "Ye Feng, what compensation did the Lord of the Immortal Palace promise to give you just now?"

Ye Feng smiled slightly at this time, and said in a voice that could only be heard by two people: "The compensation given to me by the Lord of Immortal Palace is that he is willing to let me create a temple besides the nine major temples on the Immortal Mountain of Immortal Palace. The Tenth Temple allows me to enjoy the power and energy of the Immortal Mountain in the future. From now on, my status will be equal to that of the masters of the nine major temples. I am the future master of the Tenth Temple!"

When the master of the Nature Temple heard what Ye Feng said, his beautiful face suddenly showed a look of deep shock.

She never thought that the Lord of the Immortal Palace would give Ye Feng such a big compensation, directly raising Ye Feng's status to almost the highest level in the Northern Immortal Palace.

And he also founded the Tenth Temple for Ye Feng.

This is really a huge compensation!

Ye Feng smiled and said at this time: "In fact, I know very well the intention of the Lord of the Immortal Palace. It is not just to exchange for the Sword Emperor's life. The biggest reason is that the Lord of the Immortal Palace wants to completely destroy me. I need to win over the people, otherwise if I leave the Northern Immortal Palace because of my grievances with the Sword Emperor, it will be a huge loss to the entire Northern Immortal Palace."

Chapter 2472 The Mystery of Fairy Mountain

At this moment, after Ye Feng finished speaking, the master of the Natural Temple suddenly showed a look of deep surprise in his eyes.

Obviously, she never expected that the Lord of the Northern Immortal Palace would give Ye Feng such a big compensation.

Directly asking Ye Feng to create the Tenth Temple was a huge treat.

You must know that the Northern Immortal Palace has been the nine major temples since ancient times, and there has never been a tenth temple.

But today, it was because of Ye Feng that the Tenth Temple was established.

The master of the Natural Temple spoke out at this time: "Ye Feng, create the Tenth Temple, and you become the master of the temple. The benefits you will get are not only the improvement of status or power, but the most important thing is that if you become Lord of the Tenth Temple, then you can build the headquarters of the Tenth Temple on the Fairy Mountain of our Northern Immortal Palace. No outsider knows the secret of the Fairy Mountain, but I am the Lord of the Temple and I know the secrets of the Fairy Mountain very well. Mystery."

When Ye Feng heard what the master of the Temple of Nature said, he couldn't help but ask: "Is there anything special about the Immortal Mountain?"

Zeng Rou, the master of the Temple of Nature, had a mysterious look in his eyes at this time, and said loudly: "You know, the fairy mountain in our northern fairy palace is a very special mountain

range. If you build a building on the fairy mountain, if you Becoming the master of the Tenth Temple, you can absorb the luck energy contained in the fairy mountain every day. This fairy mountain is not something cast by our native God Realm. It is said to come from a more mysterious and unpredictable outside world, from a higher level. And the majestic world is a very rare mountain. The luck energy contained in it is very pure and majestic. The reason why the strength of the nine temple masters has always been able to surpass everyone is, You are so powerful because you are able to absorb the luck energy contained in the fairy mountain day and night, so you are so powerful, and your combat power is much higher than that of ordinary people. This time you can defeat the sword. The Lord of the Imperial Palace, the Sword Emperor, means that the Lord of the Immortal Palace believes that you are already qualified and comparable to the level of the Nine Palace Lords, so he allowed you to establish the Tenth God.

temple. "

When Ye Feng heard what Zeng Rou said at this time, a trace of surprise suddenly appeared in his eyes, and he couldn't help but said: "What? Fairy Mountain actually has such benefits? Then it seems that I am really lucky this time good."

Ye Feng knew very well at this time that the fairy mountain mentioned by Zeng Rou came from a more advanced and vast outside world, and it must be the origin world.

The great world of origin is the origin and beginning of all things.

It is a truly super big world.

There are countless strong people standing around.

There are also countless powerful forces and various races.

At this time, Ye Feng also knew very well that the divine world he was in, as well as all the heavens and worlds, was just a powerful man who originated from the great world. He seemed to be the Chaos God Emperor who had entered the realm of domination. , the cave that is left behind is just a cave that evolved into all the heavens and realms, including the realm of gods.

After Ye Feng knew the truth at that time, his heart was quite shocked.

Because the Chaos God Emperor is absolutely terrifying to the extreme, and may even be a super powerful existence in the great world of origin, so the mere cave left behind will evolve thousands of worlds and creatures.

At this moment, everyone in the entire field had dispersed.

The Lord of Immortal Palace also left.

The Sword Emperor was so angry that he spurted blood and fainted. He was carried away by several members of the Sword Emperor Temple.

This time Ye Feng became the biggest winner.

At this time, Ye Feng walked up to the dead scholar's body, pulled out the Hell Spear, and took it back

storage ring.

Ye Feng stretched out his hand to grab it, and immediately put the dead scholar's body into his storage ring.

Next, Ye Feng also said goodbye to Zeng Rou, the master of the Temple of Nature, and walked towards his residence.

When Ye Feng returned to his residence, a small and pretty girl immediately rushed towards him and got directly into his arms.

Ye Feng looked and saw that it was his disciple, Ji Xiaolan.

"Master, you are finally back!"

Ji Xiaolan was very happy, and her beautiful little face was filled with excitement.

Obviously, Ji Xiaolan hasn't seen her master for a long time.

Ye Feng smiled and touched a piece of Ji Xiaolan's hair in front of him, and said aloud: "How have you been practicing recently?"

Ji Xiaolan immediately said aloud: "During your absence, Master, I have been practicing hard."

Uh-huh!

At this time, another mature and beautiful fiery red figure came over from not far away.

It is the Fire Phoenix.

Fire Phoenix saluted Ye Feng and said loudly: "My lord is back."

Ye Feng nodded slightly, looked at Fire Phoenix, and said aloud: "I will go into seclusion for a period of time. You will pack up everything in our residence in the next few days, and then we will move into the fairy mountain."

"In the fairy mountain?"

At this time, Fire Phoenix's beautiful eyes were startled and she couldn't help but said: "I have also learned a lot in the Northern Immortal Palace during this period. Aren't only the nine major temples in the Immortal Mountain able to exist in the Immortal Mountain? Lord Ye Feng, do you want to join a certain temple and become a disciple of the temple? "

When Ye Feng heard this, he immediately laughed.

\u003e Boom!

He instantly burst out with a powerful and boundless cultivation momentum, his eyes flashed, and said: "I went to the Immortal Mountain not to become a disciple of the temple, but to directly become the master of the temple. From now on, the Northern Immortal Palace will no longer be It's not the nine major temples, but the ten major temples, and the master of the tenth temple is me!"

"What?!"

When Huo Fenghuang heard what Ye Feng said, his eyes suddenly showed deep shock.

As for Ji Xiaolan, who was standing there, her big, beautiful eyes suddenly showed deep shock, and then deep admiration.

Whether it is Huo Fenghuang or Ji Xiaolan, they have been in the Northern Immortal Palace for a long time.

Therefore, I also know a lot about the basic common sense in the Northern Immortal Palace.

So they know very well what the nine temple levels represent.

The temple represents the supreme authority in the Northern Immortal Palace.

And at this time, Ye Feng is going to directly become the master of a new temple?

This was a huge shock.

"Master is really amazing!!"

At this moment, Ji Xiaolan's big eyes were full of admiration.

Even Huo Fenghuang, who had always been quite aloof, stared at Ye Feng, a young adult, with a pair of mature and beautiful eyes, and his eyes showed a kind of deep shock and disbelief.

"I want to stay in seclusion for a while. Don't let anyone disturb me. Even if the Lord of the Immortal Palace comes, let him wait."

Ye Feng left a word at this time and walked directly into the secret practice room.

This time Ye Feng wanted to devour it. Whether it was the big man from the Blood God Palace or the desperate scholar that he killed before, they all contained huge majestic energy!

Chapter 2473 Complete boiling

When Ye Feng entered the secret training room, he immediately took out the Blood God Palace man he had killed before and the Jue Ming scholar he had just killed, and then placed them in front of him.

boom!

Next, Ye Feng instantly released his extremely powerful Devouring Vortex Domain without any hesitation.

"Crash!"

In an instant, an infinite realm of darkness immediately enveloped the corpses of the two strong men in front of them. ??

The cultivation levels of the big men in the Blood God Palace are relatively ordinary, and they are only in the sixth level of the Heavenly Tribulation Realm.

However, Scholar Jueming is truly a powerful being at the sixth level of the Dao Slaying Realm, and the skill contained in his body is absolutely majestic to the extreme.

Therefore, Ye Feng instantly felt a boundless energy, which was directly absorbed and injected into his body.

"Boom boom boom..."

Ye Feng suddenly felt that his skills were rapidly improving and growing.

Ye Feng's cultivation aura also began to rise and break through along with this devouring.

"boom!"

The fourth level of the Heavenly Tribulation Realm!

"boom!"

The fifth level of Heavenly Tribulation Realm!

"boom!"

The sixth level of Heavenly Tribulation Realm! !

Finally, at this moment, Ye Feng's cultivation stopped.

At this time, Ye Feng directly broke through the third level of the sky, which was a huge improvement.

Knowing Ye Feng's current state, even if he only breaks through the first level, his combat power will be greatly improved.

Because Ye Feng is different from other ordinary practitioners.

For other ordinary cultivators who have been promoted to the first or second heaven, their basic combat power will not increase significantly.

But Ye Feng is different.

Even if he only breaks through the first level, Ye Feng's combat power will skyrocket instantly.

At this moment, Ye Feng was very satisfied.

This time, he actually made a breakthrough to the sixth level of the Heavenly Tribulation Realm. It can be said that this is a huge progress.

And at this time, Ye Feng still had a storage ring from the Sword Emperor and a storage ring from the Deadly Scholar.

These are the storage rings of two super strong men at the Dao Slayer level, and there must be a lot of treasures and resources hidden in them.

Buzz!

At this moment, Ye Feng immediately released the power of his spiritual thoughts and began to explore the two storage rings.

Soon his eyes showed deep joy.

There are indeed a lot of resources contained in these two storage rings.

However, Ye Feng was quite disappointed that these two storage rings did not contain the energy resources that would allow him to break through in cultivation.

Most of them are some advanced martial arts inheritance, as well as some weapons, armors, etc.

However, although there are many cultivation resources, Ye Feng does not need them for the time being.

But he can go to the black stone in the Northern Immortal Palace to exchange for high contribution points, thereby exchanging various resources he needs from some special places in the Northern Immortal Palace.

However, half an hour later, Ye Feng still found some advanced martial arts inheritance worthy of his own practice from the storage rings of these two people.

For example, the Sword Emperor's Ten Thousand Swords Domain is very powerful.

These Ye Feng are naturally very willing to practice.

In the following time, Ye Feng did not come out of the secret training room, but continued to practice these advanced inheritances obtained from the storage ring, such as the Sword Emperor's Ten Thousand Swords Domain.

Ye Feng had previously won the first place in the Inner Sect Elder Assessment Trial for the Gate of the Void.

Ye Feng is constantly refining this space magic weapon at this moment, striving to completely refine it into his own treasure as soon as possible, so that it is completely handy.

And as Ye Feng continued to refine treasures and inheritance,

when.

The entire Northern Immortal Palace was in a state of complete excitement because of an order announced by the Lord of the Immortal Palace.

The order announced by the Lord of the Immortal Palace is that in addition to the nine major temples, the Northern Immortal Palace will build a brand new temple, the tenth temple, and the owner of the tenth temple will be Ye Feng. Lai assumes the position of palace master!

"Wow!"

Almost at the moment this news appeared, the entire Northern Immortal Palace was completely boiling.

Countless people couldn't help but feel deeply shocked. ??

Because of the emergence of the Tenth Temple, a brand new temple, this has never appeared before in the history of the Northern Immortal Palace.

Everyone is simply incredible to the extreme!

Because for thousands of years, many amazing and talented people have appeared in the Northern Immortal Palace.

But no one has ever been able to make the Lord of Immortal Palace pay such attention to him.

Let him create the tenth temple directly.

This is a great treatment!

I am afraid that even the biological son of the Lord of Immortal Palace would not be treated like this.

Then everyone was very confused, who was this Ye Feng who suddenly appeared?

Because I have never heard of Ye Feng.

But just a few days later, news of the terrifying battle between Ye Feng and the Sword Emperor, the master of the Sword Emperor Temple, was passed on, causing the entire Northern Immortal Palace to boil once again.

Everyone knew immediately.

It turns out that a young super genius of unparalleled splendor has appeared in their Northern Immortal Palace. He was actually able to fight the Sword Emperor of the Sword Emperor Temple during his time as an inner sect elder.

He even defeated the Sword Emperor!

And if the Lord of Immortal Palace hadn't come forward to resolve that dispute, the Sword Emperor might have been killed by Ye Feng.

A figure at the level of the master of the nine major temples, that is

Many people have an invincible existence in their hearts.

He is a supreme and majestic man!

It is a super powerful existence that no one can disobey!

But such an existence was now defeated by an unknown young man.

Moreover, he was almost defeated with a beheading.

In other words, Ye Feng's combat power can be said to have crushed the Sword Emperor, which shocked everyone to the extreme.

Nowadays, even some temple masters can't help but start paying attention to Ye Feng, the latest rising young figure.

Originally, these big figures at the level of palace masters may just be very indifferent to young people, and they may not even bother to pay attention to them.

However, the powerful monster fighting power displayed by the young man Ye Feng really made everyone in the Northern Immortal Palace, including countless old monsters in retreat, begin to pay attention.

Because they had never seen a young man who was so powerful and suddenly became the Lord of the Tenth Temple, which was comparable to the Lords of the Nine Temples.

It can be said that his talent is extremely extraordinary and unparalleled.

And just when everyone in the Northern Immortal Palace was boiling.

Among the nine major temples in the Northern Immortal Palace, Xiao Tianshen, who is in seclusion and refining the corpse of the demon god, is in the top-ranked Heavenly Temple.

The eyes of the master of the Heavenly Temple were filled with deep surprise.

Because he heard his subordinates report a big news that happened recently.

That was the Sword Emperor, the master of the Sword Emperor Temple, who was defeated by a young man named Ye Feng.

Even the Lord of Immortal Palace began to pave the way for Ye Feng.

Directly asking Ye Feng to establish the Tenth Temple can be said to be a great treatment.

"Ye Feng, Ye Feng..."

At this moment, Xiao Tianshen was reciting this name, and suddenly he seemed to think of something, and immediately said to his men: "Show me the portrait of this young man."

Chapter 2474 The next realm

"Yes, Lord Palace Master."

A Tianshen Temple disciple in front of Xiao Tianshen nodded immediately and walked out of the hall.

Soon he came back, holding a portrait in his hand, and it was Ye Feng's portrait that was painted on it.

The moment Xiao Tianshen, the master of the Temple of Heaven, saw the portrait of Ye Feng, a terrifying and violent killing aura burst out from his body: "It is indeed this boy! He actually dares to come to the Northern Immortal Palace to practice, I didn't expect that I could practice silently to this extent."

At this moment, Xiao Tianshen's eyes were full of deep gloom.

Because he recognized that Ye Feng was the one who killed his clone with the brute force gem in a small place.

But at that time, Xiao Tianshen chased Ye Feng into the wild forest. He thought that Ye Feng had died in the wild forest.

But what I didn't expect was that Ye Feng came to the Northern Immortal Palace in obscurity.

And he has quietly accumulated strength to develop to this extent.

He even defeated the Sword Emperor!

Today, Ye Feng is even more valued by the Lord of Immortal Palace.

The Lords of the Immortal Palace all paved the way for Ye Feng.

Let Ye Feng become the master of the tenth temple.

This made Xiao Tianshen feel like he had no idea what to do for a moment.

If it were a small person, Xiao Tianshen would come down immediately, kill Ye Feng, and take back the Brute Power Gem.

And all the other gods' gems from Ye Feng were taken back.

But Xiao Tianshen now knew that Ye Feng had grown to a point where he had to pay attention to him.

This made Xiao Tianshen feel extremely gloomy.

Unexpectedly, I had not realized that Ye Feng was in the Northern Immortal Palace before.

Because Xiao Tianshen has been refining the body of the demon god in seclusion during this period.

"It seems that we need to think about it in the long term. This Ye Feng is really scheming. He has been practicing secretly under my nose for so long without me even noticing.

, is a talent, but Ye Feng, Ye Feng, if you feel that you have exposed yourself now, I will not do anything to you, then you are totally wrong, now I know that you are in the Northern Immortal Palace, I will Make you pay the price with blood. "

At this moment, Xiao Tianshen murmured, and then instantly stretched out his palm.

Buzz!

Then a gem filled with chaotic energy appeared in his palm.

This is another gem of the gods controlled by Xiao Tianshen, called the Chaos Gem, which represents the power of chaos in the world and has incredible mysterious abilities.

...

And just when Xiao Tianshen was preparing to use some strategy to deal with Ye Feng.

At this time, Ye Feng was in his secret training room and successfully cultivated the Ten Thousand Swords Domain.

Moreover, the space magic weapon of the Void Gate has also been completely refined.

Ye Feng can use it more easily.

At this time, Ye Feng immediately walked out of the secret practice room.

When he came outside, he saw a young man wearing a white robe standing outside.

The aura on his body is extremely noble, and it is not easy to see such a being.

Ye Feng immediately couldn't help but said: "Your Excellency should be sent by the Lord of Immortal Palace to tell me something."

When the young man in white robe heard what Ye Feng said, his eyes suddenly showed a look of surprise, and then he couldn't help but clasped his fists and said: "The Lord of the Tenth Temple, Ye Feng, is worthy of being the Lord of our Immortal Palace." The existence that attaches so much importance is indeed very discerning. I am indeed the subordinate of the Lord of Immortal Palace, the right protector among the left and right protectors."

When Ye Feng heard this, he immediately nodded and said: "It turns out that he is the Right Protector under the Lord of the Immortal Palace. This time, the Right Protector came to me. Is there anything specific? It is for the establishment of the Tenth Temple."

The right protector nodded and said: "Master Ye Feng, please follow me now. I will take you to see the Lord of the Immortal Palace. The Lord of the Immortal Palace will personally build the tenth temple for you, because the Immortal Mountain is a very Special mountains, only the Lord of the Immortal Palace has the ability to build temple buildings on it. Eight of the nine major temples were built by the Lord of the Immortal Palace himself, because the Lord of the Temple is incapable of building it. The only one is The one who has the ability to build a temple by himself is Xiao Tianshen, the number one temple master.

When Ye Feng heard what Protector You said, his eyes suddenly showed a hint of surprise.

Sure enough, Xiao Tianshen, the master of the Celestial Temple, is very powerful, and his current cultivation level is probably comparable to that of the master of the Immortal Palace.

Moreover, Ye Feng knew that the war between the Northern Immortal Palace and the blood-sucking demons had been launched before, and Xiao Tianshen had benefited greatly.

Because Xiao Tianshen directly obtained the corpse of a demon god, if the refining is successful, then Xiao Tianshen will be equivalent to controlling an ancient god. .??.

However, Ye Feng felt that the corpse of the Demon God could not be refined so easily, so he still had time.

At this moment, Ye Feng followed the right protector and immediately left his residence and walked towards the central area of the Northern Immortal Palace.

The Lord of the Immortal Palace lives in the heart of the Immortal Palace in the Northern Territory.

On the way there, Ye Feng couldn't help but ask: "Right Protector, Xiao Tianshen, the most powerful master of the Heavenly Temple among the nine major temples, what kind of cultivation is he now?"

At this moment, Ye Feng was ready to listen to Xiao Tianshen's specific cultivation strength.

However, after hearing Ye Feng's question, the Right Protector immediately showed a hint of subconscious awe in his eyes, and said loudly: "Even the Lord of the Immortal Palace often talks about the strength of the Lord of Xiaotian Temple. The master himself is a little confused. The master of Xiaotian Temple should be the top existence in our Northern Immortal Palace. Of course, there are also some old monsters who are in seclusion in our Northern Immortal Palace. Those old antiques are The real existence that is like the foundation of our Northern Immortal Palace, a

His personal cultivation strength may far exceed that of the Dao Slayer Realm. "

Ye Feng nodded, and then asked: "By the way, because my cultivation has improved too quickly, I don't know much about the next realm. I wonder if the right protector can explain to me what the next realm is. What?"

When the right protector heard what Ye Feng said, he immediately looked at Ye Feng in surprise. It seemed that he had never expected that Ye Feng was so powerful and that he didn't even know the next realm.

However, the right protector didn't say much, because he knew that the more Ye Feng behaved like this, the more it showed that Ye Feng's talent potential was really terrifying to the extreme.

It is incredible to have cultivated to such a high level without knowing it. In the future, he will definitely be a super big shot in the Northern Immortal Palace.

After thinking about this, the right protector's tone at this time was also filled with deep awe and compliments, and then he said aloud: "If Master Ye Feng wants to know, then I will naturally tell you everything I know. As for the realm of knowledge, I once heard the Lord of Immortal Palace tell us that the realm above the Dao-killing realm is the realm of enlightenment, entering the Tao realm, and then entering the natural realm of Taoism. "

"When a cultivator steps into the natural realm of Taoism, the whole person and the rules of heaven and earth are integrated together, and the power of the rules of heaven and earth can be used at will. That is a true super existence, possessing terrifying and boundless power. "

"After the Tao becomes natural, the cultivator begins to merge with the entire world and all things. That state is called the state of unity of all things."

"Then the warrior begins to enter the eternal realm of true self."

"Then it starts to condense the Holy Embryo Realm of Heaven and Earth."

"When a cultivator condenses the Holy Embryo of Heaven and Earth, the whole person is like a piece of heaven and earth, filled with extremely powerful and huge energy."

"I don't know much about the subsequent realms. Perhaps the Holy Embryo Realm of Heaven and Earth is the most powerful realm, because as far as I know, there is no existence at the level of Holy Embryo Realm of Heaven and Earth even in our Northern Immortal Palace. Maybe there are only Only the most prosperous central land in the God Realm can give birth to such a super strong person!"

Chapter 2475 Naming

At this moment, after hearing the right protector say the next realm, Ye Feng's eyes suddenly showed a trace of surprise.

I didn't expect that there would be so many realms to come.

But it's normal to think about it.

After all, Ye Feng is just now in the Northern God Realm.

There is also a more prosperous land at the center of the God Realm.

There are countless strong men and huge forces there.

Even Ye Feng now knows that there is a more advanced and huge true origin of martial arts outside the territory, the Origin World.

Therefore, Ye Feng feels that it is even possible that the realm mentioned by the Right Protector is not yet the complete realm.

When Ye Feng thought of this, he suddenly felt that the road was long and far away.

However, Ye Feng also felt more expectant and excited about this.

Because the more powerful the power, the more excited Ye Feng is.

At this time, Ye Feng followed the right protector to the center of the Northern Immortal Palace.

The center of the Northern Immortal Palace is the extremely special Immortal Mountain mentioned before.

This is a very special mountain. The entire fairy mountain is emitting a mysterious light, giving people a majestic and vast feeling.

The moment Ye Feng approached this fairy mountain, he immediately sensed a very huge aura from the entire fairy mountain.

This kind of breath energy is something Ye Feng has never felt before. It is a very advanced energy breath.

Ye Feng's eyes were filled with surprise at this moment.

Because this energy breath is more advanced and pure than any energy I have encountered before.

It is indeed something from the great world of origin outside the territory!

At this moment, Ye Feng secretly released the Devouring Domain and swallowed up a trace of the fairy energy emanating from the fairy mountain.

boom

!

He immediately felt that his power was beginning to boil a little.

It was like dropping a drop of hot oil into a body of water, and it exploded instantly.

This made Ye Feng couldn't help but show deep surprise in his eyes.

It seems that practicing on this fairy mountain will definitely be of great benefit to me in the future.

And Ye Feng vaguely felt that there must be other secrets hidden in this fairy mountain, otherwise it would be impossible to emit such high-level energy.

Perhaps the entire fairy mountain is a complete and powerful magic weapon.

At this moment, Ye Feng was secretly guessing.

At this time, he followed the Right Protector to the top area of the Immortal Mountain.

At the top of this fairy mountain stands a huge and majestic hall.

This hall is not any of the nine major temples.

It is the place where the Lord of Immortal Palace lives, representing the highest authority.

Even the master-level figures of the nine major temples need to remain respectful when meeting the lord of the Immortal Palace.

At this moment, Ye Feng instantly felt a surging and vast power, roaring in the entire hall where the Lord of the Immortal Palace lived.

It's like a vast river of energy, giving people a very vast feeling.

At this moment, Ye Feng only felt that he was standing in front of this hall, like a weak ant, which made people feel very insignificant.

At this moment, Ye Feng suddenly understood that the cultivation strength of the Lord of Immortal Palace had definitely reached a very terrifying state, definitely far beyond the Dao-Slaying Realm!

At this moment, the right protector immediately looked at Ye Feng beside him and said: "The Lord of the Immortal Palace is already waiting for you, Lord Ye Feng, in this hall. Lord Ye Feng, you can go in directly now." , and I was ready to leave."

Uh-huh!

After the right protector finished speaking, his figure flashed and disappeared in an instant.

At this time, Ye Feng, with a hint of solemnity on his face, walked toward the central hall with long strides.

When Ye Feng entered the hall, he immediately saw a very elegant middle-aged man standing there, wearing a scholar's robe, and he did not seem to have any sense of majesty. .??.

However, Ye Feng knew that this elegant man who looked like a middle-aged scholar was the master of the entire Northern Immortal Palace!

He is the most famous figure in the entire Northern God Realm!

At this moment, Ye Feng immediately walked forward, clasped his fists and said, "I have met the Lord of the Immortal Palace."

When the Lord of the Immortal Palace saw Ye Feng walking in, there was no majestic look on his face. Instead, he said with a rather casual smile: "It's very good. In a short period of time, you have made another breakthrough." You have reached the third heaven and the sixth heaven of the Heavenly Tribulation Realm. It can be said that you are the most amazing and talented young man I have ever seen. Since the establishment of the Northern Immortal Palace, it has experienced hundreds of thousands of years of history. There has never been any One with a super talent like you."

After the Lord of the Immortal Palace finished speaking, Ye Feng immediately smiled and said: "The Lord of the Immortal Palace is ridiculous. I am just an ordinary warrior, nothing special."

Hearing this, the Lord of the Immortal Palace couldn't help but smile and said, "You don't have to be too humble. Your previous battle with the Sword Emperor was enough to prove your powerful cultivation potential."

After finishing speaking, Ye Feng immediately said: "Lord of the Immortal Palace, this time

You came to me to establish the Tenth Temple, right? "

The Lord of the Immortal Palace immediately nodded and said: "Yes, this time I asked the Right Protector to come to you, naturally to discuss with you the establishment of the Tenth Temple. Ye Feng, you must have thought about it. Do you want to accept the Tenth Temple? When you become the master of the Tenth Temple, it not only means an improvement in your personal status, but also means that you will become the pillar of our Northern Immortal Palace and the sect. If you are in trouble, you need to stand up in time. They say that when the sky falls, a tall man will hold it up. And Ye Feng, you will be what people call the "tall man" in the future. You have the responsibility to protect the Northern Immortal Palace. , I made it clear today, you still have a chance not to accept it."

When Ye Feng heard this, he immediately smiled and said without any hesitation: "I have considered everything. Lord of the Immortal Palace, please let me become the Lord of the Tenth Temple."

Ye Feng naturally couldn't give up this opportunity.

After all, the special and high-level fairy energy emitted from the fairy mountain is of great benefit to Ye Feng's current practice.

When Ye Feng said this, the Lord of Immortal Palace said nothing more.

He first gave Ye Feng a token, then stared at Ye Feng and said: "This is your exclusive token for the master of the Tenth Temple. From now on, you will be qualified to live in the Immortal Mountain, and there are many in the Northern Immortal Palace." You can use all the forces and institutions, including some resources, as the master of the temple. You will gradually understand these later. The most important thing now is, Ye Feng, you have to name your tenth temple. , what name are you going to use?"

Ye Feng thought for a moment, and then slowly said: "Let's call it...the Supreme Temple."

"Supreme Temple? Supreme?"

When the Lord of the Immortal Palace heard Ye Feng say these four words, his eyes suddenly revealed a deep and stunning light.

Chapter 2476 The establishment of the Supreme Temple

When Ye Feng said the name of the Supreme Temple at this time, the Lord of the Immortal Palace couldn't help but have a trace of surprise in his eyes.

Because among the nine major temples, none of the names are as domineering as Ye Feng.

It is directly named after "Supreme".

Supreme, what it means is that in the world, I am the only one who is supreme. ??

At this moment, Ye Feng saw the surprised gaze of the Lord of the Immortal Palace and couldn't help but ask: "Lord of the Immortal Palace, isn't the name I mentioned about the Supreme Temple acceptable?"

When the Lord of the Immortal Palace heard what Ye Feng said, he immediately smiled and said: "Of course, this kind of naming must be left to a palace master like you."

Ye Feng immediately said: "Lord of the Immortal Palace, you seemed a little surprised just now. It seems that the name of my Supreme Temple is too ostentatious?"

The Lord of the Immortal Palace smiled and said: "It doesn't matter, but I think your ambition is still very powerful. Name it directly after the Supreme Temple. You must know that the owners of several other temples did not dare to name it with such big names. , even the most powerful Xiao Tianshen only named the Heavenly Temple after his own name, and he is not as domineering as you, the Supreme Temple."

Hearing what the Lord of the Immortal Palace said, Ye Feng immediately laughed out loud and said: "I'm not saying that you have to be domineering. I just think that since it is the unprecedented tenth temple, it must be special. The Supreme Temple It sounds very powerful."

After saying that, the Lord of the Immortal Palace nodded and did not continue to dwell on this aspect. Instead, he said: "Next, I will follow you to build the Tenth Temple. Immortal Mountain is a very special mountain. When the time comes, You will know."

Ye Feng nodded, and then followed the Lord of the Immortal Palace out of the central hall and came outside.

At this time, the two people flew to the northwest area of the Fairy Mountain in an instant.

There is one here

A very deserted area.

This area happens to be uninhabited by anyone and can be used to build the Tenth Temple.

At this moment, the Lord of the Immortal Palace immediately began to raise his hands to the sky, and then began to utter a string of very ancient and complex words that seemed to be like spells.

Ye Feng didn't even understand the specific meaning of the language.

And just after the Lord of Immortal Palace said this long spell.

Boom!

Along with a violent roar, pieces of earth and bricks rose up on the barren ground in the entire Immortal Mountain in an instant.

In the blink of an eye, countless pieces of soil automatically began to build a huge palace.

Then after the palace was formed, the Lord of the Immortal Palace directly condensed a dark golden plaque at the front of the palace.

At this moment, the Lord of the Immortal Palace looked at Ye Feng and said, "You are the Lord of the Tenth Temple. It is up to you to write the name of this temple."

Ye Feng nodded and immediately flew to the plaque. Then he instantly stretched out his hand and drew four big words on it with powerful force: Supreme Temple.

After Ye Feng completed the outline, a terrifying and boundless force field was instantly generated in the entire hall and the surrounding area.

Ye Feng immediately saw an incredible scene.

The ground around the Supreme Temple was originally a barren area, but now there are very beautiful flowers growing in the soil, as well as some flowers, trees, rockeries and flowing water, all of which are automatically generated.

When it came out, it exuded a faint light and looked extremely noble.

This made Ye Feng couldn't help but asked in surprise: "Lord of the Immortal Palace, I didn't expect that this Immortal Mountain is so magical. When a new temple is built, it will automatically improve the surrounding environment."

The Lord of the Immortal Palace also nodded and said aloud: "This Immortal Mountain fell from an extraterrestrial world. It is a very magical area. Sometimes I even think that this entire Immortal Mountain is a very powerful magic weapon, but I haven't found anything in so many years, and many of the old monsters in our Northern Immortal Palace haven't found anything either. However, practicing on the Immortal Mountains and absorbing the special power emitted by these Immortal Mountains can improve our cultivation and combat power. They have all been greatly improved. From now on, Ye Feng, you will be the master of the Tenth Temple, the Supreme Temple, and you can practice directly here."

Ye Feng nodded, with a hint of joy in his eyes at this moment.

Because Ye Feng has now officially become the master of the tenth temple of the Northern Immortal Palace. Supreme Palace Master!

Next, the Lord of the Immortal Palace made a majestic voice and announced the official establishment of the Supreme Temple to all areas of the Northern Immortal Palace.

Wow!

This immediately caused everyone in the entire sect to be excited.

Uh-huh! Uh-huh! Uh-huh...

Immediately, countless disciples, including elders and protectors, all gathered in the direction of the Immortal Mountain.

They saw the buildings of the Tenth Temple from a distance, and they began to stand up. Everyone was very envious, looking at the majestic temple building with awe in their eyes.

"Supreme Temple!"

At this moment, everyone saw the name of the tenth temple where Ye Feng was located. It was actually called

Make the Supreme Temple.

I have to say that Ye Fengqi's name is still very domineering.

When everyone saw the words "Supreme Temple", they couldn't help but feel an inexplicable shock in their hearts.

The Lord of the Immortal Palace said to Ye Feng at this time: "From now on, you can recruit your own subordinates and develop and expand your Supreme Temple. However, these are mundane things. You don't have to recruit disciples. The most important thing is that you are the leader of this temple." The master of the palace is even more powerful. Even if you are the only one in the entire Supreme Temple, as long as your personal strength is strong enough, no one can overthrow your position. "

When Ye Feng heard what the Lord of the Immortal Palace said, he immediately nodded and said: "Lord of the Immortal Palace, I understand what you said. I have always been clear that only one's own strength is truly powerful. Everything else is None of it makes any sense."

When the Lord of the Immortal Palace heard what Ye Feng said, he immediately patted the opponent on the shoulder, and then said: "It's a good thing that you know this. There may be other tasks for the Lord of the Temple like you, so take the In the next few days, you should familiarize yourself with the environment of the entire Immortal Mountain. If you want to recruit disciples, you can recruit them. If you don't want to recruit them, you can practice in your own Supreme Temple. I have something to do now, so I will leave first. "

At this time, after the Lord of the Immortal Palace finished speaking, he immediately left the area of the Supreme Temple.

At this time, Ye Feng was looking at his own building. The magnificent temple building made Ye Feng feel noble at this time.

And just when Ye Feng was ready to practice hard and see what secrets the advanced energy in the fairy mountain had.

Uh-huh!

Suddenly a beautiful figure flew over not far away.

The person who came was none other than Zeng Rou, the master of the Natural Temple.

Chapter 2477 The highest level of the inheritance palace

At this moment, Zeng Rou, the master of the Natural Temple, flew over from not far away, looked at Ye Feng, smiled and said: "Ye Feng, congratulations, I didn't expect you to have established the Supreme Temple so quickly. Temple, the name Supreme is really domineering. Now everyone in the entire sect has heard of your name, and even the entire Northern Territory. I am afraid that the news of the establishment of the Supreme Temple will soon spread throughout the whole sect, Ye Feng , you will be famous throughout the Northern Territory."

At this moment, Zeng Rou was talking, with a hint of wonder and complexity in her eyes.

Because when she met Ye Feng before, Ye Feng was just a new elder who had just joined the Northern Immortal Palace.

At that time, Zeng Rou was still thinking that she would protect and take care of her old friend Ye Feng in the future.

But I didn't expect that in this short period of time, or even just a few months, Ye Feng would grow up all of a sudden. His cultivation and combat power were like divine help, and he became extremely powerful.

Even the Lord of the Immortal Palace was impressed by Ye Feng's martial arts training talent, and he did not hesitate to create an unprecedented tenth temple for Ye Feng.

It can be said that this is a great treatment.

Because today's temple masters basically inherit the positions of the powerful elders of the previous generation and become the new generation of temple masters.

But Ye Feng is different. Ye Feng directly created a brand new Tenth Temple, which can be said to be the founder of the Tenth Temple.

Even if Ye Feng got tired in the future and resigned as the master of the Tenth Temple, he would be succeeded by other young people.

In the future, countless people will remember that the first founder of the Tenth Temple and the Supreme Temple was none other than Ye Feng.

This can be said to be an epoch-making achievement.

So at this moment, Zeng Rou looked at Ye Feng in front of her. This young man had a look of wonder and complexity in his beautiful eyes.

Unexpectedly, the weak young man a short time ago has now become the master of the tenth temple, and has become a master-level figure who can be equal to Zeng Rou.

In fact, Ye Feng was able to defeat the Sword Emperor. Zeng Rou felt that if Ye Feng truly exploded with all his fighting power, she might not even be her opponent.

At this time, Ye Feng smiled and said: "The Lord of Immortal Palace helped me build this building, otherwise it would not have been built so quickly. I don't have the ability now."

Zeng Rou nodded slightly and said: "When the first generation of my Natural Temple was established, it was also established by the Lord of the Immortal Palace. From now on, Ye Feng, you will live on the Immortal Mountain. Slowly you will understand the mystery of the entire Immortal Mountain. "

When Ye Feng heard this, his eyes lit up and he said: "I have just discovered the magic of the Immortal Mountain. This Immortal Mountain is indeed a very special mountain. When the Lord of the Immortal Palace built the Supreme Temple, when the temple building stood up After that, the surrounding environment completely changed. The originally barren ground suddenly grew beautiful flowers, including rockeries and flowing water. They were all automatically generated and looked like nature. It's so miraculous that it's like creating a whole new world."

Hearing this, Zeng Rou couldn't help but nodded, with a trace of wonder in her eyes.

He said aloud: "I live in the southern part of the Fairy Mountain. I have been the master of the Natural Temple for nearly hundreds of years. During these hundreds of years, I have been studying the mysteries of the Fairy Mountain, but I have not studied them thoroughly. Maybe Ye You can study the wind and solve many mysteries that cannot be solved by the old antiques and seniors in our Northern Immortal Palace. After all, it is rumored that this fairy mountain fell from the mysterious outside the territory and was captured by our Northern Immortal Palace. The first-generation Immortal Palace Lord has been found, and the construction has become the foundation of our entire Northern Immortal Palace, so it has endless mysteries. The effects of the Immortal Mountain we have developed for the time being may be just the tip of the iceberg of the entire Immortal Mountain's true capabilities."

Ye Feng nodded slightly, stared at the surrounding fairy mountains, and said slowly: "I am indeed very curious about this special mountain. I will go and explore it carefully when I have time."

At this moment, Ye Feng looked at Zeng Rou, as if he suddenly thought of something, and continued to say: "From now on, Zeng Rou, you can come to my Supreme Temple to practice together. The two of us can also confirm each other's martial arts practice." , This is of great benefit to the cultivation of both of us. After all, your natural way can calm my martial arts state of mind, and the power of chaos that I cultivate can accommodate various attributes of power, which can help Zeng Rou strengthen your skills. "

When Zeng Rou heard Ye Feng's sudden and direct words, a trace of undetectable ruddy color appeared on her originally pure and beautiful face.

She seemed to have misunderstood Ye Feng's words about practicing together.

However, Ye Feng did not notice this.

Because what he said about practicing together is really just pure practice.

Zeng Rou calmed down her slightly fluctuating mood at this time, and then said aloud: "By the way, I came to you this time. In addition to celebrating your becoming the master of the tenth temple, I also have an important news to tell you. That is, every time a temple master is elected, the upper echelons of the entire sect will give the new generation of temple masters a chance to enter the highest level of the inheritance palace. What is stored at the highest level of the inheritance palace are some weird and antique-like items. The things are all left by the first-generation old palace master of our Northern Immortal Palace, but they do contain very precious existences. The natural divine art that I practice, it is said that I was once the master of the first-generation natural temple. It was found in a pile of ancient fragments at the highest level of the inheritance palace, so the highest level of the inheritance palace may allow you to discover very precious treasures or powerful ancient inheritances. This opportunity is very important, Ye Feng, you can't miss it."

Ye Feng couldn't help but have a look of surprise in his eyes at this time, and said loudly: "I don't know about this, and the Lord of the Immortal Palace did not tell me that he has this right."

Zeng Rou said with a smile: "Perhaps the Lord of the Immortal Palace has not informed you yet. After all, you have just become the Lord of the Temple. Now you need to concentrate on accumulation instead of looking for some treasures. But now you can indeed go directly to the highest level of the Heritage Palace. Choose something to bring out. It is a bunch of ancient things. It requires a sharp eye to pick out the most precious ones. But I believe Ye Feng, you will be able to find something very powerful. After all, you have extremely terrifying powers. The stronger the martial arts potential, the stronger the ability to sense powerful treasures."

Ye Feng nodded and said: "Okay, when I have time, I will go to the highest level of the inheritance palace to make a good selection and see if I can find an extremely precious treasure from a bunch of ancient things." At this moment, Zeng Rou The master of this natural temple flew over from not far away, looked at Ye Feng, smiled and said: "Ye Feng, congratulations, I didn't expect you to have established the Supreme Temple so quickly. The name Supreme is amazing. You are really domineering. Now everyone in the entire sect has heard of your name, and even the entire Northern Territory. I am afraid that the news of the establishment of the Supreme Temple will soon spread throughout the entire Northern Territory. Ye Feng, you will be famous throughout the Northern Territory. She seemed to have misunderstood Ye Feng's words about practicing together.

Chapter 2478 Recycling

Zeng Rou smiled slightly and said: "Seeing Ye Feng that you have achieved such great achievements now, I am really happy for you. By the way, from now on, when you live in this fairy mountain, if there is anything you don't understand, you can tell me. Come to my natural temple and ask me anytime."

Ye Feng smiled and said: "Okay, by the way, Zeng Rou, you can consider my previous suggestion. You can come directly to my Supreme Temple to practice. Let's improve together. After all, I don't have much else in the huge Northern Immortal Palace." We are very close friends, Zeng Rou, you should be the only friend I can practice with in the realm of cultivation."

Although Zeng Rou does not seem to have strong combat power, Ye Feng knows very well that if she can become the master of the Nature Temple, she must have her own powerful methods and inheritance.

Each temple master has his or her own trump cards and methods.

Of course, except the Sword Emperor.

After all, the Sword Emperor is the weakest among the nine temples.

No, there are now ten major temples. It should be said that the Sword Emperor is the weakest among the ten major temples.

...

For the next period of time, Ye Feng practiced in his Supreme Temple.

He didn't recruit disciples or disciples or anything like that.

Because Ye Feng thought it was a waste of time.

After all, improving your own cultivation is the most useful thing.

Only by being strong yourself is the right way.

If you are not strong yourself, even if you train some powerful disciples, they will be of no use.

Moreover, Ye Feng's goal has always been to one day become successful in cultivation and go to the center of the God Realm, a place full of powerful people, to find his mother and fight against the Chaos God Clan.

Therefore, Ye Feng established the Tenth Temple and had no intention of recruiting many disciples.

Because that was just a drag on Ye Feng.

At this moment, Ye Feng is breathing and breathing inside his Supreme Temple. He is constantly absorbing the energy escaping from the surrounding air.

The breath of the fairy mountain comes.

This fairy mountain atmosphere is the special high-level energy contained in the fairy mountain.

Ye Feng has been absorbing this fairy mountain atmosphere during this period.

He discovered that the high-level energy contained in this fairy mountain did have some growth effects on his own skills.

However, for Ye Feng, a devouring maniac with a body like a bottomless pit, these energies did not cause any significant improvement in his skills.

Just growth, no breakthrough.

This made Ye Feng quite disappointed.

However, Ye Feng still discovered something that surprised him.

That is, the aura energy of these fairy mountains can continuously grow and enhance the strength of one's chaotic body.

This discovery surprised Ye Feng.

Because every time Ye Feng devours the power of other strong men or pills, he can only improve his own skills and cultivation, but cannot strengthen his physique.

Every time, Ye Feng needs to obtain very special materials, or some extremely strong special materials from heaven and earth, so that he can extract the strong attributes from them through the God Clan gloves, allowing his body to continuously evolve and transform.

But this transformation is too slow.

But now Ye Feng has discovered that the aura energy emanating from this fairy mountain is very advanced, and it seems to contain a very special attribute energy that can continuously improve and transform his chaotic body.

Although this improvement is very slow.

But it is indeed possible to allow one's own chaotic body to continuously transform and evolve.

Just such an effect alone made Ye Feng very determined.

You must always live in the Supreme Temple in the Fairy Mountain area.

In the next month, Ye Feng continued to absorb the aura emanating from this fairy mountain.

His Chaos Body has also improved a lot.

Ye Feng even tried to use the God Clan gloves to extract the attributes of the entire fairy mountain.

The result surprised Ye Feng. The attributes of the entire Immortal Mountain seemed to be endless. His God Clan gloves could continuously extract the attributes of the Immortal Mountain, and the energy could quickly increase the strength of his Chaos Body.

So in just one month, Ye Feng used the God Clan gloves day and night to extract the attributes of the entire Fairy Mountain without eating or drinking. .??.

His chaotic body actually stepped directly from the tenth level of the late fifth heaven to the second level of the great perfection of the fifth heaven.

It can be said that this is a huge progress!

And just when Ye Feng continued to use the gods' gloves to extract the high-level energy attributes in the entire fairy mountain that could strengthen the chaotic body.

He suddenly realized that he couldn't extract any of it.

In other words, this high-level energy attribute in the entire fairy mountain was directly sucked up by him within a month!

Ye Feng soon heard the complaints from other temple masters in the entire Fairy Mountain area.

"Why did the special attribute energy in the fairy mountain suddenly disappear? How can we practice?"

"Would you like to report to the Lord of the Immortal Palace what exactly happened in the Immortal Mountain?"

"What a ghost. Nothing has happened for so many years, thousands of years. Why did the special energy of the fairy mountain suddenly disappear this month and become very thin."

...

The complaints from other temple masters around him made Ye Feng in the Supreme Temple suddenly break out in cold sweat on his forehead.

It seems that he has absorbed all the high-level energy in the entire Xianshandong within a month, allowing his chaotic body to grow stronger.

However, Ye Feng is a little strange. If he really absorbed all the high-level energy in the entire fairy mountain, it would be impossible for his chaotic body to rise to three levels.

It just transformed from the late tenth level of the fifth heaven to the second level of Dzogchen in the fifth heaven.

The extremely mysterious Fairy Mountain, the treasure that comes from the great world of origin outside the world of caves, shouldn't be such a stretch.

In the next few days, Ye Feng stopped using the God Clan gloves to extract the high-level energy attributes of the Immortal Mountain.

Buzz!

Ye Feng gradually felt that the high-level energy aura in the entire Immortal Mountain was once again produced and reappeared, spreading throughout the entire Immortal Mountain area, and slowly became as thick and powerful as at the beginning.

"call!"

"Fortunately, it restored automatically."

This immediately made Ye Feng breathe a sigh of relief.

"It seems that the high-level energy attribute aura in the fairy mountain can be continuously restored by itself, and the cycle is about a month."

This made Ye Feng immediately make up his mind.

Next time, I will withdraw it for half a month, then let Xianshan recover for another half month, and then continue to withdraw it for another half month.

Such continuous recycling should not cause any major abnormalities to occur to other palace masters.

Otherwise, if the Lord of the Immortal Palace blames him, Ye Feng knows that he may be imprisoned directly.

And if it is recycled and extracted in this way, it can also be regarded as a recycling of the high-level attribute energy in the fairy mountain.

Ye Feng was really afraid that if he extracted all the high-level attribute energy from the fairy mountain at once, it would be too powerful. As a result, the fairy mountain would be paralyzed and could never be recovered. In that case, the gain would not be worth the loss.

Chapter 2479 A huge change

In the next six months, Ye Feng continued to extract advanced energy attributes in this way.

The aura exuded from the fairy mountain has not changed much during this period, but may become slightly thinner, and then return to its natural state.

Although this caused some temple masters to wonder why the high-level energy attribute aura of the fairy mountain weakened for a while and then returned to normal.

But no other temple masters complained.

After all, Fairy Mountain is an extremely mysterious mountain, and some less obvious changes may be normal.

Therefore, in the next period of time, in order to maintain recyclability, Ye Feng will only extract it for half a month at a time.

When the high-level energy aura became thinner, Ye Feng stopped and let the fairy mountain continue to recover.

After the fairy mountain returned to its peak state, Ye Feng continued to extract it for another half month.

For half a year, Ye Feng was in seclusion.

With the extraction of high-level attribute energy from the fairy mountain, the strength of Ye Feng's chaotic body finally transformed to the ninth level of the fifth heavenly perfection!

As long as he breaks through one more level, the strength of Ye Feng's chaotic body will completely enter the perfect state of the tenth level of the fifth heavenly perfection.

At that time, Ye Feng's chaotic body will be able to launch an impact towards the new realm of the sixth heaven.

Ye Feng is very much looking forward to this.

Because every evolution and transformation of the Chaos Body can also transform the Chaos Heavenly Emperor Art.

Each time, Ye Feng awakens a powerful and special blood inheritance talent, which is very magical and powerful.

Ye Feng is naturally very eager and looking forward to the sixth heaven's bloodline inheritance talent.

He is very curious, what kind of powerful talent will he awaken when he reaches the sixth level of the Chaos Body?

And just when Ye Feng continued to prepare for retreat and attack the sixth level of the Chaos Body.

Uh-huh!

On this day, suddenly the right protector under the Lord of the Immortal Palace suddenly arrived at Ye Feng's Supreme Temple.

"Master Ye Feng, please come out and see me."

The right protector made a sound to the Supreme Temple.

"The right protector is here?"

Ye Feng was quite surprised by the sudden arrival of the Right Protector.

At the same time, there is also some guilt.

Ye Feng thought in his heart, could it be that the Lord of the Immortal Palace had discovered the anomaly in the Immortal Mountain? Could it be that he knew that he had been extracting the high-level energy breath from the Immortal Mountain for the past six months?

?

That would be more troublesome.

After all, it's not easy to explain.

Uh-huh!

Ye Feng felt a little guilty at this time. He walked out of the secret room where he was practicing, looked at the Right Protector who was waiting outside, and asked with a smile: "Is there anything particularly important when the Right Protector comes?"

The Right Protector just said aloud at this time: "Master Ye Feng, the Master of the Immortal Palace has important matters to discuss with you. There is also the Master Zeng Rou of the Natural Temple. He should also be the master of your Supreme Temple in the Ye Feng Palace recently." Let's practice in the area, the Lord of Immortal Palace asked you two to go together."

When Ye Feng heard what the right protector said at this time, he actually asked himself and Zeng Rou to go to the area where the Lord of the Immortal Palace lived to discuss important matters.

From this point of view, the Lord of the Immortal Palace should not be talking to him alone about extracting the high-level energy of the Immortal Mountain.

This made Ye Feng feel relieved.

He nodded slightly and said: "Palace Master Zeng Rou has indeed been practicing in my Supreme Temple recently, and we are very happy practicing together."

At this time, Ye Feng began to transmit a message to Zeng Rou in a certain room of the Supreme Temple, and said: "Zeng Rou, please exit the cultivation state first. The Lord of the Immortal Palace sent the right protector to invite the two of us to the main hall of the Immortal Palace. Things need to be discussed, I don't know what they are, but they should be important."

Uh-huh!

After Ye Feng finished speaking, Zeng Rou instantly flew out of a room in the Supreme Temple, and instantly flashed to Ye Feng's side.

The master of the Temple of Nature showed a smile on his beautiful face and said, "Okay, let's go together."

When the right protector saw this scene, he couldn't help but show a hint of surprise in his eyes.

He felt that there might be some kind of inseparable relationship between Hall Master Ye Feng and Hall Master Zeng Rou.

After all, the two of them have been practicing together during this time.

This news seemed to have spread throughout the entire Northern Immortal Palace.

Now many people in the Northern Immortal Palace know that the new generation of the Tenth Temple, the Supreme Temple's Master, is very close to the Natural Temple's Master.

But many people feel that this pair is a match made in heaven.

Because both of them are extremely handsome people, they are completely worthy of each other.

However, the rumors outside did not disturb the relationship between Ye Feng and Zeng Rou.

They didn't pay attention to the various rumors from other people outside.

The relationship between the two is still very simple.

They didn't deliberately try to alienate each other or avoid rumors.

As it should be, so it should be.

At this moment, Ye Feng looked at the right protector in front of him and said, "Then let's go directly."

The right protector nodded, and instantly led the two of them to fly towards the Immortal Palace Hall in the center of the Immortal Mountain.

When the two people arrived at the main hall of the Immortal Palace, the Lord of the Immortal Palace was already standing there.

"I have met the Lord of Immortal Palace."

At this time, Ye Feng and Zeng Rou both clasped their fists and said loudly to the Lord of the Immortal Palace.

The Lord of the Immortal Palace turned around at this time, but his expression did not have the gentleness and smile of the past, but a deep solemn look.

This made the entire atmosphere on the field become a bit serious and depressed.

At this time, Ye Feng and Zeng Rou looked at each other, and they both saw something wrong with the expression of the Lord of Immortal Palace.

There was a hint of surprise in their eyes.

It seems like something really big happened.

And it may be very serious.

Otherwise, it would be impossible for a super big man like the Lord of the Immortal Palace, who is in charge of the northern land, to show such a solemn and dignified expression.

The Lord of the Immortal Palace looked at Ye Feng and Zeng Rou at this time, and said slowly: "This time I come to you, a major event that shocked the world happened, except for the central land of the God Realm, which is independent of the surrounding desolate four realms. In addition, our other four regions in the east, south, west and north were all shocked by this incident. "

When Ye Feng heard what the Lord of the Immortal Palace said, his eyes suddenly showed a hint of surprise, and he asked aloud: "Lord of the Immortal Palace, what important thing happened? Is it particularly serious? Let you all So worried and solemn."

really.

The cultivation of the Lord of the Immortal Palace is unfathomable and supreme.

Even the Lord of the Immortal Palace appeared so worried. It seemed that something big had happened.

The Lord of Immortal Palace nodded at this time and said aloud: "This matter is indeed very serious. I have just received news that the overlord force in the Eastern Region, the Barbarian God Empire, the imperial capital of this unified empire, is an overlord. The core of the power was wiped out by a mysterious force overnight. The entire Barbarian God Emperor

All the royal family members of the country died that night, and now the imperial capital of the Barbarian God Empire is in ruins. "

"What?!"

Hearing what the Lord of the Immortal Palace said at this moment, Ye Feng and Zeng Rou who were present couldn't help but have a hint of horror in their eyes.

This is indeed very serious news!

What a huge change!

The Barbarian God Empire was the hegemonic force that commanded the entire Eastern Region.

Although the strength and foundation are not as good as those of sects like the Northern Immortal Palace.

But there are countless strong ones.

After all, he commanded the entire Eastern Region.

But unexpectedly, overnight, the entire imperial capital of the Barbarian God Empire was instantly wiped out by a mysterious force?

This news will indeed create a huge sense of crisis in the four major domains.

No wonder a big shot like the Lord of Immortal Palace has a very solemn expression at this moment.

At this moment, there was a depressing feeling in the entire hall that a storm was coming.

The Lord of the Immortal Palace said aloud: "This matter is too big, so several overlord forces from our four major regions united to block the news that the Imperial City of the Barbarian God Empire was obliterated. Now there are only sects of the major overlord forces. Only the upper levels know about it, otherwise it is very likely to cause panic among all the people in the four regions. The earth in the center of the God Realm is independent and will not care about the affairs of the four regions in the desolate areas around us, so this matter can only be solved by ourselves. , this time I asked you two, Ye Feng and Zeng Rou, to go to the Imperial City of the Barbarian God Empire in the Eastern Region to find out what happened. Me and all the seniors in the Immortal Palace in the Northern Region We need to stay at the base camp of the Immortal Palace in the Northern Territory, so I can only let you two go to investigate. This time, the overlord forces in several other domains

have basically sent their upper-level figures to investigate the imperial city of the Barbarian God Empire. We will set off tomorrow. Remember to be careful. As long as you investigate, there is no need to take risks to track down anything. I need you to come back safely and bring back the news of the investigation. Both of you are the pillars of the Northern Immortal Palace, especially Ye Feng. You need to return safely. This time, Ye Feng, the new master of the temple, is sent to investigate. It is also to temper you and pave the way for you to become familiar with the upper echelons of the four realms and let other overlord forces know that you are the third one. The Master of the Tenth Hall is so powerful, please don't embarrass our Northern Immortal Palace."

When Ye Feng heard this, he immediately clasped his fists and said: "Don't worry, Lord of the Immortal Palace, I will definitely complete the mission!"

The Lord of the Immortal Palace smiled happily, patted Ye Feng on the shoulder and said, "Go ahead, remember, safety first."

Chapter 2480 Preparation before departure

For Ye Feng, the investigation task this time was not that difficult.

So after the Lord of Immortal Palace finished speaking, Ye Feng immediately agreed to this mission.

And this time, Zeng Rou, the master of the Natural Temple, was following him.

Both of them are masters at the level of palace masters. If they join forces, they should not encounter any danger.

The reason why the Lord of Immortal Palace asked Ye Feng to investigate this time was also very simple.

That was to temper Ye Feng, the new temple master who had just become the Tenth Temple.

Moreover, for this investigation mission, the overlord forces in several other domains will also dispatch their respective sect upper-level figures.

It just so happens that Ye Feng gathers with everyone this time, and can also get to know each other, in order to improve the status of the Northern Immortal Palace among the four regions. ??

After all, for a super powerful force, if a peerless genius emerges who will be astonishing for all eternity, this is definitely something worth publicizing.

This has a huge positive effect on the super power, and it also has a publicity effect, allowing more talented young people to join the super power.

At this moment, Ye Feng and Zeng Rou were walking on the road after bidding farewell to the Lord of the Immortal Palace.

Zeng Rou looked at Ye Feng with a solemn look in her eyes, and said loudly: "I'm afraid something really terrible happened this time. The imperial city of the Barbarian God Empire, the dominant force in the Eastern Region, unexpectedly disappeared overnight. It was destroyed in a while. When the Lord of the Immortal Palace said this just now, I felt a deep cold. "

Ye Feng also nodded slightly at this time and said loudly: "This is indeed a big thing. After all, the Barbarian God Empire is not an ordinary force or a second-rate first-rate sect. It stands proudly in the east." The overlord force in this region, such a hegemonic force, was wiped out overnight. It can be said that it really shocked the entire four regions, even I was a little shocked. "

When he said this, Ye Feng's eyes suddenly showed a trace of doubt, and he spoke instantly

Asked: "Zeng Rou, do you know that there are other connections between our four realms and the earth at the center of the God Realm?"

When Zeng Rou heard what Ye Feng said, she immediately shook her head and said: "The central land of the God Realm has always been like an independent and prosperous central area to our four regions. Our four major regions are distributed in the God Realm. In the eyes of many powerful people in the center of the God Realm, the four directions of the east, south, west and north of the central earth, our four surrounding areas are actually very desolate practice areas. The vitality and spiritual energy of heaven and earth are thin, so the divine world The forces and powerful people in the central land don't bother to care about the affairs of remote places like us."

When Ye Feng heard Zeng Rou say such words, he suddenly understood something in his heart.

It seems that the people in the center of the God Realm are aloof and do not care about the safety of the deserted areas where the Four Domains are located.

At this time, Ye Feng couldn't help but guess and said: "The force that can destroy the imperial city of the Barbarian God Empire overnight, or a certain strong person, is probably a powerful existence that cannot be born in our four regions."

Hearing what Ye Feng said, Zeng Rou immediately showed a trace of surprise in her eyes, and couldn't help but said: "Ye Feng, you mean, the mysterious force or a certain powerful person who destroyed the imperial city of the Barbarian God Empire. , maybe it comes from that prosperous place in the center of the God Realm?"

Ye Feng nodded and said: "My current guess is this, but we need to go to the site to check for details."

Zeng Rou nodded, and then followed Ye Feng back to the Supreme Temple.

After arriving at the Supreme Temple, Zeng Rou seemed to have thought of something, and immediately said: "Ye Feng, the privilege I told you before, you, the new palace master, can choose an ancient thing at the highest level of the inheritance palace, you Is the time gone?"

When Ye Feng heard what Zeng Rou said, he immediately couldn't help but take pictures

He touched his forehead and said with a wry smile: "I have been practicing deeply during this period and constantly strengthening my physique. I really forgot about such a thing."

Zeng Rou immediately said with a smile: "It's not too late now. We will set off to the Barbarian God Empire in the Eastern Region tomorrow. Ye Feng, you should go to the highest level of the inheritance hall to select an ancient thing. Maybe that thing is The treasure can protect your safety in the future. After all, this time we go to the imperial city of the Barbarian God Empire, we may encounter very dangerous situations. We must consider everything before departure and improve our overall strength as much as possible. "

Ye Feng nodded and said: "Zeng Rou, you are right. We should make full preparations before setting off, fully arm ourselves, and make our overall strength as strong as possible, so that we can deal with what may happen next. Although this is just an investigation mission, it does not mean that there will be no danger. "

After Ye Feng finished speaking, he immediately said goodbye to Zeng Rou, left his Supreme Temple, and walked towards the inheritance hall of the Northern Immortal Palace. ??

When Ye Feng came to the inheritance hall, he immediately saw a familiar old man sitting next to the inheritance hall, seeming to be taking a nap.

This old man was the guardian old man of the inheritance hall that Ye Feng had encountered several times before.

This is an unfathomably ancient existence.

Even with Ye Feng's current cultivation level, he still couldn't see through the true strength of this old guardian when he saw him.

This shocked Ye Feng.

You know, Ye Feng's current strength and comprehensive combat power are comparable to the existence of the temple master.

But he still couldn't see through this old guardian.

It seems that this guardian of the elderly must be the old monsters and antiques in the Northern Immortal Palace who have suppressive background level.

At this moment, Ye Feng walked over and guarded

The old man immediately sensed Ye Feng's aura, and immediately opened his eyes, looked at Ye Feng, and couldn't help but said with some surprise: "You kid has become so powerful all of a sudden. It seems that you have experienced this period of time." I have learned a lot and received incredible blessings."

Ye Feng said with a smile at this time: "Senior, I have now become the master of the Tenth Temple, the Supreme Temple."

When the old guardian of the inheritance hall heard this, he immediately couldn't help grinning and said: "It turns out that your boy is the hall master of the tenth temple who has just been promoted. I wonder who is so powerful that he can make the Lord of the Immortal Palace... You are the one who

founded the Tenth Temple. It seems that your martial arts potential is far beyond my imagination. Yes, yes, our Northern Immortal Palace has produced a rare talent throughout the ages."

Ye Feng smiled and clasped his fists and said: "Senior, you are so ridiculous. I came here this time to enter the highest level of the inheritance hall and choose an ancient thing left by my predecessors."

The guardian of the old man nodded, as if he knew this rule, and said loudly: "Then come with me."

Seeing the old guardian walking towards the inheritance hall, Ye Feng quickly followed him.

On the way to the highest level of the inheritance hall, the guardian elder said: "Your boy is very popular with me, and he will be the pillar of our Northern Immortal Palace in the future. So let me first remind you that the highest level of the inheritance hall All of them are ancient things that even many of our seniors cannot detect the true power and secrets of. When you enter them, you must sense them with your heart to find your treasure from those ancient things. And if you can't sense it the first time, don't blindly choose an ancient thing, because it may be a waste. You can continue to select and sense it the second time. This is the privilege I give you. Others People only get one chance to choose."

When Ye Feng heard what the guardian said, he immediately said: "Thank you, senior, for reminding me. I will try my best to sense and choose, and strive for success!"
